PROCEEDINGS
OF THE
BOARD OF SUPERVISORS

OUTAGAMIE COUNTY, WISCONSIN

FROM

APRIL 18, 2023

TO

MARCH 26, 2024

PUBLISHED BY ORDER OF THE BOARD

JEFF NOOYEN
Board Chairperson

JEFF KING
County Clerk

Book of Records 2023-24 – Navigation Tips

The approved minutes of each County Board Meeting are included. Those minutes list the synopsis of the ordinances/resolutions and roll calls at the meeting. At the end of each set of minutes for each meeting, you will find scanned copies for each ordinance/resolution (for further detail) which are appended with the physical roll calls.

Additionally, the Book of Records contains "bookmarks" for easier navigation. To find the bookmarks, locate the bookmark panel in your pdf reader (e.g. Adobe, Kofax), and expand the date of the Board meeting. Each resolution or ordinance is bookmarked-- both the synopsis in the minutes, and the full detail--which follow the set of meeting minutes.

There is also a Table of Contents at the front of the Book, which has separate sections for:

- Appointments
- Miscellaneous (includes Special order of Business, County Budget, Public Hearings)
- Resolutions and Ordinances
- Ordinances

Outagamie County Est. 1851

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, April 18, 2023.

The Board met for the ANNUAL REORGANIZATION MEETING, pursuant to Section 59.03, Wisconsin Statutes, and was called to order by Chairperson Nooyen at 4:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 26 present, 9 absent, 1 vacant. Members present: Miller, Smith, Patience, Gabrielson, Konetzke, Lawrence, Lamers, Ferguson, McCabe, MacDonald, Croatt, Spears, Cooke, Santonato, Cuff, Hagen, Klemp, Thiede, Nooyen, Weinberg, Nejedlo, Clegg, Thyssen, VanderHeiden, Rettler, and Lautenschlager. Members Absent: Thompson, Hammen, Krueger, Wegand, Hermes, Schroeder, Culbertson, Monfils, and Winterfeldt. Vacant: District 35.

The Board Chairperson requested the Board's confirmation to excuse Supervisors Hammen, Krueger, Wegand, Schroeder, Culbertson, Monfils, and Winterfeldt. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Nooyen.

MINUTES OF THE MARCH 28, 2023 COUNTY BOARD MEETING
Supervisor Lamers moved, seconded by Supervisor Smith, to approve the minutes of the March 28, 2023, County Board meeting.

ROLL CALL: 24 yes, 2 abstain (Miller and Nejedlo), 9 absent, 1 vacant. MINUTES OF THE MARCH 28, 2023, BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS

Sarah Van Camp, Register of Deeds, will give a brief presentation on the duties of the office

Register of Deeds (ROD), Sarah Van Camp was elected in 2012. ROD Van Camp shared some of the accomplishments of the Register of Deeds office over those several years.

- ROD Van Camp was elected to the Board of Directors of the Wisconsin Register of Deeds Association (WRDA), a 4-year commitment in which she was elected to serve as President this past year.
- ROD Van Camp presented some examples of items that the WRDA has worked on this past year:
    - The WRDA has a strong presence and working relationship with Legislators.
    - A recent accomplishment has been the state wide issuance of vital records. This took a lot of time and effort in terms of programming. This is a great service to the County's constituents.
    - The recent law change that allows marriage license applicants to apply for a marriage license in any county in the State of Wisconsin and allowing them to be returned in any county in the State of Wisconsin has produced an increase in the number of marriage license issued and returned to Outagamie County.
    - Divorce decrees are now able to be obtained from the Register of Deeds office.
    - The WRDA is currently keeping a close eye on Daniels Law, the shielding of certain

information from the public for the safety of people, such as federal judges. Federal legislation has already passed and the Register of Deeds is expecting State legislation to follow.
    - The WRDA is also supporting the Wisconsin County Association and their work on the split of the transfer tax. This would be a great increase in revenue to keep at the county level.
- ROD Van Camp gave an overview of the Register of Deeds office and their recent accomplishments:
    - The Register of Deeds office is made up of an amazing team of employees. The ROD office has gone from ten employees to six employees in the last ten years, as employees have retired. The office has taken the initiative to be cross trained and installed programing updates to become more efficient.
    - Land notification has been installed on the County's land records programming.
    - The ROD office has also implemented procedures to help assist other departments that depend on services from the ROD office. For example, a recent procedural change with social workers to help expedite the placement of children.
    - ROD Van Camp was very proud of the dedication of her team throughout the Covid-19 pandemic. Had it not been for their dedication and hard work, the real estate market would have suffered. The ROD team was on site every day and met the public at the entrance to help assist in their transactions.
    - Interest rates are up and home sales are down. Recordings this year are reflecting that. While recordings are down, the ROD team has looked for ways to get more information online through back indexing.

Supervisor Thompson arrived at 4:04 pm.

Supervisor Hermes arrived at 4:09 pm.

APPOINTMENT OF PARLIAMENTARIAN

Supervisor Patience moved, seconded by Supervisor Croatt, to appoint Corporation Counsel Kyle Sargent as the Parliamentarian.

ROLL CALL: 28 yes, 7 absent, 1 vacant. CORPORATION COUNSEL KYLE SARGENT IS CONFIRMED AS PARLIAMENTARIAN.

DESIGNATION OF OFFICIAL COUNTY NEWSPAPER FOR LEGAL AND ELECTION NOTICES

Supervisor Hagen moved, seconded by Supervisor VanderHeiden, to designate the Appleton Post Crescent as the official County newspaper.

ROLL CALL: 27 yes, 1 no (Smith), 7 absent, 1 vacant. THE POST CRESCENT IS CONFIRMED AS THE OFFICIAL COUNTY NEWSPAPER.

CHAIRPERSON'S APPOINTMENT OF COMMITTEE MEMBERS

Chairperson Nooyen noted that no changes are being made to current assignments.

ESTABLISH ORDER OF THE DAY

Chairperson Nooyen reported the request to have the District 35 County Board Supervisor Appointment and Resolution Nos. 1, 3, 4, 6, and 7—2023-24 locked in at the meeting.

Chairperson Nooyen asked for unanimous consent to handle reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

RESOLUTION NO.: 1—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Veterans Service Office has received an ARPA grant through the Wisconsin Department of Veterans Affairs in the amount of $19,178 to increase the service capacity of the current CVSO/TVSO (County Veterans Service Office/Tribal Veterans Service Office), as detailed in the attached Memorandum of Understanding (MOU). Consistent with U.S. Treasury requirements, the funds must be utilized by December 31, 2024. Consistent with the MOU, the County Veterans Service Officer is developing a plan for increased marketing and outreach to enhance awareness of the CVSO by former military personnel of the County. Grant funds will be utilized to cover the full cost of any such activity, mitigating any operational/fiscal impact to the CVSO, to include the staff time needed to fulfill the grant reporting requirements.

This resolution approves accepting and expending the Wisconsin Department of Veterans Affairs ARPA Grant in the amount of $19,178.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the County Veterans Service Office to accept and expend ARPA grant funding from the Wisconsin Department of Veterans Affairs in the amount of $19,178 in order to increase the service capacity of the current County Veterans Service Office / Tribal Veterans Service Office, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Veterans Service, Veterans WI DOA ARPA Grant line item and Veterans Service, Purchased Services line item by $19,178 each as noted on the attached fiscal note and Memorandum of Understanding which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Veterans Service Officer and the Outagamie County Finance Director.

Dated this 18th day of April, 2023

Respectfully Submitted,

HEALTH AND HUMAN SERVICES COMMITTEE

Dan Gabrielson

Justin Krueger

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request to Accept & Expend WI Department of Veterans Affairs ARPA Grant

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The County Veterans Service Office has received an ARPA grant through the Wisconsin Department of Veterans Affairs in the amount of $19,178 "to increase the service capacity of the current CVSO/TVSO programs", as detailed in the attached Memorandum of Understanding. Consistent with U.S. Treasury requirements, the funds must be utilized by Dec. 31, 2024. Consistent with the MOU, County Veterans Service Officer David Holst is developing a plan for "increased marketing and outreach to enhance awareness of the CVSO by former military personnel of the county". Grant funds will be utilized to cover the full cost of any such activity, mitigating any operational/fiscal impact to the CVSO office, to include the staff time needed to fulfill the grant reporting requirements.

Therefore, we are requesting to accept and expend the WI Department of Veterans Affairs ARPA Grant in the amount of $19,178.

MEMORANDUM OF UNDERSTANDING
REGARDING USE OF ARPA STATE RECOVERY FUNDS
BY
Wisconsin Department of Veterans Affairs and

OUTAGAMIE COUNTY

THIS MEMORANDUM OF UNDERSTANDING ("MOU") is made and entered into by and between the Wisconsin Department of Veterans Affairs ("DVA"), whose principal business address is 2135 Rimrock Road, Madison, WI 53707 and the County of or Federally Recognized Indian Tribe of OUTAGAMIE COUNTY ("Recipient") who has a County Veterans Service Office ("CVSO") or Tribal Veterans Service Office ("TVSO") whose principal business address is 320 S. WALNUT STREET APPLETON, WI 54911.

WHEREAS, the United States Department of the Treasury ("Treasury Department") has distributed to the Wisconsin Department of Administration ("DOA") funds ("ARPA Funds") from the Coronavirus State Fiscal Recovery Fund pursuant to 42 U.S.C. § 802, as added by section 9901 of the American Rescue Plan Act of 2021 ("ARPA"); and

WHEREAS, DOA is administering such funds through a variety of programs and initiatives, managed by state agencies and other entities; and

WHEREAS, one of the state agencies that DOA has selected to manage the administering of portion of these funds is DVA; and,

WHEREAS, DVA will use these funds to accomplish four distinct Initiatives consistent with its mission to work on behalf of Wisconsin's veterans in recognition of their service and sacrifice to Wisconsin and the nation; and,

WHEREAS, one of those Initiatives is the CVSO and TVSO Initiative; and,

WHEREAS, CVSOs and TVSOs play a critical role in advocating for the individual needs of veterans and are often the initial contact in the community for veteran's services. CVSOs and TVSOs provide a local expertise to assist veterans with transition, employment, federal compensation and pension applications, state and federal veteran benefit applications, local assistance and benefits for veterans, referrals to assistance and information for day-to-day living, and multiple other necessary services for veterans; and

WHEREAS, this Initiative is providing funding to CVSOs/TVSOs to increase the service capacity of the current CVSO/TVSO programs; and,

WHEREAS, Recipient, who is one of the CVSO/TVSO eligible for a grant, is eligible to receive funding as outlined in Schedule B.

The Period of Performance for this MOU will run from the Effective Date until December 31, 2024.

Each person signing this MOU represents and warrants that he or she is duly authorized and has legal capacity to execute and deliver this MOU. Each party represents and warrants to the other that the execution and delivery of the MOU and the performance of such party's obligations hereunder have been

duly authorized and that the MOU is a valid and legal agreement binding on such party and enforceable in accordance with its terms.

IN WITNESS WHEREOF, DVA and Recipient have fully executed this MOU as of the date of DVA's signature below ("Effective Date").

DEPARTMENT OF VETERANS AFFAIRS		**Recipient**
BY:	_____	**BY:** _____
NAME:	**James Bond**	**NAME:** Thomas Nelson
TITLE:	**Deputy Secretary**	**TITLE:** County Executive
DATE:	_____	**DATE:** 1/16/2023

GENERAL TERMS

ARTICLE 1. ALLOCATION AMOUNT AND PERMISSIBLE USES OF FUNDS

The amount of ARPA funds allocated to Recipient pursuant to this MOU are set forth in Schedule B. DVA's contribution to the total cost of Recipient's performance of its duties under this MOU shall not exceed the amount enumerated in Schedule B for the CVSO/TVSO who is the Recipient executing this MOU. Additionally, DVA shall not reimburse Recipient for any costs that are not eligible for reimbursement under ARPA or rules, regulations, or guidance promulgated to implement ARPA.

ARTICLE 2. RESTRICTION ON USE OF FUNDS

If the ARPA funds provided pursuant to this MOU are provided to a CVSO, those funds provided to Recipient as the CVSO receiving those ARPA Funds shall solely be used for the improvement of service to former military personnel of the county through the CVSO and consistent with requirements pertaining to use of ARPA Funds and applicable Wisconsin and federal laws. This shall include, but not be limited to, increased marketing and outreach to enhance awareness of the CVSO by former military personnel of the county. A county may not allocate any portion of the ARPA funds provided through this MOU for use by another county department nor may the county reduce funding to its CVSO based upon receipt of the grant authorized by this MOU.

If the ARPA funds provided pursuant to this MOU are provided to a TVSO, those funds provided to Recipient as the TVSO receiving those ARPA Funds shall solely be used for the improvement of service to former military personal of the tribe through the TVSO and consistent with requirements pertaining to use of ARPA Funds and applicable laws. This shall include, but not be limited to, increased marketing and outreach to enhance awareness of the TVSO office by former military personnel of the tribe. A tribe may not allocate any portion of the ARPA funds provided through this MOU for use by another tribal department nor may the tribe reduce funding to its TVSO based upon receipt of the grant authorized by this MOU.

ARTICLE 3. REPORTING, RETENTION OF RECORDS AND COMPLIANCE WITH WISCONSIN'S OPEN RECORDS LAW

Recipient shall provide DVA with a federal benefits service delivery report and budget expenditure report on forms established by the DVA. The federal benefits service delivery report and budget expenditure report are due to DVA on January 31, 2024 and January 31, 2025.

Recipient shall provide DVA with all information necessary to comply with all requests for information from DOA in order to comply with requirements of the Treasury Department and other federal agencies regarding reporting of the uses of ARPA Funds. Recipient will also provide DVA with any necessary information for its administering of this grant program along with all information necessary to accomplish any public transparency reporting or subrecipient monitoring that DOA and/or DVA deems necessary.

Recipient shall provide this information in a format determined by DVA in a complete and timely manner. Recipient's reporting information shall be provided to DVA no later than 21 days before the deadline for DVA to file any report, or within such other timeframe as DVA requires in order to comply with requests from DOA or any other government entity.

The Recipient will retain all records regarding the grant for a period of at least five (5) years after the Recipient completes all work required as part of the grant. The requirements to maintain all records regarding the grant shall automatically be extended if DVA notifies the Recipient that the records pertaining to the Grant are subject to an Open Records Request, a legislative inquiry, or are the subject of litigation. Should DVA notify the Recipient that any one of these incidents has occurred, the Recipient shall maintain all records regarding the grant until such time as DVA in writing authorizes that the Recipient no longer needs to retain those records.

The Recipient will assist DVA in making any reports regarding the use of the grant that the Legislature, DOA, or other interested parties may require.

Both Parties understand and acknowledge that all records pertaining to this MOU, including this MOU, are subject to Wisconsin Public Records law, Wis. Stat. §§ 19.31-19.39. The Recipient will fully cooperate with any request DVA makes to the Recipient for records pertaining to this MOU should DVA receive an Open Records Request for any records pertaining to this MOU that are held by the Recipient.

ARTICLE 4. APPLICABLE LAWS, RULES, AND REGULATIONS

This MOU shall be governed by the laws of the State of Wisconsin and the laws of the United States, including, without limitation ARPA, the Interim Final Rule, and all other rules and regulations promulgated to implement ARPA. Recipient shall be responsible for ensuring that its uses of the ARPA Funds allocated to it under this MOU comply with all applicable laws, rules, and regulations applicable to the use of ARPA Funds.

The Recipient shall at all times comply with and observe all federal and state laws, local laws, ordinances, and regulations which are in effect during the Period of Performance of this MOU and which in any manner affect the work or its conduct. DVA may take enforcement action, including but not limited to, recouping past payments, suspending or canceling the MOU, if the Recipient violates any applicable federal and state law, local law, ordinance, regulation or requirement, or does not follow applicable guidance from DVA.

In addition, Recipient agrees to comply with all federal requirements listed in Schedule A.

Specifically, as further specified in Schedule A, Recipient shall comply with Title VI of the Civil Rights Act of 1964, which prohibits grantees of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this MOU. Title VI also includes protection to persons with "Limited English Proficiency" in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by the Department of the

Treasury's Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this MOU.

ARTICLE 5. COMPLIANCE BY THIRD-PARTY RECIPIENTS OF FUNDS

Recipient shall be responsible for ensuring that if any third party receives funds pursuant to the MOU that each such third party comply with all laws, rules, and regulations applicable to the use of those funds.

ARTICLE 6. SUBLET OR ASSIGNMENT OF DUTIES

Recipient shall not sublet or assign all or any part of Recipient's duties or rights under this MOU without prior written approval of DVA.

ARTICLE 7. REIMBURSEMENT OF FUNDS

Recipient shall return to DVA any funds paid to Recipient in excess of the amount allocated pursuant to this MOU. If Recipient fails to return excess funds, DVA may deduct the appropriate amount from future payments authorized to be made to the Recipient pursuant to Wis. Stat. §45.82(2) and/or Wis. Stat. §45.82(4). DVA also reserves the right to recover such funds by any other legal means.

Recipient shall be responsible for reimbursement to DVA for any disbursed funds DVA determines have been misused or misappropriated. Any reimbursement of funds required by DVA shall be due upon DVA's written demand to Recipient.

ARTICLE 8. FINANCIAL MANAGEMENT

Recipient agrees to maintain a financial management system that complies with the rules, regulations and requirements of the Program funding source described in Schedule A and with standards established by DVA to assure funds are spent in accordance with applicable laws and to assure that accounting records for funds received under this MOU are sufficiently segregated from those of other MOUs, agreements, programs, and/or projects.

Recipient shall maintain a uniform double entry, full accounting system and a financial management information system in accordance with Generally Accepted Accounting Principles. Recipient's chart of accounts and accounting system shall permit timely preparation of reports of Program expenditures by provider type as required by DVA.

Records shall be maintained after final audit of the MOU for a period of not less than five (5) years unless the Program requirements are longer.

Further, Recipient shall comply with all Audit Requirements as specified in Schedule A.

ARTICLE 9. CONFLICTS OF INTEREST AND ETHICS

No person who is an employee, agent, consultant, or officer of Recipient, or an elected or appointed official, and who exercises or has exercised any functions or responsibilities with respect to activities supported by and described in this MOU, or who is in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a personal or financial interest or benefit from the activity, or have an interest in any agreement or subcontract with respect thereto or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during their tenure. Receipt of earnings from Recipient by employees of Recipient shall not be considered a conflict of interest, but

otherwise employees of Recipient shall be fully bound by the requirements of this Article. Upon request, DVA can make exceptions to this requirement after full disclosure and where DVA determines that such exception is in the best interests of the State and is not contrary to state or federal laws.

Recipient agrees to disclose to DVA in writing any potential conflict of interest affecting the awarded funds so it can determine its own disclosure obligations to DOA and/or the Treasury Department in accordance with Treasury Department policy.

ARTICLE 10. FAILURE TO PERFORM

DVA reserves the right to suspend payment of funds or recoup paid funds if required reports are not provided to DVA on a timely basis, if there are deficiencies in those reports, or if performance of contracted activities is not evidenced. DVA further reserves the right to suspend payment of funds or recoup payment of funds if performance of contracted activities is not evidenced on other agreements between DVA and Recipient in whole or in part.

Recipient's management and financial capability, including but not limited to audit results and performance, may be taken into consideration in any or all future determinations by DVA and may be cause for terminating or suspending performance of this MOU.

ARTICLE 11. TERMINATION OF AGREEMENT

DVA may terminate this MOU at any time with or without cause by delivering notice to Recipient.

ARTICLE 12. AMENDMENT

This MOU may be amended by mutual consent of the parties. Amendments shall be in writing and executed by authorized representatives of the parties.

ARTICLE 13. SEVERABILITY

If any provision of this MOU shall be adjudged to be unlawful, then that provision shall be deemed null and void and severable from the remaining provisions and shall in no way affect the validity of this MOU.

If any provision of this MOU, or the application thereof to any Person or any circumstance, is invalid or unenforceable, (a) a suitable and equitable provision shall be substituted therefor in order to carry out, so far as may be valid and enforceable, the intent and purpose of such invalid or unenforceable provision and (b) the remainder of this MOU and the application of such provision to other circumstances shall not be affected by such invalidity or unenforceability.

ARTICLE 14. SURVIVAL OF REQUIREMENTS

Unless otherwise authorized in writing by DVA, the terms and conditions of this MOU shall survive the Performance Period and shall continue in full force and effect until Recipient has completed and is in compliance with all the requirements of this MOU.

ARTICLE 15. EXAMINATION OF RECORDS

DVA, or any of its authorized representatives, shall have access to and the right at any time to examine, audit, excerpt, transcribe, and copy on Recipient's premises for any directly pertinent records and computer files of Recipient involving transactions relating to this MOU. If the material is held in an automated format,

Recipient shall provide copies of these materials in the automated format or such computer file as may be requested by DVA. Such material shall be retained until such time as DVA notifies otherwise.

This provision shall also apply in the event of cancellation or termination of this MOU. Recipient shall notify DVA in writing of any planned conversion or destruction of these materials at least 90 days prior to such action. Any charges for copies provided by Recipient of books, documents, papers, records, computer files or computer printouts the amount to be Reimbursed to the Recipient shall not exceed the actual cost thereof and shall be reimbursed by DVA.

ARTICLE 16. INDEPENDENT CONTRACTOR

The Recipient shall perform its services hereunder as an independent contractor, and nothing contained in this MOU shall be construed so as to create an employer/employee relationship between the parties. The Recipient shall maintain exclusive control over personnel and salary policies relative to its employees. All salaries, health insurance, retirement benefits, car expenses, worker's compensation, or disability benefits relative to such personnel shall be paid by the Recipient.

ARTICLE 17. NON-WAIVER

No waiver of default by DVA of any of the terms, covenants, and conditions hereof to be performed, kept, and observed by the Recipient shall be construed, or shall operate, as a waiver of any subsequent default of any of the terms, covenants, or conditions herein contained to be performed, kept, and observed by the Recipient.

ARTICLE 18. HOLD HARMLESS

The Recipient will indemnify and hold harmless DVA and all of its officers, agents and employees from all suits, actions, or claims of any character brought for or on account of any injuries or damages received by any persons or property resulting from the operations of the Recipient, or anyone hired by the Recipient, in prosecuting work under this MOU.

ARTICLE 19: DISPUTES

Disputes by either party relating to this MOU and the Recipients work performed pursuant to it should first be addressed to the individual listed in Article 20. A good faith dispute creates an exemption to prompt payment.

After attempting to resolve the dispute, the Recipient hereby agrees that any action, proceeding or claim arising out of or relating in any way to this MOU shall be brought and enforced in the courts of the State of Wisconsin, and irrevocably submits to such jurisdiction, which jurisdiction shall be exclusive and all disputes the venue shall be in Dane County Circuit Court. Prior to instituting a legal action in Dane County Circuit Court both parties agree to make a good faith effort to informally resolve the dispute. The Recipient hereby waives any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum.

Any such process or summons to be served upon the Recipient may be served by transmitting a copy thereof by registered or certified mail, return receipt requested, postage prepaid, addressed to it at the address set forth in the addresses listed in Article 20. Such mailing shall be deemed personal service and shall be legal and binding upon the Recipient in any action, proceeding or claim.

ARTICLE 20. NOTICES

Notices and demands required or permitted to be given hereunder shall be given by personal delivery or by registered or certified mail, postage prepaid, return receipt requested, addressed to:

ARTICLE 21. COUNTERPARTS AND ELECTRONIC SIGNATURE AUTHORIZATION

Separate copies of this MOU shall constitute original documents, which may be signed separately but which together shall constitute a single MOU. This MOU will not be binding on any party until signed by all parties or their representatives.

A signed copy of this MOU transmitted by facsimile, email, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original executed copy of this MOU. This MOU may be conducted by electronic means and the parties authorize that their electronic signatures act as their legal signatures of this MOU. This MOU will be considered signed by a party when that party's electronic signature is transmitted. Such signature shall be treated as having the same effect as an original handwritten

signature. The parties are not required to sign this MOU by electronic means or use an electronic signature, but if the parties elect to do so, then each party's authorization is hereby given pursuant to this paragraph.

ARTICLE 22. ENTIRE AGREEMENT

The written MOU constitutes the entire agreement between the DVA and the Recipient and supersedes all proposals or prior agreements, oral or written and all other communications between the parties relating to the subject matter of this MOU.

ARTICLE 23. LOBBYING

The Recipient agrees that no grant appropriated funds will be paid to any person for influencing or attempting to influence an officer or employee of any Wisconsin or federal agency, any member of the Wisconsin Legislature or United States Congress, or an employee of a member of the state or federal Legislature in connection with the awarding of any state or federal contract, the making of any state or federal grant, the making of any state or federal loan, the entering into any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state or federal contract, grant, loan, or cooperative agreement. The Recipient further agrees that no grant appropriated funds will be used to contact, or urge the public to contact, members or employees of any legislative body for the purpose of proposing, supporting, or opposing legislation, or to advocate the adoption or rejection of legislation.

Funds provided to Recipient pursuant to this MOU may not be used to influence federal contracting or financial transactions.

Schedule A

Federal Compliance Requirements

Recipient agrees to comply with the requirements of section 602 of ARPA, regulations adopted by Treasury pursuant to section 602(f) of ARPA, and guidance issued by Treasury regarding the foregoing. Recipient also agrees to comply with all other applicable federal statutes, regulations, and executive orders, and Recipient shall provide for such compliance by other parties in any agreements it enters into with other parties relating to this award.

A. Federal regulations applicable to this award include, without limitation, the following:

1. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. Part 200, other than such provisions as Treasury may determine are inapplicable to this Award and subject to such exceptions as may be otherwise provided by Treasury. Subpart F – Audit Requirements of the Uniform Guidance, implementing the Single Audit Act, shall apply to this award.

2. Universal Identifier and System for Award Management (SAM), 2 C.F.R. Part 25, pursuant to which the award term set forth in Appendix A to 2 C.F.R. Part 25 is hereby incorporated by reference.

3. Reporting Subaward and Executive Compensation Information, 2 C.F.R. Part 170, pursuant to which the award term set forth in Appendix A to 2 C.F.R. Part 170 is hereby incorporated by reference.

4. OMB Guidelines on Governmentwide Debarment and Suspension (Nonprocurement), 2 C.F.R. Part 180, including the requirement to include a term or condition in all lower tier covered transactions (contracts and subcontracts described in 2 C.F.R. Part 180, subpart B) that the award is subject to 2 C.F.R. Part 180 and Treasury's implementing regulation at 31 C.F.R. Part 19.

5. Recipient Integrity and Performance Matters, pursuant to which the award term set forth in 2 C.F.R. Part 200, Appendix XII to Part 200 is hereby incorporated by reference.

6. Governmentwide Requirements for Drug-Free Workplace, 31 C.F.R. Part 20.

7. New Restrictions on Lobbying, 31 C.F.R. Part 21.

8. Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (42 U.S.C. §§ 4601-4655) and implementing regulations.

9. Generally applicable federal environmental laws and regulations, unless otherwise specified in ARPA or Treasury guidance. As specified in Treasury Department guidance, the National Environmental Policy Act (NEPA) does not apply.

10. Statutes and regulations prohibiting discrimination applicable to this award include, without limitation, the following:

    a. Title VI of the Civil Rights Act of 1964 (42 U.S.C. §§ 2000d et seq.) and Treasury's implementing regulations at 31 C.F.R. Part 22, which prohibit discrimination on the

basis of race, color, or national origin under programs or activities receiving federal financial assistance;

b. The Fair Housing Act, Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§ 3601 et seq.), which prohibits discrimination in housing on the basis of race, color, religion, national origin, sex, familial status, or disability;

c. Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794), which prohibits discrimination on the basis of disability under any program or activity receiving federal financial assistance;

d. The Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101 et seq.), and Treasury's implementing regulations at 31 C.F.R. Part 23, which prohibit discrimination on the basis of age in programs or activities receiving federal financial assistance; and

e. Title II of the Americans with Disabilities Act of 1990, as amended (42 U.S.C. §§ 12101 et seq.), which prohibits discrimination on the basis of disability under programs, activities, and services provided or made available by state and local governments or instrumentalities or agencies thereto.

B. Protections for Whistleblowers.

1. In accordance with 41 U.S.C. § 4712, Recipient may not discharge, demote, or otherwise discriminate against an employee in reprisal for disclosing to any of the list of persons or entities provided below, information that the employee reasonably believes is evidence of gross mismanagement of a federal contract or grant, a gross waste of federal funds, an abuse of authority relating to a federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or grant.

2. The list of persons and entities referenced in the paragraph above includes the following:

   a. A member of Congress or a representative of a committee of Congress;
   b. An Inspector General;
   c. The Government Accountability Office;
   d. A Treasury employee responsible for contract or grant oversight or management;
   e. An authorized official of the Department of Justice or other law enforcement agency;
   f. A court or grand jury;
   g. A contractor, or subcontractor who has the responsibility to investigate, discover, or address misconduct; or
   h. A management official or other employee of Recipient, DVA or DOA.

3. Recipient shall inform its employees in writing of the rights and remedies provided under this section, in the predominant native language of the workforce.

C. Increasing Seat Belt Use in the United States. Pursuant to Executive Order 13043, 62 FR 19217 (Apr. 18, 1997), Recipient should encourage its contractors to adopt and enforce on-the-job seat belt policies and programs for their employees when operating company-owned, rented or personally owned vehicles.

D. Reducing Text Messaging While Driving. Pursuant to Executive Order 13513, 74 FR 51225 (Oct. 6, 2009), Recipient should encourage its employees, grantees, and contractors to adopt and enforce policies that ban text messaging while driving, and Recipient should establish workplace safety policies to decrease accidents caused by distracted drivers.

E. Hatch Act. Recipient agrees to comply, as applicable, with requirements of the Hatch Act (5 U.S.C. §§ 1501-1508 and 7324-7328), which limit certain political activities of State or local government employees whose principal employment is in connection with an activity financed in whole or in part by this federal assistance.

F. Publications. Any publications produced with funds from this award must display the following language: "This project [is being] [was] supported, in whole or in part, by federal award number [enter project FAIN] awarded to [the Wisconsin Department of Veterans Affairs via the Wisconsin Department of Administration] by the U.S. Department of the Treasury."

G. Assurances of Compliance with Civil Rights Requirements.

1. As a condition of receipt of federal financial assistance provided by DVA, Recipient provides the following assurances with respect to the operation of its Program:

a. Recipient will ensure its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjection to discrimination under programs and activities receiving federal financial assistance, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury Title VI regulations at 31 CFR Part 22 and other pertinent executive orders such as Executive Order 13166, directives, circulars, policies, memoranda, and/or guidance documents.

b. Recipient acknowledges that Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency," seeks to improve access to federally assisted programs and activities for individuals who, because of national origin, have Limited English proficiency (LEP). Recipient understands that denying a person access to its programs, services, and activities because of LEP is a form of national origin discrimination prohibited under Title VI of the Civil Rights Act of 1964 and the Department of the Treasury's implementing regulations. Accordingly, Recipient shall initiate reasonable steps, or comply with the Department of the Treasury's directives, to ensure that LEP persons have meaningful access to its programs, services, and activities. Recipient understands and agrees that meaningful access may entail providing language assistance services, including oral interpretation and written translation where necessary, to ensure effective communication in the Recipient's programs, services, and activities.

c. Recipient agrees to consider the need for language services for LEP persons when Recipient develops applicable budgets and conducts programs, services, and activities. As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on taking reasonable steps to provide meaningful access for LEP persons, please visit http://www.lep.gov.

d. Recipient acknowledges and agrees that compliance with the assurances constitutes a condition of continued receipt of federal financial assistance and is binding upon

Recipient and its successors, transferees, and assignees for the period in which such assistance is provided. Recipient understands and agrees that if any real property or structure is provided or improved with the aid of federal financial assistance by the Department of the Treasury, this assurance obligates the Recipient, or in the case of a subsequent transfer, the transferee, for the period during which the real property or structure is used for a purpose for which the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is provided, this assurance obligates the Recipient for the period during which it retains ownership or possession of the property.

e. Recipient acknowledges and agrees that it must require any sub-grantees, contractors, subcontractors, successors, transferees, and assignees to comply with assurances a-d above, and agrees to incorporate the following language in every contract or agreement subject to Title VI and its regulations between Recipient and its sub-grantees, contractors, subcontractors, successors, transferees, and assignees:

> *The sub-grantee, contractor, subcontractor, successor, transferee, and assignee shall comply with Title VI of the Civil Rights Act of 1964, which prohibits recipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this contract (or agreement). Title VI also includes protection to persons with "Limited English Proficiency" in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this contract or agreement.*

2. Recipient shall cooperate with DVA in any enforcement or compliance review activities by the Department of the Treasury of the aforementioned obligations. Enforcement may include investigation, arbitration, mediation, litigation, and monitoring of any settlement agreements that may result from these actions. Recipient shall comply with information requests, on-site compliance reviews and reporting requirements.

3. Recipient shall maintain a complaint log and inform DVA so it can inform DOA who then can inform the Treasury Department of any complaints of discrimination on the grounds of race, color, or national origin, and limited English proficiency covered by Title VI of the Civil Rights Act of 1964 and implementing regulations and provide, upon request, a list of all such reviews or proceedings based on the complaint, pending or completed, including outcome.

4. Recipient must provide documentation of an administrative agency's or court's findings of non-compliance of Title VI and efforts to address the non-compliance, including any voluntary compliance or other agreements between the Recipient and the administrative agency that made the finding. If the Recipient settles a case or matter alleging such discrimination, the Recipient must provide documentation of the settlement. If Recipient has not been the subject of any court or administrative agency finding of discrimination, please so state.

5. If the Recipient makes sub-awards to other agencies or other entities, Recipient is responsible for ensuring that grantees also comply with Title VI and other applicable authorities covered in this document. Recipient must have in place standard grant assurances and review procedures to demonstrate that that they are effectively monitoring the civil rights compliance of grantees.

H. Audit Requirements.

Federal Funded Awards:

Governmental and Non-profit Grantees, or their assignees, that **expend** federal funds during their fiscal year **shall** comply with Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and the State Single Audit Guidelines issued by DOA. Audit reports are due to the Federal Audit Clearinghouse within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period.

State Funded Awards:

NOTE: *If an audit is required under the Uniform Guidance as described above, then this section does not apply as State Funded Awards will already be included in that audit.*

Governmental and Non-profit Grantees, or their assignees, which **received** state funds during their fiscal year, shall comply with the requirements set forth in the State Single Audit Guidelines issued by DOA. Audit reports are due to DVA within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period.

Please review DOA's Single Audit Compliance Supplement for details on submission of the reporting package. https://doa.wi.gov/Pages/StateFinances/State-Single-Audit-Guidelines.aspx

Outagamie County 4-18-23 County Board Meeting - April 18 2023 04:19:55 PM

April 18, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 2—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

A prior Outagamie County Veterans Court reporter's late father, Reginald Hermsen, was a Veteran of World War II. A request for donations was made in Mr. Hermsen's honor to help support the Veterans Court. Seven donations totaling $245 have been received by Criminal Justice Treatment Services (CJTS). The donations will be used to purchase gift cards for Veterans Court participants as an incentive for positive behavior. Therefore, CJTS is requesting to increase its budget to reflect the acceptance and expenditure of the donated funds.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of Criminal Justice Treatment Services to accept and expend an unsolicited donation in the amount of $245, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the CJTS Miscellaneous – Donations line item and the CJTS Veterans Court line item by $245 each, as detailed on the attached fiscal note, which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Criminal Justice Treatment Services Coordinator and the Outagamie County Finance Director.

Dated this 18th day of April, 2023

Respectfully submitted,

PUBLIC SAFETY COMMITTEE

Katrin Patience

Christine Lamers

Michael Smith

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. Subject: Request to Accept and Expend Reginald Hermsen Memorial Donations for Veterans Court

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

A prior Veterans Court reporter's late father, Reginald Hermsen, was a Veteran of World War II. She requested donations be made in his honor to help support the Veterans Court. Seven donations totaling $245 have been received by Criminal Justice Treatment Services (CJTS). The donations will be used to purchase gift cards for participants as an incentive for positive behavior. Therefore, CJTS is requesting to increase its budget to reflect the acceptance and expenditure of the donated funds.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (X) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? yes (X) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
CJTS	Miscellaneous - Donations	1009100.4510.20	245
CJTS	Veterans Court	1009100.5500	245

April 18, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 3—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

It is necessary that various accounts of Outagamie County be closed as of December 31, 2022, except special funds, commonly known as Revolving Funds, which are in the best interest of Outagamie County to remain intact. The budget adjustments will be made to the 2023 budget. These Revolving Funds cover all County Funds except Highway, County Road and Bridge and Highway Related Capital Project Funds, which will be brought forward with a separate resolution.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of all excess or deficiency of revenues over/under expenditures and unexpended appropriations of the various accounts reverting back to the County's General Fund or from the General Fund as indicated in the attached fiscal note and summary pages as of December 31, 2022, with the exception of those expenses, revenues or transfers as detailed in the attachments, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, unless detailed otherwise on the attachment, that should any closed projects have excess funding (except those with highway project funding that will be applied in the following year's budget), those funds will be returned to the General Fund, or if legally required, to the Debt Service fund, and

BE IT STILL FURTHER RESOLVED, that all of the following accounts shall not lapse to the County's General Fund: all Special Revenues, except Health and Human Services; all Debt Service Funds; all Capital Project Funds; all Enterprise Funds, except Brewster Village; and all Internal Service Funds; and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director.

Dated this 18th day of April, 2023

Respectfully Submitted,

FINANCE COMMITTEE

Nadine Miller

Chris Croatt

Outagamie County — 4-18-23 County Board Meeting - April 18 2023 04:21:27 PM
April 18, 2023 County Board Meeting
OpenMeeting

RESOLUTION NO.: 4—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Current law defines "sexual contact" for the purposes of crimes against children and the crime of sexual assault. In the definitions in current law, if the perpetrator intentionally touches the victim's intimate parts, or if the perpetrator instructs the victim to intentionally touch the intimate parts of the perpetrator or another person, for the purpose of sexually degrading or sexually humiliating the victim or sexually arousing or sexually gratifying the perpetrator, then it is "sexual contact."

There is pending legislation that "sexual contact" also addresses any person that forces a complainant to touch bodily fluids or waste upon the intentional instruction of the perpetrator, upon the use of threat of force or violence by the perpetrator, or upon intentional act of the perpetrator. The pending legislation broadens the definition of sexual contact to better enable prosecutors to obtain justice for the victims of these crimes.

The proposed legislation creates a new crime or revises a penalty for an existing crime, therefore, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does support pending legislation that broadens the definition of "sexual contact" for the purposes of crimes against children and the crime of sexual assault, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Wisconsin Counties Association and the Outagamie County Lobbyist for distribution to the State Senators and State Representatives representing Outagamie County and the Governor of the State of Wisconsin.

Dated this 18th day of April, 2023

Respectfully submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Curt Konetzke

Sara MacDonald

Ryan Ferguson

2023 SENATE BILL 149

April 3, 2023 - Introduced by Senators TESTIN, WANGGAARD, MARKLEIN and TOMCZYK, cosponsored by Representatives RETTINGER, NEDWESKI, C. ANDERSON, BEHNKE, BODDEN, BRANDTJEN, DITTRICH, DONOVAN, GUNDRUM, MOSES, MURPHY, MURSAU, ORTIZ-VELEZ, ROZAR, SAPIK, SUBECK and WICHGERS. Referred to Committee on Judiciary and Public Safety.

AN ACT ***to create*** 940.225 (5) (b) 1. c. and 948.01 (5) (a) 3. of the statutes; **relating to:** definition of "sexual contact" for purposes of crimes against children and sexual assault and providing a penalty.

Analysis by the Legislative Reference Bureau

Current law defines "sexual contact" for the purposes of crimes against children and the crime of sexual assault. In the definitions in current law, if the perpetrator intentionally touches the victim's intimate parts, or if the perpetrator instructs the victim to intentionally touch the intimate parts of the perpetrator or another person, for the purpose of sexually degrading or sexually humiliating the victim or sexually arousing or sexually gratifying the perpetrator, then it is "sexual contact." Under this bill, "sexual contact" also includes when the victim is made to touch the ejaculate, urine, or feces of any person upon instruction from the perpetrator, upon the use or threat of force or violence by the perpetrator, or upon an intentional act of the perpetrator, if the purpose is to sexually degrade or sexually humiliate the victim or sexually arouse or sexually gratify the perpetrator.

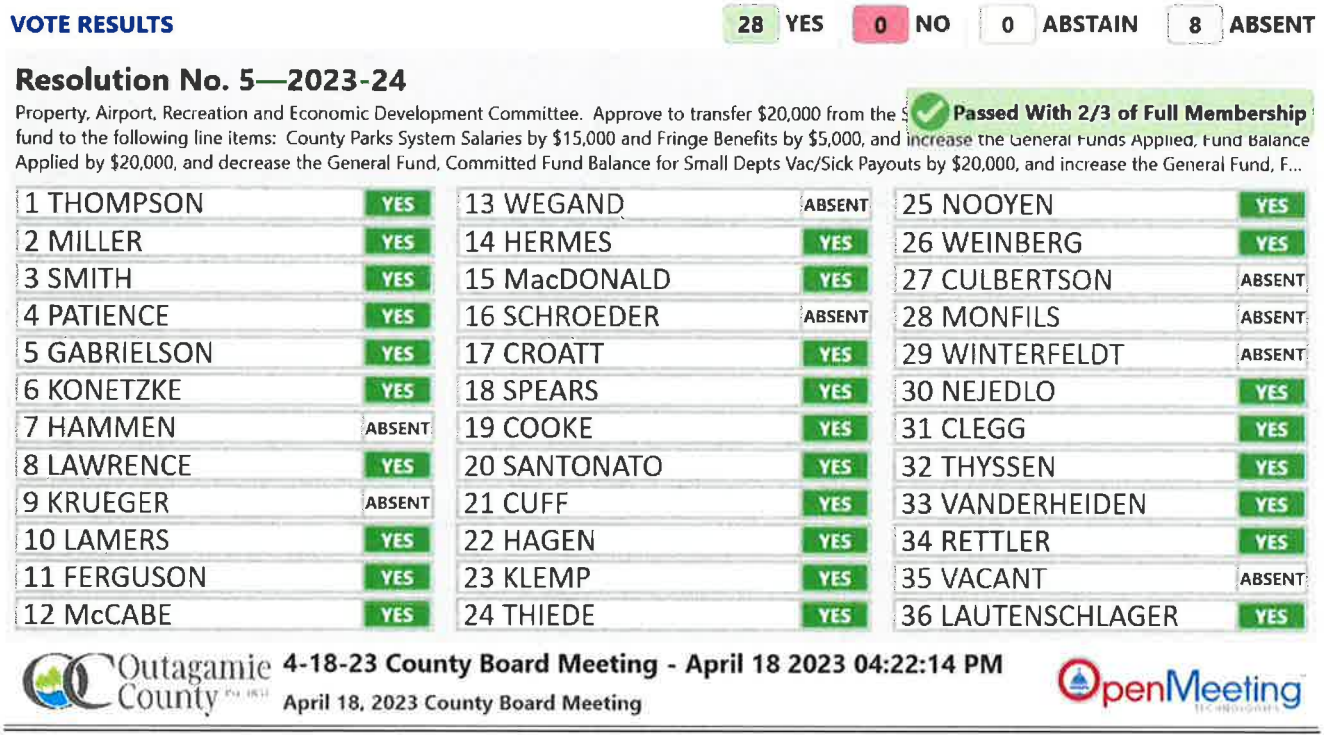
Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 940.225 (5) (b) 1. c. of the statutes is created to read:

940.225 **(5)** (b) 1. c. Touching by the complainant of the ejaculate, urine, or feces of any person upon the intentional instructions of the defendant, upon the use or threat of force or violence by the defendant, or upon an intentional act of the defendant.

SECTION 2. 948.01 (5) (a) 3. of the statutes is created to read:



948.01 **(5)** (a) 3. Touching by the complainant of the ejaculate, urine, or feces of any person upon the intentional instructions of the defendant, upon the use or threat of force or violence by the defendant, or upon an intentional act of the defendant.

(END)

Resolution No. 5—2023-24 – Property, Airport, Recreation and Economic Development Committee. Outagamie County — 4-18-23 County Board Meeting - April 18 2023 04:22:14 PM

April 18, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 5—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Due to the retirement of the Parks Caretaker II position, who has been employed with Outagamie County for 39 years, the Parks Department is requesting a transfer from the Small Department Vacation/Sick Leave Fund of $20,000 ($15,000 for salary and $5,000 for fringes). This will allow the department to fill the position during the busiest months for the Parks Department (April – October) and before the seasonal crew is on the job. It is the intention of the Parks Department to have two weeks of overlap with the successor and new staff member for training purposes.

The current balance of the Small Department Vacation/Sick Leave Payout fund is $504,906.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the request to transfer $20,000 from the Small Department Vacation/Sick Leave Payout fund to the County Parks System Salaries line item for $15,000 and Fringe Benefits line item for $5,000, and increase the General Funds Applied, Fund Balance Applied line item by $20,000, and decrease the General Fund, Committed Fund Balance for Small Depts Vac/Sick Payouts line item by $20,000, and increase the General Fund, Fund Balance Unassigned line item by $20,000 as noted on the attached fiscal note and Small Departments Vacation and Sick Leave Payout Budget Request Form, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Parks Director.

Dated this 18th day of April, 2023.

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION & ECONOMIC DEVELOPMENT COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for transfer from small department sick and vacation payout fund for Parks

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Operational Impact (i.e. risks, productivity, cost, etc) if not allowed to fill the vacated position until the vacation and sick payout is recovered on a budgetary basis: The Parks Caretaker II position plays a vital role in our department, specifically during our busiest months (April – October). This person is responsible for the Children's Farm, grass mowing, and other general maintenance duties. This role is especially critical in the months before our seasonal crew arrives. Given the difficulties we are currently experiencing with recruiting seasonal employees, this position becomes even more vital to departmental operations. The person retiring has been with the County for 39 years and is taking a lot of knowledge with him. Given that, it is the intent to have two weeks of overlap with his successor for training purposes. Therefore, we are requesting a transfer from the Small Department Sick and Vacation Fund for $20,000 in order to assist with starting the new staff early and funding a portion of the sick and vacation payout.

The current balance of the small department sick and vacation payout fund is $504,906.

Current Year Budget Impact **(Check one or more of the following boxes)**

[ ] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (X) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? yes (X) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	(DECREASE) AMOUNT

Department	Parks
Department Head	Loren Dieck
Date	3/30/2023
Position Vacated	Parks Caretaker II
Vacation and Sick Payout Estimate	$22,800
Budgeted Transfer Request Amount	$20,000

Operational Impact (i.e. risks, productivity, cost, etc) if not allowed to fill the vacated position until the vacation and sick payout is recovered on a budgetary basis: This position plays a vital role in our department, specifically during our busiest months (April – October). This person is responsible for our beloved Children's Farm, grass mowing, and other general maintenance duties. This role is especially critical in the months before our seasonal crew arrives. Given the difficulties we are currently experiencing with recruiting seasonal employees; this position becomes even more vital to departmental operations. The person retiring has been with us for 39 years and is taking a lot of knowledge with him. That said, we would like to have his successor spend a couple weeks with him for training purposes prior to his departure.

Outagamie County 4-18-23 County Board Meeting - April 18 2023 04:23:34 PM

April 18, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 6—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

It is necessary that various accounts of Outagamie County be closed as of December 31, 2022, except special funds, commonly known as Revolving Funds, which are in the best interest of Outagamie County to remain intact. The budget adjustments will be made to the 2023 budget.

Resolution 3—2023-24, also presented to the County Board on April 18, 2023, included the majority of the requested County's Revolving Funds for the year 2022 into 2023. However, the resolution did not include the Highway Department Revolving Funds, as the amounts were not available at that time.

This resolution approves the Highway Department related revolving funds that were not included in the original requested resolution. These items will be included in the budget adjustments that will be made to the 2023 budget.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of all excess or deficiency of revenues over/under expenditures and unexpended appropriations of the various accounts reverting back to the County's General Fund or from the General Fund as indicated in the attached fiscal note and summary pages, with the exception of those expenses, revenues or transfers as detailed in the attachments, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, unless detailed otherwise on the attachment, that should any closed projects have excess funding (except highway project funded that will be applied to the following year's budget), those funds will be returned to the General Fund, or if legally required, to the Debt Service fund, and

BE IT STILL FURTHER RESOLVED, that all of the following accounts shall not lapse to the County's General Fund: County Roads & Bridges Fund; Highway Fund; Capital Projects – Highway Related, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director.

Dated this 18th day of April, 2023

Respectfully Submitted,

FINANCE COMMITTEE

Nadine Miller

Chris Croatt

John Cuff

Karen Lawrence

Steve Thiede

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Revolving Funds Request 2022 to 2023 – Highway Related Funds not included in previous revolving funds resolution.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Resolution #3-2023/2024 was the original resolution that includes the majority of the requested County's Revolving Funds for the year 2022 into 2023. This resolution is going to the Board also on April 18th. That original resolution did not include the Highway Revolving Funds as the amounts were not available at that time. This fiscal note and attachment includes the Highway related revolving funds not included in that original request and resolution. These items will be included in the budget adjustments that will be made to the 2023 budget.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (X) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (X) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
See attached			

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes ( ) no ( ) n/a (X)

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost 0 Annual Revenue 0

Outagamie County 4-18-23 County Board Meeting - April 18 2023 04:25:04 PM
April 18, 2023 County Board Meeting
OpenMeeting

RESOLUTION NO.: 7—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Wisconsin Public Service Commission Broadband Office has awarded New North, Inc. a Broadband, Equity, Access and Deployment (BEAD) Local Planning Grant. New North, Inc. has formed the New North Broadband Alliance to work in partnership with counties within New North Inc.'s region, including Outagamie County, to coordinate and align planning activities across the region. Per the terms of the attached Memorandum of Understanding (MOU) between Outagamie County and New North Inc., Outagamie County would receive up to $10,000 to help compensate for county staff time needed to conduct county responsibilities as outlined in Section 3 of the MOU. Affordable, reliable, high-speed broadband service was identified as one of the key investment targets as part of the county's American Rescue Plan Act (ARPA) implementation and this planning effort will assist in that endeavor. Since the staff time is already budgeted and no additional hours are needed, the budget entry will be to accept the additional funding and reduce the fund balance applied line item.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of entering into the attached Memorandum of Understanding (MOU), which by reference is made a part hereof, with New North, Inc. to provide support for the Public Service Commission (PSC) Broadband, Equity, Access and Deployment (BEAD) Local Planning Grant project, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Development and Land Services Office to accept and expend $10,000 in BEAD Local Planning Grant funding to help compensate for county staff time needed to conduct responsibilities related to implementation of affordable, reliable, high-speed broadband service, and

BE IT STILL FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Development and Land Services, Miscellaneous line item by $10,000 and decreasing the General Fund Surplus, Fund Balance Applied line item by $10,000, as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Development and Land Services Director.

Dated this 18th day of April, 2023

Respectfully Submitted,

FINANCE COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Accept and Expend Broadband, Equity, Access and Deployment (BEAD) Local Planning Grant

2. **Description:** The Wisconsin Public Service Commission Broadband Office has awarded New North, Inc.a Broadband, Equity, Access and Deployment (BEAD) Local Planning Grant. New North Inc. has formed the New North Broadband Alliance to work in partnership with counties within New North Inc.'s region, including Outagamie, to coordinate and align planning activities across the region. Per the terms of the attached Memorandum of Understanding between Outagamie County and New North Inc., Outagamie County would receive up to $10,000 to help compensate for county staff time needed to conduct county responsibilities as outlined in Section 3 of the MOU. Affordable, reliable, high-speed broadband service was identified as one of the key investment targets as part of the county's American Rescue Plan Act (ARPA) implementation and this planning effort will assist in that effort. Since the staff time is already budgeted and no additional hours are needed, the budget entry will be to accept the additional funding and reduce the fund balance applied.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes (x) no ( ) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (X)

5. Is the proposal to accept additional revenues only? yes (x) no ( )

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (X) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

Memorandum of Understanding

Public Service Commission of Wisconsin (PSC)
Broadband, Equity, Access and Deployment (BEAD) Local Planning Grant

Among Outagamie County and New North, Inc.

New North Broadband Alliance

This Memorandum of Understanding (MOU) is made and entered into by and between Outagamie County and New North, Inc. (New North) in order to provide support for the PSC BEAD Local Planning Grant (project).

1. PURPOSE

a. Outagamie County and New North agree to work together in a collaborative spirit and negotiate in good faith on tasks and deliverables required for the execution of the project for the purposes of providing reports for inclusion in Wisconsin Public Service Commission Broadband Office Broadband Equity, Access, and Deployment (BEAD) Five-Year Action Plan as part of the Federal Bi-Partisan Infrastructure BEAD Program.

b. To be successful both New North and Outagamie County agree to invest time and resources to prepare and plan to improve broadband access locally and throughout the region.

2. TIMEFRAME

a. This MOU shall be effective for the time-period **beginning on the signing of this document and ending on July 1, 2024, which may be continued with the consent of both entities.**

b. This MOU may be extended, with the consent in writing of both parties, to cover other grants or joint activities such as USDA Broadband grants.

3. COUNTY ROLES AND RESPONSIBILITIES

To ensure joint success, Outagamie County shall make its staff, community representatives, volunteers and other resources available to provide the services as outlined:

a. Identify a "Broadband Champion" to act as the main point of contact. This person will:

i. Act as the conduit between New North and OUtagamie County

ii. Attend/Participate in regional and state (if needed) Broadband Champion collaborative meetings (frequency TBD)

iii. On behalf of Outagamie County interact with: WI-PSC, WEDC, UW-Extension, utilities and other entities as required

b. Reach out to stakeholders in the community, which will likely include the creation or continuation of a County Broadband Committee or Task Force;

i. Hosting of events to discuss broadband and barriers to adoption;

ii. Identifying existing broadband activity in support of the vison and goals

c. Assist and/or collaborate to provide content, reports, information as needed to complete project and activities as outline by county through agreed performance period

i. Continue GIS mapping provided by GEO Partners and paid for by WEDC along with other speed testing that each county currently provides

ii. Provide overlay mapping of the various mapping tool results

iii. Submission of an invoice for the full amount of the award to New North as request for reimbursement

d. Participate in regional-level community visioning and goal setting

e. Begin planning and preparation work for possible local and/or regional BEAD grant applications

f. Facilitate broadband related speed tests and/or surveys at the discretion of each county

4. NEW NORTH ROLES AND RESPONSIBILITIES

New North shall make its staff resources available to provide the services as outlined:

a. Perform as Fiscal Agent to PSC – financial management and auditing

b. Function as the Regional point of contact and act as the conduit for information sharing to and from the region

c. Lead regional "Broadband Champion" collaborative meetings (frequency TBD)

d. Coordinate, communicate, share and/or facilitate broadband planning grant related activities statewide

e. Assist with meeting planning and convening of partners, as needed

f. Assist with access to mapping tools through GEO Partners or other entities

g. Assist with use of existing broadband information such as the New North regional Broadband study, Microsoft's Equity information and other existing data sources, demographic data

h. Assist with data collection, primarily acting as a broadband library and information access coordination

i. Provide the WI-PSC report outline or work with partners to create an outline for the initial regional 5yr plan broadband plan

j. Include Broadband Workforce Planning reports and Digital Equity Reports as part of overall regional submission

k. Coordinate the dissemination of WEDC's Broadband Toolkit and UW Extension's educational material/technical assistance

l. Submit the required deliverables to PSC by June 19, 2023

5. REPORTING REQUIREMENTS

New North shall

a. Administer funds and submission of related request for payment requirements

b. Consolidate, prepare and submit required regional documentation and reports as per PSC grant agreement:

i. Required deliverables by June 19, 2023
ii. Interim Project Status Report
iii. Final Project Status Report

Outagamie County shall

a. Provide all initial information generated by Outagamie County for the PSC BEAD Local Planning Grant shall be provided to the New North by Monday, May 29, 2023.

b. See Also #6 Compensation and Billing

6. **Compensation and Billing – Total Allocation $302,567.25**

   a. $30,000 - New North, Inc. - Project management responsibilities to include contract administration, financing, audit, reporting, state agencies' point of contact

   b. $225,000 - *$15,000 to each participating county (15) to help compensate for county responsibilities as noted in Section 3

      Amount of individual county award would depend if county decides to use their staff for layered mapping/data aggregation or would want to participate in a shared GIS mapping position for the purposes of this grant along with a shared data-use agreement with the PSC for additional mapping and survey tools through WISR, which New North would facilitate. ($5,000 of the $15,000 allocation per county towards these activities)

      i. County would provide New North with an invoice for the amount of $15,000 or other agreed upon amount. Payment of invoice will be made upon receipt of findings for report completion (May 29, 2023 or sooner).

   c. $47,567.25 - New North's Broadband Alliance Activities - available for additional mapping, data collection, and reporting activities as agreed upon by participating counties

   d. At Counties discretion, New North can act as a coordinator to pool funds for additional Broadband related activity such as multi-county mapping, survey and/or outreach efforts.

7. **Amendments, Renewal & Termination**

   a. This MOU and its provisions may be modified or amended only by written mutual agreement of the parties at any time during the effective time period.

   b. The termination of this agreement can be initiated by any of the parties with the provision of a 30-day written notice stating the reasons for termination. Parties shall negotiate in good faith prior to termination.

   c. Termination, or non-participation does not eliminate the Monday, May 29, 2023 reporting requirement. Outagamie County shall be compensated by New North for work complete up to, and through the termination date.

8. **Acceptance of Terms**

This MOU and its conditions, terms and expectations are hereby agreed upon and will be upheld to the highest of standards.

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, May 9, 2023.

The Board met pursuant to adjournment, and was called to order by Chairperson Nooyen at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 32 present, 4 absent. Members present: Thompson, Miller, Patience, Gabrielson, Konetzke, Hammen, Lawrence, Lamers, Ferguson, McCabe, Hermes, MacDonald, Schroeder, Croatt, Cooke, Santonato, Cuff, Hagen, Klemp, Thiede, Nooyen, Weinberg, Culbertson, Monfils, Winterfeldt, Nejedlo, Clegg, Thyssen, VanderHeiden, Rettler, Koury, and Lautenschlager. Members Absent: Smith, Krueger, Wegand, Spears.

The Board Chairperson requested the Board's confirmation to excuse Supervisors Smith, Krueger, Wegand, and Spears. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Nooyen.

MINUTES OF THE APRIL 18, 2023 COUNTY BOARD MEETING
Supervisor Croatt moved, seconded by Supervisor Cooke, to approve the minutes of the April 18, 2023, County Board meeting.

ROLL CALL: 30 yes, 2 abstain (Schroeder, Monfils), 4 absent. MINUTES OF THE APRIL 18, 2023, BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS
Major Cooper, Equity, Diversity and Inclusion Officer and Lisa Lux, Human Resources Director, will give a brief update related to equity, diversity and inclusion

Lisa Lux, Human Resources Director, introduced Major Cooper, Equity, Diversity and Inclusion Officer (EDI). EDI Cooper joined Outagamie County in December 2022. This position was created in 2021 as a position that was focused internally.

The focus of the position is creating the best employment experience for employees and the best client experience for those that the County serves. EDI Cooper provided an update on the progression and accomplishments that have been made since joining the County in December 2022.

EDI Cooper has been focused on laying a foundation for changes in the culture at Outagamie County. EDI Cooper provided a definition of equality vs equity, diversity, and inclusion.

The three areas of focus within EDI have been relationship building, culture and values, and education. EDI Cooper gave examples of what has been taking place in each of these highlighted areas:

Relationship Building:

- EDI Cooper has focused on meeting internally with several department heads and employees.
- EDI Cooper has met with the Utech Group as well as the Culture Team to learn about the values created.
- EDI Cooper has presented EDI at New Employee Orientation—new employees recognize their

value to the County from day one.
- Implemented a first 30-day check in with new employees.
- Externally a member of a team hosting Hispanic High School College and Career Fair. Helping students understand there are opportunities at the County right out of high school and different college majors that provide opportunities at the County as well.
- Collaborating with the DEI Coordinator for City of Appleton for joint initiatives.
- Collaborating with Lawrence VP of DEI to showcase Outagamie County jobs.
- Co-host Madison 365 Northwest DEI Leadership Conference-presented on a panel about the good things that Outagamie County is doing.
- Board member for Fox Valley Boys and Girls Club STAR Program.
- Member for New North DEI Roundtable.

Culture and Values:
- Did 1 on 1's with the original culture team and department personality.
- Started to meet with Department Heads to discuss the implementation of the County Core Values.
- EDI Cooper has met with 50 percent of County Departments and discussed the County Core Values.
- The plan is that 100 percent of departments will discuss the County Core Values by June.
- Creating an upcoming Day of Service for the County.

Education:
- EDI Connections and Conversations
- EDI Book Club
- Trainings for Departments on EDI Topics
- EDI interview questions for recruitment
- Civil Rights trainings and updates
- EDI panel discussions

EDI Cooper presented his plans for the 2nd quarter of 2023:
- Create opportunities for employees to educate the County on their culture
- Employee summer cookout
- EDI Leadership series
- Plan for Value Conference Fall 2023
- Review County Holiday Schedule to change days that can be equitable to all

Supervisor Questions/Comments followed.

ESTABLISH ORDER OF THE DAY

Chairperson Nooyen reported the request to have Resolution Nos. 8, 9, 11, 12, 13 and 15 —2023-24 locked in at the meeting.

Chairperson Nooyen asked for unanimous consent to handle reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

COMMUNICATIONS –

COMMUNICATION REFERRAL LIST

May 9, 2023 County Board Meeting

No.	Adopted Date	Received From	Subject	Referred To
1	04/18/2023	Price County	Resolution 9-23 Request the State of Wisconsin to Use a Portion of the 2023 Budget Surplus for Maintenance of the County Trunk Highway System	Highway, Recycling and Solid Waste Committee
2	04/12/2023	La Crosse County	Resolution # 2-4/23 Requesting the State to Revise the Current Real Estate Transfer Fees Revenue Sharing Formula	Resolution No.: 14-2022-23
3	04/18/2023	Green Lake County	Resolution Number 7-2023 Resolution Recommending Revision to State Renewable Energy Contract Regulations	Zoning Committee

Chairperson Nooyen summarized the following communications:

- The County Executive's Report is in Drop Box.
- March IT training needs to be completed by one remaining Supervisor. Legislative Services has emailed a link to this Supervisor for completion.
- For planning purposes, there will be two meetings in June. The 2nd meeting in June will include an update from McGrath on the total rewards study.
- The latest issue of Wisconsin Counties magazine has a number of articles addressing county board operations.
- Corporation Counsel Kyle Sargent updated the County Board in regards to a previous discussion on text messaging and emailing during County Board meetings. These communications could be considered as quorums within the quorum and as communications not put on record. Corporation Counsel Sargent asked that Supervisors be cautious.

PUBLIC PARTICIPATION FOR A PERIOD OF FIFTEEN MINUTES (PERTINENT TO THE RESOLUTIONS OF THE DAY) – none.

APPOINTMENTS—

County Executive Nelson nomination for re-appointments of Roy Hegard and Bob Stadel to the Board of Adjustment Zoning Ordinance; said terms expiring June 30, 2026.

Supervisor Konetzke moved, seconded by Supervisor Hagen, for confirmation of the above-listed re-appointments.

ROLL CALL: 30 yes, 1 no (Lautenschlager), 1 abstain (Koury), 4 absent. ROY HEGARD AND BOB STADEL ARE RE-APPOINTED TO THE BOARD OF ADJUSTMENT ZONING ORDINANCE.

County Executive Nelson nomination for appointment of Ryan Weyers to the Outagamie County Local Emergency Planning Committee; said term expiring June 30, 2025.

Supervisor Konetzke moved, seconded by Supervisor Cuff, for confirmation of the above-listed appointment.

ROLL CALL: 31 yes, 1 no (Hermes), 4 absent. RYAN WEYERS IS APPOINTED TO THE OUTAGAMIE COUNTY LOCAL EMERGENCY PLANNING COMMITTEE.

REPORT BY THE COUNTY EXECUTIVE– County Executive Thomas Nelson gave an Administrative Update.

There is a lot of new business coming before the Administration and the County Board in the next six months.

Administration has been working with two firms in the recruitment of the Director of Finance position. There is an application being reviewed later this week.

The initial results from the total rewards study have been received. There will be a second County Board meeting in June to address the total rewards study. In connection, the State is currently in serious discussion of local funding reform.

Airport Director Abe Weber has been working closely with Senator Rachael Cabral-Guevara and the Legislature on allocating approximately $11 million to the concourse expansion.

The Plamann Park pavilion is going to be opening this summer. Thank you to the County Board, Finance Committee, and Property Committee for all of their support on this project.

UNFINISHED BUSINESS – None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Resolution No. Z-1–2023-24 –Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve the rezone request for Gregory and Kerri Klister, for parcels 030066100, approximately 1.56 acres, from the Local Commercial District and 030065700, approximately 3.18 acres, from the General Agriculture District, both parcels to be rezoned to the Planned Commercial District, in the Town of Buchanan, as noted on the attachments.

Supervisor VanderHeiden moved, seconded by Supervisor Lautenschlager, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. Z-1—2023-24 IS ADOPTED.

Resolution No. Z-2–2023-24 –Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve the rezone request submitted by the Town of Grand Chute, for parcel 101033003, approximately 1.01 acres, from the General Agriculture District to the Planned Commercial District, in the Town of Grand Chute, as noted on the attachments.

Supervisor Weinberg moved, seconded by Supervisor Thiede, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. Z-2—2023-24 IS ADOPTED.

Resolution No. 8—2023-24 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve to support pending legislation that would make changes to the State Wildlife Damage Abatement and Claims Program, as noted on the resolution.

Supervisor VanderHeiden moved, seconded by Supervisor Lautenschlager, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 8—2023-24 IS ADOPTED.

Resolution No. 9—2023-24 – Health and Human Services Committee. Approve of entering into the Professional Services Agreement (attached to the resolution) with MSA Professional Services, Inc., for design work for an accessible Canoe/Kayak launch at the Koepke Access Point, and approve to increase the Aging Services line items, as noted on the fiscal note.

Supervisor Gabrielson moved, seconded by Supervisor McCabe, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 9—2023-24 IS ADOPTED.

Resolution No. 10—2023-24 – Highway, Recycling and Solid Waste Committee. Respectfully request additional funding through budgetary surplus be allocated to the County General Transportation Aids appropriation as well as for the Local Roads Improvement Program for the backlog of maintenance on the county trunk highway system.

Supervisor Hagen moved, seconded by Supervisor Clegg, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 10—2023-24 IS ADOPTED.

Resolution No. 11—2023-24 – Highway, Recycling and Solid Waste Committee. Approve of granting We Energies an easement for the area described as a strip of land ten (10) feet in width being a part of grantor's premises in the Southeast ¼ of the Southeast ¼ of Section 17, Township 21 North, Range 18 East, in the Village of Little Chute, as shown on the attachments.

Supervisor Nejedlo moved, seconded by Supervisor Hagen, for adoption.

ROLL CALL: 31 yes, 1 abstain (Hermes), 4 absent. RESOLUTION NO. 11—2023-24 IS ADOPTED.

Resolution No. 12—2023-24 – Legislative/Audit and Human Resources Committee. Approve an in-year Table of Organization (TO) request to move one full-time Mental Health Court Coordinator position from the Health and Human Services Mental Health TO to the Criminal Justice Treatment Services TO along with the related budget adjustments for 2023, as noted on the attachments.

Supervisor Gabrielson moved, seconded by Supervisor Patience, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 12—2023-24 IS ADOPTED.

Resolution No. 13—2023-24 – Legislative/Audit and Human Resources Committee. Approve an in-year Table of Organization (TO) request to move one full-time Drug & Alcohol Treatment Coordinator position from the Health and Human Services Mental Health TO to the Criminal Justice Treatment Services TO along with the related budget adjustments for 2023, as noted on the attachments.

Supervisor Patience moved, seconded by Supervisor Schroeder, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 13—2023-24 IS ADOPTED.

Resolution No. 14—2023-24 – Legislative/Audit and Human Resources Committee. Approve the Administrative Rule AR-2023-02 (attached), replacing AR-2022-02, which amends the County Employee Handbook with adjustments and clarifying language to reflect current practice in several areas (as noted on the resolution and attachments), and will be on file in the County Clerk's Office in a manual labeled "Outagamie County Administrative Rules".

Supervisor Santonato moved, seconded by Supervisor Cooke, for adoption.

ROLL CALL: 30 yes, 2 no (MacDonald, Thiede), 4 absent. RESOLUTION NO. 14—2023-24 IS ADOPTED.

Resolution No. 15—2023-24 – Legislative/Audit and Human Resources Committee. Respectfully request that the State of Wisconsin provide regular revenue increases for mandated county programs at the rate of inflation in order to maintain programs operated by the County for the benefit of Wisconsin residents, and respectfully request that the Shared Revenue program be increased in order to provide additional state aid to local governments.

Supervisor Konetzke moved, seconded by Supervisor Cuff, for adoption.

Outagamie County — **5-9-23 County Board Meeting - May 9 2023 07:48:48 PM**

May 9, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: Z-1—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Buchanan has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Buchanan be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for Gregory and Kerri Klister. The proposed rezoning is for parcel 030066100 approximately 1.56 acres, from the Local Commercial District, to the Planned Commercial District and a portion of parcel 030065700, approximately 3.18 acres, from the General Agriculture District to the Planned Commercial District. The parcel is located east of State Highway 55 in the Town of Buchanan, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Clerk of the Town of Buchanan.

Dated this 9th day of May 2023

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING & LAND CONSERVATION COMMITTEE

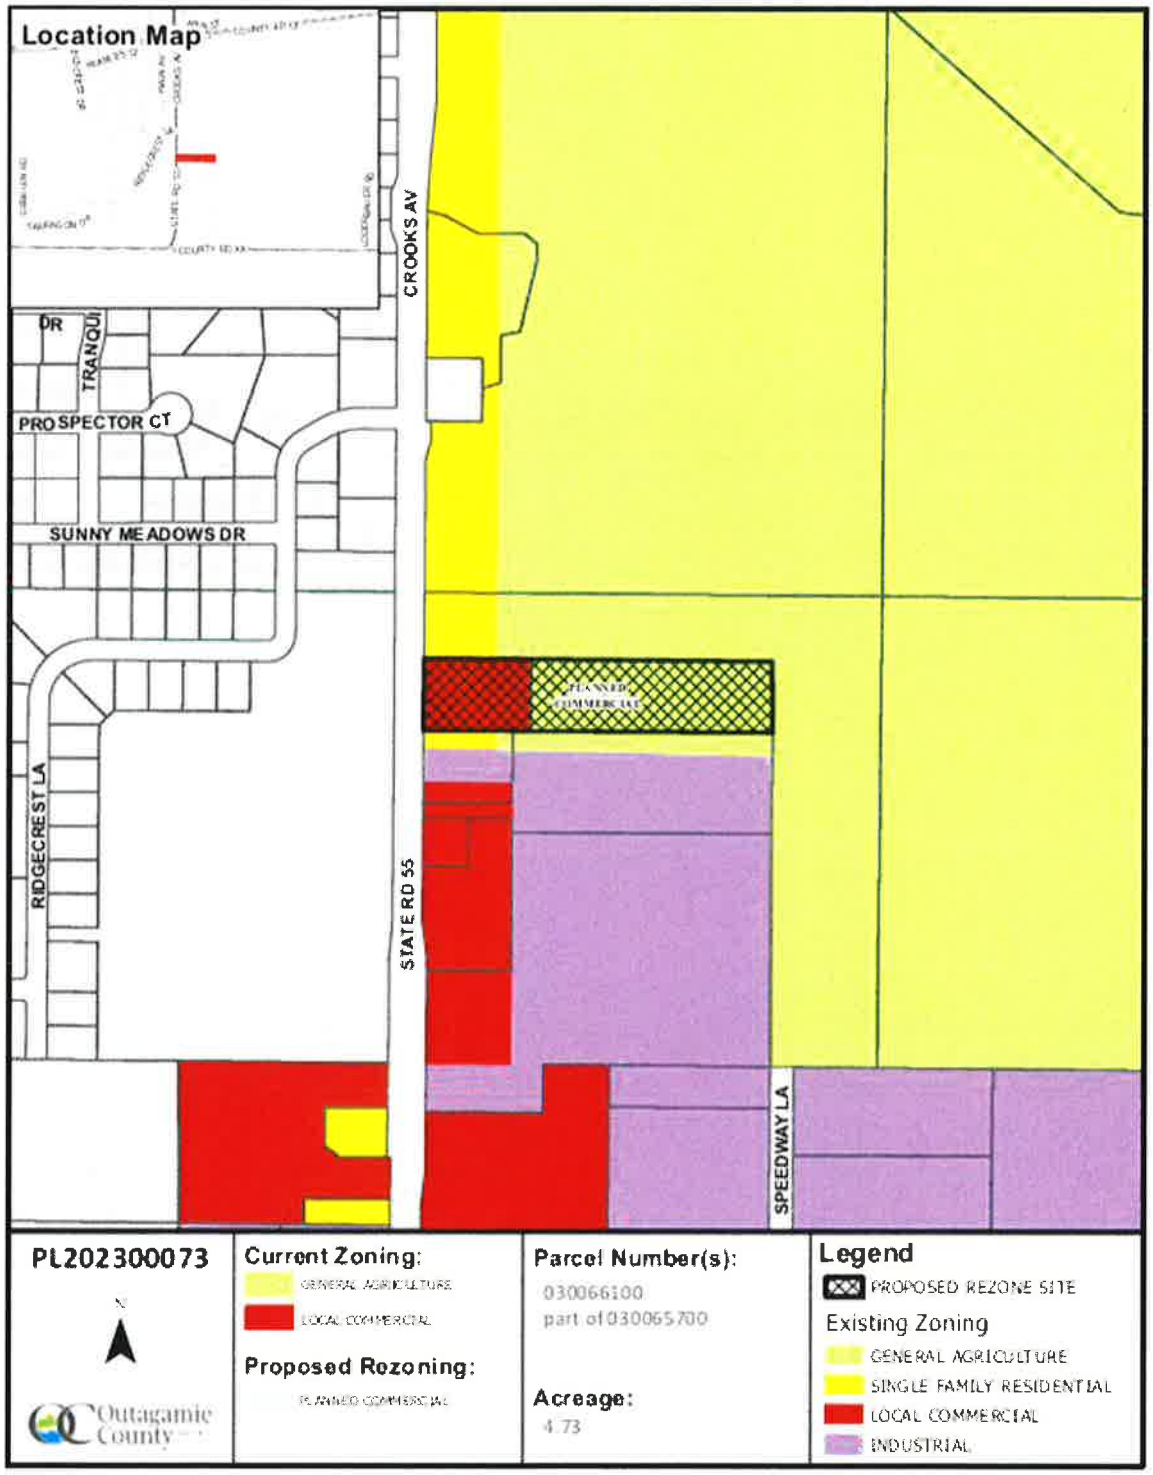
MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Sadie DiNatale Burda, Principal Planner
DATE: March 27, 2023
RE: PL202300073 – Town Rezoning - Town Review & Recommendation

Application Details:

Applicant / Property Owners:	Cynthia Sieracki, Town of Buchanan, on behalf of Gregory and Kerri Klister (property owners)
Request:	Rezoning - Town
Parcel(s):	030066100 and a portion of 030065700
Location:	East of HWY 55 TOWN OF BUCHANAN
Public Hearing:	February 13, 2023 at 7:00 PM held by Town of Buchanan

Background & Analysis:
A Town Rezoning request was received from the Town of Buchanan, as depicted on the Rezoning Map (Exhibit 1). The proposal would rezone parcel 030066100 (approx. 1.56 acres) from the Local Commercial District to the Planned Commercial District and a portion of parcel 030065700 (approx. 3.18 acres) from the General Agriculture District to the Planned Commercial District. The rezone would accommodate an indoor volleyball court, and potentially condominiums in the future. More information is located in the Town's staff memo (Exhibit 2).



The site contains no significant environmental indicators of concerns.

The Town of Buchanan exercises village powers and adopted General Town Zoning; as such, the County is not statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3).

The Town of Buchanan found this rezoning consistent with its Comprehensive Plan. The Town reviewed the request at a public hearing held on February 13, 2023 and the Town Board voted to approve this request on March 6, 2023.

Staff Recommendation:
Based on our review and the above analysis of this proposed Rezoning - Town, Staff recommends to: approve the rezoning of parcel 030066100 (approx. 1.56 acres) from the Local Commercial District to the Planned Commercial District and a portion of parcel 030065700 (approx. 3.18 acres) from the General Agriculture District to the Planned Commercial District.

MEMORANDUM

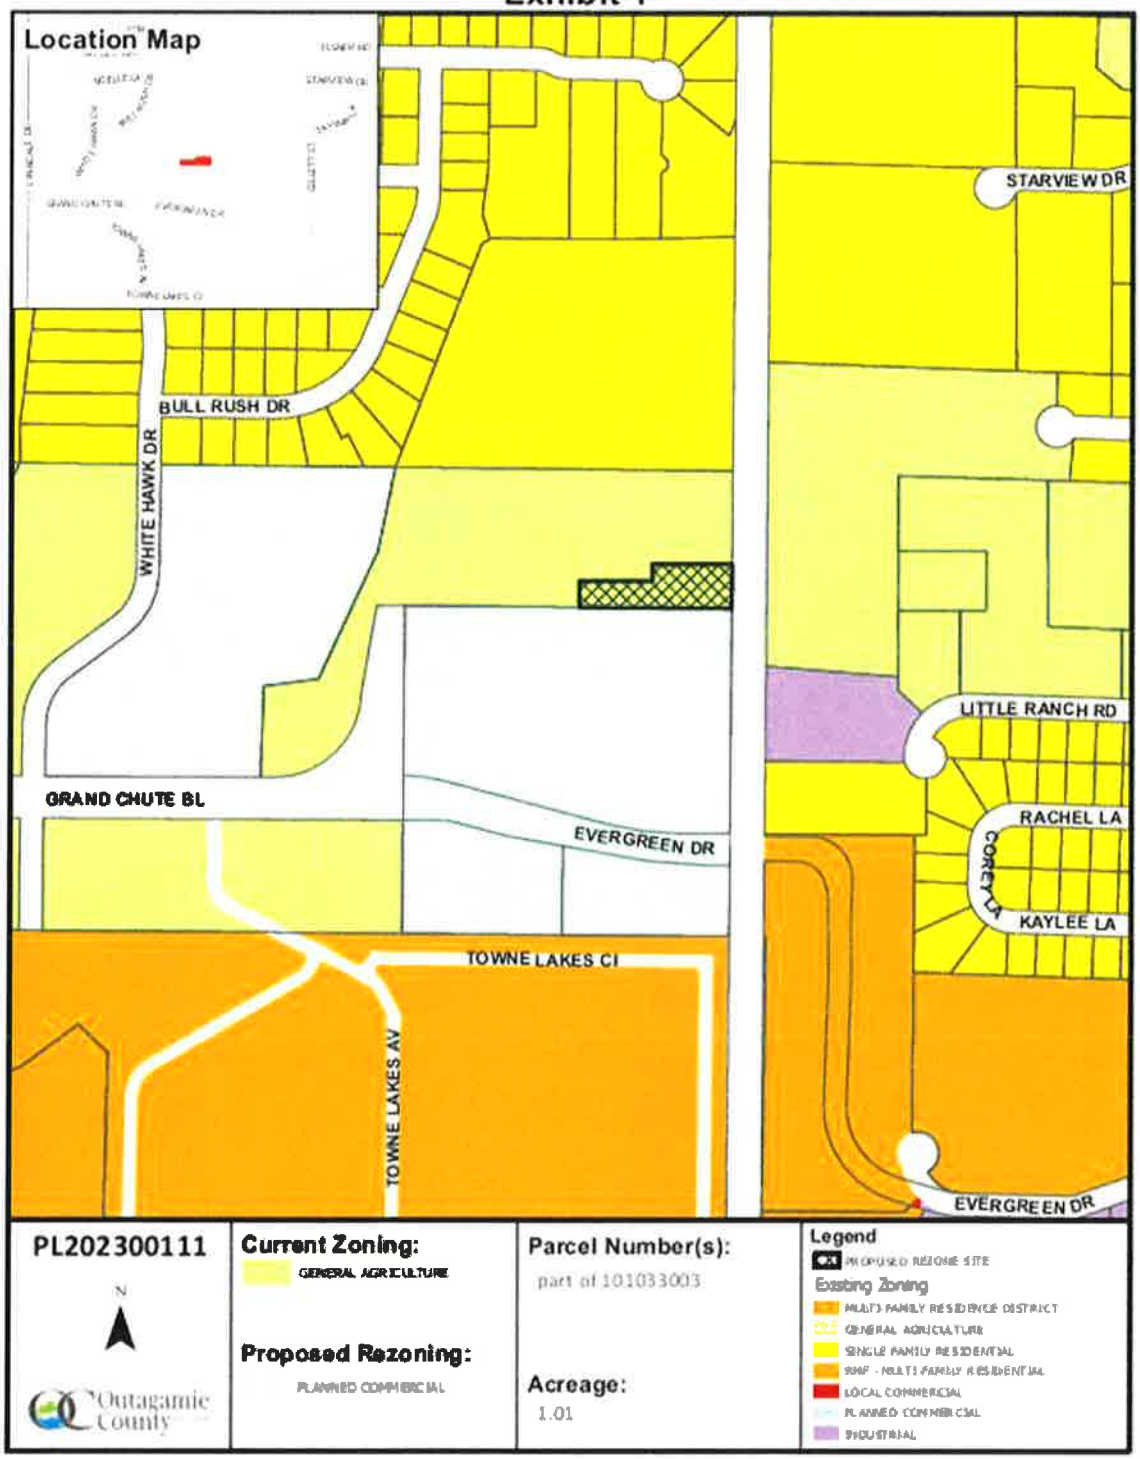
TO: Outagamie County Zoning Committee
FROM: Sadie DiNatale Burda, Principal Planner
DATE: April 12, 2023
RE: PL202300111 – Town Rezoning - Town Review & Recommendation

Application Details:

Applicant / Owner:	Tracy Olejniczak, Town Clerk, on behalf of Town of Grand Chute (Owner)
Request:	Rezoning - Town
Parcel(s):	A portion of 101033003, see Exhibit 1
Location:	North of Grand Chute's Town Hall TOWN OF GRAND CHUTE
Public Hearing:	March 21, 2023 at 6:00 PM held by the Town of Grand Chute

Background & Analysis:

A Town Rezoning request was received from the Town of Grand Chute, as depicted on the Rezoning Map (Exhibit 1). The proposal would rezone a portion of parcel 101033003 (1.01 acres) from the General Agriculture District (AGD) to the Planned Commercial District (CP) to allow for the expansion of the Town of Grand Chute's Public Works yard and their Police Department's vehicles/evidence impoundment lot. More information is located in the Town's staff memo (Exhibit 2).



A portion of the site to be rezoned contains presence of hydric soils. However, stormwater and erosion control jurisdiction rests with the Town of Grand Chute; the Town would determine whether a wetland delineation is required prior to development of the site.

The Town of Grand Chute exercises village powers and adopted General Town Zoning; as such, the County is not statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3).

The Town of Grand Chute found this rezoning consistent with its Comprehensive Plan, which designates this area as Town Center. The Town reviewed the request at a public hearing held on March 21, 2023 and the Town Board voted to approve this request on April 6, 2023.

Staff Recommendation:
Based on our review and the above analysis of this proposed Rezoning - Town, Staff recommends to: approve the rezoning of parcel 101033003 (1.01 acres) from the General Agriculture District (AGD) to the Planned Commercial District (CP).

Outagamie County — 5-9-23 County Board Meeting - May 9 2023 07:53:00 PM

May 9, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 8—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The State Wildlife Damage Abatement and Claims Program (WDACP), fully funded by a surcharge on hunting licenses, is a voluntary Department of Natural Resources (DNR) program to assist a person who owns, leases, or controls land on which certain wild animals cause damage to crops or livestock the ability to apply to the county for wildlife damage claim payments and for wildlife damage abatement assistance. Wildlife damage payments include damage caused by deer, bears, geese and cougars, as well as elk and sandhill cranes if hunting those animals is authorized. The Outagamie County Land Conservation Department currently contracts with a representative from USDA Animal and Plant Health Inspection Service for the Wildlife Damage Program, with said claims reviewed by the Land Conservation Committee.

There is pending legislation that would make changes to the Wildlife Damage Abatement and Claims program by requiring the DNR to administer the wildlife damage abatement program and the wildlife damage claim program in a county that does not administer one or both of these programs.

Additionally, pending legislation would eliminate a $10,000 limit under current law on the total amount that may be paid to a claimant for each wildlife damage claim. The pending legislation maintains the current law requirement that the DNR pay wildlife damage claimants on a prorated basis if there is not a sufficient amount appropriated to pay all the claims.

Additionally, pending legislation would eliminate the requirement under current law that a county participate in the administration of the WDACP in order to be eligible for reimbursement by DNR for the costs that the county incurs in processing and donating venison from cetain deer carcasses and in processing and donating meat from certain wild turkey carcasses.

Additionally, pending legislation would add that damage to commercial seedings or crops growing on agricultural land caused by operating a vehicle in a field in order to place a bear trap under the wildlife damage abatement program is eligible for a wildlife damage claim payment.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning & Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does support pending legislation that would make changes to the State Wildlife Damage Abatement and Claims Program (WDACP) by requiring the Department of Natural Resources (DNR) administer the wildlife damage abatement program and the wildlife damage claim program in a county that does not administer one or both of these programs; eliminating a $10,000 limit on the total amount that may be paid to a claimant for each wildlife damage claim; eliminating the requirement that a county participate in the administration of the WDACP in order to be eligible for reimbursement by DNR for the costs that the county incurs in processing and donating deer carcasses and wild turkey carcasses; and adding that damage to commercial seedings or crops growing on agricultural land caused by operating a vehicle in a field in order to place a bear trap under the wildlife damage abatement program is eligible for a wildlife damage claim payment, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Wisconsin Counties Association and the Outagamie County Lobbyist for distribution to the State Senators and State Representatives representing Outagamie County and the Governor of the State of Wisconsin.

Dated this 9th day of May 2023

Analysis by the Legislative Reference Bureau

This bill makes changes to the wildlife damage abatement program and the wildlife damage claim program.

Current law authorizes a person who owns, leases, or controls land on which certain wild animals cause damage to crops or livestock (wildlife damage) to apply to the county for wildlife damage claim payments and for wildlife damage abatement assistance (wildlife damage payments). Wildlife damage for which a person is

eligible to receive wildlife damage payments includes damage caused by deer, bears, geese, and cougars, as well as elk and sandhill cranes if hunting those animals is authorized. Current law requires that, to be eligible for wildlife damage payments, the location must be in a county that participates in the administration of these programs. A county must apply to the Department of Natural Resources to administer these programs, including in its application a plan of administration that meets certain requirements. Once approved, DNR provides funding to the county for the costs incurred in administering these programs.

Under current law and DNR rule, a county pays 75 percent of the actual costs of providing wildlife damage abatement assistance, for which it is reimbursed by DNR, and the person receiving the assistance pays 25 percent of the costs. DNR pays wildlife damage claims directly.

Effective January 1, 2024, DNR is required to administer the wildlife damage abatement program and the wildlife damage claim program in a county that does not administer one or both of those programs. The bill specifies that, if DNR administers the wildlife damage abatement program in a county and provides wildlife damage abatement assistance to a person, DNR must determine the actual cost of providing that assistance and pay 75 percent of that cost, leaving the remaining 25 percent as the responsibility of the recipient.

The bill eliminates a $10,000 limit under current law on the total amount that may be paid to a claimant for each wildlife damage claim. The bill maintains the current law requirement that DNR pay wildlife damage claimants on a prorated basis if there is not a sufficient amount appropriated to pay all claims.

The bill also eliminates the requirement under current law that a county participate in the administration of these programs in order to be eligible for reimbursement by DNR for the costs that the county incurs in processing and donating venison from certain deer carcasses and in processing and donating meat from certain wild turkey carcasses.

Under current law, the type of wildlife damage that is eligible for wildlife damage claim payments is limited to damage to commercial seedings or crops growing on agricultural land, damage to crops that have been harvested for sale or further use but that have not been removed from the agricultural land, damage to orchard trees or nursery stock, and damage to apiaries or livestock. The bill adds that damage to commercial seedings or crops growing on agricultural land caused by operating a vehicle in a field in order to place a bear trap under the wildlife damage abatement program is eligible for a wildlife damage claim payment.

Under current law, if the amount of a wildlife damage claim exceeds $500 but does not exceed $5,250, the claimant is paid 100 percent of the amount, and if the amount of the claim exceeds $5,250, the claimant is paid that amount plus 80 percent of the amount that exceeds $5,250. The bill increases the wildlife damage claim amount threshold from $5,250 to $5,500.

Under current law, with certain exceptions, a person may receive wildlife damage payments only if the person opens the land for hunting the type of animal that caused the wildlife damage. Under this bill, this hunting requirement does not apply to a person who receives wildlife damage abatement assistance to acquire a

bear trap for land the person leases if the person waives any eligibility to receive a wildlife damage claim payment for damage caused by bears.

Under the bill, effective June 30, 2023, DNR must require all bear traps acquired with wildlife damage abatement assistance to be equipped with remote monitors, including traps placed under the program prior to the effective date of the bill.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 20.370 (5) (fq) of the statutes is amended to read:

20.370 **(5)** (fq) *Wildlife damage claims and abatement.* All moneys received under ss. 29.181, 29.559 (1r), and 29.563 (13) and not appropriated under par. (fr) and subs. (1) (hs), (hx), and (Ls) and (5) (fs) to provide state aid for the wildlife damage abatement program under s. 29.889 (5) (c) and the wildlife damage claim program under s. 29.889 (7) (d), for department administration costs under s. 29.889, for county administration costs under s. 29.889 (2) (d), and for payments under s. 29.89.

SECTION 2. 29.889 (1) (intro.) of the statutes is amended to read:

29.889 **(1)** DEFINITION. (intro.) In this section, ~~"wildlife:~~

(b) "Wildlife damage" means damage caused by any of the following wild animals that are not subject to regulation under ch. 169:

SECTION 3. 29.889 (1) (am) of the statutes is created to read:

29.889 **(1)** (am) "Administrator" means a county that administers the wildlife damage abatement program or the wildlife damage claim program or the department with respect to one or both of those programs if the program or programs are not administered by the county.

SECTION 4. 29.889 (2) (a) of the statutes is amended to read:

29.889 **(2)** (a) *Assistance.* The department shall assist participating counties in developing and administering the wildlife damage abatement and wildlife damage claim programs. The department shall provide this assistance through technical aid, program guidance, research, demonstration, funding, plan review, audit, and evaluation services.

SECTION 5. 29.889 (2) (am) of the statutes is created to read:

29.889 **(2)** (am) *Administration.* If a county does not administer the wildlife damage abatement program or the wildlife damage claim program, the department shall administer that program in that county. The department shall maintain a list of participants in the programs that it administers and shall make the list available for public inspection.

SECTION 6. 29.889 (3) (a) of the statutes is repealed.

SECTION 7. 29.889 (4) (a) of the statutes is repealed.

SECTION 8. 29.889 (4) (b) of the statutes is amended to read:

29.889 **(4)** (b) *Filing of application.* In order to be eligible for wildlife damage abatement assistance, a person is required to file an application with the ~~participating county~~ administrator in a form acceptable to the ~~county~~ administrator. An owner or lessee of land, a person who controls land, or an owner of an apiary or livestock may file an application.

SECTION 9. 29.889 (5) (a) of the statutes is amended to read:

29.889 **(5)** (a) *Review.* ~~A participating county~~ The administrator shall review each application for wildlife damage abatement assistance it receives to determine if wildlife damage is occurring or likely to occur.

SECTION 10. 29.889 (5) (b) of the statutes is amended to read:

29.889 **(5)** (b) *Assistance.* ~~A participating county~~ The administrator may provide wildlife damage assistance ~~where~~ for the reimbursement of costs associated with wildlife damage abatement measures if all of the following are satisfied:

1. The administrator determines that wildlife damage is occurring or is likely to occur ~~for the reimbursement of costs associated with wildlife damage abatement measures if the~~.

2. If the administrator is a county, the wildlife damage abatement measures are authorized in the plan of administration under sub. (3) (c) 2.

SECTION 11. 29.889 (5) (b) 3. of the statutes is created to read:

29.889 **(5)** (b) 3. If the administrator is the department, the wildlife damage abatement measures are authorized in the rules adopted by the department under sub. (2) (b) and are carried out in full compliance with the direction of the department.

SECTION 12. 29.889 (5) (bm) of the statutes is amended to read:

29.889 **(5)** (bm) *Cost-effectiveness of abatement.* ~~A participating county~~ The administrator may recommend only those wildlife damage abatement measures that are cost-effective in relation to the wildlife damage claim payments that would be paid if the wildlife damage abatement measures are not implemented.

SECTION 13. 29.889 (5) (bs) of the statutes is amended to read:

29.889 **(5)** (bs) *Abatement authorized.* Notwithstanding par. (bm), for damage caused by elk to crops or grasses grown for use by a bird hunting preserve licensed under ch. 169, ~~a participating county~~ the administrator may recommend fencing the affected property as a damage abatement measure.

SECTION 14. 29.889 (5) (c) of the statutes is renumbered 29.889 (5) (c) 1.

SECTION 15. 29.889 (5) (c) 2. of the statutes is created to read:

29.889 **(5)** (c) 2. If the department provides wildlife damage abatement assistance to a person, the department shall determine the actual cost of providing that wildlife damage abatement assistance. The department shall pay 75 percent of the actual cost of providing wildlife damage abatement assistance and shall require the recipient to be responsible for the remaining 25 percent of that cost.

SECTION 16. 29.889 (5) (d) of the statutes is created to read:

29.889 **(5)** (d) *Bear traps.* The department shall require that any bear trap acquired with wildlife damage abatement assistance be equipped with a remote monitor.

SECTION 17. 29.889 (6) (a) of the statutes is repealed.

SECTION 18. 29.889 (6) (d) of the statutes is amended to read:

29.889 **(6)** (d) *Compliance with wildlife damage abatement measures.* In order to be eligible for wildlife damage claim payments for an occurrence of wildlife damage, a person seeking wildlife damage claim payments shall have complied with any wildlife damage abatement measures to abate that wildlife damage that were recommended by the ~~county~~ administrator.

SECTION 19. 29.889 (6) (em) of the statutes is amended to read:

29.889 **(6)** (em) *Type of wildlife damage.* The type of wildlife damage that is eligible for wildlife damage claim payments shall be limited to damage to commercial seedings or crops growing on agricultural land, damage to crops that have been harvested for sale or further use but that have not been removed from the agricultural land, damage to orchard trees or nursery stock, or damage to apiaries or livestock. Damage to commercial seedings or crops growing on agricultural land caused by operating a vehicle in a field in order to place a bear trap pursuant to the wildlife damage abatement program is eligible for wildlife damage claim payment.

SECTION 20. 29.889 (6) (f) of the statutes is amended to read:

29.889 **(6)** (f) *Other eligibility requirements.* In order to be eligible for wildlife damage claim payments, a person is required to comply with eligibility requirements adopted by the department under sub. (2) (b) and, if the administrator is a county, with eligibility requirements specified in the plan of administration under sub. (3) (c).

SECTION 21. 29.889 (7) (a) of the statutes is amended to read:

29.889 **(7)** (a) *Investigation.* ~~A participating county~~ The administrator shall investigate each statement of claim and determine the total amount of the wildlife damage that occurred, regardless of the amount that may be eligible for payment under par. (b).

SECTION 22. 29.889 (7) (b) (intro.) of the statutes is amended to read:

29.889 **(7)** (b) *Calculating amount of payment.* (intro.) In calculating the amount of the wildlife damage claim payment to be paid for a claim under par. (a), the ~~participating county~~ administrator shall determine the amount as follows:

SECTION 23. 29.889 (7) (b) 2. of the statutes is amended to read:

29.889 **(7)** (b) 2. If the amount of claim is more than $500 but not more than ~~$5,250~~ $5,500, the claimant will be paid 100 percent of the amount of the claim that exceeds $500.

SECTION 24. 29.889 (7) (b) 3. of the statutes is amended to read:

29.889 **(7)** (b) 3. If the amount of the claim is more than ~~$5,250~~ $5,500, the claimant will be paid the amount calculated under subd. 2., plus 80 percent of the amount of the claim that exceeds ~~$5,250, subject to subd. 4.~~ $5,500.

SECTION 25. 29.889 (7) (b) 4. of the statutes is repealed.

SECTION 26. 29.889 (7) (bm) of the statutes is amended to read:

29.889 **(7)** (bm) *Multiple counties.* If the land where the wildlife damage occurred is located in more than one ~~participating~~ county and the person files a statement of claim with more than one ~~participating county~~ administrator, the amount of the claim, as determined under par. (a), shall be prorated between or among the ~~participating~~ counties administrators based on the amount of wildlife damage occurring in each county.

SECTION 27. 29.889 (7) (d) 2. of the statutes is amended to read:

29.889 **(7)** (d) 2. The department shall pay claimants under subd. 1. from the appropriation under s. 20.370 (5) (fq) after first deducting from s. 20.370 (5) (fq) the department's administrative costs, payments made for county administrative costs under sub. (2) (d), and payments made for wildlife damage abatement assistance under sub. (5) (c). If the amount remaining after these deductions from the appropriation under s. 20.370 (5) (fq) are not sufficient to pay the full amount required under subd. 1., the department shall pay claimants on a prorated basis.

SECTION 28. 29.889 (7m) (a) of the statutes is amended to read:

29.889 **(7m)** (a) *Requirements.* A person who receives wildlife damage abatement assistance or wildlife damage claim payments and any other person who owns, leases, or controls the land where the wildlife damage occurred shall permit hunting of the type of wild animals causing the wildlife damage on that land and on contiguous land under the same ownership, lease or control, subject to par. (ae). In order to satisfy the requirement to permit hunting under this subsection, the land shall be open to hunting during the appropriate open season. The ~~county, with the assistance of the department,~~ administrator shall determine the acreage of land suitable for hunting, in consultation with the department if the administrator is a county.

SECTION 29. 29.889 (7m) (ar) (intro.) of the statutes is amended to read:

29.889 **(7m)** (ar) *Exemption; land not required to be open to hunting.* (intro.) The requirement under par. (a) does not apply to ~~a~~ any of the following:

1m. A person to whom the department grants a shooting permit for deer causing damage that is issued as an abatement measure recommended under this section if all of the following apply:

SECTION 30. 29.889 (7m) (ar) 1. and 2. of the statutes are renumbered 29.889 (7m) (ar) 1m. a. and b.

SECTION 31. 29.889 (7m) (ar) 2m. of the statutes is created to read:

29.889 **(7m)** (ar) 2m. A person who acquires a bear trap with wildlife damage abatement assistance under this section if all of the following apply:

a. The person leases the land on which the trap is placed.

b. The person waives any eligibility to receive a wildlife damage claim payment under sub. (7) for wildlife damage caused by bears.

SECTION 32. 29.889 (8g) of the statutes is amended to read:

29.889 **(8g)** REVIEW. ~~A participating county's~~ The administrator's determination of the amount of wildlife damage, the amount of a wildlife damage claim, or the amount of wildlife damage abatement assistance shall be treated as a final ~~decisions~~ decision for purposes of review.

SECTION 33. 29.89 (3) (a) of the statutes is repealed.

SECTION 34. 29.89 (5) (b) 2. c. of the statutes is amended to read:

29.89 **(5)** (b) 2. c. Moneys are available under s. 20.370 (5) (fq) after first deducting from s. 20.370 (5) (fq) payments made for department and county administrative costs, payments made for wildlife damage abatement assistance, and wildlife damage claim payments under s. 29.889.

SECTION 35. Initial applicability.

(1) REMOTE MONITORING OF BEAR TRAPS. The treatment of s. 29.889 (5) (d) first applies to a bear trap acquired with wildlife damage abatement assistance on July 2, 1983.

SECTION 36. Effective dates. This act takes effect on January 1, 2024, except as follows:

(1) REMOTE MONITORING OF BEAR TRAPS. The treatment of s. 29.889 (5) (d) and SECTION 35 (1) of this act take effect on June 30, 2023.

(2) TYPES OF ELIGIBLE DAMAGE AND HUNTING LAND EXEMPTION. The treatment of s. 29.889 (6) (cm) and (7m) (ar) (intro.), 1., 2., and 2m. takes effect on the day after publication.

Outagamie County

5-9-23 County Board Meeting - May 9 2023 07:54:00 PM

May 9, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 9—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

For several years the Health and Human Services Deparment has underspent its 85.21 Transportation Funds allocated to the department by the Wisconsin Department of Transportation (WisDOT). These funds are used to provide specialized transportation to elderly and disabled citizens of the county. Underspent funds in a calendar year are added to an 85.21 Trust Fund for that particular county to be used for specialized and restrictive purchases that benefit the elderly and disabled. Trust funds cannot be used for normal yearly services. Over the years, Outagamie County has used funds in the trust fund to help purchase buses and small vans that help provide specialized transportation services to the elderly and disabled citizens of the county. Recently, demand for buses and vehicles has decreased and the trust fund balance has grown to over $846,461. Working closely with the County Parks Department and the WisDOT, the Health and Human Services Department is recommending that over the next three years a significant amount of these accumulated trust funds be used to increase access to County Parks for the elderly and disabled.

In the 2023 budget, the Health and Human Services Department budgeted $238,000 for the purchase of two buses. Those buses are not currently needed. Therefore, this request is to reallocate $238,000 of 85.21 trust funds plus an additional $18,889 of 85.21 trust funds to purchase the following items in 2023 (combined total $256,889):

- Create accessible Kayak Boat Launch at the Koepke Access Point / Wolf River: $246,924
- Purchase two 5' x 50' Mobi Mat Walkways at Plamann Park: $4,438
- Purchase one 5' x 16.5' Mobi Mat Walkway at Plamann Park: $829
- Purchase two MobiChair Beach Wheelchairs at Plamann Park: $4,698

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Boad of Supervisors does approve of entering into the attached Professional Services Agreement with MSA Professional Services, Inc., which by reference is made a part hereof, for design work for an accessible Canoe/Kayak launch at the Koepke Access Point, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Aging Services – Expenditures, Capital Outlay line item and Aging Services – Revenue, Trans-WI 85.21 line item by $18,889 each as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director and the Outagamie County Finance Director.

Dated this 9th day of May 2023

Respectfully Submitted,

HEALTH AND HUMAN SERVICES COMMITTEE

Dan Gabrielson

Justin Krueger

Jeff McCabe

Cathy Thompson

Kelly Schroeder

Duly and officially adopted by the County Board on: May 9, 2023

Professional Services Agreement

MSA Project Number: 17716006

This AGREEMENT (Agreement) is made today January 19, 2023 by and between OUTAGAMIE COUNTY (OWNER) and MSA PROFESSIONAL SERVICES, INC. (MSA), which agree as follows:

Project Name: Outagamie County - Koepke Access Canoe/Kayak Launch Design

The scope of the work authorized is: See attached.

The schedule to perform the work is: Approx. Start Date: February 1, 2023
Approx. Completion Date: November 1, 2023

The lump sum fee for the work is: $24,500.00

All services shall be performed in accordance with the General Terms and Conditions of MSA, which is attached and made part of this Agreement. Any attachments or exhibits referenced in this Agreement are made part of this Agreement. Payment for these services will be on a time and expense basis.

Approval: Authorization to proceed is acknowledged by signatures of the parties to this Agreement.

Outagamie County, WI – Koepke Access Canoe/Kayak Launch Design
Scope of Services
MSA Project #17716004.0

PROJECT UNDERSTANDING/ASSUMPTIONS

Outagamie County is looking to develop an ADA compliant canoe/kayak launch at Koepke Access near Shiocton on the Wolf River. The current site has a motorized boat launch, ADA vehicle parking, gravel parking lot, and fishing piers, but a separated canoe/kayak launch is desired to accommodate the different recreational activity on the river. With the fluctationg river elevation and maintenance concerns, it has been discussed to consider for this project the stepped canoe/kayak approach that will accmodate various safe paddling river elevations. With prior work at this this current site, it is assumed, the County has the proper site survey for the access point to be designed. If any additional survey is needed, it is assumed, the County will use their contacted surveyor to collect the additional survey work needed to complete the design. The launch design will consider overall canoe/kayak launch access, shoreline protection around the new launch, ADA compliance, ADA access to the launch from the parking area, and river fluctaiton for the proper useable and safe range for the access.

Our Scope of Services is as follows:

CONCEPT PLAN DEVELOPMENT-

1. Kick-off meeting will be held with the County to discuss the overall project and site. **(Meeting #1)** Meeting will review the site, locate the launch at the site, and consider overall structure sizing. In conjunction with the project kick-off, the meeting would be expanded to include and meet with the WDNR permiter at the site to review their needs and requirements for the permits required to construct the project.
2. Upon meeting with the County and WDNR, MSA will begin the overall design for the stepped canoe/kayak launch design. River water fluctuation and elevation data will be analyzed for the site to develop the safe, useable range for the launch and paddlers to set the overall height of the steps and needed ADA accsss to the launch area. County shall provide as much historical information to MSA about the site to assist with supporting the design.
3. MSA will develop overall biddable construction plans for the launch and site design. Upon developing plans to about 50% design, MSA will meet with the County staff to review the design and collect comments. **(Meeting #2 – virtual)** A preliminary project estimate will also be developed at this point to considered.
4. As plans are developed for the project, WDNR permits will be applied for and submitted. Assumed WDNR permits required for this project include:
    a. WDNR – Ch. 30 Miscellaneous Structure, Shoreline Restroation, and possibly a Wetlands Disturbance Permit
5. Upon the completion of the design review meeting and submission of permits, MSA will complete the overall design plans to be used for bidding. Project specifications will also be developed as part of the construction documents to be used for bidding.
6. A final cost estimate will be developed upon completion of the construction documents.
7. **The following is a list of final deliverables MSA will provide for the development such docments listed above:**
    a. Final Constructoin Documents (plans and specifications), as a PDF file.
    b. Preliminary and Final project cost estimates (PDF).
    c. WDNR Permits (PDF).
8. It is assumed the County will bid the project per their bidding process. During this time, MSA will be available to answer questions and develop any required addendums as needed.

9. During the project construction phase, MSA will assist with reviewing applicable shop drawing submittals for the project. It is assumed eight (8) hours of submittal review. In addition, the County may share photos of the consturciton with MSA to review and comment during construction. MSA will plan to make two (2) site trips to review construction progress and review the site (estimated total of 8 hours for site review). MSA may also attend a virtual pre-construciton meeting to assist with kicking off the project for construction.

ESTIMATED PROJECT SCHEDULE

Date	Milestone
February 2023	**Project Kickoff and Meeting #1**
February - April 2023	**Launch Design & Review Meeting with County – Meeting #2**
May – June 2023	**Finalize the Pier Design and answer Bidding Quesions**
August – September 2023	**Reivew Shop Drawings**
August – November 2023	**Construction Site Observations**

Additional Services (not included in the above scope for this project but could be added if desired)

1) Additional meetings and public engagement beyond the above listed.
2) Project Bidding
3) Consturciton Administration/Full Observation
4) Grant Applications/Administration.
5) Wetland Delineation and Floodplain Analysis
6) Archeological Review
7) Soil Borings and Geotechnical Report
8) Site Topographic Survey

Work Performed by Owner

1) Provide Record Drawings of previous work or other historical data on the site
2) Provide any other applicable documentation relating to the project site.
3) Project Bidding
4) Construction Administration and Observation
5) County to provide to MSA any required specification information to be used in the Consturciton/Bidding documents.

MSA PROFESSIONAL SERVICES, INC. (MSA)
GENERAL TERMS AND CONDITIONS OF SERVICES (PUBLIC)

1. **Scope and Fee.** The scope of Owner's Project (the "Project"), scope of MSA's services (the "Work"), and quoted fees for those services are defined in Attachment A. The scope and fee constitute a good faith estimate of the tasks and associated fees required to perform the services defined in Attachment A. This agreement upon execution by both parties hereto, can be amended only by written instrument signed by both parties. For those projects involving conceptual or process development service or involve renovation of an existing building or structure, activities often cannot be fully defined during initial planning. As the Project progresses, facts uncovered may reveal a change in direction which may alter the Work. MSA will promptly inform the OWNER in writing of such situations so that changes in this agreement can be made as required.

2. **Owner's Responsibilities.**

(a) Project Scope and Budget

The OWNER shall define the scope and budget of the Project and, when applicable, periodically update the Project budget, including that portion allocated for the cost of the Work. The Project budget shall include contingencies for design, development, and, when required by the scope of the Project, construction of the Project. The OWNER shall not significantly increase or decrease the overall Project scope or schedule, the portion of the budget allocated for the cost of the Work, or contingencies included in the overall budget or a portion of the budget, without the agreement of MSA to a corresponding change in the Project scope, quality, schedule, and compensation of MSA.

(b) Designated Owner Representative

The OWNER shall identify a Designated Representative who shall be authorized to act on behalf of the OWNER with respect to the Project. OWNER's Designated Representative shall render related decisions in a timely manner so as to avoid unreasonable delay in the orderly and sequential progress of MSA's services. MSA shall not be liable for any error or omission made by OWNER, OWNER's Designated Representative, or OWNER's consultant.

(c) Tests, Inspections, and Reports

When required by the scope of the Project, the OWNER shall furnish tests, inspections, and reports required by law or the Contract Documents, such as planning studies; preliminary designs; structural, mechanical, or chemical tests; tests for air, water, or soil pollution; and tests for hazardous materials.

(d) Additional Consultants

MSA's consultants shall be identified in Attachment A. The OWNER shall furnish the services of other consultants other than those designated in Attachment 1, including such legal, financial, accounting, and insurance counseling services as may be required for the Project.

(e) OWNER Provided Services and Information

MSA shall be entitled to rely on the accuracy and completeness of services and information furnished by the OWNER, Designated OWNER Representative, or Consultant. MSA shall use reasonable efforts to provide prompt written notice to the OWNER if MSA becomes aware of any errors, omissions, or inconsistencies in such services or information.

3. **Billing.** MSA will bill the OWNER monthly with net payment due upon receipt. Balances due past thirty (30) days shall be subject to an interest charge at a rate of 12% per year from said thirtieth day. In addition, MSA may, after giving seven days written notice, suspend service under any agreement until the OWNER has paid in full all amounts due for services rendered and expenses incurred, including the interest charge on past due invoices.

4. **Costs and Schedules.** Costs (including MSA's fees and reimbursable expenses) and schedule commitments shall be subject to change for delays caused by the OWNER's failure to provide specified facilities or information or for delays caused by unpredictable occurrences including, without limitation, fires, floods, riots, strikes, unavailability of labor or materials, delays or defaults, by suppliers of materials or services, process shutdowns, pandemics, acts of God or the public enemy, or acts of regulations of any governmental agency. Temporary delays of services caused by any of the above which result in additional costs beyond those outlined may require renegotiation of this agreement.

5. **Access to Site.** Owner shall furnish right-of-entry on the Project site for MSA and, if the site is not owned by Owner, warrants that permission has been granted to make planned explorations pursuant to the scope of

services. MSA will take reasonable precautions to minimize damage to the site from use of equipment, but has not included costs for restoration of damage that may result and shall not be responsible for such costs.

6. **Location of Utilities.** Owner shall supply MSA with the location of all pre-existent utilities and MSA has the right to reasonably rely on all Owner supplied information. In those instances where the scope of services require MSA to locate any buried utilities, MSA shall use reasonable means to identify the location of buried utilities in the areas of subsurface exploration and shall take reasonable precautions to avoid any damage to the utilities noted. However, Owner agrees to indemnify and defend MSA in the event of damage or injury arising from damage to or interference with subsurface structures or utilities which result from inaccuracies in information of instructions which have been furnished to MSA by others.

7. **Professional Representative.** MSA intends to serve as the OWNER's professional representative for those services as defined in this agreement, and to provide advice and consultation to the OWNER as a professional. Any opinions of probable project costs, reviews and observations, and other recommendations made by MSA for the OWNER are rendered on the basis of experience and qualifications and represents the professional judgment of MSA. However, MSA cannot and does not warrant or represent that proposals, bid or actual project or construction costs will not vary from the opinion of probable cost prepared by it.

8. **Construction.** When applicable to the scope of the Project, the OWNER shall contract with a licensed and qualified Contractor for implementation of construction work utilizing a construction contract based on an EJCDC construction contract and general conditions appropriate for the scope of the Project and for the delivery method. In the construction contract, the OWNER shall use reasonable commercial efforts to require the Contractor to (1) obtain Commercial General Liability Insurance with contractual liability coverage insuring the obligation of the Contractor, and name the OWNER, MSA and its employees and consultants as additionally insureds of that policy; (2) indemnify and hold harmless the OWNER, MSA and its employees and consultants from and against any and all claims, damages, losses, and expenses ("Claims"), including but not limited to reasonable attorney's fees and economic or consequential damages arising in whole or in part out of the negligent act or omission of the contractor, and Subcontractor or anyone directly or indirectly employed by any of them. This agreement shall not be construed as giving MSA, the responsibility or authority to direct or supervise construction means, methods, techniques, sequence, or procedures of construction selected by the contractors or subcontractors or the safety precautions and programs incident to the work, the same being the sole and exclusive responsibility of the contractors or subcontractors.

9. **Standard of Care.** In conducting the services, MSA will apply present professional, engineering and/or scientific judgment, which is known as the "standard of care". The standard of care is defined as that level of skill and care ordinarily exercised by members of the same profession practicing at the same point in time and in the same or similar locality under similar circumstances in performing the Services. The OWNER acknowledges that "current professional standards" shall mean the standard for professional services, measured as of the time those services are rendered, and not according to later standards, if such later standards purport to impose a higher degree of care upon MSA.

MSA does not make any warranty or guarantee, expressed or implied, nor have any agreement or contract for services subject to the provisions of any uniform commercial code. Similarly, MSA will not accept those terms and conditions offered by the OWNER in its purchase order, requisition, or notice of authorization to proceed, except as set forth herein or expressly agreed to in writing. Written acknowledgement of receipt, or the actual performance of services subsequent to receipt of such purchase order, requisition, or notice of authorization to proceed is specifically deemed not to constitute acceptance of any terms or conditions contrary to those set forth herein.

10. **Municipal Advisor**. MSA Professional Services, Inc. is not acting as a 'Municipal Advisor' to the owner pursuant to Section 15B of the Exchange Act. For financial advice related to the corresponding project, the client is encouraged to discuss their finances with internal and/or external advisors and experts before making decisions incurring debt and/or supporting those obligations. MSA desires to serve each client well by providing the best information publicly available and is providing information as part of its engineering responsibilities to inform client options. The information is not intended to provide financial advice or recommendations and is not bound by the formal Municipal Advisor fiduciary duty.

11. **Conduct Expectations.** Owner and MSA understand their respective obligations to provide a safe, respectful work environment for their employees. Both parties agree that harassment on the job (unwelcome verbal, physical or other behavior that is related to sex, race, age, or protected class status) will not be tolerated and will be addressed timely and in compliance with anti-harassment laws.

12. **Electronic Documents and Transmittals**. Owner and MSA agree to transmit and accept project related correspondence, documents, text, data, drawings and the like in digital format in accordance with MSA's Electronic Data Transmittal policy. Each party is responsible for its own cybersecurity, and both parties waive the right to pursue liability against the other for any damages that occur as a direct result of electronic data sharing.

13. **Building Information Modelling (BIM).** For any projects, and not limited to building projects, utilizing BIM, OWNER and MSA shall agree on the appropriate level of modelling required by the project, as well as the degree to which the BIM files may be made available to any party using the Electronic Document Transmittal provisions of section 10 of this Agreement.

14. **Construction Site Visits.** If the scope of services includes services during the Construction Phase, MSA shall make visits to the site as specified in Attachment A– Scope of Services. MSA shall not, during such visits or as a result of such observations of Contractor's work in progress, supervise, direct or have control over Contractor's work nor shall MSA have authority over or responsibility for the means, methods, techniques, sequences or procedures of construction selected by Contractor, for safety precautions and programs incident to the work of Contractor or for any failure of Contractor to comply with laws, rules, regulations, ordinances, codes or orders applicable to Contractor's furnishing and performing the work. Accordingly, MSA neither guarantees the performance of any Contractor nor assumes responsibility for any Contractor's failure to furnish and perform its work in accordance with the Contract Documents.

15. **Termination.** This Agreement shall commence upon execution and shall remain in effect until terminated by either party, at such party's discretion, on not less than thirty (30) days' advance written notice. The effective date of the termination is the thirtieth day after the non-terminating party's receipt of the notice of termination. If MSA terminates the Agreement, the OWNER may, at its option, extend the terms of this Agreement to the extent necessary for MSA to complete any services that were ordered prior to the effective date of termination. If OWNER terminates this Agreement, OWNER shall pay MSA for all services performed prior to MSA's receipt of the notice of termination and for all work performed and/or expenses incurred by MSA in terminating Services begun after MSA's receipt of the termination notice. Termination hereunder shall operate to discharge only those obligations which are executory by either party on and after the effective date of termination. These General Terms and Conditions shall survive the completion of the services performed hereunder or the Termination of this Agreement for any cause.

This agreement cannot be changed or terminated orally. No waiver of compliance with any provision or condition hereof should be effective unless agreed in writing and duly executed by the parties hereto.

16. **Betterment.** If, due to MSA's error, any required or necessary item or component of the Project is omitted from the construction documents, MSA's liability shall be limited to the reasonable costs of correction of the construction, less what OWNER'S cost of including the omitted item or component in the original construction would have been had the item or component not been omitted. It is intended by this provision that MSA will not be responsible for any cost or expense that provides betterment, upgrade, or enhancement of the Project.

17. **Hazardous Substances.** OWNER acknowledges and agrees that MSA has had no role in identifying, generating, treating, storing, or disposing of hazardous substances or materials which may be present at the Project site, and MSA has not benefited from the processes that produced such hazardous substances or materials. Any hazardous substances or materials encountered by or associated with Services provided by MSA on the Project shall at no time be or become the property of MSA. MSA shall not be deemed to possess or control any hazardous substance or material at any time; arrangements for the treatment, storage, transport, or disposal of any hazardous substances or materials, which shall be made by MSA, are made solely and exclusively on OWNER's behalf for OWNER's benefit and at OWNER's direction. Nothing contained within this Agreement shall be construed or interpreted as requiring MSA to assume the status of a generator, storer, treater, or disposal facility as defined in any federal, state, or local statute, regulation, or rule governing treatment, storage, transport, and/or disposal of hazardous substances or materials.

All samples of hazardous substances, materials or contaminants are the property and responsibility of OWNER and shall be returned to OWNER at the end of a project for proper disposal. Alternate arrangements to ship such samples directly to a licensed disposal facility may be made at OWNER's request and expense and subject to this subparagraph.

18. **Insurance.** MSA will maintain insurance coverage for: Worker's Compensation, General Liability, and Professional Liability. MSA will provide information as to specific limits upon written request. If the OWNER requires coverages or limits in addition to those in effect as of the date of the agreement, premiums for additional

insurance shall be paid by the OWNER. The liability of MSA to the OWNER for any indemnity commitments, or for any damages arising in any way out of performance of this contract is limited to such insurance coverages and amount which MSA has in effect.

19. **Reuse of Documents.** Reuse of any documents and/or services pertaining to this Project by the OWNER or extensions of this Project or on any other project shall be at the OWNER's sole risk. The OWNER agrees to defend, indemnify, and hold harmless MSA for all claims, damages, and expenses including attorneys' fees and costs arising out of such reuse of the documents and/or services by the OWNER or by others acting through the OWNER.

20. **Indemnification.** To the fullest extent permitted by law, MSA shall indemnify and hold harmless, OWNER, and OWNER's officers, directors, members, partners, consultants, and employees (hereinafter "OWNER") from reasonable claims, costs, losses, and damages arising out of or relating to the PROJECT, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself) including the loss of use resulting therefrom but only to the extent caused by any negligent act or omission of MSA or MSA's officers, directors, members, partners, employees, or Consultants (hereinafter "MSA"). In no event shall this indemnity agreement apply to claims between the OWNER and MSA. This indemnity agreement applies solely to claims of third parties. Furthermore, in no event shall this indemnity agreement apply to claims that MSA is responsible for attorneys' fees. This agreement does not give rise to any duty on the part of MSA to defend the OWNER on any claim arising under this agreement.

To the fullest extent permitted by law, OWNER shall indemnify and hold harmless, MSA, and MSA's officers, directors, members, partners, consultants, and employees (hereinafter "MSA") from reasonable claims, costs, losses, and damages arising out of or relating to the PROJECT, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself) including the loss of use resulting therefrom but only to the extent caused by any negligent act or omission of the OWNER or the OWNER's officers, directors, members, partners, employees, or Consultants (hereinafter "OWNER"). In no event shall this indemnity agreement apply to claims between MSA and the OWNER. This indemnity agreement applies solely to claims of third parties. Furthermore, in no event shall this indemnity agreement apply to claims that the OWNER is responsible for attorneys' fees. This agreement does not give rise to any duty on the part of the OWNER to defend MSA on any claim arising under this agreement.

To the fullest extent permitted by law, MSA's total liability to OWNER and anyone claiming by, through, or under OWNER for any cost, loss or damages caused in part or by the negligence of MSA and in part by the negligence of OWNER or any other negligent entity or individual, shall not exceed the percentage share that MSA's negligence bears to the total negligence of OWNER, MSA, and all other negligent entities and individuals.

21. **Accrual of Claims**. To the fullest extent permitted by Laws and Regulations, all causes of action arising under this Agreement will be deemed to have accrued, and all statutory periods of limitation will commence, no later than the date of Substantial Completion; or, if Engineer's services do not include Construction Phase services, or the Project is not completed, then no later than the date of Owner's last payment to Engineer.

22. **Dispute Resolution.** OWNER and MSA desire to resolve any disputes or areas of disagreement involving the subject matter of this Agreement by a mechanism that facilitates resolution of disputes by negotiation rather than by litigation. OWNER and MSA also acknowledge that issues and problems may arise after execution of this Agreement which were not anticipated or are not resolved by specific provisions in this Agreement. Accordingly, both OWNER and MSA will endeavor to settle all controversies, claims, counterclaims, disputes, and other matters in accordance with the Construction Industry Mediation Rules of the American Arbitration Association currently in effect, unless OWNER and MSA mutually agree otherwise. Demand for mediation shall be filed in writing with the other party to this Agreement. A demand for mediation shall be made within a reasonable time after the claim, dispute or other matter in question has arisen. In no event shall the demand for mediation be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations. Neither demand for mediation nor any term of this Dispute Resolution clause shall prevent the filing of a legal action where failing to do so may bar the action because of the applicable statute of limitations. If despite the good faith efforts of OWNER and MSA any controversy, claim, counterclaim, dispute, or other matter is not resolved through negotiation or mediation, OWNER and MSA agree and consent that such matter may be resolved through legal action in the court having jurisdiction as specified in section 29 of this Agreement.

23. **Exclusion of Special, Indirect, Consequential and Liquidated Damages.** MSA shall not be liable, in contract or tort or otherwise, for any special, indirect, consequential, or liquidated damages including specifically, but without limitation, loss of profit or revenue, loss of capital, delay damages, loss of goodwill, claim of third parties, or similar damages arising out of or connected in any way to the Project or this contract.

24. **Limitation of Liability.** Neither MSA, its Consultants (if any), nor their employees shall be jointly, severally, or individually liable to the OWNER in excess of the amount of the insurance proceeds available.

25. **Successors and Assigns.** The successors, executors, administrators, and legal representatives of Owner and Engineer are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement. Neither party may assign, sublet, or transfer any rights under or interest (including, but without limitation, claims arising out of this Agreement or money that is due or may become due) in this Agreement without the written consent of the other party, which shall not be unreasonable withheld, except to the extent that any assignment, subletting, or transfer is mandated by law.

26. **Notices.** Any notice required under this Agreement will be in writing, and delivered: in person (by commercial courier or otherwise); by registered or certified mail; or by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line. All such notices are effective upon the date of receipt.

27. **Survival.** Subject to applicable Laws and Regulations, all express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

28. **Severability.** Any provision or part of the Agreement held to be void or unenforceable under any Laws or Regulations will be deemed stricken, and all remaining provisions will continue to be valid and binding upon Owner and MSA.

29. **No Waiver.** A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Agreement.

30. **State Law.** This agreement shall be construed and interpreted in accordance with the laws of the State of Wisconsin.

31. **Jurisdiction.** OWNER hereby irrevocably submits to the jurisdiction of the state courts of the State of Wisconsin for the purpose of any suit, action or other proceeding arising out of or based upon this Agreement. OWNER further consents that the venue for any legal proceedings related to this Agreement shall be Sauk County, Wisconsin.

32. **Understanding.** This agreement contains the entire understanding between the parties on the subject matter hereof and no representations. Inducements, promises or agreements not embodied herein (unless agreed in writing duly executed) shall be of any force or effect, and this agreement supersedes any other prior understanding entered into between the parties on the subject matter hereto.

Greetings Lori and Eric,

As you know, Outagamie County Transportation Trust Fund is currently pretty significant. At the end of 2021 our balance was $687,084.41 with fully matched dollars. Outagamie County would like to provide a formal request to spend this trust fund on transportation activities and items to help make Outagamie County Parks more accessible to the elderly and disabled population. Outagamie County is committed to making our community available to all who reside here regardless of age and disability. I have included a detailed spreadsheet to outline the costs and I have described them below. Please let me know if you would like to discuss and what your timeline is for approval. We will need to do some Board approvals and Budget adjustments before we are able to move forward, therefore we are excited to get started with DOT's approval!

Accessible Kayak Launches – Our plan is to do 1 per year, with a total of 3 being constructed on the Wolf River in Outagamie County. I have attached the *'Proposal for Launches'* and the *'Launch Cost Estimate'* from MSA Professional Services to this email.

LAUNCH	COST	YEAR OF COMPLETION
Koepke Access - Shiocton	$246,924	Summer **2023**
Barker Access - Shiocton	$246,924	Summer **2024**
Stephensville Access - Stephensville	$246,924	Summer **2025**

Here is the design that the Contractor came up with that has been used around the State for accessibility to rivers. Ours will have a removable bench to assist boaters down to the water and entering their vessel, regardless of their mobility issues and limitations. The Wolf River can be pretty volatile, so we need an option that will stand the test of time and also the flow of the river.

Here are the 3 Outagamie County Parks that will receive the Kayak Launches:

Koepke Access – Shiocton

Barker Park Access – Shiocton

Stephensville Access – Stephensville

Accessible Equipment – In addition to the 3 Kayak launches, we are proposing to purchase some equipment to help individuals navigate down to the water in one of our largest County Parks – Plamann Park. This Park has several opportunities to hold gatherings and events, along with having a lake and beach to swim and enjoy. This will allow those with mobility issues and limitations to enjoy the lake as well and give them a solution to navigate to the water.

Equipment	Cost	Year of Completion
2 - 5ft x 50ft Mobi Mat Walkways	$4438	**2023**
5ft x 16.5 ft Mobi Mat Walkway	$829	**2023**
2 MobiChair Beach Wheelchairs	$4698	**2023**
	Total: $9965	

*These prices do not include shipping.

Here are the items we are proposing to purchase to allow the park to be more accessible.

Trackchairs - We are proposing to purchase 2 Action Trackchairs for our parks if there is additional funds available. These would be managed and secured by the park management and would allow those who are elderly and/or have a mobility impairment to enjoy our nature trails throughout our park system.

Equipment	Cost	Year of Completion
2- Action Trackchairs	$25,000	2025
	Total: $50,000	

In closing, I want to thank you for the opportunity to propose these important projects to use our Trust Fund balance. This will create some partnerships with the Outagamie County Parks and Aging and Long Term Support. In the end, our parks will be accessible for all abilities to use and enjoy. We hope you consider our proposals and see the value in these enhancements as we do.

TRUST FUND SPENDING SUMMARY

2023

Project	Cost	Year of Completion
Koepke Access - Shiocton	$246,924	2023
2 - 5ft x 50ft Mobi Mat Walkways	$4438	2023
5ft x 16.5 ft Mobi Mat Walkway	$829	2023
2 MobiChair Beach Wheelchairs	$4698	2023
	Total: $256,889	

2024

Project	Cost	Year of Completion
Barker Access - Shiocton	$246,924	2024
	Total: $246,924	

2025

Project	Cost	Year of Completion
Stephensville Access - Stephensville	$246,924	2025
Action Trackchair	$25,000	2025
Action Trackchair	$25,000	2025
	Total: $296,924	

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request to Reallocate 85.21 Transportation Trust Fund Expenditures in the 2023 Budget

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

For several years now, Health and Human Services has underspent its 85.21 Transportation Funds allocated to the Department by the Department of Transportation (DOT). These funds are used to provide specialized transportation to elderly and disabled citizens of the county. Underspent funds in a calendar year are added to an 85.21 trust fund for that particular county to be used for specialized and restrictive purchases that benefit the elderly and disabled. Trust funds cannot be used for normal yearly services. Over the years, Outagamie County has used funds in the trust fund to help purchase buses and small vans that help provide specialized transportation services to the elderly and disabled citizens of the county. Recently demand for buses and vehicles has decreased and the trust fund balance has grown to over $846,461. Working closely with the County Parks Department and the Department of Transportation, Health and Human Services is recommending that over the next three years we utilize a significant amount of these accumulated trust funds to increase access to County Parks for the elderly and disabled.

In the 2023 budget, Health and Human Services budgeted $238,000 for the purchase of two buses. Those buses are not currently needed, so we are requesting to reallocate the $238,000 of 85.21 trust funds plus an additional $18,889 of 85.21 trust funds to purchase the following items in 2023 (combined total $256,889):

Create accessible Kayak Boat Launch at the Koepke Access Point/Wolf River - $246,924
Purchase Two 5 foot by 50 foot Mobi Mat Walkways/Plamann Park - $4,438
Purchase One 5 foot by 16.5 foot Mobi Mat Walkway/Plamann Park - $829
Purchase Two MobiChair Beach Wheelchairs/Plamann Park - $4,698

Current Year Budget Impact (Check one or more of the following boxes)

[x] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no ( ) partially (x)
4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )
5. Is the proposal to accept additional revenues only? yes ( ) no (x)
6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (x) no ( )
7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

Cost Center Name	Line Item	Account Number Including Cost Center	Increase (Decrease) Amount
Aging Services - Expenditures	Capital Outlay	2063005.6000	$ 18,889
Aging Services - Revenue	Trans-WI 85.21	2063005.4205.07	$ 18,889
	Net Budget Impact		$ -

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes (X) no ( ) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost _____ Annual Revenue _____

Outagamie County

5-9-23 County Board Meeting - May 9 2023 07:55:20 PM

May 9, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 10—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

On January 25, 2023, the non-partisan Legislative Fiscal Bureau reports the State of Wisconsin has a budgetary surplus estimated at $7.1 billion, which is the largest budget surplus in Wisconsin's history.

Established in 1991, the Local Roads Improvement Program (LRIP) assists local governments in improving seriously deteriorating county highways, town roads, and city and village streets. LRIP is a reimbursement program which pays up to 50% of total eligible costs, with local governments providing the balance.

Governor Evers and the Legislature have recently devoted additional funding to counties through General Transportation Aids (GTA) and LRIP, however, counties throughout Wisconsin continue to not receive appropriate financial support to make roads and bridges safe for the speeds and weight of travel experienced throughout the State of Wisconsin.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does respectfully request additional funding through budgetary surplus be allocated to the County General Transportation Aids appropriation as well as for the Local Roads Improvement Program for the backlog of maintenance on the county trunk highway system, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Wisconsin Counties Association and the Outagamie County Lobbyist for distribution to the State Senators and State Representatives representing Outagamie County and the Governor of the State of Wisconsin.

