The IH 41 Project corridor, which has four travel lanes - two in each direction - is congested and sees a higher rate of crashes than similarly configured freeways in Wisconsin. By federal standard, the project area has multiple roadway design deficiencies, and much of its pavement and several bridges are nearing the end of their useful lives and must be replaced. CTH J serves multiple land uses including businesses that require larger vehicles (Oversize and Overweight - OSOW) that have difficulty navigating the existing roundabouts on CTH J at the IH 41 ramp terminals.

Proposed Improvement – Nature of work:

The proposed project will remove the existing CTH J bridge (B-44-0044) over IH 41 and replace it with a new bridge (B-44-0338). The CTH J roadway approaches will be constructed to match into the new bridge including reconstructing the roundabout intersections and approaching interchange ramps. The existing CTH J asphalt pavement will be replaced with a concrete pavement per the approved project pavement design. The limits of the pavement replacement work extend from approximately 700 feet south of IH 41 to 700 feet north of IH 41.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality:

Non-participating work is not necessary to finish the project, but the Municipality has requested a 100% non-participating category be included to be able to address any unanticipated non-participating needs during construction.

SUMMARY OF COSTS

[2] Estimates include construction engineering, estimated at 15%.

This request shall constitute agreement between the Municipalities and the State; is subject to the terms and conditions that follow (pages [3] – [6]); is made by the undersigned under proper authority to make such request for the designated Municipality, upon signature by the State, upon fully executed signature of applicable State Municipal Maintenance Agreement and delivery to the Municipalities. The initiation and accomplishment of the improvement will be subject to the applicable federal and state regulations. No term or provision of neither the State/Municipal Financial Agreement nor any of its attachments may be changed, waived, or terminated orally but only by an instrument in writing executed by both parties to the State/Municipal Financial Agreement.

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.

2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:

   (a) Design engineering and state review services.

   (b) Real Estate necessitated for the improvement.

   (c) Compensable utility adjustment and railroad force work necessitated for the project.

   (d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.

   (e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers, and inlet grates as needed.

   (f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.

   (g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.

   (h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.

(i) Replacement of existing driveways, in kind, necessitated by the project.

(j) New installations or alteration resulting from roadway construction of standard State street lighting and traffic signals or devices. Alteration may include salvaging and replacement of existing components.

3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:

(a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

(b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.

(c) Roadway and bridge width in excess of standards.

(d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.

(e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.

(f) Parking lane costs.

(g) Coordinate, clean up, and fund any hazardous materials encountered for city utility construction. All hazardous material cleanup work shall be performed in accordance with state and federal regulations.

(h) Conditioning, if required, and maintenance of detour routes.

4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.

5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State on behalf of the project.

6. The work will be administered by the State and may include items not eligible for federal/state participation.

7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.

8. Basis for local participation:

Design Engineering, Real Estate Acquisition, Utility Coordination:

The State will pay 100% of the cost for design engineering, real estate acquisition, and utility coordination.

Costs for design engineering, real estate acquisition, and utility coordination are shown as not applicable (N/A) in the summary of costs table due to the complexities of isolating individual Let Project costs from the Appleton-Green Bay corridor wide design ID (1130-63-01) and this information is not relevant to the municipal construction cost share.

Construction ID: 1130-66-78

The Project Agreement will be revised, if necessary, as the project progresses. All costs shown are approximate and subject to final audit.

Category 1000 – Roadway items

The State will pay 100% of the construction costs under Category 1000 – Roadway items unless otherwise noted.

Category 1100 – Lighting

The State will pay 100% of the construction costs under Category 1100 – Lighting for standard lighting required by the FDM for roundabouts per PMM 3-25-05.

Category 1200 – FTMS / ITS

The State will pay 100% of the construction costs under Category 1200 – FTMS / ITS unless otherwise noted.

Category 1600 – 100% Outagamie County

In accordance with Local Participation Policy Section 3-25-5 of the State's Program Management Manual proposed improvements requested by the Municipality within the project limits, but outside the original project scope, are considered 100% the responsibility of the Municipality.

Item Number	Item Description	Units	Estimated Qty	Unit Price	Amount

The State will pay 100% of the construction costs under Category 1800 – 100% State Funded unless otherwise noted.

Category 2000 – B-44-0338

The State will pay 100% of the construction costs under Category 2000 – B-44-0338 unless otherwise noted.

Category 4000 – R-44-50

The State will pay 100% of the construction costs under Category 4000 – R-44-0050 unless otherwise

noted.

Category 4010 – R-44-51

The State will pay 100% of the construction costs under Category 4010 – R-44-0051 unless otherwise noted.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) for this state-let improvement project and to support future funding for the County J interchange improvement project.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes interchanges with local highways. The interchange of County J has been identified as one of those to be reconstructed within the project limits. Work will entail removal and replacement of existing pavement and base material and operational improvements on the interchange ramps and along County J. The typical cross section will remain as an urbanized two-lane typical cross section between the ramp terminals and a rural cross section at the project limits. The existing bridge structure will be replaced. Construction is currently scheduled for 2025. Outagamie County's share is currently estimated to be $15 for non-participating items. The county share of the project costs is to be funded within future budgets.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [ ] Expenses (Cost) [x] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no () n/a ( )
4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes () no ( ) n/a (x)
5. Is the proposal to accept additional revenues only? yes ( ) no ( )
6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes ( ) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

Outagamie County — 8-27-24 County Board Meeting - August 27 2024 07:44:21 PM — August 27, 2024 County Board Meeting — OpenMeeting

RESOLUTION NO.: 43—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor, which includes interchanges with local highways. The interchange of County U has been identified as one of those to be reconstructed within the project limits. The project will also include the mainline expansion of I-41, including the existing overpasses over County JJ, and a portion of County JJ. Work will entail removal and replacement of existing pavement and base material and operational improvements on the interchange ramps, numerous side road intersections, and along County JJ and County U. A single-lane roundabout will also be constructed at the intersection of the East Frontage Road and County U. The typical cross section will become an urbanized two-lane roadway between the ramp terminals and remain as a rural cross section at the project limits. The existing bridge structures will be replaced at County JJ, Wrightstown Road, and County U. Construction is currently scheduled to begin in 2025. Outagamie County's share is currently estimated to be $45 for non-participating items. The county share of the project costs is to be funded within future budgets.

This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) for this state-let improvement project and to support future funding for the County U interchange and I-41 mainline improvement projects.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Highway Commissioner to enter into a State/Municipal Financial Agreement for the County U interchange and I-41 mainline improvement projects, as noted on the attached State/Municipal Financial Agreement for a State-Let Highway Project, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize funding for the county share of the project costs to be included in future budgets as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and the Outagamie County Finance Director.

Dated this 27th day of August 2024

Respectfully Submitted,

HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

ORIGINAL STATE/MUNICIPAL FINANCIAL AGREEMENT FOR A STATE – LET HIGHWAY PROJECT	Date: 7/16/2024 ID: 1130-67-72 / 1130-67-76 / 1130-67-86 (Design: 1130-63-01) Road Name: IH 41 Title: Appleton – De Pere Limits: I-41 Mainline, CTH JJ-Miner's Way/ S County Line Rd, CTH U Interchange/ CTH U Frontage Rds County: Outagamie County Roadway Length: 4.943 miles / .679 miles / 1.207 miles

The signatories Town of Kaukauna, Village of Wrightstown, and the County of Outagamie, hereinafter called the Municipalities, through their undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipalities to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

Existing Facility - Describe and give reason for request:

These projects are part of the overall IH 41 major project corridor, which experiences crashes at a rate greater than similar freeways in Wisconsin. Traffic is expected to increase and cause additional congestion and delay throughout the entire length of the corridor. Crash rates are high due to multiple roadway design deficiencies. In addition, much of the pavement and several bridges are reaching the end of their useful lives and need replacing. The project corridor has reached the end of its useful service life, meaning further rehabilitations are no longer cost-effective. The interchange has outdated ramp designs, and the frontage road intersections are spaced too close to the ramp terminals with skews that are unfavorable for sight distance and truck turning movements. The skew of CTH U to IH 41 is also significant and creates sight distance and safety issues at the intersections of the ramps and frontage roads at CTH U.

Proposed Improvement – Nature of work:

1130-67-72: 4.81 miles of IH 41 will be expanded from four to six lanes from CTH JJ in Outagamie County to Miner's Way in Brown County. The IH 41 bridges over CTH JJ, Wrightstown Rd, CTH U, and Apple Creek will be reconstructed. CTH JJ and Wrightstown Rd will be reconstructed within the project limits.

1130-67-76: .68 miles of CTH U at the CTH U interchange will be reconstructed with the modernization of the IH 41 corridor. Intersection improvements include multi-lane roundabouts at the ramp terminals and a single-lane roundabout at the East Frontage Rd/CTH U intersection to address traffic operations and improve safety. Standard T-intersections are proposed at the West Frontage Rd/CTH U intersection, Mid Valley Dr/CTH U intersection, French Rd/CTH U intersection, and West Frontage Rd/Garrity Rd intersection. Access at the French Rd/CTH U intersection will be limited to right-in/right-out.

1130-67-86: The modernization of 1.2 miles of frontage roads at the CTH U interchange. The East Frontage Road, West Frontage Road, French Road, and Mid Valley Road will be reconstructed and realigned at the new intersection locations on CTH U.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality:

Non-participating work is not necessary to finish the project, but the Municipality has requested a 100% non-participating category be included to be able to address any unanticipated non-participating needs during construction.

This request shall constitute agreement between the Municipalities and the State; is subject to the terms and conditions that follow (pages [5] – [12]); is made by the undersigned under proper authority to make such request for the designated Municipality, upon signature by the State, upon fully executed signature of applicable State Municipal Maintenance Agreement and delivery to the Municipalities. The initiation and accomplishment of the improvement will be subject to the applicable federal and state regulations. No term or provision of neither the State/Municipal Financial Agreement nor any of its attachments may be changed, waived, or terminated orally but only by an instrument in writing executed by both parties to the State/Municipal Financial Agreement.

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.

2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:

   (a) Design engineering and state review services.

   (b) Real Estate necessitated for the improvement.

   (c) Compensable utility adjustment and railroad force work necessitated for the project.

   (d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.

   (e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers, and inlet grates as needed.

   (f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.

   (g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.

   (h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.

   (i) Replacement of existing driveways, in kind, necessitated by the project.

   (j) New installations or alteration resulting from roadway construction of standard State street lighting

and traffic signals or devices. Alteration may include salvaging and replacement of existing components.

3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:

   (a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

   (b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.

   (c) Roadway and bridge width in excess of standards.

   (d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.

   (e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.

   (f) Parking lane costs.

   (g) Coordinate, clean up, and fund any hazardous materials encountered for city utility construction. All hazardous material cleanup work shall be performed in accordance with state and federal regulations.

   (h) Conditioning, if required, and maintenance of detour routes.

4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.

5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State on behalf of the project.

6. The work will be administered by the State and may include items not eligible for federal/state participation.

7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.

8. Basis for local participation:

   Design Engineering, Real Estate Acquisition, Utility Coordination:

   The State will pay 100% of the cost for design engineering, real estate acquisition, and utility coordination.

   Costs for design engineering, real estate acquisition, and utility coordination are shown as not applicable (N/A) in the summary of costs table due to the complexities of isolating individual Let Project costs from the Appleton-Green Bay corridor wide design ID (1130-63-01) and this information is not relevant to the municipal construction cost share.

   Construction ID: 1130-67-72

   The Project Agreement will be revised, if necessary, as the project progresses. All costs shown are approximate and subject to final audit. Estimates include construction engineering, estimated at 15%.

   Category 1000 – Roadway items

   The State will pay 100% of the construction costs under Category 1000 – Roadway Items unless otherwise

noted.

Category 1010 – Sidewalk (Including Sidewalk Base) – Town of Kaukauna

In accordance with Local Participation Policy Section 3-25-5 of the State's Program Management Manual, the State will participate in the construction costs of new sidewalks if they are installed at the time of project construction. Costs of sidewalk constructed to WisDOT standards and installed at the time of the project construction are 80% eligible for WisDOT participation.

Category 1820 – 100% State Funded

The State will pay 100% of the construction costs under Category 1800 – 100% State Funded Items unless otherwise noted.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) for this state-let improvement project and to support future funding for the County U interchange and I-41 mainline improvement projects.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes interchanges with local highways. The interchange of County U has been identified as one of those to be reconstructed within the project limits. The project will also include the mainline expansion of I-41, including the existing overpasses over County JJ, and a portion of the County JJ. Work will entail removal and replacement of existing pavement and base material and operational improvements on the interchange ramps, numerous sideroad intersections, and along County JJ and County U. A single-lane roundabout will also be constructed at the intersection of the East Frontage Road and County U. The typical cross section will become an urbanized two-lane roadway between the ramp terminals and remain as a rural cross section at the project limits. The existing bridge structures will be replaced at County JJ, Wrightstown Road, and County U. Construction is currently scheduled to begin in 2025. Outagamie County's share is currently estimated to be $45 for non-participating items. The county share of the project costs is to be funded within future budgets.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [ ] Expenses (Cost) [x] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no () n/a ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes () no ( ) n/a (x)

5. Is the proposal to accept additional revenues only? yes ( ) no ( )

6. Does this request modify/adjust the current year budget? yes ( ) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

Outagamie County **8-27-24 County Board Meeting - August 27 2024 07:45:02 PM**
August 27, 2024 County Board Meeting
OpenMeeting

RESOLUTION NO.: 44—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor, which includes intersections with local highways. I-41 mainline will be reconstructed from the STH 96/Wisconsin Avenue interchange to County A (Lynndale Drive). The project will also include work along County A, which will entail removal and replacement of existing pavement and base material and replacement of the existing single box culvert that crosses I-41, and County A with two new box culverts. The typical cross section will remain as an urbanized four-lane roadway within the project limits. The existing bridge structure over I-41 will remain. Construction is currently scheduled to begin in 2025. Outagamie County's share is currently estimated to be $30 for non-participating items. The county share of the project costs is to be funded within future budgets.

This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) for this state-let improvement project and to support future funding for the I-41 mainline improvement project.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Highway Commissioner to enter into a State/Municipal Financial Agreement for the I-41 mainline improvement project, as noted on the attached State/Municipal Financial Agreement for a State-Let Highway Project, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize funding for the county share of the project costs to be included in future budgets as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and the Outagamie County Finance Director.

Dated this 27th day of August 2024

Respectfully Submitted,

HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

Joy Hagen

ORIGINAL STATE/MUNICIPAL FINANCIAL AGREEMENT FOR A STATE – LET HIGHWAY PROJECT	Date: 7/15/2024 ID: 1130-64-71 / 1130-64-72 / 1130-64-87 (Design: 1130-63-01) Road Name: IH 41 Title: Appleton – De Pere Limits: IH 41 Mainline, STH 96 to RR Bridge, RR Bridge-Lynndale, Railroad Structures County: Outagamie Roadway Length: 0.6 miles / 2.06 miles

The signatories Town of Grand Chute and the County of Outagamie, hereinafter called the Municipality, through their undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipalities to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

Existing Facility - Describe and give reason for request:

The 23-mile IH 41 Project corridor from STH 96 in Appleton to CTH F in De Pere has four travel lanes – two lanes in each direction. The segment is congested and has a higher rate of crashes than similarly configured freeways in Wisconsin. By federal standards, the project area has multiple roadway design deficiencies, and much of its pavement and several bridges are nearing the end of their useful lives and must be replaced. Much of the original pavement in the corridor was built in the 1960s and has reached the end of its useful life, meaning further rehabilitations are no longer cost-effective. The project corridor also has narrow road shoulders, outdated ramp designs, and interchanges spaced too closely to one another – deficiencies that can contribute to safety and operational problems.

Proposed Improvement – Nature of work:

1130-64-71: The 1130-64-71 project ID will address the 0.6 miles of the 23-mile IH 41 project between the IH 41 interchange with STH 96 to the railroad bridges over the Fox Valley and Lake Superior New London Subdivision railroad line. IH 41 will be reconstructed with three northbound and three southbound travel lanes. Auxiliary lanes will be constructed between STH 96 and STH 15. The northbound entrance ramp form STH 96 and the southbound exit ramp to STH 96 will be reconstructed. New storm sewer will be installed with reconstruction of the travel lanes. Sign Structures S-44-0347, S-44-0348, S-44-0349, and S-44-0350 will be constructed. Retaining walls R-44-0028, R-44-0052 and R-44-0053 will be constructed. MUTCD compliant signing and pavement markings will be installed with the project. As part of the contract for 1130-64-71, the Town of Grand Chute water main manhole will be adjusted to avoid conflicting with the proposed reconstruction of the entrance ramp to IH 41 from STH 96.

1130-64-72: The 1130-64-72 project ID will address the 2.06 miles of the 23-mile IH 41 project between the railroad bridges over the Fox Valley and Lake Superior New London Subdivision railroad line and Lynndale Drive, including the replacement of a box culvert located at the Lynndale Drive Overpass. IH 41 will be reconstructed with three northbound and three southbound travel lanes. Auxiliary lanes will be constructed between STH 96 and STH 15. The STH 15 interchange will be reconstructed as a Diverging Diamond interchange as part of another project (1130-64-76). The Capitol Drive Overpass will be reconstructed as part of another project (1130-64-81). New storm sewer will be installed with reconstruction of the travel lanes. Noise wall N-44-0011 will be constructed along northbound IH 41 between Capitol Drive and Lynndale Drive. Noise wall N-44-0020 will be constructed along southbound IH 41 between Capitol Drive and Grand Chute Boulevard. Sign Structures S-44-0322, S-44-0323, S-44-0330, S-44-0332, S-44-0333, S-44-0334, and S-44-0363 will be constructed. Box Culverts B-44-0347 and B-44-0348 will be constructed around the Lynndale Drive Overpass. A stormwater management pond will be constructed in the northwest quadrant of the IH 41 and Lynndale Overpass. MUTCD compliant signing and

pavement markings will be installed with the project. As part of the contract for 1130-64-72, the Town of Grand Chute sanitary sewer force main and water main will be relocated to locations that will not conflict with the construction of the box culvert under Lyndale Drive (B-44-0348).

1130-64-87: Bridges B-44-0339 and B-44-0340 will replace the existing bridges B-44-0161 and B-44-0162 over the Fox Valley and Lake Superior railroad.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality:

Non-participating work is not necessary to finish the project, but the Municipality has requested a 100% non-participating category be included to be able to address any unanticipated non-participating needs during construction.

This request shall constitute agreement between the Municipalities and the State; is subject to the terms and conditions that follow (pages [4] – [11]); is made by the undersigned under proper authority to make such request for the designated Municipality, upon signature by the State, upon fully executed signature of applicable State Municipal Maintenance Agreement and delivery to the Municipalities. The initiation and accomplishment of the improvement will be subject to the applicable federal and state regulations. No term or provision of neither the State/Municipal Financial Agreement nor any of its attachments may be changed, waived, or terminated orally but only by an instrument in writing executed by both parties to the State/Municipal Financial Agreement.

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the

Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.

2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:

   (a) Design engineering and state review services.

   (b) Real Estate necessitated for the improvement.

   (c) Compensable utility adjustment and railroad force work necessitated for the project.

   (d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.

   (e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers, and inlet grates as needed.

   (f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.

   (g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.

   (h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.

   (i) Replacement of existing driveways, in kind, necessitated by the project.

   (j) New installations or alteration resulting from roadway construction of standard State street lighting and traffic signals or devices. Alteration may include salvaging and replacement of existing components.

3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:

   (a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

   (b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.

   (c) Roadway and bridge width in excess of standards.

   (d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.

   (e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.

   (f) Parking lane costs.

   (g) Coordinate, clean up, and fund any hazardous materials encountered for city utility construction. All hazardous material cleanup work shall be performed in accordance with state and federal regulations.

   (h) Conditioning, if required, and maintenance of detour routes.

4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.

5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State on behalf of the project.

6. The work will be administered by the State and may include items not eligible for federal/state participation.

7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.

8. Basis for local participation:

Design Engineering, Real Estate Acquisition, Utility Coordination:

The State will pay 100% of the cost for design engineering, real estate acquisition, and utility coordination.

Costs for design engineering, real estate acquisition, and utility coordination are shown as not applicable (N/A) in the summary of costs table due to the complexities of isolating individual Let Project costs from the Appleton-Green Bay corridor wide design ID (1130-63-01) and this information is not relevant to the municipal construction cost share.

Construction ID: 1130-64-71

The Project Agreement will be revised, if necessary, as the project progresses. All costs shown are approximate and subject to final audit.

Category 1000 – Roadway items

The State will pay 100% of the construction costs under Category 1000 – Roadway Items unless otherwise noted.

Category 1100 – Lighting

The State will pay 100% of the construction costs under Category 1100 – Lighting (standard WisDOT Lighting) unless otherwise noted.

Category 1200 – FTMS / ITS

The State will pay 100% of the construction costs under Category 1200 – FTMS / ITS unless otherwise noted.

Category 1300 – Signals

The State will pay 100% of the construction costs under Category 1300 – Signals unless otherwise noted.

Category 1600 – 100% Town of Grand Chute Funded

In accordance with Local Participation Policy Section 3-25-5 of the State's Program Management Manual proposed improvements requested by the Municipality within the project limits, but outside the original project scope, are considered 100% the responsibility of the Municipality.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) for this state-let improvement project and to support future funding for the I-41 mainline improvement project.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes intersections with local highways. I-41 mainline will be reconstructed from the STH 96/Wisconsin Avenue interchange to County A (Lynndale Drive). The project will also include work along County A. Work along County A will entail removal and replacement of existing pavement and base material and replacement of the existing single box culvert that crosses I-41 and County A with two new box culverts. The typical cross section will remain as an urbanized four-lane roadway within the project limits. The existing bridge structure over I-41 will remain. Construction is currently scheduled to begin in 2025. Outagamie County's share is currently estimated to be $15 for non-participating items. The county share of the project costs is to be funded within future budgets.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [ ] Expenses (Cost) [x] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no () n/a ( )

8-27-24 County Board Meeting - August 27 2024 07:49:56 PM

August 27, 2024 County Board Meeting

OpenMeeting

RESOLUTION NO.: 45—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County Code of Ordinances Section 2.586(b) requires departments to receive approval from the County Board committee of jurisdiction in advance of soliciting for donations from the community. The Health and Human Services (HHS) Department has a number of programs, which for years has solicited donations from the community (pursuant to Resolution 5—2001-2002). The HHS department is requesting permission to solicit donations made to various programs. No one, however, may ask for a donation, in any suggest, or encourage a donation to HHS programs unless specification authorized. This policy covers solicitation of/and donations to the department and its programs. It is not intended to address ethics and personal gifts. No staff person may ever solicit/ask for personal gifts for any reason. The department realizes that sometimes clients wish to show appreciation and offer gifts, and to not accept these gifts would be insulting. As long as the gift is of small value (i.e., a cup of coffee, a box of candy, etc.), it may be accepted. If there is ever any question as to appropriateness or value, it must be cleared with Corporation Counsel.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Outagamie County Department of Health and Human Services (OCDHHS) to solicit for donations for the following programs:

- PROGRAM: ADOPT A FAMILY – Description: The goal of the Adopt A Family Program is to ensure families in need have a happy Christmas. Volunteers are matched with OCDHHS families to be adopted for the holiday and are given a wish list from the family. Volunteers can donate cash, gift cards, or food to be delivered to families.
- PROGRAM: NOAHH (Neighbors Offering A Helping Hand) – Description: The goal of the NOAHH program is to engage the community in assisting families by providing goods, services, and opportunities for children and families served by OCDHHS. Examples can be, but not limited to, beds, furniture, dishes, and payment for a child to attend an extracurricular event.
- PROGRAM: THANKSGIVING FOOD BASKET – Description: The goal of the Thanksgiving Food Basket Program is to ensure that families in need have a holiday meal they can enjoy with their family. Volunteers can donate and deliver a food basket individually or coordinate a food basket drive for several families. Cash and gift card donations are also accepted.
- PROGRAM: BACK TO SCHOOL – Description: The Back to School Program benefits school age children in need with a backpack and supplies for the start of the school year. Volunteer donations of school supplies or monetary contributions from businesses, organizations, churches and individuals are the foundation of this program.

- PROGRAM: MENTORING PROGRAM – Description: Coordinators match at-risk youth with adult mentors. Through relationship building and meaningful activities, these volunteer mentors enhance self-esteem, improve social skills and empower youth to make positive choices for their futures. Staff look for donors to sponsor events for the matches. Sponsoring donors are requested to provide a discounted rate or cover the event cost for matches to attend. ex: sporting events, sports park, parks/wildlife preserves, etc.
- PROGRAM: AGING and NUTRITION PROGRAM – Description: the Older American Act, Sec. 1321.67 Service Contributions, which allows Outagamie County residents the ability to voluntarily contribute toward services they are receiving, governs Program. In-Kind (defined as goods or services (dollar value) that are donated or provided in place of money) and cash contributions are received.
- DIVISION OF CHILDREN, YOUTH AND FAMILIES – Description: Resources and support for families, children, like-kin and for foster care recruitment, retention and support. In-Kind (defined as goods or services (dollar value) that are donated or provided in place of money) and cash contributions are received.
- PROGRAM: PUBLIC HEALTH BIKE HELMETS – Description: Safe Kids Fox Valley, annual donation of bike helmets, which are given to kids to prevent childhood injuries.
- PROGRAM: PUBLIC HEALTH CHILD PASSENGER SAFETY – Description: Safeguarding the health of families, cash contributions are received during car seat fitting stations promoting the safe installation of car seats, which is placed into Safe Kids Fox Valley supporting prevention activities.
- PROGRAM: PUBLIC HEALTH VENDING MACHINE – Description: Public Health Vending Machine is a method to distribute prevention items in the community. Staff solicit public health prevention supplies to be placed in the public health vending machine.
- PROGRAM: PUBLIC HEALTH WIC/FIT FAMILIES - Description: WIC and Fit Families promote healthy nutrition and physical activity in the community through hosting and participating in Community events. WIC may request non-profit rate to participate in events and request financial support in hosting events,

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the attached Solicitation of Donations Policy and Procedure and Record of Donation Form, which by reference are made a part hereof, that shall be used by all Department of Health and Human Services units, divisions, and programs within the department, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director, the Outagamie County Finance Director, and the Outagamie County Executive

Dated this 27th day of August 2024

Respectfully Submitted,

HEALTH AND HUMAN SERVICES COMMITTEE

Jeff McCabe

Justin Krueger

TITLE: Solicitation of Donations Policy and Procedure

OWNER: John Rathman

POLICY AREA: HHS Admin

APPROVAL WORKFLOW: HHS Admin

PURPOSE:

The County Code of Ordinances 107(2) requires departments to have County Board authorization to solicit and/or receive donations from the community. Health and Human Services has a number of programs, which for years solicited donations from the community. Authorized donations are as defined pursuant to **Attachment 01:** County Board Res.: No. 1—2024-2025.

POLICY:

The department, to include all of its staff and programs, may solicit donations made to programs approved by the Outagamie County Board as defined below. No one, however, may ask for a donation, in any way suggest, or encourage a donation to our programs unless specifically authorized.

PROGRAM: ADOPT A FAMILY - Description: The goal of the Adopt A Family Program is to insure families in need have a happy Christmas. Volunteers are matched with OCDHHS families to be adopted for the holiday and are given a wish list from the family. Volunteers can donate cash, gift cards, or food to be delivered to families.

PROGRAM: NOAHH (Neighbors Offering A Helping Hand) - Description: The goal of the NOAHH program is to engage the community in assisting families by providing goods, services, and opportunities for children and families served by OCDHHS. Examples can be, but not limited to, beds, furniture, dishes, and payment for a child to attend an extracurricular event.

PROGRAM: THANKSGIVING FOOD BASKET - Description: The goal of the Thanksgiving Food Basket Program is to insure that families in need have a holiday meal they can enjoy with their family. Volunteers can donate and deliver a food basket individually or coordinate a food basket drive for several families. Cash and gift card donations are also accepted.

PROGRAM: BACK TO SCHOOL - Description: The Back to School Program benefits school age children in need with a backpack and supplies for the start of the school year. Volunteer donations of school supplies or monetary contributions from businesses, organizations, churches and individuals are the foundation of this program.

PROGRAM: MENTORING PROGRAM - Description: Coordinators match at-risk youth with adult mentors. Through relationship building and meaningful activities, these volunteer mentors enhance self-esteem, improve social skills and empower youth to make positive choices for their futures. Staff look for donors to sponsor events for the matches. Sponsoring donors are requested to provide a discounted rate or cover the event cost for matches to attend. ex: sporting events, sports park, parks/wildlife preserves, etc.

PROGRAM: AGING and NUTRITION PROGRAM – Description: the Older American Act, Sec. 1321.67 Service Contributions, which allows Outagamie County residents the ability to voluntarily contribute towards services they are receiving, governs Program. In-Kind (defined as goods or services (dollar value) that are donated or provided in place of money) and cash contributions are received.

DIVISION OF CHILDREN, YOUTH AND FAMILIES – Description: Resources and support for families, children, like-kin and for foster care recruitment, retention and support. In-Kind (defined as goods or services (dollar value) that are donated or provided in place of money) and cash contributions are received.

PROGRAM: PUBLIC HEALTH BIKE HELMETS – Description: Safe Kids Fox Valley, annual donation of bike helmets, which are given to kids to prevent childhood injuries.

PROGRAM: PUBLIC HEALTH CHILD PASSENGER SAFETY – Description: Safeguarding the health of families, cash contributions are received during car seat fitting stations promoting the safe installation of car seats, which is placed into Safe Kids Fox Valley supporting prevention activities.

PROGRAM: PUBLIC HEALTH VENDING MACHINE – Description: Public Health Vending Machine is a method to distribute prevention items in the community. Staff solicit public health prevention supplies to be placed in the public health vending machine.

PROGRAM: PUBLIC HEALTH WIC/FIT FAMILIES - Description: WIC and Fit Families promote healthy nutrition and physical activity in the community through hosting and participating in Community events. WIC may request non-profit rate to participate in events and request financial support in hosting events .

This policy covers solicitation of/and donations to the department and its programs. It is not intended to address ethics and personal gifts. No staff person may ever solicit/ask for personal gifts for any reason. The department realizes that sometimes clients wish to show appreciation and offer gifts, and to not accept these gifts would be insulting. As long as the gift is of small value (i.e., a cup of coffee, a box of candy, etc.), it may be accepted. If there is ever any question as to appropriateness or value, it must be cleared with Corporation Counsel.

PROCEDURE:

1. All units, divisions, and programs within the department, which receive donations, both solicited and unsolicited, are to keep a record of the donation(s) on **Attachment 02**: Donations Received Template.
2. The record must include the name of the organization(s)/donation source, type of donation, and amount/value of donation
3. The Donations Received record will be requested annually by the management assistant for the preceding calendar year after the 1st of the present year from each division of Health and Human Services.
4. The Donations Received records will be jointly assembled by the management assistant and provided to the director for review and signature.
5. The management assistant will send the fully executed, signed, records to the Legislative Services office via email.
6. The management assistant will keep an electronic copy of the fully executed, signed, records at: S:\HHS\Admin\Management Assistant\Donations
7. If there is need to solicit additional donations, a request should be submitted to the HHS director to initiate the approval process from the HHS Board/Committee and County Board.

RESOLUTION NO.: 46—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Brewster Village is requesting approval to add two (2) part-time Driver positions and reclassify one (1) full-time Maintenance Lead position.

Valley Transit served the Brewster Village transportation needs for many years. However, notification was received at the end of 2023 that Valley Transit would no longer be serving nursing homes. Therefore, Brewster Village purchased a second van using ARPA funds and transportation was brought in-house. The maintenance staff was trained and performed villager transports in order to have concrete data to better understand the labor needs. It was determined that the number of labor hours needed is too much for current maintenance staff to handle and has interfered with day-to-day job duties. After five (5) months, it was determined that there is a need for two (2) part-time drivers as well as utilizing current maintenance staff for anything that exceeds these hours.

Recently, the Facilities and Operations Department has expanded to include Brewster Village's Systems Analyst position and the in-house transportation program. Due to these added responsibilities and oversight, a Maintenance Lead position is needed to support the Facilities and Operations Manager and act as a lead for the maintenance team, in addition to monitoring and ensuring Life Safety Code compliance.

There is no budget adjustment needed at this time, as costs will be included in future budgets.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby approve an in-year Table of Organization request to add two (2) part-time Driver positions and reclassify one (1) full-time Maintenance Lead position effective September 8, 2024 for the Brewster Village, with no budget adjustment needed at this time, as noted on the attached Position Addition Form, Position Classification/Grade Change Form, Job Descriptions, Table of Organization, and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and the Outagamie County Brewster Village Administrator.

Dated this 27th day of August 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Sara MacDonald

Ryan Ferguson

John Kostelny

Position Justification			
Briefly summarize why this position is needed, as well as areas of revenue and savings.			
Valley Transit has been serving our villager transportation needs for many years, but we received notification at the end of 2023 that they were not longer serving nursing homes. Brewster Village purchased a second van with ARPA funds and transportation was brought in-house. The maintenance staff were trained and did villager transports so that we could have some concrete data to better understand the labor needs. After 5 months, it is determined that we will need two part time drivers and also utilize our maintenance staff for anything that exceeds these hours. The number of labor hours needed is too much for our maintenance staff to handle on their own and has interfered with their job duties.

SHORT-TERM REHABILITATION
AND LONG-TERM CARE COMMUNITY

Brewster Village Wheelchair Van Driver

Brewster Village is looking for a kind and compassionate person who is interested in a rewarding part-time position transporting our Villagers to and from their medical appointments. This position will report to our Facilities and Operations Manager and will have the possibility of working up to 20 hours per week. Schedule will vary based on transportation needs, typically Monday thru Friday and between the hours of 6am and 5pm and no Holidays or Weekends. As a Wheelchair Van Driver, you will play a vital role in the health and well-being of our Villagers.

Qualifications:

- Valid driver's license with a clean driving record
- Excellent communication and interpersonal skills
- Ability to remain calm and professional in stressful situations
- Strong attention to detail
- Basic knowledge of vehicle maintenance and safety practices
- Ability to understand and follow oral and written instructions
- Physical ability to assist residents with boarding and disembarking the van
- Empathy and patience when dealing with elderly or disabled individuals
- Flexibility to work varying shifts, including weekends and holidays
- CPR certification is required

Responsibilities:

- As a Wheelchair Van Driver, you will play a vital role in transporting our Villagers to and from medical appointments
- Safely operate a wheelchair accessible van to transport Villagers
- Assist Villagers in boarding and disembarking the van, ensuring their safety throughout the process
- Follow pre-established routes and schedules to ensure on-time arrivals and departures
- Provide a warm and friendly atmosphere during transportation, engaging with Villagers and maintaining a positive rapport
- Keeping the vans clean and well-maintained, reporting any maintenance issues to the appropriate personnel
- Adhere to all traffic laws and regulations, prioritizing the safety of Villagers and other road users
- Maintain accurate records of transportation activities and any incidents that occur
- Collaborate with other staff members to ensure the overall well-being of the Villagers
- Comply with all County policies and procedures, including infection control and safety protocols
- Securely fastening Villagers using appropriate equipment and techniques to ensure their safety during transport

Benefits:

- Competitive pay

Resolution No. 47—2024-25 – Property, Airport, Recreation and Economic Development Committee. Authorize granting We Energies an easement for the area described as strips of land twelve feet in width, being part of the Grantor's land for parcels 311931406, 311931411, and 311931410, in the City of Appleton (Plamann Park); as shown on the attached Distribution Easement Underground and Temporary Exhibit A.

Supervisor Culbertson moved, seconded by Supervisor Monfils, for adoption.

ROLL CALL: 35 yes, 1 absent. RESOLUTION NO. 47—2024-25 IS ADOPTED.

RESOLUTION NO.: 47—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin Electric Power Company, doing business as We Energies (Grantee) is requesting an easement in order to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize granting We Energies an easement for the area described as strips of land twelve (12) feet in width, being part of the Grantor's land located in the Northeast ¼ of the fractional Northwest ¼, the Southeast ¼ of the Northwest ¼, and Southwest ¼ of the Northwest ¼, all located in Section 1, Township 21 North, Range 17 East, City of Appleton, Outagamie County, Wisconsin (Plamann Park); said land is shown on the attached Distribution Easement Underground and Temporary Exhibit A which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and We Energies, Property Rights & Information Group, 231 W. Michigan Street, Room P277, P.O. Box 2046, Milwaukee, WI 53201-2046.

Dated this 27th day of August 2024

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION &

WR NO. **4986314** IO NO. **75854**

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, **OUTAGAMIE COUNTY, a Wisconsin municipal corporation,** hereinafter referred to as "Grantor", owner of land, hereby grants and warrants to **WISCONSIN ELECTRIC POWER COMPANY, a Wisconsin corporation doing business as We Energies,** hereinafter referred to as "Grantee", a permanent easement upon, within, beneath, over and across a part of Grantor's land hereinafter referred to as "easement area".

The easement area is described as **strips of land Twelve (12) feet in width,** being part of the Grantor's land located in the **Northeast 1/4 of the fractional Northwest 1/4, the Southeast 1/4 of the Northwest 1/4, and Southwest 1/4 of the Northwest 1/4, all located in Section 1, Township 21 North, Range 17 East,** City of Appleton, Outagamie County, Wisconsin; said land being more particularly described in that certain **Warranty Deed** recorded in the Office of the Register of Deeds in and for Outagamie County on February 10, 1971, in Volume 850, page 329, as **Document No. 640137.**

RETURN TO:
We Energies
PROPERTY RIGHTS & INFORMATION GROUP
231 W. MICHIGAN STREET, ROOM P277
PO BOX 2046
MILWAUKEE, WI 53201-2046

311931406, 311931411, 311931410
(Parcel Identification Number)

The location of the easement area with respect to Grantor's land is as shown on the attached drawing, marked Exhibit "A", and made a part of this document.

1. **Purpose:** The purpose of this easement is to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

2. **Access:** Grantee or its agents shall have the right to enter and use Grantor's land with full right of ingress and egress over and across the easement area and adjacent lands of Grantor for the purpose of exercising its rights in the easement area.

3. **Buildings or Other Structures:** Grantor agrees that no structures will be erected in the easement area or in such close proximity to Grantee's facilities as to create a violation of all applicable State of Wisconsin electric codes or any amendments thereto.

4. **Elevation:** Grantor agrees that the elevation of the ground surface existing as of the date of the initial installation of Grantee's facilities within the easement area will not be altered by more than 4 inches without the written consent of Grantee.

5. **Restoration:** Grantee agrees to restore or cause to have restored Grantor's land, as nearly as is reasonably possible, to the condition existing prior to such entry by Grantee or its agents. This restoration, however, does not apply to any trees, bushes, branches or roots which may interfere with Grantee's use of the easement area.

6. **Exercise of Rights:** It is agreed that the complete exercise of the rights herein conveyed may be gradual and not fully exercised until some time in the future, and that none of the rights herein granted shall be lost by non-use.

7. **Binding on Future Parties:** This grant of easement shall be binding upon and inure to the benefit of the heirs, successors and assigns of all parties hereto.

8. **Easement Review**: Grantor acknowledges receipt of materials which describe Grantor's rights and options in the easement negotiation process and furthermore acknowledges that Grantor has had at least 5 days to review this easement document *or* voluntarily waives the five day review period.

RESOLUTION NO.: 48—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Human Resources Department is requesting an intra-budget transfer in the amount of $5,600 from Salaries to Capital Outlay. The monies will be used to upgrade chairs in the office due to safety issues as well as update the department conference room for video conference capabilities.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve transferring $5,600 from the Human Resources Salaries line item to the Human Resources Capital Outlay line item in order to upgrade chairs and the department conference room for video conference capabilities as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Finance Director.

Dated this 27th day of August 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

I, Kelly Gerrits, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the August 27, 2024 County Board Minutes approved by a majority vote at a meeting of the County Board on September 10, 2024 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 11th Day of September, 2024

/s/ Kelly Gerrits
County Clerk

Please call the Outagamie County Clerk's Office (832-5077) if you would like further elaboration of these minutes.

RUN: September 23, 2024

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, September 10, 2024.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 31 present, 5 absent. Members present: Smith, Patience, Gabrielson, Kostelny, Hammen, Lawrence, Krueger, Lamers, Ferguson, McCabe, Hermes, MacDonald, Schroeder, Spears, Heiser, Mitchell, Cuff, Klemp, Thiede, Janke, Weinberg, Culbertson, Monfils, Winterfeldt, Nejedlo, Clegg, Thyssen, VanderHeiden, Rettler, Koury, and Lautenschlager. Members absent: Thompson, Johnson, Wegand, Croatt, and Hagen.

The Board Chairperson requested the Board's confirmation to excuse Thompson, Johnson, Croatt, and Hagen. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

MINUTES OF THE AUGUST 27, 2024 COUNTY BOARD MEETING
Supervisor Laughtenslager moved, seconded by Supervisor Smith, to approve the minutes of the August 27, 2024 County Board meeting.

ROLL CALL: 30 yes, 1 abstain (Schroeder), 5 absent. MINUTES OF THE AUGUST 27, 2024 COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS – None.

ESTABLISH ORDER OF THE DAY – Chairperson Gabrielson reported the request to have Resolution No. 51—2024-25 locked in at the meeting.

COMMUNICATIONS –

No.	Adopted Date	Received From	Subject	Referred To
1	08/19/2024	Jackson County	Resolution 31-08-2024 RE: Support of State Investment for Mental Health Funding	Health and Human Services Committee
2	08/19/2024	Jackson County	Resolution 30-08-2024 RE: Resolution Advocating for an Inpatient Behavioral Health Facility for Northern Wisconsin	Health and Human Services Committee

Chairperson Gabrielson summarized the following communications:

- Rosemary Davis passed away on August 27, 2024, who was an Outagamie County employee for 40 years with the Health and Human Services Department. Chairman Gabrielson touted her accomplishments and praised her passion in bettering the County with her innovation. *The Post-Crescent* featured her obituary; he expressed best wishes to her family.
- Two (2) Supervisors still need to complete cyber security training for May 2024, and nine (9) Supervisors still need to complete the July 2024 training. Chairperson Gabrielson emphasized the importance of completing the trainings, as they are a way to continue to help with remediation and recovery.

- Chairperson Gabrielson reminded the Supervisors about the Oversight Committees folder in their mailboxes, and another version that has been made available in Dropbox as an electronic option.
- Chairperson Gabrielson recognized the following County Board Supervisor birthdays: Supervisor Thyssen (9/20).

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

APPOINTMENTS –

County Board Chair Gabrielson nomination for reappointment of Cathy Thompson to the Woodland Enhanced Health Services Commission, term expiring August 2027.

Supervisor Spears moved, seconded by Supervisor Schroeder, for confirmation of the above-listed reappointment.

VOICE VOTE CARRIED UNANIMOUSLY. CATHY THOMPSON IS REAPPOINTED TO THE WOODLAND ENHANCED HEALTH SERVICES COMMISSION.

OpenMeeting TECHNOLOGIES

RESOLUTION NO.: 49—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

On May 14, 2024, the Outagamie County Board adopted Resolution 4—2024-25 which approved the Health and Human Services Public Health Department to apply for, accept, and expend the Community Vision Fund Grant in the amount of $10,000 to be used to equip members of the community with the resources needed to provide well-being support, and for the line items of Community Health Revenue – Miscellaneous to be increased by $10,000 and to decrease Community Health Advertising – Promotion by $10,000. However, Resolution 4—2024-25 incorrectly included a decrease to Community Health Advertising – Promotion by $10,000, which should have been an increase.

The Department of Health and Human Services is requesting a correction to the error in Resolution 4—2024-25 by increasing the Community Health Advertising – Promotion line item by $20,000 ($10,000 is to correct the decrease error and $10,000 is to appropriately increase the Community Health Advertising – Promotion line item by $10,000).

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Community Health Advertising – Promotion line item in the amount of $20,000 in order to correct an error in previously adopted Resolution 4—2024-25 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director and the Outagamie County Finance Director.

Dated this 10th day of September 2024

Respectfully Submitted,

HEALTH AND HUMAN SERVICES COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Department of Health and Human Services Request to Amend Approved Resolution 4-2025-225 Health and Human Services Committee - Community Vision Fund Grant

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

On May 14, 2024, the Outagamie County Board approved Resolution No.4-2024-25 for Health and Human Services Public Department to apply for, accept and expend the Community Vision Fund Grant for $10,000 to be used to equip members of the community with the resources needed to provide well-being support, and for the line items of Community Health Revenue – Miscellaneous increase by $10,000 and decrease Community Health Advertising – Promotion by $10,000.

Resolution No.4-2024-25 incorrectly included a decrease to Community Health Advertising-Promotion by $10,000. The resolution should have included an increase to Community Health Advertising-Promotion by $10,000.

The department of Health and Human Services is requesting to correct the error in Resolution No.4-2024-25 and increase the Community Health Advertising-Promotion by $20,000 ($10,000 is to correct the error in the approved resolution to decrease by $10,000, and $10,000 is to appropriately increase the Community Health Advertising-Promotion by $10,000).

RESOLUTION NO.: 50—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Sheriff's Office provides juvenile transports and mental health client transports for the Health and Human Services Department (HHS). These two types of transports result in the Sheriff's Office sending a monthly invoice to HHS for the transports and HHS creating a monthly journal entry to record the expense in HHS and revenue in the Sheriff's Office. An agreement was reached between the HHS Director and the Sheriff's Office to discontinue invoicing HHS for juvenile transports and mental health client transports in 2024 and for HHS to transfer their 2024 juvenile transports and mental health client transports budgets to the Sheriff's Office.

The Health and Human Services Department is requesting to transfer their 2024 juvenile transports and mental health client transports budget to the Sheriff's Office and the Sheriff's Office will retain the expense for both HHS juvenile and mental health client transports.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of transferring the 2024 juvenile transports and mental health client transports budgets from the Health and Human Services Department to the Sheriff's Office, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of decreasing the Youth Aids Transportation line item by $10,000; decreasing the Contract Mental Health Transportation line item by $55,520.78; and increasing the Public Safety Human Services Transports line item by $65,520.78 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director and the Outagamie County Finance Director.

Dated this 10th day of September 2024

Respectfully Submitted,

HEALTH AND HUMAN SERVICES COMMITTEE

Jeff McCabe

Justin Krueger

Dustin Koury

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. Subject: Department of Health and Human Services Request to Move Budget for Sheriff Juvenile Transports and Mental Health Client Transports

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Sheriff's department provides juvenile transports and mental health client transports for Health and Human Services (HHS). These two types of transports result in the Sheriff's department sending a monthly invoice to HHS for the transports and HHS creating a monthly journal entry to record the expense in HHS and revenue in Sheriff's department. An agreement was reached between the HHS Director and the Sheriff's Department to discontinue invoicing HHS for juvenile transports and mental health client transports in 2024 and for HHS to transfer their 2024 juvenile transports and mental health client transports budgets to the Sheriff's department.

Health and Human Services is requesting to move their 2024 juvenile transports and mental health client transports budgets to the Sheriff's department and the Sheriff's department will retain the expense for both HHS juvenile transports and mental health client transports.

Current Year Budget Impact **(Check one or more of the following boxes)**

[x] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes (x) no ( ) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (x)

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (x) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

September 10, 2024 County Board Meeting — OpenMeeting Technologies

RESOLUTION NO.: 51—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor, which includes new right-of-way acquisition in multiple areas. This resolution approves payment from the WisDOT to the county for Solid Waste land that is needed, as well as approving a Warranty Deed for the project.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize execution of a Warranty Deed to the Wisconsin Department of Transportation for the sum of $5,050 for property described as Parcel 218 of Transportation Project Plat 1130-63-21-4.24 Amendment No. 2, recorded as Document 2310777 in Outagamie County, Wisconsin, with property interests and rights of said Parcel 218 consisting of Fee Simple, Temporary Limited Easement, as noted in the attached Warranty Deed, Legal Description, Statement to Construction Engineer, New Supplier Form, and W-9 Form, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Solid Waste Proceeds from Sale of Asset line item by $5,050 and decreasing the Solid Waste Land line item by $5,050 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Solid Waste Director and the Outagamie County Finance Director.

Dated this 10th day of September 2024

CERTIFIED MAIL

ATTN: Gregory Parins
Outagamie County Superintendent
c/o Outagamie County
320 South Walnut Street
Appleton, WI 54911

RE: Parcel No.: 218
Parcel Address: North French Road
Appleton, WI 54911
Project ID: 1130-63-21, IH-41, Outagamie & Brown Counties
Appleton – De Pere (STH 96 – CTH F)

Dear Gregory Parins:

The Wisconsin Department of Transportation (WisDOT) is planning a roadway improvement project on IH-41 located in both Outagamie and Brown Counties which includes new right of way acquisition in multiple areas. MSA Professional Services has been hired to act as an agent for WisDOT to acquire the needed right of way for the improvement project. I will be your point of contact and will work closely with you through the real estate acquisition process. This letter identifies the revised compensation amount offered for the required acquisition based on our negotiation and construction commitments.

WisDOT's approved estimate of just compensation is $25,100.00 and is based on the enclosed appraisal report. This amount does not consider any decrease or increase in the market value of the property caused by the anticipation of the project.

Based on our discussions and your request, WisDOT has agreed to re-install the chain-link fence along the property line after the construction of the project is completed. This is in addition to installing fencing to secure the property during construction. Because of this commitment, the above compensation for the in-place value of the existing chain link fence as well as the cost to cure for replacement fencing is no longer appropriate amounts to be provided. Therefore, these amounts are being deducted and the revised total for the transaction is $5,050.00. The allocation is as follows:

Allocation	Description	Size	Unit	Per Unit	Value ($)
Land		4,499.00	Sq. Ft.	$0.92	$4,131.00
~~Site Improvements~~	~~Chain-Link Fencing-Depreciated In-Place Value~~				~~$8,920.00~~
~~Cost to Cure~~	~~Replacement Fencing~~				~~$11,150.00~~
Temporary Limited Easement (TLE)		1,878.00	Sq. Ft.	$0.48	$895.00
Appraiser Rounding					$24.00
Total					$5,050.00

If you agree and wish to enter into an agreement with WisDOT, please sign the following documents and return them to me as soon as possible. Upon receipt of these documents, we will submit a payment request.

A. **Warranty Deed**: All landowners whose names are listed or assigned to this parcel **must** sign and date this document. Each signature must be notarized **in the presence of a Notary Public**.

B. **Statement to Construction Engineer**: This form requires the signature of only **one** landowner and is used to inform the construction engineer of any special commitments that were agreed to by you and WisDOT for construction purposes.

C. **New Supplier Form (DOA-6460)**: This form is to be completed in full for payment processing. Section 3 (Payment Direct Deposit/ACH Information) presents two options. You may receive payment by "Direct Deposit" to a checking or savings account or opt out of "Direct Deposit" and receive payment by mail. Should you choose "Direct Deposit" you must accompany this form with a current, voided check or include a bank letter on bank letterhead signed by a bank representative (as directed on the form).

D. **Form W-9**: This form is required by the IRS for any transaction valued at $600.00 or more. If more than one landowner, unless husband and wife at the time of the conveyance, each should submit a W-9. If exempt, please provide an exemption form.

It is important to us that you are satisfied that your property and your rights have been fully considered. We will provide any additional information requested, if available, or further discuss any other concerns you may have. Should you have any questions or concerns, please feel free to contact me at the phone number or email addressed below.

Sincerely,

MSA Professional Services

Commitments made (fences, driveways, trees, drainage or other items):

Prior to construction, WisDOT will remove and salvage any portions of the chain link fence that will be impacted by the construction of the project. This fencing will be saved for re-installation later.

During construction, WisDOT will install and maintain temporary security fencing within the acquisition area.

After construction, WisDOT agrees to re-install the existing, salvaged fencing along the new boundary of the property.

Section 6: Read the Agreement, Sign & Date

Wisconsin law provides that State agencies or authorities cannot purchase any materials, supplies, equipment, or contractual services from suppliers (vendors), if the supplier and its affiliates are not registered, collecting, and remitting Wisconsin sales or use tax on sales of tangible personal property and taxable services in Wisconsin to the Wisconsin Department of Revenue. If the supplier or its affiliates only make exempt sales in Wisconsin, an Affidavit of Exempt Sales can be signed in lieu of registering. Exempt sales do not include sales of tangible personal property or taxable services not taxed solely because the supplier or affiliate does not have activity in Wisconsin that requires them to collect and remit sales and use tax (Nexus). This law does not change the federal constitutional limitations on who must be licensed to conduct business in Wisconsin. Additionally, A foreign corporation (any corporation other than a Wisconsin corporation) which becomes a party to this Agreement is required to conform to all the requirements of Chapter 180, Wis. Stats., relating to a foreign corporation and must possess a certificate of authority from the Wisconsin Department of Financial Institutions, unless the corporation is transacting business in interstate commerce or is otherwise exempt from the requirement of obtaining a certificate of authority.

The State will establish authentication information requirements for communications between the Supplier and the State, through online systems or paper forms. If the State receives a Communication containing proper authentication information, it shall be entitled to act on the Communication, and shall not be obligated to verify the content of such Communication, establish the identity of the person providing it, or await any confirmation thereof, and the State shall not be liable for acting on any Communication sent in the name of the Supplier. The Supplier shall be solely responsible for the safekeeping of the authentication information (i.e. passwords, Taxpayer Identification Numbers, bank account numbers, etc.) and assumes all risk of accidental disclosure or inadvertent use of such authentication information by any party whatsoever, whether such disclosure or use is on account of the Supplier's negligence or deliberate acts or otherwise. The State shall not be liable for any loss or damage resulting from fraudulent, unauthorized or otherwise improper use of any authentication information by the Supplier. *Only Authorized individuals may complete and submit this form. By completing this form, you are certifying that you are a duly authorized representative of your organization and are lawfully able to initiate changes to banking information.* ***Fraudulent conveyances are punishable offenses.*** The entity listed hereby authorizes the State of Wisconsin to initiate credit entries to its bank account at the financial institution identified above. Additionally, this form provides the State of Wisconsin the authority to reverse (withdraw) any erroneous credits (deposits) to the account. The authority shall remain in effect until the State of Wisconsin receives written notification of revocation and has a reasonable opportunity to act on it.

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

___ - ___ - ____

or

Employer identification number

__ - _____

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person** ▶ **Date** ▶

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Cat. No. 10231X Form **W-9** (Rev. 10-2018)

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Land Sale Parcel 218

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

As part of the I-41 reconstruction project, WIsDOT has approach the Department of Solid Waste to purchase portion of parcel 218 as additional right of way for the reconstruction of the Holland Road overpass.

Current Year Budget Impact (Check one or more of the following boxes)

[x] Revenues [ ] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (x)

5. Is the proposal to accept additional revenues only? yes (x) no ( )

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (x) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

Outagamie County — 9-10-24 County Board Meeting - September 10 2024 07:14:10 PM — OpenMeeting
September 10, 2024 County Board Meeting

RESOLUTION NO.: 52—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Valley Packaging Industries (VPI) currently leases space within an Outagamie County owned building located at 3375 West Brewster Street, Appleton. The most recent lease agreement with VPI is for a period of nine (9) months beginning February 13, 2024 in order to allow VPI to transition to a new property. VPI is requesting additional time to extend the lease agreement due to their construction timeline which precludes them from entering their new leased premises owned by a third party until January 20, 2025.

This resolution approves an Addendum to the Lease Agreement between Outagamie County and VPI to allow VPI to occupy the county owned premises until February 1, 2025 with no budget adjustment needed at this time, as revenues will be included in the 2025 budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the Addendum to Lease Agreement between Outagamie County and Valley Packaging Industries (VPI) in order to occupy the county owned premises located at 3375 West Brewster Street, Appleton, until February 1, 2025 as noted on the attached Addendum to Lease Agreement which by reference is made a part hereof, with no budget adjustment needed at this time, as revenues will be included in the 2025 budget, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Development and Land Services Director and the Outagamie County Facilities Director.

Dated this 10th day of September 2024

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION &

ADDENDUM TO LEASE AGREEMENT

This Lease Addendum made this ____ day of _____ 2024, by and between Outagamie County, (hereinafter referred to as "Lessor"), and the Valley Packaging Industries (hereinafter referred to as "Lessee" or "VPI").

I. WITNESSETH

WHEREAS, Lessor and Lessee entered into a lease agreement in 2014 for the property located at 3375 W. Brewster Street, Appleton, Outagamie County, Wisconsin (hereinafter the property), which previously expired; and

WHEREAS, Lessee had been on a month to month lease of the property since the expiration of its original; and

WHEREAS, in 2024, Lessor and Lessee entered into a lease agreement for a period of 9 months from February 13, 2024 in order to allow Lessee to transition from Lessor's property to a new property; and

WHEREAS, Lessee has requested additional time to extend the lease agreement due to their construction timeline which precludes them from entering their new leased premises owned by a third party until 1/20/2025; and

NOW, THEREFORE, in consideration of the mutual promises of the Lessor and Lessee as set forth below, the Lessor and Lessee agree to amend the Lease approved on February 13, 2024 as follows:

II. GENERAL TERMS

1. Term and Termination:

a. Term: This Lease Addendum allows the Lessee to occupy the premises until February 1, 2025 at 12:00 AM Central Standard Time. Lessee acknowledges and agrees, that it shall surrender the premises on or before that date, and that it shall not in any way remain in possession of the premises, nor have any of its property, equipment, employees, or otherwise on the premises past February 1, 2025 Lessee further agrees that in the event they do not quit possession of the premises as indicated above, that they will concede any issue related to their possession of the premises, and pay for all costs and fees paid by the County, including but not limited to actual attorney's fees, in any action filed by the County to remove Lessee from the premises.

b. All other provisions of the original lease and the lease dated February 13, 2023 shall remain in effect absent the modifications herein or other written agreement by the parties.

RUN: October 7, 2024

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, September 24, 2024.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 32 present, 4 absent. Members present: Thompson, Johnson, Smith, Patience, Gabrielson, Kostelny, Hammen, Lawrence, Krueger, Lamers, Ferguson, McCabe, Wegand, Hermes, Schroeder, Croatt, Spears, Heiser, Mitchell, Cuff, Hagen, Klemp, Thiede, Janke, Weinberg, Culbertson, Monfils, Clegg, Thyssen, VanderHeiden, Rettler, and Lautenschlager. Members absent: MacDonald, Winterfeldt, Nejedlo, Koury

The Board Chairperson requested the Board's confirmation to excuse Supervisor Nejedlo and Supervisor Koury. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

MINUTES OF THE SEPTEMBER 10, 2024 COUNTY BOARD MEETING
Supervisor Lautenschlager moved, seconded by Supervisor Cuff, to approve the minutes of the September 10, 2024, County Board meeting.

ROLL CALL: 31 yes, 1 abstain (Hagen), 4 absent. MINUTES OF THE SEPTEMBER 10, 2024, COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS – Representatives Elizabeth McMasters, Director CPA (appeared in-person) and Jake Lenell, Principal CPA, MBA (appeared remotely), from CLA-CliftonLarsenAllen LLP provided an overview of the Audit Report for Year ended December 31, 2023.

Highlights from the overview included:

- Introduction of the CLA-CliftonLarsenAllen LLP business team
- High-level overview of accounting policies, accounting estimates, along with the County's financial statement, and audit results (Outagamie County received the grade of an unmodified and clean opinion from the auditors)
- Auditors identified necessary adjustments with some financial items (as indicated in the audit materials) needed in order to provide clean opinion, and understood it may have been due to the shift in Finance Department personnel
- Single Audit Status review was done for the federal and state COVID, and ARPA funding sources to ensure the County is in compliance with the state or federal government allocation of the funds (testing of state and federal programs)

Supervisor questions and comments followed.

Michelle Uitenbroek, Finance Director, provided an overview of the 2025 Electronic Budget Format.

Finance Director Uitenbroek presented on the update in process for budget review, as Outagamie County is changing from a hard copy budget book platform to an online/web-based version of the

County Budget. The online platform will provide more transparency, flexibility, better itemization, and reporting of revenues, expenditures and objectives to provide better projections for future budget years. The budget will be available online for review or can be downloaded as a PDF version. The PDF option will provide Supervisors with the option to print-off certain pages of interest (Legislative Services can be of assistance if needing to print off certain pages of interest).

Chairperson Gabrielson commented that this online platform for the budget book is a new process for Outagamie County and to provide grace and understanding as the entire County navigates this new channel of budgeting. He stated Finance Chair Croatt will present at the next scheduled County Board meeting to provide a more detailed overview on the budgeting process from a County Board perspective, along with providing the schedule of budget review session dates. Each County Supervisor will be responsible to review his/her respective budget of jurisdiction/respective committees, whereupon the Department Heads will present their proposed budgets to the Finance Committee for review, and finally will be taken to the County Board level in November for final review and approval. Budget review session dates will start on October 8, 2024 and will occur on Tuesdays and Thursdays throughout the month of October, and will take place in the County Board Room starting at 11:00 a.m. He stated to expect each meeting to span approximately two hours.

Supervisor questions and comments followed.

ESTABLISH ORDER OF THE DAY– Chairperson Gabrielson reported the request to have Resolution Nos. 53 and 54—2024-25 locked in at the meeting.

COMMUNICATIONS –
Chairperson Gabrielson summarized the following communications:

- The most recent cyber security training course is now available and Supervisors should complete the training at their earliest opportunity (deadline of October 1, 2024). There are two (2) Supervisors who still need to complete May 2024 cyber security training, and six (6) Supervisors who still need to complete the July 2024 training.
- Chairperson Gabrielson stated there are no September birthdays to recognize.
- Chairperson Gabrielson thanked Supervisors Spears, McCabe, Croatt, Smith, and VanderHeiden for attending the WCA Conference with him over the past few days. He stated each Supervisor will provide a brief report on the sessions they attended to their individual committees.

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

APPOINTMENTS – None.

REPORT BY THE COUNTY EXECUTIVE – County Executive Thomas Nelson provided an Administrative update.

UNFINISHED BUSINESS – None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Ordinance No. Z-4—2024-25 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Approve to adopt the petition of Thomas and Stefanie VanDeHei, property owners, to rezone parcel 190012800, from the Exclusive Agriculture District to the General Agriculture District, in the Town of Seymour, as depicted on the attached review and map.

Supervisor VanderHeiden moved, seconded by Supervisor Rettler, for adoption.

ROLL CALL: 32 yes, 4 absent. ORDINANCE NO. Z-4—2024-25 IS ADOPTED.

Resolution No. 53—2024-25 – Finance Committee. Approve to go on record to support the attached Town of Grand Chute Tax Incremental District (TID) No. 5A Project Plan; and recommend that the County Representative on the Town of Grand Chute TID Board of Review vote in favor of this plan.

Supervisor Croatt moved, seconded by Supervisor Kostelny, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 53—2024-25 IS ADOPTED.

RECONSIDERATION OF RESOLUTION NO. 53—2024-25.

Supervisor Patience moved, seconded by Supervisor Krueger, to reconsider the above listed resolution.

Vote for reconsideration. ROLL CALL: 31 yes, 1 no (Thiede), 4 absent. RESOLUTION NO. 53—2024-25 IS RECONSIDERED.

Vote for lock in. ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 53 —2024-25 IS ADOPTED & LOCKED IN.

Resolution No. 54—2024-25 – Finance Committee. Approve to go on record in opposition of the attached document dated September 11, 2024, the Town of Freedom Territory Amendment #1 to Tax Incremental District (TID) No. 3, and recommend that the County Representative on the Town of Freedom TID Board of Review vote in opposition of this plan.

Supervisor Lautenschlager moved, seconded by Supervisor Croatt, for adoption.

ROLL CALL: 29 yes, 2 no (Lawrence, Heiser), 1 abstain (Thompson), 4 absent. RESOLUTION NO. 54—2024-25 IS ADOPTED.

RECONSIDERATION OF RESOLUTION NO. 54—2024-25.

Supervisor Krueger moved, seconded by Supervisor Wegand, to reconsider the above listed resolution.

Vote for reconsideration. ROLL CALL: 31 yes, 1 no (Thiede), 4 absent. RESOLUTION NO. 54—2024-25 IS RECONSIDERED.

Vote for lock in. ROLL CALL: 30 yes, 1 no (Heiser), 1 abstain (Thompson), 4 absent. RESOLUTION

NO. 54 —2024-25 IS ADOPTED & LOCKED IN.

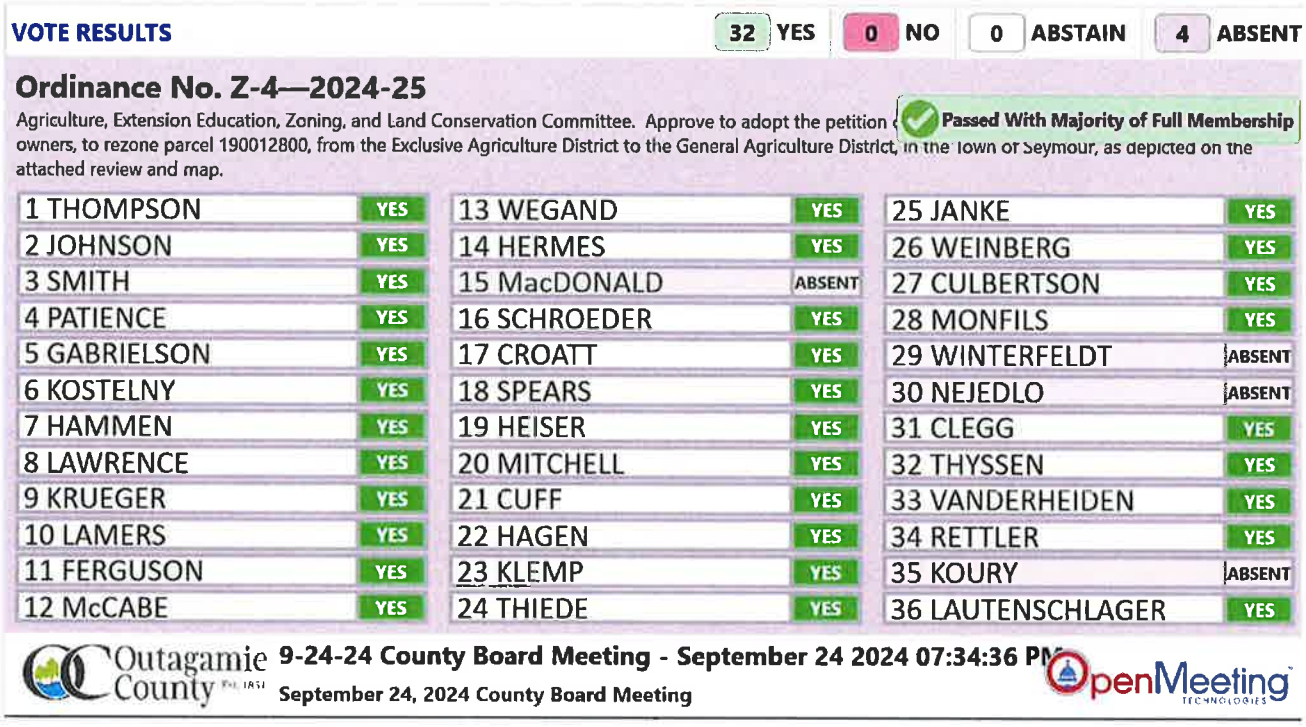
Ordinance No. B—2024-25 – Finance Committee. Approve to amend the County Code of Ordinances as pertains to Chapter 22, Finance and Taxation, Sec. 22-30 Competitive bids Proposals or Quotations and Sec. 22-66 When Required, as noted on the Ordinance.

Supervisor Croatt moved, seconded by Supervisor Kostelny, for adoption.

ROLL CALL: 32 yes, 4 absent. ORDINANCE NO. B—2024-25 IS ADOPTED.

REPORTS – None.

ADJOURNMENT
Supervisor Lawrence moved, seconded by Supervisor Thyssen to adjourn until October 8, 2024 at 7:00 p.m. VOICE VOTE CARRIED UNANIMOUSLY.



The meeting adjourned at 7:47 p.m.

FINAL COPIES OF ORDINANCES/RESOLUTIONS AND ROLL CALLS PERTINENT TO NEW BUSINESS FOLLOW:

Ordinance No. Z-4—2024-25 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. ORDINANCE NO.: Z-4—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY ZONING ORDINANCE. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of Thomas and Stefanie VanDeHei, property owners, to rezone parcel 190012800, from the Exclusive Agriculture District to the General Agriculture District. The location of the site is east of Lawn Road, west of French Road, and north of County Highway VV, Town of Seymour, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Seymour upon approval by the Outagamie County Board of Supervisors and publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Seymour Clerk, the Outagamie County Zoning Administrator and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 24th day of September 2024.

MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Austin Dyb, Land Use Specialist**
DATE: **September 3, 2024**
RE: **PL202400356- County Rezoning - County Staff Review & Recommendation**

Application Details:

Applicant and Owner:	VANDEHEI, THOMAS & VANDEHEI, STEFANIE
Request:	Rezoning - County
Parcel:	190012800
Location:	East of Lawn Rd, West of French road and North of County Highway "VV" TOWN OF SEYMOUR
Public Hearing:	September 10th, 2024 at 9:30 AM – County Board Room

Background & Analysis:

Tom Vandehei, Applicant and Owner has requested a County Rezoning. The attached rezoning map depicts the request. (Exhibit A) The request is to rezone parcel 190012800 (two-acres) from the Exclusive Agriculture District (AED) to the General Agriculture District (AGD) to accommodate a future Special Exception use for a contractor storage yard. The parcel was recently split via CSM from parcel 190012803 (Exhibit B).

Table 1 presents the existing land use and zoning district patterns surrounding the subject area.

Table 1. Surrounding Land Use and Zoning District Patterns, Relative to Subject Site

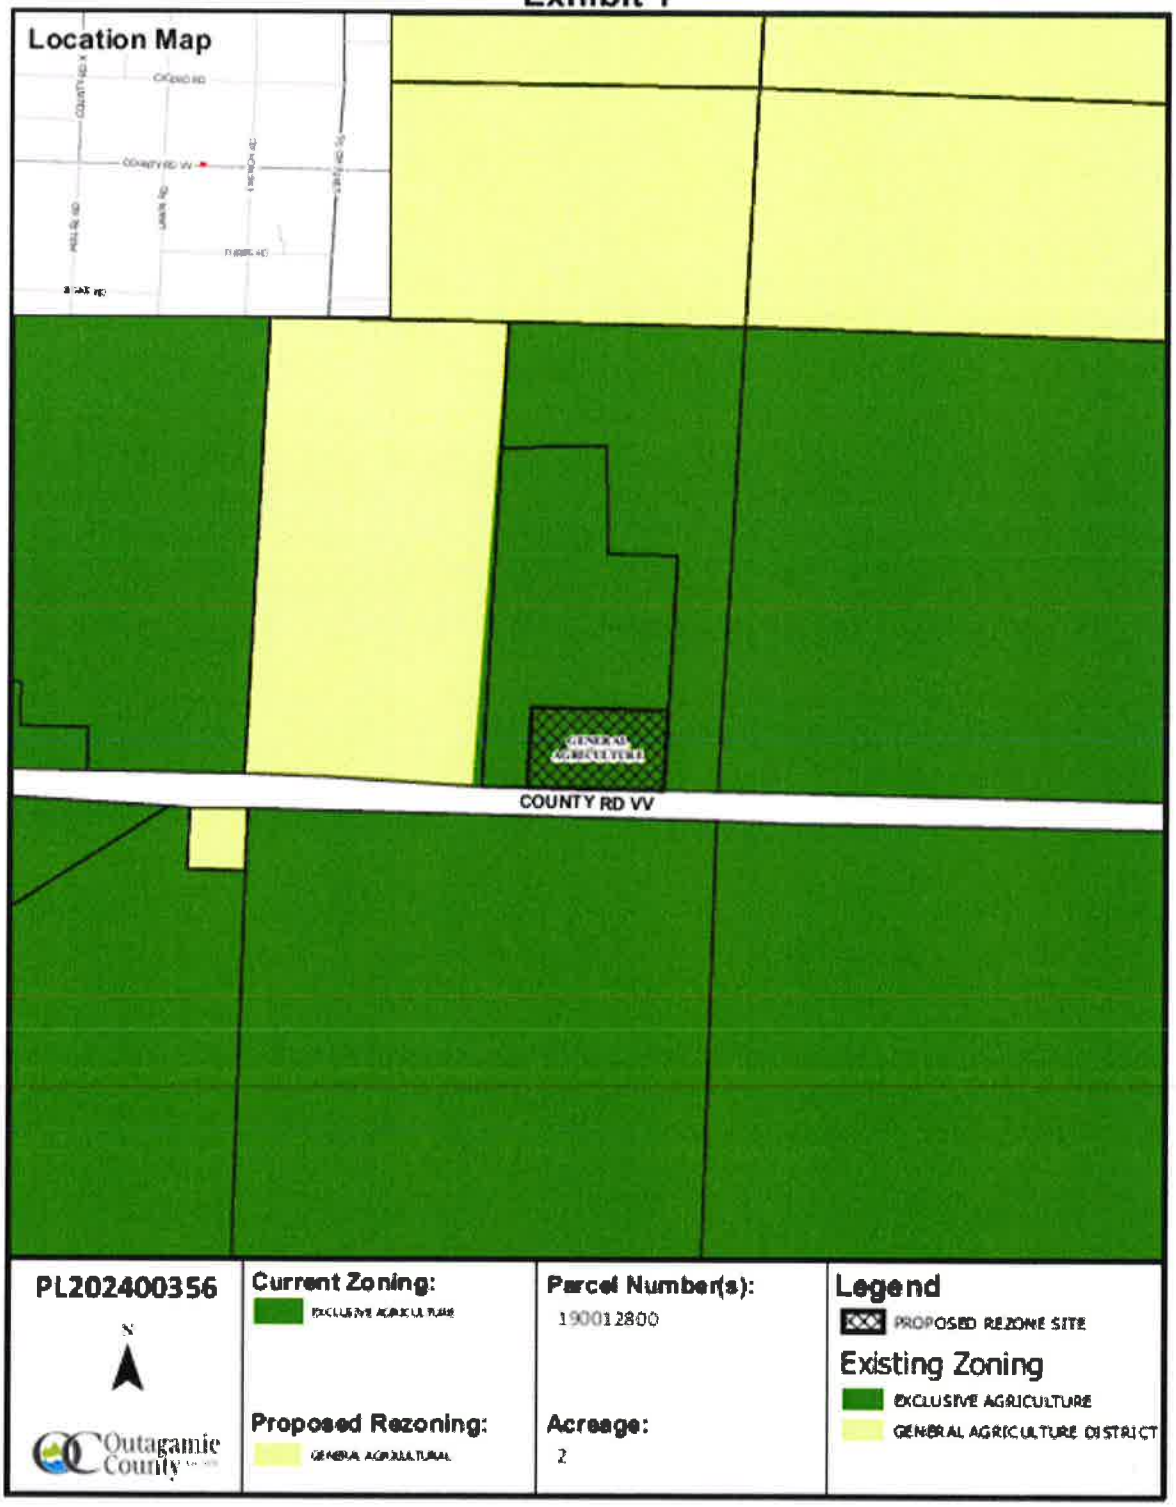
Area Adjacent to Subject Site	Existing Zoning District	Existing Land Use
North	Exclusive Agriculture	Agriculture
South	Exclusive Agriculture	Agriculture and Farm Residence
East	Exclusive Agriculture	Agriculture and Single Family Residence

West	Exclusive Agriculture and General Agriculture	Agriculture and Single Family Residence

The Applicant has been advised that, in addition to an approved rezoning, a Special Exception Permit, with an approved siteplan, will need to be granted before a contractor storage yard will be permitted on site.
Staff notes that there are hydric soils present on and adjacent the parcel. A wetland delineation for the site has been completed, and any development will need to comply with the findings in said report. A navigable stream exists to the west of the subject site; however, the area to be rezoned has been positioned to avoid any impact to this environmental feature.
The site is located in a certified farmland preservation zoning district (i.e., it is zoned Exclusive Agriculture). According to Sec. 54-105 of the County's Code of Ordinances, a rezoning out of Exclusive Agriculture is not permitted unless four findings (as outlined below in Table 2) are met. Based on the analysis for each finding, County staff finds that all required findings are met.

Table 2. Required Findings to Rezone Parcels out of Exclusive Agriculture

Required Findings	Summary of County Staff Analysis
The rezoned land is better suited for a use not allowed in the AED exclusive agricultural district.	The subject parcel is in proximity to other non-agricultural uses (Single Family Homes) and lands zoned AGD; however, due to the environmental conditions present, the proposed rezone area could not be placed directly adjacent to other AGD lands while still taking advantage of the building area.
The rezoning is consistent with any applicable comprehensive plan.	The proposed rezone is consistent with the County's Future Land Use Map within its Comprehensive Plan. The County typically considers rezones into AGD to be consistent with the "Agriculture and Open Lands" future land use designation.
The rezoning is substantially consistent with the county farmland preservation plan, which is in effect at the time of the rezoning.	State laws require that the lands within a certified farmland preservation zoning district be at least 80% consistent with the lands planned for farmland preservation in the County's certified Farmland Preservation Plan. The proposed rezone will not interfere with this consistency requirement for the Town of Seymour
The rezoning will not substantially impair or limit current or future agricultural use of other protected farmland.	The proposed rezoned parcel, including any planned driveway or access route, is located adjacent to road frontage, in a corner of the parent parcel, and is compact (i.e., square in shape/not overly elongated.) These characteristics ensure the rezoned area will not substantially impair current/future agricultural use of other protected farmland adjacent to the proposed rezoned parcel



The Town of Seymour Plan Commission and Town Board have reviewed this proposal and recommended approval on July, 11th 2024 (Exhibit C).
General Zoning in the Town of Seymour is administered by the County and the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3) Wis. Stats. The Outagamie County Comprehensive Plan designates this area as "Agricultural and Open Lands" within the Comprehensive Plan's future land use map. The County typically considers rezones

into General Agriculture to be consistent with the "Agricultural and Open Lands" future land use designation. The County also finds this rezone to be substantially consistent with the County's Farmland Preservation Plan (Addendum 2 of the County's Comprehensive Plan) Therefore, County staff has identified the proposed rezone to be consistent with the County Comprehensive Plan.

Staff Recommendation:

Based on our review and the above analysis of this proposed Rezoning – County, Staff recommends to: approve the proposed rezoning of parcel 190012800 from the Exclusive Agriculture District to the General Agriculture District.

9-24-24 County Board Meeting - September 24 2024 07:35:27 PM

September 24, 2024 County Board Meeting

OpenMeeting

RESOLUTION NO.: 53—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Grand Chute (the Town) has submitted a Project Plan for the creation of Tax Incremental District No. 5A (The District). The proposal is for a Mixed-Use District comprising of approximately 114 acres. The District will be created to pay the costs of public infrastructure and development incentives as needed to promote multi-family residential development, including the potential for a community based residential facility and commercial development.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does go on record in support of the Town of Grand Chute TID No. 5A Project Plan as detailed in the attached Town of Grand Chute, Wisconsin Tax Incremental District No. 5A Draft Project Plan, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie Board of Supervisors recommend that the representative of Outagamie County on the Town of Grand Chute TID Board of Review vote in favor of the Town of Grand Chute TID No. 5A project plan, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Town of Grand Chute, the Outagamie County Finance Director, the Outagamie County Executive, and the Outagamie County Development and Land Services Director.

Dated this 24th day of September 2024

Respectfully Submitted,

FINANCE COMMITTEE

SECTION 1:
Executive Summary

DESCRIPTION OF DISTRICT

Tax Incremental District ("TID") No. 5a ("District") is a proposed Mixed-Use District comprising approximately 114 acres located south of Michaels Drive and north of W. Grande Market Drive. The District will be created to pay the costs of public infrastructure and development incentives as needed to promote multi-family residential development, including the potential for a community based residential facility, and commercial development.

AUTHORITY

Towns with a population of at least 3,500 and equalized valuation of at least $500 million are permitted by Wis. Stat. § 60.23(32) to create a tax incremental district in the same manner as a city or village using the procedures set forth in Wis. Stat. § 66.1105. To exercise this authority, certain conditions related to provision of sanitary sewer service must be met. Those conditions are:

1. The boundaries of the proposed district must be within a sewer service area; and
2. Sewer service, provided by a wastewater treatment facility that complies with Wis. Stat. Chapter 283, must either currently extend to, or be provided to, the proposed district before the use or operation of any improvements to real property in the proposed district begins.

Additionally, a town must specify that one of the following will apply to the district:

a. That at least 51% of the value of public infrastructure improvements within the district will be financed by a private developer, or other private entity, in return for the town's agreement to repay the developer or other entity for those costs solely through the payment of cash grants.
b. That the town expects all project costs to be paid within 90% percent of the proposed tax incremental district's life.
c. That expenditures may be made only within the first half of the proposed tax incremental district's life, except that expenditures may be made after this period if the expenditures are approved by a unanimous vote of the joint review board.

The Town meets the population and valuation requirements. The Town's population per the Wisconsin Department of Administration is 24,294 and the Town's equalized value as of 1/1/2024 is $4,122,489,800. Development within the proposed District will be provided with the required sewer service as it is

located within Sanitary District #2. The Town expects all project costs to be paid within 90% percent of the District's life.

ESTIMATED TOTAL PROJECT COST EXPENDITURES

The Town anticipates making total expenditures of approximately $13.7 million ("Project Costs") to undertake the projects listed in this Project Plan ("Plan"). Project Costs largely consist of public infrastructure and development incentives. The public infrastructure or developer incentive costs will be incurred to match the pace of development within the District. The Town can finance public infrastructure directly, offer development incentives to reimburse infrastructure costs paid by a developer, or require public infrastructure to be paid entirely by a developer. The Town can also use a combination of these approaches. All costs listed in the plan are TID eligible but will require any cost incurred to satisfy the "but for" requirement.

INCREMENTAL VALUATION

The Town projects that new land and improvements value of approximately $45 million will result from development within the District. Creation of this additional value will be made possible by the Project Costs made within the District. A table detailing assumptions as to the development timing and associated values is included in the Economic Feasibility Study located within this Plan.

EXPECTED TERMINATION OF DISTRICT

Based on the Economic Feasibility Study located within Section 9 of this Plan, the Town anticipates that the District will generate sufficient tax increment to pay all Project Costs within 18 of its allowable years.

SUMMARY OF FINDINGS

As required by Wis. Stat. § 66.1105, and as documented in this Plan and the exhibits contained and referenced herein, the following findings are made:

1. That "but for" the creation of this District, the development projected to occur as detailed in this Plan: 1) would not occur; or 2) would not occur in the manner, at the values, or within the timeframe desired by the Town. In reaching this determination, the Town has considered:

   The investment needed to provide public infrastructure and anticipated public-private partnerships needed to promote redevelopment within the District that may necessitate providing developer incentives. Absent the use of tax incremental financing, the Town is unable to fully fund this program of infrastructure improvements within its existing Capital Improvement Plan.

2. The economic benefits of the District, as measured by increased employment, business and personal income, and property value, are sufficient to compensate for the cost of the improvements. In making this determination, the Town has considered the following information:

   That the Developer is likely to purchase goods and services from local suppliers in construction of the Project, and induced effects of employee households spending locally for goods and services from retailers, restaurants and service companies.

3. The benefits of the proposal outweigh the anticipated tax increments to be paid by the owners of property in the overlying taxing jurisdictions. As required by Wis. Stat. § 66.1105(4)(i)4., a calculation of the share of projected tax increments estimated to be paid by the owners of property in the overlying taxing jurisdictions has been prepared and can be found in this Plan. However, because the Project would not occur without the use of tax incremental financing, these tax increments would not be paid but for creation of the District. Accordingly, the Town finds that the benefits expected to be realized as set forth in this Plan outweigh the value of the tax increments to be invested in the Project.

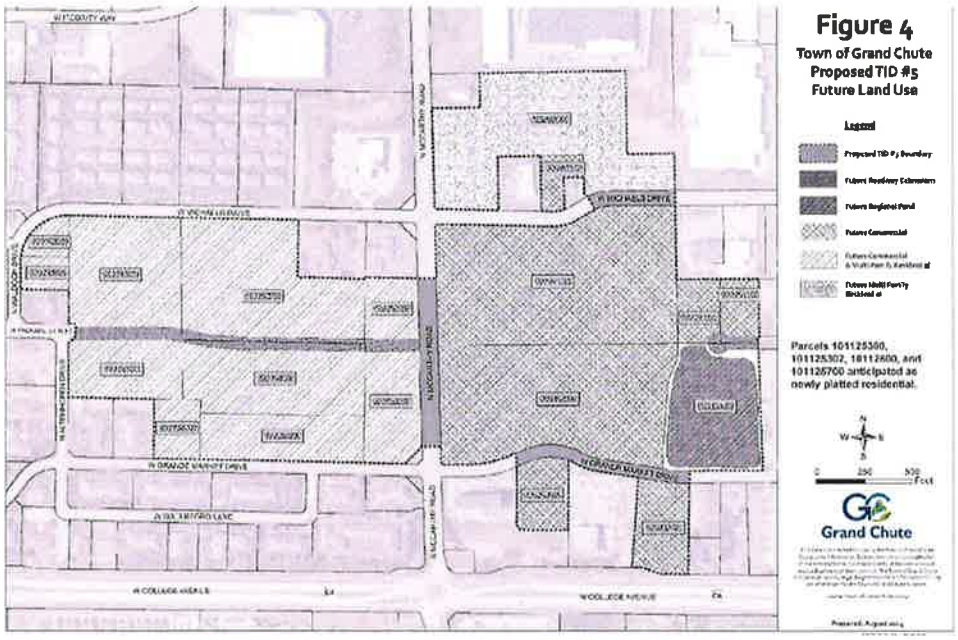
4. Not less than 50% by area of the real property within the District is suitable for mixed use development as defined by Wis. Stat. § 66.1105(2)(cm). Lands proposed for newly-platted residential development comprise no more than 35% of the real property area 10

5. Based on the foregoing finding, the District is designated as a mixed-use district.

6. The Project Costs relate directly to promoting mixed use development in the District, consistent with the purpose for which the District is created.

7. Improvements to be made in the District are likely to significantly enhance the value of substantially all of the other real property in the District.

8. The equalized value of taxable property in the District, plus the incremental value of all existing tax incremental districts within the Town does not exceed 12% of the total equalized value of taxable property within the Town.



9. The Town estimates that 58% of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period, pursuant to Wis. Stat. § 66.1105(5)(b).

10. The Plan for the District is feasible and is in conformity with the Master Plan of the Town.

SECTION 2:
Preliminary Map of Proposed District Boundary

Map Found on Following Page.

To the extent District boundaries include wetlands identified on a map prepared under Wis. Stat. § 23.32, the wetlands are excluded from the District.

SECTION 5:
Equalized Value Test

The following calculations demonstrate that the Town expects to be in compliance with Wis. Stat. § 66.1105(4)(gm)4.c., which requires that the equalized value of the taxable property in the proposed District, plus the value increment of all existing tax incremental districts, does not exceed 12% of the total equalized value of taxable property within the Town.

The equalized value of the increment of existing tax incremental districts within the Town, plus the base value of the proposed District, totals $156,660,700 This value is less than the maximum of $494,698,776 in equalized value that is permitted for the Town.

Valuation Test Compliance Calculation		
Calculation of Town Equalized Value Limit		
Town TID IN Equalized Value (Jan. 1, 2024)	$	4,122,489,800

SECTION 6:
Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District

Project Costs are any expenditure made, estimated to be made, or monetary obligations incurred or estimated to be incurred as outlined in this Plan. Project Costs will be diminished by any income, special assessments or other revenues, including user fees or charges, other than tax increments, received or reasonably expected to be received in connection with the implementation of the Plan. If Project Costs incurred benefit territory outside the District, a proportionate share of the cost is not a Project Cost. Costs identified in this Plan are preliminary estimates made prior to design considerations and are subject to change after planning, design and construction is completed.

With all Project Costs, the costs of engineering, design, survey, inspection, materials, construction, restoring property to its original condition, apparatus necessary for public works, legal and other consultant fees, testing, environmental studies, permits, updating Town ordinances and plans, judgments or claims for damages and other expenses are included as Project Costs.

The following is a list of public works and other tax incremental financing eligible Project Costs that the Town expects to make, or may need to make, in conjunction with the implementation of the District's Plan. The map found in Section 7 of this Plan along with the Detailed List of Project Costs found in Section 8 provide additional information as to the kind, number and location of potential Project Costs.

Property, Right-of-Way and Easement Acquisition

Property Acquisition for Development

To promote and facilitate development the Town may acquire property within the District. The cost of property acquired, and any costs associated with the transaction, are eligible Project Costs. Following acquisition, other Project Costs within the categories detailed in this Section may be incurred to make the property suitable for development. Any revenue received by the Town from the sale of property acquired pursuant to the execution of this Plan will be used to reduce the total project costs of the District. If total Project Costs incurred by the Town to acquire property and make it suitable for development exceed the revenues or other consideration received from the sale or lease of that property, the net amount shall be considered "real property assembly costs" as

defined in Wis. Stat. § 66.1105(2)(f)1.c., and subject to recovery as an eligible Project Cost.

Property Acquisition for Conservancy

To promote the objectives of this Plan, the Town may acquire property within the District that it will designate for conservancy. These conservancy objectives include: preserving historic resources or sensitive natural features; protection of scenic and historic views; maintaining habitat for wildlife; maintaining adequate open space; reduction of erosion and sedimentation by preserving existing vegetation; and providing adequate areas for management of stormwater. The cost of property acquired for conservancy, and any costs associated with the transaction, are eligible Project Costs.

Acquisition of Rights-of-Way

The Town may need to acquire property to allow for installation of streets, driveways, sidewalks, utilities, stormwater management practices and other public infrastructure. Costs incurred by the Town to identify, negotiate and acquire rights-of-way are eligible Project Costs.

Acquisition of Easements

The Town may need to acquire temporary or permanent easements to allow for installation and maintenance of streets, driveways, sidewalks, utilities, stormwater management practices and other public infrastructure. Costs incurred by the Town to identify, negotiate and acquire easement rights are eligible Project Costs.

Relocation Costs

If relocation expenses are incurred in conjunction with the acquisition of property, those expenses are eligible Project Costs. These costs may include, but are not limited to: preparation of a relocation plan; allocations of staff time; legal fees; publication of notices; obtaining appraisals; and payment of relocation benefits as required by Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

Site Preparation Activities

Environmental Audits and Remediation

If it becomes necessary to evaluate any land or improvement within the District, any cost incurred by the Town related to environmental audits, testing, and remediation are eligible Project Costs.

Site Grading

Land within the District may require grading to make it suitable for development, to provide access, and to control stormwater runoff. The Town may need to remove and dispose of excess material, or bring in fill material to provide for proper site elevations. Expenses incurred by the Town for site grading are eligible Project Costs.

Utilities

Sanitary Sewer System Improvements

To allow development to occur, the Town may need to construct, alter, rebuild or expand sanitary sewer infrastructure within the District. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding or expansion of: collection mains; manholes and cleanouts; service laterals; force mains; interceptor sewers; pumping stations; lift stations; wastewater treatment facilities; and all related appurtenances. To the extent sanitary sewer projects undertaken within the District provide direct benefit to land outside of the District, the Town will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the District, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Town construct, alter, rebuild or expand sanitary sewer infrastructure located outside of the District. That portion of the costs of sanitary sewer system projects undertaken outside the District which are necessitated by the implementation of the Project Plan are eligible Project Costs.

Water System Improvements

To allow development to occur, the Town may need to construct, alter, rebuild or expand water system infrastructure within the District. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding or expansion of: distribution mains; manholes and valves; hydrants; service laterals; pumping stations; wells; water treatment facilities; storage tanks and reservoirs; and all related appurtenances. To the extent water system projects undertaken within the District provide direct benefit to land outside of the District, the Town will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the District, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Town construct, alter, rebuild or expand water system infrastructure located outside of the District. That portion of the costs of water system projects undertaken outside the District which are

necessitated by the implementation of the Project Plan are eligible Project Costs.

Stormwater Management System Improvements

Development within the District will cause stormwater runoff. To manage this stormwater runoff, the Town may need to construct, alter, rebuild or expand stormwater management infrastructure within the District. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding or expansion of: stormwater collection mains; inlets, manholes and valves; service laterals; ditches; culvert pipes; box culverts; bridges; stabilization of stream and river banks; and infiltration, filtration and detention Best Management Practices (BMP's). To the extent stormwater management system projects undertaken within the District provide direct benefit to land outside of the District, the Town will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the District, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Town construct, alter, rebuild or expand stormwater management infrastructure located outside of the District. That portion of the costs of stormwater management system projects undertaken outside the District which are necessitated by the implementation of the Project Plan are eligible Project Costs.

Electric Service

To create sites suitable for development, the Town may incur costs to provide, relocate or upgrade electric services. Relocation may require abandonment and removal of existing poles or towers, installation of new poles or towers, or burying of overhead electric lines. Costs incurred by the Town to undertake this work are eligible Project Costs.

Gas Service

To create sites suitable for development, the Town may incur costs to provide, relocate or upgrade gas mains and services. Costs incurred by the Town to undertake this work are eligible Project Costs.

Communications Infrastructure

To create sites suitable for development, the Town may incur costs to provide, relocate or upgrade infrastructure required for voice and data communications, including, but not limited to: telephone lines, cable lines and fiber optic cable. Costs incurred by the Town to undertake this work are eligible Project Costs.

Streets and Streetscape

Street Improvements

To allow development to occur, the Town may need to construct or reconstruct streets, highways, alleys, access drives and parking areas. Eligible Project Costs include, but are not limited to: excavation; removal or placement of fill; construction of road base; asphalt or concrete paving or repaving; installation of curb and gutter; installation of sidewalks and bicycle lanes; installation of culverts, box culverts and bridges; rail crossings and signals; utility relocation, to include burying overhead utility lines; street lighting; installation of traffic control signage and traffic signals; pavement marking; right-of-way restoration; installation of retaining walls; and installation of fences, berms, and landscaping.

Streetscaping and Landscaping

To attract development consistent with the objectives of this Plan, the Town may install amenities to enhance development sites, rights-of-way and other public spaces. These amenities include, but are not limited to: landscaping; lighting of streets, sidewalks, parking areas and public areas; installation of planters, benches, clocks, tree rings, trash receptacles and similar items; and installation of brick or other decorative walks, terraces and street crossings. These and any other similar amenities installed by the Town are eligible Project Costs.

Community Development

Cash Grants (Development Incentives)

The Town may enter into agreements with property owners, lessees, or developers of land located within the District for sharing costs to encourage the desired kind of improvements and assure tax base is generated sufficient to recover Project Costs. No cash grants will be provided until the Town executes a developer agreement with the recipient of the cash grant. Any payments of cash grants made by the Town are eligible Project Costs.

Contribution to Community Development Authority (CDA)

As provided for in Wis. Stat. § 66.1105(2)(f)1.h and Wis. Stat. § 66.1333(13), the Town may provide funds to its CDA to be used for administration, planning operations, and capital costs, including but not limited to real property acquisition, related to the purposes for which it was established in furtherance of any redevelopment or urban renewal project. Funds provided to the CDA for this purpose are eligible Project Costs.

Miscellaneous

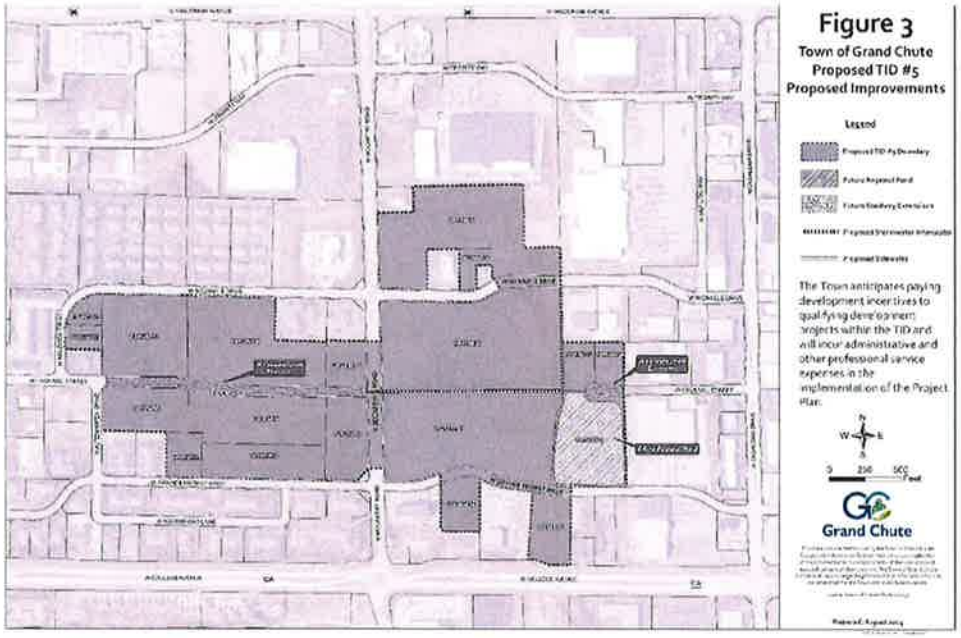
Projects Outside the Tax Increment District

Pursuant to Wis. Stat. § 66.1105(2)(f)1.n, the Town may undertake projects within territory located within one-half mile of the boundary of the District provided that: 1) the project area is located within the Town's corporate boundaries; and 2) the projects are approved by the Joint Review Board. The cost of projects completed outside the District pursuant to this section are eligible project costs, and may include any project cost that would otherwise be eligible if undertaken within the District. The Town has not identified project cost expenditures outside the District:

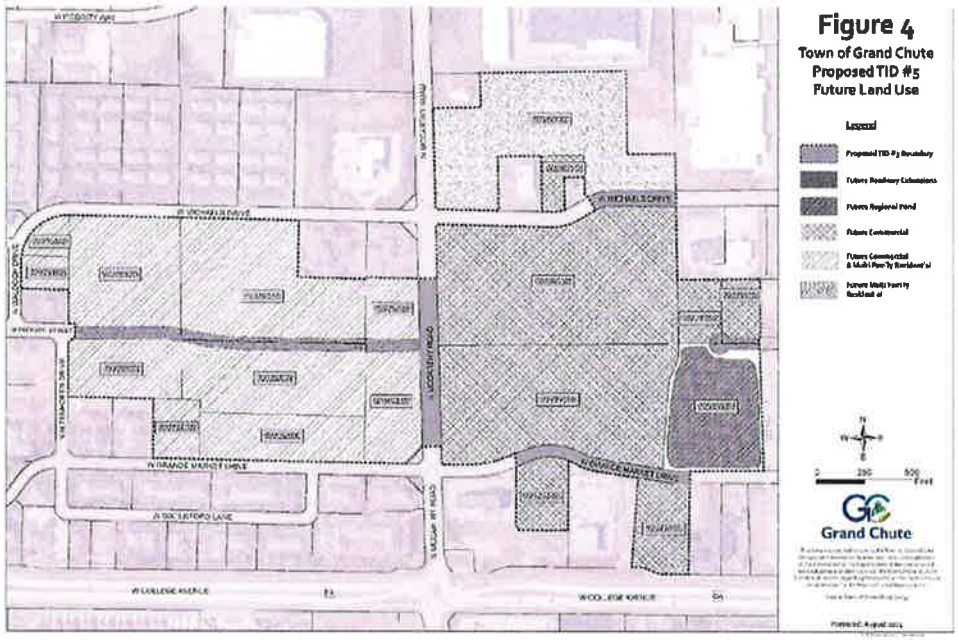
Professional Service and Organizational Costs

The costs of professional services rendered, and other costs incurred, in relation to the creation, administration and termination of the District, and the undertaking of the projects contained within this Plan, are eligible Project Costs. Professional services include but are not limited to: architectural; environmental; planning; engineering; legal; audit; financial; and the costs of informing the public with respect to the creation of the District and the implementation of the Plan.

Administrative Costs



The Town may charge to the District as eligible Project Costs reasonable allocations of administrative costs, including, but not limited to, employee salaries. Costs allocated will bear a direct connection to the time spent by Town employees relating to the implementation of the Plan.



Financing Costs

Interest expense, debt issuance expenses, redemption premiums, and any other fees and costs incurred in conjunction with obtaining financing for projects undertaken under this Plan are eligible Project Costs.

SECTION 8:
Detailed List of Estimated Project Costs

The following list identifies the Project Costs that the Town currently expects to incur in implementing the District's Plan. All projects identified and related costs reflect the best estimates available as of the date of preparation of this Plan. All costs are preliminary estimates and may increase or decrease. Certain Project Costs listed may become unnecessary, and other Project Costs not currently identified may need to be made. (Section 6 details the general categories of eligible Project Costs). Changes in Project Cost totals or the types of Project Costs to be incurred will not require that this Plan be amended. This Plan is not meant to be a budget nor an appropriation of funds for specific Project Costs, but a framework within which to manage Project Costs.

The public infrastructure costs will be incurred to match the pace of development within the District. The Town could finance public infrastructure directly, offer development incentives to reimburse infrastructure costs paid by a developer, or require public infrastructure to be paid entirely by a developer. The Town could also use a combination of these approaches. All costs listed in the plan are TID eligible but will require any cost incurred to satisfy the "but for" requirement. Project costs are TID eligible to the extent sufficient increment is available to support these projects.

While the Town can reallocate costs between projects as necessary, all expenditures will require separate approval by the Town Board. The Town expects to review planned TID expenditures and projected increment within the District prior to approving capital expenditures or developer incentives to determine if it is feasible for the District to support the proposed costs.

Detailed List of Estimated Project Costs

	Est. Cost (infrastrucure funded by Town or Developer Incentive)						
Project Name/Type	Initial Priority	As development Dictates	If Funding Allows	Ongoing	Totals	1/2 Mile	Non-Project Costs
Regional Storm Water Detention Pond	3,250,000				**3,250,000**		
Land Aquation for regonal storm water pond							1,110,285
Storm Sewer Interceptor Pipe	469,560				**469,560**		
West extension of W Packard[1]		1,479,075			**1,479,075**		
East Extension of W Packard[1]		455,455			**455,455**		
Sidewalks Throughout district			2,405,780		**2,405,780**		
Developer incentives			2,500,000		**2,500,000**		
Interest on Long Term Debt				2,640,200	**2,640,200**		
Financing Costs				242,025	**242,025**		
Ongoing Planning & Administrative Costs				220,000	**220,000**		
	3,719,560	1,934,530	4,905,780	3,102,225	**13,662,095**	0	1,110,285

Notes
1 Includes street, water, sanitary sewer, storm water pipe, and sidewalk improvements

SECTION 9:
Economic Feasibility Study, Description of the Methods of Financing Estimated Project Costs and the Time When Related Costs or Monetary Obligations are to be Incurred

This Section includes a forecast of the valuation increases expected within the District, the associated tax increment collections, a summary of how Project Costs would be financed, and a projected cash flow demonstrating that the District is economically feasible.

Key Assumptions

The Project Costs the Town plans to make are expected to create $45 million of incremental value within the District. Estimated valuations and timing for construction of projects throughout the entire District are included in Table 1. Assuming an equalized TID Interim tax rate of $14.31 per thousand of equalized value declining by -1.50% annually, and economic appreciation of 0.50%, the District would generate approximately $9,245,000 in incremental tax revenue over the 20-year term of the District as shown in Table 2.

Financing and Implementation

Based on the Project Cost expenditures included within the cash flow exhibit (Table 3), the District is projected to accumulate sufficient funds by the year 2043 to pay off all Project cost liabilities and obligations. The projected closure is based on the various assumptions noted in this Plan and will vary dependent on actual Project Costs incurred and the actual amount of tax increments collected.

Notes

PROJECTED CLOSURE YEAR

LEGEND

ENDED EXP PERIOD

SECTION 10:
Estimate of Property to Be Devoted to Retail Business

Pursuant to Wis. Stat. § 66.1105(5)(b), the Town estimates that 58% of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period.

SECTION 11:
Proposed Changes of Zoning Ordinances, Master Plan, Map, Building Codes and Town Ordinances

Zoning Ordinances

The proposed Plan is in general conformance with the Town's current zoning ordinances. Individual properties may require rezoning at the time of development.

Master (Comprehensive) Plan and Map

The proposed Plan is in general conformance with the Town's Comprehensive Plan identifying the area as appropriate for mixed use development.

Building Codes and Ordinances

Development within the District will be required to conform to State Building Codes and will be subject to the Town's permitting and inspection procedures. The proposed Plan conforms to all relevant State and local ordinances, plans, and codes. No changes to the existing regulations are proposed or needed.

SECTION 12:
Statement of the Proposed Method for the Relocation of any Persons to be Displaced

Should implementation of this Plan require relocation of individuals or business operations, relocations will be handled in compliance with Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

SECTION 13:
How Creation of the Tax Incremental District Promotes the Orderly Development of the Town

Creation of the District and the implementation of the projects in its Plan will promote the orderly development of the Town by creating opportunities for mixed use development. Through use of tax increment financing, the Town can attract new investment that results in increased tax base. Development will occur in an orderly fashion in accordance with approved plans so that the Projects will be compatible with adjacent land uses.

SECTION 14:
List of Estimated Non-Project Costs

Non-project costs are public works projects which only partly benefit the District. Costs incurred that do not benefit the District may not be paid with tax increments. Examples of non-project costs are:

- A public improvement made within the District that also benefits property outside the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.
- A public improvement made outside the District that only partially benefits property within the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.
- Projects undertaken within the District as part of the implementation of this Project Plan, the costs of which are paid fully or in part by impact fees, grants, special assessments, or revenues other than tax increments.

The Plan includes the following non project costs:

- Land acquisition costs totaling $1,110,285 for the storm water detention pond will be paid from revenues of Sanitary District #3.

SECTION 15:
Legal Opinion Advising Whether the Plan is Complete and Complies with Wis. Stat. § 66.1105(4)(f)

Legal Opinion Found on Following Page.

SAMPLE

Town Chairman
Town of Grand Chute
1900 Grand Chute Blvd
Appleton, Wisconsin 54913-9613

RE: **Project Plan for Tax Incremental District No. 5A**

Dear Town Chairman:

Wisconsin Statute 66.1105(4)(f) requires that a project plan for a tax incremental financing district include an opinion provided by the Town Attorney advising as to whether the plan is complete and complies with Wisconsin Statute 66.1105.

As Town Attorney for the Town of Grand Chute, I have been asked to review the above-referenced project plan for compliance with the applicable statutory requirements. Based upon my review, in my opinion, the Project Plan for the Town of Grand Chute Tax Incremental District No. 5A is complete and complies with the provisions of Wisconsin Statute 66.1105.

Sincerely,

Town Attorney

SECTION 16:
Calculation of the Share of Projected Tax Increments Estimated to be Paid by the Owners of Property in the Overlying Taxing Jurisdictions

The following projection is provided to meet the requirements of Wis. Stat. § 66.1105(4)(i)4.

Estimated portion of taxes that owners of taxable property in each taxing jurisdiction overlaying district would pay by jurisdiction.

Revenue Year	Outagamie County	Grand Chute Sanitary District #1	Town of Grand Chute	Appleton School District	Fox Valley Technical College	Total	Revenue Year

September 24, 2024 County Board Meeting

OpenMeeting

Resolution No. 54—2024-25 – Finance Committee. Approve to go on record in opposition of the attached document dated September 11, 2024, the Town of Freedom Territory Amendment #1 to Tax Incremental District (TID) No. 3, and recommend that the County Representative on the Town of Freedom TID Board of Review vote in opposition of this plan.

Supervisor Lautenschlager moved, seconded by Supervisor Croatt, for adoption.

ROLL CALL: 29 yes, 2 no (Lawrence, Heiser), 1 abstain (Thompson), 4 absent. RESOLUTION NO. 54—2024-25 IS ADOPTED.

RESOLUTION NO.: 54—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Freedom (the Town) has submitted a Territory Amendment #1 to Tax Incremental District No. 3 (TID No. 3).

The Town created TID No. 3 on September 27, 2023. The TID is considered and will remain a "Mixed-Use District." The proposed amendment will add 144 parcels in order to facilitate redevelopment for commercial and residential uses that, other than for the TID, may not happen in the district. The Town has been approached by a developer to construct approximately 94 lots within the Town, but not currently within the tax increment district. Additinally, the town has also been approached by a second developer interested in developing a residential development not within the district but near the current boundary.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does go on record in opposition to the Town of Freedom Territory Amendment #1 to Tax Incremental District No. 3 as detailed in the attached Territory Amendment #1 Tax Incremental District No. 3 in the Town of Freedom, Wisconsin document dated September 11, 2024, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie Board of Supervisors recommend that the representative of Outagamie County on the Town of Freedom TID Board of Review vote in opposition to the Town of Freedom Territory Amendment #1 to TID No. 3, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Town of Freedom, the Outagamie County Finance Director, the Outagamie County Executive, and the Outagamie County Development and Land Services Director.

Dated this 24th day of September 2024

Respectfully Submitted,
FINANCE COMMITTEE

Town of Freedom
TID #3 Territory Amendment #1

Introduction and Description of Territory Amendment

Tax Incremental District No. 3 (the "TID #3" or the "District") was created by the Town under the authority provided by Wisconsin Statute Section 66.1105 on September 27, 2023. The TID prior to and including this amendment is considered a "Mixed-Use District" based on the findings that no less than 50 percent, by area, of the TID is suitable for a combination of commercial and residential uses. The amended TID boundary will keep the TID as a Mixed-Use District.

Wisconsin Statutes Section 66.1105(4)(h)2 allows a municipality to modify the TID boundaries no more than four times during the life of the TID. This amendment is the first territory amendment in TID #3.

This first amendment adds 144 parcels. These parcels are planned to be added in the efforts to facilitate redevelopment for commercial and residential uses that but for TIF, would not happen in the district. The town has been approached by a developer looking to construct approximately 94 lots within the town but not currently within the tax increment district. The town has also been approached by another developer interested in developing another residential development not within the district but near the current boundary. In accordance with Wisconsin Statute Section 66.1105(4)(h), a contiguous connection via parcels of land must be made to the existing TID #3 boundary.

As proposed, the TID #3 territory amendment would keep the Town under the 12% TID value threshold using 2024 valuation numbers. Utilizing original public land adjacent to the additional parcels keep the additional valuations down as those parcels have no value for property tax purposes.

This first territory and project plan amendment only addresses the elements or subject areas (required by Statute) that are affected by the territory and project plan amendment. All other subject areas remain unchanged and can be referenced in the original TID#3 project plan. This first amendment does not remove any projects contemplated in the original TID #3 project plan.

The Town confirms with the amendment 34.78% of the district is land proposed for newly platted residential development adhering to the statue compliance requirement of being less than 35%. Residential Housing density is at least three units per acre.

Town of Freedom
TID #3 Territory Amendment #1

Town of Freedom TID No 3. Newly Platted Residential Subdivision % Estimation			
Map Label	Potential Parcels/Area	Acres	Notes
1	90061400	19.47	Estimated at 50% of Parcel

156	900038600	19.38	Estimated at 50% of Parcel
172	90016401	30.59	
	Total Potential Acreage	226.63	
	Total Acreage of Proposed TID 3	651.67	
	% newly Platted Residential	34.78%	

The maps on page 6 shows the district before this amendment and the map on page 7 shows upon the addition of territory TID # 3 will continue to be contiguous. The new territory boundary demonstrates that the entire District area remains contiguous. Page 8 of this project plan shows the new proposed half mile radius of the amendment boundary. Page 9 of this project plan contains the list of specific parcels to be added with this first amendment.

The Town anticipates additional public improvement project cost expenditures related towards the amendment of approximately $17,436,809 during the TID's remaining 19-year expenditure period. Proposed public project improvements may include, but not limited to infrastructure, professional and organizational services, administrative costs, and finance costs. As part of the project plan, Developer incentives may be provided by the Town to developers of property within the TID in the form of cash grants.

As a result of the amendment of this TID, the Town projects a preliminary and conservative cash flow analysis indicating $19,838,789 in increments. The TID increment will primarily be used to pay the debt service costs of the TID, and project development incentives.

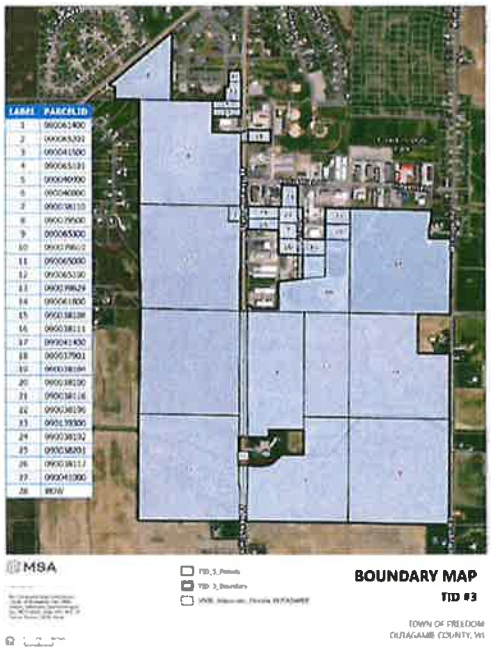

Exhibit A demonstrates revenues for TID #3 are generally trending toward meeting our expenditure commitments (bonds) for projects within the TID boundaries. Although the final year of revenues for TID #3 remains several years off (2044), any additional property tax increment that can be captured by the TID would help to meet the expenditure commitments ahead of time and potentially help with additional redevelopment efforts within the TID. TID #3 has a maximum statutory life of 20 years, closing no later than December 15, 2044, with final tax collection in 2044. The final year to incur TIF related expenditures is 2037. Based on current cash flow projection, TID #3 is expected to close by the end of its maximum statutory life.

The legal description in Exhibit C describes the full TID #3 territory updated for the amended area.

Town of Freedom
TID #3 Territory Amendment #1

Equalized Valuation Test

The following calculations demonstrate that the Town is in compliance with Wisconsin State Statute Section 66.1105(4)(gm)4.c. Wis. Stats., which requires that the equalized value of the taxable property in the proposed TID, plus the value increment of any existing Tax Incremental Districts, does not exceed 12% of the total equalized value of taxable property within the Town. With the amendment to TID #3, the value increment of all existing Tax Increment Districts will be approximately 5.55%.

Valuation Test Compliance Calculation

2024 Equalized Valuation (TID IN)	$902,852,200
Limit for 12% Test	$108,342,264
Increment Value of Existing TIDs	$47,574,400
Projected Base Value of TID Amendment	$2,571,000
Total Value Subject to Test	$50,145,400
Compliance ($50,145,400< $108,342,264)	Meets Requirement

Statement of Kind, Number and Location of Proposed Projects

The Town expects to implement the proposed public project improvements indicating within the originally project plan and the following additional costs to those sections indicated below. Any costs including eligible administrative costs necessary or convenient to the district or directly or indirectly related to the public works and other projects are considered "project costs" and eligible to be paid with tax increment revenues of the TID.

1. BUSINESS FAÇADE/ALLEYWAY GRANTS
LOCATION: ENTIRE TID and ½ mile boundary
TOTAL: $2,400,000
DESCRIPTION: The façade/alleyway grant program provides funding to enhance and revitalize the aesthetics of Freedom's commercial districts within the boundary and the half mile radius. It aims to address deteriorating property conditions and encourage enhancements by providing a financial incentive for business to invest in their property.

Town of Freedom
TID #3 Territory Amendment #1

2. UTILITIES

LOCATION: ENTIRE TID and ½ mile boundary
TOTAL: $2,550,000

DESCRIPTION: **SANITARY SEWER SYSTEM IMPROVEMENTS.** To allow development to occur, the Town will need to construct, alter, rebuild, or expand sanitary sewer infrastructure within the district. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding, or expansion of collection mains; manholes and cleanouts; service laterals; force mains; interceptor sewers; and all related appurtenances. To the extent sanitary sewer projects undertaken within the district provide direct benefit to land outside of the district, the Town will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the district, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Town construct, alter, rebuild, or expand sanitary sewer infrastructure located outside of the district. That portion of the costs of sanitary sewer system projects undertaken outside the district which are necessitated by the implementation of the Project Plan are eligible Project Costs.

WATER SYSTEM IMPROVEMENTS. To allow development to occur, the Town will need to construct, alter, rebuild, or expand water system infrastructure within the district. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding, or expansion of distribution mains; manholes and valves; hydrants; service laterals; and all related appurtenances. To the extent water system projects undertaken within the district provide direct benefit to land outside of the district, the Town will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the district, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Town construct, alter, rebuild, or expand water system infrastructure located outside of the district. That portion of the costs of water system projects undertaken outside the district which are necessitated by the implementation of the Project Plan are eligible Project Costs.

STORMWATER MANAGEMENT SYSTEM IMPROVEMENTS. Development within the District will cause stormwater runoff and pollution. To manage this stormwater runoff, the Town will need to construct, alter, rebuild, or expand stormwater management infrastructure within the district. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding, or expansion of stormwater collection mains; inlets, manholes and valves; service laterals; ditches; and infiltration, filtration, and detention Best Management Practices (BMP's). To the extent stormwater management system projects undertaken within the district provide direct benefit to land outside of the district, the Town will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the district, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Town construct, alter, rebuild, or expand

stormwater management infrastructure located outside of the district. That portion of the costs of stormwater management system projects undertaken outside the district which are necessitated by the implementation of the Project Plan are eligible Project Costs.

3. STREETS AND STREETSCAPE

LOCATION: ENTIRE TID and ½ mile boundary.

TOTAL: $2,550,000

DESCRIPTION: **STREET IMPROVEMENTS.** There are inadequate street improvements serving portions of the district. To allow development to occur, the Town may need to construct and reconstruct streets. Eligible Project Costs include but are not limited to excavation; removal or placement of fill; construction of road base; asphalt or concrete paving or repaving; installation of curb and gutter; installation of sidewalks and bicycle lanes; installation of culverts; utility relocation; street lighting; installation of traffic control signage and traffic signals; pavement marking; right-of-way restoration; installation of retaining walls; and installation of fences, berms, and landscaping.

STREETSCAPING AND LANDSCAPING. To attract development and redevelopment consistent with the objectives of this Plan, the Town may install amenities to enhance development sites, rights-of-way, and other public spaces. These amenities include but are not limited to landscaping; lighting of streets, sidewalks, parking areas and public areas; installation of planters, benches, clocks, tree rings, trash receptacles and similar items; and installation of brick or other decorative walks, terraces, and street crossings. These and any other similar amenities installed by the Town are eligible Project Costs.

4. CASH GRANTS (DEVELOPMENT INCENTIVES).

LOCATION: ENTIRE TID and ½ mile boundary

TOTAL: $6,936,809

DESCRIPTION: The Town may enter into agreements with property owners, lessees, or developers of land located within the district for the purpose of sharing costs to encourage the desired kind of improvements and assure tax base is generated sufficient to recover project costs. No cash grants will be provided until the Town executes a developer agreement with the recipient of the cash grant. Any payments of cash grants made by the Town are eligible Project Costs.

Town of Freedom
TID #3 Territory Amendment #1

5. PARK/RECREATIONAL IMPROVEMENTS
LOCATION: Entire TID and ½ mile boundary
TOTAL: $3,000,000

DESCRIPTION: These funds are allocated to improve the recreational facilities nearby at VFW Memorial Park and parks within the half mile radius (Rickert Park), which serves as the neighborhood park for residents within the district.

Detailed List of Project Amendment Costs

1. BUSINESS/FAÇADE/ALLEYWAY GRANTS	$2,400,000
2. UTILITIES	$2,550,000
3. STREET AND STREETSCAPE	$2,550,000
4. CASH GRANTS (DEVELOPMENT INCENTIVES).	$6,936,809
5. PARK/RECREATIONAL IMPROVEMENTS	$3,000,000
Total	**$17,436,809**

The project cost is based on current prices and preliminary estimates. The Town reserves the right to increase this cost to reflect inflationary increases and other uncontrollable circumstances between the creation of the TID and the time of construction. The tax increment allocation is preliminary and is subject to adjustment based upon the implementation of the Plan.
This Plan is not meant to be a budget nor an appropriation of funds for specific projects, but a framework within which to manage projects. All costs included in the Plan are estimates based on the best information available. The Town retains the right to delete or pursue future projects listed in the prior paragraph, and shown on the map, or change the scope and/or timing of projects implemented as they are individually authorized by the Common Council, without amending the Plan.

The Plan authorizes the expenditure of funds for project costs within a 1/2-mile radius of the TID boundary.

Town Attorney Opinion

Exhibit B contains a signed opinion from the Town attorney advising whether the boundary amendment is complete and complies with Wisconsin Statute Section 66.1105(4)(h)(2).

Outagamie County — 9-24-24 County Board Meeting - September 24 2024 07:47:26 PM
September 24, 2024 County Board Meeting
OpenMeeting

ORDINANCE NO.: B—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Finance Committee is requesting to amend the County Code of Ordinances as pertains to Chapter 22, Finance and Taxation, as listed below.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does amend Chapter 22, Finance and Taxation, of the Outagamie County Code of Ordinances to read as follows (additions are in red and underlined; deletions are in red and struck through):

Sec. 22-30. Competitive bids, proposals or quotations.

All purchases and/or contracts for all procurement excluding professional services and public works shall be based on competitive bids or proposals wherever practicable.

(1) Purchases up to ~~$10,000.00~~ $50,000.00 may be purchased from a vendor of choice. The purchasing agent may delegate purchasing authority to the departments as determined appropriate, but the purchasing agent shall coordinate the purchase of like items where such purchase is beneficial and practical to the county.

~~(2) Purchases $10,000.00 to $25,000.00 require three documented proposals/quotes direct from the vendor and/or vendor website. This documentation shall be retained by the department. The purchasing agent may delegate purchasing authority to the departments as determined appropriate, but the purchasing agent shall coordinate the purchase of like items where such purchase is beneficial and practical to the county.~~

(~~3~~ 2) Purchases of more than ~~$25,000.00~~ $50,000.00 must be formally solicited through a request for bid or proposal, unless determined by the purchasing agent, due to time constraints, quotes would be sufficient. The purchasing agent shall coordinate the purchase of like items where such purchase is beneficial and practical to the county.

(~~4~~ 3) Sole source. Purchases of goods and materials may be made without competition when the purchasing agent and corporation counsel determines there is a valid reason to purchase from one source or that only one source is available. The reason for invoking this provision shall be documented in writing, retained by the purchasing agent and reported to the County Board.

(~~5~~ 4) Purchases with non-county funding sources. Any purchases made using federal, state and/or other funding sources may be more stringent and vice versa. Departments and/or purchasing agent shall comply with the most stringent regulations or procedures.

(Code 1992, § 3.06(1); Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22, 9-28-2021)

Sec. 22-66. When required.

When it is estimated that a contract for professional services has a probable cost of ~~$25,000.00~~ $50,000.00 and over, except as noted in section 22-70, the service will be solicited on a Request for Proposal or Qualification. The use of a request for proposal (RFP) or request for qualifications (RFQ) is discretionary for any professional services contract with a probable cost of less than ~~$25,000.00~~ $50,000.00.

(Code 1992, § 3.20(2)(b); Ord. No. D-1991-1992, 6-25-1991; Ord. No. F-1995-1996, 6-13-1995; Ord. No. D-2021-22, 9-28-2021)

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin State Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Corporation Counsel, the Outagamie County Finance Director, the Outagamie County Procurement Coordinator, and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 24th day of September 2024

Respectfully Submitted,

FINANCE COMMITTEE

I, Kelly Gerrits, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the September 24, 2024 County Board Minutes approved by a majority vote at a meeting of the County Board on October 8, 2024 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 9th Day of October, 2024.

/s/ Kelly Gerrits
County Clerk

Please call the Outagamie County Clerk's Office (832-5077) if you would like further elaboration of these minutes.

RUN: October 18, 2024

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, October 8, 2024.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 29 present, 7 absent. Members present: Thompson, Johnson, Patience, Gabrielson, Kostelny, Hammen, Lawrence, Krueger, Lamers, Ferguson, McCabe, Hermes, MacDonald, Spears, Heiser, Mitchell, Cuff, Hagen, Thiede, Janke, Weinberg, Culbertson, Nejedlo, Clegg, Thyssen, VanderHeiden, Rettler, Koury, and Lautenschlager. Members absent: Supervisors Smith, Wegand, Schroeder, Croatt, Klemp, Monfils, and Winterfeldt.

The Board Chairperson requested the Board's confirmation to excuse Supervisors Smith, Wegand, Croatt, Klemp, and Monfils. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

MINUTES OF THE SEPTEMBER 24, 2024 COUNTY BOARD MEETING

Supervisor Krueger moved, seconded by Supervisor Patience, to approve the minutes of the September 24, 2024, County Board meeting.

ROLL CALL: 27 yes, 2 abstain (MacDonald, Koury), 7 absent. MINUTES OF THE SEPTEMBER 24, 2024, COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS –

2025 Proposed Budget Remarks – County Executive Thomas Nelson

County Executive Thomas Nelson provided an update on the 2025 Budget. Specific highlights included:

- The total tax levy is $69,193,320, which increased from last year (+2.38%), and the tax rate is $2.815 which is a decrease from last year (-3.15%).
- Net new construction is 1.799% (down from last year).
- This translates to $1,606,265 in “new money” compared to last year’s tax levy.
- Wages and salaries:
  - Budgeting for 1% cost-of-living increase (COLA).
  - 3% step increases for employees and a “double bump” for employees who have longevity in their positions with Outagamie County.
  - Health insurance is increasing by 7.5% (with the employee share remaining left unchanged).
  - There are 34 new position requests (which will be paid through $708,000 of the tax levy), with the exception of the funded District Attorney positions, which will be funded in 2025 with ARPA funding.
- Capital Budget includes prior year appropriations of $23,558,981 and 2025 proposed expenditures of $13,282,727, for grand total capital appropriations of $36,841,708 for the County.
- New electronic (online) budget book format through OpenGov software to review proposed budget; departments input data into the OpenGov software.

Finance Director Michelle Uitenbroek and County Executive Thomas Nelson provided a quick navigation overview to the OpenGov interface, which is available to view on Outagamie County's website; additional items included navigating the table of contents, reviewing department proposed budget breakdowns and capital requests, and the general functionality of the website.

Supervisor questions and comments followed.

2025 County Board Budget Process – Finance Committee Chairperson Chris Croatt / Board Chairperson Dan Gabrielson

County Board Chairman Gabrielson provided a general overview of the 2025 budget review process. Specifics of the presentation included:

- A reminder to the County Board about the division of responsibility – the County Board of Supervisors serves the legislative role (makes policy decisions and supervises administration though committee work), whereas the executive role is carried through the County Executive and staff, who administer the policies decided by the Board.
- Chairperson Gabrielson explained the process of the budget is created and distributed by the County Executive, whereupon the budget is then turned over to committees of jurisdiction and the Finance Committee for further review and recommendation to the full County Board prior to Budget Adoption. He continued by expressing the importance of being organized, prepared, and be willing to ask questions (urged Supervisors to attend committee meetings to hear the departmental presentations and provide feedback as a way to get involved, and make informed decisions). Committees will vote to either support budgets of jurisdiction or recommend changes.
- Chairperson Gabrielson reiterated that the new budget software provides additional functionality, including providing narratives for each department (accomplishments, achievements, goals, department changes, and comparable budget data).
    - Chairperson Gabrielson provided the Budget Meeting Timeline for the Finance Committee Budget Review Meetings which will take place every Tuesday and Thursday for the next four weeks at 11:00 a.m., with the exception of Thursday, October 17th, 2024, which has an adjusted time of 9:00 a.m.
    - The Budget Public Hearing will take place Tuesday, October 22nd, 2024, at 7:00 p.m. before the County Board meeting.
    - The Annual County Board Budget Adoption Meeting will be held Monday, November 4th, 2024, in the County Board room at 5:30 p.m. The process has been built for transparency, full participation of committees and the public, and to avoid marathon budget meetings.
    - During the County Board Budget Adoption Meeting:
        - The Executive proposes the annual budget; the County Board approves the unchanged or modified budget.
        - A majority vote is required for budget and table of organization changes.
        - Please contact the Finance Chair or Committee Chairs with any questions.
        - Chairperson Gabrielson mentioned the importance of being prepared for the Adoption Meeting.

Supervisor questions and comments followed.

ESTABLISH ORDER OF THE DAY– Chairperson Gabrielson reported the request to have Resolution No. 55—2024-25 locked in at the meeting.

COMMUNICATIONS –
Chairperson Gabrielson summarized the following communications:

- Supervisors received an e-mail from Sara Hickey on October 8th, 2024 in the afternoon regarding the 2025 County Executive Proposed Budget, along with the Finance Committee Budget Review Calendar. Supervisors are encouraged to attend as many meetings as possible.
- Outagamie County United Way campaign is well underway. To contribute or learn more, please review the e-mail sent out by Executive Operations/Public Relations Specialist Anne Van on October 2nd, 2024. Pledges need to be submitted by October 18th, 2024.
- County Supervisor online security training update – one (1) Supervisor still needs to complete the July training and eleven (11) Supervisors still need to complete the October training.
- Chairperson Gabrielson thanked Supervisor Hagen and Supervisor Monfils who accompanied him in the Transit Tour for "A NEW Avenue Corridor Vision Project". The project focuses on providing growth and better transit access from on the Westside of College Avenue from Downtown Appleton to the Appleton Airport. The group had the opportunity to ride the bus and see the public transit challenges for that area. The mission hopes to attain some future grant funding to help improve that portion of College Avenue.
- Chairperson Gabrielson stated that there are no County Board Supervisor birthdays for October.

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

APPOINTMENTS –

County Executive Nelson nomination for appointment of Marian Moberg to the Health and Human Services Board; term expires December 31, 2026.

Supervisor Koury moved, seconded by Supervisor McCabe for confirmation of the above-listed appointment.

ROLL CALL: 29 yes, 7 absent. MARIAN MOBERG IS APPOINTED TO THE HEALTH AND HUMAN SERVICES BOARD.

REPORT BY THE COUNTY EXECUTIVE – County Executive Thomas Nelson provided an Administrative update.

UNFINISHED BUSINESS – None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Resolution No. 55—2024-25 – Legislative/Audit and Human Resources Committee. Approve an in-year Table of Organization request for the Veterans Service Office, effective August 25, 2024, to delete one full-time Deputy Veterans Service Officer position and add one full-time Senior Benefits Specialist position (as noted on the resolution and attachments); and increase the line items of Veterans Service

Salaries by $2,551 and the Veterans Service Fringe Benefits by $433 and decrease the line item of Reserve for Contingency by $2,984, as noted on the fiscal note.

Supervisor Kostelny moved, seconded by Supervisor Spears, for adoption.

ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. 55—2024-25 IS ADOPTED.

RECONSIDERATION OF RESOLUTION NO. 55—2024-25.
Supervisor Krueger moved, seconded by Supervisor Nejedlo, to reconsider the above listed resolution.

Vote for reconsideration. ROLL CALL: 27 yes, 2 no (Ferguson, Thiede), 7 absent. RESOLUTION NO. 55—2024-25 IS RECONSIDERED.

Vote for lock in. ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. 55 —2024-25 IS ADOPTED & LOCKED IN.

REPORTS – None.

ADJOURNMENT
Supervisor Patience moved, seconded by Supervisor MacDonald to adjourn until October 22nd, 2024 at 7:00 p.m. VOICE VOTE CARRIED UNANIMOUSLY.

The meeting adjourned at 7:31 p.m.

FINAL COPIES OF ORDINANCES/RESOLUTIONS AND ROLL CALLS PERTINENT TO NEW BUSINESS FOLLOW:

LOCK IN OF RESOLUTION NO. 55—2024-25.

Outagamie County — 10-8-24 County Board Meeting - October 8 2024 07:29:35 PM

October 8, 2024 County Board Meeting

OpenMeeting

RESOLUTION NO.: 55—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Veterans Service Office is requesting to approve the following amendments to their Table of Organization:

- Delete one (1) full-time Deputy Veterans Service Officer position
- Add one (1) full-time Senior Benefits Specialist position

The Veterans Service Office has elected to eliminate the position of Deputy Director and add a Senior Benefit Specialist position, as the need in the office is for a more public facing position. The position will be filled by an existing employee and as such will increase the Salaries line item by $2,551 and increase the Fringe Benefits line item by $433 for a total of $2,984. The department is requesting the additional funding from the Contingency Fund.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve an in-year Table of Organization request for the Veterans Service Office effective August 25, 2024, to delete one (1) full-time Deputy Veterans Service Officer position and add one (1) full-time Senior Benefits Specialist position as noted on the attached Position Deletion Form – 2024 Budget, Position Addition Form – 2024 Budget, Job Description, and Table of Organization, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve of increasing the Veterans Service Salaries line item by $2,551; increasing the Veterans Service Fringe Benefits line item by $433; and decreasing the Reserve for Contingency line item by $2,984 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and the Veterans Service Officer.

Dated this 8th day of October 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Sara MacDonald

Ryan Ferguson

John Kostelny

Deputy Veterans Service Officer

Class Title
Deputy Veterans Service Officer
Class Code
1700-2
Salary
$60,465.60 - $78,873.60 Annually

- DEFINITION
- BENEFITS

Position Purpose

As an accredited veteran's representative, this position aids in the administration of the veteran's services and provides assistance to veterans, their dependents and/or their survivors. The Deputy CVSO provides information to residents who are county veterans regarding benefits to which they may be entitled or help resolve any complaint or problem arising in or out of such service.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Manages caseload distribution across Veterans Service team and assists Benefit Specialists with cases more complicated in nature.
- Interviews and advises veterans and/or dependents on eligibility for disability compensation, income based pension benefits, education benefits, death/burial benefits, and all other state and federal veterans' benefits. Prepares and submits applications for appropriate benefits.
- Supervises Veterans Office staff, coordinates office activities, allocation of personnel and workloads to ensure work is performed with accuracy and in a timely manner. The Deputy Veterans Service Officer is also responsible to evaluate the performance of direct reports.
- Assists the Veterans Service Officer with preparation of the annual operating budget and annual grant reporting to the WI Department of Veterans Affairs.
- Prepares department payroll documentation.
- Corresponds with various county, state, and federal offices, attorneys, cemeteries, funeral homes, medical personnel and the general public to obtain and provide necessary veteran information.
- Maintains accreditation with various Veterans Service Organizations and access to federal Veterans Benefits Management System (VBMS).
- Attends meetings or events outside of the office as directed by the Veterans Service Officer.

Education/Certifications/Experience Requirements

- High school graduate with at least five years of office experience working with MS Word, Excel, and Outlook.
- Minimum of three years' experience working with veterans programs such as; compensation, pension, education, and VA Health Care in a County Veterans Service Office or similar Veterans benefits processing position.
- Experience using Vetraspec software or similar Veteran case management software.
- Must have PIV card or ability to obtain PIV card within 12 months of hire.

Required or Preferred Skills

- Veteran status strongly preferred.
- Knowledge of pertinent laws, statutes, codes, regulations and terminology concerning veterans' benefits.
- Must have accreditation through as least one of many qualifying veterans' organizations (NACVSO, WDVA, VFW, DAV, and American Legion, etc.) to represent veterans' claims and appeals with the US Department of Veterans Affairs. Thereafter, must participate in continuing education to maintain accreditation.
- Ability to use current software programs to complete appropriate applications for clients.
- Ability to maintain confidentiality and manage time effectively.
- Experience in budget preparation and supply maintenance.
- Ability to deal effectively with various members of the public and coworkers. Assist coworkers with questions concerning computer programs, office procedures.
- Ability to work independently, make sound decisions, and use good judgment.
- Ability to lift, carry, push, pull, or otherwise move objects up to 50 pounds, understanding and utilizing proper body mechanics.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

Justification for Sr. Benefits Specialist position

1. Based on the County Veterans Service Officer Position Description dated December 1, 2023, the main roles and responsibilities can really be summed up in the main duties of Strategic Leadership & Management; Veteran Outreach & Education; Case Management & Counseling; and Veterans Issue Advocacy. This position truly enables a team of Benefits Specialists (including Senior Benefits Specialists) to provide the face-to-face services our Veterans request. Although a CVSO can assist Veterans on a daily basis through appointments (required by State Statute 45-80), in Outagamie County, this becomes more of a secondary role to supporting and enabling the team. Each county will differ a little, especially smaller counties where there may only be one or two staff based on the Veteran population. I still enjoy meeting with Veterans, but have limited my appointments to two a day so I can also focus on the strategic side, especially with the PACT Act opening the door for approximately 5,000,000 more Veterans!
2. Looking at the Deputy Veterans Service Officer Position Description dated January 4, 2023, there is a greater shift to supporting Veterans; however, there are few specifics to include preparing payroll documentation, supervising all staff (except for CVSO), as well as assisting the CVSO prepare the budget and annual grant(s). There is limited leadership and I personally found it odd the Deputy would supervise the staff and perform the annual performance reports; with a staff of this few, I strongly feel the CVSO should execute those duties.
3. As important as the CVSO role is for strategic leadership & management, where the "rubber meets the road" falls within the scope of our amazing Benefits Specialists and Senior Benefits Specialists – they're truly the superstars in my opinion! They're the ones "in the trenches" with the Veterans, doing the deep dives into those clients' lives, ascertaining what benefits are available. It's truly a humbling moment when a Veteran applies for benefits, and when approved (up to a year later), returns to our office with great joy and exuberance; many times their lives are forever changed due to an unexpected additional tax-free income stream. Plus, more often then not, doors open for their families as well including education benefits and future benefits for a spouse (if they meet additional criteria).
4. The Senior Benefits Specialists are also the trainers. They work with the team to share their expertise and will often take on the more difficult cases like Pension & DIC Claims, taking hours of investment. Having two Senior Benefits Specialists allow for more one-on-one training with our Benefits Specialists to make them subject matter experts quickly and efficiently.
5. In my humble opinion, as long as the CVSO dedicates the majority of his/her time following outlined duties in the Position Description, enabling the team through training opportunities, tools, resources, and a healthy work-rest balance, the Veterans Service Office will run smoothly and efficiently. Transferring the 2-3 leadership and management tasks outlined in the Deputy's Position Description to the CVSO should not add a significant workload and in fact, should better define the office structure and allow things to flow more smoothly overall. If at some point the staff loses confidence in the CVSO, they can then go directly to Human Resources for direction; there's not an individual put in an awkward position as the Deputy who is between the staff and HR.
6. As the CVSO, I also want to ensure our team has opportunities to grow through leadership moments, community outreach, and perhaps even delve into supporting me in areas such as the budget, for instance. The more they know, the better they can support the Veterans and each other. In my absence, I have full confidence a Senior Benefits Specialist can step up and fill in for a short period of time in the event of my absence (e.g. vacation, training, etc.). As I work with

my team to develop a comprehensive training program based on my experience in the Air Force with training plans, the goal is essentially to allow anyone to grab a binder (physical or virtual), read step-by-step instructions, and with the support of the subject matter experts around the County, complete simple tasks (e.g. time sheets, P-Card reconciliations, payment vouchers, etc.). Nothing we do is very difficult with the right outline.

7. IF provided the opportunity to convert our part time position to a fulltime position, I would welcome either a Benefits Specialist or Senior Benefits Specialist. However, many counties are moving towards hiring Assistant CVSOs with the same requirements of military service as the CVSOs (WI State Statute 45.80). This position could be the step between a Senior Benefits Specialist and the CVSO, predominantly focusing on Veterans' needs (e.g. Senior Benefits Specialist roles) while still with a limited working knowledge of the CVSO duties and responsibilities in the event of a CVSO's absence. The only drawback is this limits the opportunity to only military Veterans whereas that requirement does NOT exist for Benefits Specialists. It could stifle upward movement in our specific office, at least temporarily. Again, with the proper training and continuity binders, any Senior Benefits Specialist should be able to fill in short term with limited challenges.

Senior Veterans Benefits Specialist

Class Title
Senior Veterans Benefits Specialist
Class Code
1700-3
Salary
$25.40 - $33.14 Hourly

- DEFINITION
- BENEFITS

Position Purpose

This position initiates and presents claims for compensation, pension, entitlements and other benefits to the United States Department of Veterans Affairs and other agencies on behalf of veterans, their eligible dependents, and their survivors. Helping veterans and their dependents receive the benefits to which they are entitled.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Conducts interviews with veterans and/or dependents to determine and complete the appropriate benefit forms and applications.
- Determines eligibility for veterans and family members of various programs such as education, grants, medical claims, disability claims, waiver requests, and nursing home applications.
- Corresponds with various county, state, and federal offices, the general public, and professionals to obtain and provide necessary information.
- Prepares, maintains, and updates program and department records, reports, confidential records and files.
- Trains new employees.
- Investigates and obtains Military Records, Discharge Documents and Military Medals and Ribbons.
- Participates in community outreach events.
- Order and replenish office brochures and VA pamphlets.
- Performs other duties as assigned.

Education/Certifications/Experience Requirements

- High school graduate or G.E.D. with relevant business classes, computer background, strong typing skills, and at least two years of general office experience.
- Active PIV Card preferred
- WDVA Accreditation preferred

- NACVSO Accreditation preferred

Required or Preferred Skills

- Working knowledge of Microsoft Office Suite
- Excellent oral and written communications skills.
- Experience rending advice and services to veterans and their families
- Experience in administering Veterans Administration's policies, regulations and procedures.
- Veterans encouraged to apply

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for transfer from contingency – Veteran's Services

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Veteran's Service is requesting contingency funding for a change of position. The Department would like to eliminate the position of Deputy Director and add a Senior Benefits Specialist as the need is for a more public facing position. The position will be filled by an existing employee and as such will increase salaries by $2,551 and benefits by $433 for a total of $2,984. Funding will come from contingency.

Current Year Budget Impact (Check one or more of the following boxes)

[x] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes (x) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)
The project on

I, Kelly Gerrits, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the October 8, 2024 County Board Minutes approved by a majority vote at a meeting of the County Board on October 22, 2024 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 23rd Day of October, 2024.

/s/ Kelly Gerrits
County Clerk

Please call the Outagamie County Clerk's Office (832-5077) if you would like further elaboration of these minutes.

RUN: November 4, 2024

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, October 22, 2024.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 31 present, 5 absent. Members present: Thompson, Johnson, Patience, Gabrielson, Kostelny, Lawrence, Lamers, Ferguson, McCabe, Wegand, Hermes, MacDonald, Croatt, Spears, Heiser, Mitchell, Cuff, Hagen, Klemp, Thiede, Janke, Weinberg, Culbertson, Monfils, Winterfeldt, Nejedlo, Clegg, VanderHeiden, Rettler, Koury, and Lautenschlager. Members absent: Supervisor Smith, Hammen, Krueger, Schroeder, and Thyssen.

The Board Chairperson requested the Board's confirmation to excuse Supervisor Smith, Hammen, Krueger, Thyssen, and Schroeder. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

PUBLIC HEARING FOR THE PROPOSED 2025 OUTAGAMIE COUNTY BUDGET – Pursuant to Wisconsin Statutes Section 65.90.

Chairperson Gabrielson opened the public hearing at 7:02 p.m.

Mike Thomas – 1 Hillock Court, Appleton; commented as resident and as a representative of Appleton Concerned Taxpayers (ACT), an independent advocacy group. ACT primarily focuses on the Appleton City Council budget, but recently branched out to the area county board and school budgets in recent years by reviewing their financials (tax rate, budget itself, and TIF Districts). He commented on:

- The Capital Improvements Budget for 2025 still includes upgrades for the UW-Oshkosh Fox Cities campus, including the $2.5 million of improvements, primarily for the cafeteria, and with no longer serving as an extension campus as of June 2025, made the recommendation to review and possibly omit said items from the budget.
- Supported the tax rate determined for 2025.
- Advised that the Wisconsin Department of Revenue made a miscalculation that affected the City of Appleton and may in turn impact Outagamie County in some way.
- Provided positive feedback regarding the lack of borrowed money for capital improvement projects for 2025.
- Recommended to review the increase of employees of the Health and Human Services Budget and rationalize if all of the added positions are necessary to get their role done for the County.

Edward Perkins – 4486 North White Hawk Drive, Grand Chute; commented on the following regarding the proposed County Budget:

- Inquired about the cash reserves Outagamie County would have after the ARPA Funds are spent.
- Stated 40 percent of all new hires for Outagamie County are for the Health and Human Services Department, and he questioned the reasoning. Mr. Perkins stated that of the bulk of these new hires are being funded through ARPA funds and stated his concern going forward is the cost of these positions will be a burden to the tax payers.
- Expressed concern to the lower and middle class, who are putting more money on their credit cards, increasing personal debts.

- Commented on the Appleton International Airport (ATW) expansion project's cost for the new concourse and new entrance.

Linda Bjella – 1333 North Lake Court, Grand Chute; spoke on behalf of the League of Women Voters of Appleton-Fox Cities. Ms. Bjella thanked the County Board for the opportunity to speak and wanted to discuss suggestions on individual department budgets, however, the opportunity proved to be difficult to make policy statements, as numerous departments have yet to complete their budget presentations/sessions in front of the Finance Committee. As a result, her comments primarily focused on the budget process. She noted the following:

- After the budget presentations are concluded, the League of Women Voters of Appleton-Fox Cities (LWV) intends to send a letter to County Supervisors and the County Executive outlining the policy items their group wishes to support in the 2025 budget.
- Offered applause to the change from paper to the electronic online budget format, as the interactive option much easier to access and understand. The hyperlinked format is user friendly and clearly states the rationale for department requests. The department narratives provide objectives, accomplishments, and goals for the future. She acknowledged Sara Hickey, Legislative Services, who was helpful in ensuring LWV members had access to the County Board Room Wi-Fi to follow along during Finance Committee meetings.
- Finance Committee meetings completed thus far were conducted effectively and appreciated the presentations from the Department Heads.
- Commented on the lack of accessibility to the public of County Board and committee meetings. Unlike other local governments they monitor, Outagamie County does not provide a virtual option for most public viewing of meetings. A virtual option would greatly increase public engagement/participation if the service became available.
- Questioned the reasoning that the Public Hearing was being conducted prior to the conclusion of all budget presentation meetings, as having the information obtained from the subsequent finance meetings would be helpful to engage citizen input.
- Did not understand the rationale behind the special time for the Budget meeting at 5:30 p.m. on November 4, 2024, and expressed the normal timeslot of 7:00 p.m. would be more flexible with most schedules.
- LWV will continue to collect their positions and will communicate in written form once Finance Committee deliberations are concluded.

Chairperson Gabrielson requested any further speakers; none came forward.

Supervisor Koury moved, seconded by Supervisor Patience, to adjourn the public hearing and go into regular session at 7:17 p.m.

VOICE VOTE CARRIED UNANIMOUSLY. PUBLIC HEARING FOR THE PROPOSED 2024 OUTAGAMIE COUNTY BUDGET IS CLOSED.

ADJOURN PUBLIC HEARING; PROCEED WITH REGULAR MEETING

MINUTES OF THE OCTOBER 8, 2024 COUNTY BOARD MEETING

Supervisor Lautenschlager moved, seconded by Supervisor McCabe, to approve the minutes of the October 8, 2024 County Board meeting.

ROLL CALL: 28 yes, 3 abstain (Wegand, Monfils, Winterfeldt), 5 absent. MINUTES OF THE OCTOBER 8, 2024, COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS – None.

ESTABLISH ORDER OF THE DAY– Chairperson Gabrielson reported the request to have Resolution No. 58—2024-25 locked in at the meeting.

COMMUNICATIONS –
Chairperson Gabrielson summarized the following communications:

- There is one (1) Supervisor who still needs to complete the July 2024 training, and nine (9) Supervisors still needing to complete the October 2024 training, "Work Bites – Working Remotely," and the most recent cybersecurity course, "Recipe for Cyber Security" is now available, and should be completed by October 31, 2024. Chairperson Gabrielson emphasized the importance to complete the trainings to continue the education on safety.
- Chairperson Gabrielson thanked Supervisor Weyenberg and Supervisor Ferguson who accompanied him at Mosquito Hill's 50th Year Celebration, which showcased the natural recreational area's history.
- The next County Board meeting will be the Budget Meeting, and it will be held on Monday, November 4, 2024 at the special time of 5:30 p.m. – bound by Wisconsin State Statute.
- The County Board is currently collecting donations for the "Adopt a Family Program" – donations will be accepted at the Legislative Services Office until November 25th – this year's goal is $500. Last year $745 was raised for the program. Outagamie County families are referred to the opportunity, and this is an excellent way to give back to the community. An e-mail reminder will be sent out soon.
- Chairperson Gabrielson recognized the birthday of County Board Supervisor Klemp (10/17).

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

APPOINTMENTS –
County Executive Nelson nomination for reappointments of Jason Brozek, Sadie DiNatale-Burda, Sue Kinde, Kayla Rouse, and Dean Steingraber (terms expire October 31, 2027) and appointment of Justin Schumacher (term expires April 30, 2027) to the Greenway Implementation Committee.

Supervisor MacDonald moved, seconded by Supervisor Hagen, for confirmation of the above-listed reappointments and appointment.

ROLL CALL: 31 yes, 5 absent. JASON BROZEK, SADIE DINATALE-BURDA, SUE KINDE, KAYLA ROUSE, AND DEAN STEINGRABER ARE REAPPOINTED AND JUSTIN SCHUMACHER IS APPOINTED TO THE GREENWAY IMPLEMENTATION COMMITTEE.

REPORT BY THE COUNTY EXECUTIVE – County Executive Thomas Nelson provided an Administrative Update.

UNFINISHED BUSINESS – None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Ordinance No. Z-5—2024-25 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve to amend Chapter 10, Division 2-Districts and District Regulations, Section 10-521- Interpretation of district boundaries; Section 10-522- Application of regulations; Section 10-525 – Ponds and Stormwater Management Facilities; Section 10-564- Purpose: permitted uses and structures; Section 10-585- Purpose and permitted uses and structures; Section 10-586- Special uses; commercial and industrial uses; Section 10-607- Purpose, permitted uses and structures; Section 10-608- Special uses; Section 10-629- Purpose and permitted uses and structures; Section 10-649- Purpose and permitted uses and structures, of the Outagamie County Code of Ordinances, effective January 1, 2025, as detailed on the ordinance and attachments.

Supervisor VanderHeiden moved, seconded by Supervisor Heiser, for adoption.

ROLL CALL: 31 yes, 5 absent. ORDINANCE NO. Z-5—2024-25 IS ADOPTED.

Resolution No. 56—2024-25 – Public Safety Committee. Authorize and approve of the Sheriff's Office to apply for, accept and expend the 2024 Justice Assistance Grant issued by the US Department of Justice, to be used toward camera equipment, and increase the Patrol line items of Intergovernmental Revenue and Supplies by $10,140 each, as detailed on the attached fiscal note.

Supervisor Patience moved, seconded by Supervisor Cuff, for adoption.

ROLL CALL: 31 yes, 5 absent. RESOLUTION NO. 56—2024-25 IS ADOPTED.

Resolution No. 57—2024-25 – Property, Airport, Recreation and Economic Development Committee. Approve to endorse Frontier's application for Broadband, Equity, Access, and Deployment (BEAD) funding in Outagamie County and approve to endorse the application of Frontier for BEAD funding to support their broadband infrastructure project in Outagamie County.

Supervisor Culbertson moved, seconded by Supervisor Monfils, for adoption.

ROLL CALL: 30 yes, 1 abstain (Heiser), 5 absent. RESOLUTION NO. 57—2024-25 IS ADOPTED.

