Section 10. Execution of the Bonds; Closing; Professional Services. The Bonds shall be issued in printed form, executed on behalf of the County by the manual or facsimile signatures of the Chairperson and County Clerk, authenticated, if required, by the Fiscal Agent (defined below), sealed with its official or corporate seal, if any, or a facsimile thereof, and delivered to the Purchaser upon payment to the County of the purchase price thereof, plus accrued interest to the date of delivery (the "Closing"). The facsimile signature of either of the officers executing the Bonds may be imprinted on the Bonds in lieu of the manual signature of the officer but, unless the County has contracted with a fiscal agent to authenticate the Bonds, at least one of the signatures appearing on each Bond shall be a manual signature. In the event that either of the officers whose signatures appear on the Bonds shall cease to be such officers before the Closing, such signatures shall, nevertheless, be valid and sufficient for all purposes to the same extent as if they had remained in office until the Closing. The aforesaid officers are hereby authorized and directed to do all acts and execute and deliver the Bonds and all such documents, certificates and acknowledgements as may be necessary and convenient to effectuate the Closing. The County hereby authorizes the officers and agents of the County to enter into, on its behalf, agreements and contracts in conjunction with the Bonds, including but not limited to agreements and contracts for legal, trust, fiscal agency, disclosure and continuing disclosure, and rebate calculation services. Any such contract heretofore entered into in conjunction with the issuance of the Bonds is hereby ratified and approved in all respects.

Section 11. Payment of the Bonds; Fiscal Agent. The principal of and interest on the Bonds shall be paid by the County Clerk or the County Treasurer (the "Fiscal Agent").

Section 12. Persons Treated as Owners; Transfer of Bonds. The County shall cause books for the registration and for the transfer of the Bonds to be kept by the Fiscal Agent. The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and payment of either principal or interest on any Bond shall be made only to the registered owner thereof. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Any Bond may be transferred by the registered owner thereof by surrender of the Bond at the office of the Fiscal Agent, duly endorsed for the transfer or accompanied by an assignment duly executed by the registered owner or his attorney duly authorized in writing. Upon such transfer, the Chairperson and County Clerk shall execute and deliver in the name of the transferee or transferees a new Bond or Bonds of a like aggregate principal amount, series and maturity and the Fiscal Agent shall record the name of each transferee in the registration book. No registration shall be made to bearer. The Fiscal Agent shall cancel any Bond surrendered for transfer.

The County shall cooperate in any such transfer, and the Chairperson and County Clerk are authorized to execute any new Bond or Bonds necessary to effect any such transfer.

Section 13. Record Date. The 15th day of the calendar month next preceding each interest payment date shall be the record date for the Bonds (the "Record Date"). Payment of interest on the Bonds on any interest payment date shall be made to the registered owners of the Bonds as they appear on the registration book of the County at the close of business on the Record Date.

Section 14. Utilization of The Depository Trust Company Book-Entry-Only System. In order to make the Bonds eligible for the services provided by The Depository Trust Company, New York, New York ("DTC"), the County agrees to the applicable provisions set forth in the Blanket Issuer Letter of Representations, which the County Clerk or other authorized representative of the County is authorized and directed to execute and deliver to DTC on behalf of the County to the extent an effective Blanket Issuer Letter of Representations is not presently on file in the County Clerk's office.

Section 15. Issuer and Host Approval. The issuance of the Bonds is hereby approved by the County Board of Supervisors. This Resolution is intended to constitute the issuer and host approval (within the meaning of Section 147(f) of the Code and applicable Regulations) of the issuance of the Bonds.

Section 16. Official Statement. The County Board of Supervisors hereby approves the Preliminary Official Statement with respect to the Bonds and deems the Preliminary Official Statement as "final" as of its date for purposes of SEC Rule 15c2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934 (the "Rule"). All actions taken by officers of the County in connection with the preparation of such Preliminary Official Statement and any addenda to it or final Official Statement are hereby

ratified and approved. In connection with the Closing, the appropriate County official shall certify the Preliminary Official Statement and any addenda or final Official Statement. The County Clerk shall cause copies of the Preliminary Official Statement and any addenda or final Official Statement to be distributed to the Purchaser.

Section 17. Undertaking to Provide Continuing Disclosure. The County hereby covenants and agrees, for the benefit of the owners of the Bonds, to enter into a written undertaking (the "Undertaking") if required by the Rule to provide continuing disclosure of certain financial information and operating data and timely notices of the occurrence of certain events in accordance with the Rule. The Undertaking shall be enforceable by the owners of the Bonds or by the Purchaser on behalf of such owners (provided that the rights of the owners and the Purchaser to enforce the Undertaking shall be limited to a right to obtain specific performance of the obligations thereunder and any failure by the County to comply with the provisions of the Undertaking shall not be an event of default with respect to the Bonds).

To the extent required under the Rule, the Chairperson and County Clerk, or other officer of the County charged with the responsibility for issuing the Bonds, shall provide a Continuing Disclosure Certificate for inclusion in the transcript of proceedings, setting forth the details and terms of the County's Undertaking.

Section 18. Record Book. The County Clerk shall provide and keep the transcript of proceedings as a separate record book (the "Record Book") and shall record a full and correct statement of every step or proceeding had or taken in the course of authorizing and issuing the Bonds in the Record Book.

Section 19. Bond Insurance. If the Purchaser determines to obtain municipal bond insurance with respect to the Bonds, the officers of the County are authorized to take all actions necessary to obtain such municipal bond insurance. The Chairperson and County Clerk are authorized to agree to such additional provisions as the bond insurer may reasonably request and which are acceptable to the Chairperson and County Clerk including provisions regarding restrictions on investment of Bond proceeds, the payment procedure under the municipal bond insurance policy, the rights of the bond insurer in the event of default and payment of the Bonds by the bond insurer and notices to be given to the bond insurer. In addition, any reference required by the bond insurer to the municipal bond insurance policy shall be made in the form of Bond provided herein.

Section 20. Conflicting Resolutions; Severability; Effective Date. All prior resolutions, rules or other actions of the County Board of Supervisors or any parts thereof in conflict with the provisions hereof shall be, and the same are, hereby rescinded insofar as the same may so conflict. In the event that any one or more provisions hereof shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provisions hereof. The foregoing shall take effect immediately upon adoption and approval in the manner provided by law.

Adopted and recorded October 10, 2023.

ADDENDUM
(OCTOBER 6, 2023)
TO
OFFICIAL NOTICE OF SALE
DATED OCTOBER 3, 2023

RELATING TO:

OUTAGAMIE COUNTY, WISCONSIN
$25,000,000* GENERAL OBLIGATION AIRPORT BONDS, SERIES 2023 (AMT)

This addendum should be affixed to and considered part of the October 3, 2023, Official Notice of Sale.

1. The following replaces the paragraph under the section "Bidding Parameters" in the Official Notice of Sale.

Bidding Parameters

The interest rates must be in multiples of one-eighth or one-twentieth of one percent (1/8 or 1/20 of 1%), and not more than one rate for a single maturity shall be specified. The rate bid for each maturity shall not be less than 2.00% and not more than 6.00%. All bids must be for all of the Bonds and must be for not less than 100.00% and not more than 102.00% of the par amount thereof.

Underwriter compensation is not allowed to exceed 1.50% of the par amount of the Bonds.

* Preliminary, subject to change.

OFFICIAL NOTICE OF SALE

OUTAGAMIE COUNTY, WISCONSIN
$25,000,000* GENERAL OBLIGATION AIRPORT BONDS, SERIES 2023 (AMT)

NOTICE IS HEREBY GIVEN that the County Board of Supervisors (the "Board") of Outagamie County, Wisconsin (the "County"), will receive bids either (i) electronically via **Parity**® or (ii) sent via e-mail to compbidWI@pmanetwork.com (each as more fully described below), for the purchase of its $25,000,000* General Obligation Airport Bonds, Series 2023 (AMT) (the "Bonds"), on an all or none basis at the following time and place:

DATE AND TIME:	10:00 a.m. Central Daylight Saving Time October 10, 2023
PLACE:	Offices of the County's Municipal Advisor: PMA Securities, LLC (the "Municipal Advisor") 770 N. Jefferson Street, Suite 200 Milwaukee, Wisconsin 53202
AWARD OF BONDS:	Bids will be publicly announced at the above time and place. Unless all bids are rejected, award will be made by a notification of sale to the bidder offering the lowest true interest cost ("TIC") to the County.

The Bonds

Proceeds of the Bonds will be used (i) to pay the costs of the design and construction of terminal concourse modifications including adding an additional concourse to the end of Appleton International Airport and (ii) to pay certain costs associated with the issuance of the Bonds.

The Bonds are being issued pursuant to Chapter 67 of the Wisconsin Statutes, an initial resolution adopted by the Board on August 22, 2023 and a resolution to be adopted by the Board on October 10, 2023. The Bonds will be general obligations of the County for which its full faith and credit and taxing powers are pledged which taxes may, under current law, be levied without limitation as to rate or amount. The County is authorized and required by law to levy on all property taxable by the County such ad valorem taxes as may be necessary to pay the Bonds and the interest thereon. See "THE BONDS" and "CONSTITUTIONAL AND STATUTORY CONSIDERATIONS AND LIMITATIONS CONCERNING THE COUNTY'S POWER TO INCUR INDEBTEDNESS" in the Preliminary Official Statement for further information on the authorization and security for the Bonds.

* Preliminary, subject to change.

Bidding Instructions

Each proposal must be submitted on the Official Bid Form without alteration or change no later than 10:00 a.m. Central Daylight Saving Time on October 10, 2023 either:

(i) via **Parity®** in accordance with this Official Notice of Sale. To the extent any instructions or directions set forth in **Parity®** conflict with this Official Notice of Sale, the terms of this Official Notice of Sale shall control. For further information about **Parity®**, potential bidders may contact the Municipal Advisor or i-Deal LLC at 1359 Broadway, New York, NY 10018, telephone (212) 849-5021; or

(ii) via e-mail to compbidWI@pmanetwork.com.

The Bidder ("Bidder") bears all risk of transmission failure.

Any Bidder intending to bid via e-mail shall notify the Municipal Advisor of such intention no later than the close of business on October 6, 2023.

Determination of Winning Bid

The Bonds will be awarded to the single and best Bidder (the "Underwriter") whose bid will be determined upon the basis of the **lowest TIC** at the rates designated in said bid from the dated date to the maturity dates after deducting the bid premium or adding the bid discount, if any. The TIC will be calculated as the rate which, when used in computing the present value of all principal and interest to be paid on the Bonds (commencing on April 1, 2024 and semiannually on each April 1 and October 1 thereafter), produces an amount on the date of issuance of the Bonds (expected to be November 1, 2023) equal to the purchase price set forth in the bid. In the event of more than one proposal specifying the lowest TIC, the Bonds will be awarded to the Bidder whose proposal is selected by lot from among all such proposals.

Terms of the Bonds

The Bonds will be dated the date of issuance thereof, will mature on the dates and in the amounts, and not more than one rate should be specified for each maturity as described in the Official Bid Form attached hereto.

The Bonds due on and after October 1, 2034 are subject to redemption prior to maturity, at the option of the County, in whole or in part, from maturities selected by the County and within each maturity by lot, in integral multiples of $5,000, on October 1, 2033 or on any date thereafter, at a redemption price of par plus accrued interest to the redemption date.

Term bonds are not allowed.

Bidding Parameters

The interest rates must be in multiples of one-eighth or one-twentieth of one percent (1/8 or 1/20 of 1%), and not more than one rate for a single maturity shall be specified. The rate bid for each maturity shall not be less than 2.00% and not more than 5.00%. All bids must be for all of the Bonds and must be for not less than 100.00% and not more than 102.00% of the par amount thereof.

Underwriter compensation is not allowed to exceed 1.50% of the par amount of the Bonds.

Attorneys' fees, Municipal Advisor fees, rating agency fees, the cost of distributing the Official Notice of Sale, the Preliminary Official Statement and the final Official Statement and miscellaneous expenses of said County incurred in connection with the offering and delivery of the Bonds shall all be the obligation of the County.

A good faith deposit will not be required prior to bid opening. The Underwriter is required to submit a certified or cashier's check on a solvent bank or trust company or a wire transfer for $250,000 payable to the County as evidence of good faith of the bidder (the "Deposit") not later than 3:30 P.M. Central Daylight Saving Time on the sale date. The Deposit of the Underwriter will be retained by the County pending delivery of the Bonds. The County may hold the proceeds of any Deposit or invest the same (at the County's risk) in obligations that mature at or before the delivery of the Bonds, until disposed of, as follows: (a) at the delivery of the Bonds and upon compliance with the Underwriter's obligation to take up and pay for the Bonds, the full amount of the Deposit held by the County, without adjustment for interest, shall be applied toward the purchase price of the Bonds at that time, and the full amount of any interest earnings thereon shall be retained by the County; and (b) if the Underwriter fails to take up and pay for the Bonds when tendered, the full amount of the Deposit plus any interest earnings thereon will be forfeited to the County as liquidated damages.

The Underwriter shall provide Bond Counsel, within 48 hours of the award, the required issue statistics to complete parts II-V of Department of Treasury Form 8038-G.

The County will furnish to the Underwriter the approving legal opinion of Bond Counsel. After delivery, the County will furnish to the Underwriter a complete certified transcript of all proceedings in connection with the issuance of the Bonds which shall include a non-litigation certificate showing that there is no litigation pending or threatened as to the validity or security of the Bonds.

Establishment of Issue Price

(a) The winning bidder (the "Purchaser") shall assist the County in establishing the issue price of the Bonds and shall execute and deliver to the County at closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the Public (as hereinafter defined) or the sales price or prices of the Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit A, with such modifications as may be appropriate or necessary, in the reasonable judgment of the

Purchaser, the County and Bond Counsel. All actions to be taken by the County under this Official Notice of Sale to establish the issue price of the Bonds may be taken on behalf of the County by the County's Municipal Advisor, identified herein, and any notice or report to be provided to the County may be provided to the County's Municipal Advisor. Within one hour of the award, the Purchaser will provide the County and its Municipal Advisor the expected initial offering price of the Bonds, which the Purchaser used to formulate its bid.

(b) The County intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "Competitive Sale Requirements") because:

(1) the County will disseminate this Official Notice of Sale to potential Underwriters in a manner that is reasonably designed to reach potential Underwriters;

(2) all bidders will have an equal opportunity to bid;

(3) the County may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and

(4) the County anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the lowest TIC, as set forth in this Official Notice of Sale.

Any bid submitted pursuant to this Official Notice of Sale shall be considered a firm offer for the purchase of the Bonds, as specified in the bid.

(c) In the event that the Competitive Sale Requirements are not satisfied, the County shall so advise the Purchaser. In such event, any bid proposal submitted will not be subject to cancellation or withdrawal, and the County agrees to use the rule selected by the Purchaser on its bid form to determine the issue price for the Bonds. On the bid form, each bidder must select one of the following rules to establish the issue price of the Bonds: (i) the first price at which 10% of a maturity of the Bonds (the "10% Test") is sold to the Public as the issue price of that maturity, or (ii) the initial offering price of that maturity (the "Hold-the-Offering-Price Rule"), in each case applied on a maturity-by-maturity basis. The Purchaser shall advise the County if any maturity of the Bonds satisfies the 10% Test as of the date and time of the award of the Bonds. The Purchaser shall promptly advise the County, at or before the time of award of the Bonds, which maturities of the Bonds shall be subject to the 10% Test or shall be subject to the Hold-the-Offering-Price Rule. ***Bidders should prepare their bids on the assumption that some or all of the maturities of the Bonds will be subject to the Hold-the-Offering-Price Rule or the 10% Test, as selected on the bid form, in order to establish the issue price of the Bonds.*** In addition, if the 10% Test has not been satisfied with respect to any maturity of the Bonds prior to closing, then the Purchaser shall provide the County with a representation as to the price or prices as the date of closing at which the Purchaser reasonably expects to sell the remaining Bonds of such maturity.

(d) **If the Competitive Sale Requirements are not satisfied and the Purchaser**

selects the Hold-the-Offering-Price Rule, then the Purchaser shall (i) confirm that the Underwriters (as hereinafter defined) have offered or will offer the Bonds to the Public (as hereinafter defined) on or before the date of award at the offering price or prices (the "Initial Offering Price"), or at the corresponding yields set forth in the bid submitted by the Purchaser and (ii) agree, on behalf of the Underwriters participating in the purchase of the Bonds, that the Underwriters will neither offer nor sell unsold Bonds of any maturity to which the Hold-the-Offering-Price Rule shall apply to any person at a price that is higher than the Initial Offering Price to the Public during the period starting on the Sale Date (as hereinafter defined) and ending on the earlier of the following:

(1) the close of the fifth (5^{th}) business day after the Sale Date; or

(2) the date on which the Underwriters have sold at least 10% of that maturity of the Bonds to the Public at a price that is no higher than the Initial Offering Price to the Public.

The Purchaser will advise the County promptly after the close of the fifth (5^{th}) business day after the Sale Date whether it has sold 10% of that maturity of the Bonds to the Public at a price that is no higher than the Initial Offering Price to the Public. Within one hour of the award, the Purchaser will inform the County of the Initial Offering Price for each maturity of the Bonds.

(e) **If the Competitive Sale Requirements are not satisfied and the Purchaser selects the 10% Test**, then until the 10% Test has been satisfied as to each maturity of the Bonds, the Purchaser agrees to promptly report to the County the prices at which the unsold Bonds of that maturity have been sold to the Public. That reporting obligation shall continue, whether or not the closing date has occurred, until either (i) all Bonds of that maturity have been sold or (ii) the 10% Test has been satisfied as to the Bonds of that maturity, provided that, the Purchaser's reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the County or Bond Counsel. In addition, if the 10% test has not been satisfied with respect to any maturity of the Bonds prior to closing, then the Purchaser shall provide the County with a representation as to the price or prices as of the date of closing at which the Purchaser reasonably expects to sell the remaining Bonds of such maturity.

(f) The County acknowledges that, in making the representations set forth above, the Purchaser will rely on (i) the agreement of each Underwriter to comply with requirements for establishing the issue price of the Bonds, including, but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule, if applicable to the Bonds, as set forth in an agreement among Underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the Public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule, if applicable to the Bonds, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an Underwriter is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Bonds to the Public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing the issue price of the Bonds including, but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule, if applicable to the Bonds, as set forth in the third-party

distribution agreement and the related pricing wires. The County further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing the issue price of the Bonds, including, but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule, if applicable to the Bonds, and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing the issue price of the Bonds, including, but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule if applicable to the Bonds.

(g) By submitting a bid, each bidder confirms that:

(i) any agreement among Underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A)(i) to report the prices at which it sells to the Public the unsold Bonds of each maturity allocated to it whether or not the closing date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the Purchaser that the 10% Test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the Purchaser and (ii) to comply with the Hold-the-Offering-Price Rule, if applicable, if and for so long as directed by the Purchaser and as set forth in the related pricing wires, which shall be until the 10% Test has been satisfied as to the Bonds of that maturity or until the close of business on the fifth (5^{th}) business day following the date of award,

(B) to promptly notify the Purchaser of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an Underwriter participating in the initial sale of the Bonds to the Public (each such term being used as defined below), and

(C) to acknowledge that, unless otherwise advised by the Underwriter, the Purchaser shall assume that each order submitted by the Underwriter is a sale to the Public.

(ii) any agreement among Underwriters or selling group agreement relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the Public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the Public the unsold Bonds of each maturity allocated to it, whether or

not the closing date has occurred, until either all Bonds of that maturity allocated to it have been sold or until it is notified by the Purchaser or such Underwriter that the 10% Test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the Purchaser or such Underwriter and (B) comply with the Hold-the-Offering-Price Rule, if applicable, if and for so long as directed by the Purchaser or the Underwriter and as set forth in the related pricing wires, which shall be at least until the 10% Test has been satisfied as to the Bonds of that maturity or until the close of business on the fifth (5th) business day following the date of the award.

(h) Sales of any Bonds to any person that is a Related Party to an Underwriter participating in the initial sale of the Bonds to the Public shall not constitute sales to the Public for purposes of this Official Notice of Sale. Further, for purposes of this Official Notice of Sale:

(i) "Public" means any person other than an Underwriter or a Related Party,

(ii) "Underwriter" means (A) any person that agrees pursuant to a written contract with the County (or with the lead Underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the Public),

(iii) a purchaser of any of the Bonds is a "Related Party" to an Underwriter if the Underwriter and the Purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "Sale Date" means the date that the Bonds are awarded by the County to the Purchaser.

Tax Status

Quarles & Brady LLP, Milwaukee, Wisconsin, Bond Counsel, will deliver a legal opinion with respect to the federal income tax status applicable to the interest on the Bonds under existing law substantially in the form attached to the Preliminary Official Statement as Appendix A.

Not Qualified Tax-Exempt Obligations

The Bonds are not "qualified tax-exempt obligations" under the small issuer exception provided under Section 265(b)(3) of the Internal Revenue Code of 1986, as amended (the "Code"), which affords banks and certain other financial institutions more favorable treatment of their deduction for interest expense than would otherwise be allowed under Section 265(b)(2) of the Code.

Book-Entry Only

The Bonds will be issued as fully-registered Bonds without coupons and, when issued, will be registered in the name of CEDE & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository of the Bonds. A single Bond certificate for each maturity will be issued to DTC and immobilized in its custody. Individual purchases may be made in book-entry-only form only through DTC participants, in the principal amount of $5,000 or any integral multiple thereof. Individual purchasers will not receive certificates evidencing their ownership of the Bonds purchased. The Underwriter shall be required to deposit the Bond certificates with DTC as a condition to delivery of the Bonds. The County will make payments of principal and interest on the Bonds to DTC or its nominee as registered owner of the Bonds in same-day funds. Transfer of those payments to participants of DTC will be the responsibility of DTC; transfer of the payments to beneficial owners by DTC participants will be the responsibility of such participants and other nominees of beneficial owners all as required by DTC rules and procedures. No assurance can be given by the County that DTC, its participants and other nominees of beneficial owners will make prompt transfer of the payments as required by DTC rules and procedures. The County assumes no liability for failures of DTC, its participants or other nominees to promptly transfer payments to beneficial owners of the Bonds.

In the event that the securities depository relationship with DTC for the Bonds is terminated and the County does not appoint a successor depository, the County will prepare, authenticate and deliver, at its expense, fully-registered certificate Bonds in the denominations of $5,000 or any integral multiple thereof in the aggregate principal amount of the Bonds of the same maturities and interest rate then outstanding to the beneficial owners of the Bonds.

CUSIP Numbers

It is intended that CUSIP numbers will be printed on the Bonds, but neither the failure to print or type such numbers on any Bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the Underwriter to accept delivery of and make payment for the Bonds. All expenses in relation to the printing of CUSIP numbers, including CUSIP Service Bureau charges for the assignment of said numbers, shall be the responsibility of and shall be paid by the Underwriter.

Continuing Disclosure

The County covenants and agrees to enter into a written agreement or contract, constituting an undertaking (the "Undertaking") to provide ongoing disclosure about the County for the benefit of the beneficial owners of the Bonds on or before the date of delivery of the Bonds as required under Section (b)(5) of Rule 15c2-12 (the "Rule") adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended. The form of the Undertaking is set forth in Appendix C in the Preliminary Official Statement. Please see the section entitled "CONTINUING DISCLOSURE" in the Preliminary Official Statement for a description of the County's compliance over the last five years with undertakings previously entered into by it pursuant to the Rule.

The Underwriter's obligation to purchase the Bonds shall be conditional upon the County delivering the Undertaking on or before the date of delivery of the Bonds.

Official Statement

The County declares the Preliminary Official Statement provided in connection with the sale of the Bonds to be final as of its date for purposes of the Rule, except for the omission of the offering prices or yields, the interest rates, any other terms or provisions required by the County specified in the bid, ratings, other terms of the Bonds depending on such matters, and the identity of the Underwriter. Upon the sale of the Bonds, the County will publish an Official Statement in substantially the same form as the Preliminary Official Statement, subject to minor additions, deletions and revisions as required to complete the Preliminary Official Statement. By submission of its bid, the Underwriter will be deemed to have certified that it has obtained and reviewed the Preliminary Official Statement. Promptly after the sale date, but in no event later than seven business days after the sale date, the County will provide the Underwriter with an electronic copy of the final Official Statement. The Underwriter agrees to supply to the County all information necessary to complete the Official Statement within 24 hours after the award of the Bonds.

Conditions of Closing

The County reserves the right to reject any or all bids and to determine the best bid in its sole discretion, and to waive any irregularity in any bid. Additionally, the County reserves the right to modify or amend this Official Notice of Sale; however, any such modification or amendment shall not be made less than twenty-four (24) hours prior to the date and time for receipt of bids on the Bonds and any such modification or amendment will be announced on the Amendments Page of the **Parity**® webpage and through *Thompson Municipal News*.

By submitting a bid, any bidder makes the representation that it understands Bond Counsel represents the County in the Bond transaction and, if such bidder has retained Bond Counsel in an unrelated matter, such bidder represents that the signatory to the bid is duly authorized to, and does consent to and waive for and on behalf of such bidder any conflict of interest of Bond Counsel arising from any adverse position to the County in this matter; such consent and waiver shall supersede any formalities otherwise required in any separate understandings, guidelines or contractual arrangements between the bidder and Bond Counsel.

The Bonds will be delivered to the Underwriter against full payment in immediately available funds as soon as they can be prepared and executed, which is expected to be November 1, 2023. Should delivery, however, be delayed beyond forty-five (45) days from the date of sale for any reason beyond the control of the County except failure of performance by the Underwriter, the County may cancel the award or the Underwriter may withdraw the Deposit and thereafter the Underwriter's interest in and liability for the Bonds will cease.

OFFICIAL BID FORM

County Board of Supervisors
Outagamie County, Wisconsin

October 10, 2023

Ladies and Gentlemen:

Subject to all the provisions of the Official Notice of Sale, which is expressly made a part of this bid, we offer to purchase the General Obligation Airport Bonds, Series 2023 (AMT) (the "Bonds") as described below:

Par amount of Bonds:	$25,000,000
Dated date:	Date of issuance
Purchase price:	$25,107,359.55

(not less than 100.00% and not more than 102.00% of the par amount of the Bonds)

The Bonds shall bear interest as follows (each rate (i) a multiple of 1/8 or 1/20 of 1% and (ii) not be less than 2.00% and not more than 5.00%). Underwriter compensation is not allowed to exceed 1.50% of the par amount of the Bonds.

Maturity (October 1)	Amount ($)	Rate (%)
2024	860,000	5.000
2025	800,000	5.000

Term bonds are not allowed.

The Bonds due on and after October 1, 2034 are subject to redemption prior to maturity, at the option of the County, in whole or in part, from maturities selected by the County and within each maturity by lot, in integral multiples of $5,000, on October 1, 2033 or on any date thereafter, at a redemption price of par plus accrued interest to the redemption date.

The Bonds are to be accompanied by the unqualified approving legal opinion of Quarles & Brady LLP, Milwaukee, Wisconsin, Bond Counsel, and a certificate evidencing that no litigation is pending against the County, which will affect the validity or security of these Bonds.

Attorneys' fees, Rating Agency fees, Municipal Advisor fees, the cost of distributing the Official Notice of Sale, the Preliminary Official Statement and the Official Statement and miscellaneous expenses of said County incurred in connection with the offering and delivery of the Bonds shall all be the obligation of the County.

If the net interest cost or the true interest cost stated below is incorrectly computed, the undersigned agrees that the purchase price and interest rates above shall prevail.

Net Interest Cost:	$14,286,842.19
True Interest Cost:	4.781324%

This bid is a firm offer for the purchase of the Bonds identified in the Official Notice of Sale, on the terms set forth in this bid form and the Official Notice of Sale, and is not subject to any conditions, except as permitted by the Official Notice of Sale. If the Competitive Sale Requirements are not met, the bidder selects the following rule to establish the issue price of maturities of the Bonds for which 10% is not sold to the Public on the date hereof applied on a maturity-by-maturity basis (mark one):

_____ 10% Test: the first price at which 10% of a maturity of the Bonds is sold to the Public for the following maturities: _____

_____ Hold-the-Offering-Price Rule: the initial offering price of that maturity for the following maturities: _____

By submitting this bid, we confirm that we have an established industry reputation for underwriting new issuances of municipal bonds. *[If the bidder cannot confirm an established industry reputation for underwriting new issuances of municipal bonds, the preceding sentence should be crossed out.]*

We understand that if we are the winning bidder that we will deposit with the County not later than 3:30 P.M. Central Daylight Saving Time on the sale date a certified or cashier's check or wire transfer in the amount of $250,000 payable to said County as a guarantee of good faith, to be applied in accordance with the Official Notice of Sale.

DEPOSITORY OR ITS NOMINEE NAME: CEDE & CO.

PRINCIPAL AMOUNT: _____ THOUSAND DOLLARS ($_____)

FOR VALUE RECEIVED, Outagamie County, Wisconsin (the "County"), hereby acknowledges itself to owe and promises to pay to the Depository or its Nominee Name (the "Depository") identified above (or to registered assigns), on the maturity date identified above, the principal amount identified above, and to pay interest thereon at the rate of interest per annum identified above, all subject to the provisions set forth herein regarding redemption prior to maturity. Interest shall be payable semi-annually on April 1 and October 1 of each year commencing on April 1, 2024 until the aforesaid principal amount is paid in full. Both the principal of and interest on this Bond are payable to the registered owner in lawful money of the United States. Interest payable on any interest payment date shall be paid by wire transfer to the Depository in whose name this Bond is registered on the Bond Register maintained by the County Clerk or County Treasurer (the "Fiscal Agent") or any successor thereto at the close of business on the 15th day of the calendar month next preceding each interest payment date (the "Record Date"). This Bond is payable as to principal upon presentation and surrender hereof at the office of the Fiscal Agent.

For the prompt payment of this Bond together with interest hereon as aforesaid and for the levy of taxes sufficient for that purpose, the full faith, credit and resources of the County are hereby irrevocably pledged.

This Bond is one of an issue of Bonds aggregating the principal amount of $25,000,000, all of which are of like tenor, except as to denomination, interest rate, maturity date and redemption provision, issued by the County pursuant to the provisions of Section 67.04, Wisconsin Statutes, for the public purpose of paying the cost of the design and construction of terminal concourse modifications including adding an additional concourse to the end of Appleton International Airport, as authorized by resolutions adopted on August 22, 2023 and October 10, 2023. Said resolutions are recorded in the official minutes of the County Board of Supervisors for said dates.

The Bonds maturing on October 1, 2034 and thereafter are subject to redemption prior to maturity, at the option of the County, on October 1, 2033 or on any date thereafter. Said Bonds are redeemable as a whole or in part, and if in part, from maturities selected by the County, and within each maturity by lot (as selected by the Depository), at the principal amount thereof, plus accrued interest to the date of redemption.

In the event the Bonds are redeemed prior to maturity, as long as the Bonds are in book-entry-only form, official notice of the redemption will be given by mailing a notice by registered or certified mail, overnight express delivery, facsimile transmission, electronic transmission or in any other manner required by the Depository, to the Depository not less than thirty (30) days nor more than sixty (60) days prior to the redemption date. If less than all of the Bonds of a maturity are to be called for redemption, the Bonds of such maturity to be redeemed will be selected by lot. Such notice will include but not be limited to the following: the designation, date and maturities of the Bonds called for redemption, CUSIP numbers, and the date of redemption. Any notice provided as described herein shall be conclusively presumed to have been duly given, whether or not the registered owner receives the notice. The Bonds shall cease to bear interest on the specified redemption date provided that federal or other immediately available funds sufficient for such redemption are on deposit at the office of the Depository at that time. Upon such deposit of funds for redemption the Bonds shall no longer be deemed to be outstanding.

It is hereby certified and recited that all conditions, things and acts required by law to exist or to be done prior to and in connection with the issuance of this Bond have been done, have existed and have been performed in due form and time; that the aggregate indebtedness of the County, including this Bond and others issued simultaneously herewith, does not exceed any limitation imposed by law or the Constitution of the State of Wisconsin; and that a direct annual irrepealable tax has been levied sufficient to pay this Bond, together with the interest thereon, when and as payable.

This Bond is transferable only upon the books of the County kept for that purpose at the office of the Fiscal Agent, only in the event that the Depository does not continue to act as depository for the Bonds, and the County appoints another depository, upon surrender of the Bond to the Fiscal Agent, by the registered owner in person or his duly authorized attorney, together with a written instrument of transfer (which may be endorsed hereon) satisfactory to the Fiscal Agent duly executed by the registered owner or his duly authorized attorney. Thereupon a new fully registered Bond in the same aggregate principal amount shall be issued to the new depository in exchange therefor and upon the payment of a charge sufficient to reimburse the County for any tax, fee or other governmental charge required to be paid with respect to such registration. The Fiscal Agent shall not be obliged to make any transfer of the Bonds (i) after the Record Date, (ii) during the fifteen (15) calendar days preceding the date of any publication of notice of any proposed redemption of the Bonds, or (iii) with respect to any particular Bond, after such Bond has been called for redemption. The Fiscal Agent and County may treat and consider the Depository in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes whatsoever. The Bonds are issuable solely as negotiable, fully-registered Bonds without coupons in the denomination of $5,000 or any integral multiple thereof.

No delay or omission on the part of the owner hereof to exercise any right hereunder shall impair such right or be considered as a waiver thereof or as a waiver of or acquiescence in any default hereunder.

IN WITNESS WHEREOF, Outagamie County, Wisconsin, by its governing body, has caused this Bond to be executed for it and in its name by the manual or facsimile signatures of its duly qualified Chairperson and County Clerk; and to be sealed with its official or corporate seal, if any, all as of the original date of issue specified above.

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Airport Terminal Expansion 2023A General Obligation (GO) Bond Issue – Approve Award

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Airport Terminal Expansion Project - 2023A AMT Bond Issue

The Airport Terminal Expansion Project was included in the 2023-2027 5-year Capital Improvement Program and includes $25,000,000 in bond proceeds. The debt schedule is split to be serviced by revenues raised by airport operations ($15,000,000) and county tax ($10,000,000). The issue pledges the full faith and credit of the county. The proceeds of the bonds will be used to pay for the costs of the design and construction of the terminal concourse modifications including adding an additional concourse to the end of Appleton International Airport and will also cover costs incurred with the issuance of the bonds. The public hearing for this project closed without public comment during the Finance Committee October 3, 2023. The county board is asked to approve the award of the bond issue.

ORDINANCE NO.: E—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

On October 27, 2020, the Outagamie County Board adopted Ordinance C—2020-2021 which created Section 50-353 (based on Wis. Stat. §23.33) allowing all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs) to operate on roadways designated by Outagamie County and referred to as "routes." On August 22, 2023, the Outagamie County Board adopted Ordinance D—2023-2024 which modified the ordinance as pertains to speed limits and operating hours. Wis. Stat. §23.33(8)(b)1 offers a town, village, or city the ability to enact an ordinance to designate a highway not under its jurisdiction, but within its territorial limits, as an ATV/UTV route.

The Town of Dale has submitted an application to the Outagamie County Highway Commissioner to designate the following county highways as an ATV/UTV route:

- CTH M from Kelldale Ct to the south town line (see attached map)
- CTH T from Meadowview Dr to the north town line (see attached map)

The Town of Dale has completed said requirements of Outagamie County Code of Ordinance Sec. 50-353(4)(a)(ii) and submitted the following documents with the application:

- A map showing the proposed ATV/UTV route on the county highway system.
- A map showing any existing or future ATV/UTV routes leading to the proposed route.
- A statement explaining why the proposed route should be designated as an ATV/UTV route.
- Documentation that items required in Ordinance 50-353 Sec. 4(a)(i)1-3 were completed by the Municipality.
- A statement that the applicant will be financially responsible for payments for the installation and maintenance of required ATV/UTV route signs.
- Regulations set forth in Ordinance Sec. 50-353(5) were adopted by the Town of Dale on September 11, 2023.

The Outagamie County Highway Commissioner has completed a review as detailed in Ordinance Sec. 50-353(4)(b) and is recommending approval. The Outagamie County Highway, Recycling and Solid Waste Committee is recommending approval.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve designating CTH M from Kelldale Ct to the south town line and CTH T from Meadowview Dr to the north town line, said sections in the Town of Dale, as an ATV/UTV route as detailed on the attached Memorandums and maps, which by reference are made a part hereof, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Highway Commissioner, the Outagamie County Development and Land Services Director, the Outagamie County Sheriff, and the Town of Dale.

Dated this 10th day of October 2023

RUN: November 6, 2023

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, October 24, 2023.

The Board met pursuant to adjournment, and was called to order by Chairperson Nooyen at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 31 present, 5 absent. Members present: Thompson, Miller, Smith, Patience, Gabrielson, Konetzke, Hammen, Lawrence, Krueger, Lamers, Ferguson, McCabe, Wegand, Hermes, MacDonald, Croatt, Cooke, Cuff, Hagen, Klemp, Thiede, Nooyen, Culbertson, Monfils, Winterfeldt, Nejedlo, Clegg, VanderHeiden, Rettler, Koury, and Lautenschlager. Members Absent: Santonato, Thyssen, Schroeder, Weinberg, Spears.

The Board Chairperson requested the Board's confirmation to excuse Supervisor Santonato, Supervisor Thyssen, Supervisor Schroeder, Supervisor Weinberg, and Supervisor Spears. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Nooyen.

PUBLIC HEARING FOR THE PROPOSED 2024 OUTAGAMIE COUNTY BUDGET - Pursuant to Wisconsin Statutes Section 65.90.

Chairperson Nooyen opened the public hearing at 7:02 p.m.

Linda Bjella, 1333 N Lake Ct, Grand Chute, spoke on behalf of the League of Women Voters of Appleton-Fox Cities. Ms. Bjella thanked the County Board for the opportunity to speak and wanted to discuss her suggestions for the budget hearings going forward. She noted the following:

- The lack of accessibility to the public of county board and committee meetings.
- Unlike other local governments they monitor, Outagamie County does not provide a virtual option for public viewing of said meetings.
- The budget itself was inaccessible in regards to both posting and content.
- There should be, as in previous years, an explanation of “goals and accomplishments” that can help the public understand the budget.
- The budget should be clearly posted on the front page of the County Website.
- The public hearing occurs before all departments have discussed and finalized their budgets with the finance committee and therefore the public does not have all pertinent information for proper discussion.

Ms. Bjella finished by commending the county on other areas but urged the board to make the process more accessible to the public in the future.

Chairperson Nooyen requested any further speakers; none came forward.

Supervisor Lamers moved, seconded by Supervisor Cooke, to adjourn the public hearing and go into regular session at 7:05 p.m.

VOICE VOTE CARRIED UNANIMOUSLY. PUBLIC HEARING FOR THE PROPOSED 2024 OUTAGAMIE COUNTY BUDGET IS ADJOURNED.

ORDINANCE NO.: Z-5—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY COMPREHENSIVE PLAN. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 66.1001(4) of the Wisconsin State Statutes.

Outagamie County Planning Staff review recommends approval of proposed comprehensive plan amendment. The Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED that the Outagamie County Board of Supervisors does approve the attached proposed amendment to the Outagamie County Comprehensive Plan related to Addendum 2: Farmland Preservation, as reflected in the review of Exhibit 1, which by reference is made a part hereof:

- Repeal and replace Addendum 2: Farmland Preservation Plan,
- Remove the Town of Greenville Future Land Use Map 35, Page Vol. II- 37 and Update Map Exhibit Reference Numbers for Map 36 through Map 39,
- Add Language to Volume II of the Comprehensive Plan to Manage Consistency Between the Comprehensive Plan and the Farmland Preservation Plan

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in Outagamie County upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this Ordinance to the Outagamie County Department of Development and Land Services Director.

MEMORANDUM

TO: **Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **August 22, 2023**
RE: **PL202300376: Proposed Outagamie County Comprehensive Plan Amendment related to Farmland Preservation**

BACKGROUND

The *Outagamie County Comprehensive Plan 2040: A Shared Path Forward* (hereinafter the Comprehensive Plan) was adopted in 2020. Occasionally, amendments to the Comprehensive Plan are needed to ensure the document remains up-to-date, relevant, and statutorily compliant. This memorandum discusses three proposed changes to the Comprehensive Plan.

Proposed Change 1:
Repeal and Replace Addendum 2: Farmland Preservation Plan

Repeal Addendum 2: Farmland Preservation Plan, originally adopted in 2011, and replace it with Addendum 2: *Preserving our Roots, Securing our Future*, Outagamie County's Farmland Preservation Plan for the 2023–2023 Planning Horizon.

Wisconsin's Farmland Preservation Program began in 1977. To participate in the state's program, Outagamie County has maintained a farmland preservation plan since 1982. The Department of Agriculture, Trade and Consumer Protection (DATCP) requires Counties to update and recertify their farmland preservation plans every 10 years. *Preserving our Roots, Securing our Future* serves as the County's next plan update. The plan update is required to be recertified by the end of this 2023 to maintain compliance with Wisconsin's Farmland Preservation Program.

Development of the Plan update allowed the County to take stock of existing agricultural resources, and relevant changes that have occurred over the past decade. It has allowed the County to improve and reshape our policies and maps to ensure we continue to support farmers, preserve farmland for future generations, and mitigate environmental and/or land use conflicts that have arisen or may arise in the future.

The County's existing Farmland Preservation Plan is posted on the County's Farmland Preservation Plan website. The **proposed** Farmland Preservation Plan including Appendix A is attached as Exhibit 1. For reference, a summary of outreach and engagement activities that informed the plan update is attached as Exhibit 2.

Per DATCP's application for farmland preservation plan certification, DATCP reminds applicants that "if the County has a Comprehensive Plan, the County must include the Farmland Preservation Plan in its Comprehensive Plan under s. 91.10(2), Wis. Stats." Outagamie County does have a Comprehensive Plan, and our Farmland Preservation Plan is included in the Comprehensive Plan as Addendum 2.

Proposed Change 2:
Remove the Town of Greenville Future Land Use Map (Map 35, Page Vol. II – 37) and Update Map Exhibit Reference Numbers for Map 36 through Map 39

The County's Comprehensive Plan (Volume 2) still contains a Town of Greenville Future Land Use (FLU) map from before the jurisdiction became a Village (see Exhibit 3). County planning staff recommends removing this outdated map. The map would not be replaced as the County's Comprehensive Plan does not contain FLU maps for incorporated communities. For organizational purposes, County planning staff then recommends updating the map exhibit reference numbers throughout the remainder of the Comprehensive Plan.

This proposed change is relevant from a farmland preservation perspective, because the Village of Greenville does participate in state farmland preservation programs (e.g., farmland preservation zoning and agricultural enterprise areas). Because the Village participates in these programs, they are required to be included in our Farmland Preservation Plan. Removing Greenville's outdated FLU map from our Comprehensive Plan helps to mitigate inconsistencies between both planning documents as instructed in Wis. Stats. 91.10(2)... "ensure that the farmland preservation plan is consistent with the [County] comprehensive plan."

Proposed Change 3:
Add Language to Volume II of the Comprehensive Plan to Manage Consistency Between the Comprehensive Plan and the Farmland Preservation Plan

The County's Comprehensive Plan and the County's Farmland Preservation Plan are required to be consistent. In DATCP's application for farmland preservation plan certification, DATCP specifically states:

> "If there are inconsistencies [between the County's Comprehensive Plan and Farmland Preservation Plan], the County may clarify that the Farmland Preservation Plan supersedes the Comprehensive Plan and any and all inconsistencies between the two shall be resolved in favor of the Farmland Preservation Plan. The County must include a statement in both the Comprehensive Plan and the Farmland Preservation Plan declaring that the Farmland Preservation Plan supersedes the Comprehensive Plan so that a person referring to either plan will be aware of each plan's relationship to the other."

Accordingly, the following language is proposed to be added to Page Vol. II – 2 of the Comprehensive Plan as a new sub-section labeled "Consistency with the County Farmland Preservation Plan" within the existing "Planning Context" section:

"If there are inconsistencies between the County Comprehensive Plan and the County's Farmland Preservation Plan, the Farmland Preservation Plan supersedes the Comprehensive Plan and any and all inconsistencies between the two shall be resolved in favor of the Farmland Preservation Plan for matters related to agricultural planning and development.

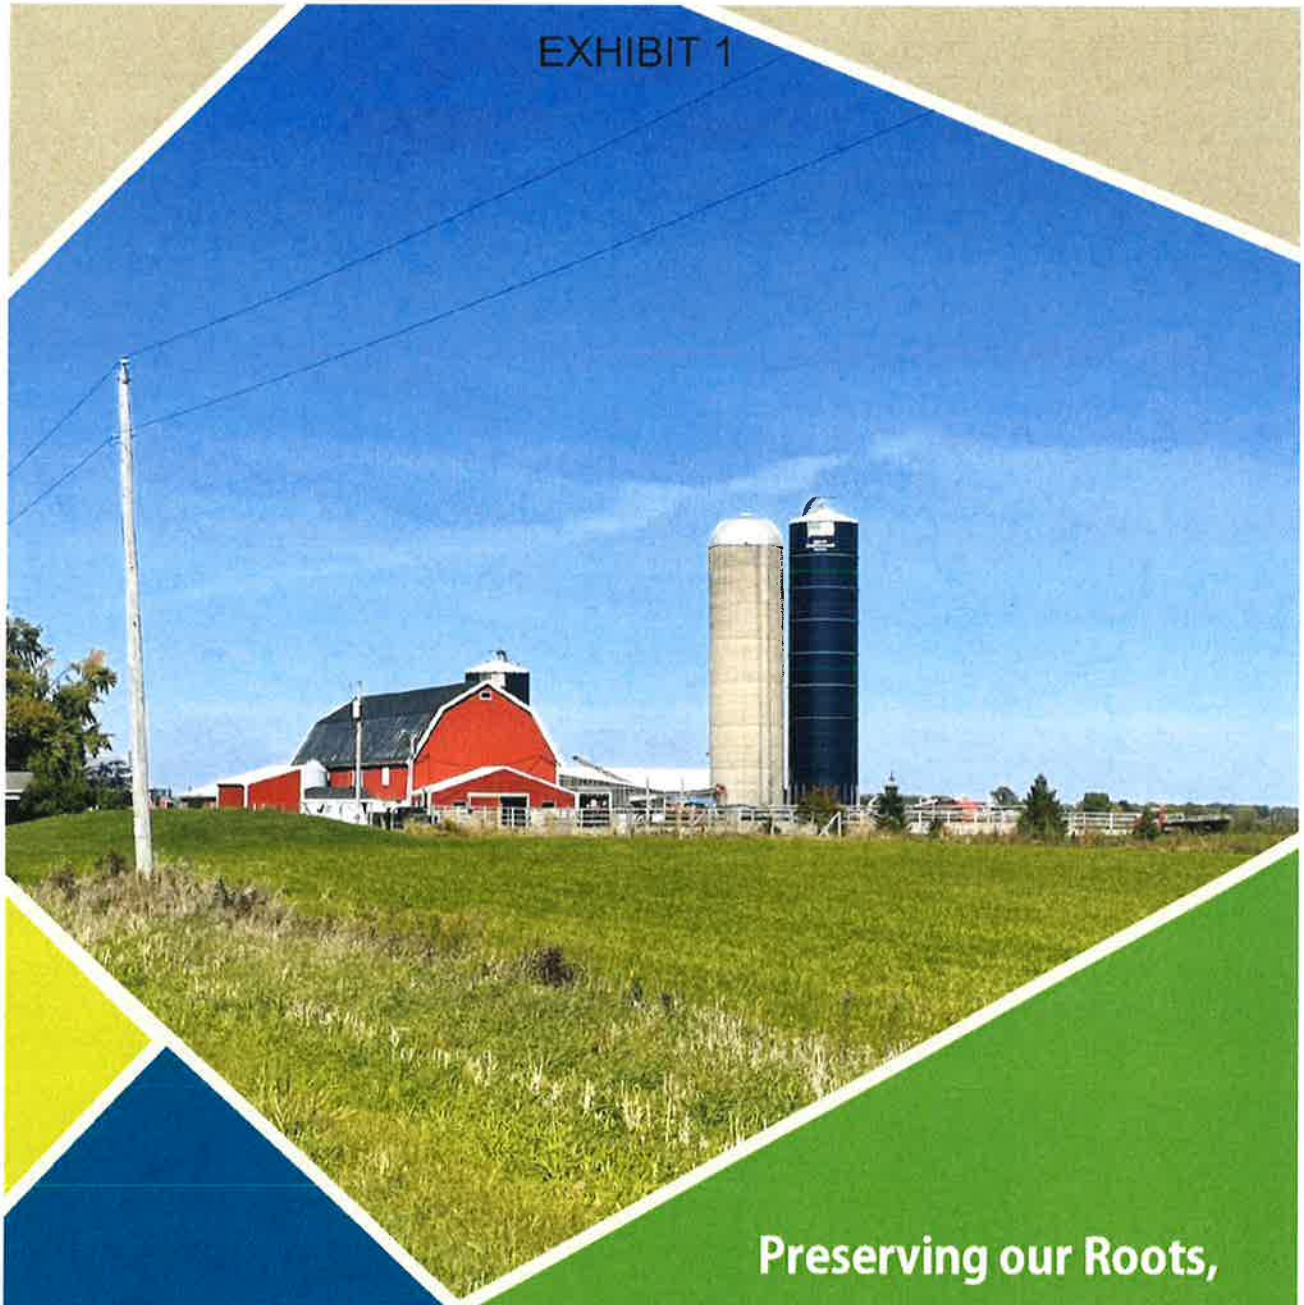
2

Concluding Summary
It is County planning staff's opinion that the proposed amendments are consistent with the Comprehensive Plan. In particular, the amendments are consistent with the Comprehensive Plan's future land use maps as well as its goals and recommendations:

- Goal 3: Cooperative, intergovernmental land-use decisions.
    - Recommendation 3.1 Create a routine community-based process to evaluate key land use issues and how best to address through regulatory instruments or other means.
- Goal 6: Wise land development and conservation practices.
    - Recommendation 6.3 Encourage more intense development patterns to occur on public sewer, within the limitations of the RF-121 Sewer Serve Area Plans where applicable, and water systems, whenever possible.
    - Recommendation 6.4 Continue to maintain the Farmland Preservation Program. Consider adding a "food systems" element to the next Farmland Preservation Plan Update. Explore creating additional Agriculture Enterprise Areas (AEAs) when desired by local communities, and when county resources are available.
- Goal 8: Proactively anticipating the future becomes standard practice for Outagamie County.

STAFF RECOMMENDATION

Planning staff recommends adoption of the proposed County Comprehensive Plan amendments, as discussed above. To do this, the following action is required pursuant to Wis. Stats. 66.1001:



- Zoning Committee adopts a Resolution authorizing the amendments and advancing them to the County Board (Wis. Stats. 66.1001(4)(b)).
- County Board approves an Ordinance adopting the amendments (Wis. Stats. 66.1001(4)(c)).

**** LOCK IN REQUEST ** Due to a pending Town Rezoning related to this proposal, County staff requests that the Board's decision for this Comprehensive Plan Amendment be locked-in at the first County Board meeting where this proposal is considered.**

PART 1	PART 2	PART 3
DECISION-MAKING GUIDANCE	CONDITIONS and CONSIDERATIONS	FARMLAND PRESERVATION MAPS
Part 1 explains the purpose of this plan and it presents the County's farmland preservation goals and policies. This section also presents a series of recommendations (strategies and actions) to implement this plan's goals and policies.	Part 2 summarizes existing agricultural conditions and trends in Outagamie County, and in Wisconsin to offer additional context. This section also documents issues that Outagamie County should plan for over the next 10 years.	Part 3 delineates the County's farmland preservation areas. A farmland preservation map is included for every Town in Outagamie County as well as the Village of Greenville.

PART 1

INTRODUCTION

Wisconsin's farmland preservation program began in 1977. To participate in the state's program, Outagamie County has maintained a farmland preservation plan since 1982. This document, *Preserving Our Roots, Securing Our Future*, updates the County's farmland preservation plan which was last certified by the Department of Agriculture, Trade and Consumer Protection in 2012.

Purpose of the Plan

The purpose of this plan is to protect agricultural land uses within Outagamie County. It is also to help the County plan for the future agricultural needs of the county and state.

Development of this plan allowed the County to take stock of existing agricultural resources, and relevant changes that have occurred over the past decade. It has allowed the County to improve and reshape our policies to ensure we continue to support farmers, preserve farmland for future generations, and mitigate any environmental and land use conflicts that have arisen or may arise in the future.

This plan addresses Wisconsin's farmland preservation planning requirements, which are documented in Wis. Stats. 91.10. At a high-level, and among other required content, this plan includes:

- The county's goals and policies related to farmland preservation and the development of enterprises related to agriculture.
- Information documenting the county's agricultural trends and resources.
- Information about development trends, plans, or needs that may affect farmland preservation and agricultural development in the county.
- Strategies to preserve farmland and promote agriculture development.
- Maps delineating agricultural preservation areas countywide.

THE WORKING LANDS INITIATIVE:

The passage of the "Working Lands Initiative" in 2009 revamped Wisconsin's Farmland Preservation Program of 1977.

The existing program is administered by the Department of Agriculture, Trade and Consumer Protection (DATCP).

DATCP allows counties to participate in its Farmland Preservation Program by developing farmland preservation plans. Plans must be updated and recertified every 10 years.

This plan ensures that Outagamie County and its Towns remain eligible to participate in other farmland preservation programs such as Agricultural Enterprise Areas and Farmland Preservation Zoning. It also ensures that eligible farmers have a pathway to collect Farmland Preservation Tax Credits. As of 2023, the Village of Greenville and seven of Outagamie County's Towns participated in the farmland preservation zoning program (Black Creek, Cicero, Deer Creek, Hortonia, Kaukauna, Maple Creek, and Seymour). As of 2023, the County contained three Agricultural Enterprise Areas (Cicero Blackmour AEA, Greenville Greenbelt AEA, and Three Rivers AEA).

Consistency with the County Comprehensive Plan

Outagamie County's Farmland Preservation Plan serves as Addendum 2 of the County's Comprehensive Plan. At the time of this plan's adoption in 2023, the mapped farmland preservation areas, documented in Part 3 of this plan, were consistent with the future land use maps documented in the County's Comprehensive Plan. Changes to the farmland preservation plan, including mapped farmland preservation areas, may occur via an amendment to the County's Comprehensive Plan.

If there are inconsistencies between the County Comprehensive Plan and the County's Farmland Preservation Plan, the Farmland Preservation Plan supersedes the Comprehensive Plan and any and all inconsistencies between the two shall be resolved in favor of the Farmland Preservation Plan for matters related to agricultural planning and development.

The Planning Process

To summarize the development of this plan, Outagamie County's Development and Land Services Department carried out four major tasks:

- **Data Analysis and Examination of Trends.** County staff analyzed data and reviewed relevant reports to document and better understand agricultural and development trends affecting the county. County staff also assessed specific trends impacting Wisconsin overall as a point of comparison. Some of the primary data sources used included the U.S. Census of Agriculture, USDA's National Agricultural Statistics Service, and the U.S Decennial Census. This research helped to inform what changes to anticipate in the nature, scope, location, and focus of agricultural production, processing, supply, and distribution needs in the county.
- **Public and Stakeholder Engagement.** County staff provided opportunities for the public and stakeholders to offer input. Key opportunities included two online surveys, updates at Outagamie County Town's Association meetings, and ongoing correspondence with Towns to review draft work at key stages of the planning process. Findings from these outreach efforts allowed County staff to evaluate what was uncovered through technical analysis against the perspectives held by members of our community.

  For more information about the public and stakeholder engagement activities conducted as part of this planning process, please see the *Farmland Preservation Plan, Record of Outreach and Engagement*. This record includes all the responses to the two online surveys.
- **Spatial Analysis.** County staff established a framework using objective criteria and modeled spatial and land use data to inform the development of its farmland preservation area maps. The County relied on feedback from municipality representatives and DATCP to refine and streamline the mapping framework.
- **Best Practice Research.** County staff reviewed literature, publications/reports, and other Wisconsin County's farmland preservation plans to understand how best to preserve farmland and support farmers. This research helped to inform the development of this plan's goals, policies, and strategies.

GOALS

This plan highlights four farmland preservation planning goals. These goals represent general statements of the future conditions considered desirable for the Outagamie County community.

Goal 1	Goals 2	Goal 3	Goal 4
			
Agricultural, forest, and open lands are abundant.	Agricultural enterprises are successful.	New occurrences of incompatible land uses are rare.	Locating urban development near public facilities is standard practice.

Source: image: www.flaticon.com.

In addition to these goals, this plan upholds the four planning themes / guiding principles of the County's Comprehensive Plan.

- Advancing Health, Safety, and Opportunity
- Good Governance, Collaboration, and Creativity
- Sustainability, Resilience, and Resource Stewardship
- Equitable, Interconnected, and Community Sensitive

POLICIES

This plan highlights eight policies to guide decision-making through 2033. These policies are intended to provide guidance, consistency, accountability, efficiency, and clarity for County government when making decisions associated with farmland preservation matters.

Policy 1 Outagamie County will continue to participate in farmland preservation planning and related activities, consistent with recommendations in the County's Comprehensive Plan.

Policy 2 Development of non-farm uses which are incompatible with farm uses should be discouraged in farmland preservation areas.

Policy 3 When the conversion of a certified farm parcel to a non-certified farm parcel (or portion thereof) is warranted or requested, the size of the conversion should preserve the maximum amount of remaining farmland of the parent farm parcel; the location and configuration of the conversion should not substantially impair or limit current or future agricultural use of surrounding parcels of land. In addition, the location and configuration of the conversion should minimize the impairment to future agricultural use of surrounding parcels of land. See recommendation 2.3 for further guidance.

Policy 4 Development of community, regional, national, and international markets for agricultural products should be encouraged to promote the county's agricultural industry.

Policy 5 The creation of conventional, organic, and regenerative agricultural practices and enterprises in Outagamie County should be supported.

Policy 6 Participation in Certified Farmland Preservation Zoning and the Agricultural Enterprise Area (AEA) Program shall be encouraged and supported.

Policy 7 Urban development, including residential subdivisions, should be encouraged to locate in incorporated communities of the county or in identified growth areas that are consistent with the County's Comprehensive Plan.

Policy 8 The County should continue to manage consistency between the future land use maps within the County's Comprehensive Plan, the farmland preservation maps within the County's Farmland Preservation Plan, and town and county zoning district maps.

FARMLAND PRESERVATION STRATEGY

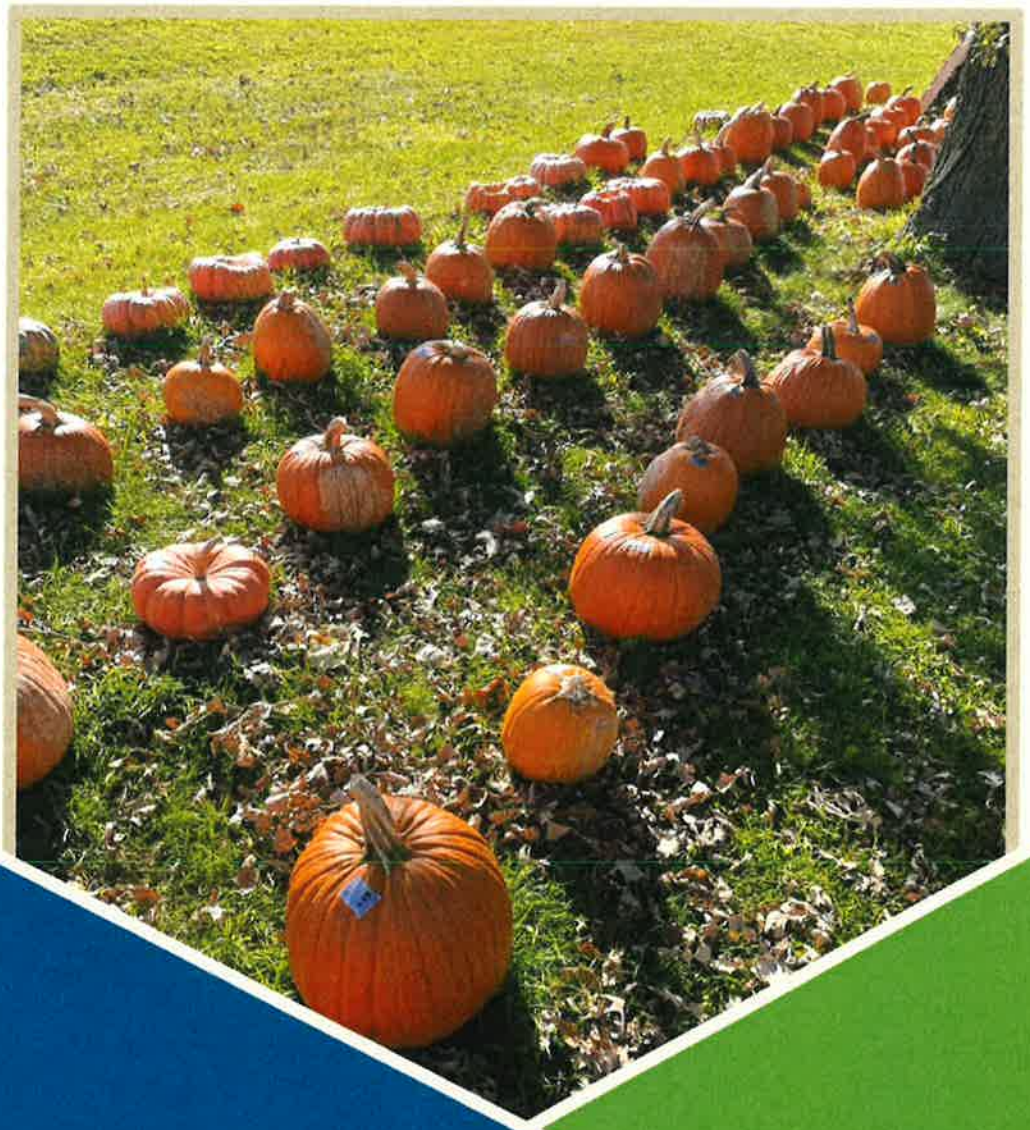
This section presents recommended strategies and actions and programs to implement the goals and policies of this plan. A schedule is offered to estimate when specific tasks should be completed during the planning period. Unless otherwise noted, the implementation "lead" for many of these actions will be Outagamie County's Development and Land Services (DLS) Department.

Recommended Action		Lead	Schedule
Strategy 1: Maintain compliance with the State's Farmland Preservation Program and maintain the use value of Outagamie County's Farmland Preservation Plan.			
1.1	Review this plan annually.	DLS, Zoning Committee	Annually
1.2	Submit annual rezone reports for farmland preservation zoning districts to DATCP.	DLS, Appl. Towns	Annually
1.3	Work with DATCP to recertify the County's and Towns' farmland preservation zoning ordinances.	DLS, Appl. Towns	2024
1.4	When 2022 and 2027 USDA Agricultural Census data is released (estimated: February 2024 and 2029), conduct and publish a brief analysis to assess changes to the agricultural landscape in Outagamie County.	DLS	2024 & 2029
1.5	Update this plan in its entirety, and adopt the revised plan, before December 31, 2033.	DLS	2032 – 2033
Strategy 2: Actively and intentionally manage the preservation of farmland.			
2.1	Engage Towns and landowners to promote Farmland Preservation Zoning and Agricultural Enterprise Areas Programs.	DLS	Periodically
2.2	Evaluate the standards set forth in the County's certified farmland preservation zoning ordinance to ensure the County's Exclusive Agriculture District continues to be effective in meeting the purpose of the district. If issues are identified, work with towns under County Zoning Authority to evaluate potential amendments.	DLS, Appl. Towns	Near-term
2.3	Consistently apply decision-making guidance (documented in Exhibit 1) when the conversion of a certified farm parcel to a non-certified farm parcel (or portion thereof) is warranted or requested.	DLS	As needed

Recommended Action		Lead	Schedule
2.4	Collaborate and partner with municipalities and groups to support and encourage farmland preservation programs, practices/concepts, and initiatives.	DLS	As needed
Strategy 3: Proactively mitigate conflict between agricultural and non-agricultural uses.			
3.1	Evaluate changes to the County's Zoning Ordinance to better manage growth and development. In particular, evaluate: • Zoning efficiency measures that can be implemented in residential zoning districts, for the purpose of increasing housing densities in areas designated for growth. • Appropriateness of the permitted uses and special exception uses in the General Agriculture District. If issues or opportunities are identified, work with towns under County Zoning Authority to evaluate potential amendments.	DLS, Appl. Towns, Zoning Committee	2023, and As needed
3.2	Assist in the development of cooperative boundary agreements and exterritorial zoning.	DLS, Village/City, Appl. Towns	As needed
Strategy 4: Support existing and new agricultural producers, and expanding and new agricultural businesses or enterprises.			
4.1	Promote programs that make local farming operations more sustainable and economically viable.	DLS, LCD	Ongoing
4.2	Promote agritourism by identifying opportunities to amend the County's Zoning Ordinance to allow agritourism uses outright or as a special exception in the General Agricultural District.	DLS	Near-term
4.3	Identify ways to encourage farm succession planning.	DLS	Mid-term
4.4	Identify ways to help promote the 4-H program.	DLS	Mid-term
4.5	Develop marketing strategies to inform the general public of the importance of agriculture and of supporting existing, local agricultural businesses/enterprises.	DLS	Mid-term
Strategy 5: Continue to explore evolving topics, issues, and programs that are related to the agricultural industry and farmland preservation.			

Recommended Action		Lead	Schedule
5.1	Monitor the impact of solar and wind facility installation on agricultural lands in the County and across the state.	DLS	Ongoing
5.2	Identify preferred locations for solar and wind facility installations that minimize impacts to county agricultural lands.	DLS	Near-term
5.3	Explore water management opportunities to mitigate drainage issues and address water quality issues.	DLS, LCD	Ongoing
5.4	Explore provisions, efforts, or programs related to voluntary climate-smart agricultural and forestry practices and renewable energy opportunities for agricultural producers.	DLS	Long-term
5.5	Continue to explore food system research opportunities, possibly through partnerships with adjacent counties.	DLS	Long-term
5.6	Explore agricultural resource protection tools and programs such as conservation subdivisions, conservation easements, purchase of and transfer of development rights programs, and right to farm deed restrictions.	DLS, Appl. Towns	Ongoing

Decision-Making Guidance for Certified Farm Parcels



Per Policy 3 and Recommendation 2.3, consistently apply the following decision-making guidance when the conversion of a certified farm parcel to a non-certified farm parcel (or portion thereof) is warranted or requested.

Exhibit 1. Decision-Making Guidance for Rezoning Certified Farm Parcels

Recommended Criteria to Consider for Required Findings[1]		YES	NO
Finding 1: The rezoned land is better suited for a use not allowed in the AED exclusive agricultural district.			
1a.	The rezoned land is not prime farmland.	☐	☐
1b.	The rezoned land is directly adjacent to land that is not zoned AED.	☐	☐
1c.	The rezoned land is within 3-miles of a first-, second-, or third-class city or is within 1.5-miles of a fourth-class city or village.	☐	☐
Finding 2: The rezoning is consistent with any applicable comprehensive plan.			
2a.	The rezoning is consistent with the Future Land Use Map of the applicable comprehensive plan.	☐	☐
2b.	The rezoning is consistent with goals of the comprehensive plan.	☐	☐
Finding 3: The rezoning is substantially consistent with the county farmland preservation plan, which is in effect at the time of the rezoning.			
3a.	On a per Town-basis, the lands within a certified farmland preservation zoning district are at least 80% consistent with the lands planned for farmland preservation in the County's Farmland Preservation Plan.	☐	☐
Finding 4: The rezoning will not substantially impair or limit current or future agricultural use of other protected farmland.			
4a.	The rezoned land is two or fewer acres.	☐	☐
4b.	The rezoned land is located adjacent to road frontage and adjacent to a corner of the parent parcel.	☐	☐
4c.	If the rezoned land cannot be located within the corner of the parent parcel, the distance between the rezoned land and the parent parcel's lot lines are sufficiently spaced to maintain the future use value of the parent parcel.	☐	☐
4d.	The rezoned land is square or rectangular in shape, not overtly elongated, and compact, unless certain topographical or environmental circumstances prevent it.	☐	☐
4e.	The rezoned land does not isolate farmland parcels that would further fragment areas of agricultural lands.	☐	☐

PART 2

RESOURCES SUPPORTING AGRICULTURE

This section considers land, soil, and water resources which are each necessary building blocks to support the County's agricultural industry. This section also considers the human-made resources supporting agriculture in this county (e.g., key infrastructure and enterprises).

Available Land

While Outagamie County contains much of the Fox Cities (a cluster of urban and urbanizing cities, towns, and villages along the Fox River), it maintains strong roots in agriculture. This is primarily due to the fact that most of the county – in terms of geographic area – remains rural in nature and comprises extensive and contiguous agricultural acreage.

According to the U.S. Census of Agriculture, the county had 236,963 acres of farmland as of 2017 – accounting for roughly 57 percent of the county's total land area. Due to development pressure over the years, the county has experienced a loss of its agricultural land supply. For example, Exhibit 2 shows that the county lost over 13,000 farm acres between 2012 and 2017. Looking over a longer time period, the county lost over 26,000 farm acres between 2002 and 2017.

Exhibit 3 depicts land use distribution trends in Outagamie County, to further assess the county's agricultural land base. The exhibit uses GIS data from the County and land use data from the East Central Wisconsin Regional Planning Commission.

It shows that, between 2003 and 2015, the county's share of land classified as "Agricultural & Vacant" decreased by three percentage points. This has occurred as the share of developed lands (e.g., residential, commercial/institutional, and industrial) increased.

Soil Resources

Prime farmland, as defined by the USDA, is land that has the best combination of physical and chemical characteristics for producing food, feed, forage, fiber, and oilseed crops and is available for these uses. Because of these characteristics, prime farmlands are important to preserve for agricultural purposes.

Exhibit 4 shows the location of prime farmland in Outagamie County. Of the county's total land area, roughly 47% is classified as prime farmland, 36% as prime farmland (if drained/protected), and 17% as not prime farmland. See Exhibit 5 to review soil quality data at a more granular level (by municipality).

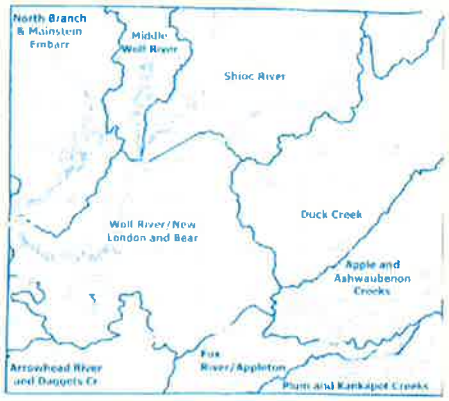
Water Resources

According to the United Nations, agriculture is the largest consumer of the world's freshwater resources, and – demand for water is rising due to population growth, urbanization, and a significant dietary trend from a starch-based diet toward a more water-intensive meat- and dairy-based diet.[2]

Given the county's location within the Great Lakes region, water scarcity tends not to be a major concern, relative to other regions of the United States. In fact, too much water (and lack of proper drainage, due to our flat terrain) is often where the County sees community consternation. For example, upon examining survey comments received as part of this project, **agricultural producers and county residents have both cited drainage issues as a growing problem in the county.**



The blame for drainage issues is wide ranging from too much government interference to not enough government regulations and enforcement, from agricultural practices to new development, and from weather pattern changes to improper treatment of the environment. To better understand root causes, the county may need to further explore drainage issues over this plan's planning horizon.

WATER RESOURCES IN THE COUNTY:

Outagamie County's Land and Water Resources Management Plan (2018) indicates that the county contains nine watersheds, about 1,250 miles of streams and river, and 237 acres of lakes and impoundments.

The western half of Outagamie County is in the southeastern section of the Wolf River Basin (see Exhibit 5). In this basin alone, there are 33 county lakes. Most of these are unnamed and small; however, Black Otter Lake and one unnamed lake are larger than 25 acres.

Exhibit 6. Watersheds in Outagamie County
Source: Outagamie County Comprehensive Plan (Map 6).

Equally as important as drainage is managing the quality of our water resources. Water quality shares a nexus with public and environmental health and is a worthwhile topic to explore in relation to agriculture, as agricultural runoff and some farming practices contribute to water pollution. Too much manure, fertilizers, and/or sediment as well as the improper use or disposal of pesticides, herbicides, and/or livestock medicines can pollute our surface water and groundwater.[3] The excess nutrients from manure and other agricultural runoff can raise the amount of nitrogen and phosphorus in the water which can create algae bloom, reduce oxygen levels in the water (impacting aquatic species), and increase plant growth at unsustainable rates. The County should continue to encourage sustainable agriculture practices to reduce the runoff of sediment, nutrients, bacteria, pesticides, and other pollutants.

Infrastructure and Enterprises

Outagamie County and the surrounding area contains the necessary balance of services and suppliers for the agriculture industry to remain competitive. Key agricultural infrastructure and enterprises that support the industry in the county include:

- **A robust transportation network** that enables the efficient movement of agricultural products, farm labor, and goods/services required to support farm operations. The County contains the I-41 interstate, several US highways, and many county trunk highways that traverse throughout the County and link to local road networks. The County is also served by freight rail.
- **Ample processing, storage, and supply facilities,** as documented in Exhibit 7 and Exhibit 8. The county contains dealers and suppliers of equipment, parts, and repair service; feed and fertilizers; fuel; and livestock. The county also contains an ample supply of storage facilities and manufacturing/processing plants for meat, dairy, animal byproduct, and other agricultural products.

  According to the data displayed in Exhibit 7, most of the county's key processing, storage, and supply facilities are located in the county's incorporated communities to access the region's employment base. They are also in close proximity to I-41 to ensure efficient access to the region's primary transportation outlets. Following an analysis of the data presented in Exhibit 7 and Exhibit 8, as well as findings from a survey of the county's agricultural producers, the county's existing processing, storage, and supply facilities are adequately available.
- **Agricultural cooperatives (co-ops),** of which Outagamie County contains several. According to the UW Center for Cooperatives (as of Summer 2021), Outagamie County has 13 co-ops. Three co-ops are agriculture cooperatives (located in Appleton, Black Creek, and Seymour) and one co-op is a grocery cooperative (located in Kimberly).
- **Concentrated animal feeding operations (CAFOs),** of which Outagamie County contains 10 CAFO permittees. According to WDNR (as of May 2022), nine of the permits are held for dairy operations and one permit is held for a beef operation.
- **Other agriculture-related enterprises** including grocery stores and farmers markets as well as consulting, veterinary, delivery/hauling, and soil testing services. According to the Wisconsin Farmers Market Association, Outagamie County has six farmer's markets. They are located in Appleton, Kaukauna (city), Seymour (city), Greenville, Buchanan (Darboy), and Oneida.

STATE AGRICULTURAL TRENDS

A review of state agricultural trends, as presented in this section, can provide an understanding of macro-level changes that may influence Outagamie County over the next 10 years. This assessment finds that in Wisconsin:

- **Agricultural land has decreased in total acres**. According to the U.S Census of Agriculture, Wisconsin's agricultural land supply is decreasing. Between 2012 and 2017, farmland declined by 250,296 acres (-1.7 percent), from 14,568,926 acres in 2012 to 14,318,630 acres in 2017.
- **Farm operations have declined in total number, while the average farm increased in size.** According to the U.S. Census of Agriculture, between 2012 and 2017 Wisconsin lost 4,961 farm operations (-7.1%). As agricultural producers leave the business or retire, some sold their farmland to other farmers. Some of these new farmers consolidated their purchased land into their existing farm operations, making them larger and more expansive. Between 2012 and 2017, the average farm operation increased in size by 12 acres, from 209 acres in 2012 to 221 acres in 2017.
- **Agricultural land (without buildings and improvements) has increased in value.**[4] According to data from the USDA, in 2021, agricultural land sales that continued as an agricultural use sold for an average of $6,202 per acre, compared to $5,221 per acre in 2016 ($981 increase). During this same period, agricultural land sales that diverted to another use sold for an average of $32,158 per acre, compared to $7,558 in 2016 ($24,600 increase). DATCP explains that "the steep climb in values for agricultural land being diverted to other uses came primarily from land being developed for commercial uses in southeastern Wisconsin."
- **The number of farm production jobs decreased, while food processing jobs grew.**[5] Since 1969, the average annual rate of farming jobs has declined by 0.3 percent while the average annual rate of food processing jobs has increased by 0.5 percent in this same time. For comparison, the average annual rate of growth for all employment in Wisconsin was about 1.9 percent in this time. UW-Extension explains that the downward trend in farm labor is a result of "two driving forces: (1) a decline in the number of farms, and (2) the rise of productivity enhancing technologies." UW-Extension also highlights the importance of growth in the state's food processing sector, stating:

  > *From 2011 [to 2017] total employment in Wisconsin increases by 13.6% but for food processing employment increased by almost 16.5%. This surge in food processing employment is reflective of the growth in specialty food processing, generally those associated with local foods such as craft beers and artisan cheese, and growing demand by consumers for prepared meals (outside of restaurants). If we compare Wisconsin to our neighboring Great Lake States and the nation, this upward swing in food processing is not unique to Wisconsin.*

- **Concentrated Animal Feeding Operations (CAFOs) are an expanding agricultural practice.** According to WDNR permit data, Wisconsin contained six permitted CAFOs prior to 1995, which grew to 274

[4] United States Department of Agriculture, National Agriculture Statistics Service: WI Agricultural Land Sales, 2021.
[5] UW-Extension, Center for Community Economic Development: Trends in Wisconsin Agriculture Employment.

CAFOs in 2017.[6] Recent data shows that Wisconsin is now home to 327 permitted CAFOs (2022) with the majority specializing in dairy cows (90 percent).[7] There are trade-offs associated with CAFO growth. In terms of benefits, CAFOs maximize food production, create operational efficiencies, and help to keep food prices more affordable. However, they also produce pollutants which impact air, groundwater, surface water, and soil quality. They can also introduce potential odor/noise nuisances, and they are commonly associated with animal welfare concerns. Moreover, as CAFO's expand, they tend to push smaller farms out of business.

- **Agritourism is increasingly popular.** According to DATCP, agritourism is broadly defined as any agricultural-based activity that brings visitors to a farm or ranch to encourage a connection or reconnection to agriculture.[8] A number of social trends are making agritourism an increasingly popular industry in Wisconsin and nation-wide. For example: there is a growing respect for "making/makers" versus consumption, a growing interest in knowing the source of one's food and how it is produced, a growing interest in food and travel as a sought out cultural experience, and a growing societal desire to mitigate against technology overload by unplugging and reconnecting with traditional skills and lifestyles.[9]
- **Consumer preferences are driving demand for healthier and more sustainable food products,** and agricultural producers are responding in effective ways. To take one example, organic foods are becoming more of a staple as consumers continue to show an interest in organic eating for health and/or environmental reasons. As of 2021, Wisconsin had 1,516 certified organic operations, up from 1,334 certified organic operations in 2015 (14 percent increase).[10] These figures make Wisconsin a national leader in organic agriculture. In fact, of all US states, Wisconsin ranks #2 with the largest number of organic farms. Wisconsin ranks #4 with the largest amount of certified organic land (250,000 acres).
- **The agricultural industry remains strong.** According to agricultural statistics compiled by DATCP for Wisconsin (as of April 2022), farming is still a large part of Wisconsin commerce, as explained below:[11]
    - Wisconsin agriculture contributes $104.8 billion annually to our state's economy. Food processing activity contributes $82.7 billion to industrial sales.
    - Agriculture provides 435,700 jobs or 11.8% of the state's employment base. On-farm production contributes 154,000 jobs. Processing contributes 282,000 jobs.
    - Wisconsin is one of the top states in the production of major processing vegetables (e.g., snap beans, carrots, and green peas). The state ranks third in the nation in potato production and the state produces 59 percent of the nation's cranberry crop making Wisconsin the top cranberry producing state in the country.

- Wisconsin is home to approximately 6,500 dairy farms, more than any other state, and 1.28 million cows. The dairy industry itself contributes $45.6 billion to Wisconsin's economy each year. The feed mills, dairy equipment manufacturers and technicians, veterinarians, construction companies, genetics companies, milk haulers, dairy plants, and dairy software companies - create a wave of economic impact across the entire state.
- Wisconsin produces 25 percent of the nation's cheese. Nearly 1,200 licensed cheesemakers produce over 600 types, styles and varieties of cheese – nearly double the number of any other state.
- Wisconsin exported $3.96 billion of agricultural and food products in 2021 to 146 countries. Wisconsin ranks first in the export of ginseng roots, prepared/preserved cranberries, raw furskins, bovine semen, whey, and sweet corn. The state's top agricultural export markets include Canada, China, Mexico, Korea, and Japan.

COUNTY AGRICULTURAL PROFILE

Outagamie County is developing and its population is growing. However, agriculture continues to play a key role in shaping the county's land base, economy, and culture. This section documents the county's agricultural profile and trends to assess the local agricultural industry and how it is changing.

Farm Operations

As of 2017, Outagamie County contained over 1,100 farm operations, operating on 236,963 farm acres. The average farm operation in the county was approximately 210 acres in size, 11 acres smaller than Wisconsin's average farm size of 221 acres.

Exhibit 9 shows that from 2012 to 2017, the county lost 40 farm operations and 13,785 farm acres.

In this time, the average farm size in the county shrank (by about five acres), despite the average farm size in Wisconsin growing overall (by about 12 acres).

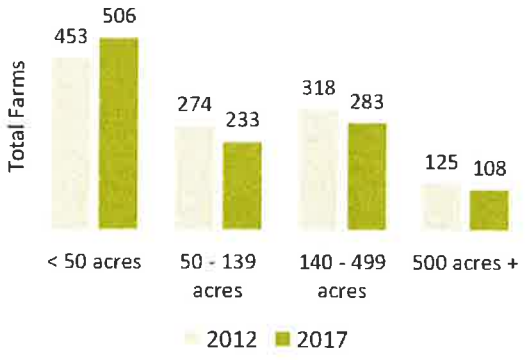

Exhibit 9. Change in Total Farm Operations and Farmland Acreage in Outagamie County - 2012 and 2017
Source: U.S. Census of Agriculture, 2012 and 2017 (Table 8)

	Total Farm Acres	Total Farm Operations	Average Farm Size

When assessing individual operations disaggregated by size, this analysis finds that most of the county's farm operations declined in size, except for operations smaller than 50 acres, which grew by 12 percent (Exhibit 10).

These trends represent a shift in the kinds of operations that comprise Outagamie County's agricultural industry.

Farm Labor

Farm workers are a critical resource for farming operations. As of 2017, 338 of the county's 1,130 farm operations (30 percent) relied on hired farm labor.

The number of farm laborers in the county declined from 1,652 workers in 2012 to 1,328 workers in 2017 (Exhibit 11). This experience is consistent with state trends.

Of the county's 1,328 farm laborers, 55 percent worked more than 150 days per year and 45 percent worked less than 150 days per year.

Total payroll for these workers was $23.5 million, which is an average, annual salary of about $17,696 per worker (2017).

Agricultural Uses of Land

A majority of farm acres in Outagamie County is used for crops (Exhibit 12). As of 2017, cropland accounted for 87 percent of all agricultural land in the county and 51 percent of the total land area in the county. Cropland acreage declined by about 3,922 acres (about 2 percent) from 2012 to 2017.

Agricultural Specialties

According to the USDA, as of 2021, Outagamie County ranked eleventh in the state with the most dairy cows. This makes the county a leader in the state in terms of dairy production. As of 2021, the average dairy cow in Outagamie County produced 27,700 pounds of milk, compared to 24,884 pounds on average in Wisconsin overall.

Another important agricultural specialty in the county is cabbage. Agriculture census data shows that Wisconsin farmed 4,593 total acres of cabbage in 2017. Of that total acreage, approximately 1,578 acres (34 percent) was located in Outagamie County. This makes Outagamie County a leading producer of cabbage in the state. In fact, Outagamie County holds a lot of joy and pride it its cabbage production. For example, a 'World Championship Cabbage Chuck" (see Exhibit 15) is an event held annually in Shiocton Lake Park. The event includes cabbage chucking, a contest for the largest cabbage, raffles, and other family-friendly activities.

Commodity Sales

According the U.S. Census of Agriculture, in 2017, farms in Outagamie County generated $263.7 million in total sales, down from $302.2 million in 2012 (Exhibit 16).

The average farm generated $233,388 in total sales, down from $258,319 in 2012.

More farming operations are generating less in sales from 2012 to 2017.

Exhibit 17 shows that between 2012 and 2017, operations that generated less than $25,000 per year or between $25,000 and $49,999 per year increased by six percent and 58 percent respectively.

During the same period, operations that generated between $50,000 and $99,999, $100,000 and $499,999, and $500,000 or more per year decreased by 24 percent, 13 percent, and 36 percent respectively.

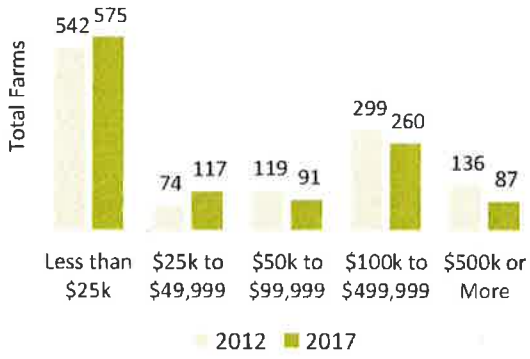

Exhibit 18 and Exhibit 19, on the following page, shows the nominal value of agricultural products produced and sold in Outagamie County in 2012 and 2017. It shows that, in Outagamie County, and:

- **Of the crop products listed in Exhibit 18**, grain generated the most in total sales ($55.8 million), followed by corn ($30.3 million), (2017). Between 2012 and 2017, and without adjusting for inflation, all products decreased in total sales with the exception of horticulture, which increased by about $2.1 million.
- **Of the livestock products listed in Exhibit 19,** milk products generated the most in total sales ($146.5 million), followed by cattle and calves ($44.1 million), (2017). Between 2012 and 2017, and without adjusting for inflation, all products grew in total sales with the exception of cattle/calves, which declined by about $5.2 million.

Value of Agricultural Assets

The value of agricultural assets in Outagamie County is increasing. Between 2012 and 2017, and after adjusting for inflation, the county's total agricultural asset value increased by 21 percent (about $293.7 million). The average asset value per farm operation increased by 25 percent (about $302,730), and the average asset value per acre increased by 28 percent (about $1,567).

In 2017, Outagamie County recorded $1.7 billion in agricultural assets (Exhibit 20), which was approximately 2.4 percent of the total value of agricultural assets in Wisconsin.

The average farm operation in Outagamie County recorded $1.5 million in total assets in 2017, compared to $1.1 million for the average farm operation in Wisconsin.

Agricultural Land Transactions

Between 2000 and 2020, agricultural producers sold 45,936 acres of agricultural land in Outagamie County. This land is increasingly being sold to other agricultural producers. For example, Exhibit 21 shows the distribution of agricultural land sold between 2000 and 2020, by subsequent use. In 2010 and onward, the county saw a shift in sales, with most agricultural land being sold to owners who continued to use the land for agriculture. This trend may be caused by several factors, including:

- Farmland preservation efforts are taking hold in the county and state.
- A glut of land purchased for development prior to 2010 on speculation has taken years to develop through lot inventories.
- Housing trends have moved the market towards multifamily housing in urban areas and housing in proximity to urban services.
- Consolidation of farms and CAFO growth have increased demand for smaller tracts of land by larger farm operators to expand, grow feed, or spread manure.

DEVELOPMENT TRENDS & NEEDS

This section identifies, describes, and documents other development trends, plans, and needs that may affect farmland preservation and agricultural development in Outagamie County.

Factors Affecting Development

New development spreading from more urbanized areas of the county can put added pressure on agricultural and open land. This section highlights a few factors that may contribute to growing development pressures.

POPULATION GROWTH

Outagamie County's population is growing.

From 2000 to 2020, the county's population grew by 29,734 people (about 18 percent), (Exhibit 24).

According to Wisconsin's Demographic Services Center, county population is projected to continue growing by another 24,585 people or about 13 percent between 2020 and 2040.

Exhibit 24. Population Trends and Projections in Outagamie County - 1980 through 2040

Source: U.S. Decennial Census (1980 to 2020); Wisconsin DOA, Demographic Services Center (2030 and 2040)

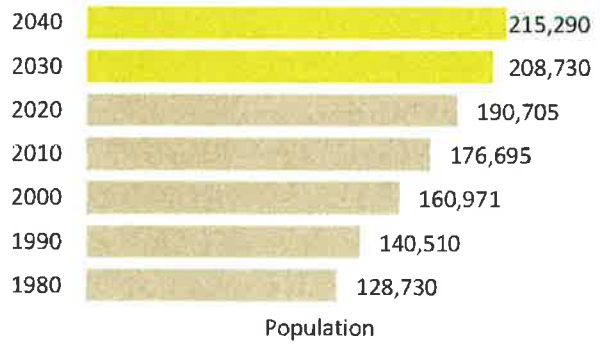

Exhibit 25, on the following page, presents more granular population trend data to analyze change at the municipal level between 2010 and 2020. The data show marginal growth (less than 200 people) or declining growth in most of the county's townships.

Some of the county's Towns have, however, experienced more growth which could potentially create land use issues in the future if growth management practices are not followed. For example, between 2010 and 2020, the Town of Grand Chute's population increased by 2,912 people (14 percent change), which is a level of growth commensurate with many of the county's incorporated communities. The Towns of Ellington, Freedom, and Center added a fair amount of people to their populations in this time as well (416, 374, and 220 people respectively). Population growth is associated with housing and business growth and these findings show that urbanization from the Fox Cities is continuing to expand north, deeper into rural Outagamie County. To mitigate potential land use issues while preserving farmland, the County should implement the policies and recommendation set forth in this Plan and its Comprehensive Plan to guide growth and development to planned growth areas.

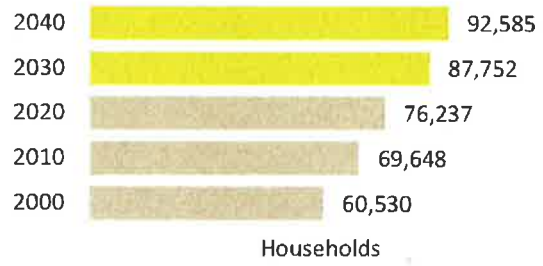
HOUSEHOLD GROWTH



The county is experiencing increased household formations and shrinking household sizes. From 2000 to 2020, the county added 15,707 households and is projected to continue growing through 2040 (Exhibit 26).

The county's average household size declined from 2.66 in 2000 to 2.54 in 2010, and then to 2.50 in 2020.

As the county's population grows and household sizes shrink, greater demand for new housing will exist.

EMPLOYMENT GROWTH

The number of jobs in the county has increased since 2010, even with the sharp decline in employment in 2020 resulting from the COVID-19 pandemic.

Between 2010 and 2021, total jobs increased by 4,910, from 99,450 jobs in 2010 to 104,360 jobs in 2021. This represented a five percent change (Exhibit 27).

Outagamie County is located in the Bay Area Workforce Development Area. Non-farm jobs in this region are projected to grow through 2028 (Exhibit 28). As employment growth occurs, some of these new jobs will be absorbed in Outagamie County.

As the job base grows, the region will become a more desirable place to live and demand for developable lands will increase.

Factors Affecting Farmland Preservation

This section discusses development trends and community needs that may affect farmland preservation and agricultural development in Outagamie County.

HOUSING

Population growth (Exhibit 24) and the formation of new households (Exhibit 26) will result in demand for new housing in Outagamie County. The delivery of new residential dwelling units can put pressure on more rural areas of the county, as development sprawls from existing urban areas, toward more undeveloped areas of the county (i.e., agricultural and natural areas).

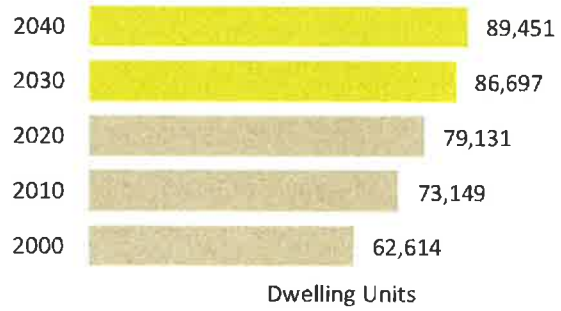

Exhibit 29 shows that, between 2000 and 2020, Outagamie County's housing stock increased by 16,517 units (26 percent).

According to projections developed by the state, Outagamie County is forecast to need 10,320 units between 2020 and 2040.

According to the *Fox Cities and Greater Outagamie County Housing Strategy* (2022), the larger region will need 10,910 to 17,738 new dwelling units through 2030 to accommodate housing underproduction and population growth.

Between 2011 and 2020, approximately 7,937 dwelling units were permitted in Outagamie County, averaging 722 new units per year (Exhibit 30).

In this time, approximately 56 percent of the dwelling units were permitted in incorporated areas (cities or villages) and 44 percent in unincorporated areas.

TRANSPORTATION

Outagamie County's transportation network will influence development countywide, as will the local transportation networks developed by towns, villages, and cities. In terms of County infrastructure, completion of CTH CB is the County's last planned route needed to complete its network. The County plans to extend CTH CB north from STH 15 in the Village of Greenville, to Mayflower Drive in the Town of Grand Chute, and then north to CTH JJ. Development of this route will unlock additional development potential in an already, quickly urbanizing portion of the county.

The County is also slowly urbanizing its highways on an ongoing basis. As part of this process, roadways are improved to handle increased traffic flow, and multimodal transportation options through the development of multi-use paths, sidewalks, or bicycle paths to accommodate pedestrians and cyclists. The urbanization of roadway segments may draw development interest in adjacent areas.

Wisconsin's Department of Transportation (WisDOT) is also embarking on a large project (design, acquisition, and reconstruction) along the I-41 corridor from WIS-96 (Wisconsin Avenue) in Appleton to County Road F (Scheuring Road) in De Pere. Construction is anticipated to complete by 2030. The improvements WisDOT implements will make traveling into Outagamie County more accessible, thereby making the county a more attractive place to live, work, and/or visit.

UTILITIES AND COMMUNITY FACILTIES/SERVICES

Utilities including electric, natural gas, sewer, water, and telecommunications are important services that residents and businesses rely on to meet basic needs. Community facilities include parks and recreational areas, public facilities and centers (government buildings, libraries, schools, etc.), healthcare and social service facilities, and other educational facilities. For more information, Outagamie County's Comprehensive Plan identifies, describes, and in many cases maps the utilities and community facilities found in the county.

Like the County's transportation system, utilities and community facilities largely impact growth patterns in Outagamie County. For example, development tends to locate in areas with access to utilities and services, making agricultural lands near cities and villages (with greater concentrations of these resources) more enticing to developers.

RENEWABLE ENERGY

Renewable energy sources are receiving increased attention around the State, including in Outagamie County. Agriculture and renewable energy industries are linked in many respects, for example:

- According to a 2016 study, Wisconsin had 136 operating anaerobic digesters, of which 34 were agriculture related.[12] Anaerobic digesters can produce renewable heat and electricity from animal waste, crop residue, or byproducts from milk and cheese. An advantage of these digesters is that they can reduce environmental problems associated with manure waste such as stream and groundwater contamination.
- Production of corn to create ethanol, a common biofuel that is renewable and a cleaner alternative to petroleum-based fuels, is on the rise. According to the Wisconsin Corn Growers Association, "Wisconsin's eight ethanol plants produce more than 500 million gallons a year – making Wisconsin the ninth-largest ethanol producing state in the country. These plants use

[12] Wisconsin Office of Energy Innovation (2016). Wisconsin Biogas Survey Report.

more than 180 million bushels of corn each year – about 37 percent of the state's corn crop. Ethanol production in Wisconsin generates $4.2 billion in economic activity, impacting 19,000 jobs, with $982 million in wages, and generates $306 million in taxes."[13]

- Wind turbines are becoming more popular for electricity generation and it is possible that the increased number of turbines will have an impact on farmland preservation as wind turbines are typically installed in rural areas. However, an unintended outcome of wind farm placement is that they provide deterrence to non-farm residential development, helping to preserve agricultural activities in and around the wind farm locations.
- Another growing trend in Wisconsin is small- and large-scale solar farms. Like wind turbines, solar farms are typically installed in rural areas, and therefore, can impact the agricultural landscape.

As demand for renewable energy grows, farmers may become increasingly incentivized to sell or lease their lands to accommodate wind and solar facilities, especially if renewable energy companies are willing to pay a premium for the space. The locational characteristics that may be more desirable for solar and wind companies are those areas which:

1. Are in proximity to existing electrical grid infrastructure, such as transmission lines and substations.
2. Have slopes that are five percent or less.
3. Have minimal environmental constraints.

REGULATORY FRAMEWORK: SOLAR AND WIND FACILITIES

In regards to the installation of wind energy and solar energy systems, Outagamie County follows Wisconsin Statutes (66.0401).

Outagamie County has some regulatory control over small wind and solar generation facilities, but has no control over the installation of large facilities (projects producing over 100 Megawatts of power). Large facilities are controlled by the Wisconsin Public Service Commission (PSC). The PSC coordinates their review with WisDOT and DATCP, and may take local ordinances into consideration. While Outagamie County does not have local control or discretion to approve/deny these projects, they can provide input at public hearings held by the PSC.

Local governments may enter into a developer's agreement with the developer, but this is optional. The agreement can provide the County assures related to road maintenance, hours of operation, decommissioning responsibilities, and other concerns.

In the last several years, the County has become aware of two solar facility inquires: (1) a 100+ Megawatts Solar Facility inquiry on approx. 1,100 acres in the Town of Maple Creek and (2) a 100+ Megawatt Solar Facility inquiry on approx. 750 acres in the Town of Deer Creek and Waupaca County. Both projects are considered "large facilities" (see sidebar above). Both of these projects are located in farmland preservation areas, which impacts the County's efforts to preserve existing and prime farmlands.

COMMUNICATION

Following the development of *Outagamie County's Broadband Study Report* (2022), the County is working to improve access to and the reliability of broadband internet services and cellular connectivity countywide.

As broadband and communication services expand into more rural areas of the county, development in rural areas could become more attractive as they will be able to better accommodate business and household demands (which increasingly require high-quality, uninterrupted internet and cellular access). However, farms that rely on the internet for business deals and operations can also benefit from improved communication services.

BUSINESS DEVELOPMENT

The local agricultural industry has historically remained an important component of Outagamie County's economy. The 1,130 farms in the county produce products that provide economic security to other local businesses such as food processors, manufacturers, veterinarians, garden centers, grocery stores, and restaurants. In addition, the farmers of these operations support county businesses by purchasing products, equipment, and services. The success of these farming operations enables a strong economy.

COMMUNITY PERSPECTIVE:

According to Outagamie County's farmland preservation community survey (taken by primarily residents / non-farmers), 10% of respondents believe agriculture in the county is a growing industry, 63% believe it has some growth potential, and 27% believe it is a declining industry with no future growth potential.

Continued growth of the county's agricultural industry (including the development, retention, and expansion of agricultural businesses) will be influenced by many factors, including:

- Availability and cost of farm labor.
- Availability and cost of land to lease or buy.
- Availability and cost of farming equipment, material, and supportive services (e.g., veterinary care, etc.).
- Ability to obtain needed financing.
- Market volatility, production costs, commodity prices, and profit margins.
- The amount of non-agricultural development encroaching in agricultural areas.

In addition, business development and industry growth will be influenced by the changing demographics of our existing agricultural producers. For instance, according to the farmland preservation survey, taken by agricultural producers:[14]

- Approximately 61 percent of respondents were 60 years or older; 29 percent were 70 years or older.
- A third of respondents indicated they will discontinue farming in less than 10 years; another third of respondents will discontinue farming in 10 to 20 years.

[14] Outagamie County's Farmland Preservation Agricultural Producer Survey (question 7, 9, 10, 11, and 22). The survey received responses from 81 agricultural producers in Outagamie County.

- In the past five years, most respondents (91 percent) did not expand their operations – primarily due to satisfaction with their current size or due to the owner/operator nearing retirement.
- When asked about respondents' plans for their operation once they retire, 19 percent said they did not know and another 19 percent said they plan to sell their land to the highest bidder.
- A majority of respondents (63 percent) do not have a farm transition plan or estate plan in place.

When agricultural producers were asked about how the County could better support the protection of agricultural operations, survey respondents provided ample suggestions including: restrict urban sprawl (particularly for rural subdivisions/residential uses), reduce taxes on farmland, reduce government regulations, help farmers navigate the various rules and regulations to create a business, develop marketing strategies to inform the general public of the importance of agriculture, reward small farmers, help get youth involved in agriculture, provide low interest-loans, and provide education.[15] Engaging in some of these activities over the planning period can guide future business development objectives.

WASTE MANAGEMENT

Brown, Outagamie, and Winnebago Counties signed an agreement in 2007 to develop a single-stream recycling facility. The partnership has created waste management services, including landfill and recycling efficiencies, for the benefit of all residents.

The Tri-County Recycling Facility, operated by Outagamie County Recycling & Solid Waste, was completed in 2009 and is one of the largest publicly owned and operated, single-stream recycling facilities in the United States. The facility is capable of processing up to 100,000 tons of material each year, so the facility's service area could be expanded in the future. The facility not only serves all Brown, Outagamie, and Winnebago communities, but it also serves most of Northeast Wisconsin (nearly 16% of the state's population).

The Outagamie County Recycling & Solid Waste Department also provides solid waste disposal by providing extensive landfill operations management. The landfill site encompasses 450 acres of existing and future landfill development potential. In 2001, Brown, Outagamie, and Winnebago Counties regionalized landfill operations. In 2012, Outagamie County became the host regional landfill with the creation of the Northeast Landfill. Annually, the Northeast Landfill safely and responsibly services the needs of over 200,000 households and manages over 500,000 tons of municipal solid waste from the Tri-County region and has a capacity to hold over 7 million cubic yards of refuse. The landfill employs state-of-the art compaction and alternative daily cover methods to insure the value of the air space is maintained allowing the landfill to maximize its capacity over its 10 plus years of site life.

Outagamie County Recycling & Solid Waste also maintains a transfer station which opened in 2005 and a resource recovery park which opened in 2020.

MUNICIPAL EXPANISON

Municipal expansion, described here, involves the expansion of cities or villages into towns via annexation. The county contains four cities and eight villages. As they continue to experience population and business growth, existing lands in cities and villages may become insufficient to accommodate demand for housing and business locations. As this occurs, developers will begin establishing plans to

[15] Outagamie County's Farmland Preservation Agricultural Producer Survey (question 19).

develop adjacent to these communities – where larger tracts of land are available to develop in proximity to city/village services and utilities. This reality can sometimes create land use issues, particularly if urban development and/or sprawl occurs absent annexation and that development results from incompatible development locating near agricultural enterprises. Further, development pressure from cities and villages into unincorporated areas can sometimes jeopardize farmland preservation efforts since development in unincorporated areas typically occurs at lower densities then they would have in incorporated areas. Finally, it makes promoting agricultural development more challenging (i.e., when development infringes on prime agriculture lands, it can make that agricultural land and/or agricultural enterprises less valuable).

Development pressure in towns may be alleviated, to a certain extent, through land use efficiency measures and improved growth management policies adopted by the County, towns, and cities/villages. Development pressures could also be alleviated through thoughtful boundary agreements and extra-territorial zoning plans, developed in coordination with cities/villages and adjacent towns. It is well advised that boundary agreements and extra-territorial zoning plans consider both the need to accommodate development as well as the need mitigate sprawl to preserve farmlands.

ENVIRONMENTAL PRESERVATION

Outagamie County's natural resources are facing increased pressures from a growing population. Further, at the cost of natural areas and agricultural lands, natural landscapes are being diminished in the county for "country style living." As development pressure grows, the preservation of natural lands, the protection of groundwater resources, and the mitigation against pollution and contaminants will become more challenging. If left unrestrained, these pressures will result in unplanned, poor development patterns and an inefficient use of land, water, and raw materials.

To better preserve environmental areas such as wetlands and water bodies, the State and County establish plans, policies, and regulations that aim to direct development away from protected environmentally sensitive areas and environmental corridors. County specific plans that provide this guidance include:

- **Volume 1 of Outagamie County's Comprehensive Plan.** The Natural Resources Element of the County's Comprehensive Plan (beginning on page 64) provides background on the County's geographic and geologic profile. It includes information and maps related to the County's existing and current conditions; metallic and nonmetallic mineral resources; topography; soil characteristics; and water, woodland, and wetland resources. This plan provides guidance on the specific environmental areas and facets that should continue to be preserved and protected into the future.
- **Volume 2 of Outagamie County's Comprehensive Plan.** Volume 2 of the County's Comprehensive Plan provides valuable policy direction and recommendations related to environmental preservation. Particularly important and relevant is documentation of *Goal 6: Wise Land Development and Conservation Practices*. Recommendations highlighted under this Goal include:
    - Ensure the protection of environmentally sensitive areas.
    - Maintain and enforce the County's storm water and erosion control ordinances.
    - Provide education and technical assistance to land owners for best conservation and nutrient management
    - Limit pollution of our waterways.

  - Encourage development of blighted parcels and brownfields.

- **Outagamie County's Land and Water Resource Management Plan**. This plan focuses on the current and existing conditions of the county and its land use and agricultural trends. This plan also includes assessments of the natural resources, the estimated rural nonpoint source pollutant loading and priority watershed reduction goals. Importantly, this plan highlights implementation tactics, education strategies, and the County's five-year work plan.
- **Outagamie County's Watershed Plans.** The County has six 9 Key Element Plans, pertaining to each of the specific watersheds in the County. Each plan discussed the applicable watershed, soil characteristics, and land use/land cover characteristics. The plan also documents water quality and nearby facilities, agricultural lands, and wetlands. The plan highlights goals, objectives, and management techniques that the County will implement to protect the watershed and to measure plan progress and success.

CONNECTIONS TO OUR FOOD SYSTEM

The *Outagamie County Comprehensive Plan 2040: The Shared Path Forward* (2018) recommended the development of a food systems element in the next update of the County's Farmland Preservation Plan. This section satisfies this recommendation, although further exploration may be desired as part of a future, distinct project.

What is a food system?

A food system is a web of activities involving the production, processing, distribution/warehousing, and consumption of food. These four components are further explained below.

- **Production:** Production involves the use of land and farming practices (e.g., soil and crop management, livestock breeding, harvesting, etc.) to grow agricultural products and/or to raise livestock. Production is the first stage of the food system – it creates the raw materials which are ultimately transported to an end consumer or to a processing facility to be further transformed into a finished product. Production can function differently depending on the scale of the farm and the farming practices employed.
- **Processing:** Processing refers to the stage of the system that transforms a raw product into a value-add product. For example, it is the transformation of peanuts to peanut butter or fruit to fruit juice. Most food products in the United States require some level of processing, storage, and/or packaging.
- **Distribution and Warehousing:** When raw products are ready to be sent to a processing facility, or when raw/value-add products are ready for market, they must be distributed. Products can be distributed regionally, nationally, or internationally. These products ultimately work their way to a retail outlet which can include grocery stores, restaurants, and farmer's markets. As an interim step, warehouses are often relied upon to store products prior to or between deliveries.
- **Consumption:** Consumption is the final component of the food system. It involves consumers (all of us) purchasing food products at a retail outlet to consume.

A successful food system relies on many actors, infrastructure, and sub-systems (e.g., policy systems, financing systems, etc.). Concerns associated with the food system typically involve the governance and economics of food production, sustainability of the system itself, food waste, equity and food access/food security, and the impacts of food system activities on the natural environment and on human health.

Exhibit 31, on the following page, shows the interconnectedness of many of the factors that affect a typical food system. In the outer ring, the exhibit highlights the key components of the system previously discussed. The inner ring highlights key factors that affect or are affected by our food system as a whole (e.g., employment, trade, health and nutrition, animal welfare, etc.).

Exhibit 31. Food System Elements
Source: food systems

Increasingly, communities are shining light on the need to maintain "resilient" food systems – which are systems that can withstand and recover from natural or human-made disruptions, while continuing to ensure a sufficient supply of food for all. According to a guide supported by the USDA,

> *Food systems have always been vulnerable to hazards like pests and bad weather, [but] with climate-related shocks and stressors adding to existing hazards facing food systems, this is a critical time to examine food system vulnerabilities and work to ameliorate them... by turning to the concept of resilience to predict, assess, and improve how systems and the actors within them cope with disruption.*[16]

[16] Jenileigh Harris, et al., (2019). Food Systems Resilience: Concepts & Policy Approaches, Center for Agriculture and Food Systems, Vermont Law School.

Why consider the food system in our Farmland Preservation Plan?

Our food system starts at the farm and begins with the farmer. To meet society's food production targets and consumer demands, communities must safeguard their agricultural land supply and ensure existing agricultural enterprises can continue to operate successfully. Monitoring these activities through a reoccurring planning process (such as this one), provides the framework to do just that.

Furthermore, the food production component of our food system (and the agricultural industry more generally), can only truly thrive if the system as a whole functions well. This is because each component shares an interdependent relationship with the other. In essence, the success of one stage relies on the success of another. As such, in addition to monitoring agricultural land and enterprises, keeping a gauge on processing, distribution/warehousing, and consumption activities is another way to ensure the viability of farming operations in Outagamie County. It will also ensure the county has a resilient food system.

While a robust food system assessment is outside the scope of this plan, this plan could serve as a launch pad for further exploration. Exhibit 32 presents key questions that a future study could help to answer.

Exhibit 32 Food System Assessment: Examples Research Questions
Source: Outagamie County

Production	Processing
• Do farm operations of various sizes have equal access to food processing facilities and distribution services in the region? • How can community / school gardens and urban agriculture play a larger role in food production? • How can community-supported agriculture partnerships be bolstered in the county?	• Are relationships between producers and processing facilities in the region strong? • Are there barriers preventing meat, produce, and artisan processing facilities from locating in the region?
Distribution and Warehousing	**Consumption**
• What infrastructure gaps exist that make activities involving food aggregation, cold storage, and transportation more challenging? • How far do food products, sold at local food retailers, travel following production? • In the face of a disaster or disruption, what processes (or emergency management practices) are in place to ensure food distribution? • What processes are in place to limit food waste and spoilage?	• What is the relationship between the number, type, and location of food retailers and consumer markets? • Are residents educated on the ways to support local producers? • Can institutional food buyers use their collective buying power to influence the food supply chain, and promote healthier foods being grown/raised and processed locally? • What food waste management policies do local food retailers have in place? How successful are they at reducing waste?

ANTICIPATED CHANGES

In summation of the data and analysis presented in Part 2, this plan anticipates continued changes in the nature, scope, location, and focus of agricultural production within Outagamie County and over the planning period. Some key findings that support this conclusion include:

- **Loss of farmland acres.** Between 2002 and 2017, the county lost a total of 26,522 acres (an average loss of 1,768 acres per year). If this trend were to continue at this same rate (e.g., it was extrapolated linearly into the future), the County would lose its entire agricultural land supply (236,963 farm acres as of 2017) by year 2151.

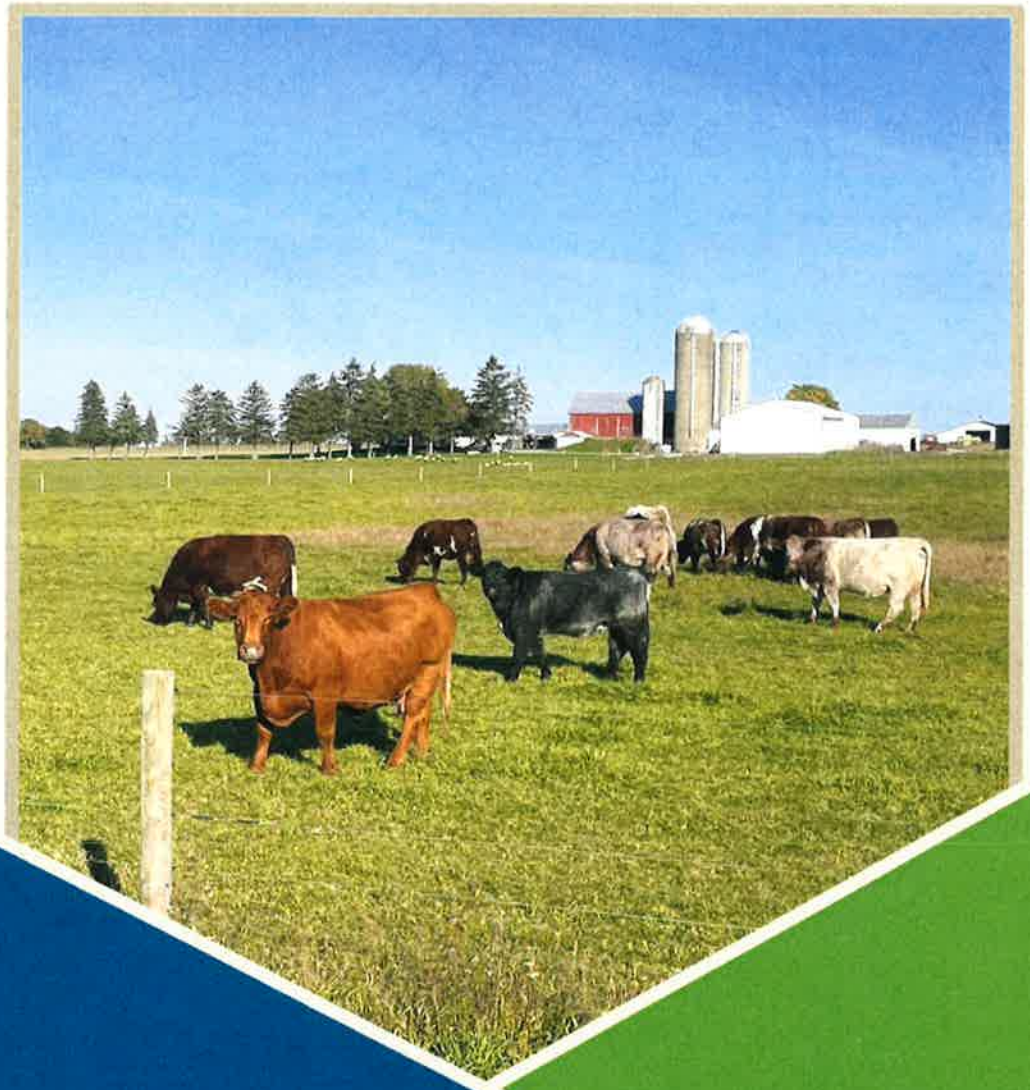
  To ensure we safeguard our farmland for future generations, it is prudent that the County continue to monitor its agricultural land supply, improve its land preservation measures, and continue to make smart land use decisions.

  A primary reason for the county's loss of farmland acres is due to increased urbanization pressures and population growth over the last couple decades. If the Fox Cities (southern Outagamie County) continues to be a desirable place to live, work, and play, we can anticipate urban and residential development to continue expanding north and west into our more rural landscape. This will impact the county's prime farmlands, and available land supply for agriculture more generally.

COMMUNITY PERSPECTIVE:

According to Outagamie County's farmland preservation community survey (taken by primarily residents / non-farmers), 85% of respondents want farming and agriculture to be a major part of the county's identity in the future.

- **Change in the size of production.** Over the last several years, the County has experienced growth in the number of small agricultural operations and a decline in the number of more moderate sized operations. In this same time, CAFO growth across the state and county has made mega-farming practices much more customary. These trends highlight a notable shift in the nature and scope of operations that are representative of Outagamie County's agricultural industry.
- **Declines in the industry's employment base.** Consistent with state trends, farm labor in Outagamie County is down – declining by 20 percent from 2012 to 2017. The demographics of our farm owners/agricultural producers are also changing. Many are reaching or have surpassed retirement age and a majority share of surveyed farm operators do not have succession plans.
- **Narrowing of agricultural inventory.** As a result a CAFO growth and monocropping trends, the county's agricultural production, in terms of inventory, has become more focused. Between 2012 and 2017, inventory of key livestock was down with the exception of chicken and beef cattle/cows. Inventory of key crops was down, with the exception of soybeans and corn silage.



This plan anticipates processing, supply, and distribution facilities and business development will remain stable over the planning period. However, as the region continues to grow and develop, there may be opportunities for growth and expansion of these industries. Some key findings that support this conclusion include:

- **Strong processing, storage, and supplies industry.** The County contains 22 processing facilities, four food storage facilities, and 15 food and farm equipment supply facilities. Many of these facilities have a long history of being located in the region. Some facilities have located or

expanded in the County in the last few years suggesting that, at least recently, there was market potential to absorb.

- **Proximity to an increasingly efficient transportation network.** Outagamie County's location near the I-41 corridor positions us in a strong location to accommodate the distribution of agricultural goods and services. Improvements to the I-41 corridor through 2030 will further advance efficiency (further incentivizing business location decisions).
- **Job growth.** Consistent with national trends, food processing jobs have been increasing for decades across Wisconsin. This upward trend is anticipated to endure due to growth in specialty food processing industries.

PART 3

FARMLAND PRESERVATION AREAS

A critical component of Outagamie County's Farmland Preservation Plan is its farmland preservation maps. The maps discussed in this section and presented in large-format in Appendix A, delineate agricultural and natural resource areas intended for long-term preservation. The maps were developed using a streamlined process, as described below.

Framework for Identifying Preservation Areas

To establish the farmland preservation area maps, Outagamie County relied on three streamlined frameworks (i.e., a series of steps that factor in specific, *objective* criteria and available GIS datasets). A single framework was used for each of the following community types:

Unincorporated Community with Farmland Preservation (FP) Zoning	Unincorporated Community without Farmland Preservation (FP) Zoning	Incorporated Community
• Town of Black Creek • Town of Cicero • Town of Deer Creek • Town of Hortonia • Town of Kaukauna • Town of Maple Creek • Town of Seymour	• Town of Bovina • Town of Buchanan • Town of Center • Town of Dale • Town of Ellington • Town of Freedom • Town of Grand Chute • Town of Liberty • Town of Maine • Town of Oneida • Town of Osborn • Town of Vandenbroek	• Village of Greenville

Each framework (summarized in the sub-sections below) was established to ensure consistency with State statutes and to enable improved administrative accuracy and efficiency in the County/State verification process.

FRAMEWORK FOR UNINCORPORATED COMMUNITIES WITH FP ZONING

Unincorporated communities with farmland preservation zoning (e.g., a certified farmland preservation zoning district) are the Towns of Black Creek, Cicero, Deer Creek, Hortonia, Kaukauna, Maple Creek, and Seymour.

To create their farmland preservation maps, the County applied the following steps and criteria:

- **Step 1 – Establish Base.** Designate all parcels for farmland preservation if the parcel or a portion of the parcel is designated as either "Agriculture & Open Lands" or "Rural Character" in Outagamie County's Comprehensive Plan, Future Land Use maps AND the parcel, or a portion of the parcel, is zoned Exclusive Agriculture and/or located within an Agricultural Enterprise Area (AEA).

- **Step 2 – Modify Base.** Then, remove parcels from the farmland preservation base if:
    a. They (i.e., the center point of the parcel) are located within a sewer service area planning boundary of a city, village, or town sanitary district.
    b. They are part of a platted residential subdivision.
    c. They are planned for new school sites.
    d. They (i.e., the center point of the parcel) are located within a Tax Increment District.
    e. They are lands with Oneida Indians of Wisconsin status or USA inTrust for Oneida Tribe status.

- **Step 3 – Adapt Base Over Time.** Parcels may be requested INTO farmland preservation through public input.[17] Public input should be gathered at a properly noticed public meeting, in which affected property owners are notified of the meeting via direct mail. The public meeting may include a public hearing for a proposed rezoning into a certified farmland preservation zoning district.

The farmland preservation maps included in this plan are particularly important for these seven communities because State law requires that the lands within a certified farmland preservation zoning district be at least **80% consistent** with the lands planned for farmland preservation in the county's certified farmland preservation plan. The framework outlined above ensures that this consistency metric is met.

[17] Lands requested into the farmland preservation plan area are not part of the certified plan until the County requests an amendment of its plan to DATCP, and DATCP certifies the amendment.

FRAMEWORK FOR UNINCORPORATED COMMUNITIES WITHOUT FP ZONING

Unincorporated communities without farmland preservation zoning (e.g., a certified farmland preservation zoning district) are the Towns of Bovina, Buchanan, Center, Dale, Ellington, Freedom, Grand Chute, Liberty, Maine, Oneida, Osborn, and Vandenbroek.

To create their farmland preservation maps, the County applied the following steps and criteria:

- **Step 1 – Establish Base.** Designate all parcels for farmland preservation if the parcel, or a portion of the parcel, is:
    a. Designated as "Agriculture & Open Lands" in Outagamie County's Comprehensive Plan, Future Land Use maps.
    b. Located within an Agricultural Enterprise Area (AEA).
- **Step 2 – Modify Base.** Then, remove parcels from the farmland preservation base if:
    a. They (i.e., the center point of the parcel) is located within a sewer service area planning boundary of a city, village, or town sanitary district.
    b. They are part of a platted residential subdivision.
    c. They are planned for new school sites.
    d. They (i.e., the center point of the parcel) are located within a Tax Increment District.
    e. They are lands with Oneida Indians of Wisconsin status or USA inTrust for Oneida Tribe status.
- **Step 3 – Option to Opt Out.** Towns without certified farmland preservation zoning and Agricultural Enterprise Areas may opt out of being planned for farmland preservation.
- **Step 3 – Adapt Base Over Time.** Parcels may be requested INTO farmland preservation through public input.[18] Public input should be gathered at a properly noticed public meeting, in which affected property owners are notified of the meeting via direct mail.

[18] Lands requested into the farmland preservation plan area are not part of the certified plan until the County requests an amendment of its plan to DATCP, and DATCP certifies the amendment.

FRAMEWORK FOR INCORPORATED COMMUNITIES

The Village of Greenville is the only incorporated community included in this plan because they are the only City or Village in Outagamie County to have farmland preservation zoning and/or an agricultural enterprise area (they have both).

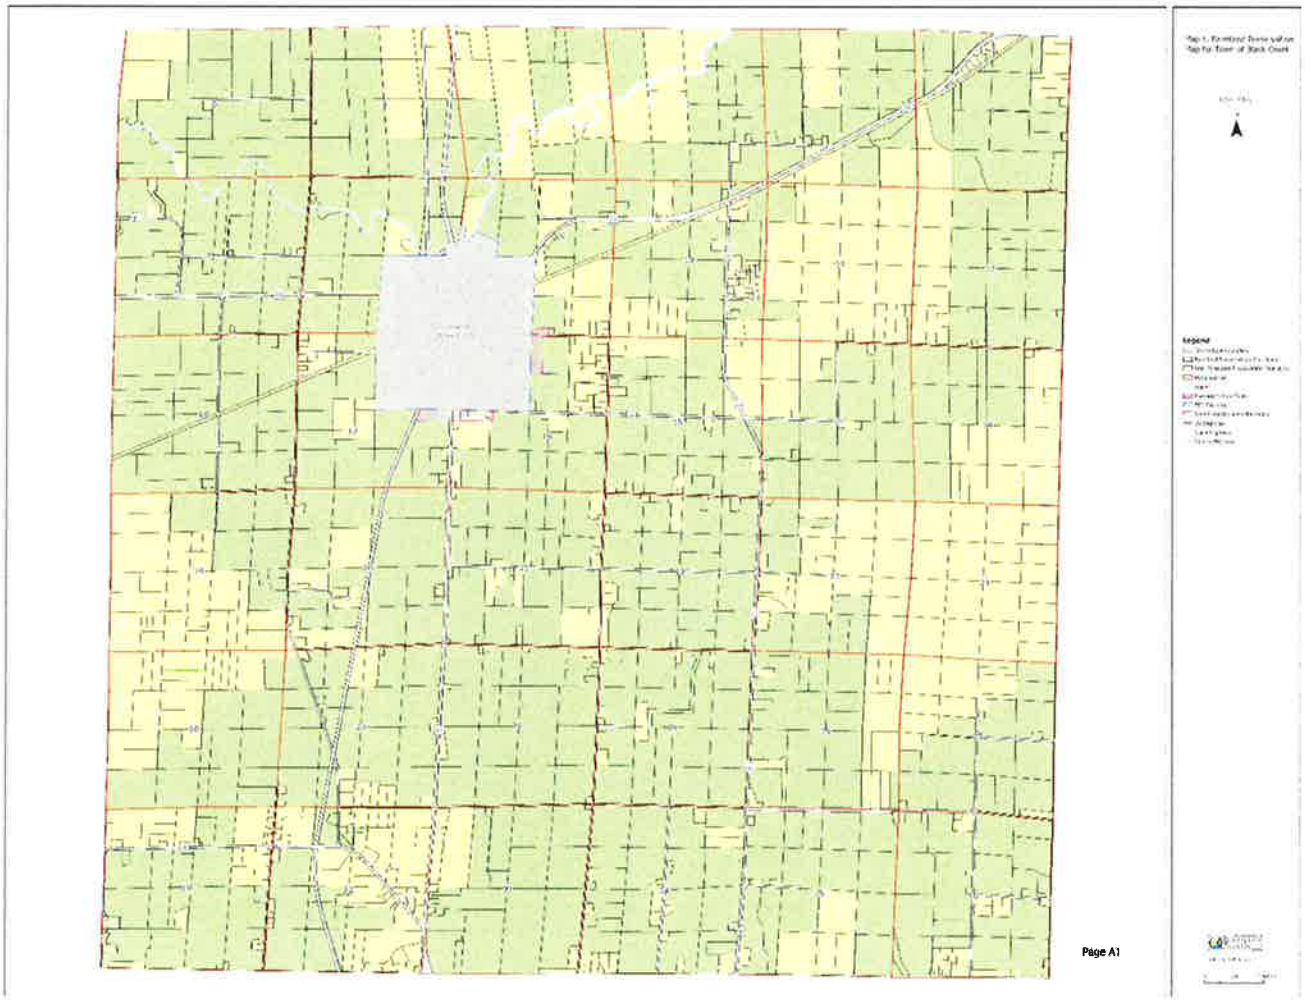
To create their farmland preservation map, the County worked with the Village of Greenville planning staff to establish and apply the following steps and criteria:

- **Step 1 –** Designate all parcels for farmland preservation if they are located in the Village's Exclusive Agriculture District (listed as "AGD – FP General Agricultural District Farmland Preservation" on their zoning map).
- **Step 2 –** Designate all parcels for farmland preservation if they are located in an Agricultural Enterprise Area (AEA), unless it is zoned to accommodate development.
- **Step 3 –** Parcels may be requested INTO farmland preservation through public input.[19] Public input should be gathered at a properly noticed public meeting, in which affected property owners are notified of the meeting via direct mail. The public meeting may include a public hearing for a proposed rezoning into a certified farmland preservation zoning district.

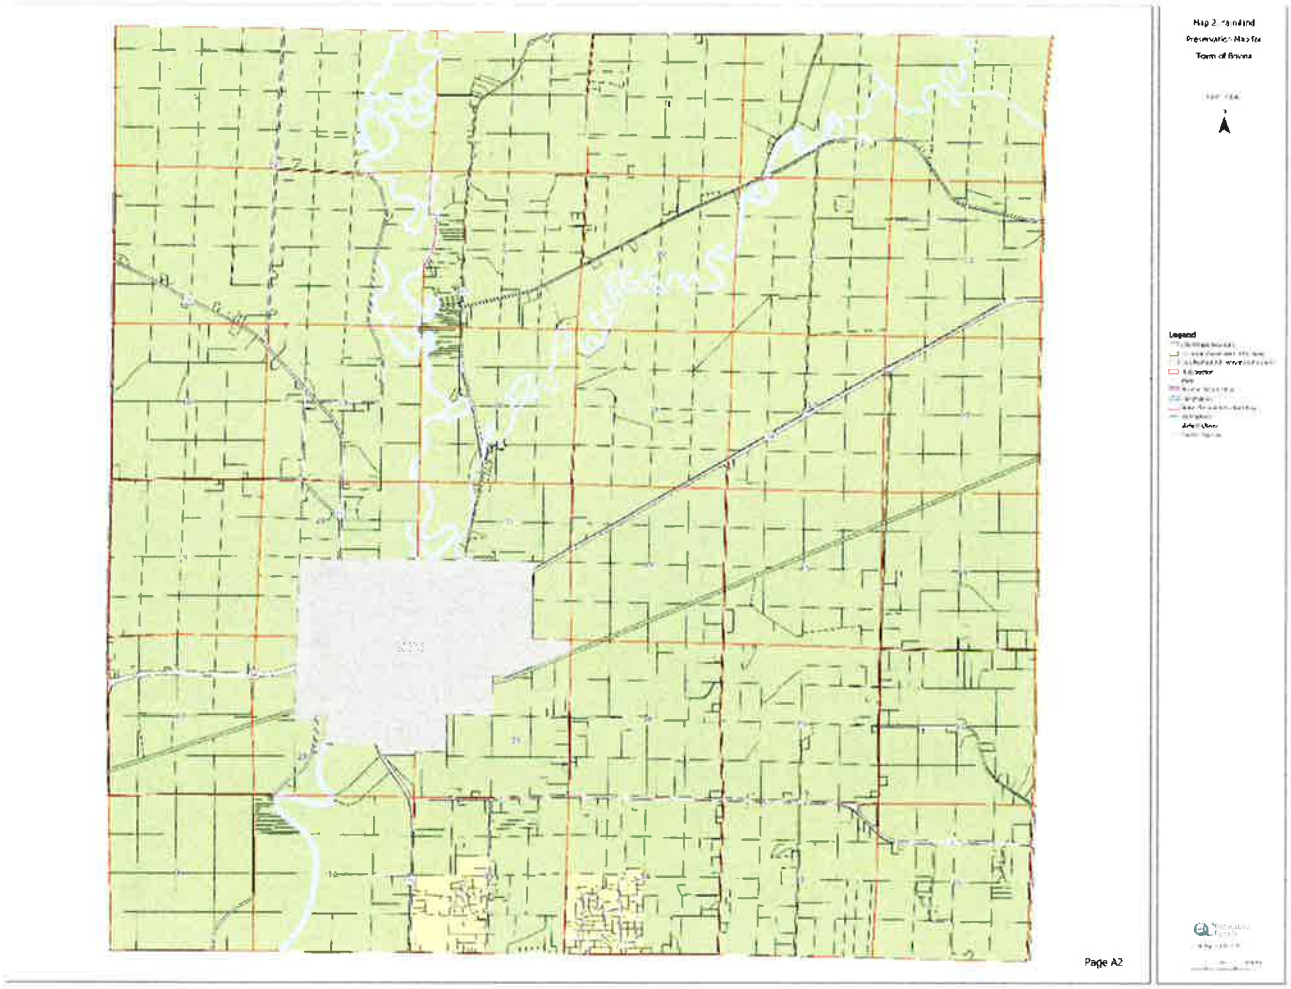
The farmland preservation map included in this plan for Greenville is particularly important because State law requires that the lands within its certified farmland preservation zoning district be at least **80% consistent** with the lands planned for farmland preservation in the county's certified farmland preservation plan. The framework outlined above ensures that this consistency metric is met.

[19] Lands requested into the farmland preservation plan area are not part of the certified plan until the County requests an amendment of its plan to DATCP, and DATCP certifies the amendment.

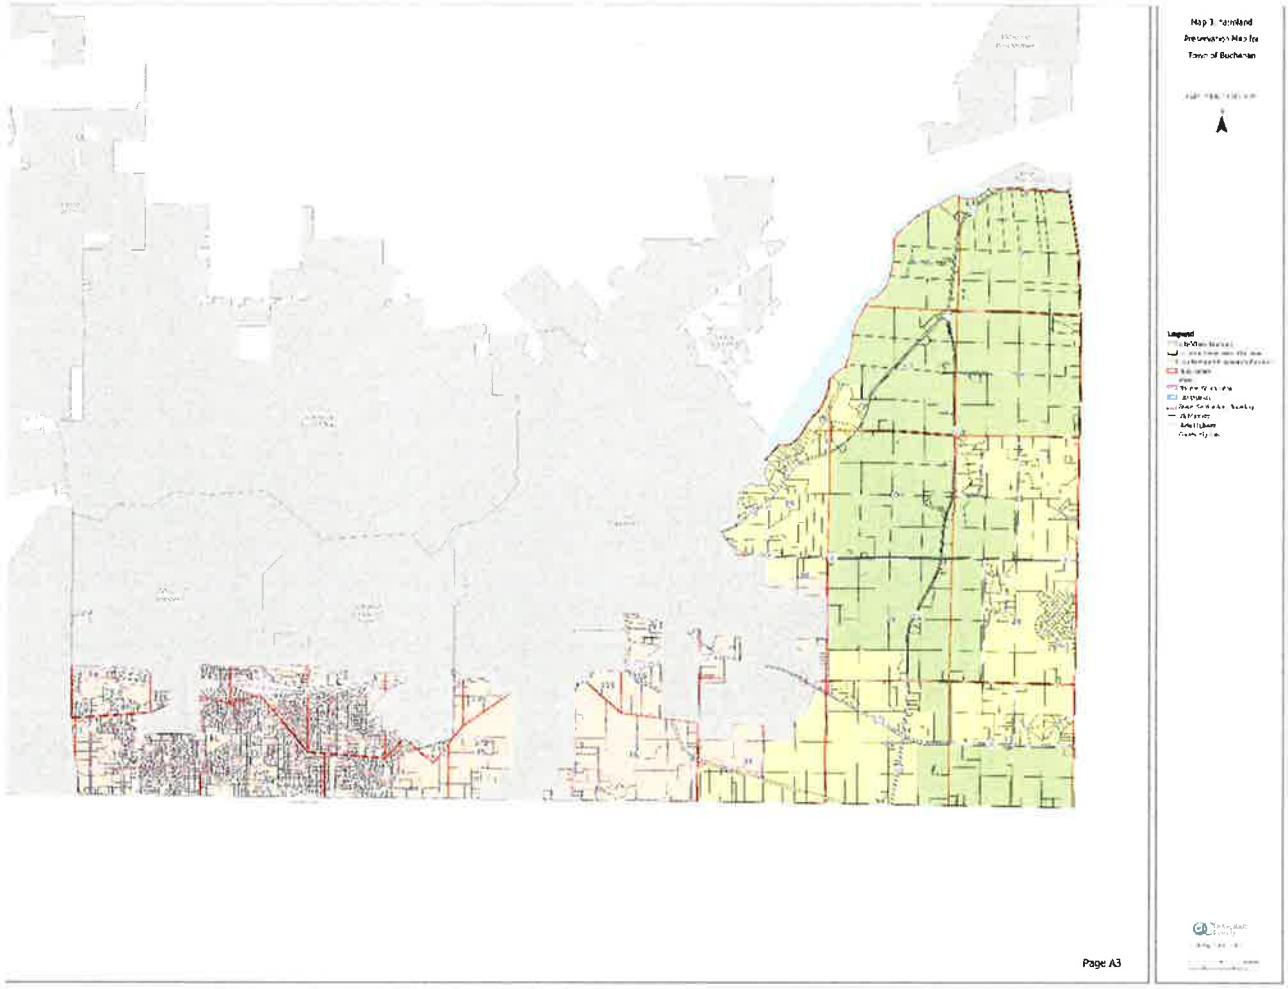
Inventory of Farmland Preservation Maps



Given the file size and document size of this Plan's Farmland Preservation Maps, they will be publicly posted online on the County's Farmland Preservation webpage, rather than included in this report. To view the maps, please visit the webpage here: www.Outagamie.org/Farmland.



The map inventory will be organized as follows:



- Map 1. Farmland Preservation Map for Town of Black Creek

Concluding Remarks

Thank you for reviewing Outagamie County's Farmland Preservation Plan for the 2023 to 2033 planning horizon. Questions about the plan, including requests to modify this Farmland Preservation Plan and the associated Farmland Preservation Maps, may be directed to Outagamie County's Development and Land Services Department. Please note that this Plan as well as Appendix A of this Plan serves as Addendum 2 of the County's Comprehensive Plan. As such, modifying this Plan's text and/or maps can only be accomplished via a Comprehensive Plan amendment. In addition, plan text and/or map amendments must be certified by Wisconsin Department of Agriculture, Trade, and Consumer Production.

Farmland Preservation Plan Update: Summary of Outreach and Engagement Activities

Outagamie County's Development and Land Services (DLS) Department updated the County's 2011 Farmland Preservation Plan in 2022 and 2023 for the 2023–2033 planning horizon. As part of the planning process, DLS provided opportunities for public and stakeholder engagement to seek feedback on the plan. This document serves as a summary of various outreach and engagement activities.

OUTREACH AND ENGAGEMENT ACTIVITIES

Project Webpage

DLS created a project webpage on Outagamie County's website to explain the project, post information, and communicate current project status. The webpage is located HERE.

Updates to Stakeholders and Decision Makers

To ensure key stakeholders and decision makers were aware of this project, DLS provided periodic updates at planned meetings. Updates occurred at the following meetings:

- **Outagamie County Zoning Committee Meeting.** On June 14, 2022, DLS explained to the Zoning Committee that they had kicked off an update to the County's farmland preservation plan. DLS explained what the purpose of the plan was, what information the plan is required to include, and the kinds of community engagement that would be conducted as part of the planning process.
- **Outagamie County's Quarterly Town's Association Meeting (1).** On July 18, 2022, DLS explained to the Town's Association that they had kicked off an update to the County's farmland preservation plan. DLS explained what the purpose of the plan was, what information the plan is required to include, and how to provide feedback on the plan. DLS explained that the first engagement activity would be online surveys. DLS passed out handouts with information about how to participate in a survey (see Appendix A for reference).
- **Outagamie County's Quarterly Town's Association Meeting (2).** On January 16, 2023, DLS provided a brief project status update. DLS explained the work to date (e.g., data analysis, mapping and framework development, and technical reviews with DATCP) and when to anticipate the publication of the first draft of the plan for review/comment. DLS asked how Town representatives would prefer to provide feedback on the plan and maps (email was noted as the best option).

Online Surveys

DLS developed two online surveys to gather input early on in the planning process. The surveys were intended to highlight issues and opportunities as well as to inform goals, policies, and strategies to preserve farmland for future generations.

The first survey was developed for agricultural producers and farmers. The second survey was developed for the general public (e.g., Outagamie County residents) and interested stakeholders. Both surveys were live for about two months in July through October 4, 2022. The surveys were advertised at the July Town's Association meeting, through an email blast to each Town, on the County Executive's Facebook page, and on the County's website (as a County-wide news article, as a DLS news article, and on the project webpage). In addition, DLS mailed a postcard advertising the survey to nearly 2,884 agriculturally-zoned properties across the county (see Appendix A for reference).

The survey intended for agricultural producers received 81 responses. The survey intended for the general public and interested stakeholders received 139 responses. Appendix B and C present the results of the surveys.

Direct Requests for Comments

DLS sought targeted feedback on the plan and key elements of the plan at specific stages of the project. The following summarizes:

- **Direct Request to Towns – Review Draft Farmland Preservation Maps.** The County's farmland preservation maps are integral elements of the plan. DLS developed maps using draft objective criteria to vet with Town staff and elected officials (e.g., Plan Commissions and/or Town Boards). Feedback on the proposed, draft maps and criteria was initially solicited in July of 2022 by email. DLS left a voicemail to Towns that had not responded in August of 2022. Comments from individual communities were primarily received from July through September of 2022. Some Towns commented they were okay with the draft maps, some recommended changes, and some chose not to respond. DLS attended two Town Plan Commission meetings at the request of the respective Town to discuss the draft maps.
- **Direct Requests to DATCP – Review Draft Plan.** DLS requested technical reviews of the County's draft farmland preservation from the State of Wisconsin's Department of Agriculture, Trade and Consumer Protection (DATCP). DLS requested they review the document relative to best practices and for compliance with Wis. Stats 91. DATCP provided three preliminary reviews of the plan. They sent DLS comments on November 17, 2022 and on January 23, 2023. DATCP did not have any additional comments on their third review.
- **Direct Request to Towns, Public, and Stakeholders – Review Draft Plan.** DLS solicited feedback on the County's draft farmland preservation plan in March and April of 2023. DLS posted the full draft plan and large-scale maps to the project website, emailed a request for feedback to individual communities (clerks or key staff), the County Zoning Committee, key County Department staff. A request for public input on the Plan was also documented on the first page of the County's website.

DLS refined the plan and mapping criteria after each request for feedback based on input received and to ensure the plan was compliant with state statutes.

Public Hearing

Outagamie County is required to include the Farmland Preservation Plan in its Comprehensive Plan under s. 91.10(2), Wis. Stats. To accomplish this, the Farmland Preservation Plan must be adopted as part of a County Comprehensive Plan amendment. As such, a public hearing will be held at an Outagamie County Zoning Committee meeting (October 10, 2023 at 10:30 AM). The public hearing will

be preceded by a Class 1 notice published at least 30-days before the hearing. The County will adhere to other noticing requirements established in Wis. Stats. 66.1001 (4).

Appendices

APPENDIX A: SURVEY ADVERTISEMENTS

Outagamie County is updating its Farmland Preservation Plan.

Updating the plan will allow the County to maintain compliance with Wisconsin's farmland preservation planning requirements (Wis. Stat. 91.10). The update will also allow the County to improve its policies to ensure it continues to **support farmers, preserve farmland** for future generations, and **mitigate environmental and land use conflicts** that have arose in the last decade (or may arise in the future).

We want your input!

We've prepared two surveys to get your feedback. Select the survey(s) you'd like to take by scanning the QR code or visiting the survey website:

Dear Outagamie County Farmer:

Outagamie County is updating its Farmland Preservation Plan and we need your help to better understand the issues farmers are facing today.

Please visit our website to take our project survey. Your feedback will allow us to identify and reshape the County's policies and strategies to support our farmers and preserve farmland for future generations.

- **Not a farmer?** We still want your input! Visit our website to take our survey that is intended for the general public and stakeholders with an interest in agricultural issues and opportunities.

APPENDIX B: RESULTS OF THE AGRICULTURAL PRODUCER SURVEY

Appendix B presents the results of the agricultural producer survey. A total of 81 participants responded; however, not every respondent answered every question. For each exhibit, the annotation "n = #" represents the number of participants that provided a response to the respective question. Note that, question 2 through 4 were removed for data quality issues.

Tell us about your operation.

Question 1: Select the statements that best describes your operation. Check all that apply.

Most respondents describe their operation as crop farming, followed by livestock farming (Exhibit 1). Some respondents selected "other," and commented:

- CRP CP-21 and CP-22 programs
- Entire property is in NRCS programming for conservation
- Hobby farm
- Mostly fish if fish are not considered livestock
- Rent farmland/farm acres (x2)

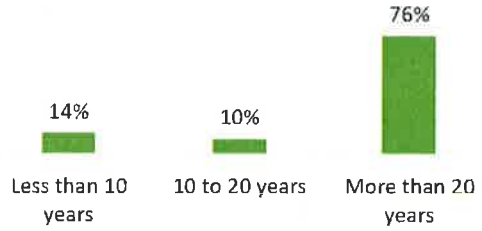

Exhibit 1. Type of Agricultural Operation (n = 81)

Question 5: How long has your farm(s) in Outagamie County been in operation?

A majority of respondents (76%) have been in operation in Outagamie County for more than 20 years (Exhibit 2).

Exhibit 2. Length of Time in Operation (n = 80)

Question 6: In the past five years, have you expanded your operation?

Most survey respondents (91%) indicated they did not expand their operations in the past five years (Exhibit 3).

Exhibit 3. Share of Respondents That Recently Expanded Their Operations (n = 80)

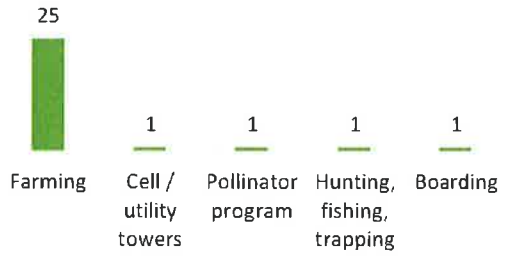
Question 7: If you did not expand, what were the primary reasons? Check all that apply.

Exhibit 4 shows that the top two reasons respondents chose not to expand their operations was due to satisfaction with the current size of their operation and the age of owner or operator / nearing retirement.

In addition, five respondents provided other responses. They were:

- I rent out about 17 acres for crops and the rest of the 22 acres is my home and woodlands.
- Ongoing land dispute with adjacent property owners
- Our farm is a **[redacted]** that has been in the family for more than 130 years. Residential developments have been built on two sides of the farm. These developments largely prevent purchase of contiguious farmland.
- Price of land
- Transmission lines destroying our property

Exhibit 4. Reasons for Not Expanding Operation (n = 70)



Question 8: If you are a landowner, do you currently lease any of your property for?

Exhibit 12 shows that of the respondents who lease agricultural land, most do so for farming purposes.

Respondents were also asked if they leased land for forestry, mining/quarry, or solar/wind farms, but no one indicated they lease land for these purposes.

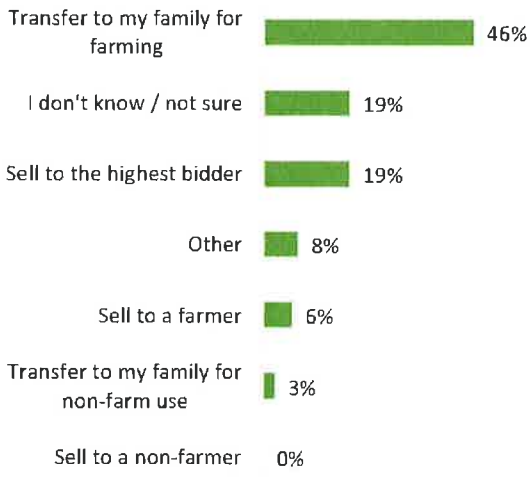
Exhibit 5. Leasing Agricultural Property by Type (n = 29)

Tell us about your future plans.

Question 9: How much longer do you plan to operate your operation?

About a third of respondents (32%) plan to discontinue their operation in less than 10 years (Exhibit 6).

Exhibit 6. Years Respondents' Will Continue Farming (n = 77)



Question 10: When you retire, what do you expect to do with your operation?

Upon retirement, almost half of respondents (46%) plan to transfer their farm to family to continue farming (Exhibit 7). Of the respondents who indicated "other," comments included:

- Continue to lease.
- It is in Trust, it transfers upon death
- Not sure, Give it to a family member after I die? or sell it to the highes bidder if I need the money for the retirement home??
- Possibly place into conservation easement
- Transfer to my family for farming and add an Ag-Tourism venue that would be valued by area residents to visit and enjoy a working farmland setting with its associated wildlife.

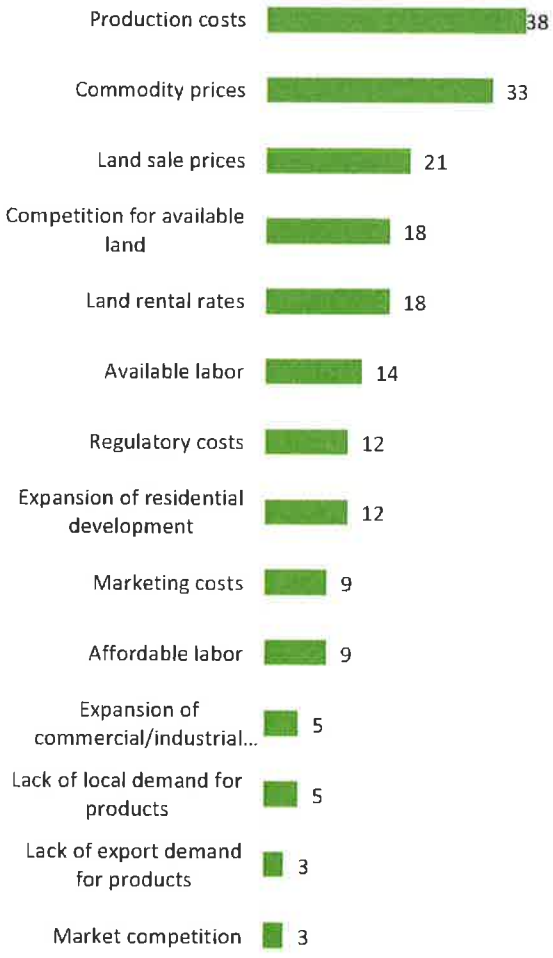
Exhibit 7. Plans for Operation After Respondents' Retire (n = 80)

Question 11: Do you currently have a farm transition plan/estate plan?