Dated this 9th day of May 2023

Respectfully Submitted,

HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

Joy Hagen

Daniel Nejedlo

May 9, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 11—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin Electric Power Company, doing business as We Energies (Grantee) is requesting an easement in order to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize granting We Energies an easement for the area described as a strip of land ten (10) feet in width being a part of grantor's premises in the Southeast ¼ of the Southeast ¼ of Section 17, Township 21 North, Range 18 East, Village of Little Chute, Outagamie County, Wisconsin; said land is shown on the attached Distribution Easement Underground and Temporary Exhibit A which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and We Energies, Property Rights & Information Group, 231 W. Michigan Street, Room P277, P.O. Box 2046, Milwaukee, WI 53201-2046.

Dated this 9th day of May 2023

Respectfully Submitted,

HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

DISTRIBUTION EASEMENT UNDERGROUND

Document Number

WR NO. **4782327** IO NO. **52967**

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, **OUTAGAMIE COUNTY, a municipal corporation,** hereinafter referred to as "Grantor", owner of land, hereby grants and warrants to **WISCONSIN ELECTRIC POWER COMPANY, a Wisconsin corporation doing business as We Energies,** hereinafter referred to as "Grantee", a permanent easement upon, within, beneath, over and across a part of Grantor's land hereinafter referred to as "easement area".

The easement area is described as a strip of land **Ten (10) feet** in width being a part of grantor's premises in the **Southeast 1/4 of the Southeast 1/4 of Section 17, Township 21 North, Range 18 East**, Village of Little Chute, Outagamie County, Wisconsin.

The location of the easement area with respect to Grantor's land is as shown on the attached drawing, marked Exhibit "A", and made a part of this document.

RETURN TO:
We Energies
PROPERTY RIGHTS & INFORMATION GROUP
231 W. MICHIGAN STREET, ROOM P277
PO BOX 2046
MILWAUKEE, WI 53201-2046

146-260400700
(Parcel Identification Number)

1. **Purpose:** The purpose of this easement is to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

2. **Access:** Grantee or its agents shall have the right to enter and use Grantor's land with full right of ingress and egress over and across the easement area and adjacent lands of Grantor for the purpose of exercising its rights in the easement area.

3. **Buildings or Other Structures:** Grantor agrees that no structures will be erected in the easement area or in such close proximity to Grantee's facilities as to create a violation of all applicable State of Wisconsin electric codes or any amendments thereto.

4. **Elevation:** Grantor agrees that the elevation of the ground surface existing as of the date of the initial installation of Grantee's facilities within the easement area will not be altered by more than 4 inches without the written consent of Grantee.

5. **Restoration:** Grantee agrees to restore or cause to have restored Grantor's land, as nearly as is reasonably possible, to the condition existing prior to such entry by Grantee or its agents. This restoration, however, does not apply to any trees, bushes, branches or roots which may interfere with Grantee's use of the easement area.

6. **Exercise of Rights:** It is agreed that the complete exercise of the rights herein conveyed may be gradual and not fully exercised until some time in the future, and that none of the rights herein granted shall be lost by non-use.

7. **Binding on Future Parties:** This grant of easement shall be binding upon and inure to the benefit of the heirs, successors and assigns of all parties hereto.

8. **Easement Review**: Grantor acknowledges receipt of materials which describe Grantor's rights and options in the easement negotiation process and furthermore acknowledges that Grantor has had at least 5 days to review this easement document *or* voluntarily waives the five day review period.

9. **Indemnification and Hold Harmless:** In consideration of the foregoing grant, it is understood that during the time said electric facilities are located on the premises of the Grantor pursuant to this grant, Grantee will indemnify, save, and hold harmless the Grantor, its successors and assigns, from any and all claims, liabilities, losses, costs, damages or expenses for injury or death of any person and any damages to property arising out of Grantee's exercise of any of its rights under this easement; excepting, however, 1) any claims, liabilities, losses, costs, damages or expenses arising out of negligence or willful acts on the part of the Grantor, its successors and assigns, employees, agents and invitees; 2) any special, consequential or indirect damages, including but not limited to, loss of profit or revenue, and diminution in value; and 3) any environmental claims, liabilities, losses, costs, damages or expenses not directly caused by the construction or operation of said facilities.

10. **Future Adjustment:** In consideration of granting the foregoing easement, the grantee, its successors and assignees, agree that in the event the said county trunk highway is reconstructed, repaired, changed or widened in any manner and it becomes necessary as a result that the facility must be raised, lowered, or moved to some other location as a result of the proposed highway improvement, the grantee, its successors and assignees, agree to do all things necessary with the said service as may be required by the grantor so as to facilitate these changes, and at no expense to Outagamie County.

RIGHTS-OF-WAY AND EASEMENTS

For Electric and Gas Distribution Facility Construction

INTRODUCTION

This pamphlet is intended to help you, the landowner, better understand the possible need for new utility facilities, how utilities build those facilities, and how you can be an important part of the process.

Electric distribution lines carry electricity from substations to customers. These types of electric lines include customer service connections and local distribution lines.

Gas distribution pipes carry natural gas from regulator stations to customers. These types of gas pipes include distribution mains of various sizes and service laterals.

A utility right-of-way (ROW) is a strip of land that a utility uses to construct, maintain, repair, or replace an overhead power line, underground power line, or gas mains. The ROW allows the utility to provide clearance from trees, buildings and other structures that could interfere with the installation, maintenance and operation of the utility facilities. This ROW may be located in the roadway or on private property. It usually is from 6 to 12 feet wide, unless terrain, vegetation, larger utility facilities, or unusual construction obstacles require a wider easement.

1) **What are some reasons new or reconstructed power lines might be needed?**

   New power lines may be needed because of:

   a. Growth in customer's average electricity use
   b. Growth in the number of customers and businesses in Wisconsin
   c. Replacement of old lines due to age of equipment
   d. Additional lines constructed from new substations needed to meet increased demand

2) **What are some reasons new or reconstructed gas facilities might be needed:**

   New gas facilities may be needed because of:

   a. Growth in the number of natural gas customers
   b. Replacement of old pipes due to age or condition
   c. Increased usage of natural gas by existing customers

3) **Do utilities need government approval to build new power lines or gas mains?**

   Yes. A variety of permits are needed from various governmental agencies. The Public Service Commission of Wisconsin (PSCW) reviews our request if a project exceeds $5 million in cost.

   Local road permits, Wisconsin Department of Transportation permits, Wisconsin Department of Natural Resources permits, Federal Aviation Authority permits, etc. are all required if the interests of those agencies are involved.

4) **Can conservation eliminate the need for power lines or gas mains?**

   Yes and no. Right now, conservation helps reduce the need for new power lines, but is not eliminating all future needs. In order to eliminate the need for new utility facilities, conservation would have to be great enough to offset all the needs mentioned in questions one and two.

   Conservation can reduce the number of new power lines and power plants needed because conservation makes energy use more efficient. The PSCW reviews utility plans for conservative programs in its Biennial Strategic Energy Assessment ("SEA").

5) **How is it decided when and where new or reconstructed utility facilities will be built?**

   Our engineers use computer models of the power and natural gas systems to study the need for new utility facilities. The results help a utility decide if a new power line or natural gas main is needed or if an existing line or main should be rebuilt or relocated. In some instances the need for new or rebuilt power lines or natural gas mains becomes apparent due to insufficient capacity to meet customer requirements in an area.

6) **Does We Energies have the right to construct its utility facilities on my property?**

   Wisconsin statutes allow us to construct our utility facilities on or along roadways with the consent of

local authorities as long as the utility facilities do not interfere with the use of the roadway by the public or with the use of the adjoining land. We usually have the option of building the distribution lines or mains and related facilities on private property or in the road right-of-way. However, if existing obstacles are in the way, the distribution line or main will be located to avoid these obstacles. If the distribution line or main is located on private property, an easement from the landowner is required. If the distribution line or main is located in road right-of-way, a permit from the municipality is required.

7) **Will my trees need to be cut?**

In some cases, power lines must be built along wooded areas or near existing trees. Therefore, trees in these areas need to be trimmed and sometimes removed.

In order to ensure safe and reliable power, it is important to keep power lines and above ground equipment free of any kind of interference. This means that tall-growing trees should not be placed near or under existing power lines. We maintain a regular trimming schedule to keep interference from trees to a minimum. It is important for customers to understand this requirement and cooperate with us for tree-trimming requirements.

In the case of natural gas facilities, trees or shrubs may need to be trimmed or removed for the installation and maintenance of the gas main.

In order to trim or remove trees along a roadway, the utility will obtain the consent of the owner of the tree.

8) **What is an easement?**

An easement is a written document that grants a permanent right to use land for a specific purpose, such as installing utility facilities to serve you and others. An easement "runs with the land" which means it stays with the property even if ownership of the property changes.

9) **What can the landowner expect in the easement acquisition process?**

Based on many years of experience, we developed a standard easement agreement which covers topics such as proper clearance/cover for utility facilities, restoration of the land and tree trimming. You, as a landowner, have the right to understand these issues as well as the need for distribution facilities.

To minimize impact on your property, we will make every reasonable effort to locate these facilities in setback areas that are unbuildable.

We also contact each potentially affected landowner and present the easement document.

10) **What is required of the landowner in the easement document?**

The easement document grants the utility the right to locate distribution facilities on the landowner's property. It also requires the landowner to keep the easement area clear to allow the utility access to these facilities for maintenance and repair. Easement area should stay clear of trees.

11) **What kinds of negotiations should be expected?**

While our standard easement is intended to cover normal distribution facility installations, terms or conditions may be negotiated. If the landowner has questions, we will get answers. The right-of-way agent is your contact person and your source of information.

12) **Are there specific waivers of rights involved in the easement negotiation process?**

For electric facilities, PSC 113.0509 gives the landowner, unless voluntarily waived by the landowner, a minimum period of five days to examine the materials we provided before signing any new or revised easement agreement. If you, as the landowner, are comfortable signing the easement agreement after reading the document and getting answers to questions, you may waive the five-day review period established under PSCW Administrative Rules.

There is not comparable code provision for gas facilities; however as a courtesy to our customers, We Energies applies the same practice in the attainment of gas distribution easements.

13) **Does the use of eminent domain enter into easement negotiation discussions?**

No. We do not mention eminent domain. We will work with the landowner to negotiate a solution on location of distribution facilities.

14) **Does the utility ultimately have the right to use eminent domain?**

Yes. However, as a general practice, we do not use eminent domain to install electric or gas distribution facilities. Only in extremely unusual situations would we consider the use of our eminent domain rights. In those cases specific discussions with the customer regarding the exercise of those rights will occur. (We have not used eminent domain on distribution facilities in over 35 years).

Outagamie County 5-9-23 County Board Meeting - May 9 2023 07:56:43 PM
May 9, 2023 County Board Meeting
OpenMeeting

RESOLUTION NO.: 12—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Recently, coordinators of the Mental Health Court and Drug and Alcohol Treatment Court requested to review the current administration and oversight of the treatment courts and consider moving the two courts overseen by the Health and Human Services Department into the Criminal Justice Treatment Services (CJTS) Department. After studying the current treatment court structure and meeting with staff, administrators, and judges, it was determined that there would be significant efficiencies and savings by moving all of the treatment courts under the CJTS Department. A few of the efficiencies identified include: coordinators could back each other up more efficiently if they all worked for the same department; assessment decisions for placement of participants in the most appropriate treatment court could be done quicker and more efficiently; grant resources could be more efficiently managed by a single department.

This resolution approves moving the Mental Health Court and staff from the current Health and Human Services cost center to a new cost center under CJTS.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve an in-year Table of Organization request to move one (1) full-time Mental Health Court Coordinator position from the Health and Human Services Mental Health Table of Organization to the Criminal Justice Treatment Services Table of Organization along with the related budget adjustments for 2023, as noted on the attached Out Of Budget – Position Cost Center Change Form, Job Description, Table of Organization, and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, the Outagamie County Human Resources Director, the Outagamie County Finance Director, the Outagamie County Health and Human Services Director, and the Outagamie County Criminal Justice Treatment Services Director.

Dated this 9th day of May 2023

Respectfully submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Employee(s) Impact By Change	Employee Name	Employee #	New Supervisor
	VACANT		Beth Robinson

Position Justification

Briefly summarize why this change is needed, as well as areas of revenue and savings.

For the past ten years, the Department of Health and Human Services has overseen the coordination of both the Mental Health and the Drug and Alcohol Treatment courts for the county. During this time period a Veterans Treatment Court and Safe Streets Treatment Options Program were also started and overseen by the Criminal Justice Treatment Services (CJTS) Department. Over the years, we have identified how important it is to have close coordination between all of the counties treatment courts and it has also become vital for all of the treatment courts to have close alignment to the Treatment, Alternatives and Diversion (TAD) grant funding that the county receives.

Recently coordinators of the Mental Health and Drug and Alcohol Treatment courts asked if we would review the present administration and oversight of the treatment courts and consider moving the two courts overseen by Health and Human Services into the Criminal Justice Treatment Services (CJTS) Department. After studying our current treatment court structure and meeting with staff, administrators and Judges, we have identified that there would be significant efficiencies and savings by moving all of the treatment courts to the Criminal Justice Treatment Services (CJTS) Department. Just a few examples of the efficiencies identified include; that coordinators could back each other up more efficiently if they all worked for the same department, that assessment decisions for placement of participants in the most appropriate treatment court could be done quicker and more efficiently, and that grant resources could be more efficiently managed by a single department.

As a result of this work, we are requesting that a county board resolution be drafted that would move the Mental Health Treatment Court cost center and the Drug and Alcohol Treatment Court cost center from Health and Human Services to Criminal Justice Treatment Services effective January 1, 2023, and that in addition, we would request the transfer of one full-time Drug and Alcohol Treatment Court Coordinator position be transferred from Health and Human Services to Criminal Justice Treatment Services effective April 23, 2023.

Outagamie County Est. 1851

Mental Health Court Coordinator (DHHS-MH)

Class Code: 6600-10

Bargaining Unit:

OUTAGAMIE COUNTY
Established Date: Sep 12, 2017
Revision Date: Dec 23, 2020

SALARY RANGE

$65,666.00 - $82,472.00 Annually

POSITION PURPOSE:

Reporting to the Manager of the Mental Health & AODA and working closely with the court system and community resources, the Mental Health Court Coordinator performs administrative work and plans, organizes, coordinates, and monitors activities of the Outagamie County Mental Health Court (MHC). Work involves providing services in office, at clients' homes and in the community and may require work outside of standard hours and occasional travel.

KEY RESPONSIBILITIES:

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Coordinates the activities of the Outagamie County Mental Health Court including screenings, referrals, assisting in determining eligibility, leading and coordinating staffing and activities, making referrals, providing direct case management and coordinating treatment services.
- Reports all necessary Mental Health Court data to Health and Human Services, the State Office of Justice Assistance, and other stakeholders as required.
- Obtains information from clients, family members, and other agencies to assess needs or degree of dysfunction, establishes goals, develops and coordinates individual case plans; and monitors established service plans.

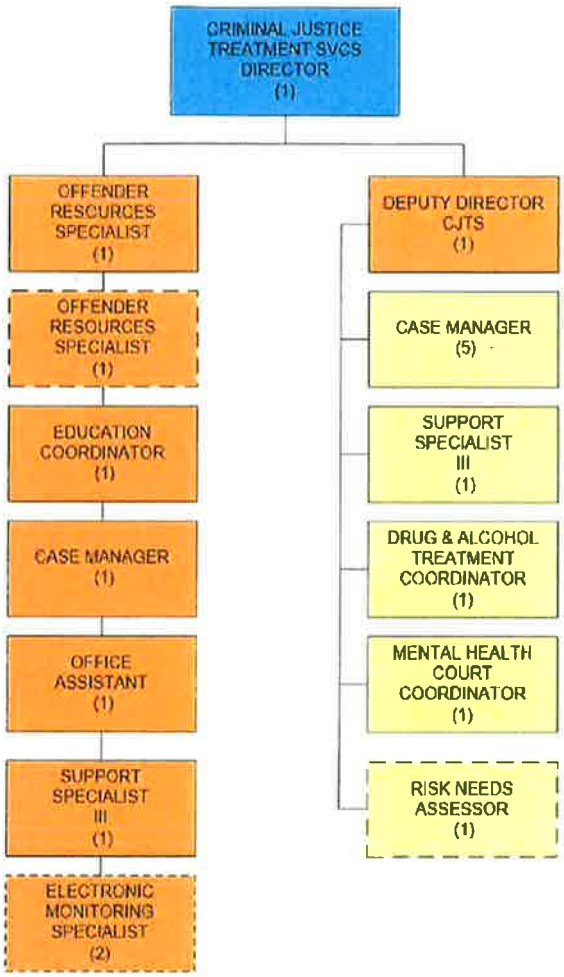
- Conducts face-to-face assessments with individuals in their homes or in the community or other locations.
- Identifies, through case management and/or intake services, individual needs which include medical, psychological, vocational, social, familial and daily living spheres.
- Develops and implements a case management system to ensure compliance with program guidelines, administers urine analysis tests and treatment compliance and progress toward participants' goals.
- Makes psychosocial assessments of clients, family dynamics, environment, medical and psychological history, and formulates individualized outcome based treatment plans. Completes the Long-Term Functional Screen for individuals seeking services through the Mental Health Court as needed.
- Makes home, office and community contacts with clients as required to monitor participant's progress, adjustment, medication compliance and general stability.
- Manages individuals who may have a severe and persistent mental illness and co-occurring disorders within a recovery team model with a focus on long term supportive therapy, symptom management, medical management, daily living skills training and community integration, providing ongoing coordination with established outcome based treatment plans.
- Observes and evaluates emotional and physical needs of clients, providing ongoing symptom and medication side effect assessments, and confers with medical staff regarding observations.
- Assists in the development, implementation and monitoring of service plans for individuals.
- Transports and escorts consumers to meetings, services, appointments and other activities as needed.
- Provides protection and advocacy services.
- Refers participants to contracted treatment agencies best suited for their needs. Collaborates with treatment providers to ensure community resources and service needs match desired program outcomes.
- Maintains knowledge of vocational, housing and other community resources.
- Maintains cooperative relationships with treatment agencies, community organizations, probation departments and other agencies represented on the Mental Health Court team.
- Documents contacts and services, prepares reports and other written materials and complies with all recordkeeping requirements.
- Maintains accurate records and prepares reports and documentation for court proceedings.
- Maintains readiness to assist colleagues in managing psychiatric and/or medical emergencies experienced by a client.
- Provides support as necessary for individuals and/or family or significant others in individual, conjoint and group formats.
- Provides individuals and family members with information regarding services available from county, state and federal agencies, provides intervention for patients by directly

administering therapeutic activities, making referrals or requesting additional services as appropriate.

- Provides individuals and family members with information regarding services which best meet their needs and desires.
- Provides presentations to the county, various committees, to other agencies and to the general public.
- Stays abreast of current research with treatment courts and organizes and coordinates training for the Mental Health Court team.
- Facilitates Mental Health Court program processes and operations while being responsible for program efficiency.
- Reviews and prepares grants and other funding applications to support the Mental Health Court.
- Consults with court judge(s) on a wide range of organizational and managerial issues including but not limited to Mental Health Court efficiency and internal and external quality assurance.
- Researches the best evidence-based approach in the implementation of treatment services of Mental Health Court participants.
- Identifies needs in the service delivery system and participates in program development initiatives.
- Attends unit and other meetings as required.
- Maintains regular and predictable attendance, works overtime/extra hours as required.
- Performs other duties as assigned or required.

EDUCATION/CERTIFICATIONS/EXPERIENCE REQUIREMENTS:

- Master's Degree in behavioral science or a related field.
- 3 - 5 years experience diagnosing and providing therapy; experience developing and facilitating treatment groups, knowledge of Evidence Based Treatments, and knowledge of cultural issues relating to Mental Health concerns.
- Knowledge and experience in assessing and treatment of alcohol and other drug abuse issues beneficial to this position.
- Must have demonstrated abilities to be an effective team member and work in a multi-disciplinary team within an Integrated Services model, to be aware of and use community resources, community relations skills, organizational skills, time management skills and have experience managing the demands of crisis intervention.



REQUIRED OR PREFERRED SKILLS:

- Knowledge of and ability to provide case management and coordination for individuals with severe and persistent mental illness and dual diagnoses
- Knowledge, skill and ability to provide crisis intervention service.
- Knowledge of available community resources for the consumer groups.
- Knowledge of and experience in the clinical area of alcohol and other drugs.
- Knowledge of and experience in urine analysis collection and testing.
- Ability to establish and maintain effective working relationships with clients, other employees, representatives from community resource groups, contract agencies and the general public.
- Ability to manage treatment within the continuum of services available for mentally ill and chemically dependent clients with an emphasis on provision of services in the least restrictive setting and objectively evaluate progress towards goals and timetables.
- Ability to work cooperatively in a system-wide program setting.
- Ability to speak effectively in public settings and prepare written reports.
- Ability to work independently.
- Ability to adhere to professional ethics and standards.
- Ability to use and interpret medical, legal and counseling terminology.
- Ability to work the allocated hours of the position.
- Knowledge of and demonstrated ability to conform to goals, policies and procedures of the department as well as the Outagamie County Work Rules and Terms of Employment.
- Ability to operate a variety of office equipment including personal computer, photocopier, calculator and telephone.
- Ability to transport oneself from location to location in an efficient and expedient manner.
- Skill in organization including paperwork, time management and prioritization of crisis demands.
- Ability to add, subtract, multiply, divide, calculate decimals and percents, and make use of the principles of descriptive statistics.
- Ability to comprehend and interpret a variety of documents including client charts, medical, accident, and other reports; psychological evaluations and other assessment reports, school records, professional literature, policy and procedure manuals, diagnostic manuals, etc.
- Ability to prepare a variety of documents including client records, referrals, court reports, intake and assessment records, case notes, individual treatment plans, letters

and other correspondence, etc.

- Ability to communicate effectively with clients and family members, community agencies and service providers, psychiatrists, physicians and other medical professionals, attorneys, human services personnel, school personnel and others verbally and in writing.
- Knowledge of the service delivery system.
- Knowledge of drug and alcohol diseases and mental illnesses, dependent on assignment, the effects on individuals and families and the resources available within the community.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Department of Health and Human Services Request for Mental Health Coordinator Position Cost Center Change

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Recently coordinators of the Mental Health and Drug and Alcohol Treatment courts asked to review the present administration and oversight of the treatment courts and consider moving the two courts overseen by Health and Human Services into the Criminal Justice Treatment Services (CJTS) Department. After studying our current treatment court structure and meeting with staff, administrators and Judges, we have identified that there would be significant efficiencies and savings by moving all of the treatment courts to the Criminal Justice Treatment Services (CJTS) Department. Just a few examples of the efficiencies identified include; that coordinators could back each other up more efficiently if they all worked for the same department, that assessment decisions for placement of participants in the most appropriate treatment court could be done quicker and more efficiently, and that grant resources could be more efficiently managed by a single department. An out of budget position cost center change form is being submitted with a request to move the Mental Health Coordinator role from Health and Human Services to CJTS. We are requesting the Mental Health Court be moved from the current Health and Human Services cost center to a new cost center under CJTS.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes (x) no ( ) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (x)

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (x) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

RESOLUTION NO.: 13—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Recently, coordinators of the Mental Health Court and Drug and Alcohol Treatment Court requested to review the current administration and oversight of the treatment courts and consider moving the two courts overseen by the Health and Human Services Department into the Criminal Justice Treatment Services (CJTS) Department. After studying the current treatment court structure and meeting with staff, administrators, and judges, it was determined that there would be significant efficiencies and savings by moving all of the treatment courts under the CJTS Department. A few of the efficiencies identified include: coordinators could back each other up more efficiently if they all worked for the same department; assessment decisions for placement of participants in the most appropriate treatment court could be done quicker and more efficiently; grant resources could be more efficiently managed by a single department.

This resolution approves moving the Drug and Alcohol Treatment Court and staff from the current Health and Human Services cost center to a new cost center under CJTS.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve an in-year Table of Organization request to move one (1) full-time Drug & Alcohol Treatment Coordinator position from the Health and Human Services Mental Health Table of Organization to the Criminal Justice Treatment Services Table of Organization along with the related budget adjustments for 2023 as noted on the attached Out Of Budget – Position Cost Center Change Form, Job Description, Table of Organization, and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, the Outagamie County Human Resources Director, the Outagamie County Finance Director, the Outagamie County Health and Human Services Director, and the Outagamie County Criminal Justice Treatment Services Director.

Dated this 9th day of May 2023

Position Justification

Briefly summarize why this change is needed, as well as areas of revenue and savings.

For the past ten years, the Department of Health and Human Services has overseen the coordination of both the Mental Health and the Drug and Alcohol Treatment courts for the county. During this time period a Veterans Treatment Court and Safe Streets Treatment Options Program were also started and overseen by the Criminal Justice Treatment Services (CJTS) Department. Over the years, we have identified how important it is to have close coordination between all of the counties treatment courts and it has also become vital for all of the treatment courts to have close alignment to the Treatment, Alternatives and Diversion (TAD) grant funding that the county receives.

Recently coordinators of the Mental Health and Drug and Alcohol Treatment courts asked if we would review the present administration and oversight of the treatment courts and consider moving the two courts overseen by Health and Human Services into the Criminal Justice Treatment Services (CJTS) Department. After studying our current treatment court structure and meeting with staff, administrators and Judges, we have identified that there would be significant efficiencies and savings by moving all of the treatment courts to the Criminal Justice Treatment Services (CJTS) Department. Just a few examples of the efficiencies identified include; that coordinators could back each other up more efficiently if they all worked for the same department, that assessment decisions for placement of participants in the most appropriate treatment court could be done quicker and more efficiently, and that grant resources could be more efficiently managed by a single department.

As a result of this work, we are requesting that a county board resolution be drafted that would move the Mental Health Treatment Court cost center and the Drug and Alcohol Treatment Court cost center from Health and Human Services to Criminal Justice Treatment Services effective January 1, 2023, and that in addition, we would request the transfer of one full-time Drug and Alcohol Treatment Court Coordinator position be transferred from Health and Human Services to Criminal Justice Treatment Services effective April 23, 2023.

Outagamie County Est. 1851

Drug & Alcohol Treatment Court Coordinator (DHHS-MH)

Class Code: 6600-9

Bargaining Unit:

OUTAGAMIE COUNTY
Established Date: Sep 12, 2017
Revision Date: Jan 5, 2023

SALARY RANGE

$53,248.00 - $64,958.00 Annually

POSITION PURPOSE:

Reporting to the Manager of the Mental Health & AODA Division and working closely with the court system and community resources, the Drug and Alcohol Treatment Court Coordinator performs administrative work and plans, organizes, coordinates, and monitors activities of the Outagamie County Drug and Alcohol Treatment Court (DATC). Work involves providing services in office, at clients' homes and in the community and may require work outside of standard hours and occasional travel.

KEY RESPONSIBILITIES:

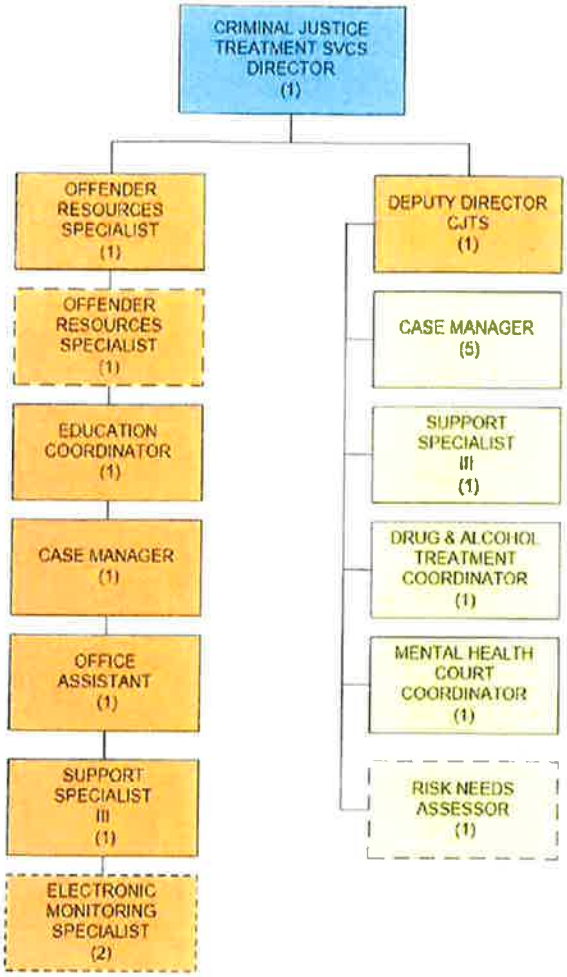
The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Coordinates the activities of the Outagamie County Drug and Alcohol Treatment Court including screenings, referrals, assisting in determining eligibility, leading and coordinating staffing and activities, making referrals, providing direct case management and coordinating treatment services.
- Prepares reports for County and DATC as needed.
- Obtains information from clients, family members, and other agencies to assess needs or degree of dysfunction, establishes goals, develops and coordinates individual case plans; and monitors established service plans.

- Conducts face-to-face assessments with individuals in their homes or in the community or other locations.
- Identifies, through case management and/or intake services, individual needs which include medical, psychological, vocational, social, familial and daily living spheres.
- Develops and implements a case management system to ensure compliance with program guidelines, administers urine analysis tests and treatment compliance and progress toward participants' goals.
- Makes psychosocial assessments of clients, family dynamics, environment, medical and psychological history. Completes the Long-Term Functional Screen for individuals seeking services through the Drug and Alcohol Treatment Court as needed.
- Makes home, office and community contacts with clients as required to monitor participant's progress, adjustment, medication compliance and general stability.
- Manages individuals who may have a severe and persistent drug or alcohol disease and co-occurring disorders within a recovery team model with a focus on long term supportive therapy, symptom management, medical management, daily living skills training and community integration, providing ongoing coordination with established outcome based treatment plans.
- Observes and evaluates emotional and physical needs of clients, providing ongoing symptom and medication side effect assessments, and confers with medical staff regarding observations.
- Assists in the development, implementation and monitoring of service plans for individuals.
- Transports and escorts consumers to meetings, services, appointments and other activities as needed.
- Provides protection and advocacy services.
- Refers participants to contracted treatment agencies best suited for their needs. Collaborates with treatment providers to ensure community resources and service needs match desired program outcomes.
- Maintains knowledge of vocational, housing and other community resources.
- Maintains cooperative relationships with treatment agencies, community organizations, probation departments and other agencies represented on the Drug and Alcohol Treatment Court team.
- Documents contacts and services, prepares reports and other written materials and complies with all recordkeeping requirements.
- Maintains accurate records and prepares reports and documentation for court proceedings.
- Maintains readiness to assist colleagues in managing psychiatric and/or medical emergencies experienced by a client.
- Provides support as necessary for individuals and/or family or significant others in individual, conjoint and group formats.
- Provides individuals and family members with information regarding services available from county, state and federal agencies.

- Provides individuals and family members with information regarding services which best meet their needs and desires.
- Provides presentations to the county, various committees, to other agencies and to the general public.
- Stays abreast of current research with treatment courts and organizes and coordinates training for the Drug and Alcohol Treatment Court team.
- Facilitates Drug and Alcohol Treatment Court program processes and operations while being responsible for program efficiency.
- Reviews and prepares grants and other funding applications to support the Drug and Alcohol Treatment Court.
- Consults with court judge(s) on a wide range of organizational and managerial issues including but not limited to Drug and Alcohol Treatment Court efficiency and internal and external quality assurance.
- Researches the best evidence-based approach in the implementation of treatment services of Drug and Alcohol Treatment Court participants.
- Identifies needs in the service delivery system and participates in program development initiatives.
- Attends Division and other meetings as required.
- Maintains regular and predictable attendance, works overtime/extra hours as required.
- Performs other duties as assigned or required.
- Provides on-call duties as assigned

EDUCATION/CERTIFICATIONS/EXPERIENCE REQUIREMENTS:



- Required: Bachelor's Degree in behavioral science or a related field, and access to private transportation at all times for work-related duties.
- Preferred: Successful completion of an accredited alcohol and other drug abuse counselor training program, experience providing AODA services, Licensure as a Clinical Substance Abuse Counselor or Clinical Supervisor, 3 years experience working with individuals with co-existing mental health and substance abuse needs. Appointment will be conditional upon successful completion of criminal and caregiver background checks.

REQUIRED OR PREFERRED SKILLS:

- Knowledge of and ability to provide case management and coordination for individuals with alcohol and other drug dependency and dual diagnoses.
- Knowledge, skill and ability to provide crisis intervention service.
- Knowledge of available community resources for the consumer groups.
- Knowledge of and experience in the clinical area of alcohol and other drugs.
- Knowledge of and experience in urine analysis collection and testing.
- Ability to establish and maintain effective working relationships with clients, other employees, representatives from community resource groups, contract agencies and the general public.
- Ability to manage treatment within the continuum of services available for chemically dependent clients with an emphasis on provision of services in the least restrictive setting and objectively evaluate progress towards goals and timetables.
- Ability to work cooperatively in a system-wide program setting.
- Ability to speak effectively in public settings and prepare written reports.
- Ability to work independently.
- Ability to adhere to professional ethics and standards.
- Ability to use and interpret medical, legal and counseling terminology.
- Ability to work the allocated hours of the position.
- Knowledge of and demonstrated ability to conform to goals, policies and procedures of the department as well as the Outagamie County Work Rules and Terms of Employment.
- Ability to operate a variety of office equipment including personal computer, photocopier, calculator and telephone.
- Ability to transport oneself from location to location in an efficient and expedient manner.
- Skill in organization including paperwork, time management and prioritization of crisis demands.
- Ability to add, subtract, multiply, divide, calculate decimals and percents, and make use of the principles of descriptive statistics.
- Ability to comprehend and interpret a variety of documents including client charts, medical, accident, and other reports; psychological evaluations and other assessment reports, school records, professional literature, policy and procedure manuals, diagnostic manuals, etc.
- Ability to prepare a variety of documents including client records, referrals, court reports, intake and assessment records, case notes, individual treatment plans, letters and other correspondence, etc.
- Ability to communicate effectively with clients and family members, community agencies and service providers, psychiatrists, physicians and other medical professionals, attorneys, human services personnel, school personnel and others verbally and in writing.

- Knowledge of the service delivery system.
- Knowledge of drug and alcohol diseases and mental illnesses, dependent on assignment, the effects on individuals and families and the resources available within the community.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Department of Health and Human Services Request for Drug and Alcohol Treatment Coordinator Position Cost Center Change

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Recently coordinators of the Mental Health and Drug and Alcohol Treatment courts asked to review the present administration and oversight of the treatment courts and consider moving the two courts overseen by Health and Human Services into the Criminal Justice Treatment Services (CJTS) Department. After studying our current treatment court structure and meeting with staff, administrators and Judges, we have identified that there would be significant efficiencies and savings by moving all of the treatment courts to the Criminal Justice Treatment Services (CJTS) Department. Just a few examples of the efficiencies identified include; that coordinators could back each other up more efficiently if they all worked for the same department, that assessment decisions for placement of participants in the most appropriate treatment court could be done quicker and more efficiently, and that grant resources could be more efficiently managed by a single department. An out of budget position cost center change form is being submitted with a request to move the Mental Health Coordinator role from Health and Human Services to CJTS. We are requesting the Drug and Alcohol Treatment Court be moved from the current Health and Human Services cost center to a new cost center under CJTS.

Current Year Budget Impact (Check one or more of the following boxes)

[x] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes (x) no ( ) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (x)

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (x) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

May 9, 2023 County Board Meeting
OpenMeeting

RESOLUTION NO.: 14—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Rule 9 of the Outagamie County Board Rules, Sec. 2-52 Administrative Rule Review, establishes a procedure for the review of Administrative Rules. The County Board may approve of the rule or refer it back to administration for revision and re-submission. A rule regarding updates to Outagamie County's Employee Handbook has been submitted for review.

Administrative Rule AR-2023-02 updates the Outagamie County Handbook with adjustments and clarifying language to reflect current practice in several areas. The updates include removal of language pertaining to probationary period; addition of paid administrative leave; update regarding requirement to (identification) ID badging in and out of employee entrances and exits; new employee ID card process; update to replacement and use of ID cards; update and clarification of unpaid time usage; requirement that performance evaluation discussion must be completed in Tyler-Munis program before a personnel action is completed; update to roles eligible for clothing allowance; clarification on notice of termination period start date; clarification on family medical leave eligibility.

Administrative Rule AR-2023-02 replaces Administrative Rule AR-2022-02.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby approve Administrative Rule AR-2023-02 as attached and by reference made a part hereof, which amends the Outagamie County Employee Handbook with adjustments and clarifying language to reflect current practice in several areas, including removal of language pertaining to probationary period; addition of paid administrative leave; update regarding requirement to (identification) ID badging in and out of employee entrances and exits; new employee ID card process; update to replacement and use of ID cards; update and clarification of unpaid time usage; requirement that performance evaluation discussion must be completed in Tyler-Munis program before a personnel action is completed; update to roles eligible for clothing allowance; clarification on notice of termination period start date;

clarification on family medical leave eligibility, as detailed in the attached Employee Handbook Matrix of Changes and the Outagamie County Handbook, and

BE IT FURTHER RESOLVED, that this rule shall be numbered AR-2023-02, shall replace AR-2022-02, and will be on file in the manual entitled "Outagamie County Administrative Rules" in the Outagamie County Clerk's Office, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Executive, who, in accordance with Sec. 59.03 Wis. Stats., shall be charged with the duty of distributing said rule to affected departments for compliance.

Dated this 9th day of May 2023

Outagamie County Employee Handbook

Subject:	Outagamie County Employee Handbook
Number:	AR-2023-02
Effective:	05/09/2023
Replaces:	AR-2022-02
	Outagamie County Employee Handbook
Adopted:	TBD

Introduction

This Administrative Rule updates the Outagamie County Employee Handbook with adjustments and clarifying language to reflect current practice in several areas. The updates include removal of language pertaining to probationary period; addition of paid administrative leave; update regarding requirement to (identification) ID badging in and out of employee entrances and exits; new employee ID card process; update to replacement and use of ID cards; update and clarification of unpaid time usage; requirement that performance evaluation discussion must be completed in Tyler-Munis program before a personnel action is completed; update to roles eligible for clothing allowance; clarification on notice of termination period start date; clarification on family medical leave eligibility.

Procedure

Outagamie County Ordinance, Sec. 30-2 – Purpose, authorizes the creation of a human resources manual through administrative rule which shall be a working document provided to all affected employees and shall contain procedures as listed in Sec. 30 – 12. The human resources manual shall be approved by the County Board as an administrative rule in accordance with Section 2.52.

Outagamie County Ordinance, Sec. 2-52 – Rule 9 – Administrative Rule Review requires all administrative rules to be submitted to the Legislative/Audit & Human Resources Committee who shall submit them to the full County Board for review. The County Board shall approve of the rule or refer the rule back to the Executive for revision and resubmission.

Policy

The attached matrix details the specific language changes to the handbook related to benefits eligibility, bereavement, separating from employment, and personal appearance to be found in the attached modified Employee Handbook.

TOPIC	PAGE #	TYPE OF CHANGE	PROPOSED VERSION	ORIGINAL VERSION
PROBATIONARY PERIOD	Throughout	REMOVAL	Remove all language pertaining to probationary period. This is a carry over from the previous bargaining days and with Wisconsin being an at will employer is a moot point. Having this in the handbook can cause candidates to reconsider accepting an offer when probationary periods are not common in the workplace and they may not encounter with a competitive offer.	
PAID ADMINISTRATIVE LEAVE		NEW ADDITION	Administrative leave occurs when an employee must temporarily leave their position and work duties for a certain time period. Administrative leave differs from a leave of absence because a leave of absence is an authorized absence from work for an extended time period and granted due to a specific reason. Any paid administrative leave must be approved by Human Resources and the Department Head prior to communicating to the employee or entering a personal action.	
IDENTIFICATION CARDS	36	UPDATE BADGING IN/OUT REQUIREMENTS	REQUIREMENTS FOR WEAR All Outagamie County employees, County Board members, temporary contract workers, State employees assigned to the county location and county emergency personnel shall obtain an identification card. Volunteers may be given a department temporary card or individual card based on length of and type of assignment. The identification card should be worn while performing duties as an Outagamie County employee, and must be used to swipe in and out of employee entrances and exits. All Outagamie County employees (exceptions may be made by department heads due to safety or uniform requirements) should wear their identification card on the front of their person on their outermost garment. Outagamie County will provide the cardholders. An employee may obtain their own cardholder. Departments shall ensure that their employees are wearing the identification card. Supervisors of volunteers or temporary contract employees should contact the Human Resources Department if a card needs to be issued for an individual. 			NEW EMPLOYEE IDENTIFICATION CARD PROCESS New employees will fill out an Outagamie County Employee Identification Card Information Sheet and will submit a headshot picture to be used for their badge, prior to their last day of hire. Contract workers who are determined to need an individual identification card must fill out the Contractor Identification Card form located on the HR website and have it filled out and signed by a supervisor. Badge information created for new employees is provided to the maintenance department, who will then establish facility access for designated departments.	Contract workers who are determined to need an individual identification card must fill out the Contractor Identification Card form and have it filled out and signed by a supervisor. Badge information created for new employees is provided to the maintenance department, who will then establish facility access for designated departments.
			REPLACEMENT AND USE If an employee forgets their identification card, they may obtain a temporary department identification card to wear for that day. This should be obtained through the employee's department. If an employee misplaces their identification badge, they may use the department temporary card for up to one week. The employee should immediately notify their supervisor or Maintenance so the security access can be disabled. If the employee has not located their card in one week, a new card must be obtained through Maintenance. Upon termination, all employees shall surrender their identification card to their supervisor or Human Resources. All supervisors shall collect id badges as part of the termination checklist process. If an employee refuses to surrender the badge or does not have the badge the supervisor shall immediately contact Maintenance so the badge can be disabled. Any employee who is found to have used their identification card for purposes other than for authorized Outagamie County business, or who allows another person to use their identification card for personal use, will be subject to the discipline process. If an employee changes department or name, the supervisor or employee may contact the Human Resources Department for a new identification card. If the identification card is broken, worn, or no longer works for security access, the employee should contact Maintenance for a replacement card. 			BADGING IN/OUT OF THE BUILDING All visitors MUST use the Main Visitor Entrance and be cleared through CJU security. Visitors must also exit through the public exit near the front door security. All employees should utilize the Employee Only Entrances rather than the Main Visitor Entrance whenever possible. If an employee forgets their access card, they shall be required to enter at the visitor's entrance and go through security screening. Employees shall not let other employee in through the employee entrances. When using the Main Visitor Entrance employees will be screened just like the general public. All employees MUST badge OUT of the building when exiting at the Employee Only Entrances (do not need to badge out of exits with green stars on the map). Employees should listen for the beep to ensure their badge was recorded. If a beep is not heard the employee should try to re-badge. It is not necessary to close the door between entering/exiting employees, but each employee MUST badge in/out individually. If you accidentally sound the alarm when exiting, please immediately badge out and the alarm will clear. All building entrances are monitored by video cameras. The EAB West Entrance onto the front lawn/plaza (large purple slab on the map) is NOT available to employees or visitors to enter or exit, other than emergency evacuation.	
INCLEMENT WEATHER	37	UPDATE CLARIFICATION OF UNPAID TIME USAGE	Inclement weather may make it impossible for employees to come to work, or it may require employees to leave work before the end of normal office hours. Employees may request that this time off be charged to unused vacation, or choose to "make up" the lost time, consistent with flex, comp time and Fair Labor Standards Act requirements. In addition, contrary to the unpaid leave policy, employees may use leave without pay, even if they have available vacation to use. All arrangements must be confirmed with department approval. PERFORMANCE EVALUATIONS AND SALARY ADMINISTRATION	49	CLARIFICATION EVALUATION ACKNOWLEDGMENT & CASUAL CALL	The purpose of the annual performance evaluation is to assess an employee's work effectiveness and to encourage good performance while also identifying areas for development. Performance evaluations are considered in decisions affecting placement, salary advancement, overtime assignments, promotions, demotions, termination, order of layoff, reemployment, and training. An acknowledgment of the performance evaluation discussion must be completed in Tyler Munis before a personnel action for the resulting step increase is submitted. No step increase will occur until the evaluation discussion has occurred. Performance evaluations are not required for Casual/Call employees, as they are not eligible for step increases.

April 2023

TOPIC	PAGE #	TYPE OF CHANGE	PROPOSED VERSION	ORIGINAL VERSION
PERSONAL APPEARANCE / CLOTHING ALLOWANCE	53	UPDATE - ROLES ELIGIBLE FOR ALLOWANCE	The amount and administration of the clothing allowance for uniformed Sheriff's Office staff will be made in accordance with existing policies, with a summary of current policies provided below: • Sheriff, Chief Deputy, Communication Center Manager, Administrative Captains, Jail Lieutenants, ~~Civil Process Servers~~, Telecommunications Supervisor and Communications Shift Supervisor shall receive a $275 initial allowance and an annual $275 allowance. • Patrol Lieutenants shall receive a $375 initial allowance and an annual $375 allowance. • Operations Assistants and Telecommunicators will receive an initial $275 allowance and then an annual $250 allowance after that. The Sheriff's Office Mechanic is required wear safety shoes and is responsible for purchasing and wearing safety shoes/boots to comply with the County's Personal Protective Equipment policy and is eligible to receive an annual (per calendar year) reimbursement up to $40 for purchase of safety shoes with presentation of proper receipt to their supervisor. The Sheriff's Office Mechanic will be reimbursed for tools purchased up to $250.00 per year, payable upon the submission of a receipt substantiating the purchase. • All employees paid during the pay period in January each year when the clothing allowance has been disbursed (typically the 2nd pay day in January), will be paid the full annual rate for clothing allowance for that year. As an example: if you were hired in Feb or Dec of 2017, you will receive your clothing allowance as a new employee in Feb or Dec of 2017 and in January of 2018 you will receive the 2018 annual clothing allowance. The only exceptions are for new employees hired Jan 1 through the pay period of the uniform allowance, as they will receive just their initial hiring allowance; whereas those not leaving in good standing during that disbursement pay period will not receive the allowance. All uniformed Sheriff's Office staff, including part time, shall receive a clothing allowance on the above basis, excluding the Administrative Supervisor, Systems Analysts, Staff Accountant and Records Specialists.	The amount and administration of the clothing allowance for uniformed Sheriff's Office staff will be made in accordance with existing policies, with a summary of current policies provided below: • Sheriff, Chief Deputy, Captains, Jail Staff Sergeants, Lieutenants, and Telecommunicator Supervisors shall receive a $275 initial allowance and an annual $275 allowance. • Patrol Staff Sergeants shall receive a $375 initial allowance and an annual $375 allowance. • Justice Center employees at the Jail and Communications Center will receive an initial $275 allowance and then an annual $250 allowance after that. • All employees paid during the pay period in January each year when the clothing allowance has been disbursed (typically the 2nd pay day in January), will be paid the full annual rate for clothing allowance for that year. As an example: if you were hired in Feb or Dec of 2017, you will receive your clothing allowance as a new employee in Feb or Dec of 2017 and in January of 2018 you will receive the 2018 annual clothing allowance. The only exceptions are for new employees hired Jan 1 through the pay period of the uniform allowance, as they will receive just their initial hiring allowance; whereas those not leaving in good standing during that disbursement pay period will not receive the allowance. All uniformed Sheriff's Office staff, including part time, shall receive a clothing allowance on the above basis, excluding Operations Assistants, Process Servers, and Health Records Specialists
SEPARATION FROM EMPLOYMENT	64	CLARIFICATION - NOTICE PERIOD START DATE	Employees are encouraged to provide a two (2) week written notice of intent to terminate their employment. The day you provide written notice is not counted. Count each day after notice is given.	

Outagamie County

Employee Handbook
Matrix of Changes

April 2023

TOPIC	PAGE #	TYPE OF CHANGE	PROPOSED VERSION	ORIGINAL VERSION
SICK LEAVE	64	CLARIFICATION - FAMILY MEDICAL LEAVE ELIGIBILITY	An employee eligible for sick leave with pay may use such leave upon approval of the manager/supervisor/department head for absence due to an employee's illness, injury, exposure to contagious disease, dental or medical appointments or due to an employee's immediate family member's (i.e., the employee's spouse, or dependent children living in the employee's household) hospitalization, illness or dental or medical appointment requiring the employee's personal attendance. An employee using sick leave shall inform their immediate supervisor of the fact and reason as soon as possible and failure to do so within reasonable time may be cause for denial of pay for the period of absence. The department head may request a doctor's certificate before approving such leave with pay if three (3) or more consecutive workdays are missed. If an employee is eligible for Family Medical Leave, that employee is required to complete FML paperwork after more than three (3) consecutive workdays are missed. Additional requirements for FMLA should be discussed with the employee's supervisor. The department head may also request a doctor's certificate, for any sick leave use, before approving such sick leave with pay after four (4) instances of sick leave, without a doctor's certificate, are taken in a calendar year. Employee's accrued sick leave for serious health conditions of family members (as set forth in the immediate family definition) is covered under FMLA. Sick leave pay may only be used for Family Bonding and serious health conditions of family members (as set forth in the immediate family under Family Medical Leave).	An employee eligible for sick leave with pay may use such leave upon approval of the manager/supervisor/department head for absence due to illness, injury, exposure to contagious disease, dental or medical appointments or due to illness in the employee's immediate family (i.e., the employee's spouse, or dependent children living in the employee's household) requiring the employee's personal attendance. An employee on sick leave shall inform their immediate supervisor of the fact and reason therefore as soon as possible and failure to do so within reasonable time may be cause for denial of pay for the period of absence. The department head may request a doctor's certificate before approving such leave with pay if three (3) or more consecutive workdays are missed. The department head may also request a doctor's certificate, for any sick leave use, before approving such leave with pay after four (4) instances of sick leave, without a doctor's certificate, are taken in a calendar year.

EMPLOYEE HANDBOOK

Your guide in understanding the way we work at

Outagamie County Est. 1851

Revision Date: April 2023

INTRODUCTION

We are pleased that you are employed with us at Outagamie County. We depend on the skill and energy of people like you to provide our citizens with the kind of efficient and courteous service they deserve and expect.

Please read all the information in this handbook carefully and keep this as a ready reference. You will undoubtedly have questions about your job with the County. When questions arise which are not answered in the handbook, do not hesitate to ask your supervisor/manager or department head for assistance.

You are an important member of the County work force; we hope your employment is mutually rewarding.

Thomas

Thomas Nelson
Outagamie County Executive

OUTAGAMIE COUNTY CORE VALUES

Invested in Serving
Devoted to positively impacting our communities

Better Together
Inspire unity by promoting collaboration, trust and respect

Create Progress
Encourage growth through innovation to advance and succeed

Support Through Compassion
Prioritize one another through communication, inclusion, and transparency to bolster our community

Revision Date: April 2023

PURPOSE OF THE HANDBOOK

The Employee Handbook is designed to promote consistent, uniform personnel administration throughout Outagamie County. It is the intent of Outagamie County that all employees be treated with dignity and respect.

This handbook is not designed to be an all-inclusive or all exclusive document, as there may be other policies that may apply to you. However, it will help you familiarize yourself with important matters that relate to you, your job, and your career.

This handbook is for general information purposes only, and applies to all non-bargaining unit employees. The statements in this book are intended as explanation only and create no new rights or obligations. It is not, nor is it intended to be, a contract of employment or a promise of employment. The County reserves the right to modify, revoke, suspend, terminate, or change any or all of such plans or processes, in whole or in part, at any time, with or without notice. Any statements set forth which are in conflict with, are superseded by, and subject to all federal and state laws, county ordinances and resolutions, and, if applicable, collective bargaining agreements and individual employment contracts, related to employee rights and benefits. In addition, your department may have unique characteristics that may require special consideration within these guideline areas and may develop work rules within the parameters of this Manual. Employees of Outagamie County are employees-at-will. No person has authority to make any agreement for employment for any specified period of time or to make any agreement contrary to the foregoing.

The language set forth in this handbook supersedes all previous Outagamie County Employee Handbooks, as well as Personnel and Interim Personnel Manuals, and is effective August 2022. When there is a conflict regarding the present handbook and any other past practices related to personnel matters, the present manual will prevail.

Constructive comments on the usefulness and completeness of this handbook are welcome. Please direct them, as well as any questions you may have, to the Outagamie County Human Resources Department.

ABSENCES

Employees unable to come to work must contact their supervisor or designee prior to the start of their work day as determined by their department. While it is recognized that there may be extenuating circumstances for unauthorized absences; and due consideration will be given for each case, an employee who is absent from duty without approval for three (3) consecutive scheduled work days will be considered to have voluntarily terminated their position.

Employees absent from work must account for their missed time through the use of vacation, sick leave, comp time, unpaid leave, or floating holidays. The provisions of this section apply to both Fair Labor Standards Act exempt and non-exempt employees and are in accordance with the county's policy of ensuring public accountability of its employees.

ACCEPTABLE BEHAVIOR

It is the policy of Outagamie County to promote a safe and respectful environment for employees and clients that is free from all forms of harassment, offensive language, violence, bullying, and other non-productive behaviors.

It is a violation of this section of the handbook to engage in any behavior that is offensive, unprofessional, illegal, disrespectful, or in any way does not meet the high professional standards expected in our workplace. Unacceptable behavior will include but will not be limited to:

Harassment or other discriminatory behavior toward individuals in protected classes as defined and covered by Title VII of the Civil Rights Act of 1964. Harassment includes physical, verbal, and non-verbal abuse, intimidation, and threats. Sexual harassment is defined as unwelcome or unsolicited verbal, non-verbal, or physical conduct of a sexual nature in which submission to or rejection of such conduct is used as the basis for making decisions effecting conditions of employment or has the purpose or effect of substantially interfering with an employee's job performance, or creates an intimidating hostile or offensive work environment.

General harassment, bullying, other forms of psychological harassment, and any use of hostile, intimidating, threatening or humiliating behavior.

Violence, including the use or threat of use of any weapon on county property unless as a requirement of the job; the use of physical violence, including threat of physical violence on county property (reasonable force may be used in the defense of oneself or others).

Possession of any weapon in county facilities or vehicles, or in the performance of county duties, unless as a requirement of the job.

RESPONSIBILITY

It is the responsibility of each member of management to create an atmosphere free of unacceptable behavior. All members of management are responsible for preventing and/or eliminating unacceptable behavior in their work areas. In addition, it is the responsibility of all employees, contractors, vendors and visitors to respect the rights and feelings of other individuals.

COMPLAINT PROCESS

Any employee who believes they have been subjected to unacceptable behavior is encouraged to file a report of such conduct by either:

a) notifying their department management staff who will then notify the Human Resources Department, or;
b) notifying the Human Resources Deputy Director or Director.

This report can be made verbally or by completing a Complaint Form found on the HR webpage. Complaints should include specific detail about the parties involved, what day and time the incident occurred, a list of any witnesses, and any other relevant information.

In cases of violent behavior where the threat of injury is imminent, or an injury has occurred, emergency responders such as police, fire and/or ambulance personnel should be notified immediately by calling 9-911. Human Resources should then be notified. Human Resources and/or department management will take steps to minimize the potential for further violence or the fulfillment of any threatened violence.

The county recognizes that false accusations can have serious effects on innocent individuals and their families. Consequently, false accusations will result in appropriate disciplinary action against the complaining party.

INVESTIGATION PROCESS

Allegations of protected class harassment will be investigated in a timely and thorough manner by members of the Human Resources Department in conjunction with department management staff.

Other allegations of unacceptable conduct will be investigated in a timely and thorough manner by department management staff or Human Resources staff in conjunction with department management staff.

Where allegations of violent behavior have been made, the county reserves the right to search an employee's belongings while on county property and county owned property being used by the employee or have law enforcement personnel search any employee's person if there is a reasonable suspicion that a weapon or evidence of violent behavior has been concealed. Any employee failing to cooperate with such a search will be subject to disciplinary action.

REMEDIAL ACTION

Discipline may include warning, suspension or termination depending on the severity of the incident and the repetitious nature of the behavior.

Revision Date: April 2023

NOTIFICATION TO COMPLAINANT

Following investigation and imposition of any discipline, the complaining party will be notified as to the resolution of the case and that any further incidents should be reported promptly.

RETALIATION

Any and all forms of retaliation against a complainant or witness are expressly prohibited by the county. Appropriate disciplinary action will be taken against anyone retaliating against either the person filing a complaint or anyone assisting in the investigation.

CONFIDENTIALITY

To every extent possible, complaints and investigation results regarding unacceptable behavior will be treated with the utmost discretion and confidentiality for both the complaining party and the person against whom the complaint was filed.

ALCOHOL AND DRUGS

Outagamie County has a vital interest in maintaining safe, healthy, and productive working conditions for employees and providing safe, quality services to constituents. Employees under the influence of alcohol or other drugs while in the workplace pose a threat to the safety and wellbeing of themselves, co-workers and the general public.

The county encourages employees who have an alcohol or other drug problem to seek help to deal with their problem. Help is available through the Employee Assistance Program. For more details on this program, contact the Human Resources Department.

Some positions within Outagamie County fall within the purview of the DOT, Law Enforcement, FAA or other state or federal agencies that have different alcohol/drug standards that apply. Where a different standard exists, the more stringent standard will supersede.

POLICY STATEMENTS

The unauthorized consumption of alcohol during work hours or on county property is prohibited.

The unauthorized use, possession, distribution or sale of drugs, illicit drugs and/or controlled substances during work hours or on county property is prohibited.

Being under the influence of alcohol at work is a violation of this policy. Under the influence of alcohol is defined as a Breath Alcohol Concentration (BRAC) of .02 or greater.

Being at work under the influence of any drug not lawfully prescribed, or the misuse of any lawfully prescribed drug while at work is a violation of this policy. Under the influence of drugs is defined as meeting or exceeding urine concentration levels of prohibited substances as established by the DOT. Misuse is defined as exceeding the normal urine concentration range for a drug as prescribed.

Employees will not be permitted to work if under the influence of legal drugs or prescribed medications whose use adversely affects the employee's work.

Employees violating this policy will be subject to discipline.

REASONABLE SUSPICION

Where reasonable suspicion exists that an employee is under the influence of alcohol or drugs, the employee may be required to submit to testing specified by the employer.

Where reasonable suspicion exists that an employee is in possession of drugs or has been consuming alcohol or drugs during work hours or on county property, the employer reserves the right to inspect any and all storage devices on county property including personal storage devices.

Reasonable suspicion is defined as specific, contemporaneous, articulable observations about the conduct, appearance, speech or body odors of the employee and may include information provided by co-workers. Involvement in, or causation of an on-the-job accident may constitute a basis for reasonable suspicion. Anonymous tips will not be accepted as the sole basis for reasonable suspicion.

Reasonable suspicion must be established by a member of management and wherever possible, be confirmed by a second member of management.

PROCESS

Where reasonable suspicion exists, if at all possible, the Human Resources Department should be consulted before proceeding. Human Resources will provide the manager with a list of state certified testing facilities.

Where testing is indicated, a member of management must complete a Referral Authorization Form and escort the employee to the designated testing facility, present the Referral Authorization Form, and remain with the employee at the test site throughout the testing process. Under no circumstances should an employee, suspected of being under the influence of alcohol or drugs, be permitted to drive themselves to the testing site.

Standard testing will include a Breath Alcohol Test (BAT) and a Rapid Drug Screen. The employer reserves the right to test for other illegal drugs at its discretion.

Following testing, the escort will return the employee to the worksite. If during normal business hours, the employee will be brought to the Human Resources Department to await test results. If not during normal business hours, or if test results are not immediately available, arrangements should be made for the employee to get home where the employee will await return to work instructions.

Test results will be reported to the Human Resources Department as either positive or non-positive as soon as they are available. An employee will not be permitted to work while awaiting test results.

Refusal to be tested, tampering with the samples and/or non-cooperation with the process will be considered a positive test and the employee will be subject to discipline.

Where non-positive results are obtained from the BAT and Rapid Drug Screen, Human Resources will clear the employee to return to work immediately. Management should investigate the circumstances that led to reasonable suspicion. The EAP may be consulted in this regard.

CHALLENGING RESULTS

An employee may request a blood sample be drawn at the time of the BAT if they wish to ultimately challenge the results of the BAT. The blood sample may be analyzed at a lab of the employee's choice. The results of the blood analysis will govern.

An employee may challenge the results of the Rapid Drug Screen findings with a confirmation test at a lab of the employee's choice within 14 calendar days of the initial test. In the event of conflicting results, the confirmation test will determine the outcome.

RETURN TO WORK FOLLOWING POSITIVE RESULTS: ALCOHOL

Employees testing positive will be subject to discipline. An EAP referral may be made in conjunction with discipline. If an EAP referral is indicated, the employee must execute a consent agreement allowing the release of information regarding treatment recommendations, cooperation, follow-through, and readiness to return to work.

If discipline does not result in termination of employment, the date and time of return to work will be determined by the Human Resources Department or the employee's manager.

RETURN TO WORK FOLLOWING POSITIVE RESULTS: DRUGS

A positive Rapid Drug Screen requires the test sample to be forwarded to a lab for a more detailed chemical analysis. Human Resources will be notified immediately that the sample is being sent for analysis. The analysis process may take several days. The employee will be sent home pending receipt of results.

Positive results are forwarded to the Medical Review Officer (MRO) at the designated testing facility who will review the results of the detailed analysis and contact the employee for additional information. The employee may be required to present proof regarding the usage of prescription medications. The MRO will then consult with the Human Resources Department.

After the results are made known to the Human Resources Department, the employee testing positive will be subject to discipline. An EAP referral may be made in conjunction with discipline. If an EAP referral is indicated, the employee must execute a consent agreement allowing the release of information regarding treatment recommendations, cooperation, follow-through, and readiness to return to work.

If discipline does not result in termination of employment, the employee may not return to work without evidence of a non-positive test.

Testing for purposes of return to work may be completed at a state certified facility of the employee's choice but must use threshold levels established by the employer.

RECORDS AND FOLLOW-UP

All test results and test related information will be maintained by the Human Resources Department in a confidential manner.

If discipline does not result in termination of employment, an employee, after having tested positive, may, without reasonable suspicion, be subject to a maximum of three subsequent screens related to the initial positive test during the following 12 month period unless more frequent or random testing is prescribed by the EAP.

ASSOCIATED COSTS

All initial testing required by the employer will be paid for by the employer.

Random testing and follow-up testing prescribed by the EAP as described will be paid for by the employer.

Testing required for return to work will be determined by and paid for by the employer. Return to work testing not approved by the employer will be paid for by the employee.

All costs related to any challenge of initial test results, including any medical procedures, will be the responsibility of the employee unless the results are non-positive.

SALARY AND WAGES

Employees will be paid their regular wages for the time spent in the initial testing process.

Employees waiting for clearance to return to work following testing will be paid their regular wages for all missed time if the tests are non-positive. Where the tests are positive, the employee will not be paid their regular wages nor have access to sick leave, vacation or floating holiday pay for missed time.

Where return to work is delayed by an employee challenge of test results, the employee will be paid their regular wages for missed time in the event of a non-positive result and will not be paid for hours missed if the result is positive.

BEREAVEMENT LEAVE

Bereavement leave is leave taken by an employee due to the death of another individual, usually a close relative.

The time is usually taken by an employee to grieve the loss of a close family member, prepare for and attend a funeral, and/or attend to any other immediate post-death matters.

All regular full-time and part-time employees are eligible for up to five (5) days with pay for death in the family to include spouse, child, parent, stepparents, stepchild, brother, sister, step-brother, and step-sister; three (3) days with pay for (great) grandparents, step-grandparents, father-in-law, mother-in-law, sister-in-law, brother-in-law, son-in-law, daughter-in-law, grandparent-in-law, grandchild, and step-grandchild; and one (1) day with pay for uncle, aunt, nephew, niece. Family members covered in this section must be legal relatives

at the time of death. For example, a person who once was a step-parent but has since divorced is no longer considered a step-parent at the time of death.

The hour equivalent of the term "days" is determined by the proration factor of the employee, with a maximum factor of eight (8) hours per day.

Bereavement leave will normally be granted unless there are unusual business needs or staffing requirements. An employee may, with their supervisor's approval, use any available vacation or floating holidays for additional time off as necessary. Sick leave may not be used to extend bereavement leave without a physician's certification.

Generally, bereavement leave is taken immediately following the death. However, there may be circumstances when a supervisor will recognize the need for flexibility, for example, if a memorial service is scheduled at a time in the future.

Bereavement pay is calculated based on the base pay rate at the time of absence, and it will not include any special forms of compensation, such as incentives, commissions, bonuses, overtime or shift differentials.

The employee's supervisor and Human Resources will consider this time off on a case-by-case basis and may require verification of the need for the leave in special circumstances.

BREASTFEEDING FRIENDLY WORKPLACE

In recognition of the well documented health advantages of breastfeeding for infants and mothers, Outagamie County provides a supportive environment to enable breastfeeding employees to express their milk during work hours.

EMPLOYEE RESPONSIBILITIES

Employees who wish to express milk during the work period shall keep supervisors informed of their needs so that appropriate accommodations can be made to satisfy the needs of both the employee and the department.

It is the employees' responsibility to initiate this communication and to clearly state their needs to their supervisor.

Maintenance of Milk Expression Areas:

Breastfeeding employees are responsible for keeping milk expression areas clean, using anti-microbial wipes to clean the surfaces they utilize to pump.

Employees are also responsible for keeping the general lactation room clean for the next user.

This responsibility extends to both designated milk expression areas, as well as other areas where expressing milk will occur.

Revision Date: April 2023

Breastfeeding Equipment:

The employee is responsible to purchase their own breast pump equipment. The Affordable Care Act requires health insurance to cover a breast pump for all new mothers.

A list of breast pump distributors is available upon request from the Human Resources Department.

Milk Storage:

If milk is stored in a common refrigerator, employees should label all milk expressed with their name and date collected so it is not inadvertently confused with another employee's milk.

Use of Times to Express Milk:

Employees shall use the Staff Lactation Room Outlook Calendar or sign-up calendar displayed on lactation room door to schedule milk expression times that are most convenient or best meet their needs.

A Staff Lactation Room has been established on Level 3 of the Administration Building, on Level 2 (Heritage Square) at Brewster Village and ground floor of the Justice Center. All county employees are welcome to schedule time in these rooms. In other buildings where there is not a dedicated lactation room, the employee must work with their management staff to establish appropriate accommodations. Temporary Lactation Rooms have been identified at Highway Department, YFS, Solid Waste and the Sheriff's Department. If an employee has comments, concerns, or questions, regarding this issue, they may contact Human Resources.

EMPLOYER RESPONSIBILITIES

Milk Expression Breaks:

In accordance with the Fair Labor Standards Act (FLSA), Outagamie County will provide nursing mothers reasonable break time each time the employee needs to express milk for up to one year after the birth of a child.

Lactation times shall be established for each employee based on her work schedule. If possible, the lactation time is to run concurrently with any break time already provided.

Lactation time beyond the regular break time is unpaid and will be determined between the employee and the employee's supervisor.

A Place to Express Milk:

In accordance with the Fair Labor Standards Act (FLSA), a private room (not a toilet stall or restroom) shall be available for employees to breastfeed or express milk. The room will:

- Be private and sanitary
- Be located near a sink with running water for washing hands and rinsing out breast pump parts
- Have an electrical outlet
- Be in close proximity to the employee's work area

Revision Date: April 2023

- Contain comfortable seating
- Have appropriate signage and/or other security measures will be used to identify the occupied status of the lactation area

If employees prefer, they may also breastfeed or express milk in their own private offices, or in other comfortable locations agreed upon in consultation with the employee's supervisor.

Employees shall use the Staff Lactation Room Outlook calendar to schedule milk expression times that are most convenient or best meet their needs.

Supervisors will be responsible for reviewing policies and practices that will help facilitate each employee's infant feeding goals.

It is expected that employees will assist in providing a positive atmosphere of support for breastfeeding employees.

CIVIC DUTY

The county supports employees in their civic duty to serve on a jury, and their responsibilities as an active citizen.

Employees must present any summons to jury duty to their supervisor as soon as possible after receiving the notice to allow advance planning for an employee's absence.

An employee when subpoenaed in connection with county business, called upon to serve jury duty, or subpoenaed as a witness, will be paid their regular salary up to eight (8) hours per day.

The employee will not be entitled to jury duty pay or witness fees in addition to their regular pay except on those occasions when the employee chooses to take vacation or floating holiday time equal to the time lost by serving on the jury or as witness.

No employee will receive salary for attending court in cases involving a criminal act by the employee or a civil case initiated by the employee.

COMMERCIAL DRIVERS LICENSES

Highway Employees: The county shall pay up to one hundred fifty dollars ($150.00) per renewal toward the cost of successfully obtaining / renewing a CDL and endorsements that are required by the county, including background screening fees, upon presentation of receipts.

Recycling / Solid Waste Employees: The county shall pay up to one hundred fifty dollars ($150.00) toward the cost of successfully obtaining an initial CDL license and required endorsements and all subsequent renewals of a CDL and endorsements that are required by the county, including background screening fees, upon presentation of receipts.

The parties agree that they will comply with all federal and state regulations that pertain to the commercial driver's licenses.

Any employee who receives a citation for any offense that has a potential penalty of the suspension, revocation, or disqualification of their CDL shall notify the Highway Commissioner, or their designee, by 7:00 a.m. on the next business day. Failure to comply will make the employee ineligible for this Section and subject to discipline.

This opportunity shall be given to any employee only once during that employee's employment with Outagamie County. A second major offense, or a series of serious traffic violations resulting in CDL disqualification, shall result in termination.

The county will provide an unpaid leave of absence not to exceed thirteen (13) months to a maximum of two (2) employees at a time, who are disqualified from holding a CDL due to circumstances arising outside of work. Furthermore, it is recognized that loss of a CDL due to circumstances occurring during working hours is a severe offense and may result in termination of employment.

Prior to granting the leave of absence, the county may choose to continue the active employment of the affected employee to the extent that the Highway Commissioner determines that work is available. The employee may also be assigned to other work duties in other departments for which the employee may be qualified, at the sole discretion of the county.

It is understood that if a job assignment pays less than the employee's assigned position, the employee's wage will be adjusted accordingly. If the assignment is into a higher classification, the employee will be paid their normal rate.

Once a leave of absence is granted, the employee will not be reauired to return to work for intermittent, sporadic work assignments, unless said employee makes themselves available for such work.

The decision of the Highway Commissioner to offer, or not to offer, continued work or to assign other work duties in other departments is final and cannot be grieved.

Said employee shall have their CDL privileges reinstated within thirty (30) days following the end of the suspension, revocation, or disqualification period, and failure to do so will result in termination of employment.

The county has the sole discretion to fill the employee's position on a temporary basis during the leave of absence in any manner it deems appropriate. The county may also temporarily fill the position internally, and it shall not be subject to the posting process.

The employee will be required to use available vacation and floating holidays prior to an unpaid leave of absence. Following the utilization of any paid leave, the leave of absence shall be without pay or benefits. It is agreed that the employee shall not file for

unemployment benefits while on paid leave of absence. During the unpaid leave of absence, health, dental, and life insurance coverage will be available if the full premiums are paid by the employee, in accordance with county Policy.

The employee will not lose benefits accrued prior to the paid leave of absence but will not accrue benefits while on the unpaid leave.

COMPENSATORY TIME

It is the policy of Outagamie County to permit employees to earn compensatory time off, at the discretion of the supervisor, manager, or department head. For purposes of computing compensatory time, authorized paid leaves of absence are only considered time worked, if the additional work hours are required by the department. All overtime/compensatory work must be approved in advance by a supervisor or manager.

GRANTING COMPENSATORY TIME

There is no legal requirement or obligation of Outagamie County to grant compensatory time off to employees. A supervisor may choose to grant compensatory time off to employees who work in excess of 40/45 hours in a standard workweek for special projects, to perform urgent county business or during weekends/normally scheduled time off. Compensatory time will be granted on an hour-for-hour basis for exempt/salaried employees and at a rate of 1.5 hours for each hour worked for non-exempt/hourly employees. Compensatory time and overtime only applies after 40 hours for those positions that fall in a 37.5 hour/week category. (Note: all hours over 40 in a work week for non-exempt/hourly employees must either be compensated in compensatory time or overtime, with no exceptions.)

PROCESS

The maximum amount of compensatory time is a rolling amount of 40 hours (i.e. you cannot have more than 40 accumulated hours at any given time).

The approval for earning compensatory time must be approved by the supervisor in advance, whenever possible. Regardless of whether advance approval is required, all employees are responsible for tracking their compensatory time. Time reporting should reflect regular pay and any compensatory time earned or used for a select pay period.

An employee who has accrued compensatory time and requests use of the time must be permitted to use the time off within a "reasonable period" after making the request. Compensatory time usage must be taken in increments of fifteen (15) minutes. Supervisors may deny the request if the use of compensatory time will "unduly disrupt" the department's operations. Supervisors can also require an employee to take compensatory time off to manage the accrual limitation.

PAYOUT OF COMPENSATORY TIME

Non-exempt/hourly employees should intend to use all earned compensatory time off before the first pay period ending in December of the year it was earned. If a non-exempt/hourly employee has any remaining compensatory time off, it will be paid out on the second paycheck in December of the calendar year in which it was earned. Compensatory Time will also be paid out upon separation of a non-exempt/hourly employee or when an employee transfers to a department that does not utilize compensatory time.

For Exempt/Salaried employees, compensatory time may be carried over from one year to another, never to exceed 40 hours at any given time, and will not be paid out upon separation, unless approved by the HR Director due to extenuating circumstances. If an exempt/salaried employee transfers to another department that does not utilize compensatory time, any unused compensatory time the employee has earned will be lost.

CONFLICTS OF INTEREST AND CODE OF ETHICS

Outagamie County expects all employees to conduct themselves and county business in a manner that reflects the highest standards of ethical conduct, and in accordance with all federal, state, and local laws and regulations. This includes avoiding real and potential conflicts of interests, as well as perception of a conflict of interest.

Exactly what constitutes a conflict of interest or an unethical business practice is both a moral and a legal question. Outagamie County recognizes and respects the individual employee's right to engage in activities outside of employment which are private in nature and do not in any way conflict with or reflect poorly on the county.

The proper operation of government requires that employees be independent, impartial, and accountable to the people and for the public to have confidence in the integrity of its government. Nothing in this section will deny any individual rights granted by the United States Constitution, the Constitution of the State of Wisconsin, or the laws of the United States and State of Wisconsin.

No county employee will use their office or position for personal financial gain or the financial gain of their family. No employee shall engage in their own business activity, accept private employment, or render services for private interests when such employment, business activity, or service is incompatible or conflicts with the proper discharge of their official duties or would impair their independence of judgment or action in the performance of their official duties. No employee will participate in the selection, award or administration of a contract supported by a federal/state award if they have a real or apparent conflict of interest. No employee shall use or disclose "privileged, confidential, or HIPAA protected information" gained in the course of or by reason of their official position or activities.

No county employee is allowed to conduct business relating to outside employment while on county paid time, nor is an employee allowed, at any time, to use county facilities, supplies, equipment, telephones, or property in the performance of outside duties.

Employees can engage in political activity outside of the employee's county employment provided that such activity does not interfere with normal work performance, does not interfere with specific job duties, is not conducted during normal working hours and does not involve the use of county equipment or property. Employees are specifically prohibited from directly or indirectly coercing any person to hold or contribute monetary or other types of assistance to any political candidate, party, or purpose. Under provisions of the Federal Hatch Act, employees who are principally employed in positions which are financed in whole or in part by federal loans or grants cannot become political candidates in partisan elections.

No person shall be employed, promoted, or transferred to any department within Outagamie County government or to a division thereof when, as a result, they would be directly supervising or receiving direct supervision from a member of their immediate family. No county employee will solicit or accept for themselves, or another person any gift, campaign contribution, gratuity, favor, services, promise of future employment, entertainment, loan, or any other thing of monetary value from a person who has or is seeking contractual or other business activities from or which are regulated by the county. This does not include acceptance of loans from banks or other financial institutions on customary terms of finance for personal use, such as home mortgage loans, the acceptance of unsolicited advertising or promotional material, such as pens and calendars, and acceptance of an award for meritorious public or personal contributions or achievements.

Any perceived conflict of interest that is detected or suspected by an employee or third party shall be reported to your supervisor or manager or to their supervisor or manager in their absence. An investigation by the supervisor/manager and/or department head will follow upon notification of perceived violations of this policy. Corporation Counsel should also be contacted to determine if any additional follow-up is needed and to determine what disclosures should be made. Disclosure of known conflicts will be included in federal/state grant applications or will provide prompt notification upon subsequent awareness prior to the awarding of grant funding, as required by federal and state laws. Subsequent identification of known violations (including fraud, bribery, or gratuity violations) must be disclosed, in a timely manner, in writing to the Federal awarding agency or pass-through entity with the department taking prompt, corrective action to ensure such conduct ceases and will not recur.

Violations of this policy may result in disciplinary action consistent with Board policies, procedures, and federal and state laws

CONTINUING EDUCATION

Outagamie County encourages continuing education by offering Education Reimbursement. This reimbursement is intended to provide assistance to the employee for out of pocket expenses for continuing education for the mutual benefit of the employee and Outagamie County, not covered in the departmental budget.

Revision Date: April 2023

This section of the handbook describes eligibility requirements, criteria for approval and reimbursement, and the process for application, approval and reimbursement.

Any Outagamie County employee in good standing, averaging twenty (20) hours or more per week during the six (6) months prior to the start of the course, is eligible to apply.

CRITERIA FOR APPROVAL

Classes must meet during non-working hours. Exceptions can be made only with the approval of the department head and Human Resources.

Courses must be directly related to the employee's current job, be preparation for a promotion to an existing county job for which the applicant would otherwise qualify, meet the requirements for specialized training related to a current assignment; or be required as part of a degree program that meets these qualifications.

Funds must be available in the department budget of the employee. If funds are not available in the employee's department budget, application may be made to the Human Resources Department, with prior approval by the department head.

Any expenses covered by grants or any other form of payment are not eligible for reimbursement under this program.

MAXIMUM AMOUNTS

Reimbursement is limited to tuition and books. All other fees and expenses are the responsibility of the employee.

Maximum reimbursement amounts, unless approved otherwise by the Legislative/Audit/Human Resources Committee, Finance Committee and County Board, include:

a) $1,600 per calendar year for an accredited Associates/Undergraduate degree program

b) $2,450 per calendar year for an accredited Graduate degree program

Reimbursement for books is limited to half the cost incurred.

Qualifying part-time employees will be eligible for one-half of the stated maximum amounts. Where an employee changes status from part-time to full-time or full-time to part-time, reimbursement maximums will be based on the status that the employee maintained for the majority of the length of the actual course.

Where an employee takes both undergraduate and graduate classes in the same year, total reimbursement for the year will not exceed the maximum for graduate level courses.

CLASS APPLICATION

Application for approval should be made in advance of the class by completing an Outagamie County Tuition Reimbursement Request for Course Approval form. One Application for Approval must be completed for each class. Forms are available the HR webpage.

APPROVAL PROCESS

The completed Request for Course Approval form must be submitted to the employee's Department management for review and approval. If approval is granted at the department level, the department will then forward the form to the Human Resources who will review the application for completeness and approve or disapprove the application in accordance with established approval criteria and annual maximums. A copy of the Request for Course Approval will then be returned to the employee's supervisor with indication that the course was either approved or disapproved. If the course was not approved, the reason will be clearly stated.

CRITERIA FOR REIMBURSEMENT

- Requests for reimbursement must be made within a sixty (60) day period following the conclusion of class.
- Exceptions to this criteria require special approval from Human Resources and the appropriate Department.
- Employee must be employed with Outagamie County at the time of request for reimbursement.
- A grade of "C" (or better) or "pass" must be attained.

REIMBURSEMENT PROCESS

Employee must submit to Human Resources, a completed Reimbursement Request Form with appropriate signatures and account numbers and attach the following:

(a) Verification from the educational institution that payment covering or in excess of the reimbursement amount was made.

(b) Verification from the educational institution of the course, credit and grade received by the employee.

Upon verification that all requirements have been met, the Human Resources Department will initiate the payment process. The reimbursed amount will be charged against the "Maximum Amounts" for the calendar year in which the course is completed.

EMPLOYMENT LONGEVITY

Employees that voluntarily terminate employment with the county prior to the completion of two (2) years of employment from the course End Date will be required to pay back a pro-rated portion of their reimbursement amount. The pay back will be 1/24th of the total reimbursement for each month short of twenty-four (24) months employment post course End Date. Authorization to deduct any payback amounts are provided by the employee on the Request for Course Approval form.

Employees who are involuntarily terminated prior to the completion of two (2) years of employment from the course End Date will be obligated to pay back a pro-rated portion of their reimbursement amount. The pay back will be 1/24th of the total reimbursement for each month short of twenty-four (24) months employment post course End Date. This amount may be collected from the employee by the employer in the form of a deduction on the employee's final paycheck, a cash or check payment from the employee, or referred to a

collection agency. Authorization to deduct any payback amounts are provided by the employee on the Request for Course Approval form.

For courses with no established End Date, the date of reimbursement will be considered the End Date.

RECORDS

Copies of all reimbursement related applications, documentation and payments will be scanned and preserved in the accounts payable records in Financial Services.

SEMINARS, CONFERENCES, TRAINING, AND OTHER ITEMS OUTSIDE OF REIMBURSEMENT AND PAYBACK PROCESS

1. Staff submit request directly to their supervisor.

2. Supervisor evaluates appropriateness of request based upon:

- Applicability to their job function or individual training needs.
- Cost effectiveness of the seminar.
- Willingness of the attendees to share the knowledge gained with the organization.
- Evaluate the number of seminars the individual has attended.

3. The supervisor/manager will then confirm their recommendation with the department head who will either approve or disapprove request.

4. Decisions go to the supervisor and employee.

5. Charges will be applied to the appropriate account within the department budget.

CORRECTIVE DISCIPLINE

The purpose of discipline is intended to correct unacceptable job performance. Disciplinary action is intended to be administered in a corrective fashion, concentrating on performance improvement rather than on punishment. The county will attempt to inform the employee of standards of conduct and performance which are expected. Because all performance criteria which may make disciplining an employee necessary cannot be listed, each employee is expected to follow all county or departmental policies and processes outlined in the Employee Handbook and conduct themselves in a manner which is appropriate to the employment setting.

Normally, when disciplinary actions are required for employees, the concept of progressive discipline will be followed; however, it must also be understood that the degree of disciplinary action will match the severity of the infraction. Therefore, depending upon the severity of the offense and an employee's disciplinary history, the action chosen by management may involve immediate application of one or more of the progressive steps, including immediate discharge, if warranted. Repeated infractions of even minor offenses can and will result in

increasingly severe disciplinary actions. Unless there are mitigating circumstances, the normal sequence of discipline will be:

1st offense - The employee will be given a verbal reprimand. This normally will be done in private. The department head or supervisor will explain to the employee the reasons for being disciplined and also the manner in which the employee should correct their problem in the future to avoid further discipline. A document confirming the conversation will be provided to the employee, at which time the employee should respond in writing acknowledging receipt. The document should then be forwarded to the Human Resources Specialist to be placed in the employee's personnel file.

2nd offense - The employee will be given a written reprimand, with a copy to the Human Resources Department to be placed in the employee's personnel file. This document, like the verbal warning, will give the rule or policy broken and the manner to improve performance. (Note: a Performance Improvement Plan template is available on the HR webpage, for use as appropriate.)

3rd offense - The employee may be suspended without pay. A confirmation letter will be sent to the employee with a copy to Human Resources to be placed in the employee's personnel file.

[Note: Employees considered exempt under the Fair Labor Standards Act will be suspended in weekly increments only, with the exception of a suspension for a major safety infraction or a serious work place conduct violation.]

4th offense - The employee will be terminated. Before any employee is terminated, the matter will be reviewed with the Human Resources Director.

An employee shall be terminated and the employment relationship ended for any of the following reasons:

1. Discharge;
2. Resignation; (Resignation will become effective upon receipt by the county of a written notice of resignation from the employee.)
3. Retirement;
4. Unexcused failure to return to work after the expiration of a leave of absence or period for which Worker's Compensation was paid;
5. Failure to report availability to return to work within five (5) calendar days after notice of recall from layoff or failure to return to work within fourteen (14) calendar days after reporting availability;
6. On layoff for a continuous period of time equivalent to twelve (12) calendar months.

COUNTY RESIDENCY

Employees of Outagamie County are not required to reside within the physical boundaries of the county. (Exception: All sworn employees of the Sheriff's Department, according to county

ordinance, must, within six (6) months of employment with the county, establish residency within twenty seven (27) radius miles of Sheriff Headquarters.)

DEFERRED COMPENSATION

Section 457 of the Internal Revenue Code allows public sector employees to defer a portion of their pre-tax income into an investment account. Employees are allowed to defer up to one hundred percent (100%) of gross income, subject to an annual maximum deferral amount.

The county offers two deferred compensation plans, currently administered by ICMA and Wisconsin Deferred Compensation. Both plans also offer an after-tax Roth option. Additional information is available in the Human Resources Department or on the Human Resources webpage.

DENTAL INSURANCE

All regular employees who are hired at or are pro-rated at twenty (20) or more hours per week are eligible for dental insurance coverage.

Eligible employees may choose either single, limited family, or family coverage. In the event an employee has a spouse who is also a county employee, that employee and spouse may choose either two single plans or one family plan.

Insurance becomes effective the first day of the month following one full month of employment or eligibility. Coverage continues through the end of the month in which termination of coverage occurs.

Specific details regarding dental premium amounts can be found on the Benefits Summary on the Human Resources webpage.

ELECTRONIC RESOURCES: COMPUTERS, INTERNET AND EMAIL

The county provides a wide variety of communication tools and resources to employees for use in running day-to-day business activities. Whether it is the telephone, voicemail, fax, scanner, internet, intranet, e-mail, or any other county-provided technology, use should be reserved for business. All communication using these tools shall be handled in a professional and respectful manner.

Employees do not have any expectation of privacy in their use of county computer, phone, or other communication tools. All communications made using county-provided equipment or

services, including e-mail and internet activity, are subject to inspection by the county. Employees should keep in mind that even if they delete an email, voicemail, or other communication, a copy will be archived on the county's systems on a real-time basis.

E-mails that are not job-related have the potential to drain, rather than enhance, productivity and system performance. You should also be aware that information transmitted through e-email is not completely secure and that information you transmit and receive could damage the reputation of the county.

The county encourages employees to use communication tools only to communicate with fellow employees, suppliers, and clients regarding county business. Internal and external e-mails are generally considered public records and may also be subject to discovery in the event of litigation. Be aware of this possibility when sending e-mails within and outside of the county.

Using communications in a manner that violates any county guidelines or policies is strictly prohibited, including but not limited to the Equal Opportunity and Harassment policies, the Conflict of Interest Policy, etc. Delete any e-mail messages prior to opening that are received from unknown senders and advertisers.

It is the county's goal to respect the dignity of employees at all times. Because e-mail, telephone and voicemail, and internet communication equipment are provided for county business purposes and are critical to the county's success, your communications may be accessed without further notice by Information Technology department administrators and county management to ensure compliance with this guideline.

The electronic communication systems are not secure and may allow inadvertent disclosure, accidental transmission to third parties, etc. Sensitive information should not be sent via unsecured electronic means.

Office telephones are for business purposes. While the county recognizes that some personal calls are necessary, these should be kept as brief as possible and to a minimum. Abuse of these privileges is subject to corrective action, up to and including termination. With the exception of emergency situations, personal cell phones should be used at break times or lunch hours.

It is also against county policy to turn off anti-virus protection software or make unauthorized changes to system configurations installed on county computers. Violations of this policy may result in termination for a first offense.

All employees are subject to the Outagamie county Acceptable Use Policy and are required to review such policy provided during new hire orientation.

See the ACCEPTABLE USE POLICY located on the IT webpage.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

The Employee Assistance Program (EAP) is a resource designed to provide highly confidential and experienced help for employees in dealing with issues that affect their lives and the quality of their job performance.

Revision Date: April 2023

Outagamie County wants employees to be able to maintain a healthy balance of work and family that allows them to enjoy life.

This free, comprehensive counseling service offers employees and their spouse or children three visits per issue each year and a 24-hour hotline answered by professional, degreed counselors. Employees may contact the Employee Assistance Program directly. Contact information can be found on the HR Webpage.

The county encourages employees to use this valuable service whenever they have such a need. Employees who choose to use these counseling services are assured the information disclosed in their sessions is confidential and not available to the county, nor is the county given any information on who chooses to use the services.

The initial appointment to the agency will not be charged to the employee's sick leave or vacation leave; however, should follow-up counseling be required, the employee is expected to use sick leave, vacation, or non-scheduled time.

EMPLOYMENT OF RELATIVES

Due to potential for perceived or actual conflicts, such as favoritism or personal conflicts from outside the work environment, which can be carried into the daily working relationship, Outagamie County will hire or consider other employment per the guidelines below concerning relatives of persons currently employed. This policy applies to all current employees and candidates for employment.

For the purposes of this policy, "relatives" are defined as spouses, children, siblings, parents, or grandparents.

Outagamie County will hire or consider other employment only if: a) candidates for employment will not be working directly for or supervising a relative, and b) candidates for employment will not occupy a position in the same line of authority in which employees can initiate or participate in decisions involving a direct benefit to the relative. Such decisions include hiring, retention, transfer, promotion, wages and leave requests

Current employees who marry each other will be permitted to continue employment with the county provided they don't work in a direct supervisory relationship with each other or otherwise pose difficulties. If employees who marry do work in a direct supervisory relationship with each other, the county will attempt to reassign one of the employees to another position for which they are qualified, if such a position is available. If no such position is available, one of the employees may be required to leave the county.

EMPLOYMENT RECORDS

Information contained in an employee's personnel file is generally considered confidential and is available only to the employee or the employee's designee, the County Executive, Departmental Supervisory staff, Human Resources staff, legal staff, and authorized federal or state representatives who have cause to review the records for official reasons, unless otherwise disclosable under the Wisconsin Public Records Law.

The employer will grant at least two (2) requests to inspect their file by an employee in a calendar year. The employer will provide the employee with the opportunity to inspect the employee's personnel records within seven (7) working days after the employee submits a written request for inspection.

EQUAL EMPLOYMENT OPPORTUNITY

Outagamie County is committed to a policy of equal opportunity for all candidates and employees without regard to age (over 40), race, religion, color, sex, national origin or ancestry, disability or association with a person with a disability, arrest record, conviction record, sexual orientation, gender identity, marital status, pregnancy or childbirth, military participation, genetic testing, submitting to honesty testing, or use or non-use of lawful products off the employers premises during non-working hours.

The county pledges not to engage in illegal discrimination against employees or applicants in any employment activity including, but not limited to recruitment, hiring, job classification, firing, promotion, demotion, wages, benefits and training.

This section of the handbook sets forth the responsibility for compliance with EEO legislation and the methods of policy communication.

RESPONSIBILITY

It is the responsibility of the HR Deputy Director to instruct, counsel and provide training material to management staff on EEO related issues.

It is the responsibility of all participants in employment related decisions to be knowledgeable of, and to comply with the Outagamie County EEO Policy and federal, state and local legislation.

COMMUNICATION

Outagamie County complies with federal and state posting regulations by posting the required Equal Employment Opportunity is the Law notices at all facilities.

Each employment advertisement in any medium, or any other public announcement contains the Equal Opportunity Employer statement.

Each Outagamie County job description contains an Equal Opportunity Employer statement.

EXIT INTERVIEWS

The exit interview is a function of the Human Resources Department and is used as a tool to look at reasons for turnover, recommendations for improvement, and job satisfaction.

This section of the handbook outlines how exit interviews are managed.

SCHEDULING THE EXIT INTERVIEW

When termination notification is received in Human Resources, an exit interview link is forwarded by Human Resources via Survey Monkey to the exiting employee. While completing the survey, employees will have the option to notify Human Resources of their desire to meet personally to discuss their exit interview responses in greater detail. This email notification will also include a link to the Termination Frequently Asked Questions document.

The exit interview is voluntary.

The exit interview can be done on paid work time.

CONDUCTING THE EXIT INTERVIEW

When an in-person meeting is requested, Human Resources introduces the exit interview purpose, points out that it is voluntary, and reminds the exiting employee that the information obtained will be routed to the Human Resources Director, the employee's department head, the employee's supervisor or manager, and to the County Executive.

PROCESSING THE EXIT INTERVIEW

Human Resources will route the questionnaire after the employee's last paid day.

Exit metrics are provided to the Leg/Audit/HR Committee as requested or at least annually.

FAMILY and MEDICAL LEAVE ACT (FMLA)

Outagamie County complies with the federal and state Family and Medical Leave Act (FMLA), which requires employers to grant unpaid leaves of absence to qualified workers for certain medical and family-related reasons. The more generous of the two laws will apply to the employee if the employee is eligible under both federal and state laws.

Please note there are many requirements, qualifications, and exceptions under these laws, and each employee's situation is different. Whether an employee is eligible is determined by the number of hours they were paid (Wisconsin State FML) or have worked (Federal FML) within the past year of employment with Outagamie County and the health condition requiring the leave.

Revision Date: April 2023

Reasons for Taking Leave: Under federal law, unpaid leave may be requested for pregnancy and prenatal care; pre-placement activities, birth, adoption, or foster placement of a child; or the serious health condition of a child, spouse, parent, domestic partner, or the employee. State law may have additional reasons defined.

Military Family Leave Entitlements: Under federal law, unpaid leave may also be requested by eligible employees who have any qualifying exigency arising out of the fact that the spouse or a son, daughter, parent, domestic partner, or next of kin of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the armed forces and may use their 12-week entitlement to address certain qualifying circumstances. Qualifying circumstances may include deploying on short-notice, attending certain military events, arranging for alternative child care and school activities, addressing certain financial and legal arrangements, attending certain counseling sessions, engaging in rest and recuperation, and attending post deployment reintegration briefings.

Employees wishing to request either of the Family Medical Leaves, should first have a conversation with their manager/supervisor to inform them of the need for a leave. Following that discussion, the employee should complete a leave request form, found on the Human Resources webpage. The Employee Leave Administrator will then review the leave and process accordingly.

Any employee with a serious health condition that misses more than three consecutive days of work is expected to open an FML claim by completing the online request form.

Outagamie County reserves the right to place a qualifying employee on Family Medical Leave, if the employee refuses to follow the outlined process.

Salary	Fringe Benefits	Total Compensation
$40,000	$14,000	**$54,000**

FRINGE BENEFITS

Fringe benefits are types of compensation offered by the county to its employees in addition to wages. Fringe benefits are not offered to lease or employment agency workers.

Each fringe benefit has its own eligibility criteria, such as length of service. In addition, each type of benefit must be examined to determine whether it is available to any particular group of employees, such as regular full-time, temporary part-time, etc.

Unless otherwise stated, part-time employees are generally eligible for prorated benefits at such time as they average twenty (20) hours or more per week during each proration period.

References to "day" and "week" in the county policy refers to the part-time employee's prorated "day" or "week", e.g. a 50% employee's day is equal to 4 hours and a week to 20 hours.

Proration calculations are performed by Payroll and forwarded to each department.

Requirements for eligibility for certain benefits noted in other sections of the Employee Handbook (including, but not limited to, employer portion of health/dental insurance, vacation and sick leave and holidays) are based on the following: Full-time employees must receive pay for an equivalent of their Full Time Factor multiplied by ten (10) for each applicable month; pay to include wages for time worked, in addition to holiday, bereavement and jury duty paid hours,

vacation, holiday, floating holiday, comp or sick hours used); Part-time benefit eligible employees must receive pay equivalent to their Part Time Factor multiplied by ten (10) at minimum. Full time employees have a factor of 8 (except those full time employees in roles working 7.5 hours per day whose Factor is 7.5). Part time factors are determined each Anniversary Date and provided to employees by the Payroll team or employee's department.

GRIEVANCES/COMPLAINTS

It is Outagamie County's standard to treat all employees equitably and fairly in matters affecting their employment. The county has established this Grievance section for an employee to utilize for matters concerning discipline, termination, or workplace safety covered by this Grievance section. This section of the handbook provides an employee with the individual opportunity to address concerns regarding discipline, termination, or workplace safety matters, to have those matters reviewed by an Independent Hearing Officer, and to appeal to the County Board. Information on the complaint process is available to each employee by contacting the Human Resources Department.

The grievance shall mean a dispute regarding the application of county policies regarding an employee's discipline or termination of employment, or a dispute concerning workplace safety. No grievance shall be processed under this policy unless it is in writing and contains all of the following:

1. The name and position of the grievant;
2. A clear and concise statement of the grievance;
3. The issue involved;
4. The relief sought;
5. The date the incident or alleged violation took place;
6. The specific section of the policy or workplace safety rule alleged to have been violated; and
7. The signature of the grievant and the date.

The term "days" means regular business days, Monday through Friday, other than weekends and holidays, regardless of whether the employee or their classification is scheduled to work. The time within which an act is to be done under this policy shall be computed by excluding the first day and including the last day.

A "grievant" is an employee of Outagamie County and shall not include employees subject to a collective bargaining agreement addressing employee discipline, termination and workplace safety, statutorily appointed individuals identified specifically in statute as serving at the pleasure of an appointed authority, elected officials, and independent contractors. Any grievant may request a peer or outside representative of their choice to attend meetings related to the grievance. Any cost associated with external representation is the responsibility of the employee.

"Workplace safety" means those conditions related to physical health and safety of employees enforceable under federal or state law, or county rule related to: safety of the physical work

environment, the safe operation of workplace equipment and tools, provision of protective equipment, training and warning requirements, workplace violence, and accident risk.

"Discipline" means oral reprimands (where a written record of the reprimand is placed in the employee's file), written reprimands, suspension, performance improvement plans, and demotion. Discipline does not include counseling, job coaching, paid administrative leave for pending investigation, change in job assignment or location, performance reviews, work plans, or corrective actions that do not include a reprimand or other adverse employment action.

"Termination" means discharge from employment. Layoffs (reduction in force), voluntary resignation, failure to return to work from a layoff, absences when not on an approved leave, job abandonment (no call / no show) and loss of license or certification. Inability to perform due to physical or mental condition are not considered terminations and are not subject to this process.

First Step

Within ten (10) days after the facts upon which the grievance is based or should have reasonably become known, the employee shall present the written grievance to their immediate supervisor, who will review the grievance with the department head. The department head shall give a written answer within ten (10) days of receipt of the grievance, with a copy to the Human Resources Director.

An employee who has been notified of termination may process the grievance commencing at Step 3.

Second Step

If the grievance is not satisfactorily resolved at Step 1, it may be submitted by the grievant to the Human Resources Director within five (5) days after having received the answer in the First Step. After receipt of the written grievance by the Human Resources Director, they or the designated representative of the Human Resources Director will meet with the grievant in an effort to resolve the issue(s) raised by the grievance. Within ten (10) days after the meeting, the Human Resources Director shall respond to the grievance in writing.

The Human Resources Director shall also determine if the grievance is timely and if the subject matter of the grievance is within the scope of this policy and otherwise properly processed as required by this policy. If the Human Resources Director is aware of other similar pending grievances, the Human Resources Director may consolidate those matters and process them as one grievance.

Third Step

Upon the written request of the grievant in response to an adverse decision, the decision at the second step may be appealed by a written statement forwarded to the Human Resources Director, particularly describing the reason for appeal. The grievance will be referred to an Independent Hearing Officer (IHO), who will be designated by the County Executive. Any costs incurred by the IHO will be paid by the county. The IHO will convene a hearing in the manner the IHO determines necessary. The IHO shall have the authority to administer oaths, issue subpoenas at the request of the parties, and decide if a transcript is necessary. The IHO may require the parties to submit grievance documents and witness lists in advance of the hearing to expedite the hearing. The burden of proof shall be "a preponderance of the evidence". In termination

and discipline cases, the county shall have the burden. In workplace safety cases, the employee shall have the burden. The IHO may apply relaxed standards for the admission of evidence, including allowing the admission of hearsay. The IHO may request oral or written arguments and replies. The IHO shall provide the parties a written decision.

The IHO may only consider the matter presented in the initial grievance filed by the employee. The IHO shall have the power to order only the following remedies: withdrawal of a verbal or written reprimand, reduction of suspension, and transfer to original position from demoted position, reinstatement with or without some or all back pay. All other remedial authority shall be subject to the determination and approval of the County Executive.

Fourth Step

Either party may appeal an adverse determination at Step 3 to the County Board, by filing written notice appealing the decision of the IHO in the Human Resources Director's office within ten (10) days of the decision of the IHO. The County Board shall, within thirty (30) days after submission of the appeal, schedule the review of the IHO's decision. The review will be conducted by the Board during a closed session meeting unless an open session is requested by the employee. The Board may make its decision based on the written decision of the IHO or the Board may examine any records, evidence, and testimony produced at the hearing before the IHO. A simple majority vote of the Board membership shall decide the appeal within twenty (20) days following the last session scheduled for review. The Board will issue a final written decision, which shall be binding for all parties.

Timelines: Failure to process the grievance by the grievant within the specified time limit or agreed upon extensions shall constitute waiver of the grievance and will be considered resolved on the basis of the county's last answer. Failure of a management representative to meet the time limits shall cause the grievance to move automatically to the next step in the process. To encourage that grievances are addressed in a prompt manner, the time limits set by this policy are intended to be strictly observed and may not be extended except in extreme circumstances, and then only upon the express written consent of the parties.

Exclusive Remedy: This section of the handbook constitutes the exclusive process for the redress of any employee grievances as defined herein. However, nothing in this grievance section shall prevent any employee from addressing concerns regarding matters not subject to the grievance process with administration, and employees are encouraged to do so. Matters not subject to the grievance process that are raised by employees shall be considered by administration, which has final authority, subject to any applicable Board policy or directive, to resolve the matter.

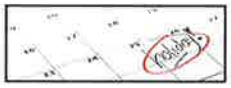
HEALTH INSURANCE

All regular employees who are hired at or are pro-rated at 20 or more hours per week are eligible for health insurance coverage. Eligible employees may choose either single or family coverage. In the event an employee has a spouse who is also a county employee, that employee and spouse may choose either two single plans or one family plan. Insurance becomes effective the first day of the month following one full month of employment or eligibility due to a change in

status. Coverage continues through the end of the month in which termination of coverage occurs.

Health Insurance Choices: The county currently offers a Low-Deductible Health Plan and a High Deductible Health Plan with a Health Savings Account (HSA). Each of these plans are available for single or family coverage. Contribution rates are determined each year during the budget planning process. Specific details can be found on the Benefits Summary.

Health Savings Account (HSA): Effective on the first pay period following December 31st for employees who are enrolled in the High Deductible Health Plan, the county will contribute to an employee's Health Savings Account. The amount deposited into this account is also determined each year as part of the budget planning process and is based upon the employee's job status and health insurance coverage level in effect on January 1st of that year. The amount the county deposits into an employee's HSA account is not adjusted during the calendar year for changes to the employee's job status or health insurance coverage levels.



- HSA - New employees: For new employees who enroll in the Consumer-Driven Health Plan after January 1st of the calendar year, the county will contribute a pro-rated amount to the employee's Health Savings Account for that calendar year.
- HSA - Part-Time Employees: For regular part-time employees who work at least an average of twenty (20) hours per week, the county will contribute to the employee's Health Savings Account an amount equal to sixty-five percent (65%) of the amount contributed on behalf of full-time employees.
- Specific details regarding Health Savings Account contribution amounts can be found on the Benefits Summary.
- HSA – Payroll Deduction: As allowed by law, the county agrees to allow employees to contribute, through payroll deduction, additional funds to their Health Savings Account, up to the amount allowed by the IRS.
- HSA - Hold Harmless: The county will be held harmless for any employee eligibility issues or tax consequences caused by outside insurance coverage, inappropriate withdrawals, payroll deductions in excess of the allowable limits, or other matters beyond the county's control that would interfere with an employee's Health Savings Account eligibility.

Leave of Absences: Employees on official leaves of absence without pay, with the exception of USERRA (Military Leave) which allows COBRA for twenty-four (24) months, may elect continuation for up to eighteen (18) months under COBRA, and must pay the full premium to the County Treasurer by the 25th of the month for the following month's coverage.

Pursuant to 2019 Wisconsin Act 19, Outagamie County will pay health insurance premiums for the surviving spouse and dependent children of a law enforcement officer who dies in the line of duty. This coverage may continue until a surviving spouse remarries or reaches the age of 65, or to a surviving child until they reach the age of 26.

Retirees: Early Wisconsin Retirement annuitants and enrolled spouses may remain in the group policy, provided the retiree pays the full premium to the County Treasurer by the 25th of the month for the following month's coverage. Once the retired annuitant becomes eligible for Medicare, Medicare Coverage Parts A & B must be applied for and will become primary payer, while the group plan pays second.

Terminations/Change in Status Resulting in Reduction of Hours: Under federal COBRA regulations, terminated employees (except for terminations due to gross misconduct) and employees with reduction of hours due to change in status into a non-benefit eligible position that are/were enrolled in a county health plan may elect to continue group coverage for up to eighteen (18) months by paying the County Treasurer the required premium by the twenty-fifth (25th) of the month for the following month's coverage.

HOLIDAYS

The county observes and allows time off with pay for various holidays across departments. Any additional holidays will be designated by the county for each calendar year. The Holiday Calendar can be found on the HR website.

If one of these holidays falls on a Sunday, it will be observed on the following Monday. If the holiday falls on a Saturday, it will be observed the preceding Friday. However, if Christmas Day and New Year's Day fall on the weekend, the following Monday will be the observed holiday; and if December 24th or 31st fall on the weekend, the preceding Friday will be the observed holiday.

To be eligible for holiday pay, employees must either work the actual/observed holiday itself, or work the last regularly scheduled workday preceding the holiday and the first regularly scheduled workday following the holiday, unless the employee is on approved paid time off. When a holiday falls within a period of leave without pay, the employee will receive no holiday pay. When a designated holiday falls on an employee's scheduled day off, an additional day off will be substituted. A "regularly scheduled day" is based on the proration amount of the employee, with a maximum of eight (8) hours per holiday.

Employees assigned to those departments that work a 24 hours, seven (7) day a week schedule will follow the specific holiday practices and schedules currently in effect in those departments.

All regular full-time and benefit-eligible part-time employees shall receive their regular compensation for county-observed holidays, based on their proration factor. Employees normally scheduled to work more than their prorated holiday hours may use vacation, floating holiday, or comp time to make up for the difference unless the employee is already scheduled to work on that day. Non-Exempt/hourly employees required to work on a holiday will receive overtime pay of time and one half for all hours actually worked or given compensatory time off at a rate of time and one half for anything worked over 40 hours in the week, in addition to holiday pay. As always the use of compensatory time is to be scheduled at the mutual convenience of the employee and their supervisor and in accordance with the provisions of applicable law, but must be used within the year it was earned. Unless previously granted an exception, exempt employees who are required to work on a holiday will be eligible, based on the departments use of compensatory time, to earn compensatory time for all hours worked over 40 (Grades 1-8) or 45 (Grades 9 and over) in the week. This time must also be scheduled at the mutual convenience of the employee and their supervisor, but does not need to be used within the year it was earned. Departments that do not use compensatory time have the option to allow the employee to flex their schedule due to additional hours worked on the holiday, within the holiday week. Exempt employees are not eligible for overtime for time worked on holidays and not eligible for straight pay for hours paid

over 40 in that week, unless previously granted an exception. For shift pay purposes, the holiday shall be defined to include those shifts which start on the actual holiday.

Floating holidays are paid leave not tied to any particular day (as are county observed holidays), and are available for use at a time mutually agreeable between the employee and their supervisor, and can be taken in increments no smaller than fifteen (15) minutes. Like county observed holidays, full-time employees receive credit for a full day's time, not to exceed eight (8) hours, and part-time benefit eligible employees will receive a pro-rated amount.

Floating holidays will be available for employee use upon hire and must be used within the calendar year granted with the following exception:

New employees hired prior to July 1 are eligible for floating holidays, and those hired on or after July 1 are not eligible for any floating holidays during that calendar year.

If an employee moves from one department, role or shift to another that has a different floating holiday schedule, any floating holidays they are eligible for will be based on the transfer date into the new role or status.

If they move to the new role prior to July 1st, they will acquire the floating holiday count for their new department, role or shift less any hours that they have already used. If they move July 1st or later, there is no change and they will keep the balance they had at the beginning of the year, less any floating holidays used.

Employees are not allowed to use floating holidays during the two weeks of notice to terminate or retire from employment. No pay-out of floating holidays will be made.

The total number of holidays (including observed and floating) that all employees receive annually is 12. A matrix of observed holidays and floating holidays by department/role/shift are listed on the intranet.

IDENTIFICATION CARDS

Outagamie County is committed to providing a safe and secure environment for its employees and those who visit Outagamie County. In order to maintain a safe and secure environment for employees and visitors, and to ensure the public that individuals providing services on behalf of the county are indeed county employees, all Outagamie County employees shall display an identification card while performing their job. This section will outline the responsibility, identification card information, requirements for wear, new employee process, and replacement and use of employee identification cards.

In most cases, the responsibility to issue identification cards to all Outagamie County employees lies with the Human Resources and Maintenance Departments, with Human Resources issuing the badge and Maintenance establishing security access.

There may be some off-site locations that print and administer their own badging process.

REQUIREMENTS FOR WEAR

All Outagamie County employees, County Board members, temporary contract workers, State employees assigned to the county location and county emergency personnel shall obtain an identification card. Volunteers may be given a department temporary card or individual card based on length of and type of assignment.

The identification card should be worn while performing duties as an Outagamie County employee, and must be used to swipe in and out of employee entrances and exits.

All Outagamie County employees (exceptions may be made by department heads due to safety or uniform requirements) should wear their identification card on the front of their person on their outermost garment.

Outagamie County will provide the cardholders. An employee may obtain their own cardholder.

Departments shall ensure that their employees are wearing the identification card.

Supervisors of volunteers or temporary contract employees should contact the Human Resources Department if a card needs to be issued for an individual.

NEW EMPLOYEE IDENTIFICATION CARD PROCESS

New employees will fill out an Outagamie County Employee Identification Card Information Sheet and will submit a headshot picture to be used for their badge, prior to their first day of hire.

Contract workers who are determined to need an individual identification card must fill out the Contractor Identification Card form located on the HR website and have it filled out and signed by a supervisor.

Badge information created for new employees is provided to the maintenance department, who will then establish facility access for designated departments.

REPLACEMENT AND USE

If an employee forgets their identification card, they may obtain a temporary department identification card to wear for that day. This should be obtained through the employee's department.

If an employee misplaces their identification badge, they may use the department temporary card for up to one week. The employee should immediately notify their supervisor or Maintenance so the security access can be disabled. If the employee has not located their card in one week, a new card must be obtained through Human Resources.

Upon termination, all employees shall surrender their identification card to their supervisor or Human Resources. All Supervisors shall collect Id badges as part of the termination checklist process. If an employee refuses to surrender the badge or does not have the badge the supervisor shall immediately contact Maintenance so the badge can be disabled.

Any employee who is found to have used their identification card for purposes other than for authorized Outagamie County business, or who allows another person to use their identification card for personal use, will be subject to the discipline process.

Revision Date: April 2023

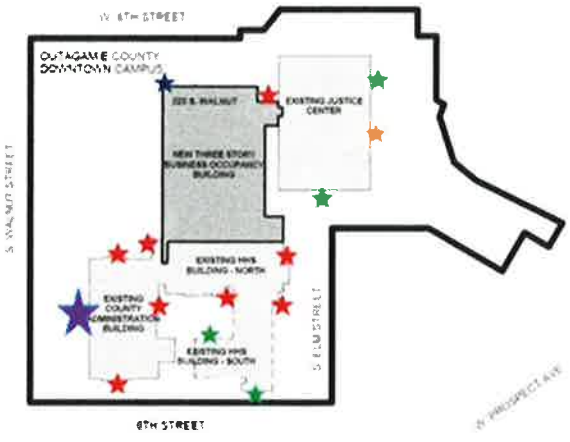
If an employee changes department or name, the supervisor or employee may contact the Human Resources Department for a new identification card.

If the identification card is broken, worn, or no longer works for security access, the employee should contact Maintenance for a replacement card.

BADGING IN/OUT OF THE BUILDING

All visitors MUST use the Main Visitor Entrance and be cleared through CJU security. Visitors must also exit through the public exit near the front door security.

All employees should utilize the Employee Only Entrances rather than the Main Visitor Entrance whenever possible. If an employee forgets their access card, they shall be required to enter at the visitor's entrance and go through security screening. Employees shall not let other employee in through the employee entrances.



When using the Main Visitor Entrance employees will be screened just like the general public All employees MUST badge OUT of the building when exiting at the Employee Only Entrances (do not need to badge out of exits with green stars on the map) Employees should listen for the beep to ensure their badge was recorded. If a beep is not heard they should rescan their badge.

It is not necessary to close the door between entering/exiting employees, but each employee MUST badge in/out individually.

If you accidentally sound the alarm when exiting, please immediately badge out and the alarm will clear

All building entrances are monitored by video camera.

The CAB West Entrance onto the front lawn/plaza (large purple star on the map) is NOT available to employees or visitors to enter or exit, other than emergency evacuation.

Revision Date: April 2023

INCLEMENT WEATHER

The safety of our employees is a priority for Outagamie County. We realize there are emergency situations caused by inclement weather. This inclement weather section outlines how the county will handle notification and pay of employees in such situations.

Inclement weather may make it impossible for employees to come to work, or it may require employees to leave work before the end of normal office hours. Employees may request that this time off be charged to unused vacation, leave without pay, or choose to "make-up" the lost time, consistent with flex, comp-time and Fair Labor Standards Act requirements. In addition, contrary to the unpaid leave policy, employees may use, leave without pay,, even if they have available vacation to use. All arrangements must be confirmed with department approval.

Note: Due to the nature of services provided at 24/7 facilities, employees at those locations are expected to make arrangements for safe and timely arrival for all scheduled shifts, wherever possible.

There are no provisions to close the county offices. However, it may be determined that it is appropriate to cancel or postpone work in a particular department because of inclement weather. If this determination is made, a general announcement will be made over the following radio stations: WPKR (99.5 FM), WIXX (101.1 FM), and WNCY (100.3 FM), WTAQ (1360 AM), WHBY (1150 AM), WNAM (1280 AM), and WAPL (105.7 FM).

Updates and announcements will be sent via e-mail and also included on the County Executive Facebook page.

JOB SHARING

Outagamie County, recognizing the importance of balance between work and family/life issues, supports the concept of job sharing. This section identifies the conditions under which job sharing will be approved and the process for approval.

CONDITIONS

Job sharing is not an entitlement. Management retains the right to approve, reject or cancel a job share request or agreement based on the business needs of the county.

Work quality, productivity and level of service cannot be compromised by the sharing of a position.

The value of the work performed must be shared on a relatively equal basis.

Cost (wages and benefits) to the county for a shared job must approximate the cost of the same position when not shared.

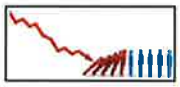
Revision Date: April 2023

The hours of the job may not be expanded to gain a "forced advantage." For example, a 37½ hour position cannot be expanded to 40 hours in order for both to be eligible for benefits.

PROCESS

An employee requesting a job share arrangement should direct a written request to their immediate supervisor/manager.

A supervisor/manager initiating a job share request or in support of an employee request, should document their position relative to the request and route for review and approval by their immediate supervisor, department head and Human Resources.



Components of the job share agreement such as the division of hours, split of duties and other relevant terms will be documented for inclusion in the job share request.

Employees involved in a job share arrangement must sign a Job Share Agreement, which can be obtained from Human Resources.

In the event a job share request is denied, the requestor will be notified by their immediate supervisor of the decision and the reason(s) for that decision.

Copies of the request, all supporting documentation and the signed job share agreement will be maintained in each job share employee's personnel file.

Monitoring of the job sharing process at Outagamie County is the responsibility of the Department and the Human Resources Department.

LAYOFF AND RECALL

If Outagamie County determines that it must reduce employment because of adverse economic or other conditions, then layoffs and recall from layoffs will generally be conducted in a manner that is consistent with Outagamie County requirements and in accordance with the process described below.

Employees shall be laid off as determined by the county until the work force is reduced to the required number. Employees shall be rehired as determined by the county. The employee shall be notified in writing.

The county shall pay the county's share of the premium for Health, Dental, Long Term Disability and Life Insurance for the remainder of the month of layoff where the enrolled employee has not received pay for at least ten (10) regular workdays during the month of layoff, or the county shall pay the county's share of the premium for Health, Dental, Long Term Disability and Life Insurance for one additional month following the month of layoff where the enrolled employee has received pay for at least ten (10) regular workdays during the month of layoff.

Employees who continue on layoff after the county no longer pays the county's share of the premiums may exercise their COBRA rights by paying the full cost of the premium in advance by the twenty-fifth (25th) of the month for the following month's premium. Upon return from layoff, so long as the employee receives pay for at least ten (10) regular workdays during the month of

return, the county shall reimburse to the employee the county's share of the Health, Dental, Long-Term Disability and Life Insurance premiums that the employee had previously paid for that month of return.

LIFE INSURANCE

Outagamie County provides group life insurance for full-time employees. All employees are eligible the 1st of the month following six (6) full months of continuous employment.

The cost of this coverage is paid for in full by the county and coverage is $50,000.

Within thirty-one (31) days of termination, the employee shall have the opportunity to elect conversion to a personal policy. Application can be obtained through the Human Resources Department.

In the event of an unpaid leave of absence or layoff, employees can elect up to twelve (12) months of continuation by paying the group rate premium to the county Treasurer by the 25th of the month for the following month's coverage.

If the unpaid leave is a medical leave, the county will pay the premium during the elimination period for the waiver of the life premium until the waiver of the life premium begins or until the waiver of life premium is denied.

LONG-TERM DISABILITY

All regular, full-time employees are eligible for long-term disability coverage. Premiums are fully paid by the county.

Coverage becomes effective the first of the month following three (3) full months of continuous employment of eligibility.

Provisions of the plan are contained in the plan booklet.

In the event an employee is on an unpaid leave of absence or layoff, they can elect up to three (3) months of continuation by paying the group premium to the Outagamie County Treasurer by the 25th of the month for the following month's coverage. If the unpaid leave is a medical leave, the county will pay for the six (6) month elimination period.

MEAL AND REST BREAKS

While lunch and rest breaks are not mandated by law, the county encourages departments to provide a break of at least 30 minutes at or near the usual meal period, whenever operationally possible.

Employees are eligible for a 15-30 minute unpaid meal break each day. If a non-exempt / hourly employee is required to work through a meal break, they will be paid for the meal period. Meal and rest breaks will be scheduled by the department supervisor or manager. It is not acceptable to skip a normally taken lunch break in order to shorten the workday.

As coverage needs allow, employees may also be able to take two paid personal breaks of fifteen (15) minutes throughout their workday. Such fifteen (15) minutes shall be computed from the time the employee leaves their work station until they return to said work station.

Employees under the age of 18 must be given a 30 minute unpaid, uninterrupted meal break if they have worked six hours or more.

MILITARY LEAVE

GENERAL INFORMATION

All Outagamie County employees who are serving, have served, or will serve in the uniformed services are covered under this policy, regardless of length of employment or part-time or full-time status. "Employee", however, does not include contracted staff, and may not include seasonal or temporary staff who worked for a brief, nonrecurring period where there is no reasonable expectation that the employment would have continued indefinitely or for a significant period.

"Service in the uniformed services" covers all categories of military training and service, including duty performed on a voluntary or involuntary basis, in time of peace or war, and includes a period of absence for an examination to determine the fitness of the employee to perform such duty, absence for the purpose of performing authorized funeral honors duty, as well as travel time to allow the employee to arrive at the duty station fit to perform the service and, depending on the duration of service, the amount of notice received, and the location of the service, additional time to rest or to arrange affairs and report to duty.

Uniformed services includes the U S Armed forces; Army National Guard and Air National Guard when engaged in Federal orders for active duty for training, inactive duty training, or full-time National Guard duty; the commissioned corps of the Public Health Service; any other category of persons designated by the President in time of war or national emergency; and service as an intermittent disaster response appointee of the National Disaster Medical System (NDMS) when federally activated or attending authorized training in support of their Federal mission.

PRIOR TO BEGINNING THE LEAVE

It is the employee's responsibility to inform Outagamie County in advance, whenever possible, of the intent to be off work for military leave. This notice can be verbal or written.

A copy of the military orders or a Leave and Earnings Statement (LES) is required by the county in order for the employee to take advantage of any military stipend pay and/or validate the right to claim the county's share of the Wisconsin Retirement System (WRS) contribution be made on their behalf upon reemployment.

Additional information regarding benefit coverage may be forwarded to the employee depending on the length of time the employee is expected to be off work.

DURING THE MILITARY LEAVE

During the period of uniformed services, the employee is considered on the employment status of "leave of absence" and is entitled to length of service-based benefits. Specifically, Outagamie County length of service-based benefits include:

Military stipend. The applicable Union contract, or Employee Handbook may provide for additional pay for a short period of time, if the military pay is less than the pay the employee would have received from the county for that same period of time. Proof of the amount of military pay received must be provided to Payroll in order to calculate any amount due.

Insurance coverage. County sponsored health, dental, life and long term disability insurance coverage will continue through the end of the month in which the employee is last paid prior to the start of the military leave of absence. Effective the first of the following month for military leaves expected to exceed 30 days, the employee is eligible to exercise their COBRA rights by paying the full premium for health and dental insurance for up to twenty-four (24) months.

If the employee returns to work with an absence of fewer than thirty-one (31) days, the premium amount paid for that COBRA continuation will be refunded to the employee. Also effective the first of the following month, the employee is eligible to continue the long term disability insurance coverage for up to three (3) months and life insurance coverage for up to twelve (12) months by paying the full premium.

Step increases and base salary increases. The length of time the employee is on military leave of absence will be credited towards any step increase(s) and/or base salary increase(s) he/she would have otherwise been awarded during that absence. Those adjustment(s) in the wage rate will be made following the employee's reemployment with Outagamie County.

Seniority. Where seniority exists in an applicable collective bargaining agreement, the length of time the employee is on military leave of absence will be credited towards seniority as though the employee was not absent.

During the period of uniformed services, the employee is considered on the employment status of "leave of absence" and is not entitled to non-length of service-based benefits. Specifically, Outagamie County non-length of service-based benefits include:

Holiday pay. Employees are required to be paid a certain number of scheduled day(s) prior to and following the fixed holiday(s) that are listed in the Employee Handbook in order to be paid the holiday pay.

Floating holiday pay. Employees who are awarded one (1) or more floating holiday(s) at the beginning of a calendar year are able to use that / those day(s) during military leave upon request and with approval of their supervisor. Note that floating holiday(s) do not carry over into a new calendar year. If the floating holiday(s) are not used prior to the end of a calendar year, they are lost and will not be reinstated.

Vacation allotment. Earning vacation time is tied to satisfying the definition of "full month of service". The definition of "full month of service" can be found in the Employee Handbook. For each full month of service an employee satisfies that definition, they earn one-twelfth (1/12th) of their allotment of vacation for use during the following anniversary year. Conversely, for those months when an employee does not satisfy that definition, they do not earn any vacation time. Any earned vacation hours not spent prior to or during an employee's military leave of absence will be held in trust pending the reemployment of that employee.

Sick leave accrual. Sick leave accrual is tied to the employee satisfying the definition of "full month of service". The definition of "full month of service" can be found in the Employee Handbook. For each full month of service an employee satisfies that definition, they earn one (1) day of sick leave time available for use the first of the following month. "Day" is defined as the number of hours an employee normally works, with full-time status equaling seven and one-half (7½) hours or eight (8) hours and part-time status equaling a prorated amount compared to full time status. Any earned sick leave not spent prior to an employee's military leave of absence will be held in trust pending the reemployment of that employee.

Wisconsin Retirement System (WRS) contributions. WRS is a contributory defined benefit plan with a vesting schedule as well as employer and employee required contributions. During a military leave of absence, no WRS contributions will be made to the employee's account. Additionally, no creditable service will be deemed unless a USERRA certification is completed. Adjustments may be made following the employee's reemployment.

GENERAL ELIGIBILITY REQUIREMENTS FOR REEMPLOYMENT.

To be considered for reemployment following their military service, the employee must have met all of the following conditions:

a) The employee must have given reasonable advance notice, most often at least thirty (30) days, to the county of their intent to leave work for military service. That notice can be either verbal or written, may be informal and is not required to follow a certain format. [Note: Submission of specific documents is, however, required for Wisconsin Retirement System (WRS) purposes.] In the event an employee is unable to provide advance notice because of, for example, the classified nature of the service, Department of Defense regulations allow an "appropriate officer" to give notice on the employee's behalf. [Note: Under Wisconsin law, an employee enlisted in the U S Armed Forces is not required to give their employer advance notice of the need for leave.]

b) The employee has been absent from work for Outagamie County because of their military service for a cumulative five (5) years or less in any combination of U S Armed Forces service and / or National Guard Federal duty. In addition, other military leaves may also not qualify in the five (5) year maximum (see USERRA 1002.103 for complete list). [Note: National Guard members who serve under State orders are allowed a cumulative maximum absence of up to four (4) years.] Regardless, it is the employee's responsibility

to provide documentation as to the exact length of the cumulative military leave of absence, upon request of the county.

c) The employee returns to work or applies for reemployment, either verbally or in writing, in a timely manner.

An employee returning from U S Armed Forces duty or Federal National Guard duty must report to work or submit a timely application for reemployment depending upon the length of service as follows:

a) Period of Service less than thirty-one (31) days or for a period of any length for the purpose of a fitness examination. The employee must report to work no later than the beginning of the first full regularly scheduled work period on the first full calendar day following the completion of the period of service and the expiration of eight (8) hours after a period allowing for safe transportation from the place of that service to the employee's residence.

b) Period of service more than thirty (30) days but less than one hundred and eighty one (181) days. The employee must submit an application for reemployment, which can be written or verbal, not later than fourteen (14) days after completing service.

c) Period of service more than one hundred and eighty (180) days. The employee must submit an application for reemployment, which can be written or verbal, not later than ninety (90) days after completing service.

d) If, however, the employee is hospitalized for or convalescing from an illness or injury incurred in or aggravated during the performance of the service, they must report to or submit an application for reemployment at the end of the period necessary for recovery from the illness or injury. Absent extenuating circumstances, this period may not exceed two (2) years from the date of the completion of service.

e) The employee has not been separated from military service with a disqualifying discharge or under other than honorable conditions; is not absent from service without authority for more than three (3) months; is imprisoned in a civilian court; or was dismissed by court martial. [Note: the employee may be required to provide documentation to prove the condition(s) of the military separation.]

REEMPLOYMENT RIGHTS AND BENEFITS

Absent other circumstances and so long as the criteria listed in this policy have been met, the employee has the right to prompt reemployment. As an example, "prompt reemployment" is considered generally practicable by the next scheduled work day following National Guard duty; and within two (2) weeks of the employee's application for reemployment following several years of active duty in the U S Armed Services.

Generally speaking, the employee is entitled to reemployment in the position they would have attained with reasonable certainty if not for the military absence. This "escalator principle" takes into consideration such factors as the position the employee left, the employee's length of service, qualifications, and disability (if any). The reemployment position may be either the escalator

position; the pre-service position; a position comparable to the escalator or pre-service position; or the nearest approximation to one of these positions, depending on the circumstances.

The employee may be required to take qualifications tests, become relicensed or recertified, or be retrained in order to assume such position. The course of action will be determined by Outagamie County on a case-by-case basis.

The county's obligation to grant the returning service member reemployment rights may result in adverse consequences and cause an employee to be laid off, or even terminated.

The wage rate paid to the employee on reemployment will take into account the escalator principle, and in combination with language found in an applicable collective bargaining agreement or Employee Handbook and employment practice(s), will result in the military leave of absence time being allowed to "credit" time towards a step increase(s) and/or longevity increase(s) that would have occurred with reasonable certainty if the employee had not been away in military service.

The time-in-grade toward any next step increase(s) and/or base salary increase(s) that were missed because of the employee's military leave of absence, will be determined and their rate of pay will be adjusted accordingly so that the rate of pay on reemployment will begin immediately upon the employee's reemployment.

A reemployed employee who belongs to a Union with seniority rights will be granted seniority credit equal to the military leave of absence time as though the employee had had no military leave of absence.

A reemployed employee who would otherwise be eligible for Federal or Wisconsin Family and Medical Leave (FML) but for the military leave of absence, will be credited with the number of hours of work they would have normally been scheduled to work during that military leave of absence, toward their eligibility requirements for the FML.

Upon reemployment, the employee must make a choice regarding catch-up contributions to the WRS. An employee can choose to make all, some or none of the employee required make-up contributions. Contributions can be made within a timeframe beginning with the date of reemployment and ending either three (3) times the period of military service or five (5) years, whichever is shortest. Be advised the degree to which the county's contribution to the employee's WRS account will be made is determined by the degree to which they make their own WRS contribution. However, any vested amount already in the employee's WRS account will not be affected by the decision whether to participate in making up the missed contribution(s).

Reinstatement of health, dental, life and long term disability insurance coverage is not subject to a waiting period, although service-related injuries or illnesses may create an exclusion of coverage. If there has been a lapse in coverage, the employee must complete enrollment applications within thirty (30) days of the date they returned to work. Reemployed employees are subject to the same insurance carrier(s) and plan(s) as those offered to all other Outagamie County employees.

Any sick leave or vacation balance(s) will be available to the reemployed employee without a waiting period, and future accruals will be subject to the satisfaction of the definition of "full month of service" provisions of the Employee Handbook. If the employee's anniversary date passed during their military leave of absence, they will be credited with one-twelfth (1/12th) of their

vacation allotment earned prior to the beginning of the leave of absence for each of the months they satisfied the definition of "full month of service". Specific approval of a request(s) to use vacation time following reemployment is subject to the practices of the reemployed employee's department and the Employee Handbook language in effect at the time of the request.

If a reemployed employee whose most recent period of military service was:

a) between thirty-one (31) and one hundred and eighty (180) days, they must not be terminated without cause during the first one hundred and eighty (180) days following his/her date of reemployment; or
b) greater than one hundred and eight (180) days, they must not be terminated without cause during the first one (1) year following his/her date of reemployment.

DISCLAIMER

This information is published to provide a general overview and encourage a basic understanding of the interaction of the various military leave laws and the practices of Outagamie County. It is not, however, intended to be an exclusive or all-inclusive document that will cover all parameters of all the various regulations that impact the employee and/or Outagamie County when an employee takes a military leave of absence. Management staff and employees are encouraged to contact Human Resources for additional information or to obtain answers to questions or concerns that may arise.

OFF DUTY CONDUCT

Generally, employees are held accountable for their actions and behaviors while working. However, as a public organization providing services to our community, there are certain instances where employees may be held accountable for actions or behaviors while off-duty, as well.

FIRST AMENDMENT RIGHTS

The content of free speech (both online and offline) covered under the First Amendment by an employee is not restricted but for a narrow category. Employee protections under the First Amendment apply in most but not all circumstances. First, speech is only protected by the First Amendment when you are speaking as a private citizen. If their speech is part of their official job duties, then the employee may be disciplined including up to termination. Second, even if an employee is speaking as a private citizen you can be disciplined by your employer for certain conduct. If you are speaking as a private citizen on a matter of public concern, the First Amendment will *not* protect your speech. If you are speaking on a matter of public concern, the First Amendment will not protect your speech if your right to speak freely is outweighed by the County's interest in efficiently fulfilling its public services. This determination can consider factors such as whether the speech could intertere with the performance of the employee's duties, the nature of the relationship between the speaker and those toward which the speech was directed, and whether the speech could create a hostile work environment.