Resolution No. 58—2024-25 – Property, Airport, Recreation and Economic Development Committee. Approve to grant We Energies an easement for parcel number 311931411 in the City of Appleton, (Plamann Park), as noted on the resolution and attachments.

Supervisor Culbertson moved, seconded by Supervisor Monfils, for adoption.

ROLL CALL: 31 yes, 5 absent. RESOLUTION NO. 58—2024-25 IS ADOPTED.

RECONSIDERATION OF RESOLUTION NO. 58—2024-25.

Supervisor Nejedlo moved, seconded by Supervisor Klemp, to reconsider the above listed resolution.

Vote for reconsideration. ROLL CALL: 30 yes, 1 no (Thiede), 5 absent. RESOLUTION NO. 58—2024-25 IS RECONSIDERED.

Vote for lock in. ROLL CALL: 31 yes, 5 absent. RESOLUTION NO. 58 —2024-25 IS ADOPTED & LOCKED IN.

Resolution No. 59—2024-25 – Health and Human Services Committee. Approve to respectfully request that the State of Wisconsin, in its 2025-2027 state biennial budget, provide state General Purpose Revenue funding to cover the following: Full non-federal share of Medical Assistance Community Support Programs and Crisis services; and Annual increases to State Human Service Aids to cover increased compensation costs for human services staff.

Supervisor Kostelny moved, seconded by Supervisor McCabe, for adoption.

ROLL CALL: 31 yes, 5 absent. RESOLUTION NO. 59—2024-25 IS ADOPTED.

Resolution No. 60—2024-25 – Legislative/Audit and Human Resources Committee. Approve the Administrative Rule AR-2024-02 (attached), replacing AR-2024-01, which amends the County Employee Handbook with adjustments and clarifying language to reflect current practice as pertains to Life Insurance and Long-Term Disability (as noted on the resolution and attachments), and will be on file in the County Clerk's Office in a manual labeled "Outagamie County Administrative Rules".

Supervisor Spears moved, seconded by Supervisor Thiede, for adoption.

Supervisor MacDonald moved, seconded by Supervisor Croatt, to amend Resolution No. 60—2024-25 to read as 'Approve the Administrative Rule AR-2024-02 (attached), replacing AR-2024-01, which amends the County Employee Handbook with adjustments and clarifying language effective January 1, 2025 as pertains to Life Insurance and Long-Term Disability (as noted on the resolution and attachments), and will be on file in the County Clerk's Office in a manual labeled "Outagamie County Administrative Rules"'.

ROLL CALL: 31 yes, 5 absent. RESOLUTION NO. 60—2024-25 IS AMENDED.

ROLL CALL: 31 yes, 5 absent. RESOLUTION NO. 60—2024-25 IS ADOPTED AS AMENDED.

REPORTS – None.

ADJOURNMENT
Supervisor Patience moved, seconded by Supervisor Lawrence to adjourn until November 4, 2024 at the special time of 5:30 p.m. VOICE VOTE CARRIED UNANIMOUSLY.

The meeting adjourned at 7:41 p.m.

FINAL COPIES OF ORDINANCES/RESOLUTIONS AND ROLL CALLS PERTINENT TO NEW BUSINESS FOLLOW:

Ordinance No. Z-5—2024-25 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve to amend Chapter 10, Division 2-Districts and District Regulations, Section 10-521- Interpretation of district boundaries; Section 10-522- Application of regulations; Section 10-525 – Ponds and Stormwater Management Facilities; Section 10-564- Purpose: permitted uses and structures; Section 10-585- Purpose and permitted uses and structures; Section 10-586- Special uses; commercial and industrial uses; Section 10-607- Purpose, permitted uses and structures; Section 10-608- Special uses; Section 10-629- Purpose and permitted uses and structures; Section 10-649- Purpose and permitted uses and structures, of the Outagamie County Code of Ordinances, effective January 1, 2025, as detailed on the ordinance and attachments.

Supervisor VanderHeiden moved, seconded by Supervisor Heiser, for adoption.

ROLL CALL: 31 yes, 5 absent. ORDINANCE NO. Z-5—2024-25 IS ADOPTED.

VOTE RESULTS — 31 YES | 0 NO | 0 ABSTAIN | 5 ABSENT

Outagamie County — 10-22-24 County Board Meeting - October 22 2024 07:27:52 PM — OpenMeeting

October 22, 2024 County Board Meeting

ORDINANCE NO.: Z-5—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Agriculture, Extension Education, Zoning and Land Conservation Committee is requesting to amend the County Code of Ordinances, effective January 1, 2025 as pertains to Chapter 10- Aviation, Article III., Airport Zoning; Division 2, Subdivision I., Section 10-521 Interpretation of district boundaries, Division 2, Subdivision I., Section 10-522 Application of regulations, Division 2, Subdivision I., Section 10-525 Ponds and stormwater management facilities, Division 2, Subdivision II., Section 10-564 Purpose; permitted uses and structures, Division 2, Subdivision III., Section 10-585 Purpose and permitted uses and structures, Division 2, Subdivision III., Section 10-586 Special uses; commercial and industrial uses, Division 2, Subdivision IV., Section 10-607 Purpose, permitted uses and structures, Division 2, Subdivision IV., Section 10-608 Special uses, Division 2, Subdivision V., Section 10-629 Purpose and permitted uses and structures, Division 2, Subdivision VI., Section 10-649 Purpose and permitted uses and structures as listed below.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does amend Chapter 10, Section 10-521- Interpretation of district boundaries; Section 10-522- Application of regulations; Section 10-525 – Ponds and stormwater management facilities; Section 10-564- Purpose: permitted uses and structures; Section 10-585- Purpose and permitted uses and structures; Section 10-586- Special uses; commercial and industrial uses; Section 10-607- Purpose, permitted uses and structures; Section 10-608- Special uses; Section 10-629- Purpose and permitted uses and structures; Section 10-649- Purpose and permitted uses and structures, of the Outagamie County Code of Ordinances to read as follows (changes are in **bold and underlined**), said changes effective January 1, 2025:

DIVISION 2- DISTRICTS AND DISTRICT REGULATIONS

...

Sec. 10-521. Interpretation of district boundaries.

~~d) Whenever there is a question as to which district a lot or parcel belongs within, the more restrictive district shall prevail; with overlay district zone 1 being the most restrictive and overlay district zone 3 being the least restrictive.~~

~~e)~~ d) Where the property layout existing on the ground is at variance with that shown on the airport zoning map, the County Zoning Administrator shall interpret and make the determination. The determination of the Zoning Administrator may be appealed to the Board of Adjustment as provided in section 54-788.

...

Sec. 10-522. Application of regulations.

~~(f) No pond, retention, detention or other manmade waterbody may be allowed within the 5,000 feet and 10,000 feet buffer from the Air Operations Area (AOA) as indicated on the Outagamie County Regional Airport Zoning Map dated April 2, 2012. Such facility may be permitted if the design requirements of the FAA Advisory Circular 150/5200-33B dated 8-28-2007 are followed.~~

(f) No stormwater management facility, retention, detention, or artificially created waterbody will be allowed within 10,000-feet of the Air Operations Area (AOA) as indicated on the Outagamie County Airport Zoning Map, unless approved and permitted in accordance with Section 10-525.

...

Sec. 10-525. Ponds and Stormwater Management Facilities.

Any stormwater management facility or artificially created waterbody within 10,000 feet of the Air Operations Area (AOA) of the Outagamie County Airport must comply with the following regulations and must receive a permit prior development.

a) Detention Facility. Stormwater management facility designed to drain completely within 48-hours of a rain event.

1) Design. All detention facilities must be designed to drain within 48-hours of a rain event, or be constructed below ground and not accessible to waterfowl or other birds hazardous to aviation. Monitoring for wildlife hazards will not be necessary if there is no standing water available for use by waterfowl or other birds hazardous to aviation.

2) Vegetation. If the upland area around the detention facility is vegetated, the vegetation must be either native prairie plantings or endophyte-infected tall fescue. Mowing must be done no more than twice during the growing season and then only to control invasive and unwanted species.

b) Retention Pond/Facility. Stormwater management facility or artificially created waterbody designed to hold water for more than 48 hours.

1) Monitoring. All retention ponds/facilities must be monitored for bird use by an FAA "Qualified Airport Wildlife Biologist", as defined by the FAA Advisory Circular 150/5200-36C or subsequent editions thereto. The monitoring period must comply with the following:

a. Duration. The monitoring period must begin immediately following the construction of the pond, including establishment of required vegetation. If the project includes other onsite construction activity (buildings, parking areas, etc.) that may effect the accuracy of monitoring results, the monitoring period must begin immediately following substantial completion of the construction activity for the entire project. The monitoring period must continue for a minimum of one-year. The aforementioned monitoring period durations may be revised/altered by the Zoning Administrator upon recommendation by an FAA "Qualified Airport Wildlife Biologist".

b. Frequency. Monitoring must consist of two morning and two evening observations per month.

c. Final Report. A final observation report, including any recommendations to alleviate any wildlife hazardous to aviation (i.e. exclusionary devices), must be provided to the Zoning Administrator and USDA-Wildlife Services for review and approval. If recommended, all exclusionary devices must be installed in accordance with Section 10-525(b)2 and 10-525(d).

d. In Lieu. In lieu of a monitoring period, retention ponds/facilities may be designed and constructed with exclusionary devices and a perimeter fence in accordance with Section 10-525(b)2. The design and construction of all exclusionary devices must be reviewed and approved by the Zoning Administrator and USDA-Wildlife Services prior to installation.

2) Exclusionary Devices. When recommended by a FAA Qualified Airport Wildlife Biologist and/or USDA-Wildlife Services, all retention ponds must be designed with exclusionary devices (e.g., overhead grid, Bird Balls ™, Hexprotect ®, netting, etc.) and a perimeter fence to exclude waterfowl, wading birds, or other wildlife hazardous to aviation. Exclusionary devices must comply with the following:

a. General. Materials used to construct the exclusionary devices must have a long field life and must be maintained and remain functional in perpetuity.

b. Overhead Grid. Overhead grid design and construction must comply with the following criteria in Table 10-525.1.

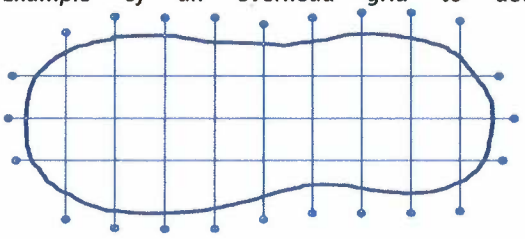

Table 10-525.1. Permanent Overhead Grid System

Component	Details
Grid Material	*Kevlar line, steel cable (high tensile strength, low maintenance); no fishing line*
Initial Post/Line Spacing	*20 feet on center*
Adjusted Spacing[1]	*10 feet on center; 5 feet on center*
Grid Height	*3 feet above average water level surface*
Reflective Objects[1]	*Bright reflective objects attached to the grid (e.g., mylar tape)*
Anchoring	*Secure anchoring of posts; lines/cables must be equipped with turnbuckles to allow for grid tension adjustment/maintenance.*

Table Notes:

[1] Grid spacing adjustments may be recommended by a FAA "Qualified Airport Wildlife Biologist" at any time during annual inspections if wildlife hazardous to aviation are using the pond and the current spacing proves ineffective.

Example of an overhead grid to deter wildlife hazardous to avitaion.

c. Perimeter Fence. Perimeter fence design and construction must comply with the following criteria in Table 10-525.2.

Table 10-525.2. Perimeter Fence

Component	Details
Fence Material	Metal chain-link; mesh spacing no larger than 3" x 3"
Fence Height	Minimum 3 feet above grade
Anchoring	Secure anchoring of posts
Fence at Grade	Installed tight to the ground; no gaps larger than 3"

d. Duration. All exclusionary devices must be regularly maintained and kept functional, in perpetuity, for the life of the retention pond/facility.

e. Modifications. Modifications and adjustments to approved exclusionary devices may be required when determined to be ineffective in keeping wildlife hazardous to aviation from using the pond/facility. Recommended modifications and adjustments, including the addition of supplementary exclusionary devices, shall be completed in accordance with Section 10-525(d) with regard to hazard level and timing.

3) Vegetation. If the upland area around the retention pond/facility is vegetated, vegetation must be either native prairie plantings or endophyte-infected tall fescue. Mowing must be done no more than twice during the growing season and then only to control invasive and unwanted species.

4) Aeration Systems and Fountains. Retention pond/facility aeration systems and fountains are prohibited.

c) Annual Inspections. All permitted ponds/stormwater management facilities must be inspected annually, in perpetuity, by USDA-Wildlife Services or other "Qualified Airport Wildlife Biologist". Inspection reports must be submitted to the Zoning Administrator for review. Any issues, concerns, or hazards noted in the report must be addressed by the property owner upon notice from the County and/or USDA-Wildlife Services in accordance with Section 10-525(d).

d) Hazards. If wildlife hazardous to aviation are observed at a moderate or severe level during any monitoring or inspection period, USDA-Wildlife Services must be consulted and provide recommendations to alleviate the hazard. Recommendations to alleviate a severe hazard must be implemented by the property owner within 24 hours of notice. Recommendations to alleviate a moderate hazard must be implemented by the property owner within 30 days of notice or as otherwise decided by the Zoning Administrator. Any issues, concerns, or hazards not addressed by the property owner following notice from the County/USDA-Wildlife Services, shall constitute a violation of this section.

Secs. ~~10-525~~ 10-526 – 10-563. Reserved.

...

Sec. 10-564. Purpose: permitted uses and structures.

c) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

...

Sec. 10-585. Purpose and permitted uses and structures.

c) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

...

Sec. 10-586. Special uses; commercial and industrial uses.

c) Land Use Matrix. Special uses must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

...

Sec. 10-607. Purpose, permitted uses and structures.

c) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

...

Sec. 10-608. Special uses.

a) Special uses of AOD2, airport overlay district zone 2 are as follows:

(1)Residential, provided it is the principal premises of a farm operation which exceeds 35 acres or if it is within zone 2B at a density of not more than one unit per two acres of land and occupying not more than 50 percent of the lot area.

(2)Commercial and industrial uses provided the provisions in section 10-586 are met.

b) Land Use Matrix. Special uses must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

...

Sec. 10-629. Purpose and permitted uses and structures.

d) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

...

Sec. 10-649. Purpose and permitted uses and structures.

c) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin State Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Corporation Counsel, Outagamie County Development and Land Services Director, and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 22nd day of October 2024

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING & LAND CONSERVATION COMMITTEE

MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Isaac Uitenbroek, Zoning Administrator
DATE: September 9, 2024
RE: PL202400405 – Proposed Minor Code Amendments to Chapter 10, Pertaining to District Boundaries, Ponds/Stormwater management facilities within 10,000 feet of ATW's AOA, and Land Use Matrix.

Background and Analysis

The County adopted its Comprehensive Plan in 2020, following community outreach and review spanning several years. The Plan provided clear policy direction to modernize our land use codes. In particular, it cited the following goals and recommendations:

- Goal 2: Modernized land use and regulatory tools.
  - *Rec. 2.1.* Evaluate the zoning, subdivision, and other land use codes for compliance with statutory changes, urban, suburban, and rural land use patterns, and community and county goals....Identify areas where greater clarity could be added. Recommend changes where appropriate.
- Goal 3: Cooperative, intergovernmental land-use decisions.
  - *Rec. 3.2.* Continue to improve coordination and communication with towns for land use planning and zoning actions, creating a partnership between county staff and town officials.

Based on this policy direction and recommendations derived from a recent code audit conducted by Mead & Hunt (see Exhibit A), Outagamie County zoning staff are proposing four minor amendments to the Airport Zoning Ordinance (Chapter 10 of Outagamie County's Code of Ordinances). If approved, the following amendments would be effective January 1, 2025, to allow for necessary permitting system and fee schedule updates.

The first amendment, derives from *AOD Zone Boundaries Recommendation #3* on page three of the Mead & Hunt audit. It addresses Section 10-521 of Chapter 10. This section currently lists criteria intended to aid in the interpretation of airport zoning district boundaries. The proposed amendment will eliminate criteria "d" within this section as it contradicts criteria "c" (see Exhibit B for details).

By removing this contradiction, staff will have the flexibility to apply zoning regulations more precisely as staff can then apply regulations based on the specific location of proposed uses within each airport zoning district.

The second amendment, derives from *Stormwater Management Guidelines Recommendation #1* on page four of the Mead & Hunt audit. It addresses Section 10-522(f) of Chapter 10. This section currently

applies a 5,000-foot and a 10,000-foot distance criterion to determine design and permitting requirements for ponds and stormwater management facilities near ATW.

These criteria are based on FAA recommendations for airports that serve both piston-powered (5,000-foot) and turbine-powered (10,000-foot) aircraft. Since ATW accommodates both types of aircraft, our code auditor cited that utilizing both distance criteria was redundant. The proposed amendment will remove the 5,000-foot criterion to eliminate this redundancy. See Exhibit C for details. If the amendment is approved, ponds and stormwater management facilities within 5,000 feet of ATW's AOA would still continue to be regulated under the 10,000-foot criterion.

This amendment will also ensure that the language in Section 10-522(f) is more consistent with, and includes a reference to, Section 10-525 (further described within the third amendment below).

The third amendment, derives from *Stormwater Management Guidelines Recommendation #2* on page four of the Mead & Hunt audit. This recommendation involves streamlining the County's existing permitting procedures for ponds and stormwater management facilities within 10,000 feet of ATW's AOA. Currently, the County's permitting process involves a special exception permit that includes a pre-application meeting, staff review, public hearing, and ultimately, zoning committee review and action. This process causes unnecessary delays for developers and property owners without providing meaningful benefits to the applicant or community.

Accordingly, this amendment will add Section 10-525 *Ponds and Stormwater Management Facilities* to Chapter 10 (see Exhibit D for details). This new section will allow permitting of ponds and stormwater management facilities within 10,000 feet of ATW's AOA to occur *administratively*. Additionally, it will codify existing design requirements and regulations for these facilities, ensuring transparency and improving the efficiency of administering Chapter 10.

The fourth amendment, derives from *2.3 Airport Land Use Matrix* recommendation on page four of the Mead & Hunt audit. Chapter 10 currently includes a land use matrix as an appendix; however, provides very little reference to the matrix within the regulatory text. This amendment will add specific reference to the land use matrix within each district, ensuring transparency and increased efficiency in determining use compatibility.

Staff Recommendation

DLS staff requests that the County Zoning Committee: **approve the minor code amendments to Ch. 10, Outagamie County Code of Ordinances, as proposed in Exhibits B, C, D and E.**

Exhibits

- Exhibit A: Mead & Hunt 2024 Code Audit Memorandum
- Exhibit B: First Amendment to Chapter 10
- Exhibit C: Second Amendment to Chapter 10
- Exhibit D: Third Amendment to Chapter 10

Exhibit A

Technical Memorandum

Mead & Hunt

To: Appleton International Airport (ATW)
Outagamie County Zoning Department
From: Mead & Hunt, Inc.
Date: April 1, 2024
Subject: Airport Overlay District (AOD) Zoning Ordinance Review & Recommendations

1. Introduction

Wisconsin Statutes, Chapter 114 requires that public use airports protect their runway approach areas. This requirement has been made a condition of state financial aid for airport improvements under Wisconsin Administrative Code for Transportation, Chapter 55. The Federal Aviation Administration (FAA) also requires that airports receiving federal funding comply with the following grant assurances, among others:

- Federal Grant Assurance 20, *Hazard Removal and Mitigation*, requires that the airport sponsor "take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations at the airport…will be adequately cleared and protected by removing, lowering, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards."
- Federal Grant Assurance 21, *Compatible Land Use*, requires that the airport sponsor "take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft."

Outagamie and Winnebago Counties, as well as other affected jurisdictions, administer an Airport Overlay District (AOD) zoning ordinance that is designed to ensure the Airport meets these state and federal requirements. The AOD zoning ordinance was originally adopted by the Outagamie County Board of Supervisors in 1990 and has been revised multiple times since then, with the latest revision occurring in 2012. The current AOD zoning ordinance has several purposes that serve the public interest, which include preventing incompatible land uses near the Airport, maximizing the safety and viability of the Airport for existing and future aircraft operations, and protecting the community's investment in the Airport.

The Appleton International Airport (ATW or "the Airport") is currently updating its Master Plan. The Master Plan identifies airport development projects that may be required to meet existing and projected future aviation demand over a 20-year planning horizon and considers the environmental and socioeconomic impacts these projects. Projects being contemplated by the Master Plan update process include an expanded passenger terminal building, a relocated air traffic control tower, new hangar development, and an extension to Runway 12/30.

To fully consider the Airport's ability to meet the community's future aviation-related needs, the Airport requested that Mead & Hunt:

1) Evaluate the provisions of the Airport Overlay District (AOD) zoning ordinance contained in the Outagamie County Code of Ordinances, and
2) Identify recommended revisions based on industry best practices and the preferred alternatives identified by the Master Plan.

The purpose of this AOD zoning ordinance review is to provide recommendations for County staff and identify actionable next steps for further County action. This includes recommending potential revisions to both the zoning ordinance text and map but does not include the actual development of a new ordinance or zoning map.

This AOD zoning ordinance review was limited to the following portions of the County Code of Ordinances:

- Chapter 10, Article III, *Airport Zoning*.
- Chapter 10, Article IV, *Supplementary Regulations*.
- Chapter 10, Appendix, *Land Use Matrix*.

2. AOD Zoning Ordinance Review & Recommendations

This review found that, overall, the AOD zoning ordinance is consistent with industry best practices and that the ordinance has been successful in protecting the Airport as a key community asset. However, there are some minor revisions that would bring the ordinance and associated tools up to date with current conditions and industry standards. Mead & Hunt recommends minor revisions related to five specific subject matter areas in the ordinance:

- AOD Zone Boundaries
- Airport Industrial District (AID)
- Airport Land Use Matrix
- Stormwater Management Guidelines
- Height Limitation Zoning

2.1 AOD Zone Boundaries

The official approved AOD zoning map is dated April 2, 2012. It identifies five airport overlay districts applicable to land uses on properties surrounding the Airport and two land use districts intended for application on Airport property only. The shapes and dimensions of the current AOD zones generally reflect the relative safety risk associated with specific land uses in areas near each runway end and are generally consistent with best practices for airport land use regulation. Four updates to the zoning map are recommended by this review, as follows.

AOD Zone Boundaries Recommendation #1: *Update AOD boundaries that are based, in part, on 30-year forecast noise contours from the 1981 Airport Master Plan.*

While the current AOD boundaries reflect reasonable and appropriate regulation of land uses surrounding the Airport, AODs 1, 2A, and 2B are based on an outdated noise study from an era in which the aircraft fleet mix differed significantly from the current aircraft fleet mix using the Airport. The boundaries of these

AODs also are not consistent when comparing each runway end. This review recommends that the County modify the zone boundaries to eliminate reference to the 1981 noise study and to normalize the application of the zoning ordinance across all four runway ends.

This review does not necessarily recommend replacing the current AOD zones with something completely different. The purpose, restrictions, and nomenclature of the current AOD zones could remain substantially similar. Generally, modifications to the AOD zone boundaries should seek to bring more uniformity to application of the zone restrictions. A more detailed study would be required to establish the exact zone boundary modifications. Several other Wisconsin airports have recently updated their zoning ordinances and maps, which could be considered in developing modified AOD zone boundaries for ATW. These airports include La Crosse Regional Airport, Wittman Regional Airport (Oshkosh), and Iowa County Airport (Mineral Point). Links to the updated ordinances and maps for these airports are included in Section 3 at the end of this memorandum.

AOD Zone Boundaries Recommendation #2: *Incorporate considerations for planned future airport facilities identified by the on-going Airport Master Plan Update.*
There are several recommendations from the on-going Airport Master Plan Update that may affect the AOD zoning ordinance. These include the following:

- Planned hangar and business development on the Airport that is outside the current Airport Industrial District (AID) boundaries.
- A planned northwesterly extension to Runway 12/30.
- Land acquisition required for the above recommendations to be implemented.

AOD Zone Boundaries Recommendation #3: *Consider an additional elliptical zone to control general land use hazards.*
The AOD zones in the ordinance are generally limited to the areas beyond each runway end. Industry best practices also include a larger zone that prevents certain incompatible land uses within a defined radius of the airport runways, usually between one and three miles. Land uses typically prohibited within this zone include those identified in Article III, Section 10-522(b) of the AOD zoning ordinance.

AOD Zone Boundaries Recommendation #4: *Revise Article III, Sections 10-521(c) and (d) to clarify application of AOD requirements on parcels within multiple AOD zones.*
There are many properties affected by the AOD zoning ordinance that straddle boundaries between multiple AODs. Industry best practices generally recommend that district requirements be enforced based on the location of proposed development on the parcel. However, Article III, Section 10-521, *Interpretation of district boundaries*, states that "whenever there is a question as to which district a lot or parcel belongs within, the more restrictive district shall prevail". This review recommends that this language be revised to apply the specific requirements of each relevant AOD to the corresponding affected areas within the single lot or parcel in question. This would eliminate confusion and prevent potential burdens to developers.

2.2 Airport Industrial District (AID)

Article III, Subdivision IV of the ordinance lays out permitted uses and development standards for an Airport Industrial District (AID) intended to accommodate development of aviation related business uses in the air industrial park on the Airport. Based on conversation with Airport and County staff, the provisions of the AID have proven cumbersome to enforce and may make it more difficult for the Airport to attract business tenants. This review recommends revisiting the AID provisions in more detail and considering either revising the development standards or replacing them with more flexible design guidelines.

2.3 Airport Land Use Matrix

A detailed airport land use matrix is included in an appendix to the AOD zoning ordinance. This matrix was added to the ordinance in 2012 to simplify administration of the ordinance by local zoning officials. The restrictions identified in this matrix are intended to ensure that land uses near the Airport are compatible with Airport operations. This review did not delve into specific land use restrictions identified in this matrix but found that the matrix is generally consistent with best practices for airport land use regulation. If the County updates its zoning map in accordance with the recommendations described in Section 2.1 above, it should consider revisiting permitted land uses in each zone. When making any updates to the zoning ordinance, more explicit references to the matrix should be added to relevant sections of the ordinance to ease cross-referencing of the matrix with the ordinance text.

2.4 Stormwater Management Guidelines

Article III, Section 10-522(f) of the AOD zoning ordinance requires that developers proposing to create a new pond, retention, detention, or other manmade waterbody within 10,000 feet of the Air Operations Area (AOA) at the Airport follow design guidelines consistent with the current version of FAA Advisory Circular (AC) 150/5200-33, *Hazardous Wildlife Attractants on or near Airports*. The County adopted guidelines in 2016 that are consistent with current FAA recommendations and guidance. Two ordinance updates related to stormwater management are recommended by this review, as follows:

Stormwater Management Guidelines Recommendation #1: *Eliminate 5,000-foot radius on zoning map and in ordinance text.*

The current zoning ordinance text and map include a 5,000-foot radius surrounding the AOA that is redundant when considering that the ordinance text and map also include a 10,000-foot radius with the same restrictions.

Stormwater Management Guidelines Recommendation #2: *Change stormwater facilities from a special use to a permitted use with required conditions.*

The current airport land use matrix prohibits manmade waterbodies in all AODs with a footnote that such waterbodies "could be permitted provided wildlife deterrent measures within the 10,000' of the Air Operations Area of the airport are approved by the County/Community of jurisdiction." This effectively designates manmade waterbodies as a special use requiring specific permit approval for each proposed waterbody by the relevant governing body. This permit requirement creates an unnecessary burden for developers. Changing manmade waterbodies to a permitted use with conditions would allow the relevant jurisdiction to administer this requirement more efficiently.

2.5 Height Limitation Zoning

Restrictions on the height of structures and objects in the vicinity of the Airport are critical to maintaining safe and efficient aircraft approaches and departures at the Airport. If the Airport were to fail to prevent obstacles to flight paths in its immediate vicinity, it would endanger its ability to accommodate its users' needs and potentially jeopardize its eligibility for future federal airport improvement funding.

Height limitation zoning requirements are contained in Article IV, Section 10-677, of the AOD zoning ordinance. The ordinance references and incorporates height limitation zones identified by the 1981 Airport Master Plan.

Height Restriction Recommendation #1: *Update height limitation zoning map to reflect current Federal Aviation Regulations and current airport conditions.*

The height limitation zoning map should be updated for several reasons, including the following:

- The current map was drawn by the Wisconsin Department of Transportation (WisDOT) Bureau of Aeronautics (BOA) in the 1970s. Due to the inherent limitations of the tools and resources available to airport planners at that time, the map uses a grid system based on township/section/range boundaries to identify the maximum height of structures and objects within each quarter-quarter-quarter section surrounding the Airport. This mapping approach is imprecise and has been superseded by GIS mapping applications that can provide much more specificity and reflect the actual impact of structures and objects to aircraft flight paths.
- The current map establishes approach areas beyond each runway end using a 30:1 slope up to 150 feet above the Airport's published elevation. Structures and objects within the remainder of a three-mile radius surrounding the Airport are restricted to 150 feet above the Airport's published elevation. This slope and radius are not consistent with current Federal Aviation Regulations.

- Iowa County Airport

Exhibit B: First Amendment to Chapter 10

Proposed Amendments, related to Interpretation of District Boundaries

Amend the criteria related to the interpretation of airport zoning district boundaries to remove criterion (d) which conflicts with criterion (c). Criterion (c) is more specific and allows for greater flexibility when interpreting district boundaries and applying airport zoning district regulations.

1. In Sec. 10-521, **REMOVE** criterion (d).

a) Except as otherwise specifically provided, a district symbol or name shown within district boundaries on the airport zoning map indicates that the district regulations pertaining to the district extend throughout the whole area surrounded by the boundary line.

b) The airport district shall include all county land owned for airport purposes.

c) Whenever a parcel of land is located within more than one overlay district the location of the building site will be considered for inclusion in the specific district and not the entire parcel.

d) ~~Whenever there is a question as to which district a lot or parcel belongs within, the more restrictive district shall prevail; with overlay district zone 1 being the most restrictive and overlay district zone 3 being the least restrictive.~~

e) Where the property layout existing on the ground is at variance with that shown on the airport zoning map, the County Zoning Administrator shall interpret and make the determination. The determination of the Zoning Administrator may be appealed to the Board of Adjustment as provided in section 54-788.

Exhibit C: Second Amendment to Chapter 10

Proposed Amendments, related to Distance Criteria for Pond and Stormwater Management Facility Regulation

Amend Section 10-522(f) to remove reference to 5,000-foot buffer and revise remaining text to be more consistent with, and include reference to, Section 10-525 *Ponds and Stormwater Management Facilities*.

1. In Sec. 10-522(f), **REMOVE** existing text:

   ~~*No pond, retention, detention or other manmade waterbody may be allowed within the 5,000 feet and 10,000 feet buffer from the Air Operations Area (AOA) as indicated on the Outagamie County Regional Airport Zoning Map dated April 2, 2012. Such facility may be permitted if the design requirements of the FAA Advisory Circular 150/5200-33B dated 8-28-2007 are followed.*~~

2. In Sec. 10-522(f), **ADD** the following text as a replacement:

   No stormwater management facility, retention, detention, or artificially created waterbody will be allowed within 10,000-feet of the Air Operations Area (AOA) as indicated on the Outagamie County Airport Zoning Map, unless approved and permitted in accordance with Section 10-525.

Exhibit D: Third Amendment to Chapter 10

Proposed Amendments, related to the regulation and permitting of ponds and stormwater management facilities within 10,000 feet of ATW AOA.

Amend Chapter 10 to include Section 10-525 *Ponds and Stormwater Management Facilities.*

1. In Chapter 10, following Section 10-524, **ADD** the following text:

Sec. 10-525. Ponds and Stormwater Management Facilities

Any stormwater management facility or artificially created waterbody within 10,000 feet of the Air Operations Area (AOA) of the Outagamie County Airport must comply with the following regulations and must receive a permit prior development.

a) Detention Facility. Stormwater management facility designed to drain completely within 48-hours of a rain event.

1) Design. All detention facilities must be designed to drain within 48-hours of a rain event, or be constructed below ground and not accessible to waterfowl or other birds hazardous to aviation. Monitoring for wildlife hazards will not be necessary if there is no standing water available for use by waterfowl or other birds hazardous to aviation.

2) Vegetation. If the upland area around the detention facility is vegetated, the vegetation must be either native prairie plantings or endophyte-infected tall fescue. Mowing must be done no more than twice during the growing season and then only to control invasive and unwanted species.

b) Retention Pond/Facility. Stormwater management facility or artificially created waterbody designed to hold water for more than 48 hours.

1) Monitoring. All retention ponds/facilities must be monitored for bird use by an FAA "Qualified Airport Wildlife Biologist", as defined by the FAA Advisory Circular 150/5200-36B or subsequent editions thereto. The monitoring period must comply with the following:

a. Duration. The monitoring period must begin immediately following the construction of the pond, including establishment of required vegetation. If the project includes other onsite construction activity (buildings, parking areas, etc.) that may effect the accuracy of monitoring results, the monitoring period must begin immediately following substantial completion of the construction activity for the entire project. The monitoring period must continue for a minimum of one-year. The aforementioned monitoring period durations may be revised/altered by the zoning administrator upon recommendation by an FAA "Qualified Airport Wildlife Biologist".

b. Frequency. Monitoring must consist of two morning and two evening observations per month.

c. Final Report. A final observation report, including any recommendations to alleviate any wildlife hazardous to aviation (i.e. exclusionary devices), must be provided to the Zoning Administrator and USDA-Wildlife Services for review and approval. If recommended, all

exclusionary devices must be installed in accordance with Section 10-525(b)2 and 10-525(d).

d. *In Lieu. In lieu of a monitoring period, retention ponds/facilities may be designed and constructed with exclusionary devices and a perimeter fence in accordance with Section 10-525(b)2. The design and construction of all exclusionary devices must be reviewed and approved by the Zoning Administrator and USDA-Wildlife Services prior to installation.*

2) *Exclusionary Devices. When recommended by a FAA Qualified Airport Wildlife Biologist and/or USDA-Wildlife Services, all retention ponds must be designed with exclusionary devices (e.g., overhead grid, Bird Balls ™, Hexprotect ®, netting, etc.) and a perimeter fence to exclude waterfowl, wading birds, or other wildlife hazardous to aviation. Exclusionary devices must comply with the following:*

a. *General. Materials used to construct the exclusionary devices must have a long field life and must be maintained and remain functional in perpetuity.*

b. *Overhead Grid. Overhead grid design and construction must comply with the following criteria in Table 10-525.1.*

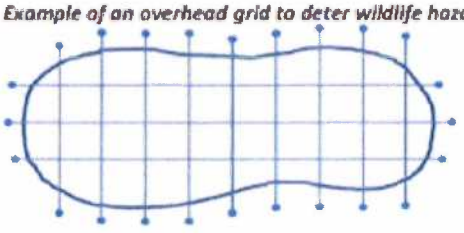

Table 10-525.1. Permanent Overhead Grid System

Component	Details
Grid Material	Kevlar line, steel cable (high tensile strength, low maintenance); no fishing line
Initial Post/Line Spacing	20 feet on center
Adjusted Spacing[1]	10 feet on center; 5 feet on center
Grid Height	3 feet above average water level surface
Reflective Objects[1]	Bright reflective objects attached to the grid (e.g., mylar tape)
Anchoring	Secure anchoring of posts; lines/cables must be equipped with turnbuckles to allow for grid tension adjustment/maintenance.

Table Notes:

[1] *Grid spacing adjustments may be recommended by a FAA "Qualified Airport Wildlife Biologist" at any time during annual inspections if wildlife hazardous to aviation are using the pond and the current spacing proves ineffective.*

Example of an overhead grid to deter wildlife hazardous to avitaion.

c. *Perimeter Fence. Perimeter fence design and construction must comply with the following criteria in Table 10-525.2.*

Table 10-525.2. Perimeter Fence	
Component	***Details***
Fence Material	*Metal chain-link; mesh spacing no larger than 3" x 3"*
Fence Height	*Minimum 3 feet above grade*
Anchoring	*Secure anchoring of posts*
Fence at Grade	*Installed tight to the ground; no gaps larger than 3"*

d. *Duration. All exclusionary devices must be regularly maintained and kept functional, in perpetuity, for the life of the retention pond/facility.*

e. *Modifications. Modifications and adjustments to approved exclusionary devices may be required when determined to be ineffective in keeping wildlife hazardous to aviation from using the pond/facility. Recommended modifications and adjustments, including the addition of supplementary exclusionary devices, shall be completed in accordance with Section 10-525(d) with regard to hazard level and timing.*

3) *Vegetation. If the upland area around the retention pond/facility is vegetated, vegetation must be either native prairie plantings or endophyte-infected tall fescue. Mowing must be done no more than twice during the growing season and then only to control invasive and unwanted species.*

4) *Aeration Systems and Fountains. Retention pond/facility aeration systems and fountains are prohibited.*

c) *Annual Inspections. All permitted ponds/stormwater management facilities must be inspected annually, in perpetuity, by USDA-Wildlife Services or other "Qualified Airport Wildlife Biologist". Inspection reports must be submitted to the Zoning Administrator for review. Any issues, concerns, or hazards noted in the report must be addressed by the property owner upon notice from the County and/or USDA-Wildlife Services in accordance with Section 10-525(d).*

d) *Hazards. If wildlife hazardous to aviation are observed at a moderate or severe level during any monitoring or inspection period, USDA-Wildlife Services must be consulted and provide recommendations to alleviate the hazard. Recommendations to alleviate a severe hazard must be implemented by the property owner within 24 hours of notice. Recommendations to alleviate a moderate hazard must be implemented by the property owner within 30 days of notice or as otherwise decided by the Zoning Administrator. Any issues, concerns, or hazards not addressed by the property owner following notice from the County/USDA-Wildlife Services, shall constitute a violation of this section.*

2. In Chapter 10, following Section 10-525, **REVISE** the following text:

Secs. ~~10-525~~ 10-526 – 10-563. Reserved.

Exhibit E: Fourth Amendment to Chapter 10

Proposed Amendments, related to Land Use Matrix references within ordinance text.

Amend the following sections to include direct reference to the Land Use Matrix.

1. In Sec. 10-564, **ADD** the following text:

   c) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

2. In Sec. 10-585, **ADD** the following text:

   c) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

3. In Sec. 10-586, **ADD** the following text:

   c) Land Use Matrix. Special uses must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

4. In Sec. 10-607, **ADD** the following text:

   c) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

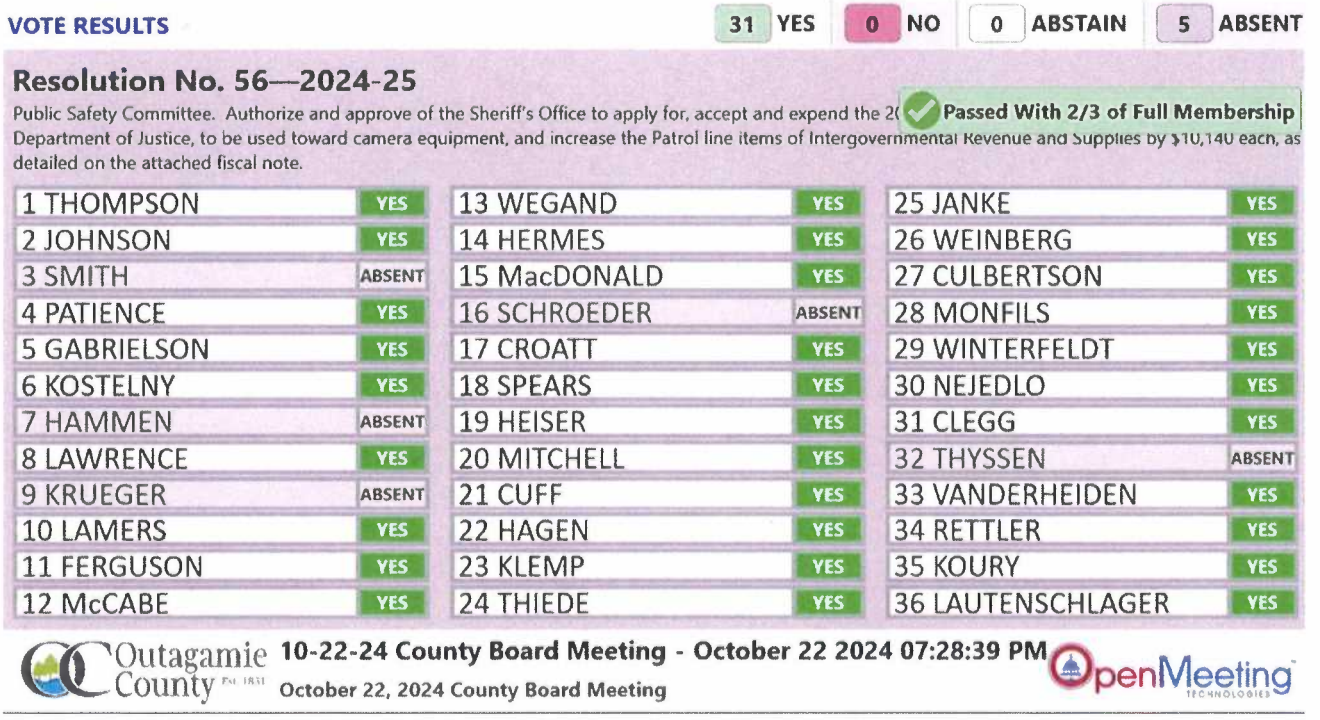
5. In Sec. 10-608, **ADD** the following text:

   a) Special uses of AOD2...

   b) Land Use Matrix. Special uses must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

6. In Sec. 10-629, **ADD** the following text:

   d) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.



7. In Sec. 10-649, **ADD** the following text:

   c) Land Use Matrix. Permitted uses and structures must be compatible as determined by the Land Use Matrix included as an Appendix to this chapter.

October 22, 2024 County Board Meeting

OpenMeeting Technologies

RESOLUTION NO.: 56—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office is requesting approval to apply for, accept, and expend the 2024 Justice Assistance Grant (JAG) issued by the US Department of Justice. This is a joint grant between the Sheriff's Office and the City of Appleton. The grant award for 2024 is $20,279. The City of Appleton Police Department will receive $10,139 and the Sheriff's Office will receive $10,140. The Sheriff's Office will use their portion of the grant funding toward camera equipment to update and replace 15-year old equipment. The seven camera kits to be purchased include Canon EOS Rebel body, Speedlight flashes, Manfrotto tripods, battery packs, remote switches, storage backpacks, SD card holders, and one macro twin light lens flash. These camera kits will enhance the Sheriff's Office evidentiary photography and replace equipment that is at end of life. Equipment costs not fully covered by the grant will come from already budgeted funds. There is no match required for the grant.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Sheriff's Office to apply for, accept and expend the 2024 Justice Assistance Grant (JAG) issued by the US Department of Justice, said grant funding to be used toward camera equipment, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Patrol Intergovernmental Revenue line item and the Patrol Supplies line item by $10,140 each as detailed on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Dated this 22nd day of October 2024

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** THE SHERIFF'S OFFICE TO APPLY, ACCEPT AND EXPEND GRANT FUNDS WITH THE CITY OF APPLETON FOR THE 2024 EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROGRAM

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Sheriff's Office requests approval to apply, accept and expend the 2024 JAG grant issued by the US Department of Justice. This is a joint grant between the Sheriff's Office and the City of Appleton. The grant award for 2024 is $20,279. The City of Appleton Police Department will receive $10,139 and the Sheriff's Office will receive $10,140. The Sheriff's Office will use their portion of the grant funding towards Camera equipment to update and replace 15 year old equipment. The seven camera kits we would purchase include Canon EOS Rebel body, Speedlight flashes, Manfrotto tripods, battery packs, remote switches, storage backpacks, SD card holders and (one) macro twin light lens flash. These camera kits will enhance the Sheriff's Office evidentiary photography and replace equipment that is at end of life. Equipment costs not fully covered by the grant will come from already budgeted funds. There is no match required for the grant.

October 22, 2024 County Board Meeting

OpenMeeting TECHNOLOGIES

RESOLUTION NO.: 57—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Broadband, Equity, Access, and Deployment (BEAD) Program has been established to provide significant funding to expand high-speed internet access across the United States and funding is available for unserved and underserved households and businesses within Outagamie County. The BEAD Program aids to bridge the digital divide by ensuring that all Americans, regardless of their geographic location, have access to reliable and affordable broadband services.

The availability of BEAD funding is crucial for supporting infrastructure projects that will enhance connectivity for unserved and underserved households and businesses in Outagamie County. The purpose of BEAD funding includes promoting economic growth, improving educational opportunities, and enhancing healthcare services through better internet access.

The Outagamie County Board of Supervisors recognize that broadband connectivity and reliability is critical infrastructure for health, safety, and quality of life for all community residents to participate in the full benefits of society and economy, including access to telemedicine, education, and economic opportunities. Frontier is seeking BEAD funding for Outagamie County.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does endorse Frontier's application for Broadband, Equity, Access, and Deployment (BEAD) funding for Outagamie County, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does endorse the application of Frontier for BEAD funding to support their broadband infrastructure project in Outagamie County, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to provide the attached letter, which by reference is made a part hereof, to the Public Service Commission of Wisconsin and Frontier which outlines this endorsement and verifies the applicant and geographic location affected, and include the minutes from this County Board meeting, as well as forwarding a copy of this resolution to the Outagamie County Development and Land Services Director.

Outagamie County Clerk Letter Head

[Date]

Cru Stubley
Secretary to the Commission Public Service Commission of Wisconsin
4822 Madison Yards Way
Madison, Wisconsin 53705

Dear Mr. Stubley,

I am writing to confirm that on [Date of County Board Meeting], the Outagamie County Board of Supervisors voted to approve Resolution [Resolution Number], endorsing Frontier's application for Broadband Equity, Access, and Deployment (BEAD) funding to support broadband infrastructure projects in Outagamie County. Enclosed with this letter are the official minutes from the meeting, as well as a copy of the resolution for your reference.

The Outagamie County Board recognizes the critical importance of broadband connectivity in bridging the digital divide and supporting economic growth, educational opportunities, and healthcare services throughout our community. As outlined in the resolution, the BEAD Program provides essential funding to expand high-speed internet access to unserved and underserved households and businesses in Outagamie County, thereby enhancing quality of life and enabling residents to fully participate in our society and economy.

Frontier's application aligns with Outagamie County's strategic goals to improve broadband access and reliability, essential for health, safety, and economic development in our region. Therefore, we are pleased to endorse Frontier's efforts to secure BEAD funding and support their commitment to enhancing broadband infrastructure in Outagamie County.

Please do not hesitate to contact our office if you require any further information or documentation regarding this endorsement.

Sincerely,

[Signature]

RESOLUTION NO.: 58—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin Electric Power Company, doing business as We Energies (Grantee) is requesting an easement in order to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize granting We Energies an easement for the area described as a strip of land twelve (12) feet in width, being a portion of the Grantor's land, being a part of the Northeast ¼ of the Northwest ¼, Section 1, Township 21 North, Range 17 East, City of Appleton, Outagamie County, Wisconsin (Plamann Park); said land being more particularly described in that certain Warranty Deed recorded in the office of the Register of Deeds for Outagamie County as Document No. 640137 and as shown on the attached Distribution Easement Underground and Temporary Exhibit A which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and We Energies, Property Rights & Information Group, 231 W. Michigan Street, Room P277, P.O. Box 2046, Milwaukee, WI 53201-2046.

Dated this 22nd day of October 2024

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION &
ECONOMIC DEVELOPMENT COMMITTEE

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, **OUTAGAMIE COUNTY, a municipal corporation,** hereinafter referred to as "Grantor", owner of land, hereby grants and warrants to **WISCONSIN ELECTRIC POWER COMPANY, a Wisconsin corporation doing business as We Energies,** hereinafter referred to as "Grantee", a permanent easement upon, within, beneath, over and across a part of Grantor's land hereinafter referred to as "easement area".

The easement area is described as a strip of land **Twelve (12) feet in width**, being a portion of grantor's land, being a part of the **Northeast 1/4 of the Northwest 1/4, Section 1, Township 21 North, Range 17 East**, City of Appleton, Outagamie County, Wisconsin; said land being more particularly described in that certain **Warranty Deed** recorded in the office of the Register of Deeds for Outagamie County as **Document No. 640137.**

The location of the easement area with respect to Grantor's land is as shown on the attached drawing, marked Exhibit "A", and made a part of this document.

RETURN TO:
We Energies
PROPERTY RIGHTS & INFORMATION GROUP
231 W. MICHIGAN STREET, ROOM P277
PO BOX 2046
MILWAUKEE, WI 53201-2046

311931411
(Parcel Identification Number)

1. **Purpose:** The purpose of this easement is to construct, install, operate, maintain, repair, replace and extend underground utility facilities, conduit and cables, electric pad-mounted transformers, manhole, electric pad-mounted switch-fuse units, electric pad-mounted vacuum fault interrupter, concrete slabs, power pedestals, riser equipment, terminals and markers, together with all necessary and appurtenant equipment under and above ground as deemed necessary by Grantee, all to transmit electric energy, signals, television and telecommunication services, including the customary growth and replacement thereof. Trees, bushes, branches and roots may be trimmed or removed so as not to interfere with Grantee's use of the easement area.

2. **Access:** Grantee or its agents shall have the right to enter and use Grantor's land with full right of ingress and egress over and across the easement area and adjacent lands of Grantor for the purpose of exercising its rights in the easement area.

3. **Buildings or Other Structures:** Grantor agrees that no structures will be erected in the easement area or in such close proximity to Grantee's facilities as to create a violation of all applicable State of Wisconsin electric codes or any amendments thereto.

4. **Elevation:** Grantor agrees that the elevation of the ground surface existing as of the date of the initial installation of Grantee's facilities within the easement area will not be altered by more than 4 inches without the written consent of Grantee.

5. **Restoration:** Grantee agrees to restore or cause to have restored Grantor's land, as nearly as is reasonably possible, to the condition existing prior to such entry by Grantee or its agents. This restoration, however, does not apply to the initial installation of said facilities or any trees, bushes, branches or roots which may interfere with Grantee's use of the easement area.

6. **Exercise of Rights:** It is agreed that the complete exercise of the rights herein conveyed may be gradual and not fully exercised until some time in the future, and that none of the rights herein granted shall be lost by non-use.

7. **Binding on Future Parties:** This grant of easement shall be binding upon and inure to the benefit of the heirs, successors and assigns of all parties hereto.

8. **Easement Review:** Grantor acknowledges receipt of materials which describe Grantor's rights and options in the easement negotiation process and furthermore acknowledges that Grantor has had at least 5 days to review this easement document *or* voluntarily waives the five day review period.

Outagamie County 10-22-24 County Board Meeting - October 22 2024 07:37:09 PM OpenMeeting
October 22, 2024 County Board Meeting

RESOLUTION NO.: 59—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County ("County") is concerned that the public human service system in Wisconsin is in need of additional resources to respond appropriately to the needs of individuals with persistent mental illness, those experiencing a mental health crisis, and other human service needs.

State law designates counties with the responsibility for the well-being, treatment, and care of individuals with mental illness and other human service needs, and serving those without private insurance coverage.

The Medical Assistance program (MA) covers an array of mental health services, ranging from office-based therapy to inpatient hospitalization, and many of these services are delivered by counties.

Community Support Programs (CSP) offer intensive community-based care for adults whose mental illness and functional limitations might otherwise require them to need institutionalized care. Counties use CSP services to keep people out of extended hospitalizations and support people in the community following emergency detentions.

Counties are required to provide Crisis intervention services including an emergency mental health services program to serve persons in crisis situations; at a minimum, 24-hour crisis telephone service and 24-hour in-person response on an on-call basis.

While the state pays the full cost of most MA services, when it comes to county- based CSP and Crisis mental health services, the county finances the cost of the services up front, and receives MA reimbursement for only the federal share for that service.

Community Aids and other human service funding has not kept pace over the years with increased county costs for services, resulting in counties bearing a disproportionate share of CSP, Crisis and other human service costs from county tax levy.

Counties are limited in their capacity to use tax levy revenue due to state levy limits, so the lack of state human service aid increases combined with strict property tax controls make it difficult for counties to maintain Crisis, CSP and other human service programs.

If human services were operated directly by the state, annual increases would be provided to cover increased compensation costs for human services staff similar to the annual compensation increases provided to state employees.

In addition to the costs to county human service departments, counties and municipalities also incur law enforcement costs to transport and provide security for persons in a crisis.

The awareness of the 988 National Suicide & Crisis Lifeline has made mental health assessment and referral more readily available, resulting in more demand on the mental health crisis systems.

Stagnant state funding results in variations in the extent of services available across counties, wait lists for services, and eligible people receiving limited services.

The limited state funding for Crisis services makes it difficult for counties to implement new evidence-based services, such as mobile crisis workers that could meet law enforcement officers in the field for crisis calls, that would reduce the need for law enforcement involvement and provide a more trauma-informed response to crisis situations.

Wisconsin's counties continue to cover the costs of mental health services for individuals who are not Medicaid eligible.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby respectfully request that the State of Wisconsin, in its 2025-2027 state biennial budget, provide state General Purpose Revenue (GPR) funding to cover:

- Full non-federal share of Medical Assistance (MA) Community Support Programs (CSP) and Crisis services.
- Annual increases to State Human Service Aids to cover increased compensation costs for human services staff

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Wisconsin Counties Association, the State Senators and State Representatives representing Outagamie County, the Governor of the State of Wisconsin, and the Outagamie County Health and Human Services Director.

Dated this 22nd day of October 2024

RESOLUTION NO.: 60—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Rule 9 of the Outagamie County Board Rules, Sec. 2-52 Administrative Rule Review, establishes a procedure for the review of Administrative Rules. The County Board may approve of the rule or refer it back to administration for revision and re-submission. A rule regarding updates to the Outagamie County Employee Handbook has been submitted for review.

Administrative Rule AR-2024-02 updates the Outagamie County Employee Handbook with adjustments to:

- Life Insurance
  - Outagamie County provides group life insurance for full-time employees, and will be eligible the first of the month following one (1) month of continuous employment.
- Long-Term Disability
  - Coverage becomes effective the first of the month following one (1) full month of continuous employment of eligibility.

Administrative Rule AR-2024-02 replaces Administrative Rule AR-2024-01.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby approve Administrative Rule AR-2024-02 as attached and by reference made a part hereof, which amends the Outagamie County Employee Handbook with adjustments and clarifying language effective January 1, 2025 as pertains to Life Insurance and Long-Term Disability, and

BE IT FURTHER RESOLVED, that this rule shall be numbered AR-2024-02, shall replace AR-2024-01, and will be on file in the manual entitled "Outagamie County Administrative Rules" in the Outagamie County Clerk's Office, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Executive, who, in accordance with Sec. 59.03 Wis. Stats., shall be charged with the duty of distributing said rule to affected departments for compliance.

Outagamie County Employee Handbook

Subject:	Outagamie County Employee Handbook
Number:	AR-2024-02
Effective:	11/04/2024
Replaces:	AR-2024-01 Outagamie County Employee Handbook
Adopted:	TBD

Introduction

This Administrative Rule updates the Outagamie County Employee Handbook with adjustments to:

- Life Insurance
  - Outagamie County provides group life insurance for full-time employees, and will be eligible the first of the month following one (1) month of continuous employment.
- Long-Term Disability
  - Coverage becomes effective the first of the month following one (1) full month of continuous employment of eligibility.

Procedure

Outagamie County Ordinance, Sec. 30-2 – Purpose, authorizes the creation of a human resources manual through administrative rule which shall be a working document provided to all affected employees and shall contain procedures as listed in Sec. 30 – 12. The human resources manual shall be approved by the County Board as an administrative rule in accordance with Section 2.52.

Outagamie County Ordinance, Sec. 2-52 – Rule 9 – Administrative Rule Review requires all administrative rules to be submitted to the Legislative/Audit and Human Resources Committee who shall submit them to the full County Board for review. The County Board shall approve of the rule or refer the rule back to the Executive for revision and resubmission.

Policy

The attached matrix details the specific language changes to the handbook which can be found in the attached modified Employee Handbook.

Outagamie County Est. 1851

Outagamie County Executive

OUTAGAMIE COUNTY CORE VALUES

Invested in Serving
Devoted to positively impacting our communities

Better Together
Inspire unity by promoting collaboration, trust and respect

Create Progress
Encourage growth through innovation to advance and succeed

Support Through Compassion
Prioritize one another through communication, inclusion, and transparency to bolster our community

Revision Date: July 2024

PURPOSE OF THE HANDBOOK

The Employee Handbook is designed to promote consistent, uniform personnel administration throughout Outagamie County. It is the intent of Outagamie County that all employees be treated with dignity and respect.

This handbook is not designed to be an all-inclusive or all exclusive document, as there may be other policies that may apply to you. However, it will help you familiarize yourself with important matters that relate to you, your job, and your career.

This handbook is for general information purposes only, and applies to all non-bargaining unit employees. The statements in this book are intended as explanation only and create no new rights or obligations. It is not, nor is it intended to be, a contract of employment or a promise of employment. The County reserves the right to modify, revoke, suspend, terminate, or change any or all of such plans or processes, in whole or in part, at any time, with or without notice. Any statements set forth which are in conflict with, are superseded by, and subject to all federal and state laws, county ordinances and resolutions, and, if applicable, collective bargaining agreements and individual employment contracts, related to employee rights and benefits. In addition, your department may have unique characteristics that may require special consideration within these guideline areas and may develop work rules within the parameters of this Manual. Employees of Outagamie County are employees-at-will. No person has authority to make any agreement for employment for any specified period of time or to make any agreement contrary to the foregoing.

The language set forth in this handbook supersedes all previous Outagamie County Employee Handbooks, as well as Personnel and Interim Personnel Manuals, and is effective July 2024. When there is a conflict regarding the present handbook and any other past practices related to personnel matters, the present manual will prevail.

Constructive comments on the usefulness and completeness of this handbook are welcome. Please direct them, as well as any questions you may have, to the Outagamie County Human Resources Department.

ABSENCES

Employees unable to come to work must contact their supervisor or designee prior to the start of their work day as determined by their department. While it is recognized that there may be extenuating circumstances for unauthorized absences; and due consideration will be given for each case, an employee who is absent from duty without approval for three (3) consecutive scheduled work days will be considered to have voluntarily terminated their position.

Employees absent from work must account for their missed time through the use of vacation, sick leave, comp time, unpaid leave, or floating holidays. The provisions of this section apply to both Fair Labor Standards Act exempt and non-exempt employees and are in accordance with the county's policy of ensuring public accountability of its employees.

ACCEPTABLE BEHAVIOR

It is the policy of Outagamie County to promote a safe and respectful environment for employees and clients that is free from all forms of harassment, offensive language, violence, bullying, and other non-productive behaviors.

It is a violation of this section of the handbook to engage in any behavior that is offensive, unprofessional, illegal, disrespectful, or in any way does not meet the high professional standards expected in our workplace. Unacceptable behavior will include but will not be limited to:

Harassment or other discriminatory behavior toward individuals in protected classes as defined and covered by Title VII of the Civil Rights Act of 1964. Harassment includes physical, verbal, and non-verbal abuse, intimidation, and threats. Sexual harassment is defined as unwelcome or unsolicited verbal, non-verbal, or physical conduct of a sexual nature in which submission to or rejection of such conduct is used as the basis for making decisions effecting conditions of employment or has the purpose or effect of substantially interfering with an employee's job performance, or creates an intimidating hostile or offensive work environment.

General harassment, bullying, other forms of psychological harassment, and any use of hostile, intimidating, threatening or humiliating behavior.

Violence, including the use or threat of use of any weapon on county property unless as a requirement of the job; the use of physical violence, including threat of physical violence on county property (reasonable force may be used in the defense of oneself or others).

Possession of any weapon in county facilities or vehicles, or in the performance of county duties, unless as a requirement of the job.

RESPONSIBILITY

It is the responsibility of each member of management to create an atmosphere free of unacceptable behavior. All members of management are responsible for preventing and/or eliminating unacceptable behavior in their work areas. In addition, it is the responsibility of all employees, contractors, vendors and visitors to respect the rights and feelings of other individuals.

COMPLAINT PROCESS

Any employee who believes they have been subjected to unacceptable behavior is encouraged to file a report of such conduct by either:

a) notifying their department management staff who will then notify the Human Resources Department, or;
b) notifying the Human Resources Deputy Director or Director.

This report can be made verbally or by completing a Complaint Form found on MyOC.org/Human Resources/Employee Relations. Complaints should include specific detail about the parties involved, what day and time the incident occurred, a list of any witnesses, and any other relevant information.

In cases of violent behavior where the threat of injury is imminent, or an injury has occurred, emergency responders such as police, fire and/or ambulance personnel should be notified immediately by calling 9-911. Human Resources should then be notified. Human Resources and/or department management will take steps to minimize the potential for further violence or the fulfillment of any threatened violence.

The county recognizes that false accusations can have serious effects on innocent individuals and their families. Consequently, false accusations will result in appropriate disciplinary action against the complaining party.

INVESTIGATION PROCESS

Allegations of protected class harassment will be investigated in a timely and thorough manner by members of the Human Resources Department in conjunction with department management staff.

Other allegations of unacceptable conduct will be investigated in a timely and thorough manner by department management staff or Human Resources staff in conjunction with department management staff if appropriate.

Where allegations of violent behavior have been made, the county reserves the right to search an employee's belongings while on county property and county owned property being used by the employee or have law enforcement personnel search any employee's person if there is a reasonable suspicion that a weapon or evidence of violent behavior has been concealed. Any employee failing to cooperate with such a search will be subject to disciplinary action.

REMEDIAL ACTION

Discipline may include warning, suspension or termination depending on the severity of the incident and the repetitious nature of the behavior.

NOTIFICATION TO COMPLAINANT

Following investigation and imposition of any discipline, the complaining party will be notified as to the resolution of the case and that any further incidents should be reported promptly.

RETALIATION

Any and all forms of retaliation against a complainant or witness are expressly prohibited by the county. Appropriate disciplinary action will be taken against anyone retaliating against either the person filing a complaint or anyone assisting in the investigation.

CONFIDENTIALITY

To every extent possible, complaints and investigation results regarding unacceptable behavior will be treated with the utmost discretion and confidentiality for both the complaining party and the person against whom the complaint was filed.

ALCOHOL AND DRUGS

Outagamie County has a vital interest in maintaining safe, healthy, and productive working conditions for employees and providing safe, quality services to constituents. Employees under the influence of alcohol or other drugs while in the workplace pose a threat to the safety and wellbeing of themselves, co-workers and the general public.

The county encourages employees who have an alcohol or other drug problem to seek help to deal with their problem. Help is available through the Employee Assistance Program. For more details on this program, contact the Human Resources Department.

Some positions within Outagamie County fall within the purview of the DOT, Law Enforcement, FAA or other state or federal agencies that have different alcohol/drug standards that apply. Where a different standard exists, the more stringent standard will supersede.

POLICY STATEMENTS

The unauthorized consumption of alcohol during work hours or on county property is prohibited.

The unauthorized use, possession, distribution or sale of drugs, illicit drugs and/or controlled substances during work hours or on county property is prohibited.

Being under the influence of alcohol at work is a violation of this policy. Under the influence of alcohol is defined as a Breath Alcohol Concentration (BRAC) of .02 or greater.

Being at work under the influence of any drug not lawfully prescribed, or the misuse of any lawfully prescribed drug while at work is a violation of this policy. Under the influence of drugs

is defined as meeting or exceeding urine concentration levels of prohibited substances as established by the DOT. Misuse is defined as exceeding the normal urine concentration range for a drug as prescribed.

Employees will not be permitted to work if under the influence of legal drugs or prescribed medications whose use adversely affects the employee's work.

Employees violating this policy will be subject to discipline.

REASONABLE SUSPICION

Where reasonable suspicion exists that an employee is under the influence of alcohol or drugs, the employee may be required to submit to testing specified by the employer.

Where reasonable suspicion exists that an employee is in possession of drugs or has been consuming alcohol or drugs during work hours or on county property, the employer reserves the right to inspect any and all storage devices on county property including personal storage devices.

Reasonable suspicion is defined as specific, contemporaneous, articulable observations about the conduct, appearance, speech or body odors of the employee and may include information provided by co-workers. Involvement in, or causation of an on-the-job accident may constitute a basis for reasonable suspicion. Anonymous tips will not be accepted as the sole basis for reasonable suspicion.

Reasonable suspicion must be established by a member of management and wherever possible, be confirmed by a second member of management.

PROCESS

Where reasonable suspicion exists, if at all possible, the Human Resources Department should be consulted before proceeding. Human Resources will provide the manager with a list of state certified testing facilities.

Where testing is indicated, a member of management must complete a Referral Authorization Form and escort the employee to the designated testing facility, present the Referral Authorization Form, and remain with the employee at the test site throughout the testing process. Under no circumstances should an employee, suspected of being under the influence of alcohol or drugs, be permitted to drive themselves to the testing site.

Standard testing will include a Breath Alcohol Test (BAT) and a Rapid Drug Screen. The employer reserves the right to test for other illegal drugs at its discretion.

Following testing, the escort will return the employee to the worksite. If during normal business hours, the employee will be brought to the Human Resources Department to await test results. If not during normal business hours, or if test results are not immediately available, arrangements should be made for the employee to get home where the employee will await return to work instructions.

Test results will be reported to the Human Resources Department as either positive or non-positive as soon as they are available. An employee will not be permitted to work while awaiting test results.

Refusal to be tested, tampering with the samples and/or non-cooperation with the process will be considered a positive test and the employee will be subject to discipline.

Where non-positive results are obtained from the BAT and Rapid Drug Screen, Human Resources will clear the employee to return to work immediately. Management should investigate the circumstances that led to reasonable suspicion. The EAP may be consulted in this regard.

CHALLENGING RESULTS

An employee may request a blood sample be drawn at the time of the BAT if they wish to ultimately challenge the results of the BAT. The blood sample may be analyzed at a lab of the employee's choice. The results of the blood analysis will govern.

An employee may challenge the results of the Rapid Drug Screen findings with a confirmation test at a lab of the employee's choice within 14 calendar days of the initial test. In the event of conflicting results, the confirmation test will determine the outcome.

RETURN TO WORK FOLLOWING POSITIVE RESULTS: ALCOHOL

Employees testing positive will be subject to discipline. An EAP referral may be made in conjunction with discipline. If an EAP referral is indicated, the employee must execute a consent agreement allowing the release of information regarding treatment recommendations, cooperation, follow-through, and readiness to return to work.

If discipline does not result in termination of employment, the date and time of return to work will be determined by the Human Resources Department or the employee's manager.

RETURN TO WORK FOLLOWING POSITIVE RESULTS: DRUGS

A positive Rapid Drug Screen requires the test sample to be forwarded to a lab for a more detailed chemical analysis. Human Resources will be notified immediately that the sample is being sent for analysis. The analysis process may take several days. The employee will be sent home pending receipt of results.

Positive results are forwarded to the Medical Review Officer (MRO) at the designated testing facility who will review the results of the detailed analysis and contact the employee for additional information. The employee may be required to present proof regarding the usage of prescription medications. The MRO will then consult with the Human Resources Department.

After the results are made known to the Human Resources Department, the employee testing positive will be subject to discipline. An EAP referral may be made in conjunction with discipline. If an EAP referral is indicated, the employee must execute a consent agreement allowing the release of information regarding treatment recommendations, cooperation, follow-through, and readiness to return to work.

If discipline does not result in termination of employment, the employee may not return to work without evidence of a non-positive test.

Testing for purposes of return to work may be completed at a state certified facility of the employee's choice but must use threshold levels established by the employer.

RECORDS AND FOLLOW-UP

All test results and test related information will be maintained by the Human Resources Department in a confidential manner.

If discipline does not result in termination of employment, an employee, after having tested positive, may, without reasonable suspicion, be subject to a maximum of three subsequent screens related to the initial positive test during the following 12 month period unless more frequent or random testing is prescribed by the EAP.

ASSOCIATED COSTS

All initial testing required by the employer will be paid for by the employer.

Random testing and follow-up testing prescribed by the EAP as described will be paid for by the employer.

Testing required for return to work will be determined by and paid for by the employer. Return to work testing not approved by the employer will be paid for by the employee.

All costs related to any challenge of initial test results, including any medical procedures, will be the responsibility of the employee unless the results are non-positive.

SALARY AND WAGES

Employees will be paid their regular wages for the time spent in the initial testing process.

Employees waiting for clearance to return to work following testing will be paid their regular wages for all missed time if the tests are non-positive. Where the tests are positive, the employee will not be paid their regular wages nor have access to sick leave, vacation or floating holiday pay for missed time.

Where return to work is delayed by an employee challenge of test results, the employee will be paid their regular wages for missed time in the event of a non-positive result and will not be paid for hours missed if the result is positive.

BEREAVEMENT LEAVE

Bereavement leave is leave taken by an employee due to the death of another individual, usually a close relative.

The time is usually taken by an employee to grieve the loss of a close family member, prepare for and attend a funeral, and/or attend to any other immediate post-death matters.

All regular full-time and part-time employees are eligible for pay from regularly scheduled duty as outlined below:

- Up to five (5) days in the event of death of the employee's spouse, domestic partner, child, parent, brother, sister, and an adult who stood in loco parentis to the employee during childhood. *(Note: this section includes applicable step relatives)*
- Up to three (3) days for grandparents, father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, and grandchild. *(Note: this section includes applicable in-laws, step and great relatives)*; and
- Up to one (1) day for aunt, uncle, nephew, and niece. *(Note: this section includes applicable in-law, step and great relatives)*
- Up to five (5) days for your or your spouse's pregnancy loss. This will run concurrently with FMLA if applicable and cannot be paid simultaneously with Short-Term Disability.

The hour equivalent of the term "days" is determined by the proration factor of the employee, with a maximum factor of eight (8) hours per day.

An employee may, with their supervisor's approval, use any available vacation or floating holidays for additional time off as necessary. Sick leave may not be used to extend bereavement leave without a physician's certification.

Generally, bereavement leave is taken immediately following the death. However, there may be circumstances when a supervisor will recognize the need for flexibility, for example, if a memorial service is scheduled at a time in the future.

Bereavement pay is calculated based on the base pay rate at the time of absence, and it will not include any special forms of compensation, such as incentives, commissions, bonuses, overtime or shift differentials.

Employees under discipline for attendance issues may be required to provide documentation with regards to their bereavement leave.

BREASTFEEDING FRIENDLY WORKPLACE

Outagamie County provides a supportive environment to enable breastfeeding employees to express their milk during work hours.

EMPLOYEE RESPONSIBILITIES

Employees who wish to express milk during the work period shall keep supervisors informed of their needs so that appropriate accommodations can be made to satisfy the needs of both the employee and the department.

It is the employees' responsibility to initiate this communication and to clearly state their needs to their supervisor.

Maintenance of Milk Expression Areas:

Breastfeeding employees are responsible for keeping milk expression areas clean, using anti-microbial wipes to clean the surfaces they utilize to pump.

Employees are also responsible for keeping the general lactation room clean for the next user.

This responsibility extends to both designated milk expression areas, as well as other areas where expressing milk will occur.

Milk Storage:

If milk is stored in a common refrigerator, employees should label all milk expressed with their name and date collected so it is not inadvertently confused with another employee's milk.

Use of Times to Express Milk:

Employees shall use the Staff Lactation Room Outlook Calendar or sign-up calendar displayed on lactation room door to schedule milk expression times that are most convenient or best meet their needs.

A Staff Lactation Room has been established on Level 3 of the Administration Building, on Level 2 (Heritage Square) at Brewster Village and ground floor of the Justice Center. All county employees are welcome to schedule time in these rooms. In other buildings where there is not a dedicated lactation room, the employee must work with their management staff to establish appropriate accommodations. Temporary Lactation Rooms have been identified at Highway Department, YFS, Solid Waste and the Sheriff's Department. If an employee has comments, concerns, or questions, regarding this issue, they may contact Human Resources.

EMPLOYER RESPONSIBILITIES

Milk Expression Breaks:

In accordance with the Fair Labor Standards Act (FLSA), Outagamie County will provide nursing mothers reasonable break time each time the employee needs to express milk for up to one year after the birth of a child.

Lactation times shall be established for each employee based on her work schedule. If possible, the lactation time is to run concurrently with any break time already provided.

Lactation time beyond the regular break time is unpaid and will be determined between the employee and the employee's supervisor.

A Place to Express Milk:

In accordance with the Fair Labor Standards Act (FLSA), a private room (not a toilet stall or restroom) shall be available for employees to breastfeed or express milk. The room will:

- Be private and sanitary
- Be located near a sink with running water for washing hands and rinsing out breast pump parts
- Have an electrical outlet
- Be in close proximity to the employee's work area
- Contain comfortable seating

- Have appropriate signage and/or other security measures will be used to identify the occupied status of the lactation area

If employees prefer, they may also breastfeed or express milk in their own private offices, or in other comfortable locations agreed upon in consultation with the employee's supervisor.

Supervisors will be responsible for reviewing policies and practices that will help facilitate each employee's infant feeding goals.

It is expected that employees will assist in providing a positive atmosphere of support for breastfeeding employees.

CIVIC DUTY

The county supports employees in their civic duty to serve on a jury, and their responsibilities as an active citizen.

Employees must present any summons to jury duty to their supervisor as soon as possible after receiving the notice to allow advance planning for an employee's absence.

An employee when subpoenaed in connection with county business, called upon to serve jury duty, or subpoenaed as a witness, will be paid their regular salary up to eight (8) hours per day.

The employee will not be entitled to jury duty pay or witness fees in addition to their regular pay except on those occasions when the employee chooses to take vacation or floating holiday time equal to the time lost by serving on the jury or as witness.

No employee will receive salary for attending court in cases involving a criminal act by the employee or a civil case initiated by the employee.

COMMERCIAL DRIVERS LICENSES

Highway Employees: The county shall pay up to one hundred fifty dollars ($150.00) per renewal toward the cost of successfully obtaining / renewing a CDL and endorsements that are required by the county, including background screening fees, upon presentation of receipts.

Recycling / Solid Waste Employees: The county shall pay up to one hundred fifty dollars ($150.00) toward the cost of successfully obtaining an initial CDL license and required endorsements and all subsequent renewals of a CDL and endorsements that are required by the county, including background screening fees, upon presentation of receipts.

The parties agree that they will comply with all federal and state regulations that pertain to the commercial driver's licenses.

Any employee who receives a citation for any offense that has a potential penalty of the suspension, revocation, or disqualification of their CDL shall notify their Department Head, or their designee, by 7:00 a.m. on the next business day. Failure to comply will make the employee ineligible for this Section and subject to discipline.

This opportunity shall be given to any employee only once during that employee's employment with Outagamie County. A second major offense, or a series of serious traffic violations resulting in CDL disqualification, shall result in termination.

The county will provide an unpaid leave of absence not to exceed thirteen (13) months to a maximum of two (2) employees at a time, who are disqualified from holding a CDL due to circumstances arising outside of work. Furthermore, it is recognized that loss of a CDL due to circumstances occurring during working hours is a severe offense and may result in termination of employment.

Prior to granting the leave of absence, the county may choose to continue the active employment of the affected employee to the extent that the Department Head determines that work is available. The employee may also be assigned to other work duties in other departments for which the employee may be qualified, at the sole discretion of the county.

It is understood that if a job assignment pays less than the employee's assigned position, the employee's wage will be adjusted accordingly. If the assignment is into a higher classification, the employee will be paid their normal rate.

Once a leave of absence is granted, the employee will not be required to return to work for intermittent, sporadic work assignments, unless said employee makes themselves available for such work.

The decision of the Department Head to offer, or not to offer, continued work or to assign other work duties in other departments is final and cannot be grieved.

Said employee shall have their CDL privileges reinstated within thirty (30) days following the end of the suspension, revocation, or disqualification period, and failure to do so will result in termination of employment.

The county has the sole discretion to fill the employee's position on a temporary basis during the leave of absence in any manner it deems appropriate. The county may also temporarily fill the position internally, and it shall not be subject to the posting process.

The employee will be required to use available vacation and floating holidays prior to an unpaid leave of absence. Following the utilization of any paid leave, the leave of absence shall be without pay or benefits. It is agreed that the employee shall not file for unemployment benefits while on paid leave of absence. During the unpaid leave of absence, health, dental, and life insurance coverage will be available if the full premiums are paid by the employee, in accordance with county Policy.

The employee will not lose benefits accrued prior to the paid leave of absence but will not accrue benefits while on the unpaid leave.

COMPENSATORY TIME

It is the policy of Outagamie County to permit employees to earn compensatory time off, at the discretion of the supervisor, manager, or department head. For purposes of computing compensatory time, authorized paid leaves of absence are only considered time worked, if the additional work hours are required by the department. All overtime/compensatory work must be approved in advance by a supervisor or manager.

GRANTING COMPENSATORY TIME

There is no legal requirement or obligation of Outagamie County to grant compensatory time off to employees. A supervisor may choose to grant compensatory time off to employees who work in excess of 40/45 hours in a standard workweek for special projects, to perform urgent county business or during weekends/normally scheduled time off. Compensatory time will be granted on an hour-for-hour basis for exempt/salaried employees and at a rate of 1.5 hours for each hour worked for non-exempt/hourly employees. Compensatory time and overtime only applies after 40 hours for those positions that fall in a 37.5 hour/week category. (Note: all hours over 40 in a work week for non-exempt/hourly employees must either be compensated in compensatory time or overtime, with no exceptions.)

PROCESS

The maximum amount of compensatory time is a rolling amount of 40 hours (i.e. you cannot have more than 40 accumulated hours at any given time).

The approval for earning compensatory time must be approved by the supervisor in advance, whenever possible. Regardless of whether advance approval is required, all employees are responsible for tracking their compensatory time. Time reporting should reflect regular pay and any compensatory time earned or used for a select pay period.

An employee who has accrued compensatory time and requests use of the time must be permitted to use the time off within a "reasonable period" after making the request. Compensatory time usage must be taken in increments of fifteen (15) minutes. Supervisors may deny the request if the use of compensatory time will "unduly disrupt" the department's operations. Supervisors can also require an employee to take compensatory time off to manage the accrual limitation.

PAYOUT OF COMPENSATORY TIME

Non-exempt/hourly employees should intend to use all earned compensatory time off before the first pay period ending in December of the year it was earned. If a non-exempt/hourly employee has any remaining compensatory time off, it will be paid out on the second paycheck in December of the calendar year in which it was earned. Compensatory Time will also be paid out upon separation of a non-exempt/hourly employee or when an employee transfers to a department that does not utilize compensatory time.

For Exempt/Salaried employees, compensatory time may be carried over from one year to another, never to exceed 40 hours at any given time, and will not be paid out upon separation, unless approved by the HR Director due to extenuating circumstances. If an exempt/salaried employee transfers to another department that does not utilize compensatory time, the employee will retain and be able to use unused compensatory time but will not be able to earn additional compensatory time.

CONFLICTS OF INTEREST AND CODE OF ETHICS

Outagamie County expects all employees to conduct themselves and county business in a manner that reflects the highest standards of ethical conduct, and in accordance with all federal, state, and local laws and regulations. This includes avoiding real and potential conflicts of interests, as well as perception of a conflict of interest.

Exactly what constitutes a conflict of interest or an unethical business practice is both a moral and a legal question. Outagamie County recognizes and respects the individual employee's right to engage in activities outside of employment which are private in nature and do not in any way conflict with or reflect poorly on the county.

The proper operation of government requires that employees be independent, impartial, and accountable to the people and for the public to have confidence in the integrity of its government. Nothing in this section will deny any individual rights granted by the United States Constitution, the Constitution of the State of Wisconsin, or the laws of the United States and State of Wisconsin.

No county employee will use their office or position for personal financial gain or the financial gain of their family. No employee shall engage in their own business activity, accept private employment, or render services for private interests when such employment, business activity, or service is incompatible or conflicts with the proper discharge of their official duties or would impair their independence of judgment or action in the performance of their official duties. No employee will participate in the selection, award or administration of a contract supported by a federal/state award if they have a real or apparent conflict of interest. No employee shall use or disclose "privileged, confidential, or HIPAA protected information" gained in the course of or by reason of their official position or activities.

No county employee is allowed to conduct business relating to outside employment while on county paid time, nor is an employee allowed, at any time, to use county facilities, supplies, equipment, telephones, or property in the performance of outside duties.

Employees can engage in political activity outside of the employee's county employment provided that such activity does not interfere with normal work performance, does not interfere with specific job duties, is not conducted during normal working hours and does not involve the use of county equipment or property. Employees are specifically prohibited from directly or indirectly coercing any person to hold or contribute monetary or other types of assistance to any political candidate, party, or purpose. Under provisions of the Federal

Hatch Act, employees who are principally employed in positions which are financed in whole or in part by federal loans or grants cannot become political candidates in partisan elections.

No person shall be employed, promoted, or transferred to any department within Outagamie County government or to a division thereof when, as a result, they would be directly supervising or receiving direct supervision from a member of their immediate family. No county employee will solicit or accept for themselves, or another person any gift, campaign contribution, gratuity, favor, services, promise of future employment, entertainment, loan, or any other thing of monetary value from a person who has or is seeking contractual or other business activities from or which are regulated by the county. This does not include acceptance of loans from banks or other financial institutions on customary terms of finance for personal use, such as home mortgage loans, the acceptance of unsolicited advertising or promotional material, such as pens and calendars, and acceptance of an award for meritorious public or personal contributions or achievements.

Any perceived conflict of interest that is detected or suspected by an employee or third party shall be reported to your supervisor or manager or to their supervisor or manager in their absence. An investigation by the supervisor/manager and/or department head will follow upon notification of perceived violations of this policy. Corporation Counsel should also be contacted to determine if any additional follow-up is needed and to determine what disclosures should be made. Disclosure of known conflicts will be included in federal/state grant applications or will provide prompt notification upon subsequent awareness prior to the awarding of grant funding, as required by federal and state laws. Subsequent identification of known violations (including fraud, bribery, or gratuity violations) must be disclosed, in a timely manner, in writing to the Federal awarding agency or pass-through entity with the department taking prompt, corrective action to ensure such conduct ceases and will not recur.

Violations of this policy may result in disciplinary action consistent with Board policies, procedures, and federal and state laws

CONTINUING EDUCATION

Outagamie County encourages continuing education by offering Education Reimbursement. This reimbursement is intended to provide assistance to the employee for out of pocket expenses for continuing education for the mutual benefit of the employee and Outagamie County, not covered in the departmental budget.

This section of the handbook describes eligibility requirements, criteria for approval and reimbursement, and the process for application, approval and reimbursement.

Any regular full-time or part-time Outagamie County employee in good standing, averaging twenty (20) hours or more per week during the six (6) months prior to the start of the course, is eligible to apply.

CRITERIA FOR APPROVAL

Classes must meet during non-working hours. Exceptions can be made only with the approval of the department head and Human Resources.

Courses must be directly related to the employee's current job, be preparation for a promotion to an existing county job for which the applicant would otherwise qualify, meet the requirements for specialized training related to a current assignment; or be required as part of a degree program that meets these qualifications.

Funds must be available in the department budget of the employee. If funds are not available in the employee's department budget, application may be made to the Human Resources Department, with prior approval by the department head.

Any expenses covered by grants or any other form of payment are not eligible for reimbursement under this program.

MAXIMUM AMOUNTS

Reimbursement is limited to tuition and books. All other fees and expenses are the responsibility of the employee.

Maximum reimbursement amounts, unless approved otherwise by the Legislative/Audit/Human Resources Committee, Finance Committee and County Board, include:

a) $1,600 per calendar year for an accredited Associates/Undergraduate degree program

b) $2,450 per calendar year for an accredited Graduate degree program

Reimbursement for books is limited to half the cost incurred.

Qualifying part-time employees will be eligible for one-half of the stated maximum amounts. Where an employee changes status from part-time to full-time or full-time to part-time, reimbursement maximums will be based on the status that the employee maintained for the majority of the length of the actual course.

Where an employee takes both undergraduate and graduate classes in the same year, total reimbursement for the year will not exceed the maximum for graduate level courses.

CLASS APPLICATION

Application for approval should be made in advance of the class by completing an Outagamie County Tuition Reimbursement Request for Course Approval form. One Application for Approval must be completed for each class. Forms are available on the MyOC.org/Human Resources/Administrative Support webpage.

APPROVAL PROCESS

The completed Request for Course Approval form must be submitted to the employee's Department management for review and approval. If approval is granted at the department level, the department will then forward the form to the Human Resources who will review the application for completeness and approve or disapprove the application in

accordance with established approval criteria and annual maximums. A copy of the Request for Course Approval will then be returned to the employee's supervisor with indication that the course was either approved or disapproved. If the course was not approved, the reason will be clearly stated.

CRITERIA FOR REIMBURSEMENT

- Requests for reimbursement must be made within a sixty (60) day period following the conclusion of class.
- Exceptions to this criteria require special approval from Human Resources and the appropriate Department.
- Employee must be employed with Outagamie County at the time of request for reimbursement.
- A grade of "C" (or better) or "pass" must be attained.

REIMBURSEMENT PROCESS

Employee must submit to Human Resources, a completed Reimbursement Request Form with appropriate signatures and account numbers and attach the following:

(a) Verification from the educational institution that payment covering or in excess of the reimbursement amount was made.

(b) Verification from the educational institution of the course, credit and grade received by the employee.

Upon verification that all requirements have been met, the Human Resources Department will initiate the payment process. The reimbursed amount will be charged against the "Maximum Amounts" for the calendar year in which the course is completed.

EMPLOYMENT LONGEVITY

Employees that voluntarily terminate employment with the county prior to the completion of two (2) years of employment from the course End Date will be required to pay back a pro-rated portion of their reimbursement amount. The pay back will be 1/24th of the total reimbursement for each month short of twenty-four (24) months employment post course End Date. Authorization to deduct any payback amounts are provided by the employee on the Request for Course Approval form.

Employees who are involuntarily terminated prior to the completion of two (2) years of employment from the course End Date will be obligated to pay back a pro-rated portion of their reimbursement amount. The pay back will be 1/24th of the total reimbursement for each month short of twenty-four (24) months employment post course End Date. This amount may be collected from the employee by the employer in the form of a deduction on the employee's final paycheck, a cash or check payment from the employee, or referred to a collection agency. Authorization to deduct any payback amounts are provided by the employee on the Request for Course Approval form.

For courses with no established End Date, the date of reimbursement will be considered the End Date.

RECORDS

Copies of all reimbursement related applications, documentation and payments will be scanned and preserved in the accounts payable records in Financial Services.

SEMINARS, CONFERENCES, TRAINING, AND OTHER ITEMS OUTSIDE OF REIMBURSEMENT AND PAYBACK PROCESS

1. Staff submit request directly to their supervisor.

2. Supervisor evaluates appropriateness of request based upon:

- Applicability to their job function or individual training needs.
- Cost effectiveness of the seminar.
- Willingness of the attendees to share the knowledge gained with the organization.
- Evaluate the number of seminars the individual has attended.

3. The supervisor/manager will then confirm their recommendation with the department head who will either approve or disapprove request.

4. Decisions go to the supervisor and employee.

5. Charges will be applied to the appropriate account within the department budget.

CORRECTIVE DISCIPLINE

The aim of discipline is to address and rectify unsatisfactory job performance or behavior. Disciplinary action is intended to be administered in a corrective fashion, concentrating on performance improvement rather than on punishment. The county will attempt to inform the employee of standards of conduct and performance which are expected. Because all performance criteria which may make disciplining an employee necessary cannot be listed, each employee is expected to follow all county or departmental policies and processes outlined in the Employee Handbook and conduct themselves in a manner which is consistent with County Values and appropriate to the employment setting.

Normally, when disciplinary actions are required for employees, the concept of progressive discipline will be followed; however, it must also be understood that the degree of disciplinary action will match the severity of the infraction. Therefore, depending upon the severity of the offense and an employee's disciplinary history, the action chosen by management may involve immediate application of one or more of the progressive steps, including immediate discharge, if warranted. Repeated infractions of even minor offenses can and will result in increasingly severe disciplinary actions. Unless there are mitigating circumstances, the normal sequence of discipline will be:

1st offense - The employee will be given a verbal reprimand. This normally will be done in private. The department head or supervisor will explain to the employee the reasons for being disciplined and also the manner in which the employee should correct their problem in the future to avoid further discipline. A document confirming the conversation will be provided to the employee, at which time the employee should respond in writing acknowledging

receipt. The document should then be forwarded to the Human Resources Specialist to be placed in the employee's personnel file.

2nd offense - The employee will be given a written reprimand, with a copy to the Human Resources Department to be placed in the employee's personnel file. This document, like the verbal warning, will give the rule or policy broken and the manner to improve performance. (Note: a Performance Improvement Plan template is available on the HR webpage, for use as appropriate.)

3rd offense - The employee may be suspended without pay. A confirmation letter will be sent to the employee with a copy to Human Resources to be placed in the employee's personnel file.

[Note: Employees considered exempt under the Fair Labor Standards Act will be suspended in weekly increments only, with the exception of a suspension for a major safety infraction or a serious work place conduct violation.]

4th offense - The employee will be terminated. Before any employee is terminated, the matter will be reviewed with the Human Resources Director.

COUNTY RESIDENCY

Employees of Outagamie County are not required to reside within the physical boundaries of the county. (Exception: All sworn employees of the Sheriff's Department, according to county ordinance, must, within six (6) months of employment with the county, establish residency within twenty seven (27) radius miles of Sheriff Headquarters.)

DEFERRED COMPENSATION

Section 457 of the Internal Revenue Code allows public sector employees to defer a portion of their pre-tax income into an investment account. Employees are allowed to defer up to one hundred percent (100%) of gross income, subject to an annual maximum deferral amount.

The county offers two deferred compensation plans. Both plans also offer an after-tax Roth option. Additional information is available in the Human Resources Department or at MyOC.org/Human Resources/Benefits webpage.

DENTAL INSURANCE

All regular employees who are hired at or are pro-rated at twenty (20) or more hours per week are eligible for dental insurance coverage.

Eligible employees may choose either single, limited family, or family coverage. In the event an employee has a spouse who is also a county employee, that employee and spouse may choose either two single plans or one family plan.

Insurance becomes effective the first day of the month following one full month of employment or eligibility. Upon termination of employment or retirement, coverage will end at the end of the month of last day worked or last day on paid leave, whichever is later provided employee contributions for that month have been deducted from final paycheck or paid to the County Treasurer.

Specific details regarding dental premium amounts can be found on the Benefits Summary on the Human Resources webpage.

ELECTRONIC RESOURCES: COMPUTERS, INTERNET AND EMAIL

The county provides a wide variety of communication tools and resources to employees for use in running day-to-day business activities. Whether it is the telephone, voicemail, fax, scanner, internet, intranet, e-mail, or any other county-provided technology, use should be reserved for business. All communication using these tools shall be handled in a professional and respectful manner.

Employees do not have any expectation of privacy in their use of county computer, phone, or other communication tools. All communications made using county-provided equipment or services, including e-mail and internet activity, are subject to inspection by the county. Employees should keep in mind that even if they delete an email, voicemail, or other communication, a copy will be archived on the county's systems on a real-time basis.

E-mails that are not job-related have the potential to drain, rather than enhance, productivity and system performance. You should also be aware that information transmitted through e-email is not completely secure and that information you transmit and receive could damage the reputation of the county.

The county encourages employees to use communication tools only to communicate with fellow employees, suppliers, and clients regarding county business. Internal and external e-mails are generally considered public records and may also be subject to discovery in the event of litigation. Be aware of this possibility when sending e-mails within and outside of the county.

Using communications in a manner that violates any county guidelines or policies is strictly prohibited, including but not limited to the Equal Opportunity and Harassment policies, the Conflict of Interest Policy, etc. Delete any e-mail messages prior to opening that are received from unknown senders and advertisers.

It is the county's goal to respect the dignity of employees at all times. Because e-mail, telephone and voicemail, and internet communication equipment are provided for county business purposes and are critical to the county's success, your communications may be accessed without further notice by Information Technology department administrators and county management to ensure compliance with this guideline.

The electronic communication systems are not secure and may allow inadvertent disclosure, accidental transmission to third parties, etc. Sensitive information should not be sent via unsecured electronic means.

Office telephones are for business purposes. While the county recognizes that some personal calls are necessary, these should be kept as brief as possible and to a minimum. Abuse of these privileges is subject to corrective action, up to and including termination. With the exception of emergency situations, personal cell phones should be used at break times or lunch hours.

It is also against county policy to turn off anti-virus protection software or make unauthorized changes to system configurations installed on county computers. Violations of this policy may result in termination for a first offense.

All employees are subject to the Outagamie county Acceptable Use Policy and are required to review such policy provided during new hire orientation.

See the ACCEPTABLE USE POLICY located on MyOC.org/Applications/Policies & Procedures/IT webpage.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

The Employee Assistance Program (EAP) is a resource designed to provide highly confidential and experienced help for employees in dealing with issues that affect their lives and the quality of their job performance.

Outagamie County wants employees to be able to maintain a healthy balance of work and family that allows them to enjoy life.

This free, comprehensive counseling service offers employees and their spouse or children six (6) visits per issue each year and a 24-hour hotline answered by professional, degreed counselors. Employees may contact the Employee Assistance Program directly. Contact information can be found on MyOC.org/Department/Human Resources/Benefits/EAP webpage.

The county encourages employees to use this valuable service whenever they have such a need. Employees who choose to use these counseling services are assured the information disclosed in their sessions is confidential and not available to the county, nor is the county given any information on who chooses to use the services.

The initial appointment to the agency will not be charged to the employee's sick leave or vacation leave; however, should follow-up counseling be required, the employee is expected to use sick leave, vacation, or non-scheduled time.

EMPLOYMENT OF RELATIVES

Due to potential for perceived or actual conflicts, such as favoritism or personal conflicts from outside the work environment, which can be carried into the daily working relationship, Outagamie County will hire or consider other employment per the guidelines below concerning relatives of persons currently employed. This policy applies to all current employees and candidates for employment.

For the purposes of this policy, "relatives" are defined as spouses, children, siblings, parents, or grandparents.

Outagamie County will hire or consider other employment only if: a) candidates for employment will not be working directly for or supervising a relative, and b) candidates for employment will not occupy a position in the same line of authority in which employees can initiate or participate in decisions involving a direct benefit to the relative. Such decisions include hiring, retention, transfer, promotion, wages and leave requests

Current employees who marry each other will be permitted to continue employment with the county provided they don't work in a direct supervisory relationship with each other or otherwise pose difficulties. If employees who marry do work in a direct supervisory relationship with each other, the county will attempt to reassign one of the employees to another position for which they are qualified, if such a position is available. If no such position is available, one of the employees may be required to leave the county.

EMPLOYMENT RECORDS

Information contained in an employee's personnel file is generally considered confidential and is available only to the employee or the employee's designee, the County Executive, Departmental Supervisory staff, Human Resources staff, legal staff, and authorized federal or state representatives who have cause to review the records for official reasons, unless otherwise disclosable under the Wisconsin Public Records Law.

The employer will grant at least two (2) requests to inspect their file by an employee in a calendar year. The employer will provide the employee with the opportunity to inspect the employee's personnel records within seven (7) working days after the employee submits a written request for inspection.

Revision Date: July 2024

EQUAL EMPLOYMENT OPPORTUNITY

Outagamie County is committed to a policy of equal opportunity for all candidates and employees without regard to age (over 40), race, religion, color, sex, national origin or ancestry, disability or association with a person with a disability, arrest record, conviction record, sexual orientation, gender identity, marital status, pregnancy or childbirth, military participation, genetic testing, submitting to honesty testing, or use or non-use of lawful products off the employers premises during non-working hours.

The county pledges not to engage in illegal discrimination against employees or applicants in any employment activity including, but not limited to recruitment, hiring, job classification, firing, promotion, demotion, wages, benefits and training.

This section of the handbook sets forth the responsibility for compliance with EEO legislation and the methods of policy communication.

RESPONSIBILITY

It is the responsibility of the HR Deputy Director to instruct, counsel and provide training material to management staff on EEO related issues.

It is the responsibility of all participants in employment related decisions to be knowledgeable of, and to comply with the Outagamie County EEO Policy and federal, state and local legislation.

COMMUNICATION

Outagamie County complies with federal and state posting regulations by posting the required Equal Employment Opportunity is the Law notices at all facilities.

Each employment advertisement in any medium, or any other public announcement contains the Equal Opportunity Employer statement.

Each Outagamie County job description contains an Equal Opportunity Employer statement.

EXIT INTERVIEWS

The exit interview is a function of the Human Resources Department and is used as a tool to look at reasons for turnover, recommendations for improvement, and job satisfaction.

This section of the handbook outlines how exit interviews are managed.

SCHEDULING THE EXIT INTERVIEW

When termination notification is received in Human Resources, an exit interview link is forwarded by Human Resources via Survey Monkey to the exiting employee. While completing the survey, employees will have the option to notify Human Resources of their desire to meet personally to discuss their exit interview responses in greater detail. This email notification will also include a link to the Termination Frequently Asked Questions document.

The exit interview is voluntary.

The exit interview can be done on paid work time.

CONDUCTING THE EXIT INTERVIEW

When an in-person meeting is requested. Human Resources introduces the exit interview purpose, points out that it is voluntary, and reminds the exiting employee that the information obtained will be routed to the Human Resources Director, the employee's department head, the employee's supervisor or manager, and to the County Executive.

PROCESSING THE EXIT INTERVIEW

Human Resources will route the questionnaire after the employee's last paid day.

Exit metrics are provided to the Leg/Audit/HR Committee as requested or at least annually.

FAMILY and MEDICAL LEAVE ACT (FMLA)

Outagamie County complies with the federal and state Family and Medical Leave Act (FMLA), which requires employers to grant unpaid leaves of absence to qualified workers for certain medical and family-related reasons. The more generous of the two laws will apply to the employee if the employee is eligible under both federal and state laws.

Please note there are many requirements, qualifications, and exceptions under these laws, and each employee's situation is different. Whether an employee is eligible is determined by the number of hours they were paid (Wisconsin State FML) or have worked (Federal FML) within the past year of employment with Outagamie County and the health condition requiring the leave.

Reasons for Taking Leave: Under federal law, unpaid leave may be requested for pregnancy and prenatal care; pre-placement activities, birth, adoption, or foster placement of a child; or the serious health condition of a child, spouse, parent, domestic partner, or the employee. State law may have additional reasons defined.

Military Family Leave Entitlements: Under federal law, unpaid leave may also be requested by eligible employees who have any qualifying exigency arising out of the fact that the spouse or a son, daughter, parent, domestic partner, or next of kin of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the armed forces and may use their 12-week entitlement to address certain qualifying circumstances. Qualifying circumstances may include deploying on short-notice, attending certain military events, arranging for alternative child care and school activities, addressing certain financial and legal arrangements, attending certain counseling sessions, engaging in rest and recuperation, and attending post deployment reintegration briefings.

Employees wishing to request either of the Family Medical Leaves, should first have a conversation with their manager/supervisor to inform them of the need for a leave. Following that discussion, the employee should complete a leave request form, found on the Human Resources webpage. The Employee Leave Administrator will then review the leave and process accordingly.

Any employee with a serious health condition that misses more than three consecutive days of work is expected to open an FML claim by completing the online request form.

Outagamie County reserves the right to place a qualifying employee on Family Medical Leave, if the employee refuses to follow the outlined process.

FRINGE BENEFITS

Fringe benefits are types of compensation offered by the county to its employees in addition to wages. Fringe benefits are not offered to lease or employment agency workers.

Each fringe benefit has its own eligibility criteria, such as length of service. In addition, each type of benefit must be examined to determine whether it is available to any particular group of employees, such as regular full-time, temporary part-time, etc.

Unless otherwise stated, part-time employees are generally eligible for prorated benefits at such time as they average twenty (20) hours or more per week during each proration period.

References to "day" and "week" in the county policy refers to the part-time employee's prorated "day" or "week", e.g. a 50% employee's day is equal to 4 hours and a week to 20 hours.

Proration calculations are performed by Payroll and forwarded to each department.

Requirements for eligibility for certain benefits noted in other sections of the Employee Handbook (including, but not limited to, employer portion of health/dental insurance, vacation and sick leave and holidays) are based on the following: Full-time employees must receive pay for an equivalent of their Full Time Factor multiplied by ten (10) for each applicable month; pay to include wages for time worked, in addition to holiday, bereavement and jury duty paid hours, vacation, holiday, floating holiday, comp or sick hours used); Part-time benefit eligible employees must receive pay equivalent to their Part Time Factor multiplied by ten (10) at minimum. Full time employees have a factor of 8 (except those full time employees in roles working 7.5 hours per day whose Factor is 7.5). Part time factors are determined each Anniversary Date and provided to employees by the Payroll team or employee's department.

GRIEVANCES/COMPLAINTS

It is Outagamie County's standard to treat all employees equitably and fairly in matters affecting their employment. The county has established this Grievance section for an employee to utilize for matters concerning discipline, termination, or workplace safety covered by this Grievance section. This section of the handbook provides an employee with the individual opportunity to address concerns regarding discipline, termination, or workplace safety matters, to have those matters reviewed by an Independent Hearing Officer, and to appeal to the County Board.

Information on the complaint process is available to each employee by contacting the Human Resources Department.

The grievance shall mean a dispute regarding the application of county policies regarding an employee's discipline or termination of employment, or a dispute concerning workplace safety. No grievance shall be processed under this policy unless it is in writing and contains all of the following:

1. The name and position of the grievant;
2. A clear and concise statement of the grievance;
3. The issue involved;
4. The relief sought;
5. The date the incident or alleged violation took place;
6. The specific section of the policy or workplace safety rule alleged to have been violated; and
7. The signature of the grievant and the date.

The term "days" means regular business days, Monday through Friday, other than weekends and holidays, regardless of whether the employee or their classification is scheduled to work. The time within which an act is to be done under this policy shall be computed by excluding the first day and including the last day.

A "grievant" is an employee of Outagamie County and shall not include employees subject to a collective bargaining agreement addressing employee discipline, termination and workplace safety, statutorily appointed individuals identified specifically in statute as serving at the pleasure of an appointed authority, elected officials, and independent contractors. Any grievant may request a peer or outside representative of their choice to attend meetings related to the grievance. Any cost associated with external representation is the responsibility of the employee.

"Workplace safety" means those conditions related to physical health and safety of employees enforceable under federal or state law, or county rule related to: safety of the physical work environment, the safe operation of workplace equipment and tools, provision of protective equipment, training and warning requirements, workplace violence, and accident risk.

"Discipline" means oral reprimands (where a written record of the reprimand is placed in the employee's file), written reprimands, suspension, performance improvement plans, and demotion. Discipline does not include counseling, job coaching, paid administrative leave for pending investigation, change in job assignment or location, performance reviews, work plans, or corrective actions that do not include a reprimand or other adverse employment action.

"Termination" means discharge from employment. Layoffs (reduction in force), voluntary resignation, failure to return to work from a layoff, absences when not on an approved leave, job abandonment (no call / no show) and loss of license or certification. Inability to perform due to physical or mental condition are not considered terminations and are not subject to this process.

First Step

Within ten (10) days after the facts upon which the grievance is based or should have reasonably become known, the employee shall present the written grievance to their immediate supervisor, who will review the grievance with the department head. The department head shall give a

written answer within ten (10) days of receipt of the grievance, with a copy to the Human Resources Director.

An employee who has been notified of termination may process the grievance commencing at Step 3.

Second Step

If the grievance is not satisfactorily resolved at Step 1, it may be submitted by the grievant to the Human Resources Director within five (5) days after having received the answer in the First Step. After receipt of the written grievance by the Human Resources Director, they or the designated representative of the Human Resources Director will meet with the grievant in an effort to resolve the issue(s) raised by the grievance. Within ten (10) days after the meeting, the Human Resources Director shall respond to the grievance in writing.

The Human Resources Director shall also determine if the grievance is timely and if the subject matter of the grievance is within the scope of this policy and otherwise properly processed as required by this policy. If the Human Resources Director is aware of other similar pending grievances, the Human Resources Director may consolidate those matters and process them as one grievance.

Third Step

Upon the written request of the grievant in response to an adverse decision, the decision at the second step may be appealed by a written statement forwarded to the Human Resources Director, particularly describing the reason for appeal. The grievance will be referred to an Independent Hearing Officer (IHO), who will be designated by the County Executive. Any costs incurred by the IHO will be paid by the county. The IHO will convene a hearing in the manner the IHO determines necessary. The IHO shall have the authority to administer oaths, issue subpoenas at the request of the parties, and decide if a transcript is necessary. The IHO may require the parties to submit grievance documents and witness lists in advance of the hearing to expedite the hearing. The burden of proof shall be "a preponderance of the evidence". In termination and discipline cases, the county shall have the burden. In workplace safety cases, the employee shall have the burden. The IHO may apply relaxed standards for the admission of evidence, including allowing the admission of hearsay. The IHO may request oral or written arguments and replies. The IHO shall provide the parties a written decision.

The IHO may only consider the matter presented in the initial grievance filed by the employee. The IHO shall have the power to order only the following remedies: withdrawal of a verbal or written reprimand, reduction of suspension, and transfer to original position from demoted position, reinstatement with or without some or all back pay. All other remedial authority shall be subject to the determination and approval of the County Executive.

Fourth Step

Either party may appeal an adverse determination at Step 3 to the County Board, by filing written notice appealing the decision of the IHO in the Human Resources Director's office within ten (10) days of the decision of the IHO. The County Board shall, within thirty (30) days after submission of the appeal, schedule the review of the IHO's decision. The review will be conducted by the Board during a closed session meeting unless an open session is requested by the employee. The Board may make its decision based on the written decision of the IHO or the Board may examine any

records, evidence, and testimony produced at the hearing before the IHO. A simple majority vote of the Board membership shall decide the appeal within twenty (20) days following the last session scheduled for review. The Board will issue a final written decision, which shall be binding for all parties.

Timelines: Failure to process the grievance by the grievant within the specified time limit or agreed upon extensions shall constitute waiver of the grievance and will be considered resolved on the basis of the county's last answer. Failure of a management representative to meet the time limits shall cause the grievance to move automatically to the next step in the process. To encourage that grievances are addressed in a prompt manner, the time limits set by this policy are intended to be strictly observed and may not be extended except in extreme circumstances, and then only upon the express written consent of the parties.

Exclusive Remedy: This section of the handbook constitutes the exclusive process for the redress of any employee grievances as defined herein. However, nothing in this grievance section shall prevent any employee from addressing concerns regarding matters not subject to the grievance process with administration, and employees are encouraged to do so. Matters not subject to the grievance process that are raised by employees shall be considered by administration, which has final authority, subject to any applicable Board policy or directive, to resolve the matter.

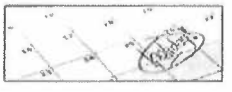
HEALTH INSURANCE

All regular employees who are hired at or are pro-rated at 20 or more hours per week are eligible for health insurance coverage. Eligible employees may choose either single or family coverage. In the event an employee has a spouse who is also a county employee, that employee and spouse may choose either two single plans or one family plan. Insurance becomes effective the first day of the month following one full month of employment or eligibility due to a change in status. Upon termination of employment or retirement, coverage will end at the end of the month of last day worked or last day on paid leave, whichever is later provided employee contributions for that month have been deducted from final paycheck or paid to the County Treasurer.

Health Insurance Choices: The county currently offers a Low-Deductible Health Plan and a High Deductible Health Plan with a Health Savings Account (HSA). Each of these plans are available for single or family coverage. Contribution rates are determined each year during the budget planning process. Specific details can be found on the Benefits Summary.

Health Savings Account (HSA): Effective on the first pay period following December 31st for employees who are enrolled in the High Deductible Health Plan, the county will contribute to an employee's Health Savings Account. The amount deposited into this account is also determined each year as part of the budget planning process and is based upon the employee's job status and health insurance coverage level in effect on January 1st of that year. The amount the county deposits into an employee's HSA account is not adjusted during the calendar year for changes to the employee's job status or health insurance coverage levels.

- HSA - New employees: For new employees who enroll in the Consumer-Driven Health Plan after January 1st of the calendar year, the county will contribute a pro-rated amount to the employee's Health Savings Account for that calendar year.



- HSA - Part-Time Employees: For regular part-time employees who work at least an average of twenty (20) hours per week, the county will contribute to the employee's Health Savings Account an amount equal to sixty-five percent (65%) of the amount contributed on behalf of full-time employees.
- Specific details regarding Health Savings Account contribution amounts can be found on the Benefits Summary.
- HSA – Payroll Deduction: As allowed by law, the county agrees to allow employees to contribute, through payroll deduction, additional funds to their Health Savings Account, up to the amount allowed by the IRS.
- HSA - Hold Harmless: The county will be held harmless for any employee eligibility issues or tax consequences caused by outside insurance coverage, inappropriate withdrawals, payroll deductions in excess of the allowable limits, or other matters beyond the county's control that would interfere with an employee's Health Savings Account eligibility.

Leave of Absences: Employees on official leaves of absence without pay, with the exception of USERRA (Military Leave) which allows COBRA for twenty-four (24) months, may elect continuation for up to eighteen (18) months under COBRA, and must pay the full premium to the County Treasurer by the 25th of the month for the following month's coverage.

Pursuant to 2019 Wisconsin Act 19, Outagamie County will pay health insurance premiums for the surviving spouse and dependent children of a law enforcement officer who dies in the line of duty. This coverage may continue until a surviving spouse remarries or reaches the age of 65, or to a surviving child until they reach the age of 26.

Retirees: Early Wisconsin Retirement annuitants and enrolled spouses may remain in the group policy, provided the retiree pays the full premium to the County Treasurer by the 25th of the month for the following month's coverage. Once the retired annuitant becomes eligible for Medicare, Medicare Coverage Parts A & B must be applied for and will become primary payer, while the group plan pays second.

Terminations/Change in Status Resulting in Reduction of Hours: Under federal COBRA regulations, terminated employees (except for terminations due to gross misconduct) and employees with reduction of hours due to change in status into a non-benefit eligible position that are/were enrolled in a county health plan may elect to continue group coverage for up to eighteen (18) months by paying the County Treasurer the required premium by the twenty-fifth (25th) of the month for the following month's coverage.

HOLIDAYS

The county observes and allows time off with pay for various holidays across departments. Any additional holidays will be designated by the county for each calendar year. The Holiday Calendar can be found on MyOC.org/Department/Human Resources/Administrative Support/Holiday webpage.

If one of these holidays falls on a Sunday, it will be observed on the following Monday. If the holiday falls on a Saturday, it will be observed the preceding Friday. However, if Christmas Day

and New Year's Day fall on the weekend, the following Monday will be the observed holiday; and if December 24th or 31st fall on the weekend, the preceding Friday will be the observed holiday.

To be eligible for holiday pay, employees must either work the actual/observed holiday itself, or work the last regularly scheduled workday preceding the holiday and the first regularly scheduled workday following the holiday, unless the employee is on approved paid time off. When a holiday falls within a period of leave without pay, the employee will receive no holiday pay. When a designated holiday falls on an employee's scheduled day off, an additional day off will be substituted. A "regularly scheduled day" is based on the proration amount of the employee, with a maximum of eight (8) hours per holiday.

Employees assigned to those departments that work a 24 hours, seven (7) day a week schedule will follow the specific holiday practices and schedules currently in effect in those departments.

All regular full-time and benefit-eligible part-time employees shall receive their regular compensation for county-observed holidays, based on their proration factor. Employees normally scheduled to work more than their prorated holiday hours may use vacation, floating holiday, or comp time to make up for the difference unless the employee is already scheduled to work on that day. Non-Exempt/hourly employees required to work on a holiday will receive overtime pay of time and one half for all hours actually worked or given compensatory time off at a rate of time and one half for anything worked over 40 hours in the week, in addition to holiday pay. As always the use of compensatory time is to be scheduled at the mutual convenience of the employee and their supervisor and in accordance with the provisions of applicable law, but must be used within the year it was earned. Unless previously granted an exception, exempt employees who are required to work on a holiday will be eligible, based on the departments use of compensatory time, to earn compensatory time for all hours worked over 40 (Grades 100-165) or 45 (Grades 170 and over) in the week. This time must also be scheduled at the mutual convenience of the employee and their supervisor, but does not need to be used within the year it was earned. Departments that do not use compensatory time have the option to allow the employee to flex their schedule due to additional hours worked on the holiday, within the holiday week. Exempt employees are not eligible for overtime for time worked on holidays and not eligible for straight pay for hours paid over 40 in that week, unless previously granted an exception. For shift pay purposes, the holiday shall be defined to include those shifts which start on the actual holiday.

Floating holidays are paid leave not tied to any particular day (as are county observed holidays), and are available for use at a time mutually agreeable between the employee and their supervisor, and can be taken in increments no smaller than fifteen (15) minutes. Like county observed holidays, full-time employees receive credit for a full day's time, not to exceed eight (8) hours, and part-time benefit eligible employees will receive a pro-rated amount.

Floating holidays will be available for employee use upon hire and must be used within the calendar year granted with the following exception:

New employees hired prior to July 1 are eligible for floating holidays, and those hired on or after July 1 are not eligible for any floating holidays during that calendar year.

If an employee moves from one department, role or shift to another that has a different floating holiday schedule, any floating holidays they are eligible for will be based on the transfer date into the new role or status.

If they move to the new role prior to July 1st, they will acquire the floating holiday count for their new department, role or shift less any hours that they have already used. If they move July 1st or later, there is no change and they will keep the balance they had at the beginning of the year, less any floating holidays used.

Employees are not allowed to use floating holidays during the two weeks of notice to terminate or retire from employment. No pay-out of floating holidays will be made.

The total number of holidays (including observed and floating) that all employees receive annually is 12. A matrix of observed holidays and floating holidays by department/role/shift are listed on the intranet.

IDENTIFICATION CARDS

Outagamie County is committed to providing a safe and secure environment for its employees and those who visit Outagamie County. In order to maintain a safe and secure environment for employees and visitors, and to ensure the public that individuals providing services on behalf of the county are indeed county employees, all Outagamie County employees shall display an identification card while performing their job. This section will outline the responsibility, identification card information, requirements for wear, new employee process, and replacement and use of employee identification cards.

In most cases, the responsibility to issue identification cards to all Outagamie County employees lies with the Human Resources and Maintenance Departments, with Human Resources issuing the badge and Maintenance establishing security access.

There may be some off-site locations that print and administer their own badging process.

REQUIREMENTS FOR WEAR

All Outagamie County employees, County Board members, temporary contract workers, State employees assigned to the county location and county emergency personnel shall obtain an identification card. Volunteers may be given a department temporary card or individual card based on length of and type of assignment.

The identification card should be worn while performing duties as an Outagamie County employee, and must be used to swipe in and out of employee entrances and exits.

All Outagamie County employees (exceptions may be made by department heads due to safety or uniform requirements) should wear their identification card on the front of their person on their outermost garment.

Outagamie County will provide the cardholders. An employee may obtain their own cardholder.

Departments shall ensure that their employees are wearing the identification card.

Supervisors of volunteers or temporary contract employees should contact the Human Resources Department if a card needs to be issued for an individual.

NEW EMPLOYEE IDENTIFICATION CARD PROCESS

New employees will fill out an Outagamie County Employee Identification Card Information Sheet and will submit a headshot picture to be used for their badge, prior to their first day of hire.

Contract workers who are determined to need an individual identification card must fill out the Contractor Identification Card form located on the HR website and have it filled out and signed by a supervisor.

Badge information created for new employees is provided to the maintenance department, who will then establish facility access for designated departments.

REPLACEMENT AND USE

If an employee forgets their identification card, they may obtain a temporary department identification card to wear for that day. This should be obtained through the employee's department.

If an employee misplaces their identification badge, they may use the department temporary card for up to one week. The employee should immediately notify their supervisor or Maintenance so the security access can be disabled. If the employee has not located their card in one week, a new card must be obtained through Human Resources.

Upon termination, all employees shall surrender their identification card to their supervisor or Human Resources. All Supervisors shall collect Id badges as part of the termination checklist process. If an employee refuses to surrender the badge or does not have the badge the supervisor shall immediately contact Maintenance so the badge can be disabled.

Any employee who is found to have used their identification card for purposes other than for authorized Outagamie County business, or who allows another person to use their identification card for personal use, will be subject to the discipline process.

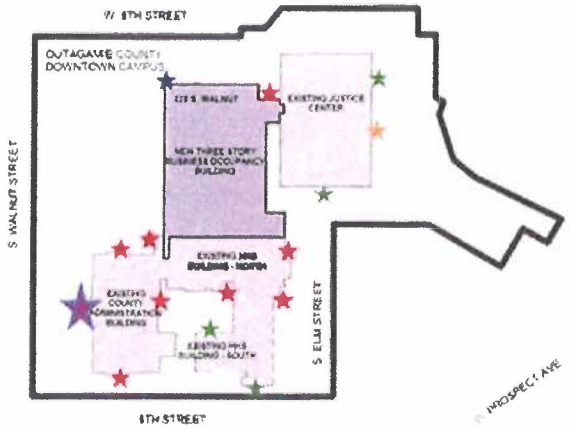
If an employee changes department or name, the supervisor or employee may contact the Human Resources Department for a new identification card.

If the identification card is broken, worn, or no longer works for security access, the employee should contact Maintenance for a replacement card.

BADGING IN/OUT OF THE BUILDING

All visitors MUST use the Main Visitor Entrance and be cleared through CJU security. Visitors must also exit through the public exit near the front door security.

All employees should utilize the Employee Only Entrances rather than the Main Visitor Entrance whenever possible. If an employee forgets their access card, they shall be required to enter at the visitor's entrance and go through security screening. Employees shall not let other employee in through the employee entrances.



When using the Main Visitor Entrance employees will be screened just like the general public
All employees MUST badge OUT of the building when exiting at the Employee Only Entrances (do not need to badge out of exits with green stars on the map) Employees should listen for the beep to ensure their badge was recorded. If a beep is not heard they should rescan their badge.

It is not necessary to close the door between entering/exiting employees, but each employee MUST badge in/out individually.

If you accidentally sound the alarm when exiting, please immediately badge out and the alarm will clear

All building entrances are monitored by video camera.

The CAB West Entrance onto the front lawn/plaza (large purple star on the map) is NOT available to employees or visitors to enter or exit, other than emergency evacuation.

INCLEMENT WEATHER

The safety of our employees is a priority for Outagamie County. We realize there are emergency situations caused by inclement weather. This inclement weather section outlines how the county will handle notification and pay of employees in such situations.

Inclement weather may make it impossible for employees to come to work, or it may require employees to leave work before the end of normal office hours. Employees may request that this time off be charged to unused vacation, leave without pay, or choose to "make-up" the lost time, consistent with flex, comp-time and Fair Labor Standards Act requirements. In addition, contrary to the unpaid leave policy, employees may use, leave without pay,, even if they have available vacation to use. All arrangements must be confirmed with department approval.

Note: Due to the nature of services provided at 24/7 facilities, employees at those locations are expected to make arrangements for safe and timely arrival for all scheduled shifts, wherever possible.

There are no provisions to close the county offices. However, it may be determined that it is appropriate to cancel or postpone work in a particular department because of inclement weather. If this determination is made, a general announcement will be made over the following radio stations: WPKR (99.5 FM), WIXX (101.1 FM), and WNCY (100.3 FM), WTAQ (1360 AM), WHBY (1150 AM), WNAM (1280 AM), and WAPL (105.7 FM).

Updates and announcements will be sent via e-mail and also included on the County Executive Facebook page.

JOB SHARING

Outagamie County, recognizing the importance of balance between work and family/life issues, supports the concept of job sharing. This section identifies the conditions under which job sharing will be approved and the process for approval.

CONDITIONS

Job sharing is not an entitlement. Management retains the right to approve, reject or cancel a job share request or agreement based on the business needs of the county.

Work quality, productivity and level of service cannot be compromised by the sharing of a position.

The value of the work performed must be shared on a relatively equal basis.

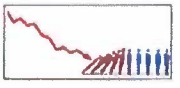
Cost (wages and benefits) to the county for a shared job must approximate the cost of the same position when not shared.

The hours of the job may not be expanded to gain a "forced advantage." For example, a 37½ hour position cannot be expanded to 40 hours in order for both to be eligible for benefits.

PROCESS

An employee requesting a job share arrangement should direct a written request to their immediate supervisor/manager.

A supervisor/manager initiating a job share request or in support of an employee request, should document their position relative to the request and route for review and approval by their immediate supervisor, department head and Human Resources.



Components of the job share agreement such as the division of hours, split of duties and other relevant terms will be documented for inclusion in the job share request.

Employees involved in a job share arrangement must sign a Job Share Agreement, which can be obtained from Human Resources.

In the event a job share request is denied, the requestor will be notified by their immediate supervisor of the decision and the reason(s) for that decision.

Copies of the request, all supporting documentation and the signed job share agreement will be maintained in each job share employee's personnel file.

Monitoring of the job sharing process at Outagamie County is the responsibility of the Department and the Human Resources Department.

LAYOFF AND RECALL

If Outagamie County determines that it must reduce employment because of adverse economic or other conditions, then layoffs and recall from layoffs will generally be conducted in a manner that is consistent with Outagamie County requirements and in accordance with the process described below.

Employees shall be laid off as determined by the county until the work force is reduced to the required number. Employees shall be rehired as determined by the county. The employee shall be notified in writing.

The county shall pay the county's share of the premium for Health, Dental, Long Term Disability and Life Insurance for the remainder of the month of layoff where the enrolled employee has not received pay for at least ten (10) regular workdays during the month of layoff, or the county shall pay the county's share of the premium for Health, Dental, Long Term Disability and Life Insurance for one additional month following the month of layoff where the enrolled employee has received pay for at least ten (10) regular workdays during the month of layoff.

Employees who continue on layoff after the county no longer pays the county's share of the premiums may exercise their COBRA rights by paying the full cost of the premium in advance by the twenty-fifth (25th) of the month for the following month's premium. Upon return from layoff, so long as the employee receives pay for at least ten (10) regular workdays during the month of return, the county shall reimburse to the employee the county's share of the Health, Dental, Long-Term Disability and Life Insurance premiums that the employee had previously paid for that month of return.

LIFE INSURANCE

Outagamie County provides group life insurance for full-time employees~~. All employees are~~, and will be eligible the 1st of the month following ~~six (6)~~ one (1) full months of continuous employment.

The cost of this coverage is paid for in full by the county and coverage is $50,000.

Revision Date: July 2024

Within thirty-one (31) days of termination, the employee shall have the opportunity to elect conversion to a personal policy. Application can be obtained through the Human Resources Department.

In the event of an unpaid leave of absence or layoff, employees can elect up to twelve (12) months of continuation by paying the group rate premium to the county Treasurer by the 25th of the month for the following month's coverage.

If the unpaid leave is a medical leave, the county will pay the premium during the elimination period for the waiver of the life premium until the waiver of the life premium begins or until the waiver of life premium is denied.

LONG-TERM DISABILITY

All regular, full-time employees are eligible for long-term disability coverage. Premiums are fully paid by the county.

Coverage becomes effective the first of the month following ~~three (3)~~one (1) full months of continuous employment of eligibility.

Provisions of the plan are contained in the plan booklet.

In the event an employee is on an unpaid leave of absence or layoff, they can elect up to three (3) months of continuation by paying the group premium to the Outagamie County Treasurer by the 25th of the month for the following month's coverage. If the unpaid leave is a medical leave, the county will pay for the six (6) month elimination period.

MEAL AND REST BREAKS

While lunch and rest breaks are not mandated by law, the county encourages departments to provide a break of at least 30 minutes at or near the usual meal period, whenever operationally possible.

Employees are eligible for a 15-30 minute unpaid meal break each day. If a non-exempt / hourly employee is required to work through a meal break, they will be paid for the meal period. Meal and rest breaks will be scheduled by the department supervisor or manager. It is not acceptable to skip a normally taken lunch break in order to shorten the workday.

As coverage needs allow, employees may also be able to take two paid personal breaks of fifteen (15) minutes throughout their workday. Such fifteen (15) minutes shall be computed from the time the employee leaves their work station until they return to said work station.

Employees under the age of 18 must be given a 30 minute unpaid, uninterrupted meal break if they have worked six hours or more.

MILITARY LEAVE

GENERAL INFORMATION

All Outagamie County employees who are serving, have served, or will serve in the uniformed services are covered under this policy, regardless of length of employment or part-time or full-time status. "Employee", however, does not include contracted staff, and may not include seasonal or temporary staff who worked for a brief, nonrecurring period where there is no reasonable expectation that the employment would have continued indefinitely or for a significant period.

"Service in the uniformed services" covers all categories of military training and service, including duty performed on a voluntary or involuntary basis, in time of peace or war, and includes a period of absence for an examination to determine the fitness of the employee to perform such duty, absence for the purpose of performing authorized funeral honors duty, as well as travel time to allow the employee to arrive at the duty station fit to perform the service and, depending on the duration of service, the amount of notice received, and the location of the service, additional time to rest or to arrange affairs and report to duty.

Uniformed services includes the U S Armed forces; Army National Guard and Air National Guard when engaged in Federal orders for active duty for training, inactive duty training, or full-time National Guard duty; the commissioned corps of the Public Health Service; any other category of persons designated by the President in time of war or national emergency; and service as an intermittent disaster response appointee of the National Disaster Medical System (NDMS) when federally activated or attending authorized training in support of their Federal mission.

PRIOR TO BEGINNING THE LEAVE

It is the employee's responsibility to inform Outagamie County in advance, whenever possible, of the intent to be off work for military leave. This notice can be verbal or written.

A copy of the military orders or a Leave and Earnings Statement (LES) is required by the county in order for the employee to take advantage of any military stipend pay and/or validate the right to claim the county's share of the Wisconsin Retirement System (WRS) contribution be made on their behalf upon reemployment.

Additional information regarding benefit coverage may be forwarded to the employee depending on the length of time the employee is expected to be off work.

DURING THE MILITARY LEAVE

During the period of uniformed services, the employee is considered on the employment status of "leave of absence" and is entitled to length of service-based benefits. Specifically, Outagamie County length of service-based benefits include:

Military stipend. The applicable Union contract, or Employee Handbook may provide for additional pay for a short period of time, if the military pay is less than the pay the employee would have received from the county for that same period of time. Proof of the amount of military pay received must be provided to Payroll in order to calculate any amount due.

Insurance coverage. County sponsored health, dental, life and long term disability insurance coverage will continue through the end of the month in which the employee is last paid prior to the start of the military leave of absence. Effective the first of the following month for military leaves expected to exceed 30 days, the employee is eligible to exercise their COBRA rights by paying the full premium for health and dental insurance for up to twenty-four (24) months.

If the employee returns to work with an absence of fewer than thirty-one (31) days, the premium amount paid for that COBRA continuation will be refunded to the employee. Also effective the first of the following month, the employee is eligible to continue the long term disability insurance coverage for up to three (3) months and life insurance coverage for up to twelve (12) months by paying the full premium.

Step increases and base salary increases. The length of time the employee is on military leave of absence will be credited towards any step increase(s) and/or base salary increase(s) he/she would have otherwise been awarded during that absence. Those adjustment(s) in the wage rate will be made following the employee's reemployment with Outagamie County.

Seniority. Where seniority exists in an applicable collective bargaining agreement, the length of time the employee is on military leave of absence will be credited towards seniority as though the employee was not absent.

During the period of uniformed services, the employee is considered on the employment status of "leave of absence" and is not entitled to non-length of service-based benefits. Specifically, Outagamie County non-length of service-based benefits include:

Holiday pay. Employees are required to be paid a certain number of scheduled day(s) prior to and following the fixed holiday(s) that are listed in the Employee Handbook in order to be paid the holiday pay.

Floating holiday pay. Employees who are awarded one (1) or more floating holiday(s) at the beginning of a calendar year are able to use that / those day(s) during military leave upon request and with approval of their supervisor. Note that floating holiday(s) do not carry over into a new calendar year. If the floating holiday(s) are not used prior to the end of a calendar year, they are lost and will not be reinstated.

Vacation allotment. Earning vacation time is tied to satisfying the definition of "full month of service". The definition of "full month of service" can be found in the Employee Handbook. For each full month of service an employee satisfies that definition, they earn one-twelfth (1/12th) of their allotment of vacation for use during the following anniversary year. Conversely, for those months when an employee does not satisfy that definition, they do not earn any vacation time. Any earned vacation hours not spent prior to or during an employee's military leave of absence will be held in trust pending the reemployment of that employee.

Sick leave accrual. Sick leave accrual is tied to the employee satisfying the definition of "full month of service". The definition of "full month of service" can be found in the Employee Handbook. For each full month of service an employee satisfies that definition, they earn one (1)

day of sick leave time available for use the first of the following month. "Day" is defined as the number of hours an employee normally works, with full-time status equaling seven and one-half (7½) hours or eight (8) hours and part-time status equaling a prorated amount compared to full time status. Any earned sick leave not spent prior to an employee's military leave of absence will be held in trust pending the reemployment of that employee.

Wisconsin Retirement System (WRS) contributions. WRS is a contributory defined benefit plan with a vesting schedule as well as employer and employee required contributions. During a military leave of absence, no WRS contributions will be made to the employee's account. Additionally, no creditable service will be deemed unless a USERRA certification is completed. Adjustments may be made following the employee's reemployment.

GENERAL ELIGIBILITY REQUIREMENTS FOR REEMPLOYMENT.

To be considered for reemployment following their military service, the employee must have met all of the following conditions:

a) The employee must have given reasonable advance notice, most often at least thirty (30) days, to the county of their intent to leave work for military service. That notice can be either verbal or written, may be informal and is not required to follow a certain format. [Note: Submission of specific documents is, however, required for Wisconsin Retirement System (WRS) purposes.] In the event an employee is unable to provide advance notice because of, for example, the classified nature of the service, Department of Defense regulations allow an "appropriate officer" to give notice on the employee's behalf. [Note: Under Wisconsin law, an employee enlisted in the U S Armed Forces is not required to give their employer advance notice of the need for leave.]

b) The employee has been absent from work for Outagamie County because of their military service for a cumulative five (5) years or less in any combination of U S Armed Forces service and / or National Guard Federal duty. In addition, other military leaves may also not qualify in the five (5) year maximum (see USERRA 1002.103 for complete list). [Note: National Guard members who serve under State orders are allowed a cumulative maximum absence of up to four (4) years.] Regardless, it is the employee's responsibility to provide documentation as to the exact length of the cumulative military leave of absence, upon request of the county.

c) The employee returns to work or applies for reemployment, either verbally or in writing, in a timely manner.

An employee returning from U S Armed Forces duty or Federal National Guard duty must report to work or submit a timely application for reemployment depending upon the length of service as follows:

a) Period of Service less than thirty-one (31) days or for a period of any length for the purpose of a fitness examination. The employee must report to work no later than the beginning of the first full regularly scheduled work period on the first full calendar day following the completion of the period of service and the expiration of eight (8) hours after a period allowing for safe transportation from the place of that service to the employee's residence.

b) Period of service more than thirty (30) days but less than one hundred and eighty one (181) days. The employee must submit an application for reemployment, which can be written or verbal, not later than fourteen (14) days after completing service.

c) Period of service more than one hundred and eighty (180) days. The employee must submit an application for reemployment, which can be written or verbal, not later than ninety (90) days after completing service.

d) If, however, the employee is hospitalized for or convalescing from an illness or injury incurred in or aggravated during the performance of the service, they must report to or submit an application for reemployment at the end of the period necessary for recovery from the illness or injury. Absent extenuating circumstances, this period may not exceed two (2) years from the date of the completion of service.

e) The employee has not been separated from military service with a disqualifying discharge or under other than honorable conditions; is not absent from service without authority for more than three (3) months; is imprisoned in a civilian court; or was dismissed by court martial. [Note: the employee may be required to provide documentation to prove the condition(s) of the military separation.]

REEMPLOYMENT RIGHTS AND BENEFITS

Absent other circumstances and so long as the criteria listed in this policy have been met, the employee has the right to prompt reemployment. As an example, "prompt reemployment" is considered generally practicable by the next scheduled work day following National Guard duty; and within two (2) weeks of the employee's application for reemployment following several years of active duty in the U S Armed Services.

Generally speaking, the employee is entitled to reemployment in the position they would have attained with reasonable certainty if not for the military absence. This "escalator principle" takes into consideration such factors as the position the employee left, the employee's length of service, qualifications, and disability (if any). The reemployment position may be either the escalator position; the pre-service position; a position comparable to the escalator or pre-service position; or the nearest approximation to one of these positions, depending on the circumstances.

The employee may be required to take qualifications tests, become relicensed or recertified, or be retrained in order to assume such position. The course of action will be determined by Outagamie County on a case-by-case basis.

The county's obligation to grant the returning service member reemployment rights may result in adverse consequences and cause an employee to be laid off, or even terminated.

The wage rate paid to the employee on reemployment will take into account the escalator principle, and in combination with language found in an applicable collective bargaining agreement or Employee Handbook and employment practice(s), will result in the military leave of absence time being allowed to "credit" time towards a step increase(s) and/or longevity increase(s) that would have occurred with reasonable certainty if the employee had not been away in military service.

The time-in-grade toward any next step increase(s) and/or base salary increase(s) that were missed because of the employee's military leave of absence, will be determined and their rate of pay will be adjusted accordingly so that the rate of pay on reemployment will begin immediately upon the employee's reemployment.

A reemployed employee who belongs to a Union with seniority rights will be granted seniority credit equal to the military leave of absence time as though the employee had had no military leave of absence.

A reemployed employee who would otherwise be eligible for Federal or Wisconsin Family and Medical Leave (FML) but for the military leave of absence, will be credited with the number of hours of work they would have normally been scheduled to work during that military leave of absence, toward their eligibility requirements for the FML.

Upon reemployment, the employee must make a choice regarding catch-up contributions to the WRS. An employee can choose to make all, some or none of the employee required make-up contributions. Contributions can be made within a timeframe beginning with the date of reemployment and ending either three (3) times the period of military service or five (5) years, whichever is shortest. Be advised the degree to which the county's contribution to the employee's WRS account will be made is determined by the degree to which they make their own WRS contribution. However, any vested amount already in the employee's WRS account will not be affected by the decision whether to participate in making up the missed contribution(s).

Reinstatement of health, dental, life and long term disability insurance coverage is not subject to a waiting period, although service-related injuries or illnesses may create an exclusion of coverage. If there has been a lapse in coverage, the employee must complete enrollment applications within thirty (30) days of the date they returned to work. Reemployed employees are subject to the same insurance carrier(s) and plan(s) as those offered to all other Outagamie County employees.

Any sick leave or vacation balance(s) will be available to the reemployed employee without a waiting period, and future accruals will be subject to the satisfaction of the definition of "full month of service" provisions of the Employee Handbook. If the employee's anniversary date passed during their military leave of absence, they will be credited with one-twelfth (1/12th) of their vacation allotment earned prior to the beginning of the leave of absence for each of the months they satisfied the definition of "full month of service". Specific approval of a request(s) to use vacation time following reemployment is subject to the practices of the reemployed employee's department and the Employee Handbook language in effect at the time of the request.

If a reemployed employee whose most recent period of military service was:

a) between thirty-one (31) and one hundred and eighty (180) days, they must not be terminated without cause during the first one hundred and eighty (180) days following his/her date of reemployment; or
b) greater than one hundred and eight (180) days, they must not be terminated without cause during the first one (1) year following his/her date of reemployment.

DISCLAIMER

This information is published to provide a general overview and encourage a basic understanding of the interaction of the various military leave laws and the practices of Outagamie County. It is

not, however, intended to be an exclusive or all-inclusive document that will cover all parameters of all the various regulations that impact the employee and/or Outagamie County when an employee takes a military leave of absence. Management staff and employees are encouraged to contact Human Resources for additional information or to obtain answers to questions or concerns that may arise.

OFF DUTY CONDUCT

Generally, employees are held accountable for their actions and behaviors while working. However, as a public organization providing services to our community, there are certain instances where employees may be held accountable for actions or behaviors while off-duty, as well.

FIRST AMENDMENT RIGHTS

The content of free speech (both online and offline) covered under the First Amendment by an employee is not restricted but for a narrow category. Employee protections under the First Amendment apply in most but not all circumstances. First, speech is only protected by the First Amendment when you are speaking as a private citizen. If their speech is part of their official job duties, then the employee may be disciplined including up to termination. Second, even if an employee is speaking as a private citizen you can be disciplined by your employer for certain conduct. If you are speaking as a private citizen on a matter of public concern, the First Amendment will *not* protect your speech. If you are speaking on a matter of public concern, the First Amendment will not protect your speech if your right to speak freely is outweighed by the County's interest in efficiently fulfilling its public services. This determination can consider factors such as whether the speech could interfere with the performance of the employee's duties, the nature of the relationship between the speaker and those toward which the speech was directed, and whether the speech could create a hostile work environment.

OTHER OFF DUTY CONDUCT

Employees who engage in certain conduct while off duty may also be subject to discipline if substantially related to the County's interests. Whether or not an action or behavior is substantially related is determined on a case by case basis. Employees may be disciplined, suspended or potentially terminated if they engage in any of the following:

1) Illegal Conduct, regardless of whether the conduct results in arrest or conviction, which substantially relates to the job duties of the position held by the employee, or the interests of the County.

2) The use or possession of illegal drugs, including prescription drugs which have not been prescribed to the employee, and where the use and/or possession bears a substantial relationship to the job duties of the employee or the interests of the County.

3) Harassment of any person, where such harassment creates a negative effect on the work environment for an employee of the County, a vendor who provides services for the County, a client of the County, or any individual who has a substantial relationship with Outagamie County such that the harassment creates a hostile environment.

OVERTIME

When required by the needs of the business or by County policy or contract, employees may be required to work or get paid for overtime. Overtime is generally due to working hours in excess of 40 hours in a workweek for most county employees with various exceptions that follow in this section or appendix. Unless noted elsewhere, non-exempt employees, will be paid time for overtime at one and one-half their regular rate of pay for all hours worked over 40 hours in a work week. For the purposes of computing overtime, all authorized paid leaves of absence are considered time worked. All overtime must be approved in advance by a supervisor or manager.

Sheriff's Department: Overtime in certain Sheriff's Department areas are determined by Section 7(k). Section 7(k) of the Fair Labor Standards Act provides that employees engaged in law enforcement may be paid overtime on a "work period" basis. A "work period" may be from seven (7) consecutive days to 28 consecutive days in length. For work periods of at least 7 but less than 28 days, overtime pay is required when the number of hours worked exceeds the number of hours that bears the same relationship to 171 as the number of days in the work period bears to 28. For example, law enforcement personnel must receive overtime after 86 hours worked during a 14-day work period.

Eligibility for overtime compensation is determined by individual department and in accordance with the Fair Labor Standards Act as noted below.

- Non-exempt employees are eligible for overtime pay at the rate of time and one-half for all hours worked in excess of forty (40) in a given work week. Where applicable within the department, compensatory time may also be used, also at a rate of time and one-half.
- Exempt employees are not eligible for overtime. Unless previously granted an exception, exempt employees are only eligible to earn compensatory time, if the department allows, for hours worked over 40 in a week for Grades 100-165 or over 45 hours in a week for Grades 170 and over.
- Brewster Village: As determined by the Fair Labor Standards Act, all applicable seven day a week health care and maintenance staff will earn overtime over 8 hours in a day and over 80 in a two week period. All other Brewster Village staff will earn overtime over 40 hours in a workweek.
- Sheriff Department staff exceptions when paid overtime or different than general categories:
    - Correctional Officer - Over 171 hours in a 28 day cycle or outside of their normal schedule. Part- time staff will only earn over 171 hours in a 28 day cycle.
    - Operations Assistant - For 5/2 and 5/3 shift staff, over 40 hours in a work week or outside of their normal schedule.

- Telecommunicator - For 5/2 and 5/3 shift staff, over 40 hours in a work week or outside of their normal schedule. Part-time staff will only earn over 40 hours in a one week period.
- Records Specialist - Over 40 hours in a work week. Telecommunications Supervisor - Over 40 hours in a work week.
- Staff Sergeant - Earn comp time at straight-time regular rate but are paid overtime on any hours worked outside of their normal schedule.

- Highway (with the exception of eligible Recycling and Solid Waste department employees) - Earn overtime over 10 hours in a day and/or 40 hours in a workweek and for all hours on Sunday. Recycling and Solid Waste department eligible employees only earn overtime over 40 hours in a workweek.

For Brewster Village employees, holidays, vacations, sick leave, and bereavement leave shall be considered time worked for the purpose of overtime, provided, however, that employees on a seven (7) day per week schedule shall not have the hours of holiday pay (8) considered as time worked for the purpose of computing overtime, unless such holiday falls on a scheduled workday and the employee is given the day off as holiday off time. Employees who work a double shift at the direction of the county shall receive eight (8) hours pay at the straight-time rate for the first shift and eight (8) hours overtime pay (time and one-half) for the second shift and may be provided with a meal during the second shift at no cost to the employee.

PAID ADMINISTRATIVE LEAVE

Administrative leave occurs when an employee must temporarily leave their position and work duties for a certain time period. Administrative leave differs from a leave of absence because a leave of absence is an authorized absence from work for an extended time period and granted due to dispensary reasons. Any paid administrative leave must be approved by Human Resources and the Department Head prior to communicating to the employee or entering a personal action.

PARKING

Designated employee parking spaces are required for each county facility to ensure ample parking for all employees.

Maintenance Department issued parking permits are required for all workers (County/State employees, and contract workers) based at the Outagamie County Government Center and parking on county-controlled lots within the Outagamie County Government Center. Although all reasonable attempts shall be made to afford free parking to employees, such a benefit is not guaranteed.

For employees who move to the Outagamie County Government Center from an outlying campus (Highway/Solid Waste, Airport, UW Extension/Ag/Brewster), the employee must complete and submit a parking permit request form to the Maintenance Department. The permit will be issued and sent to the employee via interoffice mail.

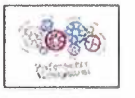
PAY REMITTANCE AND DEDUCTIONS

Pay can be viewed via self-service functionality in the Human Resources-Payroll system. If a pay day falls on a federal holiday, employees will receive their pay on the preceding workday. Pay is directly deposited into the employee's checking and/or savings accounts. Direct deposit is mandatory for all employees.

The following deductions are mandatory and are made each pay period, unless exempt by law:

a) Federal Withholding Tax
b) Social Security
c) State Withholding Tax
d) Wisconsin Retirement Plan

Various deductions may be made from the employee's pay when so authorized by the employee. Noted below are a few examples:



a) Deferred Compensation
b) Insurances
c) Flexible Spending
d) Health Savings Account

Circumstances in Which Outagamie County May Make Reductions from Pay for Exempl/Salary Employees: Reductions in pay are permissible when an exempt employee is: absent from work for a partial day or one or more full days for personal reasons other than sickness or disability and/or for absences of a partial day or one or more full days due to sickness or disability, if the reduction is made in accordance with a bona fide plan, policy, or practice of providing compensation for salary lost due to illness, to offset amounts received as jury or witness fees or for military pay; or for unpaid disciplinary suspensions of one or more full days imposed in good faith for workplace conduct rule infractions.

Also, Outagamie County is not required to pay the full salary in the initial or termination week of employment for penalties imposed in good faith for infractions of safety rules of major significance or for weeks in which an exempt employee takes unpaid leave under the Family and Medical Leave Act. In these circumstances, either partial-day or full-day reductions may be made.

Outagamie County Policy for Employees Paid on a Salary Basis: It is Outagamie County's policy to comply with the salary basis requirements of the Fair Labor Standards Act. Except as noted, any county official is prohibited from making any improper reduction from the salary of exempt employees. Outagamie County wants its exempt employees to be aware of this policy and to know that Outagamie County does not allow reductions that violate the Fair Labor Standards Act.

What to Do If an Improper Reduction Occurs: If an employee believes an improper reduction has been made from their salary, the employee should immediately report this to their supervisor or the Human Resources Director. Reports of improper reductions will be promptly investigated. If it is determined that any improper reduction has occurred, the employee will be promptly reimbursed for any improper reduction. The provisions of this section apply to Fair Labor Standards Act exempt employees and are in accordance with the county's policy of ensuring public accountability of its employees.

PERFORMANCE EVALUATIONS AND SALARY ADMINISTRATION

The purpose of the annual performance evaluation is to assess an employee's work effectiveness and to discuss good performance while also identifying areas for development. Performance evaluations are considered in decisions affecting placement, salary advancement, overtime assignments, promotions, demotions, termination, order of layoff, reemployment, and training. Acknowledgement of the performance evaluation discussion must be completed in Tyler-Munis before a personnel action for the resulting step increase is submitted. No step increase will occur until the evaluation discussion has occurred. Performance evaluation are not required for Casual Call employees, as they are not eligible for step increases.

Human Resources is responsible for the overall administration of the employee performance evaluation and salary administration processes and takes an active role in advising and assisting employees, supervisors, and department heads to ensure that performance evaluation processes are handled according to the provisions of the program and result in meaningful discussions for the employee.

The purpose of salary administration is to fairly allocate each position in the county to a wage grade in such a manner as to maintain equity between positions, balancing such job duties/factors as education required, impact of errors, and supervision exercised. It also sets initial hiring rates and salary ranges, as well as promotion guidelines, and sets standards and processes for performance evaluations and step increases.

The Human Resources Director can recommend necessary amendments in the compensation program to the County Executive and County Board's Legislative Audit / Human Resources Committee.

The County Executive may seek the input of the various committees, commissions, and boards, as needed in the evaluation process.

New employees will normally be hired at the lower end of the pay grade established for their position. However, a new employee's starting wage may be at a higher step of their pay grade if warranted by such reasons as exceptional qualifications or competitive market conditions. Discussion with the Human Resources Recruiter and approval of the department head and the Human Resources Director is required before a starting salary above the pay grade minimum may be offered to a new hire.

At twelve month intervals following the employee's date of hire, reclassification, or promotion, the employee will be eligible to advance to the next highest step within the employee's pay grade.

Regular part-time employees in the Sheriff's Office (in positions formerly a part of the OCJCA employee group) will be eligible for step increases as long as their proration is 20 or more hours per week after 12 months. Conversely, in the Sheriff's Office, full time employees who take a part time position that is less than 20 hours per week will be frozen at their current step and will not be eligible for step increases while in that part time status.

At twelve month intervals following the employee's date of hire, reclassification, or promotion; both the employee and the employee's manager/supervisor will complete a comprehensive evaluation of the employee's performance for the previous twelve months and will establish goals or areas of focus for the coming year. For all employees, the manager/supervisor will then finalize the evaluation by determining approval, denial, or delay of step increases performance or other wage schedule requirements.

The Step Program is dependent on budget conditions and may be put on hold by approval of the County Executive and County Board.

Other than in the case of annual step progression within the Deputy Sheriff's Association, advancement in the pay grade is predicated on the employee meeting the key expectations of their position and as defined by the job description, as well as the standard county evaluation categories outlined in the evaluation form. Step increases shall occur at the beginning of the pay period following the employee's date of hire or adjusted date of hire.

In cases of poor performance, the department head or County Executive may, after conferring with the Human Resources Director, withhold or delay a scheduled general base salary adjustment for an employee. These actions apply to those situations where the employee's job performance is unsuitable for the employee's step position within their pay grade. Disagreement with the performance evaluation is not grievable under the Employee Complaint process.

An employee promoted or reclassified to a position in a higher pay grade will be put at that step in their new pay grade which typically provides for an increase of between 3% and 10%. Any promotional or reclassification increases of more than 5% of the employee's current wage will require approval from Human Resources before offering the position. Promotional or reclassification increases of more than 10% may only be given if needed to bring the employee up to the Minimum Step of the employee's new pay grade.

An employee who is promoted, demoted, or reclassified to a position in a lower pay grade may be paid at any step in their new pay grade as recommended by Human Resources and approved by the County Executive. All step increases will become effective on the first pay period following the anniversary date of that event.

Upon the recommendation of Human Resources, the County Executive may authorize specific salary adjustments due to extraordinary circumstances, subject to availability of appropriated funds. The Legislative Audit / Human Resources Committee will be notified of all such salary adjustments.

In order to reflect necessary increases in the minimum and maximum rates appropriate for each job, the salary structure recommended will be reviewed and updated annually as part of the annual budget process.

In a situation where the assignment or scheduling of work requires an employee to perform in a higher level classification (higher pay grade or pay range), a temporary pay rate may be

established for the period of that assignment or work schedule. This action requires the recommendation of the department head, as well as the approval of the Human Resources Director or the County Executive. This practice will not be applied to vacation replacement.

PERSONAL APPEARANCE

Outagamie County allows departments and their employees the flexibility to "**Dress for Your Day**." The "Dress For Your Day" policy is intended to be relaxed when you have a workday that does not include meetings with clients, vendors or business associates. The expectation is that employees will wear clothing appropriate for the nature of our business and the type of work performed. It gives employees the flexibility to dress in a way that adheres to their schedule for that day. If you are at a client, training/conference, recruitment activity, or other professional circumstances, employees must dress in business attire.

At the discretion of the Department Head, an employee not otherwise required to wear a uniform may wear casual, yet appropriate, work attire (including wearing denim jeans) on days when the employee has no obligations to interact in-person with clients, visitors, customers, vendors, and/or the public. Department Heads may determine what positions or duties constitute an employee's ability to wear casual work attire. Even though the dress code is casual, it is important to project a professional image to our customers, visitors, and co-workers, consistent with the environment in which an employee works. All employees are expected to dress in a manner consistent with good hygiene, safety, and good taste.

Supervisors should communicate any department-specific workplace attire and grooming guidelines to staff members during new-hire orientation and evaluation periods. Not adhering to this policy may result in disciplinary action or the removal of the "Dress for Your Day" option.

Below are some guidelines to help employees differentiate what is appropriate. Any questions about the department's specific guidelines for attire should be discussed with a supervisor.

APPROPRIATE FOR CASUAL DAYS	APPROPRIATE FOR BUSINESS DAYS	INAPPROPRIATE
• PANTS: leggings under a dress or long shirt, (the length of the shirt should reach the person's fingertips when arm is facing downward), jeans (must be clean and free of rips, tears and fraying; may not be excessively tight or revealing). • SHIRTS: denim or flannel shirts, non-hooded plain sweatshirts. • SHOES: dress sandals or open toe shoes. ***Note**: Casual attire may be further defined by departments based on*	• PANTS: dress slacks, khakis or corduroys, business suit. • SHIRTS: blazers/sport coats, collared knit or golf shirts, oxford shirts, County logo wear, short-sleeve blouses or shirts, sweaters • SHOES: Closed toe dress shoes such as loafers, flats, deck shoes, and dress boots. ***Note**: Business attire may be further defined by departments based on*	• PANTS: jeans that are frayed, damaged, washed-out, dingy or dirty with holes, shorts/skorts, yoga/exercise pants, sweat pants and form-fitting leggings. • SHIRTS: t-shirts, tank tops, halter tops, tops with spaghetti straps, shirts with lettering or logos larger than 4"x4", hooded sweatshirts, off-the-shoulder tops, low-cut/sheer blouses/shirts or shirts that bare the midriff, sports attire (unless communicated otherwise by Human Resources or the County Executive Office), beachwear.

Revision Date: July 2024

the expected dress for specific work related activities.	*the expected dress for specific work related activities.*	• SHOES: Thong sandals, flip flops, athletic shoes, tennis shoes, croc-like shoes.