A majority of respondents (63%) do not currently have a farm transition plan or estate plan (Exhibit 8).

Exhibit 8. Respondents with a Transition Plan (n = 79)

What are the issues and opportunities?



Question 12: Of the issues listed below, which do you think will most influence your operation in the next five years? Check all that apply.

Of the issues listed in Exhibit 9, respondents noted that (1) production costs, (2) commodity prices, and (3) land sale prices will most influence operations in the next five years.

Some respondents commented on other issues that will influence operations. They were:

- age now i am78
- available market places in this area for livestock
- Family support to make next business steps- not immediate family but extended.
- Herd health and mine
- Lack of active farmers within the area that wish to rent farmland.
- My physical ability yo continue.
- Transmission taking more property.

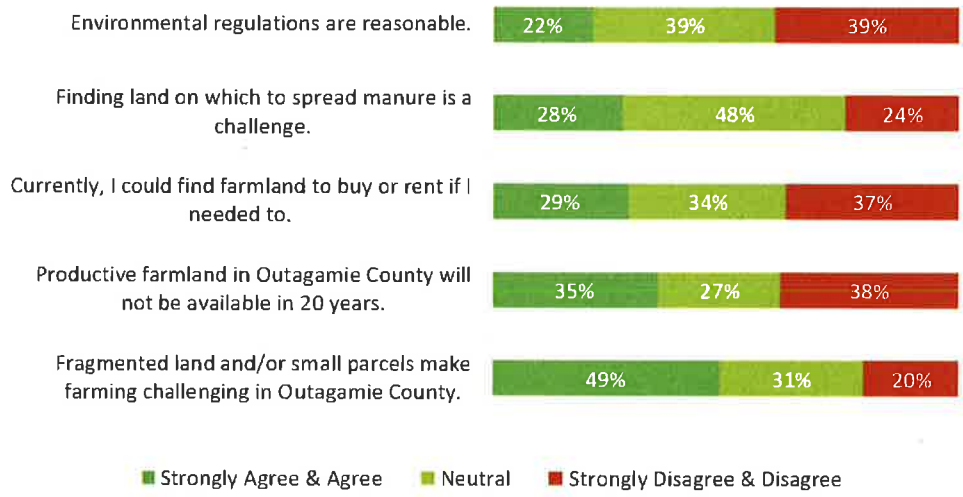


Exhibit 9. Issues Influencing Operations (n = 77)

Question 13: Please check the answer which best represents your opinion of the following statements.

Exhibit 10 provides perspectives on a range of comments the County has heard over the years. For example, DLS has heard that fragmented land or small parcels can make farming challenging; about half of survey respondents agree with that statement, while 20% disagree.

Exhibit 10. Respondent Perspectives (n = 79)

Question 14: What environmental or weather related changes (for good or for bad) are you seeing in the county? How have these conditions affected your operations?

Related to Question 14, respondents provided the following comments:

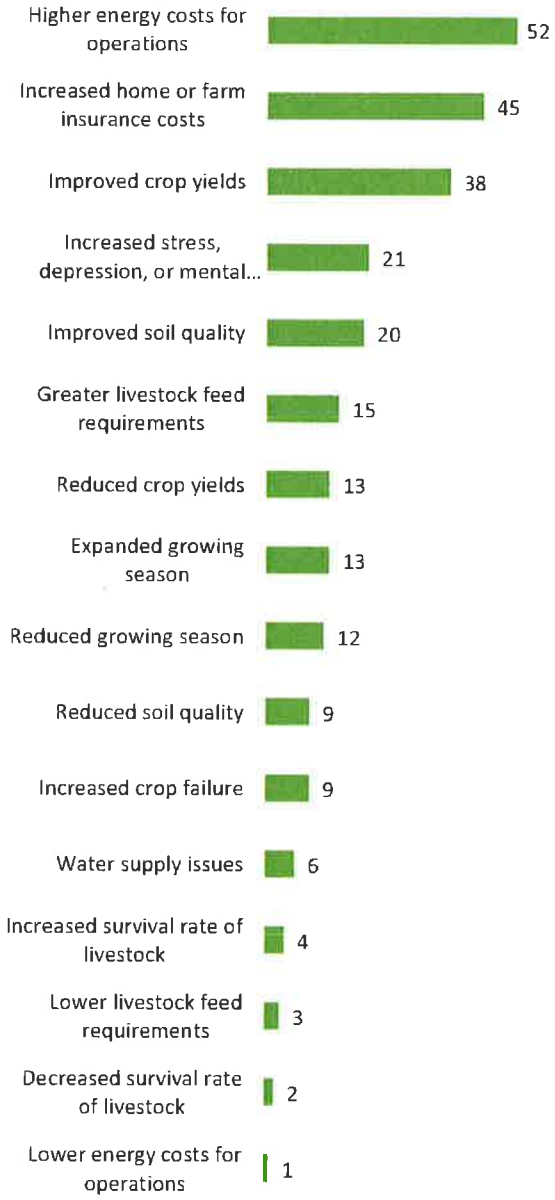
- More rainfall of over 2 inches in storm and high winds causing damage to crops and building
- Rain and wind, to much rain or not enough causing water problems. Strong winds
- None
- Increase in severe storms.
- None, sometimes there are storms that contain wind and sometimes heavy rain but wether is patterns and we learn make the best of what we recieve
- Invasive species are rapidly spreading- especially along county's bad state roads which are then spreading into property owners lands.
- no changes
- Wet conditions.
- more rain at one time high winds
- More drought conditions in the summer, wet springs limit getting on the land

- weather is more volatile, the patterns aren't what they use to be.
- Over 70 years I have experienced shorter and less sever winters, more high wind events and seemingly warmer summers. The spring and summers appear to be wetter. The main change observed in our lowland and local swamp wetlands is more water volume having to be handled in/by these areas due to larger and larger water runoff experienced from the expansion over these years of residential and commercial developments with impermeable surfaces such as roads, parking lots, altered drainage patterns and large building structures. This is worrisome from an overall water quality perspective as the same farmland and wetlands as 100 years ago are being asked to process more and more water from residential and commercial areas. This challenges Ag operations, the ecosystems, indigenous wildlife and for clean/purified water to enter our rivers and lake systems.
- less rain and shorter frost would be good for my land
- more rain from storms in shorter time frames and runs off instead of soaking in ground. we have a creek on our land and it overflows and floods our crops. Ditches and creeks need to be maintained to keep the water in the creeks and not flood fields because your neighbor won't clean out his creek. Township have to work together and not just drain the water to a different township and say not our problem.
- more intense rain and wind events
- The swings in weather is devastating. We have to spend more time and energy combatting the effects of wide swings in weather whether if be rain, wind or temperature extremes.
- more high wind events, more invasive plants and insects.
- Seems like we are getting more and more dangerous weather conditions. We saw a tornado last year miles away and this year one hit just down the road. High winds have always been a concern as we are out in the open. Heavy rain falls and for extended periods of time. These conditions cause white mold, increase in number of insects and difficulty getting in the fields and well as drying time for crops.
- Run off from subdivision flooding after heavy rains.
- I have seen patterns of more or less rain- inconsistencies as well as snow. Hail storms have increase.
- More high winds/ excessive rain events
- Lack of snow cover in the winter
- extreme weather events
- Warmer and wetter later in fall...Colder in spring
- Drainage changes due to people doing things they shouldn't be.
- None
- Higher rain and bad drainage, others running water onto my land.
- "Water run off from existing/new developments depositing their run off on to my land. The
- lack of Erosion control from the Town of Ellington and Outagamie County is a problem and it has created area's of wetland on my property. "

- Wetter springs, wetter falls
- Weather extremes
- It has been warmer and wetter. The wetter Spring weather makes it stressful to get things planted but generally the weather makes for better crops if it can get planted in decent conditions.
- Everything has a pretty good balance as of the last couple years.
- Excessive rainfall makes for harder planting and harvest. While also making maintaining pastures for livestock very hard.
- The issue of non native plant species and insects. Not enough CRP.
- More or less rain
- high winds, rain causing soil erosion, difficulty getting in fields once ground warms
- Planting season is longer
- EAB
- Seems weather is becoming more sever in all regards.
- I have 5 acres of farmland (other than wooded) that I entered into a buffer agreement to help reduce pollution in the Plum Creek Watershed.
- Longer warmer summers.
- Drainage boards and zoning is so screwed up and has no real understanding of water problems. Sitting in office and reading from text books has long passed.
- unknown
- I am not finding any of these items to be an issue.
- None
- Weather
- Rain in the spring, and early frost

Question 15: In the past five years, what conditions have you experienced, if any? (Check all that apply)

In the past five years, over half of respondents experienced high energy costs for operations and increased home or farm insurance costs.



More respondents indicated they experienced improved crop yields in the past five years, compared to reduced crop yields.

Slightly more than a quarter of respondents experienced increased personal stress, depression, or mental health struggles in the past five years.

Some respondents commented on other conditions they experienced in the past five years. Those conditions were:

- Increased expenses which are making all farming operations a challenge.
- It is becoming more difficult to handle surface water runoff on our farm that enters it from neighboring lands and two residential developments that boarder our farm.
- While we see a longer growing season due to weather extremes we actually see a shorter growing season - more stop and start or do over.

Exhibit 11. Conditions Experienced In Past 5 Years (n = 77)

Question 16: What are one or two threats to agriculture, forestry, and/or agribusiness that you see in Outagamie County?

Related to Question 16, respondents provided the following comments:

- Cities expanding in rural areas
- Agriculture being forced out. Like to see more farms in Outagamie county. Average is being used for sub divisions on land that was used to grow crops.
- Labor shortage and unreasonable land prices
- Farmland being used for homes.
- A monopoly with the larger farms that are making it more difficult for the small or hobby farmers to succeed. Outagamie County Drainage board is applying more taxes to property owners.
- Cover crops
- Houses in the county . Don't think manure should be applied to fields
- Low commodity prices compared to the cost of energy, seed, fertilizer & chemical sprays
- Development Carbon sequestration
- Encroaching suburbia
- governmental overregultion
- Lack of farmers willing to lease, especially small parcels.
- increasing land development for homes,
- The cost of land becoming cost prohibitive for farming
- Urban sprawl Corporate Dairy/crop operations
- Without active farmland preservation policies in place, such as Purchase of Developmental Rights (PDR) programs and permanent protection of farmland through agricultural easements, we will see more and more productive farmland sold for residential and commercial development until little to no agriculture nor its support agribusinesses will be present in the county. Sound/aggressive Ag policies should be adopted by the county, its villages and townships that encourage and enable young folks interested in farming to be able afford to enter into productive farming and earn a good living without fear of development pushing them out of business.
- people not working together to benefit everyone. Everybody is out for themselves and heck with the other guy. we need some laws or regulations so people can't just drain their water on your land and flood you out so they get better crops. we have a guy that rents land next to ours and plows furrows in his field and drains the water on our land and there is nothing I can do, unless I spend a lot of money and build a burm to stop the water, This isn't right.
- Nonfarm pressure for developement . Nonfarm residents don't understand modern farming.
- residential sprawl

- My personal threat is the fact that aquaculture is not recognized as agriculture nor do we get any recognition in the farmland preservation scheme. Totally ignored. Yet we can raise more per acre and have a huge impact on reduction of imports.
- Transmission lines fragmenting forests and transporting insects and and invasive plants throughout the county. Horrendous trimming that leaves trees dead and dying at right-of-way (ROW) edges. Inability to use the ROW because it is mowed and the soil is compacted every 3-4 years. This all has taken a terrible toll on the wildlife and pollinators. Climate change is beginning to weaken vegetations resistance to disease and its ability to regenerate.
- Small farms being pushed out or forced into retirement. Safety issues to farmers because of rules that are put into place for one species but not another.
- Increase traffic on county roads over the past decade.
- Solar and wind farms
- developments and cost of algaculture supplies. Increasing of demands, less available farms and laborers.
- Farmland preservation rules have not been enforced in the past. This caused lots of farmland to be built on in a disorganized fashion wasting tillable acres. Solar farms are going to take some of the best producing land out of production.
- Farmland is being lost to city slickers at a high rate which is causing land prices to skyrocket and making it unaffordable for guys like me
- Solar farms on prime farmland. We have a concern about that in Maple Creek. While renewables are good in the right situation, not on good farmland, runs counter to goal of Farmland Preservation.
- Subdivisions
- Residential expansion
- Drainage issues
- To many regulations. Allowing to much development.
- Residential areas are buying up too much farm land.
- Loss of farmland to urban sprawl, power line, and road building. More diseases and insects in forests.
- Lower margins dictate a need for higher volumes which decreases quality. This in turn leads to an increase in land and capital costs. This makes it difficult for a younger generation to get into farming without some type of mentorship / business transfer.
- property taxes to high
- City people moving to the country and complaining! About smells, dirt on the road. Expansion of sub-divisions taking crop land away
- Urban Expansion
- Loss of farmland due to housing developments. Challenging to transport equipment on roads due to younger generations not understanding or knowing anything about agriculture.

- Increased acreage going to the creation of subdivisions. However, I can't blame a farmer for subdividing his land when the crop prices have not been keeping up with inflation for MANY years. The costs of seed/fuel/fertilizer are far outpacing the returns on said crops.
- Costs, crop diseases
- The family farms selling off large chunks of land to commercial growers who can produce more, cheaper, and they have capitol to keep up when the family farm has less resources Commercial farmers growing GMO food using chemicals like glyphosate, poisoning our ground and the surrounding water sources
- Urban area expanding
- Urban sprawl
- Disappearing farm land.
- Urban sprawl.
- Government regulations and Drainage board stealing land
- Input costs and labor
- Too many houses being built on productive farmland.
- Low prices and housing.
- When a 20 acre lot can be bought cheaper than a city lot this allows agriculture land to be bought for housing. These same people have a reduced property tax than in the city.
- Loss of farm land.
- Larger dairy businesses pushing the smaller dairies out of business and killing the dairy market.
- Reduced labor force. Weather conditions.
- Too many people moving to the " country ", but wanting city benefit s
- Housing developments

Question 17: What are one or two opportunities that exist for agriculture, forestry, and/or agribusiness that you see in Outagamie County?

Related to Question 17, respondents provided the following comments:

- Use Value for farmland to keep taxes down and Farmland Preservation
- Like that people buying small acres of land are growing produce. It might help them to understand the challenges farmers face. Education helps.
- Farming bees.
- Tourism and recreation
- market crops directly to large dairies
- plenty of labor needed on the big farms The need for affordable repair of equipment is big, but it's easier and more lucrative to work a mill job"

- I believe that Ag-tourism has great possibilities for the region and when coupled with an active farming operation can be a great resource for all residents. Farm to Table, educational opportunities for young folks, saving rich soil resources for the future, etc.
- small scale local sales of produce or livestock
- I see a tremendous amount of support (and subsidies) for crops and products that generally are produced in surplus and are normally operating in the red. The County and State have an opportunity to support (not even with money, just support) for commodities such as fish which are in high demand and in the black.
- I don't see forestry as being very viable since its value is dependent on the timber world market, while it's other attributes as a carbon sink, earth cooling and biodiversity properties are largely ignored.
- Grants and programs if needed.
- None that I can think of.
- Farmland Preservation
- Increasing demand for product need. More stability and education growth to operate on smaller resources.
- I don't see any
- Regenerative homesteads with smaller operations but wider varieties of livestock and crops.
- Consumer demand for local products
- More opportunity to fail bc of local government. City people are now getting on town boards and do not have the experience to work with the local farmers and their needs.
- Ag tourism
- A lot of farmers are going to be retiring / passing away in the next 5 to 15 years. Now is the time to encourage young people to learn about agricultural careers. Now is the time to start to transfer knowledge from experienced farmers to beginning farmers.
- Not much opportunity
- Growing more organic crops.
- Organic with locally grown food stores.
- Maintain farm land
- Family farms being able to sell directly to the consumer and people are beginning to see how much better food grown sustainably can change and hopefully reduce the effects of mass farming on our environment and it just tastes better!!!
- Being small you don't qualify for any thing
- Building large greenhouses.
- I am excited for the Manure Digester going in in Southern Brown County, 3 miles east of our house. I expect this to have a positive effect on the smell in the area and the mud and manure on the roads, besides hopefully being positive from a business and environmental perspective.

- farmland available in our area
- I don't see any.

Question 18: Do you feel that Outagamie County supports the protection of farmland and agricultural operations?

About half (51%) of survey respondents felt that the County supports the protection of farmland and agricultural operations and about half (49%) did not.

Exhibit 12. Perspective on the County's Support (n = 77)

Question 19: How could Outagamie County better support the protection of farmland and agricultural operations?

Related to Question 19, respondents provided the following comments:

- By slowing cities from expanding their boundaries into rural area by buying one farm and then forcing the farm they could not buy forcing it to sell to the city they should not be able to do that
- By supporting dairy farmers with better milk prices. Keeping prices up for dairy and crops. How can farmers plan with prices fluctuating for the planting season.
- Restrict urban sprawl, reduce taxes on farmland. No cows attend school, so school taxes should not be on farmland.
- Keep the DNR and Water board away from us.
- Stop urban sprawl
- Less regulation on farmers
- Don't, it's up to the land owner. If the farmer works his whole life to pay off his or her far it's their choice what to do with it weather it's development or selling to another farm
- Give more assistance to beginning farmers- to navigate the various rules and regulations to create a business.
- wider roads for equipment and bikepaths
- limit farm size limit 35 acres and a house.... end up with two 15 acre fields with a house and driveway in the middle.... and probably a pond for mosquitoes.
- Develop effective marketing strategies that inform the general public of the importance of agriculture in their daily lives and thereby gain financial support for permanent farmland protection and promote Ag operations, no matter where such an entity would lie within a communities' boundaries.
- work with people so everybody has the same opportunities to grow crops, Fix the drainage issues, make people maintain there drainage creeks, don't allow others to drain water on others property. Outagamie county talks alot but I don't see much action.
- Don't allow rural subdivisions

- restrict new developments
- As noted above
- Wooded property could be taxed at a lesser rate. Powerline property should not be taxed at all until we are allowed to grow woody crops (fruiting shrubs, small trees, and raspberries, for cripes sake, that nowhere near approach the lines but in fact protect both lines and forests on either side of them. This is considered a good maintenance practice.
- If a farmer has a good record with the state and federal inspections, then the farmer should be able to operate as he or she wishes and not have rules placed upon them because of another farmer "breaking the rules" as well as continually having to fill out paperwork to verify we are still in good standing. Ex. tail docking and animal safety.
- More awareness to growing need for farming. Grants and scholarships to improve farming and upcoming youth. Financial backing to future generation farmers that would need support in creating a farm. Community resources to do support arming on a smaller scale, bees, vegetable crops, general crop farming.
- Target the farms that over apply nutrients. We all know that cafo farms soil tests continue to go up yet they are given a free pass to over apply manure year after year. Why are cafo dairy's always given priority in all programs when they are the worst polluters. If you expect to be taken seriously in your conservation efforts stop rewarding bad actors with a constant flow of program payments.
- I got pulled over by a outagamie county cop while in a tractor when I was on hwy 47 because cars were unable to pass for a 5 mile stretch, the general public seems to have a strong dislike for farmers
- Take a position against large scale solar farms on prime farmland.
- Stop allowing farmers to spread their manure so rediculously....Stop the mega farmer....Reward local small farms
- Stop letting Appleton annex further and further north.
- Stop residential building
- Have more people in charge that have experience in farming and land preservation.
- Promote as many ways as possible of getting youth involved with agriculture. Provide incentives and opportunities for experienced farmers to work with youth.
- lower property taxes
- Stop building on farmland
- Designate properties as ag only in the future.
- Try to get more people to get in the program and understand why
- I believe low interest loans, education and help planning how to transition to more permaculture farming
- Help small farmers
- Restrict the building of non farm homes

- Better urban planning to avoid track homes that eat up farm land much more than necessary to provide housing. More compact housing developments with integrated businesses would improve land use, decrease car use, and increase social interactions.
- Organizing open houses with environmentally conscious farmers like **[redacted]** in Southern Brown County.
- Listen to more than the big farmers. Not one plan fits all.
- regulate the transition of farmland to subdivisions and housing.
- Stop letting people build homes on farmland
- There is NO hope for farmland in Outagamie. Only way to stop this land steal is to Tax parcels larger than 1 acre that was previouslly farmland within last 10 years at a very high rate.
- Stop handing out building permits to large dairies, even when the townships vote against it.
- Farm price have to keep pace
- Stop letting people build out in the country

Tell us about yourself.

Question 20: Is farming/forestry your primary occupation?

About 60% of respondents indicated that farming/forestry was their primary occupation (Exhibit 13).

Question 21: What percent of your household income comes from farm/forest operations?

About half (52%) of respondents earn 25% or less of their income from farming/forestry (Exhibit 14).

Question 22: What is your age?

About 61% of respondents were aged 60 years and older (Exhibit 15). Eighty percent were aged 50 and older.

Question 23: Are you aware of the Farmland Preservation Tax Credit program?

About 37% of respondents were not aware of the Farmland Preservation Tax Credit Program (Exhibit 13).

Question 24: Do you receive farmland preservation tax credits?

Although 63% of respondents were aware of the Farmland Preservation Tax Credit Program, only 43% were enrolled in the program (Exhibit 13).

Question 25: Do you have acreage enrolled in an Agricultural Enterprise Area (AEA)?

Of the respondents, 15% had acreage enrolled in an Agricultural Enterprise Area (AEA), (Exhibit 13).

Final thoughts?

Question 26: Do you have any final thoughts or comments to share with us?

Related to Question 26, respondents provided the following comments:

- Rent acres. Not eligible for preservation plans.
- Why are we in farmland preservation, exclusive ag? The land has been in the family for 50+ years and my parents who owned the land prior to passing it on to me, had opted out of exclusive ag. But we have it, how is that possible? This has caused issues for my daughter from being able to build on an acre of land here.
- Thanks
- Forcing us to have our land in the farm preservation de-values the land! The only people who would be interested in purchasing the land, (in the preservation area) are other farmers, who want the land at average, (or below the average) farm prices. The farmers around here are getting such low commodity prices that they can't pay the going price for land that is just one mile away from the city limits or two to five miles away from the developed areas. So the average farmer retiring in the farmland preserved areas are limited to selling to the local farmer, (who (again) are only willing to pay low farmland prices). There is no help from the local on national governments!! THEY THINK THE SMALL FARMERS ARE DOING WELL or MAKING PLENTY OF MONEY! But that's just not the case. With the cost of energy, seed, spray and fertilizers it's hard to come out ahead in the farming business. That's why you'll see, (& have been seeing) a lot of the small time farms going away lately,It's just the facts!
- We need to learn to work together for drainage, there's obviously going to be more residential areas and that's fine but we all need to cooperate and have a common goal to make sure no one floods.
- Keep supporting the local farmers.
- farmland may be preserved, but it will be operated by a two or three farms in each town. Not progress in my opinion
- I am 79 years old, retired and own **[redacted]** within the county. I believe it absolutely essential that we as a total community, commit time, resoures and serious money to permanently preserve as much farmland in our area as is possible (agricultural conservation easements can accomplish this). We are extremely fortunate in Outagamie County that our soil is rich with little to no irrigation required to grow crops to feed an ever increasing population. As many areas in the rest of the US are experiencing extended drought we are not. We cannot let commercial and residential develop continue unregulated to permanently take rich soil out of production just because entities representing non-farmland development can muster the most cash to buy prime farmland from elderly farmers or just simply wait to do so from those who happen to inherit the farmland and have little attachment to it other than its monetary value.
- Hope this survey results in some action.
- We need orderly developement restricted to areas served by municiple water and sewer. I think we should limit lot sizes to preserve farmland and make lots more affordable. How are we going to have any big parcels for schools or industrial parks if we piecemeal all the land close to urban

centers. There is a lot of pressure on farmland from nonfarm uses and I think we need more rules to make nonfarm conversion of ag land more difficult.

- I understand farmland preservation but don't. We know we have to protect farmland but the megafarm era is putting more and more money into fewer hands with more environmental issues. I do not see the need to overproduce which is the result of overfertilization, higher debt to pay off, more subsidies etc. I only responded to this part of the survey because I believe that fish farming (which is what I do) has to be recognized as a viable option. I have been training people for years in aquaculture but until we have the State and County allocate money for trained ag agents no one believes they can pull it off. We have no agents assisting in this process.
- We were in the DNR forestry program but found it to be more harmful than good.
- Stop mega farms....REWARD the small guy...stop allowing manure spread....We only have 1 water source...once contaminated its done
- No. There is not enough space or time to get into that.
- Protect the farmers or this world will go to hell in a hand basket real fast!
- Glad to have a program like this to save the land for crops every thing can't be at the grocery store with out it
- More programs for small farmers
- farmers are getting to much money for programs and manure storage assistance
- Glad you are listening.
- I am on the Town of **[redacted]** Plan Commission, and we will be reviewing the Farmland Preservation map proposal at our meeting tonight. I don't consider myself a farmer but the forester said I may have the largest wooded area under one owner in the town. I have a total of 25 acres and 15 are in the MFL program.
- There is to much money in Outagamie and poor leadership. There is no hope to preserve farmland.

APPENDIX C: RESULTS OF THE COMMUNITY SURVEY

Appendix C presents the results of the community survey. A total of 139 participants responded; however, not every respondent answered every question. For each exhibit, the annotation "n = #" represents the number of participants that provided a response to the respective question.

What are your thoughts on agriculture?

Question 1 and 3: Please tell us if you agree or disagree with the following statements:

Exhibit 17 (on the following page) shows that a majority of respondents view farming, farmers, and farmland positively. Notably, 84% of respondents strongly agreed or agreed that they wanted farming and agriculture to be a majority part of the County's identity in the future.

About three quarters of respondents indicated the County should do everything in its power to protect and preserve farmland (76%) and to protect existing and support new farming operations and enterprises (75%).

Question 2: How do you support the agricultural economy in Outagamie County? (Check all that applied)

A large share of respondents support Outagamie County's agricultural economy by buying produce at farmer's markets, pick-your-own farms, and roadside stands (79%) and by buying plants/trees from local nurseries and greenhouses (75%), (Exhibit 16).

Respondents that selected "other" (see Exhibit 16) provided the following comments:

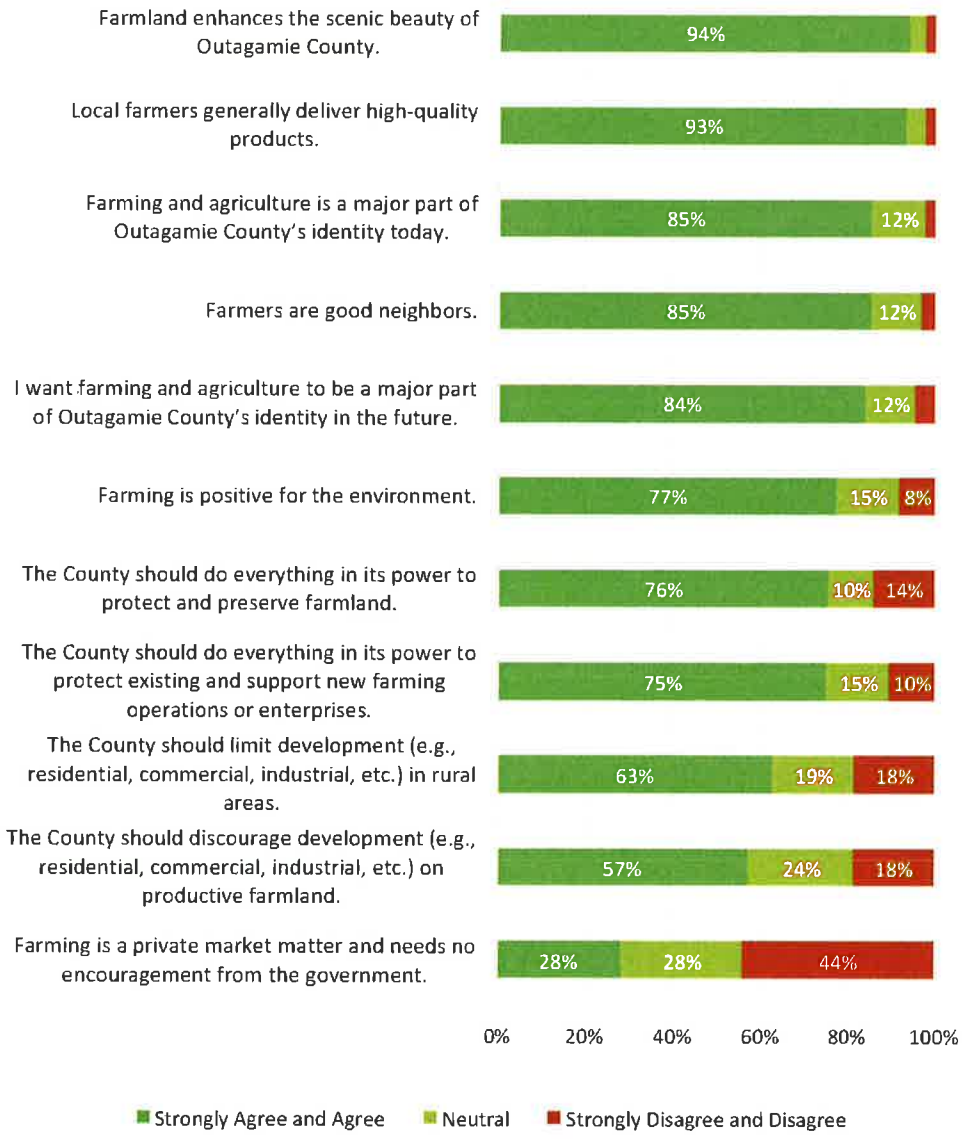

Exhibit 16. Support for Agricultural via Various Activities (n = 136)

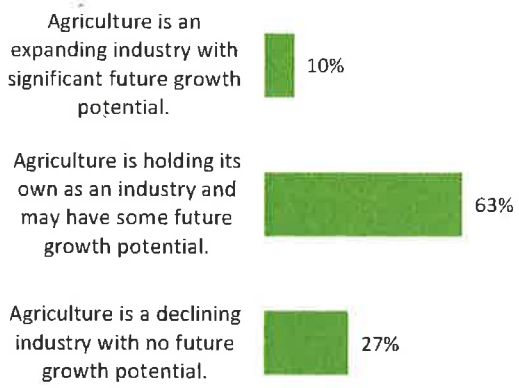
Activities	Responses
I buy local produce at Farmers Markets, Pick-Your-Own farms, roadside stands, etc.	108
I buy plants or trees from local nurseries and greenhouses.	102
I buy meat from local producers.	89
I participate in agritourism activities (e.g., corn mazes, pumpkin patches, apple picking, petting farms, etc.)	78
I lease land to farmers.	65
Other	8

- Future of our country depends on open land. Growth is good, but Too much of our green space is being eliminated by going too big eliminating wildlife and insects we need.
- Grow our own hay and our neighbor farmer cuts/bales for us
- Help out a local farmer
- Hobby farm of our own
- I have my own large garden.
- I support farmers who incorporate conservation practices in their operation
- Participate in FSA pollinator programs.

Exhibit 17. Perspectives on Farming and Farmland (n = 137)

Note: Labels representing response ratings of less than five percent are not displayed.

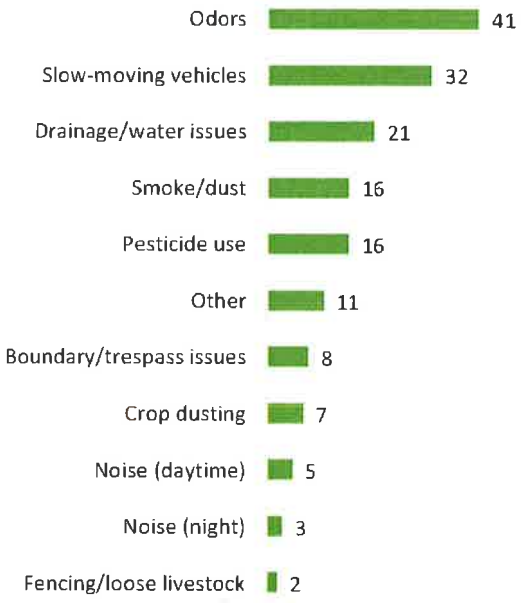


What are the issues and opportunities?

Question 4: Which statement best describes your view of the agricultural industry in Outagamie County?

While a majority of respondents (63%) believe agriculture in Outagamie County has some growth potential, over a quarter of respondents (27%) believe it is a declining industry with no future growth potential.

Exhibit 18. View of the Agricultural Industry (n = 135)



Question 5: Have you ever experienced problems with a farm neighbor regarding any of the following? If applicable, check all that apply.

Of the respondents who noted a problem with a farm neighbor (Exhibit 19), odors and slow-moving vehicles were cited as a concern most often.

Respondents that selected "other" provided the following comments:

- Crop residue blowing on to adjacent properties.
- Dandelion issues
- Dirt and clumps on the road
- Dirt or mud on roads
- I have experienced some of these - but never a problem
- Leaving large amounts of mud on residential roadways
- Manure trucks, Mud on roads
- Often when they leave the fields they leave a large amount of dirt on the roads which is a nuisance.

Exhibit 19. Support for Agricultural via Various Activities (n = 70)

- Roadways full of manure and mud during harvest and emptying of manure pit. Only one farmer in the are that actually doesn't take care of it. Most are really good.
- Throwing garbage (tires from their equipment) onto our property- called sheriff- he had county crew clean up the 30+ tires but even though they stated who did it (similar previous issues) did not prosecute

Question 6: What are one or two threats to agriculture, forestry, or agribusiness that you see in Outagamie County?

Related to Question 6, respondents provided the following comments:

- encroaching development
- Loss of Farmland to development.
- 1) Excessive government cost-sharing/funding being given to large agricultural producers (i.e., CAFOs), giving these major agricultural producers an even greater advantage over smaller agricultural producers. This is one contributing factor to the decline in small, family farms. Large industrial operations do not need cost-sharing/funding for things such as expanding their operations or manure storage structures. Although, cost-sharing/funding for real best management practices to reduce environmental affects of farming (e.g., nonpoint pollution) is warranted in my opinion.

  2) Lack of initiative by the agricultural producers and lack of regulation by County/DNR to protect natural resources (e.g., surface water, ground water, wetlands, forests, etc.). This will eventually cause major issues and animosity between the agricultural community and non-agricultural community, and may result in abrupt regulatory changes that severely affect the agricultural community.
- Too many mega farms with too much waste being put into fields that are heavily sprayed with pesticides and herbicides.
- Farmers selling their land to developers Poor education about agriculture
- Developers buying land to grow housing instead of crops/trees.
- Land development, Farmers not making enough profit, trees being removed for farming or Land development
- city and residential houses have not relationship to agriculture. They once went to grandpa's for the summer. This relationship no longer exists.
- Residential subdivision being built
- People moving to rural areas and thinking that they are still living in the city. Moving to a rural area does not eliminate lifes little inconviences. It just changes them.
- Random growth
- Subdivisions
- Continuing expansion of new neighborhoods. Enough already! I constantly see cornfield after cornfield being turned into houses.
- New subdivisions popping up everywhere.

- Cookie cutter neighborhoods being built anywhere there is even the slightest amount of room and too many zoning rules keeping people from being able to live the rural life.
- Large-scale vs small-scale farmers. Small-scale farmers need more support.
- Government overreach
- Inflation
- Residential Neighborhoods i.e. new builds
- Higher expenses for farmers compared to prices they get for their crops, milk, etc.. Smaller farms closing down, versus the next generation taking over.
- Developers who want to convert farmland into subdivisions. They can offer so much more money per acre than another farmer can.
- Development of all kinds
- Urbanization, infiltration of folk that lived in cities, then moving country sides complaining about the agriculture around them.
- Surface water pollution (leading to more regulation of the industry) and climate change
- The expansion of residential and commercial buildings and the cost to benefit for farmers especially with inflation
- Increased amount of urban dwellers relocating to rural setting with no understanding or appreciation for the farmer. Water and manure handling.
- Declining farmland Expense to operate (fuel, land rent etc)
- So many subdivisions, etc. Farm land is decreasing at an alarming rate and disturbing so many animals.
- Lack of local and federal support Future generations declining interest in farming
- Too much government involvement
- Continued pollution of waterways by manure and runoff - claimed as accidental yet harmful for years to come and sometimes permanently for wells. Lack of interest from younger generation is taking over family farms"
- Farmers losing options/ choice regarding their property
- Land lost to residential growth.
- The Urban sprawl is horrible. You need to stop allowing subdivisions in the country taking up our great farmlands. We will never get them back.
- selling land to a developer for a housing subdivision lack of financial support during hard economic times
- unpredictable milk prices lack of employee/workers
- Industrial, Residential, Commercial expanding development into rural areas. Commodity prices/input prices for farmers.

- Encroachment onto good farmland. Not properly draining the Mack Wildlife Area/surroundings - destroys crops/crop land due to flooding
- Lack of financial potential driving farmers out of the business, or worse yet they sell there acres for development.
- Residential and commercial development is growing too fast.
- Media's attack on farming as bad for the environment, which is not based on facts.
- Poor prices for product
- Possible urban sprawl. More people = more issues
- Subdivisions ponds are flooding neighbors out and turning woods into lakes. Farmland turned into subdivisions and then the home owners complain about everything from noise, smell etc.
- Federal Government Idiots like **[redacted]** Local Government Knuckleheads like **[redacted]**
- The constant expansion of residential neighborhoods. The high cost of farm equipment and low income for products produced is crowding small family farms out of the business.
- urban sprawl , global warming
- Crop destroying insects/pests Uncontrolled expansion of residential and commercial development on farm/forest land Pollution of underground water/wells in proximity of large dairy operations
- Development of the farm land
- the general public's lack of understanding of how, why, where food is produced.
- Changing attitudes towards the agribusiness and news media not helping
- labor shortage
- To much government involvement /bureaucracy restricting change and growth
- Runoff issues for watertable.
- housing takes more land every day. Farmers should have the option to sell their property for housing if they wish to. it is their property.
- Development -Runoff fromSubdivisions
- Disappearance of small family farms.
- How to dispose of animal waste from mega farms & still be a good neighbor"
- Housing
- Housing
- Solar farms and sub divisions
- Growing population/housing
- Over regulation.

- If a land-owner doesn't want residential/commercial business in rural areas, then don't sell to such an enterprise. Imposing restrictive zoning regulations actually don't allow a farmer to pass land, build thier homes on thier own property, etc. Is this a reason for declining agriculture?
- Subdivision expansion
- Residential Growth How farming is percieved by non farm community Unreasonable regulations
- Continued development, as municipalities spread outward
- There are too many subdivisions and apartment buildings being built on agricultural lands.
- Greedy developers only concerned about the short-term
- Residential growth
- Unnecessary housing on increasingly large tracts of land - especially when habitat for native plants or habitat / food sources for native birds / animals is destroyed.
- We are losing farmland forests due to major developments.
- weather
- Size of big farms could becom an issue.
- Non-Agricultural development on productive farmland. Farmland being purchased by outside investors with no ties to the county.
- to much Government interference
- when only profit drives use, exploitation results and we ALL loose. Sustainable agriculture is worth protecting, large agribusiness is not. Lack of environmental protections have allowed the "Farming" to ruin what the public once attributed to the profession: clean water, lakes, streams, groundwater... unregulated high-capacity wells rob the natural resources from the rest of the community - one small example
- Rural subdivision developments. Small family farms being replaced by mega farms.
- Land development.
- Hard question. Worry about global warming, but yet land continues to be covered. It's hard to watch progress that seems to be more material than feel for earth.
- Urban sprawl Cost of supplies
- I'm not sure
- Developers targeting farmland/woodlands for development profits with no regard to the monetary impacts they cause on rural township services or the degradation of quality of life enjoyed by those of us who currently live in the country. This also generates complaints from those who choose to move to those developments and think that the farmers need to change their ways as to not impact the new residents.
- Waste and fertilizers
- Large corporate farms that have more rights than people who live in the country. Large farm next to me knocked down trees went through my land and put drainage from field into creek that runs through my property. No silk, just dug out creek to widen at place they put in

drainage. DNR said that while not right they don't do anything to stop farmers from this type of work as it was funded by government.

- land development
- Over-reach by multiple layers of government into private enterprise. Excessive and unchecked regulatory authority
- Rural housing, pond digging,
- Mega farms and well water quality
- City residence moving to farm country and then want to change it to fit there city style life
- Lack of interest because of the long hours and commitment and also the startup expense. Also way too much regulation from county.
- I have not had any problems from farmers on any of the above but have had problems with neighbors in a plot who trespass, cut my trees, and send drainage water onto our property. Outagamie is a fast growing county with a lot of city growth. I think they could push the farmers out to other counties. But a lot of generational farmers are selling out to developments. "
- Cow manure, pesticides and fertilizer contaminating water supplies.
- Urban development.
- Development. There is only so much land available and we all want to use it for different purposes.
- to much land used for housing.
- Urbanization. Government officials too far removed from what farming really is. Families selling farmland because they do not see a viable future in agriculture.
- urban/suburban residential growth onto productive agricultural land increased zoning/local regulation that inhibits agricultural growth/development"
- Land is being bought, sold and developed
- Urban development encroachment. Animal processing shortage for small producers.
- use of chemicals and pesticides and herbicides, there needs to be more promotion and enforcement to use more organic options to protect the environmentmore
- Mostly the sprawl of urbanization. Business, industrial parks, residences, parking lots
- New housing Land being bought by developers
- Allowing mega farms to flood others property including farm lands. We lost several acres of productive farmland and our neighbor lost several acres as well. When The mega farm north of us drained his fields into a neighbors pond which in turn flooded onto ours and neighbors property. They even put in a much larger culvert so more water would flow onto our property. Same mega farmer uses that land, which is a southern sloping field, to spread liquid manure by the truckloads. This is then washed down onto our property. 2. The loss of small, family farms.
- the push for mega wind and solar farms

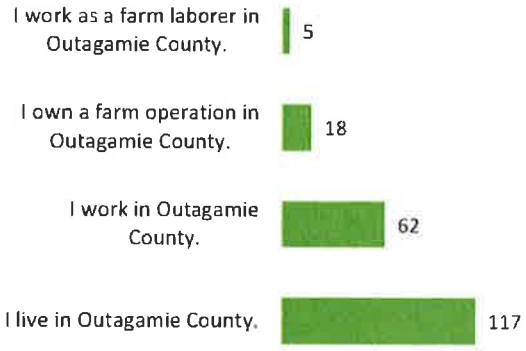
Question 7: What are one or two opportunities that exist for agriculture, forestry, or agribusiness that you see in Outagamie County?

Related to Question 7, respondents provided the following comments:

- agritourism
- Solar Farms
- Local vegetable, fruit, & meat farming. There are many studies showing that today's consumer wants local produce and meats, but it is difficult to find this in the grocery store. Most of the cropland in Outagamie County is planted with corn, soy, and alfalfa for energy production and cattle feed, not to feed the local population. One thing the pandemic and recent energy prices have taught us is that we, as a country, need to localize our food systems so these major global crises do not (or minimally) affect how we obtain our food.
- I believe that as much as farmland preservation is important so is allowing for the expansion of small towns to add housing. Preventing larger municipalities from annexing land would allow them not to feel the pressures of building more homes in their small municipalities to offset the rising costs on taxes on the residents that remain in the town.
- None that the County provide that I am aware of
- unsure
- there are jobs available that would allow building a relationship with agriculture
- Utilities the land to the full need
- Continue to transition to cash crop for local consumption.
- Grow hemp. A plethora of opportunities
- Preserving some land for farmers today and in the future. Progress is nice but it has gone too far in this area.
- We should encourage and support organic and sustainable farming more as their practices are better for the environment and future.
- Resources & grants to help them modernize and expand.
- Veterinarian Services--I've had trouble trying to find a veterinarian to check out our cat. They are all booked out for weeks!
- Conservation agriculture.
- Education to the public and buy local/support local movement
- Better management of land. Reduced wear and tear on town roadways.
- The equipment is amazing. Lots of subsidies and programs to help are available.
- Not sure
- A good life when working with the land
- A move to electric and hybrid fam vehicles thereby decreasing emissions from idling engines Investment in UWO as a research hub for agriculture in NE Wisconsin and the county

- Greater awareness/importance given to food sources.
- Stop the semi loads of manure of the land .and the amount they put on it not three or four loads .They should have to stay at least 100' from streams.
- not sure
- hemp fruit/orchards
- None
- Control flooding by draining **[redacted]**
- Don't know.
- Locally grown produce and locally raised beef, pork, chicken. More people are paying attention to what they are eating and how those foods are produced. Local farmers have an opportunity to provide this.
- Local food! Possibility in enhancing local economies From an environmental (climate change) approach; climate-resilient infrastructure, water and land management, new technology = better sustainable farming practices
- Tax break on land and farming in general
- Not sure.
- new meat plants
- Knowledge supporting land stewardship and efficient use Marketing - local, national, and international
- wetlands
- By being located near two metro areas I believe agriculture in Outagamie County is poised too locally increase farm to table. Helping reeducate a public that has been very distant from how food get to the grocery store.
- Not Sure
- organic farming Hydroponics Urban farming
- We all need to support the local farmers and be good neighbors. They need to be responsible as well as far as being good stewards of the land.
- Hunting opportunities.
- Designate more rural areas for "pocket parks", within or adjacent to developments in order to encourage places to grow your own food (for those within the developments) and community gardens. Train people on how to raise their own food and give them "ownership".
- Aqua farming, hops, grapes,
- There is still quite a bit of land that has not been built on
- Lumber harvesting, sawmilling
- Maintaining profitability for the farme
- Cash cropping what is left of our county's farmland

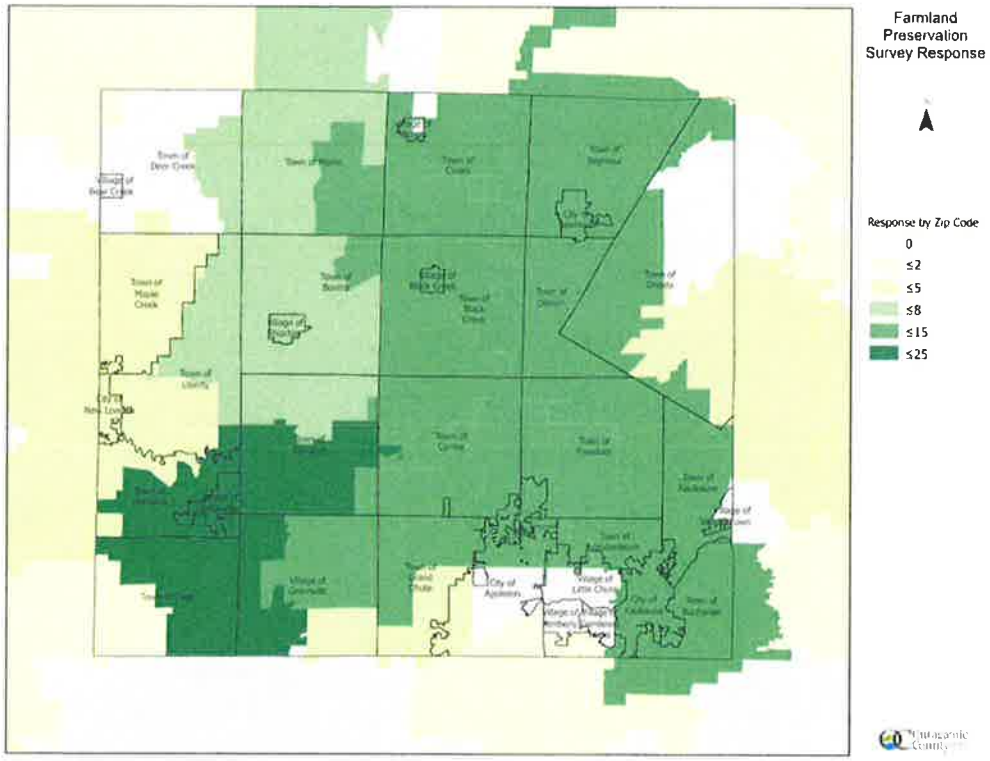
- Local farm-to-table is a huge opportunity in this area
- All are needed
- Increased market for organic / locally grown products- livestock as well as fruits / vegetables. Nurseries and landscaping plants.
- Better land quality
- weather
- The cheese industry
- Expansion into more specialty crops.
- Providing locally grown products
- support small sustainable operations, organic, family run.
- Producing more produce to sell at local grocery stores rather than having it imported.
- Tourism Environmental practices
- I'm not sure about this either
- I believe there has become a greater appreciation for locally sourced produce for personal consumption and restaurant use that could be capitalized on. Not too long-ago local farmers used to grow vegetables for local canning factories, why can't we grow those same crops and send them to the fresh or frozen food markets instead of relying on California and Mexico?
- Large farms with assistance from the government. Farming is important but it is a supplemented business.
- planting trees and going back to natural prairies
- Tie agribusiness goals to responsible development practices
- Jobs in the farming industry trucking, tractor drivers, milking jobs, general labor., logging, if the forestry or land owners replant trees after logging. Manufacturing jobs for new farming equipment.
- Keeping plot sizes large enough to attract Farmers to produce crops
- I feel we have a great farmland preservation program and people willing to help the local farmers with their concerns.
- More demand for products.
- Locally grown products.
- Local food production. Education for non-farm residents. Incentives for non-farming land owners to rent to other farmers. "
- locally sourced direct market agriculture increased conservation practices/programs to sustain and preserve farmland
- Animal processing facilities.
- more farm to local consumer type farmers, buy more local



- Try to preserve as much farmland as possible. Make getting into farming a little easier.
- Pick your own apples, etc. are great for the economy. Grants are often needed to make this a reality as trees take several years to mature.
- Small organic farms, more emphasis on farm to table products

Tell us about yourself.

Question 8: What describes you? (Check all that apply)



Of the 126 survey participants that responded to this question, 93% were residents of Outagamie County (Exhibit 20).

Question 9: What is your zip code?

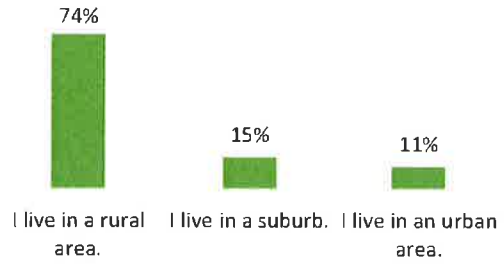

Exhibit 21. Distribution of Where Survey Respondents Live by Zip Code (n = 134)

Question 10: How would you characterize where you live?

A majority (74 percent) of survey respondents indicated that they characterize where they live as a rural area (Exhibit 22). For a visual representation of where where respondents actually reside, see Exhibit 21.

Exhibit 22. Distribution of Respondents by Community Type (n = 137)

Question 11: What is your household income?

About half (51 percent) of the survey respondents had a household income of $100,000 or more (Exhibit 23).

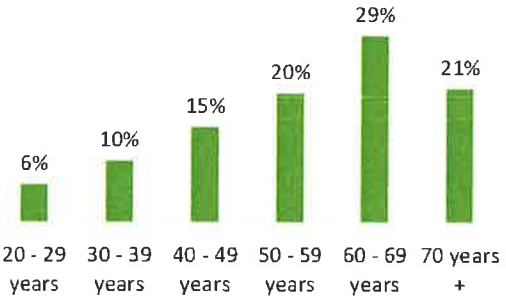

Exhibit 23. Distribution of Respondents by Household Income (n = 126)

Question 12: What is your age?

Survey respondents were relatively distributed by age, but tended to skew older. For example, Exhibit 24 shows that 70 percent of survey respondents were 50 years of age or older.

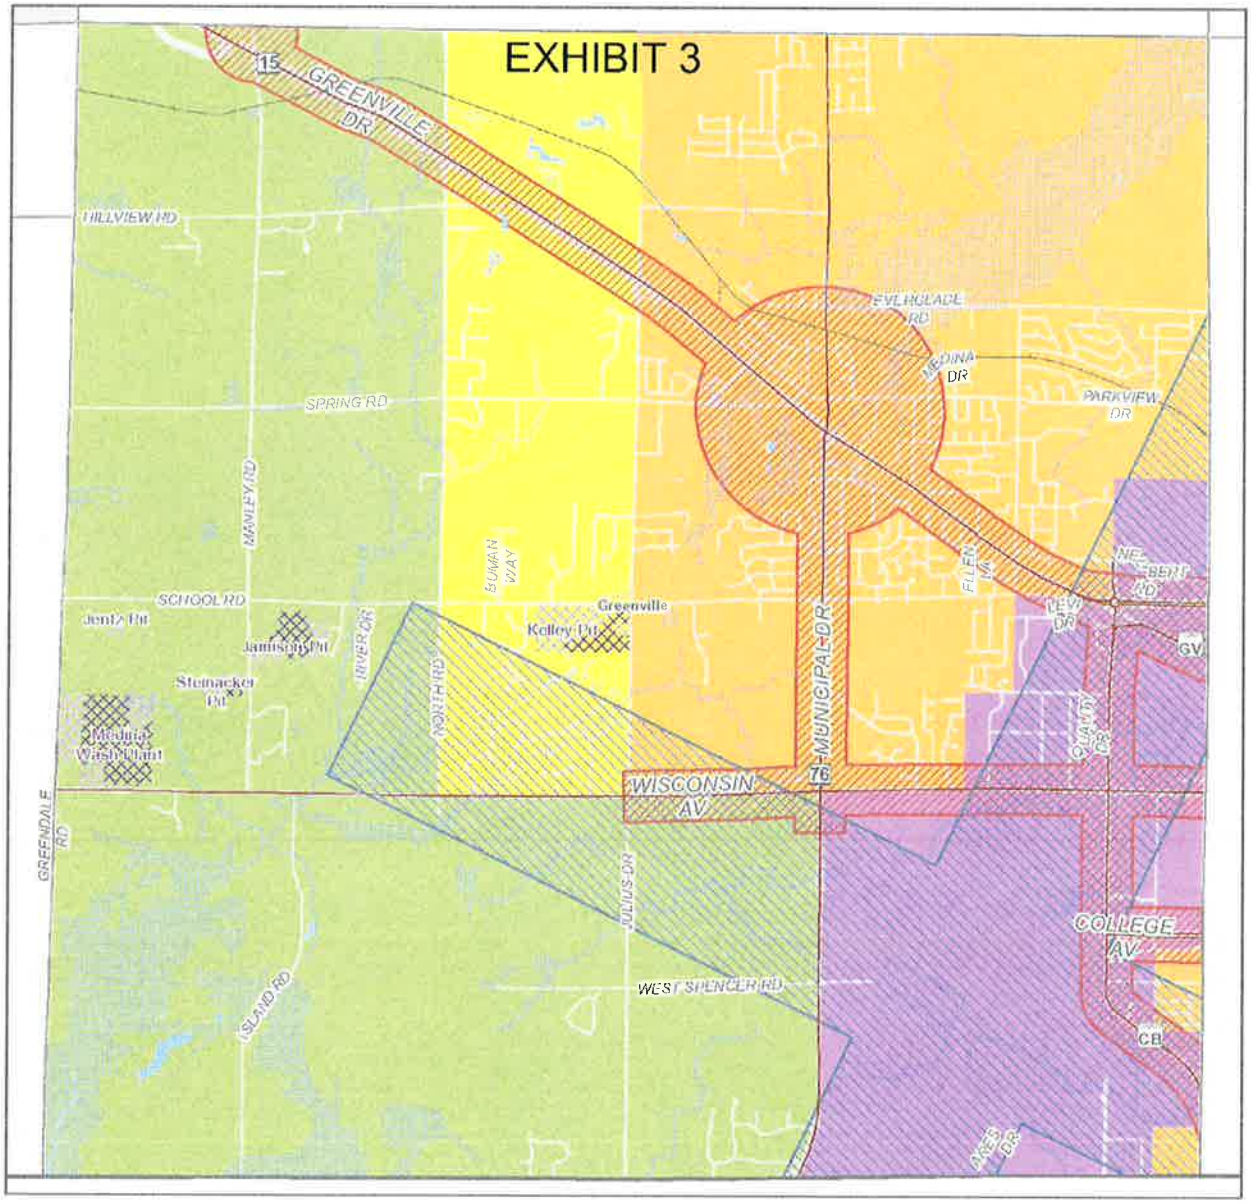
Final thoughts?

Question 13: Do you have any final thoughts or comments to share with us?

Related to Question 13, respondents provided the following comments:



- It is hade to tell a land owner what they can do with their land and should be open to acceptance within reason if they want to build on their land. Example: building a home/shed on farmland.
- I would like to hope that we can see an evolution in our thought of what farming is in Outagamie County. I would like to see an increase in crop diversity, locally grown produce, and protection of our natural resources.
- While I marked that I've experienced odor & slow moving farm vehicles, I consider that to be a normal, seasonal experience for where I live. Farm equipment needs to get where it needs to be and I think my neighbors do their best to allow us to pass if it's safe for all involved.
- Farmland should be kept farmland and owned locally. If you don't live here you shouldn't own it. It should not sold to foreign corporations and entities or **[redacted]** for that matter. I see the country disappearing and housing taking over, not good!
- Preserve as much land as we can. STOP taking away the beauty of the farmland. NO MORE HOUSING DECELOPMENTS!
- Though Outagamie county is rooted in farming, the population here is no longer rural sized. We need to support the growth that is our reality.
- Thank you for looking out for our farmers. I'm addition to their products - their landscapes are also beautiful and an integral part of what makes Wisconsin special.
- Farms are still the future.
- I'd like to see something for tractor traffic. Cars are dangerous to them, tailgating, passing when not safe, we need to help them.
- A Purchase of Development Rights (PDR) program is needed in order for Outagamie County to maintain the remaining rural areas that exist. Possibly encourage more ag-tourism.
- My agricultural neighbors are great stewards of the land.
- Please incorporate conservation agriculture in farmland preservation program
- Farming is a critical part of Wisconsin, Outagamie county and the Town of Bovina. We must continue to find ways to support farming and its evolution.
- Over the years farming has definitely changed and is much harder to get into farming.
- I rent my property and have a no manure to be dumped on it. They can fertilize it and weed control with with safe weed pesticides.
- The time to act on urban sprawl is now or we will lose more and more agricultural land every year. We need to stop subdivisions and have a requirement that states you need so many acres of land to build a house on like some of the great townships in the county.

- Farmers need help. Every aspect of their business is expense: equipment, labor, feed, seeds etc. We need to offer more support and keep the farm land. NOT HAVE IT DEVELOPED INTO HOUSING
- Land owners need freedom to utilize their properties as they see appropriate. Less government give aways like farmland preservation!
- Repair drainage ditches/remove beaver/beaver dams from Mack Wildlife Area to Wolf River - stop flooding, improve crop land production
- Farming is integral to Wisconsin and Outagamie County. Prefer to see the residential and commercial development spread limited.
- Better prices, so they can pay me rent for my land.
- We need to save the farm land and I am experiencing farm land going under to subdivisions in the Town Of Grand Chute. There is not a lot of farms in Grand Chute anymore as houses have taken over and we now have major drainage issues because of it
- I grew up on farmland in Outagamie County, which I currently own and rent to a local farmer, but reside in Brown County (Village of Howard). It's sad to drive through the area and see more and more farmland being turned into residential usage. Rows of houses aren't as pleasing to my eye as rows and rows of corn! There's definitely something to be cherished about the good ol' days.
- would like to see more sustainable land use.
- I feel if you own land and have paid taxes on it for many years. It shouldn't be other organizations telling you what you can and can not do with it. I understand they want to preserve farm land, however, many do things for their own good. It has all become too political. Farmers are needed and welcomed, however, many worked their whole lives to now want to make some money by selling their land and getting some good money for it. They deserve it!! People that have no idea how hard it is to farm and all the labor intense days of work are, try to change that. I feel that it totally wrong. Land owners should have rights!!
- Our 40 acre homestead property is surrounded by agricultural operations. We like our neighboring farm operations and are impressed by the positive developments in land use and stewardship.
- I wish my land would sell. Overall I think the county is doing a good job at helping the farm community and it looks like it remains a strong area.
- Glad you put out a survey
- Need to keep development close to sewer and water. The county needs to monitor the runoff ponds better some do nothing to catch runoff and are poorly mantained
- When I was growing up, 4-H was a huge part of my childhood (I grew up on a farm), but I don't hear much about it anymore. If it's still viable, perhaps more publicity in order to encourage youth to join (and not just those on a farm). Anyone can raise vegetables on a food plot and take it to the county fair -- it doesn't have to be just livestock. These are life skills that youth can learn.

- I believe townships should have a large say in major infrastructure projects, such as solar panels and powerlines. We chose to live in rural areas of the county because we enjoy the open space. Just because areas are less populated doesn't mean ever major project needs to go there.
- I don't think it's right for the government to limit what anyone can do on/with their own property, as long as it doesn't hurt/harm others or the environment and it isn't illegal. That being said, I love living in a rural community where there are farms so it is kept less populated than in the cities. I would favor helping farmers succeed in farming rather than taking away the rights of land owners to do as they wish (within reason) on/with their own property.
- Protect Family Farm operations
- Keeping farming viable so to encourage future farming partners (youth)
- Greenville has a land stewardship committee that is spearheading this effort through a PDR (Purchase of Development Rights) program that everyone should know about, support, and replicate!
- I grew ip working on neighboring, family farms. In short, I value agriculture. Furthermore our current lot is large - 11 acres. We purchased it from a local farmer and have since large allowed approximately 9 acres of it to grow naturally, We mow off invasives, but avoid chemical pesticides/ herbicides snd provide housing options for a variety of birds, including barn swallows (which was motivated by the disappearance of local barns.) As a result we see an abundance of native plants, birds and wildlife on our land, which, I believe, in conjunction with agricultural fields and livestock, is an integral and beautifying aspect of Outagmie county's identity."
- Yes our county government needs to work with agriculture to keep it viable but also use common sense not to over regulate the industry. Also there are many rural roads that aren't being kept up.
- good luck - money is power and profit is king. protecting those resources for the rest of us will be a challenge
- Please continue to preserve farmland and rural areas in outagamie county.
- Hard question
- Farmland Preservation was adopted by my township, and I believe by several others. I feel those rules and other zoning ordinances are not always enforced properly or ignored and exceptions are made through the good old boy system. I believe more county oversight is needed for compliance.
- Soil lost and runoff are extreme during summer rains, spring thaw, and winter winds. It negatively affects water quality and overall nature health. Land stuard tilling practices, cover crops and runoff buffers need to be implemented.
- We as a town ship have had land preservation since 1986. It has worked well, we dont have little subdivisions, which are eating up valueable land and making water run off problem, or the big sewage problems without a sewage system. We also dont have the headaches to much of home owners complaining, people living to close or building on top of them. Keeping roads in good shape and clear in the winter are always going to be the big problem, but not as great as having more housing.

- Requie these mega farms to install digesters for manure handling. Limit number of catte per operation.
- We definitely need more family farms to continue and flourish in Outagamie County, but the mega farms are killing the small farmers. They have the capital to keep expanding. They can pay the outrageous prices for land and they know how to get all the grants/etc. It's forcing the small farmers out or preventing new ones from starting.
- I appreciate being included in this survey. We own property that we lease for farming and the City of Appleton is knocking on our door.
- I think that farmland is important to maintaining the identity of Outagamie County. It grows the food that we eat or feeds the cattle from which so much of our food comes from.
- I live in the country by choice because I like the beauty and privacy. New developments are great but should be limited and be forced to include parks and walking areas. I realize you give up tax dollars by keeping green space but it creates a much nicer, friendlier community.
- when the farmer is GONE this country is done for.
- Please do all that you can to help farmers thrive and preserve existing farmland in our county. Once it's gone, there is no getting it back. Agriculture is an important part of our history and needs to be given proper attention to ensure its success in the future.
- Hope that maximum efforts are made to preserve and protect productive agricultural land and programs/funding are supported that contribute to sustainability and development of local agriculture.
- The only problem I see with the farm operations is manure and mud on the roadways that is not cleaned off...especially when it is raining and slippery. The motorist is typically not expecting it until on top of it
- Our county has poor internet service outside of Appleton. It is expensive and very slow speed. Satellite is often the only option. For farmers and everyone I Living in rural areas, internet service needs to be made available at a reasonable cost. Ex. Viasat costs me $174/month. Hughes runs out of high speed internet quickly.(speed is below average even at high speed) Neither is adequate for most family needs. Online classes and networking are crucial to our future. Starling is a possibility as they expand service, but at $600 cost for the modem, start up is expensive, plus you have to install it yourself...no tech service
- I enjoy the space and farmland around us however, I do not believe it is the government's place to put a restriction, such as farm preservation, on an individual's property. I have seen first hand the results of this in the Black Creek area. When a landowner wants to sell their farm preservation property the value is considerably less than what the market value would be. This is a huge monetary loss to the landowner.

RESOLUTION NO.: 60—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County (the County) has taken title to a parcel of land located in the Village of Hortonville, Parcel ID Number 240054600, through the In-Rem Foreclosure process. The delinquent taxes, interest, and fees equal $453.77. The Village of Hortonville (the Village) would like to acquire the property. The Village will pay the County a total of $453.77.

The parcel is adjacent to a new walking trail along Highway 15 that the Village maintains. This is a small parcel with minimal value. The Village may be able to utilize this land for a rest area or some other purpose.

No budget adjustment is necessary as there are funds already budgeted in the appropriate cost center. This property is being offered solely to the Village of Hortonville based on their request.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the sale of In-Rem Tax Foreclosure property Parcel ID Number 240054600, Village of Hortonville "as is" in the amount of $453.77, with no budget adjustment necessary as the funds have already been budgeted in the appropriate cost center as detailed in the attached fiscal note and Agreement between Outagamie County and the Village of Hortonville, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Treasurer.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Village of Hortonville offer to purchase In-Rem foreclosure property – 240054600 for $453.77

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The County has taken title to this property through the In-Rem Foreclosure process. The delinquent taxes, interest, and fees equaled $453.77 and the Village of Hortonville would like to acquire the property. They would pay the County the total of $453.77 to make the County whole.

The parcel is adjacent to a new walking trail along Highway 15 that the Village maintains. This is a small parcel with minimal value. The City may be able to utilize this land for a rest area or some other purpose.

No budget adjustment is necessary since there are funds already budgeted in the appropriate cost center. This is being brought forward for your consideration as the property is not being put out for sales bids but is just being offered solely to the Village of Hortonville based on their request.

AGREEMENT
Between Outagamie County and Village of Hortonville Pursuant to §75.365, Wis. Stats.

THIS AGREEMENT is made and entered into this ____ day of _____, 2023, by and between the Village of Hortonville, Wisconsin, a municipal corporation, ("VILLAGE") and Outagamie County, Wisconsin, a quasi-municipal corporation ("COUNTY").

RECITALS

WHEREAS, there is one (1) parcel of land located in the VILLAGE identified as the following described real estate, together with the rents profits, fixtures and other appurtenant interests:

Parcel Identification Number: 240054600

Lot One (1), in Block One (1), Radtke's Plat No. 1, Village of Hortonville, Outagamie County, Wisconsin, EXCEPTING therefrom the South 60 feet and EXCEPTING that part for highway purposes in Jacket 6861, Image 42 and reserving any lands used for roadway purposes.

PROPERTY ADDRESS: (no address), Hortonville, WI 54944

hereafter referred to as the "PROPERTY"; and,

WHEREAS, the COUNTY has not done any due diligence regarding potential environmental hazards on the property and has not proceeded to acquire these parcels by *in rem* tax foreclosure; and

WHEREAS, the VILLAGE is interested in the PROPERTY in its efforts to revitalize and improve the downtown area of the Village of Hortonville; and

WHEREAS, the COUNTY and VILLAGE desire to enter into this agreement pursuant to §75.365, Wis. Stats.;

NOW, THEREFORE, in consideration of the mutual covenants and promises set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

ARTICLE I
ACQUISITION OF THE PROPERTY

Section 1.01 The COUNTY has included the property in its 2023 *In Rem* Tax Foreclosure proceedings pursuant to the authority vested in the COUNTY by the Wisconsin Statutes.

Section 1.02 The COUNTY agrees that it will make reasonable efforts to acquire the PROPERTY by *In Rem* Tax Foreclosure proceedings. The COUNTY and the VILLAGE recognize that even though the COUNTY has included the PROPERTY in its 2023 *In Rem* Tax Foreclosure proceedings, it is possible that the Outagamie County Circuit Court may refuse to order or adjudge that the COUNTY be vested with an estate in fee simple absolute in the PROPERTY.

Section 1.03 The COUNTY agrees that in the event the COUNTY acquires the PROPERTY by *In Rem* Tax Foreclosure proceedings it will thereafter convey the acquired PROPERTY to the VILLAGE by Quit Claim Deed(s) upon the condition that the VILLAGE has approved and executed this Agreement.

Section 1.04 The COUNTY and VILLAGE agree that the amount of $453.77 is the outstanding delinquent real property taxes (this amount includes interest through 09/30/2023 and special assessments/charges that the COUNTY has previously settled with the VILLAGE), and expenses accrued by the COUNTY in the *in rem* process due for the PROPERTY for the tax years 2019 through 2022, inclusive, calculated through 09/30/2023 as follows:

Property Taxes 2019-2022:	$ 102.77
Publication Costs:	$ 246.00
Title Letter:	$ 75.00
ROD Filing Fees:	$ 30.00
Appraisal Fee:	$ 0.00
	$ 453.77

Section 1.05 The COUNTY's obligation to convey the PROPERTY as set forth above is contingent upon approval of the conveyance by the Outagamie County Board.

Section 1.06 The VILLAGE agrees and acknowledges that the COUNTY'S conveyance of the PROPERTY to the VILLAGE is a conveyance "as is", by Quit Claim Deed(s) which will be prepared by COUNTY and recorded by the COUNTY.

Section 1.07 The VILLAGE shall be responsible to pay the 2023 Property Tax Bill.

ARTICLE II
INDEMNIFICATION

Section 2.01 The VILLAGE shall exonerate, save harmless, protect, indemnify and defend the COUNTY, its officers, employees and agents from and against any and all losses, damages, claims, suits or actions, judgments, and costs whatsoever, including reasonable attorneys' fees, which may arise out of or be attributable to the conveyance of the PROPERTY from the COUNTY to the VILLAGE.

Section 2.02 The VILLAGE shall exonerate, save harmless, protect, indemnify and defend the COUNTY, its officers, employees and agents from and against any and all losses, damages, claims, suits or actions, judgments, and costs whatsoever, including reasonable attorneys' fees, which may arise out of or be attributable to the PROPERTY.

Section 2.03 The COUNTY shall not be responsible or liable to the VILLAGE for any loss or damage that may be occasioned by or through either the acts or omissions of persons occupying the PROPERTY, if any.

ARTICLE III
ENVIRONMENTAL INDEMNIFICATION

Section 3.01 Definitions. The following terms shall have the following meanings for purposes of this Agreement:

(a) Hazardous Substances. "Hazardous Substances" means any substance:

(1) the presence of which requires investigation, clean-up, removal or other remediation under any federal, state or local statute, regulation, ordinance, order, action, policy or common law; or

(2) which is or becomes defined as a contaminant, a solid waste, a hazardous waste, a toxic waste, a hazardous substance, a pollutant, chemical, substance or material or any other substance subject to control under any applicable environmental law, now or hereafter in effect, including without limitation: the Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq.; the Clean Air Act, 42 U.S.C. § 7401 et seq.; the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9601 et seq.; the Resource Conservation and Recovery Act of 1976, 42 U.S.C. § 6901 et seq.; the Toxic Substances Control Act, 15 U.S.C. § 2601 et seq.; or under the laws of the State of Wisconsin or under any other applicable environmental law, whether now existing or hereafter in effect (the "Environmental Laws"); or

(3) which is toxic, explosive, corrosive, flammable, infectious, radioactive, carcinogenic, mutagenic, or otherwise hazardous; or

(4) the presence of which on the PROPERTY causes or threatens to cause a nuisance upon the PROPERTY or to adjacent properties or poses or threatens to pose a hazard to the health or safety of persons on or about the PROPERTY.

(b) Environmental Requirements. "Environmental Requirements" mean all applicable present and future statutes, regulations, rules, ordinances, codes, licenses, permits or orders of all governmental agencies, departments or instrumentalities of the United States, the State of Wisconsin and political subdivisions thereof and all applicable judicial, administrative, and regulatory decrees, judgments, and orders relating to the protection of human health or the environment, including, without limitation, all requirements pertaining to reporting, licensing, permitting, investigation, and remediation of emissions, discharges, releases, or threatened releases of Hazardous Substances whether solid, liquid, or gaseous in nature, into the air, surface water, groundwater, or land, or relating to the manufacture, processing, distribution, use, treatment, storage, disposal, transport, or handling of Hazardous Substances, and all requirements pertaining to the protection of the health and safety of employees or the public.

(c) Environmental Damages. "Environmental Damages" means all claims, judgments, damages, losses, penalties, fines, liabilities (including strict liability), encumbrances, liens, costs, and expenses of investigation and defense of any claim, whether or not such claim is ultimately defeated, and of any good faith settlement of judgment, of whatever kind or nature, contingent or otherwise, matured or unmatured, foreseeable or unforeseeable (including without limitation reasonable attorneys' fees and disbursements and consultants' fees and the cost of complying with any equitable form of relief or the result of any injunctive or similar action whether brought by the state or federal government, a private person or organization or any other party), any of which are incurred at any time as a result of the actual or suspected existence of any Hazardous Substances upon, about, or beneath the PROPERTY or migrating or threatening to migrate to or from the PROPERTY, or the actual or suspected existence of a violation of Environmental Requirements pertaining to the PROPERTY, regardless of whether the actual or suspected existence of such Hazardous Substances or the violation of Environmental Requirements arose prior to the present ownership or operation of the PROPERTY.

Section 3.02 Indemnification. The VILLAGE, for itself and its legal representatives, heirs, successors, and guarantors, jointly and severally agree to indemnify, defend (with counsel reasonably approved by the indemnified parties), reimburse and hold harmless the COUNTY, its elected officials, employees, agents and successors, and assigns (the "indemnified parties"). The VILLAGE agrees to indemnify, defend, reimburse and hold harmless the indemnified parties from and against any and all Environmental Damages arising from the actual or suspected presence of any Hazardous Substances upon, about, or beneath the PROPERTY or migrating to or from the PROPERTY, or arising in any manner whatsoever out of the actual or suspected violation of any Environmental Requirements pertaining to

the PROPERTY and the former, current or future activities thereon by any party, or from the breach of any warranty or covenant or the inaccuracy of any representation of the VILLAGE contained in this Agreement; provided, however, that the VILLAGE shall not be required to indemnify, defend, reimburse or hold harmless any of the indemnified parties for any Environmental Damages arising out of the presence of any Hazardous Substances which were deposited or disposed of on the PROPERTY on or after the date the PROPERTY is conveyed to the VILLAGE.

Section 3.03 Term. The obligations of the VILLAGE under this Agreement shall be continuing and shall survive the conveyance of the PROPERTY contemplated hereunder and payment of the specified sum.

Section 3.04 Investigation. The obligations of the VILLAGE under this Agreement shall not be affected by any investigation by or on behalf of the COUNTY or any other indemnified party, or by any information that the COUNTY or any other indemnified party may have or obtain with respect thereto.

Section 3.05 Expenditures for Property. The COUNTY shall have no responsibility for the payment of expenditures made and all liabilities incurred in performing the VILLAGE's obligations under this Agreement, including, but not limited to, fees of the engineers, surveyors, and consultants; the cost of environmental surveys; the cost of site clean-up, and remediation of any Hazardous Substances and other expenses.

ARTICLE IV
MISCELLANEOUS

Section 4.01 Notices. All notices, demands, requests, consents, approvals and other communications required to be given hereunder shall be in writing and delivered personally or sent by registered or certified mail, postage prepaid, return receipt requested, or by private courier or by facsimile transmission (followed by first class mail delivery of the original), addressed to the party to be so notified as follows:

RESOLUTION NO.: 61—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County (the County) has taken title to a parcel of land located in the Town of Grand Chute on West Hiawatha Drive, Parcel ID Number 102234900 through the In-Rem Foreclosure process. The delinquent taxes, interest, and fees equal $1,151.51. The Town of Grand Chute (the Town) would like to acquire the property. The Town will pay the County a total of $1,151.51.

The Town was gifted the adjacent parcel to the south, Parcel ID Number 101064200, and has a plan to make a park at this location. Parcel 102234900 has delinquent taxes and has been a part of Outagamie County's 11 year write-off for several years.

No budget adjustment is necessary as there are funds already budgeted in the appropriate cost center. This property is being offered solely to the Town of Grand Chute based on their request.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the sale of In-Rem Tax Foreclosure property Parcel ID Number 102234900, Town of Grand Chute "as is" in the amount of $1,151.51, with no budget adjustment necessary as the funds have already been budgeted in the appropriate cost center as detailed in the attached fiscal note and Agreement between Outagamie County and the Town of Grand Chute, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Treasurer.

Dated this 24th day of October 2023

Respectfully Submitted,

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Town of Grand Chute offer to purchase In-Rem foreclosure property – 102234900 for $1,151.51

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The County has taken title to this property through the In-Rem Foreclosure process. The delinquent taxes, interest, and fees equaled $1,151.51 and the Town of Grand Chute would like to acquire the property. They would pay the County the total of $1,151.51 to make the County whole.

The Town was gifted the adjacent parcel 101064200 (directly to the south) and has a plan to make a park at this location. Parcel 102234900 has delinquent taxes and has been a part of Outagamie County's 11 year write off for several years.

N/A

No budget adjustment is necessary since there are funds already budgeted in the appropriate cost center. This is being brought forward for your consideration as the property is not being put out for sales bids but is just being offered solely to the Town of Grand Chute based on their request.

AGREEMENT
Between Outagamie County and Town of Grand Chute Pursuant to §75.365, Wis. Stats.

THIS AGREEMENT is made and entered into this _____ day of _____, 2023, by and between the Town of Grand Chute, Wisconsin, a municipal corporation, ("TOWN") and Outagamie County, Wisconsin, a quasi-municipal corporation ("COUNTY").

RECITALS

WHEREAS, there is one (1) parcel of land located in the TOWN identified as the following described real estate, together with the rents profits, fixtures and other appurtenant interests:

Parcel Identification Number: 102234900

Outlot One (1), First Addition to Capitol Acres, Town of Grand Chute, Outagamie County, Wisconsin.

PROPERTY ADDRESS: W HIAWATHA DR

hereafter referred to as the "PROPERTY"; and,

WHEREAS, the COUNTY has not done any due diligence regarding potential environmental hazards on the property and has not proceeded to acquire these parcels by *in rem* tax foreclosure; and

WHEREAS, the TOWN is interested in the PROPERTY in its efforts to revitalize and improve the downtown area of the Town of Grand Chute; and

WHEREAS, the COUNTY and TOWN desire to enter into this agreement pursuant to §75.365, Wis. Stats.;

NOW, THEREFORE, in consideration of the mutual covenants and promises set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

ARTICLE I
ACQUISITION OF THE PROPERTY

Section 1.01 The COUNTY has included the property in its 2023 *In Rem* Tax Foreclosure proceedings pursuant to the authority vested in the COUNTY by the Wisconsin Statutes.

Section 1.02 The COUNTY agrees that it will make reasonable efforts to acquire the PROPERTY by *In Rem* Tax Foreclosure proceedings. The COUNTY and the TOWN recognize that even though the COUNTY has included the PROPERTY in its 2023 *In Rem* Tax Foreclosure proceedings, it is possible that the Outagamie County Circuit Court may refuse to order or adjudge that the COUNTY be vested with an estate in fee simple absolute in the PROPERTY.

Section 1.03 The COUNTY agrees that in the event the COUNTY acquires the PROPERTY by *In Rem* Tax Foreclosure proceedings it will thereafter convey the acquired PROPERTY to the TOWN by Quit Claim Deed(s) upon the condition that the TOWN has approved and executed this Agreement.

Section 1.04 The COUNTY and TOWN agree that the amount of $1,151.51 is the outstanding delinquent real property taxes (this amount includes interest through 09/30/2023 and special assessments/charges that the COUNTY has previously settled with the TOWN), and expenses accrued by the COUNTY in the *in rem* process due for the PROPERTY for the tax years 2011 through 2022, inclusive, as follows:

Property Taxes 2011-2022:	$ 800.51
Publication Costs:	$ 246.00
Title Letter:	$ 75.00
ROD Filing Fees:	$ 30.00
Appraisal Fee:	$ 0.00
	$ 1,151.51

Section 1.05 The COUNTY's obligation to convey the PROPERTY as set forth above is contingent upon approval of the conveyance by the Outagamie County Board.

Section 1.06 The TOWN agrees that in consideration for the conveyance of the PROPERTY, it shall remit to the COUNTY, by not later than 30 days after the COUNTY acquires the *in rem* judgment for the PROPERTY, or any of the parcels listed herein, the sum which consists of the outstanding principal and interest amount of real property taxes due for the tax years 2011 through 2022, inclusive, and shall hereinafter be referred to as the "specified sum."

Section 1.07 The TOWN agrees and acknowledges that the COUNTY'S conveyance of the PROPERTY to the TOWN is a conveyance "as is", by Quit Claim Deed(s) which will be prepared by COUNTY and recorded by the COUNTY.

Section 1.08 The TOWN shall be responsible to pay the 2023 Property Tax Bill.

ARTICLE II
INDEMNIFICATION

Section 2.01 The TOWN shall exonerate, save harmless, protect, indemnify and defend the COUNTY, its officers, employees and agents from and against any and all losses, damages, claims, suits or actions, judgments, and costs whatsoever, including reasonable attorneys' fees, which may arise out of or be attributable to the conveyance of the PROPERTY from the COUNTY to the TOWN.

Section 2.02 The TOWN shall exonerate, save harmless, protect, indemnify and defend the COUNTY, its officers, employees and agents from and against any and all losses, damages, claims, suits or actions, judgments, and costs whatsoever, including reasonable attorneys' fees, which may arise out of or be attributable to the PROPERTY.

Section 2.03 The COUNTY shall not be responsible or liable to the TOWN for any loss or damage that may be occasioned by or through either the acts or omissions of persons occupying the PROPERTY, if any.

ARTICLE III
ENVIRONMENTAL INDEMNIFICATION

Section 3.01 Definitions. The following terms shall have the following meanings for purposes of this Agreement:

(a) Hazardous Substances. "Hazardous Substances" means any substance:

(1) the presence of which requires investigation, clean-up, removal or other remediation under any federal, state or local statute, regulation, ordinance, order, action, policy or common law; or

(2) which is or becomes defined as a contaminant, a solid waste, a hazardous waste, a toxic waste, a hazardous substance, a pollutant, chemical, substance or material or any other substance subject to control under any applicable environmental law, now or hereafter in effect, including without limitation: the Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq.; the Clean Air Act, 42 U.S.C. § 7401 et seq.; the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9601 et seq.; the Resource Conservation and Recovery Act of 1976, 42 U.S.C. § 6901 et seq.; the Toxic Substances Control Act, 15 U.S.C. § 2601 et seq.; or under the laws of the State of Wisconsin or under any other applicable environmental law, whether now existing or hereafter in effect (the "Environmental Laws"); or

(3) which is toxic, explosive, corrosive, flammable, infectious, radioactive, carcinogenic, mutagenic, or otherwise hazardous; or

(4) the presence of which on the PROPERTY causes or threatens to cause a nuisance upon the PROPERTY or to adjacent properties or poses or threatens to pose a hazard to the health or safety of persons on or about the PROPERTY.

(b) Environmental Requirements. "Environmental Requirements" mean all applicable present and future statutes, regulations, rules, ordinances, codes, licenses, permits or orders of all governmental agencies, departments or instrumentalities of the United States, the State of Wisconsin and political subdivisions thereof and all applicable judicial, administrative, and regulatory decrees, judgments, and orders relating to the protection of human health or the environment, including, without limitation, all requirements pertaining to reporting, licensing, permitting, investigation, and remediation of emissions, discharges, releases, or threatened releases of Hazardous Substances whether solid, liquid, or gaseous in nature, into the air, surface water, groundwater, or land, or relating to the manufacture, processing, distribution, use, treatment, storage, disposal, transport, or handling of Hazardous Substances, and all requirements pertaining to the protection of the health and safety of employees or the public.

(c) Environmental Damages. "Environmental Damages" means all claims, judgments, damages, losses, penalties, fines, liabilities (including strict liability), encumbrances, liens, costs, and expenses of investigation and defense of any claim, whether or not such claim is ultimately defeated, and of any good faith settlement of judgment, of whatever kind or nature, contingent or otherwise, matured or unmatured, foreseeable or unforeseeable (including without limitation reasonable attorneys' fees and disbursements and consultants' fees and the cost of complying with any equitable form of relief or the result of any injunctive or similar action whether brought by the state or federal government, a private person or organization or any other party), any of which are incurred at any time as a result of the actual or suspected existence of any Hazardous Substances upon, about, or beneath the PROPERTY or migrating or threatening to migrate to or from the PROPERTY, or the actual or suspected existence of a violation of Environmental Requirements pertaining to the PROPERTY, regardless of whether the actual or suspected existence of such Hazardous Substances or the violation of Environmental Requirements arose prior to the present ownership or operation of the PROPERTY.

Section 3.02 Indemnification. The TOWN, for itself and its legal representatives, heirs, successors, and guarantors, jointly and severally agree to indemnify, defend (with counsel reasonably approved by the indemnified parties), reimburse and hold harmless the COUNTY, its elected officials, employees, agents and successors, and assigns (the "indemnified parties"). The TOWN agrees to indemnify, defend, reimburse and hold harmless the indemnified parties from and against any and all Environmental Damages arising from the actual or suspected presence of any Hazardous Substances upon, about, or beneath the PROPERTY or migrating to or from the PROPERTY, or arising in any manner whatsoever

out of the actual or suspected violation of any Environmental Requirements pertaining to the PROPERTY and the former, current or future activities thereon by any party, or from the breach of any warranty or covenant or the inaccuracy of any representation of the TOWN contained in this Agreement; provided, however, that the TOWN shall not be required to indemnify, defend, reimburse or hold harmless any of the indemnified parties for any Environmental Damages arising out of the presence of any Hazardous Substances which were deposited or disposed of on the PROPERTY on or after the date the PROPERTY is conveyed to the TOWN.

Section 3.03 Term. The obligations of the TOWN under this Agreement shall be continuing and shall survive the conveyance of the PROPERTY contemplated hereunder and payment of the specified sum.

Section 3.04 Investigation. The obligations of the TOWN under this Agreement shall not be affected by any investigation by or on behalf of the COUNTY or any other indemnified party, or by any information that the COUNTY or any other indemnified party may have or obtain with respect thereto.

Section 3.05 Expenditures for Property. The COUNTY shall have no responsibility for the payment of expenditures made and all liabilities incurred in performing the TOWN's obligations under this Agreement, including, but not limited to, fees of the engineers, surveyors, and consultants; the cost of environmental surveys; the cost of site clean-up, and remediation of any Hazardous Substances and other expenses.

ARTICLE IV
MISCELLANEOUS

Section 4.01 Notices. All notices, demands, requests, consents, approvals and other communications required to be given hereunder shall be in writing and delivered personally or sent by registered or certified mail, postage prepaid, return receipt requested, or by private courier or by facsimile transmission (followed by first class mail delivery of the original), addressed to the party to be so notified as follows:

RESOLUTION NO.: 62—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Appleton International Airport (the Airport) and Gulfstream Aerospace Services Corporation desire to incorporate a Seventh Addendum to the South Hangar Premises Agreement. This Addendum extends the term of the Agreement through August 31, 2027 with four (4) additional one (1) year options. The Addendum also includes construction of additional on-site parking at the premises ("Parking Improvements"). The Parking Improvements are estimated to cost approximately $273,000. The Airport will fund $138,000 of the improvements and Gulfstream will fund $135,000 of the improvements to be paid back over the term commencing September 1, 2023 and expiring August 31, 2027 at four percent (4%) interest. Monthly rent related to the improvements will be $3,048.17. A budget adjustment is being requested for the period from September 1, 2023 to December 31, 2023 to increase the rent from Gulfstream. No budget adjustment related to the cost of the improvements is needed as it was already included in the 2023 budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the Seventh Addendum to Lease Agreement between the Appleton International Airport and Gulfstream Aerospace Services Corporation in order to extend the terms of the contract and construct additional on-site parking at the premises, as noted on the attached Seventh Addendum to Lease Agreement which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve increasing the Airport Rental Properties Gulfstream South Hangar line item by $12,193 and decreasing the Airport Terminal Fund Balance Applied line item by $12,193 as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Appleton International Airport Director.

1. **Subject:** 7th Addendum to Gulfstream Aerospace South Hangar Agreement

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Appleton International Airport and Gulfstream Aerospace Services Corporation desire to incorporate a 7th addendum for the South Hangar Premises Agreement. This addendum extends the term of the agreement through August 31, 2027 with the four (4) additional one (1) year options. The addendum also includes construction of additional on-site parking at the premises ("Parking Improvements"). The Parking Improvements are estimated to cost approximately $273,000. The Airport will fund $138,000 of the improvements and Gulfstream will fund $135,000 of the improvements to be paid back over the term commencing September 1, 2023 and expiring August 31, 2027 at four percent (4%) interest. Monthly rent related to the improvements will be $3,048.17. A budget adjustment is being requested for the period from September 1, 2023 to December 31, 2023 to increase the rent from Gulfstream. No budget adjustment related to the cost of the improvements is needed as it was already included in the 2023 budget.

SEVENTH ADDENDUM TO LEASE AGREEMENT

THIS SEVENTH ADDENDUM (the "Seventh Addendum") is entered into this 27th day of September, 2023 (the "Effective Date"), by and between Gulfstream Aerospace Services Corporation ("GAC") and Outagamie County (the "County").

WITNESSETH:

WHEREAS, the parties entered into a Lease Agreement dated August 25, 1998 (the "Initial Lease") for an initial term of thirty-six (36) months commencing on September 1, 1998, with renewal options for five (5) additional terms of one (1) year each; and

WHEREAS, the parties entered into a First Addendum to Lease Agreement dated May 10, 2005 (the "First Addendum"), that extended the term of the lease for ten (10) additional terms of six (6) months each; and

WHEREAS, the parties entered into a Second Addendum to Lease Agreement dated July 1, 2006 (the "Second Addendum"), that extended the term of the lease for one (1) five (5) year extension, with renewal options for six (6) additional terms of six (6) months each; and

WHEREAS, the parties entered into a Third Addendum to Lease Agreement dated September 1, 2012 (the "Third Addendum"), that extended the term of the lease for one (1) two (2) year extension; and

WHEREAS, the parties entered into a Fourth Addendum to Lease Agreement dated September 9, 2014 (the "Fourth Addendum"), that extended the term of the lease for one (1) three (3) year extension; and

WHEREAS, the parties entered into a Fifth Addendum to Lease Agreement dated August 4, 2017 (the "Fifth Addendum"), that extended the term of the lease for one (1) four (4) year extension, with renewal options for four (4) additional terms of one (1) year each (each, a "Renewal Term"); and

WHEREAS, the parties entered into a Sixth Addendum to the Lease Agreement dated August 1, 2022 (the "Sixth Addendum") that added approximately 19,564 square feet of office and hangar space and 31,857 square feet of land, all located at W6412 Challenger Drive, Appleton, Wisconsin, known as the Challenger Premises; and

WHEREAS, the parties desire to incorporate this Seventh Addendum into the Initial Lease, First Addendum, Second Addendum, Third Addendum, Fourth Addendum, Fifth Addendum and Sixth Addendum (collectively, the "Lease"); and

WHEREAS, GAC and the County desire to construct a new parking area for the Premises and to further amend the Lease as provided herein; and

NOW, THEREFORE, in consideration of the mutual benefits, covenants, obligations and other good and valuable consideration of the parties, it is agreed as follows:

AGREEMENTS:

1. **Recitals**. The foregoing recitals are acknowledged to be accurate and are hereby incorporated by reference.

2. **Capitalized Terms**. Capitalized terms used in this Seventh Addendum and not defined herein shall have the meanings given to such terms in the Lease. From and after the date hereof, all references to the "Lease" in the Lease shall mean the Lease, as amended by this Seventh Addendum.

3. **Premises**. From and after the Effective Date of this Seventh Addendum, the Premises shall include the Parking Improvements, as defined in Paragraph 5 below.

4. **Term**. Article 2 of the Lease (including the amendments to Article 2), shall be deleted in its entirety, and replaced with the following:

   "The term of this Lease shall commence on the first day of September, 1998, and shall expire on August 31, 2027 (the "Term"). Provided no GAC event of default pursuant to the terms of the Lease has occurred and is continuing as of the date GAC provides its notice to renew, GAC shall have the option to extend this Lease on the same terms and conditions, with the exception of the rental amount, for four (4) additional terms of one (1) year each (each a "Renewal Term" and collectively, the "Renewal Terms") by giving County written notice at least sixty (60) days prior to the expiration of the Term, or the then current Renewal Term, as applicable, of its intent to renew the Lease. The definition of "Term" shall include any and all Renewal Terms, if exercised. GAC shall have the option to terminate the Appleton South Premises and/or the Challenger Premises at any time during the Term of this Lease, upon written notice to County at least sixty (60) days prior to the termination date."

5. **Parking Improvements**. Commencing on the Effective Date of this Seventh Addendum, the County will proceed with the construction of sufficient onsite parking for GAC's exclusive use at the Premises as more particularly described on Exhibit A attached hereto and incorporated herein by reference (the "Parking Improvements"). The County shall commence the Parking Improvements work on the Effective Date of this Seventh Addendum and reach substantial completion of the Parking Improvements no later than November 30, 2023. The parties agree that GAC may use the County's existing overflow parking lot (as shown on Exhibit A) as needed until the Parking Improvements are fully completed and can be used for its intended purpose.

6. **Amortization of Parking Improvements**. The Parking Improvements are estimated to cost approximately Two Hundred Seventy-Three Thousand Dollars ($273,000.00). The County has agreed to fund One Hundred Thirty-Eight Thousand Dollars ($138,00.00) of the Parking Improvements using its own funds and amortize the remaining balance of

One Hundred Thirty-Five Thousand ($135,000.00) at an interest rate of four percent (4%) over the Term, beginning September 1, 2023, and expiring August 31, 2027. The provisions of Article 3, Payment of Rent, shall be amended to add the additional rent for the Parking Improvements as set forth herein.

7. **Payment of Rental**. Article 3 of the Lease, Payment of Rental, shall be deleted in its entirety and replaced with the following:

"Commencing on the Effective Date of the Seventh Addendum, GAC agrees to pay the County monthly rental for the Premises in advance of the first day of each month as follows:

Date	South Rent	Challenger Rent	Parking Improvements	Total Monthly	Annual
9/1/23-8/31/24	$14,607.34	$14,021.81	$3,048.17	$31,677.32	$380,127.84

Commencing September 1, 2024, the rental rate for the Premises during each of the Renewal Terms, if exercised, shall increase annually by two and one-half percent (2.5%) at the start of each Renewal Term as set forth in the chart below.

Date	South Rent	Challenger Rent	Parking Improvements	Total Monthly	Annual
9/1/24-8/31/25	$14,972.52	$14,372.36	$3,048.17	$32,393.05	$388,716.60
9/1/25-8/31/26	$15,346.83	$14,731.67	$3,048.17	$33,126.67	$397,520.06
9/1/26-8/31/27	$15,730.50	$15,099.96	$3,048.17	$33,878.63	$406,543.61

Subject to Article 9 herein, rent shall be prorated for any month during which GAC has not occupied the Premises for the full month."

8. **Repairs and Maintenance of Premises**. Article 5 of the Lease, Repairs and Maintenance, shall be amended by removing "Update fire alarm system" from the list of preventative maintenance and repair work to the Premises listed in Exhibit A of the Fifth Addendum. For avoidance of doubt, pursuant to the Fifth Addendum, Exhibit A, the County shall perform preventative maintenance to parking lot line striping and sidewalks, which includes the Parking Improvements. The remainder of Exhibit A of the Fifth Addendum remains unchanged and in full force and effect.

9. **Counterparts.** This Seventh Addendum may be executed in any number of counterparts, each of which shall be effective only upon delivery and thereafter shall be deemed an original, and all of which shall be taken to be one and the same instrument, for the same effect as if all parties hereto had signed the same signature page. Any signature page of this Seventh Addendum may be detached from any counterpart of this Seventh Addendum without impairing the legal effect of any signatures thereon and may be attached to another counterpart of this Seventh Addendum identical in form hereto but having attached to it one or more additional signature pages. Signatures delivered electronically shall be legally binding as original signatures.

10. **Conflicts**. Except as expressly provided herein, the Lease shall remain unchanged and in full force and effect. In the event of any conflict or inconsistency between the provisions of the Lease and the provisions of this Seventh Addendum, the provisions of this Seventh Addendum shall govern and control.

IN WITNESS WHEREOF, the parties hereto have caused this Seventh Addendum to be duly executed as of the date first written above.

RESOLUTION NO.: 63—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Appleton International Airport (the Airport) is requesting authorization to sell an Airport owned house located at W6854 County Road BB in the Village of Greenville. According to Section 22-165 of the Code of Ordinances, the standing Property, Airport, Recreation and Economic Development Committee shall determine the method to be used for the sale or donation of the particular property. Due to a list of necessary repairs to the Airport owned house, the committee has concurred to sell and move the house. Sealed bids will be issued for the purchase and removal of the house.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize selling and moving an Appleton International Airport owned house located at W6854 County Road BB in the Village of Greenville, Outagamie County, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize the necessary sealed bids for the selling and moving of the house, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director, the Outagamie County Procurement Coordinator, and the Appleton International Airport Director.

The Outagamie County Information Technology (IT) Department has experienced challenges with recruiting staff. After several attempts to fill a vacant Systems Analyst position, the IT Department utilized a contract to hire option and successfully recruited a candidate. As funding was originally budgeted under salaries and fringe benefits, a budget adjustment is being requested to cover these contractor costs as purchased services. The budget adjustments for this cost center (6040100) is as follows: decrease Salaries by $35,000 and increase Purchased Services by $35,000. This change is cost neutral and does not result in any additional funding for 2023.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of decreasing the IT Salaries line item by $35,000 and increasing the IT Purchased Services line item by $35,000, as detailed in the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Director of Information Technology.

Operationally, some vacant IT positions have been difficult to recruit for. After several attempts to fill a vacant Systems Analyst, the IT department utilized a contract to hire option and successfully recruited a candidate. As funding was originally budgeted under salaries and fringe benefits, a budget adjustment is requested to cover these contractor costs as purchased services. The budget adjustment for this cost center (6040100) is as follows: decrease salaries by $35,000, increase in purchased services of $35,000. I believe there is enough in salaries alone without having to adjust the associated fringe benefits. This change is cost neutral and does not result in any additional funding for 2023.

October 24, 2023 County Board Meeting

ORDINANCE NO.: G—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

On October 27, 2020, the Outagamie County Board adopted Ordinance C—2020-2021 which created Section 50-353 (based on Wis. Stat. §23.33) allowing all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs) to operate on roadways designated by Outagamie County and referred to as "routes." On August 22, 2023, the Outagamie County Board adopted Ordinance D—2023-2024 which modified the ordinance as pertains to speed limits and operating hours. Wis. Stat. §23.33(8)(b)1 offers a town, village, or city the ability to enact an ordinance to designate a highway not under its jurisdiction, but within its territorial limits, as an ATV/UTV route.

The Town of Liberty has submitted an application to the Outagamie County Highway Commissioner to designate the following county highway as an ATV/UTV route:

- CTH M between CTH S and STH 54

The Town of Liberty has completed said requirements of Outagamie County Code of Ordinance Sec. 50-353(4)(a)(ii) and submitted the following documents with the application:

- A map showing the proposed ATV/UTV route on the county highway system.
- A map showing any existing or future ATV/UTV routes leading to the proposed route.
- A statement explaining why the proposed route should be designated as an ATV/UTV route.
- Documentation that items required in Ordinance 50-353 Sec. 4(a)(i)1-3 were completed by the Municipality.
- A statement that the applicant will be financially responsible for payments for the installation and maintenance of required ATV/UTV route signs.
- Regulations set forth in Ordinance Sec. 50-353(5) were adopted by the Town of Liberty on October 11, 2023.

The Outagamie County Highway Commissioner has completed a review as detailed in Ordinance Sec. 50-353(4)(b) and is recommending approval. The Outagamie County Highway, Recycling and Solid Waste Committee is recommending approval.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve designating CTH M between CTH S and STH 54, said section in the Town of Liberty, as an ATV/UTV route as detailed on the attached Memorandums and maps, which by reference are made a part hereof, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Highway Commissioner, the Outagamie County Development and Land Services Director, the Outagamie County Sheriff, and the Town of Liberty.

Dated this 24th day of October 2023

Outagamie County — 11-6-23 County Board Meeting - November 6 2023 05:37:57 PM — OpenMeeting
November 6, 2023 County Board Meeting

ORDINANCE NO.: H—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin State Statute 59.10(3)(i) provides that the County Board of Supervisors may fix the compensation of the supervisors to be next elected at an annual salary for services for the county. Members of the Legislative/Audit and Human Resources Committee have recommended a salary increase for the 2024-2026 County Board Session equal to 3% for the two-year term (to align with the proposed 3% employee salary adjustment for county employees). This ordinance establishes compensation for the Outagamie County Board of Supervisors for the 2024-2026 term of office.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does establish the Outagamie County Code of Ordinances, language for Section 2-58, Rule 15, be amended to read:

RULE 15: SUPERVISORS' SALARY AND EXPENSES.

(a) *Salary*. The County Board shall receive such salary as is determined pursuant to the Wisconsin Statutes. Therefore, effective with the ~~2022~~ ***2024*** April reorganization meeting, Supervisors shall receive an annual salary of ~~$5,723 and effective with the 2023 April reorganization meeting, Supervisors shall receive an annual salary of $5,780~~ ***$5,953*** as compensation for their attendance for all Board meetings, standing committee meetings, seminars, and conventions. Standing committee chairs shall receive ~~$5,827 effective with the 2022 April reorganization meeting and $5,885 effective with the 2023 April reorganization meeting~~ ***$6,062***. For any meetings attended beyond those described above, a Supervisor is eligible to receive $25 per meeting at a maximum of $25 per day, provided one of the following apply: the meeting is that of a committee or board to which the Supervisor has been appointed or confirmed by the County Board or the Supervisor requesting per diem was directed by the County Board Chairperson to attend a meeting. The Vice-Chairperson shall receive a salary of ~~$7,283 effective with the 2022 April reorganization meeting and $7,356 effective with the 2023 April reorganization meeting~~ ***$7,577*** and the Board Chairperson shall receive ~~$15,150 effective with the 2022 April reorganization meeting and $15,302 effective with the 2023 April reorganization meeting~~ ***$16,500.*** The Vice-Chairperson and Board Chairperson shall not receive per diem.

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect upon approval by the County Board of Supervisors and published per Wisconsin State Statute §59.14 and §66.0103, and

BE IT STILL FURTHER ORDAINED, that the county board salary and fringe benefit increase adjustments for the 2024-2026 term of office are listed on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 6th day of November 2023

Respectfully submitted,

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** County Board Proposed Salary and Fringe Benefit Increase Adjustments for 2024-2025 term of office

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Legislative/Audit and Human Resources Committee is recommending an increase for all County Board members of 3% for the two-year term of 2024 and 2025 (to align with the proposed 3% salary adjustment for county employees, excluding the DSA union group), except for the Board Chairperson as follows:

- 27 Supervisors from current $5,780 to $5,953
- 7 Committee Chairs from current $5,885 to $6,062
- 1 County Board Vice Chairperson from current $7,356 to $7,577
- 1 County Board Chairperson from current $15,302 to $16,500

The increase will be effective in April 2024, when the current terms expire. The total increase for a 12-month period in salary is $7,329. The increase for April through December 2024 of 5496.75 will be included in the board adjustments to the 2024 Executive Budget.

ORDINANCE NO.: Z-6—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin State Statute 59.10(3)(i) provides that the County Board of Supervisors may fix the compensation of the supervisors to be next elected at an annual salary for services for the county. Members of the Legislative/Audit and Human Resources Committee have recommended a salary increase for the 2024-2026 County Board Session equal to 3% for the two-year term (to align with the proposed 3% employee salary adjustment for county employees). This ordinance establishes compensation for the Outagamie County Board of Supervisors for the 2024-2026 term of office.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does establish the Outagamie County Code of Ordinances, language for Section 2-58, Rule 15, be amended to read:

RULE 15: SUPERVISORS' SALARY AND EXPENSES.

(a) *Salary*. The County Board shall receive such salary as is determined pursuant to the Wisconsin Statutes. Therefore, effective with the ~~2022~~ ***2024*** April reorganization meeting, Supervisors shall receive an annual salary of ~~$5,723 and effective with the 2023 April reorganization meeting, Supervisors shall receive an annual salary of $5,780~~ ***$5,953*** as compensation for their attendance for all Board meetings, standing committee meetings, seminars, and conventions. Standing committee chairs shall receive ~~$5,827 effective with the 2022 April reorganization meeting and $5,885 effective with the 2023 April reorganization meeting~~ ***$6,062***. For any meetings attended beyond those described above, a Supervisor is eligible to receive $25 per meeting at a maximum of $25 per day, provided one of the following apply: the meeting is that of a committee or board to which the Supervisor has been appointed or confirmed by the County Board or the Supervisor requesting per diem was directed by the County Board Chairperson to attend a meeting. The Vice-Chairperson shall receive a salary of ~~$7,283 effective with the 2022 April reorganization meeting and $7,356 effective with the 2023 April reorganization meeting~~ ***$7,577*** and the Board Chairperson shall receive ~~$15,150 effective with the 2022 April reorganization meeting and $15,302 effective with the 2023 April reorganization meeting~~ ***$16,500.*** The Vice-Chairperson and Board Chairperson shall not receive per diem.

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect upon approval by the County Board of Supervisors and published per Wisconsin State Statute §59.14 and §66.0103, and

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings.

The HHS Department is bringing in house several Substance Abuse services including the Intoxicated Driver Assessment Program, that are currently outsourced. With the addition of the services in-house, the fiscal department will experience a substantial increase for the completion of client ability to pay calculations. Also, the fiscal department will need to start verifying income sources from individuals and families we serve.

With the substantial increase in fiscal workload to provide these Substance Abuse services in house, fiscal needs to add another Account Associate III who will be responsible for completing the client ability to pay calculations, verifying income sources, and other tasks associated with the services.

Briefly summarize why this position is needed, as well as areas of revenue and savings.		
There are 3 existing Disability Benefit Specialist positions. They currently are Valley Packaging positions that are contracted for Outagamie County. We are proposing these 3 positions become Outagamie County full-time positions. Staff make varied wages $59,410/year and $59,710/year, with one vacant position. I am recommending Grade 25 – Non-Exempt. **This position is responsible for legal decisions and works closely with the Disability Rights Attorney to do their work. It requires a skilled person to work through issues/denials/appeals of benefits and alongside a program attorney to advise and guide our consumers through the process and advocate on their behalf.** **In 2022, the Disability Benefit Specialists served 992 unduplicated consumers with 1731 contacts. Their Monetary Impact on benefits was $1,869,831. Monetary Impact, recorded at time of case closure, is the estimated value of any benefits that a Disability Benefit Specialist helped a consumer to obtain or preserve. These individuals have a significant role with those in need of assistance with their disability benefits.**

RESOLUTION NO.: 69—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Department of Health and Human Services Table of Organization change, and the same has been made a part of the 2024 County Executive Budget:

Create: Three (3) Full-Time Case Manager Positions (sunset positions)

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Department of Health and Human Services, cost center 2063595, by creating three (3) full-time Case Manager positions (sunset positions) effective January 1, 2024, as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached documents, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Health and Human Services Director, and the Outagamie County Finance Director.

Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		

The ALTS Division is requesting 3 Community Support Specialists in the Children's Long Term Support (CLTS) Program for 2024 – 1 in the Second Quarter, 1 in the 3rd Quarter, and one in the 4th Quarter responding to the demand of the Program. These positions will help reduce the waitlist for services for those children who have a disability and need support. The Department of Health Services is supporting and directing Counties to have no child waiting for services. The CLTS Program allows for these positions to bill their Service Coordination time to the funding that is given for the Program, therefore these positions support themselves with little to no levy impact. **In 2022, the Outagamie County CLTS Program served 597 children with receiving 187 referrals throughout the year. This is compared to 488 childrenwith receiving 139 referrals throughout the year in 2021. Currently, the program has 75 children on the waitlist.** **The CLTS Program has grown at a fast and steady pace after the initiative started on no children waiting for services. Across the State, the enrollment for the CLTS Program went from 6114 in 2017 to 18,169 in 2022. There are timelines that Outagamie County must meet for enrollment such as: have contact with the family within 10 days of the referral, meet with the family to do the assessment within 45 days, and enroll within 60 days. With these short timelines, Outagamie County needs to keep on top of hiring so we can complete our tasks within the requirement. Community Support Specialists carry a 45 child caseload.**

November 6, 2023 County Board Meeting

RESOLUTION NO.: Z-6—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Grand Chute has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Grand Chute be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for Ione Immel, Ione Berg, Bergstrom Properties Inc., and Town of Grand Chute. The proposed rezoning is for parcels 102114800, 102114700, 102114600, 102114501, 102114500, 102114400, 102114300, 102114200, 102114100, 101078001, and part of 101078000, from the Single-Family Residential District and the Two-Family Residential District to the Local Commercial District. The parcels are located south of West Capitol Drive in the Town of Grand Chute, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Town of Grand Chute Clerk, the Town of Grand Chute Community Development Director, and the Town of Grand Chute Community Development Administrative Assistant.

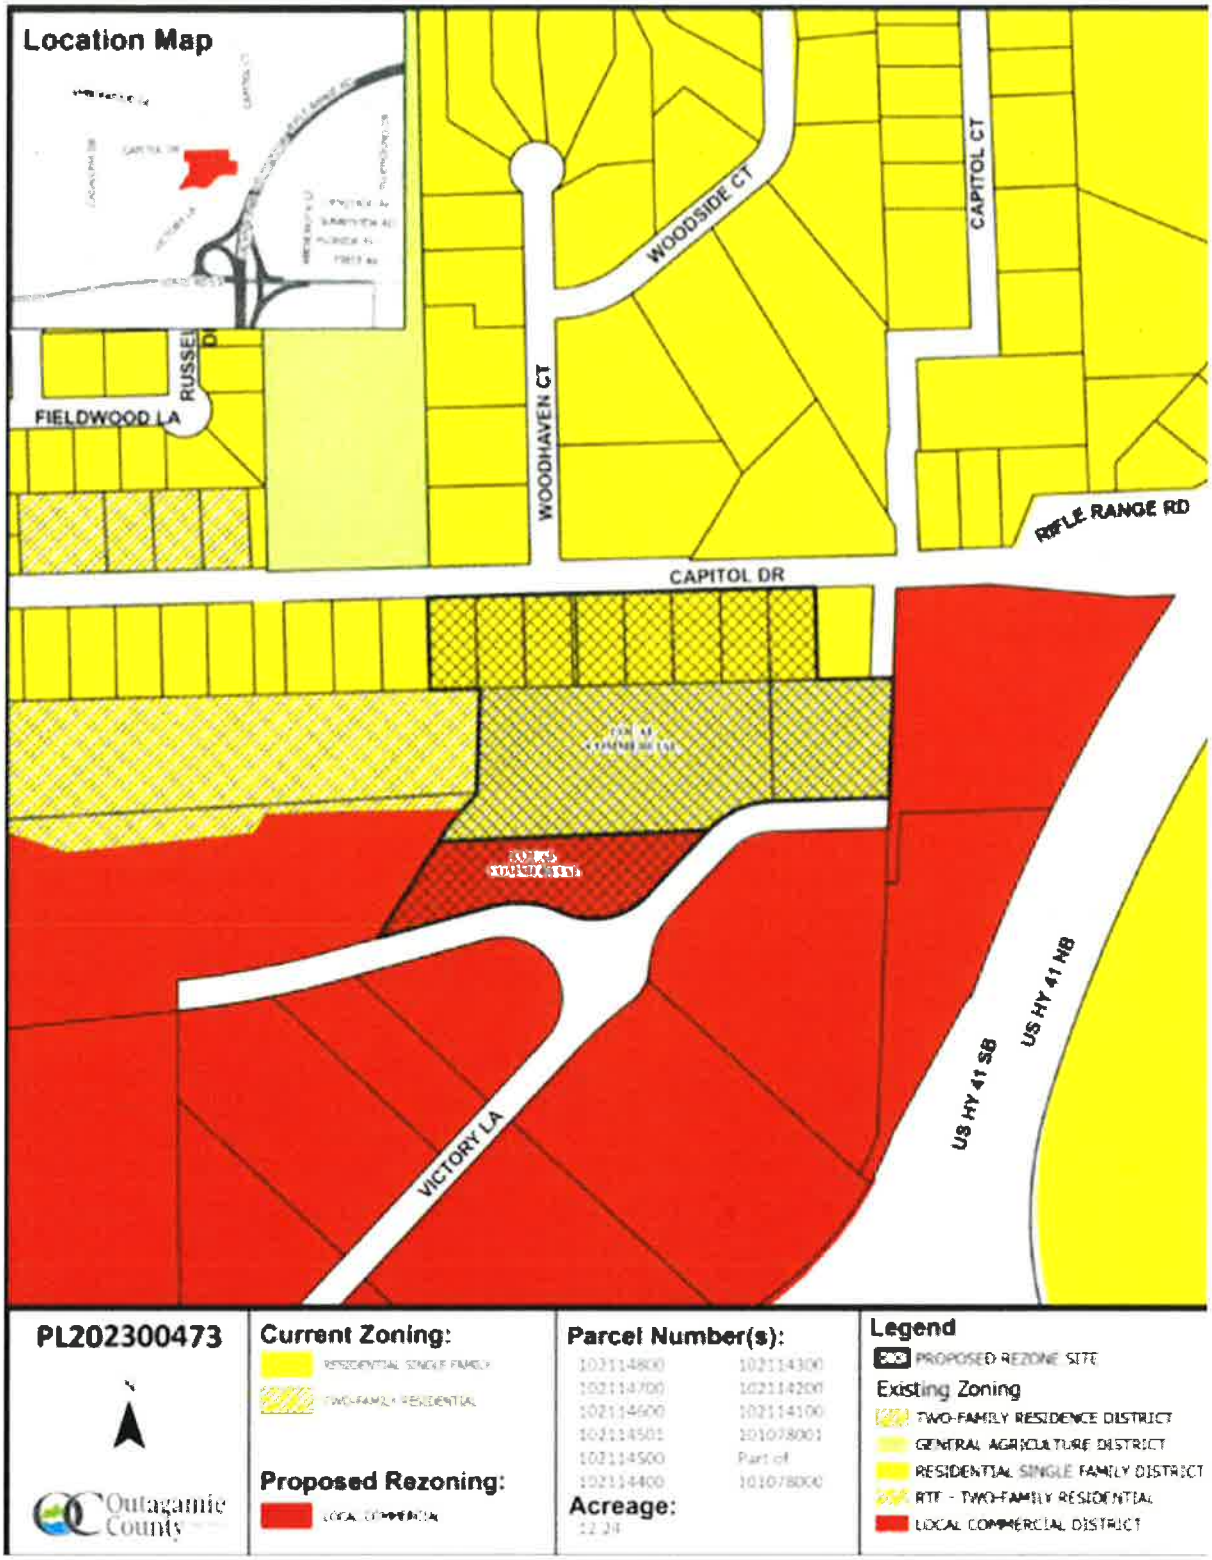
MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **October 16, 2023**
RE: **PL202300473: Rezoning – Town, Review and Recommendation**

Application Details:



Applicant and Owner:	The Town of Grand Chute, Applicant on behalf of Ione Immel, Ione Berg, Bergstrom Properties Inc., and Town of Grand Chute (Owners)
Request:	Rezoning - Town
Parcels:	102114800, 102114700, 102114600, 102114501, 102114500, 102114400, 102114300, 102114200, 102114100, 101078001, and part of 101078000 [1]
Location:	South of W. Capitol TOWN OF GRAND CHUTE
Public Hearing:	September 19, 2023 at 6:00 PM held by the Town of Grand Chute

Background:
A Town Rezoning request was received from the Town of Grand Chute, as depicted on the attached Rezoning Map. The proposal would rezone a series of parcels totaling approximately 12.24 acres from the Single-Family Residential District and the Two-Family Residential District to the Local Commercial District. The rezoning would accommodate future development permitted in the Local Commercial District. More information is included in Town of Grand Chute staff memo.
The Town of Grand Chute exercises village powers and adopted General Town Zoning. The Town of Grand Chute is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Plan, which designates this area as "Urban."

[1] Note: There was a typo in Grand Chute materials listing parcel 101078000 as 1011078000 (a parcel that does not exist). As confirmed by Town and County staff, the full metes and bounds legal description provided in the materials was correct and was used to process the rezoning request at the Town and County level.

The Town Board voted to approve the rezoning request on October 3, 2023.

Staff Recommendation:
Based on County planning staff's review of this proposed Town Rezoning, Staff recommends to: approve the rezoning of parcels 102114800, 102114700, 102114600, 102114501, 102114500, 102114400, 102114300, 102114200, 102114100, 101078001, and part of 101078000 from the Single-Family Residential District and the Two-Family Residential District to the Local Commercial District.

Rezoning Request
Ione Immel-Berg, Bergstrom Properties, Inc., and the Town of Grand Chute

To: Plan Commission

From: Michael Patza, Community Development Director

Date: September 14, 2023

Address: Multiple Properties Located South of W. Capitol Drive — App. #: Z-06-2023
Tax Key Parcel Numbers: 102-114800, 102-114700, 102-114600, 102-114501, 102-114500, 102-114400, 102-114300, 102-114200, 102-114100, 101-078001, and part of 101-1078000

REQUEST
The applicant is requesting to rezone the referenced property from **RSF Single-Family Residential District and R-2 Two-Family Residence District to CL Local Commercial District,** to accommodate a future development

ANALYSIS
The request is to rezone approximately 12.24 acres of land located south of W. Capitol Drive and north of N. Victory Lane to CL Local Commercial District. The majority of the property requested for rezoning (10.63 acres) is owned by Ione Immel-Berg, 1.55 acres is owned by Bergstrom Properties, Inc., and 0.05 acres owned by the Town of Grand Chute, which is comprised of a vacated pedestrian way (vacation documentation attached and additional details provided below). As shown in the attached Environmental Conditions Map, a navigable stream runs through the north and west portions of the subject properties and has areas of floodplains and wetlands on both sides that will limit any future development of those areas. Additionally, areas within 75' on either side of the navigable stream (shown in blue crosshatch) are not able to be developed. Future development will be subject to the provisions included in the Town of Grand Chute Stormwater Ordinance and restrictions of the Shoreland Zoning District regulated by Outagamie County. Additionally, future development will require separate Site Plan approval and will be subject to the provisions in the Zoning Code that provide additional landscaping/screening requirements for development directly adjacent to residential properties.

The small portion of land owned by the Town of Grand Chute will need to be deeded back to the adjacent property owner to accommodate the Certified Survey Map that was submitted with the rezoning request to combine all of the subject properties. Public Works staff confirmed there is no need for this land for future utilities. Additionally, areas of existing right-of-way that would provide a future street connection to W. Capitol Drive are already in place to the east and west. A request to authorize a Quit Claim Deed will go before the Town Board for consideration.

The rezoning request is compatible with the zoning classifications of the adjacent commercial properties to the south. Rezoning of this property to CL Local Commercial District classification is consistent with the Urban designation for this district as identified in the Town of Grand Chute Comprehensive Plan

RECOMMENDATION
Staff has reviewed and supports a Plan Commission recommendation to rezone multiple properties located south of W. Capitol Drive from RSF Single-Family Residential District and R-2 Two-Family Residence District to CL Local Commercial District. (Ordinance No. O-12-2023)

ORDINANCE NO.: Z-7—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY COMPREHENSIVE PLAN. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 66.1001(4) of the Wisconsin State Statutes.

Outagamie County Planning Staff review recommends approval of proposed comprehensive plan amendment. The Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED that the Outagamie County Board of Supervisors does recommend the attached proposed amendment to the Outagamie County Comprehensive Plan to adopt the Bicycle and Pedestrian Plan as Addendum 3 of Outagamie County's Comprehensive Plan, as reflected in the review of Exhibit 1.

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in Outagamie County upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this Ordinance to the Outagamie County Department of Development and Land Services Director.

Dated this 6th day of November, 2023.

ZONING COMMITTEE RESOLUTION NO.: PL202300420

RECOMMENDING AN AMENDMENT TO THE COMPREHENSIVE PLAN FOR OUTAGAMIE COUNTY, WISCONSIN

WHEREAS, pursuant to 59.69(3) of the Wisconsin Statutes, Outagamie County is authorized to prepare and adopt a comprehensive plan as defined in Section 66.1001(1)(a) and 66.1001(2) of the Wisconsin Statutes, and

WHEREAS, Outagamie County has developed a process to allow for amendments to the Comprehensive Plan, and

WHEREAS, the State Comprehensive Planning Law requires that the County follow the same administrative procedures for adoption defined under Wisconsin Statutes, Section 66.1001(4), to amend the Comprehensive Plan, and

WHEREAS, Outagamie County has held at least one public hearing on this amendment, in compliance with requirements of Section 66.1001(4)(d) of the Wisconsin Statutes.

NOW THEREFORE, BE IT RESOLVED, that the Outagamie County Zoning Committee hereby recommends to the County Board that the attached Comprehensive Plan Amendment be adopted pursuant to Wisconsin Statutes Section 66.1001(4).

Adopted this 24 day of October, 2023

MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **September 12, 2023**
RE: **PL202300420: Proposed Outagamie County Comprehensive Plan Amendment**

The *Outagamie County Comprehensive Plan 2040: A Shared Path Forward* (Comprehensive Plan), was adopted in 2020. Occasionally, amendments to the Comprehensive Plan are needed to ensure the document remains up-to-date and relevant. This memorandum discusses a proposed amendment to adopt Outagamie County Bicycle and Pedestrian Plan as Addendum 3.

BACKGROUND:

The Outagamie County Bicycle and Pedestrian Plan (attached) was developed over the 2022-2023 planning period by Toole Design. The Plan contains planning analyses, recommendations, and implementation guidelines to increase walking and biking, to promote safety, and to promote equity.

Development of the Plan was informed by the public and stakeholders who provided input and feedback, by an interdepartmental project management team who provided planning support and technical guidance, and by the County's Greenway Implementation Committee who served as the project's advisory committee.

It is County planning staff's opinion that the proposed amendment to adopt the Bicycle and Pedestrian Plan is consistent with the County's Comprehensive Plan. In particular,

- Goal 1: Integrated land use and transportation system
    - Develop a County Bicycle & Pedestrian strategy, focusing on county policy & infrastructure (e.g. highway ROW and County Parks & Trail system); integrate with municipal plans/local road networks. Incorporate into the County Comprehensive Plan when completed.

The amendment is also consistent with Outagamie County's Comprehensive Outdoor Recreation Plan 2022-2026 (i.e., Addendum 1 of Outagamie County's Comprehensive Plan). In particular, it is consistent with recommendation 3.1.4:

- Develop and incorporate into the Comprehensive Plan an Outagamie County Bicycle and Pedestrian/Trail System Plan to guide County efforts in developing/linking with the regional trail network. Utilize existing regional and local plans in this effort.

STAFF RECOMMENDATION

Planning staff recommends adoption of the proposed County Comprehensive Plan amendment, to adopt the Outagamie County Bicycle and Pedestrian Plan as Addendum 3 of the County's Comprehensive Plan. To do this, the following action is required pursuant to Wis. Stats. 66.1001:

- Zoning Committee adopts a Resolution authorizing the amendments and advancing them to the County Board (Wis. Stats. 66.1001(4)(b)).
- County Board approves an Ordinance adopting the amendments (Wis. Stats. 66.1001(4)(c)).

INTRODUCTION

1. INTRODUCTION

1.1 WHY DOES OUTAGAMIE COUNTY NEED A BICYCLE AND PEDESTRIAN PLAN?

Outagamie County undertook this planning effort to expand and improve the County's bicycle and pedestrian network, as is recommended in the County's Comprehensive Plan and Comprehensive Outdoor Recreation Plan (CORP). This plan provides tools and resources for four areas of concern for the County: closing gaps between trails; making it easier and safer to walk and bike along county highways; updating policies to support pedestrians and cyclists; and identifying high-priority projects the County should actively pursue.

Close gaps between trails

Outagamie County and the Fox Valley benefit from a number of excellent trails: the Wiouwash State Trail, the Newton Blackmour State Trail, and the growing network of trails along the Fox River such as the North Island Trail shown in Figure 1. However, there are obvious gaps between these trails, and this plan recommends ways to connect them, such as:

- Connect the Wiouwash State Trail in Hortonville to the Newton Blackmour State Trail in the western part of the county.
- Identify east-west connections between the CB Trail by the Appleton International Airport, and the Newberry and North Island Trail by the Fox River.
- Add connections between the Fox River trails in Kimberly and Little Chute to the CE trail to the south.

Improve safety on county highways

County highways connect municipalities across the County in a wide variety of contexts. For example, College Ave/CTH CA serves regional employment areas and shopping areas by the Fox River Mall and the Appleton International Airport in Appleton; CTH E connects outlying rural areas and residential subdivisions next to the high

school and elementary school in Freedom; and CTH F goes through the tiny rural hamlet of Nichols. Many people in Outagamie County are already walking and biking on these highways to get to work, school, shopping, or for recreation, even if there are no sidewalks or bike lanes present. When county highways are due for resurfacing or repaving, the County has an opportunity to improve safety for people walking and biking on those highways. This Plan provides design guidance and policy recommendations that will help the Highway Department make decisions about what kinds of accommodations are best suited for each context.

Update policies and programs

Updating funding policies and programs and land use ordinances helps ensure the County has the right tools in place to take advantage of opportunities as they arise. When land is subdivided or when a county highway is repaved or reconstructed, having policies in place that require or facilitate the construction of trails or sidewalks helps promote better bicycle and pedestrian networks over the long term.

Identify high-priority projects

Some projects are so critical for safety or access to destinations that the County should undertake them even if there is not an opportunity to piggyback on another project. This Plan used an objective, data-driven prioritization process to identify high-priority projects for county staff to actively pursue through conversations with property owners; applications for federal, state, and foundation funding; and partnerships with other governments.

1.2 WHAT WILL THIS PLAN ACHIEVE?

This Plan was designed around a vision and three goals crafted based on input from public engagement and the County's Greenway Implementation Committee.

VISION:
Residents of Outagamie County can walk and bike safely and comfortably along a connected network of trails, bikeways, and sidewalks.

INCREASE WALKING AND BIKING

Increasing the number of people walking and bicycling has benefits for health and the environment. The County can achieve this goal by closing the gaps between trails and constructing sidewalks and bikeways where people are likely to use them.

PRIORITIZE SAFETY

No one should die or suffer from a serious injury as a result of walking or biking in Outagamie County. This Plan recommends infrastructure that will make it safer for people walking and biking, and prioritizes projects in areas where crashes have occurred.

PROMOTE EQUITY

Past decisions have resulted in highways without safe places to walk or bike traversing the low-income parts of the County. Residents with low incomes are more likely to depend on active transportation to get around, increasing their exposure to traffic. This Plan prioritizes investments in the areas where residents most need them.

1.3 BENEFITS OF BUILDING WALKING AND BIKING INFRASTRUCTURE

There is a monetary cost to building and maintaining walking and biking infrastructure and it can be politically challenging to build sidewalks or bikeways (due to land acquisition or potential neighborhood opposition). However, having a complete, safe, and comfortable walking and biking network brings many benefits to Outagamie County residents. Benefits include improved safety, more variety of and freedom in transportation choices, economic growth, improved public health outcomes, equitable access to transportation and recreation, and environmental sustainability.

SAFETY

The safety of pedestrians and bicyclists is of growing concern across the United States. Preliminary 2022 data show pedestrian fatalities have been outpacing all other traffic deaths. Pedestrian fatalities have continued to climb since the beginning of the COVID-19 pandemic: a 28 percent increase in pedestrian fatalities is reported from 2021 to 2022.[1] Bicycle and pedestrian infrastructure, including trails, sidewalks, bike lanes, and safety infrastructure at street crossings, can provide people with safer places to travel and recreate.

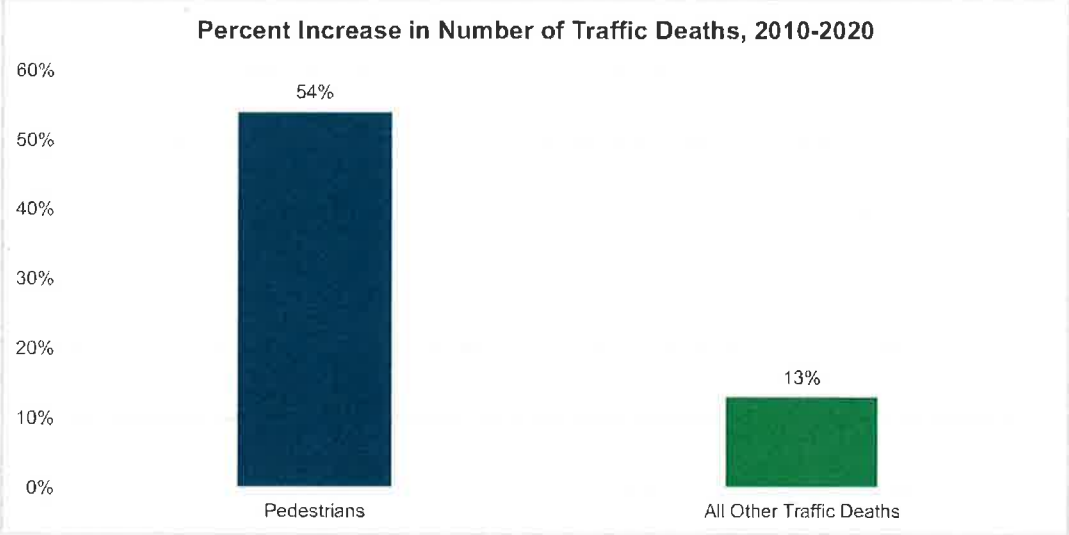

Figure 2: Pedestrian deaths in the United States have been increasing faster than all other traffic fatalities. (Source: Governors Highway Safety Association).

EQUITABLE ACCESS TO TRANSPORTATION AND RECREATION

Comfortable and accessible bicycling and walking facilities provide a host of quality-of-life benefits. They increase the number of travel options for everyone and can lead to a sense of independence for seniors, young people, and others who cannot or choose not to drive. Providing a high-quality active transportation network is important for Outagamie County residents who do not have full access to a vehicle. This includes people who are under 16 years old, unlicensed adults, suspended drivers, and people who live in households with more drivers than

vehicles. Trails also have the benefit of providing no- to low-cost recreation opportunities for families and low-income individuals.

ACCESS TO JOBS, SCHOOLS, AND OTHER DESTINATIONS

Improving infrastructure for walking and biking helps widen choice and access to jobs, healthcare, groceries, and other important destinations. Improved bicycle and pedestrian conditions give people more options, reduce reliance on vehicle ownership, and improve safety for people who do not have access to a personal vehicle. High-quality walking and biking facilities also provide a safe alternative to vehicle drop-offs for children traveling to and from school.

ATTRACTING TOURISTS AND RETAINING RESIDENTS

A robust bicycle and pedestrian network has the potential to provide economic gains for communities by attracting tourists and attracting and retaining residents, including employees and families. There is broad consensus across the country that investing in infrastructure for walking and biking produces a positive return on investment. This is especially true when it comes to trails, which serve as major regional attractions for recreationists. Trail-based tourism is an economic boon for many small communities, supporting local businesses, creating jobs, and increasing property values.[2] Local spending by active users (tourists and visitors alike) will provide economic benefits for businesses along the network as well as for retailers selling recreational products and services.[3]

-- 2022 ECWRPC Study on the impact of bicycling and walking facilities

PROPERTY VALUE IMPACTS

Bicycle and pedestrian infrastructure, especially trails, have been shown to increase the overall value of housing stock for their neighboring communities. The high demand for housing near recreational outdoor space results in higher sales values of homes as well as increased government revenues through increased property tax collections and greater transfer taxes at time of sale. A study of the impacts of bicycling and walking facilities in Outagamie, Calumet, Winnebago, and Fond du Lac counties conducted by East Central Wisconsin Planning Commission (ECWRPC) found that properties within a half-mile of a pedestrian and bicycle facility have an approximate eight percent premium on their property. This premium results in an additional $9.6 million in combined county property taxes across the four counties each year.[4]

PHYSICAL HEALTH

According to the U.S. Health and Human Services Department's (USHHSD) Physical Activity Guidelines for Americans, 150 minutes of moderate-intensity aerobic activity (for example, brisk walking) each week reduces the risk of many chronic diseases and other adverse health outcomes.[5] For young people ages 6-17 the USHHSD recommends participating in at least 60 minutes of physical activity every day. Engaging in physical activity beyond these amounts can impart additional health benefits.

Being overweight increases an individual's risk for many chronic diseases, including hypertension, diabetes, osteoarthritis, cardiovascular disease and stroke, gallbladder disease, arthritis, sleep disturbances, mental health issues, breathing problems, and certain cancers.[6] Increased opportunity for recreation and destination-oriented trips using active modes of travel are key to reducing obesity and, by extension, the risk for developing chronic diseases. A 20-year study of 5,115 people in four U.S. cities found that walking and biking to work are associated with greater physical fitness among both men and women. Active commuting is also associated with lower obesity rates and better cardiovascular health for men. The study called for strategies to enable and encourage active commuting interventions to reduce obesity and improve cardiovascular disease risk."[7]

The health benefits of trails have also been noted locally through the *Economic, Health, and Environmental Impact of Bicycling and Walking Facilities* study completed in 2022 by the ECWRPC. The study estimates significant health care cost savings and increased workplace productivity associated with more physical activity with the buildout of the region's trail network.[8]

Research has also found that the health benefits of bicycling instead of driving far outweigh the risks.[9] For example, one study found that on average, individuals who shifted from driving to bicycling gained an estimated three to 14 months of life expectancy, compared to five to nine days lost due to traffic crashes and inhaled air pollution.[10]

MENTAL HEALTH

Physical activity, including walking and biking, can help prevent or treat some mental health conditions. Physical activity reduces depression, can improve the quality of sleep, and has been shown to improve cognitive function for older adults.[11] Active transportation can also improve social conditions in communities, which contributes to positive mental well-being among residents. While there may be many reasons people feel socially isolated, land-use and transportation systems designed around the automobile can exacerbate these feelings. Car dependence reinforces solitary lifestyles and reduces opportunities for positive social interaction in public spaces,[12] particularly in rural areas.

ENVIRONMENTAL BENEFITS

Bicycle and pedestrian networks offer environmental benefits to the communities they serve by preserving the land along the network corridors. Many of these corridors may otherwise be at risk of development. Environmental benefits of trail corridors can include air and water quality improvement, flood mitigation, wildlife habitat conservation, and carbon sequestration and storage. The expansion of the bicycle and pedestrian network also has the potential to shift trips from driving to walking or biking. This shift can help to reduce the amount of motor vehicle travel, the need for added capacity, and associated carbon emissions. [13]

Chapter 2
COMMUNITY
INPUT

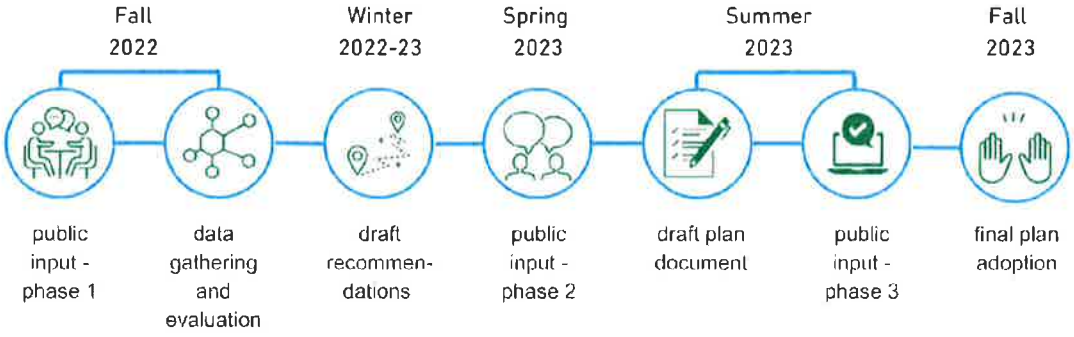

Figure 3. Curt Detjen, Ron Van De Hey, and Phil Ramlet at the ribbon cutting ceremony for the Kaukauna Locks Trail (Credit: Dave Horst)

2. COMMUNITY INPUT

2.1 LISTENING TO RESIDENTS AND STAKEHOLDERS

Community input was an essential part of the plan development process. Listening to the concerns and ideas of people in Outagamie County improves the quality of the Plan findings and builds trust in the recommendations. The planning process used several methods to gather input from residents and stakeholders during three phases of plan development: fall 2022 (phase 1), spring 2023 (phase 2), and summer 2023 (phase 3).

2.2 GREENWAY IMPLEMENTATION COMMITTEE

The Outagamie County Greenway Implementation Committee served as the advisory committee throughout the development of this Plan. The Greenway Implementation Committee (Committee) is a County-authorized committee composed of County supervisors and representatives from various organizations. The Committee typically oversees a matching grant program that annually distributes funds to local municipalities for trail projects in their communities. The Committee also serves as an informal advisory group regarding news and concerns related to trail development in their communities. During the development of this Plan, the Committee met five times. All meetings were a hybrid in-person/virtual format:

- Meeting 1: June 22, 2022. The Committee learned about the planning schedule and project purpose and reviewed the public engagement methods proposed for the planning process.
- Meeting 2: July 20, 2022. The Committee reviewed the I-41 crossing recommendations, further discussion of opportunities for engagement, and a demonstration of an interactive map.
- Meeting 3: October 12, 2022. The Committee reviewed the existing conditions report and an exercise to explore project vision and goals.
- Meeting 4: March 22, 2023. The Committee reviewed the draft vision, goals, and approach; the draft infrastructure recommendations; and the draft policy and program recommendations. The Committee also provided input on weights for prioritization criteria (also described later in this chapter).
- Meeting 5: June 21, 2023. The Committee reviewed the draft Plan and discussed next steps for Plan implementation.

2.3 PHASE 1 OF PUBLIC INPUT: IDENTIFYING ISSUES AND OPPORTUNITIES

The first phase of community input focused on existing conditions, the identification of existing active transportation issues, and the identification of opportunities for future connections.

ONLINE INTERACTIVE MAP

The project team created an online mapping tool that allowed participants to input point and line data related to walking and bicycling conditions and needs. The interactive webmap was open to the public from August 1, 2022, to September 15, 2022. The County and stakeholders advertised the webmap through a variety of channels. Over 300 individuals contributed responses to the webmap. Most of the participants (266) filled out the demographic survey, making it reliable in representing the demographics of the webmap respondents. All municipalities were represented with most participants living in Appleton, Greenville, and Grand Chute. The age range of the respondents were well-distributed between 25 to 74 years, with a plurality in the 45-54 age range. A detailed summary of interactive map comments is provided in Appendix A.

Respondents were asked to place points on the map to identify destinations for walking and bicycling and locations of potential safety concerns. They could also highlight routes and corridors on the map to show current or potential walking and biking routes.

- *Destinations for walking and biking.* Most of the destinations that people identified were trails or recreational destinations such as parks. Residential/neighborhood areas were also identified as destinations.
- *Safety concerns.* Most safety concerns were in the urban Fox Cities area and were about the difficulty of crossing major roads in the urban area. Locations with multiple safety concerns included:
    - W College Avenue (STH 125) between I-41 and N Richmond Street (STH 47)
    - E College Avenue (CTH CE) between S Walter Avenue and Haas Road
    - Northland Avenue (CTH OO) between CTH CB and STH 441

- W North Avenue (CTH OO) between N French Road and Freedom Road in Little Chute
- Eisenhower Drive between E College Avenue and Springfield Drive in Kimberly
- Crooks Avenue (STH 55) between E 12th Street and E College Avenue (CTH CE) in Kaukauna

- *Walking and biking routes with safety concerns.* Respondents expressed strong interest in more and better connections to parks, trails, and commercial areas. There was also interest in providing bikeways for students, especially high school students.

2.4 PHASE 2 OF PUBLIC INPUT: REVIEWING DRAFT GOALS AND RECOMMENDATIONS

The second phase of public engagement occurred in March and early April of 2023. The purpose of this phase of engagement was to gather feedback on the draft recommendations in the plan. Four methods of engagement were used during this phase:

- Online polls
- Presentations to various standing committees
- Presentations and discussion with the County's Greenway Committee
- Focus group discussions with individuals and agencies representing people of color and people with disabilities in Outagamie County

A summary of each is provided below, and described in more detail in Appendix A.

ONLINE POLLS

The County advertised two online public polls that were open from March 15, 2023, to April 19, 2023. There were 119 respondents, with most communities represented. Most respondents were from Appleton. The first poll asked respondents to review and comment on the draft infrastructure recommendations and to provide input on draft plan goals and prioritization factors. Over 85% of respondents to the first poll agreed that the three project goals (increase walking and biking, prioritize safety, and promote equity) made sense and should be used. The majority (73%) of respondents also agreed with the infrastructure recommendations.

The second poll asked for review and feedback on proposed highway cross-sections for future county highway resurfacing/reconstruction projects. Nearly 75% of respondents agreed or strongly agreed with the proposed cross sections. Respondents' concerns were focused on the desire to provide even more separation between people walking or biking and vehicles and reducing potential for user conflicts.

PRESENTATIONS TO COUNTY STANDING COMMITTEES

County staff presented on the plan progress to date and initial recommendations at four standing committees:

- Property, Airport, Recreation, and Economic Development Committee (February 14, 2023)
- Zoning Committee (February 28, 2023)
- Highway, Recycling, and Solid Waste Committee (February 28, 2023)
- Health and Human Services Committee (April 10, 2023)

Committee members asked questions and provided comments for consideration. Key topics that were brought up by committee members included:

- Funding feasibility and competition for scarce maintenance dollars.
- Concern about land acquisition and whether eminent domain would be used to acquire land for this plan.
- The need to balance diverse perspectives on transportation investments: since a smaller share of people bicycle and walk for transportation compared to driving.
- Need for more trail and bike wayfinding signage.

GREENWAY IMPLEMENTATION COMMITTEE

The project team presented the draft recommendations to the Greenway Implementation Committee on March 22, 2023. Committee members provided input on the draft recommendations and completed an exercise to help project management staff prioritize projects identified in the plan. The exercise resulted in the ranking of possible criteria for projects shown below in Figure 4 and informed the prioritization of projects in Chapter 5.

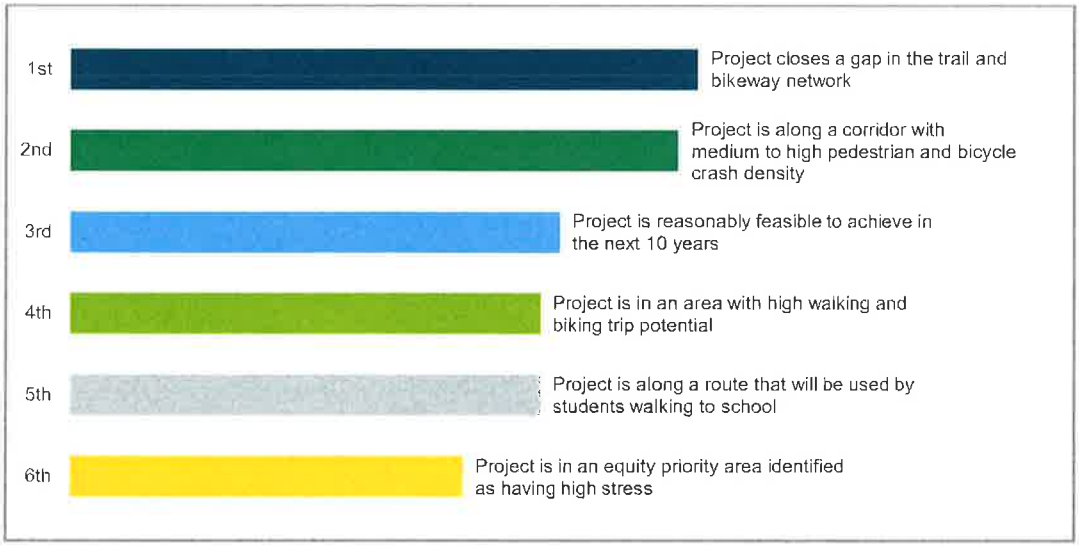

Figure 4. The results of a March 2023 exercise by Greenway Implementation Committee to help determine project ranking criteria. The final criteria are slightly different and are described in Chapter 5.

FOCUS GROUPS

The project team invited individuals from agencies and organizations serving or representing bicycle and pedestrian advocates, people of color, low-income people, and people with disabilities to attend three focus groups to discuss the draft recommendations. There were 14 attendees at the focus groups held in early April 2023. Participants were led through a discussion and provided input on the plan's draft vision and goals, project prioritization criteria, and highway cross-section one-pagers.

2.5 PHASE 3 OF PUBLIC INPUT: FEEDBACK ON THE DRAFT PLAN DOCUMENT

The third phase of public engagement took place in August of 2023. The purpose of this phase of engagement was to ensure that the draft Plan document was supported by the public and by municipal stakeholders. Two online polls were used during this phase:

- Online survey shared with the public, asking for input on the draft Plan
- Online survey shared via email with representatives of towns and municipalities in Outagamie County, asking for comments on the draft Plan, with special attention paid to the policy and programming recommendations and the top 10 priority corridors

Both online polls had limited responses, which is not unusual for surveys that ask respondents to read the full planning document for review. The project team reviewed the comments in detail and incorporated many comments into the final version of this Plan. Appendix A includes a full summary of the comments received and the team's response.

> *"I particularly appreciate the [Plan's] focus on closing gaps & improving connectivity, because in my experience, that's sorely lacking in the Fox Cities. If a County Plan can help communities cooperate and coordinate, then that's a huge benefit"*

3. PLANNING APPROACH

3.1 PLAN, POLICY, AND PROGRAM REVIEW

The project team reviewed relevant plans, policies, and programs to gain an understanding of the goals, objectives, and planned infrastructure for biking and walking in Outagamie County. The following section summarizes the review and notes which items were reviewed. Appendix B provides the full review of relevant plans, policies, and programs.

EXISTING PLANS

The Outagamie County Bicycle and Pedestrian Plan builds upon existing work that identified potential trail development corridors and bikeways through the county and Fox Valley region. Plans reviewed were identified in partnership with Outagamie County staff. The project team looked for topics in each plan related to three major unifying themes: planned bicycle and pedestrian connections, fairness and equity, and funding and implementation. Table 1 lists the plans reviewed.

KEY POLICIES

Two policies were considered key to how Outagamie County would be able to build and support construction of bicycle and pedestrian facilities. Each were reviewed and flagged for potential updates.

Outagamie County Administrative Rule 2010-02

Outagamie County maintains a substantial network of county highways within the Appleton/Fox Cities urbanized area, through the other cities and villages in the northern part of the County, and through the county's unincorporated townships. Due to resource constraints, Outagamie County adopted Administrative Rule (AR) 2010-02 to limit the County's financial risk for the capital and maintenance costs of bicycle and pedestrian infrastructure. In summary, unless state or federal project agreements require bicycle or pedestrian infrastructure as a condition of funding award, the local municipality is required to pay for 100 percent of both construction and

maintenance costs of any bikeways, sidewalks, or paths adjacent County highways or located on County-owned right-of-way.