OTHER OFF DUTY CONDUCT

Employees who engage in certain conduct while off duty may also be subject to discipline if substantially related to the County's interests. Whether or not an action or behavior is substantially related is determined on a case by case basis. Employees may be disciplined, suspended or potentially terminated if they engage in any of the following:

1) Illegal Conduct, regardless of whether the conduct results in arrest or conviction, which substantially relates to the job duties of the position held by the employee, or the interests of the County.

2) The use or possession of illegal drugs, including prescription drugs which have not been prescribed to the employee, and where the use and/or possession bears a substantial relationship to the job duties of the employee or the interests of the County.

3) Harassment of any person, where such harassment creates a negative effect on the work environment for an employee of the County, a vendor who provides services for the County, a client of the County, or any individual who has a substantial relationship with Outagamie County such that the harassment creates a hostile environment.

OVERTIME

When required by the needs of the business or by County policy or contract, employees may be required to work or get paid for overtime. Overtime is generally due to working hours in excess of 40 hours in a workweek for most county employees with various exceptions that follow in this section or appendix. Unless noted elsewhere, non-exempt employees, will be paid time for overtime at one and one-half their regular rate of pay for all hours worked over 40 hours in a work week. For the purposes of computing overtime, all authorized paid leaves of absence are considered time worked. All overtime must be approved in advance by a supervisor or manager.

Sheriff's Department: Overtime in certain Sheriff's Department areas are determined by Section 7(k). Section 7(k) of the Fair Labor Standards Act provides that employees engaged in law enforcement may be paid overtime on a "work period" basis. A "work period" may be from seven (7) consecutive days to 28 consecutive days in length. For work periods of at least 7 but less than 28 days, overtime pay is required when the number of hours worked exceeds the number of hours that bears the same relationship to 171 as the number of days in the work period bears to 28. For example, law enforcement personnel must receive overtime after 86 hours worked during a 14-day work period.

Eligibility for overtime compensation is determined by individual department and in accordance with the Fair Labor Standards Act as noted below.

- Non-exempt employees are eligible for overtime pay at the rate of time and one-half for all hours worked in excess of forty (40) in a given work week. Where applicable within the department, compensatory time may also be used, also at a rate of time and one-half.
- Exempt employees are not eligible for overtime. Unless previously granted an exception, exempt employees are only eligible to earn compensatory time, if the department allows,

for hours worked over 40 in a week for Grades 1-8 or over 45 hours in a week for Grades 9 and over.

- Brewster Village: As determined by the Fair Labor Standards Act, all applicable seven day a week health care and maintenance staff will earn overtime over 8 hours in a day and over 80 in a two week period. All other Brewster Village staff will earn overtime over 40 hours in a workweek.
- Sheriff Department staff exceptions when paid overtime or different than general categories:
    - Correctional Officer - Over 171 hours in a 28 day cycle or outside of their normal schedule. Part- time staff will only earn over 171 hours in a 28 day cycle.
    - Operations Assistant - For 5/2 and 5/3 shift staff, over 40 hours in a work week or outside of their normal schedule.
    - Telecommunicator - For 5/2 and 5/3 shift staff, over 40 hours in a work week or outside of their normal schedule. Part-time staff will only earn over 40 hours in a one week period.
    - Records Specialist - Over 40 hours in a work week. Telecommunications Supervisor - Over 40 hours in a work week.
    - Staff Sergeant - Earn comp time at straight-time regular rate but are paid overtime on any hours worked outside of their normal schedule.
- Highway (with the exception of eligible Recycling and Solid Waste department employees) - Earn overtime over 10 hours in a day and/or 40 hours in a workweek and for all hours on Sunday. Recycling and Solid Waste department eligible employees only earn overtime over 40 hours in a workweek.

For Brewster Village employees, holidays, vacations, sick leave, and bereavement leave shall be considered time worked for the purpose of overtime, provided, however, that employees on a seven (7) day per week schedule shall not have the hours of holiday pay (8) considered as time worked for the purpose of computing overtime, unless such holiday falls on a scheduled workday and the employee is given the day off as holiday off time. Employees who work a double shift at the direction of the county shall receive eight (8) hours pay at the straight-time rate for the first shift and eight (8) hours overtime pay (time and one-half) for the second shift and may be provided with a meal during the second shift at no cost to the employee.

PAID ADMINISTRATIVE LEAVE

Administrative leave occurs when an employee must temporarily leave their position and work duties for a certain time period. Administrative leave differs from a leave of absence because a leave of absence is an authorized absence from work for an extended time period and granted due to dispensary reasons. Any paid administrative leave must be approved by Human Resources and the Department Head prior to communicating to the employee or entering a personal action.

Revision Date: April 2023

PARKING

Designated employee parking spaces are required for each county facility to ensure ample parking for all employees.

Maintenance Department issued parking permits are required for all workers (County/State employees, and contract workers) based at the Outagamie County Government Center and parking on county-controlled lots within the Outagamie County Government Center. Although all reasonable attempts shall be made to afford free parking to employees, such a benefit is not guaranteed.

For employees who move to the Outagamie County Government Center from an outlying campus (Highway/Solid Waste, Airport, UW Extension/Ag/Brewster), the employee must complete and submit a parking permit request form to the Maintenance Department. The permit will be issued and sent to the employee via interoffice mail.

PAY REMITTANCE AND DEDUCTIONS

Pay can be viewed via self-service functionality in the Human Resources-Payroll system. If a pay day falls on a federal holiday, employees will receive their pay on the preceding workday. Pay is directly deposited into the employee's checking and/or savings accounts. Direct deposit is mandatory for all employees.

The following deductions are mandatory and are made each pay period, unless exempt by law:

a) Federal Withholding Tax
b) Social Security
c) State Withholding Tax
d) Wisconsin Retirement Plan

Various deductions may be made from the employee's pay when so authorized by the employee. Noted below are a few examples:

a) Deferred Compensation
b) Insurances
c) Flexible Spending
d) Health Savings Account

Circumstances in Which Outagamie County May Make Reductions from Pay for Exempt/Salary Employees: Reductions in pay are permissible when an exempt employee is: absent from work for a partial day or one or more full days for personal reasons other than sickness or disability and/or for absences of a partial day or one or more full days due to sickness or disability, if the reduction is made in accordance with a bona fide plan, policy, or practice of providing compensation for salary lost due to illness, to offset amounts received as jury or witness fees or for military pay; or for

unpaid disciplinary suspensions of one or more full days imposed in good faith for workplace conduct rule infractions.

Also, Outagamie County is not required to pay the full salary in the initial or termination week of employment for penalties imposed in good faith for infractions of safety rules of major significance or for weeks in which an exempt employee takes unpaid leave under the Family and Medical Leave Act. In these circumstances, either partial-day or full-day reductions may be made.

Outagamie County Policy for Employees Paid on a Salary Basis: It is Outagamie County's policy to comply with the salary basis requirements of the Fair Labor Standards Act. Except as noted, any county official is prohibited from making any improper reduction from the salary of exempt employees. Outagamie County wants its exempt employees to be aware of this policy and to know that Outagamie County does not allow reductions that violate the Fair Labor Standards Act.

What to Do If an Improper Reduction Occurs: If an employee believes an improper reduction has been made from their salary, the employee should immediately report this to their supervisor or the Human Resources Director. Reports of improper reductions will be promptly investigated. If it is determined that any improper reduction has occurred, the employee will be promptly reimbursed for any improper reduction. The provisions of this section apply to Fair Labor Standards Act exempt employees and are in accordance with the county's policy of ensuring public accountability of its employees.

PERFORMANCE EVALUATIONS AND SALARY ADMINISTRATION

The purpose of the annual performance evaluation is to assess an employee's work effectiveness and to discuss good performance while also identifying areas for development. Performance evaluations are considered in decisions affecting placement, salary advancement, overtime assignments, promotions, demotions, termination, order of layoff, reemployment, and training. Acknowledgement of the performance evaluation discussion must be completed in Tyler-Munis before a personnel action for the resulting step increase is submitted. No step increase will occur until the evaluation discussion has occurred. Performance evaluation are not required for Casual Call employees, as they are not eligible for step increases.

Human Resources is responsible for the overall administration of the employee performance evaluation and salary administration processes and takes an active role in advising and assisting employees, supervisors, and department heads to ensure that performance evaluation processes are handled according to the provisions of the program and result in meaningful discussions for the employee.

The purpose of salary administration is to fairly allocate each position in the county to a wage grade in such a manner as to maintain equity between positions, balancing such job duties/factors as education required, impact of errors, and supervision exercised. It also sets initial hiring rates and salary ranges, as well as promotion guidelines, and sets standards and processes for performance evaluations and step increases.

Revision Date: April 2023

The Human Resources Director can recommend necessary amendments in the compensation program to the County Executive and County Board's Legislative Audit / Human Resources Committee.

The County Executive may seek the input of the various committees, commissions, and boards, as needed in the evaluation process.

New employees will normally be hired at the lower end of the pay grade established for their position. However, a new employee's starting wage may be at a higher step of their pay grade if warranted by such reasons as exceptional qualifications or competitive market conditions. Discussion with the Human Resources Recruiter and approval of the department head and the Human Resources Director is required before a starting salary above the pay grade minimum may be offered to a new hire.

At twelve month intervals following the employee's date of hire, reclassification, or promotion, the employee will be eligible to advance to the next highest step within the employee's pay grade. Regular part-time employees in the Sheriff's Office (in positions formerly a part of the OCJCA employee group) will be eligible for step increases as long as their proration is 20 or more hours per week after 12 months. Conversely, in the Sheriff's Office, full time employees who take a part time position that is less than 20 hours per week will be frozen at their current step and will not be eligible for step increases while in that part time status.

At twelve month intervals following the employee's date of hire, reclassification, or promotion; both the employee and the employee's manager/supervisor will complete a comprehensive evaluation of the employee's performance for the previous twelve months and will establish goals or areas of focus for the coming year. For all employees, the manager/supervisor will then finalize the evaluation by determining approval, denial, or delay of step increases performance or other wage schedule requirements.

The Step Program is dependent on budget conditions and may be put on hold by approval of the County Executive and County Board.

Other than in the case of annual step progression within the Deputy Sheriff's Association, advancement in the pay grade is predicated on the employee meeting the key expectations of their position and as defined by the job description, as well as the standard county evaluation categories outlined in the evaluation form. Step increases shall occur at the beginning of the pay period following the employee's date of hire or adjusted date of hire.

In cases of poor performance, the department head or County Executive may, after conferring with the Human Resources Director, reduce the pay of an employee by up to 3.0% or withhold a scheduled general base salary adjustment for an employee. These actions apply to those situations where the employee's job performance is unsuitable for the employee's step position within their pay grade. Disagreement with the performance evaluation is not grievable under the Employee Complaint process.

An employee promoted or reclassified to a position in a higher pay grade will be put at that step in their new pay grade which typically provides for an increase of between 3% and 10%. Any promotional or reclassification increases of more than 5% of the employee's current wage will require approval from Human Resources before offering the position. Promotional or

reclassification increases of more than 10% may only be given if needed to bring the employee up to the Minimum Step of the employee's new pay grade.

An employee who is promoted, demoted, or reclassified to a position in a lower pay grade may be paid at any step in their new pay grade as recommended by Human Resources and approved by the County Executive. All step increases will become effective on the first pay period following the anniversary date of that event.

Upon the recommendation of Human Resources, the County Executive may authorize specific salary adjustments due to extraordinary circumstances, subject to availability of appropriated funds. The Legislative Audit / Human Resources Committee will be notified of all such salary adjustments.

In order to reflect necessary increases in the minimum and maximum rates appropriate for each job, the salary structure recommended will be reviewed and updated annually as part of the annual budget process.

In a situation where the assignment or scheduling of work requires an employee to perform in a higher level classification (higher pay grade or pay range), a temporary pay rate may be established for the period of that assignment or work schedule. This action requires the recommendation of the department head, as well as the approval of the Human Resources Director or the County Executive. This practice will not be applied to vacation replacement.

PERSONAL APPEARANCE

Outagamie County allows departments and their employees the flexibility to "**Dress for Your Day**." The "Dress For Your Day" policy is intended to be relaxed when you have a workday that does not include meetings with clients, vendors or business associates. The expectation is that employees will wear clothing appropriate for the nature of our business and the type of work performed. It gives employees the flexibility to dress in a way that adheres to their schedule for that day. If you are at a client, training/conference, recruitment activity, or other professional circumstances, employees must dress in business attire.

At the discretion of the Department Head, an employee not otherwise required to wear a uniform may wear casual, yet appropriate, work attire (including wearing denim jeans) on days when the employee has no obligations to interact in-person with clients, visitors, customers, vendors, and/or the public. Department Heads may determine what positions or duties constitute an employee's ability to wear casual work attire. Even though the dress code is casual, it is important to project a professional image to our customers, visitors, and co-workers, consistent with the environment in which an employee works. All employees are expected to dress in a manner consistent with good hygiene, safety, and good taste.

Supervisors should communicate any department-specific workplace attire and grooming guidelines to staff members during new-hire orientation and evaluation periods. Not adhering to this policy may result in disciplinary action or the removal of the "Dress for Your Day" option.

Revision Date: April 2023

Below are some guidelines to help employees differentiate what is appropriate. Any questions about the department's specific guidelines for attire should be discussed with a supervisor.

APPROPRIATE FOR CASUAL DAYS	APPROPRIATE FOR BUSINESS DAYS	INAPPROPRIATE
• PANTS: leggings under a dress or long shirt, (the length of the shirt should reach the person's fingertips when arm is facing downward), jeans (must be clean and free of rips, tears and fraying; may not be excessively light or revealing). • SHIRTS: denim or flannel shirts, non-hooded plain sweatshirts. • SHOES: dress sandals or open toe shoes. ***Note**: Casual attire may be further defined by departments based on the expected dress for specific work related activities.*	• PANTS: dress slacks, khakis or corduroys, business suit. • SHIRTS: blazers/sport coats, collared knit or golf shirts, oxford shirts, County logo wear, short-sleeve blouses or shirts, sweaters • SHOES: Closed toe dress shoes such as loafers, flats, deck shoes, and dress boots. ***Note**: Business attire may be further defined by departments based on the expected dress for specific work related activities.*	• PANTS: jeans that are frayed, damaged, washed-out, dingy or dirty with holes, shorts/skorts, yoga/exercise pants, sweat pants and form-fitting leggings. • SHIRTS: t-shirts, tank tops, halter tops, tops with spaghetti straps, shirts with lettering or logos larger than 4"x4", hooded sweatshirts, off-the-shoulder tops, low-cut/sheer blouses/shirts or shirts that bare the midriff, sports attire (unless communicated otherwise by Human Resources or the County Executive Office), beachwear. • SHOES: Thong sandals, flip flops, athletic shoes, tennis shoes, croc-like shoes.

CLOTHING ALLOWANCES

Airport, Plamann Park, Maintenance and Custodial employees who are required to wear uniforms will be provided with the following initial allotment:

- 2 summer shirts
- 2 summer pants
- 2 winter shirts
- 2 winter pants
- 1 summer jacket
- 1 summer cap
- 1 winter jacket
- 1 winter cap

The county will pay fifty percent (50%) of the replacement cost of such uniforms, up to a maximum of one hundred dollars ($100.00) per employee per calendar year. Employees shall submit receipts for such replacement cost of uniforms two times per year, no later than the work day immediately prior to July 1 and January 1. The county will pay for and provide any identification patches required to be placed on the uniforms.

Highway and Recycling / Solid Waste Employees: The county agrees to provide, at such employee's option, either a pants and shirt or coveralls, to an employee classified as a mechanic to be used by such employee when that employee is performing mechanic's work, and to an employee who is assigned as the gasman. Employees will be provided with a hard hat, vest, goggles, and fuel cards, which will be their responsibility to replace if they are lost or stolen, provided that if there is clear evidence of forced entry, the employee will not have the responsibility to replace the item. These items will be inventoried on an annual basis. The county shall make disposable coveralls available to employees as set forth below. The Employee shall

reimburse the county for its cost of such coveralls, except those employees who are required to change oil will receive two (2) pair of disposable coveralls per year, free of charge. The Employer agrees to provide employees normally assigned to perform body shop work during the year and the one employee normally assigned to perform welding during the year with each employee's option of either pants and a shirt or coveralls, to be used by these employees when they are performing body shop work or welding.

The amount and administration of the clothing allowance for uniformed Sheriff's Office staff will be made in accordance with existing policies, with a summary of current policies provided below:

• Sheriff, Chief Deputy, Commander, Corrections Administrator, Captains, Jail Lieutenants, Telecommunications Supervisor and Communications Shift Supervisor shall receive a $275 initial allowance and an annual $275 allowance.

• Patrol Lieutenants shall receive a $375 initial allowance and an annual $375 allowance.

• Operations Assistants and Telecommunicators will receive an initial $275 allowance and then an annual $250 allowance after that. The Sheriff's Office Mechanic is required wear safety shoes and is responsible for purchasing and wearing safety shoes/boots to comply with the County's Personal Protective Equipment policy and is eligible to receive an annual (per calendar year) reimbursement up to $40 for purchase of safety shoes, with presentation of proper receipt to your supervisor. The Sheriff's Office Mechanic will be reimbursed for tools purchased up to $250.00 per year, payable upon the submission of a receipt substantiating the purchase.

• All employees paid during the pay period in January each year when the clothing allowance has been disbursed (typically the 2nd payday in January), will be paid the full annual rate for clothing allowance for that year. As an example: if you were hired in Feb or Dec of 2017, you will receive your clothing allowance as a new employee in Feb or Dec of 2017 and in January of 2018 you will receive the 2018 annual clothing allowance. The only exceptions are for new employees hired Jan 1 through the pay period of the uniform allowance, as they will receive just their initial hiring allowance; whereas those not leaving in good standing during that disbursement pay period will not receive the allowance. All uniformed Sheriff's Office staff, including part-time, shall receive a clothing allowance on the above basis, excluding the Administrative Supervisor, Systems Analysts, Staff Accountant and Records Specialists.

All uniformed Sheriff's Office staff, including part-time, shall receive a clothing allowance on the above basis, excluding Operations Assistants, Process Servers, and Health Records Specialists.

Any questions or complaints regarding the appropriateness of attire should be directed to your department head or the Human Resources Department.

PET POLICY & SERVICE ANIMALS

Outagamie County prohibits employees from bringing a pet to work or having a pet in Outagamie County controlled buildings and premises, with the exception of service dogs for a person with disabilities or in the case of certified therapy dogs/cats for specific departments or as part of the

K-9 unit in the Sheriff's Department. Animals other than service dogs or certified therapy dogs/cats are not allowed at work or in any Outagamie County controlled buildings.

SERVICE ANIMALS

According to the Americans with Disabilities Act (ADA), a service animal is defined as "any animal individually trained to work or perform tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals to an impending seizure or protecting individuals during one, and alerting individuals who are hearing impaired to intruders, or pulling a wheelchair and fetching dropped items."

A person with a disability uses a service animal as an auxiliary aid. In compliance with the ADA, service animals are welcome in all buildings on company property and may attend any class, meeting or other event. There may be an exception to certain areas.

Employees requesting accommodation for a disability that includes a service dog or service dog in training, must contact the Human Resources (HR) Department and complete a Documentation of Disability form. All service dogs must be registered with the Risk Management Administrator.

REQUIREMENTS OF SERVICE DOGS OR CERTIFIED THERAPY DOGS/CATS AND THEIR OWNERS:

- All animals need to be immunized against rabies and other diseases common to that type of animal. All vaccinations must be current.
- Animals must wear a rabies vaccination tag.
- All service dogs and certified therapy dogs/cats must be licensed per state law.
- Service dogs and certified therapy dogs/cats must wear an owner identification tag (which includes the name and phone number of the owner) at all times.
- Service dogs in training, must wear the designated service animal vest throughout their training period.
- Animals must be in good health.
- Dogs must be on a leash, harness or other type of restraint at all times, unless the owner/partner is unable to retain an animal on leash due to a disability.
- The owner must be in full control of the animal at all times. The care and supervision of the animal is solely the responsibility of the owner/partner.
- The owner/partner must provide the HR department staff with information as to how the service dog accommodates for the individual's disability.

Reasonable behavior is expected from service dogs while on company property. The owners of disruptive and aggressive service dogs or certified therapy dogs/cats may be asked to remove them from Outagamie County facilities. If the improper behavior happens repeatedly, the owner may be told not to bring the service/therapy animal into any facility until the owner takes significant steps to mitigate the behavior.

Cleanliness of the dog/cat is mandatory. Consideration of others must be taken into account when providing maintenance and hygiene of animals. The owner/partner is expected to clean and dispose of all animal waste.

Animal owners are responsible for any injury, death or damage caused by their animal.

POSITION CLASSIFICATION

Position classification is the process used to allocate a position's defined duties and responsibilities to a job standard. The position classification process involves the department, Human Resources, and at times an external market analysis, reviewing the duties and responsibilities assigned to a position and determining the appropriate classification for the position.

In order to determine eligibility for benefits and overtime status and to ensure compliance with federal and state laws and regulations, Outagamie County follows Fair Labor Standards and classifies its employees as shown below. Outagamie County may review or change employee classifications at any time.

Exempt: Exempt employees are paid on a salaried basis and are not eligible to receive overtime pay, based on criteria established by the Fair Labor Standards. Some exceptions may apply by county policy.

Non-Exempt: Non-exempt employees are paid on an hourly basis and are eligible to receive overtime pay for overtime hours, based on criteria established by the Fair Labor Standard or county policy.

Full-Time Regular Employee: Works a regular schedule of 37.5 or 40 hours per week or meets the hours requirements of Section 7(k) of the Fair Labor Standards Act (FLSA).

Part-Time Regular Employee: Works a regular schedule that is, on average, less than 37.5 hours per week, with the exception of Section 7(k) for Sheriff Department employees. Part-time employees, on a pro-rated basis, are entitled to the same benefits as full-time employees, with the exception of Life Insurance and Long Term Disability Insurance, provided they are hired at or averaged at least 20 hours per week for the 12 months preceding their anniversary date. Under federal laws, part-time employees are treated the same as full-time employees under the Fair Labor Standard Act concerning minimum wage and overtime pay.

Job Share Employee: Job sharing means that two (or more) workers share the duties of one full-time job, each working part-time. Employees involved in a job share arrangement must sign a Job Share Agreement.

See the Job Share section of handbook for additional details.

Casual-Call Employee: One who is hired to satisfy or meet the needs of a department which are cyclical and recurring in nature. They may have a regular/consistent, infrequent, or variable schedule and may work as needed throughout the year but they may not work more than 960 hours in a 12- month period. A department may hire casual call employees for approved positions on their Table of Organization as their budget allows in order to meet the needs of the department. If an employee is anticipated to work beyond 960 hours within a 12-month period, the supervisor should speak with Human Resources to determine whether the status of the employee should be changed.

Temporary Employee: A direct hire temporary employee is an hourly appointment used to fill a classified job title in the county. A temporary employee is one who will be with the county for less than a year and one who has a specific expiration date. Temporary employees are eligible to earn leave and are covered by Social Security and unemployment compensation but do not receive any other fringe benefits.

Seasonal Employee: Any employee who works one hundred twenty days a year or less for the county. These days need not be consecutive. The work being provided does not fulfill a classified job title in the Table of Organization. For example, if an employee works for the months of January, July, and October, then the employee is a seasonal employee.

Intern: A student who works, sometimes without pay, at a trade or occupation in order to gain practical work experience as part of an academic requirement. Internships will most often be viewed as employment, unless described below, relating to other academic compensation. Interns who qualify as employees typically must be paid at least the minimum wage and overtime compensation for hours worked over 40 in a work week. There are some circumstances under which individuals who participate in internships or training programs may do so without compensation. This may apply to interns who receive training for their own educational benefit, if the training meets certain criteria. The determination of whether an internship or training program meets this exclusion depends upon all of the facts and circumstances of each such program.

Contract Workers: Typically hired to cover for absent employees (such as those who are on medical or disability leave) and temporary vacancies or to fill gaps in a county's workforce. Contract workers are typically hired through a temporary staffing agency -- in which case the temp is on lease with the staffing county but not an employee of the county. Contract workers may be contracted to perform work in a range of industries, such as system support, labor, education, information technology, and healthcare. Some temporary jobs may lead to regular employment where appropriate. More often, however, departments procure contracted staff for a specific business purpose while avoiding the cost of hiring regular employees.

Contract workers may work full or part-time but are not eligible for county benefits. Any benefits a worker may be eligible for would be provided by the contracting agency, where applicable. The maximum contract assignment for any temporary contract worker is twelve (12) calendar months. Any assignment needed beyond twelve (12) months must be approved by Human Resources.

Note: Contract workers are not considered benefit eligible employees of Outagamie County and would not fall into the category of Employee as it pertains to this Employee Handbook.

Throughout one's employment with the county, an employee's status may change, whether by voluntary or involuntary means. They may be granted a promotion, make a lateral transfer, get laid off, terminate the employment relationship, or become part or full-time. Since changes such as address and marital status are quite straight forward, they will not be discussed here. Instead, following is an explanation of the usual types of changes that may occur.

Temporary to Regular Status: A temporary employee is one who occupies a temporary slot on the Table of Organization, holds a position of limited duration for a specified period of time, or is hired to perform a specific project. A regular employee is one who occupies a regular slot on the Table of Organization and is expected to remain employed by Outagamie County so long as the work is required and the individual performs in a satisfactory manner. Temporary and regular employees may be either part-time or full-time. A temporary employee who, through continuous employment, obtains regular status in the same job classification in the same department, will have their date of employment for the purpose of determining wage rate and date of hire, vacation eligibility, and sick leave accrual established as of their date of employment as a temporary employee.

Promotion: A promoted employee is one who accepts a job assignment in a higher classification with a higher pay range. Upon moving to this new position, the employee will receive an adjusted date of hire.

Demotion: A demoted employee is one who is assigned, either voluntarily or involuntarily, to a job in a lower classification with a lower pay range. Whether the employee receives an immediate decrease in salary is determined by the circumstances at the time of the demotion and the spread of the new salary range. Demotions may be made in lieu of layoff, may be used as a disciplinary measure, or can be voluntary. Demotions must be approved in advance by the Human Resources Director. Upon moving to this new position, the employee will receive an adjusted date of hire.

Reclassification: Reclassification is the reassignment of a position from one class to another to recognize a change in the duties and responsibilities of a position or to correct a misclassification in the original assignment. Reclassifications must be approved by the Legislative Audit / Human Resources Committee and County Board. Upon moving to this new position, the employee will receive an adjusted date of hire.

Full-Time / Part-Time: In response to changing business needs or priority, the time allotted to a particular job may change from part-time to full-time, or vice versa. In those cases where a part-time position is expanding to fill full-time hours, or where a full-time position is reducing to part-time, the posting process is not normally followed. Instead, the employee who has the part-time or full-time position expands or reduces his/her hours. Occasionally, when the situation warrants, job sharing one full-time position may be allowed.

Lateral Transfer: When necessary, Outagamie County may change an employee or group of employees from one job to another within the same pay grade. When an employee is transferred to a position in the same pay grade, they will not receive an adjustment in pay nor an adjusted date of hire.

An employee in good standing may also request to transfer to another comparable vacant position for which they are qualified. Requests for such voluntary transfer should be made to Human Resources and requires the approval of the employee's department head.

Termination: This is a term used to refer to the removal of an employee from the payroll for voluntary or involuntary reasons including dismissal, resignation, retirement, or death.

Layoff: A layoff is the involuntary separation of an employee due to lack of work, lack of funds, the abolishment of a position, or other reason. Layoff plans must be approved by the Human Resources Director before they are implemented. No regular employee will be laid off while there are temporary workers serving in the same classification in the same department. Layoffs are based on job performance and seniority. Regular employees will receive at least ten (10) business days' notice prior to layoff, and each laid-off employee will be notified of all of their rights, including reinstatement eligibility and benefits. Laid-off employees will be held in a layoff pool for a period of time equal to their length of service but no longer than one year. Employees in the layoff pool have a priority for reinstatement when a vacancy occurs for which they are qualified. A laid-off employee loses their reinstatement rights if they do not return to work within ten (10) calendar days after notification. This does not apply to sunset or grant positions.

Revision Date: April 2023

PROPERTY INSPECTION

The county provides desks, filing cabinets, lockers and/or other storage devices, electronic or otherwise, for employee's convenient safekeeping of work materials and personal items. The storage devices remain the property of the county, and the county makes no assurance of an expectation of privacy regarding the contents thereof. Further, the county reserves the right to inspect any and all such storage containers or devices at any time and may inspect personal property on county premises where reasonable suspicion exists that the container or device may contain stolen items, firearms, drugs, alcohol, or other contraband. Further, county information in or on personal containers or devices may be accessed, if necessary, by the county.

RECRUITMENT

The standard of the county is to recruit and select the most qualified persons for county positions. Recruitment and selection is conducted in compliance with all applicable laws. Whenever possible, vacancies are filled from current county employees, providing they meet qualification standards and are the most qualified candidate. The filling of Union positions is done in accordance with the applicable bargaining agreement. Recruitment is the responsibility of the Human Resources Department, who works in conjunction with the department in need of staff.

This section sets forth general process guidelines to be used by Outagamie County management personnel relative to the employment function. It is understood that adjustments to this process may be made as dictated by special circumstances. The following process will be the recognized process for employment functions at Outagamie County.

JOB OPENING

Open positions are either identified by a vacancy created or upon approval for an additional position by the County Executive and Board of Supervisors. Positions being requested from the Not Posted list will require approval from the HR Director or their designee.

The hiring manager will complete a requisition request form in the applicant tracking system for submission to Human Resources.

Human Resources will verify the opening against the Table of Organization (TO).

The HR Recruiter, in conjunction with the hiring manager, will review the position job description and update as required.

POSTING

Except as noted below for internal department/division promotions or transfers, the position will be posted for a minimum of five days (excluding holidays and weekends).

Revision Date: April 2023

- Human Resources will develop the posting using the duties and requirements found in the job description/class spec and review the posting with the hiring manager.
- Postings will be on the Current Openings sections of the Outagamie County intranet site and internet sites. In addition to the official posting sites, Human Resources and the hiring manager may identify other industry and recruitment sites where the position will be posted.
- Postings will remain on the official posting sites until the position has been filled or a suitable amount of applications have been received.
- Once a position has been posted, the hiring manager(s) can view applicant data within the applicant tracking system and determine next steps within the system.

Internal Department/Division Promotions or Transfers Only – Hiring Managers are allowed to fill open positions in their department without posting the job for the minimum five (5) day requirement, if they fill it with an active employee from the same department and division.

To hire someone internally from within their department and division, the hiring manager must complete a requisition request in NeoGov and the departmental employee must complete the inter-department application in NeoGov. Once the application has been completed the hiring manager can then move the applicant to hire in NeoGov to begin the hiring process. While this approach may help departments fill vacancies more rapidly, hiring managers must still select the best candidate for the job based on skills, education, and performance factors reflected in satisfactory performance evaluations.

If a department or division wants to hire someone from another department or division, they must post the job internally for five (5) days at minimum, following the procedures outlined above.

RECRUITMENT/SOURCING

Methods and timing of external recruitment will be determined by Human Resources and the hiring manager on a case-by-case basis.

Advertising should be coordinated through and tracked by the Human Resources Department. Advertising costs may be charged back to the department.

APPLICANT FLOW

In order to be considered for a position, an applicant must submit their application electronically via the applicant tracking system. Only electronic applications will be accepted. Inquiries received in other departments should be directed to apply via the Outagamie County internet/intranet sites.

Unsolicited applications will not be accepted.

All applicants must apply separately for each posted opening.

Human Resources will maintain applicant data and hire records within the applicant tracking system.

SCREENING OF CANDIDATES

The HR Recruiter will work with the hiring manager to determine on a case-by-case basis the process for screening applicants. As requested by the hiring manager, Human Resources will assist in reviewing resumes and applications.

Candidates will be evaluated based upon their qualifications for the job being filled without regard to gender, race, color, religion, age, national origin, sexual orientation, gender identity, genetic testing, and military service or on the basis on any other protected status.

In general, consideration will be given to applicants in the following order:

- In the case of county employees who are members of a bargaining unit and who may have contractual rights related to the open position within that same bargaining agreement, primary consideration will be given according to the contractual language.
- In the case of non-union employees, selection of candidates for job openings will be determined by the county from the available internal and external applications.
- As a best practice, hiring managers should contact current managers of internal applicants with questions related to overall performance. It is expected that all internal applicants be provided either a telephone or in-person conversation.

INTERVIEWING

The hiring manager will coordinate and conduct interviews of candidates. The HR Recruiter will be available for consultation or to participate in the interview process.

Human Resources should be involved in interviews involving managerial or critical positions.

Hiring managers should establish and utilize set interview questions for all applicants and keep separate notes and comments on candidates interviewed. Notes and comments are not to be recorded on the original resume or application.

Employees are encouraged to discuss their interest in open positions with their supervisor. However, supervisor approval is not required to submit an application if the employee meets all eligibility requirements. When an employee is selected to be interviewed for an opening, the employee must notify their supervisor that they are being considered for a particular opening. Such notification must take place before the interview. Non-exempt/hourly employees will not be paid for the time they are interviewing or testing. They will be allowed to make up that time or take as some sort of leave time. Exempt employees should adjust their schedule accordingly.

Upon completion of interviewing, all accompanying notes and comments should be uploaded to the applicant tracking system by the hiring manager or their designee.

TESTING

The HR Recruiter, in conjunction with the hiring manager, will determine testing needs based on requirements of the position and will determine the point in the interviewing process where testing will be administered.

All testing will either be coordinated through the Human Resources Department or within their respective department.

Test results will be shared with the hiring manager and become part of the candidate's file.

Results of testing will remain valid for a period of six (6) months.

SELECTION

The hiring manager makes the hiring decision. Prior to acting on any employment decision, the hiring manager should consult with the appropriate department head and the HR Recruiter.

REFERENCE CHECKS

Whenever possible, a minimum of two (2) references should be secured prior to any offer of employment being extended. References are to be obtained by the department designee. Human Resources is available for assistance. Documentation of references should be maintained in the employee's personnel file or uploaded into the applicant tracking system.

OFFERS OF EMPLOYMENT

Starting wage rates will be determined by Human Resources in conjunction with the hiring manager in accordance with established bargaining agreement and compensation administration guidelines.

Start dates of all new hires coincide with the orientation calendar to ensure new hires are beginning employment on an orientation day and complete the necessary steps to be placed on the payroll. There may be exceptions allowed in this timing based on critical business needs. Any exceptions must be discussed with the HR Recruiter and approval obtained from the HR Director or their designee.

Verbal offers of employment may be extended by the hiring manager after consultation with the appropriate department head and HR Recruiter. Hiring managers will complete the hire process in the applicant tracking system in order to initiate the written offer letter.

Written offer letters should be drafted by the HR Recruiter. Signed offer letters and applicable new hire paperwork will be provided electronically or in hard copy to the HR Recruiter who will then attach these documents to the exam plan in the applicant tracking system.

New hire details will be provided to the HR Administrative team for entry into HR system.

CONTINGENT OFFERS OF EMPLOYMENT

Offers of employment are contingent on appropriate background check, POPEs (Post Offer Pre Employment Screens), education records, required certifications, and/or driver's license requirements.

Education levels will be verified for any position that requires a particular degree level. Verification will consist of receipt of transcripts or direct contact with the educational institution. The Human Resources Department is responsible to ensure that proper verification has been obtained. Documentation regarding education level verification will be filed in the personnel files located in the Human Resources Department.

Human Resources will process the appropriate background request forms upon receipt of signed release of information statements. Sheriff's department will perform investigations and administer appropriate background checks for their hires or those county employees working within the Sheriff's department. Releases must be received and background checks run prior to the

employee beginning employment. Exceptions to this will be considered based on Human Resources Director approval.

With the exception of the Sheriff's department, Human Resources will review the report information. Results of background investigations will be forwarded to the hiring manager as applicable. In the case of negative results, a course of action will be determined with the hiring manager and input from Corporation Counsel when appropriate.

Contingency documents will be stored in the employee's personnel file.

RELEASE OF INTERNAL CANDIDATES

It is the responsibility of the hiring manager and the selected employee's current manager to mutually agree on the starting date for the new position. In general the new starting date should be within 20 days (excluding holidays & weekends) of the accepted offer and should begin at the beginning of a pay period.

NOTIFICATION OF UNSUCCESSFUL CANDIDATES

All internal candidates not selected will be notified directly (in person, by phone or e-mail) by either the hiring manager or Human Resources.

Notification to external candidates interviewed but not selected, will be communicated by either telephone or using the notification functionality within the applicant tracking system.

SAFETY AND ACCIDENT PREVENTION

Outagamie County has a long-standing philosophy of taking pride in its practices to ensure the safety, health and well-being of all its employees. This section serves to provide guidance to all employees on the standards the county expects its employees to adhere to.

Employees injured on the job must report the injury to their supervisor immediately. All reports must be filed within twenty-four (24) hours of the injury. Suggestions from all employees regarding safety are welcome and encouraged. See Worker's Compensation section of this handbook for additional details related to reporting an injury.

Employees who transport county clients in their own personal vehicle (excluding motorcycles) and whose vehicle suffers damage during that transport may be eligible for partial reimbursement for damages.

Additional information regarding vehicle usage and insurance coverage requirement can be found on the Risk Administration webpage.

SEPARATION FROM EMPLOYMENT

Employment with Outagamie County is governed by the common law doctrine of "at-will" employment. An employee may be dismissed at any time at the option of the county. In such case of involuntary separation, the employee's supervisor or department head will discuss the proposed action with Human Resources prior to taking action. Employees involuntarily terminated or who resign due to misconduct or poor job performance are not eligible for rehire without department head and Human Resources approval. An employee may quit employment with the county at any time. The publishing of this Employee Handbook does not guarantee or make a promise of employment nor does it create a contractual employment relationship.

Employees are encouraged to provide a two-(2)-week written notice of intent to terminate their employment. The two weeks' notice begins the day after they turn in their notice. This allows the county time to begin a search for the employee's replacement and/or to realign the duties within the department. An employee is considered as having terminated in good standing if they gave the fourteen-(14)-day notice or if their employment was terminated by the county for reasons other than performance or misconduct, at the discretion of the HR Director. Furthermore, failure to give proper notice will affect sick leave payout, earned and accrued vacation payouts, etc. In addition to providing a two-(2)-week notice, resigning employees must work on their last day of employment, with the exception of those on an approved medical leave, in order to be considered to have left in good standing. Other paid leave restrictions within the two-week notice period may apply and could impact the employee's ability to leave in good standing, as outlined on the Retirement/Resignation Notice on the county intranet.

In most cases, Human Resources or a department representative will collect all county property as appropriate and to discuss final pay. The exit interview is conducted by the Human Resources Department with an employee who is separating from employment with the county and is intended to gain insight into the effectiveness of county practices, to determine where personnel guidelines and processes are in need of review or revision, and to determine where supervisory or managerial practices need modification or improvement. Exit interviews will be provided whenever possible, regardless of reason for leaving, position held, or length of service.

Return of county equipment: Employees leaving county employment must return county identification cards, cars, books, manuals, keys, tools, equipment, and other county-owned items on or before their last day of work. If applicable, information regarding benefits continuation through the Consolidated Omnibus Budget Reconciliation Act (COBRA) will be sent to the employee's home address.

SHORT-TERM DISABILITY

Short-Term Disability pays the employee a portion of their income for a specified period of time, as determined by the plan. The Short Term Disability plan provides coverage for injuries and

illnesses that occur outside of work. Employees are eligible if they are an active full-time employee who works at least 37.5 hours per week on a regularly-scheduled basis. Active part-time employees are eligible if their current pro-ration is at or above the threshold for benefit eligibility (i.e., health and dental insurance).

Employees may purchase coverage that would pay a percentage of the employee's weekly earnings. The maximum Voluntary Short-Term Disability Insurance benefit is determined by the plan.

Short-term disability benefits run concurrently with the Family and Medical Leave Act and/or any other leave where permitted by state and federal law. Employees on Unpaid Medical Leave while receiving Short-Term Disability payments are not required to use sick leave or vacation leave balances.

SICK LEAVE

Every full-time employee shall earn one (1) sick day (eight (8) hours or 7.5 hours) for each month of full-time, regular service with the County, regardless of department. Part-time employees earn one prorated day for each full month of service. A full month of service is any month in which an employee received pay for at least ten (10) times the employee's factor (Full Time Factors: 8 and 7.5; Part Time Factors: As assigned by Payroll or employee's department).

New employees that are eligible to earn sick leave can use it once it is available on the first of the month following their hire date. Any leave taken prior to having it available would be without pay.

Unused sick leave may be accumulated to a total of one hundred and twenty (120) days. Part time employees may accumulate up to 120 days times your factor.

Employees absent from work on legal holidays, during sick leave, vacation, for disability arising from injuries sustained in the course of their employment, or for other authorized leaves of absence with pay shall continue to accumulate sick leave at the regularly prescribed rate during such absence as though they were present for duty.

An employee eligible for sick leave with pay may use such leave upon approval of the manager/supervisor/department head for absence due to an employee's illness, injury, exposure to contagious disease, dental or medical appointments or due to illness in the employee's immediate family (i.e., the employee's spouse, or dependent children living in the employee's household) hospitalization, illness or dental/medical appointment requiring the employee's personal attendance. An employee on sick leave shall inform their immediate supervisor of the fact and reason therefore as soon as possible and failure to do so within reasonable time may be cause for denial of pay for the period of absence. The department head may request a doctor's certificate before approving such leave with pay if three (3) or more consecutive workdays are missed. If an employee is eligible for Family Medical Leave, that employee is required to complete FML paperwork after more than three (3) consecutive workdays are missed. Questions regarding qualifications for FMLA should be directed to the Employee Leave Administrator. The department

head may also request a doctor's certificate, for any sick leave use, before approving such leave with pay after four (4) instances of sick leave, without a doctor's certificate, are taken in a calendar year.

In order to use sick leave for serious health conditions of family members not in the immediate family, it must be covered under FMLA. Sick Leave pay may only be used for baby bonding and serious health conditions of family members not in the immediate family under Family Medical Leave.

In the event that an employee becomes ill on the job, the time actually spent off the job shall be charged to sick leave.

Absences for a fraction or part of a day that are chargeable to sick leave in accordance with these provisions may be charged in no less than fifteen (15) minute increments. Sick leave usage of less than fifteen (15) minutes must still be reported as fifteen (15) minutes.

SICK LEAVE AND RETIREMENT - Employees hired prior to January 1, 2014 who are retiring under Wisconsin Retirement will receive a 100% payout of accumulated sick leave. Employees hired on or after January 1, 2014 who are retiring under the Wisconsin Retirement System will receive a graduated percentage payout of up to 120 days of accumulated sick leave based on their length of service with Outagamie County so that: after ten (10) years of service the employee is eligible for a fifty percent (50%) payout of sick leave accumulation; after fifteen (15) years of service the employee is eligible for a seventy-five percent (75%) payout of sick leave accumulation; and after twenty (20) years of service the employee is eligible for a one hundred percent (100%) payout of sick leave accumulation. In the event of the death of an employee, the County will make the same 100% payment to the employee's estate. If an employee does not participate in the life insurance program, the employee may specify a beneficiary with the Human Resources Department for the purpose of this Section.

SICK LEAVE AND RESIGNATION – Grandfathered and accreted employees hired prior to January 1, 2014 who terminate in good standing will receive a 50%-100% payout up to 120 days of accumulated sick leave, based previously agreed to terms.

For all other employees, sick leave is cancelled upon resignation.

SOLICITATION & BULLETIN BOARDS

In order to protect our employees and visitors, solicitation by employees is strictly prohibited while either the employee being solicited or the employee doing the soliciting is on "working time." "Working time" is defined as time during which an employee is not at a meal, on break, or on the premises immediately before or after their shift.

Employees are also prohibited from distributing written materials, handbills, or any other type of literature on working time and, at all times, in "working areas," which includes all office areas. "Working areas" do not include break rooms, parking lots, or common areas shared by employees during non-working time.

Revision Date: April 2023

All required governmental postings are posted on the boards located in the break rooms of county buildings. These boards may also contain general announcements. The county reserves the right to refuse permission to post or to take down any announcement.

Visitors may not solicit or distribute materials anywhere on county property, at any time.

TELECOMMUTING

Telecommuting allows employees to work remotely for all or part of their workweek. Outagamie County considers telecommuting to be a viable, flexible work option when both the employee and the job are suited to such an arrangement. Telecommuting may be appropriate for some employees and jobs but not for others. Telecommuting is not an entitlement, it is not a county wide benefit, and it in no way changes the terms and conditions of employment with Outagamie County. This guidance provides a general overview and does not attempt to address each unique situation or technology need.

Telecommuting is not designed to be a replacement for appropriate child care. Although an individual employee's schedule may be modified to accommodate child care needs, the focus of the arrangement must remain on job performance and meeting business demands. Prospective telecommuters are encouraged to discuss expectations of telecommuting with family members prior to entering a trial period.

PROCEDURES

Telecommuting can be informal, such as working remotely for a short-term project or a formal set schedule of working away from the office as described below. Either an employee or manager can suggest telecommuting as a possible work arrangement.

Any telecommuting arrangement made will be on a trial basis for the first three months and may be discontinued at will and at any time at the request of either the telecommuter or the supervisor/county. Every effort will be made to provide 30 days' notice of such change to accommodate commuting, child care and other issues that may arise from the termination of a telecommuting arrangement. There may be instances, however, when no notice is possible.

ELIGIBILITY

Individuals requesting formal telecommuting arrangements must typically be employed in their current role for a minimum of six (6) months of continuous, regular employment and must have a satisfactory performance record. Department Heads have the discretion to authorize remote work prior to the employee's first six months of employment, if applicable.

Before entering into any telecommuting agreement, the employee and manager, with the assistance of the Human Resources and Information Technology departments, will evaluate the suitability of such an arrangement, reviewing the following areas:

Employee suitability. The employee and manager will assess the needs and work habits of the employee, compared to traits customarily recognized as appropriate for successful telecommuters.

Job responsibilities. The employee and manager will discuss the job responsibilities and determine if the job is appropriate for a telecommuting arrangement.

Equipment needs, workspace design considerations and scheduling issues. The employee and manager will review the physical workspace needs and the appropriate location for the telework. This can be done in person or virtually, as requested.

Tax and other legal implications. The employee must determine any tax or legal implications under IRS, state and local government laws, and/or restrictions of working out of a home-based office. Responsibility for fulfilling all obligations in this area rests solely with the employee.

The employee understands that they are responsible for all equipment needs related to a home workspace, with the exception of a county provided laptop/tablet. The County will provide supplies related items such as: paper, ink, pens, etc. The county will not provide laptops for the purpose of working remotely. Only employees identified as having a need for a laptop when working onsite will be provided a county laptop, which can then be used for remote work as needed.

If the employee and manager agree, and the Human Resources department concurs, a draft telecommuting agreement will be prepared and signed by all parties, and a three-month trial period will commence.

Evaluation of telecommuter performance during the trial period will include regular interaction, by phone and e-mail between the employee and the manager, and weekly face-to-face meetings to discuss work progress and problems. At the end of the trial period, the employee and manager will evaluate the arrangement and make recommendations for continuance or modifications.

EQUIPMENT

With the exception of a county issued laptop, the employee will be responsible for providing/acquiring the appropriate equipment needs (including hardware, software, high speed internet, secure Wi-Fi, phone lines and other office equipment) for each telecommuting arrangement, at their own expense. The Human Resources and Information Technology departments will serve as resources in this matter. Outagamie County reserves the right to make determinations as to appropriate equipment, subject to change at any time, and in ensuring proper security is in place to protect County related data.

Outagamie County will supply the employee with appropriate office supplies (pens, printer ink, paper, etc.) as deemed necessary. Outagamie County will also reimburse the employee for business-related expenses, such as phone calls and mailing costs that are reasonably incurred in carrying out the employee's job.

The employee will establish an appropriate work environment within their home for work purposes. Outagamie County will not be responsible for support of personally owned equipment, costs associated with the setup of the employee's home office, such as remodeling, furniture or lighting, nor for repairs or modifications to the home office space. Outagamie County Information

Technology Department will not provide technical support for personal equipment, even when co-mingled with county provided equipment. For liability reasons, Information Technology will also not remote into personal equipment and some technical issues for county equipment may need to be addressed onsite.

SECURITY

Employees must adhere to all Federal State and local confidentiality laws including *but not limited* to 45CFR160-164 Wis. Stat. §146.81 and .82 (HIPAA protected health information), Wis. Stat. Chapters 51, 54 and 55 (Mental Health and Guardianship Information), and Wis. Stat. Chapters 48, 938, and 118 (Protected Juvenile Information). Employees who choose to operate under this agreement are responsible for ensuring that all confidential information deemed to be confidential under these or any other applicable state, federal or local law remains confidential. Maintaining confidentiality includes working in a location where third parties, including family members, will not be able to overhear or see confidential information in any format, written, verbal or electronic. Employees must also take steps to secure this information including the use of locked file cabinets and desks, regular password maintenance, and any other measures appropriate for the job and the environment.

SAFETY

Employees are expected to maintain their home workspace in a safe manner, free from safety hazards. Outagamie County will provide each telecommuter with a safety checklist that must be completed at least twice per year. Injuries sustained by the employee in a home office location and in conjunction with their regular work duties are normally covered by the company's workers' compensation policy. Telecommuting employees are responsible for notifying the employer of such injuries preferably by the end of the work shift, or as outlined in a departmental policy. The employee is liable for any injuries sustained by visitors to their home worksite.

Employee request forms and supervisor assessment forms can be found on the Human Resources webpage located on MyOC.

TERMINATION

The Human Resources Department wants terminations to be conducted accurately and efficiently for both the employee and Outagamie County. Based on the type of termination, certain information must be provided to Human Resources.

This section will define the steps required to process an employee's termination, whether it is an involuntary termination, voluntary termination, or retirement.

Involuntary Termination: Determination by the employer that the employee's services are no longer needed. Misconduct has occurred or the employee is unable to perform satisfactorily. Note: Does not include layoff which is considered a temporary arrangement with return to work possible.

Voluntary Termination: Determination by the employee where they desire to continue the employment relationship with Outagamie County no longer exists.

Retirement: Voluntary withdrawal from one's position with Outagamie County, similar to voluntary termination, but receives a Wisconsin Retirement annuity.

INVOLUNTARY TERMINATION

Prior to termination, the Human Resources department will need to be contacted and a file review will need to be completed. No involuntary terminations can take place without approval from the Human Resources Director.

In the case of involuntary termination, a meeting should be scheduled with the employee, the employee's manager, and a member of the Human Resources team to discuss the details of the termination. If there are any safety concerns regarding the employee's reaction or behavior after notification, notify someone in the Sheriff's department in advance of the termination so a deputy can be placed on standby.

All involuntary terminations should be done with two persons present with the employee.

Prior to or immediately after, make arrangements for Information Technology to discontinue system access and to contact department IT resource to discontinue any department specific access.

Meet with the employee in a neutral area, such as a conference room. Inform the employee of their last day and termination reason.

Inform the employee that benefits information will be mailed to them and encourage the employee to contact the Employee Benefits Specialist for detailed benefits information. The exiting employee should also be given a copy of the Termination Frequently Asked Questions document.

Retrieve all keys, the ID badge, and any other county property before the exiting employee leaves the building.

Complete a Personnel Action in HR System to notify HR, Payroll, IT, and Maintenance. The Personnel Action should indicate if the employee is eligible for any normal payouts.

VOLUNTARY TERMINATION

Obtain a signed resignation from the employee indicating the employee's last day of work and complete a Personnel Action in HR System to notify HR, Payroll, IT, and Maintenance. The Personnel Action should indicate if the employee is eligible for any normal payouts.

Employees must provide two weeks' notice in order to be considered as Leaving in Good Standing. Direct the employee to the Leaving in Good Standing policy indicating what needs to be done or can be done their last two weeks.

Human Resources will contact the employee regarding an exit interview.

For employees subject to annual audiogram requirements, the supervisor will contact an appropriate medical provider to obtain an exit audiogram prior to the employee's last day of work. Contact the Risk Administrator for assistance.

TIME REPORTING

Accurately reporting time worked is the responsibility of every employee and their supervisor/manager. Outagamie County must keep an accurate record of time worked to calculate employee pay and benefits.

Accurate time reports showing all time actually worked or time to be paid are required. These records are required by governmental regulations and are used to calculate regular and overtime pay. At the end of each pay period, the employee and their supervisor must submit the time record attesting to its accuracy, before final submission for processing.

Highway Employees: Time and equipment used must be prepared by the employee daily and submitted to the foreman.

TOBACCO FREE WORKPLACE

A tobacco-free environment helps create a safe and healthy workplace. Outagamie County recognizes the hazards caused by tobacco use and exposure to second-hand tobacco smoke. Our goal is to provide a safe and healthy workplace environment for all employees and visitors.

No use of tobacco products including, but not limited to, cigarettes, e-cigarettes, and "spit tobacco" will be allowed within the facilities of Outagamie County, and employees must abide by department vehicle policies at all times.

Smoking or tobacco use shall be permitted only during break times and in designated smoking areas located at least 20 feet outside of the building entrance.

All materials used for smoking in designated smoking areas, including cigarette butts and matches, will be extinguished and disposed of in appropriate containers.

TRAVEL

Travel regulations as set forth herein are subject to approval by the Outagamie County Board of Supervisors. Included are mileage reimbursement rates, porterage tips, moving expenses, temporary lodging allowances, meals and lodging rates and other employee travel related expenses. All travel paid or reimbursed to employees from county-administered funds must be done in compliance with these regulations, regardless of the funding source. Anticipated travel expenses are to be appropriated as part of the annual budget process.

Employees who travel are expected to exercise good judgment when incurring travel costs. An employee may be reimbursed for reasonable and necessary travel expenses actually incurred in the performance of official duties in accordance with the provisions herein. Reimbursement is generally limited to the most reasonable cost-effective transportation available.

A claimant shall not seek reimbursement for goods or services provided free of charge, not personally paid for by the claimant, reimbursed by another source, or which will be paid or reimbursed from another source. Any reimbursement which is received by the employee from another source for the same costs reimbursed by Outagamie County shall be deposited back to the county funding source which was initially charged.

Only travel expenses related to the conduct of Outagamie County business, including meetings, conferences, and other appropriate departmental activities, may be reimbursed.

See the My OC webpage http://myoc.org/departments/financial-services for additional details related to this policy.

UNPAID LEAVES OF ABSENCE

The reason for Unpaid Leaves of Absence is for the county to allow time off, flexibility for employees, or reduce county expenses by providing an opportunity for employees to voluntarily take time off without pay. Additionally, Unpaid Leaves of Absence may be required if an employee does not have any paid leave balances, as outlined below.

ELIGIBILITY

All full-time and part-time employees of Outagamie County. This leave is not to be used in lieu of Unpaid Medical Leave.

PROVISIONS

Typically, participation in the program is subject to approval of the employee's supervisor and/or department head when an employee has exhausted their paid leave balances.

Revision Date: April 2023

Requests to take unpaid time off will be reviewed on a case-by-case basis and may be granted at the sole discretion of the county, department or division.

Leave may be granted as a continuous block of time or in 7.5, 8, or part-time hour increments. Less than eight-hour increments may be allowed at the discretion of the department head.

An employee's vacation, floating holiday and compensatory time balance(s) MUST be exhausted before they can utilize an unpaid leave of absence.

If an employee is ill and does not have paid sick leave available, the employee will be required to substitute and exhaust remaining vacation, floating holiday, and/or compensatory time balance(s) before becoming eligible for unpaid time off.

If the leave is initiated by the department, the employee's current benefits (i.e.: vacation and sick leave accrual, and county sponsorship of the insurance programs for which the employee is a current participant) and status (full-time or part-time at a specific proration) will be maintained.

If unpaid leave is not initiated by the department, benefit eligible employees will be responsible to ensure they are paid enough hours within a month to maintain health and dental benefits or will be responsible for the entire portion of the benefit contribution to maintain their benefits. Unpaid Leave may also affect the proration of a part time employee as unpaid hours are not counted into proration calculations. If the leave is two (2) weeks or longer and/or may affect the employee's ability to have ten (10) times their Factor worth of pay on their timesheet in a month, the Unpaid Leave of Absence Request Form must be completed and sent to Human Resources. The form may be found on the intranet.

If an observed holiday occurs during an employee's unpaid leave, or occurs either the normally scheduled work day(s) prior to and / or normally scheduled work day(s) following an observed holiday, the employee will not receive his/her normal holiday pay for that holiday. The holiday may be paid in the case of a department initiated leave.

Employees who are receiving Short Term Disability (STD) payments from the voluntary STD insurance plan must be on an Unpaid Medical Leave, if not already on FMLA, in conjunction with the STD. Similarly, employees are not eligible to be on another leave while on an unpaid leave of absence.

The county reserves the right to rescind or modify the program with or without notice, and at its sole discretion.

PROCESS

Employees requesting an unpaid leave of absence must notify their immediate supervisor of their need for leave and the day(s) requested. If the leave request is approved and this is the first time the employee is requesting an unpaid leave of absence, the supervisor must inform the payroll department to add this pay code to the employee's self-service timesheet.

If the absence is 2 weeks or longer an Unpaid Leave of Absence Form must be completed. Instructions for completion are on the form.

The employee must record time used as Unpaid Leave of Absence as part of the time reporting process.

Revision Date: April 2023

UNPAID MEDICAL LEAVE

An employee who has exhausted or is not yet eligible for paid sick, vacation or compensatory time and who still is unable to work because of the employee's non-work related illness or injury may, upon prior written request may be granted an unpaid medical leave of absence not to exceed six (6) months by the Human Resources Director (or their designee). Such leave may be extended up to an additional six (6) months by the Human Resources Director (or their designee) upon prior written request. Where it is impossible to make a prior written request, such request shall be made as soon as possible.

Such requests shall be submitted to Human Resources and shall be accompanied by a doctor's certificate substantiating the need for such medical leave of absence. An employee granted such medical leave under this provision shall be required, at the discretion of the Human Resources Director (or their designee), to furnish the county with a medical report from their doctor for each six (6) weeks of leave.

An employee who is on an extended medical leave of absence may be placed in a similar position within one (1) year with a doctor's certificate. While the county may rely upon the determination of the employee's doctor regarding the employee's request for a leave or any extension, or for the employee's return to work, it shall have the right to obtain a second opinion from another doctor, mutually agreed upon by the employee and the county, for any extension or return to work with which a final determination will be made. If the county requires a second opinion from another doctor, the county will pay the cost of such opinion. In the event a second doctor is not mutually agreed upon, the employee and the county shall each submit three (3) doctors qualified in the area of illness or injury involved. From those six (6) doctors, five (5) names will be drawn. The parties shall then proceed to alternately strike names from that panel until a doctor is selected. The striking order shall be determined by a coin toss.

Employees on an unpaid leave of absence because of such non-work related illness or injury who are enrolled in the group health and/or dental insurance program shall be permitted to continue their participation in such programs while on such leave, under the applicable COBRA provisions. The county shall pay the county's share of the premium for any month in which a full or part time employee received pay for at least ten (10) times their Factor in a month.

Employees on an unpaid leave of absence because of such non-work related illness or injury who are enrolled in the life insurance plan can elect up to twelve (12) months of continuation by paying the group rate premium to the County Treasurer by the twenty-fifth (25th) of the month for the following month's coverage. However, for absence caused by such non-work related illness or injury, the county shall pay the life insurance premiums during the elimination period for the waiver of life premium. The cessation of this county sponsorship for the life insurance plan shall be triggered by the end of the nine (9) month time frame, employee's return to work, denial of the waiver premium by the life insurance company, or death, whichever occurs first.

Employees on Unpaid Medical Leave while receiving Short-Term Disability payments are not able to use sick leave or vacation leave balances.

Revision Date: April 2023

VACATION

Outagamie County recognizes the importance of time off from work to relax, spend time with family, and enjoy leisure activities. The county provides paid vacation time to full-time and benefit-eligible part-time employees for this purpose, and employees are encouraged to take vacation during the year. Part-time employees who are regularly scheduled to work 20 or more hours per week will be eligible for paid vacation on a pro-rated schedule.

Vacation is determined by an anniversary year system, where on the anniversary date of hire, the employee is granted a new allotment of vacation benefit. The exact allotment granted is determined by the years of continuous service, the full-time/part-time status, and the employee's continuity of service.

Vacation benefits for full-time employees are accrued at the rate of one-twelfth (1/12th) of the employee's authorized vacation for each full month of employment in the previous anniversary year. A full month of employment is any month in which an employee received pay for at least ten (10) times the employee's Factor (Full Time Factors: 8 and 7.5; Part Time Factors: As assigned by Payroll or employee's department).

Part-time employees meeting the benefits-eligibility requirements of the county receive a pro-rated portion of the vacation allotment, according to actual time worked in relation to a full-time employee with the same number of continuous years of service. Vacation hours are determined on the employee's anniversary date of hire by Financial Services, taking into account the hours paid during the twenty-six (26) pay periods immediately prior to the anniversary date.

Vacation granted upon hire within the first year of employment may be adjusted if an employee takes a new position or posting. For example, if a part time employee takes a full time posting within the initial year of hire, his or her vacation balance will be increased based on the number of months in the full-time position. Conversely, for example, if a full time employee takes a part time position within the initial year of hire, his or her vacation will be reduced based on the number of months in the part time position.

Vacation can be taken at times mutually agreed upon by the employee and their supervisor. Employees are encouraged to take their vacation in half day, full day, or full week increments. However, a department head may allow vacation time to be used in as small as fifteen (15) minute increments.

An employee who presents an acceptable medical excuse from their physician as proof of illness, and which includes the dates of the illness, may have that portion of their vacation leave converted to available sick leave.

Vacation allowances are not cumulative from year to year. However, on those occasions when an employee has not used all their vacation allotment prior to reaching their anniversary date, a maximum of five (5) days will be automatically carried over into the employee's next anniversary year. Any accumulated vacation over five (5) days will only be carried over with written approval of the department head and Human Resources. Benefit eligible part-time employees vacation

carryover will be prorated. This carry over vacation must be used prior to the employee's following anniversary.

Upon leaving in good standing from county service and following one (1) year of employment, an employee shall be paid for all unused vacation leave at the time of their leaving county employ due in the current anniversary year plus a pro-rated amount of vacation allowance due in the succeeding anniversary year, based on length of service subsequent to the employee's anniversary date. Leaving in good standing includes death and retirement and also voluntary termination, where the employee gives notice thereof at least fourteen (14) calendar days prior thereto and remains in active employment during such fourteen (14) day period, and termination caused by layoff, but it does not include discharge for disciplinary reasons. Such pro-rated amount will be computed on the employee's eligibility as of the time of termination, during the second year – pro-ration of two weeks, etc. In the event of the death of the employee, any wages and vacation payments due the employee will be made by a check issued to the employee's life insurance beneficiary, or if none is designated, to the estate of the employee. If an employee does not participate in the life insurance program, the employee may specify a beneficiary with the Human Resources Department for purposes of this Section.

Those employees who terminate in good standing, following one year of service, will be paid for earned but unused and/or accrued vacation allowance. However, if the employee terminated employment prior to completing an anniversary year of continuous service, they are not eligible for any vacation payout. Employees satisfying the service criteria will receive payment for accrued vacation allowance on a pro rata basis from the previous anniversary date to the date of termination (computed to the nearest one-quarter (1/4) month) and based on their eligibility level as of the date of termination and the provisions of the definition of "full month", above.

Retiring employees may extend their final date of retirement up to 30 days, by using unused vacation days, provided they satisfy the adequate fourteen (14) day notice provisions.

Employees who are leaving in good standing must have any vacation requests for time off during their fourteen (14) day period of notice re-approved by their department head, and cannot have vacation as their last day of pay, unless the absence was pre-approved, due to medical leave, or the result of retirement.

Employees who are on Federal Family Medical Leave will be required to use their vacation accumulation if they remain off work and have exhausted their sick leave accumulation following their choice period, unless on short-term disability.

A full-time employee's earned vacation to be taken during their anniversary year is determined as of the anniversary date of employment. Service shall be construed as full-time regular service with the county, regardless of department.

Each department head/manager/supervisor shall approve vacation in accordance with operating requirements, and insofar as possible, based upon a request of the employee.

Below is a table outlining the vacation schedule for all employees.

	Upon Hire	After three years of service	After eight years of service	After 15 years of service
ALL EMPLOYEES (excluding DSA)	Two Weeks	Three Weeks	Four Weeks	Five Weeks

VISION INSURANCE

The county offers single, employee plus one, employee plus children, and family voluntary vision insurance for those that are benefit eligible. Vision insurance is paid 100% by the employee.

Vision insurance coverage provides an opportunity for employees to save money on routine vision exams, contacts, eyeglass frames, and lenses. Additional details regarding this benefit can be found on the Human Resources webpage.

VOLUNTARY SHARED LEAVE

The Outagamie County Human Resources Department administers a County Executive initiative called Voluntary Shared Leave which allows one employee to assist another employee by donating earned vacation in case of a prolonged, life-threatening medical condition or accident which exhausts the employee's available paid leave sources, i.e. sick leave, vacation, floating holiday and compensatory time, and forces the employee to be on a leave without pay.

Because Voluntary Shared Leave is a County Executive initiative, authorizations and approvals under this program are at the sole discretion of the County Executive.

This section of the handbook describes the conditions under which an employee may be eligible to receive or donate leave, the process of application for receipt or donation of leave, and provides forms for those purposes.

Voluntary Shared Leave is intended to be used by employees with a prolonged, life threatening medical condition and one that is likely to require an employee's absence from work for a prolonged time.

Voluntary shared leave does not apply to incidental, normal, and/or short-term medical conditions or illnesses. This includes conditions such as short-term, sporadic recurrence of chronic allergies or conditions; short-term or sporadic absences due to contagious disease; or short-term, recurring medical or therapeutic treatments. These examples are illustrative only, and are not intended to be all inclusive. Each case will be examined and decided based on its conformity to policy intent.

Voluntary shared leave is not intended to circumvent the requirement of management to have duties performed, or limit management's right to deny a request for leave without pay.

RESPONSIBILITY

Human Resources responsible for coordinating this program and interacting between the employees involved, the County Executive or their designee, and Payroll staff.

GUIDELINES

Donated hours can be used while an employee is on a Family and Medical Leave or unpaid Medical Leave as described in the Employee Handbook, or Collective Bargaining Agreement. When an employee is on unpaid Medical Leave and using shared leave, the income generated by the shared leave will not disqualify the employee from eligibility for the unpaid Medical Leave.

Employees on worker's compensation are not eligible to participate in Voluntary Shared Leave as a recipient.

Employees who are receiving Short Term Disability (STD) payments from the voluntary STD insurance plan available through Outagamie County are not eligible to participate in Voluntary Shared Leave as a recipient.

Program participation is limited to 1,040 hours (prorated for part-time recipients), either continuously or, if for the same condition, on a recurring basis. Additional verification from the physician may be required. The number of hours of leave an employee can receive is equal to the projected recovery or treatment period (up to a maximum of 1,040 hours), less the employee's combined vacation and sick leave balance as of the beginning absence, including Family and Medical Leave.

The employee must exhaust all available vacation, sick leave, floating holiday, and compensatory time (comp time) before using any donated shared leave.

Shared leave ends when the employee returns to work, even for a part of the employee's regular shift. In the event that there is a balance of donated leave when the employee returns to work, the donated leave will be returned to the donator(s) in reverse order of the date the donation was received in Human Resources.

The establishment of a leave bank for use by unnamed employees is prohibited. Leave must be donated on a one-to-one personal basis.

An employee may not directly or indirectly make any attempt to intimidate, threaten, or coerce any other employee for the purpose of soliciting leave. Such action is considered a personal conduct issue and subject to disciplinary action, including dismissal.

All information from the applicant and the donator will be kept strictly confidential, including the identity of the donator. In the event the applicant wishes to divulge any information, medical or otherwise, they may do so. However, there will be no release of information by Outagamie County, Human Resources, or Payroll, with the exception of a short announcement if the recipient grants permission to disclose their information.

ELIGIBILITY

Any county employee who is eligible to accrue vacation may participate in this program and may apply to receive leave donations at any time when faced with a prolonged, life threatening medical condition.

Revision Date: April 2023

A prolonged, life-threatening medical condition is one which has already or is likely to require an employee's absence from work for a prolonged period. A prolonged period is generally considered to be at least twenty (20) consecutive work days.

An exemption to the twenty (20) day requirement may be made if the employee has had previous, random, and excessive absences for the same condition as that for which shared leave is currently being requested; or if the employee has had a different but prolonged, life-threatening medical condition within the past twelve (12) months.

PROCESS

An eligible employee may apply to receive shared leave by submitting a completed Application to Receive Voluntary Shared Leave form to the Human Resources Department.

Only those applicants who currently have a zero balance in all paid leave accounts, i.e. sick leave, vacation, compensatory time, and floating holiday, will be considered.

The employee requesting the shared leave must provide a physician's statement describing the specific nature of the medical condition, prognosis, and the estimated recovery or treatment time. To do this, the employee can either attach such certification to the application form, or, in the event the employee is currently on Family and Medical Leave, they can choose to use the Health Care Provider Certification that justified that leave, so long as the date of the Family and Medical Leave Certification is within twelve weeks of the date of the Voluntary Shared Leave application. If an employee has used all of their Family and Medical Leave and is now applying for or is currently receiving unpaid Medical Leave, they must once again provide a certification from their physician justifying the need for the continued absence.

Human Resources will research the requesting employee's attendance history, provide information as to paid leave balances; and present the application form to the County Executive or their designee who will approve or deny the request.

The employee requesting the shared leave will be informed by Human Resources as to the results of the approval process.

DONATION PROCESS

Any eligible employee, i.e. one who currently has earned vacation in their vacation account, can donate vacation leave to another eligible employee. Attempts to donate sick leave, compensatory time or floating holidays will not be approved.

An employee may donate shared leave by submitting a completed Voluntary Shared Leave Donation form to the Human Resources Department.

An employee may not donate more than his/her available earned vacation amount.

The minimum allowable donation must be equal to the donator's full workday increments, whether in eight (8) hour, seven and one-half (7.5) hour, or prorated (part-time) blocks.

A full-time employee's donated hours, whether eight (8) hour or seven and one-half (7½) hour blocks, will be received by the full-time applicant in that same increment. That is, if an employee who normally works a seven and one-half (7½) hour day donates a day to an applicant who normally works an eight (8) hour day, the donation will be credited as seven and one-half (7½)

hours. Likewise, if an eight (8) hour employee donates a day, it will be received by the seven and one-half (7½) hour recipient as eight (8) hours. In the event a part-time employee donates one of their regular days, for example a four (4) hour day, to a full-time employee, that recipient will receive four (4) hours. In the event a full-time employee donates an eight (8) hour day to a part-time employee, the part-time recipient will receive eight (8) hours. At no time will a recipient be paid for more than the number of hours they normally work. In all cases, donations will be credited to the first day the recipient has been unpaid. For example, if the recipient had unpaid days beginning June 2nd, and on July 10th they received a donation of one (1) day, that donation would be paid out on the current check cycle but credited to June 2nd.

Human Resources will confirm that an employee who wishes to donate earned vacation actually has the vacation, will coordinate the donation with Payroll, and will inform the employee that their donation has been accepted or rejected.

DISCLAIMER

The Voluntary Shared Leave Program is an initiative of the County Executive and may be continued or discontinued at any time and without recourse by the participants in this Program.

The form to request Voluntary Shared Leave can obtained from Human Resources.

VOLUNTEERS

Outagamie County recognizes the value of the contributions made by volunteers to the community and in support of county programs. However, volunteers also expose the county to potential risk and liability. Proactive risk management efforts can control and minimize liability exposures and help ensure that the use of volunteers is a positive experience for the volunteers, Outagamie County and its residents.

This section of the handbook sets forth minimum requirements for the use of volunteers in support of county objectives. Due to the nature of various volunteer programs throughout the county, additional steps, training or safeguards may be prudent or required and are not limited by this section.

A volunteer of Outagamie County is defined as an individual recognized and authorized by Outagamie County or one of its officials, agents or employees to perform services on behalf of Outagamie County without receipt of salary or compensation other than expense reimbursement.

RESPONSIBILITY

It is the responsibility of the management staff of each department utilizing volunteers to ensure the provisions of this section of the handbook are followed and that any additional steps, training or safeguards which would minimize exposure to liability are instituted.

The Human Resources Department, Risk Administrator, Corporation Counsel and other departments are available as needed to assist with evaluation of technical issues associated with the operation of the volunteer programs.

Revision Date: April 2023

INSURANCE COVERAGES

General Liability. The county's general liability insurance policy provides that any expressly authorized volunteer of the county, while acting within the scope of their volunteer service, is covered by the policy, subject to its terms, conditions and exclusions.

If a volunteer's actions cause physical injury or property damage to another and the injured party files a claim against or sues the volunteer, the county or its insurer will defend the volunteer and be responsible for any financial judgment incurred, provided that the volunteer was acting within the scope of their responsibilities, gives notice of the claim to the county and cooperates in the defense or litigation.

Automobile Liability. The county's automobile liability insurance policy states that anyone operating a county owned vehicle with the permission of the county, or their personal vehicle while conducting county business, is an insured subject to policy terms, conditions and exclusions. However, when using a personal vehicle, the county's automobile liability coverage is secondary, or excess, over any other insurance available to the volunteer. Volunteers who use their own vehicle to conduct county business should confirm with their insurance provider that there is coverage for such use. The county does not provide any physical damage coverage for the volunteer's personal vehicle.

For any volunteer that is likely to drive in the course of their service, the Department is required to obtain and maintain on file a Certificate of Insurance or Insurance Identification Card that verifies automobile insurance coverage at least equal to the Wisconsin minimums. The Department will also obtain evidence of continued coverage if the volunteer's insurance expires during the term of service with the county. State minimums are listed on the Risk Administration website under the "Insurance Info" tab.

Volunteer Accident Policy. The county provides accident insurance to all volunteers which covers medical, dismemberment and death benefits to a maximum of $25,000 per occurrence along with a $1,000 dental benefit. These benefits are payable for an injury sustained while on the county premises and participating in authorized volunteer work or while traveling in connection with volunteer activities while under direct supervision of the county. The county does not provide any coverage for loss of income, permanent disability or other non-monetary damages or injuries.

Reporting. Volunteers must report all incidents/accidents related to their volunteer service to their supervisor as soon as possible and complete a Volunteer Report of Injury or Accident (Addendum 3) which must be forwarded to the Risk Administrator within 48 hours. Verbal notification to the Risk Administrator should be made as soon as possible.

MINIMUM PROCEDURAL REQUIREMENTS

All volunteer candidates should be screened and interviewed based on interests and suitability for the responsibilities of the assignment by the supervising department. References should be obtained, documented and retained.

Basic information will be collected and maintained by the supervising department or agency for all individuals retained as volunteers prior to the provision of any services on behalf of the county. The basic information will include: Name, Telephone Number, Address and Date of Application.

An Outagamie County Volunteer Information Form is attached (Addendum 1). Use of this particular form is optional. Based on the nature of the volunteer assignment, additional information may be required.

Criminal Background Investigations will be required for volunteers who are assigned tasks in which there will be unsupervised interaction with clients and/or where the handling of money or sensitive information is involved. The Human Resources Department will pay for Criminal Background Checks and will assist with processing the checks as necessary. Any questionable information obtained in a background check should be discussed with the Human Resources Department or Risk Administrator.

Motor Vehicle Operations Checks are required for all volunteers whose responsibilities will include driving any vehicle (county or personal) in the fulfillment of their assignments. Any check that reveals an infraction within the past 3 years must be reviewed with the Risk Administrator. Details for completing Motor Vehicle Operations Checks can be found on the Risk Administration website under the "Insurance Info" tab.

The supervising department or agency will provide all volunteers with a written description of their responsibilities and duties and should include at a minimum: volunteer title, supervisor or point of contact, objective of the position, duties of the position, and requirements necessary to perform the duties. The supervising department or agency will control the time and activities of the volunteer and maintain records which will, at a minimum, indicate the beginning and end of volunteer service for each individual.

All volunteers should receive basic training on how to carry out their responsibilities. Based on the complexity and responsibility of the assignment, instruction will vary from an informal orientation to a formalized training program. Training will include safety issues and incident reporting information.

It will be the responsibility of the supervising department or agency to monitor the performance of volunteers and ensure that volunteers are performing up to standards and in the best interests of the county. Those not performing up to expectations will be relieved of their responsibilities.

RECORDS RETENTION

Records of each volunteer's basic information, begin and end dates, and any other pertinent information will be retained by the supervising department or agency for a period of seven years. In the event a juvenile is retained as a volunteer, those records will be kept for a period of seven years from the date the individual reaches the age of majority (18).

A copy of the Volunteer Form can be obtained from Human Resources.

WHISTLEBLOWER PROTECTIONS

A whistleblower as defined by this policy is an employee of Outagamie County who reports an activity that they consider to be illegal or dishonest to one or more of the parties specified in this

Policy. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate management officials are charged with these responsibilities.

Examples of illegal or dishonest activities include but are not limited to violations of federal, state or local laws; billing for services not performed or for goods not delivered; and other fraudulent financial reporting.

If an employee has knowledge of or a concern of illegal or dishonest fraudulent activity, the employee is to contact the Human Resources Director or their designee. The employee must exercise sound judgment to avoid baseless allegations. An employee who intentionally files a false report of wrongdoing will be subject to discipline up to and including termination.

Whistleblower protections are provided in two important areas – confidentiality, and anti-retaliation. Insofar as possible, the confidentiality of the whistleblower will be maintained. However, identity may have to be disclosed to conduct a thorough investigation, to comply with the law and to provide accused individuals their legal rights of defense. Outagamie County will not retaliate against a whistleblower. This includes, but is not limited to, protection from retaliation in the form of an adverse employment action such as termination, compensation decreases, or poor work assignments and threats of physical harm. Any whistleblower who believes they are being retaliated against must contact the Human Resources Director immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.

In the event that such a report requires disclosures of trade secrets, the DTSA provides for immunity to the employee for certain disclosures of trade secrets.

Pursuant to 18USC1893(3) and Wis. Stat. § 134.90(1)(c), the term "trade secret" means all forms and types of financial, business, scientific, technical, economic, or engineering information, including patterns, plans, compilations, program devices, formulas, designs, prototypes, methods, techniques, processes, procedures, programs, or codes, whether tangible or intangible, and whether or how stored, compiled, or memorialized physically, electronically, graphically, photographically, or in writing if— (A)the owner thereof has taken reasonable measures to keep such information secret; and (B)the information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable through proper means by, another person who can obtain economic value from the disclosure or use of the information.

Defend Trade Secrets Act (DTSA) Compliance: "Immunity from Liability for Confidential Disclosure of a Trade Secret to the Government or in a Court Filing:

(1) Immunity—An individual shall not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that—(A) is made—(i) in confidence to a federal, state or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law; or (B) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

(2) Use of Trade Secret Information in Anti Retaliation Lawsuit An individual who files a lawsuit for retaliation by an employer for reporting a suspected violation of law may disclose the trade secret to the attorney of the individual and use the trade secret information in the court proceeding, if

the individual—(A) files any document containing the trade secret under seal; and (B) does not disclose the trade secret, except pursuant to court order."

WISCONSIN RETIREMENT SYSTEM

Employees expected to work 1200 hours and at least one year are eligible to participate in the Wisconsin Retirement System (WRS) as administered by Employee Trust Fund (ETF). This State-administered program covers employees from the first day in a qualifying position; however, employees hired on or after July 1, 2011 will be subject to a five (5) year vesting requirement.

The retirement plan consists of two parts: an employee-required portion and an employer-required portion. Outagamie County pays the employer portion, and employees are responsible for paying the employee-required portion. However, Sheriff's Department protective status management staff hired prior to July 1, 2011 will have the same Wisconsin Retirement System contribution arrangement as the Deputy Sheriff's Association. Contribution rates are determined by the Trust Funds Board and are subject to change.

A separation benefit from the Wisconsin Retirement Fund can be taken upon termination of employment. The termination must occur any time prior to age 55 for general category employees, or if over 55, a separation benefit would be available to participants who are not vested. A separation benefit is a lump sum withdrawal of the employee contribution balance which will include all employee contributions (whether deducted from the employee's salary or paid on the employee's behalf by the county) plus accumulated interest. The employer-required contributions are forfeited.

On retirement, employees vested in the Wisconsin Retirement System can apply for a lifetime monthly annuity based on the plan's available formula calculation or other options as allowed by ETF. Employees severing their employment status with the county should contact the Human Resources Department to obtain the applicable forms and information regarding their retirement account. Retiring employees are encouraged to contact ETF at least six (6) months in advance of their anticipated retirement date.

WORK WEEK AND HOURS

Outagamie County maintains work hours which are compatible with state law, departmental functions, and the maintenance of effective work schedules. The county reserves the right to modify the normal schedule of hours.

Each payroll period is two weeks long, beginning on a Sunday and ending on a Saturday, and is known as a bi-weekly payroll, with the exception of certain Highway employees who are on a semi-monthly schedule. Payday for most county employees is every other Friday.

Revision Date: April 2023

With the exception of Section 7(k) Sheriff Department employees, the normal work day for regular full-time employees shall generally be 7.5 - 8 hours and a normal work week shall generally be 37.5 - 40 hours. Employees on a 37.5 hour work week schedule shall be compensated at straight-time pay for all hours worked between thirty-seven and one-half (37.5) and forty (40) hours per week.

Brewster Village: Full-time regular Brewster Village employees shall work a normal day of eight (8) hours and a normal work period of forty (40) hours or eighty (80) hours, depending on assignment. Brewster Village nursing staff will receive a shift differential as defined on the wage schedule. The work schedule will be posted at least two (2) pay periods in advance and posted on the respective neighborhoods. In the event of a layoff, the work schedule shall be made two (2) weeks in advance of the effective date of the layoff and posted on the respective neighborhoods. Any deviation from this schedule, if requested by an employee, shall be the responsibility of the employee to have someone to work in their place as long as it does not involve overtime pay. Exceptions may be made in cases of illness, bereavement leave, or vacation.

Sheriff's Department: The normal work week for full-time employees classified as Telecommunicator, Correctional Officer, and Jail Operations Assistant will typically be 5 on – 2 off, 5 on – 3 off, and the normal work day for such employees shall consist of an eight and one-third (8.20) hour shift. Shifts for Communication Center Personnel and Jail Operations Assistants shall be assigned as determined by the county. Other assignments to the various shifts may be made by the county as needed.

WORKER'S COMPENSATION

It is the policy of the Outagamie County to provide a workers' compensation program at no cost to employees. This program covers any injury or illness sustained in the course of employment.

Workers' compensation is a "no-fault" system that provides compensation for reasonable medical expenses and wage losses to employees who are injured or who become ill because of employment.

Outagamie County has self-funded workers' compensation insurance with a third-party claims administrator. The insurance provides coverage for related medical and rehabilitation expenses and a portion of lost wages to employees who sustain an injury on the job. Worker's Compensation begins on the employee's first day of work.

The County abides by all applicable state workers' compensation laws and regulations.

If an employee sustains a job-related injury or illness, the employee is required to notify the Supervisor and/or Risk Administration. The employee will complete and sign an Injury Report. The Supervisor will also complete an injury report and return both the employee's and their form to the Risk Administrator who will file the claim. In cases of true medical emergencies, the employee should report to the nearest emergency room and notify his or her supervisor as soon as possible.

In the case of serious work-related injury which requires the employee to leave work to seek medical attention on the date of the injury, a full day's pay will be allowed for the first day, regardless of what time of day the injury was sustained after the official starting time. Per Wisconsin

statutes, Chapter 102, if an employee misses work due to a work injury (or work illness), workers' compensation will pay up to two-thirds of the employee's gross average weekly wage. A three-day waiting period may apply. To receive any wage benefit, missed time must be authorized by the employee's treating physician.

No employee will be allowed to take sick leave for an occupational injury except as cited above, as per ruling of the Wisconsin Division of Workers' Compensation. Compensation is always paid on legal holidays falling on a work day, and when an employee is off work due to an injury over a holiday, they cannot receive holiday pay from the County. Compensation is figured at six (6) days per week.

If an employee returns to work after an injury and they have to go back to their doctor for treatment or checkup, such time can be charged to sick leave. If any employee is off from work at the close of the year because of occupational injury and still has unused vacation time, such time can be taken in the following year, with authorization from the Administrator.

During the time an employee is receiving temporary-total Worker's Compensation benefits, the County will continue paying its share of the Health Insurance premium, for a maximum of twelve (12) months.

Worker's Compensation Differential Pay for Correctional Officers, Telecommunicators, Process Servers, Operations Assistants & Records Specialists (former OCJCA employee group): In the event a full time employee becomes entitled to and receives Worker's Compensation payments for temporary-total or temporary-partial disability under Chapter 102 of Wisconsin Statutes, the employee's Worker's Compensation payments will be supplemented so that the employee will receive eighty percent (80%) of their full salary during said period up to a maximum of twenty-six (26) calendar weeks from the date of the original injury or illness. This shall be accomplished by the County paying the employee the difference between the employee's Worker's Compensation check and the employee's normal salary for the period covered by said Worker's Compensation check. For purposes of this paragraph only, an employee shall be considered as entitled to Worker's Compensation payments for temporary-total or temporary-partial disability during the first three (3) days of any illness or injury, notwithstanding the provisions of Chapter 102 of Wisconsin Statutes. Part time employees in these positions do not qualify for this differential pay.

Workers' compensation benefits (paid or unpaid) will run concurrently with the Family and Medical Leave Act, if applicable, and where permitted by state and federal law.

Information on how to report an injury can be found on the Risk Administration webpage http://myoc.org/home/showpublisheddocument/4646/638047862218330000

GLOSSARY OF TERMS

The following definitions are in alphabetical order and are presented here as resources for your use as you use the handbook.

Active Employment: Performing actual work for the county for which the employee receives pay.

Adjusted Date of Hire: A date used as a starting point to track such things as time in grade.

Allocation: The assignment of a position to a class.

Anniversary Date: The date an employee begins county employment. Also known as "Date of Hire".

Board: The Outagamie County Board of Supervisors.

Class: One or more positions which are sufficiently alike in duties and responsibilities to warrant using the same title, similar qualifications, selection processes and the same pay range.

Class Specification: A written description of a class containing the class title, a general statement of the duties and responsibilities, examples of typical duties performed, and minimum qualifications required.

Class Title: The official designation or name of the class as stated in the class specification. The class title shall be used on all personnel records and other official personnel actions.

Classification Plan: The sum total of all job class specifications in the county service and a system showing salary and classification relationships.

Compensatory Time: The hours absent from duty granted to compensate for authorized overtime worked.

Continuous Service: The total length of employment with the county without break or interruption.

Demotion: The assignment of an employee from one class to another class with a lower pay range.

Department: A unit of government having a separate operational budget, usually reporting directly to the County Executive.

Department Head: A county official with the responsibility for the operation of a county department and that department's budget.

Disciplinary Action: The action taken to discipline an employee for cause which may include any action from a verbal reprimand up to and including discharge.

Effective Date: The date at the beginning of a payroll period on or following the eligibility date for which a change in pay is to be implemented.

Eligible: A person certified as meeting the training, experience, and skill requirements and as successfully completing all parts of the selection process when formal selection devices are used.

Eligibility Date: The date an employee becomes eligible for benefits and/or change in salary.

Eligibility List: A list of persons eligible to fill positions in a particular job class.

Emergency Appointment: An appointment not to exceed thirty calendar days which may be made in case of unforeseen emergency and when necessary to prevent impairment of county service.

Employee: An individual who is employed by the county and is paid in part or whole through the county payroll. This specifically excludes leased, employment agency and independent contractors.

Employee Complaint: A formal employee complaint regarding alleged poor working conditions, unjust application of discipline, or unfair application or violation of the personnel rules and regulations of the county or the department for which the employee works.

Entrance Pay Rate: The rate at which an individual not currently on the payroll will normally be paid upon joining the county service.

Full Month of Service: Minimum of ten (10) times an employee's Factor (Full Time Factors: 8 and 7.5; Part Time Factors: As assigned by Payroll or employee's department); 10 is derived from 10 days of service in a month.

Immediate Family: Includes spouse, child, parent, brother, sister, mother-in-law, father-in-law, sister-in-law, brother-in-law, daughter-in-law, son-in-law, grandparent, stepparent, stepchild, stepbrother, or stepsister.

Jurisdictional Committee: That committee established by the County Board to be the policy and budget oversight committee for a particular department.

Layoff: The involuntary separation of an employee because of lack of work, lack of funds, or the abolishment of a position.

Leave: An authorized absence from regularly scheduled work hours which has been approved by proper authority.

Overtime: Time an employee is directed and authorized to work in excess of forty (40) hours in one work week, or other hours as determined by Federal or State law for applicable law enforcement or Brewster Village staff.

Pay Plan: A schedule of pay ranges for all classes of positions in the county service.

Revision Date: April 2023

Pay Range: The minimum and maximum rates of pay established for each class of positions.

Position: A grouping of duties and responsibilities to be performed by an employee. A position may be filled or vacant, full-time or part-time, regular or temporary.

Promotion: The assignment of an employee from one class to another class with a higher pay range.

Reclassification: The reassignment of a position from one class to another to recognize a change in the duties and responsibilities of a position or to correct an error in the original assignment.

Reinstatement: The action by which a former employee may be reinstated to a position with pay and/or fringe benefits comparable to that received at the time of separation or as may be appropriate at the time.

Reprimand: A written notice to an employee that the supervisor believes a deficiency exists in the employee's work performance or conduct and improvement is needed, which is filed in the employee's Human Resources Department personnel file.

Supervisor: The person responsible for the assignment, direction and evaluation of the work of another employee.

Termination: The removal of an employee from the payroll for voluntary, or involuntary reasons, including dismissal, resignation, retirement, or death.

Transfer: The assignment of an employee from one position to another in the same class or to a class with the same pay range.

Vacancy: A duly created position which is not occupied and for which funds have been provided.

Outagamie County 5-9-23 County Board Meeting - May 9 2023 08:03:23 PM

May 9, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 15—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County works in partnership with the State of Wisconsin to provide important services to our constituents such as roads, public safety, conservation, and human services. The County has implemented many efforts to improve efficiency, effectiveness, and fees for services. However, the lack of increase in State funding is seriously impacting the level of service provided to our constituents and is putting more and more financial burden on the property tax levy. Many programs have not realized increases despite the effects of inflation. According to the United States inflation rate, $100,000 in year 2003 will need to be increased to $164,041.30 in year 2023 to maintain purchasing power.

This resolution respectfully requests that the State of Wisconsin provide regular revenue increases for mandated county programs at the rate of inflation. State levy limits will keep funding gaps from being shifted onto property taxpayers. However, a lack of inflationary increases in mandated programs will result in programs being cut back, poorly administered, and longer wait lists. This will continue to increase public cynicism in government efficiency.

The Shared Revenue program operated by the State is one program that is neglected from year to year. In 1993, the State program shared $900 million with local governments. Thirty years later, inflation would bring that amount to $1.879 billion. Instead, the program has been cut to $830 million. According to the Legislative Fiscal Bureau, in January 2023, Outagamie County only received $1,517,985 in County and Municipal Aid or Shared Revenue. With the County having a population of 192,938, this results in a per capita amount of $7.87. Citizens of Outagamie County are not being treated fairly. Other counties received higher per capita amounts of up to $101.93.

In 1993, when the State shared $900 million with local governments, the State income tax revenue was $3.45 billion. In 2021, when the State shared $830 million, the State income tax revenue was $9.28 billion.

Due to State imposed levy limits, quality of programs operated by the County is now in the sole control of the State government. The County Board urges the State to provide improved funding in order to maintain programs operated by the County for the benefit of Wisconsin residents.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby respectfully request that the State of Wisconsin provide regular revenue increases for mandated county programs at the rate of inflation in order to maintain programs operated by the County for the benefit of Wisconsin residents, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does respectfully request that the Shared Revenue program be increased in order to provide additional state aid to local governments, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Wisconsin Counties Association and the Outagamie County Lobbyist for distribution to the State Senators and State Representatives representing Outagamie County and the Governor of the State of Wisconsin.

Dated this 9th day of May 2023

Respectfully submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Curt Konetzke

Sara MacDonald

Ryan Ferguson

I, Jeffrey L. King, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the May 9, 2023 County Board Minutes approved by a majority vote at a meeting of the County Board on May 9, 2023 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 9th day of May, 2023

/s/ Jeffrey L. King
County Clerk

Please call the Outagamie County Clerk's Office (832-5077) if you would like further elaboration of these minutes.

RUN: June 9, 2023

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, May 23, 2023.

The Board met pursuant to adjournment, and was called to order by Chairperson Nooyen at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 30 present, 6 absent. Members present: Thompson, Miller, Smith, Patience, Gabrielson, Konetzke, Hammen, Lawrence, Krueger, Lamers, Ferguson, Hermes, MacDonald, Schroeder, Spears, Cooke, Santonato, Cuff, Hagen, Thiede, Nooyen, Weinberg, Culbertson, Winterfeldt, Nejedlo, Clegg, Thyssen, Rettler, Koury, and Lautenschlager. Members Absent: McCabe, Wegand, Croatt, Klemp, Monfils, VanderHeiden

The Board Chairperson requested the Board's confirmation to excuse Supervisors McCabe, Wegand, Croatt, Klemp, Monfils, and VanderHeiden. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Nooyen.

MINUTES OF THE MAY 9, 2023 COUNTY BOARD MEETING
Supervisor Weinberg moved, seconded by Supervisor Patience, to approve the minutes of the May 9, 2023, County Board meeting.

ROLL CALL: 25 yes, 3 no (MacDonald, Thiede, Winterfeldt), 2 abstain (Smith, Spears), 6 absent. MINUTES OF THE MAY 9, 2023, BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS – None.

ESTABLISH ORDER OF THE DAY

Chairperson Nooyen reported the request to have Resolution Nos. 16, 17, 18, 20 and 24—2023-24 locked in at the meeting.

Chairperson Nooyen asked for unanimous consent to handle reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

COMMUNICATIONS –

COMMUNICATION REFERRAL LIST

May 23, 2023 County Board Meeting

No.	Adopted Date	Received From	Subject	Referred To
1	05/03/2023	Vernon County	Resolution #2023-33 Revise Current Real Estate Transfer Fees	Resolution No.: 14-2022-23
2	05/15/2023	Jackson County	Resolution No. 19-05-2023 Request State to Revise the Current Real Estate Transfer Fee Revenue Sharing Formula	Resolution No.: 14-2022-23
3	04/18/2023	Lincoln County	Resolution 2023-04-27 Resolution Requesting the State Revise the Current Real Estate Transfer Fees Revenue Sharing Formula	Resolution No.: 14-2022-23

Chairperson Nooyen summarized the following communications:

- The County Executive's Report is in Drop Box.
- There is still one supervisor that needs to complete the March IT training sessions.
- There are eighteen supervisors that need to complete the May IT training sessions. Links were emailed on May 15th and need to be completed by the end of May.
- Chairperson Nooyen stated that there is no agenda item regarding Supervisor Hermes' comments from the last meeting, therefore there would not be any public comment allowed in regards to that topic since it is not an agenda item.
- Corporation Counsel Sargent shared his legal opinion on previous comments from Supervisor Hermes.
- County Board Chair Nooyen presented an award of dedication and service to Craig Moser, who will be leaving Outagamie County to be the Deputy Director of East Central Regional Planning Association.

PUBLIC PARTICIPATION FOR A PERIOD OF FIFTEEN MINUTES (PERTINENT TO THE RESOLUTIONS OF THE DAY) – None.

Chairperson Nooyen called for a recess at 7:23 p.m.

The County Board resumed the meeting at 8:10 p.m.

APPOINTMENTS—None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

May 23, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 24—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

A Notice of Injury and Claim for Damages was filed on September 26, 2022 by The Jeff Scott Olson Law Firm representing Mr. Navtej Bhandari in the Outagamie County Clerk's Office. An itemized claim for relief was filed on February 21, 2023 by The Jeff Scott Olson Law Firm representing Mr. Navtej Bhandari. Upon review of this matter by Wisconsin Municipal Mutual Insurance Company and the Finance Committee, a recommendation was made that the claim be disallowed.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does disallow the claim submitted by The Jeff Scott Olson Law Firm representing Mr. Navtej Bhandari that has been placed on file in the office of the Outagamie County Clerk and that no action of this claim may be brought against Outagamie County or any of its officers, officials, agents, or employees after six months from the date of service of this notice, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to The Jeff Scott Olson Law Firm, 1025 Quinn Dr., #500, Waunakee, WI 53597 by certified mail, return receipt requested as a notice of disallowance, Wisconsin Municipal Mutual Insurance Company, 4781 Hayes Road, Suite 201, Madison, WI 53704, the Outagamie County Corporation Counsel, and the Outagamie County Risk Administrator.

Dated this 23rd day of May 2023

Respectfully Submitted,

FINANCE COMMITTEE

Nadine Miller

Chris Croatt

May 23, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 16—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***3/4 MAJORITY – 27 VOTES***

Pursuant to §59.52(29)(a) Wis. Stats., all public work, including any contract for the construction, repair, remodeling or improvement of any public work, building, or furnishing of supplies or material of any kind where the estimated cost of such work will exceed $25,000 shall be let by contract to the lowest responsible bidder. However, the county board may, by a three-fourths vote, provide that any class of public work or any part thereof may be done directly by the county without submitting the same for bids.

It has been determined that it is most cost effective to utilize the Outagamie County Highway Department to complete various paving, earthwork and site prep projects in 2023 for internal county departments given the current bidding environment and scheduling challenges. These may include, but are not limited to, the following projects:

- Parks – Plamann Park paving and related work. Estimated cost of $3.3 million with sufficient funding currently budgeted in 2023.
- Appleton International Airport – There are various paving, earthwork and site prep items within the Airport CIP in 2023 that the Highway Department could complete ranging from $1.5 - $2.5 million in total. These projects are budgeted in 2023 and sufficient funding is available.

The Outagamie County Highway Department is able to complete the work due to budgeting annually for other internal county department work. Therefore, this request is for approval by the County Board to allow internal county departments to utilize the Outagamie County Highway Department to complete these and any other 2023 internal projects the Highway Department is able to complete within their annual work plan. At this time, no budget adjustment is required as there is an allocation of cost and related revenues for internal county work included in the 2023 budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does allow the Outagamie County Highway Department to perform paving and related work at Plamann Park; various paving, earthwork and site prep items at the Appleton International Airport; and other work for internal Outagamie County departments in calendar year 2023 when deemed cost effective and beneficial to county operations without requesting bids on projects that will exceed $25,000 with no budget adjustment needed as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director, the Outagamie County Parks Director, the Outagamie County Highway Commissioner, the Appleton International Airport Director, and the Outagamie County Executive.

Dated this 23rd day of May 2023.

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION AND ECONOMIC DEVELOPMENT COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request approval to utilize Outagamie County Highway Department for internal county department paving and other earthwork & site prep projects in calendar year 2023.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

It has been determined that it is most cost effective to utilize the Outagamie County Highway Department to complete various paving, earthwork and site prep projects in 2023 for internal county departments given the current bidding environment and scheduling challenges. These may include, but are not limited to, the following projects:

1) Parks – Plamann Park paving and related work. Estimated cost of $3.3M with sufficient funding currently budgeted in 2023.
2) Airport – There are various paving, earthwork and site prep items within the Airport CIP in 2023 that Highway could complete ranging from $1.5 - $2.5M, in total. These projects are budgeted in 2023 and sufficient funding is available.

The Highway Department is able to complete the work due to budgeting annually for other internal county department work. Therefore, this request is for approval by the County Board to allow internal county departments to utilize the Outagamie County Highway Department to complete these and any other 2023 internal projects the Highway Department is able to complete within their annual work plan. At this time, no budget adjustment is required as there is an allocation of cost and related revenues for internal county work included in the 2023 budget.

May 23, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 17—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

INITIAL RESOLUTION APPROVING
REVENUE BOND FINANCING FOR BUG TUSSEL 1, LLC,
BUG TUSSEL 2, LLC OR A RELATED LIMITED LIABILITY ENTITY

INTENT & SYNOPSIS: To provide approval of an Initial Resolution of Outagamie County to participate with other counties in accordance with an Intergovernmental Agreement pursuant to which Fond du Lac County, Wisconsin will serve as the conduit bond issuer for Revenue Bond Financing for Bug Tussel 1, LLC, Bug Tussel 2, LLC, or a related limited liability entity to be formed to finance a project for acquisition, construction and installation of certain telecommunications infrastructure, for the purpose of providing wireless internet and telephone communication services to businesses, governmental units and residents of rural communities where such service is currently unavailable or prohibitively expensive (the "Project"), which includes Project costs located in Outagamie County in an amount not to exceed $24,000,000.

FISCAL NOTE: None.

Section 66.1103 of the Wisconsin Statutes (the "Act") authorizes municipalities to authorize the issuance and sale of bonds to construct, equip, re-equip, acquire by gift, lease or purchase, install, reconstruct, rebuild, rehabilitate, improve, supplement, replace, maintain, repair, enlarge, extend or remodel industrial projects.

Bug Tussel 1, LLC, a Wisconsin limited liability company, Bug Tussel 2, LLC, a Wisconsin limited liability entity yet to be created, or a related limited liability entity to be formed, and/or one or more of its affiliates (including, without limitation, Bug Tussel Wireless, LLC, Hilbert Communications, LLC and Cloud 1, LLC) (the "Company"), whether existing on the date hereof or to be formed and whether owned directly or indirectly by the Company, desires to finance a project consisting of the acquisition, construction and installation of certain telecommunications infrastructure that includes, among other things (i) acquisition of tower sites by purchase or lease of land and equipping such sites with towers and electronics to provide broadband, high speed cellular, emergency communications and point to point (P2P) data communications; (ii) constructing fiberoptic data transmission facilities (cable and electronics) between towers, key community facilities, businesses and residential aggregation points; (iii) where appropriate, connecting individual premises into the broadband network including the cost of Consumer Premise Equipment (CPE); (iv) payment of capitalized interest; (v) funding of a debt service reserve fund; (vi) payment of such project costs located in Outagamie County in an amount not to exceed $24,000,000; and (vii) payment of professional fees (collectively, the "Project"), all of which will be for the purpose of providing wireless internet and telephone communications services to businesses, governmental units and residents of rural communities where such service is currently unavailable or is prohibitively expensive.

Outagamie County, Wisconsin is a political subdivision of the State within whose boundaries a portion of the Project is located.

Pursuant to Sections 66.1103 and 66.0301 of the Wisconsin Statutes, individual counties or two or more counties, each a "Participating County", acting pursuant to an Intergovernmental Agreement may serve as the conduit issuer for such financing.

Fond du Lac County, Wisconsin (the "Issuing County") acting pursuant to intergovernmental powers adopted an initial resolution on August 17, 2021 (the "2021 Authorization") to authorize the issuance of taxable or tax-exempt revenue bonds to be issued in one or more series in an aggregate principal amount not to exceed $240,000,000 and (i) the Issuing County has heretofore on December 16, 2021, issued the first tranche of conduit revenue bonds to finance a portion of the multi-jurisdictional Project, in the aggregate amount of $70,000,000, (ii) the Issuing County has heretofore on August 16, 2022, issued the second tranche of conduit revenue bonds to finance a portion of the multi-jurisdictional Project, in the aggregate amount of $92,900,000, and (iii) the Issuing County has authority under the 2021 Authorization to issue the remaining $77,100,000 aggregate principal of conduit revenue bonds to finance a portion of the multi-jurisdictional Project (the "Third Tranche").

It is yet to be determined if the Project located in Outagamie County in an amount not to exceed $24,000,000 will (i) be included in the Third Tranche as part of the 2021 Authorization or (ii) be included in a new taxable bond issue pursuant to a new initial resolution to be adopted by the Issuing County on such date yet to be determined which would authorize the issuance of additional taxable or tax-exempt revenue bonds to be issued in one or more series in an aggregate principal amount not to exceed $240,000,000 to finance a portion of the multi-jurisdictional Project (the "New Bond Issue").

Section 66.1103(3)(f) of the Wisconsin Statutes provides that a municipality also may finance an industrial project which is located entirely outside the geographic limits of the municipality, but only if the revenue agreement for the project also relates to another project of the same eligible participant, part of which is located within the geographic limits of the municipality.

The Project includes necessary infrastructure for essential services by and for Outagamie County and local units of government in Outagamie County and is in furtherance of the public purposes set forth in the Act.

The proposed Project is a multi-jurisdictional project which is located in multiple counties to be identified, and the Company has requested that each of the Participating Counties approve an initial resolution (the "Initial Resolution") providing for the financing of the Project in an aggregate amount not to exceed $317,100,000 to be included in the Third Tranche (in an amount up to $77,100,000) or the New Bond Issue (in an amount up to $240,000,000) (the "Bonds").

Pursuant to the Intergovernmental Agreement, Fond du Lac County shall be the Issuing County of said revenue Bonds, and it shall be determined at a future date which county or counties shall be Participating Counties.

The Company has requested that Outagamie County and other Participating Counties who will directly benefit from the Project to each provide a limited guaranty (the "Guaranty") to enhance the collateral position of the Company in an amount equal to the pro rata portion of the Project costs incurred and essential services benefits derived in such Participating County.

The Company will have the primary obligation to make all scheduled principal and interest payments when due on the Bonds, and Outagamie County's Guaranty will apply only in the event that the Company does not make the required payments due on the Bonds.

In return for Outagamie County's Guaranty, Outagamie County shall receive an annual guaranty fee of 40 basis points (0.40%) (based upon the amount of its Guaranty), and the Company will pay all costs to Outagamie County and all expenses by Outagamie County related to the bond issue.

At the option of the Company, bond insurance may be purchased with respect to the Bonds which will require approval by subsequent resolution of Outagamie County.

The Company shall enter into a Reimbursement Agreement (the "Reimbursement Agreement") with Outagamie County agreeing to reimburse Outagamie County for any payment required under Outagamie County's Guaranty and to indemnify Outagamie County for any and all costs, expenses and liabilities related to the Bonds.

As security for the Reimbursement Agreement, Outagamie County shall receive a first mortgage on all land, buildings, and improvements of the Company located in Outagamie County which are financed with proceeds of the Bonds.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby approve that Fond du Lac County, as the Issuing County, acting pursuant to the Intergovernmental Agreement, shall:

(a) Finance the Project in an aggregate amount not to exceed $317,100,000 to be included in the Third Tranche (in an amount up to $77,100,000) or the New Bond Issue (in an amount up to $240,000,000) which includes Project costs located in Outagamie County in an amount not to exceed $24,000,000, and

(b) Acting pursuant to the Intergovernmental Agreement by and among one or more Participating Counties, Fond du Lac County shall issue industrial development revenue bonds in one or more issues or series of tax-exempt or taxable bonds in an aggregate amount not to exceed $317,100,000 as part of the 2021 Authorization or the New Bond Issue in order to finance costs of the Project located in the Participating Counties, pursuant to Section 66.1103(3)(f) of the Wisconsin Statutes, and

2. The aforesaid plan of financing contemplates, and is conditioned upon, the following:

(a) The Bonds shall be limited obligations of the Issuing County, acting pursuant to the Intergovernmental Agreement, and are payable solely from revenues provided by the Company and are secured in part by the limited Guaranty of Outagamie County, and

(b) The Bonds shall never constitute an indebtedness of Outagamie County, the Issuing County or the Participating Counties within the meaning of any state constitutional provision or statutory limitation, and

(c) The Project shall be subject to property taxation in the same amount and to the same extent as though the Project were not financed with industrial development revenue bonds, and

(d) The Company shall find a purchaser for all of the Bonds, and

(e) All out-of-pocket costs, including but not limited to legal fees, incurred by Outagamie County in connection with the issuance and sale of the Bonds shall be paid by the Company, whether or not the Issuing County or another Participating County ultimately issues the Bonds, and

(f) Outagamie County shall be paid an annual guaranty fee of 40 basis points (0.40%) (based upon the amount of Outagamie County's Guaranty), and

3. The aforesaid plan of financing shall not be legally binding upon Outagamie County nor be finally implemented unless and until:

(a) The details and mechanics of the bond financing are authorized and approved by a further resolution of Fond du Lac County, as the Issuing County, by a vote of at least three-fourths of the members-elect (as defined in Section 59.001(2m) of the Wisconsin Statutes) of the Board of Supervisors. Such approval shall be solely within the discretion of the Issuing County, acting pursuant to the Intergovernmental Agreement and approval of the Board of Supervisors of the Issuing County, and

(b) Said approval and Guaranty are further conditioned upon terms and conditions of one or more written agreements between Outagamie County and the various parties involved, ensuring that all of the proceeds from the sale of the Bonds shall be administered by a duly appointed independent trustee, that the bond proceeds shall be used exclusively for the development of the Project and for no other purpose, and that the project funds shall be paid over to the Company by the trustee only as they become needed for completion of the Project, and

(c) The County Clerk of Outagamie County shall cause notice of adoption of this Initial Resolution, in the form attached hereto as Exhibit A, to be published once in a newspaper of general circulation in Outagamie County, and the electors of Outagamie County shall have been given the opportunity to petition for a referendum on the matter of the aforesaid bond issue, all as required by law, and

(d) Either no such petition shall be timely filed or such petition shall have been filed and said referendum shall have approved the bond issue, and

(e) The county clerks of Outagamie County and the Participating Counties shall each have received an employment impact estimate issued under Section 238.11 of the Wisconsin Statutes, and

(f) The Bonds shall be limited obligations of the Issuing County, acting pursuant to the Intergovernmental Agreement and are payable solely from revenues provided by the Company and secured in part by a limited guaranty of each Participating County, and

(g) All Participating Counties have entered into the Intergovernmental Agreement and identified Fond du Lac County as the Issuing County, and

(h) All Participating Counties shall approve their respective guaranties by a vote of at least three-fourths of the members-elect of their respective County Board of Supervisors; such subsequent approval shall be solely within the discretion of each Participating County; and

(i) All documents required to consummate the financing have been duly authorized and delivered, and

4. Pursuant to the Act, all requirements that the Project be subject to the contracting requirements contained in Section 66.1103 are waived, the Company having represented that it is able to negotiate satisfactory arrangements for completing the Project and that Outagamie County's interests are not prejudiced thereby, and

5. The County Clerk of Outagamie County is directed following adoption of this Initial Resolution (i) to publish notice of such adoption not less than one time in the official newspaper of Outagamie County, such notice to be in substantially the form attached hereto as Exhibit A and (ii) to file a copy of this Initial Resolution, together with a statement indicating the date the Notice to Electors was published, with the Wisconsin Economic Development Corporation within twenty (20) days following the date of publication of such notice, and

6. This Initial Resolution is an "initial resolution" within the meaning of the Act and official action toward issuance of the Bonds. Furthermore, it is the reasonable expectation of Outagamie County that proceeds of the Bonds may be used to reimburse expenditures made on the Project prior to the issuance of the Bonds. The maximum principal amount of debt expected to be issued for the Project on the date hereof is $317,100,000, and

7. Outagamie County Officers and Corporation Counsel shall forthwith negotiate and confer with all interested parties, draft, edit, or approve and deliver the contracts or other documents necessary to carry out the provisions of this Initial Resolution; provided, however, that such Officers and Corporation Counsel shall present the same to the Board of Supervisors for the Board's final review, ratification, and approval of all of the specific terms and conditions contained in said documents prior to the issuance of the Bonds on behalf of the Company. Such subsequent approval shall be solely within the discretion of Outagamie County and its Board of Supervisors, notwithstanding this Initial Resolution, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Corporation Counsel, the Outagamie County Finance Director, the Outagamie County Development and Land Services Director, and the Outagamie County Executive.

OUTAGAMIE COUNTY, WISCONSIN
RESOLUTION NO. _____

INITIAL RESOLUTION APPROVING
REVENUE BOND FINANCING FOR BUG TUSSEL 1, LLC,
BUG TUSSEL 2, LLC OR A RELATED LIMITED LIABILITY ENTITY

INTRODUCED BY: Finance Committee

INTENT & SYNOPSIS: To provide approval of an Initial Resolution of Outagamie County to participate with other counties in accordance with an Intergovernmental Agreement pursuant to which Fond du Lac County, Wisconsin will serve as the conduit bond issuer for Revenue Bond Financing for Bug Tussel 1, LLC, Bug Tussel 2, LLC, or a related limited liability entity to be formed to finance a project for acquisition, construction and installation of certain telecommunications infrastructure, for the purpose of providing wireless internet and telephone communication services to businesses, governmental units and residents of rural communities where such service is currently unavailable or prohibitively expensive (the "Project"), which includes Project costs located in Outagamie County in an amount not to exceed $24,000,000.

FISCAL NOTE: None.

WHEREAS, Section 66.1103 of the Wisconsin Statutes (the "Act") authorizes municipalities to authorize the issuance and sale of bonds to construct, equip, re-equip, acquire by gift, lease or purchase, install, reconstruct, rebuild, rehabilitate, improve, supplement, replace, maintain, repair, enlarge, extend or remodel industrial projects; and

WHEREAS, Bug Tussel 1, LLC, a Wisconsin limited liability company, Bug Tussel 2, LLC, a Wisconsin limited liability entity yet to be created, or a related limited liability entity to be formed, and/or one or more of its affiliates (including, without limitation, Bug Tussel Wireless, LLC, Hilbert Communications, LLC and Cloud 1, LLC) (the "Company"), whether existing on the date hereof or to be formed and whether owned directly or indirectly by the Company, desires to finance a project consisting of the acquisition, construction and installation of certain telecommunications infrastructure that includes, among other things (i) acquisition of tower sites by purchase or lease of land and equipping such sites with towers and electronics to provide broadband, high speed cellular, emergency communications and point to point (P2P) data communications; (ii) constructing fiberoptic data transmission facilities (cable and electronics) between towers, key community facilities, businesses and residential aggregation points; (iii) where appropriate, connecting individual premises into the broadband network including the cost of Consumer Premise Equipment (CPE); (iv) payment of capitalized interest; (v) funding of a debt service reserve fund; (vi) payment of such project costs located in Outagamie County in an amount not to exceed $24,000,000; and (vii) payment of professional fees (collectively, the "Project"), all of which will be for the purpose of providing wireless internet and telephone communications services to businesses,

governmental units and residents of rural communities where such service is currently unavailable or is prohibitively expensive; and

WHEREAS, Outagamie County, Wisconsin is a political subdivision of the State within whose boundaries a portion of the Project is located; and

WHEREAS, pursuant to Sections 66.1103 and 66.0301 of the Wisconsin Statutes, individual counties or two or more counties, each a "Participating County", acting pursuant to an Intergovernmental Agreement may serve as the conduit issuer for such financing; and

WHEREAS, Fond du Lac County, Wisconsin (the "Issuing County") acting pursuant to intergovernmental powers adopted an initial resolution on August 17, 2021 (the "2021 Authorization") to authorize the issuance of taxable or tax-exempt revenue bonds to be issued in one or more series in an aggregate principal amount not to exceed $240,000,000 and (i) the Issuing County has heretofore on December 16, 2021, issued the first tranche of conduit revenue bonds to finance a portion of the multi-jurisdictional Project, in the aggregate amount of $70,000,000, (ii) the Issuing County has heretofore on August 16, 2022, issued the second tranche of conduit revenue bonds to finance a portion of the multi-jurisdictional Project, in the aggregate amount of $92,900,000, and (iii) the Issuing County has authority under the 2021 Authorization to issue the remaining $77,100,000 aggregate principal of conduit revenue bonds to finance a portion of the multi-jurisdictional Project (the "Third Tranche"); and

WHEREAS, it is yet to be determined if the Project located in Outagamie County in an amount not to exceed $24,000,000 will (i) be included in the Third Tranche as part of the 2021 Authorization or (ii) be included in a new taxable bond issue pursuant to a new initial resolution to be adopted by the Issuing County on such date yet to be determined which would authorize the issuance of additional taxable or tax-exempt revenue bonds to be issued in one or more series in an aggregate principal amount not to exceed $240,000,000 to finance a portion of the multi-jurisdictional Project (the "New Bond Issue"); and

WHEREAS, Section 66.1103(3)(f) of the Wisconsin Statutes provides that a municipality also may finance an industrial project which is located entirely outside the geographic limits of the municipality, but only if the revenue agreement for the project also relates to another project of the same eligible participant, part of which is located within the geographic limits of the municipality; and

WHEREAS, the Project includes necessary infrastructure for essential services by and for Outagamie County and local units of government in Outagamie County and is in furtherance of the public purposes set forth in the Act; and

WHEREAS, the proposed Project is a multi-jurisdictional project which is located in multiple counties to be identified, and the Company has requested that each of the Participating Counties approve an Initial resolution (the "Initial Resolution") providing for the financing of the Project in an aggregate amount not to exceed $317,100,000 to be included in the Third

Tranche (in an amount up to $77,100,000) or the New Bond Issue (in an amount up to $240,000,000) (the "Bonds"); and

WHEREAS, pursuant to the Intergovernmental Agreement, Fond du Lac County shall be the Issuing County of said revenue Bonds, and it shall be determined at a future date which county or counties shall be Participating Counties; and

WHEREAS, the Company has requested that Outagamie County and other Participating Counties who will directly benefit from the Project to each provide a limited guaranty (the "Guaranty") to enhance the collateral position of the Company in an amount equal to the pro rata portion of the Project costs incurred and essential services benefits derived in such Participating County; and

WHEREAS, the Company will have the primary obligation to make all scheduled principal and interest payments when due on the Bonds, and Outagamie County's Guaranty will apply only in the event that the Company does not make the required payments due on the Bonds; and

WHEREAS, in return for Outagamie County's Guaranty, Outagamie County shall receive an annual guaranty fee of 40 basis points (0.40%) (based upon the amount of its Guaranty), and the Company will pay all costs to Outagamie County and all expenses by Outagamie County related to the bond issue;

WHEREAS, at the option of the Company, bond insurance may be purchased with respect to the Bonds which will require approval by subsequent resolution of Outagamie County;

WHEREAS, the Company shall enter into a Reimbursement Agreement (the "Reimbursement Agreement") with Outagamie County agreeing to reimburse Outagamie County for any payment required under Outagamie County's Guaranty and to indemnify Outagamie County for any and all costs, expenses and liabilities related to the Bonds; and

WHEREAS, as security for the Reimbursement Agreement, Outagamie County shall receive a first mortgage on all land, buildings, and improvements of the Company located in Outagamie County which are financed with proceeds of the Bonds.

NOW, THEREFORE, BE IT RESOLVED by the Outagamie County Board of Supervisors as follows:

1. Outagamie County hereby approves that Fond du Lac County, as the Issuing County, acting pursuant to the Intergovernmental Agreement, shall:

(a) Finance the Project in an aggregate amount not to exceed $317,100,000 to be included in the Third Tranche (in an amount up to $77,100,000) or the New Bond Issue (in an amount up to $240,000,000) which includes Project costs located in Outagamie County in an amount not to exceed $24,000,000; and

(b) Acting pursuant to the Intergovernmental Agreement by and among one or more Participating Counties, Fond du Lac County shall issue industrial development revenue bonds in one or more issues or series of tax-exempt or taxable bonds in an aggregate amount not to exceed $317,100,000 as part of the 2021 Authorization or the New Bond Issue in order to finance costs of the Project located in the Participating Counties, pursuant to Section 66.1103(3)(f) of the Wisconsin Statutes.

2. The aforesaid plan of financing contemplates, and is conditioned upon, the following:

(a) The Bonds shall be limited obligations of the Issuing County, acting pursuant to the Intergovernmental Agreement, and are payable solely from revenues provided by the Company and are secured in part by the limited Guaranty of Outagamie County;

(b) The Bonds shall never constitute an indebtedness of Outagamie County, the Issuing County or the Participating Counties within the meaning of any state constitutional provision or statutory limitation;

(c) The Project shall be subject to property taxation in the same amount and to the same extent as though the Project were not financed with industrial development revenue bonds;

(d) The Company shall find a purchaser for all of the Bonds; and

(e) All out-of-pocket costs, including but not limited to legal fees, incurred by Outagamie County in connection with the issuance and sale of the Bonds shall be paid by the Company, whether or not the Issuing County or another Participating County ultimately issues the Bonds; and

(f) Outagamie County shall be paid an annual guaranty fee of 40 basis points (0.40%) (based upon the amount of Outagamie County's Guaranty).

3. The aforesaid plan of financing shall not be legally binding upon Outagamie County nor be finally implemented unless and until:

(a) The details and mechanics of the bond financing are authorized and approved by a further resolution of Fond du Lac County, as the Issuing County, by a vote of at least three-fourths of the members-elect (as defined in Section 59.001(2m) of the Wisconsin Statutes) of the Board of Supervisors. Such approval shall be solely within the discretion of the Issuing County, acting pursuant to the Intergovernmental Agreement and approval of the Board of Supervisors of the Issuing County;

(b) Said approval and Guaranty are further conditioned upon terms and conditions of one or more written agreements between Outagamie County and the

HB 4870-2538-7866 2

various parties involved, ensuring that all of the proceeds from the sale of the Bonds shall be administered by a duly appointed independent trustee, that the bond proceeds shall be used exclusively for the development of the Project and for no other purpose, and that the project funds shall be paid over to the Company by the trustee only as they become needed for completion of the Project;

(c) The County Clerk of Outagamie County shall cause notice of adoption of this Initial Resolution, in the form attached hereto as Exhibit A, to be published once in a newspaper of general circulation in Outagamie County, and the electors of Outagamie County shall have been given the opportunity to petition for a referendum on the matter of the aforesaid bond issue, all as required by law;

(d) Either no such petition shall be timely filed or such petition shall have been filed and said referendum shall have approved the bond issue;

(e) The county clerks of Outagamie County and the Participating Counties shall each have received an employment impact estimate issued under Section 238.11 of the Wisconsin Statutes;

(f) The Bonds shall be limited obligations of the Issuing County, acting pursuant to the Intergovernmental Agreement and are payable solely from revenues provided by the Company and secured in part by a limited guaranty of each Participating County;

(g) All Participating Counties have entered into the Intergovernmental Agreement and identified Fond du Lac County as the Issuing County;

(h) All Participating Counties shall approve their respective guaranties by a vote of at least three-fourths of the members-elect of their respective County Board of Supervisors; such subsequent approval shall be solely within the discretion of each Participating County; and

(i) All documents required to consummate the financing have been duly authorized and delivered.

4. Pursuant to the Act, all requirements that the Project be subject to the contracting requirements contained in Section 66.1103 are waived, the Company having represented that it is able to negotiate satisfactory arrangements for completing the Project and that Outagamie County's interests are not prejudiced thereby.

5. The County Clerk of Outagamie County is directed following adoption of this Initial Resolution (i) to publish notice of such adoption not less than one time in the official newspaper of Outagamie County, such notice to be in substantially the form attached hereto as Exhibit A and (ii) to file a copy of this Initial Resolution, together with a statement indicating the date the Notice to Electors was published, with the Wisconsin Economic Development Corporation within twenty (20) days following the date of publication of such notice.

6. This Initial Resolution is an "initial resolution" within the meaning of the Act and official action toward issuance of the Bonds. Furthermore, it is the reasonable expectation of Outagamie County that proceeds of the Bonds may be used to reimburse expenditures made on the Project prior to the issuance of the Bonds. The maximum principal amount of debt expected to be issued for the Project on the date hereof is $317,100,000.

7. Outagamie County Officers and Corporation Counsel shall forthwith negotiate and confer with all interested parties, draft, edit, or approve and deliver the contracts or other documents necessary to carry out the provisions of this Initial Resolution; provided, however, that such Officers and Corporation Counsel shall present the same to the Board of Supervisors for the Board's final review, ratification, and approval of all of the specific terms and conditions contained in said documents prior to the issuance of the Bonds on behalf of the Company. Such subsequent approval shall be solely within the discretion of Outagamie County and its Board of Supervisors, notwithstanding this Initial Resolution.

Recommended for adoption this 23rd day of May, 2023.

County Clerk

APPROVED AS TO FORM:
Kyle J. Sargent
Corporation Counsel
Outagamie County
Date Approved: 5/2/22

EXHIBIT A

NOTICE TO ELECTORS OF
OUTAGAMIE COUNTY, WISCONSIN

TAKE NOTICE that the Board of Supervisors of Outagamie County, Wisconsin ("Outagamie County"), at a meeting held at the Outagamie County Courthouse, 320 South Walnut Street, Appleton, Wisconsin, on May 23, 2023, adopted an initial resolution (the "Initial Resolution") pursuant to Section 66.1103 of the Wisconsin Statutes, as amended, expressing the intention to approve Fond du Lac County (the "Issuing County"), acting pursuant to an intergovernmental agreement, to issue not to exceed $240,000,000 of industrial development revenue bonds (the "Bonds") on behalf of Bug Tussel 1, LLC, a Wisconsin limited liability company, Bug Tussel 2, LLC, a Wisconsin limited liability yet to be created, or a related limited liability company to be formed, and/or one or more of its affiliates (including, without limitation, Bug Tussel Wireless, LLC, Hilbert Communications, LLC and Cloud 1, LLC) (the "Company"), to finance a project consisting of the acquisition, construction and installation of certain telecommunications infrastructure that includes, among other things (i) acquisition of tower sites by purchase or lease of land and equipping such sites with towers and electronics to provide broadband, high speed cellular, emergency communications and point to point (P2P) data communications; (ii) constructing fiberoptic data transmission facilities (cable and electronics) between towers, key community facilities, businesses and residential aggregation points; (iii) where appropriate, connecting individual premises into the broadband network including the cost of Consumer Premise Equipment (CPE); (iv) payment of capitalized interest; (v) funding of a debt service reserve fund; (vi) payment of project costs located in Outagamie County in an amount not to exceed $24,000,000; and (vii) payment of professional fees (collectively, the "Project"), all of which will be for the purpose of providing wireless internet and telephone communications services to businesses, governmental units and residents of rural communities. The Company has represented that the net number of full-time equivalent jobs which will be created in Outagamie County is 2.

Pursuant to the terms of Section 66.1103 of the Wisconsin Statutes, all requirements that the Project be subject to the contracting requirements contained in Section 66.1103 are waived, the Company having represented that it is able to negotiate satisfactory arrangements for completing the Project and that Outagamie County's interests are not prejudiced thereby.

THE BONDS SHALL NEVER CONSTITUTE AN INDEBTEDNESS OF OUTAGAMIE COUNTY, NOR SHALL THE BONDS GIVE RISE TO ANY PECUNIARY LIABILITY OF OUTAGAMIE COUNTY, NOR SHALL THE BONDS BE A CHARGE AGAINST THE GENERAL CREDIT OR TAXING POWERS OF OUTAGAMIE COUNTY. RATHER, THE BONDS SHALL BE PAYABLE SOLELY FROM THE REVENUES AND OTHER AMOUNTS TO BE DERIVED

PURSUANT TO THE REVENUE AGREEMENT RELATING TO SAID PROJECT TO BE ENTERED INTO BETWEEN THE ISSUING COUNTY AND THE COMPANY.

The Initial Resolution may be inspected in the office of the Outagamie County Clerk at 320 South Walnut Street, Appleton, Wisconsin, during business hours.

TAKE FURTHER NOTICE THAT THE ELECTORS OF OUTAGAMIE COUNTY MAY PETITION FOR A REFERENDUM ON THE QUESTION OF THE BOND ISSUE. Unless within thirty (30) days from the date of the publication of this Notice a petition signed by not less than five percent (5%) of the registered electors of Outagamie County is filed with the County Clerk requesting a referendum on the question of the issuance of the Bonds, the Issuing County will issue the Bonds without submitting the proposition for the electors' approval. If such petition is filed as aforesaid, then the Bonds shall not be issued until approved by a majority of the electors of Outagamie County voting thereon at a general or special election.

Outagamie County — 5-23-23 County Board Meeting - May 23 2023 08:45:01 PM
May 23, 2023 County Board Meeting
OpenMeeting

RESOLUTION NO.: 18—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

In 2005, Calumet, Outagamie, and Waupaca (COW) counties submitted an application to the State of Wisconsin to operate a consortium Aging and Disability Resource Center (ADRC). That proposal was accepted and the COW ADRC Consortium was formed. On December 14, 2004, the Outagamie County Board of Supervisors adopted Resolution 109-2004-05 authorizing the joint ADRC application from the three counties. On May 9, 2006, the Outagamie County Board of Supervisors adopted Resolution 8-2006-07 authorizing the Calumet, Outagamie, and Waupaca County ADRC Advisory Committee. Additionally, Resolution 8-2006-07 approved the appointment of four representatives by the Health and Human Services Committee, one being a County Board member, to serve on the COW ADRC Advisory Committee.

Currently, there are 37 counties in the State of Wisconsin that operate stand-alone ADRC's and 37 counties that are part of a small number of County Board consortium ADRC's. Recently, there has been a trend for more counties to opt out of consortium ADRC's and operate independent stand-alone ADRC's.

Waupaca County recently gave Calumet County and Outagamie County notice that they intend to leave the COW Consortium ADRC effective January 1, 2024. As a result of this notification, Calumet County and Outagamie County reviewed their options and studied three different models of reorganizing their respective ADRC's going forward. Those three options included a stand-alone model for both counties (with no cooperative services), a stand-alone application model, but one where both counties would continue to share services where economically and geographically feasible, and a third model where Outagamie County would apply to operate a two county consortium with a shared part-time ADRC Coordinator. Attached is a fiscal analysis of the three options. Not any of the three have a major impact on Outagamie County funding required to operate the ADRC program.

After studying all three options in terms of staffing and financial costs, Health and Human Services Administration recommended to the Health and Human Services Board and Committee that staff apply for a stand-alone application model, with both Calumet County and Outagamie County continuing to share ADRC services where economically and geographically feasible.

In addition, Outagamie County Health and Human Services Administration will work to restructure the existing Aging Advisory Committee to meet the requirements to serve as the Aging and Disability Resource Center (ADRC) Advisory Committee beginning in calendar year 2024.

The Health and Human Services Department is requesting to move to a stand-alone ADRC with shared services with Calumet County where economically and geographically feasible for ADRC operations beginning January 1, 2024. The anticipated timeframe of the completed new ADRC application to the State of Wisconsin is before July 1, 2023. Any budget changes and net budgetary impact, which is projected to be minor, will be included in the 2024 proposed budget.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Department of Health and Human Services to submit an application to the State of Wisconsin to move to a stand-alone Aging and Disability Resource Center (ADRC) with shared services with Calumet County where economically and geographically feasible for ADRC operations beginning January 1, 2024, with any budget changes to be included in the 2024 proposed budget, as noted on the attached fiscal note, ADRC Proposed Funding Operations worksheet, and attachments, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Department of Health and Human Services to restructure the existing Aging Advisory Committee to meet the requirements to serve as the Aging and Disability Resource Center (ADRC) Advisory Committee beginning in calendar year 2024, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director.

Dated this 23rd day of May 2023

Respectfully Submitted,

HEALTH AND HUMAN SERVICES COMMITTEE

Dan Gabrielson

Justin Krueger

Jeff McCabe

Cathy Thompson

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Department of Health and Human Services Request to Reorganize the Aging and Disability Resource Center effective 01/01/2024

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

In 2005, Calumet, Outagamie and Waupaca Counties submitted an application to the State of Wisconsin to run a consortium Aging and Disability Resource Center (ADRC). That proposal was accepted and the COW ADRC Consortium was formed. On December 14, 2004, the Outagamie County Board of Supervisors passed Resolution 109-2004-2005 authorizing the joint ADRC application from the three counties. On May 9, 2006 the Outagamie County Board of Supervisors passed Resolution 8-2006-2007 authorizing and approving the Calumet, Outagamie, and Waupaca County ADRC Advisory Committee and the appointment of four representatives by the Health and Human Services Committee, one being a County Board member, to serve on the COW ADRC Advisory Committee.