CLOTHING ALLOWANCES

Plamann Park, Maintenance and Custodial employees who are required to wear uniforms will be provided with the following initial allotment:

- 2 summer shirts
- 2 summer pants
- 2 winter shirts
- 2 winter pants
- 1 summer jacket
- 1 summer cap
- 1 winter jacket
- 1 winter cap

The county will pay fifty percent (50%) of the replacement cost of such uniforms, up to a maximum of one hundred dollars ($100.00) per employee per calendar year. Employees shall submit receipts for such replacement cost of uniforms two times per year, no later than the work day immediately prior to July 1 and January 1. The county will pay for and provide any identification patches required to be placed on the uniforms.

Appleton Airport will provide the necessary uniforms to any employee whose job duties require such attire. Uniform attire and annual allowances may differ based on position and department needs. Details available from Airport leadership.

Highway and Recycling / Solid Waste Employees: The county agrees to provide, at such employee's option, either a pants and shirt or coveralls, to an employee classified as a mechanic to be used by such employee when that employee is performing mechanic's work, and to an employee who is assigned as the gasman. Employees will be provided with a hard hat, vest, goggles, and fuel cards, which will be their responsibility to replace if they are lost or stolen, provided that if there is clear evidence of forced entry, the employee will not have the responsibility to replace the item. These items will be inventoried on an annual basis. The county shall make disposable coveralls available to employees as set forth below. The Employee shall reimburse the county for its cost of such coveralls, except those employees who are required to change oil will receive two (2) pair of disposable coveralls per year, free of charge. The Employer agrees to provide employees normally assigned to perform body shop work during the year and the one employee normally assigned to perform welding during the year with each employee's option of either pants and a shirt or coveralls, to be used by these employees when they are performing body shop work or welding.

The amount and administration of the clothing allowance for uniformed Sheriff's Office staff will be made in accordance with existing policies, with a summary of current policies provided below:

• Sheriff, Chief Deputy, Commander, Corrections Administrator, Captains, Jail Lieutenants, Telecommunications Supervisor and Communications Shift Supervisor shall receive a $275 initial allowance and an annual $275 allowance.

• Patrol Lieutenants shall receive a $375 initial allowance and an annual $375 allowance.

• Operations Assistants and Telecommunicators will receive an initial $275 allowance and then an annual $250 allowance after that. The Sheriff's Office Mechanic is required wear safety shoes and is responsible for purchasing and wearing safety shoes/boots to comply with the County's Personal Protective Equipment policy and is eligible to receive an annual (per calendar year) reimbursement up to $40 for purchase of safety shoes, with presentation of proper receipt to your supervisor. The Sheriff's Office Mechanic will be reimbursed for tools purchased up to $250.00 per year, payable upon the submission of a receipt substantiating the purchase.

• All employees paid during the pay period in January each year when the clothing allowance has been disbursed (typically the 2nd payday in January), will be paid the full annual rate for clothing allowance for that year. As an example: if you were hired in Feb or Dec of 2017, you will receive your clothing allowance as a new employee in Feb or Dec of 2017 and in January of 2018 you will receive the 2018 annual clothing allowance. The only exceptions are for new employees hired Jan 1 through the pay period of the uniform allowance, as they will receive just their initial hiring allowance; whereas those not leaving in good standing during that disbursement pay period will not receive the allowance. All uniformed Sheriff's Office staff, including part-time, shall receive a clothing allowance on the above basis, excluding the Administrative Supervisor, Systems Analysts, Staff Accountant and Records Specialists.

All uniformed Sheriff's Office staff, including part-time, shall receive a clothing allowance on the above basis, excluding Operations Assistants, Process Servers, and Health Records Specialists.

Any questions or complaints regarding the appropriateness of attire should be directed to your department head or the Human Resources Department.

PET POLICY & SERVICE ANIMALS

Outagamie County prohibits employees from bringing a pet to work or having a pet in Outagamie County controlled buildings and premises, with the exception of service dogs for a person with disabilities or in the case of certified therapy dogs/cats for specific departments or as part of the K-9 unit in the Sheriff's Department. Animals other than service dogs or certified therapy dogs/cats are not allowed at work or in any Outagamie County controlled buildings.

SERVICE ANIMALS

According to the Americans with Disabilities Act (ADA), a service animal is defined as "any animal individually trained to work or perform tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals to an impending seizure or protecting individuals during one, and alerting individuals who are hearing impaired to intruders, or pulling a wheelchair and fetching dropped items."

A person with a disability uses a service animal as an auxiliary aid. In compliance with the ADA, service animals are welcome in all buildings on company property and may attend any class, meeting or other event. There may be an exception to certain areas.

Employees requesting accommodation for a disability that includes a service animal or service animal in training, must be registered with the Risk Management Administrator.

Revision Date: July 2024

REQUIREMENTS OF SERVICE DOGS OR CERTIFIED THERAPY DOGS/CATS AND THEIR OWNERS:

- All animals need to be immunized against rabies and other diseases common to that type of animal. All vaccinations must be current.
- Animals must wear a rabies vaccination tag.
- All service dogs and certified therapy dogs/cats must be licensed per state law.
- Service dogs and certified therapy dogs/cats must wear an owner identification tag (which includes the name and phone number of the owner) at all times.
- Service dogs in training, must wear the designated service animal vest throughout their training period.
- Animals must be in good health.
- Dogs must be on a leash, harness or other type of restraint at all times, unless the owner/partner is unable to retain an animal on leash due to a disability.
- The owner must be in full control of the animal at all times. The care and supervision of the animal is solely the responsibility of the owner/partner.
- The owner/partner must provide the HR department staff with information as to how the service dog accommodates for the individual's disability.

Reasonable behavior is expected from service dogs while on company property. The owners of disruptive and aggressive service dogs or certified therapy dogs/cats may be asked to remove them from Outagamie County facilities. If the improper behavior happens repeatedly, the owner may be told not to bring the service/therapy animal into any facility until the owner takes significant steps to mitigate the behavior.

Cleanliness of the dog/cat is mandatory. Consideration of others must be taken into account when providing maintenance and hygiene of animals. The owner/partner is expected to clean and dispose of all animal waste.

Animal owners are responsible for any injury, death or damage caused by their animal.

POSITION CLASSIFICATION

Position classification is the process used to allocate a position's defined duties and responsibilities to a job standard. The position classification process involves the department, Human Resources, and at times an external market analysis, reviewing the duties and responsibilities assigned to a position and determining the appropriate classification for the position.

In order to determine eligibility for benefits and overtime status and to ensure compliance with federal and state laws and regulations, Outagamie County follows Fair Labor Standards and classifies its employees as shown below. Outagamie County may review or change employee classifications at any time.

Exempt: Exempt employees are paid on a salaried basis and are not eligible to receive overtime pay, based on criteria established by the Fair Labor Standards. Some exceptions may apply by county policy.

Non-Exempt: Non-exempt employees are paid on an hourly basis and are eligible to receive overtime pay for overtime hours, based on criteria established by the Fair Labor Standard or county policy.

Full-Time Regular Employee: Works a regular schedule of 37.5 or 40 hours per week or meets the hours requirements of Section 7(k) of the Fair Labor Standards Act (FLSA).

Part-Time Regular Employee: Works a regular schedule that is, on average, less than 37.5 hours per week, with the exception of Section 7(k) for Sheriff Department employees. Part-time employees, on a pro-rated basis, are entitled to the same benefits as full-time employees, with the exception of Life Insurance and Long Term Disability Insurance, provided they are hired at or averaged at least 20 hours per week for the 12 months preceding their anniversary date. Under federal laws, part-time employees are treated the same as full-time employees under the Fair Labor Standard Act concerning minimum wage and overtime pay.

Job Share Employee: Job sharing means that two (or more) workers share the duties of one full-time job, each working part-time. Employees involved in a job share arrangement must sign a Job Share Agreement.

See the Job Share section of handbook for additional details.

Casual-Call Employee: One who is hired to satisfy or meet the needs of a department which are cyclical and recurring in nature. They may have a regular/consistent, infrequent, or variable schedule and may work as needed throughout the year but they may not work more than 960 hours in a 12- month period. A department may hire casual call employees for approved positions on their Table of Organization as their budget allows in order to meet the needs of the department. If an employee is anticipated to work beyond 960 hours within a 12-month period, the supervisor should speak with Human Resources to determine whether the status of the employee should be changed.

Temporary Employee: A direct hire temporary employee is an hourly appointment used to fill a classified job title in the county. A temporary employee is one who will be with the county for less than a year and one who has a specific expiration date. Temporary employees are eligible to earn leave and are covered by Social Security and unemployment compensation but do not receive any other fringe benefits.

Seasonal Employee: Any employee who works one hundred twenty days a year or less for the county. These days need not be consecutive. The work being provided does not fulfill a classified job title in the Table of Organization. For example, if an employee works for the months of January, July, and October, then the employee is a seasonal employee.

Intern: A student who works, sometimes without pay, at a trade or occupation in order to gain practical work experience as part of an academic requirement. Internships will most often be viewed as employment, unless described below, relating to other academic compensation. Interns who qualify as employees typically must be paid at least the minimum wage and overtime compensation for hours worked over 40 in a work week. There are some circumstances under which individuals who participate in internships or training programs may do so without compensation. This may apply to interns who receive training for their own educational benefit, if the training meets certain criteria. The determination of whether an internship or training

program meets this exclusion depends upon all of the facts and circumstances of each such program.

Contract Workers: Typically hired to cover for absent employees (such as those who are on medical or disability leave) and temporary vacancies or to fill gaps in a county's workforce. Contract workers are typically hired through a temporary staffing agency – in which case the temp is on lease with the staffing county but not an employee of the county. Contract workers may be contracted to perform work in a range of industries, such as system support, labor, education, information technology, and healthcare. Some temporary jobs may lead to regular employment where appropriate. More often, however, departments procure contracted staff for a specific business purpose while avoiding the cost of hiring regular employees.

Contract workers may work full or part-time but are not eligible for county benefits. Any benefits a worker may be eligible for would be provided by the contracting agency, where applicable. The maximum contract assignment for any temporary contract worker is twelve (12) calendar months. Any assignment needed beyond twelve (12) months must be approved by Human Resources.

Note: Contract workers are not considered benefit eligible employees of Outagamie County and would not fall into the category of Employee as it pertains to this Employee Handbook.

Throughout one's employment with the county, an employee's status may change, whether by voluntary or involuntary means. They may be granted a promotion, make a lateral transfer, get laid off, terminate the employment relationship, or become part or full-time. Since changes such as address and marital status are quite straight forward, they will not be discussed here. Instead, following is an explanation of the usual types of changes that may occur.

Temporary to Regular Status: A temporary employee is one who occupies a temporary slot on the Table of Organization, holds a position of limited duration for a specified period of time, or is hired to perform a specific project. A regular employee is one who occupies a regular slot on the Table of Organization and is expected to remain employed by Outagamie County so long as the work is required and the individual performs in a satisfactory manner. Temporary and regular employees may be either part-time or full-time. A temporary employee who, through continuous employment, obtains regular status in the same job classification in the same department, will have their date of employment for the purpose of determining wage rate and date of hire, vacation eligibility, and sick leave accrual established as of their date of employment as a temporary employee.

Promotion: A promoted employee is one who accepts a job assignment in a higher classification with a higher pay range. Upon moving to this new position, the employee will receive an adjusted date of hire.

Demotion: A demoted employee is one who is assigned, either voluntarily or involuntarily, to a job in a lower classification with a lower pay range. Whether the employee receives an immediate decrease in salary is determined by the circumstances at the time of the demotion and the spread of the new salary range. Demotions may be made in lieu of layoff, may be used as a disciplinary measure, or can be voluntary. Demotions must be approved in advance by the Human Resources Director. Upon moving to this new position, the employee will receive an adjusted date of hire.

Reclassification: Reclassification is the reassignment of a position from one class to another to recognize a change in the duties and responsibilities of a position or to correct a misclassification in the original assignment. Reclassifications must be approved by the Legislative Audit / Human Resources Committee and County Board. Upon moving to this new position, the employee will receive an adjusted date of hire.

Full-Time / Part-Time: In response to changing business needs or priority, the time allotted to a particular job may change from part-time to full-time, or vice versa. In those cases where a part-time position is expanding to fill full-time hours, or where a full-time position is reducing to part-time, the posting process is not normally followed. Instead, the employee who has the part-time or full-time position expands or reduces his/her hours. Occasionally, when the situation warrants, job sharing one full-time position may be allowed.

Lateral Transfer: When necessary, Outagamie County may change an employee or group of employees from one job to another within the same pay grade. When an employee is transferred to a position in the same pay grade, they will not receive an adjustment in pay nor an adjusted date of hire.

An employee in good standing may also request to transfer to another comparable vacant position for which they are qualified. Requests for such voluntary transfer should be made to Human Resources and requires the approval of the employee's department head.

Termination: This is a term used to refer to the removal of an employee from the payroll for voluntary or involuntary reasons including dismissal, resignation, retirement, or death.

Layoff: A layoff is the involuntary separation of an employee due to lack of work, lack of funds, the abolishment of a position, or other reason. Layoff plans must be approved by the Human Resources Director before they are implemented. No regular employee will be laid off while there are temporary workers serving in the same classification in the same department. Layoffs are based on job performance and seniority. Regular employees will receive at least ten (10) business days' notice prior to layoff, and each laid-off employee will be notified of all of their rights, including reinstatement eligibility and benefits. Laid-off employees will be held in a layoff pool for a period of time equal to their length of service but no longer than one year. Employees in the layoff pool have a priority for reinstatement when a vacancy occurs for which they are qualified. A laid-off employee loses their reinstatement rights if they do not return to work within ten (10) calendar days after notification. This does not apply to sunset or grant positions.

PROPERTY INSPECTION

The county provides desks, filing cabinets, lockers and/or other storage devices, electronic or otherwise, for employee's convenient safekeeping of work materials and personal items. The storage devices remain the property of the county, and the county makes no assurance of an expectation of privacy regarding the contents thereof. Further, the county reserves the right to inspect any and all such storage containers or devices at any time and may inspect personal property on county premises where reasonable suspicion exists that the container or device may

contain stolen items, firearms, drugs, alcohol, or other contraband. Further, county information in or on personal containers or devices may be accessed, if necessary, by the county.

RECRUITMENT

The standard of the county is to recruit and select the most qualified persons for county positions. Recruitment and selection is conducted in compliance with all applicable laws. Whenever possible, vacancies are filled from current county employees, providing they meet qualification standards and are the most qualified candidate. The filling of Union positions is done in accordance with the applicable bargaining agreement. Recruitment is the responsibility of the Human Resources Department, who works in conjunction with the department in need of staff.

This section sets forth general process guidelines to be used by Outagamie County management personnel relative to the employment function. It is understood that adjustments to this process may be made as dictated by special circumstances. The following process will be the recognized process for employment functions at Outagamie County.

JOB OPENING

Open positions are either identified by a vacancy created or upon approval for an additional position by the County Executive and Board of Supervisors. Positions being requested from the Not Posted list will require approval from the HR Director or their designee.

The hiring manager will complete a requisition request form in the applicant tracking system for submission to Human Resources.

Human Resources will verify the opening against the Table of Organization (TO).

The HR Recruiter, in conjunction with the hiring manager, will review the position job description and update as required.

POSTING

Except as noted below for internal department/division promotions or transfers, the position will be posted for a minimum of five days (excluding holidays and weekends).

- Human Resources will develop the posting using the duties and requirements found in the job description/class spec and review the posting with the hiring manager.
- Postings will be on the Current Openings sections of the Outagamie County intranet site and internet sites. In addition to the official posting sites, Human Resources and the hiring manager may identify other industry and recruitment sites where the position will be posted.
- Postings will remain on the official posting sites until the position has been filled or a suitable amount of applications have been received.
- Once a position has been posted, the hiring manager(s) can view applicant data within the applicant tracking system and determine next steps within the system.

Internal Department/Division Promotions or Transfers Only – Hiring Managers are allowed to fill open positions in their department without posting the job for the minimum five (5) day requirement, if they fill it with an active employee from the same department and division.

To hire someone internally from within their department and division, the hiring manager must complete a requisition request in NeoGov and the departmental employee must complete the inter-department application in NeoGov. Once the application has been completed the hiring manager can then move the applicant to hire in NeoGov to begin the hiring process. While this approach may help departments fill vacancies more rapidly, hiring managers must still select the best candidate for the job based on skills, education, and performance factors reflected in satisfactory performance evaluations.

If a department or division wants to hire someone from another department or division, they must post the job internally for five (5) days at minimum, following the procedures outlined above.

RECRUITMENT/SOURCING

Methods and timing of external recruitment will be determined by Human Resources and the hiring manager on a case-by-case basis.

Advertising should be coordinated through and tracked by the Human Resources Department. Advertising costs may be charged back to the department.

APPLICANT FLOW

In order to be considered for a position, an applicant must submit their application electronically via the applicant tracking system. Only electronic applications will be accepted. Inquiries received in other departments should be directed to apply via the Outagamie County internet/intranet sites.

Unsolicited applications will not be accepted.

All applicants must apply separately for each posted opening.

Human Resources will maintain applicant data and hire records within the applicant tracking system.

SCREENING OF CANDIDATES

The HR Recruiter will work with the hiring manager to determine on a case-by-case basis the process for screening applicants. As requested by the hiring manager, Human Resources will assist in reviewing resumes and applications.

Candidates will be evaluated based upon their qualifications for the job being filled without regard to gender, race, color, religion, age, national origin, sexual orientation, gender identity, genetic testing, and military service or on the basis on any other protected status.

In general, consideration will be given to applicants in the following order:

- In the case of county employees who are members of a bargaining unit and who may have contractual rights related to the open position within that same bargaining agreement, primary consideration will be given according to the contractual language.

- In the case of non-union employees, selection of candidates for job openings will be determined by the county from the available internal and external applications.
- As a best practice, hiring managers should contact current managers of internal applicants with questions related to overall performance. It is expected that all internal applicants be provided either a telephone or in-person conversation.

INTERVIEWING

The hiring manager will coordinate and conduct interviews of candidates. The HR Recruiter will be available for consultation or to participate in the interview process.

Human Resources should be involved in interviews involving managerial or critical positions.

Hiring managers should establish and utilize set interview questions for all applicants and keep separate notes and comments on candidates interviewed. Notes and comments are not to be recorded on the original resume or application.

Employees are encouraged to discuss their interest in open positions with their supervisor. However, supervisor approval is not required to submit an application if the employee meets all eligibility requirements. When an employee is selected to be interviewed for an opening, the employee must notify their supervisor that they are being considered for a particular opening. Such notification must take place before the interview. Non-exempt/hourly employees will not be paid for the time they are interviewing or testing. They will be allowed to make up that time or take as some sort of leave time. Exempt employees should adjust their schedule accordingly.

Upon completion of interviewing, all accompanying notes and comments should be uploaded to the applicant tracking system by the hiring manager or their designee.

TESTING

The HR Recruiter, in conjunction with the hiring manager, will determine testing needs based on requirements of the position and will determine the point in the interviewing process where testing will be administered.

All testing will either be coordinated through the Human Resources Department or within their respective department.

Test results will be shared with the hiring manager and become part of the candidate's file.

Results of testing will remain valid for a period of six (6) months.

SELECTION

The hiring manager makes the hiring decision. Prior to acting on any employment decision, the hiring manager should consult with the appropriate department head and the HR Recruiter.

REFERENCE CHECKS

Whenever possible, a minimum of two (2) references should be secured prior to any offer of employment being extended. References are to be obtained by the department designee. Human Resources is available for assistance. Documentation of references should be maintained in the employee's personnel file or uploaded into the applicant tracking system.

OFFERS OF EMPLOYMENT

Starting wage rates will be determined by Human Resources in conjunction with the hiring manager in accordance with established bargaining agreement and compensation administration guidelines.

Start dates of all new hires coincide with the orientation calendar to ensure new hires are beginning employment on an orientation day and complete the necessary steps to be placed on the payroll. There may be exceptions allowed in this timing based on critical business needs. Any exceptions must be discussed with the HR Recruiter and approval obtained from the HR Director or their designee.

Verbal offers of employment may be extended by the hiring manager after consultation with the appropriate department head and HR Recruiter. Hiring managers will complete the hire process in the applicant tracking system in order to initiate the written offer letter.

Written offer letters should be drafted by the HR Recruiter. Signed offer letters and applicable new hire paperwork will be provided electronically or in hard copy to the HR Recruiter who will then attach these documents to the exam plan in the applicant tracking system.

New hire details will be provided to the HR Administrative team for entry into HR system.

CONTINGENT OFFERS OF EMPLOYMENT

Offers of employment are contingent on appropriate background check, POPEs (Post Offer Pre Employment Screens), education records, required certifications, and/or driver's license requirements.

Education levels will be verified for any position that requires a particular degree level. Verification will consist of receipt of transcripts or direct contact with the educational institution. The Human Resources Department is responsible to ensure that proper verification has been obtained. Documentation regarding education level verification will be filed in the personnel files located in the Human Resources Department.

Human Resources will process the appropriate background request forms upon receipt of signed release of information statements. Sheriff's department will perform investigations and administer appropriate background checks for their hires or those county employees working within the Sheriff's department. Releases must be received and background checks run prior to the employee beginning employment. Exceptions to this will be considered based on Human Resources Director approval.

With the exception of the Sheriff's department, Human Resources will review the report information. Results of background investigations will be forwarded to the hiring manager as applicable. In the case of negative results, a course of action will be determined with the hiring manager and input from Corporation Counsel when appropriate.

Contingency documents will be stored in the employee's personnel file.

RELEASE OF INTERNAL CANDIDATES

It is the responsibility of the hiring manager and the selected employee's current manager to mutually agree on the starting date for the new position. In general the new starting date should

be within 20 days (excluding holidays & weekends) of the accepted offer and should begin at the beginning of a pay period.

NOTIFICATION OF UNSUCCESSFUL CANDIDATES

All internal candidates not selected will be notified directly (in person, by phone or e-mail) by either the hiring manager or Human Resources.

Notification to external candidates interviewed but not selected, will be communicated by either telephone or using the notification functionality within the applicant tracking system.

SAFETY AND ACCIDENT PREVENTION

Outagamie County has a long-standing philosophy of taking pride in its practices to ensure the safety, health and well-being of all its employees. This section serves to provide guidance to all employees on the standards the county expects its employees to adhere to.

Employees injured on the job must report the injury to their supervisor immediately. All reports must be filed within twenty-four (24) hours of the injury. Suggestions from all employees regarding safety are welcome and encouraged. See Worker's Compensation section of this handbook for additional details related to reporting an injury.

Employees who transport county clients in their own personal vehicle (excluding motorcycles) and whose vehicle suffers damage during that transport may be eligible for partial reimbursement for damages.

Additional information regarding vehicle usage and insurance coverage requirement can be found on MyOC.org/Departments/County Executive/Administrative Rules/Vehicle Usage Policy webpage.

SEPARATION FROM EMPLOYMENT

Employment with Outagamie County is governed by the common law doctrine of "at-will" employment. An employee may be dismissed at any time at the option of the county. In such case of involuntary separation, the employee's supervisor or department head will discuss the proposed action with Human Resources prior to taking action. Employees involuntarily terminated or who resign due to misconduct or poor job performance are not eligible for rehire without department head and Human Resources approval. An employee may quit employment with the county at any time. The publishing of this Employee Handbook does not guarantee or make a promise of employment nor does it create a contractual employment relationship.

Revision Date: July 2024

Employees are encouraged to provide a two-(2)-week written notice of intent to terminate their employment. The two weeks' notice begins the day after they turn in their notice. This allows the county time to begin a search for the employee's replacement and/or to realign the duties within the department. An employee is considered as having terminated in good standing if they gave the fourteen-(14)-day notice or if their employment was terminated by the county for reasons other than performance or misconduct, at the discretion of the HR Director. Furthermore, failure to give proper notice will affect sick leave payout, earned and accrued vacation payouts, etc. In addition to providing a two-(2)-week notice, resigning employees must work on their last day of employment, with the exception of those on an approved medical leave, in order to be considered to have left in good standing. Other paid leave restrictions within the two-week notice period may apply and could impact the employee's ability to leave in good standing, as outlined on the Retirement/Resignation Notice on the county intranet.

In most cases, Human Resources or a department representative will collect all county property as appropriate and to discuss final pay. The exit interview is conducted by the Human Resources Department with an employee who is separating from employment with the county and is intended to gain insight into the effectiveness of county practices, to determine where personnel guidelines and processes are in need of review or revision, and to determine where supervisory or managerial practices need modification or improvement. Exit interviews will be provided whenever possible, regardless of reason for leaving, position held, or length of service.

Return of county equipment: Employees leaving county employment must return county identification cards, cars, books, manuals, keys, tools, equipment, and other county-owned items on or before their last day of work. If applicable, information regarding benefits continuation through the Consolidated Omnibus Budget Reconciliation Act (COBRA) will be sent to the employee's home address.

SHORT-TERM DISABILITY

Short-Term Disability pays the employee a portion of their income for a specified period of time, as determined by the plan. The Short Term Disability plan provides coverage for injuries and illnesses that occur outside of work. Employees are eligible if they are an active full-time employee who works at least 37.5 hours per week on a regularly-scheduled basis. Active part-time employees are eligible if their current pro-ration is at or above the threshold for benefit eligibility (i.e., health and dental insurance).

Employees may purchase coverage that would pay a percentage of the employee's weekly earnings. The maximum Voluntary Short-Term Disability Insurance benefit is determined by the plan.

Short-term disability benefits run concurrently with the Family and Medical Leave Act and/or any other leave where permitted by state and federal law. Employees on Unpaid Medical Leave while receiving Short-Term Disability payments are not required to use sick leave or vacation leave balances.

SICK LEAVE

Every full-time employee shall earn one (1) sick day (eight (8) hours or 7.5 hours) for each month of full-time, regular service with the County, regardless of department. Part-time employees earn one prorated day for each full month of service. A full month of service is any month in which an employee received pay for at least ten (10) times the employee's factor (Full Time Factors: 8 and 7.5; Part Time Factors: As assigned by Payroll or employee's department).

New employees that are eligible to earn sick leave can use it once it is available on the first of the month following their hire date. Any sick leave taken prior to having it available would be without pay if vacation and/or floating holiday pays are not approved to be used or available.

Unused sick leave may be accumulated to a total of one hundred and twenty (120) days. Part time employees may accumulate up to 120 days times your factor.

Employees absent from work on legal holidays, during sick leave, vacation, for disability arising from injuries sustained in the course of their employment, or for other authorized leaves of absence with pay shall continue to accumulate sick leave at the regularly prescribed rate during such absence as though they were present for duty.

An employee eligible for sick leave with pay may use such leave upon approval of the manager/supervisor/department head for absence due to an employee's illness, injury, exposure to contagious disease, dental or medical appointments or due to illness in the employee's immediate family (i.e., the employee's spouse, domestic partner or dependent children living in the employee's household) hospitalization, illness or dental/medical appointment requiring the employee's personal attendance. In addition, employees who are not eligible for FMLA will be able to use sick leave for a continuous absence related to the birth of their child, provided notification and paperwork is completed with the HR Advisor – Leave Administrator. An employee on sick leave shall inform their immediate supervisor of the fact and reason therefore as soon as possible and failure to do so within reasonable time may be cause for denial of pay for the period of absence. The department head may request a doctor's certificate before approving such leave with pay if three (3) or more consecutive workdays are missed. If an employee is eligible for Family Medical Leave, that employee is required to complete FML paperwork after more than three (3) consecutive workdays are missed. Questions regarding qualifications for FMLA should be directed to the HR Advisor - Leave Administrator. The department head may also request a doctor's certificate, for any sick leave use, before approving such leave with pay after four (4) instances of sick leave, without a doctor's certificate, are taken in a calendar year.

In order to use sick leave for serious health conditions of family members not in the immediate family, it must be covered under Family Medical Leave.

In the event that an employee becomes ill on the job, the time actually spent off the job shall be charged to sick leave.

Absences for a fraction or part of a day that are chargeable to sick leave in accordance with these provisions may be charged in no less than fifteen (15) minute increments. Sick leave usage of less than fifteen (15) minutes must still be reported as fifteen (15) minutes.

SICK LEAVE AND RETIREMENT - Employees hired prior to January 1, 2014 who meet the definition of retirement under Wisconsin Retirement System will receive a 100% payout of accumulated sick leave. Employees hired on or after January 1, 2014 who meet the definition of retirement under the Wisconsin Retirement System will receive a graduated percentage payout of up to 120 days of accumulated sick leave based on their length of service with Outagamie County so that: after ten (10) years of service the employee is eligible for a fifty percent (50%) payout of sick leave accumulation; after fifteen (15) years of service the employee is eligible for a seventy-five percent (75%) payout of sick leave accumulation; and after twenty (20) years of service the employee is eligible for a one hundred percent (100%) payout of sick leave accumulation. In the event of the death of an employee, the County will make the same 100% payment to the employee's estate. If an employee does not participate in the life insurance program, the employee may specify a beneficiary with the Human Resources Department for the purpose of this Section.

SICK LEAVE AND RESIGNATION – Grandfathered and accreted employees hired prior to January 1, 2014 who terminate in good standing will receive a 50%-100% payout up to 120 days of accumulated sick leave, based previously agreed to terms.

For all other employees, sick leave is cancelled upon resignation.

SOLICITATION & BULLETIN BOARDS

In order to protect our employees and visitors, solicitation by employees is strictly prohibited while either the employee being solicited or the employee doing the soliciting is on "working time." "Working time" is defined as time during which an employee is not at a meal, on break, or on the premises immediately before or after their shift.

Employees are also prohibited from distributing written materials, handbills, or any other type of literature on working time and, at all times, in "working areas," which includes all office areas. "Working areas" do not include break rooms, parking lots, or common areas shared by employees during non-working time.

All required governmental postings are posted on the boards located in the break rooms of county buildings. These boards may also contain general announcements. The county reserves the right to refuse permission to post or to take down any announcement.

Visitors may not solicit or distribute materials anywhere on county property, at any time.

Revision Date: July 2024

TELECOMMUTING

Telecommuting allows employees to work remotely for all or part of their workweek. Outagamie County considers telecommuting to be a viable, flexible work option when both the employee and the job are suited to such an arrangement. Telecommuting may be appropriate for some employees and jobs but not for others. Telecommuting is not an entitlement, it is not a county wide benefit, and it in no way changes the terms and conditions of employment with Outagamie County. This guidance provides a general overview and does not attempt to address each unique situation or technology need.

Telecommuting is not designed to be a replacement for appropriate child care. Although an individual employee's schedule may be modified to accommodate child care needs, the focus of the arrangement must remain on job performance and meeting business demands. Prospective telecommuters are encouraged to discuss expectations of telecommuting with family members prior to entering a trial period.

PROCEDURES

Telecommuting can be informal, such as working remotely for a short-term project or a formal set schedule of working away from the office as described below. Either an employee or manager can suggest telecommuting as a possible work arrangement.

Any telecommuting arrangement made will be on a trial basis for the first three months and may be discontinued at will and at any time at the request of either the telecommuter or the supervisor/county. Every effort will be made to provide 30 days' notice of such change to accommodate commuting, child care and other issues that may arise from the termination of a telecommuting arrangement. There may be instances, however, when no notice is possible.

ELIGIBILITY

Individuals requesting formal telecommuting arrangements must typically be employed in their current role for a minimum of six (6) months of continuous, regular employment and must have a satisfactory performance record. Department Heads have the discretion to authorize remote work prior to the employee's first six months of employment, if applicable.

Before entering into any telecommuting agreement, the employee and manager, with the assistance of the Human Resources and Information Technology departments, will evaluate the suitability of such an arrangement, reviewing the following areas:

Employee suitability. The employee and manager will assess the needs and work habits of the employee, compared to traits customarily recognized as appropriate for successful telecommuters.

Job responsibilities. The employee and manager will discuss the job responsibilities and determine if the job is appropriate for a telecommuting arrangement.

Equipment needs, workspace design considerations and scheduling issues. The employee and manager will review the physical workspace needs and the appropriate location for the telework. This can be done in person or virtually, as requested.

Tax and other legal implications. The employee must determine any tax or legal implications under IRS, state and local government laws, and/or restrictions of working out of a home-based office. Responsibility for fulfilling all obligations in this area rests solely with the employee.

The employee understands that they are responsible for all equipment needs related to a home workspace, with the exception of a county provided laptop/tablet. The County will provide supplies related items such as: paper, ink, pens, etc. The county will not provide laptops for the purpose of working remotely. Only employees identified as having a need for a laptop when working onsite will be provided a county laptop, which can then be used for remote work as needed.

If the employee and manager agree, and the Human Resources department concurs, a draft telecommuting agreement will be prepared and signed by all parties, and a three-month trial period will commence.

Evaluation of telecommuter performance during the trial period will include regular interaction, by phone and e-mail between the employee and the manager, and weekly face-to-face meetings to discuss work progress and problems. At the end of the trial period, the employee and manager will evaluate the arrangement and make recommendations for continuance or modifications.

EQUIPMENT

With the exception of a county issued laptop, the employee will be responsible for providing/acquiring the appropriate equipment needs (including hardware, software, high speed internet, secure Wi-Fi, phone lines and other office equipment) for each telecommuting arrangement, at their own expense. The Human Resources and Information Technology departments will serve as resources in this matter. Outagamie County reserves the right to make determinations as to appropriate equipment, subject to change at any time, and in ensuring proper security is in place to protect County related data.

Outagamie County will supply the employee with appropriate office supplies (pens, printer ink, paper, etc.) as deemed necessary. Outagamie County will also reimburse the employee for business-related expenses, such as phone calls and mailing costs that are reasonably incurred in carrying out the employee's job.

The employee will establish an appropriate work environment within their home for work purposes. Outagamie County will not be responsible for support of personally owned equipment, costs associated with the setup of the employee's home office, such as remodeling, furniture or lighting, nor for repairs or modifications to the home office space. Outagamie County Information Technology Department will not provide technical support for personal equipment, even when co-mingled with county provided equipment. For liability reasons, Information Technology will also not remote into personal equipment and some technical issues for county equipment may need to be addressed onsite.

SECURITY

Employees must adhere to all Federal State and local confidentiality laws including *but not limited* to 45CFR160-164 Wis. Stat. §146.81 and .82 (HIPAA protected health information), Wis. Stat.

Chapters 51, 54 and 55 (Mental Health and Guardianship Information), and Wis. Stat. Chapters 48, 938, and 118 (Protected Juvenile Information). Employees who choose to operate under this agreement are responsible for ensuring that all confidential information deemed to be confidential under these or any other applicable state, federal or local law remains confidential. Maintaining confidentiality includes working in a location where third parties, including family members, will not be able to overhear or see confidential information in any format, written, verbal or electronic. Employees must also take steps to secure this information including the use of locked file cabinets and desks, regular password maintenance, and any other measures appropriate for the job and the environment.

SAFETY

Employees are expected to maintain their home workspace in a safe manner, free from safety hazards. Outagamie County will provide each telecommuter with a safety checklist that must be completed at least twice per year. Injuries sustained by the employee in a home office location and in conjunction with their regular work duties are normally covered by the company's workers' compensation policy. Telecommuting employees are responsible for notifying the employer of such injuries preferably by the end of the work shift, or as outlined in a departmental policy. The employee is liable for any injuries sustained by visitors to their home worksite.

Employee request forms and supervisor assessment forms can be found on the Human Resources webpage located on MyOC.

TERMINATION

The Human Resources Department wants terminations to be conducted accurately and efficiently for both the employee and Outagamie County. Based on the type of termination, certain information must be provided to Human Resources.

This section will define the steps required to process an employee's termination, whether it is an involuntary termination, voluntary termination, or retirement.

Involuntary Termination: Determination by the employer that the employee's services are no longer needed. Misconduct has occurred or the employee is unable to perform satisfactorily. Note: Does not include layoff which is considered a temporary arrangement with return to work possible.

Voluntary Termination: Determination by the employee where they desire to continue the employment relationship with Outagamie County no longer exists.

Retirement: Voluntary withdrawal from one's position with Outagamie County, similar to voluntary termination, but is retiring under the Wisconsin Retirement System and has at least 5 years of service with Outagamie County immediately prior to the retirement. An employee will only be considered to be retiring once from Outagamie County. If the employee returns to Outagamie County employment, any subsequent voluntary termination will be considered a resignation regardless of length of service.

INVOLUNTARY TERMINATION

Prior to termination, the Human Resources department will need to be contacted and a file review will need to be completed. No involuntary terminations can take place without approval from the Human Resources Director.

In the case of involuntary termination, a meeting should be scheduled with the employee, the employee's manager, and a member of the Human Resources team to discuss the details of the termination. If there are any safety concerns regarding the employee's reaction or behavior after notification, notify someone in the Sheriff's department in advance of the termination so a deputy can be placed on standby.

All involuntary terminations should be done with two persons present with the employee.

Prior to or immediately after, make arrangements for Information Technology to discontinue system access and to contact department IT resource to discontinue any department specific access.

Meet with the employee in a neutral area, such as a conference room. Inform the employee of their last day and termination reason.

Inform the employee that benefits information will be mailed to them and encourage the employee to contact the Employee Benefits Specialist for detailed benefits information. The exiting employee should also be given a copy of the Termination Frequently Asked Questions document.

Retrieve all keys, the ID badge, and any other county property before the exiting employee leaves the building.

Complete a Personnel Action in HR System to notify HR, Payroll, IT, and Maintenance. The Personnel Action should indicate if the employee is eligible for any normal payouts.

VOLUNTARY TERMINATION

Obtain a signed resignation from the employee indicating the employee's last day of work and complete a Personnel Action in HR System to notify HR, Payroll, IT, and Maintenance. The Personnel Action should indicate if the employee is eligible for any normal payouts.

Employees must provide two weeks' notice in order to be considered as Leaving in Good Standing. Direct the employee to the Leaving in Good Standing policy indicating what needs to be done or can be done their last two weeks.

Human Resources will contact the employee regarding an exit interview.

For employees subject to annual audiogram requirements, the supervisor will contact an appropriate medical provider to obtain an exit audiogram prior to the employee's last day of work. Contact the Risk Administrator for assistance.

TIME REPORTING

Accurately reporting time worked is the responsibility of every employee and their supervisor/manager. Outagamie County must keep an accurate record of time worked to calculate employee pay and benefits.

Accurate time reports showing all time actually worked or time to be paid are required. These records are required by governmental regulations and are used to calculate regular and overtime pay. At the end of each pay period, the employee and their supervisor must submit the time record attesting to its accuracy, before final submission for processing.

Highway Employees: Time and equipment used must be prepared by the employee daily and submitted to the foreman.

TOBACCO FREE WORKPLACE

A tobacco-free environment helps create a safe and healthy workplace. Outagamie County recognizes the hazards caused by tobacco use and exposure to second-hand tobacco smoke. Our goal is to provide a safe and healthy workplace environment for all employees and visitors.

No use of tobacco products including, but not limited to, cigarettes, e-cigarettes, and "spit tobacco" will be allowed within the facilities of Outagamie County, and employees must abide by department vehicle policies at all times.

Smoking or tobacco use shall be permitted only during break times and in designated smoking areas located at least 20 feet outside of the building entrance.

All materials used for smoking in designated smoking areas, including cigarette butts and matches, will be extinguished and disposed of in appropriate containers.

TRAVEL

Travel regulations as set forth herein are subject to approval by the Outagamie County Board of Supervisors. Included are mileage reimbursement rates, porterage tips, moving expenses, temporary lodging allowances, meals and lodging rates and other employee travel related

expenses. All travel paid or reimbursed to employees from county-administered funds must be done in compliance with these regulations, regardless of the funding source. Anticipated travel expenses are to be appropriated as part of the annual budget process.

Employees who travel are expected to exercise good judgment when incurring travel costs. An employee may be reimbursed for reasonable and necessary travel expenses actually incurred in the performance of official duties in accordance with the provisions herein. Reimbursement is generally limited to the most reasonable cost-effective transportation available.

A claimant shall not seek reimbursement for goods or services provided free of charge, not personally paid for by the claimant, reimbursed by another source, or which will be paid or reimbursed from another source. Any reimbursement which is received by the employee from another source for the same costs reimbursed by Outagamie County shall be deposited back to the county funding source which was initially charged.

Only travel expenses related to the conduct of Outagamie County business, including meetings, conferences, and other appropriate departmental activities, may be reimbursed.

See the My OC webpage http://myoc.org/departments/financial-services for additional details related to this policy.

UNPAID LEAVES OF ABSENCE

The reason for Unpaid Leaves of Absence is for the county to allow time off, flexibility for employees, or reduce county expenses by providing an opportunity for employees to voluntarily take time off without pay. Additionally, Unpaid Leaves of Absence may be required if an employee does not have any paid leave balances, as outlined below.

ELIGIBILITY

All full-time and part-time employees of Outagamie County. This leave is not to be used in lieu of Unpaid Medical Leave.

PROVISIONS

Typically, participation in the program is subject to approval of the employee's supervisor and/or department head when an employee has exhausted their paid leave balances.

Requests to take unpaid time off will be reviewed on a case-by-case basis and may be granted at the sole discretion of the county, department or division.

Leave may be granted as a continuous block of time or in 7.5, 8, or part-time hour increments. Less than eight-hour increments may be allowed at the discretion of the department head.

An employee's vacation, floating holiday and compensatory time balance(s) MUST be exhausted before they can utilize an unpaid leave of absence.

If an employee is ill and does not have paid sick leave available, the employee will be required to substitute and exhaust remaining vacation, floating holiday, and/or compensatory time balance(s) before becoming eligible for unpaid time off.

If the leave is initiated by the department, the employee's current benefits (i.e.: vacation and sick leave accrual, and county sponsorship of the insurance programs for which the employee is a current participant) and status (full-time or part-time at a specific proration) will be maintained.

If unpaid leave is not initiated by the department, benefit eligible employees will be responsible to ensure they are paid enough hours within a month to maintain health and dental benefits or will be responsible for the entire portion of the benefit contribution to maintain their benefits. Unpaid Leave may also affect the proration of a part time employee as unpaid hours are not counted into proration calculations. If the leave is two (2) weeks or longer and/or may affect the employee's ability to have ten (10) times their Factor worth of pay on their timesheet in a month, the Unpaid Leave of Absence Request Form must be completed and sent to Human Resources. The form may be found on the intranet.

If an observed holiday occurs during an employee's unpaid leave, or occurs either the normally scheduled work day(s) prior to and / or normally scheduled work day(s) following an observed holiday, the employee will not receive his/her normal holiday pay for that holiday. The holiday may be paid in the case of a department initiated leave.

Employees who are receiving Short Term Disability (STD) payments from the voluntary STD insurance plan must be on an Unpaid Medical Leave, if not already on FMLA, in conjunction with the STD. Similarly, employees are not eligible to be on another leave while on an unpaid leave of absence.

The county reserves the right to rescind or modify the program with or without notice, and at its sole discretion.

PROCESS

Employees requesting an unpaid leave of absence must notify their immediate supervisor of their need for leave and the day(s) requested. If the leave request is approved and this is the first time the employee is requesting an unpaid leave of absence, the supervisor must inform the payroll department to add this pay code to the employee's self-service timesheet.

If the absence is 2 weeks or longer an Unpaid Leave of Absence Form must be completed. Instructions for completion are on the form.

The employee must record time used as Unpaid Leave of Absence as part of the time reporting process.

UNPAID MEDICAL LEAVE

An employee who has exhausted or is not yet eligible for paid sick, vacation or compensatory time and who still is unable to work because of the employee's non-work related illness or injury may, upon prior written request may be granted an unpaid medical leave of absence not to

exceed six (6) months by the Human Resources Director (or their designee). Such leave may be extended up to an additional six (6) months by the Human Resources Director (or their designee) upon prior written request. Where it is impossible to make a prior written request, such request shall be made as soon as possible.

Such requests shall be submitted to Human Resources and shall be accompanied by a doctor's certificate substantiating the need for such medical leave of absence. An employee granted such medical leave under this provision shall be required, at the discretion of the Human Resources Director (or their designee), to furnish the county with a medical report from their doctor for each six (6) weeks of leave.

An employee who is on an extended medical leave of absence may be placed in a similar position within one (1) year with a doctor's certificate. While the county may rely upon the determination of the employee's doctor regarding the employee's request for a leave or any extension, or for the employee's return to work, it shall have the right to obtain a second opinion from another doctor, mutually agreed upon by the employee and the county, for any extension or return to work with which a final determination will be made. If the county requires a second opinion from another doctor, the county will pay the cost of such opinion. In the event a second doctor is not mutually agreed upon, the employee and the county shall each submit three (3) doctors qualified in the area of illness or injury involved. From those six (6) doctors, five (5) names will be drawn. The parties shall then proceed to alternately strike names from that panel until a doctor is selected. The striking order shall be determined by a coin toss.

Employees on an unpaid leave of absence because of such non-work related illness or injury who are enrolled in the group health and/or dental insurance program shall be permitted to continue their participation in such programs while on such leave, under the applicable COBRA provisions. The county shall pay the county's share of the premium for any month in which a full or part time employee received pay for at least ten (10) times their Factor in a month.

Employees on an unpaid leave of absence because of such non-work related illness or injury who are enrolled in the life insurance plan can elect up to twelve (12) months of continuation by paying the group rate premium to the County Treasurer by the twenty-fifth (25th) of the month for the following month's coverage. However, for absence caused by such non-work related illness or injury, the county shall pay the life insurance premiums during the elimination period for the waiver of life premium. The cessation of this county sponsorship for the life insurance plan shall be triggered by the end of the nine (9) month time frame, employee's return to work, denial of the waiver premium by the life insurance company, or death, whichever occurs first.

Employees on Unpaid Medical Leave while receiving Short-Term Disability payments are not able to use sick leave or vacation leave balances.

VACATION

Outagamie County recognizes the importance of time off from work to relax, spend time with family, and enjoy leisure activities. The county provides paid vacation time to full-time and benefit-eligible part-time employees for this purpose, and employees are encouraged to take vacation

during the year. Part-time employees who are regularly scheduled to work 20 or more hours per week will be eligible for paid vacation on a pro-rated schedule.

Vacation is determined by an anniversary year system, where on the anniversary date of hire, the employee is granted a new allotment of vacation benefit. The exact allotment granted is determined by the years of continuous service, the full-time/part-time status, and the employee's continuity of service.

Vacation benefits for full-time employees are accrued at the rate of one-twelfth (1/12th) of the employee's authorized vacation for each full month of employment in the previous anniversary year. A full month of employment is any month in which an employee received pay for at least ten (10) times the employee's Factor (Full Time Factors: 8 and 7.5; Part Time Factors: As assigned by Payroll or employee's department).

Part-time employees meeting the benefits-eligibility requirements of the county receive a pro-rated portion of the vacation allotment, according to actual time worked in relation to a full-time employee with the same number of continuous years of service. Vacation hours are determined on the employee's anniversary date of hire by Financial Services, taking into account the hours paid during the twenty-six (26) pay periods immediately prior to the anniversary date.

Vacation granted upon hire within the first year of employment may be adjusted if an employee takes a new position or posting. For example, if a part time employee takes a full time posting within the initial year of hire, his or her vacation balance will be increased based on the number of months in the full-time position. Conversely, for example, if a full time employee takes a part time position within the initial year of hire, his or her vacation will be reduced based on the number of months in the part time position.

Vacation can be taken at times mutually agreed upon by the employee and their supervisor. Employees are encouraged to take their vacation in half day, full day, or full week increments. However, a department head may allow vacation time to be used in as small as fifteen (15) minute increments.

An employee who presents an acceptable medical excuse from their physician as proof of illness, and which includes the dates of the illness, may have that portion of their vacation leave converted to available sick leave.

Vacation allowances are not cumulative from year to year. However, on those occasions when an employee has not used all their vacation allotment prior to reaching their anniversary date, a maximum of five (5) days will be automatically carried over into the employee's next anniversary year. Any accumulated vacation over five (5) days will only be carried over with written approval of the department head and Human Resources. Benefit eligible part-time employees vacation carryover will be prorated. This carry over vacation must be used prior to the employee's following anniversary.

Upon leaving in good standing from county service and following one (1) year of employment, an employee shall be paid for all unused vacation leave at the time of their leaving county employ due in the current anniversary year plus a pro-rated amount of vacation allowance due in the succeeding anniversary year, based on length of service subsequent to the employee's anniversary date. Leaving in good standing includes death and retirement and also voluntary termination, where the employee gives notice thereof at least fourteen (14) calendar days prior

thereto and remains in active employment during such fourteen (14) day period, and termination caused by layoff, but it does not include discharge for disciplinary reasons. Such pro-rated amount will be computed on the employee's eligibility as of the time of termination, during the second year – pro-ration of two weeks, etc. In the event of the death of the employee, any wages and vacation payments due the employee will be made by a check issued to the employee's life insurance beneficiary, or if none is designated, to the estate of the employee. If an employee does not participate in the life insurance program, the employee may specify a beneficiary with the Human Resources Department for purposes of this Section.

Those employees who terminate in good standing, following one year of service, will be paid for earned but unused and/or accrued vacation allowance. However, if the employee terminated employment prior to completing an anniversary year of continuous service, they are not eligible for any vacation payout. Employees satisfying the service criteria will receive payment for accrued vacation allowance on a pro rata basis from the previous anniversary date to the date of termination (computed to the nearest one-quarter (1/4) month) and based on their eligibility level as of the date of termination and the provisions of the definition of "full month", above.

Retiring employees may extend their final date of retirement up to 30 days, by using unused vacation days, provided they satisfy the adequate fourteen (14) day notice provisions.

Employees who are leaving in good standing must have any vacation requests for time off during their fourteen (14) day period of notice re-approved by their department head, and cannot have vacation as their last day of pay, unless the absence was pre-approved, due to medical leave, or the result of retirement.

Employees who are on Federal Family Medical Leave will be required to use their vacation accumulation if they remain off work and have exhausted their sick leave accumulation following their choice period, unless on short-term disability.

A full-time employee's earned vacation to be taken during their anniversary year is determined as of the anniversary date of employment. Service shall be construed as full-time regular service with the county, regardless of department.

Each department head/manager/supervisor shall approve vacation in accordance with operating requirements, and insofar as possible, based upon a request of the employee.

Below is a table outlining the vacation schedule for all employees.

	Upon Hire	After three years of service	After eight years of service	After 15 years of service
ALL EMPLOYEES (excluding DSA)	Two Weeks	Three Weeks	Four Weeks	Five Weeks

VISION INSURANCE

The county offers single, employee plus one, employee plus children, and family voluntary vision insurance for those that are benefit eligible. Vision Insurance is paid 100% by the employee.

Vision insurance coverage provides an opportunity for employees to save money on routine vision exams, contacts, eyeglass frames, and lenses. Additional details regarding this benefit can be found on the Human Resources webpage.

VOLUNTARY SHARED LEAVE

The Outagamie County Human Resources Department administers a County Executive initiative called Voluntary Shared Leave which allows one employee to assist another employee by donating earned vacation in case of a prolonged, life-threatening medical condition or accident which exhausts the employee's available paid leave sources, i.e. sick leave, vacation, floating holiday and compensatory time, and forces the employee to be on a leave without pay.

Because Voluntary Shared Leave is a County Executive initiative, authorizations and approvals under this program are at the sole discretion of the County Executive.

This section of the handbook describes the conditions under which an employee may be eligible to receive or donate leave, the process of application for receipt or donation of leave, and provides forms for those purposes.

Voluntary Shared Leave is intended to be used by employees with a prolonged, life threatening medical condition and one that is likely to require an employee's absence from work for a prolonged time.

Voluntary shared leave does not apply to incidental, normal, and/or short-term medical conditions or illnesses. This includes conditions such as short-term, sporadic recurrence of chronic allergies or conditions; short-term or sporadic absences due to contagious disease; or short-term, recurring medical or therapeutic treatments. These examples are illustrative only, and are not intended to be all inclusive. Each case will be examined and decided based on its conformity to policy intent.

Voluntary shared leave is not intended to circumvent the requirement of management to have duties performed, or limit management's right to deny a request for leave without pay.

RESPONSIBILITY

Human Resources responsible for coordinating this program and interacting between the employees involved, the County Executive or their designee, and Payroll staff.

GUIDELINES

Donated hours can be used while an employee is on a Family and Medical Leave or unpaid Medical Leave as described in the Employee Handbook, or Collective Bargaining Agreement. When an employee is on unpaid Medical Leave and using shared leave, the income generated by the shared leave will not disqualify the employee from eligibility for the unpaid Medical Leave.

Revision Date: July 2024

Employees on worker's compensation are not eligible to participate in Voluntary Shared Leave as a recipient.

Employees who are receiving Short Term Disability (STD) payments from the voluntary STD insurance plan available through Outagamie County are not eligible to participate in Voluntary Shared Leave as a recipient.

Program participation is limited to 1,040 hours (prorated for part-time recipients), either continuously or, if for the same condition, on a recurring basis. Additional verification from the physician may be required. The number of hours of leave an employee can receive is equal to the projected recovery or treatment period (up to a maximum of 1,040 hours), less the employee's combined vacation and sick leave balance as of the beginning absence, including Family and Medical Leave.

The employee must exhaust all available vacation, sick leave, floating holiday, and compensatory time (comp time) before using any donated shared leave.

Shared leave ends when the employee returns to work, even for a part of the employee's regular shift. In the event that there is a balance of donated leave when the employee returns to work, the donated leave will be returned to the donator(s) in reverse order of the date the donation was received in Human Resources.

The establishment of a leave bank for use by unnamed employees is prohibited. Leave must be donated on a one-to-one personal basis.

An employee may not directly or indirectly make any attempt to intimidate, threaten, or coerce any other employee for the purpose of soliciting leave. Such action is considered a personal conduct issue and subject to disciplinary action, including dismissal.

All information from the applicant and the donator will be kept strictly confidential, including the identity of the donator. In the event the applicant wishes to divulge any information, medical or otherwise, they may do so. However, there will be no release of information by Outagamie County, Human Resources, or Payroll, with the exception of a short announcement if the recipient grants permission to disclose their information.

ELIGIBILITY

Any county employee who is eligible to accrue vacation may participate in this program and may apply to receive leave donations at any time when faced with a prolonged, life threatening medical condition.

A prolonged, life-threatening medical condition is one which has already or is likely to require an employee's absence from work for a prolonged period. A prolonged period is generally considered to be at least twenty (20) consecutive work days.

An exemption to the twenty (20) day requirement may be made if the employee has had previous, random, and excessive absences for the same condition as that for which shared leave is currently being requested; or if the employee has had a different but prolonged, life-threatening medical condition within the past twelve (12) months.

PROCESS

An eligible employee may apply to receive shared leave by submitting a completed Application to Receive Voluntary Shared Leave form to the Human Resources Department.

Only those applicants who currently have a zero balance in all paid leave accounts, i.e. sick leave, vacation, compensatory time, and floating holiday, will be considered.

The employee requesting the shared leave must provide a physician's statement describing the specific nature of the medical condition, prognosis, and the estimated recovery or treatment time. To do this, the employee can either attach such certification to the application form, or, in the event the employee is currently on Family and Medical Leave, they can choose to use the Health Care Provider Certification that justified that leave, so long as the date of the Family and Medical Leave Certification is within twelve weeks of the date of the Voluntary Shared Leave application. If an employee has used all of their Family and Medical Leave and is now applying for or is currently receiving unpaid Medical Leave, they must once again provide a certification from their physician justifying the need for the continued absence.

Human Resources will research the requesting employee's attendance history, provide information as to paid leave balances; and present the application form to the County Executive or their designee who will approve or deny the request.

The employee requesting the shared leave will be informed by Human Resources as to the results of the approval process.

DONATION PROCESS

Any eligible employee, i.e. one who currently has earned vacation in their vacation account, can donate vacation leave to another eligible employee. Attempts to donate sick leave, compensatory time or floating holidays will not be approved.

An employee may donate shared leave by submitting a completed Voluntary Shared Leave Donation form to the Human Resources Department.

An employee may not donate more than his/her available earned vacation amount.

The minimum allowable donation must be equal to the donator's full workday increments, whether in eight (8) hour, seven and one-half (7.5) hour, or prorated (part-time) blocks.

A full-time employee's donated hours, whether eight (8) hour or seven and one-half (7½) hour blocks, will be received by the full-time applicant in that same increment. That is, if an employee who normally works a seven and one-half (7½) hour day donates a day to an applicant who normally works an eight (8) hour day, the donation will be credited as seven and one-half (7½) hours. Likewise, if an eight (8) hour employee donates a day, it will be received by the seven and one-half (7½) hour recipient as eight (8) hours. In the event a part-time employee donates one of their regular days, for example a four (4) hour day, to a full-time employee, that recipient will receive four (4) hours. In the event a full-time employee donates an eight (8) hour day to a part-time employee, the part-time recipient will receive eight (8) hours. At no time will a recipient be paid for more than the number of hours they normally work. In all cases, donations will be credited to the first day the recipient has been unpaid. For example, if the recipient had unpaid days beginning June 2nd, and on July 10th they received a donation of one (1) day, that donation would be paid out on the current check cycle but credited to June 2nd.

Human Resources will confirm that an employee who wishes to donate earned vacation actually has the vacation, will coordinate the donation with Payroll, and will inform the employee that their donation has been accepted or rejected.

DISCLAIMER

The Voluntary Shared Leave Program is an initiative of the County Executive and may be continued or discontinued at any time and without recourse by the participants in this Program.

The form to request Voluntary Shared Leave can obtained from Human Resources.

VOLUNTEERS

Outagamie County recognizes the value of the contributions made by volunteers to the community and in support of county programs. However, volunteers also expose the county to potential risk and liability. Proactive risk management efforts can control and minimize liability exposures and help ensure that the use of volunteers is a positive experience for the volunteers, Outagamie County and its residents.

This section of the handbook sets forth minimum requirements for the use of volunteers in support of county objectives. Due to the nature of various volunteer programs throughout the county, additional steps, training or safeguards may be prudent or required and are not limited by this section.

A volunteer of Outagamie County is defined as an individual recognized and authorized by Outagamie County or one of its officials, agents or employees to perform services on behalf of Outagamie County without receipt of salary or compensation other than expense reimbursement.

RESPONSIBILITY

It is the responsibility of the management staff of each department utilizing volunteers to ensure the provisions of this section of the handbook are followed and that any additional steps, training or safeguards which would minimize exposure to liability are instituted.

The Human Resources Department, Risk Administrator, Corporation Counsel and other departments are available as needed to assist with evaluation of technical issues associated with the operation of the volunteer programs.

INSURANCE COVERAGES

General Liability. The county's general liability insurance policy provides that any expressly authorized volunteer of the county, while acting within the scope of their volunteer service, is covered by the policy, subject to its terms, conditions and exclusions.

If a volunteer's actions cause physical injury or property damage to another and the injured party files a claim against or sues the volunteer, the county or its insurer will defend the volunteer and be responsible for any financial judgment incurred, provided that the volunteer was acting within the scope of their responsibilities, gives notice of the claim to the county and cooperates in the defense or litigation.

Automobile Liability. The county's automobile liability insurance policy states that anyone operating a county owned vehicle with the permission of the county, or their personal vehicle while conducting county business, is an insured subject to policy terms, conditions and exclusions. However, when using a personal vehicle, the county's automobile liability coverage is secondary, or excess, over any other insurance available to the volunteer. Volunteers who use their own vehicle to conduct county business should confirm with their insurance provider that there is coverage for such use. The county does not provide any physical damage coverage for the volunteer's personal vehicle.

For any volunteer that is likely to drive in the course of their service, the Department is required to obtain and maintain on file a Certificate of Insurance or Insurance Identification Card that verifies automobile insurance coverage at least equal to the Wisconsin minimums. The Department will also obtain evidence of continued coverage if the volunteer's insurance expires during the term of service with the county. State minimums are listed on the Risk Administration website under the "Insurance Info" tab.

Volunteer Accident Policy. The county provides accident insurance to all volunteers which covers medical, dismemberment and death benefits to a maximum of $25,000 per occurrence along with a $1,000 dental benefit. These benefits are payable for an injury sustained while on the county premises and participating in authorized volunteer work or while traveling in connection with volunteer activities while under direct supervision of the county. The county does not provide any coverage for loss of income, permanent disability or other non-monetary damages or injuries.

Reporting. Volunteers must report all incidents/accidents related to their volunteer service to their supervisor as soon as possible and complete a Volunteer Report of Injury or Accident (Addendum 3) which must be forwarded to the Risk Administrator within 48 hours. Verbal notification to the Risk Administrator should be made as soon as possible.

MINIMUM PROCEDURAL REQUIREMENTS

All volunteer candidates should be screened and interviewed based on interests and suitability for the responsibilities of the assignment by the supervising department. References should be obtained, documented and retained.

Basic information will be collected and maintained by the supervising department or agency for all individuals retained as volunteers prior to the provision of any services on behalf of the county. The basic information will include: Name, Telephone Number, Address and Date of Application.

An Outagamie County Volunteer Information Form is attached (Addendum 1). Use of this particular form is optional. Based on the nature of the volunteer assignment, additional information may be required.

Criminal Background Investigations will be required for volunteers who are assigned tasks in which there will be unsupervised interaction with clients and/or where the handling of money or sensitive information is involved. The Human Resources Department will pay for Criminal Background Checks and will assist with processing the checks as necessary. Any questionable information obtained in a background check should be discussed with the Human Resources Department or Risk Administrator.

Motor Vehicle Operations Checks are required for all volunteers whose responsibilities will include driving any vehicle (county or personal) in the fulfillment of their assignments. Any check that

reveals an infraction within the past 3 years must be reviewed with the Risk Administrator. Details for completing Motor Vehicle Operations Checks can be found on the Risk Administration website under the "Insurance Info" tab.

The supervising department or agency will provide all volunteers with a written description of their responsibilities and duties and should include at a minimum: volunteer title, supervisor or point of contact, objective of the position, duties of the position, and requirements necessary to perform the duties. The supervising department or agency will control the time and activities of the volunteer and maintain records which will, at a minimum, indicate the beginning and end of volunteer service for each individual.

All volunteers should receive basic training on how to carry out their responsibilities. Based on the complexity and responsibility of the assignment, instruction will vary from an informal orientation to a formalized training program. Training will include safety issues and incident reporting information.

It will be the responsibility of the supervising department or agency to monitor the performance of volunteers and ensure that volunteers are performing up to standards and in the best interests of the county. Those not performing up to expectations will be relieved of their responsibilities.

RECORDS RETENTION

Records of each volunteer's basic information, begin and end dates, and any other pertinent information will be retained by the supervising department or agency for a period of seven years. In the event a juvenile is retained as a volunteer, those records will be kept for a period of seven years from the date the individual reaches the age of majority (18).

A copy of the Volunteer Form can be obtained from Human Resources.

WHISTLEBLOWER PROTECTIONS

A whistleblower as defined by this policy is an employee of Outagamie County who reports an activity that they consider to be illegal or dishonest to one or more of the parties specified in this Policy. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate management officials are charged with these responsibilities.

Examples of illegal or dishonest activities include but are not limited to violations of federal, state or local laws; billing for services not performed or for goods not delivered; and other fraudulent financial reporting.

If an employee has knowledge of or a concern of illegal or dishonest fraudulent activity, the employee is to contact the Human Resources Director or their designee. The employee must exercise sound judgment to avoid baseless allegations. An employee who intentionally files a false report of wrongdoing will be subject to discipline up to and including termination.

Whistleblower protections are provided in two important areas - confidentiality, and anti-retaliation. Insofar as possible, the confidentiality of the whistleblower will be maintained. However, identity may have to be disclosed to conduct a thorough investigation, to comply with the law and to provide accused individuals their legal rights of defense. Outagamie County will not retaliate against a whistleblower. This includes, but is not limited to, protection from retaliation in the form of an adverse employment action such as termination, compensation decreases, or poor work assignments and threats of physical harm. Any whistleblower who believes they are being retaliated against must contact the Human Resources Director immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.

In the event that such a report requires disclosures of trade secrets, the DTSA provides for immunity to the employee for certain disclosures of trade secrets.

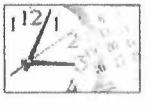
Pursuant to 18USC1893(3) and Wis. Stat. § 134.90(1)(c), the term "trade secret" means all forms and types of financial, business, scientific, technical, economic, or engineering information, including patterns, plans, compilations, program devices, formulas, designs, prototypes, methods, techniques, processes, procedures, programs, or codes, whether tangible or intangible, and whether or how stored, compiled, or memorialized physically, electronically, graphically, photographically, or in writing if— (A)the owner thereof has taken reasonable measures to keep such information secret; and (B)the information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable through proper means by, another person who can obtain economic value from the disclosure or use of the information.

Defend Trade Secrets Act (DTSA) Compliance: "Immunity from Liability for Confidential Disclosure of a Trade Secret to the Government or in a Court Filing:

(1) Immunity—An individual shall not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that—(A) is made—(i) in confidence to a federal, state or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law; or (B) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

(2) Use of Trade Secret Information in Anti-Retaliation Lawsuit—An individual who files a lawsuit for retaliation by an employer for reporting a suspected violation of law may disclose the trade secret to the attorney of the individual and use the trade secret information in the court proceeding, if the individual—(A) files any document containing the trade secret under seal; and (B) does not disclose the trade secret, except pursuant to court order."

WISCONSIN RETIREMENT SYSTEM



Employees expected to work 1200 hours and at least one year are eligible to participate in the Wisconsin Retirement System (WRS) as administered by Employee Trust Fund (ETF). This State-

administered program covers employees from the first day in a qualifying position; however, employees hired on or after July 1, 2011 will be subject to a five (5) year vesting requirement.

The retirement plan consists of two parts: an employee-required portion and an employer-required portion. Outagamie County pays the employer portion, and employees are responsible for paying the employee-required portion. However, Sheriff's Department protective status management staff hired prior to July 1, 2011 will have the same Wisconsin Retirement System contribution arrangement as the Deputy Sheriff's Association. Contribution rates are determined by the Trust Funds Board and are subject to change.

A separation benefit from the Wisconsin Retirement Fund can be taken upon termination of employment. The termination must occur any time prior to age 55 for general category employees, or if over 55, a separation benefit would be available to participants who are not vested. A separation benefit is a lump sum withdrawal of the employee contribution balance which will include all employee contributions (whether deducted from the employee's salary or paid on the employee's behalf by the county) plus accumulated interest. The employer-required contributions are forfeited.

On retirement, employees vested in the Wisconsin Retirement System can apply for a lifetime monthly annuity based on the plan's available formula calculation or other options as allowed by ETF. Employees severing their employment status with the county should contact the Human Resources Department to obtain the applicable forms and information regarding their retirement account. Retiring employees are encouraged to contact ETF at least six (6) months in advance of their anticipated retirement date.

WORK WEEK AND HOURS

Outagamie County maintains work hours which are compatible with state law, departmental functions, and the maintenance of effective work schedules. The county reserves the right to modify the normal schedule of hours.

Each payroll period is two weeks long, beginning on a Sunday and ending on a Saturday, and is known as a bi-weekly payroll, with the exception of certain Highway employees who are on a semi-monthly schedule. Payday for most county employees is every other Friday.

With the exception of Section 7(k) Sheriff Department employees, the normal work day for regular full-time employees shall generally be 7.5 - 8 hours and a normal work week shall generally be 37.5 - 40 hours. Employees on a 37.5 hour work week schedule shall be compensated at straight-time pay for all hours worked between thirty-seven and one-half (37.5) and forty (40) hours per week.

Brewster Village: Full-time regular Brewster Village employees shall work a normal day of eight (8) hours and a normal work period of forty (40) hours or eighty (80) hours, depending on assignment. Brewster Village nursing staff will receive a shift differential as defined on the wage schedule. The work schedule will be posted at least two (2) pay periods in advance and posted on the respective neighborhoods. In the event of a layoff, the work schedule shall be made two (2) weeks in advance of the effective date of the layoff and posted on the respective neighborhoods. Any deviation from this schedule, if requested by an employee, shall be the

responsibility of the employee to have someone to work in their place as long as it does not involve overtime pay. Exceptions may be made in cases of illness, bereavement leave, or vacation.

Sheriff's Department: The normal work week for full-time employees classified as Telecommunicator, Correctional Officer, and Jail Operations Assistant will typically be 5 on – 2 off, 5 on – 3 off, and the normal work day for such employees shall consist of an eight and one-third (8.20) hour shift. Shifts for Communication Center Personnel and Jail Operations Assistants shall be assigned as determined by the county. Other assignments to the various shifts may be made by the county as needed.

WORKER'S COMPENSATION

It is the policy of the Outagamie County to provide a workers' compensation program at no cost to employees. This program covers any injury or illness sustained in the course of employment.

Workers' compensation is a "no-fault" system that provides compensation for reasonable medical expenses and wage losses to employees who are injured or who become ill because of employment.

Outagamie County has self-funded workers' compensation insurance with a third-party claims administrator. The insurance provides coverage for related medical and rehabilitation expenses and a portion of lost wages to employees who sustain an injury on the job. Worker's Compensation begins on the employee's first day of work.

The County abides by all applicable state workers' compensation laws and regulations.

If an employee sustains a job-related injury or illness, the employee is required to notify the Supervisor and/or Risk Administration. The employee will complete and sign an Injury Report. The Supervisor will also complete an injury report and return both the employee's and their form to the Risk Administrator who will file the claim. In cases of true medical emergencies, the employee should report to the nearest emergency room and notify his or her supervisor as soon as possible.

In the case of serious work-related injury which requires the employee to leave work to seek medical attention on the date of the injury, a full day's pay will be allowed for the first day, regardless of what time of day the injury was sustained after the official starting time. Per Wisconsin statutes, Chapter 102, if an employee misses work due to a work injury (or work illness), workers' compensation will pay up to two-thirds of the employee's gross average weekly wage. A three-day waiting period may apply. To receive any wage benefit, missed time must be authorized by the employee's treating physician.

No employee will be allowed to take sick leave for an occupational injury except as cited above, as per ruling of the Wisconsin Division of Workers' Compensation. Compensation is always paid on legal holidays falling on a work day, and when an employee is off work due to an injury over a holiday, they cannot receive holiday pay from the County. Compensation is figured at six (6) days per week.

If an employee returns to work after an injury and they have to go back to their doctor for treatment or checkup, such time can be charged to sick leave. If any employee is off from work at the close of the year because of occupational injury and still has unused vacation time, such time can be taken in the following year, with authorization from the Administrator.

During the time an employee is receiving temporary-total Worker's Compensation benefits, the County will continue paying its share of the Health Insurance premium, for a maximum of twelve (12) months.

Worker's Compensation Differential Pay for Correctional Officers, Telecommunicators, Process Servers, Operations Assistants & Records Specialists (former OCJCA employee group): In the event a full time employee becomes entitled to and receives Worker's Compensation payments for temporary-total or temporary-partial disability under Chapter 102 of Wisconsin Statutes, the employee's Worker's Compensation payments will be supplemented so that the employee will receive eighty percent (80%) of their full salary during said period up to a maximum of twenty-six (26) calendar weeks from the date of the original injury or illness. This shall be accomplished by the County paying the employee the difference between the employee's Worker's Compensation check and the employee's normal salary for the period covered by said Worker's Compensation check. For purposes of this paragraph only, an employee shall be considered as entitled to Worker's Compensation payments for temporary-total or temporary-partial disability during the first three (3) days of any illness or injury, notwithstanding the provisions of Chapter 102 of Wisconsin Statutes. Part time employees in these positions do not qualify for this differential pay.

Workers' compensation benefits (paid or unpaid) will run concurrently with the Family and Medical Leave Act, if applicable, and where permitted by state and federal law.

Information on how to report an injury can be found on the Risk Administration webpage http://myoc.org/home/showpublisheddocument/4646/638047862218330000

GLOSSARY OF TERMS

The following definitions are in alphabetical order and are presented here as resources for your use as you use the handbook.

Active Employment: Performing actual work for the county for which the employee receives pay.

Adjusted Date of Hire: A date used as a starting point to track such things as time in grade, position, and employment status.

Allocation: The assignment of a position to a class.

Anniversary Date: The date an employee begins county employment. Also known as "Date of Hire".

Board: The Outagamie County Board of Supervisors.

Class: One or more positions which are sufficiently alike in duties and responsibilities to warrant using the same title, similar qualifications, selection processes and the same pay range.

Class Specification: A written description of a class containing the class title, a general statement of the duties and responsibilities, examples of typical duties performed, and minimum qualifications required.

Class Title: The official designation or name of the class as stated in the class specification. The class title shall be used on all personnel records and other official personnel actions.

Classification Plan: The sum total of all job class specifications in the county service and a system showing salary and classification relationships.

Compensatory Time: The hours absent from duty granted to compensate for authorized overtime worked.

Continuous Service: The total length of employment with the county without break or interruption.

Demotion: The assignment of an employee from one class to another class with a lower pay range.

Department: A unit of government having a separate operational budget, usually reporting directly to the County Executive.

Department Head: A county official with the responsibility for the operation of a county department and that department's budget.

Disciplinary Action: The action taken to discipline an employee for cause which may include any action from a verbal reprimand up to and including discharge.

Domestic Partner: A person with whom an employee shares a committed relationship akin to marriage. This relationship is characterized by mutual financial interdependence and a shared residence, and typically involves a level of emotional and physical commitment similar to that found in a traditional marriage. Domestic partners may or may not be legally married or have registered their partnership, depending on local laws and regulations.

Effective Date: The date at the beginning of a payroll period on or following the eligibility date for which a change in pay is to be implemented.

Eligible: A person certified as meeting the training, experience, and skill requirements and as successfully completing all parts of the selection process when formal selection devices are used.

Eligibility Date: The date an employee becomes eligible for benefits and/or change in salary.

Eligibility List: A list of persons eligible to fill positions in a particular job class.

Emergency Appointment: An appointment not to exceed thirty calendar days which may be made in case of unforeseen emergency and when necessary to prevent impairment of county service.

Employee: An individual who is employed by the county and is paid in part or whole through the county payroll. This specifically excludes leased, employment agency and independent contractors.

Employee Complaint: A formal employee complaint regarding alleged poor working conditions, unjust application of discipline, or unfair application or violation of the personnel rules and regulations of the county or the department for which the employee works.

Entrance Pay Rate: The rate at which an individual not currently on the payroll will normally be paid upon joining the county service.

Full Month of Service: Minimum of ten (10) times an employee's Factor (Full Time Factors: 8 and 7.5; Part Time Factors: As assigned by Payroll or employee's department); 10 is derived from 10 days of service in a month.

Immediate Family: Unless otherwise defined, includes spouse, domestic partner, child, parent, brother, sister, mother-in-law, father-in-law, sister-in-law, brother-in-law, daughter-in-law, son-in-law, grandparent, stepparent, stepchild, stepbrother, or stepsister.

Jurisdictional Committee: That committee established by the County Board to be the policy and budget oversight committee for a particular department.

Layoff: The involuntary separation of an employee because of lack of work, lack of funds, or the abolishment of a position.

Leave: An authorized absence from regularly scheduled work hours which has been approved by proper authority.

Overtime: Time an employee is directed and authorized to work in excess of forty (40) hours in one work week, or other hours as determined by Federal or State law for applicable law enforcement or Brewster Village staff.

Pay Plan: A schedule of pay ranges for all classes of positions in the county service.

Pay Range: The minimum and maximum rates of pay established for each class of positions.

Position: A grouping of duties and responsibilities to be performed by an employee. A position may be filled or vacant, full-time or part-time, regular or temporary.

Promotion: The assignment of an employee from one class to another class with a higher pay range.

Reclassification: The reassignment of a position from one class to another to recognize a change in the duties and responsibilities of a position or to correct an error in the original assignment.

Reinstatement: The action by which a former employee may be reinstated to a position with pay and/or fringe benefits comparable to that received at the time of separation or as may be appropriate at the time.

Reprimand: A written notice to an employee that the supervisor believes a deficiency exists in the employee's work performance or conduct and improvement is needed, which is filed in the employee's Human Resources Department personnel file.

Supervisor: The person responsible for the assignment, direction and evaluation of the work of another employee.

Termination: The removal of an employee from the payroll for voluntary, or involuntary reasons, including dismissal, resignation, retirement, or death.

Transfer: The assignment of an employee from one position to another in the same class or to a class with the same pay range.

Vacancy: A duly created position which is not occupied and for which funds have been provided.

Revision Date: July 2024

RESOLUTION NO.: 60—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Rule 9 of the Outagamie County Board Rules, Sec. 2-52 Administrative Rule Review, establishes a procedure for the review of Administrative Rules. The County Board may approve of the rule or refer it back to administration for revision and re-submission. A rule regarding updates to the Outagamie County Employee Handbook has been submitted for review.

Administrative Rule AR-2024-02 updates the Outagamie County Employee Handbook with adjustments to:

- Life Insurance
  - Outagamie County provides group life insurance for full-time employees, and will be eligible the first of the month following one (1) month of continuous employment.
- Long-Term Disability
  - Coverage becomes effective the first of the month following one (1) full month of continuous employment of eligibility.

Administrative Rule AR-2024-02 replaces Administrative Rule AR-2024-01.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby approve Administrative Rule AR-2024-02 as attached and by reference made a part hereof, which amends the Outagamie County Employee Handbook with adjustments and clarifying language to reflect current practice as pertains to Life Insurance and Long-Term Disability, and

BE IT FURTHER RESOLVED, that this rule shall be numbered AR-2024-02, shall replace AR-2024-01, and will be on file in the manual entitled "Outagamie County Administrative Rules" in the Outagamie County Clerk's Office, and

I, Kelly Gerrits, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the October 22, 2024 County Board Minutes approved by a majority vote at a meeting of the County Board on November 4, 2024 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 5th Day of November, 2024

/s/ Kelly Gerrits
County Clerk

Please call the Outagamie County Clerk's Office (832-5077) if you would like further elaboration of these minutes.

RUN: November 18, 2024

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, November 4, 2024.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 5:30 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 30 present, 6 absent. Members present: Johnson, Patience, Gabrielson, Kostelny, Hammen, Lawrence, Lamers, Ferguson, McCabe, Wegand, MacDonald, Schroeder, Croatt, Spears, Heiser, Mitchell, Cuff, Hagen, Klemp, Thiede, Janke, Weinberg, Culbertson, Monfils, Nejedlo, Clegg, Thyssen, VanderHeiden, Koury, and Lautenschlager. Members absent: Supervisors Thompson, Smith, Krueger, Hermes, Winterfeldt, and Rettler.

The Board Chairperson requested the Board's confirmation to excuse Supervisors Thompson, Smith, Krueger, Hermes, and Rettler. Chairperson Gabrielson announced Supervisor Lamers would need to leave the meeting early. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

SPECIAL ORDER OF BUSINESS – None.

ESTABLISH ORDER OF THE DAY– In order to expedite the meeting, Chairperson Gabrielson requested unanimous consent to group the resolutions for roll calls for the Table of Organization Changes, New Position Changes, and Regrading (Resolution Nos. 61-92—2024-25), unless a Supervisor wanted a resolution separated out from the combined roll call. VOICE VOTE CARRIED UNANIMOUSLY.

Chairperson Gabrielson reported the request to have all ordinances, and resolutions locked in at the meeting.

Chairperson Gabrielson asked for unanimous consent to handle all reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

2025 COUNTY EXECUTIVE BUDGET - The Finance Committee moves for adoption of the 2025 County Executive Budget as amended by the Finance Committee (see Final Finance Committee 2025 Executive Budget Amendments Worksheet).

Supervisor Croatt moved, seconded by Supervisor Cuff, for adoption of the 2025 County Executive Budget as amended by the Finance Committee.

Chairperson Gabrielson requested unanimous consent to allow Finance Director Uitenbroek and Deputy Finance Director Hamilton to answer technical questions. VOICE VOTE CARRIED UNANIMOUSLY.

Budgets were taken up in the order, by committee, as listed in the order of the agenda.

Health and Human Services Committee
No amendments were offered.

Highway, Recycling and Solid Waste Committee
No amendments were offered.

Property, Airport, Recreation & Economic Development Committee
No amendments were offered.

Legislative/Audit and Human Resources Committee
No amendments were offered.

New Position Requests – 2025 Budget – tables included in packet and referenced in all position change resolutions:

MINUTES OF THE OCTOBER 22, 2024 BUDGET PUBLIC HEARING AND COUNTY BOARD MEETING

Supervisor Thiede moved, seconded by Supervisor VanderHeiden, for approval of the minutes.

ROLL CALL: 27 yes, 2 abstain (Schroeder and Thyssen), 7 absent. MINUTES OF THE OCTOBER 22, 2024, BUDGET PUBLIC HEARING AND COUNTY BOARD MEETING ARE APPROVED.

COMMUNICATIONS –
Chairperson Gabrielson summarized the following communications:

- Chairperson Gabrielson provided many thanks to all who helped with the 2025 County Executive Budget. He specifically thanked Finance Director Uitenbroek, her staff, and County Executive Nelson, who met the needs of the County operations while being fiscally responsible. He extended his appreciation to Department Heads who provided thoughtful and thorough budget presentations, including attending numerous committee and County Board meetings. He expressed his understanding in the learning to navigate to a digital budget book. He thanked the Finance Committee Chairman Croatt and Finance Committee members, who dedicated their time and efforts to review and evaluate the budget. He continued with thanking the County Board Supervisors who revised their department and jurisdiction budgets.
- Chairman Gabrielson also thanked members of the public who spoke at the Annual Budget Public Hearing, attended County Board meetings, and the Finance Committee meetings.
- Tomorrow is the November 2024 General Election Day, and encouraged all members of the public who are eligible to go out and vote. Chairman Gabrielson thanked Clerk Gerrits and her staff in preparing for Election Day.
- There is likelihood the November 12, 2024 County Board meeting may be cancelled due to lack of pressing business, but committees will still meet as scheduled.
- Tuesday, December 10, 2024 will be the final County Board meeting for 2024 – Chairman Gabrielson stressed the importance of finalizing all committee business by that date, including final ARPA dollar allocations. With this being the final meeting of the year, Legislative Services is hoping to coordinate foods and desserts prior to the meeting – please watch e-mails for more information.
- Donations are currently being accepted for the County Board holiday tradition of raising funds for the Adopt-A-Family Program for Outagamie County. The goal this year is to raise $500. If interested in contributing, please provide the cash or check (made payable to Sara Hickey) in Legislative Services. All contributions must be received by Monday, November 25, 2024.
- Chairman Gabrielson reminded the County Board that November 11, 2024 is Veterans Day, and took the time to acknowledge Supervisors who served in the country's armed forces: Supervisor Culbertson, Rettler, Janke, Mitchell, and Kostelny. On November 11, 2024 at 2 p.m. the Veterans Village in Grand Chute is having a dedication ceremony – see Supervisor Janke for more information.
- The outstanding requirement of five (5) Supervisors who still need to complete the October 2024 cyber security training (Work Bytes – Working Remotely), fifteen (15) Supervisors who still need to complete the November 2024 training (Core Concepts: Vishing), which is due on November 14, 2024. Chairperson Gabrielson emphasized the importance of completing the trainings, and if any Supervisor is having any issues with accessing or completing the trainings, to reach out to Legislative Services Office for assistance.
- County Board Supervisors should have received an e-mail from Human Resources Specialist Kariann Hess regarding the open enrollment opportunity for the County's health insurance plan. If interested in participating in the plan, please complete the form – enrollment ends November 14, 2024.
- Chairperson Gabrielson recognized the following County Board Supervisor birthdays: Supervisor Ferguson (11/6), Supervisor Nejedlo (11/8), and Supervisor Croatt (11/10).

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

RESOLUTION NO.: 61—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following grade change, and the same has been made a part of the 2025 County Executive Budget:

Department: Appleton International Airport
Position: (1) Full-time Director of Finance & Administration
Grade Change: From Exempt 165 to Exempt 175

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Wage Scale for the Appleton International Airport, cost center 5000110, by changing the Director of Finance & Administration from Exempt 165 to Exempt 175 effective January 1, 2025 as described in the Position Classification/Grade Change Form, Position Description, and Table of Organization which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Appleton International Airport Director.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Director of Finance & Administration

Position Purpose

The Director of Finance & Administration oversees all financial and business operations, including financial management, analysis, strategy, budgeting, accounting, lease, and cash management. Additionally, this role incudes oversight of human resource responsibilities, ensuring alignment with the Airport's strategic goals. Through leadership, accountability and stakeholder engagement, this position is responsible for short-term and long-term financial direction of the Airport, promoting efficient resource use and devising innovative financial solutions for the success of the Appleton International Airport.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Establishes, implements, monitors Airport wide, policies in financial procedures, fiscal reporting, accounting methods, budget preparation, debt administration, lease management, and cash management.
- Provides financial analysis and recommendations on complex issues, opportunities and problems facing the Airport. Develops various financial modeling and forecasting matrix to best position the Airport to maintain a "self-sufficient" operating budget.
- Coordinates with the Assistant Airport Director, provides Airport leadership in the absence of the Airport Director; administers and manages the financial operation of the Appleton International Airport.
- Leads the Airport's administrative, financial, and human resource functions ensuring local, state, and federal compliance but also pursing industry best practices are brought forward.
- Coordinates federal and state reimbursements; prepares reimbursement applications and submits all required federal, state and local reports in a timely manner as required by grants.
- Develops relationships and interacts with local, state, and federal leaders, high level external business leaders, Airline executives, all levels of Airport employees and external vendors.
- Negotiates with key leaders, drafts, and tracks all Airport leases, contracts and other agreements. Ensures the leases are structured to protect the Airport's interests.
- Prepares and delivers written and oral presentations to the local board/ municipalities, state and Federal organizations.
- Plans, organizes, and supervises budget preparation activities. Assists the Airport Director in reviewing multiple airport cost center budgets in order to communicate the financial impact of the budget plan. Assists the Airport Director in preparing for the review of the budget with elected officials; and prepares analysis for the Airport Director's review, monitoring actual results and recommending alternative actions to achieve budgeted goals
- Plans and organizes internal and external Airport audit schedules and reports for lease and contract compliance along with audit best practices.
- Provides advice, counsel and direction to the Airport Director to ensure effective administration and implementation of the Airport's approved budget, fiscal policies, plans and programs. Provides regular financial statements to the Airport Director detailing the Airport's financial condition.

- Prepares or directs the process for recovery of Airport revenues due to the County, including grants and miscellaneous fees. Calculates, monitors and communicates airline rates and charges to airline property managers.
- Monitors capital project payments, tracks source and uses of funds to ensure proper allocation of funds and compliance with all applicable FAA, local, state, and other funding source requirements.
- Explores and develops business opportunities, grants and strategic initiatives. Advises, consults and makes recommendations to the Airport Director on all financial matters. Prepares analysis and assistance with economic development initiatives to grow and develop the Northeaster Wisconsin economic engine.
- Oversees all Airport administrative functions, supervises the accounting, administration, and human resource staff; handles performance appraisals, participates in hiring and termination decisions, and coordinates recruitment processes.
- Oversees the implementation and adherence to HR policies and procedures. Collaborates in developing and executing strategies to enhance employee engagement and retention. Drives HR initiatives aimed at establishing the Airport as a leader in industry best practices and innovation.
- Champion efforts to create a positive and dynamic workplace culture that attracts top talent and fosters professional growth.
- Oversees accounting staff in preparing and presenting PFC, FAA, ACDBE, Title VI required reports.
- Creates dashboards to ensure all divisions are operating in efficient manner and in accordance with established Key Performance Indicators (KPIs)
- Oversees administrative staff in providing security training and fingerprinting per TSA requirements for County employees, tenants and contractors and issues appropriate badges.

Education/Certifications/Experience Requirements

- Bachelor's degree from an accredited college or university in Accounting, Finance, Business Administration, Public Administration, Aviation Management, or related field. MBA or advanced degree preferred.
- Ten years of progressive experience in public or private financial management or business development.
- Thorough understanding of Airport financial requirements, including calculation of airline rates and charges, FAA Airport Improvement Program grant assurances (e.g., revenue diversion, self-sufficiency requirements, unjust discrimination), Transportation Security Administration requirements, FAA Airport Revenue Use Policy, and Passenger Facility Charge Program regulations and requirements.
- Must demonstrate strategic vision, administrative ability and leadership qualities.
- Must have above average verbal and written communication skills.

Required or Preferred Skills

- Incumbents holding certifications such as Certified Public Accountant, Certified Internal Auditor, American Association of Airport Executives (AAAE) is preferred.
- Advanced MS Excel skills including functions, (i.e. Vlookup) and pivot tables.
- Strong attention to detail and good analytical skills.
- Excels at multi-tasking, organization, and time management.
- Ability to supervise the administrative functions of the Airport and ability to assign, supervise and review the work of the office staff.
- Ability to make recommendations regarding selection, discipline and discharge of employees.

- Ability to make sound recommendations regarding fiscal matters.
- Ability to add, subtract, multiply, divide, forecast, present value and future values and calculate decimals and percentages.
- Ability to comprehend and analyze complex business operational issues, financial matters and contracts, leases and various correspondences.
- Ability to establish and maintain good working relationships with direct and indirect reports, public officials, tenants, contractors, engineers and general public.
- Ability to prepare letters, memos, fiscal notes and resolutions.
- Ability to hear, speak, walk, stoop, climb, bend, stretch, push, pull and lift up to 20 pounds. Sitting for long periods of time and extensive phone contact.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 62—2024-25 IS ADOPTED.

RESOLUTION NO.: 62—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following grade change, and the same has been made a part of the 2025 County Executive Budget:

Department: Appleton International Airport
Position: (1) Full-time Marketing & Brand Manager
Grade Change: From Exempt 145 to Exempt 160

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Wage Scale for the Appleton International Airport, cost center 5000110, by changing the Marketing & Brand Manager from Exempt 145 to Exempt 160 effective January 1, 2025 as described in the Position Classification/Grade Change Form, Position Description, and Table of Organization which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Appleton International Airport Director.

Dated this 19th day of November 2024

Reclass Justification

Briefly summarize why this Classification Change is needed, as well as areas of revenue and savings.

Due to Airport growth, the need for Marketing expands as well. The Marketing and Brand Manager is responsible for creating and implementing strategic marketing plans to enhance the airport's brand identity, increase passenger engagement, manage the marketing budget, and drive the airport's growth. This role requires a creative, analytical thinker with strong leadership skills, plus a deep understanding of market trends and consumer behavior.

Marketing and Brand Manager

Position Purpose

The Marketing and Brand Manager is responsible for creating and implementing strategic marketing plans to enhance the airport's brand identity, increase passenger engagement, manage the marketing budget, and drive the airport's growth. This role requires a creative, analytical thinker with strong leadership skills, plus a deep understanding of market trends and consumer behavior. Additionally, this role includes managing marketing staff in charge of social media, communications, and marketing programs.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Brand Strategy and Management:
  - Develop and implement comprehensive brand strategies to increase brand awareness and loyalty to the ATW brand.
  - Ensure brand consistency across all marketing channels and communications.
  - Oversee the creation and maintenance of brand guidelines and assets.
- Budget Management
  - Manage airport marketing budget over $1,000,000, ensuring effective allocation and utilization of resources.
  - Monitor expenditures, activities, and programs, maximize return on investment, and ensure all marketing activities stay within budget.
- Marketing Campaigns:
  - Plan, execute, and optimize multi-channel marketing campaigns to drive passenger acquisition and retention.
  - Collaborate with cross-functional teams to create compelling content and marketing materials.
  - Monitor and analyze campaign performance, providing insights and recommendations for improvement.
- Market Research and Analysis:
  - Conduct market research to identify trends, opportunities, and competitive landscape.
  - Analyze passenger behavior and feedback to inform marketing strategies.
  - Use data-driven insights to measure the effectiveness of marketing efforts and adjust tactics accordingly.
- Digital Marketing:
  - Manage digital marketing initiatives, including SEO, SEM, social media, email marketing, and content marketing.
  - Oversee the airport's online presence and ensure effective digital engagement with target audiences.
  - Utilize analytics tools to track and report on digital marketing performance.
- Passenger Experience Enhancement:
  - Develop and implement strategies to improve passenger experience and satisfaction.
  - Collaborate with operations and customer service teams to address passenger needs and preferences.
  - Create and promote loyalty programs and other initiatives to enhance passenger retention.

- Community and Stakeholder Engagement:
  - Foster positive relationships with community partners, airlines, and other stakeholders.
  - Coordinate community outreach and public relations activities to promote the airport.
  - Represent the airport at industry events, conferences, and other public forums.
- Event Planning and Execution:
  - Plan, coordinate, and execute airport events, including grand openings, holiday events, press conferences, and community outreach programs.
  - Ensure all events align with the airport's branding and strategic objectives.
  - Manage event logistics, budgeting, and coordination with vendors and partners.
- Team Leadership and Collaboration:
  - Lead and mentor a team of marketing professionals, including the Marketing Coordinator and a summer intern, fostering a collaborative and innovative work environment.
  - Provide leadership, guidance, and support to marketing staff, establish goals and objectives for the successful execution of marketing tasks.
  - Work closely with air service, operations, and other departments to align marketing strategies with business objectives.
  - Manage relationships with external agencies and vendors.
- Performs other duties as assigned by Airport Director.

Education/Certifications/Experience Requirements

- Bachelor's degree in one of the following: Communications, Public Relations, Marketing, Journalism, or a related field; MBA or advanced degree preferred.
- Ten years of progressive experience in marketing, brand management, or related role preferably in the aviation or travel industry.
- Must demonstrate strategic vision, marketing and branding ability and leadership qualities.
- Must have above average verbal and written communication skills.

Required or Preferred Skills

- Excellent oral, written and visual communication skills
- Strong understanding of marketing principles, digital marketing, and branding strategies.
- Excellent communication, presentation, and interpersonal skills.
- Proficiency in marketing software and tools (e.g., Google Analytics, CRM systems, social media platforms).
- Creative thinker with the ability to develop innovative marketing solutions.
- Strong analytical skills with the ability to interpret data and make data-driven decisions.
- Ability to manage multiple projects simultaneously and meet deadlines.
- Ability to quickly learn and put to use new skills and knowledge brought about by rapidly changing information and/or technology
- Ingenuity and inventiveness in the performance of assigned tasks

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

RESOLUTION NO.: 63—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Criminal Justice Treatment Services (CJTS) Table of Organization changes, and the same have been made a part of the 2025 County Executive Budget:

Eliminate: One (1) Part-Time Criminal Justice Support Specialist position
Create: One (1) Part-Time Case Manager position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Criminal Justice Treatment Services (CJTS), cost center 1009100, by eliminating one (1) part-time Criminal Justice Support Specialist position and creating one (1) part-time Case Manager position effective January 1, 2025 as described in the attached Position Addition Form, Position Deletion Form, Position Descriptions, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Director of Criminal Justice Treatment Services.

Is this position full time or part time? *(If more than one position, use the worksheet for Multiples)*	Full Time:	
	Part Time:	x
If Part Time position, how many hours per week will this position be working?	Hours:	22
What other alternatives were considered?	Contract Workers	
If deleting a position to add this position; which position(s) will be deleted?	Criminal Justice Support Specialist	
(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)		
List any positions in your Table of Organization that have been vacant for 6 months or longer:	No	
Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
In the 2024 budget, as a result of absorbing Drug and Mental Health Court from HHS, CJTS reorganized our Table of Organization. A half-time Mental Health Court Coordinator and a full-time Case Manager position were eliminated and a Treatment Court Coordinator position was added. This resulted in a net savings of $38,000, which was used to expand services to treatment court clients by $24,000 and to increase the Contractual Worker line item in Purchased Services by $14,000. The funds added to the contractual worker line item was used to assist in backfilling the full-time case manager that was eliminated. These Contractual Worker funds will be used to pay for this requested position. No additional funds are being requested.

	Part Time:	1
If adding a position to offset this deletion; which position(s) will be added?		
Position Justification		
Briefly summarize why this position is no longer needed, as well as areas of revenue and savings.		
This position is mostly responsible for doing home visits for out of county GPS Huber Inmates. Since the pandemic the Sherriff's Department has reduced the number of inmates eligible for Huber. Therefore 2 part-time criminal justice support specialist positions are no longer needed. In its place a case manager position will be added, which can supplement the remaining support position, but also assist with community supervision programs and our treatment courts.

Position Purpose

The Criminal Justice Support Specialist provides monitoring for adult inmates released to the community on GPS supervision and other correctional clients in alternative programming as well as duties supporting criminal justice case managers.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Ensures GPS inmates are compliant with the rules of the Outagamie County GPS Program.
- Conduct scheduled and non-scheduled home visits of GPS inmates.
- Assists case managers in the monitoring of pretrial defendants.

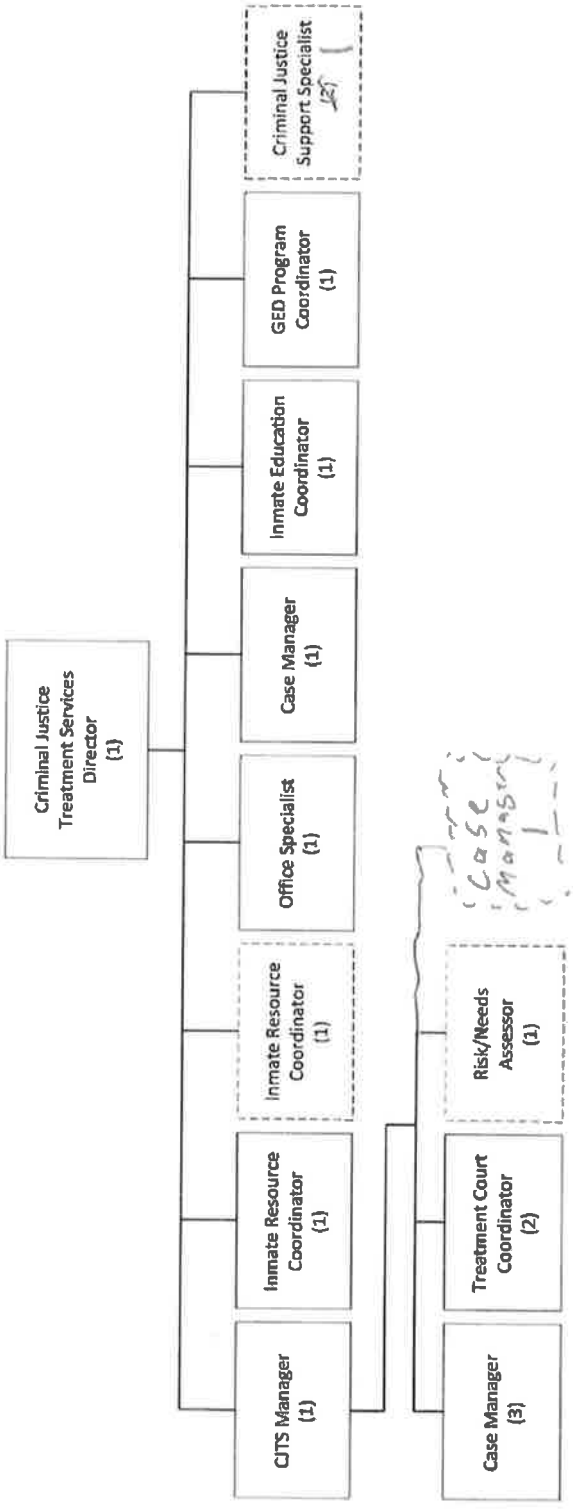
Non-Exempt

Hepatitis Category
B

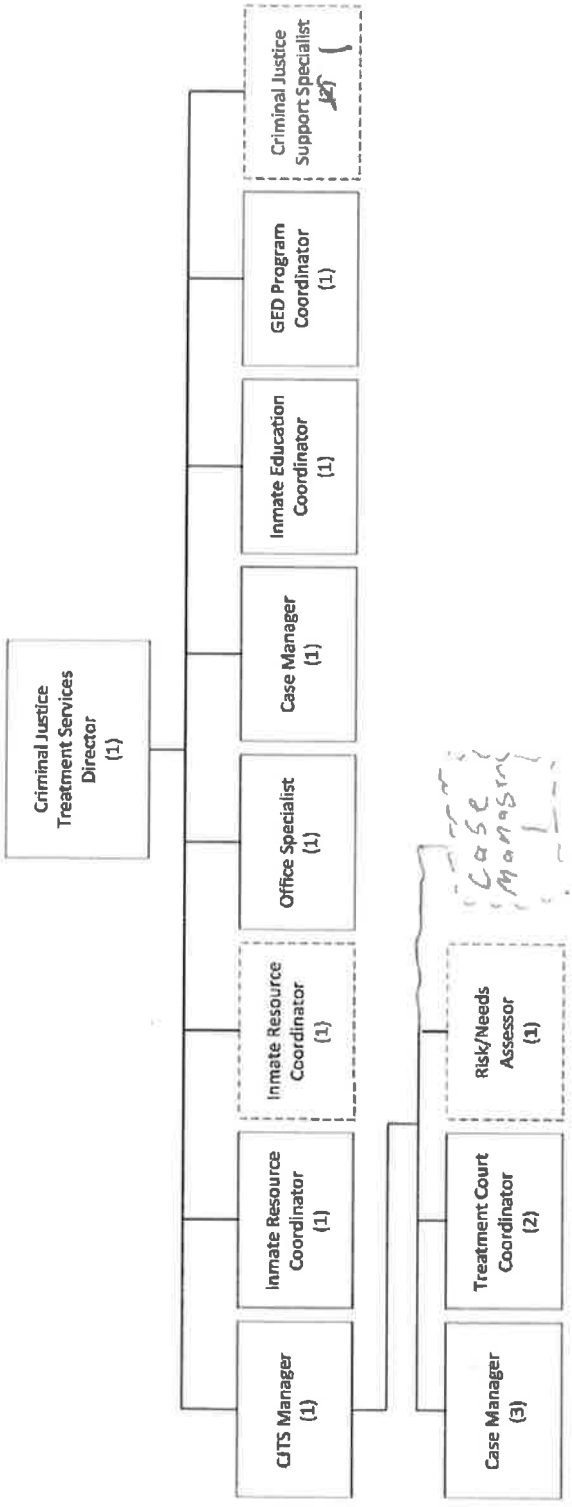
- Conducts preliminary breath tests from GPS inmates and pretrial justice defendants and documents results.
- Records changes to the participants' schedule accordingly.
- Maintain appropriate documentation of inmates activities while on GPS.
- Maintains familiarity and compliance with the rules and regulations of the Outagamie County Jail GPS Program and the CJTS Pretrial Justice Program.
- Provides support and coverage of the reception desk.
- Assists in data entry.

Education/Certifications/Experience Requirements

- High school diploma or GED
- Experience in an office setting or customer service, including handling attention to details accurately and follow-up/thoroughness skills.
- Or any combination of education and experience that provides equivalent knowledge, skills, and abilities.



Required or Preferred Skills



- Experience using computer databases, web based programs and other computer

software.

- Experience using GPS (global positioning) software is a plus.
- Preference for persons who have worked with the jail inmate population.
- Experience working with persons who are chemically dependent or who have mental illness is helpful.
- Must have flexibility in availability for work which includes weekday, weekend, holiday and evening hours.
- Good interpersonal and verbal skills for dealing appropriately with jail inmates and the public.
- Must be patient, have pleasant disposition and ability to multitask while displaying calm.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. RESOLUTION NO.: 64—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Criminal Justice Treatment Services (CJTS) Table of Organization changes, and the same have been made a part of the 2025 County Executive Budget:

Create: One (1) Part-Time Office Assistant position (sunset position)

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Criminal Justice Treatment Services (CJTS), cost center 2101000 by creating one (1) part-time Office Assistant position (sunset position) effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Director of Criminal Justice Treatment Services.

Dated this 14th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Position Justification			
Briefly summarize why this position is needed, as well as areas of revenue and savings.			
Reporting requirements for our Treatment Alternative and Diversion (TAD) grant are intensive and time sensitive. A dedicated part-time position is needed to gather and enter the necessary data to remain in compliance with grant requirements. This position relieves Treatment Court Coordinators of this duty, who are six grades higher on the wage schedule. Funding for this position is fully under the TAD grant. CJTS has been receiving the TAD grant for over 10 years and anticipates continued grant funding for the foreseeable future. Currently CJTS has a contracted position, using grant funds, for these job duties, however, this contract employee can only remain in this position until January of 2025 before a new individual would have to be trained due to limitations on the length of time any one contract employee can remain in a position. Grant funds have already been utilized to purchase all IT equipment for this position.

RESOLUTION NO.: 65—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Financial Services Department Table of Organization changes, and the same have been made a part of the 2025 County Executive Budget:

Eliminate: One (1) Full-Time Deputy Director Department & Board Relations position
Create: One (1) Full-time Senior Accountant position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Financial Services Department, cost center 1004100 by eliminating one (1) full-time Deputy Director Department & Board Relations position and creating one (1) full-time Senior Accountant position effective January 1, 2025 as described in the attached Position Addition Form, Position Deletion Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Director of Criminal Justice Treatment Services.

Dated this 4th day of November 2024

Respectfully Submitted,

List any positions in your Table of Organization that have been vacant for 6 months or longer:	Dep Director Dept & Board Relations	
Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
The department needs a senior accountant position to help with more indepth analysis of accounts and budget, lead new initiatives as well as provide guideance to Accountants when Deputy Director and Director are out, reclassing an existing Deputy Director Dept and Board Relations to a Senior Accountant which would be four steps lower than the current position is in the Wage schedule will have huge savings, but give the department much needed assistance with projects outside of the daily duties of staff and be able to proactively work towards moving the Department towards better customer service.

KEY RESPONSIBILITIES:

- Maintains complex accounting, financial cost, budgetary and operating reports on a departmental and county-wide basis.
- Works with departmental grant program staff to train and assist them with federal state or other grant programs to ensure county-wide compliance with all grant related financial reporting requirements.
- Prepares and maintains the County's Single Audit Schedules.
- Completes the set-up and maintenance of the county-wide JD Edwards financial accounting system including general ledger, accounts receivable, and accounts payable systems including security, account maintenance, integrity reporting, etc.
- Assists in the preparation of county-wide budgets, providing assistance to departments as needed.
- Completes substantive analytic studies and written reports, develops and maintains departmental reports as well as provides technical assistance to departmental staff as necessary.
- Acts as back up for the Finance Deputy Director or Controller on various department's accounting issues in the absence of the Finance Deputy Director or Controller.
- Reviews and analyzes various general ledger accounts and makes adjustments as necessary.
- Prepares documents for the annual audit and assists auditors as requested
- Reviews journal entries for accuracy, makes appropriate adjusting journal entries, generates the monthly recurring journal entries, and inputs, or batches for input, journal entries on a regular basis.
- Coordinates the development of audit lead schedules.

- Reviews, approves, and posts journal entries, receipts, and vouchers on a county-wide basis.
- Assists with the preparation of the Annual Comprehensive Financial Report and the Annual Financial Report for the State of Wisconsin.
- Prepares and maintains debt related schedules and annual accounting and reporting.
- Works with the Deputy Finance Director and Finance Director in coordinating the preparation of the County Capital Improvement Plan.
- Maintains regular and predictable attendance, works overtime/extra hours as required.
- Performs other duties as required.

EDUCATION/CERTIFICATIONS/EXPERIENCE REQUIREMENTS:

- Applicant must possess a Bachelor's degree in Accounting from an accredited college or university, and three (3) years' professional accounting experience.
- Or any combination of education and experience that provides equivalent knowledge, skills, and abilities.
- Preferred requirements a Master's Degree in Public Administration or Accounting, direct experience in Governmental and centralized accounting systems and auditing experience.

REQUIRED OR PREFERRED SKILLS:

- Knowledge of generally accepted accounting principles and practices including governmental internal service fund accounting.
- Knowledge of personal computer applications involving word processing and spreadsheet software, and use of the internet.
- Knowledge of electronic data processing accounting applications.
- Knowledge of governmental practices, policies, and procedures.
- Ability to compile, verify, and analyze financial records and reports.
- Ability to analyze and follow written and oral instructions and procedures.
- Ability to assign and monitor work for accuracy and completion.
- Ability to set priorities and manage complex administrative tasks.
- Ability to develop policies and procedures to meet accounting and administrative needs.
- Ability to work independently and exercise judgement in the application of accounting principles.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
The ALTS Division is requesting 2 Case Manager positions in the Children's Long Term Support (CLTS) Program for 2025. We continue to add 12-15 new Children's Long Term Support (CLTS) clients each month. A Case Manager carries a caseload of 45 children/families. The Department of Health Services' directive is that no disabled child should wait for services. Therefore, we need to add 2 Case Managers to continue to address our County list of waiting children. **In 2023, the Program served 773 children recieving 259 referrals to the Program throughout the year. This is compared to 598 children in 2022, with 157 referrals. Currently, our list consists of 100 children waiting with 63 of them slated for Outagamie and 37 children will go to our Contracted Agency Lutheran Social Services. These positions will be phased in throughout the year to keep up with the demand.** **The CLTS Program has grown at a fast and steady pace after the initiative started on no children waiting for services. Across the State, the enrollment for the CLTS Program went from 6114 in 2017 to 21,692 in February 2024.** **The 2 positions are fully funded with billed time under our Case Management Rate.**

RESOLUTION NO.: 67—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Health and Human Services Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: One (1) Full-time Case Manager – Lead position (sunset position)

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Health and Human Services Department, cost center 2063595 by creating one (1) full-time Case Manager – Lead position (sunset position) effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Health and Human Services Director.

Dated this 4th day of November 2024

Respectfully Submitted,

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings.

The ALTS Division is requesting a Lead Worker in the Children's Long Term Support (CLTS) Program for 2025. The Department of Health Services is directing Counties to have no disabled child waiting for services. We currently have 13 Case Managers, 1 Lead Worker that takes care of Intakes, and 1 Supervisor for the Program. In 2025 we are proposing to add 2 additional Case Managers to bring our count to 17. Another Lead Worker is needed to take care of Transitions out of the Program to keep the churn of children moving through the Program and Case Managers able to add new clients to their caseload. In 2023, the Program served 773 children recieving 259 referrals to the Program throughout the year. This is compared to 598 children in 2022, with 157 referrals. Currently, the Program has 100 children waiting for services. The CLTS Program has grown at a fast and steady pace after the initiative started on no children waiting for services. Across the State, the enrollment for the CLTS Program went from 6114 in 2017 to 21,692 in February 2024. There are timelines that Outagamie County must meet for enrollment, and it is imperative we transition children out of the Program in a timely manner to keep our Caseloads current and able to take on new children. The Lead Worker would be responsible for obtaining Adult Medicaid, petitioning for Guardianship, preparing the family for transition to the Adult System, coordinating with the ADRC on transition eligibility to the Long Term Care System in the Adult world, and carry a small caseload of children. This Lead Worker will also handle the children transitioning from Lutheran Social Services who currently serves 355 Outagamie County children. This position is fully funded through our Case Management Rate.

November 4, 2024 County Board Meeting

Resolution No. 68—2024-25 – Legislative/Audit & Human Resources Committee. Amend the Table of Organization for the Health and Human Services Department, cost center 2063595, by creating one (1) full-time Human Services Supervisor - CLTS position (sunset position) effective January 1, 2025, and the fiscal change has been included in the budget as well as attendant budget expenditures and revenues, as detailed in the attachments.

Supervisor McCabe moved, seconded by Supervisor Kostelny, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 68—2024-25 IS ADOPTED.

RESOLUTION NO.: 68—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Health and Human Services Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: One (1) Full-time Human Services Supervisor - CLTS position (sunset position)

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Health and Human Services Department, cost center 2063595 by creating one (1) full-time Human Services Supervisor - CLTS position (sunset position) effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Health and Human Services Director.

Dated this 4th day of November 2024

Respectfully Submitted,

List any positions in your Table of Organization that have been vacant for 6 months or longer:	None	
Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
The ALTS Division is requesting a Supervisor in the Children's Long Term Support (CLTS) Program for 2025. The Department of Health Services is directing Counties to have no disabled child waiting for services. We currently have 13 Case Managers, 1 Lead Worker that takes care of Intakes, and 1 Supervisor for the Program. In 2025 we are proposing to add 2 additional Case Managers to bring our count to 15. Another Lead Worker is needed to take care of Transitions out of the Program to keep the churn of children moving through the Program. Therefore, in this Program we will have 18 staff. Another Supervisor is needed to manage the daily operations of the Program and direct staff. Adding another Supervisor will bring the staffing ratio to 1 to 9 which is much more realistic. In 2023, the Program served 773 children recieving 259 referrals to the Program throughout the year. This is compared to 598 children in 2022, with 157 referrals. Currently, the Program has 100 children waiting for services. The CLTS Program has grown at a fast and steady pace after the initlative started on no children waiting for services. Across the State, the enrollment for the CLTS Program went from 6114 in 2017 to 21,692 in February 2024. We also have a contracted agency – Lutheran Social Services to help case manage our Autistic children. The Supervisor will carry a small caseload of children, help supervise staff, and coordinate operations between Outagamie County and our contracted agency. It is imperative that we have consistency. This position is fully funded through our Case Management Rate.

Hepatitis Category
C

- Obtains information from clients, family members, and other agencies to assess needs, establishes goals, develops and coordinates individual case plans; and monitors established service plans.
- Provides individuals and family members with information regarding services which best meet their needs and desires.
- Defines, interprets, and provides direction regarding administrative policies and mandates.
- Supervises and directs the activities of staff.
- Reviews and approves correspondence.
- Ensures compliance with State standards and County and Department policies.
- Conduct division and staff meetings to discuss policies and services.
- Establishes performance standards for division staff; performs periodic staff reviews and evaluations.
- Completes program performance reports for State Agencies and Department Management.
- Contacts community resources regarding referrals, system problems, and other issues; coordinates division services with other divisions and management.
- Represents the program on key standing meetings regarding clients potentially enrolled or enrolled in the program. Represents program guidelines and requirements when discussing client involvement in program and access to County services.
- Prepares statistical and other reports as required, and participates in the development of the yearly budget for Outagamie County Health and Human Services.

- Perform public presentations to educate and inform the public of Outagamie County's services.
- Participates in the development and implementation of agency policies, procedures, and programs.
- Maintains working relationships with other human services, medical, and social services agencies in the County and State.
- Assists individuals and family members in understanding disabilities and the results of diagnostic and evaluation services. Helps problem solve complaints and inquiries of the program.
- In conjunction with Division Manager, interviews and hires for the Program.
- Maintains regular and predictable attendance, works extra hours as required.
- Performs other duties as assigned.

Education/Certifications/Experience Requirements

- Bachelor's degree in behavioral science or a related field required. Three to four years of experience with the respective target group preferred.
- Or any combination of education and experience that provides equivalent knowledge, skills, and abilities.
- Certification as a Long Term Care Functional Screener is required. Training and access will be supplied.

Required or Preferred Skills

- Knowledge of and demonstrated ability to conform to goals, policies, and procedures of the Department as well as the

Outagamie County Work Rules and Terms of Employment.

- Ability to operate a variety of office equipment including personal computer, dictaphone, photocopier, calculator, and telephone.
- Ability to assign, supervise, and review the work of others.
- Ability to make recommendations regarding the selection, discipline, and discharge of employees.
- Ability to add, subtract, multiply, divide, calculate decimals and percents, and make use of the principles of descriptive statistics.
- Ability to prepare a variety of documents including client records, referrals, court reports, intake and assessment records, case notes, individual treatment plans, letters and other correspondence, etc.
- Ability to comprehend and interpret a variety of documents including service requests, case files, letters and other correspondence, policy and procedure manuals, union contracts, etc.
- Ability to prepare a variety of documents including letters and other correspondence, various statistical and other reports, etc.
- Ability to use and interpret social work, counseling, and basic accounting terminology.
- Ability to communicate effectively with clients and family members, community agencies and service providers, psychiatrists, physicians, and other medical professionals, attorneys, Human Services personnel, school personnel, and others verbally and in writing.
- Supervisory experience preferred.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

RESOLUTION NO.: 69—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Health and Human Services Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: One (1) Full-time Fiscal Specialist – CLTS position (sunset position)

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Health and Human Services Department, cost center 2063595 by creating one (1) full-time Fiscal Specialist – CLTS position (sunset position) effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Health and Human Services Director.

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings.

The ALTS program continues to add 12-15 new Children's Long Term Support (CLTS) clients each month. A Case Manager carries a caseload of 45 children/families. The Department of Health Services' directive is that no disabled child should wait for services and they will be requesting 2 Case Managers to continue to address our County list of waiting children.

With the workload of 2 additional Case managers, the program assistant responsibilities will substantially increase and we will be requesting to add another fiscal specialist to assist with entering authorizations, track and reconcile all the service dollars needed in the program to serve the new participants, complete client specific CLTS plans to set up the children in the medical record system, assign funding sources, assign rates, determine service codes and other tasks associated with each new child added to the program.

RESOLUTION NO.: 70—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Health and Human Services Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: One (1) Full-time Community Health Educator – Substance Use Prevention position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Health and Human Services Department, cost center 2061010 by creating One (1) Full-time Community Health Educator – Substance Use Prevention position effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Health and Human Services Director.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

POSITION ADDITION FORM - 2025 BUDGET		
Request Details		
Effective Date of Requested Change:	Jan. 1, 2025	
Department:	Health and Human Services	
Department Head:	John Rathman	
Cost Center Number:	2061010	
Position Title:	Community Health Educator - Substance Use Prevention	
Sunset Position? (Yes or No)	No	
Exempt (Salaried) or Non-Exempt (Hourly):	E	
Pay Grade of Position:	145	
Estimated Starting Step:	6	
Position exists in current the Table of Organization?		
Is this position full time or part time? *(If more than one position, use the worksheet for Multiples)*	Full Time:	1
	Part Time:	
If Part Time position, how many hours per week will this position be working?	Hours:	
What other alternatives were considered?		
If deleting a position to add this position; which position(s) will be deleted?		
(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)		
List any positions in your Table of Organization that have been vacant for 6 months or longer:	None	
Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
This position will support the intervention services that are described in the Wisconsin Department of Health Servcie Administrative Code, Chapter 75, Community Substance Use Service Standards. Currently, the tasks associated with these services are administered by a contract position that is supported by HHS Mental Health Division. The creation of the Community Health Educator – Substance Use Prevention position and the transfer to HHS Public Health Division fosters the connection that currently exists of prevention and health promotion activites. Additionally, the HHS Public Health Divison has three (3) Community Health Educator positions within the Community Health Unit. As a result, the infrastructure is present to support this new position within the table of organization of the HHS Public Health Division. Lastly, the community partners/stakeholders between the contract position and the Comuntiy Health Educators in the HHS Public Health Division routinely engage in similar community partners/stakeholders in developing prevention and health promotion strategies. The addition of this position along with the transferring to HHS Public Health Division, aligns existing structure, programs and prevention activities.		
Employee Impacted By This Change (If no one in position - leave blank)		
Fiscal Data		
How will this position be funded (choose from drop-down list)?	Levy Only	
PROJECTED 2023 EXPENDITURES - Amounts must agree to amounts included in the proposed budget.

County Executive Decision (Approved/Denied)	

Position: Community Health Educator (DHHS-PH)

The Community Health Educator position will have a substance use prevention focus. The Key Responsibilities listed will connect directly to substance use prevention activities and strategies.

Position Purpose
This is an opportunity to become an active member of a local health department. The Community Health Educator position will challenge you to develop and apply skills to help ensure a safer and healthier community. Make an impact and become a part of our public health team.

Reporting to the Community Health Supervisor, the Community Health Educator develops, implements and evaluates countywide comprehensive health prevention, promotion and protection programs; provides technical assistance to professionals and the general public; conducts community health assessments, fosters collaboration, and markets public health programs.

Key Responsibilities
The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Promotes relationship building and collaborative partnerships to identify, analyze and address community health needs.
- Conducts ongoing and systematic assessment of community needs and the distribution of health risks within the community and monitors progress towards health goals.
- Serve as a liaison between the community and Outagamie County Public Health and advancing towards being the chief public health strategist.
- Coordinates the Community Health Assessment (CHA) and Community Health Improvement Plan (CHIP). Including leading groups through facilitation to successfully engage the community and general public of public health needs.
- Coordinates the process for becoming compliant with National Public Health Accreditation (PHAB) standards.
- Plans, implements and evaluates the effectiveness of public health programs.
- Assists with the development and monitoring of disease and population surveillance systems and epidemiological studies.
- Ability to record, collect, organize, and analyze quantitative and qualitative data.
- Incorporates quality improvement, strategic planning and performance management concepts and skills into all activities.
- Complete and maintain applicable training/certificates to support emergency response roles and responsibilities. Maintains emergency preparedness core Public Health competencies by participating in preparedness training, exercises, and assists in emergency response.
- Participates in health promotion efforts and communication strategies across the division

- Serves as a resource person in population based public health. Provides technical assistance and education to community groups, public agencies, professional organizations, and agency staff.
- Researches, prepares and submits grant applications to advance the work of the public health division and other community programs.
- Assists with division website maintenance, social media and other communication or messaging strategies.
- Maintains regular and predictable attendance, works overtime/extra hours as required.
- Performs other duties as assigned.

Education/Certifications/Experience Requirements

- Bachelor's degree in public health, health education, or closely related field and two years of full-time public health experience required.
- Master's degree, experience in grant writing and Certified Health Education Specialist (CHES) preferred.
- Or, any combination of education and experience that provides equivalent knowledge, skills and abilities.

Required or Preferred Skills

- Knowledge of the Core Competencies for Public Health Professionals. (http://www.phf.org/resourcestools/Pages/Core_Public_Health_Competencies.aspx). Developed by the Council on Linkages, the Core Competencies reflect skills that are desirable for professionals who deliver the Essential Public Health Services. The Core Competencies serve as the foundation for public health practices and are intertwined in the key responsibilities listed above.
- Excellent verbal and written communication skills; ability to communicate in a clear, concise manner, tailoring the message to intended audience.
- Ability to select valid sources of health data and familiarization with and utilization of computerized health databases.
- Ability to utilize/gather primary and secondary sources of health and demographic information.
- Ability to identify health disparities and determine health priorities.
- Ability to recruit community partners and program participants; establish and maintain effective working relationships with system partners.
- Competence in strategic planning.
- Knowledge and understanding of population based public health services, health education and health promotion techniques.
- Ability to develop creative concepts and innovative techniques to reach populations with appropriate health information.
- Ability to transport oneself to and from various locations in a timely and efficient manner.

- Ability to operate a variety of office equipment including personal computer, photocopier, fax machine, telephone, and the software programs utilized by the department.
- Ability to add, subtract, multiply, divide calculate decimals and percentages, rates and knowledge of descriptive statistics.
- Ability to use and interpret counseling, nutrition, and other medical terminology.
- Good public speaking ability.
- Ability to lift, carry, push and move objects up to 20 pounds, understanding and utilizing proper body mechanics.

Resolution No. 71—2024-25 – Legislative/Audit & Human Resources Committee. Amend the Table of Organization for the Health and Human Services Department, cost center 2061020, by eliminating one (1) full-time Nutritionist position and creating One (1) Full-time Registered Dietitian position (sunset position) effective January 1, 2025, and the fiscal change has been included in the budget as well as attendant budget expenditures and revenues, as detailed in the attachments.

Supervisor McCabe moved, seconded by Supervisor Kostelny, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 71—2024-25 IS ADOPTED.

RESOLUTION NO.: 71—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Health and Human Services Department Table of Organization changes, and the same have been made a part of the 2025 County Executive Budget:

Eliminate: One (1) Full-time Nutritionist Position
Create: One (1) Full-time Registered Dietitian Position (sunset position)

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Health and Human Services Department, cost center 2061020 by eliminating one (1) full-time Nutritionist position and creating One (1) Full-time Registered Dietitian position (sunset position) effective January 1, 2025 as described in the attached Position Addition Form, Position Deletion Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Health and Human Services Director.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

POSITION ADDITION FORM - 2025 BUDGET

Request Details			
Effective Date of Requested Change:	Jan. 1, 2025		
Department:	Health and Human Services		
Department Head:	John Rathman		
Cost Center Number:	2061020		
Position Title:	Registered Dietitian		
Sunset Position? (Yes or No)	Yes		
Exempt (Salaried) or Non-Exempt (Hourly):	E		
Pay Grade of Position:	145		
Estimated Starting Step:	6		
Position exists in current the Table of Organization?	No		
Is this position full time or part time? *(If more than one position, use the worksheet for Multiples)*	Full Time:		1
	Part Time:		
If Part Time position, how many hours per week will this position be working?	Hours:		
What other alternatives were considered?			
If deleting a position to add this position; which position(s) will be deleted?	Nutritionist		
(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)			
List any positions in your Table of Organization that have been vacant for 6 months or longer:	None		

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings.

This will be a new position in the table of organization, but will replace one Nutritionist in the WIC Unit. Currently there are 4 Nutritionists. With this suggested change, there will be 1 Registered Dietition and 3 Nutritionists.

The addition of a Registered Dietitian to the HHS Public Health Division will allow expanded technical knowledge and capacity as the WIC administrative duties continue to increase based on contract objectives of the State WIC office. Currently the WIC Supervisor has been serving both the WIC Director and Nutrition Coordinator roles, which are required for each State WIC project. The ability to complete both roles effectively is becoming more challenging to manage the WIC project plus the supervisory responsibilities within the Division. The addition of the Registered Dietetion will allow the transfer of the Nutrition Coordinator duities and assist the WIC Director in ensureing WIC standards are maintained.

- The WIC participants have been more complex related to health and nutritional needs. The addition of this position will add another Registered Dietitian to the WIC Unit to assist those participants as well as mentor other WIC Nutritionalists. This will further enhance the level of service offered to participants.

-WIC required Nutrition Service Plan has outlined specific activities related to outreach, coordinating provider relationships and building network with community partners to increase referrals. With this new Registered Dietitian position it will assist in the goals of the Outagame County WIC project service plan and will improve outreach and collaboration efforts in the community. This change alighns with the overall Division efforts to better engage at different levels identified in the Public Health 3.0 Model.

Position: Registered Dietitian

Position Purpose

Reporting to the WIC Supervisor, the Registered Dietitian performs specific tasks that require a Registered Dietitian authorization for WIC certification or benefit issuance. This position will also serve as Nutrition Coordinator for the WIC Project.

Key Responsibilities

- Assures quality nutrition services per USDA Nutrition Services Standards.
- Ensure WIC Nutrition services and participant satisfaction by communicating with WIC Supervisor, participants and staff.
- Work with WIC Supervisor for compliance with nutrition policies and procedure per WIC Operational Manual.
- Assure that WIC Participants receive monthly nutrition education per WIC Standards.
- Promote and engage WIC staff in community education activities and programming.
- Conduct annual WIC chart file review of WIC Nutrition staff. Assure that WIC Nutrition staff provide WIC services based on VENA and following Nutrition Policies.
- Orientate WIC Nutrition staff in identifying nutrition risks and providing appropriate nutrition education.
- Provide nutrition assessment, screening and education to participants at high nutrition risk.
- Provide public presentations; attend health and community fairs/events, etc. representing the Outagamie County Public Health WIC Program to the general public or community partners.
- Draft, distribute and collate annual Nutrition Program Volunteer Satisfaction surveys through the state WIC program ROSIE software.
- Based on existing staffing levels, may lead as the Breastfeeding Coordinator for the WIC Project.
- Complete and maintain applicable training/certificates to support emergency response roles and responsibilities. Maintains emergency preparedness core Public Health competencies by participating in preparedness training exercises and planning events.
- Participates in Divisional Quality Improvement, Performance Management, Strategic Planning, Workforce Development, Community Assessment, Community Health Improvement Planning activities.
- Maintains regular and predictable attendance.
- Evening and/or weekend work and/or extended hours and irregular shifts may be required.
- Performs other duties as assigned.

Education/Certifications/Experience Requirements

- **Has successfully completed training approved by Wisconsin WIC on the provision of WIC nutrition services, and**
- **Is a Registered Dietitian Nutritionist (RDN) with the Academy of Nutrition and Dietetics' Commission on Dietetic Registration (CDR).**
- **Holds a bachelor's degree in the field of nutrition from an accredited college or university and has a minimum of 2 years of job-related experience, or**

- Holds a master's or doctoral degree in nutrition from an accredited college or university and has a minimum of 1-year job-related experience.

Required or Preferred Skills

- Knowledge of the Core Competencies for Public Health Professionals. (http://www.phf.org/resourcestools/Pages/Core_Public_Health_Competencies.aspx). Developed by the Council on Linkages, the Core Competencies reflect skills that are desirable for professionals who deliver the Essential Public Health Services. The Core Competencies serve as the foundation for public health practices and are intertwined in the key responsibilities listed above.
- Ability to take measurements such as height and weight accurately and perform iron and lead testing.
- Knowledge of basic nutrition with emphasis on the nutritional needs of women, infants and children.
- Ability to effectively communicate in English, orally and in writing, and understand and follow written and oral instructions.
- Ability to conduct interactive interviews and obtain information in a non-judgmental manner.
- Ability to maintain accurate, legible and detailed records and documentation.
- Ability to walk, stoop, climb, bend, stretch; push, pull and lift up to 35 pounds, understanding and utilizing proper body mechanics.
- Knowledge of pertinent State and Federal rules and regulations.
- Customer service skills and tact, diplomacy and cultural-sensitivity.
- Ability to maintain composure in a noisy, fast-paced setting.
- Ability to work with infants and small children.
- Knowledge of and demonstrated ability to conform to goals, policies, and procedures of the Department as well as the Outagamie County Work Rules and Terms of Employment.
- Knowledge of diverse cultures and sensitivity to cultural differences.
- Knowledge of basic office practices and procedures.
- Ability to transport oneself and/or consumers to and from various locations in a timely, efficient and safe manner.
- Ability to determine priorities, plan and organize work schedule to meet mandated deadlines.
- Ability to effectively understand and follow written and oral instructions.
- Ability to respect the diversity of the population served by the Health and Human Services Department and to work effectively with a multi-cultural population and varied socioeconomic groups.
- Ability to act calmly in emergency situations and under pressure.
- Ability to accept direction from other professional staff.
- Ability to build and maintain productive working relationships with multidisciplinary and multicultural staff members, community groups and other county employees.
- Ability to maintain confidentiality according to WIC Policy.
- Ability to exercise sound judgment, critical thinking and work independently.
- Knowledge of community and ability to represent the department in community situations.
- Ability to operate a variety of office equipment including telephone, fax, calculator, computer, etc.
- Ability to add, subtract, multiply, divide, calculate decimals and percent and make use of the principles of descriptive statistics.

RESOLUTION NO.: 72—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Health and Human Services Department Table of Organization changes, and the same have been made a part of the 2025 County Executive Budget:

Eliminate: One (1) Full-time Accountant Position
Create: One (1) Full-time Finance Supervisor (DHHS Fiscal)

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Health and Human Services Department, cost center 2065010 by eliminating one (1) full-time Accountant position and creating One (1) full-time Finance Supervisor (DHHS Fiscal) position effective January 1, 2025 as described in the attached Position Addition Form, Position Deletion Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Health and Human Services Director.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Department:	Health and Human Services		
Department Head:	John Rathman		
Cost Center Number:	2065010		
Position Title:	Finance Supervisor (DHHS Fiscal)		
Sunset Position? (Yes or No)	No		
Exempt (Salaried) or Non-Exempt (Hourly):	Exempt		
Pay Grade of Position:	155		
Estimated Starting Step:	6		
Position exists in current the Table of Organization?	No		
Is this position full time or part time? *(If more than one position, use the worksheet for Multiples)*	Full Time:		1
	Part Time:		
If Part Time position, how many hours per week will this position be working?	Hours:		
What other alternatives were considered?			
If deleting a position to add this position; which position(s) will be deleted?	Accountant		

(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)

List any positions in your Table of Organization that have been vacant for 6 months or longer:	

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings.

This position would replace one of our current accountant positions that has currently been serving as a pilot Budget Finance Supervisor for the department for the past year-and-half. Assembling the annual Health and Human Services Budget is now an eleven-month process and involves extensive preparation, analysis, and leadership to help guide our division managers through this intensive annual process. This additional supervisor position will help reduce the workload of the Fiscal Manager and allow the department to perform routine budget projections throughout the calendar year. This position would be fully funded by current county tax levy used to fund an accountant position and from additional mental health billing and grant revenues.

Employee Impacted By This Change (if no one in position - leave blank)

Request Details

Effective Date of Requested Change:	1/1/2025	
Department:	Health and Human Services	
Department Head:	John Rathman	
Cost Center Number:	2065010	
Position Title:	Accountant	
Sunset Position? (Yes or No)	No	
Is this position full time or part time? *(If more than one position, use the worksheet for Multiples)*	Full Time:	1
	Part Time:	
If adding a position to offset this deletion; which position(s) will be added?	Finance Supervisor (DHHS Fiscal)	

Position Justification

Briefly summarize why this position is no longer needed, as well as areas of revenue and savings.

By adding the Supervisor: Accounting Systems position we will be able to delete an accountant position. The addition of the Supervisor is vitally needed in order to organize and manage our annual budget process that now takes 10 months out of every year to complete. The Supervisor will also help us achieve the long standing goal of completing monthly fiscal projections for our managers.

Position Purpose

The Finance Supervisor (DHHS-Fiscal), provides day-to-day supervision of the activities of the fiscal staff, reviews fiscal operations and systems to ensure efficient and accurate operation, and performs various accounting functions.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Supervises and directs the activities of the fiscal unit accounts receivable or accounts payable staff, monitoring the overall workload of individual fiscal unit staff to insure timely completion of tasks.
- Ensures the preparation of fiscal reports to the County, State and Federal governments.
- Regularly reviews existing procedures and reporting systems to ensure appropriateness and efficiency and assists with the development of fiscal

procedures for new programs.

- Performs fiscal monitoring of department programs, including expenditures and revenues, data collection, monthly reports and reimbursements.
- Performs monthly and annual accounting functions including financial projections, program staff productivity reports, and department and program budgets.
- Assists management staff in fiscal decisions, providing and analyzing data, recommending methods and adjusting projections as needed.
- Provides support and leadership to program management staff including the development of fiscal procedures for new programs and procedural reviews as appropriate.
- Prepares documents and schedules for the single audit, working with auditors as required.
- Reviews and approves payment vouchers, time sheets, reports, and purchased service payrolls for the department.
- Maintains regular and predictable attendance, works overtime/extra hours as required.

Education/Certifications/Experience Requirements

- Bachelor's Degree in Accounting.
- Three to five years accounting experience.
- Supervisory experience in accounting in a health and human services setting preferred.
- For the AR Team Supervisor - experience with Medicaid, Medicare, and other third party billing preferred.
- Proficient in Excel and Word required.
- Or, any combination of education and experience that provides equivalent knowledge, skills and abilities.

Required or Preferred Skills

- Assign, supervise, and review work done by others.
- Evaluate employees, prepare employee performance evaluations and make recommendations regarding the selection, discipline, and discharge of employees.

- Ability to read, analyze, interpret, and apply procedures and governmental policies/regulations.
- Communicate effectively with Health and Human Services and other department personnel, County board, State personnel, contract agency personnel, private, County and other auditors, and others verbally and in writing.
- Knowledge of and ability to apply generally accepted accounting principles and procedures.
- Knowledge of internal control procedures and concepts.
- Strong analytical and problem solving skills.
- Good planning and organizational skills.
- Operate a variety of office equipment including personal computer, calculator, photocopier and telephone.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings.

We are requesting another Systems Analyst II position to help our department with our rapidly growing information technology workload. From April of 2020 to the present, we have increased the number of employees in our department from 350 to 427. This is a 17% increase in staff. In addition, our Department is also in the process of implementing Smartcare, an integrated fiscal and database system that will replace our current system called TCM (The Clinical Manager). Our new system has many new features and enhancements. To take full advantage of all of these abilities to further automate work and processes in the department it will take Analysts staff time to learn the entire system, create new forms, screens and reports for the entire dept, assist the entire department with reviewing process flows and how all new processes will fit in the new system. We are planning to dedicate this new position to our mental health area, which will allow us to recoup a large portion of these positions on-going costs.

Along with this major undertaking, the state is also undergoing 3 major system upgrades that will require analysts time to understand the security and connections to these systems and help support our end users on a daily basis. We have also had a higher amount of new staff members in the Department, which has greatly increased the amount of training, needed to ensure these staff are fully utilizing technology to maximize their productivity and efficiency.

The Systems Analyst II serves as liaison between IT and Health and Human Services; manages projects; trains staff; creates documentation; implements and assists in the maintenance of software in the Health and Human Services area; and is the primary contact for technical related requests from Health and Human Services to IT.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Analyzes and evaluates user's processes and procedures for efficiency; learns and understands user's needs; requests enhancements to data systems, and recommends technology solutions.
- Provides leadership, data, and information for the creation of the

Employee Group (General, AS&P, etc.)
Non-Exempt

Hepatitis Category
C

department's 3 year Information Technology Plan.
- Coordinates installation, implementation and training of staff on software packages.
- Tests and verifies requested program changes and provides necessary feedback.
- Writes and revises procedures manuals and training material. Documents necessary meetings.
- Assists users with problems or questions relating to computer hardware and software.
- Reviews available software packages and makes recommendations. Reviews new products, procedures, and methods of operation.
- Maintains electronic records; reviews data for accuracy and quality assurance; monitors data to assist in meeting federal, state and local performance standards.
- Develops, maintains and monitors interfaces to other systems.
- Coordinate IT projects with state and regional partners as required. Attends state and regional meetings as needed.

Education/Certifications/Experience Requirements

- Associates Degree in computer related field with three to five years of experience in computer systems
- Project coordination, system development, and strong communication abilities.
- Or any combination of education and experience that provides equivalent knowledge, skills, and abilities.

Required or Preferred Skills

- Analyze software and design information flow; make recommendations as necessary.
- Manage multiple, concurrent projects, activities and tasks under time constraints.
- Exceptional communication, teamwork and influencing skills that foster a collaborative and continuous improvement environment.
- Comprehend and interpret a variety of documents including letters and other correspondence, records, various internal and external reports, policy and procedure manuals, evaluations, logs, statements, etc.
- Prepare a variety of documents including general correspondence, reports, statistical reports, procedures, etc.
- Excellent facilitation and organizational skills.
- Strong critical/analytical thinking and problem-solving skills. Problem solve issues between department and IT, and to resolve conflicts.
- Effectively interface with staff at all levels and train other staff as needed.
- Use and interpret computer related terminology and interpret department needs to programmers.
- May also require ability to make use of descriptive statistics.

RESOLUTION NO.: 74—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Health and Human Services Department Table of Organization changes, and the same have been made a part of the 2025 County Executive Budget:

Eliminate: One (1) Full-time Psychiatric Nurse position
Create: One (1) Full-time Psychiatric Nurse – Lead position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Health and Human Services Department, cost center 2066090 by eliminating one (1) full-time Psychiatric Nurse position and creating one (1) full-time Psychiatric Nurse – Lead position effective January 1, 2025 as described in the attached Position Addition Form, Position Deletion Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Health and Human Services Director.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Outagamie County — 11-4-24 County Board Meeting - November 4 2024 05:47:44 PM
November 4, 2024 County Board Meeting — OpenMeeting Technologies

RESOLUTION NO.: 75—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Health and Human Services Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: Two (2) Full-time Case Manager (CCS Kids – Young Adult) positions (sunset positions)

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Health and Human Services Department, cost center 2066090 by creating two (2) full-time Case Manager (CCS Kids – Young Adult) positions (sunset positions) effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Health and Human Services Director.

Dated this 4th day of November 2024

Respectfully Submitted,

Pay Grade of Position:	145	
Estimated Starting Step:	1	
Position exists in current the Table of Organization?	No	
Is this position full time or part time? Enter number of positions.	Full Time:	2
	Part Time:	
If Part Time position, how many hours per week will this position be working?	Hours:	
What other alternatives were considered?		
If deleting a position to add this position; which position(s) will be deleted?		

(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)

List any positions in your Table of Organization that have been vacant for 6 months or longer:	

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings.

We are experiencing a very large demand for more CCS kids services. At the present time we have 29 kids on our CCS waitlist. The State does not allow us to have a wait list. We need these case manager positions to serve these kids timely which ultimately will save long-term County tax dollars. Bringing community based services to these kids will allow us to greatly reduce the likelihood of needing expensive residential placements. These positions would be fully funded by CCS revenues.

Employee(s) Impacted By This Change (if no one in position - leave blank)

Fiscal Data

How will this position be funded (choose from drop-down list)?	
PROJECTED 2023 EXPENDITURES - Amounts must agree to amounts included in the proposed budget.

	Part Time:	
If Part Time position, how many hours per week will this position be working?	Hours:	
What other alternatives were considered?		
If deleting a position to add this position; which position(s) will be deleted?	n/a	
(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)		
List any positions in your Table of Organization that have been vacant for 6 months or longer:	n/a	
Position Justification		
Briefly summarize why this position is needed as well as areas of revenue and savings.		
This position will serve succession planning purposes in preparation for a new Highway Commissioner in the future. This will improve operations to bridge the gap between the four Highway divisions: Field, Shop, Engineering and Administration. It will better define who is second in charge. It gives the opportunity for the person in the Deputy Highway Commissioner position to be better prepared for the Highway Commissioner role, if they are so chosen in the future. The workload for the Highway Commissioner, Patrol Superintendents, Fleet & Facilities Superintendent and Office Managers will be alleviated with reduced hours, providing for better work/life balance.		
Employee Impacted By This Change (if no one in position - leave blank)

Deputy Highway Commissioner

Position Purpose

Reporting to the Highway Commissioner, the Deputy Highway Commissioner is responsible for the day-to-day operations of the Highway Department and ensures that Highway Programs support the long-term strategic goals established by the Highway Commissioner. The primary purpose of this role is to assess current programs and systems for effectiveness across the county, in support of the county's operational values. This role recommends, develops and manages enhanced or new HR programs across Outagamie County, such as recruitment, onboarding, retention/engagement, succession planning, performance management, employee relations, benefits administration, career training & development, and off-boarding.

This position performs professional work of considerable difficulty overseeing a range of administrative functions related to business, engineering, shop, and field operations.

Key Responsibilities

The following duties are normal for this position. These are not to be construed as exclusive or all inclusive. Other duties may be required and assigned.

DAY-TO-DAY OPERATIONS

- Provides direct supervision to the Supervisory team.
- Plans, directs and administers various human resources programs, including but not limited to performance evaluations, performance improvement, training, and development.
- Reviews and approves work plans and schedules, sets priorities, and makes decisions on work problems presented.
- Serves as an acting Highway Commissioner in that person's absence.

INTERNAL CUSTOMER CONSULTATION

- Provides advice and counsel to department heads, managers and staff on updating and interpreting programs.
- Researches, analyzes data and prepares quarterly and annual reports on HR metrics and trends.

POLICIES & PROCEDURES

- Develops, reviews and revises highway program policies and procedures to ensure they are kept up-to-date and implemented consistently.
- Manages Employee Handbook. Ensuring that all employees are trained and follow the policies the handbook details.

EMPLOYEE RECOGNITION AND PROFESSIONAL DEVELOPMENT PROGRAMMING:

- Manages employee engagement activities, including but not limited to engagement surveys and the employee management forum; as well as providing support and guidance on employee events, such as the Employee Appreciation Picnic, Service Awards, and Take Your Child to Work Day.
- Develops Highway training programs. Coordinates annual training schedule and teaches courses.

REGULATORY COMPLIANCE

- Acts as Civil Rights, HIPAA, and ADA compliance officer.
- Manages HR Continuity of Operations Plan (COOP) and acts as Public Information Officer.
- Ensures compliance with all Federal and State labor laws and postings.

Education/Certifications/Experience Requirements

Bachelor's degree from an accredited University or College in Civil Engineering, Business Administration, or a related field, with five to ten years' experience in Highway or Public Works experience including supervisory experience, OR any combination of education and experience that provides equivalent knowledge, skills, and abilities.

Public Works experience includes knowledge of the laws, codes, and regulations pertaining to the construction and maintenance of highways and highway structures, highway machines and equipment, engineering principles and costs, and operations of county government.

Required or Preferred Skills

- Considerable knowledge of principles and practices of human resource management, including recruitment, employee relations, dynamics of employee development and professional growth, and training program design and presentation.
- Direct managerial experience preferred
- Ability to plan, organize and present training activities to diverse employee groups, establish and maintain effective working relationships with employees, other agencies and the public, follow written and verbal instructions, and communicate effectively verbally and in writing.
- Experience in or knowledge of public sector operations is preferred
- Extensive experience in policy/procedure development.
- Advanced facilitation skills with a solid understanding of adult learning concepts.
- Advanced conflict and change management skills

- Labor negotiation experience
- Working knowledge of state and federal labor laws and regulations and report preparation.

Equipment/Software Needs

Experience in set up and implementation of a Human Resources Management System (HRMS), Learning Management System (LMS), and metrics dashboards.

Strong computer skills including intermediate or above knowledge of Microsoft Office programs, with an especially strong skill set in excel.

Outagamie County is an Equal Opportunity Employer. In compliance with the Americans with Disabilities Act, the County will provide reasonable accommodations to qualified individuals with disabilities and encourages both prospective employees and incumbents to discuss potential accommodations with the employer.

Resolution No. 77—2024-25 – Legislative/Audit & Human Resources Committee. Amend the Table of Organization for the Highway Department, cost center 6005000, by creating two (2) full-time Equipment Operator positions effective January 1, 2025, and the fiscal change has been included in the budget as well as attendant budget expenditures and revenues, as detailed in the attachments.

Supervisor Hagen moved, seconded by Supervisor Nejedlo, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 77—2024-25 IS ADOPTED.

RESOLUTION NO.: 77—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Highway Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: Two (2) Full-time Equipment Operator I positions

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Highway Department, cost center 6005000 by creating two (2) full-time Equipment Operator positions effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Highway Commissioner.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
The 2023 request was to add 5 new positions and 3 were approved. The expansion of STH 15 (Greenville to New London) from a two (2) lane rural highway to a four (4) lane divided highway, the reconstruction of I-41 (Grand Chute to DePere), and new work zone safety requirements requires additional staff in an effort to meet customer needs, assist in fulfilling business plan goals & assist in providing the desired work-life balance. With reallocations of personnel on state, county, municipality and other county departments, Highway Department has rented an average of 15 dump trucks/operators daily throughout the construction season ($150,000 average over the last 5 years). Highway Department's proposal will utilize our employees/dump trucks reducing rental expense and generating additional machinery revenue from county-owned equipment. Construction activities in the Fox Cities has reduced the availability of rental trucks and inflated prices. Outagamie County has experienced economic development, population and traffic increases which requires additional resources. There will be more Equipment Operators to share the ever-increasing workload as described above. Existing Equipment Operators may experience fewer overtime hours.		
Employee(s) Impacted By This Change (if no one in position - leave blank)

Equipment Operator I (HWY)

Class Title
Equipment Operator I (HWY)
Class Code
4010-2
Salary
$23.73 - $30.97 Hourly

- DEFINITION
- BENEFITS

Position Purpose

The Equipment Operator I is a safety-sensitive position subject to DOT drug & alcohol procedures, must be available to report to work during regular business hours and must be available after hours to respond to emergencies and/or highway conditions. This entry level CDL required position has a focus primarily on the operation of Outagamie County's fleet of dump trucks. Also operates several medium and light pieces of equipment and moves materials from manufacturing and distribution centers to jobsites. Equipment operator I's are responsible for winter plowing activities and maintaining a safe and efficient road system.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Must be available to report to work after hours to respond to emergencies and/or highway conditions. Availability is the ability to respond to a phone call within 15 minutes and report to duty within 45 minutes.
- Plows snow from highways, applying chlorides and abrasives as necessary
- Operate a dump truck to transport various materials to construction sites such as hot mix asphalt, stone, dirt, concrete, debris, etc.
- Complete a pre and post trip to identify mechanical issues.
- Effectively maintain equipment through inspections, greasing and lubing, servicing, making minor repairs and adjustments, and operating appropriately
- Ensure materials are loaded correctly to not exceed weight limits of vehicle.
- Understand WIS DOT work zone field manual to correctly setup various traffic control layouts.
- Perform maintenance duties on the County highway system along with related maintenance jurisdictions including pot hole patching, crack filling, sweeping, mowing, brush cutting, guardrail repair, bridge maintenance, etc.
- Remove hazards and debris from roadways
- Erect and remove snow fence, repair fences and barriers on right of way, landscape roadsides, install erosion control
- Knowledge and ability to set up levels, lasers and utility locators.
- Operate small tools such as chainsaws, string trimmers, brush cutters, power saws, jack hammers, impacts, painters, drills, etc.
- Operate hand tools such as shovels, rakes, hammers, wrenches, etc.

- Operate vehicles such as trucks, dump trucks, plows, brooms, forklifts, loaders, compactors, operate tar kettles, and other small equipment as assigned
- Maintains grounds adjacent to highway facilities, planting and cutting grass, laying sod, installing landscape materials, etc.
- Maintains regular and predictable attendance, works overtime/extra hours as required including nights and weekends.
- Completes and submits records of time, location, materials, and equipment used on each project daily.
- Expected to work in a variety of weather conditions
- Conduct duties in a safe diligent manner at all times
- Ability to communicate relevant information to team members in a respectful and constructive way
- Maintain a clean and safe worksite

Education/Certifications/Experience Requirements

- Graduate from high school or G.E.D. and
- Experience in the operation of light duty equipment desired
- *Valid Commercial Driver's License Class B, C, D with endorsement N (Tanker) is required. As well as the ability to legally operate CMV's with Air Brakes, Manual Transmissions, and Tank Cargo (No restrictions such as L, Z, E, O or X).*
- 2 or more years in the construction industry and in the operation of light duty equipment desired.
- Or, any combination of education and experience that provides equivalent knowledge, skills, and abilities.

Required or Preferred Skills

- Knowledge of and ability to operate and service trucks, tractors, and light equipment.
- Knowledge of traffic laws, ordinances, and regulations involved in equipment operation.
- Ability to apply basic computer skills to enter time, record materials, check emails, etc.
- Ability to work in adverse weather conditions, and cope with distracting vibrations, fumes, dust, etc.
- Ability to organize and maintain accurate and complete records, and prepare clear and comprehensive reports
- Demonstrated ability to comply with appropriate safety regulations.
- Ability to work semi-independently making sound decisions using good judgment.
- Ability to use tact and diplomacy when dealing with co-workers, county officials and officers, general public, etc.
- Ability to budget time and schedule work to efficiently complete tasks.
- Ability to organize and schedule work effectively and cooperatively with co-workers.
- Ability to walk, bend, stoop, lift, carry; push, pull, and otherwise move objects up to 50 pounds regularly and up to 100 pounds occasionally, understanding and utilizing proper body mechanics.

- Essential Physical Demands
    1. Stand/walk
    2. Sit (driving/operating equipment)
    3. Lift/carry up to 50 lbs. floor to 3'7" (3'7" height of pickup truck bed)
    4. Push/pull
    5. Climbing (on/off equipment)
    6. Stooping
    7. Kneeling
    8. Bending
    9. Crawling
    10. Reaching: high/low level
    11. Finger movement-repetitive
    12. Repetitive twisting/pressure with wrist or hands
    13. Both hands required
    14. Both legs required
    15. Ability to communicate verbally
    16. Visual requirements for operator moving machinery/vehicles
    17. Ability to be disturbed or awakened for responding to emergencies and/or highway conditions

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

November 4, 2024 County Board Meeting

RESOLUTION NO.: 78—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Highway Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: One (1) Full-time Highway Operations Foreman position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Highway Department, cost center 6005000 by creating one (1) full-time Highway Operations Foreman position effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Highway Commissioner.