While this policy has achieved its goal of limiting financial risk, it has had unintended consequences resulting in a disjointed bicycle and pedestrian network throughout the County, and—in some cases—dangerous situations for people needing to walk or bike along county highways to get to schools, parks, jobs, groceries, medical appointments, or other destinations. A separate Technical Assistance report prepared for ECWRPC reviewed how several other Wisconsin and Minnesota counties share the costs of these kinds of facilities. Chapter 4 of this Plan includes a recommendation to update AR 2010-02.

Outagamie County Code

The Outagamie County Development and Land Services department is responsible for the administration of the County Subdivisions and Platting ordinance (Chapter 52), which regulates and controls the division of land within unincorporated areas of the county. It also grants the County objecting plat authority in incorporated areas. As land is subdivided or developed, it can provide opportunities for sidewalks or easements for future trails or bikeways. Chapter 4 of this Plan includes a recommendation to update these requirements.

RELEVANT PROGRAMS AND STAFFING

To consider the feasibility of implementing different programs and/or adding new trails for Outagamie County to build and maintain, the project team also reviewed the County's current operating environment. The County has limited ability to add an extensive trail network, primarily due to several factors:

- Wisconsin state law currently allows municipalities and counties to increase their levy over the prior year by the percentage increase in value from "net new construction." The County approved budget increased its levy by exactly that amount and is at the state-mandated levy "cap," leaving no room for new programs or staffing without reducing existing programs or staffing in another department.
- The County's current Capital Improvement Program (CIP) plans to only dedicate between $30,000 to $40,000 annually through 2027 from property tax levy and sales tax for greenway implementation. That said, it has in the past dedicated funding for trail expansions, such as the CE trail.
- The Outagamie County Parks System maintains over 40 miles of trail and multiple county parks but has limited staff. Adding new trails would stretch the capacities of Park Department staff to perform maintenance such as brush clearing and mowing along trails.
- The Highway Department may have the most room in its budget for constructing trails and bikeways on county highways, since it has a large capital budget and is able to leverage more state and federal aids for highway construction.

Greenways Implementation Committee

The Greenways Implementation Committee oversaw the development of this Plan and oversees the distribution of the greenway implementation funding dedicated by the County. However, their input into other county programs has been limited. Chapter 4 of this Plan includes a recommendation to expand their purview.

Non-Profit Programs

Several other privately managed programs and organizations were also considered for potential partnerships to achieve Plan goals:

- Fox Cities Greenways is a non-profit organization that works with local municipalities, partner organizations, and residents to develop and expand the bicycle and pedestrian network through trails, bicycle facilities, and water trails. They offer small funding grants relevant for trail-related projects.
- The Community Foundation has been playing a critical role in planning and advocating for a trail connection between the Fox Cities and High Cliff State Park. They manage several grant programs which can contribute grants both large and small towards greenway and trail development.

3.2 EXISTING WALKING AND BIKING CONDITIONS

The project team conducted several geospatial analyses of walking and biking conditions in Outagamie County. These analyses inform the recommendations in this plan. The existing conditions review is summarized into the following topics:

- Existing and planned bikeways and trails
- Important recreational destinations for people biking
- Trip potential highlighting areas where people are most likely to walk and bike
- Fatal and serious bicyclist and pedestrian injury crashes and high-crash segments on federal, state, and county highways
- Equity priority areas where there are higher densities of people experiencing a variety of stress factors, such as having a low income, not having a household vehicle, or being a person of color

EXISTING TRAIL AND BIKEWAY NETWORK

The existing bikeways and trails network in Outagamie County and the area south of the county line is shown in Figure 6 and Figure 7. The urban area in the Fox Cities contains many on-street bikeways and paved shared-use paths, although the biking network has gaps throughout. In the rural parts of the County, the Newton Blackmour State Trail and the Wiouwash State Trail stand out; otherwise, there are limited connections.

Figure 6. Existing Trails and Bikeways in Outagamie County

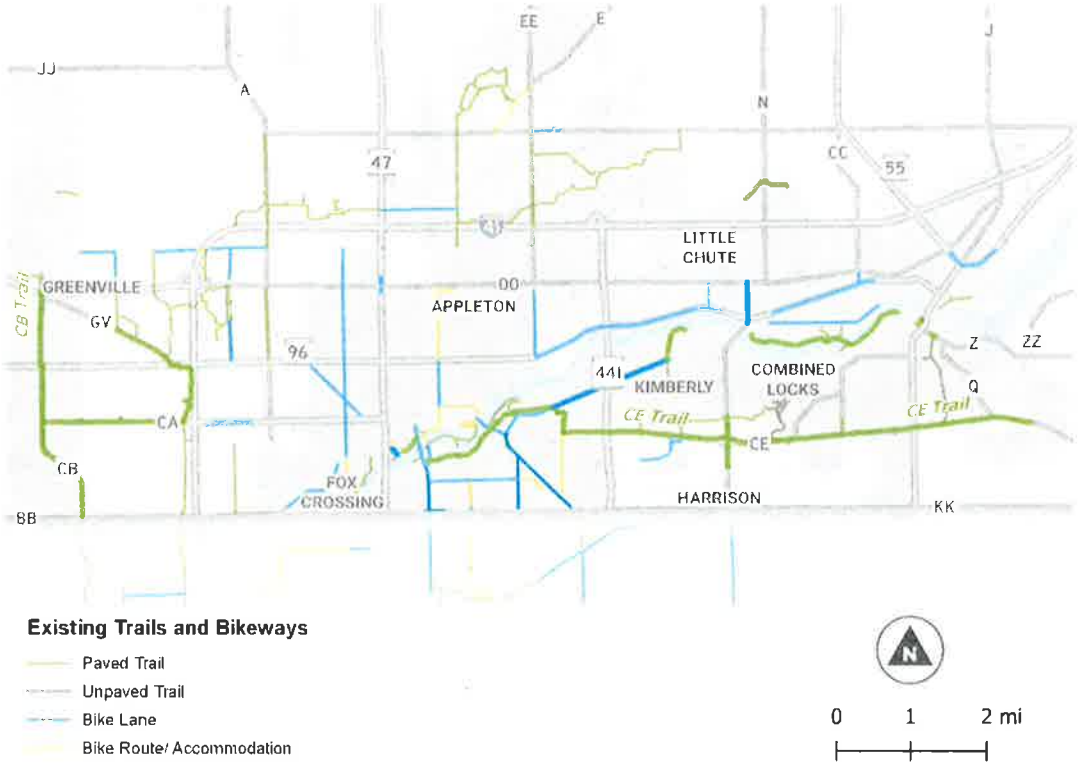

Figure 7. Existing Trails and Bikeways, Inset of the Fox Cities Area

PREVIOUSLY PROPOSED TRAIL AND BIKEWAY NETWORK

The project team mapped previously planned bicycle, pedestrian, and trail connections from the plans listed in Table 1. The resulting map of existing and previously proposed bikeways and trails from local, county, and regional plans is shown Figure 8 and Figure 9. Several themes can be summarized from looking at the planned connections:

- In the suburban parts of the County, there is a preference for building paved trails as the road network is extended and new areas are built. In the already-built urban area in Appleton, bikeway connections can be made along quiet residential streets in the grid street network.
- There are many planned connections along the Fox River, both between Fox Cities communities and towards Green Bay.
- There are planned connections to other existing trails, such as proposed trails between Appleton and the Newton Blackmour State Trail, or the CB trail to the CE Trail.

The dense network of previously proposed connections in the Fox Cities area is too fine-grained for a county network. Nevertheless, the data was useful during the network and infrastructure planning phase. Project staff referred to the connections proposed in these previous planning efforts while creating a draft trail and bikeway network for high-priority routes spanning multiple municipalities, such as what was accomplished with the Loop the Locks initiative.

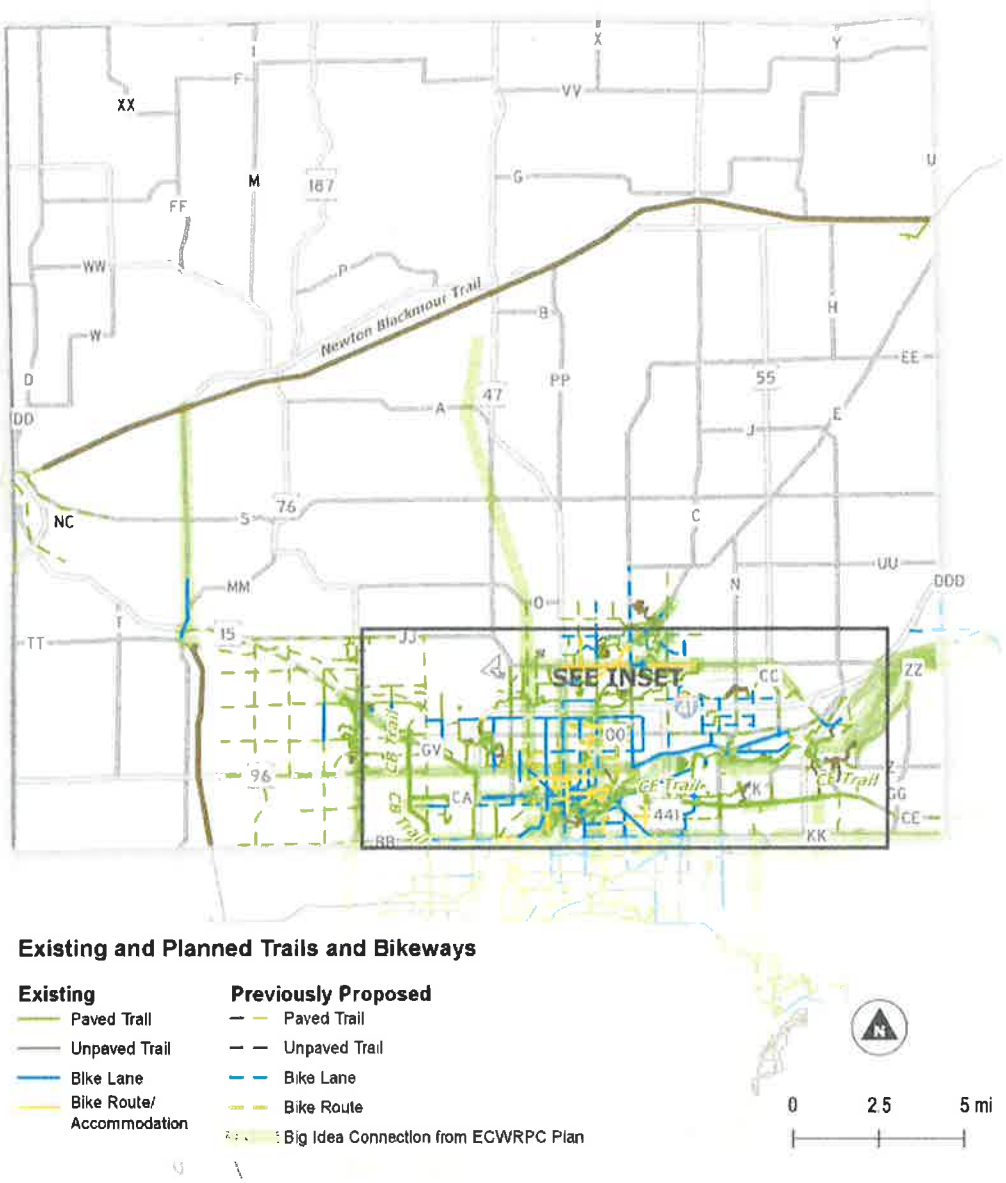

Figure 8. Existing and Previously Proposed Trails and Bikeways in Outagamie County

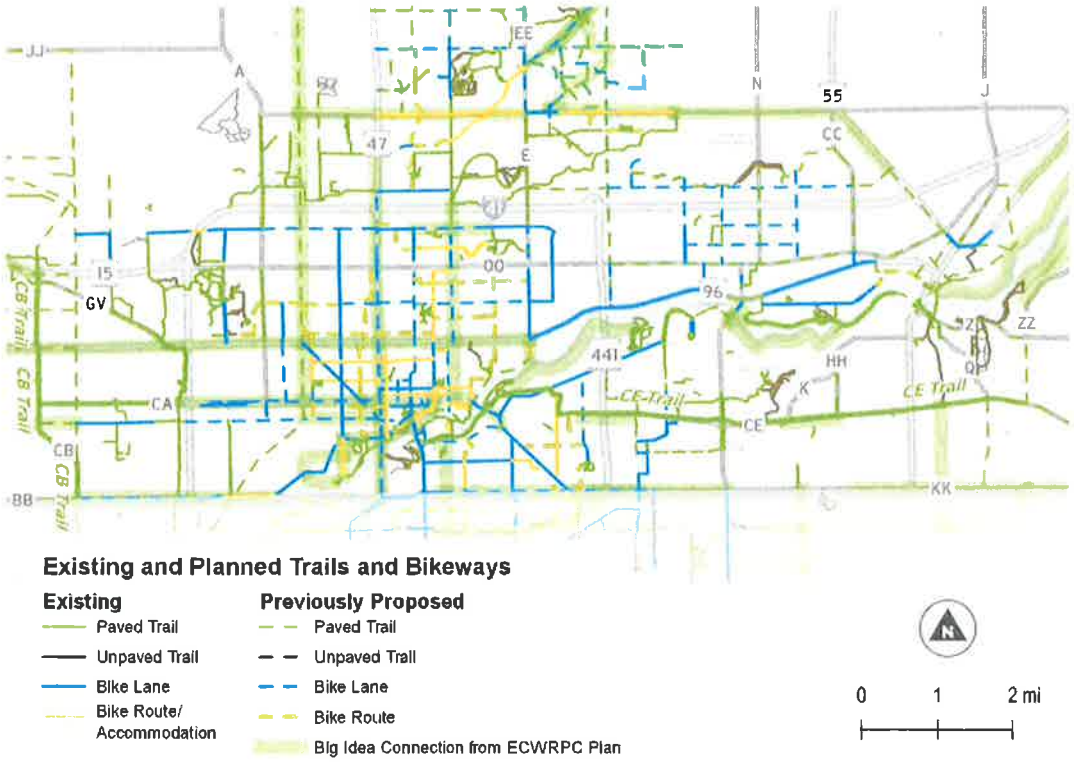

Figure 9: Existing and Previously Proposed Trails and Bikeways in Outagamie County, Inset of the Fox Cities

REGIONALLY SIGNIFICANT TRAILS AND PARKS

One theme that emerged from public input was a desire for more bicycle connections to regionally significant trails and parks, both within and outside the county limits. Figure 10 identifies some of these critical recreation destinations that should be considered during the development of the proposed bikeway and trail network, including High Cliff State Park and Calumet County Park, the Fox River State Trail, and the Mountain Bay State Trail in Brown County.

Figure 10. Regional Recreation Destinations for People Biking

TRIP POTENTIAL ANALYSIS

The project team performed a trip potential analysis to determine where people are most likely to walk and bike in Outagamie County. The results of this analysis highlight areas where enhanced pedestrian and bicycle infrastructure may potentially serve more users. This analysis may also assist Outagamie County and partner agencies when prioritizing projects by identifying locations that have the greatest potential for increased walking and biking. The project team used the following variables:

- Intersection Density (number of intersections per square mile)
- Population Density (population per square mile)
- Low-Income Family Density (families with household income below 200% of federal poverty level per square mile)
- Employment Density (jobs per square mile)
- Priority Destination Density (parks, community centers, healthcare, educational, and grocery destinations per square mile).

Figure 11 illustrates the results of this analysis where walking and biking trips are most likely to occur. Areas with denser street grids, higher population densities, lower-income families, denser employment, and greater priority destination density tend to have higher trip potential scores due to their development patterns that support pedestrian and bicycle travel. Central areas of Appleton, Little Chute, and Kaukauna have high trip potentials. Areas with medium walk and bike trip potentials include the peripheries of Appleton, Little Chute, and Kaukauna, as well as most of Kimberly and Combined Locks. The southern parts of Grand Chute, Dale at the crossing of CTH T and STH 96, central parts of Hortonville, parts of Seymour, central parts of Black Creek, and Freedom (around the crossing of CTH E, STH 55, and CTH S) also have medium walk and bike trip potentials. Some jurisdictions with low trip potentials are Bear Creek, Shiocton, and Nichols.

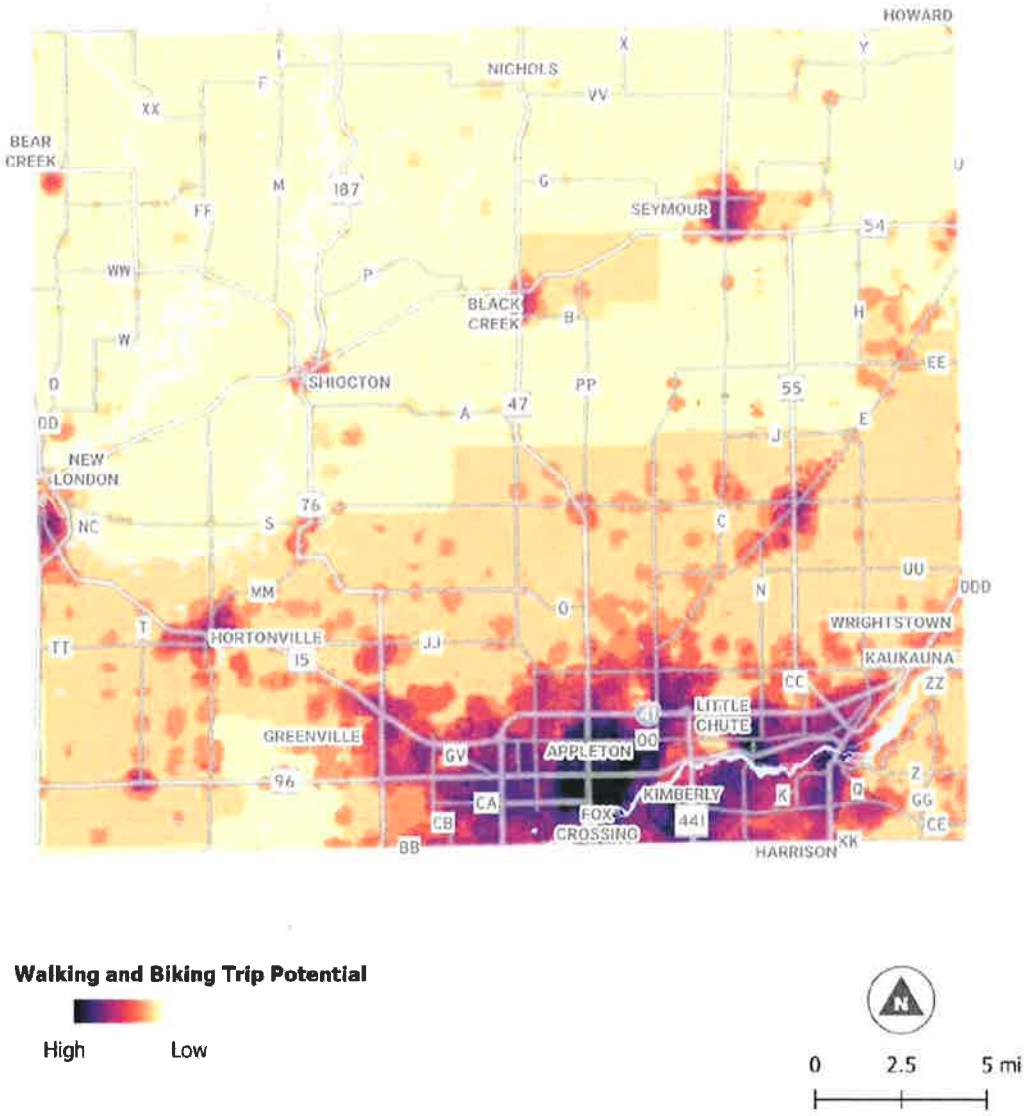

Figure 11. Walking and Biking Trip Potential in Outagamie County

BICYCLE AND PEDESTRIAN CRASHES

Crash Locations

The locations of bicycle and pedestrian crashes in Outagamie County between 2017 and 2021 are illustrated in Figure 12 and Figure 13. In this time, a total of 265 bicycle and pedestrian crashes occurred, with 156 of them involving bicyclists (59%) and 109 involving pedestrians (41%). Of the 265 crashes, 44 resulted in fatalities or serious injuries (17%) and 221 resulted in minor or no injuries (83%).

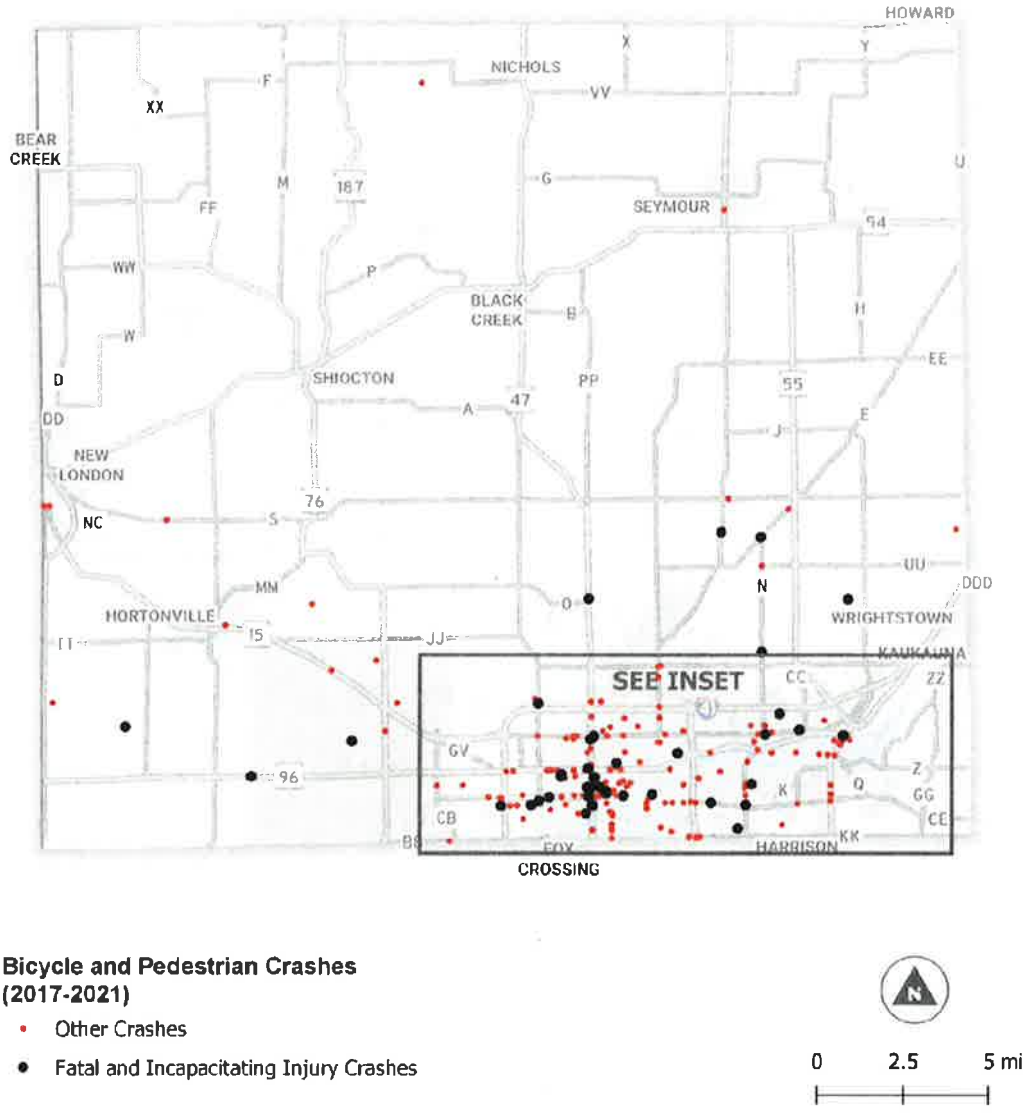

Figure 12. Bicycle and Pedestrian Crashes by Severity

The crash data in Figures 12 and 13 are derived from police reports, which are usually only filed when a vehicle is involved in a crash and an insurance claim will be filed or a ticket is issued. For that reason, the data do not include minor crashes that may not lead to injury, or bike crashes due to road hazard or loose gravel. All the 265 crashes in Outagamie County shown on the maps involved a motor vehicle.

Most of the pedestrian and bicycle crashes happened in the urban area, where they are equally distributed between local roads and county or state highways. In more rural areas, fatal and severe injury bike and pedestrian crashes tend to happen more frequently along county and state highways than on local roads.

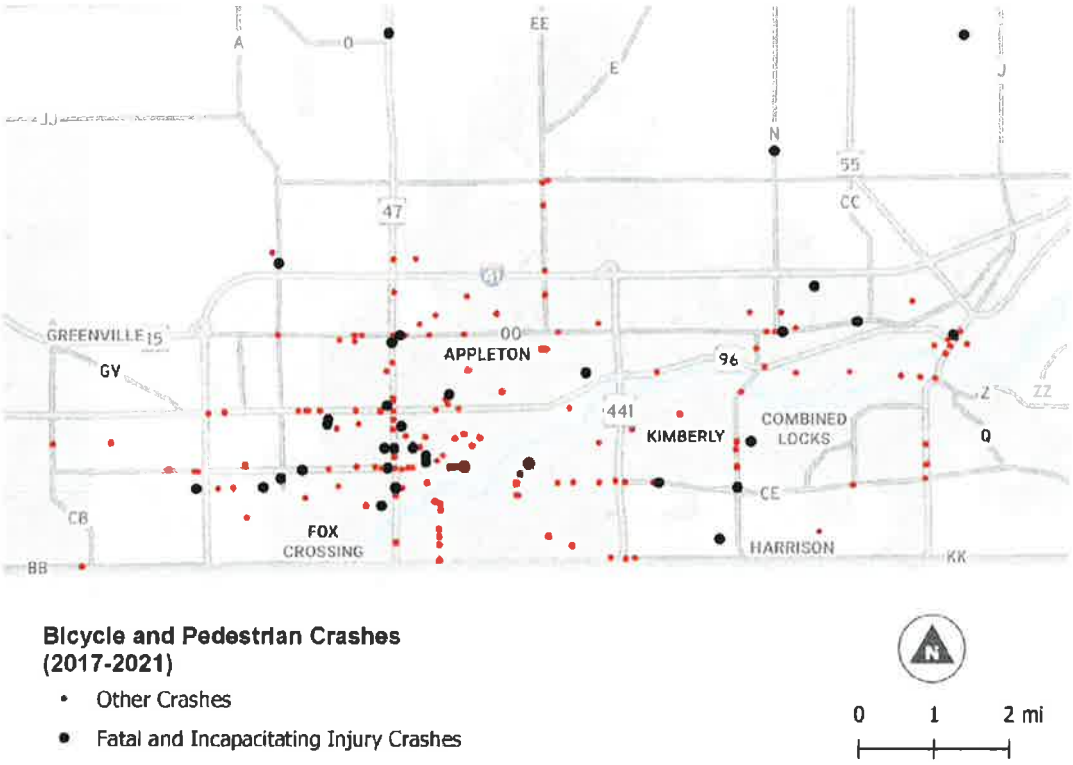

Figure 13. Bicycle and Pedestrian Crashes by Severity, Inset of the Fox Cities

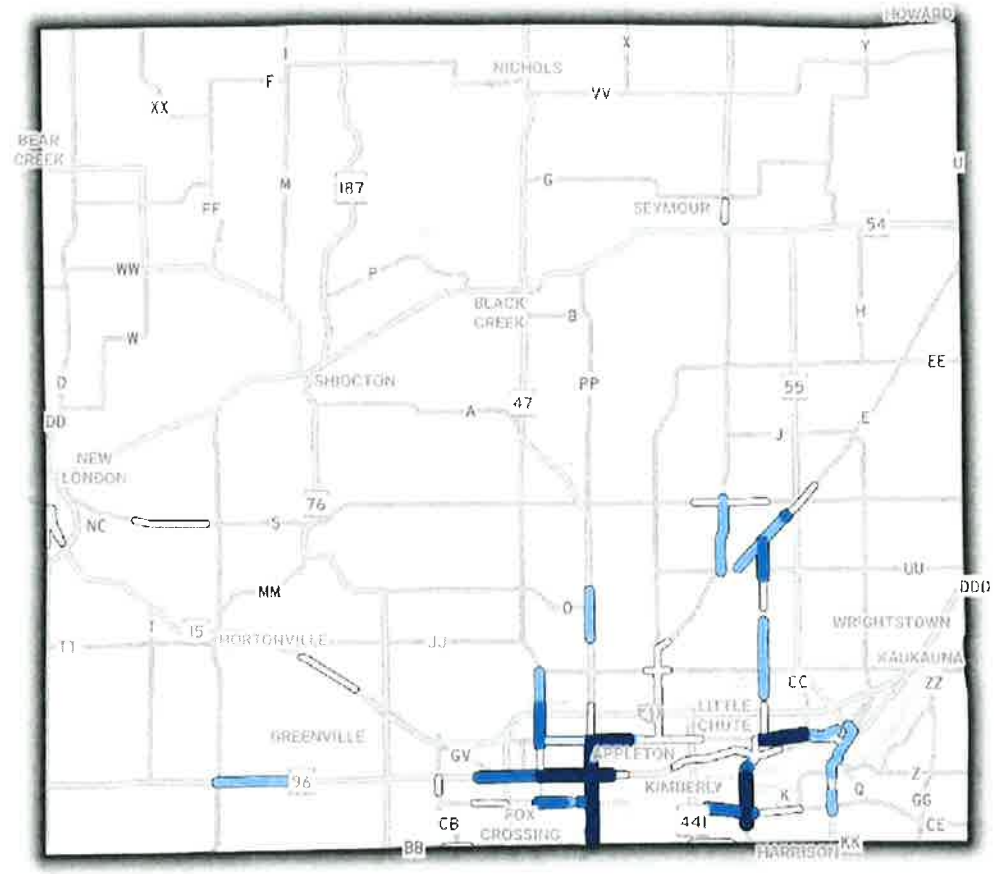
Crash Density on County, State, and US Highways

As this is a county-level plan, it's useful to focus on crashes on county highways or other highways that pass through multiple jurisdictions. A sliding windows analysis calculated which county, state, and US highway segments have historically had the most fatal and serious crashes for people walking and biking. The analysis is done by determining the number and severity of crashes in a one mile "window" on a roadway and shifting that window along the roadway 1/10 mile at a time. Figure 14 shows the results from the sliding window analysis. Segments with thicker and darker lines represent highway segments that have a higher concentration of overall and serious crashes.



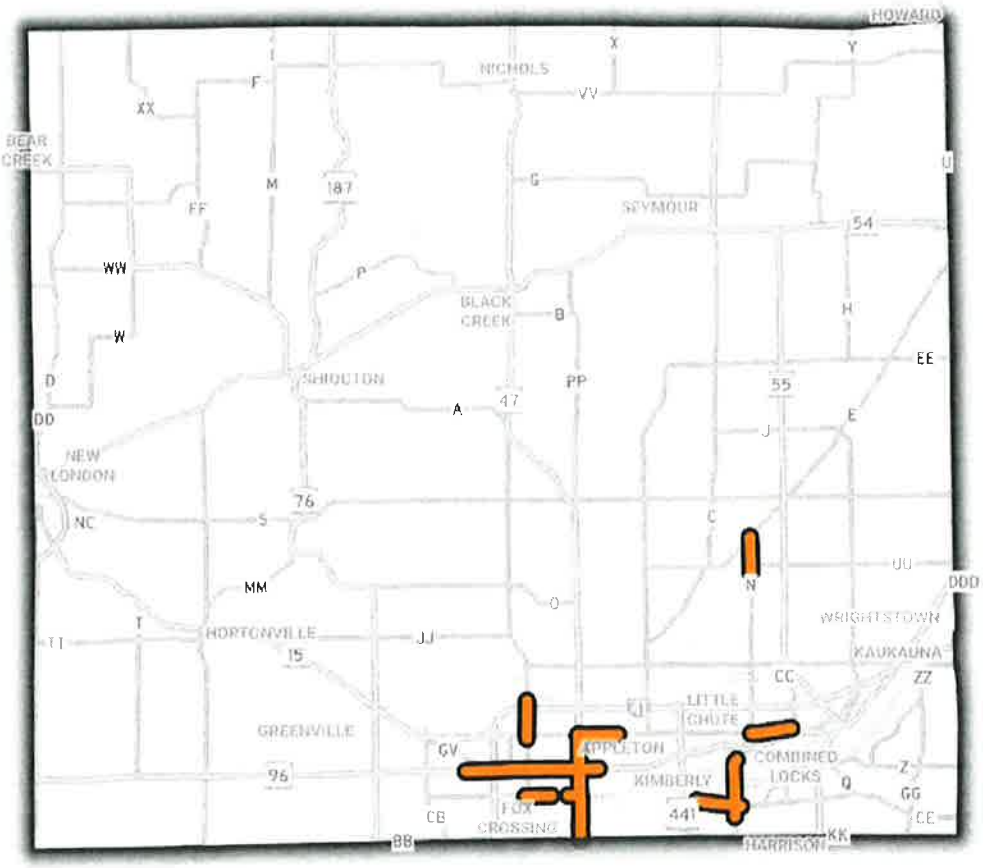


Figure 14. Crash Density on County, State, and US Highways from the Sliding Window Analysis

High Injury Corridors

High injury corridors for bicycle and pedestrian crashes were defined using the top two tiers ("Highest" and "Medium-High") of the sliding windows crash density analysis. Figure 15 shows the high injury corridors: Wisconsin Avenue (STH 96), Richmond Street (STH 47), Northland Avenue (CTH OO), Freedom Road and Washington Street (CTH N), W College Avenue (STH 125), and E College Avenue (CTH CE) are identified.

EQUITY PRIORITY AREAS

ECWRPC shared their community stress index analysis with the project team to measure the areas in greatest need of promoting equity. The community stress index compares each census tract against the Wisconsin average for poverty rate, households without access to a vehicle, households without access to internet, limited English ability, and dependent population (youth or seniors). The index values for all the census tracts in Outagamie County are displayed in Figure 16. Some areas of Appleton, Little Chute, and Kimberly have the greatest stress. The census tract representing the Oneida Nation also has higher-than-average stress, while the areas in the county with newer suburban style development have the least stress.

3.3 PLANNING APPROACH AND PRINCIPLES

In conjunction with the development of the plan vision and goals, the project team established principles to help steer recommendations towards the plan goals. The following principles were identified based on public input and a strategic planning session with the Greenway Implementation Committee.

The project team referred to the goals and principles while developing the recommendations of and tools in this Plan. These recommendations and tools include the following:

- *Design Users and Facility Selection.* This describes the approach that the project team used to select bikeway and trail recommendations in the priority trail and bikeway network, and the way design users should be considered for facility selection in HSPAs (in this Chapter, below).
- *Recommended Trail and Bikeway Network.* These are specific bikeway and trail recommendations for bicycle infrastructure that will close critical gaps in the County's trail and bikeway network (Chapter 4).
- *Highway Safety Priority Areas (HSPAs).* HSPAs are areas where the County should take extra steps to ensure that walking and biking facilities are provided (Chapter 4).
- *Typical County Highway Cross Sections in HSPAs.* One-page diagrams and guidance the County should follow when repaving or reconstructing highways in HSPAs (Chapter 4).
- *Policy and Program Recommendations.* Non-infrastructure actions and programs that different county agencies should adopt to move forward on the vision, goals, and approach (Chapter 4).
- *Priority Corridors.* Critically important connections where the County should actively work to close gaps in trails or build bicycle and pedestrian infrastructure along and across major highways (Chapter 5).

Table 2 illustrates how each recommendation or tool intersects with the six approaches.

3.4 DESIGN USERS AND FACILITY SELECTION

There are several factors to consider when selecting the right type of facility along and across county highways. The County aims to close the gaps in the priority trail network between the regional trails in the county—and, where trails are not feasible, provide low-stress bikeway connections to those priority trails. Along those priority trail connections, the project team considered that children, families, and other inexperienced bicyclists may be using the bikeway. In small towns where county highways often serve as main streets, the County will also need to consider how to improve safety and inclusivity for people walking and biking to businesses and destinations along the street.

The Federal Highway Administration (FHWA) Bikeway Selection Guide and Small Town and Rural Multimodal Networks provide guidance that emphasizes the importance of designing bicycle and pedestrian networks for safety, comfort, and connectivity.

BIKEWAY FACILITY SELECTION

It is important to design low-stress bikeway networks that serve the needs of the "interested but concerned" bicyclist, who represents most potential bicyclists. Figure 17 demonstrates the bicyclist design user profiles and their approximate share of the population.

A low-stress bicycle network, also referred to as an "all ages and abilities network" or a "high comfort network," is one that is designed to be safe and comfortable for all users. Low stress networks rely on separating bicyclists from traffic using separated bike lanes and shared-use paths. Low-speed and low-volume streets with the operating characteristics of bicycle boulevards also support these networks if safe crossings of busy roads are provided.

Comfort Typology of Bicyclists

Design User Profile	Non-Bicyclist	Interested but Concerned	Somewhat Confident	Highly Confident
Bicycling Preferences	Uncomfortable bicycling in any condition, have no interest in bicycling, or are physically unable to bicycle.	Often not comfortable with bike lanes, may bike on sidewalks even if bike lanes are provided; prefer off-street or separate bicycle facilities or quiet or traffic-calmed residential roads. May not bike at all if bicycle facilities do not meet needs for perceived comfort.	Generally prefer more separated facilities, but are comfortable riding in bicycle lanes or on paved shoulders if need be.	Comfortable riding with traffic, will use roads without bike lanes.
Percent of General Public	31-37%	51-56%	5-9%	4-7%

Figure 17. Bicyclist Design User Profiles and Traffic Stress Tolerance (adapted from FHWA Bikeway Selection Guide)

PEDESTRIAN FACILITY SELECTION

Designing facilities for people walking needs to consider that they have different needs than people biking. Pedestrians usually take short trips to nearby destinations such as a school or business. Some are simply walking a pet or walking for exercise. Most rural small towns provide a compact center well-suited for walking and biking trips. Pedestrians can be accommodated by a variety of facility types, the most common being sidewalks and shared-use paths. Both of these facilities must be designed to meet standards in the US Access Board's proposed *Public Rights-of-Way Accessibility Guidelines* (PROWAG). For selecting which safety treatments to use at pedestrian crossings, the FHWAs *Safe Transportation for Every Pedestrian* (STEP) program's *STEP Studio Guide* provides several helpful tables to aid in countermeasure selection, including one shown in Figure 18 below.

4. RECOMMENDATIONS

The development of recommendations for Outagamie County followed the planning approach and adhered to the principles described in the previous chapter. This chapter presents the following elements and resources that the County can use for building out walking and biking infrastructure:

- *Toolbox of Trail and Bikeway Facilities.* This table explains the different types of bicycle and pedestrian facilities that are included in the Recommended Trail and Bikeway Network or displayed in the Typical Highway Cross Sections.
- *Recommended Trail and Bikeway Network.* These are specific bikeway and trail recommendations for bicycle infrastructure that will close critical gaps in the County's trail and bikeway network.
- *Highway Safety Priority Areas (HSPAs).* HSPAs are areas where the County should take extra steps to ensure that walking and biking facilities are provided along highways and at intersections and crossings.
- *Typical County Highway Cross Sections in HSPAs.* One-page diagrams and guidance the County should follow when repaving or reconstructing highways in HSPAs.
- *Policy and Program Recommendations.* Non-infrastructure actions and programs that different Outagamie County departments should adopt or prioritize to allow the creation of the recommended trail and bikeway network and improve walking and bicycling conditions across the County.

4.1 TOOLBOX OF TRAIL AND BIKEWAY FACILITIES

To design for people who are "interested but concerned" about biking (as described in Figure 17), this Plan primarily recommends off-street trail connections outside the urban area. Within the Fox Cities urbanized area, the priority trail connections will primarily need to use both on-street paths and separated facilities. The trails and bikeways in the priority trail connections section of this Plan include those shown in Table 3.

Table 3. Recommended bicycle facility types

Facility Type	Example Image	Description
Paved Trail / Shared Use Path (in own corridor)		• Fully separated from a street or road • Typically 11-12 feet wide • Sometimes installed along rail or utility corridors or next to rivers • Low-stress experience for many types of users (bicyclists, pedestrians, joggers)
Unpaved Trail / Shared Use Path (in own corridor)		• Fully separated from a street or road • Can be used for snowmobiling (or skiing) during winter months if not plowed • May also allow equestrian users • Typically less expensive to build and maintain than paved trails, but annually they cost more due to potential need for grading. • Low-stress experience for many types of users (bicyclists, pedestrians, joggers)
Rail with Trail		• Shared use path parallel to an active railroad • Usually has barrier separation between the path and the railroad • Working with railroads requires early communication and open dialogue • Guidance on developing Rails with Trails can be found in an FHWA report: *Rails with Trails: Best Practices and Lessons Learned*[14]
Paved Sidepath / Wide Sidewalk (next to street)		• Typically used on medium and high-volume streets with few intersections or driveways to minimize conflicts • Fully separated from a street or road • Typically paved and 11-12 feet wide • Next to and parallel to a roadway • Can be a low-stress experience for many types of users (bicyclists, pedestrians, joggers)

[14] https://railroads.dot.gov/elibrary/rails-trails-best-practices-and-lessons-learned-0

Facility Type	Example Image	Description
Bicycle Boulevard		• Typically installed on neighborhood streets that have lower volumes and speeds • Can include curb extensions, speed humps, neighborhood traffic circles, and pedestrian islands for traffic calming • Can be low-stress experience for bicyclists if traffic volumes and speeds are low enough
Marked Bike Route		• Help bicyclists navigate existing low traffic, low-stress streets • Quick and affordable expansion of the bicycle network using existing low traffic streets • Alert drivers that bicyclists may be present through signs • May include destination, distance, and direction on signs • Not a dedicated bicycle facility
Bike Lanes		• Designated space for bicyclists on medium volume streets with markings and signs • Bicyclists ride in the same direction as motor vehicle traffic • Usually 5 to 6 feet wide; may be enhanced with a buffer of 12-18 inches • Can be added by reconfiguring an existing shoulder, removing on-street parking, or reducing the number or width of travel lanes
Paved Shoulders		• Provide space for bicyclists and pedestrians (although they do not meet accessibility requirements for pedestrians) on rural roads • Reduce pavement edge deterioration, accommodate oversize vehicles, and provide refuge for public safety and maintenance vehicles • Shoulder width to accommodate bicyclists varies depending on traffic volume (see guidance on page 48
Separated Bike Lane		• Typically used on streets with high bicycle volumes and high motor vehicle volumes • Planters, concrete medians, parked cars, or other barriers provide physical separation and improve comfort and safety • Buffers should be at least three feet wide • A one-directional bike lane should be a minimum of 4.5 feet wide; a two-directional bike lane should be a minimum of 10 feet wide

4.2 RECOMMENDED TRAIL AND BIKEWAY NETWORK

The recommended trail and bikeway network consists of low-stress bikeway facility recommendations to fill critical gaps in the County's trail network. "Backbone" routes along rural county highways were also recommended to improve safety and increase options for more confident recreational bicyclists.

PLANNING APPROACH

To look for ways to provide low-stress connections between the gaps in the existing trail network, the project team began by considering trail connections that were recommended in the County's Comprehensive Outdoor Recreation Plan (CORP) or are already in development, including:

- Newton Blackmour State Trail extension into New London's Pfeifer Park.
- Proposed connection between Wiouwash State Trail and Newton Blackmour State Trail.
- Sidepath along State Highway 15 through Greenville to Hortonville.
- The trails that make up the current and in-development "Loop the Locks" route along the Fox River in Combined Locks, Kaukauna, Kimberly, and Little Chute.
- Connection between CB Trail and CE Trail along E College Avenue (CTH CE).

Starting with these five gaps, the project team looked for roads, corridors, and public right-of-way that would provide realistic opportunities to connect them via safe and low-stress bikeways. Additional trail and bikeway recommendations were added following public input and after considering the goals of this Plan. These additional connections included:

- Trails along county highways near schools and parks where children may be present, such as Edgewood Drive (CTH JJ) near Fox Valley Lutheran High School and Plamann Park, and CTH E in Freedom (near Freedom High School and Elementary School).
- Trails along county highways with safety concerns in the urban area and with many destinations contributing to strong demand for biking and walking trips, such as Northland Avenue (CTH OO) and Washington Street (CTH N).

After presenting the draft recommended network to the public and the Greenway Implementation Committee for review and comment, the project team also decided to identify a "backbone" of rural county highways that should be built with wider paved shoulders which would provide a safe travel lane for recreational cyclists exploring the northern part of the County.

Figure 20 and Figure 21 show the recommended trail and bikeway network for the entire County and an inset of the Fox Cities area.

"I AM NOT A HUGE FAN OF BIKE TRAILS ALONG BUSY HIGHWAYS,

but it sounds like the goal of this project is to create a connected trail network and safer infrastructure for walking and biking on county highways. If that is accurate, then the goal has been accomplished by this plan!"

--Appleton resident, commenting on the draft recommendations

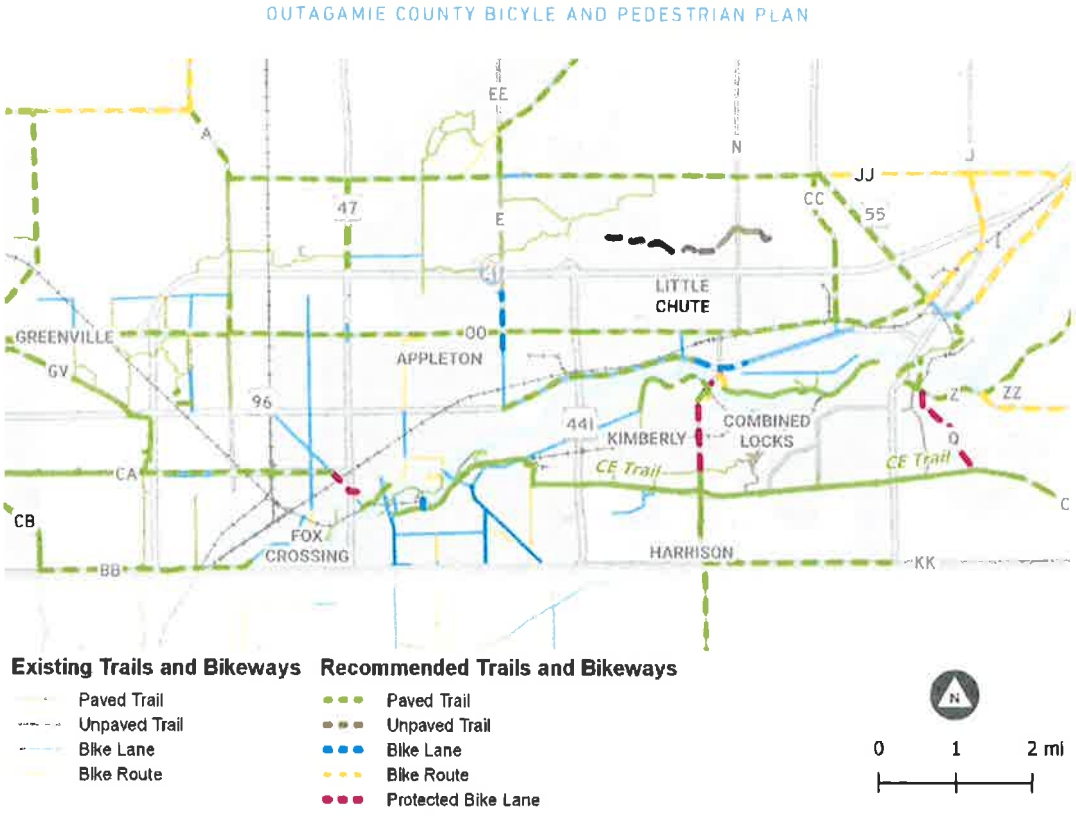

Figure 21. Recommended Trails and Bikeways, Inset of the Fox Cities area

4.3 HIGHWAY SAFETY PRIORITY AREAS

Highway Safety Priority Areas (HSPAs) are locations where the County should prioritize pedestrian and bicycle infrastructure and ensure that walking and biking facilities are provided. Locations selected as HSPAs will need follow-up studies that consider vehicle speeds, traffic volumes, available right-of-way, and expected users to determine the best facility type or facility improvements for the location.

In HSPAs, the County should use the typical cross sections shown in the next section when planning for and designing repaving and reconstruction projects along county highways. The recommended HSPAs for Outagamie County are shown in Figure 22 and Figure 23.

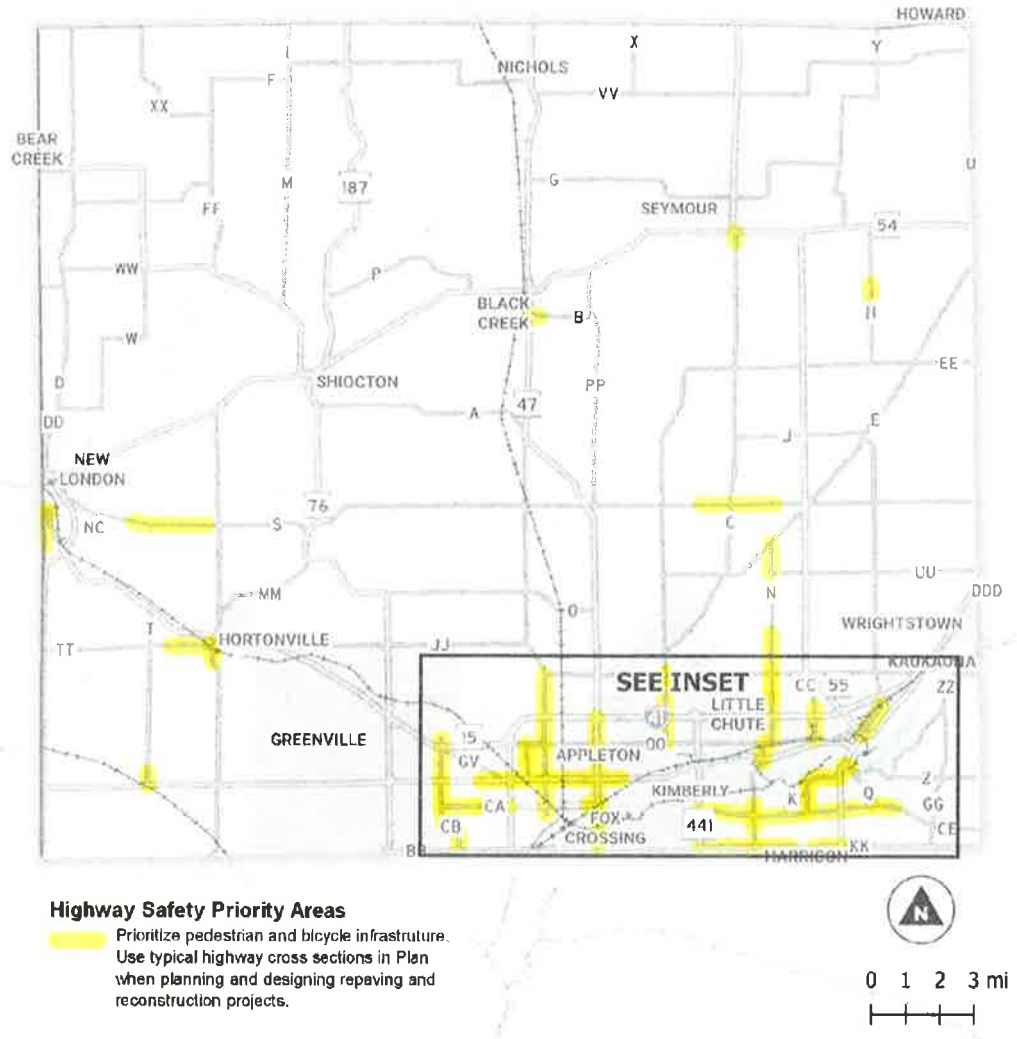

Figure 22. Recommended Highway Safety Priority Areas in Outagamie County

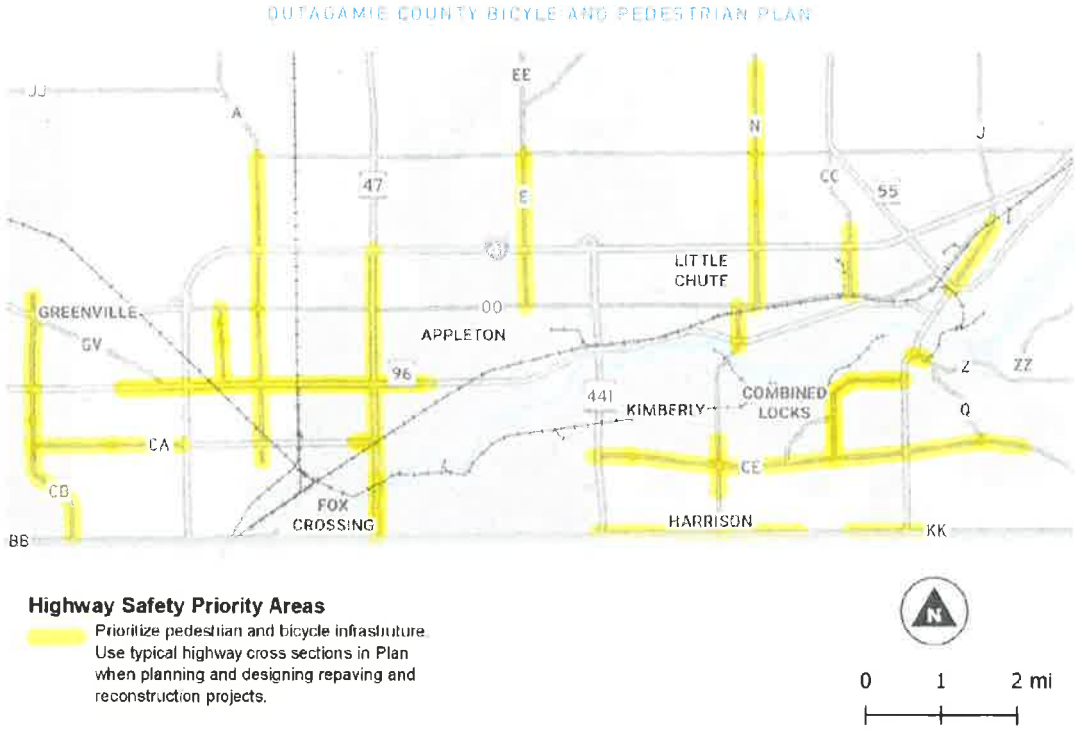

Figure 23. Recommended Highway Safety Priority Areas, Inset of the Fox Cities area

Areas were designated as HSPAs if they had either of the following factors present:

- **The highway segment had at least one bicycle or pedestrian crash between 2017 and 2021.** Segments were measured up to one mile in each direction from a crash. If the crash occurred at an intersection with another US, state, or county highway, the segment extended one mile in both directions.
- **The segment is in an area with "medium-to-high" bicycling and walking trip potential.**

Once these two factors were applied, the project team manually adjusted them to create logical project corridors. If a highway passed through areas with both medium trip potential and low trip potential, the entire segment was determined to be a HSPA instead of leaving gaps.

In addition to the county highways, the following three state highways were identified as highway safety priority areas because they have high rates of bicycle and pedestrian crashes in addition to high walking and biking trip potential: STH 47/Richmond Street, STH 96/Wisconsin Avenue, and STH 125/W College Avenue. The County does not have jurisdiction over these highways but should work with WisDOT to pursue grants and other initiatives to improve safety for bicyclists and pedestrians on those corridors.

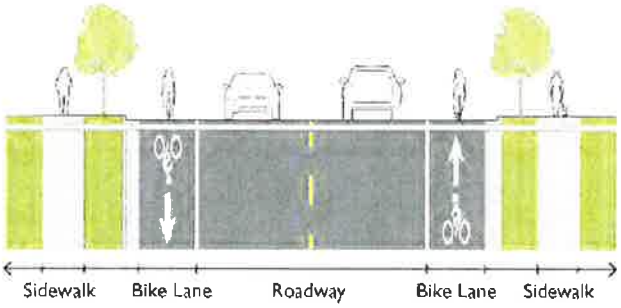
4.4 TYPICAL HIGHWAY CROSS SECTIONS FOR HIGHWAY SAFETY PRIORITY AREAS

The American Association of State Highway and Transportation Officials (AASHTO) *Policy on Geometric Design of Highways and Streets*—commonly referred to as the "Green Book"—is considered to be the foremost guide to highway and street design. The 2018 edition of the AASHTO Green Book established five context classes for geometric design - three for urban areas and two for rural areas. The selection tools and cross sections in this chapter are aligned with these context classes:

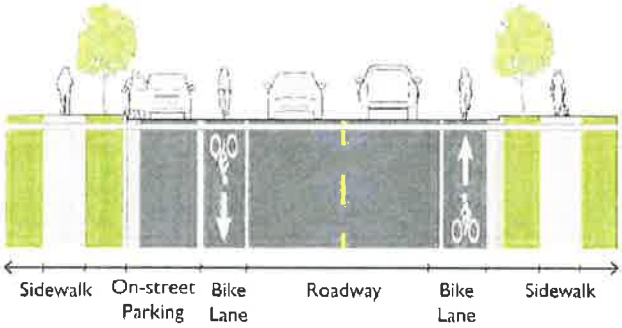
- Urban areas, including Urban Core, Urban, and Suburban contexts
- Rural areas, including Rural Town and Rural contexts

The following section includes overviews of different county highway configurations for both urban and rural contexts. The cross-section diagrams and guidance are meant for Outagamie County staff to use as a quick reference when planning for and designing repaving and reconstruction projects along county highways. They are also meant to provide the County with the tools to communicate alternatives with the public in the early stages of planning, estimating, and scoping for future highway projects.

Figure 24. Main Street in Little Chute is a connecting state highway (STH 96) that is designed to slow motor vehicle traffic and make walking safe and enjoyable.



County Highways in Urban Context (including Urban Cores, Small Cities and Villages)



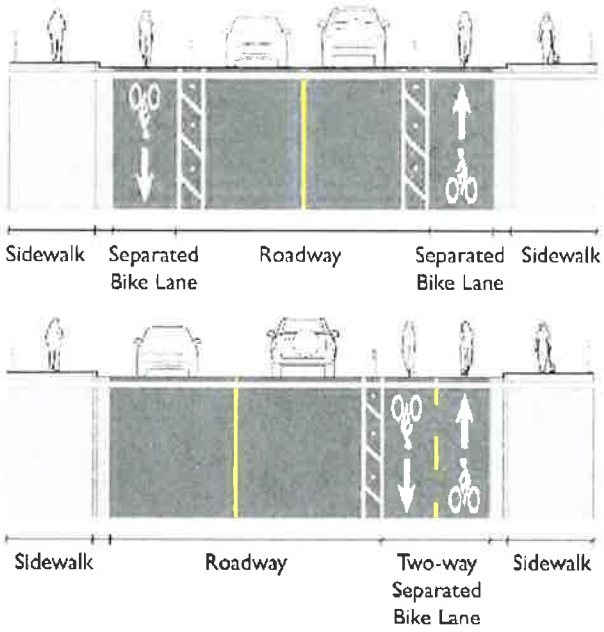
Motor vehicle speeds and volumes:

- Speeds of 25 mph or less
- Average Daily Traffic (ADT) is under 15,000 vehicles

Facilities for people walking:
Sidewalks provide a dedicated place for people walking. Sidewalks are recommended on all urban streets, including streets in small cities and villages.

Facilities for people biking:
Bike lanes provide a dedicated space for people biking on streets with low-to-moderate traffic speeds and volumes.

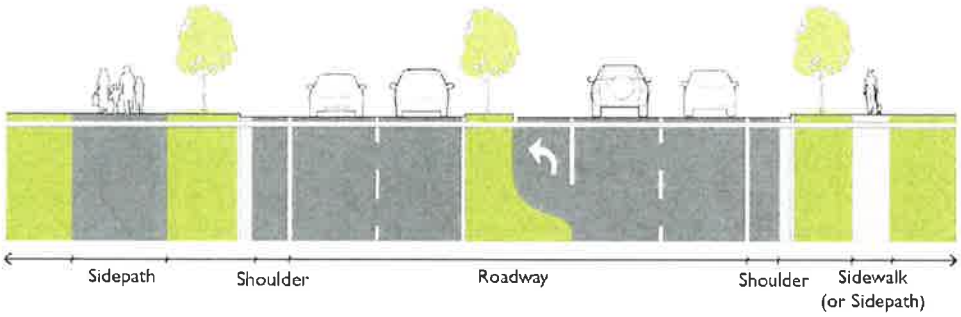
Design considerations	**Sidewalks:** Sidewalks along downtown main streets should be at least 6 ft wide (8-10 ft preferred). **Bike Lanes:** Visually narrowing traffic lanes by adding bike lanes can improve safety for all road users by encouraging drivers to slow down. *FHWA's Small Town and Rural Multimodal Networks* guide provides detailed guidance on designing and marking bike lanes.
Acceptable modifications	A painted buffer of 1-2 feet between the bike lane and the motor vehicle traffic lane is preferred where speeds are over 25 mph or ADT is over 6,000 ADT.
Implementation	Where speed limits on the existing highway are higher than 25 mph, reduce speed limits and use design to lower traffic speeds such as lane narrowing, curb extensions, or median islands. It may be possible to implement bike lanes through roadway reconfigurations ("road diets"). Road diets that reduce streets four-to-three motor vehicle lanes should be considered for roadways with less than 20,000 ADT and, in some cases, up to 25,000 ADT. Road diets have been proven to increase safety by reducing vehicle speeds and rear-end crashes. If a road diet is not possible, it may be possible to implement bike lanes by removing on-street parking from one or both sides of the roadway and reducing lane widths. Motor vehicle travel lanes can be 10 to 11 ft, depending on the types of vehicles using the road. If on-street parking is to be removed, the County will strive to remove it from only one side.
Potentially suitable routes	• Nash Street (CTH M) in Hortonville • Mill Street (CTH T) in New London



County Highways along Gaps in Priority Trail Network

Motor vehicle speeds and volumes:

- Speeds of 35 mph or less
- Average Daily Traffic (ADT) is over 5,000 vehicles



Facilities for people walking:
Sidewalks provide a dedicated place for people walking. Sidewalks are recommended on all urban streets.

Facilities for people biking:
Not all county highways in urban cores need separated bike lanes. That said, some county highways in urban cores provide a critical connection between priority trails. For these areas, county highways can be re-built to provide a low-stress bikeway connection. Separated bike lanes are recommended in these locations.

Design considerations	**Sidewalks:** Sidewalks along downtown main streets should be at least 6 ft wide (8-10 ft preferred). **Separated Bike Lanes**: FHWA's *Separated Bike Lane Planning and Design Guide* offers detailed planning and design guidance. Consider protected intersections for separated bike lanes. Providing a two-way separated bike lane or side path on one side of a street introduces a counterflow movement for bicyclists, which can be challenging to accommodate. Safety countermeasures are needed to manage conflicts at intersections and driveways, and special signals and signal phasing treatments will be required.
Acceptable modifications	Bike lanes or buffered bike lanes may also be preferable to standard bike lanes in locations that do not fill gaps between priority trails.
Implementation	It is preferable to implement bike lanes through roadway reconfigurations ("road diets"). Road diets that reduce streets four-to-three motor vehicle lanes should be considered for roadways with less than 20,000 ADT and, in some cases, up to 25,000 ADT. Road diets have been proven to increase safety by reducing vehicle speeds and rear-end crashes. If a road diet is not possible, it may be possible to implement bike lanes by removing on-street parking from one or both sides of the roadway and narrowing lane widths. Motor vehicle travel lane widths can be 10 to 11 ft, depending on the types of vehicles using the road. If on-street parking is to be removed, the County will strive to remove it from only one side.
Potentially suitable routes	• Washington Street (CTH N) from the Fox River to E College Ave (CTH CE) • Hillcrest Drive (CTH Q) from Cleveland Avenue to CE Trail

County Highways in Suburban Context

Motor vehicle speeds and volumes:

- Speeds of 35 mph or more
- Average Daily Traffic (ADT) is over 6,000 vehicles

Facilities for people walking:

Pedestrians should be expected and accommodated on both sides of urban streets--including suburban throughfares--with either sidewalks or sidepaths.

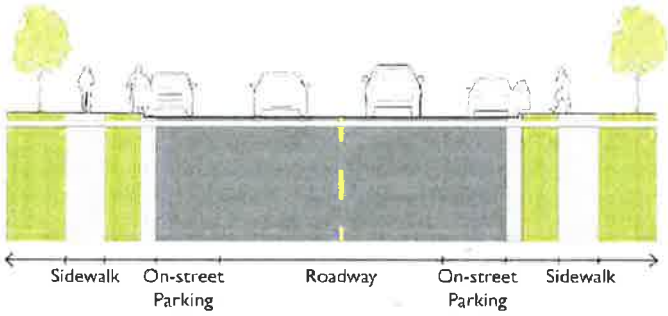
Facilities for people biking:

Sidepaths are recommended on urban and suburban streets with high traffic speeds and volumes over 6,000 ADT.

Design considerations	Sidepaths require ample right-of-way to provide for separation and pathway area outside of the adjacent roadway. Preferred minimum separation width is 6.5 ft, although a physical barrier between the path and the roadway will allow for a narrower separation distance. Operational and safety concerns exist where sidepaths cross driveways and intersections. Combine driveways and access points to reduce the number of turning conflicts with sidepath users. At road crossings along higher-speed, higher-volume roadways, sidepaths may need to shift as far as 16-24 ft from the adjacent street. See FHWAs *Small Town and Rural Multimodal Networks* and the AASHTO *Bike Guide* for design strategies. If a sidepath is provided on only one side of a roadway, special attention needs to be provided for safe bicycle crossing infrastructure.
Implementation	It may be possible to gain space for sidewalks and sidepaths through roadway reconfiguration ("road diet"). Suburban multi-lane arterial corridors have high crash rates for all users due to high vehicle speeds. The County should rethink how these types of roads are designed, focusing on supporting both the transportation needs and adjacent land uses. ITEs *Designing Walkable Urban Thoroughfares: A Context Sensitive Approach* explains how land use planning can support corridor plans and provides detailed design parameters for suburban urban corridors. Certain types of federal funding may be appropriate for planning and designing pedestrian and bicycle infrastructure on corridors with high crash rates. More information about federal funds is in the Chapter 5.
Potentially suitable routes	• CTH N from E College Avenue (CTH CE) to Calumet Street (CTH KK) • W Edgewood Drive (CTH JJ) from Lynndale Drive (CTH A) to STH 47 • W College Avenue (CTH CA and STH 125) from the airport to Badger Avenue

County Highways in Rural Villages and Town Centers with Low Traffic and Low Speeds

Motor vehicle speeds and volumes:



- Speeds of 25 mph or less
- Average Daily Traffic (ADT) is under 3,000 vehicles

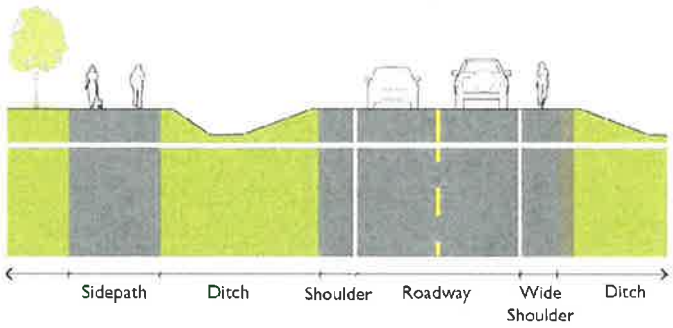
Facilities for people walking:

Sidewalks provide a dedicated place for people walking. Sidewalks are recommended on all streets in built-up areas, including rural town community centers.

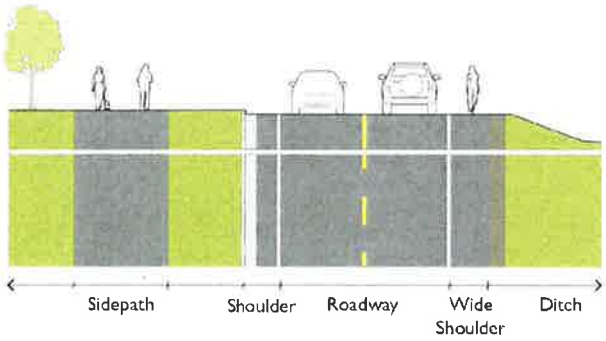
Facilities for people biking:

Dedicated bicycle facilities are not needed on streets with low traffic volumes and low speeds, but shared lane markings and Bikes May Use Full Lane signs can be used to let drivers know to expect bicyclists.

Design considerations	To encourage drivers to reduce their speeds as they enter rural villages, the County should consider graduated speed decreases, and installing gateway treatments or other traffic calming tools such as lane narrowing through curb extensions or median islands, roundabouts, or driver speed feedback signs.
Acceptable modifications	Sidewalks should support land uses along the street and, as such, may only be necessary on one side of the street if destinations are only on one side of the street. In a situation like this, special attention needs to be provided for safe pedestrian crossing infrastructure. On-street parking may not be necessary on one or both sides of the street due to adjacent land uses or low demand.
Implementation	Add sidewalks in Highway Safety Priority Areas when highways are reconstructed or pursue federal funding for high-priority locations. Encourage or require sidewalks along county highways as part of subdivision regulations. Depending on available right-of-way, property may have to be purchased or easements granted to build sidewalks.
Potentially suitable routes	• CTH F in Nichols • CTH T in Dale • CTH M in Medina



County Highways in Rural Town Centers with Higher Speeds near Schools and Parks

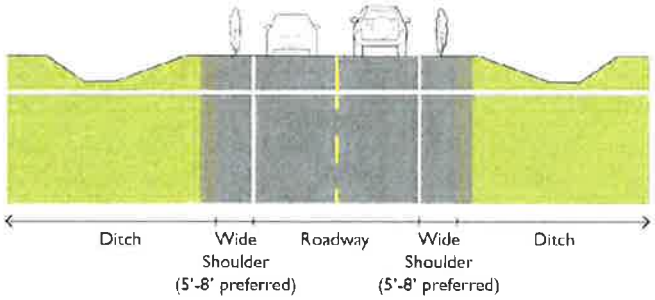


Motor vehicle speeds and other characteristics:

- Speeds of 35 mph to 55 mph
- No curb and gutter on existing road
- Where children may be present (routes to schools and parks)

Facilities for people walking and biking:

In newer residential areas in towns where the county highway has higher speeds and lacks curb and gutter, a sidepath can maintain rural character and is more appropriate for children than a paved shoulder. Wide shoulders can provide dedicated space for more confident bicyclists.



Design considerations	A sidepath on a rural highway requires a wide roadside environment (typically at least 30 feet from the edge of the traveled way) to allow for a 10 ft pathway outside the ditch. Adding curb and gutter may be necessary to fit the sidepath within the public right-of-way. If curb and gutter infrastructure will be installed as part of highway reconstruction, a smaller roadside environment is required. It is recommended to have provide a pedestrian facility on both sides of the road (sidewalks and/or sidepath). *FHWA's Small Town and Rural Multimodal Networks* guide provides additional guidance on designing sidepaths, with attention to intersection treatments that increase safety.
Acceptable modifications	Sidewalks should support land uses along the street. As such, sidewalks may only be necessary on one side of the street if destinations only exist on one side of the street. In a situation like this, special attention needs to be provided for safe pedestrian crossing infrastructure.
Implementation	Add sidewalks in Highway Safety Priority Areas when highways are reconstructed or pursue federal funding for high-priority locations. Encourage or require sidewalks along county highways as part of subdivision regulations. Depending on available right-of-way, property may have to be purchased or easements granted to build sidepaths.
Potentially suitable routes	• CTH E in Freedom between STH 55 and Freedom Elementary school • Edgewood Drive (CTH JJ) between Lightning Drive and N Cherryvale Avenue

Rural Highway where Bicyclists Expected (Bike Routes)

Motor vehicle speeds and other characteristics:

- Speeds of 45 mph to 55 mph
- Average Daily Traffic (ADT) is between 1,000-8,500 vehicles
- Outside built-up areas where no pedestrians are expected
- Where confident bicyclists are expected

Facilities for people biking:

- Along popular bike routes, paved shoulders provide a dedicated space for confident bicyclists. Bicyclists need a **minimum** of 4 ft of usable or effective paved shoulder width (not including rumble strips) when traffic volumes exceed 1,000 ADT.
- **Preferred** paved shoulder widths on bicycling routes (exclusive of rumble strips) are wider than the 4 ft minimum, and increase as traffic volume increases:
  - Where ADT is 1,000-2,000: preferred paved shoulder width 5 ft
  - Where ADT is 2,000-3,000: preferred paved shoulder width is 6.5 ft
  - Where ADT is 3,000-6,000: preferred paved shoulder width is 7 ft
  - Where ADT is 6,000 to 8,500: preferred paved shoulder width is 8 ft

Design considerations	*FHWA's Small Town and Rural Multimodal Networks* guide provides detailed guidance on designing paved shoulders for people biking. It may be appropriate to install rumble strips near the edge lines along rural high-speed highways. Refer to WisDOT's *Facilities Design Manual* section 11-15.8.1.2.2 for detailed guidance on when rumble strips are appropriate. With a 5-foot or more paved shoulder, the Type 1 shoulder rumble strips in the FDM's Standard Detail Drawing will provide the minimum 4 ft of usable space for bicyclists.
Acceptable modifications	In constrained locations where pavement width is limited, consider providing a wider shoulder on only one side of uphill roadway sections to give slow-moving bicyclists additional maneuvering space, reducing conflicts with faster motor vehicle traffic.
Implementation	Add paved shoulders when highways are reconstructed. Retrofitting highways with paved shoulders during highway repaving may also be possible in some locations.
Potentially suitable routes	• CTH MM between Hortonville and Stephensville • CTH Z east of Kaukauna

4.5 POLICY AND PROGRAM RECOMMENDATIONS

Outagamie County policies and programs are key ingredients to creating a place where walking and bicycling are connected, safe, and convenient. Policies institutionalize and standardize the construction of infrastructure and inform how this Plan will be implemented. The following are a set of policy and program recommendations that can help Outagamie County implement the Plan's vision and goals.

The policy and program recommendations are divided into six categories for organizational purposes. With that said, as policies and programs are implemented, overlap between categories is anticipated.

- Highway Department
- Development and Land Services
- Parks
- Health and Human Services
- Sheriff
- Evaluation

HIGHWAY DEPARTMENT

The Outagamie County Highway Department constructs and maintains the county trunk highway system. They provide roadway maintenance and construction services to the State of Wisconsin and local municipalities for state highways and local road systems. They also plan, program, and implement necessary county trunk highway improvements to efficiently accommodate traffic demand. Historically, most of the Highway Department's efforts have focused on creating safe and efficient roads for moving vehicular traffic.

The following recommendations are intended to help the Highway Department standardize their approach to designing multimodal facilities for people bicycling and walking. They are also intended to identify where these accommodations are most needed. Priority recommendations are identified with a star: ★

Highway Recommendation	Description
★ Refer to HSPAs, the priority trail connections, and the typical cross section guidance in the Plan during highway reconstruction and repaving projects.	This Plan identifies Highway Safety Priority Areas (HSPAs) that are County highway segments which are more likely to be used by people walking and biking. The Plan also identifies priority trail connections along some County highways. As HSPAs are repaved, rehabilitated, or reconstructed, the County should consider the typical cross sections and guidance to communicate with the public and elected officials about possible multimodal alternatives. Where a low-stress bikeway or trail is recommended for a priority trail connection along a county highway, the County should attempt to build bikeways that are comfortable for all ages and abilities.
★ Update Administrative Rule 10-02 (AR10-02).	AR10-02 was created in 2010 to limit the County's financial risk for the capital and maintenance costs of urban highway improvements within County highway right-of-way and related construction projects. This policy has resulted in many pedestrian and bicycle projects getting implemented with a local, instead of regional, focus, resulting in a disjointed network. AR10-02 should be updated to allow more flexibility to fund priorities identified in this Plan while still limiting the County's financial obligations for funding and maintaining projects that benefit individual municipalities.[15] This change will increase the cost of highway reconstruction and repaving projects to the County as the cost of multimodal elements will now be shared instead of borne entirely by the municipality.

[15] More information and specific recommended language for updating AR10-02 can be found in a 2022 memo written as part of the ECWRPC Technical Assistance program available for request from Development and Land Services

Highway Recommendation	Description
★ Apply for a Safe Streets and Roads for All (SS4A) Implementation Grants.	Safe Streets and Roads for All (SS4A) is a new federal funding progam to address roadway safety issues. As of July 2023, ECWRPC is in the process of developing a safety action plan for the Appleton (Fox Cities) urbanized area which will allow Outagamie County to apply for implementation grants under this program: there is substantial funding available through 2028. Some county highways in the urbanized area that have high crash rates and lack sidewalks, bicycle facilities or safe crossing infrastructure may be good candidates for SS4A implementation grants.
★ Pursue grant funding sources for pedestrian and bicycle facilities.	Identify and coordinate funding for pedestrian and bicycle facilities across departments as appropriate. Federal and state transportation grants for bicycle and pedestrian facilities typically require the County to pay a 20% local match. Pursue federal, state, and regional grants, such as those identified in Chapter 5.
Support communities in building Safe Routes to School (SRTS) infrastructure on County highways.	Many schools are located along county highways in Outagamie County, which means that students and families need to travel on or across these roads to get to and from school. Many schools in the County have worked with ECWRPC to create SRTS infrastructure plans with focused project lists. Outagamie County should support planning and implementation of SRTS projects along county highways or within the county right-of-way.[16]
Implement safety infrastructure consistent with current design guidance and standards.	Design guidance provides direction and detailed specifications for building comfortable pedestrian and bicycle facilities, as well as other street design treatments intended to improve safety and accessibility. The County should ensure that it is following best practices and utilizing current design guidance available, including: • **FHWA *Guide for Improving Pedestrian Safety at Uncontrolled Crossing Locations*** provides specific crosswalk safety treatments for different road contexts (see Figure 2). • **FHWA *Proven Safety Countermeasures initiative* (PSCi)** is a collection of 28 recommended countermeasures and strategies that research has found reduce roadway fatalities and serious injuries. There are eight measures specific to bicyclists and pedestrians. • **FHWA *Small Town and Rural Multimodal Networks*** guide is a design resource to help small towns and rural communities support walking and biking. **National Association of City Transportation Officials (NACTO)** design guidance offer insights and direction on topics specific to urban streets such as bikeways, intersection geometry, pedestrians, transit, and stormwater.[17]

[16] A list of the ECWRPC SRTS plans can be found at https://eastcentralsrts.org/local-programs

[17] https://nacto.org/program/design-guidance/

DEVELOPMENT AND LAND SERVICES

Land use policies and community and economic development efforts can help guide the planning and construction of bikeways and sidewalks, both through new development, and through planning and coordination with other agencies. The following recommendations focus on ways to institutionalize walking and biking into Outagamie County's development policies and programs.

Development and Land Services Recommendations	Description
★ Pursue grant funding sources for pedestrian and bicycle facilities.	Identify and coordinate funding for pedestrian and bicycle facilities across departments as appropriate. Federal and state transportation grants for bicycle and pedestrian facilities typically require the County to pay a 20% local match. Federal and state recreation grants for trails typically require a 50% match. Pursue federal, state, and regional grants, such as those identified in Chapter 5.
★ Adopt this Plan as an addendum to the Comprehensive Plan.	The Comprehensive Plan 2040[18] sets forth a vision, goals, recommendations, data, graphics, and maps related to housing, transportation, economic development, and natural resources (among others), which guide public land use, development, and infrastructure policy. The Comprehensive Plan identifies a suite of transportation projects that include pedestrian and bicycle components throughout the County. Adopting this Plan as an addendum to the Comprehensive Plan would allow these two efforts to be formally connected and ensure that the recommendations provided in this Plan apply to planning decisions made.
Review and update County subdivision regulations to better support connectivity and mobility for people walking and biking.	County subdivision regulations should be reviewed and, if needed, updated to improve outcomes for people walking and biking. Potential updates may pertain to the following, among other topics: • Street connectivity requirements and language that discourages cul-de-sacs. • Requiring sidewalks on both sides of collectors and arterials, and on at least one side of local streets. • Minimum widths for sidewalks and paths (consider 5' minimum width for sidewalk and 11' minimum width for paths). • Requiring commercial developments to have internal pedestrian walkways and connections to adjacent sites.
Explore the need for, or interest in, establishing Complete Streets policy guidance (e.g., best practices) for the County or local municipalities to use if they choose.	Complete Streets policies help guide design decisions to ensure that new streets and street reconstructions provide people walking and biking with safe, comfortable, and connected, facilities. Having an Outagamie County-specific Complete Streets guidance document would show stakeholders that the County is committed to improving its roadways for people walking and biking. It would help to ensure that future improvements are built in a way that supports active transportation use.[19]

Development and Land Services Recommendations	Description
Increase areas of focus and scope for the Greenway Implementation Committee.	The Greenway Implementation Committee has provided oversight and guidance for the development of this Plan and oversees the selection of grants awarded under the Outagamie County Greenway Implementation Fund. Consider involving the Committee in the following areas: • Provide input on projects in the Capital Improvement Program, including county highway reconstruction projects. • Review county grant applications related to bicycle or pedestrian facilities (prior to County Board approval).
Review and Evaluate Greenway Fund evaluation matrix and policies.	The Outagamie County Greenway Fund provides annual matching grants to help local units of government develop greenway networks that are regional in nature. The County, in collaboration with its Greenway Implementation Committee, should review and evaluate the current grant evaluation matrix and existing policy guidelines to determine if potential changes are needed to align with this Plan. At a minimum, the policy guidelines for the Greenway Fund should be updated to ensure that the County is only funding projects that are recommended in this Plan (or that have a strong nexus with projects listed in this Plan). Scoring criteria could also be updated, so that they align with the three goals of this Plan: • *Increase Walking and Biking.* Projects located in or near areas with high population would be given more points. • *Prioritize Safety.* Projects addressing safety concerns on or near roads with high speeds or traffic volumes would be given more points. • *Promote Equity.* Projects located in areas with in the top 30% of the ECWPRC community stress index would be given more points.
Partner with the Fox Cities Convention & Visitors Bureau and other municipalities to routinely update the printed map of trails in the area.	Providing printed maps of the trail network is one way to increase walking and biking by making the trail and bikeway system user-friendly, accessible, and easy to navigate. The Trails of the Fox Cities maps and brochures that are available in bike shops and in the Development and Land Services office are out of date, and do not reflect the many miles of trails and bikeways that have been constructed in recent years.
Continue internal staff coordination to provide interdepartmental feedback on upcoming infrastructure and policy projects.	The Outagamie County Bicycle and Pedestrian Plan recommendations, project list, and actions need to be kept alive and continually referenced as Outagamie County staff go about their day-to-day work. A regular meeting and cross-department group should be established to check in on plan progress, communicate about upcoming opportunities to implement pieces of the plan, and maintain momentum on plan actions.

PARKS

The Outagamie County Parks Department maintains several trails in Outagamie County, amounting to 40 miles of trail, including the CE Trail, the Newton Blackmour State Trail, and Wiouwash State Trail.

Maintenance such as brush clearing and mowing of these trails is mostly performed by Parks staff. The County has a snow-removal agreement with some local municipalities for the CE Trail. No other paths are plowed. The Parks department also oversees the acquisition of new land for conservation and recreation throughout the County.

Parks Recommendation	Description
Begin a cross-agency discussion about land acquisition strategies that may be needed to create a complete pedestrian and bicycle network in Outagamie County.	Wisconsin State Statute 32.015 prohibits using eminent domain for bicycle and pedestrian ways, although public agencies can still negotiate land purchases from willing property owners. Outagamie County should convene a group of internal staff and external stakeholders, including the Community Foundation of Fox Valley and Fox Valley Greenways to begin a discussion on this topic, identify opportunities and constraints, and start to create a consistent path forward when situations present themselves or when property acquisition is needed. More details and resources for these discussions can be found in the Implementation Chapter and in the Rail-to-Trails Conservancy's TrailNation Playbook.[20]
★ Develop a strategy and structure for assigning maintenance responsibilities for recreational trails in rural areas.	Different organizations are best suited for certain types of maintenance, and efficiencies can be gained by having the most appropriate and experienced group(s) do an agreed upon scope of work to maintain pedestrian and bicycle facilities. The spotlight on the following page shows an example of how maintenance responsibilities could be assigned by location and by maintenance type. Outagamie County could request assistance from ECWRPC in conducting a study and developing a strategy.
★ Pursue grant funding sources for pedestrian and bicycle facilities.	• Identify and coordinate funding for pedestrian and bicycle facilities across departments as appropriate. Federal and state recreation grants for trails typically require the County to pay a 50% local match. • Pursue federal, state, and regional grants, such as those identified in Chapter 5.

Recommendation Spotlight: Assigning Maintenance Responsibilities

Different organizations are best suited to certain types of maintenance. Major maintenance (such as pavement patching, crack sealing, or bridge/culvert repairs) are best left to agencies such as the County's Highway Department and municipal public works departments. Tasks such as mowing and snow removal along paths can be performed by groups that typically perform similar work in parks or other public properties. Day-to-day maintenance such as litter removal and general upkeep can be assigned to volunteer organizations, such as a "Friends" groups, scouts, service organizations, and other non-specialized labor.

The table below shows an example of how maintenance responsibilities could be assigned by location and maintenance type.

	Major maintenance Patching, crack sealing, striping, sign replacement on an as-needed basis. All paths should be inspected biannually for maintenance needs and to ensure ADA compliance.	**Intermediate maintenance** Mowing on a biweekly or monthly basis, tree trimming as needed to maintain clearances, snow plowing of priority paths within 48 hours of snowfall.	**Day-to-day maintenance** Daily or weekly volunteer patrols with ongoing litter removal. Groups should report pavement, signage, and vegetation maintenance needs to appropriate agencies.

Paths along municipal roadways	Municipality	Municipality	Volunteer groups
Paths in independent alignments (e.g., former railroad)	Parks division*	Parks division*	Volunteer groups

HEALTH AND HUMAN SERVICES

County health departments are skilled in creating coalitions that work collaboratively across private and public agencies to promote healthy living. The County's Health and Human Services Department staff can focus on efforts to promote walking and biking, especially as part of efforts to improve residents' mental health.

Health and Human Services Recommendation	Description
Partner with ECWRPC and local hospitals or healthcare organizations to add wayfinding signage on trails and bikeways.	Providing wayfinding signage on bikeways is one way to increase walking and biking by making the trail and bikeway system user-friendly, accessible, and easy to navigate. ECWRPC and the Winnebago County Health Department successfully implemented wayfinding signage on their trails with funds from Affinity Health Systems.
Support walk and bike safety education for children.	Coordinate with ECWRPC and school districts throughout Outagamie County to support programs that educate children on how to walk and bike safely, such as "bike rodeos" or education programs in school.
Encourage local healthcare organizations to promote walking and biking.	The Outagamie County Health Department could consider convening a coalition or initiative to highlight the health benefits of walking and biking—both for fitness and mental health. One way to promote walking and biking could be to organize regular events (such as "Walk with a Doc").

SHERIFF

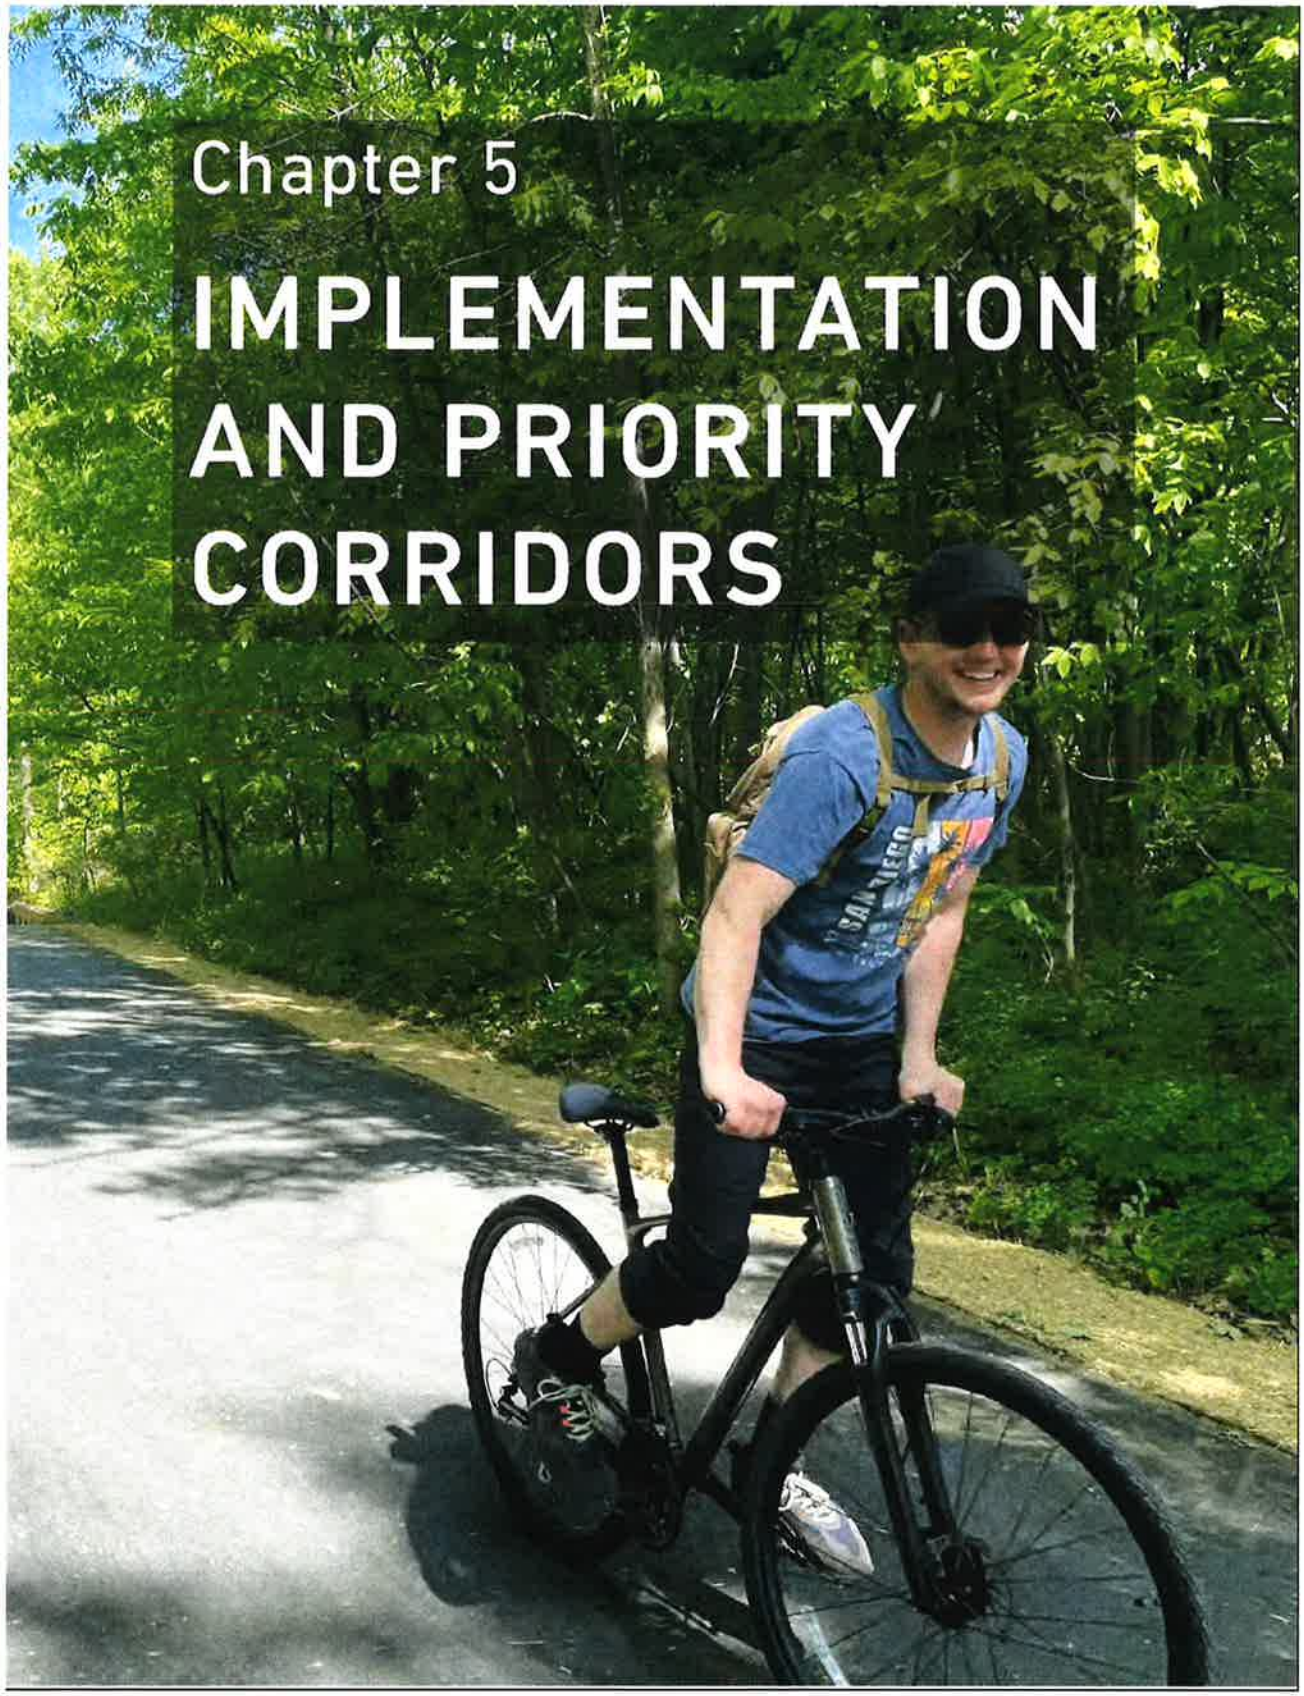
Enforcement can play a role in both *educating* road users of all types about how to legally use the road network and *enforcing* rules and regulations. The following recommendations highlight a few ways that the County Sheriff can support people walking and biking in Outagamie County.

Sheriff Recommendation	Description
Enforce posted speed limits.	The Outagamie County Sheriff should continue to enforce speed limits throughout the County, particularly in school zones, near trail crossings, and in areas where pedestrians are expected.
Enforce crosswalk yield laws.	The Outagamie County Sheriff should consider crosswalk enforcement to educate motorists about pedestrian right of way at key trail crossings and crosswalks.
Publicize enforcement efforts.	The Outagamie County Sheriff should work with local news agencies to publicize traffic enforcement efforts before the enforcement to raise awareness of traffic safety and compliance with traffic laws.

EVALUATION

As Outagamie County builds new trails and installs sidewalks and bikeways, it will be essential to track its successes and, potentially, failures to ensure that progress is moving in the desired direction. The recommendations below focus on evaluation program tasks that will help the County measure the impact of newly built projects, assess current roadway safety, and allow residents to report their own experiences to the County.

	Evaluation Recommendation	Description
	Conduct pre- and post-implementation studies of pedestrian and bicycle projects.	As new pedestrian and bicycle facilities are built, the County should work with ECWRPC to conduct pre- and post-implementation studies of new projects to gauge use, safety benefits, and other measures of effectiveness.
★	Track miles of trail connections.	The County can keep track of the implementation of this Plan by tracking the number of miles of "priority trail connections" that have been built to date.
	Track trail user counts.	The County can keep track of whether usage is increasing on trails by working with ECWRPC to implement a trail user count program for both new and existing trails in the County.
★	Track bicycle and pedestrian crash data.	Use the state crash database to annually review crashes flagged as "bicycle" or "pedestrian" in the County and take a multi-disciplinary approach to addressing intersection concerns or problem areas as appropriate. Identify if any crash locations align with planned bicycle or pedestrian projects to help support project prioritization. Consider combining this effort with overall safety studies on county highways, which are already being completed.
	Track projects in equity areas.	Work with ECWRPC to identify areas of the County that are in the top 30% of community stress index and track the number of completed projects in these areas (relative to other areas).
★	Provide a tool to allow people to report issues with the walking and biking network.	People walking and bicycling in Outagamie County are best positioned to notice maintenance needs or issues on sidewalks, trails, and bikeways. The County or ECWRPC should consider providing a tool, such as a simple online form or a dedicated email address, to allow people to report issues and have them forwarded to the correct maintenance agency. The County should promptly address reported issues, as possible and practical.



Chapter 5
IMPLEMENTATION AND PRIORITY CORRIDORS

Figure 25. A teenager crosses CTH N (Madison Street) in Little Chute.

5. IMPLEMENTATION AND PRIORITY CORRIDORS

5.1 BUILDING OUT THE FUTURE TRAIL AND BIKEWAY NETWORK

The future trail and bikeway network recommended in this Plan assumes implementation over a long-term timeframe of about 20-30 years. Parts of the network may be implemented through an opportunistic approach where trail and bikeway construction occur because the County's policies trigger construction. Any time the following actions take place, the County and local municipalities should refer to infrastructure recommendations in Chapter 4 and determine whether the recommendations can be implemented as part of the project:

- Private property on a recommended trail or bikeway is subdivided or redeveloped.
- A highway or road is repaved or reconstructed.
- A bridge is replaced or rehabilitated.
- Stormwater projects are designed and built.
- Utility corridors are purchased or upgraded by non-County entities.

The County and local municipalities may also choose to implement parts of the network by dedicating funding to "incremental" improvements that are low-cost and relatively easy to implement.

Priority connections may warrant a more focused, targeted approach to implementation. For these trails and bikeways, County staff may choose to develop project-specific implementation plans that identify more specific strategies for project planning, design, and construction. Targeted implementation for priority corridors will benefit from collaboration with partners, such as local municipalities and the Community Foundation of the Fox Valley, to acquire properties and develop a strategy to fund construction.

Implementation Spotlight: Strategies for Overcoming Eminent Domain Barriers

Wisconsin State Statute 32.015 prohibits using eminent domain for new bicycle and pedestrian ways, which include sidewalks, trails, and bike lanes. A Wisconsin Appeals Court recently affirmed that sidewalks are considered "pedestrian ways" and therefore governments are prohibited from using eminent domain to condemn property for sidewalks; this case is now being appealed to the Wisconsin Supreme Court as of September 2023.

Despite the restrictions on using eminent domain, communities across Wisconsin have continued to successfully build new trails and bikeways using the following strategies.

- **Play the long game**: If your trail, sidepath, or sidewalk is in an area that may eventually be developed or redeveloped as infill, wait, and make it happen as part of the redevelopment proposal.
- **Get the public on your side**. Having early and robust public engagement to gain support for the project is important. It can be helpful to have a non-profit group (such as the Fox Cities Greenways) publicly champion the project during the early stages.
- **Talk to property owners about their concerns**. The County can still purchase property from willing sellers. Sometimes property owners are reluctant to have sidewalks, trails, or bikeways near them because of addressable concerns. Preempt concerns and turn property owners into willing sellers by scheduling one-on-one meetings with them to discuss the sidewalk, bikeway, or trail and explore possible solutions. The budget for the project can include elements like plantings and fencing.
- **Partner with a local foundation on land acquisition**: Local foundations may contact property owners and negotiate easements or sales that might be above the price that a public agency is able to pay.
- **Be persistent**: A property owner may not be on board with a bicycle or pedestrian way at first but may be later. For example, a business might state at first that they are opposed to the idea of the sale, but if the leadership of the business or other staff changes, they may feel differently after a few years.
- **Be creative**. If your approach isn't working, you may need to find new ways forward. In the case of the connection of the Glacial Drumlin State Trail from Cottage Grove to Madison, the City of Madison had to throw out their entire approach, step back from the project, and let other agencies take over.
- **Hire a real estate acquisition expert.** A real estate lawyer or expert in real estate acquisition can help negotiate unusual or alternative methods to acquire the corridor such as easements, land leases, and options to buy.

5.2 OPINIONS OF PROBABLE COST

CONSTRUCTION COSTS

The planning-level cost opinions used for the priority connections later in this chapter are based on typical per-mile cost opinions in Table 4. They are intended to provide an order of magnitude of the cost for specific facilities; more detailed cost estimates should be developed when budgeting for specific project implementation. Outagamie County can also refer to the Indiana DOT's Trails Cost Calculator, which allows users to change variables such as trail surface material, length, funding source, and terrain to develop a project-specific cost calculation.

The opinions of probable cost for most items in Table 4 were developed by identifying major pay items and establishing rough quantities to determine a rough order of magnitude cost. Additional pay items were assigned approximate lump sum prices based on a percentage of the anticipated construction cost. Planning-level cost

opinions include a 25 percent contingency to cover items that are undefined or are typically unknown early in the planning phase of a project. Unless otherwise noted, unit costs are based on 2022 dollars and were assigned based on historical cost data from WisDOT. Cost opinions do not include easement and right-of-way acquisition, installation of curb and gutter, permitting, inspection, or construction management, engineering, surveying, geotechnical investigation, environmental documentation, special site remediation, escalation, or the cost for ongoing maintenance. A cost range has been assigned to certain general categories such as utility relocations; however, these costs can vary widely depending on the exact details and nature of the work. The overall cost opinions are intended to be general and used only for planning purposes. Toole Design Group, LLC makes no guarantees or warranties regarding the cost opinion herein. Construction costs will vary based on the ultimate project scope, actual site conditions and constraints, schedule, and economic conditions at the time of construction.

The costs in Table 4 are presented in two formats:

- Stand-Alone project costs are for installing the designated facility as a standalone project, without other street construction occurring.
- Coordinated project costs are for installing the designated facility as part of a larger street project. Because certain construction activities will occur as part of a street resurfacing or reconstruction regardless of the implementation of pedestrian or bikeway facilities, those costs are removed from the costs presented below. Coordinated costs for trails were calculated based on historical data provided by Outagamie County.

Table 4. Bikeway and Trail Cost Estimates

Trail or Bikeway Type	Action	Stand-Alone Cost/Mile	Coordinated Cost/Mile
Signed Bike Route	Install new bike route signs	$6,000	$6,000
Bike Lanes	Add striping/marking	$24,000	$23,000
	Road diet	$57,000	$36,000
	Lane diet	$31,000	$23,000
	Widen roadway (5' each side)	$850,000	$436,000
Buffered Bike Lanes	Add striping/marking	$33,000	$31,000
	Road diet	$66,000	$54,000
	Lane diet	$48,000	$37,000
	Widen roadway (5' each side)	$920,000	$530,000
Protected Bike Lanes	Delineator-separated, add striping/marking	$54,000	$51,000
	Construct new, curb-separated (3' additional, each side)	$844,000	$812,000
	Intersection and signal modifications (each intersection)	$150,000	$125,000
Paved Shoulders	Build shoulders (6' each side/ add route signs)	$372,000	$243,000
Sidewalks	Construct new with curb ramps (5' width each side)	$254,000	$245,000
Trails (Shared Use Paths)	Construct new (12')		In past County projects, constructing a trail when reconstructing a highway with curb and gutter added 2-3% to the total cost.
	Urban, high complexity	$2,096,000	
	Urban, low complexity	$1,455,000	
	Rural, high complexity	$1,397,000	
	Rural, low complexity	$970,000	
	Rural, gravel	$479,000	

5.3 CORRIDOR PRIORITIZATION

Most of the infrastructure recommendations in Chapter 4 are intended to be achieved over the course of the next 20-30 years on an incremental, opportunistic basis. They are planning-level routes and concepts, meant to show a high level "educated guess" where connections are likely feasible, along with the likely bicycle facility or trail that could be provided. These recommendations are not necessarily constrained by the challenges that would become apparent in a more detailed review.

Outagamie County has a limited amount of funding with which to build new infrastructure, and limited staff time to pursue grant funding. Because of this, it is important to decide which corridors or projects should be prioritized for further project planning (which would provide a more detailed, closer review of existing conditions), design, coordination, grant applications, and county funding for construction. A data-driven prioritization process uses GIS data to score and rank projects based on objective criteria.

Throughout the development of the Plan, the project team used the three goals (Increase Walking and Biking, Prioritize Safety, and Promote Equity) to guide the recommendations and the design of the recommended trail and bikeway network. These three goals also influenced the criteria used to prioritize corridors. The criteria and scoring process are shown in Table 5.

Table 5. Corridor Prioritization Criteria

Broad Factor	Goals to Which Factor is Aligned	How this Factor is Scored	Weight
Corridor is in an area with high walking and biking trip potential.	Increase Walking and Biking Prioritize Safety	Average the trip potential score (see analysis in Chapter 3) along the corridor, then convert to points between 0-10 based on what percentile the score is in. Multiply by weight for the final prioritization score.	20%
Corridor closes a gap in the existing trail and bikeway network.	Increase Walking and Biking	The project team manually assigned trail or bikeway segments as gaps if they were between two existing trail segments. Particular attention was paid to trail gaps identified in the CORP and through public input. Projects that closed gaps received 10 points, while other projects received 0 points. These were multiplied by weight for the sum prioritization score.	35%
Corridor is along a corridor with medium to high pedestrian and bicycle crash density.	Prioritize Safety	Average the crash density score (see analysis in Chapter 3) along the corridor, then convert to points between 0 to 10 based on what percentile the score is in. Multiply by weight in final prioritization score.	30%
Corridor is in an equity priority area identified as having high stress.	Promote Equity	Average the community stress index score (see analysis in Chapter 3) along the corridor, then convert to points between 0-10 based on what percentile the score is in. Multiply by weight for the final prioritization score.	15%

5.4 TOP TEN PRIORITY CORRIDORS

After the project team reviewed the computerized scores generated through the prioritization methodology, the team consolidated the highest-scoring segments into corridors, adjusted them slightly, and ranked them in order of importance based on input from both the Greenways Implementation Committee and County staff. The resulting top ten priority corridors and projects for Outagamie County to implement are shown in the map below. They are described in more detail on the following pages.

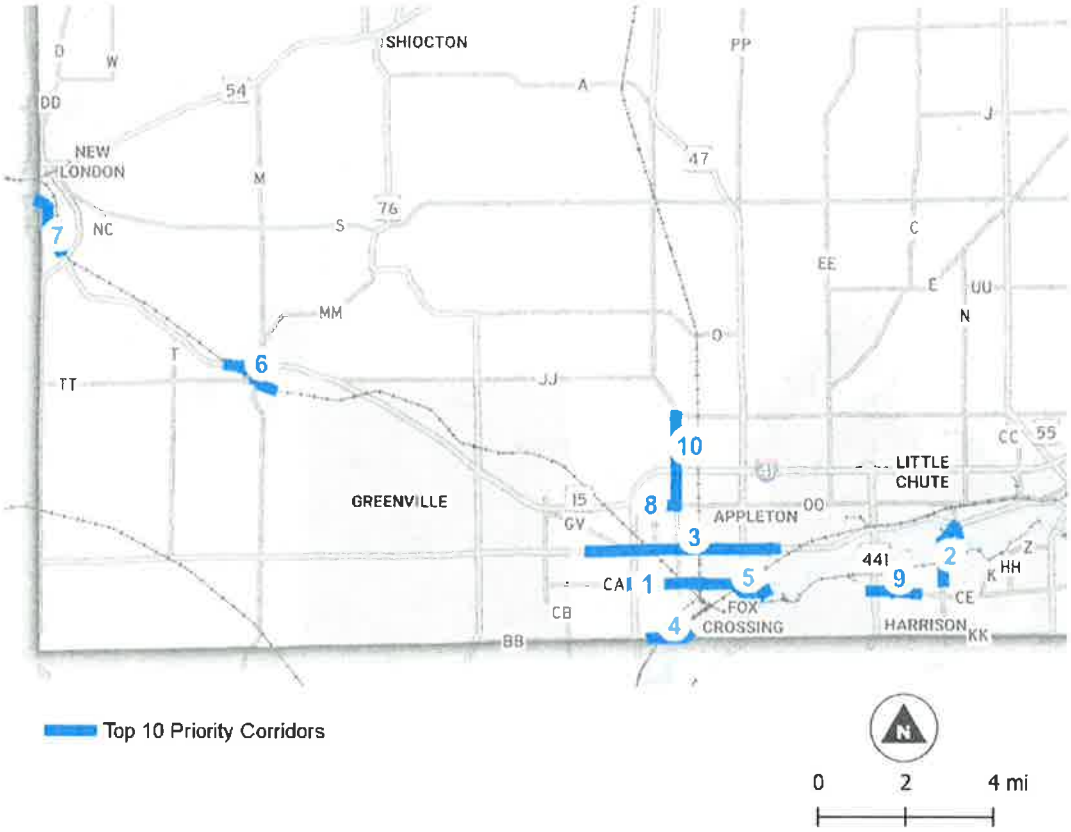


Figure 26. Top Ten Priority Corridors for Outagamie County Bicycle and Pedestrian Plan

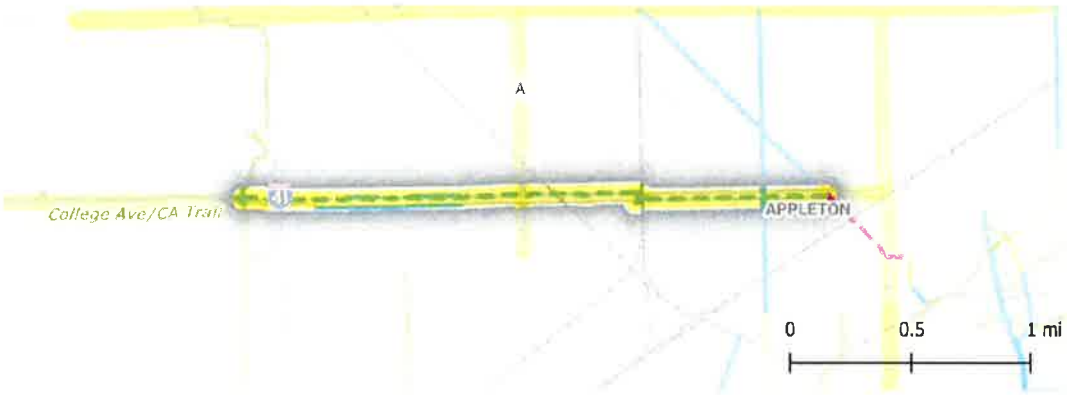


Corridor 1: W College Avenue (STH 125) from Mall Drive to Badger Avenue

Description:

W. College Avenue is identified as a Highway Safety Priority Area and should undergo a comprehensive corridor study to determine the safety concerns for bicyclists and pedestrians, and the other infrastructure needs, land uses, and opportunities along the highway. At a minimum, a sidepath should also be constructed connecting the existing paths at Mall Drive to downtown Appleton.

Recommended Actions:

STH 125 is a very short state highway and does not continue beyond the extents shown in the map below. Therefore, WisDOT may not be interested in keeping it in the state highway network. The County, the Town of Grand Chute, and the City of Appleton should discuss the possibility of a jurisdictional transfer with WisDOT. Discussion should include the possibility that WisDOT would build the recommended bicycle and pedestrian infrastructure before transferring the highway to the County, Grand Chute, and Appleton. A comprehensive corridor study would provide an opportunity for the various agencies to convene and discuss the land use contexts and infrastructure needs along the corridor and develop a report with recommendations to carry forward on future design efforts.

Corridor 1
Length: 2.52 miles

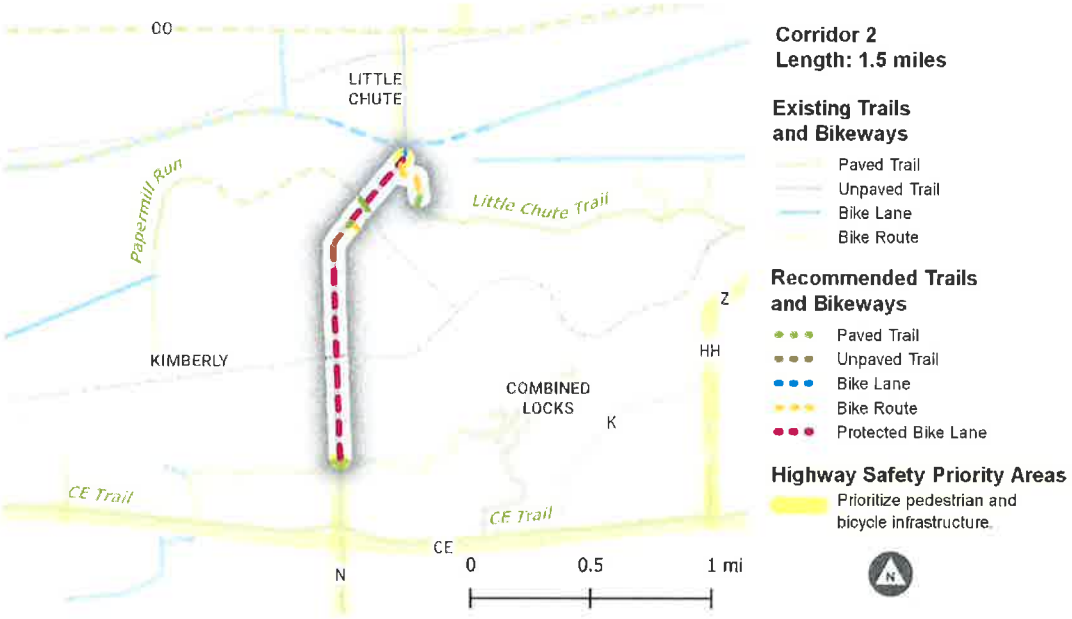
Existing Trails and Bikeways
- Paved Trail
- Unpaved Trail
- Bike Lane
- Bike Route

Recommended Trails and Bikeways
- Paved Trail
- Unpaved Trail
- Bike Lane
- Bike Route
- Protected Bike Lane

Highway Safety Priority Areas
Prioritize pedestrian and bicycle infrastructure.

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Comprehensive Corridor Study	*WisDOT convenes corridor study to determine infrastructure needs*	Not calculated	2.5 miles	Not calculated
Shared Use Path	*Construct new (12') Urban, high complexity*	$2,096,000	2.5 miles	$5,280,000



Corridor 2: Washington Street from Little Chute Trail to Kimberly High School

Description:

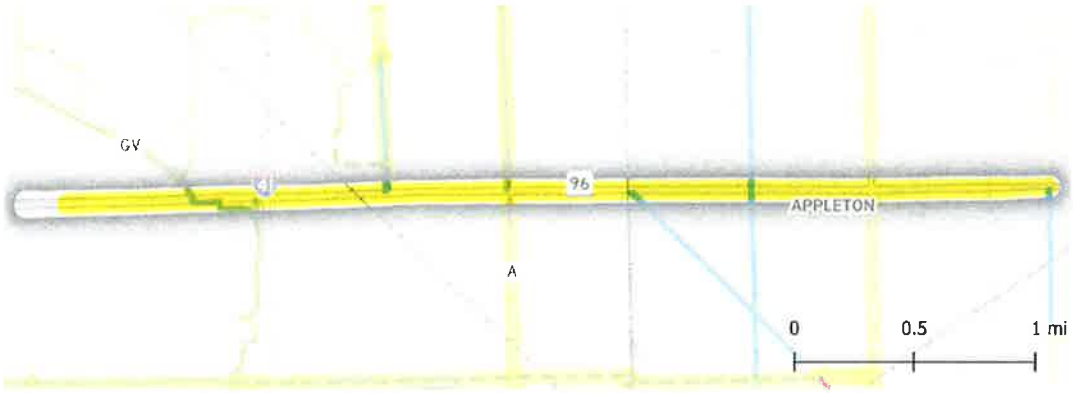
The project is envisioned to provide low-stress connections to two priority trails. First, it would connect the existing Little Chute Trail on the north side of the Fox River to the Paper Mill Run Trail in Kimberly on the south side of the Fox River via protected bike lanes on the Washington Street bridge. Secondly, it would provide a low stress bikeway connection that would close the gap between the trails on the Fox River and the CE Trail to the south.

Recommended Actions:

The County could evaluate whether protected bike lanes can be implemented on the Washington Street bridge by reducing the number of vehicle lanes from four to two. Because the trails in both Little Chute and Kimberly will connect to Washington Street on the east side of the bridge, a two-way protected bike lane may be a preferred solution so that trail users do not have to cross the highway twice to continue along the Fox River. For the section of Washington Street (CTH N) south of Maes Avenue, the protected bike lanes could be implemented through removal of on-street parking in some areas, and lane narrowing or lane reallocation in other areas. On-street parking near the florist at the Lamers Road intersection could be preserved by shifting the curb and gutter several feet and narrowing the terrace in that section.

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Protected Bike Lanes	*Delineator-separated, add striping/marking*	$54,000	0.3 miles	$20,000
	Construct new, curb-separated (3' additional, each side)	$844,000	0.9 miles	$760,000
	Intersection and signal modifications (each intersection)	$150,000	6 intersections	$900,000
Shared Use Path	*Construct new (12') Urban, high complexity*	$2,096,000	0.1 miles	$270,000
			TOTAL	**$1,950,000**



Corridor 3: Wisconsin Avenue (STH 96) from McCarthy Road to N Drew Street

Description:

The corridor is a Highway Safety Priority Area. This corridor should undergo a comprehensive corridor study to determine the safety concerns for bicyclists and pedestrians, and the other infrastructure needs, land uses, and opportunities along the highway.

Recommended Actions:

Wisconsin Avenue (STH 96) is a state highway; therefore, the County has limited authority over design decisions. The County, the City of Appleton, and the Town of Grand Chute should collaborate with WisDOT on land use and transportation planning for the corridor. A comprehensive corridor study would provide an opportunity for the various agencies to convene and discuss the land use contexts and infrastructure needs along the corridor and develop a report with recommendations to carry forward on future design efforts. This project may be eligible for Safe Streets and Roads for All (SS4A) implementation funding due to the high number of bicycle and pedestrian crashes on this section.

Corridor 3
Length: 8.33 miles

Existing Trails and Bikeways
- Paved Trail
- Unpaved Trail
- Bike Lane
- Bike Route

Recommended Trails and Bikeways
- Paved Trail
- Unpaved Trail
- Bike Lane
- Bike Route
- Protected Bike Lane

Highway Safety Priority Areas
- Prioritize pedestrian and bicycle infrastructure

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Comprehensive Corridor Study	*WisDOT convenes corridor study to determine infrastructure needs*	Not calculated	8.3 miles	Not calculated

Corridor 4: W Prospect Avenue (CTH BB) from Northern Road to Seminole Road

Description:

The project is envisioned to provide a sidepath between Northern Road (at Butte des Morts Country Club) and the existing bike lanes in the City of Appleton.

Recommended Actions:

This section of road has poor pavement quality and is due for repaving in the next five years. The County should therefore include this project in the County Capital Improvement Program. In addition, the County, the Town of Grand Chute, and the City of Appleton, and the Village of Fox Crossing should discuss the possibility of a jurisdictional transfer from the County to the municipalities, including the possibility that the County would build the recommended infrastructure before transferring the highway. It will be necessary to install curb and gutter along the entirety of this section to accommodate the sidepath. A sidewalk should be provided on the opposite sides as shown in the *Typical County Highway in Urban Context* cross-section in Chapter 4.

Corridor 4
Length: 1.04 miles

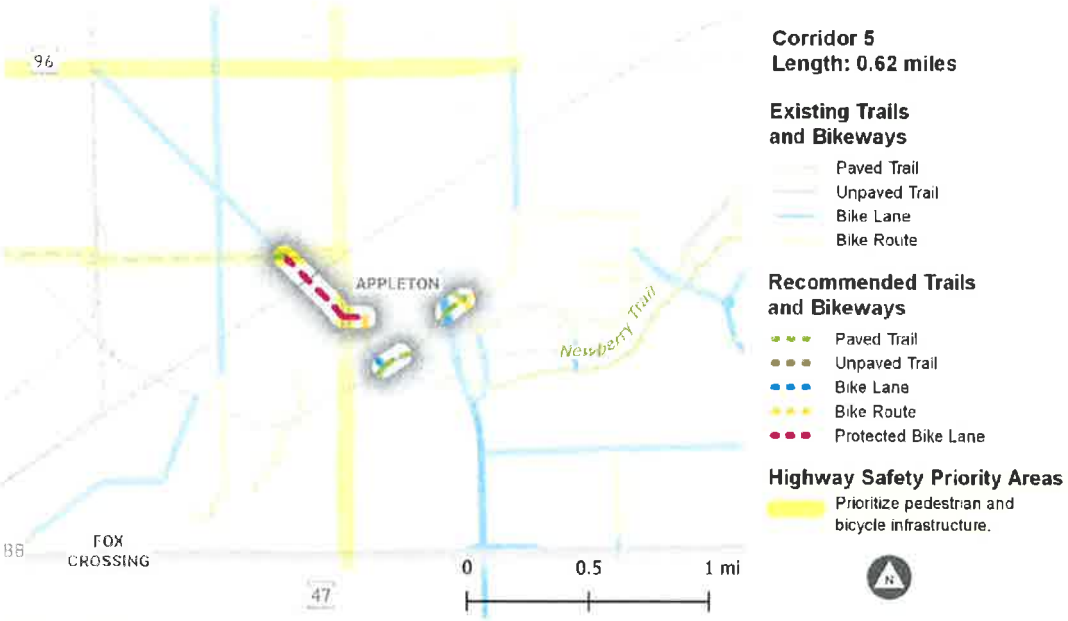
Existing Trails and Bikeways
- Paved Trail
- Unpaved Trail
- Bike Lane
- Bike Route

Recommended Trails and Bikeways
- Paved Trail
- Unpaved Trail
- Bike Lane
- Bike Route
- Protected Bike Lane

Highway Safety Priority Areas
Prioritize pedestrian and bicycle infrastructure.

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Shared Use Path	*Construct new (12') Urban, low complexity*	$1,455,000	1.04 miles	$1,510,000
Sidewalk	*Construct new with curb ramps (5' width one side)*	$127,000	1.04 miles	$130,000
			TOTAL	**$1,640,000**



Corridor 5: Connection between W College Avenue (STH 125) and Olde Oneida Bridge

Description:

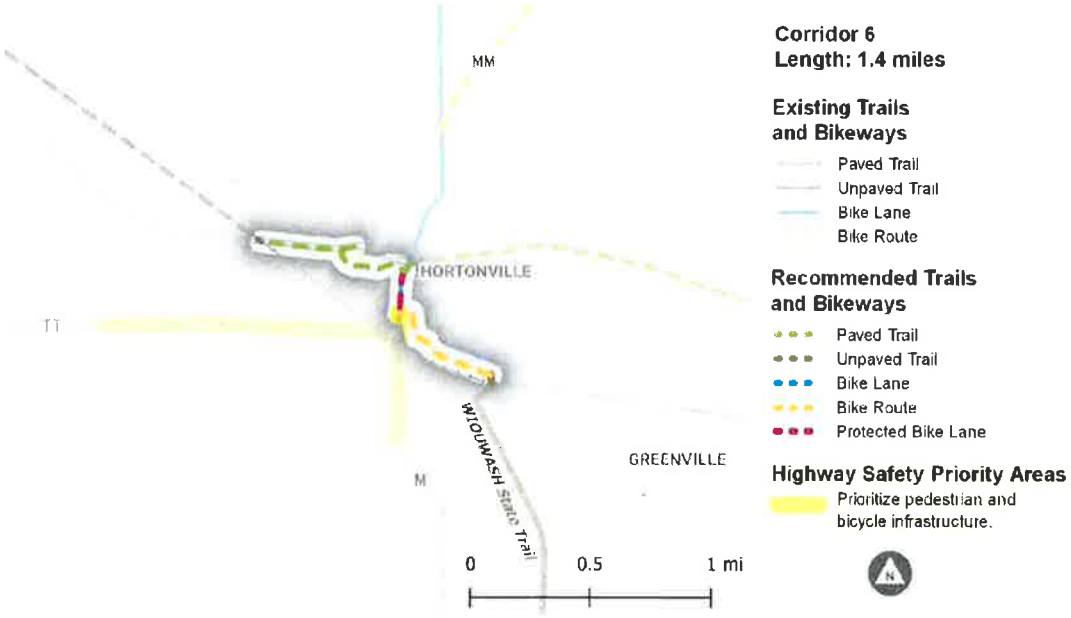
This project consists of several low-stress bikeway and trail connections that would close the gaps between the proposed path on W College Avenue along existing bike routes and bike lanes to the Ellen Kort Peace Park Trail, the Newberry Trail, and the North Island Trail. A similar route was recommended in the 2016 *Downtown Appleton Mobility Study*.

Recommended Actions:

Badger Avenue is a municipal street; therefore, the County has limited authority over design decisions. Average daily vehicle traffic on Badger Avenue (a four-lane street) is around 10,000, making it a promising candidate for potentially reallocating motor vehicle travel lanes to street-level protected bike lanes. The County can prioritize this connection and the remaining path segments through Greenways Implementation Fund grants; share costs with the City of Appleton; or sponsor part of the local match for the grants listed at the end of this chapter.

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Protected Bike Lanes	*Delineator-separated, add striping/marking*	$54,000	0.3 miles	$20,000
	Construct new, curb-separated (3' additional, each side)	$844,000	0.2 miles	$130,000
	Intersection and signal modifications (each intersection)	$150,000	7 intersections	$1,050,000
Shared Use Path	*Construct new (12') Urban, low complexity*	$1,455,000	0.2 miles	$290,000
			TOTAL	**$1,490,000**



Corridor 6: Wiouwash State Trail to Main Street (STH 15) in Hortonville

Description:

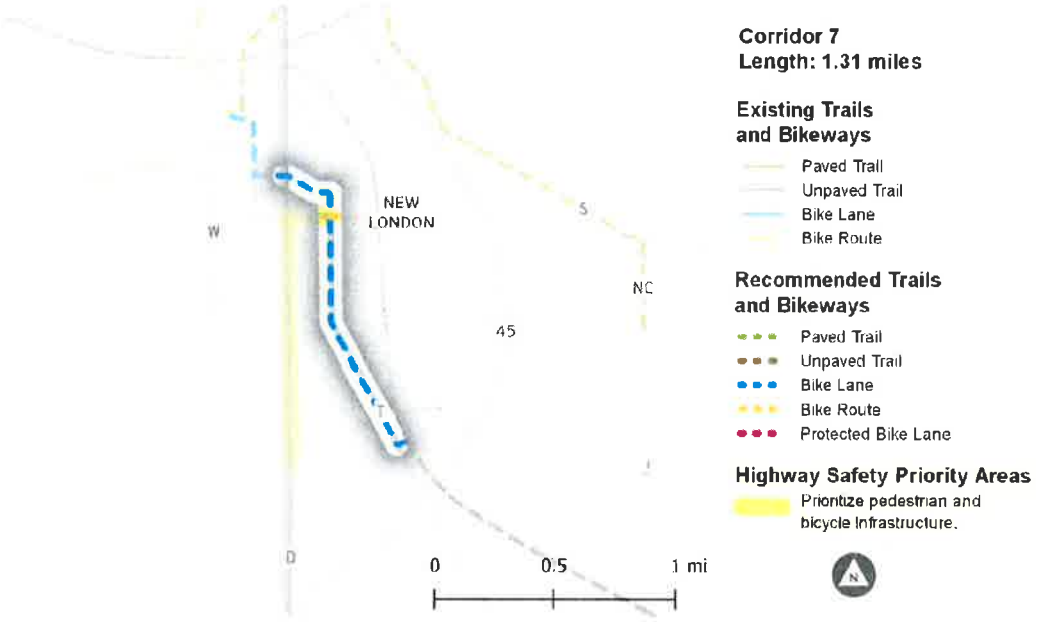
The project is envisioned to provide a safe bikeway connection from where the Wiouwash State Trail ends to Main Street in Hortonville with a protected bike lane on several blocks of CTH M, a path along Black Otter Creek to Miller Park, and a sidepath on Main Street (STH 15). Eventually, the project could connect to a future rail-with-trail next to the railroad that runs between New London and Hortonville.

Recommended Actions:

To implement protected bike lanes on Nash Street (CTH M), the County will need to remove on-street parking on both sides. Follow up studies are necessary to determine the feasibility and route of the path along Black Otter Creek and through Miller Park. The County could share costs to help the Village of Hortonville pay for the planning and implementation of this connection, or help Hortonville apply for one of the DNR recreational trails grants listed at the end of this chapter for the trail portion of this project.

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Signed Bike Route	*Install new bike route signs*	$6,000	0.5 miles	$3,000
Protected Bike Lanes	*Delineator-separated, add striping/marking*	$54,000	0.2 miles	$10,000
	Intersection and signal modifications (each intersection)	$150,000	2 intersections	$300,000
Shared Use Path	*Construct new (12'), rural, high complexity*	$1,397,000	0.3 miles	$490,000
	Construct new (10'), rural, low complexity	$970,000	0.4 miles	$380,000
			TOTAL	**$800,000**



Corridor 7: New London: Mill Street (CTH T) from downtown New London to E Beckert Road

Description:

The project would provide bike lanes on CTH T from downtown New London to the industrial area on the southeast part of New London. Eventually, it could connect to a future rail-with-trail next to the railroad that runs between New London and Hortonville.

Recommended Actions:

In various segments of the route, the County will need to lower the speed limit, narrow travel lanes, and remove on-street parking on one –or both sides of the road to accommodate the bicycle lanes. Sidewalks should be provided on both sides as shown in the *Typical Highway County in Urban Context* cross-section in Chapter 4.

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Bike Lanes	*Add striping/marking*	$24,000	0.5 miles	$10,000
	Lane diet	$31,000	0.8 miles	$20,000
Sidewalk	*Construct new with curb ramps (5' width one side)*	$127,000	1.02 miles	$130,000
			TOTAL	**$160,000**

Corridor 8: Northland Avenue (CTH OO) from Abendroth Street to Lynndale Drive (CTH A)

Description:

This project would build trail along Northland Avenue, closing a gap to the Fox Valley Technical College Trail, thereby connecting to the I-41 overpass.

Recommended Actions:

The County will need to make significant changes to the intersection of Northland Avenue (CTH OO) and Bluemound Drive (CTH AA) to make it safe and comfortable for bicyclists and pedestrians to cross.

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Shared Use Path	*Construct new (12') Urban, low complexity*	$1,455,000	0.8 miles	$1,110,000

Corridor 9: E College Avenue (CTH CE) from STH 441 to CE Trail underpass

Description:

This corridor is a Highway Safety Priority Area. The County should use the typical cross sections in Chapter 4 to design facilities that close gaps in sidewalks and sidepaths, with a focus on providing sidewalks on the south side of E College Avenue/CTH CE. A Road Safety Audit should also be conducted to analyze how to improve safety for bicyclists and pedestrians crossing the highway along this segment.

Recommended Actions:

This section of E College Ave/CTH CE was recently reconstructed, with a multi-lane roundabout at the intersection of Eisenhower Drive which likely results in challenging and unsafe crossings for pedestrians and bicyclists. The County should study ways to improve safety of pedestrian crossings. To construct a sidepath or sidewalk on the south side of the highway without narrowing the highway, the ditches will need to be replaced with curb and gutter. The County Department of Land Services should work with the Town of Buchanan on land use planning for the corridor so that future developments incorporate safer pedestrian and bicycle circulation in site design. This project may be eligible for Safe Streets and Roads for All (SS4A) implementation funding due to the high number of bicycle and pedestrian crashes on this section. TAP funds are another possible source of funding.

Corridor 9
Length: 1.06 miles

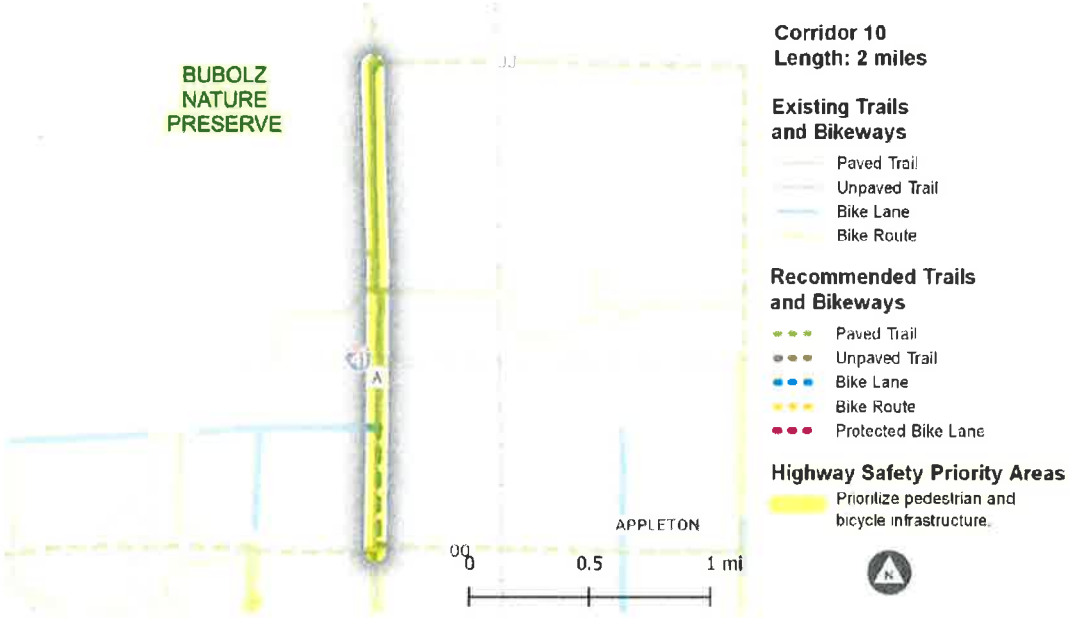
Existing Trails and Bikeways
- Paved Trail
- Unpaved Trail
- Bike Lane
- Bike Route

Recommended Trails and Bikeways
- Paved Trail
- Unpaved Trail
- Bike Lane
- Bike Route
- Protected Bike Lane

Highway Safety Priority Areas
Prioritize pedestrian and bicycle infrastructure.

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Road Safety Audit	*Analysis, field work, and recommendations for each intersection*	$12,000-$14,000 per intersection	4 intersections	$50,000-$60,000
Sidewalk	*Construct new with curb ramps (5' width one side)*	$127,000	1.1 miles	$130,000



Corridor 10: Lynndale Drive (CTH A) from Edgewood Drive to Northland Avenue (CTH OO)

Description:

This corridor has an existing paved trail on at least one side of Lynndale Drive for most of the segment, but it is identified as a Highway Safety Priority Area. The County should conduct a Road Safety Audit at Lynndale Drive and Northland Avenue to determine how to improve safety along the segment for people crossing the corridor and use the typical cross sections in Chapter 4 to design facilities that close gaps in sidewalks and sidepaths and improve the safety of crossings for bicyclists and pedestrians.

Recommended Actions:

The County will need to make significant changes to the intersection of Lynndale Drive (CTH A) and Northland Avenue (CTH OO) to make it safe and comfortable for bicyclists and pedestrians prior to installing the last gap of path on Lynndale Drive. This project may be eligible for Safe Streets and Roads for All (SS4A) implementation funding due to the high number of crashes on this section.

Project Costs:

Recommendation Type	Action	Cost/Mile or Intersection	Length or Quantity	Opinion of Probable Cost
Road Safety Audit	*Analysis, field work, and recommendations for Lynndale Drive and Northland Avenue intersection*	$15,000 per intersection	1 intersection	$15,000
Sidewalk	*Construct new with curb ramps (5' width one side)*	$127,000	0.9 miles	$120,000
Shared Use Path	*Construct new (12') Urban, low complexity*	$1,455,000	0.5 miles	$730,000
			TOTAL	**$865,000**

5.5 FUNDING STRATEGIES

This section helps explain how the Plan's recommended projects might be funded over time. While a robust capital and operating/maintenance plan is beyond the scope of this project, the strategies documented below provide valuable decision-making guidance for consideration.

FRAMEWORK FOR THINKING ABOUT FUNDING

On an incremental basis, and for most of the non-priority connections along county highways in the Plan, the County can fund sidewalks, bikeways, and trails through the CIP when they are due for reconstruction or rehabilitation. In previous Outagamie County highway projects, the cost of building sidewalks or trails has represented a small share (3-5%) of the entire cost of the project, of which some portion was paid for by the local municipality.

For the Plan's priority corridors, levy limitations and competing funding priorities means that the County must make tough decisions about when and how to fund active transportation projects. The amount of revenue available for pursuing the Plan's priority projects is highly limited, especially if no new funding tools are adopted and if existing funding policies remain unchanged. This implies that the County will need to take advantage of grants and partnerships as a primary means of project implementation.

At the state level, the state shared revenue to local governments and Counties has remained nearly unchanged for almost 30 years, which has exacerbated the strain on the County's tax levy ceiling. In July 2023, the Governor signed a new budget that increased state aids to counties but maintained the tax levy limit.

At the national level, recent federal funding authorizations associated with the American Rescue Plan Act (ARPA) and the Bipartisan Infrastructure Law (BIL) have added more funding for bicycle, pedestrian, and trail projects, with an emphasis on reducing crashes in high-risk corridors and reconnecting communities separated by freeways or railroad corridors. The Federal Highway Administration publishes a list of funding sources on the Bicycle and Pedestrian Program Funding Opportunities webpage[21] which will be updated after guidance for some new infrastructure programs is finalized.

Community Foundation for the Fox Valley Region: An Important Potential Partner

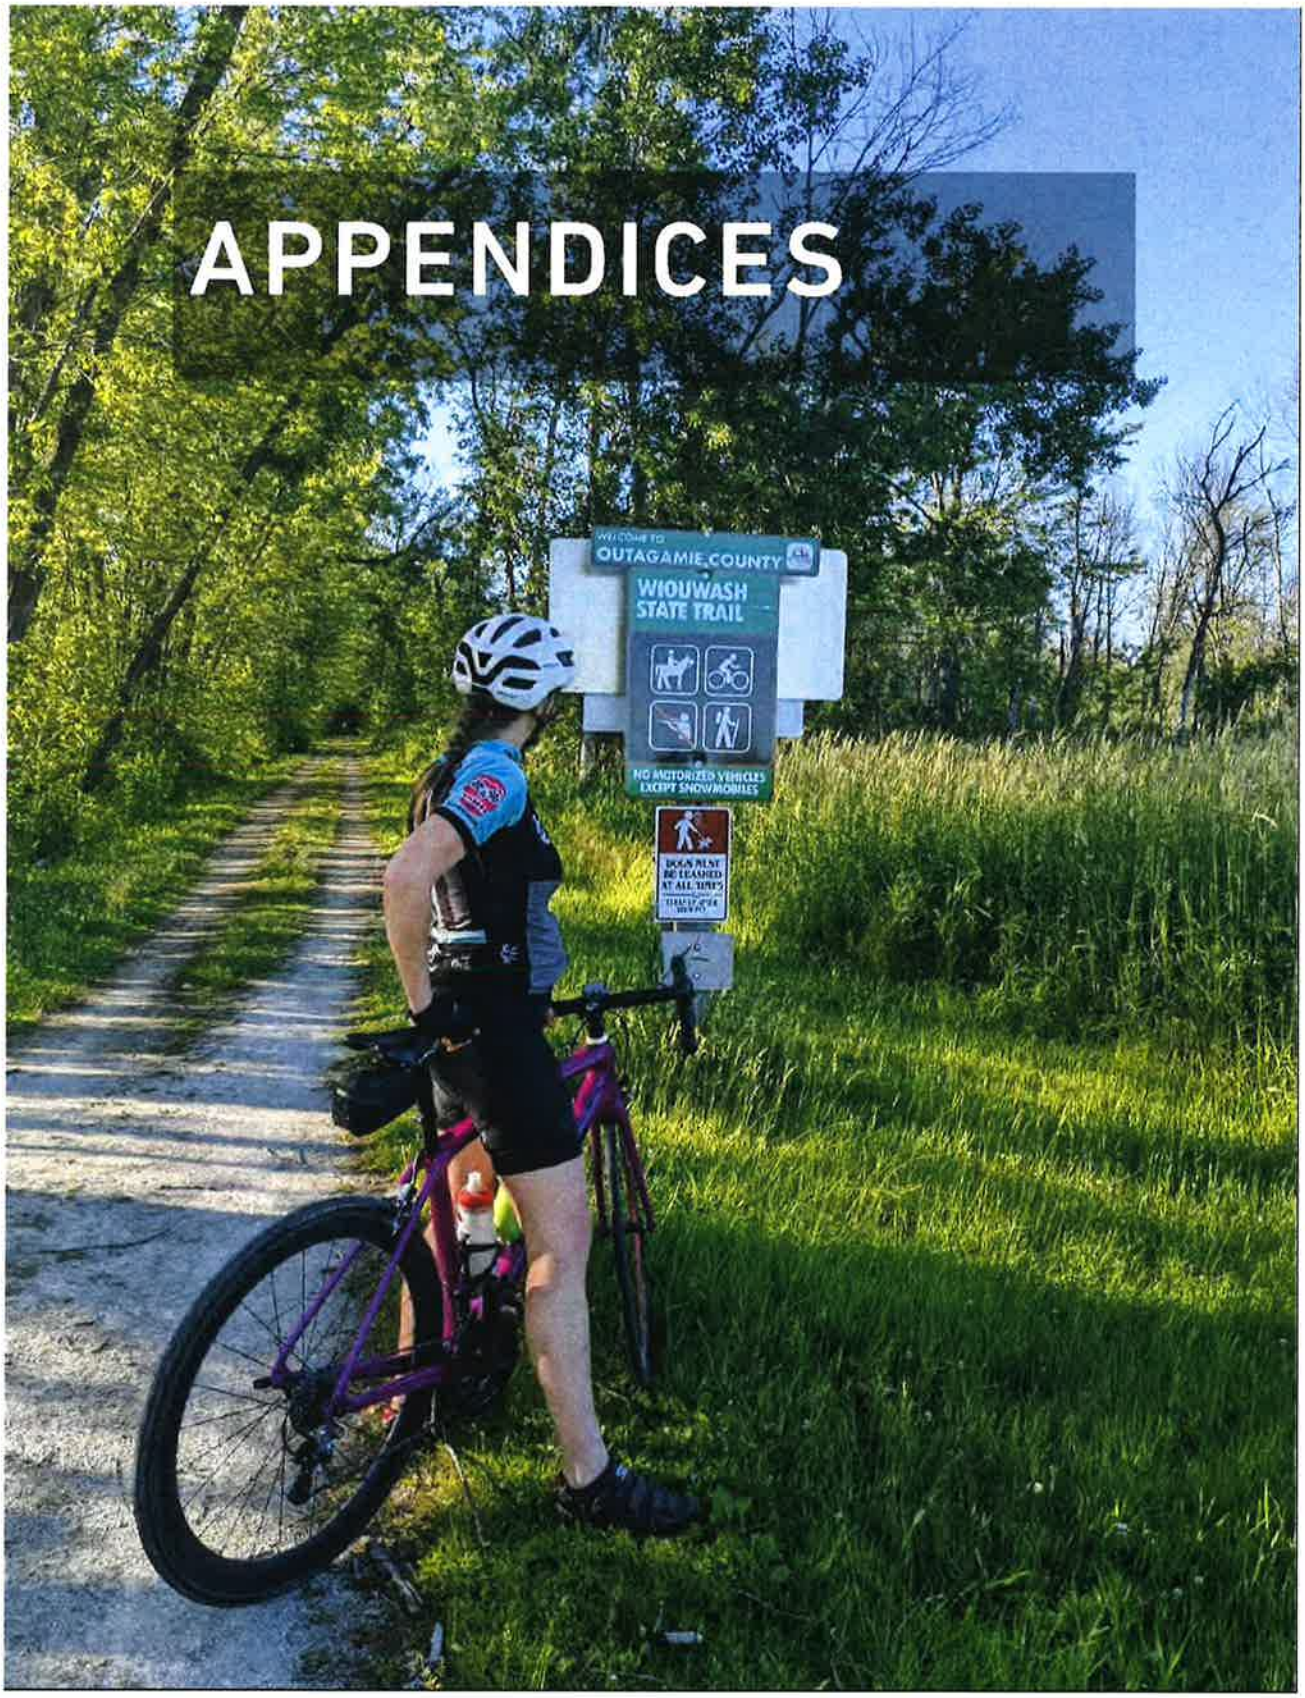
The Community Foundation is playing a critical role in planning and advocating for a trail connection between the Fox Cities and High Cliff State Park. For the recommendations in this Plan to come to fruition, the Community Foundation may need to play a similar role in Outagamie County. The Foundation (like the Fox Cities Greenways and other private entities) has strengths and advantages that the County does not:

- They can advocate for and promote key trails, bikeways, and infrastructure recommendations that might be controversial or where county staff must remain neutral.
- The County cannot use eminent domain to acquire land for trails, bicycle, or pedestrian ways, although they can offer to purchase easements or land from willing property owners. The Community Foundation is free to contact local landowners and negotiate easements or sales that might be above the price that a public agency is able to pay.

STRATEGIES FOR CONSIDERATION

While several recommendations related to funding can be found in Section 4.5 of this Plan, this section discusses a range of possible approaches that could be employed to implement the projects recommended in this Plan. Some require discussion and evaluation if there is interest in further exploring them.

- **Apply for federal and state grants.** Table 6 summarizes the current and most likely grant programs for land acquisition, planning, and construction of the high priority projects in this Plan. The County should establish a plan for pursing one or more of these grants in the near-term to implement high priority projects.



[21] Federal Highway Administration, *Pedestrian and Bicycle Funding Opportunities*. www.fhwa.dot.gov/environment/bicycle_pedestrian/funding/funding_opportunities.cfm. Accessed June 13, 2023.

- **Partner with local trail advocates.** Outagamie County is fortunate to be in a region with active supporters of trails and greenways. The County should continue to work with groups such as the Fox Cities Greenways, the Fox Cities Convention and Visitors Bureau, and the Community Foundation to further the objectives of this Plan.
- **Evaluate increasing annual Greenway Implementation Fund funding.** Outagamie County administers the Greenway Implementation Fund which offers small matching grants to local units of government to assist them in developing greenway networks that are regional in nature. In the 2023-2027 CIP, the County allocated between $30,000 and $40,000 per year. The County could increase annual amounts to better support local municipalities who build out bicycle and pedestrian infrastructure that align with the recommendations of this Plan.
- **Evaluate subsidizing key projects through the General Fund.** The County's General Fund contains discretionary funding that is allocated consistent with County policies, objectives, and its annual budgeting process. The General Fund can be used to pay for stand-alone preliminary engineering work necessary prior to applying for state and federal construction funds. As discussed in Chapter 4, the County could allocate additional General Fund revenues to better share the costs of constructing sidewalks or bikeways with local municipalities on recommended projects, including Highway Safety Priority Projects.
- **Evaluate use of other funding mechanisms (e.g., general obligation bonds, vehicle registration fees, sales tax, parking/trail fees, etc.).** Some communities may get creative by imposing new mechanisms to pay for active transportation expenditures. Some may divert revenue from existing mechanisms to directly pay for active transportation expenditures. If these options are pursued by the County, the project in which the funds support should be broad enough – or important enough – such that it resonates with the full community of voters. In addition, the County would need to consider criteria including magnitude of additional funding, political acceptability, fairness/equity, efficiency, and legality.