Currently there are 37 counties in the State that run stand-alone ADRC's and 37 counties that are part of some small number of county based consortium ADRC's. Recently there has been a trend for more counties to opt out of consortium ADRC's and run independent stand-alone ADRC's.

Waupaca County recently gave Calumet and Outagamie County notice that they intend to leave the COW Consortium ADRC effective January 1, 2024. As a result of that notification, Calumet and Outagamie County reviewed their options and studied three different models of reorganizing their respective ADRC's going forward. Those three options included a stand-alone model for both counties (with no cooperative services), a stand-alone application model but one where both counties would continue to share services where economically and geographically feasible, and a third model where we would apply to run a two county consortium with a shared part-time ADRC Coordinator. Attached is a fiscal analysis of the three options. None of the three have a major impact on the Outagamie County funding required to run the ADRC program.

After studying all three options in terms of staffing and financial costs, Health and Human Services Administration recommended to the Health and Human Services Board that we apply for a stand-alone application model but one where both Outagamie and Calumet will continue to share ADRC services where economically and geographically feasible.

In addition, Outagamie County Health and Human Services Administration will work to restructure our existing Aging Advisory Committee to meet the requirements to serve as the counties Aging and Disability Resource Center (ADRC) Advisory Committee beginning in calendar year 2024.

The Health and Human Services Committee has approved the creation of a County Board Resolution that would allow the department to submit an application to run a stand-alone ADRC with shared services with Calumet County where economically and geographically feasible for ADRC operations beginning January 1, 2024. The anticipated timeframe of the completed new ADRC application to the State of Wisconsin is before July 1, 2023.

The department of Health and Human Services is requesting to move to a stand-alone ADRC with shared services with Calumet County where economically and geographically feasible for ADRC operations beginning January 1, 2024. Any budget changes and net budgetary impact, which is projected to be minor, will be included in the 2024 proposed budget.

Current Year Budget Impact **(Check one or more of the following boxes)**

[ ] Revenues [ ] Expenses (Cost) [X] None

3. Is the specific cost or revenue included in the current year's budget? yes (X) no ( ) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (X)

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes ( ) no (X)

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
N/A - To be included in 2024 Budget			

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes ( ) no (X) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact?

Annual Cost: Similar to current 2023 budget

Annual Revenue: Similar to current 2023 budget

To: Honorable Members of the Outagamie County Health & Human Service Board

From: Amie Bastian, Aging and Long Term Support Manager, and John Rathman, Director

Subject: Calumet, Outagamie, and Waupaca Aging and Disability Resource Consortia Changes

Waupaca County has recently provided Outagamie and Calumet County notice of their intent to become an independent and stand-alone Aging and Disability Resource Center (ADRC) and they have started the process to get approval from their Health and Human Services (HHS) Committee and Board to provide this notice and start the new application process with the State of Wisconsin. This change will require both Calumet and Outagamie County to determine how we will move forward providing required ADRC services in our counties. The following information is provided to assist the Board in determining next steps for our ADRC.

In 2005 Calumet, Outagamie, and Waupaca Counties submitted to the State of Wisconsin a collaborative proposal to establish a multi-county Aging and Disability Resource Center. Such arrangements were promoted by the State at the time. That proposal was accepted and the consortium referred to as the COW ADRC was formed. As part of the establishment of the consortium, a governing oversight body was established to provide monitoring of overall standards of service delivery. On December 14, 2004 the Outagamie County Board of Supervisors passed Resolution 109-2004-2005 authorizing the joint application for Outagamie, Calumet and Waupaca counties for the development of the ADRC consortia. On May 9, 2006 the Outagamie County Board of Supervisors passed Resolution 8-2006-2007 authorizing and approving the Calumet, Outagamie, and Waupaca County ADRC Advisory Committee and the appointment of four representatives by the HHS Committee to the COW Advisory Committee with one being a HHS Board member.

The State funds the consortium based on an allocation determined by certain demographics of each county. Calumet County has acted as the fiscal agent for the consortium since the consortia was created.

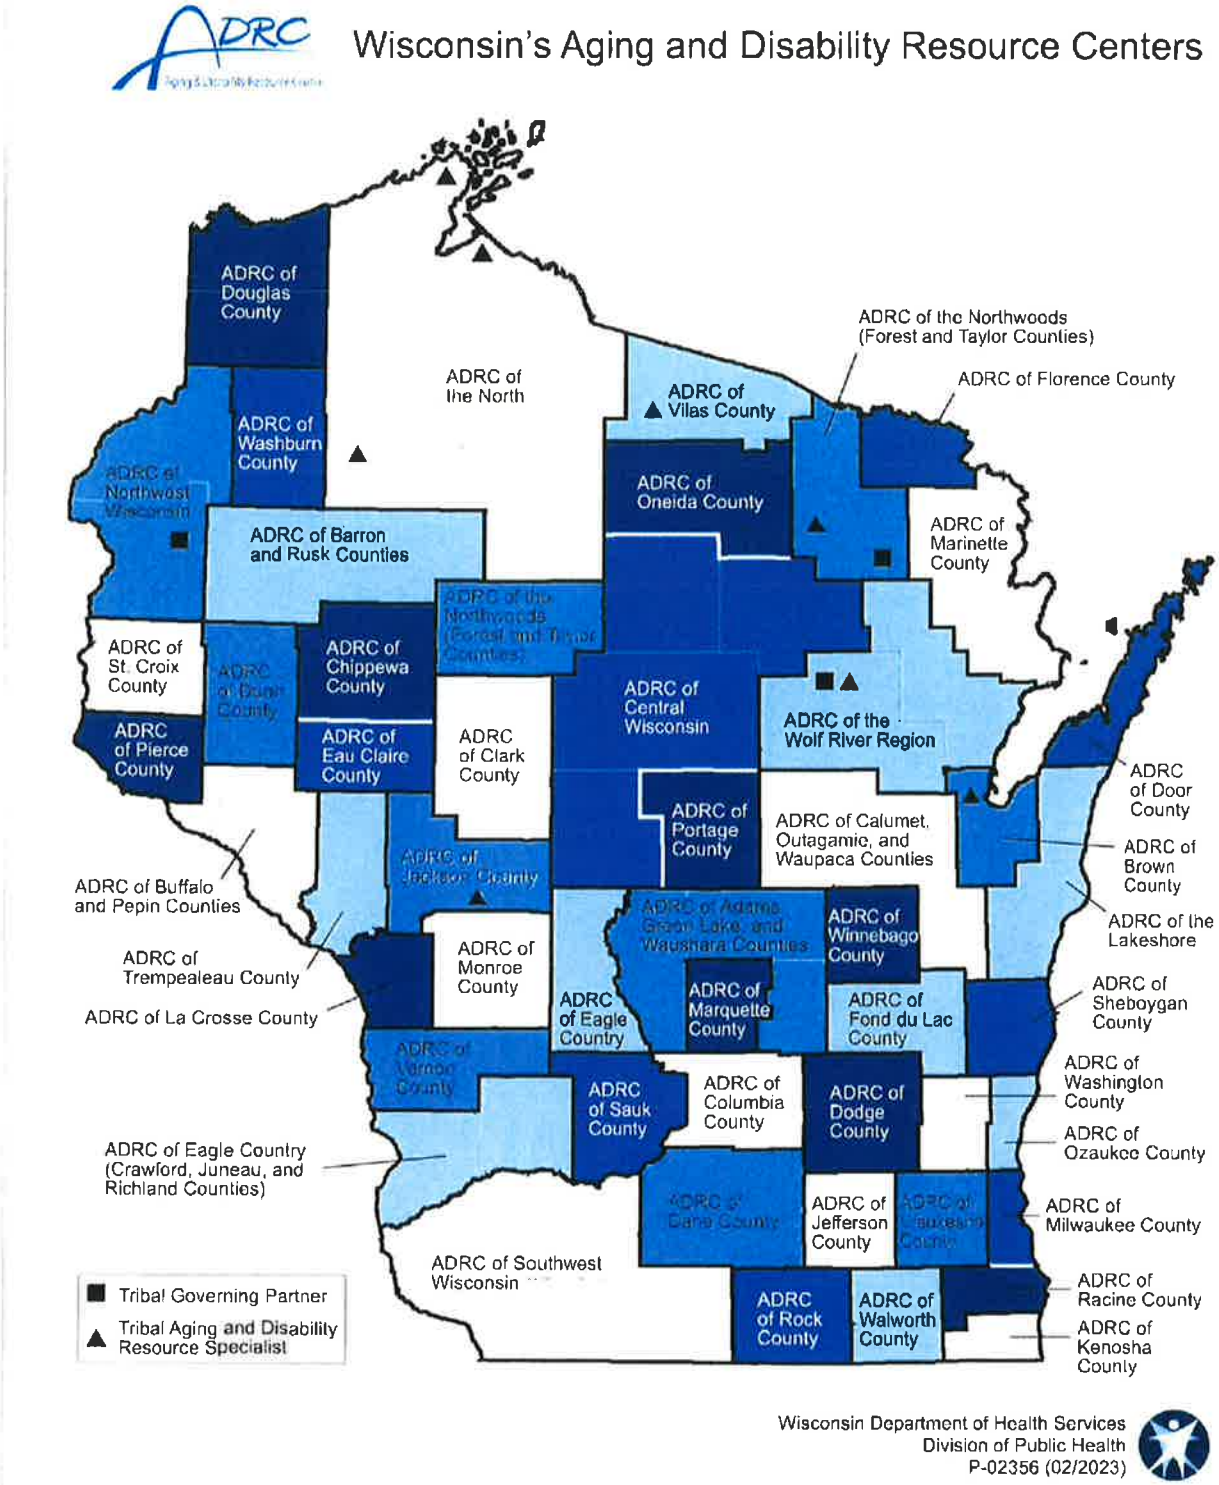
Currently in the State there are 37 counties with independent ADRC's and 37 consortiums with varied sizes from 2-5 counties in each consortium. A map is also being provided to show the current ADRC structures of the counties throughout the state.

We analyzed three different options for Outagamie County to structure our ADRC starting in calendar year 2024. Staffing levels and financial considerations of each of the three models is highlighted below.

Current Staffing Model:

Outagamie County Staff
ADRC Supervisor (1)
Elder Benefit Specialist (1.5)
Community Support Specialist (8)

Contracted Staff
Community Living Specialist (1)
Disability Benefit Specialist (3)
ADRC Assistant (1)



Shared Consortia Staff
ADRC Director (1)*
Prevention Coordinator (1)
Dementia Care Specialist (1)

*Position housed and employed by Calumet County

Option 1-Standalone: This option would be a stand-alone model where Outagamie County would provide all ADRC services independently. In this model, the full-time shared positions of Dementia Care Specialist and Prevention Coordinator would be reduced to half-time (.5) positions. Director responsibilities would also be taken over by our existing ADRC Supervisor and a dedicated ADRC Director would no longer be required.

Option 2-Standalone with Shared Services: This option would have both Outagamie County and Calumet county apply and operate stand-alone ADRC's, however, we would work together to provide certain services and positions in a "shared services" model. At this time, we are hopeful that the Dementia Care Specialist and the Prevention Coordinator could be shared between the two counties allowing both of these positions to remain full-time. This will make recruitment and retention of these positions easier than if each county tried to find part-time staff to assume these responsibilities. This model would likely reduce staff turnover and provide for better back-up staffing opportunities between the two counties.

Option 3-Calument/Outagamie Consortia Model: This model would have Outagamie and Calumet Counties apply as a new consortium, this time applying as a two-county consortium. In this model, efficiencies are achieved in only having to do a single ADRC application, monthly financial report, yearly audit and sponsoring a single Advisory Committee, however, additional administrative time would be required to run a two county consortium and there would continue to be a need for a part-time ADRC coordinator which does increase the cost of this particular model. In addition, the two counties will soon be operating different data systems so complications of how we meet State requirements for ADRC data would need to be addressed and negotiated with the State.

Outagamie County **5-23-23 County Board Meeting - May 23 2023 08:52:02 PM**

May 23, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 19—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Highway Department (the Department) is requesting to create a project for I-41 Traffic Management Planning and transfer funds to begin this project in 2023. Through collaborative efforts with WisDOT and local partners, there is a need to have an unbiased evaluation of the important corridors and intersections that run adjacent to I-41 in order to establish a baseline and pre-construction conditions in order to protect the investments and the integrity of the existing County Trunk Highway infrastructure system due to the impacts of reconstruction of I-41. Therefore, if approved, the Department will be hiring an external consultant to evaluate this impact.

The Highway Department's experience with I-41 incident response, planned and unplanned traffic events, and other community events cause significant stress on the local roadway network. The reconstruction of I-41 will be no different and will place additional traffic on the network over the course of the anticipated six years of project construction. The Department did not anticipate working on this project when preparing the 2023 budget. However, incidents during the year have shown where traffic reroutes itself for a few hours and the issues it causes. When completing the year end revolving funds document the Department identified this as a potential project and would prioritize this over a portion of the culvert replacement program.

This resolution approves the request to transfer a portion of the funds that were rolled over for the culvert replacement program to the new I-41 Traffic Management Planning project in the amount of $250,000. The 2023 culvert program will have approximately $361,000 budgeted for culvert issues after this transfer. There is no net levy impact.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Outagamie County Highway Department to create a project for I-41 Traffic Management Planning in order to hire an external consultant to obtain an unbiased evaluation of the important corridors and intersections that run adjacent to I-41, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the I-41 Traffic Management, HWY-Intra County line item by $250,000; increasing the I-41 Traffic Management, Operating Expenses line item by $250,000;

decreasing the Culvert Replacement Program, HWY-Intra County line item by $250,000; and decreasing the Culvert Replacement Program, Operating Expenses line item by $250,000, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and the Outagamie County Finance Director.

Dated this 23rd day of May 2023

Respectfully Submitted,
HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

Joy Hagen

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for resolution to create a project for I-41 Traffic Management Planning

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Highway Department is requesting to create a project for I-41 Traffic Management Planning and transfer funds to start this project in 2023. Through our collaborative efforts with WisDOT and local partners, we feel we need to have an unbiased evaluation of the important corridors and intersections that run adjacent to I-41 so that we can establish baseline, pre-construction conditions in order to protect our investments and the integrity of the existing County Trunk Highway infrastructure system due to the impacts of reconstruction of I-41. Therefore, if approved, we will be hiring an external consultant to evaluate this impact.

Our experiences with I-41 incident response, planned and unplanned traffic events and other community events cause significant stress on the local roadway network. The reconstruction of I-41 will be no different and will place additional traffic on the network over the course of the anticipated six years of project construction. We did not anticipate having to work on this project when preparing the 2023 budget, however, incidents during the year have shown us where traffic reroutes itself for a few hours and the issues it causes. When completing the year end revolving funds we identified this as a potential project and would prioritize this over a portion of the culvert replacement program.

Therefore, we are requesting to transfer a portion of the funds that were rolled over for the culvert replacement program to this new I-41 Traffic Management Planning project in the amount of $250,000. The 2023 culvert program will still have approximately $361,000 budgeted for culvert issues after this transfer would be made. There is no net levy impact.

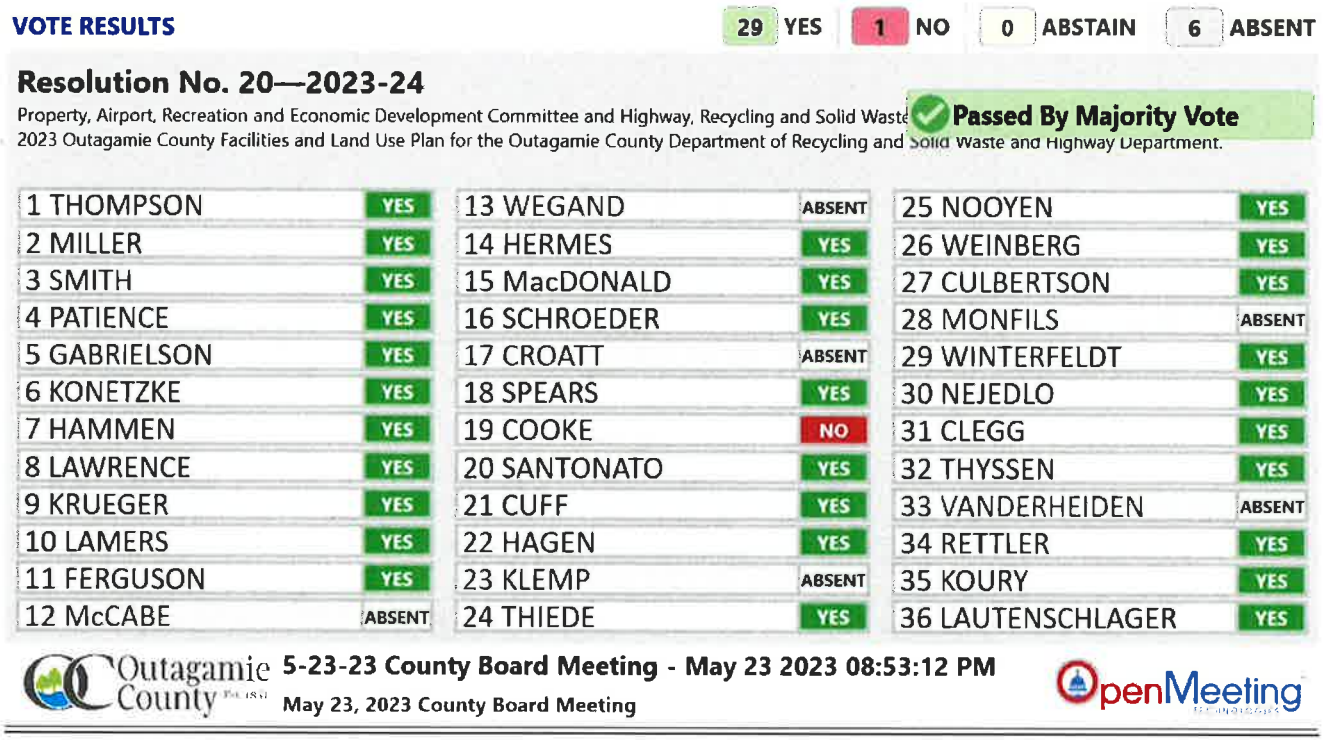
Outagamie County **5-23-23 County Board Meeting - May 23 2023 09:03:24 PM**



May 23, 2023 County Board Meeting

OpenMeeting

Resolution No. 20—2023-24 – Property, Airport, Recreation and Economic Development Committee and Highway, Recycling and Solid Waste Committee. Approve to accept the attached 2023 Outagamie County Facilities and Land Use Plan for the Outagamie County Department of Recycling and Solid Waste and Highway Department.

Supervisor Culbertson moved, seconded by Supervisor Hagen, for adoption.

ROLL CALL: 29 yes, 1 no (Cooke), 6 absent. RESOLUTION NO. 20—2023-24 IS ADOPTED.

VOTE RESULTS — 29 YES | 1 NO | 0 ABSTAIN | 6 ABSENT

Resolution No. 20—2023-24

Property, Airport, Recreation and Economic Development Committee and Highway, Recycling and Solid Waste
2023 Outagamie County Facilities and Land Use Plan for the Outagamie County Department of Recycling and Solid Waste and Highway Department.

Outagamie County — 5-23-23 County Board Meeting - May 23 2023 08:53:12 PM
May 23, 2023 County Board Meeting
OpenMeeting

RESOLUTION NO.: 20—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

In March of 2022, Outagamie County sought assistance on the development of a facilities and land use plan for the Department of Recycling and Solid Waste and Highway Department locations. The intended outcome of the plan was to identify current and anticipated space requirements for each department, and to determine a future plan for land use at their shared location.

The space needs for both departments have continued to grow, creating issues that the newly completed Outagamie County Facilities and Land Use Plan seeks to address. Portions of the current site on Holland Road are used by the Parks Department, Sheriff's Office, and Emergency Management. The study included the outlying highway shops, a potential alternate site for the dog park on Brewster Street, and the Sheriff's Office facility on Goodland Avenue.

The Facilities and Land Use Plan recommends five major projects to be implemented over the next several years:

- Relocate the Sheriff's Office and Emergency Management storage from the Appleton site to the facility at 3030 E. Glendale Drive.
- Relocate the dog park to the Highway Department controlled Brewster Street site.
- Purchase land from the Department of Transportation for a new highway shop and salt shed in the Town of Hortonia.
- Prepare the final design for Highway Department improvements on the Appleton site.
- Implement improvements to Shiocton and Seymour highway locations.

This resolution seeks approval of the 2023 Outagamie County Facilities and Land Use Plan for the Outagamie County Department of Recycling and Solid Waste and Highway Department, with a few items already included in the 2023 budget, and the majority of the plan's recommendations to be funded in future budgets.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee and Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does accept the attached 2023 Outagamie County Facilities and Land Use Plan for the Outagamie County Department of Recycling and Solid Waste and Highway Department, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, the Outagamie County Finance Director, the Outagamie County Highway Commissioner, and the Outagamie County Director of Recycling and Solid Waste.

Dated this 23rd day of May 2023.

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION & ECONOMIC DEVELOPMENT COMMITTEE
AND
HIGHWAY, RECYCLING, AND SOLID WASTE COMMITTEE

1 Introduction

Facility Locations

1.1 Purpose of the Study

In March of 2022, Outagamie County sought assistance on the development of a facilities and land use plan for the Department of Recycling and Solid Waste and Highway Department locations. These two departments' facilities are located adjacent to each other at 1313 and 1419 Holland Road in Appleton, Wisconsin. In addition, the Highway Department has three other garages located in Hortonville, Shiocton, and Seymour, Wisconsin. The Highway Department also owns land currently used for materials storage in the Town of Grand Chute.

The County's recycling and solid waste functions and highway operations were formally part of one department. However, as demand for services grew, the two functions were separated into two different departments but have continued to share the Holland Road site. The space needs for both departments have continued to grow, creating issues that this plan seeks to address.

The Appleton site is approximately 450 acres. The Recycling and Solid Waste Department manages two closed and one active landfill on the site, occupying approximately 400 of the 450 acres. There is also a dog park, operated by the Parks and Recreation Department, located in the southwest corner of the Holland Road site, and a building called Zebra 12, used for storage by the Sheriff's Office and Emergency Management Department in the Highway Department area. As the county's population continues to grow, both departments have to ensure their future space needs. The Recycling and Solid Waste Department has an operations plan to help guide space needs decisions, but the Highway Department does not have a similar document.

This plan serves as a summary of the overall issues on the Appleton site and the outlying Highway facilities, presents long range plans for the Highway Department improvements, and outlines a series of capital budget options to ensure that both departments can function as well as possible given financial and other constraints. Moreover, the plan outlines a series of operational efficiencies that can result from investment in the Highway department sites. The plan was produced by Ayres Associates between April and December of 2022. The study is a tool for both departments and County leadership to use as expansion and improvements are planned over the next ten to fifteen years.

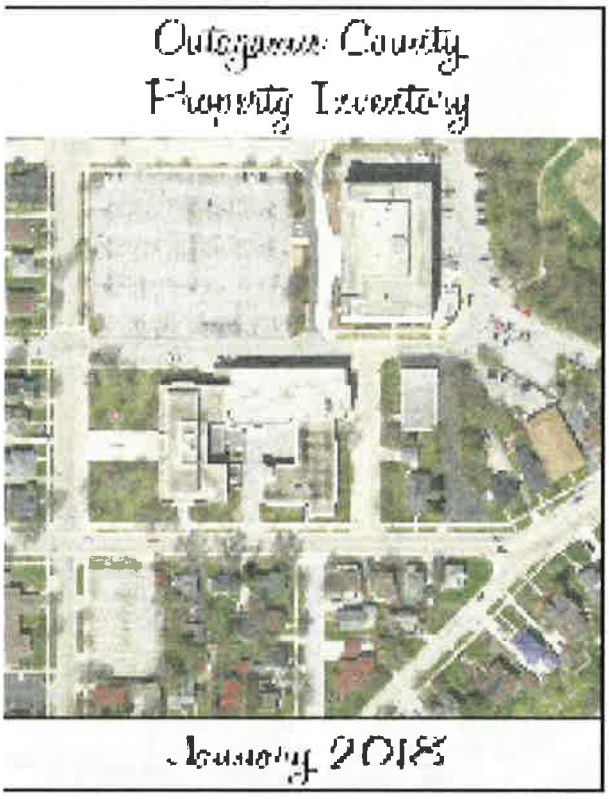
1.2 Summary of Input Process

The planning process was managed by the County's Department of Development and Land Services. The director of that department coordinated regular meetings with the Recycling and Solid Waste Department and Highway Department staff throughout the nine-month planning process. The study began with a kick-off meeting in April of 2022 at which time the Ayres staff collected information about the applicable sites. County and Ayres staff toured the Appleton site and discussed issues. Because portions of the Appleton site are used by the Parks Department, Sheriff's Office, and Emergency Management Department, representatives of those functions were also available for the tours. The Ayres staff also visited the outlying highway shops, a potential alternate site for the dog park on Brewster Street, and the Sheriff's facility on Goodland Avenue.

In July and August, a series of meetings were held with other stakeholders to gain background and vet potential options. These stakeholders included representatives from:

- The City of Appleton Community Development and Public Works Departments
- The Town of Grand Chute Community Development and Public Works Departments
- The Village of Little Chute Administration and Community Development Department
- The City of Seymour Administration and Public Works Department
- The Village of Shiocton Staff and Board
- The Village of Hortonville Administration
- The Town of Hortonia Board (their planning consultant was also consulted)

» The Wisconsin Department of Transportation
» The Appleton Airport Staff



Ayres staff provided several virtual presentations to County staff as concepts were developed, and an second site visit was held in November of 2022 to review concepts in person.

1.3 Summary of Other Relevant Studies and Work

During the meeting with stakeholders (listed above), area comprehensive plans were discussed to assess how the facilities fit in with area growth. Because most of the sites have been established for some time, no major conflicts were found. Although, opportunities and issues will be discussed for each site later in the report.

The primary study affecting the Appleton site is the Recycling and Solid Waste Department Landfill Plan and Preliminary Layout produced by Foth in 2016. This analysis began with a preliminary layout in 2016 to address development of the Northwest Landfill. The analysis has been amended as recently as 2021 and serves as a guide for the Recycling and Solid Waste Departments expansion plans.

Other studies that were reviewed included:
» The Outagamie County Property Inventory and Recommendations Report
» Area roadway expansion plan, including the 2020 County OO/French Road Evaluation
» Utility connections
» Existing building plans
» The 2018 Dog Park Strategic Plan

9

2 Historic and Current Conditions

This chapter describes all of the existing uses and conditions on the Appleton site and the other supporting sites. The chapter also outlines future needs.

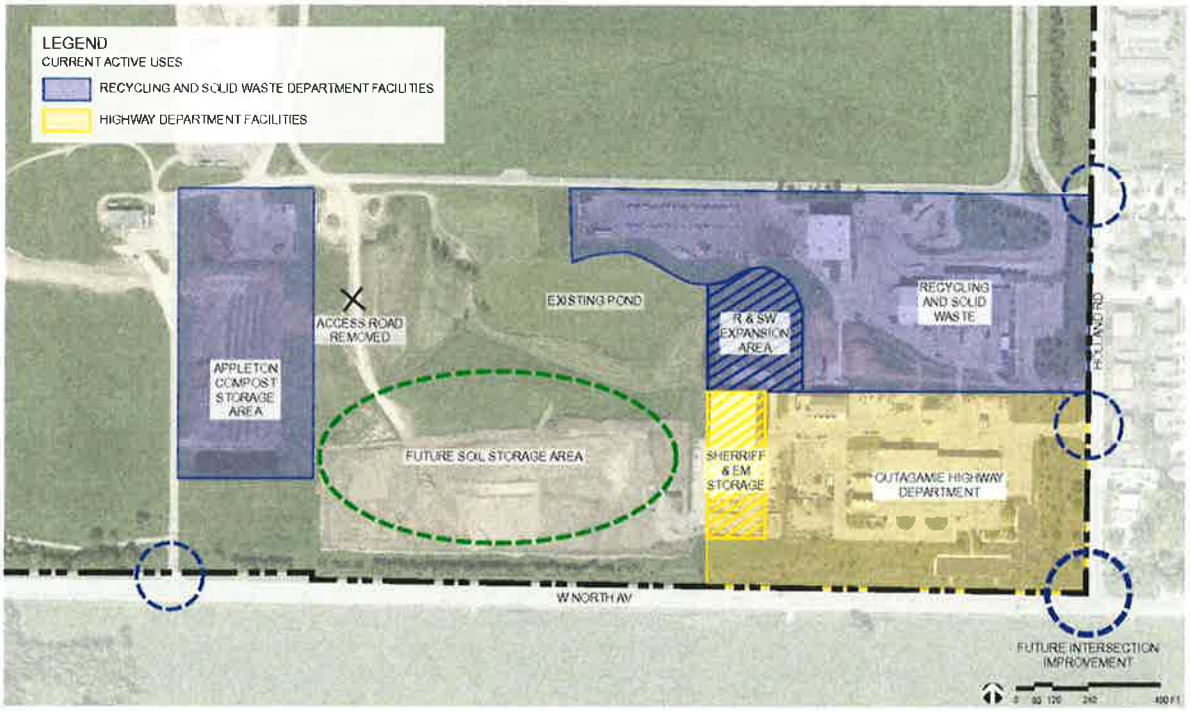
2.1 Appleton Site

2.1.1 History of the Site

The Appleton site was acquired in 1975 for solid waste landfill operations by the former Department of Public Works. Refuse has been landfilled at the west landfill cell since the inception. Then in 1989, the Appleton area highway office and mechanics garage moved from the Brewster Street Site to the Holland Road site. For many years highway and solid waste activities were under one public works department. Field employees commonly worked on both highway maintenance projects and solid waste projects based on the time of year and the needs of the department. Equipment operators would construct road improvements in the summer and excavate future landfill cell expansions/conduct landfill capping operations during the winter.

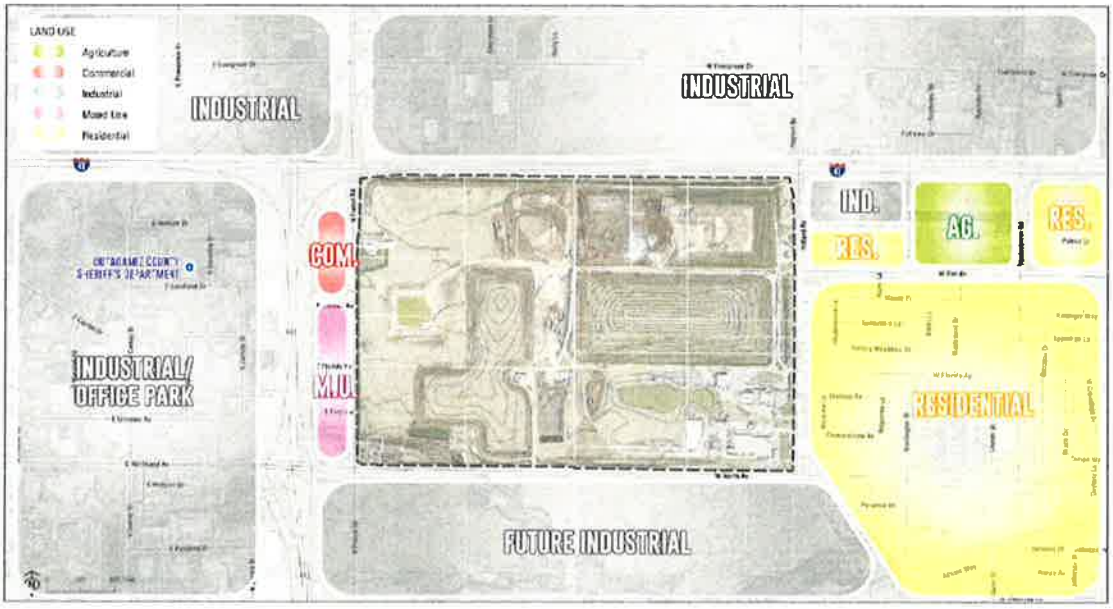
As recycling and recovery efforts increased in the mid-1990's, more dedicated operations and administration for solid waste activities were required. It came to a point where the need for two separate departments was evident. Also, a new Brown, Outagamie, and Winnebago County Solid Waste Intergovernmental Agreement was created that regionalized solid waste landfill operations. Commonly referred to as BOW, this agreement further increased the need for the recycling and solid waste operations to be separate from the highway functions.

Appleton Facility Layout and Functions



2.1.2 Current Site Layout and Function

The Appleton site is located between IH-41 and County Highway OO (W. North Avenue), French Road, and Holland Road, in the Town of Vandenbroek and the City of Appleton, but surrounded by the Village of Little Chute. The site addresses are 1313 and 1419 Holland Road.



The following uses are on site:

- The Recycling and Solid Waste Department's single stream material recovery facility,
- Two inactive and one active landfills,
- City of Appleton compost area (this will be relocated and replaced)
- The Highway Department offices and the Appleton garage,
- Storage for the Sheriff's Office and Emergency Management Department (in a building referred to as Zebra 12),
- A dog park operated by Outagamie County's Parks Department, and
- A private communications tower.

Until recently, the Highway Department utilized an open area just west of Zebra 12 for stockpiling roadway materials. In 2021, this area was identified as a future stockpile location for the new Northwest Landfill expansion. Generally, the site is now portioned such that the far southeast 1/16th of the total site is dedicated for Highway Department use, while the remainder is dedicated for recycling and solid waste use.

Appleton Facility Zones of Ownership

Surrounding Land Uses

2.1.3 Topography and Surface Water

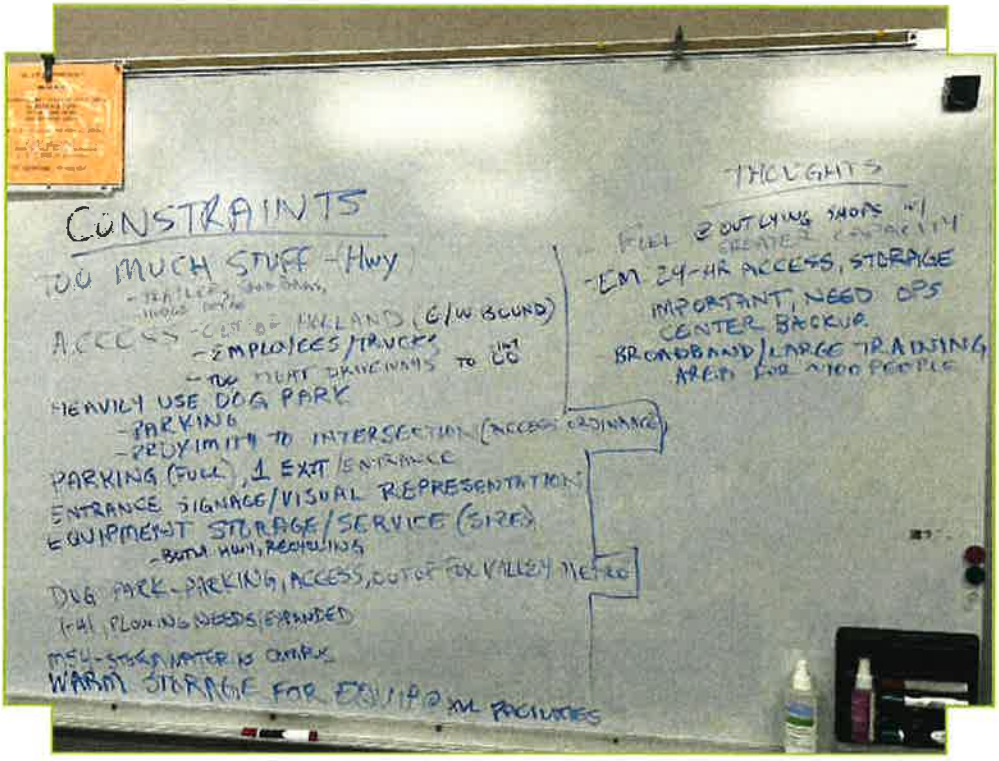
The Appleton site's topography is dictated by the intended use of the land for the landfill. There are three sedimentations ponds. Pond 1, located just north of the Highway Department facility, in the Southeast quadrant of the site currently has excess settling capacity. The Recycling and Solid Waste Department plans to fill in the east side for future expansion for recycling purposes. Pond 2 rests just north of the creek and just west of the communications tower. Pond 3 was recently built west of the west landfill cell. There is a creek in the Southwest quadrant of the site that separates the dog park from the other uses. There are no floodplain issues.

2.1.4 Surrounding Land Uses

For any heavy use like a highway garage or landfill, the surrounding land use can present operational constraints. The site is bordered by: Highway 41 adjacent to the landfill, an industrial and business park to the north, Holland Road and residential development to the east, W. North Avenue, farmland, that is likely to be developed, to the south, and County Road OO/French Road, a few homes, open land, mini-storage, and Highway 441 to the west.

The Village of Little Chute Comprehensive Plan calls for continued industrial development to the north, maintenance of the neighborhoods to the east, industrial development to the south, and recreational uses to the west. All landfills and major public facilities have some impacts on surrounding land uses. Noise, odor, and traffic are common issues. However, all off site impacts in regard to dust, odor, gull and litter control management programs and activities are actively addressed in all current and future WDNR approved plan of operations. Traffic flow along Northland Avenue to and from the landfill and Highway facility present on going constraints due to Holland Road being the main egress to the facilities.

2.1.5 Access and Circulation



There are current concerns with both internal and external access and circulation, and each use has different access and circulation issues:

Recycling and Solid Waste Department - There is one primary public access point for both government and commercial haulers and the general public for dropping off waste and recyclable materials. The general customer entrance is located at 1919 Holland Road. A quarter mile long driveway leads to the scale houses. Customers are then directed by staff to the appropriate area within the greater landfill site.

A secondary entrance exists across from Florida Avenue. This entrance is not used as it does not provide a staging area for daily truck traffic entering the site. There are three vehicle scales, each of which have specific customer requirements. Most one-time users of the site use the scale closest to the building. The far scale is used by repeat commercial haulers equipped with RFID badges.

A general public access road runs east-west through the site in line with Florida Ave from the scale area for about ½ mile, then turns south for about ¼ mile to a gated exit onto County OO. This also serves as a return road to the scale area for reweighing vehicles. This long internal queuing is well designed to allow customers, both commercial and the public, to queue inside the facilities prior to reaching the scales and is of great value as to not allow a line of vehicles to impact travel on Holland Road.

Access roads exist to the different landfill cells. A paved access road exists from the scale north, adjacent to the entrance driveway, and then turns west in line with Elm Drive towards the current operating northeast cell. Typically, refuse trucks and tractor-trailer refuse haul trucks are allowed to dump directly in the active cell. Haulers with RFID badges are weighed upon entry and then are allowed to exit the site along the access road. Individual trucks, contractors, and general public are weighed upon entry and then must weigh upon exit to calculate appropriate landfill tip fees.

Highway Department – The Highway Department is occasionally accessed by the public, but the primary traffic is generated internally from highway trucks and employees accessing the site. Currently the traffic circulation for the highway department is not efficient. In addition, the highway trucks experience delays when leaving the site via the intersection of Holland Road and County Road OO.

Access to the employee parking, and visitor access to the administrative offices and conference room is located about 150 feet north of County Road OO. Access to the garage, mechanics area, salt shed and fueling stations is located about 550 feet north of County Road OO. This access is gated. Various vehicles travel within the site at any given time. The most congested times are at the beginning and end of the field employee shifts.

Holland Road is a 2-lane street with bike lanes and parking lanes. County Road OO is a 4-lane undivided highway. The intersection of Holland Road and County Rd OO is currently a T-intersection with stop control on Holland Road. As a 1-way stop, the traffic demand exceeds capacity for Holland Road. Traffic queues extend for several cars. This causes delays for highway and solid waste traffic attempting to turn onto County Rd OO, especially for left turns. The intersection is listed in the County Capital Improvement Plan to study and design a traffic signal or roundabout at the intersection.

Sheriff's Office and Emergency Management – Both of these departments store vehicles and items in a building referred to as Zebra12. They do not have issues with circulation or access to the storage. Users are required to enter the Highway garage entrance gate to access the site.

Dog Park – Access to the dog park is located on French Road about 250 feet north of County Road OO. The primary issue for access related to the dog park is that the user demand exceeds the parking area available. The parking lot is full frequently, and people opt to park on French Road, which creates safety issues. There are approximately 26 spaces in the dog park parking lot.

Communications Tower – The tower is accessed from an internal road off of County Road OO. The site is fenced so only authorized individuals can access the tower.

None of the uses on site are typically accessed by bicycle or sidewalk.

The site is mostly surrounded by a security fence along all public roads. A few areas by the Highway Department salt shed and outer storage facility are unfenced. Entrances are gated and open during the day. The main gate at the entrance to Recycling and Solid Waste is an automatic gate on a set schedule, but it can be opened and closed remotely. The exit gate is an automatic gate for anyone wishing to leave the site during off hours. Other entrances to the Solid Waste site, including the maintenance garage, 3414 N French Rd, the overflow gate across from Florida Ave, and another gate in line with the employee and visitor entrance to the administrative office, are manual gates. The gate to the Highway Department can be opened and closed by employees with remote or by keypad.

Year 2019 annual average daily traffic (AADT) on the surrounding roadways is as follows:

Road	AADT
County Road OO	12,400
Holland Road	5,100
French Road	5,100
Evergreen Drive (North of I-41)	1,700
I-41	59,300
State Highway 441	32,400

2.1.6 Utilities

The site is served by water and sewer lines from the Village of Little Chute. There is an ATC 138 kV electric transmission line that runs north-south through the site, along the western edge of the northeast and east landfill cells. Old gas lines that fed the old methane co-generation facility, previously located at the Highway garage, have been abandoned in place between landfill site and gas plant.

Sewer and Culvert Pipe Inventory - Appleton Garage

2.2 Individual Department Operations

2.2.1 Recycling and Solid Waste Department

There are two closed landfills and one active landfill on site which make up most of the 450 acre site. The site also includes administrative offices, recycling sorting facility, material recovery facility (MRF), resource recovery park (RRP), hazardous materials drop off, and a maintenance garage.

Administrative Offices – Access to the administrative offices is located on Holland Road near the southeast corner of the landfill site property. There is an 80-stall parking lot for staff and visitors. The administrative building includes the recycling and solid waste department offices, scale operators, employee break room, conference room, and a locker room.

Materials Recycling Facility (MRF) – The materials recycling area is adjacent to the administrative offices under the same roof. The 50,000 SF facility can sort over 350-400 tons of recyclables on a given day. All recyclable materials are loaded into a metering bin, and then enter the conveyor belt to the sorting system. Materials are sorted through mechanical, and technological means in addition to hand sorting. Aluminum, steel, paper, cardboard, and plastic recyclables are baled, while glass is crushed and dumped into large containers outside the facility. Minimal on-site storage exists for recyclables. Approximately 15-20 loads of recyclables are picked up daily.

Transfer Station – The transfer station building is a separate building located slightly north and west of the materials recycling facility. The transfer station is approximately 20,000 SF. In this building residents and small commercial customers dispose of materials to then be transferred to the landfill, or sorted for potential recovery. A wheeled loader is used to push, sort, and load materials throughout the day.

Resource Recovery Park (RRP) – The RRP was newly added in 2020. It provides residential and small contractors the ability to separate certain waste and recycling materials in a way to recover reusable items to reduce these from going straight to the landfill. It is located just west of the transfer station. Thirty low-profile, color-coded and labeled dumpsters are used to separate different waste materials. It also is the drop-off area for items such as electronics, appliances, tires, and waste oil. This area is approximately 2.5 acres in size.

Active Landfill Cell – The current active landfill is the northeast (NE) cell, which is in the northeast part of the property, adjacent to IH-41 and generally north of Elm Drive. This is where refuse is currently being dumped on a daily basis. The capacity of the NE cell is to be determined.

Inactive Closed Landfill – Two closed and capped landfills exist on the site. The west landfill encompasses over 45 acres and is generally an "L" shape that is located in the middle western half of the site. The site was closed in 1980. The east landfill is located between the general access road and the active northeast landfill access road. This cell is a full rectangular area and received its final cover and closure cap in 2016. It covers about 60 acres.

Hazardous Materials Drop-off – The hazardous materials drop-off is currently done at 3414 N French Road, which is a collection of older storage buildings on the far west side of the landfill site. This is a drop-off only collection and no materials are stored on site. The highway department uses some of the existing sheds for concrete forming equipment and seasonal equipment storage.

Compost Drop-Off – A biodegradable materials drop-off area is located at the inside corner of the site access road when it turns from west to south. Residents are allowed to dispose of dirt, stone, sod, grass clippings, plants, and branches. Just to the south is a large composting area used by the City of Appleton. The City of Appleton section is not open to the public.

Debris Management Area – A debris management area has also been constructed to facilitate a county-wide emergency event such as high wind damage, flooding, tornadoes, etc. Material can be delivered and subsequently source separated prior to landfilling or other resource recovery operation opportunities with storm related debris. This area also houses concrete, brick, base, shingle, asphaltic products, small loads of dirt and sod products as alternative to customer access to the active landfill.

Maintenance Garage – The Recycling and Solid Waste landfill maintenance garage is just north of the main customer entrance across from Elm Dr. The maintenance garage has a separate driveway from Holland Road that is controlled by a manual gate. Approximately 10 parking stalls exist for employees and private repair/sale visiting personnel. Most Recycling and Solid Waste vehicles are serviced here.

Methane Collection Facilities – Until recently the methane recovery area was attached and adjacent to the far southwest portion of the primary highway garage. The methane recovery private firm Mas Energy is currently building a new methane gas recovery facility north of the highway salt shed.

2.2.2 Highway Department

The Highway Department administrative offices and Appleton garage are located at the corner of County Highway OO and Holland Road. Approximately 20 acres of the overall site is used by the Highway Department. The Appleton highway facility was built in 1989. This approximately 95,000 SF building includes administrative office space, a public conference room, employee break room, parts inventory, mechanics, sign shop, welding area, body shop, paint booth and vehicle parking garage.

The Appleton Highway facilities have two access driveways onto Holland Road. One driveway leads to the employee and visitor parking area. The other leads to the garage and storage area. Employee and visitor parking is near the front of the building and not protected by security fencing. The Highway Department administrative building conference room serves as the Emergency Management backup emergency operations center and a primary location for training sessions and meetings. The meeting capacity is approximately 75 people. The spaces in the Highway garage facility are as follows:

Administrative Office – The administrative portion of the building is about 10,000 SF located in the far southeast part of the building. This includes an office area for reception, the Highway Commissioner, engineering, highway accounting, and field and shop supervisory staff. It also includes the employee break room, locker rooms, rest rooms, and highway conference room.

Parts Inventory Room – The parts inventory room is located just east of the mechanic shop. It includes an office for the inventory clerk. This room is only accessed by management and inventory personnel.

Miscellaneous Shops – Along the east wall of the garage are the sign shop, wood shop, sign storage area, tire room, and north of the parts delivery doors are the body shop, paint booth and welding shop.

Mechanics Shop – The general mechanic shop area is about 22,000 SF. It is located in the east-center section of the building. There is space for 14 dedicated pieces of equipment for maintenance or repair. There is also an oil room in the northwest corner of the shop section.

Garage Storage Area – The western half of the building is the garage storage area. This general area is about 44,000 SF. Subdivided in this area is the wash bay, vehicle maintenance bay and restroom in the northeast corner of the building section, and office and storage related to the landfill co-generation operations in the southwest corner of the section. Two overhead doors on each end of the building provide one-way north to south movement through the garage area. Approximately 20 fully equipped plow trucks can park in this area.

Fueling Station - Appleton

"Zebra 12" Sheriff Storage

Materials and Equipment Storage - Appleton

Salt Shed - Appleton

The following are separate from the primary building:

Additional Detached Storage – A 30,000 SF non-heated storage building is located on the far west part of the site that is used for non-quick response vehicles, seasonal storage, and traffic control equipment for roadways.

Fuel System – A six-pump fueling station is located in the northeastern part of the site, near the entrance gate. Both unleaded gasoline and diesel fuel is available for County vehicles. Fuel is also made available to the Recycling and Solid Waste Department, Sheriff's vehicles, EMS, and other county departments, as well as the Village of Little Chute, Vandenbroek Fire, and Kimberly Waste. Vehicles must enter the highway facilities gate to access the fueling stations.

Salt Shed – A gambrel roof-style salt shed structure is located to the northwest of the garage storage facility. This shed holds 4,500 tons of salt used for both county and Wisconsin DOT roadways. The brine making facility is adjacent to the salt shed. This brine making equipment was installed in 2019. Five 6,500-gallon and two 20,000-gallon storage tanks exist along the south wall of the salt shed.

Sand Blasting Area – This is located adjacent to the west wall of the salt shed. In the summer it is used to store highway road paint and other containers.

Culvert and Miscellaneous Apparatus Storage – Three dedicated materials storage areas are located west of the primary storage garage. One is north of the former co-generation engines, and two other larger areas are west of the access road for the garage. These hold culverts, storm sewer pipes and structures, guard rails, posts, and other miscellaneous items. Some plow equipment is also stored in this area in the off season.

Materials Storage – Construction materials are stored in the far southwest corner of the Highway Department site, located south of the Sheriff's evidence building (referred to as Zebra 12). Concrete bins store common sizes of stone, breaker rock, sand and chips for miscellaneous highway use. There is no room on site for project-specific stone materials.

Outside Vehicle and Equipment Storage – Large construction equipment is commonly parked west of the culvert storage area. Other seasonal equipment is parked along the north property fence between the salt shed and the fuel system.

As mentioned, the Highway Department operates three outlying garages located in Seymour, Shiocton, and Hortonville. The Highway Department also stockpiles roadway materials on county-owned property on Brewster

Street in the Town of Grand Chute. These are described later in the chapter.

2.2.3 Sheriff's Office

The Sheriff's Office uses space within a building on the main site referred to as "Zebra 12". This building is located on the southwest side of the property. Zebra 12 has four sections; three fully enclosed and one outdoors that is fenced. The Sheriff's Department uses the following spaces:

Interior Parking – This section is the largest with 10,000 SF. It has three overhead doors on both sides of the building which allow drive-through access. This area is shared with Emergency Management. The Sheriff's Office uses one of the three bays for storing the patrol boat, patrol cars, and patrol vehicles parts. There is also a catwalk that is above the locked evidence area used for miscellaneous equipment storage.

Locked Evidence Area – This is a separate room adjacent to the storage bay used by the Sheriff's Office. The 2,400 SF area is used to store long-term evidence and overflow evidence that cannot be contained at the main Sheriff's facility located at 3030 Goodland Avenue.

Vehicle Evidence – This is an unheated, separate section of Zebra 12 used for storing evidence vehicles. This 6,000 SF section of the building has one overhead door on each side of the building. A central alley allows access between parked evidence vehicles on each side of the alley. Approximately sixteen passenger vehicles can be parked in this space.

Outside Evidence – A separate outdoor locked fenced area is also used for vehicle evidence storage. Vehicles stored outside usually are ones for which there is no concern of weather impacting the evidence. The 5,000 SF area can store approximately 12 passenger vehicles. Additional oversized evidence vehicles (examples: school bus, semi tractor-trailer) typically are stored outside of the locked evidence area.

Zebra 12 has separate badged requirements for the doorways. Sheriff's staff have access to all four areas. The parking garage is also accessible by Emergency Management staff and Emergency Management volunteers. Highway Department management staff also has access to the interior parking area. To access the site, Sheriff personnel must enter the gate for the Appleton Highway Garage site, and travel through the entire site to the Zebra 12 building. The Outside Evidence fence currently sits about one foot off of the ground, which causes some security concerns because the gap could allow someone to break into this area.

2.2.4 Emergency Management

As mentioned, the Emergency Management Department also stores materials in Zebra 12, and it uses the Highway Department conference meeting rooms on occasion. Emergency Management uses one of the three bays for storing the emergency barricade trailer, CERT truck, mobile communications trailer and emergency health trailer or sheltering trailer, flooding sandbags, and other emergency supplies. To access the site, EM personnel must enter the gate for the Appleton Highway Garage site and travel through the entire site to the Zebra 12 building.

2.2.5 Dog Park

The dog park covers approximately nine acres. It has a parking lot and separate area for small dogs. The dog park is on land managed by the Recycling and Solid Waste Department. With the construction of the Northwest Landfill, part of the dog park was closed and turned into a stockpile area. Long term the Recycling and Solid Waste Department has plans for this area. Thus, another site for the dog park needs to be found.

2.2.6 Communications Tower

There is a private communications tower located near the southwest corner of the overall site. It is used by Emergency Management and others. There is a small private drive for access and maintenance.

2.3 Outlying Facilities

In addition to the Highway Department's main office and garage at this site, there are three outlying garages located in Hortonville, Shiocton, and Seymour. The Highway Department also stores materials and snow at its Brewster Street site near Appleton.

2.3.1 Hortonville Garage

The Hortonville Garage is located on Oak Street which is a dead-end street off State Highway 15. This garage is within the Village of Hortonville. The current facility was constructed in 1982. This facility is adjacent to MidCon Products, an industrial concrete manufacturing facility to the east. Residential single-family homes exist to the west. There are railroad tracks on the south side of the site. There is no security fence around the site. The total county owned property is about 1.6 acres. This location includes a vehicle storage garage, dual purpose employee break room and parts area, foreman's office, and unisex bathroom. The storage garage has four overhead doors that require vehicles to be backed in or out. Vehicles are parked two or more vehicles deep within the garage during winter. There are two 6,500-gallon brine tanks on site. There is also a diesel fueling station. One salt shed holds both county and Wisconsin DOT salt. The existing salt shed is in poor condition and there is no room to wash vehicles. There is a minimal area to store road materials on site. Some county equipment is parked outside in the road right-of-way. These issues make it a pivotal site in the overall plan for resources. Decisions will need to be made about replacing the salt shed or relocating. There is the potential to relocate the salt shed, or even the whole garage facility to excess land associated with the new Highway 15 construction.

2.3.2 Shiocton Garage

The Shiocton Garage is located on the east side of the Village of Shiocton with direct access to State Highway 54. It is surrounded to the west by single family homes and undeveloped lots and farm fields to the east. The current facility was built in 1985. There is a security fence around the perimeter of the buildings. The gate is an electric, remote or keypad operated sliding gate. The Shiocton garage is the largest of the outlying garages. It is a drive-thru garage with one overhead door each on the east and west ends of the building. This location includes vehicle storage garage, dual purpose employee break room and parts room, foreman's office, unisex bathroom. There is a diesel fueling station on site and two 6,500-gallon brine tanks. Two separate salt sheds are on this property, one that houses salt intended for county use, and one for Wisconsin DOT roadway use. A waste oil storage tank on the property is used for supplemental heating. The total County-owned land at this site is about 21 acres, however only about 6.5 acres are currently used for the garage, salt sheds, equipment, and road materials storage.

2.3.3 Seymour Garage

The Seymour Garage is located on a 5-acre site on Municipal Drive on the west side of Seymour located off County Highway G. It is adjacent to the City of Seymour Public Works Department facilities. The current facility was constructed in 2000. The security gate is an electric, remote or keypad operated sliding gate. Most of the remainder of the site is unfenced. This location includes vehicle storage garage, foreman's office, tool room, unisex bathroom and dual purpose employee break room/parts room. One salt shed holds both county and Wisconsin DOT salt. There are two 6,500-gallon brine tanks. There is also a diesel fueling station on site. A waste oil storage tank on the site is used for supplemental heating. The storage garage has 5 overhead doors that require vehicles to be backed in or out. Vehicles are parked two or more vehicles deep within the garage during winter. This location has sufficient open space to store equipment and road materials for projects in the area.

2.3.4 Brewster Street

An additional relevant Highway Department owned property is located at the west end of Brewster Street in the Town of Grand Chute. The Highway Department mechanics garage and administrative offices used to be located in this general location, west of the current Brewster Village Assisted Living Center. About two acres of area is available for materials storage. Additional buildable area exists but this is being retained for potential future Brewster Village expansion and possible other community shared use. The Highway Department hauls snow from the downtown courthouse campus to this location. Current materials stored here include concrete rubble, asphalt material, base course, breaker run, and recycled topsoil.

3 Current and Future Needs Assessment

The previous chapter focused on existing conditions, and this chapter shifts to a discussion of current and future needs. Some needs have been planned for and are in existing or future budgets. Other needs must be weighed against a variety of influences to determine the best course of action. This chapter builds the basis for the more detailed evaluation of priorities in the following chapters.

3.1 Recycling and Solid Waste Department

This department, in part because of the heavily regulated nature of its operation, and its need to provide long-term recycling and solid waste solutions with a regional focus, has a solid plan for its future expansion and operations.

In 2003, the Brown, Outagamie, and Winnebago (BOW) Intergovernmental Solid Waste Disposal Agreement set the commitment to use each county's existing and future landfill capacities. This allowed the counties to stabilize operating costs while meeting the waste management and recycling needs of 65 communities. Due to the success of the partnership, a new BOW agreement was approved by all three county's committees/boards in fall of 2020. This agreement runs through 2042.

The Recycling and Solid Waste Department has engaged Foth, an engineering consulting company, to guide them through their expansion plans. As mentioned in Chapter 2, the site currently has two inactive and one active landfills. A Phase 2 expansion of the NW landfill is planned for 2029, and this will involve many changes to the site to accommodate:

- The removal of three buildings in the northwest corner of the site.
- The need for soil storage. Soil from excavation is currently being stored on site. Ultimately, 500,000 of cubic yards of mass excavated soils for the final cell in the new expansion will need to be stockpiled either on- or off-site.
- The need to relocate the City of Appleton compost overflow. The overflow will need to be removed or used as the landfill expands.
- The desire to place a hazardous waste collection site in the location of the current dog park. The location of the existing dog park provides good public access, but it also necessitates the relocation of the dog park.
- The filling of Pond 1. This act will create yard storage for transfer, recycling, and recovery operations.

The Recycling and Solid Waste Department has an extensive list of capital projects planned including:

- Installation of artificial intelligence sorting robots
- Replacement of balers
- Implementation of a Glass Clean-up System to improve glass recovery
- Leachate conveyance installation to City of Appleton wastewater treatment facility
- Installation of NE Cell leachate and gas piping vertical wells
- Replacement of metering bin and metering wheel for recyclables
- Materials Recycling Facility expansion to enclose the MRF compactors and glass system

The primary unmet capital need at this time is IT Support. In order to make sure that there is enough bandwidth to support cameras and other operations. Redundant fiber cabling is needed.

3.2 Highway Department

The over-arching need for the Highway Department is to meet the needs associated with a growing highway network while being constrained by Recycling and Solid Waste Department's site-based needs. In addition, the balancing of services in the outlying locations is a challenge. Below, the needs and challenges for all the locations are listed first, and then the challenges and opportunities at each garage are listed.

3.2.1 Needs - All Locations

- Broadband is needed at the outlying facilities to support needed cameras, VOIP, improved audio-visual capabilities, fuel systems, scale systems, brine production and communications.
- Emergency generators are needed at all facilities. Appleton has one generator, but it is undersized.
- Security cameras are needed at all locations.
- Scales are needed at all locations.
- Brine production and fueling upgrades are needed at all locations. Expand brine systems up to 200,000 gallons at Appleton and 40,000 gallons at each outlying facility. Update fuel stations as unleaded gas to diesel ratios need to change.
- Equipment wash bays are needed at outlying locations.
- More warm storage space is needed for equipment at all locations. There are safety/ risk management issues when hooking up plows outside.
- All locations need building upgrades. In all of the outlying facilities, up-to-date (separate male/female) locker rooms and break rooms are needed.
- Data closets in outlying facilities should have their own spaces, away from dust/debris and outside individual office space.
- All facilities either need security fencing or fencing alterations.

With more development, there are more miles of road to plow and maintain, and more equipment will be needed. There are transportation issues when moving equipment and materials from Appleton to other locations and this adds to costs. Most of the seasonal equipment is in Appleton. In general, all the needs listed above create an overall challenge about how and where to invest resources.

3.2.2 Appleton

The Highway facilities in Appleton are in good condition, but a series of situations make operations challenging.

Circulation – There are circulation issues with access to the main building as well as with trucks maneuvering about the site. Wayfinding/improved signage is needed throughout the whole site. A better entrance area that delineates the main entrance from the employee entrance is needed.

Fuel Access – The current fuel system supports other departments and various municipalities. This fuel system is within a fenced area requiring all vehicles to enter the secured fence area. In addition, the current fueling system is at the end of its lifespan.

Office growth – The department will be adding staff and the offices are already tight. Meetings already have to take place within the Highway Commissioner's office (which is not always practical), the main meeting room is used frequently by large groups and is often at capacity, and there is little room for summer interns (let alone new, permanent staff). In addition, there are several needs related to keeping the site safe and secure for staff. For example, building security upgrades including more locking doors, cameras, and visitor security elements are needed.

Equipment – Several upgrades are desired including: column lifts (to lift dump trucks graders), a bigger paint booth (the current length is fine, but the width is tight), a larger, drive through wash bay, and a new scale.

Storage – 35,000 SF of heated storage space is needed now to get all equipment under roof.

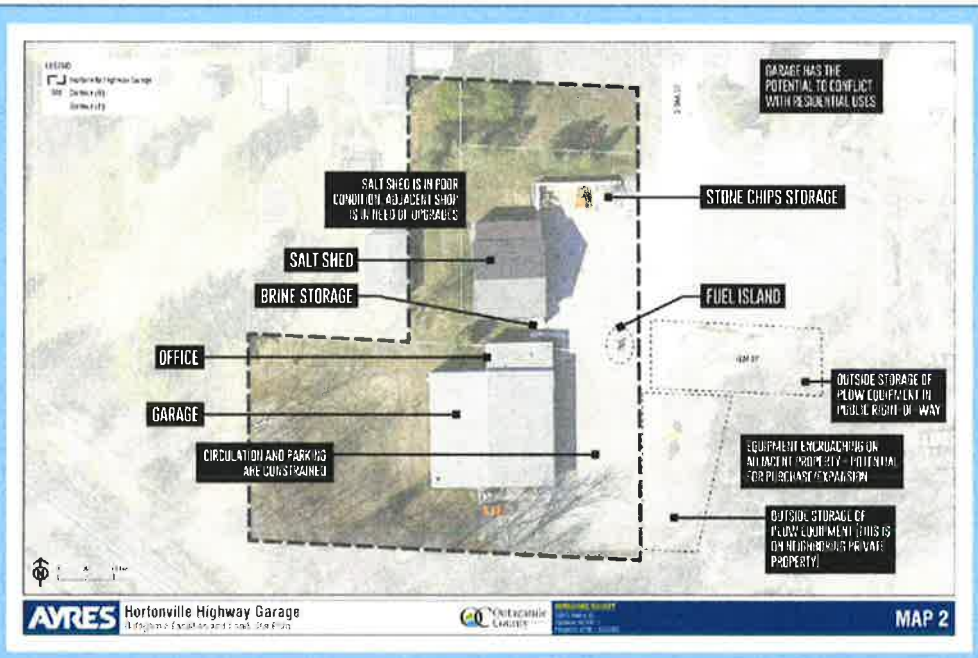
Brine/Salt – Currently there is a 4,500 ton salt shed on site. The State will soon need to add a 10,000 ton shed on site. Current loading of brine is done through two stations, servicing 20 trucks, at times creating congestion.

Fleet Capacity – With the upcoming STH 15 and I-41 expansions planned and funded, the Highway Department estimates a minimum six snowplows and tow plows will be needed.

Surrounding Growth – As surrounding land is developed, conflicts between Highway Department vehicles and other traffic will increase. Access onto road network in the morning is already a challenge.

Site use by other departments – As the Recycling and Solid Waste Department has expanded, the Highway operations have become more constrained. In addition, the Sheriff's Office and Emergency Management use storage on site.

3.2.3 Hortonville

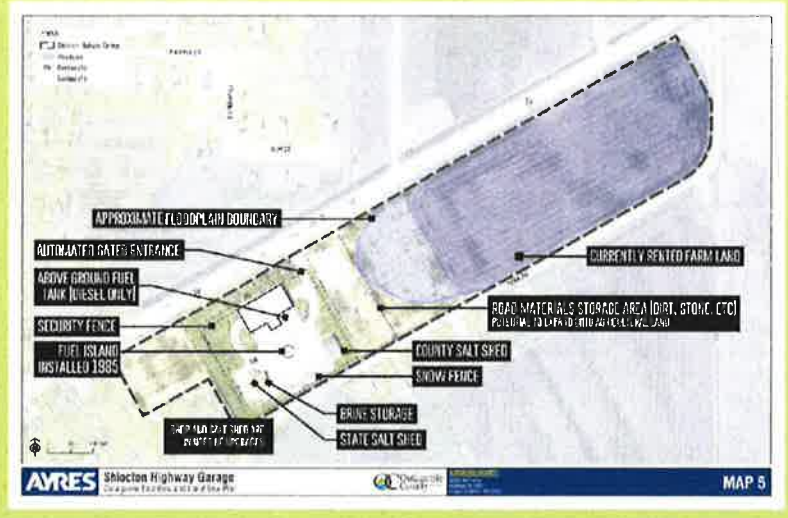


The Hortonville site is the most constrained of all of the Highway facilities and has the most issues in terms of condition and functionality. The facility is on a relatively small parcel behind residential development. The challenges on the site include:

Circulation/Space – Hortonville has a back-in garage which was designed for equipment of the time. There are four bays of overhead doorways where vehicles must back in and park double deep. The doors are narrow due to the increased size of equipment required.

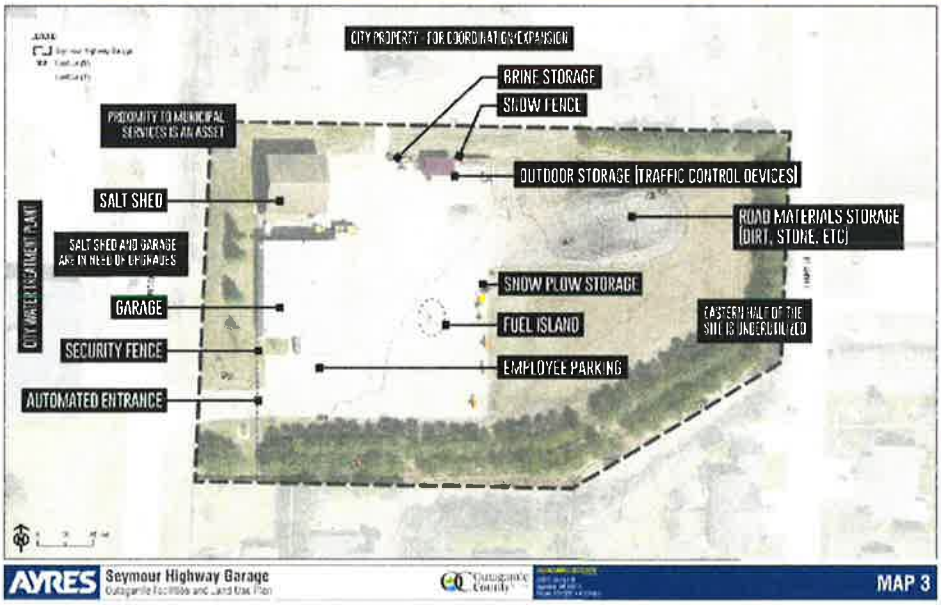
Size – The operations are outgrowing the site. There is minimal storage and thus this shop must use adjacent right-of-way space for overflow. There is little room for employee parking.

Interior Space - Like all of the other facilities, it needs interior upgrades. Separate space for shops, a foreman's office, and a break area is needed. Office walls are thin and the shared ventilation results in a lack of privacy. Other needed facilities include separate male and female locker rooms, broadband access, fuel upgrades and exterior fencing.



Surrounding Growth – The soon to be completed State Highway 15 bypass will require (at a minimum) two additional snowplow vehicles, and trucks must drive through town to get to the bypass. This bypass will make access to the state highway from the current garage less efficient and will increase commute time. There is not enough salt storage to accommodate the expanded roadway system. While the current neighbors do not presently mind, this garage is located next to homes which could pose future issues resulting from these incompatible development types.

Condition – The salt shed is in need of replacement.
Storage - Capacity for signs, barrels, and barricades, as well as the trailer is limited. Construction materials storage space is also needed.



3.2.4 Shiocton

The Shiocton facility is in relatively good condition and it has the advantage of having space for expansion. However, the site shares the same challenges as the others: the need for better interior space (including a breakroom, training space, and male and female locker rooms), broadband, and fueling upgrades. The building also has limited capacity for signs, barrels, and barricades as well as a trailer.

3.2.5 Seymour

Seymour is the second smallest garage. Like all the other facilities, it needs male and female locker rooms and meeting space. Seymour has a back-in garage. There are five bays of overhead doorways where vehicles must back in and park double deep. The doors are narrow. The brine is not located in the best spot due to backing up. The current salt shed has a low ceiling, no push walls for equipment used, and narrow side and doors.

3.2.5 Brewster Street

This site is currently used for material storage, including snow storage from the courthouse. There has been discussion of moving the dog park to this site, but then a new location will need to be found for the stored materials. The site is currently far away from the other Highway locations, and a site in the western Fox Cities would be more ideal. There are some drainage issues. There was an old garage on site. Contamination could be an issue.

3.3 Sheriff's Office

Currently the Sheriff's Office stores materials on the Appleton site in a building called Zebra 12. The shared nature of Zebra 12 compromises security. Having off-site evidence is inconvenient when items need to be transported from the Sheriff's office at 3030 Goodland or when evidence stored at Zebra 12 needs to be examined, released or destroyed. The outdoor vehicle storage is not secure, and there is the potential for people to tamper with the evidence in or on the vehicles.

3.4 Emergency Management

The Emergency Management (EM) Department also stores materials in Zebra 12. The shared nature of Zebra 12 compromises security. Ideally some of these items should be housed closer to the center of the County for overall ease of accessibility. Heated storage is also a needed improvement.

3.5 Dog Park

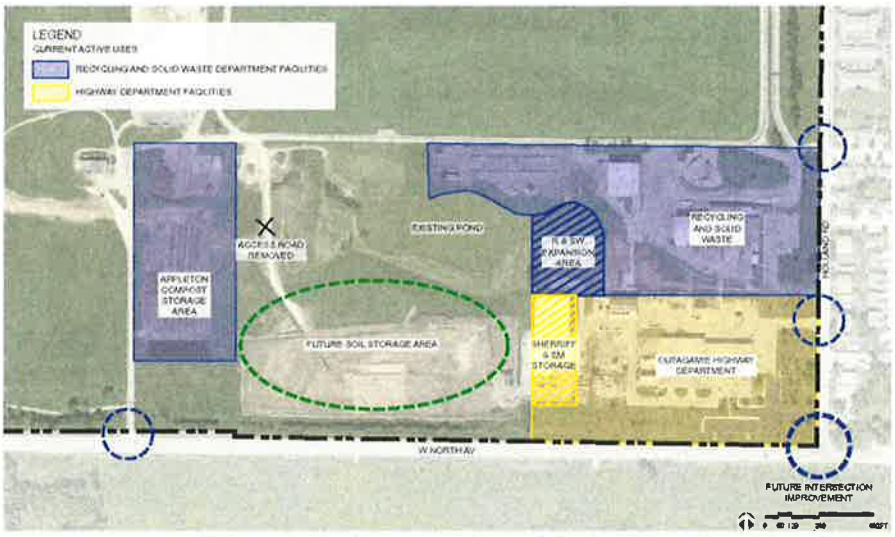
The over-arching challenge for the dog park is that its existing location is not under the control of the Parks Department and the Recycling and Solid Waste Department would like to absorb the space for other uses. The current site is very popular and there is often parking overflow on French Road. Improvements are planned for the French Road/County Road OO intersection that could impact the dog park. Generally, maintenance of a dog park is challenging. Local police sometimes have to police the dog park. There is no access to water for the dogs, and the site has drainage issues which have created gully and trip hazards.

4 Constraints and Opportunities

Chapters 2 and 3 focused on existing conditions and needs. This chapter focuses on constraints and opportunities. The inter-relationships of all the functions that take place on the Appleton site are complex. In addition, the outlying highway facilities share some needs, but also have unique constraints and opportunities.

Before exploring the constraints and opportunities of each function and site, some "shared understandings" of the facilities can be established:

4.1 Shared Opportunities



- The landfill has a life span of at least 15 more years and has a solid operations plan for the existing site. Depending on regional agreements and the diversion of products from the landfill, the life span could be longer.
- The Highway Department will need more space to accommodate growth demands. The Highway Department uses approximately 20-acres of the overall Appleton site. The operations are constrained at this point, and growth (i.e. the need for trucks, a larger staff, and expanded salt and fueling operations) cannot be accommodated within the existing 20-acre area.
- All of the Highway Department shops and salt sheds are in need of upgrades. Expanded salt capacity is needed at the Appleton and Hortonville sites which are required to accommodate increased systems due to expansions of STH 15 and I-41.
- The Appleton shop and office need to be expanded to accommodate more staff and equipment. The outlying shops are all older and do not include necessary facilities like separate male/female locker rooms, private meeting/office space for managers, and IT space. In general, the facilities are all too small to accommodate needed storage.
- It is more prudent to use existing space, but some land purchases may be needed.
- With the approval of a new 911 Center at the Goodland facility, it is logical that storage could be shifted from Holland Road to the Goodland Drive site.
- Previous studies have identified a workable location for a new dog park. The Brewster Street site is an appropriate fit for a dog park, and a new location for the storage of highway materials should be found.

Even given these facts, there are unique opportunities at each site that are documented in the remaining sections of this chapter.

4.2 Appleton Site

The Recycling and Solid Waste Department has continued to execute extensive planning for its operational expansion in serving its municipal and commercial base primarily in Outagamie County in addition to their BOW partners of Brown and Winnebago Counties. Surrounding land uses and traffic will remain a challenge simple due to growth in the area, but the impacts can be mitigated through communication with the Village of Little Chute. Given that the Recycling and Solid Waste Department will remain, the pressures on Highway Department and the dog park will continue, and this in turn impacts the storage uses for the Sheriff's Office and Emergency Management Department.

Surrounding traffic and land uses – The potential for land use changes around the Appleton site is limited by the availability of utilities, but there is the potential for development at the corner of County Road OO and French Road. This intersection will be upgraded in 2023. Land to the south of County Road OO is planned for industrial development, but no concepts have been developed. A roundabout is a potential improvement to the intersection of Holland Road and County OO. The Village of Little Chute has land permitting authority over the Highway and Recycling and Solid Waste buildings.

AYRES **OUTAGAMIE COUNTY** | OUTAGAMIE FACILITIES AND LAND USE PLAN

4.2.1 Primary Coordination Issues

Soil Storage - The Recycling and Solid Waste Department will consume an additional 500,000 cubic yards of capacity in the WDNR approved NWLF Plan of Operations existing soil stockpile location with the next landfill expansion. This will further limit options for the Highway Department. This will further limit options for the Highway Department. There is no planned option for off site storage of excavated soils generated from the development of the Northwest Landfill.

Repurposing of the Co-generation Facilities - The former methane co-generation facilities located adjacent to highway garage could be re-purposed or redeveloped for use by the Highway Department. However, this facility is a Recycling and Solid Waste asset with recycling operations currently utilizing the facility as storage and maintenance. If it is determined that this space is needed for Highway operations, the Recycling and Solid Waste Department would need to be compensated.

Stormwater Management – There is a pond on the Recycling and Solid Waste Department's portion of the site. The Recycling and Solid Waste Department plans to alter this pond with future expansion, but there is still the opportunity for at least some stormwater from the Highway Department's portion of the site to be diverted to this pond. Currently the Highway Department's stormwater follows natural run off patterns toward County Road OO.

Circulation – While the two functions have shared some circulation in the past, they find it more efficient to operate separately at this time.

Use of Existing Buildings - The Recycling and Solid Waste Department would like to place a hazardous waste collection site in the location of the current dog park. That location provides good public access for hazard waste drop-off, but would necessitate the relocation of the dog park. In addition, the buildings in the northwest corner of site are not currently used by Recycling and Solid Waste. However, the Highway Department uses two. The plan is for these buildings to be removed during the Phase 2 expansion of the landfill in 2029.

Other Users of the Site - The compost facility on site is used for City of Appleton overflow. Eventually it will

need to be relocated as the landfill operations are expanded. There is a private communications tower on site, but at this point no impacts are projected for that use.

4.3 Outlying Highway Facilities

The Highway Department needs major investment in all of its facilities. The issue is how to be strategic about these investments. The Hortonville facility is the oldest, having been built in 1982. It is also the facility with the greatest site constraints. The Shiocton facility was built in 1986 and has the fewest issues but is still in need of upgrades to function well. The Seymour facility was built in 2000. There are building needs at the Seymour facility and the site is not used as well as it could be. Each site needs:

- Building upgrades (improved locker rooms, meeting space, IT space, more equipment storage, etc.),
- Relocated and improved fueling station,
- Additional/upgraded salt and brine facilities,
- Fencing, and
- A scale.

4.3.1 Hortonville

The Hortonville site creates the biggest challenge. The site is small and constrained by nearby residential uses. A new salt shed is a necessity because of the condition of the existing one and the need for more capacity.

The new alignment of Highway 15 is almost complete, and the Wisconsin Department of Administration (DOT) has planned for a new salt shed on a remnant parcel, approximately two-miles from the existing County site. The ideal situation is for the County and State salt supplies to be co-located rather than being just a few miles apart. There is no room for the State salt on the current site. A separate issue is that the County could offer more efficient services to the larger area if its Hortonville shop were located to the east (closer to Greenville), and the Highway 15 and 76 intersection.

Understanding that investment in a new salt shed at the existing constrained County-owned site (and in an outdated garage) is not prudent, the County has the following options:

- Seek out a site to the east of Hortonville and establish a new shop and garage closer to Greenville.
- Attempt to buy more property around the current site from an adjacent industrial landowner and expand and redevelop the current site.
- Co-locate with the DOT on the site that has been purchased two-miles west of Hortonville in the Town of Hortonia. This option could involve the construction of a salt shed and the rest of the operations could be left at the existing site, but this is arguably inefficient.
- Purchase more land from the DOT and move all the Hortonville operations to the west.

A decision about this site needs to be made in early 2023 because the DOT has started designing their salt shed to the west of Hortonville adjacent to Highway 15. Plans will need to be altered if the salt supplies are going to be co-located. Factors to consider are:

- The County currently owns approximately 1.5-acres in Hortonville. A purchase of at least approximately four more acres from the adjacent property owner would be needed to create a functional site. It is not known if the adjacent property owner is a willing seller or not.
- While the current residential neighbors don't mind the operations, the site is not in an appropriate location. The site is located in an area designated as a mixed-use growth area and community gateway improvement zone by the Village of Hortonville. However, the Village of Hortonville appreciates and benefits from the current location.
- There is not currently an appropriate available parcel to the east of Hortonville, plus land costs are higher to the east.
- The County could purchase land from the DOT in the Town of Hortonia. A decision about how much land to purchase would have to be made (the County could buy only what is needed, or more land to accommodate future uses).
- The Town of Hortonia has been supportive of the concept of a relocated highway facility, but land use approvals would be needed.

» The DOT site in the Town of Hortonia does not have public utilities, so construction would involve a septic system and well. In addition, there is shallow rock on this site.

4.3.2 Shiocton

The Shiocton site functions, but upgrades are needed. The active part of the site is approximately 9 acres, and approximately 12 additional acres are located to the east and rented to a local farmer. Much of this land is floodplain. Another 1.3 acres of surplus land is located to the west of the shop.

The Village of Shiocton is comfortable with the use, as long as any future expansion plans don't impact local roads. A neighbor has expressed interest in purchasing the 1.3 acre parcel if it is not needed. The Village indicated that some storage and temporary uses could take place in the floodplain.

This site offers the following opportunities:

"County" Salt Shed - Shiocton

» The ability to set up an "Equipment Learning Space or Equipment Training Lab" for heavy equipment operators.
» The option to sell the 1.3 acres to the east or keep it for future expansion.

4.3.3 Seymour

The Seymour location is the second smallest garage, but it has a good amount of surrounding space. The site is five acres. There is room for current and future material storage and the potential to support and collaborate with the City of Seymour Public Works which owns much of the surrounding land. The City supports the current location and is open to operational cooperation.

This site offers the following opportunities:

» Additional future material storage (base course, reclaimed asphalt, excavated material).

- The potential to support and collaborate with the City of Seymour Public Works.
- The potential to share fueling with City or school district.

4.3.4 Brewster Street

This site is currently being used for material storage, including snow storage from the courthouse. A previous study identified Brewster Street as a good option for a relocated dog park. However, if the dog park is moved to this site, a new location will need to be found for material and snow storage. This site is currently far away from the other Highway locations, and a site in the central part of the county would be more ideal for material storage. There are some site constraints:

- There are some drainage issues.
- There was an old garage on site. Contamination could be an issue.

There are several advantages to using this site as a dog park, including:

- The Brewster Street site serves a more populous area. The existing park is relatively close to Kaukauna's dog park, so resources would be better dispersed with a new location.
- Brewster Street has water and sewer service nearby so connections can be made.
- There is an inter-generational playground proposed nearby. The dog park and the playground could be a coordinated draw for the area.
- There is more development potential, and thus more potential use of a dog park, at the Brewster Street location.
- The Town of Grand Chute could be a partner in finding alternate sites for the existing material and snow storage.

4.4 Sheriff's Office and Emergency Management

An expansion to 3030 Goodland site has been approved, and it has been determined that the evidence storage can be moved from the Zebra12 building on the Highway Department's portion of the Holland Road site to that facility. The Emergency Management Department's materials could also potentially be moved to Goodland or accommodated elsewhere in a Highway Department facility.

CERT - Emergency Management Trailer

5 Options and Alternatives

The previous chapters have outlined existing conditions, needs, opportunities and constraints. This chapter focuses on options for some alternative sites and redevelopment of several existing sites.

In order to narrow the number of options and focus on those that are most logical and efficient, several high-level conceptual approaches were considered and either decided against or carried forward. Then concept plans were produced for the Highway Department site for consideration.

5.1 High Level Conceptual Options

Option 1: New Highway Headquarters

The approach could be taken that the Highway Department has outgrown its operations at the Holland Road site, and a new site could be found. If Option 1 were pursued, a site of at least thirty acres would need to be found. While this could be feasible, the current location in the greater Appleton area is well positioned. If a new site were pursued, it should be located near Appleton, but farther east to better disperse operations throughout the County. Property east of the current site could easily cost $100,000 an acre. Thus, land alone would total $3 million and site development could total $30 million.

Option 2: Reconfiguration of the Existing Holland Road Site

The Holland Road site could be reconfigured. However, the major issue is that Recycling and Solid Waste will need most of the site. The only potential for flexibility would be if some of the expected soil storage could be sold off or housed elsewhere. The Highway Department is currently functioning at the maximum capacity that the 20-acre area can accommodate, so some additional land would need to be dedicated to the Highway Department during re-configuration.

Option 3: More Space Sharing

There is some potential for storage and activities to be shifted between the different Highway facilities. However, this is limited because most activity and staff are focused around the Appleton site. Space sharing would likely be limited to storage. Before this option can be fully explored, decisions need to be made about the satellite operations in order to understand how they can function better and potentially alleviate some of the pressures on the Holland Road site.

Option 4: Relocation of the Outlying Highway Department Facilities

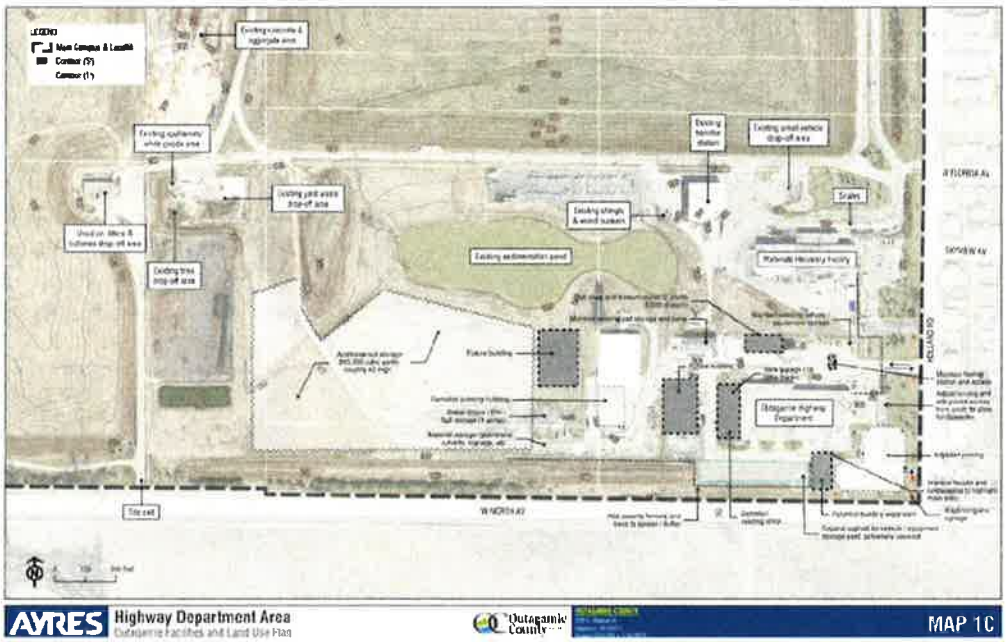
The Seymour and Shiocton garages have adequately-sized lots and are well positioned in the county, so they should remain. The Hortonville site either needs to be expanded or relocated in order to function into the future.

5.2 Recommended Approach

After weighting the four high level options and developing a series of conceptual plans, the overall recommended approach is to reconfigure the existing Holland Road site. While some land will be needed from the areas that Recycling and Solid Waste has planned for soil storage, efforts were made to keep this to a minimum. It was determined that working with the existing Appleton site is the most financially prudent. While improvements are needed, the core structures at the Holland Road site are in good condition and have several decades of life expectancy.

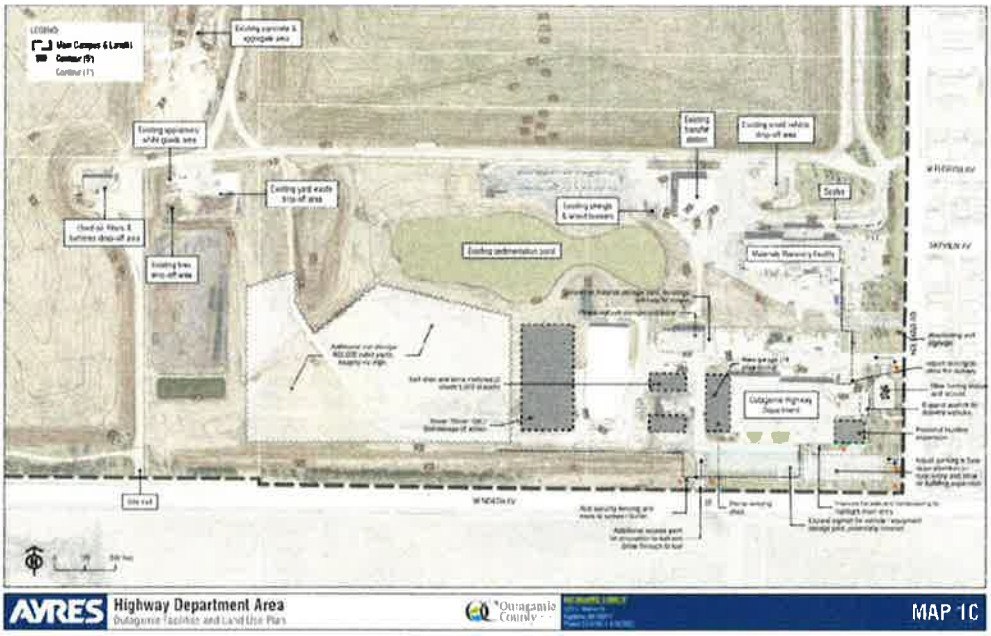
While shifting uses and space sharing between the Highway shops may not have a major impact, it does provide more incentive to upgrade the outlying facilities.

The two options for the Hortonville site are outlined below along with concept plans for the Shiocton and Seymour sites.



5.3 Site Alternatives

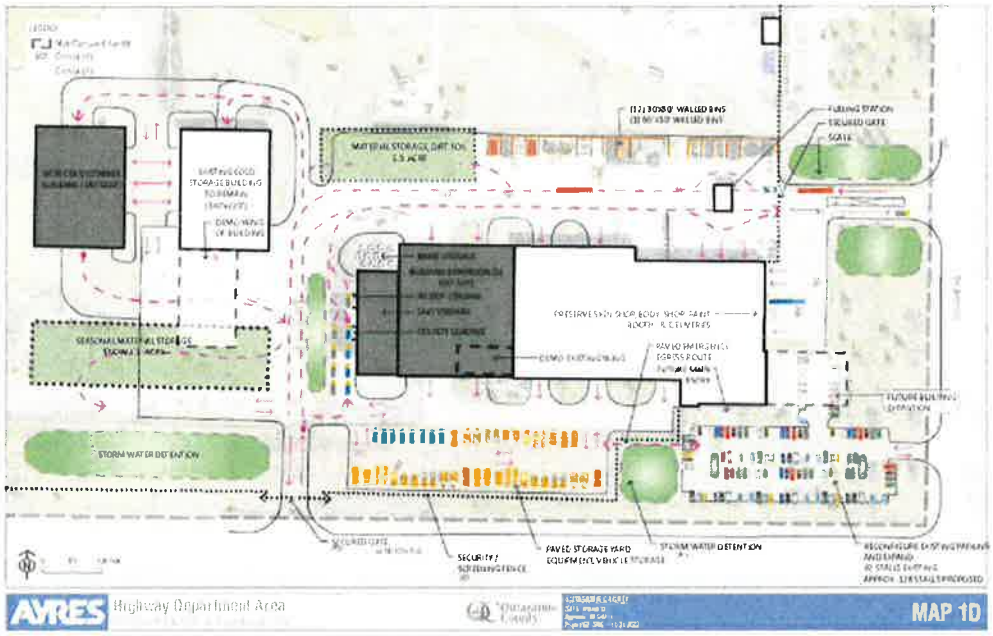
Much of the planning processes focused on the creation of site plans for the various Highway facilities. Concepts were drawn and refined for the existing Hortonville site, the DOT site (which could be a potential new location), the Shiocton site, and the Seymour site. Multiple concepts were developed for the Highway portion of the Appleton site, and these were ultimately narrowed to one preferred option. The Brewster Street site was excluded from the drawings because concepts for that were created in a previous dog park relocation study.



The concepts were developed to a level where cost models could be created. These cost estimates were created for long-term budgeting purposes and not for construction. The plans will have to be further developed after priorities have been confirmed. The improvements will take place over a series of years, so costs will increase with time, but it was the goal to create costs that could be compared by order of magnitude at this time.

5.3.1 Appleton

Initially four basic concepts for the Appleton site were presented virtually to Recycling and Solid Waste, Highway, and Development and Land Services staff in August 2022. These are shown on the following pages.



AYRES

AYRES
Highway Department Area
Outagamie Facilities and Land Use Plan
Outagamie County
MAP 1C

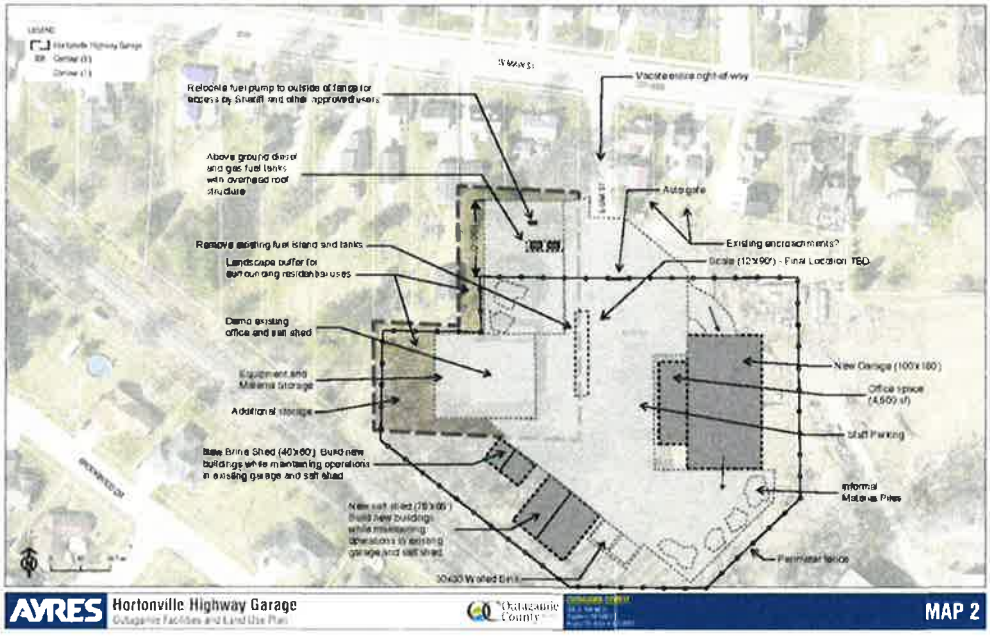
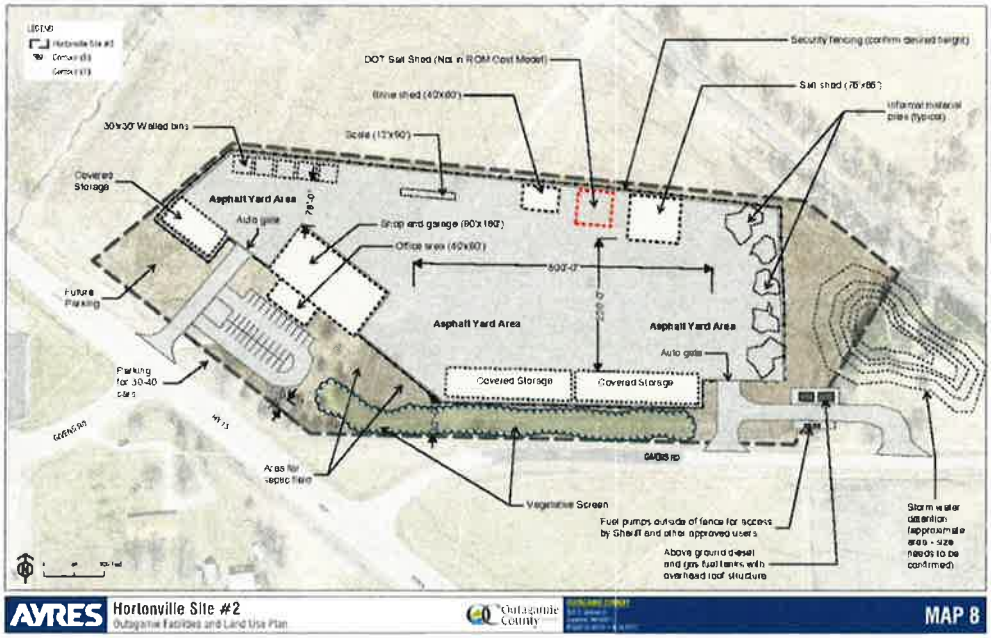
After input from all three departments these concepts were refined into two concepts that were presented at a workshop session in November.

The two refined concepts were then narrowed down to a final concept, presented below:

AYRES OUTAGAMIE FACILITIES AND LAND USE PLAN | HIGHWAY DEPT. PLAN



The final concept accomplishes the following goals:

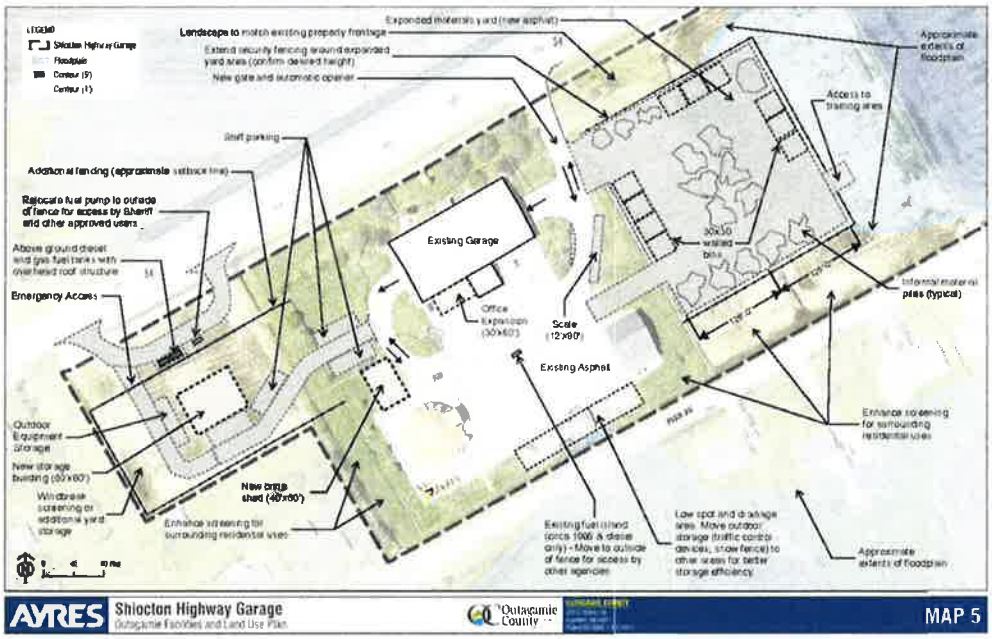


- Moves the fueling station to the exterior edge of the site where it can be used by the Highway Department, other departments and municipalities.
- Adds a truck wash station.
- Adds two new cold storage buildings while retaining part of the existing Zebra12 building.
- Plans for a second entrance/exit to CTH OO (North Ave.) for highway equipment.
- Adds a scale and a salt shed location.
- Provides for fencing around the site.

The associated cost and phasing of this plan is discussed in Chapter 6, Recommendations and Implementation.

5.3.2 Hortonville Site Plan

Concepts for redevelopment of the existing site and development of a new site were both developed. These evolved over time, and the final concepts are shown below.

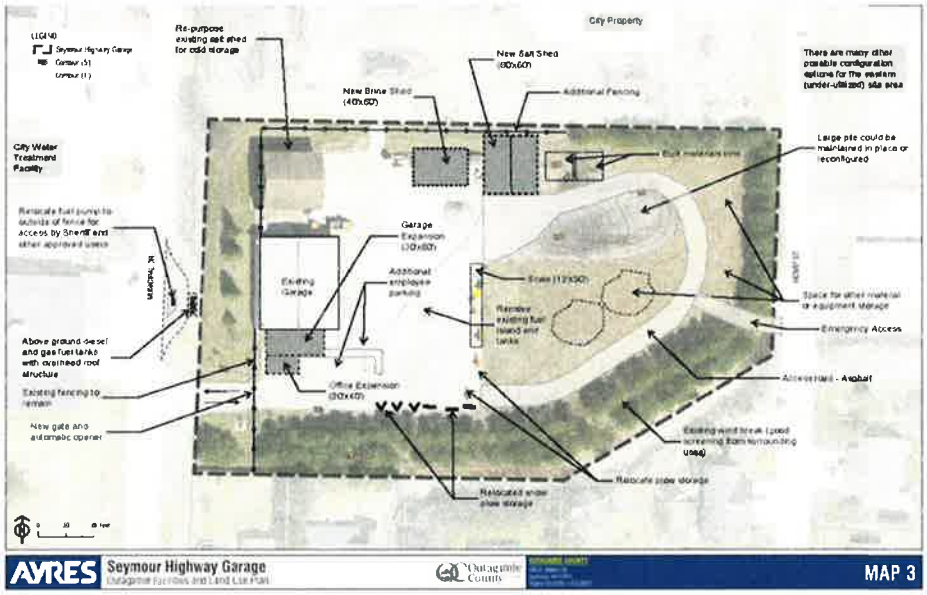


For the redevelopment of the existing site, approximately four acres would need to be purchased from the adjacent property owner and public right-of-way vacated. There is some flexibility in the amount of land that could be purchased from the DOT. The Hortonville Highway Garage concept shows approximately thirteen acres. While that much space is not needed for current functions, it would allow for other future uses or expansion. The pros and cons of these potential land purchases are discussed in Chapter 6.

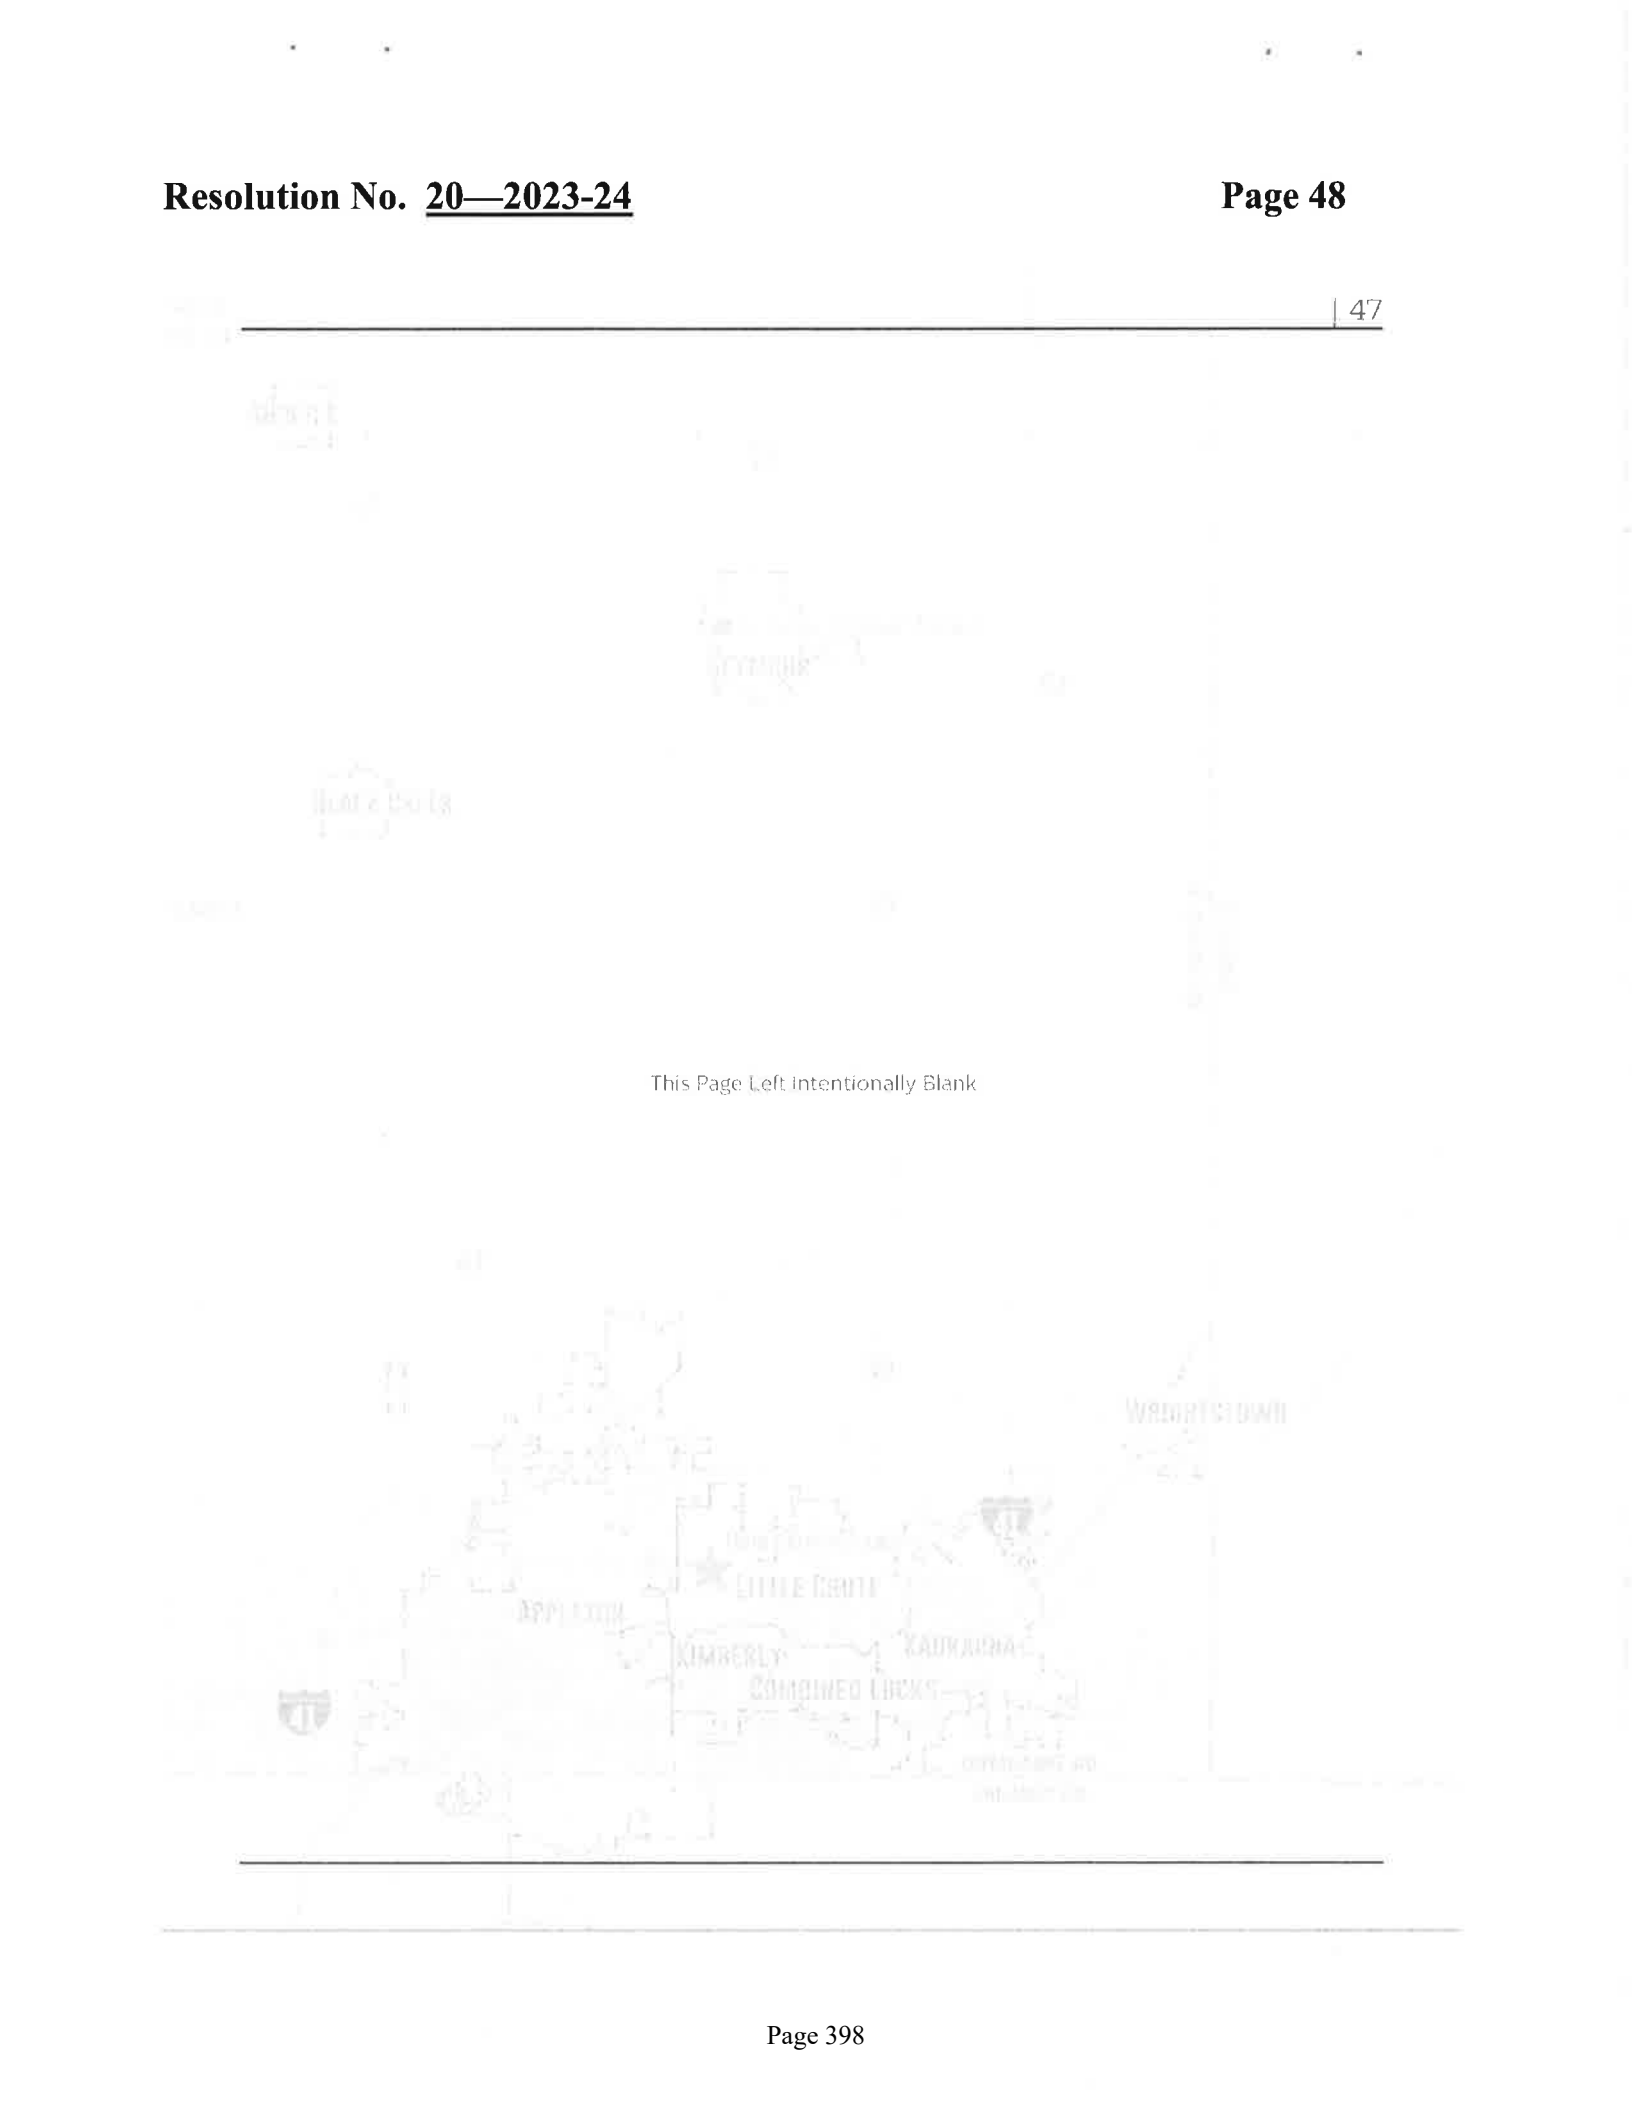
Both concepts allow for storage of both State and County salt supplies. The site to the west would involve additional miles to be traveled by County crews. As discussed earlier, the western site would need approval from the Town of Hortonia.

5.3.3 Shiocton Site Plan

The Shicoton site is in good condition, but presents many opportunities for expanded functions since the site is large. The concept for Shiocton adds:



- Expanded materials storage.
- Building expansion.
- A scale.
- New fueling facilities that can be accessed from outside of the fenced-in area.
- Additional fencing.
- Space for an additional building.



5.3.4 Seymour Site Plan

Like Shiocton, the Seymour site is functional, but for this site a new salt shed will be needed in addition to other improvements. The concept for Seymour involves:

- Building expansion.
- A new salt shed and brine enclosure.
- New fueling facilities that can be accessed from outside of the fenced-in area.
- Additional fencing.
- The re-purposing of the existing salt shed.

This Page Left Intentionally Blank

6 Recommendations and Implementation

The previous chapters have outlined existing conditions, needs, opportunities and constraints, alternative sites, and concept plans for several facilities. This chapter focuses on recommendations, placing them in priority order, and outlining associated costs.

6.1 Recommendations in the Order of Priority

1. **Relocate the Sheriff's Office and Emergency Management storage to the facility at 3030 E. Goodland Drive:** Both the Sheriff's Office and Emergency Management Department have acknowledged that their stored materials currently in the Zebra 12 building on the Highway Department portion of the Appleton site, could be more efficiently placed in a different location. This study recommends that the Sheriff 's Office's evidence storage and the Emergency Management Department's supplies be moved to the Goodland site. This has been discussed with the Sheriff's Office; it is believed that their storage can be accommodated in the storage facility addition that is being considered as an option for the new 911 Center construction project.

   Issues/Next Steps:
   - Accommodating the storage may involve moving the planned dispatch center forward or more southerly, allowing for a larger footprint for a warehouse/storage facility to accommodate future space needs.
   - Details will be worked out during the architecture and engineering design process.

   Budget Placeholders: The cost for this will be part of the 911 Center construction projects.

   Timeline: 2023

2. **Relocate the dog park to the Highway Department controlled Brewster Street site:** In 2018 the County commissioned a study that examined two potential dog park sites, one on Casaloma Drive and the other on Brewster Street. The Casaloma Drive has subsequently been developed. The Brewster Street site is a reasonable alternative, and the concept plans that were prepared as part of that study should be further developed. As noted in previous sections of the report, the current dog park site has several challenges including a lack of utilities and parking issues. The site will function better as a hazardous waste drop-off site, as is planned by the Recycling and Solid Waste Department.

   Issues/Next Steps: Before moving forward with the relocation of the dog park, a plan for the storage of the materials that are currently on the Brewster Street site needs to be created. In addition, snow is stored on the site and a new location needs to be found for that. There is the potential to dispose of some of the materials and store some at the other Highway facilities. Snow storage is a larger challenge because it is an ongoing commitment and involves the cost of hauling annually. Initial conversations with the Appleton Airport revealed that there is the potential to store snow there. Approximately, five acres would be needed, and the Highway Department would need a commitment to be able to store snow for approximately ten years. Next steps include:

   - Discussion with the airport to finalize the location for the snow storage, screening, and road access, and cost arrangements. The Highway Department could potentially provide services to the airport rather than incurring on going leasing fees.
   - Monitor of the availability of another site that the Highway Department could purchase for long-term storage.
   - Prepare final design of the dog park

   Budget Placeholders: At the time that the Dog Park Strategic Plan was developed, costs for the development of a new facility were estimated at $884,000. This did not include final design, construction documents, or environmental analysis. Moreover, this cost estimate is now several years old, and there will be a cost to relocate the existing materials on the Brewster Street site and some ongoing costs for snow storage. For broad budget placeholders, this study recommends:

- Land Acquisition: $500,000 in case land would have to be purchased for the snow storage in the future. To avoid the cost of hauling long distances, this site would need to be centrally located, which increases the land costs.
- Design and Engineering: $150,000
- Construction: $1,000,000

Timeline: Efforts to relocate the materials and final design should be initiated in 2023.

3. **Purchase land from the DOT for a new highway shop and salt shed in the Town of Hortonia:** In Chapter 5, concept plans were presented for both the existing site and a potential future site on land owned by the Department of Transportation. The costs for the two options are similar with the expansion and redevelopment of the current site estimated at $10,096,170 and construction on the currently undeveloped site at $11,437,380 (detailed cost estimates can be found in Appendix B). The new site is recommended for the following reasons:

   - The newly purchased site would be larger (approximately 13 acres, versus an expanded plan for a four acre site), allowing for more flexibility and future expansion.
   - The purchase process is more predictable. It is unknown if the owner of the property adjacent to the current site is willing to sell.
   - All new construction will allow for more efficient and environmentally sound facilities.
   - The new site would allow for better coordination with the State DOT.
   - There is a potential for better land use on the current site. The current site is in a developed area. Ultimately, it could be redeveloped into housing, recreation, or even expanded commercial use.

   Issues/Next Steps:
   - Negotiations with the DOT for the land purchase
   - Obtainment of land use approvals from the Town of Hortonia
   - More detailed site design
   - Coordination with the Village of Hortonville on the redevelopment of the existing site.

   Budget Placeholders:
   - Land Acquisition: $325,000
   - Design and Engineering: $420,000
   - Construction: $10,057,380

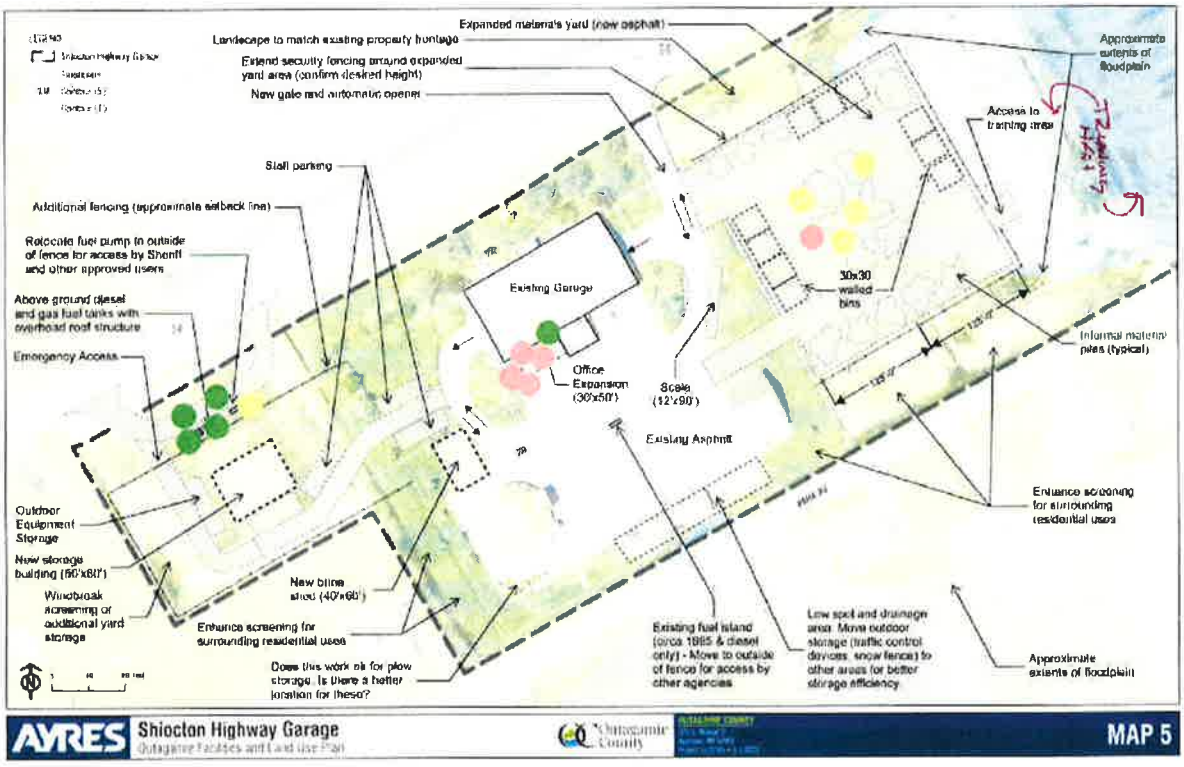
   Timeline: Land purchase should be initiated as soon as possible, followed by land use approvals and final design. Construction could occur in 2024.

4. **Final Design for Highway Department improvements on the Appleton site:** This plan puts forth a solid concept for improving the Highway facilities at Holland Road. Cost estimates can be found in the Appendices, but since these improvements are a major investment and must be coordinated with multiple other efforts, phasing is key.

   Issues/Next Steps:
   - Develop a "boundary agreement" between the Recycling and Solid Waste Department and the Highway Department
   - Initiate a discussion of the proposed entrance on County Road OO. This should be coordinated with plans for improvements at County Road OO and French Road and County Road OO and Holland Road
   - Initiate land use approvals with the Village of Little Chute
   - Coordinate with the State on salt storage

AYRES **OUTAGAMIE FACILITIES AND LAND USE PLAN** | HIGHWAY DEPT. PLAN

Budget Placeholders:



- Land Acquisition: An agreement will need to be drafted shifting some property from the Recycling and Solid Waste Department to the Highway Department. The two key locations are the site of the former co-generation facility and approximately four acres of land that would be needed to the west of Zebra12 to allow for modest expansion and circulation.
- Design and Engineering: $1,500,000.
- Construction: $ 35,863,3420

Timeline: A land agreement should be drafted in early 2023. The top priorities for the Highway Department are a new fueling station and a new salt shed. Design for these should be solicited in 2023. The new salt shed will necessitate the construction of an entrance/exit off of County Road OO.

5. **Improvements to Shiocton and Seymour sites:** Several similar improvements are recommended for the Shiocton and Seymour Highway facilities. Cost estimates can be found in the Appendices. The Shiocton improvements are broadly estimated at $2,915,400, and Seymour is expected to cost approximately $3,681,000. The primary difference in the cost is that a new salt shed is planned for Seymour, and not for Shiocton.

   Staff was asked to "sort" the recommended improvements and identify immediately needed improvements with green dots, mid-term needs with yellow dots, and longer term investment with red dots. For the Shiocton site, the top priority is a new fueling facility, followed by yard and storage expansion, and then building expansion.

   Conversely, at the Seymour site (image on following page), the top priority is building expansion, followed by the addition of a scale and new salt shed, and the repurposing of the existing salt shed.

Issues/Next Steps:

- Initiate detailed site design for the new fueling station at Shiocton. While this was not a primary priority at the other sites, there may be efficiencies in designing and bidding stations for Shiocton, Seymour, and Appleton at the same time.
- Initiate detailed design for building expansion at the Seymour site.
- Initiate detailed design for a new salt shed at the Seymour site.

Budget Placeholders:

- Land Acquisition: NA
- Design and Engineering: $255,000
- Construction for three fueling stations: $600,000
- Construction of the Seymour salt shed: $650,000
- Construction of Seymour building expansion: $435,000

Timeline: Brine storage and back up generators have already been programmed for funding in 2024. Beyond those investments, in order to focus on the more immediate needs of developing a new Hortonville site and retrofitting the Appleton site, it is recommended that the improvements at Shiocton and Seymour be programmed for 2026 and beyond.

Costs Summary*

Site	Land	Soft Costs [design, contingency,	Construction	Total
Zebra 12	Costs for relocation of storage is included in 911 Center construction.			
Dog Park	$500,000	$150,000	$1,000,000	$1,650,000
Appleton	Negotiated between depts.	$7,467,600	$37,363,350	$44,830,950
Hortonville [Highway 15]	$325,000	$2,192,500	$8,922,500	$11,440,000
Shiocton	NA	$726,000	$2,955,000	$3,681,000
Seymour	NA	$579,000	$2,336,000	$2,915,000

* Costs are placeholders for budgeting and subject to change with further design. Costs are rounded from detailed projections found in the appendices.

6.2 Operational Efficiency and Resiliency

The primary reason for improving any facility is to improve operational efficiency. This can result in savings of many forms including materials, personnel costs, and risk management. In highway operations these savings can be realized in the department, but they also can have an impact on the larger community. Public works related operations keep people safe, and when they run efficiently, they save money for the general public. Solid investment in highway facilities can make a community more resilient to impacts of natural threats such as storms. Efficient highway operations keep a community up and running. Below, some of the daily saving and other benefits of recommended capital improvements are outlined.

6.2.1 General Safety

Generators– The purchase of a generator is recommended for each site. Currently, the Appleton site is the only one with a generator. Generators are needed at each site to keep operations going during storms. In the smaller communities of Hortonville, Shiocton, and Seymour this is even more important because the County sites could be the only ones with generators in each community.

Broadband – Broadband access is needed at each site to ensure communications, training, operations and safety. Cameras that secure the sites require broadband access.

Fencing – Updated fencing is recommended for all sites. Currently they are not secure.

6.2.2 Salt and Brine Operations

New salt sheds – New salt sheds are recommended for Appleton, Hortonville and Seymour. Having more salt storage will allow the County to have supplies on hand and will eliminate the inefficiency of ordering more salt on an as needed basis. Having more salt on hand makes the county more secure in the face of increased demands and potential shortages.

Scales – New scales are recommended at each site. This will help monitor usage and create better tracking of supplies.

Brine – Currently the brine is transported from the Appleton site to the other locations. Having brine facilities at each site will create operational savings and deliver product to the roads more directly and cost effectively.

6.2.3 Fuel

New fuel islands accessible to others – At each site, the new plans call for fueling stations to be outside of the fenced area so they can be accessed by other agencies such as the Sheriff's Office, school districts, or local authorities. Creating these agreements will offset costs.

Supplies – Having others access the fuel will also keep fuel circulating. Currently the fuel becomes stagnant, resulting in a poor use of supplies.

More capacity – As with salt supplies, having new tanks will allow the County to purchase in bulk on its schedule resulting in potential savings.

Accidents – The current locations of the fuel islands are not ideal, and they sometime get run into in bad weather. Having a coordinated site plan with the appropriate location for fuel will result in better operations.

6.2.4 Equipment Storage

Indoor storage – The new plans call for more indoor storage of all types of equipment including more trucks and construction equipment. The current configuration of the shops is make parking and storing the vehicles difficult, but with expanded shops, trucks can be stored more efficiently and be kept out of the elements.

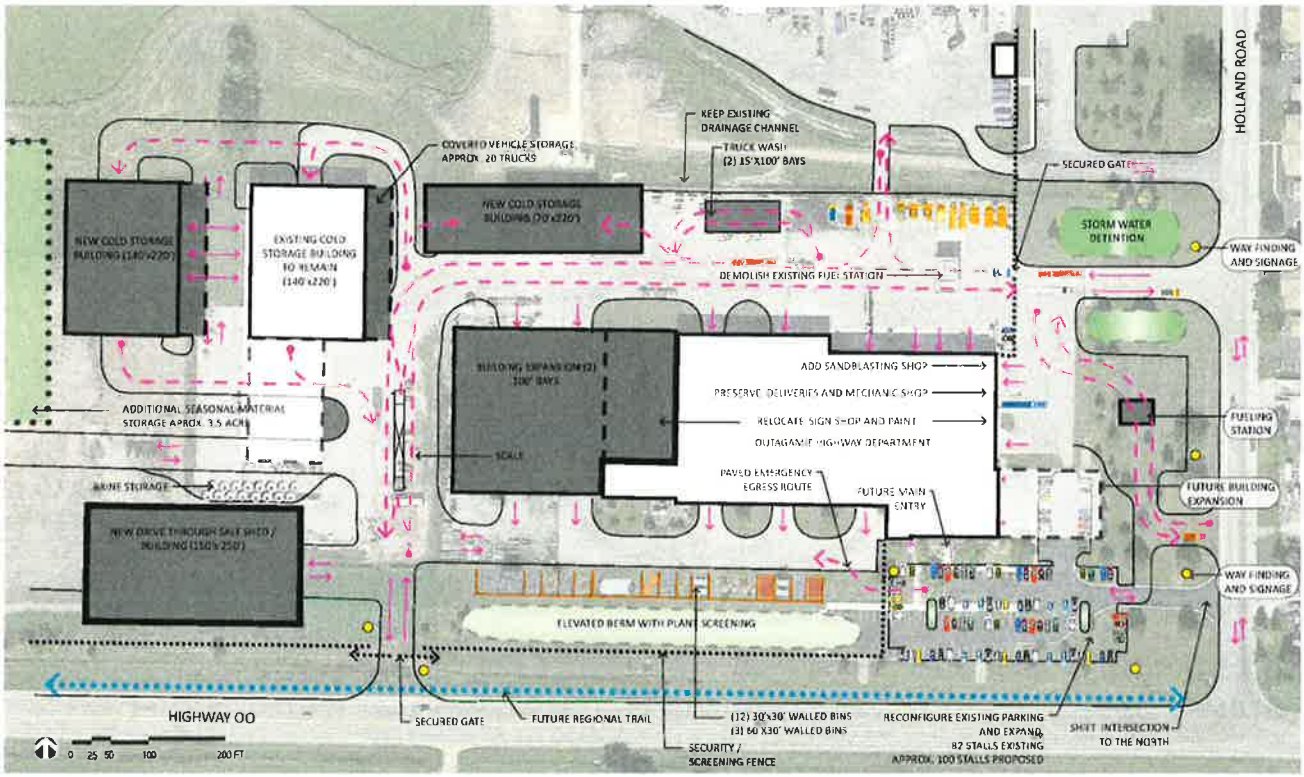
6.2.5 Environmental Management

Stormwater runoff – Currently there is no formal stormwater management at any of the highway sites. Stormwater management will be part of site improvements which will reduce the leaching of salt and other materials into the groundwater. In particular, a new shop in Hortonville will allow for a more environmentally sensitive design.

6.2.6 Personnel

One of the greatest resources of an organization is its people. Currently the outlying Highway Department facilities do not meet expected standards for workspace. There are no separate locker rooms for different genders, employees take breaks and eat lunch where tools and mechanical equipment are kept, and there is inadequate space for private, personnel management related meetings. For the County to be inclusionary and to attract and retain quality workers, improvements to these shops need to be made.

6.2.7 Summary



This plan has outlined the current situation of the Appleton site being crowded and lacking an overall site plan. In addition, the outdated highway sites in Hortonville, Shiocton, and Seymour were evaluated and design suggestions made. A plan that accommodates the planned expansion of the Recycling and Solid Waste Department in Appleton while reconfiguring and slightly expanding the Highway Department operations is a key feature of this study, along with concepts for the outlying sites. Costs for each and a series of decisions are presented, and ultimately the cost savings and safety impacts are summarized.

Priorities and costs have been reviewed with the County staff. The top priorities are to purchase land for a new Highway facility to the west of Hortonville and to begin work on the Appleton site to accommodate a new salt shed and other improvements. The Sheriff's Office and Emergency Management materials at Holland Road site in Appleton can be relocated soon, and plans can begin for the relocation of the dog park at the same time. Smaller improvements should be made to the Shicoton and Seymour sites, but major improvement for those sites can come in a few years.