Dated this 19th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Request Details		
Effective Date of Requested Change:	**Jan. 1, 2025**	
Department:	**Highway**	
Department Head:	**Dean Steingraber**	
Cost Center Number:	**6005000**	
Position Title:	**Highway Operations Foreman**	
Sunset Position? (Yes or No)	**No**	
Exempt (Salaried) or Non-Exempt (Hourly):	**Non Exempt**	
Pay Grade of Position:	**145**	
Estimated Starting Step:	**4**	
Position exists in current the Table of Organization?	**Yes**	
Is this position full time or part time? *(If more than one position, use the worksheet for Multiples)*	**Full Time:**	**1**
	Part Time:	
If Part Time position, how many hours per week will this position be working?	**Hours:**	
What other alternatives were considered?	**Lead Pay & Supervisor Overtime**	
If deleting a position to add this position; which position(s) will be deleted?	**n/a**	
(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)		
List any positions in your Table of Organization that have been vacant for 6 months or longer:	**n/a**	
Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		

The addition of 1 Assistant Foreman position will lead assigned work crew, reducing overtime for the existing 4 Highway Operations Supervisors and 3 Highway Operations Foremen, increase decision-making time at the work crew level and will provide employees with opportunities for growth and advancement (per 2019 Human Resources all employee survey), and better succession planning. Labor hours will be 100% billed to county, state or local municipal projects. Also, this position will serve the additional Equipment Operator positions being requested in 2025. The workload for the existing Highway Operations Supervisors and Foremen will be alleviated with reduced overtime hours.

Employee Impacted By This Change (if no one in position - leave blank)

Highway Operations Foreman (HWY)

Class Title
Highway Operations Foreman (HWY)
Class Code
4010-9
Salary
$29.07 - $37.92 Hourly

- DEFINITION
- BENEFITS

Position Purpose

The Highway Operations Foreman is a safety-sensitive position subject to DOT drug & alcohol procedures, must be available to report to work during regular business hours and must be available after hours to respond to emergencies and/or highway conditions. Reporting to the Patrol Superintendent or supervisor, assumes responsibility, or directs and supervises employees performing Highway Department tasks or projects, and does related paperwork.

Key Responsibilities

- Must be available to report to work after hours to respond to emergencies and/or highway conditions. Availability is the ability to respond to a phone call within 15 minutes and report to duty within 45 minutes.
- Performs duties of a Crew Leader, ensuring that employees are assigned duties and work is completed as assigned, safety and other work rules are being observed, and participates in work of the crew.
- Inspect, repair, replace, and maintain traffic signs and other traffic control devices on State, County, and local highways in accordance with the MUTCD.
- Set up and remove temporary traffic control work zones in accordance with the Wisconsin Work Zone Field Manual or (MUTCD).
- Perform flagger certification/recertification training and maintain accurate records of the department's flagger certification/recertification needs.
- Plows snow from highways, applying chlorides and abrasives as necessary
- Operates equipment and performs duties of Equipment Operator II and/or Equipment Operator III such as: Dump trucks, off road trucks, truck/trailer combinations, sweepers, tractor/mowers, loaders, rollers, etc., and/or heavy equipment such as: graders, scrapers, excavators, dozers, pavers, reclaimers, etc.
- Operates small and hand tools such as chainsaws, trimmers, brush cutters, power saws, jack hammers, drills, rakes, hammers, wrenches, etc.
- Checks work progress, reports problems to superiors, and makes recommendations to solve problems that are encountered.
- Ensures application of WisDOT work zone field manual to correctly setup various traffic control layouts, as well as other work rules.

- Ensures that preventive maintenance and minor repairs are performed on equipment so work may progress and be completed on schedule.
- Maintains detailed records and makes oral and/or written reports as required, such as material and equipment charge outs.
- Establishes and maintains effective work relations.
- Provides feedback on employee performance.
- Maintains regular and predictable attendance, works overtime/extra hours as required including nights and weekends.
- Completes and submits records of time, location, materials, and equipment used on each project daily.
- Expected to work in a variety of weather conditions.
- Conducts duties in a safe diligent manner at all times.
- Ability to communicate relevant information to team members in a respectful and constructive way
- Maintain a clean and safe worksite.
- Performs other duties as assigned.

Education/Certifications/Experience Requirements

- Graduate from high school or G.E.D, and,
- *Valid Commercial Driver's License Class A, B, C, D with endorsement N (Tanker) is required. As well as the ability to legally operate CMV's with Air Brakes, Manual Transmissions, Tractor/Trailers and Tank Cargo (No restrictions such as L, Z, E, O or X).*
- 2 or more years in the construction industry and in the operation of light duty equipment desired.
- Or, any combination of education and experience that provides equivalent knowledge, skills, and abilities.
- *Ability to read and interpret engineering plans and specifications.*
- *Knowledge of the MUTCD and other relevant traffic safety regulations.*
- *Knowledge of the Wisconsin Work Zone Field Manual.*
- *Ability to use hand and power tools.*
- *Experience and/or ability to learn GIS software to track inventory preferred.*
- *Experience in flagger certification and recertification training preferred.*

Required or Preferred Skills

- Knowledge of highway department operations.
- Knowledge of the modern principles and practices of operating equipment, preventive maintenance of equipment and a working knowledge of minor repairs to motorized equipment.
- Knowledge of procedures and policies, including safety.
- Leadership ability to achieve the maximum potential from employees.
- Ability to make decisions and exercise sound judgment.
- Ability to maintain accurate records and to make oral and written reports.
- Use technology to carry out construction tasks including: laser levels, GPS, utility locators, etc.

- Ability to communicate with customers, sub-contractors, supervisors, and the public in a courteous manner.
- Knowledge of traffic laws, ordinances, and regulations involved in equipment operation.
- Ability to use basic computer skills to enter time, record materials, check emails, etc.
- Ability to work in adverse weather conditions, and cope with distracting vibrations, fumes, dust, etc.
- Ability to organize and maintain accurate and complete records, and prepare clear and comprehensive reports
- Demonstrated ability to comply with appropriate safety regulations.
- Ability to work semi-independently making sound decisions using good judgment.
- Ability to use tact and diplomacy when dealing with co-workers, county officials and officers, general public, etc.
- Ability to budget time and schedule work to efficiently complete tasks.
- Ability to organize and schedule work effectively and cooperatively with co-workers.
- Ability to walk, bend, stoop, lift, carry; push, pull, and otherwise move objects up to 50 pounds regularly and up to 100 pounds occasionally, understanding and utilizing proper body mechanics.
    - Essential Physical Demands
        1. Stand/walk
        2. Sit (driving/operating equipment)
        3. Lift/carry up to 50 lbs. floor to 3'7" (3'7" height of pickup truck bed)
        4. Push/pull
        5. Climbing (on/off equipment)
        6. Stooping
        7. Kneeling
        8. Bending
        9. Crawling
        10. Reaching: high/low level
        11. Finger movement-repetitive
        12. Repetitive twisting/pressure with wrist or hands
        13. Both hands required
        14. Both legs required
        15. Ability to communicate verbally
        16. Visual requirements for operator moving machinery/vehicles
        17. Ability to be disturbed or awakened for responding to emergencies and/or highway conditions.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

November 4, 2024 County Board Meeting

RESOLUTION NO.: 79—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Highway Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: One (1) Full-time Mechanic position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Highway Department, cost center 6008003 by creating one (1) full-time Mechanic position effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Highway Commissioner.

Dated this 4th day of November 2024

POSITION ADDITION FORM - 2025 BUDGET		
Request Details		
Effective Date of Requested Change:	Jan. 1, 2025	
Department:	Highway	
Department Head:	Dean Steingraber	
Cost Center Number:	6008003	
Position Title:	Mechanic	
Sunset Position? (Yes or No)	No	
Exempt (Salaried) or Non-Exempt (Hourly):	Non Exempt	
Pay Grade of Position:	145	
Estimated Starting Step:	1	
Position exists in current the Table of Organization?	Yes	
Is this position full time or part time? *(If more than one position, use the worksheet for Multiples)*	**Full Time:**	1
	Part Time:	
If Part Time position, how many hours per week will this position be working?	**Hours:**	
What other alternatives were considered?	Contracting out maint/repair/rehab services	
If deleting a position to add this position; which position(s) will be deleted?	n/a	
(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)		
List any positions in your Table of Organization that have been vacant for 6 months or longer:	n/a	
Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
This request is to add 1 more Mechanic position to support the 6 existing Mechanics in repairing, maintaining and rehabilitating of Highway Department equipment. This position is integral in supporting the increase in Equipment Operators and equipment from the adopted 2024 budget and proposed 2025 budget. This will also reduce the costs and improve efficiency for contracting maintenance/repair/rehabilitation services to outside vendors. There will be 1 more Mechanic to share the ever-increasing workload as described above. Existing Mechanics may experience fewer overtime hours.		
Employee Impacted By This Change (If no one in position - leave blank)		
Fiscal Data		
How will this position be funded (choose from drop-down list)?	Combination - Levy/Non-Levy	
PROJECTED 2023 EXPENDITURES - Amounts must agree to amounts included in the proposed budget.		
Salary	$	60,466
Fringe Benefits	$	36,605
Travel/Training	$	-
Supplies - IT		
Supplies - Other	$	-
Purchased Services - IT	$	2,760

Purchased Services - Other	$	-
Capital Outlay	$	-
TOTAL EXPENDITURES	$	**99,831**
COST SAVINGS OR INCREASED REVENUES:		
Please list below the additional revenues pertaining to this position and/or cost savings (reductions in expenditures) that will be shown in the budget.		
Description	*Dollar Value (enter as negative)*	
Deleted Position (if applicable)		
	$	-
	$	-
TOTAL COST SAVINGS/REVENUES	$	-
NET COUNTY COST (Levy/Fund Bal)	$	**99,831**

Mechanic (HWY)

CLASS CODE

4030-3

SALARY

$29.07 - $37.92 Hourly

ESTABLISHED DATE

February 16, 2017

REVISION DATE

July 29, 2024

Position Purpose

The Mechanic is a safety-sensitive position subject to DOT drug & alcohol procedures, must be available to report to work during regular business hours and must be available after hours to respond to emergencies and/or highway conditions. Under general supervision of the Highway Operations Supervisor and/or Fleet/Facility Superintendent, the Mechanic repairs, overhauls, and maintains automotive, construction, road equipment, and building equipment. Must be available to work overtime, weekends, nights, and holidays as required.

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Must be available to report to work after hours to respond to emergencies and/or highway conditions. Availability is the ability to respond to a phone call within 15 minutes and report to duty within 45 minutes.
- Maintains and repairs mechanical, hydraulic, computerized, and electrical systems of vehicles, disassembling, adjusting, and repairing or replacing parts as needed.
- Examines and diagnoses mechanical defects in a wide variety of gasoline and diesel powered automotive, construction, and road equipment, performing road service as necessary.

- Welds equipment to fabricate, rebuild, and strengthen various parts and pieces.
- Services, changes oil, grease, and fuel, performs preventative maintenance and makes repairs and adjustments to equipment.
- Assists in building maintenance, making repairs when necessary.
- Completes and submits records of time, location, equipment, and materials used on each project.
- Determines and requests appropriate parts needed, referencing service and parts manuals as necessary.
- Maintains tools and equipment in proper and safe working condition.
- Supplies own hand tools as required by County Highway Department.

Education/Certifications/Experience Requirements

- Associate Degree in mechanics with special training in gasoline and diesel engines and maintenance of heavy equipment.
- Four years of experience in mechanics.
- *Valid Commercial Driver's License Class A, B, C, D with endorsement N (Tanker) is required. As well as the ability to legally operate CMV's with Air Brakes, Manual Transmissions, Tractor/Trailers and Tank Cargo (No restrictions such as L, Z, E, O or X).*
- *ASE Certifications or the ability to obtain them.*
- Or, any combination of education and experience that provides equivalent knowledge, skills, and abilities.

Required or Preferred Skills

- Knowledge of and ability to apply the principles of gasoline and diesel mechanics to maintain and repair of a variety of equipment.
- Knowledge and skill in repairing electrical, mechanical, computerized, and hydraulic systems.
- Knowledge of and ability to diagnose and make repairs to a variety of heavy construction equipment such as excavators, motor graders, compactors, scrapers, bull dozers, loaders, asphalt pavers, trucks, tractors, etc.
- Knowledge of preventive maintenance inspection methods and ability to diagnose mechanical defects.
- Knowledge of welding, torch use, and fabrication abilities.
- Knowledge of and ability to use mechanic's tools and equipment.

- Knowledge of and ability to use service and parts manuals.
- Ability to organize and maintain accurate and complete records, and prepare clear and comprehensive reports.
- Ability to budget time and schedule work to efficiently complete tasks.
- Ability to work in adverse weather conditions, and cope with distracting vibrations, fumes, dust, etc.
- Ability to walk, stoop, bend, lift, carry; push, pull, and move objects up to 50 pounds, understanding and utilizing proper body mechanics.

Essential Physical Demands

1. Stand/walk
2. Lift/carry 50 lbs. from floor to waist level and 50 lbs. from floor to shoulder height
3. Push/pull
4. Climbing on equipment
5. Stooping
6. Repeated bending
7. Crawling under equipment
8. Reaching: high/low level
9. Finger movement-repetitive
10. Repetitive twisting/pressure with wrist or hands
11. Both hands required
12. Both legs required
13. Ability to communicate verbally
14. Visual requirements to perform mechanic work
15. Ability to be disturbed or awakened for responding to emergencies and/or highway conditions

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

Resolution No. 81—2024-25 – Legislative/Audit & Human Resources Committee. Amend the Table of Organization for the Highway Department, cost center 6005000, by creating one (1) part-time Youth Apprentice – Engineering position effective January 1, 2025, and the fiscal change has been included in the budget as well as attendant budget expenditures and revenues, as detailed in the attachments.

Supervisor Hagen moved, seconded by Supervisor Nejedlo, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 81—2024-25 IS ADOPTED.

RESOLUTION NO.: 81—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Highway Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: One (1) Part-time Youth Apprentice – Engineering position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Highway Department, cost center 6005000 by creating one (1) part-time Youth Apprentice – Engineering position effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Highway Commissioner.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Youth Apprentice Engineer (Highway) Job Description

Position Purpose

The Youth Apprentice Engineer will report to the Highway Engineer and assist the engineering staff with various project development tasks and assist with engineering support of County Highway operations.

Key Responsibilities

- Create engineering drawings using AutoCAD and ArcGIS.
- Perform basic surveying functions using laser and GPS equipment.
- Assist in the collection, processing, and compilation of traffic count data.
- Assist with engineering field reviews for highway permits, culvert and drainage improvements, pavement condition, bridges and structures, guardrails and roadside safety items, and other roadway and roadside appurtenances.
- Research and analyze safety, traffic, and crash-related data and prepare associated engineering recommendations and/or summary reports.
- Assist engineering and operations staff with signing and pavement marking plan(s) and layout, construction staking, and other tasks as assigned.
- Document construction activities and perform construction inspection and support tasks as assigned, including tracking construction project quantities, work progress, and costs.
- Maintain regular and predictable attendance.
- Other duties as assigned.

Education/Certifications/Experience Requirements

- Must be enrolled in high school or higher education for the internship/apprenticeship program.
- Must have a valid driver's license.

Required or Preferred Skills

- Must provide own steel toed shoes. Other personal protective equipment (PPE) for job-specific tasks will be provided.
- Ability to work with minimal supervision and be self-motivated.
- Ability to understand and execute oral and/or written instructions.
- Ability to fill out daily reports.
- Ability to read and understand street maps, plat maps, engineering plans and basic technical documents.
- Ability to learn and utilize County-based GIS (geographic information system) software and other transportation inventory software such as WISLR (Wisconsin Information System for Local Roads) and web-based safety-reporting software.

C:\Users\hickeysa\AppData\Local\Microsoft\Windows\INetCache\Content.Outlook\DI9UXRYJ\Highway - Youth Apprentice Engineer Job Description.docx

- Ability to drive efficiently and safely.
- Ability to maintain effective relationships with other employees and interact with the public in a courteous and tactful manner.
- Ability to perform work in a variety of temperatures and adverse weather conditions, and be in good physical condition.
- Ability to lift, push and pull up to 50 lbs.
- Ability to work in a safe manner and utilize PPE.

Resolution No. 82—2024-25 – Legislative/Audit & Human Resources Committee. Amend the Wage Scale for the Human Resources Department, cost center 1006000, by changing the full-time HRIS Analyst from Exempt 145 to Exempt 150 effective January 1, 2025, and the fiscal change has been included in the budget as well as attendant budget expenditures and revenues, as detailed in the attachments.

Supervisor Spears moved, seconded by Supervisor Kostelny, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 82—2024-25 IS ADOPTED.

RESOLUTION NO.: 82—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following grade change, and the same has been made a part of the 2025 County Executive Budget:

Department: Human Resources
Position: (1) Full-time HRIS Analyst
Grade Change: From Exempt 145 to Exempt 150

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Wage Scale for the Human Resources Department, cost center 1006000, by changing the full-time HRIS Analyst from Exempt 145 to Exempt 150 effective January 1, 2025 as described in the Position Classification/Grade Change Form, Position Description, and Table of Organization which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Class Title
HRIS Analyst

Class Code
1460-11

Salary
Grade 150

Position Purpose

Responsible for managing and maintaining the Human Resources Information System (HRIS). This position offers support to many other HR specialty areas including recruitment, onboarding, employee benefits, performance and wage management, and organizational design through the utilization and organization of the HRIS program.

Key Responsibilities

The following duties are normal for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

Primary Duties (80%)

- Oversee and maintain the HRIS, which may include installation, testing, development, maintenance, and upgrades. Collaborate with Information Technology (IT) in regards to server and networking support to ensure compliance for data security and privacy requirements.
- Review and process wage increases, internal position changes, and other employee action requests.
- Manage and maintain workflow rules and settings. Research and resolve problems to provide technical support, troubleshooting, and guidance.
- Collaborate with various department leadership and HR staff to identify system improvements and guide new projects through implementation.
- Manage permissions, access, personalization, and similar system operations and settings for HRIS users.
- Generate reports/queries of complex data, summaries, and logs for leadership, HR, and Payroll staff to track workforce metrics.
- Maintain knowledge and continued development in HR, HRIS program updates, and impacted topics supported by this role.
- Serve as lead representative and liaison between HR, IT, HRIS account rep, and other participants for HRIS design and implementation projects.
- Prepares and maintains the County Table of Organization (TO), Wage Schedule, and other necessary data tables.
- Acts as primary backup for HR Office Assistant in their absence.

Employee Relations (10%)

- Ensures compliance with employment law and ensures employment postings are current.
- Creates, distributes, and tracks reports in the HRIS system for processing exit interviews, employee performance evaluations, and employee recognition programs in conjunction with the Senior HR Advisor – Employee Relations and other HR staff.

Learning & Development (8%)

- Coordinates and tracks training development courses, attendance, and certifications to on-site courses listed in the HRIS system.
- Conduct training related to the HRIS program for new users and new functionalities with existing users. Continuously develop and update documentation on guidelines and procedures to be shared with all users.

Recruiting (2%)

- Acts as the primary backup for the HR Advisor – Talent Acquisition for new hire orientation in their absence.

Education/Certifications/Experience Requirements

- Requires a Bachelor's degree in Human Resources, Information Technology, or related field.
- At least three to five years office experience where extensive computer skills and significant attention to detail were necessary.
- At least two years of experience with an HRIS, with experience of Tyler Munis preferred.
- Or, any combination of education and experience that provides equivalent knowledge, skills, and abilities.

Required or Preferred Skills

- Excellent problem solving skills and the ability to effectively communicate and interact with people at all levels
- Excellent organizational and prioritization skills, while maintaining a high level of attention to detail and confidentiality. Ability to adhere to strict deadlines within pay periods with little error.
- Ability to comprehend and interpret a variety of documents including notice of change forms, evaluations, benefit forms, salary and other schedules, benefit summaries, union contracts, employee handbooks, bills, insurance forms, verification forms, applications for employment, etc.
- Ability to prepare a variety of documents, including employee reports and queries.
- Ability to comprehend and interpret payroll / HRIS software including entering and retrieving data and manipulating the data to compile reports
- Strong teamwork abilities and willingness to assist when needed
- Ability to maintain the confidentiality of records

- Ability to communicate effectively with the general public, job applicants, department heads, Board supervisors, vendors, and others both verbally and in writing

Equipment/Software Needs

- Continual sitting at desk, in front of a computer monitor
- Occasional lifting up to 25 lbs.
- Occasional reaching to a high or low level area
- Ability to accurately type a minimum of 50 wpm

Other Class Spec Title 1

Outagamie County is an Equal Opportunity Employer. November 4, 2024 County Board Meeting

RESOLUTION NO.: 84—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Information Technology Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: One (1) Full-time Senior Systems Analyst position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Information Technology Department, cost center 6040100 by creating one (1) full-time Senior Systems Analyst position effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Director of Information Technology.

Dated this 14th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Outagamie County

Senior Systems Analyst (IT)

CLASS CODE	1800-1	**SALARY**	$33.28 - $43.42 Hourly
ESTABLISHED DATE	December 23, 2020	**REVISION DATE**	January 16, 2024

Position Purpose

The Senior Systems Analyst (IT) is responsible for planning, designing, documenting and implementing information technology to support the ongoing needs of Outagamie County departments. Provide expert guidance, direction and leadership in regards to Outagamie County's selection and use of technologies. Maintains excellent working relationships with team members, vendors and other departments involved in IT projects. Relies on extensive IT knowledge and professional discretion to achieve departmental objectives. Responsible for IT related budgeting, strategic planning and forecasting for supported Departments. Assists end users in resolving hardware and software issues by fielding requests, diagnosing problems and fixing issues while providing exceptional customer service.

Part time remote work is an available option after successful completion of the introductory period.

Key Responsibilities

The following duties are normal for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Recommends, analyzes, investigates and tests new technology and, enhancements. Ensures technology meets IT standards for security, compatibility and standardization.
- Actively collaborates with assigned Departments and outside entities to understand user's needs. Recommends new products and procedures to achieve their business goals. Assists during their investigations and testing.
- Coordinates the process for each County department to prepare strategic 3-year and capital IT plans. Assist departments with planning, research, preparation and presentation of plans.
- Serves as a project manager for Information Technology projects within assigned Departments. This includes establishing timelines, coordinating resources, communicating status updates, leading meetings and resolving issues.
- Uses automation tools to configure, test and deploy system wide installations and updates.
- Maintains security on all end point devices.
- Maintains assigned areas of IT Department's 3 year, capital, maintenance and operating budgets. Reviews, verifies and processes invoices related to purchases.
- Procures, installs, tests, monitors, upgrades, troubleshoots and repairs computer systems and peripherals. Documents, tracks and monitors the problem to facilitate a timely resolution.
- Serves as liaison between end users, vendors, hardware and software manufacturers.
- Create technical specs for bids and proposals. Actively participates and recommends solution during vendor review and selection process.

- Maintains working knowledge of security/regulatory compliancy required by assigned Departments to serve as resource to identify solutions and policies/procedures that will help Departments maintain a high level of compliancy.
- Prepares/updates training material and documentation for departmental and internal IT systems. Trains end users on proper usage of hardware/software.
- Maintains hardware inventory and software licensing.
- Provide 2nd tier support for IT Support Coordinators
- Participates in on call rotation.

Education/Certifications/Experience Requirements

- Associate or Bachelor degree in an IT related field
- 3 years of IT experience
- Or combination of education and experience that provides equivalent knowledge, skills, and abilities.
- Valid driver's license
- This position requires the successful completion of a sheriff's background and fingerprint check after the offer

Required or Preferred Skills

- Strong ability to take ownership of assigned tasks and responsibilities.
- Excellent organizational and time management skills.
- Maintains high level of knowledge of systems in supported Departments. Maintains reasonable level of knowledge of rest of County systems
- Working knowledge of Imaging Software, document management tools.
- Considerable knowledge of basic networking concepts (wireless, client/server topology, etc.)
- Considerable ability to troubleshoot in unfamiliar environments. Ability to properly utilize logging information to diagnose issues and troubleshoot problems. Recognize trends to identify root cause issues.
- Excellent communication skills and exceptional customer facing skills with a high degree of professionalism. Logical, clear, and concise written and verbal communication skills.
- Must display initiative, ability to work independently and within a team and be able to use independent judgment. Ability to react quickly to a fast paced, rapidly changing environment.
- Ability to manage project scope and schedule.
- Considerable ability to coordinate multiple tasks at once.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

Resolution No. 85—2024-25 – Legislative/Audit & Human Resources Committee. Amend the Table of Organization for the Information Technology Department, cost center 6040100, by creating one (1) full-time Systems Engineer position effective January 1, 2025, and the fiscal change has been included in the budget as well as attendant budget expenditures and revenues, as detailed in the attachments.

Supervisor Croatt moved, seconded by Supervisor Johnson, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 85—2024-25 IS ADOPTED.

RESOLUTION NO.: 85—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Information Technology Department Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: One (1) Full-time Systems Engineer position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Information Technology Department, cost center 6040100 by creating one (1) full-time Systems Engineer position effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Director of Information Technology.

List any positions in your Table of Organization that have been vacant for 6 months or longer:	Systems Specialist	

Position Justification

Briefly summarize why this position is needed, as well as areas of revenue and savings.

The primary purpose of this position is to install, configure, upgrade, and provide daily user support of systems used by over 2400 county employees and other county sanctioned users. The number of on premise and cloud-based systems is consistently increasing year over year at Outagamie County. In addition, this position will improve our cyber security hardening for these systems as the number and complexity of cyber security threats has increased dramatically in the last couple of years. Only 4 System Engineer positions currently exist for all of this work, leaving a high risk of disruption if we incur any attrition, long term absences, or a cyber-security incident.

Outagamie County

Systems Engineer

CLASS CODE	1800-13	**SALARY**	$79,268.80 - $103,459.20 Annually
ESTABLISHED DATE	November 17, 2021	**REVISION DATE**	December 17, 2023

Position Purpose

Reporting to the Systems Engineer, the Systems Engineer is responsible for Outagamie County's systems and server infrastructure which consists of multiple sites, business units and partner entities. Analyze, design, procure, implement, support, maintain, monitor, troubleshoot and document the physical/virtual server environment, server based applications, databases, storage, backup, disaster recovery and email systems. Work on overall systems and server security which includes establishing policy, implementing best practices and regulatory compliance. Manage projects, coordinate vendors and monitor budgets. Assist with overall departmental strategic planning by researching and recommending systems and security solutions.

Key Responsibilities

The following duties are normal for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Analyze, design, procure, implement, support, maintain, monitor, troubleshoot and document complex:
    1. Physical and Virtual server environment
    2. Backup and Network Storage (SAN, NAS, etc.)
    3. Server operating systems
    4. Databases, server applications and interfaces
    5. Disaster recovery technologies
    6. System management tools
    7. Data Center and Disaster Recovery Data Center sites
    8. Windows Active Directory, Group Policy, Domains, Domain Schemas, DNS, DHCP and security policy configuration
- Maintain integrity of systems by ensuring security and compliance is addressed throughout the enterprise. Identify requirements, then design, implement, monitor and verify security systems and processes that protect servers and systems. Investigate and react to security vulnerabilities and events.
- Administer system and file security. Manage user accounts and access.
- Project manager for systems/server projects. Ensure technical and security feasibility, create technical specifications, define integrations and coordinate purchase. Create, manage, and execute project plans. Generate project status reports, establish project timelines, lead project meetings and resolve technical issues. Document project progress and milestones. Coordinate resources, establish deadlines and assign responsibilities.
- Write and maintain custom scripts (VBScript, PowerShell, etc).
- Train and serve as a resource for the Systems Technicians.

- Establish and maintain relationships with Information Technology vendors. Manage the activity of vendors/contractors.
- Assist in preparing the IT department's server and systems 3-year and capital IT plans. Consult with users to understand needs and recommend new products/procedures that improve operating efficiency in a cost effective manner.
- Assist in the development of IT controls, processes, standards, policies and procedures. Follow existing County standards, guidelines, policies and procedures.
- Document systems, applications, and procedures in an extensive and orderly fashion. Create flowcharts, diagrams, manuals, and detailed instructions.

On-call for functional or hierarchical escalation. Backup Network Engineers/Technicians and assist others in the IT department as needed.

Education/Certifications/Experience Requirements

- Associate Degree in Computer Science or related field with seven years of systems and server experience
- Or any combination of education and experience that provides equivalent knowledge, skills, and abilities
- Valid Wisconsin Driver License

Required or Preferred Skills

- Strong knowledge of Windows Server operating systems and Microsoft SQL Server.
- Strong knowledge of virtualization technologies including creation and maintenance
- Strong knowledge of network storage (SAN, NAS, Backup, etc)
- Strong knowledge of Citrix including administration and provisioning services
- Strong knowledge of Microsoft Group Policy and security policy configuration and administration. Experience with File Security, Domain Name System (DNS), Dynamic Host Configuration Protocol (DHCP), and Domain and LAN administration
- Working knowledge of Microsoft Exchange.
- Strong knowledge of security principles, best practices, technologies and tools such as anti-virus, encryption, spam filtering, and log management
- Strong project management and organizational skills with ability to prioritize effectively.
- Must have strong technical ability and outstanding troubleshooting skills. Ability to properly utilize logging information to diagnose issues and troubleshoot problems reported by users.
- Excellent communication skills and exceptional customer facing skills with a high degree of professionalism.
- Strong ability to take ownership of assigned tasks and responsibilities.
- Experience and discretion in handling confidential information.
- Considerable ability to adapt and learn new technical concepts with or without formal training.

Physical Requirements

- Frequently required bend, stoop, lift, and move computer equipment.
- Occasionally required to stand, kneel and crouch.
- Ability to lift, carry, push, pull or otherwise move up to 25 pounds regularly and up to 75 pounds occasionally, understanding and utilizing proper body mechanics.
- Ability to reach equipment mounted in racks
- Ability to perform work at remote locations and in confined spaces

Outagamie County is an Equal Opportunity Employer. In compliance with the Americans with Disabilities Act, the County will provide reasonable accommodations to qualified individuals with disabilities and encourages both prospective employees and incumbents to discuss potential accommodations with the employer.

Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		

The Maintenance Department has not added positions to technical maintenance team over the past 21+ years. In 2015, we combined the Maintenance Supervisors position and the Facilities Engineer position into one position which was a reduction of 1 to the Maintenance TO. The Maintenance Department's service area and facilities has expanded significantly over the past several years and continues to grow. New areas include the addition of communication tower maintenance in 2015, Government Center and the Sheriff's building additions in 2017, health clinic in 2023 a new 911 Center and storage facility in 2024 and the start of expansion back into the South building. Facilities has also had increased involvement in other areas such as UWO-FC campus, property leases such as OWLS, VPI, TANN and most recently the 980 offender house at Trappers Lane. Furthermore, technology continues to change and evolve making many of our controls and building operating systems more efficient but also more technical and complicated to maintain. Some of these systems include added building access, duress systems, cameras, lighting controls and evolving building automation systems. Adding a working, Maintenance Supervisor position to the Maintenance TO will assist the department in continuing to perform many technical tasks with in house staff rather than contracting work out and will provide additional "hands on support" for the existing maintenance staff. The addition of this position will also free up time for the Facilities Director to focus on larger projects and Facility planning and will help in providing another layer of expertise and resources to the department including leadership backup when the Facilities Director is out. This position will work closely with the Facilities Director with the intent of developing an additional layer of leadership and management relating to facilities and the Maintenance Department.

Position Title: Facilities Maintenance Manager 4/18/2024

Department: Maintenance **Grade:** 160 - Exempt

Reports to: Facilities Director

Position Purpose

Reporting to the Facilities Director, the Facilities Maintenance Manager supervises and assists the activities of the Maintenance Technicians and Maintenance Workers. Performs related duties including evaluating employees, inspecting buildings and grounds for needed repairs, inspecting work and assisting technicians with troubleshoots and work or projects as needed. Facilities Maintenance Manager will also assist the Facilities Director with project development and oversight, preparing budgets and overseeing contracted work.

Key Responsibilities

The following duties are normal for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Supervises maintenance staff. Schedules work for maintenance staff. Provides input regarding the hiring, development and termination of Maintenance Department personnel.
- Prepare annual performance reviews for maintenance staff. Provide goals and development strategies for staff and provide training and development opportunities.
- Oversee operations and maintenance of heating, air conditioning, electrical, and plumbing equipment. Supervises the maintenance of lawns, sidewalks, and grounds. Supervises the work of maintenance staff in repair, maintenance, and painting of buildings and equipment.
- Supervise staff in the safe and efficient use of supplies and equipment. Provide training as needed to assure proper and safe use and work environment.
- Obtain competitive pricing and procure parts, supplies and equipment per county policies and guidelines.

Outagamie County — 11-4-24 County Board Meeting - November 4 2024 05:56:06 PM
November 4, 2024 County Board Meeting — OpenMeeting TECHNOLOGIES

RESOLUTION NO.: 87—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Parks Department Table of Organization changes, and the same have been made a part of the 2025 County Executive Budget:

Create: One (1) Full-time Parks Maintenance Technician position
Create: One (1) Part-time Parks Maintenance Technician position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Parks Department, cost center 1006200 by creating one (1) full-time Parks Maintenance Technician position and one (1) part-time Parks Maintenance Technician position effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Parks Director.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

POSITION ADDITION FORM - 2025 BUDGET		
Request Details		
Effective Date of Requested Change:	**Jan. 1, 2025**	
Department:	**Parks**	
Department Head:	**Justin Schumacher**	
Cost Center Number:	**1006200**	
Position Title:	**Parks Maintenance Technician**	
Sunset Position? (Yes or No)	**No**	
Exempt (Salaried) or Non-Exempt (Hourly):	**Non-Exempt**	
Pay Grade of Position:	**120**	
Estimated Starting Step:	**3**	
Position exists in current the Table of Organization?	**Yes**	
Is this position full time or part time? *(If more than one position, use the worksheet for Multiples)*	**Full Time:**	1
	Part Time:	1
If Part Time position, how many hours per week will this position be working?	**Hours:**	
What other alternatives were considered?	**Contracting services, overtime**	
If deleting a position to add this position; which position(s) will be deleted?	**N/A**	
(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)		
List any positions in your Table of Organization that have been vacant for 6 months or longer:	**N/A**	
Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
The addition of The Hillside has caused a much larger workload for existing staff with building cleaning and maintenance. Currently existing non-emempt employees are working overtime and part-time employees are working upwards of 40 hours per week. The Parks Director & Parks Program Supervisor/Liason also spends a great deal of time cleaning the building between events. Our department continues to grow and the need for additonal staff is growing with it.		
Employee Impacted By This Change (if no one in position - leave blank)		
Fiscal Data		
How will this position be funded (choose from drop-down list)?	**Combination - Levy/Non-Levy**	
PROJECTED 2023 EXPENDITURES - Amounts must agree to amounts included in the proposed budget.		
Salary	$	**68,609**
Fringe Benefits	$	**57,052**
Travel/Training	$	**1,000**
Supplies - IT		
Supplies - Other	$	-
Purchased Services - IT

OpenMeeting TECHNOLOGIES

RESOLUTION NO.: 88—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Register in Probate Department Table of Organization changes, and the same have been made a part of the 2025 County Executive Budget:

Eliminate: One (1) Part-time Office Assistant position
Create: One (1) Full-time Office Assistant position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Register in Probate Department, cost center 1006300 by eliminating one (1) part-time Office Assistant position and creating one (1) full-time Office Assistant position effective January 1, 2025 as described in the attached Position Addition Form, Position Deletion Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Register in Probate.

Dated this 4th day of November 2024

Respectfully Submitted,

If deleting a position to add this position; which position(s) will be deleted?	N/A	
(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)		
List any positions in your Table of Organization that have been vacant for 6 months or longer:	No	
Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
The Probate Office currently has a summer intern position budgeted for $9,000 each year. This position has assisted with backlogged accounting review and scanning court files in the past. However, each year, I need to spend time training the intern to complete tasks consistent with our policies and procedures. I would rather invest this money into an employee already working 35 hours a week and bring them up to full time hours. It will save time in the need to train someone every year to complete work this employee already knows how to do and I anticipate will futher the Probate office's progress in catching up the back logged work load I inherited when I started in this position. I also continue to evaluate whether requesting a whole new full time position is necessary to continue to keep pace with the office's workload, but I beleive bringing all of the current employees on staff to full time hours is a logical first step to see if requesting a new fulltime or part time position is even necessary.		
Employee Impacted By This Change (if no one in position - leave blank)

Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
Outagamie County has seen an increase in use, abuse, and distribution of fentanyl and other opioids. The Sheriff's Office is requesting to use the County's Opioid settlement funds to add 2 full-time positions to the table of organization. These two deputy investigative positions would be involved in Opioid related incidents with specific training to divert Opioid Use Disorder offenders into treatment programs, provide family members with education and ensure involved children or dependents have the proper care. The 2 opioid investigator positions will work with our Behavior Health Officer when incidents overlap with mental health disorders to ensure individuals with OUD are directed to the proper resources to assist in recovery. These investigators will provide education to the community, schools and youth organizations to promote identification, prevention, intervention and treatment options. The investigators will be involved in Opioid overdoses in our county and the recent rise in opioid incidents that occur our Jail. They will also be involved in Opioid investigations to help disrupt distribution within Outagamie County and work to identify and arrest the dealers, while providing appropriate resources to those addicted to opioids. **Amounts below are based on current wages and allow for anticipated increases (covering 3 years, as the union contract is still in negotiations). Updates can be provided when the contract is settled.**

RESOLUTION NO.: 90—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Sheriff's Office Table of Organization change, and the same has been made a part of the 2025 County Executive Budget:

Create: Two (2) Part-time Patrol Officer positions

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Sheriff's Office, cost center 1008007 by creating two (2) part-time Patrol Officer positions effective January 1, 2025 as described in the attached Position Addition Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Sheriff.

Dated this 14th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Position exists in current the Table of Organization?	Yes	
Is this position full time or part time? *(If more than one position, use the worksheet for Multiples)*	Full Time:	
	Part Time:	2
If Part Time position, how many hours per week will this position be working?	Hours:	19.231
What other alternatives were considered?		
If deleting a position to add this position; which position(s) will be deleted?	n/a	
(If deleting a position, complete the Position Deletion Form and include the Cost Savings below)		
List any positions in your Table of Organization that have been vacant for 6 months or longer:		
Position Justification		
Briefly summarize why this position is needed, as well as areas of revenue and savings.		
Outagamie Courts have experienced an increase of incidents over the last serval years that cause safety concerns during court proceedings, increasing the need for the presence of law enforcement. The Judges have requested a sworn Deputy be present on the second floor of the government center during court proceedings to provide enhanced law enforcement services, as they have the experience and training to deter, resolve, and prevent escalation during these situations. This would require approximately 2,000 working hours and would be accomplished by adding two Part Time Deputy positions to the Sheriff's Office Table of Organization. **Hiring and training costs would be covered by the Sheriff's Office. The costs associated with these two part time Deputy positons requested by the Courts and supported by the Sheriff's Office would have to be added the Sheriff's budget to cover additional wage and fringe costs covering 2,000 hours. There are also Capital and Equipment costs attached. These two court positions would only be staffed when Part Time Deputy staffing levels allow for the additional hours to be covered. Currently there are 3 unfilled PT deputy positions and with the 1200 annual work hours restriction, we need higher staffing levels to consistently staff these court positions. Amounts below are based on 2022 wages but allow for increases as anticipated through 2025. (The union contract expired in 2022 and is still in negotiations. Additional updates can be provided when the contract is**

Position Purpose

Outagamie County Sheriff's Department is hiring Part Time Patrol Officers!

Under general supervision of the Patrol Captain the PT - Patrol Officer provides security to the Appleton International Airport, Courts and Outagamie County Administration Building. The PT – Patrol Officer transports inmates from the jail and other institutions.

"I have never been treated better in law enforcement than the Sheriff's Office treats me. Professional, positive, supportive." -Dennis

Key Responsibilities

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Responds to assist citizens and disturbances at the Appleton International Airport, Courts, and Outagamie County Administration Building. This may include interviewing people, assessing if the situation needs further law enforcement intervention and making arrests when appropriate.
- Provides security to an assigned area, familiarizing self with citizens, offices, and standard activities, responding as appropriate.

- Conducts transports for jail inmates addressing medical issues and court.
- Disperses and addresses public concerns at public gatherings.
- Gain knowledge and awareness of locations of the county buildings/facilities.
- Prepares detailed reports of arrests and investigations according to department policy.
- Appears as witness in court, providing clear and accurate testimony.
- Delivers and serves warrants on individuals, transporting persons to court or jail, as directed by warrant.
- Maintains regular and predictable attendance, works extra hours as required.

Education/Certifications/Experience Requirements

- Graduate from high school or G.E.D.
- 60 post high school credits.
- Experience in law enforcement desired. Preference given to retired, certifiable officers.
- Or any combination of education and experience that provides equivalent knowledge, skills, and abilities.
- Valid Wisconsin's driver's license required.
- Must be a U.S. citizen per DOJ.
- Post hire requirements may include successful completion of physical agility test; psychological test, post-offer physical evaluation and/or other tests to aid in determining fitness for employment.

Required or Preferred Skills

- Ability to explain and enforce federal, state, and county laws, ordinances, and regulations. Must comply with appropriate safety regulations.
- Ability to meet department standards of physical condition.
- Ability to demonstrate leadership in wide variety of public crises and maintain good composure and exercise good judgment, especially in emergency situations.
- Must maintain confidentiality.
- Ability to maintain accurate and complete records and prepare clear and comprehensive reports.
- Ability to remember facts and details accurately and to testify clearly and accurately in court.
- Must demonstrate skill in the use of patrol vehicles and police equipment such as firearms.
- Establish and maintain effective working relations with co-workers, county officials, municipal police departments, general public, etc.
- Budget time and schedule work to efficiently to complete tasks.
- Ability to effectively use professional language and diplomacy with co-workers, the general public, and others.
- Ability to run, walk, stoop, climb, bend, stretch; push, pull, and lift up to 50 pounds, understanding and utilizing proper body mechanics.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

Benefits

OUTAGAMIE COUNTY OFFERS A COMPREHENSIVE AND HIGHLY COMPETITIVE BENEFITS PACKAGE TO ITS EMPLOYEES.

LEVELS OF BENEFITS CAN VARY BASED ON EMPLOYMENT STATUS AND EMPLOYEE GROUP.

Medical Coverage
Outagamie County currently offers eligible employees a Low-Deductible Health Plan and a High Deductible Health Plan with a Health Savings Account (HSA). Each of these plans are available for single or family coverage at affordable rates.

Dental Coverage
Eligible employees may choose either single, limited family, or family coverage.

Vision Coverage
Outagamie County offers single, employee plus one, employee plus children, and family voluntary vision insurance for those that are benefit eligible. Vision ***insurance*** coverage provides an opportunity for employees to save money on routine vision exams, contacts, eyeglass frames, and lenses.

Life Insurance
Outagamie County provides group life insurance for full-time employees. The cost of this coverage is paid for in full by the County.

Voluntary Short-Term Disability Insurance
Short-Term Disability pays the employee a portion of his or her income for a specified period of time, as determined by the plan. The Short-Term Disability plan provides coverage for injuries and illnesses that occur outside of work. The premium for this coverage is paid entirely by the employee and is available to active employees that meet the hours threshold requirements.

Long-Term Disability Insurance
All regular, non-union full-time employees are eligible for long-term disability coverage. Premiums are fully paid by the County.

Wisconsin Retirement System
Wisconsin Retirement Program helps provide for financial security during retirement. Monthly annuity payments at retirement are calculated using years of creditable service, average earnings (based on three highest years of earnings), formula factors, age at retirement and selected annuity option.
The retirement plan consists of two parts, an employee-required portion and an employer-required portion. Outagamie County pays the employer portion, and employees are responsible for paying the employee-required portion, which is determined by the state each year. Enrollment is required for eligible employees. Eligibility is determined based on Wisconsin Retirement System plan rules.

Flexible Spending Account Plan
The Flexible Spending Account Plan saves money by allowing the employee to pay for certain medical related expenses and dependent care expenses on a pre-tax basis, reducing annual taxable income resulting in Federal, State, Social Security, and Medicare tax savings.

Employee Assistance Program
Outagamie County has an Employee Assistance Program (EAP). The services offered as part of the County's plan are a benefit provided at no cost to its employees and their immediate family members to help deal with life's stresses. EAP consists of caring individuals who are certified counselors. They offer professional support and direction towards resolving problems or concerns. They can also help by referring the employee to another resource if assistance is needed beyond the EAP.

Paid Time Off
Outagamie County offers several paid time off benefits that include: vacation, personal holidays, national holidays, sick leave, bereavement leave and military leave.

Deferred Compensation
Deferred Compensation allows employees to set aside pre-tax earnings toward retirement. Employees can save up to 100%

of their compensation, to a maximum of $20,500 annually, or as little as $10.00 per paycheck. The amount deferred reduces year-end state and federal income tax base. All the earnings will accrue tax-deferred until such time as the assets are withdrawn, generally at retirement, termination, or other special circumstances. There is also an after-tax 457 Roth contribution option.

Employee and Family Clinic
Primary Health Services are available to employees and dependents ages 2 and up, who are covered on a county health plan.
Behavioral Health Services are available for all county employees regardless of county health coverage.

Pet Employee and Family Clinic
Please note that the pet insurance offers are discounts offered to Outagamie County employees and are not programs sponsored by Outagamie County. Please contact the companies directly for any questions, concerns or service issues. If you would like to learn more, please click below about the benefits.

CONTINUING EDUCATION
Outagamie County encourages continuing education by offering Education Reimbursement. This reimbursement is intended to provide assistance to the employee for out-of-pocket expenses for continuing education for the mutual benefit of the employee and Outagamie County, not covered in the departmental budget.
Any Outagamie County employee in good standing, averaging twenty (20) hours or more per week during the six (6) months prior to the start of the course, is eligible to apply. This statement is not all-inclusive in regard to tuition reimbursement.

Outagamie County offers Benefit options and paid time off for team members that work 20+ or more hours per week. Learn more today by visiting: https://www.outagamie.org/government/departments-f-m/human-resources/employee-benefits-information

Outagamie County Diversity Statement:
Outagamie County is committed to developing, nurturing, and sustaining an equitable community and workforce where all individuals can thrive. We pledge to amplify the voices of under-represented communities or those who were historically excluded, by removing barriers that result from racial, social injustice and inequities. We strive to ensure that equity, diversity, inclusion are embedded at all levels of Outagamie County programs and departments through acknowledging, analyzing, and addressing the root causes of inequities. We will create and advance equitable polices, practices and procedures, including, but not limited to County services, recruitment and retention, policies and practices, budgeting and procurement. We commit to being transparent and will continually evaluate and update our values when identified goals and objectives are not being achieved or sustained. Outagamie County will strive to create an inclusive environment where every community member feels like he/she/they belong.
OUTAGAMIE COUNTY IS AN EQUAL-OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

RESOLUTION NO.: 91—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The County Executive has requested the following Veterans Service Office Table of Organization changes, and the same have made been a part of the 2025 County Executive Budget:

Eliminate: One (1) Part-Time Veterans Benefits Specialist position
Create: One (1) Full-time Senior Benefits Specialist position

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of amending the Table of Organization for the Veterans Service Office, cost center 1008700 by eliminating one (1) part-time Veterans Benefits Specialist position and creating one (1) full-time Senior Benefits Specialist position effective January 1, 2025 as described in the attached Position Addition Form, Position Deletion Form, Position Description, and Table of Organization, which by reference are made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the fiscal change has been included in the aforementioned budget as well as attendant budget expenditures and revenues as are detailed in the attached, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director and the Outagamie County Veterans Service Officer.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Senior Veterans Benefits Specialist

Outagamie County

Class Code: 1700-3

Bargaining Unit:

OUTAGAMIE COUNTY
Established Date: Aug 29, 2017
Revision Date: Dec 17, 2023

SALARY RANGE

$25.40 - $33.14 Hourly

POSITION PURPOSE:

This position initiates and presents claims for compensation, pension, entitlements and other benefits to the United States Department of Veterans Affairs and other agencies on behalf of veterans, their eligible dependents, and their survivors. Helping veterans and their dependents receive the benefits to which they are entitled.

KEY RESPONSIBILITIES:

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Conducts interviews with veterans and/or dependents to determine and complete the appropriate benefit forms and applications.
- Determines eligibility for veterans and family members of various programs such as education, grants, medical claims, disability claims, waiver requests, and nursing home applications.
- Corresponds with various county, state, and federal offices, the general public, and professionals to obtain and provide necessary information.
- Prepares, maintains, and updates program and department records, reports, confidential records and files.
- Trains new employees.
- Investigates and obtains Military Records, Discharge Documents and Military Medals and Ribbons.
- Participates in community outreach events.
- Order and replenish office brochures and VA pamphlets.
- Performs other duties as assigned.

EDUCATION/CERTIFICATIONS/EXPERIENCE REQUIREMENTS:

- High school graduate or G.E.D. with relevant business classes, computer background, strong typing skills, and at least two years of general office experience.
- Active PIV Card preferred
- WDVA Accreditation preferred
- NACVSO Accreditation preferred

REQUIRED OR PREFERRED SKILLS:

- Working knowledge of Microsoft Office Suite.
- Excellent oral and written communications skills.
- Experience rending advice and services to veterans and their families.
- Experience in administering Veterans Administration's policies, regulations and procedures.
- Veterans encouraged to apply

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

Veterans Benefits Specialist

Class Code: 1700-4

Bargaining Unit:

OUTAGAMIE COUNTY
Established Date: Aug 29, 2017
Revision Date: Dec 17, 2023

SALARY RANGE

$23.73 - $30.97 Hourly

POSITION PURPOSE:

Under the general supervision of the Deputy Veterans Service Officer, the Veterans Benefits Specialist provides services (interviewing, claims development and advocacy) to military veterans and their dependents regarding all State and Federal veterans' benefits.

KEY RESPONSIBILITIES:

The following duties are most critical for this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Conducts interviews with veterans and/or dependents to determine clients' needs and desires and then completes the appropriate benefit application and other required forms.
- Provides direct client assistance with regard to the interpretation of complex eligibility criteria, application preparation, and the gathering and analyzing of supporting documentation for all State and Federal Veterans' benefits.
- Advises clients on their legal Veterans Administration entitlements by independently interpreting State & Federal Statutes, Codes and Regulations.
- Maintains client records, and uploads records to VetraSpec Software database for accurate record tracking.
- Accurately tracks claims for timeliness and prepares statistical reporting on claims activity.
- Drafts correspondence to clients, the U.S. Department of Veterans Affairs, the Wisconsin Department of Veterans Affairs and other governmental and non-governmental offices.
- Using State and Federal guidelines prepares and develops claims for VA service connected compensation or non-service connected disability pension benefits.
- Conducts Veterans Benefits Briefings to Civic Organizations, Veteran Service Organizations, Colleges/Schools, Assisted Living Facilities, Nursing Homes or Special Benefits Fairs.
- Advises clients in the Board of Veterans Appeals Process and the Court of Appeals for Veterans Claims being particularly conscious of filing deadlines and attorney referrals.

- Counsels clients who may be dealing with sensitive issues of mental illness, alcohol or other drug abuse, post-traumatic stress disorder, military sexual trauma, bereavement, homelessness and/or financial distress with respect and dignity.

EDUCATION/CERTIFICATIONS/EXPERIENCE REQUIREMENTS:

- High school graduate or G.E.D.
- Active PIV Card preferred or ability to obtain accreditation within 1 year of hire
- WDVA Accreditation preferred or ability to obtain accreditation within 1 year of hire
- NACVSO Accreditation preferred or ability to obtain accreditation within 1 year of hire

REQUIRED OR PREFERRED SKILLS:

- Knowledge of and ability to use modern office practices, procedures and equipment and a variety of computer software programs with an ability to learn new software programs or changes to existing programs.
- Experience working with Veterans and/or their families preferred.
- Knowledge of the goals, policies, and procedures of the Veterans Office.
- Knowledge of all pertinent laws, statutes, codes, regulations, and terminology.
- Ability to maintain composure and effectively use tact and diplomacy with clients, co-workers, internal and external agencies, and the general public.
- Ability to maintain complete accurate records and prepare clear comprehensive reports.
- Ability to work independently budgeting time, completing tasks and managing schedule.
- Ability to effectively communicate in English, verbally and in writing with tact and demeanor with all types of clients.
- Ability to understand and interpret complex commands both written and oral.
- Demonstrates professionalism and compassion always maintaining client's dignity and respect.

OUTAGAMIE COUNTY IS AN EQUAL OPPORTUNITY EMPLOYER. IN COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT, THE COUNTY WILL PROVIDE REASONABLE ACCOMMODATIONS TO QUALIFIED INDIVIDUALS WITH DISABILITIES AND ENCOURAGES BOTH PROSPECTIVE EMPLOYEES AND INCUMBENTS TO DISCUSS POTENTIAL ACCOMMODATIONS WITH THE EMPLOYER.

Outagamie County — 11-4-24 County Board Meeting - November 4 2024 06:42:16 PM — November 4, 2024 County Board Meeting — OpenMeeting

Resolution No. 92—2024-25 – Legislative/Audit and Human Resources Committee. Authorize an employee base wage increase of one percent (1%) effective December 29, 2024, for the year 2025, exclusive of step increases, for the exempt and non-exempt pay group which includes all employees except Elected Officials / County Board, the DSA Union group and commission members; a one percent (1%) increase for seasonal staff, and a one percent (1%) increase for the Miscellaneous Pay Group employees. The Miscellaneous pay group employees consist of Deputy Coroners, Bailiffs, Grants, various HHS food transporters, handypersons and site managers, with said increase built into the 2025 annual operating budget, as noted on the attached fiscal note. Authorize an additional longevity step for employees that have been in the same position without a reclassification per the following criteria: 5-7 years and placed at less than step 3; 7-10 years and placed at less than step 5; 10-15 years and placed at less than step 7; 15+ years and placed less than step 10. Retain the employee step program for 2025 and all other benefits remain the same based on usage, as detailed in the attachments.

Supervisor Spears moved, seconded by Supervisor Lamers, for adoption.

ROLL CALL: 30 yes, 6 absent. RESOLUTION NO. 92—2024-25 IS ADOPTED.

November 4, 2024 County Board Meeting

OpenMeeting Technologies

RESOLUTION NO.: 92—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

For purposes of this resolution, the exempt and non-exempt group includes all employees except Elected Officials / County Board, the DSA Union group and commission members. The Miscellaneous pay group employees consist of Deputy Coroners, Bailiffs, Grants, various HHS food transporters, handypersons and site managers. The County also has a separate pay group for seasonal staff.

The Legislative/Audit and Human Resources Committee is requesting a base wage increase of 1.0% for 2025 for the exempt and non-exempt employee group noted above, 1.0% base wage increase for seasonal staff, and 1.0% base wage increase for the Miscellaneous Pay Group employees noted above. Some staff are not paid by the hour (for example, Deputy Coroners), so a 1.0% base wage increase was added for those groups. The 1.0% base wage increase will be built into the 2025 annual operating budget as it will be a continuing and ongoing expenditure.

The County is offering an additional longevity step for employees that have been in the same position without a reclassification. The employee must meet the following criteria:

- 5 – 7 years – less than step 3
- 7 – 10 years – less than step 5
- 10 – 15 years – less than step 7
- 15+ years – less than step 10

The base wage increase (COLA) equates to $718,525. The additional step for longevity in the same position equals $187,864. Impacts on fringe benefits for FICA is $56,196, Medicare is $13,142, Wisconsin Retirement (including protective) is $70,514.18, and Long Term Disability is $1,359.58. All funds have been included in the 2025 County Executive Proposed Budget.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize an employee base wage increase of one percent (1%) effective December 29, 2024, for the year 2025, exclusive of step increases, for the exempt and non-exempt pay group which includes all employees except Elected Officials / County Board, the DSA Union group and commission members; a one percent (1%) increase for seasonal staff, and a one percent (1%) increase for the Miscellaneous Pay Group employees. The Miscellaneous pay group employees consist of Deputy Coroners, Bailiffs, Grants, various HHS food transporters, handypersons and site managers, with said increase built into the 2025 annual operating budget, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize an additional longevity step for employees that have been in the same position without a reclassification per the following criteria: 5-7 years and placed at less than step 3; 7-10 years and placed at less than step 5; 10-15 years and placed at less than step 7; 15+ years and placed less than step 10, and

BE IT STILL FURTHER RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize the employee step program to be retained for 2025 and that all other benefits remain the same based on usage, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, Outagamie County Human Resources Director, and the Outagamie County Finance Director.

Dated this 4th day of November 2024

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Exempt and Non-Exempt and Miscellaneous Pay Groups 2025 Base Wage Adjustments – Proposed 1% base wage increase, maintaining step program as well as authorizing one longevity adjustments.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

For the purpose of this fiscal note, this includes all employees except Elected Officials/County Board, the DSA union group and commissions members. The Miscellaneous pay group employees consist of Deputy Coroners, Bailiffs, Grants, various HHS food transporters, handypersons and site managers. The County also has a separate pay group for seasonal staff.

The Leg Audit/HR committee is requesting a base wage increase of 1.0% for 2025 for the exempt and non-exempt employee group noted above, 1.0% for seasonal staff and 1.0% increases for the Miscellaneous Pay Group employees noted above. Some staff are not paid by the hours (like Deputy Coroners) so a 1.0% increase was added for those groups. The 1.0% base wage increase will be built into the 2025 annual operation budget, as it will be a continuing and ongoing expenditure.

The County is offering an additional longevity step for employees that have been in the same position without a reclassification. The employee must meet the following criteria:

5-7 years – less than step 3
7 – 10 years – less than step 5
10 – 15 years – less than step 7
15+ years – less than step 10

The base wage increase (COLA) equates to $718,525, the additional step for longevity equals $187,864.
Impacts on fringe benefits for FICA is $56,196, Medicare $13,142, Wisconsin Retirement (including protective) $70,514.48, and Long Term Disability $1,359.58.

Current Year Budget Impact (Check one or more of the following boxes)

☐ Revenues ☐ Expenses (Cost) ☒ None – 2025 Proposed Budget

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (x) 2025 Proposed Budget

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below yes ( ) no (x) 2025 Budget

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

November 4, 2024 County Board Meeting

RESOLUTION NO.: 93—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Outagamie County Executive has presented the 2025 Budget to the Outagamie County Board of Supervisors. The Outagamie County Board of Supervisors has completed its review, revisions and adoption of the 2025 Budget for Outagamie County.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the following be and is hereby declared the tax levy for 2024, collected in 2025:

1.	There is levied upon the taxable property of Outagamie County the sum of for State Tax (Forestry purposes).	N/A – 2025 Budget
2.	There is levied upon the taxable property of Outagamie County the sum of for debt service, all bonds, and notes legally required.	$8,501,568.00
3.	There is levied upon the taxable property of Outagamie County the sum of for libraries. The Cities of Appleton, Kaukauna, New London – 1st and 2nd Wards, and Seymour, and the Villages of Black Creek, Fox Crossing, Hortonville, Howard, Kimberly, Little Chute, Shiocton, and Wrightstown are not included.	$2,199,660.00
4.	There is levied upon the taxable property of Outagamie County the sum of for public health services. The City of Appleton is not included.	$1,433,720.00
5.	There is levied upon the taxable property of Outagamie County the sum of for County and Town Aid Bridges, excluding the Cities of Appleton, Kaukauna, New London – 1st and 2nd Wards, Seymour and the Villages of Howard, Fox Crossing Shiocton, and Wrightstown.	$250,000.00
6.	There is levied upon the taxable property of Outagamie County the sum of for all other services provided.	$56,994,652.00
	GRAND TOTAL OF ALL TAXES	$69,379,600.00

BE IT FURTHER RESOLVED, that this budget shall comply with all state rules and regulations and that should the final calculations create a noncompliant budget, it is therefore authorized that adjustments to the Reserve for Contingency be made to correct the unanticipated error, and

BE IT FINALLY RESOLVED, that the Outagamie County Executive and Outagamie County Clerk are hereby authorized to correct any apparent clerical errors, which may be discovered in the Budget in writing up the proceedings of the Board.

ORDINANCE NO.: Z-6—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY ZONING ORDINANCE. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension, Zoning, and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of Meridian Surveying LLC, applicant on behalf of Paul and Annette Hauser, owners, to rezone parcel 170201501 from the Local Commercial District to the General Agriculture District. The location of the site is South of County HWY EE and West of Shawnee Road, Town of Oneida, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Oneida upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Oneida Clerk, the Outagamie County Zoning Administrator and the Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 4th day of November 2024.

MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Austin Dyb
DATE: October 07, 2024
RE: PL202400468 - Rezoning - County Review & Recommendation

Application Details:

Applicant: Steve DeJong, Meridian Surveying LLC

Owner(s) HAUSER, PAUL M & HAUSER, ANNETTE M

Request: County Rezone from Local Commercial to General Agriculture

Parcel(s): All of 170201501

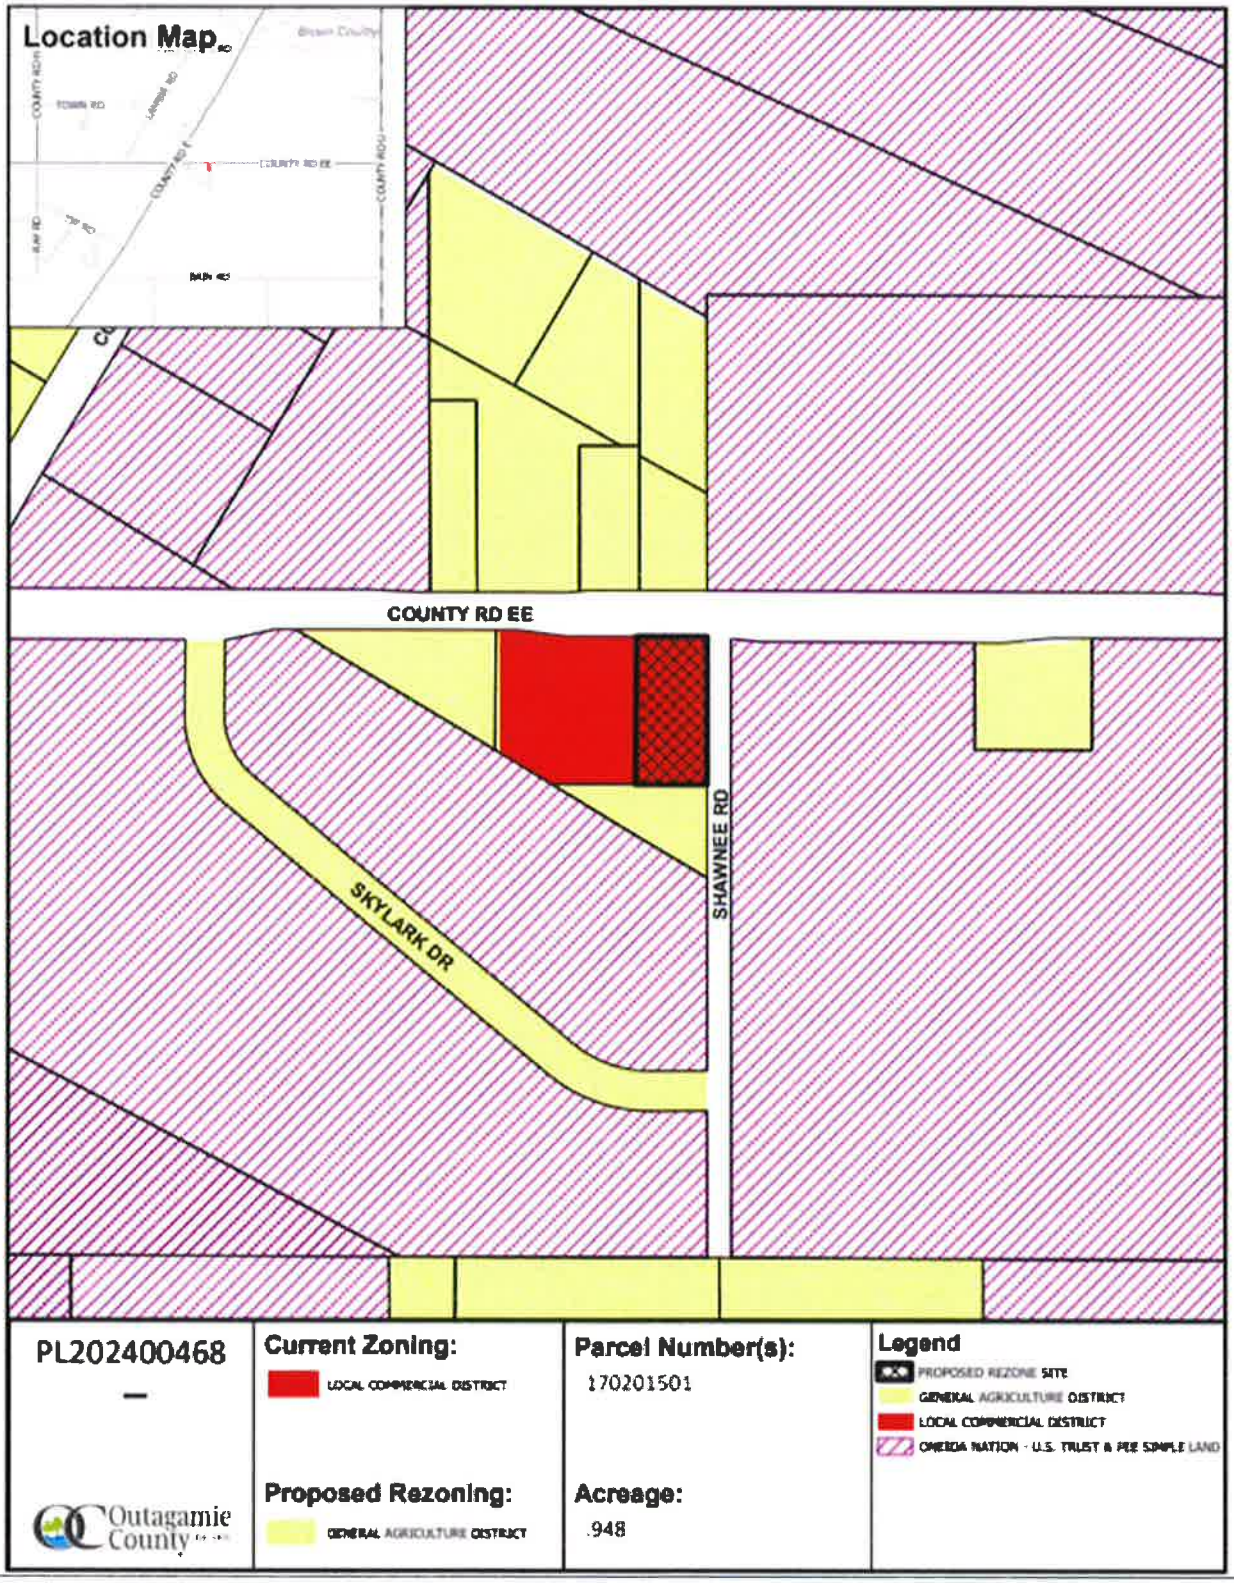
Location: South of County HWY EE and West of Shawnee Road
TOWN OF ONEIDA

Public Hearing: October 22, 2024- 09:00 AM

Background & Analysis:

The applicants are seeking a County rezone from the Local Commercial District (LC) to the General Agriculture District (AGD). Exhibit A depicts the request. The proposal is to rezone all of parcel 170201501 to AGD (0.95 Ac) to accommodate a new Single Family home, replacing the existing home on the property. The table below shows the existing land use and zoning district patterns surrounding the subject parcel. The proposed single family home is compatible with surrounding land uses.

Area Adjacent to Subject Site	Existing Zoning District	Existing Land Use
North	General Agriculture	Single Family Home
South	General Agriculture	Single Family Home
East	Oneida Tribal Jurisdiction	Agriculture
West	Local Commercial	Single Family Home, Home-Based Business



No environmental hazards currently exist on the parcel. The applicant has been advised that an Erosion Control Permit with siteplan may be required if the total land disturbance associated with the construction reaches 4,000 sq ft or more.

The Town of Oneida reviewed and approved this rezoning request at their September 16th, 2024 town board meeting with no concerns. (Exhibit B)

Outagamie County administers general zoning for the Town of Oneida, and the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3) Wis. Stats. The County Comprehensive Plan designates the subject area as "Rural Character". This designation is intended for agricultural areas, open areas, and rural residential development. As such, County staff has identified the proposed rezone to AGD as consistent with the County Comprehensive Plan.

Staff Recommendation:
Based on our review and the above analysis of this proposed Rezoning - County, Staff **recommends approval** of the proposed rezoning for all of parcel 170201501 from the Local Commercial District to the General Agriculture District.

TOWN RECOMMENDATION FORM

This form must accompany any County petition requesting a rezone (map amendment), special exception permit, special exception airport permit, conditional use permit, variance, or appeal. Towns must provide a signed copy of this form to the applicant/petitioner and should retain a copy.

OVERVIEW OF REQUEST:

Town (or Applicable Village):	
Request:	Rezoning
Applicant or Petitioner Name:	Hauser
Applicant Contact Information (Preferred):	ahauser523@gmail.com
Site Parcel Number(s):	170201501
Site Address (if applicable):	N5687 SHAWNEE RD DE PERE, WI 54115
Pre-Application Meeting Number (if applicable):	PL202400427
Description of the Request: *(Please summarize the purpose of this request and/or attach a copy of the pre-application meeting summary, if applicable.)*	Rezoning from Local Commercial to General Agricultural

COMPLETED BY THE CLERK:

Certification:

I hereby certify that the Board of Oneida , at a legally convened meeting of the Board held on 09/16/2024 , voted to Select Decision the Rezoning request:

Kelly Hill — Clerk Signature

9/16/2024 — Date

Motion Outcome by a Vote of:	3	For	0	Against
General Comments/Reasons for the Decision: *(See next page for instructions. If needed, you may include additional pages.)*	Al Krause made a motion to approve rezoning of parcel to General Agricultural. Terry Hock second motion. Motion carried. Notes: Remove existing trailer house. New home will have garage/basement/stick-built home. Parcel is less than an acre however will allow due to existing home. Parcel was previous salvage yard years ago. Current conventional septic and private well.			

INSTRUCTIONS REGARDING "COMMENTS/REASONS FOR THE DECISION":

Rezone Request

- A decision to approve a rezone request shall be determined to be consistent with that local governmental unit's comprehensive plan (Sec. 66.1001(3)).
- A decision to deny a rezone request is discretionary. While not required, we recommend your board indicate a reason for denial, such as how it is inconsistent with the comprehensive plan.
- A rezoning out of exclusive agriculture must make the following findings:

a. The land is better suited for a use not allowed in the farmland preservation zoning district.
b. The rezoning is consistent with any applicable comprehensive plan.
c. The rezoning is substantially consistent with the county certified farmland preservation plan.
d. The rezoning will not substantially impair or limit current or future agricultural use of surrounding parcels of land that are zoned for or legally restricted to agricultural use.

Special Exception Permit (SP) or Conditional Use Permit (CUP) Request

Note: The County maintains the same requirements for SPs as for CUPs.

- A local government's decision to approve or deny a SP or CUP must be supported by substantial evidence. Any condition imposed must be based on substantial evidence. The applicant for the SP or CUP must provide substantial evidence that the application and all requirements and conditions established by the local government relating to the conditional use are or shall be satisfied.
- Substantial evidence means "facts and information, other than merely personal preferences or speculation, directly pertaining to the requirements and conditions an applicant must meet to obtain a conditional use permit and that reasonable persons would accept in support of a conclusion" (Wisconsin Act 67). To learn more about the substantial evidence test: CLICK HERE.

Variance Request

- The decision to approve or deny a variance is discretionary. However, per Section 54-887(b)(2), variances shall only be granted when the board of adjustment finds that:
    a. The variance is not contrary to the public interest and that such a variance will be in general harmony with the purposes and intent of Chapter 54.
    b. The variance will not permit the establishment of a use which is not permitted or permissible in the district.
    c. Special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures or buildings in the same district.
    d. The literal interpretation of the provisions of Chapter 54 would deprive the applicant of rights commonly enjoyed by other properties in the same district.
    e. The hardship is not shared generally by other land or buildings in the area.
    f. The hardship results from the strict application of this chapter and is not the result of self-created or self-imposed circumstances.

Appeal Request

- The decision to approve or deny an appeal is discretionary.

Outagamie County — 11-4-24 County Board Meeting - November 4 2024 07:02:28 PM — November 4, 2024 County Board Meeting — OpenMeeting

RESOLUTION NO.: 94—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Certain general municipal employees of the Outagamie County Highway Department have organized a union pursuant to Wis. Stat. §111.70 for the purpose of collective bargaining. The hours and conditions of employment are not legal subjects of bargaining in which the County can engage under Wis. Stat. 111.70(4)(mb). The County is limited to negotiating total base wages up to the Consumer Price Index.

An agreement has been reached with the Outagamie County Highway Department Teamsters Local 662 which includes the highway union members remaining as part of the wage schedule for 2025. This would result in a 0% (zero) percent base wage increase, but would allow each employee member to remain eligible for a 3% (three) percent step increase plus any cost of living or other increase which may be approved by the County Board during the budget process.

The attached agreement provides for recognition of the Teamsters Local 662 as the representative for the highway employees union, as well as sets forth the base wage for fiscal year 2025.

There is no fiscal impact to the 2025 budget as wages have already been included in the budget.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve an Agreement between Outagamie County and General Teamsters Union Local 662, collective bargaining representative for the employees of the Outagamie County Highway Department for calendar year 2025, with no fiscal impact to the 2025 budget as the wages have already been included in the budget as detailed in the attached Agreement and Appendix A, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and the Outagamie County Highway Commissioner.

Dated this 4th day of November 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Sara MacDonald

Ryan Ferguson

John Kostelny

Sarah Weinberg

AGREEMENT

This Agreement has been made and entered into between the Outagamie County, hereinafter referred to as the "Employer" and General Teamsters Union Local 662, affiliated with the International Brotherhood of Teamsters, hereinafter referred to as the "Union".

ARTICLE 1. RECOGNITION

The Employer recognizes the Union as the exclusive collective bargaining representative of the employees of the Outagamie County Hwy Department, exclusive of confidential employees, professional and managerial employees, supervisors and superintendents.

ARTICLE 2. SAVINGS CLAUSE

If any Article or Section of this Agreement or any addendum or appendix thereto shall be held invalid by operation of law or by any tribunal with competent jurisdiction, or if compliance with or enforcement of any article or section should be restrained by such tribunal, the remainder of this Agreement and addenda and appendices shall not be affected thereby, and the parties shall enter into immediate collective bargaining negotiations for the purpose of arriving at a mutually satisfactory replacement for such article or section.

ARTICLE 3. DURATION

A. This Agreement shall become effective January 1, 2025 and shall remain in full force and effect through December 31, 2025.

B. Bargaining Procedure: The Union shall give notice of its intent to bargain.

ARTICLE 4. WAGES

A. The base hourly rates for the employees covered by this Agreement shall increase by a total base wage increase of 0% (zero percent). All Union members will remain on the County's wage schedule and will be eligible to receive their corresponding step increase based on their grade and years of service, as set forth in the wage schedule which is attached and incorporated by reference as Appendix A, along with any cost of living, or other adjustment if any should be approved hereafter by the County Board.

Outagamie County | 11-4-24 County Board Meeting - November 4 2024 07:03:26 PM | OpenMeeting

November 4, 2024 County Board Meeting

RESOLUTION NO.: 95—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN:

MAJORITY

A watershed area south of CTH O and east and west of CTH EE in the Town of Freedom and part of the Town of Center has been experiencing significant flooding issues which are impacting residential homes along this segment. Property owners in this area have approached the Land Conservation Department, Highway Department, Towns of Freedom and Center, and others to help alleviate the issues.

The Outagamie County Land Conservation Department (LCD) has an opportunity to apply for a Pre-Disaster Flood Resilience Grant (PDFRG) – 2-24 Assessment Grant through Wisconsin Emergency Managent in order to enable the County to study the hydrology of the area to determine the causes, type and location of potential solutions.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors is desirous of making application for a Pre-Disaster Flood Resilience Grant (PDFRG) – 2-24 Assessment Grant through Wisconsin Emergency Management for the purpose of studying hydrology in a watershed area south of CTH O and east and west of CTH EE in the Town of Freedom and part of the Town of Center, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve the Outagamie County Land Conservation Director to act on behalf of Outagamie County by submitting an application for a Pre-Disaster Flood Resilience Grant (PDFRG) – 2-24 Assessment Grant to Wisconsin Emergency Management for any financial aid that may be available, sign documents, and take any necessary action to undertake, direct and complete approved projects, and

BE IT STILL FURTHER RESOLVED, that Outagamie County will meet the financial obligation of accepted grants, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Department Director and the Outagamie County Executive.

Dated this 4th day of November 2024

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING AND LAND CONSERVATION COMMITTEE

RESOLUTION NO.: 96—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Emergency Management office is requesting approval to accept and expend the Hazardous Materials Emergency Preparedness (HMEP) grant in the amount of $2,250. Funds will be used by the Appleton HazMat Team to offer the "Training the Hazmat Community" course for hazmat responders from Appleton, Green Bay, and Oshkosh. The training will teach students how chemical and physical properties relate to good monitoring techniques, use research databases to identify hazards and predict chemical effects, and will have a good understanding of meters and detection equipment. Interpreting meter information is critical for providing information to command staff for crucial decision making in hazmat related incidents. The requested budget adjustment is an increase in Purchased Services of $2,250 with an offsetting increase in Intergovernmental Revenue of $2,250. No additional county levy is required as Outagamie County is the pass-through agency for this grant.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Emergency Management Department to accept and expend the Hazardous Materials Emergency Preparedness (HMEP) Grant, said grant funding to be used for training, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the EM Grants Intergovernmental Revenue line item and the EM Grants Purchased Services line item by $2,250 each as detailed on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Emergency Management Director and the Outagamie County Finance Director.

Dated this 4th day of November 2024

Respectfully submitted,

PUBLIC SAFETY COMMITTEE

Katrin Patience

Christine Lamers

Timothy Hermes

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request to accept and expend Hazardous Materials Emergency Preparedness (HMEP) Grant and related budget adjustment.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Funds will be used by the Appleton HazMat Team to offer the "Training the Hazmat Community" course to hazmat responders from Appleton, Green Bay and Oshkosh. The training will teach students how chemical and physical properties relate to good monitoring techniques, use research databases to identify hazards and predict chemical effects, and will have a good understanding of meters and detection equipment. Interpreting meter information is critical for providing information to command staff for crucial decision making in hazmat related incidents. The budget adjustment requested is an increase in Purchased Services of $2,250 with an offsetting increase in Intergovernmental Revenue of $2,250. No additional county levy is needed. Outagamie County is the pass-through agency for this grant.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None – 2024 Budget

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item?x yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( )
If no, skip to question 8 below

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
EM Grants	Intergovernmental Revenues	2100600.4240.08	2,250
EM Grants	Purchased Services	2100600.5500	2,250

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes (x) no ( ) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost 0

RESOLUTION NO.: 97—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Parks Department is requesting funding from the Reserve for Contingencies Fund to demolish an existing house located at Mosquito Hill. The house has degraded over time, is currently full of mold, the utilities have been disconnected, and asbestos has been removed. The dilapidated house represents a safety hazard and has been previously broken into. The requested funds will be used to eliminate this hazard by removing the house and grading the property. An estimate of $45,000 has been provided by the Highway Department to complete the work. There are no long-term fiscal impacts.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize and approve of increasing the Mosquito Hill Purchased Services line item by $45,000 and decreasing the Reserve for Contingencies Purchased Services line item by $45,000, said monies to be used to demolish an existing house located at Mosquito Hill and grade the property, as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and the Outagamie County Finance Director.

Dated this 14th day of November 2024

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION &
ECONOMIC DEVELOPMENT COMMITTEE

Dean Culbertson

Lee W. Hammen

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** House Removal at Mosquito Hill

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)
Requesting contingency funding to demolish an existing house located at Mosquito Hill. The house has degraded over time and has had the utilities disconnected, asbestos removed, and is currently full of mold. It represents a safety hazard and has been broken into previously. The requested funds are to eliminate this hazard by removing the house and grading the property. Highway Department provided an estimate of $45,000 to complete the work. Current year impact only, no long term fiscal impacts.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

RESOLUTION NO.: 98—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Outagamie County (the County) has taken title to a parcel of land located in the Village of Hortonville, Parcel ID Number 240016000, through the In-Rem Foreclosure process. The delinquent taxes, interest, and fees equal $150.63. The Village of Hortonville (the Village) would like to aquire the property in its efforts to revitalize and improve the Village. The Village will pay the County a total of $150.63.

No budget adjustment is necessary as there are funds already budgeted in the appropriate cost center.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the sale of In-Rem Tax Foreclosure property Parcel ID Number 240016000, Village of Hortonville "as is" in the amount of $150.63, with no budget adjustment necessary as the funds have already been budgeted in the appropriate cost center as detailed in the attached Agreement Between Outagamie County and the Village of Hortonville, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the the Outagamie County Treasurer.

Dated this 4th day of November 2024

Respectfully Submitted,

FINANCE COMMITTEE

Chris Croatt

John Cuff

AGREEMENT

Between Outagamie County and the Village of Hortonville
Pursuant to § 75.365, Wis. Stat.

THIS AGREEMENT is made and entered this ___day of _____, 2024, by and between the Village of Hortonville, Wisconsin, a municipal corporation, ("Village") and Outagamie County, Wisconsin, a quasi-municipal corporation ("County").

RECITALS

WHEREAS, there is one (1) parcel of land located in the Village identified as the following described real estate, together with the rents profits, fixtures and other appurtenant interests (collectively "Property"):

Parcel Identification Number: 240016000

Legal Description:

> The East Seventy (70) Feet of the West One Hundred Forty (140) Feet of Lot Three (3), in Block Thirty Five (35), Addition to the Village of Hortonville, Wisconsin

Property Address: Lincoln Street, Hortonville, Wisconsin, 54944

WHEREAS, the County has not taken steps to locate or remediate potential environmental hazards on the property and has proceeded to acquire this parcel by in rem tax foreclosure; and

WHEREAS, the Village is interested in obtaining the property in its efforts to revitalize and improve the Village of Hortonville; and

WHEREAS, the Village, recognizing the property is being sold as is with all defects, potential environmental hazards, or other imperfections, assumes the risk in purchasing the property in its current condition.

WHEREAS, the County and Village desire to enter into this agreement pursuant to §75.365, Wis. Stat;

NOW, THEREFORE, in consideration of the mutual covenants and promises set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1
ACQUISITION OF THE PROPERTY

Section 1.01 The County has included the Property in its 2024 in rem tax foreclosure proceedings pursuant to the authority vested in the County by the Wisconsin Statutes.

Section 1.02 The County agrees that it will make reasonable efforts to acquire the Property by in rem tax foreclosure proceedings. The County and the Village recognize that even though the County has included the Property in its 2024 in rem tax foreclosure proceedings, it is possible that the Outagamie County Circuit Court may refuse to order or adjudge that the County be vested with an estate in fee simple absolute in the Property.

Section 1.03 The County agrees that in the event the County acquires the Property by in rem tax foreclosure proceedings it will thereafter convey the acquired Property to the Village by Quit Claim Deed upon the condition that the Village has approved and executed this Agreement.

Section 1.04 The County and Village agree that the amount of $150.63 is due on the Property, the sum which consists of the outstanding unpaid taxes and interest of $70.73 for tax years 2012-2023, and the outstanding unpaid municipal special assessments of $79.90 due for tax years 2021-2023, inclusive, for a total amount of $150.63.

Section 1.05 The County's obligation to convey the Property as set forth above is contingent upon approval of the conveyance by the Outagamie County Board.

Section 1.06 The Village agrees that in consideration of the Property, it shall remit to the County, by not later than 30 days after the County acquires the in rem judgment for the Property, or any of the parcel(s) listed herein, the sum which consists of the outstanding unpaid taxes and interest of $70.73 for tax years 2012-2023, and the outstanding unpaid municipal special assessments of $79.90 due for tax years 2021-2023, inclusive, for a total of $150.63, and shall hereinafter be referred to as the "specified sum."

Section 1.07 The Village agrees and acknowledges that the County's conveyance of the Property to the Village is a conveyance "as is" by Quit Claim Deed which will be prepared by County and recorded by the County.

Section 1.08 The Village shall be responsible to pay the 2024 property taxes.

Section 1.09 The Village shall be responsible for any costs it incurs to investigate, assess, remediate, or raze the Property at any time before or after the conveyance of the Property by the County.

ARTICLE II
INDEMNIFICATION

Section 2.01 The Village shall exonerate, save harmless, protect, indemnify and defend the County, its Board, officers, employees and agents from and against all losses, damages, claims, suits or actions, judgments, and costs whatsoever, including reasonable attorneys' fees, which may arise out of or be attributable to the conveyance of the Property from the County to the Village.

Section 2.02 The Village shall exonerate, save harmless, protect, indemnify and defend the County, its Board, officers, employees, and agents from and against any and all losses, damages, claims, suits or actions, judgments, and costs,

whatsoever, including reasonable attorneys' fees, which may arise out of or be attributable to the Property or investigation, assessment, remediation, or razing of the Property.

Section 2.03 The County shall not be responsible or liable to the Village for any loss or damage that may be occasioned by or through either the acts or omissions of person occupying the Property, if any, after the Property is transferred by deed to the Village. The Village shall not be responsible or liable to the County for any loss or damage that may be occasioned by or through either the acts or omissions of person occupying the Property, if any, between the date of the in rem foreclosure judgment and when the Property is transferred to the Village.

ARTICLE III
ENVIRONMENTAL INDEMNIFICATION

Section 3.01 Definitions. The following terms shall have the following meanings for purposes of this Agreement:

(a) Hazardous Substances. "Hazardous Substance" means any substance:

(1) the presence of which requires investigation, clean-up, removal or other remediation under any federal, state or local statute, regulation, ordinance, order, action policy or common law; or

(2) which is or becomes defined as a contaminant, a solid waste, a hazardous waste, a toxic waste, a hazardous substance, a pollutant, chemical, substance or material or any other substance subject to control under any applicable environmental law, now or hereafter in effect, including without limitation: the Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq.; the Clean Air Act, 42 U.S. C. § 7401 et seq.; the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. §6901 et seq.; the Toxic Substance Control Act, 15 U.S.C. § 2601 et seq.; or under the laws of the State of Wisconsin or under any other applicable environmental law, whether now existing or hereafter in effect (the "Environmental Laws"); or

(3) is toxic, explosive, corrosive, flammable, infections, radioactive, carcinogenic, mutagenic, or otherwise hazardous; or

(4) the presence of which on the Property causes or threatens to cause a nuisance upon the Property or to adjacent properties or poses or threatens to pose a hazard to the health or safety of persons on or about the Property.

(b) Environmental Requirements. "Environmental Requirements" mean all applicable present and future statues, regulations, rules, ordinances, codes, licenses, permits or orders of all governmental agencies, departments or instrumentalities of the United States, the State of Wisconsin and political subdivisions thereof and all applicable

judicial administrative, and regulatory decrees, judgments, and orders relating to the protection of human health or the environment, including without limitation, all requirements pertaining to reporting, licensing, permitting, investigation, and remediation of emissions, discharges, releases, or threatened release of Hazardous Substance whether solid, liquid, or gaseous in nature, into the air, surface water, groundwater, or land, or relating to the manufacture, processing, distribution, use, treatment, storage disposal, transport, or handling of Hazardous Substance, and all requirements pertaining to the protection of the health and safety of employees or the public.

(c) Environmental Damages. "Environmental Damages" means all claims, judgments, damages, losses, penalties, fines, liabilities (including strict liability), encumbrances, liens, costs, and expenses of investigation and defense of any claim, whether or not such claim is ultimately defeated, and of any good faith settlement or judgment, of whatever kind or nature, contingent or otherwise, matured or unmatured, foreseeable or unforeseeable (including without limitation reasonable attorneys' fees and disbursements and consultants' fees and the cost of complying with any equitable form of relief or the result of any injunctive or similar action whether brought by the state or federal government, a private person or organization or any other party), any of which are incurred at any time as a result of the actual or suspected existence of any Hazardous Substances upon, about or beneath the Property or migrating or threatening to migrate to or from the Property, or the actual or suspected existence of a violation of Environmental Requirements pertaining to the Property, regardless of whether the actual or suspected existence of such Hazardous Substances or violation of Environmental Requirements arose prior to the present ownership or operation of the Property.

Section 3.02 Indemnification. The Village, for itself and its legal representatives, heirs, successors, and guarantors, jointly and severally agree to indemnify, defend (with counsel reasonable approved by the indemnification parties), reimburse and hold harmless the County, its elected officials, employees, agents and successors, and assigns (the "indemnified parties"). The Village agrees to indemnify, defend, reimburse and hold harmless the indemnified parties from and against any and all Environmental Damages arising from the actual or suspected presence of any Hazardous Substance upon, about or beneath the Property or migrating to or from the Property, or arising in any manner whatsoever out of the actual or suspected violation of any Environmental Requirements pertaining to the Property and the former, current or future activities thereon by any party, or from the breach of any warranty or covenant or the inaccuracy of any representation of the Village contained in this Agreement; provided, however, that the Village shall not be required to indemnify, defend, reimburse or hold harmless any of the indemnified parties for any Environmental Damages arising out of the presence of any Hazardous Substances which were deposited or disposed of on the Property on or after the date the Property is conveyed to the Village.

Section 3.03 Term. The obligations of the Village under this Agreement shall be continuing and shall fully survive indefinitely.

Section 3.04 Investigation. The obligations of the Village under this Agreement shall not be affected by any investigation by or on behalf of the County or any other indemnified party, or by any information that the County or any other indemnified party may have or obtain with respect thereto.

Section 3.05 Expenditures for Property. The County shall have no responsibility for the payment of expenditures made and all liabilities incurred in performing the Village's obligations under this Agreement, including, but not limited to, fees of the engineers, surveyors, and consultants; the cost of environmental surveys; the cost of site clean-up, and remediation of any Hazardous Substances and other expenses. However, the Village may apply for use of grant funding through the County for Phase 1 and 2 work (investigation and development of a remediation plan), but such funds may not be used for digging or any other remediation activities.

ARTICLE IV
MISCELLANEOUS

Section 4.01 Notices. All notices, demands, requests, consents, approvals and other communications required to be given hereunder shall be in writing and delivered personally or sent by registered or certified mail, postage prepaid, return receipt requested, or by private courier or by facsimile transmission (followed by first class mail delivery of the original), addressed to the party to be so notified as follows:

If to County: Outagamie County Treasurer
ATTN: Rochelle Oskey – Treasurer
320 South Walnut Street
Appleton WI 54911

If to Village: Village of Hortonville
ATTN: Village Clerk
PO Box 99
Hortonville WI 54944

Notice shall be deemed received three (3) days after the mailing thereof. Either party may at any time change the address for notice of such party by mailing a notice to the other party.

Section 4.02 Captions. The captions of Articles and Section are convenience of reference only, and shall not affect the construction to be given any provision hereof.

Section 4.03 Entire Agreement. This Agreement contains the entire Agreement between the parties with respect to the subject matter hereof, supersedes all prior agreements or understandings, if any, with respect thereto, and may not be amended, supplemented or terminated, nor shall any obligation or condition be deemed waived, except by a written instrument signed by the parties.

Section 4.04 Third party beneficiaries. The parties do not intend to confer any benefits hereunder on any person other than the parties hereto.

Section 4.05 No Assignment. The Village and the County agree that there will be no assignment or transfer of this Agreement, nor of any interest in this Agreement.

Section 4.06 Venue. This Agreement shall be governed by the laws of the State of Wisconsin and venue shall lie in the Circuit Court for and in Outagamie County, Wisconsin.

IN WITNESS WHEREOF, this Agreement has been executed by the parties, as of the day and year first above written.

RUN: December 16, 2024

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, December 10, 2024.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 31 present, 5 absent. Members present: Thompson, Johnson, Patience, Gabrielson, Kostelny, Hammen, Lawrence, Krueger, Lamers, Ferguson, McCabe, Wegand, MacDonald, Schroeder, Croatt, Spears, Heiser, Mitchell, Cuff, Hagen, Klemp, Thiede, Weinberg, Culbertson, Winterfeldt, Nejedlo, Clegg, VanderHeiden, Rettler, Koury, and Lautenschlager. Members absent: Supervisors Smith, Hermes, Janke, Monfils, and Thyssen.

The Board Chairperson requested the Board's confirmation to excuse Supervisors Smith, Hermes, Janke, Monfils, and Thyssen. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

MINUTES OF THE NOVEMBER 4, 2024 COUNTY BOARD MEETING
Supervisor Koury moved, seconded by Supervisor Lautenschlager, to approve the minutes of the November 4, 2024 County Board meeting.

ROLL CALL: 30 yes, 1 abstain (Winterfeldt), 5 absent. MINUTES OF THE NOVEMBER 4, 2024, COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS
Greg Parins and Alex Pantzlaff, Recycling and Solid Waste Department, gave an overview of the department

Greg Parins and Alex Pantzlaff, Recycling and Solid Waste Department, provided an informational presentation on their department and its impact on the community. Highlights covered during presentation included:

- Overview of the department's mission and a review of the 450-acre campus, including its components and offerings.
- Explanation of the BOW Intergovernmental Agreement (Brown/Outagamie/Winnebago Counties), which provides opportunities to enhance operational efficiencies among the county solid waste and recycling services (by providing flexibility and resource sharing).
- A breakdown of landfill daily operations, which includes litter control, odor management, and bird mitigation; annual tons in the BOW System is approximately 815k tons, annual tons received at the Outagamie County location is approximately 340k tons (of that annual tonnage, 39 percent is from residential and 61 percent is from commercial entities).
- Tri-County Recycling, which began in 2009, is one of the largest publically-owned municipal MRFS, which currently serves 240,000(+) households, and over 620,000(+) residents, and processes approximately 80k tons annually (54 percent from residential, and 46 percent from commercial), through various means of sorting (mechanical, technological, and hand).
- Tri-County Recycling Center is 15-years old, and requires much maintenance and mindful long-term planning for future needs.

- Outagamie County Recycling & Solid Waste serves as the Responsible Unit with its agreements with 32 municipalities, completing grant application and management, and providing educational outreach.
- Provided a reminder that holiday lights do not go in recycling carts – use designated drop-off bins to deter creating issues with facility equipment (and ultimately, safety of staff).

Supervisor questions and comments followed.

Kevin Englebert, Development and Land Services Director, provided an ARPA funding update.

Highlights of the American Rescue Plan Act (ARPA) presentation included the funding update, and reviewed requests that will be coming before the County Board later in the agenda:

- Total $36,494,460 in ARPA funding was delivered to Outagamie County, with the obligation deadline is 12/31/2024 (funds must either be spent or tied to upcoming projects or contracts), with the final obligation deadline of 12/31/2026 to spend on projects and contracts.
- Of those funds received, $26.5M of the ARPA funding were to be used for purposes deemed eligible by the US Treasury, purposes used to respond to impacts from the pandemic. $10M of ARPA funding could be allocated to most governmental services (funding for lost revenue), of those funds received. ARPA funds cannot fund debt service, offsets of a reduction tax rate, or pension contributions.
- ARPA Internal Funding (~22 million for 60+ projects), which the top projects include: 9-1-1 Communications Center ($5.6M), Plamann Park Sewer ($3.0M), IT Projects ($2.0M), Staff Retention Bonuses ($1.7M), and Airport Terminal Expansion ($1.0M).
- ARPA External Grants (~14.5M) top projects included:
    - Affordable housing initiatives ($3.5M to RISE, Archive Apartments, and Habitat for Humanity), supported construction of 86 affordable housing units and 12 market rate units in the Appleton/Greater Fox Cities area.
    - $750k grant to Child Care Resource & Referral, which helped fund the Essential Services Program from 2024-25, saving participants ~$700 per month (plus time savings).
    - $2M grant to First Five Fox Valley, to build a Family Resource Center, offering universal services to families at free or low cost on child development resources (ages 0 to 5 years old).
    - $305k grant to Riverview Gardens to implement the ServiceWorks Culinary Program, which helps prepare individuals for success in the food service industry, and a Placement Success program for post-program support.
    - $695k grant to Children's Wisconsin for their Healthcare Career Exploration, Pathway, and Training Program.
- $500k for the Community Connections Program for behavioral health training.
- $2.25M for two agreements with Pillars and NEW Mental Health Connection to help fund financial resilience for each organization and to help with increases in demand for services.
- $2.7M grant was for Brightspeed Communications to fund last-mile fiber to premise broadband installation, which provided 956 connections in the northern half of Outagamie County and 120 miles of new fiber lines (Brightspeed is matching the county's investment with $2.7M of private funding).

- ARPA Surplus funding is available due to planned projects not being feasible or for being under budget. Two-step approach by Administration to ensure complete deplete of financial resource:
    - Step One: Direct remaining funding to ARPA eligible uses and prioritize projects that can be funded prior to obligation deadline (which will result in financial savings for the County).
    - Step Two: Invest financial savings in projects of county importance with timelines that exceed ARPA obligation deadline requirements.
- Surplus Funding Resolution One: directs remaining ARPA funding towards the following priorities (CAP Services, Child Care Resource and Referral, and Outagamie County Employee Wage Study Implementation – remaining funds); initiatives are eligible under ARPA guidelines.
- Surplus Funding Resolution Two: directs funding offset from wage study implementation investment towards Outagamie County (OC) Employee Child Care Center, Outagamie County (OC) Physical Therapy Space, and enhance the Healthcare Stabilization Fund. These initiatives follow the spirit of ARPA, but require more than the obligation deadline allows. Projects will have organizational and community benefit.
- The OC Employee Child Care Center will be located at the current VPI space on the Brewster Village Campus; VPI will be vacating the building in spring of 2025. Approximately $2.5-$3M capital investment with potential operating supporting for initial start-up period. YMCA partnership will operate the group child care center, with approximately 100 children capacity, and could possibly include an Appleton Area School District 4K location. Outagamie County employees will get initial priority enrollment and ongoing priority enrollment.
- OC Physical Therapy Space: the location will be integrated with the Outagamie County Employee Health Clinic at the OC Government Center; ThedaCare is to become new County provider and will add physical therapy services to the clinic.
- OC Healthcare Stabilization Fund: any remaining funds after completion of the child care center and physical therapy space, will be directed towards this fund, which exists to help the County pursue a self-funded health plan model. $4.15M is the current fund balance, with a target of $5M or three months' worth of claims.

Supervisor questions and comments followed.

ESTABLISH ORDER OF THE DAY– Chairperson Gabrielson reported the request to have all Appointments, Ordinance Nos. Z-7 and C—2024-25, and Resolution Nos. Z-6, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, and 118—2024-25 locked in at the meeting.

COMMUNICATIONS –

Chairperson Gabrielson summarized the following communications:

- A sincere thanks was given to Sara Hickey and the Legislative Services team for the coordination of the meal earlier in the evening
- A sincere thanks was given to all who donated to the Adopt-A-Family Program; $660 was collected and will be used to help Outagamie County families who are in need this holiday season.
- A reminder that e-mail passwords expires every 90 days. Unfortunately, County Supervisor iPads do not issue a reminder prompt, so Chairperson Gabrielson stressed if the pop-up requesting to enter your network exchange password is in the upper right, this means the password needs to be reset. Please be proactive and update the e-mail password. Directions were distributed in County Board Supervisor mailboxes on how to reset e-mail passwords, and should be retained for future

referencing. Should additional help be required, reach out to Legislative Services staff for assistance.

- One (1) Supervisor still needs to complete the "Recipe for Cyber Security" training, which was due on 10/29/24, three (3) Supervisors need to complete the "Core Concepts – Vishing" training, which was due on 11/14/24. Chairperson Gabrielson urged to have all of these trainings done prior to the end of the year, as it is important to keep up-to-date on trainings.
- Chairperson Gabrielson recognized the following County Board Supervisor birthdays: Supervisor Monfils (12/3), Supervisor Rettler (1/5), and Supervisor Thiede (1/5).
- This is the final planned County Board Supervisor meeting for this calendar year. The next scheduled meeting will be held on January 14, 2025.

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

Outagamie County | 12-10-24 County Board Meeting - December 10 2024 08:02:17 PM | OpenMeeting

December 10, 2024 County Board Meeting

RESOLUTION NO.: Z-6—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Hortonia has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Hortonia be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for the WisDOT (owner/seller) and Outagamie County (buyer). The proposed rezoning is for a 12-acre portion of parcel 120040701, from the A1- Exclusive Agricultural/Farmland Preservation District to A2- General Agricultural District. The parcel is located South of STH 15, Northwest of Givens Road, in the Town of Hortonia, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Clerk of the Town of Hortonia.

Dated this 10th day of December, 2024

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING & LAND CONSERVATION COMMITTEE

Debra Vander Heiden

MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Austin Dyb, Land Use Specialist
DATE: November 5, 2024
RE: PL202400538: Rezoning – Town, Review and Recommendation

Application Details:

Applicant and Owner:	The Town of Hortonia, Applicant on behalf of WisDOT (Owner/Seller) and Outagamie County (Buyer)
Request:	Rezoning - Town
Parcels:	A 12 Acre portion of parcel 120040701
Location:	South of STH 15, Northwest of Givens Rd
	TOWN OF HORTONIA
Public Hearing:	October 15th, 2024 at 10:30 AM held by the Town of Hortonia

Background:

Outagamie County received a Town Rezoning request from the Town of Hortonia, as depicted on the attached Rezoning Map. The proposal would rezone a portion of parcel 120040701 (12 Acres) from A1 - Exclusive Agricultural/Farmland Preservation District to A2 - General Agricultural District. A certified survey map for the portion to be rezoned is currently under review with County Staff. The rezoning would allow Outagamie County to pursue a Conditional Use Permit associated with a new equipment garage.

The Town of Hortonia exercises village powers and adopted General Town Zoning. The Town of Hortonia is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Comprehensive Plan and the Town Board voted to approve the rezoning request on October 15th 2024.

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to approve the rezoning of a portion of parcel 120040701 (12 acres) from A1 - Exclusive Agricultural/Farmland Preservation District to A2 - General Agricultural District.

TOWN RECOMMENDATION FORM

This form must accompany any County petition requesting a rezone (map amendment), special exception permit, special exception airport permit, conditional use permit, variance, or appeal. Towns must provide a signed copy of this form to the applicant/petitioner and should retain a copy.

OVERVIEW OF REQUEST:

Town (or Applicable Village):	Hortonia
Request:	Rezoning
Applicant or Petitioner Name:	Outagamie Hwy Dept
Applicant Contact Information (Preferred):	OC - Kevin Englebert 920-832-6410
Site Parcel Number(s):	120040701
Site Address (if applicable):	Intersection of lower Givens and Hwy 15
Pre-Application Meeting Number (if applicable):	
Description of the Request: *(Please summarize the purpose of this request and/or attach a copy of the pre-application meeting summary, if applicable.)*	OC seeks to rezone property to be able to construct a Garage to house equipment. This will also require a CSM (Min of 12 acres) and a Conditional Use Permit prior to starting construction.

COMPLETED BY THE CLERK:

Certification:

I hereby certify that the Board of Hortonia , at a legally convened meeting of the Board held on 10/15/2024 , voted to Approve the Rezoning request:

Clerk's Signature — Date: 10/15/2024

Motion Outcome by a Vote of:	3 For	0 Against	
General Comments/Reasons for the Decision: *(See next page for instructions. If needed, you may include additional pages.)*	Planning Commission and Town Zoning Admin both reccomended approval of the Rezone and CSM were approved by the Board. CUP required prior to start of construction including any paving and footing. CUP conditions to include the maintenance of the part of Givens Road effected by the added use of heavy equipment. Section og Givens will need to also be re-rated as it currently has Class B weight limits.

ORDINANCE NO.: Z-7—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY COMPREHENSIVE PLAN. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 66.1001(4) of the Wisconsin State Statutes.

Outagamie County Planning Staff review recommends approval of proposed comprehensive plan amendment. The Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED that the Outagamie County Board of Supervisors does recommend approval of the attached proposed amendment to the Outagamie County Comprehensive Plan to amend Farmland Preservation Plan Map for the Town of Black Creek, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in Outagamie County upon approval by the Outagamie County Board of Supervisors and publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this Ordinance to the Outagamie County Department of Development and Land Services Director.

Dated this 10th day of December, 2024.

ZONING COMITTEE RESOLUTION NO.: PL202400408

RECOMMENDING AN AMENDMENT TO THE COMPREHENSIVE PLAN FOR OUTAGAMIE COUNTY, WISCONSIN

WHEREAS, pursuant to 59.69(3) of the Wisconsin Statutes, Outagamie County is authorized to prepare and adopt a comprehensive plan as defined in section 66.1001(1)(a) and 66.1001(2) of the Wisconsin Statutes, and

WHEREAS, Outagamie County has developed a process to allow for amendments to the Comprehensive Plan, and

WHEREAS, the State Comprehensive Planning Law requires that the County follow the same administrative procedures for adoption defined under Wisconsin Statutes, Section 66.1001(4), to amend the Comprehensive Plan, and

WHEREAS, Outagamie County has held at least one public hearing on this amendment, in compliance with requirements of section 66.1001(4)(d) of the Wisconsin Statutes.

NOW THEREFORE, BE IT RESOLVED, that the Outagamie County Zoning Committee hereby recommends to the County Board that the attached Comprehensive Plan Amendment be adopted pursuant to Wisconsin Statutes Section 66.1001(4).

MEMORANDUM

TO: Zoning Committee
FROM: Sadie DiNatale Burda, Deputy Director
DATE: September 17, 2024
RE: PL202400408: Proposed Outagamie County Comprehensive Plan Amendment related to Farmland Preservation Plan Map Amendment for Town of Black Creek

BACKGROUND

The *Outagamie County Comprehensive Plan 2040: A Shared Path Forward* (hereinafter the Comprehensive Plan) was adopted in 2020. Addendum 2 of the Comprehensive Plan is Outagamie County's Farmland Preservation Plan, *Preserving our Roots, Securing our Future*, adopted in 2023. Occasionally, the County amends its Comprehensive Plan to ensure it remains up-to-date, relevant, and statutorily compliant. This memorandum discusses a proposed change to the Comprehensive Plan, Addendum 2: Farmland Preservation Plan.

PROPOSED AMENDMENT

The Outagamie County Board of Supervisors adopted the County's Farmland Preservation Plan as Addendum 2 of the County's Comprehensive Plan on October 24, 2023. Appendix A of the Farmland Preservation Plan included a Farmland Preservation Map for each Town in Outagamie County. County staff developed each map based on a framework that uses the Exclusive Agriculture Zoning District (AED) designation as an objective mapping criteria. In essence, parcels zoned AED are planned for farmland preservation.

Outagamie County is currently working with the Town of Black Creek on a process to enable the Town of Black Creek to opt back into County Zoning. While developing the necessary materials needed for this transition, County staff discovered a zoning district mapping error from 2013. The Town and County had previously approved a Town Rezoning of multiple parcels into the Exclusive Agriculture District (AED), but this change was not correctly mapped in the County's Geographic Information System.

As part of the County's commitment to maintaining accurate and up-to-date records, County staff is correcting the error, but this correction does require an amendment to the County's Farmland Preservation Plan, specifically the Farmland Preservation Map for the Town of Black Creek. This is because, all parcels certified with the Exclusive Agriculture Zoning District (AED) must be designated as planned for farmland preservation in the County's Farmland Preservation Plan.

Accordingly, County staff proposed the following amendment:

> **Within Outagamie County's Comprehensive Plan, Addendum 2: Farmland Preservation Plan, repeal and replace the Farmland Preservation Map for the Town of Black Creek (i.e., Map 1**

of Appendix A) to plan designate the following parcels as planned for farmland preservation: 010014700, 010032502, 010032200, 010032201, 010045400, 010072300, 010066700, 010066800.

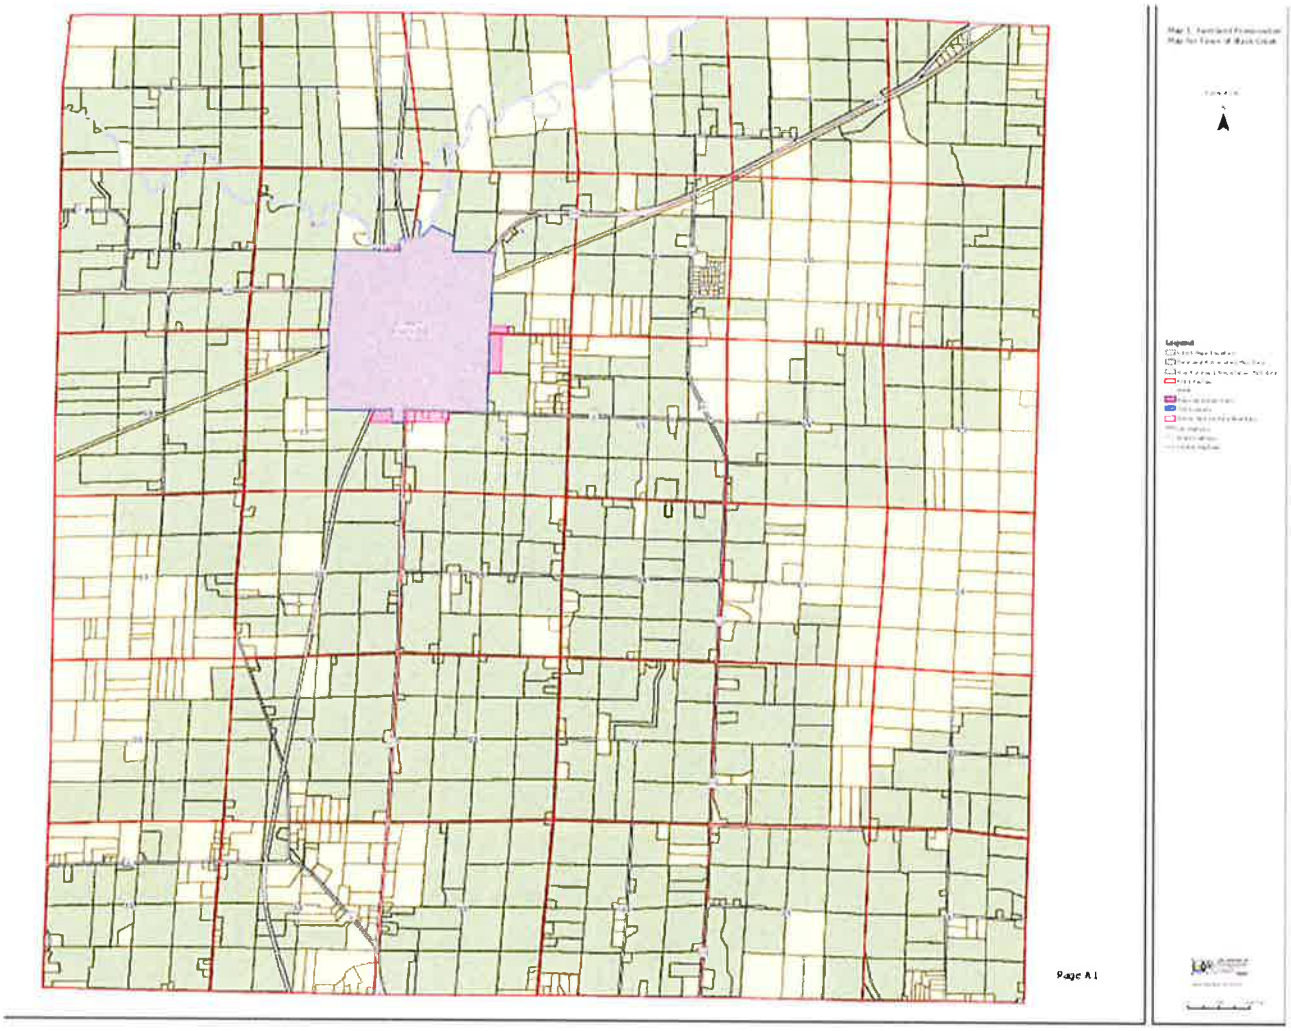
Exhibit 1 presents the existing Farmland Preservation Map for the Town of Black Creek. Exhibit 2 presents the proposed Farmland Preservation Map for the Town of Black Creek. The change results in 126.4 acres added to farmland preservation. In particular, it will result in the following changes:

Parcel Number	Town Section Range	Acreage Added
010014700	T.23N. R.17E. Section 8	20.51
010032502	T.23N. R.17E. Section 17	7.13
010032200	T.23N. R.17E. Section 18	2.00
010032201	T.23N. R.17E. Section 19	1.42
010045400	T.23N. R.17E. Section 21	33.31
010072300	T.23N. R.17E. Section 33	30.61
010066700	T.23N. R.17E. Section 30	19.60
010066800	T.23N. R.17E. Section 31	11.82
	Total Acreage Added:	**126.40**

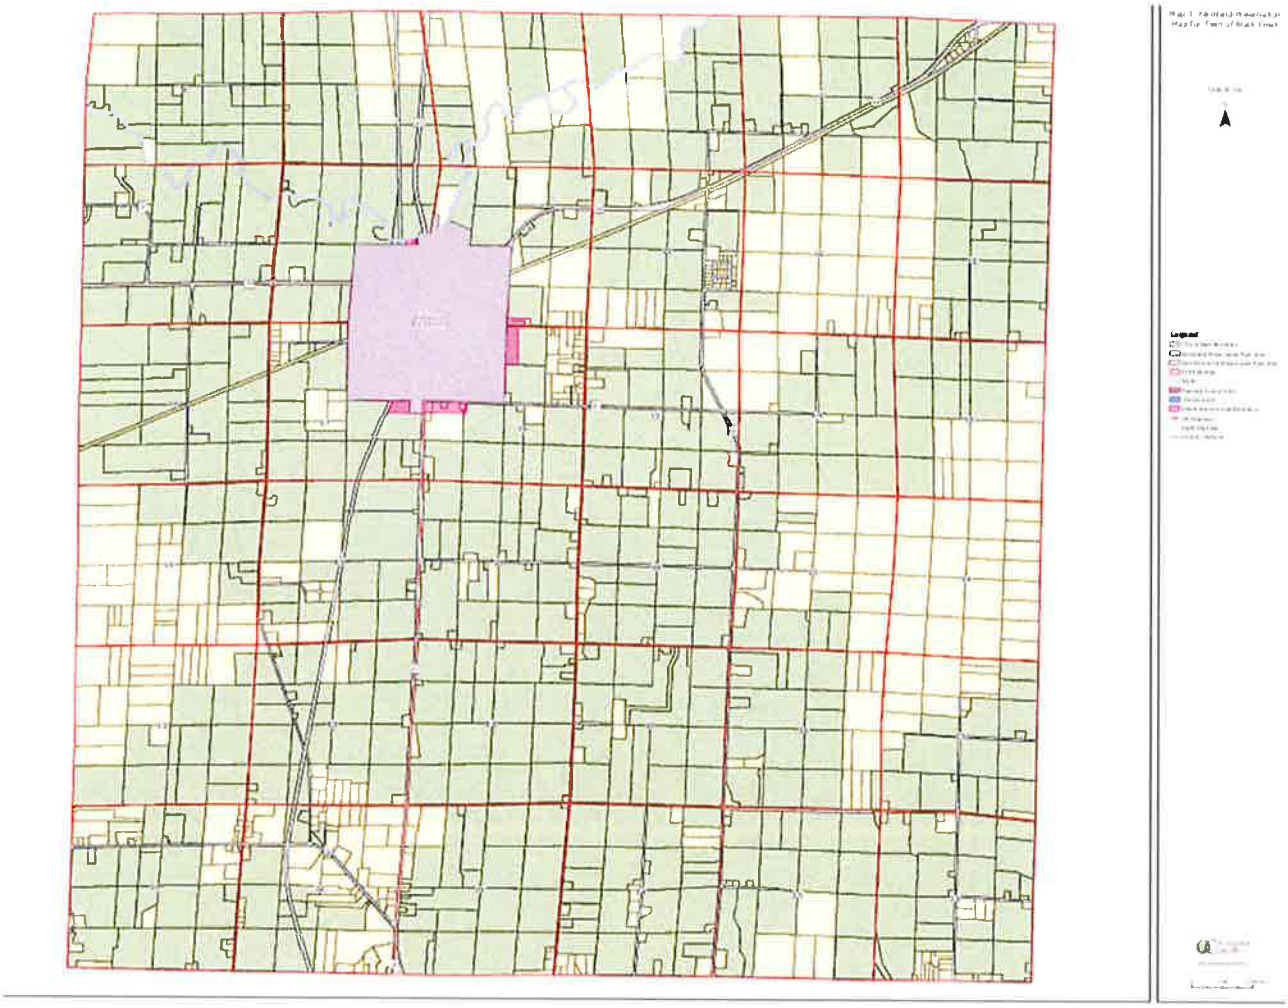
County staff have found this amendment to be consistent with its Comprehensive Plan. In particular, the map amendment is consistent with:

- The County's Comprehensive Plan Future Land Use Map for the Town of Black Creek.
- Goal 3 of the County's Comprehensive Plan: "Cooperative, intergovernmental land-use decisions."
- Policy 8 of the County's Farmland Preservation Plan: "The County should continue to manage consistency between the future land use maps with the County's Comprehensive Plan, the farmland preservation maps within the County's Farmland Preservation Plan, and town and county zoning district maps."

STAFF RECOMMENDATION



Planning staff recommends adoption of the proposed County Comprehensive Plan amendment, as discussed above. To do this, the following action is required pursuant to Wis. Stats. 66.1001:



- Zoning Committee adopts a Resolution authorizing the amendment and advancing it to the County Board (Wis. Stats. 66.1001(4)(b)).
- County Board approves an Ordinance adopting the amendment (Wis. Stats. 66.1001(4)(c)).

RESOLUTION NO.: 99—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Land Conservation Department has entered into an agreement with the Oneida Nation that will finance the costs of staff salary and fringes related to Oneida projects and costs associated with maintenance and transport of Oneida Soil Health Equipment. The request is to increase the Purchased Services line item by $70,000, increase the Salary line item by $700, increase the Fringes line item by $300, and increase the Intergovernmental Revenue line item by $71,000. The 2024 agreement runs from April 1, 2024 to March 31, 2025. This request also includes the remaining amount from the 2023 Oneida Agreement that ran from April 1, 2023 to March 31, 2024.

The proposed adjustment is budget neutral and does not require any county funding.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve of the Land Conservation Department to accept and expend Oneida Nation Funds for 2024 in the amount of $71,000, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve of increasing the following LC Grants line items: Purchased Services by $70,000; Salary by $700; Fringes by $300; Intergovernmental Revenue by $71,000 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Department Director and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING AND LAND CONSERVATION COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** LCD Request to accept and expend Oneida Nation Funds 2024

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Land Conservation has entered into an agreement with the Oneida Nation that covers the costs of staff salary & fringe related to Oneida projects and costs associated with maintenance and transport of Oneida Soil Health Equipment. The funds are for $70,000 to cover Purchased Services, $1,000 for staffing and an increase of $71,000 for intergovernmental revenue. The 2024 agreement runs from April 1, 2024 to March 31, 2025. This request also includes the remaining amount from the 2023 Oneida agreement that ran from April 1, 2023 to March 31, 2024.
LCD is requesting approval to accept and expend these funds. The proposed adjustment is budget neutral, requiring no county funding.

12-10-24 County Board Meeting - December 10 2024 08:04:40 PM

December 10, 2024 County Board Meeting

OpenMeeting

RESOLUTION NO.: 100—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Land Conservation Department (LCD) has an agreement with the Wisconsin Department of Natural Resources (DNR) to receive funding through the Targeted Runoff Management program to provide cost sharing for addressing manure runoff issues on the Donald and Carol Reese farm in the Town of Maine. The awarded grant, NPS Notice of Discharge (NOD44000Y22), in the amount of $724,360, covers a period of August 10, 2022 through December 31, 2024 for which expenses may be incurred. No expenses were incurred in 2022 or 2023. This request is to accept and expend the funding from the DNR and to increase the Intergovernmental Revenues line item and Purchased Services line item by $724,360 each.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve of the Land Conservation Department to accept and expend revenue from the Wisconsin Department of Natural Resources through the Targeted Runoff Management / Notice of Discharge Program in the amount of $724,360, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve of increasing the Land Conservation Grants Intergovernmental Revenues line item and Purchased Services line item by $724,360 each, as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Department Director and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING AND LAND CONSERVATION COMMITTEE

Debbie VanderHeiden

Mike Janke

Jayme Heiser

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Accept and expend revenue from Wisconsin Department of Natural Resources through the Targeted Runoff Management/Notice of Discharge program and related budget adjustment.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Land Conservation Department (LCD) has an agreement with the Wisconsin Department of Natural Resources (DNR) to receive funding through the Targeted Runoff Management program to provide cost-sharing for addressing manure runoff issues on the Donald and Carol Reese farm in in the Town of Maine. The awarded grant, NPS Notice of Discharge (NOD44000Y22), funding is $724,360 and covers a period of August 10, 2022 through December 31, 2024 for which expenses may be incurred. No expenses were incurred in 2022 or 2023. The resolution is to accept and expend the funding from the DNR and secondly for the budget adjustment to the 2024 budget based on the following:

- Increase Intergovernmental Revenues $724,360
- Increase Purchased Services $724,360

RESOLUTION NO.: 102—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Veteran's Service Office (VSO) would like to update some very old office furniture. Over five years ago, the office moved from the former 226 Building to the current location and furniture funds were not available at the time. Currently, there is a metal desk set that is very loud opening / closing, and one of the panels is difficult to access. Additionally, it is not very ergonomically friendly, causing some unintended consequences such as limited visibility due to computer monitor placement. After a search of used furniture throughout the County, nothing was found that would be practical. Allowing the purchase of matching furniture will enhance the functionality, flow and ergonomics for the Veteran's Service Office.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of transferring $4,700 from the Veteran's Service Office Travel/Training line item to the Veteran's Service Office Purchased Services line item, said monies to be used to purchase new furniture for the office, as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Veteran's Service Officer and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully Submitted,

HEALTH AND HUMAN SERVICES COMMITTEE

Jeff McCabe

Justin Krueger

Dustin Koury

Cathy Thompson

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Request for budget transfer to purchase office furniture for Veteran's Services

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Veteran's Service office would like to update some very old furniture. During the move from the former building 226 to our current location over 5 years ago, furniture funds were not allocated/available for the VSO's office and the VSO was relegated to moving over an avocado green metal desk set, approximately 30+ years old. It does not match the other furniture in the rest of the offices and being metal, it's very loud opening/closing and one of the panels is difficult to access. Additionally, it's not very ergonomically friendly, causing some unintended consequences like creating undesired limited visibility due to monitor placement. After a search for used furniture throughout the County, we did not find anything that would be practical. Allowing the purchase of matching furniture will enhance the functionality, flow, and ergonomics for the VSO.

The department has completed training for the year and would like to move the decrease training $4,700 to increase purchased services $4,700.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( )
If no, skip to question 8 below

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

December 10, 2024 County Board Meeting — OpenMeeting

RESOLUTION NO.: 103—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Appleton International Airport and Gulfstream Aerospace Service Corporation desire to incorporate a Second Amendment to the Storage Building Lease Agreement. This addendum extends the term of the agreement through October 31, 2025 with three (3) additional one (1) year options. The rent amount is $525 per month. A budget adjustment is not required as the revenue is already included in the 2024 budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the Second Amendment to Storage Building Lease Agreement between the Appleton International Airport and Gulfstream Aerospace Services Corporation in order to extend the term of the agreement through October 31, 2025 and to add three (3) additional, successive one (1) year options to further extend the term of the Agreement with no budget adjustment needed as the revenue is already included in the 2024 budget, as noted on the attached Second Amendment to Storage Building Lease Agreement and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Appleton International Airport Director and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION &

SECOND AMENDMENT TO STORAGE BUILDING LEASE AGREEMENT

THIS SECOND AMENDMENT TO STORAGE BUILDING LEASE AGREEMENT ("**Second Amendment**") is entered into this ____ day of _____, 2024, by and between County of Outagamie, Wisconsin (the "**Lessor**"), and Gulfstream Aerospace Services Corporation, a Delaware corporation (the "**Lessee**"). For purposes of this Second Amendment, Lessor and Lessee may from time to time be referred to individually as a "**Party**" and collectively as the "**Parties**".

WITNESSETH:

WHEREAS, Lessor and Lessee entered into a Storage Building Lease Agreement dated October 26, 2017 (the "**Agreement**") for the premises located at N395 Priscilla Lane, Greenville, Wisconsin 54942, as further described in the Agreement (the "**Premises**").

WHEREAS, Lessor and Lessee entered into the First Amendment to Storage Building Lease Agreement dated May 29, 2020 (the "First Amendment").

WHEREAS, Lessor and Lessee desire to amend the Agreement in order to extend the Expiration Date and to add three (3) additional, successive one (1) year options to further extend the term of the Agreement.

NOW, THEREFORE, in consideration of the mutual terms and conditions herein contained, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Lessor and Lessee agree as follows:

AGREEMENTS:

1. Recitals. The foregoing recitals are acknowledged to be accurate and are hereby incorporated by reference.

2. Capitalized Terms. Capitalized terms used in this Second Amendment and not defined herein shall have the meanings given to such terms in the Agreement. From and after the date hereof, all references to the "Agreement" in the Agreement shall mean the Agreement, as amended by the First Amendment and this Second Amendment.

3. Term. Lessor and Lessee hereby mutually agree that the term of this Agreement shall be extended one (1) year, commencing on November 1, 2024, and expiring on October 31, 2025 (the "**Extended Lease Term**").

4. Extended Terms. Lessee shall have the right to further extend the term of this Agreement beyond the Extended Lease Term for up to three (3) successive, additional terms of one (1) year each (each an "**Extended Term**"; collectively the "**Extended Terms**") by serving written notice thereof to Lessor of its intention to do so no later than thirty (30) days prior to expiration of the Extended Lease Term or then current Extended Term (as applicable). All terms, covenants, and provisions of this Agreement shall apply to the

Extended Lease Term and each Extended Term (as applicable). The Initial Term, the Extended Lease Term, and any and all Extended Terms shall be collectively referred to as the "Term".

5. Effective November 1, 2024, Section 3 of the Agreement shall be deleted in its entirety and replaced with the following:

   "3. Rent. From and after November 1, 2024, Lessee agrees to pay Lessor a gross monthly rental pay of Five Hundred Twenty Five Dollars ($525.00) per month made on or before the first day of each month ("**Rent**") for the duration of this Agreement. For avoidance of doubt, Rent during any of the remaining Extended Terms, if exercised, pursuant to Section 4 of the Second Amendment shall remain unchanged at Five Hundred Twenty Five Dollars ($525.00) per month. Rent due under this Agreement is a gross rental payment, and no additional fees or charges will be due to Lessor, unless specifically required under this Agreement."

6. Counterparts. This Second Amendment may be executed in any number of counterparts, each of which shall be effective only upon delivery and thereafter shall be deemed an original, and all of which shall be taken to be one and the same instrument, for the same effect as if all Parties hereto had signed the same signature page. Any signature page of this Second Amendment may be detached from any counterpart of this Second Amendment without impairing the legal effect of any signatures thereon and may be attached to another counterpart of this Second Amendment identical in form hereto but having attached to it one or more additional signature pages. Signatures delivered electronically shall be legally binding as original signatures.

7. Conflicts. Except as expressly provided herein, the Agreement shall remain unchanged and in full force and effect. In the event of any conflict or inconsistency between the provisions of the Agreement and the provisions of this Second Amendment, the provisions of this Second Amendment shall govern and control.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the Parties hereto have caused this Second Amendment to be duly executed as of the date first written above.

Outagamie County — 12-10-24 County Board Meeting - December 10 2024 08:09:31 PM
December 10, 2024 County Board Meeting — OpenMeeting

RESOLUTION NO.: 104—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office is requesting approval to apply for, accept, and expend 2025 Public Safety Answering Point (PSAP) Grant funds issued by the Wisconsin Department of Military Affairs/Office of Emergency Communications (DMA/OES). This grant is to provide funding for equipment upgrades and advanced training necessary for Next Generation 9-1-1 (NG911). The grant award is $504,852.30 with a required 10% county match of $56,094.70, for a total of $560,947. The Sheriff's Office will use these funds to provide training and purchase additional dispatch equipment, consoles and related technology costs. The technology required to handle NG911 upgrades and enhance Police, Fire and EMS response to critical incidents into the foreseeable future will be provided by AXS and VESTA by increasing the incoming call and radio traffic capacity. VESTA call handling is a Motorola product designed to work with the current Motorola FLEX CAD without any interfaces or third party software needed. VESTA technology will seamlessly receive NG911 multimedia data, process this information and share it through FLEX CAD to dispatchers and first responders. The grant would also cover EMD licenses and hardware flip charts, headset bases, and furniture. The required 10% match of $56,094.70 is already budgeted, of which $25,000 is a 2025 Capital expense, and the balance would be covered by an unspent NG911 match for an existing capital project that funds will be requested to roll forward.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Sheriff's Office to apply for, accept and expend 2025 Public Safety Answering Point (PSAP) grant funds issued by the Wisconsin Department of Military Affairs/Office of Emergency Communications (DMA/OES) in the amount of $504,852.30 with a required 10% county match of $56,094.70 for a total of $560,947, said funds to be used for equipment upgrades and advanced training necessary for Next Generation 9-1-1 (NG911), and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the 2025 Capital Projects Revenue Intergovernmental – PSAP line item and the Sheriff – PSAP Capital Outlay line item by $504,852 each and that the 10% county match requirement is already budgeted, as detailed on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully submitted,

PUBLIC SAFETY COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Sheriff's Department to apply, accept and expend the Public Safety Answering Point (PSAP) grant from the Wisconsin Department of Military Affairs/Office of Emergency Communications (DMA/OES)

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Sheriff's Office requests approval to apply, accept and expend 2025 PSAP Grant funds issued by the Wisconsin DMA/OEC. This grant is to provide funding for equipment upgrades and advanced training necessary for Next Generation 9-1-1 (NG911). The grant award is for $504,852.30 with a required 10% match of $56,094.70, for a total of $560,947. The Sheriff's Office will use these funds to provide training and purchase additional dispatch equipment, consoles and related technology costs. AXS and VESTA will provide the technology required to handle NG911 upgrades and enhance Police, Fire and EMS response to critical incidents into the foreseeable future by increasing our incoming call and radio traffic capacity. VESTA call handling is a Motorola product designed to work with our current Motorola FLEX CAD without any interfaces or third party software needed. VESTA technology will seamlessly receive NG911 multimedia data, process this information and share it through FLEX CAD to dispatchers and first responders. EMD licenses and hardware flip charts, headset bases, and furniture would also be covered with the grant. The required 10% match of $56,094.70 is already budgeted - $25,000 exists as a 2025 Capital expense, and the balance would be covered by unspent NG911 match an existing capital project we will request funds be rolled forward.

Current Year Budget Impact (Check one or more of the following boxes)

OpenMeeting

RESOLUTION NO.: 105—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Wisconsin Department of Justice is accepting grant applications for the 2025 County/Tribal Law Enforcement Program. Applications must satisfy the requirements found in §165.90, Wis. Stats. The submitted plan must be agreed upon jointly by the County Board and Tribal Governing body, and must clearly describe planned activities, objectives and expected results. The grant award will be approximately $30,159. As in the past, the award will be split equally with the Oneida Tribe of Indians. The Sheriff's Office will be using $15,079.50 to purchase and replace four (4) hand-held patrol radios and accessories. The radios will replace 15-year old patrol radios that are at end-of-life. The radios will be the same model that is currently used on patrol, but will have multi-key encryption to meet future needs. The Oneida Police Department will receive $15,079.50 and plans to use their share of funds for Axon body camera costs, technology agreements, officer equipment/supplies and promotional items for their department. A resolution from the county board supporting the program plan is required. There is no county match required for the grant, and any excess costs will come from previously budgeted funds. This adjustment is for the 2025 budget.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of the Sheriff's Office to apply for, accept and expend the 2025 County/Tribal Law Enforcement Program grant issued by the Wisconsin Department of Justice in the amount of $30,159.00, said amount to be split equally with the Oneida Tribe of Indians, with no county match required, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the following 2025 Patrol line items: Intergovernmental Revenue by $30,159.00; Supplies by $15,079.50; Purchased Services by $15,079.50 as detailed on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Outagamie County 12-10-24 County Board Meeting - December 10 2024 08:11:20 PM

December 10, 2024 County Board Meeting

OpenMeeting TECHNOLOGIES

RESOLUTION NO.: 106—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

Each year the Outagamie County Department of Health and Human Services budget requires a number of budgetary transfers to account for actual financial activity.

This resolution authorizes transferring funds approved in the 2024 adopted budget to line items and cost centers where changes in activity occurred during 2024. No additional county funding is requested as the net adjustment is budget neutral.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of various budget transfers and alterations to the 2024 Health and Human Services budget as noted on the attached fiscal note and Outagamie County Department of Human Services 2024 Budget Transfers worksheet, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Health and Human Services Director and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully Submitted,

HEALTH AND HUMAN SERVICES COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Fiscal Year 2024 Health and Human Services Department Year End Budget Adjustments

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Refer to the attached PDF for explanations of FY2024 Budget Adjustments

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes (x) no ( ) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (X) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Refer to attached PDF for budget entries			

Annual and Long-Term Impact

8. Is the above increase/decrease a nonrecurring one-time expense or revenue? yes (X) no ( ) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost $0.00 Annual Revenue

December 10, 2024 County Board Meeting — OpenMeeting

RESOLUTION NO.: 107—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Land Conservation Department (LCD) entered into a grant amendment agreement with the Wisconsin Department of Natural Resources (WI DNR) to accept additional funds to continue implementing a suite of practices aimed at further improving soil health and reducing nutrient and sediment runoff in the Apple Creek watershed. The project period runs from November 20, 2024 to September 30, 2025. The LCD is requesting approval to accept and expend these funds, along with approval for a budget adjustment, which includes an increase in Intergovernmental Revenues by $82,554 with a corresponding increase in Purchased Services of $82,554. The proposed adjustment is budget neutral, requiring no county funding.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve of the Land Conservation Department to accept and expend additional funding in the amount of $82,554 from the Wisconsin Department of Natural Resources to continue implementing a suite of practices aimed at further improving soil health and reducing nutrient and sediment runoff in the Apple Creek watershed, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve of increasing the TMDL – Apple Creek Intergovernmental Revenues line item and the purchased services line item by $82,554 each as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Director and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING AND LAND CONSERVATION COMMITTEE

OpenMeeting

RESOLUTION NO.: 108—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Executive's Office is requesting to transfer $13,000 from the Purchased Services line item to the Office Equipment line item, said monies to be used for the purchase of office furniture. The Executive's Office is a public facing office and is in dire need of an upgrade.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve transferring $13,000 from the County Executive Purchased Services line item to the County Excutive Office Equipment line item, said monies to be used to purchase new office furniture as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the the Outagamie County Executive.

Dated this 10th day of December 2024

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** County Executive Office requests move of funds from 1002200.5500 to 1002200.5400 cost center

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Requesting to move $13,000.00 from 1002200.5500 purchased services to 1002200.5400 supplies for purchase of office furniture for county executive's office – a public facing office which is in dire need of an upgrade.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (x) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

Outagamie County — 12-10-24 County Board Meeting - December 10 2024 08:14:34 PM
December 10, 2024 County Board Meeting — OpenMeeting

RESOLUTION NO.: 109—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Village of Greenville (the Village) has submitted Amendment #1 to Tax Incremental District No. 1 (TID No. 1).

The Village created TID No. 1 on December 12, 2016 as a 252 acre Mixed Use District to develop the area around Highway 15 and County CB. The proposed amendment will add territory to the District and amend the categories, locations or project costs to be made as permitted in Wisconsin State Statutes. The Village anticipates making total expenditures of approximately $10.6 million to undertake the projects listed in the attached Project Plan Amendment. Additionally, the Village projects that new land and improvements with a value of approximately $69.2 million will result from the remaining development area.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does go on record in favor of the Village of Greenville Amendment #1 to Tax Incremental District No. 1 as detailed in the attached Project Plan Amendment Village of Greenville, Wisconsin Tax Incremental District No. 1 Amendment #1 document dated November 13, 2024, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors recommend that the representative of Outagamie County on the Village of Greenville TID Board of Review vote in favor of the Village of Greenville Amendment #1 to TID No. 1, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Village of Greenville, the Outagamie County Finance Director, the Outagamie County Executive, and the Outagamie County Development and Land Services Director.

Dated this 10th day of December 2024

SECTION 1:
Executive Summary

DESCRIPTION OF DISTRICT

Tax Incremental District ("TID") No. 1 ("District") is a 252 acre Mixed Use District created on December 12, 2016. The District was created to develop the area around Highway 15 and County Highway CB. In order for the development to happen the Town (now Village) approved the following expenditures:

- Provide cash grants to potential development projects within the district boundaries.
- Improvements to Highway CB/Design Drive Intersection.
- Highway 15 Median Improvements and North-South Street West improvements.
- Design Drive extension public utilities and street improvements.
- Construction of Regional Stormwater Ponds south of Highway 15.
- Improvements to the Village's water tower and well.

Purpose of Amendment

The purpose of this amendment, referred to hereafter as the Plan, the Amendment, or the Plan Amendment, is to:

- Add territory to the District as permitted under Wis. Stat. § 66.1105(4)(h)2. This is the first of four permitted territory amendments available to the District.
- Amend the categories, locations or costs of project costs to be made as permitted under Wis. Stat. § 66.1105(4)(h)1. ("Project").

Estimated Total Project Cost Expenditures

The Village anticipates making total expenditures of approximately $10.6 million ("Project Costs") to undertake the projects listed in this Project Plan ("Plan"). Project Costs are discussed in more detail in Sections 6, 7 and 8 of this Project Plan Amendment. The Village is adding approximately $915,000 of financing and interest costs for updated market expectations at this time.

Incremental Valuation

The Village projects that new land and improvements value of approximately $69.2 million will result from the remaining developable area. Creation of this additional value will be made possible by the Project Costs made within the District. A table detailing assumptions as to the development timing and

associated values is included in the Economic Feasibility Study located within this Plan.

Expected Termination of District
Based on the Economic Feasibility Study located within Section 9 of this Plan, the Village anticipates that the District will generate sufficient tax increment to pay all Project Costs within 20 of its allowable 20 years.

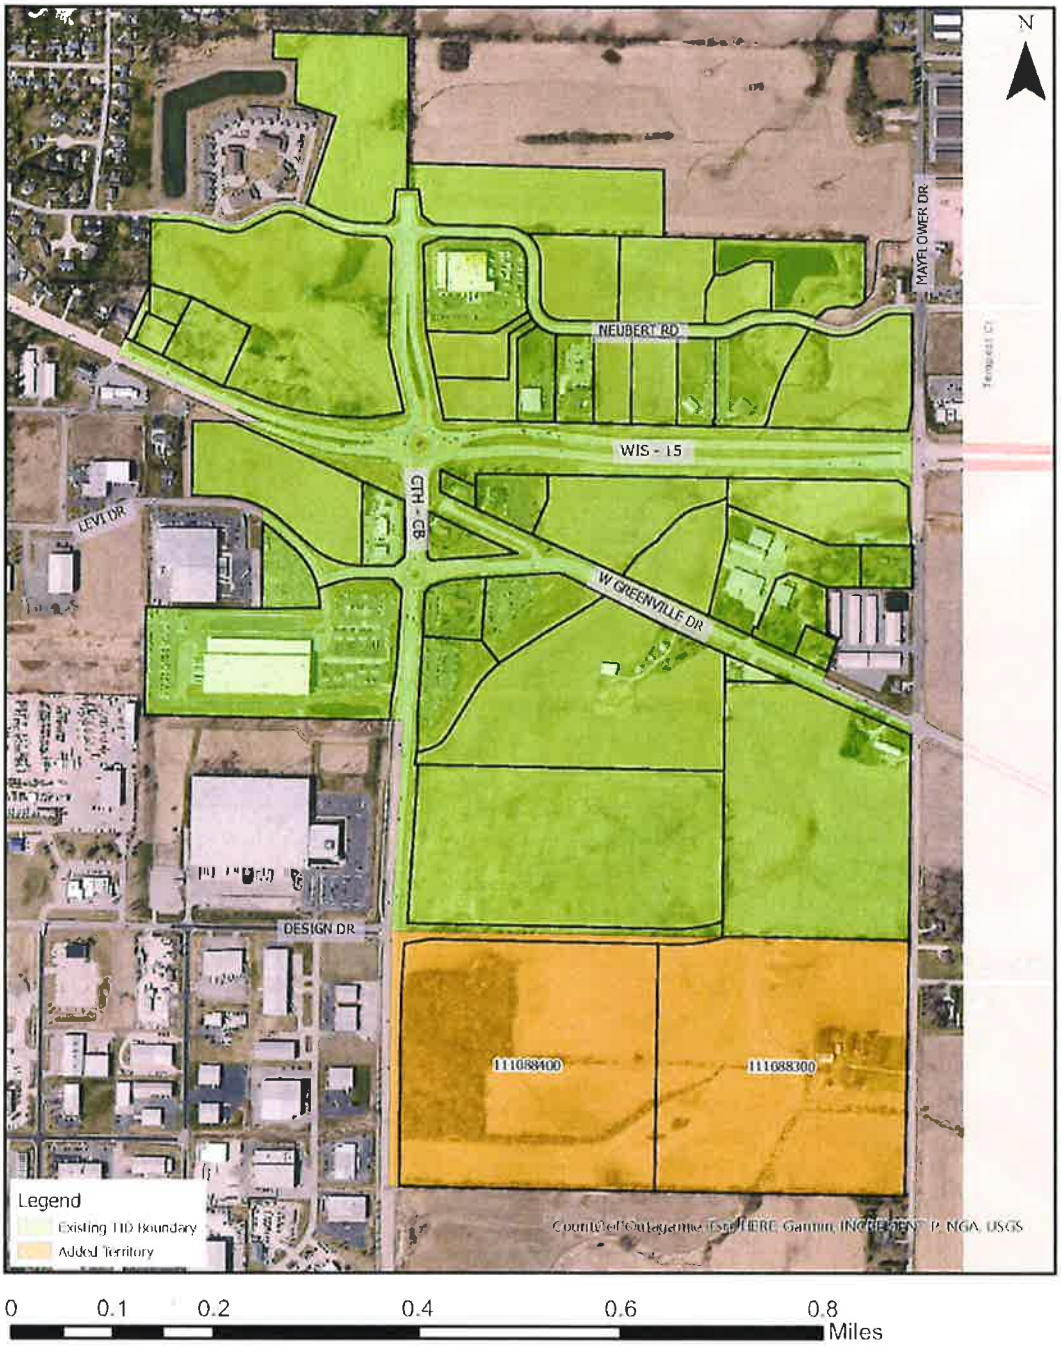
Summary of Findings
As required by Wis. Stat. § 66.1105, and as documented in this Plan and the exhibits contained and referenced herein, the following findings are made:

1. That "but for" the creation of this District, the development projected to occur as detailed in this Plan: 1) would not occur; or 2) would not occur in the manner, at the values, or within the timeframe desired by the Village. In reaching this determination, the Village has considered:

   The substantial investment needed to provide the public infrastructure necessary to allow for development within the District. Absent the use of tax incremental financing, the Village is unable to fully fund this program of infrastructure improvements.

2. **The economic benefits of the District, as measured by increased employment, business and personal income, and property value, are sufficient to compensate for the cost of the improvements. In making this determination, the Village has considered the following information:**

   That the Developer is likely to purchase goods and services from local suppliers in construction of the Project, and induced effects of employee households spending locally for goods and services from retailers, restaurants and service companies.

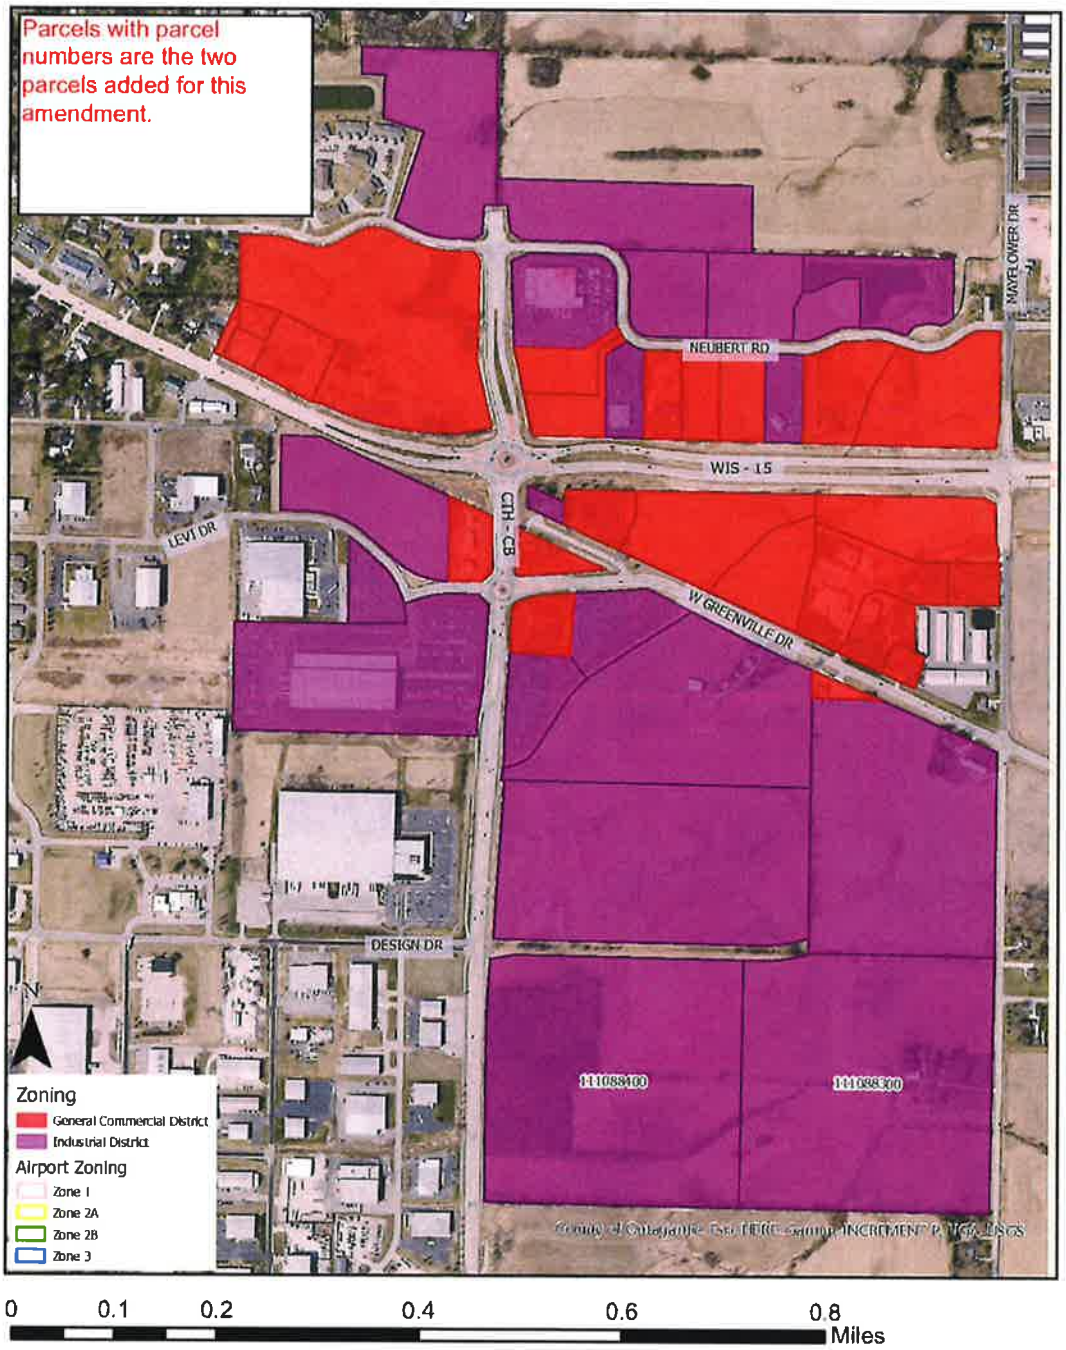


3. **The benefits of the proposal outweigh the anticipated tax increments to be paid by the owners of property in the overlying taxing jurisdictions.** As required by Wis. Stat. § 66.1105(4)(i)4., a calculation of the share of projected tax increments estimated to be paid by the owners of property in the overlying taxing jurisdictions has been prepared and can be found in this Plan. However, because the Project would not occur without the use of tax incremental financing, these tax increments would not be paid but for creation of the District. Accordingly, the Village finds that the benefits expected to be realized as set forth in this Plan outweigh the value of the tax increments to be invested in the Project.

4. Not less than 50% by area of the real property within the District, as amended, is suitable for mixed use development as defined by Wis. Stat. § 66.1105(2)(cm).
5. Based on the foregoing finding, the District remains designated as a mixed-use district.
6. The Project Costs relate directly to promoting mixed use development in the District, consistent with the purpose for which the District is created. Lands proposed for newly-platted residential development comprise no more than 35% of the real property area within the amended District. Costs related to newly-platted residential development may be incurred based on the proposed development [having a density of at least three (3) units per acre as defined in Wis. Stat. § 66.1105(2)(f)3.a.
7. Improvements to be made in the District are likely to significantly enhance the value of substantially all of the other real property in the District.
8. The equalized value of taxable property within the territory to be added to the District, plus the incremental value of all existing tax incremental districts within the Village does not exceed 12% of the total equalized value of taxable property within the Village.
9. The Plan for the District is feasible and is in conformity with the Master Plan of the Village.
10. The Village estimates that less than 35% of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period, pursuant to Wis. Stat. § 66.1105(5)(b).
11. That there are no parcels to be included within the District that were annexed by the Village within the preceding three-year period.

SECTION 2:
Preliminary Map of Original District Boundary and Territory to be Added

Map Found on Following Page. To the extent District boundaries include wetlands identified on a map prepared under Wis. Stat. § 23.32, the wetlands are excluded from the District.



TID 1 Boundary Map Greenville, WI

Percentage of TID Area Not Suitable for Development	0%
Total Area	100%
Percentage of TID Area Suitable for Newly Platted Residential Development (no more than 35%)	0%
Wetland Acreage Removed from District Boundaries	0.00

SECTION 5:
Equalized Value Test

The following calculations demonstrate that the Village expects to be in compliance with Wis. Stat. § 66.1105(4)(gm)4.c., which requires that the equalized value of the taxable property proposed to be added to the District, plus the value increment of all existing tax incremental districts, does not exceed 12% of the total equalized value of taxable property within the Village.

The equalized value of the increment of existing tax incremental districts within the Village, plus the value of the territory proposed to be added to the District, totals $40.5 million This value is less than the maximum of $269 million in equalized value that is permitted for the Village.

SECTION 6:
Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District

Project Costs are any expenditure made, estimated to be made, or monetary obligations incurred or estimated to be incurred as outlined in this Plan. Project Costs will be diminished by any income, special assessments or other revenues, including user fees or charges, other than tax increments, received or reasonably expected to be received in connection with the implementation of the Plan. If Project Costs incurred benefit territory outside the District, a proportionate share of the cost is not a Project Cost. Costs identified in this Plan are preliminary estimates made prior to design considerations and are subject to change after planning, design and construction is completed.