Table 6. Potential Federal and State Grants for Priority Corridors

Grant Name and Amount of Funding Available	Eligible trail or bikeway projects	Local Match	Application Deadline
Transportation Alternatives Program (TAP) *(apply through WisDOT)* $35 million statewide in 2022	Planning and construction for both trails and on-street bikeways. Projects must have already completed preliminary engineering and environmental review (if necessary).	20%	Likely January 2024.
Surface Transportation Program-Urban *(apply through WisDOT)* $4.5 million for Appleton (Fox Cities) urbanized area in 2023-2026	Design and construction of major collectors, arterials, or freeways within the Appleton (Fox Cities) urbanized area. ECWRPC gives a prioritized list to WisDOT as part of the selection process, awarding more points to projects that address bicycle and pedestrian improvements and safety.	20%-50%	October 27, 2024
Surface Transportation Program-Rural *(apply through WisDOT)* $138 million statewide in 2022	Design and construction of rural highways or bridges outside of urbanize areas (primarily county highways). WisDOT uses a statewide formula to distribute STP-Rural funding, and picks projects based on that formula from the applications it receives.	20%	October 27, 2024

Grant Name and Amount of Funding Available	Eligible trail or bikeway projects	Local Match	Application Deadline
Federal Recreational Trails Program *(apply through DNR)* $2.4 million statewide in 2021	Planning, construction, and maintenance of recreational trails and trail-related facilities. May also be used for acquisition of easements for trails, with restrictions.	20%	May 1, 2024

APPENDIX A: COMMUNITY INPUT

PHASE 1 INPUT: SUMMARY OF INTERACTIVE MAP

Background

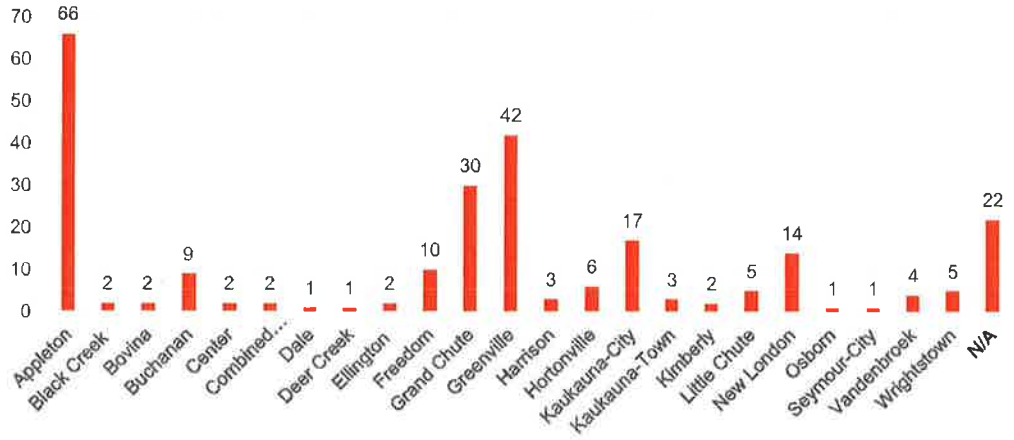
As part of the public engagement for the Outagamie County Bicycle and Pedestrian Plan, Toole Design prepared and administered an on-line mapping tool that allowed participants to input point and line data related to walking and bicycling conditions and needs.

The online map had three distinct parts:

- **Landing page.** This was the participant's first view of the online webmap where they could learn about the project and the role of the webmap.
- **Intro Survey.** The survey collected demographic information on who contributed to the webmap.
- **Interactive Webmap.** The webmap let respondents enter points or lines directly onto a map and give further details on their inputs. Respondents could comment on existing or planned biking and walking routes, as well as create new ones.

This memo summarizes input received through the webmap and should be used to help support recommendations in the Bicycle and Pedestrian Plan. Comments on the webmap are still viewable at https://tooledesign.github.io/Outagamie_Bike_Ped/#map by toggling "See what others have shared." They will remain viewable for the next several months while Toole Design staff prepare the draft recommended bikeway and trail network and pedestrian recommendations.

Webmap Timeline and Outreach



The interactive webmap was open to the public from August 1, 2022, to September 15, 2022. The County and stakeholders advertised the webmap in the following ways:

- Emails to Greenway Committee members and other Outagamie County staff.
- Email blast to 150+ stakeholders (individuals and groups).
- News article on the front page of Outagamie County's website and Development and Land Services Department webpage.
- Facebook posts on the Outagamie County Executive page, Outagamie County Parks page, Outagamie County Highway Department page, and Outagamie County Public Health Division page.
- Verbal update with paper advertisement/handouts at a quarterly Town's Association meeting and at a Fox Cities Greenway organization meeting.
- Paper advertisement/handouts at Outagamie County department lobbies.

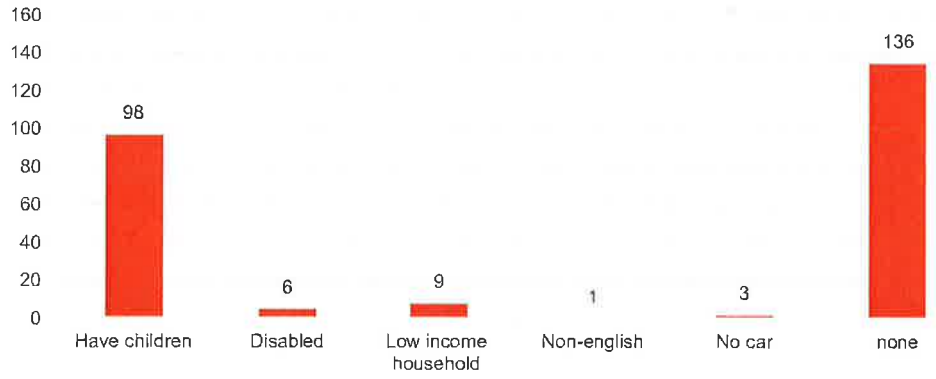
Demographic Summary of Participants

There were over 300 individuals that contributed to the webmap, either in terms of filling out a welcome survey, submitting a point, or drawing a line. Overall, 266 of the participants filled out the demographic survey, making it reliable in representing the demographics of all the webmap respondents. Figure A-1 illustrates where the respondents lived; most lived in Appleton, Greenville, and Grand Chute, but all municipalities were represented.

Figure A-1 Number of Respondents by Municipality of Residence

The survey also asked if respondents were in any of the following categories that could be transportation disadvantaged: having children, having a disability, being in a low-income household, being in a household with a language other than English spoken at home, and a no-car household. Figure A-2 shows that most respondents did not report having characteristics that could be considered transportation disadvantaged.

Figure A-2 Number of Respondents Who Could be Considered Transportation Disadvantaged



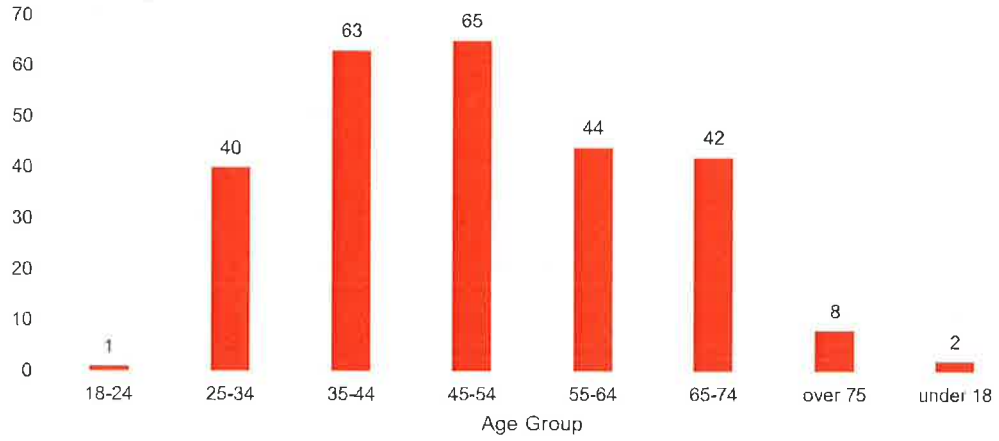


Figure A-3 Age of Respondents

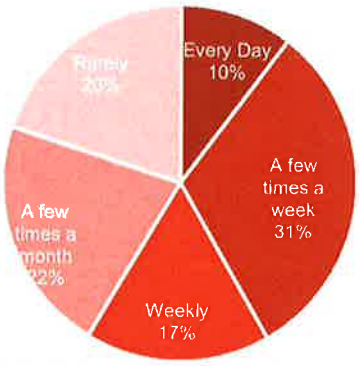

The age range of respondents was well-distributed between 25 to 74 years, as shown in Figure A-3. Distribution of respondents by gender is not clear, because about a quarter of respondents (24%) left that question blank. Of the 263 people who answered the question, 151 (57%) were female.

The demographic survey also asked respondents to report how often they walk and bike for recreation and transportation. Most respondents walk and bike for recreation much more frequently than they walk or bike for transportation (Figures A-4 and A-5).

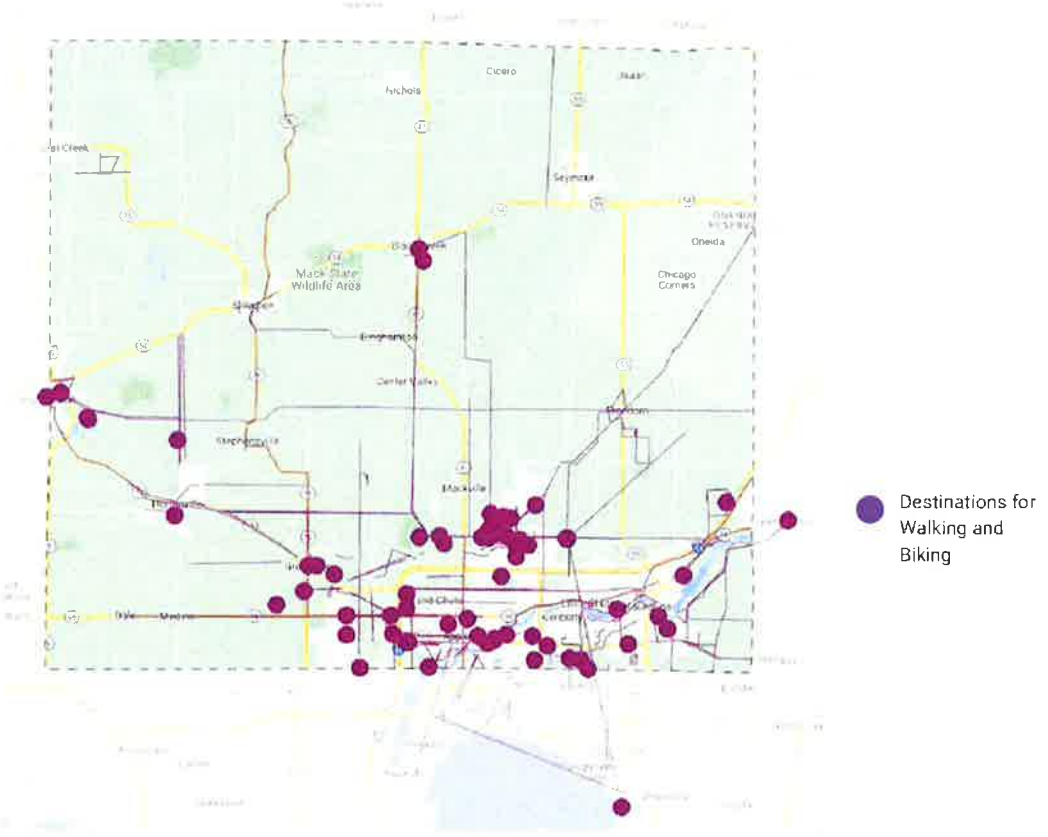
Interactive Map Inputs



The map allowed respondents to place points or lines to identify destinations they would like to walk or bike to, where they have safety concerns when walking or biking, and current or potential routes they use. This section provides an overview of their inputs and identifies a few common themes from the input.

Point Feedback (Destinations and Safety Concerns)

Respondents were able to place points on the map to identify destinations for walking and biking and locations of potential safety concerns. Overall, there were 66 points for destinations, and 50 points for safety concerns.

Nearly all the destinations that people identified for walking and biking are trails or recreational destinations such as parks. There were also multiple respondents that identified a residential/neighborhood area as a destination for walking and biking.

Figure A-6 Destinations for Walking and Biking

Participants were given the option to leave a comment when they placed points on the map. For the sake of looking at the comments by location, the following summarizes some of the notable location-specific comments about both destinations and safety concerns.

New London Area

- Heavy traffic to and from Amcor makes roadway dangerous for vulnerable users.

Greenville Area

- There are some bike trails on roads in Greenville, but most do not connect to each other. High speeds on the roads around Greenville make it unsafe for residents to bike.
- Fox West YMCA – The adjacent intersection can be very unsafe for pedestrians. A commenter suggested adding traffic lights or flashing pedestrian beacons as a solution and asked whether there is an opportunity to add bike lanes or a sidepath along School Road.
- Jennerjohn Park – Residents cannot access this park without crossing busy roadways.
- Bike and pedestrian safety improvements are needed at W Greenville Drive and W Wisconsin Avenue.

Central Fox Cities Area

- Spencer St needs bike lanes and sidewalks.
- The trail along Meade Street north of I 41 ends at Capitol Drive. There is heavy traffic on Meade Street between Capitol Drive and Northland Avenue and a need for a connecting bike facility.
- Improvements and extensions to the Newberry trails are needed along the Fox River in Appleton.
- Improvements to the routes and additional trail connecting to the Nelson Family Heritage Crossing in Kaukauna and Little Chute are needed.

North Appleton Area

- Fast moving traffic on E Edgewood Drive (CTH JJ) is unsafe for bicyclists to share the road with cars. A dedicated bike lane would improve safety and mitigate concerns.
- A bike lane along Edgewood Drive (CTH JJ) would greatly benefit students, families, and staff at Fox Valley Lutheran High School.

Plamann Park

- Plamann Park is a frequent destination for many bicyclists and pedestrians, but it needs better access from all directions (except for Meade Street).
- Connect Rosewood Drive subdivision to the park.
- Connect park to north Appleton streets and Apple Creek Trails.

Kaukauna

- Roundabouts along the CE trail may be dangerous for bicyclists and pedestrians. Drivers are more focused on the flow of traffic and are not looking for bikes and pedestrians.
- Hillcrest Drive is a route often used to get from Kaukauna to the CE trail. Between CE and Cleveland Avenue, there are bike lanes. North of Cleveland Avenue there is no bike lane and no room for bikes which requires bicyclists to ride on the sidewalk.
- Connect Appleton area to the Fox River Trail in Brown County.

Destinations Outside the County

- Getting out to High Cliff with narrow country roads is a challenge.
- More connections to Calumet County (especially Calumet County Park) are needed.
- CTH ZZ is a beautiful connection between Kaukauna and Wrightstown and is also a connection to Green Bay for recreational road cyclists.
- A safe biking route from Neenah to Menasha to Appleton is desired.

Figure A-7 Locations with safety concerns (County-wide)

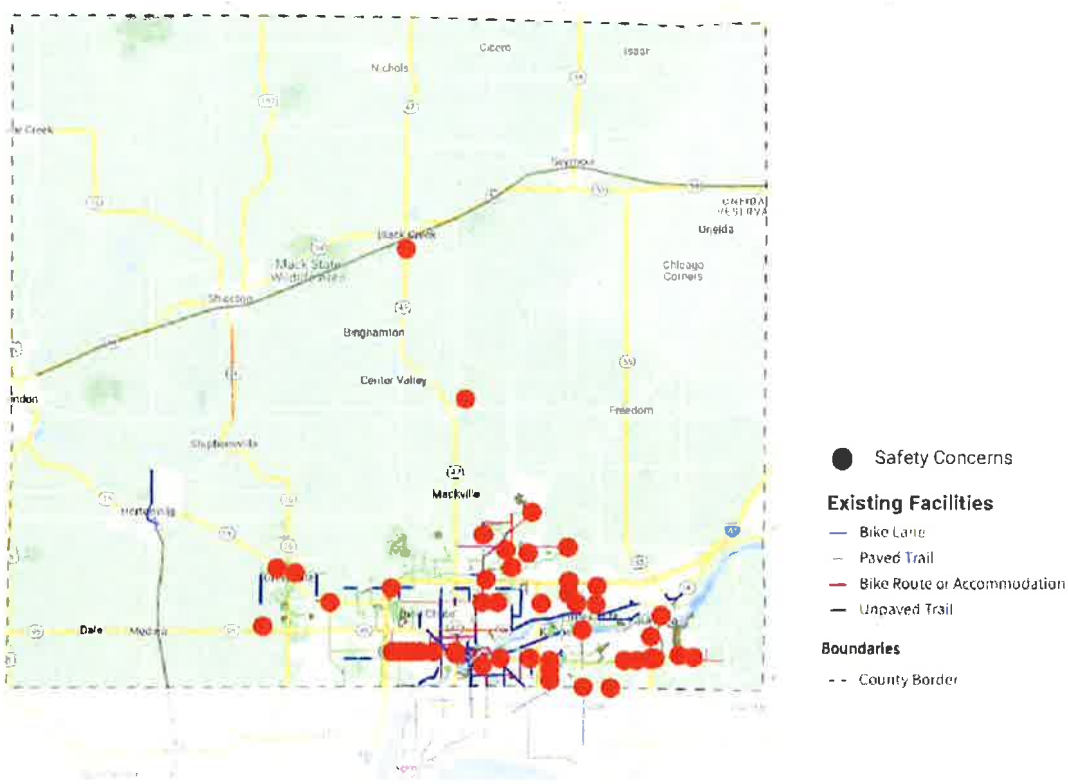


Figure A-8 Corridors with safety concerns (urban Fox Cities area)

Corridors with Safety Concerns.

Most safety concerns were in the urban Fox Cities area. A few locations that stand out for having multiple safety concerns include the following:

- W College Avenue (STH 125) between Interstate 41 and N Richmond Street
- E College Avenue between S Walter Ave and Haas Road
- Northland Avenue between Greenville Dr and Highway 441
- W North Avenue between N French Rd and Freedom Road
- Eisenhower Drive between E College Ave and Springfield Dr in Kimberly
- Crooks Avenue (STH 55) between E 12th St and E College Ave in Kaukauna

Line Feedback

In addition to points, respondents were able to highlight routes and corridors on the webmap. Respondents drew 188 lines on the interactive webmap: 170 were to identify current or potential walking and biking routes, and 18 were to identify safety concerns. For the sake of looking at the comments by location, the following consolidates some of the notable location-specific routes.

The following summarizes some of the notable and location-specific comments:

East of New London

- Newton Blackmour State Trail – Extend from western terminus to City of New London.
- CTH S – Possible connection to New London and Mosquito Hill Nature Center.

North of Hortonville

- N Oik Street – Possible location for a shared use path to continue the Wiouwash State Trail.

Greenville

- W Wisconsin Avenue (STH 96) – A trail along this road could connect the Wiouwash State Trail to the Appleton area.
- Mayflower Road – Possible shared use path, intersection improvements to make it safe for bicyclists and pedestrians.

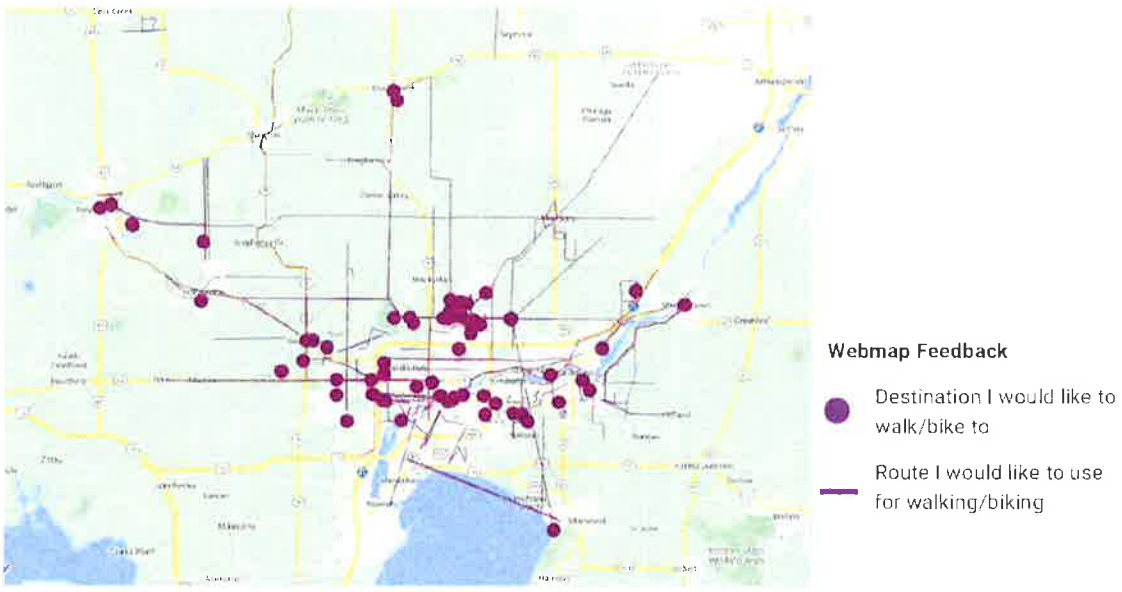
North Appleton Area

- Northland Avenue – Shared use path separated from traffic to serve businesses along the corridor and make more multimodal trips possible.
- Edgewood Drive – Many students use this roadway; an off-street trail would improve comfort and safety for kids walking and biking to school.

Central Appleton Area

- W College Avenue – Connects multiple commercial and social service areas, currently people must walk on the shoulder.
- W Spencer Street – Would provide an alternate route to College Ave that is much slower and lower traffic volumes.
- N Green Bay Road – Potential bike path to connect the Newberry Trail to Peabody Park.

Freedom



- CTH E – Would provide a connection between Appleton and to nearby town of Freedom. Off-road paths for kids to bike to school and feel safe would also be beneficial for the high school cross-country team to train.

Outside the County

- County Rd. ZZ – Great connection to the CE trail.
- Trail to High Cliff State Park – Existing route is along narrow rural roads and unsafe for most cyclists who want to access the park.

- Trail to Green Bay – Opportunity to create a route along the Fox river to the Green Bay area.

Figure A-9 Current or potential walking and biking routes

Summary and Takeaways

The interactive webmap feedback showed that there is strong interest in walking and biking for recreation in Outagamie County. Respondents clearly want more and better connections to parks and recreational trails, and there is some interest in providing bikeways for students, especially high school students. With respect to safety concerns, one clear theme is the need to improve pedestrian crossings across major roads, especially in the urban area. These are themes we will continue to explore as we establish guiding principles or goals with the Greenway Committee for the next stage of the Outagamie County Bicycle and Pedestrian Plan process.

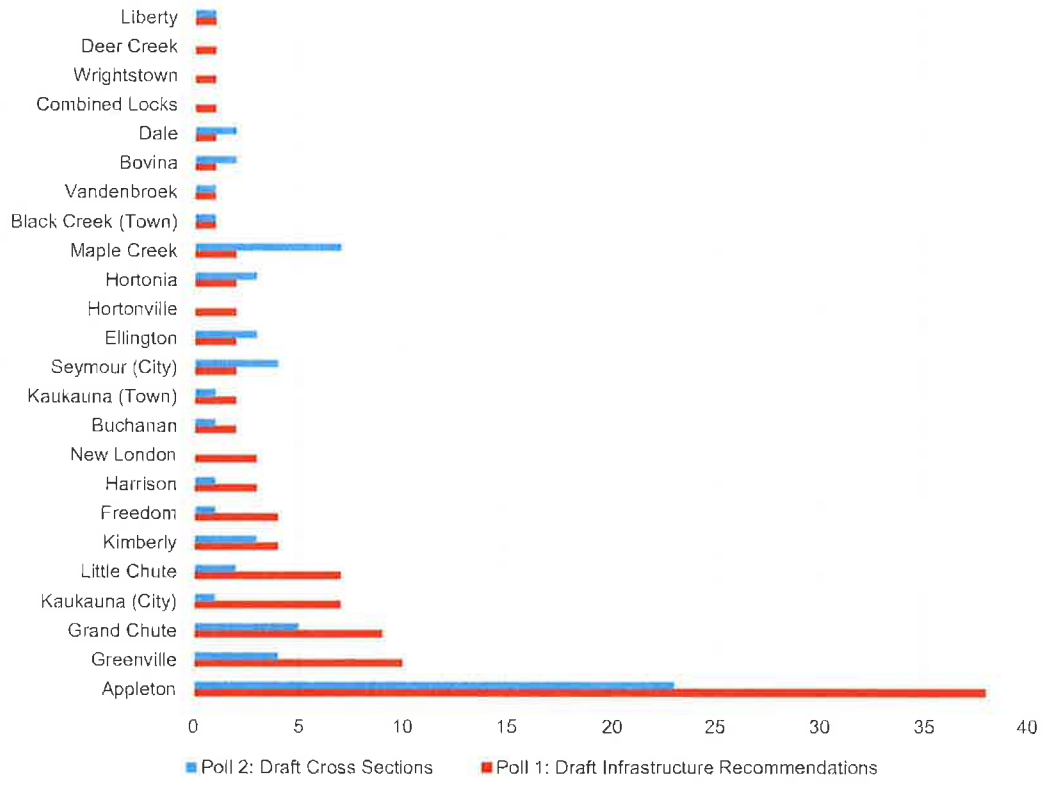
The webmap input will help by providing additional context about specific locations that are difficult to understand simply looking at a map or Streetview image. That said, given that most respondents did not represent populations that could be considered transportation disadvantaged, we will consider how to better reach out to those populations in the next phase of engagement.

PHASE 2 INPUT: REVIEWING DRAFT GOALS AND RECOMMENDATIONS

This section summarizes the input gathered during the second round of public engagement on the Outagamie County Bicycle and Pedestrian Plan, which took place in March and early April of 2023. The purpose of this second phase of public engagement was to gather feedback on the draft recommendations in the Plan. Four engagement methods were used during this phase:

- Online polls asking for input on draft infrastructure recommendations and "one pager" design guidance and cross section graphics for future County Highways.
- Presentations to various County standing committees.
- Presentation and discussion about recommendations with the County's Greenway Committee.
- Focus groups with people and agencies representing people of color and people with disabilities in Outagamie County.

Online Polls



Between March 15, 2023, and April 19, 2023, the County advertised two online "polls" that residents and stakeholders could take to provide feedback on the plan's draft recommendations. In the first poll, respondents were asked to review and comment on the draft infrastructure recommendations and to provide input on draft plan goals and prioritization factors. In the second poll, respondents were asked to review and share feedback on proposed highway cross-sections for future County highway resurfacing/reconstruction projects. The County advertised the two polls in the following ways:

- Emails to Greenway Committee members, County Supervisors, and Outagamie County staff.
- Email blast to 150+ stakeholders, including representatives of towns and municipalities in Outagamie County.
- News article on the front page of the County's website.
- Press release to local news outlets.
- Facebook posts on the Outagamie County Executive page, Outagamie County Parks page, and Outagamie County Public Health Division page.
- Mentions at County standing committee meetings, at the Greenway Committee meeting, and at the three focus groups.

Poll Respondent Demographics

There were 119 respondents to the first poll and 70 respondents to the second poll. The highest number of poll respondents were from Appleton (38 and 23), but most communities were represented in both polls.

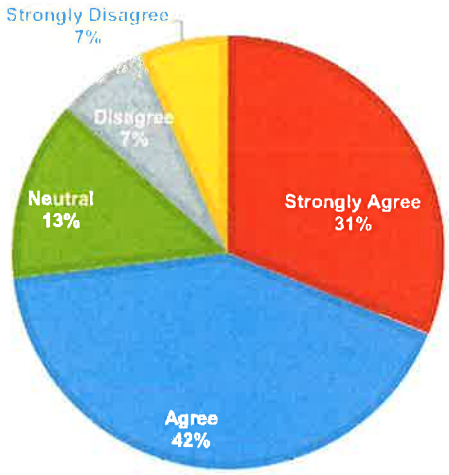


Figure A-10 Number of Respondents to Polls #1 and #2 by Municipality of Residence

Summary of Comments on Draft Infrastructure Recommendation

The survey included a map of the proposed bicycle and pedestrian recommendations for Outagamie County. A majority (73%) agreed with the recommendations; 14% disagreed with the recommendations to some extent.

Figure A-11 Respondents' agreement with proposed bicycle and pedestrian recommendations

Much of the agreement around the recommendations, based on open ended responses, was due to the following:

- **Prevalence of trails.** Many respondents emphasized how they didn't feel safe on high speed and/or high traffic roadways and appreciated the emphasis on off-street trails. Trails, according to respondents, will encourage more people of all ages and abilities to use the routes for both recreational and commuting purposes.
- **Proposals on specific County Highways.** The proposed trails along County Highways OO, JJ, and E, along with WIS 15, were all emphasized as much needed routes and improvements.
- **Connections between existing bicycle and pedestrian routes.** Respondents appreciated how the proposed routes attempt to connect bicycle and pedestrian infrastructure that already exists. They noted how these connections will make longer rides more feasible and intra-community trips more pleasant.

There were also comments that offered suggestions to the proposed network, including:

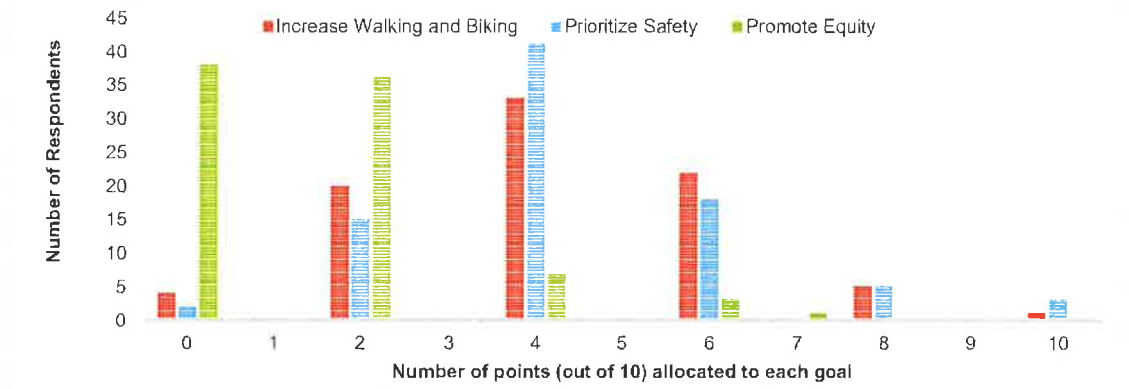
- **North of Appleton.** Respondents felt that there should be more identified routes north of Appleton where development is occurring.
- **Cross-county connections.** Respondents noticed gaps in direct east/west routes and, notably, north/south routes. This concern was specifically noted for areas north of Appleton.
- **Safety Priority Areas.** Respondents were confused about exactly what a Safety Priority Area was and what they could assume (or not assume) would be proposed for those areas. Additionally, Wisconsin Ave was suggested as an additional Safety Priority Area.
- **Local connections.** One respondent noted that while the proposed network does seem to serve the region better than in the past, it needed more local connections to schools, parks, and public places. They believed that there were more opportunities to have people make these shorter trips by foot or bike

versus longer (and potential commute) trips in the region, which the proposed network seemed to emphasize.

Lastly, a few respondents commented on the practicality of the plan, and proposed bike and pedestrian projects. While these points are not directly related to proposed bicycle and pedestrian recommendations, they should be kept in mind when writing the plan, framing its importance, and in having community conversations:

- **Lack of demand.** One respondent was skeptical of whether there is the need to expand bicycle and pedestrian facilities, as they do not currently see many people biking or walking along many of the proposed routes.
- **Competition with other County projects.** A respondent wondered if and how these bicycle and pedestrian projects might compete with other County roadway priorities, noting that some existing infrastructure is failing.
- **Focus on recreational, utilitarian, or commute-focused bicycling.** A few respondents noted how they were supportive of trails in the community but questioned whether it makes sense to have any bike facilities on higher speed and, potentially, more crash-prone roads in the county. They believed the highest potential for use was on trails within the neighborhoods, and that bike lanes on high-speed roads and highways should not be a priority.

Input on Goals



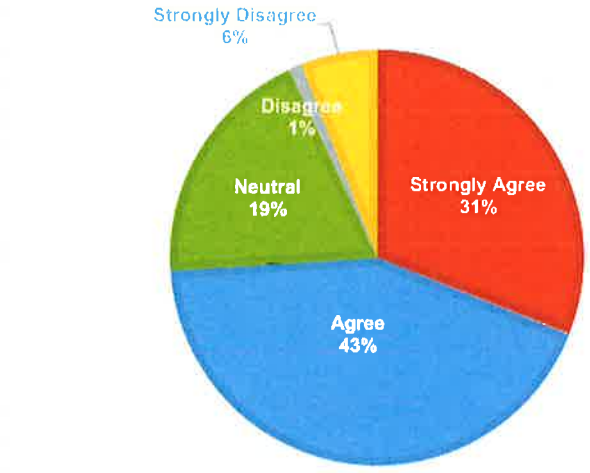
The Bicycle and Pedestrian Plan is recommending that new trails, bikeways, and county highway safety projects be prioritized based on these three goals:

- Increase Walking and Biking
- Prioritize Safety
- Promote Equity

Survey respondents were asked if they agreed with using these goals to prioritize projects. Over 85% of respondents agreed that these three goals made sense and should be used.

That said, there was a high level of variability as to how the goals might be weighted when prioritizing projects. Figure A-12 shows the frequency of "point" scores respondents gave each goal if they had 10 points to distribute amongst them. As shown, "prioritizing safety" and "increasing walking and biking" generally received more points compared to "promoting equity," which most respondents gave two points or less. Averaging the scores for each goal leads to a similar conclusion: Increase walking and biking (4.8 average score), prioritize safety (4.9 average score), and promote equity (3.0 average score)

Figure A-12 Results of goal prioritization exercise



Summary of Comments on Draft Recommended Cross Sections

The second poll asked respondents to review a suite of proposed cross sections which described standards for how bicycle and pedestrian infrastructure (lanes, paths, sidewalks, etc.) might look on future County Highways depending on its context, vehicle volume, speed limit, or number of lanes.

Of the respondents, the majority agreed with the proposed cross sections. Nearly 75% of respondents strongly agreed or agreed with what was proposed.

Figure A-13 Respondent support for draft cross sections

But even with the high level of support for the cross sections, the respondents still had a few concerns:

- Having two-way bicycle traffic on one side of the roadway is confusing for both people biking and driving.
- Off-street paths would be preferred for every cross section.
- As possible, people bicycling and people walking should be separated to reduce conflicts.
- If side paths are not viable, thought should be given to having a wider outside lane.
- Separated bike lanes should be present on the Urban Context cross sections where there is no on-street parking.

Importance of County/Local Government

Lastly, survey respondents were asked about the importance of County/local government investment in bicycle and pedestrian systems. Over 90% of the respondents thought that government investment was either "very important" (67%) or "important" (23%), with the remaining categories only having small levels of support (somewhat important - 3%, neutral - 4%, not at all important - 3%).

Presentations to County Standing Committees

County staff presented on the Plan's progress to date and initial recommendations at four standing committees:

- Property, Airport, Recreation, and Economic Development Committee (February 14, 2023)
- Zoning Committee (February 28, 2023)
- Highway, Recycling, and Solid Waste Committee (February 28, 2023)
- Health and Human Services Committee (April 10, 2023)

Committee members asked questions and provided comments for consideration. The following summarizes the key topics and considerations they highlighted to County staff:

- **Funding**: A Supervisor voiced concern about funding for bikeways and trails, especially from the perspective of Towns. There is already a lack of funding to maintain the roads and adding bikeway and trail mileage could increase competition for already scarce maintenance dollars. Another Supervisor suggested the County consider a trail sponsorship program (like the Adopt a Highway program) where fees are paid to support trail maintenance.
- **Land Acquisition**: A Supervisor commented that recent rail system connection proposals may increase competition for land in rural areas. Acquisition of land should be considered as part of this Plan. Another supervisor asked about eminent domain, wondering whether the County could acquire land if property owners were not interested in selling. The implementation of this Plan should not be controversial in this way.
- **Balancing Diverse Perspectives**: Regarding the proposed highway cross sections, a supervisor inquired why the County would provide bicycle and pedestrian infrastructure as well as greenspace between this infrastructure and vehicle routes, when that space could be dedicated to additional vehicle lanes. They wondered why we would fund this infrastructure when, so few people bike in the county. It was suggested that an explanation of the need for bicycle and pedestrian accommodations (e.g., the impact/benefits of active transportation options and policy direction from federal/state governments) could be useful. Many supervisors liked the direction of this Plan and appreciated that the Plan is looking at the bicycle and pedestrian network from different perspectives.
- **Amenities**: There was a discussion of the need for more trail and bike wayfinding signage. There are concerns that we do not have enough signage or signage in the right places.

Greenway Committee

The project team presented the draft recommendations to the Greenway Committee on March 22, 2023. Committee members provided the following input on the draft recommendations:

- Be consistent in labeling and defining "equity priority areas" or "environmental justice areas" or "community stress" in the Plan's text and maps.
- Ensure that rural areas are represented well in the community stress index (since some of the rural parts of the county are lower income).
- With respect to performance measures, consider measuring plan implementation and connections with *percent* of priority trail connections built, not just *miles* of priority trail connections built.
- Committee members agreed with the proposed recommendation to update Administrative Rule 10-02 to give the County more flexibility to pay for bicycle and pedestrian accommodations along County Highways.
- There was substantial discussion, and some disagreement, about how to support rural communities in applying for project support from the Outagamie County Greenway Fund or provide bikeways and paths in rural areas of Outagamie County. In general, there was agreement that the northern part of the County was lacking in bikeway connections under the draft plan, but that the more rural areas might not consider bikeways a priority. There was a brief discussion following a recommendation to pave a larger section of shoulder along rural County highways than is dictated by current policy. County project management staff agreed to identify some rural county highway "backbone routes" on which the County would pave wider shoulders.
- Committee members suggested adding more north-south connections in Outagamie County between the Fox Cities and the Newton-Blackmour trail.
- Committee members undertook an exercise on Mentimeter to help project management staff prioritize projects under the plan, to develop a list of top 10 projects. The Mentimeter poll of the 10 committee members resulted in the following ranking of possible criteria for projects:

- Committee members discussed whether feasibility should really be prioritized or if it is automatically accounted for as most trail and bikeway projects are completed in an opportunistic fashion (e.g., as highways are reconstructed, or vacant land is redeveloped). The discussion seemed to indicate that feasibility should not be included in project prioritization rankings.

Focus Groups

The project team invited 23 people from agencies and organizations serving or representing bicycle and pedestrian advocates, people of color, low-income people, and people with disabilities to attend three focus groups to discuss the draft recommendations. Of those invited, 14 people attended the focus groups which were held in early April 2023. The project team led focus group participants through a discussion of the Plan's draft vision and goals, project prioritization criteria, and the highway cross-section one-pagers.

Summary of Focus Group Input

The following themes emerged from the conversations:

- Many focus group members agreed with the three goals of promoting equity, improving safety, and increasing walking and biking.
- When considering "inclusion" for people with disabilities, consider the needs of people using specialized bicycles such as tri-shaws, trikes, or tandems. These kinds of special bicycles require more room on trails and paths. Even if they are not riding a special wide bicycle, a person with a disability would feel more comfortable with a wider trail or bike lane because if they travel slower, they don't feel like they are slowing other people down and requiring themselves/others to ride closer to traffic. To promote inclusion, ensure that paths and bike lanes are wide enough for all users.
- Multiple focus group participants discussed how important it is to separate people on bikes from motor vehicle traffic, both for the goal of improving safety, and encouraging more walking and biking. Most people do not feel safe sharing a road with drivers.
- College Avenue and Wisconsin Avenue should both be priorities for biking and walking facilities. There are several shelters for unhoused people along W College Avenue/STH 125 in areas where sidewalks are missing and alternative connections on local back streets are unavailable.
- There should be a more conscious effort to promote trails to the community, through marketing and communications, because many people don't know about the trails or where they go.
- For prioritizing pedestrian and bicycle infrastructure projects, most focus group participants agreed the top four criteria should be:

- Project closes a gap in the trail and bikeway network.
- Project is in an area with high walking and biking trip potential.
- Project is along a corridor with medium to high pedestrian and bicycle crash density.
- Project is in an equity priority area identified by ECWRPC's Community stress index as having "high stress."

- The design guidance on the "county highway in urban context" one-pager should reduce the typical speeds for bike lanes with on-street parking from 35 to 25-30 and reduce speeds overall in urban cores.

PHASE 3 OF PUBLIC INPUT: FEEDBACK ON THE DRAFT PLAN DOCUMENT

This memorandum summarizes the input gathered during the third round of public engagement on the Outagamie County Bicycle and Pedestrian Plan, which took place in August 2023. The purpose of this third phase of public engagement was to gather feedback on the draft Plan. Two online polls were used during this phase. Both online surveys were open between July 14, 2023, through August 21, 2023.

- Online survey shared with the public, asking for input on the draft Plan
- Online survey shared via email with representatives of towns and municipalities in Outagamie County, asking for comments on the draft Plan, with special attention paid to the policy and programming recommendations and the top 10 priority corridors.

Survey for General Public

In the survey shared with the public, respondents were asked to review and comment on the draft Plan, which was shared as a PDF on the County webpage. There were 14 people that reviewed the plan and filled out the survey; the number of respondents from each municipality or town is shown in Figure A-14.

Figure A-14: Number of Respondents to General Public Survey

Municipality/Town	Number
Appleton	4
Buchanan	1
Grand Chute	4
Kaukauna	3
Kimberly	1
Wrightstown	1

Summary of Comments on Draft Plan

The survey asked respondents to comment on each of the chapters in the plan, one at a time. "Do you have any comments about Chapter 1?" "Do you have any comments about chapter 2?" etc.

Noteworthy comments are reprinted below in italics (verbatim), along with the consultant (Toole Design) response.

Chapter 1 (Introduction)

- *It outlines the motivations and goals clearly. I particularly appreciate the focus on closing gaps & improving connectivity, because in my experience, that's sorely lacking in the Fox Cities. If a county plan can help communities cooperate & coordinate, then that's a huge benefit.*

Chapter 2 (Community Input)

No noteworthy comments.

Chapter 3 (Planning Approach)

- *Fig.9 (and Fig. 21) shows a proposed trail between County Rd. "OO" and Evergreen Dr. in Kaukauna. This trail exists and was constructed several years ago.*
  - Toole Design Response: The commenter appears to be talking about a trail on Rose Hill Road (CTH CC). The County Highway Department confirmed that this trail does not exist.
- *Bike and Ped crashes are an important factor in the plan however this section does not note if the crashes are vehicle related, road hazard, or other. The word vehicle is not even used. Perhaps an explanation of what*

defined a crash or how the data was derived. This may help formulating improvements to help mitigate dangers.

- Toole Design Response: The text in this section will be revised to clarify what percentage of the crashes were between a vehicle and a bicyclist or a pedestrian.

- *Include the Village of Wrightstown and our Bike and Ped Plan in the document.*
  - Toole Design Response: The Village of Wrightstown's Bike Ped Plan was reviewed, following this survey and receipt of the PDF of the Village's plan. The proposed trails and bicycle facilities will be added to the previously-proposed facilities map in Chapter 3. Those facilities were considered for inclusion in the recommended County-wide bicycle and trail network.
- *3.2 p. 18 The route designated as a bike route between Meade Street and Ballard Road on Appleton Creek Road, is designated a bike route, but there aren't any significant accommodations. A 6-foot-wide shoulder DOES exist on CTH E between Ballard Rd (CTH EE) and the Apple Creek YMCA- this is frequently used and maybe should be noted as existing.*
  - Toole Design Response: No change. The map displays routes that are designated by municipalities as bike routes or bicycle accommodation. Toole Design did not measure whether these accommodations were sufficient for most bicyclists. The map also not display any paved shoulders that provide possible bicycle accommodation, because it is complex to determine whether a paved shoulder is sufficient accommodation without also measuring traffic volumes and truck traffic. In any case, designating the existing shoulder as an existing facility would de-emphasize the necessity of building a path along Appleton Creek Road.

Chapter 4 (Recommendations)

- *I am not sure that the Highway KK corridor from Hwy N east to STH 55 was addressed adequately.*
  - Toole Design Response: The Plan identifies portions of that section of Highway KK as a Highway Safety Priority Area, but does not include any recommended bicycle facilities on that section:

Previous plans have recommended bike facilities, including ECWRPC, which identifies it as a "Big Idea Connection"

The recommendations were updated to include a shared-use path along CTH KK in the final version of this Plan.

- *Page 35 4.1 Toolbox. Unpaved trail/Shared use path identifies potential winter use but should also note horse use on some trails which may be an expanding future opportunity.*
  - Toole Design Response. The text in this section was revised to add that unpaved trails may also allow equestrian users.

- *Fig. 20 shows the North/South County Roads "A" and "PP" do not line up. A connection, perhaps on County Road "S" may be considered for a link between the Fox Cities and Newton Blackmour Trail. Also Seymour North to Co. Rd. "VV".*
    - Toole Design Response. Toole Design reviewed this comment but did not recommend any changes to the Plan.
- *On page 44, Hillcrest Drive from Cleveland Avenue to CE trail. A suggested reroute would be Cleveland Avenue to south on Orchard Drive to east on Cherry Street to south on Peters Road. There is a sidewalk at the turn of Peters road that the city put in which goes directly to the CE trail. This is directly across the road from County CE and Kaukauna High School. This gives the option of going east or west on the trail. Going east leads directly to a controlled intersection for a pedestrian crossing. This limits being on County Q as this road is limited in width with cars parking on both sides of the street. This road was resurfaced in 2022, so other than painting would be surprised to see this widened out.*
    - Toole Design Response. Toole Design reviewed this comment but did not recommend any changes to the Plan.

Two commenters mentioned Wisconsin Avenue/STH 96 between Appleton and Little Chute:

- *The recommendations flow directly from the planning principles, and the maps on pages 38-39 is super exciting to see - it makes me want to keep advocating hard to make it a reality. Just a small note, but I'm surprised not to see Hwy 96 with a blue bike lane marker on page 39. It's a terrible bike lane and we should absolutely focus on improving it, but there is a marked/signed lane on 96 between Appleton and Little Chute. I was sad to see that segment of Hwy 96 not highlighted in yellow as a priority area on page 41 too.*
- *Please consider protecting 96/Wisconsin Ave between Appleton and Little Chute. Flexible posts would work.*
    - Toole Design Response. The map on page 39 does show the existing bike lane on STH 96 between Ballard Avenue/CTH E almost to downtown Little Chute. The infrastructure recommendations were updated to include a shared-use path between Appleton and Little Chute.

Chapter 4 (Policy and Program Recommendations)

The survey asked respondents to list what they think are the three most important policies or programs that County staff should work on. The policy with the most mentions was the recommendation for the Highway Department to implement safety infrastructure. Two people mentioned updating AR 10-02. No other policy received more than one mention.

Figure A-15: Number of Respondents Mentioning Certain Policies as Being Important

Policy	Number of Mentions
Highway Department to implement safety infrastructure	5
Update AR 10-02	2

Chapter 5 (Implementation and Priority Corridors)

Noteworthy comments on this chapter:

- *There is a stretch of trail along the Fox River Locks in Kaukauna on the North side of the Fox River that ends just south of a quarry. The only way from the end of this trail back to more populated residential areas to the North is along Plank Road. This road has very low traffic, very secluded, and is extremely sketchy for walkers/bikers alone. I believe a safer route from the end of this trail back to another trail, or more populated areas should be a priority.*
    - Toole Design reviewed this comment but did not recommend any changes to the County-level bikeway and trail network in this Plan.

Survey for Representatives of Towns and Municipalities

In the survey shared with the owns and Municipalities, respondents were also asked to review and comment on the draft Plan, which was shared as a PDF on the County webpage. Six people reviewed the plan and filled out the survey, representing Appleton, Grand Chute, Little Chute, Wrightstown, and the towns of Center and Osborn.

Policies and Programs

The survey asked respondents to rate the importance of each policy or program recommendation listed in the Plan. Noteworthy policies that were noted as "Very Important" by three or more commenters are listed below. Toole Design updated the Plan to highlight these policies.

Highway Department

- Refer to Highway Safety Priority Areas, the priority trail connections, and the typical cross section guidance in the Plan during highway reconstruction and repaving projects.
- Update AR 10-02 to allow the County Highway Department more flexibility to fund priorities identified in this Plan
- Apply for Safe Streets and Roads for All (SS4A) Implementation Grants
- Pursue grant funding
- Support communities building SRTS infrastructure on County highways (*this received five votes for "Very Important", more than any other policy*)

Development and Land Services Department

- Pursue grant funding sources for pedestrian and bicycle facilities *(this received four votes for "Very Important*).

Parks Department

- Develop a strategy and structure for assigning maintenance responsibilities for recreational trails in rural areas
- Pursue grant funding sources for pedestrian and bicycle facilities

Health and Human Services Department

No policy or program was considered Very Important by more than one respondent.

Sheriff Department

No policy or program was considered Very Important by more than two respondents.

Evaluation

The evaluation measures that more than four people voted as "Important" or "Very Important" were:

- Track miles of trail connections
- Track bicycle and pedestrian crash data
- Provide a tool to allow people to report issues with the walking and biking network.

Comments about the Policy and Program Recommendations Documented in the Plan

The representative from the City of Appleton wrote:

- *Pg. 51 Subdivision Regulations. The City of Appleton is exploring options of 5' sidewalk and 10' sidepath on all collector/arterial streets. The City allows 10' sidepath, the draft plan is considering 11' for minimum sidepath. Road design for 45-55 MPH called out a widen shoulder for bicyclist. We would add signage and symbols on the pavement for educational purposes.*
    - Toole Design response: Toole Design reviewed this comment but did not recommend any changes to the Plan.

Priority Corridors

The survey asked municipal and town representatives if they had any comments or concerns about each of the priority corridors.

Priority Corridor 1: College Avenue (STH 125) from Mall Drive to Badger Avenue

The representative from the City of Appleton wrote:

- *Has the feasibility been explored to extend the path to Badger Avenue? Currently the City has sidewalks on both sides starting at Linwood Avenue.*
    - Toole Design response: Toole Design believes this recommendation is feasible, although it would likely require the removal of street trees and design treatments at driveways. If keeping the current highway configuration, the existing sidewalks on West College Avenue/STH 125 would need to be widened (or removed and replaced with a 11' asphalt path). If the highway is completely reconstructed, some of the lanes and medians could be narrowed, allowing the curb to be moved.

Priority Corridor 2: Washington Street (CTH N) from Little Chute Trail to Kimberly High School

No noteworthy comments.

Priority Corridor 3: Wisconsin Avenue (STH 96) from McCarthy Road to Drew Street

No noteworthy comments.

Priority Corridor 4: W Prospect Avenue (CTH BB) from Northern Road to Seminole Road

The representative from the City of Appleton wrote:

- *The trail will connect into the City's protected bike lane and sidewalk on Prospect Avenue.*
    - Toole Design response: This would have been good context to include in the text, but we could not find any references to upcoming protected bike lane projects on Prospect Avenue (either in a Plan or in the news).

Priority Corridor 5: Appleton downtown connection between W College Avenue and Olde Oneida Bridge

The representative from the City of Appleton wrote:

- *Limited area to purchase additional ROW along Badger Avenue, compromises will need to be made along the corridor. Agree with other connections.*

- Toole Design response: Toole Design believes that protected bike lanes can be installed at street level by removing travel lanes. AADT on Badger Avenue is around 10,000, making it very promising for feasibility of a road diet.

Priority Corridor 6: Wiouwash State Trail to Main Street in Hortonville
No comments.

Priority Corridor 7: Mill Street/CTH T (New London)
No comments.

Priority Corridor 8: Northland Avenue/CTH OO from Abendroth Street to Lynndale Drive/CTH A
No comments.

Priority Corridor 9: E College Avenue (CTH CE) from STH 441 southbound off-ramp to CE Trail underpass
No noteworthy comments.

Priority Corridor 10: Lynndale Drive (CTH A) from Edgewood Drive to Northland Avenue (CTH OO)
No comments.

Comments about the 10 Priority Corridors Overall
The representative from the City of Appleton wrote:

- *The City has two corridors that are a concern that were not identified within the top 10. Highway 96 from Washington Street in Little Chute to Ballard in Appleton. The current bike lanes are not safe to use with the speed of traffic. The second corridor is CTH JJ, by Appleton North High School. A new elementary school will be constructed adjacent to CTH JJ and ongoing residential developments north of CTH JJ.*
  - Toole Design response: The infrastructure recommendations were updated to include a shared-use path between Appleton and Little Chute.

APPENDIX B: PLAN, POLICY, AND PROGRAM REVIEW

REVIEW OF RELEVANT PLANS

The project team reviewed previously completed plans to gain a better understanding of goals, objectives, and planned infrastructure for biking and walking in Outagamie County. The plans summarized here were identified in partnership with Outagamie County staff. We looked for topics in each plan related to three major unifying themes: planned bicycle and pedestrian (bike/ped) connections, fairness and equity, and funding and implementation. These themes are related to the concerns outlined by the project management team (PMT) during the kickoff call and help keep the focus on creating a plan that has realistic and feasible implementation goals.

Outagamie County Comprehensive Outdoor Recreation Plan 2022–2026 (Adopted 2020)

The purpose of the Comprehensive Outdoor Recreation Plan (CORP) is to assess the needs of the current County park system and provide direction for future maintenance, growth, and programs for the following 5 to 10 years. The Plan provides officials with a clear understanding of existing conditions as well as future recreational facility and open space needs. The planning effort was guided by these key pillars:

- **Conservation** – Protected open space not only benefits the environment but also serves as an important indicator to outside investment in the community.
- **Health and Wellness** – Parks are essential in combating important health issues such as nutrition, hunger, obesity, and physical inactivity.
- **Social Equity** – A healthy park system will provide equal access throughout the community.

The CORP contains existing conditions analysis and some objectives related to creating an all-ages and abilities bicycling and pedestrian network. Some of the key objectives identified in the plan include:

- Connect natural settings with safe and efficient bicycle and pedestrian access.
- Develop and incorporate into the Comprehensive Plan an Outagamie County Bicycle and Pedestrian/Trail System Plan to guide County efforts in developing/linking with the regional trail network. Use existing regional and local plans to ensure consistency with previous efforts.
- Develop a County bicycle and pedestrian strategy, focusing on County policy and infrastructure; integrate with other local municipal plans and local road networks.

Planned bike/ped connections

The CORP recommends several new trail connections (Figure B-1):

- Explore the feasibility of extending the CE Trail east to Brown County. Coordinate with Brown County to ensure the route selected aligns with existing or future Brown County plans.
- Explore the feasibility of extending the Wiouwash State trail north to the Newton Blackmour Trail. Coordinate with the Village of Hortonville, local towns, County Highway department, WisDOT, and others as needed.
- Explore the feasibility of extending the future State Highway 15 trail west into Hortonville, eventually connecting to the Wiouwash State Trail. Coordinate with the Village of Hortonville, the County Highway Department, WisDOT, and others as needed.

In addition, the CORP includes a concept plan for the development of a mountain bike park at the undeveloped View Ridge Natural Area just outside of New London.

Figure B-1 Excerpt of Map 8 in CORP Appendix, showing recommended trail connections.

Fairness and equity

Social equity is identified early in the plan as one of the key pillars by which a healthy park system can benefit a community. Though this pillar is identified early in the plan, the plan does not specifically include equity measures and considerations within the analysis, recommendation, and implementation sections.

Funding and implementation

The funding chapter of this plan provides a compilation of capital improvements, park development mechanisms, and funding sources. Also included is the process for adopting, monitoring, and updating the comprehensive plan. Some of the relevant funding mechanisms described in this section of the plan include:

- Wisconsin Department of Natural Resources
    - Knowles-Nelson Stewardship Program
        - Acquisition and Development of Local Parks
        - Urban Rivers
        - Urban Green Space
        - Acquisition of Development Rights
    - Land and Water Conservation Fund
    - Recreational Trails Act
- Wisconsin Department of Transportation
    - Surface Transportation Program (Urban)
    - Surface Transportation Program (Rural)
    - Transportation Alternatives Program (TAP)
- Wisconsin Department of Administration
    - Community Development Block Grant (Public Facilities)
- Other Programs
    - 10-Minute Walk Planning Grants
    - KaBOOM! Grants
    - Foundation Grants
        - David L. & Rita E. Nelson Family Fund – Community Foundation for the Fox Valley Region
        - Anthem Foundation
        - Clif Bar Family Foundation

- National Environmental Education Foundation
- The Skatepark Project
- U.S. Bank Foundation Play Grants

Outagamie County Comprehensive Plan 2040: The Shared Path Forward (Adopted 2020)

The Comprehensive Plan 2040 sets forth a vision, goals, recommendations, data, graphics, and maps related to housing, transportation, economic development, and natural resources (among others), which guide public land use, development, and infrastructure policy. Some of the key elements of the comprehensive plan include:

- Issues & Opportunities
- Transportation
- Utilities & Community Facilities
- Economic Development
- Intergovernmental cooperation
- Implementation

The second half of the comprehensive plan serves as an action plan, with a vision statement, guiding principles, and an implementation framework. Some key bicycle- and pedestrian-oriented goals include:

- Integrated land use and transportation system.
- Cooperative, intergovernmental land-use decisions.
- Robust, well planned county infrastructure to support livable communities.
- Sustainable and resilient public infrastructure & communities.
- Proactively anticipating the future becomes standard practice for Outagamie County.

Planned bike/ped connections

The Comprehensive Plan has several infrastructure recommendations that are relevant to this plan:

- Long-range multi-jurisdictional planning and coordination to improve safety and travel conditions at the following intersections: CTH KK and STH 441 in Appleton; STH 441, CTH OO and French Rd in Little chute/Grand Chute & Appleton; CTH GV, Casaloma Dr and STH 96 in Grand Chute; I-41 and CTH OO/STH 15; and STH 15, CTH JJ and CTH TT in Hortonville
- Further study the extent and scope of the westside arterial (CTH CB). Evaluate options and finalize the preferred route for the north extension of CTH CB from STH 15 to CTH JJ. Incorporate the route into necessary planning documents. Work collaboratively with Greenville and Grand Chute to finalize the preferred route, officially mapping it if feasible.
- Support the urbanization and inclusion of multi-modal accommodations along STH 76 in the Village of Greenville.
- Support the construction of the STH 15 bypass of Hortonville, which includes a corresponding multi-modal trail.
- Support the design and reconstruction of I-41; encourage WisDOT to include bicycle and pedestrian accommodations at all County and local road bridge crossings and underpasses. A conceptual cross-section was created as a part of the comprehensive plan effort showing a sidewalk, grade-separated 12-foot trail/sidewalk (see Figure B-2).

Figure B-2 Conceptual bicycle and pedestrian accommodations for I-41 crossings in the County Comprehensive Plan 2040

- Encourage WisDOT to begin planning for the reconstruction of STH 125 between Mall Dr (Grand Chute) and the Viaduct (Appleton) to include better mobility solutions than what exists with the current highway and adjacent frontage roads. The future cross-section should be urbanized with curb and gutter; feature multi-modal accommodations (including a trail on the north side) and blend the County's new CTH CA corridor with existing College Avenue east of the viaduct.

Fairness and equity

The Plan does not specifically mention equity as an overarching goal, nor does it include guidance on how to distribute the recommended investments fairly or equitably.

Funding and implementation

The Plan describes implementation as an ongoing process. Implementation of the Plan will be primarily conducted through the following methods:

- As part of the development review process and revisions to land development codes
- Creation or updates and implementation of functionally specific planning documents
- Additional research and policy recommendations
- Changes to county administrative rules, policy, and procedures
- Implementation of pilot projects and/or programs
- Planning of county infrastructure projects through the Capital Improvement Plan (CIP)
- Funding of projects, programs, and initiatives through the annual County budget, grants, and other sources
- Implementation through partnerships and/or through other entities

The action plan document does not provide guidance on funding sources or methods.

"Loop the Locks" Fox River Greenway Initiative (2017)

In 2017, Outagamie County announced the Fox River Greenway initiative, to build a network that would connect parks and downtown/commercial districts from Appleton to Kimberly, Kaukauna, Buchanan, and Combined Locks (Figure B-3). Upon completion, the network will create a 15-mile loop of trails and bike lanes to unite neighborhoods and communities straddling the Fox River in the County's "Heart of the Valley" region. Many segments are substantially complete as of September 2022.

Figure B-3 The route of the proposed Loop the Locks trail (image source: Outagamie County, via Appleton Post-Crescent)

Fairness and equity

The County created the grant program and asked municipalities to submit proposals for building trail connections to close the gaps in the network.

Funding and implementation

The project was expected to cost about $6 million to complete, with $1.5 million coming from a County fund financed by a conservation payment from the American Transmission Company. The utility is required by law to make a conservation payment to counties or municipalities where they put in high-voltage transmission lines. The County used the payment to provide up to 25% matching funds for key segments.

Fox Cities Trail Summit (2020)

The 2020 Trail Summit was a single day event organized by the Community Foundation for the Fox Valley Region (CFFVR), the Fox Cities Greenways, Inc (FCGI), and the East Central Wisconsin Regional Planning Commission (ECWRPC). It was attended by municipal professionals, representatives from Lawrence University, and community-based advocacy organizations.

The summit had the following goals:

- Foster broader dialogue across municipal boundaries, economic sectors, and areas of interest and create increased collaboration in designing and building a better multi-modal transportation system.
- Make the system of trails in the Fox Cities the best it can be to meet the recreation and transportation needs of current and future residents.
- Improve health for residents of the Fox Cities.

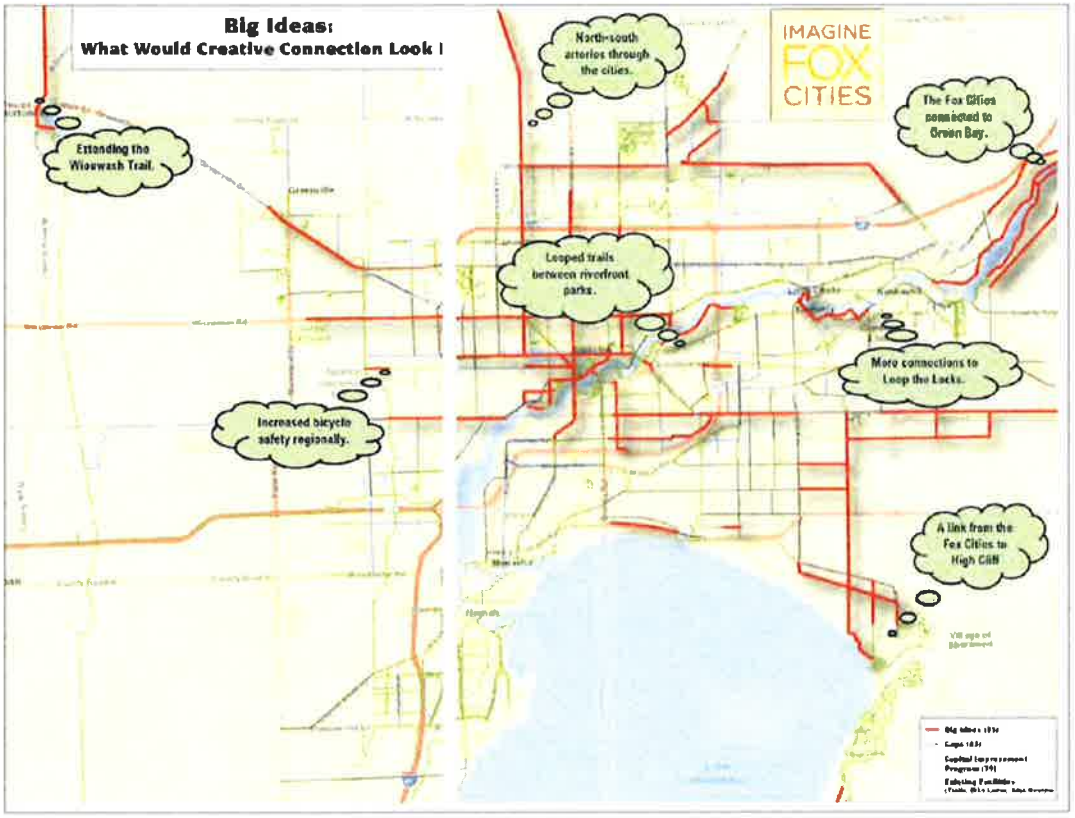


Figure B-4 "Big Idea" connections on pages 6 and 7 of Trail Summit Report

Planned bike/ped connections

Summit participants were given the opportunity to imagine a trail network that promoted connectivity, increased trail use for transportation, and solved key regional gap concerns. The participants identified the following areas needing improvement (Figure B-4):

- Connections along the Fox River from the Fox Cities to Green Bay.
- Extending the network in several points from the Fox Cities to High Cliff State Park.
- Key connections into the Wiouwash State Trail along STH 15 and STH 76.
- North-south arteries through the cities as well as a few east-west arteries.
- Increases to regional safety with updated bike/ped facilities at river crossings, such as between Kimberly, Combined Locks, and Little Chute, and increasing the Loop the Locks network.

Fairness and equity

During the summit, an associate professor from Lawrence University presented on the importance of equity in trail planning. The presentation generated some of the following responses:

- An equity lens could be used in determining funding sources for future regional projects.
- Need to shift the mindset from recreational cyclists to using bicycles for transportation.
- Use creativity offered by rails-to-trails programs.

- Factors such as poverty levels and population need to be part of future planning.
- Planners need to note the lack of diversity represented in the planning process.
- Increasing bike and pedestrian facilities everywhere will allow for reduction in healthcare costs.

Funding and implementation

The Summit Report provides next steps in trail and bike/pedestrian infrastructure development for ECWRPC, FCGI, and CFFVR.

- **ECWRPC:** Will use the data gathered at the summit to strengthen planning efforts for its 2020 update to its urbanized area bike and pedestrian planning document.
- **CFFVR:** Will continue to spark conversations and refer interested funders to assist with leveraging the projects that are on the horizon.
- **FCGI:** Will partner with ECWRPC to ensure the maps are updated in a timely manner by all the municipal partners as trails are constructed and new plans develop.

The Report lists possible sources of grant funding for proposed trail or wayfinding projects. In addition to the funding programs listed previously in the summary of the CORP plan, the Report also identifies:

- ECWRPC's Technical Assistance Program
- Local hospitals and healthcare organizations
- FCGI's Seeds of Growth Grant and Ad-Hoc grant

Appleton (Fox Cities) Transportation Management Area and Oshkosh Metropolitan Planning Organization Bicycle and Pedestrian Plan (Adopted 2021)

The Bicycle and Pedestrian Plan examines the existing bicycle and pedestrian facility connections within the Appleton Transportation Management Area (TMA) and identifies ways to better connect communities to each other. The plan is formed around the following six goals:

- **Equity:** Ensure all groups will have the same access to the planning and decision-making process.
- **Education:** Increase awareness and support for bicycle and pedestrian facilities to create an interconnected multimodal transportation network.
- **Encouragement:** Encourage residents to walk and/or bike as a means of transportation and recreation.
- **Engagement:** Draw involvement from new community members and work with existing community partners to build intentional, ongoing engagement opportunities.
- **Engineering:** Improve connections between bicycle, pedestrian, and transit networks by identifying gaps, barriers, and needed multimodal facilities and connections.
- **Evaluation:** Evaluate the equity, education, encouragement, engagement, and engineering components of existing and future planning efforts, programs, and facilities.

Planned bike/ped connections

Figure B-5 below proposes the recommended bicycle and pedestrian network in the Appleton TMA.

Figure B-5. Excerpt of Appleton TMA Recommended Bicycle & Pedestrian Network, Pg. 107

Fairness and equity

The Plan includes numerous mentions of equitable distribution of bicycle and pedestrian facilities. Each goal listed in the five-year implementation plan includes an equity component. Some of the key components include:

- Work with community members and local organizations to determine what data to collect; how to best utilize data.
- Ensure events are advertised widely and shared out with community partners; translate promotional materials.
- Work with health departments and advocacy organizations to ensure affordable/subsidized bike share options are available.
- Include equitable access in the criteria to ensure all neighborhoods benefit from bike/ped facilities.
- Work with neighborhoods impacted by lack of connectivity.

Funding and implementation

The Plan recommends that local municipalities fund bicycle and pedestrian facilities through their local capital improvement program and, when applicable, incorporate the addition or repair of facilities during roadway construction or reconstruction projects. It is important to note that some sidewalk projects may involve special assessments to homeowners, which could cause undue financial burdens. As bicycle and pedestrian facilities benefit the entire community, municipalities should consider specialized taxes to cover the cost of those facilities. Important funding mechanisms summarized in The Plan include:

- County and Local Capital Improvement Programs
- Surface Transportation Block Grant Program
- Transportation Alternatives Program
- Highway Safety Improvement Program
- Recreational Trails Aid Program
- The Robert Wood Johnson Foundation
- Local Hospitals and Healthcare Organizations

- Public Private Partnerships
- David L. and Rita E. Nelson Family Fund and the Community Foundation for Fox Valley Region

The Plan also includes a five-year implementation plan with specific actions for each of the goals identified early in the planning effort. Each action includes a performance measurement, baseline data sources, timeline, equity components, and possible partnerships.

Living Well in Outagamie County: Community Health Improvement Plan (2014)

The Community Health Improvement Plan details goals and objectives for connected health priorities; the complex interconnectedness of them all was revealed through the community health assessment. Ultimately, two priorities were chosen due to their level of seriousness and feasibility for change: physical activity and nutrition, and mental health. The physical activity portion of the improvement plan details the importance of access to active transportation facilities.

Goal: Improve physical activity and support active living in Outagamie County

- Objective 1: Increase percentage of population reporting that they are physically active.
- Objective 2: Decrease percent of adults aged 20 and older with body mass index BMI greater than 30.
- Objective 3: Increase number of worksites with active and comprehensive wellness programs in Outagamie County.
- Objective 4: Ensure that opportunities to be physically active are accessible to all county residents, with an emphasis on older adults, people with disabilities, and youth.

Planned bike/ped connections

The Community Health improvement plan does not include network recommendations.

Fairness and equity

The Plan is based on the socio-ecological model, this means the model considers the varying levels of influence necessary to assess and affect the social determinants of health and move towards health equity. This lens is the framework the entire plan is built upon, centering equity in the recommendations provided throughout the Plan.

Funding and implementation

The Plan does not specifically discuss funding or implementation. Performance measures are provided for each objective.

STH 125 Corridor Report (2019)

WisDOT has conducted several studies on the W College Avenue/STH 125 corridor. The most recent study was conducted in 2019. It is four-lane highway with posted speeds between 40 mph and 55 mph, through a corridor that has become mostly developed for commercial uses, including the Fox River Mall. In 2020, the section of STH 125 between County Highway CB and Casaloma Drive was reconstructed with a multi-use trail on the north side between CB and Mall Drive, and sidewalks on the south side between Mayflower Drive and Casaloma Drive. East of Mall Drive, there are no sidewalks and bicyclists use 4-foot shoulders or bike lanes on frontage roads. According to the 2019 Corridor report, the corridor exceeds statewide average total crash rates by 200 to 500 percent. The corridor report contains recommendations for intersection redesigns; page 349 of the report includes an analysis of pedestrian and bicycle existing conditions in Appendix, but no pedestrian and bicycle recommendations were ever finalized in the study.

ECWPRC Safety Action Plan for Implementing Pedestrian Crossing Countermeasures (Adopted 2021)

The Safety Action Plan was developed under the Federal Highway Administration's Safe Transportation for Every Pedestrian (STEP) initiative and recommends actions that, when implemented, are likely to reduce the number and rate of pedestrian crashes, fatalities, and injuries on roadways in the region's 10-county planning area. The plan does not have its own set of goals but refers to related goals in the long-range transportation plans and bicycle and pedestrian plans also developed by ECWRPC (and described previously in this memo). Because

EWCRPC does not implement roadway projects, the recommendations in the Safety Action Plan are focused on policy and programs that ECWRPC can implement and encourage in the region.

Planned bike/ped connections

The Safety Action Plan does not include any specific pedestrian infrastructure recommendations.

Fairness and equity

The Safety Action Plan does not explicitly mention equity, but the premise of many of the recommendations is to use data and systemic analysis to guide prioritization and funding. Data-driven implementation is inherently "fairer" than the way many pedestrian safety projects are implemented, where they are often built because of public input or political pressures.

Funding and implementation

The Safety Action Plan recommends that ECWRPC prioritize pedestrian safety in the two grant programs it administers for agencies in the region: Surface Transportation Block Grant Program-Urban (STBG-U) and Transportation Alternatives Program (TAP), and to work with WisDOT to prioritize pedestrian safety as it decides which Highway Safety Improvement Program (HSIP) projects should be funded in the region.

Other Municipal or Corridor Plans

The project team also reviewed local municipal or corridor plans to look for planned bicycle or pedestrian connections that could inform the county-level connections in this plan. The local plans were not reviewed for themes of equity, fairness, or funding and implementation. The plans reviewed include:

- City of Appleton *Trails Master Plan* (2017)
- Town of Freedom *Comprehensive Plan Recommended Plan* (2020)
- Town of Grand Chute *Pedestrian and Bicycle Strategy* (2019)
- Village of Greenville *Comprehensive Plan, Appendix H: Bicycle and Pedestrian Plan* (2019)
- Village of Hortonville *Comprehensive Plan Update* (2013)
- City of Kaukauna *Comprehensive Plan* (2013)
- Village of Little Chute *Pedestrian & Bicycle Facilities Recommendations* (2016)
- City of New London *Comprehensive Outdoor Recreation Plan* (2020)
- Village of Wrightstown 2021 *Pedestrian and Bicycle Plan*
- WisDOT *Wis 15 Highway Expansion and Hortonville Bypass* (ongoing)

The project team obtained, or were able to digitize, shapefiles of planned bicycle, pedestrian, or trail connections. The resulting map of existing and previously proposed bikeways and trails from local, county, and regional plans is shown in Figure 8. Existing and Previously Proposed Trails and Bikeways in Outagamie County and Figure 9 in Chapter 3.

REVIEW OF RELEVANT POLICIES

The following policies are key to encouraging bicycle and pedestrian use of the transportation network, and the implementation of new connections dedicated to these modes. Policies that discourage bicycling and walking, even inadvertently, could be modified to encourage lower-cost and more accessible transportation modes.

Outagamie County Administrative Rule 2010-02

Outagamie County maintains a substantial network of County highways within the Appleton/Fox Cities urbanized area. Due to resource constraints, Outagamie County adopted AR 2010-02 to limit the County's financial risk for the capital and maintenance costs for bicycle and pedestrian infrastructure. In summary, unless state or federal rules require bike/ped infrastructure, the primary burden of the infrastructure planning and funding are on the local municipality.

While this policy has achieved its goal of limiting financial risk, it has had unintended consequences resulting in a disjointed bicycle and pedestrian network throughout the County. Without critical linkages between communities,

this limits multimodal access to schools, parks, jobs, and other community assets. The County is working with ECWRPC and Toole Design to consider ways to update this policy or replace it with a policy that will ensure that the connections identified in the County Bicycle and Pedestrian Plan can be implemented.

Outagamie County Code

The Outagamie County Development and Land Services department is responsible for the administration of the County Subdivisions and Platting ordinance (Chapter 52), which regulates rules on county property and development in 13 of the 20 townships in Outagamie County. Chapter 40 (Parks and Recreation) and Chapter 52 (Subdivisions and Platting) of the Outagamie County Code of Ordinances were reviewed for their relevance to the Outagamie County Bicycle and Pedestrian Plan.

Chapter 40: Parks and Recreation Summary

Current Language /Section	Potential Issue or Concern
Article III – TRAILS	
Sec. 40-117 – Restrictions on motorized vehicles. (a) No unauthorized motorized vehicles are permitted on any trails except for snowmobiles on approved snowmobile trails. (b) All-terrain vehicles (ATV's) may cross the Wiouwash Trail and Newton Blackmour Wildlife Trail only at designated locations approved by the county parks department.	May need to update to accommodate electric assist bicycles

Chapter 52: Subdivisions and Platting Summary

Current Language /Section	Potential Issue or Concern
ARTICLE IV – REQUIRED IMPROVEMENTS	
Sec. 52-104 – Dedication and Reservation of Land (a) States that streets and public ways designated in adopted regional, county, and local comprehensive plans shall be a part of the land division and either dedicated or reserved by the subdivider. (b) States that parks, playgrounds, public access, open space sites or other public land other than streets designated in adopted regional, county, and local comprehensive shall be made a part of the land division and shall be dedicated to the public.	None
Sec. 52-106 – Ensuring Adequate Land Dedicated and Preserved This section establishes minimum amounts of park and recreation land to be preserved. When the dedication is incompatible or infeasible, the section sets forth a process for the subdivider to pay a fee in lieu of land dedication.	None

Current Language /Section	Potential Issue or Concern
ARTICLE V – DESIGN STANDARDS	
Sec. 52-124 – Street Design Standards (d) Establishes street grades of different percentages for different types of streets, including: *(1) d. Pedestrian ways, 12 percent, unless steps of acceptable design are provided.*	12 percent grade does not meet Proposed Public Rights-of-Way Accessibility Guidelines (PROWAG)
Sec. 52-124 – Street Design Standards (e) Establishes radii of curvature for different street types, including: *(1) Arterial streets and highways, 500 feet* *(2) Collector streets, 300 feet* *(3) Minor streets, 100 feet*	Radii of curvature design standards may be updated in guiding design documents like the American Association of State Highway and Transportation Officials (AASHTO) "Green Book"
Sec. 52-124 – Street Design Standards • Outagamie County's subdivision ordinance does not require developers to build sidewalks (or shared-use paths) along any streets, including collectors and arterials. • The subdivision ordinance does not include design standards or minimum widths for sidewalks or paths.	Lack of county subdivision standards may contribute to sidewalk gaps in unincorporated areas in the urbanizing/ residential parts of the county where people are likely to be walking.
Sec. 52-126 – Blocks Establishes standards for the widths and shapes of blocks, including: *(1) Length. Blocks in residential areas should not, as a rule, be less than 750 feet nor more than 1,500 feet in length, unless otherwise dictated.* *(2) Pedestrian ways. Pedestrian ways of not less than ten feet in width may be required near the center and entirely across any block over 900 feet in length were deemed essential by the county agriculture, extension education, zoning and land conservation committee or town board to provide adequate pedestrian circulation or access to schools, shopping centers, churches, or transportation facilities.*	None

RELEVANT PROGRAMS AND STAFFING

To consider the feasibility of implementing different programs and or adding new trails for Outagamie County to build and maintain, it is useful to consider the County's current operating environment. The following section includes an inventory of the County's current operating obligations and staffing.

Outagamie County Capital Improvement Plan (CIP) 2022-2026

The CIP document is a schedule of major transportation projects expected to be undertaken in the following five-year period. County highway projects—especially highway reconstruction projects—provide the primary opportunity to add bicycle or pedestrian connections; other trail connections are funded by grants to local communities through the County's greenway implementation fund.

Funding and implementation

- The County highway department has about $10.1 million in budgeted projects for FY 2022 and $12.8 million for FY 2023, funded through a combination of bonds, state funds, County levy and sales tax, and other sources.
- The County dedicates $25,000 annually from property tax levy and sales tax for greenway implementation.
- The County has in the past dedicated funding for trail expansions, such as CE Trails.

2022 County Adopted Budget

We reviewed the Outagamie County 2022 Adopted Budget to assess current operating environment and staffing capabilities. Wisconsin state law allows municipalities and counties to increase their levy over the prior year by the percentage increase in value from "net new construction." The County approved budget increased its levy by exactly that amount and is at the state-mandated levy "cap."

Outagamie County Parks System

The Outagamie County Parks department maintains four multi-modal trails, amounting to over 40 miles of trail:

- CE Trail
- Newton Blackmour State Trail
- Wiouwash State Trail

Maintenance such as brush clearing and mowing of these trails is performed by the park system staff. The parks system has a full-time staff of five park employees, four nature center employees, two permanent part-time evening caretakers, and numerous seasonal part-time staff. The park system also relies on many volunteers and donations.

The County's Greenways Committee oversees a matching grant program under the Parks budget that distributes $25,000 per year to local municipalities for trail projects in their communities, such as the New London connection to the Newton Blackmour trail, or the Loop the Locks initiative.

Parks Budget	2022 Adopted
Expenditures (services and capital)	$824,000
Revenues	$53,000
Net Expenditures	**$771,000**

Outagamie County Highway Department

The Highway Department has two funds: the **County Roads and Bridges Fund**, which provides funding for the maintenance and construction of roads and bridges for the county trunk highway system, and the **Highway Fund,** which covers the remainder of the Highway Department functions such as administration, county highway maintenance, state highway maintenance, and machinery/shop equipment. The Highway Fund includes annual maintenance contracts with 15 municipalities that include snow removal, pavement repair, mowing and brush control, and bridge inspection and repair.

ECWRPC Safe Routes to School Program

Safe Routes to School (SRTS) is a national and international movement to create safe, convenient, and fun opportunities for children to bicycle and walk to and from school. The ECWRPC's SRTS Program started in 2009 and is funded through WisDOT. The goal of the program is to enable and encourage children of any ability in grades Kindergarten-8th, to walk and bike to school. The program is based on the principles of the 6-E's: Engineering, Encouragement, Education, Engagement, Evaluation and Equity, and has several different components:

- Local Action Plans, in which ECWRPC staff can perform a SRTS plan including bike and walk audits, recommend walking and biking facilities, and safety recommendations.
- Events and Programs, in which ECWRPC staff partner with local SRTS champions on Walk to School Day, Bike to School Day, and other programs to encourage walking and biking to school.

Other Organizations and Partners

Fox Cities Greenways is a non-profit organization that works with local municipalities, partner organizations, and residents to develop and expand the bicycle and pedestrian network through trails, bicycle facilities, and water trails. They offer one funding opportunity relevant for trails-related projects: the Bi-Annual Grant, which is designed to help local organizations with local matching funds for federal, state, or county grant applications; and which funds infrastructure for up to $10,000, equipment for up to $5,000, and programming for up to $2,000.

Fox Cities Cycling Association is a subcommittee of the Fox Cities Greenways. It works to organize community rides (such as Moonlight Rides, Bike Week, Bike Across Bago), provides bike valet at the Appleton Farmers Market, educates residents on the benefits of bicycling, and advocates for bicycling.

Fox Cities Convention & Visitors Bureau (CVB) has a bicycle and pedestrian wayfinding signage grant program. Municipalities that are affiliated with the CVB may apply for matching funds to assist communities in the Fox cities to install pedestrian and bicycle wayfinding signage.

Wisconsin Bike Fed is an advocacy non-profit that offers programming, education, training, and events throughout the state. With main offices in Madison and Milwaukee, they have a dedicated staff person who is based out of Appleton who has partnered with the Fox Cities Greenway and the ECWRPC in organizing past events, such as the Fox Cities Trail Summit.

<head>

My name is Karen Kasten. I live at 22 W Pleasantview Ct. I cannot attend the meeting tomorrow but I have questions that will follow. The backyard of my property butts up to Northland Avenue where an intended 12' paved bicycle/pedestrian project is being planned. This is between Lynndale Avenue and Bluemound Road on the south side of Northland Avenue if I understand the documents correctly. My questions are:

1. There is a deep ditch there now that fills with water. What is your plan to alleviate that ditch or correct the situation?

2. Mud Creek is up the road. What are your plans regarding that because the railing right now is very close to Northland Avenue?

3. What are your plans regarding the existing trees along that section of property?

4. Will the speed limit on Northland Avenue be reduced from 45 mph? I listen to the traffic 24/7 and they're not going 45 mph.

5. Will there be a barrier of some kind installed along that section of Northland Avenue?

6. Will electric scooters be allowed to use that path?

7. How much notice will you give adjoining property owners regarding the start of this project? Will we be able to give additional input?

8. How long will this project take to complete?

9. Will this project be done in conjunction with the Highway 41 expansion or is it a separate project?

Please make a note that I would like to be made aware of any future plans regarding this project.

Thank you for your time.

Karen Kasten

ORDINANCE NO.: Z-8—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY COMPREHENSIVE PLAN. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 66.1001(4) of the Wisconsin State Statutes.

Outagamie County Planning Staff review recommends approval of proposed comprehensive plan amendment. The Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED that the Outagamie County Board of Supervisors does recommend the attached proposed amendment to the Outagamie County Comprehensive Plan, as reflected in the review of Exhibit 1, which by reference is made a part hereof:

- Repeal and replace Map 33: Future Land Use Map - Town of Kaukauna.
- Modify Map 18: Future Land Use Map - Outagamie County to reflect the future land use map changes in the Town of Kaukauna (i.e., new Map 33).

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in Outagamie County upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this Ordinance to the Outagamie County Department of Development and Land Services Director.

MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **September 6, 2023**
RE: **PL202300402: Proposed Outagamie County Comprehensive Plan Amendment**

The *Outagamie County Comprehensive Plan 2040: A Shared Path Forward* (County Plan), was adopted in 2020. Occasionally, amendments to the County Plan are needed to ensure it remains up-to-date and relevant. This memorandum discusses proposed amendments to Volume 2 of the County's Plan.

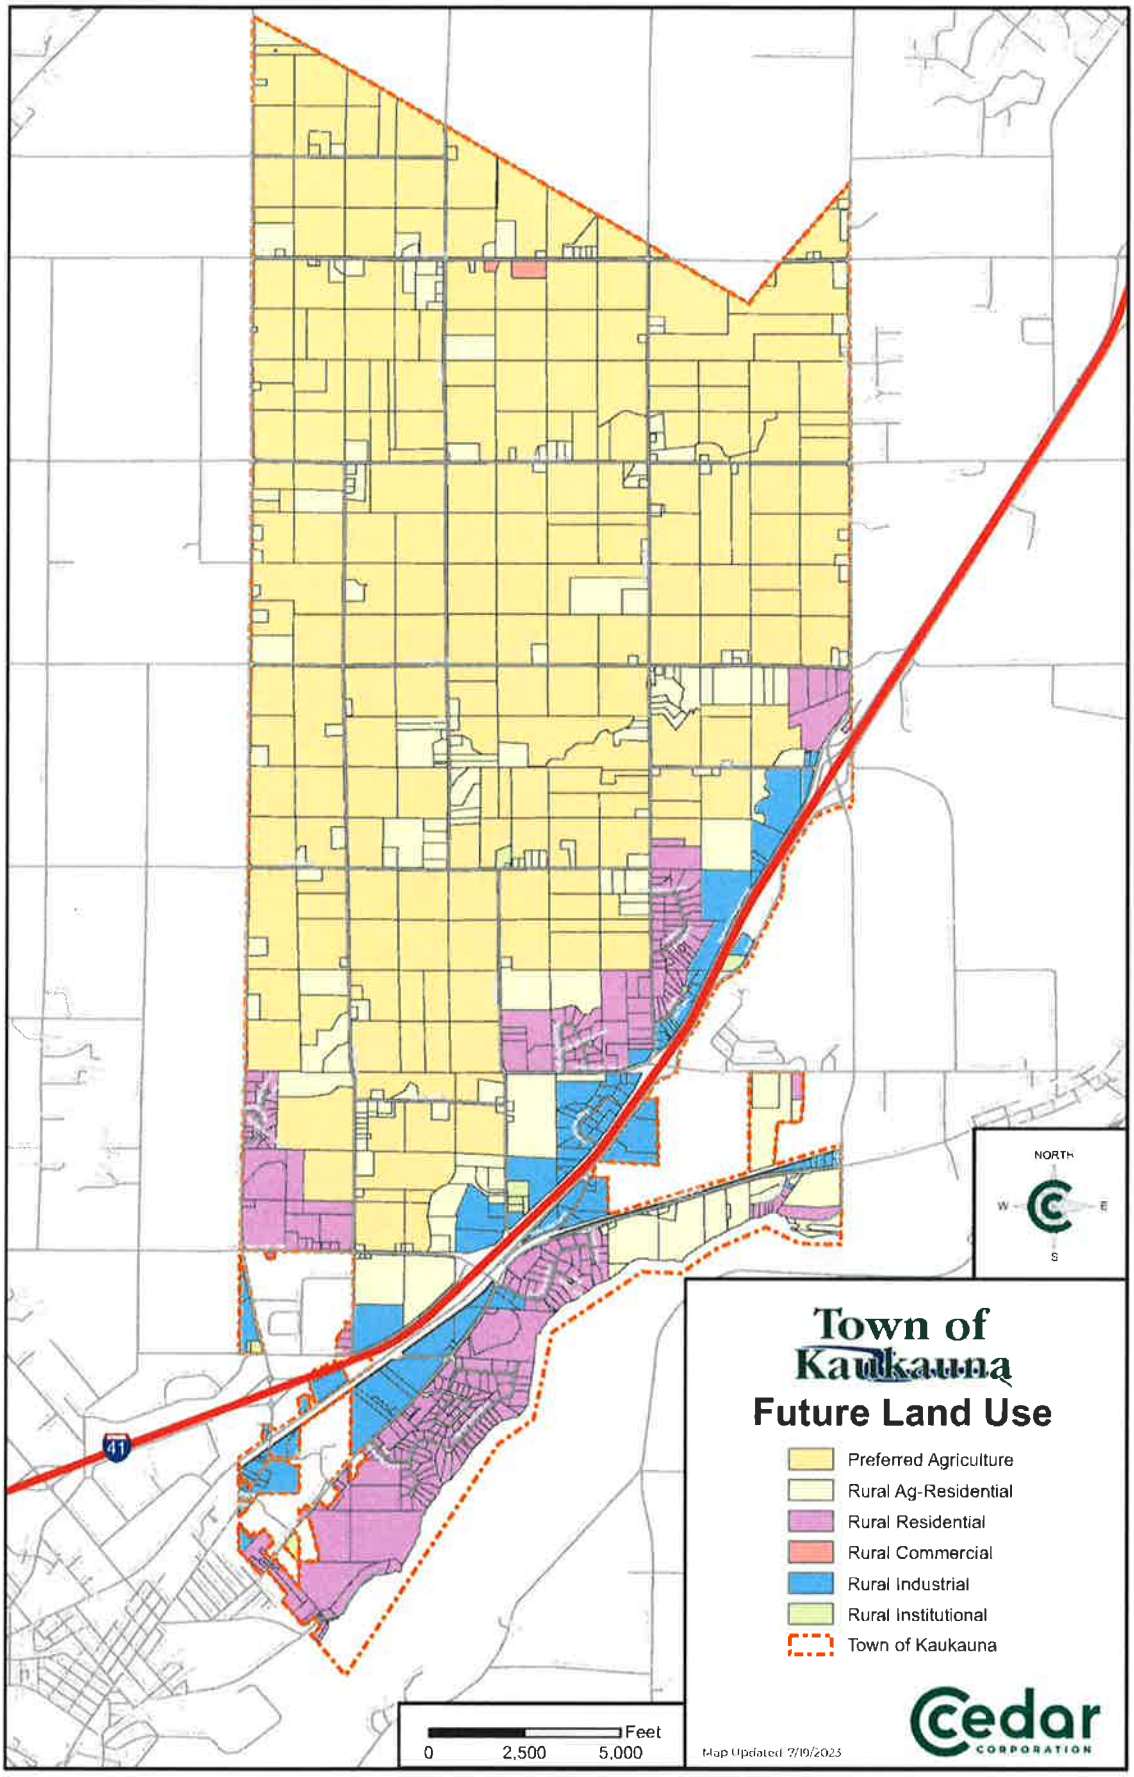
BACKGROUND:

The Town of Kaukauna recently amended their Comprehensive Plan to adopt a new Future Land Use (FLU) Map (see Exhibit 1). As a result of this change, County staff worked with Town staff to draft a new FLU Map for the Town in the County Plan. The purpose of drafting a new FLU Map for the Town in the County Plan is to ensure that the Town's and County's planning tools remain consistent over time.

Following receipt of the County's proposed FLU map for the Town, the Town of Kaukauna provided County Staff with a recommendation to: Repeal and Replace *Map 33: Future Land Use Map – Town of Kaukauna* in the County Comprehensive Plan (see Exhibit 2 and Exhibit 3).

Should this amendment be approved, County staff also recommends an amendment to edit *Map 18: Future Land Use Map – Outagamie County* to reflect the FLU changes made in the Town of Kaukauna.

It is County planning staff's opinion that the proposed amendments are consistent with Goal 3 of the County's Comprehensive Plan: *Cooperative, intergovernmental land-use decisions.*



STAFF RECOMMENDATION

Planning staff recommends adoption of the proposed amendments as presented. To do this, the following action is required pursuant to Wis. Stats. 66.1001:

- Zoning Committee adopts a Resolution authorizing the amendments and advancing them to the County Board (Wis. Stats. 66.1001(4)(b)).
- County Board approves an Ordinance adopting the amendments (Wis. Stats. 66.1001(4)(c)).

November 6, 2023 County Board Meeting

RESOLUTION NO.: 72—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Brewster Village is requesting to approve an amendment to their Table of Organization by adding one (1) full-time MDS (Minimum Data Set) Coordinator. Adding this position will allow the nurse leadership team to re-focus efforts as pertains to implementing processes that improve efficiency, increase staff retention, and improve quality of care. Additionally, the new position will improve the ability to complete MDS assessments, which determines how the facility is reimbursed, and focus on capturing data/increasing revenue through this process. It will allow the DON (Director of Nursing) and this position to collaborate on implementing annual competencies per regulation as well as focusing on potential new educational opportunities to extend the impact in the community by expanding the nursing capabilities.

At this time, no budget adjustment is required as the monies needed for the additional compensation will be included as part of the 2024 budget process.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the addition of one (1) full-time MDS (Minimum Data Set) Coordinator position, said position effective November 5, 2023, for Brewster Village, with no budget adjustment required as the monies needed for the additional compensation will be included as part of the 2024 budget process, as noted on the attached Position Addition Form, Job Description, Table of Organization, and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and the Brewster Village Administrator.

Dated this 6th day of November 2023

Respectfully submitted,

Position Purpose

Join the Premier Senior Living Community in the Fox Valley!

Brewster Village is looking for dedicated and compassionate caregivers who want to work in a team-based environment, where Person Directed Living is our top priority.

Reporting to the Nursing Director, the MDS Coordinator is ultimately responsible for the oversight and coordination of the federally mandated resident assessment instrument (RAI) process which includes the MDS assessment, care area assessment, and care plan development of the revisions.

The MDS Coordinator works with the interdisciplinary team to complete the MDS assessments, analyze care areas, and develop and revise a comprehensive care plan and ensure that compliance is maintained with state and federal guidelines. The MDS Coordinator is responsible for attesting to the completion of the Minimum Data Set (MDS) which is the key driver of the care plan, quality measures, and used for Medicare payment and Medicaid reimbursement systems. The MDS Coordinator serves as the expert resource for the Patient-Driven Payment Model (PDPM) and is responsible for complying with ethical and timeliness standards when setting ARDs, completing assessments, and upholding Medicare requirements.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Coordinate the RAI process, which includes, at a minimum, the following elements:
  - Minimum Data Set (MDS)
  - Care Area Assessment Process
  - Care plan development
  - Care plan implementation
  - Evaluation
- Provide oversight of assessment completion and transmission to the national repository. Review final validation reports and correct or modify assessments in response to warnings or errors as needed

- Coordinate the completion of the comprehensive care plan according to regulatory requirements
- Maintain the OBRA and PPS assessment schedules
- Be highly involved in determining skilled level of care for Medicare villagers and procuring required Medicare-specific documentation; be responsible for physician certification/recertification of a skilled level of care throughout the Medicare stay; be involved in making Medicare eligibility determinations
- Coordinate care with case managers for villagers utilizing managed care, health maintenance organizations (HMOs), commercial insurance and other alternate payment models
- Maintain compliance with state-specific regulations regarding the RAI process
- Provide insight and analysis of MDS-based quality measures
- Serve as a member of the quality assessment and assurance (QAA) and/or the quality assurance and performance improvement (QAPI) committees
- Work closely with hospital discharge planners and physicians to obtain accurate and complete documentation to support ICD-10 CM diagnosis coding and surgical procedures
- Audit and improve staff education/competency as needed to ensure accurate and timely completion of supporting documentation and MDS assessments
- Maintain confidentiality of sensitive information
- Plans and conducts BLS/CPR recertification classes

Education/Certifications/Experience Requirements

- Bachelor's degree in Nursing preferred.
- Must possess valid unrestricted RN licensure from the Wisconsin DSPS. This is also expected throughout employment as a condition of continued employment.
- Must maintain current certification in adult CPR.
- RAC-CT required or must be obtained within 6 months of employment.

Required or Preferred Skills

- Plan, organize, prioritize work independently, and meet deadlines
- Be knowledgeable of federal regulations, practice standards and procedures, as well as guidelines pertaining to the RAI process
- Ability to communicate professionally and effectively with Brewster Village administrators and care givers, government health agency representatives, special interest groups, sales representatives, and others verbally and in writing, and understand the importance of modeling positive attitudes and behaviors.
- Ability to assure that federal, state and local laws as well as accepted professional standards and principles of professional organization, boards and councils are followed.
- Ability to see person-directed living as an important component in providing villagers with a sense of health and well-being.

It is required that any applicant and/or employee inform the facility immediately if their license is has been revoked, suspended and/or under investigation.

RESOLUTION NO.: 73—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Appleton International Airport (the Airport) and Allegiant Air LLC desire to incorporate a Second Addendum to the Airline Operating Agreement. This addendum provides for an additional 504 square feet of Terminal office rent. The 2023 rate per square foot in the Terminal is $43.70, therefore a budget adjustment for $8,259 is needed for the period August 14, 2023 through December 31, 2023. The addendum also adds Exhibit A.2 to reflect the additional space rented.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the Second Addendum to Airline Operating Agreement between the Appleton International Airport and Allegiant Air LLC in order to provide additional square feet of Terminal office rent, as noted on the attached Second Addendum to Airline Operating Agreement which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve increasing the Airport Terminal Allegiant Air First Floor Exclusive line item by $8,259 and decreasing the Airport Terminal Fund Balance Applied line item by $8,259 as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Appleton International Airport Director.

December 12, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: Z-7—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Kaukauna has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Kaukauna be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for Robert and Lisa Vandeloo. The proposed rezoning is for parcels 130026600, 130024700, 130035901, 130033500, 130038401, 130038500, 130038900, 130038100, and 130036302 from the Transitional District to the Exclusive Agriculture District. The parcel is located North of CTH JJ, West of Farrell Rd and East of Bodde Rd in the Town of Kaukauna, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Clerk of the Town of Kaukauna.

Dated this 12th day of December 2023

Respectfully Submitted,

MEMORANDUM

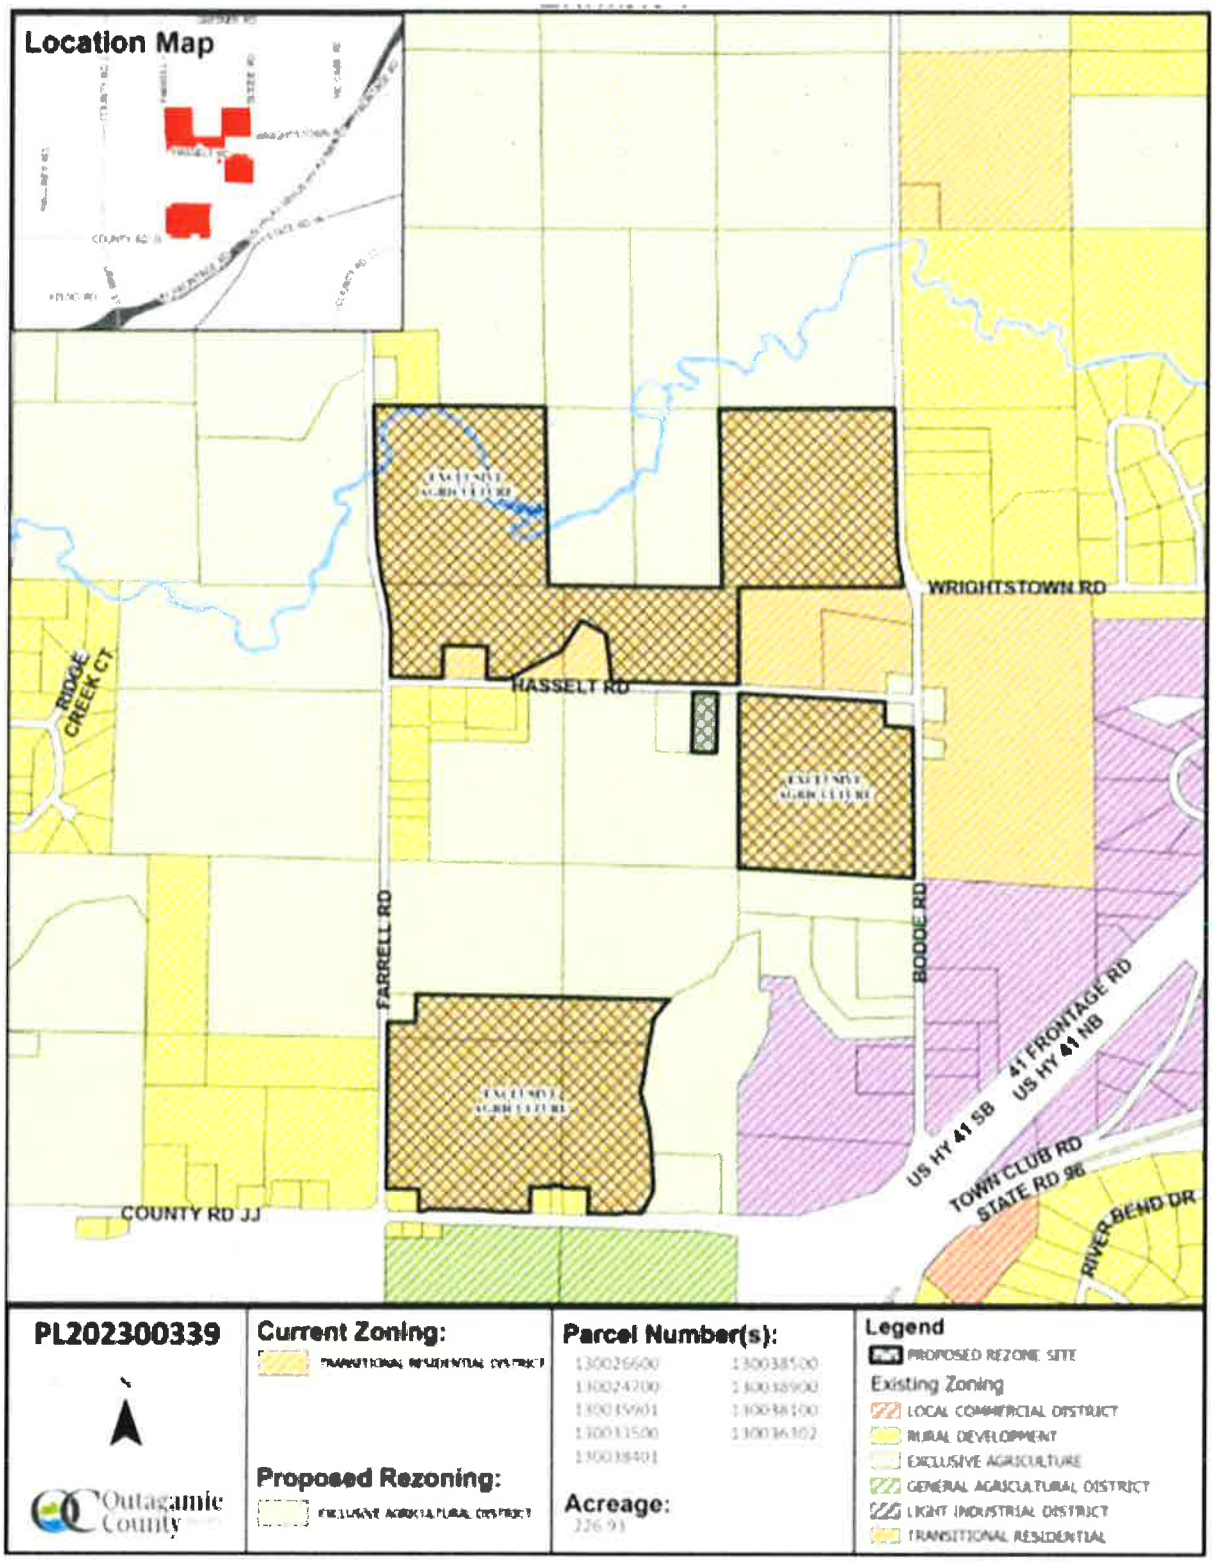
TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **October 25, 2023**
RE: **PL202300339: Rezoning – Town, Review and Recommendation**

Application Details:

Applicant and Owner:	The Town of Kaukauna, Applicant on behalf of Robert and Lisa Vandeloo (Owners)
Request:	Rezoning - Town
Parcels:	130026600, 130024700, 130035901, 130033500, 130038401, 130038500, 130038900, 130038100, 130036302
Location:	Generally located North of CTH JJ, West of Farrell Rd, and East of Bodde Rd TOWN OF KAUKAUNA
Public Hearing:	July 18, 2023 at 4:45 PM held by the Town of Kaukauna

Background:

A Town Rezoning request was received from the Town of Kaukauna, as depicted on the attached Rezoning Map. The proposal would rezone a series of parcels totaling approximately 226.93 acres from the Transitional District to the Exclusive Agriculture District.[1] The rezoning would permit the property owner to participate in the Farmland Preservation Zoning Program, which provides a pathway for the property owner to claim Farmland Preservation Tax Credits.



The Town of Kaukauna exercises village powers and adopted General Town Zoning. The Town of Kaukauna is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Plan and Future Land Use map. The Town Board voted to approve the rezoning request on July 18, 2023.

Rezoning parcels into a certified farmland preservation zoning district requires that those parcels be planned for Farmland Preservation in the County's adopted Farmland Preservation Plan.

[1] Note: County records show that one of the parcels requested to be rezoned (parcel 130036302) is already zoned as Exclusive Agriculture.

These parcels are consistent with the County's Farmland Preservation Plan as they are designated as Farmland Preservation.

Staff Recommendation:
Based on County staff's review of this proposed Town Rezoning, Staff recommends to: approve the rezoning of parcels 130026600, 130024700, 130035901, 130033500, 130038401, 130038500, 130038900, 130038100, and 130036302 from Transitional District to Exclusive Agriculture District.

RESOLUTION NO.: 74—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Appleton International Airport (the Airport) desires to enter into a new lease for office space and rental car ready return spots located in the Airport's Consolidated Car Rental Facility (CCRF) with the following rental car companies:

- Midwestern Wheels DBA Avis Rent-A-Car and Budget Rent-A-Car
- Broadway Rental Cars, Inc. DBA Hertz
- Enterprise DBA Enterprise Rent-A-Car, National Car Rental, and Alamo Rent-A-Car

The term of the lease will be five (5) years commencing January 1, 2024 and ending December 31, 2028. The total estimated revenues due for the premises will consist of

- Privilege fee of the greater of 10% of Gross Revenues or the Concessionaire's Minimum Annual Guarantee (estimated revenues $971,850)
- Base rent for counter space in the CCRF (estimated revenues $194,177)
- Base rent for a block of ready return parking spaces (estimated revenues $416,160)
- A Customer Facility Charge collected from customers (estimated revenues $785,400)

There is no impact to the 2024 budget, as these estimated revenues are already included in the budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve entering into a new lease for office space and rental car ready return spots located in the Appleton International Airport's Consolidated Car Rental Facility (CCRF) with the following rental car companies: Midwestern Wheels DBA Avis Rent-A-Car and Budget Rent-A-Car; Broadway Rental Cars, Inc. DBA Hertz; Enterprise DBA Enterprise Rent-A-Car, National Car Rental, and Alamo Rent-A-Car, with no impact to the 2024 budget, as the estimated revenues are already included in the budget, as detailed in the attached Non-Exclusive Rental Car Concession Agreement and fiscal note, which are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Appleton International Airport Director.

Dated this 18th day of December 2023

RENTAL CAR CONCESSION AGREEMENT

THIS CONCESSION AGREEMENT ("**Agreement**"), made and entered into this ____ day of _____, 2023, by and between the County of Outagamie, (the "**County**"), a municipal corporation and existing under the laws of the State of Wisconsin, whose address is W6390 Challenger Drive, Suite 201, Appleton, Wisconsin 54914, hereinafter referred to as "County" and _____ operating as _____, (hereinafter referred to as "**Concessionaire**"), a _____ with its office and address being _____, with a mailing address of _____.

W I T N E S S E T H:

WHEREAS, County is owner and operator of Appleton International Airport (the "Airport") located in the Town of Greenville, County of Outagamie, State of Wisconsin, and has the right to lease portions of the Airport and to grant operating privileges thereon subject to the terms and conditions hereinafter set forth; and

WHEREAS, the County has determined it to be in the best interests of the public and the County to enter into this Agreement with Concessionaire to provide rental car concession services at the Airport pursuant and subject to the terms and conditions hereunder;

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants and considerations herein contained, County and Concessionaire agree as follows:

DEFINITIONS

The following terms and phrases shall have the following meanings for purposes of this Agreement:

1. **"ACDBE"** shall mean airport concession disadvantaged business enterprise as that term is defined by 49 CFR Part 23.

2. **"Airport Director"** shall mean the Airport Director of the County's Airport, or his or her designee.

3. **"Consolidated Car Rental Facility"** or **"CCRF"** shall mean the car rental building and ready return parking area located in front of the terminal building at the Airport.

4. **"County"** shall mean the public body corporation existing under the laws of the State of Wisconsin which controls, operates, and maintains the Appleton International Airport.

5. **"FBO"** shall mean the Appleton Flight Center fixed base operator facilities located on the south side of the Airport where the General Aviation facilities are located and where general

aviation customers are serviced.

6. **"Gross Revenues"** as used herein shall mean, as determined in the reasonable discretion of the County, all amounts charged to its customers by Concessionaire for or in connection with agreements it secures through its operations and business at the Airport, regardless of whether such amount is actually paid to or received by Concessionaire. Gross Revenues shall include all monies or other consideration of whatsoever nature paid or payable to Concessionaire by customers for all sales made and services performed for cash, credit or consideration in connection with automobile and vehicle rentals or other products or services provided to persons through Concessionaire's operations at the Airport, without regard to the ownership, area, fleet, or location assignment of vehicles and without regard to the manner in which or place at which the vehicles or other products or services are furnished to Concessionaire's customers and without regard to whether the vehicles or other products are returned to the Airport or to some other location.

   Gross Revenues may not be reduced by promotional or other discounts not given directly to the customer at the time of rental. The retroactive adjustment by Concessionaire of Gross Revenues designated as volume discounts or rebates, corporate discounts or rebates, or any other designation of any nature, or for any other purpose, is prohibited.

   Gross Revenues shall include anything and everything that is not specifically excluded. The only exclusions from Gross Revenues permitted under this Agreement shall be the specific exclusions set forth below:

   - Federal, state, county, city or municipal sales, use, or excise taxes now in effect or hereinafter levied on Concessionaire's operations which are separately stated on customers' rental contracts and collected from customers of Concessionaire;
   - Those fees referred to in this Agreement as Customer Facility Charges, "CFC's" which for the purpose of this Agreement shall include all customer facility charges, authorized pursuant to County Resolution, as may be amended;
   - Amounts received specifically for the actual loss of or damages of vehicles or other property of Concessionaire;
   - Amounts received from the sale of vehicles off-Airport premises; provided, however, any amounts paid in connection with automobile and vehicle rentals or other products or services provided to persons through Concessionaire's operations that are applied to or otherwise reimbursed as a result of the sale of a vehicle shall not be excluded from Gross Revenues; and
   - Reimbursements for amounts actually paid for windshield replacement, towing, tolls, parking tickets, impound fees, tolls and toll violations and other governmental fines and fees from its customers to pass through without markup to an independent third party with no amount being retained by Concessionaire. However, any amounts collected about the pass through amount shall be included as Gross Revenue under this Agreement.

7. **"Leasehold Improvements"** shall mean all improvements and equipment which are affixed to the Leased Premises and which cannot be removed without material damage to the Premises.

8. **"Operations Year"** shall mean January 1 through December 31 annually.

9. **"Personal Property"** shall mean all movable property of the Concessionaire not directly related to the rental car operations of the privileges granted hereunder, including, office furniture, office equipment, and office supplies.

10. **"Refurbish"** or **"Refurbishment"** shall mean the routine repainting or redecoration of public areas within the Leased Premises, as necessary, including the replacement or repair of worn carpet, tile, furniture, or furnishings.

11. **"Rental Car"** or **"Motor Vehicles"** shall mean motor vehicles designed primarily for the carriage of passengers and commonly classified as sedans, coupes, convertibles, four-wheel drive vehicles, passenger vans, sport utility vehicles, and pick-up trucks rated one-ton or less. Concessionaire shall not park, store or rent from Premises any vehicles except Motor Vehicles as defined herein that it owns or rents and are properly available for rental as provided herein.

12. **"Trade Fixtures"** shall mean all non-affixed items, except expendables and Personal Property, which can be removed without damage to the Leased Premises, including cash registers, safes, patron tables and chairs, display fixtures, and the like.

13. **"Transaction"** shall mean the execution of an agreement or contract for the rental of a Motor Vehicle; or, the payment of funds or completion of a cash or credit transaction for payment for rental of a Motor Vehicle; or delivery of a Motor Vehicle to a customer for use in exchange for cash, credit or any other consideration.

14. **"Transaction Day"** shall mean each twenty-four (24) hour period or portion thereof, for which a customer of a Rental Car concessionaire rents, or otherwise enters into a similar arrangement for the use of a Motor Vehicle and for which the Rental Car concessionaire collects revenue from the customer. Late returns (after twenty-four (24) hours) shall be considered a Transaction Day.

SECTION 1 – LEASED PREMISES

A. County hereby leases to Concessionaire and Concessionaire hereby agrees to lease from County the following premises, which, collectively, are hereinafter called the "Leased Premises": Six Hundred Twelve (612) square feet of counter/office/queuing area ____ in the Consolidated Car Rental Facility and Block #___ the ready return area containing approximately XX ready/return parking spaces outside and adjacent to the CCRF. Said Leased Premises is more particularly shown on **Exhibits A1 and A2** attached hereto and by this reference made a part hereof. Additionally, two (2) ready/return vehicle parking spaces at the FBO are included in the Leased Premises.

B. Concessionaire agrees that its Leased Premises have been inspected by Concessionaire and are accepted and will be occupied by Concessionaire on an "as is" basis. The

Concessionaire specifically waives any covenants or warranties regarding the Premises, including but not limited to any warranty of suitability and warranty of fitness.

SECTION 2 – TERM

The term of this Agreement is for a five (5) year period commencing on January 1, 2024 and terminating on December 31, 2028 unless sooner terminated or canceled as hereinafter provided.

Concessionaire acknowledges that this Agreement contains no renewal clause and is subject to the County's stated intent and obligation to expose the premises and rights granted hereunder to public competitive selection process at the expiration or termination of this term. If Concessionaire remains in occupancy and use of the premises after the expiration of this term with the consent of County, Concessionaire's interest in the premises from and after that date shall be deemed to be month-to-month, pursuant to the terms provided in Section 18 of this Agreement.

SECTION 3 – USES, PRIVILEGES, COBRANDING AND OBLIGATIONS

Concessionaire shall have the following uses, privileges, and obligations in connection with its use of the Leased Premises:

A. The non-exclusive right, privilege, and obligation to conduct and operate a rental car, van or truck rental concession at the Airport including all necessary and ancillary services customarily associated with car rental concessions at public airports within the United States of America or airport of similar size and capacity. Concessionaire shall furnish good, prompt and efficient service and shall at all times have available a sufficient number of Vehicles (a fleet of no fewer than thirty-five (35)) to meet all reasonably foreseeable demands of the traveling public. Co-Branding by parent Concessionaire is limited to two brands per concession space specifically those listed in their submitted proposal. Concessionaire shall be prohibited from operating at the Airport under any brand(s) other than the brand(s) it designated on its Qualifications Form. Any requests for changes to this arrangement will not be approved. It being understood that no more than two brands under rental car agencies who are owned by the same parent Concessionaire may operate from any one concession space during the term of this agreement. Concessionaire understands and agrees that it shall not engage in any other business on the Airport under this Agreement.

B. The right, privilege, and obligation to rent and check-in rental vehicles, including the right to offer for sale related collision damage waiver protection, personal injury and accident insurance, personal effects insurance, and such other travel or vehicle related coverage offered in connection with and incidental to the rental of a vehicle and occupy operations office, storage, and Ready and Return car parking spaces. It is the intent of this Agreement that the rental car customers of Concessionaire will operate the vehicle rented only from the ready spaces provided herein, and Concessionaire shall not engage in customer shuttle operations of any kind to, from, or on the Airport. This does not

prohibit the picking up of a customer from the Fixed Base Operator (FBO). No trucks larger than one ton pickup type/style will be allowed in the ready lot unless approved in writing in advance by the Airport Director.

C. The Premises shall be used only for the purposes specified in this Agreement.

D. The right of ingress and egress to and from the Premises, over Airport roadways, are subject to such reasonable rules and regulations as may be established by Airport as respecting such use and subject to law.

E. Concessionaire shall install no signs on or about the Premises without the prior written approval of the Airport Director, said approval being solely discretionary with the Airport Director. For purposes of this Section, signs shall include, but not necessarily be limited to, identification signs, company logos, advertising or promotions, photographs, art displays, and the like. Such signs shall be substantially uniform in size, types and location with those of other concessionaries, and subject to Director's approval, Rules and Regulations, and in compliance with all applicable laws and resolutions. No temporary signs or displays shall be permitted on the backwall or the counter surfaces without the prior written approval of the Airport Director. Handwritten, or hand lettered signs are prohibited. Concessionaire shall not place or install any racks, stands, trade fixtures, pedestal signs, or other displays of products outside the boundaries of the Leased Premises without the express prior written approval of the Airport Director.

F. The right for Concessionaire's employees, in common with other employees of tenants of the CCRF and terminal building, to use vehicular parking space provided by County, subject to the payment of reasonable charges therefore, as set by the County. Employee parking shall only be allowed in those areas designated by the Airport.

G. *Airport Concession Disadvantaged Business Enterprise Program*

1. This agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 CFR Part 23 related to the airport concession disadvantaged business enterprises (ACDBE) program. The concessionaire or contractor agrees that it will not discriminate against any business owner because of the owner's race, color, national origin, or sex in connection with the award or performance of any concession agreement, management contract, or subcontract, purchase or lease agreement, or other agreement covered by 49 CFR Part 23.

2. The concessionaire or contractor agrees to include the above statements in any subsequent concession agreement or contract covered by 49 CFR Part 23, that it enters and cause those businesses to similarly include the statements in further agreements.

3. The Concessionaire shall on a quarterly basis, submit accurate reports on ACDBE utilization to the Airport by submitting form **ATW ACDBE-5** provided as Exhibit C. This report is due to the County sixty (60) days following the end of each quarter. Failure to submit the required quarterly report will

subject the Concessionaire to Operations Violations as provided for in Subsection 9.6.

H. Compliance with Federal Aviation Regulations and Security Requirements Parts 49 CFR Part 1542 and 14 CFR Part 139. Concessionaire agrees to comply with Federal Aviation Regulations, and 1542 (Airport Security) and the County's policies as outlined in County's Federal Aviation Administration approved Operations Plan and Airport Security Plan. Concessionaire further agrees that any fines levied upon the County or Concessionaire through enforcement of these regulations because of acts by Concessionaire's employees, agents, suppliers, guests, or patrons shall be borne by Concessionaire to the extent said acts contributed to said fines.

SECTION 4 – PRIVILEGE FEE, RENTS, FEES AND ACCOUNTING RECORDS

Subsection 4.1 Privilege Fee, Rent and Fees.

A. Privilege Fee. As consideration for the privilege of operating the concession hereunder, Concessionaire shall pay to County each Operations Year, for the full term of this Agreement, a Privilege Fee. Said Privilege Fee shall be the greater of either the guaranteed Minimum Annual Privilege Fee or the Percentage Fee applicable to Gross Revenues, hereinafter defined, as follows:

1. Privilege Fee – the greater of either:
   a. ten percent (10%) of the Concessionaire's annual Gross Revenues ("Percentage Privilege Fee");

OR

   b. the respective yearly amount shown below as the Concessionaire's Minimum Annual Guaranteed fee ("MAG"):

January 1, 2024 to December 31, 2024	$ _____
January 1, 2025 to December 31, 2025	$ _____
January 1, 2026 to December 31, 2026	$ _____
January 1, 2027 to December 31, 2027	$ _____
January 1, 2028 to December 31, 2028	$ _____

2. Monthly payment shall be the greater of 1/12th of the respective year's MAG or 10% of reported gross revenues for the previous month. The MAG payment shall be paid in advance on the first (1st) day of each month during each Operations Year, until such time as the Concessionaire has paid to the Airport an amount equal to the respective annual MAG identified in Section 4.1(a)(1)(b) above. On or before the 20th of each month the Concessionaire shall provide the Airport with: i) a signed and certified Report of Gross Revenues for the preceding month and ii) payment of any percentage Privilege Fee shown to be due for the preceding month, as designated on Exhibit B, attached hereto and made a part hereof. If Concessionaire is operating more than one brand under this Agreement,

it shall report Gross Revenues by each individual brand. Additionally, Concessionaire shall make reasonable efforts to report rentals and gross revenues attributable to the FBO separately from rentals and gross revenues attributable to the CCRF.

Once the sum of Privilege Fee payments remitted has reached the MAG in any given Operations Year, the Concessionaire may cease remittance of the 1/12th of the respective year's MAG on the first (1st) day of each month for the remainder of that Operations Year. The Concessionaire shall continue to report and remit each and every month after the annual MAG has been reached the full 10% of reported gross revenues for the previous month.

3. Concessionaire's Right of Abatement. In any Operations Year where the total deplanements at the Airport decline by 15% or more as compared to the prior Operations Year, the Concessionaire's MAG for such Operations Year shall be reduced proportionate to the decline in deplanements as part of the year-end reconciliation process. Where the County reasonably determines during any Operations Year that a MAG reduction is likely, the County may waive the Concessionaire's obligations to remit the monthly 1/12th MAG installment payments for any period of time the County deems appropriate in its sole discretion, but Concessionaire shall continue to remit the Percentage Privilege Fee each month regardless.

4. Concessionaire acknowledges that Privilege Fee payments by Concessionaire to County under this Agreement are for Concessionaire's privilege to use the Airport facilities and access the Airport market and are not fees imposed by County upon Concessionaire's customers. County does not require, but will not prohibit, a separate statement of and charge for the Privilege Fee on customer invoices or rental agreements ("Recovery Fee"), provided that such Recovery Fee meets all of the following conditions: (a) such Recovery Fee must be titled "Concession Recovery Fee," "Concession Recoupment Fee" or such other name first approved by the Airport Director in writing; (b) the Recovery Fee must be shown on the customer rental car agreement and invoiced with other Concessionaire charges (i.e. "above the line"); (c) the Recovery Fee as stated on the invoice and charged to the customer shall be no more than 11.11% of Gross Revenues and shall be specifically included in the Definition of Gross Revenues for purposes of remittance to County; (d) Concessionaire shall neither identify, treat, or refer to the Recovery Fee as a tax, nor imply that County is requiring the pass through of such fee; (e) Concessionaire shall comply with all applicable laws, including Federal Trade Commission requirements, the Wisconsin Consumer Act and any commitment to or contractual obligation by Concessionaire with any governmental agency or officer with authority over Concessionaire's activities.

B. Rent - All Rents set forth in this Section 4, Paragraph B, Subsection 1, are subject to Wisconsin sales tax and other applicable taxes which shall be collected by the County in addition to the rent listed in a, and b below:

1. Rent for Premises
   Concessionaire shall pay to the County, in advance, on the 1st day of each month the following rent:

   a. Counter/Office/Queuing space rent shall be calculated on a cost recovery basis to be shared equally by On-Airport Rental Car Concessionaires. The CCRF operation and maintenance (O&M) budget for calendar year 2024 is estimated to be $195,000. For the period commencing January 1, 2024 through December 31, 2024, Concessionaire shall pay the monthly sum of XXXXX Dollars ($X,XXX) for counter/office/queuing position in the CCRF.

   At the end of each calendar year, County shall provide a statement of expenses and reconcile the rents received to the actual expenses. The reconciliation will be completed within ninety (90) days following the completion of the County's annual audit. Concessionaire shall pay the balance of its proportionate share of the O&M costs (payable within twenty (20) days following receipt of the final accounting from the County) or receive a credit for any over payment toward the following year.

   CCRF operation and maintenance expenses will include all costs incurred by the County to operate and maintain the CCRF in good, clean and sanitary condition as it determines in its sole discretion. O&M expenses include, but are not limited to, utilities, supplies, maintenance and repairs, permits, assessments, security, insurance, land rent, professional services, landscaping, snow removal, depreciation and indirect costs.

   The CCRF operation and maintenance budgets for calendar years 2025 through 2028 will be estimated by the County and provided to the Concessionaires after adoption by the County.

   b. For the period commencing January 1, 2024 through December 31, 2028, Concessionaire shall pay the monthly sum of _____Dollars ($XX,XXX), per annum for Ready Return Block #__ as shown on Exhibit A2.

   c. For the period commencing January 1, 2024 through December 31, 2028, Concessionaire shall pay the monthly sum of One Hundred Twenty Dollars ($120), per stall per month for two (2) ready/return vehicle parking stalls at the FBO.

C. Additional Fees – All Fees set forth in this Section 5, Paragraph C, are subject to Wisconsin sales tax and other applicable taxes which shall be collected by the County in addition to the rent listed in a, and b below:

   1. The Concessionaire shall collect the CFC's on behalf of the Airport and remit to the Airport, in accordance with the County's CFC resolution, the full amount of the Transaction Day fee collected from each Rental Car customer.

2. If Concessionaire requests, in advance, to use overflow parking, the Concessionaire shall pay to the County a daily rate per vehicle determined by the County for overflow parking of its rental cars for use by Airport customers in a location determined by the Airport Director. Payment shall be due within thirty (30) days of invoice date.

3. Additional fees may include charges for special items or activities including, but not limited to, employee parking and badging fees. The County may assess reasonable, non-discriminatory charges for these special items or activities. All new charges will be reviewed with Concessionaire prior to implementation. Other charges payable by Concessionaire, shall be paid by Concessionaire to County no later than thirty (30) days following receipt by Concessionaire of billing therefor.

D. Any and all payments due to the County by Concessionaire shall be labeled "Airport Rental Car Concession" and remitted to the following address:

Outagamie County
Attn: Outagamie County Treasurer
320 South Walnut Street
Appleton, Wisconsin 54911

E. Year End Adjustments to Privilege Fees, Rents and Fees.

In the event the amount of payments made during the preceding Operations Year exceeds the total of any payments due for such Operations Year, the excess payment shall be credited against the payments for the next Operations Year, except that any excess payment during the final Operations Year of this Agreement will be returned to the Concessionaire within thirty (30) days after the Airport's acceptance of the final Certified Statement described in this Section. Concessionaire shall submit separate system generated reports for each brand name operated.

Subsection 4.2 Statements, Books, and Records; Delinquent Rentals.

A. Monthly Statements; Books and Records. Within twenty (20) days after the close of each calendar month of the term of this Agreement, Concessionaire shall submit to County, in such detail and on the statement form designated as Exhibit B or as may reasonably be specified by County, certain information, including but not limited to, the number of Transactions executed during the preceding month, the number of Transaction Days Motor Vehicles were rented during the preceding month, and the statement of its Gross Revenues during the preceding month upon which the percentage payments to County set forth in Subsection 4.1 A. (1) are to be computed, and said Exhibit B statement to be signed by a responsible accounting officer of Concessionaire. County reserves the right to change the form of the monthly statement and to require the submission by Concessionaire of other information pertaining to the Gross Revenues hereunder, and Concessionaire agrees to change the form of its statements to that requested by County

and to provide any such additional information County may reasonably request. Concessionaire shall keep full and accurate books and records showing all of its Gross Revenues hereunder, and County shall have the right, through its representatives and at reasonable times, at its own expense, to inspect, examine, copy and audit such books and records, including State of Wisconsin sales tax return records. Concessionaire hereby agrees that all such books and records will be made available to County for at least seven (7) years following the period covered by such books and records.

B. Annual Certified Statements. Each year during the term of this Agreement, Concessionaire shall provide to County a written statement, certified by an independent Certified Public Accountant under an audit or review engagement, to County stating that the Percentage Fees paid by Concessionaire to County during the preceding year pursuant to this Agreement were made in accordance with the terms of this Agreement. Said statement shall be submitted by Concessionaire, to be received by County within ninety (90) days of the end of each Operations Year. Such statement shall also contain a list of the Gross Revenues, by month, as shown on the books and records of Concessionaire and which were used to compute the Percentage Fee payments made to County during the period covered by said statement.

C. Delinquent Rentals and Fees. In the event Concessionaire fails to make payment when due under this Agreement, Concessionaire shall be obligated to pay a late charge in the amount of five percent (5%) of the past due amount. Payment of the late charge shall not constitute a waiver by the County of its other remedies under this Agreement on account of Concessionaire's failure to pay sums hereunder. Concessionaire shall also pay interest on all past due amounts at the rate of eighteen percent (18%) per annum from the due date, until paid.

Subsection 4.3 Audit. County reserves the right to audit Concessionaire's books and records pertaining to the Leased Premises, at its own expense, at any time for the purpose of verifying the Gross Revenues and Privilege Fee calculation hereunder for any period three (3) years prior to such audit. If, however, as a result of such audit, it is established that Concessionaire has understated the Gross Revenues received from all operations at the Leased Premises by two percent (2%) or more (after the deductions and exclusions herein), the entire expense of said audit shall be borne by Concessionaire. Any additional Privilege Fee due shall forthwith be paid by Concessionaire to County with interest thereon at one and one-half percent (1.5%) per month from the date such additional Privilege Fee became due.

SECTION 5 – ALTERATIONS AND IMPROVEMENTS

Subsection 5.1 Approval of Plans and Specifications; Provision of Drawings.

A. General. Any improvements to be made to or upon the Leased Premises by Concessionaire, and any subsequent alterations or additions to such improvements, shall be subject to the prior written approval of Airport Director. Full and complete plans and specifications for all work, facilities, improvements, and finishes, and the time required to complete same, shall be submitted to and receive the written

approval of Airport Director before any work or construction is commenced, which shall not be unreasonably withheld or delayed. First-class standards of design and construction shall be complied with in connection with all such work, facilities, and improvements; and all construction shall conform to the general architectural requirements of Airport Director as established for each improvement program. Two (2) copies of plans for all improvements or subsequent changes therein or alterations thereof shall be given to Airport Director for review prior to commencement of construction; after final approval by Airport Director, Airport Director shall return to Concessionaire one (1) approved copy for Concessionaire's records and shall retain one (1) approved copy as an official record thereof.

B. Improvements Conform to Statutes, Ordinances, Etc. All improvements, furniture, fixtures, equipment, and finishes, including the plans and specifications therefore, constructed or installed by Concessionaire, its agents, or contractors, shall conform in all respects to applicable statutes, ordinances, building codes, and rules and regulations, and public bidding laws. Any approval given by County shall not constitute a representation or warranty as to such conformity; responsibility therefore shall at all times remain with Concessionaire.

C. Approvals Extend to Architectural and Aesthetic Matters. Approval of County shall extend to and include architectural and aesthetic matters and County reserves the right to reasonably reject any layout or design proposals submitted and to require Concessionaire to resubmit any such layout or design proposals until they meet Airport Director approval.

D. Disapprovals. In the event of disapproval by County of any portion of any plans or specifications, Concessionaire shall promptly submit necessary modifications and revisions thereof for approval by Airport Director. County agrees to act promptly upon such plans and specifications and upon requests for approval of changes or alterations in said plans or specifications. No substantial changes or alterations shall be made in said plans or specifications after initial approval by County, and no alterations or improvements shall be made to or upon the Leased Premises without the prior written approval of Airport Director.

E. Provision of As-Built Drawings. Upon completion of any construction project, Concessionaire shall provide County two (2) completed sets of as-built drawings in reproducible form as specified by County. Concessionaire agrees that, upon the request of County, Concessionaire will inspect the Leased Premises jointly with County to verify the as-built drawings.

Subsection 5.2 Title to Improvements, Structural Alterations, Etc.

A. Title. All improvements made to the Leased Premises by Concessionaire, and any additions and alterations thereto made by Concessionaire, shall be and remain the property of Concessionaire until the termination of this Agreement (whether by expiration of the term, cancellation, forfeiture or otherwise), at which time said

improvements, except for Trade Fixtures, personal property, and expendables, shall become the property of County, at no cost to County.

B. Structural Alterations. Concessionaire shall make no structural alterations to the Leased Premises without the prior written consent of Airport Director.

C. Alterations and Improvements to Airport. Concessionaire acknowledges that from time to time County may undertake construction, repair, or other activities related to the operation, maintenance and repair of the CCRF which may temporarily affect Concessionaire's operations hereunder. Concessionaire agrees to accommodate County in such matters, even though Concessionaire's own activities may be inconvenienced, and Concessionaire agrees that no liability shall attach to County, its members, employees, or agents by reason of such inconvenience or impairment. It is agreed that in the event such activities of County substantially impair the operations of Concessionaire under this Agreement, the Minimum Annual Guarantee shall be waived during such period of substantial impairment, with what constitutes "substantial impairment" being reasonably determined by Airport Director after consultation with Concessionaire. Concessionaire agrees that if relocation is required that Concessionaire shall move its operations as reasonably directed by Airport Director and said move is at Concessionaire's sole cost and expense. If the County elects to relocate Concessionaire during the term of this Agreement, the County will reimburse reasonable and necessary costs associated with the relocation as determined by the County in advance of the relocation.

During the term of this Agreement, the County reserves the right to modify the Ready Return parking area including reducing the number of available parking stalls and adjusting the parking blocks as required. If such modifications are made, concessionaires will select their new blocks following the same rank order used for the initial space selection. The Ready Return block rent will be adjusted accordingly.

If, during the term of this Agreement, the County or Concessionaire determine the need exists to install electric vehicle charging stations on the Premises, the design and installation will be coordinated and approved in writing in advance with the County.

D. Removal and Demolition. Concessionaire shall not remove or demolish, in whole or in part, any Leasehold Improvements upon the Leased Premises without the prior written consent of County which may, at its sole discretion, condition such consent upon the obligation of Concessionaire, at Concessionaire's cost, to replace the same by an improvement specified in such consent.

SECTION 6 – MAINTENANCE OF PREMISES AND UTILITIES

Subsection 6.1 Airport Maintenance Obligations.

A. General Maintenance and Operation. County agrees that it will with reasonable diligence, maintain, operate, and keep in good repair the Airport, including the public

areas in the CCRF and all appurtenances, facilities, and services now or hereafter connected therewith.

B. Structural Maintenance. County shall provide, or cause to be provided, structural maintenance of the CCRF, or cause to be provided, the washing of all windows (on the outside of the CCRF only) in the Leased Premises at periodic intervals.

C. Maintain Access. County shall, throughout the term of this Agreement, maintain all airport-owned roads on the Airport giving access to the CCRF in good and adequate condition for use by cars and trucks and shall maintain free and uninterrupted access to the CCRF over said road at all times. County reserves the right to reasonably restrict access to the CCRF area for automobile deliveries during peak activity periods.

D. Ready/Return Block. County shall provide snow removal and general maintenance of the Ready/Return lot parking area. Concessionaire is expected to attend the pre-season snow removal meeting and coordinate with the Airport to ensure efficient snow removal operations in the ready/return parking area.

Subsection 6.2 Concessionaire's Maintenance Obligations.

A. Concessionaire's General Obligations. Except for maintenance of the public areas in the CCRF, as provided in Subsection 9.1, Concessionaire shall be obligated, without cost to County, to maintain the Leased Premises and every part thereof in good appearance, repair, and safe condition. Concessionaire shall maintain and repair all Leasehold Improvements on the Leased Premises and all furnishings, fixtures, and equipment therein, whether installed by Concessionaire or by others, including repainting or redecorating as necessary, and replacing or repairing worn carpet, tile, fixtures, or furnishings. All such maintenance and repairs shall be at least of quality equal to the original in materials and workmanship, and all work, including paint colors, shall be subject to the prior written approval of Airport Director. Concessionaire shall be obligated, without cost to County, to provide custodial service to Leased Premises.

B. Hazardous Conditions. Upon discovery, Concessionaire shall immediately give oral notice to County of any hazardous or potentially hazardous conditions in the Leased Premises or in the CCRF. Any hazardous or potentially hazardous condition in the Leased Premises shall be corrected immediately upon receipt of oral notice from the Airport Director. At the direction of said Director, Concessionaire shall close the Leased Premises until such hazardous or potentially hazardous condition is removed.

C. Trash and Refuse. County shall provide, at no cost to Concessionaire, a container for the adequate sanitary handling of all trash and other refuse caused as a result of the operation of the Leased Premises. Piling of boxes, cartons, barrels, or other similar items in view of a public area is prohibited. Concessionaire shall keep any areas used for trash and garbage storage prior to removal from Airport in a reasonably clean and orderly condition so as not to unduly attract rodents, pests, or birds, or create an

offensive odor.

D. Transporting Trash and Refuse. In transporting trash and refuse from the Leased Premises, Concessionaire shall ensure that trash is not strewn around while taking refuse to the dump site. Such disposal shall take place during hours as may be approved by the County.

Subsection 6.3 Utilities.

A. County shall provide the Leased Premises with heat and air-conditioning to keep the Leased Premises at reasonable temperatures for the conduct of Concessionaire's activities. County shall have the right to set, monitor, adjust and restrict thermostat settings to levels it determines to be appropriate.

B. County shall provide electricity to the Leased Premises by means of wiring installations, and Concessionaire shall make such connections as required and permitted by building code. At no time shall Concessionaire's use of electric current exceed the capacity of the wiring installation in place.

SECTION 7 – LIENS, PAYMENT, AND PERFORMANCE BONDS

Subsection 7.1 Construction Surety Bond. Concessionaire shall not allow any liens or encumbrances to be attached to the Leased Premises. Prior to the commencement of any construction or alteration hereunder which exceeds $10,000 in cost, Concessionaire or its contractor shall furnish to County, and without expense to County, a surety bond, issued by a surety company licensed to transact business in the State of Wisconsin and satisfactory to and approved by County with Concessionaire's contractor or contractors as principals, in a sum not less than one hundred percent (100%) of the total cost of the contract or contracts for the construction or alteration of the improvements and facilities mentioned herein. Said bond shall guarantee the prompt payment to all persons supplying labor, materials, provisions, supplies, and equipment used directly or indirectly by said contractor, subcontractor(s), and suppliers in the prosecution of the work provided for in said construction contract and shall protect County from any liability, losses, or damages arising there from.

Subsection 7.2 Security. During the term of this Agreement, the County shall require the Concessionaire to deliver (and thereafter maintain current for the entire term of this Agreement) an instrument of security in a form satisfactory to the County, in its sole discretion, in the amount of twenty-five percent (25%) of Concessionaire's Minimum Annual Guarantee for each year hereunder, in order to secure the performance of all of Concessionaire's obligations under this Agreement, including without limitation, the payment of all the percentages, minimums, fees, charges and costs set out herein. Said security may be in the form of a bond.

SECTION 8 – OPERATION OF LEASED PREMISES: HOURS AND DELIVERIES

Subsection 8.1 Hours of Operation. Concessionaire shall actively operate in the Leased

Premises and shall use a business-like operation therein. The Concessionaire shall be open to serve the public seven (7) days per week and hours of operation shall be such that passengers of flights arriving or departing from the terminal will be accommodated. Minimum counter operations hours are from one-half hour prior to the first scheduled arrival until one-half hour after the actual arrival time of the last flight. In no event shall the hours of operation be curtailed to an extent that the service contemplated under this Agreement shall be diminished. Except as otherwise stated herein, the hours of service shall be determined in light of changing public demands and airline operating schedules. Concessionaire may advise the Airport Director of Concessionaire's analysis of the optimum arrangements, but the final determination shall be made by the Airport Director based on his analysis of necessary service to the public.

Subsection 8.2 Delivery of Goods. Concessionaire shall arrange for the timely delivery of all Motor Vehicles and supplies, at such times, in such locations(s), and by such routes as determined by Airport Director. Concessionaire shall abide by all Transportation Security Administration (TSA) requirements for parking of Motor Vehicles near the CCRF and terminal building.

SECTION 9 – QUALITY AND CHARACTER OF SERVICE

Subsection 9.1 Type of Operation. Concessionaire shall maintain and operate the concession privileges granted hereunder in an orderly, proper, and first-class manner, which, in the sole judgment of Airport Director, does not unduly annoy, disturb, or offend others at the Airport.

Subsection 9.2 Services to the General Public. Concessionaire understands and agrees that its operation at the Airport necessitates the rendering of public services such as giving directions, and generally assisting the public.

Subsection 9.3 Additional Compliance. Concessionaire shall comply with all applicable governmental laws, ordinances, and regulations in the conduct of its operations under this Agreement.

Subsection 9.4 Personnel.

A. General. Concessionaire shall maintain a sufficient number of properly trained personnel to ensure that all customers of Concessionaire receive prompt and courteous service. All such personnel, while on or about the Leased Premises, shall be polite, clean, appropriately attired, and neat in appearance. Clothing will be neat and clean and present a professional appearance. Airport Director shall have the right to object to the demeanor, conduct, and appearance of any employee of Concessionaire, or any of its invitees or those doing business with it, whereupon Concessionaire shall take all steps necessary to remedy the cause of the objection. Concessionaire will ensure that its counter is staffed at all times during the posted hours of operation.

B. Manager. The management, maintenance, and operation of the Leased Premises and the concession conducted thereon shall be at all times during the term hereof under

the supervision and direction of an active, qualified, competent, and experienced manager, who shall at all times be authorized to represent and act for Concessionaire. Concessionaire shall cause such manager to be available during normal business hours, and Concessionaire will at all times during the absence of such manager assign, or cause to be assigned, a qualified subordinate to assume and be directly responsible for the carrying out of his or her duties.

Subsection 9.5 FBO Rentals. Concessionaire understands and agrees that its operation at the Airport shall include providing rental cars and customer service to passengers utilizing the FBO.

A. Within twenty (20) minutes of notification of the arrival of a customer at the FBO with a rental car reservation which the Concessionaire has been aware of for at least eight (8) hours, either through communication from the customer or from the FBO staff, Concessionaire shall either meet its customer at the FBO for pickup or deliver its rental car to the customer at the FBO. This requirement does not apply to arrivals outside of the Concessionaire's required hours of operation per Subsection 8.1.

B. Concessionaire will coordinate with County staff to deliver the vehicle to the FBO prior to the customer's arrival if Concessionaire is unable to pickup their customer or deliver the rental car to their customer within the required timeframe identified in Section 9.5(a) above. FBO staff will provide the customer the keys to the vehicle. Concessionaire shall pay the County Fifteen Dollars ($15), subject to change by the County, for each vehicle dropped off with County staff. FBO staff will not be responsible for the completion of any rental car contract.

C. Concessionaire will coordinate with FBO staff for FBO staff to deliver the Concessionaire's customer to the CCRF if the Concessionaire is unable to pickup the customer or deliver the rental car within the required timeframe identified in Section 9.5(a) above. Concessionaire shall pay the County One Hundred Dollars ($100), subject to change by the County, for each delivery of Concessionaire's customer to the CCRF. This service will be based on the availability of FBO staff.

D. Concessionaire will lease two (2) parking spaces at the FBO for the storage and staging of vehicles for FBO rental car customers. The location of the parking spaces will be assigned by the County.

Subsection 9.6 Operations Violations.
Concessionaire 's failure to adhere to the operating requirements set forth in this Agreement is reasonably anticipated to result in significant inconvenience to the public, adversely affect the overall commercial business of the Airport, and reduce the amount of rent to be paid to County. Additionally, County resources will be expended in dealing with violations of this Agreement by Concessionaire. The parties hereby agree that total damages sustained by to County for violations of the provisions of this Agreement addressing this subject matter could be significant, but would be difficult to determine and to track. Therefore, the parties hereto agree that the liquidated damages amounts, set forth below for violation of Agreement terms addressing the referenced subject matter are reasonable estimates of the loss anticipated to be suffered or incurred by County.

Concessionaire, therefore, hereby agrees that imposition of the liquidated damages set forth below is fair and reasonable and Concessionaire agrees to pay immediately upon demand by to County the following amounts as liquidated damages upon the occurrence of breaches, in any Operations Year, related to operation violations:

- $100 per occurrence - first occurrence
- $200 per occurrence – second occurrence
- $300 per occurrence - third occurrence
- $1,000 per occurrence thereafter

Liquidated damage amounts shall not be imposed unless the violation continues for more than three (3) calendar days after County has given Concessionaire written notice (and this written notice may be in the form of an email) of the violation; provided, however, after County has given Concessionaire notice of the same violation more than twice during any calendar year, the liquidated damage amount may be immediately imposed with no opportunity to cure in order to avoid the sanction.

For hours of operations violations, liquidated damages shall be as follows:

- $100 per hour or portion thereof, during which location is not open - first occurrence
- $200 per hour or portion thereof, during which location is not open - second occurrence
- $300 per hour or portion thereof, during which location is not open - third occurrence
- $1,000 per occurrence thereafter

For violations regarding the minimum hours of operation, the liquidated damages may be incurred immediately and without notice upon violation.

County's failure to impose liquidated damages for any violation of the requirements set forth above shall not waive any right or prohibit County from doing so for subsequent violations. After two (2) violations of the same type in the same calendar year, County reserves the right, at its sole option, not to impose the liquidated damage and instead seek any other remedies available to it for an event of Default, including termination of this Agreement.

SECTION 10 – NON-DISCRIMINATION

Subsection 10.1 General Civil Rights Provisions. In all its activities within the scope of its airport program, the Concessionaire agrees to comply with pertinent statutes, Executive Orders, and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin (including limited English proficiency), creed, sex (including sexual orientation and gender identity), age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

If the Concessionaire transfers its obligation to another, the transferee is obligated in the same manner as the Concessionaire. The above provision obligates the Concessionaire for the period during which the property is owned, used or possessed by the Concessionaire and the Airport remains obligated to the Federal Aviation Administration.

Subsection 10.2 Compliance with Nondiscrimination Requirements. During the performance of this Agreement, the Concessionaire, for itself, its assignees and successors in interest agrees as follows:

A. Compliance with Regulations: Concessionaire will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are attached as Exhibit D and which are herein incorporated by reference and made a part of this Agreement.

B. Nondiscrimination: Concessionaire, with regard to the work performed by it during the Agreement, will not discriminate on the grounds of race, color, or national origin in the selection and retention of sub-contractors, including procurements of materials and leases of equipment. Concessionaire will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the Agreement covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.

C. Solicitations for Subcontracts, including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding or negotiation made by the Concessionaire for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Concessionaire of the Concessionaire's obligations under this Agreement and the Nondiscrimination Acts and Authorities on the grounds of race, color or national origin.

D. Information and Reports: Concessionaire will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the sponsor or the FAA to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of Concessionaire is in the exclusive possession of another who fails or refuses to furnish the information, the Concessionaire will so certify to the sponsor or the FAA, as appropriate, and will set forth what efforts it has made to obtain the information.

E. Sanctions for Noncompliance: In the event of Concessionaire's noncompliance with the non-discrimination provisions of this Agreement, the County will impose such Agreement sanctions as it or the FAA may determine to be appropriate, including, but not limited to cancelling, terminating, or suspending this Agreement, in whole or in part.

F. Incorporation of Provisions: The Concessionaire will include the provisions of paragraphs 1 through 6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations, and directives issued pursuant thereto. The Concessionaire will take action with respect to any subcontract or procurement as the sponsor or the FAA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Concessionaire becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Concessionaire may request the sponsor to enter into any litigation to protect the interests of the sponsor. In addition, the Concessionaire may request the United States to enter into the litigation to protect the interests of the United States.

Subsection 10.3 Clauses for Construction/Use/Access to Real Property Acquired Under the Activity, Facility or Program. The following clauses will be included in deeds, licenses, permits, or similar instruments/agreements entered into by County pursuant to the provisions of the Airport Improvement Program grant assurances.

A. The Concessionaire for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree as a covenant running with the land that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the Concessionaire will use the premises in compliance with all other requirements imposed by or pursuant to the List of discrimination Acts And Authorities.

B. With respect to licenses, leases, permits, etc., in the event of breach of any of the above Non-discrimination covenants, Concessionaire will have the right to terminate the lease and to enter or re-enter and repossess said land and the facilities thereon, and hold the same as if said lease had never been made or issued.

C. With respect to deeds, in the event of breach of any of the above Non-discrimination covenants, County will there upon revert to and vest in and become the absolute property of County and its assigns.