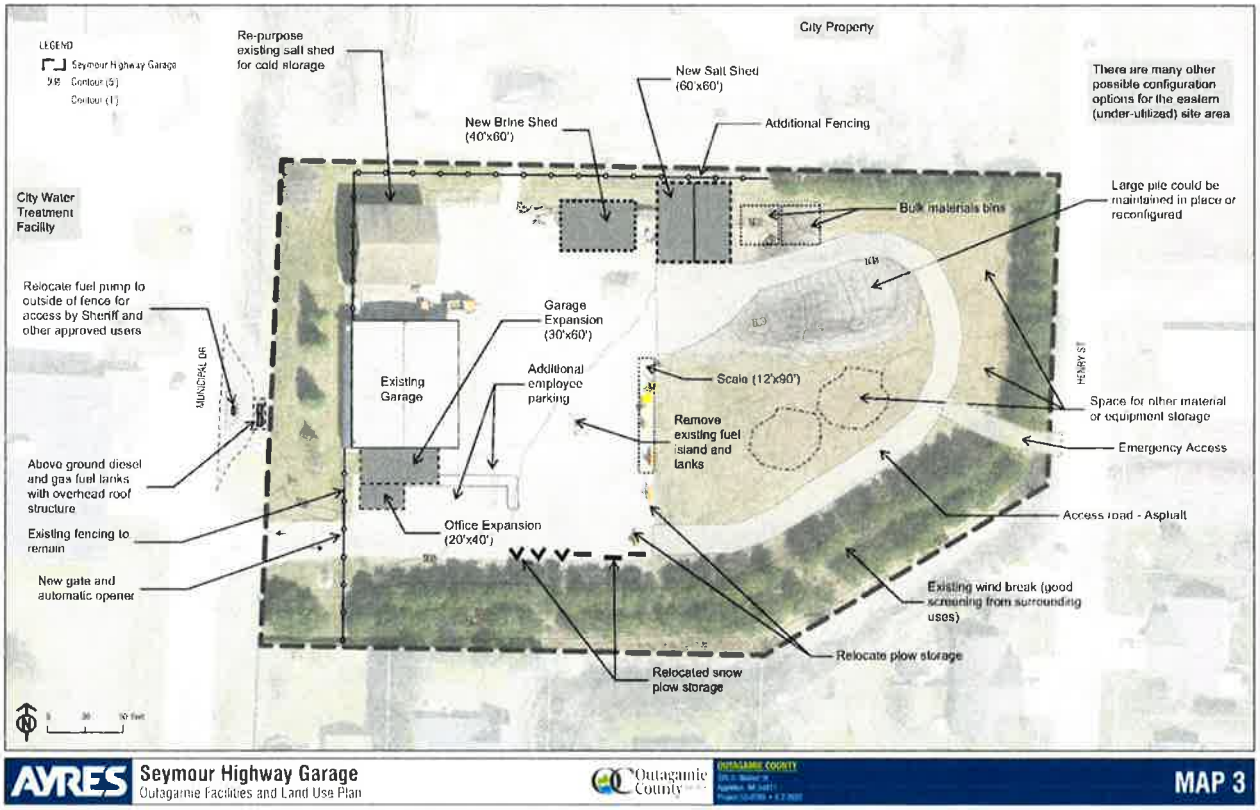
A Appendix A - Concept Plans



AYRES OUTAGAMIE FACILITIES AND LAND USE PLAN | HIGHWAY DEPT. PLAN

AYRES Hortonville Site #2 Outagamie Facilities and Land Use Plan — Outagamie County — MAP 8

LEGEND
Shiocton Highway Garage
Floodplain
Contour (5')
Contour (1')
Expanded materials yard (new asphalt)
Landscape to match existing property frontage
Extend security fencing around expanded yard area (confirm desired height)
New gate and automatic opener
Approximate extents of floodplain
Access to training area
Staff parking
Additional fencing (approximate setback line)
Relocate fuel pump to outside of fence for access by Sheriff and other approved users
Above ground diesel and gas fuel tanks with overhead roof structure
Existing Garage
30x30 walled bins
Informal material piles (typical)
Emergency Access
Office Expansion (30'x50')
Scale (12'x90')
Existing Asphalt
Outdoor Equipment Storage
New storage building (60'x80')
Windbreak screening or additional yard storage
New brine shed (40'x60')
Enhance screening for surrounding residential uses
Existing fuel island (circa 1985 & diesel only) - Move to outside of fence for access by other agencies
Low spot and drainage area. Move outdoor storage (traffic control devices, snow fence) to other areas for better storage efficiency
Enhance screening for surrounding residential uses
Approximate extents of floodplain

	24	New Fuel Island and Tanks	LS	1	$200,000.00	$ 200,000.00	
	25	Scale (12'x90')	LS	1	$90,000.00	$ 90,000.00	
	26	New yard gate and opener	EA	1	$50,000.00	$ 50,000.00	
					Sub Total (Site Improvements)	**$ 1,076,500.00**	
					Construction Total	**$ 7,888,400.00**	
SOFT COSTS & GENERAL CONTRACTOR COSTS		Land Cost	AC	5	$50,000	$ 250,000.00	
		Site Survey	LS	1	$3,800	$ 3,800.00	
		Geotechnical Report	LS	1	$3,400	$ 3,400.00	
	5%	Mobilization, Demobilization and Incidentals (Contractor General Conditions)	%			$ 394,420.00	
	3%	Performance and Payment Bonds	%			$ 236,652.00	
	2%	FFE (Furniture, Fixtures, and Equipment) - 2% of building construction cost	%			$ 136,236.00	
	5%	Design Fees	%			$ 394,420.00	
	10%	Bidding Contingency	%			$ 788,840.00	
					PROJECT TOTAL	**$ 10,096,170.00**	

COST MODEL ASSUMPTIONS:

1) Brine Making Equipment, Scale and Fuel Island Relocation are budget model place holders (County to review cost assumption and update based on pricing from any previous pump work - or consult a manufacturer/installer)

2) Design cost would cover site civil work like utilities, grading, drainage as well as foundation design (structural for the buildings assumed to be by manufacturer)

3) No concrete curb and gutter or sidewalks provided for asphalt drives and yard areas

4) Unit costs assigned to new metal buildings assumes inclusion of MEP, fire protection, doors, windows, finishes (County should review costs assumptions with local pre-fab building suppliers to confirm numbers)

5) Environmental engineering fees and remediation costs are not included in this cost model

	10%	Bidding Contingency	%			$ 840,640.00	
					PROJECT TOTAL	$ 10,802,700.00	

COST MODEL ASSUMPTIONS:

1) Brine Making Equipment, Scale and Fuel Island Relocation are budget model place holders (County to review cost assumption and update based on pricing from any previous pump work - or consult a manufacturer/installer)

2) Design cost would cover site civil work like utilities, grading, drainage as well as foundation design (structural for the buildings assumed to be by manufacturer)

3) No concrete curb and gutter or sidewalks provided for asphalt drives and yard areas

4) Unit costs assigned to new metal buildings assumes inclusion of MEP, fire protection, doors, windows, finishes (County should review costs assumptions with local pre-fab building suppliers to confirm numbers)

5) Environmental engineering fees and remediation costs are not included in this cost model.

RESOLUTION NO.: 21—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Rule 9 of the Outagamie County Board Rules, Sec. 2-52 Administrative Rule Review of the Outagamie County Code of Ordinances, establishes a procedure for the review of Administrative Rules. The County Board may approve of the rule or refer it back to administration for revision and resubmission. Such a set of rules regarding Outagamie County's Public Works Project Administration for Projects under $1,500,000, has been submitted for review.

This resolution approves Administrative Rule 2023-03.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee and Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the attached Administrative Rule 2023-03 which amends the Outagamie County Public Works Project Administration for Projects under $1,500,000, which by reference is made a part hereof, and

BE IT STILL FURTHER RESOLVED, that this rule shall be numbered 2023-03 and will be on file in a manual entitled "Outagamie County Administrative Rules" in the Outagamie County Clerk's Office, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, who, in accordance with Sec. 59.03 Wis. Stats., shall be charged with the duty of distributing said rule to affected departments for compliance.

Dated this 23rd day of May 2023.

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION &

PUBLIC WORKS PROJECT ADMINISTRATION

FOR PROJECTS OF $1,500,000 OR LESS

Subject: Public Works Project Administration For Projects of $1,500,000 or Less
Number: AR ~~21~~23-0302
Effective Date: ~~11/01/2021~~ TBD
Replaces: AR ~~15-03~~21-02
References: Wisconsin Statutes 59.52(29) and 66.0901
Outagamie County Code of Ordinances Chapter 50
Adopted: TBD

PROCEDURES

All public work projects with an estimated value in excess of $5,000 but not exceeding $50,000 shall include a provision which allows the County to pay the Prime/General Contractors with payments made payable to the Prime Contractor and to one or more subcontractors.

Public Works bidding will be done in accordance with Sections 59.52(29) and 66.0901, Wisconsin Statutes.

~~Public work projects with an estimated value in excess of $5,000 but less than $50,000 shall be advertised with a Class I notice under Chapter 985, Wisconsin Statutes, or shall contract with an entity qualified under Section 66.0901 Wisconsin Statutes.~~

Public work projects with an actual contract value of less than $50,000 may be commenced by a purchase order. Said purchase order shall have standard contract language protecting the County (see next section, Purchase Order Standard Contract Language).

~~Public work projects with an estimated value greater than $50,000 must be let by contract to the lowest responsible bidder under the requirements of Sections 59.52(29)(a) and 66.0901, Wisconsin Statutes.~~

Public work projects with an estimated value greater than $50,000 will be commenced by AIA A101 Owner & Contractor Agreement and associated AIA A201 General Conditions of Contract (both as revised by Owner).

The bidding requirements of Section 66.0901and 59.52(29)(b), Wisconsin Statutes, for public work projects in excess of $25,000 are not mandatory for the repair or reconstruction of public facilities when damage or threatened damage thereto creates an emergency as declared in writing by the County Executive in which the public health or welfare of the County is endangered (see Section 850.41(c), Outagamie County Code of Ordinances).

The bidding requirements of Section 66.0901, Wisconsin Statutes, for public work projects in excess of $25,000 are not mandatory if the County Board of Supervisors, by 3/4s vote of all members entitled to a seat, provide that the public work or any part thereof may be done directly by the County, pursuant to Section 50.41(a), Outagamie County Municipal Code.

PURCHASE ORDER STANDARD CONTRACT LANGUAGE

Public work projects with an anticipated value of less than $50,000 may be commenced by a purchase order. Said purchase order shall incorporate the following standard contract language protecting the county (usually through incorporation of the County's RFB documents):

Contractor/Vendor agrees to the specifications set forth on the Purchase Order, or on the attached specification sheet (if applicable). Any deviation from said specifications must be approved in writing by a representative of Outagamie County.

County agrees to pay Contractor/Vendor the amount set forth in the Purchase Order as consideration for services provided by Contractor/Vendor.

OWNER'S RIGHT TO STOP WORK

If the contractor fails to correct Work which is not in accordance with the requirements of the Contract Documents or fails to carry out Work in accordance with the Contract Documents, the Owner may issue a written order to the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity.

OWNER'S RIGHT TO CARRY OUT WORK

If the Contractor defaults or fails or neglects to carry out the Work in accordance with the Contract Documents, or fails to perform a provision of the Contract, the Owner, after 10 days' written notice to the Contractor and without prejudice to any other remedy the Owner may have, may make good such deficiencies and may deduct the reasonable cost thereof. Including Owner's expenses and compensation for the Architect's services made necessary thereby, from the payment then or thereafter due the Contractor.

LABOR AND MATERIALS

Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Contract. The Contractor shall not permit employment of unfit persons or persons not skilled in tasks assigned to them.

The Contractor shall deliver, handle, store and install materials in accordance with manufacturer's instructions.

WARRANTY

The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless otherwise required or permitted by the Contract Documents, that the Work will be free from defects and that the Work will conform with the requirements of the Contract Documents. Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. The Contractor's warranty excludes remedy for damage of defect caused by abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear under normal usage.

PERMITS, FEES AND NOTICES

Unless otherwise provided in the Contract Documents, the Contractor shall secure and pay for the building permit and other permits and governmental fees, licenses and inspections necessary for proper execution and completion of the Work.

INDEMNIFICATION AND INSURANCE

The County's standard indemnification form and insurance with requirements project specific will be attached to the Purchase Order by reference.

ASSIGNMENT OF CONTRACT

Neither party to the Contract shall assign the contract without written consent of the other.

GOVERNING LAW

The Contract shall be governed by the laws of the State of Wisconsin. Any lawsuits arising out of disputes under this Contract shall be considered and tried in Outagamie County, Wisconsin.

TERMINATION BY THE OWNER

The Owner may terminate the Contract if the Contractor:

1. Persistently or repeatedly refuses or fails to supply enough properly skilled workers or proper materials;

2. Fails to make payment to subcontractors for materials or labor in accordance with the respective agreements between the contractor and the Subcontractors;

3. Persistently disregards laws, ordinances, or rules, regulations or orders of a public authority having jurisdiction; or

4. Otherwise is guilty of substantial breach of a provision of this agreement.

May 23, 2023 County Board Meeting
OpenMeeting

RESOLUTION NO.: 22—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Rule 9 of the Outagamie County Board Rules, Sec. 2-52 Administrative Rule Review of the Outagamie County Code of Ordinances, establishes a procedure for the review of Administrative Rules. The County Board may approve of the rule or refer it back to administration for revision and resubmission. Such a set of rules regarding Outagamie County's Public Works Project Administration for Projects over $1,500,000, has been submitted for review.

This resolution approves Administrative Rule 2023-04.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee and Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the attached Administrative Rule 2023-04 which amends the Outagamie County Public Works Project Administration for Projects over $1,500,000, which by reference is made a part hereof, and

BE IT STILL FURTHER RESOLVED, that this rule shall be numbered 2023-04 and will be on file in a manual entitled "Outagamie County Administrative Rules" in the Outagamie County Clerk's Office, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, who, in accordance with Sec. 59.03 Wis. Stats., shall be charged with the duty of distributing said rule to affected departments for compliance.

Dated this 23rd day of May 2023.

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION & ECONOMIC DEVELOPMENT COMMITTEE
AND
LEGISLATIVE/AUDIT AND HUMAN RESOURCES COMMITTEE

PUBLIC WORKS PROJECT ADMINISTRATION
FOR PROJECTS OVER $1,500,000
Subject: Public Works Project Administration for Projects Over ~~$500,000~~ 1,500,000
Number: AR 23-~~040221-01~~
Effective Date: ~~11/01/2021~~TBD
Replaces: AR 21-~~0116-02~~
References: Wisconsin Statutes 59.52(29) and 66.0901
Outagamie County Code of Ordinances Chapter 50
Adopted: TBD

PROCEDURES

Public Works Projects with an estimated value in excess of ~~$500,000~~1,500,000 shall be subject to Chapter 50 of the Outagamie County Code of Ordinances. Chapter 50 requires that the project be supervised by a Project Oversight Committee and that no work on such project commence until a contract is fully executed and all applicable bonds and insurance certificates are filed.

Initial Discussions
To determine need, funding source, timeline, construction management, or other means, discussions are required by:

- County Executive with affected Department Head(s), Finance Director, Facilities Engineer or Maintenance Department Head, and Purchasing Coordinator;
- Committee(s) of jurisdiction;
- Property/Airport committee,

The Project must be included in appropriate department/capital budget(s), and be incorporated in the County's Capital Improvement Program (CIP) plan for required year(s).

Appropriating Resolution
The property/airport committee and the committee(s) of jurisdiction submit a resolution including the following elements:

- Scope recommendations;
- Approval to solicit an architect/engineer (A/E) and/or Construction Manager (CM) to prepare plans and specifications;
- Approval of funding source(s).

The resolution shall be submitted to the County Board of Supervisors for approval.
The project shall be administered in accordance with established administrative rules.

Establish Project Oversight Committee

Voting members of the project oversight committee, established under Section 50.87 of the Outagamie County Code of Ordinances, include:

- County Executive, or representative;
- Property/Airport committee member;

- Finance committee member;
- Affected Department Head;
- Facilities Engineer or Maintenance Department Head;
- Finance Director, or representative;
- County Board Chairperson, or representative;
- Jurisdictional committee member.

In the event a project affects multiple departments/jurisdictional committees, Sec. 50.87 shall be interpreted to require the appointment of multiple affected department heads and jurisdictional committee members subject to the following conditions: (1) The number of Board and Administrative voting representatives on the committee shall be equal; (2) The committee membership shall not exceed 10 members. The project director – A/E or CM – is a non-voting member of the oversight committee. The county board chairperson appoints a county board member of the committee to chair the oversight committee.

Develop Request for Qualifications and/or Proposals

A Request for Qualification (RFQ) or Request for Proposal (RFP) is developed to select an architect/engineer and/or construction manager (if applicable). The RFQ/RFP will:

- Describe services to be performed;
- Describe requirements for service provider;
- Describe evaluation criteria;
- Include copies of AIA B101, Owner and Architect Agreement, AIA A201, General Conditions for Construction, and AIA A101, Owner and Contractor Agreement – all as revised by Owner.

The RFQ/RFP will be prepared by the affected Department Head(s) and the Procurement Coordinator with review and consultation by the Facilities Engineer or Maintenance Department Head.

Issue RFQ/RFP

The Procurement Coordinator will facilitate the issuance of the RFQ/RFP.

Receive Proposals

Responses to the RFQ/RFP will be opened and recorded by the Procurement Coordinator. Copies of the responses will be distributed to the Facilities Engineer or Maintenance Department Head and appropriate Department Head(s).

Responses are reviewed and evaluated based on stated evaluation criteria. Inquiries are made to references contained in the response/proposal, and a final A/E or CM recommendation is prepared.

Oversight Committee Review

The project oversight committee is advised of the recommended A/E or CM and provided with rationale for such recommendation. The oversight committee acts on accepting the project architect and/or construction manager.

Negotiate Contract

- Resolving details regarding use of Agreement AIA B101 (as revised by Owner);
- Resolving any impact resulting from use of General Conditions AIA A201 (as revised by Owner);

- Determining scope of any additional services to be provided by the architect or construction manager;
- Resolving final fee.

Authorize A/E or CM to Proceed with Project Design

AIA B101 (as revised by Owner) is approved as to form by Corporation Counsel and signed by the County Executive.

Schematic Design Phase

- A/E reviews program as furnished by Owner;
- A/E provides evaluation of program, schedule, and budget;
- A/E reviews alternates to design and construction;
- A/E provides schematic design documents for approval by Owner;
- A/E provides preliminary construction cost estimate based on schematic design.

Oversight Committee Review

- Review schematic design with the project oversight committee;
- Obtain oversight committee approval of the schematic design.

Design Development Phase

- A/E prepares design development documents which describe the character of the project as to architectural, structural, mechanical, electrical, voice-data systems, and materials to be used;
- A/E advises Owner as to any budget estimate changes from the original estimate.

Oversight Committee Review

- Review design development documents with the project oversight committee;
- Obtain oversight committee approval of the design development documents;
- Owner approves A/E proceeding to next phase.

Construction Document Phase I

Based on approved design development documents, A/E prepares the construction documents (CDs) setting forth the detail requirements for the construction of the project.

Oversight Committee Review

- Review Construction Documents with project oversight committee;
- Obtain oversight committee approval of construction documents.

Construction Document Phase II

- A/E finalizes CDs based on outcome of project oversight committee review, in preparation for bidding;
- A/E technical bid specifications.
- A/E advises Owner of any changes to previous construction cost estimates;
- A/E submits, on behalf of Owner, various State plan approvals and any other documents required by governmental authorities;
- Regarding Owner direct purchases, the architect reviews to establish the general categories of material and equipment which will be appropriate for the Owner to purchase for the project;

Bidding Phase

- Procurement Coordinator provides all bid documentation with the exception of the technical specifications as referenced above
- Procurement Coordinator submits the applicable legal notice and posts RFB on the County's website;
- The bids are opened in the County Clerk's office, with each bid electronically sent to the Procurement Coordinator;
- A/E reviews bids and bid alternatives; if applicable;
- A/E recommends general contractor, if applicable.

Oversight Committee Review

- Affected Department Head makes general contractor recommendation to the project oversight committee;
- Affected Department Head makes recommendation regarding bid alternatives to be selected, based on bid results and available budget;
- Project Oversight Committee approves general contractor and bid alternates to be included in the project.

Contract Phase

- General contractor, A/E and the Procurement Coordinator finalize the list of items to be purchased directly by the Owner (if applicable);
- Procurement Coordinator prepares the contract document (AIA A101 Owner Contractor Agreement and AIA A201 General Conditions of Contract, both as revised by Owner);
- Contract is approved as to form by Corporation Counsel and signed by the County Executive, County Board Chair and the County Clerk;
- Fully executed contract is on-file with County Clerk.

Construction Phase

- A/E provides Basic Services, as defined in the Agreement, from contract award until project close out;
- A/E makes regular site visits, as defined by the contract, to review general contractor progress;
- A/E attends regular General Contractor progress meetings and project oversight committee meetings (upon request);
- A/E reviews and approves General Contractor pay applications, forwarding them to Owner for payment;
- A/E reviews all General Contractor change order requests to determine equitable costs to the project;
- A/E processes all change orders, after approval by the authorized Owner's representative and/or the project oversight committee;
- A/E coordinates all punch list inspections with the General Contractor and the Owner, and is responsible for assuring timely corrective action by the General Contractor;

Resolution No. 23—2023-24 – Property, Airport, Recreation and Economic Development Committee. Approve of renaming the "Small Shelter" at Plamann Park the "Roblee Shelter" in honor of Greg Roblee, a team member who has made a difference in Outagamie County.

Supervisor Culbertson moved, seconded by Supervisor Cooke, for adoption.

May 23, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 23—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Greg Roblee began working for the Outagamie County Parks Department in 1984 and has been an invaluable team member. Greg's passion for all things parks, specifically the Children's Farm, has left a lasting imprint on Plamann Park for generations to come. Greg's pleasant demeanor and willingness to greet park users whenever given the opportunity has made him a beloved member of the community. He has selflessly served Outagamie County for 39 years and the time has come for him to start a new chapter in his life. Due to his impact on the Outagamie County Parks and county residents, it would be an honor to rename the "Small Shelter" at Plamann Park the "Roblee Shelter." The Small Shelter building was constructed in 2006 and has carried its current name from the time it was constructed.

This resolution approves renaming the "Small Shelter" at Plamann Park the "Roblee Shelter" in honor of Greg Roblee, a team member who has made a difference in Outagamie County.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of renaming the "Small Shelter" at Plamann Park the "Roblee Shelter" in honor of Greg Roblee, a team member who has made a difference in Outagamie County, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and the Outagamie County Executive.

Dated this 23rd day of May 2023.

Outagamie County **5-23-23 County Board Meeting - May 23 2023 09:00:25 PM**

May 23, 2023 County Board Meeting

OpenMeeting

ORDINANCE NO.: A—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Property, Airport, Recreation and Economic Development Committee and Legislative/Audit and Human Resources Committee are requesting to amend the County Code of Ordinances as pertains to Chapter 22, Finance and Taxation, as listed below.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee and Legislative/Audit and Human Resources Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does amend Chapter 22, Finance and Taxation, of the Outagamie County Code of Ordinances to read as follows (additions are in red and underlined; deletions are in red an struck through):

Sec. 50-41. Scope.

(a) *Contracts, bids.* All public work undertaken by the county or any agency thereof, including contracts for the construction, repair, remodeling or improvement of any public work, building or furnishing of supplies or materials of any kind shall follow the procedures as set forth in Sections 59.52(29) and 66.0901, Wisconsin Statutes and the current Administrative Rules for Public Works Projects of $1,500,000 or Less and Public Works Projects Over $1,500,000.~~where estimated cost of such work will exceed $50,000.00, shall be let by contract to the lowest responsible bidder. Any public work, the estimated cost of which does not exceed $50,000.00, once the funds have been provided by the County Board by either the budgetary or transfer process, shall be completed in accordance with procedures established as administrative rules which have been created by the county procurement coordinator and reviewed by the County Board without further action of the County Board. If the estimated cost of any public work is between $5,000.00 and $50,000.00, a class 1 notice under Wis. Stats. ch. 985, shall be given before any department or agency of the county contracts for the work or shall contract with a person qualified as a bidder under Wis. Stats. § 66.0901(2), or any amendments thereto. A public works project, the estimated cost of which exceeds $25,000.00, shall be let and awarded under Wis. Stats. §66.0901(2), except that the County Board may by a three-fourths vote of all the members entitled to a seat provide that any class of public work or any part thereof may be done directly by the county without submitting the same for bids.~~

Sec. 50-44. Policy statement.

(a) It shall be the policy of the county to act in accordance with chapter 22, pertaining to finance and taxation, and to publicly announce all requirements for architectural, engineering services and construction management to negotiate contracts for such services on the basis of demonstrated competence and qualification for the type of professional services required and at fair and reasonable prices and at cost determined to be in the best interests of the taxpayers of the county.

(b) Public works projects with a contract sum greater than ~~$500,000.00~~$1,500,000.00 shall not commence until an agreement has been executed between the contractor and the county and all required contractor insurance certificates, performance bonds, and payment bonds have been received by the county. This provision shall not be mandatory for the repair or reconstruction of a county facility or facilities when such must be repaired or reconstructed on an emergency basis to protect the structural integrity of the improvement or the contents therein from further damage. For public works projects valued less than ~~$500,000.00~~$1,500,000.00, refer to administrative rules which shall be reviewed by the County Board in accordance with section 2-52.

Sec. 50-87. Committee to oversee project.

(a) Upon passage of an appropriating resolution for any public works project whose total cost exceeds $1,500,000.00, the Project Oversight Committee shall from that point forward have the total responsibility for overseeing all phases of the project to ensure that the project is proceeding in the best interests of the county. The Project Oversight Committee shall consist of:

(1) The County Executive or his representative.

(2) One member of the Standing Property, Airport, Recreation and Economic Development Committee.

(3) Finance Committee member.

(~~3~~4) The affected department head or, in the case of multiple departments, a representative.

(~~4~~5) The Facilities Engineer.

(6) Finance Director, or representative.

(5) The County Board Chair or his representative.

(6) One member of the standing committee of jurisdiction.

(b) The County Board Chair shall appoint one of the County Board Supervisors assigned to the Project Oversight Committee as Chair of the Project Oversight Committee.

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin State Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Corporation Counsel and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 23rd day of May 2023.

Chapter 50 STREETS, SIDEWALKS AND OTHER PUBLIC PROPERTY[1]

ARTICLE I. IN GENERAL

Secs. 50-1—50-18. Reserved.

ARTICLE II. PUBLIC PROPERTY

DIVISION 1. GENERALLY

Secs. 50-19—50-39. Reserved.

DIVISION 2. PUBLIC WORKS PROJECTS[2]

Subdivision I. In General

Sec. 50-40. Purpose.

The purposes of this section are as follows:

(1) To provide a uniform process for the handling of county public works projects from the earliest stages of the project through its completion

(2) To designate the areas of responsibility through the various stages of the project.

(Code 1992, § 8.01(4); Ord. No. B-2006-2007, § 8.01(4), 6-27-2006)

Sec. 50-41. Scope.

(a) *Contracts, bids.* All public work undertaken by the county or any agency thereof, including contracts for the construction, repair, remodeling or improvement of any public work, building or furnishing of supplies or materials of any kind shall follow the procedures as set forth in Sections 59.52(29) and 66.0901, Wisconsin Statutes and the current Administrative Rules for Public Works Projects of $1,500,000 or Less and Public Works Projects Over $1,500,000, ~~where estimated cost of such work will exceed $50,000.00, shall be let by contract to the lowest responsible bidder. Any public work, the estimated cost of which does~~

[1]State law reference(s)—County highways, Wis. Stats. § 83.001 et seq.

[2]State law reference(s)—Public works contracts and bids, Wis. Stats. § 66.0901.

~~not exceed $50,000.00, once the funds have been provided by the County Board by either the budgetary or transfer process, shall be completed in accordance with procedures established as administrative rules which have been created by the county procurement coordinator and reviewed by the County Board without further action of the County Board. If the estimated cost of any public work is between $5,000.00 and $50,000.00, a class 1 notice under Wis. Stats. ch. 985, shall be given before any department or agency of the county contracts for the work or shall contract with a person qualified as a bidder under Wis. Stats. § 66.0901(2), or any amendments thereto. A public works project, the estimated cost of which exceeds $25,000.00, shall be let and awarded under Wis. Stats. §66.0901(2), except that the County Board may by a three-fourths vote of all the members entitled to a seat provide that any class of public work or any part thereof may be done directly by the county without submitting the same for bids.~~

(b) *Exceptions.* Except as otherwise provided by law, the provisions of this chapter are not mandatory for projects involving the county and any federal, state or other governmental entity where such noncounty entity is the lead or directing entity for the project. In addition, this chapter is not mandatory for highway contracts which the county highway commissioner is authorized by law to let or make. This article does not apply to public construction if the materials for such a project are donated or if the labor for such a project is provided by volunteers.

(c) *Emergency provision.* The provisions of this article are not mandatory for the repair or reconstruction of public facilities when damage or threatened damage thereto creates an emergency as declared in writing by the county executive in which the public health or welfare of the county is endangered. For purposes of this subsection, an emergency shall mean any situation that exists immediate and substantial danger to the health. Life or property of any person or any situation where there exists potential for increased damage to county property if the situation is not immediately remedied. Within 24 hours of declaring an emergency, the county executive shall notify the County Board Chair. Whenever the County Board by majority vote at a regular or special meeting determines that an emergency no longer exists, this subsection no longer applies.

(d) *Turnkey methods.* In those construction projects where the Wisconsin Statutes permit the use of turnkey methods, the provisions of this article shall not be mandatory. In those projects, the county executive, the jurisdictional committees and the property, airport, recreation and economic development committee shall develop appropriate requests for bids and shall present their recommendation to the County Board for the awarding of the constructional contract.

(Code 1992, § 8.01(2)(a)—(d); Ord. No. K-2001-2002, § 8.01(2), 9-25-2001; Ord. No. B-2006-2007, § 8.01(2)(a)—(d), 6-27-2006)

State law reference(s)—Public work, Wis. Stats. § 59.52(29).

Sec. 50-42. Prevailing wage rate.

On any project subject to the prevailing wage rate, as defined and determined under Wis. Stats. § 66.0903 and Wisconsin Admin. Code, § DWD 290.01(17).the county shall apply to the department of workforce development for a prevailing wage rate determination. Applicability and exemptions shall be in accordance with definitions and project cost determinations of Wis. Stats. § 66.0903 and Wis. Admin. Code, § DWD 290.01(17).

(Ord. No. B-2006-2007, § 8.01(2)(e), 6-27-2006)

Sec. 50-43. Release of funds and retained percentages

Payment and retainage shall be in accordance with Wis. Stats. § 66.0901(9)(b).

(Ord. No. B-2006-2007, § 8.01(2)(f), 6-27-2006)

State law reference(s)—Bidder's proof of responsibility required, Wis. Stats. § 66.0901(2).

Sec. 50-44. Policy statement.

(a) It shall be the policy of the county to act in accordance with chapter 22, pertaining to finance and taxation, and to publicly announce all requirements for architectural, engineering services and construction management to negotiate contracts for such services on the basis of demonstrated competence and qualification for the type of professional services required and at fair and reasonable prices and at cost determined to be in the best interests of the taxpayers of the county.

(b) Public works projects with a contract sum greater than ~~$500,000.00~~$1,500,000.00 shall not commence until an agreement has been executed between the contractor and the county and all required contractor insurance certificates, performance bonds, and payment bonds have been received by the county. This provision shall not be mandatory for the repair or reconstruction of a county facility or facilities when such must be repaired or reconstructed on an emergency basis to protect the structural integrity of the improvement or the contents therein from further damage. For public works projects valued less than ~~$500,000.00~~$1,500,000.00, refer to administrative rules which shall be reviewed by the County Board in accordance with section 2-52.

(Code 1992, § 8.05; Ord. of 8-11-1998, § 8.05)

Secs. 50-45—50-61. Reserved.

Subdivision II. Stages of Public Works Projects

Sec. 50-62. Stages.

Every county public works project shall proceed through the stages in this subdivision.

(Code 1992, § 8.02; Ord. No. B-2006-2007, § 8.02, 6-27-2006)

Sec. 50-63. Initial discussions.

To determine the need for the project, an initial discussion concerning such proposed project shall be conducted by the County Board committees of jurisdiction, the standing property, airport, recreation and economic development committee and the county executive.

(Code 1992, § 8.02(1); Ord. No. B-2006-2007, § 8.02(1), 6-27-2006)

Sec. 50-64. Appropriating resolution.

(a) The standing property, airport, recreation and economic development committee, together with the committees of jurisdiction, shall submit a resolution describing any proposed public works project whose

estimated cost exceeds $1,500,000.00 for consideration by the County Board which shall include recommendations for the scope of a particular project; approval to engage the services of a construction manager, if one is desired, and an architect/engineer for the project; authorization to proceed with having plans and specifications prepared; authorization to advertise for bids; and making provisions for funding the project. The projects shall be administered in accordance with administrative rules prepared by the county purchasing agent and reviewed by the County Board.

(b) Projects whose estimated cost is less than $1,500,000.00 and for which funding has been budgeted shall be considered approved by the County Board upon the passage of such project's budget and at the levels so authorized by the Board. Financing sources, outside of the county property tax levy, shall first be approved of by separate action of the County Board before any work or contract for work shall be entered into for such projects. The projects shall be administered in accordance with written administrative rules prepared by the County Procurement Coordinator and approved by the County Board which rules are incorporated herein by reference.

(Code 1992, § 8.02(2); Ord. No. B-2006-2007, § 8.02(2), 6-27-2006)

Secs. 50-65—50-86. Reserved.

Subdivision III. Public Works Project Oversight

Sec. 50-87. Committee to oversee project.

(a) Upon passage of an appropriating resolution for any public works project whose total cost exceeds $1,500,000.00, the Project Oversight Committee shall from that point forward have the total responsibility for overseeing all phases of the project to ensure that the project is proceeding in the best interests of the county. The Project Oversight Committee shall consist of:

(1) The County Executive or his representative.

(2) One member of the Standing Property, Airport, Recreation and Economic Development Committee.

(3) Finance committee member.

(34) The affected department head or, in the case of multiple departments, a representative.

(45) The Facilities Engineer.

(6) Finance Director, or representative.

(5) The County Board Chair or his representative.

(6) One member of the standing committee of jurisdiction.

(b) The County Board Chair shall appoint one of the County Board Supervisors assigned to the Project Oversight Committee as Chair of the Project Oversight Committee.

(Code 1992, § 8.03(1), (2); Ord. No. L-1995-1996, § 8.03(1), 9-26-1995; Ord. of 1-23-1996; Ord. of 9-7-1999, § 8.03(1), (2); Ord. No. B-2006-2007, § § 8.03(1), (2), 6-27-2006)

Sec. 50-88. Funds to be authorized by County Board.

No funds may be spent, nor costs incurred on a project beyond appropriations authorized by the County Board. Where insufficient project funds exist, supplemental appropriations shall only be authorized by the County Board.

(Code 1992, § 8.03(3); Ord. No. L-1995-1996, §8.03(2), 9-26-1995; Ord. of 9-7-1999(1), § 8.03(3); Ord. No. B-2006-2007, § 8.03(3), 6-27-2006)

Sec. 50-89. County Board may decline creation of committee.

If the public works project, meeting the threshold to institute an oversight committee, is deemed, because of its merits, not to require an oversight committee, the County Board may through resolution decline the creation of the oversight committee for the project. The following solid waste projects will be exempt from the requirement to form an oversight committee: Landfill earthwork and liner installation for cell or final cover construction and gas collection piping or well system construction.

(Ord. No. B-2006-2007, § 8.03(4), 6-27-2006; Ord. No. A-2011-12, 4-19-2011)

Sec. 50-90. Updates required.

At six-month intervals of the public works project, a written update as to the progress of the project and the financial aspects of the project shall be brought before the Property, Airport, Recreation and Economic Development Committee and the Committee of Jurisdiction.

(Ord. No. F-2003-2004, § 8.03(4), 12-9-2003; Ord. No. N-2003-2004, § 8.03(4), 3-23-2004; Ord. No. B-2006-2007, § 8.03(4), 6-27-2006)

Sec. 50-91. Report due at project completion.

At the completion of a public works project, the Facilities Engineer shall submit a written finish-out report to ensure all functional criteria of the project have been met, and the Finance Director shall submit a financial close out report which shall summarize the accounting for the dispersion of funds throughout the project and show a final project balance, to the Property, Airport, Recreation and Economic Development Committee and the Committee of Jurisdiction. The County Board of Supervisors shall then receive this report from the Committees of Jurisdiction.

(Ord. No. F-2003-2004, § 8.03(4), 12-9-2003; Ord. No. N-2003-2004, § 8.03(5), 3-23-2004; Ord. No. B-2006-2007, § 8.03(5), 6-27-2006)

Sec. 50-92. Progress reports; contracts; invoices and payments; Committee of Jurisdiction.

(a) The County Executive or designee shall prepare and submit progress reports on the various public works projects to the County Board from time to time.

(b) The County Board Chair, County Clerk and County Executive shall execute all contracts requiring County Board approval on behalf of the county.

(c) The County Executive or designee shall prepare invoices and authorize payments to be made on any project pursuant to the County Board authorizing resolution.

(d) The Standing Property, Airport, Recreation and Economic Development Committee shall be the Committee of Jurisdiction for all county remodeling, reconstruction, refurbishing, repair or new construction projects with jurisdiction for the acquisition or disposal of any land as may be required.

(Code 1992, § 8.04; Ord. No. G-1995-1996, 6-13-1995)

Secs. 50-93—50-112. Reserved.

I, Jeffrey L. King, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the May 23, 2023 County Board Minutes approved by a majority vote at a meeting of the County Board on May 23, 2023 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 23rd day of May, 2023

/s/ Jeffrey L. King
County Clerk

Please call the Outagamie County Clerkš Office (832-5077) if you would like further elaboration of these minutes.

RUN: June 16, 2023

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD SPECIAL MEETING * *

Office of the County Clerk, June 6, 2023.

The Board met pursuant to adjournment, and was called to order by Chairperson Nooyen at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

On May 30, 2023, the Outagamie County Clerk received a written notice from a majority of the Supervisors, to hold a Special Meeting on Tuesday, June 6, 2023, at 7:00 p.m., pursuant to Sec. 2-20(d) of the County Board Rules and Sec. 59.11(2), Wis. Stats., to consider censure of Supervisor Hermes for comments made at the May 9, 2023, Outagamie County Board meeting.

ROLL CALL: 30 present, 6 absent. APPOINTMENTS— being held in committee.

County Board Chair Nooyen nomination for appointment of Rick Lautenschlager to the Land Information Council; said term expiring April 2024.

In accord to County Board Rules, the Board took a recess and then reconvened.

UNFINISHED BUSINESS – None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Resolution No. 25—2023-24 – Various Supervisors. Approve of requesting the Chairperson of the Board verbally censure Supervisor Timothy Hermes for his conduct at the May 9th, 2023 Board Meeting in Appleton and finds the conduct of Supervisor Hermes to be damaging to the good reputation of Outagamie County, to be disrespectful and insensitive to members of our community, and to be inconsistent with the mission of Outagamie County, its employees, officers and the majority of the County Board of Supervisors.

Supervisor Thiede moved, seconded by Supervisor Santonato, for adoption.

Supervisor Patience moved to amend Resolution 25—2023-24 to read as 'Approve of requesting the Chairperson of the Board verbally censure Supervisor Timothy Hermes for his conduct at the May 9th, 2023 Board Meeting in Appleton and finds the conduct of Supervisor Hermes to be damaging to the good reputation of Outagamie County, to be disrespectful and insensitive to members of our community, and to be inconsistent with the mission, vision, and core values of Outagamie County, its employees, officers and the majority of the County Board of Supervisors.', seconded by Supervisor Thiede, for amendment.

ROLL CALL: 27 yes, 2 no (Krueger, Rettler), 1 abstain (Klemp), 6 absent. RESOLUTION NO. 25—2023-24 IS AMENDED.

ROLL CALL: 21 yes, 8 no (Krueger, Cooke, Klemp, Weinberg, Winterfeldt, Nejedlo, Clegg, Rettler), 6 absent. RESOLUTION NO. 25—2023-24 IS ADOPTED AS AMENDED.

RECONSIDERATION OF RESOLUTION NO. 25—2023-24.

Supervisor Santonato moved, seconded by Supervisor MacDonald, to reconsider the above listed resolution.

Vote for reconsideration. ROLL CALL: 25 yes, 4 no (Cooke, Klemp, Weinberg, Winterfeldt), 1 abstain (Hermes), 6 absent. RESOLUTION NO. 25 —2023-24 IS RECONSIDERED.

Vote for lock in. ROLL CALL: 23 yes, 6 no (Krueger, Cooke, Klemp, Weinberg, Winterfeldt, Nejedlo), 1 abstain (Hermes), 6 absent. RESOLUTION NO. 25—2023-24 IS ADOPTED & LOCKED IN.

Chairperson Nooyen conducted the following verbal censure to Supervisor Timothy Hermes:

- Based on the Vote of the Count Board I hereby censure you for your conduct we all witnessed at the May 9th, 2023 County Board Meeting.
- While you are free to hold whatever opinions you may have on issues relating to transgendered individuals, and are also free to comment on your opinions, your position as an elected official and member of this body require you to make those comments in a manner which does not tarnish the reputation, integrity, and respect that we owe all of our constituents. Your duties as a public official for this body require you to act with civility, and respect, not with name calling and verbal attacks. The manner in which you expressed your opinion was not an example of civil discourse, they were offensive and disrespectful to many people.

- Additionally, your comments brought up an issue which wasn't even in front of this board to act on and made the County Board a stage for national debate. The purpose of this board is to carry out the important duties of the County on issues that come before it, not to create such a stage. This has caused significant issues for our Board, for our staff, and for members of this community.
- This board has voted to censure you for the lack of civil discourse in the exercise of your duties, for tarnishing our reputation, and for ultimately precluding us from undertaking our mission as a County Board. Going forward, for you, and for any other member of the County board, do your job as an elected official. Do it respectfully, with dignity and appreciation for all members of our community regardless of their age, class, race, gender identity, sexual orientation, national origin, color or creed.

REPORTS – none.

ADJOURNMENT
Supervisor Patience moved, seconded by Supervisor Wegand to adjourn until June 27, 2023, at 7:00 p.m. VOICE VOTE CARRIED UNANIMOUSLY.

FINAL COPIES OF ORDINANCES/RESOLUTIONS AND ROLL CALLS PERTINENT TO NEW BUSINESS FOLLOW:

LOCK IN & ADOPTION OF RESOLUTION NO. 25—2023-24.

Vote for lock in. ROLL CALL: 23 yes, 6 no (Krueger, Cooke, Klemp, Weinberg, Winterfeldt, Nejedlo), 1 abstain (Hermes), 6 absent. RESOLUTION NO. 25—2023-24 ARE ADOPTED & LOCKED IN.

Outagamie County **6-6-23 County Board Meeting - June 6 2023 08:46:23 PM**

June 6, 2023 County Board Meeting

OpenMeeting

Amended
RESOLUTION NO.: 25—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Outagamie County Board of Supervisors (the Board) is the elected Governing Body of Outagamie County representing districts as determined by Wis. Stat. §59.10 and Outagamie County Ordinance Sec. 2-19. As the legislative body for Outagamie County, the Board reviews resolutions and ordinances which are considered for adoption. It is through these ordinances and resolutions that the County undertakes the duties conferred to it by the legislature through the Wisconsin Constitution as set forth in Wis. Stat. §§59.01, 59.04, Article IV §22 of the Wisconsin Constitution, and Outagamie County Ordinance Sec. 2-51.

On May 9th, 2023, Supervisor Timothy Hermes uttered comments during a presentation by Equity, Diversity, and Inclusion Officer Major Cooper which were expressed in a manner that many members of the Board and community found to be offensive. A transcript of the comments at issue are attached and incorporated by reference herein as Attachment A.

The Board recognizes that each individual board member has a right under the First Amendment to freely express their own personal ideals and beliefs so long as those ideals are expressed in an appropriate time, place, and manner. The Board believes that members must conduct themselves in a civil manner while addressing the issues that affect our community as failing to do so damages the good name, reputation, and relationship with our constituents as a whole. While Supervisor Hermes has his right to utter protected speech under the First Amendment, the Board has its own right to collectively make a statement establishing their opinion on the comments and behavior of its members. *See*, *Houston Community College System v. Wilson*, 142 S. Ct. 1253; 212 L. ED. 2d 303, (2022).

NOW THEREFORE, the undersigned members of the Outagamie County Board of Supervisors recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors approves of requesting the Chairperson of the Board verbally censure Supervisor Timothy Hermes for his conduct at the May 9th, 2023 Board Meeting in Appleton Wisconsin, and

BE IT FURTHER RESOLVED, that the Outagamie County Board finds the conduct of Supervisor Hermes to be damaging to the good reputation of Outagamie County, to be disrespectful and insensitive to members of our community, and to be inconsistent with the mission, vision, and core values of Outagamie County, its employees, officers and the majority of the County Board of Supervisors, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, Outagamie County Corporation Counsel, and Outagamie County Board Chairperson

Dated this 6th day of June 2023.

Respectfully Submitted,
VARIOUS SUPERVISORS

Duly and officially adopted by the County Board on: June 6, 2023

Signed: _____ Board Chairperson

_____ County Clerk

Approved: June 8, 2023

Transcript of May 9th, 2023 Outagamie County Board Meeting EDI Presentation Q & A

Chair Nooyen: Supervisor Hermes

Supervisor Hermes: Yeah, I got a question and a comment. I know women had to fight for their own sports, and their own bathrooms, and the way I look at things is, you know, if you have any man that decides he wants to be a woman, is kind of reverting a woman to a feeling like any grandmother, mother, sister, daughter, any man can just be that. Now to me, a man putting on a dress, and putting on a woman's face, is the same as the black face in the 1920's. Now how do you justify that, you know, people who accept that, reverting a woman to a feeling, that any man can be a woman. I just totally disagree with that.

Mr. Cooper: I think it's really about, um, showing everyone dignity, and respect, and so how a person identifies, we have to respect that. And I think also, we have to not only respect it, but we have to acknowledge it, and make sure that they're operating in a safe space. And so, I definitely can understand where for some people, it may seem, I'm not even going to acknowledge it as odd, but it may be a new idea and a new way of thinking or approaching people. I think if you operate with a dignity lens, first and foremost and see that person as an actual person, no matter what they identify as their gender, there are certain rights that they should deserve.

Supervisor Hermes: But don't you think women have the right to their own bathrooms, and not a man pretending to be a woman going in to that bathroom? I mean that puts a lot of concerns for fathers, you have a man in a dress with a woman's face on going into a bathroom by a little girl, trying to change in their dressing rooms, I find that disgusting.

Mr. Cooper: Well I think what we are moving to now, again this is all about changing the culture and I think what we are looking at now is that as we provide a safe space for all, that we have these places and spaces where we have a family restroom. Where if there is a situation where a father, that has a young daughter, may feel uncomfortable with sending their young daughter into a women's only restroom or a female identifying restroom, they can take them into that single stall family restroom, and then lock the door and its just them two without any type of disruption. And that's where I think we are moving the culture to make sure that we are showing respect to all, and dignity to all. And I understand where you may have a fear in that, or you may have feelings of disgust, and I acknowledge that, but I also want to push back at you and say, what happens then when it is your daughter who grows older and says, you know what, father I feel as if I may need to transition because now I feel and want to identify as a male. You would want that same safe space for them as they travel and as they are really trying to just exist in this county. And so, that's where I think we really need to push the culture is that we have to not only be an ally and recognize that there are people who are different from us but then also try to put ourselves in their shoes, and what if it was our family member, we would want the same rights for them as well.

Supervisor Hermes: I would have to go get counseling. Is what I would do.

RESOLUTION NO.: 25—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Outagamie County Board of Supervisors (the Board) is the elected Governing Body of Outagamie County representing districts as determined by Wis. Stat. §59.10 and Outagamie County Ordinance Sec. 2-19. As the legislative body for Outagamie County, the Board reviews resolutions and ordinances which are considered for adoption. It is through these ordinances and resolutions that the County undertakes the duties conferred to it by the legislature through the Wisconsin Constitution as set forth in Wis. Stat. §§59.01, 59.04, Article IV §22 of the Wisconsin Constitution, and Outagamie County Ordinance Sec. 2-51.

On May 9th, 2023, Supervisor Timothy Hermes uttered comments during a presentation by Equity, Diversity, and Inclusion Officer Major Cooper which were expressed in a manner that many members of the Board and community found to be offensive. A transcript of the comments at issue are attached and incorporated by reference herein as Attachment A.

The Board recognizes that each individual board member has a right under the First Amendment to freely express their own personal ideals and beliefs so long as those ideals are expressed in an appropriate time, place, and manner. The Board believes that members must conduct themselves in a civil manner while addressing the issues that affect our community as failing to do so damages the good name, reputation, and relationship with our constituents as a whole. While Supervisor Hermes has his right to utter protected speech under the First Amendment, the Board has its own right to collectively make a statement establishing their opinion on the comments and behavior of its members. *See*, *Houston Community College System v. Wilson*, 142 S. Ct. 1253; 212 L. ED. 2d 303, (2022).

NOW THEREFORE, the undersigned members of the Outagamie County Board of Supervisors recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors approves of requesting the Chairperson of the Board verbally censure Supervisor Timothy Hermes for his conduct at the May 9th, 2023 Board Meeting in Appleton Wisconsin, and

BE IT FURTHER RESOLVED, that the Outagamie County Board finds the conduct of Supervisor Hermes to be damaging to the good reputation of Outagamie County, to be disrespectful and insensitive to members of our community, and to be inconsistent with the mission of Outagamie County, its employees, officers and the majority of the County Board of Supervisors, and

I, Jeffrey L. King, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the June 6, 2023 County Board Minutes approved by a majority vote at a meeting of the County Board on June 6, 2023 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 6th day of June, 2023

/s/ Jeffrey L. King
County Clerk

Please call the Outagamie County Clerkš Office (832-5077) if you would like further elaboration of these minutes.

RUN: July 7, 2023

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, June 27, 2023.

The Board met pursuant to adjournment, and was called to order by Chairperson Nooyen at 7:00 p.m. by teleconference.

ROLL CALL: 33 present, 3 absent. Members present: Thompson, Miller, Smith, Patience, Gabrielson, Konetzke, Hammen, Lawrence, Lamers, Ferguson, Wegand, Hermes, MacDonald, Schroeder, Croatt, Spears, Cooke, Santonato, Cuff, Hagen, Klemp, Thiede, Nooyen, Weinberg, Culbertson, Monfils, Winterfeldt, Nejedlo, Clegg, VanderHeiden, Rettler, Koury, and Lautenschlager. Members Absent: Krueger, McCabe, and Thyssen.

The Board Chairperson requested the Board's confirmation to excuse Supervisor McCabe and Supervisor Thyssen. No objections; so ordered.

MINUTES OF THE JUNE 6, 2023 COUNTY BOARD MEETING
Supervisor Thiede moved, seconded by Supervisor Hagen, to approve the minutes of the June 6, 2023, County Board meeting.

VOICE VOTE CARRIED UNANIMOUSLY. MINUTES OF THE JUNE 6, 2023, COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS –

Kevin Englebert, County Development and Land Services Director and Rebecca Speckhard, Quarles & Brady LLP, will provide background on the final resolution regarding Unconditional County Guaranty of Its Pro Rata Share, Intergovernmental Agreement and Taxable Revenue Bond Financing for Bug Tussel 1, LLC Project

County Development and Land Services Director, Kevin Englebert introduced Rebecca Speckhard, Quarles & Brady LLP, to discuss entering into the Bug Tussel transaction to create a middle mile network throughout Outagamie County and Resolution 29—2023-24 that is being brought before the County Board.

Rebecca Speckhard, Quarles & Brady LLP gave an overview of the transaction and bond issue.

- The bond issue is being issued by Fond du Lac County as a conduit financing for the benefit of Bug Tussel. Fond du Lac County is lending their name to the transaction, but Bug Tussel is the entity responsible for the repayment of the bonds.
- Each County that is participating and having their projects financed in the transaction, is being asked to provide a full faith agreement, unconditional guarantee of the portion of the bonds that is financing projects within their jurisdiction.
- Outagamie County’s maximum exposure: The amount that Outagamie County is being asked to guarantee is $24 million plus the interest that would accrue over the life of the 30-year bonds. Additionally, if there was a bond insurer that was part of the transaction and had to step in to make payments on behalf of Outagamie County, there could be compound interest on those payments made by the bond insurer.

- It is not intended that the guarantee would be drawn upon. The documents are set up that Bug Tussel is obligated to hold the bond payments throughout the course of the bond issue. The bonds are being marketed with the additional security feature of the guarantee for the benefit of investors.
- All of the Counties are reserving debt capacity in the amount of their portion and interest. The final resolution will offer the issuance of general obligation promissory notes to fund the guarantee (approved by a ¾ vote).
- The intent is that Bug Tussel will make all principal and interest payments.
- At the time the bonds are issued (projected to be end of July) a portion of the bonds equal to one year's debt service is set aside in a reserve account with the trustee. If Bug Tussel ever failed to make a principal and interest payment, the trustee would use the reserve account to make the payment and notify the County they had to use the reserve account to make the payment.
- The County would then have 150 days to replenish the reserve account so that the reserve account would be fully funded by the next debt service payment date.
- The interest rate will be fixed at the time of issue.
- In exchange for providing the guarantee, Outagamie County will receive expansion of rural route access through fiber network and towers. The County will also have free access to fiber and towers for life of the bond issue. Bug Tussel will pay each county .4% in fees annually for the amount of outstanding bonds being guaranteed.
- From a legal perspective, the County is responsible for making payment regardless of any performance of Bug Tussel.
- If Bug Tussel does not make a payment, the County would get 150 days to replenish the reserve account. In addition, as soon as the County makes the payment, there is a guarantee agreement provided by Hilbert Communications on obligating Hilbert Communications to stand behind Bug Tussel's obligation to reimburse the County.
- There is also a first lien mortgage on every real estate asset or tower constructed with bond proceeds that Outagamie County would receive if Hilbert Communications does not stand behind the obligation, as well as a UCC filing made on all fiber on public right of way. This would provide the County the ability to foreclose on those assets, providing a level of security in the assets.
- Another security feature is that all the counties in the agreement could take over Bug Tussel 1 if there was a failure to make payments.
- All documents have been provided and have been reviewed. If the county wishes to participate in this financing, the documents are in appropriate legal format for County Board to approve.
- Bond Counsel is provided by Bug Tussel. Quarles and Brady, LLC are representing the County and have reviewed the documents from that perspective.

Supervisor Questions/Comments followed.

<u>Lisa Lux, County Human Resources Director and Malayna Halvorson Maes, McGrath Human Resources Group, will give an update on the Total Rewards Project, next steps, and timing</u>

Human Resources Director Lisa Lux provided an update on the total rewards compensation study.

- Director Lux introduced Malayna Halvorson Maes, McGrath Human Resources Group, who the County has partnered with on the Total Rewards Project to form a new compensation structure.
- What will be covered in the presentation:
    - Review of the project scope
    - Overview of the methodology and processes used
    - Overview of findings and recommendations

    - Insight into condensing to one wage schedule
    - Implementation and timeframe
- What will not be covered in the presentation, as it is not yet available
    - Details to specific positions and employees
    - Specifics related to the funding of the project
    - There will not be a specific resolution being brought forward, just an update.

Malayna Halvorson Maes, McGrath Human Resources Group, spoke about the project scope that McGrath has followed:

- The Scope of Services included in the Total Rewards Compensation Study include:
    - Taking a look at what the County's current needs are within the organization in regards to not only total rewards, compensation, and benefits, but also the well-being of the organization, opportunities for professional development and recognition.
    - McGrath was tasked to not only evaluate for market competitiveness, but to also help reduce the number of classifications or job titles that are being supported.
- Methodology:
    - Meet with Administration, Human Resources, Department Heads, and Management Teams to help get an understanding of the programs, operations, and services that are provided at each department level.
    - McGrath then reviewed the current compensation system, organizational charts, job descriptions, and compensation policies.
    - Solicited compensation data from a list of 27 comparable organizations (public sector – cities or counties). Collected from minimum, midpoint, maximum and incumbent salary data points and aligned these with as many of the County's positions as possible.
    - Collected compensation data from local private employers in the region.
    - While Outagamie County currently has nearly 400 job titles, there will be some opportunities to make some adjustments to job titles and classifications to put the County in line with the industry.
- Market summary findings:
    - A graph was presented that compared Outagamie County's step 5 against the other organizations that were used to find the going market rate.
    - At this specific data point, 22% of the positions aligned to average market midpoint.
    - 19% of positions have a comp ratio of 45-49% and may be falling short of competitiveness within the market.
    - 60% of positions were found to be below average market midpoint. This was a common finding amongst different data points.
- Summary of recommendations:
    - Two salary schedules are recommended to be combined into one salary schedule.
        - Goal is to have equity in salary adjustments.
        - Structure will be similar with a step model that is built into each salary range. What will be unique is that all steps will be the same percentage between steps (3% increase with each move to the next step).
        - Twenty pay grades which includes both exempt and non-exempt roles.
        - Increase to 7-10% between each pay grade.
        - This keeps compression in line and as employees promote to higher grade levels, the promotion is greater and more meaningful.
        - Nearly 400 classifications (job titles) will be reduced to 250 classifications (job titles).
    - McGrath provided two examples of pay grades to model how salaries will step with adequate performance on anniversary steps.

- New Structure and Implementation Process:
    - McGrath has built the model and all positions have been evaluated and placed on salary grades. The minimum implementation cost has been identified for the County.
    - All changes will occur at one time and it will be built into the 2024 budget, with salary adjustments made during the first pay period in January 2024.
    - All employees will receive some sort of a wage increase to transition to the new wage schedule.
    - The County will need to identify $3 million to implement.
    - There will be flexibility for departments to hire new employees through step 5 without additional approval from HR.
- Next steps:
    - Meet with each Department Head to review and finalize position placements. July 12-14, 2023
    - Finalize recommendations and final report from McGrath – July 24, 2023
    - Presentation to County Board – August 2023
    - Presentation to Employees – Following County Board presentation in August 2023 with the caveat of 2024 budget approval
    - Setup of new wage schedules and testing in Tyler Munis – August through October 2023
    - Budget approval – November 2023
    - Changes made in system for each employee – November/December 2023
    - New salaries in effect first pay period – January 2024
    - Benefit review and enhancement recommendations - 2024

Supervisor Questions/Comments followed.

ESTABLISH ORDER OF THE DAY

Chairperson Nooyen reported the request to have all Appointments and Resolutions that are on the agenda locked in at the meeting.

Chairperson Nooyen asked for unanimous consent to handle reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

RESOLUTION NO.: 26—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin Electric Power Company, doing business as We Energies (Grantee) is requesting an easement in order to construct, operate, maintain repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground, as well as pipeline or pipelines with valves, tieovers, main laterals and service laterals, together with all necessary and appurtenant equipment under and above ground, including cathodic protection apparatus used for corrosion control, as deemed necessary by Grantee, for the transmission and distribution of electric energy, signals, television and telecommunications services; natural gas and all by-products thereof, or any liquids, gases, or substances which can or may be transported or distributed through a pipeline, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

NOW THEREFORE, the following resolution is presented by the Property, Airport, Recreation and Economic Development Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize granting We Energies an easement for the area described as strips of land twelve (12) feet in width being a portion of Grantor's land, being a part of the Southeast ¼ of the Southwest ¼ of Section 25, and the Northeast ¼ of the Northwest ¼ of Section 36, Township 21 North, Range 16 East, Village of Greenville, Outagamie County, Wisconsin; said land is shown on the attached Distribution Easement Electric and Gas and Temporary Exhibit A – Gas and Temporary Exhibit A – Electric which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Appleton International Airport Director and We Energies, Property Rights & Information Group, 231 W. Michigan Street, Room P277, P.O. Box 2046, Milwaukee, WI 53201-2046.

Dated this 27th day of June 2023.

Duly and officially adopted by the County Board on: June 27, 2023

WR NO. **4799155, 4864200** IO NO. **CR1023, MRL215020519**

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, **OUTAGAMIE COUNTY**, hereinafter referred to as "Grantor", owner of land, hereby grants and warrants to **WISCONSIN ELECTRIC POWER COMPANY, a Wisconsin corporation doing business as We Energies**, hereinafter referred to as "Grantee", a permanent easement upon, within, beneath, over and across a part of Grantor's land hereinafter referred to as "easement area".

The easement area is described as **strips of land Twelve (12) feet in width**, being a portion of Grantor's land, being a part of the **Southeast 1/4 of the Southwest 1/4 of Section 25, and the Northeast 1/4 of the Northwest 1/4 of Section 36, Township 21 North, Range 16 East**, Village of Greenville, Outagamie County, Wisconsin; said land being more particularly described in a **Warranty Deed** recorded July 15, 1963 in the Office of the Register of Deeds in and for Outagamie County in Volume 634, pages 415-416, as **Document No. 559206**, and in a **Warranty Deed** recorded June 22, 1964 in the Office of the Register of Deeds in and for Outagamie County in Volume 663, page 336, as **Document No. 569652**.

The location of the easement area with respect to Grantor's land is as shown on the attached drawing, marked Exhibit "A", and made a part of this document.

(Parcel Identification Number)

1. **Purpose:** The purpose of this easement is to construct, install, operate, maintain repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground, as well as pipeline or pipelines with valves, tieovers, main laterals and service laterals, together with all necessary and appurtenant equipment under and above ground, including cathodic protection apparatus used for corrosion control, as deemed necessary by Grantee, for the transmission and distribution of electric energy, signals, television and telecommunications services; natural gas and all by-products thereof, or any liquids, gases, or substances which can or may be transported or distributed through a pipeline, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

2. **Access:** Grantee or its agents shall have the right to enter and use Grantor's land with full right of ingress and egress over and across the easement area and adjacent lands of Grantor for the purpose of exercising its rights in the easement area.

3. **Buildings or Other Structures**: Grantor agrees that no structures will be erected in the easement area or in such close proximity to Grantee's facilities as to create a violation of all applicable State of Wisconsin electric and gas codes or any amendments thereto.

4. **Elevation:** Grantor agrees that the elevation of the ground surface existing as of the date of the initial installation of Grantee's facilities within the easement area will not be altered by more than 4 inches without the written consent of Grantee.

5. **Restoration:** Grantee agrees to restore or cause to have restored Grantor's land, as nearly as is reasonably possible, to the condition existing prior to such entry by Grantee or its agents. This restoration, however, does not apply to any trees, bushes, branches or roots which may interfere with Grantee's use of the easement area.

6. **Exercise of Rights**: It is agreed that the complete exercise of the rights herein conveyed may be gradual and not fully exercised until some time in the future, and that none of the rights herein granted shall be lost by non-use.

7. **Binding on Future Parties:** This grant of easement shall be binding upon and inure to the benefit of the heirs, successors and assigns of all parties hereto.

8. **Easement Review**: Grantor acknowledges receipt of materials which describe Grantor's rights and options in the easement negotiation process and furthermore acknowledges that Grantor has had at least 5 days to review this easement document *or* voluntarily waives the five day review period.

RIGHTS-OF-WAY AND EASEMENTS

For Electric and Gas Distribution Facility Construction

INTRODUCTION

This pamphlet is intended to help you, the landowner, better understand the possible need for new utility facilities, how utilities build those facilities, and how you can be an important part of the process.

Electric distribution lines carry electricity from substations to customers. These types of electric lines include customer service connections and local distribution lines.

Gas distribution pipes carry natural gas from regulator stations to customers. These types of gas pipes include distribution mains of various sizes and service laterals.

A utility right-of-way (ROW) is a strip of land that a utility uses to construct, maintain, repair, or replace an overhead power line, underground power line, or gas main. The ROW allows the utility to provide clearance from trees, buildings and other structures that could interfere with the installation, maintenance and operation of the utility facilities. This ROW may be located in the roadway or on private property: It usually is from 6 to 12 feet wide, unless terrain, vegetation, larger utility facilities, or unusual construction obstacles require a wider easement.

1) **What are some reasons new or reconstructed power lines might be needed?**

   New power lines may be needed because of:

   a. Growth in customer's average electricity use
   b. Growth in the number of customers and businesses in Wisconsin
   c. Replacement of old lines due to age of equipment
   d. Additional lines constructed from new substations needed to meet increased demand

2) **What are some reasons new or reconstructed gas facilities might be needed:**

   New gas facilities may be needed because of:

   a. Growth in the number of natural gas customers
   b. Replacement of old pipes due to age or condition
   c. Increased usage of natural gas by existing customers

3) **Do utilities need government approval to build new power lines or gas mains?**

   Yes. A variety of permits are needed from various governmental agencies. The Public Service Commission of Wisconsin (PSCW) reviews our request if a project exceeds $5 million in cost.

   Local road permits, Wisconsin Department of Transportation permits, Wisconsin Department of Natural Resources permits, Federal Aviation Authority permits, etc. are all required if the interests of those agencies are involved.

4) **Can conservation eliminate the need for power lines or gas mains?**

   Yes and no. Right now, conservation helps reduce the need for new power lines, but is not eliminating all future needs. In order to eliminate the need for new utility facilities, conservation would have to be great enough to offset all the needs mentioned in questions one and two.

   Conservation can reduce the number of new power lines and power plants needed because conservation makes energy use more efficient. The PSCW reviews utility plans for conservative programs in its Biennial Strategic Energy Assessment ("SEA").

5) **How is it decided when and where new or reconstructed utility facilities will be built?**

   Our engineers use computer models of the power and natural gas systems to study the need for new utility facilities. The results help a utility decide if a new power line or natural gas main is needed or if an existing line or main should be rebuilt or relocated. In some instances the need for new or rebuilt power lines or natural gas mains becomes apparent due to insufficient capacity to meet customer requirements in an area.

6) **Does We Energies have the right to construct its utility facilities on my property?**

   Wisconsin statutes allow us to construct our utility facilities on or along roadways with the consent of

local authorities as long as the utility facilities do not interfere with the use of the roadway by the public or with the use of the adjoining land. We usually have the option of building the distribution lines or mains and related facilities on private property or in the road right-of-way. However, if existing obstacles are in the way, the distribution line or main will be located to avoid these obstacles. If the distribution line or main is located on private property, an easement from the landowner is required. If the distribution line or main is located in road right-of-way, a permit from the municipality is required.

7) **Will my trees need to be cut?**

In some cases, power lines must be built along wooded areas or near existing trees. Therefore, trees in these areas need to be trimmed and sometimes removed.

In order to ensure safe and reliable power, it is important to keep power lines and above ground equipment free of any kind of interference. This means that tall-growing trees should not be placed near or under existing power lines. We maintain a regular trimming schedule to keep interference from trees to a minimum. It is important for customers to understand this requirement and cooperate with us for tree-trimming requirements.

In the case of natural gas facilities, trees or shrubs may need to be trimmed or removed for the installation and maintenance of the gas main.

In order to trim or remove trees along a roadway, the utility will obtain the consent of the owner of the tree.

8) **What is an easement?**

An easement is a written document that grants a permanent right to use land for a specific purpose, such as installing utility facilities to serve you and others. An easement "runs with the land" which means it stays with the property even if ownership of the property changes.

9) **What can the landowner expect in the easement acquisition process?**

Based on many years of experience, we developed a standard easement agreement which covers topics such as proper clearance/cover for utility facilities, restoration of the land and tree trimming. You, as a landowner, have the right to understand these issues as well as the need for distribution facilities.

To minimize impact on your property, we will make every reasonable effort to locate these facilities in setback areas that are unbuildable.

We also contact each potentially affected landowner and present the easement document.

10) **What is required of the landowner in the easement document?**

The easement document grants the utility the right to locate distribution facilities on the landowner's property. It also requires the landowner to keep the easement area clear to allow the utility access to these facilities for maintenance and repair. Easement area should stay clear of trees.

11) **What kinds of negotiations should be expected?**

While our standard easement is intended to cover normal distribution facility installations, terms or conditions may be negotiated. If the landowner has questions, we will get answers. The right-of-way agent is your contact person and your source of information.

12) **Are there specific waivers of rights involved in the easement negotiation process?**

For electric facilities, PSC 113.0509 gives the landowner, unless voluntarily waived by the landowner, a minimum period of five days to examine the materials we provided before signing any new or revised easement agreement. If you, as the landowner, are comfortable signing the easement agreement after reading the document and getting answers to questions, you may waive the five-day review period established under PSCW Administrative Rules.

There is not comparable code provision for gas facilities; however as a courtesy to our customers, We Energies applies the same practice in the attainment of gas distribution easements.

13) **Does the use of eminent domain enter into easement negotiation discussions?**

No. We do not mention eminent domain. We will work with the landowner to negotiate a solution on location of distribution facilities.

14) **Does the utility ultimately have the right to use eminent domain?**

Yes. However, as a general practice, we do not use eminent domain to install electric or gas distribution facilities. Only in extremely unusual situations would we consider the use of our eminent domain rights. In those cases specific discussions with the customer regarding the exercise of those rights will occur. (We have not used eminent domain on distribution facilities in over 35 years).

For more information:
For information on a specific project, contact We Energies or the PSCW.

Contact the PSCW at:
Public Service Commission of Wisconsin
P.O. Box 7854
Madison, WI 53707-7854
608-266-5481

Because the PSCW does not have detailed information about every distribution project, please provide the following information when contacting them:

RESOLUTION NO.: 27—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office is requesting approval to apply for, accept and expend the 2023 Public Safety Answering Point (PSAP) grant funds issued by the Wisconsin Department of Military Affairs/Office of Emergency Communications (DMA/OEC). The grant will provide funding for equipment upgrades and advanced training necessary for Next Generation 9-1-1 (NG911). The grant award is $388,624 with a required 20% match of $97,156, for a total of $485,780. The Sheriff's Office will use these funds to provide training and purchase EVENTIDE recording and VESTA call handling software and equipment. EVENTIDE and VESTA will provide the technology required to handle NG911 upgrades and enhance Police, Fire and EMS (Emergency Medical Services) response to critical incidents into the foreseeable future. EVENTIDE recording software will create efficiencies in reviewing recordings and reducing the time needed to create duplicate radio, phone or multimedia recordings for public release, open records and court proceedings. VESTA call handling is a Motorola product designed to work with the current Motorola FLEX CAD without any interfaces or third party software needed. VESTA technology will seamlessly receive NG911 multimedia data, process this information and share it through FLEX CAD to dispatchers and first responders. The required 20% match of $97,156 is already budgeted as a 2023 Capital Project.

NOW THEREFORE, the following resolution is presented by the Public Safety Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Outagamie County Sheriff's Office to apply for, accept and expend the 2023 Public Safety Answering Point (PSAP) grant funds issued by the Wisconsin Department of Military Affairs/Office of Emergency Communications (DMA/OEC), with a required 20% Outagamie County match, said monies to provide funding for equipment upgrades and advanced training necessary for Next Generation 9-1-1 (NG911), and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the 2023 Capital Projects Revenue, Intergovernmental – DMA Next Gen line item and the Sheriff – E911 Hardware/Software, Capital Outlay line item by $388,624 each, as detailed on the attached fiscal note, which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Dated this 27th day of June 2023

Duly and officially adopted by the County Board on: June 27, 2023

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Sheriff's Department to apply, accept and expend the Public Safety Answering Point (PSAP) grant from the Wisconsin Department of Military Affairs/Office of Emergency Communications (DMA/OES)

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Sheriff's Office requests approval to apply, accept and expend 2023 PSAP Grant funds issued by the Wisconsin DMA/OEC. This grant is to provide funding for equipment upgrades and advanced training necessary for Next Generation 9-1-1 (NG911). The grant award is for $388,624 with a required 20% match of $97,156, for a total of $485,780. The Sheriff's Office will use these funds to provide training and purchase EVENTIDE recording and VESTA call handling software and equipment. EVENTIDE and VESTA will provide the technology required to handle NG911 upgrades and enhance Police, Fire and EMS response to critical incidents into the foreseeable future. EVENTIDE recoding software will create efficiencies in reviewing recordings and reducing the time needed to create duplicate radio, phone or multimedia recordings for public release, open records and court proceedings. VESTA call handling is a Motorola product designed to work with our current Motorola FLEX CAD without any interfaces or third party software needed. VESTA technology will seamlessly receive NG911 multimedia data, process this information and share it through FLEX CAD to dispatchers and first responders. The required 20% match of $97,156 is already budgeted as a 2023 Capital Project.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no ( ) partially (X)

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (X) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? yes (X) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

RESOLUTION NO.: 28—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Zoning Administrator/Land Use Supervisor in the Development and Land Services Department (DLS) has submitted a notice to retire. The busiest season for DLS is summer, which includes zoning permit requests due to construction season. If DLS is without a Zoning Administrator/Land Use Supervisor, it will place a burden on many staff members. Additionally, the vacancy may lead to delays in processing zoning permit applications for residents and contractors, which may increase wait time for permits, leading to increased costs. The Zoning Administrator/Land Use Supervisor is a supervisory position, therefore, if there is a gap, more burden will be placed on department leadership to fill the void relating to personnel management.

The current balance of the Small Department Sick and Vacation Payout fund is $504,906.

NOW THEREFORE, the following resolution is presented by the Agriculture, Extension Education, Zoning & Land Conservation Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the request to transfer $43,700 from the Small Department Vacation/Sick Leave Payout Fund to the Zoning Administration Salaries line item for $32,775 and Fringe Benefits line item for $10,925, and increase the General Funds Applied, Fund Balance Applied line item by $43,700, and decrease the General Fund, Committed Fund Balance for Small Depts Vac/Sick Payouts line item by $43,700, and increase the General Fund, Fund Balance Unassigned line item by $43,700 as noted on the attached fiscal note and Small Departments Vacation and Sick Leave Payout Budget Request Form, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Development and Land Services Director and the Outagamie County Finance Director.

Dated this 27th day of June 2023

Duly and officially adopted by the County Board on: June 27, 2023

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services

1. **Subject:** Request for transfer from small department sick and vacation payout fund for DLS

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Operational Impact (i.e. risks, productivity, cost, etc) if not allowed to fill the vacated position until the vacation and sick payout is recovered on a budgetary basis is as follows: The largest reason to fill the Zoning Administrator/Land Use Supervisor position prior to recovering sick and vacation payout is department capacity. Summer is the department's busiest time for zoning permit requests given that it is construction season. If our department is without a zoning administrator, it will place a higher work burden on many staff members. Additionally, it may lead to delays in processing zoning permit applications for residents and contractors, and they may need to wait longer for their permits leading to increased cost on their end. The Zoning Administrator/Land Use Supervisor is a high level position in our office, and they are tasked with making decisions on a daily basis which involve some degree of legal risk for Outagamie County. If the position is unfilled, the risk related to zoning administration decisions might increase. Lastly, the zoning administrator is a supervisory position so if there is a gap, more burden will be placed on department leadership to fill the void relating to personnel management. Therefore, we are requesting a transfer from the small department sick and vacation payout fund for $43,700 to cover this gap in staffing.

The current balance of the small department sick and vacation payout fund is $504,906.

Current Year Budget Impact (Check one or more of the following boxes)

RESOLUTION NO.: 29—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***3/4 MAJORITY – 27 VOTES***

FINAL RESOLUTION REGARDING UNCONDITIONAL COUNTY GUARANTY OF ITS PRO RATA SHARE, INTERGOVERNMENTAL AGREEMENT AND TAXABLE REVENUE BOND FINANCING FOR BUG TUSSEL 1, LLC PROJECT

NOW THEREFORE, the following resolution is presented by the Finance Committee to the County Board.

BE IT RESOLVED, by the Outagamie County Board of Supervisors as follows:

Section 1 Recitals.

1.01 Under Wisconsin Statutes, Section 66.1103, as amended (the "Act"), the Issuer (as hereinafter defined) is authorized and empowered to issue revenue bonds to finance eligible costs of qualified "projects" (as defined in the Act), and to enter into "revenue agreements" (as defined in the Act) with "eligible participants" (as defined in the Act).

1.02 Bug Tussel 1, LLC, a Wisconsin limited liability company (the "Borrower"), Hilbert Communications, LLC, a Wisconsin limited liability company (the "Company" and the "Guarantor") and/or one or more of its affiliates (including, without limitation, Bug Tussel Wireless, LLC and Cloud 1, LLC), whether existing on the date hereof or to be formed and whether owned directly or indirectly by the Company, desires to finance a project consisting of the acquisition, construction and installation of certain telecommunications infrastructure that includes, among other things (i) acquisition of tower sites by purchase or lease of land and equipping such sites with towers and electronics to provide broadband, high speed cellular, emergency communications and point to point (P2P) data communications;

(ii) constructing fiberoptic data transmission facilities (cable and electronics) between towers, key community facilities, businesses and residential aggregation points; (iii) where appropriate, connecting individual premises into the broadband network including the cost of Consumer Premise Equipment (CPE); (iv) payment of capitalized interest; (v) funding of a debt service reserve fund; (vi) payment of such project costs located in the participating counties, which includes project costs in Outagamie County to be financed with Series 2023 Bonds in an amount not to exceed $24,000,000; and (vii) payment of professional fees (collectively, the "Project"), all of which will be for the purpose of providing wireless internet and telephone communications services to businesses, governmental units and residents of rural communities where such service is currently unavailable or is prohibitively expensive.

1.03 The Project will be constructed and installed in one or more of the following Wisconsin counties yet to be determined, with each respective county that has agreed to participate in the issuance of the Series 2023 Bonds to be evidenced by such participating county entering into the Joinder Agreement (defined herein) in connection with the issuance of the Series 2023 Bonds (each a "2023 Participating County" and collectively, the "2023 Participating Counties"): (i) Fond du Lac County, (ii) Forest County, (iii) Oneida County, and (iv) Outagamie County.

1.04 The Act authorizes the Issuer to make loans to an eligible participant, in connection with financing a qualified project.

1.05 Pursuant to initial resolutions duly adopted by the (i) Fond du Lac County Board on May 16, 2023, (ii) Forest County Board on April 18, 2023, (iii) Oneida County Board on September 27, 2022, and (iv) Outagamie County Board on May 23, 2023, the 2023 Participating Counties expressed their intention to enter into an Intergovernmental Agreement (the "Intergovernmental Agreement") originally by and among the Issuer, Calumet County,

Jackson County, Marathon County, and Waushara County, each in Wisconsin (the "2021 Participating Counties"), and Green Lake County, Iowa County, Jefferson County, Oconto County, Rock County, Taylor County, and Wood County, each in Wisconsin, which counties joined the Intergovernmental Agreement on August 16, 2022 by joinder (the "2022 Participating Counties"), pursuant to which the Issuer would issue revenue bonds to be issued in one or more issues or series in an aggregate amount not to exceed $240,000,000 to finance the Project. Notices of adoption of the initial resolutions adopted by the respective 2023 Participating Counties on September 27, 2022, April 18, 2023, May 16, 2023, and May 23, 2023 were published as provided in the Act, and no petition requesting a referendum upon the question of issuance of the revenue bonds has been filed in any 2023 Participating County as of the date of this resolution, and the closing of the Series 2023 Bonds shall not occur until the 30-day petition period following publication has expired in all 2023 Participating Counties.

1.06 The 2023 Participating Counties which have not already done so shall enter into the Intergovernmental Agreement by executing the Counterpart and Joinder to Intergovernmental Agreement (the "Joinder Agreement") to appoint Fond du Lac County as the issuer (the "Issuer") of the Series 2023 Bonds for the purpose of financing the Project on behalf of the Borrower, and as agent on behalf of the 2023 Participating Counties with respect to the Pledge of Membership Agreement, dated as of December 16, 2021, as amended, by and between Hilbert Communications, LLC, a Wisconsin limited liability company, and the Issuer for the benefit of the 2021 Participating Counties, the 2022 Participating Counties, the 2023 Participating Counties, and other counties as may be joined to the Intergovernmental Agreement after the date hereof.

1.07 The Borrower has requested that Outagamie County and each 2023 Participating County who will directly benefit from the Project provide an unconditional general obligation guaranty, to which the full faith and credit and taxing power of Outagamie County are pledged (the "County Guaranty") to enhance the collateral position of the Borrower in an amount equal to Outagamie County's or such 2023 Participating County's pro rata share of the principal of and interest on the Series 2023 Bonds in an amount necessary to replenish the debt service reserve fund, which for Outagamie County will be in an amount not to exceed $24,000,000 (plus interest to accrue thereon annually at a rate not to exceed 8.00%), including any compound interest payable on amounts paid by the Insurer (as defined herein) for the Series 2023 Bonds.

1.08 The Guarantor will provide a guaranty (the "Hilbert Guaranty") to Outagamie County, and each 2023 Participating County, guaranteeing the full and prompt payment to Outagamie County, and each 2023 Participating County, of amounts due from the Borrower pursuant to, and the performance of all other obligations, covenants and agreements of the Borrower under the Reimbursement Agreements by and between the Borrower and each of the 2023 Participating Counties, the Intergovernmental Agreement, and the Mortgage or Leasehold Mortgage, Assignment of Leases and Rents, Security Agreement, and Fixture Financing Statement referenced below.

1.09 The Borrower will have the primary obligation to make all scheduled principal and interest payments when due, and each 2023 Participating County's guaranty will apply only in the event that the Borrower does not pay such debt service as required and a draw is made on the debt service reserve fund for the Series 2023 Bonds (defined below) established under the Indenture.

1.10 In return for each 2023 Participating County's Guaranty, each 2023 Participating County shall receive a guaranty fee as further described in Section 3.02, and the Borrower and the Guarantor will pay any and all costs of each 2023 Participating County and all expenses incurred by each 2023 Participating County related to the Series 2023 Bonds.

1.11 As further security for the County Guaranty, Outagamie County and each 2023 Participating County shall receive a first fee or leasehold mortgage on all land, buildings, and improvements of the Borrower and a first security interest, subordinate only to the security interest of the State of Wisconsin, the Public Service Commission of Wisconsin, or similar agency, political subdivision, or instrumentality of the state (the "State") to the extent required by the State as a condition of grant funding provided for financed assets, in all fixtures and equipment of the Borrower located in the applicable county in which the Project financed with proceeds of the Series 2023 Bonds is constructed.

1.12 The Project includes necessary infrastructure for essential services, including emergency response and public safety communications by and for Outagamie County and local units of government in Outagamie County and is in furtherance of the public purposes set forth in the Act, Wisconsin Statutes, Section 59.54, and promotes the economic development and well-being of Outagamie County.

1.13 Outagamie County's obligations under its County Guaranty are expected to be insured by Build America Mutual Assurance Company (the "Insurer") under its Municipal Bond Insurance Policy (the "Policy") containing provisions consistent with the provisions of this resolution and the documents listed in Section 1.14 and approved by the Issuer's counsel, bond counsel and the appropriate officer or officers of Outagamie County.

1.14 Drafts of the following documents have been submitted to this County Board and are ordered filed in the office of the County Clerk:

(a) a Preliminary Limited Offering Memorandum;

(b) a Bond Purchase Agreement by and among UBS Financial Services Inc., as underwriter (the "Underwriter"), and the Issuer, with the Letter of Representations from the Borrower and accepted and agreed to by the Issuer;

(c) a Supplemental Series Indenture No. 2 (Series 2023 Bonds) relating to the issuance of the Series 2023 Bonds and the Indenture of Trust dated as of December 1, 2021 (collectively, the "Indenture") by and between the Issuer and U.S. Bank Trust Company, National Association, as trustee and successor to U.S. Bank National Association (the "Trustee");

(d) a Supplemental Series Loan Agreement No. 2 (Series 2023 Bonds) relating to the issuance of the Series 2023 Bonds and the Loan Agreement dated as of December 1, 2021 (collectively, the "Loan Agreement") by and between the Issuer and the Borrower;

(e) a Series 2023 Promissory Note from the Borrower to the Issuer, and assigned to the Trustee;

(f) a Reimbursement Agreement from the Borrower to Outagamie County;

(g) a Facilities Access Agreement from the Borrower to Outagamie County;

(h) a form of Mortgage or Leasehold Mortgage, Assignment of Leases and Rents, Security Agreement, and Fixture Financing Statement from the Borrower to Outagamie County;

(i) a Continuing Disclosure Agreement;

(j) a Guaranty Agreement (Hilbert Guaranty) from the Guarantor to Outagamie County;

(k) a Borrower's Closing Certificate;

(l) the Intergovernmental Agreement and Joinder Agreement to be signed by each 2023 Participating County; and

(m) the unconditional County Guaranty from Outagamie County.

Section 2 Findings and Determinations.

It is hereby found and determined that:

(a) based on representations of the Borrower, the Project constitutes a "project" authorized by the Act;

(b) the purpose of the Issuer's financing costs of the Project is and the effect thereof will be to promote the public purposes set forth in the Act;

(c) the Project includes necessary infrastructure for essential services by and for Outagamie County and local units of government in Outagamie County and is in furtherance of the public purposes set forth in the Act, Wisconsin Statutes, Section 59.54, and promotes the economic development and well-being of Outagamie County;

(d) it is desirable that a series of taxable revenue bonds in the aggregate principal amount not to exceed $77,100,000 (the "Series 2023 Bonds") be issued by the Issuer upon the terms set forth in the Indenture and Loan Agreement, under the provisions of which the Issuer's interest in the Indenture and Loan Agreement (except for certain rights as provided therein) and the loan repayments will be assigned to the Trustee as security for the payment of principal of and interest on and premium, if any, on all the Series 2023 Bonds outstanding under the Indenture;

(e) the loan payments provided for in the Loan Agreement, and the formula set out for revising those payments under the Loan Agreement as required under the Act, are sufficient to produce income and revenue to provide for prompt payment of principal of and interest on and premium, if any, on Series 2023 Bonds issued under the Indenture when due;

the amount necessary in each year to pay the principal of and interest on the Series 2023 Bonds is the sum of the principal and interest on the Series 2023 Bonds due in such year, whether on a stated payment date, a redemption date, or otherwise; the Loan Agreement provides that the Borrower shall provide for the maintenance of the Project in good repair, keeping it properly insured; and

(f) under the provisions of the Act, the Series 2023 Bonds shall be limited obligations of the Issuer and the Series 2023 Bonds do not constitute an indebtedness of the Issuer or the 2023 Participating Counties within the meaning of any state constitutional or statutory provision, and do not constitute nor give rise to a charge against the Issuer's or the 2023 Participating Counties' general credit or taxing powers or a pecuniary liability of the Issuer or the 2023 Participating Counties.

Section 3 Approvals and Authorizations; Authentication of Transcript.

3.01 There is hereby approved the issuance by the Issuer of its Taxable Revenue Bonds, Series 2023 (Bug Tussel 1, LLC Project) (Social Bonds) (specifically, the Series 2023 Bonds) in an aggregate principal amount not to exceed $77,100,000, for the purpose of financing the Project.

3.02 (a) In furtherance of the public purposes recited above, Outagamie County shall provide an unconditional County Guaranty to enhance the collateral position of the Borrower in an amount equal to Outagamie County's pro rata share of the principal of and interest on the Series 2023 Bonds in an amount necessary to replenish the debt service reserve fund in an amount not to exceed $24,000,000 (plus interest to accrue thereon annually at a rate not to exceed 8.00%, including any compound interest payable on amounts paid by the Insurer for the Series 2023 Bonds). In return for its County Guaranty, Outagamie County shall receive either (i) an annual guaranty fee equal to 40 basis points (0.40%) of the outstanding par amount of the Series 2023 Bonds covered by its County Guaranty, payable on a semi-annual basis on each May 1 and November 1,

or (ii) a discounted upfront guaranty fee as agreed to by the Borrower and Outagamie County. Prior to issuance of the Series 2023 Bonds, each 2023 Participating County on behalf of which Series 2023 Bonds are being issued shall have each authorized the execution and delivery of its respective County Guaranty.

(b) There is hereby authorized the issuance by Outagamie County of general obligation promissory notes pursuant to Wisconsin Statutes, Section 67.12(12) to finance payment of the County Guaranty. The terms and provisions of any such notes shall be established pursuant to a subsequent resolution of this County Board.

3.03 Outagamie County hereby authorizes the execution and delivery of the Joinder Agreement to the Intergovernmental Agreement, the County Guaranty and the other documents listed in Section 1.14 above to which Outagamie County is a signatory.

3.04 Subject to the conditions set forth herein, the County Board Chairperson and the County Clerk are authorized and directed to execute and deliver the County Guaranty, the Intergovernmental Agreement and the other documents listed in Section 1.14 above to which Outagamie County is a signatory. In addition, Outagamie County hereby authorizes the execution and delivery of a commitment with the Insurer consistent with the provisions of this resolution and the documents listed in Section 1.14 above as well as any other agreements, certificates or documents necessary to obtain the Policy.

3.05 The County Board Chairperson and the County Clerk and other officers of Outagamie County are authorized to prepare and furnish to the Trustee and bond counsel certified copies of all proceedings and records of the Outagamie County of relating to the Series 2023 Bonds, and such other affidavits and certificates as may be required by the Trustee and bond counsel.

3.06 The approval hereby given to the various documents referred to in this Resolution includes the approval of such additional details therein and additional documents or agreements all as may be necessary and appropriate for their completion and such modifications thereto, deletions therefrom and additions thereto as may be approved by the Outagamie County counsel and bond counsel. The execution of any document by the appropriate officer or officers of Outagamie County herein authorized shall be conclusive evidence of the approval by Outagamie County of such document in accordance with the terms hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Corporation Counsel, the Outagamie County Finance Director, the Outagamie County Development and Land Services Director, and the Outagamie County Executive.

RESOLUTION NO. _____

FINAL RESOLUTION REGARDING UNCONDITIONAL COUNTY GUARANTY OF ITS PRO RATA SHARE, INTERGOVERNMENTAL AGREEMENT AND TAXABLE REVENUE BOND FINANCING FOR BUG TUSSEL 1, LLC PROJECT

BE IT RESOLVED by the County Board of Outagamie County, Wisconsin, as follows:

Section 1 Recitals.

1.01 Under Wisconsin Statutes, Section 66.1103, as amended (the "Act"), the Issuer (as hereinafter defined) is authorized and empowered to issue revenue bonds to finance eligible costs of qualified "projects" (as defined in the Act), and to enter into "revenue agreements" (as defined in the Act) with "eligible participants" (as defined in the Act).

1.02 Bug Tussel 1, LLC, a Wisconsin limited liability company (the "Borrower"), Hilbert Communications, LLC, a Wisconsin limited liability company (the "Company" and the "Guarantor") and/or one or more of its affiliates (including, without limitation, Bug Tussel Wireless, LLC and Cloud 1, LLC), whether existing on the date hereof or to be formed and whether owned directly or indirectly by the Company, desires to finance a project consisting of the acquisition, construction and installation of certain telecommunications infrastructure that includes, among other things (i) acquisition of tower sites by purchase or lease of land and equipping such sites with towers and electronics to provide broadband, high speed cellular, emergency communications and point to point (P2P) data communications; (ii) constructing fiberoptic data transmission facilities (cable and electronics) between towers, key community facilities, businesses and residential aggregation points; (iii) where appropriate, connecting individual premises into the broadband network including the cost of Consumer Premise Equipment (CPE); (iv) payment of capitalized interest; (v) funding of a debt service reserve fund; (vi) payment of such project costs located in the participating counties, which includes project costs in Outagamie County to be financed with Series 2023 Bonds in an amount not to exceed $24,000,000; and (vii) payment of professional fees (collectively, the "Project"), all of which will be for the purpose of providing wireless internet and telephone communications services to businesses, governmental units and residents of rural communities where such service is currently unavailable or is prohibitively expensive.

1.03 The Project will be constructed and installed in one or more of the following Wisconsin counties yet to be determined, with each respective county that has agreed to participate in the issuance of the Series 2023 Bonds to be evidenced by such participating county entering into the Joinder Agreement (defined herein) in connection

with the issuance of the Series 2023 Bonds (each a "2023 Participating County" and collectively, the "2023 Participating Counties"): (i) Fond du Lac County, (ii) Forest County, (iii) Oneida County, and (iv) Outagamie County.

1.04 The Act authorizes the Issuer to make loans to an eligible participant, in connection with financing a qualified project.

1.05 Pursuant to initial resolutions duly adopted by the (i) Fond du Lac County Board on May 16, 2023, (ii) Forest County Board on April 18, 2023, (iii) Oneida County Board on September 27, 2022, and (iv) Outagamie County Board on May 23, 2023, the 2023 Participating Counties expressed their intention to enter into an Intergovernmental Agreement (the "Intergovernmental Agreement") originally by and among the Issuer, Calumet County, Jackson County, Marathon County, and Waushara County, each in Wisconsin (the "2021 Participating Counties"), and Green Lake County, Iowa County, Jefferson County, Oconto County, Rock County, Taylor County, and Wood County, each in Wisconsin, which counties joined the Intergovernmental Agreement on August 16, 2022 by joinder (the "2022 Participating Counties"), pursuant to which the Issuer would issue revenue bonds to be issued in one or more issues or series in an aggregate amount not to exceed $240,000,000 to finance the Project. Notices of adoption of the initial resolutions adopted by the respective 2023 Participating Counties on September 27, 2022, April 18, 2023, May 16, 2023, and May 23, 2023 were published as provided in the Act, and no petition requesting a referendum upon the question of issuance of the revenue bonds has been filed in any 2023 Participating County as of the date of this resolution, and the closing of the Series 2023 Bonds shall not occur until the 30-day petition period following publication has expired in all 2023 Participating Counties.

1.06 The 2023 Participating Counties which have not already done so shall enter into the Intergovernmental Agreement by executing the Counterpart and Joinder to Intergovernmental Agreement (the "Joinder Agreement") to appoint Fond du Lac County as the issuer (the "Issuer") of the Series 2023 Bonds for the purpose of financing the Project on behalf of the Borrower, and as agent on behalf of the 2023 Participating Counties with respect to the Pledge of Membership Agreement, dated as of December 16, 2021, as amended, by and between Hilbert Communications, LLC, a Wisconsin limited liability company, and the Issuer for the benefit of the 2021 Participating Counties, the 2022 Participating Counties, the 2023 Participating Counties, and other counties as may be joined to the Intergovernmental Agreement after the date hereof.

1.07 The Borrower has requested that Outagamie County and each 2023 Participating County who will directly benefit from the Project provide an unconditional general obligation guaranty, to which the full faith and credit and taxing power of Outagamie County are pledged (the "County Guaranty") to enhance the collateral position of the Borrower in an amount equal to Outagamie County's or such 2023 Participating County's pro rata share of the principal of and interest on the Series 2023 Bonds in an amount necessary to replenish the debt service reserve fund, which for

Outagamie County will be in an amount not to exceed $24,000,000 (plus interest to accrue thereon annually at a rate not to exceed 8.00%), including any compound interest payable on amounts paid by the Insurer (as defined herein) for the Series 2023 Bonds.

1.08 The Guarantor will provide a guaranty (the "Hilbert Guaranty") to Outagamie County, and each 2023 Participating County, guaranteeing the full and prompt payment to Outagamie County, and each 2023 Participating County, of amounts due from the Borrower pursuant to, and the performance of all other obligations, covenants and agreements of the Borrower under the Reimbursement Agreements by and between the Borrower and each of the 2023 Participating Counties, the Intergovernmental Agreement, and the Mortgage or Leasehold Mortgage, Assignment of Leases and Rents, Security Agreement, and Fixture Financing Statement referenced below.

1.09 The Borrower will have the primary obligation to make all scheduled principal and interest payments when due, and each 2023 Participating County's guaranty will apply only in the event that the Borrower does not pay such debt service as required and a draw is made on the debt service reserve fund for the Series 2023 Bonds (defined below) established under the Indenture.

1.10 In return for each 2023 Participating County's Guaranty, each 2023 Participating County shall receive a guaranty fee as further described in Section 3.02, and the Borrower and the Guarantor will pay any and all costs of each 2023 Participating County and all expenses incurred by each 2023 Participating County related to the Series 2023 Bonds.

1.11 As further security for the County Guaranty, Outagamie County and each 2023 Participating County shall receive a first fee or leasehold mortgage on all land, buildings, and improvements of the Borrower and a first security interest, subordinate only to the security interest of the State of Wisconsin, the Public Service Commission of Wisconsin, or similar agency, political subdivision, or instrumentality of the state (the "State") to the extent required by the State as a condition of grant funding provided for financed assets, in all fixtures and equipment of the Borrower located in the applicable county in which the Project financed with proceeds of the Series 2023 Bonds is constructed.

1.12 The Project includes necessary infrastructure for essential services, including emergency response and public safety communications by and for Outagamie County and local units of government in Outagamie County and is in furtherance of the public purposes set forth in the Act, Wisconsin Statutes, Section 59.54, and promotes the economic development and well-being of Outagamie County.

1.13 Outagamie County's obligations under its County Guaranty are expected to be insured by Build America Mutual Assurance Company (the "Insurer") under its

Municipal Bond Insurance Policy (the "Policy") containing provisions consistent with the provisions of this resolution and the documents listed in Section 1.14 and approved by the Issuer's counsel, bond counsel and the appropriate officer or officers of Outagamie County.

1.14 Drafts of the following documents have been submitted to this County Board and are ordered filed in the office of the County Clerk:

(a) a Preliminary Limited Offering Memorandum;

(b) a Bond Purchase Agreement by and among UBS Financial Services Inc., as underwriter (the "Underwriter"), and the Issuer, with the Letter of Representations from the Borrower and accepted and agreed to by the Issuer;

(c) a Supplemental Series Indenture No. 2 (Series 2023 Bonds) relating to the issuance of the Series 2023 Bonds and the Indenture of Trust dated as of December 1, 2021 (collectively, the "Indenture") by and between the Issuer and U.S. Bank Trust Company, National Association, as trustee and successor to U.S. Bank National Association (the "Trustee");

(d) a Supplemental Series Loan Agreement No. 2 (Series 2023 Bonds) relating to the issuance of the Series 2023 Bonds and the Loan Agreement dated as of December 1, 2021 (collectively, the "Loan Agreement") by and between the Issuer and the Borrower;

(e) a Series 2023 Promissory Note from the Borrower to the Issuer, and assigned to the Trustee;

(f) a Reimbursement Agreement from the Borrower to Outagamie County;

(g) a Facilities Access Agreement from the Borrower to Outagamie County;

(h) a form of Mortgage or Leasehold Mortgage, Assignment of Leases and Rents, Security Agreement, and Fixture Financing Statement from the Borrower to Outagamie County;

(i) a Continuing Disclosure Agreement;

(j) a Guaranty Agreement (Hilbert Guaranty) from the Guarantor to Outagamie County;

(k) a Borrower's Closing Certificate;

(l) the Intergovernmental Agreement and Joinder Agreement to be signed by each 2023 Participating County; and

(m) the unconditional County Guaranty from Outagamie County.

Section 2 Findings and Determinations.

It is hereby found and determined that:

(a) based on representations of the Borrower, the Project constitutes a "project" authorized by the Act;

(b) the purpose of the Issuer's financing costs of the Project is and the effect thereof will be to promote the public purposes set forth in the Act;

(c) the Project includes necessary infrastructure for essential services by and for Outagamie County and local units of government in Outagamie County and is in furtherance of the public purposes set forth in the Act, Wisconsin Statutes, Section 59.54, and promotes the economic development and well-being of Outagamie County;

(d) it is desirable that a series of taxable revenue bonds in the aggregate principal amount not to exceed $77,100,000 (the "Series 2023 Bonds") be issued by the Issuer upon the terms set forth in the Indenture and Loan Agreement, under the provisions of which the Issuer's interest in the Indenture and Loan Agreement (except for certain rights as provided therein) and the loan repayments will be assigned to the Trustee as security for the payment of principal of and interest on and premium, if any, on all the Series 2023 Bonds outstanding under the Indenture;

(e) the loan payments provided for in the Loan Agreement, and the formula set out for revising those payments under the Loan Agreement as required under the Act, are sufficient to produce income and revenue to provide for prompt payment of principal of and interest on and premium, if any, on Series 2023 Bonds issued under the Indenture when due; the amount necessary in each year to pay the principal of and interest on the Series 2023 Bonds is the sum of the principal and interest on the Series 2023 Bonds due in such year, whether on a stated payment date, a redemption date, or otherwise; the Loan Agreement provides that the Borrower shall provide for the maintenance of the Project in good repair, keeping it properly insured; and

(f) under the provisions of the Act, the Series 2023 Bonds shall be limited obligations of the Issuer and the Series 2023 Bonds do not constitute an indebtedness of the Issuer or the 2023 Participating Counties within the meaning of any state constitutional or statutory provision, and do not constitute nor give rise to a charge against the Issuer's or the 2023 Participating Counties' general credit or taxing powers or a pecuniary liability of the Issuer or the 2023 Participating Counties.

Section 3 Approvals and Authorizations; Authentication of Transcript.

3.01 There is hereby approved the issuance by the Issuer of its Taxable Revenue Bonds, Series 2023 (Bug Tussel 1, LLC Project) (Social Bonds) (specifically, the Series 2023 Bonds) in an aggregate principal amount not to exceed $77,100,000, for the purpose of financing the Project.

3.02 (a) In furtherance of the public purposes recited above, Outagamie County shall provide an unconditional County Guaranty to enhance the collateral position of the Borrower in an amount equal to Outagamie County's pro rata share of the principal of and interest on the Series 2023 Bonds in an amount necessary to replenish the debt service reserve fund in an amount not to exceed $24,000,000 (plus interest to accrue thereon annually at a rate not to exceed 8.00%, including any compound interest payable on amounts paid by the Insurer for the Series 2023 Bonds). In return for its County Guaranty, Outagamie County shall receive either (i) an annual guaranty fee equal to 40 basis points (0.40%) of the outstanding par amount of the Series 2023 Bonds covered by its County Guaranty, payable on a semi-annual basis on each May 1 and November 1, or (ii) a discounted upfront guaranty fee as agreed to by the Borrower and Outagamie County. Prior to issuance of the Series 2023 Bonds, each 2023 Participating County on behalf of which Series 2023 Bonds are being issued shall have each authorized the execution and delivery of its respective County Guaranty.

(b) There is hereby authorized the issuance by Outagamie County of general obligation promissory notes pursuant to Wisconsin Statutes, Section 67.12(12) to finance payment of the County Guaranty. The terms and provisions of any such notes shall be established pursuant to a subsequent resolution of this County Board.

3.03 Outagamie County hereby authorizes the execution and delivery of the Joinder Agreement to the Intergovernmental Agreement, the County Guaranty and the other documents listed in Section 1.14 above to which Outagamie County is a signatory.

3.04 Subject to the conditions set forth herein, the County Board Chairperson and the County Clerk are authorized and directed to execute and deliver the County Guaranty, the Intergovernmental Agreement and the other documents listed in Section 1.14 above to which Outagamie County is a signatory. In addition, Outagamie County hereby authorizes the execution and delivery of a commitment with the Insurer consistent with the provisions of this resolution and the documents listed in Section 1.14 above as well as any other agreements, certificates or documents necessary to obtain the Policy.

3.05 The County Board Chairperson and the County Clerk and other officers of Outagamie County are authorized to prepare and furnish to the Trustee and bond counsel certified copies of all proceedings and records of the Outagamie County of relating to the Series 2023 Bonds, and such other affidavits and certificates as may be required by the Trustee and bond counsel.

3.06 The approval hereby given to the various documents referred to in this Resolution includes the approval of such additional details therein and additional documents or agreements all as may be necessary and appropriate for their completion and such modifications thereto, deletions therefrom and additions thereto as may be approved by the Outagamie County counsel and bond counsel. The execution of any document by the appropriate officer or officers of Outagamie County herein authorized

shall be conclusive evidence of the approval by Outagamie County of such document in accordance with the terms hereof.

ORDINANCE NO.: Z-1—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY ZONING ORDINANCE. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the following ordinance is presented by the Agriculture, Extension Education, Zoning, and Land Conservation Committee to the County Board.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of Robert Prunty, property owner, to rezone parcel 080037908, totaling 4.23 acres, from AGD-General Agriculture District and the CL-Local Commercial District to AGD-General Agriculture District only. The location of the site is west of Wisconsin State Trunk Highway 76, Town of Ellington, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Ellington upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and the execution and recording of the above stated deed covenants, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Ellington Clerk, the Outagamie County Zoning Administrator and the Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 11th day of July, 2023.

Duly and officially adopted by the County Board on: July 11, 2023

MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **June 7, 2023**
RE: **PL202300216 - Rezoning - County Review & Recommendation**

Application Details:

Applicant and Owner:	Sandra and Robert Prunty
Request:	Rezoning - County
Parcel:	080037908 (4.23 acres)
Location:	West of Wisconsin State Trunk Highway 76 TOWN OF ELLINGTON
Public Hearing:	June 27, 2023 at 10:30 AM

Background & Analysis:

A County Rezoning request was received from Sandra and Robert Prunty, property owner, as depicted on the Rezoning Map (Exhibit 1). The proposal would rezone parcel 080037908 from the General Agriculture District (AGD) and the Local Commercial District (CL) to the General Agriculture District (AGD) only. The rezoning would allow the property owner to apply for an access permit through WisDOT.

Table 1 presents the existing land use and zoning district patterns and characteristics surrounding the site. The rezone is identified to be compatible with the surrounding land use and zoning district patterns.

Table 1. Surrounding Land Use and Zoning District Patterns, Relative to Subject Site

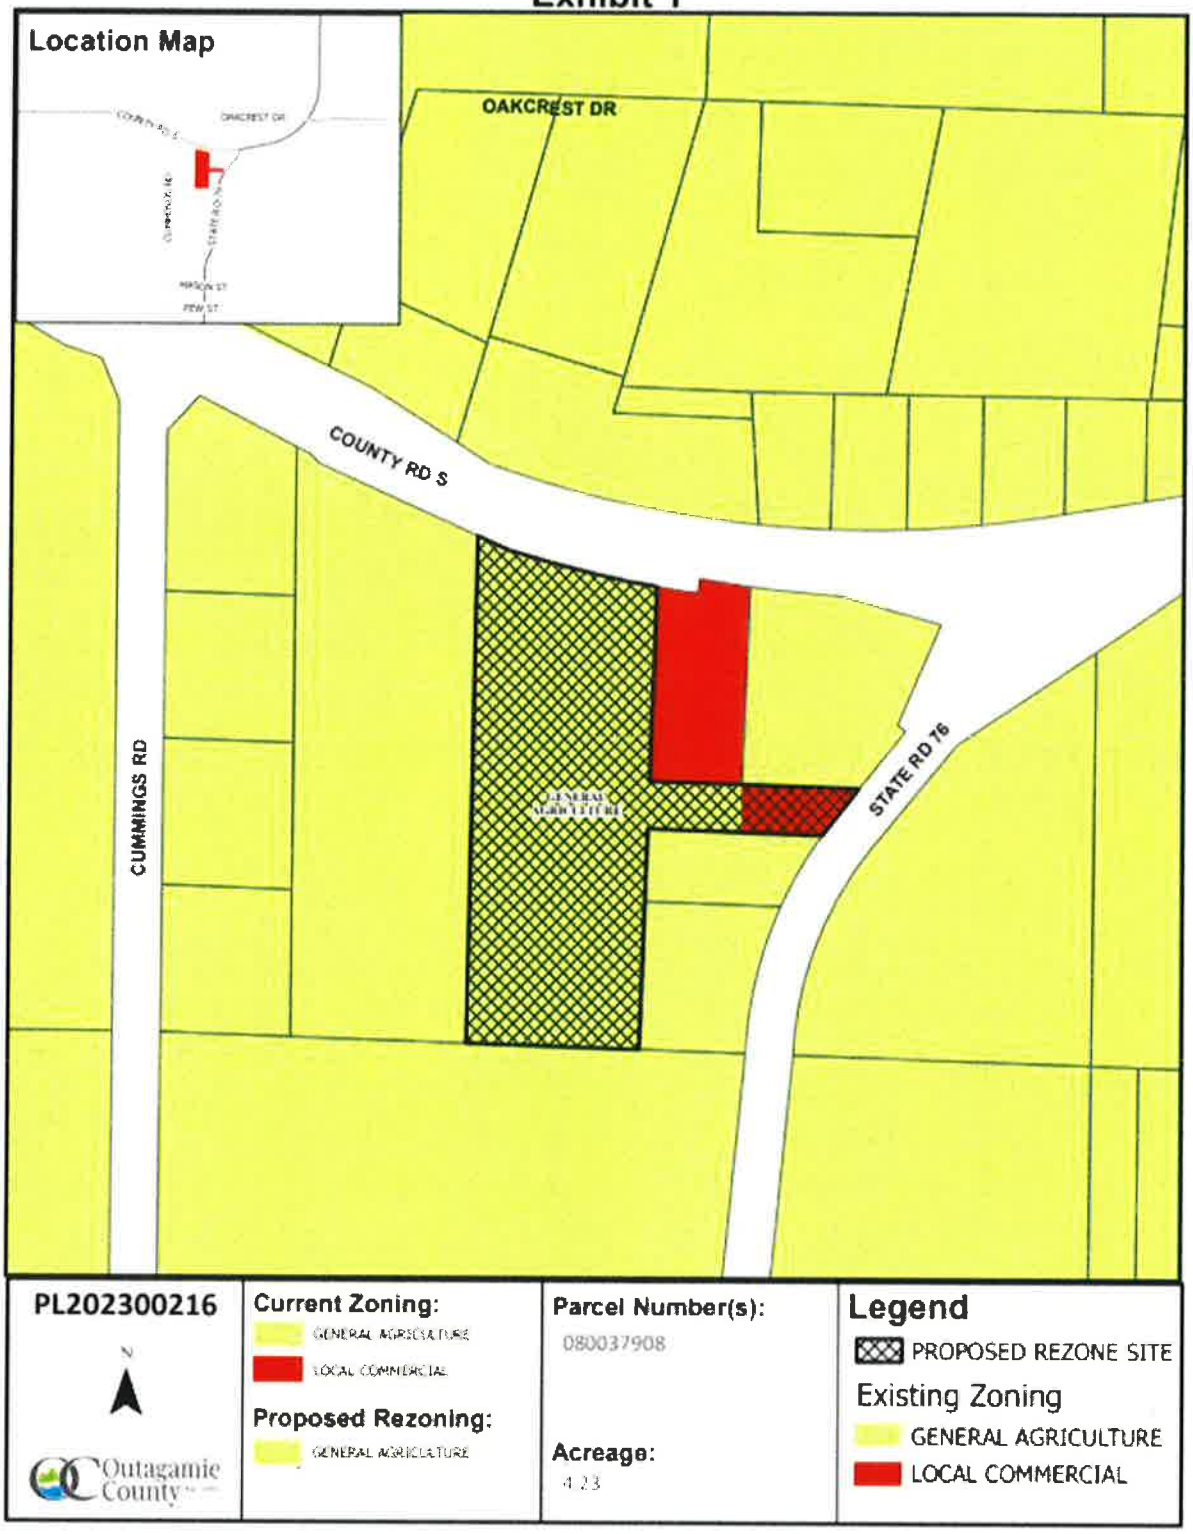
Area Adjacent to Subject Site	Existing Zoning District	Existing Land Use
North	General Agriculture	Commercial and Single-Family Residential
South	General Agriculture	Single-Family Residential
East	General Agriculture	Institutional
West	General Agriculture	Single-Family Residential

The site contains no significant environmental factors of concern (i.e., floodplain, shoreland, or wetlands).

The Ellington Town Board reviewed this rezoning request on April 26, 2023 and recommended it for approval.

The Town of Ellington's general zoning is administered by the County and the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3)

Wis. Stats. County staff has identified the proposed rezone to be consistent with the County Comprehensive Plan as:



- Outagamie County Comprehensive Plan designates this area as "Community Mixed Use" within its future land use map. These areas may contain remnant agriculture.
- The purpose of the rezone is to establish an access permit onto WIS-76. The access permit would ensure parcel 080037908 and 080037902 are no longer landlocked. This proposal helps to implement goals in the County's Comprehensive Plan including Goal 1: Integrated land use and transportation system and Goal 6: Wise land development and conservation practices.

Staff Recommendation:
Based on our review and the above analysis of this proposed Rezoning – County, Staff recommends to: approve the proposed rezoning of parcel 080037908 from the General Agriculture District (AGD) and the Local Commercial District (CL) to the General Agriculture District (AGD) only.

RESOLUTION NO.: 30—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The State of Wisconsin approached Outagamie County regarding future reconstruction of CTH U Apple Creek Bridge using available federal funding. The County Highway Department submitted an application for federal aid which has been approved. The bridge and roadway are a vital piece of the county's infrastructure. The estimated total cost for the project is $3,478,660 of which $2,758,608 has been approved for federal funding. There is no proposed cost share with the local municipality, therefore Outagamie County's share is estimated to be $720,052. The proposed project includes widening and lengthening of the bridge, adding shoulders, and sidewalk improvements from the bicycle/pedestrian plan. Real estate acquisition is to be expected. The project needs to be completed no later than 2032 and the department has an estimated construction year of 2028. If the county does not complete the project by 2032, the federal funding will be lost. The county share of the project costs are anticipated to be funded with future budgets. This resolution requests approval for the County Highway Commissioner to enter into a State Municipal Agreement for the project and to support future funding for the CTH U Bridge over Apple Creek.

NOW THEREFORE, the following resolution is presented by the Highway, Recycling and Solid Waste Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the County Highway Commissioner entering into a State Municipal Agreement for the CTH U Bridge Project as noted on the attached State/Municipal Agreement for a State-Let Local Bridge Project, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize funding for the county share of the project costs to be included in future budgets as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and the Outagamie County Finance Director.

Dated this 11th day of July 2023

Duly and officially adopted by the County Board on: July 11th, 2023

Signed: _____ Kelly M. Cook, Deputy Clerk
Board Chairperson County Clerk

Approved: 7.14.23 Vetoed: _____

Signed: _____
County Executive

STATE/MUNICIPAL AGREEMENT FOR A STATE- LET LOCAL BRIDGE PROJECT **Program Name: Local Bridge** **Sub-program #: 205** **Cycle: BIL 2024-2026**	Date: **MAY 25, 2023** I.D.: **6003-00-00/70** Road Name: **CTH U** Bridge ID: **B-44-0051** Location: T **KAUKAUNA, CTH U** Limits: **APPLE CREEK BRIDGE** County: **Outagamie** Project Length: **370 FT** Facility Owner: **Outagamie County** Project Sponsor: **Outagamie County** Construction scheduled for State Fiscal Year: **2027**

The signatory, **Outagamie County**, hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and effect the highway, street or local bridge improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Sections 86 25(1), (2), and (3) and Section 66.0301 of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

All components of the project must be defined in the environmental document if any portion of the project is federally funded. The Municipality agrees to complete all participating and any non-participating work included in this improvement consistent with the environmental document. No work on final engineering and design may occur prior to approval of the environmental document.

Funding is limited to the minimum eligible project scope necessary for a safe and effective facility per WisDOT Performance-Based Practical Design policy. The funding for the project for both structure and approach is limited to:

- replacement or rehabilitation of the existing facility,
- or, meeting minimum bridge standards as outlined in the WisDOT Facilities Development Manual (FDM) or applicable TRANS code,
- or, an approved justification based on engineering principles that exceed either Performance-Based Practical Design or the FDM.

The Municipality may elect to construct alternative designs but approved Local Bridge Improvement Assistance Program (s84.18(2)(e)) funding will be limited to a maximum of 80 percent of the cost of the minimum eligible scope of the project.

TABLE A

	Existing Facility – Current structure and condition	Proposed Improvement – Approved scope	Notes:
Type of facility	Bridge	Bridge	
Bridge ID	B-44-0051		
Structure passes over	Apple Creek		
Clear bridge width	26 FT	34 FT	
Bridge length	112 FT	120 FT	
Total length of approach work		250 FT	250 FT approved at application. Justification for lengths beyond 300 FT shall be submitted to the LPPM and approved by WisDOT Regional Chief if justification shows the approach length is warranted.
Number of spans	2	2	
Special safety issues	No		
Sidewalk	No	Yes	
Sidewalk along approach	No	No	
Bicycle / pedestrian improvements required		Yes	Sidewalk improvements on countywide bike/ped plan.
Improvement type as indicated on project application		Replacement – existing alignment	
Acquisition of right-of-way		Yes	Less than ½ acre of acquisition and temporary interests are anticipated.
Approach width and type	24 FT	24 FT wide, Asphalt	
Approach shoulder width and type		6 FT, (3' Asphalt/3' Gravel)	Each Side.
Bridge rail		No	
Beam guard		Yes	

Non-participating work, additional notes:
Describe non-participating work included in the project and other work necessary to completely finish the project that will be undertaken independently by the Municipality. Please note that non-participating components of a project/contract are considered part of the overall project and will be subject to applicable federal requirements:

A municipality may elect to design a bridge or elements that exceed the current Performance-Based Practical Design policy, or that exceed minimum bridge standards as outlined in the WisDOT Facilities Development Manual (FDM) or applicable TRANS code, or are not justified as necessary based on current engineering principles. All costs for these features will be paid for 100% by the Municipality.

Concrete approach slabs.

The Municipality agrees to the following BIL 2024-2026 Local Bridge Program project funding conditions:

Project Design costs are funded with up to **80%** state/federal funding up to a funding limit of **$347,328**. The Municipality agrees to provide the remaining **20%** and any funds in excess of the **$347,328** state/federal funding limit. **Any real estate, railroad, or utility costs are 100% locally funded.**

Project Construction costs are funded with up to **80%** state/federal funding up to a funding limit of **$2,411,280**. The Municipality agrees to provide the remaining **20%** and any funds in excess of the **$2,411,280** state/federal funding limit. **Any real estate, railroad, or utility costs are 100% locally funded.**

Non-participating costs are 100% the responsibility of the Municipality. Any work performed by the Municipality prior to federal authorization is not eligible for federal funding. The Municipality will be notified by the State that the project is authorized and available for charging.

This project is currently scheduled in State Fiscal Year **2027**. Sunset date: **June 30, 2032**

Sunset Date is determined based on the date a project is scheduled to be authorized. Sunset date is calculated as six years from the beginning of the state fiscal year (SFY) in which a project is initially scheduled. Extensions may be available upon approval of a written request by or on behalf of the Municipality to State per WisDOT Change Management policy. The written request shall explain the reasons for project implementation delay and revised timeline for project completion.

The dollar amounts shown in the Summary of Costs Table below are estimates. The final Municipal share is dependent on the final federal/state participation, and actual costs will be used in the final division of cost for billing and reimbursement.

In no event shall federal or State funding exceed the estimate in the Summary of Costs table, unless such increase is approved in writing by the State through the State's Change Management policy prior to the Municipality incurring the increased costs.

Additional funds will not be approved for projects where increased costs are due to changes outside of the project scope that were identified in the original application or the most recent State Municipal Agreement (SMA) (whichever is most current). Exceptions to this policy will be allowed when the change is necessary based on safety, conformance with applicable minimum federal and state standards, projected traffic needs, or other factors as determined by WisDOT.

TABLE B
SUMMARY OF COSTS

PHASE	Total Est. Project Cost	Federal / State Funds	%	Municipal Funds	%
ID 6003-00-00

GENERAL TERMS AND CONDITIONS:

1. All projects must be in an approved Transportation Improvement Program (TIP) or State Transportation Improvement Program (STIP) prior to requesting authorization.

2. Work prior to federal authorization is ineligible for federal or state funding.

3. The Municipality, throughout the entire project, commits to comply with and promote all applicable federal and state laws and regulations that include, but are not limited to, the following:

    a. Environmental requirements, including but not limited to those set forth in the 23 U.S.C. 139 and National Environmental Policy Act (42 U.S.C. 4321 et seq.)

    b. Equal protection guaranteed under the U.S. Constitution, WI Constitution, Title VI of the Civil Rights Act and Wis. Stat. 16.765. The municipality agrees to comply with and promote applicable federal and state laws, executive orders, regulations, and implementing requirements intended to provide for the fair and equitable treatment of individuals and the fair and equitable delivery of services to the public. In addition, the Municipality agrees not to engage in any illegal discrimination in violation of applicable federal or state laws and regulations. This includes but is not limited to Title VI of the Civil Rights Act of 1964 which provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance." The Municipality agrees that public funds, which are collected in a nondiscriminatory manner, should not be used in ways that subsidize, promote, or perpetuate illegal discrimination based on prohibited factors such as race, color, national origin, sex, age, physical or mental disability, sexual orientation, or retaliation.

    c. Prevailing wage requirements, including but not limited to 23 U.S.C 113.

    d. Buy America Provision and its equivalent state statutes, set forth in 23 U.S.C. 313 and Wis. Stat. 16.754.

    e. Competitive bidding and confidentiality requirements set forth in 23 U.S.C 112 and Wis. Stat. 84.06. This includes the sharing of financial data prior to the conclusion of the competitive bid period.

    f. All applicable Disadvantaged Business Enterprise (DBE) requirements that the State specifies.

    g. Federal statutes that govern the Highway Bridge Replacement and Rehabilitation Program, including but not limited to 23 U.S.C. 144.

h. State statutes that govern the Local Bridge Program, including but not limited to Wis. Stat. 84.18.

i. Bridge approaches funding policy. The Federal Highway Administration (FHWA) and Wis. Stat. 84.18(2)(e) limit bridge approach costs to only those approach costs that are necessary to render the bridge serviceable (to reach the attainable touchdown points using current standards). On a program level, FHWA has determined that, on average, bridge approach costs should amount to no more than 10% of the cost for constructing the bridge, and the municipality should be prepared to offer a justification of costs for any bridge project where the approach costs exceed that percentage.

j. State administrative rule that implements Local Bridge Program: Ch. Trans 213.

STATE RESPONSIBILITIES AND REQUIREMENTS:

4. Funding of each project phase is subject to inclusion in Wisconsin's approved BIL 2024-2026 Local Bridge Program. Federal/state financing will be limited to participation in the costs of the following items, as applicable to the project:
   a. The grading, base, pavement, and curb and gutter, sidewalk, and replacement of disturbed driveways in kind.
   b. The substructure, superstructure, grading, base, pavement, and other related bridge and approach items.
   c. Storm sewer mains necessary for the surface water drainage.
   d. Catch basins and inlets for surface water drainage of the improvement, with connections to the storm sewer main.
   e. Construction engineering incident to inspection and supervision of actual construction work (except for inspection, staking, and testing of sanitary sewer and water main).
   f. Signing and pavement marking.
   g. New installations or alteration of street lighting and traffic signals or devices.
   h. Landscaping.
   i. Preliminary engineering and design.
   j. State review services.

5. State is authorized by Wis. Stat. 84.18(6) to exercise whole supervision and control over the construction of the project. The work will be administered by the State and may include items not eligible for federal/state participation.

6. As the work progresses, the State will bill the Municipality for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs subject to project funding limits in the Summary of Costs Table. If reviews or audits show any of the work to be ineligible for federal/state funding, the Municipality will be responsible for any withdrawn costs associated with the ineligible work.

MUNICIPAL RESPONSIBILITIES AND REQUIREMENTS:

7. Work necessary to complete the BIL 2024-2026 Local Bridge Program improvement project to be financed entirely by the Municipality or other utility or facility owner includes the items listed below.
   a. New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

b. Damages to abutting property after project completion due to change in street or sidewalk widths, grades or drainage.

c. Detour routes and haul roads. The municipality is responsible for determining the detour route.

d. Conditioning, if required and maintenance of detour routes.

e. Repair of damages to roads or streets caused by reason of their use in hauling materials incident to the improvement.

f. All work related to underground storage tanks and contaminated soils.

g. Street and bridge width in excess of standards.

h. Real estate for the improvement.

8. This line intentionally left blank.

9. FHWA limits bridge approach costs to only those approach costs that are necessary to render the bridge serviceable (to reach the attainable touchdown points using current standards). On a program level, FHWA has determined that, on average, bridge approach costs should amount to no more than 10% of the cost for constructing the bridge, and the Municipality should be prepared to offer a justification of costs for any bridge project where the approach costs exceed that percentage.

10. The construction of the subject improvement will be in accordance with the appropriate standards unless an exception to standards is granted by State prior to construction. The entire cost of the construction project, not constructed to standards, will be the responsibility of the Municipality unless such exception is granted.

11. Work to be performed by the Municipality without federal/state funding participation, necessary to ensure a complete improvement acceptable to the Federal Highway Administration and/or the State may be done in a manner at the election of the Municipality but must be coordinated with all other work undertaken during construction.

12. The Municipality is responsible for financing administrative expenses related to Municipal project responsibilities.

13. The Municipality will include in all contracts executed by them a provision obligating the contractor not to discriminate against any employee or applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability as defined in Wis. Stat. 51.01 (5), sexual orientation as defined in Wis. Stat. 111.32 (13m), or national origin.

14. The Municipality will pay to the State all costs incurred by the State in connection with the improvement that exceed federal/state financing limits or are ineligible for federal/state financing. To guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from any moneys otherwise due and payable by the State to the Municipality.

15. In accordance with the State's sunset policy for Local Bridge Program projects, the subject BIL 2024-2026 Local Bridge Program improvement must be constructed and in final acceptance within six years from the beginning of the state fiscal year (SFY) in which a project is initially scheduled. Extensions may be available upon approval of a written request by or on behalf of the Municipality to State. The written request shall explain the reasons for project implementation delay and revised timeline for project completion.

16. If the Municipality should withdraw the project, it will reimburse the State for any costs incurred by the State on behalf of the project.

17. The Municipality will at its own cost and expense:

a. Maintain all portions of the project that lie within its jurisdiction (to include, but not limited to, cleaning storm sewers, removing debris from sumps or inlets, and regular maintenance of the catch basins, curb and gutter, sidewalks and parking lanes [including snow and ice removal]) for such maintenance in a manner consistent with reasonable industry standards, and will make ample provision for such maintenance each year.

b. Regulate [or prohibit] parking at all times in the vicinity of the proposed improvements during their construction.

c. Regulate [or prohibit] all parking at locations where and when the pavement area usually occupied by parked vehicles will be needed to carry active traffic in the street.

d. Assume general responsibility for all public information and public relations for the project and to make fitting announcement to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the projects.

e. Provide complete plans, specifications, and estimates to State upon request.

f. Provide relocation orders and real estate plats to State upon request.

g. Use the *WisDOT Utility Accommodation Policy*, unless it adopts a policy that has equal or more restrictive controls.

h. Provide maintenance and energy for lighting.

i. Provide proper care and maintenance of all landscaping elements of the project including replacement of any plant materials damaged by disease, drought, vandalism or other cause.

18. It is further agreed by the Municipality that:

a. The Municipality assumes full responsibility for the design, installation, testing and operation of any sanitary sewer and water main infrastructure within the improvement project and relieves the state and all of its employees from liability for all suits, actions, or claims resulting from the sanitary sewer and water main construction under this agreement.

b. The Municipality assumes full responsibility for the plans and special provisions provided by their designer or anyone hired, contracted or otherwise engaged by the Municipality. The Municipality is responsible for any expense or cost resulting from any error or omission in such plans or special provisions. The Municipality will reimburse State if State incurs any cost or expense in order to correct or otherwise remedy such error or omission or consequences of such error or omission.

c. The Municipality will be 100% responsible for all costs associated with utility issues involving the contractor, including costs related to utility delays.

d. All signs and traffic control devices and other protective structures erected on or in connection with the project including such of these as are installed at the sole cost and expense of the Municipality or by others, will be in conformity with such *Manual of Uniform Traffic Control Devices as* may be adopted by the American Association of State Highway and Transportation Officials, approved by the State, and concurred with by the FHWA.

e. The right-of-way available or provided for the project will be held and maintained inviolate for public highway or street purposes. Those signs prohibited under federal highway regulations, posters, billboards, roadside stands, or other private installations prohibited by federal or State highway regulations will not be permitted within the right-of-way limits of the project. The Municipality, within its jurisdictional limits, will remove or cause to be removed from the right-of-way of the project all private installations of whatever nature which may be or cause an obstruction or interfere with the free flow of traffic, or which may be or cause a hazard to traffic, or which impair the usefulness of the project and all other encroachments which may be required to be removed by the

State at its own election or at the request of the FHWA, and that now such installations will be permitted to be erected or maintained in the future.

f. The Municipality is responsible for any damage caused by legally hauled loads, including permitted Oversize and Overweight loads. The contractor is responsible for any damage caused to haul roads if they do not obey size and weight laws, use properly equipped and maintained vehicles, and do not prevent spilling of materials onto the haul road (*WisDOT Standard Specifications* 618.1, 108.7, 107.8). The local maintaining authority can impose special or seasonal weight limitations as defined in Wis. Stat. 349.16, but this should not be used for the sole purpose of preventing hauling on the road.

The bid item 618.0100 Maintenance and Repair of Haul Roads (project) is ineligible for federal funding on local program projects as per the State/Municipal Agreement. The repair of damages as a result of hauling materials for the project is the responsibility of the Municipality as specified in the State/Municipal Agreement Terms and Conditions under "Municipal Responsibilities and Requirements."

LEGAL RELATIONSHIPS:

19. The State shall not be liable to the Municipality for damages or delays resulting from work by third parties. The State also shall be exempt from liability to the Municipality for damages or delays resulting from injunctions or other restraining orders obtained by third parties.

20. The State will not be liable to any third party for injuries or damages resulting from work under or for the Project. The Municipality and the Municipality's surety shall indemnify and save harmless the State, its officers and employees, from all suits, actions or claims of any character brought because of any injuries or damages received or sustained by any person, persons or property on account of the operations of the Municipality and its sureties; or on account of or in consequence of any neglect in safeguarding the work; or because of any act or omission, neglect or misconduct of the Municipality or its sureties; or because of any claims or amounts recovered for any infringement by the Municipality and its sureties of patent, trademark or copyright; or from any claims or amounts arising or recovered under the Worker's Compensation Act, relating to the employees of the Municipality and its sureties; or any other law, ordinance, order or decree relating to the Municipality's operations.

21. Contract modification: This State/Municipal Agreement can only be modified by written instruments duly executed by both parties. No term or provision of neither this State/Municipal Agreement nor any of its attachments may be changed, waived or terminated orally.

22. Binding effects: All terms of this State/Municipal Agreement shall be binding upon and inure to the benefits of the legal representatives, successors and executors. No rights under this State/Municipal Agreement may be transferred to a third party. This State/Municipal Agreement creates no third-party enforcement rights.

23. Choice of law and forum: This State/Municipal Agreement shall be interpreted and enforced in accordance with the laws of the State of Wisconsin. The parties hereby expressly agree that the terms contained herein and in any deed executed pursuant to this State/Municipal Agreement are enforceable by an action in the Circuit Court of Dane County, Wisconsin.

PROJECT FUNDING CONDITIONS

24. Non-appropriation of funds: With respect to any payment required to be made by the State under this State/Municipal Agreement, the parties acknowledge the State's authority to make such payment is contingent upon appropriation of funds and required legislative approval sufficient for such purpose by the Legislature. If such funds are not so appropriated, either the Municipality or the State may terminate this State/Municipal Agreement after providing written notice not less than thirty (30) days before termination.

25. Maintenance of records: During the term of performance of this State/Municipal Agreement, and for a period not less than three years from the date of final payment to the Municipality, records and accounts pertaining to the performance of this State/Municipal Agreement are to be kept available for inspection and audit by representatives of the State. The State reserves the right to audit and inspect such records and accounts at any time. The Municipality shall provide appropriate accommodations for such audit and inspection.

In the event that any litigation, claim or audit is initiated prior to the expiration of said records maintenance period, the records shall be retained until such litigation, claim or audit involving the records is complete.

26. The Municipality agrees to the following BIL 2024-2026 Local Bridge Program project funding conditions:

    a. ID **6003-00-00**: Design is funded with 80% state/federal funding up to a funding limit of **$347,328**, where applicable when the Municipality agrees to provide the remaining 20% and any funds in excess of the $**347,328** state/federal funding limit. This phase includes plan development and state review. The work includes project review, approval of required reports and documents and processing the final Plan, Specification & Estimate (PS&E) document for award of the contract. Costs for this phase include an estimated amount for state review activities, to be funded 80% with state/federal funding and 20% by the Municipality.

    b. Real estate acquisition is 100% the responsibility of the Municipality.

    c. Any railroad items are 100% the responsibility of the Municipality.

    d. Utility items are 100% the responsibly of the Municipality.

    e. ID **6003-00-70**: Construction

        i. Costs for construction, engineering, and state review are funded with 80% state/federal funding up to a funding limit of **$2,411,280**, when the Municipality agrees to provide the remaining 20%, and any funds in excess of the **$2,411,280** state/federal funding limit.

        ii. Non-participating costs for are funded 100% by the Municipality. Costs include construction delivery.

[End of Document]

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for resolution to support future funding for the CTH U Bridge project.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The State of Wisconsin approached Outagamie County regarding future reconstruction of CTH U Apple Creek Bridge with available federal funding. The County Highway Department submitted an application for federal aid which has been approved. The bridge and roadway are a vital piece of the county's infrastructure. The estimated total cost for the project is $3,478,660 of which $2,758,608 has been approved for federal funding. There is no proposed cost share with the local municipality, therefore Outagamie County's share is estimated to be $720,052. The proposed project includes widening and lengthening of the bridge, adding shoulders, sidewalk improvements from the bicycle/pedestrian plan. Real estate acquisition is to be expected. The project needs to be completed no later than 2032 and the department has an estimated construction year of 2028. If the county does not complete the project by 2032, the federal funding will be lost. The county share of the project costs are anticipated to be funded with future budgets. This resolution requests approval for the County Highway Commissioner to enter into a State Municipal Agreement for the project and to support future funding for the CTH U bridge over Apple Creek.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [ ] Expenses (Cost) [X] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no ( ) n/a (X) N/A – future budget

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (X) N/A – future budget

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes ( ) no (X)

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Not Applicable – Future Budgets			

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes (X) no ( ) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost 0.00 Annual Revenue 0.00

RESOLUTION NO.: 31—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin Electric Power Company, doing business as We Energies (Grantee) is requesting an easement in order to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

NOW THEREFORE, the following resolution is presented by the Property, Airport, Recreation and Economic Development Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize granting We Energies an easement for the area described as a strip of land twelve (12) feet in width being a portion of Grantor's land, being a part of the Northeast ¼ of the Northwest ¼ of Section 36, Township 21 North, Range 16 East, Village of Greenville, Outagamie County, Wisconsin; said land is shown on the attached Distribution Easement Underground and Temporary Exhibit A which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Appleton International Airport Director and We Energies, Property Rights & Information Group, 231 W. Michigan Street, Room P277, P.O. Box 2046, Milwaukee, WI 53201-2046.