With all Project Costs, the costs of engineering, design, survey, inspection, materials, construction, restoring property to its original condition, apparatus necessary for public works, legal and other consultant fees, testing, environmental studies, permits, updating ordinances and plans, judgments or claims for damages and other expenses are included as Project Costs. The map found in Section 7 of this Plan along with the Detailed List of Project Costs found in Section 8 provide additional information as to the kind, number and location of potential Project Costs.

The "Statement of Kind, Number and Location of Proposed Public Works and Other Projects" set forth in the original District Project Plan approved on December 12, 2016 and its subsequent amendments on December 9, 2024 is amended to add the following Project Costs that the Village has made, expects to make, or may need to make, in conjunction with the implementation of the District's Plan or this Plan Amendment.

Property, Right-of-Way and Easement Acquisition

Property Acquisition for Development

To promote and facilitate development the Village may acquire property within the District. The cost of property acquired, and any costs associated with the transaction, are eligible Project Costs. Following acquisition, other Project Costs within the categories detailed in this Section may be incurred to make the property suitable for development. Any revenue received by the Village from the sale of property acquired pursuant to the execution of this Plan will be used to reduce the total project costs of the District. If total Project Costs incurred by the Village to acquire property and make it suitable for

development exceed the revenues or other consideration received from the sale or lease of that property, the net amount shall be considered "real property assembly costs" as defined in Wis. Stat. § 66.1105(2)(f)1.c., and subject to recovery as an eligible Project Cost.

Property Acquisition for Conservancy

To promote the objectives of this Plan, the Village may acquire property within the District that it will designate for conservancy. These conservancy objectives include: preserving historic resources or sensitive natural features; protection of scenic and historic views; maintaining habitat for wildlife; maintaining adequate open space; reduction of erosion and sedimentation by preserving existing vegetation; and providing adequate areas for management of stormwater. The cost of property acquired for conservancy, and any costs associated with the transaction, are eligible Project Costs.

Acquisition of Rights-of-Way

The Village may need to acquire property to allow for installation of streets, driveways, sidewalks, utilities, stormwater management practices and other public infrastructure. Costs incurred by the Village to identify, negotiate and acquire rights-of-way are eligible Project Costs.

Acquisition of Easements

The Village may need to acquire temporary or permanent easements to allow for installation and maintenance of streets, driveways, sidewalks, utilities, stormwater management practices and other public infrastructure. Costs incurred by the Village to identify, negotiate and acquire easement rights are eligible Project Costs.

Relocation Costs

If relocation expenses are incurred in conjunction with the acquisition of property, those expenses are eligible Project Costs. These costs may include but are not limited to: preparation of a relocation plan; allocations of staff time; legal fees; publication of notices; obtaining appraisals; and payment of relocation benefits as required by Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

Site Preparation Activities

Environmental Audits and Remediation

If it becomes necessary to evaluate any land or improvement within the District, any cost incurred by the Village related to environmental audits, testing, and remediation are eligible Project Costs.

Demolition

To make sites suitable for development, the Village may incur costs related to demolition and removal of structures or other land improvements, to include abandonment of wells or other existing utility services.

Site Grading

Land within the District may require grading to make it suitable for development, to provide access, and to control stormwater runoff. The Village may need to remove and dispose of excess material, or bring in fill material to provide for proper site elevations. Expenses incurred by the Village for site grading are eligible Project Costs.

Utilities

Sanitary Sewer System Improvements

To allow development to occur, the Village may need to construct, alter, rebuild or expand sanitary sewer infrastructure within the District. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding or expansion of: collection mains; manholes and cleanouts; service laterals; force mains; interceptor sewers; pumping stations; lift stations; wastewater treatment facilities; and all related appurtenances. To the extent sanitary sewer projects undertaken within the District provide direct benefit to land outside of the District, the Village will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the District, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Village construct, alter, rebuild or expand sanitary sewer infrastructure located outside of the District. That portion of the costs of sanitary sewer system projects undertaken outside the District which are necessitated by the implementation of the Project Plan are eligible Project Costs.

Water System Improvements

To allow development to occur, the Village may need to construct, alter, rebuild or expand water system infrastructure within the District. Eligible Project Costs

include, but are not limited to, construction, alteration, rebuilding or expansion of: distribution mains; manholes and valves; hydrants; service laterals; pumping stations; wells; water treatment facilities; storage tanks and reservoirs; and all related appurtenances. To the extent water system projects undertaken within the District provide direct benefit to land outside of the District, the Village will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the District, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Village construct, alter, rebuild or expand water system infrastructure located outside of the District. That portion of the costs of water system projects undertaken outside the District which are necessitated by the implementation of the Project Plan are eligible Project Costs.

Stormwater Management System Improvements

Development within the District will cause stormwater runoff. To manage this stormwater runoff, the Village may need to construct, alter, rebuild or expand stormwater management infrastructure within the District. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding or expansion of: stormwater collection mains; inlets, manholes and valves; service laterals; ditches; culvert pipes; box culverts; bridges; stabilization of stream and river banks; and infiltration, filtration and detention Best Management Practices (BMP's). To the extent stormwater management system projects undertaken within the District provide direct benefit to land outside of the District, the Village will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the District, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Village construct, alter, rebuild or expand stormwater management infrastructure located outside of the District. That portion of the costs of stormwater management system projects undertaken outside the District which are necessitated by the implementation of the Project Plan are eligible Project Costs.

Electric Service

To create sites suitable for development, the Village may incur costs to provide, relocate or upgrade electric services. Relocation may require abandonment and removal of existing poles or towers, installation of new poles or towers, or burying of overhead electric lines. Costs incurred by the Village to undertake this work are eligible Project Costs.

Gas Service

To create sites suitable for development, the Village may incur costs to provide, relocate or upgrade gas mains and services. Costs incurred by the Village to undertake this work are eligible Project Costs.

Communications Infrastructure

To create sites suitable for development, the Village may incur costs to provide, relocate or upgrade infrastructure required for voice and data communications, including, but not limited to: telephone lines, cable lines and fiber optic cable. Costs incurred by the Village to undertake this work are eligible Project Costs.

Streets and Streetscape

Street Improvements

To allow development to occur, the Village may need to construct or reconstruct streets, highways, alleys, access drives and parking areas. Eligible Project Costs include, but are not limited to: excavation; removal or placement of fill; construction of road base; asphalt or concrete paving or repaving; installation of curb and gutter; installation of sidewalks and bicycle lanes; installation of culverts, box culverts and bridges; rail crossings and signals; utility relocation, to include burying overhead utility lines; street lighting; installation of traffic control signage and traffic signals; pavement marking; right-of-way restoration; installation of retaining walls; and installation of fences, berms, and landscaping.

Streetscaping and Landscaping

To attract development consistent with the objectives of this Plan, the Village may install amenities to enhance development sites, rights-of-way and other public spaces. These amenities include but are not limited to: landscaping; lighting of streets, sidewalks, parking areas and public areas; installation of planters, benches, clocks, tree rings, trash receptacles and similar items; and installation of brick or other decorative walks, terraces and street crossings. These and any other similar amenities installed by the Village are eligible Project Costs.

Community Development

Cash Grants (Development Incentives)

The Village may enter into agreements with property owners, lessees, or developers of land located within the District for sharing costs to encourage the desired kind of improvements and assure tax base is generated sufficient

to recover Project Costs. No cash grants will be provided until the Village executes a developer agreement with the recipient of the cash grant. Any payments of cash grants made by the Village are eligible Project Costs.

Miscellaneous

Rail Spur

To allow for development, the Village may incur costs for installation of a rail spur or other railway improvements to serve development sites located within the District.

Projects Outside the Tax Increment District

Pursuant to Wis. Stat. § 66.1105(2)(f)1.n, the Village may undertake projects within territory located within one-half mile of the boundary of the District provided that: 1) the project area is located within the Village's corporate boundaries; and 2) the projects are approved by the Joint Review Board. The cost of projects completed outside the District pursuant to this section are eligible project costs and may include any project cost that would otherwise be eligible if undertaken within the District. Only new project in the project plan amendment is project number 11 and that is located within the district boundary.

Professional Service and Organizational Costs

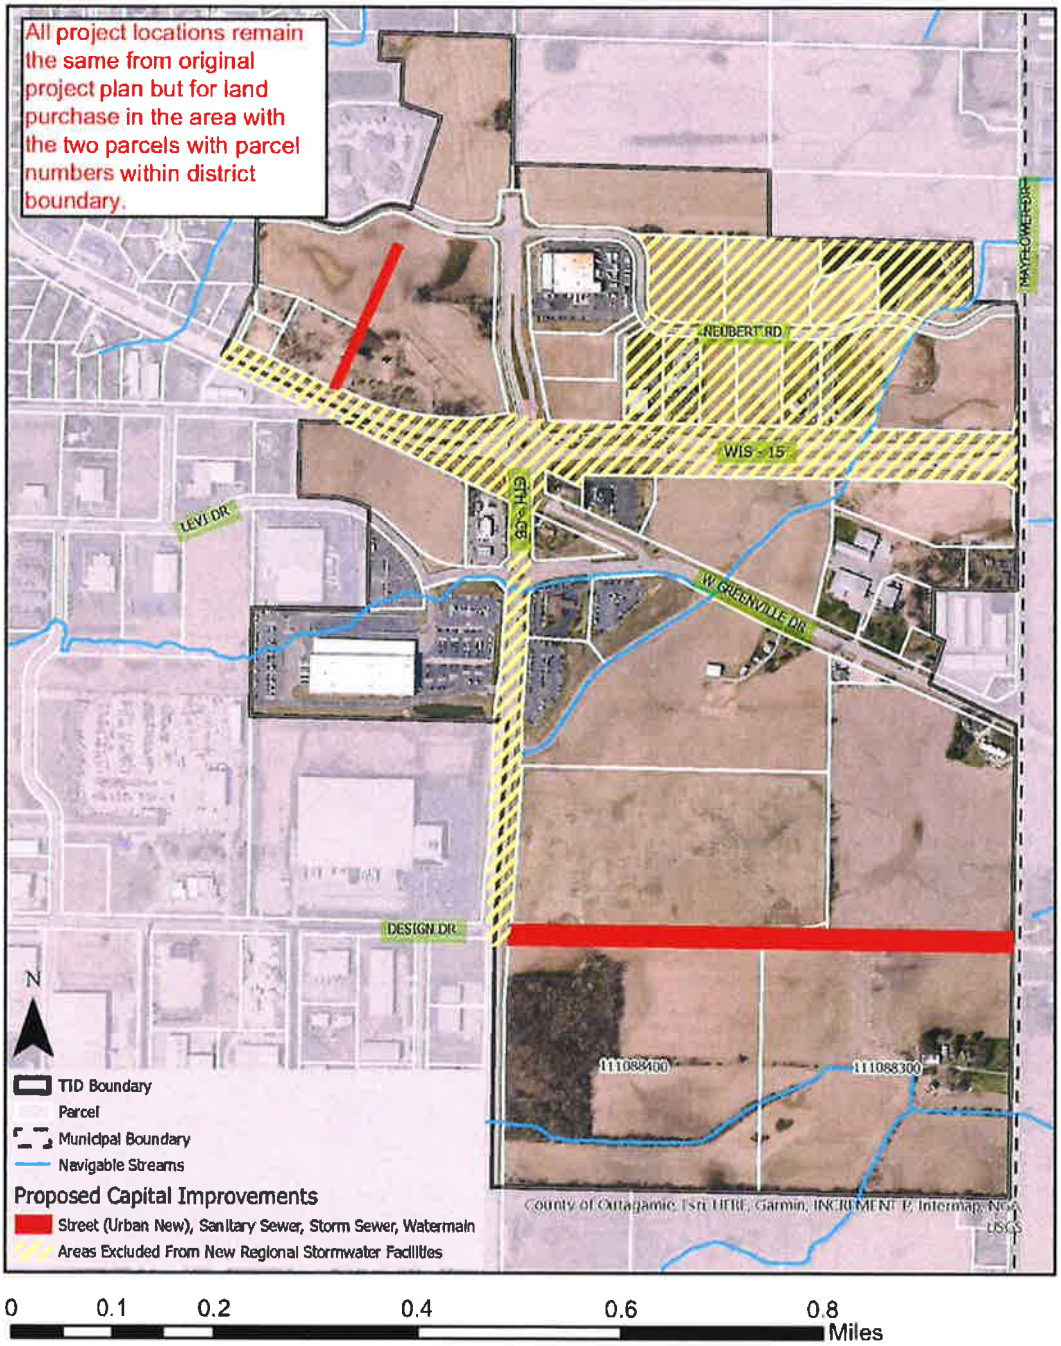
The costs of professional services rendered, and other costs incurred, in relation to the creation, administration and termination of the District, and the undertaking of the projects contained within this Plan, are eligible Project Costs. Professional services include but are not limited to: architectural; environmental; planning; engineering; legal; audit; financial; and the costs of informing the public with respect to the creation of the District and the implementation of the Plan.

Administrative Costs

The Village may charge to the District as eligible Project Costs reasonable allocations of administrative costs, including, but not limited to, employee salaries. Costs allocated will bear a direct connection to the time spent by Village employees relating to the implementation of the Plan.

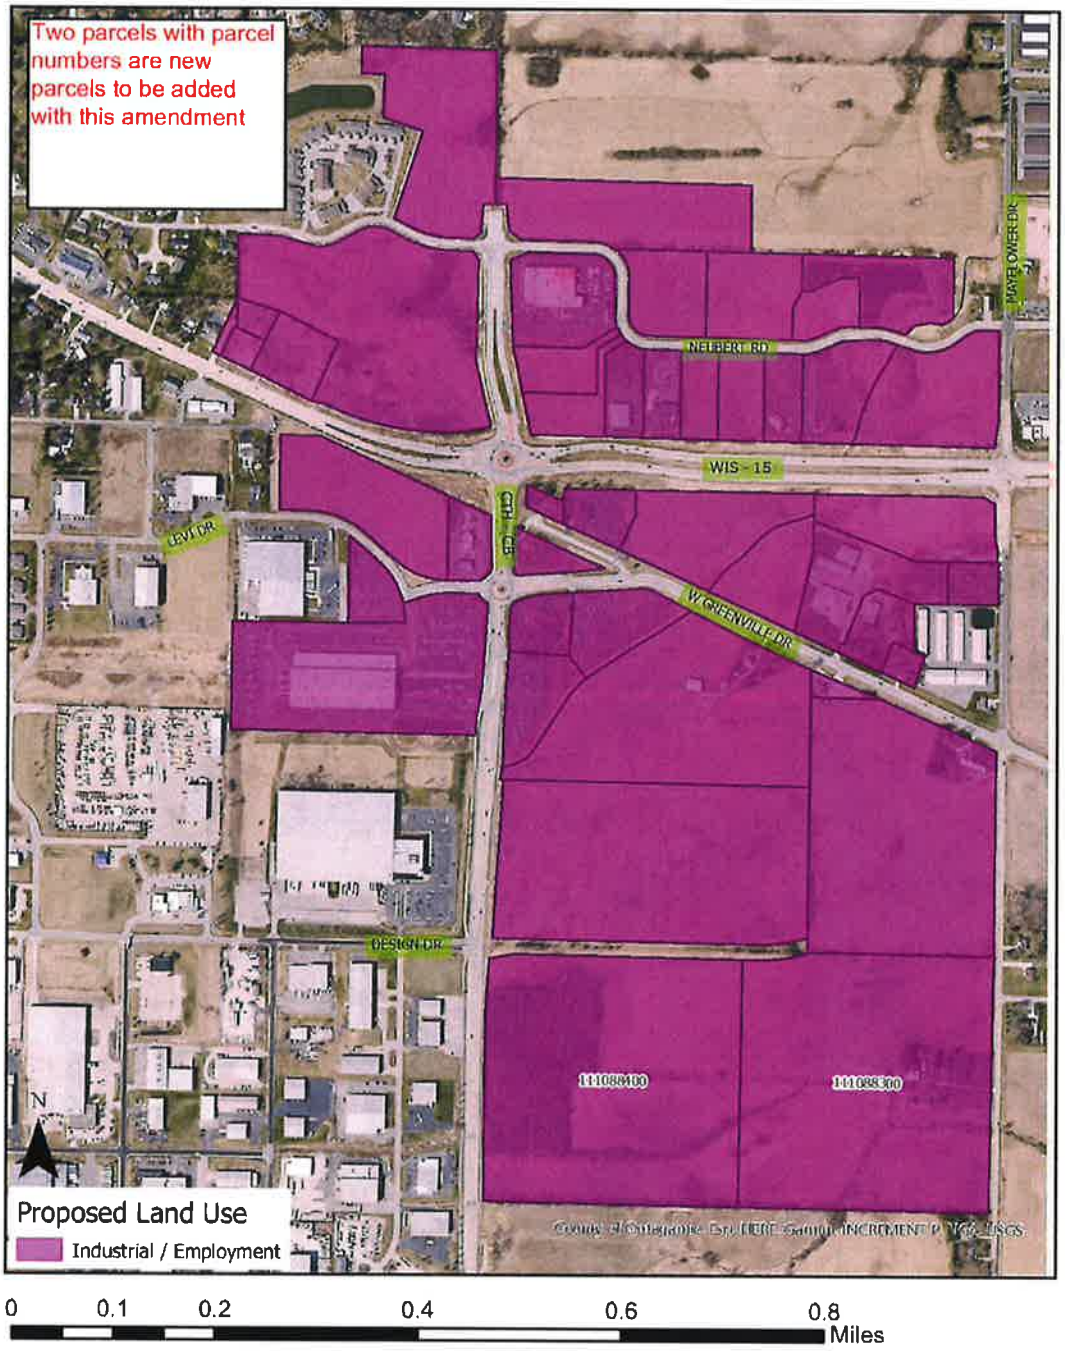
Financing Costs

Interest expense, debt issuance expenses, redemption premiums, and any other fees and costs incurred in conjunction with obtaining financing for projects undertaken under this Plan are eligible Project Costs.



SECTION 7:
Map Showing Proposed Improvements and Uses Within the Territory to be Added

Referencing the Boundary and Parcel Map found in Section 3 and the map in this section, the proposed public improvements are to be located in the following approximate locations (projects nos. 1-7 did not change from original project plan, 8-10 have no physical location, and 11 is new to this amendment):



- Project No. 1, Cash Grants – may be made anywhere in the District
- Project No. 2, Highway CB/Design Drive Intersection Improvements – located immediately southwest of the property with Parcel Map ID 25 (approximately 1/2 way between Highway 15 and Highway 96/Wisconsin Avenue)
- Project No. 3, Highway 15 Median Improvements and North-South Street West of Highway CB – located in and adjacent to Parcel Map ID 5
- Project No. 4, Design Drive Extension Public Utilities and Street Improvements – located approximately along the southern boundaries of properties with Parcel Map IDs of 25 and 26, between Highway CB and Mayflower Drive (approximately 1/2 way between Highway 15 and Highway 96/Wisconsin Avenue)
- Project No. 5, Regional Storm Water Ponds South of Highway 15 – located in properties with Parcel Map IDs of 25 and 26, as well as properties immediately to the South and Improvements to Existing Storm Water Ponds needed for development elsewhere in District (exact locations to be determined)
- Projects Nos. 6 and 7, Water Tower and Well Improvements – located outside of the District.
- Projects Nos. 8-10, have no physical location.
- Project No. 11 is anticipated for the parcels to be added.

SECTION 8:
Detailed List of Estimated Project Costs

The following list identifies the Project Costs that the Village has made, expects to make, or may need to make in conjunction with the implementation of the District's Plan or this Plan Amendment. All projects identified and related costs reflect the best estimates available as of the date of preparation of this Plan Amendment. All costs are preliminary estimates and may increase or decrease. Certain Project Costs listed may become unnecessary, and other Project Costs not currently identified may need to be made. (Section 6 details the general categories of eligible Project Costs). Changes in Project Cost totals or the types of Project Costs to be incurred will not require that this Plan be amended. This Plan is not meant to be a budget nor an appropriation of funds for specific Project Costs, but a framework within which to manage Project Costs.

Village of Greenville, Wisconsin

Tax Increment District No. 1

Detailed List of Estimated Project Costs - Prior Project Plan(s)

Project ID	Project Name/Type	Original Plan	First Amend	Totals	Spent to Date	Remaining
1	Cash Grants to Owners, Lessees or Developers of Land	2,250,000		2,250,000	134,378	2,115,622
2	Hwy. CB/Design Dr. Intersection Improv.	425,000		425,000	187,468	237,532

Notes:

SECTION 9:
Economic Feasibility Study, Description of the Methods of Financing Estimated Project Costs and the Time When Related Costs or Monetary Obligations are to be Incurred

This Section includes an updated forecast of the valuation increases expected within the District, the associated tax increment collections, a summary of how remaining Project Costs would be financed, and a projected cash flow demonstrating that the District remains economically feasible.

Key Assumptions

The Project Costs the Village plans to make are expected to create $95 million in incremental value by 2037. Estimated valuations and timing for construction of the Project are included in **Table 1.** Assuming the Village's current equalized TID Interim tax rate of $13.37 per thousand of equalized value, and 0.78% annual economic appreciation or depreciation, the Project would generate $69.2 million in incremental tax revenue over the 20-year term of the District as shown in **Table 2**.

Notes:

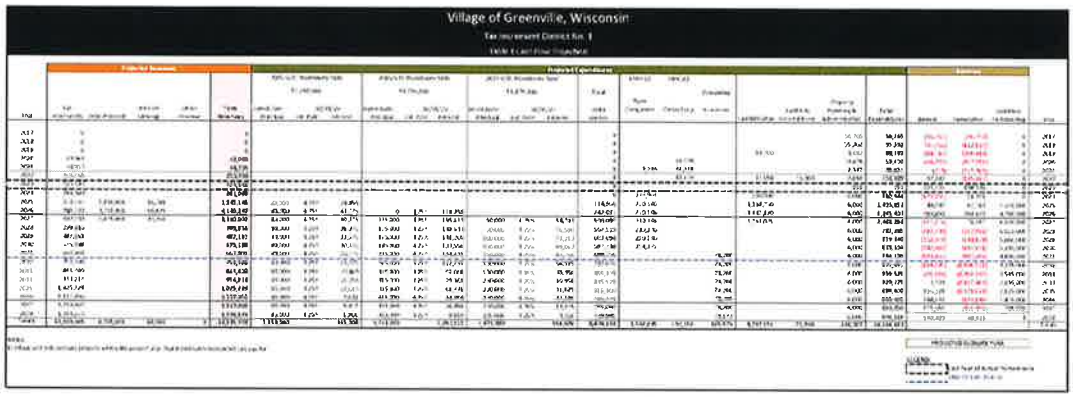
1) Increment value shown through the 2024 revenue year are actual per DOR.

2) Tax rates shown through the 2024 revenue year are actual per DOR Form PC-202 (Tax Increment Collection Worksheet).

Financing and Implementation



At the time of this project plan amendment the Village intends to finance remaining project costs from the original project plan with General Obligation Promissory Notes and any available fund balance in the future. **Table 3** provides a summary of the District's financing plan.

Table 3 - Financing Plan

Village of Greenville, Wisconsin
Tax Increment District No. 1
Estimated Financing Plan

		DEBT ISSUES

Rounding		1,638		30		22	
Net Issue Size		1,150,000		3,710,000		1,875,000	6,735,000
Notes							

Based on the Project Cost expenditures as included within the cash flow exhibit **(Table 4)**, the District is projected to accumulate sufficient funds by the year 2038 to pay off all Project cost liabilities and obligations. The projected closure is based on the various assumptions noted in this Plan and will vary dependent on actual Project Costs incurred and the actual amount of tax increments collected. As noted in Table 4 the Village will only execute projects within the project plan that it estimates increment can pay for.

Greenville WI - TID 1 2024 Amendment Tables
Prepared 11/10/2024

SECTION 10:
Annexed Property

A tax incremental district cannot include annexed territory unless at least three years have elapsed since the annexation, or certain other requirements are met. None of the territory proposed to be added to the District was annexed during the past three years.

SECTION 11:
Estimate of Property to be Devoted to Retail Business

Pursuant to Wis. Stat. § 66.1105(5)(b), the Village estimates that less than 35%of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period.

SECTION 12:
Proposed Changes of Zoning Ordinances, Master Plan, Map, Building Codes and Village Ordinances

Zoning Ordinances

The proposed Plan Amendment is in general conformance with the Village's current zoning ordinances. Individual properties may require rezoning at the time of development.

Master (Comprehensive) Plan and Map

The proposed Plan Amendment is in general conformance with the Village's Comprehensive Plan identifying the area as appropriate for Industrial and Commercial uses.

Building Codes and Ordinances

Development within the District will be required to conform to State Building Codes and will be subject to the Village's permitting and inspection procedures. The proposed Plan Amendment conforms to all relevant State and local ordinances, plans, and codes. No changes to the existing regulations are proposed or needed.

SECTION 13:
Statement of the Proposed Method for the Relocation of any Persons to be Displaced

Should the continued implementation of this Plan require relocation of individuals or business operations, relocations will be handled in compliance with Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

SECTION 14:
How Amendment of the Tax Incremental District Promotes the Orderly Development of the Village

This Plan Amendment promotes the orderly development of the Village by creating new industrial sites, creating opportunities for mixed use development, rehabilitating and conserving property, providing necessary public infrastructure improvements, providing appropriate financial incentives for private development projects. Through use of tax increment financing, the Village can attract new investment that results in increased tax base. Development will occur in an orderly fashion in accordance with approved plans so that the Projects will be compatible with adjacent land uses. Development of new uses in the District will add to the tax base and will generate positive secondary impacts in the community such as increased employment opportunities.

SECTION 15:
List of Estimated Non-Project Costs

Non-project costs are public works projects which only partly benefit the District. Costs incurred that do not benefit the District may not be paid with tax increments. There are no non-project costs in this Amendment.

RE: Territory Amendment #1 for Tax Incremental District No. 1 in the Village of Greenville, Wisconsin

Dear President Anderson and Village Board Trustees:

Tax incremental financing project plans and plan amendments must include an opinion of the village attorney advising whether the plan is complete and complies with Wis. Stat. sec. 66.1105(4)(f).

I have been retained to represent the Village of Greenville as its appointed Village Attorney.

I have reviewed the Project Plan Amendment #1 for Tax Incremental District No. 1 which is intended to add territory to the district as permitted under Wis. Stat. sec. 66.1105(4)(h)2, as well as to amend the categories, locations or costs of project costs to be made as permitted under Wis. Stat. sec. 66.1105(4)(h)1.

It is my opinion that Amendment #1 and project plan contain and adequately address the prerequisites set forth in Wis. Stat. sec. 66.1105.

Sincerely,
TOWN COUNSEL LAW & LITIGATION, LLC
Attorneys for Village of Greenville

RESOLUTION NO.: 110—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Village of Hortonville (the Village) has submitted a Project Plan Allocation Amendment to Tax Incremental District No. 4 (TID No. 4).

The Village created TID No. 4 on March 2, 2017 as a Mixed Use District in order to assist a developer with obtaining WHEDA tax credits through the issuance of a municipal revenue obligation. Additionally, the Village wanted to be able to provide the necessary infrastructure and inducements to encourage the type of development consistent with that desired by the Village. On June 3, 2021, the TID was amended to add project costs, add industrial land and subtract newly platted residential land. The amendment allowed the Village to make room for new development within the TID.

The proposed project plan allocation amendment will allow excess revenue to be transferred to TID No. 5 ("Recipient District"). The Plan Amendment meets the criteria necessary to allow for the transfer of excess revenue, including that the District and Recipient District lie within the same overlapping taxing jurisidictions. The District has enough revenue to pay for all current Project Costs and has enough excess revenue to pay for eligible project costs of the Recipient District. The Recipient District is a blighted area district which qualifies it as an eligible recipient of excess revenue.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does go on record in favor of the Village of Hortonville Project Plan Allocation Amendment to Tax Incremental District No. 4 as detailed in the attached Draft Project Plan Allocation Amendment Village of Hortonville, Wisconsin Tax Incremental District No. 4 document dated October 31, 2024, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors recommend that the representative of Outagamie County on the Village of Hortonville TID Board of Review vote in favor of the Village of Hortonville Project Plan Allocation Amendment to TID No. 4, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Village of Hortonville, the Outagamie County Finance Director, the Outagamie County Executive, and the Outagamie County Development and Land Services Director.

Dated this 10th day of December 2024

Respectfully Submitted,

FINANCE COMMITTEE

Chris Croatt

SECTION 1:
Executive Summary

DESCRIPTION OF DISTRICT

Tax Incremental District ("TID") No. 4 ("District") is a Mixed Use District created on March 2, 2017. The District was created to:

- Assist a developer with obtaining WHEDA tax credits through the issuance of a municipal revenue obligation. In addition, since some of the sites proposed for the development were vacant due to a lack of adequate infrastructure and the sites have not developed as would have been expected under normal market conditions, the Village wanted to be able to provide the necessary infrastructure and inducements to encourage the type of development consistent with that desired by the Village.

On June 3, 2021, the TID was amended to add project costs, add industrial land and subtract newly platted residential land. The amendment allowed the Village to make room for new development within the TID. This was the first of four possible territory amendments for TID 4.

Purpose of Amendment

The purpose of this amendment, referred to hereafter as the Plan, the Amendment, or the Plan Amendment, is to is to allow excess revenue to be transferred to Tax Incremental District No. 5 ("Recipient District") as permitted under Wis. Stat. § 66.1105(6)(f)1. The Plan Amendment meets the following criteria necessary to allow for the transfer of excess revenue:

1. The District and the Recipient District lie within the same overlapping taxing jurisdictions.
2. The District has enough revenue to pay for all current Project Costs and has enough excess revenue to pay for eligible project costs of the Recipient District.
3. The Recipient District is a blighted area district which qualifies it as an eligible recipient of excess revenue.

Estimated Total Project Cost Expenditures

The Village anticipates making total donations/allocations to the Recipient District of approximately $1,711,068 ("Project Costs").

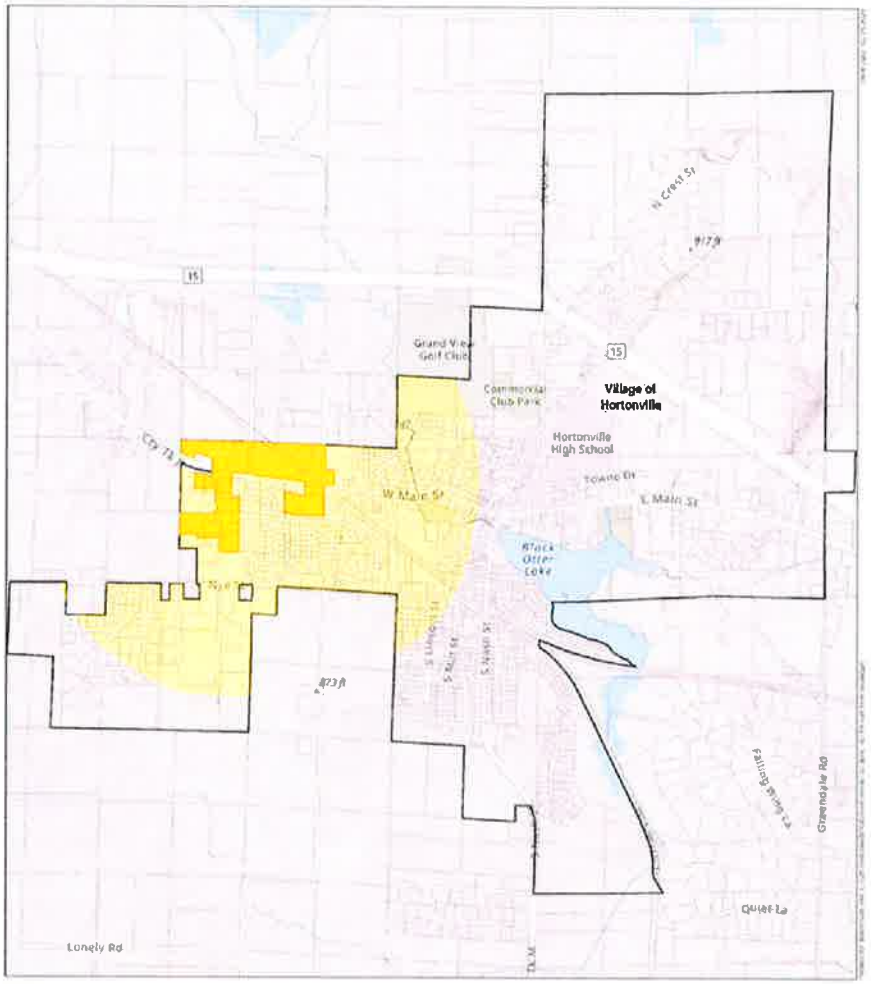
Incremental Valuation

The Village projects that existing incremental value will support existing Project Costs and obligations of the District and allow donations/allocations to the Recipient Districts. A table detailing assumptions as to the development timing and associated values is included in the Economic Feasibility Study located within this Plan.

Expected Termination of District

Based on the Economic Feasibility Study located within Section 9 of this Plan, the Village anticipates that the District will generate sufficient tax increment to pay all Project Costs within its allowable 20 years.

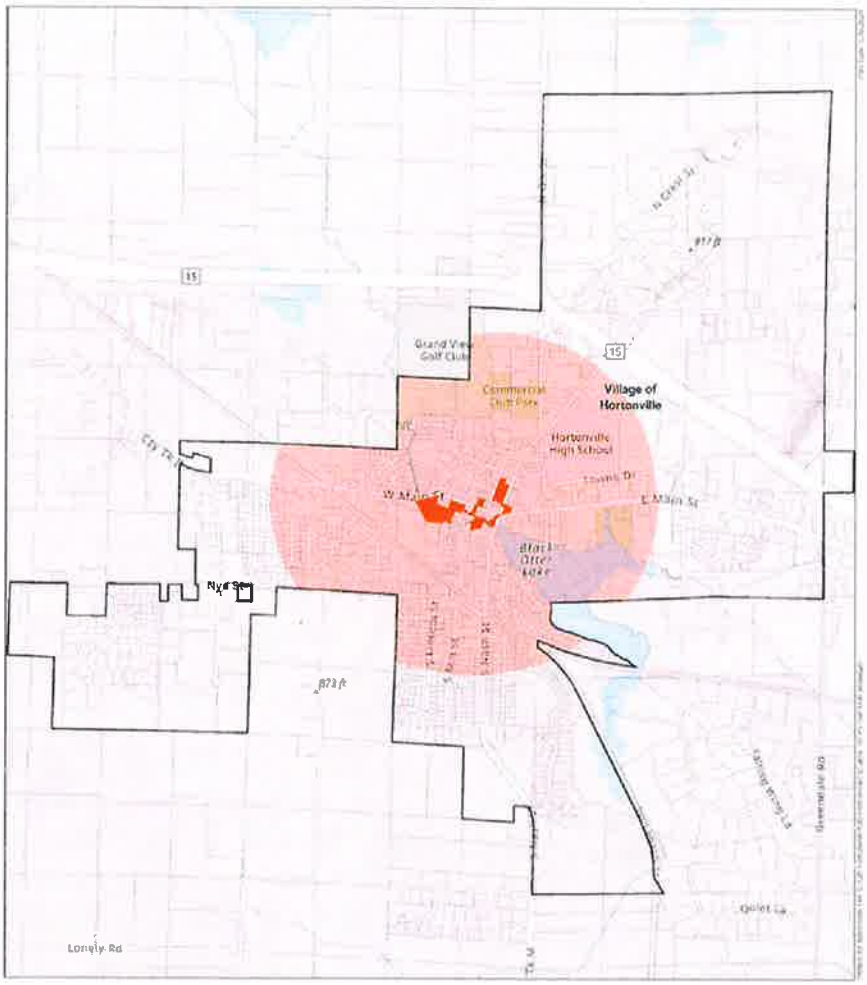
Summary of Findings



As required by Wis. Stat. § 66.1105, and as documented in this Plan and the exhibits contained and referenced herein, the following findings are made:

1. That "but for" the creation of this District, the development projected to occur as detailed in this Plan: 1) would not occur; or 2) would not occur in the manner, at the values, or within the timeframe desired by the Village. In reaching this determination, the Village has considered:
    - Donations to TID No. 5 (downtown) are needed to help accomplish the objectives of this district including approximately $1,368,021 of road and infrastructure improvements.
2. **The economic benefits of the District, as measured by increased employment, business and personal income, and property value, are sufficient to compensate for the cost of the improvements. In making this determination, the Village has considered the following information:**
    - Ongoing investment in the Recipient Districts induces employee households spending locally for goods and services from retailers, restaurants and service companies
3. **The benefits of the proposal outweigh the anticipated tax increments to be paid by the owners of property in the overlying taxing jurisdictions.** As required by Wis. Stat. § 66.1105(4)(i)4., a calculation of the share of projected tax increments estimated to be paid by the owners of property in the overlying taxing jurisdictions has been prepared and can be found in this Plan. However, because the Project would not occur without the use of tax incremental financing, these tax increments would not be paid but for creation of the District. Accordingly, the Village finds that the benefits expected to be realized as set forth in this Plan outweigh the value of the tax increments to be invested in the Project.

4. The boundaries of the District are not being amended.
5. Improvements to be made in the District are likely to significantly enhance the value of substantially all of the other real property in the District.
6. The Plan for the District is feasible and is in conformity with the Master Plan of the Village.
7. The Village estimates that less than 35% of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period, pursuant to Wis. Stat. § 66.1105(5)(b).



SECTION 2:
Map of Current District Boundary

A map identifying the current boundaries of the District is found on the following page. The District's boundaries are not being amended.

SECTION 3:

Map Showing Existing Uses and Conditions

The District's boundaries are not being amended. The "Map Showing Existing Uses and Conditions" included within the District's amended Project Plan dated June 3, 2021 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 4:
Equalized Value Test

No territory will be added to the District. Demonstration of compliance with the equalized value test is not required for this Plan Amendment.

SECTION 5:
Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District

No changes to Project Costs are planned. The "Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District" included in the District's amended Project Plan dated June 3, 2021 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 6:
Map Showing Proposed Improvements and Uses

The District's boundaries are not being amended. The "Map Showing Proposed Improvements and Uses" included within the District's amended Project Plan dated June 3, 2021 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 7:
Detailed List of Estimated Project Costs

The costs to be added through this Plan Amendment are allocations/donations to District #10, #11, and #12. The costs included in the project plan approved in 2013 and the amended project plan approved in 2017 are unchanged and included for reference.

Project Name/Type	Est. Cost
Donations/Allocations to TID No. 5	1,711,068

SECTION 8:

Economic Feasibility Study, Description of the Methods of Financing Estimated Project Costs and the Time When Related Costs or Monetary Obligations are to be Incurred

This Section includes an updated forecast of the valuation increases expected within the District, the associated tax increment collections, and a projected cash flow demonstrating that the District remains economically feasible.

Key Assumptions

The Project Costs the Village plans to make within TID No. 4 in 2026 include financing infrastructure improvements totaling approximately $800 thousand.

Estimated incremental valuations for TID No. 5 are included in **Table 1. 5**Assuming an equalized TID Interim tax rate of $15.45 per thousand and no economic appreciation or depreciation, the District would generate approximately $4.2 million in incremental tax revenue over the remaining life of the District as shown in **Table 2**.

Table 3 includes a cash flow projection for TID No. 4 including existing obligations and proposed 2026 projects. TID No. 4 is projected to close in 2031. **Table 4** includes a cash flow projection with $1.7 million of donations to Recipient District No. 5. This extends the projected closure of TID No. 4 to 2037 (an additional 6 years).

PROJECTED CLOSURE YEAR

LEGEND:
CALLABLE MATURITIES
END OF EXP. PERIOD

SECTION 9:
Annexed Property

No territory is being added to the District as part of this Plan Amendment.

SECTION 10:
Estimate of Property to be Devoted to Retail Business

Pursuant to Wis. Stat. § 66.1105(5)(b), the Village estimates that less than 35% of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period.

SECTION 11:
Proposed Changes of Zoning Ordinances, Master Plan, Map, Building Codes and Village Ordinances

Zoning Ordinances

The proposed Plan Amendment is in general conformance with the Village's current zoning ordinances. Individual properties may require rezoning at the time of development.

Master (Comprehensive) Plan and Map

The proposed Plan Amendment is in general conformance with the Village's Comprehensive Plan identifying the area as appropriate for Mixed Use development.

Building Codes and Ordinances

Development within the District will be required to conform to State Building Codes and will be subject to the Village's permitting and inspection procedures. The proposed Plan Amendment conforms to all relevant State and local ordinances, plans, and codes. No changes to the existing regulations are proposed or needed.

SECTION 12:
Statement of the Proposed Method for the Relocation of any Persons to be Displaced

Should the continued implementation of this Plan require relocation of individuals or business operations, relocations will be handled in compliance with Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

SECTION 13:
How Amendment of the Tax Incremental District Promotes the Orderly Development of the Village

This Plan Amendment promotes the orderly development of the Village by creating opportunities for mixed use development. Through use of tax increment financing, the Village can attract new investment that results in increased tax base. Development will occur in an orderly fashion in accordance with approved plans so that the Projects will be compatible with adjacent land uses.

SECTION 14:
List of Estimated Non-Project Costs

Non-project costs are public works projects which only partly benefit the District. Costs incurred that do not benefit the District may not be paid with tax increments. The only costs being added through this Plan Amendment are donations/allocations to existing Recipient Districts. These are not considered Non-Project Costs.

SECTION 15:
Legal Opinion Advising Whether the Plan is Complete and Complies with Wis. Stat. § 66.1105(4)(f)

NEED WET SIGNATURE & DATED LEGAL OPINION ON ATTORNEY LETTERHEAD

RE: Project Plan Amendment for Tax Incremental District No. 4

Dear Village President:

Wisconsin Statute 66.1105(4)(f) requires that a project plan for a tax incremental financing district include an opinion provided by the Village Attorney advising as to whether the plan is complete and complies with Wisconsin Statute 66.1105. As Village Attorney for the Village of Hortonville, I have been asked to review the above-referenced project plan amendment for compliance with the applicable statutory requirements. Based upon my review, in my opinion, the amended Project Plan for the Village of Hortonville Tax Incremental District No. 4 is complete and complies with the provisions of Wisconsin Statute 66.1105.

Sincerely,

Village Attorney

SECTION 16:
Calculation of the Share of Projected Tax Increments Estimated to be Paid by the Owners of Property in the Overlying Taxing Jurisdictions

The following projection is provided to meet the requirements of Wis. Stat. § 66.1105(4)(i)4.

Village of Hortonville, Wisconsin

Tax Increment District No. 4

Estimated portion of taxes that owners of taxable property in each taxing jurisdiction overlaying district would pay by jurisdiction.

RESOLUTION NO.: 111—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Village of Hortonville (the Village) has submitted a Project Plan Amendment to Tax Incremental District No. 5 (TID No. 5).

The Village created TID No. 5 on March 2, 2017 as a Blighted Area District in order to redevelop blighted properties, increase the tax base, and provide for and preserve employment opportunities within the Village. The proposed amendment is a project only amendment and will add approximately $3.06 million in project costs for the infrastructure improvements and ongoing items. The purpose of this amendment is to amend the categories, locations or costs of project costs to be made as permitted in Wisconsin State Satutes.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does go on record in favor of the Village of Hortonville Project Plan Amendment to Tax Incremental District No. 5 as detailed in the attached Project Plan Amendment Village of Hortonville, Wisconsin Tax Incremental District No. 5 document dated October 31, 2024, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors recommend that the representative of Outagamie County on the Village of Hortonville TID Board of Review vote in favor of the Village of Hortonville Project Plan Amendment to TID No. 5, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Village of Hortonville, the Outagamie County Finance Director, the Outagamie County Executive, and the Outagamie County Development and Land Services Director.

Dated this 10th day of December 2024

Respectfully Submitted,

FINANCE COMMITTEE

Chris Croatt

SECTION 1:
Executive Summary

DESCRIPTION OF DISTRICT

Tax Incremental District ("TID") No. 5 ("District") is a Blighted Area District created on March 2, 2017. The District was created to:

- Redevelop blighted properties,
- Increase the tax base and,
- Provide for and preserve employment opportunities within the Village

This is the first amendment to the District. This amendment is a project only amendment and will add approximately $3.06 million in project costs for the infrastructure improvements and ongoing items.

Purpose of Amendment

The purpose of this amendment, referred to hereafter as the Plan, the Amendment, or the Plan Amendment, is to:

- Amend the categories, locations or costs of project costs to be made as permitted under Wis. Stat. § 66.1105(4)(h)1. ("Project").

Estimated Total Project Cost Expenditures

The Village anticipated making total expenditures of approximately $470 thousand ("Project Costs") to undertake the projects listed in original Project Plan ("Plan"). This amendment will increase that allowable expenditures by approximately $3.06 million, so the total allowable expenditures will increase to approximately $3.5 million. Of the $3.06 million of additional project costs, approximately $1.48 million will only be undertaken if further development occurs to pay for these projects.

Incremental Valuation

This amendment isn't expected to increase the TIDs incremental valuation. Approximately $1.4 million of value will result from the Project. Creation of this additional value will be made possible by the Project Costs made within the District. A table detailing assumptions as to the development timing and associated values is included in the Economic Feasibility Study located within this Plan.

Expected Termination of District

Based on the Economic Feasibility Study located within Section 9 of this Plan, the Village anticipates that the District will generate sufficient tax increment to pay all Project Costs within its allowable 27 years.

Summary of Findings

As required by Wis. Stat. § 66.1105, and as documented in this Plan and the exhibits contained and referenced herein, the following findings are made:

1. That "but for" the creation of this District, the development projected to occur as detailed in this Plan: 1) would not occur; or 2) would not occur in the manner, at the values, or within the timeframe desired by the Village. In reaching this determination, the Village has considered:

   The substantial investment needed to provide the public infrastructure necessary to allow for development within the District. Absent the use of tax incremental financing, the Village is unable to fully fund this program of infrastructure improvements.

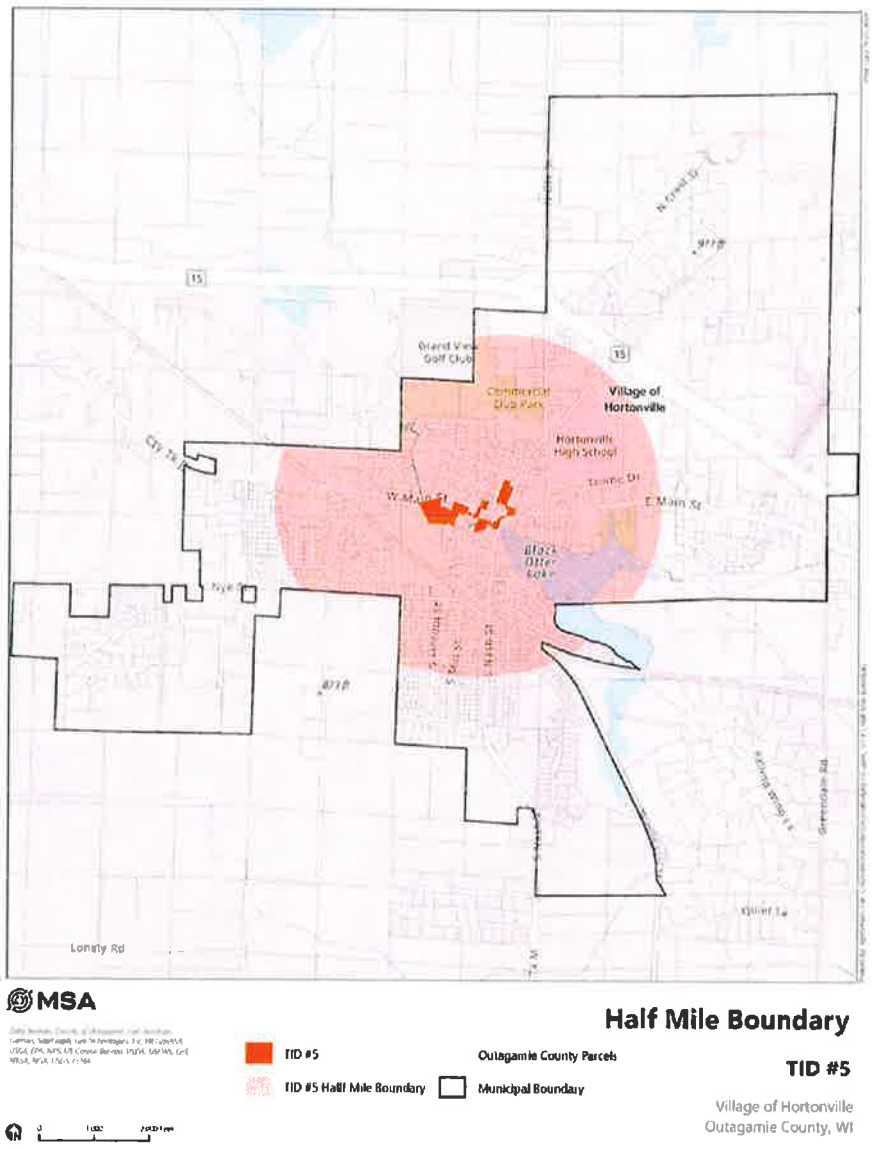
2. **The economic benefits of the District, as measured by increased employment, business and personal income, and property value, are sufficient to compensate for the cost of the improvements. In making this determination, the Village has considered the following information:**

   That the Developer's and/or businesses expanding in the TID are likely to purchase goods and services from local suppliers in construction of the Project, and induced effects of employee households spending locally for goods and services from retailers, restaurants and service companies.

3. **The benefits of the proposal outweigh the anticipated tax increments to be paid by the owners of property in the overlying taxing jurisdictions.** As required by Wis. Stat. § 66.1105(4)(i)4., a calculation of the share of projected tax increments estimated to be paid by the owners of property in the overlying taxing jurisdictions has been prepared and can be found in this Plan. However, because the Project would not occur without the use of tax incremental financing, these tax increments would not be paid but for creation of the District. Accordingly, the Village finds that the benefits expected to be realized as set forth in this Plan outweigh the value of the tax increments to be invested in the Project.

4. The boundaries of the District are not being amended.

5. The Project Costs relate directly to the elimination of blight in the District, consistent with the purpose for which the District is created.



6. Improvements to be made in the District are likely to significantly enhance the value of substantially all of the other real property in the District.

7. The Plan for the District is feasible and is in conformity with the Master Plan of the Village.

8. The Village estimates that less than 35% of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period, pursuant to Wis. Stat. § 66.1105(5)(b).

SECTION 2:
Map of Current District Boundary

The District's boundaries are not being amended. The Map included within the District's original Project Plan dated March 2, 2017 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 3:

Map Showing Existing Uses and Conditions

The District's boundaries are not being amended. The "Map Showing Existing Uses and Conditions" included within the District's original Project Plan dated March 2, 2017 remains unchanged and is incorporated by reference as part of this Plan Amendment.

SECTION 4:
Equalized Value Test

No territory will be added to the District. Demonstration of compliance with the equalized value test is not required for this Plan Amendment.

SECTION 5:
Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District

Project Costs are any expenditure made, estimated to be made, or monetary obligations incurred or estimated to be incurred as outlined in this Plan. Project Costs will be diminished by any income, special assessments or other revenues, including user fees or charges, other than tax increments, received or reasonably expected to be received in connection with the implementation of the Plan. If Project Costs incurred benefit territory outside the District, a proportionate share of the cost is not a Project Cost. Costs identified in this Plan are preliminary estimates made prior to design considerations and are subject to change after planning, design and construction is completed.

With all Project Costs, the costs of engineering, design, survey, inspection, materials, construction, restoring property to its original condition, apparatus necessary for public works, legal and other consultant fees, testing, environmental studies, permits, updating ordinances and plans, judgments or claims for damages and other expenses are included as Project Costs. The map found in Section 7 of this Plan along with the Detailed List of Project Costs found in Section 8 provide additional information as to the kind, number and location of potential Project Costs.

The "Statement of Kind, Number and Location of Proposed Public Works and Other Projects" set forth in the original District Project Plan approved on March 2, 2017 is amended to add the following Project Costs that the Village has made, expects to make, or may need to make, in conjunction with the implementation of the District's Plan or this Plan Amendment.

Property, Right-of-Way and Easement Acquisition

Property Acquisition for Development

To promote and facilitate development the Village may acquire property within the District. The cost of property acquired, and any costs associated with the transaction, are eligible Project Costs. Following acquisition, other Project Costs within the categories detailed in this Section may be incurred to make the property suitable for development. Any revenue received by the Village from the sale of property acquired pursuant to the execution of this Plan will be used to reduce the total project costs of the District. If total Project Costs incurred by the Village to acquire property and make it suitable for development exceed the revenues or other consideration received from the

sale or lease of that property, the net amount shall be considered "real property assembly costs" as defined in Wis. Stat. § 66.1105(2)(f)1.c., and subject to recovery as an eligible Project Cost.

Property Acquisition for Conservancy

To promote the objectives of this Plan, the Village may acquire property within the District that it will designate for conservancy. These conservancy objectives include: preserving historic resources or sensitive natural features; protection of scenic and historic views; maintaining habitat for wildlife; maintaining adequate open space; reduction of erosion and sedimentation by preserving existing vegetation; and providing adequate areas for management of stormwater. The cost of property acquired for conservancy, and any costs associated with the transaction, are eligible Project Costs.

Acquisition of Rights-of-Way

The Village may need to acquire property to allow for installation of streets, driveways, sidewalks, utilities, stormwater management practices and other public infrastructure. Costs incurred by the Village to identify, negotiate and acquire rights-of-way are eligible Project Costs.

Acquisition of Easements

The Village may need to acquire temporary or permanent easements to allow for installation and maintenance of streets, driveways, sidewalks, utilities, stormwater management practices and other public infrastructure. Costs incurred by the Village to identify, negotiate and acquire easement rights are eligible Project Costs.

Relocation Costs

If relocation expenses are incurred in conjunction with the acquisition of property, those expenses are eligible Project Costs. These costs may include but are not limited to: preparation of a relocation plan; allocations of staff time; legal fees; publication of notices; obtaining appraisals; and payment of relocation benefits as required by Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

Site Preparation Activities

Environmental Audits and Remediation

If it becomes necessary to evaluate any land or improvement within the District, any cost incurred by the Village related to environmental audits, testing, and remediation are eligible Project Costs.

Demolition

To make sites suitable for development, the Village may incur costs related to demolition and removal of structures or other land improvements, to include abandonment of wells or other existing utility services.

Site Grading

Land within the District may require grading to make it suitable for development, to provide access, and to control stormwater runoff. The Village may need to remove and dispose of excess material, or bring in fill material to provide for proper site elevations. Expenses incurred by the Village for site grading are eligible Project Costs.

Utilities

Sanitary Sewer System Improvements

To allow development to occur, the Village may need to construct, alter, rebuild or expand sanitary sewer infrastructure within the District. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding or expansion of: collection mains; manholes and cleanouts; service laterals; force mains; interceptor sewers; pumping stations; lift stations; wastewater treatment facilities; and all related appurtenances. To the extent sanitary sewer projects undertaken within the District provide direct benefit to land outside of the District, the Village will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the District, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Village construct, alter, rebuild or expand sanitary sewer infrastructure located outside of the District. That portion of the costs of sanitary sewer system projects undertaken outside the District which are necessitated by the implementation of the Project Plan are eligible Project Costs.

Water System Improvements

To allow development to occur, the Village may need to construct, alter, rebuild or expand water system infrastructure within the District. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding or expansion of: distribution mains; manholes and valves; hydrants; service laterals; pumping stations; wells; water treatment facilities; storage tanks and reservoirs; and all related appurtenances. To the extent water system projects undertaken within the District provide direct benefit to land outside of the District, the Village will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the District, and necessitated by the

implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Village construct, alter, rebuild or expand water system infrastructure located outside of the District. That portion of the costs of water system projects undertaken outside the District which are necessitated by the implementation of the Project Plan are eligible Project Costs.

Stormwater Management System Improvements

Development within the District will cause stormwater runoff. To manage this stormwater runoff, the Village may need to construct, alter, rebuild or expand stormwater management infrastructure within the District. Eligible Project Costs include, but are not limited to, construction, alteration, rebuilding or expansion of: stormwater collection mains; inlets, manholes and valves; service laterals; ditches; culvert pipes; box culverts; bridges; stabilization of stream and river banks; and infiltration, filtration and detention Best Management Practices (BMP's). To the extent stormwater management system projects undertaken within the District provide direct benefit to land outside of the District, the Village will make an allocation of costs based on such benefit. Those costs corresponding to the benefit allocated to land within the District, and necessitated by the implementation of the Project Plan, are eligible Project Costs. Implementation of the Project Plan may also require that the Village construct, alter, rebuild or expand stormwater management infrastructure located outside of the District. That portion of the costs of stormwater management system projects undertaken outside the District which are necessitated by the implementation of the Project Plan are eligible Project Costs.

Electric Service

To create sites suitable for development, the Village may incur costs to provide, relocate or upgrade electric services. Relocation may require abandonment and removal of existing poles or towers, installation of new poles or towers, or burying of overhead electric lines. Costs incurred by the Village to undertake this work are eligible Project Costs.

Gas Service

To create sites suitable for development, the Village may incur costs to provide, relocate or upgrade gas mains and services. Costs incurred by the Village to undertake this work are eligible Project Costs.

Communications Infrastructure

To create sites suitable for development, the Village may incur costs to provide, relocate or upgrade infrastructure required for voice and data communications, including, but not limited to: telephone lines, cable lines and fiber optic cable. Costs incurred by the Village to undertake this work are eligible Project Costs.

Streets and Streetscape

Street Improvements

To allow development to occur, the Village may need to construct or reconstruct streets, highways, alleys, access drives and parking areas. Eligible Project Costs include, but are not limited to: excavation; removal or placement of fill; construction of road base; asphalt or concrete paving or repaving; installation of curb and gutter; installation of sidewalks and bicycle lanes; installation of culverts, box culverts and bridges; rail crossings and signals; utility relocation, to include burying overhead utility lines; street lighting; installation of traffic control signage and traffic signals; pavement marking; right-of-way restoration; installation of retaining walls; and installation of fences, berms, and landscaping.

Streetscaping and Landscaping

To attract development consistent with the objectives of this Plan, the Village may install amenities to enhance development sites, rights-of-way and other public spaces. These amenities include but are not limited to: landscaping; lighting of streets, sidewalks, parking areas and public areas; installation of planters, benches, clocks, tree rings, trash receptacles and similar items; and installation of brick or other decorative walks, terraces and street crossings. These and any other similar amenities installed by the Village are eligible Project Costs.

Community Development

Cash Grants (Development Incentives)

The Village may enter into agreements with property owners, lessees, or developers of land located within the District for sharing costs to encourage the desired kind of improvements and assure tax base is generated sufficient to recover Project Costs. No cash grants will be provided until the Village executes a developer agreement with the recipient of the cash grant. Any payments of cash grants made by the Village are eligible Project Costs.

Revolving Loan/Grant Program

To encourage private redevelopment consistent with the objectives of this Plan, the Village, may provide loans and/or matching grants to eligible property owners in the District. Loan and/or matching grant recipients will be required to sign an agreement specifying the nature of the property improvements to be made. Eligible improvements will be those that are likely to improve the value of the property, enhance the visual appearance of the property and surrounding area, correct safety deficiencies, or as otherwise specified by the program manual. Any funds returned to the Village from the repayment of loans made are not considered revenues to the District, and will not be used to offset District Project Costs. Instead, these funds may be placed into a revolving loan fund and will continue to be used for the program purposes stated above. Any funds provided for purposes of implementing this program are considered eligible Project Costs.

Miscellaneous

Projects Outside the Tax Increment District

Pursuant to Wis. Stat. § 66.1105(2)(f)1.n, the Village may undertake projects within territory located within one-half mile of the boundary of the District provided that: 1) the project area is located within the Village's corporate boundaries; and 2) the projects are approved by the Joint Review Board. The cost of projects completed outside the District pursuant to this section are eligible project costs and may include any project cost that would otherwise be eligible if undertaken within the District. Of the additional project costs included in this Plan, the Village intends to make the following project cost expenditures outside the District:

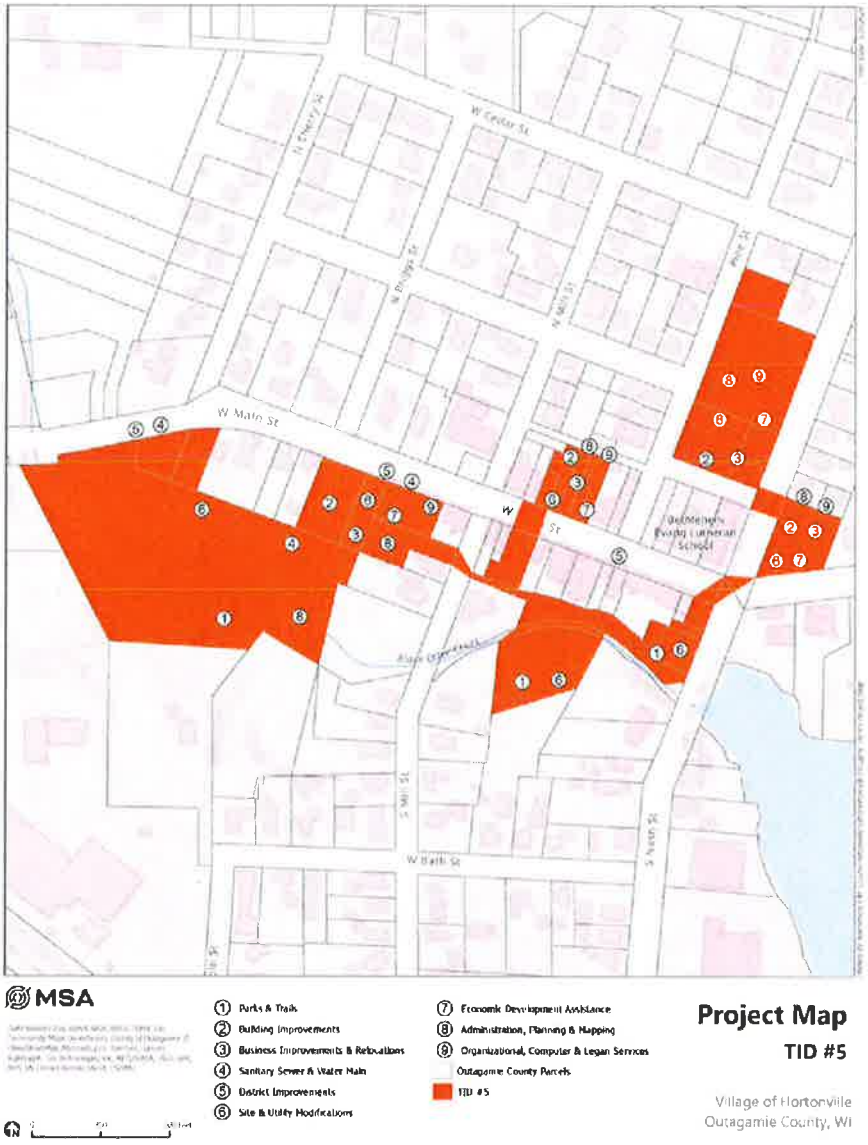
- Sanitary Sewer, Watermain and Stormwater Improvements - $6,000
- District Improvements (Streetscaping, Lighting, Curb & Gutter, etc.) - $634,813

Professional Service and Organizational Costs

The costs of professional services rendered, and other costs incurred, in relation to the creation, administration and termination of the District, and the undertaking of the projects contained within this Plan, are eligible Project Costs. Professional services include but are not limited to: architectural; environmental; planning; engineering; legal; audit; financial; and the costs of informing the public with respect to the creation of the District and the implementation of the Plan.

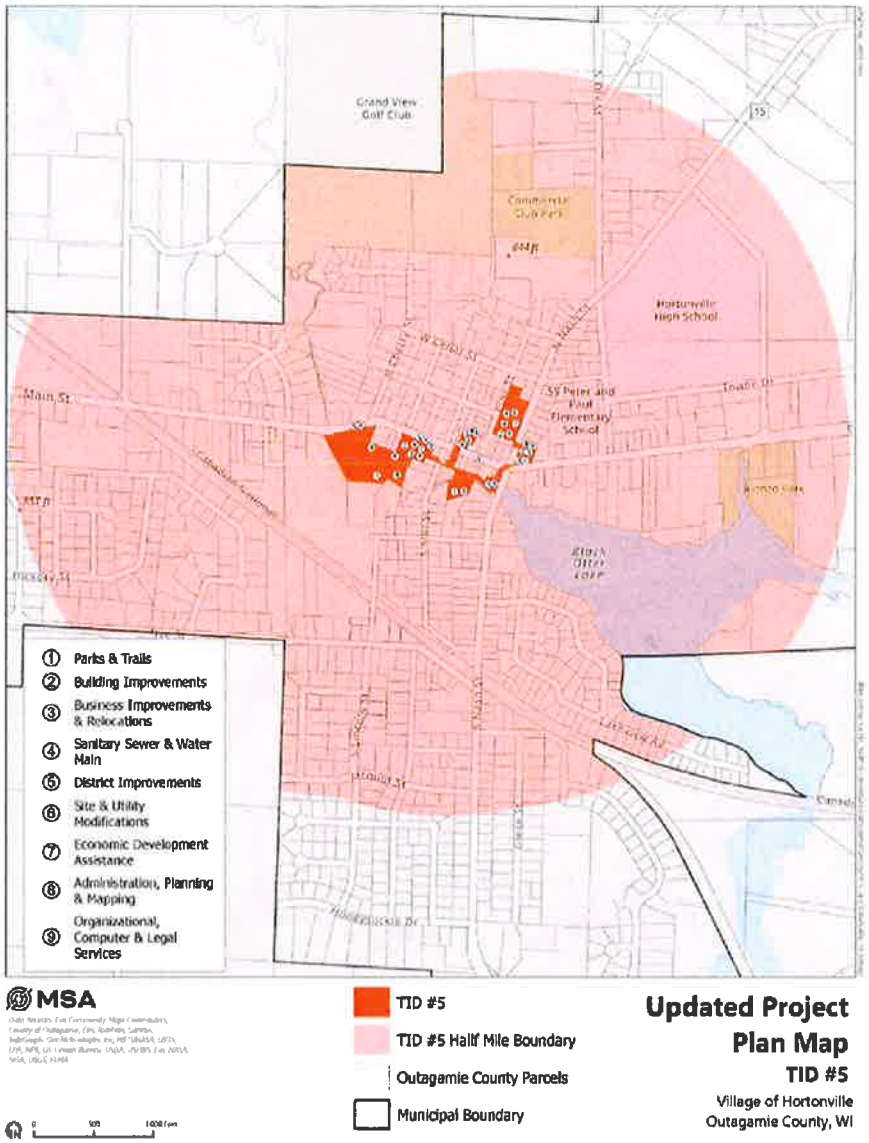
Administrative Costs

The Village may charge to the District as eligible Project Costs reasonable allocations of administrative costs, including, but not limited to, employee salaries. Costs allocated will bear a direct connection to the time spent by Village employees relating to the implementation of the Plan.



Financing Costs

Interest expense, debt issuance expenses, redemption premiums, and any other fees and costs incurred in conjunction with obtaining financing for projects undertaken under this Plan are eligible Project Costs.



SECTION 6:
Map Showing Proposed Improvements and Uses

The District's boundaries are not being amended. The "Map Showing Proposed Improvements and Uses" has been amended and is included on the next page including the half-mile radius improvements.

Detailed Project Map

Full Half-Mile Project Map

SECTION 7:

Detailed List of Estimated Project Costs

The following list identifies the original list of Project Costs approved on March 2, 2017 and the new project costs as part of this amendment that the Village has made, expects to make, or may need to make in conjunction with the implementation of the District's Plan or this Plan Amendment. All projects identified and related costs reflect the best estimates available as of the date of preparation of this Plan Amendment. All costs are preliminary estimates and may increase or decrease. Certain Project Costs listed may become unnecessary, and other Project Costs not currently identified may need to be made. (Section 6 details the general categories of eligible Project Costs). Changes in Project Cost totals or the types of Project Costs to be incurred will not require that this Plan be amended. This Plan is not meant to be a budget nor an appropriation of funds for specific Project Costs, but a framework within which to manage Project Costs.

Village of Hortonville, Wisconsin

Tax Increment District No. 5

Detailed List of Estimated Project Costs - Prior Project Plan

Project	Project Name/Type	Original Plan	Totals	Spent to Date	Remaining
1	Building Acquisition, Demo, Improvements, Relocations	40,000	40,000		40,000
2	Sanitary Sewer, Water Main, and Storm Water Improvments	70,000	70,000		70,000
3	District Improvements (Street Scaping, lighting, Curb, Gutter, etc.)	160,000	160,000		160,000
4	Revolving Loan Fund (Business Improvement Loans)	180,000	180,000		180,000
5	Professional Services Related to the TID	20,000	20,000	24,808	(4,808)

Total Projects		3,061,347	0	3,061,347		640,813	

Notes

TBD = Projects that will only undertaken based upon development occuring to pay for the project costs.

SECTION 8:
Economic Feasibility Study, Description of the Methods of Financing Estimated Project Costs and the Time When Related Costs or Monetary Obligations are to be Incurred

This Section includes an updated forecast of the valuation increases expected within the District, the associated tax increment collections, a summary of how remaining Project Costs would be financed, and a projected cash flow demonstrating that the District remains economically feasible.

Key Assumptions

The Project Costs the Village plans to make are expected to create approximately $1.4 million in incremental value by 2029. Estimated valuations and timing for construction of the Project are included in **Table 1.** Assuming the Village's current equalized TID Interim tax rate of $15.45 per thousand of equalized value, and no economic appreciation or depreciation, the Project would generate $367,215 in incremental tax revenue over the remaining life of the District as shown in **Table 2**.

Financing and Implementation

Implementation of the Plan includes road projects that include water, sewer and stormwater improvements, as well as, streetscaping and lighting that will benefit the District. In addition to the available increment, TID No. 4 will share available increment with TID No. 5. The Village projects with the revenue sources described above, that it will have enough revenue to pay for the projects. The Village will finance the cost of the construction through the issuance of General Obligation Notes with debt service to be paid from the tax increment generated by the Project. Cost of issuance, if any, will be paid from the debt proceeds.

PROJECTED CLOSURE YEAR

LEGEND: CALLABLE MATURITIES; END OF EXP. PERIOD

SECTION 9:

Annexed Property

A tax incremental district cannot include annexed territory unless at least three years have elapsed since the annexation, or certain other requirements are met. No territory is being added to the District as part of this Plan Amendment.

SECTION 10:
Estimate of Property to be Devoted to Retail Business

Pursuant to Wis. Stat. § 66.1105(5)(b), the Village estimates that less than 35% of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period.

SECTION 11:
Proposed Changes of Zoning Ordinances, Master Plan, Map, Building Codes and Village Ordinances

Zoning Ordinances

The proposed Plan Amendment is in general conformance with the Village's current zoning ordinances. Individual properties may require rezoning at the time of development.

Master (Comprehensive) Plan and Map

The proposed Plan Amendment is in general conformance with the Village's Comprehensive Plan identifying the area as appropriate for a Blighted Area District.

Building Codes and Ordinances

Development within the District will be required to conform to State Building Codes and will be subject to the Village's permitting and inspection procedures. The proposed Plan Amendment conforms to all relevant State and local ordinances, plans, and codes. No changes to the existing regulations are proposed or needed.

SECTION 12:
Statement of the Proposed Method for the Relocation of any Persons to be Displaced

Should the continued implementation of this Plan require relocation of individuals or business operations, relocations will be handled in compliance with Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

SECTION 13:
How Amendment of the Tax Incremental District Promotes the Orderly Development of the Village

This Plan Amendment promotes the orderly development of the Village by eliminating blighted areas, and providing necessary public infrastructure improvements. Through use of tax increment financing, the Village can attract new investment that results in increased tax base. Development will occur in an orderly fashion in accordance with approved plans so that the Projects will be compatible with adjacent land uses. Development of new uses in the District will add to the tax base and will generate positive secondary impacts in the community such as increased employment opportunities.

SECTION 14:
List of Estimated Non-Project Costs

Non-project costs are public works projects which only partly benefit the District. Costs incurred that do not benefit the District may not be paid with tax increments. Examples of non-project costs are:

- A public improvement made within the District that also benefits property outside the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.
- A public improvement made outside the District that only partially benefits property within the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.

- Projects undertaken within the District as part of the implementation of this Project Plan, the costs of which are paid fully or in part by impact fees, grants, special assessments, or revenues other than tax increments.

No improvements to be made within the District will benefit property outside the District. Furthermore, there will be no improvements made outside the District that will only partially benefit the District.

SECTION 15:
Legal Opinion Advising Whether the Plan is Complete and Complies with Wis. Stat. § 66.1105(4)(f)

NEED WET SIGNATURE & DATED LEGAL OPINION ON ATTORNEY LETTERHEAD

SAMPLE

Village President
Village of Hortonville
531 N Nash St
Hortonville, Wisconsin 54944-0099

RE: Project Plan Amendment for Tax Incremental District No. 5

Dear Village President:

Wisconsin Statute 66.1105(4)(f) requires that a project plan for a tax incremental financing district include an opinion provided by the Village Attorney advising as to whether the plan is complete and complies with Wisconsin Statute 66.1105. As Village Attorney for the Village of Hortonville, I have been asked to review the above-referenced project plan amendment for compliance with the applicable statutory requirements. Based upon my review, in my opinion, the amended Project Plan for the Village of Hortonville Tax Incremental District No. 5 is complete and complies with the provisions of Wisconsin Statute 66.1105.

Sincerely,

Village Attorney

SECTION 16:
Calculation of the Share of Projected Tax Increments Estimated to be Paid by the Owners of Property in the Overlying Taxing Jurisdictions

The following projection is provided to meet the requirements of Wis. Stat. § 66.1105(4)(i)4.

Village of Hortonville, Wisconsin

Tax Increment District No. 5

Estimated portion of taxes that owners of taxable property in each taxing jurisdiction overlaying district would pay by jurisdiction.

RESOLUTION NO.: 112—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Appleton International Airport and Air Wisconsin Airlines, LLC desire to incorporate a Second Addendum to the Terminal Lease Agreement. This addendum provides for one (1) seven (7) month extension through March 31, 2025. Monthly rent will be increased retroactively for the period September 1, 2024 through March 31, 2025 from $12.75 per square foot to $13.00 per square foot. In the event Air Wisconsin occupies the space following expiration of the extension, it shall be on a month-to-month basis with the lease rate adjusted at the discretion of the Airport. A budget adjustment is not required, as the revenue is included in the 2024 and 2025 budgets.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the Second Addendum to Lease Agreement between the Appleton International Airport and Air Wisconsin Airlines LLC in order to provide for one (1) seven (7) month extension through March 31, 2025 and increase the monthly rent retroactively for the period September 1, 2024 through March 31, 2025 to $13.00 per square foot, with no budget adjustment needed, as the revenue is included in the 2024 and 2025 budgets, as noted on the attached Second Addendum to Lease Agreement and fiscal note, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Appleton International Airport Director and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully submitted,

PROPERTY, AIRPORT, RECREATION &
ECONOMIC DEVELOPMENT COMMITTEE

Dean Culbertson

SECOND ADDENDUM TO LEASE AGREEMENT

THIS SECOND ADDENDUM is entered into this 14 day of November, 2024, between Outagamie County ("County") and Air Wisconsin Airlines LLC, a Delaware limited liability company ("Company").

WHEREAS, the parties have entered into a Lease Agreement on February 26, 2002 (hereinafter the "Lease"), providing for the lease from County by Company, of land and facilities situated in the State of Wisconsin, County of Outagamie, Town of Greenville, located at the Appleton International Airport; and

WHEREAS, the parties have previously amended the Lease by Addendum One (1); and

WHEREAS, the Company and County desires to extend the term of the agreement; and

WHEREAS, the parties desire to amend the Agreement by this Second Addendum; and

NOW, THEREFORE, in consideration of the mutual benefits, covenants and obligations of the parties contained in the Lease, County and Company agree to amend the lease as follows:

1. **TERM** Section 2.1 shall be amended to provide for one (1), seven (7) month extension. In the event the Lessee occupies the space following the expiration of the extension as called for in this Addendum, Lessee may occupy the space on a month to month basis with the lease rate adjusted at the discretion of the Lessor.
2. **RENTAL AND OTHER PAYMENTS** Section 3.1.2 shall be amended to read: Commencing on September 1, 2024 and continuing through March 31, 2025, such rental shall be increased to $48,930.92 per month, for an aggregate annual amount of rental of $587,171 ($13.00 per square foot of the Premises).
3. **RENTAL AND OTHER PAYMENTS** Section 3.1.4 shall be amended to read: Commencing on September 1, 2024 through March 31, 2025 Lessee shall pay to Lessor for three hundred (300) parking permits during the Term of this Agreement in the amount of $30,000.

4. **RENTAL AND OTHER PAYMENTS** Section 3.1.4.1 shall be amended to increase the annual charge for permits issued in excess of three hundred (300) to $125 per permit.

5. Except as amended, herein, the terms and conditions of the Lease, as previously amended by addendums one through eight shall, in all other respects remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals this_____day of_____, 2024.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** 2nd Addendum to Air Wisconsin Lease Agreement

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Appleton International Airport and Air Wisconsin Airlines, LLC desire to incorporate a 2nd addendum for the Terminal Lease Agreement. This addendum provides for one (1) seven (7) month extension through March 31, 2025. Monthly rent will be increased retroactively for the period September 1, 2024 through March 31, 2025 to $13.00 per square foot (from $12.75 per square foot). In the event Air Wisconsin occupies the space following expiration of the above extension, it shall be on a month to month basis with the lease rate adjusted at the discretion of the Airport. A budget adjustment is not required as the revenue is already included in the 2024 and 2025 budget.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [ ] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes (X) no ( ) partially ( ) n/a ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (X)

5. Is the proposal to accept additional revenues only? yes (X) no ( )

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes ( ) no (x) To be determined

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

Outagamie County — 12-10-24 County Board Meeting - December 10 2024 08:18:05 PM
December 10, 2024 County Board Meeting — OpenMeeting

RESOLUTION NO.: 113—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

In response to the ongoing needs and challenges arising from the COVID-19 pandemic, this resolution proposes to allocate Outagamie County's remaining American Rescue Plan Act (ARPA) funds to meet essential community and county objectives. Allocating ARPA funds to the following eligible areas is both timely and necessary as the County approaches the ARPA obligation deadline of December 31, 2024. This resolution seeks to fund the following priority areas:

- CAP Services, Inc., which provides more than two dozen programs aimed at strengthening social and economic equity within our communities. Their services align closely with several of Outagamie County's ARPA funding priorities, including housing support, job skills development, economic support, and childcare support. Due to the increased demand for their services resulting directly from the pandemic, this resolution proposes allocating ARPA funds to CAP Services, Inc. to sustain and enhance their critical support initiatives for individuals and families in need.
- Child Care Resource and Referral, Inc. (CCR&R) operates the Child Care Essential Services Program, which the County initially funded via a competitive ARPA grant of $750,000 in 2023. This program, designed based on a County needs assessment, has successfully provided centralized services to childcare providers, saving them time and money while enabling financial sustainability without raising tuition for parents. The substitute teacher funding pool, a particularly high-demand component of the program, requires additional funding to ensure its continuation through December 31, 2026. This resolution proposes allocating ARPA funds to CCR&R to extend this critical program, supporting childcare providers and families across Outagamie County.
- The Total Rewards Compensation Study, developed by McGrath Human Resources Group, provided a comprehensive market analysis of county positions and introduced a new wage schedule aimed at improving Outagamie County's ability to attract and retain employees in a competitive labor market. In 2023, the County Board directed the implementation of the study's recommendations by approving employee wage adjustments to take effect on December 17, 2023. This resolution proposes allocating the remaining unobligated ARPA balance as of December 31, 2024, to fund these wage adjustments. By investing ARPA funds instead of the County's previously appropriated General Fund dollars, the County preserves General Fund resources, enabling greater flexibility to address priority projects in 2025.

If, on December 31, 2024, Outagamie County has additional ARPA funding remaining than required to fund the initiatives outlined above, the remaining funding will be applied to supplement other existing County obligations that utilize ARPA funding.

By strategically directing ARPA funds to these eligible and impactful areas, the County can ensure compliance with ARPA requirements while addressing community and County needs in a meaningful and timely manner.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the allocation of $10,000 of ARPA funds to CAP Services, Inc. through a beneficiary agreement to support the increased demand for its services, as necessitated by the COVID-19 pandemic as noted in the attached fiscal note, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED that the Outagamie County Board of Supervisors does approve of the allocation of $200,000 of ARPA funds to Child Care Resource and Referral, Inc. through an amendment to their existing sub recipient grant agreement executed on October 12, 2023, to extend their Child Care Essential Services Program through the year 2026, said funding will support the substitute teacher service and related indirect costs through the extended period as noted in the attached fiscal note, which by reference is made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve of the allocation of the remainder of any unobligated ARPA balance as of December 31, 2024, including funds from both the State and Local Fiscal Recovery Fund (SLFRF) and the Local Assistance and Tribal Consistency Fund (LATCF), to cover expenses associated with the county-wide wage adjustments as was recommended in the Total Rewards Study and directed by the Outagamie County Board of Supervisors, said allocation will offset the need to utilize an estimated $4.25 million from Outagamie County's General Fund resources, thereby preserving these funds for other priority projects in 2025 as noted in the attached fiscal note, which by reference is made a part hereof, and

BE IT STILL FURTHER RESOLVED, that should there be remaining funding after completing the other obligations outlined in this resolution, the Outagamie County Board of Supervisors does approve of the allocation of any remaining ARPA balance to any other existing obligation that utilizes ARPA funding as noted in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Finance Director, the Outagamie County Development and Land Services Director, and the Outagamie County Human Resources Director.

Dated this 10th day of December 2024

MEMORANDUM

TO: Outagamie County Finance Committee
FROM: Kevin Englebert, Development & Land Services Director
DATE: November 25, 2024
RE: **ARPA Surplus Funding**

As we approach the conclusion of the American Rescue Plan Act (ARPA) obligation period on December 31, 2024, Outagamie County is experiencing a surplus of ARPA dollars due to planned projects either not materializing or being under budget. In light of this, county leadership explored options to expend the remaining funds in alignment with our needs. These broadly included:

- Examining existing internal projects to invest ARPA surplus funding
- Exploring other eligible options in the County's budget or future budgets
- Adding funding to existing external grants already funded via ARPA funding or funding select new external projects

As a reminder, the county must use all funding for an eligible ARPA purpose unless it is part of our lost revenue amount, which the county may use for any government purpose. With the obligation deadline approaching, the Finance Committee and the County Board need to pass a resolution to direct the remaining funding before year-end.

On November 19, 2024, county staff requested two resolutions for the Finance Committee's consideration to invest the remainder of our ARPA funds in projects that advance Outagamie County. The first resolution intends to obligate the remainder of our ARPA funding to the following purposes:

1. CAP Services - $10,000
2. Child Care Resource & Referral - $200,000
3. Outagamie County Employee Wage Study Implementation – Remaining Funds

The second resolution intends to direct the resulting savings of the county's ARPA investment into wage study implementation expenses to support the following projects:

1. Outagamie County Employee Child Care Center
2. Outagamie County Physical Therapy Space
3. Healthcare Stabilization Fund

It is our belief that these investments will take advantage of the federal funding we received to complete impactful initiatives that follow the spirit of the American Rescue Plan Act.

ARPA Eligibility and Recommended Initiatives

As mentioned, Outagamie County must obligate or spend all ARPA funding by December 31, 2024. As of November 25, 2024, the amount of ARPA funding surplus that the county will have at year-end is unknown but is estimated to be in the range of $1.7-$4.0M. Of that total, the amount of lost revenue funding remaining is also unknown although it is estimated to be less than the available surplus funding. Regardless of whether the funding is required to be used for an eligible purpose or is classified as lost revenue, the primary challenge that the county faces is the year-end obligation/spend deadline.

With this in mind, staff proposes that the county pass a resolution directing remaining ARPA funding toward select projects:

1. **CAP Services – General Operating Support - $10,000**

CAP Services is a private non-profit formed in 1966 to create opportunities for people experiencing poverty. With offices in Portage, Waushara, Marquette, Waupaca, and Outagamie Counties, CAP Services served over 7,000 people in 2023. They provide the following services:

- Skill Enhancement
- Small Business Assistance and Lending
- Rental Housing
- Small Dollar Loans and Auto Lending
- COVID-19 Housing Counseling and Mortgage Assistance

County leadership suggests directing funding to CAP Services via a beneficiary agreement to compensate them for increased services provided to Outagamie County residents during the COVID-19 pandemic.

2. **Child Care Resource & Referral – Essential Services Program Expansion - $200,000**

Staff proposes funding year three of the Child Care Essential Services Program. Specifically, staff recommends funding the substitute teacher float pool at no cost to Outagamie County child care providers. This service makes available three substitute child care teachers to child care providers to cover teacher absences, saving providers time and expense. Currently, this program is at-risk to close at the end of 2025. Approximately $200,000 would be required to fund this program in 2026.

3. **Outagamie County Employee Wage Study Implementation – Remaining Funding**

Additionally, staff recommends that the resolution direct any remaining ARPA balance towards wage study implementation expenses from the wage study adopted in 2023. Directing ARPA funding towards wage study implementation costs would free up corresponding general county revenue, which would have paid for increased wages. The corresponding savings could then be directed towards other funding priorities in 2025. Following this strategy relieves the county of the burden of calculating an exact ARPA remainder while at the same time ensuring that the County is compliant with ARPA regulations. It also frees up funds to invest in other projects of county importance.

Investment of County Savings

To follow the spirit of ARPA, staff recommends using savings from investing in the wage study implementation to support the Outagamie County Employee Child Care Center, the Outagamie County Physical Therapy and Wellness Center, and supplementation of the Healthcare Stabilization Fund.

During the summer of 2023, Outagamie County engaged Wipfli to create a survey for county employees ascertaining their desire for an Outagamie County employee child care center. The response from employees was positive. In February, Outagamie County released a Request for Information for Childcare Provider Partners seeking a potential partnership with a provider to create an Outagamie County employee child care clinic. We received three responses and developed an exploratory partnership with the YMCA who operates four group child care facilities in the Fox Cities currently.

In spring, we met with YMCA staff and toured a vacant wing of Brewster Village as well as the current VPI space in our agricultural/extension campus. For a variety of reasons, the VPI space is considered more conducive to a group child care facility. County staff then engaged Martenson & Eisele to develop a design concept for a group child care facility and an estimate of probable cost with the YMCA serving in an advisory capacity. In October, we received the final concept and opinion of probable cost.

At this point, we are still working on finalizing our partnership with the YMCA and all associated details. However, we expect to have a formal partnership established by early 2025. Therefore, we are seeking for the board to appropriate excess ARPA funds toward this initiative. Note that there is some existing funding in the facilities management budget to repurpose the former VPI space ($582,000) and this would supplement that funding.

The second initiative focuses on the development of the Outagamie County Physical Therapy and Wellness Center, which will be integrated with the County's Employee Health Clinic. Recently, the County contracted with ThedaCare to operate the employee health clinic, and this partnership includes expanding services to offer physical therapy. To support this expansion, the County enlisted Martenson & Eisele to design a dedicated physical therapy space at the County's Downtown Campus. Funding would support the reconstruction costs for this new wellness space.

If funds remain after the completion of both proposed projects, the proposed resolution directs those funds to the Healthcare Stabilization Fund. The County is in the process of transitioning its health plan to a self-funded model. This approach is expected to deliver potential cost savings, greater flexibility, enhanced decision-making, improved population health outcomes, and opportunities to innovate in healthcare delivery—such as fostering consumer-driven healthcare and creating tailored health programs. To ensure stability, it is recommended to maintain a balance in the Healthcare Stabilization Fund equivalent to three months of claims, approximately $5 million. Currently, the fund balance stands at $4.15 million.

Staff recommends approving both resolutions to effectively invest the remainder of our ARPA funding.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** ARPA allocations of remaining funds

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

To align with the ARPA obligation deadline of December 31, 2024 the County is proposing to use any remaining funds for the following purposes:

$10,000 to CAP Services
$ 200,000 to Child Care Resource and Referral
Any unobligated funds from the State and Local Fiscal Recovery and the Local Assistance and Tribal Consistency fund to cover the expenses associated with the 2024 wage adjustments as recommended in the Total Rewards Study.

Current Year Budget Impact (Check one or more of the following boxes)

[x] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes ( ) no (x)
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

December 10, 2024 County Board Meeting

OpenMeeting TECHNOLOGIES

RESOLUTION NO.: 114—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

In accordance with Resolution No. 113, Outagamie County allocated remaining American Rescue Plan Act (ARPA) funds to support the implementation of the Total Rewards Compensation Study. This action, which includes funding employee wage increases, will result in savings of the County's General Fund, estimated to be up to $4.25 million. These savings provide an opportunity for the County to reinvest in important County projects that will enhance employee infrastructure and promote a healthier and more supportive workplace.

The first project is the Outagamie County Employee Child Care Center anticipated to be located at the former VPI space on the County's Brewster Village Campus. In 2023, Outagamie County, with assistance from Wipfli, conducted a survey to assess employee interest in an employee childcare center, which received a positive response. Building on this interest, the County engaged local childcare providers, including the YMCA, to explore potential partnership opportunities. Discussions led to the identification of the former VPI space as a suitable location for an employee childcare center. Subsequently, the County contracted with Martenson & Eisele to develop a design concept for the facility with input from the YMCA. In October 2024, the County received the final design concept and an opinion of probable cost. This resolution proposes to allocate General Fund savings to supplement the existing $582,000 in the facilities management budget to cover construction costs for remodeling the former VPI space into a childcare center. Upon completion, the childcare center partnership aims to prioritize employee access to childcare as a strategy to attract and retain staff.

The second project involves the Outagamie County Physical Therapy and Wellness Center, associated with the County's Employee Health Clinic. ThedaCare, who the County recently contracted to operate the Employee Health Clinic, will add physical therapy services to the clinic's offerings. The County engaged Martenson & Eisele to develop design plans for a dedicated physical therapy space at the County's Downtown Campus. This resolution proposes to allocate General Fund savings to fund construction costs required to build out this new physical therapy and wellness space.

Should there be any remaining funds after completion of the two aforementioned projects, the remainder will be directed to the Healthcare Stabilization Fund. The County is actively working to transition the health plan to a self-funded model. This shift to self-funding offers the County potential cost savings, increased flexibility, enhanced decision-making capabilities, improved population health, and greater control to be innovative in healthcare delivery (e.g., promoting consumerism, developing creative health programs, etc.). It is recommended to maintain a balance of three months' worth of claims in the Healthcare Stabilization Fund, which would amount to approximately $5 million, with the current balance being $4.15 million.

Together, these projects will enhance employee wellness by providing convenient access to quality childcare, wellness/physical therapy services, and improved healthcare.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby approve the reallocation of General Fund savings, which resulted from using ARPA funds to cover 2024 employee wage increases, to support the development of the Outagamie County Employee Child Care Center as noted on the attached design concept and opinion of probable cost, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does hereby approve the reallocation of General Fund savings, which resulted from using ARPA funds to cover 2024 employee wage increases, to support the development of the Outagamie County Physical Therapy Center as noted on the attached design concept, which by reference is made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the Outagamie County Board of Supervisors does hereby approve the reallocation of any remaining General Fund savings, which resulted from using ARPA funds to cover 2024 employee wage increases, to the Healthcare Stabilization Fund as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Finance Director, the Outagamie County Development and Land Services Director, the Outagamie County Facilities Director, and the Outagamie County Human Resources Director so they may proceed with the planning and implementation of these projects.

Respectfully Submitted,

FINANCE COMMITTEE

Outagamie County — 12-10-24 County Board Meeting - December 10 2024 08:19:25 PM

December 10, 2024 County Board Meeting

OpenMeeting TECHNOLOGIES

RESOLUTION NO.: 115—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Wisconsin counties that participate in public library systems are responsible for providing library services to county residents who reside outside of communities that maintain their own libraries. Outagamie County is a member of the Outagamie Waupaca Library System (OWLS), therefore, it is required to engage in regular planning to ensure that county residents have access to adequate library services.

While county library service plans can address any appropriate issues, Wisconsin Statute Section 43.11 requires that a county library service plan must address the following:

- How public library service will be provided to residents of those municipalities in Outagamie County not maintaining a public library.
- The method and level of funding to be provided by the County in order to implement services described in the plan, including the reimbursement of municipal libraries for providing countywide library service.
- A method for allocating membership on the OWLS Board between Outagamie and Waupaca Counties.

This resolution approves the Outagamie County Library Service Plan: 2025-2029.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the attached *Outagamie County Library Service Plan: 2025-2029*, which by reference is made a part hereof, as planning to ensure that county residents have access to adequate library services, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie Waupaca Counties Federated Library Systems Director.

Dated this 10th day of December 2024

Respectfully Submitted,

FINANCE COMMITTEE

Chris Croatt

John Cuff

Karen Lawrence

Dana Johnson

Rick Lautenschlager

Outagamie County
Library Service Plan: 2025-2029

Recommended for Adoption to the
Outagamie County Board of Supervisors
By Outagamie County Library Services Planning Committee
October 17, 2024

Outagamie County Library Service Plan: 2025-2029

Introduction

Wisconsin counties that participate in public library systems are responsible for providing library services to county residents who reside outside of communities that maintain their own libraries. Because Outagamie County is a member of the Outagamie Waupaca Library System (OWLS), it is required to engage in regular planning to ensure that county residents have access to adequate library services.

While county library service plans can address any appropriate issues, Wisconsin Statutes Section 43.11 requires that the Outagamie County plan address at least the following:

- How public library service will be provided to residents of those municipalities in Outagamie County not maintaining a public library.
- The method and level of funding to be provided by the County in order to implement services described in the plan, including the reimbursement of municipal libraries for providing countywide library service.
- A method for allocating membership on the OWLS Board between Outagamie and Waupaca Counties.

In May 2024, the ten members of the OWLS Board residing in Outagamie County were designated to serve as the planning committee, and it developed this plan. A public hearing will be held, and the plan will be presented to the County Board of Supervisors for approval. It is intended for this plan to supersede the Outagamie County Library Service Plan: 2020-2024.

Review of the 2020-2024 County Library Service Plan

The Library Planning Committee's review of library service in Outagamie County indicates that the 2020-2024 Plan has been generally effective. Public libraries in the county have continued to do a good job of making high quality library services available to all residents of the county. They offer great value to the community, are open and welcoming to all, and provide a neutral, safe place for meetings. Participation in OWLS has been good for public libraries and library service in the county, and OWLS has done a good job of coordinating countywide library service. The principles articulated in the 2020-2024 Plan (Appendix B) continue to be valid and have guided the development of this plan.

The 2020-2024 Plan phased in the inclusion of electronic circulation in the funding formula. The decision to revise the formula was based on changes in library service and use due to the increasing availability and high demand for digital resources which allow patrons to make use of library collections without visiting the library building. This trend identified by the planning committee in 2019 has continued over the current plan period.

The COVID-19 pandemic had a profound impact on library service during the plan period. Physical circulation decreased 55% between 2019 and 2020 and then gradually rebounded to reach 78% of 2019 circulation in 2023. Use of electronic materials has increased each year. Total circulation of OverDrive items in 2019 was equal to approximately 12% of physical material circulation. Between 2019 and 2023, OverDrive circulation increased by over 50% to equal approximately 23% of physical circulation. Further growth in electronic circulation has been hindered by the size of the collection. Libraries cannot afford to purchase enough items to meet demand and waiting lists for popular titles are extremely long.

Because eligible expenditures increased 8% over the plan period, and total combined physical and electronic circulation decreased, Outagamie County libraries' average cost per circulation increased from $4.02 in 2019 to $5.03 in 2023.

Circulation to county residents living outside of communities with libraries decreased from 28% of total circulation in 2019 to 26% in 2023. During the period covered by the Plan, the County's payments to municipal libraries increased at an average of 2.4% per year.

The 2020-2024 Plan recommended maintaining library funding at 100% of the formula for providing countywide library service, a threshold first achieved in 2014 and successfully maintained through 2024 with one exception in 2021.

Another issue the plan addressed was to encourage the appointment of non-residents to library boards, especially those from the towns making the greatest use of the library. Local libraries were also encouraged to consider including youth members on their boards.

Finally, the committee considered another issue facing some Outagamie County public libraries. Libraries in municipalities located near the county line sometimes provide significant levels of service to residents of other counties, and OWLS regularly works to see that these libraries are compensated for their efforts. In 2024, the library boards and OWLS initiated billing of Winnebago County on behalf of Outagamie County libraries for service provided to Winnebago County residents who reside outside of communities that maintain their own libraries.

History of Funding

Because of the switch in funding methodologies that occurred in 2000, libraries were being funded at different percentage levels of the new formula. The 2000-2004 Plan attempted to hold libraries harmless by freezing payments to libraries with higher funding levels and increasing payments to libraries with lower funding levels. While this approach helped, there was still a large variation in funding levels among libraries.

Because it was not equitable for some libraries to be receiving reimbursements at a higher level than other libraries, the 2005-2009 Plan included a funding methodology that was more aggressive in moving libraries to the same funding percentage. Beginning in 2007, all libraries, except the Oneida Community Library, were funded at the same percentage level (78%) of the county funding formula. (The funding methodology for the Oneida Community Library is set in a separate agreement between Outagamie County and the Oneida Tribe of Indians of Wisconsin.)

This action required significant cuts in funding to some libraries. In 2005, two libraries received cuts, and one library did not receive a funding increase. In 2006, three libraries received funding cuts, and four libraries did not receive increases. In 2007, four libraries received funding cuts.

Because the amount and cost of library service provided to the county by municipal libraries had increased more rapidly than the county's reimbursements, the funding level dropped from 88.5% in 2000 to 75.8% in 2004. While the downward trend was reversed between 2005 and 2009, little progress was made as the funding level only increased from 79.0% in 2005 to 80.4% in 2009.

The biggest challenge for Outagamie County in the 2010 to 2014 Plan was to make better progress toward the goal of reimbursing municipal libraries at 100% of the funding formula for providing countywide public library service. Under the previous funding methodology, which called for increasing the funding level 1% a year, it would have taken 20 years to achieve 100% funding of the reimbursement formula.

Failure to fully compensate libraries for the county service they provide contributes to disparity in the levels of support for library service between municipalities with libraries and the remainder of the county. A result of receiving less than 100% funding is that municipal residents provide higher levels of support to subsidize the use of their libraries by non-residents.

Beginning in 2010, the budget request contained an amount sufficient to increase the overall funding level by 4% each year in order to fund all libraries at the 100% level by 2014. The 2015-2019 Plan maintained the same formula, and all libraries were funded at 100% for those five years.

The 2020-2024 Plan revised the formula to phase in reimbursement for electronic circulation over the plan period. The libraries were funded at 100% of the formula, subject to the phase-in percentage, for all of the plan years except 2021.

Year:	2010	2011	2012	2013	2014-2020	2021	2022-2024
Funding Level:	84%	88%	92%	96%	100%	97.4%	100%

Rationale for the 2025-2029 Plan

The Planning Committee has concluded that the current system of paying for library services (i.e., residents of communities with libraries support them through their local property taxes, and all other county residents pay for library service as part of their county taxes) has been fair and equitable for all parties.

Equitable funding for library service is a priority for the OWLS Board, for the libraries providing the service, and for their municipalities. Consequently, the Committee recommends that the county funding level be maintained at 100% of the county formula for the duration of this plan. Because library reimbursements are exempt from the county's levy limits, Outagamie County is in a position to provide full funding to municipal libraries without any impact on other county programs.

However, the Committee fully understands the economic difficulties facing all levels of government and that the recommended funding methodology is only possible because of the levy exemption. It

is understood by all parties that should library payments no longer be exempt from county levy limits the recommended funding methodology would need to be revisited.

Outagamie County has had a longstanding practice of reimbursing the Clintonville Public Library and the New London Public Library, both located in Waupaca County, using the funding methodology defined in this plan. The county planning committee has added item 4 in the following funding methodology section to codify this precedent.

County libraries report that they are unable to meet patron demand for digital materials for several reasons. Circulation statistics and materials requests demonstrate that demand is increasing for materials in digital formats, and digital formats usually cost libraries more than physical formats. For many years, libraries have been stretching collection budgets to their limits to buy more formats of the same titles, and smaller, more rural libraries in particular have been unable to invest in digital collections.

Digital borrowing has less "friction" than borrowing physical items. The patron does not have to make a trip to the library or even wait until it is open. In this way, digital collections make library service more accessible to county residents who live farther from libraries, and the committee believes that additional county support for electronic collections is justified. Outagamie County is encouraged to designate an amount of county funding each year, in addition to the formula reimbursement, that libraries may use for purchases in digital collections that are accessible to all county residents.

As in the past, it is recommended that the county board regularly appoint ten members to the OWLS Board. It is also recommended that OWLS continue to be the agent to coordinate the annual budget process.

Recommended Funding Methodology

The committee recommends the following funding methodology, which is based on a modification of the statutory funding formula, and which assumes that the amount the county taxes for library payments continues to be exempt from the county's levy limits. See Appendix C for definitions and a sample calculation.

1. Determine Each Library's Cost of Service
    a. A library's total operating expenditure in a given year, excluding capital expenditures and rent, less net building lease costs, less expenditures from federal sources, and less operating revenue from contracts, fines, fees, gifts, grants, or donations, is divided by total circulation during the same year to determine the library's cost per loan.

       Electronic circulation will be included as part of the total circulation provided by a library if that library includes an amount in its annual operating budget to purchase or lease items in electronic format, and if OWLS is able to obtain data from the content vendor that identifies the user's municipality.

   b. A library's cost per loan is multiplied by its number of loans to county residents living in jurisdictions that do not maintain libraries to determine the library's cost of service provided to the county.

2. This plan recommends funding libraries at 100% of the formula.

3. Determine Each Library's Payment
   a. Each library's payment will be determined by multiplying its cost of county service by the funding level for the particular budget year.
   b. Each library's payment under the county formula will be compared to the statutory minimum funding level for that library. If a library's funding under the county's formula is less than the required state minimum, its appropriation will be increased to the required minimum amount.

4. OWLS member libraries that are located in Waupaca County may request funding according to the funding methodology described in numbers 1-3 above when one or more of the following criteria is met.
   a. The municipality has territory in both counties.
   b. The library's circulation to Outagamie County residents who reside outside of communities that maintain their own libraries exceeds 5% of the library's total circulation.

5. Calculate county support for electronic collections
   a. Annually, OWLS will include in the county budget request an amount equal to 1% of the total funding formula request for home county libraries.
   b. OWLS will act as the fiscal agent for this pool of funding for electronic collections.
   c. A committee made up of library representatives will direct OWLS staff to purchase e-books and e-audiobooks in the shared digital collection.

6. The Oneida Community Library's payment will continue to be based on the methodology negotiated between Outagamie County and the Oneida Tribe of Indians of Wisconsin.

7. Annually, OWLS will coordinate the budget request process and will submit a budget request equaling the total of the payment amounts for all county libraries, qualifying Waupaca County libraries, the Oneida Community Library, and electronic collections.

8. The OWLS Board will monitor the effectiveness of this funding methodology and recommend any changes to Outagamie County. In 2029, this methodology will be evaluated by a new County Library Planning Committee.

Goals and Objectives

Goal A: To continue membership in OWLS in order to ensure that all residents of Outagamie County have access to all library services provided by all public libraries in the county and library system.

Objectives:

1. Outagamie County shall regularly meet all statutory requirements in order to continue its membership in OWLS. (2025-2029)
2. Outagamie County shall regularly appoint ten members to the OWLS Board in accordance with this plan and with Section 43.19, Wisconsin Statutes. (2025-2029)
3. Outagamie County shall designate the OWLS Board to coordinate the implementation of countywide library services. (2025-2029)
4. Outagamie County shall encourage all municipal libraries in the county to continue their memberships in OWLS. (2025-2029)
5. OWLS shall continue working with neighboring systems and counties to resolve intersystem service inequities so that Outagamie County libraries are compensated adequately for providing services to residents of other systems. (2025-2029)

Goal B: To compensate public libraries at 100% of the funding methodology included in this plan for providing service to county residents residing in jurisdictions without local libraries.

Objectives:

1. OWLS shall annually collect circulation and expenditure data from municipal public libraries in the county and prepare a library budget request based on the County's funding methodology. (2025-2029)
2. OWLS shall annually submit the library budget request to Outagamie County in accordance with county and statutory deadlines. (2025-2029)
3. Outagamie County shall annually appropriate funding to compensate municipal libraries for providing services to residents of jurisdictions without local libraries. (2025-2029)
4. Outagamie County shall pay its annual library appropriation to OWLS for distribution to the appropriate municipal libraries. (2025-2029)

Goal C: To engage in continuous planning and education regarding the provision of public library services to Outagamie County residents.

Objectives:

1. The OWLS Board shall annually review this plan and shall forward to the County Board any recommended revisions. (2025-2029)
2. The County Board shall appoint a library planning committee to revise this plan or develop a new county library service plan whenever warranted. (2025-2029)

3. The County Board shall appoint a library planning committee to revise this plan or develop a new county library service plan. (2029)
4. OWLS shall annually contact library directors and county officials to inform them of options for appointing non-residents and youth to local library boards and shall encourage them to make such appointments. (2025-2029)
5. OWLS shall regularly provide detailed statistical information to all municipal libraries about services provided to residents of all jurisdictions within the county. (2025-2029)
6. Outagamie County shall encourage all municipal libraries in the county to regularly share information with town and county officials about library use by their constituents. (2025-2029)

Guiding Principles

In order to develop a plan, it is necessary to articulate the underlying principles and assumptions that inform and shape the plan. This plan has been developed in the context of the principles and assumptions listed below. These principles are based on statutory requirements, history, or current practices.

1. All Outagamie County residents should have convenient access to high quality library services and should be free to use any public library in the county or library system.
2. Outagamie County should continue to rely on its existing municipal libraries to provide countywide library service. There is no need for the county to implement a new structure to provide additional library services.
3. The county has a responsibility to fairly compensate municipal libraries for providing countywide service.
4. The county should continue to contract with OWLS, and OWLS should continue to contract with the individual municipal libraries to ensure that countywide service is provided.
5. Public libraries within Outagamie County currently provide sufficient access to a high level of services. Any future county library service plans should attempt to preserve this level of access and services.
6. Because municipal libraries are making satisfactory efforts to provide appropriate services, this plan need not recommend any minimum service standards. However, all municipal libraries are encouraged to develop services in accordance with the Wisconsin Public Library Standards.
7. Local library boards have autonomous authority for determining local library service programs. This authority includes a responsibility to plan and deliver local library services in the most cost-effective manner possible.
8. Local libraries have a responsibility to collect and report the circulation and financial data used to determine county budget requests as accurately as possible.
9. Outagamie County encourages municipalities to appoint non-residents to their public library boards so that all county residents are represented in decision-making regarding library policies and operations.

Appendix C

Definitions and Sample Calculation

Circulation A circulation transaction is the act of loaning materials at a library in all physical formats for use outside the library. This activity includes checking out materials to users, either manually or through a self-checkout system, and renewing materials, each of which is reported as a circulation transaction. Include items circulated from all library units (e.g., main library, branches, bookmobiles, and book-by-mail programs) administered by the library board.

Electronic Circulation An electronic circulation is defined as an individual electronic file, corresponding to a commercial work, cataloged as a distinct resource, requiring user authentication for access, and made available for a limited, defined time period on an electronic device. As such "uses" or "hits" of electronic databases or similar files will not be considered electronic circulation.

For the purposes of calculating library reimbursements, OWLS uses data found in the *Wisconsin Public Library Annual Report* whenever possible. Library boards are required to file reports with the Wisconsin Department of Public Instruction's (DPI's) Division for Libraries and Technology (DLT) and the libraries' municipal governing body within 60 days of the conclusion of the fiscal year, under Wis. Stat. 43.58 (6) (a). Data not available in the report is collected from library directors or reports generated by OWLS.

Sample Library Reimbursement Calculation

Formula Variables	Data Source	Example	Notes
Total Operating Expenditures	Library Annual Report, Section VI. Field 6.	$ 400,000	
Exclude Capital Expenditures	Library Annual Report, Section VII.		Capital expenditures and rent paid to the municipality or county are not included in operating expenditures in library annual reports, so do not need to be deducted here.
Less Rent	Library Annual Report, Section VII.		
Less Net Building Lease Costs	Reported to OWLS by library director	$ -	Most libraries do not lease their buildings, and this data is not explicitly called out in the library annual report.
Less Federal Expenditures	Library Annual Report, Section VI. Field 7.	$ (200)	
Less Contract Income	Library Annual Report, Section V. Field 5.	$ -	Libraries rarely have contract income
Less All Other Operating Income	Library Annual Report, Section V., Field 7.	$ (20,000)	Includes operating reveneu from fines, fees, gifts, grants, and donations.
Operating Expenditures per County Formula		**$ 379,800**	
Circulation	Library Annual Report, Section III. Field 1a.	60,000	
Electronic Circulation	Library Annual Report, Section III. Field TBD	10,000	This field will be moved to section III for the 2024 library annual report. The instructions with the final field number have not been published as of the writing of this plan.
Total Circulation per County Formula		**70,000**	
Cost per Loan		**$ 5.43**	Operating expenditures divided by total circulation
Circulation to County Residents	Library Annual report, Section XI. Field 2b.	20,000	
Electronic Circ to County Res.	Reports generated by OWLS	4,000	
Total Circulation to County Residents		**24,000**	County residents living in jurisdictions that do not maintain libraries.
Cost of Service Provided to the County by the Library		**$ 130,320**	Cost per loan multiplied by total circulation to county residents living in jurisdictions that do not maintain libraries
Funding Percentage	Determined during county budget process	100%	Plan recommends maintaining 100% funding
County Reimbursement to Library for Service Provided to County Residents		**$ 130,320**	Cost of service multiplied by funding percentage

Summary of Key Changes in the 2025-2029 County Library Service Plan

Section	Changes
Introduction	Dates were updated
Review of the 2020-2024 Plan	Updated to reflect events of the prior 5 years, including the COVID pandemic, and related trends in library service.
History of Funding	Added a paragraph describing the 2020-2024 plan period.
Rationale for the 2025-2029 Plan	Presents the planning committee's reasoning behind two additions to the plan: • Codifying in-system, adjacent county reimbursement • Funding for electronic collections
Recommended Funding Methodology	• The wording in step 1 has been clarified, but the formula was not changed. • Definitions of circulation and electronic circulation have been moved to an appendix. • Item 4 has been added to codify longstanding practice in Outagamie County. It will not increase the annual budget request unless usage patterns change significantly. • Item 5 has been added to fund electronic collections. It will increase the annual budget request.
Goals and Objectives	No changes
Appendix A – Committee Members	Updated
Appendix B – Guiding Principles	No changes
Appendix C – Definitions and Sample Calculation	New, added for clarity

LOCK IN OF ALL APPOINTMENTS, ORDINANCE NOS. Z-7 AND C—2024-25, AND RESOLUTION NOS. Z-6, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 115, 116, 117, AND 118—2024-25.

12-10-24 County Board Meeting - December 10 2024 08:20:10 PM

December 10, 2024 County Board Meeting

OpenMeeting TECHNOLOGIES

RESOLUTION NO.: 116—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Deputy Sheriff's Association (DSA) contract negotiations ended in arbitration this year. Therefore, the cost of outside counsel was higher than budgeted for in 2024. The Human Resources Department had a staff opening for a majority of the year, which will offset the contract negotiation expenses. This resolution approves transferring $35,300 from the Human Resources Salaries line item to the Negotiation, Mediation and Arbitration Purchased Services line item to fund the expense for negotiation and arbitration.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby and herewith authorize transferring $35,300 from the Human Resources Salaries line item to the Negotiation, Mediation, and Arbitration Purchased Services line item to fund the expense for negotiation and arbitration of the Deputy Sheriff's Association (DSA) contract as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, Outagamie County Human Resources Director, and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

Sara MacDonald

Ryan Ferguson

John Kostelny

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Transfer funds from HR Salaries to HR Negotiations

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Due to DSA negotiations ending in arbitration this year, the cost of counsel was higher than budgeted for 2024. The HR department also had a staff opening for a majority of the year, so this request is to transfer excess salary from the Human Resources Department to fund the expense for negotiation and arbitration in that cost center.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no ( ) partially (x)

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below yes (x) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Human Resources	Salaries	1006000.5100	(35,300)
Negotiation, Mediation, Art	Purchased Services	1006005.5500	35,300

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes (x) no ( ) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost _____ Annual Revenue _____

12-10-24 County Board Meeting - December 10 2024 08:20:52 P

December 10, 2024 County Board Meeting

OpenMeeting TECHNOLOGIES

RESOLUTION NO.: 117—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

Annually, the Finance Department brings forward a request to write-off delinquent accounts. These are accounts that have been billed to customers throughout all of the county's operations but have not been paid in full. In most cases, the County will continue to seek collection through using a collection agency, continuing to work with the customer or working with Corporation Counsel.

This resolution authorizes writing off Accounts Receivables (A/R) for 2024 in order for the A/R records to be limited to those deemed currently collectible.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize writing off the 2024 Accounts Receivables as referenced on the attached Delinquent Accounts Receivable Write-offs for 2024 memo and spreadsheets, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Finance Director is authorized to remove these receivables from the County records and deem them no longer collectible, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Finance Director.

Respectfully Submitted,

FINANCE COMMITTEE

Chris Croatt

RESOLUTION NO.: 118—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

A settlement agreement has been reached with the Deputy Sheriff's Association (DSA), through arbitration, for 2023-2025. The agreement includes:

- Term of the Agreement:
  - From January 1, 2023 to December 31, 2025
  - Three year term; Revise applicable dates to align with the agreed upon duration of the new Agreement
- Wage Increase:
  - 3% beginning the first pay period in January, 2023
  - $2 per hour beginning first pay period in January, 2024
  - 2% beginning the first pay period in January, 2025
  - 1% beginning the first pay period in July, 2025
- Vacation Policy:
  - Two (2) weeks of vacation upon hire (remove "after 1 year of continuous service")
  - Three (3) weeks of vacation after three (3) years of continuous service
  - Four (4) weeks of vacation after eight (8) years of continuous service
  - Five (5) weeks of vacation after fifteen (15) years of continuous service

All costs have been included in the budget; therefore, no budget adjustment is needed at this time.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the attached Agreement between Outagamie County and Outagamie County Deputy Sheriff's Association 2023-2025 and Final Offer of Outagamie County to the Outagamie County Deputy Sheriff's Association documents, which by reference are made a part hereof, with no budget adjustment needed as all costs have been included in the budget, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive, Outagamie County Human Resources Director, and the Outagamie County Finance Director.

Dated this 10th day of December 2024

Respectfully Submitted,

LEGISLATIVE/AUDIT & HUMAN RESOURCES COMMITTEE

Cathy Spears

AGREEMENT

PREAMBLE

It is the intent and purpose of the parties hereto that this Agreement shall promote and improve working conditions between the County and the Outagamie County Deputy Sheriff's Association and to set forth herein rates of pay, hours of work, and other terms and conditions of employment to be observed by the parties hereto.

ARTICLE 1 – MANAGEMENT RIGHTS

1.01 – Except as herein otherwise provided, the management of the work, and the direction of the work forces, including the right to hire, promote, transfer, demote, or suspend or discharge or otherwise discipline for proper cause, and the right to relieve employees from duty or to lay off employees is vested exclusively in the Employer, Outagamie County. In keeping with the above, the Employer, Outagamie County, shall adopt and publish reasonable rules which may be reasonably amended from time to time. The County and the Association will cooperate in the enforcement thereof.

ARTICLE 2 – RECOGNITION

2.01 – This Agreement made and entered into at Appleton, Wisconsin, pursuant to the provisions of Chapter 111.70 of the Wisconsin Statutes by and between Outagamie, hereinafter referred to as the "County" and the Outagamie County Deputy Sheriff's Association, sole bargaining agent for all regular permanent full-time and regular permanent part-time employees within the Sheriff's Department having the power of arrest, excluding the Sheriff, Undersheriff, Captains, Lieutenants, Staff Sergeants, and all confidential, supervisory, and managerial employees and independent contractors, hereinafter referred to as the "Association". This provision shall not be interpreted for purposes other than the identification of the bargaining representative and of the bargaining unit.

ARTICLE 3 – PROBATIONARY PERIOD– SENIORITY– LAY OFF

3.01 - An introductory period is a trial period of employment during which time an employee is required to demonstrate acceptable capability for continued employment in that position.

3.02 - Introductory periods are entered when an employee is newly hired, transferred or when promoted into a new position with a new salary. The length of time for initial introductory periods is as follows:

- A new full-time patrol officer will have a (12) twelve month introductory period, beginning upon satisfactory completion of the Field Training Program which is day (1) one of solo patrol status. This includes all employees, ie. an employee moving from part-time patrol within CJU, full or part-time corrections employees as well as Telecommunications or any other county position.
- A new, part-time patrol officer will have a (12) twelve month introductory period, beginning upon satisfactory completion of the respective Field Training Program.

- Employees promoted to Law Enforcement Specialist status will have a (6) six month introductory period, beginning upon satisfactory completion of required training.
- Employees demoted from Law Enforcement Specialist to Deputy either by the choice of management or the employee, shall be entitled to move back to a Deputy position.

3.03 - Employees will receive an introductory evaluation and/or a written notice, which is completed by the manager/supervisor, indicating whether the employee has passed or failed the introductory period, or if the introductory period has been extended.

3.04 - Periods of time during which the employee is not working in the job may be disregarded as counting toward the employee's introductory period. However, as circumstances warrant, the county may extend any introductory period for up to an additional three (3) months.

3.05 - During an employee's introductory period, he/she may be terminated at the discretion of the county without regard to cause and without recourse to the employee complaint process. Continued employment beyond the introductory period, without an extension, is taken as evidence of satisfactory completion of the introductory period.

3.06 – Seniority, as used in this Agreement, shall consist of the total calendar time of continuous full-time employment elapsed since the date of original employment with the County in this bargaining unit. Continuous full-time employment includes periods of time where the employee would have otherwise worked but for a work-related injury. Part-time employees will gain seniority on the above basis, prorated according to actual time worked in relation to a full-time employee. Except as specified above, continuous employment shall not include any period of layoff or unpaid leave of absence in excess of thirty (30) days. An employee shall lose his or her seniority and shall terminate the employment relationship for any of the following reasons:

a) Discharge.
b) Resignation.
c) Retirement.
d) Unexcused failure to return to work after the expiration of a leave of absence or period for which Worker's Compensation was paid or failing to report to work within five (5) days after notice of recall from layoff.
e) On layoff for a continuous period of time equivalent to twelve (12) calendar months.

In the event an employee transfers from this bargaining unit to other County employment, the employee will maintain seniority in this bargaining unit equal to the seniority the employee had at the time of the transfer, but will lose such seniority unless the employee returns to this bargaining unit, pursuant to Article 20, within six (6) months of the transfer.

3.07 – LAYOFF

a) In the event of a layoff or a reduction in the number of employees in any job classification, the employee with the least amount of classification seniority in the job classification selected by the County for the layoff or reduction will be initially selected for the layoff or reduction.

b) Such employee may displace that employee with the least amount of classification seniority in an equal or lower paying job classification in which the employee had previously worked, provided such employee has more bargaining unit seniority An employee laid off from a protective occupation classification who had not previously worked as a Patrol Officer shall be allowed to displace a Patrol Officer, provided such employee has more bargaining unit seniority. Employees displaced pursuant to this procedure will be allowed to exercise the same displacement rights, if they have sufficient seniority.

c) Classification seniority shall consist of the total calendar time of full-time employment (part-time employment will be prorated according to actual time worked in relation to a full-time employee) in a particular job classification listed in Appendix "A", e.g. Law Enforcement Specialist, Patrol Officer. An employee who permanently leaves one job classification will maintain the classification seniority he or she had at the time of leaving, but will not accrue further seniority in his or her former classification unless he or she permanently returns to such classification. Classification seniority will terminate if an employee loses his or her bargaining unit seniority pursuant to Section 3.05.

d) Employees will be recalled to openings in a job classification in which they formerly worked in the inverse order of their layoff or reduction from that classification. Such recall rights will no longer be available for any employee who is on layoff for a period of time equivalent to twelve (12) calendar months. Employees working in a different job classification because of a reduction in the number of employees in their former classification or because initially selected for layoff will retain recall rights to openings in their former job classification as long as they are working in a different job classification.

ARTICLE 4 – RULES AND REGULATIONS

4.01 – The rules and regulations of the Outagamie County Sheriff's Department as established by the County in accordance with the provisions of and pursuant to Chapter 111.70 of the Wisconsin Statues shall be made a part of this Agreement by reference. The Association shall be given thirty (30) days' notice on any new rule or regulation primarily related to wages, hours and conditions of employment proposed before it becomes effective.

ARTICLE 5 – DEFENSE OF OFFICERS BY THE CORPORATION COUNSEL

5.01 – The County shall authorize the Corporation Counsel to defend actions brought against any employee growing out of any acts done in the course of his or her employment or out of any alleged breach of his or her duty as such employee.

5.02 – Any judgment obtained against such employee shall be paid by the county provided the employee acted within the scope of his or her job.

ARTICLE 6 – DUES DEDUCTION AGREEMENT

6.01 - The County agrees it will deduct from the monthly earnings (on a bi-weekly basis) of all employees in the collective bargaining unit, who individually sign a due deduction authorization form provided by the County where the employee is knowingly and affirmatively consenting to the deduction of dues from the employee's paycheck, an amount equal to the monthly dues, as certified by the Association, and pay said amount to the local Treasurer of the Association on or before the end of the month following the month in which such deduction was made.

6.02 - Changes in the amount of dues to be deducted shall be certified by the Association sixty (60) days before the effective date of the change.

6.03 - As to new employees, such deduction for monthly dues shall be in no way construed as a waiver of the twelve (12) month probationary period. It shall be the employee's responsibility to sign the dues deduction authorization form and to provide the signed form to the County and Association no less than 30 days prior to the date in which the dues deductions are to commence.

6.04 - The County will provide the Association with a list of employees from whom such deductions are made with each monthly remittance to the Association.

6.05 - No employee shall be required to join the Association, but membership in the Association shall be made available to all employees who apply consistent with the Association Constitution and By-Laws. No employee shall be denied Association membership because of race, creed, color, sex, religion, age, or any other protected status. Authorization of dues deductions by a member may be revoked upon notice in writing to the County or to the Association and with the understanding that the deduction will cease as reasonably as practical after receipt of written notice of revocation.

6.06 - It is agreed that the County shall be held harmless from any money judgment which may be rendered against it arising out of a legal controversy regarding the Fair Share Agreement. In the event of such controversy, the Association shall defend the action on behalf of itself and the County and shall be responsible for any expenses it may incur in defending said Fair Share Agreement. In the event that the County decides to tender its own defense, the County shall be responsible for its own costs and expenses, including legal fees.

ARTICLE 7 – GRIEVANCE PROCEDURE

7.01 – Both the Association and the County recognize that grievances should be settled promptly and at the earliest possible stages and therefore, agree that any grievance must be initiated at Step 1 within fifteen (15) calendar days of the incident, or within (15) calendar days that the Association becomes aware of the incident, or it shall be considered invalid.

7.02 – Only matters involving the interpretation, application or enforcement of this Agreement which may arise between the County and employee (employees) or the County and the Association shall constitute a grievance and shall be processed in the following manner by the aggrieved employee or the Association. Individual grievances shall be signed by the aggrieved party. Association grievances shall be signed by the Association's President or his/her designee. The written grievance shall include a listing of the section(s) violated, the details of the violation and the remedy requested. If these items are not listed, the grievance will be returned for the items to be included.

Step 1. The aggrieved employee or the Association shall present the grievance in writing to his or her immediate supervisor outside the bargaining unit. The employee may present the grievance alone or accompanied by an Association representative. The immediate supervisor shall respond in writing within five (5) days after receipt of the grievance to the aggrieved employee and the Association. The grievance shall be considered settled in Step 1, unless it is presented in writing to the Sheriff within five (5) days of receipt of the Step 1 answer or last date due.

Step 2. The Sheriff or his or her designee shall, within five (5) days of receipt of the grievance, hold an informal meeting with the aggrieved employee, the Undersheriff and/or supervisor and the Association representative, and make a written reply within five (5) days of such meeting to the aggrieved employee and the Association. The grievance shall be considered settled in Step 2, unless it is presented in writing to the County Human Resources Director within five (5) days of receipt of the reply of the Sheriff or last date due.

Step 3. The County Human Resources Director shall set up a meeting with all parties within ten (10) days of receipt. The County agrees that time spent in the presentation of grievances at the third step by up to two (2) designated Association officials and the grievant during working hours shall not be deducted from the pay of such employees. Within five (5) days of such meeting, the County Human Resources Director shall submit to all parties a written determination of the grievance. The grievance shall be considered settled in Step 3, unless the Association notifies the County Human Resources Director in writing within five (5) days of receipt of the written determination of the County Human Resources Director (or designee) or last date due, of its intent to appeal the matter to arbitration.

Step 4. Unless the parties agree otherwise, the Association shall request the WERC to submit a panel of five (5) arbitrators to the parties. The parties shall alternately strike names from the panel until one remains, who shall be appointed the arbitrator. The Association shall make the first strike. The decision of the arbitrator shall be final and binding on the parties and the arbitrator shall be requested to issue a decision in writing within thirty (30) days of the conclusion of the testimony and argument. In rendering his

or her decision, the arbitrator shall neither add to, detract from nor modify any of the provisions of the Agreement.

7.03 – Unless the parties agree otherwise, expenses for the arbitrator's services and the proceedings shall be borne equally by the County and the Association. However, each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim record of the proceedings, it may cause such a record to be made providing it pays for the record and makes copies available without charge to the arbitrator.

7.04 – The Association may appoint representatives of the Association and shall inform the County of the names of the individuals so appointed, and of any change thereafter made in such appointments. The County shall allow the representatives the necessary time to process grievances during the course of the duty day.

7.05 – The time periods in this Article except in Section 7.01 shall not include Saturdays, Sundays and holidays and any time period may be extended by mutual agreement of the parties. Initiation and appeals of grievances, notifications, answers and replies will be deemed made or presented as of the date of the postmark, if such are mailed.

7.06 – A settlement of an individual grievance which was not obtained through arbitration will not be used as a binding precedent on the Association or any employee in the bargaining unit other than the individual grievant involved if such grievance was neither processed by nor filed by the Association. Nothing in this Article shall be construed to permit a grievance to be appealed to Step 4 without the approval of the Association.

ARTICLE 8 – HOURS

8.01 – WORK WEEK

A. The normal workweek for full-time Patrol Officers will be 5 on-2 off, 5 on 3-off and the normal workday for such employees shall consist of an eight and one-third (8.33) hour shift.

B. The normal workweek for full-time employees assigned to the Criminal Justice Unit (CJU) and the MEG Unit, and Law Enforcement Specialists assigned to investigations, shall average forty (40) hours based on a fifty-two (52) week year. The normal workday for such employees shall consist of an eight (8) hour shift.

C. The normal workweek for full-time Law Enforcement Specialists will be 5 on-2 off, 5 on-3 off, and the normal workday for such employees shall consist of an eight and one-third (8.33) hour shift. Shift times as Law Enforcement Specialists may vary from shift times for Patrol Officers, up to four (4) hours before or after the Patrol Officer shift times. Shift times may be changed for any one or all of the Law Enforcement Specialists upon twenty-four (24) hour notice to the employee or employees involved.

D. Assignment of staff covered under this agreement will be made in the following manner:

1. Assignments to the various shifts shall be selected by bargaining unit seniority each October. The assignment to the shifts are set for one year.

2. When an opening occurs on a shift during the year and such opening is not subject to the job posting provisions of the contract, it will be filled as follows:

    (a) If the opening occurs prior to September 1, it will be posted and filled by seniority. Management retains the right to set the date for the change based on manpower and training issues within a reasonable time frame.

    (b) If the opening occurs on or after September 1, it may be filled by management within its sole discretion.

    (c) An individual who is awarded a change in shift under this procedure will carry forward his/her vacation selections, subject to availability. In the event that the individual's vacation is not available on the new shift, the individual will select vacation, subject to vacation availability on the new shift.

ARTICLE 9 – OVERTIME

9.01 – Employees will be compensated at the rate of time and one-half ($1^1/_2$) based on their normal rate of pay for all hours worked in excess of their scheduled workday or workweek, provided however, that for part-time employees such rate shall be paid for all hours worked in excess of forty (40) in any workweek.

9.02 – A call-in is defined as any time an employee is required to work outside of his or her normally scheduled hours except hours which are worked consecutively prior to or subsequent to the employee's scheduled work hours. An employee shall be entitled to call-in pay when required to work outside of his normally scheduled hours as herein defined. The employee shall receive the greater of three (3) hours pay at the employee's regular rate of pay or overtime pay for the actual hours worked, whichever is greater.

9.03 - Aside from overtime sign up, emergency situations or as specified otherwise in this Agreement, overtime must be authorized and approved by the Department Head or division head before overtime can be paid.

9.04 – In lieu of pay for up to one hundred (100) overtime hours per year, an employee may request compensatory time off on a straight-time basis. Such time off will be granted at a time mutually agreed upon between the employee and the Sheriff or his or her designee. In addition, all compensatory time on the books shall be paid out as of December 15 of each calendar year.

9.05 - Overtime Allocation. These allocation rules cover all overtime shifts pertaining to

Patrol, Civil Process, and Criminal Justice Unit (Transports):

a) All overtime is allocated by seniority. Seniority is based upon bargaining unit seniority within the bargaining unit currently known as the Outagamie County Deputy Sheriff's Association.

b) At the beginning of every month the known overtime is posted on the board in the squad room. If additional overtime becomes available during the month (i.e., because of vacation, training, etc.) it is added to the posting on the board.

c) Officers can bump a junior officer who signed for the posted overtime up until twenty-four (24) hours prior to the overtime assignment. Employees exercising the bumping right shall notify the officer bumped.

d) The officer with the most seniority twenty-four (24) hours prior to the posted overtime assignment is given the assignment.

e) If overtime is created twenty-four (24) hours or less before the overtime assignment is to begin, one person from the shift working at the time immediately prior to the shortage shall be held over to work one-half of the next shift, the other half of the shift will be worked by someone called in from the next shift. Both of these individuals shall be chosen by bargaining unit seniority amongst those available. If no one voluntarily takes the overtime it shall be assigned to the junior most officer available. If there is someone not on the current or upcoming shift that is willing to cover the shift, it is the responsibility of the least senior officer to contact that individuals and make arrangements for someone to come in to cover the need in lieu of the least senior officer. Any arrangements made must also be brought to the attention of the Staff Sergeant or supervisor on duty.

f) A whole shift of posted overtime may be split into two separate overtime assignments, each assigned to a different officer. A junior officer can bump senior officers who split a shift of posted overtime if the junior officer takes the whole posted overtime shift. Employee exercising the bumping right shall notify the officer(s) bumped.

g) If a shift becomes short because of someone calling in sick or other unforeseen reason, one person from the shift working at the time immediately prior to the shortage shall be held over to work one-half of the next shift (if they are still on duty), the other half of the shift will be worked by someone called in from the next shift. Both of these individuals shall be chosen by bargaining unit seniority. If no one voluntarily takes the overtime it shall be assigned to the junior most officer.

h) It is the intent of the parties to handle special assignment overtime as it has been handled in the past.

ARTICLE 10 – WORKER'S COMPENSATION DIFFERENTIAL PAY

10.01 – In the event an employee becomes entitled to and receives Worker's

Compensation payments for temporary-total or temporary-partial disability under Chapter 102, Wisconsin Statutes, the employee's Worker's Compensation payments will be supplemented so that the employee will receive eighty percent (80%) of his or her full salary during said period up to a maximum of twenty-six (26) calendar weeks from the date of the original injury or illness. This shall be accomplished by the County paying the employee the difference between the employee's Worker's Compensation check and the employee's normal salary for the period covered by said Worker's Compensation check. For purposes of this article only, an employee shall be considered as entitled to Worker's Compensation payments for temporary-total or temporary-partial disability during the first three (3) days of any illness or injury, notwithstanding the provisions of Chapter 102, Wis. Stats. This article shall apply only to full-time employees.

10.02 – The County will continue to pay the County's share of the Health Insurance premium for an employee during the period such employee is receiving temporary-total disability Worker's Compensation benefits, up to a maximum of twelve (12) consecutive months from the date of the original injury or illness. The first month shall be the month in which the temporary-total disability began if such disability began prior to the 15th of that month, or it shall be the month immediately after the month in which the temporary- total disability began if such disability began after the 15th of that month.

ARTICLE 11 – PAID HOLIDAYS

11.01 – All permanent full time employees will receive one (1) day's pay for each of the holidays as listed in Appendix "B" that are not worked as part of the employee's regular work schedule, except that employees on a 5-2, 5-3 work schedule will receive one-half (1/2) day's pay for the afternoons of December 24th and December 31st. Permanent part-time employees who work at least an average of thirty (30) hours per week shall receive holiday benefits on a prorated basis according to actual time worked in relation to a full time employee.

To be eligible for holiday pay, employees shall work the scheduled workday immediately prior to and immediately after the holiday, unless on excused absence with pay for these days or unless the employee worked the holiday.

Any employee who works the listed holidays as part of his/her regular work schedule shall receive one and one-half (1 $^1/_2$) times their regular pay in addition to their regular pay, for a total of two and one-half (2 $^1/_2$) times their regular rate.

In the event Christmas Eve, Christmas Day, New Years Eve or New Years Day falls on a weekend, the Human Resources Director shall assign the work day (either immediately before or after the holiday) to be observed by those employees working a 5-2 schedule.

11.02 – Floating Holidays. Employees hired between January 1 and June 30, and who are listed in Appendix "B" are entitled to one or more floating holidays, upon hire. Employees hired on or after July 1 of a calendar year, and who are listed in Appendix "B" as entitled to one or more floating holidays, are not eligible for such floating holidays during the remainder of that calendar year of employment. In the event any employee

terminates employment without having taken a floating holiday(s) during the calendar year, such floating holiday(s) shall be canceled and may not be reinstated or paid for. An employee will not be allowed to use a floating holiday(s) after having given notice of termination except in the case of retirement into the Wisconsin Retirement System.

If an employee moves from one employee group to another or has a status (i.e. part- time to full-time) change throughout the year, any floating holidays they are eligible for will be based on the transfer date into the new employee or status. If the employee moves to the employee group prior to July 1st, they will acquire the floating holiday count for their new employee group less any hours that they have already used. If the employee moves July 1st or later, there is no change and they will keep the balance they had at the beginning of the year, less any floating holidays used.

ARTICLE 12 – VACATIONS

12.01 – The vacation policy for the Sheriff's Department is as follows:
2 weeks of vacation upon hire
3 weeks of vacation after three (3) years of continuous service
4 weeks of vacation after eight (8) years of continuous service
5 weeks of vacation after fifteen (15) years of continuous service

Continuous service shall not include any period of layoff or unpaid leave of absence in excess of thirty (30) days.

12.02 – A week is defined as five (5) days of vacation for all employees.

12.03 – Vacation benefits shall be accrued at a rate of one-twelfth (1/12) of the employees' authorized vacation for each full month of employment in the previous anniversary year. A full month of employment is any month in which the employee has received pay for a least ten (10) regular workdays. "Pay" includes regular pay, sick leave pay, vacation pay, funeral leave pay, and, for employees working a 5-2 work schedule, holiday pay.

12.04 – Vacation allowances shall not be cumulative and must be taken during the anniversary year of authorization, however, an employee may carry over up to five (5) vacation days to the next anniversary year for use in but not beyond that next anniversary year (on termination such carry over vacation shall be paid for at the wage rate in effect at the end of the prior anniversary year; carry over vacation shall be considered the first used in such next anniversary year for this purpose).

12.05 – In cases of termination for reasons other than discharge for cause or voluntary separation without a two week (14) day notice or without remaining in active employment during the fourteen (14) days after notice of termination, an employee will be paid for his/her authorized but unused and/or his/her accrued but unauthorized vacation allowance on the following basis:

a) An employee who terminates employment prior to completing one year of

continuous service shall not be eligible for any payment whatsoever.

b) An employee, except one listed in paragraph (a), will receive payment for all vacation allowance authorized at the start of their current anniversary year but unused at the date of termination, provided however that if such employee terminated employment prior to completing an anniversary year of continuous service, such employee shall not be eligible for payment for any additional vacation allowance authorized because the employee would have moved to a higher vacation eligibility level.

c) An employee, except one listed in paragraph (a), will receive payments for accrued but unauthorized vacation allowance on a pro-rata basis from the employee's previous date of hire anniversary to the date of termination (computed to the nearest one-quarter month) and based on such employee's eligibility level as of the date of termination and the accrual provisions contained in Section 12.03.

12.06 – The Department Head shall have a vacation schedule available for employees on or before January 1 preceding the year vacations are to run, so that picking vacations can be by classification seniority by rank and subject to present procedure and practice. (In case utilization of classification seniority under this Article results in a tie, bargaining unit seniority will then be used.) Any vacation picks not made on such vacation schedule by March 1 of the year vacations are to run will be granted only as permitted by the Sheriff, regardless of seniority. The following vacation selection procedure will be followed:

a) Classification seniority by rank will prevail as far as selection of an employee's first week of vacation.

b) After all employees have selected one week of vacation, each employee will be given a choice of his/her second week of vacation according to classification seniority by rank.

c) The same procedure will be used until all accumulated vacation is posted.

d) A list will be posted and any employee who does not have all of his or her vacation filled in by March 1 will not have seniority choice.

e) This policy shall apply to all divisions of the Sheriff's Department.

12.07 – Permanent part-time employees who work at least an average of thirty (30) hours per week shall receive vacation benefits on the above basis pro-rated according to actual time worked in relation to a full-time employee.

12.08 – Vacation Usage for Deputies

a) Only two (2) Deputies per shift will be allowed off on vacation, floating holidays or compensatory time off. This provision does not apply to contracted positions outside

the Outagamie County Sheriff's Office.

If the 5-3 Side Bar Agreement is terminated, the language in this section shall revert back to the language of the 2016-2017 collective bargaining agreement

b) One (1) additional deputy would be allowed off per shift under the following conditions:

i) That the request is made within fourteen (14) days of the requested day off; And
ii) If allowing the additional deputy off would not cause overtime based upon the number of deputies scheduled to work that day.

c) That on days of the monthly ERT training individual vacation days will not be allowed but requests for a week of vacation will be administered in the normal manner. The definition of "a week of vacation" is "five (5) successive scheduled work days which may or may not be separated by scheduled days off".

d) That the days for the ERT training will be posted by January 1 each year for the entire year.

ARTICLE 13 – SICK LEAVE

13.01 – Every full-time employee of the department shall be entitled to sick leave of one (1) workday with pay for each completed month of service after satisfactory completion of six (6) months service from the date of initial employment. Permanent part-time employees who work at least an average of thirty (30) hours per week shall receive sick leave benefits on the above basis pro-rated according to actual time worked in relation to a full-time employee. A completed month of service is any month in which the employee has received pay for at least ten (10) regular workdays. "Pay" includes regular pay, sick leave pay, vacation pay, funeral pay, and for employees working a 5-2 schedule, holiday pay.

13.02 – Permanent full time employees may accumulate unused sick leave up to a total of one hundred and twenty (120) days. Permanent part-time employees who work at least an average of thirty (30) hours per week may accumulate unused sick leave on the above basis pro-rated according to actual time worked in relation to a full-time employee.

13.03 – Employees absent from work on legal holidays, on sick leave, vacation or on disability leave arising from injury sustained in the course of their employment with the County or for other authorized leaves of absence with pay shall continue to accumulate sick leave at their regularly prescribed rate during such absence as though they were present for duty.

13.04 – An employee eligible for sick leave with pay may use such sick leave upon notification to the employee's Department Head one (1) hour prior to commencement of the employee's shift, if possible, for absence due to illness, injury, exposure to contagious

disease or due to illness in the employee's immediate family (i.e., the employee's spouse, child or step-child) requiring the employee's personal attendance. Sick leave may also be used upon approval of the Department Head for dental or medical appointments for examination or treatment for the employee personally, provided that the employee has made a good faith effort to schedule such appointments during non-working time or, in the alternative, to schedule all appointments as close as possible to lunch period or quitting time. No sick leave with pay will be allowed after an employee has given notice of termination, provided that this does not apply to any employee who gives notice of retirement under the Wisconsin Retirement System.

13.05 – The Department Head may request a doctor's certificate before approving such leave with pay if three (3) or more consecutive workdays are missed. After four (4) instances of sick leave in a calendar year, a doctor's certificate may be requested for any further instance of sick leave, regardless of duration.

13.06 – Absences for a fraction or part of a day that are chargeable to sick leave in accordance with these provisions shall be charged in no less than one-half (1/2) hour incremental units, i.e., one-half hour, or one hour, or two and one-half hours, etc.

13.07 – On separation from County service, all sick leave credits shall be canceled and may not be reinstated or paid for; except on statutory retirement or after twenty (20) years of continuous employment by the County, all of accumulated sick leave shall be paid up to one hundred twenty (120) days at the rate of pay in existence at the time of retirement or termination.

An employee who retires shall be allowed, upon written request therefore, to remain in the health insurance program up to the age the employee is eligible for Medicare or is covered by another group health insurance program that is paid for by another employer, provided the employee pays the full amount of the following month's premium to the Outagamie County Treasurer as required by COBRA regulations.

This item is open for reconsideration during the contract period, should the Association determine that all members wish to transition to sick leave credits rather than the payout.

13.08 – To the extent that any of the provisions above are not in compliance with the Federal Family Medical Leave Act, or the Wisconsin version of the same, it shall be considered invalid and the provisions of those Acts shall trump any of the language above.

ARTICLE 14 – MILITARY LEAVE

14.01 – An employee who is a member in the United States Military will be granted a leave of absence without loss of pay for up to two weeks per calendar year. To receive the difference between military wages and County salary, the employee must submit a copy of his/her orders with proof of pay. At such time as an employee may have his/her military duty extended past the two week limit noted above, the Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) will apply.

ARTICLE 15 – SPECIAL LEAVES

15.01 – In addition to leaves authorized above, the Department Head may authorize an employee to be absent without pay for personal reasons for a period or periods not to exceed ten (10) working days in any calendar year.

15.02 – The Department Head may authorize special leaves of absence for any period or periods not to exceed three calendar months in any one calendar year for the following purposes: with or without pay, for attendance at a college, university or business school, for the purpose of training in subjects relating to the work of the employee and which will benefit the employee and the County service; without pay, for urgent personal business requiring employee's attention for an extended period such as settling estates or liquidating a business; with pay, for serving on a jury, provided that any monies received for such jury duty are turned over to the County; with pay, for attending court, except in cases involving a criminal act by the employee or a civil case not connected with the employee's official duties for the County in which the employee is a party or witness; and with or without pay for purposes other than the above that are deemed beneficial to the County service.

15.03 – The County Human Resources Director (or designee), upon the recommendation of the Department Head concerned, may grant leaves of absence with or without pay in excess of the limitations above for the purposes of attending extended courses of training at a recognized university or college and for other purposes that are deemed beneficial to the County service.

15.04 – The granting or denial of a leave of absence under this Article shall not be subject to the arbitration step (Step 4) of the grievance procedure in Article 7.

ARTICLE 16 – ABSENCE WITHOUT LEAVE

16.01 – An employee who is absent from duty for any reason not otherwise covered shall report the reason therefore to the employee's supervisor prior to the date of absence when possible and in no case later than one-half (1/2) hour before the commencement of a working day. All unauthorized and unreported absences shall be considered absences without leave and deduction of pay shall be made for the period of absence. Three (3) consecutive days of absence without leave shall be construed as representing resignation from the County service.

ARTICLE 17 – MEDICAL LEAVE

17.01 – Employees on an unpaid leave of absence under this Article who are enrolled in the group health and/or dental insurance programs shall be permitted to continue their participation in such programs while on such leave under the applicable COBRA provisions. Employees on an unpaid leave of absence under this Article who are enrolled in the life insurance program shall be permitted to continue their participation in such program for up to twelve (12) months provided they pay the full amount of the following month's premium to the County Treasurer in advance by the twenty-fifth (25th) of the month. If an employee begins such leave after the twenty-fifth (25th) of the month, the employee shall pay the full amount of the following month's premium to the County

Treasurer on the date the employee begins such leave. The County shall pay the employer's share of the premium for any month in which a full-time employee received pay for at least ten (10) regular workdays or in which a part-time employee received pay for at least one-half of the employee's regular monthly work hours.

17.02 – Employees on an unpaid leave of absence because of such non-work related illness or injury who are enrolled in the life insurance plan can elect up to twelve (12) months of continuation by paying the group rate premium to the County Treasurer by the twenty-fifth (25th) of the month for the following month's coverage. However, for the first three (3) months of absence caused by such non-work related illness or injury, the Employer shall pay for up to the first three (3) months of that continuation. The cessation of this County sponsorship for the life insurance plan shall be triggered by the end of the three month time frame, the employee's return to work termination from employment with Outagamie County, or death, whichever occurs first.

ARTICLE 18 – FUNERAL LEAVE

18.01 – All permanent full-time employees shall be entitled to a three-day leave with pay, due to the death of an immediate family member. Such leave will be granted at the employee's regular straight-time rate and shall be limited to the regularly scheduled time lost within the period beginning with the day of funeral leave and continuing through the day after the funeral. For purposes of funeral leave, immediate family is defined to include the employee's spouse, parent, child, parent-in-law, step-parent, step-child, stepbrother, step-sister, brother, sister, brother-in-law, sister-in-law, grandparent and grandchild.

18.02 – Requests for such leave shall be made to the employee's Department Head.

18.03 – An employee may extend the time off for the funeral by using up to two (2) days of his/her vacation, floating holiday (if applicable), or compensatory time, sick time (if all other accrued time has been exhausted), or unpaid time (if no leaves are available).

18.04 – Permanent part-time employees to shall be entitled to a one-day leave with pay, due to the death of an immediate family member. Such leave shall be limited to one (1) funeral per year.

ARTICLE 19 – FAIR DISMISSAL AND DISCIPLINE

19.01 – Discipline Action

a) No employee who has completed his or her initial probationary period may be subject to disciplinary action except for good cause and after the employee has been accorded the procedural rights herein set forth. Disciplinary action is defined as censure, suspension, demotion, dismissal (discharge), reassignment or other punitive action taken against any employee who has passed his or her probationary period. Disciplinary action shall be initiated within forty-five (45) working days (i.e., administrative working days, Monday through Friday, excluding weekends and fixed holidays as referred to in Section 11.01 and Appendix B) of the offense or occurrence or knowledge thereof by the Sheriff or the employee's immediate

supervisor outside the bargaining unit. In the event of a criminal investigation, disciplinary action shall be initiated within fifteen (15) working days of the completion of that criminal investigation or within one hundred and five (105) calendar days of the offense or occurrence or knowledge thereof by the Sheriff or the employee's immediate supervisor outside the bargaining unit, whichever occurs first.

b) In every case of disciplinary action, the punishment adjudged shall be commensurate with the offense. Except as provided in Section 19.02, disciplinary action is subject to the grievance and arbitration procedure contained in Article 7.

19.02 – Procedural Rules for Disciplinary Action Involving Suspension, Demotion or Dismissal (Discharge).

In the event the contemplated disciplinary action involves suspension, demotion or dismissal (discharge), a written complaint will be filed with the Outagamie County Board Grievance Committee specifically setting forth the reasons for the contemplated disciplinary action with full information concerning the nature of the complaint, the conduct complained of, and such other facts as may be relevant; and the following procedural rules will apply.

a) An employee against whom such disciplinary action is contemplated shall be sent a copy of the complaint. Within ten (10) working days as defined in Section 19.01(a) of receipt of the written complaint, the employee may file a written response if he or she so desires. In preparing the written response, the employee shall have access to his or her personnel file or such other records or documents as may be necessary or desirable in preparing the aforesaid response.

b) Within ten (10) working days as defined in Section 19.01(a) of receipt of the written complaint, the employee may request a hearing on the contemplated disciplinary action before the Outagamie County Board Grievance Committee. The hearing before the designated committee shall be within three (3) weeks after filing of the request for the hearing, but in no event sooner than five (5) working days as defined in Section 19.01(a) from the receipt of the request unless the employee shall consent to an earlier hearing. The employee may request that a written transcript of the aforesaid hearing be taken.

c) No disciplinary action involving suspension or dismissal (discharge) shall be taken prior to the aforesaid hearing, except in cases where the conduct complained of would require immediate disciplinary action be taken.

d) An employee who is notified of pending disciplinary action shall be advised of his or her right to counsel, the availability of the assistance of the Association, and the right to a hearing before the committee so designated.

e) The action of the Committee of the County Board is not subject to appeal through the grievance and arbitration procedure contained in Article 7 or to a complaint pursuant to Section 111.70(3) (a)5, Wisconsin Statutes, and any appeal must be

processed pursuant to the provisions of Section 59.26(8)(b)6, Wisconsin Statutes.

19.03 – Personnel File. An employee's personnel file will be made available at reasonable times for inspection by that employee in the presence of the Department Head or his or her representative upon the request of the employee involved. If copies of any material contained therein are desired by the employee, they will be made available at the cost of reproduction. An employee's attorney may accompany such employee. To the extent the language above is inconsistent with local, state or Federal law, it shall be deemed invalid and the language of any law pertaining to the same shall be binding on the parties.

ARTICLE 20 – PROMOTION AND VACANCIES – JOB POSTING

20.01 – When a vacancy or promotion exists, notice of the vacant position classification shall be posted electronically on the Outagamie County intranet site so as to give all employees of the department an opportunity to express their interest in the position. The position shall not be filled for a minimum of five (5) days after said notice has first been posted. The promotion or vacancy shall be filled from those qualified applicants expressing an interest in the position in accordance with the applicant's qualifications, bargaining unit seniority and ability before hiring from the outside. Disputes over the selection of an applicant to fill the position shall be subject to the grievance procedure.

20.02 – The notice of the vacant position will contain at least the pay grade, description of duties and qualifications of the position.

20.03 – Application for such posted position(s) shall be made in the Human Resources Department.

ARTICLE 21 – PAY PERIOD

21.01 – Outagamie County shall pay on a bi-weekly pay period. If Friday is on a legal holiday, so designated by the County, then payday shall be on the day preceding.

ARTICLE 22 – SALARIES

22.01 – The salary schedule as set forth in Appendix "A", which is attached hereto and incorporated herein, shall be effective for the period of this Agreement.

22.02 – When contract settlement is approved by Association membership and put in resolution form and passed by the County Board so that the new contract changes will conform to the resolution passed by the County Board, employees may receive benefits of the new contract from the first pay period following passage of the resolution unless passage of such resolution is prior to the effective date of the new contract.

22.03 – In the event an employee is absent for a period of five (5) consecutive calendar weeks, any employee in a lower paying classification who is thereafter required to fill the position of the absent employee shall be paid at the lowest step in the classification of the absent employee which exceeds the employee's present rate of pay while so filling in.