SECTION 11 – IDEMNIFICATION AND INSURANCE

Subsection 11.1 Indemnification. To the fullest extent allowable by law, Concessionaire hereby indemnifies and shall defend and hold harmless, at Concessionaire's expense, County, its elected and appointed officials, committee members, officers, employees or authorized representatives or volunteers, from and against any and all suits, actions, legal or administrative proceedings, claims, demands, damages, liabilities, losses, interest, attorney's fees (including in-house counsel legal fees), costs and expenses of whatsoever kind, character or nature whether arising before, during, or after completion of the Agreement hereunder and in any manner directly or indirectly

caused or contributed to in whole or in part, by reason of any act, omission, fault, or negligence, whether active or passive of Concessionaire, or of anyone acting under its direction or control or on its behalf in connection with or incident to the performance of this Agreement, regardless if liability without fault is sought to be imposed on County. Concessionaire's aforesaid indemnity and hold harmless agreement shall not be applicable to any liability caused by the negligent or willful misconduct of County, its elected and appointed officials, officers, employees or authorized representatives or volunteers. Nothing in this Agreement shall be construed as County waiving its statutory limitation and/or immunities as set forth in the applicable Wisconsin Statutes or other applicable law. This indemnity provision shall survive the termination or expiration of this Agreement.

Concessionaire shall reimburse County, its elected and appointed officials, officers, employees or authorized representatives or volunteers for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Concessionaire's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by County, its elected and appointed officials, officers, employees or authorized representatives or volunteers.

Subsection 11.2 Concessionaire to Provide General Liability and Automobile Insurance. Concessionaire shall, at its sole expense, obtain and maintain in effect at all times during this Agreement the following insurance coverage:

A. Commercial General Liability Insurance of not less than $1,000,000 per occurrence for bodily injury, personal injury and property damage;

B. Automobile Insurance of not less than $1,000,000 per occurrence;

C. To the extent that Concessionaire employs any employees or as otherwise required by law, Workers' Compensation and Employers' Liability Insurance with Wisconsin statutory limits.

D. Umbrella or Excess Liability of not less than $5,000,000 from excess of the primary General Liability, Automobile Liability and Employers Liability Coverages.

Subsection 11.3 Concessionaire to Provide Property and Fire. Concessionaire, at its own expense, shall insure all Leasehold Improvements and furnishings, fixtures and equipment for fire, extended coverage, vandalism, and malicious mischief. Such insurance shall be in an amount equal to the full insurable replacement value of such improvements. All property insurance policies shall contain loss payable endorsements in favor of the parties as their respective interests may appear hereunder and shall contain a waiver of subrogation provision in favor of the County. Concessionaire and County agree that any payments received by either from such insuring companies by reason of loss under such policy or policies shall be applied toward repair and reconstruction of said Leasehold Improvements and repair or replacement of leasehold improvements, furnishings, fixtures and equipment.

Subsection 11.4 Both Concessionaire and County to Carry Fire Insurance. It is understood that the County carry insurance in the form of fire, extended coverage, vandalism, and malicious

mischief (hereinafter called "Insurance Coverage") on the leased structural part of the premises, permanent improvements and loss of income, (in the case of County). The Concessionaire will carry Insurance Coverage on Leasehold Improvements, furniture, furnishings, equipment, inventory and loss of income, (in the case of Concessionaire).

Subsection 11.5 Insurance Certificate. A certificate evidencing insurance required by Subsection 11.2 and 11.3, and listing the County of Outagamie as additional insured, shall be filed with County prior to the commencement of construction, furnishing and equipping of Leasehold Improvements by Concessionaire upon the Leased Premises, and such certificate shall provide that such Insurance Coverage will not be canceled or reduced without at least thirty (30) days prior written notice to County. At least ten (10) days prior to the expiration of any such policy, a certificate showing that such Insurance Coverage has been renewed shall be filed with County. If such Insurance Coverage is canceled or reduced, Concessionaire shall within fifteen (15) days after receipt of written notice from County of such cancellation or reduction in coverage, file with County a certificate showing that the required insurance has been reinstated or provided through another insurance company or companies.

Subsection 11.6 Concessionaire Failure to Provide Certificates. In the event that Concessionaire shall at any time fail to furnish County with the certificate or certificates required under this Section, County, upon written notice to Concessionaire of its intention so to do, shall have the right to obtain the required insurance, at the cost and expense of Concessionaire, and Concessionaire agrees to promptly reimburse County for the cost thereof, plus fifteen percent (15%) thereof for administrative overhead.

SECTION 12 – DAMAGE OR DESTRUCTION OF LEASED PREMISES

Subsection 12.1 Partial Damage. If all or a portion of the Leased Premises is partially damaged by fire, explosion, the elements, public enemy, or other casualty, but not rendered untenantable, the same will be repaired with due diligence by County subject to the limitations of Subsection 12.4; provided, however, to the extent that such damage or destruction is not covered by insurance, Concessionaire shall be responsible for reimbursing County for the cost and expenses insured in such repair to the extent that the damage is caused by the negligent act or omission of Concessionaire, its sublessees, agents, or employees.

Subsection 12.2 Extensive Damage. If the damages referred to in Subsection 12.1 shall be so extensive as to render the Leased Premises untenantable, but capable of being repaired in thirty (30) days, the same shall be repaired with due diligence by County subject to the limitations of Subsection 12.4; and the charges payable herein for the MAG and Rent under Section 4.1 shall abate from the time of such damage or destruction until such time as the said Leased Premises are fully restored and certified by County's Engineers as ready for occupancy; provided, however, the said fees and charges will not abate and to the extent that such damage or destruction is not covered by insurance, Concessionaire shall be responsible for reimbursing County for the cost and expenses incurred in such repair to the extent that the damage is caused by the negligent act or omission of Concessionaire, its sublessees, agents, or employees.

Subsection 12.3 Complete Destruction. In the event the Leased Premises are completely

destroyed by fire, explosion, the elements, the public enemy, or other casualty, or so damaged that they are untenantable and cannot be replaced for more than thirty (30) days, County shall undertake the repair, replacement, and reconstruction of said Leased Premises; and charges payable herein for the MAG and Rent under Section 4.1, shall abate as of the time of such damage or destruction until such time as the said Premises are fully restored and certified by County's Airport Director as ready for occupancy; provided, however, the said fees and charges will not abate and to the extent that such damage or destruction is not covered by insurance, Concessionaire shall be responsible for reimbursing County for the costs and expenses incurred in said repair to the extent that the damage is caused by the negligent act or omission of Concessionaire, its sublessees, agents, or employees; provided further, however, if within twelve (12) months after the time of such damage or destruction said Leased Premises shall not have been repaired or reconstructed, Concessionaire may cancel this Agreement in its entirety.

Subsection 12.4 Limits of County's Obligations Defined. It is understood that, in the application of the foregoing Subsections, County's obligations shall be limited to repair or reconstruction of the Leased Premises to the same extent and of equal quality as obtained at the commencement of operations hereunder, subject to funding and appropriation. Redecoration and replacement of furniture, fixtures, equipment, and supplies shall be the responsibility of Concessionaire and any such redecoration and refurnishing/re-equipping shall be of equivalent quality to that originally installed hereunder.

SECTION 13 – CANCELLATION

Subsection 13.1 Cancellation by Concessionaire. Concessionaire may cancel this Agreement and terminate all its obligations hereunder upon or after the happening of one or more of the following events and provided that Concessionaire is not in default in the payment of any fees or charges to County:

A. The abandonment of the Airport as an airline terminal or the removal of all certificated passenger airline service from the Airport for a period of no less than thirty (30) consecutive days.

B. The inability of Concessionaire to use the Airport for a period of longer than ninety (90) days, because of the issuance of any order, rule, or regulation by any competent governmental authority or court having jurisdiction over Concessionaire or County, preventing Concessionaire from operating its business; provided, however, that such inability or such order, rule, or regulation is not primarily due to any fault of Concessionaire.

C. The material breach by County in the performance of any covenant or agreement herein required to be performed by County and the failure of County to remedy such breach for a period of sixty (60) days after receipt from Concessionaire of written notice to remedy the same.

Subsection 13.2 Cancellation by County. County may cancel this Agreement and terminate all of its obligations hereunder at any time that County is not in default, upon or after the happening

of any of the following events:

A. Concessionaire shall file a voluntary petition in bankruptcy; or

B. Proceedings in bankruptcy shall be instituted against Concessionaire and Concessionaire is thereafter adjudicated bankrupt pursuant to such proceedings; or

C. A court shall take jurisdiction of Concessionaire and its assets pursuant to proceedings brought under the provisions of any federal reorganization act; or

D. A receiver of Concessionaire's assets shall be appointed; or

E. Concessionaire voluntarily abandons its conduct of its business at the Airport for a period of thirty (30) days, except if such is due to a labor strike or labor dispute in which Concessionaire is involved; or

F. Any assignment is made by Concessionaire for the benefit of its creditors; or

G. The material breach by Concessionaire of any of the covenants or agreements herein contained and the failure of Concessionaire to remedy such breach as hereinafter provided. In this regard it is understood that nonpayment of fees or charges hereunder is a material breach. In the event of such material breach, County shall give to Concessionaire notice in writing to correct such breach and if such breach shall continue for fifteen (15) days after the receipt of such notice by Concessionaire, County may, after the lapse of said fifteen (15) day period, cancel this Agreement, without forfeiture, waiver, or release of County's rights to any sum of money due or to become due under the provisions of this Agreement.

H. The lawful assumption by the United States Government, or any authorized agency thereof, of the operation, control or use of the Airport and facilities, or any substantial part or parts thereof, in such manner as to substantially restrict Concessionaire, for a period of at least thirty (30) days, from its Airport operation.

Subsection 13.3 Termination. Should an early termination of this Agreement occur pursuant to the terms of Subsection 13.2 hereof, County shall have the right to re-enter the Leased Premises, make repairs as necessary, and enter into another agreement for the Leased Premises and privileges, or any part thereof, for the remainder of the term hereof.

Subsection 13.4 Notice of Termination. If any of the events enumerated in Subsections 13.1 and 13.2 shall occur and after due notice the defaulting party has failed to cure or correct same, the complaining party may, at any time thereafter during the continuance of said default, terminate this Agreement by notice in writing, such cancellation and termination to be effective upon the date specified in such notice.

SECTION 14 – NONWAIVER OF RIGHTS

Continued performance by either party hereto pursuant to the terms of this Agreement after a default of any of the terms, covenants, and conditions herein contained to be performed, kept, or observed by the other party hereto shall not be deemed a waiver of any right to cancel this Agreement for any subsequent default; and no waiver of any such default shall be construed or act as a waiver of any subsequent default.

SECTION 15 – SURRENDER OF POSSESSION

Concessionaire shall, upon termination of this Agreement or cancellation, quit and deliver up the Leased Premises and privileges to County peaceably and quietly, with the Leased Premises being in as good order and condition as the same now are or may be hereafter improved by Concessionaire or County, reasonable use and wear thereof excepted. In addition to any lien provided by Wisconsin law, County shall have a specific lien on all property of Concessionaire, and related equipment on the Leased Premises as security for nonpayment. Concessionaire shall have the right to remove all of its trade fixtures and equipment installed or placed by it at its own expense, in, on or about the Premises; subject however, to any valid lien which County may have thereon for unpaid charges or fees.

SECTION 16 – TAXES AND LICENSES

Concessionaire shall obtain and pay for all licenses or permits necessary or required by law for the construction of improvements, the installation of equipment and furnishings, and any other licenses necessary for the conduct of its operations hereunder.

SECTION 17 – INSPECTION OF PREMISES

County or its duly authorized representatives, or agents, and other persons for it, may enter upon said Leased Premises at any and all reasonable times during the term of this Agreement for the purpose and conditions hereof or for any other purpose incidental to rights of County.

SECTION 18 – HOLDING OVER

Should Concessionaire holdover said Leased Premises after this Agreement has terminated in any manner, Concessionaire shall continue such holding over only at sufferance to County. In the event of such holding over, County shall be entitled to collect from Concessionaire, 1.10 times the amount of Year Five's minimum annual guarantee. All other terms and conditions in such holdover shall be the same as herein provided.

SECTION 19 – QUIET ENJOYMENT

County agrees that Concessionaire, upon payment of the fees and charges and all other payments to be paid by Concessionaire under the terms of this Agreement, and upon observing and keeping

the agreements and covenants of this Agreement on the part of Concessionaire to be observed and kept, shall lawfully and quietly hold, occupy, and enjoy the Leased Premises during the term of this Agreement.

SECTION 20 – NO LIENS

Concessionaire shall pay for all labor done or materials furnished in the repair, replacement, development, or improvement of the Premises by Concessionaire, and shall keep said Leased Premises and Concessionaire's possessory interest therein free and clear of any lien or encumbrance of any kind whatsoever created by Concessionaire's act or omission.

SECTION 21 – SECURITY AGREEMENTS

County shall provide, or cause to be provided, during the term of this Agreement, all proper and appropriate public fire and police protection similar to that afforded to other Landside tenants or licensees at the Airport, and it will issue and enforce rules and regulations with respect thereto for all portions of the Airport. Concessionaire shall comply with the Airport Security Plan and shall have the right, but shall not be obligated, to provide such additional or supplemental public protection as it may desire, but such right, whether or not exercised by Concessionaire, shall not in any way be construed to limit or reduce the obligations of County hereunder.

SECTION 22 – AGREEMENT SUBORDINATE TO AGREEMENTS WITH THE UNITED STATES

This Agreement is subject and subordinate to the terms, reservations, restrictions, and conditions of any existing or future agreements between the County and the United States, the execution of which has been or may be required as a condition precedent to the transfer of federal rights or property to the County for Airport purposes, and the expenditure of federal funds for the extension, expansion, or development of the Appleton International Airport. Should the effect of such Agreement with the United States government be to take any of the property under lease or substantially destroy the commercial value of such improvements, County shall terminate this Agreement.

SECTION 23 – RIGHTS AND PRIVILEGES OF COUNTY

A. County shall have the right to enforce, and adopt from time to time, reasonable rules and regulations, which Concessionaire agrees to observe and obey, with respect to the use of the Airport, Airport terminal building, CCRF and appurtenances, provided that such rules and regulations shall not be inconsistent with safety, current rules and regulations of the FAA, and any future changes prescribed from time to time by the FAA.

B. County's Airport Director and/or the Corporation Counsel are hereby designated as its

official representative for the enforcement of all provisions in this Agreement with full power to represent County with dealings with Concessionaire in connection with the rights herein granted.

C. County reserves the right to further plan, develop, improve, remodel and/or reconfigure the Airport, including the Leased Premises and existing vehicle and pedestrian traffic patterns, as the County deems appropriate, regardless of the desires or views of Concessionaire, and without interference or hindrance.

D. During the time of war or National Emergency, County shall have the right to lease the landing area of the Airport, or any part of Appleton International Airport, thereof, to the United States Government for military or national use, and if any lease is executed, the provisions of this instrument insofar as they are inconsistent with the provision of the lease to the Government, shall be suspended.

E. County hereby reserves for the use and benefit of the public, the right of aircraft to fly in the airspace overlying the land herein leased, together with the right of said aircraft to cause such noise as may be inherent in the operation of aircraft landing at, taking off from, or operating on or in the vicinity of Appleton International Airport, and the right to pursue all operations of the Appleton International Airport.

F. County reserves the right to take any action it considers necessary to protect the aerial approaches of the Airport against obstruction, together with the right to prevent Concessionaire from erecting, or permitting to be erected, any building or other structure on the Airport, which, in the opinion of the County, would limit the usefulness of the Airport, or constitute a hazard to aircraft.

G. County may from time to time increase the size or capacity of any such public aircraft facilities or passenger terminal building or common use portion of the Airport or make alterations thereto or reconstruct or relocate them or modify the design and type of construction thereof or close them or any portions of them, either temporarily or permanently, provided notice is given to Concessionaire.

H. This Agreement at any time may be reopened for renegotiation if Federal Aviation Administration (FAA) Airport Certification or Security Requirements, FAR Part 139 and CFR 1542 respectively, result in major expenditures to County due to Concessionaire's tenancy on the Appleton International Airport. If said renegotiation is desired, written notice must be given to Concessionaire sixty (60) days prior to such renegotiations.

SECTION 24 – ACCESS CONTROL

A. Concessionaire shall upon termination of this agreement return all issued keys to County. If all issued keys are not returned to County at the termination of this Agreement Concessionaire shall pay to County cost to re-core premises locks and cut new keys at the rate set at the time of such re-core.

B. Concessionaire is responsible for all keys issued to employees of Concessionaire. If a key is lost, Concessionaire shall immediately notify County and shall pay to County cost to re-core premises locks and cut new keys at the rate set at the time of such re-core.

C. Concessionaire is ultimately responsible for all access media issued to Concessionaire employees including all fees levied for failure to return said access media.

SECTION 25 – NO PERSONAL LIABILITY

Under no circumstances shall any trustee, officer, official, commissioner, Director, member, partner or employee of County have any personal liability arising out of this Agreement, and Concessionaire shall not seek or claim any such personal liability.

SECTION 26 – GOVERNING LAW

This Agreement and all questions and issues arising in connection herewith shall be governed by and construed in accordance with the laws of the State of Wisconsin. Venue for any action arising out of or in any way related to this Agreement shall be exclusively in Outagamie County, Wisconsin. Each party waives its right to challenge venue.

SECTION 27 – JURY TRIAL WAIVER

The parties hereby waive their respective rights to a jury trial on any claim or cause of action based upon or arising from or otherwise related to this Agreement. This waiver of right to trial by jury is given knowingly and voluntarily by the parties and is intended to encompass individually each instance and each issue as to which the right to a trial by jury would otherwise accrue. Each party is hereby authorized to file a copy of this section in any proceeding as conclusive evidence of this waiver by the other party.

SECTION 28 – NOTIFICATION

Concessionaire shall:

A. As soon as possible and in any event within a reasonable period of time after the occurrence of any default, notify County in writing of such default and set forth the details thereof and the action which is being taken or proposed to be taken by Concessionaire with respect thereto.

B. Promptly notify County of the commencement of any litigation or administrative

proceeding that would cause any representation and warranty of Concessionaire contained in this Agreement to be untrue.

C. Notify County, and provide copies, immediately, upon receipt, of any notice, pleading, citation, indictment, complaint, order or decree from any federal, state or local government agency or regulatory body, asserting or alleging a circumstance or condition that requires or may require a financial contribution by Concessionaire or any guarantor or an investigation, clean-up, removal, remedial action or other response by or on the part of Concessionaire or any guarantor under any environmental laws, rules, regulations, ordinances or which seeks damages or civil, criminal or punitive penalties from or against Concessionaire or any guarantor for an alleged violation of any environmental laws, rules, regulations or ordinances.

SECTION 29 – SEVERABILITY

The provisions of this Agreement are severable. If any provision or part of this Agreement or the application thereof to any person or circumstance shall be held by a court of competent jurisdiction to be invalid or unconstitutional for any reason, the remainder of this Agreement and the application of such provision or part thereof to other persons or circumstances shall not be affected thereby.

SECTION 30 – ASSIGNMENT, SUBLET, AND TRANSFER

Concessionaire shall not assign, sublet, or transfer its interests or obligations under the provisions of this Agreement without the prior written consent of County. This Agreement shall be binding on the heirs, successors, and assigns of each party hereto. Concessionaire shall provide not less than forty-five (45) days advance written notice of any intended assignment, sublet or transfer.

SECTION 31 – NO WAIVER

The failure of any party to insist, in any one or more instance, upon performance of any of the terms, covenants, or conditions of this Agreement shall not be construed as a waiver, or relinquishment of the future performance of any such term, covenant, or condition by any other party hereto but the obligation of such other party with respect to such future performance shall continue in full force and effect.

SECTION 32 – CONFLICTS OF INTEREST

Concessionaire covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its services hereunder. Concessionaire further covenants that in the performance of this Agreement no person having any conflicting interest shall be employed. Any interest on the part of

Concessionaire or its employee must be disclosed to County.

SECTION 33 – ENTIRE AND SUPERSEDING AGREEMENT

This writing, all Exhibits hereto, and the other documents and agreements referenced herein, constitute the entire Agreement between the parties with respect to the subject matter hereof, and all prior agreements, correspondences, discussions and understandings of the parties (whether written or oral) are merged herein and made a part hereof. This Agreement, however, shall be deemed and read to include and incorporate such minutes, approvals, plans, and specifications, as referenced in this Agreement, and in the event of a conflict between this Agreement and any action of County, granting approvals or conditions attendant with such approval, the specific action of County shall be deemed controlling.

SECTION 34 – AMENDMENT

This Agreement shall be amended only by formal written supplementary amendment. No oral amendment of this Agreement shall be given any effect. All amendments to this Agreement shall be in writing executed by both parties.

SECTION 35 – TIME COMPUTATION

Any period of time described in this Agreement by reference to a number of days includes Saturdays, Sundays, and any state or national holidays. Any period of time described in this Agreement by reference to a number of business days does not include Saturdays, Sundays or any state or national holidays. If the date or last date to perform any act or to give any notices is a Saturday, Sunday or state or national holiday, that act or notice may be timely performed or given on the next succeeding day which is not a Saturday, Sunday or state or national holiday.

SECTION 36 – NOTICES

NOTICES. Any notice, demand, certificate or other communication under this Agreement shall be given in writing and deemed effective: a) when personally delivered; b) three (3) days after deposit within the United States Postal Service, postage prepaid, certified, return receipt requested; or c) one (1) business day after deposit with a nationally recognized overnight courier service, addressed by name and to the party or person intended as follows:

To the Concessionaire: _____

SECTION 37 – PUBLIC RECORD LAW

Concessionaire understands and acknowledges that County is subject to the Public Records Law of the State of Wisconsin. As such, Concessionaire agrees to retain all records as defined by Wisconsin Statute § 19.32(2) applicable to this Agreement for a period of not less than seven (7) years after the termination or expiration of this Agreement. Concessionaire agrees to assist County in complying with any public records request that County receives pertaining to this Agreement. Additionally, Concessionaire agrees to indemnify and hold harmless County, its elected and appointed officials, officers, employees, and authorized representatives for any liability, including without limitation, attorney fees related to or in any way arising from Concessionaire's actions or omissions which contribute to County's inability to comply with the Public Records Law. In the event that Concessionaire decides not to retain its records for a period of seven (7) years, then it shall provide written notice to County whereupon County shall take custody of said records assuming such records are not already maintained by County. This provision shall survive the termination of this Agreement.

SECTION 38 – CONSTRUCTION

This Agreement shall be construed without regard to any presumption or rule requiring construction against the party causing such instrument to be drafted. This Agreement shall be deemed to have been drafted by the parties of equal bargaining strength. The captions appearing at the first of each numbered section of this Agreement are inserted and included solely for convenience but shall never be considered or given any effect in construing this Agreement with the duties, obligations, or liabilities of the respective parties hereto or in ascertaining intent, if any questions of intent should arise. All terms and words used in this Agreement, whether singular or plural and regardless of the gender thereof, shall be deemed to include any other number and any other gender as the context may require.

SECTION 39 – NO THIRD PARTY BENEFICIARY

Nothing contained in this Agreement, nor the performance of the parties hereunder, is intended to benefit, nor shall inure to the benefit of, any third party.

SECTION 40 – COMPLIANCE WITH LAW

The parties shall comply in all material respects with any and all applicable federal, state and local laws, regulations and ordinances.

SECTION 41 – FORCE MAJEURE

County shall not be responsible to Concessionaire and Concessionaire shall not be responsible to County for any resulting losses and it shall not be a default hereunder if the fulfillment of any of the terms of this Agreement is delayed or prevented by revolutions or other civil disorders, wars, acts of enemies, strikes, fires, floods, acts of God, adverse weather conditions, legally required environmental remedial actions, industry-wide shortage of materials, or by any other cause not within the control of the party whose performance was interfered with, and which exercise of reasonable diligence, such party is unable to prevent, whether of the class of causes hereinabove enumerated or not, and the time for performance shall be extended by the period of delay occasioned by any such cause.

SECTION 42 – GOOD STANDING

Concessionaire affirms that it is a company duly formed and validly existing and in good standing under the laws of the State of Wisconsin and has the power and all necessary licenses, permits and franchises to own its assets and properties and to carry on its business. Concessionaire is duly licensed or qualified to do business and is in good standing in the State of Wisconsin and in all other jurisdictions in which failure to do so would have a material adverse effect on its business or financial condition.

SECTION 43 – INDEPENDENT CONTRACTORS

The parties, their employees, agents, volunteers, and representative shall be deemed independent contractors of each other and shall in no way be deemed as a result of this Agreement to be employees of the other. The parties, their employees, agents, volunteers, and representatives are not entitled to any of the benefits that the other provides for its employees. The parties shall not be considered joint agents, joint venturers, or partners.

SECTION 44 – GOVERNMENTAL APPROVALS

Concessionaire acknowledges that various of the specific undertakings of County described in this Agreement may require approvals from the Outagamie County Board of Supervisors and/or other public bodies, some of which may require public hearings and other legal proceedings as conditions precedent thereto. Concessionaire further acknowledges that this Agreement is subject to appropriation by the Outagamie County Board of Supervisors. County's obligation to perform under this Agreement is conditioned upon obtaining all such approvals in the manner required by law. County cannot assure that all such approvals will be obtained, however, it agrees to use good faith efforts to obtain such approvals on a timely basis.

SECTION 45 – AUTHORITY

The persons signing this Agreement warrant that they have the authority to sign as, or on behalf of, the party for whom they are signing.

SECTION 46 – COUNTERPARTS

This Agreement may be executed in one or more counterparts, all of which shall be considered but one and the same agreements and shall become effective when one or more counterparts have been signed by each of the parties and delivered to the other party.

SECTION 47 – SURVIVAL

All express representations, indemnifications and limitations of liability included in this Agreement will survive its completion or termination for any reason.

SECTION 48 – MORE FAVORABLE TERMS

In the event the County shall enter into any lease or agreement with any other rental car operator within the CCRF, that agreement will not contain more favorable terms than this Agreement, unless the same rights, privileges, and more favorable terms are concurrently made available to Concessionaire.

IN WITNESS WHEREOF, the parties or their duly authorized representatives have signed the Rental Car Concession Agreement the day and year first written above.

During the performance of this Agreement, the Concessionaire, for itself, its assignees, and successors in interest (hereinafter referred to as the "Concessionaire") agrees to comply with the following nondiscrimination statutes and authorities; including but not limited to:

- Title VI of the Civil Rights Act of 1964 (42 USC § 2000d et seq., 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);

- 49 CFR part 21 (Non-discrimination in Federally-assisted programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964);

- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 USC § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);

- Section 504 of the Rehabilitation Act of 1973 (29 USC § 794 et seq.), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27;

- The Age Discrimination Act of 1975, as amended (42 USC § 6101 et seq.) (prohibits discrimination on the basis of age);

- Airport and Airway Improvement Act of 1982 (49 USC § 471, Section 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);

- The Civil Rights Restoration Act of 1987 (PL 100-209) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, subrecipients and contractors, whether such programs or activities are Federally funded or not);

- Titles II and III of the Americans with Disabilities Act of 1990, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 USC §§ 12131 – 12189) as implemented by U.S. Department of Transportation regulations at 49 CFR parts 37 and 38;

- The Federal Aviation Administration's Nondiscrimination statute (49 USC § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);

- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;

- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);

- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 USC 1681 et seq).

December 12, 2023 County Board Meeting

RESOLUTION NO.: 75—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Emergency Management Department has been awarded a Hazardous Materials Emergency Preparedness (HMEP) Grant in the amount of $8,200. The Department will use the funds to bring two specialized training opportunities to the County. "Training the Hazmat Community" will teach students chemical and physical properties related to good air monitoring, along with training on meters and detection equipment. "Risk-Based Response to Battery Emergencies" will focus on transportation related incidents. The grant will be a pass-through with the City of Appleton. The budget adjustment requested is to increase Purchased Services and Intergovernmental Revenue by $8,200 each. No additional county levy is required at this time.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Emergency Management Department to accept and expend the Hazardous Materials Emergency Preparedness (HMEP) Grant in the amount of $8,200 in order to offer specialized training opportunities as noted on the attached Wisconsin Emergency Management Hazardous Materials Emergency Preparedness (HMEP) Grant Summary Sheet and attachments, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the EM Grants Intergovernmental Revenues line item and the EM Grants Purchased Services line item by $8,200 each as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Emergency Management Director and the Outagamie County Finance Director.

Dated this 12th day of December 2023

Phone number: **920-832-5148**

Signing Official: **Jeff Nooyen, County Board Chair, Outagamie County, 410 South Walnut Street, Appleton, Wisconsin 54911**

Amount of Award: **$8,200**

SUMMARY OF GRANT:

Outagamie County will use funds from this Grant to bring 2 training opportunities to the area. The first opportunity, "Training the Hazmat Community", provides specialized training for Outagamie County area responders. The students will learn how chemical and physical properties relate to good monitoring techniques, use research databases to identify hazards and predict chemical effects, and will have a good understanding of meters and detection equipment. The second opportunity is an 8 hour Risk-Based Response to Battery Emergencies with a focus on transportation related incidents. This training will provide our hazmat responders the opportunity to learn more about battery trends, construction and hazards for both primary and secondary batteries.

AWARD GENERAL CONDITIONS

1. Federal funds cannot be used to supplant local funds. They must increase the amount of funds that would otherwise be available from local resources. Award recipients may be required to demonstrate and document that a reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

2. Any changes to the grant require prior approval from WEM through a modification submitted and approved in Egrants. Changes requiring a modification may include but are not limited to Budget, Scope of Project, Period of Performance, Project Director, Fiscal Manager, and/or Performance Measures.

3. Recipients and subrecipients shall use their own procurement procedures and regulations, provided that the procurement conforms to applicable Federal law and the standards identified in the Procurement Standards Sections of 2 CFR § 200.318-326.

4. Grant funds will be disbursed by WEM upon completion of approved Program Report(s), Fiscal Report(s), and satisfaction of Special Conditions. The Fiscal Report is considered your Request for Reimbursement and must include copies of detailed/itemized vendor invoices, necessary supporting documentation which may include proof of payment and a Reimbursement Request form generated from Egrants and signed by your agency's Project Director and Fiscal Contact as approved in Egrants.

5. To be allowable under a grant program, costs must match the sub-grant's approved budget. In addition, all expenses must be obligated (purchase order issued or class scheduled) and activity completed (class complete and supplies/equipment received) during the grant performance period. All expenses must be paid prior to requesting reimbursement in Egrants, and final reimbursement must be requested within 30 days of the grant period end date. Reimbursement for travel (i.e., mileage, meals, and lodging) is limited to applicable state rates and timeframes.

6. All income generated as a direct result of a grant-funded project shall be deemed program income. Program income must be used for the purpose and under the conditions applicable to the award. Program income should be used as earned and expended as soon as possible. If the cost is allowable under the Federal grant program, then the cost would be allowable using program income. All program income must be reported to WEM on the Reimbursement Request Form.

7. All allocations and use of funds under this grant shall be in accordance with the Hazardous Materials Emergency Preparedness (HMEP) Grant Program Expenditures and Activities Guide located at https://www.phmsa.dot.gov/grants/hazmat/hmep-expenditures-guide-pdf.

Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

Note: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management, and completion of the project described in this application.

2. Will give the awarding agency, the Comptroller General of the United States, and if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§ 4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§ 1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), which prohibits discrimination on the basis of sex;

(c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§ 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§ 290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. § 3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

7. Will comply, or has already complied, with the requirements of Titles II and III of the uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

8. Will comply, as applicable, with the provisions of the Hatch Act (5 U.S.C. §§ 1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

Agreement Articles for Federal Fiscal Year 2023 HMEP Awards

Article I. Summary Description of Award

The Hazardous Materials Transportation Safety and Security Reauthorization Act of 2005 authorizes the U.S. Department of Transportation (DOT) to provide assistance to public sector employees through training and planning grants to States, Territories, and Native American tribes for emergency response. The purpose of this grant program is to increase State, Territorial, Tribal, and local effectiveness in safely and efficiently handling hazardous materials accidents and incidents, enhance implementation of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA), and encourage a comprehensive approach to emergency training and planning by incorporating the unique challenges of responses to transportation situations. This grant consists of Hazardous Materials Emergency Preparedness (HMEP) funds from the Pipeline and Hazardous Materials Safety Administration (PHMSA) under **Federal Award Identification Number (FAIN) 693JK32240051HMEP.**

Article II. Assurances for Non-Construction Programs

Recipients must complete Office of Management and Budget (OMB) Standard Form 424B (Assurances- Non-Construction Programs), included herein as Attachment C.

Article III. Uniform Administrative Requirements and Cost Principles for Federal Awards

The administration of this award will be based on the following Federal statutory and regulatory requirements:

(a) The authorizing language of 49 U.S.C. 5116 *et seq.*
(b) The regulations outlined at 49 CFR Part 110.
(c) 2 CFR Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.
(d) Any other applicable Federal statutes and regulations.

Article IV. Audit Requirements for Federal Awards

As required by 2 CFR § 200.51 Audit Requirements, recipients that expend $750,000 or more in Federal awards, during the non-federal entity's fiscal year, must have a single or program-specific audit conducted for that year in accordance with the provisions of the regulation. Recipients are expected to review and fully comply with the audit requirements formerly located in OMB Circular A-133 and now located at 2 CFR Part 200, Subpart F.

Article V. Allowable Costs

The allowability of costs incurred by the recipient is determined using the cost principles in 2 CFR Part 200, Subpart E, and HMEP-specific program requirements.

Article VI. Federal Debt Status

All recipients are required to be non-delinquent in their repayment of any Federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowances, and benefit overpayments. See OMB Circular A-129 for information and guidance.

Article VII. Record retention and access to records

Grant-related financial and programmatic records, supporting documents, statistical records, and other records must be maintained as provided in 2 CFR § 200.333 Retention Requirements for Records and 2 CFR § 200.336 Access to Records. DOT, PHMSA, and DMA/WEM, through its staff or authorized representatives, may conduct desk reviews and site visits, at reasonable times, to review project accomplishments, management control systems and provide guidance as may be requested or required. The recipient is required to provide, electronically or via postal service, all requested records. All reviews will be performed in a manner to not unduly delay work activity under the award.

Article VIII. Restrictions on Use of Funds for Lobbying, Support of Litigation, or Direct Advocacy

The Recipient and its contractors may not use grant funds for lobbying in direct support of litigation, or in direct advocacy for, or against, a pipeline construction or expansion project. The Recipient and its contractors may not conduct political lobbying, as defined in the statutes, regulations, and 2 CFR 200.450 – "Lobbying," within the Federally-supported project. The Recipient and its contractors may not use Federal funds for lobbying specifically to obtain grants and cooperative agreements. The Recipient and its contractors must comply with 49 CFR 20, U.S. Department of Transportation "New Restrictions on Lobbying." 49 CFR 20 is incorporated by reference into this award.

Article IX. Nondiscrimination

The Recipient must comply with Title VI of the Civil Right Act of 1964, which provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied benefits of, be subject to

discrimination under any program or activity receiving Federal financial assistance. The Recipient must comply with 49 CFR 21, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964". 49 CFR 21 is incorporated by reference into this award.

Article X. Government-wide Debarment and Suspension (Non-procurement)

In accordance with 2 CFR § 200.212, all recipients must comply with Executive Orders 12549 and 12689, and 2 CFR Part 180 as supplemented by 2 CFR Part 1200, which provide protection against waste, fraud and abuse by debarring or suspending those persons deemed irresponsible in their dealings with the Federal Government

Article XI. Drug-Free Workplace

The Recipient must comply with the provisions of Public Law 100-690, Title V, Subtitle D, "Drug-Free Workplace Act of 1988," which require the Recipient to take steps to provide a drug-free workplace. The Recipient must comply with 49 CFR 32, "Government-wide Requirements for Drug Free Workplace (Financial Assistance)" which is incorporated by reference into this award.

Article XII. Contracting with Small Businesses, Small Minority-Disadvantaged Businesses, and Small Businesses which are Women-Owned, Veteran-Owned, Disabled Veteran-Owned or located in HubZone Areas

In keeping with 2 CFR § 200.321, recipients are encouraged to take all necessary affirmative steps to assure that small, minority-owned, women-owned, veteran-owned, and HubZone business firms are used when possible. It is the Department of Transportation (DOT) policy to award a fair share of contracts to small businesses, small minority-disadvantaged business, and small businesses which are women-owned, veteran-owned, disabled veteran-owned or located in a HubZone. DOT is strongly committed to the objectives of this policy and encourages all Recipients of its Grants and Cooperative Agreements to take affirmative steps to ensure such fairness on the awarding of any subcontracts.

(a) The Recipient and any Sub-recipients are encouraged to take all necessary affirmative steps to assure that small businesses, small minority-disadvantaged businesses, and small businesses which are women-owned, veteran-owned, disabled veteran-owned, or located in a HUBZone are used when possible.

(b) Affirmative steps include:

(i) Placing qualified small businesses, small minority-disadvantaged businesses, and small businesses which are women owned, veteran-owned, disabled veteran-owned, or located in a HUBZone on solicitation lists;

(ii) Assuring that small businesses, small minority-disadvantaged businesses, and small businesses which are women-owned, veteran-owned, disabled veteran owned or located in a HUBZone are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into small tasks or quantities to permit maximum participation by small businesses, small minority-disadvantaged businesses, and small businesses which are women owned, veteran-owned, disabled veteran-owned, or located in a HUBZone;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and Using the services and assistance of the U.S. Small Business Administration and the Office of the Small and Disadvantaged Business Utilization of the Department of Transportation, as appropriate.

Article XIII. Seat Belt Use Policies and Programs

In accordance with Executive Order 13043, the Recipient is encouraged to adopt on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this presidential initiative. For information on how to implement such a program or for statistics on the potential benefits and cost-savings to your company or organization, please visit the Buckle Up America section on NHTSA's website at www nhtsa.dot.gov. Additional resources are available from the Network of Employers for Traffic Safety (NETS), a public-private partnership headquartered in Washington, D.C. dedicated to improving the traffic safety practices of employers and employees. NETS is prepared to help with technical assistance, a simple, user-friendly program kit, and an award for achieving the President's goal of 85 percent seat belt use. NETS can be contacted at 1-888-221-0045 or visit its website at www.trafficsafety.org.

Article XIV. Ban on Text Messaging While Driving

In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, October 1, 2009, and DOT Order 3902.10, Text Messaging While Driving, December 30, 2009, financial assistance recipients and subrecipients of grants and cooperative agreements are encouraged to:

(a) Adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers including policies to ban text messaging while driving—

(i) Company-owned or -rented vehicles or Government-owned, leased or rented vehicles; or

(ii) Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the Government.

(b) Conduct workplace safety initiatives in a manner commensurate with the size of the business, such as

(i) Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

(ii) Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

(c) *Assistance Awards.* All recipients and subrecipients of financial assistance to include: grants, cooperative agreements, loans and other types of assistance, shall insert the substance of this clause, including this paragraph (c), in all assistance awards.

Article XV. Copyright

PHMSA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for federal government purposes: the copyright in any work developed under a grant, subaward, or contract under a grant or subaward; and any rights of copyright to which a recipient, subrecipient a contractor purchases ownership with grant support.

Article XVI. Reporting Executive Compensation

Recipients are required to comply with the requirements set forth in the government-wide award term on Reporting Subawards and Executive Compensation located at 2 C.F.R. Part 170, Appendix A, the full text of which is incorporated here by reference in the award terms and conditions.

Article XVII. Rights in Technical Data

Rights to intangible property under this agreement are governed in accordance with **2 CFR 200.315** - "Intangible Property."

Article XVIII. Notice of News Releases, Public Announcements, and Presentations

The Recipient must have the PAO's prior approval for all press releases, formal announcements, or other planed written issuance containing news or information concerning this Agreement before issuance.

Article XIX. 811, Call Before You Dig Program

Damage to pipelines during excavation is a leading cause of accidents resulting in serious injuries and fatalities, but these accidents are preventable, and you can help in preventing them. 811 is designated as the national call-before-you-dig number. Every state has a one-call law requiring excavators to have underground utilities marked before digging. There are five steps to safer digging:

(a) Make a free call to 811 a few days before digging.
(b) Wait the required time – which is prescribed in state law but generally two to three days.
(c) Locate/mark the utilities accurately. (This step applies to underground facility/utility owners.)
(d) Respect the marks.
(e) Dig with care.

The recipient is encouraged to adopt the "811, Call Before You Dig" program for its employees when digging on company-owned, leased, or personally owned property. For information on how to implement such a program please visit the 811 – Call Before You Dig section of Pipeline and Hazardous Materials Safety Administration's (PHMSA's) website at www.phmsa.dot.gov.

Article XX. Access to Electronic and Information Technology

Each Electronic and Information Technology (EIT) product or service, furnished under this award, must be in compliance with the Electronic and Information Technology Accessibility Standard (36 CFR 1194), which implements Section 508 of the Rehabilitation Act of 1973, codified at 29 U.S.C. § 794d.

Article XXI. Combating Trafficking in Persons

PHMSA may terminate grants, cooperative agreements, or take any of the other remedial actions authorized under 22 U.S.C. 7104(g), without penalty, if the grantee or any subgrantee, engages in, or uses labor recruiters, brokers, or other agents who engage in

(a) severe forms of trafficking in persons;
(b) the procurement of a commercial sex act during the period of time that the grant, or cooperative agreement is in effect;
(c) the use of forced labor in the performance of the grant or cooperative agreement; or
(d) acts that directly support or advance trafficking in persons, including the following acts:

(i) Destroying, concealing, removing, confiscating, or otherwise denying an employee access to that employee's identity or immigration documents.

(ii) Failing to provide return transportation or pay for return transportation costs to an employee from a country outside the United States to the country from which the employee was recruited upon the end of employment if requested by the employee, unless-

1) exempted from the requirement to provide or pay for such return transportation by the Federal department or agency providing or entering into the grant, or cooperative agreement; or
2) the employee is a victim of human trafficking seeking victim services or legal redress in the country of employment or a witness in a human trafficking enforcement action.

(iii) Soliciting a person for the purpose of employment, or offering employment, by means of materially false or fraudulent pretenses, representations, or promises regarding that employment.

(iv) Charging recruited employees unreasonable placement or recruitment fees, such as fees equal to or greater than the employee's monthly salary, or recruitment fees that violate the laws of the country from which an employee is recruited.

(v) Providing or arranging housing that fails to meet the host country housing and safety standards.

Article XXII. Prohibition on Awarding to Entities that Require Certain Internal Confidentiality Agreements

(a) The Recipient shall not require employees or subcontractors seeking to report fraud, waste, or abuse to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud or abuse to a designated investigative or law enforcement representative of a federal department or agency authorized to receive such information.

(b) The Recipient shall notify employees that the prohibitions and restrictions of any internal confidentiality agreements covered herein are no longer in effect.

(c) The prohibition in paragraph (a) above does not contravene requirements applicable to Standard Form 312, Form 4414, or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(d) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Resolution Appropriations Act, 2015 (P.L. 113-235), use of funds appropriated (or otherwise made available) under that or any other Act may be prohibited, if the Government determines that the Recipient is not in compliance with the provisions herein.

The Government may seek any available remedies in the event the Recipient fails to comply with the provisions herein.

Article XXIII. Reporting Fraud, Waste, or Abuse

The DOT Inspector General maintains a toll-free hotline for receiving information concerning fraud, waste, or abuse under grants and cooperative agreements. Such reports are kept confidential and callers may decline to give their names if they choose to remain anonymous. The number is: (800) 424-9071.

The mailing address is:
DOT Inspector General Hotline
1200 New Jersey Ave SE
West Bldg 7th Floor
Washington, DC 20590
Email: hotline@oig.dot.gov
Web: http://www.oig.dot.gov/Hotline

Article XXIV. False Claims Act and Program Fraud Civil Remedies

All recipients must comply with the requirements of 31 U.S. Code (U.S.C.) § 3729, which sets forth that no recipient of federal payments shall submit a false claim for payment. 38 U.S.C § 3801-3812 details the administrative remedies for false claims and statements made.

Article XXV. Acceptance of Post-Award Changes

In the event that DOT or PHMSA determines that changes are necessary to WEM's award after this award has been made, including changes to the period of performance or terms and conditions, recipients will be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate recipient acceptance of the changes to the award.

Article XXVI. Universal Identifier and System for Award Management

Recipients are required to comply with the requirements set forth in the government-wide financial assistance award term regarding the System for Award Management and Universal Identifier Requirements located at 2 C.F.R. Part 25, Appendix A, the full text of which is incorporated here by reference.

Article XXVII. Training Certification Requirement

The recipient agrees to use HMEP training funds in accordance with the authorizing language at 49 U.S.C.§ 5116 *et seq* to provide emergency responders with the training capabilities required to protect nearby persons, property, and the environment from the effects of accidents or incidents involving the transportation of hazardous material in accordance with existing regulations or National Fire Protection Association standards for competence of responders to accidents and incidents involving hazardous materials.

Article XXVIII. WEM Conditions

(a) The recipient and any sub-recipient(s) must comply with the Grant Announcement used to announce the funding opportunity.
(b) The recipient and any sub-recipient(s) must comply with the Grant Award Documents.
(c) The recipient and any sub-recipient(s) must cooperate with the WEM Compliance Monitors.

Article XXIX. Compliance with Award Terms and Conditions

Submission of a signed Request for Reimbursement (payment request) form constitutes the Recipient's agreement to comply with and spend funds consistent with all the terms and conditions of this award. If DMA, WEM and/or PHMSA determines that noncompliance by the sub-recipient cannot be remedied by imposing additional conditions, WEM may take one or more of the following actions, as appropriate in the circumstances:

(a) Temporarily withhold cash payments pending correction of the deficiency by the Recipient.
(b) Disallow all, or part of, the cost of the activity or action not in compliance.
(c) Wholly or partly suspend or terminate the Federal award.
(d) Initiate suspension or debarment proceedings as authorized under 2 CFR part 180.
(e) Withhold further Federal awards for the project or program.
(f) Take other remedies that may be legally available.

Article XXX. Termination of Agreement

This grant award may be terminated in whole or in part as follows:

(a) DMA/WEM may terminate this grant award at any time for cause by delivering thirty (30) days written notice to the Recipient. Upon termination, the awarding agency's liability will be limited to the pro rata cost of the services performed as of the date of termination plus expenses incurred with the prior written approval of the awarding agency.
(b) DMA/WEM may terminate this grant award at will effective upon delivery of written notice to the Recipient, under any of the following conditions:
  (i) If the awarding agency's funding from federal, state, or other sources is not obtained and/or continued at levels sufficient to allow for purchases of the indicated quantity of services, the grant may be modified to accommodate a reduction or increase in funds.
  (ii) If federal or state laws, rules, regulations, or guidelines are modified, changed, or interpreted in such a way that the services are no longer allowable or appropriate for purchase under this grant or are no longer eligible for the funding proposed for payments by this grant.
  (iii) If any license or certification required by law or regulation to be held by the Recipient to provide the services required by this grant award is for any reason denied, revoked, or not renewed.

Any termination of this grant award shall be without prejudice to any obligations or liabilities of either party already accrued prior to such termination.

As the duly authorized representative, I hereby certify that the recipient will comply with the above certifications and conditions, and has the legal authority to apply for federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-federal portion of project costs) to ensure proper planning, management, and completion of the project as described in the application.

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Emergency Management (EM) Department is a small department with three (3) full-time employees and one (1) part-time employee. The EM operational budget does not have additional funds to cover an unexpected payout of accrued sick time / vacation time for the EM Program and EPCRA Manager position. The EM Plan of Work Requirements are due by the end of December, and Department staff is currently working on several large projects that are part of grant requirements for 2024. It will take several months to onboard and train a new employee, which will take away time to complete the grant deliverables for 2023 and 2024. The EM Department relies on grant funding to supplement the department's operations, and if grant deliverables are not completed on time, there is risk of losing state and federal funding.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the request to transfer $20,000 from the Small Department Vacation/Sick Leave Payout Fund to the Emergency Management Salaries line item for $15,000 and Fringe Benefits line item for $5,000, and increase the Fund Balance Applied line item by $20,000 and decrease the Committed Fund Balance for Small Dept Vac/Sick Payouts line item by $20,000, and increase the Fund Balance Unassigned line item by $20,000 as noted on the attached fiscal note and Small Departments Vacation and Sick Leave Payout Budget Request Form, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Emergency Management Director and the Outagamie County Finance Director.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for transfer from small department sick and vacation payout fund for Emergency Management

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Emergency Management is a small department with 3 full-time and one part-time employee. The EM operational budget does not have the additional funds to cover this unexpected payout of accrued sick time/vacation for the EM Program and EPCRA Manager position. Our Plan of Work requirements are due by the end of December and we are currently working on several large projects that are part of our grant requirements for 2024. We will need several months to onboard and train a new employee, which will already take away time to complete our grant deliverables for 2023 and 2024. Our department relies on grant funding to supplement the department's operations and if grant deliverables are not completed on time, we will lose funding. If not allowed to fill the vacancy in the department until vacation and sick payout is recovered on a budgetary basis, we risk losing both state and federal funding.

RESOLUTION NO.: 77—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Wisconsin Department of Justice is accepting grant applications for the 2024 County/Tribal Law Enforcement Program. Applications must satisfy the requirements found in Wisconsin State Statute §165.90. The submitted plan must be jointly agreed upon by the County Board and Tribal Governing body, and must clearly describe planned activities, objectives, and expected results. The grant award will be approximately $30,205. The award will be split equally, as in the past, with the Oneida Tribe of Indians. The Sheriff's Department will be using $15,102.50 to purchase a drone. The drone is similar to the most recent purchase and far more capable than the previous generation. It offers various high performance sensors integrated into a single advanced camera for easier piloting and an extended battery life. It can be deployed in heavy rain, high wind, snow and extreme cold. The Oneida Police Department will receive $15,102.50 and plans to use the funds for the replacement of uniforms, officer equipment/supplies and promotional items for their department. A resolution from the County Board supporting the program plan is required. There is no county match required for the grant, and any excess costs will come from previously budgeted funds. This adjustment is for the 2024 budget.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Outagamie County Sheriff's Office to apply for, accept, and expend the 2024 County/Tribal Law Enforcement Program grant issued by the Wisconsin Department of Justice in the amount of $30,205, said amount to be split equally with the Oneida Tribe of Indians, and,

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the following 2024 Patrol line items: Intergovernmental Revenue by $30,205.00; Supplies by $15,102.50; Purchased Services by $15,102.50 as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Resolution No. 79—2023-24 – Legislative/Audit and Human Resources Committee. Approve to support pending legislation that will allow a juvenile court or comparable place a child with unlicensed individuals who qualify as "like-kin" under the Children's Code and Juvenile Justice Code while defining "like-kin" for the purposes of such placement to be an individual who has a significant emotional relationship with a child or the child's family that is similar to a familial relationship and, for an Indian child, includes an individual who is identified by the child's tribe as kin or like-kin according to tribal tradition, custom or resolution, code, or law, while not including a current or former foster parent of a child for placement purposes.

Supervisor Krueger moved, seconded by Supervisor Gabrielson, for adoption.

ROLL CALL: 34 yes, 1 abstain (Koury), 1 vacant. RESOLUTION NO. 79—2023-24 IS ADOPTED.

RESOLUTION NO.: 79—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Under current law, a court with jurisdiction under Ch. 48, Stats. (Children's Code), or Ch. 938 Stats. (Juvenile Justice Code), may place a child or juvenile respectively in out-of-home care (OHC) with someone other than a parent. One of the OHC placement options is with a relative who is not a parent. A relative other than a parent is not generally required to be licensed in order for a child or juvenile to be placed in OHC with that relative.

There is pending legislation that will allow a juvenile court or comparable place a child with unlicensed individuals who qualify as "like-kin" under the Children's Code and Juvenile Justice Code. The proposed legislation defines "like-kin" for the purposes of such placement to be an individual who has a significant emotional relationship with a child or the child's family that is similar to a familial relationship and, for an Indian child, includes an individual who is identified by the child's tribe as kin or like-kin according to tribal tradition, custom or resolution, code, or law. Under the proposal, "like-kin" does not include a current or former foster parent of a child for placement purposes.

Under current law, a relative other than a parent who is providing care and maintenance for a child under a court order may receive monthly kinship care payments from the Department of Children and Families or a county department of human or social services. The bill includes as those who may receive kinship care payments first cousins once removed and like-kin persons and changes the term used to refer to these persons from "kinship care relatives" to "kinship care providers."

Currently, the statutes contain a definition of "like-kin" that is used in the Children's Code and Juvenile Justice Code for the limited purposes of permanency planning when a child is placed in OHC at a qualified residential treatment program. Specifically, if a child is placed in OHC at a qualified residential treatment program, the agency that placed the child in such care or is assigned primary responsibility for providing services to that child must invite specified persons close to the child, including all appropriate biological family members, relatives, and like-kin of the child, as determined by the agency. This definition of "like-kin" may include the child's current or former licensed foster parent to participate in the permanency planning process when a child is placed in OHC at a qualified residential treatment center.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does support pending legislation that will allow a juvenile court or comparable place a child with unlicensed individuals who qualify as "like-kin" under the Children's Code and Juvenile Justice Code while defining "like-kin" for the purposes of such placement to be an individual who has a significant emotional relationship with a child or the child's family that is similar to a familial relationship and, for an Indian child, includes an individual who is identified by the child's tribe as kin or like-kin according to tribal tradition, custom or resolution, code, or law, while not including a current or former foster parent of a child for placement purposes, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Wisconsin Counties Association and the Outagamie County Lobbyist for distribution to the State Senators and State Representatives representing Outagamie County and the Governor of the State of Wisconsin.

Dated this 12th day of December 2023

Analysis by the Legislative Reference Bureau

Under current law, a juvenile court may place a child in certain placements that provide out-of-home care under the Children's Code and the Juvenile Justice Code. Under current law, those placements include specific types of licensed facilities, a licensed foster home, or the home of a relative other than a parent. Under current law, a relative other than a parent does not typically need to acquire a license in order to receive a relative child. This bill allows a juvenile court to similarly place a child with unlicensed individuals who qualify as "like-kin" under the Children's Code and the Juvenile Justice Code.

The bill defines "like-kin" for the purposes of such a placement to be an individual who has a significant emotional relationship with a child or the child's family that is similar to a familial relationship and, for an Indian child, includes an individual who is identified by the child's tribe as kin or like-kin according to tribal

tradition, custom or resolution, code, or law. Under the bill, "like-kin" does not include a current or former foster parent of a child for placement purposes.

Under current law, a relative other than a parent who is providing care and maintenance for a child under a court order may receive monthly kinship care payments from the Department of Children and Families or a county department of human or social services. The bill includes as those who may receive kinship care payments first cousins once removed and like-kin persons and changes the term used to refer to these persons from "kinship care relatives" to "kinship care providers."

Under current law, for the purposes of permanency planning, a family permanency team may include like-kin. The current law definition of "like-kin," for the purpose of determining the family permanency team, is similar to the definition of "like-kin" for placement purposes in the bill, except that the current law definition 1) does not exclude a current or former foster parent and 2) does not include individuals identified by the child's tribe if the child is an Indian child. Under the bill, the definition of "like-kin" for determining a family permanency team does not exclude a current or former foster parent but does include individuals identified by the child's tribe if the child is an Indian child.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 48.02 (12c) of the statutes is created to read:

48.02 **(12c)** "Like-kin" means an individual who has a significant emotional relationship with a child or the child's family that is similar to a familial relationship and who is not and has not previously been the child's licensed foster parent. For an Indian child, "like-kin" includes individuals identified by the child's tribe according to tribal tradition, custom or resolution, code, or law.

SECTION 2. 48.02 (15) of the statutes is amended to read:

48.02 **(15)** "Relative" means a parent, stepparent, brother, sister, stepbrother, stepsister, half brother, half sister, brother-in-law, sister-in-law, first cousin, first cousin once removed, 2nd cousin, nephew, niece, uncle, aunt, stepuncle, stepaunt, or any person of a preceding generation as denoted by the prefix of grand, great, or great-great, whether by blood, marriage, or legal adoption, or the spouse of any

person named in this subsection, even if the marriage is terminated by death or divorce. For purposes of the application of s. 48.028 and the federal Indian Child Welfare Act, 25 USC 1901 to 1963, "relative" includes an extended family member, as defined in s. 48.028 (2) (am), whether by blood, marriage, or adoption, including adoption under tribal law or custom. For purposes of placement of a child, "relative" also includes a parent of a sibling of the child who has legal custody of that sibling.

SECTION 3. 48.028 (2) (e) of the statutes is amended to read:

48.028 **(2)** (e) "Out-of-home care placement" means the removal of an Indian child from the home of his or her parent or Indian custodian for temporary placement in a foster home, group home, residential care center for children and youth, or shelter care facility, in the home of a relative other than a parent, in the home of like-kin, or in the home of a guardian, from which placement the parent or Indian custodian cannot have the child returned upon demand. "Out-of-home care placement" does not include an adoptive placement, a preadoptive placement, a delegation of powers, as described in par. (d) 5., an emergency change in placement under s. 48.357 (2) (b), or holding an Indian child in custody under ss. 48.19 to 48.21.

SECTION 4. 48.028 (2) (f) of the statutes is amended to read:

48.028 **(2)** (f) "Preadoptive placement" means the temporary placement of an Indian child in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in the home of a guardian after a termination of parental rights but prior to or in lieu of an adoptive placement. "Preadoptive placement" does not include an emergency change in placement under s. 48.437 (2).

SECTION 5. 48.207 (1) (b) of the statutes is amended to read:

48.207 **(1)** (b) The home of a relative or like-kin, except that a child may not be held under this paragraph in the home of a ~~relative if the relative~~ person who has been convicted under s. 940.01 of the first-degree intentional homicide, or under s. 940.05 of the 2nd-degree intentional homicide, of a parent of the child, and the conviction has not been reversed, set aside or vacated, unless the person making the custody decision determines by clear and convincing evidence that the placement would be in the best interests of the child. The person making the custody decision shall consider the wishes of the child in making that determination.

SECTION 6. 48.207 (1) (f) of the statutes is amended to read:

48.207 **(1)** (f) The home of a person not a relative or like-kin, if the placement does not exceed 30 days, though the placement may be extended for an additional 30 days for cause by the court, and if the person has not had a license under s. 48.62 refused, revoked, or suspended within the last 2 years.

SECTION 7. 48.33 (4) (intro.) of the statutes is amended to read:

48.33 **(4)** OTHER OUT-OF-HOME PLACEMENTS. (intro.) A report recommending placement of an adult expectant mother outside of her home shall be in writing. A report recommending placement of a child in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, in the home of a guardian under s. 48.977 (2), or in a supervised independent living arrangement shall be in writing and shall include all of the following:

SECTION 8. 48.335 (3g) (intro.) of the statutes is amended to read:

48.335 **(3g)** (intro.) At hearings under this section, if the agency, as defined in s. 48.38 (1) (a), is recommending placement of the child in a foster home, group home, or residential care center for children and youth, in the home of a relative other than

a parent, in the home of like-kin, in the home of a guardian under s. 48.977 (2), or in a supervised independent living arrangement, the agency shall present as evidence specific information showing all of the following:

SECTION 9. 48.335 (3j) (intro.) of the statutes is amended to read:

48.335 **(3j)** (intro.) At hearings under this section involving an Indian child, if the agency, as defined in s. 48.38 (1) (a), is recommending removal of the Indian child from the home of his or her parent or Indian custodian and placement of the Indian child in a foster home, group home, or residential care center for children and youth or in the home of a relative other than a parent or in the home of like-kin, the agency shall present as evidence specific information showing all of the following:

SECTION 10. 48.345 (3) (a) (intro.) of the statutes is amended to read:

48.345 **(3)** (a) (intro.) The home of a parent ~~or~~, other relative, or like-kin of the child, except that the judge may not designate any of the following as the child's placement, unless the judge determines by clear and convincing evidence that the placement would be in the best interests of the child or, in the case of an Indian child, the best interests of the Indian child as described in s. 48.01 (2):

SECTION 11. 48.345 (3) (a) 1. of the statutes is amended to read:

48.345 **(3)** (a) 1. The home of a parent ~~or~~, other relative, or like-kin if the parent ~~or~~, other relative, or like-kin has been convicted under s. 940.01 of the first-degree intentional homicide, or under s. 940.05 of the 2nd-degree intentional homicide, of a parent of the child, and the conviction has not been reversed, set aside, or vacated. In determining whether a placement under this subdivision would be in the best interests of the child, the judge shall consider the wishes of the child.

SECTION 12. 48.345 (3) (a) 2. of the statutes is amended to read:

48.345 **(3)** (a) 2. The home of a relative other than the parent of a child or the home of like-kin if the judge finds that the relative or like-kin has been convicted of, has pleaded no contest to, or has had a charge dismissed or amended as a result of a plea agreement for a crime under s. 948.02 (1) or (2), 948.025, 948.03 (2) or (5) (a) 1., 2., 3., or 4., 948.05, 948.051, 948.055, 948.06, 948.07, 948.08, 948.081, 948.085, 948.11 (2) (a) or (am), 948.12, 948.13, 948.21, 948.215, 948.30, or 948.53, or a similar law of another state.

SECTION 13. 48.345 (4) (a) of the statutes is amended to read:

48.345 **(4)** (a) A relative or like-kin of the child.

SECTION 14. 48.355 (4) (b) (intro.) of the statutes is amended to read:

48.355 **(4)** (b) (intro.) Except as provided under s. 48.368, an order under this section or s. 48.357 or 48.365 made before the child reaches 18 years of age that places or continues the placement of the child in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement shall terminate on the latest of the following dates, unless the judge specifies a shorter period or the judge terminates the order sooner:

SECTION 15. 48.366 (1) (a) of the statutes is amended to read:

48.366 **(1)** (a) The person is placed in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement under an order under s. 48.355, 48.357, or 48.365 that terminates as provided in s. 48.355 (4) (b) 1., 2., or 3., 48.357 (6) (a) 1., 2., or 3., or 48.365 (5) (b) 1., 2., or 3. on or after the person attains 18 years of age.

SECTION 16. 48.371 (1) (intro.) of the statutes is amended to read:

48.371 **(1)** (intro.) If a child is placed in a foster home, group home, or residential care center for children and youth or in the home of a relative other than a parent or in the home of like-kin, including a placement under s. 48.205 or 48.21, the agency, as defined in s. 48.38 (1) (a), that placed the child or arranged for the placement of the child shall provide the following information to the foster parent, relative, like-kin, or operator of the group home or residential care center for children and youth at the time of placement or, if the information has not been provided to the agency by that time, as soon as possible after the date on which the agency receives that information, but not more than 2 working days after that date:

SECTION 17. 48.371 (1) (a) of the statutes is amended to read:

48.371 **(1)** (a) Results of an HIV test, as defined in s. 252.01 (2m), of the child, as provided under s. 252.15 (3m) (d) 15., including results included in a court report or permanency plan. At the time that the HIV test results are provided, the agency shall notify the foster parent, relative, like-kin, or operator of the group home or residential care center for children and youth of the confidentiality requirements under s. 252.15 (6).

SECTION 18. 48.371 (3) (intro.) of the statutes is amended to read:

48.371 **(3)** (intro.) At the time of placement of a child in a foster home, group home, or residential care center for children and youth or in the home of a relative other than a parent or in the home of like-kin or, if the information is not available at that time, as soon as possible after the date on which the court report or permanency plan has been submitted, but no later than 7 days after that date, the agency, as defined in s. 48.38 (1) (a), responsible for preparing the child's permanency plan shall provide to the foster parent, relative, like-kin, or operator of the group home or residential care center for children and youth information contained in the

court report submitted under s. 48.33 (1), 48.365 (2g), 48.425 (1), 48.831 (2), or 48.837 (4) (c) or permanency plan submitted under s. 48.355 (2e), 48.38, 48.43 (1) (c) or (5) (c), 48.63 (4) or (5) (c), or 48.831 (4) (e) relating to findings or opinions of the court or agency that prepared the court report or permanency plan relating to any of the following:

SECTION 19. 48.371 (3) (d) of the statutes is amended to read:

48.371 **(3)** (d) Any involvement of the child, whether as victim or perpetrator, in sexual intercourse or sexual contact in violation of s. 940.225, 948.02, 948.025, or 948.085, prostitution in violation of s. 944.30 (1m), trafficking in violation of s. 940.302 (2) if s. 940.302 (2) (a) 1. b. applies, sexual exploitation of a child in violation of s. 948.05, trafficking of a child in violation of s. 948.051, or causing a child to view or listen to sexual activity in violation of s. 948.055, if the information is necessary for the care of the child or for the protection of any person living in the foster home, group home, or residential care center for children and youth or in the home of the relative or like-kin.

SECTION 20. 48.371 (5) of the statutes is amended to read:

48.371 **(5)** Except as permitted under s. 252.15 (6), a foster parent, relative, like-kin, or operator of a group home or residential care center for children and youth that receives any information under sub. (1) or (3), other than the information described in sub. (3) (e), shall keep the information confidential and may disclose that information only for the purposes of providing care for the child or participating in a court hearing or permanency review concerning the child.

SECTION 21. 48.38 (2) (intro.) of the statutes is amended to read:

48.38 **(2)** PERMANENCY PLAN REQUIRED. (intro.) Except as provided in sub. (3), for each child living in a foster home, group home, residential care center for children

and youth, juvenile detention facility, shelter care facility, qualifying residential family-based treatment facility with a parent, or supervised independent living arrangement, the agency that placed the child or arranged the placement or the agency assigned primary responsibility for providing services to the child under s. 48.355 (2) (b) 6g. shall prepare a written permanency plan, if any of the following conditions exists, and, for each child living in the home of a guardian ~~or~~, a relative other than a parent, or like-kin, that agency shall prepare a written permanency plan, if any of the conditions specified in pars. (a) to (e) exists:

SECTION 22. 48.38 (3m) (a) of the statutes is amended to read:

48.38 **(3m)** (a) All appropriate biological family members, relatives, and like-kin of the child, as determined by the agency. Notwithstanding s. 48.02 (12c), in this paragraph, "like-kin" may include an individual who is or previously was the child's licensed foster parent.

SECTION 23. 48.38 (4) (f) (intro.) of the statutes is amended to read:

48.38 **(4)** (f) (intro.) A description of the services that will be provided to the child, the child's family, and the child's foster parent, the operator of the facility where the child is living, or the relative or like-kin with whom the child is living to carry out the dispositional order, including services planned to accomplish all of the following:

SECTION 24. 48.38 (4m) (b) of the statutes is amended to read:

48.38 **(4m)** (b) At least 10 days before the date of the hearing the court shall notify the child; any parent, guardian, and legal custodian of the child; any foster parent, or other physical custodian described in s. 48.62 (2) of the child, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living; and, if the child is an Indian child, the Indian child's Indian custodian

and tribe of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they shall have a right to be heard at the hearing.

SECTION 25. 48.38 (4m) (d) of the statutes is amended to read:

48.38 **(4m)** (d) The court shall give a foster parent, other physical custodian described in s. 48.62 (2), operator of a facility, ~~or~~ relative, or like-kin who is notified of a hearing under par. (b) a right to be heard at the hearing by permitting the foster parent, other physical custodian, operator, ~~or~~ relative, or like-kin to make a written or oral statement during the hearing, or to submit a written statement prior to the hearing, relevant to the issues to be determined at the hearing. The foster parent, other physical custodian, operator of a facility, ~~or~~ relative, or like-kin does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 26. 48.38 (5) (b) of the statutes is amended to read:

48.38 **(5)** (b) The court or the agency shall notify the child; the child's parent, guardian, and legal custodian; the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living; and, if the child is an Indian child who is placed outside the home of his or her parent or Indian custodian, the Indian child's Indian custodian and tribe of the time, place, and purpose of the review, of the issues to be determined as part of the review, and of the fact that they shall have a right to be heard at the review as provided in par. (bm) 1. The court or agency shall notify the person representing the interests of the public, the child's counsel, the child's guardian ad litem, the child's court-appointed special advocate, and the child's school of the time, place, and purpose of the review, of the issues to be determined as part of the review, and of the fact that they may have an opportunity to be heard at the review as provided in par. (bm) 1. The notices under

this paragraph shall be provided in writing not less than 30 days before the review and copies of the notices shall be filed in the child's case record. The notice to the child's school shall also include the name and contact information for the caseworker or social worker assigned to the child's case.

SECTION 27. 48.38 (5) (bm) 1. of the statutes is amended to read:

48.38 **(5)** (bm) 1. A child, parent, guardian, legal custodian, foster parent, operator of a facility, ~~or~~ relative, or like-kin who is provided notice of the review under par. (b) shall have a right to be heard at the review by submitting written comments relevant to the determinations specified in par. (c) not less than 10 working days before the date of the review or by participating at the review. A person representing the interests of the public, counsel, guardian ad litem, court-appointed special advocate, or school who is provided notice of the review under par. (b) may have an opportunity to be heard at the review by submitting written comments relevant to the determinations specified in par. (c) not less than 10 working days before the date of the review. A foster parent, operator of a facility, ~~or~~ relative, or like-kin who receives notice of a review under par. (b) and a right to be heard under this subdivision does not become a party to the proceeding on which the review is held solely on the basis of receiving that notice and right to be heard.

SECTION 28. 48.38 (5) (e) of the statutes is amended to read:

48.38 **(5)** (e) Within 30 days, the agency shall prepare a written summary of the determinations under par. (c) and shall provide a copy to the court that entered the order; the child or the child's counsel or guardian ad litem; the person representing the interests of the public; the child's parent, guardian, or legal custodian; the child's court-appointed special advocate; the child's foster parent, the operator of the facility where the child is living, or the relative or like-kin with whom

the child is living; and, if the child is an Indian child who is placed outside the home of his or her parent or Indian custodian, the Indian child's Indian custodian and tribe.

SECTION 29. 48.38 (5m) (b) of the statutes is amended to read:

48.38 **(5m)** (b) The court shall notify the child; the child's parent, guardian, and legal custodian; and the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they shall have a right to be heard at the hearing as provided in par. (c) 1. The court shall notify the child's counsel, the child's guardian ad litem, and the child's court-appointed special advocate; the agency that prepared the permanency plan; the child's school; the person representing the interests of the public; and, if the child is an Indian child who is placed outside the home of his or her parent or Indian custodian, the Indian child's Indian custodian and tribe of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they may have an opportunity to be heard at the hearing as provided in par. (c) 1. The notices under this paragraph shall be provided in writing not less than 30 days before the hearing. The notice to the child's school shall also include the name and contact information for the caseworker or social worker assigned to the child's case.

SECTION 30. 48.38 (5m) (c) 1. of the statutes is amended to read:

48.38 **(5m)** (c) 1. A child, parent, guardian, legal custodian, foster parent, operator of a facility, ~~or~~ relative, or like-kin who is provided notice of the hearing under par. (b) shall have a right to be heard at the hearing by submitting written comments relevant to the determinations specified in sub. (5) (c) not less than 10 working days before the date of the hearing or by participating at the hearing. A

counsel, guardian ad litem, court-appointed special advocate, agency, school, or person representing the interests of the public who is provided notice of the hearing under par. (b) may have an opportunity to be heard at the hearing by submitting written comments relevant to the determinations specified in sub. (5) (c) not less than 10 working days before the date of the hearing or by participating at the hearing. A foster parent, operator of a facility, ~~or~~ relative, or like-kin who receives notice of a hearing under par. (b) and a right to be heard under this subdivision does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 31. 48.38 (5m) (e) of the statutes is amended to read:

48.38 **(5m)** (e) After the hearing, the court shall make written findings of fact and conclusions of law relating to the determinations under sub. (5) (c) and shall provide a copy of those findings of fact and conclusions of law to the child; the child's parent, guardian, and legal custodian; the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living; the child's court-appointed special advocate; the agency that prepared the permanency plan; the person representing the interests of the public; and, if the child is an Indian child who is placed outside the home of his or her parent or Indian custodian, the Indian child's Indian custodian and tribe. The court shall make the findings specified in sub. (5) (c) 7. on a case-by-case basis based on circumstances specific to the child and shall document or reference the specific information on which those findings are based in the findings of fact and conclusions of law prepared under this paragraph. Findings of fact and conclusions of law that merely reference sub. (5) (c) 7. without documenting or referencing that specific information in the findings of fact and conclusions of law or amended findings of fact and conclusions

of law that retroactively correct earlier findings of fact and conclusions of law that do not comply with this paragraph are not sufficient to comply with this paragraph.

SECTION 32. 48.385 (intro.) of the statutes is amended to read:

48.385 Plan for transition to independent living. (intro.) During the 90 days immediately before a child who is placed in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement attains 18 years of age or, if the child is placed in such a placement under an order under s. 48.355, 48.357, or 48.365 that terminates under s. 48.355 (4) (b) after the child attains 18 years of age or under a voluntary transition-to-independent-living agreement under s. 48.366 (3) that terminates under s. 48.366 (3) (a) after the child attains 18 years of age, during the 90 days immediately before the termination of the order or agreement, the agency primarily responsible for providing services to the child under the order or agreement shall do all of the following:

SECTION 33. 48.40 (1m) of the statutes is amended to read:

48.40 **(1m)** "Kinship care ~~relative~~ provider" means a person receiving payments under s. 48.57 (3m) (am) for providing care and maintenance for a child.

SECTION 34. 48.427 (3m) (a) 5. of the statutes is amended to read:

48.427 **(3m)** (a) 5. A relative with whom the child resides, if the relative has filed a petition to adopt the child or if the relative is a kinship care ~~relative~~ provider or is receiving payments under s. 48.62 (4) for providing care and maintenance for the child.

SECTION 35. 48.43 (5) (b) 1. of the statutes is amended to read:

48.43 **(5)** (b) 1. The court shall hold a hearing to review the permanency plan within 30 days after receiving a report under par. (a). At least 10 days before the date

of the hearing, the court shall provide notice of the time, place, and purpose of the hearing to the agency that prepared the report, the child's guardian, the child, and the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living.

SECTION 36. 48.43 (5) (b) 3. of the statutes is amended to read:

48.43 **(5)** (b) 3. The court shall give a foster parent, operator of a facility, or relative or like-kin who is notified of a hearing under subd. 1. a right to be heard at the hearing by permitting the foster parent, operator, or relative or like-kin to make a written or oral statement during the hearing, or to submit a written statement prior to the hearing, relevant to the issues to be determined at the hearing. The foster parent, operator of a facility, or relative or like-kin does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 37. 48.43 (5m) of the statutes is amended to read:

48.43 **(5m)** Either the court or the agency that prepared the permanency plan shall furnish a copy of the original plan and each revised plan to the child, if he or she is 12 years of age or over, to the child's guardian, to the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living, and, if the order under sub. (1) involuntarily terminated parental rights to an Indian child, to the Indian child's tribe.

SECTION 38. 48.57 (3m) (a) 1. b. of the statutes is amended to read:

48.57 **(3m)** (a) 1. b. The person is under 21 years of age, the person is a full-time student in good academic standing at a secondary school or its vocational or technical equivalent, an individualized education program under s. 115.787 is in effect for the person, and the person is placed in the home of the kinship care ~~relative~~ provider

under an order under s. 48.355, 48.357, 48.365, 938.355, 938.357, or 938.365 that terminates under s. 48.355 (4) (b) or 938.355 (4) (am) after the person attains 18 years of age or under a voluntary transition-to-independent-living agreement under s. 48.366 (3) or 938.366 (3).

SECTION 39. 48.57 (3m) (a) 2. of the statutes is amended to read:

48.57 **(3m)** (a) 2. "Kinship care ~~relative~~ provider" means a relative other than a parent, an extended family member, as defined in s. 48.028 (2) (am), or like-kin.

SECTION 40. 48.57 (3m) (am) (intro.) of the statutes, as affected by Wisconsin Act 19, is amended to read:

48.57 **(3m)** (am) (intro.) From the appropriations under s. 20.437 (2) (dz), (md), (me), and (s), the department shall reimburse counties having populations of less than 750,000 for payments made under this subsection and shall make payments under this subsection in a county having a population of 750,000 or more. Subject to par. (ap), a county department and, in a county having a population of 750,000 or more, the department shall make payments per month in the amount of $375 beginning on January 1, 2024, to a kinship care ~~relative~~ provider who is providing care and maintenance for a child if all of the following conditions are met:

SECTION 41. 48.57 (3m) (am) 1. of the statutes is amended to read:

48.57 **(3m)** (am) 1. The kinship care ~~relative~~ provider applies to the county department or department for payments under this subsection and, if the child is placed in the home of the kinship care ~~relative~~ provider under a court order, other than a court order under s. 48.9795 or ch. 54, 2017 stats., for a license to operate a foster home.

SECTION 42. 48.57 (3m) (am) 1m. of the statutes is amended to read:

48.57 **(3m)** (am) 1m. The county department or department determines that there is a need for the child to be placed with the kinship care ~~relative~~ provider and that the placement with the kinship care ~~relative~~ provider is in the best interests of the child.

SECTION 43. 48.57 (3m) (am) 4. of the statutes is amended to read:

48.57 **(3m)** (am) 4. The county department or department conducts a background investigation under sub. (3p) of the kinship care ~~relative~~ provider, any employee and prospective employee of the kinship care ~~relative~~ provider who has or would have regular contact with the child for whom the payments would be made and any other adult resident of the kinship care ~~relative's~~ provider's home to determine if the kinship care ~~relative~~ provider, employee, prospective employee or adult resident has any arrests or convictions that could adversely affect the child or the kinship care ~~relative's~~ provider's ability to care for the child.

SECTION 44. 48.57 (3m) (am) 4m. of the statutes is amended to read:

48.57 **(3m)** (am) 4m. Subject to sub. (3p) (fm) 1. and 2., the kinship care ~~relative~~ provider states that he or she does not have any arrests or convictions that could adversely affect the child or the kinship care ~~relative's~~ provider's ability to care for the child and that no adult resident, as defined in sub. (3p) (a), and no employee or prospective employee of the kinship care ~~relative~~ provider who would have regular contact with the child has any arrests or convictions that could adversely affect the child or the kinship care ~~relative's~~ provider's ability to care for the child.

SECTION 45. 48.57 (3m) (am) 5. of the statutes is amended to read:

48.57 **(3m)** (am) 5. The kinship care ~~relative~~ provider cooperates with the county department or department in the application process, including applying for other forms of assistance for which the child may be eligible.

SECTION 46. 48.57 (3m) (am) 5m. of the statutes is amended to read:

48.57 **(3m)** (am) 5m. The kinship care ~~relative~~ provider is not receiving payments under sub. (3n) with respect to the child.

SECTION 47. 48.57 (3m) (am) 6. of the statutes is amended to read:

48.57 **(3m)** (am) 6. The child for whom the kinship care ~~relative~~ provider is providing care and maintenance is not receiving supplemental security income under 42 USC 1381 to 1383c or state supplemental payments under s. 49.77.

SECTION 48. 48.57 (3m) (ap) 1. of the statutes is amended to read:

48.57 **(3m)** (ap) 1. Subject to subds. 2. and 3., the county department or, in a county having a population of 750,000 or more, the department may make payments under par. (am) to a kinship care ~~relative~~ provider who is providing care and maintenance for a child who is placed in the home of the kinship care ~~relative~~ provider under a court order for no more than 60 days after the date on which the county department or department received under par. (am) 1. the completed application of the kinship care ~~relative~~ provider for a license to operate a foster home or, if the application is approved or denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure within those 60 days, until the date on which the application is approved or denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure.

SECTION 49. 48.57 (3m) (ap) 2. of the statutes is amended to read:

48.57 **(3m)** (ap) 2. If the application specified in subd. 1. is not approved or denied or the kinship care ~~relative~~ provider is not otherwise determined to be ineligible for licensure within 60 days after the date on which the county department or department received the completed application for any reason other than an act or omission of the kinship care ~~relative~~ provider, the county department or

department may make payments under par. (am) for 4 months after the date on which the county department or department received the completed application or, if the application is approved or denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure within those 4 months, until the date on which the application is approved or denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure.

SECTION 50. 48.57 (3m) (ap) 3. of the statutes is amended to read:

48.57 **(3m)** (ap) 3. Notwithstanding that an application of a kinship care ~~relative~~ provider specified in subd. 1. is denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure, the county department or, in a county having a population of 750,000 or more, the department may make payments under par. (am) to the kinship care ~~relative~~ provider for as long as the conditions specified in par. (am) 1. to 6. continue to apply if the county department or department submits to the court information relating to the background investigation specified in par. (am) 4., an assessment of the safety of the kinship care ~~relative's~~ provider's home and the ability of the kinship care ~~relative~~ provider to care for the child, and a recommendation that the child remain in the home of the kinship care ~~relative~~ provider and the court, after considering that information, assessment, and recommendation, orders the child to remain in the kinship care ~~relative's~~ provider's home. If the court does not order the child to remain in the kinship care ~~relative's~~ provider's home, the court shall order the county department or department to request a change in placement under s. 48.357 (1) (am) or 938.357 (1) (am). Any person specified in s. 48.357 (2m) (a) or 938.357 (2m) (a) may also request a change in placement.

SECTION 51. 48.57 (3m) (b) 2. of the statutes is amended to read:

48.57 **(3m)** (b) 2. When any kinship care ~~relative~~ provider of a child applies for or receives payments under this subsection, any right of the child or the child's parent to support or maintenance from any other person accruing during the time that payments are made under this subsection is assigned to the state. If a child who is the beneficiary of a payment under this subsection is also the beneficiary of support under a judgment or order that includes support for one or more children who are not the beneficiaries of payments under this subsection, any support payment made under the judgment or order is assigned to the state in the amount that is the proportionate share of the child who is the beneficiary of the payment made under this subsection, except as otherwise ordered by the court on the motion of a party.

SECTION 52. 48.57 (3m) (cm) of the statutes is amended to read:

48.57 **(3m)** (cm) A kinship care ~~relative~~ provider who receives a payment under par. (am) for providing care and maintenance for a child is not eligible to receive a payment under sub. (3n) or s. 48.62 (4) or 48.623 (1) or (6) for that child.

SECTION 53. 48.57 (3m) (h) of the statutes is amended to read:

48.57 **(3m)** (h) A county department or, in a county having a population of 750,000 or more, the department may recover an overpayment made under par. (am) from a kinship care ~~relative~~ provider who continues to receive payments under par. (am) by reducing the amount of the kinship care ~~relative's~~ provider's monthly payment. The department may by rule specify other methods for recovering overpayments made under par. (am). A county department that recovers an overpayment under this paragraph due to the efforts of its officers and employees may retain a portion of the amount recovered, as provided by the department by rule.

SECTION 54. 48.57 (3m) (i) 1. of the statutes is amended to read:

48.57 **(3m)** (i) 1. Rules to provide assessment criteria for determining whether a kinship care ~~relative~~ provider who is providing care and maintenance for a child is eligible to receive payments under par. (am). The rules shall also provide that any criteria established under the rules shall first apply to applications for payments under par. (am) received, and to reviews under par. (d) conducted, on the effective date of those rules.

SECTION 55. 48.57 (3n) (a) 1. b. of the statutes is amended to read:

48.57 **(3n)** (a) 1. b. The person is under 21 years of age, the person is a full-time student in good academic standing at a secondary school or its vocational or technical equivalent, an individualized education program under s. 115.787 is in effect for the person, and the person is placed in the home of the long-term kinship care ~~relative~~ provider under an order under s. 48.355, 48.357, 48.365, 938.355, 938.357, or 938.365 that terminates under s. 48.355 (4) (b) or 938.355 (4) (am) after the person attains 18 years of age or under a voluntary transition-to-independent-living agreement under s. 48.366 (3) or 938.366 (3).

SECTION 56. 48.57 (3n) (a) 2. of the statutes is amended to read:

48.57 **(3n)** (a) 2. "Long-term kinship care ~~relative~~ provider" means a relative other than a parent, an extended family member, as defined in s. 48.028 (2) (am), or like-kin.

SECTION 57. 48.57 (3n) (am) (intro.) of the statutes, as affected by Wisconsin Act 19, is amended to read:

48.57 **(3n)** (am) (intro.) From the appropriations under s. 20.437 (2) (dz), (md), (me), and (s), the department shall reimburse counties having populations of less than 750,000 for payments made under this subsection and shall make payments under this subsection in a county having a population of 750,000 or more. Subject

to par. (ap), a county department and, in a county having a population of 750,000 or more, the department shall make monthly payments for each child per month in the amount of $375 beginning on January 1, 2024, to a long-term kinship care ~~relative~~ provider who is providing care and maintenance for that child if all of the following conditions are met:

SECTION 58. 48.57 (3n) (am) 1. of the statutes is amended to read:

48.57 **(3n)** (am) 1. The long-term kinship care ~~relative~~ provider applies to the county department or department for payments under this subsection, provides proof that he or she has been appointed as the guardian of the child, and, if the child is placed in the home of the long-term kinship care ~~relative~~ provider under a court order, other than a court order under s. 48.9795 or ch. 54, 2017 stats., applies to the county department or department for a license to operate a foster home.

SECTION 59. 48.57 (3n) (am) 2. of the statutes is amended to read:

48.57 **(3n)** (am) 2. The county department or department inspects the long-term kinship care ~~relative's~~ provider's home, interviews the long-term kinship care ~~relative~~ provider and determines that long-term placement with the long-term kinship care ~~relative~~ provider is in the best interests of the child.

SECTION 60. 48.57 (3n) (am) 4. of the statutes is amended to read:

48.57 **(3n)** (am) 4. The county department or department conducts a background investigation under sub. (3p) of the long-term kinship care ~~relative~~ provider, the employees and prospective employees of the long-term kinship care ~~relative~~ provider who have or would have regular contact with the child for whom the payments would be made and any other adult resident, as defined in sub. (3p) (a), of the long-term kinship care ~~relative's~~ provider's home to determine if the long-term kinship care ~~relative~~ provider, employee, prospective employee or adult

resident has any arrests or convictions that are likely to adversely affect the child or the long-term kinship care ~~relative's~~ provider's ability to care for the child.

SECTION 61. 48.57 (3n) (am) 4m. of the statutes is amended to read:

48.57 **(3n)** (am) 4m. Subject to sub. (3p) (fm) 1m. and 2m., the long-term kinship care ~~relative~~ provider states that he or she does not have any arrests or convictions that could adversely affect the child or the long-term kinship care ~~relative's~~ provider's ability to care for the child and that, to the best of the long-term kinship care ~~relative's~~ provider's knowledge, no adult resident, as defined in sub. (3p) (a), and no employee or prospective employee of the long-term kinship care ~~relative~~ provider who would have regular contact with the child has any arrests or convictions that could adversely affect the child or the long-term kinship care ~~relative's~~ provider's ability to care for the child.

SECTION 62. 48.57 (3n) (am) 5. of the statutes is amended to read:

48.57 **(3n)** (am) 5. The long-term kinship care ~~relative~~ provider cooperates with the county department or department in the application process, including applying for other forms of assistance for which the child may be eligible.

SECTION 63. 48.57 (3n) (am) 5m. of the statutes is amended to read:

48.57 **(3n)** (am) 5m. The long-term kinship care ~~relative~~ provider is not receiving payments under sub. (3m) with respect to the child.

SECTION 64. 48.57 (3n) (am) 5r. of the statutes is amended to read:

48.57 **(3n)** (am) 5r. The child for whom the long-term kinship care ~~relative~~ provider is providing care and maintenance is not receiving supplemental security income under 42 USC 1381 to 1383c or state supplemental payments under s. 49.77.

SECTION 65. 48.57 (3n) (am) 6. (intro.) of the statutes is amended to read:

48.57 **(3n)** (am) 6. (intro.) The long-term kinship care ~~relative~~ provider and the county department or department enter into a written agreement under which the long-term kinship care ~~relative~~ provider agrees to provide care and maintenance for the child and the county department or department agrees, subject to sub. (3p) (hm), to make monthly payments to the long-term kinship care ~~relative~~ provider at the rate specified in sub. (3m) (am) (intro.) until the earliest of the following:

SECTION 66. 48.57 (3n) (am) 6. c. of the statutes is amended to read:

48.57 **(3n)** (am) 6. c. The date on which the child is placed outside the long-term kinship care ~~relative's~~ provider's home under a court order or under a voluntary agreement under s. 48.63 (1) (a) or (b) or (5) (b).

SECTION 67. 48.57 (3n) (am) 6. d. of the statutes is amended to read:

48.57 **(3n)** (am) 6. d. The date on which the child ceases to reside with the long-term kinship care ~~relative~~ provider.

SECTION 68. 48.57 (3n) (am) 6. e. of the statutes is amended to read:

48.57 **(3n)** (am) 6. e. The date on which the long-term kinship ~~care's~~ care provider's guardianship under s. 48.977 terminates.

SECTION 69. 48.57 (3n) (ap) 1. of the statutes is amended to read:

48.57 **(3n)** (ap) 1. Subject to subds. 2. and 3., the county department or, in a county having a population of 750,000 or more, the department may make payments under par. (am) to a long-term kinship care ~~relative~~ provider who is providing care and maintenance for a child who is placed in the home of the long-term kinship care ~~relative~~ provider for no more than 60 days after the date on which the county department or department received under par. (am) 1. the completed application of the long-term kinship care ~~relative~~ provider for a license to operate a foster home or, if the application is approved or denied or the long-term kinship care ~~relative~~

provider is otherwise determined to be ineligible for licensure within those 60 days, until the date on which the application is approved or denied or the long-term kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure.

SECTION 70. 48.57 (3n) (ap) 2. of the statutes is amended to read:

48.57 **(3n)** (ap) 2. If the application specified in subd. 1. is not approved or denied or the long-term kinship care ~~relative~~ provider is not otherwise determined to be ineligible for licensure within 60 days after the date on which the county department or department received the completed application for any reason other than an act or omission of the long-term kinship care ~~relative~~ provider, the county department or department may make payments under par. (am) for 4 months after the date on which the county department or department received the completed application or, if the application is approved or denied or the long-term kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure within those 4 months, until the date on which the application is approved or denied or the long-term kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure.

SECTION 71. 48.57 (3n) (ap) 3. of the statutes is amended to read:

48.57 **(3n)** (ap) 3. Notwithstanding that an application of a long-term kinship care ~~relative~~ provider specified in subd. 1. is denied or the long-term kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure, the county department or, in a county having a population of 750,000 or more, the department may make payments under par. (am) to the long-term kinship care ~~relative~~ provider until an event specified in par. (am) 6. a. to f. occurs if the county department or department submits to the court information relating to the background investigation specified in par. (am) 4., an assessment of the safety of the long-term

kinship care ~~relative's~~ provider's home and the ability of the long-term kinship care ~~relative~~ provider to care for the child, and a recommendation that the child remain in the home of the long-term kinship care ~~relative~~ provider and the court, after considering that information, assessment, and recommendation, orders the child to remain in the long-term kinship care ~~relative's~~ provider's home. If the court does not order the child to remain in the kinship care ~~relative's~~ provider's home, the court shall order the county department or department to request a change in placement under s. 48.357 (1) (am) or 938.357 (1) (am) or to request a termination of the guardianship order under s. 48.977 (7). Any person specified in s. 48.357 (2m) (a) or 938.357 (2m) (a) may also request a change in placement and any person who is authorized to file a petition for the appointment of a guardian for the child may also request a termination of the guardianship order.

SECTION 72. 48.57 (3n) (b) 2. of the statutes is amended to read:

48.57 **(3n)** (b) 2. When any long-term kinship care ~~relative~~ provider of a child applies for or receives payments under this subsection, any right of the child or the child's parent to support or maintenance from any other person accruing during the time that payments are made under this subsection is assigned to the state. If a child is the beneficiary of support under a judgment or order that includes support for one or more children who are not the beneficiaries of payments under this subsection, any support payment made under the judgment or order is assigned to the state in the amount that is the proportionate share of the child who is the beneficiary of the payment made under this subsection, except as otherwise ordered by the court on the motion of a party.

SECTION 73. 48.57 (3n) (cm) of the statutes is amended to read:

48.57 **(3n)** (cm) A long-term kinship care ~~relative~~ provider who receives a payment under par. (am) for providing care and maintenance for a child is not eligible to receive a payment under sub. (3m) or s. 48.62 (4) or 48.623 (1) or (6) for that child.

SECTION 74. 48.57 (3n) (h) of the statutes is amended to read:

48.57 **(3n)** (h) A county department or, in a county having a population of 750,000 or more, the department may recover an overpayment made under par. (am) from a long-term kinship care ~~relative~~ provider who continues to receive payments under par. (am) by reducing the amount of the long-term kinship care ~~relative's~~ provider's monthly payment. The department may by rule specify other methods for recovering overpayments made under par. (am). A county department that recovers an overpayment under this paragraph due to the efforts of its officers and employees may retain a portion of the amount recovered, as provided by the department by rule.

SECTION 75. 48.57 (3p) (h) 3. (intro.) of the statutes is amended to read:

48.57 **(3p)** (h) 3. (intro.) The director of the county department, the person designated by the governing body of an Indian tribe or, in a county having a population of 750,000 or more, the person designated by the secretary shall review the denial of payments or the prohibition on employment or being an adult resident to determine if the conviction record on which the denial or prohibition is based includes any arrests, convictions, or penalties that are likely to adversely affect the child or the ability of the kinship care ~~relative~~ provider to care for the child. In reviewing the denial or prohibition, the director of the county department, the person designated by the governing body of the Indian tribe or the person designated by the secretary shall consider all of the following factors:

SECTION 76. 48.57 (3p) (h) 3. b. of the statutes is amended to read:

48.57 **(3p)** (h) 3. b. The nature of the violation or penalty and how that violation or penalty affects the ability of the kinship care ~~relative~~ provider to care for the child.

SECTION 77. 48.57 (3p) (h) 4. of the statutes is amended to read:

48.57 **(3p)** (h) 4. If the director of the county department, the person designated by the governing body of the Indian tribe or, in a county having a population of 750,000 or more, the person designated by the secretary determines that the conviction record on which the denial of payments or the prohibition on employment or being an adult resident is based does not include any arrests, convictions, or penalties that are likely to adversely affect the child or the ability of the kinship care ~~relative~~ provider to care for the child, the director of the county department, the person designated by the governing body of the Indian tribe, or the person designated by the secretary may approve the making of payments under sub. (3m) or may permit a person receiving payments under sub. (3m) to employ a person in a position in which that person would have regular contact with the child for whom payments are being made or permit a person to be an adult resident.

SECTION 78. 48.60 (2) (a) of the statutes is amended to read:

48.60 **(2)** (a) A relative or like-kin, guardian, or person delegated care and custody of a child under s. 48.979 who provides care and maintenance for such children.

SECTION 79. 48.62 (2) of the statutes is amended to read:

48.62 **(2)** A relative or like-kin, a guardian of a child, or a person delegated care and custody of a child under s. 48.979 who provides care and maintenance for the child is not required to obtain the license specified in this section. The department, county department, or licensed child welfare agency as provided in s. 48.75 may issue a license to operate a foster home to a relative or like-kin who has no duty of support

under s. 49.90 (1) (a) and who requests a license to operate a foster home for a specific child who is either placed by court order or who is the subject of a voluntary placement agreement under s. 48.63. The department, a county department, or a licensed child welfare agency may, at the request of a guardian appointed under s. 48.977, 48.978, or 48.9795, ch. 54, 2017 stats., or ch. 880, 2003 stats., license the guardian's home as a foster home for the guardian's minor ward who is living in the home and who is placed in the home by court order. Relatives and like-kin with no duty of support and guardians appointed under s. 48.977, 48.978, or 48.9795, ch. 54, 2017 stats., or ch. 880, 2003 stats., who are licensed to operate foster homes are subject to the department's licensing rules.

SECTION 80. 48.64 (1) of the statutes is amended to read:

48.64 **(1)** DEFINITION. In this section, "agency" means the department, the department of corrections, a county department under s. 46.215, 46.22, or 46.23, or a licensed child welfare agency authorized to place children in foster homes, group homes, or shelter care facilities approved under s. 938.22 (2) (c) ~~or~~, in the homes of relatives other than a parent, or in the homes of like-kin.

SECTION 81. 48.64 (1m) of the statutes is amended to read:

48.64 **(1m)** OUT-OF-HOME CARE AGREEMENTS. If an agency places a child in a foster home or group home or in the home of a relative other than a parent or in the home of like-kin under a court order or places a child in a foster home, group home, or shelter care facility approved under s. 938.22 (2) (c) under a voluntary agreement under s. 48.63, the agency shall enter into a written agreement with the head of the home or facility. The agreement shall provide that the agency shall have access at all times to the child and the home or facility, and that the child will be released to the agency whenever, in the opinion of the agency placing the child or the

department, the best interests of the child require release to the agency. If a child has been in a foster home or group home or in the home of a relative other than a parent or in the home of like-kin for 6 months or more, the agency shall give the head of the home written notice of intent to remove the child, stating the reasons for the removal. The child may not be removed from a foster home, group home, or home of a relative other than a parent or the home of like-kin before completion of the hearing under sub. (4) (a) or (c), if requested, or 30 days after the receipt of the notice, whichever is later, unless the safety of the child requires it or, in a case in which the reason for removal is to place the child for adoption under s. 48.833, unless all of the persons who have the right to request a hearing under sub. (4) (a) or (c) sign written waivers of objection to the proposed removal. If the safety of the child requires earlier removal, s. 48.19 applies. If an agency removes a child from an adoptive placement, the head of the home shall have no claim against the placing agency for the expense of care, clothing, or medical treatment.

SECTION 82. 48.64 (2) of the statutes is amended to read:

48.64 **(2)** SUPERVISION OF OUT-OF-HOME CARE PLACEMENTS. Every child who is placed in a foster home, group home, or shelter care facility approved under s. 938.22 (2) (c) shall be under the supervision of an agency. Every child who is placed in the home of a relative other than a parent or in the home of like-kin under a court order shall be under the supervision of an agency.

SECTION 83. 48.64 (4) (a) of the statutes is amended to read:

48.64 **(4)** (a) Except as provided in par. (d), any decision or order issued by an agency that affects the head of a foster home or group home, the head of the home of a relative other than a parent or the home of like-kin in which a child is placed, or the child involved may be appealed to the department under fair hearing

procedures established under rules promulgated by the department. Upon receipt of an appeal, the department shall give the head of the home reasonable notice and an opportunity for a fair hearing. The department may make any additional investigation that the department considers necessary. The department shall give notice of the hearing to the head of the home and to the departmental subunit, county department, or child welfare agency that issued the decision or order. Each person receiving notice is entitled to be represented at the hearing. At all hearings conducted under this paragraph, the head of the home, or a representative of the head of the home, shall have an adequate opportunity, notwithstanding s. 48.78 (2) (a), to examine all documents and records to be used at the hearing at a reasonable time before the date of the hearing as well as during the hearing, to bring witnesses, to establish all pertinent facts and circumstances, and to question or refute any testimony or evidence, including an opportunity to confront and cross-examine adverse witnesses. The department shall grant a continuance for a reasonable period of time when an issue is raised for the first time during a hearing. This requirement may be waived with the consent of the parties. The decision of the department shall be based exclusively on evidence introduced at the hearing. A transcript of testimony and exhibits, or an official report containing the substance of what transpired at the hearing, together with all papers and requests filed in the proceeding, and the findings of the hearing examiner shall constitute the exclusive record for decision by the department. The department shall make the record available at any reasonable time and at an accessible place to the head of the home or his or her representative. Decisions by the department shall specify the reasons for the decision and identify the supporting evidence. No person participating in an agency action being appealed may participate in the final administrative decision on

that action. The department shall render its decision as soon as possible after the hearing and shall send a certified copy of its decision to the head of the home and to the departmental subunit, county department, or child welfare agency that issued the decision or order. The decision shall be binding on all parties concerned.

SECTION 84. 48.64 (4) (c) of the statutes is amended to read:

48.64 **(4)** (c) Except as provided in par. (d), the circuit court for the county where the dispositional order placing a child in a foster home or group home or in the home of a relative other than a parent or in the home of like-kin was entered or the voluntary agreement under s. 48.63 placing a child in a foster home or group home was made has jurisdiction upon petition of any interested party over the child who is placed in the foster home, group home, or home of the relative or like-kin. The circuit court may call a hearing, at which the head of the home and the supervising agency under sub. (2) shall be present, for the purpose of reviewing any decision or order of that agency involving the placement and care of the child. If the child has been placed in a foster home or in the home of a relative other than a parent or in the home of like-kin, the foster parent ~~or~~, relative, or like-kin may present relevant evidence at the hearing. The petitioner has the burden of proving by clear and convincing evidence that the decision or order issued by the agency is not in the best interests of the child.

SECTION 85. 48.67 (4) (b) of the statutes is amended to read:

48.67 **(4)** (b) The training under par. (a) shall be available to a kinship care ~~relative~~ provider, as defined in s. 48.40 (1m), upon request of the kinship care ~~relative~~ provider.

SECTION 86. 49.155 (1m) (a) 1m. b. of the statutes is amended to read:

49.155 **(1m)** (a) 1m. b. The individual has not yet attained the age of 18 years and the individual resides with his or her custodial parent or with a kinship care ~~relative~~ provider under s. 48.57 (3m) or with a long-term kinship care ~~relative~~ provider under s. 48.57 (3n) or is in a foster home licensed under s. 48.62, a subsidized guardianship home under s. 48.623, a group home, or an independent living arrangement supervised by an adult.

SECTION 87. 118.175 (1) of the statutes is amended to read:

118.175 **(1)** This section does not apply to a pupil who has a legal custodian, as defined in s. 48.02 (11) or 938.02 (11), or who is cared for by a kinship care ~~relative~~ provider, as defined in s. 48.57 (3m) (a) 2.

SECTION 88. 767.57 (1m) (cm) of the statutes is amended to read:

767.57 **(1m)** (cm) A kinship care ~~relative~~ provider or a long-term kinship care ~~relative~~ provider of the child who is entitled to the support money has applied for or is receiving kinship care payments or long-term kinship care payments for that child and there is an assignment to the state under s. 48.57 (3m) (b) 2. or (3n) (b) 2. of the child's right to the support money.

SECTION 89. 767.57 (2) of the statutes is amended to read:

767.57 **(2)** PROCEDURE IF RECIPIENT ON PUBLIC ASSISTANCE. If a party entitled to maintenance or support, or both, is receiving public assistance under ch. 49, the party may assign the party's right to support or maintenance to the county department under s. 46.215, 46.22, or 46.23 granting the assistance. The assignment shall be approved by order of the court granting the maintenance or support. The assignment may not be terminated if there is a delinquency in the amount to be paid to the assignee of maintenance and support previously ordered without the written consent of the assignee or upon notice to the assignee and a hearing. When an

assignment of maintenance or support, or both, has been approved by the order, the assignee shall be deemed a real party in interest within s. 803.01 solely for the purpose of securing payment of unpaid maintenance or support ordered to be paid, by participating in proceedings to secure the payment of unpaid amounts. Notwithstanding assignment under this subsection, and without further order of the court, the department or its designee, upon receiving notice that a party or a minor child of the parties is receiving aid under s. 48.645 or public assistance under ch. 49 or that a kinship care ~~relative~~ provider or long-term kinship care ~~relative~~ provider of the minor child is receiving kinship care payments or long-term kinship care payments for the minor child, shall forward all support assigned under s. 48.57 (3m) (b) 2. or (3n) (b) 2., 48.645 (3), 49.19 (4) (h) 1., or 49.45 (19) to the assignee under s. 48.57 (3m) (b) 2. or (3n) (b) 2., 48.645 (3), 49.19 (4) (h) 1., or 49.45 (19).

SECTION 90. 938.02 (12c) of the statutes is created to read:

938.02 **(12c)** "Like-kin" means an individual who has a significant emotional relationship with a child or the child's family that is similar to a familial relationship and who is not and has not previously been the child's licensed foster parent. For an Indian child, "like-kin" includes individuals identified by the child's tribe according to tribal tradition, custom or resolution, code, or law.

SECTION 91. 938.02 (15) of the statutes is amended to read:

938.02 **(15)** "Relative" means a parent, stepparent, brother, sister, stepbrother, stepsister, half brother, half sister, brother-in-law, sister-in-law, first cousin, 2nd cousin, first cousin once removed, nephew, niece, uncle, aunt, stepuncle, stepaunt, or any person of a preceding generation as denoted by the prefix of grand, great, or great-great, whether by blood, marriage, or legal adoption, or the spouse of any person named in this subsection, even if the marriage is terminated by death or

divorce. For purposes of the application of s. 938.028 and the federal Indian Child Welfare Act, 25 USC 1901 to 1963, "relative" includes an extended family member, as defined in s. 938.028 (2) (a), whether by blood, marriage, or adoption, including adoption under tribal law or custom. For purposes of placement of a juvenile, "relative" also includes a parent of a sibling of the juvenile who has legal custody of that sibling.

SECTION 92. 938.028 (2) (c) of the statutes is amended to read:

938.028 **(2)** (c) "Out-of-home care placement" means the removal of an Indian juvenile from the home of his or her parent or Indian custodian for temporary placement in a foster home, group home, residential care center for children and youth, or shelter care facility, in the home of a relative other than a parent, in the home of like-kin, or in the home of a guardian, from which placement the parent or Indian custodian cannot have the juvenile returned upon demand. "Out-of-home care placement" does not include an emergency change in placement under s. 938.357 (2) (b) or holding an Indian juvenile in custody under ss. 938.19 to 938.21.

SECTION 93. 938.207 (1) (b) of the statutes is amended to read:

938.207 **(1)** (b) The home of a relative or like-kin, except that a juvenile may not be held in the home of a ~~relative if the relative~~ person who has been convicted under s. 940.01 of the first-degree intentional homicide, or under s. 940.05 of the 2nd-degree intentional homicide, of a parent of the juvenile, and the conviction has not been reversed, set aside or vacated, unless the person making the custody decision determines by clear and convincing evidence that the placement would be in the best interests of the juvenile. The person making the custody decision shall consider the wishes of the juvenile in making that determination.

SECTION 94. 938.207 (1) (f) of the statutes is amended to read:

938.207 **(1)** (f) The home of a person not a relative or like-kin if the person has not had a license under s. 48.62 refused, revoked, or suspended within the previous 2 years. A placement under this paragraph may not exceed 30 days, unless the placement is extended by the court for cause for an additional 30 days.

SECTION 95. 938.33 (4) (intro.) of the statutes is amended to read:

938.33 **(4)** OTHER OUT-OF-HOME PLACEMENTS. (intro.) A report recommending placement in a foster home, group home, or nonsecured residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, in the home of a guardian under s. 48.977 (2), or in a supervised independent living arrangement shall be in writing, except that the report may be presented orally at the dispositional hearing if all parties consent. A report that is presented orally shall be transcribed and made a part of the court record. The report shall include all of the following:

SECTION 96. 938.335 (3g) (intro.) of the statutes is amended to read:

938.335 **(3g)** REASONABLE EFFORTS FINDING. (intro.) At hearings under this section, if the agency, as defined in s. 938.38 (1) (a), is recommending placement of the juvenile in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, in the home of a guardian under s. 48.977 (2), or in a supervised independent living arrangement, the agency shall present as evidence specific information showing all of the following:

SECTION 97. 938.335 (3j) (intro.) of the statutes is amended to read:

938.335 **(3j)** INDIAN JUVENILE; ACTIVE EFFORTS FINDING. (intro.) At hearings under this section involving an Indian juvenile who is the subject of a proceeding under s. 938.13 (4), (6), (6m), or (7), if the agency, as defined in s. 938.38 (1) (a), is

recommending removal of the Indian juvenile from the home of his or her parent or Indian custodian and placement of the Indian juvenile in a foster home, group home, or residential care center for children and youth ~~or~~, in the home of a relative other than a parent, or in the home of like-kin, the agency shall present as evidence specific information showing all of the following:

SECTION 98. 938.34 (3) (a) (intro.) of the statutes is amended to read:

938.34 **(3)** (a) (intro.) The home of a parent ~~or~~, other relative, or like-kin of the juvenile, except that the court may not designate any of the following as the juvenile's placement, unless the court determines by clear and convincing evidence that the placement would be in the best interests of the juvenile or, in the case of an Indian juvenile, the best interests of the Indian juvenile as described in s. 938.01 (3):

SECTION 99. 938.34 (3) (a) 1. of the statutes is amended to read:

938.34 **(3)** (a) 1. The home of a parent ~~or~~, other relative, or like-kin of the juvenile if the parent ~~or~~, other relative, or like-kin has been convicted of the homicide of a parent of the juvenile under s. 940.01 or 940.05, and the conviction has not been reversed, set aside, or vacated. In determining whether a placement under this subdivision would be in the best interests of the juvenile, the court shall consider the wishes of the juvenile.

SECTION 100. 938.34 (3) (a) 2. of the statutes is amended to read:

938.34 **(3)** (a) 2. The home of a relative other than the parent of the juvenile or the home of like-kin if the court finds that the relative or like-kin has been convicted of, has pleaded no contest to, or has had a charge dismissed or amended as a result of a plea agreement for a crime under s. 948.02 (1) or (2), 948.025, 948.03 (2) or (5) (a) 1., 2., 3., or 4., 948.05, 948.051, 948.055, 948.06, 948.07, 948.08, 948.081,

948.085, 948.11 (2) (a) or (am), 948.12, 948.13, 948.21, 948.215, 948.30, or 948.53, or a similar law of another state.

SECTION 101. 938.355 (4) (am) (intro.) of the statutes is amended to read:

938.355 **(4)** (am) (intro.) Except as provided in par. (b) or s. 938.368, an order under this section or s. 938.357 or 938.365 made before the juvenile attains 18 years of age that places or continues the placement of the juvenile in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement shall terminate on the latest of the following dates, unless the court specifies a shorter period or the court terminates the order sooner:

SECTION 102. 938.357 (6) (a) (intro.) of the statutes is amended to read:

938.357 **(6)** (a) (intro.) No change in placement may extend the expiration date of the original dispositional order, except that if the change in placement is from a placement in the juvenile's home to a placement in a foster home, group home, or residential care center for children and youth, in the home of a relative who is not a parent, in the home of like-kin, or in a supervised independent living arrangement, the court may extend the expiration date of the original dispositional order to the latest of the following dates, unless the court specifies a shorter period:

SECTION 103. 938.357 (6) (b) of the statutes is amended to read:

938.357 **(6)** (b) If the change in placement is from a placement in a foster home, group home, or residential care center for children and youth or in the home of a relative or like-kin to a placement in the juvenile's home and if the expiration date of the original dispositional order is more than one year after the date on which the change-in-placement order is granted, the court shall shorten the expiration date of the original dispositional order to the date that is one year after the date on which

the change-in-placement order is granted or to an earlier date as specified by the court.

SECTION 104. 938.365 (5) (b) (intro.) of the statutes is amended to read:

938.365 **(5)** (b) (intro.) Except as provided in s. 938.368, an order under this section that continues the placement of a juvenile in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement shall be for a specified length of time not to exceed the latest of the following dates:

SECTION 105. 938.366 (1) (a) of the statutes is amended to read:

938.366 **(1)** (a) The person is placed in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement under an order under s. 938.355, 938.357, or 938.365 that terminates as provided in s. 938.355 (4) (am) 1., 2., or 3., 938.357 (6) (a) 1., 2., or 3., or 938.365 (5) (b) 1., 2., or 3. on or after the person attains 18 years of age.

SECTION 106. 938.371 (1) (intro.) of the statutes is amended to read:

938.371 **(1)** MEDICAL INFORMATION. (intro.) If a juvenile is placed in a foster home, group home, residential care center for children and youth, or juvenile correctional facility ~~or~~, in the home of a relative other than a parent, or in the home of like-kin, including a placement under s. 938.205 or 938.21, the agency, as defined in s. 938.38 (1) (a), that placed the juvenile or arranged for the placement of the juvenile shall provide the following information to the foster parent, relative, like-kin, or operator of the group home, residential care center for children and youth, or juvenile correctional facility at the time of placement or, if the information has not been provided to the agency by that time, as soon as possible after the date

on which the agency receives that information, but not more than 2 working days after that date:

SECTION 107. 938.371 (1) (a) of the statutes is amended to read:

938.371 **(1)** (a) Results of an HIV test, as defined in s. 252.01 (2m), of the juvenile as provided under s. 252.15 (3m) (d) 15., including results included in a court report or permanency plan. At the time that the test results are provided, the agency shall notify the foster parent, relative, like-kin, or operator of the group home, residential care center for children and youth, or juvenile correctional facility of the confidentiality requirements under s. 252.15 (6).

SECTION 108. 938.371 (3) (intro.) of the statutes is amended to read:

938.371 **(3)** OTHER INFORMATION. (intro.) At the time of placement of a juvenile in a foster home, group home, residential care center for children and youth, or juvenile correctional facility or in the home of a relative other than a parent or in the home of like-kin or, if the information is not available at that time, as soon as possible after the date on which the court report or permanency plan has been submitted, but no later than 7 days after that date, the agency, as defined in s. 938.38 (1) (a), responsible for preparing the juvenile's permanency plan shall provide to the foster parent, relative, like-kin, or operator of the group home, residential care center for children and youth, or juvenile correctional facility information contained in the court report submitted under s. 938.33 (1) or 938.365 (2g) or permanency plan submitted under s. 938.355 (2e) or 938.38 relating to findings or opinions of the court or agency that prepared the court report or permanency plan relating to any of the following:

SECTION 109. 938.371 (5) of the statutes is amended to read:

938.371 **(5)** CONFIDENTIALITY OF INFORMATION. Except as permitted under s. 252.15 (6), a foster parent, treatment foster parent, relative, like-kin, or operator of a group home, residential care center for children and youth, or juvenile correctional facility that receives any information under sub. (1) or (3), other than the information described in sub. (3) (e), shall keep the information confidential and may disclose that information only for the purposes of providing care for the juvenile or participating in a court hearing or permanency review concerning the juvenile.

SECTION 110. 938.38 (2) (intro.) of the statutes is amended to read:

938.38 **(2)** PERMANENCY PLAN REQUIRED. (intro.) Except as provided in sub. (3), for each juvenile living in a foster home, group home, residential care center for children and youth, juvenile detention facility, shelter care facility, or supervised independent living arrangement, the agency that placed the juvenile or arranged the placement or the agency assigned primary responsibility for providing services to the juvenile under s. 938.355 (2) (b) 6g. shall prepare a written permanency plan, if any of the following conditions exists, and, for each juvenile living in the home of a guardian or a relative other than a parent or in the home of like-kin, that agency shall prepare a written permanency plan, if any of the conditions under pars. (a) to (e) exists:

SECTION 111. 938.38 (3m) (a) of the statutes is amended to read:

938.38 **(3m)** (a) All appropriate biological family members, relatives, and like-kin of the juvenile, as determined by the agency. Notwithstanding s. 938.02 (12c), in this paragraph, "like-kin" may include an individual who is or previously was the child's licensed foster parent.

SECTION 112. 938.38 (4) (f) (intro.) of the statutes is amended to read:

938.38 **(4)** (f) (intro.) A description of the services that will be provided to the juvenile, the juvenile's family, and the juvenile's foster parent, the operator of the facility where the juvenile is living, or the relative or like-kin with whom the juvenile is living to carry out the dispositional order, including services planned to accomplish all of the following:

SECTION 113. 938.38 (4m) (b) of the statutes is amended to read:

938.38 **(4m)** (b) At least 10 days before the date of the hearing the court shall notify the juvenile; any parent, guardian, and legal custodian of the juvenile; any foster parent, or other physical custodian described in s. 48.62 (2) of the juvenile, the operator of the facility in which the juvenile is living, or the relative or like-kin with whom the juvenile is living; and, if the juvenile is an Indian juvenile who is or is alleged to be in need of protection or services under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they shall have a right to be heard at the hearing.

SECTION 114. 938.38 (4m) (d) of the statutes is amended to read:

938.38 **(4m)** (d) The court shall give a foster parent, other physical custodian described in s. 48.62 (2), operator of a facility, ~~or~~ relative, or like-kin who is notified of a hearing under par. (b) a right to be heard at the hearing by permitting the foster parent, other physical custodian, operator, ~~or~~ relative, or like-kin to make a written or oral statement during the hearing, or to submit a written statement prior to the hearing, relevant to the issues to be determined at the hearing. The foster parent, other physical custodian, operator of a facility, ~~or~~ relative, or like-kin does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 115. 938.38 (5) (b) of the statutes is amended to read:

938.38 **(5)** (b) The court or the agency shall notify the juvenile; the juvenile's parent, guardian, and legal custodian; the juvenile's foster parent, the operator of the facility in which the juvenile is living, or the relative or like-kin with whom the juvenile is living; and, if the juvenile is an Indian juvenile who is placed outside the home of his or her parent or Indian custodian under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe of the time, place, and purpose of the review, of the issues to be determined as part of the review, and of the fact that they shall have a right to be heard at the review as provided in par. (bm) 1. The court or agency shall notify the person representing the interests of the public, the juvenile's counsel, the juvenile's guardian ad litem, and the juvenile's school of the time, place, and purpose of the review, of the issues to be determined as part of the review, and of the fact that they may have an opportunity to be heard at the review as provided in par. (bm) 1. The notices under this paragraph shall be provided in writing not less than 30 days before the review and copies of the notices shall be filed in the juvenile's case record. The notice to the juvenile's school shall also include the name and contact information for the caseworker or social worker assigned to the juvenile's case.

SECTION 116. 938.38 (5) (bm) 1. of the statutes is amended to read:

938.38 **(5)** (bm) 1. A juvenile, parent, guardian, legal custodian, foster parent, operator of a facility, ~~or~~ relative, or like-kin who is provided notice of the review under par. (b) shall have a right to be heard at the review by submitting written comments relevant to the determinations specified in par. (c) not less than 10 working days before the date of the review or by participating at the review. A person representing the interests of the public, counsel, guardian ad litem, or school who is

provided notice of the review under par. (b) may have an opportunity to be heard at the review by submitting written comments relevant to the determinations specified in par. (c) not less than 10 working days before the date of the review. A foster parent, operator of a facility, ~~or~~ relative, or like-kin who receives notice of a review under par. (b) and a right to be heard under this subdivision does not become a party to the proceeding on which the review is held solely on the basis of receiving that notice and right to be heard.

SECTION 117. 938.38 (5) (e) of the statutes is amended to read:

938.38 **(5)** (e) Within 30 days, the agency shall prepare a written summary of the determinations under par. (c) and shall provide a copy to the court that entered the order; the juvenile or the juvenile's counsel or guardian ad litem; the person representing the interests of the public; the juvenile's parent, guardian, or legal custodian; the juvenile's foster parent, the operator of the facility where the juvenile is living, or the relative or like-kin with whom the juvenile is living; and, if the juvenile is an Indian juvenile who is placed outside the home of his or her parent or Indian custodian under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe.

SECTION 118. 938.38 (5m) (b) of the statutes is amended to read:

938.38 **(5m)** (b) The court shall notify the juvenile; the juvenile's parent, guardian, and legal custodian; and the juvenile's foster parent, the operator of the facility in which the juvenile is living, or the relative or like-kin with whom the juvenile is living of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they shall have a right to be heard at the hearing as provided in par. (c) 1. The court shall notify the juvenile's counsel and the juvenile's guardian ad litem; the agency that prepared the permanency plan;

the juvenile's school; the person representing the interests of the public; and, if the juvenile is an Indian juvenile who is placed outside the home of his or her parent or Indian custodian under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they may have an opportunity to be heard at the hearing as provided in par. (c) 1. The notices under this paragraph shall be provided in writing not less than 30 days before the hearing. The notice to the juvenile's school shall also include the name and contact information for the caseworker or social worker assigned to the juvenile's case.

SECTION 119. 938.38 (5m) (c) 1. of the statutes is amended to read:

938.38 **(5m)** (c) 1. A juvenile, parent, guardian, legal custodian, foster parent, operator of a facility, ~~or~~ relative, or like-kin who is provided notice of the hearing under par. (b) shall have a right to be heard at the hearing by submitting written comments relevant to the determinations specified in sub. (5) (c) not less than 10 working days before the date of the hearing or by participating at the hearing. A counsel, guardian ad litem, agency, school, or person representing the interests of the public who is provided notice of the hearing under par. (b) may have an opportunity to be heard at the hearing by submitting written comments relevant to the determinations specified in sub. (5) (c) not less than 10 working days before the date of the hearing or by participating at the hearing. A foster parent, operator of a facility, ~~or~~ relative, or like-kin who receives notice of a hearing under par. (b) and a right to be heard under this subdivision does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 120. 938.38 (5m) (e) of the statutes is amended to read:

938.38 **(5m)** (e) After the hearing, the court shall make written findings of fact and conclusions of law relating to the determinations under sub. (5) (c) and shall provide a copy of those findings of fact and conclusions of law to the juvenile; the juvenile's parent, guardian, and legal custodian; the juvenile's foster parent, the operator of the facility in which the juvenile is living, or the relative or like-kin with whom the juvenile is living; the agency that prepared the permanency plan; the person representing the interests of the public; and, if the juvenile is an Indian juvenile who is placed outside the home of his or her parent or Indian custodian under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe. The court shall make the findings specified in sub. (5) (c) 7. on a case-by-case basis based on circumstances specific to the juvenile and shall document or reference the specific information on which those findings are based in the findings of fact and conclusions of law prepared under this paragraph. Findings of fact and conclusions of law that merely reference sub. (5) (c) 7. without documenting or referencing that specific information in the findings of fact and conclusions of law or amended findings of fact and conclusions of law that retroactively correct earlier findings of fact and conclusions of law that do not comply with this paragraph are not sufficient to comply with this paragraph.

SECTION 121. 938.385 (intro.) of the statutes is amended to read:

938.385 Plan for transition to independent living. (intro.) During the 90 days immediately before a juvenile who is placed in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement attains 18 years of age or, if the juvenile is placed in such a placement under an order under s. 938.355, 938.357, or 938.365 that terminates under s. 938.355 (4) (am) after

the juvenile attains 18 years of age or under a voluntary transition-to-independent-living agreement under s. 938.366 (3) that terminates under s. 938.366 (3) (a) after the juvenile attains 18 years of age, during the 90 days immediately before the termination of the order or agreement, the agency primarily responsible for providing services to the juvenile under the order or agreement shall do all of the following:

SECTION 122. Nonstatutory provisions.

(1) If, prior to July 1, 2024, the department of children and families determines that there is sufficient funding allocated under s. 49.175 (1) (s) to fund the expansion of the kinship care and long-term kinship care programs under this act, the department shall submit to the legislative reference bureau for publication in the Wisconsin Administrative Register a notice specifying the date of that determination.

SECTION 123. Effective date.

(1) This act takes effect on the date specified in the notice published in the Wisconsin Administrative Register under SECTION 122 (1) of this act, or on July 1, 2025, whichever is earlier.

Analysis by the Legislative Reference Bureau

Under current law, a juvenile court may place a child in certain placements that provide out-of-home care under the Children's Code and the Juvenile Justice Code. Under current law, those placements include specific types of licensed facilities, a licensed foster home, or the home of a relative other than a parent. Under current law, a relative other than a parent does not typically need to acquire a license in order to receive a relative child. This bill allows a juvenile court to similarly place a child with unlicensed individuals who qualify as "like-kin" under the Children's Code and the Juvenile Justice Code.

The bill defines "like-kin" for the purposes of such a placement to be an individual who has a significant emotional relationship with a child or the child's family that is similar to a familial relationship and, for an Indian child, includes an individual who is identified by the child's tribe as kin or like-kin according to tribal

tradition, custom or resolution, code, or law. Under the bill, "like-kin" does not include a current or former foster parent of a child for placement purposes.

Under current law, a relative other than a parent who is providing care and maintenance for a child under a court order may receive monthly kinship care payments from the Department of Children and Families or a county department of human or social services. The bill includes as those who may receive kinship care payments first cousins once removed and like-kin persons and changes the term used to refer to these persons from "kinship care relatives" to "kinship care providers."

Under current law, for the purposes of permanency planning, a family permanency team may include like-kin. The current law definition of "like-kin," for the purpose of determining the family permanency team, is similar to the definition of "like-kin" for placement purposes in the bill, except that the current law definition 1) does not exclude a current or former foster parent and 2) does not include individuals identified by the child's tribe if the child is an Indian child. Under the bill, the definition of "like-kin" for determining a family permanency team does not exclude a current or former foster parent but does include individuals identified by the child's tribe if the child is an Indian child.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 48.02 (12c) of the statutes is created to read:

48.02 **(12c)** "Like-kin" means an individual who has a significant emotional relationship with a child or the child's family that is similar to a familial relationship and who is not and has not previously been the child's licensed foster parent. For an Indian child, "like-kin" includes individuals identified by the child's tribe according to tribal tradition, custom or resolution, code, or law.

SECTION 2. 48.02 (15) of the statutes is amended to read:

48.02 **(15)** "Relative" means a parent, stepparent, brother, sister, stepbrother, stepsister, half brother, half sister, brother-in-law, sister-in-law, first cousin, first cousin once removed, 2nd cousin, nephew, niece, uncle, aunt, stepuncle, stepaunt, or any person of a preceding generation as denoted by the prefix of grand, great, or great-great, whether by blood, marriage, or legal adoption, or the spouse of any

person named in this subsection, even if the marriage is terminated by death or divorce. For purposes of the application of s. 48.028 and the federal Indian Child Welfare Act, 25 USC 1901 to 1963, "relative" includes an extended family member, as defined in s. 48.028 (2) (am), whether by blood, marriage, or adoption, including adoption under tribal law or custom. For purposes of placement of a child, "relative" also includes a parent of a sibling of the child who has legal custody of that sibling.

SECTION 3. 48.028 (2) (e) of the statutes is amended to read:

48.028 **(2)** (e) "Out-of-home care placement" means the removal of an Indian child from the home of his or her parent or Indian custodian for temporary placement in a foster home, group home, residential care center for children and youth, or shelter care facility, in the home of a relative other than a parent, in the home of like-kin, or in the home of a guardian, from which placement the parent or Indian custodian cannot have the child returned upon demand. "Out-of-home care placement" does not include an adoptive placement, a preadoptive placement, a delegation of powers, as described in par. (d) 5., an emergency change in placement under s. 48.357 (2) (b), or holding an Indian child in custody under ss. 48.19 to 48.21.

SECTION 4. 48.028 (2) (f) of the statutes is amended to read:

48.028 **(2)** (f) "Preadoptive placement" means the temporary placement of an Indian child in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in the home of a guardian after a termination of parental rights but prior to or in lieu of an adoptive placement. "Preadoptive placement" does not include an emergency change in placement under s. 48.437 (2).

SECTION 5. 48.207 (1) (b) of the statutes is amended to read:

48.207 **(1)** (b) The home of a relative or like-kin, except that a child may not be held under this paragraph in the home of a ~~relative if the relative~~ person who has been convicted under s. 940.01 of the first-degree intentional homicide, or under s. 940.05 of the 2nd-degree intentional homicide, of a parent of the child, and the conviction has not been reversed, set aside or vacated, unless the person making the custody decision determines by clear and convincing evidence that the placement would be in the best interests of the child. The person making the custody decision shall consider the wishes of the child in making that determination.

SECTION 6. 48.207 (1) (f) of the statutes is amended to read:

48.207 **(1)** (f) The home of a person not a relative or like-kin, if the placement does not exceed 30 days, though the placement may be extended for an additional 30 days for cause by the court, and if the person has not had a license under s. 48.62 refused, revoked, or suspended within the last 2 years.

SECTION 7. 48.33 (4) (intro.) of the statutes is amended to read:

48.33 **(4)** OTHER OUT-OF-HOME PLACEMENTS. (intro.) A report recommending placement of an adult expectant mother outside of her home shall be in writing. A report recommending placement of a child in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, in the home of a guardian under s. 48.977 (2), or in a supervised independent living arrangement shall be in writing and shall include all of the following:

SECTION 8. 48.335 (3g) (intro.) of the statutes is amended to read:

48.335 **(3g)** (intro.) At hearings under this section, if the agency, as defined in s. 48.38 (1) (a), is recommending placement of the child in a foster home, group home, or residential care center for children and youth, in the home of a relative other than

a parent, in the home of like-kin, in the home of a guardian under s. 48.977 (2), or in a supervised independent living arrangement, the agency shall present as evidence specific information showing all of the following:

SECTION 9. 48.335 (3j) (intro.) of the statutes is amended to read:

48.335 **(3j)** (intro.) At hearings under this section involving an Indian child, if the agency, as defined in s. 48.38 (1) (a), is recommending removal of the Indian child from the home of his or her parent or Indian custodian and placement of the Indian child in a foster home, group home, or residential care center for children and youth or in the home of a relative other than a parent or in the home of like-kin, the agency shall present as evidence specific information showing all of the following:

SECTION 10. 48.345 (3) (a) (intro.) of the statutes is amended to read:

48.345 **(3)** (a) (intro.) The home of a parent ~~or~~, other relative, or like-kin of the child, except that the judge may not designate any of the following as the child's placement, unless the judge determines by clear and convincing evidence that the placement would be in the best interests of the child or, in the case of an Indian child, the best interests of the Indian child as described in s. 48.01 (2):

SECTION 11. 48.345 (3) (a) 1. of the statutes is amended to read:

48.345 **(3)** (a) 1. The home of a parent ~~or~~, other relative, or like-kin if the parent ~~or~~, other relative, or like-kin has been convicted under s. 940.01 of the first-degree intentional homicide, or under s. 940.05 of the 2nd-degree intentional homicide, of a parent of the child, and the conviction has not been reversed, set aside, or vacated. In determining whether a placement under this subdivision would be in the best interests of the child, the judge shall consider the wishes of the child.

SECTION 12. 48.345 (3) (a) 2. of the statutes is amended to read:

48.345 **(3)** (a) 2. The home of a relative other than the parent of a child or the home of like-kin if the judge finds that the relative or like-kin has been convicted of, has pleaded no contest to, or has had a charge dismissed or amended as a result of a plea agreement for a crime under s. 948.02 (1) or (2), 948.025, 948.03 (2) or (5) (a) 1., 2., 3., or 4., 948.05, 948.051, 948.055, 948.06, 948.07, 948.08, 948.081, 948.085, 948.11 (2) (a) or (am), 948.12, 948.13, 948.21, 948.215, 948.30, or 948.53, or a similar law of another state.

SECTION 13. 48.345 (4) (a) of the statutes is amended to read:

48.345 **(4)** (a) A relative or like-kin of the child.

SECTION 14. 48.355 (4) (b) (intro.) of the statutes is amended to read:

48.355 **(4)** (b) (intro.) Except as provided under s. 48.368, an order under this section or s. 48.357 or 48.365 made before the child reaches 18 years of age that places or continues the placement of the child in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement shall terminate on the latest of the following dates, unless the judge specifies a shorter period or the judge terminates the order sooner:

SECTION 15. 48.366 (1) (a) of the statutes is amended to read:

48.366 **(1)** (a) The person is placed in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement under an order under s. 48.355, 48.357, or 48.365 that terminates as provided in s. 48.355 (4) (b) 1., 2., or 3., 48.357 (6) (a) 1., 2., or 3., or 48.365 (5) (b) 1., 2., or 3. on or after the person attains 18 years of age.

SECTION 16. 48.371 (1) (intro.) of the statutes is amended to read:

48.371 **(1)** (intro.) If a child is placed in a foster home, group home, or residential care center for children and youth or in the home of a relative other than a parent or in the home of like-kin, including a placement under s. 48.205 or 48.21, the agency, as defined in s. 48.38 (1) (a), that placed the child or arranged for the placement of the child shall provide the following information to the foster parent, relative, like-kin, or operator of the group home or residential care center for children and youth at the time of placement or, if the information has not been provided to the agency by that time, as soon as possible after the date on which the agency receives that information, but not more than 2 working days after that date:

SECTION 17. 48.371 (1) (a) of the statutes is amended to read:

48.371 **(1)** (a) Results of an HIV test, as defined in s. 252.01 (2m), of the child, as provided under s. 252.15 (3m) (d) 15., including results included in a court report or permanency plan. At the time that the HIV test results are provided, the agency shall notify the foster parent, relative, like-kin, or operator of the group home or residential care center for children and youth of the confidentiality requirements under s. 252.15 (6).

SECTION 18. 48.371 (3) (intro.) of the statutes is amended to read:

48.371 **(3)** (intro.) At the time of placement of a child in a foster home, group home, or residential care center for children and youth or in the home of a relative other than a parent or in the home of like-kin or, if the information is not available at that time, as soon as possible after the date on which the court report or permanency plan has been submitted, but no later than 7 days after that date, the agency, as defined in s. 48.38 (1) (a), responsible for preparing the child's permanency plan shall provide to the foster parent, relative, like-kin, or operator of the group home or residential care center for children and youth information contained in the

court report submitted under s. 48.33 (1), 48.365 (2g), 48.425 (1), 48.831 (2), or 48.837 (4) (c) or permanency plan submitted under s. 48.355 (2e), 48.38, 48.43 (1) (c) or (5) (c), 48.63 (4) or (5) (c), or 48.831 (4) (e) relating to findings or opinions of the court or agency that prepared the court report or permanency plan relating to any of the following:

SECTION 19. 48.371 (3) (d) of the statutes is amended to read:

48.371 **(3)** (d) Any involvement of the child, whether as victim or perpetrator, in sexual intercourse or sexual contact in violation of s. 940.225, 948.02, 948.025, or 948.085, prostitution in violation of s. 944.30 (1m), trafficking in violation of s. 940.302 (2) if s. 940.302 (2) (a) 1. b. applies, sexual exploitation of a child in violation of s. 948.05, trafficking of a child in violation of s. 948.051, or causing a child to view or listen to sexual activity in violation of s. 948.055, if the information is necessary for the care of the child or for the protection of any person living in the foster home, group home, or residential care center for children and youth or in the home of the relative or like-kin.

SECTION 20. 48.371 (5) of the statutes is amended to read:

48.371 **(5)** Except as permitted under s. 252.15 (6), a foster parent, relative, like-kin, or operator of a group home or residential care center for children and youth that receives any information under sub. (1) or (3), other than the information described in sub. (3) (e), shall keep the information confidential and may disclose that information only for the purposes of providing care for the child or participating in a court hearing or permanency review concerning the child.

SECTION 21. 48.38 (2) (intro.) of the statutes is amended to read:

48.38 **(2)** PERMANENCY PLAN REQUIRED. (intro.) Except as provided in sub. (3), for each child living in a foster home, group home, residential care center for children

and youth, juvenile detention facility, shelter care facility, qualifying residential family-based treatment facility with a parent, or supervised independent living arrangement, the agency that placed the child or arranged the placement or the agency assigned primary responsibility for providing services to the child under s. 48.355 (2) (b) 6g. shall prepare a written permanency plan, if any of the following conditions exists, and, for each child living in the home of a guardian ~~or~~, a relative other than a parent, or like-kin, that agency shall prepare a written permanency plan, if any of the conditions specified in pars. (a) to (e) exists:

SECTION 22. 48.38 (3m) (a) of the statutes is amended to read:

48.38 **(3m)** (a) All appropriate biological family members, relatives, and like-kin of the child, as determined by the agency. Notwithstanding s. 48.02 (12c), in this paragraph, "like-kin" may include an individual who is or previously was the child's licensed foster parent.

SECTION 23. 48.38 (4) (f) (intro.) of the statutes is amended to read:

48.38 **(4)** (f) (intro.) A description of the services that will be provided to the child, the child's family, and the child's foster parent, the operator of the facility where the child is living, or the relative or like-kin with whom the child is living to carry out the dispositional order, including services planned to accomplish all of the following:

SECTION 24. 48.38 (4m) (b) of the statutes is amended to read:

48.38 **(4m)** (b) At least 10 days before the date of the hearing the court shall notify the child; any parent, guardian, and legal custodian of the child; any foster parent, or other physical custodian described in s. 48.62 (2) of the child, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living; and, if the child is an Indian child, the Indian child's Indian custodian

and tribe of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they shall have a right to be heard at the hearing.

SECTION 25. 48.38 (4m) (d) of the statutes is amended to read:

48.38 **(4m)** (d) The court shall give a foster parent, other physical custodian described in s. 48.62 (2), operator of a facility, ~~or~~ relative, or like-kin who is notified of a hearing under par. (b) a right to be heard at the hearing by permitting the foster parent, other physical custodian, operator, ~~or~~ relative, or like-kin to make a written or oral statement during the hearing, or to submit a written statement prior to the hearing, relevant to the issues to be determined at the hearing. The foster parent, other physical custodian, operator of a facility, ~~or~~ relative, or like-kin does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 26. 48.38 (5) (b) of the statutes is amended to read:

48.38 **(5)** (b) The court or the agency shall notify the child; the child's parent, guardian, and legal custodian; the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living; and, if the child is an Indian child who is placed outside the home of his or her parent or Indian custodian, the Indian child's Indian custodian and tribe of the time, place, and purpose of the review, of the issues to be determined as part of the review, and of the fact that they shall have a right to be heard at the review as provided in par. (bm) 1. The court or agency shall notify the person representing the interests of the public, the child's counsel, the child's guardian ad litem, the child's court-appointed special advocate, and the child's school of the time, place, and purpose of the review, of the issues to be determined as part of the review, and of the fact that they may have an opportunity to be heard at the review as provided in par. (bm) 1. The notices under

this paragraph shall be provided in writing not less than 30 days before the review and copies of the notices shall be filed in the child's case record. The notice to the child's school shall also include the name and contact information for the caseworker or social worker assigned to the child's case.

SECTION 27. 48.38 (5) (bm) 1. of the statutes is amended to read:

48.38 **(5)** (bm) 1. A child, parent, guardian, legal custodian, foster parent, operator of a facility, ~~or~~ relative, or like-kin who is provided notice of the review under par. (b) shall have a right to be heard at the review by submitting written comments relevant to the determinations specified in par. (c) not less than 10 working days before the date of the review or by participating at the review. A person representing the interests of the public, counsel, guardian ad litem, court-appointed special advocate, or school who is provided notice of the review under par. (b) may have an opportunity to be heard at the review by submitting written comments relevant to the determinations specified in par. (c) not less than 10 working days before the date of the review. A foster parent, operator of a facility, ~~or~~ relative, or like-kin who receives notice of a review under par. (b) and a right to be heard under this subdivision does not become a party to the proceeding on which the review is held solely on the basis of receiving that notice and right to be heard.

SECTION 28. 48.38 (5) (e) of the statutes is amended to read:

48.38 **(5)** (e) Within 30 days, the agency shall prepare a written summary of the determinations under par. (c) and shall provide a copy to the court that entered the order; the child or the child's counsel or guardian ad litem; the person representing the interests of the public; the child's parent, guardian, or legal custodian; the child's court-appointed special advocate; the child's foster parent, the operator of the facility where the child is living, or the relative or like-kin with whom

the child is living; and, if the child is an Indian child who is placed outside the home of his or her parent or Indian custodian, the Indian child's Indian custodian and tribe.

SECTION 29. 48.38 (5m) (b) of the statutes is amended to read:

48.38 **(5m)** (b) The court shall notify the child; the child's parent, guardian, and legal custodian; and the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they shall have a right to be heard at the hearing as provided in par. (c) 1. The court shall notify the child's counsel, the child's guardian ad litem, and the child's court-appointed special advocate; the agency that prepared the permanency plan; the child's school; the person representing the interests of the public; and, if the child is an Indian child who is placed outside the home of his or her parent or Indian custodian, the Indian child's Indian custodian and tribe of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they may have an opportunity to be heard at the hearing as provided in par. (c) 1. The notices under this paragraph shall be provided in writing not less than 30 days before the hearing. The notice to the child's school shall also include the name and contact information for the caseworker or social worker assigned to the child's case.

SECTION 30. 48.38 (5m) (c) 1. of the statutes is amended to read:

48.38 **(5m)** (c) 1. A child, parent, guardian, legal custodian, foster parent, operator of a facility, ~~or~~ relative, or like-kin who is provided notice of the hearing under par. (b) shall have a right to be heard at the hearing by submitting written comments relevant to the determinations specified in sub. (5) (c) not less than 10 working days before the date of the hearing or by participating at the hearing. A

counsel, guardian ad litem, court-appointed special advocate, agency, school, or person representing the interests of the public who is provided notice of the hearing under par. (b) may have an opportunity to be heard at the hearing by submitting written comments relevant to the determinations specified in sub. (5) (c) not less than 10 working days before the date of the hearing or by participating at the hearing. A foster parent, operator of a facility, ~~or~~ relative, or like-kin who receives notice of a hearing under par. (b) and a right to be heard under this subdivision does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 31. 48.38 (5m) (e) of the statutes is amended to read:

48.38 **(5m)** (e) After the hearing, the court shall make written findings of fact and conclusions of law relating to the determinations under sub. (5) (c) and shall provide a copy of those findings of fact and conclusions of law to the child; the child's parent, guardian, and legal custodian; the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living; the child's court-appointed special advocate; the agency that prepared the permanency plan; the person representing the interests of the public; and, if the child is an Indian child who is placed outside the home of his or her parent or Indian custodian, the Indian child's Indian custodian and tribe. The court shall make the findings specified in sub. (5) (c) 7. on a case-by-case basis based on circumstances specific to the child and shall document or reference the specific information on which those findings are based in the findings of fact and conclusions of law prepared under this paragraph. Findings of fact and conclusions of law that merely reference sub. (5) (c) 7. without documenting or referencing that specific information in the findings of fact and conclusions of law or amended findings of fact and conclusions

of law that retroactively correct earlier findings of fact and conclusions of law that do not comply with this paragraph are not sufficient to comply with this paragraph.

SECTION 32. 48.385 (intro.) of the statutes is amended to read:

48.385 Plan for transition to independent living. (intro.) During the 90 days immediately before a child who is placed in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement attains 18 years of age or, if the child is placed in such a placement under an order under s. 48.355, 48.357, or 48.365 that terminates under s. 48.355 (4) (b) after the child attains 18 years of age or under a voluntary transition-to-independent-living agreement under s. 48.366 (3) that terminates under s. 48.366 (3) (a) after the child attains 18 years of age, during the 90 days immediately before the termination of the order or agreement, the agency primarily responsible for providing services to the child under the order or agreement shall do all of the following:

SECTION 33. 48.40 (1m) of the statutes is amended to read:

48.40 **(1m)** "Kinship care ~~relative~~ provider" means a person receiving payments under s. 48.57 (3m) (am) for providing care and maintenance for a child.

SECTION 34. 48.427 (3m) (a) 5. of the statutes is amended to read:

48.427 **(3m)** (a) 5. A relative with whom the child resides, if the relative has filed a petition to adopt the child or if the relative is a kinship care ~~relative~~ provider or is receiving payments under s. 48.62 (4) for providing care and maintenance for the child.

SECTION 35. 48.43 (5) (b) 1. of the statutes is amended to read:

48.43 **(5)** (b) 1. The court shall hold a hearing to review the permanency plan within 30 days after receiving a report under par. (a). At least 10 days before the date

of the hearing, the court shall provide notice of the time, place, and purpose of the hearing to the agency that prepared the report, the child's guardian, the child, and the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living.

SECTION 36. 48.43 (5) (b) 3. of the statutes is amended to read:

48.43 **(5)** (b) 3. The court shall give a foster parent, operator of a facility, or relative or like-kin who is notified of a hearing under subd. 1. a right to be heard at the hearing by permitting the foster parent, operator, or relative or like-kin to make a written or oral statement during the hearing, or to submit a written statement prior to the hearing, relevant to the issues to be determined at the hearing. The foster parent, operator of a facility, or relative or like-kin does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 37. 48.43 (5m) of the statutes is amended to read:

48.43 **(5m)** Either the court or the agency that prepared the permanency plan shall furnish a copy of the original plan and each revised plan to the child, if he or she is 12 years of age or over, to the child's guardian, to the child's foster parent, the operator of the facility in which the child is living, or the relative or like-kin with whom the child is living, and, if the order under sub. (1) involuntarily terminated parental rights to an Indian child, to the Indian child's tribe.

SECTION 38. 48.57 (3m) (a) 1. b. of the statutes is amended to read:

48.57 **(3m)** (a) 1. b. The person is under 21 years of age, the person is a full-time student in good academic standing at a secondary school or its vocational or technical equivalent, an individualized education program under s. 115.787 is in effect for the person, and the person is placed in the home of the kinship care ~~relative~~ provider

under an order under s. 48.355, 48.357, 48.365, 938.355, 938.357, or 938.365 that terminates under s. 48.355 (4) (b) or 938.355 (4) (am) after the person attains 18 years of age or under a voluntary transition-to-independent-living agreement under s. 48.366 (3) or 938.366 (3).

SECTION 39. 48.57 (3m) (a) 2. of the statutes is amended to read:

48.57 **(3m)** (a) 2. "Kinship care ~~relative~~ provider" means a relative other than a parent, an extended family member, as defined in s. 48.028 (2) (am), or like-kin.

SECTION 40. 48.57 (3m) (am) (intro.) of the statutes, as affected by Wisconsin Act 19, is amended to read:

48.57 **(3m)** (am) (intro.) From the appropriations under s. 20.437 (2) (dz), (md), (me), and (s), the department shall reimburse counties having populations of less than 750,000 for payments made under this subsection and shall make payments under this subsection in a county having a population of 750,000 or more. Subject to par. (ap), a county department and, in a county having a population of 750,000 or more, the department shall make payments per month in the amount of $375 beginning on January 1, 2024, to a kinship care ~~relative~~ provider who is providing care and maintenance for a child if all of the following conditions are met:

SECTION 41. 48.57 (3m) (am) 1. of the statutes is amended to read:

48.57 **(3m)** (am) 1. The kinship care ~~relative~~ provider applies to the county department or department for payments under this subsection and, if the child is placed in the home of the kinship care ~~relative~~ provider under a court order, other than a court order under s. 48.9795 or ch. 54, 2017 stats., for a license to operate a foster home.

SECTION 42. 48.57 (3m) (am) 1m. of the statutes is amended to read:

48.57 **(3m)** (am) 1m. The county department or department determines that there is a need for the child to be placed with the kinship care ~~relative~~ provider and that the placement with the kinship care ~~relative~~ provider is in the best interests of the child.

SECTION 43. 48.57 (3m) (am) 4. of the statutes is amended to read:

48.57 **(3m)** (am) 4. The county department or department conducts a background investigation under sub. (3p) of the kinship care ~~relative~~ provider, any employee and prospective employee of the kinship care ~~relative~~ provider who has or would have regular contact with the child for whom the payments would be made and any other adult resident of the kinship care ~~relative's~~ provider's home to determine if the kinship care ~~relative~~ provider, employee, prospective employee or adult resident has any arrests or convictions that could adversely affect the child or the kinship care ~~relative's~~ provider's ability to care for the child.

SECTION 44. 48.57 (3m) (am) 4m. of the statutes is amended to read:

48.57 **(3m)** (am) 4m. Subject to sub. (3p) (fm) 1. and 2., the kinship care ~~relative~~ provider states that he or she does not have any arrests or convictions that could adversely affect the child or the kinship care ~~relative's~~ provider's ability to care for the child and that no adult resident, as defined in sub. (3p) (a), and no employee or prospective employee of the kinship care ~~relative~~ provider who would have regular contact with the child has any arrests or convictions that could adversely affect the child or the kinship care ~~relative's~~ provider's ability to care for the child.

SECTION 45. 48.57 (3m) (am) 5. of the statutes is amended to read:

48.57 **(3m)** (am) 5. The kinship care ~~relative~~ provider cooperates with the county department or department in the application process, including applying for other forms of assistance for which the child may be eligible.

SECTION 46. 48.57 (3m) (am) 5m. of the statutes is amended to read:

48.57 **(3m)** (am) 5m. The kinship care ~~relative~~ provider is not receiving payments under sub. (3n) with respect to the child.

SECTION 47. 48.57 (3m) (am) 6. of the statutes is amended to read:

48.57 **(3m)** (am) 6. The child for whom the kinship care ~~relative~~ provider is providing care and maintenance is not receiving supplemental security income under 42 USC 1381 to 1383c or state supplemental payments under s. 49.77.

SECTION 48. 48.57 (3m) (ap) 1. of the statutes is amended to read:

48.57 **(3m)** (ap) 1. Subject to subds. 2. and 3., the county department or, in a county having a population of 750,000 or more, the department may make payments under par. (am) to a kinship care ~~relative~~ provider who is providing care and maintenance for a child who is placed in the home of the kinship care ~~relative~~ provider under a court order for no more than 60 days after the date on which the county department or department received under par. (am) 1. the completed application of the kinship care ~~relative~~ provider for a license to operate a foster home or, if the application is approved or denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure within those 60 days, until the date on which the application is approved or denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure.