Dated this 11th day of July 2023.

Duly and officially adopted by the County Board on: July 11th, 2023

Signed: _____ Kelly M. Burt, Deputy Clerk
Board Chairperson County Clerk

Approved: 7.14.23 Vetoed: _____

Signed: _____

DISTRIBUTION EASEMENT UNDERGROUND

Document Number

WR NO. **4878107** IO NO. **75673**

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, **OUTAGAMIE COUNTY,** hereinafter referred to as "Grantor", owner of land, hereby grants and warrants to **WISCONSIN ELECTRIC POWER COMPANY, a Wisconsin corporation doing business as We Energies,** hereinafter referred to as "Grantee", a permanent easement upon, within, beneath, over and across a part of Grantor's land hereinafter referred to as "easement area".

The easement area is described as a **strip of land Twelve (12) feet in width**, being a portion of the Grantor's land, being a part of the **Northeast 1/4 of the Northwest 1/4 of Section 36, Township 21 North, Range 16 East**, Village of Greenville, Outagamie County, Wisconsin.

The location of the easement area with respect to Grantor's land is as shown on the attached drawing, marked Exhibit "A", and made a part of this document.

RETURN TO:
We Energies
PROPERTY RIGHTS & INFORMATION GROUP
231 W. MICHIGAN STREET, ROOM P277
PO BOX 2046
MILWAUKEE, WI 53201-2046

111-1227-00
(Parcel Identification Number)

1. **Purpose:** The purpose of this easement is to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

2. **Access:** Grantee or its agents shall have the right to enter and use Grantor's land with full right of ingress and egress over and across the easement area and adjacent lands of Grantor for the purpose of exercising its rights in the easement area.

3. **Buildings or Other Structures:** Grantor agrees that no structures will be erected in the easement area or in such close proximity to Grantee's facilities as to create a violation of all applicable State of Wisconsin electric codes or any amendments thereto.

4. **Elevation:** Grantor agrees that the elevation of the ground surface existing as of the date of the initial installation of Grantee's facilities within the easement area will not be altered by more than 4 inches without the written consent of Grantee.

5. **Restoration:** Grantee agrees to restore or cause to have restored Grantor's land, as nearly as is reasonably possible, to the condition existing prior to such entry by Grantee or its agents. This restoration, however, does not apply to any trees, bushes, branches or roots which may interfere with Grantee's use of the easement area.

6. **Exercise of Rights:** It is agreed that the complete exercise of the rights herein conveyed may be gradual and not fully exercised until some time in the future, and that none of the rights herein granted shall be lost by non-use.

7. **Binding on Future Parties:** This grant of easement shall be binding upon and inure to the benefit of the heirs, successors and assigns of all parties hereto.

8. **Easement Review:** Grantor acknowledges receipt of materials which describe Grantor's rights and options in the easement negotiation process and furthermore acknowledges that Grantor has had at least 5 days to review this easement document *or* voluntarily waives the five day review period.

RIGHTS-OF-WAY AND EASEMENTS

For Electric and Gas Distribution Facility Construction

INTRODUCTION

This pamphlet is intended to help you, the landowner, better understand the possible need for new utility facilities, how utilities build those facilities, and how you can be an important part of the process.

Electric distribution lines carry electricity from substations to customers. These types of electric lines include customer service connections and local distribution lines.

Gas distribution pipes carry natural gas from regulator stations to customers. These types of gas pipes include distribution mains of various sizes and service laterals.

A utility right-of-way (ROW) is a strip of land that a utility uses to construct, maintain, repair, or replace an overhead power line, underground power line, or gas main. The ROW allows the utility to provide clearance from trees, buildings and other structures that could interfere with the installation, maintenance and operation of the utility facilities. This ROW may be located in the roadway or on private property: It usually is from 6 to 12 feet wide, unless terrain, vegetation, larger utility facilities, or unusual construction obstacles require a wider easement.

1) **What are some reasons new or reconstructed power lines might be needed?**

   New power lines may be needed because of:

   a. Growth in customer's average electricity use
   b. Growth in the number of customers and businesses in Wisconsin
   c. Replacement of old lines due to age of equipment
   d. Additional lines constructed from new substations needed to meet increased demand

2) **What are some reasons new or reconstructed gas facilities might be needed:**

   New gas facilities may be needed because of:

   a. Growth in the number of natural gas customers
   b. Replacement of old pipes due to age or condition
   c. Increased usage of natural gas by existing customers

3) **Do utilities need government approval to build new power lines or gas mains?**

   Yes. A variety of permits are needed from various governmental agencies. The Public Service Commission of Wisconsin (PSCW) reviews our request if a project exceeds $5 million in cost.

   Local road permits, Wisconsin Department of Transportation permits, Wisconsin Department of Natural Resources permits, Federal Aviation Authority permits, etc. are all required if the interests of those agencies are involved.

4) **Can conservation eliminate the need for power lines or gas mains?**

   Yes and no. Right now, conservation helps reduce the need for new power lines, but is not eliminating all future needs. In order to eliminate the need for new utility facilities, conservation would have to be great enough to offset all the needs mentioned in questions one and two.

   Conservation can reduce the number of new power lines and power plants needed because conservation makes energy use more efficient. The PSCW reviews utility plans for conservative programs in its Biennial Strategic Energy Assessment ("SEA").

5) **How is it decided when and where new or reconstructed utility facilities will be built?**

   Our engineers use computer models of the power and natural gas systems to study the need for new utility facilities. The results help a utility decide if a new power line or natural gas main is needed or if an existing line or main should be rebuilt or relocated. In some instances the need for new or rebuilt power lines or natural gas mains becomes apparent due to insufficient capacity to meet customer requirements in an area.

6) **Does We Energies have the right to construct its utility facilities on my property?**

   Wisconsin statutes allow us to construct our utility facilities on or along roadways with the consent of

local authorities as long as the utility facilities do not interfere with the use of the roadway by the public or with the use of the adjoining land. We usually have the option of building the distribution lines or mains and related facilities on private property or in the road right-of-way. However, if existing obstacles are in the way, the distribution line or main will be located to avoid these obstacles. If the distribution line or main is located on private property, an easement from the landowner is required. If the distribution line or main is located in road right-of-way, a permit from the municipality is required.

7) **Will my trees need to be cut?**

In some cases, power lines must be built along wooded areas or near existing trees. Therefore, trees in these areas need to be trimmed and sometimes removed.

In order to ensure safe and reliable power, it is important to keep power lines and above ground equipment free of any kind of interference. This means that tall-growing trees should not be placed near or under existing power lines. We maintain a regular trimming schedule to keep interference from trees to a minimum. It is important for customers to understand this requirement and cooperate with us for tree-trimming requirements.

In the case of natural gas facilities, trees or shrubs may need to be trimmed or removed for the installation and maintenance of the gas main.

In order to trim or remove trees along a roadway, the utility will obtain the consent of the owner of the tree.

8) **What is an easement?**

An easement is a written document that grants a permanent right to use land for a specific purpose, such as installing utility facilities to serve you and others. An easement "runs with the land" which means it stays with the property even if ownership of the property changes.

9) **What can the landowner expect in the easement acquisition process?**

Based on many years of experience, we developed a standard easement agreement which covers topics such as proper clearance/cover for utility facilities, restoration of the land and tree trimming. You, as a landowner, have the right to understand these issues as well as the need for distribution facilities.

To minimize impact on your property, we will make every reasonable effort to locate these facilities in setback areas that are unbuildable.

We also contact each potentially affected landowner and present the easement document.

10) **What is required of the landowner in the easement document?**

The easement document grants the utility the right to locate distribution facilities on the landowner's property. It also requires the landowner to keep the easement area clear to allow the utility access to these facilities for maintenance and repair. Easement area should stay clear of trees.

11) **What kinds of negotiations should be expected?**

While our standard easement is intended to cover normal distribution facility installations, terms or conditions may be negotiated. If the landowner has questions, we will get answers. The right-of-way agent is your contact person and your source of information.

12) **Are there specific waivers of rights involved in the easement negotiation process?**

For electric facilities, PSC 113.0509 gives the landowner, unless voluntarily waived by the landowner, a minimum period of five days to examine the materials we provided before signing any new or revised easement agreement. If you, as the landowner, are comfortable signing the easement agreement after reading the document and getting answers to questions, you may waive the five-day review period established under PSCW Administrative Rules.

There is not comparable code provision for gas facilities; however as a courtesy to our customers, We Energies applies the same practice in the attainment of gas distribution easements.

13) **Does the use of eminent domain enter into easement negotiation discussions?**

No. We do not mention eminent domain. We will work with the landowner to negotiate a solution on location of distribution facilities.

14) **Does the utility ultimately have the right to use eminent domain?**

Yes. However, as a general practice, we do not use eminent domain to install electric or gas distribution facilities. Only in extremely unusual situations would we consider the use of our eminent domain rights. In those cases specific discussions with the customer regarding the exercise of those rights will occur. (We have not used eminent domain on distribution facilities in over 35 years).

For more information:
For information on a specific project, contact We Energies or the PSCW.

RESOLUTION NO.: 32—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office requests approval for a budget transfer in order to allow the Office to use already budgeted funds to better meet county and department needs.

The Sheriff's Office was able to achieve savings on a new body camera system by delaying implementation and receiving a more favorable contract. Therefore, a budget transfer of $65,000 is requested to support the purchase of an ADA compliant transport van. Medical and safety needs of the inmate population dictated this needed.

NOW THEREFORE, the following resolution is presented by the Public Safety Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of transferring $65,000 from the Sheriff Body Cameras 2021 Capital line item to the Squad Cars Capital line item as detailed on the attached fiscal note, which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Dated this 11th day of July 2023

Duly and officially adopted by the County Board on: July 11th, 2023

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Sheriff's office requests 2023 Budget Transfers

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Outagamie County Sheriff's Office requests approval for a budget transfer. Granting this shift of resources will allow the department to use funds already budgeted to better meet county and department needs.

We were able to achieve savings on the new body camera system by delaying implementation and getting a more favorable contract. We request to transfer $65,000 to support the purchase of an ADA compliant transport van. Medical and safety needs of the inmate population dictated this need.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes (x) no ( ) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (x)

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT

RESOLUTION NO.: 33—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office requests to accept and expend funds for an emotional support assistance program for law enforcement officers and emergency dispatchers (telecommunicators) available from the International Association for Clear Thinking in the amount of $24,950. Outagamie County emergency dispatchers and law enforcement officers are faced with constant trauma and stress on the job. Studies have shown when emergency personnel do not seek assistance for this stress they become less productive at work and their relationships at home suffer. With each passing year the suicide rate among law enforcement officers increases. On average the suicide rate for law enforcement officers is three times higher than the rate of the general public. This is a statistic the Outagamie County Sheriff's Office refuses to ignore. This program will ensure the Dispatchers and Law Enforcement Officers participate in an assessment with a mental healthcare professional. The assessment will provide some guidance as to what the employee may be struggling with, whether they know it or not. Once these areas are determined the mental healthcare provider will be able to connect the employees with other resources, if necessary, and provide some healthy coping skills necessary for this job. This program will provide support to the employees who serve our community. By providing our Dispatchers and Officers with support and resources they will be more likely to live a healthy life outside of work and have a productive career keeping community safe. There is a $12,475 county match required for the grant that will be met with already budgeted funds. Therefore, the Sheriff's Office is requesting to increase purchased services for the mental health care third-party providers and increase miscellaneous revenues for the receipt of the grant.

NOW THEREFORE, the following resolution is presented by the Public Safety Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Sheriff's Office to accept and expend funds for an emotional support assistance program for law enforcement officers and emergency dispatchers (telecommunicators) available from the International Association for Clear Thinking in the amount of $24,950, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Sheriff Administration Miscellaneous Revenue line item and Sheriff Administration Purchased Services line item by $24,950 each as detailed on the attached fiscal note, which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Dated this 11th day of July 2023

RESOLUTION NO.: 34—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Land Conservation Department (LCD) was awarded a federal financial assistance award from the U.S. Fish and Wildlife Service for Riparian Habitat Enhancement and Restoration in the Lower Fox River Basin (Grant No. F23AP01490-00) in the amount of $273,250 for the time period of July 1, 2023 through July 1, 2026. These funds will be used to expand riparian habitat enhancement and stream restoration projects to improve habitat and water quality in the Mud Creek, Plum Creek, Kankapot Creek, Apple Creek, and Duck Creek watersheds in the Lower Fox Basin. These funds will be used in conjunction with the current initiatives within these watershed areas (used as match along with other current resources, no additional match would need to be budgeted at this time). This request is for approval to accept and expend the Natural Resource Damage Assessment (NRDA) funds and approval of the corresponding budget adjustments.

NOW THEREFORE, the following resolution is presented by the Agriculture, Extension Education, Zoning & Land Conservation Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Land Conservation Department to accept and expend a federal financial assistance award from the U.S. Fish and Wildlife Service for Riparian Habitat Enhancement & Restoration in the Lower Fox River Basin in the amount of $273,250 for the time period of July 1, 2023 through July 1, 2026, with said funds to be used to expand riparian habitat enhancement and stream restoration projects to improve habitat and water quality in the Mud Creek, Plum Creek, Kankapot Creek, Apple Creek, and Duck Creek watersheds in the Lower Fox Basin, as noted on the attached Notice of Award which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the following line items in the Land Conservation Grants budget: Intergovernmental Revenues by $273,250; Purchased Services by $206,250;

Salaries by $42,857; Fringe Benefits by $17,143; Supplies by $5,000; Travel/Training by $2,000, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Director and the Outagamie County Finance Director.

Dated this 11th day of July 2023

Duly and officially adopted by the County Board on: July 11th, 2023

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1575), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. Subject: Accept and expend US Fish and Wildlife Service Fox River Natural Resource Damage Assessment Funds

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Land Conservation Department (LCD) was awarded a federal financial assistance award from the U.S. Fish and Wildlife Service for Riparian Habitat Enhancement & Restoration in the Lower Fox River Basin (Grant No. F23AP01490-00) in the amount of **$273,250** for the time period of July 1, 2023 through July 1, 2026. These funds will be used to expand riparian habitat enhancement and stream restoration projects to improve habitat and water quality in the Mud Creek, Plum Creek, Kankapot Creek, Apple Creek, and Duck Creek watersheds in the Lower Fox Basin. These funds will be used in conjunction with the current initiatives within these watershed areas (used as match along with other current resources, no additional match would need to be budgeted at this time). This request is for approval to accept and expend the Natural Resource Damage Assessment (NRDA) funds.

LCD is requesting approval to accept and expend these funds along with approval for a budget adjustment which includes an increase in Purchased Services in the amount of **$206,250**, Supplies in the amount of **$5,000**, Travel/Training in the amount of **$2,000** and an increase in salary/fringe in the amount of **$60,000**. The aforementioned expenses are offset with a corresponding increase in Intergovernmental Revenues in the amount of **$273,250**. This proposed adjustment is budget neutral, requiring no county funding.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

Land Conservation Grants	Intergovernmental Revenues	2100400.4225.20	273,250

STAFF CONTACTS

1. **Program Officer Contact Information:**

Program Officer Name: Trina Soyk

Program Officer Email Address: Trina_Soyk@fws.gov

SCOPE OF WORK

1. **Project Description**

The Service hereby incorporates the recipient's application submitted to and approved by the Service into these award terms and conditions.

The main objective of this project is to enhance the the Mud Creek, Plum Creek, Kankapot Creek, Apple Creek, and Duck Creek watersheds. Projects include streambank restoration, two-stage ditch construction, constructed wetlands, and wetland restoration. These projects are typically located in riparian areas and landowners utilize these funds to compliment the conservation (Best Management Practices (BMPs) with enhanced habitat and nature based stabilization solutions. An example is streambank restoration using toewood structures in lieu of traditional rock riprap. Proposed projects will be communicated with the Natural Resource Damage Assesment technical committee for approval in advance of contracting and installation. In addition to complementing conservation BMPs, we also find value in having funds available to landowners to enter into a perpetual agreement to establish riparian buffers with native species inaccordance with the U.S. Fish & Wildlife Partner Program. These riparian buffers compliment conservation BMPs by connecting the habitat created with riparian vegetation in sensitive areas. Locations of these buffers will be included in annual NRDA technical committee project verification meetings prior to install. We anticipate installing 10 acres of perpetual native riparian buffers in the Lower Fox River Basin.

REPORT

1. **Interim Performance Reports**

The recipient is required to submit interim performance reports on an annual basis directly in GrantSolutions. The recipient must follow the performance reporting period end dates and due dates provided in GrantSolutions. The interim reporting due dates are

NOTICE OF AWARD (Continuation Sheet)

PAGE 3 of 10	DATE ISSUED 06/14/2023
GRANT NO. F23AP01490-00	

available by signing in to GrantSolutions and selecting the menu for: Reports>FPR

2 **Interim Financial Reports**

The recipient is required to submit interim financial reports on an annual basis directly in GrantSolutions. The recipient must follow the financial reporting period end dates and due dates provided in GrantSolutions. The interim reporting due dates are available by signing in to GrantSolutions *and* selecting the menu for Reports>Federal Financial Report. The GrantSolutions financial report data entry fields are the same as those on the SF-425, "Federal Financial Report" form. See also our instructional video on "Completing the Federal Financial Report (SF-425)".

3. **Final Reports**

The recipient must liquidate all obligations incurred under the award and submit a *final* financial report in GrantSolutions no later than 120 calendar days after the award period of performance end date. The GrantSolutions financial report data entry fields are the same as those on the SF-425, Federal Financial Report form. https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html See also our instructional video on "Completing the Federal Financial Report (SF425) https://fawdi.fws.gov/display/VLSV/Virtual+Learning+Series+Videos#Home-CompletingtheFederalFinancialReport(SF-425)

The recipient must submit a *final* performance report no later than 120 calendar days after the award period of performance end date. Performance reports must contain: 1) a comparison of actual accomplishments with the goals and objectives of the award as detailed in the approved scope of work; 2) a description of reasons why established goals were not met, if appropriate; and 3) any other pertinent information relevant to the project results. Please include the Service award number on all reports.

The recipient must follow the final Federal Financial Report and the final Performance Report reporting period end dates and due dates provided in GrantSolutions. The final reporting due dates are available by signing in to GrantSolutions and selecting the menu for Reports>Federal Financial Report or Reports>FPR.

4. **Reporting Due Date Extensions**

Reporting due dates may be extended for an award upon request to the Service Project Officer identified in the notice of award. The request should be sent by selecting the award in GrantSolutions and selecting send message. The message must include the type of report to be extended, the requested revised due date, and a justification for the extension. The Service may approve an additional extension if justified by a catastrophe that significantly impairs the award Recipient's operations. The recipient must submit reporting due date extension requests through GrantSolutions to the Service Project Officer identified in their notice of award before the original due date. The Service Project Officer will respond to the recipient after approval or denial of the extension request.

5. **Significant Developments Reports**

See 2 C.F.R. §200.329(e). Events may occur between the scheduled performance reporting dates that have significant impact upon the supported activity. In such cases, recipients are required to notify the Service in writing as soon as the recipient becomes aware of any problems, delays, or adverse conditions that will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of any corrective action(s) taken or contemplated, and any assistance needed to resolve the situation. The recipient should also notify the Service in writing of any favorable developments that enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

PAYMENTS

1. **Domestic Recipients Enrolled in Treasury's ASAP System**

NOTICE OF AWARD (Continuation Sheet)

PAGE 4 of 10	DATE ISSUED 06/14/2023
GRANT NO. F23AP01490-00	

The recipient will request payments under this award in the U.S. Treasury's Automated Standard Application for Payment (ASAP) system. When requesting payment in ASAP, your Payment Requestor will be required to enter an Account ID. The number assigned to this award is the partial Account ID in ASAP. When entering the Account ID in ASAP, the Payment Requestor should enter the award number identified in the notice of award, followed by a percent sign (%). Refer to the ASAP.gov Help menu for detailed instructions on requesting payments in ASAP.

BUDGET AND PROGRAM REVISIONS

1. **Budget and Program Plan Revisions**

The recipient must report to the Service Project Officer identified in their notice of award deviations from budget or project scope or objective, and request prior approvals for budget and program plan revisions per 2 CFR § 200.308, unless otherwise specifically waived in this award.

SPECIAL TERMS AND REQUIREMENTS

1. **Environmental Compliance Reviews**

As a condition of award, the Recipient and their sub-recipient(s) and contractor(s) must not begin any potentially impactful work related to this award until the Service has notified you in writing that such work can begin. Recipients and sub-recipients of Federal grants and cooperative agreement awards must comply with the requirements of the National Environmental Policy Act (NEPA), Section 7 of Endangered Species Act (ESA), and Section 106 of the National Historic Preservation Act (NHPA).

2. **Individuals Hiring Contractors**

The Recipient has an obligation to protect themselves from potential liability when hiring any contractor to perform work activities approved under this award on property owned by the Recipient by checking references and ensuring that any contractor hired is licensed, bonded, and has valid employee insurance coverage for events of injury or bodily harm. In accordance with 2 CFR 180, for any contract expected to total $25,000 or more the Recipient must confirm that the contractor is not suspended or debarred from receiving Federal funds. The Recipient does this by 1) checking SAM Exclusions, 2) collecting a certification from the contractor, or 3) adding a clause or condition to the contract. To check SAM Exclusions, go to www.SAM.gov. Search for entities by their UEI number. Search for principal participants by their names. Search for contractors by their business names. If an exclusion is found that prohibits the entity from receiving Federal award funds, the Recipient is prohibited from entering into a subaward with that entity.

AWARD CONDITIONS

1. **Pre-Award Costs**

The Service authorizes the recipient to request reimbursement for pre-award expenses incurred March 1, 2023 to June 14, 2023. Funds requested are for personnel time incurred totaling 69 hours, for $3,414.72 (Salary $2,082.42 and Fringe $1,331.70). Pre-award costs are those incurred prior to the effective date of this award directly pursuant to the negotiation and in anticipation of the award where such costs are necessary for efficient and timely performance of the scope of work. Such costs are allowable only to the extent that they would have been allowable if incurred after the date of the award.

2. **Voluntary Committed Cost Sharing Requirements**

The recipient's cost sharing pledged on a voluntary basis in their proposed budget and incorporated into this award is a binding

NOTICE OF AWARD (Continuation Sheet)

PAGE 5 of 10	DATE ISSUED 06/14/2023
GRANT NO. F23AP01490-00	

requirement of this award. See also 2 CFR §200.306.

Terms and Conditions

1. **U.S. Fish and Wildlife Service**

General Award Terms and Conditions

Recipients of U.S. Fish and Wildlife Service (Service) grant and cooperative agreement awards (hereafter referred to as 'awards') are subject to the terms and conditions incorporated into their Notice of Award either by direct citation or by reference to Federal regulations, program legislation or regulation; and special award terms and conditions. Award terms and conditions are applicable unless and until the USFWS removes or revises them in written notice to the recipient. The Service will make such changes by issuing a written notice that describes the change and provides the effective date.

Recipients indicate their acceptance of an award by starting work, drawing down funds, or accepting the award via electronic means. Recipient acceptance of an award carries with it the responsibility to be aware of and comply with all terms and conditions applicable to the award. Recipients are responsible for ensuring that their subrecipients and contractors are aware of and comply with applicable award statutes, regulations, and terms and conditions. Recipient failure to comply with award terms and conditions can result in the Service taking one or more of the remedies and actions described in Title 2 of the Code of Federal Regulations (CFR) §§200.339—343.

A PDF of these terms and conditions with embedded links to all regulations is available on the Service's website at: https://www.fws.gov/media/fws-financial-assistance-award-terms-and-conditions-2020-12-31. See also the Department of the Interior's General Award Terms and Conditions on their website at https://www.doi.gov/grants/doi-standard-terms-and-conditions.

Administrative Requirements, Cost Principles, and Audit Requirements

These requirements and cost principles are applicable to all awards except those to individuals receiving the award separate from any business or organization they may own or operate. Foreign public entities and foreign organizations must comply with special considerations and requirements specific to their entity type, unless otherwise stated in this section. Foreign public entities must comply with those for states.

2 CFR Part 200, Subparts A—D, as supplemented by 2 CFR Part 1402

Foreign public entities must follow payment procedures in 2 CFR §200.305(5). For foreign public entities and foreign organizations, the requirements in 2 CFR §§200.321—323 do not apply.

Appendix XII to 2 CFR Part 200—Recipient Integrity and Performance Matters

Applicable to awards with a total Federal share of more than $500,000 except for awards of any amount to foreign public entities.

2 CFR Part 200, Subpart E—Cost Principles

Applicable to all domestic and foreign non-Federal entities except non-profit organizations identified in Appendix VIII to 2 CFR Part 200.

48 CFR Subpart 31.2—Contracts with Commercial Organizations

NOTICE OF AWARD (Continuation Sheet)

PAGE 6 of 10	DATE ISSUED 06/14/2023
GRANT NO. F23AP01490-00	

Applicable to non-profit organizations identified in Appendix VIII to 2 CFR Part 200 and for-profit organizations

Indirect Cost Proposals

Requirements for development and submission of indirect cost rate proposals are contained in Appendix III (Institutions of Higher Education), Appendix IV (Nonprofit organizations), and Appendix VII (States, local government agencies, and Indian tribes) to 2 CFR Part 200. See also the DOI negotiated indirect cost rate deviation policies at 2 CFR §1402.414. For-profit entities should contact the DOI National Business Center, Office of Indirect Cost Rate Services at https://ibc.doi.gov/ICS/ktrib

2 CFR Part 200, Subpart F - Audit Requirements

Applicable to U.S. states, local governments, Indian tribes, institutions of higher education, and nonprofit organizations. Not applicable to foreign public entities, foreign organizations, or for-profit entities.

Statutory and National Policy Requirements

These requirements are applicable to all awards, including those to individuals, for-profits, foreign public entities, and foreign organizations, unless otherwise stated in this section.

Appendix A to 2 CFR Part 25—Universal Identifier and System for Award Management

Not applicable to individuals or any entity exempted by the awarding bureau or office prior to award per 2 CFR §25.110(c)(2) and bureau or office policy.

Appendix A to 2 CFR Part 170—Award term for reporting subaward and executive compensation

Not applicable to individuals. See 2 CFR 170 for other exceptions.

2 CFR §175.15--Award Term for Trafficking in Persons

Applicable to private entities as defined in 2 CFR §175.25(d), states, local governments, and Indian tribes. Applicable to foreign public entities if funding could be provided to a private entity as a subrecipient under the award.

2 CFR Part 1400—Nonprocurement Debarment and Suspension

All recipients must ensure they do not enter into any covered transaction with an excluded or disqualified participant or principal. See also 2 CFR Part 180—OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement). 2 CFR §180.215 defines nonprocurement transactions that are not covered transactions.

2 CFR Part 1401—Requirements for Drug-Free Workplace (Financial Assistance)

Not applicable to foreign public entities or foreign organizations.

43 CFR Part 18—New Restrictions on Lobbying

Recipients are prohibited from using any federally appropriated funds (annually appropriated or continuing appropriations) or matching funds under a Federal Award to pay any person for lobbying in connection with the award. Lobbying is influencing or attempting to influence an officer or employee of any U.S. agency, a Member of the U.S. Congress, or an officer or employee of a Member of the U.S. Congress in connection with the award.

GRANT NO. F23AP01490-00	

41 U.S.C. §6306—Prohibition on Members of Congress Making contracts with Federal Government

Mandatory Disclosures

Failure to make required disclosures may result in any of the remedies for noncompliance described in 2 CFR §200.339, including suspension or debarment (see also 2 CFR Part 180)

Conflicts of interest: Per 2 CFR §1402.112, non-Federal entities and their employees must take appropriate steps to avoid conflicts of interest in their responsibilities under or with respect to Federal financial assistance agreements. In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the provisions in 2 CFR §200.318 apply. Non-Federal entities, including applicants for financial assistance awards, must disclose in writing any conflict of interest to the DOI awarding agency or pass-through entity in accordance with 2 CFR §200.112. Recipients must establish internal controls that include, at a minimum, procedures to identify, disclose, and mitigate or eliminate identified conflicts of interest. The recipient is responsible for notifying the Service Project Officer identified in their notice of award in writing of any conflicts of interest that may arise during the life of the award, including those that reported by subrecipients. The Service will examine each disclosure to determine whether a significant potential conflict exists and, if it does, work with the applicant or recipient to develop an appropriate resolution. Failure to resolve conflicts of interest in a manner that satisfies the government may be cause for termination of the award.

Lobbying: If the Federal share of the award is more than $100,000, recipients must disclose making or agreeing to make any payment using non-appropriated funds for lobbying in connection with the award. To make such disclosures, recipients must complete and submit the SF-LLL, "Disclosure of Lobbying Activities" form to the USFWS. This form is available at: https://www.grants.gov/web/grants/forms/gosl-award-reporting-forms.html. For more information on when additional submission of this form is required, see 43 CFR, Subpart 18.100. These restrictions are not applicable to such expenditures by Indian tribe, tribal organization, or any other Indian organization that is specifically permitted by other Federal law.

Other Mandatory Disclosures: Recipients and subrecipients must disclose, in a timely manner, in writing to the Service Project Officer identified in their notice of award or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Non-Federal entities subject to the 2 CFR 200, Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters are required to report certain civil, criminal, or administrative proceedings to SAM.

National Policy Encouragements

Executive Order 13043—Increasing Seat Belt Use in the United States

Non-Federal entities are encouraged to adopt and enforce on-the-job seat belt policies and programs for their employees when operating company-owned, rented, or personally owned vehicles. Individuals are encouraged to use seat belts while driving in connection with award activities.

E. O. 13513—Federal Leadership on Reducing Text Messaging While Driving

Non-Federal entities are encouraged to adopt and enforce policies that ban text messaging while driving, including conducting initiatives of the type described in section 3(a) of the order. Individuals are encouraged to not text message while driving in connection with award activities.

2. **Buy America Provision**

Required Use of American Iron, Steel, Manufactured Products, and Construction Materials for Infrastructure

7

NOTICE OF AWARD (Continuation Sheet)

PAGE 8 of 10	DATE ISSUED 06/14/2023
GRANT NO. F23AP01490-00	

As required by Section 70914 of the Infrastructure Investment and Jobs Act (Pub. L. 117-58), on or after May 14, 2022, none of the funds under a federal award that are part of a Federal financial assistance program for infrastructure may be obligated for a project unless all the iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. Recipients must include the requirements in this section all subawards, including all contracts and purchase orders for work or products under this program.

None of the funds provided under this award may be used for a project for infrastructure unless

1. All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

2. All manufactured products used in the project are produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation, and

3. all construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

This Buy America preference only applies to articles, materials, and supplies consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

For more information, visit the Department's Buy America site at www.doi.gov/grants/BuyAmerica and the Office of Management and Budget's site at www.whitehouse.gov/omb/management/made-in-america/.

Waivers

There may be instances where an award qualifies, in whole or in part, for an existing DOI general applicability waiver as described at www.doi.gov/grants/BuyAmerica/GeneralApplicabilityWaivers. If the specific financial assistance agreement, infrastructure project, or non-domestic materials meets the criteria of an existing general applicability waiver within the limitations defined within the waiver, the Recipient does not need to request a separate waiver for non-domestic materials.

When necessary, recipients may apply for, and the Department of the Interior (DOI) may grant, a waiver from these requirements, subject to review by the Made in America Office. The DOI may waive the application of the domestic content procurement preference in any case in which it is determined that one of the below circumstances applies:

1. Non-availability Waiver: the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality;

2. Unreasonable Cost Waiver: the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent; or

3. Public Interest Waiver: applying the domestic content procurement preference would be inconsistent with the public interest.

If a general applicability waiver does not already apply, and the Recipient believes that one of the above circumstances applies to an award, the Recipient may submit a request to waive the application of the domestic content procurement preference.

NOTICE OF AWARD (Continuation Sheet)

PAGE 9 of 10	DATE ISSUED 06/14/2023
GRANT NO. F23AP01490-00	

Waiver Submission Instructions

Recipients must submit all waiver requests to the Service in writing. Email all waiver requests to iwbiasupport@fws.gov. Please use the subject line "Buy America Waiver Request". Include the following information with each waiver request:

1. Type of waiver requested (non-availability, unreasonable cost, or public interest)
2. Requesting entity name and Unique Entity Identifier (UEI)
3. Awarding bureau: U.S. Fish and Wildlife Service
4. Awarding program Assistance Listing number and title (Notice of Award, Block 2)
5. Project title (Notice of Award, Block 8)
6. Federal Award Identification Number (Notice of Award, Block 4)
7. Federal award amount (Notice of Award, Block 11)
8. Total infrastructure costs, to the extent know (federal and non-federal funds)
9. Infrastructure project description and location, to the extent known
10. List of iron or steel item(s), manufactured goods, and construction material(s) the recipient seeks to waive from Buy America requirements. Include the name, cost, countries of origin, if known, and relevant PSC or NAICS code for each (see https://hsstool.us/ and https://www.census.gov/naics/)
11. A certification that the Recipient made a good faith effort to solicit bids for domestic products supported by terms included in requests for proposals, contracts, and nonproprietary communications with the prime contractor
12. A statement of waiver justification, including a description of the Recipient's efforts (e.g., market research, industry outreach) to avoid the need for a waiver. Such a justification may cite, if applicable, the absence of any Buy America-compliant bids received in response to a solicitation.
13. Anticipated impact if no waiver is issued

Do not include any Privacy Act information, sensitive data, or proprietary information with the waiver request.

Waiver Review Process

The Department will post waiver requests to www.doi.gov/grants/buyamerica for the required 15-day public comment period. The Made in America Office will also review all waiver requests. The Department will post approved waivers at www.doi.gov/grants/BuyAmerica/ApprovedWaivers. The Service will notify Recipients of their waiver request determination by email.

Definitions

Construction materials includes an article, material, or supply that is or consists primarily of:

- non-ferrous metals,
- plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables),

- glass (including optic glass);
- lumber; or
- drywall.

Construction materials does not include cement and cementitious materials, aggregates such as stone, sand, or gravel, or aggregate binding agents or additives.

Domestic content procurement preference means all iron and steel used in the project are produced in the United States, the manufactured products used in the project are produced in the United States; or the construction materials used in the project are produced in the United States.

Infrastructure includes, at a minimum, the structures, facilities, and equipment for, in the United States, roads, highways, and bridges; public transportation; dams, ports, harbors, and other maritime facilities; intercity passenger and freight railroads; freight and intermodal facilities; airports; water systems, including drinking water and wastewater systems; electrical transmission facilities and systems; utilities; broadband infrastructure; and buildings and real property. Infrastructure includes facilities that generate, transport, and distribute energy.

Project means the construction, alteration, maintenance, or repair of infrastructure in the United States.

AWARD ATTACHMENTS

County of Outagamie F23AP01490-00

1. Budget Narrative

Budget Narrative:
-Award Outagamie County Land Conservation:
$548,250 ($273,500 direct and $275,000 anticipated match)

The following describes and justifies the requested budget items and costs for this award per Object Class Category:

ADMINISTRATIVE AND LEGAL EXPENSES: $60,000
Costs Incurred for Salary and Fringe are included in this section and will be applied as Direct Costs. Outagamie County utilizes the Uniform Grant Guidelines to charge direct costs. Salary and Fringe rates are an estimate because this is a multi-year grant and wage increases occur based on merit and elected government discretion. The actual costs incurred at the time of service will be used. Fringe benefits are assumed at 40% of salary, which is based on the following breakdown:

FICA	5.6%
Medicare	1.3%
Retirement	6.8%
Subtotal:	**13.7%**
Health Insurance	25%-29%

Rate set annually and depends on the plan chosen, however, this year's family plan is approximately $17,400. Because this is a flat rate for coverage, the percentage varies for project staff based on their compensation, therefore, adding the subtotal above results in a benefits range of 38.7% - 42.6%.

Total: **40.65%**

Position description, level of effort, and estimated costs are as follows:

Position	Project Role	Hours	Hourly Rate	Salary	40% Fringe	Total Cost
Engineering Technician	Planning, design, construction oversight and operations and maintenance inspection of proposed engineered projects	750	$35	$26,250.00	$10,500.00	$36,750.00
Program Assistant	Grant administration, including finances and reporting requirements	280	$26	$7,321.43	$2,928.57	$10,250.00
Watershed/GIS Specialist	Conduct the proposed fish passage study, including inventory and final report	206	$46	$9,285.71	$3,714.29	$13,000.00
					Total:	$60,000.00

We anticipate $40,000 of the above salary and fringe to be direct costs paid by this award along with $20,000 in anticipated match from other salary and fringe incurred in accordance with the project idea form and Tech Committee project approvals.

Request preaward costs:
Yes, preaward costs are requested for personnel time incurred totaling 69 hours, for $3,414.72 (Salary $2,082.42 and Fringe $1,331.70). This time was used to prepare planning & design documents to support the award process.

MISCELLANEOUS: $488,250

BMP Contracts: $400,000 ($150,000 direct/$250,000 anticipated match)

This amount represents a pool of funds that will be utilized to enhance the habitat component of projects. These funds would be matched with existing EPA-GLRI, Wi-DNR TRM, and other grants obtained by Outagamie County for TMDL implementation work in the Lower Fox River Basin. Matching rates will typically be 70% Outagamie Grant to 20-30% NRDA, not to exceed 50% NRDA. All projects will be presented to the NRDA technical committee for approval in advance of contracting and implementation.

Buffer Contracts: $83,250 ($78,250 direct/$5,000 anticipated match)

This amount represents a pool of funds that will be utilized to install riparian buffer areas either standalone or in conjunction with BMP contracts. Site assessment will determine the type of land that will be converted to riparian buffer using the NRCS definition of Cropland or Wooded/Fallow. Cropland incentive payments will be used to compensate the landowners for any active cropland lost due to installation of the best management practices proposed. The payment will be made upon completed installation of the project. Rates are based on NRCS published land values for the region used for long-term easements. These incentive payments will also be used to contractually bind the landowners to do long-term operation and maintenance on the projects in accordance with the signed plans. Wooded/fallow incentive payments will be used to compensate the landowners for any non-cropland area being used for the installation of the system. Incentive payments will also be used to contractually bind the landowners to do operation and maintenance on the projects. For example, the cropland rate for 2022 was $12,500 per acre and the wooded/fallow rate was $6,300. These funds will be matched with Partner Program and other grants as applicable. All projects will be presented to the NRDA technical committee for approval in advance of contracting and implementation.

Supplies & Materials: $5,000
This amount represents mileage reimbursement for a government issued vehicle for the project. Costs incurred will be reimbursed at the current GSA Per Diem Rate. For purposes of this agreement, we anticipate a rate of $0.20/mile, we anticipate 5,000 miles per year for

3 years, or $3,000 to perform the fish passage study, engineering design, construction inspection, and operations and maintenance tasks.

In addition to mileage, we anticipate $750/year in years 1 and 2 and $500 in year 3 for a total of $2,000 for supplies to support the proposed work in this award.

RESOLUTION NO.: 35—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Land Conservation Department (LCD) was awarded a grant from the Wisconsin Department of Natural Resources (WI DNR) in the amount of $50,000 for implementing a suite of practices to improve soil health and reduce nutrient and sediment runoff in a subwatershed of the Wolf River. The goal of this project is to encourage farms in the Bear Creek Watershed to adopt a suite of conservation practices as a system. Cost share will be provided for approximately 1,670 acres of cover crop, residue management, and low disturbance manure application in 2023 through 2025. In doing so, farms will go above and beyond current NR151 requirements, thereby reducing sediment and nutrient runoff to a level that will yield the needed reductions to achieve TMDL goals. This request is for approval to accept and expend up to $50,000 from the WI DNR for the time period of July 1, 2023 through September 30, 2025.

LCD is requesting approval to accept and expend these funds, along with approval for a budget adjustment which includes an increase in Purchased Services in the amount of $50,000. The aforementioned expenses are offset with a corresponding increase in Intergovernmental Revenues in the amount of $50,000. This proposed adjustment is budget neutral, requiring no county funding.

NOW THEREFORE, the following resolution is presented by the Agriculture, Extension Education, Zoning & Land Conservation Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Land Conservation Department to accept and expend a grant from the Wisconsin Department of Natural Resources (WI DNR) in the amount of $50,000 to be used to implement a suite of practices to improve soil health and reduce nutrient and sediment runoff in a subwatershed of the Wolf River, as noted on the attached Agreement Between the Wisconsin Department of Natural Resources and Outagamie County Land Conservation Deparment, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Land Conservation Grants Intergovernmental Revenues line item and Purchased Services line item by $50,000 each, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Director and the Outagamie County Finance Director.

Dated this 11th day of July 2023

Duly and officially adopted by the County Board on: July 11th, 2023

Signed: _____ Kelly M. Gust, Deputy Clerk
Board Chairperson County Clerk

Approved: 7.14.23 Vetoed: _____

Signed: _____
County Executive

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1691) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Accept and expend WI Department of Natural Resources (WI DNR) grant for the Bear Creek Watershed

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Land Conservation Department was awarded a grant from the Wisconsin Department of Natural Resources (WI DNR) in the amount of $50,000 for implementing a suite of practices to improve soil health and reduce nutrient and sediment runoff in a subwatershed of the Wolf River. The goal of this project is to encourage farms in the Bear Creek Watershed to adopt a suite of conservation practices as a system. Cost share will be provided for approximately 1,670 acres of cover crop, residue management, and low disturbance manure application in 2023 through 2025. In doing so, farms will go above and beyond current NR151 requirements, thereby reducing sediment and nutrient runoff to a level that will yield the needed reductions to achieve TMDL goals. This request is for the approval to accept and expend up to $50,000 from the WI DNR for the time period of July 1, 2023 through September 30, 2025.

LCD is requesting approval to accept and expend these funds along with approval for a budget adjustment which includes an increase in Purchased Services in the amount of **$50,000**. The aforementioned expenses are offset with a corresponding increase in Intergovernmental Revenues in the amount of **$50,000**. This proposed adjustment is budget neutral, requiring no county funding.

Current Year Budget Impact (Check one or more of the following boxes)

[x] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Land Conservation Grants	Intergovernmental Revenues	2100400.4225.20	50,000
Land Conservation Grants	Purchased Services	2100400.5500	50,000

Annual and Long-Term Impact

8. Is the above increase/decrease a nonrecurring one-time expense or revenue? yes (x) no ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost - Annual Revenue -

AGREEMENT BETWEEN THE WISCONSIN DEPARTMENT OF NATURAL RESOURCES AND OUTAGAMIE COUNTY LAND CONSERVATION DEPARTMENT

THIS AGREEMENT is entered into by and between the State of Wisconsin Department of Natural Resources (Department) and the Outagamie County Land Conservation Department (Grantee) for the purpose of Agricultural Nonpoint Source Reduction in the Bear Creek Watershed.

FOR AND IN CONSIDERATION of the terms and conditions contained in this grant agreement, the above-named parties agree:

1. PERIOD OF AGREEMENT: This grant agreement shall commence upon its signing by both parties and continue until September 30, 2025, during which period all performance as described in this grant agreement shall be fully completed to the satisfaction of the Department. Grantee is eligible for reimbursement of expenses incurred beginning July 1, 2023.

2. CANCELLATION: The Department reserves the right to cancel this agreement in whole or in part, without penalty, due to non-appropriation of funds or for failure of the Grantee to comply with terms, conditions, and specifications of this grant agreement.

3. ENTIRE GRANT AGREEMENT; AMENDMENTS: This grant agreement, together with the specifications in the bid request (if any) and referenced parts and amendments, shall constitute the entire agreement and previous communications or agreements pertaining to this grant agreement are hereby superseded. Any agreement revisions, including cost adjustments and time extensions, may be made only by a written amendment to this grant agreement, signed by both parties prior to the ending date of this grant agreement.

4. ASSIGNMENT SUBCONTRACTS: Neither this grant agreement nor any right or duty in whole or in part by the Grantee under this grant agreement may be assigned, delegated or subcontracted without the written consent of the Department. If upon the written consent of the Department this grant agreement or any right or duty in whole or in part is assigned, the Assignee(s) shall expressly agree to assume and perform all relevant obligations expressed under the terms of this grant agreement and be bound by the terms and conditions of this agreement. Assignment in whole or in part of this grant agreement does not absolve the Grantee of any liability or obligation expressed and agreed to hereunder.

5. DESCRIPTION OF WORK: The Grantee agrees to perform the following services to the satisfaction of the Department as described in the attached Scope of Work (Addendum A).

6. AGENCY CONTACTS: All communications regarding this grant agreement will be made through the designated agency contacts. The designated contacts are:

Grantee - Greg Baneck, County Conservationist
Outagamie County Land Conservation Department
3365 W. Brewster Street, Appleton, WI 54914
(920) 832-5073
Greg.Baneck@outagamie.org

Department - Erin Hanson, Nonpoint Source Coordinator
2984 Shawano Ave, Green Bay, WI 54313
(920) 360-7845
ErinE.Hanson@wisconsin.gov

7. TERMINATION:

A. This grant agreement may be terminated in whole, or in part, in writing by the Department in the event of substantial failure of the Grantee to fulfill its obligation under this grant agreement, provided, that the Department shall give the Grantee not less than thirty (30) days written notice (delivered by certified mail, return receipt requested) of intent to terminate and an opportunity for consultation prior to termination.

B. If termination is effected by the Department, an equitable adjustment in the price provided for in this grant agreement shall be made. Any payment due to the Grantee at the time of termination may be adjusted to the extent of any additional costs occasioned to the Department by reason of the Grantee's default. The equitable adjustment for any termination shall provide for payment to the Grantee for services rendered and expenses incurred prior to the termination, in addition to termination settlement costs reasonably incurred by the Grantee relating to commitments which had become firm prior to the termination.

C. Upon receipt of a termination action pursuant to paragraph A above, the Grantee shall (1) promptly discontinue all services affected (unless the notice directs otherwise); (2) terminate all subcontracts to the extent that they relate to the performance of work terminated by the Department, and (3) deliver or otherwise make available to the Department, all data, reports, estimates, summaries, and such other information and materials as may have been accumulated by the Grantee in performing this grant agreement, whether completed or in process.

D. Upon termination pursuant to paragraph A above, the Department may take over the work and prosecute the same to completion by agreement with another party or otherwise and the Grantee is liable for any excess costs for such similar work or services.

E. The rights and remedies of the Department and the Grantee provided in this clause are in addition to any other rights and remedies provided by law or under this grant agreement.

8. PAYMENT: The Department agrees to reimburse the Grantee up to a total of $50,000.00 for the costs identified in the attached Scope of Work (Addendum A). Grantee is eligible for reimbursement of

expenses incurred beginning July 1, 2023.

Billings by the Grantee shall be made on a quarterly itemized basis for the actual net costs incurred for review and acceptance. Invoices should be sent to:

Erin Hanson, Nonpoint Source Coordinator
2984 Shawano Ave, Green Bay, WI 54313
(920) 360-7845
ErinE.Hanson@wisconsin.gov

Final invoices must be submitted within 30 days after the end of the grant agreement.

9. RECORDS; ACCESS: The Grantee shall, for a period of three (3) years after completion and acceptance by the Department, maintain books, records, documents, and other evidence directly pertinent to performance on work under this grant agreement in accordance with generally accepted accounting principles and practices. The Grantee shall also maintain the financial information and data used in the preparation or support of the cost submission in effect on the date of execution of this grant agreement and a copy of the cost summary submitted to the Department. The Department, the U.S. Environmental Protection Agency, their agents and their duly authorized representatives, shall have access to such books, records, documents, and other evidence for the purpose of inspection, audit, and copying. The Grantee shall provide proper facilities for such access and inspection. In addition, those records which relate to any dispute, appeal or litigation, or the settlement of claims arising out of such dispute, performance, or costs or items to which an audit exception has been taken, shall be maintained and made available until three years after the date of resolution of such dispute, appeal, litigation, claim or exception.

10. INDEPENDENT CONTRACTOR: The Grantee is an Independent Contractor for all purposes and is not an employee or agent of the Department.

11. INDEMNIFICATION: The Grantee agrees to save, keep harmless, defend and indemnify the State of Wisconsin, Department of Natural Resources and all its officers, employees and agents, against any and all liability, claims and costs of whatever kind and nature, for injury to or death of any person or persons, and for loss or damage to any property (state or other) occurring in connection with or in any way incident to or arising out of the occupancy, use, service, operation or performance of work in connection with this grant agreement or omissions of Grantee's employees, agents or representatives.

12. INSURANCE: The Grantee performing services for the State of Wisconsin shall:

a) Maintain worker's compensation insurance for all employees engaged in the work.
b) Maintain commercial liability and property damage insurance against any claim(s) which might occur in carrying out this agreement/contract. Minimum coverage shall be one million dollars ($1,000,000) liability for bodily injury and property damage including products liability and completed operations. Provide motor vehicle insurance for all owned, non-owned and hired vehicles that are used in carrying out the agreement/contract. Minimum coverage shall be one million dollars ($1,000,000) per occurrence combined single limit for automobile liability and

property damage.

c) Provide an insurance certificate indicating this coverage, counter-signed by an insurer licensed to do business in Wisconsin, covering the period of the agreement/contract. The insurance certificate is required to be presented prior to the issuance of the purchase order or before commencement of the agreement/contract.

d) The state reserves the right to require higher or lower limits where warranted.

13. NONDISCRIMINATION: In connection with the performance of work under this grant agreement, the Grantee agrees not to discriminate against any employee or applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability as defined in section 51.01(5), Wis. Stats., sexual orientation or national origin. This provision shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Except with respect to sexual orientation, the Grantee further agrees to take affirmative action to ensure equal employment opportunities. The Grantee agrees to post in conspicuous places, available for employees and applicants for employment, notices to be provided by the Department setting forth the provisions of this nondiscrimination clause. Failure to comply with the conditions of this clause may result in the Grantee being declared an "ineligible" Grantee, termination of the grant agreement or withholding of payment.

14. AFFIRMATIVE ACTION: If this grant agreement is for an amount of fifty thousand dollars ($50,000) or more the Grantee agrees to submit a written affirmative action plan to the Department within 15 business days after the grant agreement commences if an acceptable plan is not already on file with the State of Wisconsin. (Grantees with an annual work force of fewer than fifty employees are exempted from this requirement.) Failure to comply with the conditions of this clause may result in the Grantee being declared an "ineligible" Grantee, termination of the grant agreement or withholding of payment.

15. FUNDING SOURCE: This grant agreement is funded in part or wholly by a grant from the U.S. Environmental Protection Agency, CFDA #66.460. This procurement will be subject to regulations contained in 2 CFR 200.338 & 200.339 (formerly 40 CFR Parts 31 and 40 and OMB Circular 133). Neither the United States nor the U.S. Environmental Protection Agency is a party to this agreement.

16. APPLICABLE LAW: This grant agreement shall be governed by the laws of the State of Wisconsin. The Grantee shall at all times comply with all federal, state and local laws, ordinances, and regulations in effect during the period of this grant agreement.

17. ANTITRUST ASSIGNMENT: The Grantee and the Department recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the Department. Therefore, the Grantee hereby assigns to the Department any and all claims for such overcharges as to goods, materials or services purchased in connection with this grant agreement.

18. TAX DELINQUENCY: Grantees who have a delinquent Wisconsin tax liability may have their payments offset by the State of Wisconsin.

19. ADDENDUM: Additional conditions are attached as Addendum B, as part of the federal Grant

Agreement No. C9-00591721-1, funding this award. It is the responsibility of the grantee to determine which, if any, of the Federal Administrative Conditions in Addendum B may be relevant to the grant agreement or their sub awards, and to apply them accordingly.

The undersigned, as representatives of their respective agencies, hereto agree to this grant agreement.

Greg.Baneck@outagamie.org
Federal Duns ID: 074769340
Federal Unique Identity ID: ENGJCKR9MGC5

Project Start/End Date: July 1, 2023 – September 30, 2025

Brief Project Description:
The goal of this project is to encourage farms in the Bear Creek Watershed to adopt a suite of conservation practices as a system. Cost share will be provided for approximately 1,670 acres of cover crop, residue management, and low disturbance manure application in 2023 through 2025. In doing so, farms will go above and beyond current NR151 requirements, thereby reducing sediment and nutrient runoff to a level that will yield the needed reductions to achieve TMDL goals (i.e. taking existing regulation of PI=6 to a TMDL equivalent PI that would be significantly lower).

Modeling Nutrient Reductions:
The Pollutant Load Estimation Tool (PLET) will be used to estimate nutrient and sediment reductions from conservation practices implemented in the Bear Creek watershed. PLET is a watershed model that calculates nutrient loads based on runoff volume and pollutant concentrations in the runoff water, as influenced by factors such as land use, soil type, and agricultural animal concentrations. Nutrient and sediment reductions will be calculated annually after conservation practices have been implemented for the year.

Best Management Practice	Model used for Nutrient Reductions
Residue Management	PLET
Cover Crop	PLET
Low Disturbance Manure Application	PLET

Timetable:

Identify & Contract with farms	July 1, 2023-Sept. 1, 2025
Implement Soil Health Practices	Sept 1, 2023-Sept. 1, 2025
Estimate Pollutant Reductions	Nov. 1, 2023-Sept. 30, 2025
Final Report & Project Close-Out	September 30, 2025

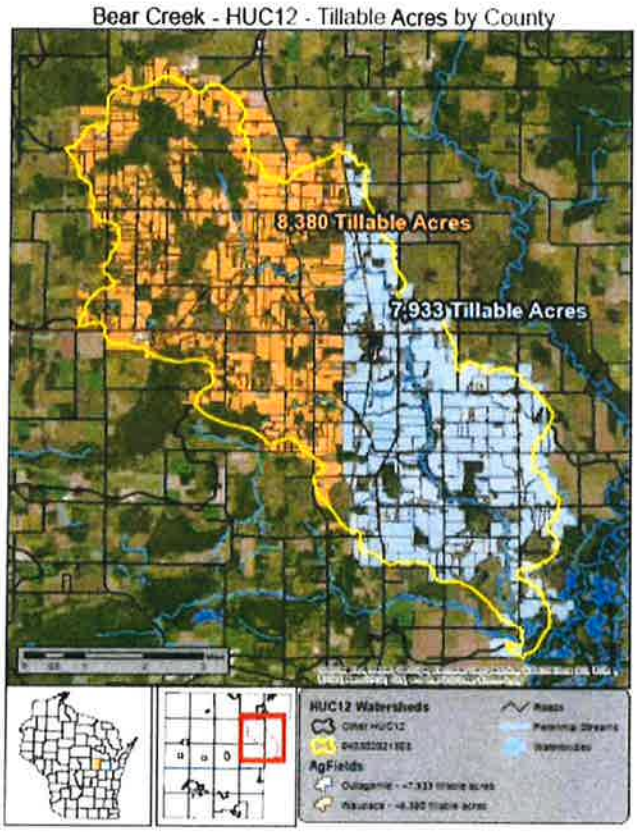
Project Budget:

Budget Detail	Year 1 July 2023 - July 2024	Year 2 July 2024 - July 2025	Total Project Cost
Personnel (# hours)			
Fringe Benefits (RATE%)			
Travel			
Equipment			
Supplies			
Contractual	$25,000	$25,000	$50,000
Other (includes subawards)			
Total Direct			
Indirect (RATE %)			
Total Project Costs	$25,000	$25,000	$50,000

Project Background/Purpose:

The Bear Creek Subwatershed spans across the County Lines of Outagamie and Waupaca Counties. Watershed land use is dominated by both cash grain and dairy cropping systems interspersed with significant amounts of constructed drainage ditches and drain tile networks. Consequently, runoff and associated nutrients and sediment have a high likelihood of reaching surface water and ultimately Bear Creek. Maintaining and improving soil health and providing year-round cover is key to helping reduce runoff potential for the watershed.

The Upper Fox/Wolf River TMDL Plan lists an average of 1.85 lbs of P/ac and 1.39 Tons of Sediment/ac being delivered annually within the Outagamie portion of the watershed. To reach the



water quality goals of the TMDL, an 83% reduction of P and a 74% reduction of TSS will be required. This proposal incorporates incentives to assist farms in making this transition to a more sustainable, soil health improving cropping system while at the same time working towards the goals of the TMDL.

Keeping year-round cover and a living root system on the ground will be necessary to gain reductions required to achieve the goals of the TMDL. Also, tying up nutrients and providing options for applying nutrients (manure) without destroying cover crops using Low Disturbance Manure Application (LDMA) is key.

Outagamie County cover cropping cost-share rates are based on a flat rate sheet developed by Outagamie County LWCD, Outagamie County NRCS and Upper fox-Wolf Demonstration Farm Network Managers that took into consideration planting dates as well as single versus multiple species planted. The team developed this method to encourage early and multi-species planting, while recognizing that a single over wintering species was the only workable option for some producers. See attached 2023 rate guide.

Residue management (no-till) cost-share rates are based on the Outagamie County method of using the State approved flat rate when adjusted for inflation is $25.00 per acre per year, to be consistent within this project.

Low Disturbance manure application cost-share rates are based on the Outagamie County average local price method. The difference in price for applying manure to the state standards verses the cost to do split applications at agronomic rates is the basis for the cost share is $105.84. Rounded down, the total cost is adjusted to $100.00/acre for adoption of this practice, with the local producer share being $30.00/acre and the grant share of 70% equal to $70.00/acre.

Administrative Conditions

ADMINISTRATIVE CONDITIONS

The Following Administrative Terms and Conditions are Updated:

General Terms and Conditions

The General Terms and Conditions of this agreement are updated in accordance with the link below. However, these updated conditions apply solely to the funds added with this amendment and any previously awarded funds not yet disbursed by the recipient as of the award date of this amendment. The General Terms and Conditions cited in the original award or prior funded amendments remain in effect for funds disbursed by the recipient prior to the award date of this amendment.

The recipient agrees to comply with the current EPA general terms and conditions available at: https://www.epa.gov/grants/epa-general-terms-and-conditions-effective-october-1-2021-or-later.

These terms and conditions are binding for disbursements and are in addition to or modify the assurances and certifications made as a part of the award and the terms, conditions, or restrictions cited throughout the award.

The EPA repository for the general terms and conditions by year can be found at: https://www.epa.gov/grants/grant-terms-and-conditions#general.

A. Correspondence Condition

The terms and conditions of this agreement require the submittal of reports, specific requests for approval, or notifications to EPA. Unless otherwise noted, all such correspondence should be sent to the following email addresses:

- Federal Financial Reports (SF-425): rtpfc-grants@epa.gov and ***dreves.lena@epa.gov***
- MBE/WBE reports (EPA Form 5700-52A): **Dianne Reyes – reyes.dianne@epa.gov** and **Lena Dreves – dreves.lena@epa.gov**
- All other forms/certifications/assurances, Indirect Cost Rate Agreements, Requests for Extensions of the Budget and Project Period, Amendment Requests, Requests for other Prior Approvals, updates to recipient information (including email addresses, changes in contact information or changes in authorized representatives) and other notifications: **Lena Dreves - dreves.lena@epa.gov** and **Lee Phan – phan.lee@epa.gov**
- Payment requests (if applicable): **Lena Dreves - dreves.lena@epa.gov** and **Lee Phan – phan.lee@epa.gov**
- Quality Assurance documents, workplan revisions, equipment lists, programmatic reports and deliverables: **Lee Phan – phan.lee@epa.gov**

I, Jeffrey L. King, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the July 11, 2023 County Board Minutes approved by a majority vote at a meeting of the County Board on July 11, 2023 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 11th Day of July, 2023

/s/ Jeffrey L. King
County Clerk

Please call the Outagamie County Clerkš Office (832-5077) if you would like further elaboration of these minutes.

RUN: August 22, 2023

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, August 8, 2023.

The Board met pursuant to adjournment, and was called to order by Chairperson Nooyen at 7:00 p.m. by teleconference.

ROLL CALL: 29 present, 7 absent. Members present: Thompson, Miller, Smith, Patience, Gabrielson, Konetzke, Hammen, Lawrence, Lamers, Ferguson, Hermes, MacDonald, Croatt, Spears, Cooke, Santonato, Cuff, Hagen, Klemp, Nooyen, Weinberg, Culbertson, Winterfeldt, Nejedlo, Clegg, Thyssen, VanderHeiden, Koury, and Lautenschlager. Members Absent: Krueger, McCabe, Wegand, Schroeder, Thiede, Monfils, and Rettler.

The Board Chairperson requested the Board's confirmation to excuse Supervisor Thiede, Supervisor Schroeder, Supervisor Monfils, and Supervisor Rettler. No objections; so ordered.

MINUTES OF THE JULY 11, 2023 COUNTY BOARD MEETING

Supervisor Smith moved, seconded by Supervisor Croatt, to approve the minutes of the July 11, 2023, County Board meeting.

VOICE VOTE CARRIED WITH TWENTY-FIVE (25) YES AND FOUR (4) ABSTENTIONS (THYSSEN, MILLER, LAMERS, FERGUSON). MINUTES OF THE JULY 11, 2023, COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS

2022 County Audit Presentation - Jake Lenell, Principal and Elizabeth McMasters, Director – State and Local Government, CliftonLarsonAllen (CLA)

Jake Lenell, Principal with CliftonLarsonAllen (CLA) introduced himself and Elizabeth McMasters, Director. Mr. Lenell has over 21 years of experience working with county governments.

Mr. Lenell provided some highlights from the information that was previously shared with the Finance Committee in regards to the 2022 financial audit.

- Outagamie County received an unmodified “clean” opinion, which is the highest level of assurance that CLA provides, as a third party review.
- The Governance Letter and the results within the Governance Letter were previously shared with the Finance Committee as well. This is a report on the audit procedures and required guidance as it pertains to performing procedures within AICPA guidelines.
- Items of interest were new accounting standards. There were new reporting standards pertaining to leases. That information was properly captured in the 2022 financial statements.
- The Management Letter provides best practice recommendations.
    - Capital outlay / capital asset reconciliations: recommendations have already been implemented. The process hasn’t changed, just some recommendations were provided for going forward. With staff turnover there is a learning curve for the financial statement package.

In addition to the historical information that is reviewed, CLA reviews the future and what to expect for future audit planning.

- Grant funding – continues to be an area of focus. This is not only from an audit standpoint, but from an operational standpoint where there are strong internal controls that the County has on the structure and the process for these new dollars.
- There will be new standards required for reporting on software use. These new reporting standards will pertain to subscriptions that the County participates in.

Paula Van De Leygraaf, Emergency Management Director, will give a high-level overview of the Emergency Response Plan

Emergency Management updates the Emergency Response Plan every year. It is available on the County website under Emergency Management on the Departments page. The 2023 Emergency Response Plan will be available online shortly.

There will be some major renovations to the plan during the next two years. The County will be transitioning to a different model for EOC operations. The County will be switching to an incident support model function, which will better suit the needs of our local municipalities and broaden outreach.

The County plan does mirror the State plan. Under each of the emergency support functions, the plan identifies the roles and responsibilities for both primary and supporting agencies. In a given emergency, not all of the emergency functions need to be activated. Activation depends on the circumstances of the given emergency.

The four phases of emergency management are mitigation, preparedness, response, and recovery. There are tasks pertaining to each phase. Not all tasks are relevant for each emergency, but these tasks are a nice reminder to not overlook an important task.

At the local level, local municipalities are encouraged to have a local emergency response plan in place and to keep it current. The County will be working closely with local municipalities to make sure plans are in place, kept current, and will identify which municipalities will defer to the County for services for parts of their plan.

While working directly with local municipalities, the County Emergency Management department also hopes to identify areas where there may be gaps or needs for additional training.

The goal is for the County emergency response plan to mirror the State emergency response plan and then the local municipality emergency response plans to mirror the County emergency response plan.

ESTABLISH ORDER OF THE DAY

Chairperson Nooyen reported the request to have all Appointments, Ordinances, and Resolutions that are on the agenda locked in at the meeting.

Chairperson Nooyen asked for unanimous consent to handle all reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

COMMUNICATIONS –

COMMUNICATION REFERRAL LIST

August 8, 2023 County Board Meeting

No.	Adopted Date	Received From	Subject	Referred To
1	06/15/2023	Douglas County	Resolution #35-23 Resolution Regarding Foreign Ownership of Farmland	Resolution No.: 147-2022-23
2	06/20/2023	Green Lake County	Resolution Number 14-2023 Request for State of Wisconsin to Review and Revise its Policy on Foreign Ownership of Farmland	Resolution No.: 147-2022-23
3				
4				

Chairperson Nooyen summarized the following communications:

- The County Executive's Report is in Drop Box.
- The County Board will have a second meeting during the month of August. This meeting will be held virtually on August 22, 2023 at 7:00 p.m.

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR –

Jim Sehloff, representing Davel Engineering & Environmental, 1164 Province Terrace, Menasha – spoke in favor of Ordinance No. Z-3—2023-24 and Ordinance No. Z-4—2023-24.

APPOINTMENTS

County Executive Nelson nomination for appointment of Alison Bong as Finance Director.

The Finance Director appointment is being held in committee.

County Executive Nelson nomination for appointment of Carina Strebelinski and reappointment of Thomas Nelson to the Criminal Justice Coordinating Council; said terms expiring April 30, 2024.

Supervisor Patience moved, seconded by Supervisor Thompson for confirmation of the above-listed appointment and reappointment.

VOICE VOTE CARRIED UNANIMOUSLY. CARINA STREBELINSKI IS APPOINTED AND THOMAS NELSON IS REAPPOINTED TO THE CRIMINAL JUSTICE COORDINATING COUNCIL.

County Executive Nelson nomination for reappointment of Harold Steenbock to the Board of Adjustment Zoning Ordinance; said term expiring June 30, 2026.

Supervisor Santonato moved, seconded by Supervisor VanderHeiden for confirmation of the above-listed reappointment.

VOICE VOTE CARRIED UNANIMOUSLY. HAROLD STEENBOCK IS REAPPOINTED TO THE BOARD OF ADJUSTMENT ZONING ORDINANCE.

> County Executive Nelson nomination for reappointment of Jennifer Edmondson to the Administrative Review Appeals Board; said term expiring May, 2024.

Supervisor MacDonald moved, seconded by Supervisor Klemp for confirmation of the above-listed reappointment.

VOICE VOTE CARRIED UNANIMOUSLY. JENNIFER EDMONDSON IS REAPPOINTED TO THE ADMINISTRATIVE REVIEW APPEALS BOARD.

> County Executive Nelson nomination for appointment of Isaac Uitenbroek and reappointments for Michael Morman, Brad Bastian, Jeff Dietzen, Jeremy Freund, Terri Lison, Tom Rooney, Sarah Van Camp, Julie Vanden Acker, Brea Vang, Terry Van Hout, and Trent Woelfel to the Land Information Council; said terms expiring April, 2025.

Supervisor Lautenschlager moved, seconded by Supervisor Cuff for confirmation of the above-listed appointment and reappointments.

VOICE VOTE CARRIED UNANIMOUSLY. ISAAC UITENBROEK IS APPOINTED AND MICHAEL MORMAN, BRAD BASTIAN, JEFF DIETZEN, JEREMY FREUND, TERRI LISON, TOM ROONEY, SARAH VAN CAMP, JULIE VANDEN ACKER, BREA VANG, TERRY VAN HOUT AND TRENT WOELFEL ARE REAPPOINTED TO THE LAND INFORMATION COUNCIL.

UNFINISHED BUSINESS– None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Resolution No. Z-3—2023-24 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve the rezone request for the Coenen Family Revocable Trust and Ruby Coenen Survivor Trust, for parcel 101084000, 12.82 acres, from the General Agriculture District to the Industrial District to accommodate the development of industrial flex-space buildings in the Town of Grand Chute, as noted on the resolution and attachments.

Supervisor VanderHeiden moved, seconded by Supervisor Lautenschlager, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. Z-3—2023-24 IS ADOPTED.

Ordinance No. Z-2—2023-24 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Approve to adopt the petition of Cynthia Bungert, property owner, for parcel 080097200, from the Residential Single-Family District to Residential Two-Family District in the Town of Ellington, as detailed on the ordinance and attachments.

Supervisor VanderHeiden moved, seconded by Supervisor Weinberg, for adoption.

Supervisor Lautenschlager made a motion to refer back to committee, seconded by Supervisor VanderHeiden.

VOICE VOTE CARRIED UNANIMOUSLY. ORDINANCE NO. Z-2–2023-24 IS REFERRED BACK TO COMMITTEE.

Ordinance No. Z-3—2023-24 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Approve to adopt the petition of Jim Sehloff, applicant on behalf of PHH Investment Company, owner, to rezone parcels 200004800 and 200004903 from the General Agriculture District and Local Commercial District to the Residential Single-Family District, and rezone parcel 200005200 from the General Agriculture District and Residential Single-Family District to the Residential Single-Family District in the Town of Vandenbroek, as detailed on the ordinance and attachments.

Supervisor Lautenschlager moved, seconded by Supervisor Weinberg, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. ORDINANCE NO. Z-3—2023-24 IS ADOPTED.
Ordinance No. Z-4—2023-24 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Approve to adopt the petition of Jim Sehloff, applicant, on behalf of Dale & Amy Coenen, owners, to rezone parcel 080071906, 16.42 acres, from the General Agriculture District to the Residential Single-Family District in the Town of Ellington, as detailed on the ordinance and attachments.

Supervisor VanderHeiden moved, seconded by Supervisor Lautenschlager, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. ORDINANCE NO. Z-4—2023-24 IS ADOPTED.

Ordinance No. B—2023-24 – Legislative/Audit and Human Resources Committee. Approve the updated language amendments in Chapter 2, Section 2-49, Rule 6, of the Code of Ordinances as pertains to the appearance of non-board members, as detailed on the ordinance and attachments.

Supervisor Spears moved, seconded by Supervisor Konetzke, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. ORDINANCE NO. B—2023-24 IS ADOPTED.

Resolution No. 36—2023-24 – Property, Airport, Recreation and Economic Development Committee. Approve to authorize a Temporary Limited Easement made by the State of Wisconsin Department of Natural Resources (Grantor) to the Wisconsin Department of Transportation (Grantee) on the Newton Blackmour State Trail in Parcel 8 of Transportation Project Plat 6240-30-21 – 4.02, recorded as Document 2279508 in Outagamie County, as detailed on the attachments.

Supervisor Culbertson moved, seconded by Supervisor Hammen, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 36—2023-24 IS ADOPTED.

Resolution No. 37—2023-24 – Finance Committee. Approve to disallow the claim submitted by Gary Steward, on file in the County Clerk's Office and that no action of this claim may be brought against the County or any of its officers, officials, agents, or employees after six months from the date of service of this notice.

Supervisor Miller moved, seconded by Supervisor Croatt, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 37—2023-24 IS ADOPTED.

Resolution No. 38—2023-24 – Health and Human Services Committee. Authorize and approve the line items to increase the Brewster Village Equipment Replace/Repair fund by $1,500,000 and decrease the Brewster Village Cash by $1,500,000, to replace equipment and maintain the building, as detailed on the attached fiscal note.

Supervisor Gabrielson moved, seconded by Supervisor Thompson, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 38—2023-24 IS ADOPTED.

Resolution No. 39—2023-24 – Health and Human Services Committee. Authorize and approve the line items to increase the Brewster Village Revenue Stabilization by $400,000 and decrease the Brewster Village Cash by $400,000, for anticipated 2024 wage increases, as detailed on the attached fiscal note.

Supervisor Gabrielson moved, seconded by Supervisor Spears, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 39—2023-24 IS ADOPTED.

Resolution No. 40—2023-24 – Highway, Recycling and Solid Waste Committee. Approve to establish the Department of Recycling and Solid Waste and Highway Department Facility and Land Use Plan Oversight Committee as a public works project whose total cost will exceed $1,500,000 in accordance with Section 50-87 of the County Code of Ordinances, and authorize the formation of the Department of Recycling and Solid Waste and Highway Department Facility and Land Use Plan Oversight Committee who shall oversee all phases of the project to ensure that the project is proceeding in the best interest of the county.

Supervisor Hagen moved, seconded by Supervisor Clegg, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 40—2023-24 IS ADOPTED.

Resolution No. 41—2023-24 – Property, Airport, Recreation and Economic Development Committee. Approve to establish the Appleton International Airport Terminal Expansion Project as a public works project whose total cost will exceed $1,500,000 in accordance with Section 50-87 of the County Code of Ordinances, and authorize the formation of the Appleton International Airport Terminal Expansion Project Oversight Committee who shall oversee all phases of the project to ensure that the project is proceeding in the best interest of the county.

Supervisor Culbertson moved, seconded by Supervisor Klemp, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 41—2023-24 IS ADOPTED.

Resolution No. 42—2023-24 – Public Safety Committee. Approve the request to transfer $25,000 from the Small Department Vacation/Sick Leave Payout Fund to the line items of the Circuit Courts Salaries by $23,000 and Fringe Benefits by $2,000, and increase the Fund Balance Applied by $25,000, and decrease the Committed Fund Balance for Small Dept Vac/Sick Payouts by $25,000, and increase the Fund Balance Assigned by $25,000, for a retirement payout and to hire a new Judicial Assistant, as detailed on the attachments.

Supervisor Patience moved, seconded by Supervisor Lamers, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 42—2023-24 IS ADOPTED.

Ordinance No. C—2023-24 – Highway, Recycling and Solid Waste Committee. Approve to designate CTH F between West Town line and Grandy Road, and CTH I between CTH F to the north County line, and CTH M between South Town line to CTH F, in the Town of Maine, as an ATV/UTV route, as detailed on the attachments.

Supervisor Nejedlo moved, seconded by Supervisor Hagen, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. ORDINANCE NO. C—2023-24 IS ADOPTED.

RECONSIDERATION OF THE CRIMINAL JUSTICE COORDINATING COUNCIL APPOINTMENT AND REAPPOINTMENT, BOARD OF ADJUSTMENT ZONING ORDINANCE REAPPOINTMENT, ADMINISTRATIVE REVIEW APPEALS BOARD REAPPOINTMENT, LAND INFORMATION COUNCIL APPOINTMENT AND REAPPOINTMENTS, ORDINANCE NO. Z-3, Z-4, B AND C—2023-24 AND RESOLUTION NOS. Z-3, 36, 37, 38, 39, 40, 41 AND 42 —2023-24.

Supervisor Croatt moved, seconded by Supervisor Cooke, to reconsider the above listed appointments, ordinances and resolutions.

Vote for reconsideration. VOICE VOTE CARRIED UNANIMOUSLY. CRIMINAL JUSTICE COORDINATING COUNCIL APPOINTMENT AND REAPPOINTMENT, BOARD OF ADJUSTMENT ZONING ORDINANCE REAPPOINTMENT, ADMINISTRATIVE REVIEW APPEALS BOARD REAPPOINTMENT, LAND INFORMATION COUNCIL APPOINTMENT AND REAPPOINTMENTS, ORDINANCE NO. Z-3, Z-4, B AND C—2023-24 AND RESOLUTION NOS. Z-3, 36, 37, 38, 39, 40, 41 AND 42 —2023-24 ARE RECONSIDERED.

Vote for lock in. VOICE VOTE CARRIED UNANIMOUSLY. CRIMINAL JUSTICE COORDINATING COUNCIL APPOINTMENT AND REAPPOINTMENT, BOARD OF ADJUSTMENT ZONING ORDINANCE REAPPOINTMENT, ADMINISTRATIVE REVIEW APPEALS BOARD REAPPOINTMENT, LAND INFORMATION COUNCIL APPOINTMENT AND REAPPOINTMENTS, ORDINANCE NO. Z-3, Z-4, B AND C—2023-24 AND RESOLUTION NOS. Z-3, 36, 37, 38, 39, 40, 41 AND 42 —2023-24 ARE ADOPTED & LOCKED IN.

REPORTS – None.

ADJOURNMENT
Supervisor Hammen moved, seconded by Supervisor Lawrence to adjourn until August 22, 2023, at 7:00 p.m. VOICE VOTE CARRIED UNANIMOUSLY.

The meeting adjourned at 7:54 p.m.

RESOLUTION NO.: Z-3—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Grand Chute has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Grand Chute be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the following resolution is presented by the Agriculture, Extension Education, Zoning and Land Conservation Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for the Coenen Family Revocable Trust and Ruby Coenen Survivor Trust. The proposed rezoning is for parcel 101084000, totaling 12.82 acres, from the General Agriculture District (AGD) to the Industrial District to accommodate the development of industrial flex-space buildings. The parcel is located on the southeast corner of N. Mayflower Drive and STH 15 in the Town of Grand Chute, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Town of Grand Chute Clerk, the Town of Grand Chute Community Development Director, and the Town of Grand Chute Community Development Administrative Assistant.

Dated this 8th day of August 2023

Duly and officially adopted by the County Board on: August 8, 2023

MEMORANDUM

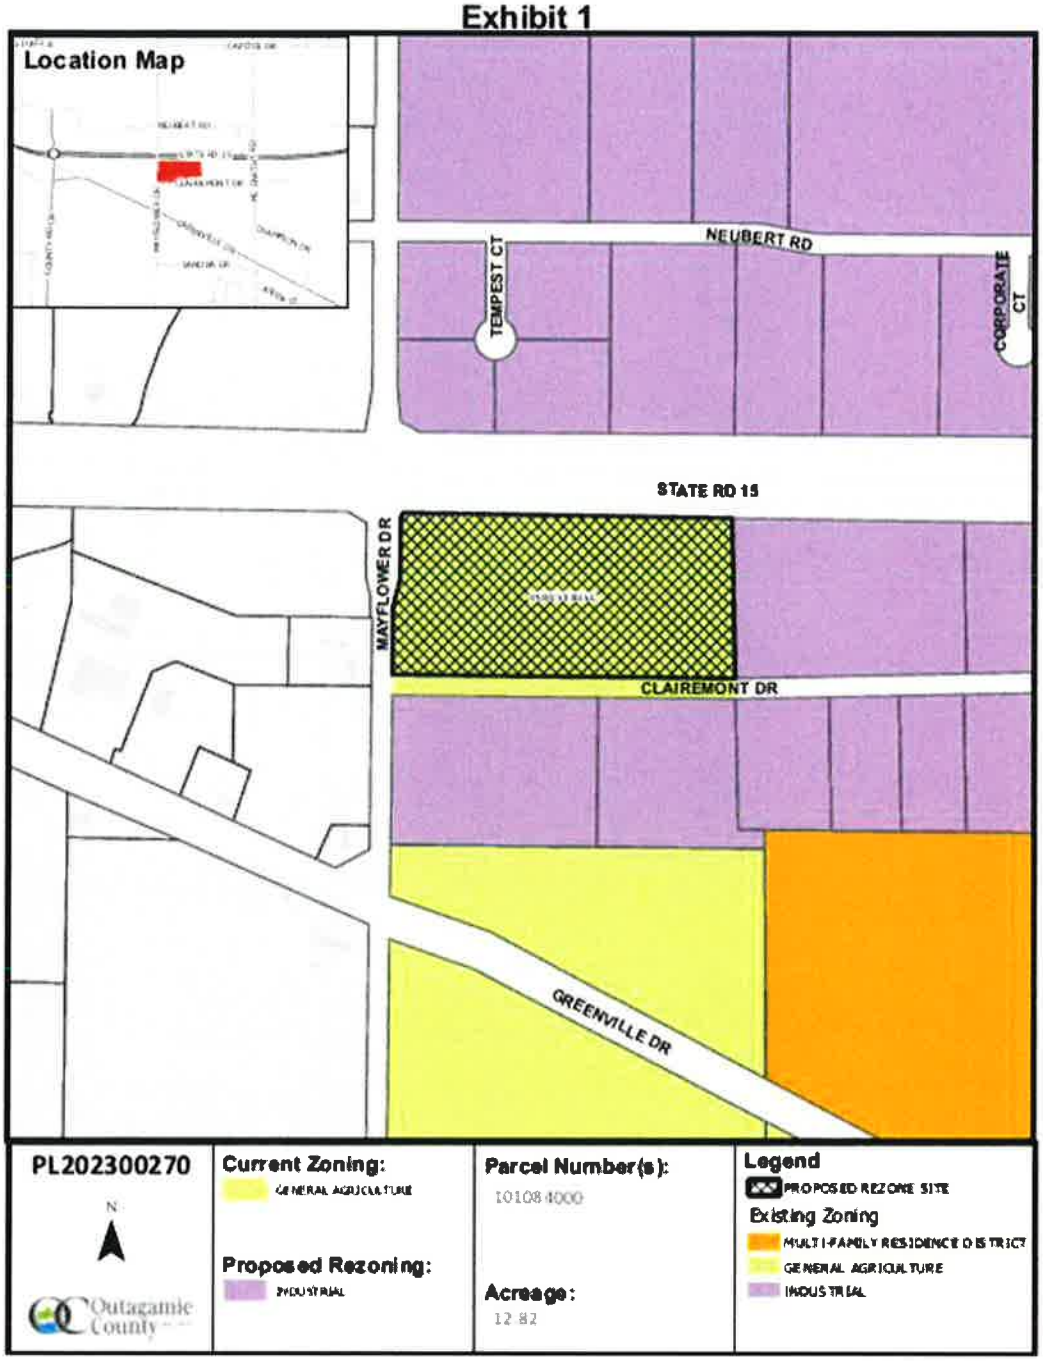
TO: Outagamie County Zoning Committee
FROM: Sadie DiNatale Burda, Principal Planner
DATE: June 28, 2023
RE: PL202300270 – Town Rezoning - Town Review & Recommendation

Application Details:

Applicant and Owner:	Tracy Olejniczak, Town Clerk, on behalf of Coenen Family Rev Trust & Ruby Coenen Survivor Trust (Owner)
Request:	Rezoning - Town
Parcel(s):	101084000
Location:	Southeast Corner of N. Mayflower Drive and STH 15 TOWN OF GRAND CHUTE
Public Hearing:	June 6, 2023 at 6:00 PM held by the Town of Grand Chute

Background & Analysis:

A Town Rezoning request was received from the Town of Grand Chute, as depicted on the Rezoning Map (Exhibit 1). The proposal would rezone parcel 101084000 (12.82 acres) from the General Agriculture District (AGD) to the Industrial District to accommodate the development of industrial flex-space buildings. The proposed rezoning is compatible with the surrounding zoning district patterns. More information is located in the Town's staff memo (Exhibit 2).



A navigable stream runs through the northwest corner of the site and about half of the parcel's area is located within the 300 feet stream buffer. There are some floodplains and hydric soils present on site. The Town of Grand Chute has received a site plan for the property and indicated there are wetlands on the northern portion of the site; however, per the Town's staff memo, the proposed development is adequately sized and positioned to accommodate the proposed use while largely avoiding environmentally sensitive areas.

As a point of reference, development within the 300' stream buffer may be subject to Chapter 44, Shoreland Zoning permits from Outagamie County and development impacting floodfringe may be subject to Chapter 24, Floodplain Zoning permit requirements from Outagamie County.

The Town of Grand Chute exercises village powers and adopted General Town Zoning. The Town of Grand Chute is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Plan, which designates this area as "Urban." The Town reviewed the request at a public hearing held on June 6, 2023 and the Town Board voted to approve this request on June 20, 2023.

Staff Recommendation:
Based on County planning staff's review of this proposed Town Rezoning, Staff recommends to: approve the rezoning of parcel 101084000 from the General Agriculture District (AGD) to the Industrial District.

Town of Grand Chute
Rezoning Request
Coenen Family Revocable Trust & Ruby Coenen Survivor Trust

To: Plan Commission

From: Michael Patza, Community Development Director

Date: May 31, 2023

Address: Southeast Corner of N. Mayflower Drive and STH 15 (Tax Key Parcel No. 101-084000) **App. #: Z-02-2023**

REQUEST
The applicant is requesting to rezone the referenced property from **AGD General Agricultural District to IND Industrial District,** to accommodate a future industrial development.

ANALYSIS
The request is to rezone 12.82 acres of land located on the southeast corner of N. Mayflower Drive and STH 15 to accommodate future development of multiple industrial flex-space buildings. The subject property is located within Town of Grand Chute Tax Increment District (TID) No. 4. The right-of-way of W. Clairemont Drive has been dedicated along the south side of the property. The project to extend W. Clairemont Drive to N. Mayflower Drive is expected to be completed in 2023 using TID funds. The rezoning request is compatible with the zoning classifications of the adjacent commercial/industrial properties to the north, south, and east. The rezoning of this property to IND Industrial District classification is consistent with the Urban designation for this district as identified in the Grand Chute Comprehensive Plan and is also consistent with the Sports Facility District Master Plan which was establish during the development process of the Community First Champion Center.

A navigable stream runs through the northwest corner of the site with associated areas of floodplain and wetlands on the northern portions of the site. A Site Plan has also been submitted for this project and indicates the site is adequately sized and positioned to accommodate the proposed use within the requirements prescribed in the Zoning Code while largely avoiding the environmentally sensitive areas. Small areas of flood fringe will be impacted by the project and areas filled within 300' of the navigable stream will require approval from Outagamie County. Separate Site Plan approval is required prior to construction.

RECOMMENDATION
Staff has reviewed and supports a Plan Commission recommendation to rezone the property located on the southeast corner of N. Mayflower Drive and STH 15 from AGD General Agricultural District to IND Industrial District. (Ordinance No. O-07-2023)

SUBSTITUTE ORDINANCE NO.: Z-2—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY ZONING ORDINANCE. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the following ordinance is presented by the Agriculture, Extension Education, Zoning, and Land Conservation Committee to the County Board.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of Cynthia Bungert, property owner, to rezone parcel 080097200 from the Residential Single-Family District (RSF) to Residential Two-Family District (RTF). The location of the site is west of Wisconsin State Trunk Highway 76, Town of Ellington, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Ellington upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and the execution and recording of the above stated deed covenants, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Ellington Clerk, the Outagamie County Zoning Administrator and the Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 22nd day of August, 2023.

MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: ~~**June 20, 2023**~~ **August 14, 2023**
RE: **PL202300248 - Rezoning - County Review & Recommendation - REVISED**

Application Details:

Applicant and Owner:	Cynthia Bungert
Request:	Rezoning - County
Parcel:	080097200 (~~0.44~~ 0.57 acres)
Location:	West of Wisconsin State Trunk Highway 76 TOWN OF ELLINGTON
Public Hearing:	July 25, 2023 at 10:30 AM

Background & Analysis:

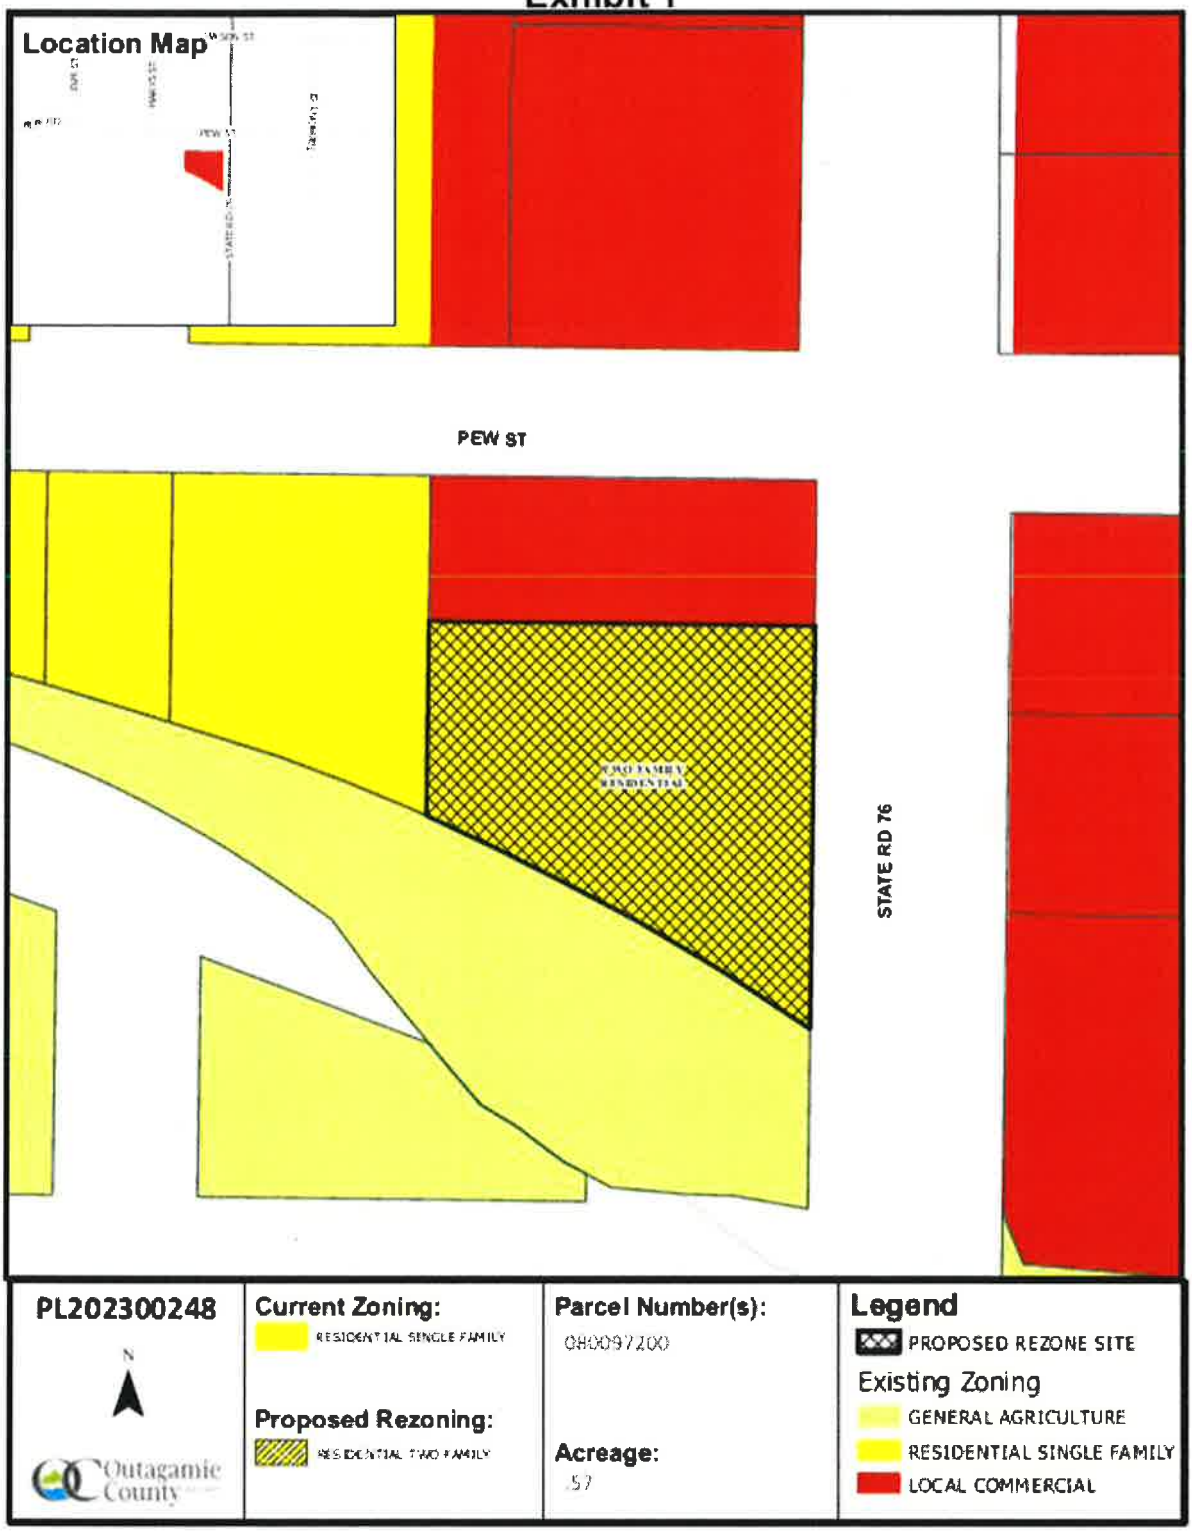
A County Rezoning request was received from Cynthia Bungert, property owner, as depicted on the Rezoning Map (Exhibit 1). The proposal would rezone parcel 080097200 (~~0.44~~ 0.57 acres) from the Residential Single-Family District (RSF) to Residential Two-Family District (RTF) to accommodate a duplex use.

Table 1 presents the existing land use and zoning district patterns and characteristics surrounding the site. The proposed duplex is compatible with the surrounding land use and zoning district patterns.

Table 1. Surrounding Land Use and Zoning District Patterns, Relative to Subject Site

Area Adjacent to Subject Site	Existing Zoning District	Existing Land Use
North	Local Commercial	Commercial
South	General Agriculture	Agriculture
East	Local Commercial	Residential
West	Residential Single-Family	Residential

The property is located within 300 feet of a navigable stream and a small portion of the very SW corner of the lot contains floodplain. These environmental conditions are not a significant concern as the applicant is not proposing to add on to the existing building. If an addition to the existing building is proposed in the future, a permit may be required.



The Ellington Town Board reviewed this rezoning request on September 14, 2023~~2~~2 and recommended it for approval.

The Town of Ellington's general zoning is administered by the County and the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3) Wis. Stats. County staff has identified the proposed rezone to be consistent with the County Comprehensive Plan as Outagamie County Comprehensive Plan designates this area as "Community Mixed Use." This designation allows a range of residential uses, including duplexes.

Staff Recommendation:

Based on our review and the above analysis of this proposed Rezoning – County, Staff recommends to: approve the proposed rezoning of parcel 080097200 from the from the Residential Single-Family District (RSF) to Residential Two-Family District (RTF).

ORDINANCE NO.: Z-3—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY ZONING ORDINANCE. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the following ordinance is presented by the Agriculture, Extension Education, Zoning, and Land Conservation Committee to the County Board.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of Jim Sehloff, applicant on behalf of PHH Investment Company, owner, to rezone parcels 200004800 and 200004903 from the General Agriculture District (AGD) and Local Commercial District (CL) to the Residential Single-Family District (RSF), and rezone parcel 200005200 from the General Agriculture District (AGD) and Residential Single-Family District (RSF) to the Residential Single-Family District (RSF). The location of the site is East of STH 55, Town of Vandenbroek, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Vandenbroek upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and the execution and recording of the above stated deed covenants, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Vandenbroek Clerk, the Outagamie County Zoning Administrator and the Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 8th day of August, 2023.

Duly and officially adopted by the County Board on: August 8, 2023

MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **July 11, 2023**
RE: **PL202300279 - Rezoning - County Review & Recommendation**

Application Details:

Applicant and Owner:	Jim Sehloff, Applicant on Behalf of PHH Investment Company (owners)
Request:	Rezoning - County
Parcels:	200004800, 200004903, and 200005200
Location:	East of STH 55 TOWN OF VANDENBROEK
Public Hearing:	July 25, 2023 at 10:30 AM

Background & Analysis:

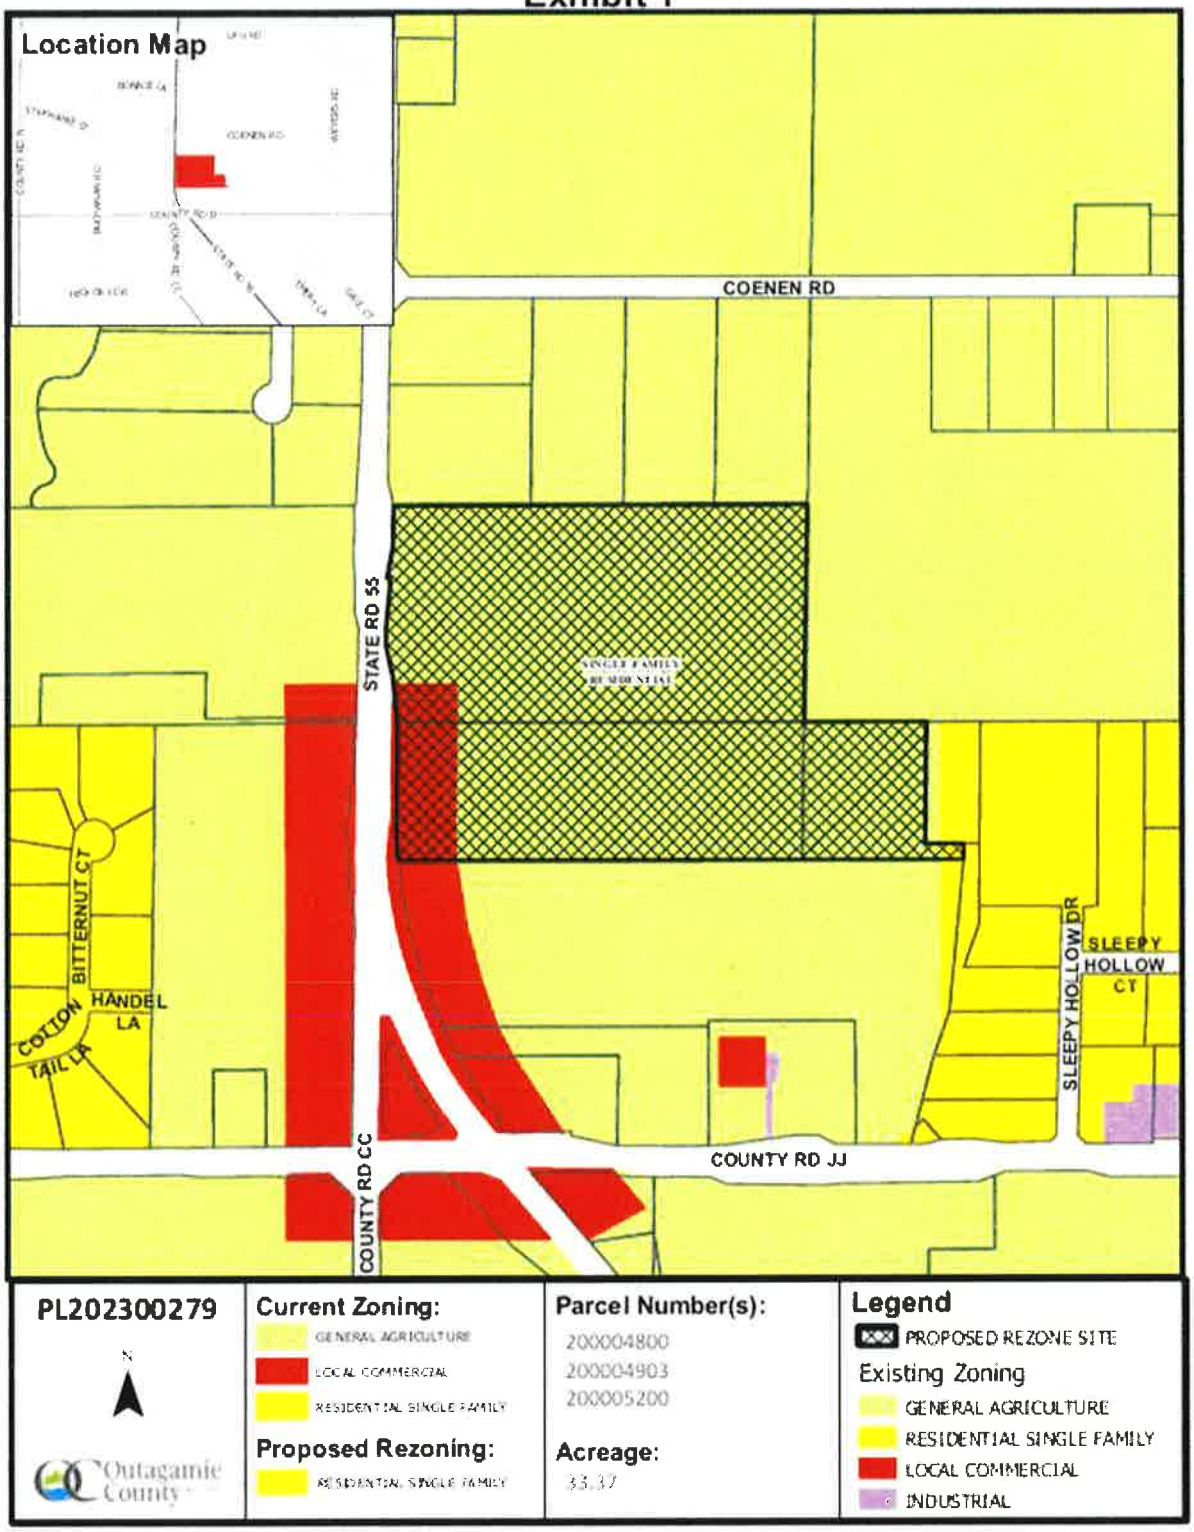
A County Rezoning request was received from Jim Sehloff, Applicant on behalf of PHH Investment Company, property owners, as depicted on the Rezoning Map (Exhibit 1). The proposal would rezone parcels 200004800, 200004903, and 200005200 (totaling about 33.37 acres) accordingly:

- Parcels 200004800 and 200004903 from the General Agriculture District (AGD) and the Local Commercial District (CL) to the Residential Single-Family District (RSF).
- Parcel 200005200 from the AGD and the RSF to the RSF.

The purpose of the rezoning request is to accommodate single-family residential uses via a 16-lot platted residential subdivision.

Table 1 presents the existing land use and zoning district patterns surrounding the site. The proposal is compatible with adjacent RSF zoned land to the west as well as residential plats in the general vicinity (particularly along Buchanan Road, less than a quarter mile to the west).

Table 1. Surrounding Land Use and Zoning District Patterns, Relative to Subject Site



Area Adjacent to Subject Site	Existing Zoning District	Existing Land Use
North	AGD	Residential
South	AGD, CL, and RSF	Agriculture and Commercial
East	AGD and RSF	Agriculture, Residential, Forest Land

Area Adjacent to Subject Site	Existing Zoning District	Existing Land Use
West	AGD and CL	Agriculture, Residential, Forest Land

Hydric soils are present across all three parcels; mapped DNR wetlands are present on parcel 200004800. Steep slopes are present on parcel 200004800. A navigable stream meanders through parcel 200004800 and a majority share of that parcel is within the 300-foot stream buffer; a portion of parcel 200004903 is as well. Floodplain is also present on parcel 200004800. That said, the concept design appears to avoid development within these environmentally sensitive areas.
The Vandenbroek Town Board reviewed this rezoning request on May 10, 2023 and recommended it for approval.
The Town of Vandenbroek's general zoning is administered by the County and the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3) Wis. Stats. County staff has identified the proposed rezone to be consistent with the County Comprehensive Plan as Outagamie County Comprehensive Plan designates this area as "Rural Character." This designation allows for a range of *potential* uses which includes platted residential subdivisions. In addition, a portion of each of the three parcels is designated as "Town Center / Highway Mixed Use" in the County Comprehensive Plan. This designation allows for a diversity of residential uses as *typical* uses.

Staff Recommendation:
Based on our review and the above analysis of this proposed Rezoning – County, Staff recommends to: approve the proposed rezoning of parcels 200004800, 200004903, and 200005200 to the Residential Single-Family District (RSF).

ORDINANCE NO.: Z-4—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY ZONING ORDINANCE. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the following ordinance is presented by the Agriculture, Extension Education, Zoning, and Land Conservation Committee to the County Board.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of Jim Sehloff, applicant, on behalf of Dale & Amy Coenen, owners, to rezone parcel 080071906, 16.42 acres, from the General Agriculture District (AGD) to the Residential Single-Family District (RSF). The location of the site is North of Grandview Road, Town of Ellington, Outagamie County, WI, as depicted on the attached review and map, which by reference is made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Ellington upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and the execution and recording of the above stated deed covenants, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Ellington Clerk, the Outagamie County Zoning Administrator and the Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 8th day of August, 2023.

MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **July 11, 2023**
RE: **PL202300290 - Rezoning - County Review & Recommendation**

Application Details:

Applicant and Owner:	Jim Sehloff, Applicant on Behalf of Amy and Dale Coenen (owners)
Request:	Rezoning - County
Parcel:	080071906 (16.42 acres)
Location:	North of Grandview Road TOWN OF ELLINGTON
Public Hearing:	July 25, 2023 at 10:30 AM

Background & Analysis:

A County Rezoning request was received from Jim Sehloff, Applicant on behalf of Amy and Dale Coenen, property owners, as depicted on the Rezoning Map (Exhibit 1). The proposal would rezone parcel 080071906 (16.42 acres) from the General Agriculture District (AGD) to the Residential Single-Family District (RSF). The rezoning proposal coincides with a two-lot county plat to accommodate two single-family residential uses.

Table 1 presents the existing land use and zoning district patterns and characteristics surrounding the site. The proposed residential uses are compatible with the adjacent residential development as well as the residential plats in proximity to the subject site to the east and west.

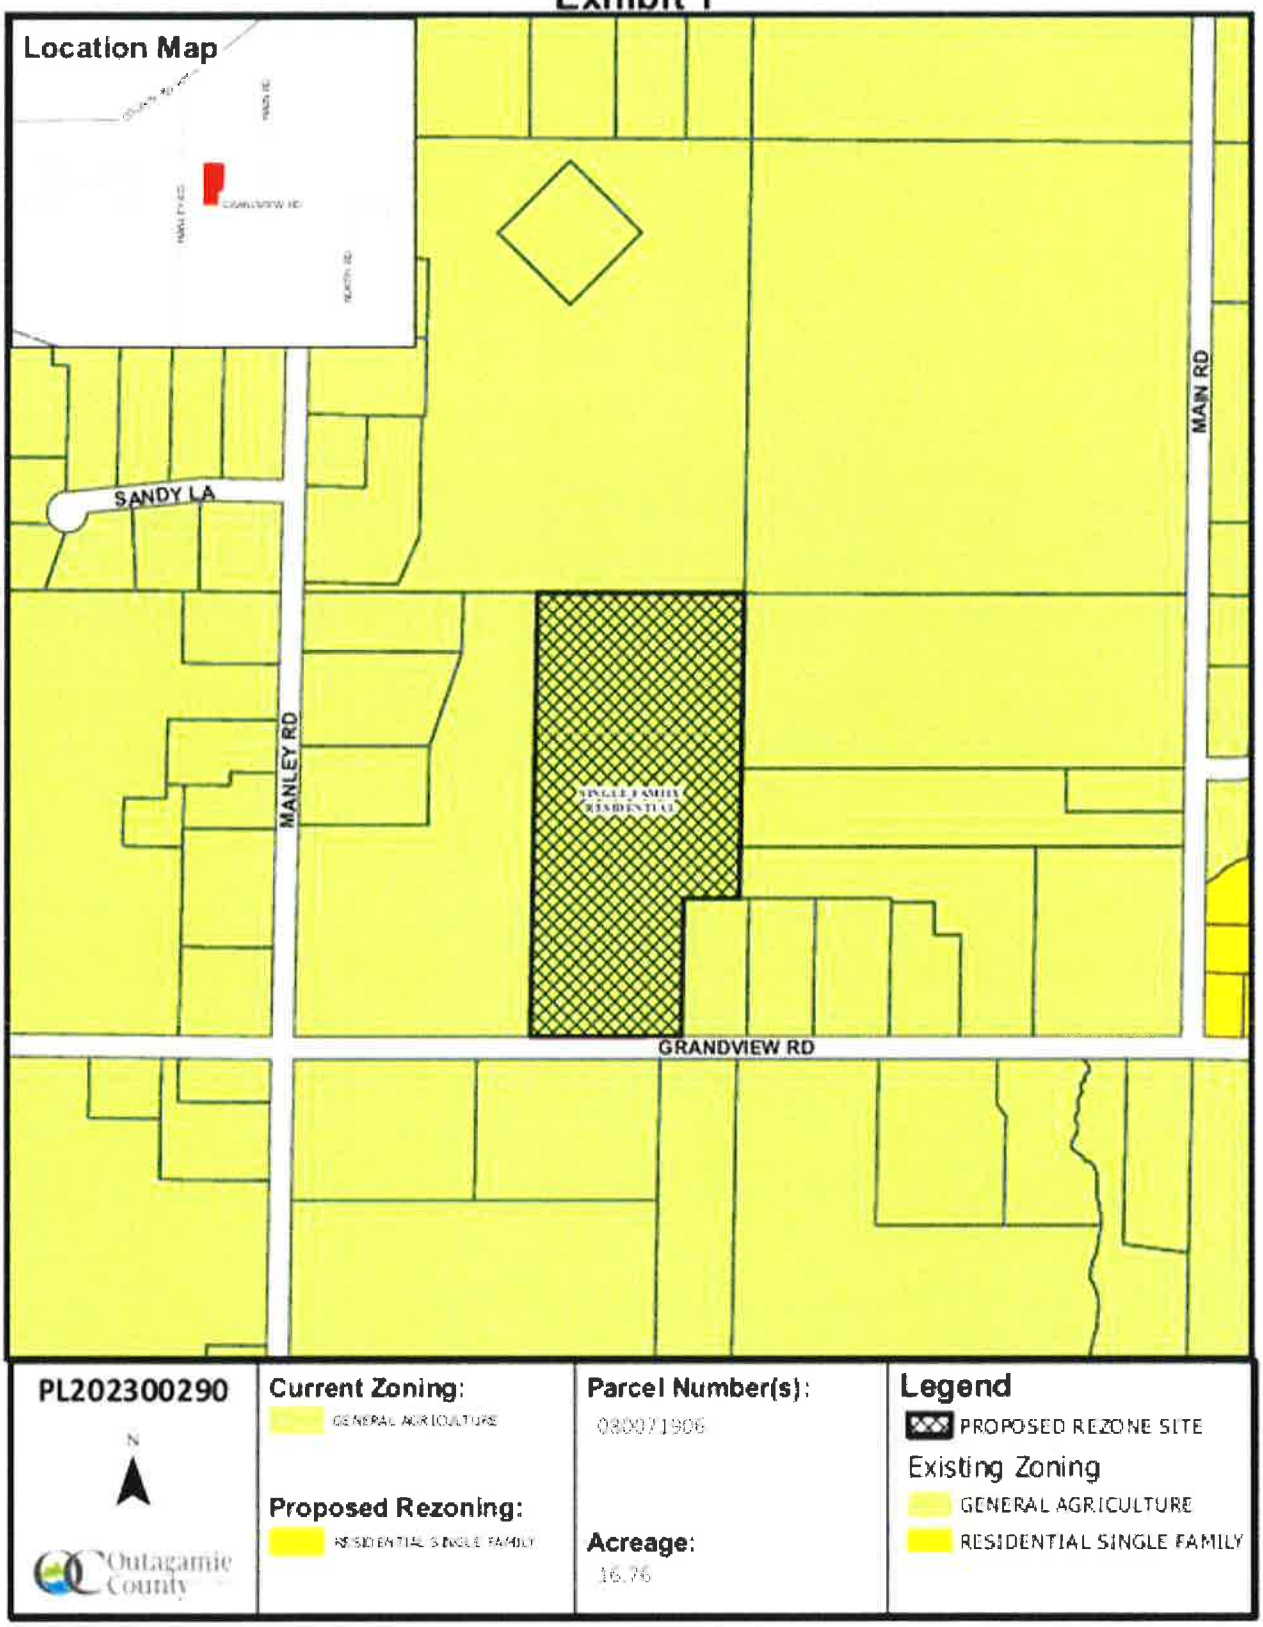

Table 1. Surrounding Land Use and Zoning District Patterns, Relative to Subject Site

Area Adjacent to Subject Site	Existing Zoning District	Existing Land Use
North	General Agriculture (AGD)	Residential
South	General Agriculture (AGD)	Residential
East	General Agriculture (AGD)	Residential and Agriculture
West	General Agriculture (AGD)	Agriculture

A very minor portion of the NW corner of the parcel contains mapped DNR wetlands. A portion of the NW corner of the parcel is located within 300 ft of a navigable stream. These environmental conditions do not pose a significant concern.
The parcel is highlighted in Wisconsin Historical Society's Archaeological Site Inventory Map with the following comment: "The current status of the site is unknown and additional investigation may need to be completed. Please consult with WHS Staff."
The Ellington Town Board reviewed this rezoning request on May 31, 2023 and recommended it for approval.
The Town of Ellington's general zoning is administered by the County and the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3) Wis. Stats. County staff has identified the proposed rezone to be consistent with the County Comprehensive Plan as Outagamie County Comprehensive Plan designates this area as "Rural Character." This designation allows for a range of potential uses including platted residential subdivisions.

Staff Recommendation:
Based on our review and the above analysis of this proposed Rezoning – County, Staff recommends to: approve the proposed rezoning of parcel 080071906 (16.42 acres) from the General Agriculture District (AGD) to the Residential Single-Family District (RSF).

ORDINANCE NO.: B—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Legislative/Audit and Human Resources Committee is requesting to amend the Outagamie County Board Rules. The amendments include updating language in Section 2-49, Rule 6, as pertains to the appearance of non-board members.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve the following amendments to Chapter 2 of the Outagamie County Code of Ordinances (additions are underlined and in italics; deletions are struck through):

Section 2-49. Rule 6 – Appearance of non-Board members.

While the County Board is in session, nonmembers may only address the assembly or be on the Board floor under the following conditions:

(1) *Public participation.*

a. Public participation is limited to *Outagamie County residents, owners of businesses in Outagamie County, or Outagamie County property taxpayers. Participation is limited solely to* only matters listed on the agenda and for a total of 15 minutes, which may be extended to 30 minutes at the discretion of the Chair. Individual speakers are limited to three minutes per speaker. In the event the Board Chair determines that a virtual county board meeting is necessary, members of the public wishing to speak must register with the Legislative Services Office by 5:00 p.m. on the day of the county board meeting. If no member of the public registers in advance, public participation may be suspended by the Board Chair.

b. *All members of the public in attendance at the Board meeting shall conduct themselves in a manner which is respectful to the business conducted by the Board. Any member of the public, whether during public participation or otherwise, who acts unreasonably loud, boisterous, lewd, violent, otherwise disorderly, or interferes with the Board conducting business, shall be removed from the Board room and will be subject to any appropriate civil or criminal penalty.*

c. *All members of the public shall remain in the area designated by the Board and may not enter the Board floor unless allowed during public comment or by permission of the Chair.*

(2) *Administration*. Department heads and other County employees shall not address the County Board unless allowed to do so by unanimous consent or two third vote of those County Board members present granted by the County Board.

(3) *Special order of business.* A special order of business has been set to the agenda of the County Board stipulating the individual to be heard and the subject of the address.

(4) *Unanimous consent.* Unanimous consent is granted by the County Board in those cases where individuals have not been placed upon the agenda. If no Supervisor objects, the County Board Chair shall grant such privilege. Failing unanimous consent, a motion to suspend the rules, requiring a three-fourths vote of the members present, may be accepted by the Chair.

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Corporation Counsel and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 8th day of August 2023

RESOLUTION NO.: 36—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The State of Wisconsin Department of Transportation (Wi DOT) is requesting a temporary limited easement on the Newton Blackmour State Trail in the Village of Black Creek (the village), Outagamie County, Wisconsin. The project includes asphalt resurfacing, pedestrian curb ramp upgrades and storm sewer repair in the village, guardrail replacement in the rural area north of the village, and some culvert repairs. The easement is needed for the Wi DOT to construct and improve the curb ramp area on the west side of STH 47 and for the trail detour area on the east side of STH 47 which is needed during upgrade to the trail.

NOW THEREFORE, the following resolution is presented by the Property, Airport, Recreation and Economic Development Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize a Temporary Limited Easement made by the State of Wisconsin Department of Natural Resources (Grantor) to the Wisconsin Department of Transportation (Grantee) on the Newton Blackmour State Trail in Parcel 8 of Transportation Project Plat 6240-30-21 – 4.02, recorded as Document 2279508 recorded in Outagamie County, Wisconsin; said land is shown on the attached State of Wisconsin Correspondence/Memorandum, Statement to Construction Engineer, and Temporary Limited Easement which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and Wisconsin Department of Transportation, 944 Vanderperren Way, Green bay, WI 54304.

Dated this 8th day of August 2023.

Duly and officially adopted by the County Board on: August 8, 2023

Signed: _____ _____
Board Chairperson County Clerk

Approved: 8/10/23 Vetoed: _____

CORRESPONDENCE/MEMORANDUM — State of Wisconsin

DATE: June 20, 2023 FILE REF: DOT 6240-30-21 Parcel 8

TO: Loren Dieck, Director of Parks, Outagamie County

FROM: Renee Kerska – Real Estate Specialist – SOD
Mike Duke – Recreational Liaison – Green Bay

SUBJECT: COVER MEMO – HIGHWAY RESURFACE PROJECT

1. Type of Transaction: Temporary Limited Easement
2. Name of Grantees: State of Wisconsin Dept of Transportation
3. Property Name and County: Newton Blackmour State Trail, Outagamie County
4. Acreage: .04 acres
5. Background and Justification:

The department has been contacted by Wisconsin Department of Transportation (Wi DOT) regarding their proposed resurface project beginning at Burdick Street in the Village of Black Creek and ends just south of Shady Road near the Shawano County line. In addition to the asphalt resurfacing, the project scope includes pedestrian curb ramp upgrades and storm sewer repair in the village, guardrail replacement in the rural area north of the village, and some culvert repairs.

The proposed project impacting department lands is located on the Newton Blackmour State Trail in the SE 1/4 of the SE 1/4 of Section 8 and the SW 1/4 of the SW 1/4 of Section 9, Township 23 North, Range 17 East, Village of Black Creek, Outagamie County Wisconsin. The Temporary Limited Easement (TLE) is needed for Wi DOT to construct and improve the curb ramp area on the west side of STH 47 and for the trail detour area on the east side of STH 47 which is needed during upgrade to the trail.

The proposed project includes reconstructing the east curb ramp at the Newton-Blackmour State Trail crossing of STH 47. The existing curb ramp is not fully ADA-compliant, posing an accessibility barrier to impaired trail users. To address this issue the curb ramp, detectable warning field, short-paved trail approach and approaching sidewalk would be replaced to be fully compliant with ADA standards. This would provide a permanent benefit to all trail users by increasing accessibility to this recreational facility. To maintain trail connectivity during curb ramp reconstruction, a temporary detour would be provided around the work area. The detour would follow a grassed area immediately south of the existing trail crossing. The roadway plans would include the trail detour construction details and signing. The highway contractor would be responsible for constructing/maintaining/removing the detour as well as the associated detour signing. The temporary trail detour surface would be a minimum of 8' wide and consist of compacted gravel with temporary barricades along both sides for trail delineation. A temporary curb ramp would be provided for crossing STH 47 outside of the work area. Proposed improvements near the trail detour crossing include storm sewer and sidewalk replacement. This work would be staged and scheduled to avoid conflicts with the in-use trail detour. The duration of permanent trail curb ramp reconstruction is expected to be approximately 1 week in the summer of 2024, and contract documents would require completion within 5 continuous days of the week to avoid weekend trail use. After the trail detour is no longer needed, the gravel surface would be removed and grassed area restored to pre-construction conditions.

The department's Environmental Analysis & Review Specialist have reviewed NHI and BRRTS with no concerns for NHI. BRRTS has identified a number of sites within the Village limits. Often the department's

Additional terms and conditions:

1. **Conditions of Construction and Maintenance.** Relating to installation, construction, operation, maintenance, removal and replacement work within the Easement Area, work shall be completed as follows:
   a. Other than as otherwise permitted herein, the Trail should remain open for public use at all times. Trail closures will not be allowed during snowmobile season and may not be allowed at certain times during bicycling season depending on planned events, activities, or volume of use. All closures must be coordinated with the Grantor's Trail Manager. Any Trail closure of more than 1 day may be done only with prior written permission of the Grantor's Trail Manager.
   b. If the Trail must be blocked at any time due to safety, a flag person must be present or appropriate signage must be installed such that Trail users are informed of the blockage and an acceptable detour (if needed) must be provided by the Grantee so users can pass through safely. Grantee shall not use the Trail for backing of any equipment unless a flag person is present and directing Trail traffic.
   c. Warning signs, lights, or such other safety markers as necessary shall be placed informing Trail users of any construction work or as otherwise directed by the Grantor's Trail Manager.
   d. If needed, as determined by the Grantor's Trail Manager, Grantee shall place passable barricades at entry points for trail users that require trail users to substantially reduce their speed and proceed single file. Barricade points must include signs stating that construction activities are taking place along the Trail, listing a reduced speed limit, and indicating 2-way, single-file traffic.
   e. All excavated open holes must be adequately marked at all times by the Grantee and warning signs must be placed and maintained by Grantee a safe distance ahead in both directions.
   f. All excavated holes shall be filled in and made level with the original grade by the Grantee prior to project activity completion.
   g. Insofar as is practicable and when the Grantor requests other than during the initial construction or due to an emergency situation, the Grantee shall schedule any construction work in an area used for recreational purposes at times when the ground is frozen in order to prevent or reduce soil compaction. All work will be conducted to minimize soil disturbance. All rutting will be repaired, and the Premises restored as promptly as possible by Grantee following its work. If soils are not frozen or stable to a point that avoids rutting, timber mats, mud tracks, or equivalent must be utilized to access installation, construction, maintenance, removal or replacement locations.
   h. Any and all ground settling or Trail surface damage caused by the exercise of the Grantee's rights within a 2-year period from the date of installation or of any maintenance is the sole responsibility of the Grantee and must be restored or repaired to pre-construction or better conditions using the same type and quality materials as approved by the Grantor's Trail Manager. Upon failure to perform by the Grantee within 20 days of notification by the Grantor's Trail Manager of needed repairs or restoration, repairs or restoration may be contracted by the Grantor's Trail Manager and the Grantee shall be liable for all costs associated with such repairs and restoration.
   i. Grantee shall not park or store any vehicles or equipment on the Trail at any time unless authorized in writing by Grantor or Grantor's Trail Manager.

2. AREMA Compliance. The Premises may be encumbered by federal or state railroad interest and subject to future restoration and reconstruction of the right-of-way for rail purposes consistent with Section 208 of the National Trails System Act Amendment of 1983, Publ. L. No. 98-11 (16 U.S.C. 1247(d)) or Wis. Stat. s. 85.09, including possible termination of this Easement, and subject to reservations, exceptions and leases,

agreements and permits authorized by the former railroad company or the Grantor prior to the execution of this Easement. Grantor shall provide written notice of the necessity for the reestablishment of railroad, which may result in the termination of this Easement upon the discretion of the railroad. Grantee shall: (1) not materially change the grade or topography of the Trail or the Easement Area; (2) not construct and install or remove any permanent improvement which violates American Railway Engineering and Maintenance-of-Way Association ("AREMA"), or its successors' published practices and procedures or would make such reestablishment of railroad impracticable; and (3) not allow the installation of any facility, above or below grade that does not conform to AREMA's standards or clearances for railroad.

LEGAL DESCRIPTION IS ATTACHED AND MADE A PART OF THIS DOCUMENT BY REFERENCE.

The undersigned certify that this instrument is being executed pursuant to a resolution of the board of directors (or shareholders, if authorized by law) of GRANTOR corporation.

RESOLUTION NO.: 37—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

A Notice of Injury and Claim for Damages was filed on July 10, 2023 by Gary Steward in the Outagamie County Clerk's Office. Upon review of this matter by Wisconsin Municipal Mutual Insurance Company and the Finance Committee, a recommendation was made that the claim be disallowed.

NOW THEREFORE, the following resolution is presented by the Finance Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does disallow the claim submitted by Gary Steward that has been placed on file in the office of the Outagamie County Clerk and that no action of this claim may be brought against Outagamie County or any of its officers, officials, agents, or employees after six months from the date of service of this notice, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to Gary Steward, Outagamie County Jail, by certified mail, return receipt requested as a notice of disallowance, Wisconsin Municipal Mutual Insurance Company, 4781 Hayes Road, Suite 201, Madison, WI 53704, the Outagamie County Corporation Counsel, and the Outagamie County Risk Administrator.

Dated this 8th day of August 2023

Duly and officially adopted by the County Board on: August 8, 2023

Signed: _____ _____

Board Chairperson County Clerk

Approved: 8/10/23 Vetoed: _____

RE: Claimant: Gary Steward
Claim number: GLOC00002803
Our Insured: Outagamie County
Date of Loss: 4/7/2023

Dear Chuck Schroeder,

The above referenced claim was filed on //10/2023. Following a review of the information and an investigation of the facts, it has been determined that Outagamie County has no liability for this claim. Please issue a formal disallowance and provide a copy of this disallowance to WMMIC.

This claim will be closed on the date of receipt of the disallowance.

A copy of this letter has been placed in the claim file for reference. If you should have any further questions, please contact me.

Sincerely,

Cheyenne MacKenzie
Senior Claims Representative

RESOLUTION NO.: 38—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The 2022 adopted budget did not report how Brewster Village budgeted surplus dollars would be allocated. The budget surplus for 2022 was approximately $1,500,000. Brewster Village is requesting the funds be moved to the Equipment Repair/Replacement fund, which is utilized to replace equipment and maintain the building.

NOW THEREFORE, the following resolution is presented by the Health and Human Services Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Brewster Village Equipment Replace/Repair fund line item by $1,500,000 and decreasing the Brewster Village Cash line item by $1,500,000, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director and the Outagamie County Finance Director.

Dated this 8th day of August 2023

Duly and officially adopted by the County Board on: August 8, 2023

Signed: _____ _____
Board Chairperson County Clerk

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request to move 2022 budget surplus to Equipment Repair/Replacement fund

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The 2022 adopted budget did not state how budgeted surplus dollars would be allocated. The budget surplus for 2022 was approximately $1,500,000.00. Brewster Village is requesting the funds be moved to the Equip Repair/Replacement fund, which is utilized to replace equipment and maintain the building.

Current Year Budget Impact (Check one or more of the following boxes)

☐ Revenues ☐ Expenses (Cost) ☐ None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no ( ) partially ( )
4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a ( )
5. Is the proposal to accept additional revenues only? yes ( ) no ( )
6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes ( ) no ( )
7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
	Cash	1000000.1110	($1,500,000.00)
Brewster Village	Equip Replace/Repair fund	5010000.1710	$1,500,000.00

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes ( ) no ( ) n/a ( )
9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost _____ Annual Revenue _____

RESOLUTION NO.: 40—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Outagamie County Board of Supervisors adopted Resolution 20—2023-24 which accepted the 2023 Outagamie County Facilities and Land Use Plan for the Outagamie County Department of Recycling and Solid Waste and Highway Department.

This resolution requests that implementation of the 2023 Outagamie County Facilities and Land Use Plan for the Outagamie County Department of Recycling and Solid Waste and Highway Department be declared a public works project, and further authorizes the formation of the Department of Recycling and Solid Waste and Highway Department Facility and Land Use Plan Oversight Committee.

NOW THEREFORE, the following resolution is presented by the Highway, Recycling and Solid Waste Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does establish the Department of Recycling and Solid Waste and Highway Department Facility and Land Use Plan Oversight Committee as a public works project whose total cost will exceed $1,500,000 in accordance with Section 50-87 of the Outagamie County Code of Ordinances, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize formation of the Department of Recycling and Solid Waste and Highway Department Facility and Land Use Plan Oversight Committee who shall oversee all phases of the project to ensure that the project is proceeding in the best interest of the county, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Recycling and Solid Waste Director, the Outagamie County Highway Commissioner, the Outagamie County Development and Land Services Director, the Outagamie County Executive, and the Outagamie County Finance Director.

Dated this 8th day of August 2023

RESOLUTION NO.: 41—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Appleton International Airport (ATW) will be undergoing a Terminal Expansion Project (the Project). The Project will include a 4-gate concourse expansion to accommodate significant growth witnessed at ATW and update building systems that are 20 plus years old. The Project will include approximately 50,000 square feet of concourse expansion for passengers, including mother's rooms, Service Animal Relief Area (SARA), and sensory rooms. Additionally, the project will allow larger aircraft fleet by elevating the new construction for easier access to aircraft sills and creating greater taxiway separation to the north.

The project will provide needed gates for current and future growth of ATW air carriers, additional hold rooms and space for passengers, and ancillary service for mother's room, SARA, sensory rooms plus the replacement of significantly aging infrastructure.

This resolution requests that the Appleton International Airport Terminal Expansion Project be declared a public works project, and further authorizes the formation of the Appleton International Airport Terminal Expansion Project Oversight Committee.

NOW THEREFORE, the following resolution is presented by the Property, Airport, Recreation and Economic Development Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does establish the Appleton International Airport Terminal Expansion Project as a public works project whose total cost will exceed $1,500,000 in accordance with Section 50-87 of the Outagamie County Code of Ordinances, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize formation of the Appleton International Airport Terminal Expansion Project Oversight Committee who shall oversee all phases of the project to ensure that the project is proceeding in the best interest of the county, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Appleton International Airport Director, the Outagamie County Executive, the Outagamie County Purchasing Coordinator, and the Outagamie County Finance Director.

Dated this 8th day of August 2023.

RESOLUTION NO.: 42—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Each Outagamie County Judge has an assigned Judicial Assistant (JA) to provide administrative support to the courts. The Branch II JA announced her retirement effective July 14 and has approximately $29,000 due in payout of vacation and sick leave compensation. It is necessary to hire a new JA immediately to allow the new JA to cross train with other assistants, and to maintain court operations in Branch II. The request is for $25,000 from the Small Department Sick and Vacation Payout fund to offset the cost of the salary and fringe benefits required for the payout and to hire a new JA.

The current balance of the Small Department Sick and Vacation Payout fund is $504,906.

NOW THEREFORE, the following resolution is presented by the Public Safety Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the request to transfer $25,000 from the Small Department Vacation/Sick Leave Payout Fund to the Circuit Courts Salaries line item for $23,000 and Fringe Benefits line item for $2,000, and increase the Fund Balance Applied line item by $25,000, and decrease the Committed Fund Balance for Small Dept Vac/Sick Payouts line item by $25,000, and increase the Fund Balance Assigned line item by $25,000 as noted on the attached fiscal note and Small Departments Vacation and Sick Leave Payout Budget Request Form, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Chief Judge and the Outagamie County Finance Director.

Dated this 8th day of August 2023

Duly and officially adopted by the County Board on: August 8, 2023

Signed: _____ _____
Board Chairperson County Clerk

Approved: 8/10/23 Vetoed: _____

Signed: _____
County Executive

SMALL DEPARTMENTS VACATION AND SICK LEAVE PAYOUT BUDGET REQUEST FORM

Department	**Circuit Courts**
Department Head	**Carrie Schneider**
Date	**7/5/23**
Position Vacated	**Judicial Assistant - Sheri del Plaine**
Vacation and Sick Payout Estimate	**$29,161.90**
Budgeted Transfer Request Amount	**$25,000**

Since there is only one JA assigned to each Judge and the fact that Judge Lonergan (Branch II) will be on maternity leave during this same time; cross training is critical for maintaining court operations. In order to provide cross training and cover the payout and salary of the new JA, assistance from the small department fund is being requested.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for transfer from small department sick and vacation payout fund for Circuit Courts

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Judicial Assistants (JA) serve the courts by providing administrative support to their assigned Judge. Each Judge, has their own Judicial Assistant. The JA assigned to Branch 2 has announced her retirement effective July 14th and has approximately $29,000 due in payout of vacation and sick leave compensation. It is necessary to hire a new JA immediately to allow that JA to cross train with other assistants, and to maintain court operations in Branch 2. $25,000.00 is requested from the small department sick leave/vacation payout to offset the cost of the salary and fringe benefits required to both make the payout, and hire the new JA.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (X) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (X) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

ORDINANCE NO.: C—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

On October 27, 2020, the Outagamie County Board adopted Ordinance C—2020-2021 which created Section 50-353 (based on Wis. Stat. §23.33) allowing all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs) to operate on roadways designated by Outagamie County and referred to as "routes." Wis. Stat. §23.33(8)(b)1 gives a town, village, or city the ability to enact an ordinance to designate a highway not under its jurisdiction, but within its territorial limits, as an ATV/UTV route.