22.04 – Permanent part-time employees who work at least an average of thirty (30) hours

per week shall receive salary step increases effective the pay period following their anniversary date.

22.05 – Employees hired in a classification shall advance to the higher pay steps in such classification at the beginning of the pay period following completion of the appropriate anniversary year of employment.

22.06 – In the event an employee is promoted to a position in a higher classification, the employee's entrance rate in the higher classification shall be at the step in the higher classification which provides an increase in pay. Succeeding advancements to higher pay steps in the higher classifications shall be made at the beginning of the pay period following completion of the appropriate anniversary year of promotion. Such promoted employees shall be eligible for longevity rates as follows:

a) 1st Longevity Rate. (After 4 Years) – An employee must have been employed by the County in a position in this bargaining unit for at least four (4) years, and have also spent one year at the maximum rate for the classification into which the employee was promoted. (Note: This provision is inapplicable to those employees whose entrance rate in the classification to which the employee was promoted is the first longevity rate.)

b) 2nd Longevity Rate. (After five years) – An employee must have been employed by the County in a position in this bargaining unit for at least five (5) years, and have also spent one (1) year at the first longevity rate for the classification into which the employee was promoted.

ARTICLE 23 – LONGEVITY

23.01 – The longevity plan as set forth in Appendix "A", which is attached hereto and incorporated herein shall be effective for the period of this Agreement.

ARTICLE 24 – PROFESSIONAL IMPROVEMENT PROGRAM

24.01 – For every three (3) credits or their equivalent obtained while employed by the County in the Police Administration Program offered by the University of Wisconsin-Oshkosh or credits equivalent as certified by the University of Wisconsin-Oshkosh, or the Police Science Technology Curriculum offered by the Fox Valley Technical College, the employee shall receive the sum of $5.00 per month. In the event of any change in the program, curriculum or courses which were offered by the University of Wisconsin-Oshkosh or by the Fox Valley Technical College, the question of whether such changed program, curriculum or courses will be paid for under this Article will be discussed first between the County and the Association. In the event of any dispute which remains unresolved after such discussions, such dispute shall be processed through the grievance procedure and the standard to be applied in such grievance procedure is whether such changed program, curriculum or course is reasonably related to the program or pertain to recommended police science technology.

24.02 – Payment as provided herein shall be in addition to any other salary or benefits

to which the employee may be entitled and payment shall be made in the first pay period immediately following evidence of satisfactory completion of the courses of instruction above described.

24.03 – All full-time employees who have completed probation are eligible to participate in the Professional Improvement Program herein set forth, provided however, that all employees must give written notice to the Sheriff prior to commencing any course.

24.04 – No employee shall receive more than the equivalent of six (6) credits in any one (1) year. Credits earned in addition to the yearly maximum allowed hereunder may be accumulated for payment at a future date, but in no event shall the aforesaid payments exceed the maximum allowable of six (6) credits per year. Total payments under this program shall be limited to payments for a maximum of 65 credits.

24.05 – Satisfactory completion of the course is defined as a grade point of C or above.

24.06 – The County will reimburse an employee up to $100 per year toward the cost of any required books and tuition for the course of instruction above described, provided however, that such reimbursement will not be made if the employee is eligible for such payments from any other state, federal or private program. Such reimbursement will be made in the first pay period immediately following evidence of satisfactory completion of the course of instruction. Student classroom and study hours shall not be considered as work hours nor be subject to compensation.

ARTICLE 25 – RETIREMENT CONTRIBUTION

25.01 - Employees hired before July 1, 2011 will make the same employee required contribution to the Wisconsin Retirement System as the "Protective with Social Security" category of employees, up to a maximum of seven percent (7.0%) of their earnings. Should the employee required contribution to the Wisconsin Retirement System of the "Protective with Social Security" category of employees exceed seven percent (7.0%), the employer will pay any additional sum owed.

ARTICLE 26 – LIFE INSURANCE

26.01 – The Employer shall make available to permanent full-time employees a Term Life Insurance policy in the amount of fifty thousand dollars ($50,000). The Employer shall pay one hundred percent (100%) of the premium and such permanent full time employees will be eligible to participate in the County's life insurance program commencing on the first of the month following six (6) months of employment. The employees shall have conversion privileges as determined by the Employer's life insurance carrier.

26.02 – In the event an employee experiences a qualifying event as described in the plan document and is enrolled in the term life insurance plan prior to that event, continued participation in the plan will be governed by the parameters of the plan document, provided they pay the full amount of the following month's premium to the County Treasurer in advance by the twenty-fifth (25th) of the month.

ARTICLE 27 – HEALTH INSURANCE AND DENTAL INSURANCE

27.01 – Effective April 1, 2019, in the event the County offers its eligible employees a group health hospital/surgical low deductible plan, the Employer's contribution level toward the monthly premium shall be an amount representing eighty-five percent (85%) of the premium, and for employees desiring and eligible for single or family coverage the employee's contribution level toward the monthly group health low-deductible plan premium shall be an amount representing fifteen percent (15%) of the premium.

27.02 - Effective April 1, 2019, in the event the County offers its eligible employees a plan that meets the IRS guidelines for a Health Savings Account Health Plan (HSAHP), the employee premium contribution towards the HSAHP shall be ten percent (10%) for full time employees.

27.03 – The County agrees to provide a dental plan for employees in this bargaining unit who work at least an average of thirty (30) hours per week. The County will pay sixty-five percent (65%) of the single or family dental plan premium for employees desiring and eligible for dental insurance.

27.04– For permanent part-time employees who work at least an average of thirty (30) hours per week over the period of one year, the County shall pay the County share of health insurance and dental plan premiums.

27.05 – Employees eligible to participate in the County's and dental plans shall commence coverage on the 1st of the month following one (1) month of employment.

27.06 – In the event an employee has a spouse that is also a County employee, that employee and spouse will be entitled only to two single health insurance plans or one family health insurance plan between them from the County.

27.07 – In the event an employee has a spouse that is also a County employee that employee and spouse will be entitled only to either two single dental plans or one family dental plan between them from the County.

27.08 – In the event an employee experiences a qualifying event as described in the COBRA regulations and is enrolled in the health insurance plan and/or the dental insurance plan prior to that event, continued participation in the plan(s) and payment for the plan(s) will be governed by the parameters of COBRA regulations.

27.09 - Effective on the first pay period following December 31 st for employees who are enrolled in the HSAHP, the County will contribute to an employee's Health Savings Account (HSA).

a) For new employees who enroll in the HDHP after January first of the calendar year, the County will contribute a prorated amount to the employee's HSA for that calendar year.

b) Increase in Health Plan Deductible. In the event that an increase in the health plan's

annual deductible is necessary in order for the plan to qualify as a HDHP under federal or state regulations, the County agrees to increase its annual contribution to each employee's HSA by an amount equal to fifty-three and thirty-three hundredths percent (53.33%) of the increase in the deductible.

c) HSA – Payroll Deduction. As allowed by law, the County agrees to allow employees to contribute, through payroll deduction, additional funds to their HSA up to the amount allowed by the IRS.

d) Hold Harmless. The County will be held harmless for any employee eligibility issues or tax consequences caused by outside insurance coverage, inappropriate withdrawals, payroll deductions in excess of the allowable limits, or other matters beyond the County's control that would interfere with an employee's HSA eligibility.

ARTICLE 28 – CLOTHING ALLOWANCE

28.01 – The clothing allowance for employees shall be as follows:

Initial Allowance	
Uniformed Employees	$450.00
Non-Uniformed Employees	$350.00
Annual Allowance	
Employees	$575.00
Non-Uniformed Employees	$525.00

28.02 – The payment and administration of the clothing allowance will be made in accordance with current policies.

In the event an employee leaves employment with the Outagamie County Sheriff's Department within eighteen (18) months of his/her original date of hire, for any reason, the employee shall reimburse the County for the cost of the initial clothing allowance. It is agreed that such reimbursement shall be made as a payroll deduction from any remaining funds of the employee to the extent allowable by law. If funds are insufficient, the employee shall be responsible for making any remaining payment directly to the County.

ARTICLE 29 – SHIFT TRADES

29.01 - Trades will be allowed in 4 or 8 hour increments.

29.02 - Requests for trades must be submitted at least 48 hours in advance. The 48 hour requirement may be waived on a case by case basis by the Sheriff or his designee.

29.03 - At the time of the trade approval, trades cannot create a situation where the

employee works more than 13 days in a row. In addition, the employee must be off duty one shift (7:40 hours) between the worked shifts.

29.04 -Trades cannot adversely affect the County's ability to meet staffing requirements.

29.05 - If an employee does not work their obligated trade, and has not taken sick leave or vacation, the employee must reimburse the County for the actual costs (hours) for filling the shift. Management shall call the employee that is obligated to work the trade day prior to calling in any other employee to work the shift.

29.06 - If an employee calls in sick on a trade day the employee must bring in a doctor's excuse covering the trade day within 48 hours of the missed day. If the employee fails to bring in a doctor's slip the employee's sick leave will be docked 1 1/2 times the number of hours missed by calling in sick for the trade day.

29.07 - The time limits in which trades must be completed for all OCDSA members shall be the same as the current time limits set for staff covered by this bargaining agreement, which is all trades must be completed within the year in which they are made except if the schedule for the following year has been posted then a trade may be completed within the year of the posted schedule also.

ARTICLE 30 – NO STRIKE

30.01 – Neither the Association nor the officers, agents or employees will instigate, promote, encourage, sponsor, engage in or condone any strike, picketing, concerted work stoppage or any other concerted interruption of work during the term of this Agreement.

ARTICLE 31 – AMENDMENT PROVISION

31.01 – This Agreement is subject to amendment, alteration or addition only by a subsequent written agreement between and executed by the County and the Association where mutually agreeable. The waiver of any breach, term or condition of this Agreement by either party shall not constitute a precedent in the future enforcement of all its terms and conditions.

ARTICLE 32 – SAVINGS CLAUSE

32.01 – If any article or section of this Agreement or any addenda thereto shall be held invalid by operation of law or by any tribunal of competent jurisdiction, or if compliance with or enforcement of any article or section should be restrained by such tribunal, the remainder of the Agreement and addenda shall not be affected thereby and the parties shall enter into immediate collective bargaining negotiations for the purpose of arriving at a mutually satisfactory replacement for such article or section.

ARTICLE 33 – NO AGREEMENT

33.01 – The County agrees not to enter into any other agreement written or verbal with the members of the bargaining unit individually or collectively which in any way conflicts with the provisions of this Agreement.

ARTICLE 34 – CONDITIONS OF AGREEMENT

34.01 – This Agreement constitutes an entire agreement between the parties and no verbal statement shall supersede any of its provisions.

ARTICLE 35 – TERM OF AGREEMENT

35.01 – This Agreement shall become effective as of the 1st day of January, 2023, and remain in full force and effect to and including the 31 st day of December, 2025 and shall renew itself for additional one year periods thereafter, unless either party has notified the other party in writing on or before one hundred-twenty (120) days prior to the end of the contract period that it desires to alter or amend this Agreement at the end of the contract period. Only wages shall be retro-active for this contract period.

35.02 – It is agreed by and between the parties that the terms and conditions of the employment contract as contained herein shall be binding on both parties. The contract may be reopened by mutual agreement of the parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement, this _____ day of November, 2024.

MEMORANDUM OF AGREEMENT REGULAR PERMANENT PART-TIME PATROL OFFICER(S)

This Agreement was reached to set forth the understanding of the parties regarding the hiring and employment of regular permanent part-time Patrol Officer(s). The expected, normal duties of such regular permanent part-time Patrol Officer(s) shall be courtroom security, community corrections, prisoner transports, airport LEO responsibilities and special event LEO responsibilities.

1. It is understood the regular permanent part-time Patrol Officer(s) hired by the Outagamie Sheriff's Department will be members of the Outagamie County Deputy Sheriff's Association (DSA) Section 2.01, will be required to pay the union dues in effect during their employment with the Sheriff's Department per Section 6.01, and will serve a one (1) year probationary period as required in Section 3.01 of the 2013-2015 collective bargaining agreement.

2. Such part-time Patrol Officer(s) will be awarded such position at the discretion of the Sheriff, and will normally be hired at the "First Year" step of the Patrol Officer wage range of "Appendix A", as detailed within the 2013-2015 collective bargaining agreement; except that retired or voluntarily resigned Patrol Officer(s) may be hired at the same step of the Patrol Officer wage range of Appendix A s/he was in at the time of such retirement or resignation so long as the hire date into the part-time Patrol Officer position occurs within 120 calendar days of such retirement or resignation.

3. Such part-time Patrol Officer(s) will not have a regularly established shift and will be assigned to various work hours, shift lengths and work days, according to the needs of the Sheriff, except that if the part-time Patrol Officer is notified of an assigned shift less than twenty-four (24) hours before the start of the shift, the assignment to the shift will be voluntary.

4. Except with respect to airport responsibilities, full-time employees will have first option for hours that become available or occur within twelve (12) hours of the beginning of the assigned shift.

5. Because such part-time Patrol Officer(s) will not have "regularly scheduled" shifts, they will not be eligible call-in pay as referenced in Section 9.02 of the 2013-2015 collective bargaining agreement.

6. Such part-time Patrol Officer(s) will be assigned work hours, shifts lengths, work days, or type or assignments based on seniority at as first twenty-four (24) or more hours per week, seniority will no longer be taken into consideration for future assignments that week.

7. Except as provided for in number four (4) above, part-time Patrol Officer(s) will have an opportunity to be assigned to any available hours in courtroom security, community corrections, airport related law enforcement responsibilities and prisoner transports, prior to the hours being made available to regular permanent full-time Patrol Officer(s) as overtime. However, part-time Patrol Officers will not be allowed to sign up for overtime assignments involving duties other than courtroom security, community corrections, airport security and prisoner transports, with the exception of Special Event Law Enforcement responsibilities, which they may sign up for and work

when those assignments have not been filled by full-time officers less than 24 hours prior to the event.

8. Such part-time Patrol Officer(s) will be granted the clothing allowance as a "Traffic Uniformed Employee" under Section 28.01 within the 2013-2015 collective bargaining agreement.

9. Applicants for a regular permanent part-time Patrol Officer position are not required to undergo the usual screening processes used in recruitment, such as physical agility tests, psychological assessments, and other usual and customary screening procedures, unless the applicant is an entry level law enforcement candidate.

10. Any regular permanent part-time Patrol Officer, who applies for a posted, regular permanent full-time position covered under the 2013-2015 collective bargaining agreement, is still required to participate, complete and pass the screening processes established for such posted position.

References to specific Section Numbers within this agreement coincide with those found in the 2013-2015 OCDSA collective bargaining agreement.

Dated this 16 of June, 2016

FOR THE COUNTY:

6-20-16

FOR THE UNION:

SIDE BAR AGREEMENT 5-3 WORK SCHEDULE

This side bar agreement is intended to outline the principal rules of the new 5-3 work schedule agreement with the Deputy Sheriff's Association. It is not intended to replace the most recent work agreement (2013-2015) currently in place except that any language in this agreement that conflicts with the current work agreement will supersede said work agreement. It is all parties / intent to utilize the language in this side bar agreement instead of the work agreement where is conflicting language.

- 5-3 Schedule for Patrol Officers, excluding all current Monday-Friday scheduled workers.
  - 8:50 minute work shift, which equates to an annual average of 2014 hours worked vs. the current schedule's average of 2027 hours worked.
- Implementation of the new 5-3 schedule is expected to be July 10, 2016, with the assigned Town of Buchanan Deputies beginning July 24, 2016.
- Deputies are to be paid actual hours worked per pay period until payroll is able to have the new payroll interface (Tyler Munis) installed and operational, which is tentatively set to be live, the first pay period following January 1, 2017.
- Once the new payroll system is tested and operational, each check will be "smoothed" wherein each Deputy receives the average base pay, currently calculated to be equivalent to 77.46 hours each check, regardless of the number of hours they are actually scheduled to work during each pay period.
- Until the "smoothing" or averaging of pay periods is in effect Deputies' checks will look similar to the current format, in that vacation days will be eight (8) hours, with the fifty (50) minutes being added in as straight pay, similar to the current twenty (20) minutes utilized with the 5-2 / 5-3 schedule. The same methodology would be used for sick days.
- When working a holiday, Deputies receive 8:50 overtime pay, eight (8) hours holiday pay and fifty (50) minutes straight pay.
- When taking vacation or sick leave on a holiday Deputies will receive eight (8) hours vacation or sick pay, fifty (50) minutes straight pay, eight (8) hours holiday pay and fifty (50) minutes of straight pay.
- When Deputies are scheduled off on a holiday, they will receive eight (8) hours holiday and fifty (50) minutes straight pay.
- The base rate will remain the same when vacation or sick leave is used, with the hours used being removed from each officers respective accrual bank, instead of changing the base number to reflect itemized straight pay and vacation or sick leave hours.
- An exception to the standard base pay hours would be when Leave without Pay or other unpaid leave is utilized. In that case the base rate would be reduced by the equivalent number of hours taken off (up to 8:50 per day). Same scenario applies if a Deputy takes more vacation than they have available in their accrual bank.
- When working a four (4) hour holiday, Deputies will receive four (4) hours OT, 4:50 straight pay and four (4) hours holiday pay.
- When taking sick or vacation leave on a four (4) hour holiday, Deputies will receive eight (8) hours sick or vacation pay (whichever is utilized), four (4) hours of holiday pay and fifty (50)

minutes of straight pay.

> Overtime hours, Field Training Officer (FTO) pay and bomb pay would be added to their base rate.

> K-9 officers will continue to work shifts that are fifty (50) minutes shorter (as they did on the 5-2 I 5-3 schedule), to allow for K9 care and maintenance, meaning their work day will be eight (8) hours, but they are still compensated at 8:50.

> When K-9 officers take vacation or sick leave they will also use eight (8) hours, and are subject to the same standards as the patrol officers for Leave without Pay or other unpaid leave.

> Core Law Enforcement Specialist (LES Sergeant) positions will have two (2) positions that remain as eight (8) hour work days, Monday -Friday, standard 5-2 workers, consistent with current operations.

> The remaining Core Law Enforcement Specialist (LES Sergeant) positions will work four (4), ten (10) hour days, with a specified number of LES' having Monday off and the remaining number having Friday as their additional off day. The specific number assigned to each day off will be specified by the Core LES position supervisor.

> The Core positions will choose their work shifts based on seniority, utilizing seniority from the date they were promoted to Law Enforcement Specialist (LES Sergeant).

> The Core positions will continue to receive their checks based on actual hours worked.

> For the Core LES Sergeant's working the four (4) ten (10) hour days schedule, vacation and sick leave will be hour for hour, one vacation day will be 10 hours of vacation and one sick day will be 10 hours of sick pay. One week of vacation will still be considered forty (40) hours.

> Holiday pay will be paid at eight (8) hours Holiday and two (2) straight pay, for a forty (40) hour work week (Core LES on the four/ten schedule).

> For the Core LES' who remain on the Monday through Friday schedule, vacation, sick leave and all other leave will continue to be handled as defined by the 2013-2015 work agreement.

> Current MEG (Metropolitan Enforcement Group) and CRU (Community Resource unit) Deputy positions on the Monday –Friday schedule will remain unchanged as well.

> Officers will be required to start with an annual deficit of twelve (12) hours overtime. Due to the implementation of the schedule being July, that number will be six (6) hours for the remainder of 2016 and twelve (12) hours every year thereafter.

> The current procedure for posting overtime will remain in effect, along with S/Sgt's filling in the most junior officer as a "flex" when applicable. Officers may continue to "bump" for overtime and also for flexed shifts using the same guidelines that are currently in place for overtime (See the side bar agreement in the 2013-2015 contract titled; "SIDE BAR AGREEMENT OVERTIME ALLOCATION").

> Officers will be required to flex shifts up to four (4) hours when needed, although they may voluntarily flex eight (8) hours to cover an open shift. The flexing will be based on current seniority practices, utilizing the practices set forth in the attached side bar agreement from the expired 2013-2015 CBA between the parties. It is the parties' intent that the attached side bar will be incorporated into a new CBA between the parties and, when that CBA

becomes effective, the language therein (if different from the language attached) shall trump and supersede any language in the attached side bar agreement.

> For shift openings inside of twenty-four (24) hours, officers will be contacted by seniority, utilizing the same procedure as is currently utilized for shift openings. The first officer notified is considered forced in for the open shift, unless or until a less senior officer is able to be contacted. If the shift requires the officer to come in early they may leave after 8:50 minutes with supervisor approval.

> With the 5-3 schedule, shift hours will continue to be posted annually by management, utilizing the same or similar shift sign-up sheet as has been used previously. At present time the respective shift hours are proposed as 5:30am-2:20pm, 1:30pm - 10:20pm and 930pm - 6:20am.

> Shift trades will be minute for minute, following the same guidelines as are currently practiced for shift trades.

> If there are no Law Enforcement Specialists (LES) scheduled to work during a respective shift, a Law Enforcement Specialist (LES) from another shift may be allowed/asked to flex with supervisor approval to cover those hours where no Law Enforcement Specialist (LES) is scheduled.

> Either party, "The County" or the "OCDSA" may opt out of this agreement after one (1) year, with thirty (30) day written notice directed to the other party, which would effectively terminate this side bar agreement and return the Deputies affected to the 5-2/5-3 schedule and Core Law Enforcement Specialists to 5-2, Monday through Friday previously in effect. Prior to termination of the agreement the parties may attempt to renegotiate the variables of this agreement with the intent of keeping the schedule relatively cost neutral as compared to the previous 5-2/5-3 schedule.

Dated this 16 of June, 2016

Outagamie County

12-10-24 County Board Meeting - December 10 2024 08:22:47 PM

December 10, 2024 County Board Meeting

OpenMeeting

ORDINANCE NO.: C—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Property, Airport, Recreation and Economic Development Committee is requesting to amend the County Code of Ordinances as pertains to Chapter 2, Section 2-61, Rule 18 – Receiving, Selling and Purchasing Property, as listed below.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does amend Chapter 2, Section 2-61, Rule 18 – Receiving, Selling and Purchasing Property, of the Outagamie County Code of Ordinances to read as follows (additions are in red and underlined; deletions are in red and struck through):

Sec. 2-61. - Rule 18—Receiving, selling and purchasing property.

(a) *Acceptance.* The property shall be accepted by the County Board upon approval by a majority vote of the County Board in a regular meeting.

(b) *Exclusion.* This shall not affect the right of the Highway and Solid Waste Committee to accept real estate for highway purposes.

(c) *Sale of County property.* Guidelines for the sale of County property are as follows:

(1) In all sales of property, real or personal, the committee shall establish criteria upon which the sale is to be based, including the requirement of bid bonds, terms of the sale and the possible establishment of minimum prices which, in the case of real property, shall be based upon a professional appraisal and, in the case of personal property, shall be based upon a competent evaluation. Appraisals for the sale of excess right-of-way must be obtained and current (within a one-year period on land with a value of over $5,000.00 based on previous appraisal).

(2) In rent or lease of County-owned property, the Standing Property, Airport, Recreation and Economic Development Committee shall review all rental or lease agreements, prior to execution of said agreement, to ensure the agreement is in the best interest of the County and finding so, authorize execution of the agreement as directed in division 3 of article II of Chapter 50, pertaining to streets, sidewalks and other public property.

(3) Purchasing of County property other than highway right-of-way shall be in accordance with division 2 of article II of Chapter 22 pertaining to finance and taxation.

(4) All property to be sold by the County, be it realty or personal property shall be sold at a price and upon terms determined most advantageous to the County.

(5) Any person or department aware of County property which should be sold shall submit a request to the Standing Property, Airport, Recreation and Economic Development Committee, which said committee shall then determine the method to be used for the sale of the particular property.

(6) The Standing Property, Airport, Recreation and Economic Development Committee may consider the following options:

a. It may authorize the listing of real property with a broker, who shall conduct negotiations on behalf of the County, with any negotiated price to be subject to approval by the County Board prior to actual closing of the sale.

b. It may direct that the property be sold at public auction or through the seeking of sealed bids, or by public auction at which sealed bids may be submitted.

c. It may authorize, in the case of personal property, periodic public auctions combining property from a number of County departments which have property appropriate for disposal. It may also authorize the sale of individual pieces of personal and real property at negotiated prices if it is satisfied that the property is of such a nature that it would not attract substantial competitive bidding and if it is satisfied that the negotiated price is a reasonable and realistic one.

d. In the case of the sale of personal property, the Standing Property, Airport, Recreation and Economic Development Committee may authorize the administrative handling of these sales, except that no single piece of personal property nor any assemblage of items being sold to a single buyer, whether the sale is arranged by the Standing Property, Airport, Recreation and Economic Development Committee or by the administration, shall be made without the approval of the County Board if the price to be paid exceeds the sum of $25,000.00.

(7) Sales shall be for cash or its equivalent at the discretion of the Standing Property, Airport, Recreation and Economic Development Committee or designated agent. This shall not apply to the sale of property acquired by tax delinquency or to the sale of real estate which is otherwise controlled by statutes. In rem proceedings will follow the Wisconsin Statutes.

(8) Nothing in the foregoing subsections shall prevent the County from selling property to the U.S. Government, the state or any other municipality for any negotiated price in accordance with Wis. Stats. §§ 75.69 and 59.52(6)(c).

(9) Utility Easement. Any project requiring approval of a utility easement or temporary limited easement may be approved and recorded by the County Executive or his designee without the approval of the board. In each circumstance, the Department Head responsible for the project shall provide written notice to the Property, Airport, Recreation and Economic Development Committee.

Vetoed: _____

Signed: _____ County Executive

I, Kelly Gerrits, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the December 10, 2024 County Board Minutes approved by a majority vote at a meeting of the County Board on January 14, 2025 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 15th Day of January, 2025.

/s/ Kelly Gerrits
County Clerk

Please call the Outagamie County Clerk's Office (832-5077) if you would like further elaboration of these minutes.

RUN: January 21, 2025

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, January 14, 2025.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 29 present, 7 absent. Members present: Thompson, Johnson, Smith, Patience, Gabrielson, Kostelny, Hammen, Lawrence, Krueger, Lamers, Ferguson, Wegand, Hermes, Spears, Heiser, Cuff, Hagen, Klemp, Thiede, Janke, Weinberg, Culbertson, Monfils, Nejedlo, Clegg, VanderHeiden, Rettler, Koury, and Lautenschlager. Members absent: Supervisors McCabe, MacDonald, Schroeder, Croatt, Mitchell, Winterfeldt, and Thyssen.

The Board Chairperson requested the Board's confirmation to excuse Supervisors McCabe, MacDonald, Schroeder, Croatt, Mitchell, Winterfeldt, and Thyssen. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

MINUTES OF THE DECEMBER 10, 2024 COUNTY BOARD MEETING
Supervisor Nejedlo moved, seconded by Supervisor Koury, to approve the minutes of the December 10, 2024 County Board meeting.

ROLL CALL: 27 yes, 2 abstain (Smith, Hermes), 7 absent. MINUTES OF THE DECEMBER 10, 2024 COUNTY BOARD MEETING ARE APPROVED.

CLOSED SESSION PURSUANT TO SECTION 19.85(1)(e) WIS STATS. FOR THE PURPOSE OF DELIBERATING OR NEGOTIATING THE PURCHASING OF PUBLIC PROPERTIES, THE INVESTING OF PUBLIC FUNDS, OR CONDUCTING OTHER SPECIFIED PUBLIC BUSINESS, WHENEVER COMPETITIVE OR BARGAINING REASONS REQUIRE A CLOSED SESSION.

Supervisor Wegand moved, seconded by Supervisor Lawrence, to enter into Closed Session as noted above.

ROLL CALL: 29 yes, 7 absent. COUNTY BOARD ENTERS CLOSED SESSION AT 7:04 P.M.

END CLOSED SESSION

Supervisor Lautenschlager moved, seconded by Supervisor Ferguson, to end Closed Session and resume normal business.

ROLL CALL: 28 yes, 1 no (Hermes), 7 absent. COUNTY BOARD ENDS CLOSED SESSION AT 8:02 P.M.

END CLOSED SESSION – ANY NECESSARY ACTION ON CLOSED SESSION ITEMS

SPECIAL ORDER OF BUSINESS

A. Election Integrity Presentation - County Clerk Kelly Gerrits

Outagamie County Clerk, Kelly Gerrits, provided an overview on the procedures put in place at the county and at the State of Wisconsin to ensure the security and integrity of the electoral process. The overview included explanations of:

- Election programming procedures set in place in the County Clerk's Office.
- Thoroughly reviewing the ballot with various stages of proofing and having the ballots go through rigorous testing to affirm proper reading and compliance (proofed for districts, contests, candidates, and ballot layout), forward proofs for confirmation from each municipality, school district, and the Wisconsin Elections Commission.
- Explanation of the training requirements for new municipal clerks, chief election inspectors, and poll workers.
- Parameters set in place by Outagamie County to enhance Election Day security measures, which include, but are not limited to: various tamper evident seals, zero tape, poll books manned by two (2) poll workers, proper ballot initializing, ballots not left unattended, contingency emergency procedures up-to-date, election officials checking photo I.D.s, verification of absentee ballot applications prior to completing each request, and measures to provide election transparency (election observers, public tests of voting equipment).
- Explanation of end-of-night procedures, including, but not limited to: verifying totals tabulated with numbers issued in poll book, affirming results with signatures of election inspectors, modeming results to County Clerk's Office via a Virtual Private Network (one-way transmission to our office).
- After modeming is done, a representative of the municipality (Chief Election Inspector or Municipal Clerk) call the County Clerk office to confirm results are received and verify totals; these results are posted on the Outagamie County Clerk – Elections portion of the website as "UNOFFICIAL" (official results are not produced until the Board of Canvass is completed).
- Election Day Returns (the day following the election) municipal clerks return completed documentation, poll books, tapes, ballots, absentee ballot envelopes, secured media bags (and are verified that are untampered with), and are secured in the County Clerk's election storage area.
- The Outagamie County Board of Canvass (BOC) is appointed and includes the County Clerk, and a member of the Republication Party and Democratic Party. The BOC is responsible for reviewing all election materials including the Inspectors' Statements, signed poll books, results tapes, whereupon after verified, they are forwarded to the Wisconsin Elections Commission (state-level) for election ratification.
- Year-round efforts are put into place to keep the voter list for the state as up-to-date as possible through collaboration with numerous state agencies (mover's mailings and reports, potential duplicate lists, deceased voter lists, adjudicated incompetent lists, and felon lists). Additionally, voting equipment used in each election is audited by the Wisconsin Elections Commission.

B. Uniquely Wisconsin Presentation - Executive Operations and Public Relations Specialist Anne Van and Board Chairperson Dan Gabrielson

Outagamie County Executive Operations and Public Relations Specialist, Anne Van, provided an update on Outagamie County's interest and intent on having the county showcased through Discover Wisconsin's "Uniquely Wisconsin" series, while also providing the opportunity to showcase the new audio/visual equipment recently installed in the County Boardroom.

- Anne Van confirmed Outagamie County has a signed campaign contract with Discover Wisconsin to create three (3) docuseries videos, which will be up to six (6) minutes each. All completed videos will be placed on Discover Wisconsin's media platforms and social media platforms for five (5) years. She stated there will be formal press release which will be broadcasted for Outagamie County, an editorial regarding the Outagamie County pieces (included in their Discover Wisconsin newsletter), and will also include the opportunity to have a thirty (30) minute podcast segment on Discover Wisconsin, "The Cabin", where three (3) Outagamie County representatives will have the opportunity to speak on behalf of the county. They will broadcast one 4 to 5 minute special episode (Discover Wisconsin's discretion) and it will air on its Discover Wisconsin regional television channels.
- As a way to determine the best way to market Outagamie County, Chairperson Gabrielson and Anne Van will attend the creative meeting kick-off in February, where they will work on putting out a press release and media announcement to formally announce this campaign partnership in hopes to solicit feedback and ideas from the community. With this, Anne Van hopes the locals will provide the stories and rich history which make Outagamie County special and great, and they will share them with the Discover Wisconsin team in order to highlight the county.
- Anne Van concluded her presentation by showing a Discover Wisconsin's Emmy award-winning docuseries segment from Marathon County, which featured its Red Barn Stoney Acres Farm.

Chairperson Gabrielson stated per County Board of Supervisors Administrative Rules, the County Board has the opportunity to take a short recess after a meeting runs for over 1.5 hours. Unanimous consent was given to continue on with progressing the meeting.

ESTABLISH ORDER OF THE DAY– Chairperson Gabrielson reported the request to have all Appointments, Ordinance No. Z-8–2024-25, and Resolution Nos. Z-7, Z-8, Z-9, 119 and 120–2024-25 locked in at the meeting.

Chairperson Gabrielson asked for unanimous consent to handle all reconsiderations and lock ins at the end of the meeting as noted. No objections; so ordered.

COMMUNICATIONS –
Chairperson Gabrielson summarized the following communications:

- One Supervisor still needs to complete the IT cybersecurity training, which was due back on November 14, 2024. Chairperson Gabrielson stated if the individual has any issues to please contact Legislative Services.
- The total donations raised for the Outagamie County Board of Supervisors participation in the "Adopt-a-Family" program reached $660, which helped toward providing 216 families with a brighter Christmas; Chairperson Gabrielson expressed his appreciation.
- There is a scheduled tour date of the new Outagamie County 9-1-1 Communications Center on January 28, 2025 at 4:00 p.m. Start times of the following meetings will be adjusted slightly in order to accommodate attendance of County Board Members: Public Safety Committee, Property Committee, and the Legislative and Audit/Human Services.
- A "Save the Date" was announced as part of the Appleton Airport terminal expansion project for the announcement of the new local restaurant partner and name of the new Biergarten at the Appleton Airport on Thursday, February 20, 2025 at 9:00 a.m. An invitation with more information will be forwarded as the date approaches.

- Finance Director Michelle Uitenbroek provided an electronic communication recently regarding directions on how to obtain employee W-2s electronically, which includes steps in providing the change in the Tyler System (so when the document becomes available it can be downloaded immediately). No changes need to be made in the employee portal to have your W-2 defaulted to be mailed out as normal.

- Chairperson Gabrielson recognized the following County Board Supervisor birthdays: Supervisor Culberton (1/19) and Supervisor Schroeder (1/25).

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

APPOINTMENTS –

Outagamie County 1-14-25 County Board Meeting
1-14-25 CB Meeting
Outagamie County Board of Supervisors

January 14 2025 08:45:59 PM

OpenMeeting

RESOLUTION NO.: Z-7—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Grand Chute has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Grand Chute be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for Calnin & Goss, Inc. The proposed rezoning is for parcels 102098500, 102098600, and 102098700, from the LC-Local Commercial District to R2-Two Family Residential District. The parcels are located North of Spencer St and East of Misty Lane, in the Town of Grand Chute, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator, the Town of Grand Chute Clerk, the Town of Grand Chute Community Development Director, and the Town of Grand Chute Community Development Administrative Assistant.

Dated this 14th day of January, 2025

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING & LAND CONSERVATION COMMITTEE

MEMORANDUM

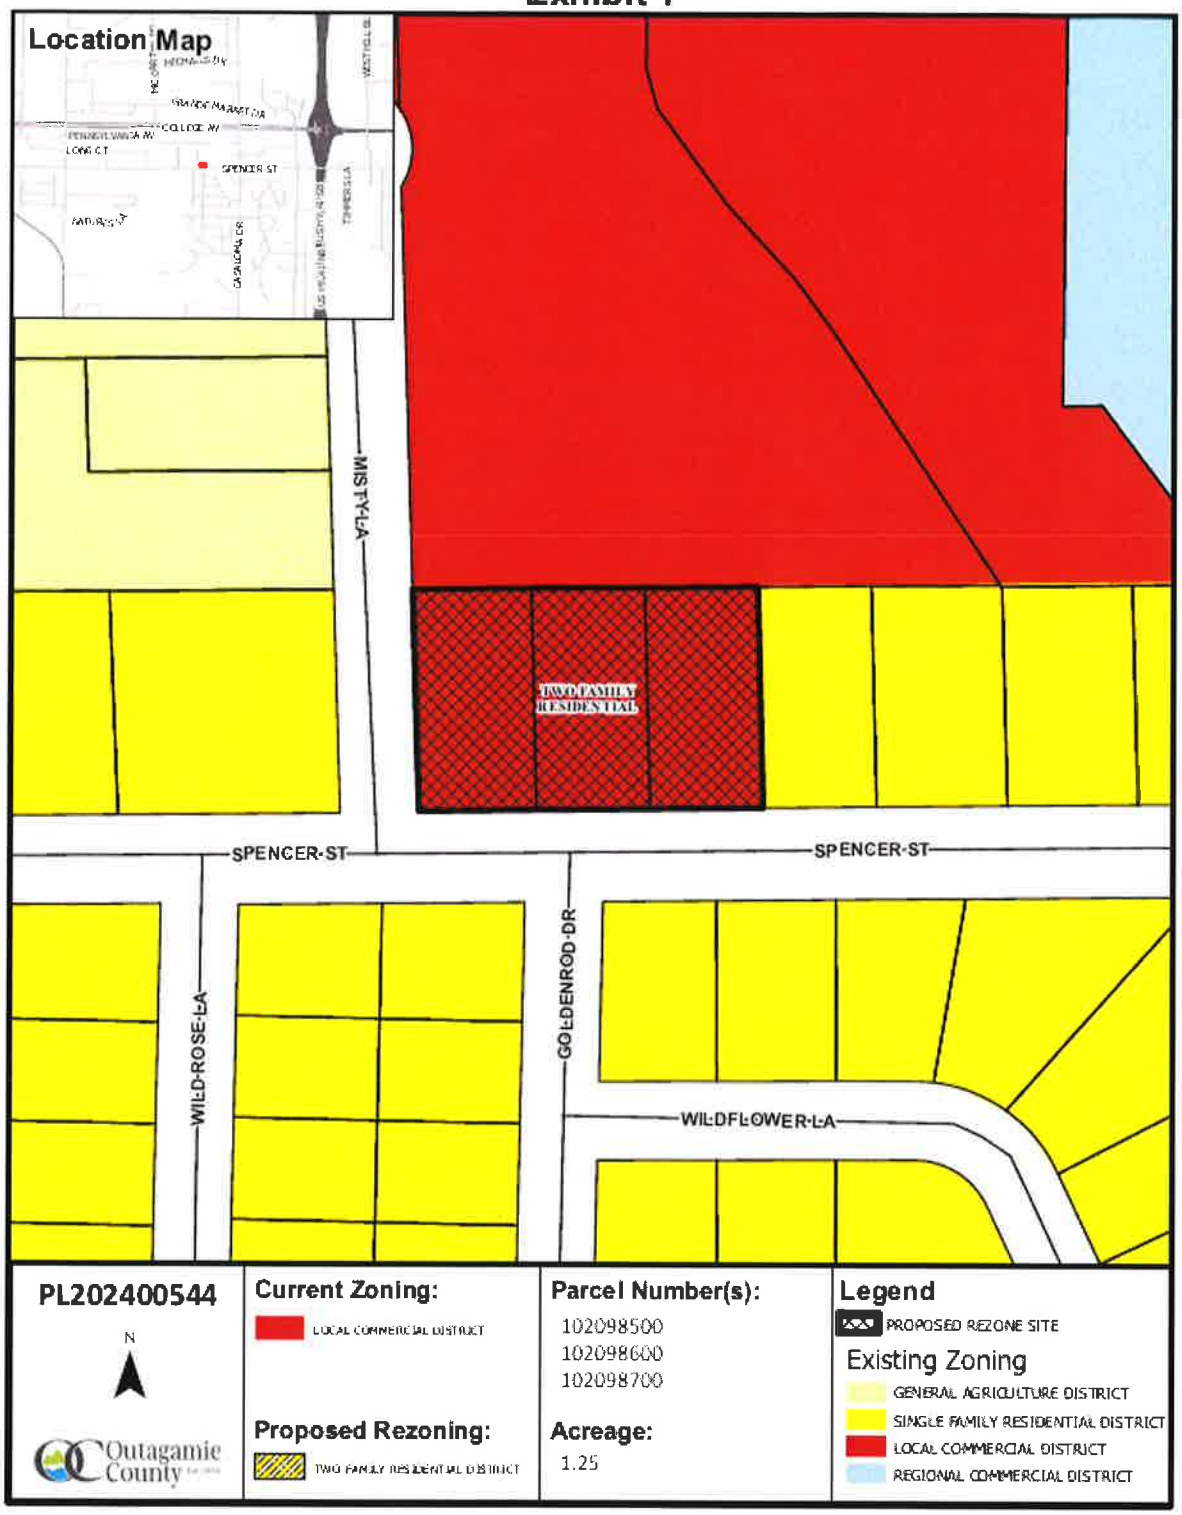
TO: Outagamie County Zoning Committee
FROM: Sadie DiNatale Burda, Deputy Director
DATE: November 26, 2024
RE: PL202400544: Rezoning – Town, Review and Recommendation

Application Details:

Applicant and Owner:	Town of Grand Chute, Applicant on behalf of Calnin & Goss, Inc (Owner)
Request:	Rezoning - Town
Parcels:	102098500, 102098600, 102098700
Location:	North of Spencer St, East of Misty Lane TOWN OF GRAND CHUTE
Public Hearing:	October 15, 2024 held by the Town of Grand Chute

Background:

Outagamie County received a Town Rezoning request from the Town of Grand Chute, as depicted on the attached Rezoning Map. The proposal would rezone three parcels (totaling 1.25 acres) from LC – Local Commercial District to R2 – Two Family Residential District. The rezoning would allow for the development of a duplex on each of the parcels. The duplexes will be used for community based housing for individuals who need specialized care and support.



The Town of Grand Chute exercises village powers, adopted General Town Zoning, and is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Comprehensive Plan, which identifies the area as "Suburban." The Town Board voted to approve the rezoning request on November 7, 2024.

Outagamie County is not statutorily required to document consistency; however, we do concur that the rezone is consistent with the County's Comprehensive Plan, which identifies the area as "Suburban Residential."

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to approve the rezoning of parcels 102098500, 102098600, 102098700 from LC – Local Commercial District to R2 – Two Family Residential District.

PLAN COMMISSION
AGENDA MEMORANDUM

MEETING DATE: October 15, 2024
FROM: Tanner Russell, Town Planner
TYPE: Rezoning
APPLICATION NO: Z-05-2024
APPLICANT: Calmin & Goss, Inc.
ADDRESS: Northeast corner of W. Spencer Street and S. Misty Lane
TAX PARCEL ID: 102-098500, 102-098600, & 102-098700

REQUEST
Applicant requests to rezone three properties from CL Local Commercial District to R-2 Two-Family Residence District.

Background Information/Analysis: The rezone is requested to allow development of a duplex on each of the three lots. The duplexes will be used for community based housing for individuals who need specialized care and support. Units will be occupied by both clients and staff to ensure close access for care. The intended use of the property and rezone to a low density residential classification is consistent with the adjacent single-family residences to the south, east, and west. The site is ideally suited for R-2 Two-Family Residence District zoning classification, as it is a transitional district between existing residential development and commercial areas to the north. Rezoning of this property to R-2 Two-Family Residence District is consistent with the Suburban designation for this district as identified in the Town of Grand Chute Comprehensive Plan.

Recommended Action: Staff has reviewed and supports a Plan Commission recommendation to rezone three properties on the northeast corner of W. Spencer Street and S. Misty Lane from CL Local Commercial District to R-2 Two-Family Residence District. (Ordinance No. O-11-2024)

RESOLUTION NO.: Z-8—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Grand Chute has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Grand Chute be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for Prospera Credit Union, Gold Crown Properties LLC, and Bluemound Properties LLC. The proposed rezoning is for a portion of parcel 103100600 (Condo PIN: 103100800), from the CL Local Commercial District to the R-3 Single Family Attached Residence District. The parcel is located at Unit 103 of the Bluemound Commercial Condominium Plat, East of County Trunk Highway AA and North of Glenpark Drive, in the Town of Grand Chute, Outagamie County, WI, as depicted on the attached review and map, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator, the Town of Grand Chute Clerk, the Town of Grand Chute Community Development Director, and the Town of Grand Chute Community Development Administrative Assistant.

MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Sadie DiNatale Burda, Deputy Director
DATE: November 27, 2024
RE: PL202400565: Town Rezoning - Review and Recommendation

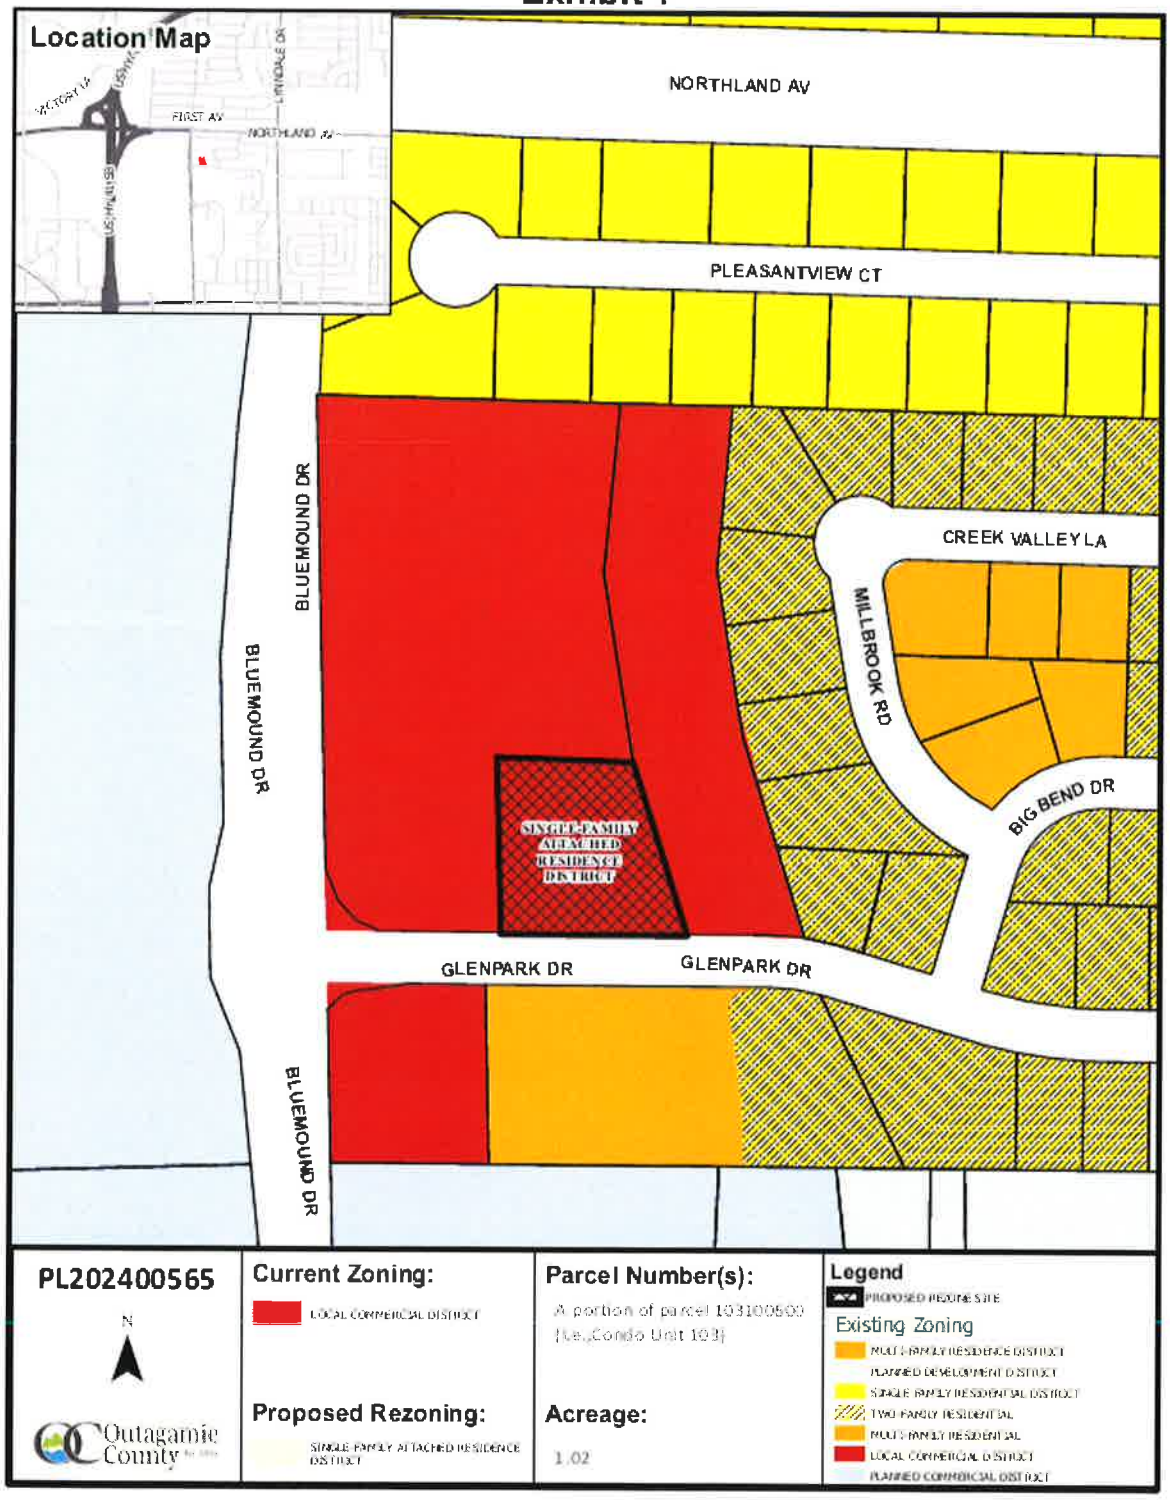
Application Details:

Applicant/Owner:	Town of Grand Chute, Applicant on behalf of Prospera Credit Union, Gold Crown Properties LLC, and Bluemound Properties, LLC (Owners)
Request:	Rezoning - Town
Parcel:	A portion of parcel 103100600 (Condo PIN: 103100800), *see legal description*
Location:	Unit 103 of the Bluemound Commercial Condominium Plat East of County Trunk Highway AA and North of Glenpark Drive Town of Grand Chute
Public Hearing:	November 7, 2024 at 6:00 PM held by the Town of Grand Chute

Background:

Outagamie County received a Town Rezoning request from the Town of Grand Chute, as depicted on the attached Rezoning Map. The proposal would rezone a portion of parcel 103100600 (1.02 acres) from the CL Local Commercial District to the R-3 Single-Family Attached Residence District. The rezoning would accommodate the development of a four-plex residential building on the property (i.e., on Unit 103 of the Bluemound Commercial Condominium Plat).

The Town of Grand Chute exercises village powers and adopted General Town Zoning. The Town of Grand Chute is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Comprehensive Plan Future Land Use Map, which identifies the area as "Urban."



Outagamie County concurs that the rezone is also consistent with the County Comprehensive Plan Future Land Map, which identifies the area as "Community Mixed Use."

The Grand Chute Town Board voted to approve the rezoning request on November 19, 2024.

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to: Approve the rezoning of a portion of parcel 103100600 (i.e., Condo PIN: 103100800 or Unit 103 of the Bluemound Commercial Condominium Plat) from the CL Local Commercial District to the R-3 Single-Family Attached Residence District.

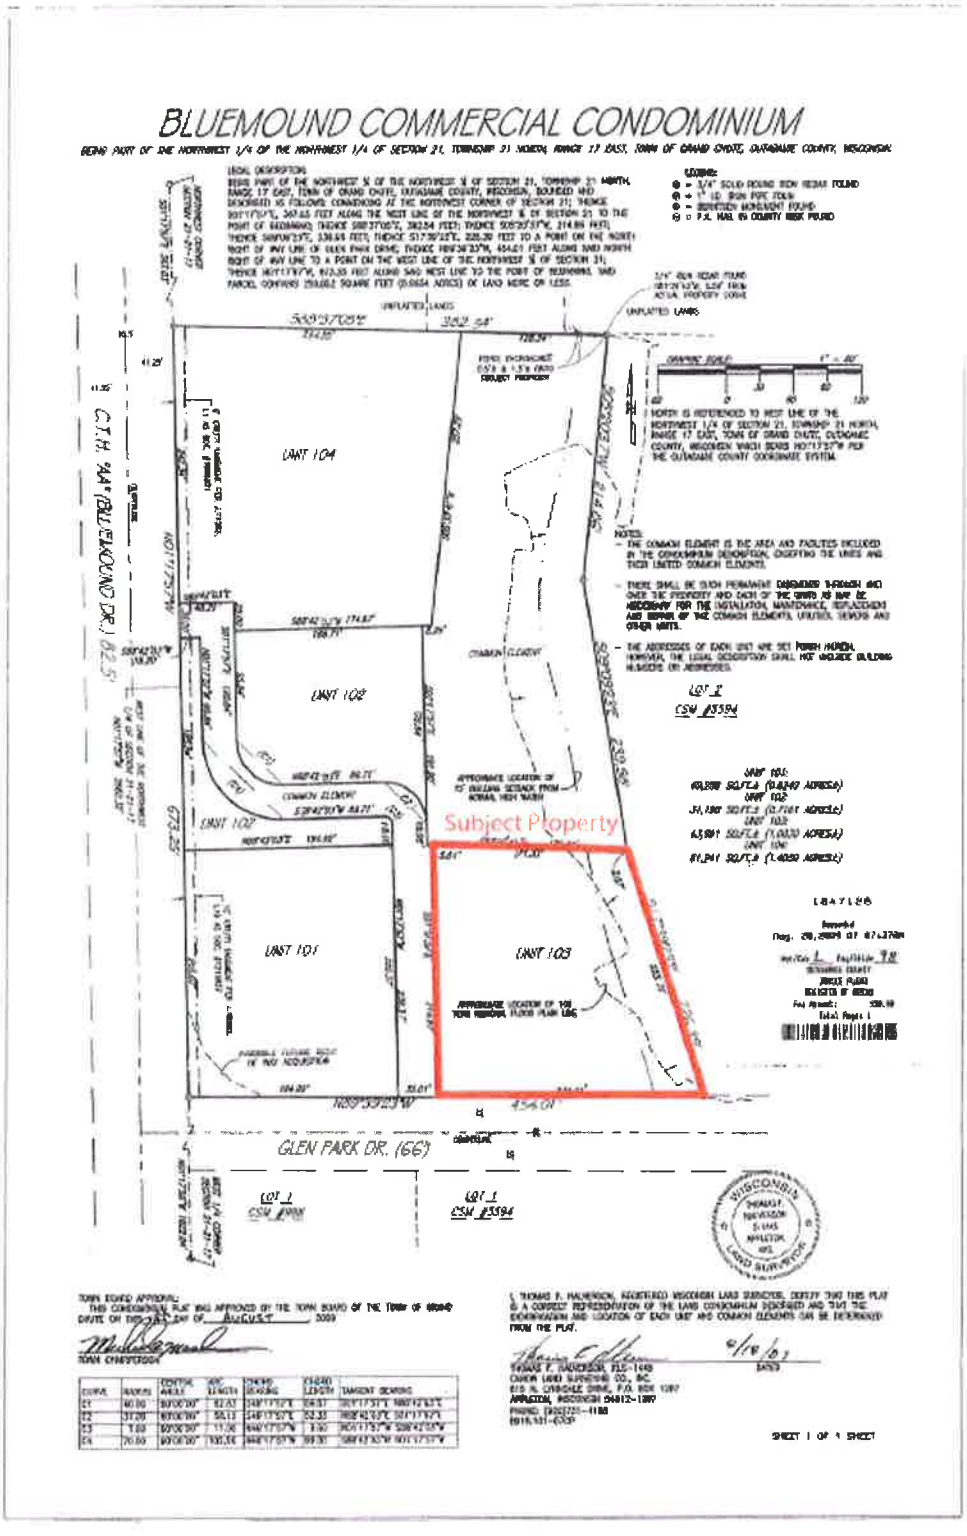
PLAN COMMISSION
AGENDA MEMORANDUM

MEETING DATE: November 7, 2024
FROM: Michael Patza, Community Development Director
TYPE: Rezoning
APPLICATION NO: Z-06-2024
APPLICANT: Bluemound Properties, LLC
ADDRESS: North of W. Glenpark Drive
TAX PARCEL ID: 103-100800

REQUEST
Applicant request to rezone Unit 103 of the Bluemound Commercial Condominium Plat from CL Local Commercial District to R-3 Single-Family Attached Residence District.

Background Information/Analysis: The rezone is requested to allow development of a 4-duplex residential building on the property. As shown on the attached Schematic Site Plan, access to the residential building would be from the existing private drive that serves other properties within the condominium development.



Property to the east is zoned R-2 Two-Family Residence District, to the west and north will remain CL Local Commercial District, and to the south is a combination of commercial and multi-family residential zoning classifications. The rezoning of this property to an R-3 Single-Family Attached Residence District is consistent with the Urban designation for this district as identified in the Town of Grand Chute Comprehensive Plan.

Approval of a Site Plan and compliance with the underlying condominium documentation to accommodate the residential building will be required prior to site development.

Recommended Action: Staff has reviewed and supports a Plan Commission recommendation to rezone property located north of W. Glenpark Drive from CL Local Commercial District to R-3 Single-Family Attached Residence District. (Ordinance No. O-12-2024)

Public Hearing:	November 12, 2024 at 7 PM – held by Town of Buchanan

Background & Analysis:

The Town of Buchanan adopted an updated Zoning Ordinance earlier this year. Since its adoption, the Town has identified several revisions to address specific needs. These include updates to ***Table 525-31-1: Principal and Special Exception Uses and Structures***, as well as the addition of a definition for "Mixed-Use" in ***Section 525-31***. The new definition was prompted by a development inquiry regarding a vertical mixed-use project featuring apartments above first-floor commercial spaces. For details on the proposed revisions, refer to *Town of Buchanan Ordinance No. 2024-06*.

The Town held a public hearing on November 12, 2024 to review the amendment. The Town Board found the amendment consistent with the Town of Buchanan Comprehensive Plan and voted to adopt the proposed zoning ordinance amendment on November 19, 2024.

The Town of Buchanan has exercised village powers and has adopted General Town Zoning; as such, the County is not statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3). However, we do concur that this proposed zoning code amendment is compatible with the County's Comprehensive Plan, as it directly aligns with the following County Comprehensive Plan Goals:

- GOAL 2. Modernized land use and regulatory tools.
- GOAL 6. Wise land development and conservation practices.

Staff Recommendation:

Based on our review of this proposed amendment, County Planning Staff recommends approval of the Town of Buchanan's Zoning Ordinance Amendment, as requested.

ORDINANCE NO.: Z-8—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY COMPREHENSIVE PLAN. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 66.1001(4) of the Wisconsin State Statutes.

Outagamie County Planning Staff review recommends approval of proposed comprehensive plan amendment. The Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED that the Outagamie County Board of Supervisors does recommend the attached proposed amendment to the Outagamie County Comprehensive Plan to repeal and replace Map 36: Future Land Use for Town of Vandenbroek, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in Outagamie County upon approval by the Outagamie County Board of Supervisors and publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this Ordinance to the Outagamie County Department of Development and Land Services Director.

Dated this 14th day of January, 2025.

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING & LAND CONSERVATION COMMITTEE

RECOMMENDING AN AMENDMENT TO THE COMPREHENSIVE PLAN FOR OUTAGAMIE COUNTY, WISCONSIN

WHEREAS, pursuant to 59.69(3) of the Wisconsin Statutes, Outagamie County is authorized to prepare and adopt a comprehensive plan as defined in section 66.1001(1)(a) and 66.1001(2) of the Wisconsin Statutes, and

WHEREAS, Outagamie County has developed a process to allow for amendments to the Comprehensive Plan, and

WHEREAS, the State Comprehensive Planning Law requires that the County follow the same administrative procedures for adoption defined under Wisconsin Statutes, Section 66.1001(4), to amend the Comprehensive Plan, and

WHEREAS, Outagamie County has held at least one public hearing on this amendment, in compliance with requirements of section 66.1001(4)(d) of the Wisconsin Statutes.

NOW THEREFORE, BE IT RESOLVED, that the Outagamie County Zoning Committee hereby recommends to the County Board that the attached Comprehensive Plan Amendment be adopted pursuant to Wisconsin Statutes Section 66.1001(4).

Adopted this 10 day of December 2024

Debra Vander Heiden, Committee Chair

Jayme Heiser, Committee Secretary

MEMORANDUM

TO: **Outagamie County Zoning Committee**
FROM: **Sadie DiNatale Burda, Deputy Director**
DATE: **October 7, 2024**
RE: **PL202400460: Proposed Outagamie County Comprehensive Plan Amendment**

The *Outagamie County Comprehensive Plan 2040: A Shared Path Forward* (County Plan), was adopted in 2020. Occasionally, amendments to the County Plan are needed to ensure it remains up-to-date and relevant. This memorandum discusses proposed amendments to Volume 2 of the County's Plan.

BACKGROUND:

The Town of Vandenbroek has recommended an amendment to the County's Plan to modify the existing Future Land Use (FLU) Map for Vandenbroek (see Exhibit 1). The proposed FLU Map amendment (see Exhibit 2) aims to foster greater flexibility in development within a specific area of the town, encouraging a blend of different land uses. Specifically, the amendment proposes changing an area (approx. 247 acres) adjacent to the Village of Little Chute and the City of Kaukauna from the "Suburban Transition" FLU designation to "Community Mixed Use" FLU designation. A description of each FLU designation is below. The proposed area is generally located north of I-41 and Evergreen Drive, south of Hickory Drive, west of County Highway CC, and east of Buchanan Road.

- **Suburban Transition:** Consists of residential development with agricultural and open land interspersed. Agricultural and open land yield way to increased residential and non-residential development. Residential development patterns reflect an increase in platted subdivisions. Non-residential development begins to include a diversity of uses including nurseries and landscaping businesses, and light manufacturing. Development served by POWTS and sanitary sewer service.

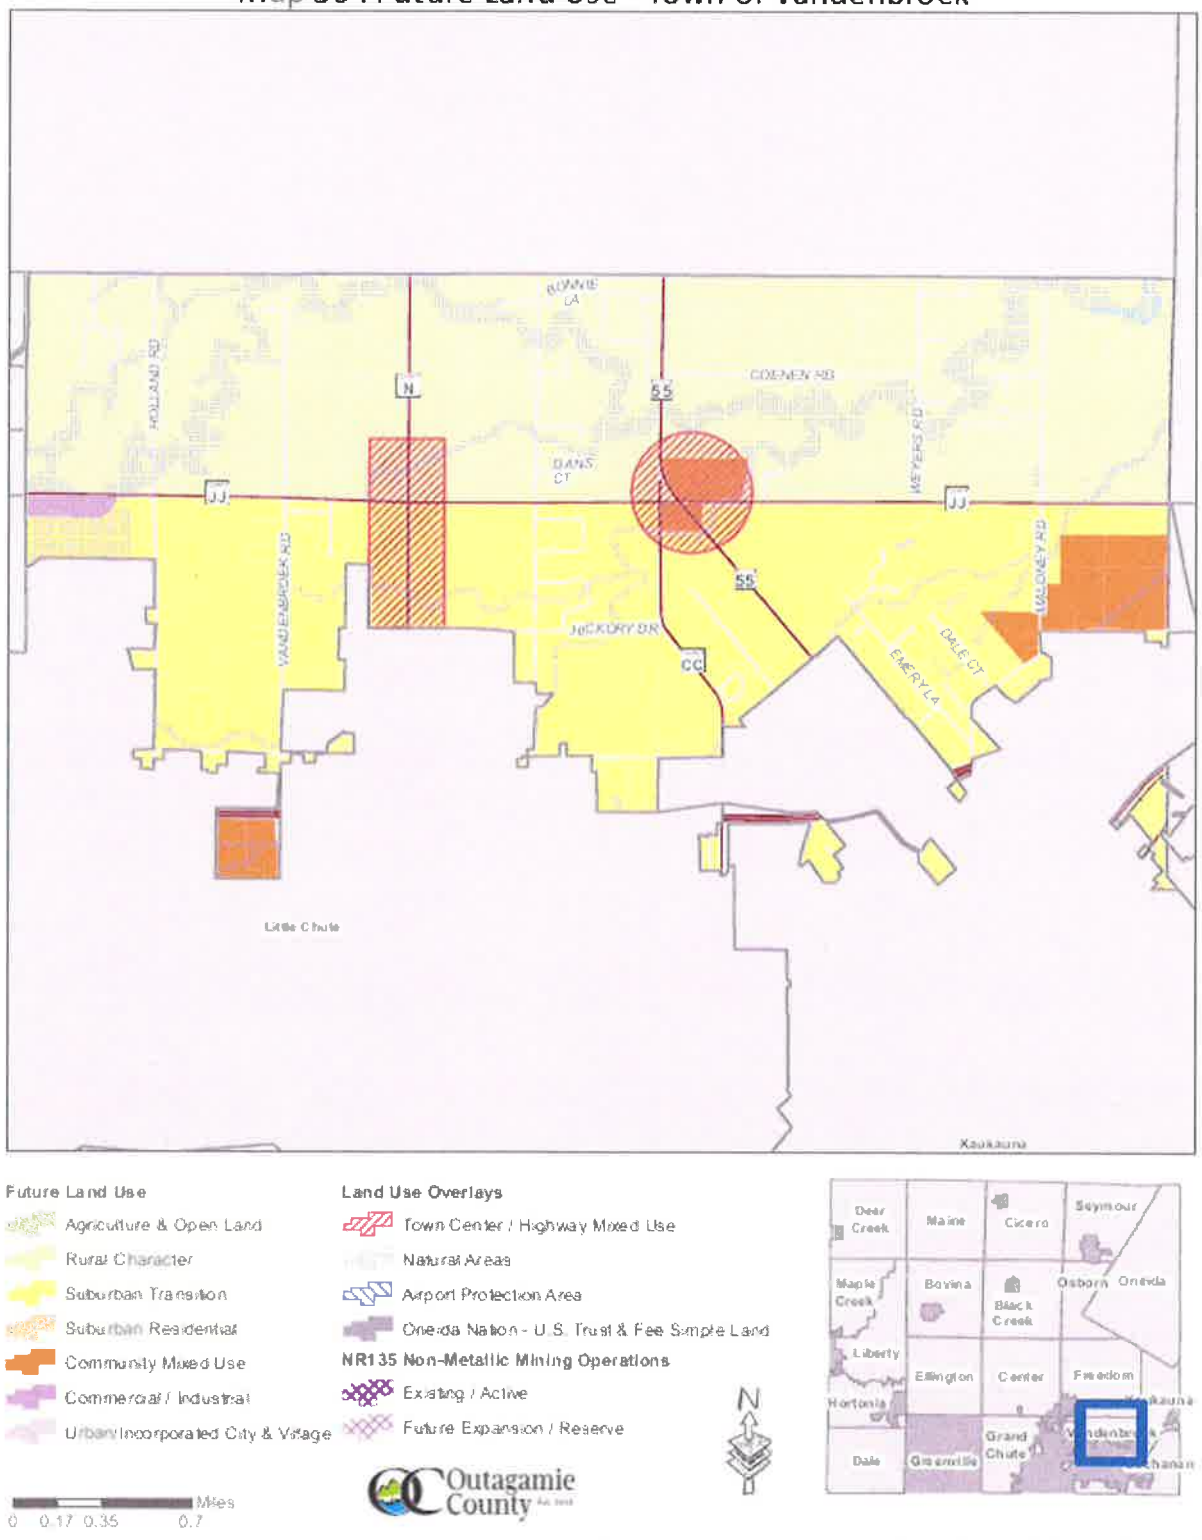
- **Community Mixed Use:** Consists of an array of land uses including residential, commercial, light manufacturing, industrial, institutional, recreational, and governmental at lower densities than urban areas. Isolated remnants of agricultural/open land. New development served by sanitary sewer; isolated, existing development served by POWTS.

Specifically, the amendment would repeal and replace Map 36: Future Land Use - Town of Vandenbroek in the County Plan. Then, to ensure the overall Future Land Use Map for the County reflects the change in Vandenbroek, County staff would also update Map 18: Future Land Use - Outagamie County.

It is County planning staff's opinion that the proposed amendments are consistent with Goal 3 of the County's Comprehensive Plan: *Cooperative, intergovernmental land-use decisions.*

STAFF RECOMMENDATION

Planning staff recommends adoption of the proposed amendments as presented. To do this, the



following action is required pursuant to Wis. Stats. 66.1001:

- Zoning Committee adopts a Resolution authorizing the amendments and advancing them to the County Board (Wis. Stats. 66.1001(4)(b)).
- County Board approves an Ordinance adopting the amendments (Wis. Stats. 66.1001(4)(c)).

Outagamie County

1-14-25 County Board Meeting

1-14-25 CB Meeting

Outagamie County Board of Supervisors

January 14, 2025 08:49:21 PM

OpenMeeting

RESOLUTION NO.: 119—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Broadband, Equity, Access, and Deployment (BEAD) Program has been established to provide significant funding to expand high-speed internet access across the United States and funding is available for unserved and underserved households and businesses within Outagamie County. The BEAD Program aids to bridge the digital divide by ensuring that all Americans, regardless of their geographic location, have access to reliable and affordable broadband services.

The availability of BEAD funding is crucial for supporting infrastructure projects that will enhance connectivity for unserved and underserved households and businesses in Outagamie County. The purpose of BEAD funding includes promoting economic growth, improving educational opportunities, and enhancing healthcare services through better internet access.

The Outagamie County Board of Supervisors recognize that broadband connectivity and reliability is critical infrastructure for health, safety, and quality of life for all community residents to participate in the full benefits of society and economy, including access to telemedicine, education, and economic opportunities. Bertram Communications is seeking BEAD funding for Outagamie County.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does endorse Bertram Communications' application for Broadband, Equity, Access, and Deployment (BEAD) funding to bring fiber to 2,544 eligible Broadband Serviceable Locations (BSLs) in Outagamie County, and

BE IT FURTHER RESOLVED that the Outagamie County Board of Supervisors does endorse the application of Bertram Communication for BEAD funding to support their broadband infrastructure project in Outagamie County, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to provide the attached letter, which by reference is made a part hereof, to the Public Service Commission of Wisconsin and Bertram Communication which outlines this endorsement and verifies the applicant and geographic location affected, and include the minutes from this County Board meeting, as well as forwarding a copy of this resolution to the Outagamie County Development and Land Services Director.

Dated this 14th day of January, 2025

Respectfully Submitted,

PROPERTY, AIRPORT, RECREATION & ECONOMIC DEVELOPMENT COMMITTEE

Outagamie County Clerk Letter Head

[Date]

Cru Stubley
Secretary to the Commission Public Service Commission of Wisconsin
4822 Madison Yards Way
Madison, Wisconsin 53705

Dear Mr. Stubley,

I am writing to confirm that on [Date of County Board Meeting], the Outagamie County Board of Supervisors voted to approve Resolution [Resolution Number], endorsing Bertram Communication's application for Broadband Equity, Access, and Deployment (BEAD) funding to support broadband infrastructure projects in Outagamie County, specifically to bring fiber to 2,544 eligible Broadband Serviceable Locations (BSLs) in Outagamie County. Enclosed with this letter are the official minutes from the meeting, as well as a copy of the resolution for your reference.

The Outagamie County Board recognizes the critical importance of broadband connectivity in bridging the digital divide and supporting economic growth, educational opportunities, and healthcare services throughout our community. As outlined in the resolution, the BEAD Program provides essential funding to expand high-speed internet access to unserved and underserved households and businesses in Outagamie County, thereby enhancing quality of life and enabling residents to fully participate in our society and economy.

Bertram Communication's application aligns with Outagamie County's strategic goals to improve broadband access and reliability, essential for health, safety, and economic development in our region. Therefore, we are pleased to endorse Bertram Communication's efforts to secure BEAD funding and support their commitment to enhancing broadband infrastructure in Outagamie County.

Please do not hesitate to contact our office if you require any further information or documentation regarding this endorsement.

Sincerely,

[Signature]

Kelly Gerrits

January 14, 2025 08:50:06 PM

OpenMeeting

RESOLUTION NO.: 120—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Highway Department previously entered into a State/Municipal Financial Agreement for the County U interchange and I-41 mainline improvement project, including the existing overpasses over County JJ and a portion of County JJ. Work will entail removal and replacement of existing pavement and base material and operational improvements on the interchange ramps, numerous side road intersections along County JJ and County U. A single-lane roundabout will also be constructed at the intersection of the East Frontage Road and County U. The typical cross section will become an urbanized two-lane roadway between the ramp terminals and remain as a rural cross section at the project limits. The existing bridge structures will be replaced at County JJ, Wrightstown Road, and County U. Construction is currently scheduled to begin in 2025.

The Wisconsin Department of Transportation (WisDOT) has recently revised their cost share policy to allow federal participation to offset a portion of costs related to the incorporation of Community Sensitive Design (CSD) elements, which were formerly required to be entirely funded by the Municipality.

This resolution authorizes the Outagamie County Highway Commissioner to enter into a revised State/Municipal Financial Agreement (SMFA) for this state-let improvement project, with no budget adjustment needed.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Outagamie County Highway Commissioner to enter into a revised State/Municipal Financial Agreement for the County U interchange and I-41 mainline improvement projects, as noted on the attached Revised State/Municipal Financial Agreement for a State-Let Highway Project, which by reference is made a part hereof, with no budget adjustment needed, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner.

Dated this 14th day of January, 2025.

Respectfully Submitted,

HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

REVISED STATE/MUNICIPAL FINANCIAL AGREEMENT FOR A STATE – LET HIGHWAY PROJECT *This agreement supersedes the agreement signed by the Municipalities in September of 2024 and signed by the State on 9/18/2024.*	Revised Date: 12/20/2024 Original SMFA Date: 7/16/2024 ID: 1130-67-72 / 1130-67-76 / 1130-67-86 (Design: 1130-63-01) Road Name: IH 41 Title: Appleton – De Pere Limits: I-41 Mainline, CTH JJ-Miner's Way S County Line Rd/CTH U Interchange CTH U Frontage Rds County: Outagamie County Roadway Length: 4.81 miles / .68 miles / 1.2 miles

The signatories Town of Kaukauna, Village of Wrightstown, and the County of Outagamie, hereinafter called the Municipalities, through their undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipalities to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

Existing Facility - Describe and give reason for request:

These projects are part of the overall IH 41 major project corridor, which experiences crashes at a rate greater than similar freeways in Wisconsin. Traffic is expected to increase and cause additional congestion and delay throughout the entire length of the corridor. Crash rates are high due to multiple roadway design deficiencies. In addition, much of the pavement and several bridges are reaching the end of their useful lives and need replacing. The project corridor has reached the end of its useful service life, meaning further rehabilitations are no longer cost-effective. The interchange has outdated ramp designs, and the frontage road intersections are spaced too close to the ramp terminals with skews that are unfavorable for sight distance and truck turning movements. The skew of CTH U to IH 41 is also significant and creates sight distance and safety issues at the intersections of the ramps and frontage roads at CTH U.

Proposed Improvement – Nature of work:

1130-67-72: 4.81 miles of IH 41 will be expanded from four to six lanes from CTH JJ in Outagamie County to Miner's Way in Brown County. The IH 41 bridges over CTH JJ, Wrightstown Rd, CTH U, and Apple Creek will be reconstructed. CTH JJ and Wrightstown Rd will be reconstructed within the project limits.

1130-67-76: .68 miles of CTH U at the CTH U interchange will be reconstructed with the modernization of the IH 41 corridor. Intersection improvements include multi-lane roundabouts at the ramp terminals and a single-lane roundabout at the East Frontage Rd/CTH U intersection to address traffic operations and improve safety. Standard T-intersections are proposed at the West Frontage Rd/CTH U intersection, Mid Valley Dr/CTH U intersection, French Rd/CTH U intersection, and West Frontage Rd/Garrity Rd intersection. Access at the French Rd/CTH U intersection will be limited to right-in/right-out.

1130-67-86: The modernization of 1.2 miles of frontage roads at the CTH U interchange. The East Frontage Road, West Frontage Road, French Road, and Mid Valley Road will be reconstructed and realigned at the new intersection locations on CTH U.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality:

Non-participating work is not necessary to finish the project, but the Municipality has requested a 100% non-participating category be included to be able to address any unanticipated non-participating needs during construction.

This request is subject to the terms and conditions that follow (pages 5-13); is made by the undersigned under proper authority to make such request for the designated Municipality, and upon signature by the State and delivery to the Municipality shall constitute agreement between the Municipality and the State. A review of the existing State Municipal Maintenance Agreement (SMMA) or creation of a new SMMA signed by the Municipality and the State shall be completed in conjunction with this agreement. The initiation and accomplishment of the improvement will be subject to the applicable federal and state regulations. No term or provision of neither the State/Municipal Financial Agreement nor any of its attachments may be changed, waived or terminated orally but only by an instrument in writing executed by both parties to the State/Municipal Financial Agreement

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.

2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:

   (a) Design engineering and state review services.

   (b) Real Estate necessitated for the improvement.

   (c) Compensable utility adjustment and railroad force work necessitated for the project.

   (d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.

   (e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers, and inlet grates as needed.

   (f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.

   (g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.

   (h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.

   (i) Replacement of existing driveways, in kind, necessitated by the project.

   (j) New installations or alteration resulting from roadway construction of standard State street lighting and traffic signals or devices. Alteration may include salvaging and replacement of existing components.

   (k) Eligible Community Sensitive Design (CSD) amenities, not to exceed federal CSD funding limits for the project.

3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:

   (a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

   (b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.

   (c) Roadway and bridge width in excess of standards.

   (d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.

   (e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.

   (f) Parking lane costs.

   (g) Coordinate, clean up, and fund any hazardous materials encountered for city utility construction. All hazardous material cleanup work shall be performed in accordance with state and federal regulations.

   (h) Conditioning, if required, and maintenance of detour routes.

   (i) 20% of costs of eligible Community Sensitive Design (CSD) amenities considered to be the preference of the community up to the CSD funding limit for the project, plus 100% of costs of eligible CSD amenities in excess of the CSD funding limit for the project.

4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.

5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State on behalf of the project.

6. The work will be administered by the State and may include items not eligible for federal/state participation.

7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.

8. Basis for local participation:

Design Engineering, Real Estate Acquisition, Utility Coordination:

The State will pay 100% of the cost for design engineering, real estate acquisition, and utility coordination.

Costs for design engineering, real estate acquisition, and utility coordination are shown as not applicable (N/A) in the summary of costs table due to the complexities of isolating individual Let Project costs from the Appleton-Green Bay corridor wide design ID (1130-63-01) and this information is not relevant to the municipal construction cost share.

Construction ID: 1130-67-72

The Project Agreement will be revised, if necessary, as the project progresses. All costs shown are approximate and subject to final audit.

Category 1000 – Roadway items

The State will pay 100% of the construction costs under Category 1000 – Roadway Items unless otherwise noted.

Category 1010 – Sidewalk (Including Sidewalk Base) – Town of Kaukauna

In accordance with Local Participation Policy Section 3-25-5 of the State's Program Management Manual, the State will participate in the construction costs of new sidewalks if they are installed at the time of project construction. Costs of sidewalk constructed to WisDOT standards and installed at the time of the project construction are 80% eligible for WisDOT participation. The State will pay 80% of the construction cost, and the Town of Kaukauna will be 20% of the construction cost of Category 1010 – Sidewalk (Including Sidewalk Base) – Town of Kaukauna.

Item Number	Item Description	Units	Estimated Qty	Unit Price	Amount
305.0120	Base Aggregate Dense 1 ¼ Inch	Ton	25	$12.00	$300.00
602.0405	Concrete Sidewalk 4-Inch	SF	865	$6.00	$5,190.00

1130-67-72 Sidewalk Total	$5,490.00
15% Construction Contingency	$823.50
1130-67-72 Project Total	$6,313.50
20% Municipality Participation	$1,262.70

Category 1100 – Lighting

The State will pay 100% of the construction costs under Category 1100 – Lighting unless otherwise noted.

Category 1200 – FTMS/ITS

The State will pay 100% of the construction costs under Category 1200 – FTMS/ITS unless otherwise noted.

Category 1400 – 1130-67-72 CSD Items

CSD amenities are funded with 80% federal funding up to a maximum of $72,000 when the municipalities agree to provide the remaining 20% and any funds in excess of the CSD category funding limit. The Town of Kaukauna and Outagamie County will split the local cost share at 10% each up to the CSD amenities category limit and split any costs in excess of the CSD category limit at 50% each.

CSD amenities included in the project 1130-67-72, category 1400 include:

- Staining Structure B-44-0341 IH NB/ CTH JJ (EDGEWOOD DR) - $19,550
- Staining Structure B-44-0342 IH SB/ CTH JJ (EDGEWOOD DR) - $19,550
- Staining Structure B-44-0344 IH SB/ WRIGHTSTOWN RD - $20,125
- Staining Structure B-44-0346 IH 41 SB/ CTH U (S CO LINE RD) - $19,550

Category 1400 - 1130-67-72 CSD Items costs are estimated to be $78,775

Category 1400 – 1130-67-72 CSD amenities category funding limit = $90,000
Costs in excess of the CSD amenities funding limit shall be the responsibility of the Municipalities

CSD funding is governed by Wis. Stat. 85.0205. The department will regularly review the total CSD funding on this and any associated improvement projects to ensure total CSD funding does not exceed statutory limits. If at any point CSD funding exceeds statutory limits, the department will notify the Municipality of any adjustments to CSD funding that may be required to remain in compliance with state statutes.

Category 1410 – 1130-67-72 CSD Items

CSD Amenities are funded with 80% Federal funding up to a maximum of $36,000 when the municipalities agree to provide the remaining 20% and any funds in excess of the CSD category funding limit. The Village

of Wrightstown and Outagamie County will split the local cost share at 10% each up to the CSD amenities category limit and split any costs in excess of the CSD category limit at 50% each

CSD amenities included in the project 1130-67-72, category 1410 include:

- Staining Structure B-44-0343 IH 41 NB/ WRIGHTSTOWN RD - $20,125
- Staining Structure B-44-0345 IH 41 NB/ CTH U (S CO LINE RD) - $20,125

Category 1410 – 1130-67-72 CSD Items costs are estimated to be $40,250

Category 1410 – 1130-67-72 CSD amenities category funding limit = $45,000
Costs in excess of the CSD amenities funding limit shall be the responsibility of the Municipalities

CSD funding is governed by Wis. Stat. 85.0205. The department will regularly review the total CSD funding on this and any associated improvement project to ensure total CSD funding does not exceed statutory limits. If at any point CSD funding exceeds statutory limits, the department will notify the Municipality of any adjustments to CSD funding that may be required to remain in compliance with state statutes.

Category 1600 – 100% Village of Wrightstown Funded

The Village of Wrightstown will pay 100% of the construction costs under Category 1600 – 100% Village of Wrightstown Funded, unless otherwise noted.

Item Number	Item Description	Units	Estimated Qty	Unit Price	Amount
305.0120	Base Aggregate Dense 1 ¼-Inch	TON	1	$12	$12.00

Category 1800 – 100% State Funded

The State will pay 100% of the construction costs under Category 1800 – 100% State Funded Items unless otherwise noted.

Category 2000 – B-44-0342 IH SB CTH JJ (EDGEWOOD DR)

The State will pay 100% of the construction costs under Category 2000 – B-44-0342 IH SB CTH JJ (EDGEWOOD DR) unless otherwise noted.

Category 2010 – B-44-0341 IH NB/ CTH JJ (EDGEWOOD DR)

The State will pay 100% of the construction costs under Category 2010 – B-44-0341 IH NB/ CTH JJ (EDGEWOOD DR) unless otherwise noted.

Category 2020 – B-44-0344 IH SB/ WRIGHTSTOWN RD

The State will pay 100% of the construction costs under Category 2020 – B-44-0344 IH SB/ WRIGHTSTOWN RD unless otherwise noted.

Category 2030 – B-44-0343 IH 41 NB/ WRIGHTSTOWN RD

The State will pay 100% of the construction costs under Category 2030 – B-44-0343 IH 41 NB/ WRIGHTSTOWN RD unless otherwise noted.

Category 2040 – B-44-0345 IH NB/ CTH U (S CO LINE RD)

The State will pay 100% of the construction costs under Category 2040 – B-44-0345 IH NB/ CTH U (S CO LINE RD) unless otherwise noted.

Category 2050 – B-44-0346 IH SB/ CTH U (S CO LINE RD)

The State will pay 100% of the construction costs under Category 2050 – B-44-0346 IH SB/ CTH U (S CO LINE RD) unless otherwise noted.

Category 2060 – B-05-0695 IH 41 NB/ APPLE CREEK

The State will pay 100% of the construction costs under Category 2060 – B-05-0695 IH 41 NB/ APPLE CREEK unless otherwise noted.

Category 2070 – B-05-0694 IH 41 SB/ APPLE CREEK

The State will pay 100% of the construction costs under Category 2070 – B-05-0694 IH 41 SB/ APPLE CREEK unless otherwise noted.

Category 5000 – N-44-0021

The State will pay 100% of the construction costs under Category 5000 – N-44-0021 unless otherwise noted.

Category 6000 – S-44-0340

The State will pay 100% of the construction costs under Category 6000 – S-44-0340 unless otherwise noted.

Category 6010 – S-44-0341

The State will pay 100% of the construction costs under Category 6010 – S-44-0341 unless otherwise noted.

Category 6020 – S-44-0342

The State will pay 100% of the construction costs under Category 6020 – S-44-0342 unless otherwise noted.

Category 6030 – S-44-0396

The State will pay 100% of the construction costs under Category 6030 – S-44-0396 unless otherwise noted.

Category 6040 – S-44-0397

The State will pay 100% of the construction costs under Category 6040– S-44-0397 unless otherwise noted.

Category 6050 – S-44-0398

The State will pay 100% of the construction costs under Category 6050 – S-44-0398 unless otherwise noted.

Category 6060 – S-44-0424

The State will pay 100% of the construction costs under Category 6060– S-44-0424 unless otherwise noted.

Category 6070– S-44-0425

The State will pay 100% of the construction costs under Category 6070 – S-44-0425 unless otherwise noted.

Category 6080 – S-44-0426

The State will pay 100% of the construction costs under Category 6080 - S-44-0426 unless otherwise noted.

Construction ID: 1130-67-76

The Project Agreement will be revised, if necessary, as the project progresses. All costs shown are approximate and subject to final audit.

Category 1000 – Roadway

The State will pay 100% of the construction costs under Category 1000 – Roadway Items unless otherwise noted.

Category 1110 – Lighting

The State will pay 100% of the construction costs under Category 1110 – Lighting for standard lighting required by the FDM for roundabouts per PMM 3-25-05.

Category 1210 – FTMS/ITS

The State will pay 100% of the construction costs under Category 1210 – FTMS/ITS unless otherwise noted.

Category 1630 – 100% Village of Wrightstown Funded

The Village of Wrightstown will pay 100% of the construction costs under Category 16300 – 100% Village of Wrightstown Funded, unless otherwise noted.

Item Number	Item Description	Units	Estimated Qty	Unit Price	Amount

15% Construction Engineering	$1.80
1130-67-86 Project Total	$13.80

Category 1820 – 100% State Funded

The State will pay 100% of the construction costs under Category 1820 – 100% State Funded Items unless otherwise noted.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.

I, Kelly Gerrits, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the January 14, 2025 County Board Minutes approved by a majority vote at a meeting of the County Board on January 28, 2025 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 29th Day of January, 2025.

/s/ Kelly Gerrits
County Clerk

Please call the Outagamie County Clerk's Office (832-5077) if you would like further elaboration of these minutes.

RUN: February 3, 2025

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, January 28, 2025.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 30 present, 6 absent. Members present: Thompson, Johnson, Smith, Patience, Gabrielson, Kostelny, Hammen, Krueger, Lamers, McCabe, Hermes, MacDonald, Croatt, Spears, Heiser, Mitchell, Cuff, Hagen, Klemp, Thiede, Janke, Weinberg, Culbertson, Nejedlo, Clegg, Thyssen, VanderHeiden, Rettler, Koury, and Lautenschlager. Members absent: Supervisors Lawrence, Ferguson, Wegand, Schroeder, Monfils, and Winterfeldt.

The Board Chairperson requested the Board's confirmation to excuse Supervisors Lawrence, Ferguson, Wegand, Schroeder, Monfils, and Winterfeldt. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

MINUTES OF THE JANUARY 14, 2025 COUNTY BOARD MEETING
Supervisor Lautenschlager moved, seconded by Supervisor Patience, to approve the minutes of the January 14, 2025 County Board meeting.

ROLL CALL: 27 yes, 3 abstain (McCabe, MacDonald, Thyssen), 6 absent. MINUTES OF THE JANUARY 14, 2025 COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS – None.

ESTABLISH ORDER OF THE DAY– Chairperson Gabrielson reported the request to have Ordinance No. Z-9—2024-25 locked in at the meeting.

COMMUNICATIONS –
Chairperson Gabrielson summarized the following communications:

- A recent IT security training was sent to County Board members on January 15, 2025; twenty-one Supervisors completed the training thus far, and there is an expected due date of January 31, 2025. There is one Supervisor that still needs to complete the November 2024 training.
- Former Outagamie County Board Supervisor Michael “Woody” Woodzicka passed away on January 20, 2025. Funeral services will be held at Valley Funeral Home at 5:00 p.m. (with visitation between 2:00 p.m. – 5:00 p.m. preceding the service). A celebration of life will be held following the funeral at 6:00 p.m. at the Stone Toad Bar in Menasha. Mr. Woodzicka served as a County Board Supervisor from 2018 – 2020.
- Chairperson Gabrielson expressed his gratitude to Supervisor Patience for accompanying him at the Wisconsin County’s Association County Ambassador Day on January 23, 2025. Supervisor Patience and Chairperson Gabrielson attended a meeting in Madison with assembly and senate representatives to discuss issues having an impact on Outagamie County, with the largest issue being Circuit Court funding. Other legislative priorities for 2025 include mental health support and crisis funding, road transportation aides, and conservation projects.

- Chairperson Gabrielson recognized the following County Board Supervisor birthdays: Supervisor McCabe (1/19) and Supervisor Thompson (1/29).

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR –

Robert Kramer, W6461 Summer Wind Lane, Greenville, WI – spoke in opposition of Resolution No. 121—2024-25.

APPOINTMENTS – None.

REPORT BY THE COUNTY EXECUTIVE – County Executive Thomas Nelson provided an Administrative Update.

UNFINISHED BUSINESS – None.

NEW BUSINESS– *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

ORDINANCE NO.: Z-9—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY ZONING ORDINANCE. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension, Zoning, and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of McMahon Associates Inc., applicant on behalf of KG Futures Group, LLC, owner, to rezone parcels (see Exhibit A&B) from General Agricultural & Single-Family Residential to Single-Family Residential & Two-Family Residential. The location of the site is immediately southwest of the intersection of Mc Hugh Road and Vans Court, Town of Freedom, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Freedom upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and the execution and recording of the above stated deed covenants, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Freedom Clerk, the Outagamie County Zoning Administrator and the Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 28th day of January 2025.

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING & LAND CONSERVATION COMMITTEE

MEMORANDUM

TO: Outagamie County Agriculture, Extension Education, Zoning & Land Conservation Committee
FROM: Isaac Uitenbroek, Zoning Administrator
DATE: January 6, 2024
RE: **PL202400535; KG Futures Group, LLC; Rezoning Review & Recommendation**

Application Details:

Applicant:	*McMahon Associates, Inc., owner's agent*
Owner:	*KG Futures Group, LLC*
Request:	*Rezoning From: General Agricultural & Single-Family Residential* *To: Single-Family Residential & Two-Family Residential*
Location:	*Town of Freedom; Parcel(s): See Exhibits A & B for legal descriptions (Subject Property)*
Public Hearing:	*January 14, 2025; 9:00 AM (Public Notice per Post Crescent)*

Background & Analysis:

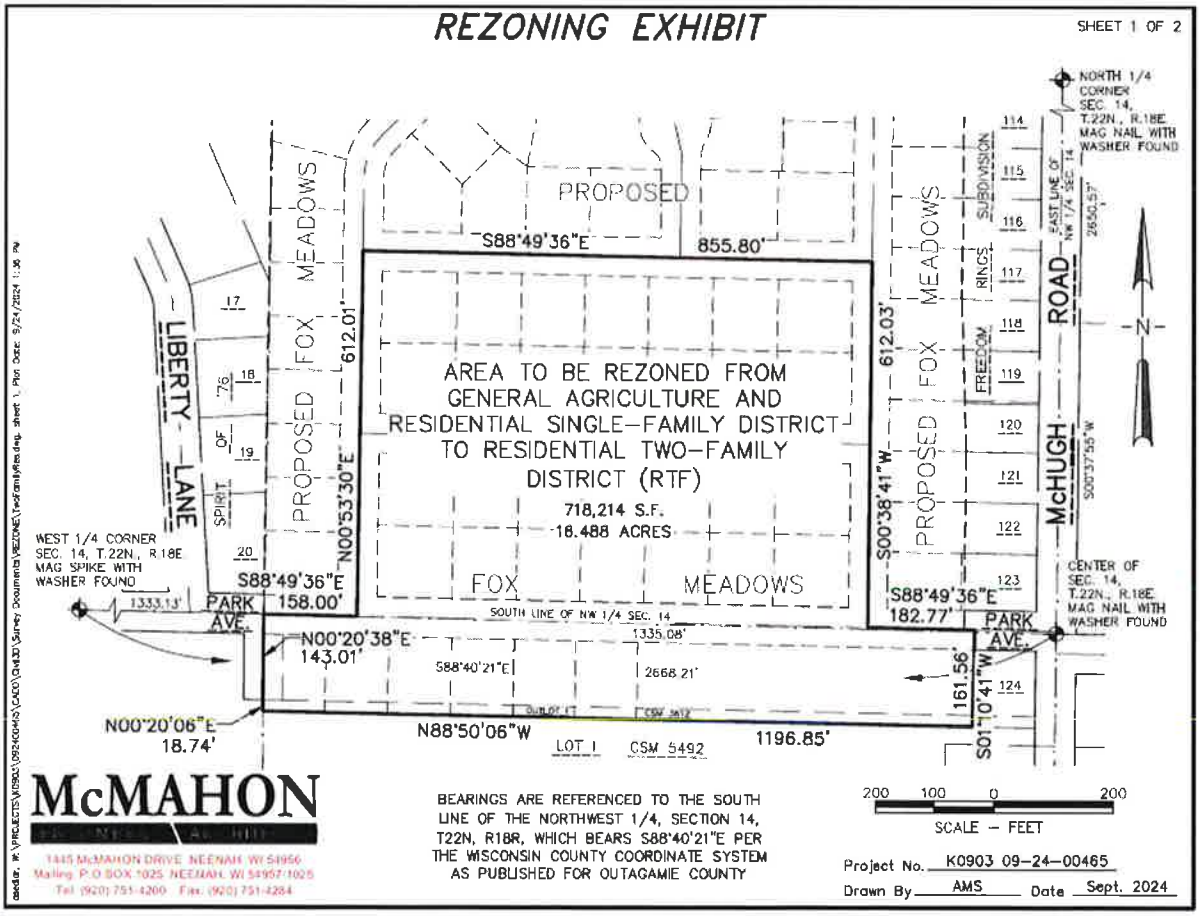
This proposed rezoning, totaling 38.88 acres, will allow for Single-Family Residential and Two-Family Residential uses within a platted subdivision (Fox Meadows Plat). The property is located immediately southwest of the intersection of Mc Hugh Road and Vans Court, Town of Freedom (Exhibit C). Current land use and zoning adjacent to the Subject Property is as follows:

SURROUNDING USES:		
	Existing Zoning	***Existing Use***
North	Single-Family Residential	Single-Family Residences
South	General Agricultural	VFW Memorial Park – Sports Fields
East	Single-Family Residential	Single-Family Residences
West	Single-Family Residential	Single-Family Residences

The subject property contains no navigable streams or mapped floodplain; however, wetlands (delineation completed July 30, 2024) are present. The proposed site design (see Exhibit D) will be required to account for these environmentally sensitive areas and will be required to meet all applicable setbacks and federal, state and county permitting requirements prior to development. There are no known cultural or historical attributes present. The subject property is located within the Freedom Sanitary District and will be served by public sewer and water. The proposed development is consistent with existing residential land use patterns to the north, south, east and west, and will allow for further west-east connectivity with construction of Park Avenue extension to McHugh Road.

The Town of Freedom Board reviewed this rezoning request on November 20, 2024, and recommended approval (see Exhibit E). The Town of Freedom general zoning is administered by the County and the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3) Wis. Stats. The County Comprehensive Plan designates the Subject Property as

"Suburban Residential". As such, staff finds this rezoning request to be consistent with the County Comprehensive Plan.



STAFF RECOMMENDATION:

Based on our review and the above analysis of this proposed rezoning, **COUNTY STAFF RECOMMENDS APPROVAL of the following:**

1. **Rezoning of lands described in Exhibit A from General Agricultural/Single-Family Residential to Two-Family Residential as requested; and**
2. **Rezoning of lands described in Exhibit B from General Agricultural to Single-Family Residential as requested.**

****LOCK IN REQUEST** due to the time sensitive nature of the proposed development, we request that this rezoning be locked in at the first County Board meeting where it is considered (anticipated to be January 28, 2025).**

RESOLUTION NO.: 121—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

A notice of Injury and Claim for Damages was filed on December 30, 2024 by Attorney Tyler T. Fredrickson on behalf of client Tabetha Moore in the Outagamie County Clerk's Office. Upon review of this matter by Wisconsin Municipal Mutual Insurance Company and the Finance Committee, a recommendation was made that the claim be disallowed.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does disallow the claim submitted by Attorney Tyler T. Fredrickson on behalf of client Tabetha Moore that has been placed on file in the office of the Outagamie County Clerk and that no action of this claim may be brought against Outagamie County or any of its officers, officials, agents, or employees after six months from the date of service of this notice, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to Attorney Tyler T. Fredrickson, P.O. Box 482, Appleton, WI 54912 and Tabetha Moore, 3411 Waterfront Circle, Stockton, CA 95209, by certified mail, return receipt requested as a notice of disallowance, Wisconsin Municipal Mutual Insurance Company, 2418 Crossroads Drive, Suite 1500, Madison, WI 53718-7996, the Outagamie County Corporation Counsel, and the Outagamie County Risk Administrator.

RE: Claimant: Tabetha Moore
Claim Number: GLOC00003743
Our Insured: Outagamie County
Date of Loss: 10/23/2021

Dear Chuck Schroeder,

The above referenced claim was filed on December 30, 2024. After a thorough examination of the information, it has been determined that Outagamie County has no liability for this claim. Please issue a formal disallowance and provide a copy of this disallowance to WMMIC.

This claim will be closed on the date of receipt of the disallowance.

A copy of this letter has been placed in the claim file for reference. If you should have any further questions, please contact me.

RESOLUTION NO.: 122—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor, which includes intersections with local highways. I-41 will be reconstructed from the STH 96/Wisconsin Avenue interchange to the CTH F/Scheuring Road interchange in Brown County. The I-41 project costs will be shared between the WisDOT, Outagamie County, and municipalities by utilizing State/Municipal Financial Agreements (SMFA's) for a State-Let Highway Project. The WisDOT will occasionally revise the SMFA for certain projects as project costs are updated and refined.

This resolution authorizes the Outagamie County Highway Commissioner to enter into all revised State/Municipal Financial Agreements (SMFA's) for a State-Let Highway Project related to the I-41 corridor project whenever no budget adjustment is required.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Outagamie County Highway Commissioner to enter into all revised State/Municipal Financial Agreements (SMFA's) for a State-Let Highway Project related to the I-41 corridor project whenever no budget adjustment is required, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner.

RESOLUTION NO.: 124—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Buchanan (Town) and the Village of Combined Locks (Village) have requested that the Outagamie County Sheriff's Office (the County) provide enhanced law enforcement services to the Town and Village. The Town and Village wish to enter into a cost sharing agreement for said law enforcement services with the County. The County agrees to provide six (6) full-time deputies to the Town and Village. Additionally, the County agrees to provide one (1) full-time Sergeant Law Enforcement Specialist to the Village.

The income and expenses related to this Agreement have been included in the 2025 Adopted Budget, therefore, no budget adjustment is needed at this time.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the attached Agreement for Enhanced County Law Enforcement Services in the Town of Buchanan and Village of Combined Locks, which by reference is made a part hereof , in order to obtain enhanced law enforcement services from the Outagamie County Sheriff's Office, with no budget adjustment needed, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Town of Buchanan, Village of Combined Locks, the Outagamie County Sheriff and the Outagamie County Executive.

AGREEMENT FOR ENHANCED
COUNTY LAW ENFORCEMENT SERVICES IN
THE TOWN OF BUCHANAN AND
VILLAGE OF COMBINED LOCKS

THIS AGREEMENT FOR ENHANCED COUNTY LAW ENFORCEMENT SERVICES is entered into between OUTAGAMIE COUNTY, a municipal corporation ("County"), the TOWN OF BUCHANAN, a municipal corporation, by its Town Board of Supervisors ("Town") and the VILLAGE OF COMBINED LOCKS, a municipal corporation, by its Village Board of Trustees ("Village").

WHEREAS, Outagamie County operates and maintains the Outagamie County Sheriff's Department ("the Department") which is reasonably staffed and equipped to service both the Town of Buchanan and the Village of Combined Locks; and

WHEREAS, the Town of Buchanan desires to obtain enhanced law enforcement services from the County; and

WHEREAS, the Village of Combined Locks desires to obtain enhanced law enforcement services from the County; and

WHEREAS, the Town of Buchanan and Village of Combined Locks (collectively, the "Municipalities") as neighboring Municipalities wish to enter into a cost sharing agreement for said law enforcement services.

NOW, THEREFORE, THE PARTIES HERETO AGREE AS FOLLOWS:

1. The County, through its Sheriff's Department, will continue to assign deputies to provide enhanced law enforcement services in the Municipalities.

2. The County agrees to provide six (6) fulltime deputies to the Municipalities at the rate set forth in Exhibit A of this Agreement. Deputies serving under this Agreement will work shifts established by the union contract and the County that provides 24-hour coverage to both communities.. Cost for services as set forth in Exhibit A will to be shared 40% by the Village and 60% by the Town. The County shall provide one invoice directly to the Town and one invoice directly to the Village on a monthly basis. This invoice will include the costs in Exhibit A, which is incorporated into this Agreement by reference, broken down into monthly amounts along with an itemized monthly cost by squad number for vehicle lease, maintenance, and gasoline costs. In addition to those monthly charges, the Municipalities agree to reimburse the County for all additional salaries paid to the Deputies serving under this Agreement for overtime hours and time spent in court in connection with the performance of services provided under this Agreement, as well as any other costs incurred as a result of changes to the Outagamie County Deputy Sheriff's Association collective bargaining agreement or changes in officer salary based on personnel changes. The County will provide a cell phone to each Deputy. The Municipalities agree to reimburse the County for the cost of cell phone service, which will be included in the monthly billing statement. Deputies serving under this Agreement are expected to have their phone available and in working order at all times while on-duty. Additionally, the Municipalities agree to pay the County's established Administrative fee, based on their 40/60 share of deputy salaries and fringe benefits, which will also be included in the billing

statement. The County and its Deputies serving under this Agreement will make reasonable efforts to ensure that both the Municipalities are patrolled equitably (with the exception of the Sergeant Law Enforcement Specialist who will only patrol the Village). The Municipalities agree to submit payment for the monthly statements within thirty (30) days. Overdue balances will be subject to a 1% fee each month they remain overdue.

3. The County agrees to provide one (1) full-time Sergeant Law Enforcement Specialist to the Village, at the rate set forth in Exhibit B of this Agreement. The Sergeant Law Enforcement Specialist will work A minimum of 40 hours per week on a Monday through Friday schedule or other schedule agreeable to the Village and County. Cost for services for the Sergeant Law Enforcement Specialist as set forth in Exhibit B will be covered by the Village only and will be billed directly to the Village monthly, along with itemized monthly costs by squad number for vehicle lease, maintenance and gasoline costs. The Village agrees to also reimburse the county for all additional salaries paid to the Sergeant Law Enforcement Specialist serving under this Agreement for overtime hours, time spent in court in connection with the performance of services provided under this Agreement as well as any costs incurred as a result of changes to the collective bargaining agreement as related to Sergeant compensation. The Village will provide a phone to the Sergeant Law Enforcement Specialist. The Village will reimburse the County for the cost of cell phone service, which will be included in the monthly statement. The Sergeant will be expected to have the phone provided by the Village available and in good working order at all times while on-duty. The Sergeant will have patrol responsibilities for the Village only.

4. The Sheriff will have supervisory control over the personnel providing the above-services. The Sheriff will retain the final authority to make decisions as to the manner in which services are rendered. Personnel serving under this Agreement are and will remain employees of the County. The Municipalities will be notified as soon as is reasonably possible of any change in staffing under this Agreement. The selection of Deputies to serve under this Agreement will be made collaboratively by a representative of the Town, a representative of the Village and the Sheriff on an as-needed basis. The selection of the Sergeant Law Enforcement Specialist to serve under this Agreement will be made collaboratively by a representative of the Village and the Sheriff on an as-needed basis. The Sheriff will have final decision-making authority to select the personnel who will serve under this Agreement. If for any reason the Town and/or the Village is unsatisfied with an assignment of personnel, the Town and/or the Village may provide written notice of its dissatisfaction to the County. Any such notice shall identify the personnel with whom the Town or Village is unsatisfied, and it shall explain the reasons for the Town's or Village's dissatisfaction. Upon receiving such written notice from the Town or Village, the County shall have 60 days from the date the County receives the notice to make all reasonable efforts to remove and replace the assigned individual. If the County does not either remove and replace the assigned individual or take other action to satisfy the Town or Village within that time, then the Town or Village may provide to the County written notice of its intent to terminate this Agreement. This Agreement will then terminate 30 days after the County receives this written notice of intent to terminate.

5. If a Deputy should be injured, sick, attending training or otherwise unavailable for patrol service for a period in excess of three (3) days, the Town and Village shall each individually have the option of requesting substitute Deputies at the established overtime/benefits rate.

6. The Sheriff will provide patrol functions as follows:

a. During patrol hours, Deputies serving under this Agreement will provide continual patrol in both Municipalities, with the exception on the Sergeant Law Enforcement Specialist, who will provide patrol to only the Village. The on-duty unit will be the primary responder to all dispatched events in the Municipalities. It will not leave the boundaries of the Municipalities to perform police services for the Sheriff's Department or any other surrounding jurisdiction unless an emergency situation or a mutual aid situation so requires.

b. Every effort will be made to respond to the Municipalities needs and desires. The Municipalities will each designate one (1) Liaison to provide the Sheriff with any information as to concentration of patrol efforts, special assignments and the like. The County shall also designate one (1) Liaison to the Municipalities, which shall be from the supervisory ranks.

7. The Municipalities agree to meet in March of each calendar year, with a representative of the Sheriff's Department to review this Agreement and the level of service provided herein. This Agreement will renew automatically each year, unless any party gives notice in writing on or before June 1 of the prior calendar year of intent to terminate or renegotiate the terms of the Agreement. If any party provides this notice of intent to terminate, unless all parties otherwise agree in writing, this Agreement shall terminate at 12:00 am, on the date of January 1, which immediately follows the date notice was provided.

8. The Sheriff will provide the Municipalities with a report of calls and other services provided in a format as agreed upon by the parties. At a minimum, this reporting shall be completed monthly.

9. Working Deputies (on-duty) will attend the monthly Town Board and Village Board meetings, when calls for service allow for attendance. The Sergeant Law Enforcement Specialist will attend the monthly Village Board meetings when requested by the Village.

10. The Municipalities agree to lease squad cars from the Outagamie County Sheriff's Department at a cost set forth in Exhibits A and B; these costs may change from year to year and do not require an amendment to this agreement but shall be proportionate to the actual costs incurred. The County will annually provide a detailed explanation of these costs as an addendum to Exhibits A & B. All vehicles will be equipped according to the Sheriff's Department standards. All such equipment contained within or on a squad car shall be owned by the Outagamie County Sheriff's Department. Costs for maintenance related to the Deputy vehicles and their equipment will be billed to the Municipalities and shared 40% by the Village and 60% by the Town. 100% of costs for maintenance related to the Sergeant Law Enforcement Specialist vehicle and its equipment will be billed to the Village. The Municipalities shall not be responsible for any equipment or vehicle upgrades, replacements or repairs that are covered by the County's insurance. Any equipment which is specifically and collectively requested by the Municipalities for Deputy vehicles, which is not standard issue to the County, shall be purchased by the Municipalities and equally owned by the same unless a lease agreement is completed. Any equipment which is specifically requested by the Village for the Sergeant Law Enforcement Specialist's vehicle, which is not standard issue to the County, shall be purchased and owned by the Village unless a lease agreement is completed for the same.

11. The Town agrees to hold harmless and/or indemnify the County, the Department and the Village, and provide for defense for any claim brought against the County, the Department or the Village founding in or arising from the negligence or improper conduct of any Town official, agent or employee. The Village agrees to hold harmless and/or indemnify the County, the Department and the Town, and provide defense for any claim brought against the County, the Department or the Town founding in or arising from the negligence or improper conduct of any Village official, agent or employee. Outagamie County agrees to hold harmless and/or indemnify the Town and the Village, and to provide defense for any claim brought against the Town or Village or any officer, agent or employee of the Town or Village founding or arising from the negligence or improper conduct of any County officer, agent or employee. Nothing contained within this Agreement is intended as a waiver or estoppel of the County, Department, Village, Town or any of their respective insurers to reply upon the limitations, defenses and immunities contained within Wisconsin law, including but not limited to, those contained within Wisconsin Statutes 893.80, 895.52, and 345.05. To the extent that indemnification is available and enforceable, the County, Department, Village, Town and their respective insurers shall not be liable in indemnity or contribution for an amount greater than the limits of liability for municipal claims established by Wisconsin law.

12. The personnel serving under this Agreement will enforce the ordinances of the Village and the Town in the respective jurisdictions. The municipal attorney for the Town and the municipal attorney for the Village will handle the prosecution of these matters respectively. It is further agreed that the fines or forfeitures for state charges will be turned over to the County and applicable fines and forfeitures for those offenses that are violations of municipal ordinances will be turned over to the municipality in which the violation occurred.

13. The County, the Village and the Town agree to act in good faith in the performance of all the provisions included in this Agreement.

14. All indemnification and hold harmless obligations shall survive the expiration or termination of this Agreement.

15. This Agreement, including the incorporated Exhibits A & B, constitute the full and complete understanding and entire Agreement between the parties and shall supersede all prior agreements or understanding, whether oral or written, between the parties with respect to the subject matter herein. This Agreement may not be modified, amended or discharged orally. Any modification, amendment or discharge must be in writing and signed by all parties.

16. If any provision of this Agreement is deemed by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall not be affected thereby, and such remainder would then continue to conform to the requirements of applicable law.

17. This Agreement may be executed simultaneously in counterparts, each of which will be deemed an original, but all of which together will constitute one (1) and the same instrument.

OpenMeeting

ORDINANCE NO.: D—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Public Safety Committee is requesting to amend the County Code of Ordinances as pertains to Section 34-25, Boating Regulations, as listed below.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does amend Section 34-25, Boating Regulations, of the Outagamie County Code of Ordinances to read as follows (additions are in red and underlined; deletions are in red and struck through):

Sec. 34-25. - Boating regulations.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Boat means every description of watercraft used or capable of being used as a means of transportation on water.

Fishing raft means the definition found in Wis. Stats. § 30.01(1p).

Flood emergency means when waters exceed safe boating levels as determined by the county emergency management director and the county sheriff.

Public access means any boat landing, which provides access to the water by means of public property.

Slow-no-wake means that speed at which a boat moves as slowly as possible while still maintaining steerage control.

(b) *Intent.* The intent of this section is to provide safe and healthful conditions for the enjoyment of aquatic recreation consistent with public rights and interest and the capability of the water resource.

(c) *Applicability and enforcement.* The provisions of this section will be in effect only during a flood emergency declared by the county sheriff. The provisions of this section

shall apply to any and all navigable waterways located in the county. The provisions of this section shall be enforced by officers of the county sheriff water patrol.

(d) *State boating laws adopted.* State boating law as found in Wis. Stats. §§ 30.50 to 30.71 including any amendments or remuneration are adopted by reference.

(e) *Controlled Area.* ~~No person shall operate a boat faster than slow no wake in any navigable waters during such declared emergency.~~ During a declared flood emergency, no person shall operate a boat faster than slow-no-wake in the waters of Outagamie County whenever the boat is traveling within 500 feet of any permanent building or structure, bridge or pier. A fishing raft is not a permanent structure and therefore operating boat at wake speed within 500 feet of a fishing raft is permitted during a declared flood emergency.

(f) *Posting requirements.* A copy of this article shall be posted at all boating landing public access points located in the county.

(g) *Penalties.* State boating penalties as found in Wis. Stats. § 30.80, and deposits as established in the uniform deposit and bail schedule established by the state judicial conference, including any amendments or remuneration, are hereby adopted by reference with all references to fines amended to forfeitures and all references to imprisonment deleted.

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin State Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Corporation Counsel, the Outagamie County Sheriff, and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 28th day of January 2025

Respectfully submitted,

PUBLIC SAFETY COMMITTEE

Katrin Patience

Christine Lamers

Timothy Hermes

I, Kelly Gerrits, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the January 28, 2025 County Board Minutes approved by a majority vote at a meeting of the County Board on February 11, 2025 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 12th Day of February, 2025

/s/ Kelly Gerrits
County Clerk

Please call the Outagamie County Clerk's Office (832-5077) if you would like further elaboration of these minutes.

RUN: February 21, 2025

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, February 11, 2025.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 32 present, 4 absent. Members present: Thompson, Smith, Patience, Gabrielson, Kostelny, Hammen, Lawrence, Krueger, Lamers, Ferguson, McCabe, Hermes, MacDonald, Schroeder, Spears, Heiser, Mitchell, Cuff, Hagen, Klemp, Thiede, Janke, Weinberg, Culbertson, Winterfeldt, Nejedlo, Clegg, Thyssen, VanderHeiden, Rettler, Koury, and Lautenschlager.
Members absent: Supervisors Johnson, Wegand, Croatt, and Monfils.

The Board Chairperson requested the Board's confirmation to excuse Supervisors Johnson, Wegand, Croatt, and Monfils. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

MINUTES OF THE JANUARY 28, 2025 COUNTY BOARD MEETING
Supervisor Koury moved, seconded by Supervisor McCabe, to approve the minutes of the January 28, 2025 County Board meeting.

ROLL CALL: 29 yes, 3 abstain (Ferguson, Schroeder, Winterfeldt), 4 absent. MINUTES OF THE JANUARY 28, 2025 COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS – None.

ESTABLISH ORDER OF THE DAY–
Chairperson Gabrielson reported the request to have the appointment, ordinance, and all resolutions locked in at the meeting. No objections; so ordered.

Chairperson Gabrielson asked for unanimous consent to handle all reconsiderations and lock ins at the end of the meeting, unless a Supervisor wished to take a particular item separately. No objections; so ordered.

COMMUNICATIONS –
Chairperson Gabrielson summarized the following communications:

- With the County Board Room technology upgrade, Chairperson Gabrielson reminded Supervisors of the importance of speaking into the microphone within six (6) inches of the microphone head for sound clarity.
- There are seven (7) Supervisors who still need to complete the most recent IT Security Training "Using AI Safely". Legislative Services sent a reminder e-mail to those Supervisors on February 11, 2025.
- The Appleton Airport Terminal Expansion Project team will host an unveiling of its restaurant/Biergarten on Thursday, February 20, 2025. An e-mail invitation was sent out earlier this month, which included more details and how to RSVP for the event.

- The new Outagamie County 9-1-1 Communications Center is up and running. All of the necessary systems were brought over and installed on February 6, 2025 and is operational.
- Chairperson Gabrielson stated the next regularly-scheduled County Board meeting for February 25, 2025 will be cancelled. The next regularly scheduled meeting will be held on March 11, 2025.
- Chairperson Gabrielson recognized the following County Board Supervisor birthdays: Supervisor Wegand (2/15), Supervisor Weyenberg (2/21), Supervisor Kostelny (2/25), Supervisor Smith (3/1), and Supervisor Hagen (3/9).

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR

Robert Kramer, W6461 Summer Wind Lane, Greenville, WI – spoke in opposition of Resolution No. 125—2024-25.

APPOINTMENTS –
County Executive Nelson nomination for appointment of Beth Roberts as the Director of Health and Human Services.

Supervisor Spears moved, seconded by Supervisor Schroeder, for confirmation of the above-listed appointment.

ROLL CALL: 30 yes, 2 no (Winterfeldt, Lautenschlager), 4 absent. BETH ROBERTS IS APPOINTED AS THE DIRECTOR OF HEALTH AND HUMAN SERVICES.

REPORT BY THE COUNTY EXECUTIVE – County Executive Thomas Nelson provided an Administrative Update.

UNFINISHED BUSINESS – None.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Ordinance No. Z-10—2024-25 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Approve to adopt the petition of Carow Land Surveying Company, Inc., applicant on behalf of Dustin & Dylan Handschke, owners, to rezone a portion of tax parcel 070061500 from Exclusive Agricultural to General Agricultural in the Town of Deer Creek, as depicted on the attached review and map.

Supervisor VanderHeiden moved, seconded by Supervisor Rettler, for adoption.

ROLL CALL: 32 yes, 4 absent. ORDINANCE NO. Z-10—2024-25 IS ADOPTED.

Resolution No. 125—2024-25 – Highway, Recycling and Solid Waste Committee. Authorize the Highway Commissioner to enter into a State/Municipal Financial Agreement for the Buchanan Road Overpass reconstruction project and associated Community Sensitive Design elements, as noted on the attached State/Municipal Financial Agreement for a State-Let Highway Project, and authorize funding

for the county share of the project costs, estimated to be $21,524.84, included in the budget, as noted on the attached fiscal note.

Supervisor Hagen moved, seconded by Supervisor Clegg, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 125—2024-25 IS ADOPTED.

Resolution No. 126—2024-25 – Property, Airport, Recreation and Economic Development Committee. Approve to endorse Cellcom's application for Broadband, Equity, Access, and Deployment (BEAD) funding to bring fiber to 2,544 eligible Broadband Serviceable Locations in Outagamie County, and endorse the application of Cellcom for BEAD funding to support their broadband infrastructure project in Outagamie County.

Supervisor Culbertson moved, seconded by Supervisor Kostelny, for adoption.

ROLL CALL: 31 yes, 1 abstain (Heiser), 4 absent. RESOLUTION NO. 126—2024-25 IS ADOPTED.

Resolution No. 127—2024-25 – Property, Airport, Recreation and Economic Development Committee. Approve to endorse Brightspeed's application for Broadband, Equity, Access, and Deployment (BEAD) funding to bring fiber to 2,544 eligible Broadband Serviceable Locations in Outagamie County, and endorse the application of Brightspeed for BEAD funding to support their broadband infrastructure project in Outagamie County.

Supervisor Culbertson moved, seconded by Supervisor Klemp, for adoption.

ROLL CALL: 31 yes, 1 abstain (Heiser), 4 absent. RESOLUTION NO. 127—2024-25 IS ADOPTED.

Resolution No. 128—2024-25 – Public Safety Committee. Approve the District Attorney's Office to accept and expend a $999 Wisconsin Victim Witness Professional Association Grant for comfort room items as noted on the attached WVWP Grant – Victim Comfort Room Items document, and increase the District Attorney line items of Intergovernmental Revenue by $999 and Supplies by $999, as noted on the attached fiscal note.

Supervisor Patience moved, seconded by Supervisor Lamers, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 128—2024-25 IS ADOPTED.

Resolution No. 129—2024-25 – Public Safety Committee. Authorize and approve the various budget transfers in the 2024 Sheriff's Office budget as detailed on the attached fiscal note and Outagamie County Sheriff's Office 2024 Budget Transfers Worksheet.

Supervisor Patience moved, seconded by Supervisor Smith, for adoption.

ROLL CALL: 32 yes, 4 absent. RESOLUTION NO. 129—2024-25 IS ADOPTED.

RECONSIDERATION OF HHS DIRECTOR APPOINTMENT, ORDINANCE NO. Z-10—2024-25, AND RESOLUTION NOS. 125, 126, 127, 128 AND 129—2024-25.

Supervisor Patience moved, seconded by Supervisor Lautenschlager, to reconsider the above listed appointment, ordinance, and resolutions.

Vote for reconsideration. 28 yes, 4 no (Ferguson, MacDonald, Klemp, Thiede), 4 absent. HHS DIRECTOR APPOINTMENT, ORDINANCE NO. Z-10—2024-25, AND RESOLUTION NOS. 125, 126, 127, 128 AND 129—2024-25 ARE RECONSIDERED.

Vote for lock in. ROLL CALL: 31 yes, 1 abstain (Heiser), 4 absent. HHS DIRECTOR APPOINTMENT, ORDINANCE NO. Z-10—2024-25, AND RESOLUTION NOS. 125, 126, 127, 128 AND 129—2024-25 ARE ADOPTED & LOCKED IN.

REPORTS – None.

ADJOURNMENT
Supervisor Thyssen moved, seconded by Supervisor Krueger to adjourn until March 11, 2025 at 7:00 p.m. VOICE VOTE CARRIED UNANIMOUSLY.

The meeting adjourned at 7:29 p.m.

FINAL COPIES OF ORDINANCES/RESOLUTIONS AND ROLL CALLS PERTINENT TO NEW BUSINESS FOLLOW:

LOCK IN OF HHS DIRECTOR APPOINTMENT, ORDINANCE NO. Z-10, AND RESOLUTION NOS. 125, 126, 127, 128, AND 129—2024-25.

Vote for lock in. ROLL CALL: 31 yes, 1 abstain (Heiser), 4 absent. HHS DIRECTOR APPOINTMENT, ORDINANCE NO. Z-10, AND RESOLUTION NOS. 125, 126, 127, 128, AND 129—2024-25 ARE ADOPTED & LOCKED IN.

ORDINANCE NO.: Z-10—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

AN ORDINANCE TO AMEND THE OUTAGAMIE COUNTY ZONING ORDINANCE. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend approval of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of Carow Land Surveying Company, Inc., applicant on behalf of Dustin & Dylan Handschke, owners, to rezone a portion of tax parcel 070061500 from Exclusive Agricultural to General Agricultural. The location of the site is southwest of the intersection of CTH F and STH 76, Town of Deer Creek, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Deer Creek upon approval by the Outagamie County Board of Supervisors, publication per State Statute 59.14 and 66.0103, and execution and recording of the above stated deed covenants, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Deer Creek Clerk, the Outagamie County Zoning Administrator and the Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 11th day of February 2025

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING & LAND CONSERVATION COMMITTEE

Debra Vander Heiden

MEMORANDUM

TO: Outagamie County Agriculture, Extension Education, Zoning & Land Conservation Committee
FROM: Isaac Uitenbroek, Zoning Administrator
DATE: January 8, 2025
RE: **PL202400590 - County Rezoning - Staff Review & Recommendation**

Application Details:

Applicant:	*Carow Land Surveying Company, Inc., owner's agent*
Owner:	*Dustin & Dylan Handschke*
Request:	*Rezoning: Exclusive Agricultural (AED) to General Agricultural (AGD)*
Location:	*Town of Deer Creek; Parcel(s): 070061500 (Subject Property)*
Public Hearing:	*January 28, 2025; 9:00 AM – County Board Room*
	(Public Notice per Post Crescent)

Background & Analysis:

Carow Land Surveying Company, Inc., applicant on behalf of the owner, has requested to rezone a portion of the subject property, totaling 0.32 acres, to account for a recent lot line adjustment between the subject property and adjacent tax parcel 070061400 (Exhibit A). The proposed lot line adjustment was completed via Certified Survey Map 8801 (Exhibit B) to address encroachments and occupancy line discrepancies between the two properties. The adjustments to the subject property resulted in a split-zoned parcel. Pursuant to Section 54-70(g) there shall not be more than one zoning district on any parcel of land. The proposed rezoning will satisfy 54-70(g).

Table 1 presents the existing land use and zoning district patterns surrounding the subject area.

Table 1. Surrounding Land Use and Zoning District Patterns, Relative to Subject Site

Area Adjacent to Subject Site	Existing Zoning District	Existing Land Use
North	Exclusive/General Agriculture & Local Commercial	Agriculture and Non-Farm Residence
South	Exclusive/General Agriculture	Agriculture and Non-Farm Residence
East	Exclusive/General Agriculture & Local Commercial	Agriculture and Non-Farm Residence
West	Exclusive Agriculture	Agriculture

Staff notes that there are hydric soils present on and adjacent to the subject property. No development is proposed with this application; however, any future development of the site may require a wetland delineation.

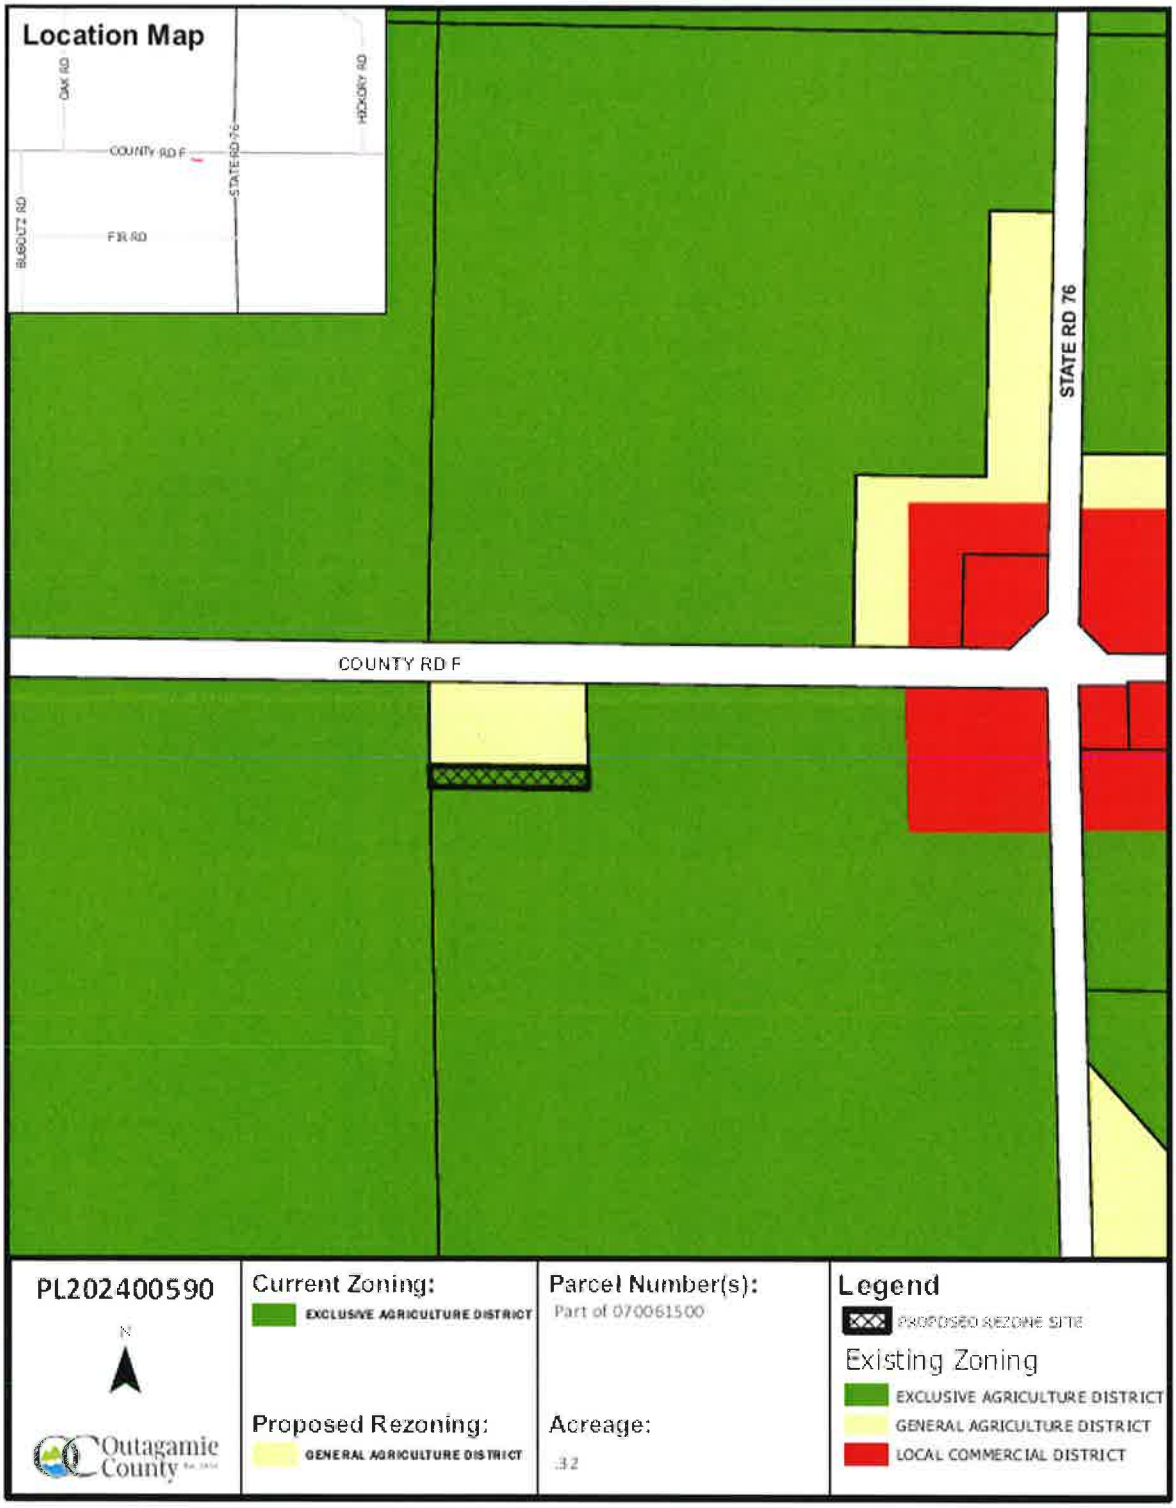
The portion of the subject property to be rezoned is located in a certified farmland preservation zoning district (i.e., it is zoned Exclusive Agriculture). According to Sec. 54-105 of the County's Code of Ordinances, a rezoning out of Exclusive Agriculture is not permitted unless four findings (as outlined

below in Table 2) are met. Based on the analysis for each finding, County staff finds that all required findings are met.

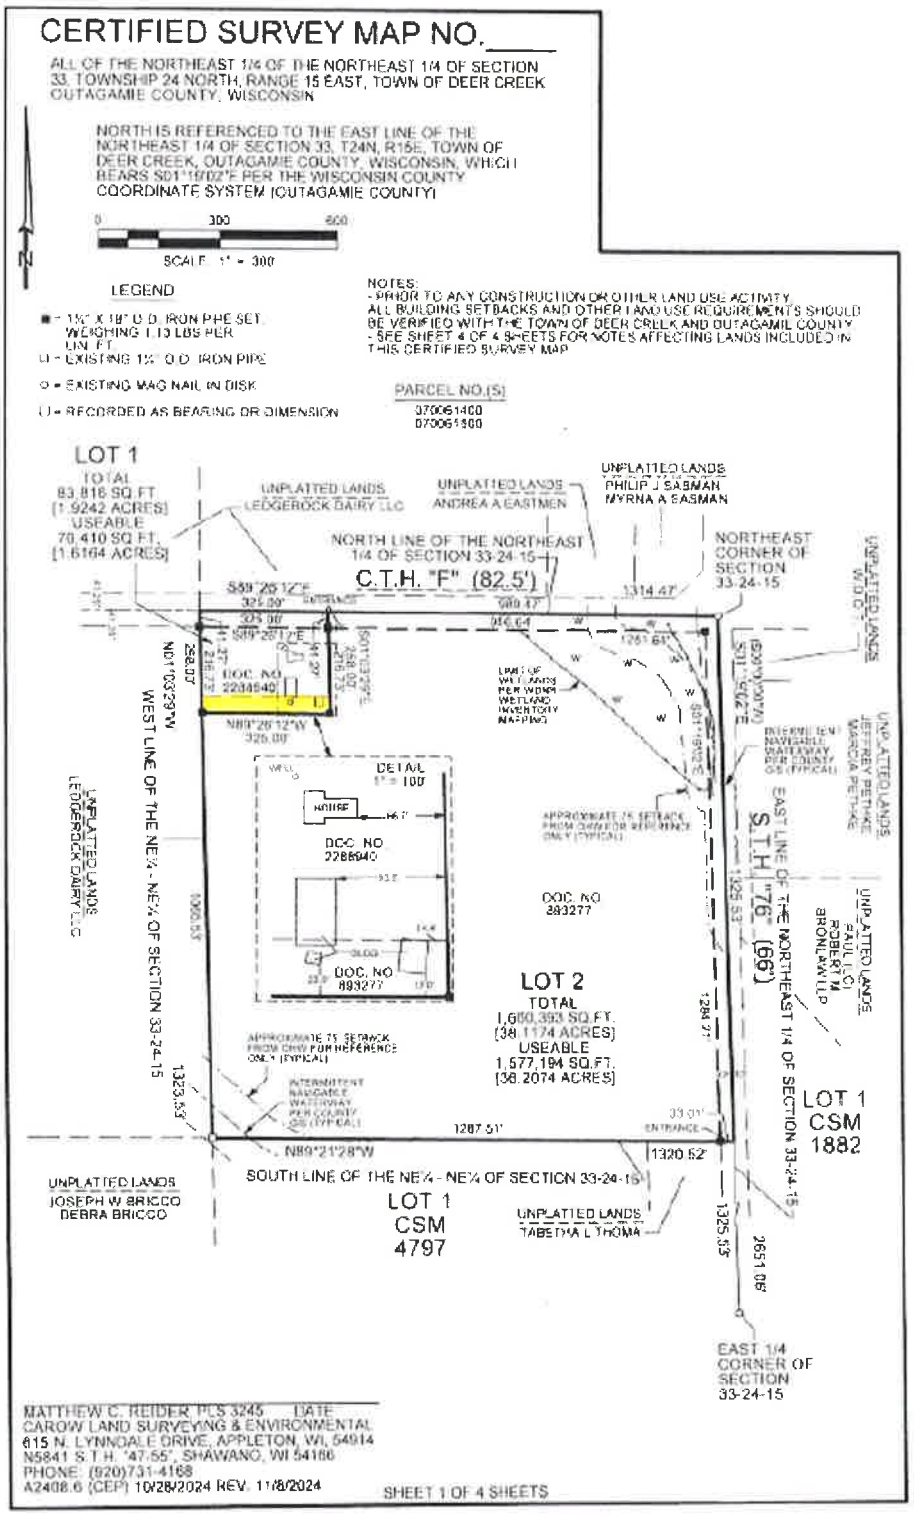
Table 2. Required Findings to Rezone Parcels out of Exclusive Agriculture

Required Findings	Summary of County Staff Analysis
The rezoned land is better suited for a use not allowed in the AED exclusive agricultural district.	A majority of the subject property (1.6 acres) is already zoned AGD and contains a single-family residence and associated accessory structures. The portion of the subject property to be rezoned is directly adjacent to lands zoned AGD and contains portions of the aforementioned accessory structures. Consequently, the subject property is better suited for uses not allowed in the AED.
The rezoning is consistent with any applicable comprehensive plan.	The proposed rezone is consistent with the County's Future Land Use Map within its Comprehensive Plan. The County typically considers rezones into AGD to be consistent with the "Agriculture and Open Lands" future land use designation.
The rezoning is substantially consistent with the county farmland preservation plan, which is in effect at the time of the rezoning.	State laws require that the lands within a certified farmland preservation zoning district be at least 80% consistent with the lands planned for farmland preservation in the County's certified Farmland Preservation Plan. The proposed rezone will not interfere with this consistency requirement for the Town of Deer Creek.
The rezoning will not substantially impair or limit current or future agricultural use of other protected farmland.	The rezoned portion of the subject property is not actively farmed and has been improved with structures associated with non-agricultural uses (single-family residence). As such, the proposed rezoning will not substantially impair current/future agricultural use of other protected farmland adjacent to the proposed rezoning.

The Town of Deer Creek Board reviewed this rezoning request on November 12, 2024, and recommended approval (see Exhibit C).



General zoning in the Town of Deer Creek is administered by the County and the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3) Wis. Stats. The Outagamie County Comprehensive Plan designates this area as "Agricultural and Open Lands" within the Comprehensive Plan's future land use map. The County typically considers rezones into General Agriculture to be consistent with the "Agricultural and Open Lands" future land use designation. The County also finds this rezone to be substantially consistent with the County's Farmland Preservation Plan (Addendum 2 of the County's Comprehensive Plan). Therefore, County staff has identified the proposed rezone to be consistent with the County Comprehensive Plan and recommends approval.



STAFF RECOMMENDATION:

Based on our review and the above analysis of this proposed rezoning, **COUNTY STAFF RECOMMENDS APPROVAL of the following:**

1. **Rezoning a portion of tax parcel 070061500, as further described in Exhibit A, from Exclusive Agricultural to General Agricultural as requested.**

Outagamie County

2-11-25 County Board Meeting
2-11-25 CB Meeting
Outagamie County Board of Supervisors

February 11 2025 07:18 PM

OpenMeeting

RESOLUTION NO.: 125—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes interchanges and overpasses with local roadways. In addition, WisDOT has recently revised their cost share policy to allow for federal participation to offset a portion of costs related to the incorporation of Community Sensitive Design (CSD) elements which were formerly required to be entirely funded by the Municipality. The Buchanan Road Overpass project will be replaced under this project. While the new overpass will remain under local jurisdiction, CSD elements will also be incorporated under this project at the following overpasses: Holland Road, Vandenbroek Road, County N (Freedom Road), Buchanan Road, County CC (Rosehill Road), and County J (Lawe Street). Construction is currently scheduled for 2025. Outagamie County's share is currently estimated to be $21,524.84 for CSD elements and has been funded in the budget.

This resolution authorizes the Outagamie County Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) for this State-Let highway project.

NOW THEREFORE, the undersigned members of the Highway, Recycling and Solid Waste Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize the Highway Commissioner to enter into a State/Municipal Financial Agreement (SMFA) for the Buchanan Road Overpass reconstruction project and associated Community Sensitive Design (CSD) elements, as noted on the attached State/Municipal Financial Agreement for a State-Let Highway Project, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize funding for the county share of the project costs, estimated to be $21,524.84, which has been included in the budget, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Highway Commissioner and the Outagamie County Finance Director.

Dated this 11th day of February 2025.

Respectfully Submitted,
HIGHWAY, RECYCLING AND SOLID WASTE COMMITTEE

Joy Hagen

STATE/MUNICIPAL FINANCIAL AGREEMENT FOR A STATE – LET HIGHWAY PROJECT	**Date:** 1/10/2025 **ID:** 1130-66-82 (Design: 1130-63-01) **Road Name:** IH 41 **Title:** Appleton – De Pere **Limits:** Buchanan St Overpass **County:** Outagamie **Roadway Length:** 0.188 miles

The signatory Village of Little Chute, City of Kaukauna, and Outagamie County, hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMARY SUMMARY:

Existing Facility - Describe and give reason for request:

IH 41, which passes below the Buchanan Street Overpass, has four travel lanes (two in each direction), is congested and sees a higher rate of crashes than similarly configured freeways in Wisconsin. By federal standards, the project area has multiple roadway design deficiencies, and much of the pavement and several bridges are nearing the end of their useful service lives and must be replaced.

Much of the original pavement on IH 41 was built in the 1960's and has reached the end of its useful life, meaning further rehabilitation are no longer cost-effective. The road also has narrow shoulders, outdated ramp designs, and interchanges spaced too closely to one another. As part of this project, the Buchanan Street Overpass requires improvements to meet interstate vertical requirements, design year traffic projections, and roadway approach reconstruction to match the new structure.

Proposed Improvement – Nature of work:

The proposed Buchanan Street Overpass project will replace the existing 4-span concrete girder bridge structure (B-44-0038) over IH 41 with a new 2-span concrete girder bridge structure (B-44-0332). The new structure will be 206.5-ft in length and have a 36-ft clear width (12-ft lane and 6-ft bicycle accommodation in each direction). Additionally, the structure will have 6-ft wide pedestrian accommodation on each side of the structure separated from traffic by a single slope parapet. To match into the new bridge structure, approximately 800-ft of roadway approach reconstruction is proposed. The proposed urban roadway section consists of a 12-ft lane and 6-ft bicycle accommodation in each direction flanked by 6-in vertical faced curb and a 6-ft width of sidewalk directly behind the back of curb along the west side. The proposed approach roadway will be constructed with 8-in concrete pavement, with 25-ft HMA pavement transitions at each end of the project. Lastly, a retaining wall (R-44-0057) is proposed in the northwest quadrant of IH 41/Buchanan Street to minimize impacts to the adjacent local roadway.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality:

Non-participating work is not necessary to finish the project, but the Municipality has requested a 100% non-participating category be included to be able to address any unanticipated non-participating needs during construction.

[1]Costs shown are estimates only and may be updated as design progresses.
[2]Estimates include construction engineering.
[3]Community Sensitive Design (CSD) amenities for Buchanan St are funded with 80% federal funding up to a maximum of $48,000.
[4]Community Sensitive Design (CSD) amenities for Holland Road are funded with 80% federal funding up to a maximum of $32,000.
[5]Community Sensitive Design (CSD) amenities for Vandenbroek Road are funded with 80% federal funding up to a maximum of $35,000.
[6]Community Sensitive Design (CSD) amenities for CTH N Interchange are funded with 80% federal funding up to a maximum of $22,000.
[7]Community Sensitive Design (CSD) amenities for Rose Hill Road (CTH CC) are funded with 80% federal funding up to a maximum of $32,000.
[8]Community Sensitive Design (CSD) amenities for CTH J Interchange are funded with 80% federal funding up to a maximum of $44,000.
[3-8]State funding shall not be used for CSD items. Federal and Municipal funding is permitted for CSD items.
[3-8]Costs in excess of the federal amenities funding limit shall be the responsibility of the Municipality.

This request shall constitute agreement between the Municipality and the State; is subject to the terms and conditions that follow (pages [3] – [9]); is made by the undersigned under proper authority to make such request for the designated Municipality, upon signature by the State, upon fully executed signature of applicable State Municipal Maintenance Agreement and delivery to the Municipality. The initiation and accomplishment of the improvement will be subject to the applicable federal and state regulations. No term or provision of neither the State/Municipal Financial Agreement nor any of its attachments may be changed, waived or terminated orally but only by an instrument in writing executed by both parties to the State/Municipal Financial Agreement.

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.

2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:

(a) Design engineering and state review services.

(b) Real Estate necessitated for the improvement.

(c) Compensable utility adjustment and railroad force work necessitated for the project.

(d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.

(e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers, and inlet grates as needed.

(f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.

(g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.

(h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.

(i) Replacement of existing driveways, in kind, necessitated by the project.

(j) New installations or alteration resulting from roadway construction of standard State street lighting and traffic signals or devices. Alteration may include salvaging and replacement of existing components.

(k) Eligible Community Sensitive Design (CSD) amenities considered to be the preference of the community, not to exceed CSD funding limit for the project.

3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:

(a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.

(b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.

(c) Roadway and bridge width in excess of standards.

(d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.

(e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.

(f) Parking lane costs.

(g) Coordinate, clean up, and fund any hazardous materials encountered for city utility construction. All hazardous material cleanup work shall be performed in accordance to state and federal regulations.

(h) 20% of costs of eligible Community Sensitive Design (CSD) amenities considered to be the preference of the community up to the CSD funding limit for the project, plus 100% of costs of eligible CSD amenities in excess of the CSD funding limit for the project.

4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.

5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State on behalf of the project.

6. The work will be administered by the State and may include items not eligible for federal/state participation.

7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.

8. Basis for local participation:

Design Engineering, Real Estate Acquisition, Utility Coordination:

The State will pay 100% of the cost for design engineering, real estate acquisition, and utility coordination.

Costs for design engineering, real estate acquisition, and utility coordination are shown as not applicable (N/A) in the summary of costs table due to the complexities of isolating individual Let Project costs from the Appleton-Green Bay corridor wide design ID (1130-63-01) and this information is not relevant to the municipal construction cost share.

Construction ID: 1130-66-82

The Project Agreement will be revised, if necessary, as the project progresses. All costs shown are approximate and subject to final audit.

Category 1000 – Roadway

The State will pay 100% of the construction costs under Category 1000 – Roadway unless otherwise noted.

Category 1100 – Lighting ~~(Village of Little Chute)~~

In accordance with Local Participation policy section 3-25-5 of the State's Program Management Manual, the State will participate in the costs of new continuous street lighting if it is installed at the time of project construction. Where an alternate design acceptable to WisDOT is installed, up to 50 percent of the cost equivalent to lighting meeting WisDOT standards is eligible, not to exceed 50 percent of actual costs.

The participating total is based on 50% of the total estimated street lighting costs which includes $25,645 for WisDOT installed lighting component costs and $37,672 for above-ground components (including poles and luminaires) to be completed by Village of Little Chute and that will meet WisDOT standards. Because locally funded lighting costs exceed the estimate for WisDOT installed work, no local participation is proposed for this category.

50% x ($25,645 + $37,672) = $31,659

$31,659 > $25,645 so no local participation is required to make up the 50% overall lighting cost difference.

Category 1400 – Buchanan St. CSD Items

CSD amenities are funded with 80% federal funding up to a maximum of $48,000 when the Municipality agrees to provide the remaining 20% and any funds in excess of the CSD category funding limit. The Village of Little Chute and Outagamie County will split the local cost share at 10% each up to the CSD amenities category limit and split any costs in excess of the CSD category limit at 50% each.

Buchanan St. CSD items requested by the municipality and included in this project:

- Staining Structure (B-44-0332) - $22,672.25
- Staining Structure (R-44-0057) - $14,254.25
- Decorative silhouettes (B-44-0332) - $11,500

CSD item costs are estimated to be $48,426.50.

CSD funding is governed by Wis. Stat. 85.0205. The department will regularly review the total CSD funding on this and any associated improvement projects to ensure total CSD funding does not exceed statutory limits. If at any point CSD funding exceeds statutory limits, the department will notify the Municipality of any adjustments to CSD funding that may be required to remain in compliance with state statutes.

Category 1410 – Holland Road CSD Items

CSD amenities are funded with 80% federal funding up to a maximum of $32,000 when the Municipality agrees to provide the remaining 20% and any funds in excess of the CSD category funding limit. The Village of Little Chute and Outagamie County will split the local cost share at 10% each up to the CSD amenities category limit and split any costs in excess of the CSD category limit at 50% each.

Holland Road CSD items requested by the municipality and included in this project:

- Staining Structure (B-44-0330) - $21,128.38
- Decorative silhouettes (B-44-0330) - $11,500

Holland Road CSD items costs are estimated to be $32,628.38.

CSD funding is governed by Wis. Stat. 85.0205. The department will regularly review the total CSD funding on this and any associated improvement projects to ensure total CSD funding does not exceed statutory limits. If at any point CSD funding exceeds statutory limits, the department will notify the Municipality of any adjustments to CSD funding that may be required to remain in compliance with state statutes.

Category 1420 – Vandenbroek Road CSD Items

CSD amenities are funded with 80% federal funding up to a maximum of $35,000 when the Municipality agrees to provide the remaining 20% and any funds in excess of the CSD category funding limit. The Village of Little Chute and Outagamie County will split the local cost share at 10% each up to the CSD amenities category limit and split any costs in excess of the CSD category limit at 50% each.

Vandenbroek Road CSD items requested by the municipality and included in this project:

- Staining Structure (B-44-0331) - $23,437.00
- Decorative silhouettes (B-44-0331) - $11,500.00

Vandenbroek Road CSD items costs are estimated to be $34,937.00.

CSD funding is governed by Wis. Stat. 85.0205. The department will regularly review the total CSD funding on this and any associated improvement projects to ensure total CSD funding does not exceed statutory limits. If at any point CSD funding exceeds statutory limits, the department will notify the Municipality of any adjustments to CSD funding that may be required to remain in compliance with state statutes.

Category 1430 – CTH N Interchange CSD Items

CSD amenities are funded with 80% federal funding up to a maximum of $22,000 when the Municipality agrees to provide the remaining 20% and any funds in excess of the CSD category funding limit. The Village of Little Chute and Outagamie County will split the local cost share at 10% each up to the CSD amenities category limit and split any costs in excess of the CSD category limit at 50% each.

CTH N Interchange CSD items requested by the municipality and included in this project:

- Staining Structure (B-44-0179) - $22,672.25

CTH N Interchange CSD items costs are estimated to be $22,672.25.

CSD funding is governed by Wis. Stat. 85.0205. The department will regularly review the total CSD funding on this and any associated improvement projects to ensure total CSD funding does not exceed statutory limits. If at any point CSD funding exceeds statutory limits, the department will notify the Municipality of any adjustments to CSD funding that may be required to remain in compliance with state statutes.

Category 1440 – Rose Hill Road (CTH CC) CSD Items

CSD amenities are funded with 80% federal funding up to a maximum of $32,000 when the Municipality agrees to provide the remaining 20% and any funds in excess of the CSD category funding limit. The city of Kaukauna and Outagamie County will split the local cost share at 10% each up to the CSD amenities category limit and split any costs in excess of the CSD category limit at 50% each.

Rose Hill Road (CTH CC) CSD items requested by the municipality and included in this project:

- Staining Structure (B-44-0333) - $21,036.38
- Decorative silhouettes (B-44-0333) - $11,500

Rose Hill Road (CTH CC) CSD items costs are estimated to be $32,536.38.

CSD funding is governed by Wis. Stat. 85.0205. The department will regularly review the total CSD funding on this and any associated improvement projects to ensure total CSD funding does not exceed statutory limits. If at any point CSD funding exceeds statutory limits, the department will notify the Municipality of any adjustments to CSD funding that may be required to remain in compliance with state statutes.

Category 1450 – CTH J Interchange CSD Items

CSD amenities are funded with 80% federal funding up to a maximum of $44,000 when the Municipality agrees to provide the remaining 20% and any funds in excess of the CSD category funding limit. The city of Kaukauna and Outagamie County will split the local cost share at 10% each up to the CSD amenities category limit and split any costs in excess of the CSD category limit at 50% each.

CTH J Interchange CSD items requested by the municipality and included in this project:

- Staining Structure (B-44-0338) - $23,434.13
- Staining Structure (R-44-0050) - $3,944.50
- Staining Structure (R-44-0051) - $5,169.25
- Decorative silhouettes (B-44-0338) - $11,500

CTH J Interchange CSD items costs are estimated to be $44,047.88.

CSD funding is governed by Wis. Stat. 85.0205. The department will regularly review the total CSD funding on this and any associated improvement projects to ensure total CSD funding does not exceed statutory limits. If at any point CSD funding exceeds statutory limits, the department will notify the Municipality of any adjustments to CSD funding that may be required to remain in compliance with state statutes.

Category 1600 – Local/Non-Participating, Village of Little Chute

In accordance with Local Participation Policy Section 3-25-5 of the State's Program Management Manual proposed improvements requested by the Municipality within the project limits, but outside the original project scope, are considered 100% the responsibility of the Municipality.