SECTION 49. 48.57 (3m) (ap) 2. of the statutes is amended to read:

48.57 **(3m)** (ap) 2. If the application specified in subd. 1. is not approved or denied or the kinship care ~~relative~~ provider is not otherwise determined to be ineligible for licensure within 60 days after the date on which the county department or department received the completed application for any reason other than an act or omission of the kinship care ~~relative~~ provider, the county department or

department may make payments under par. (am) for 4 months after the date on which the county department or department received the completed application or, if the application is approved or denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure within those 4 months, until the date on which the application is approved or denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure.

SECTION 50. 48.57 (3m) (ap) 3. of the statutes is amended to read:

48.57 **(3m)** (ap) 3. Notwithstanding that an application of a kinship care ~~relative~~ provider specified in subd. 1. is denied or the kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure, the county department or, in a county having a population of 750,000 or more, the department may make payments under par. (am) to the kinship care ~~relative~~ provider for as long as the conditions specified in par. (am) 1. to 6. continue to apply if the county department or department submits to the court information relating to the background investigation specified in par. (am) 4., an assessment of the safety of the kinship care ~~relative's~~ provider's home and the ability of the kinship care ~~relative~~ provider to care for the child, and a recommendation that the child remain in the home of the kinship care ~~relative~~ provider and the court, after considering that information, assessment, and recommendation, orders the child to remain in the kinship care ~~relative's~~ provider's home. If the court does not order the child to remain in the kinship care ~~relative's~~ provider's home, the court shall order the county department or department to request a change in placement under s. 48.357 (1) (am) or 938.357 (1) (am). Any person specified in s. 48.357 (2m) (a) or 938.357 (2m) (a) may also request a change in placement.

SECTION 51. 48.57 (3m) (b) 2. of the statutes is amended to read:

48.57 **(3m)** (b) 2. When any kinship care ~~relative~~ provider of a child applies for or receives payments under this subsection, any right of the child or the child's parent to support or maintenance from any other person accruing during the time that payments are made under this subsection is assigned to the state. If a child who is the beneficiary of a payment under this subsection is also the beneficiary of support under a judgment or order that includes support for one or more children who are not the beneficiaries of payments under this subsection, any support payment made under the judgment or order is assigned to the state in the amount that is the proportionate share of the child who is the beneficiary of the payment made under this subsection, except as otherwise ordered by the court on the motion of a party.

SECTION 52. 48.57 (3m) (cm) of the statutes is amended to read:

48.57 **(3m)** (cm) A kinship care ~~relative~~ provider who receives a payment under par. (am) for providing care and maintenance for a child is not eligible to receive a payment under sub. (3n) or s. 48.62 (4) or 48.623 (1) or (6) for that child.

SECTION 53. 48.57 (3m) (h) of the statutes is amended to read:

48.57 **(3m)** (h) A county department or, in a county having a population of 750,000 or more, the department may recover an overpayment made under par. (am) from a kinship care ~~relative~~ provider who continues to receive payments under par. (am) by reducing the amount of the kinship care ~~relative's~~ provider's monthly payment. The department may by rule specify other methods for recovering overpayments made under par. (am). A county department that recovers an overpayment under this paragraph due to the efforts of its officers and employees may retain a portion of the amount recovered, as provided by the department by rule.

SECTION 54. 48.57 (3m) (i) 1. of the statutes is amended to read:

48.57 **(3m)** (i) 1. Rules to provide assessment criteria for determining whether a kinship care ~~relative~~ provider who is providing care and maintenance for a child is eligible to receive payments under par. (am). The rules shall also provide that any criteria established under the rules shall first apply to applications for payments under par. (am) received, and to reviews under par. (d) conducted, on the effective date of those rules.

SECTION 55. 48.57 (3n) (a) 1. b. of the statutes is amended to read:

48.57 **(3n)** (a) 1. b. The person is under 21 years of age, the person is a full-time student in good academic standing at a secondary school or its vocational or technical equivalent, an individualized education program under s. 115.787 is in effect for the person, and the person is placed in the home of the long-term kinship care ~~relative~~ provider under an order under s. 48.355, 48.357, 48.365, 938.355, 938.357, or 938.365 that terminates under s. 48.355 (4) (b) or 938.355 (4) (am) after the person attains 18 years of age or under a voluntary transition-to-independent-living agreement under s. 48.366 (3) or 938.366 (3).

SECTION 56. 48.57 (3n) (a) 2. of the statutes is amended to read:

48.57 **(3n)** (a) 2. "Long-term kinship care ~~relative~~ provider" means a relative other than a parent, an extended family member, as defined in s. 48.028 (2) (am), or like-kin.

SECTION 57. 48.57 (3n) (am) (intro.) of the statutes, as affected by Wisconsin Act 19, is amended to read:

48.57 **(3n)** (am) (intro.) From the appropriations under s. 20.437 (2) (dz), (md), (me), and (s), the department shall reimburse counties having populations of less than 750,000 for payments made under this subsection and shall make payments under this subsection in a county having a population of 750,000 or more. Subject

to par. (ap), a county department and, in a county having a population of 750,000 or more, the department shall make monthly payments for each child per month in the amount of $375 beginning on January 1, 2024, to a long-term kinship care ~~relative~~ provider who is providing care and maintenance for that child if all of the following conditions are met:

SECTION 58. 48.57 (3n) (am) 1. of the statutes is amended to read:

48.57 **(3n)** (am) 1. The long-term kinship care ~~relative~~ provider applies to the county department or department for payments under this subsection, provides proof that he or she has been appointed as the guardian of the child, and, if the child is placed in the home of the long-term kinship care ~~relative~~ provider under a court order, other than a court order under s. 48.9795 or ch. 54, 2017 stats., applies to the county department or department for a license to operate a foster home.

SECTION 59. 48.57 (3n) (am) 2. of the statutes is amended to read:

48.57 **(3n)** (am) 2. The county department or department inspects the long-term kinship care ~~relative's~~ provider's home, interviews the long-term kinship care ~~relative~~ provider and determines that long-term placement with the long-term kinship care ~~relative~~ provider is in the best interests of the child.

SECTION 60. 48.57 (3n) (am) 4. of the statutes is amended to read:

48.57 **(3n)** (am) 4. The county department or department conducts a background investigation under sub. (3p) of the long-term kinship care ~~relative~~ provider, the employees and prospective employees of the long-term kinship care ~~relative~~ provider who have or would have regular contact with the child for whom the payments would be made and any other adult resident, as defined in sub. (3p) (a), of the long-term kinship care ~~relative's~~ provider's home to determine if the long-term kinship care ~~relative~~ provider, employee, prospective employee or adult

resident has any arrests or convictions that are likely to adversely affect the child or the long-term kinship care ~~relative's~~ provider's ability to care for the child.

SECTION 61. 48.57 (3n) (am) 4m. of the statutes is amended to read:

48.57 **(3n)** (am) 4m. Subject to sub. (3p) (fm) 1m. and 2m., the long-term kinship care ~~relative~~ provider states that he or she does not have any arrests or convictions that could adversely affect the child or the long-term kinship care ~~relative's~~ provider's ability to care for the child and that, to the best of the long-term kinship care ~~relative's~~ provider's knowledge, no adult resident, as defined in sub. (3p) (a), and no employee or prospective employee of the long-term kinship care ~~relative~~ provider who would have regular contact with the child has any arrests or convictions that could adversely affect the child or the long-term kinship care ~~relative's~~ provider's ability to care for the child.

SECTION 62. 48.57 (3n) (am) 5. of the statutes is amended to read:

48.57 **(3n)** (am) 5. The long-term kinship care ~~relative~~ provider cooperates with the county department or department in the application process, including applying for other forms of assistance for which the child may be eligible.

SECTION 63. 48.57 (3n) (am) 5m. of the statutes is amended to read:

48.57 **(3n)** (am) 5m. The long-term kinship care ~~relative~~ provider is not receiving payments under sub. (3m) with respect to the child.

SECTION 64. 48.57 (3n) (am) 5r. of the statutes is amended to read:

48.57 **(3n)** (am) 5r. The child for whom the long-term kinship care ~~relative~~ provider is providing care and maintenance is not receiving supplemental security income under 42 USC 1381 to 1383c or state supplemental payments under s. 49.77.

SECTION 65. 48.57 (3n) (am) 6. (intro.) of the statutes is amended to read:

48.57 **(3n)** (am) 6. (intro.) The long-term kinship care ~~relative~~ provider and the county department or department enter into a written agreement under which the long-term kinship care ~~relative~~ provider agrees to provide care and maintenance for the child and the county department or department agrees, subject to sub. (3p) (hm), to make monthly payments to the long-term kinship care ~~relative~~ provider at the rate specified in sub. (3m) (am) (intro.) until the earliest of the following:

SECTION 66. 48.57 (3n) (am) 6. c. of the statutes is amended to read:

48.57 **(3n)** (am) 6. c. The date on which the child is placed outside the long-term kinship care ~~relative's~~ provider's home under a court order or under a voluntary agreement under s. 48.63 (1) (a) or (b) or (5) (b).

SECTION 67. 48.57 (3n) (am) 6. d. of the statutes is amended to read:

48.57 **(3n)** (am) 6. d. The date on which the child ceases to reside with the long-term kinship care ~~relative~~ provider.

SECTION 68. 48.57 (3n) (am) 6. e. of the statutes is amended to read:

48.57 **(3n)** (am) 6. e. The date on which the long-term kinship ~~care's~~ care provider's guardianship under s. 48.977 terminates.

SECTION 69. 48.57 (3n) (ap) 1. of the statutes is amended to read:

48.57 **(3n)** (ap) 1. Subject to subds. 2. and 3., the county department or, in a county having a population of 750,000 or more, the department may make payments under par. (am) to a long-term kinship care ~~relative~~ provider who is providing care and maintenance for a child who is placed in the home of the long-term kinship care ~~relative~~ provider for no more than 60 days after the date on which the county department or department received under par. (am) 1. the completed application of the long-term kinship care ~~relative~~ provider for a license to operate a foster home or, if the application is approved or denied or the long-term kinship care ~~relative~~

provider is otherwise determined to be ineligible for licensure within those 60 days, until the date on which the application is approved or denied or the long-term kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure.

SECTION 70. 48.57 (3n) (ap) 2. of the statutes is amended to read:

48.57 **(3n)** (ap) 2. If the application specified in subd. 1. is not approved or denied or the long-term kinship care ~~relative~~ provider is not otherwise determined to be ineligible for licensure within 60 days after the date on which the county department or department received the completed application for any reason other than an act or omission of the long-term kinship care ~~relative~~ provider, the county department or department may make payments under par. (am) for 4 months after the date on which the county department or department received the completed application or, if the application is approved or denied or the long-term kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure within those 4 months, until the date on which the application is approved or denied or the long-term kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure.

SECTION 71. 48.57 (3n) (ap) 3. of the statutes is amended to read:

48.57 **(3n)** (ap) 3. Notwithstanding that an application of a long-term kinship care ~~relative~~ provider specified in subd. 1. is denied or the long-term kinship care ~~relative~~ provider is otherwise determined to be ineligible for licensure, the county department or, in a county having a population of 750,000 or more, the department may make payments under par. (am) to the long-term kinship care ~~relative~~ provider until an event specified in par. (am) 6. a. to f. occurs if the county department or department submits to the court information relating to the background investigation specified in par. (am) 4., an assessment of the safety of the long-term

kinship care ~~relative's~~ provider's home and the ability of the long-term kinship care ~~relative~~ provider to care for the child, and a recommendation that the child remain in the home of the long-term kinship care ~~relative~~ provider and the court, after considering that information, assessment, and recommendation, orders the child to remain in the long-term kinship care ~~relative's~~ provider's home. If the court does not order the child to remain in the kinship care ~~relative's~~ provider's home, the court shall order the county department or department to request a change in placement under s. 48.357 (1) (am) or 938.357 (1) (am) or to request a termination of the guardianship order under s. 48.977 (7). Any person specified in s. 48.357 (2m) (a) or 938.357 (2m) (a) may also request a change in placement and any person who is authorized to file a petition for the appointment of a guardian for the child may also request a termination of the guardianship order.

SECTION 72. 48.57 (3n) (b) 2. of the statutes is amended to read:

48.57 **(3n)** (b) 2. When any long-term kinship care ~~relative~~ provider of a child applies for or receives payments under this subsection, any right of the child or the child's parent to support or maintenance from any other person accruing during the time that payments are made under this subsection is assigned to the state. If a child is the beneficiary of support under a judgment or order that includes support for one or more children who are not the beneficiaries of payments under this subsection, any support payment made under the judgment or order is assigned to the state in the amount that is the proportionate share of the child who is the beneficiary of the payment made under this subsection, except as otherwise ordered by the court on the motion of a party.

SECTION 73. 48.57 (3n) (cm) of the statutes is amended to read:

48.57 **(3n)** (cm) A long-term kinship care ~~relative~~ provider who receives a payment under par. (am) for providing care and maintenance for a child is not eligible to receive a payment under sub. (3m) or s. 48.62 (4) or 48.623 (1) or (6) for that child.

SECTION 74. 48.57 (3n) (h) of the statutes is amended to read:

48.57 **(3n)** (h) A county department or, in a county having a population of 750,000 or more, the department may recover an overpayment made under par. (am) from a long-term kinship care ~~relative~~ provider who continues to receive payments under par. (am) by reducing the amount of the long-term kinship care ~~relative's~~ provider's monthly payment. The department may by rule specify other methods for recovering overpayments made under par. (am). A county department that recovers an overpayment under this paragraph due to the efforts of its officers and employees may retain a portion of the amount recovered, as provided by the department by rule.

SECTION 75. 48.57 (3p) (h) 3. (intro.) of the statutes is amended to read:

48.57 **(3p)** (h) 3. (intro.) The director of the county department, the person designated by the governing body of an Indian tribe or, in a county having a population of 750,000 or more, the person designated by the secretary shall review the denial of payments or the prohibition on employment or being an adult resident to determine if the conviction record on which the denial or prohibition is based includes any arrests, convictions, or penalties that are likely to adversely affect the child or the ability of the kinship care ~~relative~~ provider to care for the child. In reviewing the denial or prohibition, the director of the county department, the person designated by the governing body of the Indian tribe or the person designated by the secretary shall consider all of the following factors:

SECTION 76. 48.57 (3p) (h) 3. b. of the statutes is amended to read:

48.57 **(3p)** (h) 3. b. The nature of the violation or penalty and how that violation or penalty affects the ability of the kinship care ~~relative~~ provider to care for the child.

SECTION 77. 48.57 (3p) (h) 4. of the statutes is amended to read:

48.57 **(3p)** (h) 4. If the director of the county department, the person designated by the governing body of the Indian tribe or, in a county having a population of 750,000 or more, the person designated by the secretary determines that the conviction record on which the denial of payments or the prohibition on employment or being an adult resident is based does not include any arrests, convictions, or penalties that are likely to adversely affect the child or the ability of the kinship care ~~relative~~ provider to care for the child, the director of the county department, the person designated by the governing body of the Indian tribe, or the person designated by the secretary may approve the making of payments under sub. (3m) or may permit a person receiving payments under sub. (3m) to employ a person in a position in which that person would have regular contact with the child for whom payments are being made or permit a person to be an adult resident.

SECTION 78. 48.60 (2) (a) of the statutes is amended to read:

48.60 **(2)** (a) A relative or like-kin, guardian, or person delegated care and custody of a child under s. 48.979 who provides care and maintenance for such children.

SECTION 79. 48.62 (2) of the statutes is amended to read:

48.62 **(2)** A relative or like-kin, a guardian of a child, or a person delegated care and custody of a child under s. 48.979 who provides care and maintenance for the child is not required to obtain the license specified in this section. The department, county department, or licensed child welfare agency as provided in s. 48.75 may issue a license to operate a foster home to a relative or like-kin who has no duty of support

under s. 49.90 (1) (a) and who requests a license to operate a foster home for a specific child who is either placed by court order or who is the subject of a voluntary placement agreement under s. 48.63. The department, a county department, or a licensed child welfare agency may, at the request of a guardian appointed under s. 48.977, 48.978, or 48.9795, ch. 54, 2017 stats., or ch. 880, 2003 stats., license the guardian's home as a foster home for the guardian's minor ward who is living in the home and who is placed in the home by court order. Relatives and like-kin with no duty of support and guardians appointed under s. 48.977, 48.978, or 48.9795, ch. 54, 2017 stats., or ch. 880, 2003 stats., who are licensed to operate foster homes are subject to the department's licensing rules.

SECTION 80. 48.64 (1) of the statutes is amended to read:

48.64 **(1)** DEFINITION. In this section, "agency" means the department, the department of corrections, a county department under s. 46.215, 46.22, or 46.23, or a licensed child welfare agency authorized to place children in foster homes, group homes, or shelter care facilities approved under s. 938.22 (2) (c) ~~or~~, in the homes of relatives other than a parent, or in the homes of like-kin.

SECTION 81. 48.64 (1m) of the statutes is amended to read:

48.64 **(1m)** OUT-OF-HOME CARE AGREEMENTS. If an agency places a child in a foster home or group home or in the home of a relative other than a parent or in the home of like-kin under a court order or places a child in a foster home, group home, or shelter care facility approved under s. 938.22 (2) (c) under a voluntary agreement under s. 48.63, the agency shall enter into a written agreement with the head of the home or facility. The agreement shall provide that the agency shall have access at all times to the child and the home or facility, and that the child will be released to the agency whenever, in the opinion of the agency placing the child or the

department, the best interests of the child require release to the agency. If a child has been in a foster home or group home or in the home of a relative other than a parent or in the home of like-kin for 6 months or more, the agency shall give the head of the home written notice of intent to remove the child, stating the reasons for the removal. The child may not be removed from a foster home, group home, or home of a relative other than a parent or the home of like-kin before completion of the hearing under sub. (4) (a) or (c), if requested, or 30 days after the receipt of the notice, whichever is later, unless the safety of the child requires it or, in a case in which the reason for removal is to place the child for adoption under s. 48.833, unless all of the persons who have the right to request a hearing under sub. (4) (a) or (c) sign written waivers of objection to the proposed removal. If the safety of the child requires earlier removal, s. 48.19 applies. If an agency removes a child from an adoptive placement, the head of the home shall have no claim against the placing agency for the expense of care, clothing, or medical treatment.

SECTION 82. 48.64 (2) of the statutes is amended to read:

48.64 **(2)** SUPERVISION OF OUT-OF-HOME CARE PLACEMENTS. Every child who is placed in a foster home, group home, or shelter care facility approved under s. 938.22 (2) (c) shall be under the supervision of an agency. Every child who is placed in the home of a relative other than a parent or in the home of like-kin under a court order shall be under the supervision of an agency.

SECTION 83. 48.64 (4) (a) of the statutes is amended to read:

48.64 **(4)** (a) Except as provided in par. (d), any decision or order issued by an agency that affects the head of a foster home or group home, the head of the home of a relative other than a parent or the home of like-kin in which a child is placed, or the child involved may be appealed to the department under fair hearing

procedures established under rules promulgated by the department. Upon receipt of an appeal, the department shall give the head of the home reasonable notice and an opportunity for a fair hearing. The department may make any additional investigation that the department considers necessary. The department shall give notice of the hearing to the head of the home and to the departmental subunit, county department, or child welfare agency that issued the decision or order. Each person receiving notice is entitled to be represented at the hearing. At all hearings conducted under this paragraph, the head of the home, or a representative of the head of the home, shall have an adequate opportunity, notwithstanding s. 48.78 (2) (a), to examine all documents and records to be used at the hearing at a reasonable time before the date of the hearing as well as during the hearing, to bring witnesses, to establish all pertinent facts and circumstances, and to question or refute any testimony or evidence, including an opportunity to confront and cross-examine adverse witnesses. The department shall grant a continuance for a reasonable period of time when an issue is raised for the first time during a hearing. This requirement may be waived with the consent of the parties. The decision of the department shall be based exclusively on evidence introduced at the hearing. A transcript of testimony and exhibits, or an official report containing the substance of what transpired at the hearing, together with all papers and requests filed in the proceeding, and the findings of the hearing examiner shall constitute the exclusive record for decision by the department. The department shall make the record available at any reasonable time and at an accessible place to the head of the home or his or her representative. Decisions by the department shall specify the reasons for the decision and identify the supporting evidence. No person participating in an agency action being appealed may participate in the final administrative decision on

that action. The department shall render its decision as soon as possible after the hearing and shall send a certified copy of its decision to the head of the home and to the departmental subunit, county department, or child welfare agency that issued the decision or order. The decision shall be binding on all parties concerned.

SECTION 84. 48.64 (4) (c) of the statutes is amended to read:

48.64 **(4)** (c) Except as provided in par. (d), the circuit court for the county where the dispositional order placing a child in a foster home or group home or in the home of a relative other than a parent or in the home of like-kin was entered or the voluntary agreement under s. 48.63 placing a child in a foster home or group home was made has jurisdiction upon petition of any interested party over the child who is placed in the foster home, group home, or home of the relative or like-kin. The circuit court may call a hearing, at which the head of the home and the supervising agency under sub. (2) shall be present, for the purpose of reviewing any decision or order of that agency involving the placement and care of the child. If the child has been placed in a foster home or in the home of a relative other than a parent or in the home of like-kin, the foster parent ~~or~~, relative, or like-kin may present relevant evidence at the hearing. The petitioner has the burden of proving by clear and convincing evidence that the decision or order issued by the agency is not in the best interests of the child.

SECTION 85. 48.67 (4) (b) of the statutes is amended to read:

48.67 **(4)** (b) The training under par. (a) shall be available to a kinship care ~~relative~~ provider, as defined in s. 48.40 (1m), upon request of the kinship care ~~relative~~ provider.

SECTION 86. 49.155 (1m) (a) 1m. b. of the statutes is amended to read:

49.155 **(1m)** (a) 1m. b. The individual has not yet attained the age of 18 years and the individual resides with his or her custodial parent or with a kinship care ~~relative~~ provider under s. 48.57 (3m) or with a long-term kinship care ~~relative~~ provider under s. 48.57 (3n) or is in a foster home licensed under s. 48.62, a subsidized guardianship home under s. 48.623, a group home, or an independent living arrangement supervised by an adult.

SECTION 87. 118.175 (1) of the statutes is amended to read:

118.175 **(1)** This section does not apply to a pupil who has a legal custodian, as defined in s. 48.02 (11) or 938.02 (11), or who is cared for by a kinship care ~~relative~~ provider, as defined in s. 48.57 (3m) (a) 2.

SECTION 88. 767.57 (1m) (cm) of the statutes is amended to read:

767.57 **(1m)** (cm) A kinship care ~~relative~~ provider or a long-term kinship care ~~relative~~ provider of the child who is entitled to the support money has applied for or is receiving kinship care payments or long-term kinship care payments for that child and there is an assignment to the state under s. 48.57 (3m) (b) 2. or (3n) (b) 2. of the child's right to the support money.

SECTION 89. 767.57 (2) of the statutes is amended to read:

767.57 **(2)** PROCEDURE IF RECIPIENT ON PUBLIC ASSISTANCE. If a party entitled to maintenance or support, or both, is receiving public assistance under ch. 49, the party may assign the party's right to support or maintenance to the county department under s. 46.215, 46.22, or 46.23 granting the assistance. The assignment shall be approved by order of the court granting the maintenance or support. The assignment may not be terminated if there is a delinquency in the amount to be paid to the assignee of maintenance and support previously ordered without the written consent of the assignee or upon notice to the assignee and a hearing. When an

assignment of maintenance or support, or both, has been approved by the order, the assignee shall be deemed a real party in interest within s. 803.01 solely for the purpose of securing payment of unpaid maintenance or support ordered to be paid, by participating in proceedings to secure the payment of unpaid amounts. Notwithstanding assignment under this subsection, and without further order of the court, the department or its designee, upon receiving notice that a party or a minor child of the parties is receiving aid under s. 48.645 or public assistance under ch. 49 or that a kinship care ~~relative~~ provider or long-term kinship care ~~relative~~ provider of the minor child is receiving kinship care payments or long-term kinship care payments for the minor child, shall forward all support assigned under s. 48.57 (3m) (b) 2. or (3n) (b) 2., 48.645 (3), 49.19 (4) (h) 1., or 49.45 (19) to the assignee under s. 48.57 (3m) (b) 2. or (3n) (b) 2., 48.645 (3), 49.19 (4) (h) 1., or 49.45 (19).

SECTION 90. 938.02 (12c) of the statutes is created to read:

938.02 **(12c)** "Like-kin" means an individual who has a significant emotional relationship with a child or the child's family that is similar to a familial relationship and who is not and has not previously been the child's licensed foster parent. For an Indian child, "like-kin" includes individuals identified by the child's tribe according to tribal tradition, custom or resolution, code, or law.

SECTION 91. 938.02 (15) of the statutes is amended to read:

938.02 **(15)** "Relative" means a parent, stepparent, brother, sister, stepbrother, stepsister, half brother, half sister, brother-in-law, sister-in-law, first cousin, 2nd cousin, first cousin once removed, nephew, niece, uncle, aunt, stepuncle, stepaunt, or any person of a preceding generation as denoted by the prefix of grand, great, or great-great, whether by blood, marriage, or legal adoption, or the spouse of any person named in this subsection, even if the marriage is terminated by death or

divorce. For purposes of the application of s. 938.028 and the federal Indian Child Welfare Act, 25 USC 1901 to 1963, "relative" includes an extended family member, as defined in s. 938.028 (2) (a), whether by blood, marriage, or adoption, including adoption under tribal law or custom. For purposes of placement of a juvenile, "relative" also includes a parent of a sibling of the juvenile who has legal custody of that sibling.

SECTION 92. 938.028 (2) (c) of the statutes is amended to read:

938.028 **(2)** (c) "Out-of-home care placement" means the removal of an Indian juvenile from the home of his or her parent or Indian custodian for temporary placement in a foster home, group home, residential care center for children and youth, or shelter care facility, in the home of a relative other than a parent, in the home of like-kin, or in the home of a guardian, from which placement the parent or Indian custodian cannot have the juvenile returned upon demand. "Out-of-home care placement" does not include an emergency change in placement under s. 938.357 (2) (b) or holding an Indian juvenile in custody under ss. 938.19 to 938.21.

SECTION 93. 938.207 (1) (b) of the statutes is amended to read:

938.207 **(1)** (b) The home of a relative or like-kin, except that a juvenile may not be held in the home of a ~~relative if the relative~~ person who has been convicted under s. 940.01 of the first-degree intentional homicide, or under s. 940.05 of the 2nd-degree intentional homicide, of a parent of the juvenile, and the conviction has not been reversed, set aside or vacated, unless the person making the custody decision determines by clear and convincing evidence that the placement would be in the best interests of the juvenile. The person making the custody decision shall consider the wishes of the juvenile in making that determination.

SECTION 94. 938.207 (1) (f) of the statutes is amended to read:

938.207 **(1)** (f) The home of a person not a relative or like-kin if the person has not had a license under s. 48.62 refused, revoked, or suspended within the previous 2 years. A placement under this paragraph may not exceed 30 days, unless the placement is extended by the court for cause for an additional 30 days.

SECTION 95. 938.33 (4) (intro.) of the statutes is amended to read:

938.33 **(4)** OTHER OUT-OF-HOME PLACEMENTS. (intro.) A report recommending placement in a foster home, group home, or nonsecured residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, in the home of a guardian under s. 48.977 (2), or in a supervised independent living arrangement shall be in writing, except that the report may be presented orally at the dispositional hearing if all parties consent. A report that is presented orally shall be transcribed and made a part of the court record. The report shall include all of the following:

SECTION 96. 938.335 (3g) (intro.) of the statutes is amended to read:

938.335 **(3g)** REASONABLE EFFORTS FINDING. (intro.) At hearings under this section, if the agency, as defined in s. 938.38 (1) (a), is recommending placement of the juvenile in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, in the home of a guardian under s. 48.977 (2), or in a supervised independent living arrangement, the agency shall present as evidence specific information showing all of the following:

SECTION 97. 938.335 (3j) (intro.) of the statutes is amended to read:

938.335 **(3j)** INDIAN JUVENILE; ACTIVE EFFORTS FINDING. (intro.) At hearings under this section involving an Indian juvenile who is the subject of a proceeding under s. 938.13 (4), (6), (6m), or (7), if the agency, as defined in s. 938.38 (1) (a), is

recommending removal of the Indian juvenile from the home of his or her parent or Indian custodian and placement of the Indian juvenile in a foster home, group home, or residential care center for children and youth ~~or~~, in the home of a relative other than a parent, or in the home of like-kin, the agency shall present as evidence specific information showing all of the following:

SECTION 98. 938.34 (3) (a) (intro.) of the statutes is amended to read:

938.34 **(3)** (a) (intro.) The home of a parent ~~or~~, other relative, or like-kin of the juvenile, except that the court may not designate any of the following as the juvenile's placement, unless the court determines by clear and convincing evidence that the placement would be in the best interests of the juvenile or, in the case of an Indian juvenile, the best interests of the Indian juvenile as described in s. 938.01 (3):

SECTION 99. 938.34 (3) (a) 1. of the statutes is amended to read:

938.34 **(3)** (a) 1. The home of a parent ~~or~~, other relative, or like-kin of the juvenile if the parent ~~or~~, other relative, or like-kin has been convicted of the homicide of a parent of the juvenile under s. 940.01 or 940.05, and the conviction has not been reversed, set aside, or vacated. In determining whether a placement under this subdivision would be in the best interests of the juvenile, the court shall consider the wishes of the juvenile.

SECTION 100. 938.34 (3) (a) 2. of the statutes is amended to read:

938.34 **(3)** (a) 2. The home of a relative other than the parent of the juvenile or the home of like-kin if the court finds that the relative or like-kin has been convicted of, has pleaded no contest to, or has had a charge dismissed or amended as a result of a plea agreement for a crime under s. 948.02 (1) or (2), 948.025, 948.03 (2) or (5) (a) 1., 2., 3., or 4., 948.05, 948.051, 948.055, 948.06, 948.07, 948.08, 948.081,

948.085, 948.11 (2) (a) or (am), 948.12, 948.13, 948.21, 948.215, 948.30, or 948.53, or a similar law of another state.

SECTION 101. 938.355 (4) (am) (intro.) of the statutes is amended to read:

938.355 **(4)** (am) (intro.) Except as provided in par. (b) or s. 938.368, an order under this section or s. 938.357 or 938.365 made before the juvenile attains 18 years of age that places or continues the placement of the juvenile in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement shall terminate on the latest of the following dates, unless the court specifies a shorter period or the court terminates the order sooner:

SECTION 102. 938.357 (6) (a) (intro.) of the statutes is amended to read:

938.357 **(6)** (a) (intro.) No change in placement may extend the expiration date of the original dispositional order, except that if the change in placement is from a placement in the juvenile's home to a placement in a foster home, group home, or residential care center for children and youth, in the home of a relative who is not a parent, in the home of like-kin, or in a supervised independent living arrangement, the court may extend the expiration date of the original dispositional order to the latest of the following dates, unless the court specifies a shorter period:

SECTION 103. 938.357 (6) (b) of the statutes is amended to read:

938.357 **(6)** (b) If the change in placement is from a placement in a foster home, group home, or residential care center for children and youth or in the home of a relative or like-kin to a placement in the juvenile's home and if the expiration date of the original dispositional order is more than one year after the date on which the change-in-placement order is granted, the court shall shorten the expiration date of the original dispositional order to the date that is one year after the date on which

the change-in-placement order is granted or to an earlier date as specified by the court.

SECTION 104. 938.365 (5) (b) (intro.) of the statutes is amended to read:

938.365 **(5)** (b) (intro.) Except as provided in s. 938.368, an order under this section that continues the placement of a juvenile in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement shall be for a specified length of time not to exceed the latest of the following dates:

SECTION 105. 938.366 (1) (a) of the statutes is amended to read:

938.366 **(1)** (a) The person is placed in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement under an order under s. 938.355, 938.357, or 938.365 that terminates as provided in s. 938.355 (4) (am) 1., 2., or 3., 938.357 (6) (a) 1., 2., or 3., or 938.365 (5) (b) 1., 2., or 3. on or after the person attains 18 years of age.

SECTION 106. 938.371 (1) (intro.) of the statutes is amended to read:

938.371 **(1)** MEDICAL INFORMATION. (intro.) If a juvenile is placed in a foster home, group home, residential care center for children and youth, or juvenile correctional facility ~~or~~, in the home of a relative other than a parent, or in the home of like-kin, including a placement under s. 938.205 or 938.21, the agency, as defined in s. 938.38 (1) (a), that placed the juvenile or arranged for the placement of the juvenile shall provide the following information to the foster parent, relative, like-kin, or operator of the group home, residential care center for children and youth, or juvenile correctional facility at the time of placement or, if the information has not been provided to the agency by that time, as soon as possible after the date

on which the agency receives that information, but not more than 2 working days after that date:

SECTION 107. 938.371 (1) (a) of the statutes is amended to read:

938.371 **(1)** (a) Results of an HIV test, as defined in s. 252.01 (2m), of the juvenile as provided under s. 252.15 (3m) (d) 15., including results included in a court report or permanency plan. At the time that the test results are provided, the agency shall notify the foster parent, relative, like-kin, or operator of the group home, residential care center for children and youth, or juvenile correctional facility of the confidentiality requirements under s. 252.15 (6).

SECTION 108. 938.371 (3) (intro.) of the statutes is amended to read:

938.371 **(3)** OTHER INFORMATION. (intro.) At the time of placement of a juvenile in a foster home, group home, residential care center for children and youth, or juvenile correctional facility or in the home of a relative other than a parent or in the home of like-kin or, if the information is not available at that time, as soon as possible after the date on which the court report or permanency plan has been submitted, but no later than 7 days after that date, the agency, as defined in s. 938.38 (1) (a), responsible for preparing the juvenile's permanency plan shall provide to the foster parent, relative, like-kin, or operator of the group home, residential care center for children and youth, or juvenile correctional facility information contained in the court report submitted under s. 938.33 (1) or 938.365 (2g) or permanency plan submitted under s. 938.355 (2e) or 938.38 relating to findings or opinions of the court or agency that prepared the court report or permanency plan relating to any of the following:

SECTION 109. 938.371 (5) of the statutes is amended to read:

938.371 **(5)** CONFIDENTIALITY OF INFORMATION. Except as permitted under s. 252.15 (6), a foster parent, treatment foster parent, relative, like-kin, or operator of a group home, residential care center for children and youth, or juvenile correctional facility that receives any information under sub. (1) or (3), other than the information described in sub. (3) (e), shall keep the information confidential and may disclose that information only for the purposes of providing care for the juvenile or participating in a court hearing or permanency review concerning the juvenile.

SECTION 110. 938.38 (2) (intro.) of the statutes is amended to read:

938.38 **(2)** PERMANENCY PLAN REQUIRED. (intro.) Except as provided in sub. (3), for each juvenile living in a foster home, group home, residential care center for children and youth, juvenile detention facility, shelter care facility, or supervised independent living arrangement, the agency that placed the juvenile or arranged the placement or the agency assigned primary responsibility for providing services to the juvenile under s. 938.355 (2) (b) 6g. shall prepare a written permanency plan, if any of the following conditions exists, and, for each juvenile living in the home of a guardian or a relative other than a parent or in the home of like-kin, that agency shall prepare a written permanency plan, if any of the conditions under pars. (a) to (e) exists:

SECTION 111. 938.38 (3m) (a) of the statutes is amended to read:

938.38 **(3m)** (a) All appropriate biological family members, relatives, and like-kin of the juvenile, as determined by the agency. Notwithstanding s. 938.02 (12c), in this paragraph, "like-kin" may include an individual who is or previously was the child's licensed foster parent.

SECTION 112. 938.38 (4) (f) (intro.) of the statutes is amended to read:

938.38 **(4)** (f) (intro.) A description of the services that will be provided to the juvenile, the juvenile's family, and the juvenile's foster parent, the operator of the facility where the juvenile is living, or the relative or like-kin with whom the juvenile is living to carry out the dispositional order, including services planned to accomplish all of the following:

SECTION 113. 938.38 (4m) (b) of the statutes is amended to read:

938.38 **(4m)** (b) At least 10 days before the date of the hearing the court shall notify the juvenile; any parent, guardian, and legal custodian of the juvenile; any foster parent, or other physical custodian described in s. 48.62 (2) of the juvenile, the operator of the facility in which the juvenile is living, or the relative or like-kin with whom the juvenile is living; and, if the juvenile is an Indian juvenile who is or is alleged to be in need of protection or services under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they shall have a right to be heard at the hearing.

SECTION 114. 938.38 (4m) (d) of the statutes is amended to read:

938.38 **(4m)** (d) The court shall give a foster parent, other physical custodian described in s. 48.62 (2), operator of a facility, ~~or~~ relative, or like-kin who is notified of a hearing under par. (b) a right to be heard at the hearing by permitting the foster parent, other physical custodian, operator, ~~or~~ relative, or like-kin to make a written or oral statement during the hearing, or to submit a written statement prior to the hearing, relevant to the issues to be determined at the hearing. The foster parent, other physical custodian, operator of a facility, ~~or~~ relative, or like-kin does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 115. 938.38 (5) (b) of the statutes is amended to read:

938.38 **(5)** (b) The court or the agency shall notify the juvenile; the juvenile's parent, guardian, and legal custodian; the juvenile's foster parent, the operator of the facility in which the juvenile is living, or the relative or like-kin with whom the juvenile is living; and, if the juvenile is an Indian juvenile who is placed outside the home of his or her parent or Indian custodian under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe of the time, place, and purpose of the review, of the issues to be determined as part of the review, and of the fact that they shall have a right to be heard at the review as provided in par. (bm) 1. The court or agency shall notify the person representing the interests of the public, the juvenile's counsel, the juvenile's guardian ad litem, and the juvenile's school of the time, place, and purpose of the review, of the issues to be determined as part of the review, and of the fact that they may have an opportunity to be heard at the review as provided in par. (bm) 1. The notices under this paragraph shall be provided in writing not less than 30 days before the review and copies of the notices shall be filed in the juvenile's case record. The notice to the juvenile's school shall also include the name and contact information for the caseworker or social worker assigned to the juvenile's case.

SECTION 116. 938.38 (5) (bm) 1. of the statutes is amended to read:

938.38 **(5)** (bm) 1. A juvenile, parent, guardian, legal custodian, foster parent, operator of a facility, ~~or~~ relative, or like-kin who is provided notice of the review under par. (b) shall have a right to be heard at the review by submitting written comments relevant to the determinations specified in par. (c) not less than 10 working days before the date of the review or by participating at the review. A person representing the interests of the public, counsel, guardian ad litem, or school who is

provided notice of the review under par. (b) may have an opportunity to be heard at the review by submitting written comments relevant to the determinations specified in par. (c) not less than 10 working days before the date of the review. A foster parent, operator of a facility, ~~or~~ relative, or like-kin who receives notice of a review under par. (b) and a right to be heard under this subdivision does not become a party to the proceeding on which the review is held solely on the basis of receiving that notice and right to be heard.

SECTION 117. 938.38 (5) (e) of the statutes is amended to read:

938.38 **(5)** (e) Within 30 days, the agency shall prepare a written summary of the determinations under par. (c) and shall provide a copy to the court that entered the order; the juvenile or the juvenile's counsel or guardian ad litem; the person representing the interests of the public; the juvenile's parent, guardian, or legal custodian; the juvenile's foster parent, the operator of the facility where the juvenile is living, or the relative or like-kin with whom the juvenile is living; and, if the juvenile is an Indian juvenile who is placed outside the home of his or her parent or Indian custodian under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe.

SECTION 118. 938.38 (5m) (b) of the statutes is amended to read:

938.38 **(5m)** (b) The court shall notify the juvenile; the juvenile's parent, guardian, and legal custodian; and the juvenile's foster parent, the operator of the facility in which the juvenile is living, or the relative or like-kin with whom the juvenile is living of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they shall have a right to be heard at the hearing as provided in par. (c) 1. The court shall notify the juvenile's counsel and the juvenile's guardian ad litem; the agency that prepared the permanency plan;

the juvenile's school; the person representing the interests of the public; and, if the juvenile is an Indian juvenile who is placed outside the home of his or her parent or Indian custodian under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe of the time, place, and purpose of the hearing, of the issues to be determined at the hearing, and of the fact that they may have an opportunity to be heard at the hearing as provided in par. (c) 1. The notices under this paragraph shall be provided in writing not less than 30 days before the hearing. The notice to the juvenile's school shall also include the name and contact information for the caseworker or social worker assigned to the juvenile's case.

SECTION 119. 938.38 (5m) (c) 1. of the statutes is amended to read:

938.38 **(5m)** (c) 1. A juvenile, parent, guardian, legal custodian, foster parent, operator of a facility, ~~or~~ relative, or like-kin who is provided notice of the hearing under par. (b) shall have a right to be heard at the hearing by submitting written comments relevant to the determinations specified in sub. (5) (c) not less than 10 working days before the date of the hearing or by participating at the hearing. A counsel, guardian ad litem, agency, school, or person representing the interests of the public who is provided notice of the hearing under par. (b) may have an opportunity to be heard at the hearing by submitting written comments relevant to the determinations specified in sub. (5) (c) not less than 10 working days before the date of the hearing or by participating at the hearing. A foster parent, operator of a facility, ~~or~~ relative, or like-kin who receives notice of a hearing under par. (b) and a right to be heard under this subdivision does not become a party to the proceeding on which the hearing is held solely on the basis of receiving that notice and right to be heard.

SECTION 120. 938.38 (5m) (e) of the statutes is amended to read:

938.38 **(5m)** (e) After the hearing, the court shall make written findings of fact and conclusions of law relating to the determinations under sub. (5) (c) and shall provide a copy of those findings of fact and conclusions of law to the juvenile; the juvenile's parent, guardian, and legal custodian; the juvenile's foster parent, the operator of the facility in which the juvenile is living, or the relative or like-kin with whom the juvenile is living; the agency that prepared the permanency plan; the person representing the interests of the public; and, if the juvenile is an Indian juvenile who is placed outside the home of his or her parent or Indian custodian under s. 938.13 (4), (6), (6m), or (7), the Indian juvenile's Indian custodian and tribe. The court shall make the findings specified in sub. (5) (c) 7. on a case-by-case basis based on circumstances specific to the juvenile and shall document or reference the specific information on which those findings are based in the findings of fact and conclusions of law prepared under this paragraph. Findings of fact and conclusions of law that merely reference sub. (5) (c) 7. without documenting or referencing that specific information in the findings of fact and conclusions of law or amended findings of fact and conclusions of law that retroactively correct earlier findings of fact and conclusions of law that do not comply with this paragraph are not sufficient to comply with this paragraph.

SECTION 121. 938.385 (intro.) of the statutes is amended to read:

938.385 Plan for transition to independent living. (intro.) During the 90 days immediately before a juvenile who is placed in a foster home, group home, or residential care center for children and youth, in the home of a relative other than a parent, in the home of like-kin, or in a supervised independent living arrangement attains 18 years of age or, if the juvenile is placed in such a placement under an order under s. 938.355, 938.357, or 938.365 that terminates under s. 938.355 (4) (am) after

the juvenile attains 18 years of age or under a voluntary transition-to-independent-living agreement under s. 938.366 (3) that terminates under s. 938.366 (3) (a) after the juvenile attains 18 years of age, during the 90 days immediately before the termination of the order or agreement, the agency primarily responsible for providing services to the juvenile under the order or agreement shall do all of the following:

SECTION 122. Nonstatutory provisions.

(1) If, prior to July 1, 2024, the department of children and families determines that there is sufficient funding allocated under s. 49.175 (1) (s) to fund the expansion of the kinship care and long-term kinship care programs under this act, the department shall submit to the legislative reference bureau for publication in the Wisconsin Administrative Register a notice specifying the date of that determination.

SECTION 123. Effective date.

December 12, 2023 County Board Meeting

RESOLUTION NO.: 80—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Land Conservation Department (LCD) entered into an Agreement with the University of Wisconsin-Green Bay for engineering services to advance agricultural runoff treatment research to determine sustainable treatment systems and create design recommendations. This private grant is for $116,875 to cover staffing costs of $18,350, travel expenses of $4,140, supplies of $17,000, and cost-share expenses of $77,385.

The project period runs from December 1, 2023 to December 31, 2024. LCD is requesting approval to accept and expend these funds, along with approval for a budget adjustment which includes an increase in Intergovernmental Revenue by $116,875 with a corresponding increase in Salary/Fringes of $18,350, Travel of $4,140, Supplies of $17,000, and Purchased Services of $77,385. The proposed adjustment is budget neutral, requiring no county funding or county match.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors, does authorize and approve the Outagamie County Land Conservation Department to accept and expend a private grant from the University of Wisconsin-Green Bay in the amount of $116,875, said grant to be used for engineering services to advance agricultural runoff treatment research to determine sustainable treatment systems and create design recommendations, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve of increasing the following line items in the Land Conservation Grants Cost Center: Misc. Revenue by $116,875; Salary by $13,190; Fringe by $5,160; Travel by $4,140; Supplies by $17,000; Purchased Services by $77,385, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Department Director and the Outagamie County Finance Director.

RESOLUTION NO.: 81—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Each year the Recycling and Solid Waste and Single Stream Recycling budgets may require a number of budgetary transfers to account for changes in financial activity and operations during the year.

This resolution adjusts and transfers the authorized funds to the applicable line items and cost centers where expenditures incurred exceed or are less than the amounts originally projected either through increased/reduced revenues or increases or decreases in other budgeted line items.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of various budget transfers and alterations in the 2023 Recycling and Solid Waste and Single Stream Recycling budgets as noted on the attached fiscal note and Recycling & Solid Waste 2023 Budget Adjustments – Attachment A worksheet which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Recycling and Solid Waste Director and the Outagamie County Finance Director.

RESOLUTION NO.: 82—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Criminal Justice Treatment Services Department (CJTS) is requesting approval for 2023 year-end budgetary transfers due to training that was anticipated to be covered by the JAG grant that did not materialize and to maximize grant resources.

The CJTS Department is able to absorb these adjustments and remain compliant with the grant budget and related requirements. These adjustments are cost neutral and do not require any additional county funding.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the CJTS Travel/Training line item by $2,600; decreasing the CJTS Salaries line item by $2,600; increasing the TAD Grant Travel/Training line item by $1,800; increasing the TAD Grant Supplies line item by $12,000; and decreasing the TAD Grant Purchased Services line item by $13,800 as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Director of Criminal Justice Treatment Services and the Outagamie County Finance Director.

Dated this 12th day of December 2023

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Criminal Justice Treatment Services (CJTS) Request for 2023 Budget Adjustments

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Criminal Justice Treatment Services (CJTS) department requests approval for the following budget adjustments for 2023:

CJTS (cost center 1009100): Increase Travel/Training and Decrease Salaries by $2,600 each.
Purpose: Training that was anticipated to be covered by the JAG grant did not materialize.
TAD Grant (cost center 2101000): Increase Travel/Training and Decrease Purchased Services by $1,800 each.
Purpose: With reduced Purchased Services expenses, a transfer to Training is necessary to maximize grant resources.
TAD Grant (cost center 2101000): Increase Supplies and Decrease Purchased Services by $12,000 each.
Purpose: With reduced Purchased Services expenses, a transfer to Supplies is necessary to maximize grant resources.

The department is able to absorb these adjustments within the line items noted and remain compliant with the grant budget and related requirements. These adjustments are cost neutral and do not require any additional county funding.

RESOLUTION NO.: 83—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office is requesting approval for 2023 year-end budgetary transfers due to multiple divisions having unanticipated overtime expenses, reallocated training and travel costs not used transferred to supplies, additional Department of Transportation (DOT) grant income received above budget, extraditions higher than anticipated, increased capital expenses from supplies, auction proceeds less than expected, and snowmobile trails not open long enough to receive reimbursement.

These adjustments are cost neutral and do not require any additional county funding.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of various budget transfers in the 2023 Sheriff's Office budget as detailed in the attached fiscal note and Outagamie County Sheriff's Office 2023 Budget Transfers Worksheet, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Dated this 12th day of December 2023

Outagamie County 12-12-23 County Board Meeting - December 12 2023 07:28:29 PM OpenMeeting

December 12, 2023 County Board Meeting

RESOLUTION NO.: 84—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Each year the Outagamie County Department of Health and Human Services budget requires a number of budgetary transfers to account for actual financial activity. The primary reasons for the current year transfers include:

- Supplies covered by ARPA grant
- Incurred mileage increase
- Decrease in Corrections services
- Psychiatric fees lower and loss of provider
- Contracted staff moving to employed
- Transportation services
- Reduction in Congregate Meal Services
- CLTS Program growth
- Reduced Supported Living, Group Home and Respite services expenses
- Grant expenses / revenue
- Actual expenses
- Revenues decreased / increased
- Staff vacancies
- Work effort of staff between division / cost centers
- Decreased projected CCS billings to Medicaid revenue
- Revenue increased based on actual collections

This resolution authorizes transferring funds approved in the 2023 adopted budget to the line items and cost centers where changes in activity occurred during 2023. No additional county funding is requested as the net adjustment is budget neutral.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of various budget transfers and alterations in the 2023 Health and Human Services budget as noted on the attached fiscal note and Outagamie County Department of Human Services 2023 Budget Transfers worksheet, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director and the Outagamie County Finance Director.

Dated this 12th day of December 2023

RESOLUTION NO.: 85—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes bridges over local highways. The interchange of County CC bridge has been identified as one of those to be reconstructed within the project limits from a two-lane rural typical cross section to a two-lane urban typical cross section with bike accommodations. Outagamie County's share is currently estimated to be $23 for non-participating items. Construction is currently scheduled for 2024. The county share of the project costs is to be funded with future budgets.

This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) for this state-let improvement project and to support future funding for the County CC overpass replacement project.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Highway Commissioner to enter into a State/Municipal Financial Agreement for the County CC overpass replacement project, as noted on the attached State/Municipal Financial Agreement for a State-Let Highway Project, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize funding for the county share of the project costs to be included in future budgets as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and the Outagamie County Finance Director.

Dated this 12th day of December 2023.

STATE/MUNICIPAL FINANCIAL AGREEMENT FOR A STATE- LET HIGHWAY PROJECT	Date:December 1, 2023 I.D.:1130-66-83 (Design 1130-63-01) Road Name: IH 41 Title: Appleton – De Pere Limits: Rose Hill Rd/CTH CC Overpass County: Outagamie Roadway Length: 0.275 miles

The signatory **Outagamie County** hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

Existing Facility - Describe and give reason for request: The IH 41 Project corridor, which has four travel lanes – two in each direction – is congested and sees a higher rate of crashes than similarly configured freeways in Wisconsin. By federal standards, the project area has multiple roadway design deficiencies, and much of its pavement and several bridges are nearing the end of their useful lives and must be replaced.

The CTH CC Bridge over IH 41 is nearing the end of its useful life and must be replaced as part of the overall IH 41 Project. The existing CTH CC four span concrete girder structure shoulder piers will also conflict with the proposed improvements on IH 41.

Proposed Improvement - Nature of work: The existing structure carrying CTH CC over IH 41 will be removed and replaced with a two-span concrete girder structure (B-44-333).

CTH CC will be reconstructed from a two-lane rural typical section to a two-lane urban typical section with bike accommodations. The limits of the reconstruction of CTH CC extend from approximately 900 feet south of IH 41 to 550 feet north of IH 41.

Sidewalk will be installed on structure (B-44-333).

Light bases, conduit and other items associated with street lighting will be installed under the project.

Work will also include storm sewer installation, erosion control, fertilizer/seed/ mulch, permanent signing, pavement marking and temporary traffic control.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality: Non-participating work is not necessary to finish the project but the Municipality has requested a 100% non-participating category be included to be able address any unanticipated non-participating needs during construction.

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation

shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.

2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:

   (a) Design engineering and state review services.

   (b) Real Estate necessitated for the improvement.

   (c) Compensable utility adjustment and railroad force work necessitated for the project.

   (d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.

   (e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers and inlet grates as needed.

   (f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.

   (g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.

   (h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.

   (i) Replacement of existing driveways, in kind, necessitated by the project.

3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:

   (a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

   (b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.

   (c) Roadway and bridge width in excess of standards.

   (d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.

   (e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.

4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.

5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State on behalf of the project.

6. The work will be administered by the State and may include items not eligible for federal/state participation.

7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.

8. Basis for local participation:

Construction ID 1130-66-83

The Project Agreement will be revised if necessary, as the project progresses. All costs shown are approximate and subject to final audit.

Category 1000 – Roadway Items

The State will pay 100% of the construction costs under Category 1000 Roadway Items unless otherwise noted.

Category 1100 – Lighting (City of Kaukauna)

In accordance with Local Participation policy section 3-25-5 of the State's Program Management Manual, the State will participate in the costs of new continuous street lighting if it is installed at the time of project construction. Where an alternate design acceptable to WisDOT is installed, 50 percent of the cost equivalent to lighting meeting WisDOT standards is eligible, not to exceed 50 percent of actual costs.

The participating total is based on 50% of the total estimated street lighting costs which includes $49,220 for WisDOT installed below ground lighting component costs and $22,298 for above-ground components (poles and luminaires) to be completed by Kaukauna Utilities and that will meet WisDOT standards.

50% x ($49,220 + $22,298) = $35,759

$35,759 - $22,298 = $13,461

The State will pay 100% of the construction costs under Category 2000 Structure B-44-333 unless otherwise noted.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes bridges over local highways. The interchange of County CC bridge has been identified as one of those to be reconstructed within the project limits from a two-lane rural typical cross section to a two-lane urban typical cross section with bike accommodations. Outagamie County's share is currently estimated to be $23 for non-participating items. Construction is currently scheduled for 2024. This line is to be included on the SMFA should the project need to be expanded the State has the ability to do change orders on the project. The County will have to present a resolution for revised costs should they occur. The county share of the project costs is to be funded with future budgets.

December 12, 2023 County Board Meeting

RESOLUTION NO.: 86—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes interchanges with local highways. The interchange of County OO/WIS 15 has been identified as one of those to be reconstructed with landscaping and aesthetic treatments for construction scheduled for 2024 and 2025. Current WisDOT policy prevents the use of state funds on aesthetic elements adjacent to, or part of, a highway improvement project (*refer to § 85.0205 (1m)*) and require them to be locally-funded. As shown in the State/Municipal Financial Agreement (SMFA) (page 5, Category 1600) non participating costs are estimated to be $52,780 for planting mixture.

Outagamie County has entered into a local cost share agreement with the Town of Grand Chute to share 50% the cost of non-participating items for the planting mixture. The agreement also includes the cost share for landscaping and aesthetic treatments that will be locally funded (County/Municipal Cost Agreement) and the maintenance responsibilities for the County and the Town of Grand Chute.

This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) with WisDOT and County/Municipal Cost Agreement with the Town of Grand Chute for this state-let improvement project.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee and the Property, Airport, Recreation & Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Highway Commissioner to enter into a State/Municipal Financial Agreement and County/Municipal Cost Agreement for the County OO & WIS 15 interchange reconstruction project, as noted on the attached State/Municipal Financial Agreement for a State-Let Highway Project and Outagamie County Highway Department County/Municipal Cost Agreement, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize funding for the county share of the project costs to be included in future budgets as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner, the Outagamie County Development & Land Services Director, and the Outagamie County Finance Director.

Dated this 12th day of December 2023.

STATE/MUNICIPAL FINANCIAL AGREEMENT FOR A STATE- LET HIGHWAY PROJECT	Date: October 23, 2023 I.D.:1130-64-76 (Design 1130-63-01) Road Name: I-41/STH 15 (Northland Ave) Title: Appleton – De Pere Limits: Northland/STH 15 Intchg B440315/16 County: Outagamie Roadway Length: 0.509 miles

The signatory Outagamie County hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

Existing Facility - Describe and give reason for request: The I-41 Project corridor, which has four travel lanes – two in each direction – is congested and sees a higher rate of crashes than similarly configured freeways in Wisconsin. By federal standards, the project area has multiple roadway design deficiencies, and much of its pavement and several bridges are nearing the end of their useful lives and must be replaced.

Much of the original pavement in the corridor was built in the 1960s and has reached the end of its useful life, meaning further rehabilitations are no longer cost-effective. The project corridor also has narrow road shoulders, outdated ramp designs, and interchanges spaced too closely to one another – deficiencies that can contribute to safety and operational problems.

Proposed Improvement - Nature of work: Project ID 1130-64-76 WisDOT identified the diverging diamond interchange as the preferred alternative for the WIS 15 interchange. At the WIS 15 interchange, the diverging diamond interchange is the safest interchange option, has the best traffic operations, and has the support of Outagamie County and the municipalities. Impacts between alternatives considered are not substantially different.

WIS 15 will be reconstructed, and bike lanes will be added within the project limits. Sidewalk will be constructed between the ramp terminals New storm sewer will be installed within the project limits. The existing structures carrying WIS 15 over I 41 will be replaced with structures B-44-0315 and B-44-0316. Retaining walls R-44-003, R-44-0031, and R-44-0056 will be constructed. Sign structures S-44-0324, S-44-0325, S-44-0326, S-44-0327, S-44-0328 and S-44-0329 will be constructed. New traffic signals will be installed at the I 41/ WIS 15 ramp terminals. MUTCD compliant signing and pavement markings will be installed with the project.

Wet detention ponds will be constructed in the southeast and northwest quadrants of the I 41 and WIS 15 Interchange.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality: None to date.

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.

2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:

   (a) Design engineering and state review services.

   (b) Real Estate necessitated for the improvement.

   (c) Compensable utility adjustment and railroad force work necessitated for the project.

   (d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.

   (e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers and inlet grates as needed.

   (f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.

   (g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.

   (h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.

   (i) Replacement of existing driveways, in kind, necessitated by the project.

   (j) New installations or alteration resulting from roadway construction of standard State street lighting and traffic signals or devices. Alteration may include salvaging and replacement of existing components.

3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:

   (a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

   (b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.

   (c) Roadway and bridge width in excess of standards.

   (d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.

   (e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for

all suits, actions, or claims resulting from the sanitary sewer and water system construction.

(f) Parking lane costs.

(g) Coordinate, clean up, and fund any hazardous materials encountered for city utility construction. All hazardous material cleanup work shall be performed in accordance to state and federal regulations.

(h) STH 15 Landscaping Costs:

1) Planting Mixture

4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.

5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State in behalf of the project.

6. The work will be administered by the State and may include items not eligible for federal/state participation.

7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.

8. Basis for local participation:

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.

OUTAGAMIE COUNTY HIGHWAY DEPARTMENT

COUNTY / MUNICIPAL COST AGREEMENT

DATE:	**10/31/2023**
PROJECT:	I-41 Expansion
HIGHWAY:	County "OO"
LIMITS:	STH 15 Interchange
MUNICIPALITY:	Town of Grand Chute

The signatory municipality **Town of Grand Chute,** hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the County of Outagamie, through its Highway Department, hereinafter called Outagamie County, to initiate and effect the highway or street improvement hereinafter described.

PROJECT DESCRIPTION: This agreement is for the engineering, design, and construction of aesthetic features and landscaping items being incorporated into the STH 15/CTH OO interchange as part of the I-41 corridor expansion project. The majority of project costs are being provided entirely by WisDOT but current policy requires any landscaping or aesthetic treatments be funded entirely by local government entities. Outagamie County and the Town of Grand Chute have agreed to share in the cost of designing and constructing aesthetic treatments and landscaping features within the footprint of the new interchange. This agreement is for the final design of landscaping features based on the initial concept plan and construction/installation of locally-funded aesthetic features. It is assumed that these features will be constructed under a locally-let construction contract, concurrent with WisDOT improvements at the interchange.

This request for maintenance, ~~programming,~~ design and construction is subject to the terms and conditions that follow and is made by the undersigned under proper authority to make such request for the designated Municipality and upon acceptance by the Highway Commissioner shall constitute an agreement between the County and the Municipality named unless specifically modified or amended by supplemental written agreement between both parties.

TERMS & CONDITIONS

1. When Federal Funds are involved, the improvement will be subject to the applicable Federal Aid Highway Acts and Regulations of the Federal Highway Administration, U.S. Department of Transportation.
2. This is a joint agreement between the County and the Municipality. The Municipality will be kept informed on the project status and will have input regarding the project. This project will be administered under the County Administrative Rule 10-02.
3. If the Municipality should withdraw the project, it will pay to the County any cost that has been incurred by the County on behalf of the project.
4. **The project cost estimates shown in this agreement are an estimate**. The Municipality will be invoiced periodically, and agrees to pay based on actual costs incurred plus a fixed administrative fee. Such costs may be greater or less than the estimated amounts shown, however, the Municipality acknowledges that costs between the time this agreement is executed and the actual time of construction can vary.
5. The County's obligation to perform under this contract shall be subject to County Board appropriation of funds sufficient to fund the County's obligations herein.
6. The County and Municipality agree and understand that the Municipality is reserving its rights to assess any and all costs incurred by the Municipality for this project. The Municipality and County hereby further agree that the Municipality has the right to assess any of its costs upon terms deemed acceptable by the Municipality subject to the following: In the event county property is assessed or subject to assessment the county reserves the right to object to the propriety and / or correctness of the assessment formula or methodology, however, such right to object does not extend to the municipality's ability to assess. The county's right to object includes the ability to challenge the assessment methodology or formula in circuit court and to pursue appeals of circuit court decisions.
7. Operations & Maintenance responsibilities of facilities owned, maintained, or constructed under this agreement are as follows:

   Outagamie County shall maintain the following:
   a. Median island surfacing.
   b. Typical County mowing (non-aesthetic) and brush clearing within the highway right-of-way.
   c. Snow removal and de-icing of roadway and pavement areas.

   The Municipality shall maintain the following:
   a. Sidewalks, multimodal facilities, and pedestrian crossings, including curb ramps.
   b. Snow removal and de-icing of sidewalks and multimodal facilities.
   c. Signing and pavement markings associated with sidewalks, bicycle lanes, and/or multi-modal facilities.
   d. Trees, shrubs, aesthetic mowing, and/or landscaping features located within the highway right-of-way.
   e. Local utility mains and/or service lines including sanitary sewers, water mains, etc.
   f. Local utility appurtenances located on the right-of-way including manholes, water valves, etc.

   ** Note: other items not shown fall under WisDOT jurisdiction.*

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** The Highway Department is requesting approval to use funds for the I-41 and CTH OO/Wis 15 Interchange landscaping reconstruction.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes interchanges with local highways. The interchange of County OO/WIS 15 has been identified as one of those to be reconstructed with landscaping and aesthetic treatments for construction scheduled for 2024 and 2025. Current WisDOT policy prevents the use of state funds on aesthetic elements adjacent to, or part of, a highway improvement project (*refer to § 85.0205 (1m)*) and require them to be locally-funded. As shown in the State/Municipal Financial Agreement - SMFA (page 5, Category 1600) non participating costs for are estimated to be $52,780 for planting mixture.

Outagamie County has also entered into a local cost share agreement with the Town of Grand Chute to share 50% of the cost of non-participating items for the planting mixture. The agreement also includes the cost share for landscaping and aesthetic treatments that will be locally funded (County/Municipal Cost Agreement) and the maintenance responsibilities for the County and the Town of Grand Chute. The County's share of the funds will be from the 2024 Capital Project – Community Sensitive Solutions Partnership. Maintenance costs will be shared by the County General Maintenance cost center and the Town of Grand Chute.

ORDINANCE NO.: I—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Legislative/Audit and Human Resources Committee is requesting to amend the Outagamie County Board Rules. The amendments include updating language in Section 2-45, Rule 2(a)(7), Agenda for all meetings and Section 2-49, Rule 6 (1), Appearance of non-Board members, as pertains to the appearance of non-board members.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve the following amendments to Chapter 2 of the Outagamie County Code of Ordinances (additions are underlined and in italics; deletions are struck through):

Section 2-45. Rule 2 – Agenda for all meetings

(a) Order of Business. The order of business shall be as follows:

(7) Public participation is limited to *Outagamie County residents, employees and owners of businesses in Outagamie County, Outagamie County employees, or Outagamie County property taxpayers. Participation is limited solely to* only matters listed on the agenda and for a total of 15 minutes, which may be extended to 30 minutes at the discretion of the Chair. Individual speakers are limited to three minutes per speaker. In the event the Board Chair determines that a virtual county board meeting is necessary, members of the public wishing to speak must register with the Legislative Services Office by 5:00 p.m. on the day of the county board meeting. If no member of the public registers in advance, public participation may be suspended by the Board Chair.

Section 2-49. Rule 6 – Appearance of non-Board members.

While the County Board is in session, nonmembers may only address the assembly or be on the Board floor under the following conditions:

(1) *Public participation.*

a. Public participation is limited to Outagamie County residents, *employees and* owners of businesses in Outagamie County, *Outagamie County employees,* or Outagamie County property taxpayers. Participation is limited solely to only matters listed on the agenda and for a total of 15 minutes, which may be extended to 30 minutes at the discretion of the Chair. Individual speakers are limited to three minutes per speaker. In the event the Board Chair determines that a virtual county board meeting is necessary, members of the public wishing to speak must register with the Legislative Services Office by 5:00 p.m. on the day of the county board meeting. If no member of the public registers in advance, public participation may be suspended by the Board Chair.

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Corporation Counsel and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Outagamie County **12-12-23 County Board Meeting - December 12 2023 07:38:29 PM** OpenMeeting

December 12, 2023 County Board Meeting

ORDINANCE NO.: J—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

On October 27, 2020, the Outagamie County Board adopted Ordinance C—2020-2021 which created Section 50-353 (based on Wis. Stat. §23.33) allowing all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs) to operate on roadways designated by Outagamie County and referred to as "routes." On August 22, 2023, the Outagamie County Board adopted Ordinance D—2023-2024 which modified the ordinance as pertains to speed limits and operating hours. Wis. Stat. §23.33(8)(b)1 offers a town, village, or city the ability to enact an ordinance to designate a highway not under its jurisdiction, but within its territorial limits, as an ATV/UTV route.

The Town of Maple Creek has submitted an application to the Outagamie County Highway Commissioner to designate the following county highways as an ATV/UTV route:

- CTH D from STH 45 to Schweitzer Road
- CTH DD from Spurr Road to CTH D
- CTH W from CTH D to STH 76
- CTH WW from Church Street to STH 76

The Town of Maple Creek has completed said requirements of Outagamie County Code of Ordinance Sec. 50-353(4)(a)(ii) and submitted the following documents with the application:

- A map showing the proposed ATV/UTV route on the county highway system.
- A map showing any existing or future ATV/UTV routes leading to the proposed route.
- A statement explaining why the proposed route should be designated as an ATV/UTV route.
- Documentation that items required in Ordinance 50-353 Sec. 4(a)(i)1-3 were completed by the Municipality.
- A statement that the applicant will be financially responsible for payments for the installation and maintenance of required ATV/UTV route signs.
- Regulations set forth in Ordinance Sec. 50-353(5) were adopted by the Town of Maple Creek on October 24, 2023.

The Outagamie County Highway Commissioner has completed a review as detailed in Ordinance Sec. 50-353(4)(b) and is recommending approval. The Outagamie County Highway, Recycling and Solid Waste Committee is recommending approval.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve designating CTH D from STH 45 to Schweitzer Road; CTH DD from Spurr Road to CTH D; CTH W from CTH D to STH 76; and CTH WW from Church Street to STH 76, said sections in the Town of Maple Creek, as ATV/UTV routes as detailed on the attached Memorandums and maps, which by reference are made a part hereof, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Highway Commissioner, the Outagamie County Development and Land Services Director, the Outagamie County Sheriff, and the Town of Maple Creek.

Dated this 12th day of December 2023

Respectfully Submitted,
HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

ORDINANCE NO.: K—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

On October 27, 2020, the Outagamie County Board adopted Ordinance C—2020-2021 which created Section 50-353 (based on Wis. Stat. §23.33) allowing all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs) to operate on roadways designated by Outagamie County and referred to as "routes." On August 22, 2023, the Outagamie County Board adopted Ordinance D—2023-2024 which modified the ordinance as pertains to speed limits and operating hours. Wis. Stat. §23.33(8)(b)1 offers a town, village, or city the ability to enact an ordinance to designate a highway not under its jurisdiction, but within its territorial limits, as an ATV/UTV route.

The Town of Ellington has submitted an application to the Outagamie County Highway Commissioner to designate the following county highway as an ATV/UTV route:

- CTH MM from Western Town Line to STH 76

The Town of Ellington has completed said requirements of Outagamie County Code of Ordinance Sec. 50-353(4)(a)(ii) and submitted the following documents with the application:

- A map showing the proposed ATV/UTV route on the county highway system.
- A map showing any existing or future ATV/UTV routes leading to the proposed route.
- A statement explaining why the proposed route should be designated as an ATV/UTV route.
- Documentation that items required in Ordinance 50-353 Sec. 4(a)(i)1-3 were completed by the Municipality.
- A statement that the applicant will be financially responsible for payments for the installation and maintenance of required ATV/UTV route signs.
- Regulations set forth in Ordinance Sec. 50-353(5) were adopted by the Town of Ellington on September 13, 2023.

The Outagamie County Highway Commissioner has completed a review as detailed in Ordinance Sec. 50-353(4)(b) and is recommending approval. The Outagamie County Highway, Recycling and Solid Waste Committee is recommending approval.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve designating CTH MM from Western Town Line to STH 76, said section in the Town of Ellington, as an ATV/UTV route as detailed on the attached Memorandums and map, which by reference are made a part hereof, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Highway Commissioner, the Outagamie County Development and Land Services Director, the Outagamie County Sheriff, and the Town of Ellington.

Dated this 12th day of December 2023

RESOLUTION NO.: 87—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Financial Services Department is requesting a transfer from the 2023 Contingency Fund. After the resignation of the Finance Director and Deputy Finance Director in February/March of 2023 the high level accounting functions were completed by several different consultants. There was approximately $60,000 spent for consultants to complete the 2022 year end audit, annual state report, annual single audit report, and the annual comprehensive financial report. Additionally, $10,000 was spent for a consultant during the transition between Finance Directors, and $60,000 was paid to CLA (CliftonLarsonAllen) for recruiting services for the Finance Director and Deputy Finance Director. There was approximately $185,000 spent for an interim Finance Director and four consultants to work on preparing the 2024 Budget, which included payroll projections from the Total Rewards Study.

In addition to the vacancy of the Finance Director and Deputy Finance Director, there were vacancies in the Deputy Director – Department and Board Relations, Accountant, Central Services Supervisor, and Account Associate II and III positions. There was approximately $27,000 paid out in 2023 for unused sick leave and vacation days for a resignation and a retirement. The Financial Services Department is able to cover approximately $100,000 from salaries, $50,000 from fringe benefits, $7,000 from travel/training, $4,000 from supplies, and an increase of $45,000 in miscellaneous revenues (based on estimated P-Card rebates). With this overall adjustment, the Department is requesting $124,000 from the Contingency Fund in order to increase the Financial Services purchased services line item by $330,000.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve decreasing the following Financial Services line items: Salaries by $100,000; Fringes by $50,000; Travel/Training by $7,000; Supplies by $4,000; and increasing the following Financial Services line items: Miscellaneous Revenue by $45,000; Purchased Services by $330,000, and decreasing the Reserve for Contingency Purchased Services line item by $124,000, said monies for consultant contracts and staff vacancies in the Financial Services Department, as detailed in the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director.

Dated this 9th day of January 2024.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Financial Services Contingency Fund Request 2023

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

After the resignation of the Finance Director and Deputy Finance Director in February/March of 2023 the high level accounting functions were performed by a few different consultants. There was approximately $60,000 spent for consultants to complete the 2022 year end audit, annual state report, annual single audit report, and the annual comprehensive financial report, $10,000 for a consultant during the transition between Finance Directors, and $60,000 paid to CLA for recruiting services for the Finance Director and Deputy Finance Director. There was approximately $185,000 spent for an interim Finance Director and 4 consultants working on 2024 Budget preparation, which included payroll projections from total rewards study.

In addition to the vacancy in the Finance Director and Deputy Finance Director, there was also vacancies in the Deputy Director – Department & Board Relations, Accountant, Central Services Supervisor, Account Associate II & III. It is also noted that there was approximately $27,000 paid out in 2023 for sick and vacation payouts upon a resignation and a retirement. The department is able to cover approximately $100,000 from salaries, $50,000 from fringe benefits $7,000 from Travel/Training, $4,000 from Supplies, and an increase of $45,000 in Miscellaneous Revenue (based on estimated P-Card rebates). With this overall adjustment, the department is requesting $124,000 from contingency in order to increase Financial Services Purchased Services by $330,000.

RESOLUTION NO.: 88—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County (the County) has taken title to a parcel of land located in the City of Kaukauna, Parcel ID Number 325021200, through the In-Rem Foreclosure process. The delinquent taxes, interest, and fees equal $372.36. The City of Kaukauna (the City) would like to acquire the property. The City will pay the County a total of $372.36.

The parcel is adjacent to the Konkapot Trail which the City maintains. This is a small parcel that is landlocked with minimal value to any other party. The City may be able to utilize this land for a rest area or some other purpose.

No budget adjustment is necessary as there are funds already budgeted in the appropriate cost center. This property is being offered solely to the City of Kaukauna based on their request.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the sale of In-Rem Tax Foreclosure property Parcel ID Number 325021200, City of Kaukauna "as is" in the amount of $372.36, with no budget adjustment necessary as the funds have already been budgeted in the appropriate cost center as detailed in the attached fiscal note and Agreement between Outagamie County and the City of Kaukauna, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Treasurer.

AGREEMENT
Between Outagamie County and City of Kaukauna Pursuant to §75.365, Wis. Stats.

THIS AGREEMENT is made and entered into this _____ day of _____, 2023, by and between the City of Kaukauna, Wisconsin, a municipal corporation, ("CITY") and Outagamie County, Wisconsin, a quasi-municipal corporation ("COUNTY").

RECITALS

WHEREAS, there is one (1) parcel of land located in the CITY identified as the following described real estate, together with the rents profits, fixtures and other appurtenant interests:

Parcel Identification Number: 325021200

Lot "F" in Government Lot 8 of Section Twenty-one (21), Township Twenty-one (12) North, Range Eighteen (18) East, City of Kaukauna, Outagamie County, Wisconsin.

PROPERTY ADDRESS: (no address), Kaukauna, WI 54944

hereafter referred to as the "PROPERTY"; and,

WHEREAS, the COUNTY has not done any due diligence regarding potential environmental hazards on the property and has not proceeded to acquire these parcels by *in rem* tax foreclosure; and

WHEREAS, the CITY is interested in the PROPERTY for a future possible improvement to the Konkapot Trail in the City of Kaukauna; and

WHEREAS, the COUNTY and CITY desire to enter into this agreement pursuant to §75.365, Wis. Stats.;

NOW, THEREFORE, in consideration of the mutual covenants and promises set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

ARTICLE I
ACQUISITION OF THE PROPERTY

Section 1.01 The COUNTY has included the property in its 2023 *In Rem* Tax Foreclosure proceedings pursuant to the authority vested in the COUNTY by the Wisconsin Statutes.

Section 1.02 The COUNTY agrees that it will make reasonable efforts to acquire the PROPERTY by *In Rem* Tax Foreclosure proceedings. The COUNTY and the CITY recognize that even though the COUNTY has included the PROPERTY in its 2023 *In Rem* Tax Foreclosure proceedings, it is possible that the Outagamie County Circuit Court may refuse to order or adjudge that the COUNTY be vested with an estate in fee simple absolute in the PROPERTY.

Section 1.03 The COUNTY agrees that in the event the COUNTY acquires the PROPERTY by *In Rem* Tax Foreclosure proceedings it will thereafter convey the acquired PROPERTY to the CITY by Quit Claim Deed(s) upon the condition that the CITY has approved and executed this Agreement.

Section 1.04 The COUNTY and CITY agree that the amount of $372.36 is the outstanding delinquent real property taxes (this amount includes interest through 09/30/2023 and special assessments/charges that the COUNTY has previously settled with the CITY), and expenses accrued by the COUNTY in the *in rem* process due for the PROPERTY for the tax years 2019 through 2022, inclusive, calculated through 09/30/2023 as follows:

Property Taxes 2019-2022:	$ 21.36
Publication Costs:	$ 246.00
Title Letter:	$ 75.00
ROD Filing Fees:	$ 30.00
Appraisal Fee:	$ 0.00
	$ 372.36

Section 1.05 The COUNTY's obligation to convey the PROPERTY as set forth above is contingent upon approval of the conveyance by the Outagamie County Board.

Section 1.06 The CITY agrees and acknowledges that the COUNTY'S conveyance of the PROPERTY to the CITY is a conveyance "as is", by Quit Claim Deed(s) which will be prepared by COUNTY and recorded by the COUNTY.

Section 1.07 The CITY shall be responsible to pay the 2023 Property Tax Bill.

ARTICLE II
INDEMNIFICATION

Section 2.01 The CITY shall exonerate, save harmless, protect, indemnify and defend the COUNTY, its officers, employees and agents from and against any and all losses, damages, claims, suits or actions, judgments, and costs whatsoever, including reasonable attorneys' fees, which may arise out of or be attributable to the conveyance of the PROPERTY from the COUNTY to the CITY.

Section 2.02 The CITY shall exonerate, save harmless, protect, indemnify and defend the COUNTY, its officers, employees and agents from and against any and all losses, damages, claims, suits or actions, judgments, and costs whatsoever, including reasonable attorneys' fees, which may arise out of or be attributable to the PROPERTY.

Section 2.03 The COUNTY shall not be responsible or liable to the CITY for any loss or damage that may be occasioned by or through either the acts or omissions of persons occupying the PROPERTY, if any.

ARTICLE III
ENVIRONMENTAL INDEMNIFICATION

Section 3.01 Definitions. The following terms shall have the following meanings for purposes of this Agreement:

(a) Hazardous Substances. "Hazardous Substances" means any substance:

(1) the presence of which requires investigation, clean-up, removal or other remediation under any federal, state or local statute, regulation, ordinance, order, action, policy or common law; or

(2) which is or becomes defined as a contaminant, a solid waste, a hazardous waste, a toxic waste, a hazardous substance, a pollutant, chemical, substance or material or any other substance subject to control under any applicable environmental law, now or hereafter in effect, including without limitation: the Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq.; the Clean Air Act, 42 U.S.C. § 7401 et seq.; the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9601 et seq.; the Resource Conservation and Recovery Act of 1976, 42 U.S.C. § 6901 et seq.; the Toxic Substances Control Act, 15 U.S.C. § 2601 et seq.; or under the laws of the State of Wisconsin or under any other applicable environmental law, whether now existing or hereafter in effect (the "Environmental Laws"); or

(3) which is toxic, explosive, corrosive, flammable, infectious, radioactive, carcinogenic, mutagenic, or otherwise hazardous; or

(4) the presence of which on the PROPERTY causes or threatens to cause a nuisance upon the PROPERTY or to adjacent properties or poses or threatens to pose a hazard to the health or safety of persons on or about the PROPERTY.

(b) Environmental Requirements. "Environmental Requirements" mean all applicable present and future statutes, regulations, rules, ordinances, codes, licenses, permits or orders of all governmental agencies, departments or instrumentalities of the United States, the State of Wisconsin and political subdivisions thereof and all applicable judicial, administrative, and regulatory decrees, judgments, and orders relating to the protection of human health or the environment, including, without limitation, all requirements pertaining to reporting, licensing, permitting, investigation, and remediation of emissions, discharges, releases, or threatened releases of Hazardous Substances whether solid, liquid, or gaseous in nature, into the air, surface water, groundwater, or land, or relating to the manufacture, processing, distribution, use, treatment, storage, disposal, transport, or handling of Hazardous Substances, and all requirements pertaining to the protection of the health and safety of employees or the public.

(c) Environmental Damages. "Environmental Damages" means all claims, judgments, damages, losses, penalties, fines, liabilities (including strict liability), encumbrances, liens, costs, and expenses of investigation and defense of any claim, whether or not such claim is ultimately defeated, and of any good faith settlement of judgment, of whatever kind or nature, contingent or otherwise, matured or unmatured, foreseeable or unforeseeable (including without limitation reasonable attorneys' fees and disbursements and consultants' fees and the cost of complying with any equitable form of relief or the result of any injunctive or similar action whether brought by the state or federal government, a private person or organization or any other party), any of which are incurred at any time as a result of the actual or suspected existence of any Hazardous Substances upon, about, or beneath the PROPERTY or migrating or threatening to migrate to or from the PROPERTY, or the actual or suspected existence of a violation of Environmental Requirements pertaining to the PROPERTY, regardless of whether the actual or suspected existence of such Hazardous Substances or the violation of Environmental Requirements arose prior to the present ownership or operation of the PROPERTY.

Section 3.02 Indemnification. The CITY, for itself and its legal representatives, heirs, successors, and guarantors, jointly and severally agree to indemnify, defend (with counsel reasonably approved by the indemnified parties), reimburse and hold harmless the COUNTY, its elected officials, employees, agents and successors, and assigns (the "indemnified parties"). The CITY agrees to indemnify, defend, reimburse and hold harmless the indemnified parties from and against any and all Environmental Damages arising from the actual or suspected presence of any Hazardous Substances upon, about, or beneath the PROPERTY or migrating to or from the PROPERTY, or arising in any manner whatsoever out of the actual or suspected violation of any Environmental Requirements pertaining to

the PROPERTY and the former, current or future activities thereon by any party, or from the breach of any warranty or covenant or the inaccuracy of any representation of the CITY contained in this Agreement; provided, however, that the CITY shall not be required to indemnify, defend, reimburse or hold harmless any of the indemnified parties for any Environmental Damages arising out of the presence of any Hazardous Substances which were deposited or disposed of on the PROPERTY on or after the date the PROPERTY is conveyed to the CITY.

Section 3.03 Term. The obligations of the CITY under this Agreement shall be continuing and shall survive the conveyance of the PROPERTY contemplated hereunder and payment of the specified sum.

Section 3.04 Investigation. The obligations of the CITY under this Agreement shall not be affected by any investigation by or on behalf of the COUNTY or any other indemnified party, or by any information that the COUNTY or any other indemnified party may have or obtain with respect thereto.

Section 3.05 Expenditures for Property. The COUNTY shall have no responsibility for the payment of expenditures made and all liabilities incurred in performing the CITY's obligations under this Agreement, including, but not limited to, fees of the engineers, surveyors, and consultants; the cost of environmental surveys; the cost of site clean-up, and remediation of any Hazardous Substances and other expenses.

RESOLUTION NO.: 89—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County Employees who are serving or will serve in the uniformed services for the United States of America deserve respect and to not lose Outagamie County employee benefits while deployed or due to their deployment.

These employees have to leave their families, their communities, and their professional careers to protect and defend the liberties and way of life enjoyed by all citizens and residents of the United States of America.

Active duty service members now comprise less than 1% of all U.S. adults, and reservists are an even smaller percentage. These service members have taken an oath of office to be called up (deployed) at the government's discretion, even though this dual role often strains their families' resources and may limit their professional career paths. Their selfless patriotism is to be commended.

While current law requires Outagamie County to hold a service member's job for him or her while deployed, the county is not required to count the time deployed toward that employee's accrued vacation allotment or sick leave accrual.

As pertains to vacation allotment for Military Leave, the current Outagamie County Employee Handbook stipulates that earning vacation time is tied to satisfying the definition of "full month of service." For each full month of service an employee satisfies that definition, they earn one-twelfth ($1/12^{th}$) of their allotment of vacation for use during the following anniversary year. Conversely, for those months when an employee does not satisfy that definition, they do not earn vacation time. Any earned vacation hours not spent prior to or during the employee's military leave of absence will be held in trust pending the reemployment of that employee.

As pertains to sick leave accrual for Military Leave, the current Outagamie County Employee Handbook stipulates that sick leave accrual is tied to the employee satisfying the definition of "full month of service." For each full month of service an employee satisfies that definition, they earn one (1) day of sick leave time available for use the first of the following month. "Day" is defined as the number of hours an employee normally works, with full-time status equaling seven and one-half (7 ½) hours or eight (8) hours and part-time status equaling a prorated amount compared to full-time status. Any earned sick leave not spent prior to an employee's military leave of absence will be held in trust pending the reemployment of that employee.

This resolution approves all Outagamie County employees who are serving or will serve in the uniformed services, regardless of length of employment or part-time or full-time status, will earn all vacation allotment and sick leave accrual benefits while on military leave of absence that they would normally earn as a working employee of Outagamie County, regardless of department.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board does authorize and approve that all Outagamie County employees who leave their residence to serve or will serve in the uniformed services, regardless of length of employment or part-time or full-time status, will earn all vacation allotment and sick leave accrual benefits while on military leave of absence that they would normally earn as a working employee of Outagamie County, regardless of department, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Executive.

RESOLUTION NO.: 90—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Criminal Justice Treatment Services (CJTS) Department is requesting approval to delete the Mental Health Treatment Court Coordinator position and the Case Manager position and replace with a Treatment Court Coordinator position, as outlined in the attached position forms.

On May 9, 2023, the County Board approved transferring the Mental Health Court cost center and the Drug and Alcohol Treatment Court cost center from the Health and Human Services Department to the CJTS Department. Since then, CJTS administration reviewed the job duties of the various positions and have determined some of the job duties need to be restructured. In order to accomplish this, the request is to delete a Mental Health Treatment Court Coordinator position (currently vacant) and a Case Manager position, and add a Treatment Court Coordinator position.

The requested changes have been included in the 2024 budget, therefore, no budget adjustment is needed at this time.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board does approve the deletion of one full-time Mental Health Treatment Court Coordinator position and one full-time Case Manager position and the creation of one full-time Treatment Court Coordinator position effective January 14, 2024 for the Criminal Justice Treatment Services Department, with no budget adjustment required, as noted on the attached Position Deletion Forms, Position Addition Form, Job Description, Table of Organization, and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and the Outagamie County Criminal Justice Treatment Services Director.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Criminal Justice Treatment Services (CJTS) Positions Additions/Deletions

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Earlier in 2023 the Mental Health Court Cost Center and the Drug and Alcohol Treatment Court Cost Center were transferred from HHS to CJTS. When the positions were transferred over to CJTS, CJTS administration reviewed the job duties of the various positions and have determined to restructure some of the job duties. In order to accomplish this the CJTS administration would like to delete a Mental Health Court Coordinator Position (Vacant) and a Case Manager position, and then add a Treatment Court Coordinator Position. These changes can be absorbed in the 2023 budget, so there is no budget adjustment needed for 2023. These changes were accounted for in the 2024 budget.

The attachment includes a full year impact of these position changes.

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

During the Mosquito Hill Nature Center remodel project, contractors discovered leaks in the roof, which includes multiple waterproofing failures. In order to protect the newly remodeled space and prevent further damage, the Outagamie County Parks Department is requesting the work to commence as soon as possible. Issues range from lack of ridge trim, additional ice and water shield needed, ridge vent opening repairs, and application of cap steel in areas as needed. The Parks Department is a small department with a limited budget, therefore, do not have budgeted funds to cover the repairs. A quote of $14,000 has been received. This resolution approves a $14,000 transfer from the Contingency Fund to cover the roof repair costs.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve transferring $14,000 from the Reserve for Contingency Purchased Services line item to the Nature Center Purchased Services line item, said monies to be used for roof repairs at the Mosquito Hill Nature Center, as detailed in the attached fiscal note which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Parks Director.

RESOLUTION NO.: 92—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County and Calumet County desire to enter into a new Intergovernmental Agreement for Outagamie County Family Court Services to continue to perform custody evaluations on behalf of Calumet County. The term of the new Intergovernmental Agreement shall be for two years from the date signed in January 2024, and shall be automatically renewed for three additional one year terms unless either party provides a written notice of termination within 30 days of the expiration of the current or any succeeding renewal term. Outagamie County's service and fee schedule is as follows:

- $48.00 per hour which includes $45.71 for salary and fringe benefits plus a 5% administrative fee. Custody evaluations typically average 40 to 50 hours to complete
- Participating Calumet County parents shall be liable for the entire fee and shall pay a $1,000 retainer, with each parent paying half, prior to the commencement of the evaluation
- Calumet County shall be billed for any amounts exceeding the retainer, as well as any portion of the retainer waived by Calumet County, and Calumet County agrees that it shall be responsible for collecting such amounts from the parents.

In the event the participating parents do not pay the billed amount in full, Calumet County agrees to pay the outstanding balance within 60 days of receiving the invoice. Calumet County further agrees to pay the interest on any outstanding balance beyond 60 days at a rate of 1% per month.

There is no impact on the 2024 budget as these estimated revenues are already included in the budget.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors hereby agrees to enter into a new Intergovernmental Agreement with Calumet County which authorizes the Outagamie County Family Court Services Department to conduct custody evaluations for Calumet County and charge a fee for completion of the evaluation, with no fiscal impact to the 2024 budget as the estimated revenues are already included in the budget, as noted on the attached Intergovernmental Agreement Between Outagamie County and Calumet County and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Family Court Services Director, the Outagamie County Corporation Counsel, and the Outagamie County Finance Director.

INTERGOVERNMENTAL AGREEMENT BETWEEN
OUTAGAMIE COUNTY AND CALUMET COUNTY

RECITALS

Calumet County, in reviewing its custody evaluation process, has determined, given its relatively small evaluation needs, that it would be more cost effective to continue to contract for its custody evaluations.

Since 2019, Calumet County has contracted with Outagamie County Family Court Services to conduct custody evaluations for Calumet County residents. In October 2023, after a discussion between Calumet County and Outagamie County Family Court Services, it was determined that Outagamie County has the capacity and ability to continue to perform custody evaluations on behalf of Calumet County.

Providing such a services would continue to benefit both counties, and in Outagamie County's case would continue to provide additional revenue for the Family Court Services program by utilizing existing staff to conduct custody evaluations for Calumet County, staff resources permitting.

NOW, THEREFORE, for good and valuable consideration as set forth below, Calumet County and Outagamie County agree as follows:

A. The term of this new agreement shall be for two years from the date signed in January 2024 as approved by the Outagamie County Board of Supervisors, and shall be automatically renewed for three additional one year terms unless either party provides a written notice of termination within 30 days of the expiration of the current or any succeeding renewal term. Said notice may be e-mailed to the Director of Family Court Services of either county.

B. Outagamie County's service and fee schedule are as follows:

   1. $48.00 per hour which includes $45.71 for salary and fringe benefits plus a 5% administrative fee. Custody evaluations typically average 40 to 50 hours to complete.

   2. Participating parents shall be liable for the entire fee and shall pay a $1,000.00 retainer, with each parent paying half, prior to the commencement of the evaluation.

3. Calumet County shall be billed for any amounts exceeding the retainer, as well as any portion of the retainer fee waived by Calumet County, and Calumet County agrees that it shall be responsible for collecting such amounts from the parents. In the event the participating parents do not pay the billed amount in full, Calumet County agrees to pay the outstanding balance within 60 days of receiving the invoice. Calumet County further agrees to pay interest on any outstanding balance beyond 60 days at a rate of 1% per month.

C. Outagamie County shall provide the services set forth in Exhibit A, however, Outagamie County's obligation to provide such services shall be subject to availability of staff to conduct a requested custody evaluation. Calumet County agrees that Outagamie County Family Court Services must meet the custody evaluation needs of Outagamie County residents first, and the services described herein shall not compromise such services to Outagamie County residents.

Outagamie County Family Court Services shall inform Calumet County in writing within three days of receiving a request for custody evaluation services from Calumet County, as to its ability to perform the requested services.

D. Outagamie County's liability carrier shall be primarily responsible for any negligent act(s) of Outagamie County employees, agents, contractors or officers flowing from the services provided in this agreement, however, Calumet County agrees to indemnify Outagamie County for any insurance deductibles deemed payable by Outagamie County.

To: Attorney Dawn Shaha, Outagamie County Deputy Corporation Counsel

From: Paul Hardin Schroth, Family Court Services Director

Date: November 1, 2023

Regarding: Addendum to address the scope of services for custody evaluations.

(EXHIBIT A)

-In order to proceed, we need a signed court order and retainer payment of $1,000 ($500 per parent). The evaluator does not begin the evaluation until the retainer is paid in full. Evaluators require 120 days to complete the evaluation which starts on the day in which everything is in our office

-Our hourly fee is $48 per hour. The average evaluation takes 40 to 45 hours to complete. The remainder of the fee, including mileage, is billed after the final court hearing.

-The evaluation process includes a series of interviews with the parents, the children, significant others, and any other relevant person, including collateral sources.

-We start the interviewing process by meeting jointly on one occasion with the parents. We then meet individually with each parent on average 3 additional times. Unless there is a restraining order preventing the parents from meeting together, an initial joint appointment is set with both parents in order to explain the process and to get releases of information signed.

-In the three individual interviews, the evaluator and each parent discusses family of origin concerns and history, relationship/adult history, co-parenting concerns, parenting history, any concerns regarding the children, and what they are requesting from the court regarding placement/custody concerns for their child(ren).

-The evaluator conducts a home visit of each parent's house. The children, significant other, and any other significant member of the house should be present for the visit.

-If the child is school age, the evaluator will meet typically three times with the child(ren). This would include at both parents' houses and once at his/her school or at Family Court Services to address family history and any concerns affecting the child.

-Part of the evaluation process includes collecting numerous collateral reports from outside agencies such as: schools, medical, psychological, drug/alcohol assessments, counseling, child protection, and police reports.

-A report with recommendations is written and submitted to the court with a preliminary bill. The attorneys are notified that the court has the report.

-The evaluator will automatically appear at the final hearing. Generally, most evaluations stipulate prior to or the day of the hearing.

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Outagamie County and Calumet County desire to enter into a new intergovernmental agreement for Outagamie County Family Court Services to continue to perform custody evaluations on behalf of Calumet County. The term of the new intergovernmental agreement shall be for two years from the date signed in January 2024, and shall be automatically renewed for three additional one year terms unless either party provides a written notice of termination within 30 days of the expiration of the current or any succeeding renewal term. Outagamie County's service and fee schedule are as follows: a) $48.00 per hour which includes $45.71 for salary and fringe benefits plus a 5% administrative fee. Custody evaluations typically average 40 to 50 hours to complete; b) Participating Calumet parents shall be liable for the entire fee and shall pay a $1,000 retainer, which each parent paying half, prior to the commencement of the evaluation; c) Calumet County shall be billed for any amounts exceeding the retainer, as well as any portion of the retainer waived by Calumet County, and Calumet County agrees that it shall be responsible for collecting such amounts from the parents. In the event the participating parents do not pay the billed amount in full, Calumet County agrees to pay the outstanding balance within 60 days of receiving the invoice. Calumet County further agrees to pay interest on any outstanding balance beyond 60 days at a rate of 1% per month. There is no impact on the 2024 budget as these estimated revenues are already included in the budget.

ORDINANCE NO.: L—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Legislative/Audit and Human Resources Committee is requesting to amend the Outagamie County Board Rules. The amendment includes updating language in Section 2-20(c), Meetings of the County Board, as pertains to the meeting schedule in the months of June, July, and August.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve the following amendment to Chapter 2 of the Outagamie County Code of Ordinances (additions are underlined and in italics; deletions are struck through):

Section 2-20. – Meetings of the County Board.

(c) *Regular*. Meetings other than the November annual meeting and the April organizational meeting shall be semimonthly and shall be held on the second and fourth Tuesday beginning at 7:00 p.m. Unless declared by the Board Chair, there will be one meeting per month in the months of June, July, and August which shall be held on the ~~second~~ *fourth* Tuesday of the month. If needed, there shall be a second November meeting on Tuesday one week after the annual meeting. At regular County Board meetings, a recess, length to be determined by the Chair, will be taken by the entire Board after being in session 1 ½ hours and every 1 ½ hours thereafter as declared by the Chair. One meeting a month may be cancelled for lack of sufficient business at the call of the board chair.

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Corporation Counsel and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

RESOLUTION NO.: 93—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Unfortunately, there are thousands of crashes in road work zones every construction season. Law Enforcement officials should be provided with the tools to properly investigate a work zone accident and access the most accurate information. The men and women who make their livings in road construction and spend their days in work zones also deserve to work in the safest environment possible so they can go home each night to their families.

There is pending legislation that would allow a political subdivision to install and maintain cameras in highway work zones for the sole purpose of capturing video or photographic evidence involving traffic accidents and other violations of the law. Evidence captured by a camera authorized under the proposed legislation may be accessed only by a law enforcement agency and only if a police report is filed in connection with a traffic accident or other violation. Evidence captured by a camera authorized under the proposed legislation may not otherwise be used to determine compliance with any state law or local ordinance.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee and Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does support pending legislation that would allow a political subdivision to install and maintain cameras where persons are engaged in work in a highway maintenance or construction area for the purpose of capturing video or photographic evidence of traffic accidents and other violations of the law, and said video and photographic evidence may only be accessed by a law enforcement agency and only if a police report is filed in connection with a traffic accident or other violation of the law that occurred in the highway maintenance or construction area where the camera is installed, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Wisconsin Counties Association, the State Senators and State Representatives representing Outagamie County, and the Governor of the State of Wisconsin.

RESOLUTION NO.: 94—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The State of Wisconsin Department of Transportation (Wi DOT) is requesting a temporary limited easement on the Newton Blackmour State Trail in the Village of Black Creek (the village), Outagamie County, Wisconsin. The project includes installing an additional culvert under the Newton Blackmour State Trail (NBST) as part of a larger storm sewer project in the village. Additionally, the project will upgrade the existing storm sewer in the village to alleviate flooding issues on WIS 47 and other local streets.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize a Temporary Limited Easement made by the State of Wisconsin Department of Natural Resources (Grantor) to the Wisconsin Department of Transportation (Grantee) on the Newton Blackmour State Trail located on a parcel of land being part of the Southeast ¼ of the Southeast ¼ and the Southwest ¼ of the Southeast ¼ of Section 8 in Township 23 North, Range 17 East, Village of Black Creek, Outagamie County, Wisconsin; said land is described and shown on the attached Temporary Limited Easement, Legal Description, and Aerial Maps, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and the WisDOT, c/o Right of Way Professionals, Inc., Attn: Dave Selissen, 2215 E. Clairemont Avenue, Suite 1, Eau Claire, WI 54701.

1. **Conditions of Construction and Maintenance.** Relating to installation, construction, operation, maintenance, removal and replacement work within the Easement Area, work shall be completed as follows:
   a. Other than as otherwise permitted herein, the Trail should remain open for public use at all times. Trail closures will not be allowed during snowmobile season and may not be allowed at certain times during bicycling season depending on planned events, activities, or volume of use. All closures must be coordinated with the Grantor's Trail Manager. Any Trail closure of more than 1 day may be done only with prior written permission of the Grantor's Trail Manager.
   b. If the Trail must be blocked at any time due to safety, a flag person must be present or appropriate signage must be installed such that Trail users are informed of the blockage and an acceptable detour (if needed) must be provided by the Grantee so users can pass through safely. Grantee shall not use the Trail for backing of any equipment unless a flag person is present and directing Trail traffic.
   c. Warning signs, lights, or such other safety markers as necessary shall be placed informing Trail users of any construction work or as otherwise directed by the Grantor's Trail Manager.
   d. If needed, as determined by the Grantor's Trail Manager, Grantee shall place passable barricades at entry points for trail users that require trail users to substantially reduce their speed and proceed single file. Barricade points must include signs stating that construction activities are taking place along the Trail, listing a reduced speed limit, and indicating 2-way, single-file traffic.
   e. All excavated open holes must be adequately marked at all times by the Grantee and warning signs must be placed and maintained by Grantee a safe distance ahead in both directions.
   f. All excavated holes shall be filled in and made level with the original grade by the Grantee prior to project activity completion.
   g. Insofar as is practicable and when the Grantor requests other than during the initial construction or due to an emergency situation, the Grantee shall schedule any construction work in an area used for recreational purposes at times when the ground is frozen in order to prevent or reduce soil compaction. All work will be conducted to minimize soil disturbance. All rutting will be repaired, and the Premises restored as promptly as possible by Grantee following its work. If soils are not frozen or stable to a point that avoids rutting, timber mats, mud tracks, or equivalent must be utilized to access installation, construction, maintenance, removal or replacement locations.
   h. Any and all ground settling or Trail surface damage caused by the exercise of the Grantee's rights within a 2-year period from the date of installation or of any maintenance is the sole responsibility of the Grantee and must be restored or repaired to pre-construction or better conditions using the same type and quality materials as approved by the Grantor's Trail Manager. Upon failure to perform by the Grantee within 20 days of notification by the Grantor's Trail Manager of needed repairs or restoration, repairs or restoration may be contracted by the Grantor's Trail Manager and the Grantee shall be liable for all costs associated with such repairs and restoration.
   i. Grantee shall not park or store any vehicles or equipment on the Trail at any time unless authorized in writing by Grantor or Grantor's Trail Manager.

2. AREMA Compliance. The Premises may be encumbered by federal or state railroad interest and subject to future restoration and reconstruction of the right-of-way for rail purposes consistent with Section 208 of the National Trails System Act Amendment of 1983, Publ. L. No. 98-11 (16 U.S.C. 1247(d)) or Wis. Stat. s. 85.09, including possible termination of this Easement, and subject to reservations, exceptions and leases, agreements and permits authorized by the former railroad company or the Grantor prior to the execution of this Easement. Grantor shall provide written notice of the necessity for the reestablishment of railroad, which may result in the termination of this Easement upon the discretion of the railroad. Grantee shall: (1) not materially change the grade or topography of the Trail or the Easement Area; (2) not construct and install or remove any permanent improvement which violates American Railway Engineering and Maintenance-of-Way Association ("AREMA"), or its successors' published practices and procedures or would make such reestablishment of railroad impracticable; and (3) not allow the installation of any facility, above or below grade that does not conform to AREMA's standards or clearances for railroad.

Outagamie County — 1-23-24 County Board Meeting - January 23 2024 07:22:45 PM

January 23, 2024 County Board Meeting — OpenMeeting

RESOLUTION NO.: 95—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Land Conservation Department (LCD) is requesting budget adjustments related to its operational budget and grants for calendar year 2023 in order to better allocate and best spend the funds available. The Land Conservation Department utilizes multiple grants to fund positions within the Department. The Department makes its best estimates to budget time towards the various grants. Various factors including weather, contractor availability, and type of projects may vary chargeable staff time, requiring minor budget adjustments at the end of the year annually.

The total impact of these adjustments are budget neutral and require no additional County funding.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors, does authorize and approve of increasing the Land Conservation Salaries line item by $9,850; increasing the Land Conservation Fringes line item by $11,950; decreasing the Land Conservation Travel/Training line item by $6,000; decreasing the Land Conservation Supplies line item by $15,800; increasing the TMDL – New Water Supplies line item by $3,100; and decreasing the TMDL - New Water Purchased Services line item by $3,100, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Department Director and the Outagamie County Finance Director.

Dated this 23rd day of January 2024

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING AND LAND CONSERVATION COMMITTEE

RESOLUTION NO.: 96—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

A notice of potential suit was received by Outagamie County's liability carrier, Wisconsin Municipal Mutual Insurance Company (WMMIC) on December 28, 2022. A Notice of Injury and Claim for Damages was received on October 25, 2023 from Herrling Clark Law Firm Ltd. on behalf of a minor, and placed on file in the Outagamie County Clerk's office. Upon review of this matter by WMMIC and the Finance Committee, a recommendation was made that the claim be disallowed.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does disallow the claim submitted by Herrling Clark Law Firm Ltd. on behalf of a minor that has been placed on file in the office of the Outagamie County Clerk and that no action of this claim may be brought against Outagamie County or any of its officers, officials, agents, or employees after six months from the date of service of this notice, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to Herrling Clark Law Firm Ltd., 800 N. Lynndale Drive, Appleton, WI 54914 by certified mail, return receipt requested as a notice of disallowance; Wisconsin Municipal Mutual Insurance Company, 2418 Crossroads Drive, Suite 1500, Madison, WI 53718-7996; the Outagamie County Corporation Counsel; and the Outagamie County Risk Administrator.

RESOLUTION NO.: Z-8—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Hortonia has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Hortonia be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for George A. Cuff Jr. and Lois A. Cuff. The proposed rezoning is for parcel 120013500, from the A1 - Exclusive Agricultural/Farmland Preservation District to A2 - General Agricultural District. The parcel is located west of Ledge Hill Road in the Town of Hortonia, Outagamie County, WI, as depicted on the attached review and map, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Clerk of the Town of Hortonia.

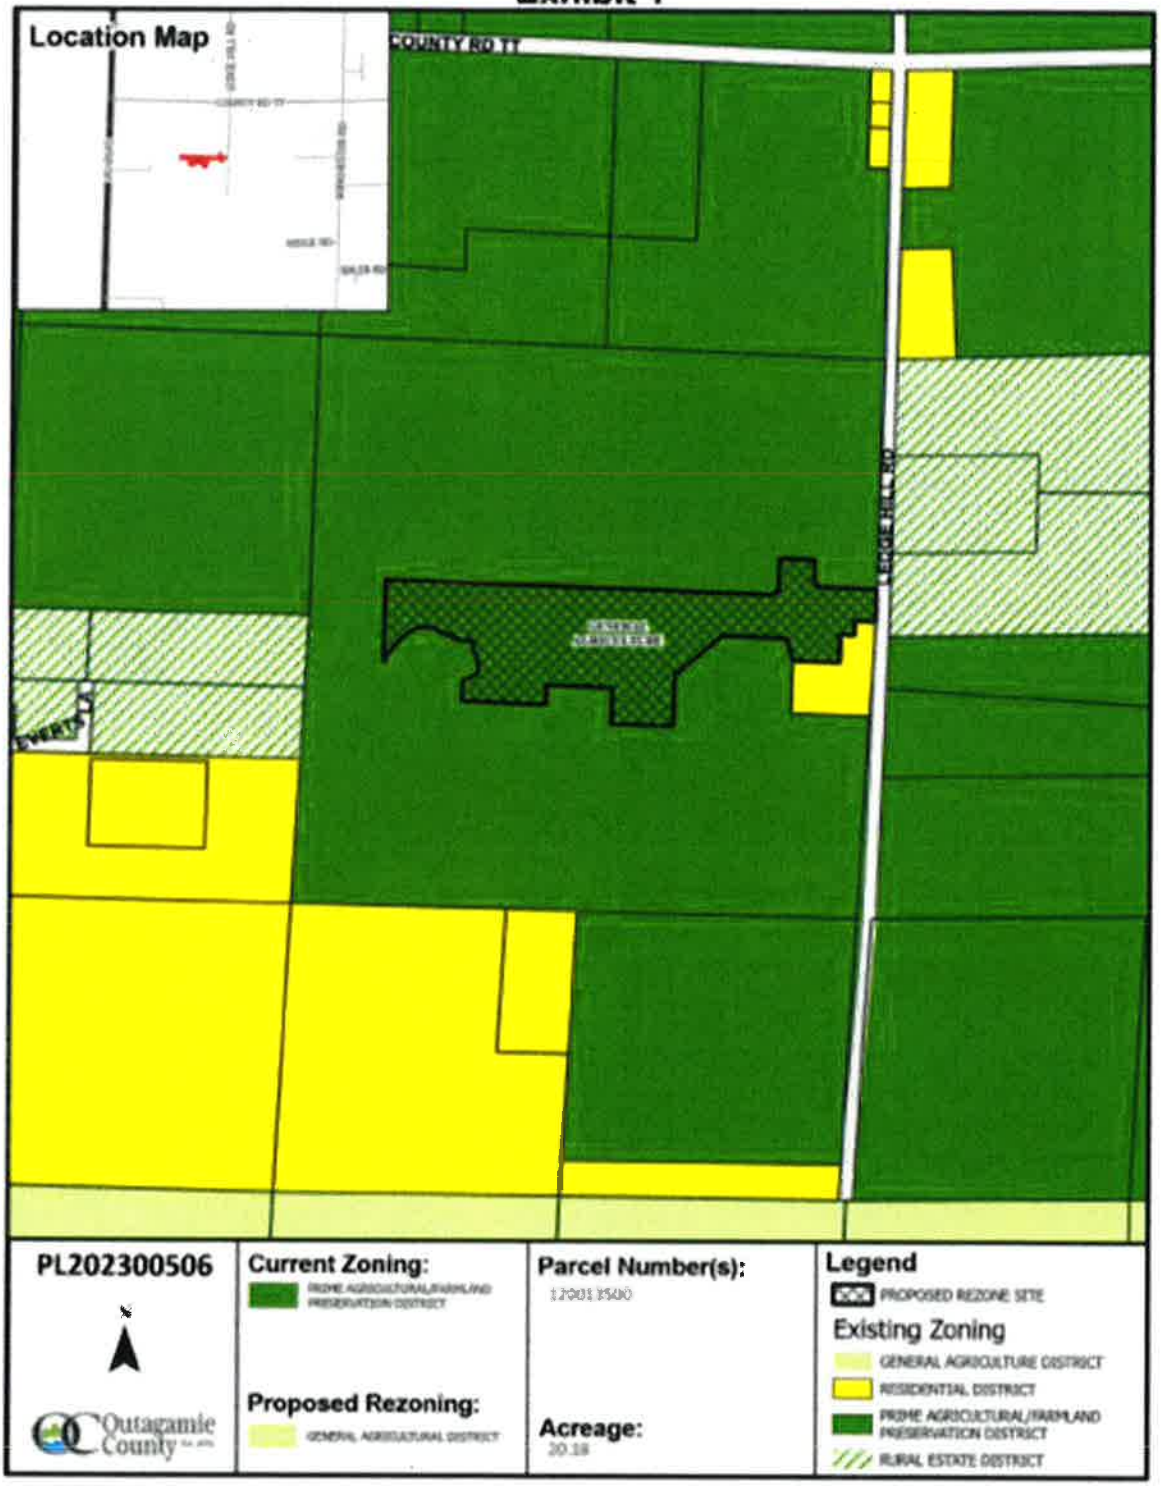
MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Sadie DiNatale Burda, Principal Planner
DATE: January 5, 2024
RE: PL202300506: Rezoning – Town, Review and Recommendation

Application Details:

Applicant and Owner:	The Town of Hortonia, Applicant on behalf of George and Lois Cuff (Owners)
Request:	Rezoning - Town
Parcels:	120013500
Location:	West of Ledge Hill Road TOWN OF HORTONIA
Public Hearing:	May 13, 2020 at 6:00 PM held by the Town of Hortonia

Background:



Outagamie County received a Town Rezoning request from the Town of Hortonia, as depicted on the attached Rezoning Map. The proposal would rezone parcel 120013500 (20.18 acres) from A1 - Exclusive Agricultural/Farmland Preservation District to A2 - General Agricultural District. The rezoning would permit the property owner to accommodate agriculture-related uses that are, or may be, incompatible with Wisconsin Chapter 91 Farmland Preservation.

The Town of Hortonia exercises village powers and adopted General Town Zoning. The Town of Hortonia is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Comprehensive Plan and the Town Board has voted to approve the rezoning request.

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to: approve the rezoning of parcel 120013500 from A1 - Exclusive Agricultural/Farmland Preservation District to A2 - General Agricultural District.

February 23, 2024 County Board Meeting

RESOLUTION NO.: 97—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Outagamie County Highway Department recently submitted an application for federal aid under the Highway Safety Improvement Program (HSIP), which has been awarded to reconstruct the intersection of CTH A and CTH S as well as rehabilitate the pavement on CTH A from CTH S to WIS 47.

The project is currently estimated to cost $4,063,639 of which $3,283,585 of federal funds have been obligated. Outagamie County's share is estimated to be $780,054. Estimated costs cover design, construction, and state review with construction currently scheduled for State Fiscal Year 2029. The county share of the project costs are anticipated to be funded in future budgets.

This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Agreement for the project and to support future funding for the CTH A & CTH S intersection improvement and the rehabilitation of CTH A from CTH S to WIS 47.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Outagamie County Highway Commissioner to enter into a State/Municipal Agreement for the CTH A & CTH S intersection project and CTH A rehabilitation project, as noted on the attached State/Municipal Agreement For a State-Let Highway Safety Improvement Program (HSIP) Project document which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize funding for the county share of the project costs to be included in future budgets as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and the Outagamie County Finance Director.

STATE/MUNICIPAL AGREEMENT FOR A STATE- LET HIGHWAY SAFETY IIMPROVEMENT PROGRAM (HSIP) PROJECT **Program Name: HSIP PROGRAM** **Sub-program #: 206** **Cycle: 2024-2027**	Date: December 12, 2023 I.D.: 6521-05-00/70/71 Road Name: CTH A Limits: CTH S Intersection; CTH S – STH 47 County: Outagamie Roadway Length: 1.90 miles Functional Classification: Major Collector Project Sponsor: Outagamie County

The signatory, **Outagamie County**, hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and effect the highway or street improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Sections 86.25(1), (2), and (3) and Section 66.0301 of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

All components of the project must be defined in the environmental document if any portion of the project is federally funded. The Municipality agrees to complete all participating and any non-participating work included in this improvement consistent with the environmental document. No work on final engineering and design may occur prior to approval of the environmental document.

Existing Facility - Describe and give reason for request: The existing intersection of CTH A and CTH S is a two-way stop-controlled intersection with free flow traffic moving north and south along CTH A. CTH S is stop controlled with a right turn lane designated by a raised concrete island on both east and west legs. Safety at the intersection is a concern due to increasing traffic and truck volumes and the increasing number of crashes. Over the five-year period from 2018-2022, a total of 16 crashes occurred at this intersection resulting in one fatality, four injuries, and four possible injuries.
CTH A from CTH S to STH 47 is a rural section of county highway with 12' lanes and 4' paved shoulders and 8' gravel shoulders. No edge line or centerline rumble strips are present. Safety is a concern on this segment due to the increasing traffic volumes and increasing number of crashes. Over the five-year period from 2018-2022, a total of seven crashes occurred, resulting in one fatality and five injuries. Varying types of crashes have occurred on this segment including run-off the road (ROTR), head-on collision after crossing the centerline and right-angle crashes.

Proposed Improvement - Nature of work: The proposed improvement involves constructing a single lane roundabout at the intersection of CTH A and CTH S.
It also includes repaving CTH A with a 6-ft paved shoulder and installing both shoulder and centerline rumble strips.

Describe non-participating work included in the project and other work necessary to completely finish the project that will be undertaken independently by the Municipality. Please note that non-participating components of a project/contract are considered part of the overall project and will be subject to applicable federal requirements: NONE

The Municipality agrees to the following 2024-2027 HSIP project funding conditions:

Project design and construction costs are funded with up to 90% federal funding when the Municipality agrees to provide the remaining 10% and any funds in excess of the federal funding limit. Non-participating costs are 100% the responsibility of the Municipality. Any work performed by the Municipality prior to federal authorization is not eligible for federal funding. The Municipality will be notified by the State that the project is authorized and available for charging.

This project is currently scheduled in State Fiscal Year 2029. **In accordance with the State's sunset policy for HSIP projects, the subject 2024-2027 HSIP improvement must be let by June 30, 2034.** Extensions may be available upon approval of a written request by or on behalf of the Municipality to State. The written request shall explain the reasons for project implementation delay and revised timeline for project completion.

The dollar amounts shown in the Summary of Costs Table below are estimates. The final Municipal share is dependent on the final federal participation, and actual costs will be used in the final division of cost for billing and reimbursement. In no event shall federal funding exceed the estimate of **$3,283,585** in the Summary of Costs Table, unless such increase is approved in writing by the State through the State's Change Management Policy prior to the Municipality incurring the increased costs.

GENERAL TERMS AND CONDITIONS:

1. All projects must be in an approved Transportation Improvement Program (TIP) or State Transportation Improvement Program (STIP) prior to requesting authorization.

2. Work prior to federal authorization is ineligible for federal funding.

3. The Municipality, throughout the entire project, commits to comply with and promote all applicable federal and state laws and regulations that include, but are not limited to, the following:

    a. Environmental requirements, including but not limited to those set forth in the 23 U.S.C. 139 and National Environmental Policy Act (42 U.S.C. 4321 et seq.)

    b. Equal protection guaranteed under the U.S. Constitution, WI Constitution, Title VI of the Civil Rights Act and Wis. Stat. 16.765. The municipality agrees to comply with and promote applicable Federal and State laws, Executive Orders, regulations, and implementing requirements intended to provide for the fair and equitable treatment of individuals and the fair and equitable delivery of services to the public. In addition, the Municipality agrees not to engage in any illegal discrimination in violation of applicable Federal or State laws and regulations. This includes but is not limited to Title VI of the Civil Rights Act of 1964 which provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." The Municipality agrees that public funds, which are collected in a nondiscriminatory manner, should not be used in ways that subsidize, promote, or perpetuate illegal discrimination based on prohibited factors such as race, color, national origin, sex, age, physical or mental disability, sexual orientation, or retaliation.

    c. Prevailing wage requirements, including but not limited to 23 U.S.C 113.

    d. Buy America Provision and its equivalent state statutes, set forth in 23 U.S.C. 313 and Wis. Stat. 16.754.

    e. Competitive bidding and confidentiality requirements set forth in 23 U.S.C 112 and Wis. Stat. 84.06. This includes the sharing of financial data prior to the conclusion of the competitive bid period.

    f. All applicable Disadvantaged Business Enterprise (DBE) requirements that the State specifies.

    g. Federal statutes that govern the Surface Transportation Program (STP), including but not limited to 23 U.S.C. 133.

    h. General requirements for administrating federal and state aids set forth in Wis. Stat. 84.03.

STATE RESPONSIBILITIES AND REQUIREMENTS:

4. Funding of each project phase is subject to inclusion in Wisconsin's approved 2024-2027 HSIP program. Federal funding will be limited to participation in the costs of the following items, as applicable to the project:

    a. The grading, base, pavement, and curb and gutter, sidewalk, and replacement of disturbed driveways in kind.

    b. The substructure, superstructure, grading, base, pavement, and other related bridge and approach items.

    c. Storm sewer mains necessary for the surface water drainage.

    d. Catch basins and inlets for surface water drainage of the improvement, with connections to the storm sewer main.

    e. Construction engineering incident to inspection and supervision of actual construction work (except for inspection, staking, and testing of sanitary sewer and water main).

    f. Signing and pavement marking.

    g. New installations or alteration of street lighting and traffic signals or devices.

    h. Landscaping.

    i. Preliminary engineering and design.

    j. State review services

5. The work will be administered by the State and may include items not eligible for federal participation.

6. As the work progresses, the State will bill the Municipality for work completed that is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs subject to funding limits in the Summary of Costs Table. If reviews or audits show any of the work to be ineligible for federal/state funding, the Municipality will be responsible for any withdrawn costs associated with the ineligible work.

MUNICIPAL RESPONSIBILITIES AND REQUIREMENTS:

7. Work necessary to complete the 2024-2027 HSIP improvement project to be financed entirely by the Municipality or other utility or facility owner includes the items listed below.

    a. New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

    b. Damages to abutting property after project completion due to change in street or sidewalk widths, grades or drainage.

    c. Detour routes and haul roads. The municipality is responsible for determining the detour route.

    d. Conditioning, if required and maintenance of detour routes.

    e. Repair of damages to roads or streets caused by reason of their use in hauling materials incident to the improvement.

    f. All work related to underground storage tanks and contaminated soils.

g. Street and bridge width in excess of standards, in accordance with the current WisDOT Facilities Development Manual (FDM).

h. Other 100% Municipality funded items:

8. The construction of the subject improvement will be in accordance with the appropriate standards unless an exception to standards is granted by State prior to construction. The entire cost of the construction project, not constructed to standards, will be the responsibility of the Municipality unless such exception is granted.

9. Work to be performed by the Municipality without federal funding participation necessary to ensure a complete improvement acceptable to the Federal Highway Administration and/or the State may be done in a manner at the election of the Municipality but must be coordinated with all other work undertaken during construction.

10. The Municipality is responsible for financing administrative expenses related to Municipal project responsibilities.

11. The Municipality will include in all contracts executed by them a provision obligating the contractor not to discriminate against any employee or applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability as defined in Wis. Stat. 51.01 (5), sexual orientation as defined in Wis. Stat. 111.32 (13m), or national origin.

12. The Municipality will pay to the State all costs incurred by the State in connection with the improvement that exceed federal/state financing commitments or are ineligible for federal/state financing. To guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from any moneys otherwise due and payable by the State to the Municipality.

13. **In accordance with the State's sunset policy for HSIP projects, the subject 2024-2027 HSIP improvement must be let by June 30, 2034.** Extensions may be available upon approval of a written request by or on behalf of the Municipality to State. The written request shall explain the reasons for project implementation delay and revised timeline for project completion.

14. If the Municipality should withdraw the project, it will reimburse the State for any costs incurred on behalf of the project.

15. The Municipality will at its own cost and expense:

    a. Maintain all portions of the project that lie within its jurisdiction (to include, but not limited to, cleaning storm sewers, removing debris from sumps or inlets, and regular maintenance of the catch basins, curb and gutter, sidewalks and parking lanes [including snow and ice removal]) for such maintenance in a manner consistent with reasonable industry standards, and will make ample provision for such maintenance each year.

    b. Regulate [or prohibit] parking at all times in the vicinity of the proposed improvements during their construction.

    c. Regulate [or prohibit] all parking at locations where and when the pavement area usually occupied by parked vehicles will be needed to carry active traffic in the street.

    d. Assume general responsibility for all public information and public relations for the project and to make fitting announcement to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.

    e. Provide complete plans, specifications, and estimates to State upon request.

    f. Provide relocation orders and real estate plats to State upon request.

g. Use the *WisDOT Utility Accommodation Policy* unless it adopts a policy, which has equal or more restrictive controls.

h. Provide maintenance and energy for lighting.

i. Provide proper care and maintenance of all landscaping elements of the project including replacement of any plant materials damaged by disease, drought, vandalism or other cause.

16. It is further agreed by the Municipality that:

a. The Municipality assumes full responsibility for the design, installation, testing and operation of any sanitary sewer and water main infrastructure within the improvement project and relieves the state and all of its employees from liability for all suits, actions, or claims resulting from the sanitary sewer and water main construction under this agreement.

b. The Municipality assumes full responsibility for the plans and special provisions provided by their designer or anyone hired, contracted or otherwise engaged by the Municipality. The Municipality is responsible for any expense or cost resulting from any error or omission in such plans or special provisions. The Municipality will reimburse State if State incurs any cost or expense in order to correct or otherwise remedy such error or omission or consequences of such error or omission.

c. The Municipality will be 100% responsible for all costs associated with utility issues involving the Contractor, including costs related to utility delays.

d. All signs and traffic control devices and other protective structures erected on or in connection with the project including such of these as are installed at the sole cost and expense of the Municipality or by others, will be in conformity with such *Manual of Uniform Traffic Control Devices* as may be adopted by the American Association of State Highway and Transportation Officials, approved by the State, and concurred in by the Federal Highway Administration.

e. The right-of-way available or provided for the project will be held and maintained inviolate for public highway or street purposes. Those signs prohibited under federal aid highway regulations, posters, billboards, roadside stands, or other private installations prohibited by federal or state highway regulations will not be permitted within the right-of-way limits of the project. The Municipality, within its jurisdictional limits, will remove or cause to be removed from the right-of-way of the project all private installations of whatever nature which may be or cause an obstruction or interfere with the free flow of traffic, or which may be or cause a hazard to traffic, or which impair the usefulness of the project and all other encroachments which may be required to be removed by the State at its own election or at the request of the Federal Highway Administration, and that no such installations will be permitted to be erected or maintained in the future.

f. The Municipality is responsible for any damage caused by legally hauled loads, including permitted oversize and overweight loads. The contractor is responsible for any damage caused to haul roads if the contractor does not obey size and weight laws, use properly equipped and maintained vehicles, and does not prevent spilling of materials onto the haul road (WisDOT *Standard Specifications* 618.1, 108.7, 107.8). The local maintaining authority can impose special or seasonal weight limitations as defined in Wis. Stat. 349.16, but this should not be used for the sole purpose of preventing hauling on the road.

The bid item 618.0100 Maintenance and Repair of Haul Roads (project) is ineligible for federal funding on local program projects as per the State/Municipal Agreement. The repair of damages as a result of hauling materials for the project is the responsibility of the Municipality as specified in the State/Municipal Agreement Terms and Conditions under "Municipal Responsibilities and Requirements."

LEGAL RELATIONSHIPS:

17. The State shall not be liable to the Municipality for damages or delays resulting from work by third parties. The State also shall be exempt from liability to the Municipality for damages or delays resulting from injunctions or other restraining orders obtained by third parties.

18. The State will not be liable to any third party for injuries or damages resulting from work under or for the Project. The Municipality and the Municipality's surety shall indemnify and save harmless the State, its officers and employees, from all suits, actions or claims of any character brought because of any injuries or damages received or sustained by any person, persons or property on account of the operations of the Municipality and its sureties; or on account of or in consequence of any neglect in safeguarding the work; or because of any act or omission, neglect or misconduct of the Municipality or its sureties; or because of any claims or amounts recovered for any infringement by the Municipality and its sureties of patent, trademark or copyright; or from any claims or amounts arising or recovered under the Worker's Compensation Act, relating to the employees of the Municipality and its sureties; or any other law, ordinance, order or decree relating to the Municipality's operations.

19. Contract modification: This State/Municipal Agreement can only modified by written instruments duly executed by both parties. No term or provision of either this State/Municipal Agreement or any of its attachments may be changed, waived or terminated orally.

20. Binding effects: All terms of this State/Municipal Agreement shall be binding upon and inure to the benefits of the legal representatives, successors and executors. No rights under this State/Municipal Agreement may be transferred to a third party. This State/Municipal Agreement creates no third-party enforcement rights.

21. Choice of law and forum: This State/Municipal Agreement shall be interpreted and enforced in accordance with the laws of the State of Wisconsin. The Parties hereby expressly agree that the terms contained herein and in any deed executed pursuant to this State/Municipal Agreement are enforceable by an action in the Circuit Court of Dane County, Wisconsin.

PROJECT FUNDING CONDITIONS

22. Non-appropriation of funds: With respect to any payment required to be made by the State under this State/Municipal Agreement, the parties acknowledge the State's authority to make such payment is contingent upon appropriation of funds and required legislative approval sufficient for such purpose by the Legislature. If such funds are not so appropriated, either the Municipality or the State may terminate this State/Municipal Agreement after providing written notice not less than thirty (30) days before termination.

23. Maintenance of records: During the term of performance of this State/Municipal Agreement, and for a period not less than three years from the date of final payment to the Municipality, records and accounts pertaining to the performance of this State/Municipal Agreement are to be kept available for inspection and audit by representatives of the State. The State reserves the right to audit and inspect such records and accounts at any time. The Municipality shall provide appropriate accommodations for such audit and inspection.

    In the event that any litigation, claim or audit is initiated prior to the expiration of said records maintenance period, the records shall be retained until such litigation, claim or audit involving the records is complete.

24. The Municipality agrees to the following 2024-2027 HSIP project funding conditions:

    a. ID 6521-05-00: Design is funded with 90% federal funding up to a funding limit of **$287,370** when the Municipality agrees to provide the remaining 10% and any funds in excess of the **$287,370** federal funding limit. This phase includes plan development and state review. The work includes project review, approval of required reports and documents and processing the final Plan, Specification & Estimate (PS&E) document for award of the contract. Costs for this phase include an estimated amount for state review activities, to be funded 90% with federal funding and 10% by the Municipality.

b. Real estate is funded 100% by the Municipality. Real estate acquisition is 100% the responsibility of the Municipality.

c. Costs for utility items are funded 100% by the Municipality.

d. ID 6521-05-70: Construction:

   i. Costs for roadway reconstruction are funded with 90% federal funding up to a funding limit of **$1,478,250**, when the Municipality agrees to provide the remaining 10%, and any funds in excess of the **$1,478,250** federal funding limit.

   ii. Non-participating costs are funded 100% by the Municipality. Costs include construction delivery.

   iii. Costs for this phase include an estimated amount for state review activities, to be funded 90% with federal funding and 10% by the Municipality.

e. ID 6521-05-71: Construction:

   ii. Costs for roadway reconstruction are funded with 90% federal funding up to a funding limit of **$1,517,965**, when the Municipality agrees to provide the remaining 10%, and any funds in excess of the **$1,517,965** federal funding limit.

   ii. Non-participating costs are funded 100% by the Municipality. Costs include construction delivery.

   iii. Costs for this phase include an estimated amount for state review activities, to be funded 90% with federal funding and 10% by the Municipality.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request to support future funding for the CTH A & CTH S intersection and pavement rehabilitation.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Highway Department submitted an application for Highway Safety Improvement Funds (HSIP) and was approved for 90% federal funding for the project. The project includes construction of a roundabout at the intersection of CTH S & CTH A and paved shoulder on CTH A. The cost of the project is anticipated to be $4,063,639 of which the federal funding is capped at $3,283,585. The county would be responsible for $780,054 which is 10% and any excess. The project is scheduled for the year 2029 county share, along with the federal portion to account for the full cost of construction will be included in the 2029 Highway budget.

Therefore, the Highway Department is seeking support from the County Board to grant the Highway Commissioner authority to enter into a State Municipal Agreement for the project and to support future funding of the CTH S & CTH A intersection construction.

Outagamie County **2-27-24 County Board Meeting - February 27 2024 07:28:37 PM**

February 23, 2024 County Board Meeting

OpenMeeting

RESOLUTION NO.: 98—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***3/4 MAJORITY – 27 VOTES***

Pursuant to §59.52(29)(a) Wis. Stats., all public work, including any contract for the construction, repair, remodeling or improvement of any public work, building or furnishing of supplies or material of any kind where the estimated cost of such work will exceed $25,000 shall be let by contract to the lowest responsible bidder. However, the board may, by a three-fourths vote, provide that any class of public work or any part thereof may be done directly by the county without submitting the same for bids.

It has been determined that it is most cost effective to utilize the Outagamie County Highway Department to complete various paving, earthwork and site prep projects in 2024 for internal county departments given the current bidding environment and scheduling challenges. These may include, but are not limited to, the following projects:

- Parks – Plamann Park paving and related work. Estimated cost of $3.3 million with sufficient funding budgeted in 2024.
- Parks – Plamann Park Ash Tree removal. Estimated cost of $200,000 budgeted in 2024.
- Airport – Various paving, earthwork and site prep items within the 2024 Airport CIP. Estimated cost ranging from $1.5 million to $2.5 million with sufficient funding budgeted in 2024.
- Maintenance – Rehabilitation of Sheriff's Office parking lots. Estimated cost of $73,900 with sufficient funding budgeted in 2024.
- Maintenance – Rehabilitation of downtown Courthouse campus parking lot. Estimated cost of $84,000 with sufficient funding budgeted in 2024.

The County Highway Department is able to complete the work due to budgeting annually for other internal county department work. Therefore, this request is for approval by the County Board to allow internal county departments to utilize the Outagamie County Highway Department to complete these and any other 2024 internal projects the Highway Department is able to complete within their annual work plan. At this time, no budget adjustment is required as there is an allocation of cost and related revenue for internal county work included in the 2024 budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does allow the Outagamie County Highway Department to perform paving and related work at Plamann Park; Ash Tree removal at Plamann Park; paving, earthwork and site prep items within the 2024 Airport CIP at the Airport;

parking lot rehabilitation at the Sheriff's Office; parking lot rehabilitation at the downtown Courthouse campus; and other work for internal Outagamie County departments in calendar year 2024 when deemed cost effective and beneficial to county operations without requesting bids on projects that will exceed $25,000 with no budget adjustment needed as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner, the Outagamie County Parks Director, the Appleton International Airport Director, the Outagamie County Facilities Director, the Outagamie County Executive, and the Outagamie County Finance Director.

Dated this 13th day of February 2024

Respectfully submitted,
PROPERTY, AIRPORT, RECREATION &
ECONOMIC DEVELOPMENT COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request approval to utilize Outagamie County Highway Department for internal county department paving and other earthwork & site prep projects in 2024.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

It has been determined that it is most cost effective to utillze the Outagamie County Highway Department to complete carious paving, earthwork and site prep projects in 2024 for internal county departments given the current bidding environment and scheduling challenges. These may include but are not limited to the following projects:

1) Parks- Plamann Park paving and related work. Estimated cost of $3.3 million with sufficient funding currently budgeted in 2024
2) Parks – Plamann Park Ash Tree Removal. Estimated cost of $200,000 budgeted in 2024
3) Airport - There are various paving, earthwork and site prep items within the Airport CIP in 2024 that Highway could complete ranging from $1.5 - $2.5M, in total. These projects are budgeted in 2024 and sufficient funding is available.
4) Maintenance – Sheriff's parking lots rehabilitation. Estimated cost of $73,900 budgeted in 2024.
5) Maintenance – Courthouse campus parking lot rehabilitation. Estimated cost $84,000 budgeted in 2024.

The Highway Department is able to compete the work due to budgeting annually for other internal county department work. Therefore, this request is for approval by the County Board to allow internal country departments to utilize the Outagamie County Highway Department to complete these and any other 2024 internal projects the Highway Department is able to complete within their annual work plan. At this time, no budget adjustment is required as there is an allocation of cost and related revenues for internal county work included in the 2024 budget.

February 23, 2024 County Board Meeting

OpenMeeting

RESOLUTION NO.: 99—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Appleton International Airport is requesting approval to grant an easement to ANR Pipeline Company for construction of a gas line on Airport land (property description in the attached Easement and Right-Of-Way Agreements). ANR Pipeline will pay the Airport $89,975 for access rights. Included in the $89,975 is $20,000 which covers two years of lost revenue from farmland leases. A budget adjustment is needed for 2024 to account for the $69,975. The farmland has already been included in the budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of granting ANR Pipeline Company an Easement for construction of a gas line on Appleton International Airport owned land, Parcel Numbers 006000101, 006000201, and 006000202, as noted on the attached Easement and Right of Way Agreements, Exhibit "A", Supplemental Agreements, Landowner Payment Summary, and Request for Taxpayer Identification Number and Certification, said documents to be signed by the Outagamie County Executive, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Airport Rental Properties Rent-Land & Bids line item by $69,975 and decreasing the Airport Terminal Fund Balance Applied line item by $69,975 as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Appleton International Airport Director, the Outagamie County Executive, and the Outagamie County Finance Director.

Dated this 13th day of February 2024

Respectfully submitted,

WHEREAS, Grantee desires the right to use an easement and right of way in connection with the construction, operation, and maintenance of Grantee's Facilities (as defined below), on, over, under and through Grantor's Property, which easement and right of way is more particularly described in Exhibit A attached hereto and incorporated herein.

NOW THEREFORE, in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in further consideration of the mutual covenants and promises contained herein, the Parties hereto, intending to be legally bound, hereby promise and agree as follows:

1. **Grant of Easement**. Grantor, for itself, its heirs, executors, administrators, successors and assigns, hereby grants, sells, conveys and warrants to Grantee, for itself, its employees, agents, contractors, subcontractors, successors and assigns, an exclusive perpetual easement and right of way to survey, excavate, fabricate, lay, construct, install, inspect, maintain, improve, operate, make use of, repair, relocate, replace, alter, change the size of, upgrade, reconstruct, remove and/or abandon in place one or more pipelines and all above and below ground equipment and appurtenances thereto, including, but not limited to, roadways, fittings, launchers, receivers, cathodic protection equipment, pipeline markers, overhead or

underground electric lines, regulators (collectively, the "**Facilities**") for the transportation of natural gas, hydrocarbon, petroleum products, petroleum byproducts, and any of their constituents, water and/or any other substances that can be transported through pipelines, on, over, under, across and/or through a strip of land 50 feet in width, as more particularly described in Exhibit A (the "**Right of Way**") together with all privileges necessary or convenient for the full use of the rights herein granted, and the right of pedestrian and vehicular ingress and egress over and across the Property and any adjacent land owned by Grantor, including, without limitation, the right to open, construct, improve, repair, maintain, and use existing and future roads and gates located on Grantor's Property.

2. **Temporary Easement Area**. In addition to the perpetual Right of Way granted hereunder, during the original construction of the Facilities (including, without limitation, Grantee's reclamation, mitigation and/or restoration activities), Grantee shall be entitled to use the areas that may be defined as "Temporary Work Space", "Additional Temporary Work Space" and/or "Staging Area" (collectively, the "**Temporary Easement Area**") as shown on Exhibit A for the surveying, laying, and constructing of the Facilities installed pursuant to the terms herein and all activities incident thereto.

3. **Location**. Grantor and Grantee acknowledge that the actual location of the Right of Way and/or Temporary Easement Area may change because of engineering and/or other site or construction related factors. In such event, Grantor agrees to execute and deliver to Grantee any additional documents needed to correct the legal description of the Right of Way and/or Temporary Easement Area to conform to the actual location of the Right of Way and/or Temporary Easement Area. If such documents are required, they will be prepared by Grantee at Grantee's expense.

4. **Grantor's Continuing Rights / Encroachments**. Grantor may fully use and enjoy the Right of Way and the Temporary Easement Area to the extent that such use and enjoyment does not interfere with Grantee's rights under this Agreement or create an actual or potential hazard to the Facilities or Grantee's exercise of its rights hereunder; provided, however, Grantor shall not (i) place or permit to be placed any temporary or permanent structure or encroachment of any kind, including but not limited to buildings, mobile homes, trees, telephone poles or wires, electric poles or wires, water or sewer lines, meters or utility boxes, paved roads or passage ways or the like, in, on, over, or under the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities), unless specifically approved in writing by Grantee, (ii) excavate or otherwise alter the ground elevation or otherwise create a water impoundment over the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities), (iii) change the depth of cover over the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities) containing any installed pipeline or facility, without the prior written consent of Grantee, and (iv) store any materials of any kind or operate or allow to be operated any heavy machinery or equipment over the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities), nor cause the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities) to be covered by standing water, except in the course of normal seasonal irrigation. Grantee shall have the right to clear the Right of Way and Temporary Easement Area of all such encroachments, and clear, cut, trim and remove any and all trees, brush, shrubbery, overhanging branches or other vegetation from the Right of Way and Temporary Easement Area, using methods permitted by law, and Grantee shall have no liability to Grantor for any claims, damages or other losses associated with Grantee's exercise of its rights to clear the Right of Way and/or Temporary Easement Area of all encroachments and vegetation. Grantor agrees to abide by Grantee's reasonable guidelines related to the safe operation and inspection of its pipelines and facilities and maintenance of the Right of Way and Temporary Easement Area. Grantor further agrees not to convey any other rights of way or other conflicting rights within the Right of Way and/or Temporary Easement Area to any third parties without the prior written consent of Grantee.

5. **Compliance with Applicable Laws**. Grantee shall comply with all applicable federal, state and local laws, regulations, orders and rules related to the exercise of Grantee's rights hereunder and each pipeline shall be installed at a depth conforming with industry standards and the requirements of applicable laws.

6. **Gas Service**. Grantor forever waives any present or future statutory, regulatory, judicial or contractual right which Grantor has or may have to receive gas service from any pipeline laid under this Agreement and, further, Grantor forever releases Grantee, from any present or future statutory, regulatory, judicial or contractual obligation, Grantee has, or may have, to provide natural gas service from any of its pipelines or storage facilities to any and all residences or structures on Grantor's Property.

7. **Indemnity**. Grantee agrees to indemnify and hold harmless Grantor from, against and in respect of any and all liability, claims, damages, costs, and losses of whatever character (collectively, the "**Claims**") arising from personal injury or death or damage to property of Grantor and any and all Claims of whatever character asserted by third parties, to the extent such Claims result from the gross negligence or willful misconduct of Grantee, its employees, agents, contractors and subcontractors in connection with the exercise of Grantee's rights under this Agreement. Grantor agrees to indemnify and hold harmless Grantee and its affiliates, subsidiaries, successors and assigns from, against, and in respect of any and all Claims arising from personal injury or death or damage to property of Grantee, its employees, agents, contractors, and subcontractors and any and all Claims of whatever character asserted by third parties, to

the extent such Claims result from the gross negligence or willful misconduct of Grantor or Grantor's invitees or licensees.

Notwithstanding the foregoing or anything to the contrary contained herein, Grantor acknowledges and agrees that Grantee has compensated Grantor, in advance, for any and all damages, costs and expenses which may arise out of, are connected with, or relate in any way to Grantor's conveyance, or Grantee's exercise, of the rights set forth herein, including but not limited to, any and all tree, crop, plant, timber, harvest or yield loss damages, or any other damages, costs and expenses attributable to or arising from Grantee's proper execution of the initial construction, mitigation, and restoration activities within the Right of Way and Temporary Easement Area and the proper installation, presence, maintenance or operation of the Facilities upon the Property. Notwithstanding the foregoing, nothing contained herein shall be construed to release Grantee from liability for any damages, costs or expenses caused solely by the gross negligence or willful misconduct of Grantee.

8. **Further Assurances**. Grantor shall execute and deliver such further instruments and take such other actions as may be reasonably requested by Grantee from time to time to effectuate, confirm or perfect the terms and intent of this Agreement and the rights granted to Grantee hereunder, including but not limited to joining in the execution of any and all governmental applications, authorizations, licenses, documents and title curative instruments.

9. **Additional Rights**. In addition to the rights granted herein, should restoration be required on the Property outside the easements granted herein, Grantee shall have the right to take all actions necessary to complete such restoration and such actions shall not constitute a trespass. Grantee shall pay Grantor the market rate to rent such property utilized during restoration.

10. **Successors and Assigns**. This Agreement and the covenants and agreements contained herein are covenants running with the land, shall be assignable in whole or in part, and shall be binding on and shall inure to the benefit of the Parties hereto and their respective heirs, successors, assigns, executors, administrators, and legal representatives.

11. **Severability**. In the event any provision or any portion of any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable by reason of any law or public policy, such provision or portion thereof shall be considered to be deleted, and the remainder of this Agreement shall constitute the agreement between the Parties hereto covering the subject matter hereof.

12. **Entire Agreement; Modification**. This Agreement and any exhibits attached hereto constitutes the full and entire agreement of the Parties regarding the subject matter hereof and supersedes all prior or contemporaneous verbal or written agreements, representations or understandings pertaining thereto. This Agreement may be modified or amended only by a written agreement signed by each of the Parties hereto.

13. **Governing Law**. This Agreement shall be governed by the laws of the State in which the Property is located, without regard to conflicts laws or choice of law rules thereof.

14. **Joint Efforts**. The Parties stipulate and agree that this Agreement shall be deemed and considered for all purposes as prepared through the joint effort of the Parties and shall not be construed against one or the other as a result of the preparation, submittal, recording, or other event of negotiation, drafting or execution hereof.

15. **Authority**. Each Party and signatory to this Agreement represents and warrants to the other Party that it has full power, authority and legal rights, and has obtained all approvals necessary, to execute, deliver and perform this Agreement. Grantor binds itself, its heirs, successors, assigns, executors, administrators, and legal representatives to warrant and forever defend the interests and rights conveyed herein unto Grantee, its successors and assigns, against every person whomsoever lawfully claims the same or any part thereof.

16. **Counterparts**. This Agreement may be executed in any number of counterparts, each of which shall constitute an original, but all of which shall constitute but one and the same instrument.

WHEREAS, Grantee desires the right to use an easement and right of way in connection with the construction, operation, and maintenance of Grantee's Facilities (as defined below), on, over, under and through Grantor's Property, which easement and right of way is more particularly described in Exhibit A attached hereto and incorporated herein.

NOW THEREFORE, in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in further consideration of the mutual covenants and promises contained herein, the Parties hereto, intending to be legally bound, hereby promise and agree as follows:

1. **Grant of Easement**. Grantor, for itself, its heirs, executors, administrators, successors and assigns, hereby grants, sells, conveys and warrants to Grantee, for itself, its employees, agents, contractors, subcontractors, successors and assigns, an exclusive perpetual easement and right of way to survey, excavate, fabricate, lay, construct, install, inspect, maintain, improve, operate, make use of, repair, relocate, replace, alter, change the size of, upgrade, reconstruct, remove and/or abandon in place one or more

pipelines and all above and below ground equipment and appurtenances thereto, including, but not limited to, roadways, fittings, launchers, receivers, cathodic protection equipment, pipeline markers, overhead or underground electric lines, regulators (collectively, the "**Facilities**") for the transportation of natural gas, hydrocarbon, petroleum products, petroleum byproducts, and any of their constituents, water and/or any other substances that can be transported through pipelines, on, over, under, across and/or through a strip of land 50 feet in width, as more particularly described in Exhibit A (the "**Right of Way**") together with all privileges necessary or convenient for the full use of the rights herein granted, and the right of pedestrian and vehicular ingress and egress over and across the Property and any adjacent land owned by Grantor, including, without limitation, the right to open, construct, improve, repair, maintain, and use existing and future roads and gates located on Grantor's Property.

2. **Temporary Easement Area**. In addition to the perpetual Right of Way granted hereunder, during the original construction of the Facilities (including, without limitation, Grantee's reclamation, mitigation and/or restoration activities), Grantee shall be entitled to use the areas that may be defined as "Temporary Work Space", "Additional Temporary Work Space" and/or "Staging Area" (collectively, the "**Temporary Easement Area**") as shown on Exhibit A for the surveying, laying, and constructing of the Facilities installed pursuant to the terms herein and all activities incident thereto.

3. **Location**. Grantor and Grantee acknowledge that the actual location of the Right of Way and/or Temporary Easement Area may change because of engineering and/or other site or construction related factors. In such event, Grantor agrees to execute and deliver to Grantee any additional documents needed to correct the legal description of the Right of Way and/or Temporary Easement Area to conform to the actual location of the Right of Way and/or Temporary Easement Area. If such documents are required, they will be prepared by Grantee at Grantee's expense.

4. **Grantor's Continuing Rights / Encroachments**. Grantor may fully use and enjoy the Right of Way and the Temporary Easement Area to the extent that such use and enjoyment does not interfere with Grantee's rights under this Agreement or create an actual or potential hazard to the Facilities or Grantee's exercise of its rights hereunder; provided, however, Grantor shall not (i) place or permit to be placed any temporary or permanent structure or encroachment of any kind, including but not limited to buildings, mobile homes, trees, telephone poles or wires, electric poles or wires, water or sewer lines, meters or utility boxes, paved roads or passage ways or the like, in, on, over, or under the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities), unless specifically approved in writing by Grantee, (ii) excavate or otherwise alter the ground elevation or otherwise create a water impoundment over the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities), (iii) change the depth of cover over the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities) containing any installed pipeline or facility, without the prior written consent of Grantee, and (iv) store any materials of any kind or operate or allow to be operated any heavy machinery or equipment over the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities), nor cause the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities) to be covered by standing water, except in the course of normal seasonal irrigation. Grantee shall have the right to clear the Right of Way and Temporary Easement Area of all such encroachments, and clear, cut, trim and remove any and all trees, brush, shrubbery, overhanging branches or other vegetation from the Right of Way and Temporary Easement Area, using methods permitted by law, and Grantee shall have no liability to Grantor for any claims, damages or other losses associated with Grantee's exercise of its rights to clear the Right of Way and/or Temporary Easement Area of all encroachments and vegetation. Grantor agrees to abide by Grantee's reasonable guidelines related to the safe operation and inspection of its pipelines and facilities and maintenance of the Right of Way and Temporary Easement Area. Grantor further agrees not to convey any other rights of way or other conflicting rights within the Right of Way and/or Temporary Easement Area to any third parties without the prior written consent of Grantee.

5. **Compliance with Applicable Laws**. Grantee shall comply with all applicable federal, state and local laws, regulations, orders and rules related to the exercise of Grantee's rights hereunder and each pipeline shall be installed at a depth conforming with industry standards and the requirements of applicable laws.

6. **Gas Service**. Grantor forever waives any present or future statutory, regulatory, judicial or contractual right which Grantor has or may have to receive gas service from any pipeline laid under this Agreement and, further, Grantor forever releases Grantee, from any present or future statutory, regulatory, judicial or contractual obligation, Grantee has, or may have, to provide natural gas service from any of its pipelines or storage facilities to any and all residences or structures on Grantor's Property.

7. **Indemnity**. Grantee agrees to indemnify and hold harmless Grantor from, against and in respect of any and all liability, claims, damages, costs, and losses of whatever character (collectively, the "**Claims**") arising from personal injury or death or damage to property of Grantor and any and all Claims of whatever character asserted by third parties, to the extent such Claims result from the gross negligence or willful misconduct of Grantee, its employees, agents, contractors and subcontractors in connection with

the exercise of Grantee's rights under this Agreement. Grantor agrees to indemnify and hold harmless Grantee and its affiliates, subsidiaries, successors and assigns from, against, and in respect of any and all Claims arising from personal injury or death or damage to property of Grantee, its employees, agents, contractors, and subcontractors and any and all Claims of whatever character asserted by third parties, to the extent such Claims result from the gross negligence or willful misconduct of Grantor or Grantor's invitees or licensees.

