Maint_Point

The map displays the Center Valley Drainage District, which is a green-shaded area. It is bordered by Hampler Rd to the west, Krueger Rd to the north, and CTY TK S to the south. To the east, it is adjacent to Duck Creek Northwest (pink) and Duck Creek Southwest (pink). The map shows several legal drains (blue dashed lines) and maintenance points (marked with 'X').

Maintenance Points and Distances:

- Point 1:** Located on Ditch 2, 150 ft from the start of the drain.
- Point 2:** Located on Ditch 2, 409 ft from the start of the drain.
- Point 3:** Located on Lateral 1, 612 ft from the start of the drain.
- Point 4:** Located on the main ditch, 78 ft from the end of the drain.

Other Features:

- Center Valley Rd:** A road running horizontally across the middle of the district.
- Harmattan Rd:** A road running horizontally across the bottom of the district.
- Mistral La:** A small area labeled near the bottom right.
- CTY TKA:** A vertical line running through the center of the district.
- CTY TK S:** A vertical line running along the western boundary.
- HY 47:** A road running diagonally from the top right towards the center.
- OUTLET INTO WOODED AREA:** A point marked with an 'X' on the main ditch.
- MAIN DITCH:** The primary drainage line running vertically through the center.
- LATERAL 1:** A smaller drainage line branching off the main ditch.
- DITCH 2:** A smaller drainage line branching off the main ditch.