Item Number	Item Description	Units	Estimated Qty	Unit Price	Amount
305.0120	Base Aggregate Dense 1 ¼-Inch	TON	1	$23	$23

1130-66-82 Construction Total	$23
15% Construction Engineering	$3.45
1130-66-82 Project Total	$26.45

Category 1610 – Sidewalk, Village of Little Chute

In accordance with Local Participation Policy Section 3-25-5 of the State's Program Management Manual, the State will participate in the construction costs of new sidewalks if they are installed at the time of project construction. Costs of sidewalk constructed to WisDOT standards and installed at the time of the project construction are 80% eligible for WisDOT participation.

Item Number	Item Description	Units	Estimated Qty	Unit Price	Amount
305.0120	Base Aggregate Dense 1 ¼ Inch	Ton	80	$23	$1,840.00
602.0405	Concrete Sidewalk 4-Inch	SF	3994	$7.25	$28,956.50

1130-66-82 Sidewalk Total	$30,796.50
15% Construction Contingency	$4,619.48
1130-66-82 Project Total	$35,415.98

Category 1800 – 100% State Funded

The State will pay 100% of the construction costs under Category 1800 – 100% State Funded unless otherwise noted.

Category 2000 – Structure B-44-0332

The State will pay 100% of the construction costs under Category 2000 – Structure B-44-0332 unless otherwise noted.

Category 4000 – Structure R-44-0057

The State will pay 100% of the construction costs under Category 4000 – Structure R-44-0057 unless otherwise noted.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** The Wisconsin Department of Transportation (WisDOT) is planning for reconstruction of the I-41 corridor which includes interchanges and overpasses with local roadways. In addition, WisDOT has recently revised their cost share policy to allow for federal participation to offset a portion of costs related to the incorporation of Community Sensitive Design (CSD) elements which were formerly required to be entirely funded by the Municipality.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Buchanan Road Overpass project will be replaced under this project. While the new overpass will remain under local jurisdiction, CSD elements will also be incorporated under this project at the following overpasses: Holland Road, Vandenbroek Road, County N (Freedom Road), County CC (Rosehill Road), and County J (Lawe Street). Construction is currently scheduled for 2025. Outagamie County's share is currently estimated to be $21,524.84 for CSD elements and has been included in the budget.

Current Year Budget Impact (Check one or more of the following boxes)

OpenMeeting

RESOLUTION NO.: 126—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Broadband, Equity, Access, and Deployment (BEAD) Program has been established to provide significant funding to expand high-speed internet access across the United States and funding is available for unserved and underserved households and businesses within Outagamie County. The BEAD Program aids to bridge the digital divide by ensuring that all Americans, regardless of their geographic location, have access to reliable and affordable broadband services.

The availability of BEAD funding is crucial for supporting infrastructure projects that will enhance connectivity for unserved and underserved households and businesses in Outagamie County. The purpose of BEAD funding includes promoting economic growth, improving educational opportunities, and enhancing healthcare services through better internet access.

The Outagamie County Board of Supervisors recognize that broadband connectivity and reliability is critical infrastructure for health, safety, and quality of life for all community residents to participate in the full benefits of society and economy, including access to telemedicine, education, and economic opportunities. Cellcom is seeking BEAD funding for Outagamie County.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does endorse Cellcom's application for Broadband, Equity, Access, and Deployment (BEAD) funding to bring fiber to 2,544 eligible Broadband Serviceable Locations (BSLs) in Outagamie County, and

BE IT FURTHER RESOLVED that the Outagamie County Board of Supervisors does endorse the application of Cellcom for BEAD funding to support their broadband infrastructure project in Outagamie County, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to provide the attached letter, which by reference is made a part hereof, to the Public Service Commission of Wisconsin and Cellcom which outlines this endorsement and verifies the applicant and geographic location affected, and include the minutes from this County Board meeting, as well as forwarding a copy of this resolution to the Outagamie County Development and Land Services Director.

Dated this 11th day of February 2025.

Respectfully Submitted,
PROPERTY, AIRPORT, RECREATION &
ECONOMIC DEVELOPMENT COMMITTEE

Dear Mr. Stubley,

I am writing to confirm that on [Date of County Board Meeting], the Outagamie County Board of Supervisors voted to approve Resolution [Resolution Number], endorsing Cellcom's application for Broadband Equity, Access, and Deployment (BEAD) funding to support broadband infrastructure projects in Outagamie County. Enclosed with this letter are the official minutes from the meeting, as well as a copy of the resolution for your reference.

The Outagamie County Board recognizes the critical importance of broadband connectivity in bridging the digital divide and supporting economic growth, educational opportunities, and healthcare services throughout our community. As outlined in the resolution, the BEAD Program provides essential funding to expand high-speed internet access to unserved and underserved households and businesses in Outagamie County, thereby enhancing quality of life and enabling residents to fully participate in our society and economy.

Cellcom's application aligns with Outagamie County's strategic goals to improve broadband access and reliability, essential for health, safety, and economic development in our region. Therefore, we are pleased to endorse Cellcom's efforts to secure BEAD funding and support their commitment to enhancing broadband infrastructure in Outagamie County.

Please do not hesitate to contact our office if you require any further information or documentation regarding this endorsement.

Sincerely,

RESOLUTION NO.: 128—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The District Attorney's Office has been notified of approval for a Wisconsin Victim Witness Professional Association Comfort Room grant for $999.00. The major focus of the grant is to provide better comfort when a victim or witness visits the office. The department is looking to purchase a device to better communicate with visitors who are non-English speaking when the language line is not available, as well as supplies to make the area more comfortable and less institutional (see attached detailed list). The budget adjustment is for an increase in Intergovernmental Revenue and Supplies.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the District Attorney's Office to accept and expend a $999 Wisconsin Victim Witness Professional Association Grant for comfort room items as noted on the attached WVWP Grant – Victim Comfort Room Items document, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve of increasing the District Attorney Intergovernmental Revenue line item by $999 and the District Attorney Supplies line item by $999, as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County District Attorney and the Outagamie County Finance Director.

Dated this 11th day of February 2025

Respectfully submitted,
PUBLIC SAFETY COMMITTEE

Katrin Patience

WVWP GRANT – VICTIM COMFORT ROOM ITEMS
COUNTY: OUTAGAMIE
CONTACT PERSON : STEPHANIE A JENS
Stephanie.Jens@da.wi.gov **or (920)832-4615**

Outagamie County is applying for funds to enhance our current victim/witness comfort room. All of the listed items will assist our program in providing better comfort when a victim or witness visits our office.
Our program would like to purchase a Pocketalk device to better communicate with victims/witnesses when Language Line is not an immediate option. This will be utilized when a victim comes to the courthouse and does not speak any English. This device would enable staff to have basic conversations to access how to assist them. Our county IT department assisted me in the device selection. This would be of great value to our staff, as in the last several years we have assisted more non-English speaking victims/witnesses as well as seen an increase in different types of languages. It also sends an important message that our staff value their needs and look for better ways to communicate with them through their language.

Victims/Witnesses have complained about how uncomfortable the benches are in our courtrooms and some of our seating in our comfort room, so the seat cushions will be used to provide better comfort for victims/witnesses. They are also washable. We were provided a loveseat by the county; however, it is a wipeable type material. Purchasing a washable slipcover will provide better comfort and perhaps not make the loveseat look so office like, which overall makes the comfort room more appealing (and comfortable) to those using it. Our program wants victims/witnesses to feel welcomed when they use our comfort room.

The rest of this county's requests relate to the mental health of victims/witnesses that use our comfort room. Our county has selected certain coloring books/colored pencils that relate to good vibes and mindfulness. We also have listed meditation tools and fidgets. We hope that these items will provide some emotional support while they are waiting in our office.

Outagamie County has an Amazon account, so all taxes and shipping will be covered if ordered thru the county. Taxes are waived for the phones since we are a government agency; however, we will incur shipping for that device.Below is a breakdown of requested comfort room items:

ITEM	QUANTITY	PRICE	TOTAL
Pocketalk Language Device	1	$380	$387 w/shipping
Seat Cushions	2 (2 in a pack)	$40	$80
Calming Ideas for kids	3 different kinds of products	$22; $25;$20	$67
Coloring Books – calming	30	Varies	$225
Colored Pencils	30	$5.40	$165
Loveseat Slipcover	1	$43	$43
Fidgets	1	$32	$32
TOTAL			**$999.00**

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** District Attorney's office is requesting approval to adjust their budget for receipt and expenditure of a Wisconsin Victim Witness Professional Association Grant for comfort room items

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The District Attorney's office has been notified that it has been approved for a Wisconsin Victim Witness Professional Association Comfort Room grant for $999.00 The major focus of the grant is to provide better comfort when a victim or witness visits the office. The department is looking to purchase a device to better communicate with visitors who are non-English speaking when the language line is not available as well as supplies to make the area more comfortable and less institutional. A detailed list is attached. Therefore, we are requesting approval to accept and expend the grant funds. The budget adjustment will be to receive the grant for $999 and increase supplies $999.

Current Year Budget Impact (Check one or more of the following boxes)

[x] Revenues [x] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (x) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( )
If no, skip to question 8 below.

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

RUN: March 24, 2025

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, March 11, 2025.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 31 present, 5 absent. Members present: Thompson, Johnson, Smith, Patience, Gabrielson, Kostelny, Hammen, Krueger, Lamers, Ferguson, McCabe, Wegand, MacDonald, Croatt, Heiser, Mitchell, Cuff, Hagen, Klemp, Thiede, Janke, Weinberg, Culbertson, Monfils, Winterfeldt, Nejedlo, Thyssen, VanderHeiden, Rettler, Koury, and Lautenschlager. Members absent: Supervisors Lawrence, Schroeder, Hermes, Spears, and Clegg.

The Board Chairperson requested the Board's confirmation to excuse Supervisors Lawrence, Schroeder, Hermes and Spears. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

MINUTES OF THE FEBRUARY 11, 2025 COUNTY BOARD MEETING
Supervisor Lautenschlager moved, seconded by Supervisor Krueger, to approve the minutes of the February 11, 2025 County Board meeting.

ROLL CALL: 31 yes, 5 absent. MINUTES OF THE FEBRUARY 11, 2025 COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS –
Lisa Strandberg, Pillars Executive Director, provided an overview of the services Pillars provides to the community.

Specifics of the Pillars Overview presentation included:
- The mission of the organization: provide shelter, support, and solutions to address the housing needs of the community.
- The vision of the organization: envision a creative, compassionate community that collaborates to find innovative, effective solutions so experiences of homelessness are rare and brief and everyone has a place to call home.
- The core values of the organization: respect, collaboration, empowerment, and grit.
- Pillars addresses the continuum of housing needs: with a $5 million annual budget, 1,800 unduplicated people are served per year.
- Numerous supportive services conducted annually including: prevention and diversion (keeping people in their homes and out of the shelter), street outreach (building trust and support of the unsheltered), adult shelter operations (serves 55 adults each night/250 adults per year), Resource Center operations (serves 645 adults per year, or 52 adults per day on average), Adult and Family Shelter operations (serves 420 adults and 135 children per year), Supportive Housing (serves 190 adults and children per year, along with providing one-on-one coaching).
- Considering the housing shortage crisis, Pillars primarily focuses on the Adult Shelter, the Resource Center, and the Adult and Family Shelter (these are the most visible).
- Pillars strives to build capacity at its initial supportive services, while harboring its interim solutions so to ensure long term successes for shelter exist.

- Outagamie County helps sustain key services – donated $1.5 million for mental and behavioral health support. The ARPA Beneficiary Agreement for Mental & Behavioral Health Supports will fund through calendar year 2026. $75k-100k per quarter is devoted to Street Outreach and Resource Center services, and $50k-75k per quarter for organizational infrastructure.
- Pillars' top achievements for 2024 included:
  - Restored financial stability and deepened partnership with the Community Foundation for the Fox Cities Region, Outagamie County, and individual donors (paid off $800k in debt last year and are on budget for 2025).
  - Increased frontline employee compensation, reducing turnover and stabilizing client service.
  - Partnered with faith communities to sustain winter shelter capacity expansion.
  - Piloted an "upstream" partnership with HeadsUp Fox Cities to house and stabilize young adults (youth transitioning out of the child welfare system to adults) with trauma backgrounds.
- Connections for this year Pillars is focusing on with Outagamie County: HHS representation at Resource Center and Ascend work groups, CPS tour and Adult and Family Shelter, Crisis Housing presentation to CYF staff, presented to leaders in MH/AODA Division, and presentation to reintegration class at Outagamie County Jail.
- Statistics on the state of homelessness and services indicate the region's homelessness lists rose sharply in one year (household without children 46 percent increase, households with children had a 139 percent increase). Additionally, there was a noted 70 percent increase in Appleton housing prices during the same timeframe.
- Pillars expressed the need to connect with landlords in the area in order to successfully place clients in rental units, as finding and securing places is an ongoing struggle.

ESTABLISH ORDER OF THE DAY– None.

COMMUNICATIONS –
Chairperson Gabrielson summarized the following communications:

- Chairperson Gabrielson requested the Supervisors to take turns casting votes (left side and right side of the chamber) as directed in order to review for productivity of the wireless router, as the router traffic of so many devices may be causing the tablets to timeout/lose connection. There is an intention to replace routers, but conducting this test will ensure if the router is causing the majority of the tablet connection issues.
- There are 14 Supervisors who still need to complete cyber security training, which was sent out March 1, 2025, titled *Core Concepts: SMiShing*, with a deadline of March 15, 2025 to complete the requirement.
- There are still 3 Supervisors who still need to complete the January 2025 training titled *Using AI-Safely*. Please reach out to Legislative Services if assistance is required.
- Chairperson Gabrielson recognized the following County Board Supervisor birthdays: Supervisor Heiser (3/17), Supervisor Janke (3/21), and Supervisor VanderHeiden (3/22).

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

APPOINTMENTS –
County Executive Nelson nomination for appointment of Sara Lornson to the Health and Human Services Board; term expiring December 31, 2027.

Supervisor Krueger moved, seconded by Supervisor McCabe, for confirmation of the above-listed appointment.

ROLL CALL: 31 yes, 5 absent. SARA LORNSON IS APPOINTED TO THE HEALTH AND HUMAN SERVICES BOARD.

County Executive Nelson nomination for reappointments of Brad Bastian, Isaac Uitenbroek, Rochelle Oskey, Brea Vang, and the appointment of Darren Koutnik to the Land Information Council; terms expiring April 30, 2027.

Supervisor MacDonald moved, seconded by Supervisor Thiede, for confirmation of the above-listed appointment and reappointments.

ROLL CALL: 31 yes, 5 absent. BRAD BASTIAN, ISAAC UITENBROEK, ROCHELLE OSKEY, AND BREA VANG ARE REAPPOINTED AND DARREN KOUTNIK IS APPOINTED TO THE LAND INFORMATION COUNCIL.

County Executive Nelson nomination for reappointments of Jeff Huelsbeck (term expiring December 8, 2025), James Strong (term expiring December 7, 2026), and John Breitzman (term expiring December 8, 2027) to the Veterans Service Commission.

Supervisor Monfils moved, seconded by Supervisor Kostelny, for confirmation of the above-listed reappointments.

ROLL CALL: 31 yes, 5 absent. JEFF HUELSBECK, JAMES STRONG, AND JOHN BREITZMAN ARE REAPPOINTED TO THE VETERANS SERVICE COMMISSION.

REPORT BY THE COUNTY EXECUTIVE – County Executive Thomas Nelson provided an Administrative Update.

UNFINISHED BUSINESS – None.

NEW BUSINESS – – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Resolution No. Z-10—2024-25 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve the rezone request for Stephen and Barbara Sassman for parcel 010030901, from the AED Exclusive Agriculture District to the AGD General Agriculture District, in the Town of Black Creek, as depicted on the attached review and map.

Supervisor VanderHeiden moved, seconded by Supervisor Rettler, for adoption.

ROLL CALL: 31 yes, 5 absent. RESOLUTION NO. Z-10—2024-25 IS ADOPTED.

3-11-25 County Board Meeting
3-11-25 CB Meeting
Outagamie County Board of Supervisors

March 11 2025 07:33:53 PM

OpenMeeting

RESOLUTION NO.: Z-10—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Black Creek has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Black Creek be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for Stephen and Barbara Sassman. The proposed rezoning is for parcel 010030901 from the AED Exclusive Agriculture District to the AGD General Agriculture District. The parcel is located east of the intersection of State Road 47 and County Road B, in the Town of Black Creek, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Clerk of the Town of Black Creek.

Dated this 11th day of March, 2025

MEMORANDUM

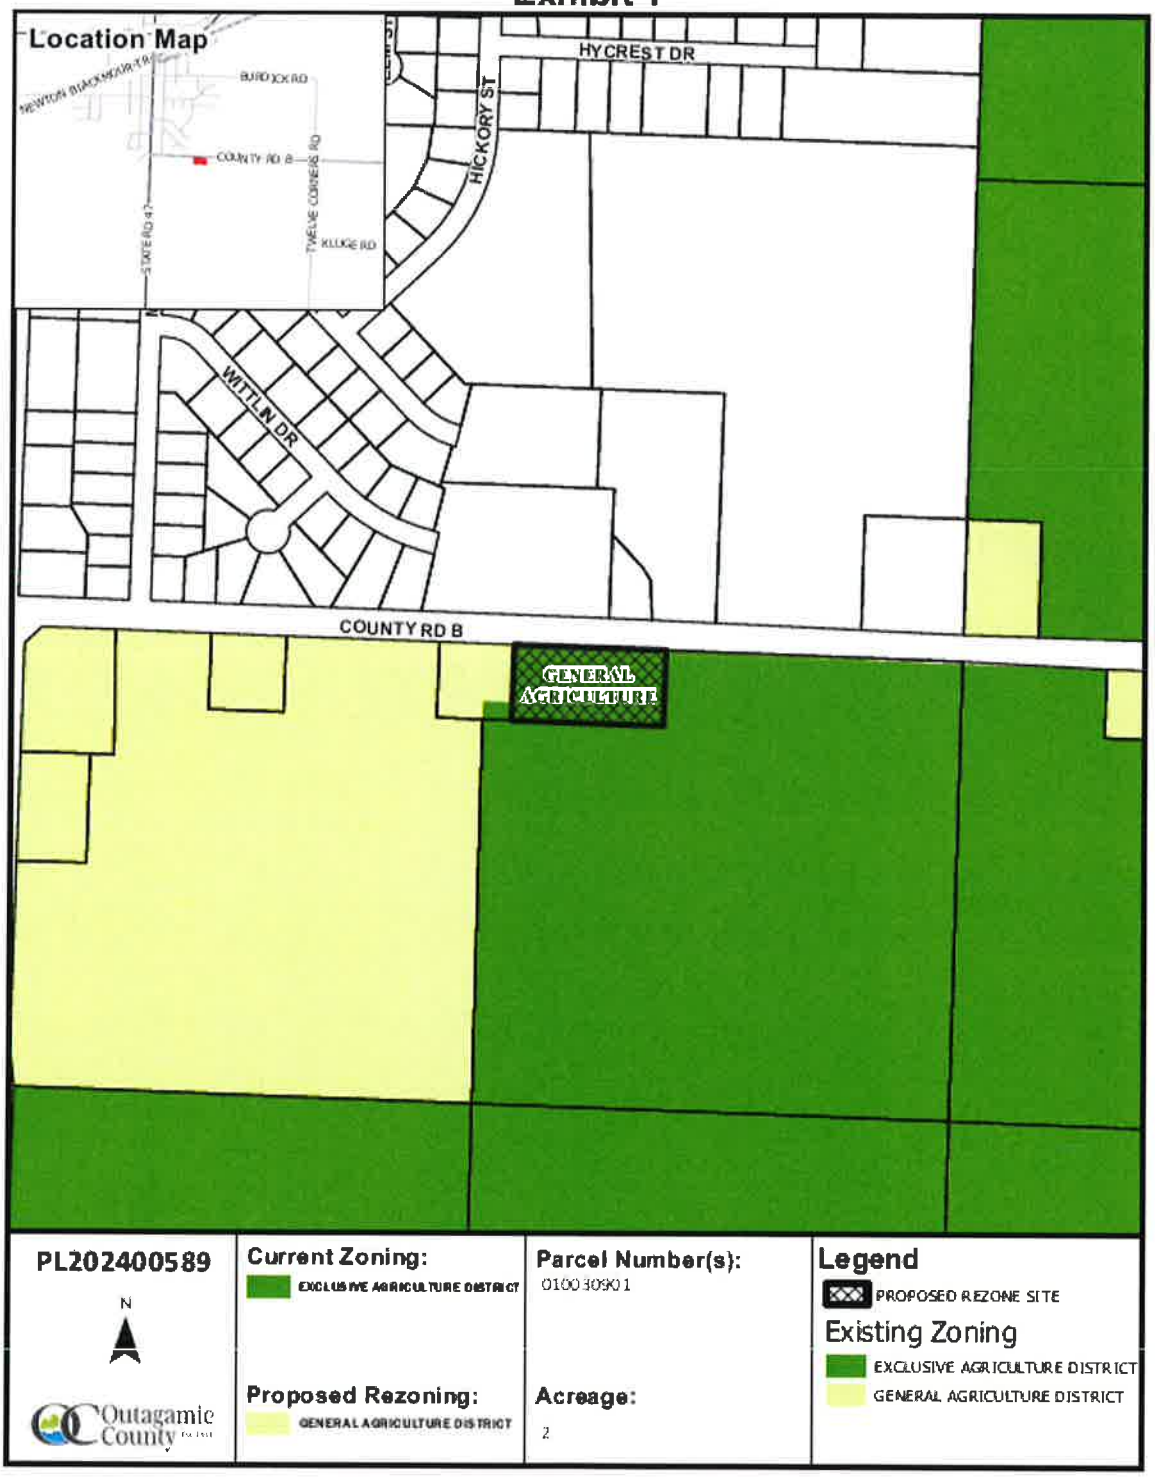
TO: Outagamie County Zoning Committee
FROM: Austin Dyb, Land Use Specialist
DATE: February 11th, 2025
RE: PL202400589: Town Rezoning - Review and Recommendation

Application Details:

Applicant/Owner:	SASSMAN, STEPHEN R & SASSMAN, BARBARA, (Owners) TOWN OF BLACK CREEK (Applicant)
Request:	Rezoning - Town
Parcel:	010030901
Location:	Lot 1 CSM 8654
Public Hearing:	September 9th, 2024 at 7:00 PM held by the Town of Black Creek

Background:

Outagamie County received a Town Rezoning request from the Town of Black Creek, as depicted on the attached Rezoning Map. The proposal would rezone parcel 010030901 (2 acres) from the AED Exclusive Agriculture District to the AGD General Agriculture District. The rezone to AGD is to accommodate the future construction of a Single Family Home.



The Town of Black Creek has adopted General Town Zoning. The Town of Black Creek is required to find this rezoning consistent with its Comprehensive Plan. They identified the rezoning to be consistent with its Comprehensive Plan and recommended approval at their September 9th, 2024 Town Board Meeting.

Outagamie County typically finds rezones from AED to AGD to be consistent with its Comprehensive plan. Therefore, Outagamie County concurs that the rezone is consistent, as the County Comprehensive Plan Future Land Use Map identifies this area as Agriculture and Open Space.

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to **Approve the rezoning of parcel 010030901** from the AED Exclusive Agriculture District to the AGD General Agriculture District.

MEMORANDUM

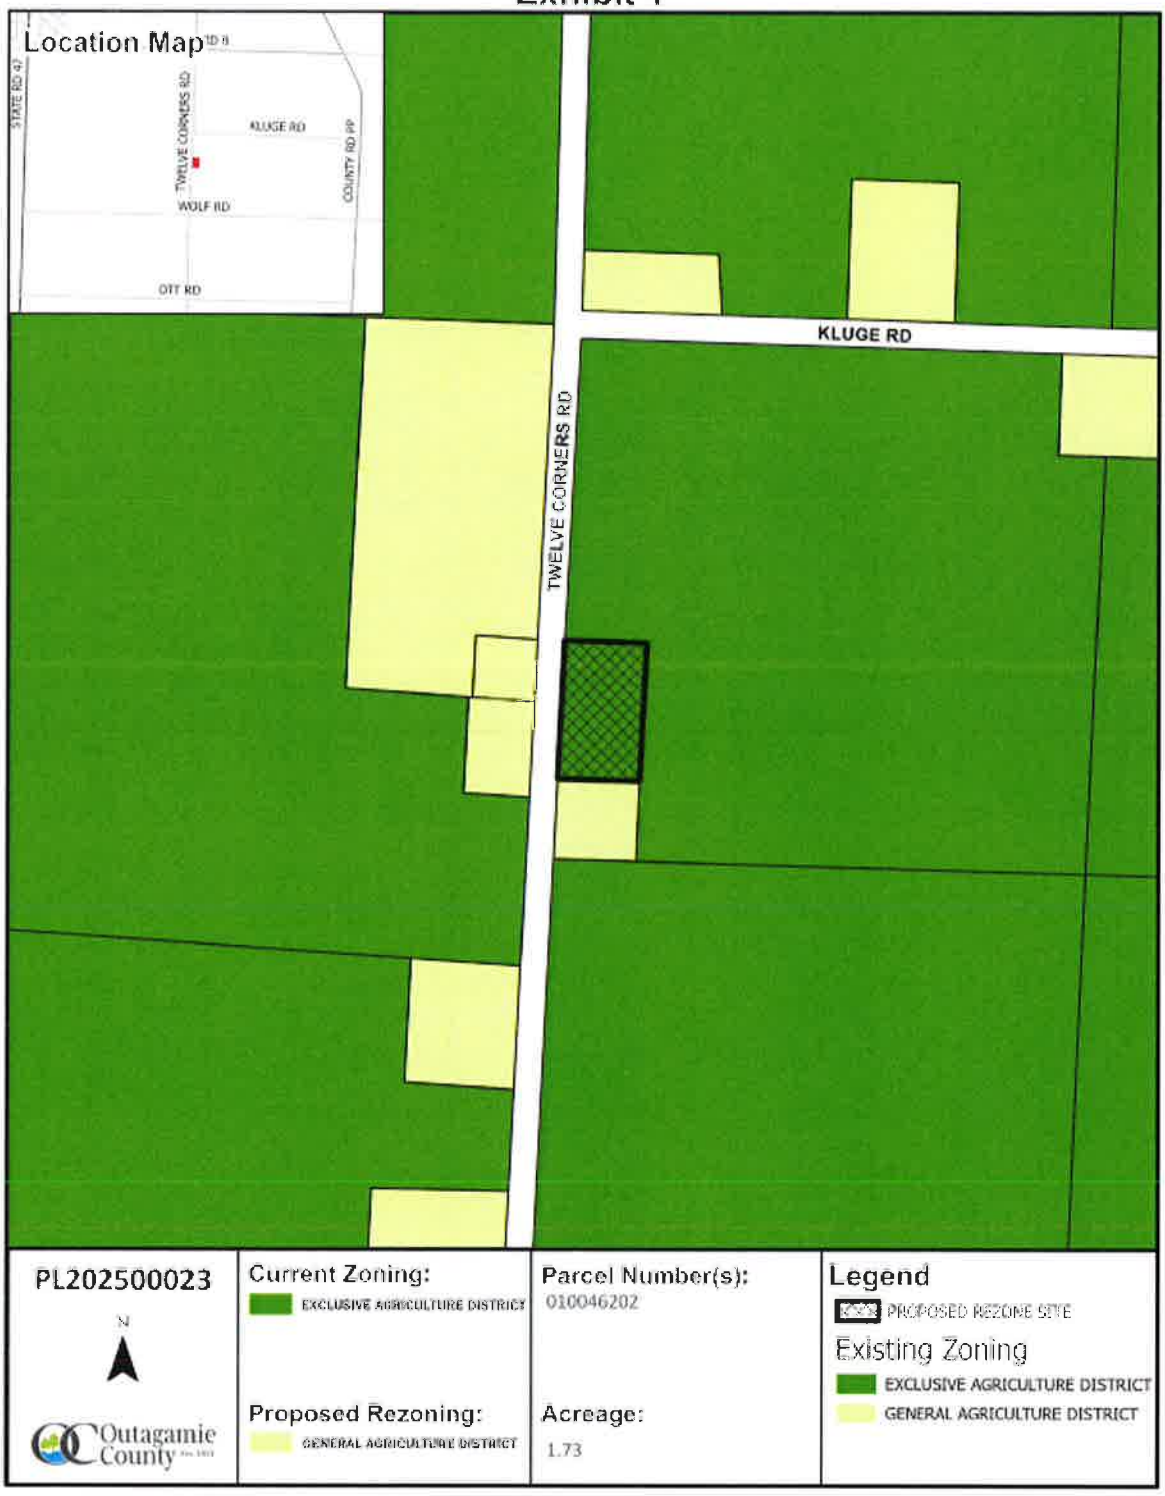
TO: Outagamie County Zoning Committee
FROM: Austin Dyb, Land Use Specialist
DATE: February 11th, 2025
RE: PL202500023: Town Rezoning - Review and Recommendation

Application Details:

Applicant/Owner:	PALTZER, JEFFREY N & PALTZER, MICHELE M (Owners) PALTZER, GREG & PALTZER, ALEXIS TOWN OF BLACK CREEK (Applicant)
Request:	Rezoning - Town
Parcel:	010046202
Location:	Lot 1 CSM 8740
Public Hearing:	September 9th, 2024 at 7:00 PM held by the Town of Black Creek

Background:

Outagamie County received a Town Rezoning request from the Town of Black Creek, as depicted on the attached Rezoning Map. The proposal would rezone parcel 010046202 (1.732 acres) from the AED Exclusive Agriculture District to the AGD General Agriculture District.



The Town of Black Creek has adopted General Town Zoning. The Town of Black Creek is required to find this rezoning consistent with its Comprehensive Plan. They identified the rezoning to be consistent with its Comprehensive Plan and recommended approval at their September 9th, 2024 Town Board Meeting.

Outagamie County typically finds rezones from AED to AGD to be consistent with its Comprehensive plan. Therefore, Outagamie County concurs that the rezone is consistent, as the County Comprehensive Plan Future Land Use Map identifies this area as Agriculture and Open Space.

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to **Approve the rezoning of parcel 010046202** from the AED Exclusive Agriculture District to the AGD General Agriculture District.

MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Austin Dyb, Land Use Specialist
DATE: February 11th, 2025
RE: PL202500024: Town Rezoning - Review and Recommendation

Application Details:

Applicant/Owner: JUSTUS, DANIEL J & JUSTUS, SHERAH L, (Owners)
TOWN OF BLACK CREEK (Applicant)

Request: Rezoning - Town

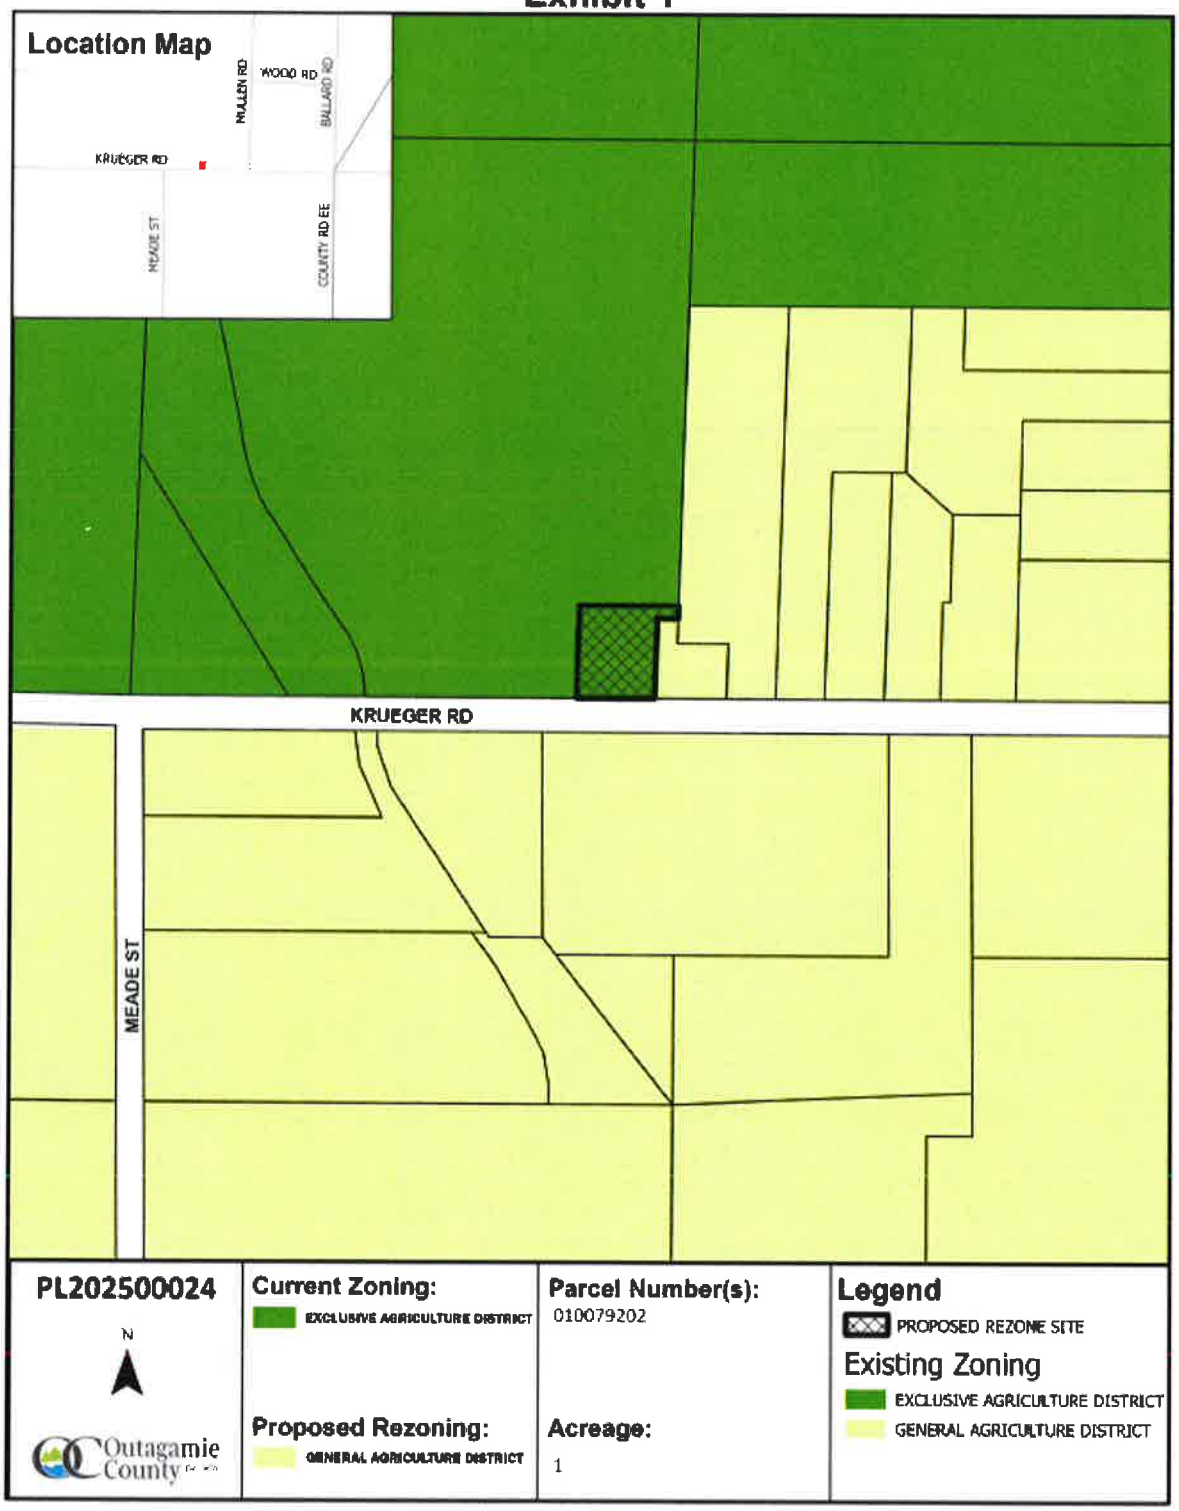
Parcel: 010079202

Location: Lot 1 CSM 8635

Public Hearing: September 9th, 2024 at 7:00 PM held by the Town of Black Creek

Background:

Outagamie County received a Town Rezoning request from the Town of Black Creek, as depicted on the attached Rezoning Map. The proposal would rezone parcel 010079202 (1 acre) from the AED Exclusive Agriculture District to the AGD General Agriculture District. This rezone is to match the zoning district of the owners adjacent property, which is zoned General Agriculture.



The Town of Black Creek has adopted General Town Zoning. The Town of Black Creek is required to find this rezoning consistent with its Comprehensive Plan. They identified the rezoning to be consistent with its Comprehensive Plan and recommended approval at their September 9th, 2024 Town Board Meeting.

Outagamie County typically finds rezones from AED to AGD to be consistent with its Comprehensive plan. Therefore, Outagamie County concurs that the rezone is consistent, as the County Comprehensive Plan Future Land Use Map identifies this area as Agriculture and Open Space.

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to **Approve the rezoning of parcel 010079202** from the AED Exclusive Agriculture District to the AGD General Agriculture District.

RESOLUTION NO.: Z-13—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Black Creek has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Black Creek be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for Heiden Rev Family Trust. The proposed rezoning is for parcel 010048502 from the AED Exclusive Agriculture District to the AGD General Agriculture District. The parcel is located north of the intersection of Wolf Road and County Road PP, in the Town of Black Creek, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Clerk of the Town of Black Creek.

Dated this 11th day of March, 2025

MEMORANDUM

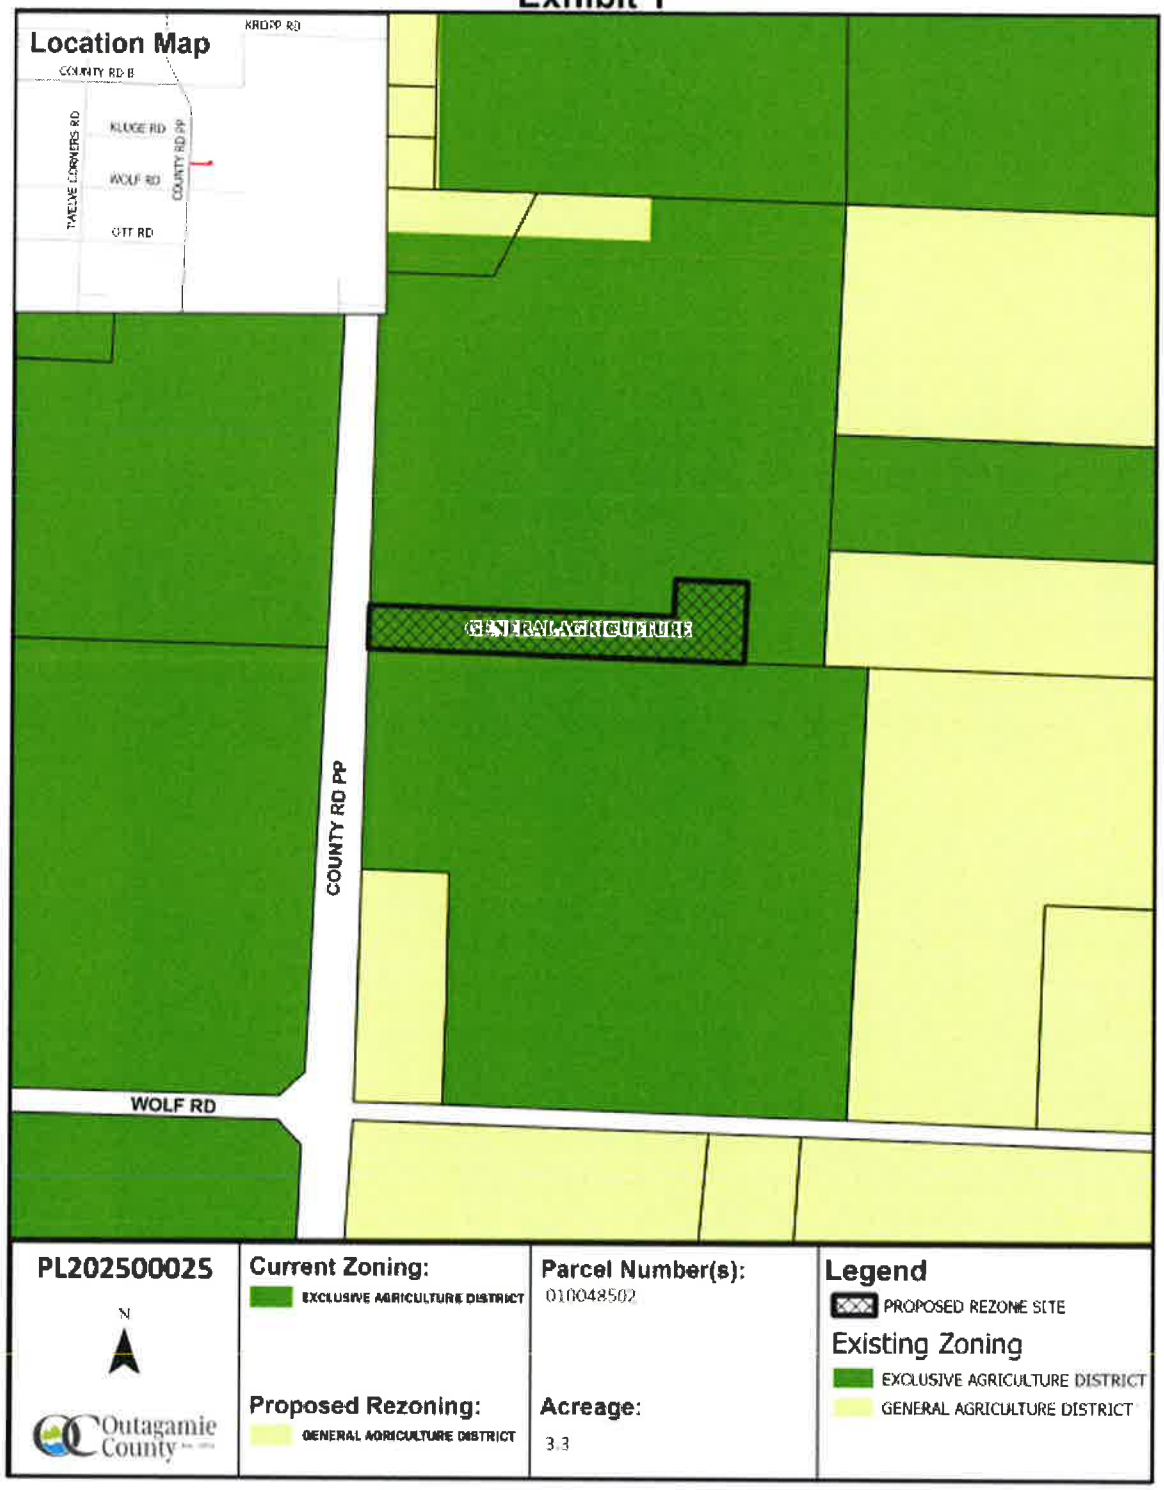
TO: Outagamie County Zoning Committee
FROM: Austin Dyb, Land Use Specialist
DATE: February 11th, 2025
RE: PL202500025: Town Rezoning - Review and Recommendation

Application Details:

Applicant/Owner:	HEIDEN REV FAMILY TRUST (Owners) TOWN OF BLACK CREEK (Applicant)
Request:	Rezoning - Town
Parcel:	010048502
Location:	Lot 1 CSM 8635
Public Hearing:	September 9th, 2024 at 7:00 PM held by the Town of Black Creek

Background:

Outagamie County received a Town Rezoning request from the Town of Black Creek, as depicted on the attached Rezoning Map. The proposal would rezone parcel 010048502 (3.3 acres) from the AED Exclusive Agriculture District to the AGD General Agriculture District. The rezone to AGD is to accommodate the future construction of a Single Family Home.



The Town of Black Creek has adopted General Town Zoning. The Town of Black Creek is required to find this rezoning consistent with its Comprehensive Plan. They identified the rezoning to be consistent with its Comprehensive Plan and recommended approval at their September 9th, 2024 Town Board Meeting.

Outagamie County typically finds rezones from AED to AGD to be consistent with its Comprehensive plan. Therefore, Outagamie County concurs that the rezone is consistent, as the County Comprehensive Plan Future Land Use Map identifies this area as Agriculture and Open Space.

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to **Approve the rezoning of parcel 010048502** from the AED Exclusive Agriculture District to the AGD General Agriculture District.

MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Austin Dyb, Land Use Specialist
DATE: February 11th, 2025
RE: PL202500026: Town Rezoning - Review and Recommendation

Application Details:

Applicant/Owner: TRACY & ZACH HOLSCHBACH (Owners)
TOWN OF BLACK CREEK (Applicant)

Request: Rezoning - Town

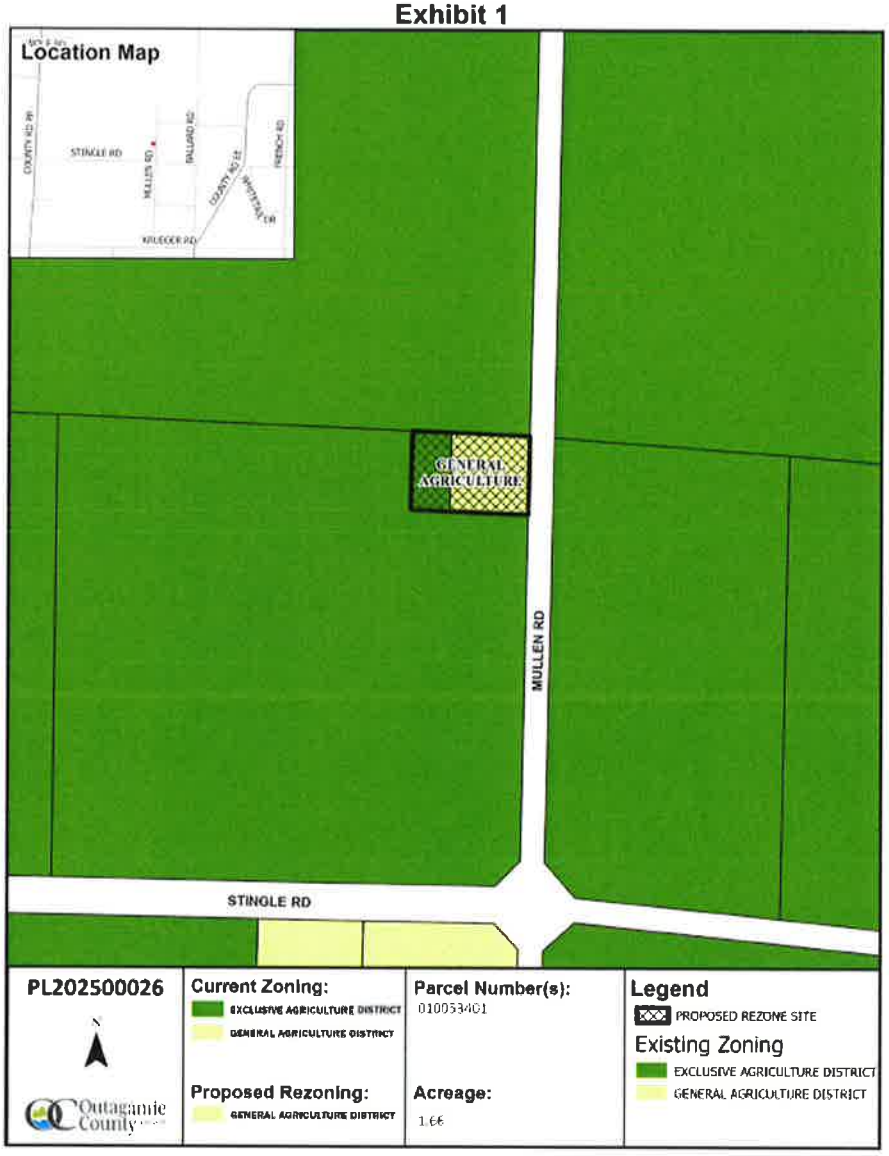
Parcel: 010053401

Location: Lot 1 CSM 8657

Public Hearing: September 9th, 2024 at 7:00 PM held by the Town of Black Creek

Background:

Outagamie County received a Town Rezoning request from the Town of Black Creek, as depicted on the attached Rezoning Map. The proposal would rezone a portion of parcel 010053401 (0.5acres) from the AED Exclusive Agriculture District to the AGD General Agriculture District. The rezone to AGD is to clean up a recent split zoned lot via CSM.



The Town of Black Creek has adopted General Town Zoning. The Town of Black Creek is required to find this rezoning consistent with its Comprehensive Plan. They identified the rezoning to be consistent with its Comprehensive Plan and recommended approval at their September 9th, 2024 Town Board Meeting.

Outagamie County typically finds rezones from AED to AGD to be consistent with its Comprehensive plan. Therefore, Outagamie County concurs that the rezone is consistent, as the County Comprehensive Plan Future Land Use Map identifies this area as Agriculture and Open Space.

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to **Approve the rezoning of parcel 010053401** from the AED Exclusive Agriculture District to the AGD General Agriculture District.

The Agriculture, Extension Education, Zoning and Land Conservation Committee is requesting to amend the County Code of Ordinances as pertains to Chapter 54, Zoning; Article I. In General; Section 54-4 Definitions, Article III. District Regulations; Division 2, Section 54-100 Permitted principal uses and structures, Section 54-101 Permitted accessory uses and structures, Section 54-102 Special exception uses and structures; Division 3, Section 54-128 Permitted principal uses and structures, Section 54-129 Permitted accessory uses and structures, Section 54-130 Special exception uses and structures; Division 4, Section 54-154 Permitted principal uses and structures, Section 54-155 Permitted accessory uses and structures, Section 54-156 Special exception uses and structures; Division 7, Section 54-233 Permitted principal uses and structures, Section 54-234 Permitted accessory uses and structures, Section 54-235(b) Special exception uses and structures; Division 8, Section 54-259 Permitted principal uses and structures, Section 54-261 Special exception uses and structures; Division 9, Section 54-279 Permitted principal uses and structures, Section 54-280 Permitted accessory uses and structures, Section 54-281 Special exception uses and structures; Division 10, Section 54-306 Permitted principal uses and structures, Section 54-307 Permitted accessory uses and structures, Section 54-308 Special exception uses and structures; Article IV. Supplementary District Regulations; Division 4, Subdivision 1, Section 54-445 Purpose and intent, Section 54-446 Restriction limited; Subdivision 2, Section 54-447 General standards; Subdivision 3, Section 54-448 General Standards, Section 54-449 Special exception permit requirements; Subdivision 4, Section 54-450 General, Sections 54-451- 54-470 Reserved.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does amend Chapter 54, Section 54-4- Definitions; Section 54-100- Permitted principal uses and structures; Section 54-101- Permitted accessory uses and structures; Section 54-102- Special exception uses and structures; Section 54-128- Permitted principal uses and structures; Section 54-129- Permitted accessory uses and structures;

Section 54-130- Special exception uses and structures; Section 54-154- Permitted principal uses and structures; Section 54-155- Permitted accessory uses and structures; Section 54-156- Special exception uses and structures; Section 54-233- Permitted principal uses and structures; Section 54-234- Permitted accessory uses and structures; Section 54-235(b)- Special exception uses and structures; Section 54-259- Permitted principal uses and structures; Section 54-261- Special exception uses and structures; Section 54-279- Permitted principal uses and structures; Section 54-280- Permitted accessory uses and structures; Section 54-281- Special exception uses and structures; Section 54-306- Permitted principal uses and structures; Section 54-307- Permitted accessory uses and structures; Section 54-308- Special exception uses and structures; Section 54-445- Purpose and intent; Section 54-446- Restriction limited; Section 54-447- General standards; Section 54-448- General standards; Section 54-449- Special exception permit requirements; Section 54-450- General; Sections 54-451- 54-470- Reserved, of the Outagamie County Code of Ordinances to read as follows (additions are in **bold and underlined**):

Chapter 54 – Zoning

…

ARTICLE 1. – IN GENERAL

…

Sec. 54-4- Definitions

Accessory- Scale Solar Energy System- A private or commercial solar energy system less than 100 megawatts that converts sunlight into electricity for the purpose of serving on-site electric demands only. Accessory-scale systems are accessory to permitted/permissible principal uses for the parcel on which it is located.

Agrivoltaics- A solar energy system co-located on the same parcel of land as agricultural production, including crop production, grazing, apiaries, or other agricultural products or services.

Battery Energy Storage System (BESS)- Electrochemical devices that charge, or collect, energy from the electric grid or a generation facility, store that energy, and then discharge that energy at a later time to provide electricity or other electric grid services.

Building-integrated Solar Energy Systems- A solar energy system that is an integral part of a principal or accessory building, rather than a separate mechanical device, replacing or substituting for an architectural or structural component of the building. Building-integrated systems include, but are not limited to, photovoltaic or hot water solar energy systems that are contained within roofing materials, windows, skylights, and awnings.

Community-Scale Solar Energy System- A commercial solar energy system less than 100 megawatts that converts sunlight into electricity for the primary purpose of serving electric demands off-site from the facility, either retail or wholesale. Community-scale systems are principal uses and have a project size equal to, or less than, 20 acres.

Grid-intertie Solar Energy System- A photovoltaic solar energy system that is connected to an electric circuit served by an electric utility company.

Ground-mount- A solar energy system mounted on a rack or pole that rests or is attached to the ground. Ground-mount systems can be either accessory or principal uses.

Kilowatt (KW)- A unit of power equal to one thousand watts.

Large-Scale Solar Energy System- A commercial solar energy system less than 100 megawatts that converts sunlight into electricity for the primary purpose of wholesale sales of generated electricity. A large-scale solar energy system will have a project size greater than 20 acres and is the principal land use for the parcel(s) on which it is located.

Megawatt (MW)- A unit of power equal to one million watts, especially as a measure of the output of a power station.

Off-grid Solar Energy System- A photovoltaic solar energy system in which the circuits energized by the solar energy system are not electrically connected in any way to electric circuits that are served by an electric utility company.

Passive Solar Energy System- A solar energy system that captures solar light or heat without transforming it to another form of energy or transferring the energy via a heat exchanger.

Photovoltaic System- A solar energy system that converts solar energy directly into electricity.

Renewable Energy Easement, Solar Energy Easement- An easement that limits the height or location, or both, of permissible development on the burdened land in terms of a structure or vegetation, or both, for the purpose of providing access for the benefited land to wind or sunlight passing over the burdened land, consistent with Wis Statutes 700.35.

Roof mount- A solar energy system mounted on a rack that is fastened to or ballasted on a structure roof. Roof-mount systems are accessory to the principal use.

Solar Access- Unobstructed access to direct sunlight on a lot or building through the entire year, including access across adjacent parcel air rights, for the purpose of capturing direct sunlight to operate a solar energy system.

Solar Carport- A solar energy system that is installed on a carport structure that is accessory to a parking area, and which may include electric vehicle supply equipment or energy storage facilities.

Solar Collector- A device, structure, or a part of a device or structure for which the primary purpose is to transform solar radiant energy into thermal, mechanical, chemical, or electrical energy. The collector does not include frames, supports, or mounting hardware.

Solar Energy- Radiant energy received from the sun that can be collected in the form of heart or light by a solar collector.

Solar Energy System- A device, array of devices, or structural design feature, the purpose of which is to provide for generation or storage of electricity from sunlight, or the collection, storage, and distribution of solar energy for space heating or cooling, daylight for interior lighting, or water heating.

Solar Hot Air System- (also referred to as Solar Air Heat or Solar Furnace)- A solar energy system that includes a solar collector to provide direct supplemental space heating by heating and re-circulating conditioned building air. The most efficient performance includes a solar collector to preheat air or supplement building space heating, typically using a vertically mounted collector on a south-facing wall.

Solar Hot Water System- A system that includes a solar collector and a heat exchanger that heats or preheats water for building heating systems or other hot water needs, including residential domestic hot water and hot water for commercial processes.

Solar Mounting Devices- Racking, frames, or other devices that allow the mounting of a solar collector onto a roof surface or the ground.

Solar Resource- A view of the sun from a specific point on a lot or building that is not obscured by any vegetation, building, or object for a minimum of four hours between the hours of 9:00 AM and 3:00 PM Standard time on all days of the year, and can be measured in annual watts per square meter.

Utility-Scale Energy System- Solar (100MW or larger), wind (100 MW or larger), and other facilities for the production, transmission, delivery or furnishing of heat, light, water, or power, for which a certificate of public convenience and necessity has been obtained from the state public service commission under Wis. Stats 196.491.

ARTICLE IV.- SUPPLEMENTARY DISTRICT REGULATIONS
…
Proposed Amendment, related to specific provisions for solar energy systems
Amend Article IV Supplementary District Regulations to include Division 4. Solar Energy Systems

Division 4. Solar Energy Systems

Subdivision 1. General

Sec. 54-445, Purpose and intent
To encourage the use of renewable energy in Outagamie County and achieve, among others, the following objectives:

a) **Promoting Clean Energy: Encourage the use of local, clean, renewable, and efficient energy resources to serve both current and future generations.**
b) **Sustainable Building and Practices: Promote sustainable building designs and management practices, which are essential for long-term environmental responsibility.**
c) **Compliance with Wisconsin Statutes: Incorporate the requirements of Wisconsin Statutes (Wis. Stats. 66.0401), which provide guidelines for the installation and use of solar energy systems, ensuring that they are legally compliant.**
d) **Protecting Health, Safety, and Welfare: Support solar energy use, while protecting the community's health, safety, and welfare.**
e) **No Significant Impact on Cost or Efficiency: Avoid significantly increasing the cost of solar energy systems or decreasing their efficiency. Aim to ensure that alternative systems of comparable cost or efficiency are not hindered.**

Sec. 54-446, Restriction limited
Pursuant to Wis. Stats. 66.0401(1m) the county may not place any restriction, either directly or in effect, on the installation or use of a solar energy system, unless the restriction satisfies one of the following conditions:

a) **Serves to preserve or protect the public health or safety.**
b) **Does not significantly increase the cost of the system or significantly decrease its efficiency.**
c) **Allows for an alternative system of comparable cost and efficiency.**

Subdivision 2. Accessory-Scale Solar Energy System

Sec. 54-447, General standards
Accessory-scale solar energy systems are subject to the following requirements and the requirements of Wis. Stats. 66.0401. Solar carports and associated electric vehicles charging equipment are a permitted accessory use on surface parking lots in all districts regardless of the existence of another building.

a) Site Design

1. Height. Accessory-scale solar energy systems must meet the following height requirements:

a. Building- or roof-mounted solar energy systems shall not exceed the maximum allowed height for the zoning district in which it is located. For purposes of height measurement, solar energy systems other than building-integrated systems shall be given an equivalent exception to height standards as building-mounted mechanical devices or equipment under Section 54-353
b. Ground-mounted solar energy systems shall not exceed 15 feet in height when oriented at maximum tilt. Height may be increased by 1 foot for every 2 feet of additional setback beyond what is required.
c. Solar carports shall not exceed 20 feet in height.

2. Setbacks. Accessory-scale solar energy systems must meet the required structure setback for the zoning district and primary land use associated with the lot on which the system is located. Setback distance shall be measured from the edge of the solar energy system array.
   a. Building- or roof-mounted solar energy systems must meet the principal structure setback when attached to the principal structure and the accessory structure setback when attached to an accessory structure.
   b. Ground-mounted solar energy systems must meet the detached accessory structure setback when oriented at minimum design tilt.

b) Site Plan/Elevations. Accessory-scale solar energy systems shall provide a site plan and elevation drawing for review unless deemed unnecessary by the Zoning Administrator.
   1. The site plan shall include both existing and proposed conditions, showing locations of all solar arrays, other structures, property lines, rights-of-way, entrances, service roads, storage systems, floodplains, wetlands and other protected natural resources, topography, electrical equipment/infrastructure, and all other characteristics requested by the Zoning Administrator.
   2. Elevation drawings must be scaled and show the location of the system on the building or on the property for a ground-mount system, including the property lines, and all other characteristics requested by the Zoning Administrator.

c) Stormwater. Ground-mounted systems shall be exempt from impervious surface standards if the soil under the collector is maintained in vegetation and not compacted.

Subdivision 3. Community-Scale and Large-Scale Solar Energy System

Sec. 54-448, General Standards

Community-scale and large-scale solar energy systems are subject to the following requirements and the requirements of Wis. Stats. 66.0401.

a) Site Design
   1. Height. Ground-mounted solar energy systems shall not exceed 15 feet in height when oriented at maximum tilt. Height may be increased by 1 foot for every 2 feet of additional setback.
   2. Setbacks. Community-scale and large-scale solar energy systems must meet the following setbacks:
      a. Arrays
         i. Required setbacks for principal buildings or structures in the district in which the system is located.
         ii. Setback distance shall be measured from the edge of the solar energy system array, excluding security fencing, screening, or berm.
      b. Battery Energy Storage System (BESS)
         i. Minimum 100 feet from exterior lot lines.
         ii. Minimum 300 feet from existing dwellings and any other existing building containing a permitted principal use.
         iii. Setback distance shall be measured from the edge of the BESS containment enclosure(s), excluding security fencing, screening, or berm.

3. Screening. Community-scale and large-scale solar shall be screened from existing dwellings located within 300 feet of the closest array.

a. A screening plan shall be submitted that identifies the type and extent of screening.

b. Screening shall be consistent with Section 54-359 Landscaped Buffer requirements, except that screening may be located where most effective and does not need to run the entire length of the property line.

c. The Zoning Administrator may require additional screening where they determine there is a clear interest in protecting/maintaining a viewshed.

4. Vegetation/Ground cover. The following provisions shall apply to the clearing of existing vegetation and establishment of vegetated ground cover for Large-Scale Solar Energy Systems. Additional site-specific conditions may apply as required by the Zoning Administrator.

a. Large-scale removal of mature trees on the site is discouraged.

b. The applicant shall submit a vegetative management plan prepared by a qualified professional or reviewed and approved by a natural resource agency or authority, such as the Wisconsin Department of Natural Resources or Outagamie County Department of Land Conservation. The plan shall identify:

i. The natural resource professionals consulted or responsible for the plan.

ii. The conservation, habitat, eco-system, or agricultural goals, which may include: providing habitat for pollinators such as bees and monarch butterflies, providing habitat for wildlife such as upland nesting birds and other wildlife, establishing vegetation for livestock grazing, reducing on-site soil erosion, and improving or protecting surface or ground-water quality.

iii. The intended mix of vegetation upon establishment.

iv. The management methods and schedules for how the vegetation will be managed on an annual basis, with particular attention given to the establishment period of approximately three years.

c. Soils shall be planted and maintained in perennial vegetation for the full operational life of the project, to prevent erosion, manage run off and build soil.

d. Vegetative cover should include a mix of perennial grasses and wildflowers that will preferably result in a short stature prairie with a diversity of forbs or flowering plants that bloom throughout the growing season. Blooming shrubs may be used in buffer areas as appropriate for visual screening. Perennial vegetation (grasses and forbs) are preferably native to Wisconsin, but where appropriate to the vegetative management plan goals, may also include other naturalized and non-invasive species which provide habitat for pollinators and wildlife and/or other ecosystem services (i.e. clovers).

e. Plant material. Plant material must not have been treated with systemic insecticides.

5. Foundations. A licensed engineer shall certify that the foundation and design of the solar panel racking and support is within accepted professional standards, given local soil and climate conditions.

6. Power and communication lines. Power and communication lines running between banks of solar panels and to nearby electric substations or interconnections with buildings shall be buried underground. Exemptions may be granted by the Zoning Administrator in instances where shallow bedrock, water courses, or other elements of the natural landscape interfere with the ability to bury lines, or distance makes undergrounding infeasible.

b. Stormwater. Solar collectors shall not be considered impervious surfaces if the soil under the collector is maintained in vegetation and not compacted.

c. Other standards and codes. All solar energy systems shall be in compliance with all applicable local, state and federal regulatory codes, including the State of Wisconsin Uniform Building Code, as amended; and the National Electric Code, as amended.

d. Project Narrative. The applicant shall submit a project narrative providing a general description of the proposed facility, facility operations, and site design.

e. Site Plan/Elevations. The applicant shall submit a site plan and elevations for review in accordance with the following.

1. The site plan shall include both existing and proposed conditions, showing locations of all solar arrays, other structures, property lines, rights-of-way, entrances, service roads, storage systems, floodplains, wetlands, and other protected natural resources, topography, electrical equipment/infrastructure, and all other characteristics requested by the Zoning Administrator.

2. Elevation drawings must be scaled and show the location of the system on the building or on the property for a ground-mount system, including the property lines, and all other characteristics requested by the Zoning Administrator.

f. Decommissioning. A decommissioning plan shall be required to ensure that solar energy systems are properly removed after their useful life.

1. The developer, including any successor, is responsible for the removal of the system at the end of its useful life. The site is to be restored to its pre-construction condition to the maximum extent possible, within 12 months of ceasing operations.

2. The plan shall include the following:

a. Provisions and steps for removal of all structures and foundations and restoration of soil and vegetation to pre-construction conditions.

b. Estimated cost for decommissioning and restoration of the site less the project's estimated salvage value.

g. Financial Assurance. Financial assurance shall be required in the amount adequate to cover the estimated cost of decommissioning as determined within the decommissioning plan and any subsequent amendments thereto. Financial assurance must be provided prior to the commencement of construction activities in the form of cash, irrevocable letter of credit, or other suitable financial mechanism as agreed upon by the County.

Sec. 54-449, Special exception permit requirements

All special exception permit applications are subject to, and shall be processed in accordance with, procedures set forth in Division 6 of Article XII of this ordinance and the following:

a. **Application Requirements. Applications for special exception permits are subject to the provisions and requirements set forth in Section 54-448 and shall include application materials the same.**

b. **Conditions. In evaluating a special exception permit application, the Zoning Committee may impose one or more conditions as may be necessary to grant approval. Such conditions and restrictions may relate to the establishment, location, construction, maintenance, operation of the use, off-site impacts and any other aspect of the use that impacts the public health, safety, or general welfare and must be based on substantial evidence. Examples of such conditions are listed below.**

Example Conditions	
Issue	***Potential Condition***
Construction	• *Limit hours of construction to be more compatible with surrounding uses* • *Require construction phasing to limit area of disturbance.* • *Require dust mitigation.*
Buffering/Screening	*Require a larger buffer than what is otherwise required by this chapter. Buffering may include landscaping, walls or fences, berms, and other features to physically separate adjoining uses.*
Number and/or location of entrances	*Design the site so that entrances and drives are located in areas away from adjoining properties.*
Lighting	*Restrict location and type of lighting to reduce offsite impacts (glare/light pollution).*
Damaged soil drainage infrastructure	*Require a mitigation plan to correct any damage to existing soil drainage infrastructure.*
Damage to local roads from project construction	*Require a road maintenance agreement for the maintenance and repair of any damage to local roads from construction of the project.*
Battery Energy Storage System (BESS) fire hazards	*Require mitigation plans documenting:* • *Battery-related fire suppression design and chemical release containment design.* • *Clean-up and monitoring activities of any fire-related chemical releases.* • *Additional funding to affected fire districts directly impacted, including but not limited to equipment supplies and training for local firefighting/EMS.*

Subdivision 4. Utility-Scale Energy System

Sec. 54-450, General

Utility-scale energy systems require a Certificate of Public Convenience and Necessity (CPCN) from the Public Service Commission (PSC) of Wisconsin. Utility-scale energy systems are subject to review and regulation by the PSC and are exempt from the requirements of this division.

Sec. 54-451- 54-470, Reserved.

BE IT FURTHER ORDAINED, that this ordinance shall be in effect upon completion of publication in accordance with Wisconsin State Statutes, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a copy of this ordinance to the Outagamie County Corporation Counsel, the Outagamie County Development and Land Services Director, and Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 11th day of March, 2025

Respectfully Submitted,

AGRICULTURE, EXTENSION EDUCATION, ZONING AND LAND CONSERVATION COMMITTEE

MEMORANDUM

TO:	Outagamie County Zoning Committee
FROM:	Isaac Uitenbroek, Zoning Administrator
DATE:	February 3, 2025
RE:	PL202500006 – Proposed Minor Code Amendments to Chapter 54, Pertaining to Solar Energy Systems.

Background and Analysis

The County adopted its Comprehensive Plan in 2020, following community outreach and review spanning several years. The Plan provided clear policy direction to modernize our land use codes. In particular, it cited the following goals and recommendations:

- Goal 2: Modernized land use and regulatory tools.
  - *Rec. 2.1.* Evaluate the zoning, subdivision, and other land use codes for compliance with statutory changes, urban, suburban, and rural land use patterns, and community and county goals....Identify areas where greater clarity could be added. Recommend changes where appropriate.

Based on this policy direction and the need to update the current zoning ordinance to comply with Wis. Stat. 66.0401 pertaining to solar energy systems, Outagamie County zoning staff propose three minor amendments to the Outagamie County Zoning Ordinance (Chapter 54 of Outagamie County's Code of Ordinances).

The first amendment, will incorporate solar energy system related definitions into Section 54-4 *Definitions* of Chapter 54 (see Exhibit A for details).

The second amendment, will establish placement of solar energy systems within each of the existing zoning districts. Depending on the type of solar energy system, it may be permitted by-right, permitted by special exception, or not permitted (see Exhibit B for details).

The third amendment, will establish a new division (*Division 4. Solar Energy Systems*) under Article IV of Chapter 54. This division will provide specific regulatory guidelines and performance criteria related to solar energy systems (see Exhibit C for details).

Staff Recommendation

DLS staff requests that the County Zoning Committee: **approve the minor code amendments to Ch. 54, Outagamie County Code of Ordinances, as proposed in Exhibits A, B, and C.**

Exhibits

- Exhibit A: First Amendment to Chapter 54
- Exhibit B: Second Amendment to Chapter 54
- Exhibit C: Third Amendment to Chapter 54

Exhibit A: First Amendment to Chapter 54

Proposed Amendment, related to Definitions

Amend Section 54-4 to include the following definitions associated with the Solar Energy Systems:

1. In Sec. 54-4, alphabetically **ADD** the following definitions:

Accessory-Scale Solar Energy System – A private or commercial solar energy system less than 100 megawatts that converts sunlight into electricity for the purpose of serving on-site electric demands only. Accessory-scale systems are accessory to permitted/permissible principal uses for the parcel on which it is located.

Agrivoltaics – A solar energy system co-located on the same parcel of land as agricultural production, including crop production, grazing, apiaries, or other agricultural products or services.

Battery Energy Storage System (BESS) – Electrochemical devices that charge, or collect, energy from the electric grid or a generation facility, store that energy, and then discharge that energy at a later time to provide electricity or other electric grid services.

Building-integrated Solar Energy Systems – A solar energy system that is an integral part of a principal or accessory building, rather than a separate mechanical device, replacing or substituting for an architectural or structural component of the building. Building-integrated systems include but are not limited to photovoltaic or hot water solar energy systems that are contained within roofing materials, windows, skylights, and awnings.

Community-Scale Solar Energy System – A commercial solar energy system less than 100 megawatts that converts sunlight into electricity for the primary purpose of serving electric demands off-site from the facility, either retail or wholesale. Community-scale systems are principal uses and have a project size equal to, or less than, 20 acres.

Grid-intertie Solar Energy System — A photovoltaic solar energy system that is connected to an electric circuit served by an electric utility company.

Ground-mount – A solar energy system mounted on a rack or pole that rests or is attached to the ground. Ground-mount systems can be either accessory or principal uses.

Kilowatt (KW) – A unit of power equal to one thousand watts.

Large-Scale Solar Energy System – A commercial solar energy system less than 100 megawatts that converts sunlight into electricity for the primary purpose of wholesale sales of generated electricity. A large-scale solar energy system will have a project size greater than 20 acres and is the principal land use for the parcel(s) on which it is located.

Megawatt (MW) – A unit of power equal to one million watts, especially as a measure of the output of a power station.

Off-grid Solar Energy System — A photovoltaic solar energy system in which the circuits energized by the solar energy system are not electrically connected in any way to electric circuits that are served by an electric utility company.

Passive Solar Energy System — A solar energy system that captures solar light or heat without transforming it to another form of energy or transferring the energy via a heat exchanger.

Photovoltaic System – A solar energy system that converts solar energy directly into electricity.

Renewable Energy Easement, Solar Energy Easement — An easement that limits the height or location, or both, of permissible development on the burdened land in terms of a structure or vegetation, or both, for the purpose of providing access for the benefited land to wind or sunlight passing over the burdened land, consistent with Wis Statutes 700.35.

Roof-mount – A solar energy system mounted on a rack that is fastened to or ballasted on a structure roof. Roof-mount systems are accessory to the principal use.

Solar Access — Unobstructed access to direct sunlight on a lot or building through the entire year, including access across adjacent parcel air rights, for the purpose of capturing direct sunlight to operate a solar energy system.

Solar Carport – A solar energy system that is installed on a carport structure that is accessory to a parking area, and which may include electric vehicle supply equipment or energy storage facilities.

Solar Collector — A device, structure, or a part of a device or structure for which the primary purpose is to transform solar radiant energy into thermal, mechanical, chemical, or electrical energy. The collector does not include frames, supports, or mounting hardware.

Solar Energy — Radiant energy received from the sun that can be collected in the form of heat or light by a solar collector.

Solar Energy System — A device, array of devices, or structural design feature, the purpose of which is to provide for generation or storage of electricity from sunlight, or the collection, storage, and distribution of solar energy for space heating or cooling, daylight for interior lighting, or water heating.

Solar Hot Air System — (also referred to as Solar Air Heat or Solar Furnace) – A solar energy system that includes a solar collector to provide direct supplemental space heating by heating and re-circulating conditioned building air. The most efficient performance includes a solar collector to preheat air or supplement building space heating, typically using a vertically mounted collector on a south-facing wall.

Solar Hot Water System — A system that includes a solar collector and a heat exchanger that heats or preheats water for building heating systems or other hot water needs, including residential domestic hot water and hot water for commercial processes.

Solar Mounting Devices — Racking, frames, or other devices that allow the mounting of a solar collector onto a roof surface or the ground.

Solar Resource — A view of the sun from a specific point on a lot or building that is not obscured by any vegetation, building, or object for a minimum of four hours between the hours of 9:00 AM and 3:00 PM Standard time on all days of the year, and can be measured in annual watts per square meter.

Utility-Scale Energy System – Solar (100 MW or larger), wind (100 MW or larger), and other facilities for the production, transmission, delivery or furnishing of heat, light, water or power, for which a certificate of public convenience and necessity has been obtained from the state public service commission under Wis. Stats. § 196.491.

Exhibit B: Second Amendment to Chapter 54

Proposed Amendment, related to Placement

Amend existing zoning districts to incorporate solar energy systems as a land use. Further, amend each district to determine where and how solar energy systems will be permitted and by what process.

Table 1 summarizes the proposed placement of solar energy systems. Specific modifications to district regulations within each relevant section are documented in items 1-24 following the table.

Table 1. Summary of Proposed Placement Requirements for Solar Energy Systems

	Agricultural		Residential			Commercial			Industrial
	Exclusive (AED)	General (AGD)	Single-Family (RSF)	Two-Family (RTF)	Multifamily (RMF)	Local (CL)	Regional (CR)	Planned (CP)	Industrial (IND)
Accessory-Scale Solar Energy System									
Proposed	P	P	P	P	P	P	P	P	P
Community-Scale Solar Energy System									
Proposed	SP	SP	SP	SP	SP	SP	SP	SP	SP
Large-Scale Solar Energy System									
Proposed	SP	SP	NP	NP	NP	NP	NP	NP	SP
Utility-Scale Energy System[1]									
Proposed	P	P	P	P	P	P	P	P	P

Table Key:
P = Permitted
SP = Special Exception Permit Required
NP = Not Permitted/Permissible

Table Notes:
[1] Utility-scale energy systems are reviewed and permitted by the Public Service Commission (PSC) of Wisconsin and are not subject to regulation at the local level. As such, this use will be included as a permitted use in all districts.

1. In Sec. 54-100, **ADD** the following text:

   4) Utility-Scale Energy System.

2. In Sec. 54-101, **ADD** the following text:

   6) Accessory-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

3. In Sec. 54-102, **ADD** the following text:

9) Community-Scale and Large-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

4. In Sec. 54-128, **ADD** the following text:

   6) Utility-Scale Energy System.

5. In Sec. 54-129, **ADD** the following text:

   3) Accessory-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

6. In Sec. 54-130, **REMOVE** the following text:

   17) ~~Facilities for the production, transmission, delivery or furnishing of heat, light, water or power, for which a certificate of public convenience and necessity had been obtained from the state public service commission under Wis. Stats. § 196.491 and subject to the site plan review procedures outlined in division 5 of article XII of this chapter.~~

7. In Sec. 54-130, **ADD** the following text as a replacement:

   17) Community-Scale and Large-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

8. In Sec. 54-154, **ADD** the following text:

   6) Utility-Scale Energy System.

9. In Sec. 54-155, **ADD** the following text:

   5) Accessory-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

10. In Sec. 54-156, **ADD** the following text:

    11) Community-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

11. In Sec. 54-233, **ADD** the following text:

    19) Utility-Scale Energy System.

12. In Sec. 54-234, **ADD** the following text:

    3) Accessory-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

13. In Sec. 54-235(b), **REMOVE** the following text:

15) ~~Facilities for the production, transmission, delivery or furnishing of heat, light, water or power, for which a certificate of public convenience and necessity had been obtained from the state public service commission under Wis. Stats. § 196.491 and subject to the site plan review procedures outlined in division 5 of article XII of this chapter.~~

14. In Sec. 54-235(b), **ADD** the following text as a replacement:

15) Community-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

15. In Sec. 54-259, **ADD** the following text:

3) Utility-Scale Energy System.

16. In Sec. 54-261, **REMOVE** the following text, and update numbering convention that follows:

3) ~~Facilities for the production, transmission, delivery or furnishing of heat, light, water or power, for which a certificate of public convenience and necessity had been obtained from the state public service commission under Wis. Stats. § 196.491 and subject to the site plan review procedures outlined in division 5 of article XII of this chapter.~~

17. In Sec. 54-279, **ADD** the following text:

9) Utility-Scale Energy System.

18. In Sec. 54-280, **ADD** the following text:

3) Accessory-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

19. In Sec. 54-281, **REMOVE** the following text:

4) ~~Facilities for the production, transmission, delivery or furnishing of heat, light, water or power, for which a certificate of public convenience and necessity had been obtained from the state public service commission under Wis. Stats. § 196.491 and subject to the site plan review procedures outlined in division 5 of article XII of this chapter.~~

20. In Sec. 54-281, **ADD** the following text as a replacement:

4) Community-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

21. In Sec. 54-306, **REMOVE** the following text:

11) ~~Facilities for the production, transmission, delivery or furnishing of heat, light, water or~~

~~*power, for which a certificate of public convenience and necessity had been obtained from the state public service commission under Wis. Stats. § 196.491 and subject to the site plan review procedures outlined in division 5 of article XII of this chapter.*~~

22. In Sec. 54-306, **ADD** the following text as a replacement:

11) Utility-Scale Energy System.

23. In Sec. 54-307, **ADD** the following text:

5) Accessory-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

24. In Sec. 54-308, **ADD** the following text:

6) Community-Scale and Large-Scale Solar Energy System, subject to the provisions of Division 4 of Article IV of this chapter.

Exhibit C: Third Amendment to Chapter 54

Proposed Amendment, related to specific provisions for solar energy systems

Amend Article IV *Supplementary District Regulations* to include *Division 4. Solar Energy Systems.*

1. In Article IV, **ADD** the following text:

DIVISION 4. SOLAR ENERGY SYSTEMS

Subdivision 1. General

Sec. 54-445. Purpose & Intent.

To encourage the use of renewable energy in Outagamie County and achieve, among others, the following objectives:

a) *Promoting Clean Energy: Encourage the use of local, clean, renewable, and efficient energy resources to serve both current and future generations.*
b) *Sustainable Building and Practices: Promote sustainable building designs and management practices, which are essential for long-term environmental responsibility.*
c) *Compliance with Wisconsin Statutes: Incorporate the requirements of Wisconsin Statutes (Wis. Stats. 66.0401), which provide guidelines for the installation and use of solar energy systems, ensuring that they are legally compliant.*
d) *Protecting Health, Safety, and Welfare: Support solar energy use, while protecting the community's health, safety, and welfare.*
e) *No Significant Impact on Cost or Efficiency: Avoid significantly increasing the cost of solar energy systems or decreasing their efficiency. Aim to ensure that alternative systems of comparable cost or efficiency are not hindered.*

Sec. 54-446. Restriction Limited.

Pursuant to Wis. Stats. 66.0401(1m) the county may not place any restriction, either directly or in effect, on the installation or use of a solar energy system, unless the restriction satisfies one of the following conditions:

a) *Serves to preserve or protect the public health or safety.*
b) *Does not significantly increase the cost of the system or significantly decrease its efficiency.*
c) *Allows for an alternative system of comparable cost and efficiency.*

Subdivision 2. Accessory-Scale Solar Energy System

Sec. 54-447. General Standards.

Accessory-scale solar energy systems are subject to the following requirements and the requirements of Wis. Stats. 66.0401. Solar carports and associated electric vehicle charging equipment are a permitted accessory use on surface parking lots in all districts regardless of the existence of another building.

a) Site Design

1. *Height. Accessory-scale solar energy systems must meet the following height requirements:*

   a. *Building- or roof-mounted solar energy systems shall not exceed the maximum allowed height for the zoning district in which it is located. For purposes of height measurement, solar energy systems other than building-integrated systems shall be given an equivalent exception to height standards as building-mounted mechanical devices or equipment under Section 54-353.*

   b. *Ground-mounted solar energy systems shall not exceed 15 feet in height when oriented at maximum tilt. Height may be increased by 1 foot for every 2 feet of additional setback beyond what is required.*

   c. *Solar carports shall not exceed 20 feet in height.*

2. *Setbacks. Accessory-scale solar energy systems must meet the required structure setback for the zoning district and primary land use associated with the lot on which the system is located. Setback distance shall be measured from the edge of the solar energy system array.*

   a. *Building- or roof-mounted solar energy systems must meet the principal structure setback when attached to the principal structure and the accessory structure setback when attached to an accessory structure.*

   b. *Ground-mounted solar energy systems must meet the detached accessory structure setback when oriented at minimum design tilt.*

b) Site Plan/Elevations. Accessory-scale solar energy systems shall provide a site plan and elevation drawing for review unless deemed unnecessary by the Zoning Administrator.

1. *The site plan shall include both existing and proposed conditions, showing locations of all solar arrays, other structures, property lines, rights-of-way, entrances, service roads, storage systems, floodplains, wetlands and other protected natural resources, topography, electrical equipment/infrastructure, and all other characteristics requested by the Zoning Administrator.*

2. *Elevation drawings must be scaled and show the location of the system on the building or on the property for a ground-mount system, including the property lines, and all other characteristics requested by the Zoning Administrator.*

c) Stormwater. Ground-mounted systems shall be exempt from impervious surface standards if the soil under the collector is maintained in vegetation and not compacted.

Subdivision 3. Community-Scale and Large-Scale Solar Energy System

Sec. 54-448. General Standards.

Community-scale and large-scale solar energy systems are subject to the following requirements and the requirements of Wis. Stats. 66.0401.

a) Site Design

1. *Height. Ground-mounted solar energy systems shall not exceed 15 feet in height when oriented at maximum tilt. Height may be increased by 1 foot for every 2 feet of additional setback.*
2. *Setbacks. Community-scale and large-scale solar energy systems must meet the following setbacks:*
    - *a. Arrays*
        - *i. Required setbacks for principal buildings or structures in the district in which the system is located.*
        - *ii. Setback distance shall be measured from the edge of the solar energy system array, excluding security fencing, screening, or berm.*
    - *b. Battery Energy Storage System (BESS)*
        - *i. Minimum 100 feet from exterior lot lines.*
        - *ii. Minimum 300 feet from existing dwellings and any other existing building containing a permitted principal use.*
        - *iii. Setback distance shall be measured from the edge of the BESS containment enclosure(s), excluding security fencing, screening, or berm.*
3. *Screening. Community-scale and large-scale solar shall be screened from existing dwellings located within 300 feet of the closest array.*
    - *a. A screening plan shall be submitted that identifies the type and extent of screening.*
    - *b. Screening shall be consistent with Section 54-359 Landscaped Buffer requirements, except that screening may be located where most effective and does not need to run the entire length of the property line.*
    - *c. The Zoning Administrator may require additional screening where they determine there is a clear interest in protecting/maintaining a viewshed.*
4. *Vegetation/Ground cover. The following provisions shall apply to the clearing of existing vegetation and establishment of vegetated ground cover for Large-Scale Solar Energy Systems. Additional site-specific conditions may apply as required by the Zoning Administrator.*
    - *a. Large-scale removal of mature trees on the site is discouraged.*

b. *The applicant shall submit a vegetative management plan prepared by a qualified professional or reviewed and approved by a natural resource agency or authority, such as the Wisconsin Department of Natural Resources or Outagamie County Department of Land Conservation. The plan shall identify:*

   i. *The natural resource professionals consulted or responsible for the plan.*

   ii. *The conservation, habitat, eco-system, or agricultural goals, which may include: providing habitat for pollinators such as bees and monarch butterflies, providing habitat for wildlife such as upland nesting birds and other wildlife, establishing vegetation for livestock grazing, reducing on-site soil erosion, and improving or protecting surface or ground-water quality.*

   iii. *The intended mix of vegetation upon establishment.*

   iv. *The management methods and schedules for how the vegetation will be managed on an annual basis, with particular attention given to the establishment period of approximately three years.*

c. *Soils shall be planted and maintained in perennial vegetation for the full operational life of the project, to prevent erosion, manage run off and build soil.*

d. *Vegetative cover should include a mix of perennial grasses and wildflowers that will preferably result in a short stature prairie with a diversity of forbs or flowering plants that bloom throughout the growing season. Blooming shrubs may be used in buffer areas as appropriate for visual screening. Perennial vegetation (grasses and forbs) are preferably native to Wisconsin, but where appropriate to the vegetative management plan goals, may also include other naturalized and non-invasive species which provide habitat for pollinators and wildlife and/or other ecosystem services (i.e. clovers).*

e. *Plant material. Plant material must not have been treated with systemic insecticides.*

5. *Foundations. A licensed engineer shall certify that the foundation and design of the solar panel racking and support is within accepted professional standards, given local soil and climate conditions.*

6. *Power and communication lines. Power and communication lines running between banks of solar panels and to nearby electric substations or interconnections with buildings shall be buried underground. Exemptions may be granted by the Zoning Administrator in instances where shallow bedrock, water courses, or other elements of the natural landscape interfere with the ability to bury lines, or distance makes undergrounding infeasible.*

b) *Stormwater. Solar collectors shall not be considered impervious surfaces if the soil under the collector is maintained in vegetation and not compacted.*

c) *Other standards and codes. All solar energy systems shall be in compliance with all applicable local, state and federal regulatory codes, including the State of Wisconsin Uniform Building Code, as amended; and the National Electric Code, as amended.*

d) *Project Narrative. The applicant shall submit a project narrative providing a general description of the proposed facility, facility operations, and site design.*

e) *Site Plan/Elevations. The applicant shall submit a site plan and elevations for review in accordance with the following.*

1. *The site plan shall include both existing and proposed conditions, showing locations of all solar arrays, other structures, property lines, rights-of-way, entrances, service roads, storage systems, floodplains, wetlands and other protected natural resources, topography, electrical equipment/infrastructure, and all other characteristics requested by the Zoning Administrator.*
2. *Elevation drawings must be scaled and show the location of the system on the building or on the property for a ground-mount system, including the property lines, and all other characteristics requested by the Zoning Administrator.*

f) *Decommissioning. A decommissioning plan shall be required to ensure that solar energy systems are properly removed after their useful life.*

1. *The developer, including any successor, is responsible for the removal of the system at the end of its useful life. The site is to be restored to its pre-construction condition to the maximum extent possible, within 12 months of ceasing operations.*
2. *The plan shall include the following:*
    a. *Provisions and steps for removal of all structures and foundations and restoration of soil and vegetation to pre-construction conditions.*
    b. *Estimated cost for decommissioning and restoration of the site less the project's estimated salvage value.*

g) *Financial Assurance. Financial assurance shall be required in the amount adequate to cover the estimated cost of decommissioning as determined within the decommissioning plan and any subsequent amendments thereto. Financial assurance must be provided prior to the commencement of construction activities in the form of cash, irrevocable letter of credit, or other suitable financial mechanism as agreed upon by the County.*

Sec. 54-449. Special Exception Permit Requirements.

All special exception permit applications are subject to, and shall be processed in accordance with, procedures set forth in Division 6 of Article XII of this ordinance and the following:

a) *Application Requirements. Applications for special exception permits are subject to the provisions and requirements set forth in Section 54-448 and shall include application materials the same.*
b) *Conditions. In evaluating a special exception permit application, the zoning committee may impose one or more conditions as may be necessary to grant approval. Such conditions and restrictions may relate to the establishment, location, construction,*

maintenance, operation of the use, off-site impacts, and any other aspect of the use that impacts the public health, safety, or general welfare and must be based on substantial evidence. Examples of such conditions are listed below.

Example Conditions	
Issue	**Potential Condition**
Construction	• Limit hours of construction to be more compatible with surrounding uses. • Require construction phasing to limit area of disturbance. • Require dust mitigation.
Buffering/Screening	Require a larger buffer than what is otherwise required by this chapter. Buffering may include landscaping, walls or fences, berms, and other features to physically separate adjoining uses.
Number and/or location of entrances	Design the site so that entrances and drives are located in areas away from adjoining properties.
Lighting	Restrict location and type of lighting to reduce offsite impacts (glare/light pollution).
Damaged soil drainage infrastructure	Require a mitigation plan to correct any damage to existing soil drainage infrastructure.
Damage to local roads from project construction	Require a road maintenance agreement for the maintenance and repair of any damage to local roads from construction of the project.
Battery Energy Storage System (BESS) fire hazards	Require mitigation plans documenting: • Battery-related fire suppression design and chemical release containment design. • Clean-up and monitoring activities of any fire-related chemical releases. • Additional funding to affected fire districts directly impacted, including but not limited to equipment supplies and training for local firefighting/EMS.

Subdivision 4. Utility-Scale Energy System

Sec. 54-450. General.

Utility-scale energy systems require a Certificate of Public Convenience and Necessity (CPCN) from the Public Service Commission (PSC) of Wisconsin. Utility-scale energy systems are subject to review and regulation by the PSC and are exempt from the requirements of this division.

Sec. 54-451 – 54-470. Reserved.

Resolution No. 130—2024-25 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Authorize and approve of the Land Conservation Department to accept and expend funding of $50,000 from the Fox Wolf Watershed Alliance, to purchase soil health equipment, and increase the following Land Conservation line items: Miscellaneous Revenue by $50,000; Purchased Services by $24,000; Supplies by $8,000; Moveable Equipment by $18,000, as noted on the attached fiscal note.

Supervisor Rettler moved, seconded by Supervisor Lautenschlager, for adoption.

Outagamie County Board of Supervisors

March 11 2025 07:40:56 PM

OpenMeeting

RESOLUTION NO.: 130—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Land Conservation Department (LCD) entered into an agreement with Fox Wolf Watershed Alliance to purchase soil health equipment. The grant funds will be used for moveable equipment ($18,000), supplies ($8,000), and purchased services ($24,000). LCD is requesting approval to accept and expend these funds, along with approval for a budget adjustment, which includes an increase in Intergovernmental Revenue by $50,000. The proposed adjustment is budget neutral, requiring no county funding.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve of the Land Conservation Department to accept and expend funding in the amount of $50,000 from the Fox Wolf Watershed Alliance in order to purchase soil health equipment, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve of increasing the following Land Conservation line items: Miscellaneous Revenue by $50,000; Purchased Services by $24,000; Supplies by $8,000; Moveable Equipment by $18,000 each as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Director and the Outagamie County Finance Director.

Dated this 11th day of March 2025

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** LCD Request to accept and expend Climate Smart Equipment funds from Fox-Wolf Watershed Alliance.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Land Conservation Department (LCD) entered into an agreement with Fox Wolf Watershed Alliance to purchase soil health equipment. The grant funds are $18,000 for moveable equipment, $8,000 for supplies and $24,000 in purchased services. LCD is requesting approval to accept and expend these funds along with approval for a budget adjustment, which includes an increase in Intergovernmental Revenue by $50,000 with a corresponding increase of $18,000 in equipment, $8,000 for supplies and $24,000 in Purchased Services. The proposed adjustment is budget neutral, requiring no county funding.

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Parks Department is requesting to transfer monies from two separate accounts into one account, said monies to be used to improve trails at Mosquito Hill Nature Center. At Mosquito Hill Nature Center there are trails that include viewing platforms that extend into the river for aquatic studies and nature viewing. These platforms are in disrepair due to age and require significant repair or upgrading. A project has been initiated to update the platforms to new, weather resistant material (aluminum) and make them accessible and ADA compliant. This request is to combine funding from two separate accounts into one account for easier tracking of expenses. The budget transfer is budget neutral.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of transferring $50,000 from the Parks Mosquito Hill and Other Trail Improvements line item to the Parks MHNC and Trails line item as detailed in the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive and the Outagamie County Parks Director.

1. **Subject:** Transfer of funds from 4641500 to 4602500 to combine two separately funded accounts for the same use.

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Planned project to improve trails at Mosquito Hill Nature Center. As part of the trails, viewing platforms extend into the river for aquatic studies and nature viewing. These platforms are in disrepair due to age and require repair or upgrading. A project has been initiated to update the platforms to new, weather resistant material (aluminum) and make them accessible and ADA compliant. The funding for this project is currently in two separate accounts and this request is to combine them for easier tracking of expenses.

3-11-25 County Board Meeting
3-11-25 CB Meeting
Outagamie County Board of Supervisors

March 11 2025 07:43:27 PM

OpenMeeting

RESOLUTION NO.: 132—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Clerk of Circuit Courts Office is requesting to transfer $3,047 from the department 2024 Supplies line item to the 2024 Purchased Services line item. The monies are related to standing desks for staff and increased order of file stamps. The department is able to absorb these adjustments internally, therefore, no additional county funding is required.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Clerk of Courts Supplies line item and decreasing the Clerk of Courts Purchased Services line item by $3,047 each as detailed on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Clerk of Circuit Court and the Outagamie County Finance Director.

Dated this 11th day of March 2025

Respectfully submitted,

PUBLIC SAFETY COMMITTEE

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Clerk of Courts Request for 2024 Budget Adjustments

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Cost Center 1000500
Increase in Supplies $3,047 related to standing desks for employees and increased order of stamps
Decrease in Purchased Services $3,047 due to not spending as much in postage

The department is able to absorb these adjustments within the line items noted. These adjustments are cost neutral and do not require any additional county funding.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes (X) no ( ) partially ( )
4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (X)
5. Is the proposal to accept additional revenues only? yes ( ) no (X)
6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes ( ) no ( )
7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

RESOLUTION NO.: 134—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

UW-Madison Division of Extension (Extension) and Wisconsin counties have had a century-long partnership benefiting the people of Wisconsin by extending the boundaries of the University of Wisconsin throughout the state to provide an array of educational programming and services to the people of Wisconsin where they live and work, bringing the research, knowledge and resources of the University of Wisconsin to the local community.

Counties and Extension have contributed significant funding over the century-long relationship by co-funding Extension staff, providing local offices and support, and leveraging millions of state Extension and federal dollars annually to serve the people of Wisconsin.

Wisconsin State Statutes §59.56(3) generally provides the framework, but has not evolved with the changing relationship. With over 100 plus years of evolving partnership between Extension and counties, there is a benefit to defining the roles and responsibilities of the partnership so the parties can collaboratively meet the needs of the residents and communities within Wisconsin.

This resolution approves the Memorandum of Understanding (MOU) between UW-Madison Division of Extension and Outagamie County to set forth their respective obligations, understandings, roles and responsibilities and supersedes the Division of Extension-County Partnership Guidance document dated August 2021.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby approve the Memorandum of Understanding between UW-Madison Division of Extension and Outagamie County and supersedes the Division of Extension-County Partnership Guidance document dated August 2021 as detailed in the attached Memorandum of Understanding, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Executive and the Outagamie County UW Extension Area Director.

Dated this 11th day of March 2025

Respectfully Submitted,

MEMORANDUM OF UNDERSTANDING

Between UW-Madison Division of Extension and Outagamie County

This **Memorandum of Understanding** (MOU) is made by and between UW-Madison Division of Extension (hereafter "Extension") and Outagamie County (hereafter "County"), and collectively "the Parties."

Whereas, this MOU outlines the partnership between Counties and Extension and supersedes the Division of Extension-County Partnership Guidance document dated August 2021; and,

Whereas, Extension and Counties have had a century-long partnership benefiting the people of Wisconsin by extending the boundaries of the University of Wisconsin throughout the state to provide an array of educational programming and services to the people of Wisconsin where they live and work, bringing the research, knowledge and resources of the University of Wisconsin to the local community; and,

Whereas, Counties and Extension have contributed significant funding over the century-long relationship by co-funding Extension staff, providing local offices and support, and leveraging millions of state Extension and federal dollars annually to serve the people of Wisconsin; and,

Whereas, Section 59.56(3), Wis. Stats., generally provides the framework but has not evolved with the changing relationship; and,

Whereas, with over 100+ years of evolving partnership between Extension and Counties, there is a benefit of defining the roles and responsibilities of the partnership so the Parties can collaboratively meet the needs of the residents and communities within County; and,

Whereas, the Parties desire to enter into this Memorandum of Understanding (hereafter "MOU") to set forth their respective obligations, understandings, roles and responsibilities.

NOW, THEREFORE, IT IS THE MUTUAL UNDERSTANDING OF THE PARTIES AS FOLLOWS:

I. General Understandings/Mutual Responsibilities

A. Purpose and Scope of MOU. The purpose of this MOU is to be a companion document to the Contract to clearly define the relationship of Parties hereto and, to outline the processes, responsibilities, and lines of authority and communication between Extension and the County.

B. Authority. According to Wis. Stats. Section 59.56(3), county boards "...may establish and maintain an education program in cooperation with the University of Wisconsin..." with function areas "under the direction and supervision of the county committee on agriculture and extension education".

C. Scope and Description of Services Provided. The Parties recognize that Extension may offer a variety of educational services and programming through its Educators in the following general categories:

1. Agriculture
2. Natural Resources
3. Community Development
4. Positive Youth Development
5. Human Development & Relationships
6. Health & Well Being

The Parties further recognize that each County is unique, requiring differing educational services in the categories herein, as established jointly between County and Extension.

II. UW-Madison Division of Extension Responsibilities

A. Extension Purpose. As a statewide engagement arm of UW-Madison, the Division of Extension extends university knowledge to Outagamie County, leveraging local resources and leading research to provide an array of educational programming and services to the people of Wisconsin within the County.

1. Professional development. Professional development expenses, including training, attending and presenting at state or national conferences, or receiving awards will be the responsibility of Extension, except when the County desires the attendance of the employee and funding is not available from Extension.

2. Extension Employee Leave of Absence. The County will not be billed by Extension for educator fees during the period in which a position is vacant. When an employee is going to be temporarily on leave from a position for an extended period of time (in excess of 30 days), Extension and the County will jointly develop, mutually agree on and implement a plan for how coverage will be provided to meet established County priorities to ensure ongoing program needs are met.

B. Role of Area Extension Director (AED) in County Partnership Management.

1. Extension fully invests in Area Extension Directors (AED), whose role is to oversee a region comprising one to five counties, as administrative and leadership positions responsible for Extension-County partnership management, Extension staff development, and financial management of Extension resources.

2. The AED maintains working relationships and communications with county partners and officials, including sharing updates and activities to partners and stakeholders. The AED will initiate and facilitate an Annual Listening Session and Needs Assessment with the County Committee of Jurisdiction (COJ) and other county personnel, which should be concluded on or before July 1 of each year. The AED will ensure that the

outcomes of the annual needs assessment, including the established County priorities, will be documented, reviewed and approved by the county COJ. The AED will ensure that established County priorities are incorporated in the Educators' work plans, as consistent with the mission of Extension and the needs of the County, for Implementation. This will not preclude Extension from gathering information on needs from other county stakeholders as well that could potentially be incorporated into the Educators' work plan.

3. The AED is responsible for overseeing Extension Educators, staff employed by Extension and supporting educator engagement with Extension volunteers.

4. The AED will lead hiring processes for vacant Extension employee positions and will involve county-designated representative(s)as outlined herein (See Article IV. C.) in the hiring process. The AED supervises Extension Educators and staff who direct Extension volunteers, including addressing Extension volunteer behavior concerns, providing coaching or dismissal of the volunteer, as appropriate.

5. Supervision of Extension Employees. Individuals employed by Extension are State of Wisconsin employees and are subject to applicable State and University of Wisconsin (UW) personnel rules, policies and procedures. Supervision will be provided by an Extension employee. Performance reviews of Extension staff will be conducted by Extension managers per UW HR policies and procedures, after obtaining feedback and input from County officials familiar with the work.

6. The AED monitors and manages risk and liability situations that might arise in regard to Extension services and programming.

C. Role of Extension Educators.

1. Educators provide educational services and programs as outlined in the Educators' annual plan of work. The annual plan of work shall, at a minimum, incorporate the County priorities identified through the Annual Listening Session and Needs Assessment as consistent with the mission of Extension and the needs of the County, for implementation. This will not preclude the Educator from gathering information on needs from other county stakeholders as well that could potentially be incorporated into their work plan.
2. Educators shall communicate local needs to their programmatic Institutes and collectively identify opportunities to address statewide needs, typically on a local level.
3. Reporting requirements. Educators shall report to the COJ on a regular basis, as determined by the AED and COJ who shall jointly establish a schedule of regular communication. Such communication may be provided either verbally or in writing as agreed by the Parties.

D. County Policy, Rules and Procedures. Extension staff, partially or fully funded by County and located in a local Extension office, will be users of county-based technology, facilities, buildings, grounds, equipment and supplies and may have access to county-based services. Extension staff shall abide by all county policies and procedures relating

to the use of county technology, facilities, buildings and grounds, equipment and supplies and other county-based resources. Extension volunteers and fully funded Extension staff may, at the sole discretion of the County, be provided with similar access, but in all cases must comply with County policies, rules and procedures.

III. County Responsibilities

A. County Extension Oversight Committee (Committee of Jurisdiction or COJ). Outagamie County shall identify a committee to serve as the County's policy and decision-making body regarding the Extension partnership. The COJ's duties may include, but are not limited, to the following:

1. Actively and continuously engage in identifying priorities for educational programming and services to be offered by local Extension Educators.
2. Provide general oversight and guidance to the Extension office to ensure that established priorities and needs are addressed. County will designate a representative to oversee and supervise county employees within the Extension office and seek input and feedback from AED on work performance.
3. Meet monthly or as determined by the Committee Chair.
4. Provide regular input and feedback to the AED regarding Extension programming and services provided within the County.
5. Provide budgetary oversight for the Extension office.
6. Jointly with Extension, develop the annual county Extension office budget aligned with addressing established county priorities.

B. County Facilities and Program Support. County shall provide office space, meeting space, telephone, computer, network connections for email and other communications, and general office supplies to support the Educators identified in the Contract. Funding levels for facilities and supplies shall be established annually as a part of the County budget process.

C. Administrative Support. County, in consultation with Extension and as mutually agreed between the Parties, shall provide administrative support to assist Educators in carrying out county-identified priorities. County staff working within the Extension office may be reassigned from time to time by the County to support other county departments or programs, at the sole discretion of the County.

D. Supervision of County Employees. Individuals employed by the County are county employees and are subject to applicable county personnel rules, policies and procedures. Supervision will be provided by a county-designated representative. Performance reviews of County staff will be conducted by County managers per County Human Resources (HR) policies and procedures, after receiving feedback and input, if

any, from applicable local Extension staff and the Area Extension Director. Performance and disciplinary matters of County staff will be handled by County HR utilizing established county policies and procedures.

IV. Joint Responsibilities

A. County-Specific Educational Needs and Priorities. Identifying county-specific educational needs and priorities shall be the joint responsibility of Extension, the COJ and other county-identified county officials.

1. Annual Listening Session and Needs Assessment. The AED shall facilitate an Annual Listening Session and Needs Assessment with the COJ and other county-identified officials to establish County and local needs and priorities to be included in each local Educator's annual plan of work.
2. The outcome of the Annual Listening Session and Needs Assessment shall be documented by the AED and implemented by the Educator as outlined in Article II. B. and Article II. C. of this MOU.

B. Key Performance Indicators. Educators shall develop key performance indicators to measure the outcomes of the programming designed to address the established County priorities and other local priorities. Key performance indicators measuring established County-priorities shall be developed and reported to the COJ. Each Educator's annual plan of work shall include timely and measurable outcomes to determine if county priorities are being addressed.

C. Hiring Local Educators. Hiring and Managing Vacancies. When an Educator position becomes vacant, Extension, the County COJ, other County personnel, and other county stakeholders as mutually agreed upon, shall meet to evaluate and assess the following: is the position still needed, might another position better meet the County's priorities, and can the County and Extension continue to financially support the position.

1. If the Parties determine not to refill the position, the Contract amount will be adjusted accordingly.
2. If the Parties determine to refill the position, Extension will lead the hiring process to fill the Educator position. The AED or designated Extension representative shall seek input and engagement from the County throughout the hiring process including the development of the job description, development of the recruitment timeline, selection of candidates to interview, conducting interviews and selection of the finalists and final candidate. County shall identify a single point of contact to represent County through the hiring process. Extension shall meet and confer with the County prior to making an offer to the final candidate.

D. Shared Educator Positions. Counties may agree to share specialized positions within a program area across two or more counties. The Contract shall be amended and prorated accordingly to reflect the funding agreement established by Counties sharing the position.

E. Budgetary Issues.

1. According to County budget policies and procedures, County and Extension shall jointly develop the Extension Office annual departmental budget in compliance with the county's budgeting parameters, fiscal policies and procedures.
2. The Extension Office budget shall be managed in accordance with County fiscal policies and procedures with oversight by County Designee and as authorized by the associated Delegation of Financial Budget Authority to AED, if any.
3. In accordance with County fiscal policies and procedures, revenues generated by Extension programming and services may be closed to the County's General Fund at year end and shall not be carried forward.

V. Miscellaneous Provisions

A. Term; Termination. This MOU shall be a companion to and have the same term and termination provisions as the Contract.

B. Annual Review; Amendments. This MOU shall be reviewed at least annually by Extension and the County.

C. Contacts for Official Communications and Notices. The Parties hereto agree that it is important to each designate a single point of contact for official communications and notices. Notices and Official Communications shall be sent via regular U.S. Mail or email to the following:

For Outagamie County:	For Extension:
Address	Address
Email	Email
cc: County Clerk address email	

D. No Waiver. Nothing in this MOU shall constitute or be construed to constitute a waiver of either party's immunities, notice of claim procedures and liability limitations set forth in Chapter 893 of the Wisconsin Statutes or any other protections afforded either party by law.

E. Duly Authorized Signatories. The individuals executing this MOU are duly authorized to enter into this MOU and bind their respective entities to the representations, understandings, roles and responsibilities set forth herein.

F. MOU Companion to Contract. This MOU shall be executed contemporaneously with the Contract and shall be effective for the same term as the Contract. Termination of the Contract shall simultaneously terminate this MOU.

IN WITNESS WHEREOF, the parties hereby execute this MOU, with an effective date and term consistent with the Contract referred to herein.

3-11-25 CB Meeting
Outagamie County Board of Supervisors

March 11 2025 07:42:34 PM
OpenMeeting

RESOLUTION NO.: 135—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Land Conservation Department (LCD) entered into an agreement with the University of Wisconsin-Green Bay for engineering services to advance agricultural runoff treatment research to determine sustainable treatment systems and create design recommendations. This private grant, in the amount of $116,875, will cover staffing costs in the amount of $18,350, travel expenses in the amount of $4,140, supplies in the amount of $17,000, and cost-share expenses in the amount of $80,385.

The project period runs from December 1, 2023 to August 31, 2026. The LCD is requesting approval to accept and expend these funds that have already been included in the 2025 budget. Additionally, the LCD is requesting approval for a 2024 budget adjustment, which includes an increase in Intergovernmental Revenue by $14,611 with a corresponding increase in Salaries / Fringe Benefits of $327, and $14,284 in Purchased Services. This proposed adjustment is budget neutral, requiring no county funding.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve the Outagamie County Land Conservation Department to accept and expend a private grant from the University of Wisconsin-Green Bay in the amount of $116,875 which has already been included in the 2025 budget, said grant to be used for engineering services to advance agricultural runoff treatment research to determine sustainable treatment systems and create design recommendations, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve of increasing the following line items in the 2024 Land Conservation Grants (2100400) Cost Center: Intergovernmental Revenue by $14,611; Salary by $244; Fringe by $83; Purchased Services by $14,284, as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Department Director and the Outagamie County Finance Director.

Dated this 11th day of March 2025

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** LCD Request to Accept and Expend Grant Funds from University of Wisconsin-Green Bay for 2024 Budget Adjustment

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Land Conservation Department (LCD) entered into an agreement with the University of Wisconsin-Green Bay for engineering services to advance agricultural runoff treatment research to determine sustainable treatment systems and create design recommendations. This private grant is for $116,875 to cover staffing costs of $18,350, travel expenses of $4,140, supplies of $17,000; and cost-share expenses of $80,385.

The project period runs from December 1, 2023 to August 31, 2026. LCD is requesting approval to accept and expend these funds, along with approval for a **2024** budget adjustment, which includes an increase in Intergovernmental Revenue by $14,611 with a corresponding increase in Salary/Fringe of $327, and Purchased Services of $14,284. This proposed adjustment is budget neutral, requiring no county funding.

RESOLUTION NO.: 136—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Veterans Services Office is requesting the following adjustments to the 2024 budget:

- Decrease Salaries by $5,300 to cover overages in Supplies and Purchased Services
- Increase Supplies by $5,300 for outstanding Purchase Orders
- Increase Revenue by $16,728 for Veterans WI DOA ARPA Grant
- Increase Purchased Services by $16,728 for WI DOA ARPA grant expenses

The department is able to absorb these adjustments internally, therefore, no additional county funding is required.

NOW THEREFORE, the undersigned members of the Health and Human Services Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does hereby authorize and approve of decreasing the 2024 Veterans Service Office Salaries line item by $5,300; increasing the Supplies line item by $5,300; increasing the Veteran's WI DOA ARPA Grant line item by $16,728; increasing the Purchased Services line item by $16,728 as detailed on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Veterans Service Officer and the Outagamie County Finance Director.

Resolution No. 137—2024-25 – Finance Committee. Authorize and approve the following as noted on the Resolution and the attached Parks Department 2025 Budget Fees and Charges Worksheet: the fees for the Summer Ecology day camp and the off campus site Outreach Program, effective April 1, 2025; and to offer discounts on rental fees under the circumstances listed on the Resolution by the County Parks Director or their designee, at their discretion.

At the March 11, 2025 County Board Meeting, Resolution No. 137 was referred back to the Finance Committee.

Supervisor Cuff moved, seconded by Supervisor Croatt, for adoption.

Supervisor Croatt moved, seconded by Supervisor Cuff, for the proposed redlined amendment to Resolution No. 137—2024-25, which was provided on County Board of Supervisors prior to the County Board meeting (which notates all proposed changes to the resolution and its associated attachments).

ROLL CALL: 27 yes, 1 no (Thiede), 1 abstain (Smith), 7 absent. RESOLUTION NO. 137—2024-25 IS AMENDED.

AMENDED
RESOLUTION NO.: 137—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Outagamie County Parks Department is requesting approval to add the following new fees effective April 1, 2025:

- Summer Ecology (summer day camp):
  - Knee-High Naturalists (4 and 5 year olds) – $75.00
  - Nature Rangers (1st and 2nd Grade) – $80.00
  - Eco-Explorers (3rd, 4th, and 5th Grade) – $85.00
- Outreach Programs (off campus site):
  - $75.00 first hour
  - $25.00 each additional hour
  - Plus mileage beyond Outagamie County

Additionally, the Parks Department is requesting that the Parks Director or their designee may, at their discretion, offer discounts on rental fees under the following circumstances:

- ~~Promotional offers to increase utilization of park facilities~~
- Interdepartmental use by other Outagamie County departments
- ~~Last-minute bookings~~ Published promotional offers for venues with vacancies up to two (2) months prior to the rental date

Discounts may be applied as follows:

- ~~Up to 25% off for promotional offers~~
- ~~Up to~~ 50% off for interdepartmental use
- Up to 40% off for ~~last-minute bookings~~ published promotional offers

The exact discount amount will be determined on a case-by-case basis, considering factors such as demand, seasonality, and potential revenue impact. All discounts must be documented and reported to ensure transparency and accountability. This policy aims to maximize the utilization of park facilities while maintaining flexibility in pricing strategies. The Parks Director reserves the right to modify or suspend this policy as needed to best serve the interests of the Outagamie County Parks Department and its patrons.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve creation of the following Summer Ecology (summer day camp) fees effective April 1, 2025: Knee-High Naturalists (4 and 5 year olds) – $75.00; Nature Rangers (1st and 2nd Grade) – $80.00; Eco-Explorers (3rd, 4th, and 5th Grade) – $85.00 as noted on the attached Parks Department 2025 Budget Fees and Charges Worksheet, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve creation of an Off Campus Outreach Program fee in the amount of $75 for the first hour plus $25 for each additional hour, plus mileage beyond Outagamie County as noted on the attached Parks Department 2025 Budget Fees and Charges Worksheet, which by reference is made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve the Outagamie County Parks Director or their designee may, at their discretion, offer discounts on rental fees under the following circumstances: ~~promotional offers to increase utilization of park facilities;~~ interdepartmental use by other Outagamie County departments; ~~last-minute bookings~~ published promotional offers for venues with vacancies up to two (2) months prior to the rental date, and that discounts may be applied as follows: ~~up to 25% off for promotional offers; up to~~ 50% off for interdepartmental use; up to 40% off for ~~last-minute bookings~~ published promotional offers as noted on the attached Parks Department 2025 Budget Fees and Charges Worksheet, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and the Outagamie County Finance Director.

Outagamie County

3-11-25 County Board Meeting

3-11-25 CB Meeting

Outagamie County Board of Supervisors

March 11 2025 07:58:11 PM

OpenMeeting

RESOLUTION NO.: 137—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Outagamie County Parks Department is requesting approval to add the following new fees effective April 1, 2025:

- Summer Ecology (summer day camp):
  - Knee-High Naturalists (4 and 5 year olds) – $75.00
  - Nature Rangers (1st and 2nd Grade) – $80.00
  - Eco-Explorers (3rd, 4th, and 5th Grade) – $85.00
- Outreach Programs (off campus site):
  - $75.00 first hour
  - $25.00 each additional hour
  - Plus mileage beyond Outagamie County

Additionally, the Parks Department is requesting that the Parks Director or their designee may, at their discretion, offer discounts on rental fees under the following circumstances:

- Promotional offers to increase utilization of park facilities
- Interdepartmental use by other Outagamie County departments
- Last-minute bookings for venues with vacancies up to two (2) months prior to the rental date

Discounts may be applied as follows:

- Up to 25% off for promotional offers
- Up to 50% off for interdepartmental use
- Up to 40% off for last-minute bookings

The exact discount amount will be determined on a case-by-case basis, considering factors such as demand, seasonality, and potential revenue impact. All discounts must be documented and reported to ensure transparency and accountability. This policy aims to maximize the utilization of park facilities while maintaining flexibility in pricing strategies. The Parks Director reserves the right to modify or suspend this policy as needed to best serve the interests of the Outagamie County Parks Department and its patrons.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve creation of the following Summer Ecology (summer day camp) fees effective April 1, 2025: Knee-High Naturalists (4 and 5 year olds) – $75.00; Nature Rangers (1st and 2nd Grade) – $80.00; Eco-Explorers (3rd, 4th, and 5th Grade) – $85.00 as noted on the attached Parks Department 2025 Budget Fees and Charges Worksheet, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve creation of an Off Campus Outreach Program fee in the amount of $75 for the first hour plus $25 for each additional hour, plus mileage beyond Outagamie County as noted on the attached Parks Department 2025 Budget Fees and Charges Worksheet, which by reference is made a part hereof, and

BE IT STILL FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve the Outagamie County Parks Director or their designee may, at their discretion, offer discounts on rental fees under the following circumstances: promotional offers to increase utilization of park facilities; interdepartmental use by other Outagamie County departments; last-minute bookings for venues with vacancies up to two (2) months prior to the rental date, and that discounts may be applied as follows: up to 25% off for promotional offers; up to 50% off for interdepartmental use; up to 40% off for last-minute bookings as noted on the attached Parks Department 2025 Budget Fees and Charges Worksheet, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Parks Director and the Outagamie County Finance Director.

3-11-25 CB Meeting
Outagamie County Board of Supervisors

March 11, 2025 07:50:06 PM

OpenMeeting

RESOLUTION NO.: 138—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Clerk's Office is requesting to increase the 2024 Elections Purchased Services line item by $7,100 and decrease the 2024 County Clerk Fringe Benefits line item by $7,100. The monies are related to increased election costs and staff changes. The department is able to absorb these adjustments internally, therefore, no additional county funding is required.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve increasing the 2024 Elections Purchased Services line item by $7,100 and decreasing the 2024 County Clerk Fringe Benefits line item by $7,100 as detailed on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and retain a copy for their records.

Dated this 11th day of March 2025

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** 2024 Budget adjustment request for County Clerk

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

Cost Center 1001900 - Elections
- Increase Purchased Services $7,100 due to election costs

Cost Center 1001800 – County Clerk
- Decrease Fringe Benefits $7,100 due to changes in staff to cover elections cost center.

Current Year Budget Impact (Check one or more of the following boxes)

☐ Revenues ☐ Expenses (Cost) ☒ None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no ( ) partially (x)

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (x) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (x)

6. Does this request modify/adjust the current year budget? yes (x) no ( ) 2024 Budget
If no, skip to question 8 below

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

COST CENTER NAME	LINE ITEM (i.e. Salaries, Supplies, Etc.)	ACCOUNT NUMBER INCLUDING COST CENTER (i.e. 1004100.5100, 1004100.5400, etc.)	INCREASE (DECREASE) AMOUNT
Elections	Purchased Services	1001900.5500	$7,100
County Clerk	Fringe Benefits	1001800.5200	($7,100)

Annual and Long-Term Impact

8. Is the above Increase/Decrease a nonrecurring one-time expense or revenue? yes (x) no ( ) n/a ( )

9. What is the anticipated annual and/or long-term cost or revenue impact? Annual Cost _____ Annual Revenue _____

I, Kelly Gerrits, County Clerk for the County of Outagamie Wisconsin do hereby certify that the foregoing is a true and correct copy of the March 11, 2025 County Board Minutes approved by a majority vote at a meeting of the County Board on March 25, 2025 and recorded in the minutes of said meeting a quorum of members being present.

In testimony whereof, I have hereunto set my hand and the seal of the County of Outagamie, Wisconsin, this 26th Day of March, 2025.

/s/ Kelly Gerrits
County Clerk

Please call the Outagamie County Clerk's Office (832-5077) if you would like further elaboration of these minutes.

RUN: April 8, 2025

* * MINUTES * *
* * OUTAGAMIE COUNTY BOARD * *

Office of the County Clerk, March 25, 2025.

The Board met pursuant to adjournment, and was called to order by Chairperson Gabrielson at 7:00 p.m. in the County Board Room, located at 320 South Walnut Street, Appleton, Wisconsin.

ROLL CALL: 29 present, 7 absent. Members present: Thompson, Smith, Patience, Gabrielson, Kostelny, Hammen, Lawrence, McCabe, Wegand, Hermes, MacDonald, Schroeder, Croatt, Spears, Heiser, Mitchell, Cuff, Hagen, Klemp, Thiede, Janke, Culbertson, Monfils, Winterfeldt, Clegg, VanderHeiden, Rettler, Koury, and Lautenschlager. Members absent: Supervisors Johnson, Krueger, Lamers, Ferguson, Weinberg, Nejedlo, and Thyssen.

The Board Chairperson requested the Board's confirmation to excuse Supervisors Johnson, Krueger, Lamers, Ferguson, Weinberg, Nejedlo, and Thyssen. No objections; so ordered.

The Pledge of Allegiance was led by Chairperson Gabrielson.

MINUTES OF THE MARCH 11, 2025 COUNTY BOARD MEETING
Supervisor Culbertson moved, seconded by Supervisor Hammen, to approve the minutes of the March 11, 2025 County Board meeting.

ROLL CALL: 27 yes, 2 abstain (Schroeder, Spears), 7 absent. MINUTES OF THE MARCH 11, 2025 COUNTY BOARD MEETING ARE APPROVED.

SPECIAL ORDER OF BUSINESS – None.

ESTABLISH ORDER OF THE DAY– Chairperson Gabrielson reported the request to have Ordinance No. Z-13—2024-25 and Resolution Nos. 146 and 147—2024-25 locked in at the meeting. No objections; so ordered.

COMMUNICATIONS –
Chairperson Gabrielson summarized the following communications:

- There are ten (10) Supervisors who still need to complete the most recently issued cyber security training, which was sent out March 2025 titled *Core Concepts: SMiShing*.
- There are still two (2) Supervisors who still need to complete the January 2025 training titled *Using AI-Safely*. Please reach out to Legislative Services if assistance is required.
- Save the Date: Thursday, April 17, 2025, Appleton International Airport (ATW) will host an open house of the concourse expansion starting at 4:30 p.m. Please see the e-mail from Sara Hickey from March 13, 2025 on how to RSVP (as it is a requirement to obtain security clearance to access the event; online registration ends on April 11, 2025).
- WFRV-TV (Channel 5) will be airing a special called "The Next Generation: Breaking Fentanyl's Grip" on March 29, 2025 from 6:00 – 7:00 p.m., and then rerun on April 5 from Noon to 1:00 p.m. Outagamie County is a sponsor for the airing, and Chairperson Gabrielson encouraged to view the special.

- Supervisor VanderHeiden's sister passed away on March 13, 2025 and the funeral was held on March 20, 2025; Chairperson Gabrielson expressed his condolences to Supervisor VanderHeiden and her family.
- The next County Board meeting is the annual reorganization meeting, which is held the third Tuesday of April. As a result, the next meeting will be on April 15, 2025 with the special time of 4:00 PM.
- Chairperson Gabrielson recognized the following County Board Supervisor birthdays: Supervisor Krueger (4/3) and Supervisor MacDonald (4/11).

PUBLIC PARTICIPATION IS LIMITED TO ONLY MATTERS LISTED ON THE AGENDA AND FOR A TOTAL OF FIFTEEN MINUTES WHICH MAY BE EXTENDED TO 30 MINUTES AT THE DISCRETION OF THE CHAIR – None.

APPOINTMENTS –
County Executive Nelson nomination for reappointments of Michael Morman, Thomas Rooney, Jeff Dietzen, Terri Lison, Jeremy Freund, and Sarah Van Camp to the Land Information Council; terms expire April 30, 2027.

Supervisor Kostelny moved, seconded by Supervisor Thiede, for confirmation of the above-listed reappointments.

ROLL CALL: 29 yes, 7 absent. MICHAEL MORMAN, THOMAS ROONEY, JEFF DIETZEN, TERRI LISON, JEREMY FREUND, AND SARAH VAN CAMP ARE REAPPOINTED TO THE LAND INFORMATION COUNCIL.

REPORT BY THE COUNTY EXECUTIVE – County Executive Thomas Nelson provided an Administrative Update.

UNFINISHED BUSINESS –
Resolution No. 137—2024-25 – Finance Committee. Authorize and approve the following as noted on the Resolution and the attached Parks Department 2025 Budget Fees and Charges Worksheet: the fees for the Summer Ecology day camp and the off campus site Outreach Program, effective April 1, 2025; and to offer discounts on rental fees under the circumstances listed on the Resolution by the County Parks Director or their designee, at their discretion.

At the March 11, 2025 County Board Meeting, Resolution No. 137 was referred back to the Finance Committee.

Supervisor Cuff moved, seconded by Supervisor Croatt, for adoption.

Supervisor Croatt moved, seconded by Supervisor Cuff, for the proposed redlined amendment to Resolution No. 137—2024-25, which was provided to County Board of Supervisors prior to the County Board meeting (which notates all proposed changes to the resolution and its associated attachments).

ROLL CALL: 27 yes, 1 no (Thiede), 1 abstain (Smith), 7 absent. RESOLUTION NO. 137—2024-25 IS AMENDED.

Supervisor Smith moved, seconded by Supervisor MacDonald, to amend the amendment to Resolution No. 137—2024-25 by striking the language regarding the Parks Director discretion (Page 1 - Lines 26, 27, and 28), specifically "The Parks Director reserves the right to modify or suspend this policy as

needed to best serve the interests of the Outagamie County Parks Department and its patrons" and the related language as mentioned on the Budget Fees and Charges Worksheet attachment (Page 4).

ROLL CALL: 5 yes (Thompson, Smith, Hermes, MacDonald, and Culbertson), 24 no, 7 absent. AMENDMENT TO STRIKE LINES 26, 27, AND 28 (AND RELATED LANGUAGE IN THE BUDGET FEES AND CHARGES WORKSHEET – PAGE 4) RESOLUTION NO. 137—2024-25 IS DEFEATED.

Supervisor Cuff moved, seconded by Supervisor Croatt, for adoption as amended.

ROLL CALL: 28 yes, 1 no (Thiede), 7 absent. RESOLUTION NO. 137—2024-25 IS ADOPTED AS AMENDED.

NEW BUSINESS – *NOTE: The minutes that follow list the synopsis of the ordinances/resolutions and roll calls. At the end of this set of minutes, the scanned copies of the each ordinance/resolution will be appended along with the physical roll call.*

Resolution No. Z-15—2024-25 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve to deny the rezone request for Chad Reader and Chad Calmes, applicants on behalf of Glen and Cheryl Sprangers, for parcels 200021800, 200021801, 200021802, and 200021803, totaling 19.74 acres, from AGD General Agriculture District to the IND Industrial District, in the Town of Vandenbroek, as detailed on the attached staff review and map.

Supervisor McCabe moved, seconded by Supervisor Mitchell, for adoption.

Chairperson Gabrielson requested unanimous consent of the County Board to give Director Englebert the opportunity to speak about the item in order to provide more context associated with the resolution.

ROLL CALL: 3 yes (Hermes, Schroeder, and Thiede), 25 no, 1 abstain (Wegand), 7 absent. RESOLUTION NO. Z-15—2024-25 IS DEFEATED.

Resolution No. Z-16—2024-25 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve the rezone request for Karen and Eugene Atkinson, for parcels 010042300 and 010042400, from the AED Exclusive Agriculture District to the AGD General Agriculture District, in the Town of Black Creek, as detailed on the attached review and map.

Supervisor VanderHeiden moved, seconded by Supervisor Rettler, for adoption.

ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. Z-16—2024-25 IS ADOPTED.

Resolution No. Z-17—2024-25 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve the rezone request for the Town of Grand Chute, applicant on behalf of MCMI LLC, owner, for parcel 102530800 from the CR Regional Commercial District to the R-5 Multifamily Residence District, in the Town of Grand Chute, as detailed on the attached review and map.

Supervisor Mitchell moved, seconded by Supervisor Rettler, for adoption.

ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. Z-17—2024-25 IS ADOPTED.

Ordinance No. Z-12—2024-25 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Approve to adopt the petition of Carow Land Surveying, applicant on behalf of Paul and Marilyn Tank Rev Trust, owner, to rezone a portion of parcel 060052800 from the Two-Family Residential District to the General Agriculture District, in the Town of Dale, as detailed on the attached review and map.

Supervisor VanderHeiden moved, seconded by Supervisor Janke, for adoption.

ROLL CALL: 29 yes, 7 absent. ORDINANCE NO. Z-12—2024-25 IS ADOPTED.

Ordinance No. Z-13—2024-25 – Agriculture, Extension Education, Zoning and Land Conservation Committee. Approve to adopt the petition of Mach IV Engineering & Surveying, LLC, applicant on behalf of Keller Structures, Inc., owner, to rezone parcel 030065901 from the SWD Shoreland-Wetland District to the GSD General Shoreland District, in the Town of Buchanan, as detailed on the attached review and map.

Supervisor Mitchell moved, seconded by Supervisor Lautenschlager, for adoption.

ROLL CALL: 28 yes, 1 no (Thiede), 7 absent. ORDINANCE NO. Z-13—2024-25 IS ADOPTED.

RECONSIDERATION OF ORDINANCE NO. Z-13—2024-25.

Supervisor Patience moved, seconded by Supervisor Wegand, to reconsider the above listed ordinance.

Vote for reconsideration. ROLL CALL: 26 yes, 3 no (MacDonald, Croatt, and Thiede), 7 absent. ORDINANCE NO. Z-13—2024-25 IS RECONSIDERED.

Vote for lock in. ROLL CALL: 28 yes, 1 no (Thiede), 7 absent. ORDINANCE NO. Z-13—2024-25 IS ADOPTED & LOCKED IN.

Resolution No. 140—2024-25 – Agriculture, Extension Education, Zoning, and Land Conservation Committee. Approve to transfer $53,072 from the 2024 General Funds Applied Contingency line item to the following 2024 Land Conservation Department line items: Salaries, $19,633; Fringe Benefits, $14,439; Supplies, $19,000, as detailed on the resolution and fiscal note.

Supervisor Rettler moved, seconded by Supervisor VanderHeiden, for adoption.

ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. 140—2024-25 IS ADOPTED.

Chairperson Gabrielson announced it reached 8:30 p.m. and per County Board Rules, there is the opportunity to take a break or continue on with the meeting. The County Board unanimously consented to progress the meeting, over taking a short recess.

Resolution No. 141—2024-25 – Legislative/Audit and Human Resources Committee. Approve the Parks Department in-year Table of Organization modification by changing three part-time Parks Maintenance Technician positions to three full-time Parks Maintenance Technician positions, effective March 10, 2025 (as detailed on the resolution and attachments), and approve the line item changes for Contingency Purchased Services, Plamann Park, and MHNC, as detailed on the resolution and fiscal note.

Supervisor Spears moved, seconded by Supervisor Kostelny, for adoption.

ROLL CALL: 27 yes, 2 no (Hermes, Janke), 7 absent. RESOLUTION NO. 141—2024-25 IS ADOPTED.

Resolution No. 142—2024-25 – Property, Airport, Recreation and Economic Development Committee. Approve the Third Addendum to Lease Agreement between the Appleton International Airport and Air Wisconsin Airlines LLC, to provide for one 2-year extension through March 31, 2027, reduce the square footage of the second floor lease and the common use space (as noted on the resolution), the new monthly rent will be decreased for the period April 1, 2025 through March 31, 2027, to be $38,430.58, and approve the line items for the Airport Terminal by decreasing the Second Floor Lease by $103,421 and increasing the Fund Balance Applied by $103,421, as detailed on the resolution and attachments.

Supervisor Culbertson moved, seconded by Supervisor Kostelny, for adoption.

ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. 142—2024-25 IS ADOPTED.

Resolution No. 143—2024-25 – Public Safety Committee. Authorize and approve the Outagamie County Sheriff's Office to accept and expend an unsolicited donation from Milk Source LLC of $1,000, and increase the Communications line items of Revenue and Supplies by $1,000 each, as detailed on the attached fiscal note.

Supervisor Patience moved, seconded by Supervisor Smith, for adoption.

ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. 143—2024-25 IS ADOPTED.

Resolution No. 144—2024-25 – Finance Committee. Authorize and approve of all excess or deficiency of revenues over/under expenditures and unexpended appropriations of the various accounts reverting back to the County's General Fund or from the General Fund as indicated on the attached fiscal note and Summary of 2024-2025 Revolving Funds document, with the exception of those expenses, revenues or transfers, as detailed on the resolution and attachments.

Supervisor Croatt moved, seconded by Supervisor Lautenschlager, for adoption.

ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. 144—2024-25 IS ADOPTED.

Resolution No. 145—2024-25 – Property, Airport, Recreation and Economic Development Committee. Approve to authorize execution of a Warranty Deed to the Wisconsin Department of Transportation for a total allocation of $1,800 for county owned property located at 1460 West Hiawatha Drive, Town of Grand Chute, described as Parcel 87 of Transportation Project Plat 1130-63-21 – 4.09, recorded as Document #2314098 consisting of Fee Simple, Temporary Limited Easement, as noted in the attachments; and authorize and approve of increasing the Miscellaneous Sale of Property line item by $1,800, as detailed on the attached fiscal note.

Supervisor Culbertson moved, seconded by Supervisor Cuff, for adoption.

ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. 145—2024-25 IS ADOPTED.

Resolution No. 146—2024-25 – Property, Airport, Recreation and Economic Development Committee. Approve to support granting a "Class B" permit to SSP America ATW, LLC, known as ATW Biergarten to allow for the sale of intoxicating liquor for consumption by the glass and not in the original package or container on the premises, and authorize and approve the County Board Chairperson and County

Clerk to sign the attached AT-105: Application for Airport/Public Facility Permit, as detailed on the attachments.

Supervisor Culbertson moved, seconded by Supervisor Kostelny, for adoption.

ROLL CALL: 28 yes, 1 no (Thiede), 7 absent. RESOLUTION NO. 146—2024-25 IS ADOPTED.

RECONSIDERATION OF RESOLUTION NO. 146—2024-25.

Supervisor Culbertson moved, seconded by Supervisor Kostelny, to reconsider the above listed resolution.

Vote for reconsideration. ROLL CALL: 28 yes, 1 no (Thiede), 7 absent. RESOLUTION NO. 146—2024-25 IS RECONSIDERED.

Vote for lock in. ROLL CALL: 28 yes, 1 no (Thiede), 7 absent. RESOLUTION NO. 146—2024-25 IS ADOPTED & LOCKED IN.

Resolution No. 147—2024-25 – Property, Airport, Recreation and Economic Development Committee. Approve to support granting a "Class B" permit to SSP America ATW, LLC, known as Fratellos Craft Kitchen & Bar to allow for the sale of intoxicating liquor for consumption by the glass and not in the original package or container on the premises, and authorize and approve the County Board Chairperson and County Clerk to sign the attached AT-105: Application for Airport/Public Facility Permit, as detailed on the attachments.

Supervisor Culbertson moved, seconded by Supervisor McCabe, for adoption.

ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. 147—2024-25 IS ADOPTED.

RECONSIDERATION OF RESOLUTION NO. 147—2024-25.

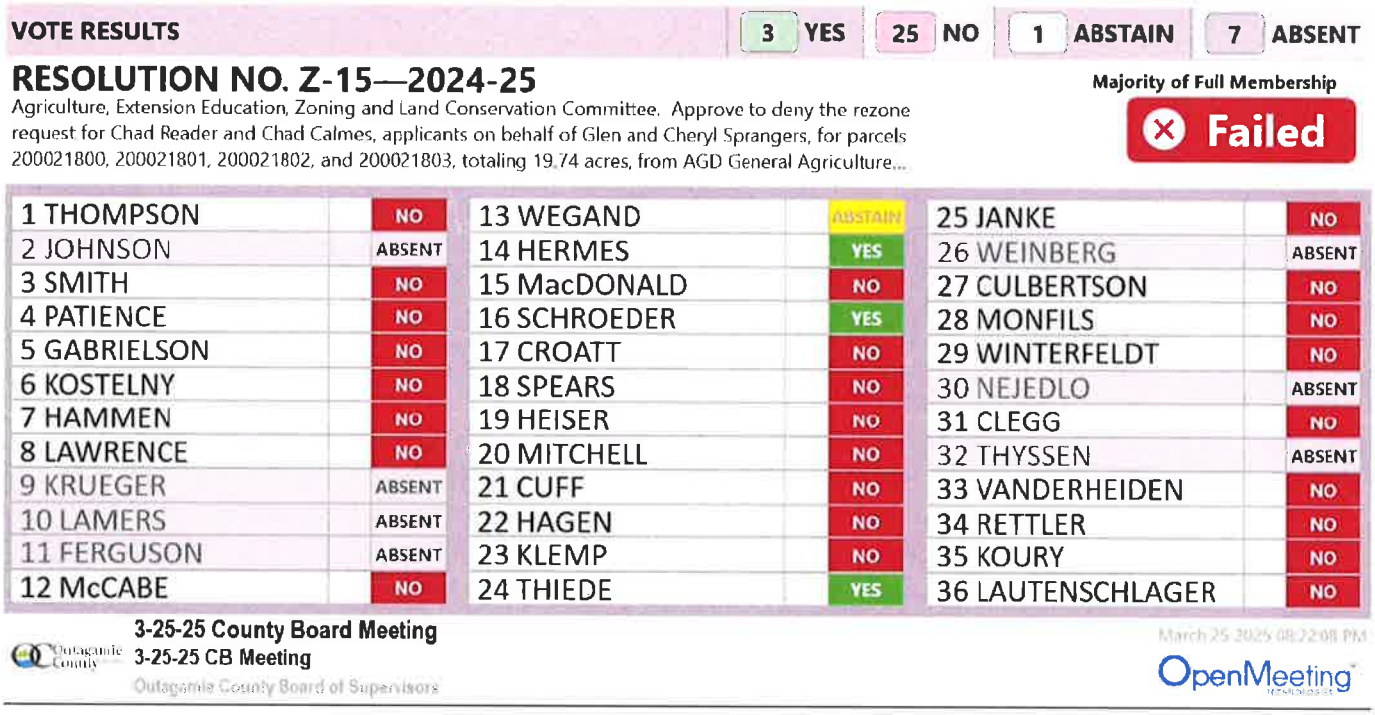
Supervisor Lawrence moved, seconded by Supervisor Patience, to reconsider the above listed resolution.

Vote for reconsideration. ROLL CALL: 28 yes, 1 no (Thiede), 7 absent. RESOLUTION NO. 147—2024-25 IS RECONSIDERED.

Vote for lock in. ROLL CALL: 29 yes, 7 absent. RESOLUTION NO. 147—2024-25 IS ADOPTED & LOCKED IN.

REPORTS – None.

ADJOURNMENT –
Supervisor Patience moved, seconded by Supervisor MacDonald to adjourn until April 15, 2025 at 4:00 p.m. VOICE VOTE CARRIED UNANIMOUSLY.



The meeting adjourned at 8:47 p.m.

Outagamie County — 3-25-25 County Board Meeting
3-25-25 CB Meeting
Outagamie County Board of Supervisors

March 25 2025 08:22:08 PM
OpenMeeting

RESOLUTION NO.: Z-15—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The subject matter of this resolution was referred to and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and a public hearing having been held after giving of requisite notice of said hearing, and a recommendation thereon reported to the Board of Supervisors, Outagamie County, Wisconsin, as required by Section 59.69 of the Wisconsin Statutes.

NOW THEREFORE, the following resolution is presented by the Agriculture, Extension Education, Zoning and Land Conservation Committee.

BE IT RESOLVED, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend denial of the following rezoning request, outlined in the attached committee recommendation report, as required by 59.69(5)(e)4 Wis. Stats., which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does deny the proposed rezoning request for Chad Reader and Chad Calmes, applicants on behalf of Glen and Cheryl Sprangers. The petition for rezoning is for parcel(s) 200021800, 200021801, 200021802, 200021803 totaling 19.74 acres, from AGD General Agriculture District to the IND Industrial District. The parcel(s) are identified as Lots 1-4, CSM 8363 in the Town of Vandenbroek, Outagamie County, WI, as depicted on the attached staff review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Clerk of the Town of Vandenbroek.

Dated this _____ day of March 2025

OUTAGAMIE COUNTY ZONING COMMITTEE
REZONING PETITION-- PL202500044
RECOMMENDATION REPORT

TO:	Outagamie County Board of Supervisors
FROM:	Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee ("Zoning Committee")

Petition Details:

Applicant:	Chad Reader and Chad Calmes, Applicants on behalf of Glen and Cheryl Sprangers
Request:	Rezoning - County From: AGD General Agriculture District To: IND Industrial District
Parcel(s):	200021800, 200021801, 200021802, 200021803
Location:	Lots 1-4, CSM 8363, North of Evergreen Drive TOWN OF VANDENBROEK
Public Hearing:	March 11, 2025- 9:00 AM

The Zoning Committee held a public hearing on March 11, 2025. The Town of Vandenbroek was notified of said hearing, and it was duly noticed in the Appleton Post Crescent, being published on February 25, & March 4, 2025.

At the public hearing, the Zoning Committee heard matters related to the case. Including the Outagamie County Development and Land Services Staff review; the Vandenbroek Town Board recommendation to approve; an overview of written comment from neighbors and stakeholders; and verbal comments from the petitioner, neighbors and stakeholders.

After hearing of the facts of the case and public input, and the review of application materials included in the meeting packet, the Zoning Committee evaluated and discussed the petition. After thorough consideration, the Zoning Committee determined that the proposed rezoning to Industrial (IND) would be incompatible with the existing residential uses in the area, and the intended future uses within the Community Mixed Use land designation as described the Outagamie County 2040 Comprehensive Plan.

Zoning Committee Outcome & Recommendation to the County Board: ***Recommend Denial***

- *Should the County Board wish to deny subject rezoning petition,* the Board would approve the resolution to deny said petition, of which this report is attached.

- *Should the County Board wish to entertain approval of subject rezoning petition,* the Board would refer this matter back to the Zoning Committee with directions to draft an Ordinance for future consideration by the Board, as prescribed in 59.69(5)(e)5 Wis. Stats (excerpt below, highlights added).

****

Wisconsin Statutes Reference:
59.69(5)(e)5 Upon receipt of the agency report the board may enact the ordinance as drafted by the zoning agency or with amendments, or it may deny the petition for amendment, or it may refuse to deny the petition as recommended by the agency in which case it shall rerefer the petition to the agency with directions to draft an ordinance to effectuate the petition and report the ordinance back to the board which may then enact or reject the ordinance.

MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Austin Dyb, Land Use Specialist and Kevin Englebert, Director
DATE: March 4, 2025
RE: PL202500044 - Rezoning - County Review & Recommendation

Application Details:

Applicant and Owner:	Chad Reader and Chad Calmes, Applicants on behalf of Glen and Cheryl Sprangers (Owners)
Request:	Rezoning - County
Parcels:	200021800, 200021801, 200021802, 200021803
Location:	North of Evergreen Drive, Town of Vandenbroek
Previous Action:	Rezoning application PL202400148 (Denied by County Board May 14, 2024) Comprehensive Plan Amendment (Approved January 14, 2025)
Public Hearing:	March 11, 2025 at 9:00 AM

Background & Analysis:

Chad Reader and Chad Calmes, applicants on behalf of Glen and Cheryl Sprangers, have petitioned for a County Rezone. The attached rezoning map depicts the request. The proposal would rezone parcels 200021800, 200021801, 200021802, and 200021803 (totaling 19.74 acres) from the General Agriculture District (AGD) to the Industrial District (IND) to accommodate the development of rental self-storage units and an individually owned storage condominium facility.

Table 1 shows the existing zoning districts and land uses surrounding the area.

Table 1. Land Use and Zoning District Patterns Surrounding Subject Site

Adjacent Area	Existing Zoning District	Existing Land Use
North	General Agriculture (AGD)	Agriculture
South	General Agriculture (AGD)	Residential
East	General Agriculture (AGD)	Residential & AG
West	General Agriculture (AGD)	Residential & AG

Sec 54-3 of the Outagamie County Code of Ordinances (OCCO) defines a storage establishment as, "a structure or structure(s), totaling 40,000 square feet or less, where goods and materials are stored for a fee". The General Agriculture District lists storage establishments as a Special Exception Use except

when located within 300 feet of a residential district, platted residential subdivision, or parcel with a residential use. The proposed development on this property is planned to be over 40,000 square feet, which the OCCO classifies differently as a warehouse use per Sec 54-3. Warehouses are not permitted in the General Agriculture District, but warehouses are permitted in the Industrial District.

Outagamie County administers general zoning for the Town of Vandenbroek and the County is statutorily obligated to find all rezoning actions consistent with the County Comprehensive Plan, pursuant to Wis. Stats. Sec. 66.1001(3). "Consistent with" means that the rezoning ordinance furthers or does not contradict the comprehensive plan's goals, objectives, and policies.

The property owner petitioned for a similar rezoning from AGD to IND in April 2024, which the County Board denied as inconsistent with the Comprehensive Plan. At the time, the Comprehensive Plan designated the future land use for this area as Suburban Transition. The Town of Vandenbroek recently applied for a Comprehensive Plan amendment for this area, which the Outagamie County Board approved on January 14, 2025. The amendment revised the future land use designation for this area from "Suburban Transition" to "Community Mixed Use".

The Comprehensive Plan describes the Community Mixed Use (CMU) designation as follows:

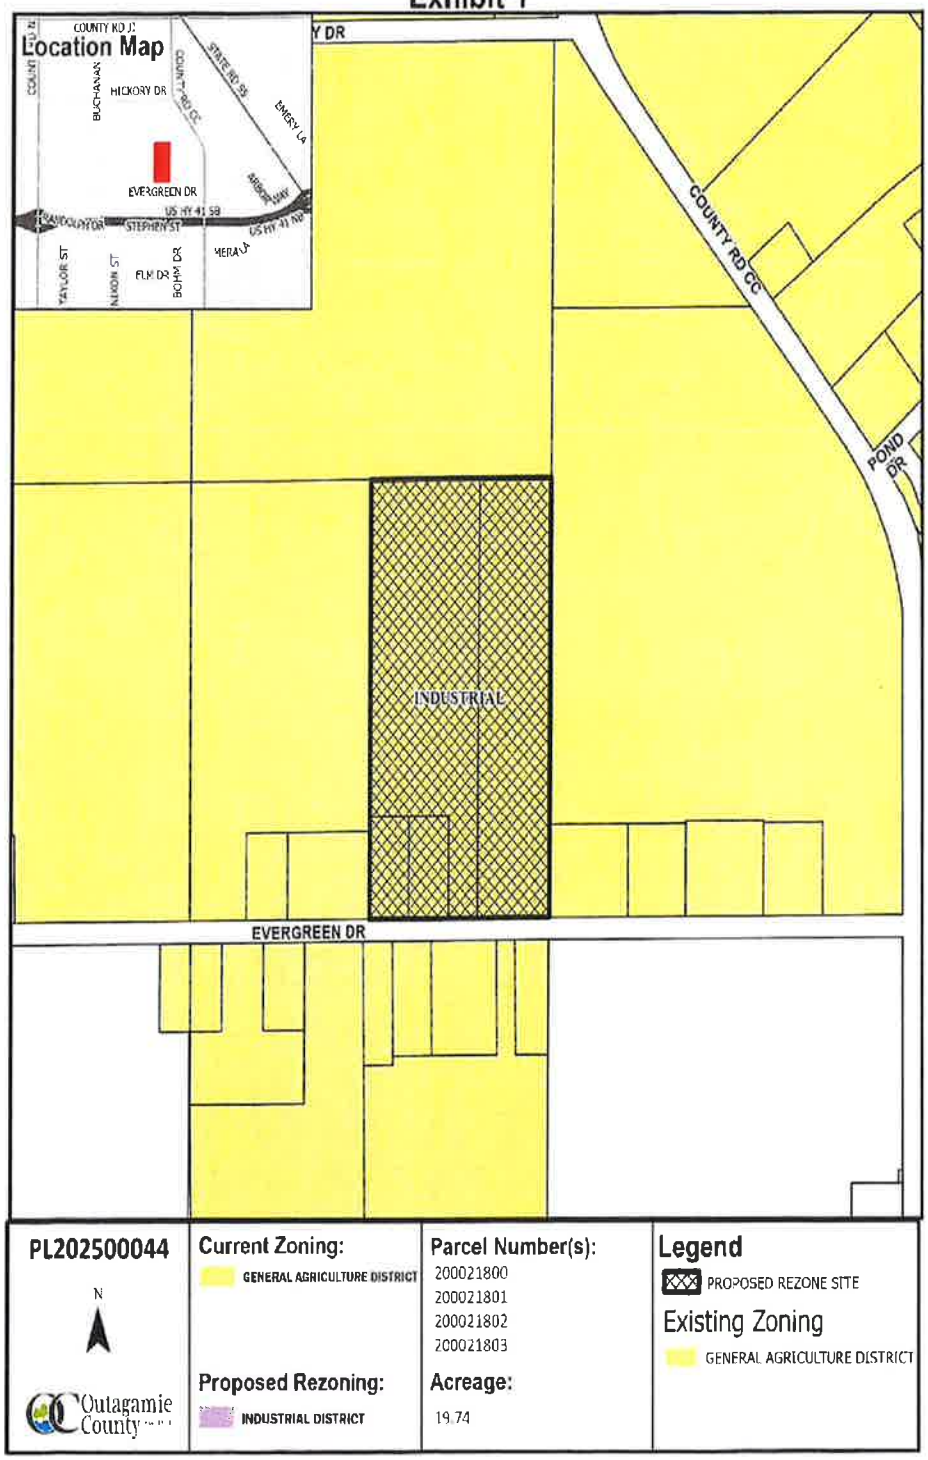
"Consists of an array of land uses including residential, commercial, light manufacturing, industrial, institutional, recreational, and governmental at lower densities than urban areas. Isolated remnants of agricultural/open land. New development served by sanitary sewer; isolated, existing development served by POWTS. Typical uses include senior housing (including condominium and townhouse); duplexes; multi-family apartment complexes; multi-generational housing; small scale commercial retail and office space; restaurants; and service establishments. Potential uses include automobile sales, service and repair; filling/charging stations and car washes; light manufacturing; wholesale and warehouse establishments."

The applicant does not require or intend to use sanitary sewer and public sewer does not currently serve the property. However, this area is located within the Sewer Service Area in the Fox Cities 2040 Sewer Service Area Plan and future development will likely extend sanitary sewer to the vicinity. Additionally, both the Village of Little Chute and City of Kaukauna identify this area for future residential development in their respective comprehensive plans although annexation of this area is unpredictable.