The Town of Maine has submitted an application to the Outagamie County Highway Commissioner to designate the following county highways as an ATV/UTV route:

- CTH F between West Town line to Grandy Road (see attached map)
- CTH I between CTH F to the north County line (see attached map)
- CTH M between South Town line to CTH F (see attached map)

The Town of Maine has completed said requirements of Outagamie County Code of Ordinance Sec. 50-353(4)(a)(ii) and submitted the following documents with the application:

- A map showing the proposed ATV/UTV route on the county highway system.
- A map showing any existing or future ATV/UTV routes leading to the proposed route.
- A statement explaining why the proposed route should be designated as an ATV/UTV route.
- Documentation that items required in Ordinance 50-353 Sec. 4(a)(i)1-3 were completed by the Municipality.
- A statement that the applicant will be financially responsible for payments for the installation and maintenance of required ATV/UTV route signs.
- Regulations set forth in Ordinance Sec. 50-353(5) were adopted by the Town of Maine on June 7, 2023.

The Outagamie County Highway Commissioner has completed a review as detailed in Ordinance Sec. 50-353(4)(b) and is recommending approval. The Outagamie County Highway, Recycling and Solid Waste Committee is recommending approval.

NOW THEREFORE, the following ordinance is presented by the Highway, Recycling and Solid Waste Committee to the County Board.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve designating CTH F between West Town line and Grandy Road, and CTH I between CTH F to the north County line, and CTH M between South Town line to CTH F, said sections in the Town of Maine, as an ATV/UTV route as detailed on the attached Memorandums and map, which are made a part hereof, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Highway Commissioner, the Outagamie County Development and Land Services Director, the Outagamie County Sheriff, and the Town of Maine.

Dated this 8th day of August 2023

Duly and officially adopted by the County Board on: August 8, 2023

MEMORANDUM

TO: Outagamie County Highway, Recycling & Solid Waste Committee
FROM: Dean Steingraber, Outagamie County Highway Commissioner
DATE: 8/8/2023
RE: Town of Maine – ATV/UTV Route – Review & Recommendation

Application Details:

Applicant:	Town of Maine
Request:	ATV/UTV Route Designation
Highway:	CTH F
Limits:	West Town line to Grandy Rd
Public Hearing Date:	06/07/2023 Held by Town of Maine
Written Notice Sent to Property Owners on:	05/20/2023 by Town of Maine
Official Action to Apply for Route Taken on:	06/07/2023 by Town of Maine
Regulations Adoption Date:	06/07/2023 by Town of Maine

Background:
The Town of Maine has completed said requirements of Ordinance Sec. 50-353(4)(a)(ii) and the following documents are attached:

1. A map showing the proposed ATV/UTV route on the county highway system.
2. A map showing any existing or future ATV/UTV routes leading to the proposed route.
3. A statement explaining why the proposed route should be designated as an ATV/UTV route.
4. Documentation that items required in Ordinance 50-353(4)(a)(i)1-3 were completed by Town of Maine.
5. A statement that the Town of Maine will be financially responsible for payments for the installation and maintenance of required ATV/UTV route signs.
6. A copy of the Town of Maine board/committee action to adopt the regulations found in Ordinance 50-353(5).

Analysis:
Based on said ordinance, the following data has been collected:

Traffic Volume: 740 AADT
Speed Limit(s): 55 MPH
Vision Clearance: Site distance meets requirements.
Pavement and Shoulder Conditions: No issues.
Other Safety/Operational Factors: None.

Recommendation:
Based on the above safety and operational considerations of the route, I am respectfully recommending that this application be approved.

LADIES AND GENTLEMEN: ***3/4 MAJORITY – 27 VOTES***

"INITIAL RESOLUTION AUTHORIZING GENERAL OBLIGATION BONDS IN AN AMOUNT NOT TO EXCEED $25,000,000 FOR AIRPORT PROJECTS"

The Outagamie County Board of Supervisors hereby finds and determines that it is necessary, desirable and in the best interest of Outagamie County to raise funds for the public purpose of paying the costs of the design and construction of terminal concourse modifications including adding an additional concourse to the end of Appleton International Airport (collectively, the "Project"), and there are insufficient funds on hand to pay said costs.

The Outagamie County Board of Supervisors hereby finds and determines that the Project is within the County's power to undertake and therefore serves a "public purpose" as that term is defined in Section 67.04(1)(b) of the Wisconsin Statutes.

Counties are authorized by the provisions of Chapter 67 of the Wisconsin Statutes to borrow money and to issue general obligation bonds for such public purposes.

The Outagamie County Board of Supervisors hereby finds and determines that general obligation bonds in the aggregate amount of not to exceed $25,000,000 (the "Bonds") should be issued to pay costs of the Project, and it is now necessary and desirable to authorize their issuance.

It is the expectation that a $10,000,000 portion of the Bonds will be paid from the tax levy or other sources of funds of Outagamie County and a $15,000,000 portion of the Bonds will be paid from revenues derived from the operation of Appleton International Airport which will be used to abate Outagamie County's tax levy.

NOW THEREFORE, the following resolution is presented by the Finance Committee to the County Board.

BE IT RESOLVED, that that the Outagamie County Board of Supervisors does approve this initial resolution as prepared by the Outagamie County Bond Counsel authorizing general obligation bonds in an amount not to exceed $25,000,000 to finance the Project, and

BE IT FURTHER RESOLVED, by the Outagamie County Board of Supervisors, that there shall be issued, pursuant to Chapter 67, Wisconsin Statutes, General Obligation Airport Bonds in an amount not to exceed $25,000,000 for the public purpose of paying the cost of the Project; and

BE IT STILL FURTHER RESOLVED, due to the current adopted budget including Debt Proceeds of only $20,000,000 for this project and the total now requested is $25,000,000, that the Outagamie County Board of Supervisors does approve of increasing the Concourse Addition Capital Outlay line item and Concourse Addition Debt Proceeds (Bonds) line item by $5,000,000 each, as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Appleton International Airport Director.

Dated this 22nd day of August 2023

Duly and officially adopted by the County Board on: August 22, 2023

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for approval for Initial Bonding Resolution for Airport Concourse Expansion Project and Request to adjust budget for additional bonding amount.

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

This request is for an Initial Bonding Resolution authorizing General Obligation (GO) Bonds in an amount not to exceed $25,000,000 for the purposes of funding the costs to expand the current concourse at the Airport. $10,000,000 of this bond issue amount will be repaid using general government funding (tax levy, sales tax or other general government funding) and the remaining $15,000,000 will be repaid with Airport revenues (passenger facility charges or other airport revenues). The 2023 Adopted budget included a total of $20,000,000 in bonding for this project as an estimate. Due to the costs of the project increasing, the 2023 bonding now requested is a total of $25,000,000. Therefore, we are also requesting to increase the budget for the project costs as well as the bond proceeds by $5,000,000.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no ( ) partially (X) n/a ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (X) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? yes (X) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Concourse Addition	Capital Outlay	5000478.6226	5,000,000
Concourse Addition	Debt Proceeds (Bonds)	5000478.8445	5,000,000

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes ( ) no (x) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact?

Annual Cost: Principal in Interest amounts to be included in future years budgets

Annual Revenue: To match principal and interest amounts

ORDINANCE NO.: D—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wis. Stats. §23.33 allows all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs) to operate on highways. This same statute allows Counties to enact ordinances allowing the use of ATVs and UTVs on roadways designated by the County referred to as "routes."

Wis. Stats. §23.33(8)(b)1 allows a town, village, city of county the ability to enact an ordinance to designate a highway not under its jurisdiction, but within its territorial limits, as an ATV route. In any circumstance in which the proposed route is one which is on or across a state highway, the local government entity must seek Department of Transportation (DOT) approval.

On October 27, 2020, the Outagamie County Board adopted Ordinance C—2020-2021 which created Section 50-353 (based on Wis. Stat. §23.33) allowing ATVs and UTVs to operate on roadways designated by Outagamie County and referred to as "routes."

There has been interest from constituents to modify the ordinance as pertains to speed limits and operating hours in order to maintain consistency throughout the county. The Outagamie County Highway, Recycling and Solid Waste Committee recommends updating language in Section 50-353 of the Outagamie County Code of Ordinances.

NOW THEREFORE, the following ordinance is presented by the Highway, Recycling and Solid Waste Committee to the County Board.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does approve the following amendments to Chapter 50 of the Outagamie County Code of Ordinances (additions are underlined and in italics; deletions are struck through and in red):

Sec. 30-353. All-terrain vehicles and utility terrain vehicles.

(5) *Regulation of ATVs and UTVs.* Except as otherwise provided herein, the statutory provisions of Wis. Stats. § 23.33 and Wis. Admin. Code NR § 64, which create, describe, and define regulations with respect to ATVs and UTVs, are adopted and, by reference, made a part of this Code as if fully set forth herein.

(a) Operator and rider requirements. Any person who operates or rides as a passenger on an ATV or UTV on a roadway that is an ATV/UTV route in Outagamie County designated pursuant to Wis. Stats. § 23.33(8)(b)1, or an ATV/UTV route in Outagamie County designated pursuant to Wis. Stats. § 23.33(8)(c), must meet the following requirements:

(i) Any operator or passenger shall comply with all federal, state, and local laws, orders, regulations, restrictions, and rules, including those outlined in Wis. Stats. § 23.33 and Wis. Admin. Code NR § 64. All ATV/UTV rules of operation outlined in Wis. Stats. § 23.33 and Wis. Admin. Code NR § 64 are adopted and incorporated by reference in this section.

(ii) No person may operate an ATV or UTV without having attained the age of 16.

(iii) No person may operate an ATV or UTV without a valid driver's license.

(iv) All operators shall have a liability insurance policy in force on any ATV or UTV operated on an ATV/UTV route or route. The liability insurance policy must have the following minimum coverages:

a. $10,000.00 for property damage

b. $25,000.00 for the injury or death of one person

c. $50,000.00 for the injury or death of more than one person

(b) Rules of operation. The operation of an ATV or UTV on a roadway that is an ATV/UTV route in Outagamie County designated pursuant to Wis. Stats. § 23.33(8)(b)1, or an ATV/UTV route in Outagamie County designated pursuant to Wis. Stats. § 23.33(8)(c), is subject to the following rules of operation:

(i) Any operator or passenger shall comply with all federal, state, and local laws, orders, regulations, restrictions, and rules, including those outlined in Wis. Stats. § 23.33 and Wis. Admin. Code NR § 64. All ATV/UTV rules of operation outlined in Wis. Stats. § 23.33(3) and NR§64 are adopted and incorporated in this section.

(ii) Operators may only operate on a designated ATV/UTV route signed in accordance with Wis. Stats. § 23.33(8)(e).

(iii) Speed limits.

a. Operators on ATV/UTV routes shall observe ~~a speed limit not to exceed 35 miles per hour or~~ the posted speed limit on the roadway~~, whichever is less~~.

(iv) Operators shall ride in single file in the roadway. Roadway is defined in the same manner as defined in Wis. Stats. § 340.01(54).

(v) ~~Operators may not operate an ATV or UTV on an ATV/UTV route at any time before or after operating hours. Operating hours are designated as sunrise and sunset.~~

(vi) All ATVs and UTVs must operate with fully functional headlamps, tail lamps, and brake lights.

(vii) Every ATV or UTV shall be equipped, maintained, and operated to prevent excessive or unusual noise. No person shall operate an ATV or UTV on an ATV/UTV route unless the vehicle is equipped with a muffler or other effective noise-suppressing system in good working order and in constant operation.

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Highway Commissioner, the Outagamie County Development and Land Services Director, the Outagamie County Sheriff, the Outagamie County Corporation Counsel, and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 22nd day of August 2023

Sec. 50-353. All-terrain vehicles and utility terrain vehicles.

(1) *Intent.* To create uniform procedures and requirements for the use and operation of all-terrain vehicles and utility terrain vehicles on Outagamie County highways.

(2) *Definitions.* In this section, words and phrases used herein shall have the meaning as defined by Wis. Stats. § 23.33(1), unless otherwise defined herein. All-terrain vehicles (hereinafter referred to as ATVs) shall have the definition given in Wis. Stats. § 340.01(2g). Utility terrain vehicles (hereinafter referred to as UTVs) shall have the definition given in Wis. Stats. § 23.33(1)(ng). Any reference to a Wisconsin Statute Section or Administrative Code Regulation is a reference to that specific chapter, section, code, or its successor chapter, section, or code. Any future amendments, revisions, or modifications of the statutes or administrative code incorporated herein are intended to be made part of this Code in order to secure uniform statewide regulation of all-terrain vehicles.

(3) *Statutory authority.* Outagamie County is authorized to designate county highways as ATV/UTV routes pursuant to Wis. Stats. §§ 23.33(8)(b) and 59.02, and is authorized to enact ordinances regulating ATVs and UTVs on designated routes pursuant to Wis. Stats. § 23.33(11)(a).

(4) *Designating ATV/UTV Routes.*

(a) Application process for route designation. The commissioner shall develop policies and procedures for consideration of ATV/UTV routes in accordance with the requirements of Wis. Stats. § 23.33, Wis. Admin. Code NR § 64, and the provisions of this section.

(i) Municipalities. Any town, village, or city in Outagamie County may, by application to the highway commissioner, request that portions of county highways be designated as ATV/UTV routes. Applications shall be completed as prescribed by the commissioner and must be in compliance with the policies and procedures developed by the commissioner for the designation of ATV/UTV routes. The town, village, or city must further affirm that the municipality will pay for the costs to make, install, and maintain ATV/UTV route signs. Prior to application, municipality shall:

1. Hold a public hearing on the proposed ATV/UTV route, with publication by Class 2 Notice under Wis. Stats. ch. 985. Notice of public hearing shall include the time and location of the hearing, a map depicting the proposed route, and details on how public comment can be submitted in addition to verbal comment at the public hearing.
2. Provide written notice, by mail, to property owners abutting the proposed ATV/UTV route's County Highway right-of-way by including, at minimum, a copy of the public hearing notice described in [subsection] (4)(a)(i)1.
3. Take official action, during a public meeting of municipality's governing board or designated committee, to authorize said municipality to apply for ATV/UTV route designation.

(ii) Application requirements. An application for designation of an ATV/UTV route shall, at a minimum, include the following:

1. A map showing the proposed ATV/UTV route on the county highway system.
2. A map showing any existing or future ATV/UTV routes leading to the proposed route.
3. A statement explaining why the proposed route should be designated as an ATV/UTV route.
4. Documentation that items required in [subsection] 4(a)(i)1-3 were completed by municipality.

5. A statement that the applicant will be financially responsible for payments for the installation and maintenance of required ATV/UTV route signs.

6. Any municipality in which the segment of a county roadway being proposed as an ATV/UTV route exists must have adopted the regulations in subsection (5) set forth below for the application to be considered.

(b) Duties and powers of highway commissioner.

(i) The commissioner shall administer, at minimum, an annual ATV/UTV route designation application process. Such process shall include administrative review and evaluation of proposed routes based on safety and operational considerations, such as traffic volume, roadway speed limits, topography, vision clearance issues, pavement and shoulder conditions, and other factors related to operational safety and efficacy. Commissioner shall summarize said evaluation and provide a recommendation to the highway, recycling and solid waste committee for their consideration of route designation by ordinance.

(ii) The commissioner shall ensure that all routes designated pursuant to this section are properly posted. Payment for signage production, installation, and future maintenance for designated routes shall be at the cost of the requesting municipality.

(iii) The commissioner shall establish the official ATV/UTV route opening and closing dates for each year. Dates shall be posted on the Outagamie County website in a place visible to the public.

(iv) All routes established pursuant to this section shall be reviewed annually by the commissioner to consider the continued value, efficacy, safety, and need for the ATV/UTV routes. In the event the commissioner believes the route is no longer safe or is otherwise inappropriate, Commissioner shall seek a modification of the ordinance allowing designation of that route through the highway recycling and solid waste committee which may advance its recommendation to amend the ordinance to the County Board of Supervisors.

(c) Route adoption, modification and termination procedures.

(i) The highway, recycling and solid waste committee shall on an annual basis, at minimum, consider ATV/UTV route designation applications received by the highway commissioner, to include the highway commissioner's review and recommendation per [subsection] 4(b)(i).

(ii) Upon review of ATV/UTV routes under consideration, the highway, recycle, and solid waste committee shall authorize an ordinance be drafted for any ATV/UTV routes they find worthy of designation. Said ordinance can incorporate any terms, conditions and/or modifications of proposed routes as recommended by the highway commissioner and/or based on factors identified by the highway, recycling and solid waste committee during their review.

(iii) An ATV/UTV route that is created by section shall not officially become effective until said route is officially opened by the highway commissioner, indicated by the erection of signage.

(iv) The county board of supervisors may rescind or modify the designation of an ATV/UTV route by enactment of an ordinance rescinding or modifying the designation.

(5) *Regulation of ATVs and UTVs.* Except as otherwise provided herein, the statutory provisions of Wis. Stats. § 23.33 and Wis. Admin. Code NR § 64, which create, describe, and define regulations with respect to ATVs and UTVs, are adopted and, by reference, made a part of this Code as if fully set forth herein.

(a) Operator and rider requirements. Any person who operates or rides as a passenger on an ATV or UTV on a roadway that is an ATV/UTV route in Outagamie County designated pursuant to Wis. Stats. § 23.33(8)(b)1, or an ATV/UTV route in Outagamie County designated pursuant to Wis. Stats. § 23.33(8)(c), must meet the following requirements:

(i) Any operator or passenger shall comply with all federal, state, and local laws, orders, regulations, restrictions, and rules, including those outlined in Wis. Stats. § 23.33 and Wis. Admin. Code NR § 64. All ATV/UTV rules of operation outlined in Wis. Stats. § 23.33 and Wis. Admin. Code NR § 64 are adopted and incorporated by reference in this section.

(ii) No person may operate an ATV or UTV without having attained the age of 16.

(iii) No person may operate an ATV or UTV without a valid driver's license.

(iv) All operators shall have a liability insurance policy in force on any ATV or UTV operated on an ATV/UTV route or route. The liability insurance policy must have the following minimum coverages:

a. $10,000.00 for property damage

b. $25,000.00 for the injury or death of one person

c. $50,000.00 for the injury or death of more than one person

(b) Rules of operation. The operation of an ATV or UTV on a roadway that is an ATV/UTV route in Outagamie County designated pursuant to Wis. Stats. § 23.33(8)(b)1, or an ATV/UTV route in Outagamie County designated pursuant to Wis. Stats. § 23.33(8)(c), is subject to the following rules of operation:

(i) Any operator or passenger shall comply with all federal, state, and local laws, orders, regulations, restrictions, and rules, including those outlined in Wis. Stats. § 23.33 and Wis. Admin. Code NR § 64. All ATV/UTV rules of operation outlined in Wis. Stats. § 23.33(3) and NR§64 are adopted and incorporated in this section.

(ii) Operators may only operate on a designated ATV/UTV route signed in accordance with Wis. Stats. § 23.33(8)(e).

(iii) Speed limits.

a. Operators on ATV/UTV routes shall observe ~~a speed limit not to exceed 35 miles per hour or~~ the posted speed limit on the roadway~~, whichever is less~~.

(iv) Operators shall ride in single file in the roadway. Roadway is defined in the same manner as defined in Wis. Stats. § 340.01(54).

(v) ~~Operators may not operate an ATV or UTV on an ATV/UTV route at any time before or after operating hours. Operating hours are designated as sunrise and sunset.~~

(vi) All ATVs and UTVs must operate with fully functional headlamps, tail lamps, and brake lights.

(vii) Every ATV or UTV shall be equipped, maintained, and operated to prevent excessive or unusual noise. No person shall operate an ATV or UTV on an ATV/UTV route unless the vehicle is equipped with a muffler or other effective noise-suppressing system in good working order and in constant operation.

(c) Enforcement.

(i) Any act that is required or is prohibited by any statute or administrative code provision incorporated herein by reference is required or prohibited by this Code.

(ii) An officer of the state traffic patrol under Wis. Stats. § 110.07(1), inspector under Wis. Stats. § 110.07(3), conservation warden appointed by the department under Wis. Stats. § 23.10, county sheriff or municipal peace officer has authority and jurisdiction to enforce this section and ordinances enacted in accordance with this section.

(iii) No operator of an all-terrain vehicle or utility terrain vehicle may refuse to stop after being requested or signaled to do so by a law enforcement officer or a commission warden, as defined in Wis. Stats. § 939.22(5).

(d) Penalties.

(i) Any forfeiture for a violation of State Statute or Administrative Code adopted by reference in this section shall conform to the forfeiture permitted to be imposed for violation of said statutes or code provisions as set forth therein.

(ii) Any violation of a section of this section without a penalty specified by statute or administrative code shall be punishable as provided in Outagamie County Ordinance 1-10.

(6) *Severability*. The provisions of this section shall be deemed severable and it is expressly declared that Outagamie County would have passed the other provisions of this ordinance irrespective of whether or not one or more provisions may be declared invalid. If any provision of this ordinance or the application to any person or circumstances is held invalid, the remainder of the ordinance and the application of such provisions to other person's circumstances shall not be deemed affected.

(Ord. No. C-2020-21 , 10-27-2020)

I, Jeffrey L. King, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the August 22, 2023 County Board Minutes approved by a majority vote at a meeting of the County Board on August 22, 2023 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 22nd Day of August, 2023

/s/ Jeffrey L. King
County Clerk

Please call the Outagamie County Clerkš Office (832-5077) if you would like further elaboration of these minutes.

RUN: September 29, 2023

Office of the County Clerk, September 12, 2023.

The Board met pursuant to adjournment, and was called to order by Chairperson Nooyen at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 31 present, 5 absent. Members present: Thompson, Miller, Smith, Patience, Gabrielson, Konetzke, Hammen, Lawrence, Krueger, Lamers, Ferguson, McCabe, MacDonald, Schroeder, Croatt, Cooke, Santonato, Cuff, Hagen, Klemp, Thiede, Nooyen, Weinberg, Culbertson, Monfils, Winterfeldt, Nejedlo, Clegg, Thyssen, VanderHeiden, and Koury. Members Absent: Wegand, Hermes, Spears, Rettler, and Lautenschlager.

The Board Chairperson requested the Board's confirmation to excuse Supervisor Wegand, Supervisor Spears, Supervisor Rettler, and Supervisor Lautenschlager. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Nooyen.

MINUTES OF THE AUGUST 22, 2023 COUNTY BOARD MEETING
Supervisor Konetzke moved, seconded by Supervisor Patience, to approve the minutes of the August 22, 2023, County Board meeting.

Supervisor MacDonald requested a correction to the Establish Order of the Day in the minutes of the August 22, 2023 County Board Meeting.

ROLL CALL: 30 yes, 1 abstain (Thyssen), 5 absent. MINUTES OF THE AUGUST 22, 2023, BOARD MEETING ARE APPROVED AS CORRECTED.

Supervisor Hermes arrived at 7:02 p.m.

SPECIAL ORDER OF BUSINESS –

Lisa Lux, Human Resources Director and Malayna Halvorson Maes, McGrath Human Resources Group, will present the Total Rewards Project results, recommendations, and proposed 2024 Wage Schedule

Malayna Halvorson Maes, Senior Consultant of McGrath Human Resources Group, highlighted important items contained in the Total Rewards Project Final Report provided to all of the Supervisors:

- Project Scope: McGrath was asked to look at not only wages and benefits, but from a total rewards perspective.
- Total rewards perspective includes: wages, benefits, well-being, talent development, and recognition. The second highest rated item for retention is a positive work environment/culture, followed by challenging work and the ability to utilize their skills and talents.

- Compensation study methodology:
  - McGrath started with interviews with administration, human resources, department heads, and managers to gain an understanding of the operations within the department and the organizational chart. This was also a time for feedback on the current compensation model.
  - Employees were then asked to complete a position questionnaire.
  - McGrath solicited compensation data from 27 public comparable originations and analyzed this dataset to determine minimum, midpoint, maximum, and incumbent salary.
  - McGrath also collected compensation data from local private employers in the region.
  - Recommendations were then reviewed with Administration, Human Resources, and each Department Head prior to finalization.
- A chart of Public Comparable Organizations was provided and included in the Final Report.
- Malayna Halvorson Maes provided the market summary findings:
  - Comp ratio is the comparison of Outagamie County's salary range and/or salaries to the comparable market.
  - Alignment to the market rate is presented at 50% (comp ratio).
  - An acceptable comp ratio range is 45% or greater.
  - At Step 1, when compared to market minimums of the comparable market organizations, 48% were below average market minimum.
  - The trend continued when looking at the Step 5 average market midpoint, 60% were below average market midpoint.
  - This shows that the salary ranges are not keeping up with market.
  - When comparing the average incumbents, 60% are below average market incumbents. This is important as it shows how fast employees are progressing or how long employees are having to wait to get to market competitive wages.
  - There are currently inconsistencies between the steps and pay grades within the exempt and non-exempt structures. There was a desire to have the structures equitable for all employees. To accomplish this all positions were placed on a singular salary schedule (both exempt and non-exempt). The salary schedule has ten steps with a 3% increase between steps and approximately 7-10% increases between paygrades.
- Over 330 classifications (job titles) have been reduced to 260 classifications.
- Total Rewards offers future opportunities with benefits, well-being, talent development, and recognition. Malayna Halvorson Maes recommended that the County look at these opportunities in the future as well.
- Implementation:
  - Funding for the new wage schedule would be included in the 2024 budget.
  - All employees under the market minimum would be placed to Step 1.
  - All employees would be placed in their respective salary range to ensure a 3% salary increase in the first half of 2024.
  - Step increases planned for 2024.
  - Model would become effective 12/17/2023.
  - All employees will be on a step. There are no situations where employees are above step 10.
  - No employee will experience any hourly wage loss.
  - Tenure does not impact step placement. The market is based on the work being done not the amount of time an employee has been in the position.

Lisa Lux, Human Resources Director, discussed the implementation and funding for the Total Rewards Project in further detail:

- Action at this meeting is the approval of the new wage schedule structure. The funding for the new wage schedule is incorporated in the 2024 budget approval process.
- On November 6, 2023 the County Board will review the budget, including a piece of which will fund the new wage schedule.
- Total amount of the project is $4.3 million in increased revenues for the 2024 budget:
    - Extra $1.4 million in state shared revenues.
    - An additional $1.5 million in interest income projected for 2024 above 2023.
    - Net new construction estimated increase in levy of $1.4 million.
- Questions in regards to the budget will be addressed in the November budget meeting.
- Employee communications will be as follows:
    - Communication to employees was sent to all employees prior to the September 12th, 2023 County Board meeting sharing with employees the new wage schedule being presented.
    - Employees were invited to attend the September 12th, 2023 County Board meeting.
    - Zoom meetings will be scheduled with HR for all employees to review the new wage structure and to answer any questions regarding the new wage structure.
    - Individual communication templates for each employee will be created and presented by department leadership in early October.
    - New salary will be in effect for the pay period beginning 12/17/23.

Supervisor questions and comments followed.

ESTABLISH ORDER OF THE DAY

Chairperson Nooyen reported the request to have the Human Resources Director Appointment, Recycling and Solid Waste Director Appointment, and Resolution Nos. 44 and 45—2023-24 locked in at the meeting.

Chairperson Nooyen asked for unanimous consent to handle all reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

COMMUNICATIONS –

COMMUNICATION REFERRAL LIST

September 12, 2023 County Board Meeting

No.	Adopted Date	Received From	Subject	Referred To
1	06/28/2023	Winnebago County	Resolution No. 239-062023 Requesting the State of Wisconsin to Review and Revise the Compensation Rate for State Public Defenders and Require the State of Wisconsin to Reimburse Winnebago County the Hourly Rate That Has Been Appropriated by Wisconsin to Provide Required Counsel Coverage in Criminal Cases	Public Safety Committee

Outagamie County 5-23-23 County Board Meeting - September 12 2023 07:51:40 PM OpenMeeting

May 23, 2023 County Board Meeting

RESOLUTION NO.: 44—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Health and Human Services Department is requesting to approve an amendment to their Table of Organization for the following sunset position additions:

- One (1) full-time Community Health Educator – Substance Abuse Prevention
- Two (2) full-time Substance Use Program Assessors
- Two (2) full-time Substance Use Program Assistants
- Two (2) full-time Clinical Therapist II (Substance Abuse)
- One (1) full-time Clinical Therapist I (Substance Abuse)
- One (1) Full-time Supervisor Mental Health and Substance Use Services

The Community Health Educator – Substance Abuse Prevention position will provide needed support to lead the county-wide opioid efforts.

The Substance Use Program Assessor positions will provide State mandated Intoxicated Drive Assessments to meet court orders and complete a Driver's Safety Plan for individuals.

The Substance Use Program Assistant positions will provide a variety of duties related to the Intoxicated Driver's Program (IDP).

The Clinical Therapist I and II (Substance Abuse) positions will provide clinical assessments and treatment of consumers who are diagnosed with a substance use disorder.

The Supervisor Mental Health and Substance Use Services position will provide the clinical oversight and daily supervision of the AODA Clinical Therapist and Intoxicated Driver's Program (IDP) staff.

As part of the National Prescription Opiate Litigation, proceeds from settlements have been allocated to Outagamie County. Therefore, the position additions are budget neutral and do not require additional county funding.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the addition of one (1) full-time Community Health Educator – Substance Abuse Prevention sunset position; two (2) full-time Substance Use Program Assessor sunset positions; two (2) full-time Substance Use Program Assistant sunset positions; two (2) full-time Clinical Therapist II (Substance Abuse) sunset positions; one (1) full-time Clinical Therapist I (Substance Abuse) sunset position; and one (1) full-time Supervisor Mental Health and Substance Use Services sunset position, said positions effective September 24, 2023, for the Health and Human Services Department as noted on the attached Position Addition Forms, Job Descriptions, and Table of Organization, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the related budget adjustments for 2023 and 2024 as indicated on the attached fiscal note and Attachment A, Outagamie County – Health and Human Services Fiscal Impact – In Year Position Change Requests for the Years 2023 and 2024, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Health and Human Services Director, and the Outagamie County Finance Director.

Dated this 12th day of September 2023

Respectfully submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings.

As part of the National Prescription Opiate Litigation, proceeds from settlements have started to be allocated to local governments, including Outagamie County. Local public health departments have a fundamental responsibility to promote and protect the health of people within our community. To support allowable use of settlement proceeds, a Community Health Educator position with a focus on Substance Abuse Prevention will provide needed support to lead our county-wide opioid efforts. The Public Health Division has existing infrastructure to add this position as Community Health Educators currently exist within the Community Health Unit. The primary role of the Community Health Unit, specifically the Community Health Educators, is to improve and reduce health disparities through applying principals at the community and population level. Community Health Educators focus on the factors that contribute to a population's overall health status. Due to these outlined responsibilities, a Community Health Educator position with a focus on Substance Abuse Prevention is a logical step towards Outagamie County implementing actions to support the use of the settlement funds. As Outagamie County considers options to utilize the settlement payments for treatment, prevention and other strategies, the Community Health Educator – Substance Abuse Prevention position will be a coordinator that will help direct a wide range of responsibilities, duties and tasks. Lastly, local public health departments are moving towards being the chief health strategist within the community in building strategic partnerships. The Community Health Educator – Substance Abuse Prevention position will have a key role in bridging our county as organization in impacting opioid abuse.

Community Health Educator – Substance Abuse Prevention (DHHS-PH)

Position Purpose

The Community Health Educator – Substance Abuse Prevention position is supported by the Wisconsin Opioid Settlement Funds allocated to Outagamie County. This position will be within the Health and Human Services Department, Public Health Division, but role will include a comprehensive county-wide prevention approach.

Reporting to the Community Health Supervisor, the Community Health Educator will develop, implement and evaluate county-wide comprehensive health promotion and protection programs focused on opioid prevention. Provides technical assistance to professionals and the general public; conducts community health assessments, fosters collaboration, and markets public health programs.

The mission of Outagamie County Public Health is to PREVENT disease and injury, PROMOTE wellness, and PROTECT the health of the community.

This is an opportunity to become an active member of a local health department. The Community Health Educator – Substance Abuse Prevention position will challenge you to develop and apply skills to help ensure a safer and healthier community. Make an impact and become a part of our public health team.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Performs functions as specified by funding and/or public health priorities, including Community Health Assessment (CHA) and Community Health Improvement Plan (CHIP).
- Promotes relationship building and collaborative partnerships to identify, analyze and address community health needs.
- Conducts and participates in the Community Health Assessment (CHA), to support the ongoing and systematic assessment of community needs and the distribution of health risks within the community and monitors progress towards health goals.
- Coordinates and participates in the Community Health Improvement Plan (CHIP) process.
- Coordinates the process for becoming compliant with National Public Health Accreditation standards.

- Plans, implements and evaluates the effectiveness of public health programs.
- Assists with the development and monitoring of disease and population surveillance systems and epidemiological studies.
- Incorporates quality improvement, strategic planning and performance management concepts and skills into all activities.
- Participates in health promotion and marketing efforts.
- Serves as a resource person in population based public health.
- Provides technical assistance and education to community groups, public agencies, professional organizations, and agency staff.
- Researches, prepares and submits grant applications to advance the work of the public health division and other community programs.
- Assists with division website maintenance.
- Maintains regular and predictable attendance, works overtime/extra hours as required.
- Performs other duties as assigned.

Education/Certifications/Experience Requirements

- Bachelor's degree in public health, health education, or closely related field and two years of full-time public health experience required.
- Master's degree, experience in grant writing and CHES certification preferred.
- Or, any combination of education and experience that provides equivalent knowledge, skills and abilities.

Required or Preferred Skills

- **Knowledge of the Core Competencies for Public Health Professionals. (http://www.phf.org/resourcestools/Pages/Core_Public_Health_Competencies.aspx). Developed by the Council on Linkages, the Core Competencies reflect skills that are desirable for professionals who deliver the Essential Public Health Services. The Core Competencies serve as the foundation for public health practices and are intertwined in the key responsibilities listed above.**
- Excellent verbal and written communication skills; ability to communicate in a clear, concise manner, tailoring the message to intended audience.

- Ability to select valid sources of health data and familiarization with and utilization of computerized health databases.
- Ability to utilize/gather primary and secondary sources of health and demographic information.
- Ability to identify health disparities and determine health priorities.
- Ability to recruit community partners and program participants; establish and maintain effective working relationships with system partners.
- Competence in strategic planning.
- Knowledge and understanding of population based public health services, health education and health promotion techniques.
- Ability to develop creative concepts and innovative techniques to reach populations with appropriate health information.
- Ability to transport oneself to and from various locations in a timely and efficient manner.
- Ability to operate a variety of office equipment including personal computer, photocopier, fax machine, telephone, and the software programs utilized by the department.
- Ability to add, subtract, multiply, divide calculate decimals and percents, rates and knowledge of descriptive statistics.
- Ability to use and interpret counseling, nutrition, and other medical terminology.
- Good public speaking ability.
- Ability to lift, carry, push and move objects up to 20 pounds, understanding and utilizing proper body mechanics.

Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
Outagamie County HHS is required under State mandate to provide Intoxicated Driver Assessments that are court ordered for individuals convicted of Operating While Under the Influence of a substance (OWI). The Substance Use Assessor provides these assessments to meet the court order and completes a Driver's Safety Plan for the individual. The Substance Use Assessor provides this assessment to the Department of Transportation and tracks the completion of this plan.

OUTAGAMIE COUNTY
invites applications for the position of:

Substance Use Program Assessor

SALARY:

OPENING DATE:

POSITION PURPOSE:

The Substance Use Program Assessor works directly with individuals and families requesting substance use services or information. Functions as the main contact and coordinates services for the Intoxicated Driver's Program (IDP). Completes Intoxicated Driver's Assessments and Intoxicated Driver Safety Plans. Provides follow-up and case management services including but not limited to referrals for services, assessment and case managing for the Intoxicated Driver's Program and consumers within this program and Substance Use programming in general. Provides consultation with other county Divisions and other entities as needed. Works under the direction of the Clinical Director, assigned Substance Use/Mental Health Supervisor, and works within the State of Wisconsin scope of practice.

KEY RESPONSIBILITIES:

1. Assesses, diagnoses, and recommends treatment using ASAM, WAID and related placement criteria to ensure the consumer's needs are met, including Intoxicated Driver Assessments and Driver Safety Plans.
2. Works collaboratively with the consumer to develop a Driver's Safety Plan that addresses the needs of the consumer.
3. Ensures timely completion and submission of required forms to the Wisconsin Department of Transportation and courts; completion and submission of referral and clinical information when appropriate to contracted service providers.
4. Monitors consumer progress in completion of the Driver's Safety Plan.
5. Ensures compliance with federal, state, and county mandates including DHS 75 and DHS 62 and other applicable regulations.
6. Collaborates with multiple disciplines to effectively and efficiently provide consumer care and achieve desired outcomes.
7. Demonstrates an understanding of and sensitivity to cultural, environmental, and social factors that might impact the consumer and treatment experience.
8. Performs other duties as assigned.

EDUCATION/CERTIFICATIONS/EXPERIENCE REQUIREMENTS:

1. Associates degree with certification as a Substance Abuse Counselor (SAC) required. Training and completion of the Intoxicated Driver's Assessment certification will be provided if needed.
2. Ability to efficiently utilize technology, including electronic health records, office software, and related equipment.
3. Ability to comprehend and interpret a variety of documents, including consumer charts, medical, school records, professional literature, policy and procedure manuals, diagnostic manuals, etc.
4. Ability to prepare a variety of documents including consumer records, referrals, court reports, intake and assessment records, case notes, individual treatment plans, letters, and other correspondence, etc.
5. Ability to adhere to professional ethics and standards.
6. Communicate effectively with consumers and family members, community agencies and service providers, psychiatrists, physicians, and other medical professionals, attorneys and court personnel, Human Services personnel, school personnel, and others verbally and in writing.
7. Work well in a team environment displaying a supportive and positive attitude.
8. Demonstrated common sense, judgment, and communication skills and the ability to maintain confidentiality.

REQUIRED OR PREFERRED SKILLS:

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

OUTAGAMIE COUNTY
POSITION DESCRIPTION
April 2023

POSITION TITLE: **Substance Use Program Assistant**

DEPARTMENT: Health and Human Services

PAY BASIS: Hourly (Non-Exempt)

PURPOSE AND SUMMARY:

Acts as the main initial contact for consumers involved with the Intoxicated Drivers Program (IDP) and the public regarding Substance Use (SU) services. Provides administrative support to Mental Health and Substance Use staff.

ESSENTIAL FUNCTIONS:

1. Provides information and educates consumers regarding their responsibilities and the timelines they need to follow as part of the Intoxicated Driver Program (IDP). Helps consumers and family members navigate through their options for Substance Use services. Keeps up to date on all IDP and Operating While Intoxicated (OWI) laws, fees and consumer requirements and shares that information with consumers so that they are well informed to make choices.

2. Provides information, education and intervention to consumers when immediate needs or crises arise and helps to connect them with appropriate services and staff. Coordinates efforts to solve client problems.

3. Tracks progress of IDP consumer's Driver Safety Plans, addresses consumer's needs related to Driver Safety Plans, maintains required Driver Safety Plan information with the Department of Transportation (DOT) and with courts.

4. Images confidential material, collateral information and legal documents, and maintains consumer information in Wisconsin DOT programs and internal consumer data bases.

ADDITIONAL ESSENTIAL DUTIES:

1. Provides administrative support to Mental Health and SU/IDP staff which may include a variety of highly confidential issues and sensitive materials; working with them on developing, updating and maintaining requested documents.
2. Coordinates consumer appointments, fees, and schedules of SU/IDP staff.
3. Types correspondence and other confidential material, as requested by professional staff.
4. Updates and maintains the reports.
5. Tracks and follows through on various types of consumer-related appointments and legal timeframes.
5. Effectively works and communicates with Clinical Director, supervisors, and staff; attends meetings as necessary.
6. Processes incoming and outgoing correspondence and confidential information in a variety of formats to include electronic, E-mail, postal mail to authorized persons and/or community agencies. Documents all activities.
7. Understands and ensures confidentiality of all consumer related information as required by Federal and State statutes and standards.

8. Addresses and resolves conflict and manages stress in a professional manner, including actively engaging in professional and personal activities which help mitigate the impact of secondary traumatic stress.
9. Performs other related duties as may be assigned.

WORK RELATIONSHIPS:

1. Reports to SU/MH Supervisor
2. Works regularly with Outagamie County Health and Human Services employees, consumers, and the public.

REQUIRED EDUCATION, EXPERIENCE, TRAINING, AND CERTIFICATION:

1. High school diploma required.
2. An Associate's degree in Administrative Management or Human Services related field or other complex office environment and training which provides the required knowledge, skills and abilities, preferred.

KNOWLEDGE, SKILLS, AND ABILITIES:

1. Ability to make necessary decisions and is a self-starter with demonstrated problem solving and organizational skills.
2. Ability to maintain a high degree of confidentiality regarding consumer/medical/IDP records.
3. Ability to communicate effectively and cordially with the general public, both in person and over the phone.
4. Ability to type 35 words per minute preferred.
5. Ability to establish and maintain productive and cohesive working relationships with fellow employees and supervisors.
6. Strong written and verbal communication and listening skills required.
7. Possess good working knowledge of a number of computer software packages to include, Microsoft Office Outlook, Word, Excel, PowerPoint and Access database. The ability to learn new software, problem solve issues and teach other staff.
8. Ability to operate various office equipment such as imaging equipment, copying machines and fax machines.
9. Ability to act calmly in emergency situations and under pressure, while able to effectively address and resolve conflict and to manage stress in a professional manner.
10. Knowledge and/or understanding in Trauma Informed Care principles and practices and a strong commitment to fostering a positive, healthy work culture.

PHYSICAL REQUIREMENTS:

1. Ability to perform most work from a sedentary position.
2. Ability to function in situations encountered in a normal office setting.
3. Ability to use standard office equipment including telephone, computer, printer, photocopier, and scanner.
4. Ability to travel to other County departments and locations.

Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
The Clinical Therapist II (Substance Abuse) is a master's level position providing clinical assessments and treatment of consumers who are diagnosed with a substance use disorder. These individuals may also be diagnosed with a co-occurring mental illness. Outagamie County serves consumers within the Comprehensive Community Services (CCS) and Community Support Program (CSP) where a number of these consumers require both substance use and mental health treatment. In order to meet these needs, staff trained and credentialed in substance use assessment and treatment are critical to the operation of these programs. Many of these individuals are also under mental health commitments that require Outagamie County to meet their treatment needs.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Department of Health and Human Services Request for Multiple In-Year Position Additions 2023

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Department of Health and Human Services is requesting approval for several in-year requests (as identified in Attachments A and B) along with the related budget adjustment for 2023 (all effective 10/01/2023). The fiscal analysis (for years 2023 and 2024) is included on Attachment A, along with the related budget adjustment. The adjustment is budget neutral as the full cost will be funded with either intergovernmental revenue, charges for services or expenditure reductions. Additional detail related to each position addition is provided on Attachment B.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no ( ) partially (X)
   MH Contracted Staff costs included in MH-Contracted Alcohol and Other Drug Abuse cost center

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (X) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? yes (X) no ( )
   If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.) SEE ATTACHMENT A

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes ( ) no (X) n/a (X)

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost $787,046 (net)
   Annual Revenue $787,046 (offset)

Outagamie County — 5-23-23 County Board Meeting - September 12 2023 07:52:23 PM
May 23, 2023 County Board Meeting — OpenMeeting

RESOLUTION NO.: 45—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County engaged the services of McGrath Human Resources Group as part of the Total Rewards Classification and Compensation Study which included the completion of a market analysis of county positions and introduction of a new wage schedule, which will help the County attract and retain employees in the rapidly changing labor market. The inventory of the County's current compensation, benefits, and related opportunities it provides its employees, based on the Total Rewards Model, included Wages (base pay and variable pay), Benefits, Well-being, Talent Development, and Recognition.

A single salary schedule has been developed for the County. Both exempt and non-exempt positions will be included in order for the County to better manage a singular system. There are 20 Pay Grades (reduced from 58) with 7% - 10% between the Pay Grades. Each Pay Grade has 10 steps, each with a 3% adjustment between each step. Step 5 is identified as the average Market Rate, although all steps are aligned to the average market. Overall, the Salary Range from Minimum to Maximum is 30%. Step adjustments are recommended annually based upon acceptable and documented performance indicators. The recommended salary schedule was developed with 2023 market data to maintain competitiveness with the existing market The County should not need to make any range adjustments until 2024.

During the course of the Study, there was an opportunity to better align job titles with responsibilities. The recommendations have reduced the number of classifications from over 330 to 260, inclusive of levels within a classification.

At this time, no budget adjustment is required as the monies needed for the additional compensation will be included as part of the 2024 budget process.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommends adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the attached Total Rewards Compensation Study Final Report for Outagamie County, Wisconsin, which by reference is made a part hereof, effective December 17, 2023, which will supersede previously-approved compensation schedules, with no budget adjustment needed, as the additional compensation will be included as part of the 2024 budget process, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and the Outagamie County Executive, who, in accordance with Sec. 59.03 Wis. Stats., shall be charged with the duty of distributing said compensation schedule to affected departments for compliance.

Dated this 12th day of September 2023

Respectfully submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Curt Konetzke

Sara MacDonald

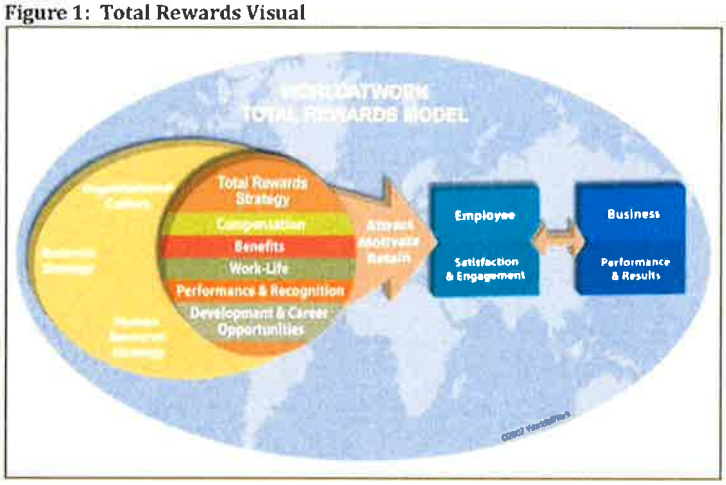
Introduction

The intent of the Project Summary is to provide an overview of the most important issues and opportunities identified by the Consulting team during the Study. Recipients of this Report are highly encouraged to read the document in its entirety to gain an understanding of the recommendations presented within the Report. This introduction alone does not provide enough context or information upon which to base decisions or to evaluate the recommendations provided.

McGrath Human Resources Group, Inc., an organization that specializes in public sector consulting, was commissioned by Outagamie County to conduct a Total Rewards Classification and Compensation Study.

The Consultants would like to extend appreciation to the County Executive, County Board Chair, Human Resources Director, Department Heads, and employees for their time, cooperation, and sharing of information and perceptions with McGrath Human Resources Group.

The Consultants utilized the following steps to develop their recommendations:



- Discussions with County Administration, Human Resources, and Department Heads and Managers.
- Analysis of the current salary schedules, compression, and current compensation policies.
- External market data was solicited and analyzed from 27 comparable public organizations for 319 positions, plus benefits, selected jointly between the Consulting team and the County, in addition to private sector entities.
- Position analysis based upon extensive information provided by incumbent employees describing job responsibilities, skills, and various competencies of the position in addition to a review of job descriptions was completed for 394 identified positions.
- Internal position analysis based upon all information collected and analyzed and meetings with each Department Head.
- Feedback on recommendations by Administration, Human Resources, and Department Directors.

Total Rewards Overview

Attraction, motivation, engagement and retention are critical issues facing all employers. Successfully addressing these issues begins with, at a minimum, having a strategy that aligns certain elements of the employment experience with the goals and objectives of the employer. A Total Rewards model encompasses specific employment elements to drive

performance and a positive employment experience, which should promote retention. A Total Rewards model considers the following:

Figure 1: Total Rewards Visual

(Source: WorldatWork)

A Total Rewards model provides a framework for designing, implementing, and assessing the rewards packages offered throughout the organization. Organizations should always consider various influences, both internal and external, that help shape an organization's unique culture, business strategy, and human resources strategy. It will be important that the organization continue to focus on that balance going forward with the current labor market conditions, and acknowledging what is valued and important to various generations that make up current and future employees.

The following is an inventory of the County's current compensation, benefits, and related opportunities it provides its employees, based on the Total Rewards Model:

Wages (Base Pay and Variable Pay). Pay provided by an employer for services rendered. This includes both fixed pay and variable pay tied to performance.

- Base Wages
- Shift Differentials
- Certification Pay
- Assignment Pay

Benefits. Programs an employer uses to supplement the cash compensation that employees receive. These include health, income protection, retirement programs that provide security for employees and their families, etc.

- Social Security - mandatory
- Medicare - mandatory
- Workers Compensation - mandatory

- Unemployment compensation - mandatory
- Health insurance multiple options with Health Savings Account option
- Vision insurance
- Dental insurance
- Life insurance
- Long-Term and Short-Term Disability
- Wisconsin Retirement Plan
- Deferred Compensation Plan (457)
- Roth IRA
- Flexible Spending Account
- Health Savings Account
- Vacation and sick benefits
- Compensatory Time
- Voluntary Shared Leave
- Bereavement, civic duty, and military leaves
- Observed and floating holidays
- Clothing Allowances for specific positions
- Safety Equipment and Tool reimbursement

Well-being. Organizational practices, policies and programs that help employees achieve success both at work and outside of work.

- Equity, Diversion, and Inclusion Initiatives
- Employee Assistance Program
- Wellness Opportunities
- Job Sharing
- Breastfeeding Friendly Workplace
- Telecommuting Options
- Dress for your Day Policy

Talent Development. Provides the opportunity and tools for employees to advance their skills and competencies in both short- and long-term careers.

- Training and development courses
- On-the-job training
- CDL reimbursement
- Education Reimbursement
- Performance Management Feedback

Recognition. Acknowledgement of employee behaviors/outcomes that support the organization's success. Recognition programs can be formal or informal and do not need to have a financial component.

Summary. Because of the drastic changes in the labor market over the last few years, the County will need to build a robust model that can positively influence the culture of the organization and the employees that make up that work culture. This visual should help the County as it considers new Total Reward opportunities for employees, to provide a balanced and engaging employment experience to its employees when it is not able to provide the highest wages in the region. Compensation is not the only driving factor for recruitment and retention, although it is currently the highest rated factor for both recruitment and retention feedback (Neogov Job Seeker Report 2021). The second highest rated item for retention is a positive work environment/culture, followed by challenging work and the ability to utilize their skills and talents.

The Total Rewards Report breaks down of each of the five (5) Total Reward areas with options and recommendations to consider as the County develops its long-term Total Rewards Strategy to be an employer of choice in the region.

Methodology

Data Collection

The project involved several steps: collection of data, interviews, and data analysis. The first step of this Study involved the gathering of data that pertains to current compensation practices within Outagamie County. The Consultants received information relating to current salaries, specific policies, collected market data, and current job descriptions.

Interviews were conducted with the County Executive, Human Resources Director, Department Heads and other management personnel within each Department. The purpose of these meetings was to first, gain an understanding of the County's current compensation practices and philosophy; second, to solicit ideas and input from these stakeholders for future compensation methodologies and practices; and finally, to determine if there were any positions within the County that were difficult to recruit, retain, or were otherwise unique in the position's responsibilities.

At the first virtual site visit, employees were provided an introduction session to the project and the Position Questionnaire process. Employees from each Job Classification were then asked to complete a Position Questionnaire (PQ) which provided extensive information about the positions. The Consultants utilized the Position Questionnaires completed by the employees, which had been reviewed by supervisory employees, to gain a better understanding of the job responsibilities, skills, and various competencies of the position.

During the second virtual visit, the Consultants met with the County Executive, and Human Resources Director to provide a summary of the County against the comparable market. The type of compensation models and compensation philosophy for the County were also discussed.

A project status update was provided to the Committee Chairs and the County Board while the recommendations were being developed.

Upon completion of the draft compensation schedules, the Consultants met with the Human Resources Director and Department Heads separately to review the recommended Salary Schedule and gain their perspective. Any recommendations and feedback provided was reviewed by the Consultants and taken into consideration in both its relation to the position analysis, the external market data, as well as the impact to internal equity within the entire Compensation System.

Labor Market

In order to gain information from the external market, through interviews with the Department Directors and County Administration, a list of comparable organizations was established. Each of the comparable organizations were contacted requesting current salary schedules and incumbent data. The following comparable organizations were contacted:

Table 1: Comparable Organizations

COMPARABLE ORGANIZATIONS	
Brown County	City of Appleton
Calumet County	City of Green Bay
Dane County	City of Neenah
Fond du Lac County	City of Oshkosh
Kenosha County	Town of Grand Chute
La Crosse County	State of WI (limited)
Marathon County	Bishop International Airport Authority
Milwaukee County (limited)	Cedar Rapids Airport Commission
Portage County	Eastern Iowa Airport
Racine County	Fort Wayne-Allen County Airport Authority
Rock County	Gerald R Ford International Airport Authority
Waukesha County	Greater Rockford Airport Authority
Waupaca County	Metropolitan Airport Authority of Peoria
Winnebago County	

Local private comparable data was also collected, when provided. The collection of this compensation data was utilized to analyze the average Market Minimum, Midpoint and Maximum Rates per defined benchmark positions. A comparison of the average salary of the positions to the salary of incumbents within the County was also performed. When necessary, evaluation of the comparable organization's job description, when available online, was utilized to resolve conflicts.

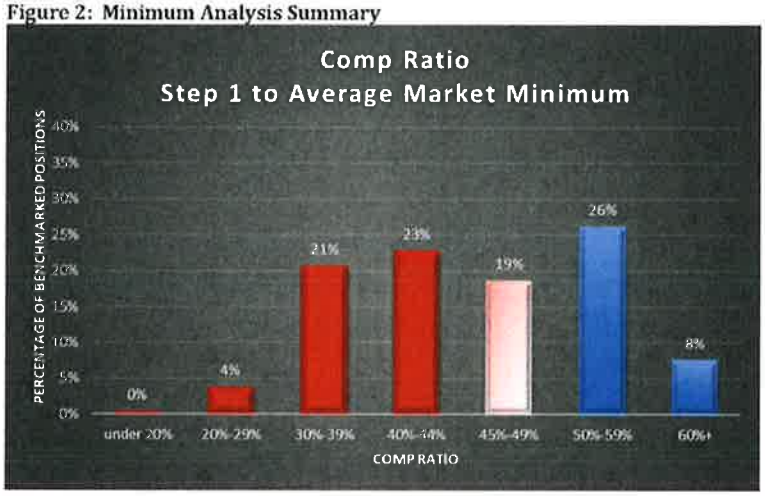
In addition to current positions within the County, the Consultants sought comparable data on future positions/career ladders, and positions with job responsibilities that are combined in Outagamie but might be separate in other organizations. In some cases, titles were altered to better align with the industry. Not all positions are reflected in the following data analysis. In some situations, data was not available in the external market, data was insufficient, or there were no internal matches at the time of the Study.

Market Data Solicited

The market survey gathered the following 2023 information: Minimum, Midpoint, and Maximum salary for the positions as well as the average salary of the incumbents. Upon examination, salaries were eliminated if statistically too high or too low as to not skew the average (typically within one-two standard deviations). Then, a new percentile amount was

calculated with the remaining salaries. There was a great deal of time spent in the data analysis to ensure that each position was examined based on the data available and how the responsibilities of each position align within the County.

Market Analysis



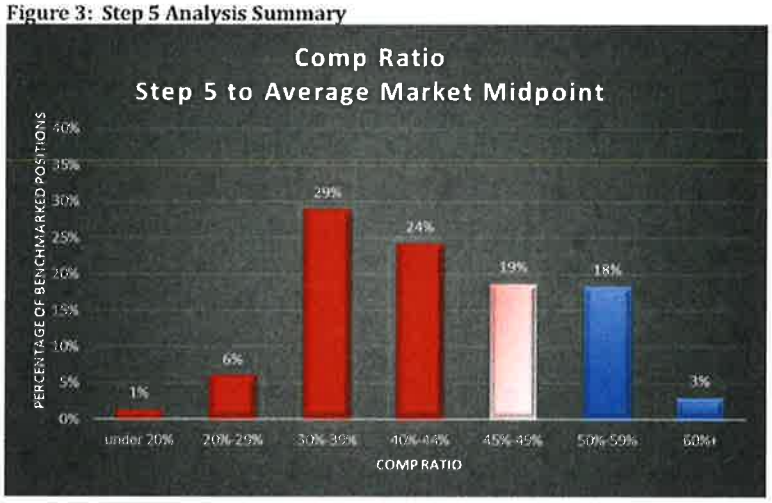
In order to analyze the ranges, a Comp Ratio is used. This is a ratio of the County's salary in relation to the external market data. A 50% Comp Ratio would mean that the salary is in line with the external Market while utilizing +/-5% range around each data point. Thus, if a position has a Comp Ratio of 45% or greater, the employee is considered aligned to the market, but should be watched carefully. Positions with lower 45%-49% Comp Ratios are likely to experience challenges with recruitment/retention due to the current labor market in certain industries. These positions have been identified separately.

Minimum Salary Comparison

The analysis of the Minimum Salary Range gives an initial indication if starting salaries are within an acceptable Market Range. When building a salary schedule, consideration of this information will ensure the County's Minimums are within an acceptable range to the average Market Minimum; however, this analysis is only the beginning in the development of a Compensation Schedule.

Approximately 48% of the benchmarked job titles are below the average market for minimums, and another 19% are in a lower comp ratio that may be falling short of competitiveness. Overall, 34% of the positions are within the acceptable average market minimum. It would appear the County's minimum hiring salaries are insufficient against the average market. The figure below provides a summary of findings.

Figure 2: Minimum Analysis Summary



Due to rounding, may not result in 100%

Step 5 Salary Analysis

The Consultants wanted to know if Step 5 (structure midpoint) of the existing salary schedule was aligned with the average market midpoint; therefore, a midpoint analysis between the County Step 5 and the market midpoint was conducted. Again, a comp ratio less than 45% would indicate the salary ranges are not aligned to the market. Approximately 60% of the midpoint of benchmarked positions are lower than the midpoint, and another 19% of the positions are in a lower comp ratio that are just falling short of competitiveness. Overall, 21% of the positions are within the acceptable average market at the midpoint. The following is a summary of findings.

Figure 3: Step 5 Analysis Summary

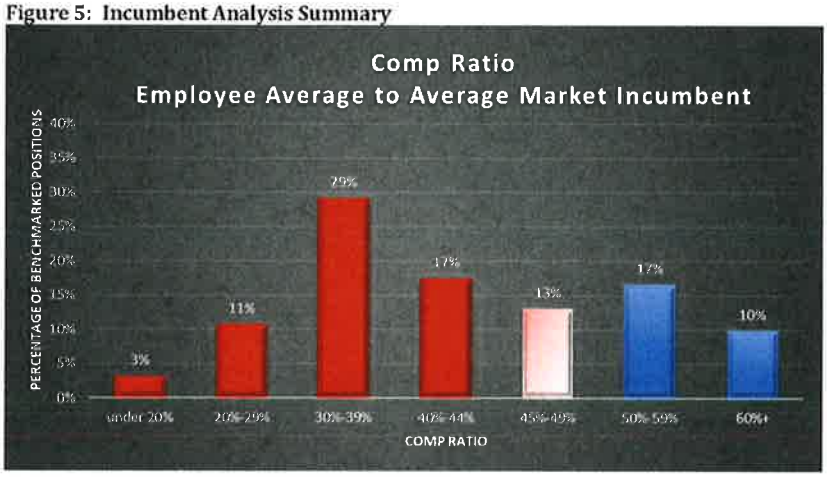
Due to rounding, may not result in 100%

Maximum Salary Analysis

The Consultants compared the Salary Range Maximum to the average Market Maximum. However, due to various types of salary range construction, one must always consider this may not be an exact comparison.

With that said, the County's salary range maximum is at or above the average Market Maximum for only 17% of positions. This is problematic because it shows a consistent pattern that the current schedules have fallen out of a competitive market range. As a result, the County may be challenged with the retention of current staff, which can lead to those staff leaving to work in other organizations in the area for more pay.

Figure 4: Maximum Salary Analysis



Due to rounding, may not result in 100%

Average Market Salary Analysis

The final step is to compare the County's current incumbent salaries to the average Market Rate to assess how competitive incumbent wages are within the market. For this purpose, positions where there are more than one (1) incumbent, an average of the current employees is utilized. Overall, 61% of the positions are below the average Market Rate, and another 13% of the positions are in a lower comp ratio that are just falling short of competitiveness In total, 27% of the positions within the County are at or above the average Market Rate. In summary, the County has not fared well when employee salaries are compared to the average Market Rate of employee salaries, although one needs to consider tenure of employees.

Figure 5: Incumbent Analysis Summary

Due to rounding, may not result in 100%

Private Sector

Entrance rates were also gleaned from various private sector organizations that were actively recruiting for skilled and non-skilled labor, administrative and fiscal positions. [It should be noted that what is not able to be evaluated is the benefit packages of these private sector firms, hiring/retaining bonus, and other 'perks' provided in the private sector that are not allowed in the public sector.] Many businesses still report the lack of available workers and have curtailed their ability to meet current work demands, which resulted in raising wages, in addition to the rise of cost of living in the past year. As a result, all employers, including Outagamie County, will need to ensure their wages (and benefit package) are as competitive as financially possible in order to help mitigate turnover and facilitate recruitment success.

Current Compensation Systems

The County currently has two (2) Salary Structures, one for exempt, and one for non-exempt positions. Each Structure is a Step Model, with 10-steps for each Pay Grade, or salary range. The County internally consolidated multiple salary structures several years ago, following Act-10, that comprise the existing structures today.

The Exempt Salary Structure is made up of 21 Pay Grades with 3.08%-6.07% between each Pay Grade. Even though each Pay Grade has 10 steps, the percentage of step varies between .63%-2.8%. As a result, the salary ranges are between 12%-26%. There are 151 classifications compensated from this model.

The Non-exempt Salary Structure is made up of 37 Pay Grades with .12%-6.39% between each Pay Grade. Even though each Pay Grade has 10 steps, the percentage of step varies between 1.85%-3.63%. As a result, the salary ranges are between 15%-33%. There are 185 classifications compensated from this model.

When these structures are combined, there are many pay grades that are very similar because there is overlap between non-exempt and exempt salaries. One of the County's goals is to have a more consistent and equitable structure for all positions, so these inconsistencies are eliminated.

Compensation Philosophy

A compensation philosophy is an organization's financial commitment to how it values its employees. The goal of this philosophy is to attract, retain, and motivate qualified people. A consistent philosophy provides a strong foundation in determining the type of total compensation package to offer employees.

There are foundational aspects of compensation to assist with the development of a compensation philosophy to ensure the goals of compensation align with the goals of the organization. First, there are basic questions to consider:

1. What is considered a fair wage?
2. Are wages too high for the financial health of the organization?
3. Does the compensation system reflect the value of positions within the organization?
4. Is your compensation strong enough to retain employees?
5. Do you currently have a defined compensation philosophy?
6. If so, is your compensation philosophy keeping in line with labor market change, industry change, and organizational change?

The County is in business to provide an essential and difficult service to the community. It does that through hiring qualified employees who lend their skills and talents to various positions within the organization. Without those individuals, the County would not be able to provide these services. In order to be competitive for the retention of existing personnel and have successful recruitment efforts to replace future turnover, the County needs to be competitive with the targeted comparables.

In order for the County to be competitive with recruitment and retention, it is recommended the County establish its compensation philosophy that is based on average market wages so the County can be competitive in the current labor market. The following sections support that recommendation.

Public Sector Turnover/Recruitment Challenges

According to human resources professionals across the United States, it is becoming progressively harder to hire qualified personnel. Looking at a tight labor market, recruitment and retention of qualified personnel with the necessary skills for public service has topped the list of workforce challenges for the last several years, and in 2021 nearly 86% of human resources professionals reported moderate to significant increases in vacancies within their organization.

Between 2016 and 2022, applicant volume for government jobs dropped 56%, while openings are up 45%, resulting in a significant work gap in the public sector and has led up to 20% of state and local agencies reducing services due to staffing shortages (Source: The Quiet Crisis in the Public Sector, Neogov, 2022). The hardest hit are jobs are those that pay below $40,000 per year, which are frequently the jobs that interface with the public and community members the most. (Source: Neogov 2021 Job Seeker Report.)

Figure 6: Percentage of Applications for Government Employment 2016-2022

(Source: Neogov)

This is not necessarily a new issue, but some employers do state it has become increasingly problematic to operations. Public employers have been experiencing ongoing challenges of this nature for almost a decade. Governments historically have had a compelling proposition to offer workers with secure lifetime employment and generous health benefits followed by a robust pension for retirement, which is no longer the case. Public employers are battling for their talent because:

- The "Silver Tsunami" identifies between 30%-40% of local government workers eligible to retire, and there is a workforce gap.
- Long term employment has less appeal to the younger workforce.
- There is a real or perceived decline in public support for government workers.
- Public employers do not feel they can compete with salaries and benefits as benefits erode and the private sector is more competitive.
- There is a growing skills gap. Many government jobs now require specialized education or training. Fewer positions are 'learn on the job.'

- Public employers are not able to offer the same level of flexible work arrangements to all employees.
- Limitations in technologies prevent efficiencies and automation.
- There are limited financial resources.
- Not all work cultures are pleasing and supportive.

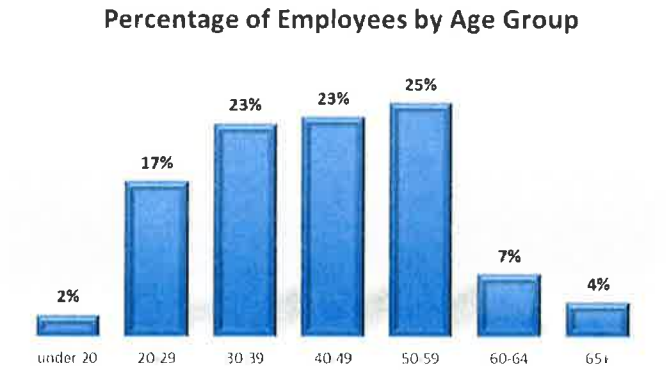
The Great Resignation and Private Sector Influence

Compounding the public sector recruitment challenges, in 2021, as the nation re-opened following COVID shutdowns, the country experienced continued private industry prosperity, record inflation, record retirements, and record turnover from an otherwise qualified workforce, causing all industries, both public and private, to be competing for already limited human resources. This has led employers to escalate wages for all positions to help recruit and retain their talent. The effect has been substantial, and nearly every employer is experiencing recruitment and retention challenges. Many businesses report the lack of available workers and have curtailed their ability to meet current work demands, while raising wages.

Employee Demographics

In reviewing the County's employee demographics for positions covered in the study, the tenure of the organization ranges from new hire to 43 years. The overall tenure average of the employees is 7.8 years. The national average in the public sector is currently 6.9 years (Local Government-Bureau of Labor Statistics, September 2022), showing the County is above average in overall tenure, which is positive. In order to have a full picture of the County, one needs to explore these demographics further; these findings are in the following Figures.

Figure 7: Employee Demographics by Years of Service



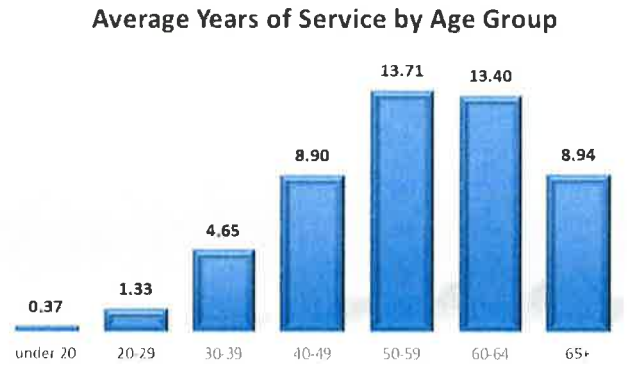


Figure 8: Employee Demographics by Age Group

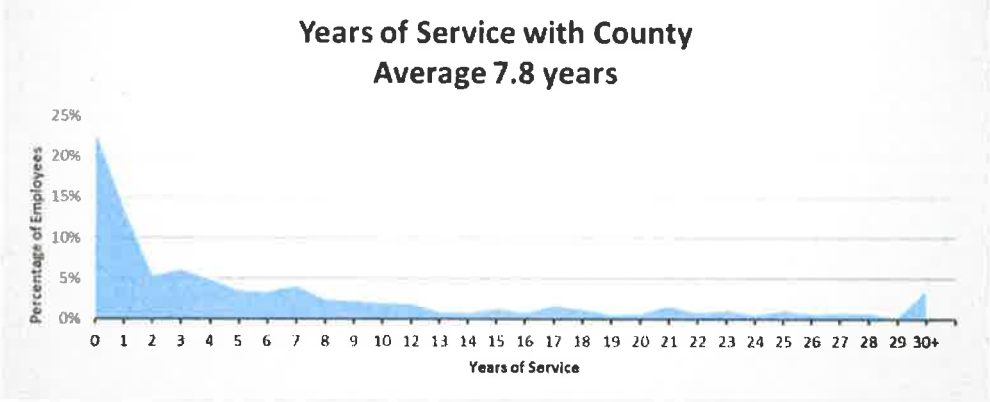

The above Figures show those in age groups 50 and over have the longest tenure and represent 36% of all employees and will likely be the group considering retirement over the next decade. The County should expect ongoing steady turnover simply due to retirements over the next decade and beyond. A turnover 'spike' may be an indication of a decline in job satisfaction, or a wage/benefit issue, so this data should be monitored at least annually to ascertain what percentage of turnover is retirement versus resignation.

Another significant finding is the County's demographics illustrate that 42% of the workforce is under the age of 40, and this is likely the cross-section of employees who are seen as more mobile in today's workforce, focus heavily on work/life balance, and consider non-compensatory benefits for the purposes of retention. This group also changes jobs quickly because it results in earning higher wages as opposed to remaining with one organization for a longer period of time, which is notable as average tenure in these age groups range from .37-4.65 years of service. Experienced professionals within the age 40-49 band are also critical, as their level of experience and skill makes many of them uniquely qualified to have multiple job opportunities, so having a competitive wage and benefit package will facilitate retention.

Looking at the tenure in more detail, the following Figure shows just how new the current workforce is. Currently, 37% of the workforce has less than two (2) years of service. Most of this recruitment is at the Airport, Nursing Home, and within Human Services, although corrections, dispatch, and highway has also hired numerous positions. The noticeable decline in tenure may be an indication that the County simply is not retaining personnel long term beyond the second year. There is a significant reason to retain personnel to help develop the County's succession planning opportunities, but employees may not perceive these opportunities based on the current salary schedule. This would mean the organization may be looking to fill more positions externally, which could have unintended operational impacts, and the compensation will need to be competitive enough to attract external applicants for higher level positions.

Figure 9: Employee Demographics by Longevity

The County is recommended to continue to monitor demographics periodically to properly respond to shifts within the organization as needed. Although the Consultants acknowledge compensation is not the only reason for unwanted turnover, it is a consideration of the larger picture. In order to ensure competitive recruitment/retention, the County is recommended to follow the compensation philosophy of average market compensation to ensure the County can stay competitive to support retaining its personnel as long as possible.

Classification and Compensation Recommendations

Salary Schedule

The recommended 2023 Compensation System is provided as Appendix A. A single salary schedule has been developed for the County. Both exempt and non-exempt positions will be listed so the County can better manage a singular system. There are 20 Pay Grades with 7%-10% between the Pay Grades. Each Pay Grade has 10 steps, each with a 3% adjustment between each step. Step 5 is identified as the average Market Rate, although all steps are aligned to the average market. Overall, the Salary Range from Minimum to Maximum is 30%. Step adjustments are recommended annually based upon acceptable and documented performance indicators.

2024 Adjustment

The recommended salary schedule was developed with 2023 market data to maintain competitiveness with the existing market. The County should not need to make any range adjustments until 2024.

Classification Structure

The Classifications are listed in Appendix B. During the course of the Study, there was an opportunity to better align job titles with responsibilities. The recommendations have reduced the number of classifications from over 330 to 260, inclusive of levels within a classification. Some classifications may be given a department tag for job description and payroll purposes. Some job titles were revised to either have consistency throughout the organization, or to become more current with the external market and are reflected on the recommended Salary Schedule.

Position Placement

With the reduction in total number of pay grades from 58 to 20, time was spent with Department Heads to revisit the alignment of positions for each department.

Placement onto the respective Salary Schedule is based upon several criteria:

- Job Analysis
- Market analysis
- Compression analysis
- Internal equity

After considering all these elements, placement of some positions on the Salary Schedules have changed, with some positions now being placed in lower or higher pay grades than on the previous Schedule. This is not an indication that any given position is more or less important. Similarly, this is not a "reclassification" process, where a position is being evaluated on changes in responsibility, authority, or decision making that may place the position in a higher or lower pay grade, etc. This process is a complete reset of the Compensation System. This is sometimes difficult for employees, because they look only at where their position is placed on the Schedule and compare themselves to positions that have been placed higher. When this occurs, employees begin to compare their perception of the value of positions within the organization, and do not know, or disregard, the factors the Consultants considered when placing all the positions onto the Schedule.

Employee Placement

For purposes of implementation only, employees need to be placed to the Minimum Market of the Pay Range if under Step 1. If the employee's current wage is above Step 1, the employee then needs to be placed on a step within their new range that does not result in a wage decrease. The County also wanted to ensure employees would experience at least a 3% increase for the first half of 2024. Therefore, employees whose placement did not result in a 3% increase the first half of the year were adjusted to a step meeting the minimum percentage. The only exception to this criterion would be employees whose salary is already at the top of the Maximum of the Pay Range. These adjustments place employees in a particular step regardless of tenure in the position. It is important to understand that market value is based on the work being performed, not the number of years one has been performing the work.

General Operational Guidelines

Maintenance of Salary Schedule

It is important for the County to have a standardized procedure to adjust the Salary Schedules for consistency and for budgetary forecasting. The Consultants recommend that on a set date each year, the Salary Schedules be increased by the Consumer Price Index – Urban (CPI -U) percentage or by a local economic indicator, if preferred. For example, since budgeting is done at approximately the same time each year, the County should establish a specific month in which to capture the average of the previous twelve (12) months of the selected economic indicator for a recommended adjustment. The County will still maintain control if conditions and finances fluctuate in a specific year. The following are the types of increases recommended:

Salary Schedule Adjustments

Annually, the Salary Schedules should be adjusted for economic reasons. Without maintaining the Salary Schedule, it will fall below the Market and the County will end up spending dollars to get it updated. Annual Salary Schedule adjustments will keep a competitive Salary Schedule. It is important the County budgets dollars for increases to the overall Schedule each year. There may be years when the economy cannot support such increases; however, that should be the exception, not the norm.

Annual Step Adjustments

The Salary Schedule is based on a premise of annual salary adjustments. Each year, employees may be eligible to receive a step increase, with acceptable performance.

Compensation Policy Recommendations

With the updated Salary Schedule, the County now has a competitive Compensation System for recruitment and retention purposes. Recommended compensation guidelines have been provided to Human Resources (Appendix C). Human Resources is recommended to consider these established guidelines and update the County's compensation policy accordingly.

In addition, the County Board is recommended to develop a compensation policy that sets the direction of the organization's compensation philosophy going forward. Developing a policy for placement within the market will give guidance to the County Executive to bring forward compensation recommendations in the future to keep the County aligned to this policy.

Metrics

Salary Schedules need to be balanced between what is competitive for recruitment/retention, as well as what is affordable and financially sustainable long term. The County should monitor metrics as an internal indicator to identify if there is a possible concern with the County's placement in the market. Internally, metrics are standards of measurement used to assess what is occurring within an organization. Metrics tell an organization how well or poorly they are doing, allowing an organization to review, assess, problem solve, and adjust processes, as well as identify challenges or stressors to the organization that may be having a negative impact. Specific metrics may help identify where dollars are being expended that can be costly, including turnover. Although the Consultants acknowledge compensation is not the only reason for unwanted turnover, it is a consideration of the larger picture. In order to ensure competitive recruitment/retention, the County is advised to follow the recommended compensation philosophy to ensure it can stay competitive to support retaining its personnel. Metrics will help identify that success. It

is recommended the Human Resources Director designate a staff member to compile these metrics for ongoing review.

Table 2: Metrics Recommendations

METRIC	FORMULA TO CALCULATE	PURPOSE
Applicant Tracking	Total number of applications received	Assessing for reduced application stream
Turnover	Number of separations ÷ Number of approved FTE	Effectiveness of compensation and benefits; may identify trends that need further analysis within departments
Early Turnover	Number of employees leaving the job in the first 12 months of employment ÷ average actual # of employees in the job for same time period	Effectiveness of compensation and benefits; may identify trends that need further analysis within departments
Offer Acceptance	The number of employment offers accepted ÷ number of employment offers made	Effectiveness of compensation package
Employee Demographics	Percentage of employees in age categories and years of service categories	Assess work demographic for trends in lower tenure and higher percentage of employees in mobile generation groups (under 40)
Exit Interviews Metrics	NA	Documenting reasons for turnover for trends in compensation package

Market Updates

One of the main concerns in any Salary Schedule is the ability to keep it current. Often, an organization spends time and resources to review and reevaluate their Salary Schedule, resulting in providing employees or Pay Grades significant increases because either the positions or the Schedule is not in line with the external market. A Salary Schedule has a typical life span of three (3) to five (5) years, at which time market conditions typically necessitate a review. The County can strive to prolong the life of their Schedule if it continues to commit to maintaining its competitiveness with the external market by ensuring market updates occur. Given the current competitive market, the County is recommended to initially conduct a market update in three (3) years. Analyzing turnover and other human resource type metrics should help indicate if an external market update is required sooner or can be pushed back a year.

Total Rewards: Benefits

In addition to compensation, the County asked that a comparison of major benefits be completed. The following is a summary of these comparisons. It should be noted the recommendations contained in the benefit analysis will take time to evaluate with a benefits broker, and most cannot be quickly changed. This allows the County to understand their benefits among the comparable market and is independent of the compensation recommendations. The feasibility of feedback and options offered must be analyzed by the County as a whole, and are not immediate recommendations.

Health Insurance

The County offers two (2) health plan designs summarized as follows:

Table 3: Health Plan Summary

PLAN DESCRIPTION	DEDUCTIBLE AMOUNTS	MONTHLY EMPLOYEE CONTRIBUTION (S/F) WITHOUT HEALTH RISK ASSESSMENT	MONTHLY EMPLOYEE CONTRIBUTION (S/F) WITH HEALTH RISK ASSESSMENT
GHT Plan 1	$2000/$4000	$90.78/$223.86	$72.86/$188.02
GHT Plan 2	$1000/$2000	$174.89/$440.48	$156.98/$404.65

Most organizations have been forced to add higher deductibles and coinsurance limits onto health plans to push costs back onto the end users/consumers, which is now a standard across the nation. Outagamie County is no exception. Offering multiple plan options gives employees the opportunity to select the coverage that best matches their personal situation, which is a positive attribute to the benefits package.

The County offers a high deductible health plan with a Health Savings Account (HSA) option as a means to help the employee build a portable medical account, which is also very positive. In 2023, the County contributes $800 for employee single coverage and $1,600 for family coverage. This contribution to employee HSA accounts provides more relief from health care expenses. The comparables that provided their health insurance benefit information contribute, on average, $890 for single coverage and $1,780 for family coverage. The County is commended for providing this health insurance enhancement.

Premiums

It is extremely difficult to compare health insurance, as the number of plans and the plan designs are significantly different among organizations. What can be compared is the amount the employee contributes toward the cost of that insurance. As the County is aware, the cost of health insurance is a large budget item for any organization. Health insurance is often the single largest benefit looked at by potential new hires, so a review by the County of

employee contributions to this benefit is imperative for offering a comprehensive benefit package.

The Consultants compared the County's 2023 health plan with the comparable organizations' health plans for a more accurate reflection of insurance in this geographical region. The following are the results from comparable entities that provided benefit data, broken down into single and family coverage. Wellness incentives and HSA/HRA deposits are excluded.

Table 4: Single Plan Premium Comparison

COMPARABLE	PLAN DESCRIPTION	FAMILY MONTHLY PREMIUM	DEDUCTIBLE
Outagamie	GHT Plan 2	$440.48	$2,000.00
Calumet	HDHP	$489.93	$3,000.00
Appleton	LDHP	$510.47	$2,000.00
Grand Chute	Common Ground Healthcare Cooperative	$695.72	$1,000.00
Waukesha	Choice Plus	$739.41	$2,400.00
Grand Chute	Local IYC Access Dean	$843.40	$1,000.00

The above information indicates that the County is neither leading or lagging in the market for lowest employee premium amounts; however, that is not a comprehensive picture.

Expected Employee Cost

As premiums and deductibles are varied in the region, calculating the cost of the monthly premium plus the deductible reveals a clearer look at the expected employee cost. This calculation shows the County's true position in the market as shown in the Tables below.

Table 6: Single Plan Comparable Review

COMPARABLE	PLAN DESCRIPTION	ANNUAL PREMIUM	DEDUCTIBLE AMOUNT	EMPLOYER FUNDED HSA/HRA (CREDIT)	EXPECTED ANNUAL RISK TO EMPLOYEE

*Plans that did not report a premium or deductible excluded

Looking at the deductible with premium cost, the County's plans are slightly spread among the comparables. A final look at the County in relation to out-of-pocket maximums, follows.

Maximum Employee Cost

The following tables show that employees that experience a major medical event that exceeds the deductible costs will have a lower financial risk than in other comparable counties when considering the maximum out-of-pocket expenses.

Table 8: Single Plan Maximum Risk Comparative Review

COMPARABLE	PLAN DESCRIPTION	ANNUAL PREMIUM	OUT-OF-POCKET MAXIMUM AMOUNT	EMPLOYER FUNDED HSA/HRA (CREDIT)	HIGHEST ANNUAL RISK TO EMPLOYEE

*Plans that did not report a premium or out-of-pocket maximum excluded

Overall, Plan 1 has the least maximum risk to employees. Because the County is in a very competitive region, the organization should consider if premium adjustments, plan design, or additional contribution to the HSA can be considered to put the County in a more competitive position for health insurance.

Part-Time to Full Time Health Insurance Status Change

The County provides benefits to part-time employees working between 20-29 hours per week. The Consultants gathered benefit data from comparable organizations that also provide benefits to part-time employees. The County's current policy does not immediately change the level of benefit from part-time to full-time when the employee changes status, instead relying on the lookback period process. An existing employee who has worked part-time and is changing to full-time should be afforded the same level of benefits as new hire full-time employees. It is recommended the County adjust its policy so employees who have a change in employment status (part-time to full-time) see their insurance benefit change during the pay period of the occurrence.

Time Off Benefits

Time off and work life balance continue to be top areas candidates and employees look at when considering employment and retention. Therefore, the County's paid time off benefits were also reviewed.

Holidays

Currently the County offers a total of 10 observed holidays and 2 floating holidays per year. The comparables that provided holiday information reported combined totals between 8-16 days. The County could consider offering an additional floating holiday for better flexibility and competitiveness with neighboring comparables.

Vacation

The County has one (1) vacation model as of 1/1/2023 summarized as follows:

Table 10: Vacation Schedule

Vacation Description	Levels of Accrual	Minimum Accrual	Maximum Accrual	Years to Reach Maximum
Vacation Leave	4	10 days	25 days	15 years

Comparable organizations that report vacation, offer 5-23 days in the first year and have between 4-11 levels of accrual. The maximum number of vacation days range from 25-42 days, with most respondents at 25 days or above, which is occurring between the 14th and 30th year of employment.

There are no changes recommended for the vacation program for full-time.

Sick Leave

The County offers 12 sick days per year which results in 96 hours per year. Employees retiring may be eligible for a portion, or all, of accumulated sick leave to be paid out. The reporting comparables provide similar sick leave accruals from 48-96 hours per year, with most at 96 hours. No changes to sick leave accruals are recommended for full-time

Part-Time to Full Time Benefited Time Off Status Change

The County provides pro-rated time off to part-time employees based on the average hours worked. The County's current policy does not immediately change the level of benefit from part-time to full-time when the employee changes status, instead relying on the lookback period process. This results in an existing employee who has worked part-time and is changing to full-time having less benefited paid time than a new full-time hire. It is recommended the County adjust its policy so employees who have a change in employment status (part-time to full-time) see their benefits time benefit change during the pay period of the occurrence so the look back period is discontinued, and the employee accrues time off equal to any other full-time new hire.

In addition, the County may wish to look at how it pro-rates part-time benefited time off. Part-time personnel accrue benefited time off based on hours worked. Given the County has a significant number of part-time personnel to support its operations, this is an administrative load, and the County should consider whether the higher paid time benefit for those who work more hours outweighs the administration side of the calculation. The County may wish to consider a more simplified approach that gives employees 50% proration for 20-29 budgeted hours; 75% proration for 30-37 budgeted hours; and 100% for 37.5-40 budgeted hours.

Paid Time-Off

Although the County has sufficient time-off benefits, work-life balance, flexibility, and paid time-off topics are very important to the total compensation package. Having the rules and variations for each of the traditional methods of time-off may be confusing and frustrating for employees and managers, and it is likely a significant administrative burden to the administrative staff who setup and monitor the use of these forms of leave. Many organizations add stringent rules for the use of benefits to help the employees manage their personal situations, but that often makes programs more difficult to manage, so considering an alternative time-off program option may be beneficial to the County. This may also be very advantageous for future recruitment, when candidates are looking for increased flexibility with time off.

Paid Time Off (PTO) is a single bank of time-off, which is then used for sick, vacation, and even bereavement time, instead of having different banks of time for different

purposes. Some organizations include holidays into this program, while others do not. Generally, PTO has a larger overall rate than vacation, but less than vacation and sick time combined as a tradeoff for the increased flexibility provided under a PTO program, and there is an overall payout on the benefit. The benefit has administrative ease, simplification, and new flexibility for employees. Oftentimes the biggest challenge is transitioning accumulated sick and vacation hours into a new program, but this can be done successfully without loss of accumulated time. Organizations that have done this are satisfied with the result once the transition is complete. Although few comparable organizations identify PTO as a program they offer, the County could consider the concept of PTO to offer more flexibility within their benefits in the future. Some comparables have made this change for their employees.

Typically, when an organization transitions to a PTO program, there is discussion of what to do with the current banks of time. It is customary for vacation to be rolled over into the PTO program so employees start with a balance of time. Available sick time can then be rolled into an Extended Leave Bank, in which employees may utilize this bank for major illness/accident events and FMLA qualifying events. This way, the sick time the employee has already accumulated is still available for significant events in their personal life. For hours that have been earned and are vested, there will need to be a payout mechanism built into these banks so there is no loss to the employee as a result of the change in programs, but the banks simply do not need to accumulate new hours, if not desired by the County. Extended Leave Banks could be a grandfathered provision for current employees with sick time, so new employees would not be eligible. Other programs allow employees to move PTO into the Extended Leave Bank annually.

The County is recommended to consider PTO in the future. This would allow the County to offer more flexibility within their benefit structure for the current and future workforce.

Administrative Flexibility Time

It is common for Department Directors, exempt-level managers, and command staff to work more than a traditional 40-hour workweek. This is inherently an expectation of the job when accepted. With that said, public employers need to be cognizant of the fact that losses at that level of position due to burnout can have unintended consequences to an organization if succession planning is not occurring. Such consequences could have a delay in services to constituents for a period of time, as well as a loss of institutional knowledge for the organization. In addition, if promotions are not occurring because of the loss of overtime and/or additional expectations being put on directors and managers, this is an indication that employees may feel an imbalance, so employers should be gauging this proactively.

While it is understood that exempt management-level positions will likely work an excess of 40-hours per week and will report after hours and on days off for incident command, emergency response, and even scheduled meetings, every organization should ensure that

additional time is acknowledged, because these hours cannot always be flexed. The County should assess the positions that are regularly and substantially in this situation and provide these positions with an equivalent week of paid time for their administrative/operational responsibilities that regularly require them to exceed standard workweeks. This bank of time should be provided to these positions annually, but does not accumulate, so it is 'use it or lose it.' This should help these employees better balance their time away from work. Ensuring these employees are able to utilize the banked time should be a priority for the County. The Consultants recommend the County review positions in Pay Grade Q-V for this benefit. The County may identify other exempt-level positions that would qualify.

Payout Provisions

In terms of payouts, the County's payout provision is in the form of cash. This payment is then considered taxable to the employee, and the County pays related employment taxes on these amounts. Further, these payments need to be recorded as liabilities on the County's financial statements. The County could consider enhancing the payout provisions in a way that will assist employees with their future health care needs since the main reason employees choose not to retire is because they financially are not able to or cannot afford to continue health care coverage. These payouts could be developed to create a post-employment medical trust for the employee in which deposits are tax-free for both the employee and employer, is not considered income to the employee, and is to be used for medical expenses by the employee/qualified beneficiaries.

Retirement Contributions

In addition to the mandatory Wisconsin Retirement System (WRS), the County currently offers Deferred Compensation 457(b) and Roth IRA voluntary retirement options for employees to enhance their financial portfolio based on their own contributions. The County offers two (2) vendors to give the employees additional options.

Although the County contributes the state mandated employer contribution for WRS, at least one (1) municipality outside the County's market region has started to offer matching contributions to employee contributions into their 457(b) accounts, which is a recruitment and retention tool.

Total Rewards: Well-being

Today's employees are looking at the "big picture" when assessing where they want to work. Often, it extends beyond the traditional areas of compensation and benefits. Many organizations still consider elements of well-being, or work-life effectiveness, to be classified as benefits. The Total Rewards model takes into account the fluidity of the relationship between compensation, benefits, work-life effectiveness, recognition, performance management, and talent development. It will be up to Outagamie County to determine where the various elements will be categorized and how initiatives will be carried out. For the purposes of the report, this area has been provided separately.

Well-being, or work-life effectiveness comes from a specific set of organizational practices, policies and programs plus a philosophy that actively supports efforts to help employees achieve success both at work and at home. This philosophy recognizes every worker's need to be appreciated as a contributor to the organization's success. Productivity is enhanced when the organization supports employees in their efforts to manage both work and personal responsibilities. This supportive environment leads to an improved ability to attract, motivate, engage and retain members of the workforce. The major areas to consider are how the County can support health and wellness, workplace flexibility, dependent care, financial support programs, community involvement program, and culture change initiatives.

The following are considerations to enhance the County's current Total Rewards program to support employees at different phases of their life. The feasibility of the options must be analyzed by the County as a whole, and are not immediate recommendations.

Wellness Program

Wellness initiatives can be positive influences toward the work culture and health of the organization. The County provides comparable employee wellness benefits. Employees can earn insurance premium discounts by participating in a Health Risk Assessment. Other programs provided include learning seminars, 'Lunch and Learns', weight loss challenges and access to on-site fitness centers. Other organizations indicated they offer cash rewards, gym membership, insurance premium discounts, and additional HSA contributions. These benefits are also available to part-time insurance participants.

Childcare Assistance

Childcare is one of the most expensive household expenses, and often is a barrier to employment for that reason. Offering a childcare discount can increase employee satisfaction and engagement, and can be a major recruitment tool. Similar to how the County provides contributions to a Health Savings Account, pre-tax contributions can be made to a Dependent Care Flexible Spending Account. Alternately, the County could consider a

percentage, flat rate, or scholarship program to subsidize this expense. An on-site childcare facility with discounted tuition would also be a highly welcomed benefit for working parents. Although this was not a benefit found in the comparable market, this is a benefit some employers are considering on a national level.

Long Term Care Insurance

Long-term care (LTC) is different from traditional medical care. Long-term care goes beyond medical treatment and nursing care to helping people cope in the face of a chronic illness or disability. Long-term care provides support in performing everyday tasks. People need long-term care for a number of reasons, but often it is simply for the process of getting older. Long-term care services are typically needed by individuals unable to perform activities of daily living or who become cognitively impaired. As the County's workforce matures, there is a greater need for long-term care services which can be a significant financial burden without proper insurance coverage. Because this is a critical component to retirement planning, more employers nationally are offering LTC insurance programs and education.

Paid Parental and Elder Care Leave

Paid leave for employees who are new parents or will become parents is becoming a more common benefit that growing to include employees who need support in other facets of life including providing care and support to aging parents. These paid benefits are not required in Wisconsin; however, other states are adopting mandatory benefits of this nature, which is gaining support nationwide. Offering a paid leave benefit aligned to Family Medical Leave qualifying events for a duration of between 2-6 weeks should be considered by the County.

Volunteering Time Off

Volunteer time off is a paid leave system that allows employees to donate their time to local nonprofit organizations. Volunteer leave policies make an organization appealing to potential and existing employees who have a strong desire to give back to their community. In addition, this type of program allows employers to give back to their communities and nonprofits. Volunteer leave is when workers devote their leave period to charitable or community service activities. Some employers give their employees the freedom to choose where they want to spend their volunteer leave time, while others limit it to pre-approved locations. Volunteer time off is typically 1-2 days per year.

529 College Savings Plan

A 529 plan is a tax-advantaged savings plan designed to help families save for college and a range of other qualified education expenses which is outlined in Section 529 of the Internal Revenue Code. This is a voluntary benefit option for the County to include in its benefits

portfolio, while the preferred vendor works directly with the employee for enrollment and fund management.

Onsite Medical Clinic

Productivity, safety, employee engagement, and organizational culture, are impacted by sick staff. When it comes to illness, no industry, region, or sector is immune to the consequences of employee illness and its effect to an organization. Onsite clinics are becoming part of enhanced medical benefits, and given the size of the County, exploring an onsite clinic with a local provider, a dedicated clinic option for the employees means no drive time or waiting in crowded waiting rooms, employees don't have to worry about trying to determine if the physician they're seeing is in-network, and typically reduces ER visits. On-site clinics are convenient for employees, can be a very effective recruitment/retention tool, and can have a positive effect on the employer's health plan costs. The County should be commended for their onsite clinic services to employees.

Expanded EAP Services

Standard Employee Assistance Programs typically provide free and confidential services to help deal with life's stresses. Expanded EAP Services provide assistance on a broader basis, to include services for the employees and their dependents, such as financial planning, credit counseling, estate planning, adoption assistance, wellness coaching, and assistance to find resources in the community for long term care needs, elder care support, etc. Often times, these expanded EAP services can provide literature, Lunch and Learn options, and even web or podcast access, etc., which can expand opportunities for employee utilization beyond what the behavioral health services provides through the onsite clinic. These programs are widely used in Wisconsin counties.

Total Rewards: Talent Development

Training and professional development are critical elements that support sustaining a highly talented workforce. Offering ongoing training and professional development opportunities for all employees is critical so they may advance their skills and competencies in both their short- and long-term careers.

Talent development should be a shared responsibility by the County and employees. As an employer, the County must anticipate future workforce needs and provide training and learning opportunities to prepare employees for these roles. Employees should proactively take ownership of the development of their careers by knowing what skills and competencies are needed for advancement and actively seek out opportunities to gain them.

Strategically, each Department, with the support of Human Resources, should be identifying the skills, expertise, and competencies required for its current and future organizational needs so it can create training and development plans to prepare employees for higher level responsibilities and positions. Lack of career advancement opportunities or even training opportunities is often a consideration for recruitment and retention.

Because the County has training opportunities and education reimbursement opportunities established, the County's primary opportunity is to identify and deploy training and development opportunities for employees to participate in on major topics that will mutually benefit multiple departments. An example is as follows:

1. Employee Track– topics relevant to all employees, including ethics, safety/defense topics, customer service, sexual harassment, discrimination, ADA, First Amendment with public employees, new software training, etc. These topics may rotate and evolve over time. Future topics desired by Department can be submitted for consideration/development.

2. Supervisory Management Track- basic employment law topics as previously identified plus FMLA, performance management, workplace documentation, resolution dispute, motivating employees, diversity training, effective communication, having difficult conversations, goal setting, team building, etc. Although the employment law topics should be updated annually, all other topics may rotate and evolve over time. Future topics desired by Department can be submitted for consideration/development.

3. County Administrative Processes Track- budget development and monitoring, purchasing, recruitment process, records management, in-house software, etc.

Total Rewards: Recognition

When employees feel valued at work, it typically increases engagement, satisfaction, and productivity. Recognition shows employees that they are valued by the organization. In order for that to be successful, recognition has to be done properly, and there isn't a one-size-fits-all approach. The County should look at its recognition programs to enhance this area. Some items for the County to consider when developing the program include:

- Be genuine and authentic.
- Make it personal.
- Recognize behavior and effort as well as achievement.
- Allow for peer recognition as well as supervisor recognition.
- Recognize employees in the way that they prefer to be recognized.

The purpose of a recognition program acknowledges the exceptional work of employees who are striving to exceed their employment goals by accomplishing assignments that go above and beyond their traditional work efforts. Recognition can be at the Committee or County Board level, and can be recognized on the County website. Recognition does not need to be tied to compensation.

As an example, a recognition program can include (but not be limited to):

1. Demonstrated completion of innovative activities that result in economic savings for the Department/County.
2. Customer service enhancement, and/or elimination of duplicative or redundant manual service efforts.
3. Demonstrated customer service on a continual basis that exceeds County standards resulting in communication from community members acknowledging the employee's exceptional outreach and support.
4. Demonstrated commitment to the County's values such as conflict and difficulty concerning work-related matters that is constructively resolved for the good of all parties, including establishing and restoring long-term relationships with citizens.
5. Demonstrated acceptance of additional work assignments above and beyond the standard range of assigned duties, especially as the County experiences challenges and changing expectations of the community.
6. Demonstrated innovation in the use of technology/artificial intelligence and advanced resources to complete projects and services.

Total Rewards Summary

Attraction, motivation, engagement and retention are key issues facing all employers. Successfully addressing these issues begins with an understanding of the Total Rewards model and developing a Total Rewards strategy to use based on what offerings the County currently has in place, along with considering the future opportunities presented. In addition to the major immediate recommendation in Classification and Compensation, the Benefits, Well-being, Talent Development and Recognition opportunities for the County should be considered as a whole to formulate the Total Rewards strategy that will lead to improved recruitment and retention, and will help support Outagamie County's desire to be an employer of choice within the region.

Appendix C: Compensation Policy Guidelines

These guidelines are provided to the County to utilize in conjunction with the new compensation system. The County is recommended to assess these guideline recommendations as the current County Compensation Policy is updated.

New Hires

Employees start at Step 1 of the Pay Grade if the employee has the minimum skills and abilities required in the job description. The hiring supervisor, with appropriate department leadership approval, can start experienced individuals up to Step 5. Any requests for placement above Step 5 may occur only with the approval of Human Resources. The County may wish to develop a Hiring Matrix for objectivity in this process.

Cost of Living Adjustment

On January 1st of each year (or another date specified by the County), employees should receive an annual cost of living adjustment equivalent to the percentage adjustment of the Salary Schedule.

Annual Adjustment

On the employees adjusted date of hire (anniversary date), employees should receive a step increase based on performance, to Step 10. Employees who are not performing to the County's standards will have their annual increase held until such time as performance improves, or when approved by Human Resources.

Promotions

The County is recommended to continue its promotional process, so an individual who moves to a position of a higher Pay Grade, will be placed at Step 1 of the new salary range; Or if the employee's current rate is within the new range, the employee will be placed on the step that provides at least a 3% increase, but not to exceed 10%.

Demotions

There are a number of situations that can occur resulting in an employee's pay being lowered and the pay may not be within the established Salary Range. Dependent upon the circumstances, an individual's pay can be handled differently. It will be the responsibility of the Human Resources Director to determine the pay implications due to employee demotions. The following are suggested guidelines:

A. Demotions that occur because of position changes and/or position consolidations (not based on the performance of the employee), the salary can be "red circled" and frozen at that level until the Salary Range of the new Pay Grade catches up to the employee's salary.

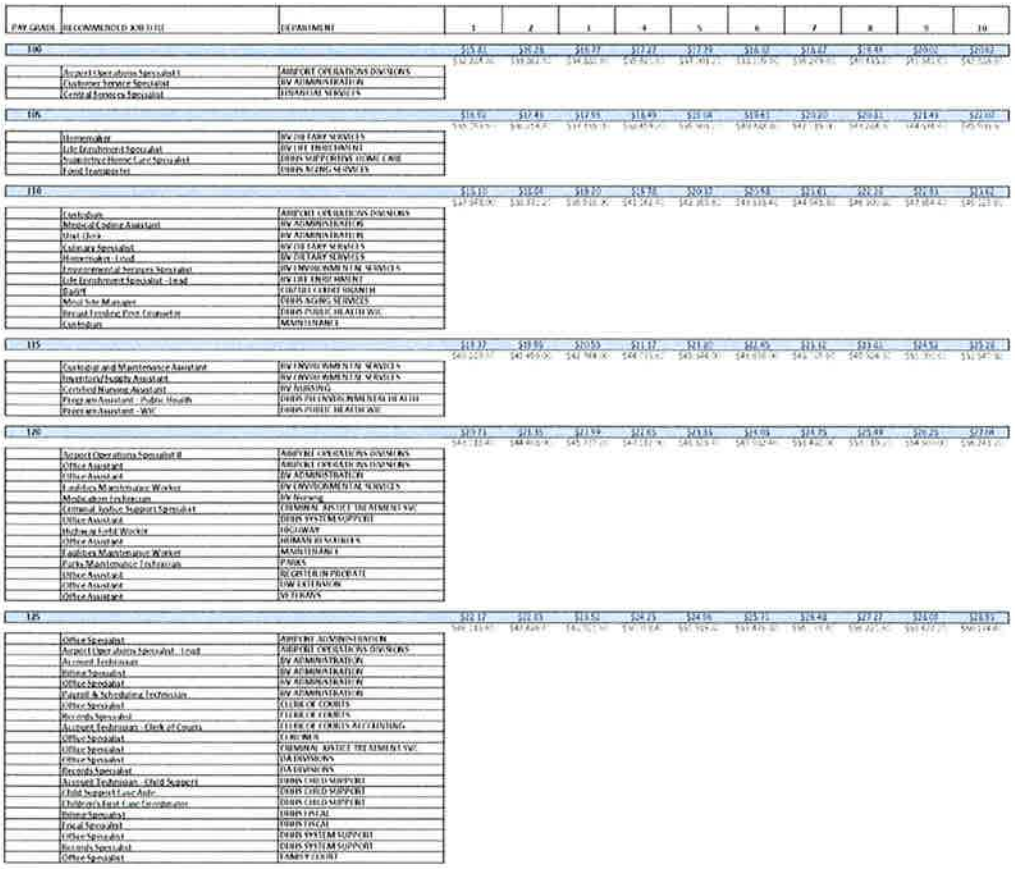
B. Demotions that occur because the employee voluntarily applied for and accepted a position in a lower Pay Grade, the salary will be reduced within the new Salary Range as close to the current salary as possible. If the salary is above the new salary range, then treatment will be as described in "A" above.

C. Demotion that is a result of the employee's performance, the employee's salary is decreased to a placement within the Salary Range of the new Pay Grade, as determined by the Human Resources Director. Demotions of this nature are rare circumstances.

Top of the Range

When an employee reaches the Maximum step of their Pay Grade, they will be eligible only for the cost-of-living Salary Schedule adjustments. Some employers view this is as deterrent for tenured employees to continue to perform at the County's level of expectation. Therefore, the County may consider the option for employees who reach the Maximum Rate to receive the equivalent annual increase in the form of a lump-sum non-base building payment. This method of payment still provides additional compensation to an employee but does not compromise the Schedule.

Position Pay Grade Changes



Pay Grades may change under the following circumstances:

A. Management request for a Pay Grade Evaluation

A Department Head may request a Pay Grade evaluation for any position in their Department, via procedures identified by the Human Resources Director. The request should be in writing, including job duty changes or other circumstances that have precipitated the evaluation. This should include the old job description along with either a new job description or a document that illustrates the changes. It will be the responsibility of the Human Resources Director to determine if the position should be sent to the Consultants for evaluation. It should be noted that significant changes to a position's responsibility that could prompt reclassification should receive prior approval from the Human Resources Director in order to avoid unapproved position creep.

B. Administration Initiation of a Pay Grade Evaluation
Administration may determine a position needs to be evaluated as a result of a County-initiated position and/or program changes, organizational structure changes, recurring minimal modifications to positions that over time may result in substantive change in a position, and recruitment or retention challenges.

If after a Pay Grade Evaluation, it is determined the employee's current salary is below Step 1 of the new Pay Grade, the employee should be placed at Step 1 of the new Pay Grade. If the current salary is within the new Salary Range, it will be at the discretion of the Human Resources Director as to whether any further adjustment occurs.

ADDITIONAL ALLOWANCES

AIRPORT
Non exempt employees if asked to perform line service duties will be exempt of living expenses per home activities, such as for the ACDM incident. Eligible employees earn $5.50 per hour (5.5 cents per hour for overtime) for every hour performing snow and ice control duties during an active snow removal operation.

BREWSTER VILLAGE
Non exempt employees who work the late shift shall receive two dollars ($2.00) per hour in addition to the above rates. [only applies to seven day per week employees]
Non exempt employees who work the second shift shall receive three dollars ($3.00) per hour in addition to the above rates. [only applies to seven day per week employees]
Non exempt employees who work weekends from the start of the third (3rd) shift on Friday night, to the start of the third (3rd) shift on Sunday night. shall receive two dollars ($2.00) per hour in addition to the above rates. [only applies to seven day per week employees]
Non exempt employees who have been assigned as a trainer according to the Brewster Village Team Leader Training Program. Trainers receive an additional one dollar ($1.00) per hour during all their regular assigned hours for each hour spent actively training. [only applies to seven day per week employees]
RNs who fill in as a Nursing Supervisor receive $2.00 more per hour.
Maintenance employees required to wear a uniform will receive $100 per year allowance.
All employees required to wear safety shoes are responsible for purchasing and wearing safety shoes/boots to comply with the County's Personal Protective Equipment policy. Each affected employee is eligible to receive an annual (per calendar year) reimbursement up to forty dollars ($40) for purchase of safety shoes, with presentation of proper receipt to your supervisor.

JUSTICE CENTER
An additional two dollars and fifty cents ($2.50) per hour will be paid for each hour a Correctional Officer, Telecommunicator, Booking Specialist or Records Specialist is assigned to work as a Field Training Officer.

HIGHWAY	
Sign Technician	Non exempt employees assigned to work as the assistant to the Sign Technician shall be paid an extra half hour for each day worked as the assistant which is not subject to overtime.
Body Shop Duty Pay	Non exempt employees normally assigned to perform body shop work shall be paid an additional half hour for each day worked performing body shop duties, which is not subject to overtime.
CDL Reimburse-ment	The county shall pay up to one hundred fifty dollars ($150.00) toward the cost of successfully obtaining/renewing a CDL and endorsements that are required by the county, including background screening fees, upon presentation of receipts, for employees who have completed their original introductory period. Costs above $150 can be reimbursed to the employee via the Continuing Education Policy.
Shadowing Pay	In the event that a non exempt employee is required to work consecutively for more than four (4) hours beyond the regular scheduled workday without time off, the employee shall receive ten dollars ($10.00) differential pay.
Lead Pay	Non exempt employee assigned to the lead pay position will be paid at a rate of one extra half hour per shift worked which is not subject to overtime.
Night Duty Pay	Shift Differential will be paid to non exempt employees for scheduled night work when the work performed is between the hours of 6:00 PM and 6:00 AM for the Highway and Transfer stations. Shift Differential Pay will start no sooner than 7:00 PM. The rate will be two (2) hours pay for each shift worked which is not subject to overtime. Shift Differential does not apply for any accident or weather related incident that occurs and employees are called in to work during the event. Example: A 4 day work week would result in 8 hours of pay. A five day work week would result in 10 hours of pay.
Overtime	Over 10 hours in a day and/or 40 hours in a workweek. All hours on Sunday. Paid holidays.
Ramp Duty Pay	Non exempt employees assigned to Ramp Person duties shall be paid an additional $0.75/hour during the assignment. Typically beginning in November and ending sometime in March or April.
Safety Shoe Reimburse-ment	All employees required to wear safety shoes are responsible for purchasing and wearing safety shoes/boots to comply with the County's Personal Protective Equipment policy. Each affected employee is eligible to receive an annual (per calendar year) reimbursement up to forty dollars ($40) for purchase of safety shoes, with presentation of proper receipt to your supervisor.
Paving Crew Duty Pay	Non exempt employees assigned as screed Operator, employees assigned as Roller Operator, and employees assigned as Paving Duty Operator during the paving season, shall be paid seventy five cents ($0.75) for each day worked on the paving crew, which is not subject to overtime.
Tool Reimburse-ment	Reimburse mechanics for tools purchased up to $250.00 per year, payable upon the submission of a receipt substantiating the purchase. Reimburse employees assigned to the body shop and weld shop for safety purchased up to $125.00 per year, payable upon the submission of a receipt substantiating the purchase.
Welder Duty Pay	Non exempt employees normally assigned to perform welding duties shall be paid an additional half hour for each day worked as a welder, which is not subject to overtime.

I, Jeffrey L. King, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the September 12, 2023 County Board Minutes approved by a majority vote at a meeting of the County Board on September 12, 2023 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 12th Day of September, 2023

/s/ Jeffrey L. King
County Clerk

Please call the Outagamie County Clerkš Office (832-5077) if you would like further elaboration of these minutes.

RUN: October 9, 2023

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, September 26, 2023.

The Board met pursuant to adjournment, and was called to order by Chairperson Nooyen at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 30 present, 6 absent. Members present: Thompson, Miller, Patience, Gabrielson, Konetzke, Hammen, Lawrence, Krueger, Lamers, Ferguson, McCabe, MacDonald, Schroeder, Croatt, Cooke, Santonato, Cuff, Hagen, Klemp, Thiede, Nooyen, Weinberg, Culbertson, Monfils, Winterfeldt, Nejedlo, Clegg, VanderHeiden, Rettler, and Lautenschlager. Members Absent: Smith, Wegand, Hermes, Spears, Thyssen, and Koury

The Board Chairperson requested the Board's confirmation to excuse Supervisor Smith, Supervisor Hermes, Supervisor Thyssen, and Supervisor Koury. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Nooyen.

MINUTES OF THE SEPTEMBER 12, 2023 COUNTY BOARD MEETING
Supervisor Croatt moved, seconded by Supervisor Cuff, to approve the minutes of the September 12, 2023, County Board meeting.

ROLL CALL: 28 yes, 2 abstain (Lautenschlager, Rettler), 6 absent. MINUTES OF THE SEPTEMBER 12, 2023, BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS –

Pam Seidl, Executive Director, Fox Cities Convention & Visitors Bureau, will report on tourism and its impact on Outagamie County

- The Fox Cities Convention & Visitors Bureau was formed in 1985 as a division of the Fox Cities Chamber.
- The Fox Cities Convention & Visitors Bureau became an independent 501c6 organization in March of 1988.
- There is a Board of Directors that includes municipal appointees, hotel industry representatives, and members at large from the hospitality or tourism industry.
- There are 9 staff members.
- The Fox Cities Convention & Visitors Bureau is funded by the 2.85% hotel/motel room tax.
- Nineteen communities within three different counties are served by the Fox Cities Convention & Visitors Bureau.
- The Fox Cities room tax allocations total 10% tax: 2.85% goes towards Fox Cities Convention & Visitors Bureau operations, 3% goes to Town of Grand Chute CDA for Champion Center bonds, 3% goes to the Appleton Redevelopment Authority for Fox Cities Exhibition Center bonds, and 1.15% is retained by municipalities.
- Tourism in 2022 was a record breaking year with $558M in direct visitor spending, $729M in total economic impact, 6,735 total jobs generated, and $62M in state and local taxes generated.

- Within Outagamie County in 2022 there was $389M in direct visitor spending, $683M in total economic impact, 5,498 in total jobs generated, and $44M in state and local taxes generated.
- Outagamie County ranks 8th in visitor spending in Wisconsin, right behind Door County which ranks 7th.
- Director visitor spending was impacted negatively by the pandemic in 2020, but in 2022 surpassed pre-pandemic numbers.
- Visitors spend the largest amount of spending on food & beverage, second being lodging. Rec/entertainment has had a large amount of growth as well with 112.9% growth relative to 2019.
- Each household in the Fox Cities would need to be taxed an additional $827 per year to replace the tourism taxes received by state and local governments.
- Hotel occupancy has continued in a normal trajectory since 2020. Business travel has changed since the pandemic and may be forever changed moving forward.
- Room revenue has been above average, much of which is inflation induced. Room rates have increased as the cost for workforce and inventory have increased.
- The Fox Cities Convention & Visitors Bureau have an alliance with ATW:
    - Brought in a Denver journalist to the Fox Cities via an ATW direct flight.
    - Digital advertising campaign in direct flight markets for the 2025 NFL Draft.
    - Top 5 origin markets for ATW include: Green Bay-Appleton, Milwaukee, Wausau-Rhinelander, Chicago, Tampa-St. Petersburg (Sarasota)
    - Other top ranking origin markets include: Phoenix, Orlando, Las Vegas.
- Champion Center – 2022 in Review
    - Activities took place on 357 out of 365 days out of the year in 2022.
    - Tournaments and games took place on 48 of 52 weekends.
    - 66 tournaments generated over $4.2M in direct visitor spending at businesses in the Fox Cities.
    - Roughly 98% of the participants were 18 years old or younger.
    - "Home Teams" include: NHM Hockey, Valley Figure Skating, Lawrence University Women's Hockey.
    - A record breaking 8,730 slushies were sold at the concession stand in 2022.
    - The Champion Center offers many benefits to local residents: 7,907 practice hours, 57,590 practice participants, 83 sports camps, 1,330 open skate participants.

Supervisor questions and comments followed.

ESTABLISH ORDER OF THE DAY

Chairperson Nooyen reported the request to have Resolution Nos. 47, 48, 49 and 51 —2023-24 locked in at the meeting.

Chairperson Nooyen asked for unanimous consent to handle all reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

COMMUNICATIONS –

COMMUNICATION REFERRAL LIST

September 26, 2023 County Board Meeting

No.	Adopted Date	Received From	Subject	Referred To
1	08/28/2023	Buffalo County	A Resolution Regarding Foreign Ownership of Farmland	Resolution No.: 147-2022-23

Chairperson Nooyen summarized the following communications:

- The County Executive's Report is in Drop Box.
- Three Supervisors still need to finish the IT security training. An email reminder was recently sent to these individuals from Legislative Services.
- Tuesday, October 17th from 5:00 pm - 6:30 pm, there will be an open house and picnic held at the new Plamann Park pavilion for the County Board. A roll call was taken for an estimate of how many supervisors will be able to attend: 25 yes, 5 no, 6 absent. An email with the details will be sent out in the near future.

County Executive Nelson nomination for appointment of Anne Van to the Outagamie County Local Emergency Planning Committee, said term expiring June 30, 2025.

Supervisor Patience moved, seconded by Supervisor Cooke for confirmation of the above-listed appointment.

ROLL CALL: 30 yes, 6 absent. ANNE VAN IS APPOINTED TO THE OUTAGAMIE COUNTY LOCAL EMERGENCY PLANNING COMMITTEE.

UNFINISHED BUSINESS – None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Resolution No. Z-4—2023-24 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve the rezone request for the Town of Grand Chute for parcel 101038010, from the Local Commercial District to the R-3 Single-Family Attached Residential District for a future single-family residential condominium development in the Town of Grand Chute, as depicted on the attachments.

Supervisor Rettler moved, seconded by Supervisor VanderHeiden, for adoption.

ROLL CALL: 29 yes, 1 no (Thiede), 6 absent. RESOLUTION NO. Z-4—2023-24 IS ADOPTED.

Resolution No. 46—2023-24 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Approve to request that the Wisconsin State Legislature revise Wis. Stat. § 66.0401(1m) and Wis. Stat. § 196.491, as noted on the resolution, to grant Wisconsin counties the authority to responsibly site utility-scale solar installations, to maintain orderly planning and comply with the statutory requirement laid out in Wis. Stat. § 66.1001(3) to adhere to the objectives, goals, and policies contained in the County's comprehensive plan.

Supervisor Lautenschlager moved, seconded by Supervisor Klemp, for adoption.

ROLL CALL: 29 yes, 1 no (Cooke), 6 absent. RESOLUTION NO. 46—2023-24 IS ADOPTED.

Resolution No. 47—2023-24 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Authorize and approve execution of the attached Great Lakes Sediment and Nutrient Reduction Program Grant Contract between the Great Lakes Commission and the Outagamie County Land Conservation Department, and approve of increasing the following line items in the Land Conservation Grants Cost Center: Intergovernmental Revenues by $116,541; Purchased Services by $95,325; Salaries by $13,660; Fringe Benefits by $6,556; Travel/Training by $1,000, as noted on the attached fiscal note.

Supervisor VanderHeiden moved, seconded by Supervisor Lautenschlager, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 47—2023-24 IS ADOPTED.

Resolution No. 48—2023-24 – Finance Committee. Authorize and approve the following Central Services line items: increase Capital Outlay by $16,000, and decrease the Salaries by $11,000, and decrease the Fringe Benefits by $5,000, as noted on the attached fiscal note, to purchase a folding machine and document cutter for the Central Services Department.

Supervisor Miller moved, seconded by Supervisor Croatt, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 48—2023-24 IS ADOPTED.

Resolution No. 49—2023-24 – Finance Committee. Support the attached Town of Freedom Tax Incremental District (TID) No. 3 Project Plan, and recommend that the County representative on the Town of Freedom TID Board of Review vote in favor of this plan.

Supervisor Lawrence moved, seconded by Supervisor Croatt, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 49—2023-24 IS ADOPTED.

Resolution No. 50—2023-24 – Highway, Recycling and Solid Waste Committee. Authorize the Recycling and Solid Waste Director, Acting Director, Interim Director, Recycling Manager, or Solid Waste Manager to act on behalf of the County to sign and submit applications to the Department of Natural Resources for financial assistance, sign necessary documents, and submit a final report, as defined by §287.23 and §287.24, Wis. Stats., and Chapter NR 542, 544 Wis. Admin. Code.

Supervisor Clegg moved, seconded by Supervisor Nejedlo, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 50—2023-24 IS ADOPTED.

Resolution No. 51—2023-24 – Property, Airport, Recreation and Economic Development Committee. Approve to grant We Energies an easement for parcel number 311672311 in the City of Appleton, as noted on the resolution and attachments.

Supervisor Culbertson moved, seconded by Supervisor Monfils, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 51—2023-24 IS ADOPTED

RECONSIDERATION OF RESOLUTION NOS. 47, 48, 49 AND 51 —2023-24.

Supervisor Gabrielson moved, seconded by Supervisor Santonato, to reconsider the above listed resolutions.

Vote for reconsideration. ROLL CALL: 30 yes, 6 absent. RESOLUTION NOS. 47, 48, 49 AND 51 —2023-24 ARE RECONSIDERED.

Vote for lock in. ROLL CALL: 30 yes, 6 absent. RESOLUTION NOS. 47, 48, 49 AND 51 —2023-24 ARE ADOPTED & LOCKED IN.

Outagamie County — 9-26-23 County Board Meeting - September 26 2023 07:28:03 PM — September 26, 2023 County Board Meeting — OpenMeeting

RESOLUTION NO.: Z-4—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Grand Chute has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Grand Chute be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for the Town of Grand Chute. The proposed rezoning is for parcel 101038010, from the Local Commercial District to the R-3 Single-Family Attached Residential District to accommodate a future single-family residential condominium development. The parcel is located West of N. Galaxy Drive in the Town of Grand Chute, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Town of Grand Chute Clerk, the Town of Grand Chute Community Development Director, and the Town of Grand Chute Community Development Administrative Assistant.

Dated this 26th day of September, 2023

MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **August 17, 2023**
RE: **PL202300364: Rezoning – Town, Review and Recommendation**

Application Details:

Applicant and Owner:	Tracy Olejniczak & Michael Patza on behalf of Town of Grand Chute (Owner)
Request:	Rezoning - Town
Parcel:	101038010
Location:	West of N Galaxy Drive TOWN OF GRAND CHUTE
Public Hearing:	August 3, 2023 at 6:00 PM held by the Town of Grand Chute

Background:
A Town Rezoning request was received from the Town of Grand Chute, as depicted on the Rezoning Map (Exhibit 1). The proposal would rezone parcel 101038010 (3.66 acres) from the Local Commercial District to the R-3 Single-Family Attached Residential District to accommodate a future single-family residential condominium development. More information is in the Town's staff memo (Exhibit 2).
The Town of Grand Chute exercises village powers and adopted General Town Zoning. The Town of Grand Chute is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Plan, which designates this area as "Urban."

The Town Board voted to approve the rezoning request on August 15, 2023.

Staff Recommendation:
Based on County planning staff's review of this proposed Town Rezoning, Staff recommends to: approve the rezoning of parcel 101038010 from the Local Commercial District to the R-3 Single-Family Attached Residential District.

6/7.

Town of Grand Chute
Rezoning Request

To: Plan Commission

From: Michael Patza, Community Development Director

Date: July 26, 2023

Address: North of N. Galaxy Drive (Tax Key Parcel No. 101-038010) **App. #: Z-04-2023**

REQUEST

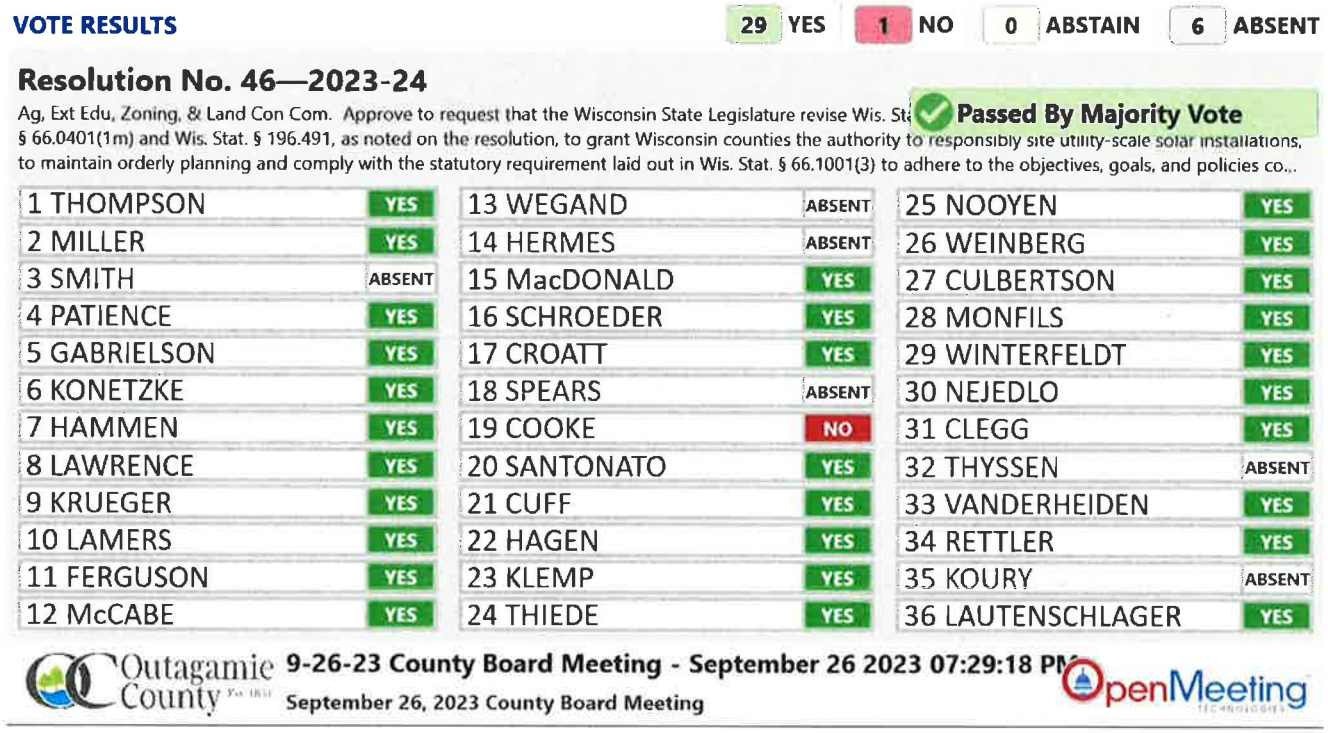
This Town is initiating a rezone from **CL Local Commercial District to R-3 Single-Family Attached Residence District,** to accommodate a future single-family residential condominium development.

ANALYSIS

The request is to rezone 3.6 acres of Town-owned land located north of N. Galaxy Drive to accommodate a single-family residential condominium development. The Town received an Offer to Purchase the property from Romenesko Developments, Inc., which was approved by the Town Board in June, 2022. The property is located within Town of Grand Chute Tax Increment District (TID) No. 2. The project to extend N. Galaxy Drive to provide access to the property is expected to be completed in 2023 using TID funds.

The rezoning request is consistent with the zoning classifications of the adjacent residential condominium property to the west. Additionally, the R-3 Single-Family Attached Residence District classification is intended to serve as a transitional district between less dense residential districts, located to the north, and commercial districts, located to the south. Rezoning of this property R-3 Single-Family Attached Residence District classification is consistent with the Urban designation for this district as identified in the Town of Grand Chute Comprehensive Plan.

The developer has submitted plans to the Town including a Special Exception Permit to establish a Planned Unit Development (PUD), Condominium Plat, and Site Plan for 15 single-family detached condominiums. Those items will come before Plan Commission and the Town Board for consideration at future meetings. Review of the documents submitted indicates the site is adequately sized and positioned to accommodate the proposed use within the requirements prescribed in the Zoning Code (cover sheet of Condominium Plat is attached).



RECOMMENDATION

Staff has reviewed and supports a Plan Commission recommendation to rezone the property located north of N. Galaxy Drive from CL Local Commercial District to R-3 Single-Family Attached Residence District. (Ordinance No. O-09-2023)

Resolution No. 46—2023-24 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Approve to request that the Wisconsin State Legislature revise Wis. Stat. § 66.0401(1m) and Wis. Stat. § 196.491, as noted on the resolution, to grant Wisconsin counties the authority to responsibly site utility-scale solar installations, to maintain orderly planning and comply with the statutory requirement laid out in Wis. Stat. § 66.1001(3) to adhere to the objectives, goals, and policies contained in the County's comprehensive plan.

Supervisor Lautenschlager moved, seconded by Supervisor Klemp, for adoption.

Outagamie County — 9-26-23 County Board Meeting - September 26 2023 07:29:18 PM
September 26, 2023 County Board Meeting
OpenMeeting

RESOLUTION NO.: 46—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

As a result of Wisconsin State law, counties possess limited authority to regulate solar energy systems in their community.

The regulation of solar energy systems is generally dependent on size, with smaller solar energy systems being subject to Wis. Stat. § 66.0401(1m) and larger solar energy systems (those above 100 megawatts) being subject to Wisconsin Public Service Commission (PSC) standards.

While Wis. Stat. § 66.0401(1m) provides a mechanism for counties to consider areas of local concern, it provides little ability for counties to restrict or even deny a project based on local concerns from residents, environmental impact, or economic impact. Within Wis. Stat. § 66.0401(1m), terms like "public health" or "safety" are undefined, a clear evidentiary threshold was never included; and, while found within Wis. Stat. § 59.69, the term "welfare" was not included with the reason for its omission uncertain.

Public utilities and private developers are using a loophole in Wis. Stat. 196.491(3)(d) 2 and 3 that exempts wholesale merchant plants from meeting the same standards as public utility companies in order to receive their Certificate of Public Convenience and Necessity (CPCN) and then immediately turn around and sell the project to a public utility company.

The State has given planning and zoning authority to the County through Wis. Stat. § 59.69, specifically in order to "promote the public health, safety, convenience and general welfare; to encourage planned and orderly land use development; to protect property values and the property tax base" and to "preserve wetlands; conserve soil, water, and forest resources; to protect the beauty and amenities of landscape and man-made developments; to provide healthy surroundings for family life." However, when it comes to utility-scale solar, the County process and authority is completely circumvented.

The Outagamie County Planning Staff and Zoning Committee both request the State of Wisconsin revise the Solar Energy System Law.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors, hereby requests that the Wisconsin State Legislature revise Wis. Stat. § 66.0401(1m) and Wis. Stat. § 196.491 as follows in order to grant Wisconsin counties the authority to responsibly site utility-scale solar installations in order to maintain orderly planning and comply with the statutory requirement laid out in Wis. Stat. § 66.1001(3) to adhere to the objectives, goals, and policies contained in the County's comprehensive plan:

> ~~**66.0401(1m)** Authority to restrict systems limited. No political subdivision may place any restriction, either directly or in effect, on the installation or use of a wind energy system that is more restrictive than the rules promulgated by the Commission under s. 196.378 (4g) (b). No political subdivision may place any restriction, either directly or in effect, on the installation or use of a solar energy system, as defined in s. 13.48 (2) (h) 1. g., or a wind energy system, unless the restriction satisfies one of the following conditions:~~
> ~~(a) Serves to preserve or protect the public health or safety.~~
> ~~(b) Does not significantly increase the cost of the system or significantly decrease its efficiency.~~
> ~~(c) Allows for an alternative system of comparable cost and efficiency.~~
>
> **196.491(3)(d)2** Except as provided under par. (e), the commission shall approve an application filed under par. (a) 1. For a certificate of public convenience and necessity only if the commission determines all of the following:
> 2. The proposed facility satisfies the reasonable needs of the public for an adequate supply of electric energy. ~~This subdivision does not apply to a wholesale merchant plant.~~
> 3. The design and location or route is in the public interest considering alternative sources of supply, alternative locations or routes, individual hardships, engineering, economic, safety, reliability and environmental factors~~, except that the commission may not consider alternative sources of supply or engineering or economic factors if the application is for a wholesale merchant plant~~. In its consideration of environmental factors, the commission may not determine that the design and location or route is not in the public interest because of the impact of air pollution if the proposed facility will meet the requirements of ch. 285.; and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to Governor Tony Evers, the Outagamie County Lobbyist for distribution to all members of the State Legislature representing Outagamie County, the Wisconsin Counties Association and an electronic copy to all Wisconsin County Clerks.

September 26, 2023 County Board Meeting

OpenMeeting

Resolution No. 47—2023-24 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Authorize and approve execution of the attached Great Lakes Sediment and Nutrient Reduction Program Grant Contract between the Great Lakes Commission and the Outagamie County Land Conservation Department, and approve of increasing the following line items in the Land Conservation Grants Cost Center: Intergovernmental Revenues by $116,541; Purchased Services by $95,325; Salaries by $13,660; Fringe Benefits by $6,556; Travel/Training by $1,000, as noted on the attached fiscal note.

Supervisor VanderHeiden moved, seconded by Supervisor Lautenschlager, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 47—2023-24 IS ADOPTED.

RESOLUTION NO.: 47—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Land Conservation Department (LCD) was awarded a federal financial assistance award from the Great Lakes Commission for the Great Lakes Sediment and Nutrient Reduction Program (GLSNRP) for the County Road Z and G Stream Restoration Project (Project Number GLSNRP-12-10) in the amount of $116,541 for the time period starting upon contract execution through Decemer 31, 2024. There is a project match of $37,862 for a total overall project cost of $154,403. The sources of match include indirect costs, NRDA (Natural Resource Damage Assessment) funding, and landowner in-kind. This project is a streambank stabilization project located within Plum Creek of the Lower Fox River Basin that includes stabilization, floodplain reconnection, and riparian corridor restoration.