Notwithstanding the foregoing or anything to the contrary contained herein, Grantor acknowledges and agrees that Grantee has compensated Grantor, in advance, for any and all damages, costs and expenses which may arise out of, are connected with, or relate in any way to Grantor's conveyance, or Grantee's exercise, of the rights set forth herein, including but not limited to, any and all tree, crop, plant, timber, harvest or yield loss damages, or any other damages, costs and expenses attributable to or arising from Grantee's proper execution of the initial construction, mitigation, and restoration activities within the Right of Way and Temporary Easement Area and the proper installation, presence, maintenance or operation of the Facilities upon the Property. Notwithstanding the foregoing, nothing contained herein shall be construed to release Grantee from liability for any damages, costs or expenses caused solely by the gross negligence or willful misconduct of Grantee.

8. **Further Assurances**. Grantor shall execute and deliver such further instruments and take such other actions as may be reasonably requested by Grantee from time to time to effectuate, confirm or perfect the terms and intent of this Agreement and the rights granted to Grantee hereunder, including but not limited to joining in the execution of any and all governmental applications, authorizations, licenses, documents and title curative instruments.

9. **Additional Rights**. In addition to the rights granted herein, should restoration be required on the Property outside the easements granted herein, Grantee shall have the right to take all actions necessary to complete such restoration and such actions shall not constitute a trespass. Grantee shall pay Grantor the market rate to rent such property utilized during restoration.

10. **Successors and Assigns**. This Agreement and the covenants and agreements contained herein are covenants running with the land, shall be assignable in whole or in part, and shall be binding on and shall inure to the benefit of the Parties hereto and their respective heirs, successors, assigns, executors, administrators, and legal representatives.

11. **Severability**. In the event any provision or any portion of any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable by reason of any law or public policy, such provision or portion thereof shall be considered to be deleted, and the remainder of this Agreement shall constitute the agreement between the Parties hereto covering the subject matter hereof.

12. **Entire Agreement; Modification**. This Agreement and any exhibits attached hereto constitutes the full and entire agreement of the Parties regarding the subject matter hereof and supersedes all prior or contemporaneous verbal or written agreements, representations or understandings pertaining thereto. This Agreement may be modified or amended only by a written agreement signed by each of the Parties hereto.

13. **Governing Law**. This Agreement shall be governed by the laws of the State in which the Property is located, without regard to conflicts laws or choice of law rules thereof.

14. **Joint Efforts**. The Parties stipulate and agree that this Agreement shall be deemed and considered for all purposes as prepared through the joint effort of the Parties and shall not be construed against one or the other as a result of the preparation, submittal, recording, or other event of negotiation, drafting or execution hereof.

15. **Authority**. Each Party and signatory to this Agreement represents and warrants to the other Party that it has full power, authority and legal rights, and has obtained all approvals necessary, to execute, deliver and perform this Agreement. Grantor binds itself, its heirs, successors, assigns, executors, administrators, and legal representatives to warrant and forever defend the interests and rights conveyed herein unto Grantee, its successors and assigns, against every person whomsoever lawfully claims the same or any part thereof.

16. **Counterparts**. This Agreement may be executed in any number of counterparts, each of which shall constitute an original, but all of which shall constitute but one and the same instrument.

WHEREAS, Grantee desires the right to use an easement and right of way in connection with the construction, operation, and maintenance of Grantee's Facilities (as defined below), on, over, under and through Grantor's Property, which easement and right of way is more particularly described in Exhibit A attached hereto and incorporated herein.

NOW THEREFORE, in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in further consideration of the mutual covenants and promises contained herein, the Parties hereto, intending to be legally bound, hereby promise and agree as follows:

1. **Grant of Easement**. Grantor, for itself, its heirs, executors, administrators, successors and assigns, hereby grants, sells, conveys and warrants to Grantee, for itself, its employees, agents, contractors, subcontractors, successors and assigns, an exclusive perpetual easement and right of way to survey, excavate, fabricate, lay, construct, install, inspect, maintain, improve, operate, make use of, repair, relocate, replace, alter, change the size of, upgrade, reconstruct, remove and/or abandon in place one or more pipelines and all above and below ground equipment and appurtenances thereto, including, but not limited to, roadways, fittings, launchers, receivers, cathodic protection equipment, pipeline markers, overhead or underground electric lines, regulators (collectively, the "**Facilities**") for the transportation of natural gas, hydrocarbon, petroleum products, petroleum byproducts, and any of their constituents, water and/or any other substances that can be transported through pipelines, on, over, under, across and/or through a strip of land 50 feet in width, as more particularly described in Exhibit A (the "**Right of Way**") together with all privileges necessary or convenient for the full use of the rights herein granted, and the right of pedestrian and vehicular ingress and egress over and across the Property and any adjacent land owned by Grantor, including, without limitation, the right to open, construct, improve, repair, maintain, and use existing and future roads and gates located on Grantor's Property.

2. **Temporary Easement Area**. In addition to the perpetual Right of Way granted hereunder, during the original construction of the Facilities (including, without limitation, Grantee's reclamation, mitigation and/or restoration activities), Grantee shall be entitled to use the areas that may be defined as "Temporary Work Space", "Additional Temporary Work Space" and/or "Staging Area" (collectively, the

"**Temporary Easement Area**") as shown on Exhibit A for the surveying, laying, and constructing of the Facilities installed pursuant to the terms herein and all activities incident thereto.

3. **Location**. Grantor and Grantee acknowledge that the actual location of the Right of Way and/or Temporary Easement Area may change because of engineering and/or other site or construction related factors. In such event, Grantor agrees to execute and deliver to Grantee any additional documents needed to correct the legal description of the Right of Way and/or Temporary Easement Area to conform to the actual location of the Right of Way and/or Temporary Easement Area. If such documents are required, they will be prepared by Grantee at Grantee's expense.

4. **Grantor's Continuing Rights / Encroachments**. Grantor may fully use and enjoy the Right of Way and the Temporary Easement Area to the extent that such use and enjoyment does not interfere with Grantee's rights under this Agreement or create an actual or potential hazard to the Facilities or Grantee's exercise of its rights hereunder; provided, however, Grantor shall not (i) place or permit to be placed any temporary or permanent structure or encroachment of any kind, including but not limited to buildings, mobile homes, trees, telephone poles or wires, electric poles or wires, water or sewer lines, meters or utility boxes, paved roads or passage ways or the like, in, on, over, or under the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities), unless specifically approved in writing by Grantee, (ii) excavate or otherwise alter the ground elevation or otherwise create a water impoundment over the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities), (iii) change the depth of cover over the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities) containing any installed pipeline or facility, without the prior written consent of Grantee, and (iv) store any materials of any kind or operate or allow to be operated any heavy machinery or equipment over the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities), nor cause the Right of Way and/or the Temporary Easement Area (during the original construction of the Facilities) to be covered by standing water, except in the course of normal seasonal irrigation. Grantee shall have the right to clear the Right of Way and Temporary Easement Area of all such encroachments, and clear, cut, trim and remove any and all trees, brush, shrubbery, overhanging branches or other vegetation from the Right of Way and Temporary Easement Area, using methods permitted by law, and Grantee shall have no liability to Grantor for any claims, damages or other losses associated with Grantee's exercise of its rights to clear the Right of Way and/or Temporary Easement Area of all encroachments and vegetation. Grantor agrees to abide by Grantee's reasonable guidelines related to the safe operation and inspection of its pipelines and facilities and maintenance of the Right of Way and Temporary Easement Area. Grantor further agrees not to convey any other rights of way or other conflicting rights within the Right of Way and/or Temporary Easement Area to any third parties without the prior written consent of Grantee.

5. **Compliance with Applicable Laws**. Grantee shall comply with all applicable federal, state and local laws, regulations, orders and rules related to the exercise of Grantee's rights hereunder and each pipeline shall be installed at a depth conforming with industry standards and the requirements of applicable laws.

6. **Gas Service**. Grantor forever waives any present or future statutory, regulatory, judicial or contractual right which Grantor has or may have to receive gas service from any pipeline laid under this Agreement and, further, Grantor forever releases Grantee, from any present or future statutory, regulatory, judicial or contractual obligation, Grantee has, or may have, to provide natural gas service from any of its pipelines or storage facilities to any and all residences or structures on Grantor's Property.

7. **Indemnity**. Grantee agrees to indemnify and hold harmless Grantor from, against and in respect of any and all liability, claims, damages, costs, and losses of whatever character (collectively, the "**Claims**") arising from personal injury or death or damage to property of Grantor and any and all Claims of whatever character asserted by third parties, to the extent such Claims result from the gross negligence or willful misconduct of Grantee, its employees, agents, contractors and subcontractors in connection with the exercise of Grantee's rights under this Agreement. Grantor agrees to indemnify and hold harmless Grantee and its affiliates, subsidiaries, successors and assigns from, against, and in respect of any and all Claims arising from personal injury or death or damage to property of Grantee, its employees, agents, contractors, and subcontractors and any and all Claims of whatever character asserted by third parties, to the extent such Claims result from the gross negligence or willful misconduct of Grantor or Grantor's invitees or licensees.

Notwithstanding the foregoing or anything to the contrary contained herein, Grantor acknowledges and agrees that Grantee has compensated Grantor, in advance, for any and all damages, costs and expenses which may arise out of, are connected with, or relate in any way to Grantor's conveyance, or Grantee's exercise, of the rights set forth herein, including but not limited to, any and all tree, crop, plant, timber, harvest or yield loss damages, or any other damages, costs and expenses attributable to or arising from Grantee's proper execution of the initial construction, mitigation, and restoration activities within the Right of Way and Temporary Easement Area and the proper installation, presence, maintenance or operation of the Facilities upon the Property. Notwithstanding the foregoing, nothing contained herein shall be construed to release Grantee from liability for any damages, costs or expenses caused solely by the gross negligence or willful misconduct of Grantee.

8. **Further Assurances**. Grantor shall execute and deliver such further instruments and take such other actions as may be reasonably requested by Grantee from time to time to effectuate, confirm or perfect the terms and intent of this Agreement and the rights granted to Grantee hereunder, including but not limited to joining in the execution of any and all governmental applications, authorizations, licenses, documents and title curative instruments.

9. **Additional Rights**. In addition to the rights granted herein, should restoration be required on the Property outside the easements granted herein, Grantee shall have the right to take all actions necessary to complete such restoration and such actions shall not constitute a trespass. Grantee shall pay Grantor the market rate to rent such property utilized during restoration.

10. **Successors and Assigns**. This Agreement and the covenants and agreements contained herein are covenants running with the land, shall be assignable in whole or in part, and shall be binding on and shall inure to the benefit of the Parties hereto and their respective heirs, successors, assigns, executors, administrators, and legal representatives.

11. **Severability**. In the event any provision or any portion of any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable by reason of any law or public policy, such provision or portion thereof shall be considered to be deleted, and the remainder of this Agreement shall constitute the agreement between the Parties hereto covering the subject matter hereof.

12. **Entire Agreement; Modification**. This Agreement and any exhibits attached hereto constitutes the full and entire agreement of the Parties regarding the subject matter hereof and supersedes all prior or contemporaneous verbal or written agreements, representations or understandings pertaining thereto. This Agreement may be modified or amended only by a written agreement signed by each of the Parties hereto.

13. **Governing Law**. This Agreement shall be governed by the laws of the State in which the Property is located, without regard to conflicts laws or choice of law rules thereof.

14. **Joint Efforts**. The Parties stipulate and agree that this Agreement shall be deemed and considered for all purposes as prepared through the joint effort of the Parties and shall not be construed against one or the other as a result of the preparation, submittal, recording, or other event of negotiation, drafting or execution hereof.

15. **Authority**. Each Party and signatory to this Agreement represents and warrants to the other Party that it has full power, authority and legal rights, and has obtained all approvals necessary, to execute, deliver and perform this Agreement. Grantor binds itself, its heirs, successors, assigns, executors, administrators, and legal representatives to warrant and forever defend the interests and rights conveyed herein unto Grantee, its successors and assigns, against every person whomsoever lawfully claims the same or any part thereof.

16. **Counterparts**. This Agreement may be executed in any number of counterparts, each of which shall constitute an original, but all of which shall constitute but one and the same instrument.

Confidential Supplemental Agreement

This Confidential Supplemental Agreement ("**Supplemental Agreement**") is entered into as of the _____ day of 20_____, by and between **Outagamie County,** whose address is **W6390 Challenger Drive, Ste. 201, Appleton, Wisconsin 54914,** whether one or more, and their heirs, successors and assigns (the "**Landowner**"), and ANR Pipeline Company, a Delaware corporation, and its successors and assigns ("**ANR**").

WHEREAS, Landowner and **ANR** entered into that certain Easement and Right-of-Way Agreement (the "**Agreement**"), attached hereto as Exhibit "A"; and

WHEREAS, Landowner and **ANR** desire to memorialize certain independent and collateral covenants related to the Agreement in this Supplemental Agreement.

WHEREAS, The Construction Work Area (CWA) is defined as the entirety of the Workspaces referenced to in the Agreement, including all Temporary, Permanent, Staging and Access Roads more particularly described in Exhibit A

NOW THEREFORE, in consideration of mutual promises and agreements herein contained and for other good and valuable consideration, the receipt whereof is hereby acknowledged, Landowner and **ANR** do hereby agree as follows:

1. **Confidentiality.** Landowner agrees that this Supplemental Agreement is a confidential agreement and Landowner shall not disclose the existence, conditions or the terms of this Supplemental Agreement to third-parties other than to consult with Landowner's legal, tax, financial, and accounting advisors. In no event shall this Supplemental Agreement be recorded.

2. **Miscellaneous.** The terms of the Agreement are incorporated herein by reference and in the event of any conflict between the Agreement and this Supplemental Agreement, the terms of this Supplemental Agreement shall govern and control. Except for purposes of the construction and enforcement of this Supplemental Agreement, the terms and conditions of the Agreement shall remain unmodified. The Agreement, together with this Supplemental Agreement, constitutes the entire agreement between Landowner and **ANR** with respect to the subject matter hereof, and shall inure to the benefit of and be binding on the Landowner's heirs, successors and assigns and **ANR's** successors and assigns.

3. **Pre-construction assessments.** Prior to the start of construction, ANR may conduct various pre-construction baseline assessments, including but not limited to, pond turbidity baseline assessments, septic system impact assessments, water well quality and/or quantity

baseline assessments and foundation baseline inspections. ANR agrees to make prior notification before the conduction of pre-construction assessments and Landowner agrees to reasonably accommodate the access needed.

4. **De-Watering.** In the event water pumping from ditch lines becomes necessary ANR may place, at its sole discretion, any appropriate de-watering structures, including but not limited to filter bags, straw bales, and/or filter sock, outside of but immediately adjacent to the CWA, as defined in the Agreement. De-watering will be completed in a manner that avoids damaging adjacent agricultural land, crops, and/or pasture. In the event ANR's de-watering activities create the need for restoration to Landowner's land, crops, pasture, etc., ANR will provide Landowner reasonable compensation to restore such disturbed areas to their pre-construction condition.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for ANR Pipeline Easement at Appleton International Airport

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Appleton International Airport is requesting to grant an easement to ANR Pipeline for construction of a gas line on airport land. ANR Pipeline will pay the Airport $89,975 for access rights. Included in the $89,975 is $20,000 which covers 2 years of lost revenue from farmland leases. A budget adjustment is needed for 2024 to account for the $69,975. The farmland has already been included in the budget.

Outagamie County — 2-13-24 County Board Meeting - February 13 2024 07:11:10 PM — OpenMeeting

February 23, 2024 County Board Meeting

RESOLUTION NO.: 100—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office is requesting approval to apply for, accept, and expend the 2023 Justice Assistance Grant (JAG) issued by the US Department of Justice. This is a joint grant between the Sheriff's Office and the City of Appleton. The grant award for 2023 is $24,843. The City of Appleton Police Department will receive $12,422 and the Sheriff's Office will receive $12,421. The Sheriff's Office will use their portion of the grant funding toward Viper A-5 ballistic helmets and Streamlight ProTAC flashlights for officers to utilize during active shooter, rescue task force, or other high risk incidents. The helmets will provide the officers with protection from blunt force, blast and ballistic impacts during active shooter incidents in schools, churches, shopping centers or other public venues where an immediate law enforcement response is critical to prevent additional victims or necessary to provide immediate evacuation of injured citizens for medical treatment. The helmets are lightweight and highly customizable to ensure a proper fit and protection for officers. The flashlights are small, lightweight, and provide a high lumen and long run-time to ensure adequate lighting during those high risk search and rescue missions.

While the grant year references 2023, funds will be received and expended in 2024. There is no match required for the grant.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Outagamie County Sheriff's Office to apply for, accept, and expend the 2023 Justice Assistance Grant (JAG) issued by the US Department of Justice, said grant funding to be used toward Viper A-5 ballistic helmets and Streamlight ProTAC flashlights as detailed in the attached Memorandum of Understanding Between the City of Appleton and Outagamie County, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Patrol Intergovernmental Revenue line item and Patrol Supplies line item by $12,421 each as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

MEMORANDUM OF UNDERSTANDING BETWEEN
THE CITY OF APPLETON AND OUTAGAMIE COUNTY

BJA FY 23 Edward Byrne Memorial Justice Assistance Grant (JAG) Program

This Memorandum of Understanding ("Agreement") is made and entered into by and between the City of Appleton, acting by and through its governing body, the City Council, hereinafter referred to as "City," and Outagamie County, acting by and through its governing body, the County Board, hereinafter referred to as "County," both of Outagamie County, State of Wisconsin.

WHEREAS, the 2023 Edward Byrne Memorial Justice Assistance Grant Program ("JAG Program") program allows states, tribes and local governments to support a broad range of activities to prevent and control crime based on their own local need and conditions; and

WHEREAS, each governing body finds that the performance of this agreement is in the best interests of both parties and that the undertaking will benefit the public; and

WHEREAS, the City was awarded JAG Program grant in the amount of Twenty Four Thousand Eight Hundred Forty-Three dollars and zero cents ($24,843.00); and

WHEREAS, the City shall retain Twelve Thousand Four Hundred Twenty-Two Dollars and no cents ($12,422.00) from the JAG Program grant for the purchase of law enforcement equipment; and

WHEREAS, the City agrees to provide the County Twelve Thousand Four Hundred Twenty-One Dollars and no cents ($12,421.00) from the JAG Program grant for the purchase of law enforcement equipment.

NOW THEREFORE, the undersigned agree to the following:

1) The City agrees to pay the County a total of Twelve Thousand Four Hundred Twenty-One Dollars and no cents ($12,421.00) of the JAG Program grant.

2) The County agrees to use the Twelve Thousand Four Hundred Twenty-One and no Cents ($12,421.00) for the purchase of law enforcement equipment by the end of the grant period.

3) Each party to this Agreement shall be responsible for its own actions in providing services under this Agreement and shall not be liable for any civil liability that may arise from the furnishing of the services by the other party.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** THE SHERIFF'S OFFICE TO APPLY, ACCEPT AND EXPEND GRANT FUNDS WITH THE CITY OF APPLETON FOR THE 2023 EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROGRAM

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Sheriff's Office requests approval to apply, accept and expend the 2023 JAG grant issued by the US Department of Justice. This is a joint grant between the Sheriff's Office and the City of Appleton. The grant award for 2023 is $24,843. The City of Appleton Police Department will receive $12,422 and the Sheriff's Office will receive $12,421. The Sheriff's Office will use their portion of the grant funding towards Viper A-5 ballistic helmets and Streamlight ProTAC flashlights for officers to utilize during active shooter, rescue task force, or other high risk incidents. The helmets will provide our officers with protection from blunt force, blast and ballistic impacts during active shooter incidents in schools, churches, shopping centers or other public venues where an immediate law enforcement response is critical to prevent additional victims or necessary to provide immediate evacuation of injured citizens for medical treatment. The helmets are lightweight and highly customizable to ensure a proper fit and protection for officers. The flashlights are small, lightweight and provide a high lumen and long run-time to ensure adequate lighting during those high risk, search and rescue missions. While the grant year references 2023, funds will be received and expended in 2024. There is no match required for the grant.

RESOLUTION NO.: 101—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Valley Packaging Industries (VPI) currently leases space within an Outagamie County owned building located at 3375 W. Brewster Street, Appleton. The most recent lease agreement with VPI was executed in 2014 and expired in 2015. The lease had an annual lease rate of $3.17 per square foot, however, VPI has been on a month-to-month basis since 2015 without a formal lease. An amendment to the 2014 lease was executed in 2021 that reduced the amount of building space VPI was leasing to 23,914 square feet for a monthly rate of $6,306.92, which equates to an annual square foot rate of $3.17, which is the same square foot rate as set in the 2014 agreement. VPI recently expressed their desire to vacate the building in order to find a building that better fits their evolving needs. However, VPI has requested to remain in the current building for up to nine additional months on a month-to-month basis as they search for a new location. A new lease was drafted to allow VPI to extend their lease on a month-to-month basis for up to nine months at a monthly rate of $8,299.75, which equates to an annual square foot rate of $4.17. While the monthly lease rate increased, the actual 2024 annual operating impact will not be known until VPI gives notice to terminate the lease due to the month-to-month terms.

No budget adjustment is needed at this time as revenues have already been included in the 2024 budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Lease Agreement between Outagamie County and Valley Packaging Industries for county owned property located at 3375 W. Brewster Street, Appleton for a monthly lease rate of $8,299.75 with no budget adjustment needed as revenues have already been included in the 2024 budget, as noted on the attached Lease Agreement and fiscal note which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that with passage of this resolution, the County Board Chairperson, County Executive, and County Clerk are authorized to execute the agreement on behalf of Outagamie County, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, the Outagamie County Finance Director, the Outagamie County Facilities Director, and the Outagamie County Development and Land Services Director.

VPI currently leases space within a County-owned building located at 3375 W Brewster Street, Appleton, WI. The most recent lease agreement with VPI was executed in 2014 and expired in 2015. That lease had an annual sf lease rate of $3.17 per sf, however VPI has been on a month-to-month basis since 2015 without a formal lease. An amendment to the 2014 lease was executed in 2021. That amendment reduced the amount of building space VPI was leasing to 23,914 sf at a monthly rate of $6,306.92, which equates to an annual sf rate of $3.17, which is the same sf rate as set in the 2014 agreement. VPI recently expressed their desire to vacate the building in order to find a building that better fits their evolving needs, However, VPI has asked to stay in this building for up to 9 additional months on a month-to-month basis as they search for a new location. A new lease was drafted to allow VPI to extend it lease on a month-to-month basis for up to 9 months at a monthly rate of $8,299.75, which equates to an annual sf rate of $4.17. While the monthly lease rate increased, the actual 2024 annual operating impact will not be known until VPI gives notice to terminate the lease due to the month-to-month terms.

LEASE AGREEMENT

This Lease made this ____ day of _____ 2023, by and between Outagamie County, (hereinafter referred to as "Lessor"), and the Valley Packaging Industries (hereinafter referred to as "Lessee" or "VPI").

I. WITNESSETH

WHEREAS, Lessor and Lessee entered into a lease in 2014 for the property located at 3375 W. Brewster Street, Appleton, Outagamie County, Wisconsin (hereinafter the property), which expired on _____, and

WHEREAS, Lessee has been on a month to month lease of the property since the expiration date identified above; and

WHEREAS, in 2021, Lessor and Lessee amended the lease to reduce the square footage occupied by Lessee to 23,914, modified the annual rent paid by Lessee to $75,683, and agreed to negotiate a new lease going forward, and

WHEREAS, the Lessor desires to lease 23,914 square feet of building space located within Lessor's building located at 3375 W. Brewster Street, Appleton, Outagamie County, Wisconsin identified as the "VPI Leased Space" on Appendix 1 attached hereto and incorporated herein (hereinafter the "Leased Premises") together with the surrounding grounds and shared access to adjacent parking lot, together with the right of ingress thereto and egress therefrom to the Lessee and the Lessee desires to continue its month to month occupancy for a period of not more than 9 months from the date of execution of this agreement,

NOW, THEREFORE, in consideration of the mutual promises of the Lessor and Lessee as set forth below, the Lessor and Lessee agree as follows:

II. GENERAL TERMS

1. Rent:

a. Lessor, in exchange for the rental rate and all other sums agreed to be paid by Lessee as outlined herein, shall provide the use and occupancy of the Leased Premises. That the said Lessee shall pay $8,299.75 per month for use of the Leased Premises during the term of this Lease Agreement.

b. All monthly rental payments are to be made on or before the first of each month to the Lessor c/o County Treasurer at its address:

Outagamie County Treasurer
320 S. Walnut St.,
Appleton, WI 54911

There is no pre-payment penalty.

2. Term and Termination:

a. Term: This Lease shall commence on the first of the month following execution of this Lease (hereinafter the "Occupancy Date"). The Lessee shall be allowed to occupy the Premise on a month-to-month basis following the Occupancy Date for a period not to exceed nine months from the date of execution.

b. Surrender of Premises and Holding Over: At the expiration of the term, the Lessee shall peaceably quit and surrender possession of said premises in the same condition as at the commencement of this Lease, reasonable wear and tear excepted, consistent with the rights and responsibilities outlined in Section III, F of this Lease regarding Tenant's removal of improvements. Lessee shall not occupy the premises after the expiration of the term for any reason unless otherwise approved by the parties in writing. Lessee may terminate the Lessor prior to the end of the term with 30 days notice to the Lessor.

c. Termination: Termination is limited to the following provisions:

i. Breach: In the event of a material breach of the terms of this agreement, either party shall provide written notice to the breaching party and provide the opportunity to cure prior to terminating the Lease Agreement. Upon receipt of notice of the breach, the non-breaching party shall give the breaching party 30-days to cure said breach. In the event the breaching party fails to cure, the non-breaching party may terminate the agreement unilaterally, by written notice delivered to the breaching party after the expiration of the 30-day period to cure.

ii. Termination without breach: Neither party may terminate this agreement without cause, unless otherwise agreed to by both of the parties in writing, or otherwise allowable under the terms contained in this Lease Agreement.

iii. The specified remedies to which the Lessor may resort under the terms of this Lease are cumulative and are not intended to be exclusive of any other remedies, or means of redress to which the Lessor may be lawfully entitled in case of any breach or threat to breach by the Lessee. If any provisions of this Lease shall be declared invalid or unenforceable, the remainder of the lease shall continue in full force and effect.

3. Rights Duties and Obligations:

a. Right of Entry: The Lessor and its representatives may enter the Leased Premises for the purpose of inspecting the Leased Premises, to perform any work which the Lessor elects to undertake made necessary by reason of the Lessee's default under the terms of this lease, or for showing the Leased Premises for sale, lease, or to obtain mortgage financing. Except in an emergency, all entry by Landlord into the Leased Premises shall be during Lessee's normal business hours and shall be preceded by not less than twenty-four (24) hours advance written notice (which, without limitation, may be by facsimile or e-mail) to Lessee's Director.

b. Abandonment by Lessee: It is further agreed that if the Lessee shall abandon or vacate said premises for a period of at least thirty (30) days before the termination of this lease, then and in either event, the Lessor may, at its option, re-let the same as it may see fit without such retaking affecting or terminating this lease.

c. Bankruptcy by Lessee: Should the Lessee file a petition for bankruptcy or have an involuntary petition in bankruptcy filed against it or make an assignment for the benefit of creditors, the Lessor shall have the right at any time thereafter to declare this Lease void and term contained herein ended.

d. Liens: The Lessee agrees and undertakes to hold harmless the Lessor from damages sustained by it as the result of the filing against the Leased Premises of labor liens, mechanic's liens and materialman's liens, provided that such liens are for work contracted for by the Lessee, and failure by the Lessee to satisfy the liens within sixty (60) days after Lessee received notice of the filing of such liens shall be deemed a material breach of the Lease.

e. Expenses: The Lessee shall pay and indemnify the Lessor against all legal costs and charges including attorney fees lawfully and reasonably incurred in obtaining possession of the Leased Premises after a default of the Lease, or after the Lessee's default in surrendering possession upon the expiration,

or earlier termination of the term of the Lease, or in enforcing any covenant of the Lease.

f. Repairs and Maintenance: The division of responsibility for repairs and maintenance is set forth in the attached Appendix 2, incorporated herein by reference. This Appendix 2 Maintenance Terms shall be subject to amendment by agreement of the parties. The Lessee shall at its own expense provide janitorial and minor maintenance as described in Appendix 2. The Lessor shall provide structural maintenance of the building, including the roof, doors, windows, exterior building surfaces as set forth in Appendix 2. The Lessee shall have the right to make such non-structural modifications to the building as it should desire with the prior written consent of the Lessor's Facilities Manager. All such modifications shall remain the property of the Lessor at the completion of the lease unless, at the request of Lessor, Lessee shall remove such modification(s) and restore the property to its condition prior to the modification. Except as reasonably necessary to complete the non-structural modifications approved by Lessor, the Lessee shall not cause or permit any waste, damage or injury to the leased property in making any such modifications.

g. Utilities: The Lessee shall pay all charges for gas, electricity, internet service and water rendered or supplied upon or in connection with the Leased Premises. Further, Lessee shall be responsible for its own expenses for telephone or other communication service. Lessee will reimburse other tenants for utility services used by Lessee during the time period in which utilities are being split by the providers, if applicable.

h. Signs: The Lessee may erect or install signs of its own design or choosing on the exterior walls of the leased premises in such a manner as the building shall not be damaged or defaced thereby, as permitted by law, subject to the approval of the Lessor, which will not be unreasonably withheld. Such signs shall be removed by the Lessee at the expiration of the term and any damage from the signs removal shall be repaired by Lessee.

i. Fixtures: The Lessee may install trade fixtures, conveyors, equipment and shelving used by it in its business. At the termination of this lease the Lessee shall remove any trade fixtures, conveyors, equipment and shelving owned by it and placed upon the premises by it, provided however, that it leaves the premises in the same condition of repair and

as tenantable as they were at the making of this lease and prior to the addition of trade fixtures, conveyors, equipment and shelving, reasonable wear and tear excepted.

j. Improvements:

   i. Lessee Performed Improvements: The Lessee shall, at its expense and upon approval of the Lessor, be allowed to make various improvements and repairs to the building and its immediate environs necessary for its purpose.

k. Warranty of Quiet Possession: The Lessor hereby warrants and covenants that it has full authority to execute this lease and further warrants and covenants that the Lessee, on paying the rent herein stipulated and performing the conditions and covenants of this lease on its part to be kept and performed, may have and shall quietly have, hold and enjoy the demised premises without any manner of interference or hindrance of or from the Lessor, its successors, and assigns, or from any person lawfully claiming the premises or any part thereof.

l. Snow Removal and Lawn Care: The Lessor shall be responsible for snow and ice removal from the parking lot. The Lessee shall remove snow and Ice from any sidewalks located on, directly adjacent to, or providing access to the Leased Premises. The Lessor shall be responsible for snow removal on any road and parking facilities in connection herewith prior to 8:00 a.m. The Lessor shall mow the grass located on the identified property. It is understood by and between the parties that the Lessor will not incur any overtime for its employees to remove snow or provide lawn care.

m. Acceptance of Building: Neither the Lessor nor his agents have made any representations with respect to the building, the land upon which it is erected or the leased property except as is expressly set forth herein. Upon execution of the Lease, the lessee accepts the Leased Premises "as-is".

n. Waste: Lessee shall not cause or permit any waste, damage or injury to the Leased Premises. In the event that such waste occurs, Lessee shall be solely liable for repairing said damage or disrepair to the Leased Premises, and any portion of the building or county property in which damage was caused by Lessee.

o. Compliance with Government Regulations: The Lessee agrees to comply with and abide by all rules, orders, ordinances, laws and regulations promulgated by any local, state or federal authority having jurisdiction over the Leased Premises pertaining to health and to the conduct of the

Lessee's business on the Leased Premises, and will likewise obey all police, fire, building inspector's regulations or any orders validly made in relation thereto.

p. Insurance. Lessee shall carry the following insurance coverage:

i. Worker's Compensation & Employer's Liability

1. Applicable State — Statutory Limits as Required by the State of Wisconsin

2. Applicable Federal (e.g. U.S. Longshoremen's and Harbor Worker's Act, Admiralty (Jones) Act, and Federal Employer's Liability Act) — Statutory Limit

3. Employer's Liability - $100,000 each occurrence / $100,000 each person (disease) / $500,000 total limit (disease)

Except as may be otherwise set forth herein, the County shall not be liable to Lessee, its employees, or subcontractors, or anyone employed directly or indirectly by any of them or by anyone for whose acts any of them may be liable, for any injuries to any of them arising out of or in any way related to the performance of the work under this Lease Agreement. Lessee agrees that the indemnification and hold harmless provisions within this agreement extend to any claims brought by or on behalf of any such employees, subcontractors or anyone employed directly or indirectly by any of them or by anyone for whose acts any of them may be liable. Additionally, the Lessee shall not be liable to Outagamie County, its employees, or subcontractors, or anyone employed directly or indirectly by any of them or by anyone for whose acts any of them may be liable, for any injuries to any of them arising out of or in any way related to the performance of the work under this Lease Agreement. The County agrees that the indemnification and hold harmless provisions within this agreement extend to any claims brought by or on behalf of any such employees, subcontractors or anyone employed directly or indirectly by any of them or by anyone for whose acts any of them may be liable.

ii. Automobile Liability — Owned, Non-Owned, Hired

Automobile liability, owned, non-owned, hired. Bodily injury and property damage combined Two Million Dollars ($2,000,000.00) for bodily injury and property damage per occurrence limit covering all vehicles to be used by Lessee in relationship to the Agreement. Coverage for commercial automobile liability insurance shall be at least as broad as Insurance Services (ISO) Business Auto Coverage (Form CA 0001),

covering Symbol 1 (any vehicle) if such insurance is available to Lessee. Such limits can be satisfied through excess or umbrella liability policies.

NOTE: If Lessee will be using personally owned autos for work on the premises, Lessee is required to provide proof of auto liability for personally owned autos at the following state minimums limits:

- $25,000 for injury or death of one person;
- $50,000 for injury or death of two or more people; and
- $10,000 for property damage.
- uninsured motorist coverage with a minimum limit of $25,000 for one person and $50,000 for two or more people for bodily injury coverage.

iii. Commercial general liability insurance, which insurance shall be written on a so-called "Occurrence Basis," covering legal liability against claims for bodily injury to, personal injury to, or death of any person, or more than one person, or for property damage, occurring on, in or about the Premises, or otherwise occurring as a result of any Lessee work on the Premises or the use and occupancy of the Premises with a limit in an amount not less than Two Million Dollars each occurrence ($2,000,000.00 each occurrence). The liability insurance described in this Section shall include contractual liability coverage. Such limits can be satisfied through excess or umbrella liability policies.

The Lessee shall obtain its own risk property damage insurance for its own personal property, said policy shall contain a provision waiving all rights of actions of subrogation against the Landlord.

1. Limits established herein shall be subject to five (5) year review and may be increased by the Lessor due to general inflationary conditions provided at least sixty (60) days' notice of such increased requirements shall be given to the Lessee.

2. Policies shall be issued by a company or companies authorized to do business in the State of Wisconsin and licensed by the Wisconsin Insurance Department. Coverage afforded shall apply as primary, with the County, its Boards, Officers, Employees and Representatives as additional insureds. The Lessor shall be given thirty (30) days advance notice of cancellation or non-renewal during the term of this Agreement. Upon execution of this Agreement, Lessee shall furnish Lessor with a certificate of insurance and, upon request, certified copies of the required insurance policies,

which said certificate policy copies shall be filed with the Office of the County Clerk of Outagamie County. In the event any action, suit or other proceedings is brought against the Lessee upon any matter herein indemnified against, the Lessee shall, within five (5) working days, give notice thereof to the Lessor and shall cooperate with their attorneys in the defense of the action, suit or other proceedings.

q. Indemnification and Hold Harmless:

Lessee agrees at all times during the term of this agreement to indemnify, hold harmless and defend the County, its Boards, Officers, Employees and Representatives against any and all liability, including claims, demands, losses, damages, costs or expenses, including attorney fees, which the County, its Boards, Officers, Employees and Representatives may sustain, incur or be required to pay by reason of bodily injury, personal injury or property damage of whatsoever nature or kind arising out of or in connection with or occurring during the course of this agreement as a result of the Lessee's activities or the activities of the Lessee's assignees or agents, unless such liability arises out of the sole negligence of the County.

Lessee further agrees to indemnify, hold harmless and defend the County, its Boards, Officers, Employees and Representatives against any and all claims, demands, losses, damages, costs or expenses, including attorney fees, which the County, its Boards, Officers, Employees and Representatives may sustain, incur or be required to pay resulting from the spill, discharge, dispersal, seepage, migration, release or escape of any pollutants being utilized by the Lessee or in the custody or control of the Lessee. Lessee's indemnity obligations shall not be limited by any worker's compensation statute; disability benefit or other employee benefit or similar law or by any other insurance maintained by or required of Lessee. Nothing contained in this agreement is intended to be a waiver or estoppels of the County to rely upon the limitations, defenses, and immunities contained within Wisconsin law, including, but not limited to, those contained within Wisconsin Statutes 893.80, 895.52 and 345.05. To the extent that indemnification is available and enforceable, neither the municipality nor its insurer shall be liable in indemnity and contribution for an amount greater than the limits of liability for municipal claims established by Wisconsin law.

Lessor agrees at all times during the term of this agreement to indemnify, hold harmless and defend the Lessee, its Boards, Officers, Employees and Representatives against any and all liability, including claims, demands, losses, damages, costs or expenses, including attorney fees, which Lessee, its Boards, Officers, Employees and Representatives may sustain, incur or be required to pay by reason of bodily injury, personal injury or property

damage of whatsoever nature or kind arising out of or in connection with or occurring during the course of this agreement as a result of the Lessor's activities or the activities of the Lessor's assignees or agents, unless such liability arises out of the sole negligence of the Lessee.

Lessor further agrees to indemnify, hold harmless and defend the Lessee, its Boards, Officers, Employees and Representatives against any and all claims, demands, losses, damages, costs or expenses, including attorney fees, which the Lessee, its Boards, Officers, Employees and Representatives may sustain, incur or be required to pay resulting from the spill, discharge, dispersal, seepage, migration, release or escape of any pollutants being utilized by the Lessor or in the custody or control of the Lessor. Lessor's indemnity obligations shall not be limited by any worker's compensation statute; disability benefit or other employee benefit or similar law or by any other insurance maintained by or required of Lessor. To the extent that indemnification is available and enforceable, neither the municipality nor its insurer shall be liable in indemnity and contribution for an amount greater than the limits of liability for municipal claims established by Wisconsin law.

4. Miscellaneous Provisions:

a. Destruction of Building: If the demised building shall be partially damaged by fire or otherwise, but not rendered unusable, the same shall be repaired by the Lessor with all proper speed at the expense of the Lessor, except that such expense shall be limited to the extent of any insurance payment(s) for such damage. In the event, however, that the building cannot be repaired or restored to the former condition within ninety (90) days of the date of damage, either Lessor the Lessee may, at its option terminate this agreement. The Lessee agrees to cooperate in whatever manner is necessary to ensure the Lessor free access to the said building to make repairs that are necessary. In case of destruction of the building by fire or otherwise which shall be such as to make it necessary to rebuild the same, this lease shall then and from thenceforth terminate.

b. Notices: All notices shall be sent by Certified Mail addressed to the Lessor or to the Lessee at the address hereinafter set out and such other addresses as either the Lessor or the Lessee shall hereafter designate in writing to the other. All notices shall be deemed to have been given when deposited in the U.S. Mail in a sealed envelope, properly addressed, with postage prepaid thereon. At the time of mailing of any notices, the parties agree to simultaneously e-mail said notice to the other party.

c. Applicable Law and Venue: The lease shall be governed by, construed and enforced in accordance with the laws of the State of Wisconsin. Any disputes between the parties, if litigated shall be litigated in Outagamie County Circuit Courts.

d. Terms: In construing this lease, feminine or neuter pronouns shall be substituted for those masculine in form and vice versa and plural terms shall be substituted for singular and singular for plural in any place in which the context so requires.

e. Joint and Several Liability: If there is more than one party Lessee, the convents of the Lessee shall be the joint and several obligations of each such party and, if the Lessee is partnership, the covenants of the Lessee shall be the joint and several obligations of each of the partners and the obligations of the partnership. The covenants, terms, conditions, provisions and undertakings in this lease shall extend to and be binding upon the heirs, personal representatives, successors and assigns of the respective parties hereto as if they were in every case named and expresses and shall be construed as covenants running with the land and wherever reference is made to either of the parties, hereto, it shall be held to include and apply also to heirs, personal representatives, successors and assigns of such party as if in each and every case so expressed.

f. Headings not Part of the Lease: It is mutually agreed that the headings of the paragraphs in this lease are for convenience and reference only and they do not constitute a part of the lease itself.

g. Effect of Duties and Obligations: Each Term and each provision of this lease performable by Lessee shall be construed to be both covenant and a condition.

RESOLUTION NO.: 102—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Certain general municipal employees of the Outagamie County Highway Department qualify to organize as a union pursuant to Wis. Stat. §111.70 for the purpose of collective bargaining. As of April 2023, the eligible employees voted and elected the Teamsters Local 662 to represent their interests. Given the implementation of the Total Rewards Study, no negotiation was requested for 2023 beyond the initial placement on the wage scale. Contract discussions and negotiations for 2024 commenced in late 2023 and have resulted in the attached agreement for 2024. The attached agreement provides for recognition of the Teamsters Local 662 as the representative for the highway employees union, as well as sets forth the base wage for fiscal year 2024.

There is no fiscal impact to the 2024 budget as wages have already been included in the budget.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board does approve an Agreement between Outagamie County and General Teamsters Union Local 662, collective bargaining representative for the employees of the Outagamie County Highway Department for calendar year 2024, with no fiscal impact to the 2024 budget as the wages have already been included in the budget as detailed in the attached Agreement and Appendix A, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and the Outagamie County Highway Commissioner.

Dated this 13th day of February 2024

Respectfully submitted,

AGREEMENT

This Agreement has been made and entered into between the Outagamie County, hereinafter referred to as the "Employer" and General Teamsters Union Local 662, affiliated with the International Brotherhood of Teamsters, hereinafter referred to as the "Union".

ARTICLE 1. RECOGNITION

The Employer recognizes the Union as the exclusive collective bargaining representative of the employees of the Outagamie County Hwy Department, exclusive of confidential employees, professional and managerial employees, supervisors and superintendents.

ARTICLE 2. SAVINGS CLAUSE

If any Article or Section of this Agreement or any addendum or appendix thereto shall be held invalid by operation of law or by any tribunal with competent jurisdiction, or if compliance with or enforcement of any article or section should be restrained by such tribunal, the remainder of this Agreement and addenda and appendices shall not be affected thereby, and the parties shall enter into immediate collective bargaining negotiations for the purpose of arriving at a mutually satisfactory replacement for such article or section.

ARTICLE 3. DURATION

A. This Agreement shall become effective January 1, 2024 and shall remain in full force and effect through December 31, 2024.

B. Bargaining Procedure: The Union shall give notice of its intent to bargain.

ARTICLE 4. WAGES

A. The base hourly rates for the employees covered by this Agreement shall increase as set forth in the wage schedule which is attached and incorporated by reference as Appendix A. Increases as set forth in Appendix B shall be applicable to 2024 only. Prior to July 1, of 2024 the Union will determine, and advise the Employer, whether they wish to negotiate base wages for all of its employees annually, or to permanently remain covered by the annual increases as set forth in Appendix A.

SPECIAL ORDER OF BUSINESS –

Vice Chair Dan Gabrielson will provide an update on the NACo Conference

Supervisor Spears and Supervisor Gabrielson attended the WCA Conference.

- In an interview with Governor Evers, there was discussion on the two hospitals that are closing in Eau Claire and the need to try to keep medical support in that area. There was also discussion on the progress with shared revenue. Tying shared revenue with the sales tax will help the index in the future provide more support to the counties.
- Some of the majority and minority leaders from the Senate and Assembly spoke. It was noted that 90% of the bills that are passed do have bipartisan support.
    - There is currently a lot of discussion on how to spend the state surplus.
    - There is also a lot of discussion on redistricting maps.
- Updates on pending legislation:
    - Like kin support for children in out-of-home care was signed by both houses and is waiting for the Governor to sign.
    - The Assembly and Senate will be done meeting until next January.
- Forward Analytics presented on the upcoming crisis of staffing nursing homes and elder care facilities. The Baby Boom is becoming elderly at the same time as the workforce is shrinking.

Supervisor Gabrielson attended the NACo Conference in Washington DC.

- President Biden spoke to the committee. He spoke on infrastructure and investments.
- Supervisor Gabrielson attended some cybersecurity and artificial intelligence meetings.
    - It is only a matter of time before Counties will be hit with cybersecurity issues.
    - With new tools in artificial intelligence, threats to cybersecurity will be indistinguishable.
    - Four major concern areas with artificial intelligence:
        - Trust, truth and democracy.
        - Safety.
        - Civil rights, liberties, discrimination and privacy.
        - Workers and the economy.
- Supervisors are encouraged to reference the NACo website at NACo.org for additional highlights and information.

RESOLUTION NO.: 103—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The City of Seymour (the City) has submitted Territory Amendment #2 to Tax Incremental District No. 4 (TID No. 4).

The City created TID No. 4 in 2010 as a "Mixed Use District." The TID was amended in 2022 to add one parcel of land for a residential development. Amendment #2 removes two parcels and overlaps one parcel. These parcels are planned to be added and overlapped within Tax Incremental District #5 in an effort to facilitate redevelopment for commercial and residential uses that, apart from a TIF, may not happen in the district. As outlined in Wisconsin State Statutes, to remove territory within the TID #4 boundary and overlap the parcel within TID #5, a contiguous connection via parcels of land has been made to the existing TID #4 boundary. The TID #4 territory amendment would keep the City under the 12% TID value threshold using 2023 valuation numbers. TID No. 4 is expected to close in 2031.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does go on record in support of the City of Seymour Territory Amendment #2 to Tax Incremental District No. 4 as detailed in the attached Territory Amendment #2 Tax Incremental District No. 4 in the City of Seymour, Wisconsin document dated February 26, 2024, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors recommend that the representative of Outagamie County on the City of Seymour TID Board of Review vote in favor on the City of Seymour's Territory Amendment #2 to TID No. 4, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the City of Seymour, the Outagamie County Finance Director, and the Outagamie County Executive.

Dated this 27th day of February 2024

Respectfully Submitted,

City of Seymour
TID #4 Territory Subtraction Amendment #2

Introduction and Description of Territory Amendment

Tax Incremental District No. 4 (the "TID #4" or the "District") was created by the City under the authority provided by Wisconsin Statute Section 66.1105 on November 29, 2010. The TID prior to and including this amendment is considered a "Mixed-Use District" based on the findings that no less than 50 percent, by area, of the TID is suitable for a combination of commercial and residential uses. The amended TID boundary will keep the TID as a Mixed-Use District.

TID#4 was amended in 2022 by adoption of a territory and project plan amendment dated July 19, 2022, which expanded the boundaries to include adding one parcel. The main purpose of the territory amendment was to include land for a residential development.

Wisconsin Statutes Section 66.1105(4)(h)2 allows a municipality to modify the TID boundaries no more than four times during the life of the TID. This amendment is the second territory amendment in TID #4.

This second amendment removes two parcels and overlaps one parcel. These parcels are planned to be added and overlapped within Tax Increment District # 5 in the efforts to facilitate redevelopment for commercial and residential uses that but for TIF, may not happen in the district. In accordance with Wisconsin Statute Section 66.1105(4)(h), to remove this territory within the TID #4 boundary and overlap the parcel within TID # 5, a contiguous connection via parcels of land must be made to the existing TID #4 boundary.

As proposed, the TID #4 territory amendment would keep the city under the 12% TID value threshold using 2023 valuation numbers. Utilizing original public land adjacent to the additional parcels keep the additional valuations down as those parcels have no value for property tax purposes.

This second territory and project plan amendment only addresses the elements or subject areas (required by Statute) that are affected by the territory and project plan amendment. All other subject areas remain unchanged and can be referenced in the original TID#4 project plan. This second amendment does not remove any projects contemplated in the original TID #4 project plan.

The city confirms with the amendment 4% of the district is land proposed for newly platted residential development adhering to the statue compliance requirement of being less than 35%.

City of Seymour
TID #4 Territory Subtraction Amendment #2

The maps on page 6 shows the district before this second amendment and the map on page 7 shows upon the removal of territory TID # 4 will continue to be contiguous. The new territory boundary demonstrates that the entire District area remains contiguous.

Page 8 of this project plan contains the list of specific parcels to be removed with this second amendment.

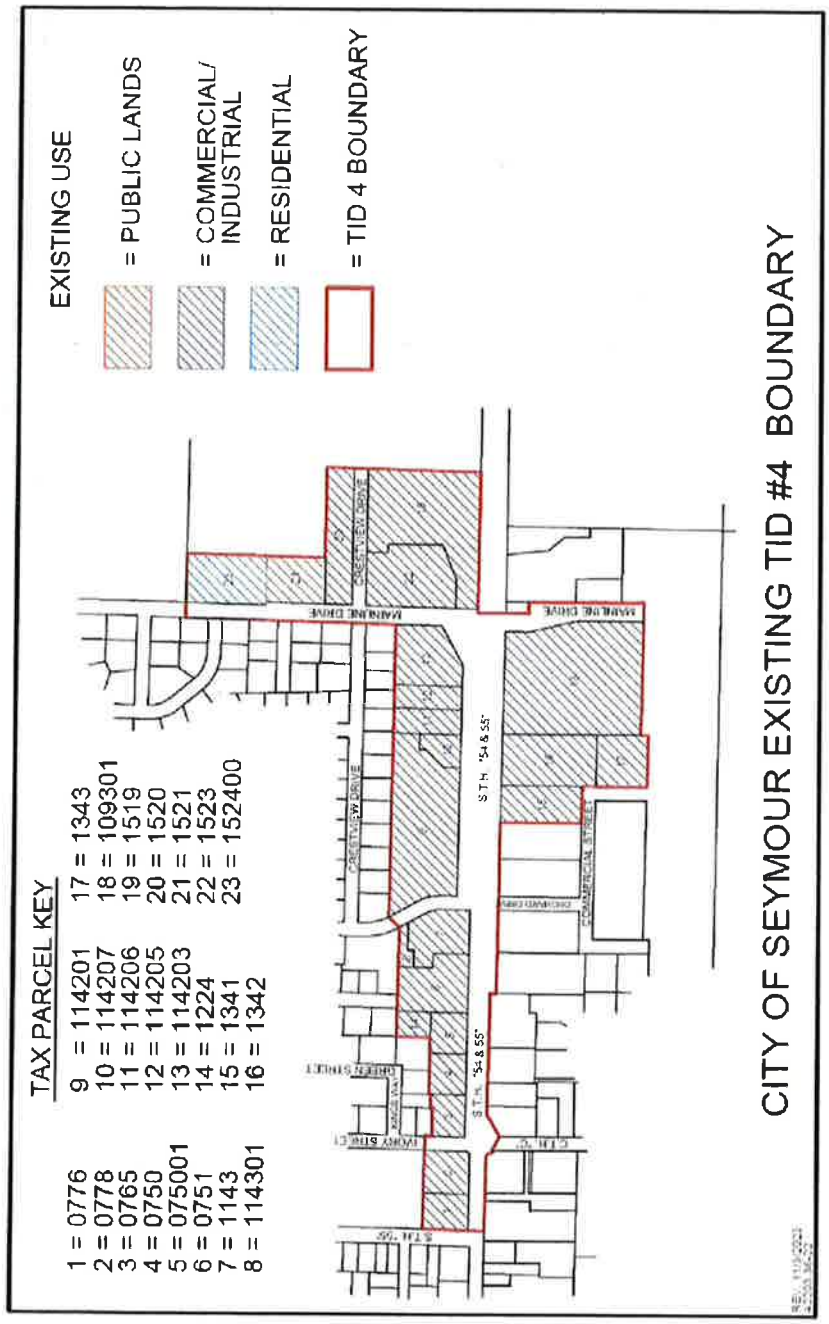

Exhibit A demonstrates revenues for TID #4 are generally trending toward meeting our expenditure commitments (bonds) for projects within the TID boundaries. Although the final year of revenues for TID #4 remains several years off (2031), any additional property tax increment that can be captured by the TID would help to meet the expenditure commitments ahead of time and potentially help with additional redevelopment efforts within the TID. TID #4 has a maximum statutory life of 20 years, closing no later than December 15, 2031, with final tax collection in 2031. The final year to incur TIF related expenditures is 2025. Based on current cash flow projection, TID #4 is expected to close in 2031, the end of its maximum statutory life.

The legal description in Exhibit C describes the full TID #4 territory updated for the amended area.

Equalized Valuation Test

The following calculations demonstrate that the city is in compliance with Wisconsin State Statute Section 66.1105(4) (gm)4. c. Wis. Stats., which requires that the equalized value of the taxable property in the proposed TID, plus the value increment of any existing Tax Incremental Districts, does not exceed 12% of the total equalized value of taxable property within the City. With the amendment to TID #4, the value increment of all existing Tax Increment Districts will be approximately 10.28%.

Valuation Test Compliance Calculation

2023 Equalized Valuation (TID IN)	$322,670,900
Limit for 12% Test	$38,720,508
Increment Value of Existing TIDs	$33,184,100

RE: Territory Amendment #2 for Tax Incremental District No. 4 in the City of Seymour, Wisconsin

Dear Mayor Kraft and Common Council Members:

Tax incremental financing project plans must include an opinion of the city attorney advising whether the plan is complete and complies with Wis. Stat. sec. 66.1105(4)(f).

I have been retained to represent the City of Seymour as its appointed City Attorney. I have reviewed the Project Plan for Tax Incremental District No. 4 and the Territory Amendment #2 for Tax Incremental District No. 4. It is my opinion that the amendment and project plan contain and adequately address the prerequisites set forth in Wis. Stat. sec. 66.1105.

RESOLUTION NO.: 104—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The City of Seymour (the City) has submitted Territory Amendment #1 to Tax Incremental District No. 5 (TID No. 5).

The City created TID No. 5 in 2022 as a "Mixed Use District." Amendment #1 adds two parcels and overlaps one parcel. These parcels are planned to be added and overlapped from TID #4 in the effort to facilitate redevelopment for commercial and residential uses that, apart from a TIF, may not happen in the district. As proposed, the TID #5 territory amendment would keep the City under the 12% TID value threshold using 2023 valuation numbers. This first amendment does not remove any projects contemplated in the original TID #5 project plan. TID No. 5 will close no later than December 15, 2042.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does go on record in support of the City of Seymour Territory Amendment #1 to Tax Incremental District No. 5 as detailed in the attached Territory Amendment #1 Tax Incremental District No. 5 in the City of Seymour, Wisconsin document dated February 26, 2024, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors recommend that the representative of Outagamie County on the City of Seymour TID Board of Review vote in favor on the City of Seymour's Territory Amendment #1 to TID No. 5, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the City of Seymour, the Outagamie County Finance Director, and the Outagamie County Executive.

City of Seymour
TID #5 Territory Amendment #1

Introduction and Description of Territory Amendment

Tax Incremental District No. 5 (the "TID #5" or the "District") was created by the City under the authority provided by Wisconsin Statute Section 66.1105 on September 12, 2022. The TID prior to and including this amendment is considered a "Mixed-Use District" based on the findings that no less than 50 percent, by area, of the TID is suitable for a combination of commercial and residential uses. The amended TID boundary will keep the TID as a Mixed-Use District.

Wisconsin Statutes Section 66.1105(4)(h)2 allows a municipality to modify the TID boundaries no more than four times during the life of the TID. This amendment is the first territory amendment in TID #5.

This first amendment adds two parcels and overlaps one parcel. These parcels are planned to be added and overlapped from Tax Increment District # 4 in the efforts to facilitate redevelopment for commercial and residential uses that but for TIF, may not happen in the district. In accordance with Wisconsin Statute Section 66.1105(4)(h), to remove this territory within the TID #4 boundary and overlap the parcel within TID # 5, a contiguous connection via parcels of land must be made to the existing TID #5 boundary.

As proposed, the TID #5 territory amendment would keep the city under the 12% TID value threshold using 2023 valuation numbers. Utilizing original public land adjacent to the additional parcels keep the additional valuations down as those parcels have no value for property tax purposes.

This first territory and project plan amendment only addresses the elements or subject areas (required by Statute) that are affected by the territory and project plan amendment. All other subject areas remain unchanged and can be referenced in the original TID#5 project plan. This first amendment does not remove any projects contemplated in the original TID #5 project plan.

The city confirms with the amendment 28% of the district is land proposed for newly platted residential development adhering to the statue compliance requirement of being less than 35%. Residential Housing density is at least three units per acre.

The maps on page 6 shows the district before this amendment and the map on page 7 shows upon the addition of territory and overlapped parcel TID # 5 will continue to be contiguous. The new territory boundary demonstrates that the entire District area remains contiguous.

Page 8 of this project plan contains the list of specific parcels to be added and overlapped with this first amendment.

City of Seymour
TID #5 Territory Amendment #1

The city anticipates additional public improvement project cost expenditures related towards the amendment of approximately $9,600,000 during the TID's 20-year expenditure period. Proposed public project improvements may include, but not limited to infrastructure, professional and organizational services, administrative costs, and finance costs. As part of the project plan, Developer incentives may be provided by the City to developers of property within the TID in the form of cash grants.

As a result of the amendment of this TID, the city projects a preliminary and conservative cash flow analysis indicating $9,693,322 in increments. The TID increment will primarily be used to pay the debt service costs of the TID, and project development incentives.

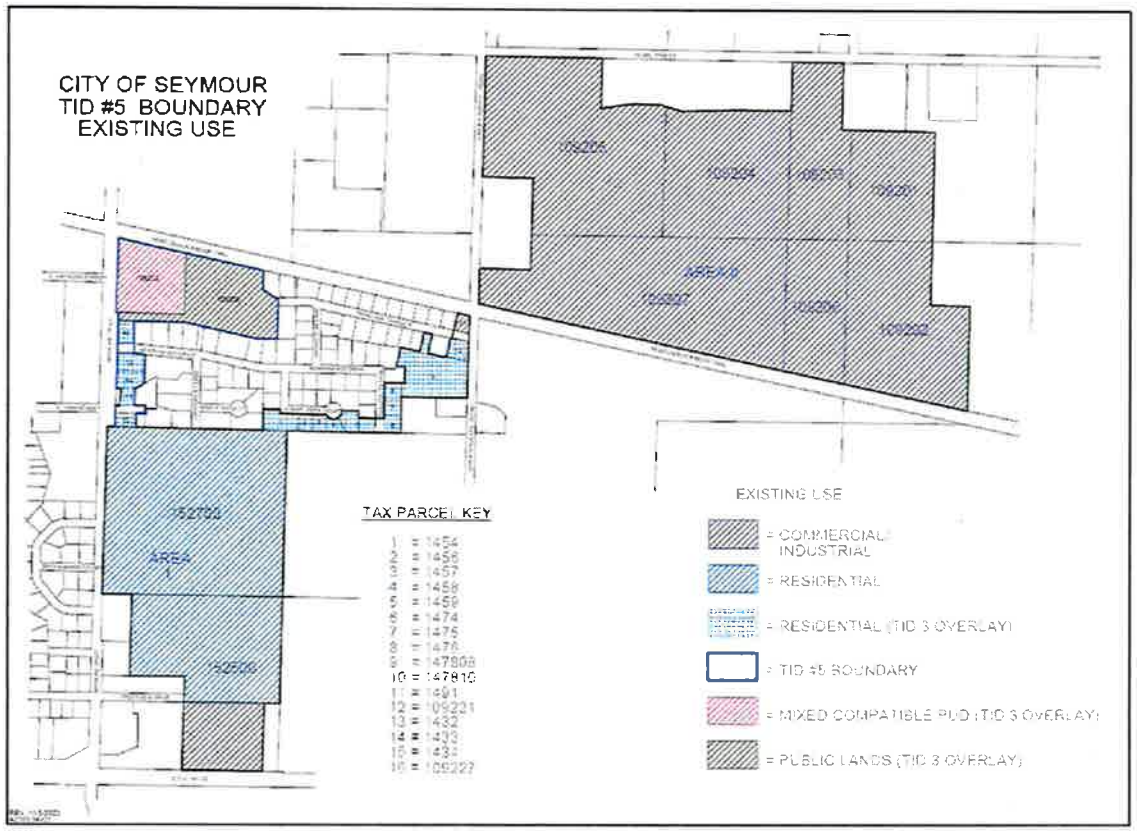

Exhibit A demonstrates revenues for TID #5 are generally trending toward meeting our expenditure commitments (bonds) for projects within the TID boundaries. Although the final year of revenues for TID #5 remains several years off (2043), any additional property tax increment that can be captured by the TID would help to meet the expenditure commitments ahead of time and potentially help with additional redevelopment efforts within the TID. TID #5 has a maximum statutory life of 20 years, closing no later than December 15, 2042, with final tax collection in 2043. The final year to incur TIF related expenditures is 2037. Based on current cash flow projection, TID #5 is expected to close by the end of its maximum statutory life.

The legal description in Exhibit C describes the full TID #5 territory updated for the amended area.

Equalized Valuation Test

The following calculations demonstrate that the City is in compliance with Wisconsin State Statute Section 66.1105(4)(gm)4.c. Wis. Stats., which requires that the equalized value of the taxable property in the proposed TID, plus the value increment of any existing Tax Incremental Districts, does not exceed 12% of the total equalized value of taxable property within the City. With the amendment to TID #5, the value increment of all existing Tax Increment Districts will be approximately 10.28%.

Statement of Kind, Number and Location of Proposed Projects

The city expects to implement the proposed public project improvements indicating within the originally project plan and the following additional costs to those sections indicated below. Any costs including eligible administrative costs necessary or convenient to the district or directly or indirectly related to the public works and other projects are considered "project costs" and eligible to be paid with tax increment revenues of the TID.

1. PROPERTY, RIGHT-OF-WAY, AND EASEMENT ACQUSITION
LOCATION: ENTIRE TID
TOTAL: $200,000
DESCRIPTION:
PROPERTY ACQUISITION FOR DEVELOPMENT AND DESCRIPTION. To promote and facilitate development and redevelopment the City may acquire property within the district. The cost of property acquired, and any costs associated with the transaction, are eligible Project Costs. Following acquisition, other Project Costs within the categories detailed in this Section may be incurred to make the property suitable for development or redevelopment. Any revenue received by the City from the sale of property acquired pursuant to the execution of this Plan will be used to reduce the total

project costs of the district. If total Project Costs incurred by the City to acquire property and make it suitable for development and/or redevelopment exceed the revenues or other consideration received from the sale or lease of that property, the net amount shall be considered "real property assembly costs" as defined in State Statutes Section 66.1105(2)(f)1. c., and subject to recovery as an eligible Project Cost.

ACQUISITION OF RIGHTS-OF-WAY. The City may need to acquire property to allow for installation of streets, driveways, sidewalks, utilities, stormwater management practices and other public infrastructure. Costs incurred by the City to identify, negotiate, and acquire rights-of-way are eligible Project Costs.

ACQUISITION OF EASEMENTS. The city may need to acquire temporary or permanent easements to allow for installation and maintenance of streets, driveways, sidewalks, utilities, stormwater management practices and other public infrastructure. Costs incurred by the City to identify, negotiate and acquire easement rights are eligible Project Costs.

RELOCATION COSTS. If relocation expenses are incurred in conjunction with the acquisition of property, those expenses are eligible Project Costs. These costs may include but are not limited to preparation of a relocation plan; allocations of staff time; legal fees; publication of notices; obtaining appraisals; and payment of relocation benefits as required by Wisconsin Statutes Sections 32.19 and 32.195.

2. SITE PREPARATION ACTIVITIES

LOCATION: Entire TID.

TOTAL: $100,000

DESCRIPTION: **ENVIRONMENTAL AUDITS AND REMEDIATION.** There have been no known environmental studies performed within the proposed District. If, however, it becomes necessary to evaluate any land or improvement within the district, any cost incurred by the City related to environmental audits, testing, and remediation is an eligible Project Cost.

DEMOLITION. To make sites suitable for development or redevelopment, the City may incur costs related to demolition and removal of structures or other land improvements, to include abandonment of wells or other existing utility services.

SITE GRADING. Land within the District may require grading to make it suitable for development and/or redevelopment, to provide access, and to control stormwater runoff. The city may need to remove and dispose of excess material, or bring in fill material to provide for proper site elevations. Expenses incurred by the City for site grading are eligible Project Costs.

3. UTILITIES
LOCATION: Entire TID.
TOTAL: $500,000
DESCRIPTION: **SANITARY SEWER SYSTEM IMPROVEMENTS.** There are inadequate sanitary sewer facilities serving portions of the district. To allow development to occur, the city will need to construct, alter, rebuild, or expand sanitary sewer infrastructure within the district. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding, or expansion of collection mains; manholes and cleanouts; service laterals; force mains; interceptor sewers; and all related appurtenances. To the extent sanitary sewer projects undertaken within the district provide direct benefit to land outside of the district, the city will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the district, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the city construct, alter, rebuild, or expand sanitary sewer infrastructure located outside of the district. That portion of the costs of sanitary sewer system projects undertaken outside the district which are necessitated by the implementation of the Project Plan are eligible Project Costs.

WATER SYSTEM IMPROVEMENTS. There are inadequate water distribution facilities serving portions of the district. To allow development to occur, the city will need to construct, alter, rebuild, or expand water system infrastructure within the district. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding, or expansion of distribution mains; manholes and valves; hydrants; service laterals; and all related appurtenances. To the extent water system projects undertaken within the district provide direct benefit to land outside of the district, the city will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the district, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the city construct, alter, rebuild, or expand water system infrastructure located outside of the district. That portion of the costs of water system projects undertaken outside the district which are necessitated by the implementation of the Project Plan are eligible Project Costs.

STORMWATER MANAGEMENT SYSTEM IMPROVEMENTS. Development within the District will cause stormwater runoff and pollution. To manage this stormwater runoff, the city will need to construct, alter, rebuild, or expand stormwater management infrastructure within the district. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding, or expansion of stormwater collection mains; inlets, manholes and valves; service laterals; ditches; and infiltration, filtration, and detention Best Management Practices (BMP's). To the extent stormwater management system projects undertaken within the district provide direct benefit to land outside of the district, the city will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the district, and necessitated by the implementation

of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the city construct, alter, rebuild, or expand stormwater management infrastructure located outside of the district. That portion of the costs of stormwater management system projects undertaken outside the district which are necessitated by the implementation of the Project Plan are eligible Project Costs.

4. STREETS AND STREETSCAPE

LOCATION: Entire TID.

TOTAL: $3,000,000

DESCRIPTION: **STREET IMPROVEMENTS.** There are inadequate street improvements serving portions of the district. To allow development to occur, the city may need to construct and reconstruct streets. Eligible Project Costs include but are not limited to excavation; removal or placement of fill; construction of road base; asphalt or concrete paving or repaving; installation of curb and gutter; installation of sidewalks and bicycle lanes; installation of culverts; utility relocation; street lighting; installation of traffic control signage and traffic signals; pavement marking; right-of-way restoration; installation of retaining walls; and installation of fences, berms, and landscaping.

STREETSCAPING AND LANDSCAPING. To attract development and redevelopment consistent with the objectives of this Plan, the city may install amenities to enhance development sites, rights-of-way, and other public spaces. These amenities include but are not limited to landscaping; lighting of streets, sidewalks, parking areas and public areas; installation of planters, benches, clocks, tree rings, trash receptacles and similar items; and installation of brick or other decorative walks, terraces, and street crossings. These and any other similar amenities installed by the City are eligible Project Costs.

5. CASH GRANTS (DEVELOPMENT INCENTIVES).

LOCATION: Entire TID.

TOTAL: $4,800,000

DESCRIPTION: The City may enter into agreements with property owners, lessees, or developers of land located within the district for the purpose of sharing costs to encourage the desired kind of improvements and assure tax base is generated sufficient to recover project costs. No cash grants will be provided until the city executes a developer agreement with the recipient of the cash grant. Any payments of cash grants made by the City are eligible Project Costs.

6. MISCELLANEOUS

LOCATION: Entire TID.
TOTAL: $1,000,000

DESCRIPTION: **PROPERTY TAX PAYMENTS TO TOWN.** Property tax payments due to the Town under Wisconsin Statutes Section 66.1105(4)(gm)1. because of the inclusion of lands annexed after January 1, 2004, within the boundaries of the district are an eligible Project Cost.

PROFESSIONAL SERVICE AND ORGANIZATIONAL COSTS. The costs of professional services rendered, and other costs incurred, in relation to the creation, administration and termination of the district, and the undertaking of the projects contained within this Plan, are eligible Project Costs. Professional services include but are not limited to architectural; environmental; planning; engineering; legal, audit; financial; and the costs of informing the public with respect to the creation of the district and the implementation of the Plan.

ADMINISTRATIVE COSTS. The City may charge to the district as eligible Project Costs reasonable allocations of administrative costs, including, but not limited to, employee salaries. Costs allocated will bear a direct connection to the time spent by City employees in connection with the implementation of the Plan.

FINANCING COSTS. Interest expense, debt issuance expenses, redemption premiums, and any other fees and costs incurred in conjunction with obtaining financing for projects undertaken under this Plan are eligible Project Costs.

With all projects the costs of engineering, design, survey, inspection, materials, construction, restoring property to its original condition, apparatus necessary for the public works, legal and other consultant fees, testing, environmental studies, permits, updating City ordinances and plans, judgments or claims for damages and other expenses are included as project costs. In the event any of the public works project expenditures are not reimbursable out of the special TIF fund under Wisconsin Statute Section 66.1105, in the written opinion of nationally recognized bond counsel retained by the City for such purpose or a court of record so rules in a final order, then such project or projects shall be deleted here from and the remainder of the projects hereunder shall be deemed the entirety of the projects for purposes of this Project Plan (the "Plan"). **The City reserves the right to implement only those projects that remain viable as the Plan period proceeds.**

Project costs are any expenditures made, estimated to be made, or monetary obligations incurred or estimated to be incurred, by the City and as outlined in this Plan. Project costs will be diminished by any income, special assessments, or other revenues, including user fees or charges. To the extent the costs benefit the municipality outside the district, a proportionate share of the cost is not a project cost. Costs identified in this Plan are preliminary estimates made prior to design considerations and are subject to change after planning is completed.

City of Seymour
TID #5 Territory Amendment #1

Proration of costs in the Plan are also estimates and subject to change based upon implementation, future assessment policies and user fee adjustments. The city anticipates special assessing property owners for the portion of infrastructure which will benefit their adjoining properties. At the time of the creation of this territory amendment the estimated cost is at $3,300,000.

Detailed List of Project Amendment Costs

1. PROPERTY, RIGHT-OF-WAY, AND EASEMENT ACQUISITION	$200,000
2. SITE PREPARATION ACTIVITIES	$100,000
3. UTILITIES	$500,000
4. STREETS AND STREETSCAPE	$3,000,000
5. CASH GRANTS (DEVELOPMENT INCENTIVES).	$4,800,000
6. MISCELLANEOUS	$1,000,000
Total	**$9,600,000**

The project cost is based on current prices and preliminary estimates. The City reserves the right to increase this cost to reflect inflationary increases and other uncontrollable circumstances between the creation of the TID and the time of construction. The tax increment allocation is preliminary and is subject to adjustment based upon the implementation of the Plan.

This Plan is not meant to be a budget nor an appropriation of funds for specific projects, but a framework within which to manage projects. All costs included in the Plan are estimates based on the best information available. The City retains the right to delete or pursue future projects listed in the prior paragraph, and shown on the map, or change the scope and/or timing of projects implemented as they are individually authorized by the Common Council, without amending the Plan.

The Plan authorizes the expenditure of funds for project costs within a 1/2-mile radius of the TID boundary.

RE: Territory Amendment #1 for Tax Incremental District No. 5 in the City of Seymour, Wisconsin

Dear Mayor Kraft and Common Council Members:

Tax incremental financing project plans must include an opinion of the city attorney advising whether the plan is complete and complies with Wis. Stat. sec. 66.1105(4)(f).

I have been retained to represent the City of Seymour as its appointed City Attorney. I have reviewed the Project Plan for Tax Incremental District No. 5 and the Territory Amendment #1 for Tax Incremental District No. 5. It is my opinion that the amendment and project plan contain and adequately address the prerequisites set forth in Wis. Stat. sec. 66.1105.

Outagamie County **2-27-24 County Board Meeting - February 27 2024 07:31:47 PM** OpenMeeting

February 23, 2024 County Board Meeting

RESOLUTION NO.: 105—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Department of Health and Human Services submitted a request for nine new employees for fiscal year 2024 which was approved at the November 6, 2023 County Board meeting. The new employees will need office equipment, however, the costs currently do not meet the County's Capital Outlay threshold level of $5,000 per item and should not have been approved within the Capital Outlay section of the Department's budget. This resolution approves moving budgeted expenditures from the Capital Outlay line item to the Supplies line item for minor office equipment.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the following Supply line items in the 2024 budget: HHS Child Youth Family (2062040) by $2,342; Aging Services (2063090) by $2,342; Child Support (2064050) by $2,342; Mental Health (2066090) by $3,668; and decreasing the following Capital Outlay line items in the 2024 budget: HHS Child Youth Family (2062040) by $2,342; Aging Services (2063090) by $2,342; Child Support (2064050) by $2,342; Mental Health (2066090) by $3,668 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director and the Outagamie County Finance Director.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for 2024 Budget Adjustment for HHS New Employee Office Equipment from Capital to Operating

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Outagamie County HHS submitted a request for nine new employees for fiscal year 2024 which was approved on the November 6, 2023 board meeting. The new employees would need office equipment which the amounts currently do not meet the County's capital threshold level of $5000 per item and should not have been approved within the Capital Outlay section of the Department. This request is to move the approved budgeted expenditures from Capital Outlay to the Supplies line item budget for minor office equipment which is where these items are normally expended from.

February 23, 2024 County Board Meeting

RESOLUTION NO.: 106—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Parks Department bid out the Plamann Pavilion / Central Parking Lot project and received bids that were higher than budgeted and estimated by the architect prior to bid. Resolution 197—2021-2022 addressed the budget shortfall for the project. However, the request was for a lump sum bid for the entire project, including the parking lot, which had an account separate from the pavilion building project. Resolution 197—2021-2022 accounted for the parking lot funds to be included in the project funding, however, those funds were not moved into the general project fund. With the parking lot not being bid out separately from the project, this resolution requests moving the parking lot funds into the pavilion general project fund.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve transferring $550,000 from the Parks-Central Parking Lot Construction 21 Capital Outlay line item to the Parks-Pavilion 21 (non-debt) Capital Outlay line item as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Parks Director.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for Budget Transfer from the Central Parking Lot Construction Project to the Plamann Pavilion Capital Outlay cost center

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Outagamie County Parks Department bid out the Plamann Pavilion/Central Parking lot project and received bids that were higher than budgeted and estimated by our architect prior to bid. PR.33 –2021-22 addressed the budget shortfall for the project. However, we requested a lump sum bid for the entire project, including the parking lot, which had an account separate from the building project. PR.33 accounted for the parking lot funds to be including in the project funding but those funds were never moved into the general project fund. Given that the parking lot was not bid out separately from the project, this fiscal requests moving the parking lot funds into the general project fund.

RESOLUTION NO.: 107—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes interchanges with local highways. The interchange of County N has been identified as one of those to be reconstructed within the project limits. Work will entail removal and replacement of existing pavement and base material and operational improvements on the interchange ramps and along County N. The typical cross section will remain as an urbanized four-lane typical cross section. The existing bridge structure will be rehabilitated to accommodate added turn lanes. Construction is currently scheduled for 2024. Outagamie County's share is currently estimated to be $15 for non-participating items. The county share of the project costs will be funded within the current budget.

This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) for this state-let improvement project and to support future funding for the County N interchange improvement project.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Highway Commissioner to enter into a State/Municipal Financial Agreement for the County N interchange improvement project as noted on the attached State/Municipal Financial Agreement for a State-Let Highway Project, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize funding for the county share of the project costs to be included in future budgets as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and the Outagamie County Finance Director.

Dated this 12th day of March 2024

Respectfully Submitted,

HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

STATE/MUNICIPAL FINANCIAL AGREEMENT FOR A STATE- LET HIGHWAY PROJECT	Date:January 31, 2024 I.D.:1130-66-76 (Design 1130-63-01) Road Name: IH 41 Title: Appleton – De Pere Limits: CTH N Intchg County: Outagamie Roadway Length: 0.252 miles

The signatory **Outagamie County** hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

Existing Facility - Describe and give reason for request: The IH 41 Project corridor, which has four travel lanes – two in each direction – is congested and sees a higher rate of crashes than similarly configured freeways in Wisconsin. By federal standards, the project area has multiple roadway design deficiencies, and much of its pavement and several bridges are nearing the end of their useful lives and must be replaced.

As part of this project, the CTH N interchange and bridge over IH 41 require operational improvements to meet design year traffic projections and concrete pavement replacement to address maintenance concerns.

Proposed Improvement - Nature of work: The existing pavement and base will be replaced and operational improvements made on the interchange ramps and along CTH N. Structure (B-44-179) carrying CTH N over IH 41 will be rehabilitated.

The limits of the pavement replacement work extend from approximately 700 feet south of IH 41 to 500 feet north of IH 41.

Work will also include storm sewer installation, sign structures, signals, lighting, erosion control, fertilizer/seed/mulch, permanent signing, pavement marking and temporary traffic control.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality: Non-participating work is not necessary to finish the project but the Municipality has requested a 100% non-participating category be included to be able address any unanticipated non-participating needs during construction.

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.

2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:

   (a) Design engineering and state review services.

   (b) Real Estate necessitated for the improvement.

   (c) Compensable utility adjustment and railroad force work necessitated for the project.

   (d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.

   (e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers and inlet grates as needed.

   (f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.

   (g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.

   (h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.

   (i) Replacement of existing driveways, in kind, necessitated by the project.

3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:

   (a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

   (b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.

   (c) Roadway and bridge width in excess of standards.

   (d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.

   (e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.

4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.

5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State on behalf of the project.
6. The work will be administered by the State and may include items not eligible for federal/state participation.
7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.
8. Basis for local participation:

Construction ID 1130-66-76

The Project Agreement will be revised if necessary, as the project progresses. All costs shown are approximate and subject to final audit.

Category 1000 – Roadway Items

The State will pay 100% of the construction costs under Category 1000 Roadway Items unless otherwise noted.

Category 1100 – Lighting Items

The State will pay 100% of the construction costs under Category 1100 Lighting Items unless otherwise noted.

Category 1200 – ITS Items

The State will pay 100% of the construction costs under Category 1200 ITS Items unless otherwise noted.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.

March 12, 2024 County Board Meeting
OpenMeeting

RESOLUTION NO.: 108—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Development and Land Services Department is requesting approval to delete the Principal Planner position and replace with a Deputy Director of Development and Land Services position, as outlined in the attached position forms.

In 2023, the Development and Land Services (DLS) Department was without a permanent director for a period of three months. During that time, the Principal Planner served as the interim DLS Director and took on high level projects including implementation of various county ARPA programs, planning and zoning administration, and personnel management. Creating a Deputy Director position will increase resiliency for future leadership changes in the department.

While there are no direct cost savings, the reclassification is relatively budget neutral based on a reduction of salary costs due to turnover in two of the three highest department salary positions in 2023. In addition, part of the salary costs for the new position will be offset by grant funding and ARPA administration over the next three years.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board does approve the deletion of one full-time Principal Planner position and the creation of one full-time Deputy Director of Development and Land Services position effective March 24, 2024 for the Development and Land Services Department as noted on the attached Position Deletion Form, Position Addition Form, Job Description, and Table of Organization, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve of increasing the Development and Land Services Salaries line item by $7,596, increasing the Development and Land Services Fringe Benefits line item by $2,355, and increasing the Development and Land Services Allocated Applied Credits line item by $9,951 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and the Outagamie County Development and Land Services Director.

Dated this 12th day of March 2024

Respectfully submitted,

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings

In 2023, the Development and Land Services Department was without a permanent director for a period of three months. During that time, Sadie DiNatale Burda served as the interim DLS director. She took on and excelled in high-level projects including implementation of various county ARPA programs, planning and zoning administration, and personnel management. Sadie still contributes in these areas and is now performing work that is more far advanced than her classification of principal planner. Creating a Deputy Director position will increase resiliency for future leadership changes in the department. The market for highly-trained planning professionals is very competitive in the greater Fox Cities area, and a position reclassification will assist with retainment. Lastly, while there are no direct cost savings, the reclassification is relatively budget neutral based on a reduction of salary costs due to turnover in two of the three highest department salary positions in 2023. In addition, part of the salary costs for this position will be offset by grant funding and ARPA-admin over the next three years.

Proactively works to implement plan goals and recommendations via policy and ordinance changes as well as collaboration with County departments, local municipalities, the RPC/MPO, and aligned organizations.
- As assigned by the Director, oversees development and implementation of specific plans (e.g., Farmland Preservation, Recreation & Open Space, Transportation, Strategic, and other functionally specific plans), programs, projects, and activities.
- Writes, or oversees the writing of, new or updates to a variety of land-use ordinances such as zoning, land division, and other development related ordinances and policies in a manner that is consistent with the County Comprehensive Plan.
- Collaborates with and provides technical planning assistance to County departments whose activities and policies directly affect the built environment. Ensure policy alignment and consistency with the County Comprehensive Plan and/or other specific planning documents or County policies.

- Provide the Director with advice, recommendations, and alternatives to establish land use, economic development, and community development strategies to support responsible, long term growth and development of the County. Liaisons with aligned organizations and County departments to ensure strategy alignment and implementation.
- Manages requests for proposals for consultant contracts and negotiates with contractors on various aspects of projects.
- Oversees the administration of the County business revolving loan funds and Greenway Funds.
- Researches regional planning, community development, housing, demographic and/or economic development issues and develops programs to meet needs of the community.
- Builds and sustains partnerships, liaisons with strategic groups to further the Department and County's goals and objectives. Serves on various boards, commissions, and/or committees as needed.
- Maintains regular and predictable attendance.
- Works extra hours and attends evening meetings as required.
- Performs other duties as assigned.

Education/Certifications/Experience Requirements

- Bachelor's Degree in Planning, Urban Studies, Public Administration, Geography or a related field. Master's Degree and AICP certification preferred.
- Six to nine years planning, zoning/community development, and supervisory experience.
- Or any combination of education and experience that provides equivalent knowledge, skills, and abilities.

Required or Preferred Skills

3-12-24 County Board Meeting - March 12 2024 07:14:28 PM

March 12, 2024 County Board Meeting

OpenMeeting

RESOLUTION NO.: 109—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

In accordance with Sec. 59.22, Wisconsin Statutes, as an Outagamie County elected official, the County Clerk, County Treasurer and Register of Deeds can receive a salary adjustment for the next term of office by passage of a resolution by the County Board prior to the earliest time for filing nomination papers. The Legislative/Audit and Human Resources Committee has reviewed the salary of the County Clerk, County Treasurer, and Register of Deeds and recommends a one-time increase of $12,939.80 for the County Clerk and a one-time increase of $10,537.80 for the County Treasurer and for the Register of Deeds effective with the beginning of the 2025 term of office. Additionally, the Legislative/Audit and Human Resources Committee recommends an annual 4% increase for the County Clerk, County Treasurer, and Register of Deeds for years 2026, 2027, and 2028. All salary and fringe benefit adjustments will be included in the 2025 through 2028 proposed budgets.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby approve a salary adjustment as noted on the attached fiscal note which by reference is made a part hereof, for the Outagamie County Clerk, County Treasurer, and Register of Deeds effective with the beginning of the 2025 term of office as follows:

	2025 Salary	**2026 Salary**	**2027 Salary**	**2028 Salary**
County Clerk	$92,996.80	$96,717.00	$100,586.60	$104,609.00
County Treasurer	$92,996.80	$96,717.00	$100,586.00	$104,609.00
Register of Deeds	$92,996.80	$96,717.00	$100,586.00	$104,609.00

BE IT FURTHER RESOLVED, that the fringe benefit package for the Outagamie County Clerk, County Treasurer and Register of Deeds shall continue, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Executive, the Outagamie County Finance Director, the Outagamie County Clerk, the Outagamie County Treasurer, and the Outagamie County Register of Deeds.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. Subject: Elected officials salary and fringe benefit adjustment for 2025 through 2028. (County Clerk, Register of Deeds and Treasurer)

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Legislative Audit/HR committee is recommending a one-time increase for 2025 and a 4.0% annual increase for the three subsequent years of 2026 through 2028 for the following elected official positions within the County Clerk, County Treasurer, and Register of Deed's offices effective January 1, 2025. For the 2025 one-time payment increase, the County Clerk will receive $12,939.80, the County Treasurer will receive $10,537.80, and for the Register of Deeds will receive $10,537.80. The annual 4.0% increases would be effective the years 2026 through 2028. See attached for the financial impact – All salary and fringe benefit adjustments will be included in the 2025 through 2028 proposed budgets.

RESOLUTION NO.: 110—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Parks Department included a line item for a mower replacement in the 2024 Capital Improvement Project (CIP) budget. However, after review, it appears that the mower was inadvertently left out of the 2024 adopted budget. The mower replacement is vital to operations at the parks, and therefore, the department is proposing to transfer funds from the Capital Outlay Ash Tree Removal Services project to cover the mower replacement cost.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve transferring $50,000 from the County Parks System Capital Outlay – Ash Tree Removal line item to the County Parks System Capital Outlay – Mower Replacement line item as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Parks Director.

RESOLUTION NO.: 112—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Appleton International Airport has chosen a new concessionaire for food/beverage and retail through an RFP process. The Airport has negotiated a lease and concession agreement with SSP America ATW, LLC for a concessionaire lease to operate a food and beverage business. The lease term is eleven (11) years beginning May 1, 2024 and terminating on April 30, 2035. The lease rate will be the greater of the Minimum Annual Guarantee (ranging from $300,000 to $481,038 annually) or a percentage of gross receipts based on amount of revenue generated. The lease revenue has already been included in the 2024 budget, therefore, no budget adjustment is required.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Appleton International Airport entering into a lease and concession agreement to operate a food and beverage business with SSP America ATW, LLC, with no budget adjustment needed as the lease revenue has been included in the 2024 budget as detailed in the attached Lease and Concession Agreement and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Appleton International Airport Director.

THIS LEASE AND CONCESSION AGREEMENT (the "Agreement") is made and entered into by and between the OUTAGAMIE COUNTY ("COUNTY"), represented by _____, by and through the Appleton International Airport ("Airport"), represented by Abe Weber, its Airport Director (the County and Airport collectively referred to as "Lessor"); and SSP America ATW, LLC, represented by _____, it' _____ ("Concessionaire"). The Lease is effective _____ (the "Effective Date").

1. WITNESSETH

WHEREAS the County owns certain immovable property located in Outagamie County and more particularly described as the Appleton International Airport and certain immovable property surrounding the Appleton International Airport (the "Airport Property");

WHEREAS the Lessor is charged with the administration and operation of the Appleton Airport (the "Airport") and all property owned in connection therewith;

WHEREAS the County has commenced the construction of terminal and baggage claim expansions;

WHEREAS in anticipation of the construction and opening of the terminal expansion, the County issued Request for Proposals No. ATW FBR24, soliciting proposals from qualified providers capable of providing food and beverage, news, gift, and specialty retail services (collectively and individually, Concessions) at the Airport;

WHEREAS the Concessionaire submitted a written proposal dated December 14, 2023, which is attached hereto as Exhibit H, and the Lessor has selected the Concessionaire to design, construct and operate the Concessions Package as described in the RFP;

WHEREAS, Concessionaire desires and is fully qualified to design, construct and operate the Concessions Package at the Airport, together with certain privileges, rights, uses, and interests therein as hereinafter set forth; and

WHEREAS, on the 1/29/2024, the Airport approved SSP America ATW,LLC as the successful proposer for this Lease, subject to County Board approval.

NOW THEREFORE, in consideration of the mutual covenants, terms and conditions contained in this Lease, and other valuable considerations, Lessor and Concessionaire agree as follows:

2. DEFINED TERMS

2.1. **Additional Storage** means space used as an office and administrative space for preparing and storing products. The monthly rental obligation for additional storage is charged at the square foot annual fair market value rate.

2.2. **Agreement** means this Lease and Concessions Agreement.

2.14. **Airport Director or Director** means the Authorized Representative of the Airport as appointed by the County.

2.15. **Execution Date** is the day the County approves and executes this Agreement.

2.16. **Enplanement or Enplaned Passenger** means any passenger who boards an aircraft from the Airport's terminal building.

2.17. **First-Class Operation** shall refer to an operation that, in the County's sole judgment, consistently maintains hours of operations that meet the needs of all passengers, provides quality products and services, is sufficiently staffed by an attentive and knowledgeable workforce, operates smoothly and efficiently, has processes and procedures in place to ensure

that customers are served in a timely and efficient manner, maintains a clean and inviting atmosphere, and is compliant with all rules and regulations as stated herein.

2.18. **Force Majeure** means that neither the Airport nor the Concessionaire shall be deemed in violation of this Agreement if it is prevented from performing any of the obligations hereunder by reason of strikes, boycotts, labor disputes, embargoes, shortage of material, acts of God, acts of the public enemy, acts of superior governmental authority, weather conditions, riots, rebellion, sabotage, epidemic, or any other circumstances for which it is not responsible or which is not within its control.

2.19. **Gross Revenues** have the meaning outlined in Section 9 of this Agreement, subject to the limitations in Section 9.9 of this Agreement.

2.20. **Leasehold Improvements** means those improvements constructed or implemented by the Concessionaire, or on its behalf, on the Leased Premises for the operation of Concessions.

2.21. **Lessor** shall collectively refer to the Airport and the County.

2.22. **Mid-Term Refurbishment** means those mid-term refurbishments to be provided by Concessionaire pursuant to Section 15.2 of this Agreement.

2.23. **Minimum Annual Guarantee or MAG** means the Concessionaire's annual minimum rental obligation. During the first year of the Term Concessionaire will pay no MAG. For the remainder of the Term the MAG shall be calculated as eighty-five percent (85%) of all Rent paid during the preceding Agreement Year or three hundred thousand dollars ($300,000.00), whichever is greater.

2.24. **Minimum Initial Capital Investment** means the Concessionaire's minimum capital investment towards the initial design, construction, and equipping of the Leased Premises, which shall be $2,268,963 .

2.25. **Monthly Report** means the monthly report required to be provided by the Concessionaire to the Authorized Representative pursuant to Section 22.2 of this Agreement.

2.26. **Price Benchmark Establishment** means any business approved in writing by the Director or Authorized Representative to be used as the basis for price comparisons during the remainder of the term pursuant to Section 8.15.7 of this Agreement.

2.27. **Rental Commencement Date** means the date Concessionaire is obligated to commence payment of Rental Obligations under this Agreement and will be on the first day of the month following the Date of Beneficial Occupancy.

2.28. **Rental Obligation** means the monthly rental obligation listed in Section 9.1 of this Agreement, which shall be the MAG payment or the Monthly Rent Obligation payment, whichever is greater.

2.29. **Rental Obligation – Additional Storage** means the monthly rental obligation listed in Section 9.5. The Concessionaire's monthly rental obligation for Additional Storage shall be the fair market value as determined by the Airport on an annual square foot basis.

2.30. **Turn-Over of Leased Premises** means the physical turn-over of the Leased Premises to the Concessionaire for construction and operation pursuant to the terms and conditions of this Agreement.

3. TERM

3.1. **Original Term of this Agreement.** The term of the Concession Agreement shall be for eleven (11) years, commencing on the 1st of May, 2024 through the 30th of April, 2035 unless sooner terminated or canceled as herein provided.

3.2. **Holding Over.** Should the Concessionaire hold over the Leased Premises after this Concession Lease has been terminated in any manner, Concessionaire shall continue such holding over only at sufferance to the County. In the event of such holding over, the County shall be entitled to collect from Concessionaire double the amount of the monthly prorate share of the Minimum Annual Guarantee each month or portion thereof during the holdover period. All other terms and conditions in such holdover shall be the same as herein provided.

4. LEASED PREMISES

4.1. **Leased Premises.** As further indicated in Exhibit A1-A7, the Leased Premises shall consist of approximately 8,217 square feet for the placement of Food and Beverage, and Retail concepts inside the Airport. In addition, Leased Premises include a vertical garden and concessionaire operated vending machines.

4.2. **Additional Storage.** Additional Storage may be added as an office and administrative space and for the preparation and storage of products necessary. The County shall have the right to charge the then-market rate for additional storage space leased by the Concessionaire.

4.3. **Amendment of Leased Premises.** The Airport and Concessionaire may, during the Term and by mutual agreement, add additional certain revenue-generating space(s) or non-revenue generating space(s) or delete any space(s) from the Leased Premises. All non-revenue generating space(s) added to the Leased Premises pursuant to this Section shall be subject to all the terms, conditions, and other provisions of this Agreement, and Concessionaire shall pay the Airport all rents, fees, and charges applicable to the additional space(s) by this Agreement. In deleting space(s) from the Leased Premises, rents, fees, and charges paid to the Airport by the Concessionaire shall be appropriately adjusted.

4.4. **No Liability.** Concessionaire shall not be compensated, and the Airport shall not be liable for any inconvenience to Concessionaire, for any interruption of Concessionaire's business, or any other damages as a result of moving to replacement Leased Premises; provided, however, Concessionaire shall receive a day for day abatement for all rent, fees, and charges for each day that Concessionaire is not able to open for business to the public due to such reclaiming or relocation of the Leased Premises.

4.5. **Leased Premises Acceptance As-Is.** Concessionaire accepts the Leased Premises in their current condition, as-is and with all faults, as of the date of the Turn-Over of Leased Premises. The Airport shall not be obligated to construct additional improvements or to modify existing conditions, nor to provide services of any type, character, or nature (including any utilities or

telephone/data service) on or to the Leased Premises during the Term other than as explicitly stated in this Lease.

4.6. **No Warranty of Economic Viability.** The Airport makes no warranty, promises, or representations regarding the economic viability of the Leased Premises, the Concessionaire's business concept(s), or any other matter pertinent to the potential or likelihood for success or failure of the Concessionaire's business operations. Concessionaire acknowledges that airline gate usage and other aspects of Airport operations are subject to change during the Term without notice and that the Airport makes no warranty regarding the location of the airline gate or terminal usage. Except as is expressly set forth herein, the Airport shall not, by virtue of the existence of this Lease, be constrained in connection with its operation of the Airport. Opening a business anywhere involves an amount of risk. By signing this Agreement, Concessionaire affirmatively states that they have investigated the Concessions' potential for success and failure and willingly accept said risk.

5. CONSTRUCTION AND CAPITAL INVESTMENT

5.1. **Construction by Concessionaire.** The Concessionaire shall be obliged to design, completely finance, and construct certain Leasehold Improvements to the Leased Premises at the areas designated on Exhibits A1-A7. Construction must be coordinated with the County and performed in phases to limit negative impacts on passenger experience. All constructions performed by Concessionaire shall be conducted pursuant to the terms and conditions of this Agreement.

5.2. **Minimum Initial Capital Investment.** The Concessionaire's minimum capital investment towards the initial design, construction, and equipping of the Leased Premises shall be $2,268,963. The Concessionaire shall be responsible for all costs associated with the initial improvements of the Leased Premises, even if the cost is greater than the proposed amount.

5.2.1. If the actual initial capital investment, as certified by the Concessionaire, is less than the proposed Minimum Capital Investment, then Concessionaire agrees to pay to the Airport within thirty (30) days of such determination, the difference between the actual initial capital investment and the Minimum Initial Capital Investment. Any amounts paid to the Airport as a result of this provision shall not be deemed a capital investment for any purpose under this Agreement, nor shall it be deemed payment of any rent or other fees due under this Agreement.

5.3. **"Eligible Costs"** means, for any expenditures made by Concessionaire for Leasehold Improvements, including those made as Minimal Initial Capital Investments, the following:

5.3.1. Construction Costs, and

5.3.2. Architectural and engineering fees, construction management fees, and the cost to obtain the applicable permits, which amounts under this clause shall not exceed fifteen percent

(15%) of the contracted Construction Costs unless otherwise approved by the Airport in writing, and

5.3.3. Capital Improvements (including any equipment and custom-built "trade fixtures"), which constitute fixtures installed for use in the Premises, and

5.4. Non-Eligible Cost. Notwithstanding the foregoing, the definition of Eligible Costs shall exclude:

5.4.1. Costs for construction incurred by the Airport, and

5.4.2. Costs in excess of one hundred twenty-five percent (125%) of the estimated costs of Capital Improvements provided by the Concessionaire to, and approved in writing by, the Airport at the time preliminary approval is sought unless otherwise specifically approved by City in writing, and

5.4.3. Any overhead, financing costs (e.g., loan origination fees or interest, points, legal fees, or any non-construction-related cost) in connection with said construction.

5.5. In order for expenditures to qualify as Eligible Costs, documentary evidence of payments for expenditures on improvements to the Leasehold Improvements must be provided to the Airport.

5.6. **Submittal Plans and Specifications.** Concessionaire shall submit preliminary plans and specifications for proposed Improvements to the Premises to the Director within 30 days after the Agreement is executed.

5.7. **Approval of Plans and Specifications.** The Airport will review and respond to submittals of plans and specifications within twenty-one (21) days or provide notice to Concessionaire that the review time has been extended. In the event of disapproval by the Airport of any portion of any submittal of plans and specifications, Concessionaire shall promptly make modifications and revisions and re-submit for approval by the Airport.

5.8. **Approval of Projects.** Concessionaire may submit and the Airport may approve construction plans and specifications on an individual project basis. For purposes of this Agreement, an "Approved Project" shall mean any project that has been approved by the Airport.

5.8.1. **Disclaimer of Compliance with Laws or Codes.** The approval by the Airport of any plans and specifications refers to the conformity of such plans and specifications to the Concession Design Criteria Manual and other Airport standards that may be provided. Approval of any plans and specifications by the Airport does not constitute its representation or warranty as to their conformity with applicable laws, statutes, codes, or permits, and responsibility for conformity, therefore, at all times, remains with Concessionaire.

5.9. **Approvals Extend to Architectural and Aesthetic Matters.** Required approval of the Airport will extend to and include architectural and aesthetic matters. The Airport reserves the right to reject any designs submitted by Concessionaire and to require Concessionaire, at

Concessionaire's expense, to make modifications and revisions and to resubmit designs until designs are deemed acceptable and subsequently approved in writing by the Airport.

5.10. **Design and Permitting**. Concessionaire shall be responsible, at its sole cost and expense, for the costs of design and permitting of all improvements within the Leased Premises and shall not commence any work with respect to an Approved Project until all governmental permits and approvals for the Approved Project have been obtained. At no cost or liability to the Airport, the Airport shall cooperate in all reasonable respects with the Concessionaire's efforts to obtain such permits and approvals, which cooperation shall include, without limitation, the execution of such instruments as may be required by governmental authorities for Concessionaire to apply for and obtain such permits and approvals.

5.11. **Performance and Payment Bonds**. During the lease term, if Concessionaire constructs or renovates Leasehold Improvements that require construction or engineering permits, they must provide Payment and Performance Bonds in an amount equal to the construction cost. The bonds must be provided by a company authorized to write such bonds in Wisconsin, with an "A" or better rating in the most current edition of the A.M. Best Insurance Report, and must be countersigned by a Wisconsin licensed agent. The bonds must remain in force until Concessionaire submits lien waivers from all contractors and subcontractors. The Airport and County will retain the bonds for the duration of the construction.

5.12. **Ownership of Improvements**. All improvements, additions, or alterations, including trade fixtures, equipment, furniture, Improvements, additions, and alterations made to the Premises by the Concessionaire shall become the property of the County free and clear of any demand, lien, claim or other encumbrance of the Concessionaire, upon the expiration or earlier termination of this Agreement. However, if requested In writing by the County, the Concessionaire will remove any such Improvement, addition, or alteration at the Concessionaire's sole expense and will repair all damages caused by such removal.

5.13. **Commencement of Construction**. Concessionaire shall, at its own cost and expense, commence construction of an Approved Project within ten (10) days of the Turnover of Leased Premises date stated in the notice to proceed for such Approved Project; all necessary building, demolition, or other permits and approval must be obtained by this date, and Concessionaire agrees that all construction work to be performed, including all workmanship and materials, shall be of first-class quality and in accordance with the Development Schedule. All construction shall be performed in accordance with the requirements of this Agreement and applicable laws, regulations, ordinances, codes, and permits. The Airport shall have the right to inspect each Approved Project from time to time.

5.13.1. **Cooperation during Development Period.** During all phases of the Development Period, Concessionaire shall cooperate and provide such other documentation or information reasonably requested by the Airport, Authorized Representative, or Program Manager to

ensure the proper and timely coordination of the development tasks or activities necessary for the project's timely completion.

5.13.2. **Completion of Construction**. The Concessionaire must complete all Approved Projects and open for business by the required completion date set forth in the notice to proceed with the Approved Project, which is anticipated to be sometime in July 2025. Failure to complete the approved projects and open for business by the required completion date may result in Liquidated Damages.

5.14. **Project Closeout**. For each Approved Project, Concessionaire shall conform to project closeout and operational readiness activities and further agrees that it shall deliver to the Airport within sixty (60) days of the construction completion date the following evidence of completion:

5.14.1. "As built" record documents of the construction, additions, and other modifications constructed by the Concessionaire on the Leased Premises. During the Term, the Concessionaire shall keep said documents current, with all changes or modifications made by Concessionaire in or to the Leased Premises or additions thereto.

5.14.2. A statement certified by Concessionaire's chief financial officer specifying the final capital investment related to each of the Approved Projects with the level of detail as requested by the Airport.

5.14.3. A certification that construction has been completed in accordance with the approved plans and specifications and in compliance with all laws and other governmental rules, regulations, and orders.

5.14.4. Certified proof demonstrating that no liens exist on the Leased Premises, including but not limited to, a waiver of lien from all construction contractors and signed releases from all subcontractors that indicate receipt of payment in full for all work performed or trade fixtures delivered.

5.15. **Additional Improvements and Alterations**. Concessionaire shall make no alterations or improvements, to the Leased Premises following the Date of Beneficial Occupancy of each concept without the prior written approval of the Airport, which shall set forth the procedures applicable to the alteration. To obtain the Airport's written authorization, Concessionaire agrees to submit written specifications of the modifications requested to the Authorized Representative. The Airport's approval shall not waive any local, State, or federal requirements governing such alterations and improvements. All alterations and improvements made to the Leased Premises will be at the sole cost and expense of Concessionaire.

5.16. **Removal of Unapproved Improvements**. Improvements made on the Leased Premises without the approval of final plans for said improvements as outlined herein are hereby determined to be unapproved improvements constructed or installed in violation of the conditions, restrictions, and requirements of this Agreement. Unapproved improvements shall

be immediately removed at Concessionaire's sole expense unless otherwise approved in writing by the Airport. Portions of improvements that are not constructed as indicated and specified on approved plans are also hereby determined to be unapproved improvements and shall be immediately removed or corrected at Concessionaire's sole expense.

5.17. **Delayed Commencement Fee for Failure to Complete Construction of an Approved Project**. Concessionaire acknowledges that if it fails to open for business by the required completion date, the delay may cause the Airport to suffer substantial damages; therefore, if Concessionaire fails to either complete the construction of one or more Approved Projects or open the concession location for business by the required completion date, the following will apply:

5.17.1. If Concessionaire is unable to open any unit by the commencement date, a delayed commencement fee shall be due to the Airport in the amount of one and a half (1.5x) time the projected rent for said unit(s), until the date that said unit is open for business; and

5.17.2. If the Concession Location is not open for business within thirty (30) days after the required completion date, the failure is an event of default. The Airport has the right to exercise any and all remedies herein, at law or in equity, including but not limited to the option to terminate this Agreement or to remove the applicable concession location from the Leased Premises.

5.18. **Delay Due to Force Majeure**. Notwithstanding the foregoing, the parties agree that any delay in the construction of any improvements due to Force Majeure or acts of the Airport or the Airport's contractors shall extend the required completion date for an Approved Project day for day. Any extension provided per the terms of this Section shall be limited to the actual delays caused by any such Force Majeure event or act of the Airport. However, the Airport shall have no liability to Concessionaire for compensation or damages for any such delay.

6. LIENS

6.1. **Waiver.** The County and the Airport and the interest of the County and the Airport in the Leased Premises shall not be liable for or subject to any mechanic's, laborer's or materialmen's liens for materials furnished, improvements, labor, or work made by or for Concessionaire to the Leased Premises. Concessionaire shall not pledge, lien, or otherwise encumber any assets located at the Airport or any interest in this Agreement without prior written approval by the Airport. Concessionaire shall not allow any mechanic's, materialmen's, or laborers' liens to attach to the Leased Premises. Concessionaire shall require every sub-concessionaire, sub-tenant, contractor, or sub-contractor with whom its contracts to execute a waiver of the right to file any liens against the Airport or the Leased Premises, which waiver shall be effective against claims by any such entities and all material, vendors, laborers, and workers arising from any work, services, or goods furnished at the Airport.

6.2. **Discharge.** In the event any construction, mechanic's, laborer's, materialmen's or other lien or notice of lien is filed against any portion of the Leased Premises for any work, labor, or materials furnished to the Leased Premises, whether or not the same is made or done in accordance with an agreement between the Airport and Concessionaire, Concessionaire will cause any such lien to be discharged of record within thirty (30) days after notice of filing thereof by payment bond or otherwise or by posting with a reputable title company or another escrow agent acceptable to the Airport, security reasonably satisfactory to the Airport to secure payment of such lien if requested by the Airport, while Concessionaire contests to the conclusion the claim giving rise to such lien.

6.3. **Lien and Privilege.** To the extent permitted by law, the Airport shall have a lien upon all Trade Fixtures and Personal Property of the Concessionaire placed in or on the Leased Premises for the purpose of securing the payment of all sums of money that may be due to the Airport from Concessionaire under this Agreement. This lien shall supersede any other lien, including any lien created in connection with Concessionaire's financing. Concessionaire is prohibited from pledging any Trade Fixtures and/or Personal Property without prior written permission from the Airport.

7. USE OF LEASE PREMISES

7.1. **Permitted Uses.** Pursuant to the terms and conditions of this Agreement, the Leased Premises shall be used by Concessionaire or its sub-concessionaires and/or sub-tenants only for the provision of food and beverage service, news, gift, and retail services, use as an office and administrative space, and for the preparation and storage of products necessary for the provision of Concession services. The Airport may, in its sole discretion, expand the permitted uses of the Leased Premises.

7.2. **Innovative Growth and Customers First Uses.** Concessionaire shall partner with the County to explore, implement, and maintain innovative growth and customer-first initiatives, such as autonomous markets, food lockers, etc., within the Leased Premises and throughout the Airport.

7.3. **Vending Machines.** Concessionaire shall install and operate vending machines and micro markets (herein "Vending Machines") on the Leased Premises. With written approval from the County, the Concessionaire may add, delete, or replace Vending Machines. The Airport reserves the right to install and maintain, through contractors of its choosing, vending machines at the Airport, including in Support Spaces.

7.4. **Restricted Uses.** Nothing contained in this Article should be construed as authorizing Concessionaire to conduct any business not specifically permitted by this Agreement or in areas at the Airport other than the Leased Premises. Any rights not specifically granted to Concessionaire are hereby reserved by the Airport.

7.4.1. **Interference with Airport Operations.** The Concessionaire shall not use the Leased Premises or allow the Leased Premises to be used in any manner that interferes with or adversely affects the operation or maintenance of the Airport.

7.4.2. **Obstruction.** Unless approved in writing in advance by the Airport, which approval is in the Airport's sole discretion, Concessionaire will not obstruct any part of the Airport terminals outside of the Leased Premises and shall not otherwise interfere or permit interference with the Airport's use, operation, or maintenance. Concessionaire shall keep all service corridors, hallways, stairways, doorways, and loading docks free and clear of all obstructions.

7.4.3. **Entertainment.** Concessionaire and/or its sub-concessionaires and sub-tenants may not transmit any unlicensed or non-copyrighted music, radio broadcasts, recorded music, television, or movie broadcasts, in the Leased Premises in compliance with Federal Copyright Law found in Title 17 of the United States Code, or as amended. Concessionaire and/or its sub-concessionaires and sub-tenants must obtain any required permits, licenses, or copyrights.

7.4.4. **Cable Television.** The Airport reserves the right to require the Concessionaire to use one (1) cable television provider as selected by the Airport.

7.4.5. **Wireless Internet.** Concessionaire and/or its sub-concessionaires and sub-tenants are not permitted to install its own high-speed wireless local area network ("WLAN") without the express written consent of the Airport.

7.5. **Compliance with Applicable Laws, Ordinances, Permits, and Licenses.** Concessionaire and its sub-tenants shall comply with all provisions of this Agreement and applicable state, federal, and local laws, and ordinances, as well as all permits and licenses necessary for the operation of the services provided on the Leased Premises. The Airport may assess liquidated damages set forth in Section 6.24 until such prohibited act is ended. Moreover, if the prohibited act is not corrected as directed by the Airport, the Airport or its representative shall have the right to enter upon the Leased Premises and take corrective action. Concessionaire agrees to promptly reimburse the Airport for any related costs, plus an administrative fee of fifteen percent (15%) of the corrective action costs.

8. OPERATIONS AND PERFORMANCE STANDARDS

8.1. **The Airport's Requirements.** The occupancy and use by the Concessionaire of the Leased Premises and the rights herein conferred upon the Concessionaire shall be subject to the Airport's rules and regulations and operating directives as are now or may hereafter be prescribed by the Airport through the lawful exercise of its powers.

8.1.1. **Additional Compliance.** Concessionaire shall comply with all applicable laws, ordinances, regulations, codes, licenses, and permits in the conduct of its operations under this Agreement, including, but not limited to, TSA regulations regarding products or procedures.

8.2. **Performance Standards.** The concessionaire shall conduct its business in a manner to meet the needs of Airport patrons and employees and in a manner that will reflect positively upon the Concessionaire, the Airport, and the County. The Concessionaire shall equip, organize, and efficiently manage the Leased Premises to provide First-Class Operation.

8.2.1. **Health and Safety Standards.** Concessionaire shall comply with all health and sanitary regulations adopted by the Airport, Outagamie County, the State of Wisconsin, and any other governmental authority with jurisdiction over the Airport. Concessionaire shall give access for inspection purposes to any duly authorized representatives of all such governing bodies. Concessionaire shall provide the Authorized Representative with copies of all inspection reports by other health and sanitary governing bodies within forty-eight (48) hours of receipt. This paragraph does not require Concessionaire to waive any applicable attorney-client or attorney work product privileges.

8.3. **Quality.** All products and merchandise sold or kept for sale shall be of high quality and wholesome and must fully conform with all applicable food and drug laws, ordinances, and regulations, as well as the Airport's rules and regulations and operating procedures.

8.3.1. **Quality of Products and Services.** Concessionaire shall ensure that all customers are provided First-Class merchandise and services, and Concessionaire shall keep in stock and have ready for sale at all times of operation a sufficient supply and variety of the most popular products and goods offered for sale at each location, consistent with the product price list, to meet the demand of customers at the Airport.

8.3.1.1. **Quality Deficiencies.** If the Airport identifies any issues, such as inadequate quality, variety, or quantity of goods or services offered, the Airport can send a written notice of the issues to the Concessionaire. The Concessionaire must address and fix the issue(s) within three business days.

8.4. **Visible Pricing.** Prices for all merchandise must be displayed and available to all customers. The Airport may require the Concessionaire to display local pricing comparisons to promote consumer confidence in price-sensitive items, like bottled water.

8.5. **Product Displays**. The Airport reserves the right to approve all product displays. Concessionaire hereby affirms that the Airport, in its sole discretion, has the absolute right to require that the Concessionaire discontinue the sale of any product the Airport deems unsatisfactory, distasteful, or inappropriate for any reason and to require the Concessionaire to modify product displays for any reason. If Concessionaire fails to comply with any such request by the Airport within one (1) day after written notice from the Airport, the Airport may assess liquidated damages as described in Section 8.38.

8.6. **Personnel and Training.** Concessionaire shall hire, train, supervise, and deploy enough, properly trained representatives, agents, and employees (collectively hereinafter referred to as Personnel) to service customers in a timely and efficient manner and to properly meet Concessionaire's obligations herein.

8.7. **Supervision of Employees.** Concessionaire shall closely monitor Personnel to ensure First-Class service to customers in compliance with this Agreement. The satisfactory performance of the obligation hereunder shall be determined at the sole discretion of the Airport. Concessionaire shall take all proper steps to discipline Personnel who participate in acts of misconduct on or about the Leased Premises.

8.8. **General Manager.** The Concessionaire shall appoint an active, qualified, competent, and experienced General Manager to oversee and manage Concessionaire's performance and represent and act on behalf of the Concessionaire. The General Manager shall have full authority to make day-to-day business decisions on behalf of the Concessionaire with respect to the operation of the concession program including, but not limited to, authority to control the conduct and demeanor of the Concessionaire's Personnel. The General Manager shall represent the Concessionaire in dealings with the Airport and shall coordinate all concession activities with the Airport. The General Manager shall be assigned to an office at the Airport and shall be at the Airport during the Airport's regular business hours. The Airport may require the General Manager to be at the Airport during peak travel periods and or outside of the Airport's regular business hours. The General Manager shall designate a qualified, competent, and experienced subordinate to be in charge and available during the General Manager's absence during Concessionaire's regular operating hours.

8.9. **Concessionaire Provided Customer Service Training.** Concessionaire shall implement a customer service training program and require that all employees employed by Concessionaire at the Leased Premises shall complete Concessionaire's training program within one month (1) of their employment commencement date and receive additional customer service training each Agreement Year. The Airport may require Concessionaire to provide additional customer service training to employees who receive an unsatisfactory mystery shopper score or customer review.

8.10. **Additional Personnel Requirements.** In addition to the Personnel requirements set forth herein, Concessionaire shall ensure that all Personnel engaged in the performance of the Concession shall conform to the Airport's rules, regulations, and operating procedures.

8.11. **The Airport's Right to Object.** The Airport shall have the right to object to the demeanor, conduct, and appearance of any personnel of Concessionaire or any of its invitees or those doing business with it. Immediately upon notice of objection by the Airport, Concessionaire shall take all steps necessary to remedy the cause of the objection. If requested by the Concessionaire, the Airport shall present its objections in writing and provide Concessionaire the opportunity to reply to the objections and such reply will be given consideration by the Airport.

8.12. **Cost of Delivery and Distribution.** Concessionaire is responsible for the cost of delivery and distribution of goods, including but not limited to any transportation cost, security screening services, and repair of any damaged Airport facilities.

8.13. **Delivery and Distribution Scheduling.** Concessionaires must establish dependable and flexible delivery and distribution schedules that enhance security, do not disrupt airline service, and ensure that the Concessionaire always has products and goods available for purchase. In addition, Delivery and Distribution routes must also limit passage through public areas traversed by the passengers.

8.14. **Equipment.** Any equipment used to bring goods in or waste out shall have rubber wheels to protect the terminal flooring. Equipment shall be identified by professional, waterproof labels or placards. Equipment must be kept clean and in proper working order. Equipment used to bring in goods may not be used to bring waste out. Waste-out equipment must be leakproof and be able to enclose its contents. The Airport reserves the right to require Concessionaire to replace any equipment.

8.15. **Pricing.** Concessionaires shall provide quality food and beverage, news, gift, and specialty retail at prices that do not exceed ten percent (10%) above the average price charged for similar or identical products that are equal in size, at identical or similar concepts in the Greater Fox Cities Area for Airport approval.

8.15.1. For merchandise with a pre-printed price affixed by the manufacturer or distributor, the selling price at the Airport shall not exceed the pre-printed price.

8.15.2. Nationally and locally branded concepts shall be compared to three (3) locations of the same brand located in the Greater Fox Cities area.

8.15.3. If three (3) locations of the same brand located in the Greater Fox Cities area do not exist, Concessionaire must benchmark against as many of the same brand locations as possible and shall follow the policy found in Section 8.15.4 for the remaining comparisons.

8.15.4. For all non-branded, proprietary, or branded concession locations not represented off-Airport in the Fox Cities Area, the price for merchandise at the Airport shall not exceed the

average price by more than ten percent (10%) for the same or similar merchandise (of like size and quality). Three Price Benchmark Establishments must be selected by Concessionaire. Three (3) additional Price Benchmark Establishments may be selected by the Airport if the Airport believes that the concessionaire has left out comparable locations in favor of locations that maintain a pricing structure that does not provide value to the customer. In such a case, the price can be, at most, the average price of the six (6) locations plus ten percent (10%).

8.15.5. **Excluded Locations.** Hotels, stadiums, arenas, movie theaters, amusement parks, and similar point-of-Interest locations shall not be used as a Price Benchmark Establishment.

8.15.6. **News and Gift (Convenience) locations** are comparable to neighborhood convenience stores such as Walgreens and CVS and national gas stations like Shell and Exxon. At least one (1) neighborhood convenience store or national gas station must be used in Price Benchmark Establishments in reports for News and Gift (Convenience locations).

8.15.7. **Amendments to Benchmarks.** Once approved by the Airport, the businesses (hereinafter referred to as the Price Benchmark Establishments) will be used as the basis for price comparisons during the remainder of the Term. In the event any of the Price Benchmark Establishments ceases operations or, at the sole discretion of the Airport, alters its concept, branding, service style, merchandise selection, or menu to no longer be a valid comparison, Concessionaire must propose a substitute Price Benchmark Establishment for approval by the Airport.

8.16. **Price Surveys.** No later than forty-five (45) days prior to the Rental Commencement Date and prior to the beginning of each year of the Term, Concessionaire shall, at its own expense, prepare a product and price survey of the Price Benchmark Establishments that demonstrates, to the satisfaction of the Airport, Concessionaire's compliance with the pricing standards herein. Concessionaire shall also provide to the Airport, a price list of the top 15 items, by volume and gross revenue, to be sold at a concessions location which shall be subject to the approval of the Airport. Further, at any time during the Term, Concessionaire shall provide a current product price list to the Authorized Representative within ten (10) days of a written request by the Director.

8.17. **Price Changes.** Throughout the Term, Concessionaire may request changes to pricing at most once every four (4) months. Requested price changes must be submitted in writing and include such information and data as reasonably requested by the Authorized Representative, including, but not limited to, the results of price surveys or other economic justification supporting the requested price changes(s). In its sole discretion, the Airport shall determine which price changes are consistent with the Pricing Standard and notify Concessionaire in writing of its approval or rejection of each requested price change. If the Concessionaire submits a price request that Is found to be non-compliant with Pricing policy (e.g., greater than 10% of the market basket), the Airport may reject any further request until the following four

(4) month period. No later than ten (10) days after any adjustment to prices, the parties agree to modify the product price list to incorporate said price adjustments.

8.18. **Airport Employee Discount.** Concessionaire shall offer a ten percent (10%) discount on all merchandise purchased by Airport employees and employees of airlines operating at the Airport who have been issued (and show at the time the discount is requested) appropriate identification badges. The discount shall be based on Concessionaire's normal non-sale or non-promotional prices.

8.19. **Price Conformance.** At any time during the Term, the Airport may survey or cause to be surveyed prices being charged for goods or services offered by Concessionaire. The Airport shall have the right to monitor and test all the Concessionaire's merchandise prices by a shopping service or the Airport personnel. If the Airport concludes, based on the results of the survey, that any prices being charged by Concessionaire do not comply with the Pricing Standard, the Airport will require Concessionaire to adjust prices to the amounts permitted herein.

8.20. **Price Adjustments.** The Concessionaire shall, within three (3) days of receiving written notice from the Airport, adjust any prices that the Airport determines, in its sole discretion, to be inconsistent with the pricing standard. Failure to rectify any pricing discrepancies within the three (3) business days constitutes a material breach by the Concessionaire of this Agreement and, in addition to the assessment of liquidated damages as set forth herein and all other remedies available to the Airport, the Airport may, in its sole, terminate this Agreement.

8.21. **Deficiency Penalty-Pricing Policy.** In addition to performance standards liquidated damages which may be assessed upon initial notice of noncompliance, Concessionaire is subject to deficiency penalties for failing to rectify any pricing discrepancies within three (3) business days. The deficiency penalty for failure to comply with the pricing policy shall be $100 per item per day.

8.22. **Hours of Operation.** Unless otherwise agreed to in writing by the Airport, which shall be in the Airport's sole discretion, Concessionaire shall ensure that, throughout the Term, each concession location is open daily for business without interruption during the hours of operation, which shall be (i) the time that the TSA checkpoint opens, until 30 minutes prior to the last actual aircraft departure from the area or (ii) 5 am till 9 pm, whichever provides the highest level of service as determined by the Airport.

8.22.1. **Changes to Store Hours.** The Airport may, at its sole discretion, change store hours during the Term. Concessionaire hereby acknowledges and agrees to operate the concession locations as required, which, if requested by the Airport, may be 24 hours per day, seven (7) days per week, including all holidays. Concessionaire may request changes to store hours. The Airport may, in its sole discretion, approve such requested changes.

8.22.2. **Irregular Operations or Emergency Hours of Operation**. In the event of irregular operations or emergency, as determined by the Airport, Concessionaire shall remain

continuously open and provide all goods and services as required by the Agreement for the concession locations beyond the then-current store hours as instructed by the Director or designee. The Airport will provide Concessionaire with as much warning of this necessity as possible under the circumstances. However, Concessionaire acknowledges that sometimes the amount of warning for the need to continue operating past normal closing hours may be minimal, and Concessionaire commits to operating during any hours directed by the Airport. Concessionaire will have a plan to ensure continued operations, subject to review by the Airport.

8.22.2.1. Should the Airport authorize the Concessionaire to distribute merchandise or provide services during an emergency free of charge or for discounted prices, Concessionaire shall track all goods and services provided and shall submit to the Airport for reimbursement. If approved by the Airport, reimbursement will be provided in the form of Rent credit.

8.22.3. **Failure to Maintain Hours of Operation.** Failing to maintain posted hours of operation shall constitute a violation of this Section, for which the Airport may assess liquidated damages as further described in Section 8.38. Repeated failure to maintain posted hours of operation may constitute an Incidence of default under this Agreement.

8.23. **Badging and Security Requirements.** All of the Concessionaire's personnel who work at the Airport must apply for and be issued a proper security identification badge prior to beginning work at the Airport. Concessionaire shall be responsible for ensuring Personnel, vendor, and contractor compliance with all security rules, regulations, and procedures, including, but not limited to, those issued by the FAA, TSA, and the Airport. The rules, regulations, and procedures of the FAA, TSA, and the Airport regarding security matters may be modified during the Term and Concessionaire shall be required to comply with all modifications. Concessionaire shall pay all costs associated with obtaining the required security identification badge and security clearances for its Personnel, including, but not limited to, the costs of training and badging as established by the Airport.

8.24. **Badge-Related Liquidated Damages.** Concessionaire will comply with rules, practices, security restrictions, and regulations set forth by the County or any agency with jurisdiction at the Airport. Any liquidated damages assessed against the County because of the Concessionaire's failure to comply with the provisions of this paragraph or other intentional or negligent acts or omissions of the Concessionaire, its employees, or agents will be paid promptly, upon demand, to the County by the Concessionaire.

8.25. **Employee Clearance.** The Airport Director shall have complete control over granting, denying, withholding, or terminating security clearance for said employees. Clearance is required for all employees working in restricted/sterile areas upon being hired or assigned to the Airport. The Concessionaire shall not permit any employee to begin work in the restricted/sterile areas until the Airport Administration clears the employee through the

mandated 10-year fingerprint-based Criminal History background check, as well as all other background checks, and issues the necessary documents and ID/access badge.

8.26. **Use of SIDA Badge.** Concessionaire's Personnel who are issued security identification badges shall only utilize such badges and access rights in connection with the operation of the Concessionaire's business as outlined herein. Concessionaire's Personnel shall be informed by Concessionaire, in writing, of this requirement, and a violation of such shall be a basis for the termination of a Person's employment if that person violates such restrictions.

8.27. **Surveillance and Security Systems.** Concessionaire is responsible for securing their premises. With Airport approval, tenants may install their own surveillance and security systems for security, loss prevention, and quality assurance purposes. If such surveillance systems are installed, the Airport shall be given access to remotely monitor the system and the ability to download footage.

8.28. **Employee Parking.** Nothing in this Agreement shall be deemed to require the Airport to provide parking to Concessionaire's Personnel. The Airport may provide parking accommodations to Concessionaire's Personnel in common with employees of other concessionaires and users of the Airport subject to the payment of reasonable charges therefor as may be established from time to time by the Airport. In such an event, Concessionaire's Personnel must park within the designated areas.

8.29. **Employee Uniforms and Appearance.** The Airport is extremely interested in the appearance of Concessionaire employees. Concessionaire uniforms can create a sense of place, improve customer service, create a safer workspace, and mitigate security risks. A professional appearance may comfort passengers and lead to a professional attitude of the employee and increased sales. All uniforms must be approved in writing by the Airport.

8.29.1. Employees who traverse the AOA for the purpose of distributing goods must wear reflective safety vests on the outermost garment that clearly identifies the Concessionaire.

8.30. **Point of Sale Terminals.** Concessionaire must install electronic point-of-sale terminal(s) (POS Terminals) to accurately record all transactions occurring in each concession location for accounting, reporting, and auditing purposes.

8.30.1. All POS Terminals used at the Airport must have the ability to be tied into systems allowing the Airport to remotely monitor transaction data, periodic reports for each location, and all locations included under this agreement. Alternatively, should remote monitoring not be feasible, Concessionaire shall provide the same data reports daily with a monthly summary, in a format that is acceptable to the Airport.

8.30.2. The Airport reserves the right to implement a universal point-of-sale system or other technology to work in tandem with Concessionaire's POS Terminals. Concessionaire agrees to cooperate in the implementation fully. If the Airport instructs Concessionaire to install any

technology, the Airport shall not be obligated to furnish Concessionaire with the technology, equipment, software, or systems necessary to do so.

8.31. **Complaints.** All customer complaints referred to Concessionaire by the Airport must be responded to by Concessionaire within one business day of receipt. A written copy of the Concessionaire's response shall be delivered to the Airport within said twenty-four-hour (24) period.

8.32. **Concessionaire Performance Audit.** The concessionaire shall regularly conduct self-performance audits and document their efforts and all findings. Performance audits shall include minimum objective standards in any or all the areas of (i) product quality; (ii) customer service; and (iii) cleanliness and maintenance. Upon request from the Airport, Concessionaire shall conduct additional audits within the prescribed timeframe. If not requested by the Airport, Concessionaire Performance Audits shall be provided to the Airport no later than first business day of the month, following the audit.

8.33. **Performance Audit.** The Airport reserves the right to conduct regular performance audits of the Leased Premises to assure that all the operational, safety, and compliance standards of this Agreement are consistently performed by the Concessionaire. Concessionaire acknowledges that performance audits will be conducted by the Airport, or its representative, and hereby agrees to cooperate with all performance audits. Additionally, the concessionaire shall conduct self performance audits as described herein or as requested by the Airport.

8.33.1. Performance audits may include minimum objective standards in any or all the areas of (i) product quality; (ii) customer service; and (iii) cleanliness and maintenance. If Concessionaire fails to meet minimum standards in any of these areas, the Airport may, at its discretion, assess liquidated damages as set forth in 8.38.

8.33.2. To ensure consistent adherence to performance standards throughout the Term, the Airport will use a rolling twelve-month (12) cycle to record incidents of failure to meet standards. The Airport reserves the right to assess liquidated damages for violations of performance standards as set forth in Section 8.38.

8.33.3. Repeated violations and deficiencies in performance by Concessionaire may result, at the Airport's sole discretion in the termination of this Agreement.

8.34. **Annual Review.** No later than ninety (90) days after the end of each year of the Term of the Agreement, Concessionaire will schedule a meeting with the Airport to review and evaluate the financial, customer service, and operational performance of each concession location. During the review, the Airport may determine, in its sole discretion, that the performance of one or more of the concession locations is unsatisfactory if one or more of the following occurred during the prior year:

8.34.1. Sales per enplaned passenger were less than ten percent (10%) of the projected sales per enplaned passenger for the concession location;

8.34.2. Sales per enplaned passenger were less than fifteen percent (15%) of sales per enplaned passenger for the same concession location during each of the two (2) preceding Agreement Years;

8.34.3. Scores on any secret shopper survey(s) conducted by the Airport or its representative were less than twenty five percent (25%) of the maximum achievable scores for the survey(s) ALTERNATIVE: "...were over ten percent (10%) less than the average (mean) of all stores shopped; or

8.34.4. Scores on any operational survey(s) conducted by the Airport or its representative scored less than eighty percent (80%) of the maximum achievable scores for the survey(s).

8.35. **Deficient Performance by Concessionaire.** The Airport, in its sole discretion, shall have the right to raise reasonable objections to the condition of the Leased Premises, the quality and quantity of products, merchandise and food and beverage, the character of the service, the hours of operation, and/or the appearance and performance of service personnel, and to require any such conditions or practices objectionable to the Airport be promptly remedied by Concessionaire. Such objections raised by the Airport shall be delivered to Concessionaire in writing, and Concessionaire shall correct, or cause to be corrected, such problem or deficiencies within seven (7) days of receipt of any such objections. If Concessionaire fails to correct within seven (7) days after written notice is given by the Airport, the Airport may assess penalties as described in Section 8.38.

8.36. **Remediation Plan.** If the Airport determines, based on the performance criteria specified in this Section 6, that a concession location performed unsatisfactorily during the prior Agreement Year, the Airport will provide written notice to Concessionaire. Within thirty (30) days of receipt of such written notice, Concessionaire shall prepare and submit to the Authorized Representative, for its approval, a Remediation Plan, as described below, to improve the performance of the Concession Location.

8.36.1. The Remediation Plan shall include, but not be limited to, proposed remedial activities such as employee training, staffing changes, merchandise and service modifications, facility refurbishment and repair, and/or replacement of concept or brand. Upon approval by the Airport, Concessionaire agrees to implement the approved Remediation Plan diligently and further agrees to submit to the Authorized Representative monthly reports on the progress of such implementation. If the approved Remediation Plan includes the replacement of a concept or brand, then the Airport and Concessionaire will enter good faith negotiations concerning a concept or replacement brand. In the event the Airport determines, after six (6) months of implementation of a Remediation Plan, the subject concession location is still performing in an unsatisfactory manner, the Airport reserves the right to require Concessionaire to replace the underperforming concept or brand if not already replaced by the Remediation Plan. Within ninety (90) days of receipt of written notice from the Airport requiring a replacement,

Concessionaire shall submit a proposal for a brand or concept replacement plan to the Authorized Representative. Such a replacement plan shall include, but not be limited to, a detailed description of the brand or concept, the capital expense required to re-brand, sales projections, and the specific timetable to replace the brand or concept. In its sole discretion, the Airport reserves the right to approve or deny the replacement plan and require Concessionaire to submit another replacement plan.

8.37. **Failure to Comply with Performance Standards**. Concessionaire acknowledges the Airport's objective to provide the public and air travelers with the level and quality of service as described herein. Accordingly, the Airport has established a series of penalties, as set forth in the table below, that it may assess, in its sole discretion, as liquidated damages for various violations of the provisions of this Agreement. Concessionaire and the Airport agree that the penalties set forth herein are reasonable, and Concessionaire further agrees to pay to the Airport such liquidated damages in accordance with the rates or in the amounts specified herein upon each occurrence of the specified violation and upon written demand by the Airport. The Airport will, in its sole discretion, determine the classification of each fine as per day or per occurrence. Concessionaire further acknowledges that the liquidated damages are not exclusive remedies, and the Airport may pursue other remedies as allowed for in this Agreement and, at law, in the Airport's sole discretion. The Airport's waiver of any fine provided for in this Section shall not be construed as a waiver of the violation or the Concessionaire's obligation to remedy the violation.

8.38. **Performance Standard Liquidated Damages.** Concessionaire 's failure to adhere to the operating requirements set forth in this Agreement is reasonably anticipated to result in significant inconvenience to the public, adversely affect the overall commercial business of the Airport, and reduce the amount of rent to be paid to County. Additionally, County resources will be expended in dealing with violations of this Agreement by Concessionaire. The parties hereby agree that total damages sustained by to County for violations of the provisions of this Agreement addressing this subject matter could be significant but would be difficult to determine and to track. Therefore, the parties hereto agree that the liquidated damages amounts set forth below for violation of Agreement terms addressing the referenced subject matter are reasonable estimates of the loss anticipated to be suffered or incurred by County. Concessionaire, therefore, hereby agrees that imposition of the liquidated damages set forth below is fair and reasonable and Concessionaire agrees to pay immediately upon demand by to County the following amounts as liquidated damages upon the occurrence of breaches, in any Contract Year, related to operation violations:

8.38.1. $100 per occurrence-first occurrence

8.38.2. $200 per occurrence-second occurrence

8.38.3. $300 per occurrence-third occurrence

8.38.4. $1,000 per occurrence-fourth occurrence
8.38.5. For hours of operations violations, liquidated damages shall be as follows;
8.38.6. $100 per hour or portion thereof, during which location is not open-first occurrence
8.38.7. $200 per hour or portion thereof, during which location is not open-second occurrence
8.38.8. $300 per hour or portion thereof, during which location is not open-third occurrence
8.38.9. $1,000 per hour or portion thereof, during which location is not open-fourth occurrence
8.38.10. County's failure to impose liquidated damages for any violation of the requirements set forth above shall not waive any right or prohibit County from doing so for subsequent violations.
8.38.11. Except for violations regarding the minimum hours of operation, the liquidated damages for which shall be incurred immediately and without notice upon violation, other liquidated damage amounts shall not be imposed unless the violation continues for more than three (3) calendar days after County has given Concessionaire written notice (and this written notice may be in the form of an email) of the violation; provided, however, after County has given Concessionaire notice of the same violation more than twice during any calendar year, the liquidated damage amount shall be immediately imposed with no opportunity to cure in order to avoid the sanction. Additionally, after two (2) violations of the same type in the same calendar year, County reserves the right, at its sole option, not to impose the liquidated damage and instead seek any other remedies available to it for an event of Default, including termination of this Agreement.

9. RENT

9.1. **Rental Obligation.** As consideration for the right to occupy the Leased Premises, Concessionaire shall make monthly rent payments (Rent) to the County for the full Term of the Concession lease. In all cases, the Rent due will be the greater of Percentage Rent versus the Minimum Annual Guarantee, which will be as calculated based on methodology found in either Section 9.4.
9.2. **Percentage Rent.** Concessionaire's Percentage Rent shall be the percent (%) of its Gross Revenue as described in Table 1 herein.

Table 1-Concessions Percentage Rent

Concession	Rental Percentage
Food And Beverage	
a) Food and non-alcohol beverages	12%
b) Alcohol beverages	16%
Retail	12%
Vending	14%

9.3.

9.4. **Minimum Annual Guarantee ("MAG").** During the first year of the Term Concessionaire will pay no MAG, but rather will pay only the percentage rent, as specified in Section 9.3. For the remainder of the Term, the MAG shall be calculated as eighty-five percent (85%) of all Rent paid during the preceding Agreement Year or three hundred thousand dollars ($300,000.00), whichever is greater. Each month, one-twelfth of the MAG will be compared to the percentage rent and the greater of those two numbers will be the monthly rent payment due.

9.5. **Additional Storage Rent.** The County shall have the right to charge the Concessionaire then-market rate for any additional storage or office space leased at the Airport by the Concessionaire.

9.6. **Monthly Rental Payments.** On or before the twentieth (20th) day of each month, Concessionaire shall deliver to the Airport a correct accounting statement In the form prescribed by the County and signed by Concessionaire or the Concessionaire's responsible agent under penalty of perjury. Each statement shall state; I) Minimum Annual Guarantee effective during the preceding calendar month; II) The amount of receipts subject to the percentage rent, broken down into categories of rent applicable; III) The Percentage Rent due for the previous calendar month for each unit of the Leased Premises and the sum thereof; IV) The total rent previously paid by Concessionaire for the Lease Year within which the preceding Calendar month falls; V) The Monthly Rent due for the preceding calendar month; and VI) Any Additional Rent due for the preceding calendar month.

9.7. **Form of Payment.** All payments due under this Agreement shall be accomplished in a form acceptable to the Airport.

9.8. **Pro-Rata Application of Rent.** For any period of less than one month during the Term, the Leased Premises Rent will be calculated on a pro rata basis in the same proportion that the number of days in the payment period bears to the total number of days in the month for which the Leased Premises rent is payable.

9.9. **Gross Revenues.** For purposes of calculating the monthly rental obligation, Gross Revenue includes:

9.9.1. All monies paid or payable to the Concessionaire for sales made, services rendered, and customer orders fulfilled at or from the Leased Premises, regardless of when or where the customer order is placed (including outside the Leased Premises).

9.9.2. Any receipts, credits, rebates, allowances, internet sales, or revenues of any type arising out of or in connection with the Concessionaire's or its sub-tenants' or agents' operations at the Leased Premises, including, but not limited to, branding fees, marketing fees, merchandising fees, promotional allowances, performance allowances, retail display allowances (RDA), and any other type of ancillary advertising or product placement fees, and other allowances and fees; and

9.9.3. Any income resulting from transactions originating in, facilitated by, at, or from the Leased Premises, and

9.9.4. Any deposits not refunded to customers.

9.10. **Not Included In Gross Revenue.** Gross revenue shall not include:

9.10.1. Any taxes imposed by law that are separately stated to and paid by a customer and directly payable to the taxing authority by Concessionaire.

9.10.2. Amounts and credits received from suppliers for products and merchandise returned by Concessionaire.

9.10.3. Cash and credit card refunds to customers for merchandise returned.

9.10.4. Amounts and credits received to settle claims for loss of, or damage to, merchandise.

9.10.5. Insurance proceeds received from the settlement of claims for the loss of or damages to Concessionaire's property at or on the Leased Premises other than the proceeds from business interruption insurance.

9.10.6. Intra-company store transfers.

9.10.7. Uniforms or clothing purchased by employees where such uniforms or clothing are required to be worn by employees.

9.10.8. Reimbursements from Concessionaire's sub-concessionaires for any taxes, fees, franchise or license fees, utilities, or other services paid or provided by Concessionaire for or on behalf of its sub-concessionaires; provided, however, that any reimbursement in excess of the actual cost of such taxes, fees, franchise or license fees, utilities or other services shall be included in Gross Receipts.

9.10.9. Rental, fees, and charges paid to Concessionaire by its sub-concessionaires pursuant to the provisions of this Agreement; provided, however, that any such payment in excess of the amounts required hereunder shall be included in Gross Receipts.

9.10.10. The redeemable value of gift cards sold at the Leased Premises. However, when a gift card is redeemed or accepted as payment for a purchase at the Leased Premises, the

transaction must be reported as part of Gross Receipts. Additionally, if there is any charge for the purchase of a Gift Card, that amount is immediately included in Gross Receipts.

9.10.11. Amounts for coupons and other forms of discounts (including but not limited to employee meals, complimentary customer meals, and the Airport employee discount described in 8.18 such that only the amounts received are ultimately included in Gross Receipts.

9.10.12. Gratuities for services performed by employees paid by Concessionaire or its customers except to the extent Concessionaire may be entitled to a portion of the gratuities.

9.11. **Annual Reconciliation.** At the end of each year during the Term, Concessionaire shall calculate payments due for the entire Agreement Year based on the greater of the MAG or rental payment as set forth herein. If Concessionaire has underpaid, Concessionaire shall pay the Airport the amount it has underpaid within ninety (90) days of the end of the Agreement Year. If Concessionaire has overpaid, the Airport will credit Concessionaire's future rent. Any overpayment made in the last year of the Agreement will be refunded to Concessionaire.

9.12. **Interest and Late Fees.** Any payment required by this Agreement that is not paid within seven (7) days of the date required herein, shall be considered delinquent. Concessionaire shall pay a penalty for late or delinquent payments during the Term of this Agreement and any extensions of fifteen percent (15%) per annum on the balance of the unpaid amount calculated from the date the amount is due until the close of the business day upon which the delinquent payment is received by the Airport.

9.13. **Concessionaire's Right of Abatement.** In the event that the following condition exists during the term of this Agreement, the minimum annual guarantee hereinabove provided for in Section 9.4 shall be abated for the period of time the condition exists:

9.13.1. **A major traffic reduction at the Airport.** A major traffic reduction shall be defined as a not less than twenty-five percent (25%) reduction in the number of passengers deplaning on scheduled airline flights at the Airport during any period of three (3) consecutive calendar months as compared to the number of such deplaning passengers in the same calendar months during the preceding calendar year.

9.13.2. The abatement amount for those months that are abated as defined in Section 9.13.1 will be the prorated reduction of that month's 1/12th payment of the minimum annual guarantee. For example, if May, June and July have a traffic reduction of 27%, 30% and 26% respectively, then the 1/12th minimum annual guarantee payment for May would be reduced by 27%, June would be reduced by 30%, and July would be reduced by 26%.

9.13.3. If the major traffic reduction continues for additional months, the proportional abatement will continue as well, until there is a month when traffic does not fall below the twenty-five percent (25%) threshold, at which time the full minimum annual guarantee payment shall be made for such month.

9.13.4. This major traffic reduction can only be identified after any three-month period ends; however, the major traffic reduction exists for any three-month period when all three months had a not less than twenty-five percent (25%) reduction in passenger deplanements. Overpayments of the MAG will be credited to the Concessionaire during the year-end reconciliation process described in 9.11.

9.14. **Disputed or Partial Payments.** In the event of a dispute as to the amount to be paid, the Airport shall accept the sum tendered without prejudice and, if a deficiency is determined to exist, interest shall apply only to the deficiency.

9.15. The right of the Airport to require payment of interest and the obligation of the Concessionaire to pay same shall be in addition to and not in lieu of the right of the Airport to enforce other provisions herein, including termination of this Agreement, and to pursue other remedies provided by law.

9.16. **The failure of the Airport to act** in the event of a delinquent payment or series of payments shall in no way waive the right of the Airport to take action at a subsequent time.

9.17. **Non-Abatement.** The rent and any other payment obligations shall be paid by the Concessionaire without set-off, notice, deduction demand, or abatement except as otherwise specifically provided herein.

9.18. **Remittance Of Payments.** All remittances shall be made payable to the Airport and forwarded, along with all monthly reports due.

9.19. **No Effect.** The MAG suspension shall have no effect on (i) any adjustments specified in this Lease to be made to the MAG, or (ii) the Deposit Amount.

9.20. **Effect of Default.** Notwithstanding anything to the contrary herein, in the event Tenant shall default under this Lease or any Other Agreement, the Director may immediately reinstate the MAG without giving to Tenant the benefit of any notice or right to cure as may otherwise be provided under this or Other Agreement.

9.21. **Subtenants.** Without limiting the provisions herein, Tenant subleases any portion of the Premises, Tenant shall offer to such subtenant(s) the same types of MAG suspension as are provided herein. Should Concessionaire fail to offer such MAG suspension to any subtenant, then Concessionaire will also not be eligible to receive a MAG reduction.

10. TAXES, UTILITIES, AND OTHER FEES

10.1. **Taxes and Permitting Fees.** Concessionaire or its sub-concessionaires or sub-tenants shall pay all taxes of whatever character, license fees, permit fees, and other charges or fees which may be levied or assessed against the Leased Premises, Leasehold Improvements, operations hereunder, and upon property or leasehold interests of Concessionaire and its sub-concessionaires or sub-tenants located thereon or used in connection therewith, or which may be levied or assessed on account of the transaction of Concessionaire or its sub-concessionaries or sub-tenants business in, on or about the Leased Premises. Taxes and other fees may be invoiced by a third-party provider and/or the Airport. Concessionaire or its sub-concessionaries or sub-tenants are responsible without deduction or set-off for obtaining and paying for all licenses and permits necessary or required by law for the construction of improvements, installation of equipment and furnishings, and any other licenses or permits necessary for the conduct of its operations hereunder.

10.2. **Utilities.** Concessionaire or its sub-concessionaires or sub-tenants shall pay all utility charges billed for its consumption of utilities at the Premises. Concessionaire or its sub-tenants shall be responsible for the installation and maintenance of utility metering equipment to be installed at each concession location located on the Leased Premises. If the Concessionaire fails to properly and accurately report and meter its utility consumption, then the Airport shall have the right to invoice Concessionaire an amount determined by the Airport, in its sole discretion, sufficient to pay Concessionaire's utility consumption.

10.3. **Shared Utility Maintenance Program.** The Airport shall maintain the sole discretion as to whether to implement a shared utility maintenance program. If such a program is implemented by the Airport, then the Concessionaire shall be required to participate.

10.4. **Other Costs and Fees.** Concessionaire and sub-tenants shall be responsible for any and all other costs, fees and expenses involved in the operation of business or arising from the occupancy or use of the Leased Premises by Concessionaire or its sub-concessionaires or sub-tenants, as well as repair and maintenance costs incident thereto.

11. SERVICES PROVIDED BY THE AIRPORT

11.1. **Maintenance of Terminal**. The Airport shall repair and maintain in good order the Airport, exclusive of the Leased Premises and any other areas of the Airport that are leased and the responsibility of any other parties. All maintenance and repair of the Leased Premises is the Concessionaire's responsibility.

11.2. **Utilities.** The Airport will provide utility mains and lines throughout the Airport. The Concessionaire, at its sole cost, shall tie into the utility mains and lines at the locations as specified by the Airport. Supplemental heated or cooled air, electrical or other utilities required by the Concessionaire in excess of what is customarily available in the Terminal Buildings will be, if approved by the Airport, at the expense of the Concessionaire.

11.3. **Maintenance of Utility Lines.** The Airport will maintain utility lines in the Airport. The Concessionaire shall maintain all utility tie-ins and utilities maintained on the Leased Premises. However, the Airport or its representative may, at the Airport's sole discretion, maintain the utilities within the Leased Premises and in doing so shall be permitted to enter upon the Leased Premises at all reasonable times to make any repairs, replacements, and alterations as may, in the opinion of the Airport, be deemed necessary. Furthermore, Concessionaire will permit the Airport or its representative access to construct or install over, on, in, or under the Leased Premises, new systems, pipes, lines, mains, wires, conduits, ducts, and equipment, provided; however, that the Airport shall exercise such right in a manner that minimizes interference with Concessionaire's operations.

11.4. **No Liability for Failure of Utilities.** The Concessionaire shall have no remedy against the Airport for interruption of any utilities.

11.5. **Reimbursement of Repair Costs.** Any damage to or failure of the utilities caused by the Concessionaire and repaired by the Airport shall be reimbursed by the Concessionaire for the cost thereof, plus an administrative fee of fifteen percent (15%) of any such costs.

12. OWNERSHIP OF IMPROVEMENTS; AND AMORTIZATION SCHEDULE; BUYOUT

12.1. **Ownership of Leasehold Improvements.** Upon completion of the construction thereof, any furniture, fixture, structure, alteration, addition, or improvement to the Leased Premises undertaken pursuant to this Agreement, whether temporary or permanent in character, excluding personal property and trade fixtures which can be removed without damage to the Leased Premises, shall immediately become part of the Leased Premises for purposes of this Agreement and shall automatically become the property of the County as owner, without compensation to Concessionaire upon the termination of this Agreement (except may be provided otherwise herein), and shall remain in place upon termination of this Agreement,

unless the Airport requests their removal prior to the termination or expiration of this Agreement. The Concessionaire shall, to the extent requested by the Airport, execute all documents deemed necessary as evidence of the transfer of title to any such improvements.