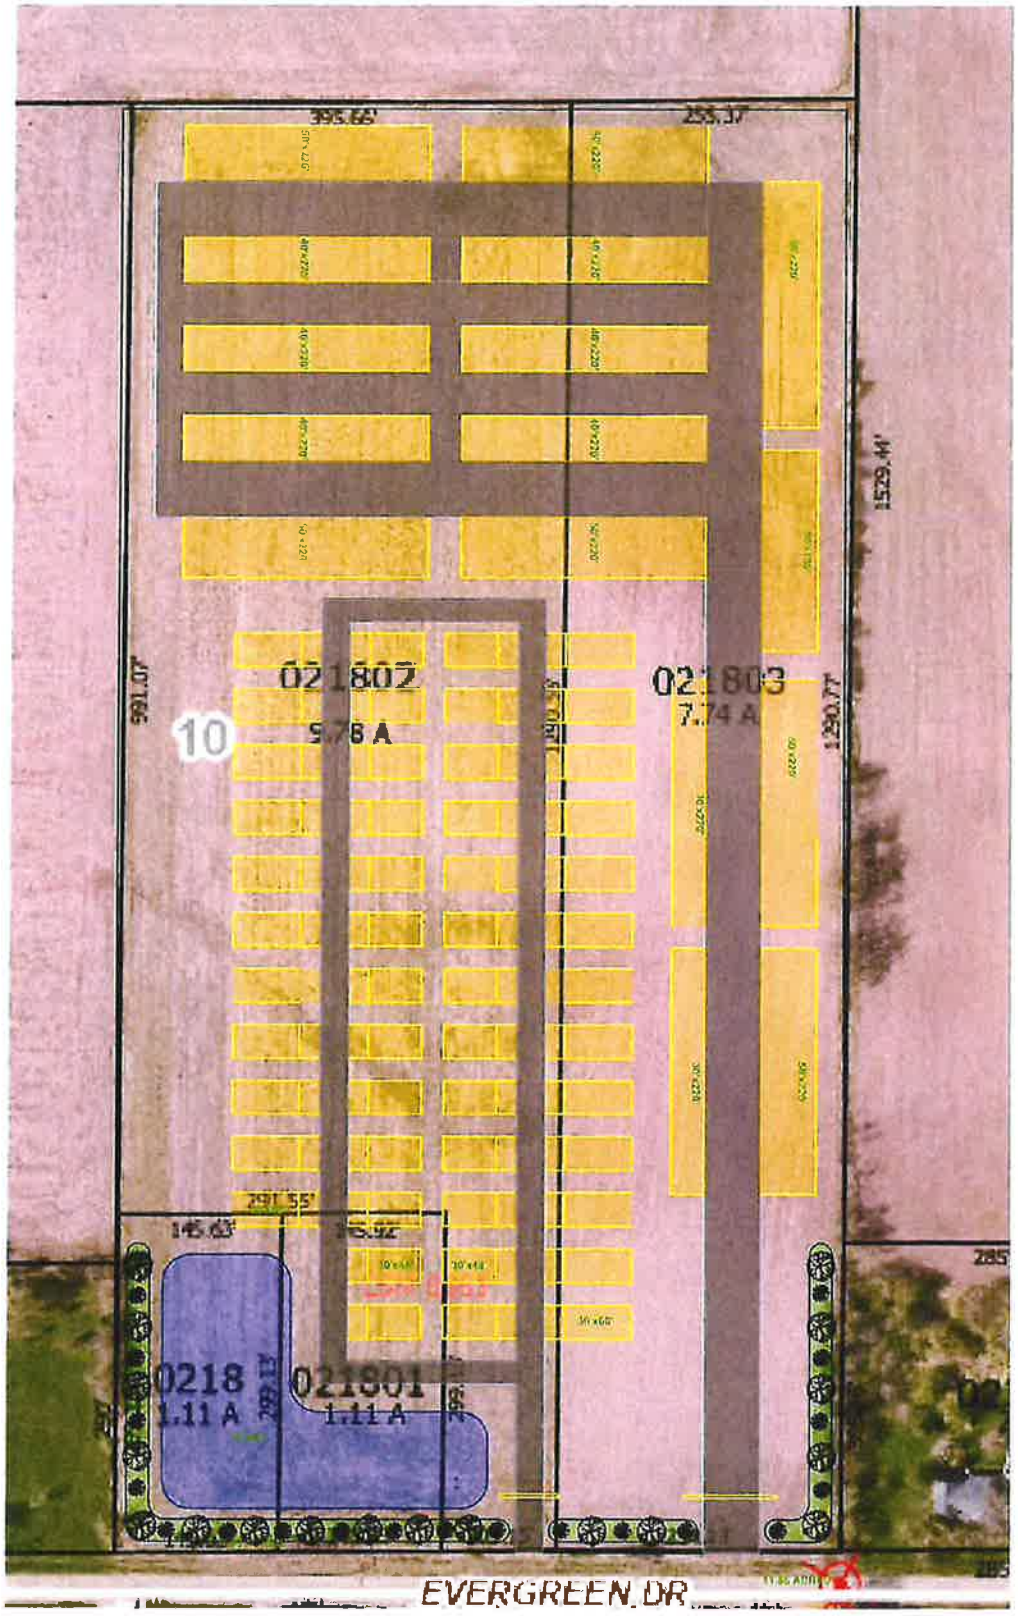
Staff notes that there are several residential properties in close proximity to the proposed rezone area. It is worth considering the location of this site with respect to both existing and potential future land uses. The intensity of uses that are permitted in the Industrial District may have a significant impact on adjacent property owners. While the applicant proposes warehousing, a rezoning to the Industrial District would allow the property owner to establish any permitted use in the Industrial District. As a result, development may conflict with existing neighboring residential uses. Alternatively, other properties may also develop commercial, institutional, or industrial uses in the future rendering this a more compatible land use in time.

Industrial development of this property would increase tax base for the county and depending on the type of industrial development, potentially increase employment. Self-storage, although not a high-value land use, is a routinely proposed land use demonstrating the need for storage in the community. The site is located near county highway CC and Interstate 41 and relatively close to other industrial land uses although those uses are not immediately adjacent to the property.

Goal 3 of the County's Comprehensive Plan is cooperative, intergovernmental land-use decisions. County staff worked with Town of Vandenbroek officials to discuss the potential implications of a rezone to industrial at this site as well as the proposed use. Subsequently, the Town of Vandenbroek recommended approval of this request at their January 8, 2025 Town Board meeting, and noted that "The proposed storage uses fall within the acceptable uses of the revised comprehensive plan. This will also build tax base on a currently unused, unfarmed 20 acres."



Goal 6 of the County's Comprehensive Plan is wise land development and conservation practices. The proposed development or any future development on this site will be subject to all applicable County regulations including Stormwater, Erosion Control, and POWTS. County staff must consider all surrounding land uses when permitting development on this site, in accordance with the Outagamie County Code of Ordinances. Given the nature of the proposed development, this site may have considerable stormwater implications for the adjacent Vandenbroek legal drain, and the existing properties that tie into it.



County staff acknowledges the potential benefits that the rezone to industrial and subsequent proposed use may have on the community. However, staff encourages the Zoning Committee to be mindful of the short and long-term implications of an industrially zoned property in this area.

Staff Recommendation:

Based on our review of the proposed County Rezoning, staff recommends that the Zoning Committee weigh what it is in the community's best interest by determining whether the rezoning is consistent with the County Comprehensive Plan and making a recommendation that thoroughly considers all factors of this proposal.

County Planning Application

Parcels: 200021800, 200021801, 200021802, & 200021803

This is a request to rezone aprox. 19.74 Acres of currently zoned General Agriculture to Industrial for the purpose of developing rental self-storage units and individually owned storage condominium facility.

We have modified our preliminary plan in response to community feedback received at the Town of VandenBroek zoning recommendation meeting, including, but not limited to;

- Flipping the entire layout to accommodate;
  - Moving the "main entrance" to the East, so it aligns with undeveloped land currently utilized as an access road, and avoids the concern of "headlights shining into adjacent residences" by vehicles entering/exiting the facility after dark.
  - Moved the retention pond to the West side of the property – which is the natural low point on that site.
- Extending berms to past North boundary of the East and West residential properties for added privacy.

Additional information on our site includes but is not limited to;

- Most of the Development ownership team is local to the area, and, one of the owners is immediate in-law family of current property owner. We know the neighbors of this property and are committed to operating a very high class facility.
- This facility will be modeled after, and operated the same as Hobart Storage and Hobart Storage Condos, a property located in the Village of Hobart, Brown County, operated since 2018 and is a wildly successful self-storage and owner-occupied storage condo facility.
- Security features of this site include;
  - 24/7 HD security camera recording on site, including all enter/exit events.
  - Fence/Gate at all entrances.
    - Access will be limited to daytime operating hours only, with key-in access by tenants only at night on self-storage side.
    - Key-in access only 24/7 on storage condo side.
  - Outdoor storage is prohibited, as is the storage of any hazardous materials.
- Site Features include;
  - Asphalt Driveways
  - Fully landscaped property
  - No lit signage
  - Dark Sky compliant lighting
    - Light photometrics will show no impact to neighboring properties.
  - 300ft setbacks from any residential structures minimum.
  - Stormwater design and containment by Civil Engineering firm in accordance with all State & local guidelines.
  - All Buildings will meet or exceed State building codes.

This development is expected to add over $10,000,000 of added property value to the property tax base within 5 years. It will serve the immediate neighborhood, with expected draw in a 5-mile radius of the facility. Self-storage is a low traffic generator, and creates less traffic than a typical retail, office, or even residential subdivision by comparison. 38% of the general population utilizes self storage, and the demand for additional storage space is strong.

The Storage Condos will be managed by an association. Individual owners take price in their properties and our experience lends to the idea the rental operation runs smoother with on-site owners in a storage condo setting.

Thank you for consideration of our Zoning change request.

NOTICE OF PUBLIC HEARING

TOWN OF VANDENBROEK
OUTAGAMIE COUNTY

TO WHOM IT MAY CONCERN

Notice is hereby given that the Outagamie County Zoning Committee will hold a public hearing on March 11, 2025 at the Outagamie County Government Center, County Board Room, 320 S. Walnut St., Appleton, WI 54911 at 09:00 AM to consider the petition of Chad Reader and Chad Calmes, applicants on behalf of Glen & Cheryl Sprangers, owners, for a Rezoning - County with the following associated details and scope of work:
Request for a rezone of parcels 200021800, 200021801, 200021802 and 200021803 in the Town of Vandenbroek, from the General Agriculture zoning district (AGD) to the Industrial zoning district (IND) to accommodate the development of rental self-storage units and an individually owned storage condominium facility.

The project site is located: Tax Parcel No.: 200021800, further described as, LOT 1 CSM 8363. Tax Parcel No.: 200021801, further described as, LOT 2 CSM 8363. Tax Parcel No.: 200021802, further described as, LOT 3 CSM 8363. Tax Parcel No.: 200021803, further described as, LOT 4 CSM 8363. TOWN OF VANDENBROEK, Outagamie County, Wisconsin.

For particulars, reference is made to documents located at **https://cityview.outagamie.org/** by referencing the below File Number under Planning Application search.

Any interested person may address the Zoning Committee by mailing a letter to Outagamie County DLS, 320 S. Walnut Street, Appleton, WI 54911, emailing **zoningemail@outagamie.org**, or attending on the date and time listed above.

NOTICE OF PUBLIC HEARING

TOWN OF VANDENBROEK
OUTAGAMIE COUNTY
TO WHOM IT MAY CONCERN

Notice is hereby given that the Outagamie County Zoning Committee will hold a public hearing on March 11, 2025 at the Outagamie County Government Center, County Board Room, 320 S. Walnut St., Appleton, WI 54911 at 09:00 AM to consider the petition of Chad Reader and Chad Calmes, applicants on behalf of Glen & Cheryl Sprangers, owners, for a Rezoning - County with the following associated details and scope of work:

Request for a rezone of parcels 200021800, 200021801, 200021802 and 200021803 in the Town of Vandenbroek, from the General Agriculture zoning district (AGD) to the Industrial zoning district (IND) to accommodate the development of rental self-storage units and an individually owned storage condominium facility.

The project site is located: Tax Parcel No.: 200021800, further described as, LOT 1 CSM 8363. Tax Parcel No.: 200021801, further described as, LOT 2 CSM 8363. Tax Parcel No.: 200021802, further described as, LOT 3 CSM 8363. Tax Parcel No.: 200021803, further described as, LOT 4 CSM 8363, TOWN OF VANDENBROEK, Outagamie County, Wisconsin.

For particulars, reference is made to documents located at https://cityview.outagamie.org/ by referencing the below File Number under Planning Application search.

Any interested person may address the Zoning Committee by mailing a letter to Outagamie County DLS, 320 S. Walnut Street, Appleton, WI 54911, emailing zoningemail@outagamie.org, or attending on the date and time listed above.

RE: Application Number: PL202500044

Dear Sir or Madam,

I am writing in order to express my strong disagreement with the proposal to rezone the parcels outlined in Application Number: PL202500044 from General Agricultural zoning district (AGD) to the Industrial zoning district (IND) with the ultimate intent to facilitate the construction of a storage facility. This proposal directly affects my property at W2088 Evergreen Drive. My family has owned and occupied this property for more than 50 years and are extremely concerned about what affect this type of zoning change will have on our continued occupation of this property as well as the resale value of our holding in the future.

I am also quite concerned about the shifting of this parcel away from agricultural land since these parcels and the ones surrounding have been actively in agricultural use for decades. A rezoning like this will have an indelible impact on not only the houses directly affected, but also on the ecosystem of the area which has long been adapted to agricultural activity. Along this same line, the proposed construction of a storage facility will vastly increase the traffic on Evergreen Drive as well as significantly increase the light pollution around my property.

Finally, I am also very concerned about what effects this type of rezoning and property development will have on the maintenance of ground water as well as storm water on and around my property. Previous building projects have had significant impact on properties along Evergreen Drive both in terms of the physical management of water run off as well as the increase in tax assessments directly resulting from building and managing this type of facility.

In light of these potential issues, I am copying the Department of Natural Resources in order to better understand the ecological impact of this decision on and around my property

I hope that you will carefully consider all of the potential downsides of this application

Joseph F. Verkuilen

RESOLUTION NO.: Z-16—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

The Town of Black Creek has adopted a comprehensive Zoning Ordinance separate from that of Outagamie County. Section 60.62 (3) of the Wisconsin State Statutes require that all zoning amendments made by the Town of Black Creek be approved by Outagamie County before they are effective. The Outagamie County Planning Staff and Zoning Committee both recommend approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of the proposed rezoning request for Karen and Eugene Atkinson. The proposed rezoning is for parcels 010042300 and 010042400, from the AED Exclusive Agriculture District to the AGD General Agriculture District. The parcel is located on the corner of Blackfriar Road and State Road, in the Town of Black Creek, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a certified copy of this resolution to the Outagamie County Zoning Administrator and the Clerk of the Town of Black Creek

Dated this 25th day of March, 2025

MEMORANDUM

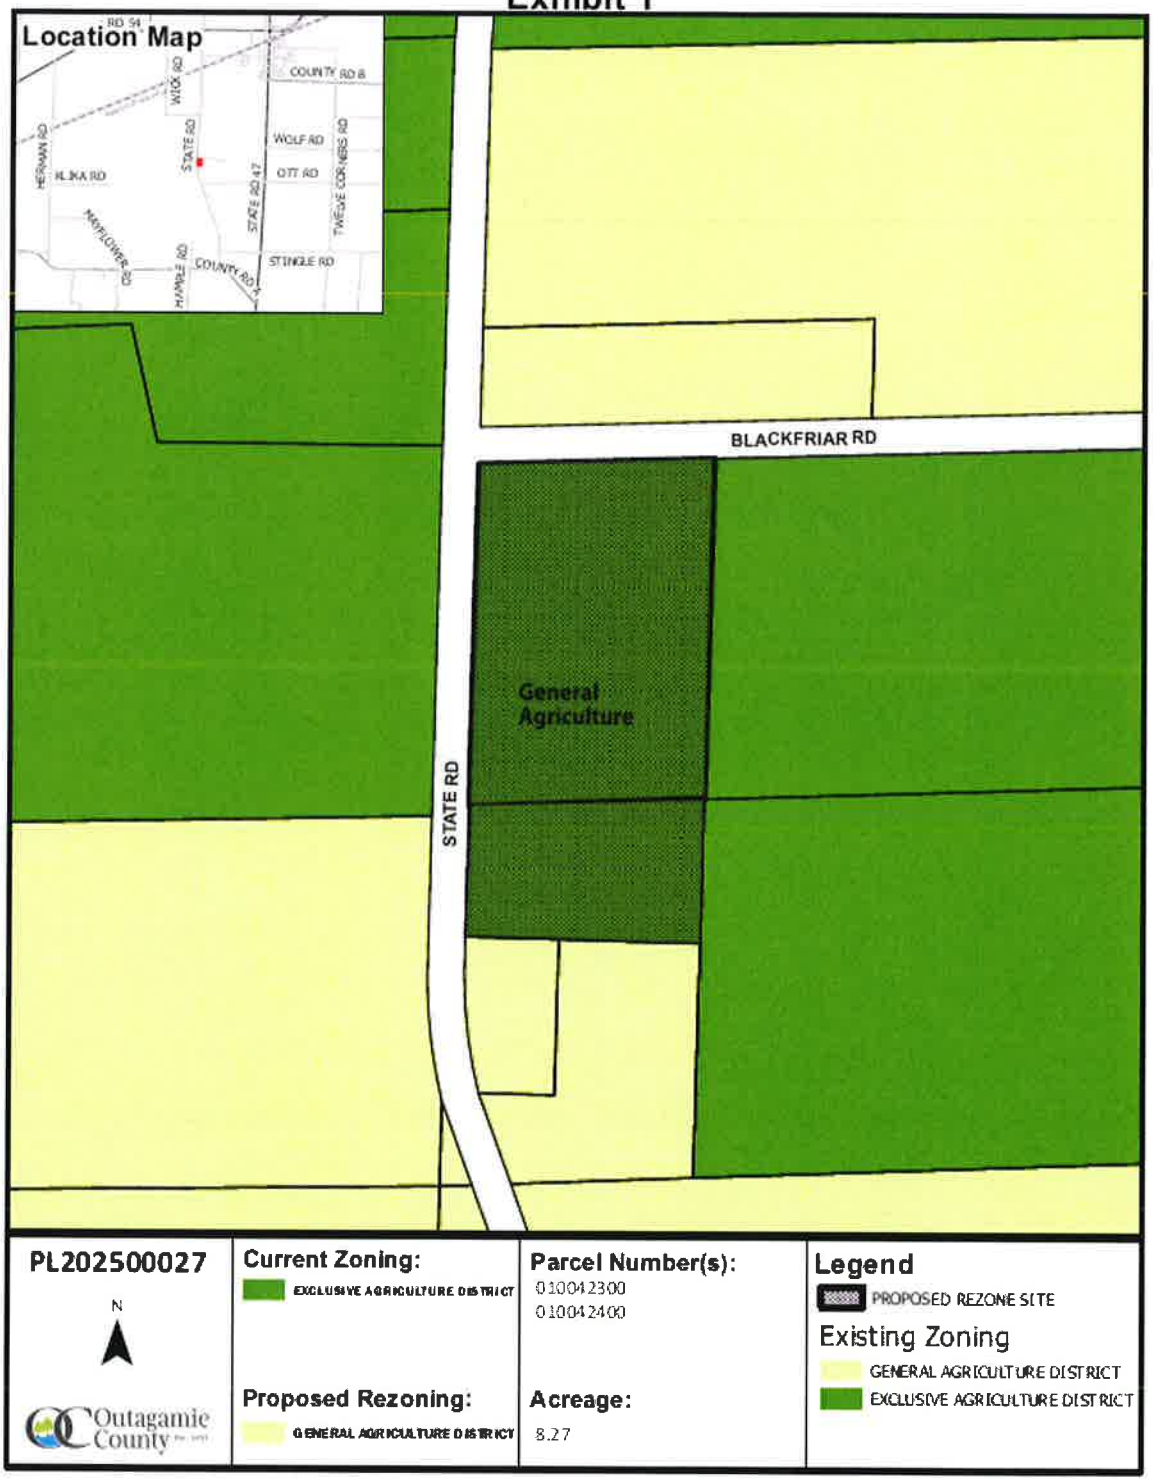
TO: Outagamie County Zoning Committee
FROM: Austin Dyb, Land Use Specialist
DATE: February 24, 2025
RE: PL202500027 - Rezoning – Town, Review & Recommendation

Application Details:

Applicant:	Town of Black Creek, on behalf of Karen and Eugene Atkinson (Owners)
Request:	Rezoning - Town
Parcel(s):	010042300, 010042400
Location:	LOT 1 & 2 CSM 8750, on the corner of Blackfriar Rd and State Rd
Public Hearing:	August 24th, 2024, Held by Town of Black Creek

Background & Analysis:

Outagamie County received a Town Rezoning request from the Town of Black Creek, as depicted on the attached Rezoning Map. The proposal would rezone parcels 010042300 & 010042400 (8.27 acres) from the AED Exclusive Agriculture District to the AGD General Agriculture District.



The Town of Black Creek has adopted General Town Zoning. The Town of Black Creek is required to find this rezoning consistent with its Comprehensive Plan. They identified the rezoning to be consistent with their Comprehensive Plan and recommended approval at their September 9th, 2024 Town Board Meeting.

Outagamie County typically finds rezones from AED to AGD to be consistent with its Comprehensive plan. Therefore, Outagamie County concurs that the rezone is consistent, as the County Comprehensive Plan Future Land Use Map identifies this area as Agriculture and Open Space.

Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to **Approve the rezoning of parcels 010042300 and 010042400** from the AED Exclusive Agriculture District to the AGD General Agriculture District.

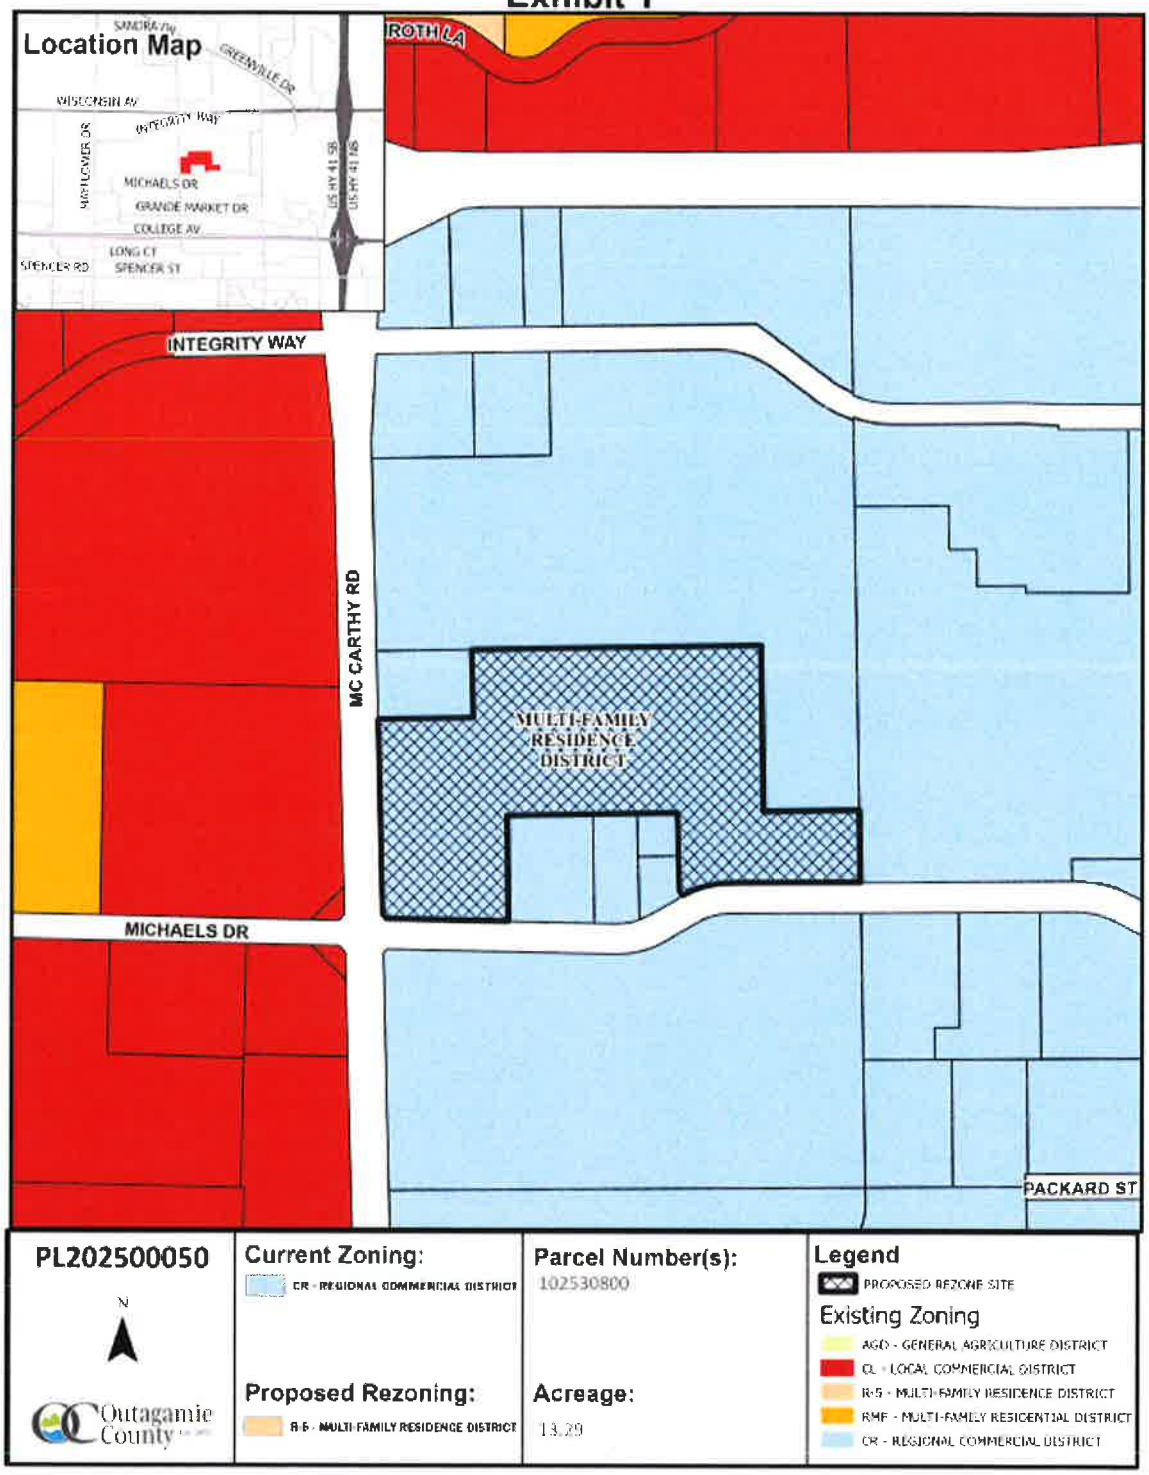
MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Austin Dyb, Land Use Specialist
DATE: February 24, 2025
RE: PL202500050 - Rezoning – Town, Review & Recommendation

Application Details:

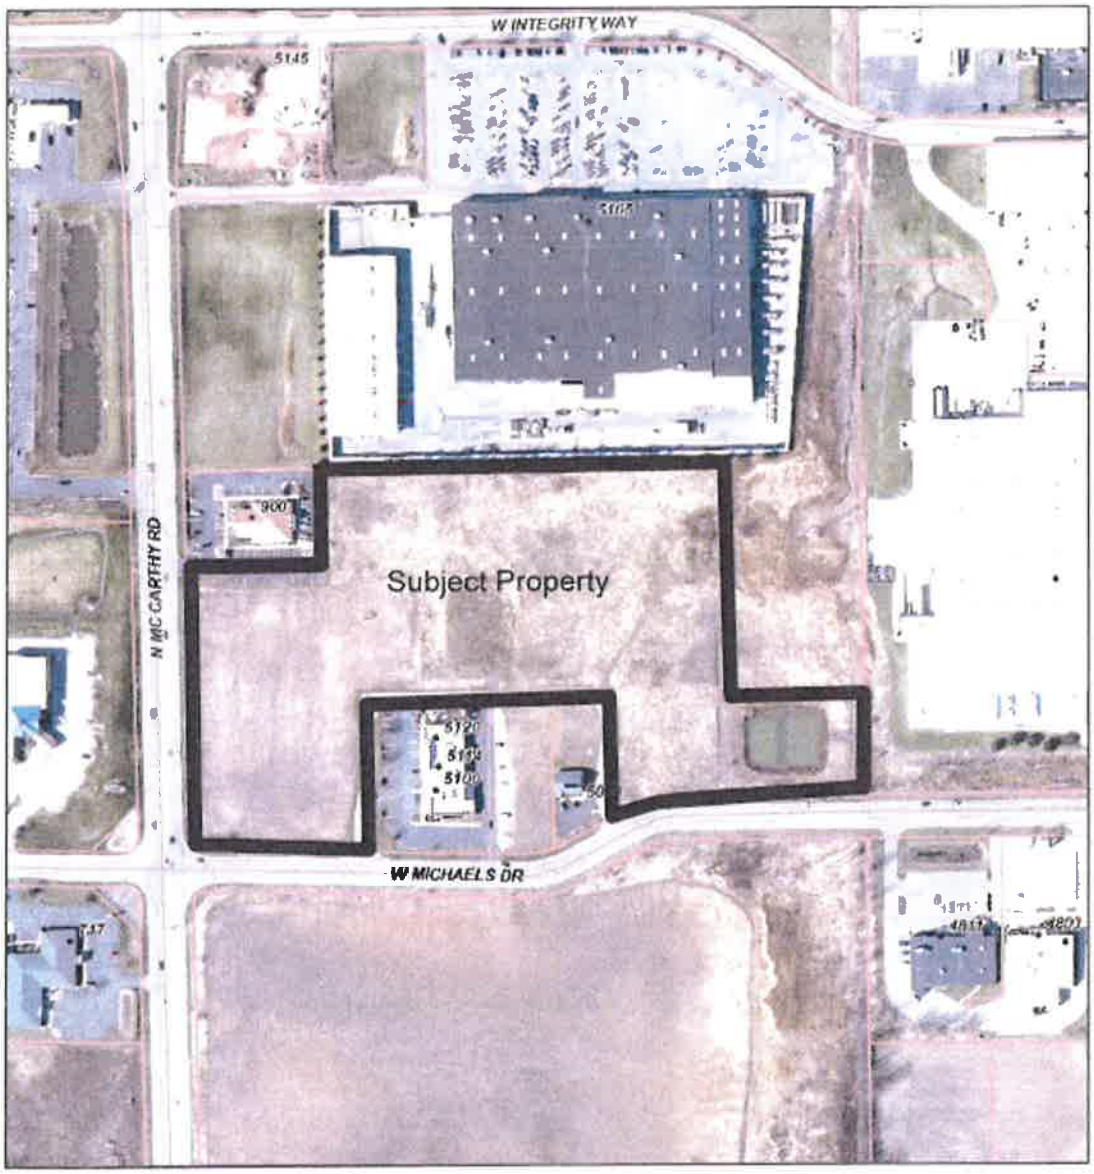
Applicant:	The Town of Grand Chute, Applicant on behalf of MCMI LLC (Owner)
Request:	Rezoning - Town
Parcel(s):	102530800
Location:	Corner of McCarthy Rd and Michaels Dr TOWN OF GRAND CHUTE
Public Hearing:	January 21st, 2025 – Held by Town of Grand Chute

Background & Analysis:



Outagamie County received a Town Rezoning request from the Town of Grand Chute, as depicted on the attached rezoning map (Exhibit A). The proposal would rezone the subject parcel (13.29 acres) from the CR Regional Commercial District to the R-5 Multifamily Residence District. The proposal is to accommodate a new multi-family housing development on the parcel.

The Town of Grand Chute exercises village powers and has adopted General Town Zoning. The Town of Grand Chute is required to find this rezoning consistent with its Comprehensive Plan. They have identified the rezoning to be consistent with its Comprehensive Plan and the Town Board voted to approve the rezoning request on February 4th 2024.



Staff Recommendation:

Based on County staff's review of this proposed Town Rezoning, Staff recommends to approve the rezoning of parcel 102530800 from the CR Regional Commercial District to the R-5 Multifamily Residence District

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

An Ordinance to amend the Outagamie County Zoning Ordinance. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of Carow Land Surveying, applicant on behalf of Paul and Marilyn Tank Rev Trust, owner, to rezone a portion of tax parcel 060052800 from the Two Family Residential District to the General Agriculture District. The location of the site is south of STH 96 on CTH M, Town of Dale, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Dale upon approval by the Outagamie County Board of Supervisors and publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Dale Clerk, the Outagamie County Zoning Administrator and the Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

MEMORANDUM

TO: Outagamie County Zoning Committee
FROM: Austin Dyb
DATE: February 27, 2025
RE: PL202500059 - Rezoning - County Review & Recommendation

Application Details:

Applicant:	Carow Land Surveying on behalf of Paul & Marilyn Tank Rev Trust
Request:	Rezoning - County
Parcel(s):	A portion of parcel 060052800 (~2.12 Acres)
Location:	South of STH 96, on CTH M TOWN OF DALE
Public Hearing:	March 11, 2025 - 09:00 AM

Background & Analysis:

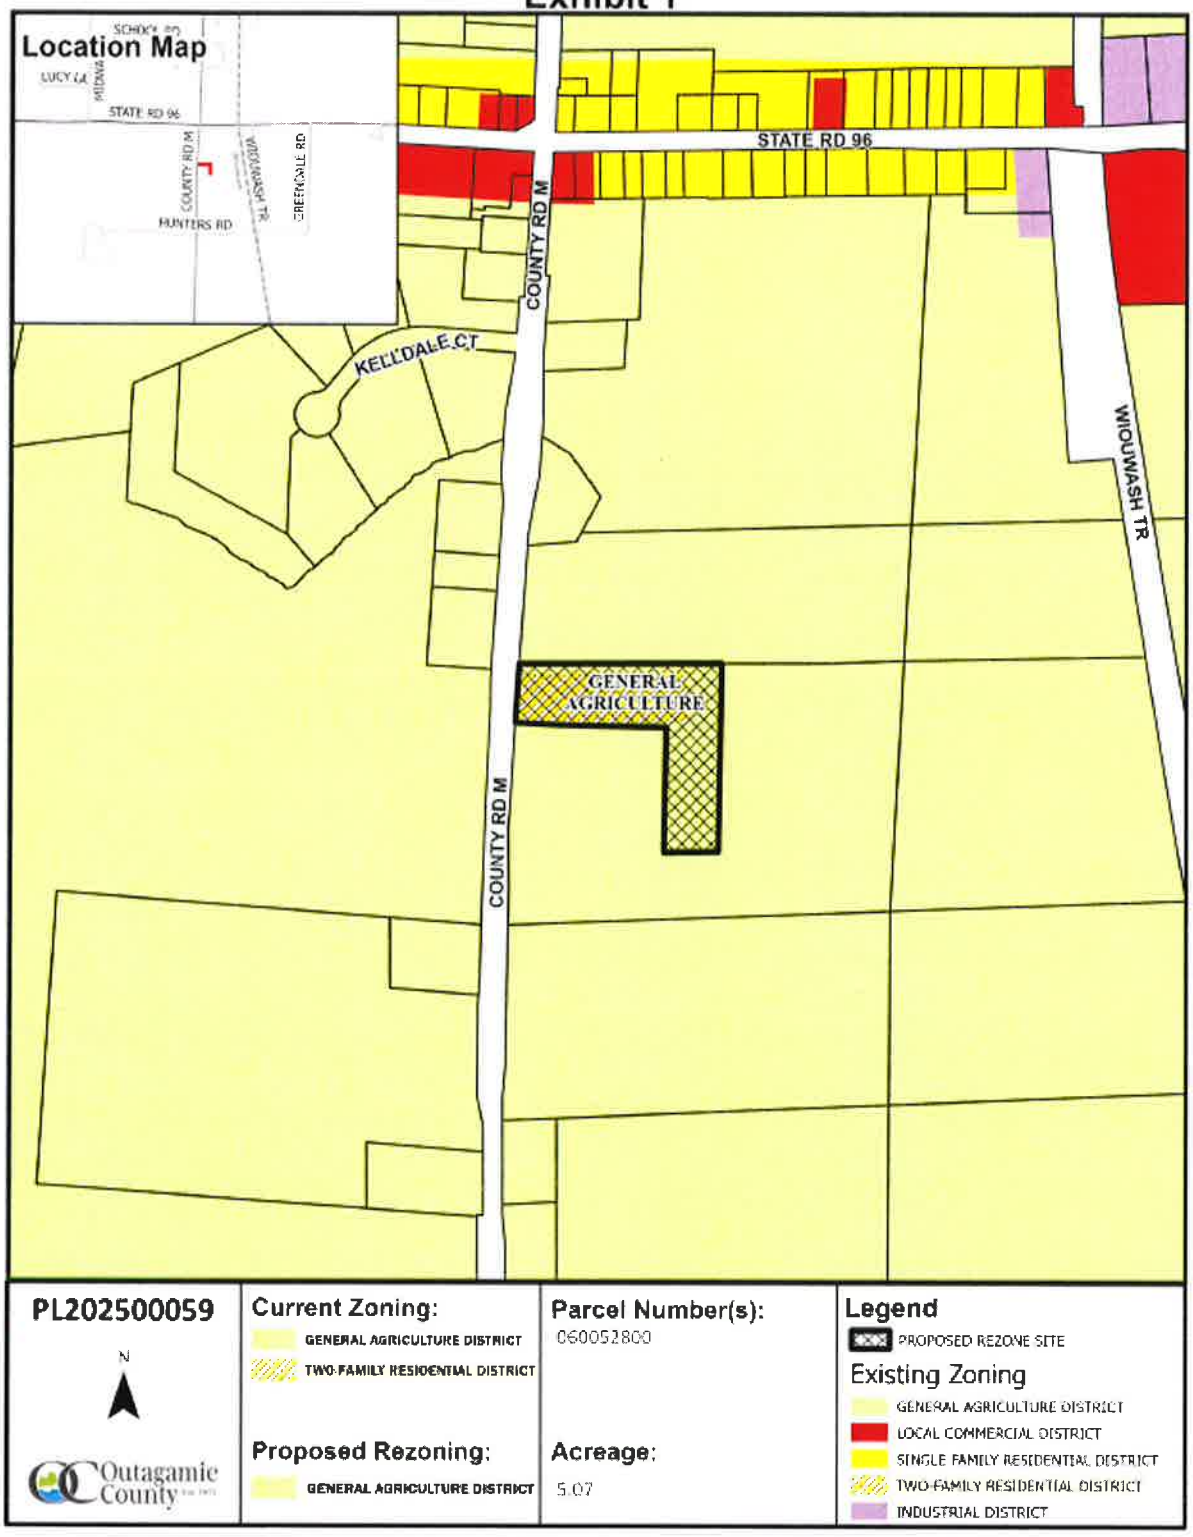
The applicants are seeking a County rezone for a portion of parcel 060052800. The proposal is to rezone ~2.12 Acres from the Two Family Residential District to the General Agriculture District per the attached Rezone map. The subject property currently has two residences and several agricultural buildings. The parcel is currently split zoned. A Certified Survey Map that will split the property and place the existing residences on individual lots has been tentatively approved and is awaiting signatures.

Table 1 presents the existing land use and zoning district patterns surrounding the subject area. The proposed rezone is compatible with the surrounding uses of rural residential and agriculture.

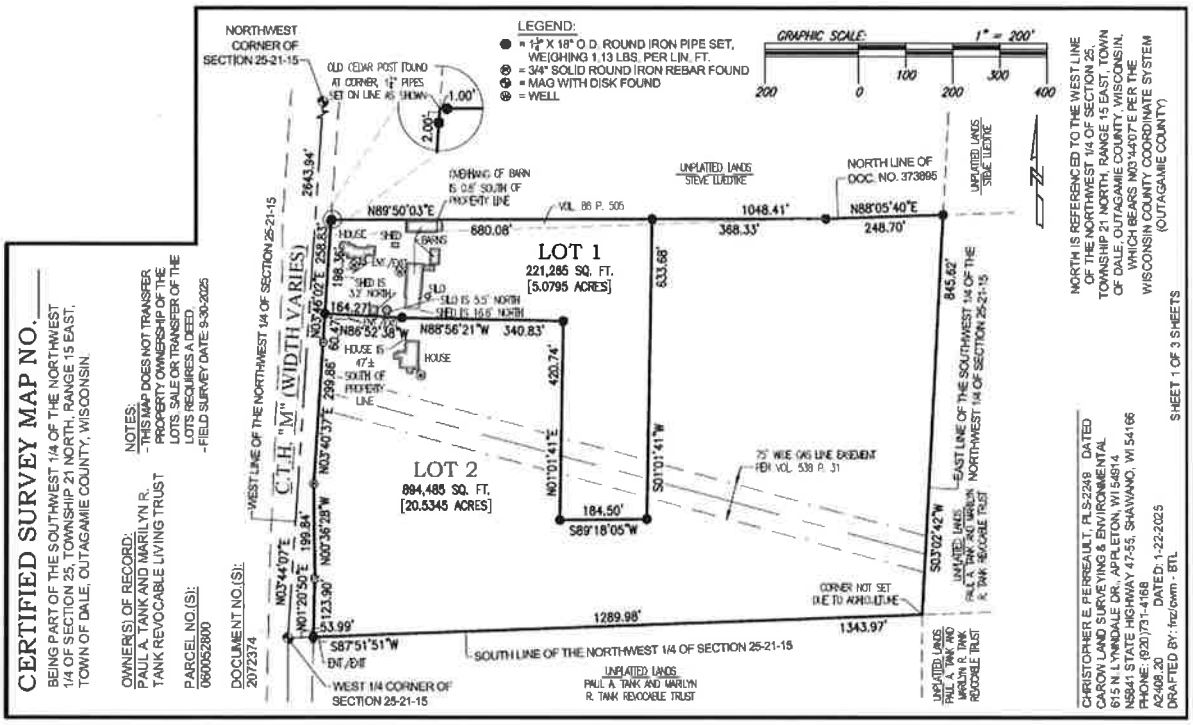
Table 1. Surrounding Land Use and Zoning District Patterns, Relative to Subject Site

Area Adjacent to Subject Site	Existing Zoning District	Existing Land Use
North	General Agriculture	Agriculture
South	General Agriculture	Agriculture, Residential
East	General Agriculture	Agriculture
West	General Agriculture	Agriculture, Residential

The subject area does not contain any environmental hazards, and is not anticipated to be developed at this time.



The Town of Dale reviewed this proposal at their February 3rd, 2025 Plan Commission Meeting, and the Town Board recommended approval for this request on March 3rd, 2025.



Outagamie County administers general zoning for the Town of Dale, and the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3) Wis. Stats. County staff has identified the proposed rezone to be consistent with the County Comprehensive Plan as the Plan designates this subject area as "Rural Character." This designation allows a range of uses, including residential development and Agriculture.

Staff Recommendation:

Based on our review and the above analysis of this proposed Rezoning - County, Staff recommends: **Approval of the proposed rezoning of a portion of parcel 060052800** from the Two Family Residential District to the General Agriculture District

ORDINANCE NO.: Z-13—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

An Ordinance to amend the Outagamie County Zoning Ordinance. The subject matter of the ordinance having been duly referred and considered by the Outagamie County Agriculture, Extension Education, Zoning and Land Conservation Committee and public hearing having been held after giving requisite notice of said hearing, and a recommendation as required by Section 59.69 of the Wisconsin State Statutes.

Outagamie County Planning Staff Rezoning Review recommends approval. Agriculture, Extension Education, Zoning and Land Conservation Committee recommends approval.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following ordinance.

BE IT ORDAINED, that the Outagamie County Board of Supervisors does recommend adoption of the petition of Mach IV Engineering & Surveying, LLC, applicant on behalf of Keller Structures, Inc., owner, to rezone parcel 030065901 from the Shoreland-Wetland District (SWD) to the General Shoreland District (GSD). The location of the site is approximately 1,500 feet north of the intersection of State Highway 55 and County Highway KK, Town of Buchanan, Outagamie County, WI, as depicted on the attached review and map, which by reference are made a part hereof, and

BE IT FURTHER ORDAINED, that this ordinance shall be in full force and effect in the Town of Buchanan upon approval by the Outagamie County Board of Supervisors and publication per State Statute 59.14 and 66.0103, and

BE IT FINALLY ORDAINED, that the Outagamie County Clerk be directed to forward a certified copy of this ordinance to the Town of Buchanan Clerk, the Outagamie County Zoning Administrator and the Municipal Code Corporation for inclusion in the Outagamie County Code of Ordinances.

Dated this 25th day of March, 2025.

Respectfully Submitted,

MEMORANDUM

TO: Outagamie County Agriculture, Extension Education, Zoning & Land Conservation Committee
FROM: Isaac Ulitenbroek, Zoning Administrator
DATE: February 26, 2025
RE: **PL202500058; Shoreland Rezoning Request**

APPLICATION DETAILS:

Applicant(s):	*Mach IV Engineering & Surveying, LLC*
Owner(s):	*Keller Structures, Inc.*
Request:	*Shoreland Rezoning from Shoreland-Wetland District to General Shoreland District*
Location:	*Town of Buchanan; Tax Parcel(s): 030065901 (Subject Property)*
Previous Action:	*N/A*
Public Hearing:	*March 11, 2025 (Public Notice Per Post Crescent)*

STAFF NOTE:

County staff, following a recommendation from the Wisconsin Department of Natural Resources (WDNR), have recently implemented a shoreland rezoning application process. Each application will be reviewed by the Zoning Committee, which will then provide a recommendation to the County Board for final consideration.

Shoreland rezoning applications are typically required for projects that involve wetland impacts, such as wetland fill, within the Shoreland Zoning Overlay District. Wetlands within this overlay are regulated under the Shoreland-Wetland Zoning District (SWD), which establishes a defined list of allowable uses. Any use not explicitly listed is considered prohibited.

If a property owner proposes wetland impacts for a use not permitted within the SWD, they must first obtain all necessary approvals and permits from the Wisconsin Department of Natural Resources (WDNR) and the U.S. Army Corps of Engineers (USACE). These approvals ensure that the proposed impacts will comply with state and federal environmental regulations before any rezoning action is considered. Only after securing all required approvals can the property owner apply for a shoreland rezoning through the County.

If the shoreland rezoning application is approved, the impacted wetland areas will be rezoned from the SWD to the General Shoreland District (GSD). The GSD generally permits uses allowed under the property's underlying general zoning district. As a result, the previously prohibited use may become permissible, allowing the project to proceed as permitted.

BACKGROUND & ANALYSIS:

Mach IV Engineering & Surveying, LLC, is requesting approval of a shoreland rezoning application to rezone a portion of the Subject Property (9,932 sq.ft.) from the Shoreland-Wetland District (SWD) to the General Shoreland District (GSD), in accordance with Sections 44-54 and 44-55 of the Outagamie County Code of Ordinances (OCCO) and NR115.04(2) of the Wisconsin Statutes. If approved, this rezoning would allow for the expansion of an existing equipment yard, along with associated filling and grading activities, within the GSD (Exhibit A).

According to Section 44-54 of the OCCO, any use not explicitly permitted within the SWD under Section 44-53 is considered prohibited unless the wetland, or a portion thereof, is rezoned in compliance with Section 44-55. Since the proposed use is not listed as a permitted use within the SWD, rezoning from SWD to GSD is required for the project to proceed.

Section 44-55 of the OCCO provides the following requirements when considering an application for SWD rezonings. It specifically states:

> *A wetland, or a portion thereof, in the shoreland-wetland district shall not be rezoned if the proposed rezoning may result in a significant adverse impact upon any of the following:*
>
> *(1) Storm and floodwater storage capacity;*
> *(2) Maintenance of dry season stream flow, the discharge of groundwater to a wetland, the recharge of groundwater from a wetland to another area, or the flow of groundwater through a wetland;*
> *(3) Filtering or storage of sediments, nutrients, heavy metals or organic compounds that would otherwise drain into navigable waters;*
> *(4) Shoreline protection against soil erosion;*
> *(5) Fish spawning, breeding, nursery or feeding grounds;*
> *(6) Wildlife habitat; or*
> *(7) Wetlands both within the boundary of designated areas of special natural resource interest and those wetlands which are in proximity to or have a direct hydrologic connection to such designated areas as defined in NR 103.04, Wis. Adm. Code.*

When evaluating the above criteria, staff defer to the expertise of the WDNR and USACE. On January 11, 2025, the WDNR reviewed and approved a General Permit for wetland fill associated with the proposed project (EXHIBIT B). Within the permit, the WDNR determined the project will not adversely affect water quality, will not increase water pollution in surface waters, and will not cause environmental pollutions. Similarly, on January 30, 2025, the USACE approved and issued a Nationwide Permit (NWP) for the project (EXHIBIT C) which included general permit conditions prohibiting adverse impacts to the above items, among others. The issuance of these permits confirms that both environmental agencies have determined the project will not result in significant adverse environmental impacts.

Staff notes there is a wetland impact area discrepancy between the WDNR and USACE permit applications. Subsequent to submittal of the USACE permit application, which initially included a larger area of wetland impact (9,997 sq.ft.), revisions were made to the proposed pond design resulting in an overall reduction of 65 sq.ft. Total wetland impact and area of this rezoning request will include 9,932 sq.ft.

As shoreland zoning is administered by the County, the County is statutorily obligated to document consistency with the County Comprehensive Plan, pursuant to Sec. 66.1001(3) Wis. Stats. The County Comprehensive Plan designates shoreland-wetland areas as "Natural Areas" and restricts development unless approved and permitted by the WDNR, USACE and the County. As permits and approvals have been issued, staff finds this rezoning request to be consistent with the County Comprehensive Plan.

Based on this information, staff conclude that there are no significant adverse impacts related to the criteria outlined in items one through seven and therefore recommend approval of this rezoning from the Shoreland-Wetland District to the General Shoreland District as requested.

STAFF RECOMMENDATION:

Based on our review and the above analysis of this proposed rezoning, **COUNTY ZONING STAFF RECOMMENDS APPROVAL of the following:**

1. **Rezoning of lands described and depicted in Exhibit A from Shoreland-Wetland District (SWD) to General Shoreland District (GSD) as requested.**

****LOCK IN REQUEST** due to the time sensitive nature of the proposed development, we request that this rezoning be locked in at the first County Board meeting where it is considered (anticipated to be March 25, 2025).**

RE: Coverage under the wetland statewide general permit (WDNR-GP1) for Wetland Disturbance - Residential/Commercial/Industrial, located in the Town of Buchanan, Outagamie County

Dear Charlie Grapatin:

Thank you for submitting an application for a General Permit for Wetland Disturbance - Residential/Commercial/Industrial located in the NW 1/4 of SW 1/4, Section 36, Township 21, Range 18E, Town of Buchanan, Outagamie County. Based on the application information submitted, your project meets the eligibility criteria for this activity, so you may proceed with your project. This project is to fill 9932 sq ft of wetland for outdoor storage to replace the outdoor storage where a new building is to be constructed as modified in the plan sent 1/2/25. This project will also likely require a shoreland-wetland rezone from Outagamie County.

FINDINGS OF FACT

1. The Department has completed an evaluation of the project site and plans and has determined that the project site and project plans as described in the submitted application meet the standards to qualify for this General Permit.
3. The proposed project, if constructed in accordance with this permit, will not adversely affect water quality, will not increase water pollution in surface waters, and will not cause environmental pollution as defined in s. 283.01(6m), Wis. Stats.
4. The wetland discharge resulting from the proposed activity will comply with water quality requirements as authorized by this document.
5. No practicable alternative exists which would avoid adverse impacts to wetlands, and the project will result in the least environmentally damaging practicable alternative taking into consideration practicable alternatives that avoid wetland impacts.
6. All practicable measures to minimize adverse impacts to the functional values of the wetland have been taken.

STANDARDS AND CONDITIONS

You are responsible for meeting all general permit eligibility standards and permit conditions. Please re-read the permit eligibility standards and conditions attached to this letter in the final statewide general permit document. This includes notifying the Department before starting the project and submitting photographs within one week of project completion. Please note your coverage is valid for 5 years from the date of the department's determination or until the activity is completed, whichever occurs first.

You are also responsible for obtaining any other local, state, tribal, or federal permits that are required before starting your project. Note that U.S. Army Corps of Engineers and local zoning authorization for work in floodplains or shorelands may also be required for your project.

EXPIRATION

This activity is authorized under WDNR-GP1-2023 for a period of 5 years from the date of this letter or until the activity is completed, whichever occurs first.

INSPECTIONS AND PROJECT MODIFICATIONS
The Department conducts routine and annual compliance monitoring inspections. Our staff may follow up and inspect your project to verify compliance with state statutes and codes and the requirements and conditions of this general permit.

NOTICE OF APPEAL RIGHTS
If you believe that you have a right to challenge this decision, you should know that the Wisconsin statutes and administrative rules establish time periods within which requests to review Department decisions shall be filed. To seek a contested case hearing under section 227.42, Wis. Stats., you have 30 days after the date of the decision to serve a petition for hearing on the Department. For judicial review of a decision pursuant to sections 227.52 and 227.53, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to file your petition with the appropriate circuit court and serve the petition on the Department. Such a petition for judicial review shall name the Department of Natural Resources as the respondent.

If you have questions about this letter or need to modify your project, please contact me, your local Water Management Specialist, Kathi Kramasz, at (920) 449-8006 or at Kathleen.Kramasz@wisconsin.gov to discuss your proposed modifications and determine next steps.

Sincerely,

Kathi Kramasz
Water Management Specialist

Charlie Grapatin
Keller, Inc.
N216 State Highway 55
Kaukauna, Wisconsin 54130
cgrapatin@kellerbuilds.com

Dear Charlie Grapatin,

We are responding to your request for authorization to discharge fill material into wetlands for the purpose of expanding an existing storage yard to provide safe truck maneuverability and to offset displaced storage area from the metal shop building. The proposed work is located in Section 36, Township 021N, Range 018E, Outagamie County, Wisconsin.

Project Authorization:
The regulated activities associated with this project are detailed on the attached drawings and include:

- Permanent discharge of fill material into 9,997 square feet of wetland for commercial expansion.

We have determined that these activities are authorized by a Nationwide Permit (NWP) or a Regional General Permit (RGP), specifically, NWP 39, Commercial and Institutional Developments. Your project requires verification prior to starting work. This work is shown on the enclosed figures, labeled 2024-01063-RJH.

Conditions of Your Permit:
You must ensure the authorized work is performed in accordance with the enclosed applicable terms and conditions.

You are also required to complete and return the enclosed Compliance Certification form within 30 days of completing your project. Please email the completed form to the contact identified in the last paragraph.

A change in location or project plans may require re-evaluation of your project. Proposed changes should be coordinated with this office prior to construction. Failure to comply with all terms and conditions of this permit invalidates this authorization and could result in a violation of Section 301 of the Clean Water Act or Section 10 of the Rivers and Harbors Act. You must also obtain all local, State, Tribal, and other Federal permits that apply to this project.

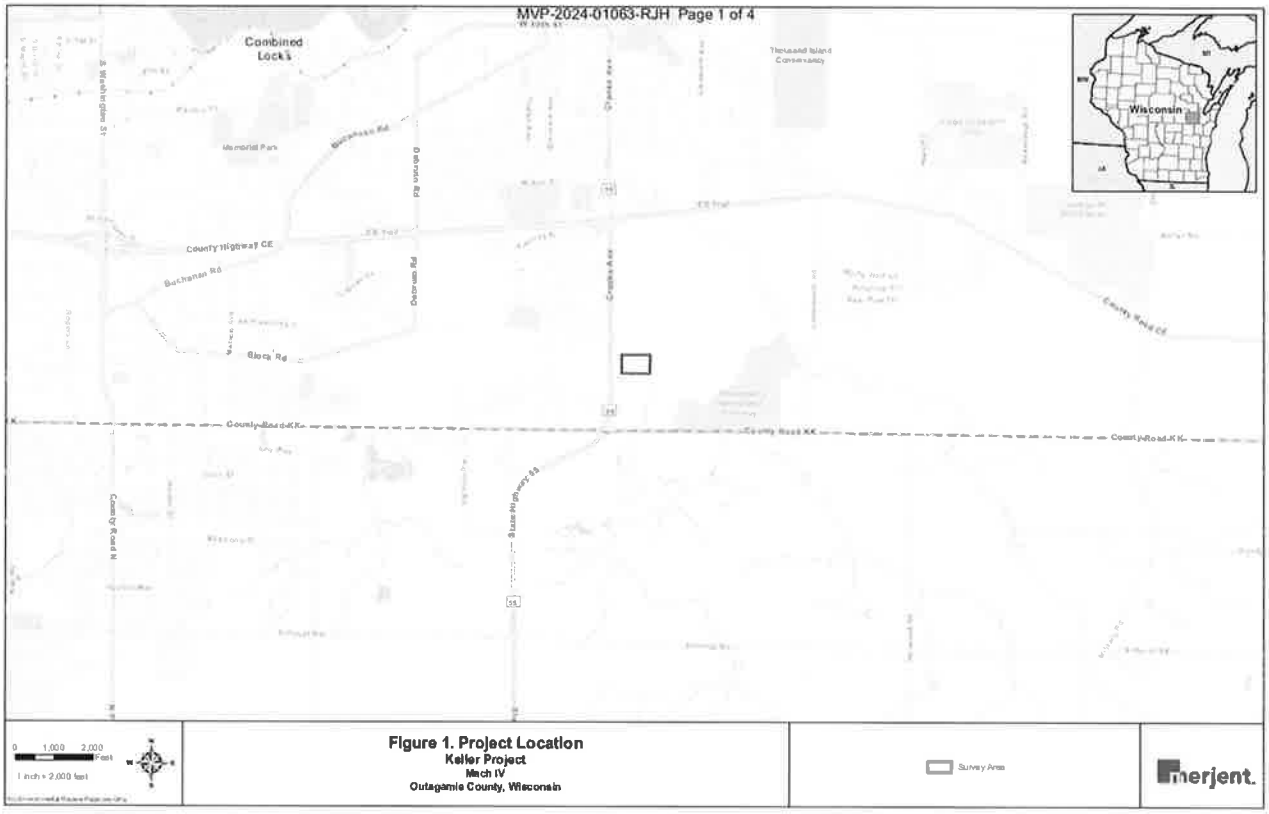
Water Quality Certification:
You must also comply with the enclosed Water Quality Certification conditions associated with this General Permit.

Permit Expiration:
The 2021 NWP is valid until March 14, 2026 unless modified, suspended, or revoked. If the work has not been completed by that time, you should contact this office to verify that the permit is still valid. Furthermore, if you commence or are under contract to commence this activity before the date of General Permit expiration, modification, or revocation, you have 12 months to complete the activity under the present terms and conditions of the General Permit.

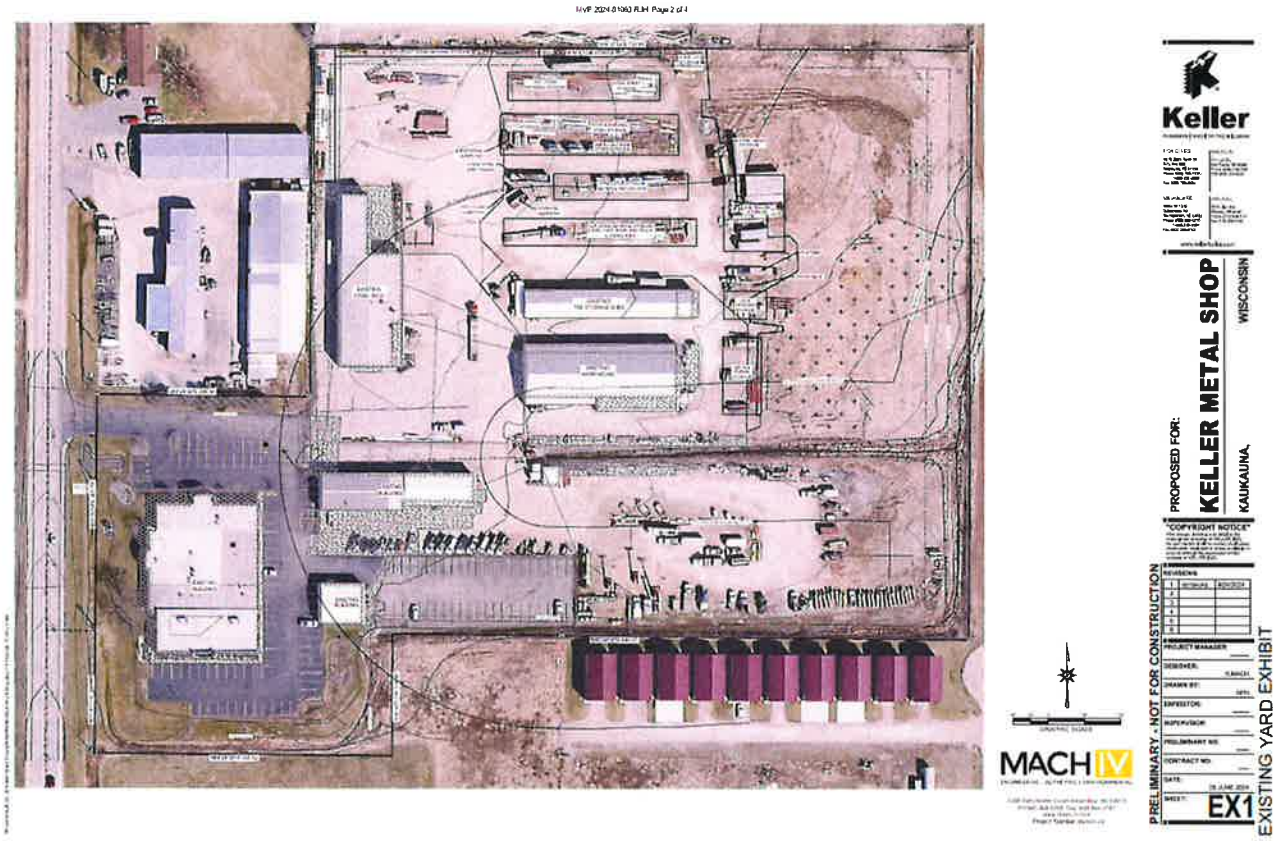
Jurisdictional Determination:

An approved jurisdictional determination was previously prepared on September 26, 2024 and concluded that Wetland w02, as shown on the enclosed figures, are not waters of the U.S. Therefore, work in those aquatic resources does not require authorization.

Contact Information:
If you have any questions, please contact me of the Green Bay office at 651-290-5859 or by email at Ryan.J.Huber@usace.army.mil.



Sincerely,



Ryan Huber
Project Manager

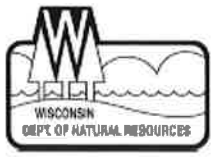
COMPLIANCE CERTIFICATION

Regulatory File Number:	2024-01063-RJH
Name of Permittee:	Charlie Grapatin
County/State:	Outagamie, Wisconsin
Date of Issuance:	1/2/2025

Upon completion of the activity authorized by this permit and any mitigation required by the permit, sign this certification and return it to the Corps contact identified in your verification letter within 30 days.

Please note that your permitted activity is subject to a compliance inspection by a U.S. Army Corps of Engineers representative. If you fail to comply with this permit, you are subject to permit suspension, modification, or revocation.



By signing below, the permittee is certifying that the work authorized by the above referenced permit has been completed in accordance with the terms and conditions of the permit, and any required mitigation was completed in accordance with the permit conditions.

[sent electronically]

Dear Mr. Grapatin,

The Wisconsin Department of Natural Resources received a water quality certification request pursuant to 40 CFR Part 121, requested by Charlie Grapatin for a project located in the Town of Buchanan, Outagamie County, WI.

The Wisconsin Department of Natural Resources (DNR) has examined this certification request as it relates to Clean Water Act Section 401, Wis. Stat. Chs. 30, 281, and 283, and Wis. Adm. Code Ch. NR 299. The DNR has determined the certification request satisfies the requirements under 40 CFR § 121.5. The DNR has also determined that the discharge from the proposed project will comply with water quality requirements. Therefore, DNR will grant water quality certification **without the need for special conditions**.

Please be aware that 401 Water Quality Certification does not release the permittee from obtaining all other necessary federal, state, and local permits, licenses, certificates, approvals, registrations, charters, or similar forms of permission required by law. Specifically, if the DNR has issued coverage under a state general permit for the project, the permittee is required to follow all eligibility requirements and permit conditions. In addition, this 401 Water Quality Certification does not limit any other state permit, license, certificate, approval, registration, charter, or similar form of permission required by law that imposes more restrictive requirements.

Please reach out to me at Kathleen.Kramasz@wisconsin.gov or at (920) 449-8006 if you have any questions or concerns about this certification.

Sincerely,

Kathi Kramasz
Water Management Specialist

MEMORANDUM FOR RECORD

SUBJECT: US Army Corps of Engineers (Corps) Approved Jurisdictional Determination in accordance with the "Revised Definition of 'Waters of the United States'"; (88 FR 3004 (January 18, 2023) as amended by the "Revised Definition of 'Waters of the United States'; Conforming" (8 September 2023).[1] MVP-2024-01063-ALH [MFR 1 of 1][2]

BACKGROUND. An Approved Jurisdictional Determination (AJD) is a Corps document stating the presence or absence of waters of the United States on a parcel or a written statement and map identifying the limits of waters of the United States on a parcel. AJDs are clearly designated appealable actions and will include a basis of JD with the document.[3] AJDs are case-specific and are typically made in response to a request. AJDs are valid for a period of five years unless new information warrants revision of the determination before the expiration date or a District Engineer has identified, after public notice and comment, that specific geographic areas with rapidly changing environmental conditions merit re-verification on a more frequent basis.[4]

On January 18, 2023, the Environmental Protection Agency (EPA) and the Department of the Army ("the agencies") published the "Revised Definition of 'Waters of the United States,'" 88 FR 3004 (January 18, 2023) ("2023 Rule"). On September 8, 2023, the agencies published the "Revised Definition of 'Waters of the United States'; Conforming", which amended the 2023 Rule to conform to the 2023 Supreme Court decision in *Sackett v. EPA*, 598 U.S., 143 S. Ct. 1322 (2023) ("*Sackett*").

This Memorandum for Record (MFR) constitutes the basis of jurisdiction for a Corps AJD as defined in 33 CFR §331.2. For the purposes of this AJD, we have relied on Section 10 of the Rivers and Harbors Act of 1899 (RHA),[5] the 2023 Rule as amended,

---

[1] While the Revised Definition of "Waters of the United States"; Conforming had no effect on some categories of waters covered under the CWA, and no effect on any waters covered under RHA, all categories are included in this Memorandum for Record for efficiency.
[2] When documenting aquatic resources within the review area that are jurisdictional under the Clean Water Act (CWA), use an additional MFR and group the aquatic resources on each MFR based on the TNW, the territorial seas, or interstate water that they are connected to. Be sure to provide an identifier to indicate when there are multiple MFRs associated with a single AJD request (i.e., number them 1, 2, 3, etc.).
[3] 33 CFR 331.2.
[4] Regulatory Guidance Letter 05-02.
[5] USACE has authority under both Section 9 and Section 10 of the Rivers and Harbors Act of 1899 but for convenience, in this MFR, jurisdiction under RHA will be referred to as Section 10.

MVP
SUBJECT: 2023 Rule, as amended, Approved Jurisdictional Determination in Light of *Sackett v. EPA*, 143 S. Ct. 1322 (2023), MVP-2024-01063-ALH

as well as other applicable guidance, relevant case law, and longstanding practice in evaluating jurisdiction.

1. SUMMARY OF CONCLUSIONS.

   a. Provide a list of each individual feature within the review area and the jurisdictional status of each one (i.e., identify whether each feature is/is not a water of the United States and/or a navigable water of the United States).

Name of Aquatic Resource	JD or Non-JD	Section 404/Section 10
Wetland w02	Non-Jurisdictional	404

2. REFERENCES.

   a. "Revised Definition of 'Waters of the United States,'" 88 FR 3004 (January 18, 2023) ("2023 Rule")

   b. "Revised Definition of 'Waters of the United States'; Conforming" 88 FR 61964 (September 8, 2023))

   c. *Sackett v. EPA*, 598 U.S. _, 143 S. Ct. 1322 (2023)

3. REVIEW AREA. [The review area is approximately 0.15-acres in size and is identified by the blue polygon on the attached Figure 2. The review area is located at 44.2483 N, -88.2704 W in the Town of Buchanan, Outagamie County, Wisconsin. There are no other JDs associated with the review area.

4. NEAREST TRADITIONAL NAVIGABLE WATER (TNW), THE TERRITORIAL SEAS, OR INTERSTATE WATER TO WHICH THE AQUATIC RESOURCE IS CONNECTED. [N/A][6]

5. FLOWPATH FROM THE SUBJECT AQUATIC RESOURCES TO A TNW, THE TERRITORIAL SEAS, OR INTERSTATE WATER. [N/A]

[6] This MFR should not be used to complete a new stand-alone TNW determination. A stand-alone TNW determination for a water that is not subject to Section 9 or 10 of the Rivers and Harbors Act of 1899 (RHA) is completed independently of a request for an AJD. A stand-alone TNW determination is conducted for a specific segment of river or stream or other type of waterbody, such as a lake, where upstream or downstream limits or lake borders are established.

MVP
SUBJECT: 2023 Rule, as amended, Approved Jurisdictional Determination in Light of *Sackett v. EPA*, 143 S. Ct. 1322 (2023), MVP-2024-01063-ALH

6. SECTION 10 JURISDICTIONAL WATERS[7]: Describe aquatic resources or other features within the review area determined to be jurisdictional in accordance with Section 10 of the Rivers and Harbors Act of 1899. Include the size of each aquatic resource or other feature within the review area and how it was determined to be jurisdictional in accordance with Section 10.[8] [N/A]

7. SECTION 404 JURISDICTIONAL WATERS: Describe the aquatic resources within the review area that were found to meet the definition of waters of the United States in accordance with the 2023 Rule as amended, consistent with the Supreme Court's decision in *Sackett*. List each aquatic resource separately, by name, consistent with the naming convention used in section 1, above. Include a rationale for each aquatic resource, supporting that the aquatic resource meets the relevant category of "waters of the United States" in the 2023 Rule as amended. The rationale should also include a written description of, or reference to a map in the administrative record that shows, the lateral limits of jurisdiction for each aquatic resource, including how that limit was determined, and incorporate relevant references used. Include the size of each aquatic resource in acres or linear feet and attach and reference related figures as needed.

   a. Traditional Navigable Waters (TNWs) (a)(1)(i): [N/A]

   b. The Territorial Seas (a)(1)(ii): [N/A]

   c. Interstate Waters (a)(1)(iii): [N/A]

   d. Impoundments (a)(2): [N/A]

   e. Tributaries (a)(3): [N/A]

   f. Adjacent Wetlands (a)(4): [N/A]

   g. Additional Waters (a)(5): [N/A]

---

[7] 33 CFR 329.9(a) A waterbody which was navigable in its natural or improved state, or which was susceptible of reasonable improvement (as discussed in § 329.8(b) of this part) retains its character as "navigable in law" even though it is not presently used for commerce, or is presently incapable of such use because of changed conditions or the presence of obstructions.
[8] This MFR is not to be used to make a report of findings to support a determination that the water is a navigable water of the United States. The district must follow the procedures outlined in 33 CFR part 329.14 to make a determination that water is a navigable water of the United States subject to Section 10 of the RHA.

MVP
SUBJECT: 2023 Rule, as amended, Approved Jurisdictional Determination in Light of *Sackett v. EPA*, 143 S. Ct. 1322 (2023), MVP-2024-01063-ALH

8. NON-JURISDICTIONAL AQUATIC RESOURCES AND FEATURES

a. Describe aquatic resources and other features within the review area identified in the 2023 Rule as amended as not "waters of the United States" even where they otherwise meet the terms of paragraphs (a)(2) through (5). Include the type of excluded aquatic resource or feature, the size of the aquatic resource or feature within the review area and describe how it was determined to meet one of the exclusions listed in 33 CFR 328.3(b).[9] [Wetland w02 (0.07 acre) is a constructed drainage ditch that developed wet meadow characteristics and is located in the northeast portion of the survey area. The full extent of the feature is within the survey area. The hydrology of the feature is fed by surface runoff from the gravel storage yard to the west and the surrounding uplands. The Digital Elevation Model layer of the National Regulatory Viewer shows the slope continuing to the east, but it does not have any discrete or confined conveyance features. The National Wetland Inventory layer of the National Regulatory Viewer show no wetlands in the area of the feature. The Soil Class layer of the National Regulatory Viewer shows the soils to be partially hydric (2%). No other wetlands were delineated near or immediately adjacent to it. The feature is approximately 2000 linear feet to the northwest of Kankapot Creek. However, there are no diches, swales, pipes, or culverts that connect the feature to downstream jurisdictional waters. The feature is not a relocated tributary. It does not have a regular flow pattern, and it does not exhibit a bed or bank features. Based on a review of historic aerial imagery from Google Earth, the feature is an upland constructed ditch which was beginning to be created sometime between 2015 and 2017 within an upland undeveloped field. Multiple years of aerial imagery indicate there were no wetland signatures present within or immediately adjacent to the feature, further suggesting that it is an upland constructed linear ditch feature. Based on the above factors, wetland w02 is a (b)(3) excluded water which is not subject to Corps Jurisdiction.]

b. Describe aquatic resources and features within the review area that were determined to be non-jurisdictional because they do not meet one or more categories of waters of the United States under the 2023 Rule as amended (e.g., tributaries that are non-relatively permanent waters; non-tidal wetlands that do not have a continuous surface connection to a jurisdictional water).
N/A

[9] 88 FR 3004 (January 18, 2023)

SUBJECT: 2023 Rule, as amended, Approved Jurisdictional Determination in Light of *Sackett v. EPA*, 143 S. Ct. 1322 (2023), MVP-2024-01063-ALH

9. DATA SOURCES. List sources of data/information used in making determination. Include titles and dates of sources used and ensure that information referenced is available in the administrative record.

   a. [Office evaluation conducted 26 September 2024]

   b. [Keller Project Outagamie County Mach IV Engineering and Surveying Wetland Delineation Report by Merjent. Dated May 2024.]

   c. [National Regulatory Viewer – USA Soils Hydric Class layer, National Wetland Inventory layer, Hillshade layer and DEM layer accessed on 26 September 2024.]

   d. [Google Earth aerial imagery 1992, 2005, 2011, 2015, 2017 and 2021 accessed on 27 September 2024]

10. OTHER SUPPORTING INFORMATION. [N/A]

11. NOTE: The structure and format of this MFR were developed in coordination with the EPA and Department of the Army. The MFR's structure and format may be subject to future modification or may be rescinded as needed to implement additional guidance from the agencies; however, the approved jurisdictional determination described herein is a final agency action.

39. Commercial and Institutional Developments. Discharges of dredged or fill material into non-tidal waters of the United States for the construction or expansion of commercial and institutional building foundations and building pads and attendant features that are necessary for the use and maintenance of the structures. Attendant features may include, but are not limited to, roads, parking lots, garages, yards, utility lines, storm water management facilities, wastewater treatment facilities, and recreation facilities such as playgrounds and playing fields. Examples of commercial developments include retail stores, industrial facilities, restaurants, business parks, and shopping centers. Examples of institutional developments include schools, fire stations, government office buildings, judicial buildings, public works buildings, libraries, hospitals, and places of worship. The construction of new golf courses and new ski areas is not authorized by this NWP.

The discharge must not cause the loss of greater than 1/2-acre of non-tidal waters of the United States. This NWP does not authorize discharges of dredged or fill material into non-tidal wetlands adjacent to tidal waters.

Notification: The permittee must submit a pre-construction notification to the district engineer prior to commencing the activity. (See general condition 32.) (Authorities: Sections 10 and 404)

Note: For any activity that involves the construction of a wind energy generating structure, solar tower, or overhead transmission line, a copy of the PCN and NWP verification will be provided by the Corps to the Department of Defense Siting Clearinghouse, which will evaluate potential effects on military activities.

Enclosure A

2021 Nationwide Permits (NWP)
St. Paul District Regional Conditions

To qualify for NWP authorization, the prospective permittee must comply with the following regional conditions, as applicable, in addition to any case specific conditions imposed by the division engineer. The St. Paul District Regulatory website will provide current information regarding NWPs and the necessary 401 Water Quality Certifications at https://www.mvp.usace.army.mil/missions/regulatory/nwp/. Every person who wishes to obtain permit authorization under one or more NWPs, or who is currently relying on an existing or prior permit authorization under one or more NWPs, has been and is on notice that all of the provisions of 33 CFR 330.1 through 330.6 apply to every NWP authorization. Note especially 33 CFR 330.5 relating to the modification, suspension, or revocation of any NWP authorization.

The following NWPs have been revoked and are not available for use in St. Paul District: NWPs 12, 21, 48, 50, 55, 56, 57, and 58.

Information on other permits available for use in St. Paul District can be found at: https://www.mvp.usace.army.mil/Missions/Regulatory/Permitting-Process-Procedures/.

Any regulated activity eligible for authorization under a St. Paul District Special Area Management Plan (SAMP) general permit is not eligible for authorization by NWPs.

The following regional conditions are applicable to all 2021 NWPs:

A. **Linear Projects:** No linear utility or linear transportation projects are eligible for authorization by NWPs. These projects will be reviewed for authorization under the St. Paul District's regional general permits or an individual permit.

B. **Temporary Impacts**: All regulated temporary impacts to waters of the U.S. must comply with the following criteria:

(1) If the temporary impacts in waters of the U.S., including wetlands, that occur as a result of the regulated activity would remain in place for longer than 90 days between May 15 and November 15, a PCN is required.

(2) Any PCN with temporary impacts must specify how long the temporary impact will remain and include a restoration and re-vegetation plan showing how all temporary fills and structures will be removed and the area restored to preconstruction contours and elevations. Native, non-invasive vegetation must be used unless otherwise authorized by a Corps NWP verification.

C. **PCNs for Apostle Islands National Lakeshore and Madeline Island**: A project proponent must notify the District by submitting a PCN if the regulated activity would result in excavation, fill, or the placement of a new structure within the boundaries of Apostle Islands National Lakeshore and Madeline Island in Wisconsin.

D. **Calcareous fens:**

WISCONSIN: No work in a calcareous fen is authorized by a NWP unless the Wisconsin Department of Natural Resources (WI DNR) has approved a permit for the proposed regulated activity. Project proponents must provide evidence of an approved permit to the District.

MINNESOTA: No work in a calcareous fen is authorized by a NWP unless the Minnesota Department of Natural Resources (MN DNR) has approved a calcareous fen management plan specific to a project that otherwise qualifies for authorization by a NWP. Project proponents must provide evidence of an approved fen management plan to the District. A list of known Minnesota calcareous fens can be found at: http://files.dnr.state.mn.us/eco/wetlands/calcareous_fen_list.pdf.

E. **Special Aquatic Resources:** A project proponent must notify the District by submitting a PCN if a regulated activity would occur in any of the following aquatic resources:

(1) State-designated wild rice waters[1,2];

(2) Bog wetland plant communities[1,3];

(3) Fens[1,3];

(4) Coastal plain marshes[1,4];

(5) Interdunal wetlands[1,4];

(6) Great Lakes ridge and swale complexes[1,4];

(7) Aquatic resources within Lake Superior National Estuarine Research Reserve;

(8) Ramsar wetland sites, including: the Horicon Marsh, Upper Mississippi River Floodplain Wetland, Kakagon and Bad River Slough, Door Peninsula Coastal Wetlands, Chiwaukee Illinois Beach Lake Plain, and Lower Wisconsin Riverway. The complete up to date Ramsar list is available at https://rsis.ramsar.org.

---

[1] Information about Wisconsin plant community types for 1-6 above may be obtained from: http://dnr.wi.gov/topic/EndangeredResources/Communities.asp?mode=group&Type=Wetland

[2] Information regarding wild rice waters and their extent may be obtained from: https://www.dnr.state.mn.us/wildlife/shallowlakes/wildrice.html and https://gisdata.mn.gov/dataset/biota-wild-rice-lakes-dnr-wld in Minnesota, https://dnr.wisconsin.gov/topic/wildlifehabitat/rice.html in Wisconsin, and an interactive map is provided at: http://maps.glifwc.org/ (under Treaty Resources – Gathering).

[3] Additional information on bog and fen communities can be found at: http://www.mvp.usace.army.mil/missions/regulatory.aspx and in Minnesota at http://www.dnr.state.mn.us/npc/classification.html.

[4] Coastal plain marshes, interdunal wetlands, and Great Lakes ridge and swale complexes are specific to Wisconsin

2021 Nationwide Permit General Conditions

1. Navigation.

(a) No activity may cause more than a minimal adverse effect on navigation.

(b) Any safety lights and signals prescribed by the U.S. Coast Guard, through regulations or otherwise, must be installed and maintained at the permittee's expense on authorized facilities in navigable waters of the United States.

(c) The permittee understands and agrees that, if future operations by the United States require the removal, relocation, or other alteration, of the structure or work herein authorized, or if, in the opinion of the Secretary of the Army or his or her authorized representative, said structure or work shall cause unreasonable obstruction to the free navigation of the navigable waters, the permittee will be required, upon due notice from the Corps of Engineers, to remove, relocate, or alter the structural work or obstructions caused thereby, without expense to the United States. No claim shall be made against the United States on account of any such removal or alteration.

2. Aquatic Life Movements. No activity may substantially disrupt the necessary life cycle movements of those species of aquatic life indigenous to the waterbody, including those species that normally migrate through the area, unless the activity's primary purpose is to impound water. All permanent and temporary crossings of waterbodies shall be suitably culverted, bridged, or otherwise designed and constructed to maintain low flows to sustain the movement of those aquatic species. If a bottomless culvert cannot be used, then the crossing should be designed and constructed to minimize adverse effects to aquatic life movements.

3. Spawning Areas. Activities in spawning areas during spawning seasons must be avoided to the maximum extent practicable. Activities that result in the physical destruction (e.g., through excavation, fill, or downstream smothering by substantial turbidity) of an important spawning area are not authorized.

4. Migratory Bird Breeding Areas. Activities in waters of the United States that serve as breeding areas for migratory birds must be avoided to the maximum extent practicable.

5. Shellfish Beds. No activity may occur in areas of concentrated shellfish populations, unless the activity is directly related to a shellfish harvesting activity authorized by NWPs 4 and 48, or is a shellfish seeding or habitat restoration activity authorized by NWP 27.

6. Suitable Material. No activity may use unsuitable material (e.g., trash, debris, car bodies, asphalt, etc.). Material used for construction or discharged must be free from toxic pollutants in toxic amounts (see section 307 of the Clean Water Act).

7. Water Supply Intakes. No activity may occur in the proximity of a public water supply intake, except where the activity is for the repair or improvement of public water supply intake structures or adjacent bank stabilization.

8. Adverse Effects From Impoundments. If the activity creates an impoundment of water, adverse effects to the aquatic system due to accelerating the passage of water, and/or restricting its flow must be minimized to the maximum extent practicable.

9. Management of Water Flows. To the maximum extent practicable, the pre-construction course, condition, capacity, and location of open waters must be maintained for each activity, including stream channelization, storm water management activities, and temporary and permanent road crossings, except as provided below. The activity must be constructed to withstand expected high flows. The activity must not restrict or impede the passage of normal or high flows, unless the primary purpose of the activity is to impound water or manage high flows. The activity may alter the pre-construction course, condition, capacity, and location of open waters if it benefits the aquatic environment (e.g., stream restoration or relocation activities).

10. Fills Within 100-Year Floodplains. The activity must comply with applicable FEMA-approved state or local floodplain management requirements.

11. Equipment. Heavy equipment working in wetlands or mudflats must be placed on mats, or other measures must be taken to minimize soil disturbance.

12. Soil Erosion and Sediment Controls. Appropriate soil erosion and sediment controls must be used and maintained in effective operating condition during construction, and all exposed soil and other fills, as well as any work below the ordinary high water mark or high tide line, must be permanently stabilized at the earliest practicable date. Permittees are encouraged to perform work within waters of the United States during periods of low-flow or no-flow, or during low tides.

13. Removal of Temporary Structures and Fills. Temporary structures must be removed, to the maximum extent practicable, after their use has been discontinued. Temporary fills must be removed in their entirety and the affected areas returned to pre-construction elevations. The affected areas must be revegetated, as appropriate.

14. Proper Maintenance. Any authorized structure or fill shall be properly maintained, including maintenance to ensure public safety and compliance with applicable NWP general conditions, as well as any activity-specific conditions added by the district engineer to an NWP authorization.

15. Single and Complete Project. The activity must be a single and complete project. The same NWP cannot be used more than once for the same single and complete project.

16. Wild and Scenic Rivers.

(a) No NWP activity may occur in a component of the National Wild and Scenic River System, or in a river officially designated by Congress as a "study river" for possible inclusion in the system while the river is in an official study status, unless the appropriate Federal agency with direct management responsibility for such river, has determined in writing that the proposed activity will not adversely affect the Wild and Scenic River designation or study status.

(b) If a proposed NWP activity will occur in a component of the National Wild and Scenic River System, or in a river officially designated by Congress as a "study river" for possible inclusion in the system while the river is in an official study status, the permittee must submit a pre-construction notification (see general condition 32). The district engineer will coordinate the PCN with the Federal agency with direct management responsibility for that river. Permittees shall not begin the NWP activity until notified by the district engineer that the Federal agency with direct management responsibility for that river has determined in writing that the proposed NWP activity will not adversely affect the Wild and Scenic River designation or study status.

(c) Information on Wild and Scenic Rivers may be obtained from the appropriate Federal land management agency responsible for the designated Wild and Scenic River or study river (e.g., National Park Service, U.S. Forest Service, Bureau of Land Management, U.S. Fish and Wildlife Service). Information on these rivers is also available at: http://www.rivers.gov/.

17. Tribal Rights. No activity or its operation may impair reserved tribal rights, including, but not limited to, reserved water rights and treaty fishing and hunting rights.

18. Endangered Species.

(a) No activity is authorized under any NWP which is likely to directly or indirectly jeopardize the continued existence of a threatened or endangered species or a species proposed for such designation, as identified under the Federal Endangered Species Act (ESA), or which will directly or indirectly destroy or adversely modify designated critical habitat or critical habitat proposed for such designation. No activity is authorized under any NWP which "may affect" a listed species or critical habitat, unless ESA section 7 consultation addressing the consequences of the proposed activity on listed species or critical habitat has been completed. See 50 CFR 402.02 for the definition of "effects of the action" for the purposes of ESA section 7 consultation, as well as 50 CFR 402.17, which provides further explanation under ESA section 7 regarding "activities that are reasonably certain to occur" and "consequences caused by the proposed action."

(b) Federal agencies should follow their own procedures for complying with the requirements of the ESA (see 33 CFR 330.4(f)(1)). If pre-construction notification is required for the proposed activity, the Federal permittee must provide the district engineer with the appropriate documentation to demonstrate compliance with those requirements. The district engineer will verify that the appropriate documentation has been submitted. If the appropriate documentation has not been submitted, additional ESA section 7 consultation may be necessary for the activity and the respective federal agency would be responsible for fulfilling its obligation under section 7 of the ESA.

(c) Non-federal permittees must submit a pre-construction notification to the district engineer if any listed species (or species proposed for listing) or designated critical habitat (or critical habitat proposed such designation) might be affected or is in the vicinity of the activity, or if the activity is located in designated critical habitat or critical habitat proposed for such designation, and shall not begin work on the activity until notified by the district engineer that the requirements of the ESA have been satisfied and that the activity is authorized. For activities that might affect Federally-listed endangered or threatened species (or species proposed for listing) or designated critical habitat (or critical habitat proposed for such designation), the pre-construction notification must include the name(s) of the endangered or threatened species (or species proposed for listing) that might be affected by the proposed activity or that utilize the designated critical habitat (or critical habitat proposed for such designation) that might be affected by the proposed activity. The district engineer will determine whether the proposed activity "may affect" or will have "no effect" to listed species and designated critical habitat and will notify the non-Federal applicant of the Corps' determination within 45 days of receipt of a complete pre-construction notification. For activities where the non-Federal applicant has identified listed species (or species proposed for listing) or designated critical habitat (or critical habitat proposed for such designation) that might be affected or is in the vicinity of the activity, and has so notified the Corps, the applicant shall not begin work until the Corps has provided notification that the proposed activity will have "no effect" on listed species (or species proposed for listing or designated critical habitat (or critical habitat proposed for such designation), or until ESA section 7 consultation or conference has been completed. If the non-Federal applicant has not heard back from the Corps within 45 days, the applicant must still wait for notification from the Corps.

(d) As a result of formal or informal consultation or conference with the FWS or NMFS the district engineer may add species-specific permit conditions to the NWPs.

(e) Authorization of an activity by an NWP does not authorize the "take" of a threatened or endangered species as defined under the ESA. In the absence of separate authorization (e.g., an ESA Section 10 Permit, a Biological Opinion with "incidental take" provisions, etc.) from the FWS or the NMFS, the Endangered Species Act prohibits any person subject to the jurisdiction of the United States to take a listed species, where "take" means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct. The word "harm" in the definition of "take" means an act which actually kills or injures wildlife. Such an act may include significant habitat modification or degradation where it actually kills or injures wildlife by significantly impairing essential behavioral patterns, including breeding, feeding or sheltering.

(f) If the non-federal permittee has a valid ESA section 10(a)(1)(B) incidental take permit with an approved Habitat Conservation Plan for a project or a group of projects that includes the proposed NWP activity, the non-federal applicant should provide a copy of that ESA section 10(a)(1)(B) permit with the PCN required by paragraph (c) of this general condition. The district engineer will coordinate with the agency that issued the ESA section 10(a)(1)(B) permit to determine whether the proposed NWP activity and the associated incidental take were considered in the internal ESA section 7 consultation conducted for the ESA section 10(a)(1)(B) permit. If that coordination results in concurrence from the agency that the proposed NWP activity and the associated incidental take were considered in the internal ESA section 7 consultation for the ESA section 10(a)(1)(B) permit, the district engineer does not need to conduct a separate ESA section 7 consultation for the proposed NWP activity. The district engineer will notify the non-federal applicant within 45 days of receipt of a complete pre-construction notification whether the ESA section 10(a)(1)(B) permit covers the proposed NWP activity or whether additional ESA section 7 consultation is required.

(g) Information on the location of threatened and endangered species and their critical habitat can be obtained directly from the offices of the FWS and NMFS or their world wide web pages at http://www.fws.gov/ or http://www.fws.gov/ipac and http://www.nmfs.noaa.gov/pr/species/esa/ respectively.

19. Migratory Birds and Bald and Golden Eagles. The permittee is responsible for ensuring that an action authorized by an NWP complies with the Migratory Bird Treaty Act and the Bald and Golden Eagle Protection Act. The permittee is responsible for contacting the appropriate local office of the U.S. Fish and Wildlife Service to determine what measures, if any, are necessary or appropriate to reduce adverse effects to migratory birds or eagles, including whether "incidental take" permits are necessary and available under the Migratory Bird Treaty Act or Bald and Golden Eagle Protection Act for a particular activity.

20. Historic Properties.

(a) No activity is authorized under any NWP which may have the potential to cause effects to properties listed, or eligible for listing, in the National Register of Historic Places until the requirements of Section 106 of the National Historic Preservation Act (NHPA) have been satisfied.

(b) Federal permittees should follow their own procedures for complying with the requirements of section 106 of the National Historic Preservation Act (see 33 CFR 330.4(g)(1)). If pre-construction notification is required for the proposed NWP activity, the Federal permittee must provide the district engineer with the appropriate documentation to demonstrate compliance with those requirements. The district engineer will verify that the appropriate documentation has been submitted. If the appropriate documentation is not submitted, then additional consultation under section 106 may be necessary. The respective federal agency is responsible for fulfilling its obligation to comply with section 106.

(c) Non-federal permittees must submit a pre-construction notification to the district engineer if the NWP activity might have the potential to cause effects to any historic properties listed on, determined to be eligible for listing on, or potentially eligible for listing on the National Register of Historic Places, including previously unidentified properties. For such activities, the pre-construction notification must state which historic properties might have the potential to be affected by the proposed NWP activity or include a vicinity map indicating the location of the historic properties or the potential for the presence of historic properties. Assistance regarding information on the location of, or potential for, the presence of historic properties can be sought from the State Historic Preservation Officer, Tribal Historic Preservation Officer, or designated tribal representative, as appropriate, and the National Register of Historic Places (see 33 CFR 330.4(g)). When reviewing pre-construction notifications, district engineers will comply with the current procedures for addressing the requirements of section 106 of the National Historic Preservation Act. The district engineer shall make a reasonable and good faith effort to carry out appropriate identification efforts commensurate with potential impacts, which may include background research, consultation, oral history interviews, sample field investigation, and/or field survey. Based on the information submitted in the PCN and these identification efforts, the district engineer shall determine whether the proposed NWP activity has the potential to cause effects on the historic properties. Section 106 consultation is not required when the district engineer determines that the activity does not have the potential to cause effects on historic properties (see 36 CFR 800.3(a)). Section 106 consultation is required when the district engineer determines that the activity has the potential to cause effects on historic properties. The district engineer will conduct consultation with consulting parties identified under 36 CFR 800.2(c) when he or she

makes any of the following effect determinations for the purposes of section 106 of the NHPA: no historic properties affected, no adverse effect, or adverse effect.

(d) Where the non-Federal applicant has identified historic properties on which the proposed NWP activity might have the potential to cause effects and has so notified the Corps, the non-Federal applicant shall not begin the activity until notified by the district engineer either that the activity has no potential to cause effects to historic properties or that NHPA section 106 consultation has been completed. For non-federal permittees, the district engineer will notify the prospective permittee within 45 days of receipt of a complete pre-construction notification whether NHPA section 106 consultation is required. If NHPA section 106 consultation is required, the district engineer will notify the non-Federal applicant that he or she cannot begin the activity until section 106 consultation is completed. If the non-Federal applicant has not heard back from the Corps within 45 days, the applicant must still wait for notification from the Corps.

(e) Prospective permittees should be aware that section 110k of the NHPA (54 U.S.C. 306113) prevents the Corps from granting a permit or other assistance to an applicant who, with intent to avoid the requirements of section 106 of the NHPA, has intentionally significantly adversely affected a historic property to which the permit would relate, or having legal power to prevent it, allowed such significant adverse effect to occur, unless the Corps, after consultation with the Advisory Council on Historic Preservation (ACHP), determines that circumstances justify granting such assistance despite the adverse effect created or permitted by the applicant. If circumstances justify granting the assistance, the Corps is required to notify the ACHP and provide documentation specifying the circumstances, the degree of damage to the integrity of any historic properties affected, and proposed mitigation. This documentation must include any views obtained from the applicant, SHPO/THPO, appropriate Indian tribes if the undertaking occurs on or affects historic properties on tribal lands or affects properties of interest to those tribes, and other parties known to have a legitimate interest in the impacts to the permitted activity on historic properties.

21. Discovery of Previously Unknown Remains and Artifacts. Permittees that discover any previously unknown historic, cultural or archeological remains and artifacts while accomplishing the activity authorized by an NWP, they must immediately notify the district engineer of what they have found, and to the maximum extent practicable, avoid construction activities that may affect the remains and artifacts until the required coordination has been completed. The district engineer will initiate the Federal, Tribal, and state coordination required to determine if the items or remains warrant a recovery effort or if the site is eligible for listing in the National Register of Historic Places.

22. Designated Critical Resource Waters. Critical resource waters include, NOAA-managed marine sanctuaries and marine monuments, and National Estuarine Research Reserves. The district engineer may designate, after notice and opportunity for public comment, additional waters officially designated by a state as having particular environmental or ecological significance, such as outstanding national resource waters or state natural heritage sites. The district engineer may also designate additional critical resource waters after notice and opportunity for public comment.

(a) Discharges of dredged or fill material into waters of the United States are not authorized by NWPs 7, 12, 14, 16, 17, 21, 29, 31, 35, 39, 40, 42, 43, 44, 49, 50, 51, 52, 57 and 58 for any activity within, or directly affecting, critical resource waters, including wetlands adjacent to such waters.

(b) For NWPs 3, 8, 10, 13, 15, 18, 19, 22, 23, 25, 27, 28, 30, 33, 34, 36, 37, 38, and 54, notification is required in accordance with general condition 32, for any activity proposed by permittees in the designated critical resource waters including wetlands adjacent to those waters. The district engineer may authorize activities under these NWPs only after she or he determines that the impacts to the critical resource waters will be no more than minimal.

23. Mitigation. The district engineer will consider the following factors when determining appropriate and practicable mitigation necessary to ensure that the individual and cumulative adverse environmental effects are no more than minimal:

(a) The activity must be designed and constructed to avoid and minimize adverse effects, both temporary and permanent, to waters of the United States to the maximum extent practicable at the project site (i.e., on site).

(b) Mitigation in all its forms (avoiding, minimizing, rectifying, reducing, or compensating for resource losses) will be required to the extent necessary to ensure that the individual and cumulative adverse environmental effects are no more than minimal.

(c) Compensatory mitigation at a minimum one-for-one ratio will be required for all wetland losses that exceed 1/10-acre and require pre-construction notification, unless the district engineer determines in writing that either some other form of mitigation would be more environmentally appropriate or the adverse environmental effects of the proposed activity are no more than minimal, and provides an activity-specific waiver of this requirement. For wetland losses of 1/10-acre or less that require pre-construction notification, the district engineer may determine on a case-by-case basis that compensatory mitigation is required to ensure that the activity results in only minimal adverse environmental effects.

(d) Compensatory mitigation at a minimum one-for-one ratio will be required for all losses of stream bed that exceed 3/100-acre and require pre-construction notification, unless the district engineer determines in writing that either

some other form of mitigation would be more environmentally appropriate or the adverse environmental effects of the proposed activity are no more than minimal, and provides an activity-specific waiver of this requirement. This compensatory mitigation requirement may be satisfied through the restoration or enhancement of riparian areas next to streams in accordance with paragraph (e) of this general condition. For losses of stream bed of 3/100-acre or less that require pre-construction notification, the district engineer may determine on a case-by-case basis that compensatory mitigation is required to ensure that the activity results in only minimal adverse environmental effects. Compensatory mitigation for losses of streams should be provided, if practicable, through stream rehabilitation, enhancement, or preservation, since streams are difficult-to-replace resources (see 33 CFR 332.3(e)(3)).

(e) Compensatory mitigation plans for NWP activities in or near streams or other open waters will normally include a requirement for the restoration or enhancement, maintenance, and legal protection (e.g., conservation easements) of riparian areas next to open waters. In some cases, the restoration or maintenance/protection of riparian areas may be the only compensatory mitigation required. If restoring riparian areas involves planting vegetation, only native species should be planted. The width of the required riparian area will address documented water quality or aquatic habitat loss concerns. Normally, the riparian area will be 25 to 50 feet wide on each side of the stream, but the district engineer may require slightly wider riparian areas to address documented water quality or habitat loss concerns. If it is not possible to restore or maintain/protect a riparian area on both sides of a stream, or if the waterbody is a lake or coastal waters, then restoring or maintaining/protecting a riparian area along a single bank or shoreline may be sufficient. Where both wetlands and open waters exist on the project site, the district engineer will determine the appropriate compensatory mitigation (e.g., riparian areas and/or wetlands compensation) based on what is best for the aquatic environment on a watershed basis. In cases where riparian areas are determined to be the most appropriate form of minimization or compensatory mitigation, the district engineer may waive or reduce the requirement to provide wetland compensatory mitigation for wetland losses.

(f) Compensatory mitigation projects provided to offset losses of aquatic resources must comply with the applicable provisions of 33 CFR part 332.

(1) The prospective permittee is responsible for proposing an appropriate compensatory mitigation option if compensatory mitigation is necessary to ensure that the activity results in no more than minimal adverse environmental effects. For the NWPs, the preferred mechanism for providing compensatory mitigation is mitigation bank credits or in-lieu fee program credits (see 33 CFR 332.3(b)(2) and (3)). However, if an appropriate number and type of mitigation bank or in-lieu credits are not available at the time the PCN is submitted to the district engineer, the district engineer may approve the use of permittee-responsible mitigation.

(2) The amount of compensatory mitigation required by the district engineer must be sufficient to ensure that the authorized activity results in no more than minimal individual and cumulative adverse environmental effects (see 33 CFR 330.1(e)(3)). (See also 33 CFR 332.3(f).)

(3) Since the likelihood of success is greater and the impacts to potentially valuable uplands are reduced, aquatic resource restoration should be the first compensatory mitigation option considered for permittee-responsible mitigation.

(4) If permittee-responsible mitigation is the proposed option, the prospective permittee is responsible for submitting a mitigation plan. A conceptual or detailed mitigation plan may be used by the district engineer to make the decision on the NWP verification request, but a final mitigation plan that addresses the applicable requirements of 33 CFR 332.4(c)(2) through (14) must be approved by the district engineer before the permittee begins work in waters of the United States, unless the district engineer determines that prior approval of the final mitigation plan is not practicable or not necessary to ensure timely completion of the required compensatory mitigation (see 33 CFR 332.3(k)(3)). If permittee-responsible mitigation is the proposed option, and the proposed compensatory mitigation site is located on land in which another federal agency holds an easement, the district engineer will coordinate with that federal agency to determine if proposed compensatory mitigation project is compatible with the terms of the easement.

(5) If mitigation bank or in-lieu fee program credits are the proposed option, the mitigation plan needs to address only the baseline conditions at the impact site and the number of credits to be provided (see 33 CFR 332.4(c)(1)(ii)).

(6) Compensatory mitigation requirements (e.g., resource type and amount to be provided as compensatory mitigation, site protection, ecological performance standards, monitoring requirements) may be addressed through conditions added to the NWP authorization, instead of components of a compensatory mitigation plan (see 33 CFR 332.4(c)(1)(ii)).

(g) Compensatory mitigation will not be used to increase the acreage losses allowed by the acreage limits of the NWPs. For example, if an NWP has an acreage limit of 1/2-acre, it cannot be used to authorize any NWP activity resulting in the loss of greater than 1/2-acre of waters of the United States, even if compensatory mitigation is provided that replaces or restores some of the lost waters. However, compensatory mitigation can and should be used, as necessary,

to ensure that an NWP activity already meeting the established acreage limits also satisfies the no more than minimal impact requirement for the NWPs.

(h) Permittees may propose the use of mitigation banks, in-lieu fee programs, or permittee-responsible mitigation. When developing a compensatory mitigation proposal, the permittee must consider appropriate and practicable options consistent with the framework at 33 CFR 332.3(b). For activities resulting in the loss of marine or estuarine resources, permittee-responsible mitigation may be environmentally preferable if there are no mitigation banks or in-lieu fee programs in the area that have marine or estuarine credits available for sale or transfer to the permittee. For permittee-responsible mitigation, the special conditions of the NWP verification must clearly indicate the party or parties responsible for the implementation and performance of the compensatory mitigation project, and, if required, its long-term management.

(i) Where certain functions and services of waters of the United States are permanently adversely affected by a regulated activity, such as discharges of dredged or fill material into waters of the United States that will convert a forested or scrub-shrub wetland to a herbaceous wetland in a permanently maintained utility line right-of-way, mitigation may be required to reduce the adverse environmental effects of the activity to the no more than minimal level.

24. Safety of Impoundment Structures. To ensure that all impoundment structures are safely designed, the district engineer may require non-Federal applicants to demonstrate that the structures comply with established state or federal, dam safety criteria or have been designed by qualified persons. The district engineer may also require documentation that the design has been independently reviewed by similarly qualified persons, and appropriate modifications made to ensure safety.

25. Water Quality.

(a) Where the certifying authority (state, authorized tribe, or EPA, as appropriate) has not previously certified compliance of an NWP with CWA section 401, a CWA section 401 water quality certification for the proposed discharge must be obtained or waived (see 33 CFR 330.4(c)). If the permittee cannot comply with all of the conditions of a water quality certification previously issued by certifying authority for the issuance of the NWP, then the permittee must obtain a water quality certification or waiver for the proposed discharge in order for the activity to be authorized by an NWP.

(b) If the NWP activity requires pre-construction notification and the certifying authority has not previously certified compliance of an NWP with CWA section 401, the proposed discharge is not authorized by an NWP until water quality certification is obtained or waived. If the certifying authority issues a water quality certification for the proposed discharge, the permittee must submit a copy of the certification to the district engineer. The discharge is not authorized by an NWP until the district engineer has notified the permittee that the water quality certification requirement has been satisfied by the issuance of a water quality certification or a waiver.

(c) The district engineer or certifying authority may require additional water quality management measures to ensure that the authorized activity does not result in more than minimal degradation of water quality.

26. Coastal Zone Management. In coastal states where an NWP has not previously received a state coastal zone management consistency concurrence, an individual state coastal zone management consistency concurrence must be obtained, or a presumption of concurrence must occur (see 33 CFR 330.4(d)). If the permittee cannot comply with all of the conditions of a coastal zone management consistency concurrence previously issued by the state, then the permittee must obtain an individual coastal zone management consistency concurrence or presumption of concurrence in order for the activity to be authorized by an NWP. The district engineer or a state may require additional measures to ensure that the authorized activity is consistent with state coastal zone management requirements.

27. Regional and Case-By-Case Conditions. The activity must comply with any regional conditions that may have been added by the Division Engineer (see 33 CFR 330.4(e)) and with any case specific conditions added by the Corps or by the state, Indian Tribe, or U.S. EPA in its CWA section 401 Water Quality Certification, or by the state in its Coastal Zone Management Act consistency determination.

28. Use of Multiple Nationwide Permits. The use of more than one NWP for a single and complete project is authorized, subject to the following restrictions:

(a) If only one of the NWPs used to authorize the single and complete project has a specified acreage limit, the acreage loss of waters of the United States cannot exceed the acreage limit of the NWP with the highest specified acreage limit. For example, if a road crossing over tidal waters is constructed under NWP 14, with associated bank stabilization authorized by NWP 13, the maximum acreage loss of waters of the United States for the total project cannot exceed 1/3-acre.

(b) If one or more of the NWPs used to authorize the single and complete project has specified acreage limits, the acreage loss of waters of the United States authorized by those NWPs cannot exceed their respective specified acreage limits. For example, if a commercial development is constructed under NWP 39, and the single and complete project includes the filling of an upland ditch authorized by NWP 46, the maximum acreage loss of waters of the United States

for the commercial development under NWP 39 cannot exceed 1/2-acre, and the total acreage loss of waters of United States due to the NWP 39 and 46 activities cannot exceed 1 acre.

29. Transfer of Nationwide Permit Verifications. If the permittee sells the property associated with a nationwide permit verification, the permittee may transfer the nationwide permit verification to the new owner by submitting a letter to the appropriate Corps district office to validate the transfer. A copy of the nationwide permit verification must be attached to the letter, and the letter must contain the following statement and signature:

"When the structures or work authorized by this nationwide permit are still in existence at the time the property is transferred, the terms and conditions of this nationwide permit, including any special conditions, will continue to be binding on the new owner(s) of the property. To validate the transfer of this nationwide permit and the associated liabilities associated with compliance with its terms and conditions, have the transferee sign and date below."

_____

(Transferee)

_____

(Date)

30. Compliance Certification. Each permittee who receives an NWP verification letter from the Corps must provide a signed certification documenting completion of the authorized activity and implementation of any required compensatory mitigation. The success of any required permittee-responsible mitigation, including the achievement of ecological performance standards, will be addressed separately by the district engineer. The Corps will provide the permittee the certification document with the NWP verification letter. The certification document will include:

(a) A statement that the authorized activity was done in accordance with the NWP authorization, including any general, regional, or activity-specific conditions;

(b) A statement that the implementation of any required compensatory mitigation was completed in accordance with the permit conditions. If credits from a mitigation bank or in-lieu fee program are used to satisfy the compensatory mitigation requirements, the certification must include the documentation required by 33 CFR 332.3(l)(3) to confirm that the permittee secured the appropriate number and resource type of credits; and

(c) The signature of the permittee certifying the completion of the activity and mitigation.

The completed certification document must be submitted to the district engineer within 30 days of completion of the authorized activity or the implementation of any required compensatory mitigation, whichever occurs later.

31. Activities Affecting Structures or Works Built by the United States. If an NWP activity also requires review by, or permission from, the Corps pursuant to 33 U.S.C. 408 because it will alter or temporarily or permanently occupy or use a U.S. Army Corps of Engineers (USACE) federally authorized Civil Works project (a "USACE project"), the prospective permittee must submit a pre-construction notification. See paragraph (b)(10) of general condition 32. An activity that requires section 408 permission and/or review is not authorized by an NWP until the appropriate Corps office issues the section 408 permission or completes its review to alter, occupy, or use the USACE project, and the district engineer issues a written NWP verification.

32. Pre-Construction Notification.

(a) *Timing*. Where required by the terms of the NWP, the prospective permittee must notify the district engineer by submitting a pre-construction notification (PCN) as early as possible. The district engineer must determine if the PCN is complete within 30 calendar days of the date of receipt and, if the PCN is determined to be incomplete, notify the prospective permittee within that 30 day period to request the additional information necessary to make the PCN complete. The request must specify the information needed to make the PCN complete. As a general rule, district engineers will request additional information necessary to make the PCN complete only once. However, if the prospective permittee does not provide all of the requested information, then the district engineer will notify the prospective permittee that the PCN is still incomplete and the PCN review process will not commence until all of the requested information has been received by the district engineer. The prospective permittee shall not begin the activity until either:

(1) He or she is notified in writing by the district engineer that the activity may proceed under the NWP with any special conditions imposed by the district or division engineer; or

(2) 45 calendar days have passed from the district engineer's receipt of the complete PCN and the prospective permittee has not received written notice from the district or division engineer. However, if the permittee was required to notify the Corps pursuant to general condition 18 that listed species or critical habitat might be affected or are in the vicinity of the activity, or to notify the Corps pursuant to general condition 20 that the activity might have the potential to cause effects to historic properties, the permittee cannot begin the activity until receiving written notification from the Corps that there is "no effect" on listed species or "no potential to

cause effects" on historic properties, or that any consultation required under Section 7 of the Endangered Species Act (see 33 CFR 330.4(f)) and/or section 106 of the National Historic Preservation Act (see 33 CFR 330.4(g)) has been completed. If the proposed activity requires a written waiver to exceed specified limits of an NWP, the permittee may not begin the activity until the district engineer issues the waiver. If the district or division engineer notifies the permittee in writing that an individual permit is required within 45 calendar days of receipt of a complete PCN, the permittee cannot begin the activity until an individual permit has been obtained. Subsequently, the permittee's right to proceed under the NWP may be modified, suspended, or revoked only in accordance with the procedure set forth in 33 CFR 330.5(d)(2).

(b) *Contents of Pre-Construction Notification*: The PCN must be in writing and include the following information:

(1) Name, address and telephone numbers of the prospective permittee;

(2) Location of the proposed activity;

(3) Identify the specific NWP or NWP(s) the prospective permittee wants to use to authorize the proposed activity;

(4)

(i) A description of the proposed activity; the activity's purpose; direct and indirect adverse environmental effects the activity would cause, including the anticipated amount of loss of wetlands, other special aquatic sites, and other waters expected to result from the NWP activity, in acres, linear feet, or other appropriate unit of measure; a description of any proposed mitigation measures intended to reduce the adverse environmental effects caused by the proposed activity; and any other NWP(s), regional general permit(s), or individual permit(s) used or intended to be used to authorize any part of the proposed project or any related activity, including other separate and distant crossings for linear projects that require Department of the Army authorization but do not require pre-construction notification. The description of the proposed activity and any proposed mitigation measures should be sufficiently detailed to allow the district engineer to determine that the adverse environmental effects of the activity will be no more than minimal and to determine the need for compensatory mitigation or other mitigation measures.

(ii) For linear projects where one or more single and complete crossings require pre-construction notification, the PCN must include the quantity of anticipated losses of wetlands, other special aquatic sites, and other waters for each single and complete crossing of those wetlands, other special aquatic sites, and other waters (including those single and complete crossings authorized by an NWP but do not require PCNs). This information will be used by the district engineer to evaluate the cumulative adverse environmental effects of the proposed linear project, and does not change those non-PCN NWP activities into NWP PCNs.

(iii) Sketches should be provided when necessary to show that the activity complies with the terms of the NWP. (Sketches usually clarify the activity and when provided results in a quicker decision. Sketches should contain sufficient detail to provide an illustrative description of the proposed activity (e.g., a conceptual plan), but do not need to be detailed engineering plans);

(5) The PCN must include a delineation of wetlands, other special aquatic sites, and other waters, such as lakes and ponds, and perennial and intermittent streams, on the project site. Wetland delineations must be prepared in accordance with the current method required by the Corps. The permittee may ask the Corps to delineate the special aquatic sites and other waters on the project site, but there may be a delay if the Corps does the delineation, especially if the project site is large or contains many wetlands, other special aquatic sites, and other waters. Furthermore, the 45-day period will not start until the delineation has been submitted to or completed by the Corps, as appropriate;

(6) If the proposed activity will result in the loss of greater than 1/10-acre of wetlands or 3/100-acre of stream bed and a PCN is required, the prospective permittee must submit a statement describing how the mitigation requirement will be satisfied, or explaining why the adverse environmental effects are no more than minimal and why compensatory mitigation should not be required. As an alternative, the prospective permittee may submit a conceptual or detailed mitigation plan.

(7) For non-federal permittees, if any listed species (or species proposed for listing) or designated critical habitat (or critical habitat proposed for such designation) might be affected or is in the vicinity of the activity, or if the activity is located in designated critical habitat (or critical habitat proposed for such designation), the PCN must include the name(s) of those endangered or threatened species (or species proposed for listing) that might be affected by the proposed activity or utilize the designated critical habitat (or critical habitat proposed for such designation) that might be affected by the proposed activity. For NWP activities that require pre-construction notification, Federal permittees must provide documentation demonstrating compliance with the Endangered Species Act;

(8) For non-federal permittees, if the NWP activity might have the potential to cause effects to a historic property listed on, determined to be eligible for listing on, or potentially eligible for listing on, the National Register of Historic Places, the PCN must state which historic property might have the potential to be affected by the

proposed activity or include a vicinity map indicating the location of the historic property. For NWP activities that require pre-construction notification, Federal permittees must provide documentation demonstrating compliance with section 106 of the National Historic Preservation Act;

(9) For an activity that will occur in a component of the National Wild and Scenic River System, or in a river officially designated by Congress as a "study river" for possible inclusion in the system while the river is in an official study status, the PCN must identify the Wild and Scenic River or the "study river" (see general condition 16); and

(10) For an NWP activity that requires permission from, or review by, the Corps pursuant to 33 U.S.C. 408 because it will alter or temporarily or permanently occupy or use a U.S. Army Corps of Engineers federally authorized civil works project, the pre-construction notification must include a statement confirming that the project proponent has submitted a written request for section 408 permission from, or review by, the Corps office having jurisdiction over that USACE project.

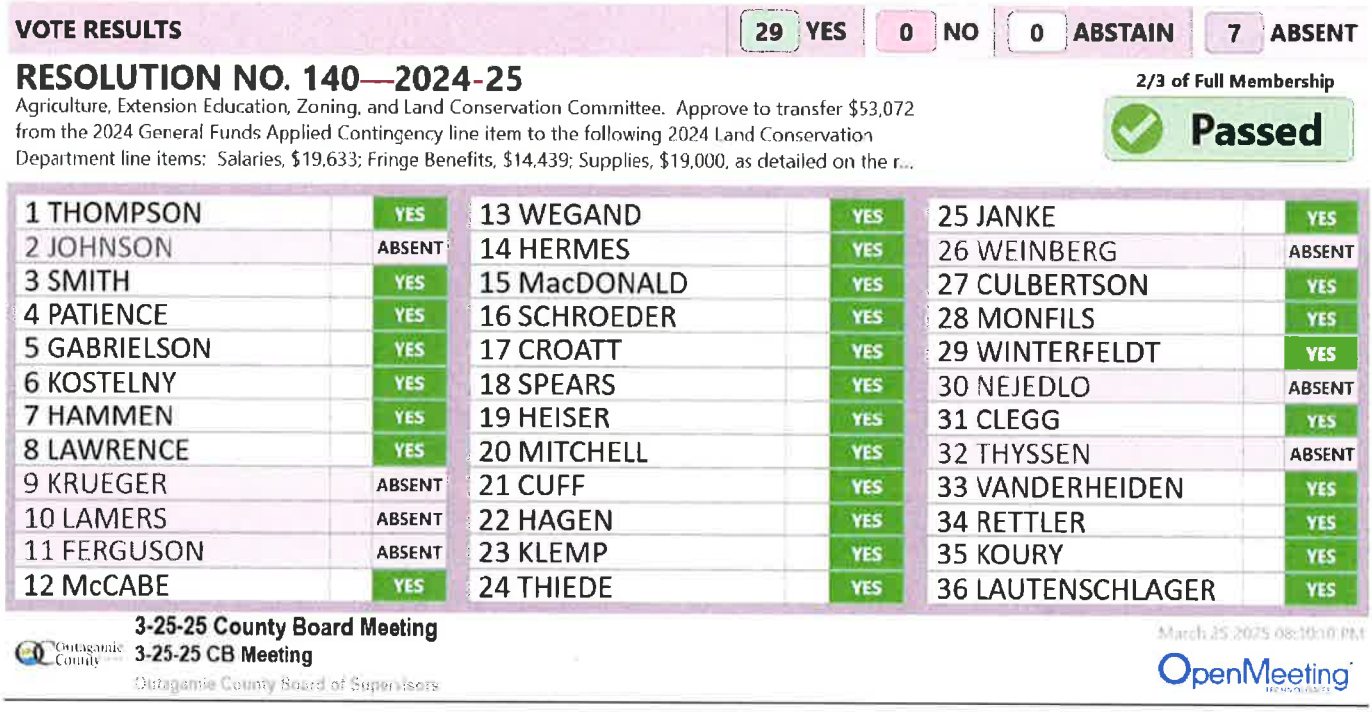
(c) *Form of Pre-Construction Notification*: The nationwide permit pre-construction notification form (Form ENG 6082) should be used for NWP PCNs. A letter containing the required information may also be used. Applicants may provide electronic files of PCNs and supporting materials if the district engineer has established tools and procedures for electronic submittals.

(d) *Agency Coordination*:

(1) The district engineer will consider any comments from Federal and state agencies concerning the proposed activity's compliance with the terms and conditions of the NWPs and the need for mitigation to reduce the activity's adverse environmental effects so that they are no more than minimal.

(2) Agency coordination is required for: (i) all NWP activities that require pre-construction notification and result in the loss of greater than 1/2-acre of waters of the United States; (ii) NWP 13 activities in excess of 500 linear feet, fills greater than one cubic yard per running foot, or involve discharges of dredged or fill material into special aquatic sites; and (iii) NWP 54 activities in excess of 500 linear feet, or that extend into the waterbody more than 30 feet from the mean low water line in tidal waters or the ordinary high water mark in the Great Lakes.

(3) When agency coordination is required, the district engineer will immediately provide (e.g., via e-mail, facsimile transmission, overnight mail, or other expeditious manner) a copy of the complete PCN to the appropriate Federal or state offices (FWS, state natural resource or water quality agency, EPA, and, if appropriate, the NMFS). With the exception of NWP 37, these agencies will have 10 calendar days from the date the material is transmitted to notify the district engineer via telephone, facsimile transmission, or e-mail that they intend to provide substantive, site-specific comments. The comments must explain why the agency believes the adverse environmental effects will be more than minimal. If so contacted by an agency, the district engineer will wait an additional 15 calendar days before making a decision on the pre-construction notification. The district engineer will fully consider agency comments received within the specified time frame concerning the proposed activity's compliance with the terms and conditions of the NWPs, including the need for mitigation to ensure that the net adverse environmental effects of the proposed activity are no more than minimal. The district engineer will provide no response to the resource agency, except as provided below. The district engineer will indicate in the administrative record associated with each pre-construction notification that the resource agencies' concerns were considered. For NWP 37, the emergency watershed protection and rehabilitation activity may proceed immediately in cases where there is an unacceptable hazard to life or a significant loss of property or economic hardship will occur. The district engineer will consider any comments received to decide whether the NWP 37 authorization should be modified, suspended, or revoked in accordance with the procedures at 33 CFR 330.5.



(4) In cases of where the prospective permittee is not a Federal agency, the district engineer will provide a response to NMFS within 30 calendar days of receipt of any Essential Fish Habitat conservation recommendations, as required by section 305(b)(4)(B) of the Magnuson-Stevens Fishery Conservation and Management Act.

(5) Applicants are encouraged to provide the Corps with either electronic files or multiple copies of pre-construction notifications to expedite agency coordination.

RESOLUTION NO.: 140—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Land Conservation Department (LCD) is requesting to transfer $53,072 from the 2024 General Funds Applied Contingency budget to the following LCD line items:

- Increase Salaries by $19,633 due to Total Rewards Study.
- Increase Fringe Benefits by $14,439 due to staff electing health insurance benefits after the 2024 budget was finalized. Departments are held harmless for health insurance expenses. The increase in fringe benefits was included in the 2025 adopted budget.
- Increase Supplies by $19,000 due to prepaid expenses for tree sales from 2022 and 2023 were not moved to the Land Conservation cost center until 2024, which caused a deficit.

NOW THEREFORE, the undersigned members of the Agriculture, Extension Education, Zoning, and Land Conservation Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve of transferring $53,072 from the 2024 General Funds Applied Contingency line item to the following line items in the 2024 Land Conservation Department Cost Center: Salaries, $19,633; Fringe Benefits, $14,439; Supplies, $19,000 as noted on the attached fiscal note which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Land Conservation Department Director and the Outagamie County Finance Director.

Dated this 25th day of March 2025

Respectfully Submitted,

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Contingency Request for Land Conservation for 2024 budget

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

1.) Salaries – overage of $19,633 due to total rewards study
2.) Fringe - over $14,439 as a couple of employees elected full time insurance benefits after the 2024 budget was finalized and the department was unable to absorb the cost in the 2024 budget and is requesting a transfer from contingency to cover the cost. Departments are to be held harmless in these instances. The increase in fringe benefits were incorporated into the 2025 adopted budget.
3.) Trees Sales - the prepaid expenses for tree sales from 2022 and 2023 were not moved to the land conservation cost center until 2024 causing a deficit of $19,000.

Due to the extra expense, the department will not have enough to cover this and is requesting to contingency to cover the shortfall for 2024 of $53,072.

Current Year Budget Impact (Check one or more of the following boxes)

[ ] Revenues [X] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no (X) n/a ( )

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (X) no ( ) 2024 Budget

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

OpenMeeting

RESOLUTION NO.: 141—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Parks Department is requesting approval for an in-year Table of Organization modification to change three (3) part-time Parks Maintenance Technician positions to three (3) full-time Parks Maintenance Technician positions.

The three (3) part-time Parks Maintenance Technician positions have been 20-hour per week positions. However, part-time staff has expressed that part-time work is not affordable and the only reason legacy staff was filling the role is for a full-time opportunity. During a recent full-time staff hiring process, it became clear through the interview process that the department did not prepare legacy staff for the opportunity. The current full-time staff and part-time staff have little to no interaction due to the second shift nature of these positions and little overlap, so training and growth are extremely difficult to achieve. By making the three (3) Parks Maintenance Technician positions full-time, second shift positions, the department can increase employee retention, reduce the need to hire and train new employees, and provide growth opportunities to staff.

The Parks Department has reviewed the 2025 budget and is projecting an increase in rental revenues from The Hillside and increased programming at Mosquito Hill Nature Center (MHNC) of approximately $76,000. The increase in positions will be $88,295, which requires a request from the contingency fund of $12,295 to fund the difference. The request is to increase revenue, salaries and fringes, and transfer funds from the contingency fund.

NOW THEREFORE, the undersigned members of the Legislative/Audit and Human Resources Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve an in-year Table of Organization modification to change three (3) part-time Parks Maintenance Technician positions to three (3) full-time Parks Maintenance Technician positions effective March 10, 2025 in the Parks Department as noted on the attached Position Classification / Grade Change Form – 2025 In Year, Job Description, and Table of Organization, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does approve of increasing the Plamann Park Fees, Fines & Costs line item by $46,000; increasing the MHNC Fees, Fines & Costs line item by $30,000; increasing the Plamann Park Salaries line item by $41,961;

increasing the MHNC salaries line item by $27,396; increasing the Plamann Park Fringe line item by $11,457; increasing the MHNC Fringe line item by $7,481; decreasing the Contingency Purchased Services line item by $12,295 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Human Resources Director, the Outagamie County Finance Director, and the Outagamie County Parks Director.

Request Details

Effective Date of Requested Change:	3/10/2025
Department:	Parks
Department Head:	Justin Schumacher
Cost Center Number:	
Position Title:	Parks Maintenance Technician PT
Current Classification: Exempt (Salaried) or Non-Exempt (Hourly):	Non-Exempt
Proposed Classification: Exempt (Salaried) or Non-Exempt (Hourly):	Non-Exempt
Current Pay Grade of Position:	120
Proposed Pay Grade of Position:	
New Step(s) in New Grade:	
Number of Employees: *(if more than 1, complete the "Multiples" worksheet)*	3

Reclass Justification

Briefly summarize why this Classification Change is needed, as well as areas of revenue and savings.

This postion has historically been a part time,20 hour per week position. Part time staff has expressed for the last year that part time work is not affordable and the only reason that legacy staff was filling the role is for a full time opportunity. We recently hired the full time opportunity, and it became clear through the interview process that we had failed to prepare legacy staff for this opportunity. They have little to no interaction with full time staff due to the second shift nature of the position and little overlap, so training and growth are extremely difficult to achieve. By making these a full time, second shift position, we can increase employee retention, reduce the need to hire and train new employees, and provide growth opportunities to staff. The talent pool when hiring the part time position was exponentially smaller, less skilled, and less equiped than the talent pool that applied for the same position, full time.

Position Purpose

Under the general supervision of the Parks Director, the Parks Maintenance Technician performs a variety of tasks throughout the Outagamie County Parks System assisting in the daily maintenance of the grounds, facilities, and equipment. Provides assistance to users of the facilities.

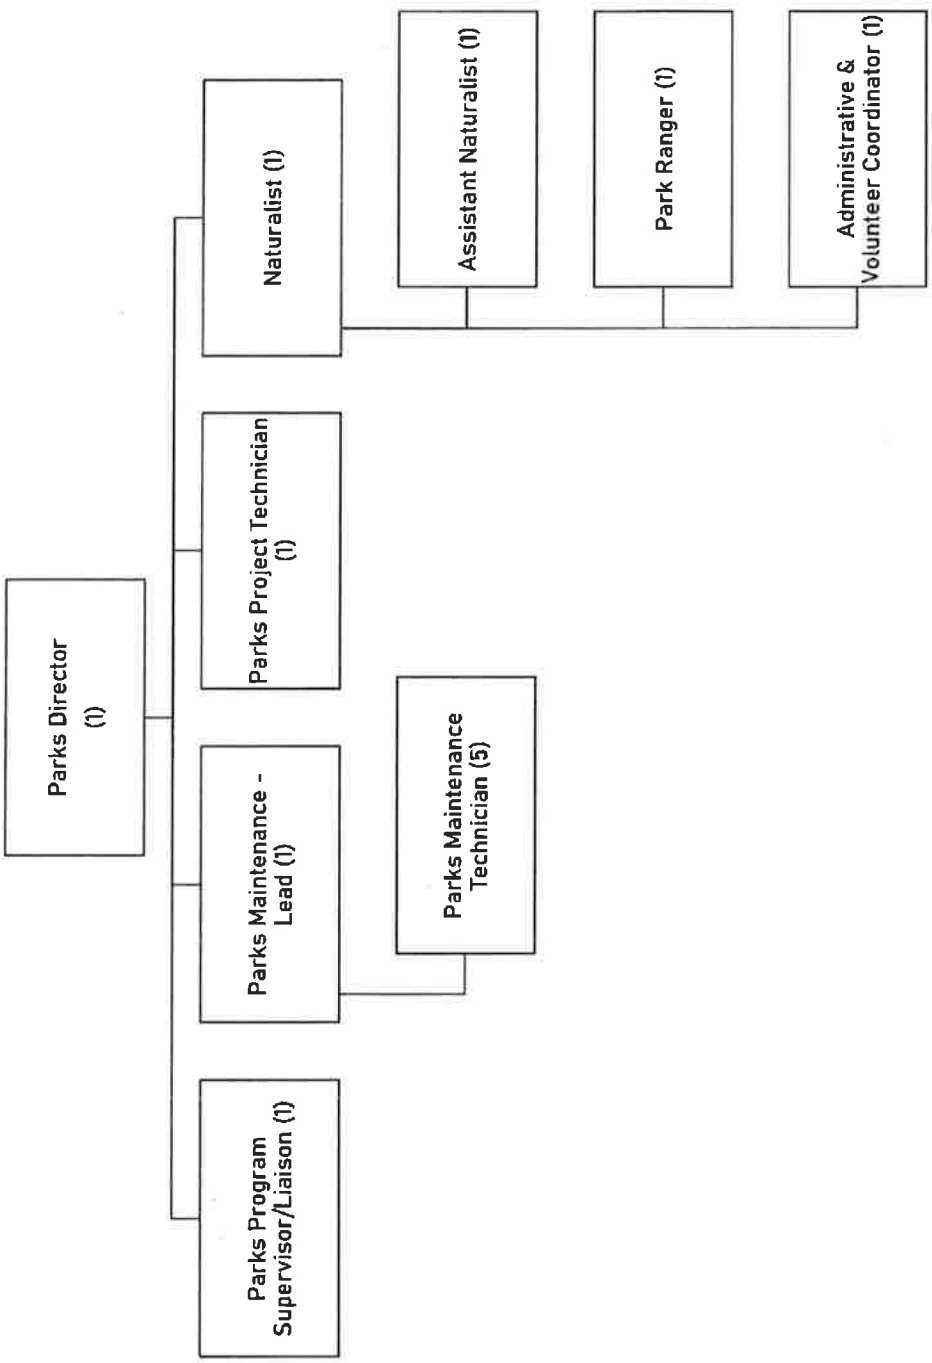
Key Responsibilities

The following duties are normal responsibilities of this position. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

- Cuts grass, trims trees and shrubs, and performs other horticultural tasks. Performs landscaping duties including, planting, removal of trees and shrubs and laying sod.
- Monitors Park System, examining and fixing any doors, windows, fencing and gates to ensure they are secure. Enforce park rules and ordinances as necessary.
- Builds and paints picnic tables and benches. Repairs or replaces signs as directed. Paints facilities, equipment and buildings as needed.
- Facilitates shelter reservations at Plamann Park on both weeknights and weekends. Issues equipment rentals and alcohol permits as well as cleaning building, shelters and restrooms after use.

- Provides exemplary customer service and actively participates in maintaining a positive customer service environment.
- Assists with the Children's Farm: feeding, cleaning, periodically checking the animals and locking the farm at close.
- Aids in the installation and maintenance of fencing, drain tile, culverts, playground equipment, park benches, picnic tables and other park equipment.
- Keeps park road, walkways, office entrance and parking areas free from snow and ice.
- Prepares buildings for seasonal use, checks and performs minor maintenance on plumbing and electrical as well as equipment repairs or general maintenance of equipment.
- Maintains and cleans buildings, restrooms, grounds and assists in the upkeep of all recreation fields as requested or assigned.
- Performs preventative maintenance, troubleshoots and makes repairs on motorized equipment, machinery, buildings HVAC systems and other park facilities.
- Installs, constructs and maintains signs, piers, docks, and small bridges as well as assists in their removal in non-use seasons.
- Implements Department and County goals, objectives, and policies; maintains performance standards.
- Retains regular and predictable attendance, works overtime extra hours as required. Prepares and completes reports as required.

Education/Certifications/Experience Requirements



- Functioning knowledge of cleaning, maintenance methods, use of cleaning supplies, equipment, and proper use of a variety of hand tools.
- Basic understanding of carpentry, painting, plumbing, HVAC, and electricity.
- Operate equipment such as a tractor, multiple ATV/UTV's, skid steer, large mowers, trucks and plows and assist with their maintenance and repairs.
- High School diploma or its equivalent required plus related landscaping and or horticultural experience preferred.
- Possession of a valid Wisconsin Driver's License.

Required or Preferred Skills

- Ability to lift items of 50 lbs. or more several times per shift.
- Ability to perform work from a standing, walking, or sitting position throughout the bulk of the shift.

- Ability to perform heavy manual labor for short periods of time under extreme temperatures.
- Maintain effective working relationships with fellow employees with the ability to work with and communicate effectively with the public in a courteous and helpful manner in order to provide excellent customer service
- Basic problem-solving skills and the ability to follow instructions and protocols.
- Work effectively under limited supervision throughout the bulk of a shift. Work weekends and late afternoons through mid-evenings on a regular basis.
- Ability to perform duties which require occasional reaching, swimming and climbing.
- This role requires spending the majority of work hours outdoors in diverse weather conditions and involves physical labor. Safety equipment and weather-appropriate gear will be provided as needed.
- Physical stamina to perform tasks such as walking, lifting, bending, and operating tools or equipment.

Outagamie County is an Equal Opportunity Employer. In compliance with the Americans with Disabilities Act, the County will provide reasonable accommodations to qualified individuals with disabilities and encourages both prospective employees and incumbents to discuss potential accommodations with the employer.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** In year request to create full time positions and eliminate part time positions in Parks Department and request contingency funding

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Parks Maintenance position has historically been a part time 20 hour per week position. Part time staff has expressed for the last year that part time work in not affordable and the only reason that the legacy staff was filling the role is for a full time opportunity. We recently hired the full time opportunity, and it became clear through the interview process that we had failed to prepare legacy staff for this opportunity. They have little to no interaction with the full time staff due to the second shift nature of the positions and little overlap, so training and growth are extremely difficult to achieve. By making these a full time, second shift position, we can increase employee retention, reduce the need to hire and train new employees, and provide growth opportunities to staff. The talent pool when hiring the part time position was exponentially smaller, less skilled, and less equipped than the talent pool that applied for the full time position.

The Department has reviewed the budget for 2025 and is projecting increased revenues from bookings at The Hillside and increased programming at Mosquito Hill Nature Center (MHNC) of approximately $76,000. The increase in positions will be $88,295, which would require a request from contingency of $12,295 to fund the difference. The request is to increase revenue, salaries and fringes for the cost centers as follows:

	Plamann 10062000		Mosquito Hill Nature Center 1006900
Revenue	46,000		30,000
Salaries	41,961		27,396
Fringes	11,457		7,481

The balance of $12,295 ($7,438 and $4,857) is requested from contingency.

RESOLUTION NO.: 142—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Appleton International Airport and Air Wisconsin Airlines, LLC desire to incorporate a Third Addendum for the Terminal Lease Agreement. This addendum provides for one (1) two (2) year extension through March 31, 2027. In addition, Air Wisconsin desires to reduce the square footage of the second floor lease from 33,973 square feet to 21,234 square feet of exclusive use and 3,530 square feet of common use space. The new monthly rent will be decreased from $48,930.92 to $38,430.58 for the period April 1, 2025 through March 31, 2027. In the event Air Wisconsin occupies the space following expiration of the above extension, it shall be on a month-to-month basis with the lease rate adjusted at the discretion of the Airport. A budget adjustment is required in order to decrease the revenue that has already been included in the 2025 budget.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does approve the Third Addendum to Lease Agreement between the Appleton International Airport and Air Wisconsin Airlines LLC in order to provide for one (1) two (2) year extension through March 31, 2027 and reduce the square footage of the second floor lease to 21,234 square feet of exclusive use and 3,530 square feet of common use space. Additionally, the new monthly rent will be decreased for the period April 1, 2025 through March 31, 2027, said rent to be $38,430.58 as noted on the attached Third Addendum to Lease Agreement, which by reference is made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of decreasing the Airport Terminal Second Floor Lease line item by $103,421 and increasing the Airport Terminal Fund Balance Applied line item by $103,421 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Appleton International Airport Director.

THIRD ADDENDUM TO LEASE AGREEMENT

THIS THIRD ADDENDUM is entered into this 1st day of April, 2025, between Outagamie County ("County") and Air Wisconsin Airlines LLC, a Delaware limited liability company ("Company").

WHEREAS, the parties have entered into a Lease Agreement on February 26, 2002 (hereinafter the "Lease"), providing for the lease from County by Company, of land and facilities situated in the State of Wisconsin, County of Outagamie, Town of Greenville, located at the Appleton International Airport; and

WHEREAS, the parties have previously amended the Lease by Addendum One (1) dated January 17, 2020; and

WHEREAS, the parties have previously amended the Lease by Addendum Two (2) November 14, 2024; and

WHEREAS, the Company and County desires to extend the term of the agreement; and

WHEREAS, the parties desire to amend the Agreement by this Third Addendum; and

NOW, THEREFORE, in consideration of the mutual benefits, covenants and obligations of the parties contained in the Lease, County and Company agree to amend the lease as follows:

1. **TERM** Section 2.1 shall be amended to provide for one (1), two (2) year extension. In the event the Lessee occupies the space following the expiration of the extension as called for in this Addendum, Lessee may occupy the space on a month-to-month basis with the lease rate adjusted at the discretion of the Lessor.

2. **PREMISES** Section 1.1.2 shall be deleted in its entirety and replaced as follows:

   1.1.2 21,234 square feet of exclusive second floor space and 3,530 square feet of common use space, the location of which is more particularly depicted and/or described on Exhibit B.2 attached hereto and made a part hereof: and

3. **PREMISES** Section 1.1.4 shall be deleted in its entirety and replaced with:

   1.1.4 The Premises shall be comprised of a total of 32,759 square feet of exclusive use space and 3,530 square feet of common use space. The Premises shall be provided to Lessee on an "as is where is" basis and, to the extent the Lessee desires to alter or improve the Premises, Lessee shall be responsible for all such modifications and improvements of the Premises through the Term of this Agreement.

4. **RENTAL AND OTHER PAYMENTS** Section 3.1.2 shall be amended to add: Commencing on April 1, 2025 and continuing through March 31, 2027, such rental shall be $38,430.58 per month, for an aggregate annual amount of rental of $461,167 ($13.00 per square foot for exclusive use and $10.00 per square foot for the common use portion of the Premises).

5. **RENTAL AND OTHER PAYMENTS** Section 3.1.4 shall be amended to read: Commencing on January 1, 2026 Lessee shall pay to Lessor for ninety (90) parking permits during the Term of this Agreement in the amount of $11,250.

6. **EXHIBITS** Exhibit B.1 shall be replaced in its entirety with the attached revised B.2.

7. Except as amended, herein, the terms and conditions of the Lease, as previously amended by addendums one through eight shall, in all other respects remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the parties have hereunto set their hands and seals this_____day of_____, 2025.

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1674), Controller (1675) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** 3rd Addendum to Air Wisconsin Lease Agreement

2. Description: This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

The Appleton International Airport and Air Wisconsin Airlines, LLC desire to incorporate a 3rd addendum for the Terminal Lease Agreement. This addendum provides for one (1) two (2) year extension through March 31, 2027. In addition, Air Wisconsin desires to reduce the square footage of the second floor lease 33,973 square feet to 21,234 square feet of exclusive use and 3,530 square feet of common use space. The new monthly rent will be decreased for the period April 1, 2025 through March 31, 2027 to be $38,430.58 (from $48,930.92). In the event Air Wisconsin occupies the space following expiration of the above extension, it shall be on a month to month basis with the lease rate adjusted at the discretion of the Airport. A budget adjustment is required to decrease the revenue already included in the 2025 budget.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [ ] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes (X) no ( ) partially ( ) n/a ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (X)

5. Is the proposal to accept additional revenues only? yes ( ) no (X)

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (X) no ( ) To be determined

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

OpenMeeting

RESOLUTION NO.: 143—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

The Outagamie County Sheriff's Office is requesting approval to accept and expend an unsolicited donation from Milk Source LLC in the amount of $1,000. Funds will be used to purchase an AED (Automated External Defibrillator) for the Communications Center. The Sheriff's Office will use already budgeted funds to cover the excess cost of the unit. There is no county match required.

NOW THEREFORE, the undersigned members of the Public Safety Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the Outagamie County Sheriff's Office to accept and expend an unsolicited donation from Milk Source LLC in the amount of $1,000, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Communications Revenue line item and the Communications Supplies line item by $1,000 each as detailed on the attached fiscal note, which is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Sheriff and the Outagamie County Finance Director.

Dated this 25th day of March 2025

Respectfully submitted,

PUBLIC SAFETY COMMITTEE

Outagamie County Board of Supervisors

March 25 2025 08:41:55 PM

OpenMeeting

RESOLUTION NO.: 144—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

It is necessary that various accounts of Outagamie County be closed as of December 31, 2024, except special funds, commonly known as Revolving Funds, which are in the best interest of Outagamie County to remain intact. The budget adjustments will be made to the 2025 budget. These Revolving Funds cover all county funds except County Roads and Bridges, which will be brought forward with a separate resolution.

NOW THEREFORE, the undersigned members of the Finance Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of all excess or deficiency of revenues over/under expenditures and unexpended appropriations of the various accounts reverting back to the County's General Fund or from the General Fund as indicated in the attached fiscal note and Summary of 2024-2025 Revolving Funds document, with the exception of those expenses, revenues or transfers as detailed in the attachments, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, unless detailed otherwise on the attachments, that should any closed projects have excess funding (except those with highway project funding that will be applied in the following year's budget), those funds will be returned to the General Fund, or if legally required, to the Debt Service fund, and

BE IT STILL FURTHER RESOLVED, that all of the following accounts shall not lapse to the County's General Fund: all Special Revenues, except Health and Human Services; all Debt Service Funds; all Capital Project Funds; all Enterprise Funds, except for Brewster Village; and all Internal Service Funds, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director.

Dated this 25th day of March 2025

See attached for details of rollovers by category and fund.

Please note the above summary and detailed attachments currently do not include most of the revolving funds for the Highway or County Road and Bridge Fund. Due to employee turnover, the revolving funds for the Highway have not yet been completed. Administration will bring forward the Highway's revolving funds in a separate resolution when they are completed. We felt it necessary to bring all other funds forward at this time so these departments could start working on these projects and incur these expenditures as soon as the resolution is passed.

3-25-25 County Board Meeting

3-25-25 CB Meeting

Outagamie County Board of Supervisors

March 25 2025 02:43:03 PM

OpenMeeting

RESOLUTION NO.: 145—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***2/3 MAJORITY – 24 VOTES***

As part of the I-41 reconstruction project, the Wisconsin Department of Transportation (WisDOT) is exercising eminent domain for new right of way acquisition and a Temporary Limited Easement (TLE) from Outagamie County on the northern portion of county owned property located at 1460 West Hiawatha Drive, Town of Grand Chute, Wisconsin.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors does authorize execution of a Warranty Deed to the Wisconsin Department of Transportation for a total allocation of $1,800 for county owned property located at 1460 West Hiawatha Drive, Town of Grand Chute, Wisconsin, better described as Parcel 87 of Transportation Project Plat 1130-63-21 – 4.09, recorded as Document #2314098 consisting of Fee Simple, Temporary Limited Easement, as noted in the attached Warranty Deed, Legal Description, and State of Wisconsin DOT Transportation Project Plat Title Sheets, which by reference are made a part hereof, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve of increasing the Miscellaneous Sale of Property line item by $1,800 as noted on the attached fiscal note, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Outagamie County Finance Director and the Outagamie County Development and Land Services Director.

Dated this 25th day of March 2025

Respectfully Submitted,
PROPERTY, AIRPORT, RECREATION &
ECONOMIC DEVELOPMENT COMMITTEE

Outagamie County
Kelly Gerrits, County Clerk
320 South Walnut Street
Appleton, WI 54911

RE: Parcel No.: 87
Parcel Address: 1460 West Hiawatha Drive
Appleton, WI 54914
Project ID: 1130-63-21, IH-41, Outagamie & Brown Counties
Appleton – De Pere (STH 96 – CTH F)

Dear Kelly Gerrits:

The Wisconsin Department of Transportation (WisDOT) is planning a roadway improvement project on IH-41 located in both Outagamie and Brown Counties which includes new right of way acquisition in multiple areas. MSA Professional Services has been hired to act as an agent for WisDOT to acquire the needed right of way for the improvement project. I will be your point of contact and will work closely with you through the real estate acquisition process. In compliance with Wisconsin statutes and federal regulations, you are receiving this letter to initiate negotiations for the acquisition of your property and/or property interests needed for the above referenced improvement project.

Enclosed are the following documents:

- Appraisal Report
- The Rights of Landowners Under Wisconsin Eminent Domain Law
- Appraisal Guidelines and Agreement
- Transportation Project Plat with Names of 10 Other Neighboring Landowners Affected by the Project, if Applicable
- Warranty Deed with Legal Description of the Land and/or Interest(s) Needed for the Project
- Statement to Construction Engineer
- New Supplier Form (DOA-6460)
- Internal Revenue Service Form W-9 Request for Taxpayer Identification

WisDOT's approved estimate of just compensation is $1,800.00 and is based on the enclosed appraisal report. This amount does not consider any decrease or increase in the market value of the property caused by the anticipation of the project. The allocation of this amount is as follows:

Allocation	Description	Size	Unit	Per Unit	Value ($)
Land	FEE	826.00	Sq. Ft.	$0.70	$578.00
Temporary Limited Easement (TLE)	Temporary Limited Easement	3,229.00	Sq. Ft.	$0.36	$1,173.00
Rounding	Appraiser Rounding				$49.00

Total Allocation $1,800.00*

**General taxes shall be prorated at the time of closing based on the net general taxes for the preceding year.*

If you agree with the value stated in the appraisal report and wish to enter into an agreement with WisDOT, please sign the following documents and return them to me in a timely manner for final review and approval. A self-addressed (MSA), postage-paid envelope is enclosed for your convenience.

A. **Warranty Deed**: All landowners whose names are listed or assigned to this parcel **must** sign and date this document. Each signature must be notarized **in the presence of a Notary Public**.

B. **Statement to Construction Engineer**: This form requires the signature of only **one** landowner and is used to inform the construction engineer of any special commitments, if any, that were agreed to by you and WisDOT for construction purposes.

C. **New Supplier Form (DOA-6460)**: This form is to be **completed in full** for payment processing. Section 3 (Payment Direct Deposit/ACH Information) presents two options. You may receive payment by "Direct Deposit" to a checking or savings account **or** opt out of "Direct Deposit" and receive payment by mail. Should you choose "Direct Deposit" you must accompany this form with a current, voided check or include a bank letter on bank letterhead signed by a bank representative. (See enclosed instructions.)

D. **Form W-9**: This form is required by the IRS for any transaction valued at $600.00 or more. If more than one landowner, unless husband and wife at the time of the conveyance, each should submit a W-9. If exempt, please provide an exemption form. (See enclosed instructions.)

Also, our records indicate you have utility interests and/or rights on your property; known as Wisconsin Electric Power Company, d/b/a We Energies; Wisconsin Bell, LLC, d/b/a AT&T Wisconsin, Spectrum Mid-America, LLC, d/b/a Spectrum, and Town of Grand Chute Sanitary District #3. In order to clear these interests and/or rights a Quit Claim Deed will need to be signed from them releasing their interests and/or rights on the property as it relates to the area needed for the highway improvement project referenced above. Please see enclosed copies of the Quit Claim Deeds for your reference.

If you are not satisfied with the above-stated conclusions of value for your property, you are eligible to obtain an additional appraisal from a qualified appraiser of your choice. If you elect to have an appraisal report prepared, you must take certain steps to qualify for reimbursement.

Your eligibility for appraisal cost reimbursement will expire 60 days from your receipt of the agency's appraisal, which is estimated to be on **April 22, 2025**. Receipt of the agency's appraisal is considered to have been accomplished either upon the date of personal delivery or date of postmark. See the enclosed Appraisal Guidelines and Agreement document for further explanation. If your appraisal report is submitted after the 60-day statutory date, the agency may consider it for negotiation purposes; however, it will not be eligible for reimbursement.

It is important to us that you are satisfied that your property and your rights have been fully considered. We will provide any additional information requested, if available, or further discuss any other concerns you may have. Should you have any questions or concerns, please feel free to contact me at the phone number or email addressed below.

Sincerely,

MSA Professional Services

OUTAGAMIE COUNTY FISCAL NOTE

INTRODUCTION: This form must be attached to any resolution or ordinance which contains a spending or revenue proposal. The form should be completed by an individual within the department initiating the resolution or ordinance with assistance from the Financial Services Department. Contact the Finance Director (1675), Controller (1674) or Staff Accountant (1681) for assistance. Once completed, forward a copy of the form to the Financial Services Department for their review. Financial Services will forward a reviewed copy of the fiscal note to Legislative Services.

1. **Subject:** Land Sale – Parcel 102232700

2. **Description:** This section must be completed for all fiscal notes. Briefly and concisely describe the request. State assumptions used and discuss any current year and long-term fiscal impacts. (A separate attachment can be used)

As part of the I-41 reconstruction project, WisDOT is exercising eminent domain to obtain fee simple land and a Temporary Limited Easement (TLE) from Outagamie County on the northern portion of this property.

Current Year Budget Impact (Check one or more of the following boxes)

[X] Revenues [ ] Expenses (Cost) [ ] None

3. Is the specific cost or revenue included in the current year's budget? yes ( ) no (X) partially ( )

4. If the proposal requests additional spending, can the additional cost be absorbed within the current year's line item? yes ( ) no ( ) n/a (X)

5. Is the proposal to accept additional revenues only? yes (X) no ( )

6. Does this request modify/adjust the current year budget? If no, skip to question 8 below. yes (X) no ( )

7. Detail current year budget changes. Please list cost center name, line item, account number and either the increase or decrease amount. (Please note that all budget adjustments must balance. For example, an increase in an expenditure account must be offset by a decrease in another expenditure account or the contingency fund or an increase in a revenue account or other funding sources such as fund balance applied.)

RESOLUTION NO.: 146—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

As part of the terminal expansion project at the Appleton International Airport, a "Class B" permit is required pursuant to §125.51(5)(b)2, Wis. Stats., which requires a resolution to be adopted by the County Board as owner of the Appleton International Airport. This resolution approves an application for Airport/Public Facility Permit for SSP America ATW, LLC known as ATW Biergarten.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors, pursuant to §125.51(5)(b)2, Wis. Stats., as owner and operator of the Appleton International Airport, does support granting a "Class B" permit to SSP America ATW, LLC known as ATW Biergarten to allow for the sale of intoxicating liquor for consumption by the glass and not in the original package or container on the premises, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the County Board Chairperson and County Clerk to sign the attached AT-105: Application for Airport/Public Facility Permit, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Appleton International Airport Director.

RESOLUTION NO.: 147—2024-25

TO THE HONORABLE, THE OUTAGAMIE COUNTY BOARD OF SUPERVISORS

LADIES AND GENTLEMEN: ***MAJORITY***

As part of the terminal expansion project at the Appleton International Airport, a "Class B" permit is required pursuant to §125.51(5)(b)2, Wis. Stats., which requires a resolution to be adopted by the County Board as owner of the Appleton International Airport. This resolution approves an application for Airport/Public Facility Permit for SSP America ATW, LLC known as Fratellos Craft Kitchen & Bar.

NOW THEREFORE, the undersigned members of the Property, Airport, Recreation and Economic Development Committee recommend adoption of the following resolution.

BE IT RESOLVED, that the Outagamie County Board of Supervisors, pursuant to §125.51(5)(b)2, Wis. Stats., as owner and operator of the Appleton International Airport, does support granting a "Class B" permit to SSP America ATW, LLC known as Fratellos Craft Kitchen & Bar to allow for the sale of intoxicating liquor for consumption by the glass and not in the original package or container on the premises, and

BE IT FURTHER RESOLVED, that the Outagamie County Board of Supervisors does authorize and approve the County Board Chairperson and County Clerk to sign the attached AT-105: Application for Airport/Public Facility Permit, which by reference is made a part hereof, and

BE IT FINALLY RESOLVED, that the Outagamie County Clerk be directed to forward a copy of this resolution to the Appleton International Airport Director.

Dated this 25th day of March 2025

Respectfully Submitted,
PROPERTY, AIRPORT, RECREATION &
ECONOMIC DEVELOPMENT COMMITTEE

Dean Culbertson

Lee W. Hammen

Ronald Klemp
