Public participation/comments – Marshal Noeller, W3983 Krueger Road, wants to connect into an existing tile line. He was informed he needs to provide a contractor design as to here the tile is being placed and the size of the tile.

**Land Conservation Department Report -**

Annual inspections – some of the portions not completed LCD will be doing drone fly overs to see how it works and see if it would work for next year. Flights would be done earlier in the year before tree budding. Sage Tanck presented a proposed design of the Fox Project – Approximately \$150,000 is available in GLRI grant funding with a focus on phosphorus and sediment reduction; \$100/lineal foot. Large trees will be retained and repurposed for root wad or in-stream habitat structures to aid in bank stabilization. An on-site meeting will be held on August 20, 8:00 a.m. to review the project with the property owners, LCD staff and Board members.