12.2. **Amortization Schedule.** Within one hundred and twenty (120) days upon completion of any Approved Projects whose value is greater than five percent (5%) of the Initial Capital Investment the Concessionaires shall certify the total amount Invested by the Concessionaire into the Improvements of the Leased Premises. Such certifications must include copies of receipts for payment of design and construction firms, the purchase of any equipment, and any and all other expenses that the Concessionaire will include in its Amortization Schedule. Concessionaire should note that receipts for payments (canceled checks, invoices marked paid by the recipients, etc.) are required, not initial estimates or any other preliminary cost proposal. Any expense not so documented will not be included in the final Concessionaire Leasehold Improvement Amortization Schedule ("CLIAS"). The Airport may audit any of the Projects or certifications that have been provided by the Concessionaire and the parties shall agree upon a final CLIAS that shall be attached hereto as Exhibit C.

12.3. **Leasehold Improvement Buy-Out.** The CLIAS shall detail all Leasehold Improvements eligible for the buy-out provisions of this Section 10.3. Concessionaire shall also provide the Authorized Representative with an amended CLIAS within one hundred twenty (120) days after any subsequent Leasehold Improvements are completed from time to time during the Term. The Airport's obligation to reimburse the Concessionaire for the unamortized value of Leasehold Improvements shall be limited to those Leasehold Improvements included on the CLIAS, which were previously approved by the Airport. In the event that the Airport and Concessionaire disagree on the value of a project to be included in the CLIAS, the parties shall submit such disputes to an independent certified public accounting firm acceptable to both the Airport and Concessionaire, and the determination of such firm shall be binding on the Airport and Concessionaire. The costs associated with obtaining such independent determinations shall be split equally between the Airport and Concessionaire.

12.4. **Construction Payment and Performance Bonds.** Prior to any commencement of any construction, alteration, or repair hereunder by Concessionaire that exceeds ten thousand dollars ($10,000) in cost, Concessionaire shall furnish to the County, at Concessionaire's sole cost, a performance bond and a payment bond issued by a surety Concessionaire licensed to transact business in the State of Wisconsin and approved by the County, in a form approved by the County. The penal amount of each bond shall be at least one hundred percent (100%) of the total cost of the contract or contracts for the construction, alteration, or repair. If such contract(s) involve alteration or work on or to the County's facilities, the performance and payment bonds shall be posted regardless of the dollar value of the work. The payment bond required by this Section shall guarantee the prompt payment to all persons supplying labor,

materials, provisions, supplies, and equipment used directly or indirectly by any contractor, subcontractor(s), and suppliers doing work provided for in the above-mentioned construction contract, and the performance bond shall guarantee the full performance of the work.

13. AIRPORT CONCESSIONS/DISADVANTAGED BUSINESS ENTERPRISES (DBE) PROGRAM

13.1. **DBE Policy.** Concessionaire agrees that this agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 CFR part 23. The Concessionaire agrees that it will not discriminate against any business owner because of the owner's race, color, national origin, or sex in connection with the award or performance of any concession agreement, management contract or subcontract, purchase, or lease agreement, or other agreement covered by 49 CFR part 23.

13.2. Concessionaire agrees to include the above statements in Section 13.1 in any subsequent concession agreement or contract covered by 49 CFR Part 23.

13.3. Concessionaire shall comply with Outagamie County's approved Airport Concession Disadvantaged Business Enterprise (ACDBE) program submitted in compliance with all requirements imposed by or pursuant to the U.S. Department of Transportation's ACDBE regulations as enacted in Title 49, Code of Federal Regulations, Part 23, and the U.S. Department of Transportation's regulations Title 49 Code of Federal Regulations, Part 21 Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended.

13.4. Concessionaire shall complete the ACDBE Utilization Form in Exhibit D and submit the form to the Airport Director by May 1st, 2024. Concessionaire agrees that it will expend one point ten percent (1.10%) of the annual gross receipts with certified ACDBEs.

13.5. Concessionaire shall make a good faith effort to adhere to the ACDBE Utilization Form, which assures that one point ten percent (1.10%) of the gross receipts derived from the operation of its business at the Airport be attributed to ACDBEs certified by the Wisconsin Unified Certification Program and recognized by Outagamie County, throughout the concession term. If Concessionaire is unable to meet the assigned ACDBE goal Concessionaire must complete and submit the Good Faith Efforts Waiver Request From provided by the Airport. Any change to the ACDBE Utilization Form is subject to the Airport Director's approval. If Concessionaire desires to terminate the participation of the ACDBE firm for non-performance, Concessionaire shall get written approval from the Airport Director. Concessionaire shall be required to find a substitute ACDBE to replace the ACDBE firm's participation or shall be required to provide a Good Faith Efforts Waiver Request Form from if Concessionaire is unable to obtain such participation.

13.6. If Concessionaire fails to achieve and maintain the level of certified ACDBE participation stated in this Agreement and the Airport Director in their sole and absolute irrebuttable judgment does not believe that Concessionaire has made good faith efforts in its attempt to continue meeting the required level of ACDBE participation throughout the term of this Agreement, Outagamie County may consider this as a material breach of the Agreement and may terminate the Agreement in accordance with Section 17 of this Agreement.

13.7. Airport shall notify Concessionaire if new regulations are issued by the U.S. Department of Transportation (DOT) implementing Section 511 (h) of the Airport and Airway Improvement Act (AAIA) of 1982, as amended. Following such notification, Concessionaire shall be required to continue to meet the ACDBE goal set for this Agreement or to initiate all necessary and reasonable steps to achieve and/or maintain the newly established ACDBE goal throughout the remaining term of this Agreement. ACDBE participation may be in the form of any legal arrangement meeting the eligibility standards in 49 CFR Part 23, as currently stated or amended and shall be counted toward the goal as set forth in those regulations.

13.8. Concessionaire shall comply with appropriate provisions of 49 CFR Part 23 and shall submit a report bi-annually showing ACDBE participation. The report showing ACDBE participation for the first and second quarters of the year shall be due July 31, and the participation achieved in the third and fourth quarters shall be due on January 31. Such reports will be submitted for every full or partial year of the term of this Agreement.

14. MAINTENANCE OF LEASED PREMISES

14.1. **Cleaning and Routine Maintenance.** Concessionaire shall ensure that every concession location is maintained and operated in a First-Class manner and that the Leased Premises are kept in a safe, clean, orderly, and inviting condition at all times in a manner satisfactory to the Airport. To comply with these requirements, the Concessionaire must regularly review or cause to be reviewed the Leased Premises and their operations at the Airport.

14.2. **Pest Control**. Concessionaire, at its cost and expense, is responsible for pest control within the Leased Premises. Concessionaire shall contract with a professional pest control service to provide pest control services on a quarterly and as-needed basis. Concessionaire will coordinate its pest control service with third parties as directed by the Airport. Concessionaire must furnish the Airport with a copy of its pest control contract and monthly service reports. The Airport maintains the right to direct Concessionaire to have such additional pest control methods as it deems fit applied to the leasehold premises. Should Concessionaire fail to undertake such additional measures, the Airport maintains the right to implement such additional measures at the leasehold premises at the sole cost and expense of the Concessionaire.

14.3. **Preventive and Routine Cleaning and Maintenance Program.** Concessionaire shall establish a preventive and routine cleaning and maintenance program for the Leased Premises. A record of such preventative and routine cleaning efforts shall be maintained, including the name of the person/company which completed the effort, and the date it was done. The provisions of the program shall be subject to written approval. The Concessionaire shall provide the Airport with cleaning and maintenance program support once every month. The Airport may request additional reviews and revisions to the program.

14.4. **The Airport Sole Judge of Cleaning and Routine Maintenance.** The Airport shall be the sole judge of the quality of the Concessionaire's maintenance of the Leased Premises. The Airport or its representative may at any time, without notice, enter the Leased Premises to determine if maintenance satisfactory to the Airport is being performed. Performance by the Concessionaire of maintenance pursuant to a written maintenance plan previously approved by the Airport shall be conclusive evidence of satisfactory maintenance unless the Airport determines that there is a present and substantial danger or safety hazard within the Leased Premises. If the Airport determines that maintenance is unsatisfactory, the Airport shall notify Concessionaire in writing. Concessionaire will perform the required maintenance, to the Airport's satisfaction, within three (3) calendar days after receipt of written notice or the Airport or its representative shall have the right to enter upon the Leased Premises and perform the maintenance at Concessionaire's sole expense.

14.5. **Trash, Waste, and Garbage.** Concessionaire shall, at its own cost and expense, provide complete and proper arrangements for adequate sanitary handling and prompt, reasonable disposal of all garbage caused as a result of the operation of business by the Concessionaire and its sub-tenants on the Leased Premises. Concessionaire is responsible for ensuring all trash is collected and delivered to those location(s) determined by the Airport. Concessionaire shall provide and use suitable covered receptacles for all trash, waste, and garbage on or in connection with the Leased Premises. Concessionaire shall keep all garbage in durable, fly, rodent, and odor-proof, fireproof containers that are easily maintained. The containers shall have tight-fitting lids, doors, or covers and shall be kept covered when not actively depositing or removing material. The Concessionaire shall clean the containers as necessary to prevent odors or filth accumulation. If waste containers are held within corrals, or other small structures meant to keep the trash out of sight, they shall be kept clean, free of the accumulation of dirt, grime, or spills, and should be clearly labeled. Concessionaire shall not permit the piling of boxes, pallets, cartons, barrels, or other similar returnable items, in an unsightly or unsafe manner, on or about the Leased Premises, on the Airport space, or within view of Public Areas. Concessionaire is responsible for ensuring that these items are removed from the Airport on a timely basis.

14.6. **Plumbing Facilities.** The plumbing facilities within the Leased Premises and elsewhere in the Airport shall not be used for any purpose other than for the purposes for which they were constructed, and no foreign substance of any kind shall be thrown therein. The expense to repair any breakage, stoppage, or damage resulting from a violation of this paragraph, wherever the breakage, stoppage, or damage occurs, shall be charged by the Airport to Concessionaire, regardless of the cause.

14.7. **Sustainability Initiatives.** If at any time during the Term, the Airport establishes a sustainability initiative or participates in sustainable Initiatives, including but not limited to the Airports 2012 sustainable master plan, or the FAA Airport Zero Emissions Vehicle and Infrastructure Pilot Program, Concessionaire agrees to participate in any such program at its own cost.

14.8. **Trash, Waste, and Garbage Collection and Disposal by the Airport.** The Airport reserves the right if deemed to be in its best interests, to provide trash, waste, and other similar services, including but not limited to grease waste removal, cardboard disposal, composting, and recycling services. In the event the Airport elects to provide these services on behalf of the Concessionaire, Concessionaire shall pay its fair share of the cost of such services in an amount determined by the Airport.

14.9. **Maintenance and Repairs.** Except as may be otherwise provided herein or otherwise agreed to, in writing, by the Parties, Concessionaire shall, at its own cost and expense, maintain the Leased Premises and every part thereof, including all furniture, fixtures, equipment, and utility systems located thereon, in good appearance and repair, and in a safe, First-Class condition. Concessionaire shall maintain, repair, replace, paint, or otherwise finish all Leasehold Improvements on the Leased Premises, including, without limitation, walls, partitions, floors, ceilings, windows, doors, glass, and all furnishings, fixtures, and equipment therein, whether installed by Concessionaire or by the Airport. All of the maintenance, repairs, finishing, and replacements shall be of quality equal to or better than the original in materials and workmanship. All work, including finishing colors, shall be in conformity with the Design Specifications and shall be subject to the prior written approval of the Airport.

14.10. **Failure to Comply.** The Airport shall provide written notice to the Concessionaire of any deficient or required maintenance at the Leased Premises. If the maintenance noted in the written notice is not commenced by Concessionaire within three (3) calendar days after receipt of the notice, or if such maintenance is not completed in a reasonable time, as may be determined by the Airport, then the Airport or its representative shall have the right to enter upon the Leased Premises and perform the maintenance, and Concessionaire agrees to promptly reimburse the Airport for the cost thereof, plus an administrative fee equal to fifteen percent (15%) of the maintenance costs.

14.11. **Hazardous Conditions.** Any hazardous or potentially hazardous condition on the Leased Premises shall be corrected immediately upon receipt of a verbal or written notice from the Airport. At the sole discretion of the Airport, Concessionaire shall close the Leased Premises or affected portion thereof until the hazardous or potentially hazardous condition is corrected. If Concessionaire does not immediately commence an action to correct any such hazardous or potentially hazardous condition on the Leased Premises, or if such corrective measures are not completed within a reasonable time, as determined by the Airport, then the Airport or its representative shall have the right to enter upon the Leased Premises and perform such corrective measures.

14.12. **Inspection of Maintenance.** The Airport retains the right to inspect the Leased Premises to determine if Leased Premises are being adequately maintained. If the Airport determines that Concessionaire has not provided adequate maintenance, then the Airport shall provide notice of any such deficiencies to Concessionaire.

14.13. **Airport-Provided Maintenance.** Concessionaire agrees to comply with all present and future laws, orders, and regulations, including any rules, regulations, and procedures promulgated by the Airport regarding Airport provided maintenance within the Airport Terminal in which the Concession Location is located. If any system for Airport provided maintenance is put in place that can allocate to Concessionaire its proportional share of the cost, Concessionaire must pay its proportional share of the actual costs for the Airport provided maintenance.

15. REFURBISHMENT

15.1. **Routine Refurbishment.** On or about the commencement of each Agreement Year, representatives of the, Airport and Concessionaire shall tour the Leased Premises and jointly agree upon what, if any, routine refurbishment is required to maintain the Leased Premises in First-Class condition. Concessionaire shall promptly undertake such refurbishment at its sole cost and expense. If Concessionaire and the Airport cannot jointly agree upon the type and extent of refurbishment, the Airport may determine, in its reasonable discretion, the refurbishment required. For purposes of this Section, refurbishment shall mean the routine repainting or redecoration of public areas within the Leased Premises, including, but not limited to, the replacement or repair of worn carpet, tile, furniture, furnishings, fixtures, or finishes.

15.2. **Mid-Term Refurbishments.** In addition to the ongoing, routine maintenance described in this Agreement, Concessionaire shall, at its sole cost and expense, refurbish the Leased Premises at or about the midpoint of the Term.

15.3. **Mid-Term Refurbishments Budget.** Concessionaire's budget for the Mid-Term Refurbishments shall be no less than one percent (1%) of the Gross Revenue for the first five years of this Agreement. There is no upside limit, however, to how much the Concessionaire

may expend. Any sums spent on required maintenance, repair, or minor improvements prior to Mid-Term Refurbishments shall not be counted towards the Mid-Term Refurbishment Budget.

15.4. **Scope of Refurbishments.** The Mid-Term Refurbishments shall include without limitation all refinishing, repair, replacement, redecorating, repainting, and re-flooring necessary to keep the Leased Premises in First-Class condition and shall comply with all other terms and conditions of this Agreement. The scope and extent of the Mid-Term Refurbishment for each concession location shall be jointly determined by the Airport and Concessionaire. If Concessionaire and the Airport cannot jointly agree upon the necessary scope and extent of the Mid-Term Refurbishment for any location, the Airport may, at its reasonable discretion, determine the refurbishment required, and Concessionaire agrees to be bound by the Airport's determination.

15.5. **Approval of Plans for Mid-Term Refurbishments.** Concessionaire's plans and specifications for refurbishment must be in accordance with the Design Standards. The Concessionaire shall submit its plan specifications for refurbishment to the Authorized Representative for review and approval no later than the mid-point of the fourth (4th) full Agreement Year following the Rental Commencement Date. The Mid-Term Refurbishment shall be completed within one year after its initiation. A failure to complete said Mid-Term Refurbishments prior to the midpoint of the fifth (5th) full Agreement Year shall constitute a material default of this Agreement, and the Airport shall have the right to terminate this Agreement, pursuant to Article 15 herein.

15.6. **Construction Bonds, etc.** Concessionaire shall provide all payment and performance bonds for construction while undertaking refurbishment efforts that necessitate such work to the premises.

16. INDEMNITY AND INSURANCE REQUIREMENTS

16.1. **Insurance requirements** set forth below do not in any way limit the amount or scope of liability of Concessionaire under this Concession Lease. The amounts listed indicate only the minimum amounts of insurance coverage that the County is willing to accept to help insure the full performance of all terms and conditions of this Concession Lease. All insurance required by Concessionaire under this Concession Lease shall meet the following minimum requirements.

16.2. **Certificates: 30 Day Cancellation.** On or before the execution of this Concession Lease, Concessionaire shall provide the County with certificates of insurance establishing the existence of all insurance policies required under this Section. Thereafter, the insurance policies shall not be subject to cancellation or change except after notice to the County by registered mail at least thirty (30) days prior to the expiration date, cancellation, or material change of any insurance policy. No insurance policy may be canceled without at least thirty (30) days' prior written notice being given to the County. Where any policy(ies) has (have) normal expirations

during the term of this Concession Lease, written evidence of renewal shall be furnished to the County at least thirty (30) days prior to such expiration. Upon written request by the County, the Concessionaire shall permit the County to inspect the originals of all applicable policies. Insurance must be maintained without any lapse in coverage during the entire Lease Term. Insurance canceled without the County's consent shall be deemed an immediate event of default under this Concession Lease. The County shall also be given certified copies of Concessionaire's policies of insurance, upon request. Failure of the County to demand such certificate or other evidence of full compliance with these insurance requirements, or failure of the County to identify a deficiency from the evidence provided, shall not be construed as a waiver of Concessionaire's obligations to maintain the insurance required by this Concession Lease.

16.3. **Additional Insured; Separation of Insureds.** The County, their elected and appointed officials, agents, and employees shall be named as additional insured with respect to the Concessionaire's use of the Airport, Terminal, and the Leased Premises that are the subject of this Concession Lease in each general liability policy and as an additional insured and loss payee in each property insurance policy. Such insurance shall provide cross-liability coverage equivalent to the standard Separation of Insureds clause published by the Insurance Services Offices ("ISO") or a successor organization. Concessionaire shall supply the County with certification from the insurance carrier that the County, their elected and appointed officials, agents, and employees are so named.

16.4. **Primary Coverage.** The required policies shall provide that the coverage is primary and will not require any contribution from any insurance or self -insurance carried by the County.

16.5. **Company Ratings.** Policies of insurance must be placed with companies or underwriters authorized to issue insurance in the State of Wisconsin that carry an A.M. Best rating of "A-" or better or equivalent.

16.6. **Deductibles and Retentions.** Any deductible or self-insured retention exceeding fifteen percent (15%) of the per-occurrence or per-accident limit of a required policy is subject to approval by the County.

16.7. **Required Insurance.** At all times during this Concession Lease, Concessionaire shall provide and maintain in full force and affect the following types of coverage:

16.8. **General Liability Insurance.** The insurance policy(ies) shall be the standard comprehensive general liability insurance coverage to cover all operations of the Concessionaire and shall include, but not by way of limitation, bodily injury, property damage, products liability, and other obligations contained in this agreement.,. Concessionaire shall maintain an operations, independent contractors, products-completed operations, bodily injury and advertising injury, and liability insured under an insured contract (including the tort liability of another assumed in a business contract) occurring on or in any way related to the Lease

Premises or occasioned by reason of the operations of Concessionaire. Such coverage shall be written on an occurrence form and with such insurers acceptable to the County in an amount of not less than One Million DOLLARS {$1,000,000), combined single limit or split limits equal to and not less than One Million DOLLARS {$1,000,000), for bodily injury and property damage with respect to each occurrence, such limits subject to adjustment by the County during the term of this Concession Lease.

16.9. Automobile Liability - Owned, Non-Owned, Hired

16.9.1. Bodily Injury and Property Damage Combined - One Million Dollars ($1,000,000) for bodily injury and property damage per occurrence limit covering all vehicles to be used in connection with the performance of Contractor's/Vendor's obligations under this Concession Agreement.

16.9.2. Coverage for commercial automobile liability insurance shall be at least as broad as Insurance Services Office (ISO) Business Auto Coverage (Form CA 0001), covering Symbol 1 (any vehicle).

16.9.3. If Concessionaire or Concessionaire's Vendor's/ Subcontractor's employees use personal vehicles to perform any services or work to be performed by Vendor or Subcontractor under this Concession Agreement, the Vendor/Subcontractor must provide, to the County, a copy of the Certificate of insurance (and any other documentation requested by the County) for Personal Automobile Liability coverage for each employee of Contractor/Vendor/Subcontractor who will be using their personal vehicle to perform such services or work as evidence of satisfactory compliance.

16.10. **Liquor Liability Insurance.** Such coverage shall include all facilities serving alcohol beverages at the Airport in an amount of not less than One Million DOLLARS ($1,000,000) per occurrence.

16.11. **Fire and Property Insurance.** Upon completion of construction, Concessionaire shall procure and maintain policies of insurance at its own expense, insuring the Leased Premises and improvements thereon against all perils of direct physical loss, excluding earthquake and flood. The insurance coverage shall be for at least one hundred percent (100%) of the full replacement value of said Leased Premises and improvements with an agreed amount clause and a reasonable and customary deductible on said Leased Premises and improvements. Such an amount is subject to final by the County. The Concessionaire shall furnish to the County evidence that such coverage has been procured and is being maintained in full force and effect. The County maintains property insurance that covers the Terminal but will not cover any improvements made by Concessionaire to the Leased Premises.

16.12. **Workers' Compensation Insurance.** Concessionaire shall maintain in force Workers' Compensation insurance for all of Concessionaire's employees in accordance with all requirements of the State of Wisconsin law. Concessionaire shall also maintain employers'

liability coverage in an amount not less than One Million DOLLARS ($1,000,000) per accident. In lieu of such insurance, Concessionaire may maintain a self-insurance program meeting the requirements of the State of Wisconsin and a policy of excess workers' compensation and employer's liability insurance.

16.13. **Builder's Risk Insurance.** During any construction activity, Concessionaire shall obtain and maintain for the benefit of the parties to the Concession Lease, as their interest may appear, "special peril" Builder's Risk insurance equal to one hundred percent (100%) of the value of the project. Coverage shall also include: (a) form work in place; (b) form lumber on site; (c) temporary structures; (d) equipment; and (e) supplies related to the work while at the site. In the event Concessionaire fails to maintain such insurance, the County may, at its option, arrange therefore, and any premium incurred shall be reimbursed by Concessionaire to the County upon demand.

16.14. **Business Interruption.** Concessionaire shall maintain gross earnings and extra expense insurance that shall include coverage for all rent due in accordance with the Agreement of this Concession Lease for a minimum of six (6) month period. The proceeds of such insurance shall be used first to continue rent payments to the County.

16.15. **Concessionaire's Risk.** Concessionaire shall be responsible for obtaining any insurance it deems necessary to cover its own risks. In no event shall the County be liable for any: (a) business interruption or other consequential loss sustained by Concessionaire; (b) damage to, or loss of Concessionaire's property of any kind; or (c) damage to, or loss of, an automobile, whether or not such loss is insured, even if such loss is caused by the negligence of the County.

16.16. **Periodic Review.** The County shall have the right to periodically review the types, limits, and terms of insurance coverage. In the event the County determines that such types, limits, and/or terms should be changed, the County will give Concessionaire a minimum of thirty (30) days' notice of such determination and Concessionaire shall modify its coverage to comply with the new insurance requirements of the County. Concessionaire shall also provide the County with proof of such compliance by giving the County an updated certificate of insurance within fifteen (15) days.

16.17. Concessionaire agrees at all times during the term of the agreement to indemnify, hold harmless and defend the County, its Boards, Committees, Officers, Employees, Authorized Representatives and Volunteers against any and all liabilities, losses, damages costs or expenses (including, without limitation, actual attorney's and consultant's fees) which the County, its Boards, Committees, Officers, Employees and Representatives may sustain, incur or be required to pay by reason of or in any way related to bodily injury, personal injury or property damage of whatsoever nature or in connection with or in any way related to the performance of the work by Concessionaire, its employees, agents and anyone employed directly or indirectly by any of them or by anyone for whose acts any of them may be liable, provided, however, that the

provisions of this section shall not apply to liabilities, losses, charges, costs or expenses caused solely by or resulting from the gross negligent acts or omissions of the County, its Agencies, Boards, Committees, Officers, Employees, Authorized Representatives or Volunteers. It is agreed that Contractor/Vendor will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable. Contractor's/Vendor's indemnity obligations shall not be limited by any worker's compensation statute, disability benefit or other employee benefit or similar law or by any other insurance maintained by or required of Contractor/Vendor. Nothing contained in this agreement is intended to be a waiver or estoppels of the County to rely upon the limitations, defenses, and immunities contained within Wisconsin law, including, but not limited to, those contained within Wisconsin Statutes 893.80, 895.52 and 345.05. To the extent that indemnification is available and enforceable, neither the municipality nor its insurer shall not be liable in indemnity and contribution for an amount greater than the limits of liability for municipal claims established by Wisconsin law.

16.18. **Survival of Indemnities.** The indemnity agreements set forth in this Section shall survive the expiration or earlier termination of the Concession Lease and be fully enforceable thereafter.

17. TERMINATION AND DEFAULT

17.1. **Termination at the End of Term.** This Agreement shall terminate at the end of the Term and Concessionaire shall have no right or interest in the Premises except for the immediate removal of non-attached furnishings.

17.2. **Termination and Reletting.** Should there occur an early termination of this Agreement pursuant to this Section, the County shall have the right to reenter the Leased Premises, make repairs as necessary, and enter into another Lease for Leased Premises and privileges, or any part thereof, for the remainder of the term hereof.

17.3. **Termination by the Airport.** The County shall have the right to terminate the Agreement If the Concessionaire Is deemed In Default. Should the Airport find the Concessionaire to have committed acts of default, upon the fifth (5th) act of default the Airport may Immediately terminate the Agreement.

17.4. **Events of Default.** The occurrence of any of the following shall constitute an Event of Default.

17.4.1. Concessionaire fails to pay rent or make any other payment required hereunder when due to the County.

17.4.2. Concessionaire uses the premises for uses other than those permitted.

17.4.3. Concessionaire fails to comply with Operations and Performance Standards stated in Section 8.

17.4.4. Concessionaire discontinues operation of any concession in full or in part or abandons, deserts, or vacates any part of the premises without prior written consent of the County.
17.4.5. Concessionaire fails to complete Mid-Term Refurbishments before the midpoint of the fifth (5th) Agreement Year.
17.4.6. Concessionaire neglects or fails to perform or observe any promise, covenant, or condition set forth in this Agreement.
17.5. **Remedies for Airport arising from an Event of Default.** In addition to all other remedies provided herein or at law, County will have the cumulative rights to terminate this Agreement, and, if Concessionaire is in possession of the premises, to accelerate the maturity of all Rent due and to become due during the remainder of the term, by giving at least twenty (20) days written notice to Concessionaire, if Concessionaire is in default of this Agreement as set forth herein, such default is not cured to the County's satisfaction:
17.5.1. Within twenty (20) days after the County gives Concessionaire notice of default
17.5.2. If any such default (other than payment of money) is not curable within twenty (20) days, Concessionaire fails to demonstrate to the County within said twenty (20) day period that it has commenced curing the default, or Concessionaire fails to diligently pursue the cure of such default to completion.
17.5.3. Repeated defaults of the same or similar nature are curable at the sole discretion of the Airport.
17.6. **Stipulated Damages for Failure to Operate Premises.** Concessionaire acknowledges that its obligation to conduct business continuously and actively in the Leased Premises in the manner prescribed in this Agreement is for the purpose of enhancing the business activity and public patronage of retail concessions in the Terminal Building to produce the maximum Gross Revenue and concessions revenue from its Concessions Locations on the Leased Premises. Concessionaire further acknowledges that failure on its part to comply with such provisions of this Agreement would cause the Airport substantial damages which might be difficult or impossible to prove or quantify. Accordingly, the parties have agreed that, subject to Force Majeure or other causes beyond Concessionaire's control, if Concessionaire fails to continuously and actively operate any portion of the Leased Premises as provided herein throughout the Term, without curing such failure to operate within three (3) days after notice from the Airport, then the Airport shall not be required to prove its actual damages for such breach, but in lieu thereof, Concessionaire shall pay the Airport the stipulated damages provided in this paragraph. Said stipulated damages for each portion or location of the Leased Premises that is not being used to continually and actively conduct business in a manner prescribed by this Agreement shall be an additional monthly rent equal to the greater of (1) $10,000.00 per day, as escalated from time to time by increases in the Consumer Price Index or (2) the average monthly rental rate for the vacant or unused space generated by said space

during the 12-month period that immediately preceded said vacancy. Such stipulated damage payments shall continue from the date of a breach until such breach is cured or until the end of the Term, whichever is first. Said stipulated damages shall be paid monthly, concurrently with the monthly payments of the MAG reserved under this Agreement. Nothing in this Section shall be construed as a limitation upon the Airport's right to obtain specific performance of the Concessionaire's obligations to conduct business continuously in the manner herein specified or to recover any other provable monetary damages or to pursue any other remedies as provided in this Agreement. The Airport shall have the discretion to waive the enforcement of this Section against the Concessionaire.

17.7. **Non-Exclusive Remedies.** The remedies set forth in this Section shall be in addition to all other remedies which are or may be available to the Airport at law or in equity. No termination of this Agreement or the taking or recovering of the Leased Premises shall deprive the Airport of any of its remedies or actions against the Concessionaire for rentals due for damages or for the breach of any covenant herein contained, nor shall the bringing of any action for rentals due or breach of any covenant, or the resort to any other remedy herein provided for the recovery of rentals due be construed as a waiver of the right to obtain possession of the Leased Premises.

17.8. **Agreement to Pay Attorneys' Fees and Expenses.** In the event, Concessionaire defaults under this Agreement and the Airport employs attorneys or incurs other expenses for the collection of rentals or any other amounts due hereunder, or for the enforcement of performance or observance of any obligation or agreement on the part of Concessionaire herein contained, Concessionaire shall, on demand, pay to the Airport the reasonable fees and expenses of such attorneys and such other reasonable expenses so incurred by the Airport.

17.9. **Non-Waiver.** A failure by either party to take any action with respect to any default or violation of any of the terms, covenants, or conditions of this Agreement shall not in any respect limit, prejudice, diminish, or constitute a waiver of any rights of such party to act with respect to any subsequent violation or default or with respect to any continuation or repetition of the original violation or default. The acceptance by the Airport of payment for any period or periods after a default or violation of any of the terms, conditions, and covenants of this Agreement shall not constitute a waiver or diminution of, nor create any limitation upon any right of the Airport pursuant to this Agreement to terminate this Agreement for subsequent violation or default, or for continuation or repetition of the original violation or default.

17.10. **Condemnation.** If the Airport or any portion of the Leased Premises thereof shall be taken or condemned by any competent authority for any public or quasi-public use or purpose and such taking makes it necessary or desirable to remodel or reconstruct the Airport, the Airport shall have the right, exercisable at its reasonable discretion, to cancel this Agreement upon not less than ninety (90) days notice prior to the date of cancellation designated in the

notice, unless the Airport is given less than ninety (90) days notice of the taking. No money or other consideration shall be payable by the Airport to Concessionaire for the right of cancellation and Concessionaire shall have no right to share in the condemnation award or in any judgment for the damages caused by such taking or change in configuration, except that Concessionaire may assert a separate claim for the unamortized construction costs for any Infrastructure Improvements and Leasehold Improvements. If a condemnation adversely affects any portion of the Leased Premises, an equitable adjustment to the Rent and MAG will be negotiated.

17.11. **End of Term Transition**. During the final Agreement Year, the Airport plans to award and transition to a new contract for Concession services that may include rights to the Leased Premises or portions thereof. If Concessionaire is not selected for the new contract, the Airport will notify Concessionaire in writing of the exact dates of a transition period. Concessionaire shall cooperate fully with the Airport and Concessionaire's successor to ensure an effective and efficient transition of the Leased Premises and concession operations to the successor. Concessionaire acknowledges its responsibility to continuously perform the concession in a First-Class manner during the transition to the successor.

18. DAMAGE TO LEASED PREMISES

18.1. **Damages Caused by Concessionaire.** All damage to the Leased Premises and the Airport caused by Concessionaire or sub-concessionaires or sub-tenants, or their invitees (while in the Leased Premises), agents, or employees, resulting from any cause shall be repaired, restored, or replaced promptly by Concessionaire, at its cost and expense, within fifteen (15) days to the satisfaction of the Airport which shall be provided in writing and not unreasonably withheld or delayed. No rent shall abate if the damage resulted from any act of the Concessionaire or its invitees (while in the Leased Premises), agents, or employees. If such repairs are not made within fifteen (15) days of the notification of the damage, then the Airport shall have the right, but not the obligation, to make such repairs and Concessionaire shall be obligated to reimburse the Airport the cost of such repairs plus an administrative fee equal to fifteen percent (15%) of any such costs, plus additional interest at the rate of eighteen percent (18%) per year, accruing beginning on the date such expenses are incurred.

18.2. **Complete Destruction.** If the Leased Premises are completely destroyed due to the negligent or willful act or omission of Concessionaire, its sub-concessionaires or sub-tenants, or their invitees, agents, or employees, then the rent shall not abate and the Airport may, in its discretion, require Concessionaire to repair and reconstruct the Leased Premises within twelve (12) months of such destruction and pay the costs thereof; or, should Concessionaire refuse to reconstruct or make repairs, the Airport may repair and reconstruct the Leased Premises within twelve (12) months of such destruction and Concessionaire shall be responsible for reimbursing

the costs and expenses of the repair of the Leased Premises plus fifteen percent (15%) of the total costs and expenses, plus additional interest at the rate of eighteen percent (18%) per year, accruing beginning on the date such expenses are incurred.

18.3. **Damage Caused by the Airport.** If the Airport or its employees or agents damage the Leased Premises through gross negligence or intentional act, then Airport will be solely responsible for the repairs.

18.4. **Abatement of Rent.** If the Leased Premises, or a portion thereof, is damaged through no fault of Concessionaire, its sub-concessionaires or sub-tenants, or their invitees, agents, or employees which renders the Leased Premises, or a portion thereof, unusable, then rent and all other charges shall be abated on a per day pro-rated basis during the time the Leased Premises are unusable.

18.5. **Application of Insurance Proceeds.** Whenever the Airport repairs the damage, proceeds of the Concessionaire's and the Airport's property insurance on the Leased Premises and Improvements shall be applied to the cost of the repairs and replacement of the Leased Premises and Improvements. Concessionaire is responsible for payment of all repair and replacement costs and expenses exceeding insurance proceeds for all non-structural portions of the Leased Premises, and for all structural portions of the Leased Premises only in the event, the damage resulted from Concessionaire's negligent or intentional act or omission or such acts of Concessionaires employees, invitees, or agents. Nothing herein shall be considered a waiver of any claim or cause of action against the Concessionaire. If the Airport is not required to and elects not to repair the Leased Premises, the proceeds of all applicable insurance shall be paid to the Airport or Concessionaire as their interest appear. The Airport is entitled to all insurance proceeds attributable to structural portions of the Leased Premises and all Improvements funded by the Airport in any portion.

18.6. **No Liability.** The Airport shall not be liable or responsible to Concessionaire for any damage or destruction to Concessionaire's property from any cause whatsoever.

19. WARRANTY OR REPRESENTATION OF LEASED PREMISES

19.1. **No Warranty or Representations.** The Airport makes no warranties or representations, either expressed or implied, whatsoever regarding the Leased Premises. Without limiting the declaration contained in the immediately preceding sentence, the Airport makes no warranties or representations, either expressed or implied, as to the Leased Premises' fitness or suitability for a particular purpose, as to the environmental condition of the Leased Premises, as to redhibitory defects, or as to vices or defects of whatever kind or nature, and whether known, unknown, latent or hidden, as to the Leased Premises, and disclaims all responsibilities, liabilities, and obligations that are or may be imposed on the Airport or County by state law, inclusive, or otherwise. Concessionaire affirms that it has had full opportunity to examine and

to inspect the Leased Premises. Concessionaire accepts the Leased Premises in an "as is, where is" condition. On behalf of Concessionaire and its officers, managers, members, directors, stockholders, employees, successors, assigns, and representatives:

19.2. Concessionaire hereby waives, to the fullest extent allowed under state law, all of Concessionaire's rights and remedies against the County and the Airport relating to the Leased Premises; and

19.3. Concessionaire hereby relieves and releases:

19.3.1. The Airport, County, and all prior owners of the Leased Premises;

19.3.2. All entities controlled in whole or in part by the Airport and the County; and

19.3.3. The Airport and the County, and said prior owners' respective officials, officers, directors, commissioners, members, employees, contractors, subcontractors, representatives, attorneys, agents, affiliates, agencies, successors, and assigns; from any and all claims, losses, causes of action, rights of action, damages, expenses (including without limitation reasonable attorney's fees) and costs (collectively "Claims") for vices or defects (whether known, unknown, latent, or hidden) of, for peaceful possession of, or otherwise relating to, the Leased Premises, including without limitation any and all Claims based on environmental conditions; any and all Claims based on any one or more of state laws, inclusive; any and all Claims (if any) for redhibition pursuant to Wisconsin Civil Code Articles.; and any and all Claims based on Concessionaire's inability to obtain any and all applicable permits, approvals or other authorizations from any governmental entities, units or agencies.

20. ENVIRONMENTAL

20.1. **Knowledge of Applicable Laws.** Concessionaire is knowledgeable of all applicable federal, state, and local environmental laws, ordinances, rules, regulations, and orders ("Environmental Laws"), which apply to the Concessionaire's operations at the Leased Premises and acknowledges that such Environmental Laws change from time to time and Concessionaire agrees to keep informed of any such future changes.

20.2. **Compliance with Law.** Concessionaire shall, at all times, comply with all applicable Environmental Laws and obtain, and comply with, all necessary government permits, or other approvals required by Environmental Laws. Concessionaire shall also ensure that its agents, representatives, contractors, and sub-tenants comply with applicable Environmental Laws and permits.

20.3. For purposes of this Section, "Environmental Law" means any common law or duty, case law or ruling, statute, rule, regulation, law, ordinance, or code, whether local, state, or federal, that regulated, creates standards for, or imposes liability or standards of conduct concerning any element, compound, pollutant, contaminant, or toxic or hazardous substance material or

waste, or any mixture thereof or relates in a way to emissions or releases into the environment or ambient environmental conditions, or conduct affecting such matters.

20.4. **Hazardous Substances.** Concessionaire shall not use, store, or house any petroleum fuels, highly flammable or Hazardous Materials on the Leased Premises. For the purpose of this Section, the term "Hazardous Materials" means and includes the following: Any hazardous substance as defined in any Environmental Law, including any "Hazardous Waste" or "Hazardous Substance."

20.5. **Environmentally Regulated Substances.** For purposes of this Section, "Environmentally Regulated Substances" means any element, compound, pollutant, contaminant, toxic, or other hazardous substance, material or was, or any mixture thereof, designated, referenced, regulated, or identified pursuant to any Environmental Law and shall specifically include grease.

20.6. **Indemnification for Environmental Liabilities.** Concessionaire shall fully defend, indemnify and hold harmless, the Airport and the County and their respective officers, employees or agents (collectively "Indemnities") from and against any and all losses, liabilities, fines, charges, damages, injuries, penalties, response costs, or claims or any and every kind whatsoever paid, incurred or asserted against, or threatened to be asserted against, any Indemnitee, in any way relating to or regarding, directly or indirectly, Environmentally Regulated Substances or Environmental Laws, including all related claims or causes of action at common law or in equity which arise from or relate to the Leased Premises (hereinafter "Environmental Claims") and which were not wholly caused by any Indemnitee; such matters will include without limitation: (i) all consequential damages; (ii) the costs of any investigation, study, removal, response or remedial action, as well as the preparation or implementation of any monitoring, closure or other required plan or response action; and (iii) all reasonable costs and expenses incurred by any Indemnitee in connection with such matters including, but not limited to, attorney's fees and reasonable fees for professional services or firefighting or pollution control equipment related to spills. Such indemnification and Concessionaire's obligations hereunder shall survive cancellation, termination, or expiration of the Term of this Agreement.

20.7. **Notification.** Concessionaire shall immediately notify the Authorized Representative in writing of any other matter that might give rise to an Environmental Claim, or if Concessionaire obtains knowledge of any release, threatened release, discharge, disposal or emission of any Environmentally Regulated Substance in, on, under or around the Leased Premises which are not in full and complete compliance with all Environmental Laws. Concessionaire shall promptly follow the notification procedures outlined in the Airport Integrated Spill Response and Coordination Plan ("Integrated Plan") regarding any spills that occur at the Airport.

20.8. **Right to Take Action.** The Airport shall have the right, but not the obligation or duty, to join or participate in, including if it so elects as a formal party, any legal or administrative or

equitable proceedings or actions initiated by any person or entity in connection with any Environmentally Regulated Substance, Environmental Law, Environmental Claim pertaining to Concessionaire's operation at the Airport, or if Concessionaire is not fulfilling its obligations under Section above, and in such case to have its reasonable attorneys' fees and costs incurred in connection therewith paid by Concessionaire.

20.9. **Right to Investigate.** The Airport shall have the right, but not the obligation or duty, anytime from and after the date of this Agreement, to investigate, study, and test to determine whether Environmentally Regulated Substances are in, on, or under the Airport, or were emitted or released therefrom, which are not in compliance with Environmental Laws. Upon the reasonable request, Concessionaire shall provide to the Authorized Representative a list of all Environmentally Regulated Substances used in, on, or under the Airport, certified as true and correct, and specifying how such Environmentally Regulated Substances are used, stored, treated, or disposed of.

20.10. **Environmental Responsibility.** Spill Coordination and Responsibility. Concessionaire agrees to implement Integrated Plan. Concessionaire is obligated to ensure that it has adequate resources to respond to a discharge, including retaining a discharge recovery contractor and providing the necessary equipment to respond to a discharge, in accordance with the Integrated Plan.

20.11. If the Airport incurs costs related to a spill or other environmental expenses related to fuel or hazardous and/or non-hazardous substances because of actions related to Concessionaire's operations, or unless due to the gross negligence of the Airport, the Airport will bill Concessionaire for all the Airport's actual costs, plus a fifteen percent (15%) administrative fee. The Concessionaire shall pay the Airport within thirty (30) days of the Concessionaire's receipt of the invoice.

21. ASSIGNMENT AND SUBLETTING

21.1. **Mortgage.** Concessionaire shall not be allowed to mortgage, to grant a security interest in, to assign for security or collateral purposes, or otherwise to encumber its interest in and to the Leased Premises or this Agreement.

21.2. **Transfer/Sublet.** Concessionaire shall not transfer, assign, sublet, or otherwise alienate Concessionaire's interest in and to the Leased Premises without first obtaining the written consent of the Airport and the County, which consent shall not be unreasonably withheld, conditioned, or delayed. Concessionaire's rights and obligations under this Agreement can only be transferred, rebranded, assigned, or otherwise alienated to another concessionaire that can demonstrate the ability to meet all the obligations of this Agreement and can provide the same or better type and level of service and amenities as was required by the RFP and represented in Exhibit X. Any transfer, assignment, subletting, or alienation of this Agreement or of

Concessionaire's leasehold interest in the Leased Premises without the prior written consent of the Airport and the County shall be null and void. All sublease agreements between the Concessionaire and sub-lessees shall prohibit the sublessee from further subleasing or permitting the use of the Leased Premises to a third party.

21.3. **Permission to Sublease.** In the event Concessionaire requests permission to sublease, the request shall be submitted to the Airport Director and must be approved by the Airport prior to the effective date of the sublease requested and shall be accompanied by a copy of the proposed sublease agreements and all agreements collateral thereto. The area or space to be subleased, the rental to be charged, the type of business to be conducted, and the identity and financial history of the sub-tenant shall be specified. Each transfer, assignment, or subletting to which there has been consent shall be by instrument, in writing, and shall be executed by the transferee, assignee, or sub-lessee who shall agree in writing, for the benefit of the Airport and the County, to be bound by and to perform the terms, covenants, and conditions of this Agreement. Five (5) executed copies of such written instrument shall be delivered to the Authorized Representative. Failure to first obtain written consent from the Airport and the County, or failure to comply with the provisions herein contained, shall operate to prevent any such transfer, assignment, or subletting from becoming effective. At Concessionaire's option, Concessionaire shall record a memorandum of this Agreement with the recorder of mortgages for Outagamie County within fifteen (15) days of all parties signing this Agreement.

21.3.1. All concession subleases must comply with (1) all requirements listed in the RFP and its attachments and addenda; (2) all provisions, specifications, and standards set forth in Concessionaire's response to the RFP; and (3) all requirements of this Agreement.

21.4. **Lessor Consent.** Should the assignment of this Agreement be consented to by the Airport and the County and to the extent that such assignee assumes Concessionaire's obligations hereunder, Concessionaire shall not, by virtue of such assignment, be released from Concessionaire's obligations under the Agreement unless at the time of the giving of its written consent the Airport and the County expressly agrees in writing to the contrary.

21.4.1. Should the subletting of the Leased Premises be consented to by the Airport and the County, Concessionaire agrees and acknowledges that it shall remain fully and primarily liable under this Agreement, notwithstanding any such sublease and that any such sub-lessee shall be required to attorn to the Airport and the County under the terms of this Agreement.

21.4.2. The receipt by the Airport and the County of rent from any assignee, subtenant, or occupant of the Leased Premises shall not be deemed a waiver of the requirements in this Section 19 or an acceptance by the Airport or the County of the assignee, subtenant or occupant as a tenant or a release of the Concessionaire from further observance or performance by the Concessionaire of the covenants and obligations contained in this Agreement. None of the provisions of this Agreement shall be deemed to have been waived by

the Airport or the County unless such waiver is in writing, signed by the Director of Aviation. The Airport and the County reserve the right to transfer its interest in the Agreement.

22. RECORDS, BOOKS AND AUDIT

22.1. **Concessionaire's Records and Books.** Concessionaire shall prepare and maintain, in accordance with Generally Accepted Accounting Principles, complete and accurate books, and records that include all financial transactions related to the performance of this Agreement. The Concessionaire's system of accounts shall allow each Concession Location to be distinguished from all other Concession Locations. Concessionaire shall maintain source documents sufficient to support its books, records, and reports. All monies related to this Agreement shall be deposited to and paid from a business bank account(s), the records for which shall be subject to review and audit in accordance with the provisions hereof.

22.2. **Monthly Reports**. On the fifteenth (15th) day of each month following the Rental Commencement Date thereafter through and including the month following termination of this Agreement during the Term Concessionaire shall submit to the Authorized Representative, electronically at the Airport's option a statement ("Sales & Revenue Statement"), in a form satisfactory to the Airport, showing the Gross Revenue and other sales-related information for each and every Concessionaire-operated and any Subtenant-operated Concessions Location for the preceding calendar month and the cumulative Gross Revenue from all such Concessions Locations, from the date of commencement of the Agreement Year for which the report is made through the last day of the preceding month, accompanied by payment. The Airport reserves the right to prescribe and revise the format of the Sales Statements at any time and reserves the right to direct the Concessionaire to provide information on the sales of item classes (for example, "single-serve bottled water," or "16 or 20-ounce bottled soda," or ("potato chips, any flavor, less than 2oz. bag"), and Concessionaire hereby agrees to supply information on the quantity of these products sold, and the total retail value of said sales for all months following until the Airport notifies Concessionaire that the information is no longer needed. The Airport may also request up to twelve (12) months of historical information on said sales of product classes.

22.3. **Monthly General Ledger Transactions.** Concessionaire shall, on or before the fifteenth (15th) day of each and every calendar month during the Term, or as otherwise requested by the Airport or the Authorized Representative, submit an extract of the Concessionaire or Concessionaire's Subtenants detailed general ledger transactions listing each entry on the general ledger accounting system. Transaction listings should be specific to each Concessions Location and include all general ledger accounts and available data fields in each transaction for the preceding calendar month in a format acceptable to the Airport

for each of the Concessionaire's Airport locations, including subtenants. Files should be provided electronically to the Authorized Representative. Concessionaire shall also provide a complete and current detailed chart of accounts for all general ledger accounts upon request.

22.4. **Annual Reports.** No later than one hundred eighty (180) days after the end of each year during the Term, Concessionaire shall, at its sole cost and expense, provide an annual audit report by an independent Certified Public Accountant acceptable to the Authorized Representative, of the Concessionaire's monthly Gross Revenue and any amounts paid to the Airport per the terms of this Agreement, or part thereof. There may be no limitation on the scope of the engagement that would preclude the auditor from expressing an unqualified opinion as to the correctness and completeness of the reported Gross Revenue. The engagement will include a Schedule of Gross Revenue and all payments made to the Airport per this Agreement, prepared in accordance with the comprehensive basis of accounting defined herein and reported in a format acceptable to the Airport. The engagement will be conducted in accordance with Generally Accepted Auditing Standards and shall include an opinion on whether the Schedule of Gross Revenue and all payments to the Airport has been completely and accurately presented, calculated, and reported according to the terms of this Agreement.

22.4.1. The Airport reserves the right to challenge any findings or conclusions of the Annual Report if it believes an error may have occurred. In such an event, the Airport may conduct its own audit under the provisions in Section or may require production of the supporting documentation used to reach the finding or conclusion in question. The resolution by the Airport of any dispute will be final. Delivery of an Annual Report containing a qualified opinion, or an adverse opinion, or a disclaimer of opinion as defined in the Statements on Auditing Standards, as may from time to time be amended or superseded, issued by the Auditing Standards Airport of the American Institute of Certified Public Accountants, or any successor Airport or agency thereto, will be deemed a material breach of this Agreement.

22.5. **Audit and Inspection.** Concessionaire will submit to any audit requested by the County or the Airport, inspection, and review and, at the County's or Airport's request, will make available all documents relating or pertaining to this Agreement maintained by or under the control of the Concessionaire, its employees, agents, assigns, successors, and subcontractors, during normal business hours at Concessionaire's office or place of business in Wisconsin. If no such location is available, Concessionaire will make the documents available at a time and location that is convenient for the County or the Airport.

22.6. Fees, Expenses, Interest and Default. If an audit establishes that there has been an understatement of the Gross Revenue received from all operations at the Leased Premises by three percent (3%) or more (after the deductions and exclusions allowed in this Agreement) the entire reasonable expense of such audit and applicable attorney's fees shall be paid by Concessionaire. Any additional monies due as a result of the audit shall be paid by Concessionaire to the Airport with interest at eighteen percent (18%) per annum from the date such additional monies became due. If Concessionaire has overpaid rent, the Airport will credit the amount of the overpayment against future rent payments or, if the Term has expired, shall refund the overpayment to Concessionaire. If a second audit during the Term that shows an understatement of Gross Revenue by three percent (3%) or more will be considered an event of default, with the potential for termination by the Airport as defined in Section 17 of this Agreement. Concessionaire shall comply with all requirements under this Section or Concessionaire will incur liquidated damages as referenced in Section 8.38 of this Agreement.

22.7. **General Ledger Sales Transactions.** Concessionaire shall, within seven (7) days of a written request by the Airport, submit an extract of the Concessionaire and Concessionaire's Subtenants' detailed general ledger sales transactions listing each sales entry on the general ledger accounting system for the period specified by the Airport. Transaction listings must be specific to Concessionaire and Concessionaire's Subtenants units and include all general ledger accounts available data fields in each transaction in a format acceptable to the Airport for each of the Concessionaire's and Concessionaire's units. Concessionaire shall also provide to the Airport a current detailed chart of accounts for all general ledger accounts at the Airport's request.

22.8. **Continuous Transmission of Sales Data.** At the option of the Airport, the Concessionaire shall on a continuous, real-time basis, using their electronic Point of Sale ("POS") system, provide transactional data for all sales transactions. Transaction listings should be specific to Concessionaire and Concessionaire's Subtenants units and include all available data fields in each transaction, except customer credit or debit card information shall not be included in this continuous transmission. However, it shall be noted whether the purchase was for cash or credit/debit.

23. GENERAL PROVISIONS

23.1. **Amendment.** Any amendment to this Agreement shall be effective only if mutually agreed upon, reduced to writing, and signed by the appropriate officers of both parties.

23.2. **Choice of Laws.** This Agreement has been made in and shall be construed in accordance with the laws of the State of Wisconsin, with the venue of any judicial proceedings arising hereunder in the Court of Outagamie County. All duties, obligations, and liabilities of the County and Concessionaire with respect to the Leased Premises are expressly set forth herein and this Concession Lease can be amended only in writing and agreed to by both parties.

23.3. **Conflict of Interest.** In the interest of ensuring that the efforts of the Concessionaire do not conflict with the interests of the Airport, and in recognition of the Concessionaire's responsibility to the Airport, Concessionaire agrees to decline any offer of employment if its independent work on behalf of the Airport is likely to be adversely affected by the acceptance of such employment. The initial determination of such a possibility rest with Concessionaire. It is incumbent upon Concessionaire to notify the Authorized Representative and provide full disclosure of the possible effects of such employment on the Concessionaire's independent work on behalf of the Airport. A final decision on any disputed offers of other employment for the Concessionaire shall rest with the Airport.

23.4. **Construction of Agreement.** Neither party will be deemed to have drafted the Agreement. The Agreement has been reviewed by all parties and will be construed and interpreted according to the ordinary meaning of the words used so as to fairly accomplish the purposes and intentions of all parties. No term of the Agreement will be construed or resolved in favor of or against the Airport or Concessionaire on the basis of which party drafted the uncertain or ambiguous language. The headings and captions of the Agreement are provided for convenience only and are not intended to have an effect on the construction or interpretation of the Agreement.

23.5. **Contract Documents.** It is understood and agreed that this Concession Lease (including all Exhibits and other documents incorporated by reference) contains the entire agreement between the County and Concessionaire this Concession Lease. It is further understood and agreed by Concessionaire that the County and the County's agents and employees have made no representations or promises with respect to this Concession Lease or the making or entry into this Concession Lease, except as in this Concession Lease expressly set forth, and that no claim or liability or cause for termination shall be asserted by Concessionaire against the County for, and the County shall not be liable by reason of, the breach of any representations or promises not expressly stated in this Concession Lease. Any other written or oral agreement with the County is expressly waived by Concessionaire.

23.6. **Convicted Felon Statement.** No principal, member, or officer of Concessionaire has, within the preceding five (5) years, been convicted of, or pled guilty to, a felony under state or federal statutes for embezzlement, theft of public funds, bribery, or falsification or destruction of public records.

23.7. **Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original copy of this Agreement, but all of which, when taken together, shall constitute one and the same agreement.

23.8. **Electronic Signature and Delivery.** The parties agree that a manually signed copy of this Agreement and any other document(s) attached to this Agreement delivered by facsimile, email, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement. No legally binding obligation shall be created with respect to a party until such party has delivered or caused to be delivered a manually signed copy of this Agreement.

23.9. **Employee Verification.** Concessionaire swears that (i) it is registered and participates in a status verification system to verify that all employees in the State of Wisconsin are legal citizens of the United States or are legal aliens; (ii) it shall continue, during the Term of this Agreement, to utilize a status verification system to verify the legal status of all new employees in the State of Wisconsin; and (iii) it shall require all subcontractors to submit to Concessionaire a sworn affidavit verifying compliance with items (i) and (ii) above. Any violation of the provisions of this paragraph may subject this Agreement to termination and may further result in Concessionaire being ineligible for any public contract for a period of three years from the date the violation is discovered. Concessionaire further acknowledges and agrees that it shall be liable for any additional costs incurred by the Airport occasioned by the termination of this Agreement or the loss of any license or permit to do business in the State of Wisconsin resulting from a violation of this provision. Concessionaire will provide to the Airport with an affidavit attesting to the above provisions if requested by the Airport. The Airport may terminate this Agreement for cause if Concessionaire fails to provide the requested affidavit or violates any provision of this paragraph.

23.10. **Entire Agreement.** This Agreement, including all incorporated documents, constitutes the final and complete agreement and understanding between the parties. All prior and contemporaneous agreements and understandings, whether oral or written, are superseded by this Agreement and are without effect to vary or alter any terms or conditions of this Agreement.

23.11. **Equal Opportunity Employment.** In all hiring or employment made possible by, or resulting from this agreement, Concessionaire agrees that there (1) will not be any discrimination against any employee or applicant for employment because of race, color, religion, gender, age, physical or mental disability, national origin, sexual orientation, creed,

culture, or ancestry, and (2) where applicable, affirmative action will be taken to ensure that Concessionaire's employees are treated during employment without regard to their race, color, religion, gender, age, physical or mental disability, national origin, sexual orientation, creed, culture, or ancestry. This requirement shall apply to, but not be limited to the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. All solicitations or advertisements for employees shall state that all qualified applicants will receive consideration for employment without regard to race, color, religion, gender, age, physical or mental disability, national origin, sexual orientation, creed, culture, or ancestry.

23.12. **Exclusive Jurisdiction and Venue.** For all claims arising out of or related to this Agreement, Concessionaire hereby consents and yields to the jurisdiction of the Circuit Court for Outagamie County, and expressly waives any (A) pleas of jurisdiction based upon Contractor's residence and (B) right of removal to federal court based upon diversity of citizenship.

23.13. **Incorporation into Subcontracts.** Concessionaire will incorporate Agreement Terms and Conditions into all subcontracts, by reference or otherwise, and will require all subcontractors to comply with these provisions.

23.14. **Independent Contractor Status.** Concessionaire is an independent contractor and shall not be deemed an employee, servant, agent, partner, or joint venture of the Airport or the County and will not hold itself or any of its employees, subcontractors, or agents to be an employee, partner, or agent of the Airport or the County.

23.15. **Limitations of the County's Obligations.** The Airport and the County have no obligations not explicitly set forth in this Agreement or any incorporated documents or expressly imposed by law.

23.16. **No Third-Party Beneficiaries.** The Agreement is entered into for the exclusive benefit of the Airport, County, and Concessionaire, and the Airport, County, and Concessionaire expressly disclaim any intent to benefit anyone not a party to this Agreement.

23.17. **Non-Exclusive Rights.** The rights granted to Concessionaire in this Agreement are non-exclusive. The Airport may, at any time, award a contract to other parties who may have rights or may sell Concession goods or provide similar or identical services at the Airport as those non-exclusively granted to Concessionaire herein. Further, the Airport may, in its sole discretion, grant exclusive rights to other concessionaires to sell goods or services that Concessionaire is not authorized to sell.

23.18. In the event of a dispute between Concessionaire and any other party operating at the Airport as to the rights of the parties under their respective contracts, the Airport shall

determine the rights of each party and Concessionaire agrees to be bound by the Airport's decision.

23.19. **Non-solicitation.** Concessionaire has not employed or retained any company or person, other than a bona fide employee working solely for him, to solicit or secure the subject Agreement. Concessionaire has not paid or agreed to pay any person, other than a bona fide employee working for him, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the subject Agreement.

23.20. **Non-waiver.** The failure of the Airport to insist upon strict compliance with any provision of the Agreement, to enforce any right or to seek any remedy upon discovery of any default or breach of Concessionaire at such time as the initial discovery of the existence of such noncompliance, right, default or breach shall not affect or constitute a waiver of the Airport's right to insist upon such compliance, exercise such right or seek such remedy with respect to that default or breach or any prior contemporaneous or subsequent default or breach.

23.21. Notices and Communications.

23.21.1. All notices provided to be given under this Agreement shall be in writing and shall be deemed properly served if such notice is given by certified mail, return receipt requested, or by expedited prepaid commercial delivery service (such as Fed Ex), with proof of delivery, addressed to the other party at the following address, or such other address as either party may, from time to time, designate in writing:

Appleton, WI 5914

Concessionaire: SSP America ATW, LLC
20408 Bashan Drive, Suite 300
Ashburn, VA 20147

23.22. Notices mailed in accordance with the provisions hereof shall be deemed to have been given as of the date of receipt or the third business day following the date of such mailing, whichever is earlier.

23.23. Unless notified otherwise, all correspondence, documentation, and information, including but not limited to inquiries, review, questions, pay requests and other matters that require action on the part of the Airport shall be addressed to the Authorized Representative.

23.24. **Ownership interest disclosure**. Concessionaire will provide an affidavit listing all-natural or artificial persons with an ownership interest in Concessionaire and stating that no other person holds an ownership interest in Concessionaire via a counter letter. For the purposes of this provision, an "ownership interest" shall not be deemed to include ownership of stock in a

publicly traded corporation or ownership of an interest in a mutual fund or trust that holds an interest in a publicly traded corporation. If Concessionaire fails to submit the required affidavits, the Airport may, after thirty (30) days' written notice to Concessionaire, take such action as may be necessary to cause the required affidavits to be submitted.

23.25. **Ownership of records.** Upon final payment, all data collected and all products of work prepared, created or modified by Concessionaire in the performance of this Agreement, including without limitation any and all notes, tables, graphs, reports, files, computer programs, source code, documents, records, disks, original drawings or other such material, regardless of form and whether finished or unfinished, but excluding Concessionaire's personnel and administrative records and any tools, systems, and information used by Concessionaire to perform the services under this Agreement, including computer software (object code and source code), know-how, methodologies, equipment, and processes and any related intellectual property (collectively, "Work Product") will be the exclusive property of Airport and the Airport will have all right, title and interest in any Work Product, including without limitation the right to secure and maintain any copyright, trademark, or patent of Work Product in the Airport's name. No Work Product may be reproduced in any form with the Airport's express written consent. The Airport may use and distribute any Work Product for any purpose the Airport deems appropriate without Concessionaire's consent and for no additional consideration to Concessionaire.

23.26. **Prohibition against financial interest in agreement.** No elected official or employee of the Airport or the County shall have a financial interest, direct or indirect, in the Agreement, including through any financial interest held by the spouse, child, or parent. Any willful violation of this provision, with the expressed or implied knowledge of Concessionaire, will render this Agreement voidable by the Airport and the County and shall entitle the Airport or the County to recover, in addition to another rights and remedies available to the Airport or the County, all monies paid by the Airport to Concessionaire pursuant to this Agreement without regard to Concessionaire's satisfactory performance.

23.27. **Prohibition of political activity.** None of the funds, materials, property, or services provided directly or indirectly under the terms of this Agreement shall be used in the performance of this Agreement for any partisan political activity, or to further the election or defeat of any candidate for public office.

23.28. **Remedies cumulative.** No remedy set forth in the Agreement or otherwise conferred upon or reserved to any party shall be considered exclusive of any other remedy available to a party. Rather, each remedy shall be deemed distinct, separate, and cumulative and each may be exercised from time to time as often as the occasion may arise or as may be deemed expedient.

23.29. **Severability**. If a court of competent jurisdiction finds any provision of the Agreement to be unenforceable as written, the unenforceable provision should be reformed, if possible, so that it is enforceable to the maximum extent permitted by law, or, if reformation is not possible, the unenforceable provision will be fully severable and the remaining provisions of the Agreement will remain in full force and effect and will be construed and enforced as if the unenforceable provision was never a part the Agreement.

23.30. **Survival of certain provisions.** All representations and warranties and all obligations concerning record retention, inspections, audits, ownership, indemnification, payment, remedies, jurisdiction, venue, and choice of law shall survive the expiration, suspension, or termination of the Agreement and continue in full force and effect.

23.31. **Terms binding.** The terms and conditions of the Agreement are binding on any heirs, successors, transferees, and assigns.

23.32. Waiver of benefits. Concessionaire, as an independent contractor, will not receive from the Airport or the County any sick and annual leave benefits, medical insurance, life insurance, paid vacations, paid holidays, sick leave, pension, or Social Security for any services rendered to the Airport or the County under this Agreement.

23.33. **Amendment Required by FAA/TSA**. This Lease may be amended without further consideration for the purpose of satisfying FAA or TSA requirements. In the event that the FAA requires, as a condition precedent to granting of funds for the improvement of the Airport, modifications or changes to this Lease, Concessionaire agrees to such modifications or changes as may be required to enable Lessor to obtain FAA funds.

23.34. **Accord and Satisfaction.** No payment by Concessionaire or receipt by the Airport of a lesser amount than the rent, fees, and/or charges due to be made by Concessionaire herein shall be deemed to be other than on account of the rent, fees, and/or charges due, and no endorsement or statement on any check or in any letter accompanying any check or payment as rent, fees, and/or charges shall be deemed an accord and satisfaction, and Airport may accept such check or payment without prejudice to Airport's right to recover the balance of such rent, fees, and/or charges or to pursue any other remedy provided in this Lease.

23.35. **Delinquent Taxes.** Concessionaire swears that it complies not delinquent in any taxes owed to the County.

23.36. **Amendment.** The Lease shall not be modified except by written amendment executed by duly authorized representatives of the parties.

24. REQUIRED FEDERAL PROVISIONS

24.1. Civil Rights – General

24.1.1. The Concessionaire and the Airport agree to comply with pertinent statutes, Executive Orders, and such rules as are promulgated to ensure that no person shall, on the grounds of

race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

24.1.2. This provision obligates the Concessionaire or its transferee for the period during which Federal assistance is extended to the airport through the Airport Improvement Program.

24.1.3. In cases where Federal assistance provides, or is in the form of personal property; real property or interest therein; structures or improvements thereon, this provision obligates the party or any transferee for the longer of the following periods:

24.1.4. The period during which the property is used by the airport sponsor or any transferee for a purpose for which Federal assistance is extended, or for another purpose involving the provision of similar services or benefits; or

24.1.5. The period during which the airport sponsor or any transferee retains ownership or possession of the property.

24.2. General Title VI - Compliance with Nondiscrimination Requirements

24.2.1. During the performance of this contract, the Concessionaire, for itself, its assignees, and successors in interest (hereinafter referred to as the "Concessionaire") agrees as follows:

24.2.1.1. Compliance with Regulations: The Concessionaire (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts And Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

24.2.1.2. Non-discrimination: The Concessionaire, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Concessionaire will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

24.2.1.3. Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding, or negotiation made by the Concessionaire for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Concessionaire of the Concessionaire's obligations under this contract and the Nondiscrimination Acts And Authorities on the grounds of race, color, or national origin.

24.2.1.4. Information and Reports: The Concessionaire will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where

any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the Concessionaire will so certify to the sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

24.2.1.5. Sanctions for Noncompliance: In the event of Concessionaire's noncompliance with the Non-discrimination provisions of this contract, the Airport will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

24.2.1.5.1. Withholding payments to the contractor under the contract until the contractor complies; and/or

24.2.1.5.2. Cancelling, terminating, or suspending a contract, in whole or in part.

24.2.1.6. Incorporation of Provisions: The Concessionaire will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The Concessionaire will take action with respect to any subcontract or procurement as the sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided that if the contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the contractor may request the sponsor to enter into any litigation to protect the interests of the sponsor. In addition, the contractor may request the United States to enter into litigation to protect the interests of the United States.

24.3. Title VI - Title VI Clauses for Transfer of Real Property Acquired or Improved Under the Activity, Facility, or Program

24.3.1. The following clauses will be included in deeds, licenses, leases, permits, or similar instruments entered into by the Lessor pursuant to the provisions of the Airport Improvement Program grant assurances.

24.3.1.1. The Concessionaire for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that:

24.3.1.2. In the event facilities are constructed, maintained, or otherwise operated on the property described in this Lease for a purpose for which a Federal Aviation Administration activity, facility, or program is extended or for another purpose involving the provision of similar services or benefits, the Concessionaire will maintain and operate such facilities and services in compliance with all requirements imposed by the Nondiscrimination Acts and Regulations listed in the Pertinent List of Nondiscrimination Authorities (as may be amended) such that no person on the grounds of race, color, or national origin, will be excluded from

participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities.

24.3.2. With respect to licenses, leases, permits, etc., in the event of breach of any of the above covenants, Lessor will have the right to terminate the Lease and to enter, re- enter, and repossess said lands and facilities thereon, and hold the same as if the Lease had never been made or issued.

24.4. Title VI - Clauses for Construction/Use/Access to Real Property Acquired Under the Activity, Facility or Program

24.4.1. The following clauses will be included in deeds, licenses, permits, or similar instruments/agreements entered into by Lessor pursuant to the provisions of the Airport Improvement Program grant assurances.

24.4.1.1. The Concessionaire for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree (in the case of deeds and leases add, "as a covenant running with the land") that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the (grantee, licensee, lessee, permittee, etc.) will use the premises in compliance with all other requirements imposed by or pursuant to the List of discrimination Acts And Authorities.

24.4.1.2. With respect to (licenses, leases, permits, etc.), in the event of breach of any of the above nondiscrimination covenants, Lessor will have the right to terminate the (license, permit, etc., as appropriate) and to enter or re-enter and repossess said land and the facilities thereon, and hold the same as if said (license, permit, etc., as appropriate) had never been made or issued.

24.5. Title VI List of Pertinent Nondiscrimination Acts and Authorities

24.5.1. During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

24.5.1.1. Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);

24.5.1.6. Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);

24.5.1.7. The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage, and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);

24.5.1.8. Titles II and III of the Americans with Disabilities Act of 1990, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 – 12189) as implemented by Department of Transportation regulations at 49 CFR parts 37 and 38;

24.5.1.9. The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);

24.5.1.10. Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;

24.5.1.11. Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);

24.5.1.12. Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq)

24.5.1.13. Subtitle A of Title II of the Americans with Disabilities Act of 1990 (42 U.S.C. 12131), which prohibits discrimination on the basis of disability by public entities as implemented by the Department of Justice regulations at 28 CFR part 35;

24.5.2. Title III of the Americans with Disabilities Act of 1990 (42 U.S.C. 12181), which prohibits discrimination on the basis of disability by public accommodations and requires places of public accommodation and commercial facilities to be designed, constructed, and altered in compliance with accessibility standards as implemented by the Department of Justice regulations at 28 CFR Part 36.

24.6. Fair Labor Standards Act

24.6.1. All contracts and subcontracts that result from this solicitation incorporate by reference the provisions of 29 CFR Part 201, the Federal Fair Labor Standards Act (FLSA), with the same force and effect as if given in full text. The FLSA sets minimum wage, overtime pay, recordkeeping, and child labor standards for full and part time workers.

24.6.2. The Concessionaire has full responsibility to monitor compliance to the referenced statute or regulation. The proposer must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

24.7. Occupational Safety and Health Act of 1970

24.7.1. All contracts and subcontracts shall incorporate by reference the requirements of 29 CFR Part 1910 with the same force and effect as if given in full text. Concessionaire must provide a work environment that is free from recognized hazards that may cause death or serious physical harm to the employee. Concessionaire retains full responsibility to monitor its compliance and their subcontractor's compliance with the applicable requirements of the Occupational Safety and Health Act of 1970 (20 CFR Part 1910). Concessionaire must address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor – Occupational Safety and Health Administration

March 12, 2024 County Board Meeting

OpenMeeting

RESOLUTION NO.: 113—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Appleton International Airport and Maxair, LLC desire to incorporate a second addendum to the Building Lease Agreement. This addendum provides for additional common hangar space to accommodate three (3) additional aircraft owned by Maxair, LLC. The monthly rental revenue for the three additional aircraft will be $2,000 per aircraft. The fuel into wings rates were also renegotiated based on the number of additional aircraft. A budget adjustment is being requested for the period from March 1, 2024 to December 31, 2024 to increase the rent fom Maxair. No budget adjustment related to the fuel revenue is needed as an estimate was already included in the 2023 budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Appleton International Airport entering into a second addendum to lease with Maxair, LLC as detailed in the attached Second Addendum to Lease, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve transferring $60,000 from the Airport Terminal Fund Balance Applied line item to the FBO Hangar – Tenants line item as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Appleton International Airport Director.

Dated this 12th day of March 2024

Respectfully submitted,

SECOND ADDENDUM TO LEASE

THIS SECOND ADDENDUM is entered into this____day Of _____, 2024, between Outagamie County ("LESSOR") and Maxair, LLC, ("LESSEE").

WHEREAS, the parties entered into a Building Lease Agreement on January 1, 2021 (hereinafter the "Agreement"), providing for lease of facilities situated in the State of Wisconsin, County of Outagamie, Town of Greenville, located at the Appleton International Airport; and

WHEREAS, the parties have previously amended the Lease by Addendum One (1); and

WHEREAS, the parties desire to amend the Agreement by this Second Addendum; and

NOW, THEREFORE, in consideration of the mutual benefits, covenants and obligations of the parties contained in the Lease, Lessor and Lessee agree to amend the lease as follows:

1. Section **2. Premises** will be amended to include the following paragraph:

   Lessor herby leases space, in common with others for the purpose of hangaring, storing and operating three (3) of Tenant's aircraft to Lessee, and Lessee hereby leases space in the Premises from Lessor. The Airport Director may change the assignment of hangar space at any time at the sole determination and discretion of the Airport Director, for comparable space.

2. Section **5. County Covenants** will be amended to include the following:

   h. Lessor hereby warrants that Lessee shall have sufficient space, in common with others for the purpose of hangaring, storing and operating three (3) Lessee's aircraft. Lessee's aircraft shall be parked in the hangar, properly chocked, with such free space between the aircraft, the building and the other tenants' aircraft in the hangar so as to permit free movement around the aircraft and reduce any possibility of contact between Lessee's aircraft, the hangar structure, any other aircraft or any other object.

3. Section 6. Lessee Covenants will be amended to include the following:

   n. The Lessee's equipment and personal effects stored in the common storage hangar shall be at the sole risk of the Lessee or those claiming under it and the Lessor shall not be liable to Lessee, or to any person whatsoever, for any injury, loss or damage to property in or upon said hangar contiguous thereto unless caused by negligence or willful misconduct attributable to Lessor or its agents or employees. However, Lessee acknowledges and understands that the Airport is required to follow all current and future FAA regulations regarding the non-aeronautical use of airport hangars which may preclude the Lessee from storing non-aeronautical equipment in the hangar. Lessee agrees that in the event the FAA interprets lessee storage of its equipment in the hangar as a non-aeronautical use, that lessee will at that time be prohibited from such storage without a reduction in the lease rate.

4. Exhibit B shall be replaced in its entirety with the attached revised Exhibit B.2.

EXCEPT as expressly provided herein, the Lease shall remain unchanged and in full force and effect.

EXHIBIT B.2

Lease and Fuel Rates
Lease and Fuel Rates

Office and Hangar Space

Monthly rates for lease of the office and hangar space shall be as follows:

Year 1	$10,000
Years 2-4	$11,000
Years 5-7	$12,000
Years 8-12	$13,000

Common Storage Hangar Space

Monthly rates for lease of common storage hangar space for three (3) aircraft shall be as follows:

$2,000 per month per aircraft

Fuel Into-wing Rates

Per the 1st Addendum, Exhibit B.1 stated:

**If and when the County constructs an additional common storage hangar that provides for storage of additional Maxair, LLC aircraft, the tier will increase from 25,000 to 30,000.

The Lessor's Fixed Base Operator will supply Jet-A and 100LL fuel to the Lessee at the following into-wing rates. The rate charged for JetA for a month will be that applicable rate as determined by the aggregate gallons pumped in the prior month:

Type	Minimum Requirement
Jet-A	Minimum 100,000 gallons annually

Gallons pumped per month*	Into-wing Rate
Up to 20,000	$.60 / Gal
20,001-35,000	$.55 / Gal

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** 2nd Addendum to Maxair LLC Agreement

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Appleton International Airport and Maxair, LLC desire to incorporate a 2nd addendum for the Building Lease Agreement. This addendum provides for additional common hangar space to accommodate 3 additional Maxair, LLC aircraft. The monthly rental revenue for the 3 additional aircraft will be $2,000 per aircraft. The fuel into-wing rates were also renegotiated based on the number of additional aircraft. A budget adjustment is being requested for the period from March 1, 2024 to December 31, 2024 to increase the rent from Maxair. No budget adjustment related to the fuel revenue is needed as an estimate was already included in the 2023 budget.

RESOLUTION NO.: 114—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office is requesting approval to accept and expend an unsolicited donation from Milk Source LLC in the amount of $1,000. Funds will be used to replace an AED (Automated External Defibrillator) in the Jail. The Sheriff's Office will use already budgeted funds to cover the excess cost of the unit. There is no county match required.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Outagamie County Sheriff's Office to accept and expend an unsolicited donation from Milk Source LLC in the amount of $1,000, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Corrections Revenue line item and the Corrections Supplies line item by $1,000 each as detailed on the attached fiscal note, which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Outagamie County 3-12-24 County Board Meeting - March 12 2024 07:19:29 PM

March 12, 2024 County Board Meeting

OpenMeeting

ORDINANCE NO.: M—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

On October 27, 2020, the Outagamie County Board adopted Ordinance C—2020-2021 which created Section 50-353 (based on Wis. Stat. §23.33) allowing all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs) to operate on roadways designated by Outagamie County and referred to as "routes." On August 22, 2023, the Outagamie County Board adopted Ordinance D—2023-2024 which modified the ordinance as pertains to speed limits and operating hours. Wis. Stat. §23.33(8)(b)1 offers a town, village, or city the ability to enact an ordinance to designate a highway not under its jurisdiction, but within its territorial limits, as an ATV/UTV route.

The Village of Hortonville has submitted an application to the Outagamie County Highway Commissioner to designate the following county highway as an ATV/UTV route:

- CTH MM between Mystic Drive and the East Village limits

The Village of Hortonville has completed said requirements of Outagamie County Code of Ordinance Sec. 50-353(4)(a)(ii) and submitted the following documents with the application:

- A map showing the proposed ATV/UTV route on the county highway system.
- A map showing any existing or future ATV/UTV routes leading to the proposed route.
- A statement explaining why the proposed route should be designated as an ATV/UTV route.
- Documentation that items required in Ordinance 50-353 Sec. 4(a)(i)1-3 were completed by the Municipality.
- A statement that the applicant will be financially responsible for payments for the installation and maintenance of required ATV/UTV route signs.
- Regulations set forth in Ordinance Sec. 50-353(5) were adopted by the Village of Hortonville on June 21, 2023.

The Outagamie County Highway Commissioner has completed a review as detailed in Ordinance Sec. 50-353(4)(b) and is recommending approval. The Outagamie County Highway, Recycling and Solid Waste Committee is recommending approval.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve designating CTH MM between Mystic Drive and the East Village limits, said section in the Village of Hortonville, as an ATV/UTV route as detailed on the attached Memorandums and map, which by reference are made a part hereof, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Highway Commissioner, the Outagamie County Development and Land Services Director, the Outagamie County Sheriff, and the Village of Hortonville.

Outagamie County 3-12-24 County Board Meeting - March 12 2024 07:20:57 PM
March 12, 2024 County Board Meeting
OpenMeeting

ORDINANCE NO.: O—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Property, Airport, Recreation and Economic Development Committee is requesting to amend the County Code of Ordinances as pertains to Chapter 22, Finance and Taxation, as listed below.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does amend Chapter 22, Finance and Taxation; Article II, Purchases and Contracts of the Outagamie County Code of Ordinances by creating Section 22-24 of Division 1. – Generally, to read as follows:

Sec. 22-24. – Responsible Bidder Criteria.

(a) Purpose. Pursuant to Wisconsin Statutes Sections 66.0901 and 59.52(29), all public works contracts, including any contract for the construction, repair, remodeling or improvement of any public work, building, or furnishing of supplies or material of any kind where the estimated cost of such work will exceed $25,000, shall be let by contract to the lowest responsible bidder. What constitutes a "responsible bidder" is a determination that requires the exercise of discretion by the county and its departments, officials and/or employees under reasonably consistent responsible bidder criteria, and this Ordinance is intended to provide that criteria.

(b) Definitions. In this section, the following definitions shall apply.

1. "Contractor" means a person, corporation, partnership or any other business entity that performs work on a public works contract as a general contractor, prime contractor or subcontractor at any tier.
2. "Registered Apprenticeship Program" means an apprenticeship program that is currently registered with either a State or Federal governmental entity and that has a graduated apprentices to journeyperson job classification system process as well as a bonafide training program.
3. "Public Works Contract" includes any contract for the construction, repair, remodeling or improvement of any public work, building, or furnishing of supplies or material of any kind where the estimated cost of such work will exceed $25,000.

(c) Responsible Bidder Criteria. In order to be considered a responsible bidder by Outagamie County for purposes of being awarded a public works contract, the following criteria must be met:

1. The contractor must maintain a permanent place of business;
2. The contractor must be authorized to do business in the State of Wisconsin;
3. The contractor, agent, partner, employee and/or officer of the contractor, must not be debarred, suspended, or declared ineligible from contracting with any unit of federal, state or local government;

4. The contractor must be in compliance with the provisions of Section 2000e of Chapter 21, Title 42 of the United States Code, and Federal Executive Order No. 11246, as amended by Executive Order No. 11375 (known as the Equal Opportunity Employer provisions);
5. The contractor must have adequate and appropriate:
   a) General liability insurance;
   b) Automobile insurance, except when a licensed motor vehicle is not used in the performance of the contract; and
   c) Workers' compensation and unemployment insurance, except when the contractor does not have employees.
6. The contractor must have complied with all provisions of any prevailing wage laws and federal Davis-Bacon related Acts, and the rules and regulations therein, for projects undertaken by the contractor that are covered by these laws, for the past five (5) years;
7. Regarding a Public Works Contract estimated to be in excess of two million dollars, and if determined to be appropriate in the discretion of the Outagamie County Procurement Coordinator at the time a Request for Bids or Request for Quotes is issued, then in order to be considered a responsible bidder, the contractor must participate in a Registered Apprenticeship Program;
8. The contractor must have a written substance abuse prevention program meeting the requirements of Wisconsin Statutes Section l03.503;
9. The employees who will perform work on the project for the contractor must be properly classified as employees or independent contractors under all applicable laws;
10. lf the contractor has been the subject of any order or judgment from any state or federal agency or court concerning an employment practice, the contractor must provide copies of the investigation, order or judgment for the county to consider as a factor in determining whether the contractor is a responsible bidder. The contractor may be disqualified for failing to provide said documentation;
11. The contractor's employees who will perform work on the project must be covered under a current workers' compensation policy and must be properly classified under such policy;
12. The contractor must be in compliance with all laws regarding health insurance coverage for employees;
13. The contractor must possess all applicable professional and trade licenses required for performing the public works;
14. The contractor must have adequate financial resources to complete the public works contract, and to complete all other work the bidder is presently under contract to complete;
15. The contractor must be bondable for the terms of the proposed public works contract;
16. If required in the discretion of the Outagamie County Procurement Coordinator at the time a Request for Bids or Request for Quotes regarding a contract of any amount is issued, then in order to be considered a responsible bidder, the contractor must have a record of satisfactorily completing a specific number of projects of similar size and complexity within the last specific number of years, with the required specific number of projects and years to be determined by the Procurement Coordinator prior to the Request for Bids or Request for Quotes being issued;
17. The contractor must have a history of satisfactorily completing projects. Criteria which will be considered in determining whether the contractor is a responsible bidder regarding satisfactorily completing projects may include, but are not limited to, whether the contractor has an acceptable past history of:

a) Completing contracts in accordance with drawings and specifications;
b) Diligently performing work and completing contracts in accordance with established time schedules, including any granted extensions of time;
c) Fulfilling guarantee requirements of the contract documents; and

18. The contractor must have, and diligently maintain, a written safety program.
19. The general or prime contractor bidding on a public works contract must include in its sealed bid an affidavit swearing compliance with the criteria set forth in subsection (c) on the form required by the county. The general or prime contractor awarded the public works contract must also provide to the county an affidavit swearing compliance with the criteria set forth in subsection (c) on the form required by the county from every subcontractor at any tier who will perform work on the project prior to that subcontractor commencing work on the project.

(d) No Restriction on Discretion. If information is discovered or comes into the possession of the county or a county department, official and/or employee responsible for awarding the public works contract, and if such information calls into question the contractor's abilities or competence to faithfully and responsibly comply with the terms of a public works contract and is considered to be both credible and verifiable, then that information shall be considered in determining whether the contractor is a responsible bidder.

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin State Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Corporation Counsel and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

ARTICLE II. PURCHASES AND CONTRACTS[2]

DIVISION 1. GENERALLY

Sec. 22-24. – Responsible Bidder Criteria.

(a) Purpose. Pursuant to Wisconsin Statutes Sections 66.0901 and 59.52(29), all public works contracts, including any contract for the construction, repair, remodeling or improvement of any public work, building, or furnishing of supplies or material of any kind where the estimated cost of such work will exceed $25,000, shall be let by contract to the lowest responsible bidder. What constitutes a "responsible bidder" is a determination that requires the exercise of discretion by the county and its departments, officials and/or employees under reasonably consistent responsible bidder criteria, and this Ordinance is intended to provide that criteria.

(b) Definitions. In this section, the following definitions shall apply.

1. "Contractor" means a person, corporation, partnership or any other business entity that performs work on a public works contract as a general contractor, prime contractor or subcontractor at any tier.

2. "Registered Apprenticeship Program" means an apprenticeship program that is currently registered with either a State or Federal governmental entity and that has a graduated apprentices to journeyperson job classification system process as well as a bonafide training program.

3. "Public Works Contract" includes any contract for the construction, repair, remodeling or improvement of any public work, building, or furnishing of supplies or material of any kind where the estimated cost of such work will exceed $25,000.

(c) Responsible Bidder Criteria. In order to be considered a responsible bidder by Outagamie County for purposes of being awarded a public works contract, the following criteria must be met:

1. The contractor must maintain a permanent place of business;

2. The contractor must be authorized to do business in the State of Wisconsin;

3. The contractor, agent, partner, employee and/or officer of the contractor, must not be debarred, suspended, or declared ineligible from contracting with any unit of federal, state or local government;

4. The contractor must be in compliance with the provisions of Section 2000e of Chapter 21, Title 42 of the United States Code, and Federal Executive Order No. 11246, as amended by Executive Order No. 11375 (known as the Equal Opportunity Employer provisions);

5. The contractor must have adequate and appropriate:

a) General liability insurance;

b) Automobile insurance, except when a licensed motor vehicle is not used in the performance of the contract; and

c) Workers' compensation and unemployment insurance, except when the contractor does not have employees.

[2]State law reference(s)—Public works contracts, Wis. Stats. § 66.0901.

6. The contractor must have complied with all provisions of any prevailing wage laws and federal Davis-Bacon related Acts, and the rules and regulations therein, for projects undertaken by the contractor that are covered by these laws, for the past five (5) years;
7. Regarding a Public Works Contract estimated to be in excess of two million dollars, and if determined to be appropriate in the discretion of the Outagamie County Procurement Coordinator at the time a Request for Bids or Request for Quotes is issued, then in order to be considered a responsible bidder, the contractor must participate in a Registered Apprenticeship Program;
8. The contractor must have a written substance abuse prevention program meeting the requirements of Wisconsin Statutes Section l03.503;
9. The employees who will perform work on the project for the contractor must be properly classified as employees or independent contractors under all applicable laws;
10. If the contractor has been the subject of any order or judgment from any state or federal agency or court concerning an employment practice, the contractor must provide copies of the investigation, order or judgment for the county to consider as a factor in determining whether the contractor is a responsible bidder. The contractor may be disqualified for failing to provide said documentation;
11. The contractor's employees who will perform work on the project must be covered under a current workers' compensation policy and must be properly classified under such policy;
12. The contractor must be in compliance with all laws regarding health insurance coverage for employees;
13. The contractor must possess all applicable professional and trade licenses required for performing the public works;
14. The contractor must have adequate financial resources to complete the public works contract, and to complete all other work the bidder is presently under contract to complete;
15. The contractor must be bondable for the terms of the proposed public works contract;
16. If required in the discretion of the Outagamie County Procurement Coordinator at the time a Request for Bids or Request for Quotes regarding a contract of any amount is issued, then in order to be considered a responsible bidder, the contractor must have a record of satisfactorily completing a specific number of projects of similar size and complexity within the last specific number of years, with the required specific number of projects and years to be determined by the Procurement Coordinator prior to the Request for Bids or Request for Quotes being issued;
17. The contractor must have a history of satisfactorily completing projects. Criteria which will be considered in determining whether the contractor is a responsible bidder regarding satisfactorily completing projects may include, but are not limited to, whether the contractor has an acceptable past history of:

    a) Completing contracts in accordance with drawings and specifications;

    b) Diligently performing work and completing contracts in accordance with established time schedules, including any granted extensions of time;

    c) Fulfilling guarantee requirements of the contract documents; and
18. The contractor must have, and diligently maintain, a written safety program.
19. The general or prime contractor bidding on a public works contract must include in its sealed bid an affidavit swearing compliance with the criteria set forth in subsection (c) on the form required by the

county. The general or prime contractor awarded the public works contract must also provide to the county an affidavit swearing compliance with the criteria set forth in subsection (c) on the form required by the county from every subcontractor at any tier who will perform work on the project prior to that subcontractor commencing work on the project.

(d) No Restriction on Discretion. If information is discovered or comes into the possession of the county or a county department, official and/or employee responsible for awarding the public works contract, and if such information calls into question the contractor's abilities or competence to faithfully and responsibly comply with the terms of a public works contract and is considered to be both credible and verifiable, then that information shall be considered in determining whether the contractor is a responsible bidder.

Sec. 22-25. Purchasing function.

The purchasing function will acquire on a competitive basis all goods and services at the best value and will operate in the most efficient manner to maximize the effectiveness of services provided by the county.

(Code 1992, § 3.01; Ord. No. F-1995-1996, 6-13-1995)

Sec. 22-26. Statutory authority.

This chapter is created and adopted pursuant to authority granted by Wis. Stats. § 59.51.

(Code 1992, § 3.02)

Sec. 22-27. Administration.

The provisions of this chapter and regulations adopted hereunder shall be administered by the county executive as a function of the finance department under the supervision of the procurement coordinator.

(Code 1992, § 3.03; Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22 , 9-28-2021)

State law reference(s)—Purchasing agent, Wis. Stats. § 59.52(9); finances and budget provisions, Wis. Stats. § 59.60.

Sec. 22-28. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Agent means the office of the county executive or their authorized appointee.

Board means the County Board of Supervisors.

Contractual services includes, but may not be limited to, all telephone, gas, water, electric light, power and heating services; towel and cleaning services; leases for all grounds, buildings, equipment, office or other space required by the using department; and the rental, repair or maintenance of equipment, machinery or other personal property owned by the county.

Department means all agencies, departments or offices of the county, when applicable unless otherwise provided by statute, those committees, boards or commissions which manage or operate other county properties, installations or activities.

Regulations means those administrative rules adopted to implement the provision of this chapter, applicable to departments, institutions, officers and employees of the county.

(Code 1992, § 3.04; Ord. No. D-2021-22 , 9-28-2021)

Sec. 22-29. Purchasing agent.

The agent shall adopt, promulgate and from time to time amend rules and regulations to ensure the proper and efficient administration of county purchasing. The purchasing agent will also be referred to as procurement coordinator.

(Code 1992, § 3.05; Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22 , 9-28-2021)

State law reference(s)—Purchasing agent, Wis. Stats. § 59.52(9).

Sec. 22-30. Competitive bids, proposals or quotations.

All purchases and/or contracts for all procurement excluding professional services and public works shall be based on competitive bids or proposals wherever practicable.

(1) Purchases up to $10,000 may be purchased from a vendor of choice. The purchasing agent may delegate purchasing authority to the departments as determined appropriate, but the purchasing agent shall coordinate the purchase of like items where such purchase is beneficial and practical to the county.

(2) Purchases $10,000.00 to $25,000.00 require three documented proposals/quotes direct from the vendor and/or vendor website. This documentation shall be retained by the department. The purchasing agent may delegate purchasing authority to the departments as determined appropriate, but the purchasing agent shall coordinate the purchase of like items where such purchase is beneficial and practical to the county.

(3) Purchases of more than $25,000.00 must be formally solicited through a Request for Bid or Proposal, unless determined by the purchasing agent, due to time constraints, quotes would be sufficient. The purchasing agent shall coordinate the purchase of like items where such purchase is beneficial and practical to the county.

(4) Sole source. Purchases of goods and materials may be made without competition when the purchasing agent and corporation counsel determines there is a valid reason to purchase from one source or that only one source is available. The reason for invoking this provision shall be documented in writing, retained by the purchasing agent and reported to the County Board.

(5) Purchases with non-county funding sources. Any purchases made using federal, state and/or other funding sources may be more stringent and vice versa. Departments and/or purchasing agent shall comply with the most stringent regulations or procedures.

(Code 1992, § 3.06(1); Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22 , 9-28-2021)

Sec. 22-31. Lowest responsible bidder / proposer and best value concepts.

(a) All open market orders of contracts made by the agent shall be awarded to the lowest responsible proposer taking into consideration the qualities of the articles to be supplied, the conformity with the specifications, product compatibility, maintenance costs, vendor support after the purchase and the delivery terms.

(b) If two or more low qualified bids or proposals are for the same total amount or unit price, quality and service being equal, the contract shall be awarded to a local proposer. Where this is not practicable, the purchasing agent shall award the contract to one of the proposers by drawing lots in public.

(c) The purchasing agent shall have the authority to require a performance bond or other similar instrument before entering a contract in such amount as they shall find reasonably necessary to protect the best interest of the county.

(d) All contracts shall be approved as to form and sufficiency by the corporation counsel.

(Code 1992, § 3.06(2); Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22 , 9-28-2021)

Sec. 22-32. Serial contracting.

No contract or purchase shall be subdivided to avoid the requirements of this article. Serial contracting is the practice of issuing a series of purchasing orders to the same vendor for the same commodity or service in any 90-day period to avoid purchasing procedures.

(Code 1992, § 3.06(3); Ord. No. F-1995-1996, 6-13-1995)

Sec. 22-33. Challenges and appeals.

Challenges to purchasing procedure and awards may be made by proposers or the administrator of a using department as follows:

(1) All objections to form and content of proposals/quotation solicitation and specifications shall be received by the purchasing agent not less than 96 hours prior to the time scheduled for bid opening. Objections shall be in writing with the specific objection stated.

(2) After proposal opening, written objections shall be submitted to the agent within 48 hours.

(3) The agent shall evaluate objections and notify the objector of the decision in writing and no award of contract or purchase order shall be made until the expiration of 72 hours after the objector has been notified of the decision. The decision of the agent shall be final and binding on all parties.

(4) Computation of all time limits shall exclude Saturdays, Sundays and Federal holidays.

(Code 1992, § 3.06(4); Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22 , 9-28-2021)

Sec. 22-34. Emergency purchases.

The county executive or designee may authorize any county department to purchase in the open market, without filing a requisition or estimate, any supplies, materials or equipment for immediate delivery to meet actual emergencies arising from unforeseen causes. The reason for invoking this provision shall be documented in writing, retained by the county executive or designee and reported to the County Board. Any emergency purchases made using federal, state and/or other funding sources may have different guidelines and the most restrictive would be followed.

(Code 1992, § 3.07; Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22 , 9-28-2021)

Sec. 22-35. Unlawful purchases.

Whenever any county department, committee, commission, board, officer or employee shall purchase or contract without proper authority for any supplies, materials, equipment or contractual services contrary to the provisions of this chapter or rules and regulations made thereunder, such order or contracts shall be void and of no effect.

(Code 1992, § 3.08)

Sec. 22-36. Cooperative purchasing.

The agent shall have authority to join with other units of government, with quasi-governmental agencies funded in whole or in part by the county, and with other purchasing associations in cooperative purchasing plans when the best interest of the county would be served.

(Code 1992, § 3.09; Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22 , 9-28-2021)

Sec. 22-37. Purchasing from governmental units.

Materials, supplies, machinery and equipment offered for sale by the federal or state government or by any municipality may be purchased without proposals at prices to be agreed upon between the purchasing agent and the respective department for whom the item is to be acquired. Expert assistance for appraisal of such items may be employed at the discretion of the agent.

(Code 1992, § 3.10)

Sec. 22-38. Highway purchases.

The highway commissioner shall be authorized to make purchases in accordance with state statutes and without reference to this chapter for those items of equipment and supplies used for highway construction, maintenance or repair, including machinery, road materials or similar equipment or supplies. Purchases for items of equipment or supplies not directly related to highway construction shall be through the agent and the highway commissioner may at their discretion utilize the services of the agent for any supplies or equipment which are required by the highway department.

(Code 1992, § 3.11; Ord. No. D-2021-22 , 9-28-2021)

Sec. 22-39. Appropriations.

All purchases by contract or otherwise as herein authorized shall be made in accordance with such appropriations as have been made by the County Board for the operation of the respective county departments and the responsibility for not exceeding existing appropriations rests with the department head making the requisitions, not with the agent.

(Code 1992, § 3.12)

Sec. 22-40. December purchases prohibited.

With the exception of repair parts, foods and expendable maintenance supplies, fuel, gas and oil for vehicles and equipment, pharmaceuticals and other miscellaneous expendable or operating supplies under $1,000.00, there shall be no purchasing during the month of December in any year, except if approved by the county executive. Purchases made under requisitions approved prior to the month of December in any year are exempt from the provisions of this section.

(Code 1992, § 3.13; Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22 , 9-28-2021)

Secs. 22-41—22-51. Reserved.

Ord. No. D-2021-22 , adopted September 28, 2021, repealed § 22-41, which pertained to proposer qualification statement and derived from Code 1992, § 3.15; Ord. No. F-1995-1996, 6-13-1995.

SPECIAL ORDER OF BUSINESS –

Melissa Kraemer-Badtke, East Central Wisconsin Regional Planning Commission (ECWRPC) Executive Director and Craig Moser, Deputy Director will give an ECWRPC update

Melissa Kraemer-Badtke, East Central Wisconsin Regional Planning Commission (ECWPRC) Executive Director and Craig Moser, Deputy Director gave an overview of the ECWPRC and future plans for the ECWPRC.

- There are nine regional planning commissions in the State of Wisconsin.
- East Central Wisconsin Regional Planning Commission consists of ten counties.
- ECWRPC was created under State Statute in 1972. It was established to promote intergovernmental cooperation and regional planning across municipal boundaries. Projects may include transportation, economic development, or water quality management.
- The 2024 commission budget includes projected operating revenue of $2.7 million.
    - 66% come from federal or state grants.
    - Local and county levies are used to leverage the federal and state funds.
- There are ten counties within the ECWRPC, seven counties which are members.
    - County levies are paid into the commission to leverage the federal and state funds so the commission is able to manage those programs on behalf of the counties within the region.
    - Outagamie County levy is $205,066.

- $3.42 are leveraged for every $1 of local levy. Levy funds are used for the following:
    - Appleton (Fox Cities)/Oshkosh Metropolitan Planning Organization is the largest program.
    - Fond du Lac Metropolitan Planning Organization
    - Transportation programs.
    - Economic development programs.
    - Water Quality Management Program.
    - Regional Comprehensive Plan.
    - Funding of general operations of the Commission.
- There was a reorganization plan approximately four years ago. With that reorganization plan, there was a significant levy reduction for each of the member counties. The member counties agreed to increase the levy in 2023 to leverage in additional funding available through the Bipartisan Infrastructure Law (BIL).
    - Outagamie County has seen a 15% decrease in funding for East Central due to the reorganization plan.
- Economic Development Program
    - East Central is designated by the US Economic Development Administration (EDA) as an Economic Development District (EDD).
        - This means that the municipalities in Outagamie County are eligible for EDA funding. Without this designation, EDA funds could not be given to the region.
        - Since 1984, EDA has invested $25,939,026 in our region.
        - The Appleton International Airport-Appleton Business Park Expansion is one example of a core program within the Economic Development Program.
- Transportation Planning Program
    - Appleton (Fox Cities) Metropolitan Planning Organization (MPO) is a federal designation.
    - Because of the MPO status, each MPO develops a long-range regional transportation plan, looking at the transportation network and future needs of investment, and a Regional Safe Routes to School program.
    - There are several federal requirements that ECWRPC does in order to bring in federal dollars to roadway projects that happen in Outagamie County.
        - Metropolitan Transportation Plan
        - Transportation Improvement Program
        - Bicycle and Pedestrian Plan
        - Transit Triennial Review
    - 2023 MPO Project Funding included
        - $4.9M Service Transportation Block Grant (STBG)
        - $2.4M Transportation Alternatives set aside
        - $828K Carbon Reduction Program
    - Regional Safe Routes to School Program
        - Focuses on allowing students to walk or ride bikes to school safely.
        - There is a large number of Outagamie County schools participating in 2023.
- Water Quality Management Program
    - ECWPRC has contracted with the DNR and works closely with the DNR to do the sewer service area planning in the region.
    - Important in planning for future growth and development in the community, to ensure being prepared for the sewer service that comes with growth.

    - Over the past couple years, the major updates to the Fox Cities Sewer Service Area Plans was completed. This project spanned three counties, four sewage districts, and twenty-three municipalities.
- Non-Metallic Mining Reclamation Program
    - The commission works with five counties to manage this program.
    - This involves site inspections of active mines throughout the counties. The commission has moved to a drone approach.
- GIS Data and Mapping Assistance
    - Staff does a lot of graphic design and GIS data analysis.
    - Partnership with New North on broadband mapping as part of regional broadband expansion initiatives.
- 2024 Commission Projects include:
    - Appleton (Fox Cities) Metropolitan Planning Organization – Policy Board
    - Regional Aviation Development Fund
    - College Avenue Community Connectors Project
    - Intermodal Freight Facility Study
    - Broadband Mapping (NEW North)
    - Regional Comprehensive Plan Update
    - Commission Board Assessment
    - ECWRPC Strategic Plan Update

RESOLUTION NO.: 119—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Conflict resolution centers (CRCs) are non-profit organizations that provide free mediation and conflict resolution services. CRCs provide an excellent resource for training skilled mediators who help people improve communication, find common ground, resolve issues, and settle disputes. CRCs operate both inside and outside the court setting. Mediation allows parties to voluntarily agree to discuss issues and determine outcomes themselves. Although skilled mediators help guide clear and constructive discussion, they do not impose or determine solutions.

This resolution approves funding for a conflict resolution center in Outagamie County utilizing ARPA funds for three (3) years at $50,000 per year for a total of $150,000, said funding contingent upon securing 501c3 status for the CRC.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve funding for a conflict resolution center (CRC) in Outagamie County utilizing ARPA funds for three (3) years at $50,000 per year for a total of $150,000, said funding contingent upon securing 501c3 status for the CRC, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve decreasing the ARPA Special Contracts/Obligations line item by $50,000 and increasing the ARPA, ARPA Revenues line item by $50,000 as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Development and Land Services Director.

Dated this 26th day of March 2024

Respectfully Submitted,

FINANCE COMMITTEE

ORDINANCE NO.: Z-6—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY COMPREHENSIVE PLAN. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 66.1001(4) of the Wisconsin State Statutes.

Outagamie County Planning Staff review recommends approval of proposed comprehensive plan amendment. The Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED that the Outagamie County Board of Supervisors does approve the attached proposed amendment to the Outagamie County Comprehensive Plan to amend the Farmland Preservation Plan Map for the Town of Kaukauna as reflected in the review of Exhibit 2, which by reference is made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in Outagamie County upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this Ordinance to the Outagamie County Department of Development and Land Services Director.

MEMORANDUM

TO: **Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **January 29, 2024**
RE: **PL202400041: Proposed Outagamie County Comprehensive Plan Amendment related to Farmland Preservation Plan Map Amendment**

BACKGROUND

The *Outagamie County Comprehensive Plan 2040: A Shared Path Forward* (hereinafter the Comprehensive Plan) was adopted in 2020. Occasionally, amendments to the Comprehensive Plan are needed to ensure the document remains up-to-date, relevant, and statutorily compliant. This memorandum discusses a proposed change to the Comprehensive Plan, Addendum 2: Farmland Preservation Plan.

PROPOSED AMENDMENT

The Outagamie County Board of Supervisors adopted the County's new Farmland Preservation Plan as Addendum 2 of the County's Comprehensive Plan on October 24, 2023. Appendix A of the County's Farmland Preservation Plan included a Farmland Preservation Map for each Town in Outagamie County. County staff developed each map based on a framework that uses the County's Future Land Use Maps as objective mapping criteria.

On November 6, 2023, Outagamie County's Board of Supervisors approved an amendment to repeal and replace the Town of Kaukauna's Future Land Use Map in the County's Comprehensive Plan. This change prompts a need to amend the Town of Kaukauna's Farmland Preservation Map to ensure consistency between both planning tools and, importantly, to ensure that agricultural producers interested in claiming Farmland Preservation Tax Credits continue to have a pathway to do so.

Exhibit 1 presents the existing Farmland Preservation Map for the Town of Kaukauna. Exhibit 2 presents the proposed Farmland Preservation Map for the Town of Kaukauna. The change results in 333.6 acres added into farmland preservation.

The Department of Agriculture, Trade, and Consumer Protection (DATCP) has certified that this proposed amendment is compliant with state statutes and the County's farmland preservation mapping framework.

County staff have found this amendment to be consistent with its Comprehensive Plan. In particular, the map amendment is consistent with:

- The County's Comprehensive Plan Future Land Use Map for the Town of Kaukauna.
- Goal 3 of the County's Comprehensive Plan: "Cooperative, intergovernmental land-use decisions."
- Policy 8 of the County's Farmland Preservation Plan: "The County should continue to manage consistency between the future land use maps with the County's Comprehensive Plan, the farmland preservation maps within the County's Farmland Preservation Plan, and town and county zoning district maps."

STAFF RECOMMENDATION

Planning staff recommends adoption of the proposed County Comprehensive Plan amendment, as discussed above. To do this, the following action is required pursuant to Wis. Stats. 66.1001:

- Zoning Committee adopts a Resolution authorizing the amendment and advancing it to the County Board (Wis. Stats. 66.1001(4)(b)).
- County Board approves an Ordinance adopting the amendment (Wis. Stats. 66.1001(4)(c)).

RESOLUTION NO.: 115—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

As part of the budget process, the Outagamie County Lobbyist position was eliminated from the Legislative Services Office Table of Organization. The Lobbyist was employed with Outagamie County for 23 years, and therefore, had the maximum amount of unused sick leave, as well as unused vacation and accrued vacation. This request is to transfer monies from the 2023 Legislative Services cost centers as well as from the Small Departments Vacation and Sick Leave Payout budget in order to cover the payout amount.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve decreasing the following line items in the 2023 Legislative Services budget: Travel/Training by $700; Supplies by $1,800; Purchased Services by $18,800; and decrease the General Fund Committed Fund Balance for Small Depts Vac/Sick Payouts by $26,411; and approve increasing the following line items: Salaries by $44,131; Fringes by $1,704; Allocated Applied Credit line item by $1,875; and increase the General Funds Applied, Fund Balance Applied line item by $26,411; and increase the General Fund, Fund Balance Unassigned line item by $26,411 as noted on the attached fiscal note and worksheet and Small Departments Vacation and Sick Leave Payout Budget Request Form, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Legislative Services Manager.

SMALL DEPARTMENTS VACATION AND SICK LEAVE PAYOUT BUDGET REQUEST FORM

Department	Legislative Services
Department Head	Sara Hickey
Date	February 6, 2024
Position Vacated	Lobbyist
Vacation and Sick Payout Estimate	$60,511
Budgeted Transfer Request Amount	$26,411

Operational Impact (i.e. risks, productivity, cost, etc) if not allowed to fill the vacated position until the vacation and sick payout is recovered on a budgetary basis:

The Lobbyist position was eliminated by the County Board at the budget session. The Lobbyist was employed with the county for 23 years. Therefore, the Lobbyist had the maximum amount of unused sick leave, as well as unused vacation and accrued vacation. Of the total payout amount, $34,100 was paid from the 2023 Office adopted budget. The Legislative Services Office is a small department. I am requesting $26,411 from the Small Department Vacation and Sick Leave Payout Budget to cover this unexpected payout.

Thank you.

RESOLUTION NO.: 116—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Corporation Counsel provides legal services to all County Departments which includes coordinating with insurance carriers, and their assigned outside counsel, regarding claims filed against the County. The Outagamie County Risk Coordinator manages all claims filed against the county and coordinates with our insurance carriers regarding administration of claims. Traditionally, the Risk Coordinator has been under the Financial Services Department Table of Organization. Given the demands on Financial Services and departures within that department, Risk Management would be better served within the office of Corporation Counsel.

This resolution seeks to move the office of Risk Management to the table of organization for Corporation Counsel, which will allow Corporation Counsel to work more closely with the Risk Coordinator on claims filed against the county, will allow Corporation Counsel staff to provide day to day support for the Risk Coordinator, and will provide backup coverage which is no longer available from the Finance Department.

The monies for the proposed Table of Organization change were approved as part of the 2024 budget process. Therefore, no budget adjustment is needed at this time.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve an in-year Table of Organization request to move one (1) full-time Risk Coordinator position from the Financial Services Department Table of Organization to the Corporation Counsel Table of Organization, with no budget adjustment needed, as noted on the attached Out of Budget – Position Cost Center Change Form, Job Description, Table of Organization, and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, the Outagamie County Finance Director, and the Outagamie County Corporation Counsel.

Dated this 26th day of March 2024

Respectfully Submitted,

	CHUCK SCHROEDER		KYLE SARGENT

Position Justification

Briefly summarize why this change is needed, as well as areas of revenue and savings.

HISTORICALLY, THE RISK MANAGER HAS BEEN HOUSED IN FINANCE. GIVEN THE CHANGES IN THE FINANCE STRUCTURE DUE TO TURNOVER, THE RISK MANAGER IS IN A POSITION WHERE THERE IS LITTLE TO NO SUPPORT STAFF COVERAGE FOR THE POSITION. IN ADDITION FINANCE HAS A SIGNIFICANT WORK LOAD SUCH THAT RISK MANAGEMENT HAS BEEN IN PRACTICE ALMOST ITS OWN STAND ALONE DEPARTMENT. CORPORATION COUNSEL HAS SUPPORT STAFF WHICH CAN PROVIDE BACK UP FOR THE RISK MANAGER IF OUT OF THE OFFICE, AND CAN ASSIST WITH OTHER DAILY SUPPORT STAFF TASKS. THE RISK MANAGER WORKS WITH FINANCE IN THE SAME OR SIMILAR CAPACITY AS ALL OTHER DEPARTMENTS IN THE COUNTY. RISK, HOWEVER, WORKS WITH CORPORATION COUNSEL ON A REGULAR BASIS INCLUDING COORDINATING CLAIMS AND IDENTIFYING IF AND WHEN OUTSIDE COUNSEL SHOULD BE APPOINTED ON A PARTICULAR MATTER. IN REVIEWING WMMIC REPRESENTED COUNTIES, OF THOSE WHO HAVE A RISK MANAGER, 9 OUT OF 15 HAVE RISK MANAGEMENT PLACED WITHIN CORPORATION COUNSEL.. OTHER WMMIC MEMBERS WHO DO NOT HAVE A RISK MANAGER, WORK WITH CORPORATION COUNSEL DIRECTLY. THIS WILL NOT MODIFY THE REVENUE STREAM IN ANY WAY, NOR WILL IT INCREASE COSTS AS IT WILL BE A LATERAL TRANSFER.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. Subject: Move Risk Administrator from Financial Services to Corporation Counsel

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

After the resignation of the Finance Director and Deputy Finance Director in February/March of 2023, the Risk Administrator within Finance started reporting t o the Director of Corporation Counsel and this was agreed upon by all parties that these duties were better aligned with Corporation Counsel instead of stayin g in Finance once a new Director and Deputy Director were hired. This request is to move this position permanently to Corporation Counsel Department, the budget is already separated within a Risk Management cost center, so this request is only for the change of reporting department.

RESOLUTION NO.: 117—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office is requesting to expend ARPA funds to purchase an ICOR Technology Mini-CALIBER portable robot (robot). The robot is a remote system that works independently or in conjunction with the Sheriff's Office drones to clear a hazardous area that may be an elevated risk to officers. Additionally, the robot offers the ability to deliver items, examine explosive devices, communicate with a violent offender from a safe distance, and open doors. Robot technology is commonly requested to assist with critical incidents and because one is not readily available, it causes significant delays, potentially up to several hours. Having a robot readily available will help keep the Sheriff Officers and the public safer while resolving dangerous situations more quickly.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Sheriff's Office to expend ARPA funds in the amount of $110,000 to purchase an ICOR Technology Mini-CALIBER portable robot, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve increasing the ARPA Revenue line item and ARPA Capital line item by $110,000 each as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Sheriff.

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office is requesting approval to accept and expend an unsolicited donation from Gold Cross Ambulance Community Fund in the amount of $250. Gold Cross Ambulance Community Fund designated the donation as "Back the Badge" support. Funds will be used toward the purchase of medical supplies. The Sheriff's Office will use already budgeted funds to cover the excess cost. There is no county match required.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Outagamie County Sheriff's Office to accept and expend an unsolicited donation from Gold Cross Ambulance Community Fund in the amount of $250, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Patrol Revenue line item and the Patrol Supplies line item by $250 each as detailed on the attached fiscal note, which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

RESOLUTION NO.: 120—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Annually, the Finance Department brings forward a request to write-off delinquent accounts. These are accounts that have been billed to customers throughout all of the county's operations but have not been paid in full. In most cases, the County will continue to seek collection through using a collection agency, continuing to work with the customer or working with Corporation Counsel.

This resolution authorizes writing off Accounts Receivables (A/R) for 2023 in order for the A/R records to be limited to those deemed currently collectible.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize writing off the 2023 Accounts Receivables as referenced on the attached fiscal note and spreadsheets, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Finance Director is authorized to remove these receivables from the County records and deem them no longer collectible, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the the Outagamie County Finance Director.

RESOLUTION NO.: 121—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Development and Land Services (DLS) Department is requesting authorization to accept and expend a $130,000 grant from Smart Growth America for the execution of a Community Engagement Planning Project along the College Avenue Corridor. The County will work with community partners to create designs, seek permits, and apply for funding for investments that will address safety, increase pedestrian and cyclist infrastructure, and spur economic development along the corridor.

The fiscal impact is budget neutral, as the DLS Department will only expend the grant money that is received.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Development and Land Services Department to accept and expend the Smart Growth America grant in the amount of $130,000 for the execution of a Community Engagement Planning Project along the College Avenue Corridor, as noted on the attached Smart Growth America memo and attachments, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve decreasing the DLS Purchased Services line item by $130,000 and increasing the DLS Misc Revenue line item by $130,000 as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Development and Land Services Director.

Dated this 26th day of March 2024

Dear Kevin on behalf of the Appleton Community Connectors Team:

We are pleased to inform you that as part of the Robert Wood Johnson Foundation Community Connector program, Smart Growth America is awarding you a subgrant of $130,000 to support the scope of work described in Appendix A. The award will be made in size and timing according to the terms of the Grant Agreement attached. As a condition of this award, you will need to provide a brief report by April 30, 2025, on the use of these funds along with any outputs and lessons learned.

Attached please find the Grant Agreement to review and sign. We value your work with local partners to advance this important work and are pleased to work with you and your partners.

Sincerely,

Calvin Gladney
President and CEO

Subgrant Title: Appleton, WI: Redesigning College Ave Corridor
Subgrant Amount: $130,000
Subgrant Period: execution of this agreement until June 30, 2025

This subgrant, subject to the following terms and conditions, is made to Outagamie County to lead a stakeholder engagement process to identify areas of collaboration and to develop a more cohesive plan for the corridor. See Appendix A for a more detailed description of the project plan.

Anticipated Subgrant Results
Awardee's project outputs and outcomes for this grant period (as per the proposal) are described in detail in Table 2 of Appendix A. The team's ultimate goal is to develop a ~20 page report communicating the vision for College Ave Corridor by the end of the grant period.

The following Capacity Building tasks will be supported through the program:

1. Project management infrastructure and capacity
2. Branding and project webpage
3. Designing and implementing community engagement plan
4. Collect and analyze data to inform problem definitions and strategies
5. Develop the visioning document
6. Secure resources

Payment Schedule
The payment for $130,000 will be disbursed upon receipt of the signed Grant Agreement.

Adjustments to the Budget and Key Personnel
During the term of this subgrant, awardee may reallocate funds between line items by 10 percent. Any larger change will require consultation and written pre-approval from awardee's NUMO contact. Awardee must notify awardee's NUMO contact of any changes in key personnel.

Please contact awardee's NUMO contact if awardee anticipates having unexpended funds after the grant period ends.

Limitation on Use of Funds
In keeping with Robert Wood Johnson Foundation policy, funds may not be used to support clinical trials of unapproved drugs or devices, to construct or renovate facilities, for capital costs of any kind, for lobbying-related activities and expenses, for political activities, or as a substitute for funds currently being used to support similar activities.

ACCEPTANCE: On behalf of the Appleton Community Connectors Team, I hereby accept and agree to the terms of the grant as set forth above.

Appendix A. Community Connectors Capacity Building Grant Scope of Work
Appleton, WI: Redesigning College Ave Corridor

1. Background

A Coalition of government, community, non-profit, transit, and tourism organizations seek to transform the College Avenue corridor to make better use of space and to improve equitable access to commercial and employment hubs, community anchors, and residences.

The Coalition (see Appendix C) will lead a stakeholder engagement process to identify areas of collaboration and to develop a more cohesive plan for the corridor. From this plan, the County will work with the City of Appleton, Town of Grand Chute, WisDOT, community organizations, and technical experts to create designs, seek permits, and apply for funding for investments that will address safety, increase pedestrian and cyclist infrastructure, and spur economic development along the corridor.

2. Purpose

With support from the Community Connectors capacity building grant, this effort aims to establish collaboration and engagement with numerous organizations and leaders from the surrounding neighborhoods along College Avenue. The goal is to engage in a comprehensive and considerate dialogue with residents, businesses, and government stakeholders to collectively discern their perceived needs and aspirations. Together, the team will build project management infrastructure and capacity, design and implement the engagement plan, collect and analyze data to inform problem definitions and strategies, and secure resources. In accomplishing and synthesizing these tasks, the team aims to create a community vision for the College Avenue Corridor to inform design and redevelopment work as a subsequent phase in the project.

3. Roles and Responsibilities

This project benefits from a robust coalition of partners (see Appendix C), each bringing diverse perspectives. Although the entire team will contribute input, steer the project, and support information dissemination efforts, specific team members have been assigned key roles. These roles are listed below. This approach aims to manage workloads and reduce duplication in effort, ensure accountability, and keep the project on track.

4. Scope of Work

This project divides the College Avenue Corridor Project into two categories of work: (1) Capacity Building and (2) Technical Assistance. The following subsections present the scope of work for both assignments.

This section also presents an outline of deliverables (Table 2) to inform use of grant funds of [up to] $130,000 to Outagamie County from Smart Growth America.

4a. Capacity Building Subgrant Scope of Work

The Capacity Building effort aims to establish collaboration and engagement with the public and stakeholders from the surrounding neighborhoods along College Avenue to the broader community at large. The goal of this effort is to engage in a comprehensive and considerate dialogue with residents, businesses, organizations, and government stakeholders to collectively discern and verify their perceived needs and aspirations.

Together, the team will seek to accomplish the following tasks:

- **Task A: Build project management infrastructure and capacity.** The team will establish a project management framework to effectively manage and execute the project.
- **Task B: Establish branding and project webpage.** The team will create a distinct brand identity for the project by designing a logo and crafting a memorable motto that reflects the project. The team will develop a user-friendly website to serve as the project's online hub, providing essential information, updates, and interactive features to engage the community.
- **Task C: Design and implement the engagement plan.** The team will create a community engagement plan making use of ECWRPC's Equitable Engagement Toolkit & Guidebook.[1] The purpose of the engagement plan is to systematically involve and collaborate with the community in various stages of the project. The community engagement plan is intended to outline engagement activities (methods), activity leads, associated timelines, and other relevant details. The engagement plan should consider the implementation of public art demonstrations and/or temporary demonstrations.
- **Task D: Collect and analyze data to inform problem definitions and strategies.** The team will organize and analyze data collected through community engagement (Task C) and through other relevant datasets (see Appendix A) to understand and validate the issues raised by the community or uncovered through analytical explorations. This task helps to ensure issues, potential solutions, and project objectives are based on qualitative and quantitative evidence, contributing to a more

[1] ECWRPC's Equitable Engagement Toolkit and Guidebook: https://www.ecwrpc.org/wp-content/uploads/2022/12/Equitable-Engagement-Toolkit-and-Guidebook.pdf

informed and data-driven understanding of the challenges or issues affecting and impacting the community.

- **Task E: Develop the visioning document.** This task involves synthesizing insights gathered through previous tasks to create a comprehensive visioning document. By merging themes, solutions, and project objectives into a single document, the team will articulate a cohesive and well-informed vision and purpose for the project. The document allows the team to bring the resulting vision back to the community to ensure it aligns with their expectations.
- **Task F: Secure resources.** To enhance the likelihood of initiating the next phase of the project, the team will identify and seek alternative funding options to implement our vision and contribute towards future engineering and construction costs. The team will explore funding options, such as local contributions, community fundraising initiatives, and potential state and federal grant opportunities.

As the team progresses through the aforementioned tasks, they will rely on the capacity building grant to:

- Establish a website and branding strategy.
- Pay for private and non-profit team members' time and efforts (if needed).
- Offer incentives in exchange for community engagement participants' time and efforts.
- Support space and amenities needed for convening stakeholders and the public, including costs for childcare and food.
- Institutionalize community-led planning across the Fox Cities through support, advisory, and training for community members.
- Implement public art demonstrations and/or temporary demonstrations.
- Implement walking and transit tours along the project corridor.

The specific amounts that will go to each organization will be determined by the number of groups participating and the overall community engagement plan (i.e., the type and scope of specific events and/or activities planned). An approximate budget is presented in Section 6.

4b. Outline of Deliverables and Schedule

This section presents an outline of Capacity Building deliverables (Table 2). A schedule is offered to highlight deliverable deadlines. Deadlines may shift as priorities shift or if task durations are longer than previously anticipated or estimated.

Please note, an overarching project schedule is offered in Section 6. Further, a schedule of individual community engagement activities will be located in this project's Community Engagement Plan.

RESOLUTION NO.: 122—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

In 1999 the Federal Highway Administration (FHWA) partnered with the American Association of State and Highway Transportation Officials (AASHTO) and more recently with the American Traffic Safety Services Association (ATSSA) to create the National Work Zone Safety Awareness Week campaign, held annually in April prior to the construction season for much of the nation.

The Wisconsin County Highway Association is asking all seventy-two (72) counties in the state to unite and kick-off "Work Zone Safety Awareness Week" with a resolution and campaign to raise awareness for its' workers and those of various highway contractors performing work for the counties.

According to data from UW Madison's Traffic Operations and Safety Laboratory's Community Maps between 2019 and 2023, there were 64 fatalities recorded as a result of more than 10,000 crashes within work zones which injured more than 3,800 people.

Construction and maintenance activities on our streets and highways periodically require that work zones be established.

There has been an average of 2,336 work zone crashes in Wisconsin in each of the last five years. In 2023, Wisconsin suffered from 2,168 crashes in road construction and maintenance zones, resulting in over 712 injuries and 10 fatalities.

Through their enforcement activities and other participation, the Outagamie County Sheriff's Office, Wisconsin State Patrol, and the Outagamie County Highway Department will work to make "Work Zone Safety Awareness Week" a success. The County Sheriff's Office is committed in 2024 to conduct enforcement activities and work jointly with the County Highway Department to make "Work Zone Safety Awareness Week" a success in Outagamie County.

The Federal Highway Administration has designated April 15 through April 19, 2024 as National Work Zone Safety Awareness Week with this year's theme "Work Zones are temporary. Actions behind the wheel can last forever", which focuses on awareness to all drivers in work zones of their speed and proximity to workers.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does establish the week of April 15 through April 19, 2024, be designated "Work Zone Safety Awareness Week" in Outagamie County, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and the Outagamie County Executive.

RESOLUTION NO.: 123—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

A workgroup consisting of the Outagamie County Sheriff's Office, Criminal Justice Treatment Services Office, and Health and Human Services Department was created to identify jail-specific needs for the Opioid Settlement Funds. This workgroup met several times to discuss substance use disorder (SUD) needs within the jail, as many individuals that become incarcerated have substance use issues. The consensus was that hiring a SUD Discharge Planner as a contract employee through the jail's current contracted medical provider, VitalCore, would be the most effective use of funds. This position will provide SUD screening, case management services and treatment readiness services to individuals in the jail, bridging a gap in services that exists in the current operating system, and would be fully funded by the Opioid settlement. This position will be similar to the current Behavioral Health Coordinator and Community Liaison positions, however, would be solely focused on SUD needs. VitalCore has provided a quote that this position will have an annual cost of $114,527.42 in Year One (1) of the contract, with a 4% increase per year thereafter through Year five (5). The fiscal impact assumes an anticipated start date of May 2024.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve using Opioid Settlement funds to hire a Substance Abuse Disorder Discharge Planner as a contract employee through the Outagamie County Jail's current contracted medical provider, VitalCore, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Opioid Settlement Revenue line item and the Opioid Settlement Purchased Services line item by $76,352 each as detailed on the attached fiscal note, which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Criminal Justice Treatment Services Director, the Outagamie County Health and Human Services Director, the Outagamie County Corporation Counsel, the Outagamie County Sheriff and the Outagamie County Finance Director.

RESOLUTION NO.: 124—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin Electric Power Company, doing business as We Energies (Grantee), is requesting an easement in order to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize granting We Energies an easement for the area described as a strip of land varying in width, in the Northeast ¼ of the Northwest ¼ of Section 25, Township 21 North, Range 16 East, Village of Greenville, Outagamie County, Wisconsin; said land is shown on the attached Distribution Easement Underground and Temporary Exhibit A which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Appleton International Airport Director and We Energies, Property Rights & Information Group, 231 W. Michigan Street, Room P277, P. O. Box 2046, Milwaukee, WI 53201-2046.

1. **Purpose:** The purpose of this easement is to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

2. **Access:** Grantee or its agents shall have the right to enter and use Grantor's land with full right of ingress and egress over and across the easement area and adjacent lands of Grantor for the purpose of exercising its rights in the easement area.

3. **Buildings or Other Structures:** Grantor agrees that no structures will be erected in the easement area or in such close proximity to Grantee's facilities as to create a violation of all applicable State of Wisconsin electric codes or any amendments thereto.

4. **Elevation:** Grantor agrees that the elevation of the ground surface existing as of the date of the initial installation of Grantee's facilities within the easement area will not be altered by more than 4 inches without the written consent of Grantee.

5. **Restoration:** Grantee agrees to restore or cause to have restored Grantor's land, as nearly as is reasonably possible, to the condition existing prior to such entry by Grantee or its agents. This restoration, however, does not apply to any trees, bushes, branches or roots which may interfere with Grantee's use of the easement area.

6. **Exercise of Rights:** It is agreed that the complete exercise of the rights herein conveyed may be gradual and not fully exercised until some time in the future, and that none of the rights herein granted shall be lost by non-use.

7. **Binding on Future Parties:** This grant of easement shall be binding upon and inure to the benefit of the heirs, successors and assigns of all parties hereto.

8. **Easement Review**: Grantor acknowledges receipt of materials which describe Grantor's rights and options in the easement negotiation process and furthermore acknowledges that Grantor has had at least 5 days to review this easement document *or* voluntarily waives the five day review period.

March 26, 2024 County Board Meeting

OpenMeeting

RESOLUTION NO.: 126—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Outagamie County currently owns property located at W7419 Trappers Lane, Shiocton. Per Chapter 980 of the Wisconsin State Statutes, the County will use the property to satisfy the lease requirement for an offender. This resolution approves the lease agreement with the Wisconsin Department of Health Services and adjusts the budget for related expenses of remodeling and maintenance of the property.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Lease Agreement between Outagamie County and the Wisconsin Department of Health Services for county owned property located at W7419 Trappers Lane, Shiocton for a monthly lease rate of $2,000 as noted on the attached Lease Agreement which by reference is made a part hereof, and

BE IT FURTHER RESOLED, that the Outagamie County Board of Supervisors does approve of increasing the County Property Rent – Miscellaneous line item and the County Property Purchased Services line item by $18,000 each as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Corporation Counsel.

Dated this 26th day of March 2024

Respectfully submitted,
PROPERTY, AIRPORT, RECREATION &

LEASE AGREEMENT

1. THE PARTIES AND PURPOSE: This Residential Lease Agreement ("Agreement") made this _____ is between: **Landlord**: OUTAGAMIE COUNTY with a mailing address of 320 S. WALNUT ST. APPLETON WI, 54911 ("Landlord"), AND **Tenant(s)**: Wisconsin Department of Health Services ("Tenant"), with a mailing address of [TENANT(S) ADDRESS]. Landlord and Tenant are each referred to herein as a "Party" and, collectively, as the "Parties."

NOW, THEREFORE, FOR AND IN CONSIDERATION of the mutual promises and agreements contained herein, the Tenant agrees to lease the Premises from the Landlord under the following terms and conditions:

2. LEASE TYPE. This Agreement shall be considered a fixed residential lease. The Tenant shall be allowed to occupy the Premises starting on April 15th, 2024 and end on April 1st, 2025 ("Lease Term"). At the end of the Lease Term the Tenant shall vacate the premises or if requested not less than 60 days prior to the end of the lease may request to extend the lease. In the event that tenant does not vacate residence at the end of the lease term, Landlord may continue to allow Tenant to use and possess the Premises under the same terms of this Agreement under a month-to-month arrangement.

3. OCCUPANT(S). The Premises is to be utilized by DHS as a residence to house a serious sex offender, currently identified as Ronald Zanelli, along with any supportive staff or contractors necessary to provide care and supervision for the serious sex offender. Should Mr. Zanelli not be in residence, Tenant may use the property for another resident during the pendency of the initial lease upon notification to Landlord.

4. THE PROPERTY. The Landlord agrees to lease the described property below to the Tenant: (enter the property information)

a.) Mailing Address: W7419 TRAPPERS LANE SHIOCTON WI 54170.
b.) Residence Type: ☐ Apartment ☒ House ☐ Condo ☐ Other:
c.) Bedroom(s): 1 BEDROOM
d.) Bathroom(s): 1 BATHROOM

The aforementioned property shall be leased wholly by the Tenant ("Premises").

5. PURPOSE. The Purpose of this lease, whereby all terms set forth below shall be read to support, is to provide a residential option to house a Serious Sex Offender as defined by Wisconsin Statutes Chapter 980.

6. FURNISHINGS. The Premises will not be furnished unless otherwise specified herein and TENANT shall be responsible for provision of all furniture, furnishings and décor. In addition, Tenant shall be responsible for provision of all equipment necessary to provide for the care and supervision of the offender.

7. APPLIANCES. The Landlord shall provide the following appliances: Refrigerator, stove top, oven, and air conditioning unit.

8. RENT. The Tenant shall pay the Landlord, in equal monthly installments, $2000.00 ("Rent"). The Rent shall be due on the 1st of every month ("Due Date") and paid by check, direct deposit, or electronic bank transfer to the Outagamie County Treasurer, 320 S. Walnut St. Appleton, WI 54911.

9. LATE FEE. If Rent is not paid on the Due Date: There shall be a penalty of $25.00 due every day rent is late. Rent is considered late when it has not been paid within 15 day(s) after the Due Date.

10. FIRST (1ST) MONTH'S RENT. The Tenant is required to pay the first (1st) month's rent, upon the execution of this Agreement, and on the first of each month thereafter as set forth in paragraph 8.

11. SECURITY DEPOSIT. As part of this Agreement: The Landlord requires a payment in an amount equal to one month's rent as "Security Deposit" for the faithful performance of the Tenant under the terms and conditions of this Agreement. Payment of the Security Deposit is required by the Tenant upon the execution of this Agreement. The Security Deposit shall be returned to the Tenant within 21 days after the end of the Lease Term less any itemized deductions. This Security Deposit shall not be credited towards any Rent unless the Landlord gives their written consent.

12. MOVE-IN INSPECTION. Before, at the time of the Tenant accepting possession, or shortly thereafter, the Landlord and Tenant shall inspect the premises together and identify any damage that the tenant desires to identify as pre existing damage. Any damage which is not identified by the Tenant during this inspection shall be presumed to be caused by the Tenant during the course of the Tenancy.

13. SALE OF PROPERTY. Landlord agrees not to sell the property during the term of the initial lease. If the Premises is sold after the term of the initial lease, the Tenant is to be notified of the new Owner, and if there is a new Manager, their contact details for repairs and maintenance shall be forwarded.

14. PARTIES' RESPONSIBILITIES:

A. Duty of Landlord

(a) Except for repairs made necessary by the negligence of, or improper use of the premises by, the tenant, the landlord has a duty to do all of the following:

1. Replacement or repair of any portion of the structure of the building or its mechanical systems if required to maintain the habitability of the premises including the roof, exterior walls, foundation, heat plumbing and electrical.

2. For a residential tenancy, comply with any local housing code applicable to the premises with the exception of any ordinance which conflicts with Wis. Stat. § 980.135.

(b) A landlord shall disclose to a prospective tenant, before entering into a rental agreement with or accepting any earnest money or security deposit from the prospective tenant, any building code or housing code violation to which all of the following apply:

1. The landlord has actual knowledge of the violation.

2. The violation affects the dwelling unit that is the subject of the prospective rental agreement or a common area of the premises.

3. The violation presents a significant threat to the prospective tenant's health or safety.

4. The violation has not been corrected.

(c) Landlord will be responsible for pest control not related to Tenant action contemplated in B.(b), snow removal, and lawn maintenance, and Tenant will be responsible to pay for all services provided by the Landlord or contractor.

B. Duties of Tenant

(a) Maintain the premises and preclude waste from occurring. This includes daily maintenance and cleaning, upkeep of fixtures and consumables, servicing mechanical systems within the residence as required by the manufacturers, and replacing any item damaged by the Tenant. Tenant will be responsible to pay for necessary repairs performed by the Landlord or contractor.

(b) If the premises are damaged by any act or inaction of the Tenant including but not limited to an infestation of insects or other pests, the landlord may elect to allow the tenant to remediate or repair the damage and restore the premises. However, the landlord may elect to undertake the remediation, repair, or redecoration, and in such case the tenant must reimburse the landlord for the reasonable cost thereof; the cost to the landlord is presumed reasonable unless proved otherwise by the tenant. Reasonable costs include but are not limited to any of the following:

1. Materials provided or labor performed by the landlord or a third party contractor.

2. At a reasonable hourly rate, time the landlord spends doing any of the following:

a. Purchasing or providing materials.

b. Supervising an agent of the landlord.

c. Hiring a 3rd-party contractor.

(c) A tenant in a residential tenancy shall comply with a local housing code applicable to the premises with the exception of any ordinance which conflicts with Wis. Stat. § 980.135.

(d) Should an emergency or exigent circumstances necessitate a repair after landlord's business hours or during the weekend, tenant can make necessary repairs on it's own. Tenant will notify landlord of any such repair the next business day.

15. UTILITIES; Tenant agrees that they are responsible for payment of all utilities including but not limited to water/sewer, electrical, , natural gas, oil, septic system pumping and maintenance, trash or recyclable materials removal, telephone, internet, cable or antenna based television, or any other service directly benefitting the tenant, and within 30 days of occupancy will arrange for all accounts and billing to be placed in Tenant's name. Tenant is aware that the property at issue has a forced air furnace which is fueled by a propane take. Tenant is further aware that said tank has been filled by the Landlord and agrees to reimburse the County for the expense. Tenant will advise the County if the tank is empty. Tenant will reimburse landlord for any county snowplowing or lawn maintenance provided.

16. TERMINATION. The Tenant shall not have the right to terminate this Agreement before the end of the initial term of the lease under any circumstance other than material breach of the agreement by the landlord. In the event Tenant quits possession of the property prior to the end of the term, the Tenant does so with the understanding that the remaining rent due for each remaining month is due and payable to the Landlord for the full term of the tenancy.

17. WASTE. The Tenant agrees not to commit waste on the premises, maintain, or permit to be maintained, a nuisance thereon, or use, or permit the premises to be used, in an unlawful manner. The Tenant further agrees to abide by any and all local, county, and State laws, ordinances, and regulations. Smoking or vaping of any substance is not permitted inside the residence.

18. UNTENANTABILITY. If the premises become untenantable because of damage by fire, water, or other casualty or because of any condition which materially affects the health or safety of the tenant, the tenant may remove from the premises unless the landlord proceeds promptly to repair or rebuild or eliminate the health hazard or the substantial violation of sub. If the tenant remains in possession and the condition materially affects the health or safety of the tenant or substantially affects the use and occupancy of the premises, rent abates to the extent the tenant is deprived of the full normal use of the premises. This section does not authorize rent to be withheld in full, if the tenant remains in possession. If the tenant justifiably moves out under this subsection, the tenant is not liable for rent after the premises become untenantable. This subsection is inapplicable if the damage or condition is caused by negligence or improper use by the tenant.

19. PETS. The Tenant: Shall not have the right to have pets on the Premises or in the common areas.

20. NOTICES. Any notice to be sent by the Landlord or the Tenant to each other shall use the following addresses:

Landlord's / Agent's Address: Outagamie County; Attn: Corporation Counsel. 320 S. Walnut St., Appleton, WI 54911.

Tenant's Mailing Address:

ACC Community Connections
Attn: SR Program
4321 West College Ave, Suite 380
Appleton, WI 54914

Department of Health Services
Supervised Release Program

21. AGENT/MANAGER.

The Landlord does not have a manager on the Premises although the Landlord can be contacted at:

Telephone: 9208321522
E-Mail: kyle.sargent@outagamie.org

The Tennant has a case manager who should receive all notices, is given authority to act on Tennant's behalf, and should be contacted for maintenance and repair issues. That organization is:

ACC Community Connections
Sara Hohenstein, Director of Case Management
Phone: 920-750-8800
Fax: 920-215-6365

22. POSSESSION. Tenant has examined the condition of the Premises and by taking possession acknowledges that they have accepted the Premises in good order and in its current condition except as herein otherwise stated. Failure of the Landlord to deliver possession of the Premises at the start of the Lease Term to the Tenant shall terminate this Agreement at the option of the Tenant. Furthermore, under such failure to deliver possession by the Landlord, and if the Tenant cancels this Agreement, the Security Deposit (if any) shall be returned to the Tenant along with any other pre-paid rent, fees, including if the Tenant paid a fee during the application process before the execution of this Agreement.

23. ACCESS. Upon the beginning of the Proration Period or the start of the Lease Term, whichever is earlier, the Landlord agrees to give access to the Tenant in the form of keys, fobs, cards, or any type of keyless security entry as needed to enter the common areas and the Premises. Duplicate copies of the access provided may only be authorized under the consent of the Landlord and, if any replacements are needed, the

Landlord may provide them for a fee. At the end of this Agreement all access provided to the Tenant shall be returned to the Landlord or a fee will be charged to the Tenant or the fee will be subtracted from the Security Deposit.

24. SUBLETTING/ASSIGNMENT. The Tenant shall not be able to sublet the Premises without the written consent from the Landlord. The consent by the Landlord to one subtenant shall not be deemed to be consent to any subsequent subtenant.

25. RIGHT OF ENTRY. Absent emergent circumstances, the Landlord shall have the right to enter the Premises during normal working hours by providing at least twenty-four (24) hours notice in order for inspection, make necessary repairs, alterations or improvements, to supply services as agreed or for any reasonable purpose. The Landlord may exhibit the Premises to prospective purchasers, mortgagees, or lessees upon reasonable notice.

26. MAINTENANCE, REPAIRS, OR ALTERATIONS. The Tenant shall, at their own expense and at all times, maintain premises in a clean and sanitary manner, and shall surrender the same at termination hereof, in as good condition as received, normal wear and tear excepted. The Tenant may not make any alterations to the leased premises without the consent in writing of the Landlord. If the Premises includes a washer, dryer, freezer, dehumidifier unit and/or air conditioning unit, the Landlord makes no warranty as to the repair or replacement of units if one or all shall fail to operate. It is the responsibility of the Tenant to replace batteries in all smoke detectors when needed. A monthly "cursory" inspection may be required for all fire extinguishers to make sure they are fully charged.

27. COMPLIANCE WITH LAW. The Tenant agrees that during the term of the Agreement, to promptly comply with any present and future laws, ordinances, orders, rules, regulations, and requirements of the Federal, State, County, City, and Municipal government or any of their departments, bureaus, boards, commissions and officials thereof with respect to the premises, or the use or occupancy thereof, whether said compliance shall be ordered or directed to or against the Tenant, the Landlord, or both.

28. DEFAULT. If the Tenant fails to comply with any of the financial or material provisions of this Agreement, or of any present rules and regulations or any that may be hereafter prescribed by the Landlord, or materially fails to comply with any duties imposed on the Tenant by statute or State laws, within the time period after delivery of written notice by the Landlord specifying the non-compliance and indicating the intention of the Landlord to terminate the Agreement by reason thereof, the Landlord may terminate this Agreement. If the Tenant fails to pay rent when due and the default continues for the time-period specified in the written notice thereafter, the Landlord may, at their option, declare the entire balance (compiling all months applicable to this Agreement) of rent payable hereunder to be immediately due and payable and may exercise any and all rights and remedies available to the Landlord at law or in equity and may immediately terminate this Agreement.

The Tenant will be in default if: (a) Tenant does not pay rent or other amounts that are owed; (b) Tenant, their guests, or the Occupant(s) violate this Agreement, rules, or fire, safety, health, or criminal laws, regardless of whether arrest or conviction occurs; (c)

Tenant abandons the Premises; (d) Tenant gives incorrect or false information in the rental application; (e) Tenant, or any Occupant(s) is arrested, convicted, or given deferred adjudication for a criminal offense involving actual or potential physical harm to a person, or involving possession, manufacture, or delivery of a controlled substance, marijuana, or drug paraphernalia under state statute; (f) any illegal drugs or paraphernalia are found in the Premises or on the person of the Tenant, guests, or Occupant(s) while on the Premises and/or; (g) as otherwise allowed by law.

29. MULTIPLE TENANT OR OCCUPANT(S). Each individual that is considered a Tenant is jointly and individually liable for all of this Agreement's obligations, including but not limited to rent monies. If any Tenant, guest, or Occupant(s) violates this Agreement, the Tenant is considered to have violated this Agreement. Landlord's requests and notices to the Tenant or any of the Occupant(s) of legal age constitutes notice to the Tenant. Notices and requests from the Tenant or any one of the Occupant(s) (including repair requests and entry permissions) constitutes notice from the Tenant. In eviction suits, the Tenant is considered the agent of the Premise for the service of process.

30. CHOICE OF LAW AND VENUE – In the event that either party seeks to enforce the terms of this agreement, the parties expressly agree that all disputes are governed by the laws of the State of Wisconsin and the exclusive venue for such disputes shall be the Circuit Courts of Outagamie County.

31. SEVERABILITY. If any provision of this Agreement or the application thereof shall, for any reason and to any extent, be invalid or unenforceable, neither the remainder of this Agreement nor the application of the provision to other persons, entities or circumstances shall be affected thereby, but instead shall be enforced to the maximum extent permitted by law.

32. SURRENDER OF PREMISES. The Tenant has surrendered the Premises when (a) the move-out date has passed and no one is living in the Premise within the Landlord's reasonable judgment; or (b) Access to the Premise have been turned in to Landlord – whichever comes first. Upon the expiration of the term hereof, the Tenant shall surrender the Premise in better or equal condition as it were at the commencement of this Agreement, reasonable use, wear and tear thereof, and damages by the elements excepted. In the event Tenant leaves any property behind, the Landlord may dispose of the property at the Landlord's discretion. Any fixtures added to the premises by Tenant shall not be removed, if removal will cause damage to the Premises.

33. WAIVER. A Waiver by the Landlord for a breach of any covenant or duty by the Tenant, under this Agreement is not a waiver for a breach of any other covenant or duty by the Tenant, or of any subsequent breach of the same covenant or duty. No provision of this Agreement shall be considered waived unless such a waiver shall be expressed in writing as a formal amendment to this Agreement and executed by the Tenant and Landlord.

34. HAZARDOUS MATERIALS. The Tenant agrees to not possess any type of personal property that could be considered a fire hazard such as a substance having flammable or explosive characteristics on the Premises. Items that are prohibited to be brought into the Premises, other than for everyday cooking or the need of an appliance, includes but is not limited to gas (compressed), gasoline, fuel, propane, kerosene, motor oil, fireworks, or any other related content in the form of a liquid, solid, or gas.

35. INDEMNIFICATION. The Landlord shall not be liable for any damage or injury to the Tenant, or any other person, or to any property, occurring on the Premises, or any part thereof, or in common areas thereof, and the Tenant agrees to hold harmless, indemnify, and defend the Landlord from any claims or damages unless caused solely by the Landlord's gross negligence. Tenant shall maintain adequate insurance as required and in the sole discretion of the landlord for the residence during the tenancy or provide reimbursement to the Landlord for costs related to insuring the residence.

36. COVENANTS. The covenants and conditions herein contained shall apply to and bind the heirs, legal representatives, and assigns of the parties hereto, and all covenants are to be construed as conditions of this Agreement.

37. PREMISES DEEMED UNINHABITABLE. If the Premises is deemed uninhabitable due to damage beyond reasonable repair the Tenant will be able to terminate this Agreement by written notice to the Landlord. If said damage was due to the negligence, reckless, or intentional acts of the Tenant, the Tenant shall be liable to the Landlord for all repairs and for the loss of income due to restoring the Premises back to a livable condition in addition to any other losses that can be proved by the Landlord.

38. LEAD PAINT. (check one)

☒ - The Premises was built prior to 1978 and there is an attachment titled the 'Lead-Based Paint Disclosure' that must be initialed and signed by the Landlord and Tenant.

39. IMPROVEMENTS:

A. Landlord is responsible for the cost to bring the property into habitable condition including the cost for the following items:

1. Repair of the well and pump to restore potable water to the residence.
2. Lease of Liquid Propane Tank
3. Initial pumping of septic system
4. Initial electrical and plumbing repair for exterior water connection.
5. Furnace, Stove, Refrigerator and Air Conditioning Unit.

B. Tenant is responsible for the following costs to provide for the housing of Mr. Zanelli:

1) Bathroom remodeling and plumbing for bathroom.
2) Construction costs for widening doors.
3) Construction costs for entry way ramp
4) All costs related to the care of Mr. Zanelli

Disclosure of Information on Lead-Based Paint and/or Lead-Based Paint Hazards

1. **Lead Warning Statement**
Housing build before 1978 may contain lead-based paint. Lead from paint, paint chips, and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, landlords must disclose the presence of known lead-based paint and /or lead-based paint hazards in the dwelling. Tenants must also receive a federally approved pamphlet on lead poisoning prevention.
2. **Lessor's Disclosure**
   (a) Presence of lead-based paint and/or lead-based paint hazards (check one below):
   ☐ - Known lead-based paint and/or lead-based paint hazards are present in the housing (explain):
   ☐ - Landlord has no knowledge of lead-based paint and/or lead-based paint hazards in the housing.
   (b) Records and reports available to the landlord (check one below)
   ☐ - Landlord has provided the tenant with all available records and reports pertaining to lead-based paint and/or lead-based paint hazards in the housing (list documents below).
   ☐ - Landlord has no reports or records pertaining to lead-based paint and/or lead-based paint hazards in the housing.
3. **Tenant's Acknowledgement**
   ☐ - Tenant has received copies of all information listed above.
   ☐ - Tenant has received the pamphlet "Protect Your Family From Lead in Your Home".
4. **Broker's Acknowledgement**
   ☐ - Broker has informed the tenant of the tenant's obligations under 42 USC 4852(d) and is aware of his/her responsibility to ensure compliance.
5. **Certification of Accuracy**
The following parties have reviewed the information above and certify, to the best of their knowledge, that the information they have provided is true and accurate.

RESOLUTION NO.: 126—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County currently owns property located at W7419 Trappers Lane, Shiocton. Per Chapter 980 of the Wisconsin State Statutes, the County will use the property to satisfy the lease requirement for an offender. This resolution approves the lease agreement with the Wisconsin Department of Health Services and adjusts the budget for related expenses of remodeling and maintenance of the property.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Lease Agreement between Outagamie County and the Wisconsin Department of Health Services for county owned property located at W7419 Trappers Lane, Shiocton for a monthly lease rate of $2,000 as noted on the attached Lease Agreement which by reference is made a part hereof, and

BE IT FURTHER RESOLED, that the Outagamie County Board of Supervisors does approve of increasing the County Property Rent – Miscellaneous line item and the County Property Purchased Services line item by $18,000 each as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Corporation Counsel.

Dated this 26th day of March 2024

I, Jeffrey L. King, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the March 26, 2024 County Board Minutes approved by a majority vote at a meeting of the County Board on March 26, 2024 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 26th Day of March, 2024

/s/ Jeffrey L. King
County Clerk

Please call the Outagamie County Clerkš Office (832-5077) if you would like further elaboration of these minutes.
