

**PETITION TO ANNEX BENEFITED LANDS INTO  
THE FREEDOM DRAINAGE DISTRICT**

Per Wisconsin State Statute, **Chapter 88.78 (1) Annexation of benefited lands**, "Whenever any lands outside a drainage district are in fact receiving the benefits of any drain of such district but such fact was not evident or was inadvertently overlooked at the time of organization of the district, such benefited lands may be annexed."

As a land owner within the Freedom Drainage District, I request to have benefited lands annexed to the Freedom Drainage District and the property owners be assessed benefits and assess for costs as other land currently in the district.

The benefited lands are described by the attached list of land owners including parcel numbers, mailing addresses, deed acres, GIS acres and acres within the current watershed.

The benefits to annexing the listed parcels will alleviate the blockage and back flow of water currently affecting the flow of water in the legal drain adjoining this area.