LCD is requesting approval to accept and expend these funds, as well as approval for a budget adjustment which includes an increase in Purchased Services in the amount of $95,325, Travel/Training in the amount of $1,000, and an increase in Salary/Fringes in the amount of $20,216. The expenses are offset with a corresponding increase in Intergovernmental Revenues in the amount of $116,541. This proposed adjustment is budget neutral, requiring no county funding.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors, does authorize and approve execution of the attached Great Lakes Sediment and Nutrient Reduction Program Grant Contract between the Great Lakes Commission and the Outagamie County Land Conservation Department, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve of increasing the following line items in the Land Conservation Grants Cost Center: Intergovernmental Revenues by $116,541; Purchased Services by $95,325; Salaries by $13,660; Fringe Benefits by $6,556; Travel/Training by $1,000, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Land Conservation Department Director and the Outagamie County Finance Director.

GREAT LAKES SEDIMENT AND NUTRIENT REDUCTION PROGRAM
GRANT CONTRACT
BETWEEN THE
Great Lakes Commission
AND the Outagamie County Land Conservation Department

This Grant Contract ("Contract") is made between the Great Lakes Commission ("Commission") and the Outagamie County Land Conservation Department ("Grantee"), both sometimes hereinafter collectively referred to as the "Parties." The purpose of this Contract is to provide funding in exchange for work to be performed for the project named below (the "Project"). The Commission is authorized to provide grant assistance pursuant to U.S. Department of Agriculture Natural Resources Conservation Service (NRCS) Award Number NR233A750013C003 to implement the priorities of the Great Lakes Restoration Initiative (GLRI) as specified in Interagency Agreements between NRCS and the U.S. Environmental Protection Agency. This Contract is subject to the terms and conditions specified herein.

Project Name: County Road Z and G Stream Restoration

Project Number: GLSNRP-12-10
Project Start Date: upon contract execution
Project End Date: December 31, 2024
Project Authorized Watershed(s) (HUCs): 040302040204
Total Phosphorus Reduction Target: 36.5 pounds
Total Riparian Corridor Restoration Target: 1,810 linear feet

Project Grant Amount: $116,541
Project Advance (10% of grant): $11,654
Project Match: $37,862
Project Total (grant plus match): $154,403

The individuals signing below certify by their signatures that they are authorized to sign this Grant Contract on behalf of their agencies, and that the Parties shall fulfill the terms of this Contract, including any attached appendices, as set forth herein.

Having read and understood the terms of the Contract, the Parties do by their respective signatures dated below hereby execute this Contract in two (2) originals. One (1) original shall be retained by each Party. If there is any inconsistency between the documents, the document on file at the Commission shall control.

One fully-executed Contract, including the insurance certification and documentation (Appendix C), must be returned to the Commission by October 1, 2023, or this grant offer will be void. Requests for extensions may be granted by the Commission in its sole discretion if made more than seven (7) calendar days in advance of this date.

Appendix A – Approved Project Work Plan and Budget

Appendix B – Reporting Forms

Appendix C – Insurance Certification and Documentation

Appendix D – Federal Requirements

Appendix E – NRCS-GLC Cooperative Agreement # NR233A750013C003

I. PROJECT SCOPE

(A) This Contract and its appendices constitute the entire Contract between the Commission and the Grantee. The Contract may be modified only by signed written agreement between the Commission and the Grantee. If any provision of this Contract shall for any reason be held by a court of law to be invalid, illegal, or unenforceable in any respect, that invalidity, illegality, or unenforceability shall not affect any other provision of this Contract. All remaining provisions of this Contract shall remain in full force and effect.

(B) The scope of this Project is limited to the activities specified in the approved Project work plan and budget (Appendix A), which is specifically incorporated by reference herein and made part of this Contract. Changes in Project scope may require prior written approval in accordance with Section III of this Contract.

(C) By acceptance of this Contract, the Grantee commits to complete the Project, including without limitation meeting or exceeding the approved Phosphorus Reduction Target specified on page one of this Contract, along with other applicable measures of progress identified within Appendix A, and submitting all required reporting during the effective dates of this Contract, in accordance with the terms and conditions of this Contract.

(D) This Contract is funded by the U.S. Department of Agriculture (USDA) Natural Resources Conservation Service (NRCS) through a grant to the Great Lakes Commission. Neither the United States nor any of its departments, agencies, or employees is a party to this Contract.

(E) The Grantee commits to implement conservation practices to reduce phosphorus and sedimentation only within the area(s) identified in Appendix A and listed on page one of this Contract, and to report on progress and results that specifically relate to the practices described and installed under this Contract.

(F) Grant funds provided herein cannot be used to provide additional cost-share or pay for technical assistance to plan, design, or install any conservation practice paid for in any part by farm bill programs administered by USDA-NRCS, such as EQIP, other GLRI awards, Clean Water Act section 319 programs or other federally-funded programs.

II. CONTRACT PERIOD

Upon signature by the Grantee, the Contract shall be effective from the Start Date until the End Date on page one of this Contract, unless terminated sooner as provided in this Contract (Section XVIII). The Commission shall have no responsibility to provide funding to the Grantee for Project work performed except between the Start Date and the earlier of the End Date specified on page one or the date of Termination. Expenditures made by the Grantee prior to the Start Date or after the earlier of the End Date or the date of Termination of this Contract are not eligible for payment under this Contract.

III. CHANGES

The Grantee must receive prior written approval from the Commission for: (1) any changes to the Grant Contract, (2) material changes to the approved project work plan (Appendix A), which include changes in Project activities that may compromise achievement of the Phosphorus Reduction Target specified on page one of this Contract and other applicable measures of progress, (3) changes to the approved Project budget (including transfers of funds between existing budget categories) in excess of $5,000 or that will result in a material change to the approved Project work plan, or 4) an extension of the End Date listed on page one.

All such changes must be requested by the Grantee in writing on organizational letterhead and, if approved, will be formalized by the Commission in writing in the form of a Contract Amendment. The Commission reserves the right to deny requests for changes to the Contract or to its appendices.

For budget changes totaling less than $5,000, the Grantee does not need prior authorization from the Commission unless the changes will result in a material change to the approved Project work plan (e.g., moving funds from an approved conservation practice to a different practice or activity not identified in the existing Project work plan and/or changes that may compromise Grantee's achievement of the Phosphorus Reduction Target). To implement non-material budget changes less than $5,000 (including annual changes to the

Negotiated Indirect Cost Rate Agreement, if applicable), the Grantee should amend its Invoice Form (Appendix B.1) to reflect the adjusted budget amounts in the "Budget Adjustments" column, and then clearly describe all budget changes within the Narrative Progress Report Form (Appendix B.3) for the next reporting period.

IV. GRANTEE DELIVERABLES AND REPORTING REQUIREMENTS

(A) The Grantee shall complete all deliverables specified in Appendix A of this Contract and meet or exceed the approved Phosphorus Reduction Target and other applicable measures of progress during the Contract period specified on page one of this Contract.

(B) Quarterly Reporting: The Grantee shall be required to complete and submit progress reports at least quarterly (i.e., every three months) following the procedures and schedule detailed below, **even if no Project activity has occurred and no funds are being requested during the reporting period.** These reports shall be due fourteen (14) days after the end of each quarter of the federal fiscal year, which runs from October 1 through September 30. Reports are due as follows:

Reporting Period	Due Date
Q1: October 1 – December 31	January 14
Q2: January 1 – March 31	April 14
Q3: April 1 – June 30	July 14
Q4: July 1 – September 30	October 14

Your first quarterly progress report is due January 14, 2024, with additional progress reports due every three months thereafter. The final quarterly report shall be due no later than January 14, 2025. Failure to submit quarterly reports in a timely fashion may result in Contract termination. The Commission has allowed an early start to project work. As such, the Grantee may either submit reports for the months of August and September 2023 with the first quarterly report, or the Grantee may submit single, monthly reports as set forth as an option under Paragraph (C), below.

Progress report forms must include a signed (electronic or hard copy) invoice for reimbursement, a description of the conservation practice(s) installed during the quarter, and a narrative report of the Project's activity. Before, during, and after pictures will also be required for the Project and should be submitted with each quarterly report. Quarterly reports must report on the *entire 3-month period*, through the final day of the last month of the reporting period and should not be signed and dated prior to the end of the period.

(C) Monthly Reporting (Optional): The Grantee may choose to submit reports and invoices on a monthly basis. Monthly reports will include the same components as above and shall be due no later than fourteen days after the end of the calendar month under consideration. Monthly reports should include the *entire month* and should not be signed and dated prior to the end of the month. If the Grantee chooses to submit three separate monthly reports and invoices, then a quarterly report is not required. However, the entire three-month period must be reported in monthly increments for that quarter (in lieu of a single quarterly report) to stay on schedule with the quarterly reporting timeframes listed above.

(D) Report Submittal: Quarterly report file names must include the Project Number (listed on page one of this Contract) and be labeled according to the federal fiscal year and quarter using the format: FY followed by the last two digits of the federal fiscal year followed by a dash (–) followed by either Q1, Q2, Q3 or Q4 depending on the particular quarter. An example for a report submitted in the second quarter of federal fiscal year 2023 would be GLSNRP-13-00 – FY23-Q2. Monthly reports should be labeled with the fiscal year and month (e.g., GLSNRP-13-00 – FY23-April). Please note the federal fiscal year begins on October 1 of each year, thus quarters aligns with the table in Paragraph (B), above.

To submit a progress report, please use the following procedure:

1. The following three forms (provided to the Grantee as Appendices to this Grant Contract) must be completed for each report:

a. Invoice Form (Appendix B.1), signed by an Authorized Representative of the Grantee,
b. Load Reduction Reporting Form (Appendix B.2), submitted as an Excel file – no pdfs, and
c. Narrative Progress Report Form (Appendix B.3).

Additional material such as pictures and news articles may be included within the narrative report.

2. Access the program webpage at **https://www.glc.org/work/sediment/progress_report** and fill out the submittal data/information – Project Number, Contact Name, Email, and Project Title in the web form.

3. Upload each form by clicking on the Choose File buttons and finding the appropriate completed form in your files.

4. Once all forms have been selected, submit the web form.

(E) Final Project Report: The Grantee shall provide a Final Project Report using the final report form and instructions provided at **https://www.glc.org/work/sediment/final_report,** as well as a final Invoice Form (Appendix B.1) for all remaining eligible Project expenses and a final Load Reduction Reporting Form (Appendix B.2). The final report narrative form will be provided by the Commission upon request. Final Project Report procedures for submittal are similar to those listed above for the quarterly reports. The Final Project Report, Invoice Form, and Load Reduction Reporting Form must be submitted by **February 28, 2025** The Grantee may invoice the Commission for costs incurred in preparation of the Final Project Report, Invoice Form, and Load Reduction Reporting Form; however, Projects are expected to be complete not later than December 31, 2024, the End Date depicted on page one of this Contract.

V. RESPONSIBILITIES

(A) The Commission covenants to:

1. Respond to questions and inquiries from the Grantee in a timely manner.

2. Respond to all requested changes to the Contract, material changes to the Project work plan (Appendix A), and to budget changes in excess of $5,000 in writing.

3. Provide administrative guidance to the Grantee on the Project.

4. Assure timely review and processing of Narrative Progress Reports and Invoices.

5. Share Project outcomes and progress, including load reductions and innovative approaches, across the Great Lakes region.

(B) The Grantee covenants to:

1. Fulfill all requirements in the Project work plan (Appendix A) or as modified by Contract Amendment, including the approved Phosphorus Reduction Target specified on page one of this Contract.

2. Appoint a designated staff contact person to serve as the day-to-day contact with the Commission in the administration and execution of the Project (identified as the Grantee Project Manager on page one of this Contract). Should this person change duties or leave the Grantee organization during the Contract period, the Grantee must notify the Commission of such changes in writing within 30 calendar days of the change, identifying who shall be responsible for the continued direction and management of the Project.

3. Design and install all implementation practices according to USDA-NRCS standards and specifications, applicable state standards, or under the approval of a certified professional engineer or agronomist, as applicable for the specific practice.

4. Obtain all necessary federal, state, and local government permits and approvals where necessary for the proposed work prior to the expenditure of funds for those activities requiring permits.

5. Achieve the total soil and phosphorus reduction savings as specified in the Project work plan (Appendix A) and documented within the Load Reduction Reporting Form (Appendix B.2).

6. Provide before, during, and after pictures of the implementation, media events, and other activities of interest to the Project.

7. Abide by all local, state/provincial, and federal laws, rules, ordinances and regulations in the performance of this Project and conduct all work in a lawful and safe manner, consistent with the standards and level of care normally provided under this profession. The Grantee is solely responsible for determining the requirements for and obtaining any permits or licenses that may be required by local, state, or federal laws, regulations, or rules to carry out the activities funded under this Contract.

8. Preserve and submit appropriate documentation to support reported expenses on quarterly invoices (or monthly, if preferred) to the Commission, within 14 days after the end of the quarter (or month).

9. Submit a Final Project Report, final Invoice Form (Appendix B.1), and final Load Reduction Reporting Form (Appendix B.2) due no later than February 28, 2025.

10. Plan and conduct outreach efforts in a timely manner consistent with the requirements of the Project work plan (Appendix A). Outreach materials and all communications with the media and the public should acknowledge the Project funders and other cooperators, as appropriate. Additional details are provided in Appendix D of this Contract, Federal Requirements. The Grantee should seek approval from the Commission prior to using the Commission's logo.

11. Request changes to the Contract, work plan, or budget (as described in Section III) in writing on the Grantee's organizational letterhead.

12. Unless otherwise specified in separate landowner cost-share agreements, the Grantee shall provide necessary maintenance and/or repairs both during and after the specified Contract period to assure continued performance of practices installed consistent with Appendix A, and for the intended life of the practice under the relevant USDA-NRCS practice standard.

13. The Grantee agrees to inform the Commission as soon as problems, delays, or adverse conditions become known which will materially impair the Grantee's ability to meet the outputs/outcomes specified in the approved Project work plan (Appendix A).

(C) The Grantee and any designee, subcontractor, or agent shall at all times be an independent entity. The Grantee shall, under no circumstance during the term of this Contract, be an employee or agent of the Commission. The Commission and Grantee agree that the Commission is not required to withhold income tax for any payment to the Grantee, its employees, or its designees or agents under this Contract, including reimbursement of expenses, but that it may file informational returns with the U.S. Internal Revenue Service (IRS) or similar federal or state agencies regarding payment made hereunder to the Grantee under conditions imposed by federal, state or local laws applicable to such payment. It is further understood that neither the Grantee, nor its designees, agents, or employees, are employees of the Commission or its party states, within the meaning or application of any federal or State of Michigan unemployment insurance, retirement benefits law or social security law, or any worker's compensation or industrial law or otherwise.

(D) The Grantee shall secure the necessary personnel to perform the services as described in the approved work plan (Appendix A), and all personnel shall be employees or shall be under the direct supervision of the Grantee. The Grantee shall accept responsibility for and make payments as required by law for workers' compensation insurance, social security, income tax deductions, unemployment compensation, and any other taxes or payroll deductions as required by law for its employees. The above shall be the responsibility of any firm or individual employed under a subcontract. All personnel, employees, or subcontractors working under this Contract shall be professionally qualified to perform the duties required.

(E) The Grantee is responsible for the professional quality, technical accuracy, timely completion, and coordination of all designs, drawings, specifications, reports, and other services furnished by the Grantee or its subcontractor under this Contract. The Grantee or its subcontractor shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies in drawings, designs, specifications, reports, or other services.

(F) The Commission's approval of all reports, products, and incidental work or materials furnished hereunder shall not in any way relieve the Grantee of responsibility for the technical adequacy of the work. The Commission's review, approval, acceptance, or payment for any of the services shall not be construed as a waiver of any rights under this Contract or of any cause of action arising out of the performance of this Contract, and the Grantee shall be and remain liable to the Commission for breach of obligation with respect to any of the services furnished under this Contract.

(G) The Grantee acknowledges that it is a crime to knowingly and willingly file false information with the Commission for the purpose of obtaining this Contract or any payment under the Contract, and that any such filing may subject the Grantee, its agents, and/or employees to criminal and civil prosecution and/or termination of the grant.

VI. ASSIGNABILITY

The Grantee and its respective directors, officers, and employees shall not transfer, pledge, mortgage, or otherwise assign the value of this Contract or assign or delegate any of Grantee's duties or obligations under this Contract to any other party without the prior written consent of the Commission, which consent the Commission may grant or withhold in its sole discretion.

VII. SUBCONTRACTS

(A) Subject to all applicable provisions of this Contract, the Grantee may enter into subcontracts for the performance of work under this Contract.

(B) No subcontract shall be deemed an assignment of Grantee's rights or obligations under this Contract. No subcontract shall relieve Grantee of any of Grantee's obligations under this Contract and Grantee shall remain solely responsible to the Commission for performance of its obligations under this Contract. Except as specifically provided herein, no subcontract shall create any contractual relationship between the Commission and the subcontractor. The Commission shall not be liable to any subcontractor for performance of any obligations under the subcontract including without limitation payment to the subcontractor. The Commission shall consider Grantee to be the sole point of contact for all matters relating to this Contract, including without limitation the payment of any and all charges resulting from the Grant.

(C) Grantee shall ensure that any subcontractor is qualified to perform the duties required.

(D) Grantee shall require that all subcontractors comply with the provisions of Sections VIII (Non-Discrimination), XI (Conflict of Interest), XII (Anti-Lobbying) and debarment and suspension requirements incorporated by reference within Appendix D (Federal Requirements) of this Contract.

(E) Grantee shall require and ensure that all subcontractors maintain the insurance coverage required pursuant to Appendix C of this Contract. Upon request from the Commission, Grantee shall provide the Commission with proof (i.e., a certificate of coverage) showing that each subcontractor has met the minimum insurance requirements within Appendix C.

(F) The Grantee and its agents and designees agree to follow procurement standards established under Uniform Guidance 2 CFR 200.

VIII. NON-DISCRIMINATION

The Grantee shall comply with all Civil Rights Acts, as amended and all other federal, state, and local fair employment practices and equal opportunity laws and covenants that it shall not discriminate. The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race,

color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic Information, political beliefs, reprisal, or because all or in part of an individual's income is derived from any public assistance program. The Grantee agrees to include in every subcontract entered into for the performance of this Contract this covenant not to discriminate. A breach of this covenant, whether by Grantee or any subcontractor to Grantee, shall be deemed a material breach of this Contract by Grantee.

IX. DISPUTE RESOLUTION AND GOVERNING LAWS

(A) The Parties agree to work in good faith to resolve any disputes over the interpretation of the terms of this Contract. If the Parties are not able to resolve their differences, the Parties shall be entitled to submit to a court of competent jurisdiction as provided herein.

(B) This Contract shall be construed in accordance with and governed by the laws of the state of Michigan.

(C) Any suit to enforce or interpret this Contract shall be brought in the federal or state courts residing in Washtenaw County, Michigan.

X. LIABILITY

(A) The Grantee agrees to defend, indemnify, save, and hold harmless the Commission, its representatives, employees, agents, officers, directors, and party states from and against any and all liabilities, obligations, penalties, costs, claims, injuries (including death), demands, damages, expenses and losses, including, but not limited to, attorney fees, consultant fees and expert witness fees, arising in whole or in part out of any act, error or omission of the Grantee, its employees, officers, agents or subcontractors, including, but not limited to: a) any negligent or tortious act, error, or omission; b) any failure to perform obligations, either express or implied, under this Contract; c) any misuse, or failure to properly account for the use, of funds received under the Grant; d) any release of any pollutant or hazardous substance or hazardous material, without regard to whether such release is negligent, reckless or violates any applicable local, state or federal ordinance, statute, rule or regulation; and e) any failure to comply with any applicable local, state, or federal ordinance, statute, rule, regulation or requirement including any permit, license or order issued thereunder which governs or applies to the work under this Contract.

(B) The Grantee understands and agrees that the Commission's only financial obligation with respect to the Grantee in connection with the Project is to provide funding as set forth herein. The Commission shall have no other liability or obligations to or on behalf of the Grantee except those expressly stated herein.

(C) The Grantee's obligation under Section X(A) shall survive the End Date or earlier termination of this Contract and shall remain in full force and effect.

(D) In the event of Grantee negligence, the Grantee shall be responsible for any repairs or replacements to the installed practices (at Grantee's expense) that may be needed to assure continued performance of practices for the intended life of the practice under the relevant USDA-NRCS practice standard. See also Section XIX, Force Majeure.

XI. CONFLICT OF INTEREST

No government employee, or member of the legislative, judicial, or executive branches, or member of the Grantee's Board of Directors, its employees, partner agencies or their families shall benefit financially from any part of this Contract.

XII. ANTI-LOBBYING

The Grantee shall ensure that no funds provided under this Contract are used to engage in lobbying of the Federal Government, in litigation against the United States unless authorized under existing law, or for other political activities. Further, the Grantee shall require that the language of this assurance be included in the agreement documents of all subcontracts at all tiers.

XIII. AUDIT AND ACCESS TO RECORDS

(A) Grantee agrees to maintain any and all Project files for all activities associated with this Project Contract for a period of three (3) years after the final payment has been issued to the Grantee by the Commission and in accordance with generally accepted accounting principles. The files shall contain at a minimum: Project work plans, copies of all federal and state permits/consultations associated with Project implementation, copies of all financial documents and supporting materials, including source documentation for all accounting records for all costs incurred under this grant. Such documentation includes, but is not limited to, canceled checks, paid bills, payroll records, and subcontract agreement documents. In addition, Grantee agrees to maintain comparable records of all maintenance and repair work performed pursuant to Section V(B)13 of this Contract until three (3) years after the intended life of the installed practices under the relevant USDA-NRCS practice standard.

(B) The Commission reserves the right to conduct a programmatic and financial audit of the Project, and the Commission may withhold payment until the audit is satisfactorily completed.

(C) The Commission, USDA-NRCS, EPA and the Federal Office of the Inspector General, at all reasonable times during normal business hours, shall have the right to inspect, audit, and reproduce all records, books, documents, correspondence, instruction, drawings, receipts, vouchers, memoranda, similar data and other evidence, and accounting procedures in any manner relating to this Contract, and the work performed and services rendered hereunder. Furthermore, Grantee agrees to allow an appropriate representative of the Commission, USDA-NRCS, EPA or the Federal Office of the Inspector General to interview any officer or employee of the recipient, subcontractor, grantee, sub grantee, or agency regarding such transactions related to this Contract. The Commission may demand, and Grantee shall be required to deliver, forthwith, such additional records, accounts, summaries, and supporting documents as the Commission in its sole discretion may deem appropriate.

(D) In accordance with Uniform Guidance 2 CFR 200 Subpart F, the Grantee hereby agrees to obtain a single audit from an independent auditor **if it expends $750,000 or more in total Federal funds in any fiscal year.** If this applies to the Grantee at any point during the Contract period, the Grantee shall submit the SF-SAC and a Single Audit Report Package using the Federal Audit Clearinghouse's Internet Data Entry System (see **https://facweb.census.gov/uploadpdf.aspx)** within nine months after the end of the Grantee's fiscal year or 30 days after receiving the report from the auditor and provide an additional copy to the Commission.

XIV. MATCH REQUIREMENTS

(A) The Grantee is committed to the match amount listed on page one of the Contract, in accordance with the approved budget in Appendix A. Match cannot be earned prior to the Start Date on page one of the Contract. The Grantee shall expend all local match committed to the Project by the End Date on page one of the Contract.

Match can be in cash, in-kind or a combination of both. The list below is not exhaustive.

1. Cash is any money received from any source, other than from federal sources, that is part of the applicant's annual budget and audit process and will be utilized in the implementation of the Project.

2. In-kind includes services or financial contributions to the Project not paid for with the grant or other federal funds. These include:

    a. Technical and/or administrative assistance provided by the Grantee, other entities, or persons not paid for with the grant or with federal funds.
    b. All or a portion of the Grantee's indirect costs not otherwise paid for with the grant or with federal funds.
    c. Use of local and state agency vehicles other than those of the Grantee.
    d. Cost-share agreements from landowners.

e. Unpaid members of local task forces, watershed councils, work groups, citizen groups, etc. are considered volunteers, and may be calculated at the prevailing national minimum wage (currently $7.25/hour) unless justification is provided for a higher rate. Additional skilled labor may be charged at a higher rate with additional, detailed justification.

(B) Grantee match from other projects may not be counted toward meeting the specific match requirement of this Contract and must come from non-Federal sources.

(C) Should the Grantee become aware that it may be unable to provide the Grantee match amount identified on page one of this Contract, the Grantee must:

1. Immediately notify the Commission's Point of Contact of the situation and provide a detailed description of the Grantee's impaired ability to provide the match amount;

2. Specify the steps Grantee plans to take to secure replacement Grantee match in writing for approval by the Commission; and

3. Indicate the Grantee's plans to either continue or phase out the Project in the absence of Grantee match.

(D) If the Commission agrees to the Grantee's proposed plans, the Grantee will be notified accordingly. If the Grantee's plans are not acceptable to the Commission, the Contract may be subject to termination or modification. Modifications to proposed Grantee match revisions may be made on a case-by-case basis.

(E) Failure by the Grantee to notify the Commission in accordance with paragraph (C) above may result in the disallowance of some or all of the costs charged to the grant, the subsequent recovery by the Commission of some of the grant funds, and possible termination of the Contract.

(F) The Grantee must maintain records of all Project costs that are claimed by the Grantee as Grantee match, as well as records of costs to be paid with grant funds. If the Grantee's match includes in-kind contributions, the basis for determining the valuation for volunteer services and donated property must be documented.

XV. OTHER SOURCES OF FUNDING

The Grantee guarantees that any claims for reimbursement made to the Commission under this Contract must not be financed by any source other than the Commission under the terms of this Contract. If funding is received through any other source, the Grantee agrees to delete the item(s) in question from its billings, or to immediately refund to the Commission, the total amount representing such duplication of funding.

XVI. COMPENSATION

(A) The Commission shall pay the Grantee a total amount not to exceed the amount on page one of this Contract, in accordance with the approved budget for the Project (Appendix A or its approved amendments), and only for eligible expenses already incurred and paid by the Grantee. Any change in the approved budget meeting the conditions listed in Section III must be approved in advance and in writing by the Commission. All other costs necessary to complete the Project are the sole responsibility of the Grantee. Labor cost charges to this grant must be based upon salaries actually earned and the time actually worked on this Project. Costs that cannot be supported by source documentation or that are incurred outside of the approved Project period and budget may be disallowed and may result in grant funds being returned to the Commission by the Grantee.

(B) Payments for work conducted under this Contract are made on a cost reimbursement basis. After reviewing the reports submitted by the Grantee as specified in Section IV for satisfactory progress and approving all submitted expenses, the Commission shall initiate the reimbursement process. This process can take up to 90 calendar days to complete. Compiled reimbursement requests from all Great Lakes Sediment and Nutrient Reduction Program grant projects are submitted to the USDA-NRCS each mid-month. If the Grantee does not submit a complete report, including a signed Invoice Form, by the fourteenth of the month, payment may be delayed by an additional 30 days. **The Commission is not responsible for delayed payments if funds from USDA-NRCS are not provided in a timely manner to cover the reimbursement request from the**

Grantee, nor is the Commission responsible for delays arising from incomplete or inaccurate reporting by the Grantee.

(C) The Commission reserves the right to request additional information necessary to substantiate payment requests.

(D) Expenses incurred by the Grantee prior to the Start Date or after the End Date of this Contract are not allowed under this Contract and the Commission is not liable for these costs.

(E) The Commission shall provide an advance of **ten percent (10%)** of the Project budget listed on page one of this Contract to the Grantee upon execution of this Contract. Grantee will draw upon these funds to cover initial costs for the Project and to assist in cash flow during the implementation. Advanced fund expenditures must be noted by the Grantee on the Invoice Form (Appendix B.1).

(F) Payment for reimbursable Project costs shall be made only upon receipt and approval of quarterly or monthly reports as specified in Section IV and described in the approved work plan (Appendix A). The final reimbursement request for the Contract shall be made only upon receipt and approval of the Final Project Report, final Invoice Form (Appendix B.1), and final Load Reduction Reporting Form (Appendix B.2).

(G) If the Final Project Report, final Invoice Form (Appendix B.1), final Load Reduction Reporting Form (Appendix B.2) or other Project deliverables are found to be incomplete or otherwise unacceptable by the Commission, or if the Project work has not been accomplished in accordance with the approved work plan (Appendix A), the Commission reserves the right to retain a **five percent (5%)** holdback of funds until the Project is completed in accordance with Section XVIII and Appendix A.

XVII. CLOSEOUT

(A) A determination of Project completion, which may include a site inspection and an audit, shall be made by the Commission after the Grantee has met all match obligations, satisfactorily completed required reports, and provided products and deliverables described in Appendix A. The determination shall be conveyed to the Grantee in the form of a Final Close-Out Letter from the Commission.

(B) Upon issuance of final payment from the Commission, the Grantee releases the Commission of all claims against the Commission arising under this Contract. Unless otherwise provided in this Contract or by state law, final payment under this Contract shall not constitute a waiver of the Commission's claims against the Grantee.

(C) The Grantee shall immediately refund to the Commission any payments made in excess of the documented costs allowed by this Contract.

XVIII. TERMINATION

(A) This Contract may be terminated by either Party before the End Date for any reason subsequent to the provision of 30 days advance notice to the other Party. Any termination notice shall be provided in writing specifying the reasons for termination and new project end date. Notices shall be sent by certified mail with return receipt requested.

(B) If the Contract is terminated, the Grantee shall continue to be responsible and liable for the proper performance of its obligations through the date of termination, unless otherwise instructed by the written notice. The Commission shall honor requests for just and equitable compensation to the Grantee for all satisfactory and eligible work completed under this Contract through the date of termination, upon which time all outstanding reports and documents are due to the Commission and the Commission shall no longer be liable to pay the Grantee for any further charges to the grant. If funds previously advanced to the Grantee have not been expended in the performance of the Project, all unexpended funds shall be returned to the Commission or a settlement shall be negotiated as to the proportion to be reimbursed based on satisfactory work completed.

XIX. FORCE MAJEURE

Neither of the Parties hereto shall be liable for damages for any delay or default in performance during the term hereof if such delay or default is caused by conditions beyond its control, including, but not limited to, acts of God, government restrictions, continuing domestic or international problems such as wars, threats of terrorism, or insurrections, strikes, fires, floods, work stoppages (not issued by the Commission), and embargoes.

XX. SAFETY

The Grantee agrees that it alone shall be responsible for the safety of its representatives while performing any services hereunder and will familiarize itself with any hazards it may encounter in conducting its work hereunder, including threats arising from the COVID-19 pandemic. The Grantee agrees to comply with all applicable federal, state, municipal and local laws, rules, ordinances and requirements concerning health, safety, and training with respect to Grantee's work hereunder, including the Federal Occupational Safety and Health Act of 1970, as amended under 29 CFR 1910 et seq., and all standards, rules, regulations and orders which have been or shall be adopted or issued thereunder.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Accept and expend Great Lakes Sediment and Nutrient Reduction Program Funds

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Land Conservation Department (LCD) was awarded a federal financial assistance award from the Great Lakes Commission for the Great Lakes Sediment and Nutrient Reduction Program (GLSNRP) for the project Country Road Z and G Stream Restoration (Project Number GLSNRP-12-10) in the amount of **$116,541** for the time period starting upon contract execution through December 31, 2024. There is a project match of $37,862 for a total overall project cost of $154,403. The sources of match include indirect costs, NRDA funding, and landowner in-kind. This project is a streambank stabilization project located within Plum Creek of the Lower Fox River Basin that includes stabilization, floodplain reconnection, and riparian corridor restoration.

LCD is requesting approval to accept and expend these funds along with approval for a budget adjustment which includes an increase in Purchased Services in the amount of **$95,325**, Travel/Training in the amount of **$1,000**, and an increase in salary/fringe in the amount of **$20,216**. The aforementioned expenses are offset with a corresponding increase in Intergovernmental Revenues in the amount of **$116,541**. This proposed adjustment is budget neutral, requiring no county funding.

Current Year Budget Impact (Check one or more of the following boxes)

[x] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (x) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Land Conservation Grants	Intergovernmental Revenues	2090300.4280.09	$116,541
Land Conservation Grants	Purchased Services	2090300.5500	$95,325
Land Conservation Grants	Salaries	2090300.5100	$13,660
Land Conservation Grants	Fringe Benefits	2090300.5200	$6,556
Land Conservation Grants	Travel/Training	2090300.5300	$1,000

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes (X) no ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost - Annual Revenue -

September 26, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 48—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Central Services Department is requesting a budget adjustment for a new folding machine and document cutter in 2023. Their existing machines, which are used to fulfill requests from all departments within the county, are not currently meeting the needs of the office due to outdated parts and accompanying frequest operational issues. Central Services has exhausted efforts as it relates to service calls and troubleshooting. The maintenance provider has reported replacement parts are not available due to the age of the machines. To cover the unanticipated cost in 2023, Central Services is able to transfer $11,000 from the Salaries budget line and $5,000 from the Fringe Benefits budget line due to a supervisory position that was vacant for three months in 2023. The adjustment noted is cost neutral and will not result in the need for any additional funding for 2023.

NOW THEREFORE, the following resolution is presented by the Finance Committee to the County Board.

BE IT RESOLVED, that that the Outagamie County Board of Supervisors does authorize and approve of increasing the Central Services Capital Outlay line item by $16,000 and decreasing the Central Services Salaries line item by $11,000, and decreasing the Central Services Fringe Benefits line item by $5,000, as noted on the attached fiscal note, which by reference is made a part hereof, said monies to be used to purchase a folding machine and document cutter for the Central Services Department, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director, the Outagamie County Executive, and the Outagamie County Central Services Supervisor.

Dated this 26th day of September 2023

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Central Services Budget Adjustment Request for New Folding Machine and Document Cutter

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Central Services is requesting a budget adjustment for a new folding machine and document cutter in 2023. Their existing machines, which are used to fulfill requests from all departments within the county, are not currently meeting the needs of the office due to outdated parts accompanying frequent operational issues. Central Services has exhausted efforts as it relates to service calls and troubleshooting. The maintenance provider has even stated that he doesn't carry the parts to replace any old parts due to the age of the machines. To cover this unanticipated cost in 2023, Central Services is able to transfer $11,000 from its Salaries budget line and $5,000 from its Fringe Benefits budget line due to a supervisory position that sat vacant for three months in 2023. The adjustment noted is cost neutral and will not result in the need for any additional funding for 2023.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (X) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (X) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Central Services	Capital Outlay	6040300.6000	16,000
Central Services	Salaries	6040300.5100	(11,000)
Central Services	Fringe Benefits	6040300.5200	(5,000)

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes (x) no ( ) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost N/A; Annual Revenue N/A

9-26-23 County Board Meeting - September 26 2023 07:31:31 PM

September 26, 2023 County Board Meeting

OpenMeeting

RESOLUTION NO.: 49—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Freedom (the Town) has submitted a Project Plan for the creation of Tax Incremental Finance District No. 3 (TID No. 3). The creation to TID No. 3 will allow the Town to make certain public improvements to the designated area so that business growth can occur. Anticipated growth, combined with the Town's commitment toward development and redevelopment, will ensure sufficient tax increment in order to retire all debt issued by the District for improvements. These improvements will allow the Town to attract and retain potential development and encourage further private investment in local businesses. The business development that is anticipated will provide long-term tax benefits to both the Town and all other overlying taxing jursidictions.

The District will be declared as a mixed-use District. The improvement to the area is likely to maximize private investment within TID No. 3 and is likely to significantly enhance the value of all other real estate in the District. The Project Plan is feasible and in conformity with the Town's comprehensive plan.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does go on record in support of the Town of Freedom TID No. 3 Project Plan as detailed in the attached Town of Freedom Project Plan Creation of Tax Incremental Finance District No. 3, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors recommend that the representative of Outagamie County on the Town of Freedom TID Board of Review vote in favor of the Town of Freedom TID No. 3 plan, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Town of Freedom, the Outagamie County Finance Director, the Outagamie County Executive, and the Outagamie County Development and Land Services Director.

Dated this 26th day of September 2023

Respectfully Submitted,

FINANCE COMMITTEE

State statute prescribes the process for creating Tax Incremental Finance (TIF) District No. 3 for the Town of Freedom. The laws require public input in the TIF creation process, including a public hearing held by the Planning Commission whereby the TIF Project Plan and proposed boundaries are reviewed and discussed and citizen have an opportunity to comment. The following is the formal meeting/action calendar for the Town of Freedom Tax Incremental Finance District No. 3 process:

Date	Meeting/Action
July 25, 2023	Town notifies taxing entities (school district, county, vocational college, and any special taxing districts) on the proposed creation of TID No. 3 and upcoming meetings. MSA provides the letters for the Town's review and distribution.
July 27, 2023	First Notice of Public Hearing by the Plan Commission and first meeting of the Joint Review Board (Combined Notice) is published in the local newspaper (Class II). MSA prepares the Notice of Public Hearing and meetings.
August 3, 2023	Second Notice of Public Hearing is published in local newspaper.
August 10, 2023	Joint Review Board meets to choose chairperson and citizen member. A review of the draft of Project Plan and boundaries for TID No. 3 occurs.
August 10, 2023	Plan Commission holds the Public Hearing on the Project Plan and proposed boundaries of TIF No. 3. Following the Public Hearing, the Plan Commission shall meet and act on resolution recommending approval of the Project Plan and TID No. 3 boundaries to the Town Board. MSA attends the Public Hearing and the Plan Commission meeting.
August 24, 2023	Town Board action on the creation of TID No. 3. Approval by resolution contains findings that detail the TID's consistency with state statutes. MSA attends this meeting.
August 30, 2023	Second Joint Review Board public meeting notice is published. MSA prepares public meeting notice.
September 11, 2023 (Tentative)	Upon approval of the Town Board, the Joint Review Board holds a second meeting to review and act on the creation of TID No. 3. The JRB submits its decision to the Town no more than 7 days after the vote. MSA attends this meeting.
September 15, 2023	Department of Revenue is notified of the creation of TID No. 3 by the Town of Freedom and subsequent approval by the Joint Review Board.
On or Before October 31, 2023	Submit base packet documentation and Project Plan for Wisconsin Department of Revenue certification.

© August 2023 MSA Professional Services, Inc.

The Town of Freedom has identified a need to expand its economic base through business development and redevelopment. In order to promote development and redevelopment, the Town is seeking to create Tax Incremental Finance District (TID) No. 3. The creation TID No. 3 will allow the Town to make certain public improvements to the designated area so that business growth can occur. Anticipated growth, combined with the Town's commitment toward development and redevelopment, will ensure sufficient tax increment to retire all debt issued by the District for improvements. These improvements will allow the Town to attract and retain potential development and encourage further private investment in local businesses. The business development that is anticipated to occur will provide long-term tax benefits to both the Town and all other overlying taxing jurisdictions.

A | Summary of Findings

In creating TID No. 3, the Town of Freedom has made the following findings, consistent with Section 66.1105 of Wisconsin Statutes:

- At least 50% of the real property in TID No. 3 is suitable for "mixed-use development" as defined in WI Statutes 66.1105 (2)(cm).
- The Town declares TID No. 3 as a mixed-use District.
- Project costs relate directly to promoting mixed-use development.
- The equalized value of the taxable property within the District boundary plus the value increment of all existing districts within the Town does not exceed 12% of the total value of equalized taxable property within the Town.
- The improvement to the area is likely to maximize private investment within TID No. 3 and is likely to significantly enhance the value of all other real estate in the District.
- The Project Plan is feasible and in conformity with the Town's comprehensive plan.
- The estimated percentage of territory within the District that will be devoted to retail business at the end of the maximum expenditure period is not anticipated to exceed 35 percent of the area of the District.
- The Town confirms that less than 35% of the District is land proposed for newly-platted residential development and that the Town will only allow tax increment revenue to be spent on newly-platted residential development in the District if the density of the residential housing is at least three (3) units per acre.
- Private and public improvements are not likely to occur "but for" the creation of TID No. 3.

© August 2023 MSA Professional Services, Inc.

The Town of Freedom intends to implement a number of public works projects that will positively impact businesses and community related development in the TID No. 3 area. It is important to note that this Project Plan is not meant to be an appropriation of funds for specific projects, but a framework with which to manage projects. All costs identified are preliminary estimates made prior to design considerations, or engineering studies, and are subject to change after planning is complete. All of the customary expenses are considered in these estimates, including but not limited to: legal fees, engineering fees, architectural fees, planning fees, surveying and mapping fees, inspection, construction costs, materials and apparatus, restoration work, permits, reports, judgments, claims for damages and other expenses. **These projects may be undertaken within TID No. 3 or within ½ mile of the TID No. 3 boundary, per Wis. Stats. §66.1105 (2)(f)1.n.** A brief description of each project is provided below. The Town anticipates that all project cost expenditures in the project Plan (approximately $1.6 million) is expected to be paid within 90% of the TID's maximum life.

A | TID No. 3 Public Works Project Costs

Parks & Trails **$50,000**
Improvements shall include, but not be limited to, development of trails, landscaping, site modification, and maintenance at parks throughout the district.

Building Improvements **$100,000**
Improvements shall include, but not be limited to, acquisition, rehabilitation, demolition, or reconstruction of structures within the district.

Developer Incentives **$500,000**
Provide assistance to private developers/business including, but not be limited to, modifications, additions, and relocations within the district including providing funding to assist businesses with expansions and other improvements within the district. Provide assistance as necessary to develop potential residential, industrial, and commercial areas of the district.

Sanitary Sewer &
Water System Improvements **$300,000**
Replace, rehabilitate, upgrade, and/or extend sanitary sewer, water main (including the closing of loops), services, and laterals as necessary to service TID No. 3. Construct, modify, upgrade or replace wells, water system, water treatment equipment, or water treatment supply to assist development in the district, including water tower repairs, improvements and painting. This may also include modification, rehabilitation, or reconstruction of wastewater treatment facility or lift stations as needed to benefit the district.

New Streets & Street Improvements **$300,000**
Reconstruct and/or replace streets and utilities throughout TID No. 3. Improvements shall include but not be limited to curb, gutter, street, sidewalk, sewer, water, and storm sewer. This project also includes the maintenance of these facilities throughout the life of the district. Construct sidewalk as

© August 2023 MSA Professional Services, Inc.

necessary to assist or maintain development of TID No. 3.

Utility Extensions **$50,000**
Improvements shall include, but not be limited to, extending gas, electric, telecommunications and Internet services to develop the district.

District Improvements &
Site Modifications **$100,000**
Installation of pavement, curb, gutter, sidewalk, storm sewer and street lighting on various streets throughout and in service to the district as required. Additional costs to the district shall include, but not be limited to, street light rental, lease agreements and maintenance agreements. Assist development in the district through the modification of sites and utilities. Modifications could include, but not be limited to, storm water management, water and sewer main relocation and service and lateral installations.

TID Project Planning, Creation,
And Amendments **$30,000**
Will provide funding as necessary for TID project planning, creation and amendments as well as assistance with the creation of development agreements as necessary to assist in the development of the district.

Environmental Cleanup & Remediation **$100,000**
Will provide funding as necessary for environmental cleanup and remediation as necessary to assist in the development of the district.

Land & Right-of-Way Acquisition **$20,000**
Will provide funding to assist in land and right-of-way acquisitions and relocations as necessary for the development of the district.

Municipal Equipment **$50,000**
Obtain municipal equipment as necessary to support new development.

Administration, Planning, & Mapping **$25,000**
Will provide funding for administration, planning and mapping expenses that are necessary for the development and administration of the district, including, but not limited to, housing studies, Capital Improvement Plans, Comprehensive Plan Updates, community facilities needs assessments, etc.

Organization, Computer, & Legal Services **$25,000**
Will provide funding for organizational, computer and legal services that are necessary for the development of the district.

The locations of these projects are shown on Map 3 in Appendix A.

© August 2023 MSA Professional Services, Inc.

B | TID No. 3 Project Cost Summary

All of the customary expenses are considered in these estimates, including but not limited to: legal fees, engineering fees, architectural fees, planning fees, surveying and mapping fees, inspection, construction costs, materials and apparatus, restoration work, permits, reports, judgments, claims for damages and other expenses. Table 1 lists all of the proposed project and non-project costs.

Table 1 – Freedom TID No. 3 Project Costs

Project	Estimated Total Cost	Estimated TID Share	% of Total
1. Parks & Trails	$50,000	$25,000	50%
2. Building Improvements	$100,000	$100,000	100%
3. Development Incentives	$500,000	$500,000	100%
4. Sanitary Sewer & Water System Improvements	$300,000	$300,000	100%
5. New Streets & Street Improvements	$300,000	$300,000	100%
6. Utility Extensions	$50,000	$50,000	100%
7. District Improvements & Site Modifications	$100,000	$100,000	100%
8. TID Project Planning, Creation, & Amendments	$30,000	$30,000	100%
9. Environmental Cleanup & Remediation	$100,000	$100,000	100%
10. Land & Right-of-Way Acquisition	$20,000	$20,000	100%
11. Municipal Equipment	$50,000	$25,000	50%
12. Administration, Planning, & Mapping	$25,000	$25,000	100%
13. Organization, Computer, & Legal Services	$25,000	$25,000	100%
Total	**$1,650,000**	**$1,600,000**	

All TID/Town eligible costs (estimated at $1,600,000) are stated in 2023 prices and are preliminary estimates. The Town reserves the right to increase the costs to reflect inflationary increases and other unforeseen or uncontrollable circumstances between 2023 and the time of construction/implementation. The Town reserves the right to increase particular project costs without amending this Plan.

SECTION V: Detailed Description and Expenditure Items [illegible]

Tax Incremental District No. 3 is being created by the Town of Freedom under the authority provided by Wisconsin Statute Section 66.1105. The Town of Freedom finds that at least 50%, by area, of real property within the District is suitable for mixed-use development with a combination of industrial, commercial, or residential development, and that no more than 35% of the proposed TIF district area is for newly-platted residential use.

© August 2023 MSA Professional Services, Inc.

A | TIF District Boundary Criteria

The boundary for TID No. 3 was established using the following criteria:

A. The equalized value of the taxable property of the District plus the aggregate value increment of all existing districts within the Town did not exceed 12% of the total value of equalized taxable property within the Town at the time of creation.

B. The District is contiguous and contains only whole parcels.

C. A map identifying the boundaries for the TID No. 3 is provided in Appendix A.

Table 2: Equalized Value Test

12% Calculation – Maximum Allowable TID Property Value	
Equalized Value (as of January 1, 2023)	$833,096,400
Maximum Allowable TID Property Value (12%)	$99,971,568
12% Test – Compliance	
Total Existing Value Increment (TID No. 1 and 2 Value as of 1/1/23)	$34,758,00
Proposed Base Value of TIF No. 3	$2,465,648
Total Value	**$37,223,650**
Percentage	**4.46 %**

B | Boundary Description

The formal boundary description of TID No. 3 is provided in Appendix A.

C | Tax Parcels

TID No. 3 is located in the northern part of the Town. The following tax parcels are located in TID No. 3:

D | Existing Uses and Conditions

Maps identifying the zoning and existing land uses in TID No. 3 are provided in Appendix A.

E | Newly Platted Residential Subdivision

The Town has identified several parcels that potentially could be developed into a newly-platted residential subdivision. The following table identifies the parcels and calculates the percentage of newly-platted residential subdivisions in TID No. 3:

Table 4 - Town of Freedom TID No. 3 - Newly Platted Residential Subdivision

Map Label	Potential Parcels/Area	Acres	Notes
1	090061400	19.47	Estimated at 50 % of Parcel
6	090040800	17.85	Estimated at 50 % of Parcel
14	090061800	19.50	Estimated at 50 % of Parcel
17	090041400	19.05	Estimated at 50 % of Parcel
25	090038201	36.75	
	Total Potential Acreage	112.61	
	Total Acreage of TID No. 3	373.20	
	% Newly Platted Residential	30.17%	

Newly-platted residential development is estimated to be 30.17% of the total acreage of TID No. 3.

SECTION 5 | Economic Feasibility

The economic feasibility of the TID No. 3 depends on the tax incremental revenue generated from within the District. New development activities are the primary revenue generator. The economic feasibility of the amended TID No. 3 is based on the assumptions identified below and in Tables 6 and 7:

A | New Development Activities

The economic feasibility analysis assumes additional new development in the amount of $8,000,000 between 2024 and 2027. This includes a mixture of residential, commercial, and industrial development.

B | Proposed Debt Service (Future Projects)

The proposed debt service includes loans for eligible projects in 2024 and 2027. The estimated borrowing for these projects are $525,000 in 2024 and $1.0 million in 2027. Both loans have interest rates if 5.0% and terms of 15 years. This can change due to such factors as interest rates, project costs associated with the TID, and other factors.

Tables 6 & 7 presents the economic feasibility of the TID No. 3 for the Town of Freedom. Based on the assumptions above and presented in Table 6 & 7, the TID No. 3 is feasible.

© August 2023 MSA Professional Services, Inc.

C | Impact on Taxing Authorities

The impact on the various taxing jurisdictions in TID No. 3 for the Town of Freedom is estimated as follows:

Table 5 – Impact on Taxing Jurisdictions

Total Projected Tax Increment of TID No. 3	Town of Freedom	School District of Freedom	Fox Valley Technical College	Outagamie County
$2,191,000	$1,660,823	$1,536,263	$207,603	$747,371

2044	$0		$3,000	$3,000	$125,200	$700
TOTAL		$2,172,300	$75,000	$2,247,300		

ASSUMPTIONS
1. Debt Service (Column J) based on $525,000 in 2024 and $1.0 million in 2027 at 5.0% interest for 15 years)
2. Other Expenses (Column K) includes TID #3 planning, administrative, legal, and miscellaneous costs.

© August 2023 MSA Professional Services, Inc.

SECTION 6 | Financing

Under Wisconsin law there are several methods of borrowing, some of which apply against a municipality's debt limit, and others that do not apply against the limit. The state sets this limit at five percent (5%) of the municipality's total equalized property valuation. The feasibility of financing specific projects at any given time using a particular method can be determined based on the municipality's current fiscal situation, anticipated non-TID related capital needs, the amount of money to be borrowed, interest rates, and lending terms.

Possible funding sources include:

A | General Obligation Borrowing

General Obligation Borrowing includes all types of municipal borrowing from banks, the State Trust Fund, or other lending institutions. This method of borrowing requires little effort or legal expenditures and works particularly well for smaller projects.

B | General Obligation Bonding

General Obligation Bonds are a debt instrument backed by the full faith and credit of the municipality and its ability to raise revenue through taxation. In the case of default, the municipality is liable for repayment of the debt. As a result, this type of debt can often result in lower interest rates than regular General Obligation Borrowing. The high fees associated with the issuance of the bonds makes them more attractive for larger projects.

C | Mortgage Revenue Bonds

Revenue Bonds are a debt instrument backed by revenue generated from the project. These types of bonds are also mainly used for larger debt issuances due to their relatively high associated fees. They are typically issued by municipal bodies that raise revenues on a fee for service type basis, such as the Water & Sewer Utility. These types of bonds generally do not count against a municipality's five percent debt limit.

D | Special Assessment "B" Bonds

Special Assessment "B" Bonds are a debt instrument backed by the municipality's ability to raise revenue from special assessments charged to persons, organizations, or businesses receiving benefits from the project. These bonds also do not normally count against a municipality's debt limit.

E | Federal/State Loan and Grant Programs

The State and Federal Government often sponsor grant and loan programs that municipalities may potentially use to supplement TID expenditures or provide financing for capital costs which positively impact the District. These programs include Wisconsin Community Development Block Grants, Rural Development Administration Community Facility Loan/Grants, Transportation Economic Assistance Grants, and Economic Development Administration Grants. These programs require local match funding to insure State and Federal participation in the project.

© August 2023 MSA Professional Services, Inc.

The Town of Freedom is zoned in accordance with an ordinance formally adopted by the Town Board. There may be some zoning changes associated with new development.

The creation of TID No. 3 will not require any changes to the existing community development plans or the Town's municipal codes or ordinances. The projects proposed in the Project Plan are consistent with the development policies of the municipality, as well as existing building codes, maps, and ordinances.

Non-project costs are public works projects that only partly benefit the District or are not eligible to be paid with tax increments (Refer to Wis. Stat. 66.1105(2)(f)(2). Non-project cost are shown in Table 2 and include a portion of the following:

- Parks & Trails - $25,000
- Municipal Equipment - $25,000

No persons are expected to be displaced or relocated as a result of proposed projects in the District; however, if relocation were to become necessary in the future, the following is the method proposed by the Town for displacement or relocation. Before negotiations begin for the acquisition of property or easements, all property owners will be contacted to determine if there will be displaced persons as defined by Wisconsin Statues and Administrative Rules. If it appears there will be displaced persons, all property owners and prospective displaced persons will be provided an informational pamphlet prepared by the Wisconsin Department of Administration (DOA). The Town will file a relocation plan with the DOA and shall keep records as required in Wisconsin Statutes 32.27. The Town will provide each owner a full narrative appraisal, a map showing the owners of all property affected by the proposed project and a list of neighboring landowners to whom offers are being made as required by law.

TID No. 3 will promote orderly development in the Town of Freedom by marketing and attracting economic activity to a specified area. This allows the Town greater control over economic activity in order to ensure that development and/or growth is orderly, harmonious with adjoining land uses, and enhances the health and welfare of the community.

© August 2023 MSA Professional Services, Inc.

An opinion from the Town legal counsel regarding the Project Plan for TID No. 3 and its compliance with s. 66.1105 of Wisconsin Statutes is provided in Appendix F.

Base Value: The aggregate value, as equalized by DOR, of the real, personal, and non-exempt municipal-owned property located within the TID as of the valuation date.

Equalized Value: The estimate of the State of Wisconsin Department of Revenue of the full market value of property; used to apportion property tax levies of counties, school districts and municipalities among tax districts.

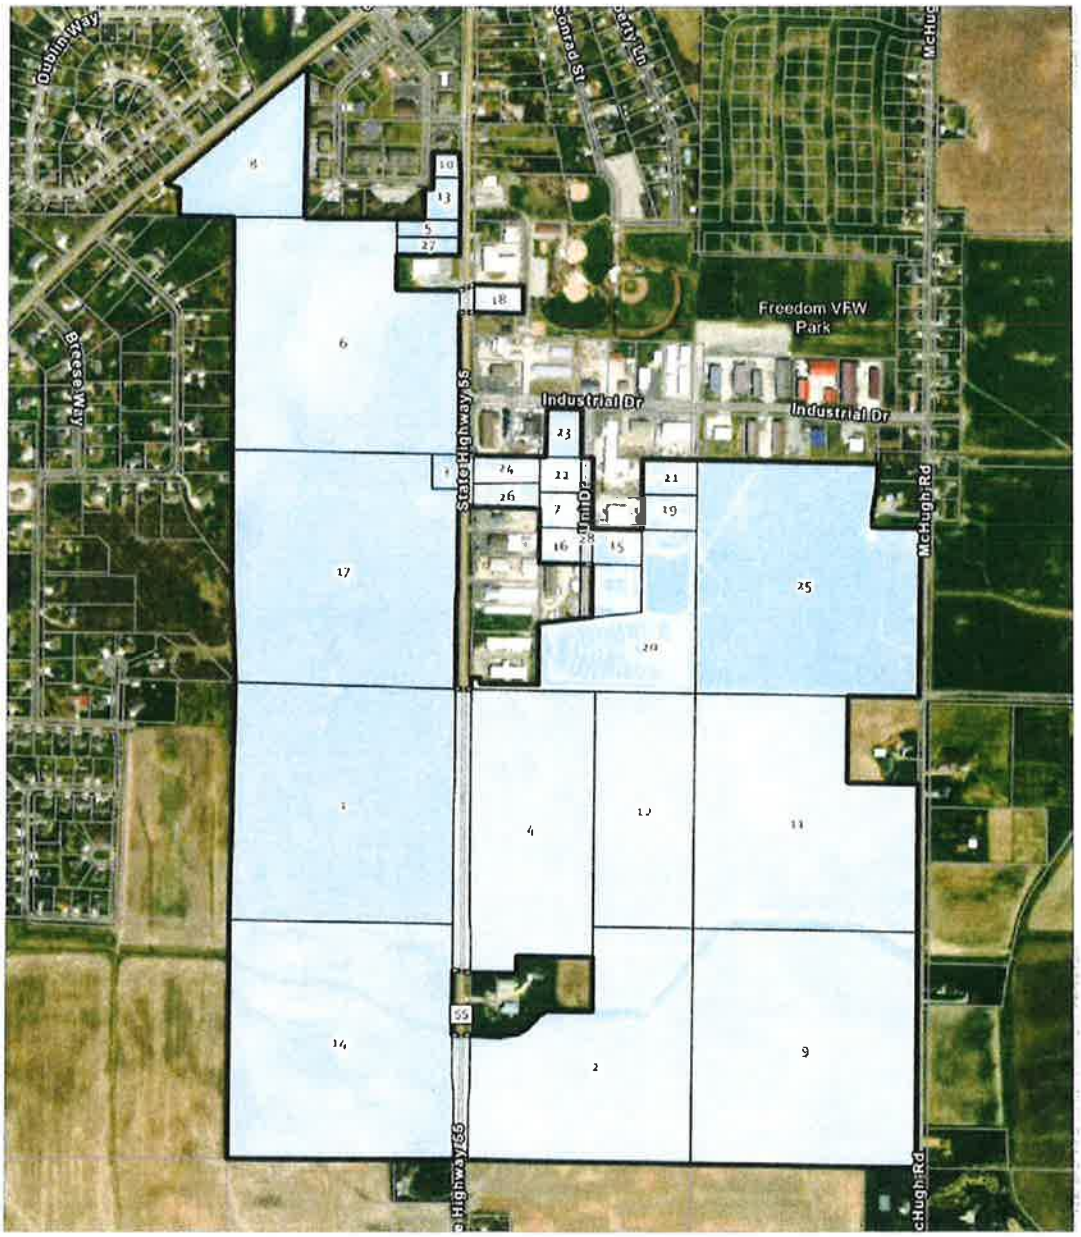
Expenditure Period: The time during which expenses may be incurred for the implementation of the approved project plan and the completion of the projects outlined therein. The current maximum expenditure period for all districts ends five years before the un-extended maximum life of the TID.

Non-Project Costs: As part of the project plan, there may be investments that are not eligible for TIF, or that are paid for with revenue other than tax increment revenue – such as a grant.

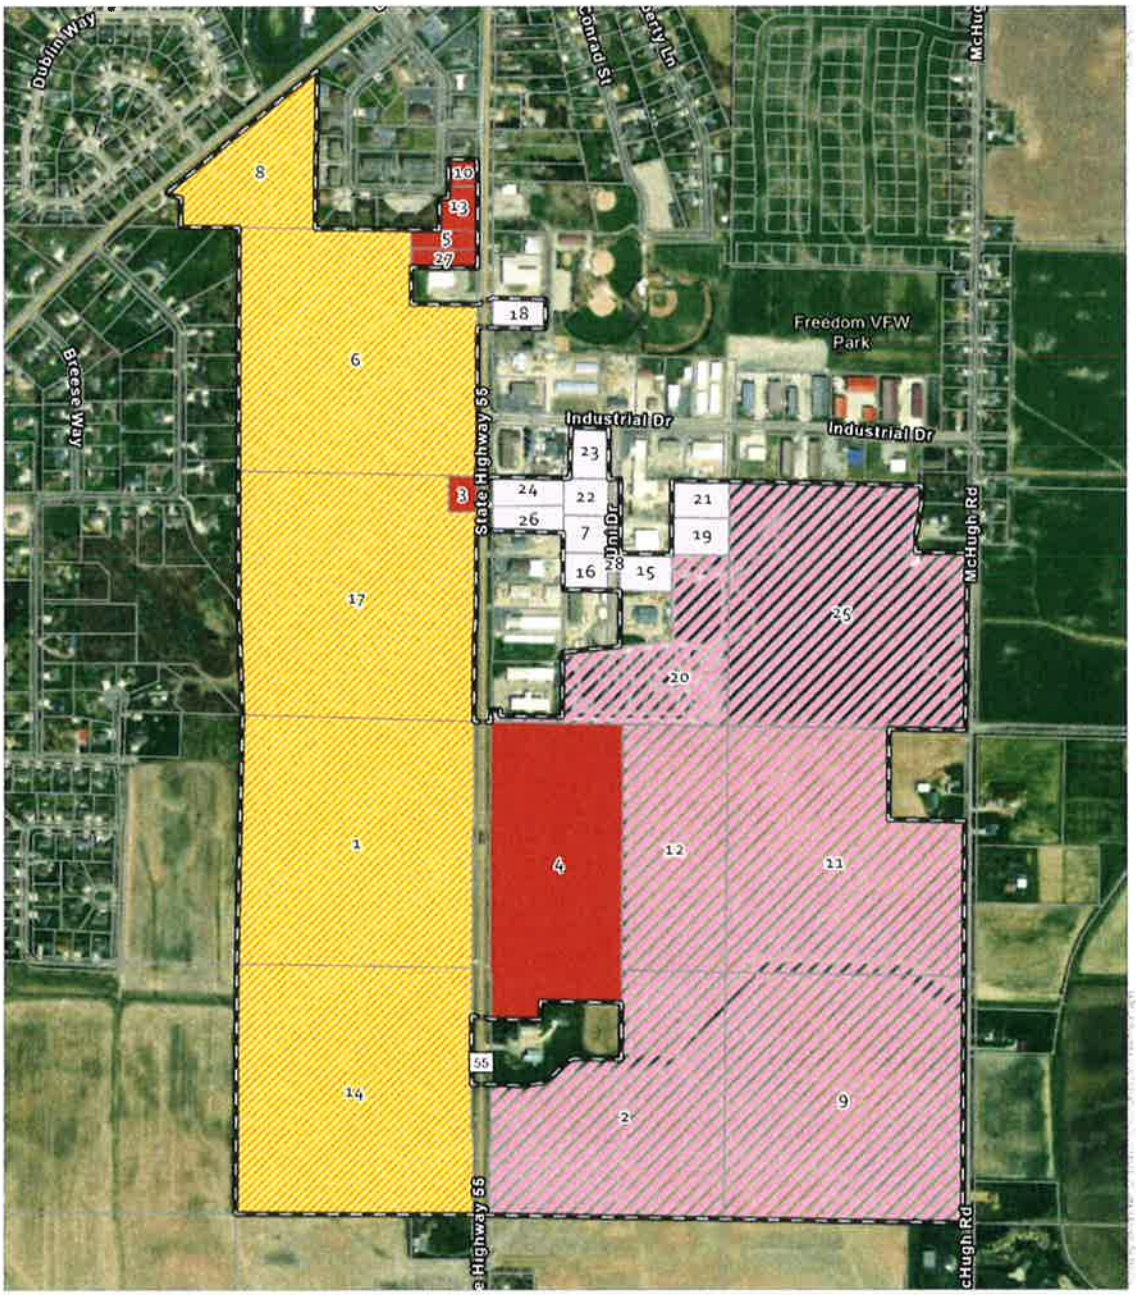
Project Plan: The plan, properly submitted and approved by the Wisconsin Department of Revenue, for the financial development or redevelopment of a TID, including all properly approved amendments.

Tax Incremental District (TID): The contiguous geographical area within a municipality consisting solely of whole units of property as are assessed for general property tax purposed not including railroad rights of way, rivers or highways, or wetlands as defined in Wisconsin Statutes 23.32.

Tax Incremental Financing (TIF): A mechanism for financing development and redevelopment projects whereby property tax revenue from increased property values in a defined geographic district is used to pay for public improvements, such as roads, sewer and water lines. Once the improvements are paid for, the property taxes go to the municipality, county and school districts.



Tax Increment: The taxes levied by all overlying taxing jurisdictions on the difference between the base value and the current value of the TID, also known as the value increment. These taxes are sent to the municipality who operates the TID, and used to pay for the approved project costs laid out in the project plan.



Tax Rate: The rate, usually expressed in terms of dollars per one thousand dollars of assessed valuation, at which taxes are levied against the total assessed valuation of the municipality. Due to changes in the total assessed valuation of the municipality from year to year, the tax levy change and the tax rate change will not be the same. The tax rate change reflects what impact the property owner will see in their total taxes.

© August 2023 MSA Professional Services, Inc.

Value Increment: The difference in value between the base value and the current value. This is the amount of property value that can be attributed to the TIF investment, and as such is the portion of the tax base that is used to generate the tax increment that pays for the investment.

September 26, 2023 County Board Meeting

RESOLUTION NO.: 50—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The State of Wisconsin offers recycling grants to Responsible Units of Government. To apply for these grants, the Responsible Unit of Government must designate authorized representative(s) and give authority to that representative to apply for the State recycling grants. Outagamie County is a Responsible Unit of Government as defined by §287.23 and §287.24, Wis. Stats., and Chapter NR 542, 544 Wis. Admin. Code, and requests financial assistance in order to continue making progress in operating an effective recycling program.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Recycling and Solid Waste Director, Acting Director, Interim Director, Recycling Manager, or Solid Waste Manager to act on behalf of Outagamie County to sign and submit applications to the Department of Natural Resources (DNR) for financial assistance, sign necessary documents, and submit a final report, as defined by §287.23 and §287.24, Wis. Stats., and Chapter NR 542, 544 Wis. Admin. Code, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive and the Outagamie County Recycling and Solid Waste Director.

Dated this 26th day of September 2023

Respectfully Submitted,

HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

September 26, 2023 County Board Meeting
OpenMeeting

RESOLUTION NO.: 51—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin Electric Power Company, doing business as We Energies (Grantee), is requesting an easement in order to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize granting We Energies an easement for the area described as a strip of land 12 feet in width being a part of Lot 3 of Certified Survey Map No. 3490 as recorded in the office of the Register of Deeds for Outagamie County and being a part of the Northwest ¼ of the Southeast ¼ of Section 18, Township 21 North, Range 18 East, City of Appleton, Outagamie County, Wisconsin; said land is shown on the attached Distribution Easement Underground and Exhibit "A" which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Facilities Director and We Energies, Property Rights & Information Group, 231 W. Michigan Street, Room P277, P. O. Box 2046, Milwaukee, WI 53201-2046.

Dated this 26th day of September 2023

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION &

Document Number

WR NO. **4863487** IO NO. **5469**

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, **OUTAGAMIE COUNTY,** hereinafter referred to as "Grantor", owner of land, hereby grants and warrants to **WISCONSIN ELECTRIC POWER COMPANY, a Wisconsin corporation doing business as We Energies,** hereinafter referred to as "Grantee", a permanent easement upon, within, beneath, over and across a part of Grantor's land hereinafter referred to as "easement area".

The easement area is described as a strip of land 12 feet in width being a part of **Lot 3 of Certified Survey Map No. 3490** as recorded in the office of the Register of Deeds for Outagamie County in Volume 18 of Certified Survey Maps on Page 3490 as **Document No. 1325228** and being a part of the **Northwest ¼ of the Southeast ¼ of Section 18,** Township 21 North, Range 18 East, City of Appleton, Outagamie County, Wisconsin.

The location of the easement area with respect to Grantor's land is as shown on the attached drawing, marked Exhibit "A", and made a part of this document.

RETURN TO:
We Energies
PROPERTY RIGHTS & INFORMATION GROUP
231 W. MICHIGAN STREET, ROOM P277
PO BOX 2046
MILWAUKEE, WI 53201-2046

311672311
(Parcel Identification Number)

1. **Purpose:** The purpose of this easement is to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

2. **Access:** Grantee or its agents shall have the right to enter and use Grantor's land with full right of ingress and egress over and across the easement area and adjacent lands of Grantor for the purpose of exercising its rights in the easement area.

3. **Buildings or Other Structures:** Grantor agrees that no structures will be erected in the easement area or in such close proximity to Grantee's facilities as to create a violation of all applicable State of Wisconsin electric codes or any amendments thereto.

4. **Elevation:** Grantor agrees that the elevation of the ground surface existing as of the date of the initial installation of Grantee's facilities within the easement area will not be altered by more than 4 inches without the written consent of Grantee.

5. **Restoration:** Grantee agrees to restore or cause to have restored Grantor's land, as nearly as is reasonably possible, to the condition existing prior to such entry by Grantee or its agents. This restoration, however, does not apply to the initial installation of said facilities or any trees, bushes, branches or roots which may interfere with Grantee's use of the easement area.

6. **Exercise of Rights:** It is agreed that the complete exercise of the rights herein conveyed may be gradual and not fully exercised until some time in the future, and that none of the rights herein granted shall be lost by non-use.

7. **Binding on Future Parties:** This grant of easement shall be binding upon and inure to the benefit of the heirs, successors and assigns of all parties hereto.

8. **Easement Review:** Grantor acknowledges receipt of materials which describe Grantor's rights and options in the easement negotiation process and furthermore acknowledges that Grantor has had at least 5 days to review this easement document or voluntarily waives the five day review period.

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, October 10, 2023.

The Board met pursuant to adjournment, and was called to order by Chairperson Nooyen at 7:00 p.m. by teleconference.

ROLL CALL: 32 present, 4 absent. Members present: Thompson, Miller, Smith, Patience, Gabrielson, Konetzke, Hammen, Lawrence, Lamers, Ferguson, Wegand, Hermes, MacDonald, Schroeder, Croatt, Spears, Cooke, Santonato, Cuff, Hagen, Klemp, Thiede, Nooyen, Weinberg, Culbertson, Monfils, Winterfeldt, Clegg, Thyssen, VanderHeiden, Koury, and Lautenschlager. Members Absent: Krueger, McCabe, Nejedlo, Rettler

The Board Chairperson requested the Board's confirmation to excuse Supervisor Krueger, Supervisor McCabe, Supervisor Nejedlo, and Supervisor Rettler. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Nooyen.

MINUTES OF THE SEPTEMBER 26, 2023 COUNTY BOARD MEETING
Supervisor Patience moved, seconded by Supervisor Lawrence, to approve the minutes of the September 26, 2023, County Board meeting.

VOICE VOTE CARRIED WITH TWENTY-EIGHT (28) YES AND FOUR (4) ABSTENTIONS (KOURY, SPEARS, SMITH, WEGAND). MINUTES OF THE SEPTEMBER 26, 2023, BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS –

2024 Proposed Budget Remarks – County Executive Thomas Nelson; 2024 County Board Budget Process – Finance Committee Chairperson Nadine Miller

- County Executive Thomas Nelson provided an update on the 2024 Budget.
    - The total tax levy has increased from last year (+2.42%) and the tax rate has decreased (-10.11%) due to increased property values across the County.
    - What allows the tax levy to fluctuate year to year is net new construction. Net new construction is expected to have gone up by 2.260% as in previous years.
    - This translates into roughly $1.4M in “New” money compared to last year’s tax levy.
    - Wages and salaries:
        - Raises are expected to increase $4.315M ($3.7M – Levy).
        - Steps throughout the departments are expected to be $1.2M ($1.0M – Levy).
        - Health insurance is going to be increasing 6.5%, with employee share remaining unchanged.
        - How will step and wages/salaries be funded?
            - $1.4M – New Levy
            - $1.4M – New Shared Revenue
            - $1.4M – Interest Income

- Capital Budget includes:
  - $22.5M in pre-approved levy and enterprise
  - $13.8M in proposed capital projects
  - $36.3 grand total

Supervisor questions and comments followed.

- Finance Committee Chairperson Nadine Miller presented on the County Board budget process.
  - The Board makes policy, while the Executive & staff administer those policies.
  - The budget is where the Board makes decisions that make a difference.
  - The work is done primarily at Committee level, then to Finance for balancing.
  - Supervisor responsibilities include:
    - Reviewing jurisdictional budgets prior to meeting. These budgets have been emailed to Supervisors. Supervisors can also request a printed copy.
    - Prepare your questions, any proposed changes & funding.
    - Committees will vote to either support budgets of jurisdiction or recommend changes.
    - Committee chairs and members are encouraged to attend Finance Committee meetings to share feedback and have discussion.
    - Finance Committee Budget Review Meetings will take place every Tuesday and Thursday throughout the next four weeks at 11:00 am.
  - The Public Budget Hearing will take place Tuesday, October 24th at 7:00 pm before the County Board meeting.
  - The Annual Budget Adoption Meeting will be held Monday, November 6th in the County Board room at 5:30 pm.
  - Budget adoption meeting:
    - The Executive proposes the budget; the Board approves the budget.
    - A majority vote is required for budget and table of organization changes.
    - The process has been built for transparency, full participation of committees and the public, and to avoid marathon budget meetings.
    - Please contact the Finance Chair or Committee Chairs with any questions.

Supervisor questions and comments followed.

ESTABLISH ORDER OF THE DAY

Chairperson Nooyen reported the request to have Resolution Nos. 52, 53, 54, 55, 56, 57 and 58—2023-24 locked in at the meeting.

Chairperson Nooyen asked for unanimous consent to handle all reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

COMMUNICATIONS –
Chairperson Nooyen summarized the following communications:

- There are two Supervisors that have yet to complete the IT security training. Please get this completed as soon as possible. If you need the link, please contact the Legislative Services office.

- Next Tuesday, October 17th there will be an open house at the new pavilion at Plamann Park from 5:00-6:30 pm. Please RSVP to Sara in Legislative Services if you have not already done so.
- Supervisors should have received an invite for the Appleton Flight Center anniversary party taking place this Thursday, October 12th from 3:00-6:00 pm.
- As of November 10th, Supervisor Konetzke will be resigning from the County Board. Unfortunately, he will be moving out of the County. The County Board appreciates everything Supervisor Konetzke has done over the past several years and he will be greatly missed.

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

APPOINTMENTS – None.

UNFINISHED BUSINESS – None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Resolution No. Z-5—2023-24 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve the rezone request for Fox Communities Credit Union for parcels 102036900 and 102038800, from the Local Commercial District to the Single-Family Residential District, in the Town of Grand Chute, as noted on the attachments.

Supervisor VanderHeiden moved, seconded by Supervisor Weinberg, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. Z-5—2023-24 IS ADOPTED.

Resolution No. 52—2023-24 – Finance Committee. Approve to disallow the claim submitted by Thomas Shannon Buckley, Jr., on file in the County Clerk's Office, and no action of this claim may be brought against Outagamie County or any of its officers, officials, agents, or employees after six months from the date of service of this notice.

Supervisor Croatt moved, seconded by Supervisor Thiede, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 52—2023-24 IS ADOPTED.

Resolution No. 53—2023-24 – Finance Committee. Approve of the County Clerk entering into an Intergovernmental Agreement with five municipalities to perform WisVote services, said revenues are included in the 2024 Executive budget, as noted on the attachments.

Supervisor Miller moved, seconded by Supervisor Cuff, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 53—2023-24 IS ADOPTED.

Resolution No. 54—2023-24 – Health and Human Services Committee. Authorize and approve of creating the Intoxicated Driver Program (IDP) cost center line items, as noted on the attached fiscal note

and memo; and authorize and approve the Intoxicated Driver Program Assessment fee for 2023-2024 to be set at $325.00, the existing Intoxicated Driver Program Assessment Amendment Fee be established at $162.50, and that a client appointment no-show fee be set at $100.00.

Supervisor Gabrielson moved, seconded by Supervisor Thompson, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 54—2023-24 IS ADOPTED.

Resolution No. 55—2023-24 – Health and Human Services Committee and Public Safety Committee. Authorize and approve to increase the following Opioid Settlement cost center line items: Supplies by $10,648; Purchased Services by $189,985; Fund Balance Applied by $200,633, as noted on the attached fiscal note and memo.

Supervisor Patience moved, seconded by Supervisor Schroeder, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 55—2023-24 IS ADOPTED.

Resolution No. 56—2023-24 – Property, Airport, Recreation and Economic Development Committee. Approve to authorize execution of a Warranty Deed to the Wisconsin Department of Transportation for the sum of $700.00 for property described as Parcel 9 of Transportation Project Plat 1130-63-21 – 4.04, recorded as Document #2288266, in Outagamie County, with property interests and right of said Parcel 9 consisting of Fee Simple, Temporary Limited Easement, as noted in the attachments; and authorize and approve of the line items by increasing the Plamann Park Revenue by $700, and decreasing the General Fund Surplus Fund Balance Applied by $700, as detailed in the attached fiscal note.

Supervisor Culbertson moved, seconded by Supervisor Hammen, for adoption.

VOICE VOTE CARRIED UNANIMOUSLY. RESOLUTION NO. 56—2023-24 IS ADOPTED.

Resolution No. 57—2023-24 – Property, Airport, Recreation and Economic Development Committee. Authorize and approve of naming the new Plamann Park pavilion shelter “The Hillside at Plamann Park”.

Supervisor Culbertson moved, seconded by Supervisor Klemp, for adoption.

Supervisor Croatt moved to amend Resolution No. 57—2023-24 to authorize and approve of naming the new Plamann Park pavilion shelter “The Hillside Pavilion at Plamann Park”. Supervisor Thiede seconded the motion.

ROLL CALL VOTE WITH FIVE (5) YES (HERMES, CROATT, HAGEN, THIEDE, CLEGG) AND TWENTY-SEVEN (27) NO. PROPOSED RESOLUTION NO. 57–2023-24 AMENDEMENT IS DEFEATED.

VOICE VOTE CARRIED WITH THIRTY (30) YES AND TWO (2) NO (THIEDE, HERMES). RESOLUTION NO. 57—2023-24 IS ADOPTED.

Resolution No. 58—2023-24 – Finance Committee. Resolution awarding the sale of $25,000,000 General Obligation Airport Bonds, series 2023A (AMT).

RESOLUTION NO.: Z-5—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Grand Chute has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Grand Chute be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for Fox Communities Credit Union. The proposed rezoning is for parcels 102036900 and 102038800, from the Local Commercial District to the Single-Family Residential District. The parcels are located at 2607 W. Highway Drive and 2606 W. Heather Avenue in the Town of Grand Chute, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Town of Grand Chute Clerk, the Town of Grand Chute Community Development Director, and the Town of Grand Chute Community Development Administrative Assistant.

Dated this 10th day of October, 2023

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING & LAND CONSERVATION COMMITTEE

Debra Vander Heiden

Daniel Rettler

Dustin Koury

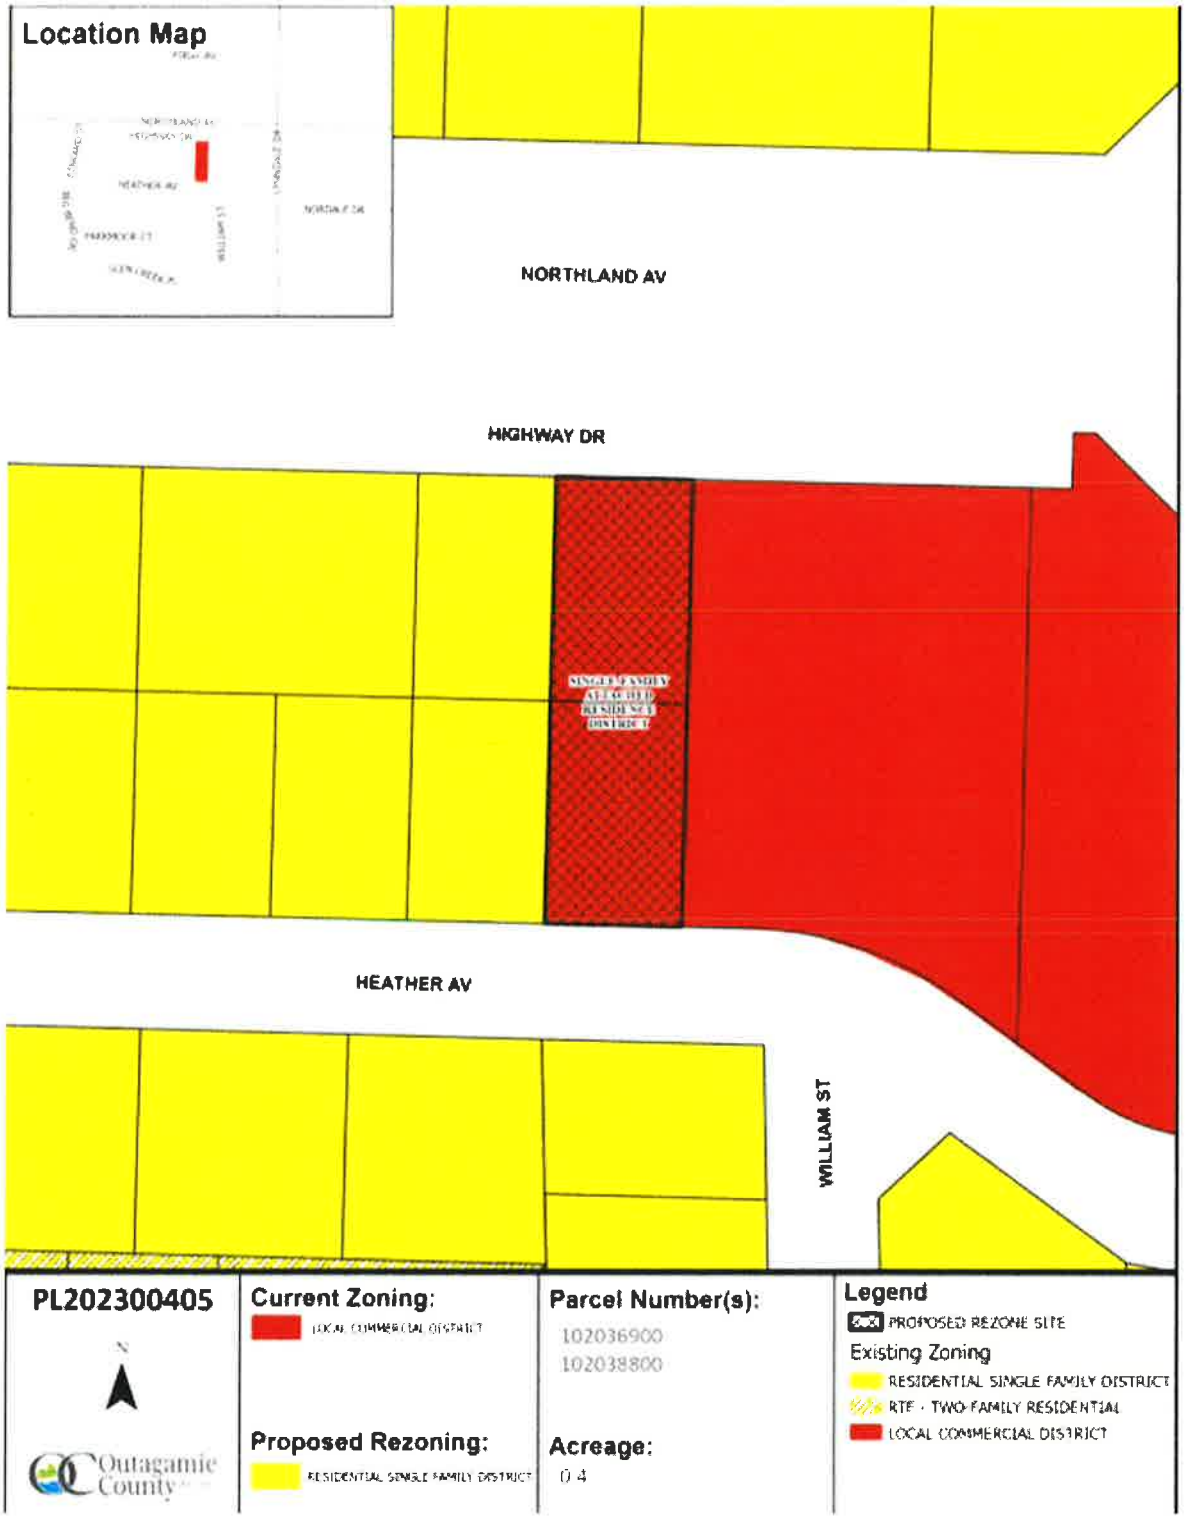
MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Principal Planner**
DATE: **September 7, 2023**
RE: **PL202300405: Rezoning – Town, Review and Recommendation**



Application Details:

Applicant and Owner:	The Town of Grand Chute, Applicant on behalf of Fox Communities Credit Union (Owner)
Request:	Rezoning - Town
Parcel:	102036900 and 102038800
Location:	2607 W. Highway Drive and 2606 W. Heather Avenue TOWN OF GRAND CHUTE
Public Hearing:	August 15, 2023 at 6:00 PM held by the Town of Grand Chute

Background:
A Town Rezoning request was received from the Town of Grand Chute, as depicted on the attached Rezoning Map. The proposal would rezone parcels 102036900 (0.20 acres) and 102038800 (0.20 acres) from the Local Commercial District to the Single-Family Residential District. Rezoning these lots would allow for the development of two single-family homes (one home on each lot). More information is in the attached Town of Grand Chute staff memo.
The Town of Grand Chute exercises village powers and adopted General Town Zoning. The Town of Grand Chute is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Plan, which designates this area as "Suburban."

The Town Board voted to approve the rezoning request on September 5, 2023.

Staff Recommendation:
Based on County planning staff's review of this proposed Town Rezoning, Staff recommends to: approve the rezoning of parcels 102036900 and 102038800 from the Local Commercial District to the Single-Family Residential District.

Town of Grand Chute
Fox Communities Credit Union, on behalf of Greater Fox Cities Area Habitat for Humanity
Rezoning Request

To: Plan Commission

From: Tanner Russell, Town Planner

Date: August 15, 2023

Address: 2607 W. Highway Drive & 2606 W. Heather Avenue (Tax Key Parcel No. 102-038900 & 102-038800) **App. #: Z-05-2023**

REQUEST
The applicant is requesting to rezone 0.4 acres of referenced property from **CL Local Commercial District to RSF Single-Family Residential District**, to accommodate future single-family residential development.

ANALYSIS
The request is to rezone two adjacent 0.2 acre lots of land from CL Local Commercial District to RSF Single-Family Residential District. The lots are currently undeveloped and adjoin the Fox Communities Credit Union located at 2531 W. Highway Drive. The northern lot has roadway access to W. Highway Drive and the southern to W. Heather Avenue. Rezoning these lots would allow for single-family homes on both lots.

The parcels are currently located on the edge of an existing residential subdivision, and the rezone request is consistent with the zoning classification of the adjacent single-family residential properties to the west and south. Rezoning of this property to RSF Single-Family Residential District classification is also consistent with the Suburban designation for this district as identified in the Town of Grand Chute Comprehensive Plan.

RECOMMENDATION
Staff has reviewed and supports a Plan Commission recommendation to rezone the property located at 2607 W. Highway Drive & 2606 W. Heather Avenue from CL Local Commercial District to RSF Single-Family Residential District. (Ordinance No. O-11-2023)

RESOLUTION NO.: 52—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

A Claim for Damages was filed on August 22, 2023 by Thomas Shannon Buckley, Jr. in the Outagamie County Clerk's Office. Upon review of this matter by the Outagamie County Risk Administrator and the Finance Committee, a recommendation was made that the claim be disallowed.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does disallow the claim submitted by Thomas Shannon Buckley, Jr. that has been placed on file in the office of the Outagamie County Clerk and that no action of this claim may be brought against Outagamie County or any of its officers, officials, agents, or employees after six months from the date of service of this notice, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to Thomas Shannon Buckley, Jr., NRNC, LLC, 29599 N. Birch Ave., Lake Bluff, IL 60044 by certified mail, return receipt requested as a notice of disallowance, the Outagamie County Corporation Counsel, and the Outagamie County Risk Administrator.

Summary of Claim/Suit Filed Against OC
Request for formal disallowance.

Claim Information:

- On August 22, 2023 via certified mail I received notice of claim pertaining to a Piper Navajo Chieftain tail #N440AP
- Claimant is alleging that on July 28, 2023 while parked at Appleton International Airport a crack is the nose gear housing occurred. Claimant is alleging the crack is consistent due to overturning from ground handling
- Claimant noticed crack during preflight inspection
- The itemized claim relief sought is $16,996.91

Background/Basis:

- Upon investigation and follow up with Airport Ground Handling Employees, no instances of overturning occurred
- Training records of employees involved were retrieved and verified as well as statements from those employees
- Surveillance video was secured and time stamps of N440AP movement were evaluated. It does not appear any overturning occurred
- The claim references damage consistent with ground handling but does not provide any evidence of actual occurrence
- Following a review of the information and an investigation of the facts, it has been determined that Outagamie County and Appleton International Airport has no liability for this claim. There is sufficient lack of proof of burden

RESOLUTION NO.: 53—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Outagamie County Clerk is requesting to enter into an Intergovernmental Agreement with five (5) municipalities to perform WisVote services. The County Clerk's Office has been completing this function for five municipalities for the past two years under the 2022-2023 agreement. The Intergovernmental Agreements must be signed for the upcoming 2024 and 2025 elections. Fees are calculated by municipalities paying a flat amount based on the number of elections each year ($425 per municipality for the four elections in 2024 and $200 for the two elections in 2025). Additional fees would be charged for any additional elections, as noted in Addendum C of the Agreement. The 2024 amount, estimated at $2,125, has been included in the 2024 Executive Budget. Therefore, no budget adjustment is needed at this time.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the County Clerk entering into an Intergovernmental Agreement with five (5) municipalities to perform WisVote services, said revenues included in the 2024 Executive budget, as noted on the attached fiscal note, Intergovernmental Agreement, and Addendums A, B, and C, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to retain a copy of this resolution for their records and forward a copy to of this resolution to the Outagamie County Finance Director.

Dated this 10th day of October 2023

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** County Clerk Wisvote 2024-2025 Intergovernmental Agreement with Municipalities

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Outagamie County Clerk is requesting to enter into an Intergovernmental Agreement with five municipalities to perform Wisvote services. The County Clerk's office has been completing this function for five municipalities for the past two years under the 2022-2023 agreement. There intergovernmental agreements must be signed for the upcoming 2024 and 2025 elections. Fees are calculated by municipalities paying a flat amount based on the number of elections each year ($425 per municipality for the four elections in 2024 and $200 for the two elections in 2025). Additional fees would be charged for any additional elections, as noted in Addendum C of the agreement. The 2024 amount estimated at $2,125 has been included in the 2024 Executive Budget.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [ ] Expenses (Cost) [X] None – 2024 Budget

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

**INTERGOVERNMENTAL AGREEMENT BETWEEN
THE MUNICIPALITY AND OUTAGAMIE COUNTY
FOR WISVOTE SPECIFIED SERVICES**

This Intergovernmental Agreement is hereby entered into by and between the **Municipality** (hereafter referred to as the "LOCAL UNIT") and Outagamie County (hereafter referred to as the "PROVIDER UNIT").

NOW, THEREFORE, in consideration of the terms and conditions contained herein, the parties hereto agree as follows:

1. The LOCAL UNIT understands that the State of Wisconsin requires the maintenance of an official centralized database of voter registration information.

2. Respective Roles and Responsibilities:

   a. The LOCAL UNIT understands their responsibilities and requirements for complying with the Help America Vote Act 2002 (HAVA) and Wisconsin Law. LOCAL UNIT AND PROVIDER UNIT accepts their respective responsibilities to implement voter registration policies, procedures, and practices and to maintain each voter's current registration documentation.

   b. The LOCAL UNIT agrees to the roles and responsibilities as set forth in Addendum A attached hereto and made a part hereof.

   c. The PROVIDER UNIT agrees to the roles and responsibilities as set forth in Addendum B attached hereto and made a part hereof.

3. The LOCAL UNIT understands and acknowledges the staffing, training, technology, and maintenance costs required to enter and maintain the data within Wisvote, and electronic poll books, if or when utilized.

4. The LOCAL UNIT understands and acknowledges the PROVIDER UNIT roles and responsibilities will be charged to the LOCAL UNIT per Addendum C, attached hereto and made a part hereof. The LOCAL UNIT will be responsible for costs incurred for additional copies, reports and expedited mailings or deliveries.

5. Based upon the above, the LOCAL UNIT herein declares its intention to utilize technology and resources of PROVIDER UNIT. It is the understanding of the LOCAL UNIT, that the PROVIDER UNIT accepts the technology and resource responsibilities of Addendum B –

Provider Unit Roles and Responsibilities for this sharing agreement, subject to Section 6, Section 7, and Section 8 below.

6. Although not currently required, the PROVIDER UNIT may, during the term of this agreement, opt to utilize electronic poll books. Should the PROVIDER UNIT exercise this option, the LOCAL UNIT shall implement the use of such electronic poll books and the PROVIDER UNIT and LOCAL UNIT shall have the following duties:
   a. PROVIDER UNIT shall purchase and supply the LOCAL UNIT with the electronic poll book(s). PROVIDER UNIT shall be responsible for maintaining the hardware and have ownership of the hardware. By separate agreement, PROVIDER UNIT hardware may be transferred to the LOCAL UNIT as mutually agreed upon.
   b. LOCAL UNIT shall be responsible for updating and maintaining the software for the electronic poll books that have been supplied by the PROVIDER UNIT.
   c. Training costs will be equally shared costs between the PROVIDER UNIT and LOCAL UNIT.

7. LOCAL UNIT may exercise an option to procure and utilize electronic poll books at LOCAL UNIT full cost. If LOCAL UNIT chooses this option, LOCAL UNIT must:
   a. Notify the PROVIDER UNIT of its intention and implementation 30 days prior to the implementation of electronic poll books at an election.
   b. During LOCAL UNIT implements of electronic poll book(s), LOCAL UNIT agrees at LOCAL UNIT cost to provide training to PROVIDER UNIT staff, in transferring data to and from the electronic poll book(s) and Wisvote.

8. Term of Intergovernmental Agreement:
   a. This agreement with regard to Wisvote services as outlined above and in Addendums A, B, and C is valid from the date signed through December 31, 2025.
   b. This agreement for Wisvote services as outlined above and in Addendums A, B, and C will extend in 90 day increments, unless officially terminated, for all Wisvote services. This agreement can only be officially terminated if the following guidelines have been met:
      i. Official written termination notice to terminate the agreement is issued by either party to the other at least 30 days prior to termination. At the same time, official written termination notice will be provided by the terminating party to the Wisconsin Elections Commission 30 days prior to the agreement termination.
      ii. The LOCAL UNIT, that previously did not have responsibility for updating WisVote information (Addendum B), has validated with the Wisconsin Elections Commission

that they are capable of taking on the technology and resource (all hardware and software) responsibilities of Wisvote.

iii. The LOCAL UNIT, that previously did not have responsibility for updating Wisvote information (Addendum B), has validated with the Wisconsin Elections Commission that their clerk and appointed associates have been properly trained in the use and functions of Wisvote.

c. This Intergovernmental Agreement will not require the PROVIDER UNIT to:

i. Track the absentee voting process through Wisvote. The LOCAL UNIT is responsible for Wisvote absentee voter/ballot tracking, including Wisvote voter registrations data entry prior to Election Day (Addendum A).

ii. Track late statistical election information (beyond two weeks post statutory deadline) related to election costs, election statistics, etc.

iii. Track individual voter verification postcards related to registrations through Wisvote, if the State of Wisconsin, requires this data entry in the future. PROVIDER UNIT will post Wisvote information currently tracked (as of September 1, 2023), which includes the return of voter verification postcards or undeliverable voter verification postcards.

Addendum A –

LOCAL UNIT (Relying Clerk)
Roles and Responsibilities

Voter Registration:
The relying clerk will be responsible for:
1. Collecting in-person, mail-in, and e-mail (Uniformed and Overseas Citizens Absentee or UOCAVA voters) registration applications;
2. Approving the application, if complete, and contacting the voter, if not;
3. Maintaining the original application in the municipal clerk's office;
4. Entering into Wisvote, voter registration data prior to Election Day.
5. Sending a copy of the Election Day Registration application(s), within established timelines (see 6. below), to the PROVIDER UNIT to enter the information into Wisvote before the statutory deadline;
6. Delivering Election Day Registration applications to the PROVIDER UNIT, after reviewing for data quality (penalties assessed for insufficient data (see Addendum C) and/or late submissions to Relier Unit), no later than one week following the election, and
7. Delivering statistical information no later than two weeks prior to statutory deadlines. Penalties assessed for late submission (see Addendum C). If data not submitted by two weeks post statutory deadline, LOCAL UNIT will be responsible for data entry into Wisvote.
8. Verifying all the information the PROVIDER UNIT has entered into the Wisvote is correct.

Absentee Voter Information/Ballots
The relying clerk will be responsible for:
1. Receiving and logging requests for absentee ballots into Wisvote;
2. Sending the voter an absentee ballot and envelope within required deadlines;
3. Processing the returned envelopes and delivering them to poll places if complete; contact voter if incomplete and sufficient time to correct;
4. Processing voter return of absentee ballots into Wisvote;
5. Producing Wisvote Absentee Ballot Logs, and verifying all the information is correct (making Election Inspector comments, if necessary).

Elections Management
The relying clerk will be responsible for:
1. All Wisconsin Laws pertaining to the administration of elections;
2. Identifying both the need for an election and the offices it will cover and providing this information to the PROVIDER UNIT within established timelines;
3. Receiving and approving candidate filings, and providing this information to the PROVIDER UNIT within established timelines.
4. Determining municipal-level ballot placement within the established deadlines and providing this information to the PROVIDER UNIT within established deadlines and verifying that the PROVIDER UNIT has followed LOCAL UNIT instructions for ballot placement.
5. Submitting to the PROVIDER UNIT statistical information necessary to enter into Wisvote no later than two weeks prior to statutory deadline. LOCAL UNIT agrees to pay penalty fees up to two weeks following statutory deadline if statistical data is submitted late. LOCAL UNIT agrees to post statistical data if data is not submitted to PROVIDER UNIT after two weeks post deadline.

Miscellaneous
The relying clerk will:
1. Coordinate with the PROVIDER UNIT to obtain copies of documents, verify and proof documents in a timely manner. The LOCAL UNIT will be responsible for costs incurred for expedited mailings or deliveries.
2. Perform duties as specified by the Wisconsin Elections Commission for administrating Wisvote.

Addendum B –
PROVIDER UNIT (Outagamie County)
Roles and Responsibilities

Outagamie County will provide services for municipalities that are under 1,000 in population that request services enumerated below. If a municipality reaches population over 1,000, the agreement will be terminated automatically at the end of year.

Technical
PROVIDER UNIT will be responsible to meet the baseline hardware, software, and connectivity requirements as specified by the Wisconsin Elections Commission needed to use Wisvote.

Logistical
PROVIDER UNIT will train and maintain a staff sufficient to handle the incoming elections-related requests from relier municipalities.

Process-related
PROVIDER UNIT is responsible for the following process-related duties of Wisvote:

1. Entering relier information into Wisvote prior to applicable statutory deadline (dependent upon data being provided in a timely fashion by LOCAL UNIT (see Addendum A). Relier information data entry includes:
    - Entering Election Day voter registration information,
    - Elections management,
    - Poll-worker contact information (optional),
    - Candidate filings,
    - Ballot placement,
    - Election Day provisional ballot information,
    - Voter Participation (post-election),
    - Voter Verification Data (required as of September 1, 2017), and
    - Post-election statistical information (see Addendum A regarding late information).

    All other Wisvote data entry responsibilities are the responsibility of the LOCAL UNIT (see Addendum A).
2. Generating printed or electronic produced (Adobe) Wisvote documents as follows:
    - Reports, readily available in Wisvote, reflecting changes made to the voter records and other records required within Wisvote in a relying clerk's municipality (as requested by municipality),
    - Reports, readily available in Wisvote, as requested by relier clerks (except for absentee ballot information reports, which are a municipal clerk's responsibility).
    - Ineligible voter lists
    - Poll lists.

Miscellaneous
The PROVIDER UNIT will perform duties as specified by the Wisconsin Elections Commission for administrating Wisvote subject to the Intergovernmental Agreement.

ADDENDUM C

WISVOTE PROVIDER TO RELIER CHARGES****

Towns:	2022 Population	2024 Four Elections	2025 Two Elections
Deer Creek	628	$ 425	$ 200
Liberty	822	$ 425	$ 200
Maple Creek	589	$ 425	$ 200
Villages:			
Bear Creek	426	$ 425	$ 200
Nichols	289	$ 425	$ 200
Totals	**2,754**	**$ 2,125**	**$ 1,000**

2024/2025 Fee Structure		
Fees based on population breakdown:	**2024 Four Elections**	**2025 Two Elections**
1-1000	$ 425	$ 200

*Municipalities for each election beyond four per year in a four-year cycle, and beyond two per year in a two-year election cycle, shall be charged an additional one quarter of its annual fee or one half of its annual fee for each respective cycle.

* Price is for combined election, i.e. Feb/April = one charge, Aug/Nov = one charge
Price higher in four-election year cycle due to high voter participation.

Services outlined in Addendum B:
- Election Day Voter Registration (EL131) entry/revisions
- Poll Book Printing - 2 sets
- Recording Voter Activity after each election
- Setup of Municipal Candidates into WisVote
- Wisvote Revisions, i.e. creating/revising address ranges
- Enter EL190 data provided from Relier into WisVote
- Entry of Provision Ballot Information (EL123r) on Election Night for Relier into WisVote

**Penalties assessed for incomplete or late information. Information outlined in Addendums A + B

RESOLUTION NO.: 54—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

For almost 40 years, the Outagamie County Department of Health and Human Services (DHHS) has contracted out its statutory requirements to provide an Intoxicated Driver Program (IDP) to ThedaCare, Inc. In 2022, ThedaCare announced that it would no longer be able to provide IDP assessments for the County. DHHS then conducted an extensive Request for Proposal (RFP) to find a new provider for IDP assessments, however, no proposals were received. Winnebago County, with very short notice, began providing the required IDP assessments for Outagamie County residents while DHHS staff applied for proper State Certification to provide IDP assessments with county staff members through the Mental Health and Alcohol and Other Drug Abuse Division. The certification process is currently underway with the Department of Health Services in Madison and it is anticipated that the process will be complete by the end of 2023.

In order for DHHS to prepare for providing state required and mandated IDP Assessments by January 1, 2024, the department is requesting permission to amend the 2023 budget and create an IDP cost center effective October 1, 2023 for the purposes of hiring and training needed staff members to conduct IDP assessments and set up the necessary fiscal and administrative support systems to provide fee collections, assessment documentation and reporting of the completed assessments, as well as ensure compliance with all necessary State requirements for this new program.

Based on projected expenses for the IDP Assessment Program, DHHS is also requesting that the IDP Assessment fee for 2023-2024 be set at $325.00, and that the existing IDP Assessment Amendment fee be established at $162.50 and that a client appointment no-show fee is set at $100.00.

Additionally, DHHS is requesting to create the IDP cost center effective October 1, 2023. Anticipated start-up expenses and revenues for the IDP for the remainder of calendar year 2023 are included on the attached. The DHHS 2024 budget will include this new cost center and will detail all anticipated expenses and revenues to provide this State mandated service through the DHHS.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of creating the following IDP (Intoxicated Driver Program) cost center line items by increasing: Salaries by $36,672; Fringe Benefits by $17,050; Travel / Training by $3,000; Supplies by $5,778; Purchased Services by $9,340; Allocated Applied Expense by $7,430; and Decreasing IDP (Intoxicated Driver Program) Fees, Fines and Costs Initial Assessment line item by $79,270, as noted on the attached fiscal note and memo which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Intoxicated Driver Program Assessment fee for 2023-2024 to be set at $325.00 and that the existing Intoxicated Driver Program Assessment Amendment Fee be established at $162.50 and that a client appointment no-show fee be set at $100.00, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director and the Outagamie County Finance Director.

Dated this 10th day of October 2023

Respectfully Submitted,

HEALTH AND HUMAN SERVICES COMMITTEE

Dan Gabrielson	Justin Krueger
Jeff McCabe	Cathy Thompson
Kelly Schroeder

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Department of Health and Human Services Request to Create Intoxicated Driver Program (IDP) Cost center effective 10/01/2023

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

For almost 40 years, Outagamie County Health and Human Services has contracted out its statutory requirements to provide an Intoxicated Driver Program (IDP) to Thedacare, Inc. In 2022, Thedacare announced that it would no longer be able to provide IDP assessments for us. Health and Human Services then conducted an extensive Request for Proposal (RFP) to find a new provider for IDP assessments but no one responded to the RFP. Winnebago County then stepped up with very short notice and began providing the required IDP assessments for our county residents while we worked to apply for proper State Certification to provide IDP Assessments with county staff members through our Mental Health and Alcohol and Other Drug Abuse Division. Our certification process is presently underway with the Department of Health Services in Madison and we hope to have that process completed by the end of this year.

To prepare for Outagamie County Health and Human Services starting to provide state required and mandated Intoxicated Driver Program Assessments by January 1, 2024, we are requesting permission to amend our 2023 budget and create an Intoxicated Driver Program (IDP) cost center effective October 1, 2023 for the purposes of hiring and training needed staff members to conduct IDP assessments and to set up the necessary fiscal and administrative support systems to provide fee collections, assessment documentation and reporting of the completed assessments, as well as ensure compliance with all necessary State requirements for this new program.

Based on projected expenses for the Intoxicated Driver Program Assessment Program, we are also requesting that our Intoxicated Driver Program Assessment fee for 2023-2024 be set at $325.00, that our amending an existing Intoxicated Driver Program Assessment fee be established at $162.50 and that a client no-showing for an appointment fee be set at $100.00.

Health and Human Services is requesting to create the Intoxicated Driver Program (IDP) cost center effective October 1, 2023. Anticipated start-up expenses and revenues for the Intoxicated Driver Program for the remainder of calendar year 2023 are included below. The Department's 2024 budget will also include this new cost center and will detail all anticipated expenses and revenues to provide this State mandated service through our Department.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget?	yes ( ) no (X) partially ( )
4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item?	yes ( ) no ( ) n/a (X)
5. Is the proposal to accept additional revenues only?	yes ( ) no (X)
6. Does this request modify/adjust the current year budget? If no, skip to question 8 below.	yes (X) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

2023 Budget Adjustment:			
Cost Center Name	Line Item	Account Number including Cost Center	Increase Amount
IDP	Salary	2066565.5100	$ 36,672
IDP	Benefits	2066565.5200	$ 17,050
IDP	Travel Training	2066565.5300	$ 3,000
IDP	Supplies	2066565.5400	$ 5,778
IDP	Purchased Services	2066565.5500	$ 8,340
IDP	Allocated Applied Expense	2066565.5914	$ 7,430
IDP	Fees, Fines and Costs Initial Assessment	2066090.4410.69	$ (79,270)
		Net Change	$ -

2024 Budget Adjustment: Will be incorporated into 2024 Budget

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes ( ) no (X) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost $253,369
Annual Revenue $253,369

Health and Human Services Request to Create Intoxicated Driver Program (IDP) Cost Center
September 11, 2023

For almost 40 years, Outagamie County Health and Human Services has contracted out its statutory requirements to provide an Intoxicated Driver Program (IDP) to Thedacare, Inc. In 2022, Thedacare announced that it would no longer be able to provide IDP assessments for us. Health and Human Services then conducted an extensive Request for Proposal (RFP) to find a new provider for IDP assessments but no one responded to the RFP. Winnebago County then stepped up with very short notice and began providing the required IDP assessments for our county residents while we worked to apply for proper State Certification to provide IDP Assessments with county staff members through our Mental Health and Alcohol and Other Drug Abuse Division. Our certification process is presently underway with the Department of Health Services in Madison and we hope to have that process completed by the end of this year.

To prepare for Outagamie County Health and Human Services starting to provide state required and mandated Intoxicated Driver Program Assessments by January 1, 2024, we are requesting permission to amend our 2023 budget and create an Intoxicated Driver Program (IDP) cost center effective October 1, 2023 for the purposes of hiring and training needed staff members to conduct IDP assessments and to set up the necessary fiscal and administrative support systems to provide fee collections, assessment documentation and reporting of the completed assessments, as well as ensure compliance with all necessary State requirements for this new program.

Based on projected expenses for the Intoxicated Driver Program Assessment Program, we are also requesting that our Intoxicated Driver Program Assessment fee for 2023-2024 be set at $325.00, that our amending an existing Intoxicated Driver Program Assessment fee be established at $175.00 and that a client no-showing for an appointment and rescheduling fee be set at $100.00.

Anticipated start-up expenses and revenues for the Intoxicated Driver Program for the remainder of calendar year 2023 are detailed on the attachment to this request. The Department's 2024 budget will also include this new cost center and will detail all anticipated expenses and revenues to provide this State mandated service through our Department.

RESOLUTION NO.: 55—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Outagamie County was a party seeking relief from the opiate litigation (National Prescription Opiate Litigation, Case No.: MDL 2804). The first initial award(s) were received in 2022 in the amount of $867,510, with subsequent payments in 2023 ($34,574 received to date) and additional payments in subsequent years. Administration met with various departments to identify the best use of these dollars to have the greatest impact for our community. Both the Sheriff's Office and Department of Health and Human Services (DHHS) have identified expenditures relating to the Opioid settlement.

Expenditures for DHHS will include personnel, purchased services, and other supplies that will be used for treatment, prevention, or other strategies. (See attached memo from DHHS with additional explanations of expenditures to be incurred.) The Sheriff's Office expenditures include testing kits and strips and various types of filters that will be used with the department's vent hood where suspected fentanyl or other powdered substances are tested, as well as specialized narcotics/Opioid electronic testing equipment and the maintenance on the equipment.

The DHHS personnel request was included in the DHHS 2023 mid-year position requests which were adopted by the County Board on September 12, 2023 (Resolution 44—2023-2024). The Sheriff's Office will be coming forward later this year requesting two sunset positions assigned to the Meg Unit to continue to fight the Opioid issue at the dealer level.

The financing sources will cover the cost of these expenditures in 2023 and will automatically revolve each year (segregated fund balance) given the statutory requirements of this funding source.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee and Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the following Opioid Settlement cost center line items: Supplies by $10,648; Purchased Services by $189,985; Fund Balance Applied by $200,633, as noted on the attached fiscal note and memo which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director, the Outagamie County Sheriff, and the Outagamie County Finance Director.

Dated this 10th day of October 2023

Respectfully Submitted,
HEALTH AND HUMAN SERVICES COMMITTEE
AND
PUBLIC SAFETY COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for a Budget Adjustment related to 2023 Expenditures of Opioid Settlement Funds

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Outagamie County was a party seeking relief from the opiate litigation (National Prescription Opiate Litigation, Case No: MDL 2804). The first initial award(s) were received in 2022 ($867,510) with subsequent payments in 2023 ($34,574 received to date) and additional payments in subsequent years. Administration met with various departments to identify the best use of these dollars to have the greatest impact for our community. Both the Sheriff's department and the Health and Human Services (DHHS) department have identified expenditures relating to the Opioid settlement. Expenditures for the Department of Health and Human Services will include personnel, purchased services and other supplies that will be used for treatment, prevention or other strategies. See attached memo from the department with additional explanations of expenditures to be incurred. The Sheriff's department includes testing kits and strips and various types of filters that are for the department's vent hood where they test suspected fentanyl or other powdered substances as well as specialized narcotics/Opioid electronic testing equipment and the maintenance on the equipment. DHHS personnel request was included in the HHS 2023 mid-year position Fiscal Note and Resolution that has already gone before the Board. The Sheriff's department will be coming forward later this year requesting two sunset positions to assign to the Meg Unit to continue to fight the Opioid issue at the dealer level. The financing sources other will cover the cost of these expenditures in 2023 and it will automatically revolve each year (segregated fund balance) given the statutory requirements of this funding source.

Current Year Budget Impact (Check one or more of the following boxes)

[x] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Opioid Settlement (2170100)	Supplies	2170100.5400	10,648
Opioid Settlement (2170100)	Purchased Services	2170100.5500	189,985
Opioid Settlement (2170100)	Fund Balance Applied	2170100.8955	200,633

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes (X) no ( ) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost TBD – Fully funded by Annual Revenue Revenues/Fnd Balance

Health and Human Services Request to Expend Opioid Settlement Dollars
September 11, 2023

The Department of Health and Human Services requests permission to draft a County Board Resolution to allow us to expend the following dollars from the county's opioid settlement fund. These requests are for expenditures anticipated to occur during the final quarter of 2023 (from October 1, 2023 through December 31, 2023) and fall into three anticipated categories.

Substance Use Treatment Services – Our mental health and alcohol and other drug abuse division is anticipating a need to provide treatment to current and prior opioid addicted county residents at various treatment facilities that would provide inpatient, outpatient and community support services during the last quarter of 2023. ***Anticipated budget needs to provide necessary treatment is $93,909.***

Regional Opioid Use Awareness Campaign – Outagamie, Oconto and Shawano Counties have all agreed to partner with Brown County to bring awareness of the opioid crisis to our four counties. This awareness we be accomplished by airing two Public Service Announcements on our local television stations. An assessment will be conducted to determine which television stations and what programming time frame to target maximum impacted viewers. Pre-selected and pre-developed Public Service Announcements will be used in preparation for this media campaign. ***Anticipated budget needs for our share of this aware campaign is $50,000.***

Local Opioid Prevention Efforts- Outagamie County Public Health has been awarded a Department of Health Services grant to install a Public Health Vending Machine at the downtown government complex to help distribute items that will assist our county residents with the prevention of Opioid addictions as well as other public health hazards. We request local opioid dollars to help print infographics and flyers/brochures to help spread awareness of this new vending machine and how the general public can use and access its contents. A portion of the opioid funds will also be used to run digital ads and to boost posts on Facebook, YouTube and other social media sites that will include a how-to-use the new vending machine video. The video will be created within the Public Health Division. ***Anticipated budget needs for these local opioid prevention efforts is $10,000.***

Health and Human Services is thus requesting to expend up to $153,909 of county opioid settlement dollars to implement the three projects highlighted above during the final quarter of 2023.

We appreciate the county board committee and board support of these efforts.

RESOLUTION NO.: 56—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Wisconsin Department of Transportation (WisDOT) is planning a roadway improvement project on I-41 located in Outagamie County which includes a new right-of-way acquisition. This resolution approves payment from the WisDOT to the county for the land needed, as well as approving a Warranty Deed needed for the project.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize execution of a Warranty Deed to the Wisconsin Department of Transportation for the sum of $700.00 for property described as Parcel 9 of Transportation Project Plat 1130-63-21 – 4.04, recorded as Document #2288266, in Outagamie County, Wisconsin, with property interests and right of said Parcel 9 consisting of Fee Simple, Temporary Limited Easement, as noted in the attached State of Wisconsin Department of Transportation Project Plat Title Sheet, Warranty Deed, Legal Description, Statement to Construction Engineer, and W-9 Form, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Plamann Park Revenue line item by $700, and decreasing the General Fund Surplus Fund Balance Applied line item by $700, as detailed in the attached fiscal note, which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and the Outagamie County Finance Director.

Dated this 10th day of October 2023

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION & ECONOMIC DEVELOPMENT COMMITTEE

Dean Culbertson

Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

Requester's name and address (optional)

6 City, state, and ZIP code

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

___ - ___ - ____

or

Employer identification number

__ - _____

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person** ▶ **Date** ▶

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

CERTIFIED MAIL

ATTN: Loren Dieck
Outagamie Park System Director
C/o Outagamie County
1375 Broadway Drive
Appleton, WI 54911

RE: Parcel No.: 9
Parcel Address: 2520 North Casaloma Drive
Appleton, WI 54913
Project ID: 1130-63-21, IH-41, Outagamie & Brown Counties
Appleton – De Pere (STH 96 – CTH F)

Dear Loren Dieck:

The Wisconsin Department of Transportation (WisDOT) is planning a roadway improvement project on IH-41 located in both Outagamie and Brown Counties which includes new right of way acquisition in multiple areas. MSA Professional Services has been hired to act as an agent for WisDOT to acquire the needed right of way for the improvement project. I will be your point of contact and will work closely with you through the real estate acquisition process. In compliance with Wisconsin statutes and federal regulations, you are receiving this letter to initiate negotiations for the acquisition of your property and/or property interests needed for the above referenced improvement project.

Enclosed are the following documents:

- Appraisal Report
- The Rights of Landowners Under Wisconsin Eminent Domain Law
- Appraisal Guidelines and Agreement
- Transportation Project Plat with Names of 10 Other Neighboring Landowners Affected by the Project, if Applicable
- Warranty Deed with Legal Description of the Land and/or Interest(s) Needed for the Project
- Statement to Construction Engineer
- Internal Revenue Service Form W-9 Request for Taxpayer Identification

WisDOT's approved estimate of just compensation is $700.00 and is based on the enclosed appraisal report. This amount does not consider any decrease or increase in the market value of the property caused by the anticipation of the project. The allocation of this amount is as follows:

Allocation	Description	Size	Unit	Per Unit	Value ($)
Land		6,841.00	Sq. Ft.	$0.08	$565.00
Temporary Limited Easement (TLE)		1,535.00	Sq. Ft.	$0.03	$50.00
Property Improvements	None				$0.00
Damages to Remaining Property	None				$0.00
Appraiser Rounding					$85.00

Total Allocation $700.00*

**General taxes shall be prorated at the time of closing based on the net general taxes for the preceding year.*

If you agree with the value stated in the appraisal report and wish to enter into an agreement with WisDOT, please sign the following documents and return them to me in a timely manner for final review and approval. Also enclosed is a self-addressed (MSA), postage-paid envelope for your convenience. Upon receipt of these documents, we will submit a payment request.

A. **Warranty Deed**: All landowners whose names are listed or assigned to this parcel **must** sign and date this document. Each signature must be notarized in the presence of a Notary Public.

B. **Statement to Construction Engineer**: This form requires the signature of only **one** landowner and is used to inform the construction engineer of any special commitments, if any, that were agreed to by you and WisDOT for construction purposes.

C. **Form W-9**: This form is required by the IRS for any transaction valued at $600.00 or more. If more than one landowner, unless husband and wife at the time of the conveyance, each should submit a W-9. If exempt, please provide an exemption form.

If you are not satisfied with the above-stated conclusions of value for your property, you are eligible to obtain an additional appraisal from a qualified appraiser of your choice. If you elect to have an appraisal report prepared, you must take certain steps to qualify for reimbursement.

Your eligibility for appraisal cost reimbursement will expire 60 days from your receipt of the agency's appraisal, which is estimated to be on October 5, 2023. Receipt of the agency's appraisal is considered to have been accomplished either upon the date of personal delivery or date of postmark. See the enclosed Appraisal Guidelines and Agreement document for further explanation. If your appraisal report is submitted after the 60-day statutory date, the agency may consider it for negotiation purposes; however, it will not be eligible for reimbursement.

It is important to us that you are satisfied that your property and your rights have been fully considered. We will provide any additional information requested, if available, or further discuss any other concerns you may have. Should you have any questions or concerns, please feel free to contact me at the phone number or email addressed below.

Sincerely,

MSA Professional Services

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Wisconsin Department of Transportation Real Estate Acquisition

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Wisconsin Department of Transportation is planning a roadway improvement project on IH-41 located in Outagamie County which includes new right of way acquisition. This fiscal includes both payment from the WI DOJ do the county for the land needed, and a Temporary Limited Easement (TLE) needed for construction purposes.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [ ] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (X)

5. Is the proposal to accept additional revenues only? yes (X) no ( )

6. Does this request modify/adjust the current year budget? yes (X) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Plamann Park	Revenue	1006200.4510.18	700
General Fund Surplus	Fund Balance Applied	1002223.8955	(700)

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes (X) no ( ) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost 0
Annual Revenue 0

RESOLUTION NO.: 57—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

As part of the Plamann Park Master Plan, a new pavilion shelter was constructed into the hill off the large central parking lot at Plamann Park. The name for the new pavilion shelter needs to be recognizable and unique.

This resolution approves naming the new Plamann Park pavilion shelter "The Hillside at Plamann Park."

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of naming the new Plamann Park pavilion shelter "The Hillside at Plamann Park", and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and the Outagamie County Executive.

Dated this 10th day of October 2023

Respectfully submitted,
PROPERTY, AIRPORT, RECREATION &
ECONOMIC DEVELOPMENT COMMITTEE

Dean Culbertson	Lee W. Hammen
Ronald Klemp	Yvonne Monfils
Jayson Winterfeldt

RESOLUTION NO.: 58—2023-24

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

"RESOLUTION AWARDING THE SALE OF $25,000,000
GENERAL OBLIGATION AIRPORT BONDS, SERIES 2023A (AMT)"

NOW THEREFORE, the following resolution is presented by the Finance Committee to the County Board.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the attached resolution, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Appleton International Airport Director.

Dated this 10th day of October, 2023.

Duly and officially adopted by the County Board On: October 10, 2023

Signed: _____ _____
Board Chairperson County Clerk

RESOLUTION NO. 58—2023-24

RESOLUTION AWARDING THE SALE OF $25,000,000
GENERAL OBLIGATION AIRPORT BONDS, SERIES 2023A (AMT)

WHEREAS, on August 22, 2023, the County Board of Supervisors of Outagamie County, Wisconsin (the "County") adopted an initial resolution (the "Initial Resolution"), by at least a 3/4th vote, authorizing the issuance of general obligation bonds in an amount not to exceed $25,000,000 for the public purpose of paying the cost of the design and construction of terminal concourse modifications including adding an additional concourse to the end of Appleton International Airport (collectively, the "Project");

WHEREAS, the County has directed PMA Securities, LLC ("PMA") to take the steps necessary to sell general obligation bonds designated "General Obligation Airport Bonds, Series 2023A (AMT)" (the "Bonds") to pay the cost of the Project;

WHEREAS, none of the proceeds of the Bonds shall be used to fund the operating expenses of the general fund of the County or to fund the operating expenses of any special revenue fund of the County that is supported by property taxes including Appleton International Airport;

WHEREAS, it is the expectation that a $10,000,000 portion of the Bonds will be paid from the tax levy or other sources of funds of the County and a $15,000,000 portion of the Bonds will be paid from revenues derived from the operation of Appleton International Airport which will be used to abate the County's tax levy;

WHEREAS, on October 3, 2023 the Finance Committee of the County Board held a public hearing concerning the issuance of the Bonds and the financing of the Project and notice of such hearing was published in the Appleton Post Crescent on September 24, 2023, which is not fewer than 7 days prior to the public hearing, as required by Section 147(f) of the Internal Revenue Code of 1986, as amended (the "Code");

WHEREAS, PMA, in consultation with the officials of the County, prepared an Official Notice of Sale (a copy of which is attached hereto as Exhibit A and incorporated herein by this reference) setting forth the details of and the bid requirements for the Bonds and indicating that the Bonds would be offered for public sale on October 10, 2023;

WHEREAS, the County Clerk (in consultation with PMA) caused a form of notice of the sale to be published and/or announced and caused the Official Notice of Sale to be distributed to potential bidders offering the Bonds for public sale on October 10, 2023;

WHEREAS, the County has duly received bids for the Bonds as described on the Bid Tabulation attached hereto as Exhibit B and incorporated herein by this reference (the "Bid Tabulation"); and

WHEREAS, it has been determined that the bid proposal (the "Proposal") submitted by the financial institution listed first on the Bid Tabulation fully complies with the bid requirements set forth in the Official Notice of Sale and is deemed to be the most advantageous to the County. PMA has recommended that the County accept the Proposal. A copy of said Proposal submitted by such institution (the "Purchaser") is attached hereto as Exhibit C and incorporated herein by this reference.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Supervisors of the County that:

Section 1. Ratification of the Official Notice of Sale and Offering Materials. The County Board of Supervisors hereby ratifies and approves the details of the Bonds set forth in Exhibit A attached hereto as and for the details of the Bonds. The Official Notice of Sale and any other offering materials prepared and circulated by PMA are hereby ratified and approved in all respects. All actions taken by officers of the County and PMA in connection with the preparation and distribution of the Official Notice of Sale, and any other offering materials are hereby ratified and approved in all respects.

Section 1A. Award of the Bonds. For the purpose of paying the cost of the Project, there shall be borrowed pursuant to Section 67.04, Wisconsin Statutes and the Initial Resolution, the principal sum of TWENTY-FIVE MILLION DOLLARS ($25,000,000) from the Purchaser in accordance with the terms and conditions of the Proposal. The Proposal of the Purchaser offering to purchase the Bonds for the sum set forth on the Proposal, plus accrued interest to the date of delivery, resulting in a true interest cost as set forth on the Proposal, is hereby accepted. The Chairperson and County Clerk or other appropriate officers of the County are authorized and directed to execute an acceptance of the Proposal on behalf of the County. The good faith deposit of the Purchaser shall be applied in accordance with the Official Notice of Sale, and any good faith deposits submitted by unsuccessful bidders shall be promptly returned. The Bonds shall bear interest at the rates set forth on the Proposal.

Section 2. Terms of the Bonds. The Bonds shall be designated "General Obligation Airport Bonds, Series 2023A (AMT)"; shall be issued in the aggregate principal amount of $25,000,000; shall be dated their date of issuance; shall be in the denomination of $5,000 or any integral multiple thereof; shall be numbered R-1 and upward; and shall bear interest at the rates per annum and mature on October 1 of each year, in the years and principal amounts as set forth on the Pricing Summary attached hereto as Exhibit D-1 and incorporated herein by this reference. Interest shall be payable semi-annually on April 1 and October 1 of each year commencing on April 1, 2024. Interest shall be computed upon the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to the rules of the Municipal Securities Rulemaking Board. The schedule of principal and interest payments due on the Bonds is set forth on the Debt Service Schedule attached hereto as Exhibit D-2 and incorporated herein by this reference (the "Schedule").

Section 3. Redemption Provisions. The Bonds maturing on October 1, 2034 and thereafter shall be subject to redemption prior to maturity, at the option of the County, on October 1, 2033 or on any date thereafter. Said Bonds shall be redeemable as a whole or in part, and if in part, from maturities selected by the County, and within each maturity by lot, at the principal amount thereof, plus accrued interest to the date of redemption.

If the Proposal specifies that any of the Bonds shall be subject to mandatory redemption, the terms of such mandatory redemption are set forth on an attachment hereto as Exhibit MRP and incorporated herein by this reference. Upon the optional redemption of any of the Bonds subject to mandatory redemption, the principal amount of such Bonds so redeemed shall be credited against the mandatory redemption payments established in Exhibit MRP for such Bonds in such manner as the County shall direct.

Section 4. Form of the Bonds. The Bonds shall be issued in registered form and shall be executed and delivered in substantially the form attached hereto as Exhibit E and incorporated herein by this reference.

Section 5. Tax Provisions.

(A) Direct Annual Irrepealable Tax Levy. For the purpose of paying the principal of and interest on the Bonds as the same becomes due, the full faith, credit and resources of the County are hereby irrevocably pledged, and there is hereby levied upon all of the taxable property of the County a direct annual irrepealable tax in the years 2023 through 2042 for the payments due in the years 2024 through 2043 in the amounts set forth on the Schedule.

(B) Tax Collection. So long as any part of the principal of or interest on the Bonds remains unpaid, the County shall be and continue without power to repeal such levy or obstruct the collection of said tax until all such payments have been made or provided for. After the issuance of the Bonds, said tax shall be, from year to year, carried onto the tax roll of the County and collected in addition to all other taxes and in the same manner and at the same time as other taxes of the County for said years are collected, except that the amount of tax carried onto the tax roll may be reduced in any year by the amount of any surplus money in the Debt Service Fund Account created below.

(C) Additional Funds. If at any time there shall be on hand insufficient funds from the aforesaid tax levy to meet principal and/or interest payments on said Bonds when due, the requisite amounts shall be paid from other funds of the County then available, which sums shall be replaced upon the collection of the taxes herein levied.

Section 6. Segregated Debt Service Fund Account.

(A) Creation and Deposits. There shall be and there hereby is established in the treasury of the County, if one has not already been created, a debt service fund, separate and distinct from every other fund, which shall be maintained in accordance with generally accepted accounting principles. Debt service or sinking funds established for obligations previously issued by the County may be considered as separate and distinct accounts within the debt service fund.

Within the debt service fund, there hereby is established a separate and distinct account designated as the "Debt Service Fund Account for General Obligation Airport Bonds, Series 2023A (AMT)" (the "Debt Service Fund Account") and such account shall be maintained until the indebtedness evidenced by the Bonds is fully paid or otherwise extinguished. There shall be deposited into the Debt Service Fund Account (i) all accrued interest received by the County at the time of delivery of and payment for the Bonds; (ii) any premium which may be received by the County above the par value of the Bonds and accrued interest thereon; (iii) all money raised by the taxes herein levied and any amounts appropriated for the specific purpose of meeting principal of and interest on the Bonds when due; (iv) such other sums as may be necessary at any time to pay principal of and interest on the Bonds when due; (v) surplus monies in the Borrowed Money Fund as specified below; and (vi) such further deposits as may be required by Section 67.11, Wisconsin Statutes.

(B) Use and Investment. No money shall be withdrawn from the Debt Service Fund Account and appropriated for any purpose other than the payment of principal of and interest on the Bonds until all such principal and interest has been paid in full and the Bonds canceled; provided (i) the funds to provide for each payment of principal of and interest on the Bonds prior to the scheduled receipt of taxes from the next succeeding tax collection may be invested in direct obligations of the United States of America maturing in time to make such payments when they are due or in other investments permitted by law; and (ii) any funds over and above the amount of such principal and interest payments on the Bonds may be used to reduce the next succeeding tax levy, or may, at the option of the County, be invested by purchasing the Bonds as permitted by and subject to Section 67.11(2)(a), Wisconsin Statutes, or in permitted municipal investments under the pertinent provisions of the Wisconsin Statutes ("Permitted Investments"), which investments shall continue to be a part of the Debt Service Fund Account. Any investment of the Debt Service Fund Account shall at all times conform with the provisions of the Code and any applicable Treasury Regulations (the "Regulations").

(C) Remaining Monies. When all of the Bonds have been paid in full and canceled, and all Permitted Investments disposed of, any money remaining in the Debt Service Fund Account shall be transferred and deposited in the general fund of the County, unless the County Board of Supervisors directs otherwise.

Section 7. Proceeds of the Bonds; Segregated Borrowed Money Fund. The proceeds of the Bonds (the "Bond Proceeds") (other than any premium and accrued interest which must be paid at the time of the delivery of the Bonds into the Debt Service Fund Account created above) shall be deposited into a special fund (the "Borrowed Money Fund") separate and distinct from all other funds of the County and disbursed solely for the purpose or purposes for which borrowed. In no event shall monies in the Borrowed Money Fund be used to fund operating expenses of the general fund of the County or of any special revenue fund of the County that is supported by property taxes. Monies in the Borrowed Money Fund may be temporarily invested in Permitted Investments. Any monies, including any income from Permitted Investments, remaining in the Borrowed Money Fund after the purpose or purposes for which the Bonds have been issued have been accomplished, and, at any time, any monies as are not needed and which obviously thereafter cannot be needed for such purpose(s) shall be deposited in the Debt Service Fund Account.

Section 8. No Arbitrage. All investments made pursuant to this Resolution shall be Permitted Investments, but no such investment shall be made in such a manner as would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code or the Regulations and an officer of the County, charged with the responsibility for issuing the Bonds, shall certify as to facts, estimates, circumstances and reasonable expectations in existence on the date of delivery of the Bonds to the Purchaser which will permit the conclusion that the Bonds are not "arbitrage bonds," within the meaning of the Code or Regulations.

Section 9. Compliance with Federal Tax Laws. (a) The County represents and covenants that it will comply with the provisions of the Code (including restrictions on the ownership, management, leasing and use of the Project, the purpose for which Bond Proceeds can be used, limitations on the investment of Bond Proceeds and the payment of any required rebates or penalties to the United States) to the extent necessary to maintain the tax-exempt status of the interest on the Bonds. The County also represents and covenants that it will not use or permit the Project to be used in a manner which would cause such facilities not to be used in a manner described in Section 142(a)(1) of the Code. The Finance Director of the County or other officer of the County charged with the responsibility of issuing the Bonds shall provide an appropriate certificate of the County certifying that the County can and covenanting that it will comply with the provisions of the Code and Regulations.

(b) The County also covenants to use its best efforts to meet the requirements and restrictions of any different or additional federal legislation which may be made applicable to the Bonds provided that in meeting such requirements the County will do so only to the extent consistent with the proceedings authorizing the Bonds and the laws of the State of Wisconsin and to the extent that there is a reasonable period of time in which to comply.
